

## ZONE BREAKDOWN BY POSTAL CODES

Please be advised that in 2002 a sexennial adjustment was made to the zone boundaries in accordance with Section 12.5 of the *By-laws*. This adjustment was made to ensure that proportional representation has been maintained in accordance with Section 12.4 of the *By-laws*. British Columbia and Ontario were the only two provinces affected by this adjustment. Postal codes were used in the process of making these adjustments. If you reside in British Columbia or Ontario, please refer to the breakdown below to determine the electoral zone in which you reside.
