OUR MAIL BAG

Editor, Kennel and Bench:

Dear Sir—

In answer to the question raised by G. E. H. in your April issue regarding Bull Terrier markings. In the standard laid down by the American Bull Terrier Club it distinctly says, Color—white. Markings are a bad fault. The English standard is practically the same so that markings are not a disqualification, but a handicap. Personally I am strongly opposed to any marked dog and the practice of giving prominent places at shows to marked dogs is increasing and should be stamped out. What is needed right here in Canada is a specialty club to look after this breed, and I for one would be amongst the foremost to have my name enrolled.

Hoping this will help to solve your Western Fancier request,

Yours truly,

A CONSTANT READER.

NOTICE.

Any of our members who have won Cups or Medals offered by the Canadian Kennel Club are requested to send in their claims as early as possible as the Committee in charge of these trophies are anxious to have them handed out to all successful exhibitors.

COMING EVENTS

At a recent meeting of the Bulldog Breeders' Association of Canada plans were laid for their forthcoming Annual Show to be held in Toronto in July 1st. Prize money in all classes and the appointment of one of the most prominent American experts as judge was included in the many arrangements made at this meeting.

We hear that the Brandon Fanciers are contemplating holding another show in conjunction with their Summer Fair which takes place in July.

The Terminal City Kennel Club have decided to hold their Annual Show under C. K. C. rules on May 24th to 26th. The officials are working overtime in their endeavors to make this show a real "hum-dinger." With G. S. Thomas as judge the entry should be a large one and everything points to a huge success.

Regina K. C. are busy making preparations for a Bench Show on a large scale, this is to take place about the end of July under C. K. C. rules. The American expert, G. S. Thomas, is the judge elect and a hard-working bunch of officials have everything well under way.

This show will be held in conjunction with the Industrial Exhibition, who have generously donated \$1,000 towards making the Dog section a success. Amongst the many facilities offered to outside exhibitors the Regina K. C. are prepared to charter freight cars from Vancouver and Toronto, providing enough dogs can be raised to make the trip worth while.

Just prior to going to press we hear that the Montreal Kennel Association have received a bumping entry, including, not only our best Canadian representatives, but many of the leading specimens from "across the line." The energetic Secretary and hard working officials have everything well in hand, and it is expected that the club will have a handsome cheque to hand over to the Wounded Soldiers. A full report of the show, with a list of the awards, will appear in our next issue.

VETERINARY DEPARTMENT

of ailing dogs MUST be addressed to the editor of "Kennel and Bench" and must reach us no later than the last mail at the end of each month, if answer is to appear in next issue. Advice to breeders in this column is free of charge.

ADVICE BY MAIL—Where an urgent reply is requested a fee of \$1.50 must be enclosed with letter to the editor.

Post Mortem Examinations—

Carcases for examination MUST be sent prepaid to Dr. J. A. Campbell, 8 Edward St., Toronto. A fee of \$2.00 MUST accompany the carcass in all cases, or else it will be destroyed without examination.

Question must be brief. In every case breed, sex, age and conditions observed should be given; proper name and address must be given (not for publication), also nom de plume over which he wishes questions answered.

Boston Fancier. Answer: Treat for worms, afterwards give a liberal supply of meat and lots of exercise.

F. D., Ottawa. Answer: The way to relieve your dog is to have his coat clipped off. Then wash him every second week until the desired results are obtained.

C. H. B., Hamilton. Answer: Clean out the ears with a solution of warm boracic acid, using a swab of absorbent cotton to dry out the ears; then dust in a little dry boracic. Do this twice a day for three days, then once a day.

Lambert, Toronto. Answer: Mix one ounce each of the following—Cream of tartar, Bicarbonate of Potash, Milk of Sulphur, Powdered Sulphate of Magnesia. Mix about quarter of a teaspoonful in her food morning and night.

Bulldog Breeder. Answer: The word Septum is used to describe the division between the nostrils.

B.R.M. Answer: No, nothing can be done to help her; just leave it to nature.

CORRECTION.

On page fourteen of our December issue we credit the Collit bitch "Coltness Cymbelene" with being winner's bitches at the New Brunswick K. C. show held on October 10th to 12th, 1916. This was an error, as the actual winner was G. Aiken's "Hannel Lucille," with "Coltness Cymbelene" as reserve.

IMPORTATIONS

Mr. A. Woodfield, of Winnipeg, has imported from the kennels of Mrs. R. Fyche, England, the winning Balc and White Cocker dog, Fulmer Don. He is reputed to be a very typical specimen and held an unbeaten record in England. One of his achievements on the "other side" was six firsts and three special at Crufts, which stamps him as a show dog of no mean order. He is also the sire of some promising puppies in England. Soon after his arrival in Canada he was mated to Mr. W. Cullum, of Edmonton's "Lady Tuck." "Fulmer Don" is an exceedingly well-bred dog, owning as his sire the noted dog, "Ch. Dixon Bowdler," whose sire was "Ch. Bob Bowdler," by "Ch. Ben Bowdler." This new arrival in the "Peg" should prove of great value to the Cocker fancy. His stud ad. appears in this issue for the first time.

Mr. J. R. Tennant, of Princeton, Ont., recently imported a brace of fine Black and Tan Bloodhounds from one of the best kennels in England. These dogs were never exhibited in England on account of the war, but if reports are true they will make up for lost opportunities at our Canadian shows. They are bred "in the purple," being from the "Porthos" and "Solly" strains, which have produced most of the winning hounds in England of late years.

The Duke of Beaufort's Famous Pack of Foxhounds Come to Canada.

Owing to the economies in foodstuffs in England and the abandonment of fox-hunting for a greater game, the noted Gloucester pack of hounds were presented to our well-known sportsman, Mr. Bert Cox, of Oakville, Ont.

The latter gentleman's sporting activities are well known, being a breeder and exhibitor of high class horses and for many years has been owner and master of the Enniselire Hunt.

The consignment of hounds reached Oakville in fine shape after their long journey, in all there are 22 couples, half of these being bitches, while there are also a number of well known stud dogs in the pack. They are reported to be about the finest pack that ever crossed the ocean and will, no doubt, be greatly valued by their new owner.

TERRIER ITEMS

Mr. Sam Bamford of the Walnut Kennels, informs us that he has sold the Iredale bitch "Silver Birch Falka" to

W. Quitschke, of the Caswell Kennels, Toledo, Ohio, before leaving she was mated to Mr. Bamford's "Ch. Round Oorang." Since his arrival into this country the latter dog's services have been in great demand, amongst the recent matrons to visit him have been Walnut Margueretta, "an inmate of the Walnut Kennels," "Hudson Queen," owned by Mr. Troven and a promising bitch owned by Mr. Schultz; Mr. Billinger's "Morning Queen," and "Twilight Charm," owned by C. S. Russell of London, Ont.

Mr. Felan, of Oakville, reports a nice litter of Airedale puppies, three dogs and three bitches, out of his good imported bitch "Tintern Queen."

Dr. Mattieson has purchased from Mr. J. Perkins a six months old Airedale dog pup. This youngster is by "Ch. Polam Maxim" and is reputed to be a top-notch. Mr. Perkins has refused many tempting offers for this pup and we understand the price paid is a record one for a Canadian bred Airedale.

Another Airedale to leave Mr. Perkins' kennels is "Rugged Rockley Robt.," this dog's new owner is Mr. Stephens, of the Mount Royal Race Track, Montreal.

An important purchase in Airedales is that made by Mr. John A. Newman of Regina, when he secured the dog "Midland Master G" from Mr. Pete Ross of Winnipeg. This good dog caused quite a sensation at the recent Winnipeg Kennel Show when the judge, Mr. F. Walsh, awarded him no less than Five Firsts, Winners and Cup for best Airedale, and

Mr. D. W. Wright, of Toronto, recently sent an Airedale bitch by Clonmel Master Crack on a visit to the Int. Ch. King Nobbler's Double. Good results are expected from this mating.

We hear that a high class Bull Terrier bitch, owned by Rev. E. W. Carr, of Shanty Bay, has been on a visit to Ch. Glenedyth Imperator. Good results are expected from this mating.

We are sorry to announce the death of the good Fox Terrier bitch, "Ch. Arabella," owned by W. G. Village, of the Madison Kennels, Winnipeg. Bell, (to use her kennel name) was on the verge of her eighth birthday and was a great favorite with one and all. Her successes in the show ring are ample proof of her quality and type, having been shown for nearly six years at all the leading C. K. C. shows and held an undefeated record in the West. Her last victory was at the recent Brandon show, where she went through to reserve Grand Championship of show which was no mean performance for a Terrier of her age.

Mr. R. C. Hern, of Woodbridge, Ont., has sold his Bull Terrier dog pup "Selby Lad" to Mr. J. Perkins. This promising youngster captured two prizes at the recent Toronto K. C. show.

Bailey and Cummings, of the Clapton Fox Terrier Kennels, Ottawa, informs us that their smooth bitch "Clapton Veracity" gave birth to seven puppies on the 15th inst. There are two males and five females all being similar in markings to their noted sire "Ch. Wireboy of Paignton." Veracity is a smooth daughter of "Ch. Clapton Varnisher" and is the dam of many noted Terriers, consequently good results are to be expected from this recent litter.

Amongst the recent visitors to Mr. J.

Mr. R. C. Moodie, of Toronto, reports a litter of two fine Boston Terrier puppies out of "Wee Robby's Betty," by "Clifton Jerry Raffles." We hope that what they lack in quantity will be made up by quality. With a view to strengthening his kennels Mr. Moodie recently purchased the Boston bitch "Brennan's Queenie" from Mr. Brennan of Toronto.

We hear that Dr. C. S. Folk of Canton, Ohio, has purchased a promising Airedale dog pup by "Ch. King Nobbler's Double." from Mr. Norman McKenzie. Amongst the recent visitors to the latter gentleman's noted dog "Ch. Polam Maxim" has been Mr. J. Skilton's "Lady Jean" and "York Byburn Clover," owned by Mr. P. R. Hilborn of Preston.

Mr. Charles McKay, the well known breeder and exhibitor of Boston Terriers, has sold his good stud dog "Lord Lovat" to Dr. Villeneuve of Montreal.

We have often heard it said that Airedales are getting too plentiful and are not sought after as they were in days of yore. A glance at our notices of sales will satisfy those who are beginning to get downhearted as to the popularity of the breed. Amongst the recent sales from Mr. Sid Perkins "Rockley Kennels" we find no less than thirty leaving for points far and near, the majority of them being home bred stock and all by his noted stud dogs.

Amongst the recent matrons to visit the Rockley stud dog owned by Mr. Sid Perkins are bitches owned by Mr. Atkinson of Hamilton, Mr. Cass of Paris, and others owned by the Toronto fanciers, Messrs. Clayton, Hicks, Fletcher and Iredale, all these visited Rockley Ranger, while his kennel mate Rockley Ambassador, attended to a bitch owned by Mr. Lynn of Toronto and another from Oshawa owned by Mr. Bryants.

OUR RECENT SHOWS

TORONTO KENNEL CLUB.

The above club held their fourteenth annual Show in the northern annex of the Arena on April 12th to 14th. An excellent classification brought out the moderate entry of 213, making it a one day show. Mr. A. Currie, of Toronto, was the judge-elect for Boston Terriers, and Mr. C. H. Mason, of Long Island, N. Y., judged all other breeds. The latter gentleman is one of our foremost all-rounders and is by no means a stranger to our shows, having officiated as judge in many of our leading exhibitions. Hence, his knowledge of the various breeds makes his placings all the more trustworthy. The show in question was no stretch of imagination a successful one, the room in which the show was held being totally inadequate for the occasion, and the fact that the duration of the show was to be three days no doubt had its effect on the entry. However, the few officials who managed this event worked like Trojans, but what is really needed is the installment of a better system and a little more "pep" on the part of the officers. Surrounded as we are by good fanciers and good dogs, there is no excuse why this event should not be ranked among the popular and successful shows in the country. The attendance throughout the show was fairly good and great interest was taken in the judging, which extended until the last day of the show.

In reviewing the different breeds we notice a falling away in the entry of a few of the most popular varieties, particularly Boston Terriers, Collies, and the large breeds, while the Airedales, Cocker Spaniels, and a few of the Toy classes were well supported. St. Bernards saw Mr. Swann's Ch. Facsimile of Parkdale, an easy winner in dogs, and his kennel-mate, Elkwood Queen of Hearts, won the bitch. Mr. C. W. Dickinson accomplished the same performance in Mastiffs.

breed, T. R. DeGeer, who exhibited three of his best bitches. Cocker Spaniels proved the largest section with an entry of forty-eight, including many of our best specimens. In Blacks, Mr. Huckle's Captain Scott went to Winners dogs, and Mr. F. Lewis' Calmo Marengo to Winners bitches. We could not follow the handing out of Winners' ribbons in the (any other colors). Next to Cockers came the Airedales, in this section Mr. E. G. Bingham brought out a promising young bitch that gave a good account of herself. Mr. H. Clayton's Silver Birch Lady also caught the judge's eye in all her classes. The team owned and shown by Mr. J. Russell brought more honors to the Clayfield Kennel. The noted champion Polam Maxim easily accounted for winner, his kennel-mate "Marshfield Milkmaid" being same in bitches. The only exhibits worthy of note in Irish Terriers being the good dog Coast Native Prince, and Kelvin Glory. Scotch Terriers had only one entry, their white-coated brethren, the West Highland Terrier, being headed by the good dog Ardock Model. Fox Terriers, Wire, made a nice group, including such dogs as the newly-imported Hasty Homage, Wireboy of Malden, and the cracking good female Lady Wireboy of Paignton, owned by Mrs. B. E. Webster. Smooths saw Mr. G. W. Bailey's Clapton Faunus sail right through his classes to Winners. Bull Terriers furnished one of the surprises of the show, when Mr. Cole's dog, Carry Owen, was placed over the New York winner, Billy Sunday, a decision which can only be accounted for by the latter dog's indifferent showing in the ring. Mrs. W. R. Wadsworth brought out a promising young dog in Brandley Pep, another youngster worthy of note was Mr. Fred Smith's lightweight bitch, Sweet Blaine. Bulldogs brought some of our best specimens together, the all-round quality in this section being very noticeable. Cocker Spaniels, who

rier entry did not come up to expectations, but what was lacking in quantity was made up in quality. Mr. Brennan's "Derby Speed" captured Winners' dogs and Mrs. Ingram's Little Women accomplished the same in the opposite sex. There was quite a nice gathering of Yorkshire Terriers, Mr. J. Kenyon's newly imported dog Haslingden Mons came out top dog, and Mrs. Weldon's Ch. Kitty of Galt upheld her title in bitches. Pomeranians also made a nice group, McNaughton Defender continued his winning career and gathered in another point towards his championship. The pick of the bitches being Little Jem and Kelvinside Trixie, the former being Winner. Another variety in the Toy section that showed an improvement was the Pekingese with an entry of twenty, Chuen Chip once more went to Winners, being hard pressed by Noswal Neto. Mrs. E. S. Richardson's good bitch Nowata Fai accounting for premier honors in the opposite sex. The rest of the Toy classes being moderately supported.

Billy Sunday, the sensational Bull Terrier, has changed owners. Very few Canadian bred Bull Terriers enjoyed such successes on the show bench as the dog under notice. Beside winning at all our leading shows, he cleaned up at such exhibitions as New York, Philadelphia, etc., which stamps him as being amongst our top notchers. We understand that the late owner, Mr. D. Sutherland, of Toronto, received in exchange for this dog one of the biggest sums ever paid for a Canadian bred Terrier. We wish our American fancier the best of luck with his new purchase and hope to see the dog continue on his winning career.

DETROIT KENNEL CLUB SHOW.

The above club held their second annual bench show in The Armoury, Detroit, on April 4th and 5th. The show being of two days' duration suited the average fanciers and is much more satisfactory to the exhibitors and their dogs. There was an entry of 538, including many of the best American and Canadian specimens. The attendance of visitors on both days was very large and everything went off in clockwork fashion, making the show a success from every point of view. There was quite a nice gathering of Canadian dogs, most of the Toronto exhibits were under the care of Sam Bamford, whilst the Winnipeg string were attended to by George Kynock, who had chartered a special car for the long trip. Both these handlers made a great showing with their respective strings. The former accounting for 1st Puppy and 1st Novice with Mr. Green's young Collie "Glen," and 2nd Limit, 3rd Open and 1st Any Variety Non-sporting with Mr. J. D. Strachan's well-known Collie "Coltness Clinker." In Bulldogs, Mr. E. Johnson's newly imported Bulldog "Woodend Tauris" captured 1st Limit, 1st Open Heavyweights and Reserve Winners. "Billy Sunday," the noted Bull Terrier owned by Don Sutherland came out with 1st Limit, 2nd Open and Reserve winners, also Special for best Canadian Exhibit in show (and breed). Mr. Libbey's Bull Terrier bitch "Wiliston Patricia" winning 1st Open and Winners. Mr. Sam Bamford's newly imported Scotch Terrier dog "Laindon Dock and Doris," 2nd Limit and 2nd Open; this dog was sold at the show to Mr. Sinclair of Toledo, Ohio, for probably the largest price ever paid for a Canadian owned Terrier. Mr. W. Austin of Boston Terrier fame, took along with him a nice trio, his good dog "Ch. Prince Rexworthy," being 1st Limit, 2nd Open and his kennel-mate "Lady Verno" 3rd in Open bitches, this pair also accounted for 1st in the Brace Class. Another Boston under Mr. Austin's care, was Mr. Brennan's "Derby Speed," who won 1st Puppy, 1st Novice and 3rd Limit in Lightweight. Another Toronto fancier who did well with her small but select string was Mrs. Herd, her own parti-color Cocker dog "Lord Clyde," capturing 1st Novice, 1st Limit, 2nd Open and Reserve Winners. Mr. J. Kenyon's Yorkshire Terrier "Haselington Mons" 1st Limit, 1st Open, Winners and Special for best Yorkshire, and

Mr. J. McNaughton's good black Pom. "McNaughton's Defender" same out with 3 Firsts, Winners and Cup for best Pomeranian. The Winnipeg handler, Geo. Kynock came out with flying colors, for with 17 dogs under his care he captured no less than 6 Winners, 24 Firsts, 8 Seconds, and 4 Thirds. Amongst the dogs who participated in these prizes were Mrs. F. Fletcher's Bulldogs "Ch. Mersy Pilot" and "Brockley Penfold Pressgang," the former dog accounting for Winners. Mr. George Kynock's Miniature Bull-bitch, "Winnipeg Girl," accomplishing a like result. In Pointers went through to Winners, Mr. F. J. Annon's brace of Poms, "Orangedale Julian," and "Sable Girl," gave a creditable account of their qualities. In Airedales, Mr. T. Love's "Vesper Bell" and Mr. W. V. Gordon's young dog "Fife" both figured in the prize list, other winners were Mrs. A. Weedon's Skye Terrier, "Ch. Laddie," Dr. Rumbolt's Boston Terrier "Juno." A Stewart's Wire Fox Terrier dog, "Billy Bubbles," Mr. A. F. Picard's smooth dog "Coeur de Leon Sutton." Mr. A. Woodfield's Whippet bitch "Ch. Ron-da." M. Henderson's Scotch Terrier "Birkie Chief," and Mr. A. Woodfield's Cocker Spaniel "Dixon Bowler." Mr. J. D. Eagan of London, Ont., was down with a brace of his White West Highland Terriers "Ardock Model," and "Lothian Lady," both going through their classes to Winners, the latter gaining special for best Canadian owned bitch.

THE WHEAT CITY KENNEL CLUB.

Brandon, Man., held its first show under C. K. C. rules on March 6th, 7th and 8th. It might also be said that it was the first experience that the officials of the above club had of holding or running a show. I understand that it was a "suddenly jumped at" decision, for three weeks before above dates none of its members had advocated or spoken "show." But when all is taken into consideration, that printing, ribbons, benching, wire divisions and many other items which runs in connection with holding a show, was all settled and ready for the opening, the Brandon boys deserve a deal of credit for the above performance, and as soon as they knew their work, everything went off in smooth running order. It being Brandon Winter Fair Week, some 30,000 vis-

itors were to be seen at the Wheat City. The number of dogs was encouraging, for about forty-five of Winnipeg's best, under the care of Village & McCulley, also a load from Regina and the West, under the care of Clements & Semple. The writer, Tom Milner, of "Weston" Collie fame, was appointed judge. As I have no catalogue on hand I am writing from memory, so must make a list of chief awards suffice.

The Best Dog in Show was awarded to Glen View Major, owned by Mr. Clements, of Regina, a magnificent Setter, owning a classy head, beautiful expression, grand depth of chest, well sprung ribs, well feathered, with good tail carriage, one that is hard to fault. Reserve Champion to the Airedale Oakwell Monarch, owned by Mr. W. Brown, Winnipeg, a real good one, lean, typical head, grand expression, full of "determination," short back, gun barrel front and sound behind, tail up all the time, wiry coat and good color, put down in grand form. Best Non-Sporting fell to the Collie Ch. College Supreme, another one of type and quality, but coming to "severe" criticism, she might carry more coat and is just a shade round in eye and I would like to see her stand a little higher in front, is a little weak in her front pasterns, is one of the best showers that ever graced a ring. The Best Puppy was won by the Boston Terrier, Juno, owned by Miss Rogers, a small, compact little bitch, head a good one, free from wrinkle, short muzzle, has short screw tail, and is also good in color.

Best Novice was won by Midland Queen, an Airedale, a good level head, small ears, well filled under the eye, good neck and front, her chief fault being too full in the eye.

Best Brace was won by Mr. Clements' Setters, Glen View Major and Betty. The latter lacked her kennel-mates' head qualities, but nevertheless a good one. Best Kennel of Four was won by the Cactus Kennels, owned by Mr. Semple, Regina, with his Pekes. The Best Dog Owned in Brandon was won by Sergeant W. Wardle's Collie, Heatherbelle Peacock, owns a good head, flat skull, nicely filled foreface, level mouth, good bone and substance, coat a trifle wavy, and he absolutely refused to show.

Best St. Bernard in Show was won by the Cumberland Kennels with Ch. Caedmon of Parkdale. Best Bulldog, Semple's Cactus Silent Prince. Best Fox Terrier, Ch. Arabella.

A word of praise is due to the energetic Secretary, C. S. Palmer, and Vice-President, Sergeant W. Wardle, who worked like Trojans to make their show a success, and so pleased were they with their efforts that they hope to put on another show during Brandon Summer Fair in July.

TOM MILNER.

A Warning to Importers of Dogs.

We cull the following from the Kennel Gazette, the official monthly journal published by the English Kennel Club:

The Committee decided: "That Mr. Andrew Gray Rennie (trading as Rennie Brothers) be found guilty of the charge lodged against him, and that he be suspended for ten years from taking any part in, or having any connection with any show of field trial held by the permission of the Committee of the Kennel Club or Delegated Authority, or attending the same. Such suspension disqualifies from competition all dogs registered in his name or owned by him, as from the date of the charge on which he has been found guilty, being lodged at the Kennel Club and for the period of such suspension."

Under this suspension, Mr. A. G. Rennie is not eligible to become, or remain, a member of a club registered at or affiliated with the Kennel Club, during the period of such suspension.

It was further decided:

"That he be disqualified for life from judging at or taking any part in the management of a show or field trial held under permission of the Kennel Club or Delegated authority."

We publish this, not as a sample of how the Kennel Club deal with defaulters, but rather to protect our importers, and we advise all those who are contemplating importing dogs to adopt the "look before you leap" policy, as dogs coming from persons under suspension are not eligible for registration.

NOTICE.

We request all our patrons who send in anything for publication, either advertising or reading matter, to try and get it to us before the 20th of the month and even earlier if possible. Matters coming in late delay the publication nearly every month. We do not like to omit anything; but it will be necessary to do so unless your copy gets here in time.

ITEMS FROM ACROSS THE LINE.

The Blue Cross Society, which has been doing so much for the horses have been asked to extend its aid to the dogs which have been active on the battlefields. This request has met with a ready response and the wounded and sick dogs are to have a special hospital created for them near the seat of their labors.

At the Richmond County K. C. show, the Greyhound bitch Lansdowne Sunflower, owned by Ben Lewis, captured Special for the best of all breeds, reserve falling to Mr. H. McCurdy's Collie, Seedley Sterling.

The Women's Military Reserve, which drills in khaki uniforms twice a week on the roof of the Majestic Hotel, have six Airedales which are taking a course of training to fit themselves for ambulance work and dispatch bearers.

Mr. J. E. Horrax formerly the secretary of the Bulldog Breeders' Association, recently cabled over to England for the Bulldogs Ch. Mike O'Flannigan and Ch. Cowessea Lass. These two dogs have beaten practically everything in England. They are expected to arrive in this country within a few weeks.

We are pleased to hear that the Military authorities have decided to possess themselves of well trained and serviceable dogs for guards and ambulance work. Fortunately there are a few good men in the country who are adepts at dog training, some of these have come forward and offered their services in the cause of humanity.

Many persons assert that the Boston Terrier is the only real American dog, but what about our Chesapeake Bay dogs. We seldom see them at our shows except in the Miscellaneous Classes. At a recent show held in Seattle there appeared to be a revival of this forgotten variety, nearly 20 dogs of this breed being benched.

NOTICE.

Show secretaries are requested to notify us of appointments and dates for all shows to be held by them.

BULLDOG BITS

Mr. Mountain, one of the partners in the Clammount Kennels, Toronto, is taking up Bulldogs, and as a foundation to his kennel has purchased from Mr. J. R. Dowling of the Lambare Kennels a team of the very best exhibition and breeding propositions that have changed hands for some time. In all there are six, containing the good bitch "Ch. Belgrave Lady of Lambare," the noted show and stud dogs "Baron of Lambare," and "Bashful Boy of Lambare," two young unshown bitches, "Waverley Letitia," and "Venetia of Lambare," and a seven months old pup out of "Ch. Judy of Lambare." With such a kennel as a foundation we predict a successful future for our new recruit in the Bulldog fancy.

Mrs. Weldon of the Galt Kennels informs us that her Bull bitch "Prestonia," has given birth to seven puppies by Mr. H. A. Wilson's "Coster's Diamond," and she is also expecting a litter of Bostons in the near future by Mrs. Ingram's "Oxonian Rex."

Mr. C. E. Robinson, of Guelph, an old fancier of Bulldogs, has purchased the good show and stud dog "Penfold Pressgang" from Mr. S. Bamford. Our Guelph fancier is an enthusiastic breeder and exhibitor of the "national breed" and we wish him the best of luck with his new dog.

Mrs. Peter McNeill, of Wainwright Alta., informs us that she has experienced another tremendous loss in the death of her young Bullbitch, "Blink-bonny Bess" after giving birth to three fine puppies by "Stoneleigh Sirdar." Mrs. McNeill is endeavoring to raise the puppies by hand feeding and so far has been successful, the puppies are now three weeks old and are doing fine, which speaks well for their careful nursing.

Mr. C. S. Webber, of London, Ont., informs us that he has recently taken over about twenty acres bordering on the River Thames, where has Bulldogs can exercise themselves to their heart's content.

His newly imported dog, "Dundee Rex," by "Kilburn Regal," has already sired a fine litter out of a bitch owned by Mr. Clare, of London.

Other recent visitors to "Dundee Rex" are "Nellie Stone," owned by Mr. A. Stableford of London. Mr. Skinner's "West Lorne Queen," and a daughter of "Ch. Argo," owned by Mr. J. A. Meadows of Oakville.

Mr. Webber also informs us that his bitch "Lady Brunella," is nursing a fine litter by "Ellison King." The latter dog is also getting his share of patronage, having been recently visited by Mr. McCormick's "Princess Patricia," Mr. Heighbury's "Judy Stone" and Mr. Hawden's "Lippy Daisy."

Owing to Mr. J. R. Dowling's duties as Secretary of the Canadian Kennel Club taking up most of his time, he has been compelled to reduce his kennel of Bulldogs and has sold out the entire stock with the exception of "Ch. Judy of Lambare," who is a great favorite, not only with Mr. Dowling's family, but with all who know her, and as a companion for her he kept back her son, "Gammon of Lambare."

We hear that the Bull bitch "Patricia of York," owned by Mr. J. F. McDonald of St. John's, N.B., is nursing four fine puppies by Mr. Stanford's new dog "Chinook Buster Penfold."

Mr. J. W. Bain, K.C., of Toronto's taste for our largest terriers, the Airedale, are well known. It has fallen, however, to his daughter, Miss Margaret Bain, to espouse the cause of the Bulldog. Her father in the time honoured pursuit of looking around for a suitable present for her birthday wisely gave her the choice of a dog. With this object in view Miss Bain paid a visit to the Parkdale Kennels and fell in love with a dog pup, who by the way, is a promising son of our latest champion, "Coster's Diamond." A handsome cheque was responsible for the transfer of this handsome pup, who will make his debut under his fair owner's colors at Montreal as "Birchcliffe Baron." We wish Miss Bain the best of luck.

We hear that Mr. H. A. Wilson of the Diamond Bulldog Kennels is importing the heavyweight Bulldog "Try Again William." This dog has done some good winning in England, including two Seconds and one Third at the Championship Show held recently under the auspices of the Bulldog Club (Incorporated). Besides being a noted win-

ner he has done exceedingly well at stud and should prove of great service to the fancy on this side of the Atlantic.

We hear that J. P. Farrell of Hamilton, has purchased from Mr. Bert Preston the promising young Bullbitch, Sandfield Betty, by Rydal Skipper. The latter dog is responsible for quite a number of puppies that should give a good account of themselves when matured.

The newly imported Bulldog Woodend Taurus and his kennelmate, Oakland White Marquis are both doing well at stud; we hear of several litters by these dogs and the owner, Mr. E. Johnson informs us that there are several more matrons booked to visit his kennels in the near future.

SHORT BARKS.

Mr. R. M. Fiskien, of Montreal, informs us that his red Cocker, Montreal Winnie, gave birth to four grand pups on May 4th, by Tomlin's General Joffre. A peculiarity about this litter is the variety of colors; there are two black, one red, and the other pure white. All are doing well and Mr. Fiskien is expecting something good from this litter.

Evidently there is still a demand for sporting dogs in England. Harmonican, a Waterloo Cup winner, was sold recently for the sum of \$3,000. This would lead one to believe that the Britons are far from thinking the good old coursing game is dying out.

The Winnipeg handler, J. T. McCulley, has mated his St. Bernard bitch, Lady Carlisle, to her kennel-mate, Principal of Parkdale, who took Winners at the recent Brandon Show.

We hear that Mr. Wentthrop has bred his Collie bitch, College Sensation, to Corona Canuck. Good results should be the outcome of this mating.

Mr. Fred Bartlett, the proud owner of Ch. College Supreme, has mated her to the wonderful headed Weston Sunbeam. A winning litter, bar accidents, should be the result.

"Lady Margueretta," the St. Bernard bitch owned by Messrs. Bartholomew and Glover, of Toronto, has presented her owners with a grand litter of five by "King George."

Pacific Coast Notes

By W. M. Coats, Vancouver, B.C.

The Terminal City Kennel Club has been granted by the Canadian Kennel Club May 24-25-26, dates on which they will hold their Annual Spring Show. The officers and members are working hard to make this the banner show of the Club. They certainly started off right in securing one of the most able judges known to the fancy. I refer to Judge Geo. S. Thomas, one of the world's greatest all rounders, past or present. Last time he judged in Vancouver, he drew a five-point entry; but under the present conditions, with so many of our good fanciers at the front, we can hardly hope for a five-point show. However, we have secured the largest number of Specials ever offered by the Club, and all members are working overtime. The Club is in good shape, not owing a cent and over one hundred dollars in the bank.

P. P. Hartney's Collie bitch Craigdale Duskey, whelped two dogs trio color, one bitch sable and white, sired by J. Thompson's Seedley Standard. This is a small litter, but shows lots of quality. Mr. Hartney is highly pleased with the litter.

Frank Archer has a nice red cocker dog pup coming on by Elmo F, ex Fossil Muggins, that Frank expects to do a lot of winning with; his litter brother a black, will also bear watching.

P. J. McLaughlin is bringing out a sure high-class Collie puppy, sired by his own Ch. Southport Shoreman, ex. Jasper's Beauty. P. J. expects big things from this puppy.

John J. Jackson's good English Bull bitch Fairlsworth White Duchess whelped nine puppies to his own dog, Fairlsworth Buckler, they are doing fine and look very promising. J. J. has had some very flattering offers for some of them, but prefers to wait a while.

George H. Galvin, of Boston Terrier fame, has had a touch of hard luck in losing one of his Bostons; a general fight started with the above result, in the mix, her favorite bitch, Ch. Wild West Dimples was just about finished also.

E. S. Earle has a beautiful French Bull bitch puppy that will make it warm for her competitors in her classes at the coming Terminal City Club Show.

E. Halliday, the Bull Terrier fancier, reports a freak indeed. Among a litter of Bull Terriers he had one come with perfect cropped ears. I have heard of Fox Terriers coming with docked tails, but this is the first cropped puppy whelped to my knowledge.

N. McConnell has made two good sales, one was his good Airedale puppy dog "Cleared for Action," that went best of breed at the late Seattle show, to Mr. Ralston Wulbur, of Spokane, Wash. Mr. Wilbur paid \$250 for this puppy and it looks as if he got his money's worth, for he certainly is a grand pup, sired by Ch. Bilmer Bingo, whose sire was Emurge Monarch, dam by Ch. Prince of York. Cleared for Action's dam was Killarney Pandora, she being out of International Champion Killarney Queen. The other puppy sold by Mr. McConnell, Preparedness, a beautiful bitch by Killarney Prince, ex Ch. Killarney Marion. Mr. J. Newman of Regina, Sask., paid \$150 for this bitch. She has not finished yet, but will be a hard one to beat when finished.

Dr. Billings of San Francisco, Cal., and Mrs. Billings, paid Vancouver a visit. They were among the Airedale exhibitors at the Seattle show and came on to visit Mrs. Billings' father, W. H. Merritt, a well known barrister of this city. Doctor is the owner of the Bilmer Kennels and showed the winning Airedale Bitch Bilmer Flo De Rol, perhaps the sweetest Airedale Bitch puppy that ever graced a show ring; she is hard to fault owning every thing that goes with a real classy Airedale. I would describe her, had I not read one of the Doctor's stud cards of Ch. Bilmer Bingo in which he says the perfect Airedale does not exist. Ch. Bilmer Bingo, whose card I refer to is the worthy sire of Bilmer Flo De Rol; when she finishes her growth this Lady of Airedale quality will go down in Airedale history as one of the greatest ever.

In all, about forty Canadian dogs were exhibited at the Seattle show and did well. Calgary, Alberta, sent three.

The Great Dane, Prince Rupert's Double, owned by D. C. Samson, secured the special for best Great Dane. W. H. Pym sent his Bull Bitch Ascot Delton Beauty, which also secured the Special for best English Bull. W. Currie sent his wire Fox Terrier, Ch. Blue Blizzhit, which won 1st Open and Reserve Winners to the Los Angeles, Cal., dog, Del Rey Wycollar Boy, by Ch. Wycollar Boy, ex Venus of Paignton, owner Martin I. Smith, of Los Angeles.

Victoria, Nanaimo, and Vancouver exhibitors attended the Seattle show in large numbers.

Jack Bradshaw, known as the wizard of the dog game on the Pacific Coast, did intend entering 17 dogs, but was stricken with Rheumatism and could not come, so the San Francisco dogs were missing, which caused a great disappointment among the Northern fanciers.

Mrs. F. M. Tryon, of Los Angeles, sent her Boston Tryon's Queen Adele, which secured best of breed; after coming so far she looked fine, and had no trouble topping the sixty Boston's benched.

Charlie Campion, of Portland, Oregon, who never misses a dog show, was on hand as usual with about 30 dogs of all breeds. Charlie knows all the tricks of the trade, and if the dogs do not win the blue ribbons it is not Charlie's fault. He is one of the best sports on the Pacific Coast and a true fancier.

The Seattle Kennel Club after paying all outstanding accounts, had a nest egg left of \$376, which proved to be the most successful show ever held by the Club. Four point show these times on the Coast are rare indeed. Still they had 51 dogs over the four-point mark. President Dr. Brydon and Secretary G. Tinto, worked hard, as did all officers and a lot of the members, but to the President and Secretary too much credit cannot be given. In judging all breeds I had my hands full. Judging started at 2.30 p.m., Thursday, March 29th, and until Saturday evening, 31st, the building was packed all the time.

Spokane and Walla Walla had intended sending in all over forty dogs, but on account of the mad dog scare east of

the mountains in Washington State an embargo is now on and their dogs could not come. Had these and Mr. Jack Bradshaw's string arrived, it would have been a five-point show.

One of the finest sights of the show was when the St. Bernard Dog and Mrs. Anna R. Judd's Maltese Milita Cupit were facing each other while being judged for the best of all breeds. It certainly was a beautiful picture, as the large, noble looking St. Bernard looked down at the beautiful little Melita Cupit, who in return stood facing the St. Bernard as bold as a lion; this certainly was a living picture of fine Art. No movie artist has anything on Melita Cupit when it comes to posing, and as to dress, Mrs. Judd must have worked overtime to put Cupit down in such grand show form; his straight, pure white, long Maltese coat made him the one great attraction of the show. He is a true Maltese from the tip of his nose to the tip of his tail and fit to compete in the hottest of company in any part of the world. He is, indeed, a rare good one.

Mrs. Florence Brydon carried off winners dogs and bitches in the Collie classes with Northport Blackwood and Northport Brunette. Northport Brunette secured the Special for best Collie. She is a bitch of good quality all over and the dam of Northport Blackwood, who is also a good Collie, but not in the best of show form.

P. P. Hartney's Craigdale Hal, a big slashing Collie, owning a grand body, legs, feet and coat, is a new one on the Coast; the breeding behind this dog should make him a valuable stud. He won the Special for best coated Collie in show.

Willgress and Porter's imported English Setter, Ch. Mallwyd Roland, went to Winners; he is a big, strong Setter possessing grand substance and a remarkable head, not in the best of coat.

Airedales at Seattle Show numbered over sixty. Bostons followed in numbers.

N. McConnell has sent his two good Airedale bitches, International Ch. Kil-larney Queen and Pandora to the Anokla Kennels, owned by Mrs. Anetta Baldwin, to be mated to two of her

stud dogs. Queen is to be mated to Ch. Tintern Tip Top, a dog Mrs. Baldwin imported from England. We was England's greatest sensation, and has never been defeated in this country. Queen, when in her prime, was one of the very best. This mating should produce some flyers; the result of this mating will be watched with great interest. Pandora is to be mated to Cyprus Cadet; this also should produce some grand Airedales. Cadet has perhaps one of the greatest heads, neck, and front ever seen on an Airedale. All the B. C. fanciers wish McConnell every success with these matings.

The Victoria City Kennel Club held their annual election and elected Mr. F. L. Wolfenden President. Jack, as he is best known, is one of the Coast's leading Pointer breeders, having bred and owned more good Pointers than any one breeder on the Coast. His Victoria Gill secured the Special for best Pointer in the show at Seattle's show, March 29, 30, 31. D. C. Campbell was elected Secretary. Mr. Campbell is an old Collie fancier, and was Secretary before for the club and proved to be one of the very best. With these two fanciers at the head of the club no doubt the club will be successful.

J. S. Creighton, one of the best known fanciers in British Columbia, has taken over the Burnside Hotel, which is located four miles out of Victoria. No doubt many a dog story will be told there. Mr. Creighton has been for many years one of B.C.'s leading Cocker breeders and his kennel has won more prizes than any other Cocker Kennel in B.C. All B.C. fanciers wish him success in his new enterprise.

Tow Wither, owner of the Arbutus English Setter Kennels, of Victoria, is able to be around again after being at death's door through an automobile accident, in which his car turned over, pinning Tom underneath. It will take more than an automobile to kill Tom. Every one is pleased to know he is on the mend. No show is complete without Tom and his pleasant smile.

E. E. Gravell reports a good litter of English Setter puppies by Billy Anderson's big winner, Prince Charming and out of his imported bitch Woods Moon Peggy; he has one a sure champion—by all reports.

Percy H. Kickline, of Nanaimo, secured Winners and Special on his Pom. Lindum Imp. at Seattle. Percy was down to represent the Nanaimo fanciers and did it well.

W. B. Feckheimer, of Portland, Oregon, secured Winners and Special for best of breed, and the Special for best dog or bitch in show, all breeds, with a beautiful Wire Fox Terrier bitch, Mult-nomah Crosspatch. This little lady is all quality and fit for hot company. She had good competition at Seattle, but I would like to see this bitch sent East in Al form to go against the best in the East. I am sure she would make the best bitches step to beat her.

Capt. Chas. Tennant, of Seattle, has a rare good young Irish Terrier dog in Madrona Dandy, one of his own breeding that won the Special for best Irish Terrier in the show. Capt. Tennant will send this dog to New York's next show and he should make good; he is sure a dandy Irishman.

J. J. Jackson's Failsforth Buckler last two litters he sired eight puppies in each litter, all strong puppies; good litters for English Bulldogs.

Roland G. Gainwell, of Bellingham, Wash., has a nice string of Cockers as usual, and did a lot of winning at Seattle show.

Walter Milligan, Jack Wolfenden's partner in the King Edward Hotel, Victoria, has a nice young Pointer dog, a son of Champion Victoria Bell, one of the best Pointer bitches ever shown on the Pacific Coast.

Collies "Doing Their Bit."

The Collie Club of America has decided to hold a Specialty Show on June 9th, 1917, in aid of the American Red Cross. The place selected for the show is the Alstead Kennels, Rakway, N.J. Every effort is being used to make this show a huge success. There are prizes and specials galore, and every fancier and breeder should be glad of such an opportunity to help this worthy cause.

It is expected that everyone will cooperate in helping to make this patriotic Collie Show a real hum-dinger. For premium lists and further information, apply to the secretary, Miss Genevieve Torrey, Collie Club of America, Rakway, N.J.

SHORT BARKS.

The "Boys of Brandon" are certainly hustlers, and the energetic Secretary, Mr. C. S. Palmer, is already talking "show" to be held in July in connection with the Brandon Summer Fair.

Messrs. Clements & Sample, of Regina, ask everyone to bear their coming show in mind, which will be in the near future. C. K. C. rules. We hear of new dogs being bought by Regina fanciers. "Midland Master G.," the Aire-dale, has just found a new home at Regina.

Mr. J. K. Reif of Winnipeg is rejoicing over his winning bitch "Weston Lady of Quality" presenting him with a good litter by "Ch. Parbola Picaroon." One of the above litter is located and owned by The Weston Kennels and we are given to understand if it lives to grace the show ring, will uphold the Weston fame.

Amongst the recent matrons to visit Mrs. Williams' imported Pekingese dog "Glenwood Chin Chin Heurud" are Mrs. R. S. Richardson's "Nowata Fai" and two of Mrs. Williams' own bitches.

Mrs. D. Beland, of Outremont, Montreal, is rejoicing over a litter of pure black Pomeranians, two females and one male, by Almond's "Jock" out of "Ebony Duchess," a daughter of "Sir Bruce." We wish our Montreal fancier every success with these new arrivals.

Mr. Fred Lewis, of the Calmo Cocker Kennels, has recently purchased from Mr. Lance Farewell of Cocker Spaniel fame, a nice trio of these merry little Spaniels. Considering the reputation of Mr. Farewell's kennels and the new owner's knowledge of the breed, we expect to see these dogs upholding the reputation of the Calmo Kennels at our future shows.

We hear that Mr. Smith of Toronto is taking up the dog fancy in no uncertain manner, and has purchased from Mr. Joe Perkins the imported brace of Field Spaniels, "Lord Bertie" and "Wardleworth Mollie," both these dogs have done good winning in England,

and have kept up their reputation on this side. Another dog that goes along with the latter brace is "Dounie Dazle 'Em," the Wire Fox Terrier dog.

We hear of a grand litter of seven English Foxhounds by "Pressman" out of "Laundress." Both sire and dam are owned by Mr. J. R. Tennant of Princetown, and he is looking forward to having good results from these new arrivals.

Mrs. Weldon, of Galt, has mated her Pekingese bitch "Chinky Ching" to Mrs. H. A. Wilson's newly imported dog "Noswal Neto."

Mrs. F. Williams, the owner of the "Reba" Pekingese Kennels, Toronto, has sold three of her stock to Mrs. Ross of Ottawa, they include the two bitches "Reba Fai Fai" and "Reba Chi Chu," and a promising eleven months old dog pup. We wish their new owner every success with this fine trio.

One of the matrons of the Calmo Cocker Kennels, owned by Mr. F. Lewis of Toronto recently presented him with a litter of seven. These puppies are by the noted dog "Honey Boy," who is now located in one of the largest kennels in the States. Mr. Lewis being wise enough to secure the dog's services before leaving this country, and expects to have some top notches amongst these new arrivals.

"Coltness Copelia," whelped a nice litter of eight on May 6th, sex being equally divided, the litter is a home-bred one, the sire being "Coltness Clincker." They are nicely marked and were well developed at birth.

"Coltness Cymbeline" is nursing a remarkable litter of nine, five dogs and four females. We trust there may be a few contenders in this lot, the sire is Dr. O. P. Bennet's "Ch. Tazewell Tantalizer."

Ho! for a dachshunde, when the winds of winter loudly roar.

He stretches out, a yard or so, across the kitchen door.

Better than a weather strip, though his up-keep bill is more.

COLLIE CHATTER

By James D. Strachan

Well, as I was just saying to Norman a moment ago, it looks like a good showing of Collies for Montreal show on May 18 and 19, because, never in the history of the Ontario Collie Club, has the same enthusiasm been noticeable amongst the boys—and mind you, I use the word "boys" advisedly—don't you dare conflict the term with the "old 'uns," goodness me, no; the latter, if they ever learned how to ship a Collie to a show, must have altogether forgotten how the trick used to be done, no, but the boys, the beginners, the green amateurs; those are the sports who evidently are willing to boost the aristocratic dog at Montreal, and I surely trust for their sakes, that the results may justify their little venture and the ultimate analysis spell encouragement for them.

Eight Collies will leave Toronto, I am told, and I wonder if Messrs. Swann and Bamford, our famous "Pilots" and "Historians," could enlighten us, on this query: How long is it since so many good Collies from Toronto made the trip to any show in a distant city, before? Or, did it ever happen? Anyway, it looks as if the aforementioned boys were out to show the grown ups, the "used to be's," how the shipping job is done in modern times. We are apt to hear a lot about the old school, but, "Where are the boys of the old brigade?" and echo answers, Where?

I wonder if all the Collie fraternity know that the breed has been further re-inforced and enriched, on this side of the Atlantic, by our old friend to the South, "Joe" Carberry, importing "Eastwood Energy" that good son of "Ch. Laund Limit" who has been so much in the limelight in England recently, and whose good qualities are said to be of the lasting order. Mr. Joe has—to our knowledge—long been on the outlook for "something" and only "Joe" himself knew what that something was. Quality, type, were synonymous terms and embraced his ideals, and he evidently has found the envied combination in "Eastwood Energy." Another important deal was put through at the Northern Collie Club show, when Mr. R. H. Lord of "Seedley" fame, became the temporary owner of Mr. Laidlaw's sensational Collie, "Ch. Magnet," and rumor has it, that

there is an American label on this magnificent dog even now. "Lady Barbara," a blue merle of distinction and regal breeding—being a daughter of "Ch. Porchester Blue Sol"—is now at the kennel of Mr. Rodgers, of Hammond, New York, before leaving England, "Lady Barbara" was bred to W. Stanfield's "Ch. Laund Limit," this exquisite infusion should produce some really high class stock for our American cousins, who more than likely will participate in the history making of the breed, in the days to come. Still, it is with a tinge of regret that we find the war conditions making it almost impossible for our English brethren to keep a real good dog around their homesteads.

In a recent issue of "Our Dogs," there appeared a paragraph, which credited Mr. Lord with providing the winning Collie for New York show on eight consecutive occasions; also, several times, first and second placements; just imagine any one fancier having a record like that; small wonder people say, "He is a pillar of the breed," still I rejoice to know that it was a Scottish bred one that gained the high honor at New York this year, of being "the best Collie in the show." This one was "Wishaw Queen," bred by, and exported by Bobbie Tait, of Wishaw, Scotland, to the order of our own Colonel Bob McEwan, of Byron, Ontario, and a member of the Ontario Collie Club too, at that, which fact, I should say, would balance up the International pride. Thus making Scotland, England, and America feel quite chummy in the old Collie game.

SHORT BARKS.

Mrs. J. W. Weldon of the Galt Kennels is rejoicing over a grand litter of three Yorkshire Terriers (two males and one female) out of Queen of Yorkshire by Mr. W. McIntyre's dog, Star of Pelam.

Our Collie fraternity and fanciers in general will be pleased to hear that our "Collie Cousins Across the Line" are holding a Specialty Show in aid of the American Red Cross Society. It will be remembered that at our recent Blue Cross Show held in Toronto our allies kindly donated two cups and a puppy toward the worthy cause. Get busy, boys, and return the compliment.

Distemper and its Many Phases

By J. A. Campbell, V.S.

Of the diseases that dogs are subject to from a breeder's and exhibitor's standpoint, those of an infectious or contagious nature are the most important, as the manner in which dogs that are kept for breeding and exhibiting are continually coming in contact with animals from different kennels allows for such great possibility for the interchanging of diseases.

With regard to these two terms, Infectious is used when a disease may be transmitted from one animal to another without actual contact while a contagious disease is spread only by the direct contact of one diseased animal with another; however, both are used in a general way to express the same meaning.

It is now an accepted fact that infectious or contagious diseases are caused by special micro-organisms (germs or bacteria) which can be demonstrated by standardized methods with the microscope; while in those diseases in which the bacteriologist is unable to see the germ the agent that causes the spread of infectious disease is said to be a virus. Until quite recently no one had found the germ of Distemper, although it is about the most contagious of all diseases; it may be due to the fact that diseases of the dog have not received the attention of scientists as much as contagious diseases of animals that are of more economic value to humans than the dog is. There are still a number of infectious diseases such as small pox, scarlet fever and measles of the human; and foot and mouth disease in cattle, the germs of which bacteriologists have been vainly trying to isolate. An American named Ferry was the first to demonstrate the germ of distemper, and his finding has been generally accepted.

With respect to contagious diseases, dogs are fortunate compared with human beings; the latter have quite a variety that may terminate fatally to contend with, such as measles, whooping cough, scarlet fever, diphtheria, and typhoid fever. What the dog lacks in the way of variety he makes up with his own specialty, distemper. It is the most prevalent and widespread disease of dogs. No country is without it; extremes of climate do not offer a barrier to its existence. It is found in

Alaska, Greenland and Labrador; in India and other tropical countries it is very prevalent and a high percentage of deaths occur. Not only is it very fatal but it often leaves its victim with a legacy such as Chorea, Paralysis or blindness that renders it necessary to destroy the affected animals to end their sufferings.

Distemper in reality is composed of various affections, the most common appears in the air passages commencing with a cold in the head, it may quickly spread to the bronchial tubes and lungs setting up bronchitis or pneumonia. The infection may go from the cold in the head into the intestinal tract and give rise to diarrhoea and dysentery. Nervous forms may be seen such as chorea, meningitis, paralysis and convulsions with varying degrees of severity. Quite often these appear without any nasal discharge being apparent perhaps only a short cough or mattery eyes noticed, and is, therefore, called dry distemper. Besides the above the eyes and skin may be involved.

It is said by some authorities that it takes different forms, sometimes it appears in a mild manner, or it may be a very virulent type, exhibiting the pneumonia, intestinal, and the nervous forms at the same time; the seasons of the year are said to influence the symptoms as much as anything, and it is natural to expect that the bronchitis and pneumonia form of distemper will be more prevalent during the winter than in the summer months. Distemper is primarily a disease of the respiratory organs; making its first appearance in the nose, throat and bronchial tubes; as diseases of this part of the body are more common in the human during the fall, winter and spring, it is natural that the same conditions apply to the dog who leads a life somewhat akin to its master. This is the reason that distemper is more prevalent during the colder months of the year and is more serious than during the summer. The more plentiful supply of fresh air and sunshine during the warm months is a decided factor in the control of distemper, specially with regard to the pneumonia form of distemper which so often occurs. During the cold weather the efforts to keep a sick dog warm with the use of stoves, tightly closed win-

dows and doors results in the dog being kept in extremely badly ventilated surroundings, giving distemper every opportunity of starting up pneumonia.

Although the nose, throat and lungs have the advantage in the warm weather, the digestive organs are very apt to be deranged owing to food being more readily decomposed in the hot weather, and when the stomach and intestinal form of distemper appears the consequence is extremely serious, death often rapidly setting in, if the animal is delicate in any way.

However, distemper in any form is serious, as it will attack dogs of all ages from suckling pups to aged dogs. But the most susceptible age is from four to twelve months. The average dog commences to get its second teeth shortly after the fourth month, which makes it the most critical period of its life. It takes about a month to go through the process of teething, during which the vital forces of the body are at a low ebb and there is a great tax placed on a rapidly growing body. A dog has forty-two permanent teeth to erupt, some of them of considerable size breaking through the gums all in the space of a month. It is an easy matter for the long faced, vigorous breed to get through teething without any apparent ill effects, there being lots of space in the jaws for the proper placement. But the short faced varieties, particularly the newer breeds, such as Bostons, have not the space for the forty-two teeth that are allotted to them to allow the teeth necessary room, with the result that the system is considerably undermined during dentition and for some time after. A pup requires to be in good condition to undergo the ordeal of teething. If it happens to be a house-raised winter puppy its difficulty will be increased considerably. After teething, with the exception of Toys, Poms in particular, puppies grow very rapidly and need every effort of their energy to assist in maintaining their health without being called upon to cope with distemper. From four months of age until it arrives at maturity, which depends on the breed, a dog is more prone to succumb to distemper than at other periods of its life. As the dog gets older and during its prime of life the chances of combatting with distemper are greater.

Feeding has considerable influence in distemper. The man on the street or the person whose grandfather was a

great breeder of dogs, is of the firm belief that the only cause of distemper is feeding meat, and the ready advice he gives to his neighbour who has just invested in a dog is "not to feed it on meat," no matter what else he gives it, or it will surely get distemper. Even breeders who feed largely on meat will say, when asked for instructions as to how the pup he has just sold is to be fed, will strongly advise against the use of meat. There is no doubt that bread and milk makes an excellent ration and comprises all the requirements of the body, but from practical experience it has been clearly shown that a growing dog needs and is better off for a large daily ration of meat, as it contains in large proportions the very necessary materials for forming bone, muscle and coat.

One of the most successful breeders of dogs in Canada, and Toy Pomeranians at that, feeds a portion of raw meat daily to pups as soon as they are four weeks old, with good results and a remarkable freedom from sickness in his kennels.

The dog is essentially a meat-eating animal; its teeth, stomach and intestines have been provided for that purpose, and if fed with judgment, no injurious effects will accrue. A pup receiving its daily allowance of meat will grow into a stronger and healthier animal than a pup raised entirely on a bread and milk or other farinaceous diet. Every authority on the care and management of dogs or the treatment of their diseases is emphatic on this point.

We also receive instructions from dogs themselves. It is a frequent occurrence for bitches, particularly Airedales and Hounds that are nursing puppies, to forage around for food. Instinct teaches them to kill and eat rabbits, ground hogs and other animals. They return to their pups and vomit up the contents of their stomachs in front of them, for them to eat. Pups raised under such conditions are always vigorous and husky.

KENNEL MANAGEMENT

By N. K. Swire.

HINTS ON FEEDING.

How much evil accrues from the want of a proper system of feeding and, in many cases, knowledge of administering food, and of the kind required, it is im-

possible to say. It is seldom that two owners agree as to how dogs should be fed. Every owner has his fad on this subject, and, perhaps this is not to be wondered at when the number of different kinds of dogs are taken into consideration. That many of the diseases to which the canine species are subject, and especially of the digestive organs, are due to ignorance and neglect of this subject, is no exaggeration.

The organism of the dog is peculiar, his digestive powers are undoubtedly great, but the process by which digestion is accomplished is slow; hence he does not require more than one, or, if in full exercise and work, two substantial meals a day. The food should be plain, wholesome, nutritious, and as far as possible compatible with the circumstances under which the animal exists.

Sugar, buttered toast, muffins, tea, sweetmeats, candies, and such like, are items never intended to enter a canine bill-of-fare; and yet how often is the reply given when the attendant alleges his patient is suffering from indigestion, "But he has had nothing to disagree with him, the poor little dear only eats a little fancy cake and candies, and we never give him any meat." True, and therein lies the key to the mystery. The animal, contrary to nature's laws, has been educated to mimic human beings. Can it be wondered at, if the whole digestive machinery is, in consequence, put out of gear, if the once glossy-coated pet of cleanly habits becomes a bloated, waddling, unsightly animal so often seen, with teeth loose, discolored and decayed, breath foul, and unable to walk around a block. And all the result of what?—ignorance and mistaken kindness.

Ask the human mother the effects on a child of a continued diet of preserves, poetry and candies, and she will tell you it is much the same. Is it, then, reasonable to suppose that the stomach of a dog can properly digest and appropriate to the nourishment of its body and the maintenance of health that which mankind, for whom such is more in accordance, cannot take with impunity? A proper system of feeding is, therefore, one of the great essentials of canine management.

OPEN BENCH SHOW

Under C.K.C. Rules

AT REGINA, SASK.

JULY 23, 24, 25 and 26, 1917

In Connection With

The Saskatchewan Exhibition

Arrangements have been made with the Regina Industrial Exhibition Board to hold the annual Bench Show during Exhibition Week and on the Exhibition Grounds, and for such purpose a most suitable building, some 150 x 100 x 50 feet, has been given for the use of the club. This building has an arena large enough for the ring and exhibition purposes of any kennel club in Canada, and contains large exercise room and box stalls, where the dogs may be housed for the night.

The club is offering to pay freight for a car for free transportation of dogs from as far East as Toronto, and for another car for dogs from as far West as Vancouver. Already many inquiries are being made by intending exhibitors.

As a further inducement to the public the club has obtained the services of Mr. George Steadman Thomas of New York, the International judge.

THIS page is reserved in order to give breeders a chance to keep their Kennels "before the public" throughout the year. The cost of entry on this page is \$2.00 a year, *paid in advance*. We receive daily enquiries for different breeds, and therefore the names in these columns will be given preference in the future. Previously it entailed a lot of work to go through our files and make out a list of all members keeping different breeds in order to offend no one. It is your duty to do "your bit."

Wish To Announce

The following splendid AIREDALE TERRIER AT STUD

POWDER PLOT (Just imported from England)Sire: **Sowerby Oorang**, he by **Ch. Crompton Oorang**. Dam: **Nell**, she by **Ch. Illuminator**.

Powder Plot is one of the best bred dogs in the world to-day, and has proved himself the champion sire of the breed, by producing that sensational winning champion, Ch. York Ryburn Swell, the dog that has defeated all the best dogs of the breed he has met. Powder Plot is the sire of Whitebirk Tyrant, York Sunshine, and many other winners on both sides of the Atlantic, and is making such a name as a sire. His stock is always in great demand. His fee for the present will be \$25.00.

—Blood will tell

When you are tired of trying experiment, you will send that good bitch to **CHAMPION COLNE ROCKLEY OORANG** (the King of them ALL) and breed winners. He is sire of six full champions. The latest crack winners — Oorang's Advance, Judicious Censor, Brant Ranger, Newbold Commander, Cracksman, and the model airedale, Morning Admiration, all claim the great COLNE ROCKLEY OORANG as their grandsire. Birmingham Princess, the Detroit winner, is ROCKLEY's daughter.

FEE for COLNE ROCKLEY OORANG, at Colne Kennels, Island Grove, Lake Simcoe, is **\$20.00.**

AT STUD

The sensational young Airedale "MORNING ADMIRATION"

Airedale fanciers wishing to breed winners cannot do better than give him a trial; his breeding is of the best, being by the great international champion, "King Oorang," out of "Morning Sunbeam," she out of probably the greatest winner producer in America to-day. Admiration's success at all the leading shows in America, under judges of world-wide reputation, such as Messrs. Geo. Thomas, Wolcott, Spring, DeMund and Ober, make him without a doubt the best Airedale ever bred in Canada. His latest success at the Westminster Kennel Club Show, New York, was 2nd limit, 3rd open, and special for best dog or bitch bred by exhibitor, beating, among others, the great "Patrick Oorang," also Canada's latest importation, "Polam Maxim." At Toronto Kennel Club Show he won 1st Canadian-bred, 1st limit, 2nd open, two specials, and with his kennel companion got special for best brace, beating the imported brace, "Nobbler's Double" and "Sunshine." Another success was his son, "Morning Recruit" at eight months old, shown at Oakville, where he won 1st puppy, special best Canadian-bred dog or bitch, special best bred by exhibitor.

Fee, \$15.00, for a short time only. Further particulars from

We are frequently requested to announce the formula of

VERMICIDE
CAPSULES

We take this opportunity to state that for the present we are not willing to divulge the secret of their composition. If Dr. French ever did one thing well in his life he did it when he composed the formula of Vermicide Capsules and so we feel like keeping a good thing to ourselves. We will, however, go this far—we will announce what the Capsules do NOT contain, and thereby partly satisfy a natural curiosity. Vermicide Capsules DO NOT CONTAIN any extract of Male Fern, Kamala, Oil of Turpentine, Koussou, powdered Areca Nut, Pelletierine, Santonin, Quassia or preparations of iron. The chief ingredient upon which the extraordinary efficacy of Vermicide Capsules depends is not ordinarily obtainable on the shelves of drug stores, but has to be specially prepared for its incorporation in these Capsules.
