The Dog in Health and in Disease.

INCLUDING HIS ORIGIN, HISTORY, VARIETIES, BREEDING, EDUCATION, AND GENERAL MANAGEMENT IN HEALTH, AND HIS TREATMENT IN DISEASE.

By WESLEY MILLS, M.A., M.D., D.V.S., Etc..

Professor of Physiology in the Faculty of Human Medicine and in the Faculty of Comparative Medicine and Veterinary Science of McGill University, Montreal; Lecturer on Cynology in the latter Faculty; author of Animal Physiology, Comparative Physiology, How to Keep a Dog in the City, etc. With Thirty-eight full-page Cuts, One Colored Plate, and numerous other Illustrations. 8vo, cloth. Price, \$2.25.

Published by D. APPLETON & CO. 1, 3 and 5 Bond Street, New York.

The author of this work has undertaken, in a clear, concise, untechnical way, to supply the large class of intelligent dog owners and breeders, and veterinarians, with the information necessary for the proper care, management, and treatment of the dog in health and disease. His well-known reputation as a writer and lecturer on human and veterinary physiology, his special study of canine diseases, and his long experience as a breeder of dogs, insure a thorough and correct handling of the subject.

UNSOLICITED OPINIONS OF THE PRESS AND INDIVIDUALS

"Altogether the work is one of great use to the breeder and the veterinary student, and one that should find a place in every dog-man's kennel-shelf and library."—*Forest and Stream*.

"Very interesting and valuable."—*New York Times*.

"A practical protest against the treatment of dogs according to the light of the horse-doctor. The book is intended for all persons who breed, keep, or in any way take a special interest in the dog. . . . One half the book is devoted to the diseases of the dog. The symptoms and treatment are carefully given, and there is added a table of doses of the drugs found most efficacious. The volume is one to be cordially recommended."—*Philadelphia Inquirer*.

"It was the writer's aim to bring the book thoroughly up to date in all respects, and we think he has succeeded admirably. The illustrations are of famous dogs. The book contains over 400 pages, and the letter-press and mechanical work upon it are done in the very best style."—*The Fancier's Journal, Philadelphia*.

"Four hundred and seven pages are devoted exclusively to dogs. Thirty-eight full page cuts, one colored plate and numerous other illustrations, add much to its value. It is nicely printed on heavy paper, bound in cloth, and will prove of great value to the owner of one dog or a kennel, the student or the canine practitioner. The library of every one interested in the dog should contain a copy of this work."—*The American Stock-Keeper, Boston*.

"The numerous illustrations in the book have been drawn from various sources, especial pains having been taken to furnish models for judging the various breeds of dogs in the full-page plates. The book is intended not only for students and specialists, but for all intelligent persons who breed, keep, or in any way take a special interest in the dog."—*Witness, Montreal, Can.*

"The e is no predecessor to this book, not in the scope and purpose, or in the authoritative nature of its contents."—*Pittsburg Chronicle-Telegraph*.

"The best treatise on the subject that has appeared in this country."—*Washington, D.C., Republican*.

"The author is very conservative in recommending medicine or courses of treatment, and for this reason

his book will commend itself to the owners of valuable dogs."—*San Francisco Chronicle*.

"A book to be welcomed, not only by veterinary surgeons, but by every lover and student of the dog. The typographical work and illustrations are of a very high grade. Of course those who are called upon to treat sick canines will be most interested in that part which deals with the dog in disease, but we venture to predict that the classification of the several breeds, and the chapters on the psychic characteristics and the care of the dog, will gain for the book its greatest popularity."—*Chicago Interior*.

"The more a certain brilliant French woman saw of men the better she liked dogs—at least that is what she said. . . . But if she could have read Dr. Mills' book on the dog she would have found that dogs are not really much different from men after all—perhaps that is why she liked them. . . . Dr. Mills has certainly produced a delightful book and one which should have a hearty welcome in these dog-show days."—*N.Y. Tribune*.

"You have not only taught us how to treat dogs in health and disease, but you have given those who may ever aspire to writing a book on such a subject an excellent example of how to do it."—*Williamson Bryden, D.V.S., Boston, Examiner in Comparative Medicine and Veterinary Science, McGill University*.

"Your book proves a real treat on perusal and it must find a place in the library of every man who loves the dog. It has only to be known to be appreciated. I have shown it to several friends, who agree with me that it is the only work of the kind up to the times."—*P. G. Keyes, Esq., Judge of Spaniels at the Montreal Bench Show of 1891*.

"I consider your book on the dog the best that has ever been gotten up."—*B. F. Lewis, Esq., Handler of Bench Show Dogs*.

"The book is cheap at the price, and I believe will have a large sale, as it covers the entire ground in a very able manner."—*Victor Haldeman, Editor Fancier's Journal, Philadelphia*.

"The work is quite unusually complete. Dr. Mills is evidently an authority on this subject, and his work will be of value to those who deal with dogs whether they are sick or not. The work abounds in fine cuts of

the different species of dogs, and contains a great deal of anatomical and detailed information concerning each species. No one who has a valuable dog can afford to be without this work."—*The Boston Herald*.

Extracts from Letters to the Author.

"The copy of your valuable new book I am enjoying extremely."—*Miss Anna H. Whitney, Bench Show Judge*.

"I consider your new book quite equal to anything of the kind I have ever seen, and a most valuable addition to any sportsman's library; indeed it is a library in itself by covering the ground so thoroughly."—*John Davidson, Esq., Bench Show and Field Trial Judge*.

"It is a good book, and I must congratulate you on it, carefully compiled and up to date; it should find a ready sale on sight. The illustrations are the best I ever saw in any dog book, bar none, and enhance the appearance very much."—*H. W. Lacy, Esq., Bench Show Judge, etc.*

"I have just finished your very admirable new work and hasten to congratulate you on giving to the public a book of such general excellence. I fully anticipated something very much beyond the ordinary before opening the cover, but was hardly prepared to find so much real, practical and useful, as well as scientific information contained in one volume."—*C. H. Corbett, Esq., Supt. Kingston Bench Show*.

"The work appears to be most interesting."—*A. D. Stewart, Esq., Hon. Sec'y, Hamilton Kennel Club*.

"The cuts are remarkably good and true. I am glad to see that you so decidedly insist that dog practice is not horse practice, or anything like it; young veterinarians cannot get to understand this fact too early. The classification is good, the remarks concerning prophylactic treatment excellent, and the drug table will be especially useful."—*Dr. Charles Lyman Harvard Veterinary School, Boston*.

"I have never read a work on the same subject (and I have read nearly all the published works on dogs) that has given me so much pleasure as well as information, a thing not often combined in such works."—*J. S. Niven, M.D., the well-known Cynologist of London, Ont.*

CANADIAN KENNEL CLUB.

MEETING OF EXECUTIVE COMMITTEE, APRIL 6th, 1893.

(Official Minutes.)

A MEETING of the Executive Committee of the Canadian Kennel Club was held in the Queen's Hotel, Toronto, on April 6th, beginning at 8 p.m. Dr. Wesley Mills, (President) in the chair, others present being Dr. J. S. Niven, Messrs. A. D. Stewart, T. G. Davey, C. A. Stone, J. G. Mitchener, H. Bedlington and H. B. Donovan, (Secretary).

Minutes of last meeting, with one amendment, read and adopted. The President read several letters from members of the Executive relating to matters in connection with the World's Fair.

World's Fair Show.—The following letters were read, also extracts from letters from the acting Dominion Commissioner to the President.

Hamilton, Ont., 27th Mar., 1893.

HON. W. I. BUCHANAN, Chicago, Ill., U.S.A.

Dear Sir,—As I have already told you in previous letters, a trial show is to be given in Toronto on 18th and 19th April, at which a selection of Canadian dogs is to be made, in order that a typical exhibit may be sent to the World's Fair Bench Show in June.

The idea of the Canadian Commissioners is that only really good and typical dogs should be sent to your show, instead of sending several hundred inferior animals. The Canadian Commissioners are anxious that the exhibits sent from Canada should be a creditable and thoroughly representative one, and I am sure that you will heartily agree in this view.

Some Canadian breeders, however, profess to have heard from you that Canadian dogs will be received by your management whether chosen by the Canadian Kennel Club or not, and apart altogether from the approval of the Canadian Commissioners. If this is the case, there will, obviously, be no use in our holding our trial show, and I write now to ask you if you will kindly inform me how this matter stands.

As I understand it (and my view is shared by the Canadian Commissioners) the Canadian dogs are to be chosen by the Canadian Kennel Club so as to ensure a good exhibit, and entries made to you outside of this will not be received, but referred to the Canadian Commissioners.

Hoping to hear from you at your earliest convenience,

I am dear sir, yours truly,

A. D. STEWART,

Supt. Canadian Dog Exhibit.

Chicago, Ill., U.S.A., Mar. 31st, 1893.

MR. A. D. STEWART,

Supt. Canadian Dog Exhibit, Hamilton, Ont.

Dear Sir,—Referring to your letter of March 27th, I beg to say that the policy of the Exposition is in all instances to be guided by the judgment and wishes of foreign Commissioners in relation to exhibits from such countries, and that I shall take great pleasure in having the entire list of entries submitted to you or come through you. I do not at this time think that we have any entries from Canada, but I had naturally supposed that they would be made up in some way mutually agreeable to the Canadian Kennel Club and the Dominion Commissioner. I have to request that we have this information as to the number and the different breeds that will be represented at the earliest possible day. We are acting on the basis that it will amount to 200 dogs. Am I correct in this?

Very respectfully yours,

W. I. BUCHANAN,

Chief Dept. of Agriculture.

(In charge Dept. Live Stock).

Hamilton, Ont., 3rd April, 1893.

HON. W. I. BUCHANAN,

Chicago, Ill., U.S.A.

Dear Sir,—I am glad to receive your letter of 31st March because it settles finally the question of our Canadian Dog exhibit. Your decision is exactly in accord with the understanding arrived at with Prof. Saunders and Mr. Awrey, representing respectively the Dominion and Ontario Governments, some time ago.

Your letter now gives me the opportunity to state publicly and officially that no Canadian dogs will be received by you unless selected and approved by the Canadian Commissioners, who in turn will be guided by the Canadian Kennel Club.

This information I shall make public without delay, as it will have the effect of dispelling a rumour that has lately got abroad to the effect that you intended to take all entries that came along whether sent in by the Canadian Commissioners or not.

As I have already stated in previous letters, the Canadian Commissioners are not aiming at an enormous entry of worthless dogs, but

rather at such an exhibit as will be representative, and up to such a standard as to do honor to the Dominion.

We hope to be able to send you about 200 dogs, and as these animals will soon be selected now, we can send you particulars very shortly.

I am dear Sir,
Your Olt. Sert.,

A. D. STEWART.

Moved by A. D. Stewart, seconded by T. G. Davey, that the clause in the minutes of 14th Sept., referring to the Canadian exhibit of Dogs at the World's Fair be reconsidered. *Carried.*

Moved by Mr. Bedlington, seconded by Dr. Niven, that this Executive decide that we have no trial show of dogs in Toronto. *Carried.*

Moved by Dr. Niven, seconded by Mr. Davey, that all known breeders, members of the C.K.C., and all Canadian exhibitors be notified by circular that Mr. A. D. Stewart, will receive entries for the World's Fair Show. *Carried.*

Moved by Mr. Bedlington, seconded by Dr. Niven, that all entries received by Mr. Stewart be brought before this Executive for approval, at a meeting to be held in Toronto on May 3rd, at 3 p.m. *Carried.*

Moved by Mr. Stewart, seconded by Mr. Bedlington, that entries be in the Superintendent's, (Mr. A. D. Stewart's) hands, by April 26th, at latest. *Carried.*

Moved by Mr. Bedlington, seconded by Mr. Mitchener, that the President be requested to inform the Government that the Executive of the C.K.C., has seen fit to alter the arrangements in regard to holding a trial show in Toronto, they themselves having undertaken the responsibility of selecting the dogs for the World's Fair, without collecting the dogs at any one central place. *Carried.*

Moved by Mr. Stewart, seconded by Mr. Bedlington, that sub-committee be discharged. *Carried.*

F. H. F. Mercer case.—The following communications were read:—

H. B. DONOVAN,

Secretary, Canadian Kennel Club.

SIR,—I hereby protest against the sentence of disqualification passed upon me by the Executive Committee of the Canadian Kennel Club in May, 1892, on the ground that the said Club had no jurisdiction, there being no rule nor by-law in the Constitution of the Canadian Kennel Club which forbids the entry of a dog without the owner's consent or knowledge.

In support of this contention I cite the ruling of your Executive Committee at a meeting held in Toronto, on the 20th December, 1892, in the matter of charge No. 2, of the charges preferred by Mr. Bell against T. Wesley Mills, M.D., President of the Canadian Kennel Club, which charges as follows:

"That at the show (Ottawa) Dr. Wesley Mills did judge his Great Dane bitch 'Minerva's Fawn,' in conjunction with another judge."

The ruling of your Committee on this count of indictment was as follows:—

"No. 2.—Moved by Mr. Stewart, seconded by Mr. Bedlington, that the Committee finds that the charge is sustained, Dr. Mills admitting that he judged the Great Dane classes with Mr. Corbett, but in the absence of any rule forbidding such action, and there being no competition, the Committee exonerates Dr. Mills from blame in the matter. *Carried.*"

The act for the commission of which I was illegally disqualified is exactly on a par in all essential points with the charge of which your President was found guilty, save in that I was innocent of such an enormity as judging my own dog.

Five Clumber Spaniels entered in the Challenge Class were my property, namely, Champion Johnny, Champion Boss III, Champion Bromine, Johnny Jr. and Lady Belle. The sixth was Champion Newcastle, a dog unwarrantably entered by me. The entry fees for all these dogs were paid by me, thus the contract with the Bench Show Committee was fulfilled. There was no competition in these Challenge Classes and the prizes were competed for among my own dogs. Consequently, no one was injured in the slightest degree by my entry of the dog Newcastle. I acknowledged my culpability without hesitation or delay.

We, your President and I, each wished to win a prize, and did so. The value of each was \$5. He retains his; I voluntarily returned mine to the Ottawa Bench Show where it was competed for by order of the Superintendent as a special prize at the show held at that place in October last. Your President retains his prize and has been "exonerated from blame." I, who voluntarily returned mine, have been sentenced to disqualification.

I further draw your attention to the fact that I notified Mr. J. L. Little by letter of the entry of his dog, as proven by affidavits attached hereto. Mr. J. L. Little's statement that I did not notify him of the entry is false.

I also protest against the ruling of the last retiring President of your Club as being unconstitutional and contrary to rule or precedent, when in the matter of Mr. A. D. Stewart's motion for my reinstatement, he, at the General Annual Meeting of the Canadian Kennel Club, held in September, 1892, ruled the motion in question out of order, on the ground that the Constitution of the said Club requires that appeal against decisions of the Executive Committee be made by the aggrieved party before such case may be considered in General Meeting.

Rule No. 9 of the Constitution enacts that:—

"The Executive Committee shall have full power by a two-thirds vote of those present at any of its meetings to suspend or expel any members, &c., &c., &c. Such members shall have the right of appeal to the Club from the action of the Executive Committee at the Annual Meeting, &c., &c., &c."

I submit that there is nothing in the rule quoted making an appeal from the person under sentence of suspension or disqualification essential before his case may be considered in General Meeting, and especially is it inapplicable when due notice of motion has been given to the Secretary by a member in good standing. The aggrieved party possesses the right of appeal, but the rule does not constitute an appeal a matter of necessity.

I do not appeal, either in person or otherwise. I simply demand as a right grounded on precedent and previous ruling, that I be immediately re-instated to the Canadian Kennel Club and that the sentence of disqualification passed upon me be at once removed.

F. H. F. MERCER.

Ottawa, Canada, 10th March, 1893.

See declarations attached hereto.—F. H. F.

I, H. Ord S. Lewin, Civil Engineer, of the City of London, England, do solemnly declare that, at the Grand Union Hotel, in the City of Ottawa, in the County of Carleton, Province of Ontario, during the third week in October, eighteen hundred and ninety-one, in my presence, F. H. F. Mercer, Civil Servant, of the City of Ottawa, County of Carleton, Province of Ontario, did dictate to Cecil G. H. de Mattos, gentleman, of the City of London, England, a letter to one Little, said letter being a reply to one on the same day received from said Little, complaining of said Mercer's having entered a certain dog at the Ottawa dog show in 1891, without the said Little's consent, the said dog being the property of the said Little. The said letter from the said Little being an answer to a letter previously addressed by the said Mercer to the said Little on the said subject.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the Act concerning extra judicial oaths.

Taken and acknowledged before me, at the City of Ottawa, this 8th day of February, 1893.

N. A. BELCOURT,

A Com'r, etc.

H. O. SPENCER LEWIN.

I, F. H. F. Mercer, Civil Servant, of the City of Ottawa, in the County of Carleton, Province of Ontario, do solemnly declare that, either on the 5th or 6th day of October, 1891, I did write and cause to be forwarded a letter to one James L. Little, of the suburb of Brookline, City of Boston, State of Massachusetts, informing him of the fact that I did enter his Clumber Spaniel dog Newcastle at the Ottawa dog show, held during the previous week;

And, I do further declare that, I had written a brief note to the same effect at the time the entry was made, which said letter was never forwarded, having been mislaid for several days; and

I do further declare that, it was never my intention to conceal said transaction from said Little; and

I do further declare that, said Little did receive said letter, for he did reply thereto, an answer to which reply to said letter was dictated by me to Cecil G. H. de Mattos, gentleman, of the City of London, England, in the presence of H. O. Spencer Lewin, Civil Engineer, of the said City of London, England, at the Grand Union Hotel, in the City of Ottawa, County of Carleton, Province of Ontario, during the third week in October, 1891, a copy of which letter I caused to be published in the American *Stock-Keeper* newspaper, some weeks thereafter; and

I do further declare that, the letters and copies of letters hereinbefore referred to have been lost or mislaid to the best of my present knowledge and belief, owing to the confusion arising from an illness of more than one year's duration.

And I make these solemn declarations conscientiously believing the same to be true and by virtue of the Act concerning Extra Judicial Oaths.

Taken and acknowledged before me at the City of Ottawa, this 11th day of March, 1893.

Toronto, March 17th, 1893.

DEAR SIR,—Your favor of 10th inst., and enclosed declarations (two) received today, of course I have no power other than to lay your letter before the Executive Committee, which I shall do at next meeting.

Yours truly,

H. B. DONOVAN,
Secretary.

Toronto, March 17th, 1893.

My Dear Geddes.

As Mr. Mercer has written me refuting the action of the C. K. C. in the Newcastle case, it is likely to come up again at next meeting. He states the \$5 prize won was refunded and was offered as a special last year at your show. Will you kindly confirm this and send papers showing where special was placed.

Yours truly,

H. B. DONOVAN, Sec'y.

I shall be glad to get any additional information. H.B.D.

Toronto, March 23rd, 1893.

Dear Geddes,—Have had no reply as yet to my letter sent some days ago re Mr. F. H. F. Mercer.

Yours truly,

H. B. DONOVAN, Sec'y.

Ottawa, Mar. 27th, 1893.

DEAR DONOVAN,—In reply to your letter re Mercer. I beg to say that he returned the \$5 won by him, and the same was used the following year, towards specials, but not in Mercer's name, several specials were given as "friends of the breed," and this amount was included in them.

Yours etc.,

ALFRED GEDDES.

March 21st, 1893.

H. B. DONOVAN, Esq.

Canadian Kennel Club.

DEAR SIR,—As you will recall I am the (formerly) injured party in the Mercer-Newcastle affair at Ottawa.

I see that Mr. Mercer has protested against "the sentence of disqualification" passed upon him in consequence of his action (and mine) at that time. I have no desire to re-enter this field and have no desire to do Mr. Mercer the least injury as he seems to have hurt himself in this matter more than me—but I have to say, that all of Mr. Mercer's letters are in my possession and copies of mine to him in this matter, and if you wish any copies of such which will aid you to clear up this matter, and possibly relieve him of further odium in the case I shall be willing most certainly to go to the trouble of mailing copies and will subscribe before a justice as to their correctness, both as to date, authorship and facts, awaiting your commands.

I am yours sincerely,

Newcastle Kennels, Brookline, Mass.

JAMES L. LITTLE.

Toronto, March 23rd 1893.

MR. JAS. L. LITTLE,

Brookline, Mass.

DEAR SIR,—Your favor of the 21st inst., received. I shall bring it to the notice of the Executive at next meeting and shall then let you know if they think it advisable to avail of your kind proposal.

Yours truly,

H. B. DONOVAN, Sec'y.

The Secretary stated he had misinterpreted Mr. Mercer's contention and had written him regarding the ruling of the late president. The following is Mr. Mercer's reply:—

Ottawa, Canada, 29th March, 1893.

H. B. DONOVAN, ESQ.,

Sec'y C. K. C.

DEAR SIR,—Accept my thanks for your courtesy in informing me of the ruling of your ex-President at the General Meeting of the C. K. C. in September last.

In your letter you state that: "The president of 1892 at last annual meeting did not rule the Stewart motion out of order on the ground

that it should have first come up in the Executive, but that *you had not appealed to the Club.*"

On again reading my letter of protest you will find the following : "(the President) ruled the question out of order on the ground that the Constitution of said Club requires that appeal against decision of the Executive Committee be made by the aggrieved party before such case may be considered in General Meeting."

I do not state that he ruled an appeal to the Executive necessary ; but that he ruled *an appeal against the decision of the Executive essential* before consideration of the Stewart motion could be proceeded with in General Meeting.

This ruling I have shown to be entirely erroneous and unconstitutional. Section 9 of the Constitution grants the RIGHT of appeal, and that is all. The Constitution does not state that an appeal *must be made.*

I take this opportunity of stating that I was disqualified by your Committee without being given an opportunity to present a defense. I was not even notified of the meeting at which my case was to be dealt with. Your official notification of the decree of your Committee did not reach me for ten days after the meeting was held, and I received the first news of my disqualification through the medium of the public press.

I repeatedly informed you of my desire to be present in person when the Newcastle entry affair was to be considered, that I might be able to conduct my defense, yet as soon as I left the country I was tried, convicted and sentenced on the evidence of the prosecutor's side of the case, only. Such "justice" (?) savours of the Russe, and after this experience of the way in which such matters are dealt with by your Committee, no man of intelligence or reason would demean himself by an *appeal.*

Mr. Stewart's motion for my reinstatement was made entirely without my knowledge or consent. Perhaps the C.K.C. might disqualify him on this score !

No appeal was requisite prior to the consideration of his motion in General Meeting and no appeal would or ever will be made by me in this connection. I now *demand* my rights and am prepared to go to any lengths to regain them.

I entered the Clumber Spaniel Newcastle without a thought of ill intent. It was done when there was no time for reflection. My motive was to make up a large entry of Clumber Spaniels and also to oblige Mr. James L. Little. It was not essential that there should be six challenge class Clumber Spaniels before the class could be divided by sex. I made five entries of my own dogs in the class. Directly and indirectly I spent over \$175 dollars out of my own pocket in insuring the success of the Ottawa Show of 1891. It would have been a very simple matter for me to have had the class divided. I had only to insist upon its being done. It is nonsense to say that I entered Newcastle with a view to winning a meagre prize. My dogs have won too many honours at the largest shows in England and America for a paltry prize at a small and unimportant show to inflame my cupidity to that extent some would have it thought it impelled me to go.

Pray read this letter to your Committee immediately after the reading of my letter of protest, dated the 11th instant, and the affidavits thereto attached.

I am, dear sir, faithfully yours,

F. H. F. MERCER.

Ottawa, 1st April, 1893.

Referring to your letter and notices of meeting ; will you please inform me whether the meeting of the 6th inst. is cancelled at the order

of the President, and if so, whether my case comes up before the meeting of 18th. Pray answer this question promptly as this would seem to shut me out of the World's Fair. Yours etc.,

F. H. F. MERCER.

Cote St. Antoine, Montreal, Mar. 30th, 1893.

JAS. L. LITTLE, Esq.

DEAR SIR,—You will perhaps have learned that Mr. F. H. F. Mercer of Ottawa, is again bringing the case in which you are concerned before the C. K. C. Kindly give me at your early convenience a statement of all the important facts of the case, as a meeting of the Executive of the C. K. C., has been called for April 6th, in Toronto.

Yours truly,

WESLEY MILLS, M.D.

Pres. C.K.C.

Newcastle Kennels, Brookline, Mass., April 1st, 1893.

Dr. WESLEY MILLS,

Pres. Canadian Kennel Club, Montreal, Can.

My Dear Sir,—I have before me, your letter of Mar. 30th, '93, asking me for facts in the case of F. H. F. Mercer disqualified for "irregular or fraudulent" entry of my clumber dog "Newcastle" at Ottawa in Oct. 1891. He now asks as you say for reinstatement, and I have no desire to do anything to prevent it, and on first thought had almost decided not to say anything more regarding the affair referred to, but I feel bound to state the facts as they are from correspondence which I have of Mr. Mercer's and copies of my own letters in my press copy-book. I feel it but just and proper to all parties to say that I have never seen Mr. Mercer and had only a knowledge of him as far as this affair is concerned through correspondence, action of certain clubs regarding it and the public prints.

My first knowledge of him began at the time I purchased champion Newcastle and Tyne, and his request by letter dated 15th Dec., 1890, that I enter both these dogs at New York in Feb. 1891 at the Bench Show of the Westminster Kennel Club. He proposed to visit that show and taking his dogs, offered to take mine also. I thanked him for his offer. I did not send any dogs. I then again got a letter from him urging me to show at Boston in March, 1891, saying that he would be there with a "good display of his best dogs." I entered seven of my Clumbers and *he did not put in an appearance, nor did his dogs.*

March 28th, 1891, Mercer wrote me and said, "I hope you'll send to Ottawa in Sept." April 22nd, 1891, Mercer again wrote at length saying "We have appointed for our judge in Sept. W. B. Almon Hill. You must send us some dogs for him to place. Now do think this over and have your dogs placed by a competent man, I should like nothing better than to be "downed" by better dogs." May 30th, 1891, I wrote Mercer I shall not go into any more shows with my dogs, (I had been in March, 1891). June 5th, 1891, I wrote Mercer, "I shall not show any more dogs. No one is safe in my opinion against distemper. I am out of it thank you !" June 8th, 1891, Mercer writes, "Many a time I have sworn never to show another dog. Witness the result ! I do not fear that you will not exhibit again and I sincerely trust one of your first entries will be made here (Ottawa) in Sept."

As will be seen by the above I had distinctly stated to Mercer I was out of Bench Shows with my dogs. Notwithstanding this he entered champion Newcastle for the Ottawa Show (to which he solicited my entries several times and I had declined), Sept. 29th to Oct. 1st, 1891. He put him down as \$1000 in value. I had no knowledge that this had been done until I went to Boston, Oct. 5th, '91, and called at the office of the *American Stock-Keeper* where Dr. W. A. Power, the editor, handed me

among other published matter the catalogue of Ottawa Bench Show. Here I first saw the entry and read that Newcastle had been entered. Upon returning home, I next day, Oct. 6th, received a letter from Mercer dated Ottawa, Oct. 5th, 1891. I quote *verbatim* from this letter written five days after the show had closed.

"I took a liberty for which I trust you will pardon me. One rule was that any challenge class containing six or more entries should be divided. I had but five challenge Clumbers at time of closing entries and to make the division entered your dog Newcastle; duly paying for same. I send you a catalogue—Under the circumstances I trust you will pardon me. There was no time to write you in the matter.

Comments:—

The above proves that I was not told of the entry until after the show had closed five days. It also proves that Mercer did an unwarrantable thing or he would not have asked for pardon. It also proves that he had reasons on his own account for the unwarranted entry as he states it. I never have up to this time received the catalogue he says he sent me, but this is not strange as he had promised several times to send me articles and they have never come. He says there was no time to write me. He now says in his protest and request for reinstatement, "I had written a brief note to the same effect at the time the entry was made which said letter was never forwarded having been mislaid for several days." "I do further declare that the letters and copies of letters herein before referred to have been lost or mislaid." The conclusion to draw from this seems to be that Mercer is not competent to appear in his own favor from the fact of the peculiar way he has of doing things—of all kinds so far seen.

In answer to Mercer's letter of Oct. 5th, 1891 above referred to I wrote under date of Oct. 9th, 1891, "Regarding the entry of my dog 'Newcastle' in the Ottawa show as you did, I am very indignant, and am not surprised at your statement of having enemies if you are willing to perpetrate a clear fraud of this kind. I shall take immediate measures to make the facts public that I did not exhibit and that the whole proceeding was a fraud. I cannot on any account permit such a thing to be done and make myself a party to it as I should if I remained silent. I do not propose to allow myself to be unconsciously made use of to aid in any deception at any time."

12th Oct. 1891. I received the following from Mercer signed "F. H. Mercer, p. C. de M."

"Regarding the entry of Newcastle the entry money as required being duly paid and six entries as required by rule having filled it was strictly legal to divide the class whether the dogs would be present or no, I entirely fail to see where the 'fraud' comes in. I regret exceedingly that you should take exception to my action in entering your dog and may say that it is not an unusual thing to make entries without the proper forms being received from owners. In this case I clearly had no right to enter Newcastle but presuming on our friendliness hitherto I entered him as stated to fill up the class. It is only what I should be glad to allow you to do with my dogs at any time. Of the five challenge entries made by me I never intended to show more than two or three and certainly no one expected to see Newcastle there. It is for you to say what action you may take in the matter but I venture to point out to you that publication would be of no use whatever, the question being of no public interest, it certainly cannot injure me as I was merely guilty of an indiscretion entering a dog without authority."

Now, Dr. Mills, you know the subsequent attempts to defend himself in the public prints which Mercer had recourse to and his attempt (a nasty one) to injure me by his counter charge which he filed with the A.K.C. where he was quickly defeated and I was wholly exonerat-

ed, and nevertheless I have an idea, as I wrote Mr. Donovan, your hon. Secretary of the C.K.C., that Mr. Mercer has had far more odium and injury to himself out of all this than I ever have. I went in to establish a principle which I firmly maintained that the whole affair was a fraud on the public, the Bench Show Committee and me. I need not point out in closing, that while I would gladly do anything to remove the odium from Mr. Mercer, the C.K.C. have a great responsibility before them to decide if the case presents any different aspects to-day from those of October, 1891. I do not wonder Mercer desires to be reinstated. It seems to me, however, that the protest and application for reinstatement which he makes under date of 10th of March, '93, is a cover to attack the Hon. Pres. of the C.K.C. same as his appeal to the public to exonerate him from the charge of fraud which he made under the caption of a "Roland for an Oliver" was a blind under which he could make an indecent attack on me.

Do not make any mistake in the case before you, as a large majority of the kennel world have already endorsed the first action of the C. K. C. in disqualifying Mercer.

I hope I have given you all you need in the premises, if not please command me.

Yours sincerely,

JAMES L. LITTLE.

NOTES AND COMMENTS

THE CANADIAN FOX-TERRIER CLUB

FAS added the names of Messrs. T. S. Bellin and Clarence Rathbone, of Albany, N.Y., to the official list of Judges.

THE PARTNERSHIP

existing between Messrs. W. B. Palmer and Joseph Kennedy of Hamilton, has been dissolved. Mr. Palmer retains Obo III. and offers him at stud.

MR. ANDREW LAIDLAW, GALT,

has bought a good little red dog from Mr. W. Tocher, Hamilton, by name Golden Rod. He is by Red Roland out of Golden Duchess and the price paid was over the century.

MR. R. P. FORSHAW,

an esteemed member of the Toronto Kennel Club has disposed of his kennel, and has left for Pittsburg, Pa., to take up his permanent residence there. His last generous act was to contribute a special prize towards the coming spring show of the T.K.C.

"YOU PAYS YOUR MONEY AND YOU TAKES YOUR CHOICE."

The following has been going the rounds as the official list of judges for the World's Fair. *Forest and Stream*, however calls it a "fake" as will be seen from the subjoined paragraph. The signers of the protest at Detroit and elsewhere will feel themselves placed in rather an awkward position:—

"The judges at the World's Fair Dog Show are at last announced, and are as follows: Miss Anna H. Whitney, of Lancaster, Mass., St. Bernards and Newfoundlands: Dr. Richard H. Derby, of New York, mastiffs: G. Muss-Arnold, of Tuckahoe, N.Y., Great Danes and dachshunds: Roger D. Williams, of Lexington, Ky., deerhounds, greyhounds, Russian wolfhounds, or borzois, and foxhounds: Pottinger Dorsey, of Maryland, beagles and basset hounds: James L. Anthony, of New York, pointers: Major J. M. Taylor, of New York, English setters and Chesapeake Bay dogs: Dr. William Jarvis, of Claremont, N.H., Irish setters: Dr. H. Clay Glover, of New York, Gordon setters: A. C. Wilmerding, of New York, Irish water spaniels, cocker spaniels, clumber and field spaniels: H. Jarret of Philadelphia, col-

lies: T. S. Bellin, of Albany, N. Y., fox-terriers and bull-terriers; John E. Thayer, of Lancaster, Mass., bulldogs; Dr. M. H. Cryer, of Philadelphia, pugs, toy spaniels, and Italian greyhounds, Irish, Scotch, Welsh, Dandie Dinmont, Bedlington Skye, Clydesdale, black and tan, Yorkshire, white English, and toy terriers. It will be noticed that New York furnishes no less than eight out of fifteen judges, which, no doubt, is the result of the personal acquaintance of the superintendent James Mortimer, who is also a New Yorker."

"The *Forest and Stream* is in a position to state with unquestionable authority that the recently printed list of judges for the World's Fair was a "fake," originated by a Chicago paper, which, in its silly eagerness to tell something it did not know, has by this "fable" achievement aroused among exhibitors a feeling of unnecessary discontent with the World's Fair managers. In reply to an enquiry by the *Forest and Stream's* Chicago office, Mr. Buchanan said that the list of judges published is in no sense official. The names were simply under consideration. No official list has ever been made, nor will any be made for a week or two. Some of the names published are those of judges; some are not—among the latter for mastiffs, pointers, and toys."—*Forest and Stream*.

MR. W. J. TULK

of the Hamilton Greyhound Kennels has imported from Mr. A. W. Purbeck, Salem, Mass., a six months old bitch puppy by champ. Gem of the Season out of challenge Lily of Gainsboro. She is a white, black marked with nicely formed body and good head and legs.

MR. A. D. STEWART, HAMILTON,

will probably, before this reaches our readers have dispatched his last Fox Terrier, My Fellow, who is being disposed of by raffle. One hundred tickets at one dollar each, were sold some weeks ago, and as the limit was placed at one hundred several applicants had to be refused. My Fellow was first at the late Detroit Show and also won two specials for the best Fox Terrier in the show.

MR. HARRY BREAY, HAMILTON,

has lost the Beagle bitch Juno, first at last local show, by poison.

MR. TULK, HAMILTON, WRITES,

Can any reader of the GAZETTE oblige me by letting me know the pedigree, dam and sire at any rate, of a black Greyhound bitch called Nettle, which was owned by J. G. Kent, of Toronto, who bought it from a Father Finan, who

formerly lived near Merriton. Will some one tell me who the dam of Rubert the Devil was, and if he was not sired by Master McGrath. If any one can answer these questions I would be much obliged if he would write me, William J. Tulk, Hamilton, Ont.

OTTAWA BENCH SHOW.

At a recent meeting of the Committee the addition of several challenge classes, much needed, was urged, and also the adding of selling classes for two or three breeds. These latter should fill exceptionally well and prove a source of revenue. The Association does not feel inclined to erect a new building nor to add to the list.

THE CHATHAM KENNELS,

Boston, Mass., in this issue announce their dogs at stud, Chatham Prince and Comet II; puppies from grandly bred and show bitches, and also mature stock are offered for sale. For further particulars we would refer our readers to our advertising pages.

MR. H. P. BREAY, HAMILTON,

is sending the orange and white St. Bernard dog Sir Mac, by Sir Oliver, out of Mary Jones to Mr. Thos. Holland, New York.

THE WIRE-HAIRED FOX TERRIER, DARK EYE,

whose purchase by Mr. A. A. Macdonald we commented on last month is now placed at stud by his owner. Mr. Macdonald also makes a most liberal offer to breeders who use either of his stud dogs, and no doubt it will lead to increased business for Trump and a good list for Dark Eye.

MR. FRED HABART, TORONTO,

has added to his breeding stud of Greyhounds, a bitch by old champion Memnon out of Stealing Away.

MR. T. G. DAVEY,

London, has added several new and "good uns" to his kennel of Pointers and English Setters, in anticipation of the Word's Fair Show. He will set a fast pace for other contestants in these breeds.

MR. E. HUGHES,

of Brandon, Manitoba, has purchased from Mr. E. Hindenkopfer, Meadville, Penn., a bitch puppy by Roderigo ex Lee Gladstone (champion Gladstone ex Isabella), which will be entered for the Manitoba Field Trials, to be run 12th September, 1893.

A ST. JOHN'S N.B. CORRESPONDENT,

sends us the following items:—Sheriff Harding received a very handsome greyhound dog from parties in Boston a few days ago. The dog is a throughbred and has been greatly admired by all who have seen him.

Mr. Horace W. Cole has a very handsome English setter pup. The dog is one of the finest in the province.

MR. R. S. WILLIAMSON, GUELPH, writes us; "I have sold since the last issue, all my young stock making in all 25 sales, and have several orders for puppies waiting the next litter. I must confess that more than half of the sales have been brought about through my ad. in your paper." This is good business.

MR. WILLIAM BRODIE,

returns to Scotland about May 1st. We are sorry for this, though wishing Mr. Brodie "heaps" of good luck, as during his short residence in the Dominion, he made many warm friends, who will regret his leaving us.

A SHOW IN TORONTO.

The Toronto Kennel Club will hold their Spring Show on 12th and 13th May next, in the Granite Rink. A nicer or more commodious building it would be indeed hard to find in Toronto. Mr. T. G. Davey, of London, has been invited to judge Pointers, Setters, Foxhounds and Beagles, Mr. A. D. Stewart, of Hamilton, will take the Bull Terrier and Fox Terrier classes in hand, while Mr. Geo. Bell will judge Spaniels, Greyhounds and all other breeds. The show will be open to all Canada, and a bumper entry is looked for. No money will be put up, but where six or more entries are made in a class the money will be divided between the first and second dogs. The entry fee will be merely nominal to outsiders, probably but fifty cents.

SQUEEZED OUT.

Owing to the great length of the report of the meeting of C.K.C. Executive and the number of registrations much interesting matter, including Mr. Hugh Dalziel's letter to the Toronto Kennel Club, Kennel register, etc., is crowded out of this issue.

DR. MOLE'S ARTICLE IN FEBRUARY GAZETTE.

Editor Gazette:—

DR. Mole's article in your February number contains some unquestionable errors and some unfounded deductions that demand correction. First, the statement that Collies are the most treacherous of any breed of dogs cannot be sustained, in fact it is positively incorrect. In my observation Collies are shy and reserved, perhaps suspicious, and I fancy do not accept advances amiably, but that by no manner of means justifies the appellation of "treacherous". I do not propose to make the too common mistake of defending one breed by attacking another, but I can assure you that there are some pet breeds that are much more likely to bite in shows than Collies are. In their order of safety, I would rate dogs about thus—Bulldogs, Psowie, Mastiffs, bobtails, Setters, Collies and Spaniels. Some breeds not included above had always better be let alone, while others are very variable in temper, some very safe and some unsafe. Putting Bulldogs at the head may be startling, but my experience in shows justifies it, I can only remember one very bad tempered Bulldog, although he was bad enough for the whole breed. Some may except to the position I give Psowie, all I can

say is that they are uniformly very eager for attentions and I have never known of one showing any savagery to mankind bad as they are with other dogs. Dr. Mole makes another statement that he cannot produce the least evidence in support of when he says that the Collie is the result of a cross with the fox. This is absolutely without any support. The Collie certainly belongs to the fox, or wolf-like division of the family, but that by no means indicates fox blood in him. It might as well be said that the bobtail has a cross of bear, often being so strikingly bear-like in appearance. The Bulldog in the early part of this century was illustrated with a very cat-like head, will anyone therefore say that these dogs had a cross of cat? Then Dr. Mole says Collies get their red color from the fox. Holy Moses! Where do the black and tan Collies get *their* color from then? And where do red Mastiffs, Spaniels, Dachshunds, Terriers, St. Bernards, Setters, etc., get their fulvous colorings from? Thunder and lightning! What we call "sable" in Collies is an exceedingly common color in *all* dogs! The Bulldog Romulus was of that color and did he have a strain of fox? Then we are told that the whole family of shepherd dogs inherit from the fox their disposition to hunt hares. Hunt fiddlesticks! Shepherd dogs haven't the disposition to hunt hares half as strong as Hounds and Terriers have. In fact I once had a big lumbering Mastiff bitch who picked up rabbit trails quicker than nine out of ten Terriers would, and she was about as much like a fox as Daniel Lambert was like me. But still further, there is no sufficient evidence that the cross between dog and fox is fertile, authorities differing most strongly on this, nor is there any particular reason for concluding that it was from the fox that the Collie got its fox-like head, the wolf would be a much more likely suggestion, and the craze of fanciers for ridiculous heads is the most probable explanation. Anyhow, the Collie illustrated by Bingley in 1809, is very little, if any, fox like. If resemblance to a wild type establishes descent from the wolf prototype, where would Dr. Mole find the source of the Mastiff, Bulldog, Pug, and Toy Spaniel heads? Yet Assyrian sculptures show a Mastiff whose head would not be utterly discreditable today, certainly better than many seen in shows. A canine mummy recently unrolled and illustrated, showed a dog decidedly of small Greyhound type, and so on *ad infinitum*. The fact is that anything like a supported theory of the wild original of dogs, is utterly impossible, the more it is guessed at, the wilder the guesses become. I admit that the wolf might possibly develop into the Collie, that the wild dog of South Africa might evolve the Hound, and the various divisions of the fennecs might arrive at some other breeds if bred for it, and that crosses between these breeds might do great things, but "mights" are the only things in the theories, and guesses are poor stock. I would add another "might" (worth as little as any of the others) a wild original "might" have existed and have become extinct, would be a good disposal of guesses on scientific subjects.

In justice to Dr. Mole, it should be said that his article has every appearance of having been hastily prepared, and it is more than likely that he has made these statements hastily without carefully considering their scope, but I must point out to him that the professional man must not make hasty utterances on scientific subjects, that may pass with us

poor laymen, for what we say isn't taken for authority. What a doctor says is swallowed as gospel by lots of people, without even stopping to think about it.

Yours truly,

W. WADE.

THE TORONTO KENNEL CLUB.

ANNUAL MEETING.

THE Annual Meeting of the Toronto Kennel Club was held on March 16th, in the club rooms, Yonge and College streets, and the Executive Committee could with reason ask the members to look back on a year of progress. The club is an incorporated body, with about 100 members, several of them ladies, has very pleasant and central quarters, supplied with a library on canine subjects and the leading sporting journals. Last year two shows were held, one for local dogs, with 203 entries, and another for members' dogs only. At the regular meetings papers are read on various subjects of interest to lovers of the dog, and in many ways the Toronto Kennel club has shown itself a leader among organizations of its kind. So much is this the case that Mr. Hugh Dalziel, the English writer, whose fame is world-wide, writes to President Sweetnam that the T.K.C., has been following out a plan seldom adhered to and highly creditable to the club.

Treasurer H. J. Hill reported that the club's receipts last year were \$392 and there is a small balance on hand. The reports of the Executive Committee and the acting librarian were equally satisfactory, and all were adopted. The election of officers resulted as follows:

President, J. F. Kirk; 1st Vice-President, J. S. Williams; 2nd Vice-President, C. A. Stone; Secretary, W. P. Fraser; Treasurer, H. J. Hill; Librarian, F. L. Mabey. Executive Committee, H. B. Donovan, F. H. Elmore, F. Habart, J. O. Bennet, H. P. Thompson, and G. B. Sweetnam.
