Placement in the test or onto an alternate list will be determined by a random draw. Only one entry per event for each dog entered will be accepted by the tracking test secretary. The secretary shall open all entries as they are received and set aside any duplicate entries for the same dog in the same level. These duplicate entries so set aside shall not be included in any draw. The Secretary will notify each entrant that their entry has been received within 2 days of receiving the entry.

6.6 Entry Draw, Move Ups & Refunds (127-09-25)

6.6.1 A random draw of all non-duplicate entries will be conducted within 48 hours of the closing date. The test secretary will conduct the entry draw on the date, time and location as so specified in the Premium List. Any interested parties may attend the draw. If the stated limit is not reached, then a draw is to be conducted solely to determine catalogue order.

6.6.2 At the discretion of the club hosting the test, up to 1/3 of the places within a given test level can be reserved for club workers from previous tests, as (72-05&06-25)

defined by the club. The number of places that can be set aside for this worker draw is 0 for 1-2 tracks, 1 for 3-5 tracks, 2 for 6-8 tracks, 3 for 9-11 tracks and 4 for 12 tracks. The draw for these places in the test will be held immediately prior to the main draw and any entries of workers that were unsuccessful in obtaining a place in the worker draw will be added to the general pool of entrants for the main entry draw outlined in 6.6.1. If a club chooses to set aside places in the test for workers, this must be stated in the premium list along with the number of each level of tracks that will be for workers.

6.6.3 Position of the exhibitor in the test, or on the alternate list will be provided within 24 hours of completion of the entry draw. All entries that were not drawn for a place in the test shall be assigned a position on the alternate list in the order drawn in the entry draw. At the time of the draw for tracks on test day, entries from the alternate list may fill any absentee spaces. An absentee is defined as an entrant who is not present at the time of the draw for tracks.

6.6.4 Once a dog has qualified for a title (TD, TDX, UTD, UTDX, TCh), the entrant should promptly notify the Test Secretaries of all future tests that the dog was entered in before qualifying for the title. Test Secretaries will adjust the Entry Draw to reflect the dog's change in title status. If the Entry Draw has already been conducted for a test that the newly titled dog was entered in, the Test Secretary should reallocate the newly titled dog, such that all untitled dogs and any titled dogs that entered the test as titled take precedence over any newly titled dogs that entered as untitled dogs. If more than one newly titled dogs are entered in a test where the draw has already taken place, their order in the placement in the test or on the alternate list will remain the same, relative to each other, but after untitled dogs and dogs that entered as titled.”

6.6.5 At the discretion of the club hosting the test (s), if a dog is entered in a test for TD or UTD and has passed that level at a previous event, the handler can move up to TDX or UTDX if there is an available track, providing the rules of the draw are followed and no alternates are available. Additional entry fees would be applied as per the premium and subsection 6.6.4 would also apply.

-
- 6.6.6 • If an entrant or an alternate who accepts a position in the test pulls out after the closing date, and there are no additional alternates willing to accept the position, then the entry fee is forfeited to the club.
- (128-09-25)
- If an entrant pulls out of the test and their position is filled by an alternate who accepts the position, then the alternate is now responsible for the entry fee paid to the club. The original participant will be refunded the entry fee in full.
 - Entries will be refunded within ten (10) days of the tracking test to those on the alternate list who did not participate in the test.
 - In the event the hosting club has offered move ups, the entrant moving up will be responsible for the advertised entry fee of that position. The hosting club is not obligated to refund the absent TDX or UTDX participant in this case.

(67-05&06-25)

Draw (1) Specialty breed without a title;

Draw (2) Specialty breed with a title;

Draw (3) Other breeds without a title;

Draw (4) Other breeds with a title.

OR

Option # 2

Draw (1) Specialty breed without a title;

Draw (3) Other breeds without a title;

Draw (2) Specialty breed with a title;

Draw (4) Other breeds with a title.”

6.7 Bitches in Season

6.7.1 Bitches in season may participate in a tracking test, (129-09-25) at the test-giving club's option, under the following conditions:

- (a) The premium list specifically states that "Bitches in season may compete."
- (b) Bitches in season will be assigned the last track(s).

6.8 Health

6.8.1 A dog may not be entered at a test if it has any communicable disease.

6.8.2 Dogs entered in a test must have current immunization status.

6.8.3 No dog may be brought onto the grounds or premises of a test if it:

- (a) is known to have distemper, parvovirus, kennel cough or other communicable disease
- (b) has recovered from distemper, parvovirus, kennel cough or other communicable disease within the last 30 days.
- (c) has been housed within 30 days prior to the show, trial or test on premises on which there existed distemper, parvovirus, kennel cough or other communicable disease.

6.8.4 Where it is found that these rules have been contravened, the dog in question shall be removed from the show, trial or test premises/grounds and the exhibitor will be subject to disciplinary action.

6.9 Refusal of Entries

6.9.1 The Tracking Test Committee may decline any entry or may remove any dog from its test for just cause, but in each such instance shall file good and sufficient reasons for doing so with The Canadian Kennel Club within two (2) weeks of the test.

6.10 Disqualification & Reinstatement

6.10.1 Any dog disqualified for biting or viciousness shall automatically be disqualified from entering in any other event in any other discipline until such time as the dog is officially reinstated.

-
- 6.10.2 At his discretion, a judge shall have the authority to excuse or disqualify a dog which menaces, threatens, attempts to bite or bites the judge, another person, or another dog anywhere on the tracking test grounds. When a dog is twice excused on this account, it shall have the status of a disqualified dog.
- 6.10.3 At his discretion, a judge shall have the authority to permanently disqualify a dog which bites the judge or another person anywhere on the tracking test grounds. Dogs disqualified under this provision will not be eligible for reinstatement. The decision to permanently disqualify a dog must be clearly indicated on the Judge's Disqualification Form.
- 6.10.4 Once a dog has been disqualified for any reason at a Tracking Test, it may not be entered until the dog has been reinstated by the CKC. All awards earned by a dog in violation of this section will be cancelled by the CKC and the owner of the dog is subject to disciplinary action. A dog disqualified under section 6.10.3 is not eligible for reinstatement.
- 6.10.5 Any dog that is disqualified under section 6.10.3 shall automatically be disqualified from entering in any other CKC event in any other discipline until such time as the dog is officially reinstated, if the dog is eligible for reinstatement.
- 6.10.6 Reinstatement
- (a) The owner of a dog which has been disqualified at an event held under these rules may, after 30 days from the date of said disqualification, apply in writing to the CKC for reinstatement of the dog, unless the dog is ineligible for reinstatement as per Section 6.10.3. The request for reinstatement must be accompanied by a deposit as set by the Board

6.11 Program of Judging

- 6.11.1 At the tracking test, a club must provide a printed catalogue listing each entered dog, each alternate, and a section for move ups as worded in the appendix if offered by the hosting club. The catalogue must contain all the information as stated in Appendix 1. The catalogue must be distributed to each exhibitor prior to the draw for tracks on the day of the test.
- (130-09-25)*

6.12 Draw for Tracks

- 6.12.1 The tracks in each level shall be numbered and drawn by each exhibitor, in catalogue order. Draw times for each level must be published in the Premium List. Should it be necessary to change the draw time due to unforeseeable circumstances each exhibitor affected by this change of time must be personally notified of the new draw time no later than 24 hours prior to the revised draw time. See Section 4.1 (p).
- 6.12.2 An exhibitor that has more than one entry, and draws consecutive tracks, may have the option to redraw a number.
- 6.12.3 If the test spans more than one day then the time for the track draw for each level on each day, must be published in the premium list.
- 6.12.4 No trading of tracks is permitted between entrants or by entrants with more than one entry - between dogs entered.
- 6.12.5 The host club will supply enough draw items for the number of tracks laid. The draw will be done with all participants present at the predetermined location and time. If there are different levels being offered on the same day, separate draw times may be used at the discretion of the club. The draw must be conducted as follows:
- (a) Draw items will be numbered and will be placed in a suitable container where the items are not visible.
 - (b) Exhibitors will be asked in “catalogue order” to draw one item from the container.
 - (c) The draw items cannot be reused.
 - (d) The exhibitor will retain the draw items.
 - (e) There should be no distinguishable differences between the items.
 - (f) The item must be picked by the handler of the dog from the container.
- 6.12.6 A club or judge may delay the start of a test due to severe weather conditions (i.e. torrential rain, hurricane) and thus change the draw time and/or track time until the test is able to start.
- (131-09-25)

6.13 End of Test

- 6.13.1 The Tracking Test Secretary of the club holding a tracking test under these rules shall, within 14 days after the last day of the tests, send the following to the CKC:
- (a) A marked catalogue
 - (b) All entry forms
 - (c) The official plotting sheet for each entry bearing the judge's signature
 - (d) Any other information or reports as may be required by the CKC
 - (e) The signed certification over the signature of the Tracking Test Secretary for the club as to the number of dog with Temporary Competition Number (TCN) entered in the test and total number of dogs entered in competition in its test
 - (f) A remittance which shall include all Temporary Competition and recording fees in an amount specified from time to time by the Board, for each and every dog entered in competition in its test. Failure of the CKC to receive the results and appropriate remittance will result in administrative fees as approved from time to time by the Board.

7 UNSPORTSMANLIKE CONDUCT

- 7.1 It shall be deemed unsportsmanlike conduct if a person, during the running of, or in connection with an event, abuses or harasses a judge, test official or any other person present in any capacity at the event.
- 7.2 Any handler who displays unsportsmanlike conduct or who is seen to kick, strike or otherwise roughly manhandle a dog while on the grounds of a tracking test at any time during the holding of the event, may be expelled from the trial by the Tracking Test Committee.
- 7.3 The judges shall also have the authority to expel a handler from a test if they observe unsportsmanlike conduct on the part of the handler or see the handler kicking, striking or otherwise roughly manhandling a dog while the event is in progress. It will be the duty of the judge to report promptly to the Tracking Test Committee the expulsion of a handler.
-

-
- 7.4 The Tracking Test Committee shall investigate, at once, any instance of alleged unsportsmanlike conduct on the part of the handler, or any report that a handler has been observed kicking, striking or otherwise roughly manhandling a dog. If the Tracking Test Committee, after investigation, determines that a handler is in violation of this section, and that the incident, if proven, would constitute conduct prejudicial to the sport or the CKC, it shall exercise its authority in accordance with the Complaints section of these rules.
- 7.5 The Test Secretary shall submit to the CKC a complete report of any hearing action taken under this section within 14 days.
-

8 TRACKING TEST TITLES

8.1 Tests

8.1.1 There are four (4) separate tracking tests. A TD title or a UTD Pre-Test Certificate is a prerequisite for entering UTD tests. A TD title is a prerequisite for entering TDX tests. A UTD title is a prerequisite for entering a UTDX test.

(a) UTD Pre-Test Certification

The track must be:

- (i) At least 200m in length.
 - (ii) Not less than 30 minutes or more than 1 hour old.
 - (iii) Contain both vegetated and non-vegetated sections
 - (iv) Have two (2) corners one (1) of which must be on non-vegetated.
 - (v) Have one (1) article at the end.
- (b) In order to obtain a pre-test certificate the dog must demonstrate:
- (i) A start from the scent pad
 - (ii) Transition from vegetation to non-vegetation and from non-vegetation to vegetation
 - (iii) Negotiate both corners
 - (iv) Indicate the article
-

-
- (c) The UTD pre-test may be carried out by an urban judge or a person experienced in urban tracking approved by an urban judge or the CKC zone rep.
 - (d) On completion of a satisfactory pre-test track the judge will issue three (3) certificates. A certificate must accompany an entry into a UTD test. There is no time limit for these certificates. If after three (3) attempts the dog does not pass a UTD then he must be re-certified.
 - (e) The dog may trial under the judge that carried out the pre-test.
 - (f) The certification statement should be worded similarly to the following:
 - (i) Registered name and CKC number of dog has demonstrated basic urban tracking skills as outlined in the UTD Pre-Test (CKC Tracking Test Rules and Regulations, Rule number).
 - (ii) Date of certification test
 - (iii) Signature of judge/evaluator and printed name.
 - (iv) This certificate must accompany any entries to a UTD test.

8.1.2 The tracking tests shall be known as:

- (a) Tracking Dog Test with a recorded TD title.
- (b) Tracking Dog Excellent Test with a recorded TDX title.
- (c) Urban Tracking Dog Test with a recorded UTD title
- (d) Urban Tracking Dog Excellent Test with a recorded UTDX title

8.1.3 A dog which has earned all four (4) CKC tracking titles (TD, TDX, UTD, UTDX) under at least two (2) different judges shall be awarded the title of Tracking Champion. The initials TCh may be displayed in front of the dog's name.

8.1.4 A dog must have earned its TCh before it can enter additional tests for its MTCh. Any extra TDX or UTDX earned prior to the completion of the TCh title will not count towards a MTCh. A dog that already has a TCh title and passes one (1) additional TDX test, and one (1) additional UTDX test, under a different judge from when the original title was

awarded, shall be awarded the title of Master Tracking Champion. The initials MTCh may be displayed in front of the dog's name.

8.2 Tracking Dog (TD)

8.2.1 The CKC shall permit the use of the letters TD signifying Tracking Dog to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Tracking Dog Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN), or a Canine Companion Number (CCN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN, CCN or MCN must be shown on the entry form. The owner, as recorded in the records of the CKC, shall be entitled to a certificate issued by the CKC certifying that the title has been earned at an approved Tracking Dog Test held under the CKC rules.

8.3 Tracking Dog Excellent (TDX)

8.3.1 The CKC shall permit the use of the letters TDX signifying Tracking Dog Excellent to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Tracking Dog Excellent Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN), or a Canine Companion Number (CCN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN, CCN or MCN must be shown on the entry form. The owner, as recorded in the records of the CKC, shall be entitled to a certificate issued by the CKC certifying that the title has been earned at an approved Tracking Dog Excellent Test held under the CKC rules.

8.4 Urban Tracking Dog (UTD)

8.4.1 The CKC shall permit the use of the letters UTD signifying Urban Tracking Dog to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Urban Tracking Dog Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN), or a Canine Companion Number (CCN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN, CCN or MCN must be shown on the entry form. The owner, as recorded in the records of the CKC, shall be entitled to a certificate issued by the CKC certifying that the title has been earned at an approved Urban Tracking Dog Test held under the CKC rules.

8.5 Urban Tracking Dog Excellent (UTDX)

8.5.1 The CKC shall permit the use of the letters UTDX signifying Urban Tracking Dog Excellent to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Urban Tracking Dog Excellent Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN), or a Canine Companion Number (CCN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN, CCN or MCN must be shown on the entry form. The owner, as recorded in the records of the CKC, shall be entitled to a certificate issued by the CKC certifying that the title has been earned at an approved Urban Tracking Dog Excellent Test held under the CKC rules.

9 CANCELLATION OF WINS

- 9.1 If a dog is entered in any test for which it is ineligible, all prizes, awards and titles won by that dog shall be cancelled by the CKC.
- 9.2 When the win of a dog is cancelled by The Canadian Kennel Club, the entrant shall return all prizes to the Secretary of the test-giving club within ten (10) days of notification by The Canadian Kennel Club.
-

10 STANDARDS FOR TRACKING TESTS

10.1 Tracking Test Grounds

- 10.1.1 The tracking test grounds will be determined by the Tracking Test Committee with individual testing areas set aside for each dog entered.
- 10.1.2 The Tracking Test Committee shall try to keep livestock off the actual tracking area during the hours of the test.
- 10.1.3 The stewards shall keep each exhibitor from observing his allotted track while it is being laid. Failure of the exhibitor to cooperate with the steward will constitute strong grounds for the judge to mark his dog disqualified.
- 10.1.4 The judge shall strive to make the tracks in each level equal as to length, age and number of turns or degree of difficulty.
- 10.1.5 The urban-type environment consists of vegetated areas typical of cities or towns and non-vegetated surfaces such as brick, concrete, gravel, sand, mulch, paving stones and asphalt. Suitable areas for urban tracking test sites include park settings, industrial and office parks, schools, campuses, sports fields, municipal or business areas. Vegetation is defined as an area where there is plant life. The majority of the vegetated portions of the UTD and UTDX tracks should be on ground cover that is regularly maintained for example, by mowing as would be typical of lawns in urban areas. Judges shall strive to find
-

appropriate vegetation as conditions warrant for the start of urban tracks. Urban obstacles include guardrails, fences, stairs and open buildings such as gazebos and breezeways. The underside of underpasses and bridges may also be used as obstacles. No track may enter a closed building.

10.1.6 The Tracking Representative for the zone in which the Tracking Test is being held may be present as an observer, on the day of plotting unless they are entered in the test.

10.1.7 The event hosting club is responsible for ensuring that appropriate areas are available for tracking tests. At the time of initial plotting of the tracks, if the judge finds the areas provided to be unsuitable, he may at his discretion, cancel that portion of the test, unless suitable alternative sites are made available. If cancellation of the test or portions of the test is necessary due to unsuitability of the venue, the judge must submit a report to the CKC within 14 days of the completion of the test outlining the problems with the areas provided for the test. The club may also submit a report outlining any unusual or temporary problems that may have prevented the venue from being used. If the CKC determines that the unsuitability of the sites are of a permanent nature, the CKC may refuse any future applications for tracking tests at that level, until they are satisfied that a suitable venue is available.

10.1.8 Exhibitors may not train on the designated tracking fields or designated urban areas within ten (10) days of the test. The test secretary will advise the accepted test entrants of the location (s) of the designated test areas. This includes a judge holding a workshop/seminar on the tracking test site (field or urban) within ten (10) days of the test. This rule must be published in the test premium.

10.2 Collars Harnesses, Leads & Protective Gear (75-05&06-25)

10.2.1 The use of prong or pinch collars will not be allowed on the test grounds.

10.2.2 Protective gear may be worn by the dog on the track, provided such equipment is inspected by the judge prior to being put on the dog at the start. Clothing gear for extreme cold or heat, footwear and eye protection such as goggles will be allowed. Hunter orange reflective gear is also permitted. Coats worn must not interfere with the harness.

10.2.3 Dogs must wear a properly fitted buckle collar, clip collar, slip collar (i.e.: fur saver, martingale) or harness approved by the judge. The harness will be constructed of leather or pliable material and will be designed so that there is minimal restriction of the dog's movement.
(75-05&06-25)

10.2.4 The tracking line or lead must be 5 m (16 ft) to 15 m (49 ft) in length and constructed of leather or pliable material.
(75-05&06-25)

If the dog is wearing a harness, the lead must be attached to that harness. If the dog is wearing only a collar, the lead must be attached to the dead ring.

10.2.5 No special training tools, such as but not limited to, electronic collars, head halters, or no-pull harnesses may be worn during tests.
(75-05&06-25)

10.3 Equipment & Tracks

10.3.1 Articles

- (a) Before laying the track, the tracklayer or the test-giving club shall produce for the judge's inspection, an article or articles which the dog is to find on the track and the article that is to be used to start the dog for UTD or UTDX tracks.
- (b) For TD: One article is used. The article must be leather.
- (c) For TDX: Three articles are used. The articles must be leather.
- (d) For UTD: Two articles are used to be found by the dog on the track. The first article may be fabric, wood or plastic and the last shall be leather. The tracklayer will also scent an additional article of fabric or leather which will be given to the handler if requested to aid in starting the dog on the correct scent at the start. This article cannot be used once the dog has gone more than 10 m (33 ft) from the start.
- (e) For UTDX: Three articles are used to be found by the dog on the track. The first two track articles may be fabric, wood, plastic or metal; the last shall be leather. The tracklayer will also scent an additional article of fabric or leather which will be given to the handler if requested to aid in starting the dog on the correct scent at the start. This article cannot be used once the dog has gone more than 10 m (33 ft) from the start.

-
- (f) All articles for all levels must be approximately 10 cm X 15 cm (4 in X 6 in), must not be of a colour which will contrast sharply with the background and should be such that they easily can be picked up by the dog if this is the way they indicate the article.
- (40-12-21) (g) For UTD and UTDX, the start article should be scented by the track layer in the same way and for the same length of time as the track articles. When the track layer finishes laying the track the start article should be sealed in a clean plastic bag. When the judge instructs the handler that they can proceed to the start, the start article, still sealed in the plastic bag, can be offered to the handler. The handler can scent the dog several meters before the start pad and or at the start, including placing the article on the start pad, if desired by the handler. The handler can retain the article to the end of the track or leave it on the start pad. A separate start article should be prepared by the track layer for every Urban Tracking Dog (UTD) track and Urban Tracking Dog Excellent (UTDX) track in the test.

10.3.2 Plotting Sheets

- (a) A plotting sheet for each track shall be prepared showing the approximate length in metres of each leg, major landmarks and boundaries, if any.
- (b) Judges are responsible for laying out test tracks prior to a test. In circumstances where a judge is unable to plot test tracks, a knowledgeable test committee may do so.
- (c) All proposed tracks are subject to approval by the officiating judge prior to commencement of the test.
- (d) The tracklayer shall make their own map at the time of track plotting, working with the judge.
- (e) The judge shall mark the plotting sheets at the time the dog is tracking and make any other notations.
- (f) The test-giving club and judge shall ensure there is sufficient space so that a minimum of 40 m exist between tracks to allow handlers and dogs to work the prescribed distances noted in section 10.5.2.

10.3.3 Tracklayer

- (a) At the start of the track, the tracklayer, who shall not be a member of the handler's immediate household, shall thoroughly tramp an area of about one square meter and remain standing one minute, to create a scent pad, and then proceed along the designated track at a normal walking pace. No standing still or shuffling while on the track is permitted.
- (b) The tracklayer shall leave one flag or similar marker to mark the start of the track and another 30 m (98 ft) from the start to indicate the initial direction of the track for the TD test. After dropping the final article, the tracklayer shall proceed straight ahead for at least 20 m (66 ft) and leave the course, as directed by the judge during plotting.
- (c) The plotting sheet will be marked with an X at each location where the tracklayer is to place an article.

10.3.4 Every effort shall be made so that no major part of any track shall run along a fence or boundary or within 10 m (33 ft) of such a boundary and no track shall cross an established body of water.

10.3.5 Articles may not be dropped at turns or within 20 m (66 ft) of a turn. The articles must be dropped directly on the track and be stepped on by the tracklayer.

10.3.6 Timing in regards to the aging of a track will start from the time the tracklayer begins to lay the track.

10.3.7 When entered in a test, no person may lay a track in the same level they are also entered in, on the same day for which they are entered at that test.

10.3.8 No leg of any urban track may be shorter than 30 m (41-12-21) (98 ft), however a 30 m (98 ft) leg may not be used to connect parallel legs.

10.3.9 Cross tracks are defined as any track that crosses the primary track to be followed by the dog. They could be purposefully-laid as part of the test, or naturally occurring, as often happens in urban environments.

10.4 Judges

- 10.4.1 The judge shall ask the handler to describe the usual manner in which the dog indicates the article. If in the judge's opinion the dog was on the track where an article was dropped but did not find it and the tracklayer cannot find the article on the track, the dog shall be given credit for finding the article.
- 10.4.2 The judge is in total control of all activities on the track.
- 10.4.3 In case of unforeseen circumstances, the judge may, *(132-08-25)* at his discretion, give the handler and his dog a second chance on a new track. The new track will be arranged at the end of the test or at a time when it does not interfere with the existing schedule of previously laid tracks.
- 10.4.4 The judge will walk the track behind the handler and dog at a reasonable distance accompanied by the tracklayer who laid that track.

10.5 On The Track

10.5.1 The Handler

- (a) Guiding is defined as behavior by the handler that influences or determines the dog's direction. Guiding is prohibited and will cause the dog to fail. Failure for guiding is solely at the discretion of the judge. Teamwork and line handling are recognized as integral to the sport of tracking. Any overt measures in the judge's estimation that change or influence a dog's direction may be considered guiding for which an entrant will be failed.
- (b) Abuse of the dog while on the track is cause for automatic failure.
- (c) No food, training aid or motivational item shall *(133-09-25)* be carried on the track, , doing so will result in failure.
- (d) The handler may not be given any assistance, except for assistance necessitated by a physical disability of the handler.
- (e) Compulsion of any kind shall not be used by the handler while setting the dog on the track or during the tracking itself.
- (f) The Start - The handler may give a verbal *(133-09-25)* command and/or point at the scent pad to start at all levels.

(g) Approved Restart – If the handler has reason to believe that the dog has not taken the scent properly, he may restart the dog once at all levels as follows:

- TD test providing that the dog has not proceeded past the second flag;
- TDX test providing that the dog has not gone more than 5 m (16 ft) from the flag;
- UTD or UTDX test providing that the dog has not gone more than 10 m (33 ft) from the flag.

(133-09-25) The restart may occur at the original scent pad or anywhere between the start flag and second flag in a TD, and after indicating intermediate articles in TDX, UTD and UTDX. Pointing to the ground at any time other than the start, or an approved restart, is to be considered guiding.

Only verbal encouragement may be given to a dog after water is given.

- (h) Encouraging the dog is permitted, but its unnecessary use is to be discouraged. A dog that is working too fast for the conditions may be restrained gently by the handler.
- (i) The handler shall hold found articles in the air momentarily and then retain them until the end of the track, after which they will be examined by the judge.

10.5.2 The Dog

- (a) The dog must be on a lead from 5 m (16 ft) to 15 m (49 ft) in length. Three m (10 ft) must be respected as a minimum “handler to dog” distance. The dog must work at a distance where it works freely and is not influenced by the proximity of the handler, who may adjust line length as appropriate to conditions and obstacles, so as not to hinder the dog in its work.
- (b) The dog must be given ample opportunity to take the scent at the scent pad.
- (76-05&06-25)
- (c) There is no time limit provided the dog is working. A dog that is off the track and is clearly not working shall not be given any minimum time just on the chance that it might pick up the track again. A dog that is 20 m (66 ft) off the track and still working may be allowed to

continue, provided it does not start to interfere with another track or get the dog into a dangerous situation. A dog that is more than 20 m (66 ft) off the track may be failed. The distance off the track is measured from the dog not the handler's location.

- (d) The article is to be found by the dog. The manner in which the dog treats found articles shall be left to the discretion of the handler. The dog must retrieve or somehow indicate the found article. The dog will not be penalized/failed for indicating additional articles that were not left by the track layer.

10.6 Water

- (a) The handler may supply and carry a factory sealed bottle of plain water, which may be examined by the judge prior to the start of their track. Water may be offered at any time on the track at the handler's discretion. However if in the judge's opinion the watering is excessive for the tracking conditions, the dog may be failed as not working.
- (b) After informing the judge that water is needed, the handler may approach the dog to provide water; after which the dog must continue working from that point on its own with verbal encouragement only.

10.7 The Tracking Dog Test (TD)

- (a) The length of the track shall not be less than 400 m (1312 ft) and not more than 450 m (1476 ft).
- (b) The track is to be no less than one-half or more than 2 hours old at the time that the dog starts the track.
- (c) The tracklayer shall drop one article at the end of the track which the dog must find, except as noted in section 10.4.1.
- (d) All turns shall be well out in the open where there are no fences or other boundaries to guide the dog. There will be three (3) to five (5) turns both left and right. There will be a maximum of five (5) turns, at least two (2) of which will approximate right angles, and none of which will be acute angles. No cross track shall be laid.

-
- (e) The track will be plotted on a vegetated surface with minor changes in cover. A vegetation change suitable for TDX is not allowed.

10.8 The Tracking Dog Excellent Test (TDX)

- (a) The length of the track shall not be less than 900 m (2953 ft) or more than 1000 m (3281 ft).
- (b) The track shall be not less than three (3) hours old and no more than five (5) hours old at the time that the dog starts the track, and shall be crossed in two (2) places at well separated intervals by a more recent track.
- (c) The track shall contain at least five (5) turns and no more than eight (8) turns with no acute angles less than 45 degrees.
- (d) The track layer shall drop the first article not less than 250 m (820 ft) from the start of the track; the second article at an irregular interval between the first and third; and the third article shall be dropped at the end of the track.
- (e) One hour after the primary track has been completed, the judge shall instruct a second person, who shall not be a member of the handler's immediate household, to start out from a given point and cross the original track in two (2) places. The first of these two (2) intersections of the primary track by the cross track shall be at least 100 m (328 ft) from the start of the primary track. The judge will strive as much as possible to ensure the cross tracks intersect the primary track at a 90-degree angle.
