The Dog in Health and in Disease.

INCLUDING HIS ORIGIN, HISTORY, VARIETIES, BREEDING, EDUCATION, AND GENERAL MANAGEMENT IN HEALTH, AND HIS TREATMENT IN DISEASE.

By WESLEY MILLS, M.A., M.D., D.V.S., ETC.

Professor of Physiology in the Faculty of Human Medicine and in the Faculty of Comparative Medicine and Veterinary Science of McGill University, Montreal; Lecturer on Cynology in the latter Faculty; author of Animal Physiology, Comparative Physiology, How to Keep a Dog in the City, etc. With Thirty-eight full-page Cuts, One Colored Plate, and numerous other Illustrations. 8vo, cloth. Price, \$2.25.

Published by D. APPLETON & CO. 1, 3 and 5 Bond Street, New York.

The author of this work has undertaken, in a clear, concise, untechnical way, to supply the large class of intelligent dog owners and breeders, and veterinarians, with the information necessary for the proper care, management, and treatment of the dog in health and disease. His well-known reputation as a writer and lecturer on human and veterinary physiology, his special study of canine diseases, and his long experience as a breeder of dogs, insure a thorough and correct handling of the subject.

UNSOLICITED OPINIONS OF THE PRESS AND INDIVIDUALS

"Altogether the work is one of great use to the breeder and the veterinary student, and one that should find a place in every dog-man's kennel-shelf and library."—*Forest and Stream*.

"Very interesting and valuable."—*New York Times*.

"A practical protest against the treatment of dogs according to the light of the horse-doctor. The book is intended for all persons who breed, keep, or in any way take a special interest in the dog. . . . One half the book is devoted to the diseases of the dog. The symptoms and treatment are carefully given, and there is added a table of doses of the drugs found most efficacious. The volume is one to be cordially recommended."—*Philadelphia Inquirer*.

"It was the writer's aim to bring the book thoroughly up to date in all respects, and we think he has succeeded admirably. The illustrations are of famous dogs. The book contains over 400 pages, and the letter-press and mechanical work upon it are done in the very best style."—*The Fancier's Journal, Philadelphia*.

"Four hundred and seven pages are devoted exclusively to dogs. Thirty-eight full page cuts, one colored plate and numerous other illustrations, add much to its value. It is nicely printed on heavy paper, bound in cloth, and will prove of great value to the owner of one dog or a kennel, the student or the canine practitioner. The library of every one interested in the dog should contain a copy of this work."—*The American Stock-Keeper, Boston*.

"The numerous illustrations in the book have been drawn from various sources, special pains having been taken to furnish models for judging the various breeds of dogs in the full-page plates. The book is intended not only for students and specialists, but for all intelligent persons who breed, keep, or in any way take a special interest in the dog."—*Witness, Montreal, Can.*

"There is no predecessor to this book, not in the scope and purpose, or in the authoritative nature of its contents."—*Pittsburg Chronicle-Telegraph*.

"The best treatise on the subject that has appeared in this country."—*Washington, D.C., Republican*.

"The author is very conservative in recommending medicine or courses of treatment, and for this reason

his book will commend itself to the owners of valuable dogs."—*San Francisco Chronicle*.

"A book to be welcomed, not only by veterinary surgeons, but by every lover and student of the dog. The typographical work and illustrations are of a very high grade. Of course those who are called upon to treat sick canines will be most interested in that part which deals with the dog in disease, but we venture to predict that the classification of the several breeds, and the chapters on the psychic characteristics and the care of the dog, will gain for the book its greatest popularity."—*Chicago Interior*.

"The more a certain brilliant French woman saw of men the better she liked dogs—at least that is what she said. . . . But if she could have read Dr. Mills' book on the dog she would have found that dogs are not really much different from men after all—perhaps that is why she liked them. . . . Dr. Mills has certainly produced a delightful book and one which should have a hearty welcome in these dog-show days."—*N.Y. Tribune*.

"You have not only taught us how to treat dogs in health and disease, but you have given those who may ever aspire to writing a book on such a subject an excellent example of how to do it."—*Williamson Bryden, D.V.S., Boston, Examiner in Comparative Medicine and Veterinary Science, McGill University*.

"Your book proves a real treat on perusal and it must find a place in the library of every man who loves the dog. It has only to be known to be appreciated. I have shown it to several friends, who agree with me that it is the only work of the kind up to the times."—*P. G. Keyes, Esq., Judge of Spaniels at the Montreal Bench Show of 1897*.

"I consider your book on the dog the best that has ever been gotten up."—*B. F. Lewis, Esq., Handler of Bench Show Dogs*.

"The book is cheap at the price, and I believe will have a large sale, as it covers the entire ground in a very able manner."—*Victor Haldeman, Editor Fancier's Journal, Philadelphia*.

"The work is quite unusually complete. Dr. Mills is evidently an authority on this subject, and his work will be of value to those who deal with dogs whether they are sick or not. The work abounds in fine cuts of

the different species of dogs, and contains a great deal of anatomical and detailed information concerning each species. No one who has a valuable dog can afford to be without this work."—*The Boston Herald*.

Extracts from Letters to the Author.

"The copy of your valuable new book I am enjoying extremely."—*Miss Anna H. Whitney, Bench Show Judge*.

"I consider your new book quite equal to anything of the kind I have ever seen, and a most valuable addition to any sportsman's library; indeed it is a library in itself by covering the ground so thoroughly."—*John Davidson, Esq., Bench Show and Field Trial Judge*.

"It is a good book, and I must congratulate you on it, carefully compiled and up to date; it should find a ready sale on sight. The illustrations are the best I ever saw in any dog book, bar none, and enhance the appearance very much."—*H. W. Lacy, Esq., Bench Show Judge, etc.*

"I have just finished your very admirable new work and hasten to congratulate you on giving to the public a book of such general excellence. I fully anticipated something very much beyond the ordinary before opening the cover, but was hardly prepared to find so much real, practical and useful, as well as scientific information contained in one volume."—*C. H. Corbett, Esq., Suplt. Kingston Bench Show*.

"The work appears to be most interesting."—*A. D. Stewart, Esq., Hon. Sec'y, Hamilton Kennel Club*.

"The cuts are remarkably good and true. I am glad to see that you so decidedly insist that dog practice is not horse practice, or anything like it; young veterinarians cannot get to understand this fact too early. The classification is good, the remarks concerning prophylactic treatment excellent, and the drug table will be especially useful."—*Dr. Charles Lyman Harvard Veterinary School, Boston*.

"I have never read a work on the same subject (and I have read nearly all the published works on dogs) that has given me so much pleasure as well as information, a thing not often combined in such works."—*J. S. Niven, M.D., the well-known Cynologist of London, Ont.*

A T STUD—THE SMOOTH FOX TERRIER RIDEAU RIVET,

(Late Merle Guy) C K R No. 1908.

Dudley Dandy.

Bodkin III.

Vesuvian. Lady Mayfair. Rivet III. Race.

Rivet weighs 16 1/2 lbs., is white, with evenly marked black and tan head, has very small V shaped ears, hard coat, plenty of bone, and a "wonderful front." In general appearance he is a lively little dog of good character and style. His breeding is of the best, and at the nominal fee for which his services are offered he ought to do much to advance Fox Terrier interests in Canada. Fee until further notice, \$5.00. CANADIAN KENNEL CLUB.

MEETING OF EXECUTIVE COMMITTEE, JULY 13, 1893.

(Official Minutes.)

A MEETING of the Executive Committee of the Canadian Kennel Club was held at the Queen's Hotel, Toronto, on July 13th, commencing at 3 p.m. Present Dr. Wesley Mills, (in the chair), Dr. J. S. Niven, Messrs. C. A. Stone, J. G. Mitchener, H. Bedlington and H. B. Donovan, (Secretary).

The Relations of the C.K.C. and A.K.C. The Secretary read the following letters received in reply to enquiries from him:

New York, May 29th, '93.

H. B. DONOVAN, Esq., Sec'y C.K.C.

DEAR SIR,—I have yours of the 26th inst., before me. In reply would say that our minutes of last meeting were sent direct from the stenographer to the printers, and consequently I have been unable to send any of the official notices brought about by the action of said meeting until to-day, and that is my excuse for not sending you the information you are entitled to, earlier than by this mail.

Further than the recommendation in my report I had no knowledge of what the action of the A.K.C. would be regarding the bond between the two clubs, or even that any would be taken. Dr. J. Frank Perry, however, had prepared a resolution before coming to the meeting to the effect that the agreement between the A.K.C. and C.K.C. should be cancelled. This resolution was submitted and carried. Another resolution was adopted reinstating so far as the A.K.C. was concerned, the persons now under disqualification by your club.

Therefore under the present circumstances, it is my opinion that the relation of the A.K.C. towards the C.K.C. is precisely the same as towards the E.K.C. *i.e.*, 1st. We do not recognize your registrations. 2nd. We do not recognize your awards at bench shows held under your rules. 3rd. Until some future arrangement can be made for the recognition of suspensions and disqualifications between the two clubs, I am of the opinion that even that exchange of courtesy has been

stopped. Personally I believe that the A.K.C. and the C.K.C. should recognize each others black list.

Yours respectively,

A. P. VREDENBURGH, Sec.

New York, June 6th, '93.

Mr. H. B. DONOVAN, 118 Victoria St., Toronto, Can.

DEAR SIR,—In reply to your favor of the 31st ult. I beg to say that the resolution annulling the contract with your club is not retroactive. Of course we recognize all wins made at Canadian Kennel Club shows up to the date of annulling the contract.

Yours truly,

A. D. LEWIS, Acting-Sec'y.

It was unanimously resolved:

1. The abolition of the compact that has existed between the A.K.C. and C.K.C. would tend to increase the income of each club, but would put an additional tax on exhibitors both in the United States and Canada for the registration of dogs with each club for the purpose of making them eligible for shows in both countries.

2. The qualifications for registration in the C.K.C.S.B. are more stringent than those of the A.K.C.S.B., as only dogs with pedigrees complete for three generations or that have won not fewer than two first prizes at recognized shows are eligible for registration in the C.K.C.S.B.

3. Non recognition by one club of the wins at the shows held under the rules of the other would complicate records and prove confusing to exhibitors, and be apt to lead to mistakes in making entries.

4. Non-recognition by one club of the black list of the other would put a premium on wrong-doing, and would throw a great responsibility on the clubs which are supposed to use all the reasonable means in their power to prevent dishonourable conduct in connection with dogs and dog shows and field trials.

We are decidedly of the opinion that the reinstating of disqualified persons of either club, without due and sufficient consideration of the charges against them, is apt to have a tendency, so far as the public is concerned, to destroy faith in the management of the said clubs.

The Executive Committee of the C.K.C. believe that the action of the A.K.C. at its May meeting was taken without

due consideration of all the facts and interests involved, especially as regards wins and black lists.

Moved by Dr. Niven, seconded by Mr. Bedlington and resolved, that the Secretary be directed to acknowledge the communication of the Secretary of the A.K.C. of May 29th, to forward a copy of the representations recommended at this meeting and to state that in the meantime the C.K.C. will govern itself according to the action of the A.K.C. in regard to the previously existing compact at their meeting of May 18th. *Carried.*

Several accounts in connection with the selection of dogs for the World's Fair were handed in.

Moved by Mr. Bedlington, seconded by Mr. Stone, that the account rendered by Mr. A. D. Stewart re the Canadian Exhibit for the World's Fair Dog Show be laid over, for further explanation, to the next Executive meeting, so that Mr. Stewart can be present. *Carried.*

Moved by Dr. Niven, seconded by Mr. Bedlington, that the actual disbursements of the Secretary, his account for his services and the railway fares of the members of the Executive Committee as per annexed statement be paid. *Carried.*

Meeting here adjourned, resuming business at 7.45, the same members being present.

Moved by Mr. Mitchener, seconded by Mr. Stone, that the charge for each dog entered for the World's Fair Dog Exhibit shall be \$1, this charge is to cover the cost of certificate and other incidental expenses incurred by the Kennel Club, other resolutions in regard to this matter are hereby annulled. *Carried.*

Moved by Mr. Stone, seconded by Dr. Niven, that additional entries for the World's Fair may be made up to August 15th or changes made in the original entries by substituting other dogs. The original conditions to prevail. *Carried.*

Moved by Dr. Niven, seconded by Mr. Bedlington, that Messrs. Mitchener, Stone and Donovan be requested to examine and pass upon all additional entries for the World's Fair exhibit. *Carried.*

Applications were received from Mr. Geddes, Ottawa and Mr. Mitchener, Toronto, for the position of Superintendent of the Canadian exhibit of dogs for the World's Fair, made vacant by the resignation of Mr. A. D. Stewart, and letters were read from several members of the Executive, not present, in support of both candidates.

It was unanimously resolved, that the Secretary be instructed to ascertain by mail from each member of the Executive Committee, which of the two candidates he prefers for the position of Superintendent of the dog exhibit at the World's Fair. Voting papers to close in Toronto, on Aug.

1st. The candidates are Mr. Alf. Geddes, of Ottawa, and Mr. J. G. Mitchener, of Toronto.

C.K.C. Diplomas. An application was received from Mr. H. C. Bates, Secretary of the Kingston Kennel Club for the Diplomas offered by the C.K.C. for their show this year, which on motion of Dr. Niven, seconded by Mr. Mitchener, was granted.

Field Trials. The President read the following correspondence:—

“Chatham, June 27th 1893.

WESLEY MILLS, M.D. Cote St. Antonie, Montreal.

DEAR SIR,—In reply to yours I would say the entries for the All Aged Stake I.F.T., close Nov. 1st. Trials begin Nov. 7th. As to advertising in the only Kennel Club Journal, it has taken so little interest in practical sporting matters that the thing has never entered our heads. When the Canadian K. C. and Journal take some practical interest in field matters we will think of patronizing it. We can give our own Diplomas if they are wanted? What we want most is something tangible such as Sir Casimer Gzowski and Christopher Robinson, Q.C., are giving to the All Aged Stake. Why can't the C.K.C., do the same for the Derby? Yours truly,

W. B. WELLS.”

“Cote St. Antonie, Montreal, June 30th, 1893.

W. B. WELLS, ESQ., Sec. Int. F.T.C.

DEAR SIR,—I have your communication in reply to my enquiries, and from your remarks I am forced to believe you are under some misapprehension in regard to the C.K.C. Consider that by far the larger proportion of members of the Club have no personal interest in Field Trials and that the C.K.C. is very poor as yet—living as it were from hand to mouth and you will probably regard the matter in another light. At two different meetings of the Executive, the subject of the relations of the Club to the International Field Trials Club was discussed. At both of these meetings the warmest interest was manifested in this organization and the possibility of offering some article as a cup was fully discussed. It was, however, seen that this year the finances of the Club were not equal to it and the idea was reluctantly abandoned. Under the circumstances the Club was only able to show its good will by offering its diplomas. I may add that the C.K.C. does not give any cash or plate prizes for any purpose whatever, much as it would like to do so. But I can assure you that the present Executive has the greatest interest in the International Trials and wishes the club that conducts them well. Truly yours,

WESLEY MILLS, Pres. C.K.C.

P.S.—I see most of the papers devoted to dogs, but felt so sure the Int. F.T.C. would this year at all events advertise in the C.K. Gazette, that I did not know the date of the Derby till it closed. W. M.

New Members. The Secretary was instructed to cast a ballot for the following names:—Messrs. J. W. Nagle, V.S., Jas. Johnston, J. A. Noble and Hiram Card, proposed by Mr. Donovan, and Messrs. J. C. Cockburn, J. Seager and J. Taylor, proposed by Mr. Mitchener.

Constitution. The following changes were carried to be recommended for adoption at the annual meeting:—

11. Any individual having personal knowledge of the facts may prefer charges of improper conduct against a member of the C.K.C. The person making such charges must send them in writing to the Sec.-Treas. of the Club. The charges thus forwarded must be accompanied by a deposit of \$5 for each charge preferred, which shall be retained should the charges be deemed on investigation to be frivolous or malicious.

Moved by Mr. H. Bedlington, seconded by Dr. Niven, That rule 8 in the proposed constitution be amended as follows: The annual dues shall be \$2 payable in advance and afterwards on Sept. 1st of each year; members shall be entitled to register five dogs each year; for all over this number a fee of 50c. shall be charged. Non-members shall be charged \$1 per dog for registering and 50c. for listing.

List of Names. A list of names of members in good standing was ordered to be printed in August GAZETTE.

Dog Show Rules, etc. These were thoroughly revised for recommendation at the Annual Meeting and were ordered to be inserted in next GAZETTE.

H. B. DONOVAN,
Secretary.

NOTES AND COMMENTS

WORLD'S FAIR JUDGES.

THE following type-written list has been sent us. The Executive Committee on Awards have selected the following men as judges of the Kennel Exhibit. St. Bernards and Newfoundlands, Miss A. H. Whitney, Lancaster, Mass; Mastiffs, E. Court-Rice, England; Great Danes and Daschunds, G. Muss Arnolt, Tuckahoe, N.Y.; Deerhounds, Greyhounds, Russian Wolfhounds (Barzois) and Foxhounds, R. D. Williams, Lexington, Ky.; Beagles and Bassetts, Pottinger Dorsey, New Market, Md.; Pointers, Dr. Wesley Mills, Montreal, Canada; English Setters and Chesapeake Bay Dogs, John Davidson, Monroe, Mich; Irish Setters. Dr. Wm. Jarvis, Claremont, N.H.; Gordon Setters, Dr. Henry Twadell, Philadelphia, Pa; Spaniels (Sporting Classes), A. C. Wilmerding, New York, N.Y.; Collies, H. Jarrett, Philadelphia, Pa.; Fox Terriers and Bull Terriers, T. S. Smith, Albany, N.Y.; Other Terriers, Poodles, Bloodhounds, Harriers and Schipperkes, James Mortimer, Long Island; Pugs, Toy Spaniels and Italian Greyhounds, Dr. M. H. Cryer, Philadelphia, Pa.; Bull Dogs, Jno. E. Thayer, Lancaster, Mass. The "Executive Committee on Awards" may have "selected the following men" (Miss Whitney included?) but their acceptance is quite another thing. Mr. Mortimer and Mr. Davidson are already engaged for the Rhode Island fixture and they can't judge, and we understand Mr. E. Court-Rice cannot possibly, since change of date, be present. The old saw says, "there is luck in odd numbers." Try it again Messrs. "Executive Committee on Awards" and perhaps you may get nearer the mark.

DR. WELSEY MILLS,

the President of the C.K.C., and the only name mentioned from Canada, made his debut at Kingston in 1891, judging Pointers and Setters, and last year judged several classes both at Kingston and Ottawa. We understand he has received many congratulatory letters from prominent Canadian

breeders on his appointment, which he has decided to accept.

THE "PLEASURE" OF IMPORTING.

Last month we noted the importation of Refuge, the Bowmanville St. Bernard Kennel's new dog. A card from the proprietor of the kennel tells its own tale: "I never saw my dog, 'Refuge,' died in Montreal on arrival of steamer. Foul play suspected, no direct evidence yet. I have been badly deceived either by exporter or my dog was stolen from steamer. Pretty heavy loss." We hope if any underhand work has been done that it may be traced to its source and the guilty party receive his just due.

MESSRS. MCEWEN & GIBSON,

the well-known breeders and exhibitors of Collies have decided to dispose of their entire kennel without any reserve whatever, and have issued a catalogue in which the dogs are placed at such figures that they *must* go. Any one on the look out for a Collie should write at once for a copy of the sale list, as no better blood is procurable anywhere, and several well-known winners are included.

FINSBURY DUDE,

Messrs. Saunders & Mighton's recent purchase is now offered at stud, at a \$25 fee. He was referred to in warm terms in the report of the Toronto Kennel Club's Show, in May issue.

OTTAWA DOG SHOW.

The lists are now ready and may be had on application to the Secretary Mr. A. Geddes. The old code of bench show rules have been used which of course will now need amending, no doubt Mr. Geddes will attend to this. A challenge class of \$5 is given in most breeds and in the open classes \$7 and \$3 is offered for all breeds. Cocker are divided into black and other than black, and have also a selling class of \$7 and \$3 for dogs valued at \$25 or under. Rough and smooth St. Bernards and smooth and wire-hair Fox-Terriers compete together.

HAMILTON KENNEL CLUB.

The Hamilton Kennel Club are making further efforts to reduce their indebtedness and will hold a drawing on August 4th in the Royal Hotel, for about a dozen dogs donated for this purpose by friends of the club. Messrs. H. B. Donovan and W. P. Fraser, Toronto, A. Laidlaw, Galt, and Dr. H. S. Griffin, the club's president, have been asked and have consented to take charge of the proceedings. The dogs are

all well bred and it is hoped in this way that a good portion of the deficit, some \$700, may be wiped out.

TORONTO DOG SHOW.

Mr. Stone and his committee have been hard at work on the preliminaries and every thing is now in ship shape order. The prize list is in type and will be issued immediately. Mr. Stone waits but for the amending of the C.K.C. Rules, which are fully reported in this issue.

SPECIALS AT TORONTO.

The following specials have so far been donated: The American Spaniel club donates their silver cup value \$100 for best Field Spaniel, \$10 cash for best kennel of Cockers, and same for kennel of Field Spaniels. The Pointer Club of America donates \$10 cash for best Pointer dog owned by a member of the club, the same for best bitch, also \$10 for best dog in open class, and the same for the best bitch. Mr. A. W. Smith, Buffalo, N.Y., donates \$5 cash for best Black and Tan Terrier dog (American or Canadian bred) and the same for the best bitch. The Toronto Silver Plate Co., offer a trophy valued at \$25 for the best Cocker owned in Toronto. Geo. Bell, Esq., offers \$50 for the best Spaniel sired by one of his stud dogs. The following Canadian Fox Terrier Club's specials will also be competed for: 1st, For best team not less than four smooth Fox Terriers irrespective of sex, Messrs. S. Davis & Sons, Montreal, Q.; 2nd, For best team not less than four wire-haired Fox Terriers, irrespective of sex, Wm. Brodie, Esq., Scotland; 3rd, For best brace dog and bitch (smooth), Messrs. Hiram Walker & Sons, Walkerville; 4th, For best brace dog and bitch (wire-haired) Montreal Fanciers; 5th, For best dog (smooth) *American Field*, Chicago; 6th, For best bitch (smooth) John E. Thayer, Boston; 7th, For best dog (wire-haired) Hon. G. A. Kirkpatrick, Toronto; 8th, For best bitch (wire-haired), Forest City Fanciers; 9th, For best Canadian bred dog puppy (smooth) over six and under twelve months, Walker House, Toronto; 10th, For best Canadian bred bitch puppy (smooth) over six and under twelve months, Messrs. Bell & Smyth, Toronto; 11th, For best Canadian bred puppy (wire-haired) over six and under twelve months, J. M. Lottridge, Esq., Hamilton; 12th, For the best Canadian bred bitch puppy (wire-haired) over six and under twelve months, Friends here and there who admire the Fox Terrier.

THE JUDGES.

The following judges have accepted the invitation to judge at the Toronto Show, commencing September 11th:

English Setter, FOREST REX.
Owned by the Forest Kennels, Toronto and Chatham.

Mr. C. H. Mason, New York city: Mastiffs, St. Bernards, Great Danes, Newfoundlands, Greyhounds, Collies, Bull-dogs, Bull-Terriers, Black and Tan Terriers, Scotch Terriers, Fox terriers, Poodles, Pugs and all classes of Toy Spaniels, and the miscellaneous and selling classes. Mr. John Davidson, Monroe, Mich.: Pointers, English Setters, Irish Setters, Gordon Setters, Bloodhounds, Irish Terriers, Dandie Dinmont Terriers, Bedlington Terriers, Airedale Terriers, Toy Terriers, and Italian Greyhounds. Mr. A. Clinton Wilmerding, New York city: Field Spaniels, Cocker Spaniels, Clumber Spaniels, Irish Water Spaniels and Retrievers. Mr. A. C. Krueger, Wrightsville, Pa.: Beagles, Foxhounds, Harriers, Dachshunds, Scotch Staghounds and Russian Wolfhounds.

CHANGES, ETC.

The entries close Aug. 31st. Those who wish to show at the World's Fair the following week, according to present dates, will be provided with accommodation, so that they can stay in Toronto until ready to start for Chicago. The litter classes which in the past have proved such a menace to the health of the exhibits have been eliminated. Judging will commence on Monday at 2 p.m., and all dogs must be in the building before 10 a.m. The show will close at 2 p.m. on Friday. The following changes have been made in the list: Handlers' prizes increased to \$30 and \$20, and \$10 is offered to the Canadian handler or owner making the largest number of entries, not less than ten. A silver medal, value \$20, is offered the owner of kennel showing the largest number of dogs. Deerhounds changed to read Scotch Staghounds and challenge classes double up. English and American Foxhounds must compete together for the kennel prizes, and so in the challenge classes. The class for Harrier puppies has been cut out.

The open classes for Bull-terriers have been divided into 30lbs. or over and under 30lbs., an open class added for Airedales of \$7, \$3 and diploma, and also challenge classes of \$5 and diploma for Dandie Dinmont and Scotch Terriers. The latter are also given a puppy class of \$3, \$2 and diploma. Skye terriers have a challenge class added, but the Black and Tan challenge classes have been doubled up. Classes for Poodles divided into French and Russian. The Whippet class and that for Clumber puppies have been cut off. The money in the challenge classes for Beagles 13in. and under, has been increased to \$10 and diploma, and in open classes to \$10, \$5 and diploma. The Fox-terriers are well treated, the novice classes being divided into smooth and wire, and two challenge classes, with \$10 and diploma added in wires. Wire-haired and smooth puppies must compete together. Several other changes of minor importance have also been made.

RAILWAY AND EXPRESS CO'S. ARRANGEMENTS.

The following are the railway and Express Companies so far heard from, for the transportation of dogs to and from Toronto. Detroit, Grand Haven and Milwaukee Ry., and Toledo, Saginaw and Muskegon Ry., will carry all dogs free of charge. Chicago and West Michigan Railway and Detroit, Lansing and Northern Railroad, will carry dogs free at owner's risk. Baltimore and Ohio Railroad Co., will carry dogs free. The Lake Shore Michigan Southern Railway Co., must go by express. Wabash Railroad Co., 1 to 100 miles 25c., 101 to 250 miles 50c., over 250 miles 75c. Flint and Pere Marquette Railroad will transport dogs in baggage cars free of charge. Canada Atlantic Railway Co., same arrangements as the Grand Trunk Railway. Toledo, Ann Arbor and North Michigan R.R., will carry one dog free, all in excess to go as excess baggage or express at owner's risk. Intercolonial Railway of Canada will be the same as Grand Trunk and Canadian Pacific Railways. Grand Rapids and Indiana Railroad Co., will carry dogs at same rate as the direct lines. In cases where exhibitors wish to show their dogs at various exhibitions before returning to the original starting point they may be charged for their dog from the first station to the first point of exhibition, and from the first point of exhibition to each subsequent exhibition, and dog will be returned free from the last exhibition to the original starting point on production of the necessary certificates from each exhibition as herein provided for. This arrangement will be in force for three days, not including Sundays, after the close of each exhibition. Express Companies: Canadian, Dominion, United States, Wells, Fargo Co., National Express Companies will return

dogs free over their lines who have paid regular rates going.

WHOLESALE POISONING.

Mr. C. Dempster, of Nanaimo, B.C., tells the following story: "I have no doubt that you will regret to hear that I have been the victim of some dastardly miscreants in the fact that I have had my whole kennel of Collies and St. Bernards poisoned, including my Collie dog Claremont Garry and bitch Roslyn Lena. The latter was in whelp with six pups. This outrage was absolutely unprovoked, and as yet remains a mystery, though no effort will be spared, as far as money can go, to trace the fiend who did the foul work. This is the more aggravating as Claremont Garry was beginning to make his mark, and I have no doubt had a bright future before him. I saved two St. Bernards out of the general slaughter. As you can imagine, when this sort of thing goes on here there is very little encouragement to import thoroughbred dogs. I had refused fairly large figures for some of the dogs poisoned. I will let you know at once if the perpetrator of the deed is found out." How any man could sink so low as to wantonly destroy life thus is a puzzle we cannot unravel.

DR. J. L. MILNE, OF VICTORIA,

has been induced to part with his brace of winning Cocker puppies at Seattle, Mount Tolmie and Baby Mine. Mr. J. S. Graham of the latter place was the buyer and is greatly pleased with his purchase.

KINGSTON KENNEL CLUB.

At the annual meeting of the Kingston Kennel Club the following officers were elected: C. H. Corbett, president; W. C. Darby, 1st vice-president; T. A. Carson, 2nd vice-president; H. C. Bates, sec'y-treas.; committee, J. B. Walkem, Dr. Clark, Carl Y. Ford, A. E. Loscombe, J. P. Oram. It was decided to have the 4th Annual Bench Show on the 5th, 6th, 7th and 8th of Sept., the week before Toronto. This will suit American dog owners as they will by this arrangement have a circuit commencing at Kingston then to Toronto and from there to the World's Fair at Chicago.

TO POSTPONE THE WORLD'S FAIR SHOW.

From *Forest & Stream* we notice that the advisory committee of the A.K.C. has instructed the President of the Club to suggest to the World's Fair management that the Show be postponed till October, and fix on a date not al-

ready claimed. This would relieve matters, a good deal, especially in the way of the judges chosen, who have prior engagements.

THE C. K. C. MEETING.

A very full report of the C.K.C. Executive Meeting held on the 13th inst., will be found in this issue. As our readers know we are not given to fulsome flattery, but we fear members of the Club do not rightly appreciate the sacrifices made by members of the executive board in giving their time, and in the case of those who come from a distance being out of pocket their travelling and hotel expenses. Oft-times they get "more kicks than ha'pence."

THE ACTION OF THE A. K. C.

We are sure our Canadian dog men will appreciate the stand taken by the C.K.C. which is independent without being vindictive. The resolutions passed view the case from a fair standpoint and we think will throw a light on the action taken by the A.K.C. or rather on the results of that action not hitherto noticed by many of our U.S. friends.

UNEXPECTED EXPENSE.

So much additional expense will of necessity be incurred by the postponement of the World's Fair Dog Show, that it was thought advisable to ask breeders to contribute a fee of one dollar for each entry. This fee to cover the cost of the special certificates required and in fact all other expenses. The Government has dealt most liberally with breeders and most naturally declines to augment the grant for expenses, hinting that intending exhibitors should not be averse to paying the small outlay made necessary by this unexpected and unprovided for expense. This one dollar will be *all* that exhibitors will be called upon to pay from the time their dogs leave home until they return, and we feel sure it will be most cheerfully subscribed.

FOREST REX.

We give an engraving from photograph of the Forest Kennel's English Setter dog, Forest Rex. He is a good bodied dog and stands on the best of legs and feet. He was once out when almost a puppy, at Toronto Kennel Club Show and was placed second to the Sultan from the same Kennel. One reporter said then of him.

English Setter Dogs saw the well known Sultan at the head of affairs, he was however closely pressed for this position by a coming youngster in Forest Rex, one with very few faults, and for which we predict a bright future, he afterwards won in the puppy class.

ONE OF OUR OLDEST JUDGES.

As Dr. Niven's name has been mentioned it is but fair to say that his refusal to judge at Toronto has caused much regret. The Doctor is one of our oldest breeders and what is not known to many about our oldest judge. We hope that Dr. Niven will gird up his loins again and be seen in the judging ring at some of our Canadian Shows before the season is over.

GOOD BEDLINGTON TERRIERS.

The Mount Royal Kennels report a litter of eight Bedlington's out of their Tibbie, a winner at Toronto last year by Champ. Tick Tack, acknowledged to be the best sire of this breed in America. Mount Royal speaks in high terms of the courteous treatment he has received at the hands of Mr. Russell the owner of Tick Tack.

THE NEW RULES

of the A.K.C. regulating Clubs and Dog Shows are we think far superior to any previous ones. Those recommended by the executive at the last meeting for adoption by the C.K.C. at the annual meeting resemble them very closely and will no doubt meet with general approval. It will be a great advantage to exhibitors on both sides of the line if the rules of the two clubs can be assimilated, and after all the C.K.C. and A.K.C. exist only to advance the interests of dogmen and dogs.

NO MONTREAL SHOW.

Owing to the lack of a building there will be no dog show in connection with the Montreal Exposition Company this year.

C. K. C. RULES THIS YEAR.

Dog shows in Canada will this year be held under the old rules amended so as to agree with the action taken by the A. K. C. Managers are requested to note this fact.

LIST OF MEMBERS.

Those members whose fees to the C.K.C. are in arrears, should attend to the matter at once, as a list of members in good standing up to August 15th will be published in next issue. As the year now ends on August 31st, we presume only those whose fees have been paid for the year ending August, 1894, will be entitled to vote at the annual meeting.

CANADA AND THE WORLD'S FAIR JUDGES.

Editor Gazette:—

AS only one English judge has been chosen, Canada must be content with one judge for the great World's Fair Dog Show. That the head of the Canadian Kennel Club and the most learned scientist in connection with dogs in America, while at the same time one of the oldest students and breeders of dogs of the present generation, a man of integrity, above suspicion and a gentleman, should be chosen by the World's Fair authorities speaks for their judgment and character.

Careful study of the list of judges reveals the fact that not a man of doubtful character has been chosen, and it is a pity that as much could not be said for all shows.

No sooner is the list published though than a hue and cry is raised by that clique which for long has been hounding a man they seem incapable of understanding.

The whole opposition to Dr. Mills from the beginning to the end can be traced to a few people of the professional slugger type, one might say, or with unsavoury reputations that makes them anxious to get rid of a man like him they attack. However, it is likely that before long the Doctor will take legal means to defend himself against the libellous statements that have and are flooding the American kennel press; and when he does he will have the sympathy and support of all the most respectable people interested in the dog. The lofty tone of his work on the dog has made him friends all over America.

Dr. Mills has been asked to judge Pointers. He has never owned a badly bred Pointer, but some of the best bred and the best in America, including one imported specimen, another closely related to an English Champ., and others of high quality some of which have been shown and several of which have not. I do not share the view that a man must necessarily breed and keep specimens of a breed to be a competent judge, especially in the case of one with a large acquaintance with dogs. The best critics of paintings are not the best painters. Few men are qualified to make good judges. Dr. Mills is one of the few, he has chiefly judged Pointers and judged them well. This outcry would have come from the same quarter no matter what breed had been assigned to him. I understand that Dr. Mills has received letters from many of the leading dog men of Canada, urging him to accept the appointment and pay no attention to the attacks of a few whose animus dictates what they write, and that I am satisfied is the feeling of the most respectable portion of Canadian dog men. As Cana-

dians though we must resent the persistent attempts of the clique of American sore heads who attempt to belittle our countrymen, and yet show a fondness for our dollars and cents that should not be encouraged if they cannot be made to stop their petty attacks on our best men.

Yours truly,

CANADIAN.

DIARRHŒA IN DOGS.

(Continued from last Month.)

IN cases of bilious diarrhœa, when vomiting accompanies the bowel trouble, it is necessary to give some medicine to act on the liver, combined with a stomach carminative, such as a dose of calomel and opium.

For pet dogs half a grain of each; Fox Terriers, &c., three quarters of a grain of each; Collies, &c., one grain of each, and St. Bernards, &c., one grain and a half of each, which should be given made into a pill, with some common extract. If the sickness continues after three or four hours, give, shaken dry on the tongue, every three or four hours, from three grains (for pet dogs) to fifteen grains (St. Bernards, &c.) of carbonate of bismuth.

As to diet, the same recommended for simple diarrhœa may be offered, but if it is refused and the dog appears weak, give every hour or so, cold, and in the jelly form, half to two teaspoonfuls of Brand's beef essence. There is generally great thirst in these cases, but no water must be allowed, but ice may be given to lick.

In other cases of diarrhœa, due to liver disorder, when the motions are liquid and of a grey chalky colour, a dose of grey powder (mercury and chalk) is beneficial, the dose varies from two to eight grains, according to age and size of the dog; this should be repeated the following day, then if the diarrhœa continues, give the No. 2 mixture.

In cases of diarrhœa due to the disorder of the nervous system, it is not advisable to check it too suddenly, for when such is done, the fits, which are generally present in these cases, become more severe.

If the bowel evacuations are very profuse and frequent, then carbonate of bismuth, from five to twenty grains, shaken dry on the tongue, three or four times a day, may be given; if this fails in checking the complaint, then try an enema consisting of thick boiled starch and opium.

The quantity of the former to be used is from one teaspoonful to a tablespoonful, according to the size of the dog, with from three to ten drops of laudanum added.

The enema should be given just tepid, and should be very slowly injected into the bowel so as not to irritate the parts, and excite the dog to strain after it has been given; and the dog should be kept quiet for a few minutes, and the tail held down close to the body to forcibly prevent the starch, &c., being ejected.

The diet in these cases should be the same as for that recommended for simple diarrhœa.

The worst cases of chronic diarrhœa are seen in old dogs, the result of indigestion, but animals of any age may be subject to this form of the complaint, the result of neglected simple diarrhœa. These cases frequently prove very troublesome, especially when the patient is an old one. The bowels should be first cleared out by an aperient (castor oil being one of the best) in doses from one teaspoonful to two tablespoonfuls, according to size of dog, with from three to ten drops of Laudanum added. The laxative and sedative should be repeated the next day, and then one of the following mixtures commenced after the oil has worked off:—

NO. 4 MIXTURE.

Diluted Sulphuric acid.....	1 dram.
Tincture Nux Vomica.....	1 dram.
Laudanum.....	1½ drams.
Water to	6 ounces.

Doses: Toy dogs, one teaspoonful; Fox Terriers, &c., a desertspoonful; and large dogs, one tablespoonful, three times a day, given about one hour after feeding.

If this does not stop or check the diarrhœa in the course of three or four days, then try the following:—

NO. 5 MIXTURE.

Liquor Pepticus (Benger's).....	} of each
Liquor Pancreaticus (Benger's).....	
Tincture of Nux Vomica.....	1½ drams.
Water to.....	6 ounces.

Doses: the same as for No. 4 Mixture, given immediately after feeding. The diet in these cases should consist entirely of lean raw meat—mutton preferred—which should be given cut up fine, and in small quantities, three or four times a day so as not to overload the stomach. Water in small quantities may be allowed, but no milk is to be given.

BADGER HUNTING IN STAFFORDSHIRE.

W. G. IN STOCK-KEEPER, ENGLAND.

THE rural village of Woore, situated on the border-line of North West Staffordshire, and immediately adjoining the county of Shropshire, has from time beyond memory been associated with all manner of country sport.

In a field close by, where the boundaries of the three counties of Staffordshire, Shropshire and Cheshire converge, and consequently the interference of the guardians of the peace could be all the more readily evaded, many of the classic combats of the palmy days of the P.R. took place, and there are those still living who can tell of the terrible battle between the black and white, when Tass Parker met Molyneux, the black, and demonstrated the superiority of the northern race over his coloured brother; while the memories of the Tipton Slasher, Bob Brettel, and many another professor of the fistic art, are treasured in the archives of the little old world village which in their times they helped to make famous.

Then the village itself lies amid the very cream of the North Staffordshire hunting country, the woods and brakes for miles around, being thickly stocked with foxes, so that the hunt of which His Grace of Sutherland is the master rarely or never knows the disappointment of a blank day when the neighborhood around Woore is the fixture.

Some short mile below, the once famed Willoughbridge Wells bubble up in a thousand springs, and swell a narrow stream-let into the river Tern, whose pink-fleshed trout are of the very finest quality, and are acknowledged by experts to be some of the best fed, gamest, and quickest growing-fish of their kind in the kingdom.

From Willoughbridge right down to its confluence with the Severn below Atcham, the Tern and its tributaries, especially upon the upper reaches, are favourite haunts of the otter, and many a grand day's sport has they afforded to those accompanying the Hawkstone Otter Hounds, when under the mastership of the present Lord Hill, and afterwards of his brother the late Hon. Geoffrey Hill, whose success as an otter hunter has hitherto been without parallel in the annals of this sport, although his successor Mr. Carnaby Foster, is following closely in his footsteps.

Then till within the last few years a fine pack of eighteen to twenty couples of Beagles were maintained at Woore

Manor House, and benched by Mr. Tom Cartlick, while the Woore Hunt Steeplechases are fast becoming one of the most popular of cross-country spring fixtures.

And, as if all this were not enough to stamp the locality as a place of sport, that rarest and scarcest of our *feræ naturæ*, the badger still finds a breeding and resting place in the thick coverts and wild woodlands stubbed around this Staffordshire village.

Hunting the Badger is a very different sport to hunting the fox, or the otter, or indeed any other carnivorous animal for the badger, though as predatory as the worst of them, is nocturnal in his habits, lying up all day, and only at the approach of night-fall venturing out in search of his prey, when the destruction he works among game birds while sitting or with their young, in rabbit burrows and to young leverets, is very great, for he is a sad glutton, and when in captivity devours nine or ten full-grown rats in a night as comfortably as possible; so his power of destruction when at liberty will be readily appreciated.

For the information of those who have never seen one, it may be stated that the badger is an exceedingly handsome animal. In shape is somewhat like a ferret, but much larger; his coat a beautiful shade of blue grey, while from his nose to the top of his skull his head is marked with alternate bands of black-and-white, forming a charming contrast to his self coloured coat.

It was on a bright summer morning in the present month of June that, a badger having been marked to its earth, it was determined to attempt to capture it. The locality, which had originally been a fox earth, was in the midst of a small wood in the vicinity of Willoughbridge, known as Deepmore, covered with young sycamore trees, whose leafy shade afforded grateful refuge from the rays of the burning sun, while an ideal summer's morn was rendered still more enjoyable by the brisk northern breeze which stirred the waving branches overhead and brought delicious coolness to the badger hunters below.

The *personel* of the hunt was somewhat varied, *imprimis*, the organisers proper, with just a select circle of friends in attendance, some eight or ten stalwart sons of the soil, with spades and mattocks, and picks in hand, for the badger has to be pursued below the ground, not above it, and many are the roots of the trees which have to be cut through, and boulder stones which have to be got up, and loads of soil that must be thrown out, ere his stronghold is successfully carried. The work is hard, arduous, and often lasts from five to ten hours at a stretch; and yet, strange to say, the

labourers are always eager to leave the comparatively easy work of the fields for the ten times more exhausting pursuit of badger hunting—a remnant perhaps of the old sporting instincts of their forefathers. Then there are those all-important auxiliaries, the dogs, without which badger-hunting would be a farce. These consisted on the occasion referred to, of Mr. Tom Cartlick's team of six Terriers, including his little favorite wire-hair bitch Nettle, that, besides badgers, has assisted at the capture of hundreds of foxes, and is as well known by the members of the North Stafford Hunt as is the noble master himself; and last, but by no means least, or of least importance, is Mr. T. B. Place's Irish Terrier Sligo, better known in the doggy world as Pasteur, a son of Dr. Carey's Skellamashirth, to whom he stood second at the Sligo Show a year or two ago.

He has been shown at several shows in England with varied results, and has received very contradictory criticisms; but whatever his pretensions on the show bench, when a fierce badger has to be tackled, and his jaws are terrible, Sligo is all there, and no mistake about it. One more adjunct to a successful day's sport must be mentioned, and that is the well-stored luncheon basket, sent on from the manor house, with capacious bottles flanking it, for badger-hunting is not only exhausting, but is eminently both hungry and thirsty work into the bargain. About 10 a.m. all was in readiness for a start. A careful survey of the locality showed the earth to extend about twenty yards square, and to have besides the main entrance, seven or eight exits in different directions. The mound composing it was a perfect network of pipes and burrows turning in all directions, yet all connected with each other. So the Terriers were put in, and the music at once began. Now from this part, now from that, till it was determined to dig a trench right across the earth and to the very bottom of it, so as to curtail the ground to be worked.

With every precaution not to fasten up or bury a dog this was done, and the explorations were commenced upon that portion of the earth where the Terriers were baying at their quarry. Ever and anon, first one and then another of these comes to the surface for air, and brings to light, in wounds and blood-stained coat, proofs of the sanguinary encounter going on below; only little Nettle never comes out, with scarcely an inch of her skin but what has been seamed and cut. She on occasions like this has either to be dug out or waited for till next day. Should the badger or fox elude his pursuers, she will not leave her game, although with age and experience comes wisdom, and she contents herself now with just keeping out of reach of the long fangs, which

leave their mark on everything within their reach, while baying her loudest, so that their whereabouts may be known. At last the spades and the Terriers force the badger up a pipe from which there is no exit, and when its farther end is reached the strong cruel jaws and gleaming eyes show him indeed at bay, ever with face to foe. The Terriers are called off; their work is done. They are utterly powerless to drag him from his hold, and their legs would be as matchwood in his grip; but now it is Sligo's turn, and heedless of punishment, he dashes in, and, locked together cheek by jowl in deadly grip, he drags the night prowler into the light of day. His master, Mr. Place, tails him, and with every circumspice the combatants are separated, and the badger whose thick skin and coat are its great preservatives, apparently little the worse, is carefully bagged to be kept as a curiosity, very soon reconciling itself to honorable captivity where food is plentiful. Strange to say, another badger was lying up in the same hole, and this, too, Sligo brought to light, and Bragger, a keeper on the estate, tailed it, so the hunt went off with a brace of badgers, an experience never before known in this locality. The one proved to be a very fine bitch in whelp, which weighed $34\frac{1}{4}$ lbs., the heaviest ever met with hereabouts. Her mate was a dog weighing $29\frac{1}{2}$ lbs. The pair were exhibited at a rural fête held a few days after on behalf of some local institution, and contributed considerably to the funds, through the eagerness displayed by the visitors to pay for making acquaintance with such little known animals, the very farmer on whose land they were found not having any idea that there were such creatures existing, much less that they would be met with on his own holding.

You will find it profitable to place an ad. in this Journal.

SEATTLE BENCH SHOW.

AS this was the first Bench Show under kennel club rules held in the Pacific North-West, a few notes in the GAZETTE may prove of use, both for future reference, and as an indication that the interests of Canadian dogs will be as well looked after here as in the East. It took place May 17th to 20th, with 120 entries and Mr. Geo. Raper as judge. Mr. Raper made the mistake common to most eastern judges who come here, of being too lenient with inferior specimens. This I consider very detrimental to kennel interests as it should be an understood thing that a dog which wins say V.H.C. under a judge here should be good enough to get the same card at an Eastern show.

Mastiffs.—3, medium quality, Trust V.H.C., should be useful at stud.

R.C. St. Bernards.—6, 1st tall and active, head lacks girth, very long and flat from eye to ear; 2nd a son of Alton, good head and front, poor behind; 3rd claimed by his owner to be half Newfoundland, has best body and coat but fails in head and ears.

English Setters.—10, 1st good dog, wins on condition; 2nd correct type, but cow-hocked, weak in back and short in right forearm; 3rd an easy 1st if in condition.

Irish Setters.—No Canadian dogs went over though we have nothing here to compare with 1st Chief Jr. or 2nd Duke of Kildare, both fine animals and a credit to the Coast.

Black Cockers.—Canadians took all prizes, Capt. Hunter 1st dogs, and Baby Mine 1st puppies, being very good in all points.

Collies.—Dogs, The Canadian Claremont Garry stands far above his competitors. He is a dog of the highest quality, excelling in head and body properties though carrying his tail too high; 2nd a small dog low in front, large prick ears, short thick head, short in coat and tail; V.H.C. had heavy drop ears, thin open coat and curled his tail over his back like an Esquimaux. Bitches, 2, The judge merely remarked that he didn't wish to encourage puppies in the open classes, and gave first to a very small one, low in front, faulty ears and nursing pups; 2nd, the Canadian entry, a daughter of Garry, and showing every promise of excelling her sire. The 1st and 2nd puppies are of the same stamp as the 1st in open bitches.

Fox Terriers.—Nothing very typical, all entries being faulty in body and hips. Mr. Raper gave 1st in challenge dogs to one which certainly is not first class, being far too

strong and springy in hips, not ribbed up enough and besides having a large cherry mark covering nearly half his nose. The winning puppy, a Canadian, was not good enough for a card.

Queen of the Dale 32263 E.K.C.S.B. by Plung-
ger (Ch Baron—Magg) ex
Nettle (Schoolmaster—Miss Garnet). Queen of the
Dale is the dam of one of the most sensational litters
ever bred in England, all of which are prize winners.
She is also the grand dam of Prince Gully, Mermaid
and Griffo and has won 1st Southport; 2nd Liverpool,
England; 1st Hamilton 1891.

Grove Duchess 27664 E.K.C.S.B. and 26361
A.K.C.S.B. by Ch. Baron (Dutch
—Lucy) ex Dutch Rose II (Dutch—Merry Rose). A
brood bitch of great merit who has won 1st Congleton,
England 1889; 1st Toronto 1890; 1st Toronto 1891;
1st Ottawa; 1st Danbury; 1st Pawtucket and 2nd
Brooklyn 1892.

She is now in whelp to Ch. Carney.

My Queen 12697 A. K. C. S. B. by Ch. Grand
Duke (Dutch—Young Magnet) ex Ch.
Maggie May (Old Prince—Kit). My Queen is a rare
bred one being the only daughter with one exception
(a litter sister, Ch. Starlight) of these two great dogs.
She is a wonderful brood bitch and has won 1st and
special Troy; 1st Buffalo; 1st Boston; 1st and special
Philadelphia; 2nd Worcester; 2nd Lynn; 2nd Boston
1891.

Chatham Prince 25717 A K C S B by Hinks

Nettle) ex Hackness (Sheffield Prince—
Rose) weight 40 lbs., winner of 1st Eccleshall, Eng.
1st Lewiston; 2nd Toronto; 1st Kingston; 1st Ottawa
1892. Comet II is a full brother to the dam of the
sensational puppy Mermaid; is a most prolific sire
and invaluable as an outcross for the prevailing Bull
Terrier blood.

Fee \$15.

Chatham Queen 29211 A. K. C. S. B. by Ch.
Jubilee (Bendigo—Queen) ex
My Queen (Ch. Grand Duke—Ch. Maggie May).
This is a young bitch not as yet shown. Her sire Ch.
Jubilee won 20 first and special prizes while her breed-
ing speaks for itself.

She is now in whelp to White Wonder 17028 (Gully
the Great—Kit) who is by long odds, Gully the Greats,
best son.

Chatham Kit 29210 A. K. C. S. B. by Ch. Jubilee
(Bendigo—Queen) ex My Queen
(Ch. Grand Duke—Ch. Maggie May). A litter sister to
Chatham Queen and a sure winner.

Lady Melville 29719 A. K. C. S. B. by Ch. Tren-
