## NOTES AND COMMENTS

**Toronto Show:** This issue of Gazette will not reach our readers in time to influence the entry, which closed on the 15th. The following items are interesting however as showing the trend of affairs and what the management is aiming at, and prophecies in some degree what visitors to the Show may expect to see. From Chairman Jno. G. Kent's weekly joggers we cull the following:

We are going to make an effort to increase our entry of Toy dogs this year, and with that end in view have installed one hundred and fifty new Toy cages of the most up-to-date design. So far our cages for Toy dogs have been somewhat antiquated, but now we think we will lead the procession. As the Exhibition is visited by hundreds of thousands of people each year, there is always a good opportunity for disposing of small pet dogs, so breeders and owners will now have a splendid opportunity of displaying their stock to best advantage.

As you will notice from the premium list issued last week, the directors this year have granted us the privilege of giving a silver medal in lieu of first prize and a bronze medal in lieu of second prize. These will be the Exhibition medals, and as they are very hard to obtain and are only awarded to exhibits of high merit, we feel that many exhibitors will avail themselves of this opportunity of becoming the possessor of one, especially as for some years back we have been asked to do this by exhibitors, but have been unable to obtain the sanction of the management.

A special exhibit of Pomeranians will be made by Dr. Foster, who has imported a number from England. Not

only have the cash prizes been increased by 15 to 20 per cent., but the number of specials is nearly twice as large as in any previous year.

In addition to the very large and valuable list of specials found in the prize list of the coming bench show held in connection with the Toronto Exhibition, the following have come to hand:

The Bull Terrier Club of England offers their medal for the best Bull Terrier, dog or bitch, the property of a Canadian, or a British subject residing in Canada.

The famous Bulldog, Vinemount Lord Angus, owned by W. R. Goodwin, Vinemount, (Near Hamilton) Ont.

The Collie Club of America offers to members only the following:

Collie Club trophy, value \$300, for best American bred Collie.

Club medal to best Collie of opposite sex to the winner of the trophy.

The Van Schaick Cup, value \$300, for the best Collie.

Club medal to best Collie of opposite sex to the winner of the Van Schaick Cup.

Club medal to best dog in novice class.

Club medal to best bitch in novice class.

Club medal to the best Collie other than sable or sable and white.

The Toy Spaniel Club of America offers, open to members only, the following specials:

Club cup for the best English Toy Spaniel dog, any variety.

Club cup for the best English Toy Spaniel bitch, any variety.

The Champion Darnell Kitty Cup, presented by the Nellcote Kennels, for the best tri-color English Toy Spaniel in the novice classes. To be won three times.

The Breeders' Cup for the best English Toy Spaniel brood bitch, with one of her produce; the merits of each to be considered. To be won three times.

The Irish Terrier Club of Canada offers, open to members only, the following:

Club cup for the best dog or bitch under 12 months.

Club cup for the best dog over 12 months.

Club cup for the best bitch over 12 months.

Breeder's Trophy club cup, for the best dog or bitch, any age, bred and owned by exhibitors. To be won five times. (Offered at all C. K. C. shows from the Atlantic to Winnipeg).

Finley Cup, for best puppy bitch. To be won twice at Montreal or Toronto with different bitches.

Phil Brown Cup, for best team, dog or bitch. To be won three times at Montreal or Toronto.

Dare-Devil Cup (E. S. Ostell), for fancier making greatest number of wins in regular classes during seasons 1906-07. (Offered at all C. K. C. shows from the Atlantic to Winnipeg.)

Dr. C. Y. Ford offers silver cup for

the best tri-color Collie owned and bred by the exhibitor.

Mr. A. H. Hersey, President Montreal Canine Association, offers a cup, and the association offers two of their silver medals.

Batavia, N.Y., Show: The premium list for the show in Batavia, N.Y., September 19, 20, 21 and 22 has been ready for some time. A postal card request will bring one. The judges are: Mr. Joseph B. Thomas, Jr., New York, who takes Dalmatians; Mr. Myron W. Robinson, New York, Bostons, and Mr. James Watson, Hackensack, N.J., who judges all other breeds. Entries close September 10th, and the location of the show is a particularly convenient one for Canadians.

The special list is particularly attractive, and has been largely augmented since the printing of the premium list. For instance:

The Pointer Club of America offers medal for best Pointer dog, medal for best Pointer bitch; open to members only. The Airedale Terrier Club of New York offers \$5 for best American or Canadian bred Airedale; open to members only. The Japanese Spaniel Club of America offers sterling silver medal for best Japanese dog, sterling silver medal for best Jap. bitch; open to members only.

Bostons are highly favored. Rob Roy-Presto Kennels offer cup for best dog or bitch sired by either of their dogs, Champion Oarsman, Champion Junior II., Lord Direct, Oarsman's Anthony, Mallow Boy, Bayside Alladin, Jr., and Derby's Prince. Mr. Myron W. Robinson offers judge's cup for the best kennel of four Bostons entered by one owner. Mr. H. A. Brown offers \$10 in gold for the largest entry of Bostons by one owner or kennel.

In addition to all these the Secretary says: "We expect to have the specials of the Bull Terrier Club of America, but the details have not been arranged. There are more cups in sight from individuals, and we have offered 300 lbs. of leader beef biscuit in 25 lb. lots, which will be distributed through the list after all the cups are placed. Canada will have a chance to try for several of these, and one will be exclusively for Canadian dogs.

"The Genesee County Fair is the most important exhibition in New York excepting only the State Fair at Syracuse, and there will be a great many

"Thanking you for any consideration you may favor us with in your reading columns, we are,

"Chas. W. Gardiner."

The show dates are Sept. 19 to 22, and entries close Sept. 10th.

Winnipeg Show: While the entry at Winnipeg was not a large one, and below what might have been expected, it is gratifying to learn from Dr. Bell that it fully paid its way, and that an increased enthusiasm exists for a show next summer. Many of the Western Canada Kennel Club members who had been looked to to support the show did not send entries.

"Bred in Canada" Bull Dogs: Mr. G. J. Stephens, of Collingwood, reports wonderfully good results of first mating of his good brindle Bull bitch, Wrinkles (a 55-pound daughter of Excelsior) with the new dog, Tremail Temagami. Nine husky, vigorous pups, born 18th July, all living, is certainly excellent proof of the power of this new aspirant for stud honors.

Collies in Alberta: Some time ago I purchased that grand imported prize winning brood bitch, Sunshine Violetta, in whelp to Brookmere Conqueror, by Ch. Wellesbourne Conqueror, and out of Ch. Wishaw Grace, and am more than pleased with her, especially since she has whelped six nice puppies, all sable and white, with full white markings, except one, a female, she has no white blaze or collar, only a nice even white spot on back of neck and small white

spot on end of nose. Other markings on her and all the rest of the lot are almost perfect. They are equally divided as to sex, and are doing fine so far; were whelped June 29th, about five days after she arrived here. She was the most lonely dog I ever saw until after she had her puppies, but since that time seems to be quite at home. She told me all about it in her doggie way when I went to take her out of the crate, and it was a pitiful story too; it made me feel quite sad. But Violetta and I are fast friends, and when I am at home she never leaves my side except to go to her puppies, and when I go away she hunts the farm over for me. In one instance she was gone over half a day before she gave up, and when I came home in the evening I got a hearty welcome I can tell you.

Vanguard Collie Kennels.  
Namao, Alt.

Regrets: We are sorry to hear that such an old and staunch friend of the dog as Dr. J. S. Niven, of London, should have been away seeking recuperation for the past two months, but hope that his return but presages complete recovery.

Young Tipsters: Mr. Martin O'Neill, Hamilton, is patting his own back on the arrival during last month of a fine litter of Fox Terriers from his Burlington Blue Bell, that own as sire the well known Aldon Tipster. The two bitches are tan and white, the five dogs have all black marked heads.

Bostons in Canada: It is plain that Boston breeders here purpose keeping things moving in this smart breed. Here

is Mr. Meadows, who on receipt of two handsome C. K. C. championship cups writes as follows, giving several items of Boston news. He says:

I received the championship cups that Blue Bell and Max Boy won, and am very proud of them. I had quite a collection of cups, but wanted a championship cup to make them complete. Vet IV. is in big demand. Mr. Goebel, of Mitchell, Ont., reports his bitch Dolly heavy in whelp to him. Since the Montreal Show he has been bred to seven bitches, and has three more booked to him. I bought a very promising bitch puppy from Mr. Garrett, of Hamilton, who claims as her sire Ch. Max Boy, and I have sold over 25 Bostons in this last two months, so I think you will agree with me that Bostons have taken a stand here. Thanking you again for the cups,

J. A. Meadows.

Then Mr. Albert Goebel has not been inactive, as operations in his kennel show. His Cleo has three perfectly marked dark brindles by his stud dog, Tito Melema, and Mr. Thompson, of Seaforth, has seven, of which five are dogs, by the same sire, all dark brindles with screw tails.

Then again, another addition to the same kennel is Othello, a young dog of the soundest color, with that style and finish so typical of the Boston. He is a 16-pounder, and will welcome visitors at his own and his owner's, Mr. A. Goebel's abode in Mitchell, Ont.

**OXFORD WARRENER** (Late Warren Cairns,) By Ch. Warren Draught, out of Warren Clannish, by Dusky Don II., whelped July, 1904, even black and tan head, with plenty of bone. This dog will be heard from again on the bench. Winner of first novice and reserve winners at White Plains; first novice and winners Madison. Fee 10.00.

**OXFORD BLUE,**

By N. Dark Blue, by N. Doldrums.

One of the best fronted dogs in Canada to-day. Winner of the Special at Montreal for best Fox Terrier in Show; second novice limit and open Toronto; first novice, second open, Ottawa; third Philadelphia. This dog is siring very promising puppies. Fee \$10.00.

Still another: Mr. J. Willis, of Hamilton, is another devotee of the "screw tail" breed, and has imported a bitch from the U. S. that has since whelped six puppies, an even number of either sex, to Teddy F., owned by Mr. Flecks, of Roxbury, Mass. This bitch is a granddaughter of Broker.

Squire, a grand, heavyweight brindle, and a big winner in England, to his announcement. As an extra inducement to use the stud dogs of this kennel, a cup will be offered each year in Toronto for the best Bulldog or bitch sired by the Vinemount stud dogs.

Mr. Prosper Dontigny, Arnprior, Ont., is offering the services of his Boston Terrier Crackerjack, a dark brindle with correct white markings.

Mr. Arthur Atkinson, Toronto, has three wire-haired Fox Terriers that he wishes to dispose of. All are beautifully bred and are very reasonable indeed at the prices that he is asking.

Mr. H. M. Dymont, Barrie, Ont., increases his regular space to make announcement of the red Cocker that he has for sale, which include the stud dog Red Sammy, several brood bitches, and a beautiful litter whelped June 12th by Knorydart Cornet, ex Nellie O'Neil. This lot should not stay long at the figures at which they are offered.

Mr. J. A. Meadows, Abbey Boston Terrier Kennels, Toronto, in placing the new Boston, Vet. IV., at stud, tells of his good qualities. Ch. Max Boy still retains his place, and is siring many excellent puppies.

Mr. A. Goebel, Mitchell, Ont., also a Boston enthusiast, is offering breeders the choice of three stud dogs, including Othello, which he claims is the best Boston in Canada to-day. Watch out for him.

There are lots of good things offered in bargain column that we cannot refer to in detail, but they include Fox and Scottish Terriers, Collies, Beagles, Foxhounds, some excellent Bull puppies, Boston and Bull Terriers. But a glance through the columns will give particulars of all.

## Winnipeg Dog Show.

The West is coming, and with it we see our friend the dog spreading his metaphorical wings and taking on greater volume. There have been good dogs for many years in the West, especially shooting dogs, but bench shows have been scarce. At the Winnipeg show, held July 25 and following days, the full strength of the locality was not brought out, many fearing the heat and others not showing because perhaps they themselves felt too warm. The consequence was that some classes were good and some very weak. Still it was a good show and augurs well for the future. The building was a good one, the benching neat and well arranged and the feeding and the management of the show, in the hands of Wm. Pickering, the well known field trial handler, left nothing to be desired. The Western Canada Kennel Club were the mothers or fathers of the show with the sturdy figure of our old friend, Dr. A. W. Bell, standing behind the whole in the background.

We commenced on St. Bernards, but only a second ribbon was passed out in the limit class and nothing in the open class. Great Danes contained two fair dogs if they had not had their tails cut off. But, as the owner remarked, "We always do this at the Coast." Query? A second and a third were awarded to the others and there honors ceased. Russian Wolfhounds produced two, the winner a sound and rugged all tan dog with a good head that has been in at the death of 200 wolves, is very fast and a typical dog. Quite a find in an unexpected place. The second, all white, well bred but too spindly.

Pointers—A moderate puppy was alone. In novice dogs and bitches a

good looking liver and white, rather coarse in shoulder, was alone. In limit dogs we found one of the stars of the show, the black and white Rodondo, a good looker and also a field trial dog. He took reserve for best dog or bitch in show.

The novice class in English Setters brought out eleven. The winner, Lanark Pride, a big dog by Cincinnatus Pride, looks like his daddy in head and is very sound in legs and feet, grand behind, has very clean shoulders and is a big dog of considerable merit that might be looked after as a stud dog. The second, a youngster, is promising but lathy at present. Third came a good looking bitch and the well known Lemon Rodfield, reserve, a hard, wiry little chap with too gay a tail for the ring. In open dogs there was no change. The bitches were a pretty lot. The winner in open bitches, Kinnie Binick, could be improved a little before the eye, but is good in body and a lovely

mover, besides showing a lot of quality. The second, Sue S., first in previous class, is a big, sound, strong bitch with a nice head, a good one shown too fat. Third came the third in novice, with a smart black and white bitch reserve, lacking the substance of the others. The Irish Setters were a handsome lot and it was a toss up which should win, the old dog that was first or his son, both are good. A nice bitch, third, was very fat.

Cockers were pretty good but small in numbers. A good black bitch, Darkie, won the special for best Cocker, though out of coat. Lady Floss, win-

ner in bitches any other color, is a good looking red daughter of Hamilton Jack, shown too fat. Miss E. V. Spriggs' Shinney would do better under a judge that likes little ones.

Collies, bar one or two, were very moderate, either pig jawed, low eared or prick eared, and were a hard lot in dogs to sort out. The best dog was a seven months' puppy that may make a good one, is good now in head and ears. The rest were not in it, though some had good bodies and coats. One sterling good bitch cleaned the deck in bitches and won special for best in show. She is by Ohio Hope out of Bonito, so Prof. Bohhannan comes to his own at last. This bitch has a sweet head, perfect ears, was shown in good coat and lovely condition. She was bred at Calgary under the shadow of the Rockies. Quite a nice little bitch, on in years and by Barwell Masterpiece, was second, like her sire on the small side and a bit too fine. Old English Sheep dogs were a surprise, the winner was a very useful dog and the second a little one all a Sheepdog. The whole class of five were not to be sneezed at.

The Bulldogs were Bulldogs, and the winner capital in body, good ears, fair head, well broken up in face but deficient somewhat in muzzle and under-jaw. The second sound and sturdy but too long in face.

Fox Terriers were good for the West. The best, Aldon Cadet, is well known and we should like him still better if there was a little more of him—just a little more but not too much. The winner in novice is a capital sort by Tipster, but he does not stand straight in front. The second in novice is a useful sort, rather large in ear and long in body and shown too fat, but has grand legs and feet and is a Terrier. Bitches were scarce, the best being Aldon Diversion, a good all white bitch by Dusky Don II., somewhat light in eye. The wires were moderate, Tough Brussels, by Matchmaker, is not a bad sort. The second, Cannington Nipper, hails from up the Hudson, too weak and too much coat. If our friends in the East could see some of their exportations in the rough in the untutored hands of the sons of the prairie they would hardly think them good ads. for their kennels.

Bostons—A good lot of four well known, Blue Bell getting the special for best in show. A slight controversy arose as to color, but the judge had seen a few Bostons in times not so remote. Irish Terriers—Only one just fair. Airedales—Only one, quite a useful dog, without his breeches trimmed. Bull Terriers—A nice dog, wanting filling up before the eye but the right sort, was first, with a very likely looking puppy in Bonny Boy II. This

last may make quite a good one. One good bitch that recently came from England with her owner was alone. Black and Tans were not strong. French Bulls—Two, good in body and well shown and well bred, were not quite bully enough in mug. Quite a useful Pug was alone. Three nice Italian Greyhounds made a good class. A good looking and rather large white Pom was alone. First in miscellaneous went to a good Husky, with a fair Yorkshire second.

Taken all in all a very interesting exhibit, but in some cases there were better dogs to be seen running about outside, especially a good Dalmatian, among the horses, of course. Later we shall do better and are coming along nicely.

F. N. Barker.

## Calgary Dog Show.

With the growth of the West comes the growth of dog shows and we hope in a few years to be up alongside the best in these matters. At the Calgary show in Alberta on June 19th were collected about 140 dogs, mostly field dogs, a most interesting exhibit at this stage in the game, though possible, for Calgary is a most go-ahead place.

The whole fair was well run from first to last and the management of the dog show would suggest a very promising future for such like events, for method and preparation are manifest everywhere.

The dogs we must now consider. There was only one St. Bernard, a small but typical dog. Greyhounds were three, a useful blue dog winning. Deerhounds three also. The first, a fawn dog, very short of coat but good, though in outline and make and shape he favored the Greyhound in type and was altogether outshone by the second as a Deerhound, and we made the second an easy winner. Russian wolfhounds, two, fair

specimens, the dog winning, but the bitch best behind, better let down in hocks and better in second thigh, showing more power. English Setters a strong, useful lot, with the winner a more than useful dog and very sound. The second, Cole's Black Prince, a neat, good headed sort, sadly out of trim, should do better another time. His head is on the Cincinnatus type and he is active and lively. Most of the others lacked somewhat in show properties, though sound working dogs and good goers. Would that all show dogs were as sound as this lot even if they are a bit plain. Two nice bitches came out, the first the best in substance and head but rather short in neck. The second is

sweet to look at with a well turned body but too pinched in muzzle and rather dish faced and she also lacks bone. Irish Setters only produced one good one and he would be better a trifle finer all over, but is a very good colored, sound dog and a great mover. Gordon Setters were typical as to color and neat Setters but too fine for the ideal East, still a most encouraging exhibit.

In Pointer judging we did not quite please the local talent, but the winner, though a bit fine in muzzle and rather out at elbows, comes nearer to the Pointers winning at Eastern shows than anything on view, a dog with a lot of style and quality, a black and white ticked. Two fair bitches, both too light all through, were typical Pointers. A big romping black and white won second in dogs spoilt somewhat by a coarse tail. The third, a neat little black and white. The reserve dog, though a Pointer all over, and an old-fashioned sort, would be considered too fine in head and too low in front by Eastern judges.

The Retrievers were a good exhibit. The winning dog is a Labrador and a good one that eventually won special for best dog in show, and there is little fault to find with him except he is a wee bit fine in muzzle. The second is more on the English type, a bigger dog not so sweet in head and expression. A good young bitch won in the bitch divi-

sion with a fine old bitch second and for her age a wonderful mover. In fact as a lot these Retrievers, dogs and bitches, were the most wonderful lot of movers I have ever seen together in a ring, five of them old and young. One good Irish Water Spaniel held up the honor of that breed. Cockers are improving and made a neat little exhibit, but were all smaller than your humble servant likes, though they will suit the Western ideas.

Sporting puppies brought a very promising English Setter puppy only six months old, but if he goes on right should hustle the best next year.

Collies were one of the features of the show and the best dog, Holyrood Conquest, a big, racy, upstanding dog with good ear carriage, which some may remember at New York in 1905, a Wellesbourne Conqueror dog, is doing a lot of good at stud here. Conquest took the special for best Collie. A good type of youngster was shown in the green class and if he moves better behind, later may

do more winning. Some very promising bitches put in an appearance though the winner is wide in ear carriage. One or two capital puppies made up the lot. If Collie breeders here go on as well as they are doing they will have a valuable lot soon.

One good sound brindle Bull bitch was all that figured before the judge. She was more of a brood bitch than a show bitch, but might have had a first prize, for she is liable to breed good ones and looks well bred, is very sound in body and of good type.

Irish Terriers were bad, Fox Terriers moderate except for one very neat white bitch, viz., Venox, an imported bitch whose breeding we could not get at. The wires were honest and had some of them ots of coat. The miscellaneous class over 25 lbs. brought out a useful but strong headed Great Dane and a fair bitch, though first prize was won by a nice Chesapeake rather strong in head also, but typical and well built. The lighter division produced a very sweet little red Dachshund, exceptionally sound in font and all quality, in first place. A taking Scottie was second, could be more powerful, but still the right sort.

## SQUIRE OF TYTTON.

The subject of our illustration, the eminent Collie, Squire of Tytton, holds the enviable record of having never been defeated, though he has been fearlessly shown, and has met all the cracks. He was just two years old the day the photograph we give was taken—April 13, 1906. His owner is Mr. W. E. Ma-

son, Freshfield, England, whose reputation for paying record prices for Collies, and we may say obtaining them, is well known throughout the Collie world. Mr. Mason first saw Squire of Tytton as a puppy at Cruft's Show, and then and there insisted on having him. This meant a cheque for £800—a sensational figure for a youngster with all his troubles before him. We have heard, on good authority, that Mr. Mason has been approached with an offer of £2,000 for his favorite, but the dog still remains an inmate of the Southport Collie Kennels. To give a list of his wins would mean more space than we have at our disposal. Suffice it to say that he has time and time again been awarded the special for the best dog or bitch in the show, all breeds competing. In color he is a beautiful golden sable and white. For the benefit of Collie breeders we publish his pedigree: Sire, Champion Balgreggie Baronet, Ch. Wishaw Clinker (Ch. Heacham Galopin—Last Rose), Old Hall Duchess (Ch. Kirkdale Patrick—Old

Hall Real Gun). Dam, Belle of Boston, Ch. Parbold Piccolo (Ch. Wellesbourne Conqueror—Parbold Pinafore), Ellwyn Lenore (Birkie Punch—Ellwyn Fannie).

## A MOST SUCCESSFUL YEAR.

The Daggett Remedy Company, of Boston, Mass., manufacturers of the celebrated Daggett's Distemper Destroyer, the remedy of a thousand cures, held their first annual meeting of the stockholders early this month, and the first semi-annual dividend of two and a half per cent. was declared. The enthusiastic success which this remedy has received in the past year has been responsible for a demand for a further line of dog remedies which will be marketed early in the fall. Readers of this paper are requested to look up this line, with prices, in our future issues.

## Canadian Kennel Club Nomination and Executive Meetings.

Secretary's Office,  
Toronto, Aug. 10, 1906.

The annual nomination meeting of the club was held on the above date at 2 p.m., the president, Mr. John G. Kent, occupying the chair. Several communications were read from various members, regretting their inability to be present, including one from the secretary, after which the following nominations were made, some verbally and some through the mail:

Hon. President, R. Gibson, Delaware, Ont.; President, Jno. G. Kent, Toronto; First Vice-President, Rev. Thos. Geoghegan, Hamilton; H. Parker Thomas, Belleville; Vice-Presidents, C. W. Minor, Victoria, B.C.; Geo. Caverhill, Montreal; O. J. Albee, Lawrence, Cal.; F. W. Scott, Winnipeg; G. B. Borrodaile, Medicine Hat; Geo. H. Carley, Hamilton; E. D. Adams, Calgary, Alta; Secretary-Treasurer, H. B. Donovan (subject to his acceptance); Auditors, Geo. B. Sweetnam, A. A. Macdonald; Executive Committee, Jas. Lindsay, Dr. Wesley Mills, Jos. A. Laurin, W. H. Hersey (representing Montreal Canine Association), Montreal; L. C. Farewell, W. P. Fraser, J. G. Harvey (Todmorden), R. H. Trimble, A. A. Macdonald, F. W. Jacobi, Jno. Allaster, C. A. R. Warren, J. H. Crocker, H. C. Tibbs, Frank Britton, C. D. Baker, H. G. Charlesworth, Toronto; Dr. C. Y. Ford, Kingston; J. Cromwell Cox, Ottawa; Rev. J. D. O'Gorman, Gananoque; F. T. Miller, Winnipeg, Man.; F. T. Kerr, Brantford.

### EXECUTIVE COMMITTEE MEETING.

The meeting of the Executive Committee was held immediately after the nomination meeting. The Secretary's report had been printed and distributed as follows:

I beg to report as follows:

Alleged incorrect pedigree of Bloodhound bitch, Alexandra Blackwell. The Pacific coast committee report as follows:

Victoria, B.C., May 22, 06.

Mr. H. B. Donovan, Secretary C. K. C., Toronto:

Dear Sir,—Find enclosed minutes of meeting of the Pacific Coast Advisory Board of the C. K. C., held at Victoria, May 18, 1906; also report and finding of the case of Wells vs. Devitt.

Resp't yours,

T. P. McConnell,  
Sec. P. C. B. of C.K.C.

Minutes of meeting of the Pacific Advisory Board of the C. K. C., held at Hotel Draid, Victoria, B.C., May 18, 1906:

Present, C. W. Minor (chairman); T. P. McConnell, C. M. Rolston.

On motion by Mr. C. M. Rolston, Mr. T. P. McConnell was elected secretary.

Re the charge made by Mr. C. W. Young, of Midway, B.C., against Mr. W. J. Devitt, of Trail, B.C., and W. W. Wells, Jr., of Toronto, of issuing fraudulent pedigree of Bloodhound bitch Alexandra Blackwell, we find as follows:

1. We recommend that the registration of Alexandra Blackwell, 8110, be cancelled, as it has been clearly shown that the dam of Alexandra Blackwell, 8110, is not Queen Alexandra, A. K. C., 59876, as given by Mr. W. W. Wells, Jr., of Toronto, in his application for registration of Alexandra Blackwell, but Queen Alexander.

2. That Mr. W. W. Wells, Jr., the owner of Alexandra Blackwell, applied for registration of this bitch in good faith, believing that the pedigree as given by Mr. W. J. Devitt of Trail, B.C., was correct, and we find him in no way responsible for the error, and exonerate him from all blame in the matter.

3. That Mr. W. J. Devitt, of Trail, B.C., did give the dam of Alexandra Blackwell as Queen Alexandra instead of Queen Alexander. We find from the evidence submitted that this action was not done maliciously, nor with the intent of fraud, nor for gain, but he through the similarity of names carelessly copied the wrong pedigree which he sent to Mr. W. W. Wells, Jr., of Toronto, as the breeding of Alexandra Blackwell. For this carelessness we fine

the said W. J. Devitt, of Trail, B.C., the sum of \$10 (ten dollars), and disqualify him from all privileges of the Canadian Kennel Club till said sum is paid.

C. W. Minor (chairman).  
T. P. McConnell (sec.)  
C. M. Rolston.

Pacific Advisory Committee.  
Victoria, B.C., May 18, 06.

In this connection Mr. W. J. Devitt accepts the decision of the P. C. Committee and asks for re-registration of the bitch in question. The following correspondence may help lead to an equitable decision:

Trail, B.C., May 26, 06.  
H. B. Donovan, Esq., Sec.-Treas. Can. Kennel Club, Toronto:

Sir,—I am advised by the Advisory Board that I am found innocent of any wrong intent in connection with the pedigree, but for an alleged carelessness I am fined \$10. If you have not presented a check I sent you, do so now and pay this fine to the treasurer; if you have destroyed the check and have no intention of presenting it, let me know at once and I will forward the sum of ten dollars. You might also put through the registrations I asked you for, first taking care to verify the breeding by Col. Williams, of Kentucky. This man Young seems to have tried his utmost to do me all the injury he possibly could, and he fairly succeeded. I was amazed at lengths he has gone to in this affair, while we are both engaged on the Provincial Police and outwardly friendly, as regards Young, while I never injured the chap in my life, but vindictiveness never made a man happier, or more appreciated by his fellows, and Charlie Young is finding it out in Nelson.

W. J. Devitt,

281 Laurier Ave. East, Ottawa

Toronto, June 6th 1906,  
Mr. W. J. Devitt, Trail, B.C.:

Dear Sir,—Yours of May 26th received. I think the matter had better go before the Executive of the Canadian Kennel Club for final action before I take any further steps. I have still retained your check and am glad to see that you take such a fair view of the proceedings. The papers in connection with the case have not yet been returned to me by the Pacific Coast Committee.

Yours truly,  
H. B. Donovan,  
Sec.-Treas.

#### THE FOX TERRIER A SPORTING DOG.

The following decision might be ratified or otherwise as you see fit. It would be wise in view of similar questions arising again for the C. K. C. to definitely say what breeds of dogs are sporting dogs and what not:

Calgary, July 17, '06.

H. B. Donovan, Esq., Toronto, Ont.:

Dear Sir,—On instructions from the members of this club, I write you for your opinion on the following:

A cup was put up to be awarded to the best non-sporting dog in the show. This was awarded by the judge to a Fox Terrier.

Subsequently a protest was entered in which the applicant claimed that a Fox Terrier was a sporting dog and not a non-sporting one.

Not having a copy of the constitution of the Canadian Kennel Club at hand, this club had nothing to go on in order to arrive at a decision as to what breeds constituted sporting dogs under the Canadian Kennel Club.

If you can make it convenient you will greatly oblige the members of this club by letting me have your opinion on the matter by return mail if possible, as I understand a ruling has to be given by the Show Committee within twenty days after the close of the show.

For your information I may say that the protest was made according to the rules of the Canadian Kennel Club—that is to say it was made in writing and a deposit of \$5.00 accompanied it. As soon as the protest was entered the judge was asked to make a reserve award, which he did, and I may say that award was not given to the dog owned by the man who made the protest.

Yours truly,  
Charles Rodden,

Sec. Alberta Kennel Club.

Toronto, July 21, 1906.

Mr. Chas. Rodden, Sec'y. Calgary Kennel Club, Calgary, Alta.:

Dear Sir,—Replying to yours of July 17th, while the Canadian Kennel Club has no hard and fast division as to which are sporting dogs and which are non-sporting, the Fox Terrier is invariably looked upon as a sporting dog and would not therefore be eligible for a prize for the best non-sporting dog in the show.

Yours truly,  
H. B. Donovan, Sec.-Treas.

#### PUPPY AGES.

A change in the age limit for puppies is suggested by Mr. Walter Sands, a member of the club, in the following letter:

H. B. Donovan, Esq.:

Dear Sir,—Respecting our coming show at the exhibition, I should like to suggest there should be an alteration in the age limit in the puppy classes. The rule reads "puppies shall be over six months and under twelve." I don't see what good is done by debarring say five months puppies, as many of our best show dogs in England commenced their career at the age of five months. If anyone is foolish enough to show a pup too young it will be his fault and the C. K. C.'s gain. But my view is give all a chance and feel sure it will be appreciated by all small breeders. Say for instance a man has only one bitch and he has a pup, say five and half months old, at the time of the exhibition, he is cut out of showing. If you think this to be your way of thinking and bring it before the executive I should feel obliged.

Yours truly,  
W. Sands.

Toronto, May 30, 1906.

Mr. Walter Sands, Toronto, Ont.:

Dear Sir,—Replying to yours of May 26th, I will be glad to lay the matter before the next Executive meeting. It is, however, one that has been up frequently and has always been decided against.

Yours truly,  
H. B. Donovan, Sec.-Treas.

#### GRIFFONS KORTHALS.

The Montreal Canine Association ask for the admission of the Griffons Korthals as a recognized breed. Some of

these dogs were exhibited at the recent M. C. A. show and won. It rests with you as to whether these wins shall go on record. Following is the correspondence in connection:

Montreal, March 22, 1906.

H. B. Donovan, Toronto, Ont.:

Dear Sir,—In reply to your letter of the 21st instant, enclosed find cut, giving what I consider a very good description of the Griffons. This dog is imported from France, and I am very anxious that we should have the breed included in our classification. Mr. de Chiree, the breeder of these dogs, has, as you will see, advertised in our catalogue last year, but he objects to having them entered as "Miscellaneous," as he claims that they are an established breed in France, and I am most anxious to be able to have these dogs entered at the coming show. Will you kindly go into the matter as early as possible and let me have your reply.

I will send you our complete classification in a few days for your approval.

Your very truly,  
James R. Innes,

Secretary and superintendent.  
Toronto, March 23, 1906.

Mr. J. R. Innes, Sec. Montreal Kennel Club, Montreal, Que.:

Dear Sir,—Replying to yours of March 22, of course I could not say that the Griffons would be accepted as a recognized breed, the club would have to decide this matter. How would it do to make the classification subject to verification by the club?

Yours truly,  
H. B. Donovan, Sec.-Treas.

Following is a description of the Griffons Korthals:

This dog, unknown as yet in America, has a steel grey colored stiff coat with maroon markings, a muzzle that is well garnished with whiskers and a semi-long tail. He is a particularly good dog for woodcock, snipe, etc., having a greater sense of smell than the Setter, points more solidly, and carries back admirably.

This dog fears neither cold nor water, and is very affectionate, always follows his master closely, even on the hunt.

These have been lately imported from France, and among them figure prize winners at Paris and elsewhere.

Reference to the Kennel Club, London, England, with whom the C. K. C. is in affiliation, brings the following prompt reply:

Kennel Club, 7 Grafton St.,

London, W., June 25, '06.

H. B. Donovan, The Canadian Kennel Club, 124 Victoria St., Toronto, Canada:

Dear Sir,—I am in receipt of your letter of the 13th inst. As far as I am aware no Griffon Korthals are exhibited in England. The only Griffon recognized is the Griffon Bruxellois.

Yours faithfully,

W. Jaquet, Sec.

#### REGISTRATION.

From the city of Quebec comes a protest as to the laxness of registration, or rather a suggestion that the rules be made more stringent.

Quebec, July 1, 1906.

I would like to suggest to you that the C. K. C. registration regulations be made more definite with a view to prevent fraud. I personally know of one case where registration was made when it was practically certain that the sire was a mongrel, and was told some time ago where a pedigree was manufactured for a dog that turned out a bench winner. Whether it was used for registration purposes I cannot say. Of course it would be impossible to entirely prevent fraud, but it is too easy to sign the printed words "certified correct."

Yours truly,

Ronald F. Lindsay.

Mr R. F. Lindsay, Quebec, Que.:

Dear Sir,—Replying to yours of July 4, this matter of registration has been up several times before the club, but they have never felt that they could exact anything very much more stringent. It was suggested that each application be sworn to but this seemed to be too drastic and did not meet with any favor. What form would you suggest?

Yours truly,

H. B. Donovan, Sec.-Treas.

No reply to my letter has up to this date been received.

The following new members are to be voted on: A. W. Coleman, Toronto, nominated by H. S. Tibbs and T. D. McGaw; M. B. Stelle, Jr., Rye, N.Y., by James G. Walters; A. Z. Palmer, Ottawa, by S. Hillsdon; Lewis Parker, Toronto, by W. Sands; G. L. Cains, Montreal, by P. Doyle; James B. Yates, Kingston, by T. N. Carson; D. A. Radcliffe, Aurora, by C. H. Hall; Walter Winsby, Victoria, B.C., by C. W. Minor; E. D.

Adams, Calgary, Alta., by Charles Rodden; S. B. Hinds, Barrie, by D. G. Ganton; T. H. Taylor, Vancouver, B.C., by George J. Dyke; T. M. McAuliffe, Vancouver, B.C., by George J. Dyke; R. G. Bisselt, Vancouver, B.C., by George J. Dyke; Robert Boyce, Vancouver, B.C., by George J. Dyke; and the following by H. B. Donovan: Clair Forster, Douglaston, L.I.; W. J. Bulloch, Gananoque; J. H. Ferguson, Ottawa; John Bickle, Petrolea; H. J. Shepard, Doncaster; E. D'Orsay, Toronto; A. Geobel, Mitchell; J. V. McLellan, St. John, N.B.; J. J. L. Bloomer, Toronto; R. N. Clark, Berwick, N.S.; W. A. Williams, Buckingham, P.Q.; John E. Pearce, Wailacetown, Ont.; Austin de B. Winter, Calgary, Alta.; Arthur Murphy, Seattle, Wash.; C. A. R. Warren, Toronto; S. M. MacDonald, Portage la Prairie, Man.; W. Bush, Montreal; S. Schneider, Drayton, Ont.; Miss Morrice, Montreal.

Montreal, July 5, 1906.

H. B. Donovan, Esq., 124 Victoria St., Toronto, Ont.;

Dear Sir,—I am requested by the members of the Canadian Kennel Club in Montreal to inform you that Mr. A. H. Hersey will be their representative in Toronto at the coming show.

Yours very truly,

James R. Innes,  
Secretary-Treasurer.

#### ACTION TAKEN.

Alleged incorrect pedigree of Bloodhound bitch Alexandra Blackwell: The action of the Pacific Advisory Board was approved and the Secretary instructed to follow out their decision.

Fox Terrier as a Sporting Dog: The Secretary's decision in this instance, that the Fox Terrier be considered a sporting dog, was confirmed.

Puppy ages: After some expression of opinion it was decided to send this matter on as a notice of motion from the Executive to the annual meeting.

Griffons Korthals: It was decided that if the members interested in this breed produce sufficient documentary evidence that the breed is recognized as a standard breed by the French Kennel Club, that the matter be referred again to the C. K. C. for a ruling.

Registration: The consensus of opinion of the meeting seemed to be that the present system of having all applications for registration verified as far

as possible in the Secretary's office by tracing pedigrees, published in the Gazette, and scrutinized by some of the prominent breeders before finally being recorded in the Stud Book, to be as complete as discretion would allow; however, it was decided to bring the matter up at the annual meeting for discussion and action. The merits and demerits of the system in use in some of the kennel clubs of having pedigrees certified to by the Secretary, received some consideration, and was suggested as a further means of revenue for the C. K. C.

New members: One ballot was cast in favor of the list of new members, which list was supplemented by the following names, which were nominated since the publication of the Secretary's report: J. D. Parmelee, Ottawa, nominated by F. A. Armstrong; F. F. Rogers, Toronto, by Dr. E. A. Harrington; W. I. Newton, J. D. Laurin, Geo. Thomas, and D. P. Stewart, Ottawa, by S. Hillsdon; G. R. Foster, M.D., Toronto, and W. A. Brodie, Unionville, by H. B. Donovan.

Montreal Canine Association's representative: As intimated by the Secretary of this association, Mr. A. H. Hersey was recognized as their representative on the club's Executive. In this connection the Secretary was instructed to notify all other local clubs having over 12 members that under the C. K. C. rules they were entitled to a representative on the Executive, and ask them to avail themselves of this privilege and advise the Secretary in time for the annual meeting.

Kennel Names and Prefixes: The following applications for kennel names and prefixes were granted:

#### Kennel Names.

Oxford Fox Terrier Kennels—S. Hillsdon and A. Palmer, Ottawa, Ont.

Saskatchewan Pointer Kennels—B. Westran, Regina, Sask.

Kenwyn Kennels—Geo. Thomas, Ottawa.

Black Watch Collie Kennels—H. R. Tallman, Hamilton, Ont.

St. Clair Kennels and Poultry Yards—Geo. M. Shepardson, Sombra, Ont.

Covesea Kennels—Geo. Florence, Victoria, B.C.

Evergreen—W. B. Edmonds, Norwich, Ont.

Edgefield Kennels—J. B. Dale, Petrolea, Ont.

By Town Kennels—Dr. R. E. Webster, Ottawa.

The Belle R. and G. Kennels—Redcliffe & Gordon, Toronto.

#### Prefixes.

Black Watch—H. R. Tallman, Hamilton.

Wellington—J. G. Morlock, Guelph.

Vinemount—W. R. Goodwin, Vinemount.

Fiscal—N. R. Miller, Toronto.

By Town—Dr. R. E. Webster, Ottawa.

Southport—W. E. Mason, Gorswood, Freshfield, Eng.

Berwick—Chas. D. Baker, Toronto.

Application for the prefix Stadacona was made by Mr. Gus. A. Langelier, Quebec, but as this title has been registered by Mr. W. L. Crawford as a kennel name, decision on Mr. Langelier's application was deferred on account of the probable confusion which would ensue from having the same title for a kennel name and a prefix used by different parties. The Secretary was instructed to write Mr. Langelier to see if an amicable arrangement could be made with Mr. Crawford, and report at a later meeting.

Unfinished Business: Re winnings at Brantford Show of Bull Terrier Butterfly, no reply having been received from Mr. Fred Kerr in response to the Secretary's communication, the Secretary was again instructed to write that gentleman and if possible arrange to have the matter in shape for dealing with at annual meeting.

Affiliation with English Kennel Club: From correspondence produced by the Secretary, note was made that the affiliation of the C. K. C. with the English K. C. had been completed.

Date of Annual Meeting: The annual meeting of the club is called for on Wednesday, Sept. 5 at 8 p.m. in the Administration Building, Exhibition Grounds, Toronto. The change in hour from previous years, it was thought, would afford more of the local members and fanciers the opportunity of attending the meeting, while it would not further inconvenience the out-of-town members. This meeting is open to anyone interested in the dog, whether members or non-members, and the Executive request that this fact be made known as far as possible to secure a large and enthusiastic meeting.

Re Secretary: The following letters from the Secretary were brought before

the meeting, and after much consideration it was decided to bring the matter before the annual meeting for final arrangement:

June 14, 1906.

Mr. J. G. Kent, President Canadian Kennel Club, Toronto:

Dear Sir,—I think it is due to you and other members of the board to let you know at this early date, that, under existing conditions, I will not be a candidate for Secretary-Treasurer of the Canadian Kennel Club next year.

Yours truly,

H. B. Donovan,  
Secretary-Treasurer.

June 14, 1906.

Jno. G. Kent, Esq., President Canadian Kennel Club, Toronto:

Dear Sir,—I beg to notify you that on the expiration of the club year, Aug. 31st next, that I will be unable to continue the arrangement at present existing between the club and myself, whereby the

members of the Canadian Kennel Club get the Canadian Kennel Gazette and the annual Stud Book. Kindly advise me at your convenience whether I shall continue using application blanks, and if I shall accept fees for the year ending August 31st, 1907.

Yours truly,

H. B. Donovan,  
Secretary-Treasurer.

These communications from the Secretary also introduced the matter of the club's finances, which, it was thought, under present conditions, would not keep pace with the increased expense of running the club. This discussion led to the following notice of motion, made by Mr. R. H. Trimble for the annual meeting, when the whole question of financing the club will be asked by the Executive to be discussed: "To increase fee of C. K. C. to \$3."

Geo. R. Donovan,  
Acting Secretary.

## "The Best Old Dog in the Land."

I'm old and lame—and under my jowls  
the brown is turning grey—  
But I don't complain—for like every  
dog, I suppose I have had my day,  
And I fancy that now there's a softer  
touch in the stroke of the master's hand—

"BARNEY."

As he bends and says—as he always  
said—"You're the best old dog  
in the land!"

By wood and wold, o'er crag and fen  
on mountain top or hearth,  
I've tried to be faithful and true to one  
whom I love the best on earth,  
And though I can be of no further use,

and my hunting days are o'er,  
Yet he loves me as well—perhaps better  
now—than he did in the days  
of yore.

But the past few weeks a Gordon pup  
has been roaming about the place,  
A lanky chap—a black and tan—with  
an impudent look in his face,  
And he pokes his nose in my evening  
meal as if it were all his own,  
And no matter how careful I am, he  
finds each spot where I hide a bone.

Yet I like that pup, and his funny ways,  
and his tongue so little and warm—

That greets my nose with a joyful kiss  
as he comes from his kennel each morn,

For it calls me back to my own young  
days, far off by the western sea,  
Ere I ranged the crags and canyoned  
wastes of this glorious Kootenay.

And oft when the heat of the day is  
done—ere 't ringeth to even song—  
The master and I go out to the lake, and  
we take the pup along,

And turn by the path where a partridge  
drums on the breast of a sandy knoll,

While the breath of the cedars scent the  
lane where lovers love to stroll.

And sometimes the master will take that  
pup, and set him upon his knee,  
And fondle his ears; and stroke his head,  
which greatly worries me,  
And if I look sad, and jealous-like, the  
master will understand—

Has he searched the haunts of the ruffled  
birds on the slopes of Canyon  
Creek,  
Or the thicket of fir on Gibson's Hill  
where the rabbits play "hide and  
seek,"

What does he know of the mallard ponds  
at the head of Grangers' Slough—  
Or the mountain trail—half hidden now—  
where the pioneers came through—  
Ere the hoofs and neigh of the Iron  
Horse on his way to the western  
sea,  
Joined in orchestral diatribe with the  
Wapta's melody.

"As the geese fly down to the sandspit formed by the swash of the Spillamacheen."

And smile and say, "Never mind old  
chap, you're the best old dog in  
the land!"

I've a soft wool rug on the study floor,  
and often as I lie there,  
That pup will come, and he looks at me  
with a supercilious air,  
And he cocks his ears if I groan a bit—  
as I'm sometimes forced to do—  
And he seems to say "I wonder now  
whatever's the use of you!"

But what does he know—that Gordon pup  
—of the warmth of the Master's  
side,  
As we've curled together on cedar bed  
at the top of the "Big Divide"—  
And watched the stars come out in the  
sky, and the red of the camp-fire's  
glow,  
And harked to the howl of the hungry  
wolf coming over the mountain  
snow.

He never scaled the highest peak that  
mirrors in Lake Sloean;  
Nor sprang to its waters—icy cold—in  
chase of the wounded swan;  
Nor shared in the tales the hunters told  
over evening pipe and grog—  
Of the birds that flushed the live-long  
day to the nose of the old brown  
dog.

Or waited the flight of the blue-winged  
teal—or crouched by the rushy  
screen

As the geese fly down to the sand-spit  
formed by the swash of the Spil-  
lamacheen.

Does he know that spot, far up on the  
hill, and close to the timber line,  
Where a deep ravine—all scarred and  
torn—dips down to a thicket of  
pine,  
While back to the heights the glistening  
eye of a giant glacier peers—  
Arched with a brow of shrivelled snow—  
and the rime of a thousand years.

Ah me!—can I well forget the place;  
and that spring so long ago;  
We were just about to camp for the  
night where the timber meets the  
snow,

When a grizzly sprang from the nearest  
copse, with a two months cub at  
her side,

And somehow or other for once that day  
the master's shot went wide,

And that brute rushed in with an angry  
growl and vengeance writ in her  
face;

"Where a deep ravine—all scarred and torn—tips down to the timber line."

—And never the chance to pump the  
breach and back with the charge  
in place—  
And I saw them close in a death-like grip  
—but quick as flash of brain—  
I seized that cub through the tender-loin  
till he foamed and groaned with  
pain.

And the mother sprang at the woesome  
noise of her offspring's pleading  
call,  
But I never let go of the hold I had  
though 'twas tumble and tussle  
and fall,  
Till the voice of the Marlin told of  
death, and the echo clear and  
loud—  
Sobbed its requiem out on the wraithy  
heights, and slept in the glacier's  
shroud.

There was quiver of lip, and glisten in  
eye, as the master came where I  
lay,  
While the life-blood flowed from scratch  
and scar of that rough and tumble  
fray;  
And all night long through my fitful  
dreams, as I bordered the shadowy  
strand—  
I could hear his pitying whisperings—  
"The best old dog in the land!"

And often now as the nights grow long,  
and I grow weary and sore,  
And tire of dreaming the hours away on  
my old red rug on the floor,  
I steal to the master's big arm-chair—  
where he sits in reverie—  
And push my nose into the lap, where it  
loves so well to be.

And as I look up to the face I love, and  
see life's evening time  
Writ large in the furrows that crowd  
his brow—and sees it writ on  
mine—  
His fingers twine in my once silk ears,  
and he smooths the old curls down,  
And tells me again—as he often did—  
I'm the best old dog in the town!

But I'm feeble and lame and under my  
jowls the brown is turning grey,  
Yet I won't complain, for like eve y  
dog, I suppose I have had my  
day;  
And I want to rest 'neath a Knie-nie  
bed in the shade of a sweet coned  
pine,  
Where the brown birds come for the ber-  
ries red in the summer of autumn  
time.

No column of stone, nor words on brass,  
need mark the spot where I lie,  
For it's dust-to dust—and nothing beyond  
—for such soulless things as I;  
But I know there is one when he carries  
me there and tenderly lays me  
down,  
Will write in his heart my epitaph—  
"The best old dog in the town!"

A September morn—a bit of corpse—a  
quick report—and then—

A painless death for a faithful friend—  
and a grave near a strip of fen—  
A wooden box—and a brown head lain on  
a pillow by loving hand—  
And some blinding tears are the burial

"Now I'm old and lame—and under my  
jowls, the brown is turning grey."

prayers for "the best old dog in  
the land!"

and Motor Sports in Canada."

#### NOTES FOR NOVICES.

(Continued from last month.)

A good combined vermifuge and laxative  
for puppies may be made by mixing  
one part of powdered jalap with four  
parts of powdered areca. The dose will  
vary according to the size, as well as  
age, and according to constitution as  
well—for some puppies require a much  
stronger dose of medicine than others  
do. As a general basis, however, it  
may be taken that two grains of the  
mixed powder will be about the average  
for every two pounds the dog weighs.  
Thus a 10-lb. dog will get twenty grains  
of the admixture, which will be equiva-  
lent to four grains of the jalap. More  
or less can be given for subsequent  
doses, according to the experience gain-  
ed of the effect of a preliminary dose  
such as has been indicated. This phy-  
sicking should be repeated in a week's  
time, and subsequently every two or  
three weeks, according to probable  
needs.

When considering the subject of di-  
gestive arrangement, it is worth while  
to give a little attention to the manner  
in which a dog deals with the food  
which is offered to him. A dog's teeth  
are not modelled by Nature for pur-  
poses of mastication—like those of cat-  
tle, for example. The dog tears his food  
—or crunches it—into portions that are  
capable of being swallowed; his diges-

tive organs can assimilate hard and ap-  
parently indigestible substances like  
bones—and because the stomach has this  
power of digestion it is important that  
it should not be allowed to remain  
idle. Machinery never put to use quick-  
ly deteriorates; so do the digestive  
powers of a dog. And if our canine  
friend be fed entirely upon liquid or  
semi-liquid food, he will gradually be-  
come dyspeptic—there will be nothing  
to call forth the production of the pow-  
erful digestive juices which can be pro-  
duced if required. A dog gorges him-  
self with food at comparatively rare in-  
tervals—that is to say, he does not need  
to be fed too often. If he has the op-  
portunity of gorging himself he will  
do so, and then will be ready for a long  
sleep. Having these things in mind,  
it is important to recognize that the  
natural food of the dog is raw flesh,  
and every dog should have a propor-  
tion of that allowed him. Biscuits are  
excellent, of course, but it is better to  
give them—or at least a proportion of  
them—hard and unsoaked.

The teeth of the dog will be found  
to be an interesting subject for study,  
and their preservation is, of course,  
a matter of great importance from the  
fancier's point of view. It is surpris-  
ing how many dogs there are to be  
found nowadays with bad teeth, espe-  
cially dogs kept as companions. This  
can hardly be wondered at, considering  
the number of ladies there are who will  
insist upon pampering their dogs with  
all sorts of unsuitable foods. Coarse,  
hard food—dry dog biscuit, for exam-  
ple—will do more than anything to keep  
the teeth in good order, encouraging  
the enamel to remain hard and bright,  
and cleansing away accumulations of  
tartar, which always serve as a cloak for  
decay. A puppy, as we all know, is  
born toothless, but in less than three  
months from his birth he will have a  
complete set of "temporary" teeth.  
About a month later these will be re-  
placed with more or less rapidly by the  
permanent teeth. They are not com-  
plete, as a rule, until the dog is at  
least a year old. The most troublesome  
time, and that at which puppies are  
very liable to have fits—real "teeth-  
ing" fits, and not convulsions, which  
are mistaken for teething fits—is when  
the corner permanents or "tushes" are  
being developed. Sometimes it is ne-  
cessary to remove one or more of the  
temporary teeth; but as a rule puppies  
shed them by the aid of their master's  
slippers or some similar subject of play.
