SPRATTS PATENT

BY SPECIAL APPOINTMENT.

TRADE MARK

BY SPECIAL APPOINTMENT.

SPRATTS PATENT (AMERICA), LIMITED

PATENT MEAT FIBRINE VEGETABLE

DOG CAKES

(WITH BEETROOT).

MR. H. R. T. COFFIN, Glens Falls, N.Y., writes 7th July, 1887:

"The continued use of your dog cakes has proved very satisfactory to me in feeding all of my kennel dogs, both large and small, old and young, and they are thriving on the use of it to the exclusion of all other food. I shall and do take pleasure in recommending Spratts' Patent Dog Cakes."

Mr. Jas. Mortimer says of our Patent Cod Liver Oil Meat Fibrine Dog Cakes, with Beetroot

SPRATTS PATENT (AMERICA) LIMITED.

Westminster Kennel Club, Babylon, L.I., October 6th, 1887.

GENTLEMEN,—I think it proper to state that I attribute the excellent condition of our pointers, and particularly of Bang-Bang (always a most difficult dog to get right), to the fact that six weeks prior to the Waverly, N.J. show I fed them almost entirely on your Cod Liver Oil cakes. I have also found the cakes invaluable for puppies recovering from distemper and other complaints of a debilitating nature. Send 500 pounds some time next week.

JAMES MORTIMER, Superintendent.

Especially valuable for preparing BAD FEEDERS for EXHIBITION. In cases of DISTEMPER, ECZEMA and other diseases, they are especially valuable, and are a most successful food for DELICATE and DAINTY FEEDING DOGS. The abundance of natural phosphates they contain insures their being a perfect food for young, growing puppies, particularly of a large breed, such as St. Bernards.

Celebrated Mange Cure sold in bottles, gallon and Half Gallon Jars.

"The Common Sense of Dog Doctoring." Price 25c., or post free, 28c.

Spratts Patent Limited Dog Medicines.

Dog Soap. Is entirely Free from Poison, and most effective in the destruction of Lice, Fleas and Ticks, and in keeping the skin free from scurf.

Small Pamphlet on Canine Diseases, post free. Address—

A.K.C. 19379.
C.K.C. 406.

By Champion Dad Wilson—Champion Bohemian Girl.

Winner of 2nd Puppy class and 3rd Novice class, New York, 1891. Half brother to the famous field trial winner, Paul Bo, and full brother to Amy Robsart, winner of 1st Open class, Chicago, 1892.

Fee \$20.00.

GEO. C. HORE,
Hamilton, Ont.

A T STUD—BLACK COCKER,

DONO

C.K.R. 500.

Whelped July 10th, 1889, weight 23½ lbs. This grand dog will serve a limited number of bitches at the nominal **Fee of \$10.**

IRISH SETTER—

SHAUN RHUE,

C.K.R. —

Sire of Mr. Douglas' prize bitch, Irene, and many other prize winners. Has been pronounced without doubt the finest coated Irish Setter in the Dominion.

J. G. MITCHENER,

123 Scott Street, Toronto.

A T STUD—

Westminister Drake

Liver and white Pointer. A first price winner and a first-class field dog. **Fee \$25.**

My reasons for placing the fee so low is to enable all to breed first-class stock. No better bred dog in the country.

NOTES AND COMMENTS

MR. R. WANLESS, SARNIA,

AS imported the pepper Dandie Dinmont Terrier dog Rodger, from Mr. Worley. Rodger was bred by Mr. J. H. Hutchinson, of Edinburgh, and was whelped June 8th, 1891. He is by Lomond Prince, (Rab—Fanny) out of Floss, (Hatteraick—Dandy Polla).

TORONTO DOG SHOW.

Entries are already coming in and the prospects are from present indications that the number of dogs benched will run over that of last year.

MR. STONE WRITES US:

"The English Setter Club of America has kindly donated the Club's medals to the breeder of the best English Setter dog or bitch without regard to ownership, and to the best English Setter dog or bitch with a public field trial record, to be competed for at the 4th Annual International Dog Show of the Industrial Exhibition which will be held at Toronto, Canada, September 12th, 13th, 14th, and 15th. The Cincinnati, Dayton and Ohio R. R. has just notified me that they will carry dogs free

over their lines, and the Dominion Express Company will return dogs free upon prepayment of regular rates going." As there may be some possible misunderstanding he supplies us with the following information regarding the Beagle classes. "I wish to call the attention of intending Beagle exhibitors at the coming Toronto Dog Show, as there seems to be some misunderstanding as to the interpretation of the reading of the classes. Classes 137, 138, 139, 140 are for Beagles 15 to 13 inches inclusive, classes 142, 143, 144, 145 are for Beagles under 13 inches, consequently a 12½ inch can't be entered in 15 to 13 inch class any more than a 15 inch Beagle can be entered in the under 13 inch class. Entries for all sweepstakes to be made on the same entry forms as used for the other classes. Canadian exhibitors must distinctly state if they wish to compete for the Canadian Kennel Club's specials. All entries close September 1st." We may add that none but *members of the Club* can compete for the C. K. C. diplomas.

MR. HARRY L. GOODMAN,

late of Auburn Park, Ill., now of Nashville, Tenn., journeyed to Montreal this month to select a brace of Great Dane puppies, dog and bitch, from the Mount Royal Kennel's Ch. Melac—Minever's Fawn litter. He is full of his new farm of 100 acres and thinks he has located on the exact spot most suitable for a large kennel.

MR. R. G. WILKIE, TORONTO,

has been presented by Mr. W. Simpson, of Eyemouth, England, with the King Charles Spaniel bitch, La Fleur, whelped January 22nd, 1892. She is by Le Roi (Ch. Bendro II.—Lady Ellenboro) out of Princess Adelaide de Bourbon, (Ch. Jumbo II.—Ch. Grace Darling.) Mr. Wilkie purposes sending her round the fall circuit.

THE ANNUAL MEETING

of the C. K. C. will be held on the Tuesday of Toronto show week. Each member will be notified through the mails of the time and place.

THE INAUGURAL MEETINGS

of the proposed Canadian Breeder's Association and Canadian Fox Terrier Club will probably be held at the same time and place.

MUZZLING BY-LAW REPEALED.

London had on its civic statutes a by-law compelling the muzzling of all dogs at large which was most obnoxious to its dog owners. Strong pressure by prominent citizens who claim muzzling in hot weather is more apt to induce rabies than to prevent it, was brought to bear on the council, and the result is that the by-law has been repealed thereby conducing to the comfort of the dogs and the satisfaction of their owners.

MR. A. LAIDLAW

has disposed of his interest in the Woodstock *Sentinel-Review* and talks of leaving that town.

THE SECRETARIES OF THE C. K. C. AND A. K. C.

are in correspondence regarding the fixing of some mutually agreeable plan for the granting of show dates on both sides of the line, so that no two may conflict. The A. K. C. at the next meeting, to be held Sept. 8th, will be asked to make a suggestion.

SHOW AT BELLEVILLE.

There is a possibility of a small bench show being held in Belleville next month in connection with the annual fall fair. Mr. H. Parker Thomas, Mr.

P. Hart and others are taking part in the movement.

MR. W. WADE, HULTON, PA.,

will be an exhibitor at Toronto having entered one of Beaufort get, by name Ealderman, in the Mastiff class.

MR. H. FALCONER, SHELBURNE,

has bought the Mastiff bitch, Attraction, from Mr. Geo. P. Dustan, of Peterboro, N. H. She is by Ch. Beaufort, out of June, (Ch. Ilford Caution—Winchell's Bess) so is exceptionally well bred. She is about one and a half years old.

MR. S. H. THOMPSON, TORONTO,

has been presented with the rough-coated St. Bernard dog, Survivor, by Monarch, out of Judy III., by Mr. A. M. Dodge, New York. Mr. Frank U. Stanton has a dog of the same litter.

MR. A. D. STEWART, HAMILTON,

has had sent over by Mr. Geo. Raper, Sheffield, the smooth Fox Terrier dog, Raby Domino, by Ch. Domino, (Pitcher—Vene) out of Dawning, (Brittle—Day Dream); color, white, with black and tan spot over left eye and ears ticked with black. He was whelped April 7th, 1890, and won 3 seconds at Haslingden.

MR. A. MURDOCH, HAMILTON,

during a recent visit to Toronto, told us that Rugby Norah, the crack imported Irish Terrier bitch had whelped six fine puppies, (three dogs) and that three had already been sold to U. S. breeders. Too bad we could not keep them in Canada. The balance of the litter will be retained by the Rugby Kennel as this kennel will in future be called.

THE TORONTO KENNEL CLUB AND ITS RESPECTED PRESIDENT.

The portrait above, reproduced from a photograph, is a good likeness of Mr. G. B. Sweetnam, the popular President of the Toronto Kennel Club. Mr. Sweetnam first saw the light in the substantial, old stone-built city of Kingston 27 years ago. His father is Mr. Matthew Sweetnam, Chief Post Office Inspector for Canada, and a brother, Dr. Sweetnam is prominent in medical circles in Toronto. Mr. Sweetnam himself is well-known in the civil service, takes a prominent part in temperance work, and is not wanting in scientific matters, being a member of the American Association for the Advancement of Science. His love for the dog is of long standing, but as an exhibitor he is still in the "novice" class. His constant companions are a brace of black Cocker Spaniels, litter brothers, from

Mr. J. P. Willey's kennels, aptly named "Nip" and "Tuck."

Mr. Sweetnam will excuse us if we here slightly digress to state that the team, though united by fraternal ties, do not invariably exercise the spirit of brotherly love. A little "misunderstanding" occurred recently between them, which left one dog with, for the time being, a slightly disfigured countenance, but which one "tuck" a "nip" out of the other we cannot at the moment say.

Leaving the subject of our brief sketch for

THE CLUB

over which he presides, we may say that it is progressive and original in its work, and is bound to succeed and prosper. It is incorporated under the Ontario Statutes, and will next month have its own club rooms supplied with all the sporting papers, a reference library, etc. At its monthly meetings during the fall and winter months papers from prominent authorities will be read, questions asked through the "Question Box" answered, and other interesting features adopted. Within the past year the club has succeeded in having the local tax on thoroughbred dogs greatly reduced, and is now, in conjunction with other organizations of a like nature in the Dominion, about to make a big effort to have the duty removed from thoroughbred dogs coming into Canada.

WHEN IS A DOG IN SHOW CONDITION?

THIS is one of those questions on which fortunately there need not be much difference of opinion, as the whole matter can be placed on a biological foundation; in other words the subject can be discussed on the basis of the laws of life and health

and not of "fancy." The question is nearly equivalent to: When is a dog in the most vigorous and healthy condition? And perhaps it will be clearer to many if the case be transferred to man. When is a man at his best? When does he most appeal to the approval of a cultivated taste so far as appearances go?

Assuming for the sake of simplicity that he is young and in his prime physically we may then enquire as to the condition that must be complied with to bring him out at a certain period at his best for public view. No man can look so well as he who is in perfect health. Nothing can take the place of the glow of health. The attire cannot add to such a man's appearance. It must simply harmonize with it and not detract from it. Now just as any one would miss the marks, who in judging men physically would lay undue stress on attire, so we judge of dogs who looks largely to coat (or colour), fails. Coat is to be taken into account in so far as it is useful to the dog, and reflects the physical condition but not further. This is generally recognized by the experienced.

Should a dog be entered for a show in the condition of an athlete for a race?

This question, it seems to me, can be answered fully well by asking another. Is the condition of the athlete the best for resisting disease and the ordinary wear and tear of life? The very fact that all athletes find it necessary to go out of training seems to imply that this is not the case.

The athlete who is to run a hundred yards dash, or a quarter of a mile, perhaps, in heats, may be compared to the Greyhound or field trial dog, and their condition should manifestly approximate. But the Greyhound for show purposes, and the Setter or Point-

er also, should not be brought to so "fine" a condition because they suggest an inability to resist wear and tear, or, at all events, they do not suggest enough to the rough eye what seems to be essential in a show dog, the capacity to enjoy life fully and do the ordinary work required of him, and there is a certain loss of symmetry, which loss we probably recognize because we are accustomed to judge them by our ordinary experiences. In the athlete the muscles are too prominent, and we know that more than muscle is necessary to succeed in any avocation of life. Nevertheless the man who lacks muscle is not fit to be a blacksmith, or fill any calling requiring physical power and endurance.

I wish to make it clear, however, that physical balances with at the same time reference to the special work to be done, must ever be kept in mind as regards men and dogs, and I discuss them together because they are so much alike.

Except in the case of toy dogs, and perhaps one or two other breeds, muscling, both as regards quantity and quality, must receive attention, and in the case of all dogs the subject can only be rationally considered when the dog's work or the purpose for which he is or was kept is before the mind. Hence, a judge who does not feel his dogs must overlook in no small degree one of the most important points in show condition.

Of course, the widest conception of show condition is health, but this implies muscular development to a certain point in all dogs, and in some to a special degree, never leaving out of account the consideration of the animal as bred for a specific purpose, as some breeds are naturally more active than others. In one respect the dog, and especially the pure bred animal differs a good deal from man. Almost every

ailment of the dog shows itself in the skin, all digestive disturbances especially, to which pure bred dogs are liable in a high degree are at once reflected in the skin.

Parasites and parasitic mange apart, the digestive tract of the dog has more to do with the condition of his skin than all the rest of him together. Hence, the great difficulty of keeping dogs in good condition as regards coat and skin in summer. So that the problem of conditioning a dog at this season of the year resolves itself very much into keeping his digestion in order.

To this end ventilation, exercise, amusement, feeding and grooming, all must be taken into account.

Feed a dog perfectly correctly and shut him up day and night in a stuffy, illventilated apartment and he will go wrong because his digestion cannot stand this abuse. Take a dog out and exercise him in the morning to the point of fatigue on an empty stomach, and when brought in turn the animal into his kennel without either grooming or feeding, and he will soon go out of condition. I wish those who believe that a dog should be fed only once a day would try that plan on themselves. They would probably soon come to a different opinion. There are dogs that do better if so fed, but this is exceptional, and a light breakfast soon after exercise is no doubt the most in accordance with nature. A dog fed only once a day will as a rule eat too rapidly and too much, both of which tend to indigestion.

A dog's skin requires more attention than a man's, and half the time spent on grooming is better than the whole in exercise alone. The preparation of a dog for shows by drugs, and especially arsenic, in any form, cannot be too strongly condemned. Such a remedy should only be purchased by an expert in canine medicine. It is very easy to

ruin a dog for life by a course of dosing with arsenic, though it may seem to answer a good purpose at the time. Such things are best known, of course, to those of much experience with drugs.

Dogs, like men, improve under a change; and to take one's canine companions to some bit of green sward where they can have a romp and a roll will do them more good than ever so much exercise around their own yard, every inch of which is familiar.

Not to go at length into feeding—It is better to feed what is found to agree with the dog, giving him variety and what he relishes, provided it be not too rich or stimulating, and the best purpose will be served. We must ourselves give far more attention to variety and method of preparation of food in summer than in winter, and also avoid what is specially stimulating, as rich gravies, etc.

After what has been said it will be necessary to point out that dogs of any breed should not be shown in a gross or obese condition. By this means no doubt many St. Bernards and dogs of other large breeds are ruined for breeding purposes and their lives shortened.

It is also plainly important that great attention should be given to encouraging exhibitors to exhibit their dogs in good condition, i.e., in as good health as possible, in the widest sense of the term.

There is considerable difference of opinion as to the value judges should set on condition in placing their awards. It is sometimes said that a good dog cannot be placed justly below one to which he is superior when in good condition, especially as condition is fluctuating.

This is a most dangerous stand to take, as it at once is a tacit admission that the dogs are not judged as they appear at the time. The effect is bad on the handler of the dog as he is apt

to get careless. We have all seen champions at shows in shocking condition. If the prize had been withheld, even in the absence of competition, the evil would soon have been rectified.

Of course there is something to be said on both sides of this question as it applies to judging, but perhaps enough has been written to set us all questioning at least and an inquiring state of mind is a healthy one.

Yours truly,

MOUNT ROYAL.

THE DOG WHO STAYS AT HOME.

Editor Gazette:

THE time for our Industrial Exhibition Dog Show is drawing nigh and I think it an opportune moment in which to say a few words to the men who own good dogs and neglect to show them.

I breed dogs because I like them and I show dogs because I want to learn their defects as well as their merits, I have won a fair proportion of the awards for my breed, (St. Bernards) but have always been made to feel how utterly worthless my dogs were when compared with others, whose owners were "unfortunate in not having them entered in time, &c." Every dog show has its full quota of these "dog at home" critics and they are more dreaded by the men who place their dogs before the public, than an actual competitor; for do the best we can, the dogs "in their minds" down us every time. Now we are on the eve of what will probably be the best dog show ever held in Canada; liberal prizes are offered for all classes, and the owner who fails to show his dogs

this year either lacks confidence in his property or is not a true sportsman.

There are breeders in Canada who advertise dogs for sale and stud dogs at service; they tell us of the "grand bone," "perfect markings" and other prize-winning points of their animals, yet have never shown sufficient confidence in their convictions to hazard comparison with dogs of established reputation. No doubt some of these untried dogs, (if exhibited) would outclass many of the prize-winners, but in the absence of actual comparison, the dog that has passed under the hands of a competent judge and been pronounced worthy of an award, should have unqualified preference, and the breeder, whose opinions have been endorsed by decisions of recognized critics is entitled to more right and greater consideration than the novice who has nothing but his own fancy, or may be egotism, to bear him out in the supposition that he has a "world beater." Intending purchasers should consider these facts before placing orders.

There are special reasons why all good, Canadian dogs should be exhibited this year. Canada expects to be represented at the World's Fair in Chicago in 1893. Our Government is incurring considerable expense in order that the Dominion may make a favorable showing at the great exhibition. It is expected that we will be able to send forward 200 first-class dogs as our entry to the World's Fair Dog Show. Our dog shows this fall will be watched with unusual interest as many selections for World's Fair honors will be made at Toronto next September. This fact alone should be sufficient inducement for every owner of a really good dog to come forward with his entry in time for the Industrial show so that Canadians may see in advance, the representative dogs of our country.

HAMILTON—ROCHESTER.

WHAT DOES ROCHESTER MEAN?

Rochester, July 22nd, 1892.
A. D. Stewart, Esq., Hamilton.

DEAR SIR,—As I have been out of town have been unable to keep posted about the affairs of our Kennel Club; having just met our Secretary, Dr. Bamber, he informs me that you returned his last letter unopened. I desire to say personally and as Treasurer of the Rochester Kennel Club that we have decided to withdraw our dates for the fall show and not conflict with Hamilton. If this notification is not all that is necessary our Secretary will be pleased to forward you official notice of our withdrawal upon application from you.

Yours very truly,

HARRY YATES.

Hamilton, Canada, July 25th, 1892.
Harry Yates, Esq.,
Treas. Rochester Kennel Club.

DEAR SIR:—

I have to acknowledge receipt of your note of 22nd July, in which you tell me that the Rochester Kennel Club has decided to withdraw its dates for the fall Show "in order that it should not conflict with Hamilton."

The members of your Committee evidently dearly love a joke, and must be themselves a most jovial and hilariously inclined body of gentlemen.

Permit me, however, to say, that your Club has already conflicted with Hamilton, and that so seriously and deliberately as to knock our Club completely out of the Canadian circuit.

Our Fall Show is now an impossibility and whether your Club goes on with its show or gives it up, is a matter of no moment to my Committee.

You will bear in mind that our Club has never desired that you should give

up your show, on the contrary we offered to withdraw voluntarily ourselves from the field, if no amicable agreement could be arrived at, and an impartial Board of Arbitrators should decide against us.

With your Club on the contrary the cry was "no surrender" on any terms, no courtesy, no fair play, no give or take, nothing that was generous or sportsmanlike, or manly, and as that style of doing things is not in vogue here we let your Club have its own way, and it can go on just as it pleases without further reference to us.

I am, dear Sir,

A. D. STEWART,
Hon. Sec'y H. K. C.

NO MONTREAL SHOW THIS YEAR.

Editor Gazette:

AS various rumours have been floating about as to a Montreal Show being held not under C.K.C. rules, it may be well that I give briefly the history of the whole matter.

Last year an excellent show was held but there were too many dogs for the size of the building which was the best that was available. As Superintendent I rendered a report to the directors of the Exposition Company, pointing out how existing defects could be remedied; and advised the erection of a large building expressly for bench show purposes. The Company has spent a large amount of time, money and thought on the enlargement and improvement of their grounds, etc., and the question of a dog show and its requirements did not engage their attention till comparatively recently.

Being unaware of Kennel Club regulations, they chose the same dates as Kingston having decided to hold a show

and take such number of entries as they could well accommodate. This was done in entire ignorance of the fact that Kingston had chosen the same dates and without any intention of opposition. But so that the mind of the Kennel Club might be known definitely in the event of any complication, their decision was asked for and ascertained. As was right their verdict was in favour of Kingston and that was at once accepted here. There were some persons however, who through ignorance or———were anxious to have a show in any case.

I again put the whole matter before the directors and advised them strongly to attempt no show this year as it could, in my opinion, be held neither successfully nor with fairness to our neighbour, Kingston. The directors at once abandoned the notion of holding a dog show in 1892 at all and with the best feelings I believe to the C K.C. and Kingston.

I again urged the erection of a suitable building for next year and am satisfied that the proposition will be favorably considered, as the spirit of the Company seems to be one of progress and thoroughness; and I think I may safely predict a much better exhibition on the whole this year than last, though of course many will miss the dogs. It is only fair to state that this year the Company has difficulties to contend with in addition to those already mentioned, which quite explain their caution in regard to undertaking a bench show till they could see their way clear. We wish our neighbours, Kingston and Ottawa, as well as Toronto all success.

Truly yours,

WESLEY MILLS, M.D.

TWO OPINIONS.

WHICH IS CORRECT?

THE extracts below referring to the letter of "Self Respect" in last issue, from two of the leading English journals, we give without note or comment.

FROM THE *Stock-Keeper* OF JULY 29TH.

"The dog is turned to his own vomit again," which is very good Scripture and a suitable description of "Self-Respect's" return to his charges against us. The majority of his countrymen who actually possess the quality of which he only claims the name, know full well that "Self-Respect's" charge that the *Stock-Keeper* has always written contemptuously of American dogmen is as absurd as it is false. "Self-Respect" (?) challenges us to prove our words. Well, we have no doubt we should succeed in doing so, but for a few reasons we decline to. Firstly, "Self-Respect" informs us that the price of success will be his good opinion, and rather than risk catching anything so completely compromising we infinitely prefer not to try. Secondly, we are well assured that our readers on the other side have full knowledge of the *Stock-Keeper's* cordial attitude towards the American kennel world; and thirdly, Mr. Mortimer, whose name has been dragged into the discussion by "Self-Respect," and to whom we are supposed to be hostile, has recently gratified us with his company, and parted our very good friend—so kennel up "Self-Respect"!

FROM THE *British Fancier* OF JULY 29TH.

In that well got-up monthly, *The Canadian Kennel Gazette*, of July, "Self-Respect" returns to his attack upon "Can Can" and his English ally, a contemporary of ours, and in scathing terms exposes the machinations of this mendacious critic, which have, under the guise of many *nom de plumes*—"Nutcracker," "Highland," etc. run the pages of the periodical referred to.

"Can Can's" "Steel Pen Points" certainly appear to be nothing more nor less than a pack of paws, purely personal from beginning to end, and exhibit the pique of a poisoned mind permeated with prejudice and the spitefulness of an arrogant disposition. In fact "Can

Can" seems to have "his hand against every man," and he reminds us forcibly of the famous epithet (?) once bestowed by Mr. Disraeli upon his political opponent and rival, Mr. Gladstone, the concluding portion of which declared that the great statesman "was intoxicated with the exuberance of his own verbosity, which he uses to malign others and glorify himself." This is most applicable to "Can Can," whom we believe holds the felicitous distinction of being the literary scavenger of American dogdom. His pet paper on this side of the Channel is constrained to admit that "Can Can" is the most abused man in America.

OTTAWA SHOW.

A MEETING of the Bench Show committee was held on the 3rd inst. Mr. W. B. Palmer of Woodstock, who gave so much satisfaction last year, was again appointed to judge Spaniels, and has accepted. The other judges will be announced shortly. The Dominion and Canadian Express Co's will carry dogs at regular rates to the show and return them free. The Canadian Pacific and Grand Trunk Railways will carry dogs at regular excess baggage rates and return them free, but exhibitors must be furnished with certificates (which will be mailed to every exhibitor) to be filled up by the agent at starting point. The top row of benches, which were so objectional last year has been taken down, which leaves only 230, and the committee has decided to close the entries just as soon as that number has been received, and as we had to refuse a number of entries last year, it is to be hoped that intending exhibitors will take the hint and make their entries early. The committee are now busy collecting special prizes which will be announced through the press later.

"SELF RESPECT." (?)

Editor Gazette:—

IN reply to "Self Respect," (?), I will only present some cold, hard facts, always staggerers to such writers as (?). I do not know who denied that Mr. Mason is ostracized here as judge, I admitted it. "Self Respect" (?) says that my explanation is an exploded petard. I was told by officers of the New Jersey Kennel Club, during their last Newark show, that strong pressure by dog show club men had been brought to bear on them to induce their shelving of Mr. Mason; officers of the New England Kennel Club went even further in their statements to me. Mr. A. W. Smith has done the same, specifically and publicly, and I have always found his word go unquestioned, and "Self Respect" (?) is guilty of the most despicable meanness in saying that a gentleman of honor cannot be believed, *on a question of fact*, about one to whom he is friendly. If "Self Respect" (?) admits the obligation of the Golden Rule, in inverse order, he must wish to be destitute of friends, they would tell too much.

"Self Respect's" (?) first specification is that Mr. Mason, "Can-Can," "Nutcracker," "Highland," and perhaps others, constitute a clique; these writers certainly agree on many subjects, but they have certainly disagreed with each other, and as for their having any mutual understanding, the editor of *Turf, Field and Farm* authorizes me to say that several of the anonymous correspondents of his journal do not know each other under their *nom de plumes* and it must be remembered that "Self Respect" (?) makes his statement as a *positive* one. Specification number two is a mere gratuitous assertion of "Self Respect" (?), all the writers he cites have frequently spoken

well of men whom, at other times, they have censured. Number three is simply a falsehood, *Turf, Field and Farm* and the *London Stock-Keeper* are thoroughly independent journals, organs of nobody. That the *Stock-Keeper* "abused" "Self Respect" (?) is another pitiful whining of a whipped cur. "Self Respect" accused the *Stock-Keeper* most violently, and that journal exposed the falsity of the attack on it.

The *Stock-Keeper* keeps up with knowledge of American kennel affairs far in advance of any foreign journal, and constantly has good words for many American doggy men, and for those on both sides of kennel politics. It has allowed correspondents to make severe statements, as to many Americans, the GAZETTE has allowed "the interrogation point" to assert that Mr. A. W. Smith cannot be believed *as to fact*, if a friend of his is concerned. Does the GAZETTE thereby bring the same charge vs. Mr. Smith? This (?) says that the *Stock-Keeper* and *Turf, Field and Farm* have teemed with libelous, mean, etc., etc., articles. I challenge the production of a line from either, as base, low and vile as this man's statement as to Mr. Smith; just think what is implied in so vile a charge! A man is not to be believed, not on a matter of *opinion*, but as to *facts directly within his own knowledge*, if those facts apply to his friend! "Self Respect" (?) characterizes things in the *Stock-Keeper* as the vilest Billingsgate that ever disgraced a respectable journal. The GAZETTE is a thoroughly respectable journal as far as a common, everyday fallible mortal like me can see. Apply the parallel I draw above and a "Jakey" is nowhere on (?)'s hypothesis. "Self Respect" invidiously undertakes to make Mr. Mason responsible for "Nutcracker's" opinions of Mr. Davidson; I happen to know that this is

not the fact, and further that Mr. Mason and Mr. Davidson have expressed to me the highest respect for each other, each has said how willingly he would show a *good* dog under the other, but I strongly suspect that either would take his bad dogs before some other judge. "Self Respect" (?) is sadly ignorant of the first principles of chivalry when he "throws down the gauntlet." A gauntlet must be of steel, clean and pure, to be lifted by the defied. If of second hand rag-carpet, the steward of the lists would call a scullion to attach it to an ass's tail and be dragged from the lists.

The long and short of it is, that "Self Respect" shows the ear-marks of having suffered under the lash of some of the free lances in journalism, and *that*, in his eyes, is "the vilest Billingsgate," "meanness," "misrepresentations," "mean insinuations," *ad infinitum*.

The kennel atmosphere *does* need clearing, and of nothing does it need deliverance more than of a lot of namby-pambies, unversed in kennel ways, inexperienced as to kennel practices, and ignorant of dogs, who have jumped into it but yesterday, and now think they know more than the veterans of twenty years standing.

Yours truly,

W. WADE.)

Hulton, Pa., July 19, 1892.

P.S.—July 30th, 1892.—Noting that "Can Can" in *Turf, Field and Farm* comments on the statement of "Self Respect" (?) as to sundry anonymes being a clique, it occurs to me that this comment may lead to the supposition that I was one of these anonymous writers, or wrote under an understanding with any of them, and I wish to explain that when I made the statement above as to this point, I did it without any positive knowledge on the

point, and wishing to feel warranted in what I had said, sent the "copy" to a friend in New York, asking him to see the editor of *Turf, Field and Farm*, and if he could not confirm my statement, to cancel it; I presume that either "Can Can" saw this letter of mine, or our common mentions were simply coincidences. W. W.

Editor Gazette:

In your July issue "Self Respect" uses my name in a manner that is entirely uncalled for, and requires a reply.

He says: I am a "partizan adherent" of Mr. Mason's, and of "like spirit," therefore my testimony does not count for much. Can he disprove one word of the "testimony" quoted? Can he mention a show at which Mr. Mason has judged, where the number of entries was below the average of shows of that class, giving the same amount of prize money? My "testimony" showed that the Buffalo entries were much above the average—400 entries for a \$1,200 prize list is a pretty good showing, especially as the show was held late in the season, after the "circuit" had closed.

Does not testimony which states FACTS count for much? "Self Respect" says that Mr. Mason and others are arrayed against the A.K.C., nearly all the judges, editors, critics, etc., and in fact are "Anarchists," and against the best interests of dogs, and accuses me of being of "like spirit." In writing this he has gone out of his way to publish a deliberate lie, so far as I am concerned. I am a member of the A.K.C., and have been for several years, and have done all I could to further the interests of that organization. I am not arrayed with any "clique" against any club or judges.

In commending Mr. Mason as a judge, I have simply given my honest opinion, because I believe that when

he judges, the best dog will get the first prize. I have won a number of first prizes that I would never have won under Mr. Mason, and I have also lost prizes that fairly belonged to me, and which I would have had, had he been judging.

If "Self Respect" wishes the respect of others, he will not denounce a man, about whom he knows nothing, as an "Anarchist," simply because he dared to publish FACTS, and say he considered Mr. Mason a capable judge.

Yours truly,

A. W. SMITH.

Buffalo, N.Y., July 26, 1892.

"UNCLE DICK" HEARD FROM.

Editor Gazette:—

I AM about the oldest dog show man in America, and of course I have shown under all the judges. I don't see why Canadians should go outside for a good all round judge when you have Mr. J. F. Kirk right in your own city, there is only one in America that I call better.

I think the C. K. C. did wrong to disqualify Mr. Mercer, why not just spank him and let him go as the Spaniel Club did? I don't see that he did anything wrong, the club got their fee, what more could they ask? it did not harm anyone. Mr. Little got a lot of good free "ads." for dogs that never were good Clumbers.

Not many years ago, I saw a prominent Canadian exhibitor take a bitch in the ring and win 1st in the champion class, take her out and bring her in again in the open bitch class, and again in the puppy class. Did I kick? Well, not much. You see I beat her in both classes.

I shall be busy next month, I judge at the Mohawk Valley Fair, judge sporting classes, and Superintendent at Rochester, and take in the Toronto and Kingston shows. I expect to meet friend Corbett, and am prepared with a hat four sizes too large.

Yours truly,

J. OTIS FELLOWS.

THE DOG-DAYS.

A correspondent sends us the following clipping from what source we do not know.

From the 3rd of July till the 11th of August is the period popularly known as the dog-days. It is then according to old superstition that the dog-star rages, and we may expect calamity of every kind. The excessive heat and sickness usually attending this season of the year were supposed by the Romans to be in some way connected with the dog-star, which then rose and set with the sun at this period. For no better reason than this, the old Romans muzzled their dogs; and following the same superstition, the laws of nearly every land at this day decree that dogs shall be muzzled at this period, though any one with the merest superficial knowledge of the dog knows that that poor animal is no more liable to become mad in the summer time than in the winter. The very presence of the muzzle in the heat of summer, according to good authorities, is an irritating cause of madness, as it prevents the dog from easily obtaining water, and must be as distressing and exasperating as it is unnecessary. But all the same we still follow the old Roman folk-tale, which has no better foundation than the fact that the masses of people 2000 years ago believed that the little dog-

star affected the health of dogs when it rose with the sun. Curiously enough, the same period is still observed as dog-days at present, although the dog star now moves, and the period when it rises with the sun is getting later and later in the year. At present it is the latter part of August; and in the cycles of time it will fall in midwinter.

LATE NOTES.

WILL correspondents kindly send their notes in by date specified in each issue, the 10th of the month. Late communications cannot possibly receive due attention, and delay us seriously in our work.

The entries at Ottawa this year will positively be limited to 230. This is necessitated by the removal of the upper tier of benches, a good move. Next year the committee hope to be in a position to cater for a much larger number. Spratts biscuits will of course be used to feed at this show, as at all previous ones.

Will the writer of "Nova Scotia letter" kindly send us his name, not for publication. We should be glad to hear more frequently from breeders in provinces distant from Ontario.

The Bull Terrier Barney O'Hea is again placed at stud in our columns and also Mr. Wilgress' new dog Ted Pritchard.

Monday being a holiday here, readers

will receive their GAZETTE a day earlier than usual.

At this writing (10 P. M. 11th) not a line from Kingston which rather surprises us, as a notice in next issue could do them no good.

Is offered At Stud for the small fee of

\$20.

Benmore is undoubtedly the largest and best bred St. Bernard in Canada, and has proved himself a grand Stud dog. His puppies are in great demand and are coming to the front very fast. He is sire of the New York prize-winner, Ben Hur, and has a lot of fine pups that will make a good showing at our next shows.
