## CANADIAN KENNEL CLUB.

H. B. DONOVAN, Sec'y, Toronto.

### STANDING NOTICES.

Members when visiting Toronto are invited to make the Club's office their headquarters, mails can be addressed to, and sent from here. The current numbers of the following papers may be seen at the Club's office. Members resident in or visiting Toronto are invited to make free use of them.

#### AMERICAN.

*Forest and Stream, Turf, Field and Farm, Sports Afield, The American Stock-Keeper, Forest, Field and Shore, The American Kennel Gazette, Outing and The Dog Fancier.*

#### ENGLISH.

*The Stock-Keeper, Fanciers' Gazette, Scottish Fancier and The Kennel, The Farm, The Poultry Yard (Irish).*

### EXECUTIVE MEETING.

A meeting of the Executive Committee of the Canadian Kennel Club will be held at the Queen's Hotel, Toronto, on December 18th, at 7.30 p.m., a full attendance is earnestly requested.

T. G. DAVEY, H. B. DONOVAN,  
President. Secretary.

A breeder in Cornwall writes the Secretary with a view to becoming a member. "Although I am only a new subscriber for the GAZETTE I have long been a lover of the dog, especially the engaging little Cocker.

Would it not be a good idea for the C.K.C. to have a card in the GAZETTE giving terms of admission and objects of the Club. In your next issue will you kindly give the admission fee, etc."

For the benefit of other prospective members we may state that the annual membership fee is \$2.00 with the privilege of free registration

in the Club's Register. The fee for registration to non-members is 50c. for each dog.

Another breeder in Bosworth, Ont., says:

"Can a dog be registered in the C.K.C.R. if the parents and grandparents are not registered in any stud book. There is a man here that thinks he knows quite a bit of kennel matters and he says they cannot."

There is no rule to prevent any dog being registered whether his progenitors are registered or not. There is a probability however, that at the next annual meeting this may be changed.

The C.K.C. registrations for November numbered 78.

## NOTES AND COMMENTS

MR. GEO. PURCHES, QU'APPELLE,  
N. W. T.,

FLAS bought the Pointer bitch Lady, from Mr. Geo. W. Lovell, of Middlesboro, Mass. She is a liver and white, three years old, by Dr. L. (litter brother to Duke of Vernon) out of Silk II.

MR. J. F. KIRK, TORONTO,

has shipped the Sussex Spaniel Beau to Mr. R. Keasby, Brooklyn, N. Y. Beau was bred by Mr. T. D. Schofield, Morpeth, England, and is by Chance II, out of Newington Cyprus and was first in the open class at the last Toronto bench show.

### THE IRISH SETTER SEMINOLE,

which did so well over the Canadian circuit, has been purchased by Mr. F. C. Fowler, of Moodus, Conn.

### THE Barrie Gazette

is responsible for the following "par."

"We have just been informed that Dr. A. H. Bennett, of this town, has sold his noble St. Bernard dog, "Bianco," to Mr. Fred. Marr for the magnificent sum of two thousand five hundred."

Two thousand five hundred what?

MR. E. F. DOTY, TORONTO,

is getting together quite a kennel of Fox-Terriers, and has just received two bitches, Lady Forester and Brilliantine, from Mr. W. H. Williams, Brooklyn, N.Y. Lady Forester is by New Forest, out of Halcomb Jill and was imported in utero. She was whelped July 17, 91. Brilliantine is two years old and was bred by the Beverwyck Kennels of Albany, N.Y., out of Beverwyck Flip, by Champion Bachanal. One of the bitches will probably be bred to Mr. Morden's Suffolk Coronet.

### THE TORONTO KENNEL CLUB.

The executive of the Toronto Kennel Club met on Friday, December 4th and decided to call the regular meeting for December 17th. Dr. Campbell will be asked to read a paper on diseases and Mr. Williams one on St. Bernards.

MR. J. J. SPRACKLIN, WOODSTOCK, offers an opportunity to exhibitors who purpose sending their dogs on the spring circuit, but who are themselves unable to accompany the dogs. Mr. Spracklin prepared and handled several winners at the late Canadian circuit and purposes taking in all the large American shows.

#### CHAMPIONS BRANT AND RED JACKET.

From our business columns this month we notice that the fee for both these dogs has been reduced to \$15.

MR. G. W. PRESCOTT, TORONTO, purposes adding Beagles to his kennels and has made a beginning by purchasing a bitch puppy from the Hornell Harmony Kennels. She is a white and tan by Champion Royal Kreuger out of Jessie and has been registered in the C.K.C.R. as Arden Cora Kreuger.

#### AN INTELLIGENT DOG.

A curious case occurred a short time since in a large station. A party of hunters had returned with their dogs and one of them had lost a bag in the baggage room, his friend suggested he should loose the hound and he would find it, the dog was loosed and went almost in a direct line to the missing article.

#### A POST OFFICE EMPLOYEE,

a well known Toronto sportsman, going south on Thanksgiving day placed his hounds on the train and went into the saloon probably to attend to another "growler," when he came out the train and his dogs were gone, no other train until night so the dogs had all the fun alone.

#### IT IS RUMOURED

that Mr. H. W. Lacy will not after all

retire from the judging ring. We hope this is true. It may not be that Mr. Lacy was at his best on the last Canadian circuit, but when he is, there are few more acceptable men as judges. His natural fairness of mind, his integrity, his affable manner and his general standing would make his total departure from the ranks of all-round judges, of whom we have few, a matter of regret. Not many judges have fewer enemies. He is not one of the men that delight in putting a dog back to crush his presumptuous owner, but his decisions have always been made with moderation and his show reports whether as judge or merely as reporter are eminently temperate and impartial. We trust Mr. Lacy is not to retire as a judge.

MR. J. S. WILLIAMS, TORONTO, has, we are informed, sold the rough coated St. Bernard dog Monarch (Sultan—Beulah) to a gentleman in Cincinnati, for the snug sum of five hundred dollars. Monarch is three years old and was fourth at the late Toronto show in the open class, (another of the same litter, Monk, being third), and reserve in novice.

#### INTERNATIONAL FIELD TRIALS CLUB.

The following were the officers chosen for the ensuing year: President, Sheriff Mercer, of Chatham; first Vice-President, Thomas Johnson, of Winnipeg; second Vice-President, Dr. Totten, of Forest; Secretary and Treasurer, W. B. Wells, of Chatham; Committee, L. H. Smith, London; John Davidson, Monroe, Mich.; Montague Smith, Forest; L. Hilsendegen, Detroit; H. C. Eddy, Detroit; T. J. Davey, London; J. Nicholls, S. Holmes, Jos. Kime, and C. R. Atkinson of Chatham.

MR. THOS. JOHNSON, OF WINNIPEG, MAN.,

has sold his liver and white Pointer

bitch Ightfield Blithe, by Dancer—Ightfield Bloom, to Mr. C. G. Stoddard, Dayton, O., for \$500. Ightfield Blithe was the winner of the all-age stake of the International Field Trial Club's trials at Chatham.

FOX-TERRIER CLASSES IN CANADA, will, we think, next fall show a big improvement, both in numbers and quality. We learn of several importations, visits to noted stud dogs, etc. Pitcher, who, with the other noted dogs of the Hillside Kennels, is placed at stud in our business columns this month, has had one Canadian bitch quite recently.

MR. H. P. THOMPSON, TORONTO, we are informed, has made some purchases in the Fox-Terrier line. Nothing daunted by his recent losses he intends once more to tempt Dame Fortune, and has added to his kennel four very promising youngsters. Three of the puppies he has secured are by the well known dog Coronet, out of Belle (Vakeel ex Village Belle) and are said to be some of the finest ever sired by this noted dog. The other is an importation from the Woodale Kennels, Troy, N.Y., and is by Starden's Jack (Result—Forest Queen) ex Semolina, by Rifleman ex Sutton Viola, by Belgrave Sequence ex Sweet Olive. Rifleman by Result ex Destaffina. This bitch, it will be seen by the above, is most beautifully bred and at present gives promise of making a good showing on the bench. In any event she will prove a valuable brood bitch on account of her breeding.

#### METCHLEY WONDER II.

We are pleased to learn from Mr. McEwen that Wonder is proving himself a grand dog at stud and he has never had about him as choice a lot of young stock of which he is the sire.

They have character true to type and coats of the correct quality in abundance.

MR. W. B. PALMER, WOODSTOCK, is rapidly succeeding in getting a kennel of red Cockers together, and from the list sent us, Red Roland must be getting quite a nice business. By the way, his first litter arrived a few days ago, numbering eight, of which five were solid red. The dam is black, and never had a red before being bred to Roland. In red bitches Mr. Palmer has Irene and Victoria, both in whelp to Roland and Sunrise, all good specimens. That grand old brood bitch Woodstock Flirt, in whelp to Champ. Red Jacket is also an inmate of this kennel.

THROUGH AN OVERSIGHT, Black Duke's stud card was omitted from last issue. It is now replaced together with the card of that grand little dog, Black Dufferin and a new one, Nimrod (Champion Obo II—Woodstock Queen). We have just received excellent photographs of both Champion Black Duke and Black Dufferin and both dogs look in excellent fit. A list of winnings up to date appears on the back of each card.

MR. GEORGE DOUGLAS, WOODSTOCK, who has been away for some two months on the advice of his physician, is back again, much improved in health. He has "great expectations" of Dufferin at the spring circuit.

MR. N. E. SMITH, MONTREAL, has bought the Bull Terriers Queen of the Dale and Common, who went the round of the Canadian shows, from the Anglo American Kennels.

THE R. C. ST. BERNARD, Canada's Merchant Prince, we are glad to see, has been placed at stud again, and his services are offered in our business columns this month. He has proved himself a desirable sire.

FROM OLD ENGLAND.  
Lovers of the Fox Terrier—and they are many—will be glad to learn that another good dog of this variety is coming to Canada, having left Liverpool per Steamship *Mongolian*, on the 3rd inst. This is Merle Guy, and his destination is the Rideau Kennels, Ottawa, where he will be placed at the head of the Fox-Terrier department. Guy is a winner of numerous prizes across the pond, and his breeding is of the best, being by Dudley Dandy ex Bodkin III. His pedigree extends back to the famous Jock, Trap, Tartar, Buffer, etc., and includes many of the celebrities of more modern breeding, such as Belgrave Joe, Brockenhurst Joe, Brockenhurst Rally, Roysterer, Regent, The Belgravian, Sprinter, Vesuvian, etc. The English *Stock Keeper* says of him:—"Merle Guy, the winner, was, we thought, an easy first, a good dog possessing lots of quality, a wonderful front, and good ears." We understand it is the intention of his owner to re-name him and offer his services to the public at an early date.

MR. F. J. DORSEY, WINNIPEG, has sold the English Setter bitch, Novelist, to Mr. J. M. Aven, Hickory Valley, Tenn.

ILFORD CHANCELLOR DEAD.  
The Champ. Mastiff Ilford Chancellor, of the Flour City Kennels, died at Rochester on the 10th inst., from apoplexy. Ilford Chancellor was not six years old, having been whelped on May 15th, 1885. He was imported in

1888 by E. H. Moore, of Melrose, Mass., from whom he was purchased by Mr. J. W. Whitney, who owned him at the time of his death, and who refused big money for him. Ilford Chancellor was the winner of 25 first and special prizes in England, and of 25 first and specials in the United States and Canada (including Toronto). He was sired by Champ. Ilford Caution, and was the sire of such famous dogs as Ingleside Maximilian and Crown Prince Maximilian, as well as of Chocolate Girl, Coral and many others. This will leave the sensational young Mastiff Cardinal Beaufort, recently imported by Mr. Whitney from London at a cost of \$2,500, the head sire at the Flour City Kennels.

A GRAND MASTIFF FOR CANADA.  
Mr. V. L. Francis of Woodstock, Ont., has just received from Mr. Chas. E. Bunn, the noted breeder and importer of English Mastiffs at Peoria, Ill., the young Mastiff bitch, Ripplette. At six months old this pup stands 28 inches at the shoulder, has a skull measurement of 22 inches, and weighs over 100 lbs. She is by Ormonde (Ch Victor Hugo—Ch. Cambrian Princess) winner of the challenge cup at Southampton, England, and many other prizes. Her dam is Elmet (Baldur—Elgiva).

THE ROCKFORD AND FREEPORT SHOWS.  
CANADIAN WINS.  
*Rockford.*  
Mr. Geo. Bell, Toronto, showed a string of Spaniels, and won in Field Spaniels, 1st in bitches, open class, What Not. Cockers, 1st challenge bitches, I Say, 2nd open dogs, Gothamite; 1st do. bitches, Lady Obo; 1st puppy, Woodland Pete, also special for best four Spaniels.

*Freeport.*  
(By Telegraph.) Bell's dog same position as at Rockford.

## BARKLETS.

THERE is a feeling abroad, that additional machinery must be provided if the C.K.C. is to retain the prestige it has hitherto so worthily enjoyed. The fact that dogs of uncertain lineage have been entered in our Stud Book may not be evidence of carelessness—or even a want of knowledge—on the part of any one concerned, but it is the best possible plea for the appointment of a competent committee for each breed, whose duty it shall be to examine and approve all pedigrees, tendered for registration before the same are finally recorded. It might tend to restore confidence if the duties of such a committee could be made retro-active. Let us start right, that coming generations of dog owners and breeders may not speak of our work in terms of reproach. This reminds me that some scheme ought to be devised to keep the names of mongrels out of the Stud Book. A dog to be entitled to registration should show evidence of quality, or breeding. The first mentioned could be decided by the success achieved at any of our bench shows, the last might be taken for granted on production of sufficient pedigree—say three generations. That we who are devoted to the improvement of our canine friends, should combine to recognize those devoid of quality, and with no more genealogy than a fly, seems very inconsistent to say the least.

Ye Editor, in announcing the fact that the litter of Great Dane shown at Toronto had since died, cites this as another plea in favor of the abolition of puppy classes. Well, I recently had the misfortune to lose an entire litter that had not been at any bench show, or even out of my kennel. Does this go to prove that I ought to dispense with my dogs? Or does it suggest the tak-

ing of extra precautions to abolish disease? If the latter, why not apply the principle to bench shows, and forbid the showing of puppies not well over distemper, thus reducing the risk to a minimum, and preventing such direful consequences as those above noted.

\* \* \*

When doctors differ, who should decide? Mr. George Bell has announced in one of your contemporaries that the type of head is the same in the Field and Cocker Spaniel, the only difference being that of size. "Ucle Dick" denies this, and runs to the other extreme by declaring that "there is as much difference in outline as there is in a Greyhound and a Beagle Hound," and mildly intimates that our George never saw a true Cocker. Perhaps it would be well Mr. Editor if you could give us the standards in your next issue, so that all could bear a hand in the discussion which is sure to go on. It would be a great thing to learn where the Cocker ends, and the Field Spaniel begins, in some of our dogs. Where did our modern Cocker come from, anyway? Is he the sire or the scion of the Field Spaniel? I pause for a reply.

BARKUS.

## MEDICAL NOTES.

THE present is perhaps the most dangerous season of the whole year for dogs. Puppies are not old enough yet as a rule to bear distemper well, and it is more rife between now and the beginning of the year than at any other period, owing largely to the "season's difference" which young animals naturally feel more than older ones with their settled constitutions.

*Prevention of distemper.*—It is to be remembered that the disease is very contagious so that all contact with dogs outside of those at home is as

much as possible to be avoided. Shun the highways when the fields, etc., can be selected; keep old and young stock apart, especially after a ramble. Good feeding and careful housing, especially the latter are of the utmost importance. All that tends to induce chills, favours the onset of the disease. Good ventilation is not the least to be considered. Daily careful inspection of the dogs is desirable. In a word to use every means to keep the general health as good as possible, is the indication to be followed. When puppies are not first-rate in health and spirits, 1 to 2 grains of quinine may with advantage be given.

*Is it Grippe (influenza?)*—Last year and notably this season, after September, a large number of pure bred dogs in Montreal, and some to my knowledge in Ottawa, have had a set of symptoms of this character: Sneezing, sniffing and cough (not the high pitched, rasping cough of distemper,) as the most obvious signs of disorder. In the case of one of my own puppies (a Pointer four months old) the temperature ran up in the evening 3 degrees above the normal; in some of the others the rise was slight. This year the trouble was confined to puppies and one young dog, so far as my kennel is concerned; last year every dog in the kennel had it. It differs from grippe among human beings in that the animals do not act as if they were sick, do not fail in flesh or appetite, or lose spirit or activity. Influenza (pink-eye) has been prevalent among horses and I should not be surprised to see grippe among human beings before very long. The larynx may be a good deal affected and in some cases there seems to be partial loss of voice. I gave no medicine except to those with a very troublesome cough, but have been careful as to housing, etc.

*Worms in young Puppies.*—One is often at a loss to know what is the mat-

ter with very young puppies that do not thrive and seem to be in a generally miserable condition. A few days ago a cross-bred Fox Terrier puppie came under my notice. He was in a very emaciated condition and had been in evident pain all day; was so weak he could just whine, but every now and then would turn round sharply towards his flank (like a horse with colic) and cry out louder. I diagnosed worms, but as he was only 3 to 4 weeks old feared treatment would be of little avail in his exhausted state. He was given 10 drops of laudanum to quiet his pain and 15 drops of the fluid extract of pink and senna. Next morning he was running about in a lively condition, I was told, having voided a good many worms. I had almost expected to have been making a *post mortem* examination; though this is not the first time I have seen a puppy saved when almost at the point of death from worms. While pink and senna are old remedies for worms, the preparation mentioned is new, for both drugs are combined in the extract. It is the safest remedy I know of for very young puppies. One may give 10 drops, 3 times daily, and then follow by a dose of castor oil, to a small puppy without danger; and it is just with these very young ones the difficulty is found. Later they can bear the sure but somewhat trying treatment with areca nut.

*Sulphur as a Remedy.*—Sulphur has been so long and so much used by the non-professional part of the public that one must not dismiss it as "an old woman's cure" or a breeder's panacea. The fact is that sulphur rightly used is a valuable medicine especially for dogs. It is a gentle laxative suitable for all breeds, all ages, and practically all individuals. It is a medicine that not only acts on the bowels but the skin and probably in a great variety of ways on the organism as a whole. It has the great merit of being one of a few rem-

edies that dogs in most cases will take mixed up with their food; and all who have experience know that dosing dogs is at the best trying business. Sulphur is no cure for distemper. It is applied externally for sarcoptic mange (itch), however, about the only remedy there is, strictly speaking. When a dog is a little out of order and shows it by his skin then is the time to give him from  $\frac{1}{2}$  to 1 teaspoonful of the flowers of sulphur in his food for a day or so. It will then do him more good than arsenic, which is so often resorted to by breeders for every form of skin disease. At the outset arsenic is almost never useful. Later in skilful hands it is valuable. Sulphur may be considered one of the best laxatives and alteratives for the dog.—*Mount Royal.*

#### SPANIEL PRIZES.

AT a meeting of the executive committee of the American Spaniel Club, held in New York on Dec. 1st, it was decided to award the following cups at the forthcoming Westminster Club show, viz.: The American Spaniel Club's Field Spaniel cup, solid silver, value \$100; the American Spaniel Club's Cocker Spaniel cup, solid silver, value \$100; the American Spaniel Club's stud dog trophy, value \$25; the American Spaniel Club's American Field cup, solid silver, value \$100; which, with the usual cash prizes offered by this club, will make keen and unusual competition.

It has also been decided to hold the second annual dinner of Spaniel exhibitors and lovers of the breed during the show, arrangements for which are in the hands of Messrs. Wilmerding and Keasbey, to which all Spaniel men are invited. The annual meeting of this club will be held on Feb. 24, 1892, at 4 p. m. ROWLAND P. KEASBEY, Sec'y. NEW YORK, Dec. 4th.

#### CHAT FROM KINGSTON.

THE Kingston and Bancroft Kennels have sold their stud dog Grouse 743, to a gentleman in Indiana. Mr. Corbett informs me he was reluctant to part with Grouse, but the price offered was too tempting to refuse. While I am not at liberty to state the amount I can say, having seen the telegram completing the sale, that it was well up in three figures. This kennel has sold no less than seven Setters during the past month. Kents Rex will replace Grouse in the stud. He is a fine young dog of the Lavarack type, a son of Ch. Kent II, and a grandson of Ch. Count Howard; with his rich breeding he will no doubt be sought after by breeders wishing to get the fashionable Sir Alister blood into their kennels.

Mr. T. Carson has now a pair of Irish Water Spaniels, having bought a young dog to mate Countess Bendigo; the dog is superior to Countess in every way.

Dr. C. K. Clarke of Rockwood, is getting together quite a string of Fox Terriers, Gordon Setters, etc. The doctor is the kind of man cynologists will welcome to their ranks, being a great lover of dogs, enthusiastic in everything he undertakes, and with a reputation beyond reproach. I for one extend the right hand of fellowship.

Mr. Alex. Milne, also of Rockwood, has a great lot of dogs, and can with ease run the gamut from the treble Toy Terrier to the base Mastiff, without dropping a note.

Mr. H. Bates has sold nearly all his Fox Terriers, getting good prices. I understand he is going to add Dachshunds to his kennel.

Mr. T. McK. Robertson has some very promising Cockers, the best in town, so he says, but George McCullagh is of a different opinion, and maintains his dogs can knock Robertson's out in three rounds. Arthur Fields thinks the Cockers owned by other fanciers in the city don't amount to shucks, and that he has the only good lot. Arthur doesn't believe in dog show awards either, "prizes don't amount to nothing, it all goes by favor anyway, it's the man at the other end of the chain that gets the money, and the colored man is not in it, with his white brother." I often wonder how far Arthur is wrong.

Mr. R. E. Kent has a couple of fine young English Setter dogs, one is particularly good, and will in all probability make a "corker," he is out of the Kingston and Bancroft Kennels' Liberty II, (now sold), and is by their Kents' Rex. He has also Ruby K, not a bad kind of a bitch, but not up to the standard; however, the Setter men will have to look to their laurels, as Mr. Kent is on the war-path, and is scouring America to secure a bitch that can down all the other bitches in the country, and I wouldn't be much surprised if he "got there," time will tell, however.

I notice in the report of the late Cincinnati show that Mr. J. D. G. Shaw's Cocker bitch, Busy, was entered in the name of the Ancient and Modern Kennels, Toronto, and pulled off the blue ribbon. Now this is too bad, as Kingston should have the honor of this win, not Toronto. I wonder how George got around rule 2 of the American Kennel Club rules. Who owns Busy anyway? That's the question.

John Oram is talking, in fact has been talking for the past three or four years, about establishing a Setter kennel, and

has at last purchased the foundation in a Setter puppy. John believes in thinking matters well over before deciding, so by next fall, he will have, in all probability, another.

I understand the Fair Association will hold a dog show next fall. A little jealous of the Kennel Club's success last September. The Kennel Club will hold their show on the same date, and I bet a red herring the Fair people won't have a very large entry. The dog men will not forget who it was that gave them a show last fall, when the Fair authorities sulked and refused to hold one.

Mr. Luther Breck intends going into Fox Terriers extensively and has already purchased several from well-known breeders. The other Fox Terrier men in town say Mr. Breck's purchases will not trouble them greatly, as will be seen at our next bench show. Luther, however, has a trump card up his sleeve, and with his well-known wink, says, the boys will hear something drop when the show season arrives.

Mr. G. S. Oldrieve has a fine litter of Fox-Terrier pups, out of Dudley Slave, by Belvoir Trump. He thinks Mr. Breck and Mr. Harry Bates will not be in it when he puts these pups on the bench.

Mr. Garry Elmer is getting together some fine specimens in black and tans and thinks they are the only dogs worth keeping.

DASCHUND

#### HAMILTON NOTES.

(Communicated.)

**M**R. Wm. McDonald is besieged these days with applications for red Cocker puppies. He has some good ones but

does not propose to part with them too soon. One young dog, Red Jacko, is especially good, and if he is sent down New York in February ought to make to things hot in the puppy classes.

The partners in the Hamilton Irish Terrier Kennel Club are Col. Axworthy, Andrew Murdoch and John Hood. Their first purchase, Rugby Norah shows that they are determined to get the best.

Dr. Griffin has purchased from Mr. F. F. Dole the Bull Terrier bitch Belle of Edgewood.

Mr. A. D. Stewart has a litter of smooth Fox Terriers by Champion Raby Mixer out of his own Suffolk Riot, which are said by those who have seen them to be about the finest puppies seen in Canada.

Mr. David Gillies has purchased the brindle Bull Terrier Sailor from his late owner in Oshawa.

Mr. E. R. Ricketts is in hard luck. About a fortnight ago, his two dogs Bruce, a valuable Collie, and Worry, an Airedale Terrier, had a misunderstanding which they agreed to settle in the twenty-four foot ring. Unfortunately however, the scene of the combat was laid in Mr. Ricketts' boarding house, and to this the housekeeper decidedly objected. Just as the battle was at its height, the incensed lady seized a bottle of ammonia and drenched the dogs so bountifully with it as to leave them almost blind at her feet. Dr. Mole was called in promptly, and under his able treatment the burns were attended to, but not before both dogs suffered untold agony.

On Sunday last whilst out for a walk with his master old Bruce essayed to leap a ditch but falling short in his jump fell to the bottom and when picked up was found to be dead. A *post mortem* revealed the fact that death was due to rupture of the diaphragm, and Mr. Ricketts loses a really fine dog. But Bruce will be happier in the other world than in this for ammonia will probably be an unknown quantity beyond the blue.

EDGEWOOD FANCY.

Editor Gazette:—

IN your Nov. issue there is a paragraph stating that Mr. H. Wright, Toronto, has bought the Bull Terrier bitch Edgewood Fancy from Mr. Frank F. Dole, New Haven. This must surely be a mistake, as I bought Edgewood Fancy from Mr. Dole three months ago. She is in whelp to Gully the Great, and I expect will breed some sure winners from this cross.

Yours truly,  
A. T. WILGRESS,  
Clarksburg, Ont.

Nov. 18, '91.

[We heartily apologise to our correspondent for the unintentional error we were led into and hope that his expectations of the future may be fully realized.—ED.]

THE REPORTS ON THE MONTREAL SHOW.

Editor Gazette:—

FROM the account of your special reporter in the October "extra" one might infer that there was much to censure and little to praise.

As the circuit wears on several causes conspire to render exhibitors inclined to grumble, such as the weariness, irregularity and excitement of show life, the disappointments, the heat, etc., not to mention the dissipation in which too many indulge, and which I regret to learn was favored by the liberal supply of free grog in certain quarters. This may have been well meant but is it not a very dangerous experiment? Certainly it has wrought mischief and it is to be hoped that those concerned will think well before it is repeated. Hospitality and cordiality are good, but we must draw the line

From letters that I have received from some of our oldest show-goers, I am informed that exhibitors as a whole, have been well pleased with the treatment they received on the Canadian circuit, including its last two shows; and these experienced gentlemen are of opinion that the grumbling indulged in regarding some of the shows in the American press, (and I now regret that we must add in this last instance the Canadian press) is to be attributed to one or two individuals on this side of the line who like the traitors in nearly every military camp are ever ready to betray their friends (professedly) to the enemy. However, they are now pretty well known and their influence is but small.

It is not my intention to advert further to the Montreal show except in so far as the judge is concerned. I do not know who your special reporter is, Mr. Editor, but I think he made a great mistake in so openly attacking a judge of such experience and reputation as Mr. John Davidson.

If towards the close of a very long and a very hard day's work, the judge borrowed the use of a pair of younger eyes than his own to ascertain if the dogs were "faked," as he informed me afterwards was his purpose, why should he be condemned? The real mistake was in having this class judged at so late an hour, and against this exhibitors should have protested. But did they? No, and more, they wanted the Yorkshires judged in the twilight after that, and a very irritated lot of people they were when the Superintendent took a decided stand against this and stopped the judging. It would have been well if he had not allowed the judging of Black-and-Tans to go on at all that evening. Now, if there is any one thing that threatens to ruin judging at shows at the present time it is this haste to get the awards settled. Exhibitors seem to be willing to have dogs judged

in any sort of a miserable apology for a ring, with any amount of haste and superficiality provided they get the awards decided—and then follows abuse of the judge, management—the disappointed exhibitor, abandoning of breeding, etc., etc.

Why is it we cannot take the time to do things and do them thoroughly? It is to be hoped that the influence of all will in future be in this direction *i.e.* care and thoroughness.

Yours truly,

THE SUPERINTENDENT OF THE MONTREAL SHOW.

[Received too late for last issue.—ED.]

INTERNATIONAL FIELD TRIALS.

AT Chatham, Ont., last week you could have seen what Canadians had to show in the way of field trial dogs, and any sportsman not attending missed a treat, and I am satisfied that the leading American sporting papers, the *American Field*, represented by Major J. M. Taylor, also representing the *Fishing and Shooting*, and the *Forest and Stream*, represented by Mr. Hough, will say that our Canadian dogs for bench form and field work are second to none. We had sixteen starters in the Derby and the same number in the all-aged, and I consider it a good showing. Rhewilas, my newly imported Setter, won 1st in Derby, this young dog also won 2nd in open class at Toronto, 1st in novice, showing clearly that bench show dogs are also field dogs. Canadian Jester won 2nd, and Westminster Drake won 3rd in the all aged stake, also bench show winners. The two latter I placed in the stud at the nominal sum of fifteen dollars to enable men to breed to good field and bench show dogs. Whilst at Chatham, I think I convinced some of the dog men that they are in duty bound to become members of the C.K.C. Chatham is a great dog centre, and contains some royal good sportsmen.

T. G. DAVEY.

## THE AMERICAN COCKER SPANIEL CLUB STANDARD.

(Published by Request.)

THE Standard of Points of the Cocker Spaniel as defined and adopted by this Club, is as follows:

A Cocker Spaniel must not weigh more than 28 lbs., nor less than 18 lbs.

General appearance, symmetry, etc., (value 10).

A Cocker Spaniel should be eminently a well built, graceful and active dog, and should show strength without heaviness or clumsiness. Any of the Spaniel colors are allowable, but beauty of color and marking must be taken into consideration.

Head, (value 15), should be of fair length, muzzle cut off square, tapering gradually from the eye, but not snipey, skull rising in a graceful curve from the stop, and with the same outline at the occiput, the curve line being flatter but still curving at the middle of the skull. The head should be narrowest at the eyes and broadest at the set-on of ears; and viewed from the front, the outline between the ears should be a nearly perfect segment of a circle. The stop is marked, and a groove runs up the skull, gradually becoming less apparent, till lost about half way to the occiput; this prevents the domed King Charles skull; and there should not be the heaviness of the large Field Spaniel, but a light, graceful, well balanced head. Jaws level, neither undershot nor pig-jawed; teeth strong and regular.

Eyes, (value 5), round and moderately full. They should correspond in color with the coat.

Ears, (value 10), lobular, set on low leather fine and not extending beyond the nose, well clothed with long silky hair, which must be straight or wavy, no positive curls or ringlets.

Neck and Shoulders, (value 10), neck should be sufficiently long to allow the nose to reach the ground easily; muscular, and running into well shaped, sloping shoulders.

Body, (value 15), ribs should be well sprung; chest of fair width and depth; body well ribbed; back short in coupling; flank free from any tucked up appearance; loin strong.

Length, (value 5), from top of nose to root of tail should be about twice the height at shoulder, rather more than less.

Legs and feet, (value 15). The fore legs should be short, strong in bone and muscle, straight, neither bent in nor out at elbow. Pasterns straight, short and strong, elbows well let down. The hind legs should be strong, with well bent stifles, hocks straight looked at from behind and near the ground; feet should be of good size, turning neither in nor out; toes not too spreading. The soles should be furnished with hard horny pads, and there should be plenty of hair between the toes.

Coat, (value 10), should be abundant, soft and silky, straight or wavy, but without curl; chest, legs and tail well feathered; there should be no top-knot or curly hair on top of head.

Tail, (value 5), usually docked, carried nearly level with the back, at work it is carried lower, with a quick nervous action, which is characteristic of the breed.

## THE INTERNATIONAL FIELD TRIALS.

THESE trials have been reported very fully in the sporting press, and as our space is necessarily limited, we have room for but the summary. The trials were most successful in every way and yearly increase in interest and importance.

## SUMMARY.

## INTERNATIONAL DERBY.

## First Series.

Mr. J. L. Campbell's black and tan Gordon Setter dog Pendennis, (Beaumont—Becky Sharp)

## ran with

Mr. W. B. Well's black and tan English Setter bitch Daphne (Toledo Blade—Cambriana).

Mr. W. J. Bennett's black and white Pointer dog Sam H. (Sport—Dodo).

## ran with

Dr. Jos. Kime's black and white Setter bitch Lou Dido (Mingo—Lou Moll).

Mr. W. B. Well's black, white and tan Setter dog Luke (Toledo Blade—Cambriana)

## ran with

Mr. E. H. Gilman's black and white Setter bitch May I. (Tip Gladstone—Queen of Counts).

Mr. T. G. Davy's blue belton Setter dog Rhwilas (Down—Scouaidh).

## ran with

Mr. W. H. Tighe's black and white Pointer dog R. K. (Sport—Dodo).

Mr. T. G. Davey's black Pointer bitch Lucky Deal (Luck of the Goat—Midget)

## ran with

Mr. B. Williamson's black and white Setter bitch Carrie (Darkey—Spark).

Mr. Herbert W. Kipp's lemon and white Pointer dog Roger (Bang F—Nellie)

## ran with

Mr. W. B. Well's blue belton Setter dog Romney (Toledo Blade—Cambriana).

Mr. J. W. Shaw's lemon and white Pointer dog Central Bang (Trinkets' Cash—Van Bang)

*ran with*

Mr. Thos. Johnston's blue belton Setter bitch Manitoba Patti (Dick Bondhu—Manitoba Belle).

Mr. Thos. Johnston's blue belton Setter bitch Manitoba Pet (Dick Bondhu—Manitoba Belle)

*ran with*

Mr. W. B. Well's black and tan Setter bitch Ticky-Tack (Toledo Blade—Cambriana).

*Second Series.*

Sam H. and Roger.

Lou Dido and May I.

Rhwilas and Carrie.

Romney and Manitoba Patti.

Luke and Central Bang.

*Third Series.*

May I, and Rhwilas.

Lou Dido and Luke.

Carrie and Manitoba Patti.

*Fourth Series.*

May I, and Luke.

*Fifth Series.*

Luke and Manitoba Patti.

Rhwilas first. Weight 50 lbs.

May I second. Weight 38 lbs.

Luke third. Weight about 44 lbs.

Manitoba Patti. Weight 41 lbs.

Moneys were: First, \$40; second \$20; third, \$10; fourth \$5.

*ALL AGES STAKE.*

Mr. T. G. Davey's liver and white Pointer Dog Westminster Drake (Lad of Bow—Kate VIII.)

*ran with*

Mr. W. B. Well's black, white and tan Setter dog Matane (Mark J.—Cambriana).

Dr. Jos. Kime's black and white

Setter bitch Lady Patch (Mingo—Lady Thunder)

*ran with*

Mr. T. G. Davey's Liver and white pointer dog Axtel King Don (King Don—Meteor's Dell).

Mr. Thos. Johnston's blue belton Setter bitch Manitoba Pet (Dick Bondhu—Manitoba Belle)

*ran with*

Mr. T. G. Davey's liver and white Pointer bitch Lady Gay Spanker (Rumor—Lady Norrish).

Mr. T. G. Davey's blue belton Setter dog Canadian Jester (Knight of Snowdown—Champ. Leddersdale)

*ran with*

Mr. H. Milkins's liver and white Pointer dog Count Graphic (Lord Graphic—Lassie Faust).

Mr. A. Mather's black and white Setter bitch Dart (Darkie—Spark)

*ran with*

Mr. W. B. Well's black, white and tan Setter dog Luke (Toledo Blade—Cambriana).

Mr. W. B. Well's black and white Setter bitch Cambriana (Cambridge—Romp)

*ran with*

Mr. Thos. Johnson's liver and white Pointer bitch Ightfield Blithe (Dancer Bloom).

Mr. Thos. Johnson's liver and white Pointer dog Ightfield Upton (Ightfield Dick—Polly Peachem)

*ran with*

Mr. Geo. Kime's lemon and white Setter bitch Rose Rapid H (Mingo—Rose Rapid).

Dr. Jos. Kime's black, white and chestnut Setter bitch Lady Spot (Mingo—Lady Thunder)

*ran with*

Mr. L. Hilsendegen's red Irish Setter dog Dan O'Connell (Sarsfield—Coe H.).

*Second Series.*

Westminster Drake and Ightfield Upton.

Matane and Axtel King Don.

Lady Patch and Canadian Jester.

Lady Gay Spanker and Ightfield Blithe.

Dart and Rose Rapid II.

Cambriana and Lady Spot.

*Third Series.*

Lady Patch and Westminster Drake.

Rose Rapid II. and Axtel King Don.

Lady Gay Spanker and Cambriana.

*Fourth Series.*

Ightfield Blithe and Canadian Jester.

*Fifth Series.*

Westminster Drake and Cambriana.

Ightfield Blithe first. Weight 39lbs.

Canadian Jester second. Weight 50lbs.

Westminster Drake third. Weight 60lbs.

Cambriana, 35lbs., and Lady Patch, 45lbs., dividers of fourth.

Moneys were: First, \$75; second, \$40; third, \$20; fourth, \$10.

*The Absolute.*

Ightfield Blithe against Rhwilas.

Ightfield Blithe won.

THE WHITE ENGLISH TERRIER.

**F**OLLOWING is the description approved by the White English Club, England.

1. Head—Narrow, long and level, almost flat skull, without cheek muscles, wedge-shaped, well filled up under the eyes, tapering to the nose, and not lippy.

2. Eyes—Small and black, set fairly close together, and oblong in shape.

3. Nose—Perfectly black.

4. Ears—Cropped and standing perfectly erect.

5. Neck and Shoulders—The neck should be fairly long and tapering from

the shoulders to the head, with sloping shoulders, the neck being free from throatiness, and slightly arched at the occiput.

6. Chest narrow and deep.

7. Body—Short and curving upwards at the loin, ribs sprung out behind the shoulders, back slightly arched at loin, and falling again at the joining of the tail to the same height as the shoulders.

8. Legs—Perfectly straight and well under the body, moderate in bone, and of proportionate length.

9. Feet—Feet nicely arched, with toes set well together, and more inclined to be round than harefooted.

10. Tail—Moderate length, and set on where the arch of the back ends, thick where it joins the body, tapering to a point, and not carried higher than the back.

11. Coat—Close, hard, short, and glossy.

12. Colour—Pure white, coloured marking to disqualify.

13. Condition—Flesh and muscles to be hard and firm.

14. Weight—From 12 lb. to 20 lb.

#### COCKER—FIELD SPANIEL TYPE.

WE read and hear now-a-days much controversy over this vexed question. Some say the Cocker is nothing but a small Field Spaniel, others affirm the two types are distinctly different. A case occurred at the late Toronto show which proves how very much these "babies" are "mixed." A black dog bred from a Cocker bitch and a Cocker dog won 1st in a Field Spaniel class, while a bitch from the same litter was noticed in two Cocker classes. The following questions will intrude themselves; is a Cocker a Field Spaniel? or is a Field Spaniel a Cocker? or are they both alike? or which is which anyhow?

#### THE DOG, IN HEALTH AND IN DISEASE.

INCLUDING HIS ORIGIN, HISTORY, VARIETIES, BREEDING, EDUCATION, AND GENERAL MANAGEMENT IN HEALTH, AND HIS TREATMENT IN DISEASE.

BY WFSLEY MILLS, M.A., M.D.,  
D.V.S., ETC.,

*Professor of Physiology in the Faculty of Human Medicine and in the Faculty of Comparative Medicine and Veterinary Science of McGill University, Montreal; Lecturer on Cynology in the latter Faculty; author of Animal Physiology, Comparative Physiology, etc.*

WITH THIRTY-EIGHT FULL-PAGE CUTS, ONE COLORED PLATE, AND NUMEROUS OTHER ILLUSTRATIONS.

MESSRS. D. Appleton & Co., New York, the well-known publishers, send us a prospectus of Dr. Wesley Mills' new work on the dog to be issued at once. Dr. Wesley Mills' name is well-known to readers of the GAZETTE, and personally we look forward to a perusal of the work (which we hope to review next month) with anticipation of very great pleasure.

We cannot do better than give the contents of the prospectus sent us, which are as follows:

It is an acknowledged fact that the medical and hygienic treatment of the dog ought to be undertaken from the standpoint of the practitioner of human rather than that of equine medicine. Success in this line of practice implies

a knowledge of the dog as a dog. There is, as a matter of fact, no work on the dog that treats the animal from the true point of view; and this is keenly felt by breeders, to whom it is a great drawback, as it also is to the veterinary profession, the members of which recognize the above mentioned fact.

The author of this work has undertaken, in a clear, concise, untechnical way, to supply the large class of intelligent dog owners and breeders, and veterinarians, with the information necessary for the proper care, management, and treatment of the dog in health and disease. His well-known reputation as a writer and lecturer on human and veterinary physiology, his special study of canine diseases, and his long experience as a breeder of dogs, insure a thorough and correct handling of the subject.

The work is profusely and beautifully illustrated, having thirty-eight full-page illustrations of the different breeds of dogs, one colored plate, and many woodcuts in the text. In the matter of diagnosing and treating diseases the author has endeavored to make the subject so plain and simple that any intelligent dog-owner can readily understand and correctly apply the proper methods. Full instructions are given for the management, breeding, and training of dogs; and the work is in short, such a one as no veterinarian, dog-owner, or breeder, can fail to appreciate.

#### FROM SARNIA.

MR. HARRY GORMON writes us: "I send you herewith, pedigree of the Dandie Dinmont bitch, recently imported from Scotland by Mr. Robert Wanless, of Sarnia. She is called Sarah; whelped May 17, 1890, and is by Border Jim, ex Fan. Border Jim is

by Border Vipper, ex Musk. Musk is sister to Champion Heather Sandy and Ch. Heather Peggy, the property of Mr. Leatham. Fan is by Border Prince, ex Watson's Flora. Sarah was bred to one of the best Dandies in Scotland before being shipped to Mr. Wanless, and whelped shortly after her arrival here. The litter consisted of seven—one dog, six bitches. The dog pup died when about a week old. Experts who have seen Sarah, pronounce her a first-class specimen of the breed, and the puppies also give promise of equalling their dam.

## KENNEL REGISTER.

We make no charge for entries in this column, all we ask is that registration be made in the following form. Write plainly.

### WHELPS.

Mr. J. H. Cayford, Box 1,168, Montreal is our Agent and Correspondent for the Province of Quebec. Any correspondence relating to subscriptions or advertising may be addressed to him.

## U. S. OFFICE.

We have established a branch office at Boston, Mass., U. S. Readers will receive prompt attention to their enquiries when addressed to P.O. Box 1379 Boston.

The attention of our readers is directed to the advertisement of Munn & Co., patent solicitors, in another column. Their name is familiar to patentees throughout the country. In connection with the publication of the SCIENTIFIC AMERICAN for the past forty-five years, they have made the drawings and specifications for more than one hundred and twenty thousand inventions, and their facilities for obtaining patents were never better than now.

Sold for no fault, no place to keep them. C. A. Stoen, Toronto, Ont.

**To Mothers, Wives and Daughters.**  
**DR. ANDREWS' FEMALE PILLS**  
—The effect of certain medicines having been clearly ascertained, females are surely relieved from their distressing complaints, the specifics for those being infallible in correcting irregularities, removing obstructions from any cause whatever, and the only safe, sure and certain remedy for all those distressing complaints so peculiar to the female sex. They are, however, nothing new, having been dispensed from his office for 45 years, and are not an experiment. Explicit directions, stating when they should not be used, with each box. Pills sent to any address on receipt of one dollar. Circulars free. All letters answered promptly without charge when stamp is inclosed. Communications confidential. Address R. I. ANDREWS, M.S., 38 Gerrard St. West, Toronto.

## The Phenomenal Red Dog, Champ. Red Jacket,

A.K.C.B.D. 14957.

Fee \$15.00.

Red Jacket is the most beautiful Cocker Spaniel in America. His coat of a rich chestnut red, has never seen its equal.

Red Jacket has been but two seasons on the bench, and his record there is phenomenal:

1st (open class)	New York,	1890
1st (puppy class)	New York,	"
2nd (ovice class)	New York,	"
2nd American Spaniel Club Stakes	New York,	"
1st and Special	Chicago,	"
1st "	Rochester,	"
1st "	Baltimore,	"
1st "	Cincinnati,	"
Championship	Toronto,	"
Special for best Cocker in the Show, defeating every good show dog in Canada and many from U.S.	Toronto,	"
Championship	London,	"
2nd "	Hamilton,	1891
Championship	Toronto,	"
"	Montreal,	"
"	Ottawa,	"

Red Jacket never fails to get large and strong litters, and bred to red matrons will be guaranteed to produce solid red pups.
