Coming Events

The Edmonton "Boys" are holding a show on the Exhibition Grounds on 10th to 12th July. All breeds are catered for and a big list of specials. W. B. Livesey will officiate as Judge. The committee are looking forward to this event surpassing any of its predecessors. A splendid building has been secured and everything points to a record show. J. M. Lister, 739 Tegler Building, Edmonton, is the secretary, and will gladly supply fanciers with premium lists and any information. Entries close July 6th, so "get in line" for this big event.

The Regina Kennel Club are making elaborate preparations for their annual show, which will be held on July 29th to Aug. 1st. Bob Ross, of Montreal, is the judge-elect and should draw a bumping entry. Cups and specials are being gathered in at a rapid rate and the energetic committee are busy getting things "under way" for another big show. H. S. Abbott, the secretary, lives at 1858 Hamilton St., Regina, Sask., and is waiting for your entries. Write him before the 15th of July or you may miss participating in this monster event.

The management of the Canadian National Exhibition Dog Show are now busy whipping things into shape for their 30th annual show, and present indications are that last year's record will be passed. Specialty Clubs are offering their specials for competition and the usual big prize money will be paid. Amongst the additional specials offered in this year's Premium List are two valuable trophies. One for the best in the breed, having the largest number of dogs entered, and another for the best in the breed, showing the largest percentage of increase in the number of dogs entered over 1917 show. The minimum number of dogs in 1917 to be counted as 5.

The judges for this classic event are Mr. J. A. Meadows, of Oakville, Bull-dogs; Mr. A. Delmont, of Pennsylvania, large breeds and Terriers, and Mr. R. Ross, of Montreal, the remainder. We understand that the premium lists will soon be ready, and, as usual, will contain many "new ideas" that will be advantageous to exhibitors and their dogs.

The dates fixed for the Nanaimo Ken-

nel Club annual show are August 27th and 28th. Further details will be published later.

The Western Fair of London, Ont., are to the fore again with preparations for their Dog Show which will open Tuesday, Sept. 10th. \$75.00 in cash has been added to the Prize List in addition to a fine lot of specials. Extensive preparations are under way for the Exhibitors and it is confidently expected that the Dog Show will eclipse all former efforts. The Prize Lists are being prepared and will be mailed out in good time.

All information from the Secretary, A. M. Hunt, London, Ont.

NEW BRUNSWICK KENNEL CLUB.

McLellan, Chas. Conway, B. A. Smith and Wm. Kiervan were appointed with power to add, to arrange and plan for a fall show.

At the meeting a letter of appreciation and acknowledgment was read from the Loyalist Chapter I.O.D.E. for the amount of \$150 paid them, the net proceeds of our previous show.

The date and building will be decided on immediately and any information regarding the above coming show can be had from B. A. Smith, Club Secretary or the President, W. C. MacKay, St. John.

To Whom It May Concern

The secretary of one of our Eastern Advisory Boards reports receiving several anonymous letters which were well and properly filed with the rest of the trash—in the waste paper basket.

In the course of a lifetime we meet divers and sundry types of mankind, some with high ideals, some with no ideals, soothsayers and agitators, peacemakers and trouble-mongers but without doubt the most despicable of all is the writer of anonymous letters.

And in the dog game where all the true fanciers are doing their bit to keep it clean, we regret to note that we occasionally come in contact with the work of these dangerous and dastardly beings.

A good sport loves a fair fight but the person who stoops to writing anonymous letters is like a thief in the night who tries to rob some fancier or some good dog of his best earthly possessions—his good reputation. The short-sighted, narrow-minded, misfit who sends out such epistles would be well out of the dog game.—Let us have fair play.

WHIPPET RACES AT C.N.E.

One of the new features at this year's Canadian National Exhibition will be the revival of the old-time sport of Whippet Racing.

The Exhibition Board are offering \$115.00 in prizes so we may expect a big entry and some interesting racing. Full Particulars will be published later.

Terminal City K.C. Show

The Annual Spring Show of the Terminal City Kennel Club was held May 24th and 25th, and proved the most successful show ever held in Vancouver. War times did not stop the Fanciers from turning out in large numbers, the attendance was good, the specials numbered one hundred and forty-seven in all. The business firms of the city and the Fanciers were very generous indeed, which accounts for the large number of specials. After paying all expenses the Club will be able to turn over to the Returned Soldiers' Club about three hundred dollars. The management of the show had everything working smooth as a clock, the show only being a two-day show made it a case of work hard all the time. Jack Bradshaw, of San Francisco judged all breeds and certainly worked hard. His awards were well received, the class of English Bulldogs benched at this show was the largest and best class of Bulls ever benched in B.C. English Setters were a marked improvement in quality over other years. Cocker Spaniels were also an improvement over the past few years, some nice cockers being benched. Airedales fell down in numbers but in all the exhibit was very good. Fox Terriers was a good entry, especially the young stock among the wires.

36 Pomeranians were benched, making a great Pom. show, some really fine specimens were shown. Maltese were also a nice entry. Collies made a good showing. Bull Terriers were to the front with a good entry. English Retrievers, Irish Water Spaniels, Chesapeake Bay, Field Spaniel, Pointers, all made up a good entry of Sporting dogs. Boston Terriers were a grand lot, taking them all through. Scottish Terriers were a nice lot. English Toy Spaniel, and Japanese Spaniels were all greatly admired. French Bulldogs, eight in number had many admirers. Irish Terriers had but two entries. In Irish Setters there was a battle royal between two nice dogs in the open between Killarney Kitchener and Kitchener, the first named winning. One Russian Wolfhound, a nice dog, and a real nice Great Dane was shown.

Mr. Geo. Pearson, 1st Vice-President was unable to attend the show, being at present manager of the Summer Resort on Bowen Island. 2nd Vice-President, Archie Hogg was on the job at all times and worked hard. Mrs. G. O. Alsen, the never-tiring, ever-obliging, good natured Secretary-Treasurer worked from early morning until the closing hours and at all times wore a smile that would not come off. Too much credit cannot be given Mrs. Alsen for the great success of the show. Assistant Secretary, Mrs. A. R. C. Littledale, was also never-tiring in her efforts, and certainly did her share. Hon. Club Veterinary, T. E. Sleeth, was very painstaking and went over all dogs carefully with the result that a clean show was recorded—the genial Doctor played a double roll at this show. Gerald Halliday was appointed Superintendent but at the last minute, instead of returning to the city, his business called him further away. This was a keen disappointment to Mr. Halliday, as well as the Club, however, at the eleventh hour Dr. Sleeth consented to take on the Superintendent job and he certainly made good. It was said by old and new Fanciers that this show was a lesson to all how a Dog Show should be run. John J. Jackson, as Ring Steward could not be improved upon. Keeping the classes well ready all the time. Archie Hogg acted as Ring Steward also and these two are a pair hard to beat.

Mr. Norman McLeod, T. P. Milner, J. W. Smith, J. Riley, Harry Moore, Frank Archer, Percy Hartney, Dr. T. E. Sleeth, E. T. Earle and Frank Archer's Friend, Happy, worked hard fitting up the benching. Mr. J. Riley at the gate was the right man at the right place, and those who relieved proved also to be on to their job. Mrs. Walter Etres, as Clerk, was a great help to the Secretary. Mrs. E. A. Dunn, Mrs. A. R. C. Littledale, Mr. M. S. Jacobs, Mr. P. P. Hartney worked hard on the special prizes in gathering them all up. Mr. J. J. Jackson kindly gave his time and the use of his Auto for two days in gathering up all the prizes which was a great help to the Club. Mr. Halliday before the show was responsible for securing several specials as was many other members. No doubt I have overlooked several names but at present cannot recall all the good workers. I

wish to thank all the Fanciers who worked so hard to make the show the success it was and also thank the givers of all the specials for all of which enabled the Club to hand over such a handsome sum to the Returned Soldiers' Club.

W. M. COATS.

President, Terminal City Kennel Club.

A further report of this show will appear in our next month's issue.

SHORT BARKS.

Wallace M. Sheehan, of Dalhousie, has purchased that good wire, Westpark Keeper, too well known in Canada to need much comment. New Brunswick is fortunate in getting this good Canadian-bred and one that can still do the fancy a lot of good.

Mrs. H. G. Kennedy, of Calgary, the well-known owner of the Kenarden Toy Spaniel Kennels has sold a very promising puppy to Mr. J. Wing of Calgary.

We are indeed sorry to record the death of that cracking good Bullbitch Ch. Chestnut Ginger. The loss of this grand specimen is not only a great blow to Mr. H. T. Gubb but to the Bulldog fancy at large, as Ginger was a great favorite and it will be hard to replace her. We feel sure the fancy will sympathize with Mr. Gubb in his great loss.

Montreal Kennel Association

ANNUAL SPRING SHOW

May 24th and 25th.

This ever-popular fixture with over 300 entries and very few absentees was held as usual in the Coliseum where ideal arrangements are to be found both for the public and their dogs.

The weather was on its best behavior and drew a record attendance. Like all its predecessors this event will go down in history as a distinct success, not only in number of entries but the manner in which the show was handled and the keen interest taken in the proceedings by all concerned.

The officials in charge are alive to the requirements of the present day fancy and their energetic efforts left very few loop-holes for complaints. The way they agreed and worked together gave one the impression that, they must be all from one kennel. If the Montreal K. A. know a good thing they will hang-on to these officials.

The numerous and valuable specials were the best collection we have seen for many a long day and no doubt had much to do in drawing the large entry. We have often heard it stated, that ribbon shows do not help the sport on account of the poor class of dogs generally on exhibition, the quality at this show proved the assertion to be untrue.

The Montreal fanciers were there in full force along with a good outside entry including several from "across the line" and others from as far West as Toronto. The exhibits from the latter town cut a wide swarth in the prize list.

Miss C. D. McGill, of Montreal, was the judge-elect for Toys, and Mr. G. S. Thomas, of Hamilton, Mass., all the remaining classes. The latter is a past-master at the work and accomplished his task with dispatch and skill. In reviewing the breeds he adjudicated, we find 4 moderate St. Bernards face the music in the first class, the Winners dog, King of Barney, scores over the reserve in face, finish and bone. Glen-arm Bunny, the winner of the opposite sex possesses a nice head, fair body and a good coat.

Bloodhounds were few in number. Prince Sandy was alone in dogs and Wandina Belle had a walk-over in bitches.

Duchess Floto was the best of the few Newfoundlanders entered.

Mosses Lee Leigh headed the Great Dane dog section, his nearest rival being Carlo, who loses to the winner in size, condition and conformation.

Russian Wolfhounds could only muster 4, a young dog named Noble Brussiloff, who ran through his classes from Novice to Winners, is a big, sound hound, full of quality and shows well. Sonora Brussiloff the reserve winner is a nice one, but lacks the size and condition of the Winner. Ina of Moscow was alone in bitches she is a shade on the small side but teeming with quality.

Perdreau was easily the best of the few Pointers present.

English Setters produced nothing sensational, the Irish section were both numerous and of nice, all-round quality. Ch. Lismore Freedom was an easy first in dogs and was put down in tip-top condition. Tyrone Larry, the reserve dog is very typical but lacks the bone and substance of the winner. Sonora Eileen headed the bitch section. A youngster named Sonora Peggy is one that I expect to hear from in the future.

Airedale Terriers were one of the features of this show, seldom, if ever, was there such a galaxy of talent brought together at any Canadian show, 111 entries and very few poor ones, is a record to be proud of, Claycliffe Prince the winner of the puppy class is a promising one and will be heard from again. The Novice Class was a mixed lot, the winner Caesar is a big sylsh dog, little coarse in head and not a pleasing color. Morning Commander was an easy winner in the Junior, he possesses wonderful bone for his size, good rich colored coat of the right texture and shows well. Limit Class saw Claycliffe Tenacity on top with Morning Commander second, the former is a much improved dog and was put down in A1 form.

It was in the Open Class where the sensation of the day appeared when the judge handed the blue ribbon to Silver Birch Banker, second to Polam Maxim, 3rd to Morning Admiration and

reserve to Claycliffe Tenacity. Personally I could not see eye to eye with Mr. Thomas in these placements. If he was giving preference to size over quality he could well have placed the reserve dog second to Banker. Polam Maxim and Morning Admiration are typical dogs of similar calibre and size and I fail to see any consistency of judgment in placing them between the two larger specimens named. Wallaton Preparedness and King Monk both figured conspicuously in the prize list. The bitch classes were well filled and the all-round quality was very noticeable, some real quality youngsters came out in the puppy class, the pick of these being Moorside Princess. Novice Class saw Claycliffe Beauty an easy first, she is full of the real terrier character. Northcliffe Julia was another with many outstanding qualities. The Limit Class saw Broomhill Betty and Claycliffe Pilgrim, first and second in the order named, the former is a much improved bitch, was put down fit and ran through to Winners, followed by the latter who possesses wonderful bone, substance and soundness, has a coat of the right color and texture but loses to the winner in head. Two others in this section worthy of note were Newbold Bunt and Betty Briergate.

Cocker Spaniels made a nice group. Oakley Jackdaw ran through to Winners in Blacks followed by Sonora General Joffre. Bitches were headed by Sonora Lorraine, in Parti-color bitches, Sylvia was the leader.

Collies were few in number, Knocklayde Joe captured Winners dogs, but was closely pressed for that position by Coltness Commander who had run through his classes from Junior and it was only due to his indifferent showing in the ring that robbed him of that honor. The young bitch Quarrybrae Colleen made a clean-up going through from Puppy to Winners and captured special for best of breed, Verdun Oriolo the reserve winner and Knocklayde Rose are two very useful ones and were shown in nice condition.

Bulldogs —This variety brought together the best collection that has been seen in Montreal for many years, many promising youngsters were in competition with the old stand-bys and imported stock.

The winning dog, Alban Darkie, is a recently imported one and should do

some winning, reserve winners went to Overgreen Marquis. Clevelock Molly, the winning bitch was hard pressed by Alban Nora and Hefty Mischief.

A review of the Fox Terriers and Boston Terriers will be found on another page of this issue.

The Irish Terriers, W. W. H. Terriers and Black and Tans were none too plentiful. Scotch Terriers showed up well. The Toy classes were well filled, particularly the Peke's and Poms, many of our best imported specimens were on hand along with the home-breds that will do justice to themselves when matured. This section, however, was robbed of its interest by the indifferent judging, or, (to be more correct) the distribution of the ribbons. This seemed to give general dissatisfaction in that the judge placed them anything but by the standard, consequently many of our best specimens had to take a back-seat to common everyday household pets.

Under such circumstances I do not think decisions arrived at in this way are worthy of consideration. They mislead the public into believing the awards are made according to the standards of the breeds, whereas they are merely the opinion of a person who is either ignorant of, or, is disregarding the rules of the game.

Steps should be taken to remedy these conditions otherwise it will cripple the entries at our shows. To say the least, it is an injustice to exhibitors to have their good dogs adjudicated by people of questionable qualifications.

The judging of the Variety Classes and general specials took place on the evening of the second day. Naturally with keen competition in the major breeds great interest and excitement centered in the placing of these specials which were left in the capable hand of Mr. Thomas. With a ring that would have done credit to the New York show it was indeed a pleasure and a sight to delight the eye of the dog fancier to see all the winners of the various breeds assembled for the Specials. The tit-bit of the evening being the awarding of the handsome trophy for the best dog or bitch in show, any breed, after going over the contestants carefully the judge placed the Airedale Terrier Silver Birch Banker as best and the Fox Terrier Ch. Dusky Bounce reserve. The former had quite

a field-day, making a clean-up in every class he competed in. By his many wins at this show Dusky Bounce made a fitting wind-up to his successful show career. The young Collie bitch Quarrybrae Colleen, after taking everything by storm in the Collies' section annexed several of the general specials, the best of these being for the best bitch in show, any breed. Another youngster who loomed into prominence was the wire-haired Fox Terrier bitch Lady Hasty. The Boston Terrier Count Dee Cee made his initial bow before the Canadian public and created quite an impression amongst the fanciers. We predict big things from this dog in the future. By his success at this show the Pekingese dog Priorwood Pagan completed his claim to title of champion.

London Show

The greatest City in this world is London;

At least that's what the doggie people say;

"Gol darn the luck," that show is quite provoking,

To let Montreal or Ottawa get in its way.

Montreal seemed to be irresistible to the "fancy" on May 24th. To the query, "Where are you going to on the holiday?" there was only one reply. "Montreal, Why?" I cannot imagine, but there you are Danny, that's where the crowd went to. What they went for, or what they got there I don't profess to have any knowledge of, but it is peculiar I'll admit, that they all seem to feel as if they want to go back again at the earliest opportunity. "There is a reason," I know, but what it is beats me. You too, Danny? Strange, isn't it.

London premium lists came out late, and London show suffered because of its tardiness. Still some of the "Sports" found it convenient to make their entries in time, and those who went there had a very nice time indeed. London Dog Show Committee have similar troubles to our Toronto Kennel Club Committee in the way of securing suitable show accommodation, and some of us know what that means and can see our hair grow grey as a result. The London premium list went out before accommodation was assured, just think of it Danny. Can you beat that for nerve? Yes, and they made a show of it too, at that, and we signed their "declaration of (independence)" entries at one hundred and two, do you see the "point?"

Toronto sent quite an encouraging entry, remembering the Montreal attraction, and the following fanciers attended: Harry Wilson and party,

"Jack" Meadows and party, via the automobile route; Mr. J. Graburn, Mrs. Charles Collins, of Welland; Mr. Sautare, Sam Bamford, Ted Ward, etc. "Bob" Ross was the "ermine wearer" and conducted his onerous duties with promptitude and despatch. He placed every dog first except those who won second, third, or also ran, and gee, but Bob looks serious sometimes; scares you stiff somehow, doesn't he Danny?

The specials which were so scarce in the premium list were quite plentiful when the critical moment arrived, and the good dogs had to appear arrayed in all their finery in order to secure their share. The following are the awards and some criticisms offered in good spirit, and only for what they are worth. Bloodhounds—2 entries: 1st J. R. Tennant's Ch. Undine; 2nd, same owner's Ch. Pauline. A worthy pair, showing quality all over. Newfoundland—1 entry: R. Insell's Queen. A real specimen, with size, and in rare condition. Great Danes—1 entry: John Monkhouse's Paddy; winners withheld. Russian Wolfhounds—1 entry: Hugh C. Nickle's Petrofski of Addlestone, 1st and winner; an exceptionally good wolfhound, well coated, but seemed a little out at front. English Foxhounds—3 entries: Open dogs 1st, J. R. Tennant's Harry, a nice hound, heavy enough in head. Open bitches: same owner's Pansy and Evelyn with Evelyn in the limelight, and a nice headed foxhound for me to look at. You too, Danny? American Foxhounds—8 entries: Novice dogs and bitches: 1st, D. Hazelgrove's Flossie; 2nd, J. E. Keay's Hattie; 3rd, Homer Smith's Brownie. Limit dogs and bitches: 1st, J. E. Keay's Vanguard; 2nd, Fred Hier's Jean; 3rd, Hattie. Canadian-bred dogs and bitches: 1st, Jean; 2nd, O. Gunderson's King; 3rd, Brownie. Open dogs: 1st, Vanguard; 2nd, Fred Ligmores' Driver; 3rd, Homer Smith's Bally. Open bitches: 1st, Jean; 2nd, Flossie; 3rd, Hattie. Winner, dogs: Vanguard. Winners, bitches: Jean. English Setters—4 entries: Open dogs: 1st, O. L. Walper's Destiny's Prince; 2nd, Theo. Malin's Destiny's Nuki. Open bitches: 1st, F. W. Gray's Lady Park; 2nd, C. S. Ireland's Fancy Whitestone Jewel. Destiny's Prince, the winning dog, sound all over, a little plain in head qualities, but a "worker" to look at. Reserve, Destiny's Nuki,

was better in head but moved rather badly behind, females had it all over the dogs like a tent, eh Danny! Dells Lady, the pick of the entry, and put down in lovely condition. Irish Setters—1 entry: Mrs. Hugh Stevenson's Lord Roberts, a strapping, big setter, fair head, good coat, but moved faulty in the ring. Cocker Spaniels—6 entries: Open dogs: 1st, J. A. Campbell's Oakley Magpie; 2nd, Mrs. Woolly's Corney; 3rd, Fred Jones' Clinch. Winners, Oakley Magpie. The first Toronto dog to enter the ring and owned by our own Toronto Veterinarian, Dr. Campbell. This dog is a black and white, and easily the pick of the entry, beautifully marked, nice head, grand neck, back and shoulders, and a lovely mover. Collies (Rough)—7 entries: Novice dogs: 1st, Charles Collin's Coltness Dusky Lad, a nice upstanding young dog, showing quality all over, but fails to use his ears at the critical moment. Limit dogs: 1st, Coltness Dusky Lad. Open: 1st, J. D. Strachan's Ch. Coltness Clinker; 2nd, Coltness Dusky Lad; 3rd, E. V. Little's Danny. Good boy, Danny. Winners, Ch. Coltness Clinker. 'Nuf sed! Reserve, Coltness Dusky Lad. The bitch classes were robbed of their charm by the absence of Alick Donaldson's great female Alstead Arbutus, who was over the line for the Collie Club of America Show, and could not get back to Toronto in time to fulfil her London engagement. Winners, bitches: Donald Soper's Leith Lassie. Poodles—1 entry: 1st, open dogs and bitches, Master Robert Simmon's Toodles. Winners, withheld. Dalmatians—1 entry: J. L. Constantineau's Ch. Prince of Lore-dew; a really high-class specimen with no outstanding faults. sound as a dollar fore and aft and ab-so-lute-ly perfect in markings. This specimen made the competition stifling in the variety classes and cut a wide swath in the general special column. English Bulldogs—17 entries, and one of the most interesting in the show. H. T. Gubb's Regal Rascal, Neil W. Renwick's Toronto Lad, Chas. S. Webber's Hillborough Mike making a trio in the open dogs (under 45 pounds) that was really a sight to behold, a real treat Danny, eh? and were placed in the order given. Open bitches offered 5 competitors and all were good. Of course, Bob Ross had to show that some were better than

others, and when the smoke of battle had cleared and hearts beating regularly, it was found that friend Gubb had scored again with Ch. Chestnut Ginger, followed by Neil W. Renwick's Blue Diamond and Chas. S. Webber's Little Hilda. While Regal Rascal was, the winner in dogs, it should be said that the beautiful Ch. Chestnut Ginger was easily the pick of the whole works, in fact the bitches showed better class all round than the dogs, eh, Danny boy? We thought it a case of "When Greek meets Greek" when looking at Blue Diamond and Ch. Chestnut Ginger in the ring, a good little one meeting a good big one, with the usual result, eh Danny? Airedales—6 entries. With Toronto dogs and bitches doing a double header again our Airedales have enthusiastic supporters in the East and West. In the East by James W. Bain, K.C., and in the West by Norman McKenzie, K.C.; to-day the Eastern dogs are on top. Open dogs: James W. Bain's Rosecroft Jersey Lightning. Open bitches: James W. Bain's Birchcliffe Perfection, to crown this placing. The wire comes from Montreal: Winning Airedale, Silver Birch Banker. Surely everything good starts in the East. Rosecroft Jersey Lightning is a well balanced terrier with a real coat of beautiful color, nice head, eye and ear; nicely boned, with best of legs and feet, and every minute made the most of his chance. Narrowdale Nimrod also is a terrier of the highest class but didn't have the "skillful Swann" at the other end of the lead, and as Danny says, it was a nip and tuck decision at the best. Bull Terriers—1 entry: R. Brand's Jessie, 3rd in limit and open; winners withheld. French Bulldogs—5 entries, with Jack Meadows on top of the scoring list with his beautiful little Dundee Patricia, a rare headed, nicely balanced little bitch that can hustle the best to win. One dog was disqualified, being minus an eye; outside of that he was a cracking good Frenchman. Boston Terriers—11 entries. The dogs here were a disappointment as regards quality, and while the ribbons were handed out as per custom, we noticed that the white winners' ribbon was again withheld. Bitches: R. Collin's Goldona Girlie had a hot time getting the blue ribbon, being closely pressed by the winning puppy bitch, E. T. Decker's

Magic Raffles, a little beauty who requires time to mature. Winners, bitches: Goldona Girlie. Fox Terriers (Smooth)—10 entries, and 10 poorly-filled classes. We expected more in London. Here, Sabine Reflex, after a tiresome journey from Texas, was able to turn the trick, and as Danny says, here is a real high-class smooth, magnificent head, neck and shoulders, legs and feet; looked plenty long enough in body, and, everything considered was probably lucky to catch Sabine Rifleman a shade too fat on the day; those two sterling specimens made the most interesting showing imaginable. Bitches showed lots of quality and H. M. Whitsitt's Sabine Footlights is far more than a useful bitch. Frank Westbury and H. M. Whitsitt made all the entries, and had all the fun to themselves. Fox Terriers (Wire)—9 entries: Here was a battle royal between two top notchers. Sam. Bamford's Mickey's Model and G. and G. E. Ward's Milton Magpie. There they were up on their hind legs, straining and snarling, two real terriers. Bob is taking a long time to decide, says Danny, and that was true, but Mickey's Model was in full coat while Magpie was found a little short, and so they were placed accordingly, but it was pretty close at that. W. H. Shortt had it easy picking in bitches, his Oldcliffe Biddy is a real good little one with a rare coat, head, eye and ear, while his Forest City Melody is a red hot, peppery, gingery terrier all the way. Same owner's Miss Top Notch loses to her illustrious kennel mate in foreface and coat bloom. Scotch Terriers—1 entry. "A braw, bonnie wee Scotch lassie," as Danny said, was H. Gowdraidge's Bonnie Lassie. This was the only taste of "Scotch" in two long days. Can anyone imagine anything so dreadfully cruel? Black and Tan Terriers—1 entry, and not up to the calibre of McLean's of Ottawa. Pomeranians were an uninteresting lot and left room for an entry of the McNaughton type. Pugs and Harriers brought out 2 each which completed the list.

Variety, Class A. Terriers, including Bostons—1 entry: W. H. Shortt's Oldcliffe Biddy. Variety Class B. Non-sporting, other than toys—3 entries: 1st, H. T. Gubb's Ch. Chestnut Ginger; 2nd, J. D. Strachan's Ch. Coltness Clinker; 3rd, Mr. Constantineau's Prince of

Loreden. Variety Class C., Sporting dogs, other than terriers—1 entry: O. L. Walper's Destiny's Prince.

A word of appreciation is here due to the officials of London Canine Association who had everything in splendid shape, the benching was beautifully clean and thoroughly disinfected, the exercising yard roomy and sanitary, the courtesy all that could be desired. All in all their effort was worthy of a much larger entry and only for the conflicting dates would have been a 2 or 3 point show. Moral: beware of the other clubs' dates.

Successful Evening Show in Toronto

BOSTON TERRIER CLUB OF CANADA.

The above-mentioned club held a very successful evening show, open to all breeds, in the Broadway Hall, Toronto, on May 30th. Classes were provided for all breeds and a very attractive collection of specials drew a large entry. The secretary and officials are past-masters at staging a show consequently everything went off in nice order. Almost every breed had a special to compete for and they were so arranged that no dog could step in and make a clean-up. The Hall was packed with an interested crowd and the entry exceeded expectations. Boston Terriers and Collies made the largest sections. The judges for this event were Mr. R. E. Stonehouse, Boston Terriers; Mr. Bert Preston, Bulldogs; Mr. J. Waggett, Collies, and Mr. N. K. Swire, the remaining varieties and general specials. PEKINGESE CLUB.

The newly-formed and enterprising Pekin Palace Dog Association of Canada made their debut at staging an evening show, open to all breeds, and it will go down on record as one of the best matinee shows ever held in Toronto. Never before have we seen such an array of specials offered at an evening show, almost every breed had a special of its own and it is little wonder such inducements drew an entry of over 300. The show was opened by D. M. Carruthers, Esq., who gave an interesting account of the Pekingese from its origin as the sacred dog of China. The address was thoroughly enjoyed by the large and appreciative audience. At the conclusion of his remarks, Mr. Carruthers presented to the president's wife, Mrs. Davey, a beautiful basket of flowers and to the secretary, Mrs. C. Trainor, a Cut Glass Vase, on behalf of the Club. Mrs. Mitchell who officiated as judge of the Pekingese was also the recipient of a lovely bouquet of flowers. The attendance, although not a record one, was very large and if the arrangements of this show are any criterion of what this young and ambitious club are capable of doing, we predict "big things" in the future.

The energetic secretary and officials are to be congratulated on their first venture, one and all did their "bit," and did it well.

The entry was large and the competition keen and the judges had no easy task in arriving at their decisions. The judges who officiated at this event were: Boston Terriers, Mr. W. Austin. Bulldogs, Mr. E. Johnston. Cocker Spaniels, Mr. F. Smith. Collies, Mr. D. Wheller. Pekingese, Mrs. Mitchell. Pomeranians, Mrs. Foster. Fox Terriers at the Montreal Show

(Specially Reviewed for Kennel and Bench).

Fox terriers were the feature of this show. The Wires headed the list of breeds in point of numbers, there being 48 dogs entered which is a record for Montreal, the recognized hot-bed of the Wire fanciers. Smooth, of which there were 9, made up in quality what they lacked in quantity. Geo. Bailey came out with a Smooth puppy that will surely be heard from at the Fall shows. There were very few absentees and the entry was a great compliment to the judge, Mr. G. S. Thomas, of Hamilton, Mass., the well-known all-rounder and Fox Terrier specialist. There is no doubt that our Wires are progressing along the line of improvement and many of the home-breds were a credit to their breeders, and the general run of the exhibits were of the right type and size and much better in coat and general quality than a few years ago. And 48 dogs with 143 entries shows that this breed are steadily forging ahead in popularity. The awards by classes were as follows:—

Smooths.

Novice, dogs—1st, F. C. Smith's Rex, alone in class.

Open, dogs—1st, Sabine Rapture in great shape and shown well by Alf. Delmont. 2nd, Ch. Clapton Sensation is well known but few of his friends would have recognized him in the condition he was put down in, he is a dog of remarkable substance and very well balanced throughout but was barbered to the king's taste and showed signs of hasty trimming about the back, shoulders and hindquarters.

Winners dogs, Sabine Rapture.

Puppy bitches—1st, Geo. W. Bailey's Clapton Tempest. 2nd, W. R. Aitken's Artists Model, a nice puppy but not yet matured.

Powesland's Wire Betty, another real good one, exceptional legs and feet, excellent hindquarters, a trifle doggy in head but a high quality bitch, her coat is a bit twisted or she would have been higher, Mr. Thomas showed a preference for a flat coat. 3rd, Miss J. G. Hinkle's Clapton Vimy Ridge Victory a real good one loses to the other two in body and hindquarters.

Our Front Page Illustration

We take great pleasure in introducing to our readers our latest bulldog fancier, Master Jack Dowling, who by his smile seems to show the assurance he has in his charge, Ch. Judy of Lambare (15508), of topping the lot in the ring. Her past record as a show dog would warrant his confidence as the following wins are proof of her ability. 1st Puppy, 1st Junior, 2nd Limit, 2nd Open. Bulldog Breeders, 1st Puppy, Oakville; 1st Puppy, Toronto K.C.; 1st Limit, 1st Open, Winners. Canadian National, 1st Limit, 1st Open, Winners. Western Fair, 1st Puppy, 1st Novice. Rochester, U.S.A., 1st Limit, 1st Open, Winners. Danbury, U.S.A., 1st Limit, 1st Open, Winners. Oakville, 1st Open, Winners. Bulldog

Breeders, 1st Open, Winners. Blue Cross in 1916, 1st Open, Winners. Toronto K.C., 1st Open, Winners. Montreal K.A., 1st Open, Winners. Regina K.C., 1st Open, Winners. Western Fair, 1st Open, Winners. Bulldog Breeders in 1917. These are wins in the C.K.C. and A.K.C. recognized classes and shows, her full list of wins and specials would fill our whole magazine as she has been best dog or bitch, best Canadian bred, best breeders and best bred in the American Continent, and the Variety classes was always in the money. Besides her wins she has reared every pup she whelped. No wonder Jack Dowling smiles when he thinks of the wonderful and exceptional specimen of a Bulldog he has in charge.

The Pomeranian

No breed of dog has probably undergone so many changes as the Pomeranian. From the big, eighteen pound Whites benched in England in 1877, who would now be called Samoyeds, Spitzs, in fact anything but a Pom, to the present-day miniatures weighing as low as 2½ pounds.

Most writers agree as to their descent from the Artie Sledge dogs and it is really amazing to think that careful and continuous inbreeding has taken some fifteen pounds off the little mites and yet has left them their good thick frill and stand-off coat and their perky and lively appearance, which is a Pom's best charm.

About 1877 when the first specimens were shown at some of England's principal shows, the Whites were the only ones considered and although they were thought totally useless and of a snappish disposition they attracted considerable attention and subsequently the Blacks were launched forward and became widely popular. But Dame Fashion varies and a few years later the Chocolate and Blues were all the craze. At the present shows the above four are yet widely catered for, but the fad is certainly now for the Wolf or Orange stables, to my mind the most attractive of the four varieties. As house pets the Pomeranians are ideal little watch dogs as their ears are keen and a disposition to bark seems deeply

rooted in them; they are usually clean and their affections are generally centered upon one favored person.

The standard of points as put up by The Pomeranian Club of London, reads as follows:

Head—Foxy in outline. Skull slightly flat and large in proportion to muzzle which should finish fine, free from lipiness. Teeth level and not undershot; hair on head and face smooth and short.

Eyes—Medium size, rather oblique in shape; bright and dark in color and not set too wide apart.

Ears—Small and carried perfectly erect, covered with smooth, short hair.

Nose—Black; although brown or liver are accepted; butterfly or white nose objectionable.

Neck and Shoulders—Neck rather short and well set in, covered with profuse mane and frill of long, straight glossy hair; shoulders clean and well laid back.

Body—Body compact with short back; well ribbed up and the barrel well rounded. Chest fairly deep and not too wide.

Legs—Forelegs perfectly straight of medium length; forelegs and thighs well feathered; feet small and compact in shape; no trimming is allowable.

Coat—Undercoat soft and fluffy, covered by a long, straight and glistening coat covering the whole body and being very abundant around neck, fore part of shoulders. Chest, where it should form a frill of long flowing hair extend-

ing over shoulders. The hindquarters clad with long hair or feathering from top of rump to the hocks. The hair on tail profuse and flowing over back.

Tail—Tail well twisted up from the root, tightly over the back or lying flat, profusely covered with long hair.

Color—The following colors are admissible—white, black, blue or grey, brown, sable or shaded sable, (including red, orange or fawn) and parti-colors. The whites must be quite free from lemon or other color and the blacks, blues, browns and sables from any white. A few white hairs on any of the self-colors shall not absolutely disqualify but should carry great weight against a dog. In parti-colored dogs the colors should be evenly distributed on the body in patches, a dog with a white foot or chest would not be a parti-colored. Whole-colored dogs with a white foot or feet, leg or legs are decidedly objectionable and cannot compete as whole-colored specimens. In mixed classes where whole-colored and parti-colored compete together, the preference should be given to the whole-colored specimen, if, in other points they are equal.—“Ellimae.”

EASTERN DOGS GO WEST.

On July 20th, a special car for dogs, in charge of Bert Swann, will leave Toronto, to attend the Regina Exhibition Dog Show.

This presents an unequalled opportunity for Eastern fanciers to get in touch with Western competition, and at the same time place their stock on the Western market at a nominal cost.

The car will be fitted up with due consideration for the comforts of the occupants.

A nominal fee will be charged which includes transportation, feed, attention, preparation for and handling in the ring. Fanciers desirous of availing themselves of this grand opportunity should write at once for particulars to Bert Swann, Parkdale Kennels, Humber Bay, P.O., Ont.

Mr. J. F. Lakin's recent importation, that good bulldog Heywood Marco, who has done so well in Canada during his brief stay here, has been sold to a well-known fancier in California. We prognosticate a wonderful career for this dog on the coast and he should have no trouble topping the lot out there.

Mrs. W. C. T., Stonewall, Man.—Some months ago my Airedale bitch had a litter of 8 puppies and took a fit, since then she has taken two more fits. Can you tell the cause and if I can do anything for her. Also is it dangerous to have here around with children.

Answer.—The fits are likely due to a run-down condition, the results of nursing eight puppies and she may be one of those finely bred, nervous kind. When dogs start having fits after they are full grown there is a tendency to have them frequently. Feed the bitch well, exercise her regularly every day avoid anything that may excite her. Get the following mixture made up: Potassium Bromide $\frac{1}{2}$ ounce. Water to make 8 ounces. Give a dessertspoonful morning and night. There is no danger of the children being injured by the dog while in a fit, unless they handle it.

J. H., Simeoe, Ont.—My Cocker Spaniel bitch had four puppies recently. I find they are in a very dirty condition. She makes no effort to clean them, this is her second litter, the last time she was very good in this respect.

Answer.—You will have to examine the puppies carefully morning and night, bathe the parts with a warm boracic acid solution until clean and keep smeared with vaseline, it is diffi-

cult to account for the bitch neglecting her duties unless she is sick.

Novice, Que.—Answer.—Get the following lotion made up and bathe the parts 3 or 4 times a day: Tincture Iodi, 1 minim; Cupri Sulphras, 2 grains; Aqua Camphor, 1 ounce.

W. B. D., "Neptune," Sask.—I have a long haired Spaniel dog that has trouble with his head, there seems to be something in his ear, he shakes his head a great deal and his ear seems quite sore when I touch it but I cannot see anything. It does not discharge any matter.

Answer.—Your dog has canker of the ear. Make some Boracic Acid solution, a dessertspoonful of the powder to a pint of boiling water. Pour about a teaspoonful into the ear and gently massage for a few minutes, then insert a piece of absorbent cotton and carefully clean out. When dry, dust in some of the Boracic Powder. Do this twice a day for a while, then once daily until the irritation subsides.

"Bostonian," London, Ont.—Answer.—Get the following ointment made up and smear in the eyes morning and night after bathing: Yellow Oxide of Mercury, 3 grains; Vaseline, $1\frac{1}{2}$ drams.

SHORT BARKS

The Ontario Collie Club is in a healthy way, and are considering a new constitution, an open air show, trip across the lake, striking a medal, etc., etc.

Mr. H. Selby, of Regina, Sask., has his Irish Terrier bitch Peg O'My Heart busy looking after a fine litter of five by that winning dog Sonny Mike McGinty, he by Ch. Bolton Wood's Depot. The above-named bitch has only been shown once, that being at Calgary Spring Show and she accounted for 1st novice, 1st limit—winners.

We hear that Mr. P. E. Aird's Collie bitch Iberville Dolly had a nice litter of 11 healthy puppies by the well-known dog Knocklayde Joe. Another matron named Bridgebank Maud owned by Mr. McIntosh is also nursing a litter of 7 by the same sire.

All those interested in Fox Terriers should write for information regarding this Club. Officers will be elected as soon as a good representative membership is obtained.

A little excitement was created amongst the Toy fraternity at the Montreal K. A. Show when one of the exhibitors laid a protest against the Pekingese dog Priorwood Pagan on the ground that the dog was blind. The Veterinary Surgeon was called and pronounced the dog's sight to be O.K. The judge Miss McGill was then called and refused to rejudge the class stating that only total blindness disqualified and that although Priorwood Pagan had a marked eye he was even then, by far the best Peke in the show. Mr. G. S. Thomas afterwards awarded the dog several specials so the objection was ruled "out of order" and Priorwood Pagan went on with his "winning ways," not only did he complete his championship at this show but carried off a load of Specials.

Another Tribute to Our February Illustrated Number.

That the dog fancy in the Dominion is doing its bit for the dog goes without saying. The February number of the Kennel and Bench, the official organ of the Canadian Kennel, is a dog show or holiday number of which they should feel proud. The paper is printed on heavy calendared stock, bringing out the many half-tone reproductions of Canada's best dogs in admirable shape. The advertising columns have been liberally supported, and shows that the fancy is in a good, healthy condition, and are keeping their breeds before the people all the time. Kennel and Bench is now in its sixth year, and is on a good, solid foundation, giving, as it does, all the news of the Dominion.

"Field and Fancy."

Short Barks

Mrs. Bagnell, of Calgary, is rejoicing over a nice litter of Boston Terriers, by R. Thomson's good dog Novelty.

We hear that Mr. S. Hollingsworth, of Alta., has mated his imported cream Pomeranian bitch to Mrs. R. Thomson's Ch. Maycliffe Gold Flake.

Mrs. Goodwell's Boston female has presented her owner with a nice litter of 3 males by Ch. Jhums Model.

Mr. W. Morgan's Boston Terrier has been on a visit to Mr. R. Thomson's good dog Novelty. Good results are expected from this mating. Mr. Grainger is rejoicing over a nice litter by the same dog.

We hear that Mr. J. S. N. Dugan's wire-haired Fox Terrier bitch, Donnington Verdun, has presented her owner with a litter of 7 very promising puppies, 3 dogs and 4 bitches, by Mr. W. R. Aitken's imported dog Hasty Homage. Mr. Dugan also informs us that he has sold all his Irish Terriers to the well-known Montreal Vet. Dr. Villeneuve, the lot consisted of Bob Ross's old Copper Queen and her daughter Verdun Biddy, by Thorneroft Dictator, also Biddy's daughter Verdun Peggie by Ch. Coast Native Prince. The doctor has made a good start and has already mated two of them to Bob Ross's good dog.

MASTER PENFOLD

Short Barks From Regina

Mr. Jack Newman the proprietor of the Beau Bel Kennels is probably the first fancier in that district to have the distinction, or misfortune, to lose a dog on the way over from England. This was an Airedale bitch named Tintern Kitty from the famous kennels of W. J. Phillips of Birmingham and had been mated to Tintern Bulls Eye before leaving. Kitty left England on May 2nd and reports show that she went down with the boat on May 5th. Mr. Newman is too good a sport to be discouraged at this loss and has cabled for another bitch of high degree.

Mr. Newman has also bought the American-bred bitch, Baughfell Blossom from K. L. Jeffery of New York City and intends trotting her out at the Regina Show. Blossom's last appearance in the American show ring was at the W. K. C. show, N. Y., where she landed second in strong competition.

Mr. A. O. Underbake of Chamberlain, Sask., has purchased the Airedale bitch. Preparedness from Mr. J. A. Newman. Soon after her arrival at her new home she presented her owner with a nice litter of 5 dogs and 3 bitches by Almonte Highland Princee.

Mr. Alex. MacKidd, of Winnipeg, has sent his Airedale dog Vickery Test to the Cactus Kennels, Regina. A. P. Semple, the magnet of these kennels is going to take Test in hand and trot him out at the coming Calgary and Regina shows. Mr. Semple has also another young Airedale dog by Midland Master G. that will make his debut at the above-mentioned shows.

Mr. R. J. Hinds, of Zealandia, Sask., has purchased a good young Airedale bitch pup from Fred Blake, she is by Clonmel Master Crack out of Almonte Snow Bird, she is only 5 months but already showing great promise and is receiving her finishing touches at the Beau Bel Kennels.

We have been fortunate in securing the services of Mr. Bert Finch to supply us with a review of the breeds at the Calgary and Edmonton Shows. We hope to have these in time for our next issue so that exhibitors will have an opportunity of reading what an expert thinks of their dogs.

Mr. R. J. Hinds has sold his good brood bitch, Prairie Jessie, to S. L. Killen, of New Lindsay, Alta. Jessie is by Ch. Auckland Lucky Stone and has done a lot of good winning. We wish Mr. Killen the best of luck with his new purchase.

On May 23rd the Chinook Kennel's Warleigh Patricia whelped 7 nice puppies by their stud dog Astoria Boy, and on June 2nd the same owner's Astoria Betty gave birth to 4 promising youngsters, by Irish Baby Boy. Alberta fanciers should make a note of these pups as some of them are sure to be future winners. Both the sires and dams are noted bench winners. Naturally we are looking for something good in these litters.

Two car loads of dogs are promised from Winnipeg for the Calgary Show, these will be in charge of Messrs. McGill, Kynoch and Fletcher.

A. P. Semple, H. Wild and J. Newman are also bringing a big consignment down from Regina. We also hear that J. J. Jackson will make the trip from the coast with over 20 dogs. Bill Quilley, of Edmonton, has also promised to bring a car load. Everything points to this show being a real "hum-dinger."

NEW BRUNSWICK NEWS ITEMS

Bob. Short, of Sea Dog Cover, N.B., reminds us he has a likely English Bulldog bitch, Woodcraft Blackness, a dark, brindle, lightweight with white collar markings.

Woodcraft reminds the fanciers that few men in America have had more, if as much success in lightweight bulldogs, than Harry Ruston, others may have bought as many winners but few have bred so consistently as this man of Ashbury Park. Woodcraft Blackness has a likable headpiece, is quite good in front, fair in body as she has time in her favor she will improve, being a little over a year old. The sire is Astoria Boy out of Faraway Queen, a well-bred bitch. I wish you luck with this one, Bob.

Robert Magee, of St. John, N.B., a lover of the red tykes is keeping to the fore with a promising puppy purchased from John A. Bell, Jr., of the Holmehill Kennels of Irish Terriers. This puppy is sired by the Champion Wrose. Badger out of Homehill Vixen.

Geo. Gray, of St. John, is much pleased with his nice litter of Irish Terriers out of his bitch, Crowgill Shiela, six of them, mostly dogs. Lucky man! George. These were sired by Vickery Ignits of the Drumelamph Kennels, it was reported to me a couple of stormers are in the lot.

St. John will no doubt have its annual show this fall and I am looking for a lot of new faces on the bench in Cockers, Pointers, Scotties, Airedales and Wires, not to mention the above.

John McSorley, of Fredericton, N.B., has a nice litter of Airedales out of his Celestial Dream they are by Kenmore Conjuror, though quite young they showed fairly good heads, nice fronts and rich color.—Robert B. Laskey.

"LAST OF THE OLD GUARD."

Two English Setters, Wyoming Valley Flash, A.K.C. 155167 and Champion Wyoming Valley Salop, A.K.C. 131709, have crossed the River Styx to their happy hunting ground. These two good setters were imported by Mr. Robert Smith in 1910 from the then famous kennel of Messrs. Chase and Posten, Wilkesbarre, Penn. Wyoming Valley Flash was bred by John Gaynor, who

used the greatest stud dog of English setters known, the Champion Mallwyd Sirdar, as sire, the dam of this bitch was Shiela Noble II., who has produced some good ones. Flash was whelped June 25th, 1907. She proved a good buy for Bob Smith, both on the bench and as a proved matron. In color she was a blue Belton, a bitch of nice conformation in body, best of legs and feet, a good mover in ring or field. I have seen several good puppies out of this bitch, sired by Ch. Wyoming Valley Salop. The latter was whelped June 3rd, 1908, bred by Chase and Posten. Sire the Imported Bruce of Salop, dam Champion Wyoming Valley Madcap. In this same litter was Wyoming Valley Maybelle, sold by the said breeders to the late lamented A. G. Hooley for \$1,000. (Thousand). She soon made her championship and under Mr. White at the Madison Sq. Garden, N.Y., 1911, was awarded the special for best English setter, defeating Ch. Mallwyd Rock. Maybelle was pronounced then an almost perfect specimen of English Setter.

Wyoming Valley Salop was a large yet very typical dog of the Mallwyd type, he carried a beautiful head, splendid body, legs and feet with a true running gear, though he naturally slowed up the last couple of years. In color a well marked blue Belton and when put down fit was a most likable dog and was much commented on by men like Charlie Mason, Geo. Thomas, Doctors Hair, DeMund and Alfred Delmont.

It is the writer's opinion that too many setters are benched in Canada that are on the small size instead of sixty or sixty-five as the standard allows, they run nearer fifty and bitches much less; that is—too fine all through, slab-sided, lacking in bone and substance or too low at the shoulder; whereas the general cover is often heavy brush and rough and that requires weight and wind with a strong running gear. Bob Smith has a good son out of the two aforementioned dogs in type and markings very similar to the sire and dam, is a credit to the breeder and no dog has a more indulgent master or mistress than Mr. or Mrs. Smith; they both know the breed, and what Mrs. Smith says about their dog . . . goes!—Robert B. Laskey.

SHORT BARKS

We hear that Mr. A. V. Webley, of Ottawa, has purchased that grand Russian Wolfhound dog, Petrofski, of Addlestone, and his kennel-mate, Sophia, from our well-known fancier, Mr. Hugh Nickle, of Kingston. We wish Mr. Webley the best of luck with these two good hounds.

Mr. G. A. Dixon, of Ottawa, informs us that his Toy Poodle, Dimples, has given birth to a nice litter by his dog, Wee Jock. There are two dogs and one bitch, all are healthy and showing great promise.

The W. W. H. Terrier, Tibby, owned by Mr. A. Buchannan, of Toronto, has presented her owner with a promising litter of 3 dog puppies, by D. McKellar's well-known dog, Argyle Snow-drift.

Mrs. J. H. Enright, of Montreal, informs us that her parti-color Cocker Spaniel, Sylvia, has just weaned a promising litter of five sturdy youngsters, by that beautiful black dog, Robinhurst Tommy. Sylvia took the prize at the Montreal Kennel Club Show last month for best Cocker dog or bitch in Show.

Mr. W. G. Higbee, of Fonthill, Ont., is rejoicing over a grand litter of Airedales, by the well-known dog, Silver Birch Banker, out of Glendale Biddy. He informs us that there are 5 big strong puppies all doing well and showing great promise.

Mr. Wm. Downs reports a grand litter of Bulldogs, by St. Lambert's Duke. There are 5 dogs and 2 bitches and the owner tells us that a few of them will be heard from in the future.

NOTICE.

We request all our patrons who send in anything for publication, either advertising or reading matter, to try and get it to us before the 20th of the month and even earlier if possible. Matters coming in late delay the publication nearly every month. We do not like to omit anything; but it will be necessary to do so unless your copy gets here in time.

SHORT BARKS

Mr. S. Almond, of Montreal, informs us that he has just received from England that grand English Bulldog, Tam-Him. This dog was purchased from that well-known fancier, Mr. Frank Walker, who describes the dog as follows: "He is the best headed dog in England, has a wonderful skull measuring 22½ inches, very deep short face, plenty of wrinkle with a grand turn-up of under-jaw. He has big bone, grand shoulders, low to the ground, good ribs and nice lean hind-quarters, well cut up, perfectly carried and short screw tail. He is golden brindle with white chest, and is a heavyweight of exceptional quality. Tam-Him is by Fulton, out of Dauphne Mac, being Stone breed on the dam side. As this dog is a proven sire he should be a valuable addition to the breed here in this country.

Mr. J. Barlow, Westboro, Ont., reports a litter of 5, all males, from his imported miniature Pomeranian Canadian Rose, by Poninia Orange Fly, by Ch. Dragon Fly, and they are all genuine color throughout. He is also expecting a Pomeranian dog from England any day, which he hopes will arrive safely in time for the fall Shows.

In a letter from the well-known Airedale fancier, Mr. P. Bawden, of Ridgetown, he says: "It may interest the readers of K. and B., to know of what I consider a record for an Airedale litter, Caerphilly Betty, whelped 15 puppies, on May 9th, sired by Coach Performer.

Mr. J. H. Kenyon's Yorkshire Terrier, Haslington Florence, has presented her owner with a nice litter of 4, two of each sex, all are very promising and healthy, these new arrivals are by Mr. Kenyon's good stud dog, Ch. Haslington Mons.

Mrs. M. Mathews, of Toronto, is rejoicing over a grand litter of Pomeranians, out of her bitch, Black Dot, by Mr. A. Wilding's Nipper. These youngsters were born on May 31st and are already showing great promise. There are 4 males all jet black and we wish the owner the best of luck.

H. Robinson, the late kennel manager of the Colne Kennel's, has bred his good Airedale bitch, Colne Sociable Mistress (Ch. Rockley Oorang-Ch. Mistress Royal) to the good young dog, Morning Commander. Another good bitch, Colne Lady Go Bang, by Colne Tango, has been bred to Morning Admirer, so that Mr. Robinson should have something good of his own to look after in the near future.

N. McConnell, the well-known Airedale expert of Vancouver, B.C., reports the arrival of a fine litter of seven puppies by Tintern Tip Top. At the present time there is another bitch from Mr. McConnell's kennels at Anoakia to be bred to Tip Top. This makes the fifth bitch from this well-known fancier's kennels to be bred to Anoakia stud dogs during the past year.

An addition to our stud column this month is that well-known imported dog Hasty Homage. This dog is siring exceptionally good stock and should command the attention of Fox Terrier breeders. At the recent Montreal show, one of his get, Hasty Lady, created quite a sensation by romping through her classes to winners.

With a view to strengthening their kennels the proprietors of the Verdun Collie Kennels have recently purchased a string of 4 nice females, their good bitch Hanwell Sally has been mated to Knocklady Joe. Good results are expected from this mating.

Mr. D. Fear's sweet Collie bitch, Maitland Lady is nursing a nice litter of seven, they are the first to claim Coltness Commander as Daddy.

We hear that imported Ormskirk Fleetfoot, has changed hands, and that J. D. Strachan is her new owner. Watch out for his next move.

Coltness Collies had a field day on the 24th. Winners and reserve winners at London and reserve winners at Montreal.

J. D. Strachan says: Oh! for an hour and an acre, then there would be something doing.

Recent importations in English Bulldogs into Montreal include the good lightweight dog, Alban Darkie, by Mr. Malevitch, the heavyweight dog, Tam Hin, by Mr. S. Almond and the well-known bitch, Deodora Savage, by Mr. Francis. Things were never stronger in Montreal among the short face family than they are at present. The recent Show of M. K. A. saw the best class of Bulldogs ever benched in that City and competition was very keen. Toronto will certainly have to slip some new ones if they intend to hold the position they have always had in the Bulldog world of Canada.

Mr. Percy R. Francis, the President of the English Bulldog Club of Canada, writes us as follows:

I have to report that things have been very good with my dogs during the last month having sold 2 dogs to Quebec, 1 to Three Rivers, 1 to Westmount, 1 to St. Lambert, 1 to Townships and a good bitch to Outremont. The Stud dog, St. Lamberts Duke, was visited by bitches from Mr. Letoucaseau, Quebec. Mr. Downs, Outremont, Mr. Falconbridge, Montreal, Mr. Evans, Three Rivers, and Mr. Spracklin, of Montreal. I have also bred the good little bitch recently imported from the States to the Duke, from which I expect good results.

Never were there as many fanciers in the game as at the present time and when conditions get more normal I look forward to seeing Montreal fanciers among the leaders on the American Continent.

We hear that Walter Scott, of Calgary, has purchased a good Airedale dog from W. Ormsby, of England. It is expected that he will arrive in time for the big show in July.

Alstead Arbutus was unfortunate in being held at the border, on her return from the Collie Club Show of America, spoiled a real easy chance at London, where the winning bitch was a very ordinary one.

How many Eastern dogs are taking in the Western Shows this summer? and is Bert Swann taking the usual carload?

OUR LONDON LETTER

The study of a breed of dogs cannot be complete without its Standard. Let me, therefore, mention that of the Shepherd's dog, or German Sheepdog as the breed is commonly known. I propose to give you here a Standard detailed and commented upon.

General Appearance. A little over the average size, rather elongated, strong and well muscled. Sprightly and wide-awake, few things escape his notice, senses sharp. As to size, dogs of different regions differ somewhat, but the height at shoulder is being maintained on the average; for males between 55 and 60 centimeters (one inch is about 2½ centimeters) and for females between 50 and 55 centimeters.

The above figures are the most desirable and desired for working dogs. Bigger dogs (under the condition, of course, that all parts of their conformation agree with each other) are too heavy in weight to be able, under any circumstances, to work long hours. Consequently, a height at the shoulder of 63 centimeters—maximum 65—should be considered as an extreme limit. Independently of this, dogs exceeding the above limits should be rejected, for such dogs do not represent the regular type. They are not generally dip in the chest, the bone is too light, which, although increasing the speed, diminishes the endurance. Dogs that are under the average size, on the contrary, are too light in bone and in body, which also affects their endurance.

We notice generally that small dogs (between the limits of mentioned sizes) are to be preferred in the regions where the state of cultivation of the soil requires an animal of high quality and especially mobile, for instance in a part of Belgium and Holland, whereas bigger dogs are to be especially found in the regions where great stretches of pastures are to be met with.

On the contrary, we find that the average sizes of Collies are the same as on the Continent of Europe; the Dutch sheepdogs measure 45 to 60 centimeters, the Belgian sheepdogs 55, the French, 55 to 65.

In any case, the excellent qualities of temperament (vigilance, fidelity, incorruptibility) of the breed in question, provided it is pure-bred, render it especially useful as guards and for defence. Of course, bad specimens should be re-

jected, but this should not deter anyone from the question of the capabilities of the breed in general.

Head proportionate to the size of the body, lean in its general aspect, sufficiently large between the ears, without being coarse. The skull slightly domed without any central furrow, or with a but slightly pronounced furrow. The cheeks extend on each side, with a slight roundness, but without spreading out. The upper part of the head finishes in a little pronounced stop and in a slight declivity, with a pointed muzzle, long and lean. The muzzle is strong, the lips are stiff, lean and well-closed. The bridge of the nose is straight and parallel to the line of the prolongation of the forehead. The teeth are strong and like scissors, the teeth of the two jaws should come tightly together. Often the fangs of working dogs are filed away: such specimens should be rejected, as well as those which are undershot. The ears are of average size, high placed and the base should be large. They carried straight, directed forward and terminate in a fine point. There are cases of "floating" ears, as in Collies, but pointed ears are to be preferred. Although the question of the ears is of secondary consideration in dogs guarding sheep, it is desirable that only dogs with pointed ears should be bred. Cut or hanging ears should be rejected. In puppies the ears hang generally until 4 to 6 months, sometimes longer even. The straightening of the ears is in relation with the changing of teeth in the young and is influenced thereby.

An objection has been raised that ears with hanging tips could be preferred for working dogs, under the pretext that the interior of such an ear is a protection against dampness, but straight ears are also well protected by the hair. The eyes are of average size, almond-shaped, a little oblique and not protruding, as dark as possible. They must have a lively and intelligent expression, also mistrustful towards straight.

Neck. Strong, with well-pronounced muscles, without dew-lap, high-carried in excitement, otherwise carried straight.

Body. Chest deep, but not too large, ribs flat, belly slightly raised, back straight and strongly developed. The

length of the body should exceed the height at the shoulder. Dogs with short backs and high legs should be rejected. The dog should not move "anyhow." The aptitude of making "demi-hour," so useful for services with sheep, is obtained by the facility of curving the hind-quarters. The best conformation of the hind-quarters to this effect is dependent upon a good length of the bones of the thigh and of the leg and upon the sufficiently sharp angle which these bones form between themselves, upon the juncture of the stifles, strong and well bent. The loins are large and strong, the crupper long and slightly let down.

Tail. With bushy hairs. It reaches the juncture of the heel and frequently forms a hook at the extremity, which is curving sideways. When the dog is quiet, the tail hangs slightly curved, in movement or excitement, it curves more and is raised, but the tail should not be vertically raised. Under these circumstances, the tail should not be carried straight or rolled in a ring over the back. There are sometimes dogs born with short tails, which should not be used for reproducing. Faked tails should be rejected.

Front. Shoulders oblique, flat and well muscled. Viewed from all sides, the front-legs should be straight.

Hind-quarters. Thigh large, strongly muscled, its bone rather long and, seen from the side, it should accord obliquely with the leg. Stifles strong, the tarsus not too long.

Feet. Round, short, well-together and arched, soles very hard, nails short and strong, dark in colour. Dew-claws are often met with, but they are not to be considered in the light of a fault or of a sign of pure-breeding. As they often communicate a spread-out movement, or cause wounds, it is recommended that they be removed shortly after birth.

Color. Black, iron-grey, ash-grey, fawn, brown-chestnut, either unicolor, or with regular stripes; rusty-brown or light-grey. Pure white, white mixed with dark spots (dapple-grey), black color with a grey foundation, or brown, or fawn foundation, with or without dark or light spots. Lastly, the so-called wolf-color. White on the chest and on the feet is allowed.—G. Horowitz.

OUR DUMB MARTYR.

Owing to the food shortage in Great Britain, it has been decided to reduce the dog population by extermination. Hence these lines:

Alas old pal, my faithful friend,
I fear you're near life's journey's end—
'Tis all too plain—

The food controller now has planned
To conserve food on every hand,
That we shall gain
The victory, and dogs must die,
To save the nation's food supply.

I've had you since you were a pup,
And watched you day by day grow up—

Of me a part—
And if it should be law's decree,
That we must separated be,
'Twill break my heart—
Of all the horrors of war time.
The latest is a fiendish crime.

To be just like a traitor doomed
To death, because you have consumed

Some food's unjust—
And if for righteousness you die,
That freedom's flag may proudly fly,
I hope and trust
That all the nations shall proclaim
You worthy of immortal fame.

THIS page is reserved in order to give breeders a chance to keep their Kennels "before the public" throughout the year. The cost of entry on this page is \$2.00 a year, *paid in advance*. We receive daily enquiries for different breeds, and therefore the names in these columns will be given preference in the future. Previously it entailed a lot of work to go through our files and make out a list of all members keeping different breeds in order to offend no one. It is your duty to do "your bit."

ANNOUNCEMENT

- During the past twelve months I have imported more bulldogs than all of the fancy in Ontario combined.
- Every dog has been a good one and include those celebrities **Kersal King**, the greatest of the White strain; **Heywood Marco**, the best living of the Heywood strain; **Hefty Mischief**, who I made a champion; **Hefty Blaze**, **Halldale Sensation**, **White Dragoon** and others too numerous to mention.
- I have purchased the best dogs obtainable and those which I have sold have set record prices in Canada.
- I now offer at stud my latest importation

BLIGHTY'S DEFENSE

- by **Ch. Challenger**, a combination of the Stone, Heywood and White strains, which should suit any bitch and is a combination of blood par excellence.
- This dog is the best heavy weight I ever owned, and I will match him against any bulldog in Canada for money, marbles or chalk. Put up or shut up.
- Color—Golden brindle. Weight 50 pounds. Absolutely sound. Of the low cart horse type with wonderful skull, rib and bone, short back, well turned underjaw of good width, and the best ears ever seen on a bulldog. He is 15 months old. A proven sire.
- If you simply want puppies don't use this fellow. If you want quality youngsters he is at your service. I warrant this dog will prove one of the greatest stud in the history of bulldogs in Canada.
- The fee for the first ten bitches will be \$15, after which the fee will be advanced to \$50. This fellow has never missed a bitch, therefore we guarantee bitch in whelp, or money back. Only bitches of approved breeding will be accepted to this dog.
- We don't need your money, but we want to help you breed a good one.

"HASTY HOMAGE—This new and brilliant star of the Fox Terrier firmament is proof of the virtue of inbreeding (albeit judiciously applied), as he is by "Homage" out of "Haste" (who is dam of Homage), hence very aptly named. Eight firsts at the dog's first essay on the Show Bench is a big beginning. Soy Bean Meal (46% Protein)

Those who have not given this food a trial should not hesitate any longer, if you wish to solve your feeding propositions. The following letter is just a sample of the unsolicited testimonials we are receiving daily:

Dear Sirs,—I have been breeding Hounds for 18 years, during which time have tried almost every kind of food that a dog will eat, and after feeding Soy Bean Meal, Oatmeal and Bran, as recommended by you, I can safely say there is no other dog food to equal it. Have already advised other dog breeders in this district to try it, and I am going to order 500 lbs. more next week at the special offer you gave me

Yours truly,

J. DOHERTY,

R.F.D., Belleville, Ont.

Owing to the increase in prices of all foodstuffs, along with difficulty in procuring Soy Bean Meal, we have been compelled to raise our prices as follows:

Less than 100 lbs. c per lb.
100 lbs. to 500 lbs. \$5.25 per cwt.
500 lbs. and over \$4.75 per cwt.

(F.O.B. Shelburne, Ont.)

Mixture.—Two measures of rolled oats, two of bran, and one of Soy Bean Meal. Add salt, mix together dry and add cold water or milk.

It is wise to add sulphur and powdered charcoal about every ten days, also beef scrap.

All orders filled promptly.
