NOTES AND COMMENTS

X It is plain from the decision taken at the annual meeting that the Canadian Kennel Club will no longer seek for any measure of reciprocity with the A. K. C. The matter has now been finally settled, unless the latter club should approach the coy Canuck with a movement towards a return to the original status of the two governing bodies. While entirely friendly to the A. K. C., the C. K. C. has evidently found its feet, and the generous entry at Toronto has helped it to do so, and to finally settle the matter.

That U. S. breeders can be induced to show in Canada under C. K. C. rules is plainly evidenced by the largely increased entry at Toronto from across the line. And why should it not be so? The prize money is good, the entry low, the judges' slate the best, and while rules are made to be lived up to the man with the blue pencil does not rule a slip of the pen sufficient cause for sudden decapitation.

* * *

Mr. Glynn says a feature of our Terriers is their bad feet. This is no joke.

The C. K. C. has definitely settled that Foxhounds and Harriers may be interbred, the blood lines being similar, and the progeny be registered in their respective classes. A rather curious coincidence is that at the time the matter was under discussion first and winners honors were decorating the bench of Hanks Huntsman, the Harrier (Foxhound, as you will) that caused all the trouble, and that under such an able judge as Mr. James Mortimer.

See President-Chairman Kent blush! It must have been the ladies' presence that induced the oratorical river that flowed so sweetly from the lips of Messrs. Lindsay, Williams and others. The dog show chairman usually gets more kicks than ha'pence. These gentlemen evidently believe in not "waiting till he's dead."

The Montreal Collie Club intends holding a club show on or about Thanksgiving Day, which promises to be very interesting, as there are several youngsters to make their debut then.

Mr. R. E. Clark's Collie bitch, Tib Cairn, whelped on July 18th ten nice puppies to their Holyrood Production, an even number of each sex.

Mr. C. P. Curtiss' (Tacoma, Wash.) Irish Terrier, Bantry Bawn, has been to Mr. Ollard's Bolton Woods Despot, and the latter's Brinscall Doreen is the happy mother of five (four dogs) by the same sire. All doing well.

Messrs. F. and A. Stuart have sold the following St. Bernards: Blizzard, by Sir Hereward II., to Mr. E. R. Ebbitt, Montreal; Lochinvar, brother to above, to Mr. James Biltman, Halifax, N.S.; Primrose Bessie, by Duke of Watford, to Mr. Geo. Humphrey, Montreal, and a litter brother, Primrose Prince II., to Mr. Geo. J. Rogers, Charlottetown, P.E.I.

This looks as though the big chaps were moving.

Firelight, Mrs. W. P. Fraser's Fox Terrier bitch, has whelped the remarkable litter of eight dogs to Matchmaker. Firelight's daughter, by Matchmaker, whelped a few days later to Broker.

As there is great need of a stud Fox Terrier in this part of the country, Dr. Ford has been induced to allow his well-known Champion Otterburn Candidate, to stand in Montreal at the modest fee of \$10. Doubtless he will receive the patronage of many Matchmaker and Bristles bred bitches in Montreal and the east. Mr. Charles Thomson, the well-known fancier, will see that all bitches sent receive every care and attention.

We were disappointed to learn from some of the Montreal contingent to Toronto show that the late show of the Montreal Canine Association had not proved a success financially, as we were at the time led to suppose. They certainly had a good deal in their favor, but it is no easy task to make a metropolitan show pay on a low fee.

Mr. Geo. Thomas was obliged to leave Toronto in a hurry, as together with Mrs. Thomas he was booked for a trip to England.

SOME MORE BULL TERRIERS FOR BONNYBRED.

We purchased from Mr. Jno. Bradshaw, of San Francisco, Cal., Ch. Woodcote Wonder, American Belle; Jane, by Woodcote Wonder, out of Nancy, by Champion Cardona, and Snow, by Wonder, out of American Belle, she by Clapton Gully.

SEND FOR CIRCULARS, TESTIMONIALS AND FREE SAMPLE
THE WEST CHEMICAL CO. TORONTO, CAN.

We were extremely fortunate in getting this lot, and the Pacific Coast does not know the value of the stock we took from them or they would never allow it to leave them and come east again. The Wonder dog will never leave our kennels. No man on earth has money enough to move him. After his death he will be in a glass kennel in our office; in the meantime we will get as much of his valuable get as possible, and take the best of care of him. He is a good dog, and we are most happy in having got possession of him, as also the very high-class winner and brood matron, American Belle. Mr. Bradshaw had to part with them because he has assumed the management of the new Pacific Dog Hospital, which will take all his time and attention, and I wish him much luck, as he is worthy of it. Respectfully yours,
Hy. Wackerman, Bonnybred.

MRS. BRADLEY DYNE'S TERRIERS.

I am glad to report success with both sales and births, not having enough Irish to supply the demand, as I did not breed more than one litter this year, but out of that I have a crack pair by the last new dog, Newbank Spark. He has too much black in his coat to exhibit, but his puppies are exceedingly sound in color, although all were born with black on back. Loyne Ruffian has two high-class sons and one daughter to register, and is still going as strong as ever. This time one of his sons is like himself in color. I expect him to develop the same beautiful grey front. Yours truly,

K. Bradley Dyne.

THE BULLDOG CLUB OF CANADA.

The Bulldog Club of Canada has been reorganized, and the new staff of officers, who are all individually Bulldog fanciers, are trying their best to better the breed on this side of the Atlantic.

The club has at the present time a large

list of special prizes, which are being competed for, mostly at dog shows held under A. K. C. and C. K. C. rules, including the Glenwith, Tippoo Sahib and Lacy Dillon trophies for the best dog bitch and puppy respectively; the C. K. C. cup for the best brace, and the Toronto cup; also several medals.

Anyone having a claim against this club for medals will kindly communicate with the secretary, and the matter will have his immediate attention. The club medals now outstanding can be delivered, as the die is now complete.

Any person wishing to join the club will kindly address

Claude B. Hart,
204 St. James St., Montreal,
Secretary-Treasurer.

N. W. TERRIERS—EXPRESS MATTERS.

I am rejoicing in a litter of six, five dogs, of which the sire is Ch. Bull's-Eye, the young son of Barkby Ben, and a dog which many consider to be the best wire-haired show dog in the States at the present time, he having won his championship when only nine months old. Cairnsmuir Lesson, the dam, is a nice little bitch of the right size. So I hope to have some nice pups in the litter, and already they look very promising. She was shipped from the Cairnsmuir Kennels, New York, on July 27th, arriving in Brandon on July 30th. I was not notified by the Express Co. of her arrival until four days afterwards, and it was only by chance that I heard she was in Brandon through a friendly official on the train, who told us the customs were holding her for duty. We gave invoice and other papers to this man, showing that the dog was pure bred, and he delivered them to the customs officials in Brandon. We also wired for them to send her by the next day's train, but even then they wanted further evidence of purity of blood, etc., before letting

her go, and she did not finally arrive till August 5th, nearly a week after her arrival in Brandon, and ten days after she was shipped from New York. I had also \$1 to pay in addition to the express charges for her feeding at Brandon.

It certainly does not seem right that live stock, more especially a bitch in whelp (which fact was printed in large letters on her box), should be held over like this by the customs, and if it had not been that I got all the papers, pedigree, etc., beforehand, and so had them ready to send immediately on being notified of the dog's arrival, I should probably not have got her for ten days more, owing to the time it would take to communicate with Mr. Carnochan at New York, and obtain the necessary papers from him. The bitch whelped ten days after her arrival, and two or three days before she should have, and I was afraid at first that I should lose some of the pups—there were seven, and they did not seem very strong. However, one only died, and the others are growing nicely, and seem quite healthy and nourishing now. Yours faithfully,

M. Maltby.

A FEW WORDS ABOUT COLLIES.

Written for the Montreal Collie Club, by
Mr. A. H. Megson, Manchester,
England, August, 1903.

As an old enthusiast, I have been asked to write a few lines about the Collie dog, but as so many articles have already appeared upon this subject, there is little more to say about it; and, although the breed has not (in my opinion) improved within the last few years, this may be accounted for by its having reached the zenith, though for my own part I am inclined to think that it has been somewhat on the wane, for the simple reason that we have no specimens to breed from to-day equal to some of the veterans, such

as Southport Perfection, Sefton Hero and Rightaway; again, breeders do not mate their stock with sufficient judgment. A dog that creates a sensation on the show bench is always in great demand for stud purposes, with the result that his progeny is seldom above the average. A breeder, to be successful, must discriminate, and select the sire that will correct the faults which the dam possesses, for instance, mate a long bodied dog with a cobby bitch, a short head with a long head, low ears to prick ears, and so on; and do not use the dog that is overworked at stud. It is true that sometimes a fluke appears from an alliance that was never expected, as in the case of the most successful Collie that ever lived (either as a show or stud dog), Champion Metchley Wonder. Although his breeder repeated the cross again and again, he never produced another good one, and yet Metchley Wonder was the means of making the breed what it is to-day.

The question now comes, What are the real points of the Collie? and it is one that so many judges differ about. My own opinion is, that unless he combines those points that are essential to the purpose for which a Collie was intended, viz., a worker of sheep, he is not a Collie at all. It is a great error to try to breed Collies for beauty and the show bench only. Color should not go for anything. One of the first considerations is straight and strong forelegs, well loaded shoulders, and the thicker the soles are padded the better. Unless a Collie is a free mover, he is useless as a sheep dog. His hind legs must be sickle shaped, or he cannot gallop, and when running should keep his tail low; ears should be small and carried outwards, and his head should be big enough to hold plenty of brains and not of the Greyhound type. I like a level mouth and fairly long muzzle.

A point that receives too much attention from our English judges is coat; in the eyes of some a Collie has no chance

of winning a prize unless he owns a very profuse coat. I certainly like a fair amount, but quality should precede quantity; a close under-coat is essential, but a preponderance of soft outer-coat is a decided mistake, as in working (and that is how to judge a dog), it impedes the speed, especially in bad weather, hence the smooth coated variety generally produces better workers than the rough. And lastly, as to size, I much prefer a medium size to a giant, such as we often get at

exhibitions. A medium size Collie will get over more ground, turn sooner and last longer than the larger dog; and I prefer a long bodied one (especially in bitches) to a cobby one; they invariably produce better stock.

The breeders who have been most successful in Great Britain are the Rev. Hans Hamilton, Mr. Stretch and Mr. Ainscough, for the simple reason that they have selected suitable sires, and not gone for big prize winners only.

Canadian Kennel Club.

Minutes of Annual Meeting Held Sept. 9, 1903.

The president of the C. K. C., Mr. Jno. G. Kent, occupied the chair at the largely attended meeting of that body held on Sept. 9th in the Dog Show building, Toronto. The session lasted for about three hours, and practically all present took part. Several ladies, members of the club, honored the meeting by their presence, including Mrs. Coleman ("Kit" of The Mail), Mrs. Waters, St. Thomas, and Mrs. Gammon, Hamilton.

Mr. Kent, in opening the meeting, expressed his appreciation of the large attendance, and hoped that the business to come up would be transacted with care and in order.

Dr. A. W. Bell and Dr. William Mole, V.S., were appointed scrutineers to count the immense ballot cast for the election of officers.

In calling on Mr. Walter S. Glynn to address the meeting, the chairman alluded in most flattering terms to the good impression that Mr. Glynn had made on fanciers on this side of the water, both by his personality and by his careful method of judging. He was assured of a hearty welcome at any time that he might return.

Mr. Glynn, in responding, said that he felt quite at home in Canada, which he looked upon as a big part of our great

Empire, and he thanked, as individually, all who had made his visit such a pleasant one. In Welsh Terriers we had made a remarkably good start. He found many grand Fox Terriers, and noted especially Warren Daunt; he did not know of a better living. But, and Mr. Glynn, emphasized it time and again, too many with very bad feet had passed before him. In fact, the majority were deficient in this point. He would advise breeding for good feet, the opposite being an extremely bad fault that no competent judge could overlook. England was absolutely friendly to both the C. K. C. and the A. K. C. He would like to see a worldwide union of all kennel clubs. A point dear to him was the affiliation of the

AT STUD THE FINE YOUNG SMOOTH FOX TERRIER WARRANT

late Aldon Warrant, by ch. Warren Safeguard ex Aldon Delight by Daddy. Warrant is now in Fort William, Ont., where he should be especially attractive to owners of bitches living west of Lake Superior. Splendid quarters for visiting bitches.

STUD FEE \$10.

For particulars, address,

**F. E. TRAUTMAN,

C. K. C. with the mother club in England. Mr. Glynn trusted most sincerely that before long this consummation might be arrived at. Mr. Glynn had here to leave to catch his train, and again thanked those present for the response his hurried remarks had met with, and for all that had been done to make his visit such a pleasant one.

The secretary's report, as follows, was then acted on:

Mr. President and Gentlemen:

As is the usual custom, I again present my report of the year's business. Printed copies are here for your perusal. It should be remembered that our year ends on August 31st, so report is up to that date. The minutes of each meeting have been fully reported, but I may be permitted to touch briefly on some matters that have been passed on. For the first time in its history, the club was compelled to suspend the officials of a show for non-payment of prize money, as was the case at St. Thomas.

Championship cups may be claimed on wins made entirely outside of C. K. C. shows. This has been made a precedent by the action of the Executive at its meeting of February 6th last. The rule, I submit, should be changed so as to make this impossible.

A Rules Committee was appointed at the same meeting to report at the proposed Hamilton Show, but as the latter fell through, no report was presented. Action might now be taken, if judged desirable.

Reciprocity with the A. K. C. Correspondence in this matter has been published, and the committee appointed to confer with A. K. C. has been discharged, the A. K. C. having refused to consider any move towards a return of our original relations. It remains for this meeting to say what further action, if any, shall be taken.

Pedigree.—The acceptance of a pedigree in which a Harrier (Foxhound bred)

is the sire and the dam a Foxhound, is left to this meeting. The following relates to the case:

Ottawa, Aug. 31st, 1903.

H. B. Donovan, Esq., Sec. C. K. C., Toronto.:

Dear Sir,—I am in receipt of yours of the 28th inst., and in reply would say that the point I wish to make out in this case is that Hanks Huntsman was not, in my opinion, entitled to be registered as a Harrier, as he is bred from Foxhounds, and such being the case, I cannot see why you were justified in refusing to register my bitch as a Foxhound.

I will in all probability be at the annual meeting of the C. K. C., when I hope to hear this matter thrashed out.

Enclosed please find an express order for \$2.00 for dues for 1903-4.

Yours very truly,

G. Easdale.

Brantford, June 8th.

Mr. H. B. Donovan:

Dear Sir,—Yours to hand of the 2nd. Am very sorry you have cancelled those registrations on Lady and Nancy Brant.

Now, sir, I want to say right here that I won't stand for no such thing, as Hanks Huntsman (5712) is no Harrier. He is a Foxhound pure and simple. That you can see for yourself by following out the pedigrees of his ancestors.

If he is registered as a Harrier, which no doubt he is, I demand his registration cancelled. I will inclose Russel's Flossie (6246) C.K.C. pedigree, and I would ask you to look over it closely, and you will find that either Huntsman, Flossie and Music and the whole box and dice are either all Harriers or Foxhounds. I also inclose Huntsman's pedigree from Stud Book, Vol. 5.

Now, sir, you will please put this protest before the proper authorities, and have it sifted to the bottom.

In the meantime I will wait developments.

Your friend,

John Bowden.

52 Ontario St., Brantford.

HARRIERS.

DOG.

HANK'S HUNTSMAN (5712)—Harry Taylor, Toronto, breeder, owner. Whelped July 24, 1899. Black and tan. Sire, Onesford, Baron (Blucher—Bess), Guss (Doane—Lady II.). Dam, Hank's Music (4517).

If Foxhounds and Harriers are not interbred—here is the point in question—then Hank's Huntsman's registration should be cancelled. As he has several times won as a Harrier, the case is not clear. Several breeders that I have personally spoken to claim that a Harrier is nothing but a lightly built, undersized Foxhound. It is for the meeting to decide the question.

The letter of the Montreal Canine Association, dated June 16th and printed in minutes of Executive meeting of Aug. 6th, is before you for action.

Registrations for the year number 534, those for the same period of 1901-1902 496. The total number recorded in Stud Book is now 7,058. Membership for the year is 273, an increase of 34, or about 12 per cent. Members already paid for 1904 number 52.

The financial report is as follows. If it meets with your approval I would suggest its adoption subject to the usual audit.

Mr. G. M. Sears, Kingston, applies for registration of the prefix "Heathfield;" Mr. D. D. Robertson, Toronto for kennel name "Perthshire Kennels;" Bonnybred Kennels, Brooklyn, N.Y., for Bonnybred Kennels, and Messrs. W. J. E. Newton and L. T. Hickey, Ottawa, for Dumbarton Kennels.

Respectfully submitted,

H. B. DONOVAN,
Sec.-Treas.

Championship Cups.—On motion of Rev. Thos. Geoghegan and Mr. T. G. Davey it was decided that at least two of the wins to qualify must be won under C. K. C. rules. This ruling not to be retroactive.

No action was taken as to a Rules Committee.

C. K. C. and A. K. C.—Mr. James Lindsay did not think we should take any further action. Mr. Jos. Reid was quite impartial, but would not advise the continuous changing of the rules. Mr. Wil-

liams was in full accord with Mr. Lindsay's ideas. We had done all we could to promote fuller relations without effect. He complimented the committee on the dignified manner in which the negotiations had been carried on; nothing in the least had been said derogatory to the interests of the C. K. C. Dr. Ford was persuaded the C. K. C. had done everything in its power. Further effort would simply be a waste of time and money. Mr. T. A. Armstrong did not believe we needed affiliation with any other club, and Mr. F. C. McLean felt and spoke in the same strain. Mr. T. G. Davey was entirely against any arrangement with the A. K. C. It was finally moved by Dr. C. Y. Ford, seconded by Mr. T. A. Armstrong, and unanimously carried, that no further action be taken, except on the initiative of the A. K. C.

Mr. Tulk, who was down from British Columbia, spoke with enthusiasm on kennel affairs in that western portion of the Dominion. He did not, however just see how C. K. C. rules would benefit shows in British Columbia, but some possible solution might arise in the future.

Harrier-Foxhound Pedigree.—This is a matter that gave rise to a good deal of discussion. On motion of Messrs. Williams and Armstrong, it was finally carried that Hanks Huntsman's pedigree be recognized, and that the get of a Harrier and Foxhound may be registered.

Financial report was accepted subject to audit.

The prefixes and kennel names for registration, of which application had been made, were accepted, together with Fairfax Kennels, by Mr. G. Easdale, Ottawa, and Rockcliffe Kennels, by Mr. R. H. Elliott, Ottawa.

On motion of Mr. Armstrong, seconded by Mr. McLean, it was decided that in future all applications for prefixes, affixes and kennel names must be published in two issues of Gazette before being considered.

Affiliation with the (English) Kennel Club.—The president had sent out a ballot on this question, that resulted in practically a unanimous vote in favor of affiliation, many expressing an opinion that this should have been one of the first steps undertaken by the C. K. C.

On motion of Messrs. Geoghegan and Lindsay, the president, secretary and Mr. James Lindsay were empowered as a committee, to ascertain just what affiliation would entail, and to carry the matter to a completion.

The following letter was read from Mr. Adam, of Monte Creek, B.C.:

Please find enclosed two dollars (\$2) for my membership fee. I am sending ballot in separate envelope with the answer "Yes." I would like very much if there were closer connections between the C. K. C. and P. K. L. It would benefit the western members very much in many ways. If possible, would you please try and do what you can in this matter? I remain yours faithfully,

W. C. Adam.

While expressing a desire to aid Mr. Adam in his suggestion, the meeting felt that in recognizing all wins made outside of Canada under P. K. L. rules that we were doing all possible at present.

Mr. Richard Gibson wrote, suggesting the election of a younger and more prominent fancier as hon. president, but the meeting felt that as one of the founders of the C. K. C. and one who has done much for dogs in Canada, Mr. Gibson be urged to retain the position for at least the present term.

The scrutineers here reported on election of officers as follows:

Patron, Mr. Wm. Hendrie, Hamilton; Hon. President, Mr. R. Gibson, Delaware, Ont.; President, Mr. John G. Kent, Toronto. First Vice-President, Rev. Thos. Geoghegan, Hamilton; Vice-Presidents, Mr. H. Macdonald (Toronto). Executive Committee, Mr. Jas. Lindsay (Montreal), Dr. Wesley Mills (Montreal), Dr. W. H. Drummond (Montreal), Mr. Geo. H. Gooderham (Toronto), Mr. W. P. Fraser (Toronto), Mr. A. A. Macdonald (Toronto), Mr. F. W. Jacobi (Toronto), Dr. C. Y. Ford (Kingston), Dr. A. A. Babcock (Brantford), Mr. J. Cromwell Cox (Ottawa), Rev. J. D. O'Gorman (Gananoque), Mr. T. A. Armstrong (Ottawa).

New Members.—The secretary cast one ballot for the following new members: Miss Helen L. Beardmore, Toronto, proposed by Mr. W. P. Fraser; Mr. G. M. Sears, Kingston, by Mr. A. J. Macdonnell; Mr. John Kenny, Brantford, by Mr. F. W. Kerr; Mr. Wm. Presnail, Hamilton, by Mrs. Gammon; Dr. E. A. Harrington, Toronto, by Mr. Jno. G. Harvey; Mr. Jas. K. Angus, Victoria, B.C., by J. A. Saunders; Messrs. G. C. Brown, Welland; H. L. Seely, Iroquois; E. Tinsley, Hamilton; Geo. A. Hull, St. Catharines, and T. G. Davey, Toronto, by H. B. Donovan.

I am sorry to say I shall be unable to be present at the meeting Sept. 9th, but whatever is the voice of the meeting will certainly meet with my approval.

As for affiliation with the English Kennel Club, I am heartily in favor of it. And really it should have been done when the C. K. C. was first organized. I think it will be far more satisfactory generally than affiliation with the American Kennel Club. Respectfully,

O. J. Albee.
Lawrence, Cal., Sept. 1, '03.

Mr. James Lindsay said, before the meeting adjourned, that on behalf of the judges, exhibitors and others, he felt compelled to record a most hearty vote

of thanks to Mr. Jno. G. Kent for his work in connection with the magnificent show that is now going on. It was certainly a record for Canada, and in many details was ahead of any show he had ever attended. Mr. Williams, in seconding the motion, again referred in very flattering phrases to Mr. Kent's presidency of the Canadian Kennel Club, that was now a strong and healthy organization. In connection with the recent negotiations with the A. K. C. Canada certainly had not suffered by comparison. Mr. Kent, in responding, thought that was not due so much to him as to the exhibitors who had favored the show with such a rousing entry, far larger even than was expected, and he had had "great expectations." He promised, with exhibitors' help, to make a new record next year.

The matter of the recent serious advance in express rates was informally discussed, but no definite action taken. The rates were first made by U. S. companies, and the Canadian companies were perforce obliged to follow. The secretary had been informed by an official that a movement should be made by U. S. authorities in kenneldom to appeal for a reduction.

H. B. Donovan,
Secretary-Treasurer.

Spaniels—Collies—Fox Terriers.

As usual, the exhibit of the heavier variety of Spaniels was limited to a few, but representative, specimens. In Fields, King Bruce led, though many preferred the blue roan, Woolton Dagmar, whose high quality can never be denied. Of course, Mr. T. A. Carson won his usual blue ribbon with Dan McCarthy, and a good Irish Water Spaniel he is. Cockers made a handsome total for Mr. Payne, who judged his classes with a cool decision that was a satisfaction to himself and others alike, inasmuch that losers and winners alike felt that their dogs were being scrutinized by a man who knew his work. Puppies brought out nothing sensational, the winner being found in Mr. Dunn's Dundee, a nicely balanced puppy. It was in the novice class that the old-time breeder, Mr. Boyle, brought out Lord Rugby. His owner evidently underestimated the merits of his dog, as he was satisfied to keep him under cover of the novice class alone. This dog has a lot of good about him. His bone, legs, and feet are above the average, although a trifle light in middle piece, his body is fair. In head he is a trifle heavy—a desirable quality in a stud dog. Mr. Clarke's Digby Bell was second, being outclassed in front and bone. The remainder were fair. Novice dogs, any other color—The good fancier, Miss Eleanor Macdonell, began a winning career with Knoydart Garnet, a fairish red, who is overdone in skull. Waverley Chief, second, has a good body, but coarse head. Red Bob, third, has more quality than the winners. Limit and open black dogs found the same dogs, with the addition of Black Domino, who must be dangerously near the weight limit. Any other color dogs were below the standard, and it looks as though a red dog of merit was next to impossible to produce. Parti-color dogs found Ch. Brae-

side Blue Jacket winning all the way in open and winners, and a handsome Cocker he is. Bitch puppies brought out nothing of especial merit. Novice, black—Lady Isabel, first, was a good selection for the place, a position she held all through her classes. Her head, eye, bone and body are all good. Second came Tuppence, whose head and eye are the sort we used to see in bygone days. Were she not out at elbows, few would rival her. Girlie, third, has quite a good head, and bone enough. Her fault is a rather long body. The reserve, Covedale Lassie, has a good head and body, but a light eye. Colored Girl, V.H.C., seemed a peg too low in the prize list. Any other color, novice—A real good one in Duchess won. Bo Peep, second, has a coarse skull, and should have given way to Knoydart Olga, a really good liver and white and a grand mover. Any other color, limit—Though getting up in years and gone in the mouth, Ottawa Nellie quite outclassed the others. Her head, eye, expression and body remind one of the days when there were some reds—alas! where are there any now? Miss Ruby, second, is of good, sound color, and is much above the average. San Toy is plain in head and eye. Limit, particolor—This class brought out a lovely bitch in Selwonk Mignon. She is a good bitch all over, and easily won special for best Cocker in the show. It seemed as though we would have to look to old England to resuscitate our once famed Cockers, as unquestionably they are on the wane. There are altogether too many thick-skulls and light eyes being shown, and straight heavy bone with good feather are not qualities belonging to present day Cockers.

Collies.—These classes were judged by Dr. Henry Jarrett, of Chestnut Hill Farm, and to say they were judged well

would be analogous to "painting the lily." Canada now has some stock second to none, and we shall watch Mr. Cox's breeding operations with interest. The best dog was the recently imported Balmoral Baron. He owns a lovely head and ears, and good body, legs and feet. At present—having just come off shipboard—he is a bit light of coat and flesh. When in shape it will take a flyer to beat him. Coila Laird, second to him in puppies, is also a handsome tri-color, but marred by crooked forelegs. Novices found Donald in third place, a very showy dark sable and white, with lots of coat and frill. Apart from a bit too much brow, he is a really good specimen. Balmoral Duke, reserve, though his head might be described as being "long, clean," does not possess the head typical of the Collie, but rather the Wolfhound. Oh, that this fatal error might be stamped out by judges and breeders alike! In the open class for sable or sable and white, appeared a good, sound Collie, Logan's Earl. Bar a rather light eye, he will take some beating. The best of the bitches was Balmoral Beatrice (formerly Old Hall Beatrice). The last time I saw this lovely bitch was at an English show, where she had taken the measure of Moreton Hebe, Ormskirk Alexandria, Wellesbourne Fane, etc.—all champions. She was then exhibited by the Princess de Montglyn. It will suffice to say that she is a good one, and when in coat will make it interesting for aspirants of "best in show" specials. Mr. Cox, of

Ottawa, is the happy, or, I may say, plucky, possessor of this lovely bitch—a black, white and tan. Novice bitches found the winner in Donvale Minnie, who has a good head and ears, but light bone. Sunnyhurst Rose II., a rather nice one, but out of coat. Rosedale Vic, third, might well have occupied first place had she showed well. The remainder were quite out of form, except Lady Lu, a bitch who will always take some stopping. In closing, I may say that breeders must pay more attention to soundness, as crooked forelegs and straight hocks surely don't belong to a Collie, whose vocation in life demands plenty of liberty and ability to gallop over hill and dale.

Fox Terriers.—These classes were of especial interest, as they were judged by Mr. Walter S. Glynn, who came all the way from London, England, to give us his opinion. Mr. Glynn is quite the coolest judge yet imported. His painstaking, methodical manner must have pleased those inside the judge's ring as well as out of it. Though there may be many differences of opinion as to which dogs ought or ought not to have won, I am sure one and all must have felt that they were showing under a sportsman and a gentleman. Mr. Glynn, unlike many judges, did not consider length of head of paramount importance, but rather soundness, especially as regards to legs and feet. Smooths, puppy dogs—The first surprise that made the talent all look at one another, was the winner being found in a dog of the type of Warren

Deacon. It is true he has good bone, legs and feet, but his short neck and coarse head seemed to put him well behind Aldon Tipster, second. This puppy is of genuine quality all over, but though a bit slack in body and open in feet, he seemed to hold the winner safe. Norfolk Brilliant, third, has a grand coat, but is light all over. Sabine Bandit, reserve, has bad feet and a light eye. Novices—Again Mr. Rutherford scored with Warren Voucher, who also captured the winners class. Though a dog with good legs and feet, his plain head and very bad condition, did not entitle him to championship honors, and he may be termed the lucky dog of the meeting. Limit—The winner, Norfolk All Blue, is a show dog all over, and apart from rather sluggish ear carriage and the lack of a close-fitting jacket, he is a hard one to beat. Warren Drastic, second, was lucky to beat the two Norfolks, Parader and Invader. The former in rather long coat and the latter a bit big, but both are of the highest class. A number of useful Terriers made up a meritorious exhibit.

Smooth bitches, puppies—Norfolk Busbody, first, is a nice one, but rather low in ear carriage, and strong in skull. Warren Ruby, second, is of nice style, but has a soft, open coat. Clifton Truelove was poorly shown, otherwise she must have won. Her good bone, legs and feet, close jacket and Terrier character are her possessions. Aldon Gossip, reserve, is of high quality, but her uneven mouth kept her back. Novices—Warren Daunt, first so charmed Mr. Glynn that he accorded her the Grand Challenge Cup for best in show. Certainly she is a workmanlike Terrier, with a good front, legs and feet and a body and coat to match. She is just a trifle strong in skull and heavy in ear. Norfolk Truest, second, has a grand coat and good legs and feet. She was shown much too fat—a failing this year with the Norfolk contingent. Limit—Sabine Beatrice managed to slip into second

place. A really good one, a bit long cast. After Truest, came Sabine Lavender, lovely quality all through, only failing in loin and feet. Veterans again brought out that wonderful old matron, Norfolk Dame (Brockenhurst Dame). As the dam of Ch. True, etc., she will always be of interest to Fox Terrier breeders.

Wires.—These classes were ahead of the smooths both in quality and quantity, the very best being present. Eleven dog puppies faced Mr. Glynn, and it did not take long to find the winner in the Matchmaker puppy, Makeup. Miss Eadie has a Terrier with a long head, keen expression and a lovely neck, shoulders and front. His coat is of good hard texture. A rather enthusiastic stern carriage detracts from his appearance. Second, but not within striking distance of the winner, came Cairnsmuir Eye Opener, a good-coated one, wrong at his pasterns. Cairnsmuir Bub, third, has a phenomenal head and keen expression. His bone would do justice to a Foxhound. A weak middle piece is his fault. The balance of the

Our business methods, like our stock, are of the highest standard. The golden rule is our guide in everything. "Do to others as you would have them do to you." We have the largest kennels of the most expensive and famous Bull Terrier sires and dams on earth, being solely breeders, and not exhibitors or peddlers of stock. We have only the product of our own kennels to sell, all being sold without reserve, except some occasionally kept to replenish the kennel supply. All our business transactions are promptly covered by guaranteed, responsible documents. To be the owner of a pup with a "Bonnybred Kennel" guaranteed pedigree is equivalent to being the owner of a royally bred valuable animal of reliable parentage. A "Bonnybred Service Certificate" is always a reliable guide to purchasers of pups from other kennels than ours, that the pup is, as far as the sires are concerned, blue-blooded and valuable; but such purchasers should always demand to see the Service Certificate. We forward young stock to all parts of the world. Catalogues upon request.

class were more than useful. Limit—That quality customer, Cairnsmuir Barkeeper, was the winner, with Makeup second and Selwonk Nipper third. Open—This was the strong class. Selwonk Topper, a great Terrier, won, but his coat handles soft, and he was a lucky dog to-day. Cairnsmuir Bull's-Eye, the New York winner, came second. His head, neck and front are wonderful, and he has a lovely outline. My old friend Matchmaker was third, and Mr. Fraser had him in A1 shape. As he showed, his good qualities seemed to make him a winner over those placed above him. Put aside his peculiar shoulders, and he can give heaps away to any Terrier showing. Hillcrest Fencer, reserve, owns a good front, but is weak in head and open in coat. Bitch puppies—Cairnsmuir Cherry, first, has quality, and is promising. Dressmak-

er, second, was beaten in front and head. Kincardine Sawdust has a good front, but a softish coat. Novice—Selwonk Divinity has a good coat, front and bone. She has not that keen Terrier expression so much desired. Flax, second, is a sturdy little bitch, and looks like a useful one to breed from. Limit—Selwonk Natty, first, is well named. She is a daughter to the immortal Matchmaker, and a hard one to find fault with. Flax was second, and Cairnsmuir Echo third. Open—Ch. Cairnsmuir Make Believe, first, again showed what Matchmaker can do. She is a beautiful bitch, rather overdone in ear. Selwonk Fearless, second, has a good body and front, and a true wire coat. She is a trifle strong in skull. Flax and C. Echo brought up the rear.

BALMORAL - COLLIE - KENNELS

Balmoral Piccolo

(A.K.C.S.B. 66983)

Sire, CH. PARBOLD PICCOLO
ex. PARBOLD PRIM.
Born July 28th, 1900.

This dog, only just imported, is without doubt the highest bred dog in Canada to-day, and is an ideal specimen of what a stud collie should be. He is a bright golden sable, with white collar, blaze and front. He is a large-sized dog, with grand body and shape. His pedigree will allow of the severest examination, as it will be found to contain the combined blood of nearly all the past champions. He is a winner of over 40 prizes and specials in Great Britain under different judges.

Balmoral Hope

(A.K.C.S.B. 66982)

Sire, ORMSKIRK GAYLORD
ex. ORMSKIRK WELLINGTON.
Born 7th April, 1901.

This handsome young dog is a showy marked rich golden sable, with broad white collar and blaze. He is a large sized dog, with beautifully chiselled head, heavy coat, long frill and profuse brush. A glance through his pedigree will suffice to prove that he is one of the most aristocratic dogs living, possessing as he does all the bluest of the blue blood.

Sherbrooke Dog Show.

The annual bench show in connection with the Eastern Townships Agricultural Association was held at Sherbrooke, Que., Sept. 2 to 4, and was a decided success.

The one hundred and twenty-four en-

tries, with seventy-two dogs benched, while not as large an entry as the management deserved, made up in quality what was lacking in numbers.

Next year, with a large new dog build-

ing, to be erected, Sherbrooke Bench Show will double and soon become an important fixture. As they have the support of the Montreal fanciers, as well as an energetic lot of fanciers in their own district, and it is these small successful annual fixtures that strengthen and act as a nursery to the big shows. The interest in dogs in that section is shown by the fact that the paid admissions on the first afternoon of the show were over twelve hundred.

Mr. Spark, of Montreal, started the judging with the Collies, and while nothing startling turned up, the classes as a whole were made up of an even, sound lot of dogs. Mr. Jas. Ainslie, of Montreal, had a field day, Rannoch Duchess going the whole distance, and his Rannoch Scottie also captured the place of honor in a large class of novice dogs.

H. Parker Thomas, of Belleville, followed with the Terrier classes. In Fox Terriers a neat little wire puppy, Kincardine Sawdust, won all she was asked. A bit light in bone, and could be better in coat, but only eight months old, and will improve. In present company she was quite alone.

Kinkora Brock and Kinkora Kate, a rare-coated one, won in Irish classes.

The Black and Tan bitch Lady Faultless, well shown, won the special for best Terrier, any variety, in show.

Mr. Jos. Kennedy, owing to poor railway connections, did not reach Sherbrooke till evening of first day, when he started in on St. Bernards by electric light. The well-known Uncle Homer and Rosie O'Grady won out.

Bulldogs had Duke of Wellington and the lately imported Crystal Palace winner, Oceana of Glenco.

The management, and especially the superintendent, Mr. H. M. Piercy, are to be congratulated on the manner in which the arrangements were carried out. New benching and clean, large stalls made a good appearance, as well as adding to the comfort of the dogs.

Toronto's One Thousand Entry Dog Show.

A Success from Start to Finish, in Entries, in Management and in Attendance.

That was a notable entry that Toronto secured from all parts of Canada and the United States; 1,014 entries with 647 dogs beats anything heretofore benched in the Dominion, and stands well out as a Canadian record. Liberal management, attention to details and a low entry fee all helped to build up this grand total.

Dr. A. W. Bell, the new superintendent, proved just the right man for the position. Though possibly unknown to many dog men, to others he is a familiar figure, as he has for many years been assistant secretary of the Industrial Exhibition, and this year took the dog show into his particular care. He uses his brains more than his mouth, a good trait in a dog show superintendent.

To Mr. Jno. G. Kent, the chairman of the Dog Show Committee, all interested are very greatly indebted. For weeks he gave practically his whole time to the show and its conduct, and as he is a busy man, this is no mean sacrifice. No effort was spared on his part to have every detail thoroughly looked after, and that he succeeded results amply proved. Other members of the committee worked long and well; again, others didn't. Mr. Gooderham, with his usual hospitality, entertained the judges and others to a *recherche* dinner that was greatly enjoyed. Writing of dinner, always a prominent question with John Bull and his whelps, what a wretched place the Toronto Fair grounds are to get anything to eat. Poor food, worse cooked, is the rule, and served as if to four-legged animals. It is a blot the management will do well to erase, and quickly. It was certainly worse this year than ever, caused, we presume, by the increased attendance.

The dog show "drew the crowd" as an attraction, on Monday alone about 13,000 passing through the turnstiles at 10c each. This is again a record-breaker, in fact the building on that day was uncomfortably crowded. The attendance on the first two days of the show was greater than the entire week last year, and there is also a nice balance accruing from the cat show held the previous week, and which was under the control of the same committee. Neat badges were used, instead of plain ribbons, cards being handed the winners in the ring. The card

feature is a failure; plain ribbon is far better, with badges later if thought well. Large numbers were used in the ring, denoting the number of the dog. This is a distinct advance. We think the press appreciated the inter-leaved catalogues and the plentiful supply of them. The aisles and benches were kept clean and sweet without overdoing the disinfectant. A spade and basket kept handy to each ring would about complete this equipment. "Spratts," of course, was the food used, as it always is here, and there is nothing better. We believe Mr. Kent has an idea on ice whereby for next year the water tins will be so fixed that the dogs cannot tip them over.

Mr. Lacy had the pleasant outside ring for his big dogs, and so had Dr. Jarrett for the Collies, the judging of which, owing to rain, had to be deferred till Tuesday. Mr. Lacy's quarters upstairs were not so pleasant, as the light is none too good, owing to the erection of a ladies' room in charge of a matron and where light refreshments were served. Mr. Glynn gave the Terriers lots of time, and Mr. Lindsay got through his Irishmen in time to enjoy a ringside view of part of the other judges' work. Mr. Codman made short work of what he classed as "the worst lot of Bulldogs he ever saw together." However, he must not be too hard on us here; we are but creeping into the Bulldog fancy, and have made distinct advance each year for several years. He, however, was in love with the Black and Tans, which were hardly up to the usual Toronto entry, and stated any of the four bitches could win.

Mr. Payne spared no pains with the big Cocker classes, and he had some rummy classes amongst the reds, which ran all the way from midget to giant, and Mr. Mortimer in his usual methodical, careful way, worked through his big lot. We have never seen a prettier picture than Lewis, Senior and Junior, with the big team of grand English Setters they had in on the team prizes. The Foxhounds, too, were a splendid lot, and in numbers that are only seen here.

But we must stop. We think that everyone enjoyed the show, and if they didn't, it was their own fault. We shall not attempt to report all breeds this issue, but Dr. Ford has covered the three principal sections pretty fully.

THEY FIGHT FOR SPRATT'S

Have you tried Spratt's Patent Poultry Food?

One handful a day to three or four hens will help them enormously, and thus prepare them for early egg production. Or if you are so situated that you consider it more economical to feed grain, use in conjunction therewith, **Spratt's Patent Prairie Meat Orissel**, or **Ground Beef**, a small quantity of which will accomplish wonders.

Price, in cartons, 25c.; in bags, 75c., \$1.75, \$3.25 and \$6.00.
