A communication from E. P. Tuson, Lethbridge, in respect to a possible law suit between Mr. Tuson and the Dominion Express Company was read by the secretary, and he was instructed to write "That the Board of Directors were in full sympathy with this case and stand prepared to offer any advice in their power."

A money order having been received from the Winnipeg Kennel Club in payment of their account for the Show held October, 1917, their suspended officers came automatically into good standing. The president, having named his "Rating Committee" and a meeting having been held to consider the question, the secretary was instructed

to have the minute in connection with the meeting appear in the official organ for the instruction of the members.

The meeting then adjourned.

MEETING OF THE RATING COMMITTEE.

A meeting of the Rating Committee (called by the President, Mr. Joseph Russell, in accordance with the resolution passed at the annual meeting) was held at the office of the Club, Monday, May 5th, at 8 p.m.

The full committee were in attendance, and included Messrs. J. Russell, President; F. W. Jacobi, C. L. McQuillan, N. R. Miller, "Weston" T. Milner, B. Swann, and the Secretary, J. D. Strachan.

After a session of nearly four hours it was finally moved by F. W. Jacobi, seconded by C. L. McQuillan:

"That this committee, having duly considered the advisability of changing the rating for Dog Shows held under Canadian Kennel Club Rules, respectfully beg to report to the membership that they are of the opinion, that, in order to serve the best interest of the fancy, no change should be made in the present system of rating—at least not for the present.—Carried."

INTERNATIONAL CHAMPION KING NOBBLERS DOUBLE.

As we go to press, information has reached us that International Champion King Nobblers Double—an Airedale that had seen as much of the spotlight as any of his breed—was found dead in his crate at Louisville, Ky. This good Airedale was owned by Norman MacKenzie, K.C., Regina, and our readers will join us in this expression of sincere regret. We hope to review the career of this great Airedale in our next issue.—Editor.

OUR VISITORS' DAY.

Norman MacKenzie, the Regina Airedale King, taking in a long trip on the run, found time to drop in and spend an hour of his precious time with us, which we greatly appreciated. Whether the K.C. that goes after the name of this well-known fancier held us in awe of him for all these years or not, we are not just prepared

to say; anyway they have a different meaning with us now.

K. C. interpreted properly should be "Kennel Connoisseur," for surely this "Great MacKenzie" is a qualified, critical judge of all the spotlight Airedales before the fancy to-day. With the greatest possible ease he can name all the important dogs, their sires and dams, grandsires and grandams, where they made their debut, and where they finished, who judged them, and where they were placed. The writer would suggest to the Airedale Terrier Club of Canada that they appoint Norman MacKenzie, K.C., of Regina, historian of the Airedale breed.

Albert Kerr, our Ottawa correspondent, dropped into the office the other day, and was filled right up, pressed down and running over with enthusiasm over the prospects of the Ottawa Fall Show. Truly Albert is no pessimist. Listening to him elaborate on the advantages of showing your dogs at Ottawa in September would make one believe that his fortune would be established just as soon as that one presented himself at the cashier's wicket for the purpose of drawing the winnings.

Small wonder that President Geo. Barnes is able to raise the smoke to 200 paid members in Ottawa Kennel Club, when he has missionaries of Kerr's calibre on the warpath. Come again, Albert.

Chinook Kennels report that their Rosecroft Jersey Lightning has been quite a "family dog," recently having the following four litters calling him Daddy: Mr. Robinson, Toronto, Rockley True Vine, 3 dogs and 2 bitches; W. C. Mackay, St. John, N.B., Walnut Nelly, 2 dogs and 1 bitch; F. Matthews, St. Catharines, Sweet Auburn, 4 dogs and 2 bitches; whilst J. Simpkins, West Toronto, Lambton Queen, 6 dogs and 2 bitches, making 15 dogs and 7 females in four litters, which is quite up to the producing proclivities of the above breed.

While the rejoicing was at high water mark and not to be outdone by the "Westons," who should step into the fun but "Corona" himself, fresh from fighting the hun, and looking the part,

just stopped off to see the boys, and was in time to take in London Show, and meet his brother—which was a huge surprise. So we had Jack and Tom Milner, or, if you like, "Corona" and "Weston." The Collie fanciers held a regular "gathering of the clans."

It was a pleasant surprise to Toronto Collieites to meet that old landmark of the Canadian Collie game (Tommie Milner, of the Weston Collie Kennels, Winnipeg) at the Toronto Kennel Club Show last month. Tom has decided to make his home in Toronto, and he has the best wishes of the fancy to make him feel comfortable in his new surroundings. Welcome to our city, Tommie lad.

WELCOME HOME.

Our many readers will be pleased to learn that Toronto's one and only dog show Veterinary Surgeon, Major J. A. Campbell, is home after an absence of nearly two years. It will be remembered that Major Campbell was induced to go out to Siberia because of his wonderful knowledge of all animals. That he gave every satisfaction will be taken for granted by those who know the good Major best. We hope to say more about this in our next issue.

SWIFT CURRENT DOG FANCIERS MEET, AND WILL RUN A DOG SHOW AT THEIR FALL FAIR.

At a well attended meeting of the dog fanciers of the city on Tuesday evening at the office of Marshall and Kyle, a Kennel Club was formed to co-operate with the Swift Current Agricultural Society. Those present were as follows: C. E. Bothwell, J. A. Marshall, J. S. Playfair, J. A. Russell, J. E. Hemenway, W. W. Smith, W. E. Swan and H. J. Amos. The chair was occupied by Mr. Bothwell.

Dog Show at the Fair.

It was definitely decided at the meeting that a dog show should be held this year in connection with the annual Fall exhibition, and in this regard it may be remarked that arrangements have also been tentatively taken for the exhibiting here of several famous kennels from several parts of the West.

LONDON DOG SHOW.

It is always a worry to show-giving clubs being able to secure a building having all the essentials necessary to running a dog show successfully. The building itself, the location. And those who know most will bear the writer out when he declares it to be half the battle won when a suitable building has been secured for the show.

At London, however, they had absolutely the very best building in the city for their Spring Show on April 24th and 25th. There was splendid accommodation for 700 dogs, with no observable obstructions anywhere. The building was the Armories, and was spotlessly clean, with splendid light and ventilation. That there were only about 125 dogs entered seemed to be a shame. Surely this could have been made a three-point affair with comparative ease, and when an all-round show-giving club do all the spade work, surely it is up to the fancy to finish the job by rushing up the entries.

The Executive in charge were, as usual, courtesy personified. Every one of the officers seemed to be on the job continuously, the show secretary, Harry Evans, being an enthusiastic and apt pupil, will, no doubt, "show them how" next year.

The judges went about their business in a manner that seemed to indicate thoroughness in detail, Jack Waggitt, Toronto, taking charge of everything excepting Boston Terriers and Toys, Mrs. Charles Waters of St. Thomas, Ont., being responsible for placement of the above-named section.

The show earned one point. Follow are the awards:

NOTES FROM CALGARY.

Mr. Bert Finch, the Kennel Editor of the Calgary Herald for the past two years, is leaving for the Old Country in the very near future. E. B. Oxley, an expert on dogs, will be in charge of the doggie corner of the Herald as successor to Mr. Finch.

During his term in Calgary Mr. Finch has made many friends and has been quite popular among the dog fanciers. He regrets keenly leaving the Western city, and the best wishes of his many friends will follow him in his new sphere of activities overseas.

Mr. Finch has promised to pay a visit to Kennel and Bench before leaving Canada, and probably we may be regaled from time to time with live items from the pen of this versatile writer of dogdom. All our readers wish Mr. Finch bon voyage.

A real Mexican hairless dog, flesh colored with dark spots, has just arrived here from Mexico for Jack Spurr of the Orpheum. This dog will be sure to cause a big sensation in the local canine shows.

C. Bradley feels proud of the litter of Ch. Quapaw Civilian's bulldog pups.

An orange sable Pomeranian has just arrived from England.

Two blue Chows have arrived from Russia for Mrs. Jenkinson of Twelfth avenue west. These dogs are very valuable and will be sent to all shows and handled by Jack Fletcher.

Ladies' Kennel Association Notes.

The first meeting of the newly-elected L. K. A. executive for 1919 was held at the new offices at 3 Rupert Street on Wednesday, March 19. It was well attended, and much important business was transacted. The two new members of the committee, Miss Casella and Mrs. Quintin-Dick, were both present, and the former received a warm greeting from her colleagues, who were, indeed, glad to welcome back one whose work for the association was so valuable in the past, whilst Mrs. Quintin-Dick, as honorary secretary of the Labrador Retriever Club, and an enthusiast where sporting dogs are concerned, is indeed an acquisition to any committee.

Lady Evelyn Ewart and Lady Kathleen Pilkington were unanimously elected as chairman and vice-chairman of the new executive amidst much applause, and deep regret was expressed at the cause of Lady Evelyn Ewart's absence, she being in a nursing home. We are glad to be able to state, however, that she is progressing favorably and hopes to return home very shortly.

All members and her numerous friends will offer sincere sympathy to Mrs. Barry in the sad loss she has sustained in the death of her husband. Captain Barry was for many years an important and much respected member of the "dog world." He was a member of the Kennel Club committee, on which he did most valuable work, and was one of the most popular judges of his favorite breed, the dachshund. We believe that his last appearance in the judging ring was at the Ranelagh Show of the L. K. A. in 1916, where he drew a wonderful entry. A thorough sportsman and a genial, kindly gentleman—one of a fast-disappearing type—he will be sadly missed, for it will be "long ere we look upon his like again."

Although the required guarantee fund for the summer show has already reached to a considerable amount, Miss Desborough hopes that members will send in their offers of support as soon as possible. The expenditure has been calculated on an increase of 50 per cent. in prices since the last show, and the guarantee asked for—£350—should be sufficient to cover this; but it is satisfactory to feel prepared for any emergency. Also the fact of joining the guarantee fund shows that members are

again taking active interest in the association, which is cheering to the secretary and the executive. Already over forty members have rejoined, and we hope many more will do so before the show. I, personally, shall welcome suggestions as to classification and judges for the two breeds which I have undertaken to work up, i.e., bulldogs and "Alsation Wolf dogs," still more generally known, I believe, as "French Police dogs." I hope to form a small syndicate to guarantee classes in these breeds, so that a real representative classification can be given.

Mrs. Mossockle sends us welcome news of her Japanese spaniels, together with a pretty photograph of her latest purchase—Wee Wana. This beautiful little mite is three years old, and was bred by Madame Osterveen. Her sire is the imported Monomie Hirano. Wee Wana has only been shown three times and has taken ten prizes, so is sure to bring more laurels to Mrs. Mossockle's kennels now that shows are beginning again. She is a granddaughter of the late O'Mioko San. Mrs. Mossockle is rejoicing over a particularly beautiful litter of four puppies, sired by her well-known Ch. Anderson Manor Hokusai ex her Mayfair Snow Queen—a daughter of the late Ch. Anderson Manor Nippon. These puppies, all being well, should be ready for exhibition in the litter class at the L. K. A. show at Ranelagh next July.—Carlo F. Clarke, Cambridge House, Cambridge Park, Guernsey, C.I.—The Tatler.

AIREDALE BITCH COMES TO CANADA.

Sgt.-Major Eggins of the Woodroffe Kennels, Ottawa, has recently imported from Mr. Harry Seabridge, Pottery Kennels, Hanley, Staffs, England, that noted champion Airedale bitch Rejected Kitty, who has won over sixty prizes and specials, including six times best bitch in show, winning her championship at Newport (Mon) in 1917. Rejected Kitty is the dam of many noted winners, including that champion bitch Sunshine, well known in this country.

This fancier has already imported two splendid specimens and has the foundation for a high-class kennel of Airedales.

Ottawa Terrier fanciers who have

looked over Rejected Kitty are enthusiastic in their praises of her, and congratulated the Sergeant-Major on importing such a splendid specimen, and it must go without saying that it must have taken a handsome cheque to have induced that well-known English fancier, Mr. Harry Seabridge, to part with Rejected Kitty.

Pottery Magie, who is a son of the above, and is also a half-brother to Cragman Dictator, who won everything before him at the great Terrier show in London, England, on Feb. 6th, is at stud at the above kennels.

OTTAWA KENNEL CLUB HOLDS BANNER SHOW.

Last of Season for Bostons and Other Breeds Proved Very Successful.

The last of the season's monthly shows of the Ottawa Kennel Club, held in Clarey's Hall this week was a record breaker in all respects. It was not only a brilliant closing of the past season, but a splendid augury of what the club intends next season shall be.

Commodious as it is, Clarey's Hall was hardly big enough to comfortably accommodate all those who attended, dog fanciers and friends of the dog. It is doubtful, too, if men were in the majority.

Incidentally there were close upon one hundred pure bred dogs benched. Some show!

It was a Boston Specialty Show, with more than sixty entries. Pomeranians, English Toy Spaniels, Poodles, Maltese and Yorkshire Terriers, too, were shown.

The prize list was generously in keeping with that of the entries.

Dr. Robt. Barnes, president, was in the chair, and, in his usual entertaining manner gave a practical talk on Bostons, full of good things and sound advice.

The judge of all breeds was Mr. T. A. Armstrong, and he was a very tired and grateful man when the show was over at midnight. Mr. S. Fraser, of Toronto, was to have judged the Bostons, but at the last hour found he could not come. Mr. Armstrong was tendered a hearty and no less sincere vote of thanks for his work, and not less for the invaluable services which he has so unselfishly given the club during the season just closed. Such ser-

vices are usually referred to as untiring, but Mr. Armstrong didn't look as if he felt just that way when the last winner had been decorated and led proudly away.

About a score of new members were added to the club's roll, which is now on its way to the two hundred mark. This is a splendid showing, and it is the best evidence of the "untiring" effort during the season of the executive of the club.

Here are the prizes and those who gave them:

Cups by Peter Lyall and Sons, "Riverdale Kennels"; Bilsky and Co., A. V. Webley. Box toilet soap, J. L. Rochester, Ltd. Dog blanket, Ketchum & Co. Electric iron, Ottawa Electric Company. A COLLIE WITH THE HEART OF A BULLDOG.

An authentic story of a mortal combat between a large Norwegian eagle and a collie dog is reported from the Township of Sinclair. A young son of John Baragar discovered the eagle and the dog lying dead together, following a terrific encounter in which both stuck to the last.

The dog was seized near the home of

his owner and carried nearly two miles before the eagle was forced to descend. The fight then continued on the ground, the dog mutilating the body of the eagle, and the eagle finally disemboweling the dog. They were locked in a death embrace when found. The eagle measured eight feet from tip to tip of the wings, and is a rare type once before found in this section.

A BIG DEAL GOES THROUGH.

Probably what may be quite the most extensive transaction in local dogdom was culminated a few days ago, when H. M. Jackson became the possessor of the valuable kennel of Boston Terriers and English Bulldogs so long associated with the name of W. B. Levack. When one considers that the deal embraced such dogs as Count Dee Cee, Dowd's Glory, Fashion Plate and litter, Paddy the Disturber (an American-bred Boston Terrier), Lady Evelyn (by Dowd's Glory), Little Miss Mac, these, together with the famous Bulldogs King Moston and Miss Cheetah. It will be readily understood that a huge check would be necessary to put through this deal. It will be the privilege of Kennel and Bench to give its readers full details in our next issue. Meantime we wish the new owner, Mr. Jackson, every success in his investment.

ALBERTA KENNEL CLUB SUMMER SHOW.

The Alberta Kennel Club is off to a flying start in the work of making their Summer Show one of the most successful ever held in Calgary, and with the energetic enthusiasm of the president, Capt. H. G. Kennedy, and the systematic business-like methods of the secretary-treasurer, Mr. W. Pym, which contributed so much to the success of the club's Winter Parlor Shows, there is no doubt that the Alberta Kennel Club's Fifteenth Annual Show will be one to be remembered. Money prizes are given in all classes, and a very fine list of specials have been secured.

Kennel and Bench readers are asked to keep these Western events in mind so that our dog show business may be the means of setting up a spirit of friendly rivalry amongst all fanciers from St. Johns to Vancouver, and maybe further than that in each direction, or wherever "dogmen gather."

OUR FRONT PAGE ILLUSTRATION.

The subject of our front page illustration this month will make a special appeal to those of our readers who have for their sport the companionship of "Dog and Gun." Beagle fanciers will recognize at once the winning beagle of the Exhibition Show last September, Philips Vixen. He has been imported by Arthur F. Godson, Toronto, and placed at stud in another part of this issue. Mr. Godson, having already tried the dog at work in the field, is loud in his praise of the results of the trial.

We hope this dog may be allowed to remain long enough in Canada to stamp his many known qualities into many litters of the future. Standing fourteen inches high, he is nicely coupled, well ribbed back, excellent in bone, beautiful clean front, with nice feet thickly padded, straight and well set under him, excellent hound color, black, white and tan, with a nice head and ears well set on. Mr. Godson has been on the "Watchtower" for a long time, on the lookout for something exceptionally good, and is to be congratulated on this plucky purchase. Here is the desirable foxhound body type so much to be desired in the beagle hound, the type worth while perpetuating.

Almost every day seems to bring a new dog to Canada, quite a few of them remaining in Toronto, and here is another, and quite up to the standard. If quality counts for anything, then here is a dog with quality to spare, and we wish the new owner the very best of luck on the bench and in the kennel.

List of winnings of Phillip's Vixen at American Shows:—

1916—2nd Novice, Newark.

1917—1st Novice, 1st Limit, Reserve Winners, Wilmington; 1st Am. Bred, 1st Limit, 1st Winners, Atlantic City; 1st Am. Bred, 1st Limit, Reserve Winners, Devon; 1st Limit, 1st Am. Bred, Reserve Winners, Delaware State Fair; 1st Am. Bred, 2nd Limit, Ambler; 3rd Limit, Eastern Beagle Club.

1918—1st Am. Bred, 1st Limit, 1st Winners, Philadelphia; 1st Limit, 1st Open, 1st Winners, Syracuse; 1st Open, 1st Winners, Philadelphia Charity Show; 3rd Open, Bronx County Show.

1919—1st Open, 1st Winners, Pinehurst.

WHIPPET DERBY.

The Annual Whippet Derby, held by the Toronto Whippet Association on May 24th, was another of those doggie successes which of late have invaded Toronto. The energetic secretary, A. Lowenstein, had claimed that everything had been arranged for an excellent day's sport. He was a true prophet. We found it to be so, and, needless to say, great and exciting entertainment was enjoyed watching the programme of six keenly contested races.

The quality of dogs entered was simply grand, and it was a real pleasure to watch those graceful little animals, each one an individual study in symmetry, as they fidgeted in the paddock eager to make a dash for the rag, which their several owners had trained them to run to.

The races were 200 yards' handicaps, the important event of the day being the Derby Stakes, the honor going to A. Lowenstein's Hasty Daisy, with close following second, F. Monson's Fair Montague, third J. King's Royal Gypsy, and fourth R. G. Grimshaw's Hulla Maid. A great surprise was furnished with Mr. W. E. Macpherson's puppy, Wizz Bang, winning the Juvenile Stakes, with second, R. Alexander's Maid o' Doon, third A. Alexander's Super Six.

Mr. J. E. Dowling, late secretary of the Bull Dog Breeders' Association, has just been made a life member, with full privileges, in that association. He was also made recipient of an elegant gold bar scarfpin with the Bulldog as the centre attraction, together with an official letter of the club's appreciation of his great assistance and untiring labors on their behalf, and assuring him of their deep interest in his future welfare. Mr. Dowling, as our readers are aware, is leaving Canada in the interests of his health, which has been giving him much worry lately, and will make his home in Buenos Ayres at an early date. In fact, he informs us that he sails for his new abode on June 14th. Mr. Dowling until recently was the Secretary of the Canadian Kennel Club and in that capacity became well known to the dog lovers of Canada from coast to coast, and it is not saying too much to say that those who knew him best loved him most. It is the desire of the entire fancy that he may soon be completely restored to his fullness of health again.

NOTES FROM NEW WESTMINSTER.

By "Kirkhope."

The Boston Terrier fancy have sustained a severe loss by the death of that beautiful little Boston Terrier, "Kiaora Vixen," owned by Mrs. G. O. Alsen. Vixen had an enviable show record, and, besides being a splendid specimen of the breed, was the very best of pals. She was winning bitch at the fall show at Vancouver, 1917. Same honors at the spring and fall shows, 1918, and at Nanaimo, 1918, and at this latter fixture was awarded best non-sporting and best owned by a lady. The sympathy of the fancy goes out to Mrs. Alsen in her great loss.

Hats off to Norman McConnell, the Airedale ace of the Coast. Norm has left on a trip to California with the cream of his kennel, Wires and Airedales. He intends taking in the Golden Gate Kennel Club Show, and, when returning, will take in the Seattle fixture. It will take some "red-hots" to stop Mac's good home-breds, and well known is the fact to many old-timers. Good luck Mac.

One of the most important additions to the fancy is the imported sable and white Collie, Sandy XXVII., which came from the kennels of Miss Thomson, Missouri. Being all that one would wish in a Collie, he is siring stock of the kind calculated to satisfy the most fastidious Collieite. And it is said that some of the get of Sandy will make their daddy step some if he intends staying in the front line. John Thomson, of New Westminster, is the owner and feels justly proud of this good Collie. We're a' Jock Tamson's bairns.

Betty Smith, one of the Kirkhope home-bred Scotties, has just been bred to Inverlay Dirk. This breeding is strong in Claymore Defender blood, on both sides. This is the breeding that is producing the "Real Mackie" in the Old Land, so something is expected from this mating that will strengthen this end of the game in the far West. Betty has never been defeated and Dirk has taken the measure of every Scottie he has met.

PREFIX CLAIMED.

"Glenside," by Norman McLeod, 22nd Street, Capilano, B.C.

Mr. M. W. Bates, Cartier, Ont., has registered the kennel name Hudson Bay.

WINNIPEG ON THE WARPAT.

It is pleasing to learn that after a prolonged spell of inactivity in Winnipeg Dogdom that the good fanciers down there are out for their full share of the spoils. A. F. Pickard is making Vancouver Show and has quite a few of Winnipeg's best dogs on his string. Most of the specimens in his charge would do credit to any show either here or in "Merrie England." Amongst them are a couple of Smooth Fox Terriers from the Sutton Kennels that may prove a thorn in the flesh of many.

Whilst the popular President of Fort Garry Kennel Club, Alexander Stewart, has been shelling out the "filthy lucre" on the quiet, and a wire hair pup may be expected to appear in the first three at Vancouver as a result.

Sutton Kennels are sending a good typical rough Collie, while O'Dell Kennels will exhibit their Airedale Terrier, Viking Test, who, rumor has it, is a vastly improved dog, his owner working assiduously on the "finishing touches."

Dog business in the West is in a flourishing condition, and with "harmony" as the keynote exceptional work may be accomplished in that locality ere the snow flies again.

SHORT BARKS.

Viking Test is responsible for a litter of nine, six dogs, ex Harnside Torch, a half-sister to Ch. Midland Master G., and herself a consistent winner. It is reported that two of the above litter are considered the "goods."

A. F. Pickard, having recently recovered from a severe attack of the dreaded and treacherous "flu," shows his pluck when he declares that nothing will prevent him from making the trip to the coast show.

A. W. Heward, Oakville, reports the arrival of a nice litter of 6 healthy Cocker Spaniel puppies, 5 dogs. The sire is Calmo Don Carlos.

Mr. G. E. Halliday, late of Vancouver, B.C., brought the two Bull Terrier bitches, Champion Modesty and Eatonian Charity. Champion Modesty is in whelp to Whitecote King Spot and Eatonian Charity is in whelp to Champion Richards Jeff. This infusion of new Bull Terrier blood from the West should

do the Eastern Bull Terriers some good, and the owner of above bitches hopes to meet in friendly rivalry all the good fanciers in the East.

Mrs. P. D. Howland, of Regina, reports the arrival of a nice litter of three Pekingese puppies, one male and two females, from her good little dam, Fong Neo, the sire, A. P. Semple's Ch. Cactus Wee Boi. The above little Imperialists are five weeks old and showing promise already.

Lt.-Col. Reg. Pellatt, Casa Loma Kennels, reports the sale of two male puppies out of his good Airedale bitch, Morning Sunshine. Same owner's Imp. Sealyham Terrier female has just returned from a visit to Ch. Hadley Hoodwink, a dog who is considered by many to be one of the best Sealyham Terriers at stud in the U.S.A. Naturally, exceptional results are expected from this mating.

Will R. Hibbard has bred his St. Bernard female, Nydia, to Mr. W. J. Mountain's dog, The King's Son, and proposes to raise the expected youngsters under ideal conditions, i.e., on the farm. Friends of Mr. Hibbard are asked to note his new address, Will R. Hibbard, Brant, R.R. No. 4, Walkerton, Ont.

Mrs. Walker, Toronto, is rejoicing over the arrival of two litters of Pekingese puppies sired by her own dog, Billee Boi, one litter of four out of her good female, Ching Fee; the other was five nice puppies out of Mrs. Carter's Peggy, all showing great promise. Same owner's Pom., Orange Bon Bon, is nursing a litter of four puppies sired by Mr. Smith's Toronto Nipper, one orange, one cream, and two shaded sables, all doing nicely.

At London Show the visitor from the West, E. T. Tuson, going the rounds before judging, spotted a likely looking lightweight Bulldog and immediately pulled out a long price. That he got a real find was very soon established, as later in the day the dog won 1st limit, 1st open lightweight and reserve winners. In future he will be known as Chinook Prince Albert. His sire is Kilburn Regal, dam by Wrotham Viking.

THE BOSTON TERRIER CLUB'S EVENING SHOW A SUCCESS.

This enterprising club usually manages to pull off some very interesting stunts in connection with their parlor shows, and the last was as good as any. "Charlie" McQuillan, the untiring secretary, was at the wheel, with the usual standbys, Ed. Milburn and the guy who forgot to turn up in time to be of any use.

However, there were a good entry of real good dogs on hand, and the time was well spent by those who came out for the evening. The building was terribly hot, and when 12 o'clock struck on Big Ben, there was many a collar showing the temperature. Bostons were out strong, Poms next, with Bulldogs and Collies vying for third place. Airedales, although plentiful in Toronto, always seem to be conspicuous by their absence at most of our evening fixtures.

Jack Meadows, Oakville, judged the major portion of the breeds; Joseph Russell, M.P.P., Airedale; James McEwan, Poms and Toys. The show was well conducted and reflected great credit on its promoters.

Special for best Pomeranian was won by Mrs. Nightingale's Wee Bombing Plane; special for best Collie, Mr. Ashbee's Campbell Style; special for best Airedale, Matt Gracey's Milton Bombardment; special for Bulldog, Mr. Taylor's Little Man; best Bull Bitch, N. K. Swire's Astoria Molly; special best dog in show, J. M. Jackson's Count Dee Cee.

SWIFT CURRENT ELECT OFFICERS.

Hon. President—F. E. West.

President—J. S. Playfair.

Vice-President—J. A. Russell.

Secretary-Treasurer—H. J. Amos.

Directors—D. Allen, H. A. Roberts, C. E. Bothwell, W. Stewart and J. A. Marshall.

We are informed that W. H. Mann has recently purchased from "Andy" Armstrong, of Ottawa, a handsome tri-color stud dog, black, tan and white. And we understand that Mr. Mann intends placing this good Cocker at stud shortly, which should be a valuable asset to the Cocker fancy at large.

A MUTT.

A Story in Verse, as Told by
Bert Finch, Calgary.

I had a mutt, we called him Tim;
The kids could do just what they liked
with him;
He'd never growl, whimper, nor didn't
seem to care,
But I had to stop them ere they pulled
out all his hair.

How he really loved to roll about in a
great big heap of mud,
And BOY, he sure could take his part,
though he had no royal blood;..
But if you had only seen him, after,
honest 'twould make you grin
At the mutt that money couldn't buy,
though we only called him Tim.

One night, 'twas very dark, strolling
homeward from the play,
My pal, fortunately for me, espied me
on my way,
Just as a man confronted me with or-
ders, "At once, hands up!"
But he evidently hadn't reckoned with
my other pal, the mutt.

He grabbed the fellow, who ran off,
seemingly in pain, and—
The only thing that I remember is, the
tough-neck did exclaim,
"Where did that dam dog come from?"
—I simply couldn't tell—
But as he ran off he shouted back, "I
wish he'd been in h—,"

SHORT BARKS FROM OTTAWA.

Some meeting was right. Just look
over the report and number of entries
at the last meeting of the Ottawa
Kennel Club and you will agree with
me that we are not standing still, but
still going. Notice the boost in mem-
bership.

The one outstanding feature of the
evening was the way in which Andy
Armstrong so efficiently handled such a
tremendous amount of work for one
evening, giving entire satisfaction to
all and proving that he had not lost
any of his knowledge of the game,
passing on and giving a thorough go-
ing over to some 65 dogs entered in
Bostons, comprising 23 classes and 20
entries of Toys, with dispatch and ac-
curacy that met with the general ap-
proval, and all in record time.

NOTES FROM VICTORIA, B.C.

The Victoria City Kennel Club, after
a long period of inactivity, regained
its position as one of the leading canine
associations on the coast by pulling off
a record parlor show. The event took
place on Saturday evening, April 26th,
at the Crystal Theatre; the stage was
utilized for judging, and the building,
which seats about 400 people, was filled
by interested spectators. Entries num-
bered over 100, far in excess of expecta-
tion. The following breeds were well
represented:—Gordon, Irish and Eng-
lish Setters, Pointers, Spaniels, Bull-
dogs, Collies, O. E. Sheep dogs, Aire-
dales, Wire-haired, Fox and Boston Ter-
riers, Poms, Spitz, French Toy Poodles,
etc. The average quality was good,
those calling for remark being:—A
good sort of Irish Setter bitch, shown
by Mrs. Myers, ring shy and failed to
do herself justice, awarded 1st and spe-
cial. Roland Beauty, owned by Mr. T.
Wallace, a beautiful type of English
Setter, 1st and special; stood like a
model. In Pointers, Mr. V. Heather's
Victoria Bob scored.

Nothing very special in Spaniels. In
good classes of English Bulldogs the
winners were found in Mr. Dent's Ches-
nut Patricia and B. Pritchett's Over-
green Marquis. Mr. Waterhouse won in
two classes with a brace of good Col-
lies, Langford Laddie and Langford
Lassie, not put down in the best of
form. O. E. Sheep dogs were a pleas-
ing feature. Miss Salmon's Rags, Mr.
Dee's Peter, and Miss Carr's Prince
Punkin being worthy representatives of
the breed and winners in their respec-
tive classes.

Scottish, West Highland and Irish
Terriers were just moderate.

Airedales brought out Mr. Griffin's
Teddy and Mr. W. C. Mooney's Kitch-
ener, two useful specimens.

Wire-haired Fox Terriers saw Mr. H.
Dodd's Oakdene Captain a winner in
puppies; too much a baby at present,
but promises to be a stormer when he
develops a coat. Same owner's Oak-
dene Gracie is a good sort of bitch
with a long clean head. Mr. Holstater's
Bean is a bit on the big side.

A Welsh Terrier, quite a novelty on
the Pacific Coast, created some specula-
tion among the uninitiated, who failed
to place him; shown by Major M. K.
Crockett, who brought him from St.
Lucia, West Indies, bred by the Hon.

C. Gideon Murray. Apart from coat,
which is short and not enough "wire"
in it, a good type of Welshman.

A rare lot of Bostons were "staged."
The winners were W. Rankin's Lassie,
Mrs. LePage's Joffre, Capt. Hepton-
stall's Princess Kit.

The winning Poms were Jas. Dry-
den's Kelvenside St. Patrick, Collin
McDonald's Nellie, and Mrs. Orrick's
Pompon.

Spitz, in dogs, Mr. A. Botteley's
Teddy, and bitches, Percy W. Toobey's
Queenie were awarded the blue—shown
in fine form.

French Poodles (Toy)—Mrs. Shank's
Billie and Mrs. Garlick's Scamp, 1st
and 2nd respectively, both clipped in
orthodox style.

Miscellaneous for Toys brought quite
a big entry. The winner was Mrs.
Jupp's Yorkshire Terrier; 2nd, Mrs.
Appleby's Japanese Spaniel. Others in
this class worthy of note were Mrs.
Ard's Pekinese and Mrs. Gage's Schip-
perke.

Miscellaneous (large dogs)—Mrs.
Bendall's Labrador 1st, Mrs. D. Ross'
Irish Water Spaniel 2nd.

The secretary, H. R. Ella, had all
arrangements well in hand and proved
himself an efficient "stage manager."
The extraordinary success of this ven-
ture will no doubt encourage the club
in the direction of an open show in the
Fall. The ribbons were awarded by
Messrs. T. P. McConnell, J. W. Creigh-
ton and Sergt. F. Butler.

SHORT BARKS.

While in London at the Spring Show
it was the writer's privilege to look
over two likely puppies owned by Don-
ald Soper, of that city, and finer speci-
mens would be hard to imagine possible.
It is only two years since this ambitious
young fancier felt the "call of the
Collie" creeping into his system and
invested in a "Leith" female. He has
persevered in the game and to-day owns
two puppies that would gladden the
heart of any fancier. Keep going.

We noticed Messrs. Crawley, G. Slat-
tery, L. S. Moore and J. A. Ferguson
going home from the last Ottawa even-
ing show with their arms full of spe-
cial prizes.

Alf. Smith, Celamo Kennels, reports
that his favorites, King Charles and
Blenheims, are always in demand.

IMPORTERS TAKE NOTICE.

Under and by virtue of the authority conferred upon me by the provisions of the order-in-Council of November 30, 1909, containing regulations relating to Animals' Quarantine, I do hereby order that:—

"The importation of dogs direct from the Continent of Europe is prohibited.

"Dogs from the Continent of Europe which have been imported into the United Kingdom and have afterwards been detained in quarantine for a period of not less than six months or kept in a non-infected area for a period of not less than six months immediately preceding their shipment to Canada, and are accompanied by the certificate of an officer of the British Board of Agriculture and Fisheries to that effect and stating that they have not been exposed to the infection of rabies during that period, will be admitted into Canada."

Dated at Ottawa, this fourteenth day of May, one thousand nine hundred and nineteen.

Acting Deputy Minister of Agriculture.

SHORT BARKS FROM LONDON.

We learn with deepest regret the fact of the death of the good Bulldog puppie, Broughdale Billy, from distemper. Billy was more than a promising youngster and the best son of Birchcliff Baron. However, Charlie Webber can be counted on to produce another to fill the place of Billy, hard as that may be.

Mr. E. P. Tuson made his trip to London Show a profitable one, not only from the viewpoint of his numerous wins—and they were many—but also in purchasing a lightweight Bulldog that Mr. Tuson believes will make the championship grade before many moons. It seems incredulous that the London fanciers would let anything like this get away from them. But they did.

Charlie Webber, London's premier Bulldog owner, had a good string of his best on exhibition, and gave the Western king, Mr. Tuson, lots of competition, as we noticed the honors were pretty evenly divided. On the invitation of Mr. Webber, we visited his kennels, and came away with the feeling that here was an ideal location to

raise any breed of dogs successfully, the "visitors" quarters being arranged so that the dogs have no worry until the owner decides the mating.

Mr. Frank Whitsitt is in luck these days, too, the Wire bitch, Cheer O' Chunky, recently imported from England, having had two lovely puppies by Watlean Warrior, while his two Smooths had four each by Ch. Darrell. These are, without doubt, the best breeding possible in Canada to-day.

Mr. Keayes, who may be considered "The good Samaritan of London," has a regular kennel full of the most promising American Foxhound puppies that one could imagine. We were privileged to look over his embryo champions, and it was a sight worth going a long way to see. As usual Mr. Keayes cleaned up everything in dogs and bitches.

As predicted, Mr. Lawder's young Airedale bitch made a hit by going from Puppy to Reserve Winners at the London Show. We hear that this same breeder has just imported a promising female from England, and that he has sold his good dog, Shell Fire, to a fancier in New York City.

Mr. W. H. Shortt's string of Wires had a good share of the prizes at the London Show, with Winners dogs and Reserve winners bitches thrown in for good measure. This fancier is so tickled with his litter by Ch. Pride's Hill Tweak'em, out of his Regal Vic, that he sent her back to this history-making sire, and she is now showing heavy in whelp. This fancier put down a dandy youngster at the show that went to Reserve winners to his sire, Regal Curio, a dog who has taken the measure of the best in Canada.

Mr. J. Murphy has had the misfortune to lose his Detroit winning puppy, along with two Regal Curio puppies, through poison administered in a medicine.

Mr. A. W. Henry, owner of the Uxbridge Kennels, London, Ont., brought out at the recent London Canine Association Show two promising young English bull bitches, Uxbridge Madge and Uxbridge Molly, Sire Ashland Tom Sawyer—Dam Uxbridge Midget. They carried off first and second in Puppy,

Novice and Junior Classes. They are all-round typical specimens and should be heard from later. He has bred Uxbridge Midget to Birchcliff Baron and something good should result.

Nanaimo Kennel Club are hustling like niggers getting their show stage ready for Sept. 16 and 17, and intend to show their wares at an early date. Sec. H. Hickling, Box 760, Nanaimo, B.C., will furnish any particulars to the interested on application.

SHORT BARKS FROM OTTAWA

The Ottawa Kennel Club has certainly been very fortunate in having "Andy" in their midst for during the whole season just brought to a close and those of the past he has always been willing and ready to give what assistance he could to help the game along, and has been always ready to don the Ermine when called upon to help out, and, let me say right here, that was quite often, and the new beginners found that "when a feller needs a friend" he got the right advice from Andy.

The last evening meeting of the season was brought to a close by the club passing a hearty vote of thanks, with a small token of their appreciation, for his always ready assistance and unswerving loyalty.

Sgt. Major Eggins has recently imported that good bitch, "Rejected Kitty," from England for brood purposes. He also has Pottery Magie, which he imported last year.

Ottawa Kennel Club are at it night and day in order that their coming show may eclipse all previous events. Dr. Geo. Hilton has the several sub-committees working overtime already, and intends to keep them at it until the doors open on September 9th.

A picture reached this office showing a young Airedale five months old, the property of Bob Hinds, of Zealandia, Sask. The youngster is by Clonmel Master Craek, ex Houstense Nell, and was bred by Fred Blake, of Almonte, Ont. The Western Airedale ace predicts a wonderful career for the pup if the fates prove kind to him.

SHORT BARKS

Another distinguished visitor from the West lately was no other than J. W. Ingleson, who was remembered by some of the Easterners as the past president of the Boston Terrier Club of Western Canada. Mr. Ingleson was in town when the local Boston Terrier Club pulled off their last evening show and was an interested spectator. We seen him later with a little chunk of Boston under his arm and wondered what in the world he could be up to.

W. E. Baldwin, one of our directors for the Province of Quebec, and who paid us a little visit on his way to the coast, again gave a look into see if we were still on the job. Mr. Baldwin entertained us with a review of his trip and of meeting our Western members, who were working hard to get old Winnipeg to the top again. Good luck to them.

Mr. E. P. Tuson has reached home again after his trip to the East and reports business good, an indication of which may be obtained by scanning our advertising columns. His newly imported Airedale is now at Sam Bamford's kennel, and those who have been privileged to look the new arrival over, declare him to be a rare specimen of the breed. We wish him the best of luck.

Walnut King Nobbler, an Airedale dog recently purchased by G. & G. E. Ward, Toronto, is said to be something of a marvel. And when the Messrs. Ward say so there is something to it. This dog is said to be quite as good as the best, excelling as he does in bone, body, hindquarters and length of foreface. It is the intention of the owners to place this unshown marvel at stud soon.

E. T. Tuson, founder of the famous Chinook Kennels, of Lethbridge, Alberta, paid a visit to the East in April, arriving in Toronto, Wednesday, April 23. He left the same evening for Chicago, having arranged with Mr. A. H. Stewart for the purchase of an eight months' puppy, which Mr. Stewart recommended as the best he had ever bred. The puppy came back to Toronto with the visitor, after paying, what

is very probably, the highest figure ever obtained for a pup of any breed. Benched three times in eight days under three judges this pup, by name Strathway Kilty Lad, accounted for 1st puppy, junior, novice, limit and open under 45 lbs. at Toronto; 1st puppy, junior, novice and limit under 45 lbs, 2nd open under 45 lbs., at Montreal; 1st puppy, junior and novice, 2nd limit and open under 45 lbs., London.

The Riverdale Kennels, Ottawa, report business in a roaring condition, their stud dogs being kept busy and sales plentiful and profitable. A nice little Toy Boston, sired by Wizard Toss, and owned by Mr. W. A. Crawley, will be shown at Montreal K. C. Show.

W. H. Mann, Toronto, recently sold to the Silver Lake Kennels, Mass., his good black dog, Merry Maxim, for a good figure. His new owner intends placing him at stud in the near future.

We hear of a very promising litter of Bulldog puppies having reached the abode of Mrs. Peabody, Peterboro, sired by the recent history-maker, Kilburn Fascinator, ex Katerina, the dam of winners.

Mr. John Barlow, Ottawa, informs us that his Pom. female, Riverside Topsy, brought home a litter of two females on April 23rd. The sire is Mr. A. Cobb's Little Tich, small, fine bone and sound color. The sire and dam are both winners on the bench, and friend Barlow feels as if there should be something real good here.

C. E. Loveless has sold his show and stud dog, Milton Bombardment, to Matt Gracey. Quick changes in Airedales seem to be the order of the day around Toronto. Same owner reports selling his good female, Lady Cavendish, Mr. Gracey again being the buyer.

Lieut. E. Cardinal, Port Arthur, Ont., has recently returned from "over there," and to mark the occasion has brought with him two real English Bulldogs and two Pekingese of high degree. The latter were bred by H. H. Princess Tousse and Lady Moore. Now that the gallant Lieutenant is safe home

again and realizes that from war to business is the only practical sequence, he is already enquiring after registration blanks, membership, and premium lists. May his ardor meet with the success it merits.

Mr. and Mrs. John W. Scott have registered the kennel name Mi-o-mi with the American Kennel Club and intend to continue to breed the very best in French Bulldogs. Readers will please notice change of address in our Breeders' Register.

Merry Maxim, a beautiful black Cocker Spaniel dog, sired by Champion Ottawa Rajah, was sold last week by the Canadian Cocker Kennels to the Silver Lake Kennels, Marion, Mass.

One good turn deserves another, and we are informed that the owner of the "Evening" prefix, C. E. Loveless, has purchased from Matt Gracey an Airedale, which the new owner claims has all the earmarks of real show and stud proposition. Broomhill General is the name of the dog. He owns a head that the critics say is all over good, long and lean, small dark eye, nice ears well carried.

Regina Kennel Club has officially secured their dates for their forthcoming show, July 28-29-30 and 31. C. S. Keating is the Secretary and has his work well in hand. Write him at 1755 Searth Road, Regina, for any information you may require. If you are contemplating showing under reliable judges and feel you want to help boost the game in the West same as they help us here in the East then you better get a line on Bert Swann as soon as possible. We understand he will make the trip with a carload of the best dogs obtainable.

London, "The Forest City," is determined that the dog show at the Western Fair will be the banner event of all time, as far as it is possible to make it so, if attractions in the way of specials, cash prizes, eminent judges, etc., can be relied upon to draw the crowd, then look out for London on the 9th of September.

OUR LONDON LETTER.

Although the dog is "the man's best friend," although the dog is the most domesticated animal, it has been, curiously enough, scientifically very much neglected. It is only in modern times that a change has been made in this respect. This does not, of course, mean that there had not been early "scientists" who had put the question of the origin of the dog "on the tapis." This, however, had been done in such a superfluous manner that their researches possess little value for us. What is, therefore, the origin of our present-day dog, with all its numerous breeds and varieties? This question of origin is already a very old one, and very old is also the answer that the wolf and the jackal are the progenitors of the dog. There were also people who pretended that the fox was also one of the forefathers of the dog! What, for most of us, remained strange and inexplicable was the enormous capability of change which the dog enjoyed. I explain this, in first place, through the dog being, in my opinion, the oldest domesticated animal, in consequence of which he had been subjected to the man's constantly changing taste, to which contributed also the changing capacity of the wolf, as we shall see later. In more modern times, well-known scientists took this question up, and if it cannot be denied that we are somewhat nearer the solution of the question, we must also admit that much water will run before we are perfectly clear and certain on the matter. The researches must pass through many a trial, many discoveries will have to be made, before we arrive at the above solution of this question of origin of the dog, as it was, for instance, the case of the horse.

The wolf has for a very long time been taken for the progenitor of our domesticated dog. There were, however, times, not so very long ago, when this theory was not recognized. The

more modern researches have, however, recognized the wolf as being one of the forefathers of the dog, not the only one, of course; opinions differ as to the other co-originators of the dog, and especially is this the case in regard to the jackal. The fox had been finally disposed of "in the negative." In my humble opinion, the wolf is one of the first progenitors of the dog.

Studer, in his latest and very interesting work (*The prehistoric dogs in their connection with the present-day living races*. Studer, Bern) is of my opinion, especially with regard to the skull of the dog and the wolf, and he writes: "I should like to mention the following concerning the origin of the world-domesticated dog: since the diluvian times there existed, by the side of the wolf, a small genus *canis*, which shared the development-ground of the wolf, and it succeeded in crossing to the Australian Continent. This genus *canis* broke up into two principal varieties, or under-genus: in the oriental region into the dingo, in the pole-arctic regions into the *canis ferus* Bourg. As in the case of the wolf, the genus was capable of variations: there existed breeds of medium and smaller size, such as *Canis Mikii* and *Canis hodophylax*. In the beginning these breeds attached themselves to the man, and changed their aspect through breeding selections. Big breeds originated in many places through simple or repeated crossings with wolves, and the progenies, thanks to the variable-ness of this kind, produced different breeds, such as *Canis familiaris* Inostranzewi, Leineri, Documanus. The primordial conditions repeat themselves besides in the ne-arctic region, where two *geni canis*, the large *Canis lupus*, and the small Coyote *Canis latrans* also appear side by side. The case repeats itself here that the small size tends towards the South more than the large size. As the Indian, on his war or hunting path, paid little attention to

the Coyote which followed him, as little attention paid the deluvian man to the small savage dog which followed him, and this explains the fact that so very few bones are found of that little dog when remains of inhabitants of the diluvian period are excavated. It seems that it was only later on that the usefulness of the willing companion had been recognized."

What brought me to believe in the participation of the wolf and of the wolf's genus in the origin of our dog was, in the first place, in likeness between the wolf and the Alsatian wolf dog and the extraordinary changeableness of the skull of the wolf. It is only the jackal which approaches the wolf in this respect. This capability of change goes so far that the measurements of the skulls of the wolf of one and the same region are quite different, and, in captivity, young wolves show distinct signs of deviation from the original form. It is also known that the wolf as well as the jackal willingly cross with our domestic dogs, which latter retain their chief characteristics. I have seen such crossings between wolves and Alsatian sheepdogs, which, in their second and third generation, were absolutely of the last breed. Such a capability of crossing gives food for thought, and, in my opinion, it is a striking proof of the near relationship between the dog and the wolf. One could observe easily how easy it is to tame a wolf. I have heard of a doctor who kept his young wolf in his house! The well-known scientist, Eggenschwyler, of Zurich, brought once his tame wolf before a meeting of a dog club! I fail, therefore, to understand why so many fought, for such a long time, against the possibility of the wolf having played an important part in the origin of the dog.

It is quite otherwise with the old-world theory of the fox having participated in that origin. In the first place the fox shows considerable deviation in the formation of the skull; in the second place, he is uncommonly persevering in that form, and his skull does not show any variation; he crosses with difficulty with the dog.

Of the exterior habits, which are common to the wolf, to the jackal and to the domestic dog, I must, in the

first place, mention the inclination to herd together. And in this respect the wolf differs greatly from the fox. The first one exhibits a greater independence, and we know how the wolves like to hunt in packs. And it is astonishing how the dog, in his savage state, is fond of following the above example. So long as the dog remains near the man and under the man's eyes he is a harmless fellow, but he becomes very troublesome as soon as he is obliged to depend upon himself, and it is proven that collies which became savage in the Argentine, had given birth to progenies which became more dangerous to sheep than the wolves. It is also a striking fact that the dogs which become savage in a very short time return to their primitive forms: snipy muzzles, erect ears, etc.; they quickly forget how to bark, and begin to howl instead. This last assertion is of considerable importance, for people had been inclined to fix the difference between wolves and dogs on this point. It is also known that every tame wolf or jackal expresses his joy through wagging his tail.

I hope to finish this article in my next "letter."

OUR MAIL BAG.

Mr. J. D. Strachan,
Editor, Kennel and Bench,
Toronto, Ont.

Dear Sir,—I have noted in your issue of last May that under your London Notes the correspondent states that there was some talk last year about the dates of the London and Ottawa Shows in September and claims that the London Show should have first call, as, for years, their show has followed

Toronto. He further suggests that the first three days in the week should go to London, as they are entitled to it, and if this suggestion were followed London and Ottawa Dog Shows would have larger entries.

In this connection I would say that I have been consulted on more than one occasion by parties outside of London and Ottawa with regard to the changing of dates. The matter has, therefore, been given very careful consideration.

In the first place, I would like to point out that I do not see why your correspondent should consider that London has the right to the first call. The Ottawa Dog Show has been held yearly since 1902 in the month of September during the week of the Central Canada Exhibition, whereas the London Show has only been held since 1907 under C. K. C. rules. The Central Canada Exhibition Association took over the Dog Show in 1913, and it is now handled by the Exhibition Association.

It would, therefore, be interesting to know on what grounds your correspondent considers that London is entitled to first call.

We are all interested in our Dog Shows and would do everything possible to assist in making them a success. There is no doubt, therefore, that it is advisable, so far as possible, to prevent conflict of dates. In this particular case, however, it is essential to the success of the Ottawa Dog Show that it should be held during Exhibition week, and there does not appear to be any way out of the difficulty so far as Ottawa is concerned.

Yours sincerely,

(Sgd.) GEORGE HILTON,

Chairman, Dog Show Committee,
Central Canada Exhibition Association.

AT STUD IN MONTREAL

The imported Wirehair Fox Terrier

"HASTY HOMAGE"

PROPERTY OF WM. R. AITKEN, 617 UNION AVENUE.

He is grandly bred, a Terrier every inch, for expression, head, neck, cobby body, with best of legs, feet, and coat of extreme wire texture, hard to beat. His breeding lines are of the best, being:

Homage	Ch. Collarbone of Notts	Ch. Collar of Notts.
	Haste	Crystal of Notts.
Haste	Catchem of Notts	Catchem of Notts.
	Premier	Premier
	Catchem of Notts	Morden Blusterer
	Premier	Juanita
		Powder Plot
		Appelby Jane

"Hasty Homage—This new and brilliant star of the Fox Terrier firmament is proof of the virtue of inbreeding (albeit judiciously applied), as he is by 'Homage,' out of 'Haste,' (who is the dam of Homage), hence very aptly named. Eight firsts at the dog's first essay on the Show Bench is a big beginning. That he may keep it up is the deliberate and unhasty homage we have pleasure in paying the dog."—Editor, Our Dogs, 8th Sept., 1916.

The first litter of puppies sired by him in Canada included the bitch, "Hasty Lady," the sensation of Montreal, May 1918. Show, going through all her classes to winners, capturing nine first prizes and four specials. Kim 1st Maiden dogs, "Hasty Wireboy," also "Jack of Spades" 2nd Breeders in large classes and keen competition. Full particulars from

THE PERFECTION BULLDOG KENNELS

Offers at stud the imported English bulldogs, "Blighty Defense" and "Prince Albert's Double." These two dogs are the finest specimens procurable and have hitherto been used in private kennels only. We now place them at public stud to a limited number of bitches of approved breeding only.

PRINCE ALBERT'S DOUBLE—FEE \$15.00

Color, mahogany brindle; weight, 44 pounds; he has a massive skull with a profusion of fine wrinkles, small rose ears of fine texture, eyes large, very dark, and well placed, face short, wide and deep, with good layback. He is a low, short, cloddy dog with a good turn of shoulders, good square front, deep in brisket, a wonderful spring of ribs, and is probably the shortest-backed bulldog in Canada to-day; perfect hindquarters, as sound as a bell, and as active as a kitten, and last, but not least, a noble line of ancestors. It's blood that tells. This dog is the sire of that international winner, Lorna Doon. He has others as good and better coming along. Watch the show catalogues for them.

BLIGHTY DEFENSE

By Ch. Challenger. A typical heavyweight brindle, weight 55 pounds, is an absolutely sound dog of the low cart-horse type; has all the essential head properties, with good rib and bone; this dog is getting quality puppies. Fee \$15.

AT STUD The Boston Terrier

Champion Delight

C.K.C. 15249—A.K.C. 179280

Champion Delight is without doubt the shortest-headed, cobbiest-bodied dog living, and is one of the grandest bred Boston Terriers at public stud to-day. His weight is 14½ lbs., and he is bred from small stock on both sides, and as a sire of perfect marked, screw-tailed pups he has no equal. He is a dark seal brindle, with even white markings, perfect straight limbs, and a short screw tail, a veritable live wire. Fee \$15.00. Send for stud cards. Stock for sale by this dog and from champion bred females. All stock is registered in the C. K. C.

SOY BEAN MEAL

(46% Protein)

Those who have not given this food a trial should not hesitate any longer, if you wish to solve your feeding propositions. The following letters is just a sample of the unsolicited testimonials we are receiving daily:

Dear Sirs,—I have been breeding Hounds for 18 years, during which time have tried almost every kind of food that a dog will eat, and after feeding Soy Bean Meal, Oatmeal and Bran, as recommended by you, I can safely say there is no other dog food to equal it. Have already advised other dog breeders in this district to try it, and I am going to order 500 lbs. more next week at the special offer you gave me.

Yours truly,

J. DOHERTY,

R. F. D., Belleville, Ont.

Owing to the increase in prices of all foodstuffs, along with difficulty in procuring Soy Bean Meal, we have been compelled to raise our prices as follows:

Less than 100 lbs. c. per lb.
100 lbs. to 500 lbs.\$5.25 per cwt.
500 lbs. and over.....\$4.75 per cwt.
(F.O.B. Shelburne, Ont.)

Mixture.—Two measures of rolled oats, two of bran, and one of Soy Bean Meal. Add salt, mix together dry, and add cold water or milk.

It is wise to add sulphur and powdered charcoal about every ten days, also beef scrap.
