## NOTES AND COMMENTS

The Bulldog Breeders' Association of Canada tendered the Canadian National judge, A. D. Gillette, Fort Salonga, L.I., a complimentary dinner and theatre party, at which twenty-one sat down. Mr. A. A. Lees spoke in complimentary terms of the judge stating that he valued his opinion as highly as that of any man in America. Mr. Gillette replied in fitting terms, complimenting the Club on the quality of the dogs he had before him and expressing the hope that a team of four from Canada and four from the States, two lightweights and two heavyweights in each case, might meet at some central point each year to compete for an International trophy. We commend the idea as a good one and not for Bulldogs only.

We had a run through the Canadian National Dog Show building on the Saturday prior to the show and can vouch for it that everything was spick and span, sweet and clean. We saw the benches before the straw was placed on them and they were as clean as clean could be. The straw itself was ample and good. The addition of a floor manager was something that we have advised time and time again and the appointment of Mr. Arthur Atkinson put the outside work in capable hands. This left the manager, Mr. Jacobi, free to attend to office details and other incidental work for which he, in other years, had not time. We noticed a number of new faces as ring stewards and commend to the on-comers a closer attention to the black-board and ring numbers. Judging commenced about 1.30 p.m. in all five rings, service in some of the rings being none too good. This is largely due to the awkwardness of the antiquated old building which was on fire some time ago, but did not burn, and to the crowded con-

dition of the aisles which always happens in Toronto while the judging is on.

News that the show had dropped to a four pointer was rather startling though

Mr. H. A. "Diamond" Wilson, Secretary  
Bulldog Breeders Association of Canada

but few dogs were needed to make the extra point. The Whippets were not benched this year which made considerable differ-

ence in the total. The entry numbered 613 dogs. The committee of management will have to consider whether this show has now reached its limit, many being of the affirmative opinion. This may be true but with the advent of so many new breeders and fanciers especially from the Old Country, one may be inclined to doubt it. A special effort at the closing of entry time should, and will, be made at future shows to bring the standing back to five points. Exhibitors look for this and premier dogs will probably find it easier to make four points at two, two point shows than at the Canadian National, where competition in most classes is keen. A suggestion to judge the Toy dogs on the first day of the show has been brought up on several occasions and we think should be complied with. The Toy dogs are now a big feature in the show and as man must follow where woman leads, the gate would not alone not lose by such an innovation but should show a considerable increase. We commend it to the Committee.

We have had bigger and better classes of St. Bernards. Messrs. F. and A. Stuart, who can always be depended on to put down something good took both winners with Beethoven and Montphosa. There was a long string of Danes, the Ottawa bitch, Geneva, repeating her win of last year, and doing so handily. The winning dog is an excellent Dane of good type. No less than ten Russians, Mrs. Mathias winning again with Elka in fuller coat than when she first came out. Reserve also went to this lady with Alexander of Spring Farm an upstanding dog of good type.

Mr. Baldwin, of Ottawa, had the best of the American Foxhounds, they weren't merely light English hounds. The dog

rightly beat the bitch for the special. There was a nice little lot of Pointers and amongst the English Setters we found two of great merit. We do not hope to see many better classes in Irish Setters than that of open dogs here. Toronto generally gets the handsome red ones out.

What a grand string of Airedales and what a lovely assortment of types! The winner is a quality dog, good in most points, with a weak middle piece—too many "Waterside Terriers" going this way—and a soft expression. Moorside Rock will please many, he was the runner-up, none too big. The Winnipegger is a grand shower, he is a good big one, always harder to get than a good small one, and what a front for a big fellow. His skull and foreface are what we want. We would not want this head on a dog 10 to 15 pounds lighter. A grand strong Airedale that didn't get his deserts here. This opinion is shared by Mr. Black, about our oldest Ontario Airedaler, who thinks First Shot the best Terrier ever shown in Toronto. But then the judge did not think so.

A grand lot of Cockers surely. Our report and list of awards tell the tale. Dr. Jarrett found many of the Collies out of coat though not all. He had a large entry. Cheetham Squire came to his own in Bulldogs and the bitches we have had a word to say of elsewhere. With the one exception they were carefully judged. The wires had the best of it again in Fox Terriers. Too many flat sides and tucked up appearance in the Smooths, though of course there were notable exceptions. Don't spare the grub. Bull Terriers a great lot. Let us stick to type and the real B. T. expression. Bostons about as usual, not much new. We make little progress in Irish. Scotties are here—not coming—and the new club, if kept free from petty jealousies will help.

The winning brace of West Highlands are the best we have had. White, good coats, sound black noses and good dark, keen eyes. Don't confuse them with the Scottie, the head and face are essentially different, the latter neither so long or so strong as in the Scot. The Willowdales were alone in the B. and T's. Beagles a big entry and a lot of good stuff. Dachs down from last year, plenty of good ones.

The Toys we note elsewhere.

Ch. Cheetham Squire retrieved his show honors at Toronto where he went to the front, beating amongst others, Homewood Jumbo. In bitches Layham Pride won first honors despite her unsoundness. The judge, Mr. Gillette, expressed his regret, after the judging, that he did not notice this. As we understand he did see the bitch's condition after the judging of the

first class in which she competed, we are wondering why reversals did not follow.

We had the same bitch occupying the same place at Ottawa the following week. Layham Pride excels in type and quality and her excellent head and front largely offset her undoubtedly unsound hind parts. Dr. Ford's bitch is just as good as Pride is bad, in action and soundness. She can jump like a cat. It will always be a question which should win. We incline to the sound one, but it must never be forgotten that absolute soundness may be found in the veriest cur picked from the street. Type first, quality second, soundness third, may fairly be taken as a natural order, in Bulldogs. We have seen dogs much more unsound than Layham Pride win and Bulldogs too. Don't misunderstand us. This is not a plea for unsound dogs or unsound judges either. We have tried to give Gazette readers what we consider a fair representation of a somewhat difficult situation. Have we done so?

As we predicted we now have a Canadian Scottish Terrier Club with that good fancier, Mr. Arthur Ellison, as Secretary. As the fees are but \$2 per annum, every Scottie breeder should gladden the Secretary's heart by sending in his, or her, name and fees for membership. The Club could, and will, do a lot of good for the breed.

We were sorry to hear of the death of "Jim" McDonald, of Hamilton, an old time Cocker breeder and a friend to many dog lovers in the Ambitious City.

Apart from the very excellent report presented by the Secretary-Treasurer and the election of officers there was little of interest at the annual meeting of the C.K.C.

In the absence of the President and Vice-Presidents, Col. Nelles was voted to the chair.

The Secretary's report showed substantial gains in membership, now 387, number of registrations and balance in bank.

The financial statement is printed elsewhere. Added to the liabilities should be a sum of about \$200—the cost to 1913 members for Stud Book for that year. The item, sundry, \$83.38 seems an unusually large sum to appear under this heading.

Mr. H. B. Donovan moved the acceptance of the report, subject to the usual audit. In doing so he congratulated the Secretary and the Club on the substantial increase in the items noted above. Mr. Sands seconded the motion which was carried.

The officers elected by acclamation we have already given. The others are as follows: Vice-President for B.C., Albert Greenwood. Mr. Greenwood is an Englishman, resident for some years in Toronto and a votary of the Airedale. Executive Committee, Messrs. W. E. Baldwin, Geo. Barron, L. Farewell, F. Jacobi, G. F. McFarland, Roy Nordheimer, Bert Swann, J. F. H. Ussher, Lt.-Col. Nelles, Toronto; Ainslee W. Greene, Ottawa; P. Bawden, Ridgeway; and C. L. Mewburn, Hamilton. Messrs. Bain and Fraser were elected delegates to the Canadian National, H. B. Donovan and Geo. B. Sweetnam, auditors, and G. F. McFarland, Hon. Solicitor.

Mr. Frank Britton spoke on the desirability of having but one governing club. Dr. A. W. Bell, who was present as a visitor, endorsed this and gave some hints that might be useful in bringing together the C.K.C. and the D.K.C. In any event he thought both extreme west and extreme east should manage their own affairs and that if Advisory Boards were appointed their decisions should be final and not subject to reversion or cancellation in Toronto. Speaking personally and not officially the West wants but one Club, said the manager of Winnipeg's big fair.

On motion of Messrs. McFarland and Donovan the whole matter was referred to the new executive.

H. B. Donovan introduced a motion, seconded by Mr. Sands, that the Executive Committee be asked to reconsider their decision to withhold payment of Lethbridge show fee. After considerable discussion the motion was put and lost, but few members voting either way.

Perhaps some explanation is necessary here. The Lethbridge show claimed dates under C.K.C. rules but on the formation of the Dominion Kennel Club desired to hold their show under the Club in its own territory and applied for the return of their deposit with the C.K.C. This came before the Executive who declined to return the fee, which of course, was quite in order. In our opinion it was a tactical error of judgment as was the vote refusing a reconsideration. For the return of this fee would have created a feeling in Lethbridge and vicinity, favorable to the C. K. C., which would have been valuable in the proposed negotiations.

On the return of the scrutineers, Mr. Bain, elected first vice, took the chair, when the minutes of the last annual meeting were read and adopted. Items arising from these minutes were as follows:

Notice to increase listing fee to fifty cents was referred to Rules Committee.

Plan to charge for championship cups was abandoned.

Proposal to increase number of judges to three under which championship may be won was referred to the Rules Committee.

That hardy perennial, "new building," was up once more and was referred, on motion, to Messrs. Kent, Bain and Fraser.

On motion of Messrs. Perkins and Bawden the Executive were instructed to endeavor to have the show confined to a three day limit.

We understand that an Executive meeting was held immediately after the annual meeting but presume that no business was transacted. The new Committee could not meet without a proper call and the old committee expired on the presentation of the report of the scrutineers, which was accepted by the annual meeting.

We were sorry to see Mr. Thos. Moore, of Montreal with his hand bound up. He had been badly bitten by a St. Bernard, the same dog afterwards tearing the coat sleeve of a visitor to the show. We trust that Mr. Moore, sturdy and active as he is despite his 75 years, has suffered no ill effects.

Rev. Father Carberry, formerly of Schomburg, now of Merritton, Ont., was an interested visitor. Father Carberry was formerly devoted to Irish Terriers but having little room in his present location has taken up the less strenuous Boston.

Mr. John J. Tulk, of B.C., spent some days at the show. Mr. Tulk, who formerly lived in Hamilton, had, with his better half, been on an extensive tour and was then on his way back to the Pacific Coast. We were glad to see him looking so hale and hearty.

Dr. A. W. Bell, Winnipeg, looking like his old self again, only more so, was down in the interests of the big summer fair that he tools.

Another important addition to the Weston Collie Kennels, Winnipeg, has been made by Mr. Tom Milner, by the arrival from England of a grand specimen of the Collie breed. He will be known in future as Weston Emperor. It is fully expected when exhibited he will prove himself one of the best Collies in Canada. He is full of quality, and is of large size. In color he is a rich deep orange sable, with broad white collar, owns a most

classical head, eye and ears, with true Collie expression. He was purchased at a high figure, chiefly to mate with the champion bitches at above kennels, namely Champion Weston Queen O'Quality, also Champion Weston All Quality. Emperor is by one of England's leading Collies, Parbold Picador, who besides being a championship winner, is siring many champions.

Collies keep moving along briskly in the West and numerous big litters are reported. Weston Master Sample is responsible for the following recent arrivals:

From Weston Riverview Quality 7, Mr. Scott's Cathedral Bell 5, Mr. Murphy's Saskatoon 4, Mr. Reid's Assiniboine Quality 3, and others on the way.

Weston Sir Roger has gone to Mr. A. W. Barnum, Enderby, B.C., Weston Admiration, the winning puppy at the W.C.K.C. Show in May to Mr. Webster of Cartwright, Man, and several good brood bitches and puppies have also been sold by this kennel to various parties in the West.

We hear that R. J. McGaughey, formerly of Pembroke, Ont., now has charge of Mr. W. T. Payne's, Kingston, Pa., dogs. McGaughey was one of the best handlers we ever had until he began to feel the bit and get restive. We hope there are good things in store for him. Mr. Oughthet, his predecessor is, we believe, coming back to Canada.

Mr. Delmont has sold the Irish Terrier he showed at Toronto to a fancier in the States for \$250. Leeds Historical won in the novice class but was beaten later.

We have it on good authority that Dr. De Mund, New York, will judge the St. John, N.B., show, to be held in the latter part of October.

We were sorry to hear that Mr. George Robertson, of Ottawa, who favors Collies, had been badly bitten during the show. We hope no serious results follow.

Our other patient, Mr. Thos. Moore, of Montreal, is progressing favorably, though his hand was still bound up when we heard of him last week.

After the closing of his Ottawa judging engagement Mr. Alf. Delmont travelled to Montreal with Mr. Donovan and Mr. Meehan. He spent a day sight seeing in the old French city en route to Lenox, Mass., where he was showing.

Dr. A. W. Bell, Winnipeg, was an interested visitor at the Ottawa show, where he renewed many old acquaintances.

Mr. Laskey, of Fredericton, N.B., a Bulldog enthusiast, was on from the "other end" of the Dominion. We urged the holding of a show in the lively Maritime town but Mr. Laskey while hopeful does not think the time just ripe yet.

Mr. "Bob" Ross bought the reserve winners Irish Setter bitch at Toronto, a good purchase that has since been turned in to Mr. Hanna's kennel of this breed.

This is about ourselves, something Gazette readers will like to see. The Toronto News Co., beginning with this issue, will handle the Canadian Kennel Gazette, in a wholesale way with the book store trade. their opening order being five hundred copies each month. The Dominion Kennel Club has now sent us one hundred and seventy names in the Prairie Provinces, the extent of their membership to date. In all other Provinces our lists have rapidly grown and it looks as though we would soon be compelled to increase our guarantee of 2,500 copies monthly.

In all above there is a hint for those who have dogs to sell.

Those Airedale puppies advertised jointly in Gazette by Mr. De Forest Pomeroy and Mr. Wrightson Thorp have all been sold with the exception of a brace retained by each of these gentlemen. Mr. Thorp has named the dog of his two, Great Shot and he is he says one of the comers in the breed, and the lady is just about as good.

Mr. Bawden in renewing his space ad. and in addition sending in a "bargain" bit for Airedale puppies that won't stay long with him gives us an interesting item or two. His new Airedale bitch Flighty Girl, whelped early in August a nice little lot of seven, of which four are dogs. These are by Caerphilly Performer and are a nice strong promising lot. As this is Performer's first litter on this side the Ridgetown man is all on the qui vive, as he naturally expects from their breeding and the individual quality of the sire and dam, to see some Canuck Airedales quite beyond the ordinary.

Mr. Bawden reports no decline in the interest being taken in Airedales but very much the reverse. The demand for good puppies is quite steady. He had a young dog on the way for Toronto, but he did not arrive on time. He hopes to have him at London.

## A PAGE FOR LADIES

### THE L. K. A. OF MASS. TROUBLE.

(Published by request.)

Several papers having published statements with reference to the annual meeting of the L.K.A. of Mass., some of these statements require, in the interests of truth, to be corrected.

The Club never had such a disorderly meeting since it was formed. It was utterly impossible to keep order. I have been president for thirteen years therefore am able to speak from experience. I became president with Miss Brooks as vice-president when the Association had less than 12 members and there was about \$60 in the bank, and when I say to the kennel world that no MOTION was ever made and seconded and disregarded by me at any meeting over which I have presided, I think my past conduct in connection with the Association, dog shows and dogs, will prove my word. Furthermore, Miss Brooks, Mrs. Thayer, Mrs. Whittemore, Miss Rita Talbot, officers of the Association present at the annual meeting, and various other members present, have so testified and will corroborate me.

Never in the history of the Association has any member heard such a report of an annual or any other meeting, the wording being far too legal for a Ladies Kennel Association, entirely different from previous reports. The minutes of all years past will show this was an entirely new departure. And I think I can say it is the first time on record that the minutes of any dog club have been sent to the press for publication before being accepted by the club.

In its anxiety, however, to have the kennel world know "facts," it fails to state that THRICE the President was asked by counsel if she would have Mrs. Squire resign as Secretary and that then no further court action would be taken and everything would be dropped. This I flatly refused to do. Mrs. Squire would act as elected, or I would not be president, hence the court proceedings. Mrs. Squire, an entirely innocent person, was then served with a summons and had to appear in Court, to say nothing of the newspaper stuff she had to stand, all because she allowed her name to appear in the interests of the Association.

I feel after fifteen years experience in this Association that I have some faint idea how things should be handled for the best interests of the Association and all members who desire clean sport.

The proxies were sent out by Mrs. Whittemore, every officer thoroughly understanding this at the time. They were received by Mrs. Whittemore and voted for by her as the members not present had authorized, a letter by Mrs. Dennee having been sent to said members explaining the situation. I had nothing to do with handling the proxies. Proxies have been used in the elections in years past, but not since the Association was incorporated a couple of years ago and they were used in this instance after advice by counsel, and so far as the final verdict goes the legality of their use is still an open question, this point never yet having been decided in the highest court.

It seems deplorable after all these years in building up our Association to its present prosperous condition that at this late day it should have to be hawled into court, and the daily papers filled with articles which could not possibly interest any one but those responsible for them. Our oldest members feel all this very keenly and such recompense certainly does take the heart out of an earnest worker whose only motive has always been to make the meetings and dog shows of the Association as successful as lay in her power.

There are many more points that could be gone into but as they would border on the personal perhaps it is better to let the whole thing drop.

Elta H. Seagrave.

Wakefield, Mass.

The annual meeting of the Toy Dog Club of Canada, called for September 4th, opened with the roll call when only five members responded. The minutes of last annual meeting were read and adopted. The Secretary was instructed to write show secretaries where specials had been offered that dogs must be brought into the ring to be judged for Club specials. Mrs. Gruenwald of Montreal, very kindly consented to do everything in her power to have the specials offered at a Montreal

show, and over which there has been so much trouble, straightened out. No other business was done on account of so few being present. On motion the meeting was adjourned till Wednesday, September 24th, at 7.30 p.m. in the Prince George Hotel. Notices are going out to all members to this effect and as very important business is to be discussed, every member is urged to be present.

The Toronto papers of August 29th report the issue of a writ against Mrs. Wylie, the well known Pom. fancier of Vineland, Ont., for alleged breach of warranty and misrepresentation in connection with the sale of a Pomeranian dog. The action is brought by Mrs. Rogers, of Westchester, N.Y., to have set aside a sale made by Mrs. Wylie last April and for the return of the purchase price, one thousand dollars. The case being before the courts, we are unable to comment upon it and merely give the above as an item of news.

Miss Watson, Montreal, on her return from an extended visit to England brought back with her as a companion a good headed Pekingese in Mau. He is on the large side but quite a typical specimen of a breed that is gaining in favor in Canada.

Mrs. Sturdee, of St. John, N.B., travelled all the way to Toronto to see her handsome Irish Setter dog take the blue in the first class in which he appeared, though he afterwards went below to better dogs. If we were not fearful of arousing this keen fancier lady's ire we would feel tempted to say he was beaten by sturdier dogs. But, shure, it's out now anyhow.

We met Mr. and Mrs. Sturdee at Montreal on their way West, where they were shown the sights by Mr. Jno. Campbell, who by the way tooled the brace of Irish Setters shown from St. John. The interest in dogs in the Maritime city is greatly on the increase and the ladies' auxiliary will keep the other side up to the mark, or we miss a good guess.

Pixie Law was a winner at Toronto too and a wire from London to Montreal tells us that each of the handsome brace took winners at London, and that Corry Law in addition won the cup for best sporting dog in the show. We hope that Mr. and Mrs. Sturdee will feel that their success will encourage them to come again. They have the satisfaction of knowing that the handsome Irish man was put down in better shape than any other Irish Setter dog in the show, with the exception that he could stand an extra four or five pounds in weight.

In the three days' show of the Ladies' Kennel Association of Southern California, in Los Angeles, the northern part of the State carried away nearly all the honors and a major portion of the prizes, ribbons and trophies were taken by dogs from the S. V. Kennels of Williams, owned by Miss Jean Forgeus.

The young lady makes a specialty of Russian Wolfhounds and such is the character of the stock under her supervision that at every kennel show on the coast where some of the animals have been exhibited prizes and trophies have been awarded them.

In the instance of the show just concluded Miss Forgeus has every reason to be proud of her efforts. More than 300 dogs of all description were on exhibition and out of the awards many fell to the Wolfhounds from the S. V. Kennels. It is also noteworthy that this kennel carried off the prize of best dog of any breed in the show, the same being won by her Yrnak.

A pathetic and tragic incident is reported from Indianapolis, Indiana, when Mrs. Hiram Barrett, 72 years old, fell dead when she saw Charles Young kill her pet Poodle.

Mrs. Barrett was standing on the sidewalk in front of her home when the man passed and the little dog ran at him, barking.

He struck the animal with a heavy whip he was carrying. When the dog was found to be dead Mrs. Barrett dropped to the ground and died before assistance could be summoned.

We don't fully realize what the companionship of a dog means to children and to the aged especially.

Among the lady exhibitors at the Canadian National Dog Show, we noticed the following: Mrs. C. Aisthorpe, Toronto, who showed Bostons; Mrs. F. Bell, Toronto, Collies; Mrs. Chas. Best, Ro-

chester, N.Y.; Mrs. Anna Best, Rochester, N.Y., English Toy Spaniels; Mrs. S. A. Delaney, Toronto, Toy Black and Tans; Mrs. Davey, Toronto, Pekingese; Miss Lena Bowman, Montreal, Cocker Spaniels; Miss Boyd, Toronto, Cocker Spaniels; Mrs. Burke, Niagara Falls, N. Y., Great Danes; Mrs. T. W. Edwards, Toronto, Italian Greyhounds; Mrs. Carruthers, Toronto, English Toy Spaniels; Mrs. and Miss Lewis, Lansdowne, Pa., French Bulldogs and Cockers; Mrs. Lane, Toronto, Bull Terriers; Mrs. Kordell, Toronto, Cockers; Mrs. S. Jones, Toronto, Fox Terriers; Miss L. Irish, Toronto, Cocker Spaniels; Mrs. L. F. Featherly, Rochester, N.Y., Boston Terriers; Mrs. F. Ferguson, Toronto, Skye Terriers; Miss A. Hungerford, Bay Shore, N.Y., Dachshunde; Mrs. E. L. Hughes, Toronto, Fox Terriers; Mrs. Hubbert, Toronto, Collies; Mrs. Howard, Toronto, English Setters; Mrs. Hingley, Toronto, Fox Terriers; Mrs. Hingley, Toronto, Poms.; Miss Vera Hewetson, Toronto, Poms.; Mrs. P. Herd, Toronto, Poms.; Mrs. T. R. Harris, Toronto, Bostons; Miss J. E. Hallam, Toronto, Bulldogs; Mrs. F. Gruenwald, Montreal, Poms.; Mrs. Gammon, Hamilton, Cockers; Mrs. J. H. Marchand, Toronto, Bostons; Mrs. P. F. Mathias, Montreal, Russian Wolfhounds; Mrs. C. Metcalfe, Toronto, Bulldogs; Mrs. J. E. Miller, Toronto, Collies; Mrs. Murchisson, Toronto, Toy Poodles; Mrs. F. The number of lady fanciers seems to be increasing and how varied are the objects of their devotion, ranging right from the massive Great Dane down to the miniature Pom. and Yorkshire. However it takes all kinds to make a world and all breeds to make a "doggy world," and there is not one of the "fair fanciers" but would say that her particular hobby was

the right one for them. The only Gordon Setter entered was entered by a lady.

We missed Mrs. Howorth, of Grimsby, and her string of handsome Poms. from the Toronto show. For some years Mrs. Howorth has been a faithful exhibitor at Ontario shows but the cares of a large fruit farm prohibit her this fall, from indulging in what to her is a very pleasant hobby. Mrs. Howorth still has her Poms. and we will be looking for her in the spring.

What a beautiful little Peke is Marrs Wee Chinee, certainly the best we have, a grand type. When she grows more coat she will take some beating, with her excellent head, front and body.

We are of the opinion that the Yorkshire Edna of Rounday has been with some one who didn't learn the Yorkshire finish on this side of the water. It pays to get coat on a Yorkshire and to keep it on.

Thirty-four Poms.—no less. Good for this gay little chap.

Mrs. Daniel B. Decker, of Utica, N.Y., has just received from the West a beautiful little tri-colored Chihuahua bitch which was mated in June to the tiny fawn dog, Don Pedro. This bitch is due to whelp on August 8, and her owner is naturally looking forward with great expectations to some excellent puppies. Not a few fanciers are taking up the Chihuahua, and from present indications this diminutive and brainy little dog will have a large following in the near future.

Mrs. A. Hungerford, of Bayshore, L.I., has had the misfortune to lose through death her noted Dachshund, Maenne M. This dog was imported from Germany by the well known expert, Mr. G. Muss-Arnolt, and for years was considered the best red Dachshund in this country. He won shoals of prizes and sired many noted winners.—Field and Fancy.

We hope Pom. fanciers are not forgetting that our next issue, that for October, will be largely devoted to this sprightly and popular midget. We want to hear from those who have had experience in breeding, keeping and showing the Pom and any other little items of interest.

Our front page is still available for the photo of some good Pom. Terms will be given on application.

## ACROSS THE LINE

The next show of the American Pomeranian Club will be held on January 30th, 1914, in the hotel Waldorf, New York. The judge for this show has not yet been decided upon.

It is reported that Sir Edward Bowers, so well known in England as a Bulldog specialist, has been invited to judge Bulldogs at the next New York show. We hope that it is more than a rumor.

Here is the way in which Mr. Lacey of the American Stock-Keeper, sizes up the Canadian situation in his paper:

"Those who are accustomed to view the Canadian fancy from the gallery of the old show building in the Fair grounds would be astounded at the splendid growth that is looming up in the great provinces of the far Northwest, Alberta, Saskatchewan and Manitoba. Wherever almost there is a town of any decent size in these vast areas peopled mostly by Englishmen or Canadians from the East, there will be found either a gathering of dogmen and women or a live club giving an annual show. They have increased two-fold the last year or two, and the widespread interest is proved by the variety of locals. It has been claimed that the Northwestern section and all that section west of Montreal held two-thirds of the membership, hence the formation of the Dominion Kennel Club to cater especially to those interests. Let us look it over.

First comes Saskatchewan with 30 members, then Alberta with 45. These two provinces alone nearly equal Toronto, and are two-thirds of the whole of Ontario. Toronto of course is the headquarters where the Club had its inception and until the last ten years or so had no rival in doggy interests. Manitoba has 49 members and British Columbia on the far West coast has 78 members, while nearer home we find that Ontario as a province, not counting Toronto, has but 39. There are only six in Ottawa, and in the province of Quebec, in which of course lies Montreal, the club shows up well with 38. Toronto has 85 members. The balance of the membership is made up of odds and ends the solitary Mass member being our ever faithful and festive James L. Little. It

will be seen by these figures that the West is coming fast and that sooner or later a great show country will be evolved, for these sections are being continually strengthened by recruits from the old country who have got into the habit lately of bringing their dogs with them and those already there when they find their way about and settle down, send to England for the good ones, so that by and by the judging at such shows as Winnipeg will not be the easy-money-jolly it was once assumed to be. It is up to the Canadian Kennel Club to hold on to all this vast region by some branch arrangement, for the half-way house at Winnipeg is mighty handy for a getting together of the men of broad acres. In ten years from now this interest will be vast and well worth going after and before then their breeders will be sending dogs to our shows to try for the greatest honors. In fact they have already done so with success in Wolfhounds and Collies. They are welcome, for by that time we shall hope to have a few new shingles on our own A. K. C., so that it may house and care for U. S. dogs a little more paternally."

He evidently likes that Clipstone Airedale for here is what he says of him:

"That picture in the 'Canadian Kennel Gazette' of the Airedale Terrier that E. Wrightson Thorp bred out of his Clipstone stock is a corker. It shows a very classical Terrier with a dandy head and ear and absolute front. First Shot they call him, and he is now owned by Mr. Mutchmor, the famous old Terrier man, in Winnipeg, who bought the whole Thorp kennel the other day. First Shot on the sire's side is pure Clipstone, and the touch of Haymaker sure did no harm. This is his pedigree: By C. Voucher by Commodore of Clipstone ex Clipstone Betty, who was by Ch. York the Haymaker out of Clipstone Sunbeam. There is no fooling, this is a good one, and he ought to be working down here."

Mr. Holland Buckley has sent over the Airedale, Clonmel Bombardier, to Mr. Sherman Aldrich, New York.

The famous Cocker, Ch. Mepals Shot-over, a red and white parti-color, has

gone the way of all flesh, dogs and other. He was a big winner and more, he begot winners.

By the way "H.W.L." has now gone in for feathers as well as dogs, having chosen the splendid French breed, the Houdan, to try his hand on. This is an eggs and meat fowl and one of the best. The duo fancy keeps growing.

### NOTES AND COMMENTS

(Continued from page 181.)

The Editor of the Gazette has known members of the Ward family for over thirty years and never knew anything but good of them. They compose a family of all round fanciers, from our old friend, Eli down, and are in a position from their location in Yorkshire and from their many years of experience, to give buyers more than value for their money, not alone in dogs but in feathered and other stock as well. Mr. E. Ward leaves for England on September 27th and we can commend his and his brothers' careful judgment to those who desire to import. And it won't take a year's savings either to get what you want.

Mr. H. L. Thomas, Montreal, has distributed most of the inmates of his Bulldog kennel and in future intends to confine his breeding operations to one or two litters a year from his best.

We are afraid "Percival" that your sight is failing. That was not a semaphore in the Airedale ring at Toronto, simply the judge moving his arms.

Thanks "Lucille" for the information that Mutt and Jeff had been invited to manage our biggest show next year. We had not the news before but heard it whispered that even this year—but enough.

No "Alexandria," we heard of no wreck on the Grand Trunk, between Ottawa and Montreal on Thursday night, September 11th. The loud noise you heard was probably the Delmont overcoat, a new Canadian purchase, hanging in the parlor car.

# Edmonton Dog Show

Nothing of great merit appeared in puppy and novice St. Bernard classes but in open class a useful stamp in Manas Queen won, quite a good bodied one, plenty of bone and put down in nice condition.

Great Danes. Ch. Prince Rupert won, a rare big sound dog, fairly good neck and front and moves well for a big dog. Bruto, as good in neck but not so nice in pasterns. Ch. Rockley Baroness proved herself the best of the breed, a good, clean neck, fine finish of head and good body. Deerhounds only moderate, a good sort of brindle in Cap was placed over his kennel companion Max who is too shelly all through.

Russian Wolfhounds were really good classes, some high quality ones competing. Ch. Genest of Roseau won, scoring in outline with great depth of brisket, sound front and moves well, a beauty. Byoak on same lines as winner a fine type. Prince Alexis is more than useful. Ch. Zola H. won in bitches, a quality one on good lines but not in tip top form.

Greyhounds. Galveston won and while she is not an outstanding one she beat Princess Ermine in shoulders and front, handles well all over and while Princess Ermine is sweet she is too light all through for my liking.

The best English Setters were the brace exhibited by Mr. Geo. Brown, viz., Ch. Golden Rule and Ch. Victoria. They were a little ragged in coat but both show the correct type and are very stylish. Mr. Winter and Mr. Jones showed each a brace of very useful dogs.

For Irish Setters I preferred the bitch Bloomfield Wonder to the winning dog. She is a rare good stamp shown in full feather and although she may be a little coarser in skull she scores in limbs and body.

Mr. Peter and Mr. Wilson both exhibited a few useful dogs while the winner in novice bitches was produced by Captain Clifford.

Pointers were a nice lot and a very good young dog came out on top in Crusoe. He owns a short body with well sprung ribs, rare front and shoulders, stands on good legs and feet and possesses a well balanced head and carries himself well when moving. St. Albert who came second is a quality puppy and an improver, while Dick is a rare sort but beginning to thicken in shoulder. A quality bitch in Flossie headed her section, built on good lines but would be better with more substance. Mr. Hunt won the brace, Mr. Spörle and Mr. George took the other.

Retrievers were only moderate. Mr. Morley's flat coated being the best of a moderate lot.

Mr. Harry Nash had no opposition in Irish Water Spaniels.

Cocker Spaniels were good classes and I made Mr. Barr's Brookdale Blossom an easy winner in blacks, owns a shapely body, good head, eye and ears and shown very fit. Mr. Thomp-

son showed a good stamp of red dog. Boston Victor, but he was not in full feather but is a sound one, while Relimderf Kennels, Winnipeg, showed a lot of high quality stock. In open bitches, any color, I preferred Ch. Relimderf Ruth to Ferndale Goldie both are full of quality and were shown very fit.

Collies. In open dog class, Braemar Perfection won. He was put down in best coat and while his head and eye are not so good as some of the younger ones I reckon he is a good headed dog at his age, might be better in hind movements. Imera Peacock, a quality little one, sweet head, light in head quarters. Had Ellwyn Admiral been shown in better coat he would have troubled this dog, scores in legs and feet, long, shapely head, good eye and ears. Braemar Bashful is a quality puppy with a lasting head but will improve with age. A brace of really good bitches came together in Imera Whyetta and Ch. Weston All Quality, the latter is a big one and good in points throughout but Whyetta has the best head and is extra good in closeness and quality of coat. I preferred her to any others. Braemar Baroness is a very useful stamp but was shown light in condition and coat. Greystone Duchess is a big, roomy one but shown in poor shape.

Old English Sheepdogs. I preferred Jack, a young dog with great bone and coal to the old winner Ch. Ruff, who was put down ragged in coat but is quite a good sort. Dalmatians, Doc Sharp, is quite a good sort, but had to give place to Tootsie. In open the latter a size better and well marked throughout.

Airedales were strong classes and some very good specimens forward. Richard I. headed the puppy class, a nice stamp with Terrier expression. Gil Royal is a well grown puppy with grand front and nice coat but not so nice in head as winner. Ch. Aucklands Lucky Stone won in open with a good bit to spare, a dashing Terrier with good class of coat and put down very fit. Silver Blunder won in bitches with Prairie Gipsy and Bunty in the rear. Nothing outstanding in the lot.

Bulldogs. The best of the lot proved to be the bitch, Ch. Trafford Bulacuity, who owns a nice head with good turnup, wide front, good body and moves well. She won for best exhibit in show. Lady Valeria is a most useful lightweight while Delton Queenie is quite a good sort, and was preferred to her kennel companion, Delton Sarah.

Mersey Wallace Merlin was the best in dog, a good shaped body, nice mover. Lady Valeria headed limit class under 45 lbs.

Pit Bulls, a good class of seven and Jeff came out top, a nice size with best head and ears, moves well. Faultless Flirt, another good one, close up, while a promising puppy in Czar came third and Chum reserve.

Bull Terriers, a good entry and some high-class stock competing. Epsom Chumley won in dogs and while he is a little heavy in shoulders he scores in head and body points.

Whitecoat Animation is a really good one and pressed the winner, but the one I liked best was a bitch, Epsom Modesty, a good bodied one, with fine face and stands on good legs and feet. Epsom Nut is a promising puppy.

Irish Terriers. Ch. Bloomfield Sensation is a short coupled, good outlined dog with plenty of character but a shade light in coat. Mike and Mickey, are good sorts with the coat I like, but plain in head. Erin Emblem is a typical bitch with nice head, good expression, might be better in color.

Scottish Terriers proved an easy win for Ch. Albertay Immigrant, a quality little dog of the right pattern. Ch. Heather Lass, a good sort but old age is telling.

Boston Terriers. Mike is a useful puppy dog but the best in dogs turned up in Clifton Yankee Doodle, a neat headed dog with classic head and good ears. Dogs over 18 lbs. proved a win for Criterion Peter, a short backed, deep chested Terrier with good head and front. Victoria II. won in bitches on same lines as winner with her kennel companions, Bellrock Peach, second and Mrs. Burke's Vixen third.

Fox Terrier puppies. Campus won but had little to spare from Broker Boy, who did not show well but is a useful puppy. Craigowis Ringmaster won in open dogs, and was well ahead the others, stands on good legs and feet, rare neck and shoulders, and shows quality all through. Broker Boy came second and a really good stamp, third, in Garry Masterpiece, shown too big, in condition. Whinstown Punch a good stamp but a bit cheeky.

Pomeranians were good classes and Nithsdale Sable Atom was at top, a rare good showy orange with stand off coat and moves well. Eastwood Pansy is a typical black with plenty of coat and stylish. Parknook Firefly won in limit dogs any color, while in blacks, Woodbine Nigger led, followed by his kennel companion, Eastwood Jackie. Mrs. Hartridge won the brace with Mrs. Finch reserve.

Geo. Buchanan's Corrie was the best in Yorkshire Terrier class and in French Bulldogs Normandy Prince Leo was at top with Josephine second and Ch. Normandy Nomad third.

J. C. Dalgleish.

## MONTREAL TO EDMONTON

I consider that fortune smiled on me when I arrived in Montreal because I was not long in that city until Mr. Ormiston Roy had me into his buggy and was driving me round sightseeing and introducing me to the fanciers. I had two very happy days, met such good fanciers as Joe Reid, Jos. Meehan and H. B. Donovan, of Toronto, who happened to be staying in same hotel as myself.

I received a letter of introduction from Mr. Donovan to Mr. Mutchmor of Winnipeg, and there I again found a set of good fellows. Then I set out to Calgary where I met a lot of my fellow Scotchmen and they in turn introduced me to the Calgary fanciers. We had great times but there was yet in store for me greater times at Edmonton, not only did I receive every attention from the President, Mr. Chas. May, and Mr. Moore, the Secretary, but the stewards, Messrs. Hart-ridge, Finch, Wheeler, Quilley and others whose names I do not remember, worked hard and well and made my duties light. On the last night of the show they invited me to meet them in the Yale Hotel where my health was proposed by Mr. Irwin (a Scotchman), and a merry night was spent, the President being the recipient of a handsome present to mark the work he had done in furthering the interest of the Club.

## THE DOGS.

I was agreeably surprised to find many really good lots of various breeds, sporting dogs, English, Irish Setters, Pointers, and Cocker, then in the non-sporting, Collies, Bulldogs, and Pomeranians were well represented while Smooth Fox Terriers and Airedales were strong in numbers.

Bull Terriers and Boston Terriers were also good classes.

Great interest was taken in awarding the specials and the best dog in show turned out to be Mr. Mahan's Bull bitch, Ch. Trafford Bulascity, the runner up being Dr. O'Brien's Ch. Genest of Roseau.

Mrs. Hartridge's Pom., Nithsdale Sable Atom won for best Toy dog and that for best Terrier was awarded to Mr. Geo. Kynoch, Airedale, Ch. Auckland's Lucky Stone.

Best Fox Terrier, Mr. Sandy Maclean's Cragowie Ringmaster.

Mr. Forrest's Scottish Terrier, Ch. Albertay Emigrant, was the best of his breed, while in Collies, Imera Kennels, Winnipeg, supplied the best in Imera Whyetta.

Geo. Brown, Edmonton, exhibited a brace of English Setters which gained the special for best brace while in Pointers Mr. H. Hunt claimed similar honors.

Mrs. Wheeler won for best brace Toy dogs with her Bostons, while Mrs. Hartridge's brace of Poms. were close up.

James C. Dalgliesh.

## THE BAILIE ABROAD

Bailie Dalgliesh dropped off at Banff on his journey to Vancouver to refresh in the cooling waters of the springs but was one day surprised to find the Alpine Hotel in which he was staying to be on fire. Fortunately it was in the basement and occurring in daytime, no lives were lost, thanks to the quick efforts of the local fire brigade.

Still another blaze to report on the journey to Vancouver, the Edmonton fanciers gave their exhibits over to the care of Dan Thody who was traveling with a car load of dogs and when about 25 miles from his destination the train went on fire. Dan could not get near the dogs, however the officials managed to detach the dog car and although he got a fright which he will never forget he arrived in good shape and led more winners than any other handler at the exhibition.

The special for best dog or bitch in show was awarded to Mr. Frank Mahan's Bull bitch, Ch. Trafford Bulascity.

Fox Terriers, although not strong in numbers, were well represented in quality at Vancouver and the special for best of the breed was awarded to Mr. Coats' smart bitch, Ch. Coats Lady O'Rustem. She is the right size, full of quality in head and expression but looked rather short in coat, still she weighs up well.

The winning smooth dog may be considered too thick in shoulders but he is such a well put up bodied dog with plenty of bone and good coat and a quality head that the judge could not get away from him.

A sweet puppy in Broker Boy came up from Edmonton and secured two firsts in junior classes.

Wirrel Merry-maker bred by Mr. Mutchmor came out in limit class, a rare sort but far too big in condition.

Ch. St. Dales Slam won in wire dogs, but had little to spare from Madrona Driver, who is very smart in the ring.

Madrona Scratch is a wire haired of good type and was an easy winner in limit and open classes.

Bull Terriers were a nice lot, all same type and the two Champions, Edgecoat Colin, and Ch. Dorian Grey take some beating. Some promising young stock from above parents came out in junior classes and were at the top.

In Boston Terriers Mrs. Wheeler, Edmonton, by the aid of Clifton Yankee Doodle, Victoria and Bellrocks Peach was very successful but the best exhibit of the lot turned out to be Ch. Wampagne Delight, owned by Dr. Moody.

Sporting dogs a fair lot so far as quality goes, the best being the Pointer, Crusoe, owned by Chas. May, Edmonton.

Mr. Geo. Brown's brace of champion Setters were again well in, but Mr.

Ross Welch managed to pull off winners in Setter bitch class with a good one in Mawlyda.

Cockers were numerous and a few good ones in winners, while French Bulldogs contained some high-class specimens.

Quite a number of Scottish and English fanciers turned up around the ring-side to shake hands with the Old Country judge. We noticed Mr. Stewart, a Fox Terrier fancier, Mr. Turnbull and Mr. McPherson, from Scotland, while the attending members, Mr. Parish and Mr. Jackson, are both North of England men.

Bailie Dalgliesh will pay a visit to Toronto after he returns from a visit to the States and will be at the Bismark Park, Chicago, Show, on 19th.

The Bailie is quite delighted with the spirit abroad amongst the West country fanciers and has promised to pay another visit to Canada a few years hence.

## ST. JOHN, N.B., SHOW

At the last meeting of the New Brunswick Kennel Club it was resolved that this year's show be held under C.K.C. rules.

It was also decided to form a ladies' branch of the club and the ladies held their meeting on Wednesday, August 20th, when very interesting discussions took place and the votes for officers for this coming year were taken. Mrs. E. Alban Sturdee, is President, and Miss Ethel Emerson is Sec'y-Treas. It was decided to assist the gentlemen in every way possible towards a successful show and each lady pledged herself to obtain at least one special prize for the premium list. There are eleven members at present and the membership will probably be twenty-five or more before the show starts.

## SCOTTISH TERRIER CLUB OF CANADA.

The inauguration meeting of the above club was held on Tuesday, September 2nd in the dog show building, C.N.E. Grounds, Toronto. R. A. Ross in chair. The following officers were elected:—

## Notes on the Edmonton Show

Ch. Trafford Bullascity, an English Bulldog, owned by F. C. Mahan of Edmonton, won the challenge cup for the best dog or bitch at the Edmonton Kennel Club's annual bench show in connection with the Inter-Provincial Mid-Summer Fair and race meeting in Edmonton, Alberta, August 11 to 16. The trophy was won last year by Ch. Genest of Roseau, a Winnipeg entry. Greystone Duchess, owned by George T. Browne of Edmonton, won the President's challenge cup for the best in the opposite sex.

Mr. Charles May, President of the Club, who had charge of the show, announced there were 620 entries in the various competitions as compared with 75 entries in 1906. Mr. J. H. C. Dalgliesh of Glasgow, Scotland, who traveled more than 5,000 miles to judge the show, said that many of the dogs entered in Edmonton could win prizes in England.

The show was followed by a banquet in the Yale Hotel the evening of August 15, when the trophies were presented by President May. There were brief addresses by M. Irving, Bert Finch and W. McMoore, Secretary-Treasurer of the Club; D. Fletcher of Winnipeg; Robert M. Tyron of Calgary and Mr. Dalgliesh. The latter said in part:

"There is something very happy in the way you people go about your exhibiting here, that is not noticeable across the water. The main thing in the dog business is to be a good loser, and that in particular has impressed me here. You are real good losers."

Following the presentation of the challenge cups and gold and silver trophies and medals to Messrs. Mahan and Browne, President May also presented the Strathcona challenge cup to Mr. Browne, whose Greystone Duchess was adjudged the best sporting dog in the show.

## Whippet Races at the Canadian National Exhibition

In the first heat Hillcrest Firefly won easily from eleven yards in thirteen seconds and ran a very true race. Black Prince was beaten by about one and one-half yards. The second heat was won by Sir Joseph, from scratch, by one and one-half yards, second, Rightaway. The final was taken by the American, Sir Joseph, second, Rightaway; third, Firefly. The races on this day were much delayed by the rain, and therefore had to be run in the back stretch. The officials were: Dr. Campbell, starter; Lyndon and Wilson on the tape, and J. E. Mumford on the back line.

With yaps and yells as the eager dogs strove to get away from their captors and follow the waving white flags, the final of the Whippet race was run before an eager grand stand, and won by Gamecock Blossom, of Messrs. West and Crocker, Boston, in 12 4-5 seconds. The entries were unusually large, and the time made good. Six dogs, 3 American and 3 Canadian,

entered the final. The course was 200 yards. The results were as follows:

## First Heat, 13 2-5.

- 1—Spotlight, G. F. MacFarland, Toronto.
- 2—Jennie, G. D. White.
- 3 White Rose, West and Crocker, Boston.

## Second Heat, 13 1-5.

- 1—Gamecock Blossom, West and Crocker.
- 2—Strathcona Girl, J. F. Young, Winnipeg.
- 3—Tixie's Pride, Mrs. Cawl.

## Third Heat, 13 2-5.

- 1—Beaut II., B. Tuckerman, Boston.
- 2—Naylor's Girl, Wm. Naylor.
- 3—Country Girl, M. Munson.

## Final, 12 4-5.

- 1—Gamecock, 19 yds. handicap.
- 2—Spotlight, 13 yds. handicap.
- 3—Beaut II., 12½ yds. handicap.
- 4—Naylor's Lill.
- 5—Strathcona Girl.
- 6—White Rose.

The officials were:—

Starter—Joseph Lyndon.  
Handicapper—W. A. Little.

Judges—Philip Jacobi, Charles Lyndon, Alfred Delmont (Devon, Pa.), F. C. McLean (Hull, Que.), Arthur Atkinson, clerk of the course, H. A. Wilson, J. E. Mumford.

The open handicap on Friday brought out eighteen dogs, most of them well known. They took four heats, two semi-finals and a final to come to a decision. The following are the results of the heats:

1st heat—1, Spotlight (8 yds.), won by 4 yds.; 2, Beat II. (1 yd.); 3, White Rose (scratch); 2 and 3 bunched. Time, 13 2-5 seconds.

2nd heat—1, Firefly (8½ yds.), won by 3 yds.; 2, Black Prince, (2½ yds.); 3, Bony Boy (scratch). Time, 13 1-5 seconds.

3rd heat—1, Dalmouth (4 yds.); 2, Blossom, (11½ yds.); Blue Prince, disqualified. Time, 13 2-5 seconds.

4th heat—1, Sir Joseph (Scratch), won by 1 ft.; 2, Rightaway (9 yds.); 3, Chinook (6½ yds.); Domino, (12 yds.) Time, 13 1-5 seconds.

Semi-final—1, Firefly (7 yds.), won by 1 yd.; 2, Spotlight (7 yds.); 3, Black Prince (1 yd.); 4, Beaut II., (scratch). Time, 13 2-5 seconds.

2nd semi-final—1, Sir Joseph, won by 1 yd.; 2, Blossom; 3, Rightaway; 4, Falmouth. Time, 12 2-5 seconds.

Final—1, Firefly; 2, Sir Joseph; 3, Spotlight; 4, Blossom, neck and neck. Time, 12 3-5 seconds. Falmouth admitted to final on account of interference by Rightaway in 2nd semi-final.

## New Field Trial Club

Winnipeg Sportsmen Form Organization for Purpose of Boosting Trials.

La Salle, Man., Sept. 1.—The field trial men of Winnipeg have organized a new field trial club to be known as the Western Canada Amateur Field Trial Association. The organization of this club was done with the purpose of getting the Pointer and Setter men to-

gether and boosting along to have bigger and better trials in the near future. As the city has now in its kennels some dogs which are of the very finest breeding and quality they feel that field trials should be stronger than ever before. A motion was put by Mr. Moncrieff and seconded by F. Scott that a club to be known as the Western Canada Amateur Field Trials Association be formed, and carried unanimously after which the election of officers which resulted as follows:

Patrons—Hon. D. C. Cameron, Sir Rodmond Roblin.

President—H. G. Moncrieff.

Vice-Presidents—V. C. Kobold, W. C. Lee.

Hon. Sec.-Treas.—D. McKay.

Executive Committee—P. C. Lock, E. Bissett, F. W. Scott, F. Penwarden, H. W. Frazer and W. R. Milton.

The matter of deciding on an emblem and gold buttons was left over for the general meeting, which will be held early in November, while the rules and regulations governing the association were placed in the hands of W. C. Lee and V. C. Kobold.

The next thing to get the ball rolling was to get members, and this was soon fixed up. The first names to come on the top of the list being Mrs. W. C. Lee, W. C. Lee, H. W. Frazer, T. Billington, V. C. Kobold, E. A. Bissett, H. G. Moncrieff, F. W. Scott, Frank Penwarden, Robert Penwarden, Sam Penwarden and D. McKay.

# Ottawa Dog Show

Number of dogs, about 220.

Winner's value, one point.

Judge, all breeds, Alf. Delmont.

Despite the loss of the Government grant of \$500, and in consequence a greatly reduced prize list, Ottawa had about forty dogs more than last year.

The building has been enlarged, the ring was ample and an outside exercising ground was appreciated. The weather was ideal, the show sweet and clean and the committee and management obliging and pleasant. The judge was cool and careful. What more could one wish for unless it were that useful commodity that makes the mare go—hard cash.

About two hundred and twenty dogs were present and next year an effort should be made to place the Ottawa show in the two point list. Points count.

There were many outsiders, both visitors and exhibitors, and the attendance was unusually large, so that we hope full coffers may mean a larger return to exhibitors next year.

Superintendent Tyrell has grown into, and up with, the job and many exhibitors were indebted to Mr. "Andy" Armstrong for the liberal supply of meat provided in addition to the regulation Spratts. A smile and a hand shake go a long way toward bringing return visits, and they were both here in abundance.

The officials under which the show was conducted are as follows:

Judge—Alf. Delmont, Devon, Pa.  
Superintendent—G. M. Tyrell.  
Veterinary—Dr. W. G. E. Austin.  
President—Ainslie W. Greene.  
Vice-President—Dr. W. G. E. Austin.  
Treasurer—F. C. Taylor.  
Secretary—G. M. Tyrell.  
Committee—R. H. Elliott, R. Roman, F. C. McLean, Dr. W. G. E. Austin, S. Gibson, F. C. Taylor, J. P. Cain, T. A. Armstrong, G. M. Tyrell, Kenneth Greene, Harold Strothers, Willis O'Connor, Wm. Webber, J. G. Butterworth, Jr., Thos. Short.

Mr. Delmont got through his work, ending with the general specials, on Thursday afternoon, journeying to Montreal with Mr. Meehan and Mr. Donovan. He spent the night at the Queens, where the Hon. Joe makes all good dog men welcome and next day saw Montreal under the pilotage of Mr. Moore in the forenoon and Mr. Meehan in the afternoon. He saw many of the clan and their dogs including Mr. Laurin, Mr. Campbell, Mr. Roy and others. At night he left for the Lenox, Mass., show, where he had a big string to tool. Lenox is unique in that it is managed by a lady, familiar to the Gazette family as a Scottie enthusiast.

We don't like the "best dog in show" special, but it does afford a very pretty sight and possibly has a modicum of educational value. It is hard for a judge not to lean his own way, to his own liking.

The fight for the coveted cup got down to the best in the Scottie, Irish Setter, Black and Tan, Cocker, Great Dane, Bull Terrier, Pom, Bulldog and Fox Terrier classes with even odds on any. The gate was used until the finals came to Mr. Walter's Bull Terrier and Mr. Mill's Bulldog, the Terrier winning out with the Bulldog reserve.

There was too much jockeying with the Bull Terrier to the disadvantage not alone of his chief competitor but to his own also.

Compensation came to Royal Albert when he won the Earl Grey cup for best in show apart from Fox, Bull and B. and T. Terriers. Best novice specimen was found in Mr. McLean's Black and Tan Willowdale Brilliant, the reserve winners dog. Cup for best brace in show, all breeds, went to Mr. Hanna's Irish Setters, handled by the Ross family. "Bob" should have let the "Missus" handle the winner at Toronto. Cute boy that Ross.

Special for best team went to Mr. McLean's Black and Tans. The brace special settled down to a keen contest between Mr. Armstrong's Black Cockers and the winners. The best Toy was found in Mrs. Gruenwald's beautiful little black Pom., Cheeky Girl. Mrs. Mathias' Borzoi, handily won the cup for sporting brood bitch and two of her get. The best Foxhound went to Mr. Baldwin's typical American Foxhound B. Gibson Girl, a reversal of the Toronto award. We prefer the running gear, set up and body of the dog. Mr. Baldwin also won the brace special for the breed and with plenty to spare. Cup for best non-sporting again went to Mr. Mills' Bulldog. The Macgregor cup for best Toy of opposite sex to the winner went again to a Pom. and to the same kennel, Mrs. Gruenwald's Sir Bruce, these two also taking the brace prize for solid colors. The Toy Dog Club medal for best not having a win on the club cup again went to Montreal Pom., Cheeky Little Nipper taking the award.

Numerous other cups and other specials followed the above in like order.

Curiously there were no St. Bernards. The one Newfoundland is a very fair one but the 3rds given the Mastiff represented his full value. Seven Great Danes with the handsome Geneva, that came out here last year easily in front. She has filled out but well retains her beautiful outline, head and neck. Zebra of Sudbury, a handsome upstanding dog beat her for the special. One does not often see ten Russian Wolfhounds at a show of this size as we did here. Alexander of Spring Farm won again. Mr. Armstrong showed a nice brace in Midas of Rosseau and Ottawa Pollyanna, both short of coat. The one Bloodhound is typical of his breed. Queenie is a fair Greyhound, lucky to be alone.

Mr. Bannister had the English Foxhound classes to himself and took all there was. In the American class we found competition. Mr. Baldwin's grand brace again going to the front. They are American type and not light English Hounds. There were several other good ones.

There was not much class to the English Setters, but the Red ones showed us Mr. Hanna's team augmented by the recent Toronto purchase. Ch. Shamus C'Brien was put over the bitch for the special. Cockers totalled twenty-two. Mr. Armstrong's old standby, Ottawa Iona, now five years old, almost being made by the best of the lot. In formation, head, front and quality she excels. She won numerous specials and helped make one of the winning kennel. Ch. Ottawa Don, another of the old brigade, was winners black dogs, Mr. Jackson's Winnipeg winner being the runner up. It was pretty well an Armstrong day, his Ch. Ottawa Romeo taking the other color winners and Cascade Sunset, the moderate red winner of last year occupying the same place in bitches. She was shown with less but better coat. Mrs. Gammon's Wentworth Billy and Mr. Parkinson's Welsh Queen were the reserves. All prizes were withheld from the two Field Spaniels entered—Nuff.

Quite a nice little lot of Collies. Verdun Gordon is a good type, gone a bit thick in skull. Wishaw Sprinkle shown very much out of coat, is a better Collie with a longer and cleaner head. The winning bitch, Glendale Queen, out of coat, nice type, good kind of head but not enough of it. We made Seedley Solace about the best in the lot. The bitch won the breed special. Theon Bobtail is a nice one in the rough that wants to keep on growing. Quite a big class of Dalmatians, the best spotted ones winning.

The Bulldogs we have touched on elsewhere. Mr. Mills made a good win for best with Royal Albert, the typical brindle, that we always liked. He is full of quality and splendid type. Here he carried too much beef though he must not be shown thin. With a few pounds off he would have taken the special for best in the show. There were only two bitches of merit, Layham Pride, and Totoras Daughter. For opinion see Notes and Comments.

Twenty-two Bull Terriers, Epsom Confidence leading—grand neck, front and shoulders. Clean skull and well filled face with the right kind of eye. He gets on his toes a bit too much, a fault exaggerated by the way he was handled. Reserve went to last year's winner, a grand type, but gone cheeky. We missed the winners bitches. Haymarket Dell, good type, but long in body. A round dozen Airedales must be counted, a good entry for a one point show and shows how popular this big Terrier has become. Rockley Logical Point was best Airedale, a typical Airedale, good in head, coat, legs and middle piece, where many fail. Silver Birch Queen was reserve. A nice all-round one and a bit longer in face

than the winner. Another of the Perlines, Rockley Dark Saint, was best dog. Quite an attractive Terrier, good front and head. His body is not of the best, nor are his feet. He won well here. The Rockley brace were ably handled by Mr. Bamford, easily picked up all the breed specials they could compete for. Buster Briar is a very fair, all rounder, good in bone, very fair head and eye. There is style in the winning bitch.

Not much new in Bostons. Madame Sherry, well known, was made best Boston. Ch. Wampagne Prince was absent, this left it to Blondy Hooker and Cliffside Nance the former winning. Nance is of nice type, good head, ear and eye, but fails to win in front. Cliffside Corby was the runner up in bitches. No Beagles and the Dachs were all moderate reds. Clapton Varnisher, in good fit, was made best Smooth Fox Terrier and Wharncliffe Gracie took the same place in Smooth bitches. Oxspring Orion was reserve in dogs and Fire Fly in bitches, quite a nice Terrier without the head and quality of the winner. Mr. Moore's Donnington Blossom was the best wire, a good classy Terrier with a stiff jacket. Donnington Lady was reserve to her in winners. Hawes Broom is a trappy wire of the right size, a shower with a good body, head and face, carries bone, only moderate coat.

Walnut Colleen was made the best of the Irish Terriers, a shower, good sound coat of excellent color, nice front and head, but too small. Drumclaph Brenda another type, more the size, none too fit in coat. There wasn't a great deal to beat in the dogs, the winner shown thin, fair coat, bone and head. Mrs. Ross had it all in Scotties, taking both winners and both reserves with her new well known team, also all specials. York Scotch Highball won out for best in the breed. The Willowdales again swept all the Black and Tans. The awards tell the placings.

Donald Scott didn't keep his appointment in Skyes and there were no Bedlington. In Welsh Terriers, Ch. Budge won, in far better clothes than he had on last year. Curious this neat, hardy Terrier does not gain here.

Mrs. Tyrell keeps forging to the front in Pugs and her brace won all in sight. We were glad to hear there are some new ones to come along. As we state earlier in this report Mrs. Gruenwald took everything in Poms. with her "Cheeky" quartette of blacks, with Sir Bruce to help. The Yorkshires were fair and Mrs. McLean's Royal Chart saved the Toy Spaniels from being unrepresented. Two fair Toy Poodles, three Maltese, one Whippet and one French Poodle completed the list of a very successful and pleasant little show.

## KEEN COMPETITION AT FIELD TRIALS

All Age and Derby Events Won by Armytage's Entries at Western Canada Kennel Club Trials.

La Salle, Man., Sept. 1.—The Western Canada Kennel Club field trials were held here today. During Saturday and Sunday many handlers arrived on the scene with from one to eight dogs. Many drove out from Winnipeg with autos and horses; the others, followers who were not running dogs, but interested in seeing them work, came out by train in the morning.

The morning was visited by a very heavy thunderstorm. Rain fell in torrents, but in the course of an hour the dogs were down to work again, and with the exception of the hot sun in the afternoon and the fighting of mosquitos, the entire day was a huge success.

W. C. Lee, commonly known to dog men as "Billy," acted in the capacity of judge, and from the way the work was done, the field trial men have found in their midst one of the most experienced and competent in the game of field trial experts.

Lanark Tony, F. W. Scott's Setter, which went down in the second brace in the forenoon, was lost, and when the last dog left town he had not been located. Although the telephone had got in touch with most of the farms in the district, no trace of him could be found.

The All Age stake was the feature event of the day, most of the dogs running an exceptionally fine heat. It was made up of six brace, three brace going down in the second series before the judge could place the honors. The Derby was made up of four brace of smart young dogs, most of whom will maintain the reputation now held by their seniors in a season or so.

## DRAW FOR ALL AGE.

Shortly before retiring time Sunday night the draw was made in the All Age and Derby. The All Age, which was drawn first, resulted as follows:

Lady Whaler (Setter bitch), J. C. Armytage, with Fishel's Dot (Pointer bitch), Ed. Bissett.

Lanark Tony (Setter dog), F. W. Scott, with Doris (Pointer bitch), V. C. Kobold.

Girlie Cash (Pointer bitch), Ed. Bissett, with Rodonda Prairie Queen (Pointer bitch), V. C. Kobold.

Prince Cash (Pointer dog), V. C. Kobold, with Miss Ives (Setter bitch), F. W. Scott.

Lue Pearlstone (Pointer bitch), V. C. Kobold, with Joe (Pointer dog), R. Penwarden.

Shot (Setter dog), H. W. Frazer, with Ringo (Setter dog), V. C. Kobold.

## DERBY DRAW.

Next came the Derby draw, and resulted as follows:

Marie Mohawk (Setter bitch), F. W. Frazer, with Prince (Pointer dog), Dr. C. A. Lambert.

Birdie Cash (Pointer bitch), Ed. Bissett, with Trixie (Pointer bitch), S. Penwarden.

Farmer (Pointer dog), F. Penwarden, with Chance (Setter dog), A. H. Brown.

Countess (Setter bitch), J. C. G. Armytage, with Fritz (Pointer dog), R. Vallins.

## ALL AGE WINNERS.

The All Age stake was won by J. C. G. Armytage's Setter bitch, Lady Whaler. She is a grand going dog, covers her ground nicely, and goes all the time. Second to her was placed V. C. Kobold's Ch. Rodonda Prairie Queen, a Pointer bitch, which showed all kinds of good bird sense, found a couple of singles, and handled them to perfection, and with her running mate, Girlie Cash, was backed in good style. Third, Ed. Bissett's Girlie Cash, who in the first series found a single, and held, backed by Rodonda Prairie Queen. The bird flushed, and both dogs steady to shot. This seemed to put Rodonda and Birdie on an even footing, but Rodonda hunted her course better, and hence Rodonda took second honors, with Birdie third.

## DERBY WINNERS.

The Derby runners did not do any hair scorching. Still, they brought out some good work, which encourages their owners, who believe that with more experience they will eventually displace some of the best we have today. Second went to Ed. Bissett's Birdie Cash, who was excellent in pace and range, and covered her territory finely, but was unable to find any birds. Third honors were divided between Sam Penwarden's Trixie and R. Vollins' Fritz. Trixie did not show up very well in her going qualities, but she will come along later. Fritz started off with good speed, but he slowed down quite a lot before his heat was over.

## THE HEATS RUN.

Lady Whaler—Fishel's Dot—Down 7.15. Lady's pace and range good, making two covey points. Dot's range and pace good; found one covey; handled birds well. Up 7.45.

Lanark Tony — Dora—Down 7.55. Tony's range and pace good and wide; started with nice cast to left; turned to west; left course (lost). Dora was only ordinary in pace and range; found two coveys and one single; handled them finely; finished heat alone. Up 8.05.

Girlie Cash—Rodonda Prairie Queen—Girlie fair in pace and range; 1 covey point; handled well, backed nicely by her running mate. Rodonda good in pace and range; exceptionally fine in the way she worked her territory; 1 covey point; handled well, and backed by Girlie Cash. Up 9.10.

Prince Cash—Miss Ives—Down 10.00. Prince was excellent in pace, range and style, but though searching well, found no birds. Miss Ives also good in pace and range, her speed being exceptionally fast, but did not locate any birds. Up 10.30.

Lue Pearlstone—Joe—Down 11.40. Lue ordinary in pace and range, but did not get on game. Joe was only ordinary, but did not find. Up 11.50.

Shot—Ringo—Down 11.15. Shot ordinary in pace and range; too fat to go fast; found no game. Ringo was fair in pace and range, but, like his mate, was unable to locate game. Up 11.45.

## SECOND SERIES.

Prince Cash—Girlie Cash—Down 3.25. Both dogs started off well, but Prince mixed it up with a jack rabbit, and puffed himself out chasing it. Girlie continued the good work of the morning in pace and range. Neither dog found birds. Up 3.50.

Ringo—Miss Ives—Down 4.20. Ringo went well, but slowed down considerably as the heat continued; he got onto two coveys, and did not handle them as he should. Miss Ives started well, showing excellent pace and range, but fell down as the heat continued; did not locate game. Up 4.40.

## WINNERS.

1 Lady Whaler, 2 Rodonda Prairie Queen, 3 Girlie Cash.

## DERBY HEATS.

Marie Mohawk—Prince—Down 4.25.

Very fair in pace and range, but did not show much indication of hunting. Up 4.50.

Birdie Cash—Trixie—Down 4.55. Birdie excellent in pace and range; covered her territory with good judgment, but did not find birds. Trixie did not show up as well in going qualities as her brace mate, but should be heard from later. Up 6.00.

Countess—Fritz—Down 6.00. Countess only fair in pace and range, and was very inconsistent in her manner of going. Fritz, in pace and range, started out as a winner, but closed up most noticeably as the heat continued; stayed on the course to the end of the heat. Up 6.30.

## SECOND SERIES.

Chance—Birdie Cash — Down 6.35. Chance continued showing his good going qualities, but did not get on game. Birdie equalled her brace mate in going qualities, but was also unfortunate in finding birds.

## WINNERS.

1 Chance, 2 Birdie Cash, 3 Trixie, 3 Fritz.

The honors for third place were even.

## BENCH SHOW SPECIAL.

While the horses and dogs were resting up at 12 o'clock, the bench show was judged by W. A. Love and Lou Wailer, and after walking a string of the most handsome Pointers and Setters that have ever been brought together around the ring a few times, awarded first place in Pointers to V. C. Kobold's Ch. Prince Cash, second, Ed. Bissett's Girlie Cash. First in Setters to V. C. Kobold's Ringo, second to F. W. Scott's Miss Ives.

## SPECIALS AWARDED.

The specials in the All Age cup—J. C. G. Armytage, umbrella, donated by Argue, McLean; V. C. Kobold, gun case, donated by Manitoba Free Press; Ed. Bissett; and the specials in the Derby cup—J. C. G. Armytage, gun case, donated by the Manitoba Free Press; Ed. Bissett, umbrella, donated by Stiles and Humphries; S. Penwarden and R. Vollins.

# Canadian National Exhibition Dog Show

Number of dogs, about 620

Winner's value, 4 points

Mastiffs were represented by three entries, the winner, Hertford Nancy, a very fair quality big one.

St. Bernards were a fair, usual entry, Beethoven, Messrs. Stuarts' dog, went to winners, lacking a bit in size but well made up and good in head. The reserve winning dog, King of Diamonds, is a big fellow but not right in color of eye or expression. In bitches, Montphosa was put through to winners, a nice one of the low type, good in head. The reserve, Dolly Grey, is too small.

Only one Bloodhound was shown and he is but a fair one.

Great Danes were quite a nice show, there was some nice quality ones and a lot that were only fair. The winning dog, Adrian Von Rosenpark, was the pick of the lot, a good one.

Newfoundlands mustered three, the Earl of Suffolk is a real good one.

Russian Wolfhounds were a nice entry. The winning puppy Oryol O'Valley Farm, on the small side, but nicely balanced and typical, Georgeville Michael, big, shallow and light in eye, Georgeville Kieff, a broken leg, puts him out of competition. Caerhysddu Ellka not quite right in front, big and a good one, nice head. Alexander of Spring Farm was reserve winner, not as good in head or eye as the winner. Ranco O'Valley Farm, a good one, not in condition, could be darker in eye.

Greyhounds were a nice lot and shown right, B. F. Lewis, Jr., showing an exceptionally good string.

Foxhounds were a good show, the English were few. Mr. Baldwin's winning Americans, Baldwin's Pattern, and Baldwin's Gibson Girl, are a typical pair and won in good competition.

Pointers were not a large class, the winning dog, Maxims Dan, is a good one, a bit heavy in skull and little throaty, standing on good legs and feet, good ribs, chest, front and back. Midkiff Malt, the runner-up, lacks in depth of muzzle, and is light in eye, a nice bodied dog, good legs and feet. Wyoming Valley Siski, the winning bitch, could be better in head, very fair bodied one, Midkiff Jennie reserve, a lightweight, heavy in shoulder.

English Setters were a quality class all through, some good ones shown. The winning dog, Deodora Prince II., shown fit, good head, legs and feet, a hard one to fault, he beat Mallwyd Edward all over, the latter is a good one, not in A1 condition, he has not the head, legs or feet of the winner. Only one bitch, Vickery Bloom, was shown, a nice one, but long cast and not in show shape.

Irish Setters were the best Toronto has seen in years, a big entry and quality shown right through the classes. Pat Law was alone in the puppy dogs, a young one. Corry Law put

down in A1 condition, won in the junior going to third in limit, a nice one, hard to fault, lacking a bit in depth of muzzle. Kildare II. a nice headed one, nice in front, could be better in hindquarters. Commander Law, a nicely set up one, second in limit. In the open, Mr. Hanna took the blue with his well known Ch. Montrose Shamus O'Brien, and the second with his Ch. Montrose Marcus, both well shown. Prixie Law, the winning puppy bitch, is young. The winning bitch, Mr. Hanna's Ch. Montrose Ruminantly Rhu, is well known and a good one. The reserve, Nora Law, has excellent color, good face, not right in eye. Annie Law, a nice bitch, not up to the all round quality of the first two.

In Gordon Setters only one was shown.

Airedale Terriers were a good lot, a large entry. The winning puppy dog, Rockley Dark Saint, has a nice dark eye and good Terrier expression, a long cast one, not quite right in back and loin, well set up in front. Clipper placed second, is a fair one, lacks length of head, light in eye and wrong expression. Peter Pan also light in eye, heavy in skull, good foreface. Mr. Jos. Perkins showed a promising one in St. Lawrence Cadet, but he wouldn't show. Moorside Rock came out the winner in the next class and went through to reserve winners, one we like, a good skull, ear, front, a good shower and a Terrier all over. Lakeview Admiral, a short headed one, was third in junior, the limit brought the winner in Birchcliffe Nailer, a evenly balanced Terrier all over, good front, and head, a trifle full in eye and soft in expression and slack in loin. Clipstone First Shot, third, a good Terrier all over, big, good head, front, body and a grand shower, his worst fault is his light eye. Buster Briar third in limit, is a dog we like, a good one all round, except his skull and ears. Puppy bitches did not bring out anything really high-class, the winner, Beauty Briar, is a fair one. Rockley Fairy Whisper is domey and lacks in foreface. Silver Birch Queen, light in eye and soft expression. Rockley Logical Point came out in junior bitches and went right through to winners, but was afterwards disqualified from taking winners as she did not compete in any of the classes recognized by the C.K.C., a nice, well put up bitch, good front, legs and feet, good substance, nice in head but off in eye. Swale Lade, the reserve winner, a nice headed one, nice in body, off in color. Bothwell Folly, a fair bitch, was second in limit and open.

Doberman Pinschers were represented by four nice specimens. Only two Irish Water Spaniels were shown.

Cocker Spaniels were a nice lot, a big entry and of good quality. The winning puppy dog, Captain Scot, high on leg and long in face, shown in good condition, Roger is high on leg, thick in skull and lacking in depth of rib. Black Dufferin second in novice is high on leg, heavy in skull, light eye and not in coat, third, Roy, has the wrong expression, light in body, not in condition. Midkiff Kermit came out in the limit and went through to winners black dogs a nice headed one, clean, good legs, feet, Durbar was placed second in the limit, later dropping to third in the open, he has grand head and body, wrong in forelegs, Ch. Martello placed second open, a nice one, not as good in bone, legs or feet as the winner, Bessie Obo, shown fat but a nice stamp of Cocker, off in front, a dog numbered 187A was first in the A.O.S.C. than black class, his name is not given in the catalogue, he is heavy in head, and high on legs, a good shower. Calmo Blanco not as good in head or front. Red Mack poor head, light skull and heavy in shoulders, shown in condition. In parti-colors, Midkiff Buzz was first in novice, a nice headed one, needs time, a bad shower. Volatile, a nice one, coarse in head, good bone, Wentworth Billy was first in limit, good neck and shoulders, fine in muzzle and under-shot. Manitoba Swift has not improved, good muzzle, well shaped but heavy skull, on coarse side. Newport President, the open winner, has a good body, excellent forelegs, front and bone, fair behind, head too heavy in skull, good coat and feather, on Toy Spaniel type. Puppy bitches, Maybell fair head, nice coat, shown right. Golden Salley, fine in muzzle and but fair in head. First novice, limit and open black was, Lady Grey, a nice quality one, wide in shoulders, good coat, shown too fat. Calmo Meto, long in body and wide through shoulders, better in head and ears than Calmo Marengo, who is better in body, two nice ones. Midkiff Firefly, nice type, good eye, wants time, hard in coat, good skull, not straight in front. Newport Rosalind, nice head, not as dark in eye as winner nor as good in muzzle, wants time. Calmo Dremo good in body, straight front, coarse in head, might be better behind, but a real good one, Lansdowne Debutante the better of the two, shown out of coat, could be better in hind action. Rhona G., a good headed one, long cast. Black Hawk Fairy, a nicely marked one, bit fine in muzzle and high on leg, good coat.

Collies were a big show and excellent quality throughout, the winning puppy, Victor Wild, is a youngster, Bedford Dandy, fine in head, a fair one, Con-tab Pincher but a puppy, Bruce, the novice winner, big, good type, heavy

in head, Walden Dreadnought lacks foreface, fair skull, not in condition, Leader, fair head, light eye, off in ears, big, Holyrood Marquis, a good one, big, good in coat, head and eye. Walden Bayard, bit dished in foreface, Otterburn Dial, overshot, good coat, flat sided. Auchdoyne Sable Prince, a good coated one, nice long head, good ears, and nice quality throughout. Ormskirk Oberon, fluffy coat, fat and lacks Collie expression, good in head. In any other color Imna Imprudence a nice merle, but being out of coat spoils his color, good in head and ears. In open A.O.C. the winning dog, Imna Selected appeared, a good outline, and a nice Collie, could be improved in eye. In bitches, Imera Wy-zetta started at junior and went through to winners with the exception of the puppy and novice classes. A bitch we have seen before she made the trip from Winnipeg in good shape, she was not at her best, a good headed one, nice body and good outline of a Collie. Glendale Queen, a bit shy on foreface, but a puppy, did not show to advantage. Otterburn Dearest a small one that wants to fill out, Richmond Queen, also a youngster, short in head and overshot. Bedford Splendor, a very fair Collie, in the rough. Campbell Mabel, a nice headed one, out of condition.

Old English Sheep Dogs were only three, a nice one in Glasgow Major, was placed winners.

Dalmatians, only three were shown, a nicely marked one in First Spot, lacking in head, was the winner.

In Poodles, other than Toy, there were two. Mrs. Dana's Toodie taking the blue.

English Bulldogs were a good turnout to meet Mr. Gillette, the quality was good throughout. Good Shot, the winning puppy, won well in his class, massive skull, more mature than the others. Mr. John Jaundice, long in body, better in foreface, not right in skull, Cheetham Marquis long on leg, wants making up in foreface, will improve with age. Pressgang Dockleaf, good in substance, plain in face and long in body, Moston Marshall, lacks rib, good face, underjaw, lay back, and skull, Chancellor, lacks lay back and high up. Cheetham Squire won in the heavies, now well known, good in face, body, a good one, Hermits Typhoon, short in face, lacks lay back, a good one for substance. Mersey Pilot travelled all the way from Winnipeg and was a sick dog, a short cobby one, and a good one, Worsley Costermonger is long cast, lacks nose, large skull, Homewood Jumbo, a nice one, was third in open, wanting in rib, good in jaw, skull, foreface and front. Little Diamond, a nice light one, Worsley Dreadnought will improve with age, a bit narrow between the eyes, Cheetham's Daughter a nice one, small in head, good body, should make up nicely, Rydal Stone Ruby and Rydal Dolly both small, Rydal Stone Aysha, a rangy one, very fair front, Donna Salonga, good body, back and face, did not show, Layham Pride, a good

THE FOODS WILL TELL

bitch all over barring her unsound hindquarters. Mr. Gillette admitted his mistake in putting her up but would not reverse his decision consequently she went through to winners. Totor's Daughter excels in underjaw, small skull, good body, could be looser in shoulder, Wonsley Candidu, nice head, good front, bad tail carriage. Worsley Peggy a nice one, lacking in foreface, Lady Valeria, prominent eye, good in body, pinched in underjaw, Little Diamond won in open bitches, under 40 lbs., she was easily the best in foreface.

Bull Terriers, Glenedyth Imperator won in puppy dogs, a nice one, well filled foreface and good eye, a nice bodied one. Prince Ivanhoe, not as good in foreface or front, Inferno You Know, rounder in eye and not as well filled in in face as winner, Epsom Confidence the winner we spoke of at Montreal, a good one, in front, body, head and foreface, Inferno Buster, looking better, out of coat and cheeky, Kim, good body, cheeky and lacking in foreface. In puppy bitches Glenedyth Queen was first, a nice one, good foreface, too round in eye, Charlwood Bee Hive, bit cheeky but a fine little bitch, Charlwood Biddy, the winner, a nice one, round but good dark eye, good face and body. Charlwood Marvel, shorter in foreface, better in eye, two Al bitches, Princess Patricia and Princess Nordica, were shown, the former is better all round than Nordica.

Boston Terriers were not up to the usual entry in numbers. In puppy dogs Picktime Nebo, young, wedge shaped head, Direct Leader Teddy a very fair one, Terrier type, plenty long in muzzle, Clifton Star, a very nice bodied one, light in eye, Onadago, a good colored and nice bodied one, not sound in hindquarters, lacks expression, Totem Boy we have referred to before, a nice one but trifle grubby, Demon lacking in muzzle, good type and color, long body, Lilles Crib is a nice one, but dished in face, good in body and color. Fiddlesticks a good colored one, long in body. Rexonian Kid, good markings and body, has a cast in eye. In bitches Demon's Joy is young but promising pup. Picktime Melachrino, a nice, big skulled one, Miss Shongo, the winner, a nice headed one, good color, gay tail, Arab's Elsie, light in muzzle, good color. Kenilworth Miss Pauline, good head, color and markings, good tail. In medium weight bitches, Trixie lacks stop, narrow, between the eyes, Ashland Pride, a nice one, long in body, good in head and markings. Joyette is wide in muzzle, Conewango Belle, long in head, nicely marked, was first in the heavies.

The Black and Tan Terriers were all owned by Mr. McLean of Hull and are a nice string.

Beagles were a good lot and showed the renewed interest being taken in this little dog.

Dachshunde were not as large an entry as in former years, but some good ones were shown.

## Dr. C. Y. Ford's Classes

Smooth Fox Terriers were quite the best turnout seen in years despite the fact that some of the older kennels that have practically carried off all the plums were not in evidence showing conclusively that the small breeder is the back bone of the fancy. The dog puppy class brought out three rather nice ones in Mr. Mewburn's Danby Rakeoff, a Terrier of much quality and nice size, in the latter respect he scored over Dumbarton a sound, good fronted, Terrier with a long head, neat ears. The same criticism applies to Mr. Atkinson's Oxspring Orion. The only new face in novice was Niola Artist, whose good condition and maturity made him the winner in this class. The limit and open brought out several Terriers that would have been successful at many of our smaller shows. Mr. Ingwersen's Niola Reserve is just on the big side and he might be shorter in back, but his wonderful quality, long head, punishing jaws and Terrier character made him a comfortable winner over Mr. Bailey's Sabine Ringgold, a hard bitten, neat little Terrier with a good headpiece, plenty of bone, good legs and feet but a trifle long in loin, the latter gives him a peculiar hind action. Madison Magnet, third, also a Terrier of much quality, neat head and ears with good feet, front and shoulders. The bitches were a useful lot, the best one being Niola Gold Leaf, a black marked bitch with a Terrier like expression, rare, good body, coat, legs and feet, she was closely followed by Sabine Finery, a heavily marked little bitch and all a Terrier, she requires only time to make up into a hard one to get away from Donald Munro, the erstwhile manager of the Warren Kennels and who was most successful in keeping that well known kennel to the fore, sent up Ornum Snowdrop, a bitch of much quality but not at her best. A number of useful bitches were found in the lettered division, many of them would be returned winners at smaller shows.

The Wire Haired division was the best lot seen in years and shows that the wave of popularity in this breed, which is now sweeping over the United States, bids fair to take a firm hold in Canada. It will be remembered that a few years ago many a New York winner first saw the light of day in a Canadian kennel. From the quality now owned in Canada, as demonstrated by the exhibits at this show, what has occurred in the past is going to

prove equally successful in the future. For those breeders who are inclined to feel that the laborer is worthy of his hire and to turn their hobby into good American dollars the present market should prove an excellent venue for good specimens. It was a pleasure to see so many men showing their own dogs and it was a most noticeable fact that the big kennels were not smothering the one dog man and stifling their smaller competitors.

The puppy class brought forward eleven, of which Mr. Thomas Moore scored a comfortable win with Donington Roundup, a youngster with a long well-balanced head, neat ears and excellent expression together with neck, shoulders, front and coat of the very best. The round up, Leed's Touchdown, is a workmanlike Terrier but lost in head properties. Oxspring Teddy, one of Mr. Atkinson's breeding, is also a good one and will be heard from later when he is more developed. Mr. Atkinson's Oxspring Outlaw is a well balanced one.

Nothing new turned up in the novice class.

The limit and open dogs brought forward what might be considered the best Fox Terrier in the show in Mr. Joseph Perkins' Hawes Broom. This Terrier is a tan-headed one with black and tan body markings and carries one back to the palmy days of the immortal Meensbrook Bristles. He possesses a head piece of much quality with the sort of expression a Terrier ought to have. His neck is long and properly set on shoulders and front that are good. He is a short-backed one and has a coat of cocoanut-matting hardness—the sort that does not require artificial preparation. He is neither too big nor too small. With proper opportunities he should do the breed a lot of good in Canada, as his pedigree is of the best.

Mr. Daniel Lynn, who can always be depended upon to put down a good one, was close up with Lynnfield Salex, a Terrier full of quality and in perfect condition, but on the big side. Lynnfield Result, 3rd, is also a good Terrier but well beaten in head properties by those placed above him. Several others were shown in these classes that other years, when competition was not so keen, would have been well to the front.

The bitch classes were well filled and contained much quality. Mr. Lynn

had his innings here, scoring well with a charming little Terrier in Lynnfield Helen, who went through until she met her kennel companion, Lynnfield Jessica, one of Mr. Moore's breeding; and, though five years of age, her superior quality and type made her a comfortable winner over her younger rivals. Mr. Moore was always there or thereabouts and, had his Terriers been in a better show condition, might have reversed some of the placings. Both Donington Lady and Donington Blossom have rare good fronts and hard wire jackets and should breed successfully. What was said of the dogs may be said of the bitches inasmuch that many who received but a letter or two would have been well to the fore other years.

Irish Terriers were rather disappointing and it must be said that Canada sadly needs some modern blood if she is to take prominent place in this variety. A keen fancier and ardent supporter of the breed is to be found in Mr. George Barron, who we are quite sure will eventually have only the best. There is too much of the big and little, short and long, sort of Terrier, lacking the fixed type which must be adhered to if one wishes to be to the fore.

Alf. Delmont had a neat Terrier in Leeds Historical but he has weak pasterns which made him stand wrongly in front.

Mr. Barron's Ch. Quarrywood Commander is a dog approaching the proper size and type, is of a good sound color and coat, but he is a bit strong in skull and none too good in feet.

Second to him came Mr. Fleming's Walmer Blackthorn—altogether too big, but his remarkable head piece and Terrier character put him ahead of Leeds Historical.

The bitch classes contained a few that were rather superior to the dogs. Mr. Bamford's Walnut Colleen was the best of her breed shown, but she is on the small side. She possesses a good head, ears, neck, shoulders, front and a serviceable jacket. She is worth sending to a really good sire, and it is to be hoped, with her many good qualities, she may be given an opportunity of producing something of merit.

Mr. Miller's Ch. Fiscal Fancy is a good old type but has seen her best days.

Quarrywood Duchass, and Quarrywood Biddy are both useful but not up to the proper standard and type.

Scottish Terriers. A very even lot; but, with all the good blood there is in Canada and especially round about Toronto, we expected to see more of these popular Terriers shown.

The dog puppies were not a particularly inspiring quartette, so we shall pass on to the limit and open classes where Mr. D. McKellar brought out a very nice Scot in Argyle Lad. He was put down in excellent condition. He has a short compact body, good hind quarters and tail, and a head of good length with neat ears. His faults are that he is a bit round in eye and not just right in shoulders, but nevertheless a Terrier that should breed well if properly mated. He is the correct size.

Mr. Arthur Ellison may generally be depended upon to put down a Terrier that has character and the distinguishing mark of good breeding. Avondale Roisterer owns a long well-shaped head, good ears and keen Terrier expression, but he is a bit long in body and might be better sprung in ribs.

Mrs. Bob. Ross, who holds a strong hand in Scotties, had a workmanlike one in Drumclaph Ruffian—a son of that reliable sire, Laidon Leslie. He has wonderful length of head and much character, but he is on the big side.

The bitch classes were quite even and were headed by the Grafton Kennels. Grafton the Soot, a short-backed neat-headed bitch with a good jacket. Mrs. Ross was just behind with York Scotch Highball—also a good one, which may also be said of the same owner's Drumclaph Jade whom, had she been less shy, would have given a better account of herself.

White West Highland Terriers. This breed does not appear to have taken firm hold in Canada, though with the many good fanciers round about Toronto we may hope for better things in the future. Streets ahead of anything in the class were Mrs. Phelps' Tam O'Shanter and Walpole Witty both owned in the United States and Terriers with good character and hard jackets. The others were soft in coat and inclined to be cream colored rather than white which is essential.

Skye Terriers. Only one Skye was shown, but he is thoroughly representative of this handsome breed. Mrs. Ferguson's Donald Scott is of lovely color and coat, has a long body and a characteristic head and ears.

Bedlington Terriers were not numerous, but Mr. John Kenyon (always faithful to the breed) had a typical blue in Haslington Pride. Not in her best condition.

Mr. Herbert's Woodley Blue Bird is also a good one and has a head much above the average, but is a bad shower.

Mr. Fleming's Lancashire Floss was in bad condition. Mrs. Coleman's typical kennel was much missed.

Welsh Terriers. Only one Welsh Terrier, but that a rare good one aptly named Ch. Bunt Pulls the Strings.

The Toy dogs were more numerous than they have been in years, and the

good work being done by the Toy Dog Club of Canada was in strong evidence.

Pomeranians. As might be expected, Pomeranians were large well-filled classes, though a lack of proper show condition marred the chances of many otherwise good. Mrs. Wylie had a perfect gem in the black puppy, Cairndhu Beauty. She has a short back, lovely head, tiny ears, fine bone and off-standing coat together with the wonderful Pomeranian style so essential to the breed. That she will have a brilliant career before her goes without saying. She won a host of blue ribbons and wound up by winning the challenge cup for the best Toy in the show.

Pomeria Blackthorn is a neat little dog but needs time to develop. Cheeky Girl is also a nice one, but outclassed in this company.

There were many others shown that, under better conditions, would win well at most shows.

The best in the dog classes was Mr. and Mrs. Hingley's Dandy Chocolate, who is a short-backed little chap with a good coat and was well shown. He might be finer in bone.

Mr. Jack Webb had a very nice sable in Goldmine Birdie.

In the "over 8 lb." classes Mr. and Mrs. Hingley again scored with a good coated one in Pi-Pi.

After Cairndhu Beauty the next best in the bitch classes was easily Mr. Ward's Rambling Rose, a stylish little bitch just recently imported and gives promise, when she becomes accustomed to her new surroundings, of giving a good account of herself.

Toy Poodles were well represented by Mrs. Williams' Reba Boy and Reba Girl, both of whom are of good type and show careful breeding.

Mrs. Murchison's Fluff and Ruffles were not in good condition so the issue was never in doubt.

English Toy Spaniels. This breed, with its many varieties, is not making the progress it should make in Canada, with the exception of Mrs. Caruthers' beautiful Ruby Ch. Espero MacGregor, who was in lovely condition, there was a great lack of proper type and the head properties so essential to this breed. Domed skulls, short faces and long ears were not in evidence.

Yorkshire Terriers were not numerous but were of excellent quality. There was a close contest between Mr. McIntyre's Derby Ted and Mr. Scott's Vick. Both are most typical specimens of good color, long silky coat and keen little Terriers. The former possesses a much richer tan than the latter—a highly prized point in this breed. Otherwise they are about equal.

Toy Terriers—Black and Tan. A remarkable showing of these miniature Terriers, and difficult to separate. As might be expected from in-breeding, in order to reduce the size to miniature proportions, skin disease and weak constitutions has been the result, which is not conducive to a prominent position in the show ring. Izzy Busy and Wand II. were not of as good tan as some of the others, but were shown in perfect condition which made them

easy winners. Seven of this variety in one class is an unusual sight in shows on this side of the Atlantic.

Pekingese. This charming variety, which is now on the high tide of popularity, has several ardent admirers in Canada; and, with the good blood that is being recently imported, they bid fair to rival the Toy Poms in the near future. Mr. Marr and Mrs. Davey both have several well-bred specimens so we shall expect to find them make things interesting. Marr's Wee Chinese was quite the best of those shown and is the right size but is light in flesh and his coat is not at its best. He has a good skull and short face. Mr. Harper also had a good brace, Churah and Peckie, the former being well up in second place.

Italian Greyhounds. Three good ones of which, by virtue of her smaller size and daintiness, Mrs. Edward's Lady Gray was quite the best, though Cricket second is of good type. Mrs. Edward's Ladie has much merit but is a size large.

Pugs. A remarkable lot for this one time essential to the five o'clock tea. Blacks are now popular and by her sounder color Mrs. Tyrell's Dundee Princess was well ahead of Dine and Queenie Black. Ch. The New King is a typical fawn.

#### THE WHIPPET RACES AT THE C. N. E.

It transpires that one man at least offered up a prayer for each drop of rain that fell on the morning of Sept. 3rd. That man was big George West of Boston, who stands 6 feet 4 inches in his stockings, and had journeyed to Toronto for the express purpose of taking issue with Mr. Charlie Keyes. Mr. West's nomination, —, is a big "un and likes heavy going. Mr. Keyes' entry is the opposite and may be likened to a streak of greased lightning on a hard track. The rain fell and Big George won hands down. By this win a cool \$1,000 changed hands as that was the real prize as a side bet between the contestants—several more thousands were won and lost by others who knew of the match.

#### AU REVOIR.

(Special from Montreal.)

September 17, 1913.—Baillie Dalglish expects to leave for home the first week in October and desires us to thank for him the many friends that made his visit to Canada such a pleasant one.

The Baillie hopes to return before many years pass. He will be doubly welcome.

#### DANBURY SHOW.

The show to be held at Danbury, Conn., October 8, 9, 10, will be the 30th show held in connection with this fair. The dog show has been dropped the past few years as the building has been used to display automobiles but the popularity of the dog has induced the officials to hold a show again so that another building has been erected. Jas. Mortimer, Hempstead, L.I., is superintendent and will be pleased to send any information or premium lists to the Canadian fanciers.

#### WHAT OUR BUSINESS PAGES SAY.

Moorside Rock, that cracking good Airedale, is now offered at stud by his owner, Frank Wood, Toronto. He was the reserve winner at Toronto and the winner at London, a Terrier all over, at the fee of \$15.00 he should be in good demand.

South Shore Kennels, Bay Shore, N.Y., have young and old stock for sale in that quaint little dog the Dachshunde. Write A. Hungerford for information.

If you want to import any breed of dogs Mr. E. Ward, Todmorden, Toronto, who is leaving for England on Sept. 27 will be pleased to execute your commission. Look up his ad. and let him know what you want.

Another Airedale that has proven his value as a sire is Caerphilly Marvel, owned by P. Bawden, of the Caerphilly Airedale Kennels, Ridgeway, Ont. He is also a big winner on the bench. Mr. Bawden usually has young and old Airedales for sale.

G. H. Cass, Paris, Ont., offers a first class Airedale bitch for sale, whelped July 8th and bred by Caerphilly Marvel.

Holyrood Marquis, a winner of 14 firsts in England and a beautifully marked Collie, is offered at stud by Col. Robt. McEwen, Byron, Ont. Some puppies for sale by Wishaw Rival.

Airedale and Smooth Fox Terriers are offered in the ad. of Chas. L. Mewburn, Hamilton. The Airedale pups are sired by Moorside Rock and the Fox Terrier pup by Oxford Rake. Two Smooth Fox Terrier brood bitches, both winners, and two Smooth winning dogs are offered.

Lynnfield Helen, the first puppy and novice W. H. Fox Terrier at Toronto, is offered for sale by D. E. Lynn, Port Huron, Mich. His ad. gives you a description of her. Price \$75.00.

## Western Fair Dog Show, London, Ont., Sept. 9-12

### A ONE POINT SHOW

The dog show held by the London Canine Association in connection with the Western Fair, London, was not as big a show as last year, only one hundred and ninety dogs being catalogued and some of these were absent.

The quality of the dogs was high all through the show. Quite a few of the dogs shown at the Toronto show made the trip to London. As we print in this issue a full report of Toronto it is not necessary to go into the dogs as fully at London. Bulldogs, S.H. Fox Terriers, Collies and Boston Terriers were all well filled classes.

We have always noted the cleanliness of London show and this year the show was just as nice as in former years. We were sorry to see the number of dogs drop this year as they do everything in London to accommodate the exhibitor and dogs, put up good money prizes, and deserve to increase not go back. Mr. Bert Swann handled quite a nice little string of dogs in his usual efficient manner.

The committee were always on hand to help with the show and Capt. W. Smith, the President, was always at the show to push things along. Mr. Jas. Mortimer judged all the dogs.

The following are the committee who had charge of the show:—

Lt.-Col. R. McEwen, Chairman; R. Oke, W. J. Reid, Wm. McNeil, Dr. J. S. Niven, Capt. Walter Smith.

The two important specials of the show and the ones in which the most interest centred were Cup for best non-sporting specimen, owner to be a member of the London Canine Association; to be won three times before becoming property of exhibitor. This was won by that good Bulldog, Homewood Jumbo, handled by Bert Swann.

Cup for best sporting specimen, owner to be a member of the London Canine Association; to be won three times before becoming property of exhibitor; was won by Mr. Sturdee's Irish Setter, Cory Law, well shown by Mrs. Sturdee.

St. Bernards were a poor lot, the best Mr. Mortimer would give any of them was third.

Russian Wolfhounds were few, the winning dog, Ivan Turgenoff, a very fair one in head, the reserve, Mink O'Valley is skully, the winning bitch, Dolac, short in head, a fair bodied one, Leelka is light in eye. Foxhounds were quite a nice little show and some good ones.

English Setters, the winning dog, London, a nice one in foreface, bit skully, very nice body, reserve was a fair quality one. In bitches Fanny Thie is a good one, bit fine in muzzle, reserve, Bowman's Fly. In Irish Setters E. A. Sturdee's Corry Law in dogs and Prie in bitches were alone. The only dog entered in Field Spaniels was so far removed from a Field Spaniel that Mr. Mortimer withheld all prizes.

Cockers were a big class, a few good ones stood out, the rest were medium. Ch. Martello was easily the best black dog with Black Dufferin, a Toronto winner, reserve. A.O.C. than black dogs was won by Ch. Speculator who also stood well out in this company, reserve Volatile, a nice little one but not in the same class. In bitches Jno. Tomlinson was again successful, taking winners with May Bell, a nice red. Black Hawk Fairy, a nice parti-color, shown at Toronto, was reserve. There were no black bitches in the catalogue. Beagles and Dachshunde were represented by a few in both varieties.

In Collies Imna Selected who we reviewed at Toronto won out with Ormskirk Oberon shorter in face, reserve. Riverdale Reward has a nice full face, light eye, the rest of the winners were nearly all at Toronto. In bitches Imna Shrine was the winner and a good bitch she is. Col. McEwen was reserve with a new importation, Holyrood Daisy, she is by W. Model, out of W. Belle and was bred to Braemar Wonder before leaving the Old Country. Mr. McEwen also imported at the same time Holyrood Iris, who was bred to W. Rival. Something good should come of these matings. Old English Sheepdogs and Dalmatians had one or two respectively benched.

Bulldogs were a nice lot especially the dogs. Good Shot who did well at Toronto won here in puppy and novice with Mr. Jno. Jarndice also a Toronto winner, second, in the novice, second puppy, King Billie, is long cast wants time, Tom Sawyer was placed the winner with Homewood Jumbo reserve, the former is better in rib but outside of that we like the second dog, he is our preference for winners. In bitches The Little Diamond won out, with Lady Valeria second, both were shown at Toronto.

Airedale Terriers were a nice show, that good one, Moorside Rock, the reserve Toronto winner, was the pick of the lot, the reserve going to that reliable old Terrier, Caerphilly Marvel, who is one of the fancy's standbys. Caerphilly Oorang was second in limit and third in open, not a year old yet, he is not finished. Swale Lady won in bitches with Danby Graceful reserve.

Bull Terriers were chiefly made up of Toronto dogs. Mr. Miles getting first and reserve in dogs, with Inferno Buster and Inferno You Know, in the order named, Mrs. Lane taking the first and reserve of the opposite sex, with Princess Patricia and Princess Nordica.

Boston Terriers were much bigger classes in the bitches than in the dogs. Revolo took winners with Gordon's Delhi reserve in the dogs, Kenilworth Miss Pauline was winners bitches with Bellrose Girlie, a nice, clean headed one, reserve.

Smooth Fox Terriers were one of the hottest classes in the show, the winners were nearly all seen at Toronto. Sabine Ringgold headed the dogs, with Madison Mascot second, Autocrat II. Madison Magnet, and Otis coming in the second division. Princess Pat, heavy in ears but a very nice one, was the winning bitch with Sabine Finery second, the latter is a good bitch bit short in head. In Wire Haired, Talbot Wanderer won with the nice headed Regal Boy reserve. In bitches Lynnafield Jessica could be improved in face but a nice Terrier was the winner with Rolleston Pansy reserve. Mr. Geo. Barron had it all his own way in Irish Terriers, his trio being the only ones benched. Scottish Terriers had four benched, Scotch Lassie, a nice cloddy little one, getting winners.

This practically completed the show, the rest of the classes were not well filled, one Black and Tan Terrier, two Bedlington, three Yorkshires, three Toy Poodles, one English Toy Spaniel, one Pug, a few very fair Harriers, a couple of Schipperkes, three nice Pekingese, a trio of Maltese Terriers, a half a dozen real classy Whippets and one lonely Pom. rounded out the show. The lack of Poms. came as a surprise to us considering the present popularity of the breed.

"The man behind the gun" in the big National Live Stock Show, Toronto, Nov. 17 to 22, 1913.

For years Mr. Westervelt was manager of the great Winter Fair at Guelph and brings his ripe experience to bear on the new Association.

bringing the big Winter Fair at Guelph up to its present size. Mr. R. J. Fleming is president of the new association.

The dog show will be under the management of Dr. A. Boulthée, Secretary of the C. K. C. The prize list and

grounds. The dog show will be held in the present dog show building. Make this truly a national show, let us have a record dog show, one that will be in keeping with the big entries and high quality of the stock in the various other departments.

## HINTS, BY "SINAC," IN THE ILLUSTRATED KENNEL NEWS

Readers who intend to go in for breeding puppies this spring ought now to see about getting their kennels in order. No matter how careful one may be with their dogs, people who keep a number, and are constantly sending to shows and receiving bitches for stud visits, are frequently

getting their kennels tainted with skin diseases, as well as influenza and distemper. Therefore, it is advisable, if really good, strong and healthy puppies are to be secured, to thoroughly disinfect the kennels by fumigation and lime-washing, or, what is better still, sulphur-washing, although, of course,

the former is the cheapest, and, if properly applied, very effectual. Lime and sulphur washing alone is not sufficient, and it cannot be said that a kennel has been properly disinfected when only the walls and ceilings have been covered over with lime or sulphur, for such a process would certainly not destroy the germs of influenza or distemper, or even the parasites or insects which cause the different kinds of mange, for it is impossible to get the washes deep enough into the crevices and chinks in the walls to reach the infectious germs of the diseases mentioned. The process of fumigating is quite simple, and can be carried out by any amateur, either with formalin in the form of candles or ordinary common powdered sulphur may be used. The latter ingredient is, of course, much the cheapest, and quite as effectual as the former, but formalin is cleaner, and does not tarnish metal fittings, etc., as do the sulphur fumes, and in cases of fumigating rooms formalin should always be used. The first thing to be done is to make the kennel or room as airtight as possible by plastering strips of paper over the outside of all crevices and chinks wherever it is possible for the fumes to escape. Do not, as is so often done, plaster up the crevices on the inside of the kennel, as you thus prevent the fumes going into the crevices, where the germ or parasites may have accumulated. The plastering all except the doorway having been completed, procure the sulphur—the cheapest common commercial sublimated sulphur is the best, and can be bought at about 2d. per lb., and 1 lb. will effectually fumigate a kennel 12 ft. square. Place the sulphur in an old iron saucepan, or even a strong earthenware pan, and for safety the pan containing the sulphur should be stood in another vessel containing just a little water in case the heat of the burning sulphur should crush the vessel holding it, in which case the kennel might be fired. Before attempting to ignite the sulphur sprinkle a couple of tablespoonsful of methylated spirits over it, and then it can be easily lighted. The attendant must leave the kennel at once, close the door, and plaster along the crevices strips of paper, so as to complete the process of making the kennel airtight. The kennel should be kept closed for twenty-four hours, and then the doors and windows are to be opened wide, so as to allow all the fumes to escape and to well ventilate the place.

If a formalin candle is used instead of sulphur, the place must be prepared in the same way by being made as near airtight as possible.

In some cases—as, for instance, a living room—it is not possible, for some reason or other, to fumigate, and yet it is necessary that the place and everything in it should be thoroughly disinfected. This can be effectually done by freely spraying everything in the room, including the floors and carpets, walls, curtains, etc., with a 2 per cent. solution of formalin—

that is, about two teaspoonsful to a pint of water. When the place is a kennel, after the fumigation it is well to wash the floor thoroughly with a solution of Pearson's fluid, diluted about eighty times with water—that is, four tablespoonsful to every gallon.

It is well to add that when fumigating a kennel or other place everything that has been used for the sick dogs—as feeding utensils, collars, leads, brushes—should be put in the place that they may also be disinfected, and it is even advisable to include the clothes and boots of persons who have done the nursing if there has been any distemper in the kennel.

When the process has been properly carried out, two days later, after thorough ventilation, it is quite safe to

put the most delicate dog in the kennel without fear of infection.

For appearance sake alone it is worth while to limewash—or sulphur wash—the walls after fumigation; it makes the kennel look clean and tidy. If lime is used it must be applied hot. Place two pounds of fresh lime in small pieces in a wooden bucket, add about a quart of cold water, let this stand for a quarter of an hour, then add more water, stirring the same until the mixture is about as thick as cream, and if half a pound of salt is added to the mixture the whitewash will not rub off when once dry. If sulphur is used, then two pounds of fine sulphur should be added to half a pail of water and sufficient melted size added to make the mixture of the consistency of cream.

## NOTES FOR NOVICES

By Medicus, in Our Dogs

Exercise in the open air is one of the great essentials to the health of dogs—especially if they can be allowed to scamper about in a grass field. Dogs, curiously enough, are very fond of biting at grass, which it is supposed is a natural cure for constipation. Anyway, it may be safely regarded as such. The town street dog, who roams at will so long as his master's name is duly inscribed on the plate of the collar he is wearing, can usually be regarded as a healthy type of dog, despite the fact that he is given to eating all sorts of undesirable things. Apropos of town dogs, I may perhaps be allowed to turn aside from the subject in hand to narrate the curious character of a Fox Terrier which belonged to a clergyman friend of mine. The cleric worked in a town parish in one of our great industrial centres, and his dog spent most of his time wandering about for miles round. He was a terrible thief, and the pieces of meat he used to bring home were a source of a good deal of trouble. One day, however, he surpassed all previous exploits by arriving home with a workman's dinner in a basin, tied up in a red handkerchief. The poor unfortunate owner was never discovered, and there is reason to believe that the dog committed the theft at some distance from his master's home.

There is no disease more dangerous to a dog than jaundice. It is, of course, a liver disease, and may be said in a general way to be due to one of three causes. It may be a sequel to indigestion (and the dog, in spite of his wonderful digestive powers, frequently suffers from that, as I shall explain later); and it may be a result of some specific disease, such as distemper, which throws the whole system out of gear; or, thirdly, it may be due to a sudden chill such as would be given to a dog plunged into ice-cold water during field work. But whatever the cause, the disease itself is a very serious one, and should be

dealt with as expeditiously and carefully as possible. The first essentials to its cure are that the dog be well exercised. By "well" is meant with such exercise as he can endure without becoming unduly fatigued. Also that the diet be judicious—milk and gravy, and only such solid food and stimulants as common-sense indicates. There is usually a good deal of sticky colored diarrhoea at first, followed by constipation. Opinions vary a great deal as to what medicine should be given. For my own part, I do not consider anything acts as well as a little calomel; but some veterinarians prefer saline aperients, such as Epsom salts and sulphate of soda. When the diarrhoea is very excessive, starchy food of the arrowroot gruel type must be given. Finally, let me urge the advisability of calling in a veterinary surgeon whenever it is a valuable animal that is attacked, for the disease is a very fatal one.

The reason why dogs suffer from indigestion, paradoxical as it may seem to suggest that complaint, is mainly that their owners often bring that condition about by not giving them enough of what humans would call "indigestible" food. The dog was never intended to masticate his food like a human being does. His fangs and his "crunchers" were given him for the purpose of tearing the meat off his prey and crushing up the bones. Therefore, if a dog be fed on soft, sloppy foods instead of on raw meat and hard bones, not only will his teeth lose their quality of hardness and brightness, but the powerful digestive juices, by means of which he can assimilate all the solid lumps of bone, etc., that he "bolts" down, will lose their power, and he will begin to suffer from actual dyspepsia. There is nothing better for any dog, next to meat, than good hard dog biscuit. This will tend to keep him in the best of health, and his teeth clean and white. Dyspepsia or indigestion leads to liver

disease by easy stages, and therefore, as has been shown, the question of right feeding is a very important one. Next to feeding properly, a dog needs plenty of open-air exercise. The dogs most likely to suffer from jaundice resulting from indigestion and its sequel (sluggish liver) are those kept tied or fastened up without the freedom that is natural to a dog. In a state of nature the dog gallops over the country in search of food—"hunts" is the proper expression. Let him, therefore, have a gallop always before he is fed.

Everyone concerned in the veterinary treatment of dogs frequently gets applications for advice in cases where dogs' eyes have been injured in some way. It may be a scratch by a cat, or it may be due to a thorn in a hedge bottom; but anything affecting the eye is to be regarded seriously. Fortunately, the eye of a dog is protected by Nature better than might be supposed by anyone unacquainted with its formation. The protective covering of the eyeball becomes denser as it gets to the centre, and in the middle, immediately at the centre of the pupil, it is fairly hard, and capable of some considerable degree of resistance. A scratch may not, therefore, penetrate sufficiently to cause permanent injury, but it may cause enough bruising to leave serious results. Cataract, from which dogs often suffer, is due more to bruising than anything else, and quite a small blow, if it reaches the covering of the eyeball, may lay the foundation of serious trouble later. The best thing to do with the eye when it has been injured in this way is to put a swab or pad, saturated with lotion of opium and belladonna, over the eye. Such a lotion can be prepared by adding five drops of tincture of belladonna and a like quantity of tincture of opium to a fluid ounce of water. But, of course, in every case it is important to get qualified veterinary aid as soon as possible, and the use of this lotion is only to be regarded as a temporary alleviative expedient.

Many people are not aware of the fact that the dog possesses three eyelids. The third eyelid, technically called the "haw," is the filmy screen that sometimes comes out over the ball of the eye, and is often regarded as something in the nature of a foreign growth. I have often been spoken to about a dog "going blind" when in reality there is nothing the matter beyond an enlargement of this third eyelid. The function of the haw, indeed, is to sweep over the surface of the eyeball and remove any particles of dust or other foreign matter that may be there; but it has another use, too—it acts almost as a sort of clinical thermometer, and whenever a dog is badly out of sorts it expands itself, and thus gives warning—it may be of distemper or of jaundice, or of something unusual, anyway. When, therefore, there is no apparent reason for this enlargement of the haw, it will be well to look closely into the dog's general state of health, and prescribe medicine accordingly. On no account,

however, should anything be done to the eyelid itself, unless it be in case of inflammation of the eyes, and then the simplest and safest thing to use is a little milk and water. In due course, when the illness, of which its expansion is a symptom, has passed, the haw will return to its normal hidden condition. I have heard of all sorts of powerful astringent eye lotions being used for the avowed purpose of getting rid of the "film," when a dose of internal physic would probably put things right automatically.

Kidney trouble is a complaint which the veterinary prescriber is often called upon to deal with in canine practice. It is sometimes rather obscure, as in the human patient, and does not lend itself to easy diagnosis until it has reached a somewhat advanced stage. In its most dangerous form—inflammation of the kidneys—it may appear after an attack of distemper or of jaundice, and is then very serious, and likely to prove fatal. The most noticeable symptom will be ineffective efforts on the part of the dog to pass urine. This, coupled with a high state of fever, will be sufficient to indicate what the trouble really is. Many cases of kidney inflammation may be traced to the use of powerful drugs for the treatment of worms. There are still many unwise people who think powdered glass is a satisfactory cure for worms. True, it does often fetch them away, but it is liable to get into the kidneys, and may ultimately prove fatal to the dog. The same result may accrue from the use of cantharides to induce oestrus in bitches. It has been proved many times that this irritant drug is not effective for that purpose, and the effect of giving it may be to bring on serious kidney trouble. Expert veterinary advice should be sought whenever an animal gets kidney or urinary trouble of any sort, and therefore I shall not attempt here to indicate any course of treatment.

This is a typical real Terrier of high class, with a winning record that is proof beyond doubt of his great merit. He is a most symmetrical dog that is very difficult to fault, and he is made up in such proportions that substantiates the statement of some expert Terrier judges that he is the best Airedale Terrier in Canada. He possesses an ideal head furnished with a pair of small neatly carried ears; his neck, body, shoulders coat and bone are such that no fair minded critic could attempt to say anything but that they are all that could be desired. He has the best of legs and feet, with a correct front, and also that most essential feature—sound in action and a natural shower, and this is transmitted to his progeny. So now is your chance. Use him and encourage home production for he is the dog of the day and at your Service for \$15.00.
