

WE'RE DIFFERENT—HERE'S HOW WE STAND OUT

No breed exclusions - we cover every breed, even hereditary conditions, known to be common amongst specific breeds.*

Know what's covered from the start - insurers call this "underwriting up front". We look at your pet's health records and tell you if anything is not covered when you purchase, so there are no surprises later on.

Don't worry about age - no pet is too old for coverage (although it's a great idea to start early, when there are likely fewer pre-existing health conditions to worry about). And, premiums don't increase due to the age of your pet or the number of claims submitted, although they may increase due to inflation.

Surgeries, diagnostic tests, medications, hospital stays, examination fees and taxes are covered up to the annual policy limit selected, and there is only one annual deductible. Also, there is no need to worry about per-condition or per-incident limits.

We are a Canadian company with our head office, call centre and licensed Advocates located in Canada.

Alternative therapies such as hydrotherapy, homeopathy, chiropractic care and other treatments are included in our plan without having to purchase additional coverage.*

All Pets Plus Us coverage comes with our 4Life Guarantee®. That means that once you've enrolled for coverage, your benefits are automatically guaranteed to renew each year for your pet's entire lifetime.

HEADSTART TRIAL PROGRAM

Exclusive pet insurance partner of the CKC

Track each puppy's complimentary pet insurance inside.

HERE'S WHY

Introducing new owners to pet insurance will help ensure your puppies receive the best care now and in the future.

Meet Karl - a Rottweiler.

Karl's breeder enrolled him into the 6-week HeadStart Trial providing Karl with up to \$1,000 of complimentary insurance coverage before he went home with his new owner, Jennifer.

Unfortunately, at 13-weeks old, Karl got sick with gastrointestinal and respiratory problems costing Jennifer \$2,190 in veterinary fees. Because Karl was enrolled in the 6-week HeadStart Trial, Jennifer was reimbursed the maximum amount of \$1,000 covered by the trial to help cover those unexpected expenses.

JENNIFER HAS THIS TO SAY ABOUT HER EXPERIENCE WITH PETS PLUS US.

"Thank goodness for Pets Plus Us insurance!"

We had never heard of this insurance company before but our breeder signed us up for the 6-week Headstart Trial Program through the CKC and we are so thankful she did because we ended up needing it when Karl got sick at just 13 weeks old and just before the trial period ended. Once Karl got sick, we decided it was best that we explore the options that Pets Plus Us had for paid policies and we have not looked back since. The plans they offer were exactly what we required for Karl and because we rolled our trial coverage over into a paid policy there was a no waiting period for our new coverage.

It is such peace of mind for us to know that Pets Plus Us is there for us when we need them the most. Their service, compassion and care for our fur baby has been outstanding. We would highly recommend Pets Plus Us to anyone looking for insurance for their pet."

HERE'S HOW

It's easy to do and carries no cost or obligation to you or your new puppy owners.

1. Go to **www.PPUbreedertrial.com** or call us at **1-855-900-3644** up to 3-weeks prior to, or no later than 7 days after sending a new puppy home.
2. Ask each new puppy owner if they would like to receive communications from Pets Plus Us and be sure to indicate their consent when enrolling them into the HeadStart Trial Program. We will contact them about rolling over their trial to a paid policy as well as provide tips and offers to help keep their puppies happy and healthy.
3. Use these enclosed vouchers to record the policy number for each puppy you enroll into the program, and give the completed voucher to your new puppy owners.
4. Keep track of your litters by recording information on the included form.
