SAERLEY'S SEDICINES

SHERLEY'S WORM CAPSULES FOR DOGS

Of 10 lbs. weight and over, and

SHERLEY'S WORM CAPSULES FOR LARGE DOGS

For the larger breeds from Airedales upwards.

A safe and certain cure for both round and tape worms. The capsules are tasteless and odorless, and can be easily given. Castor oil is not required before nor after giving them.

SHERLEY'S WORM CAPSULES FOR PUPPIES AND TOY DOGS

(Also for Cats and Kittens)

These capsules are coated with a special preparation that does not dissolve in the stomach, but in the bowels where the worms are, and thus vomiting is avoided.

There is no need for a puppy to fast, and they can be safely given to the smallest and most delicate puppy or Toy dog, whilst Castor oil is not required before nor after them

SHERLEY'S INSECT POWDER

At once gets rid of fleas, lice, and all other insects found on the dog. It is non-poisonous, and may be safely used on puppies in the nest. In perforated tins.

SHERLEY'S "DISTEMPERCURE"

A most reliable medicine for distemper. It removes the fever in less than twenty-four hours, and at the same time promotes an appetite.

SHERLEY'S CASTRINE TABLETS

For indigestion and all stomach disorders, as denoted by any of the following symptoms: Loss of appetite, gaping, breaking wind, occasional vomiting, irregular action of the bowels, thirst, foul breath and dirty tongue.

SHERLEY'S TABLETS FOR FITS

A certain cure for fits. A medicine that every dog owner should keep at hand, as one never knows when it may be required.

SHERLEY'S SMALL CASTOR OIL CAPSULES

Castor oil is a very valuable aperient for dogs but the taste and sometimes the smell cause vomiting. This can be obviated by giving the oil in capsules.

SHERLEY'S "SKINCURE"

A non-poisonous specific for the cure of all forms of mange, eczema, ringworm, and other skin diseases in dogs or cats. Cures mange for certain in a week.

SHERLEY'S "SHAMPOO"

The Shampoo cleanses the skin, removes dandruff, stimulates the growth of hair, and gives the coat a healthy, glossy appearance. It prevents eczema, and destroys fleas and other insects.

SHERLEY'S DRY SHAMPOO

(A spirituous liquid for Washing Dogs without water).

Invaluable for delicate dogs and those inclined to rheumatism, and for all dogs in cold weather. Specially suitable for washing Show Terriers on whom a hard coat is wanted.

SHERLEY'S TONIC AND CONDITION POWDERS

(For Toy Dogs and Cats).

These powders are tasteless and will create an appetite and get a dog into condition better than any other medicine. They are most valuable, also, for dogs who feed well, but yet never carry any flesh. May be given with perfect safety to the smallest and most delicate pet dogs.

SHERLEY'S CONDITION AND NERVECURE TABLETS

(Not for Toy Dogs or Puppies)

Invaluable for getting dogs into condition for show; also in all cases of chronic skin disease, like eczema; a cure for paralysis, and a great help in cases of chorea A very valuable medicine for stud dogs.

SHERLEY'S CANKER LOTION

A very soothing and quick-curing remedy for this painful disease of the ear.

For very severe or chronic cases SHERLEY'S CANKER POWDER should be used.

SHERLEY'S ANTI-DIARRHOEA POWDERS

(For Diarrhoea and Dysentery)

A safe and effectual remedy, free from opium. May be given to the smallest and most delicate dog A valuable remedy, also, for sickness.

For other of our Medicines consult "Hints to Dog Owners"

LACTOL

A substitute for the milk of a bitch; a wonderful food for weaning and rearing puppies or kittens, and for feeding invalid dogs. Puppies reared on it thrive remarkably, and do not suffer from indigestion, vomiting, diarrhoea, rickets, etc., as when given cow's milk or other foods. Puppies love Lactol.

A MEETING of the BOARD OF DIRECTORS of the CANADIAN KENNEL CLUB will be held at the CARLS-RITE HOTEL (Front and Simcoe Streets), Toronto, on THURSDAY, February 5th, 1925, commencing at 2 o'clock p.m.

THE ANNUAL MEETING of the MEMBERS of the CANADIAN KENNEL CLUB will be held at the CARLS-RITE HOTEL (Front and Simcoe Streets), Toronto, on THURSDAY, February 5th, 1925, commencing at 7.30 p.m. A LARGE ATTENDANCE IS REQUESTED.

NOTE CHANGE OF ADDRESS.

A meeting of the Board of Directors of the Canadian 17----1 Club will be held in the Club's NEW OFFICES 25-27 Melinda Street, on Thursday, March 19th, commencing at 8 o'clock p.m.

MEETING OF THE BOARD OF DIRECTORS OF THE CANADIAN KENNEL CLUB

The regular monthly meeting of the Board of Directors of the Canadian Kennel Club, was held at the Club's Offices, 774½ Yonge Street, Toronto, Ont., on Thursday evening, January 15th, at 8 o'clock, p.m. In the absence of the President, through sickness, the first Vice-President, Col. G. F. McFarland occupied the Chair. Directors attending were: Messrs. M. Gracey, N. K. Swire, H. Clayton and J. W. Bruce.

The minutes of the previous meeting were read and on motion were declared adopted as read.

The Secretary read the following letter from Mr. P. Malovitz, which was sent in reply to the Board's request for his explanation of the Warren-Malovitz complaint:

Montreal, Jan. 2nd, 1925

Jas. D. Strachan, Esq.

Sec.-Treas., Canadian Kennel Club.

Dear Sir:

Replying to your letter dated November 14th, I would say there is no denying I wrote the letter Mr. Warren complains about, or, had it written would be more correct, my reason for doing so was Mr. Purviance had bought dogs from Mrs. Malovitz' Kennel, and asked me for a report on the bitch in question, naturally I thought and expected him to treat this information as strictly confidential. and had I been better versed in the English language would have marked my letter so that my statement about the bitch being put out of the ring on account of lameness-this is absolutely true-it was done on Dr. L. M. Patterson, the official Vet.'s "Say so". As to her not being a brood bitch, I still think my opinion holds good from a buyer's standpoint, as she has never had puppies, so it is stated-or was-by people who everybody considered should know. The statements I made, were made in absolute good faith, as Mr. Purviance laid particular stress in his letter to me enquiring re her qualities as a producer. This letter unfortunately I have not in my possession as I destroyed it after answering him, thinking the incident closed. I am

really unable to understand Mr. Purviance sending Mr. Warren a copy of, or my original letter."

And it was moved, seconded and carried:

"THAT in view of the fact that Mr. P. Malovitz has satisfied the Board of Directors, of absence of malice, it is decided that the matter was outside of their jurisdiction."

The Secretary reported that the matter of the application for registration of the Bulldog in the Barnes-Colley complaint had been referred to the Pedigree Committee and was instructed to advise Mrs. Colley accordingly. And it was moved, seconded and carried:

"THAT the matter of the Barnes-Colley case be referred to the Pedigree Committee as sent by the Records Office."

The following letter was read from Mr. Charles Bowerbank (Toronto):

"Mr. James D. Strachan,

Secretary, Canadian Kennel Club. Dear Sir:

In regards to our recent misunderstanding I think it is time we got together and fix this thing up, as it is doing me no good, nor the Canadian Kennel Club either. As far as I am concerned in the matter, I regret it ever happened, and I think if the Board of Directors take it as I do, this matter can now be straightened out.

Trusting you will give this matter your attention,

I remain,

Yours truly,

(Sgd.) C. BOWERBANK."

It was moved, seconded and carried:

"That in view of the expression of regret as tendered by Mr. Charles Bowerbank, his suspension be now raised."

In the matter of the Protest made by Mr. J. H. Marriott, (Galt), against the awards given to Retrievers at the National Kennel Club Show on the grounds that the premium list gave a Class for Retrievers and a class for Retrievers (Labrador) and that the Labrador that was shown in the Retriever Class was not eligible for the Retriever Class and that he (Marriott) be awarded 1st prize and winners for "Knysna Nice Girl" which was

awarded 2nd place. The Secretary advised that he now had the entry forms as made out by Mr. John Ritchie, also the English export certificates from the owner of "Dorfold Bob" and "Queen of Clubs," the whole proving beyond doubt that the dogs named were Flat Coated Retrievers and not Labradors.

It was moved, seconded and carried:

"THAT, according to the evidence on hand the dogs were entered in their proper classes, therefore, the Protest cannot be sustained."

The Secretary presented the following bills for payment:—

And it was moved, seconded and carried:

"THAT the bills be paid."

The Secretary submitted the following applications for membership in the Canadian Kennel Club:

H. T. Chisholm, 79 Moore Ave., Toronto, Ont.

W. Eddy Lendon, 738 Spadina Ave.. Toronto, Ont.

Wm. MacPherson, 194 St. Leonard's Ave., Toronto, Ont. Walter Blakemore, 367 Strathearn Ave., Hamilton, Ont.

A. F. Brunet, 329 St. Lawrence St., Montreal, Que.

And it was moved, seconded and carried:
"THAT the applicants be received to
membership."

The Secretary reported that the date Good Friday had been claimed by the Bulldog Breeders' Association for the purpose of holding a Specialty Show at Toronto. That the dates Good Friday and Saturday had been claimed by the Toronto Kennel Club for the purpose of holding an All-Breed Show at Toronto.

It was moved, seconded and carried:

"THAT the Toronto Kennel Club be given the dates requested."

The Secretary was requested to advise the Bulldog Breeders' Association that Good Friday and Saturday had been given to the All-Breed Show giving Club.

Application for dates May 6th and 7th were filed by the London Canine Assotion (London) for the purpose of holding an All-Breed Show, and May 14th and 15th by the Telephone City Kennel Club (Brantford) for the purpose of holding an All-Breed Show. There being no confliction of dates, the dates as applied for were granted.

A letter was read which was signed by several members of the Telephone City Kennel Club, some of whom were also members of the Canadian Kennel Club, requesting that an investigation be made into a certain item of advertising which had appeared in the Premium List and Catalog of the Boston Terrier Club of Canada Show on New Year's day. The Secretary reported having the matter well in hand, together with a similar matter, and requested the privilege of making the investigation necessary, officially

It was moved, seconded and carried:

"THAT the Secretary make all the necessary investigating and report back to the Directors."

The following resolution which had been before the Vancouver Kennel Club at its Annual Meeting on December 8th, 1924, and passed by the members of that Club on the motion of Dr. T. R. R. Hoggan, seconded by Mr. W. Burland, was forwarded to the Canadian Kennel Club for consideration:

The Resolution:-

THAT inasmuch as Distemper is a highly contagious disease and that in its incubation period it is almost impossible to detect and that the handling of one dog's mouth and then others by the same party, without first disinfecting the hands, is a prolific source of contagion, a recommendation should be sent to the Canadian Kennel Club to prohibit judges and Honorary Veterinary Surgeons at all shows from they themselves opening the mouths of dogs brought before them, and that all exhibitors should be instructed by the judge or Veterinary Surgeon to open the mouths of their own dogs for examination.'

After discussion it was agreed to refer the resolution as adopted by the Vancouver Kennel Club, to Dr. J. A. Campbell, Honorary Veterinary to the Canadian Kennel Club for consideration and report.

The Secretary advised that he had received through the courtesy of Mr. P. E. Aird, Secretary to the Montreal Kennel Association, Ltd. (Inc.) a supply of judges' books for their inspection. After the books had been examined, it was moved, seconded and carried:

"That the Montreal Kennel Association be informed that our new dog show rule No. 15, Sec. 2, prevents the use of any judging book, other than the one required by the rules, but that when the question of revision of our judges' books comes up again, and the present supply is exhausted, the books submitted by the Montreal Kennel Club Secretary will be considered."

The Secretary submitted correspondence from several renting offices, regarding new quarters for the Canadian Kennel Club. One from the Agents of the new Metropolitan Building, one from the Colonial Building. A blue-print was on hand showing 744 square feet in the Melinda Properties Building being reconstructed on Melinda Street. This property offered the best and greatest amount of space at a reasonable rental, and it was moved, seconded and carried:

"THAT the President and Secretary be and they are hereby authorized to execute, on behalf of the Canadian Kennel Club Incorporated, a lease for five years from the first of March. 1925, of the premises on the third floor of Nos. 25-27 Melinda Street, Toronto, as per blue print submitted to this meeting, at an annual rental of \$1,500.00 payable monthly in advance."

The Secretary read the following letter: 189 Ennerdale Road, Toronto, Jan. 8, 1925

To the Board of Directors, Canadian Kennel Club, 774½ Yonge St., Toronto. Gentlemen:

I wish to bring to your notice the inaccurate reports and omissions in the Kennel and Bench of the C.K.C. shows that I exhibited at last year. I exhibited a Yorkshire Terrier 'Lord Byng' (31191) at the Canadian National Exhibition, and was awarded first Canadian-bred, but in the Kennel and Bench I was placed second. I saw the Editor about it, and he promised to correct it in the next issue, but it was not done.

At the Royal Winter Fair I exhibited the same dog and went to winners with him, and also to 4th place for best in show. But in the Kennel and Bench it mentions a Bulldog also "Melbourne Starbright" (Pomeranian, chocolate) which is an error, and should read "Ch. Chiswick Marquis" as amongst the last to leave the ring. Now the Yorkshire was not mentioned in that class. Neither were the Yorkshire Terrier classes mentioned in the report of the show in the December issue of the Kennel and Bench.

Such inaccuracies and omissions are not fair to the exhibitor or to our fellow members of the Canadian Kennel Club who are not able to attend the shows and can only follow the shows by the reports in the Kennel and Bench.

Now, Sirs, I would like your decision regarding the awards for best in show at the Royal Winter Fair, and would refer you to Rule 21 governing Canadian Kennel Club Shows. It appears to me that only dogs and bitches that have gone through to winners in their respective breeds are eligible to be judged for that special. If such is correct the dog that was awarded Best Toy in show should not have been in the ring as it was only entered in the Toy Variety Class according to the catalog. I would appreciate the Directors ruling on this matter as my dog "Lord Byng" was amongst the last four left in the ring and claim I am entitled to special prize (No. 5A) and would also like to have the award adjusted in Kennel and Bench.

Hoping you will give this matter your consideration, and oblige,

Yours sincerely,

(Sgd.) HARRY DRAPER."

Explaining Mr. Draper's letter, the Secretary said that the officially marked catalog received from the Canadian National Exhibition showed the awards in Yorkshire Terriers to be as they subsequently appeared in the official organ. When Mr. Draper reported that he had been awarded 1st prize in the Canadian-bred class, the Secretary visited the Canadian National Exhibition Office, where he had found Mr. Draper's claim correct. The necessary correction had been made in the awards for Stud Book 28, and evidently there had been misapprehension on Mr. Draper's part concerning the correction. Reporting the Best in Show at the Royal Winter Fair Show, of course the Pomeranian placed fourth was "Ch. Chiswick Marquis" and not "Melbourne Starbright," that had been corrected already, and according to ring side opinion were reported properly. The Judges' Books had been sent for which might show the reserve placings to the Alsatian and Russian Wolfhound in which case a report would be made to the Board.

Mr. J. W. Bruce said he would speak for the last paragraph of Mr. H. Draper's letter. He (Mr. Bruce) had read the conditions governing Special No. 5A and considered his dog eligible to compete for the Special. Looking at "eligibility to compete" in the light of dog show rule XXI he agreed that he was in error in competing for Special No. 5A.

It was moved, seconded and carried:

"THAT, since Special No. 5A had been awarded to his, (Mr. J. W. Bruce's) entry, which had been found ineligible to compete, through virtue of Dog Show Rule XXI, that he would at once surrender the Special No. 5A back to the National Kennel Club. (Mr. J. W. Bruce made this motion)." The meeting was declared adjourned.

On Russian Wolfhounds

(Specially Contributed.)

HERE was no more pleasing nor uniformly even exhibit of dogs at the Canadian National Exhibition Dog Show this year than that of the Russian Wolfhound exhibit, and it is doubted very sincerely if ever such a sweet exhibit has been seen anywhere before under one roof in all America. True, there may have been shows with a larger entry, and there may have been shows with more outstanding specimens of note, but for a large entry of even balance, I have never seen it at any show in Great Britain, in the United States or in Canada. This should be very encouraging. We wonder how many of our novice readers who are interested in this breed have given the history of the breed serious thought, or, if parrotlike, they have only received as gospel what the "other fellow" has told them concerning the breed? Let us tell you something authentic about it, which we have gathered from our records:

At Crystal Palace Show, held in England in 1872, or slightly over 60 years ago, three Borzois were entered for competition. Two were shown at an earlier Crystal Palace Show, by Lady Emily Peel, and in the "eighties," which was considerably later than either of the two cases recited, Messrs Hill and Ashton of the Meersbrook Kennels, at Sheffield (England), showed a lone Borzoi, which was at that time entered as a Siberian Wolfhound. Some years later the Duchess of Newcastle created a stir in the canine world of England, when she imported from the Czar of Gatchina several remarkable specimens, and from this stock Her Grace founded a kennel that has been admired by the whole world. The interest shown by Her Grace the Duchess gave the breed an impetus in Britain that has never perceptibly waned. Then Her Majesty Queen Alexandra, at the time she was Princess of Wales, gave a further boost to the aristocratic Borzoi when the Czar of all the Russians presented her with a brace of these handsome hounds. The breed had been sponsored by Royalty, and it was now the rage in England. A club was formed there in 1892 (32 years ago). The Duchess of Newcastle was elected president, and the club's first activity after its formation was to hold a show at Southport, where Her Ladyship acted as judge with acceptance. This show was not continued in the following years, the club having decided to put their individual support behind the English kennel clubs and other important

shows of Great Britain. It may be of interest to note that, at the Kennel Club (England) held at the Alexandra Palace, London, recently, the enormous entry of 5,083 was made, 48 of which was the Borzois' share. Take our last Canadian National Exhibition fixture for comparison, when we had—entries, so you see just how you stand in Canada. The entry at New York Show last February was in no way to be compared to our Toronto exhibit. All of this should be encouraging to you novices who are just beginning to take an interest in this breed.

Now, you will be further interested to know that the introduction of the Borzoi to the United States really was the work of a syndicate, consisting of Messrs. Jos. B. Thomas, Jr., (who has written so authoritatively and interestingly on the breed), Ralph H. Thomas, A. Douglas Dodge, Howard H. Mossman and Chauncy J. Hamlin This syndicate sent their Mr. Jos. B. Thomas, Jr., to Russia on several occasions for the sole puropse of studying the Borzoi, and of purchasing the best available specimens, and, as a result of their activities, many important importations were made from the kennels of the Grand Duke Nicholas at Perchina, near Moscow, which, before the Russian revolt, was the largest and best kennel in all Russia, excelling the kennels of the Czar himself.

In Canada, our own Mr. John G. Kent was amongst the first to sponsor the breed in the East, and his "Kernisky," a white with silver-grey markings, born on May 8th, 1898 (26 years ago), was the first Russian Wolfhound registered in Canada, and the record says that the sire of "Kernisky" was

"Barin," Barin's sire, "Opromiot," whose sire and dam came from the kennels of General Boldaroft at Russia. Mr. Kent's kennels at this time were known as the Terra Cotta Kennels, and from 1898 until this very day Mr. Kent has been a lover of the Russian Wolf-hound

The origin of the breed lies enshrouded in the mysteries of bygone ages. It is no doubt the most ancient and honorable of Russia's dogs. In England it is the Borzoi; on the Continent the Borzoi, with us the Russian Wolfhound, which, I think, is the most descriptive name of all.

The chief requirements of the breed, when intended for its own peculiar avocation, i.e., running down and holding for destruction the terrible wolf, have been summed up in four words, each commencing with the letter "S". They are: -Size, speed, strength and symmetry. The muzzle should be long, the jaws strong and punishinglooking, the skull comparatively short and narrow. The Russian Wolfhound seems to be an exaggeration of all the qualities of the canine world. His architecture hints at great size, great elegance, with a total absence of coarseness.

To-day we are indebted beyond measure to the interest taken in Russian Wolfhounds by a great many fanciers drawn from many different walks of life; some with little or no money purchasing stock from the best strains and thereafter breeding along proper lines, producing what money could not buy. In this the novice sometimes becomes the wonder and admiration of his fellows.

In Western Canada, and away out at the Coast where the roses are always in bloom, we find Russian Wolfhounds being sponsored by Mrs. S. J. Jennings, with stock purchased from E. Beck, Toronto. In the prairie provinces, where the dogs are worked on coyotes and wolves, many keep and breed Borzois for that purpose alone. Such is Mr. R. S. Tyrell of Bottrell, Alta. Still we must come to Ontario as the breeding ground proper where the "Vaski," "Romanoff" and "Zahitra" puppies shoulder the burden of quality production, aided and abetted in the good work by such fanciers as Mr. Blake Johnston, Mr. and Mrs. Morton, Mr. and Mrs. F. C. Shipp, Mr. and Mrs. F. E. Upton, Mr. George Oakley and a host of others, all doing good work for the breed by their endeavors, plus their enthusiasm. The Russian Wolfhound is fast coming to the front again.

NOTES FROM THE AMERICAN SIDE

We had a most enjoyable treat at the Yuletide show of the Montreal Kennel Association as all former entries for such an event went by the boards, then again the meeting of many old friends at this time of the year, in such a noted town for hospitality as Montreal, gave one scope that is impossible on the American side, hence the long to be remembered enjoyable time and the sight of quite a goodly number of topping good home-breds. It is no idle statement when one says that there were at least fifty per cent, of the 230 dogs quite good enough to make their presence felt at the big circuit shows with the keenest of competition in the majority of breeds, especially when it came to the Variety Classes and Unclassified Specials. Once again the writer takes pleasure in congratulating the Canadian fanciers on the real sportsmanlike manner in which they accepted the awards and applauded the different demonstrations of type. It is always a pleasure to go over the best of each breed, when judging the specials and point out the merits of the winners, as we deem it the duty of all sincere judges to do this, in the first place it relieves the monotony, then again it educates the novice. This was amply proven by the unstinted applause that greeted each demonstration and if the Directors of the American Kennel Club had been present and heard the many remarks of gratitude they would not look askance at judges who transgress their rules by doing as the writer did in the Dorchester Church on each evening. In all it was a most enjoyable show, reflecting much credit on the Association, and the very efficient stewards, among them we noticed P. E. Aird, S. B. Picken, J. Steer, a veritable "Warrior" in his long smock. "Bob" Ross and others to whom the writer is indebted. Best in show was keenly contested as it brought in at least ten exceptionally good ones, at least six being good enough for the honor, after a careful sorting out the following were placed as written, the Bull bitch, "Ch. St. Roche Girl Guide". the Whippet, "Irma Pastime", Wire Fox Terrier, "Bytown Best", and the Pomeranian, "Adon's of Pomona", a very closely matched quartette and all in top form. In view of the fact that two females finished first and second, the imposing trophy for best of opposite sex went to the Fox Terrier, "Bytown Best", while the cup for best of all Toys was a clever win for the superbly coated "Adonis of Pomona", a rare colored orange, in remarkable form and most cleverly handled by an expert, whose quiet, dignified manner and clever way in which she showed the dogs caused us to enquire of Madame Beland "who is

the clever Miss that handled your dogs?" and were most agreeably surprised to learn that she is a daughter of Ed. Henshaw, the noted manager of the famous Croydon Fox Terriers, to use a somewhat crude axiom, but one most apropos, she is certainly a chip off the "young" block and deserves much praise for the superb condition and ring manners of the Pomona winners.

While Bulldogs were the star attraction there were several high-class wires, including a recently imported bitch from the noted Olcliffe kennel that should make history when real fit, then there were several very good black Cockers, I believe by the noted "Man O' War". dear old Lance Farewell's famous dog. excelling in all head points, bone and action, which won their classes handily but when compared with the more matured "Ch. Enright's Midnight", they appeared a trifle long cast, however, when fully matured they should do a heap of winning. As one expected in the home-town of the former famous "St. Lamberts", Irish Setters were very good with keen competition when it came to the specials, best in dogs was Mr. Tredeau's recently imported "Sonora Elcho", a very rich color, with heaps of bone, typical head, and nice body lines, but he was not quite so pleasing in shoulders or action as the bitch "Wild Irish Rosette", a classy one all round, a shade more depth of chest would improve her. but a quality sort all through and moved well. We might have changed the Collies about, when "Teddy Brown", a very even balanced black and white,

with the right texture of coat, and sound quarters beat the very promising puppy, "Knocklayde Surprise", the cleaner in skull and just a trifle more clever with her ears, but compared with the fully matured dog she seemed somewhat shelly in body and not at her best in coat, a very classy puppy, however, and all "Collie" in character.

Whippets were a complete surprise with very little between the winners, the pick of the little ones was "Jack O'Diamonds", a very classy red with splendid body lines and powerful quarters, could do with a little more bone and harder muscling, it was in bone and hindquarters that he lost to the heavier "Victory Epinard", a miniature greyhound from every point of view and shown very fit as were Irma "Pastime" a flashy marked red and white, "Victory Tranquil", "Sarah II", and other very good ones who reminded us of the famous International champion, "Nancy of Oxon", with the same perfect shoulders, depth of chest and superb hind-quarters. Best of breed was a comfortable win for Armisted's very impressive "Irma Pastime", plenty big enough for one just out of her puppyhood, but a veritable "flyer" and shown to the minute.

A very nice medium-sized bitch, "Ballycolleen", a shade light in bone, perhaps but all quality, was the pick in Irish terriers, she winning comfortably, but in Airedales there were several promising puppies from the noted "Rocket" strain, the going was much more interesting. The pick in dogs was "Adena Rocket," a well furnished sort with sound color,

English Champion BOGHURST ROVER, who may be well described as "a thing of beauty is a joy forever."

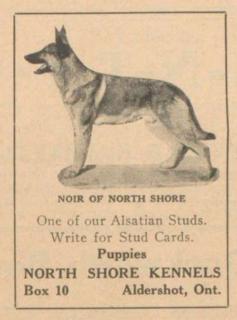

good texture of coat and lots of substance, but he lacked the even balance and pronounced "terrier" character of the bitch, "Roxboro Princess", grizzle in color, with the best of feet, lots of bone and well furnished body, while not so long in head as the dog, she scored in general appearance and action.

Scottish terriers were exceptionally good with very little between the first four, three of which came from the well known P. E. Aird kennel whose very promising dark brindle puppy, "Airdrie Kelpie", won handily, she is not so pronounced as same owner's "Jean", quite the best in head, ears and expression, who lacked the bone, depth of chest and body lines of the winner who should mature into a real good one.

A very useful biggish dog, somewhat sandy in color was "Hieland Jeff", shown by Sir Herbert Holt, which won in West Highlands, he is quite big enough but scored decisively in all head points, bone and coat over several more on the medium order, but long cast, and open in coat.

Pekingese, while somewhat mixed in type and size had several very nice dogs, the pick was an extra good headed black, with perfect front, and heavy bone, lack of coat and shown too heavy in flesh, marred his chances in the specials, but "Wong of Vassia" is quite one of the best blacks ever bred in the Dominion. Miss C, J. La Violette was second with a very nice red whose name we did not get, but he is a classy one and well shown.

Bulldogs were very good, though the pick of the light-weights, "Hefty Rival", an exceptionally massive red brindle with rare body, was handicapped by a badly swollen ear, still he won his classes handily and beat same owner's well known English champion, "Failsworth White Challenger", a very typical white for the Reserve Winners awarded to the noted "Ch. Yamamoto Challenger", one of the most evenly balanced dogs out to-day with a grand head, splendid shoulders and correct body lines. Best of the juniors was the home-bred 'Lorne Monarch", winner of the Rodney tankard, while much too light in flesh to do his body justice he was remarkably good in all head points and perfect rose ears. While somewhat mixed, the bitches were keenly contested, the best being "St. Roche Girl Guide", "Larandy Lady Astor", and "Basham's Best", the first named a very impressive white with reddish markings was quite the sensation of the show as she beat the very good "Yamamato Challenger" for best of breed to be adjudged best in show. While not on the heavily boned cumbersome type, "St. Roche Girl Guide" is of the highest possible quality, beautifully balanced with a perfect shaped body, splendid head points, and impressive front, it was in spring of ribs and roach

that she beat the dog, "Baron Bouncer", a well marked puppy, was best of a meagre entry in Bostons.

A complete surprise were the Alsatians, or as we in America know them, Shepherd Dogs, which had keen competition in all the classes with the right type prevailing, as a matter of fact we have never seen such a large number of impressive Canadian home-breds all being on the "modern angulated" type with pronounced soundness and splendid ring manners. While the ring was none too large it was ample to demonstrate action and pose, with no fulsome tryouts and tiring pose, each dog being walked, then trotted around the ring and tested for shyness with very few failing to impress one. Best of breed went to the well known "Ch. Brando von Filsek", a very sound black and tan, not so exaggerated in pasterns and angulation as some of the American winners, but with enough spring at pasterns and length of body for any practical working dog.

We question, very much, if the extremes to which some of the American experts are going when judging this sagacious breed, are needed. Surely one with a practical eye can detect any weakness in gait after the dogs have been walked and trotted around the ring several times, it also seems decidedly irksome for the judge to keep the dogs in pose while he writes his notes, then again why is the exaggerated length of pasterns and bend of hock so essential in this breed, there are other working breeds and judges do not emphasize these features to the extent of exaggeration now modish in the Shepherd Dog. or as our Canadian cousins call them, Alsatians.

Several very good puppies, quite the equal of our American home-breds appeared, the best being "Loup von Ludendorf", a striking black and tan by "Ch. Brando von Filsek", which went through his classes to make the going most interesting

for his sire as best dog, apart from being somewhat weak in loin and quarters it was hard to fault, the same applies to others who were well up in the running. Several very typical bitches won their classes, best going to the recent importation "Lurda V. Naschstlebe", much on the same type as the winning dog, with two black and tan puppies of good size and nice type, well up in the running. In all it was a very smart entry with the right type and size much in evidence.

It is sincerely hoped that Springer Spaniel exhibitors will make a special effort to compete at the Westminster show as the largest classification ever made for the breed on this side of the Atlantic has been made with a bevy of valuable specials. The judge-elect, Mr. Robert Ross of Montreal has had much experience in sporting dogs and is in close touch with the breed. It is of interest to note the recent importations to Canada include a famous trio of English champions for the noted Avandale Kennels at Winnipeg. A striking pair by "Ch. Springbok of Ware" that have made history both afield and on the bench in England are "Ch. Pierrepoint Lass" and "Pierrepoint Prince", but the main attraction is the noted "dual" champion "Boghurst Rover", a most impressive black, white and tan dog, sired by the well-known "Ch. Horsford Hetman", who, before he was a year old, asserted himself at the Crystal Palace, Crufts and Richmond shows, winning right through to his championships against the very cream of the English champions. It is to be hoped that Mr. E. Chevrier will repeat his trip of 1922 when the Avandale team made such a favorable impression at New York. This year promises to be one of much moment for the Springer, hence the wish that all interested in this splendid all-round shooting dog and companion will meet at the Westminster.

IN THE THICK OF THE BATTLE

The Ormsby wire-haired Fox Terriers will be right in the fight at all the shows across the line in February, Manager Mr. Harry Armistead, advises us that a large entry, and most of them Ormsby-bred will be at the "big noises", there to put up their argument for the Canadian-bred Wire. Mr. Armistead has twenty to choose from, but the picking is hard, owing to the quality represented. Friends of "smiling Harry" will regret to learn that he has been under the weather for several months now, and that it was a disappointment for him to miss meeting them at the recent Royal Winter Fair Dog Show, but now that he is "hitting on all six" we may expect to see him soon.

Mr. James F. Strachan is busy with his "bread to royalty" business, and his hockey and bowling interests, but he will be sure to be at the "Garden" to see the Wires battling it out for highest honors.

Western Ontario Kennel Club

Enter the baby Club of Canada, The Western Ontario Kennel Club. At a meeting held at London, in the Club rooms of John Labatts' Limited, on January 15th, about eighty fanciers attended and gave expression to their desire to have a new club in London. The meeting adjourned until Monday. January 19th, so that the idea could take root and develop. At this meeting fifty fanciers attended, and were called to order by Mr. F. C. Hessell, well known to all exhibitors at London shows. The Secretary of the Canadian Kennel Club was also present, the invited guest of the Club. Mr. J. D. Strachan reminded those present that the Club already functioning in London was one of the oldest established clubs in Canada, and that the Canadian Kennel Club itself was born in London, a short distance from the place of the meeting. London Canine Association had a clean record at headquarters, and if the fancy could not be at home in the old Club, he hoped that the newer organization would always prove a very definite force behind any activity for the general fancy which might be forthcoming in London. He advised that he was not present to encourage or to discourage their ambitions at the moment, preferring to learn more of their objectives first.

It was soon apparent that much thought had been given to the new venture and as it has been patterned from the National Kennel Club, incorporation will be requested from the Provincial Secretary at an early date. The membership will be composed of charter members up to 500 in number, and the annual fee will be \$5.00. Associate members with limited privileges will be received at a \$2.00 fee. The field to be operated will be encircled by the Club's name, i.e., all Western Ontario.

The proposed Constitution was read clause by clause and voted upon in that manner and when the end had been reached, the chairman put it to a final vote, when it was adopted substantially as it had been voted on. The plan of the Constitution, being copied largely from the National Kennel Club Constitution,—a well thought-out document—offered but little—if any—room for controversies of any kind, and only trifling changes were made.

The following officers were elected:

President, Mr. Frank Westbury; Vice-President, Capt. W. S. Smith; 2nd Vice-President, Mr. F. C. Hessell; Secretary Mr. John D. Aitken; Asst. Secretary, Mr. L. E. Jones; Treasurer, Mr. Art. Ings. Board of Directors: Messrs. J. Keyes, Stabler, J. Milliken, R. Collins, Geo Bowman, (other directors will be elected from the centres of Chatham, Windsor, St. Thomas, Stratford, etc., up to ten directors, as the Western Ontario Kennel Club develops and grows).

Mr. E. M. Burke advised that he was prepared to provide the Arena for the use of the Club in connection with its first spring show. Mr. J. D. Strachan

advised the meeting of the experiences of Fort Garry Kennel Club, and other associations holding spring shows in similar buildings. When it was agreed that a summer show would be held at Port Stanley-London's favorite summer resort-during July, dates for same to be applied for at once. Working Trials for (Alsatian) Shepherd Dogs, Wolfhounds. etc., will be catered to, and if arrangements can be made with the Toronto Whippet Association. Whippet racing will be an additional feature. Mr. Charles G. Hopton. New York, will be invited to take the superintendent's duties for all the several activities named. Mr. Hopton will have as a working committee the following gentlemen: Messrs. Frank Westbury, F. C. Hessell, Art. Ings, J. Stablor, Geo. Bowman and J. Orme.

When Treasurer Mr. A. Ings had separated the 10's from the 5's and the 2's from the 1's he found that he had collected as membership fees some \$120.00, with many names and addresses of fanciers who later would send in their fees; this was considered quite an encouraging beginning.

Mr. Strachan exhorted the newly organized club to go behind every activity that was launched in London in the interest of the fancy generally, 100%, and was assured that the Western Ontario Kennel Club would put its entire strength behind every well-directed effort coming within its area.

It was the general feeling that the London fancy was particularly fortunate in having in its midst such an enthusiastic and generous fancier as Mr. E. M. Burke, and, whilst Mr. Burke was not placed in any office, it was quite clear to the least observant that he could have had any office he wanted for the asking.

Champion Belle Mahone (C.K.C.S.B. Dead

Quite one of the best Bull Terrier bitches ever born on this continent was "Ch. Belle Mahone," who has just died at the Limestone Kennels of J. E. Brunett, Kingston, Ont. and with her a litter of puppies that for a long time had been an expectation with the popular "Red" Brunett, who had recent y been given the ownership of the noted bitch by Mr. Fred W. Coles, Toronto.

"Belle Mahone" unheralded and unsung, made her debut to the "ring" at the Maple Leaf Show at Toronto in early 1919, there she swept the boards and annexed three points towards her champio-ship, from these she went to Toronto Kennel Club, London Canine Association (London), and Montreal Kennel Association without tasting defeat, and in the meantime rolling up her score of championship points to 9, and all-so far- in the year 1919, but the Canadian National at Toronto the near champion "Belle Mahone" looking like a "million dollars" stepped into Mr. Floyd E. Waites' good bitch (Toronto bred) "Charlwood Ariel" and after a battle royal, the judge, Mr. George S. Thomas favored "Ariel", and the heroine of our article tasted her first reserve winners placement. However it was not for long that she had to play "second string" to anyone, and in 1920, she tackled all the shows as they came along and never left them without the coveted strip of purple silk. In 1921 the 1919 humiliation was only a remembrance, but a memory sometimes carries a sting with it for a good dog, as with many a good man, so 1921 was reserved for Canada's greatest event-the Canadian National, here again the best would

gather for battle, seventeen dogs were started in the race, the noted Mr. George S. Thomas was again the judge. What more could be desired? Still it is curious to notice that the field was strengthened by Montreal's best entry "Wizard White Lady". (W. Houdes) and the beautiful imported bitch "Guiseley Jane" (Major J. J. Cawthra's, Toronto), in all a wonderful array of worth-while opposition, and when Judge Thomas gave the coveted ribbon to "Ch. Belle Mahone", a sigh of satisfaction escaped from a critical ringside.

Whilst the show career of the late "Belle Mahone" was at its apex, two Bull Terrier lovers became acquainted, they were Messrs. Fred. W. Coles, (one of the partners of the famous Bull Terrier firm of Miles and Coles, Toronto), and Floyd E. Waite, of Cleveland, Ohio, since famous in Bull Terrier circles as the owner of the American Champion, "Lionheart" son of "Ch. Belle Mahone", by that great producer of quality stock "Brockley Topper." "Lionheart" was the apple of Mr. Coles' eye, but because his sire, "Brockley Topper" was not registered, the registration of "Lionheart" was a crippling handicap to an otherwise great dog. The American Kennel Club in its wisdom, born of long experience had a rule whereby a characteristic specimen having distinguished itself on the show bench could be admitted to their Stud Book, and so, Mr. Waite, far-sighted and shrewd, secured "Lionheart" who for a long time was in the limelight of America's greatest shows (and who as a matter of fact will be entered at Canton, Oh o, which shows that he is still a power

on the bench) including Westminster Kennel Club.

The late "Champion Belle Mahone" was going on her eighth year, and so has earned her rest and reward. She was by 'Ch. Allfire Alive", out of a daughter of 'Ch. The Harvester". When she was bred to the wonderful-though ill-fated-"Brockley Topper", she produced the great "Ch. Lionheart", and will always retain a cherished corner in the hearts of all true lovers of the "White cavaliers" who will deplore her passing. But to our good friend Fred. Coles, something more than a Bull Terrier has been lost, he has lost a cherished friend.

GETTING 'EM READY FOR THE SHOW

When Eugene Field so truly described the after-effects of Fido's bath in his beautiful lines "Oh. That Pup", he reiterated the expressions of thousands of "Mrs. Taylor", who from time to time prepare their dogs for the bench shows:

Then from that tub and from that room He gat with fast ado.

At every hop he gave a shake, And-how the water flew.

He paddled down the winding stairs And to the parlor hied,

Dispensing pools of foaming suds And slop on every side.

Upon the carpet then he rolled And brushed against the wall,

And, horror, whisked his lathery sides On overcoat and shawl!

Attracted by the dreadful din, His mistress came below-

Who, who can speak her wonderment-Who, who can paint her woe.

Great smears of soap were here and there, Her startled vision met

With blobs of lather everywhere,

And everything was wet.

Then Mrs. Taylor gave a shriek Like one about to die,

Get out-get out, and don't you dare Come in till you are dry!"

With that she opened wide the door And waved the puppy through,

Out in the circumambient air With grateful yelps he flew.

BOSTON TERRIERS AT TORON-TO ON NEW YEAR'S DAY.

By the Judge, Mr. Jack Almon, Montreal.

The report of the Bostons coming before me at Toronto on January 1st must of necessity be brief and somewhat condensed, as I have no marked catalogue at hand, and so must depend on memory entirely. I found the dogs coming before me a grand collection of Bostons from the viewpoint of quality. With the exception of two specimens the balance were on par with anything I have seen in the United States or Canada.

"Blucher King," the winning dog, is an evenly balanced Boston, with wonderful body, sweet expression, nicely placed eye and good strong head. He has ideal markings and is a perfect shower—good, clean muzzle, that I would like to see a shade wider, as he is inclined to appear a trifle pinched when looked at from certain angles.

The winning bitch, "Lady Kingbencher," is an exceptionally strongheaded one, with a nice, deep, square muzzle, but inclined to be just a shade shallow under the eye, which gives her muzzle a longer appearance than it really is. This bitch beat the winning dog in head and muzzle, and in my mind showed the greater quality.

My reserve winners dog was "Ruggles C.," a placing that did not seem to satisfy the "railbirds," and from remarks that I distinctly heard I gathered that "Rialto Peach" was their favorite choice. "Rialto Peach" is no doubt a very clean-cut little dog, but to my mind he shows too much daylight under him and is a very different type to the winner, "Blucher King." Suppose I had placed "Rialto Peach" as reserve winners, and thus over "Ruggles C.," the difference in type would have been so emphatically noticeable that it would have been altogether wrong. However, it was only one man's opinion on that day.

Reserve winners bitches found "Nation's Dream Baby" as my choice, and when this Dream Baby matures she will be a hard Boston to beat. She has a magnificent expression, nice, cleancut head and muzzle—a perfectly marked dark seal brindle that is teeming with quality.

Between classes, I had several requests to explain to exhibitors my reasons for not having placed them higher than I did. I fully intended to meet these fanciers and make the placings clear to them, and regret not having had the privilege, but it was a rush for my train. However, I may say here that poor handling hurt many a dog's

PUPPIES

We have for sale a number of Boston Terrier puppies of both sexes sired by our own famous stud dogs.

These puppies are of good type, markings and breeding. They are all worthy of the "Globe" prefix. They will not be sold merely for pets—they are of the type and breeding that will make them desirable stud dogs and brood females—and some of them will be winners.

We do not sell by photograph—but send a correct, unexaggerated description to prospective buyers.

If you state the price you care to pay, you can feel assured we'll quote you the best puppy your money will buy.

chances at the show; in fact I found it hard to make certain decisions that otherwise appealed to me, but which the chances were hurt by the handlers themselves. I think that of all the different kinds of dogs our Boston Terriers require the most careful handling.

Permit me, through the pages of Kennel and Bench, to thank the President, officers and members of the Boston Terrier Club of Canada for all their kindness and help so freely bestowed upon me during my short stay in Toronto.

is believed to be in whelp, and there is every possible chance for some splendid puppies to be born from this litter.

"Chiswick Girlie" a recent importation whom we nentioned on page 13 of our Christmas issue as one of the Melbourne's choice matrons, daughter of "Sunfire" ex "Sunray", was bred to "Bourneville Red Mite" before she was shipped, and now she is nursing two elegant puppies, one of which is a blue that Mrs. Bruce thinks a world of. Pomeranian breeders will remember Miss Lilla Ives' monumental efforts for this color in England, and the fame that followed in the footsteps of the wonderful "Champion Boy Blue". The color is a hard one to keep clear, and that alone is the discouraging factor that retards its popularity amongst breeders generally, but there is no earthly reason why a Ch. Boy Blue, or a Blue Mamie should not be produced in Canada, and we trust that the baby blue at Melbourne may prove to be a Pomeranian similar to one of those.

EDMONTON DOG FANCIERS'

The Dog Fanciers' Club at Edmonton, Alta., held their annual meeting on January 6th. A successful year was reported, and real money in the bank.

The summer show held at the Fair Grounds, was held in one of the best dog show buildings in Western Canada, and the Edmonton fanciers hope to fill it up to pre-war strength this year. The officers are all fanciers who have had experience and know what it takes to make a dog show a success. The Edmontonians appreciated the reference made to their show by Mr. Geo. Kynoch as it appeared on page .. of KENNEL AND issue, and furth-BENCH of the er appreciates every particle of help that came from any quarter, and that helped to make their first show since 1915 the success that it was.

On Boxing Day (Dec. 26th) the Club held a Whist Drive and Dance, which was a genuine success. As an added feature the 1st Vice-President elect, Mr. A. E. Figg donated a Pomeranian puppy for a "lucky number proposition." This was taken up quite enthusiastically, making the evening profitable as well as pleasant. This is one of the secrets of the bank balance, and how said balance is to be spent, is another secret, that will shortly be revealed or explained to the general fancy.

Here is the list of the 1925 officers: President, Mr. H. Nash; 1st Vice-President, Mr. A. E. Figg; 2nd Vice-President, Mr. W. Nobbs; Secretary-Treasurer, Mr. J. A. Renton, 9624 95th Ave., Edmonton, Alta.; Executive Committee: Mr. O. M. Pickard, Mr. H. Cook, Mr. A. Ault, Mr. H. Nash, Mr. A. E. Figg, Mr. W. Nobbs, Mr. J. A. Renton.

When this aggregation of talent get their stride, keep your eye on Edmonton.

CH. ACE OF ACES (OLD BOGIE) DEAD.

"Ch. Ace of Aces," son of "Diamond Red Demon" (Imp), and owned by Mr. George Kynoch, became the victim of the dastardly poisoner, strychnine being the agency to cause death in the opinion of the attending veterinarian. Poor old "Bogie" (he was really only a trifle over 4 years old) was loved by many fanciers in many parts of Canada and the United States. From Toronto to Calgary, "Bogie"

"faced the music" at all the larger shows. When he was shy of only one point, Mr. Kynoch, in error, proclaimed him a champion, and the claim was questioned and the error admitted, but just to show that it was no piker's claim, the well-known brindle and white went right into the ring and, at five consecutive shows piled up 12 additional points, and only for his untimely death his "average" would have still mounted higher. Mr. Kynoch has handled as many dogs as any other man of his age-perhaps more. He has owned many of all varieties; no doubt he has become attached to many from time to time, but only a few "Bogies" come to any man during a lifetime, and George hated to have his pal dog so ruthlessly withdrawn whilst he was still in his prime and good for many years to come.

ANOTHER GOOD BOSTON COMES TO HAMILTON.

We are advised by Mr. H. K. Roberts, Hamilton, Ont., that he has just purchased from Mr. H. N. Bulger, of the Turnstile Kennels, South Lawrence, Mass., "Fitzpatrick's Tiny King," that has been so largely advertised in the United States as the "Three-in-one" dog, being a direct descendant of "Ring Master," "Ch. Peter's King" and the famous "Intruder." This importation of Mr. Roberts will raise enthusiasm in Boston circles in Hamilton, and will place another high-class stud force at the disposal of the breeders there.

O'DELL KENNELS HAVE HARD LUCK PERIOD

The O'Dell Kennels advise us that their good Cocker "My Own Lenor", (referred to in Mr. George Kynoch's interesting article in this issue as having gone to winners at the Twin Cities show at 8 months old) contracted distemper at the Twin Cities fixture, not contented with that, the winning youngster shared the plague with a fine litter by "Ch. Matlock Durbar" (the Exhibition winner) ex "Miss Major Oak" (who lacks but one point of her championship) and now the imported "My Own Lenor", and the litter are dead, a hard blow this to any fancier. However, MacKidd is a sticker, and already has arranged with Mr. Mellentj n, of Poughkeepsie, N.Y. to replace "My Own Lenor"

Thirteen (Mr. MacKidd is not at all superstitious) English Setter puppies have been bought from our old host, Mr. Herb. Clements, and the best bitches of the purchase have been retained with a view to setting up a considerable kennel of this handsome breed of gun dog. Others will be bought to add to the kennel as soon as the proper specimens can be secured. An exchange was made for a young male by "Ch. Cole's Blue Prince 2nd" and so, the "big start" is already off which one day will reach the dimensions set by the O'Dell Kennels as their objective.

THE PEKIN PALACE DOG ASSOCIATION OF CANADA

This enthusiastic specialty club held their annual meeting at the home of their President, Dr. C. C. Clemmer, 141 Carlton Street, Toronto. The meeting was enthusiastic and well attended. Reports submitted to the meeting, showed that the Club had indeed been active in the interest of the Pekingese during 1924, and greater things are to be attempted in 1925. The bank balance, which is really one of a club's best assets was reported healthy, this feature will again be well guarded in the Club's new arrangement whereby the office of Secretary-Treasurer has been separated.

The officers elected are as follows: President, Dr. C. C. Clemmer, 1st Vice-President, Mr. Love; 2nd Vice-President, Mr. B. J. Warrington; Treasurer, Mrs. Dr. C. C. Clemmer; Secretary, Mr. George Eastham, 128 Westlake Ave., Toronto. Executive: The executive is composed entirely of the "fair sex", and include Mrs. Geo. H. Eastham, Mrs. M. Melville, Mrs. G. Foster, Mrs. Tompkins and Mrs. Whitehouse.

KENNEL NAMES.

The Kennel Name "Sunnyside" has been registered in the name of Mr. Earl S. Cathcart, Toronto, Ont.

(ALSATIAN) SHEPHERD DOG CLUB OF CANADA ANNUAL MEETING.

This vigorous young club held its 4th annual meeting at Hunt's uptown restaurant on Monday, January 12th, when forty members answered the President's (Dr. O. A. Elliott) call to "be seated." It has been a practice with the club since its formation to attend to its annual business on a full stomach-dog-like, happy and contented. After dinner the President called on Dr. J. A. Campbell to address the members, and those who know the genial "Archibald" will know that he said the right thing at the right time. Dr. Campbell will meet the Shepherd Dog Club at an early date and give his well-known lecture, "Diseases of Dogs." Mr. J. D. Strachan congratulated the club on its contented spirit of comraderie and good fellowship, and mentioned that he had been talking the club to a gentleman at the Buffalo show several weeks ago, and at that time had been boasting about the club's latest trophy, "The Frank P. O'Connor Cup," describing the silver plate as a "handsome trophy and three feet six inches in height." The gentleman, who was none other than Mr. Raymond L. Patterson, Secretary of the Giralda Farm Kennels, at Madison, N.J., U.S.A., had promptly offered to duplicate the "Frank P. O'Connor Cup," The generous offer was not refused, and Mr. Strachan handed the President Mr. Patterson's generous cheque, and, on the donor's behalf, wished the club continued prosperity.

The election of officers resulted in the following being named to manage the club's affairs for 1925:—Hon. President, Mr. Frank P. O'Connor; Hon. Vice-Presidents, Messrs. A. R. Goldie (Galt) and Raymond L. Patterson (Madison, N.J.); President, Mr. George Moffatt (Toronto); Vice-President, Dr. W. S. T. Connell (Hamilton); Executive: Messrs. W. F. Condy (Hamilton), Mr. J. Doran (Toronto), M. D. Clinton (Hamilton) and Dr. O. A. Elliott (Toronto), Dr. J. N. MacRae (Galt).

Reporting for the committee to consider the preparation of a standard for the club, Dr. J. N. MacRae (speaking for M. D. Clinton and Dr. Bank (Toronto), read a carefully prepared preamble, which greatly impressed the meeting. In setting a standard for Canada, the committee had kept before them the essentials of the French, German, American and English standards, and he hoped the Canadian standard would embrace the best and most salient points of all four. The English standard favored strength of muzzle,

and that would not be lost sight of by the committee.

The club decided to hold its spring show and trials at Hamilton. This was in response to a very definite enthusiasm that was shown by the Hamilton members. The show, when it materializes, may be a Canadian Kennel Club show, and if it is, it will mark another new venture on the part of the club executive. Be this as it may, there will be no departure from the club's motto, "The Shepherd (Alsatian) dog is essentially a working dog," and the trials will be of no less importance than the bench show.

During the evening, and by courtesy of the Shepherd Dog Club of America, three reels of moving pictures were thrown on the "silver screen," one of the reels was of the "slow motion" variety and gave the members an intelligent insight into the intricacies of conformation and movement, the essential "angulation" was splendidly described and it will be hard for any all-rounder to "pooh pooh" angulation, saying "it is all apple sauce" when any of the club's members are "listening in." Those who were privileged to see these pictures, and to hear Dr. J. N. MacRae's vivid description of them (Dr. MacRae was present when the films were made), could not help learning more about the breed than the reading of many books would impart.

DR. LITTLE'S DOG BOOK

The House of Robert, M. McBride & Co., Publishers, New York, has favored us with a copy of George Watson Little's great book entitled "Dr. Little's Dog Book." The price of the book is \$4.00 net, and the price is the cheapest part of the book. Here are some of the many headings of articles, and our readers can be depended on to form their own opinion, as to the value of Dr. Little's book.

"History of the Dog", "Care of the Dog", "Complete Dietary for the Dog", "Bench Secrets", "Mange", "Troubles of the Urinary Tract", "Diseases of the Reproductive Organs", "Of the Stomach" "Of the Intestines", "Of the Eye", "Prevention of Diseases", "Care for the Mother and Puppies." In fact everything has been reviewed expertly, and nothing has been overlooked. 348 pages with 32 illustrations, and you can guess the proportion and intention of the book.

If I had not the money to buy Dr. Little's book, and knew of a friend who considered my credit worth taking a chance on, I surely would have a copy in my library. The cost delivered in Canada, postage and customs charges included will be \$4.50, and we will be glad to send copies to our readers at that price.

BULLDOG BREEDERS' ASSOCI-ATION ELECTS OFFICERS.

The Bulldog Breeders' Association held their annual meeting in Sons of England Hall, Toronto, on Tuesday evening, January 6th, and was favored by a large turnout of the members. The election of officers was the main item on the agenda, and the offices were keenly contested, resulting in the election of the following:-President, Mr. Charles Clark; 1st Vice-President, Mr. C. Sheehan; 2nd Vice-President, Mr. A. Ramsden; Treasurer (the one and only), Mr. J. Marsden; Secretary, Mrs. A. Fitzpatrick; Show Secretary, Mr. Chas. Clark, 22 Wood Street, Toronto-Phone Rand. 2394w; Veterinary Surgeon, J. A. Campbell, V.S., B.V.Sc.; Executive: Messrs. W. Stroud, R. Mackay, W. Reid, F. Oswald, C. Philpot and C. Mills.

After the election was over votes of thanks were heartily given to the retiring officers. The President gave a resume of what was likely to be the club's chief activities for the year, and called on the members to give their whole-hearted support to whatever the Executive introduced for their consideration.

The Treasurer submitted his report in his own inimitable way, and showed the association to be quite healthy financially, and drew for himself a very special vote of thanks for the manner in which he had carried out the duties of his office.

During the period given over to general discussion it was decided to apply to the Canadian Kennel Club for permission to hold the Association's tenth Annual Specialty Show on Good Friday, if that date was available.

REGISTERED CLUBS— OFFICIAL

Clubs having registred with the Canadian Kennel Club are reminded at this time that they are obliged to make a yearly return to the Secretary of the Canadian Kennel Club, proving the activities of such clubs in the interest of the breed or breeds they represent Otherwise, the affiliation shall automatically cease.

We will thank club Secretaries for reports as at the end of their working year, and as indicated above.

MONTREAL KENNEL ASSO-TION, INC.

The Montreal Kennel Association, Inc. has called its first Annual General Meeting at Drs. Entienne and Entiennes offices, for February 10th. To receive reports, elect directors, etc. Through the courtesy of the Association's Secretary-Treasurer we have been favored with the first-copy of the balance sheets to be presented at the meeting. The statements are verified by Mr. R. Schurman, of the G. Durnford & Company, Chartered Accountants, and will make an interesting study for the shareholders. The several activities of the association since its incorporation all show an excess of revenue over expenditure, and the total surplus over all should warrant the retention of the officers in charge of the income and the disbursements thereof, and no doubt that is just what will be done on the 10th of February.

History of the Boston Terrier Club of Canada

By C. L. McQuillan

Tuesday, January 1, 1920, A good entry of high-class Boston Terriers faced Mr. A. E. Quaife of Palmyra, N.Y. who had been selected to judge our 12th Annual Specialty Show. This was the third time Mr. Quaife had been selected for this work at our show. The honors in puppy dogs went to "Quinn's Foss", owned by Thomas Quinn of Orange, Mass., and he was a good one-had to be to beat our Canadian-bred offerings. The s cond in these classes was Albert Smith's "Sensation Boy" and third was J. Redsell's "Roderick".

The light-weight classes in dogs were headed by H. M. Jackson's "Paddy Dee", followed by W. A. Lester's "Little Somme" and Dan Thody's (Detroit) "Wheatland Dazzler"

The middle-weight division was headed by W. G. Lewis's "Joyce's Prince" with H. Shaw's "Count Dee Cee" second, and V. G. Perry's "Globe Sweet William"

The honors in heavys were divided between Mrs. Jos. Schnappauf's "Snapper Garrison" and J. W. Church's "The Spirit", one winning the limit and the other the open, but did not come together.

Juvenile bitches was won by R. A. W. Rastall's "S. D. Judy" and Puppy Bitches by E. A. Brown's "Wonder Girl".

Lightweight Bitches were headed by "Ingram's Lady Bird", with A. T. Calhoun's "Speed Queen" running her close. Middleweights found "Ch. Ingram's Sweet Clover" on top with 'Ingram's Sweet Marie" running second.

The two best in heavyweights were Albert Smith's "Lady Cunning" and E. J. Drake's "Wheatland Judy" in the order named.

Winners Dogs, went to "Joyce's Prince" and Reserve to "Count Dee Cee".

Sweet Clover" with "Ingram's Lady Bird" reserve.

This show also brought out a number of future champions and producers of champions, notably "Ch. Globe Sweet William", "Ch. Ingram's Lady Bird", "Ch. Ingram's Sweet Marie" and "Wonder Girl" who is the dam of "Ch. Highball Let's Go" and others.

The year 1920 was the most eventful one in the history of the Club, some of the members felt that they had a grievance. They had considerable difficulty to decide just what that grievance was. Some said it was a two-man club, others felt that there should be no women allowed as members, others that they were not getting a square deal from some of the judges. At any rate a number of them

> The old club continued as strong as ever, and more determined to carry on to the end, such a thing as not holding the annual New Year's show was never thought of. During the autumn months the big push was started to make the 13th annual show a lucky one.

> The new club declared that they would not show at our show, but that did not scare us worth a cent. We just went right to it, might and main with the result that our 13th annual was one of the largest and best shows we ever held. Mr. V. E. Haywood of Grand Rapids, Mich., was selected to act as Judge, so on December 31st, 1920 everything was in readiness for the big doings, January 1, 1927.

As We Were Just Saying

MEMBERSHIP

The year is rolling on. The truest words that man ever spake, was when he said "Time and tide wait for no man." Time possibly means more to Canadian Kennel Club members this year than ever before-that is to say-the time between now and April 1st. Many of our members are already on the alert, and the response to our call for their membership fees to be paid by March 31, 1925, has been almost startling. Still there will be the odd few who will overlook the importance of this, and will wake up to find themselves automatically suspended from the privileges of membership. We don't want this to happen, and again call on our members to send their fees (\$4,00) to the Accountant, Canadian National Live Stock Records, Ottawa, Ont., Canada, at once. Several have asked how much money they were expected to send-was it \$4.00 or \$5.00. The fee for all members who joined before January 1st is just \$4,00. New members only pay \$5.00, initial membership fee. The increased rate for new members has not in any way lessened the demand for application forms to be sent, and it is gratifying to notice, that when the forms are sent, they are invariably returned with the fee \$5.00. Notice this too, a cheque made out for \$4.00 or \$5.00 and sent to the Records Office is not worth \$4.00 or \$5.00 when it reaches its destination, that is why your cheques are not viewed with favor there, they are only worth \$3.90 or \$4.90 respectively, and even then there has been a lot of trouble with cheques, the well known "N.S.F." legend has been tacked on to several, and thus further aggravating an already aggravated nuisance, If you must send cheques, you must allow the e change and have them marked by your bank. But even that is not an end to this troublesome matter by any means. Some of you insist on sending \$4.00 cheques to Toronto Office for membership fees. The Constitution says "In case fees (this refers to membership or registration fees) are received by the Treasurer of this Club, they shall be immediately forwarded to the Accountant of the Canadian National Live Stock Records, Ottawa, for deposit." This means then, that when you send a cheque to Toronto Office for \$4.00, and you are not a resident of Toronto, that your cheque is only worth \$3.90 here, but that is not all either, your cheque if we sent it to the Records Office would not be welcomed there, since they have advised you of their preference in receiving your remittances. So here is just what happens e are agents for the Dominion Express

Company, and your cheque or currency never leaves Toronto Office as received, but is replaced by a Dominion Express Money Order, and forwarded to Ottawa Office with your business. A money order for \$4.00 costs seven cents, and an excise stamp costs two cents, making your remittance only worth \$3.81, plus all the unnecessary trouble.

It is only necessary to explain this to you in order to have the nuisance removed.

Your fees are now due, send the \$4.00 (all of it) by Money Order or Postal Note, and if by cheque, exchange allowed and marked: There is no increase in membership fees, our members pay the usual fee, \$4.00. New members pay \$5.00 when joining the Club, and \$4.00 per year thereafter.

Do not send any fees for membership or registration to Toronto Office. Send your membership fees to Ottawa before April 1, 1925, otherwise you will become automatically suspended, see Article 3—Members, Sections 7 and 8 of the Constitution on page 6 of Stud Book 27.

Registration

Then there is the matter of registration. itself, the registration of dogs born before January 1, 1925, is to be effected in like manner to the registering that you have been accustomed to, but, the registering of dogs born after the 1st of January, 1925, which are to be registered, must be registered by the owner of the dog at the time it was born. Supplying the buyer with an application for registration will not be sufficient. Failure to supply a certificate of registration, showing the purchaser's ownership, shall be grounds for expulsion-if a member; if not a member, all applications for litter or individual registrations will be refused. Our members have spoken most favorably of this new section of our revised constitution, and have assured us of their co-operation to make it a success. In fact this is the very manner in which many are already attending to registration.

Again we caution our members to peruse the revised Constitution on pages 5 to 17 of Stud Book No. 27, and further, we invite anyone interested, and who may have any doubts concerning the meaning of any part of the Constitution to write us—to advise any enquirer will indeed be a pleasure.

GETTING READY FOR THE DOG SHOWS

With wheat selling at \$2.20 and still going up, it looks like a big year for Canada, and in proportion for Canadian pleasure. Our clubs have started in to claim their dates, and just as we go to press, Central Canada Exhibition claims as their days, August 25th to 28th and observant exhibitors will be quick to notice that these dates-if granted-will bring the noted Ottawa fixture on before the Canadian National Exhibition, and apparently leave the Western Fair free from the clashing of dates and shows which has for so long divided the entry between themselves and Central Canada, and no doubt this arrangement will be watched with a close interest by our exhibitors.

Our "Forthcoming Shows" column will point out the dates and shows of importance which will be held in the near future. Toronto Kennel Club is back with us again after a rest of three years, and we bespeak for this old established club, the support of the international fancy. The Club's officers are vieing with each other in their separate and unified efforts to again impress the exhibiting public that Toronto Kennel Club has as its chief interest, the good and welfare of the dog and its owner.

London Canine Association will be content with one show of two days' duration this spring. President V. G. Perry is determined that London show will be one of the outstanding features of the 1925 show calendar.

Telephone City Kennel Club always gives the fancy an interesting show, their efforts are sometimes shadowed by their being unable to get suitable show buildings, but for the spring fixture, the slogan is, "A real show, experienced and dependable judges, attractive premium list, the best building procurable, in short, a real dog show."

The Bulldog Breeders' Association of Canada were a trifle annoyed when their date, Good Friday was given to the All-Breed Club, (Toronto Kennel Club), but that did not stop their efforts any, and on May 24th, the Association will hold open house for the competitive fancy and their dogs.

The Bulldog Club of Canada will likely hold their show during April and arrangements are being rapidly whipped into shape with that end in view.

It is going to be a busy year for dog shows, so get your best specimens ready, and after that—keep them ready.

OUR NEW ADDRESS . . .

Canadian Kennel Club, 25-27 Melinda Street, Toronto, Ont.

OR

Kennel and Bench, 25-27 Melinda Street, Toronto, Ont.

... AFTER FEBRUARY 28th

TORONTO PEKINGESE CLUB

The Toronto Pekingese Club have closed a year that was brimful of "high marks", chief of which was the show held in the Pompeian Room of the King Edward Hotel, Toronto, and which we reported at the time of its happening. This show had all the "ear marks" of a society affair, and whilst it was not the means of "stiffening up" the bank account, it certainly accomplished much for the breed in Toronto.

We have been favored with the balance sheets (copies) as prepared by Mr. Ernest W. Lawrence, Commercial Accountant, Toronto, and requested to publish same, and regret being unable to do so. However, as the Auditor complains of records as kept, and hands out some very practical advice for the future, no doubt the Club will insist on seeing proper bookkeeping as a feature of its 1925 work. In fact we notice from the list of officers appointed that the office of Secretary-Treasurer has been separated, this with a view to having a closer check on the officers having control of the collecting and disbursing of the Club's funds, and we cannot too strongly commend this precaution, having been privileged to look over the books as kept for the year just closed.

The officers elected are as follows: President, Mrs. Quinton; Vice-President, Mr. Fred. Shawley; Treasurer, Mr. Geo. Taylor; Secretary (pro tem), Mrs. W. Henderson, 11 Hayden Street, Toronto. Executive: Mrs. Quinton, Mr. F. Shawley, Mr. G. Taylor, Mrs. G. Taylor, Mr. A. Gullick, Mrs. Gullick, Mrs. Gullick, Mrs. Gullick, Mrs. W. Henderson.

WHAT HAPPENED TO PRINCE OF WALES?

January 28, 1925

The Editor,

"Kennel and Bench", Toronto, Ont. Dear Sir:

In reply to your letter of January 8th requesting a statement for publication regarding the article which appeared in "Kennel and Bench" under the heading, "What Happened to Prince of Wales."

On the evening of November 20th, Mr. Webber asked me to look at his Bulldog, "Prince of Wales". I found the animal had vomited on his bench and was showing evidence of depression.

He was removed to the exercising ring for further examination. Dr. Bond joined me at this time and a consultation was held. We came to the conclusion that the dog was suffering from an attack of acute indigestion.

Treatment was prescribed and Mr. Webber was given a permit to take the dog away from the show.

Yours truly, J. A. CAMPBELL, V.S., B.V.Sc. Here we have the report from our official veterinary, and as he has been asked for expert opinion, let us accept his finding as given.—EDITOR.

SPECIAL

From the number of inquiries coming to the office of the Canadian Kennel Club and to the office of the Canadian National Live Stock Records there seems to be a very decided misunderstanding of Rule 6 of the Rules of Entry for registration which reads in part:—

"All dogs born after the first day of January, 1925, which are to be registered must be registered by the owner of the dog at the time it was born. Supplying the buyer with an application for registration will not be sufficient within the meaning of this rule."

This rule does not mean that all dogs must be registered individually immediately after born. What it does mean is that when a person sells a puppy that he and not the buyer must apply for the registration of it and give the buyer the certificate of registration with the buyer's ownership properly endorsed. In further explanation, all breeders generally speaking know that the person who owns a litter at birth must register the litter. Under this new rule he must likewise register each individual dog at his pleasure or when sold.

If a person disposes of a dog as a gift he is not compelled to register it at the time it is given or at any future date without he so desires. It would be a protection to a giver to report the gift to the Canadian National Live Stock Records, stating sex and to whom given.

"BILLY" ROY TO JUDGE COLLIES AT EDINBURGH

W. Ormston Roy has just been invited by the committee of the Scottish Kennel Club to judge collies at their famous show to be held in the Waverley Market, Edinburgh, on the 7th and 8th October, 1926. This is a rare distinction, to be asked to judge collies, at the greatest classic show of the year, in the country of their origin, and adds another "record" to Mr. Roy's already long list of honors in the Collie Fancy. He is president of the Collie Club of America, the oldest specialty dog club on this continent, with headquarters in New York.

International Challenge

Mr. Roy has recently issued a friendly international challenge to the prominent breeders of the United States, for an all-round kennel of rough collies, comprising specimens bred by exhibitor, in the three most popular colors, namely: tricolors, sables, and that old-fashioned, but perhaps handsomest of all colors, the blue merle. Mr. Roy's challenge, if accepted, will result in the honors being

competed for one year in New York and one year in Montreal, alternately, much as the International Sheep Dog Trials are held in England and Scotland. The challenge being of an international nature, the United States fanciers cannot very well ignore it. Details of the match are to be worked out at the New York show next month.

ARE YOU FEEDING CORRECTLY?

It is now some sixty years since the first attempt was made at the production of hard dog biscuits, and it is quite safe to say that at no time since that date have the public been able to procure a more really reliable biscuit than at the present day. The reason for this is not far to seek. Competition to-day is far keener than it was a decade ago, therefore those who would retain their customers and gain fresh ones through the recommendations of the old have perforce to see to it that nothing but the very best material is used in the manufacture of dog biscuits, otherwise firms who neglected the quality of their products would soon find themselves on the down grade. There have been instances in the past where cheap and inferior quality biscuits have been put on the market, but such have soon been found out, and the vendors had to discontinue for want of patrons. We have on previous occasions tried to point out how necessary it is for the dog to be given something to grind, and certainly there is nothing which meets the necessity more readily than a good, hard dog biscuit, no matter of what make so long as it emanates from a firm of repute. There are those who are fully alive to the necessity for a dog to have something to gnaw or grind, and who seek to get over this difficulty by giving large bones to their pets. Up to a point bones are all right, always providing that they are of such a nature that there is no fear of the dog swallowing splinters, but to be constantly giving bones to a dog is asking for mischief, and will sooner or later end in trouble. Nothing causes constipation more quickly, as it is the amount of lime that the dog consumes which brings it on, and we know of nothing which is more distressing to a dog, especially if getting on in years. Now by the giving of hard biscuits a dog is provided with the wherewithal to use his teeth, and at the same time to regulate his whole system. These also keep the teeth clean and free from that accumulation of tartar so often to be seen on the teeth of dogs subjected to a sloppy diet.

WITH THE AVANDALE SPRIN

By GEORGE KVO

I thought I would answer your insistent call for Manitoba news by sending you some photos and details of the Avandale team of English Springer Spaniels which I am to take to the Westminster Kennel Club Show at New York this month.

There will be about fifteen in all, with 9 Championship Certificate winners among them and no kennel in the world has ever been able to boast of exhibiting such a team as this one does.

Pride of place must be given to International Champion Laverstoke Powder-Horn, winner of over 100 prises on the bench and in the field-trials in England, Canada and the U.S.A. Winner of Best Sporting Dog any breed,

has produced more winners than any Springer bitch living. Among the dogs he has defeated have been Ch. Jambok of Ware, Ch. Ridding's King, Ch. Inveresk Careful, Ch. Determination, Ch. Boghurst Carlo, Ch. Andon of Leam, Carnfield King, etc.

Another new arrival who will make his debut at New York in our string is Pierpont Prince, a grand big liver and white dog, a grandson of Ch. Little Brand and a big winner in English shows. He has captured many firsts, including 3 Firsts and Challenge Certificate at the Ladies' Kennel Association Show, Richmond, 1924, under Major Harry Jones, thereby defeating Ch. Hemlington Kalgar and other good winners.

for the Best Sporting Dog in the show any variety, and has been pronounce as the greatest Springer bitch that eve left England. She is by Cr. Littl Brand, out of Meg of Freeland Amongst her many wins have been Firsts, Glasgow; Special for Best Gu Dog, 2 Firsts, Birmingham; 2 Firsts Taunton, First Open Class, Kenns Club Show, Crystal Palace, etc., etc.

Secondly, the English Champion Pierpont Lass, a beautiful liver and white daughter of our Ch. Springbok of Ware. This bitch has had a sensational career in England, winning 28 First Prizes, 4 Challenge Certificates 4 Reserve Championships, and 18 Special Prizes, usually for Best Gun Dog in show! She is the first English

The Wonderful Springer (English) Champion, BOGHURST ROVER. Look for him at New York. He is considered one of the finest Springers ever born and the best ever to leave "Merrie England."

PIERPONT PRINCE, a big Winner in Great Britain. Grandson of Champion Little Brand, and a Springer Spaniel of which that "hefty" importer, Mr. E. Chevrier, is justly proud.

CHAMPION PIERPONT LASS, a handsome Liver-and-white Daughter of our Champion Springbok of Ware, a Matron that will do her fair share towards keeping the Avandale colors flying.

MARVEL OF A'IND International Charlon Bitch has been sclar Judges, Mr. Enmeye Hopton, to be thest

at many digerent shows! Posibly the best-known Springer in existence today.

The newly arrived English Champion Boghurst Rover will be shown for the first time in America. He is a handsome big white, black and tan dog, and has had the honor of defeating every Champion Springer now owned in America, against whom he competed in England! And did it when only 11 months of age! Amongst his numerous wins have been Challenge Certificate and 4 Firsts, 2 Specials, Ladies' Kennel Association Show, Richmond, England; Challenge Certificate, 1st Open and Portal Cup, Kennel Club Show, Crystal Palace; Challenge Certificate and 3 Firsts, Crufts Show! His father is a Dual Champion and his dam We will also show the newly-imported Laverstoke Painter, a hand-some black, white and tan dog, who won in field-trials in Scotland this fall, but who has never yet appeared, on the bench. He is superbly bred, being by Double Champion Flint of Avandale, out of Ch. Laverstoke Pattern, and shows his lineage, as he is a tall, racy dog with a lovely head. Rocksand of Avandale is a strapping big liver and white son of Ch. Little Brand, out of Blue Store Floss, and is making his first bow in public. You will note his front in the snapshot of him!

Amongst our bitches I must first mention the great Champion Little Coila, whom J. J. Holgate pronounced the greatest living Springer. She has won innumerable prizes and specials Champion Springer bitch to come to Canada.

The 1923 winner at New York for best Springer in Show, also 1st Open Class and Ferguson Trophy, Imported Chastleton Belinda, will be with us again. She is as good as ever, and before coming to Canada won many firsts in the Old Country, including Challenge Certificates.

Our own Marvel of Avandale will also be in the thick of the fray. This wonderful daughter of Int. Ch. Powder-Horn has met with the greatest success in her show career. Unbeaten as a puppy, she, in May last year, was placed by Chas. G. Hopton of New York as best Springer in the Fort Garry Show, Winnipeg, thus defeating her illustrious sire. Again, at the

NGERS AT NEW YORK SHOW

OCH, WINNIPEG

Twin City Show at Minneapolis last month, she went to Winners and Best Springer in show, placed over her sire for the second time, and was voted unlucky at losing the Grand Championship, being Reserve Grand Champion. Both Judge Enno Meyer and Chas. G. Hopton pronounced her as the best Springer they had ever seen!

Two more famous bitches forour New York team are on the ocean now. One, Janette of Ware (a granddaughter of Ch. Springbok), has been shown but once, at Cheetham Hill, Manchester, last month, where she promptly annexed 4 Firsts and Winners in big classes. Accompanying her is the new star, Field-Trial Champion Colinette, a daughter of Double Champion Flint

With such a team I will uphold the Canadian Standard, and cannot help but to further advertise Winnipeg as the Doggy City!

Add to the foregoing formidable string: I am taking Ch. Martly Squire (Airedale), Brunswick Princess (Collie). Denton Smasher (Bulldog, by my old pal, the late Ch. Ace of Aces), and I know you will be generous enough to say that 15 dogs is a large string for so long a trip, and that Winnipeg fanciers are real sports to enjoy their hobby at such risk and expense.

Let me tell you about the Minneapolis Show, where the Winnipeg dogs were all to the front—21 of them won 57 classes, just like this: Ch. Martly Squire, best Airedale, best Terrier, Laward Maid (Wm. Chatterson's), Airedale, won 1st Novice, 1st Limix, 2nd Open and Reserve Winners; Lord Clyde (J. Stoke's) Collie, 2nd Limit, 1st Open; Black Night (Mr. and Mrs. T. P. Murray's), Cocker, 2nd Limit, 1st Open; My Okn Lenore (A. Mac Kidd's), Cocker, 1st Open, 1st American Bred and Winners; Prairie Prince (Sam Ferdison's, Pointer, 2nd Novice, 1st Limit, 1st Open; Ch. Betty Bang (J. Quinn's), 2nd Open; Ch. Laverstoke Powder-Horn (E. Chevrier's), 1st Open and Winners.

Now, don't you let anybody say that

NDALE, Daughter of on Powder Horn. This cland by the noted cland by the noted cland by the noted set Springer they had sem.

CHAMPION LITTLE COILA, whom the expert English Judge, Mr. J. J. Holgate, pronounced to be "The Greatest Living Springer Spaniel." Our show awards go far to tell of her bench achievements.

Not much to look at in the picture, but they are (left to right): (English) CHAM-PION BOGHURST ROVER, MARVEL OF AVANDALE and International Champion LAVERSTOKE POWDER HORN—a wonderful trio of quality Springers.

Another picture of PIERPONT PRINCE, a big Liver-and-white Dog of handsome proportion. Really, he is an elegant Springer. One look at him and we know why the Springer is the favorite of the day.

of Avandale, out of Cassio Trixie. She won First Prize and Special Cup for Best Working Spaniel at the meeting of the Spaniel Club's Trials, The Field Spaniel Society's Trials and the Welsh Springer Spaniel Club's Trials! The first three times she ran. Colinette has also the distinction of being the only living Springer bitch who is a Field-Inal Champion and who has won a First Prize on the bench, she having aptured First at the Ladies' Kennel Association Show, Richmond. She has been called the best Trial bitch seen in years, and has a brilliant future.

Besides these we will have several class youngsters of Avandale breeding who are right in the first flight and stare to give a good account of themselves in the Puppy and Novice classes.

3rd best dog any breed (he is still mine); Denton Smasher (M. B. Ellis), best bulldog in show; Jennie Lind (G. F. Taylor's), best bulldog bitch in show; Brunswick Princess (G. & V. O'Brien), best collie in show; Brock Comedian-you remember him, Jimmie-(D. C. McLaughlan's), best Wire-haired Fox Terrier in show; Ch. Orangedale Julian (Len Hinton's), best Pomeranian in show; Marvel of Avandale (E. Chevrier's), best Springer in show; Goldstream Slipper (Mr. and Mrs. T. P. Murray's), best Cocker bitch in show; Ch. Golden Morn (Len Hinton's), best Pomeranian bitch in show; Flower of Linden (Mr. Geo. C. Briggs'), best Smooth Fox Terrier bitch in show; O'Dell Leader (O'Dell Kennels), best Irish Terrier in show;

Winnipeg dogdom is dead or dying, or that it is even suffering from head-ache—the foregoing proves it to be much healthier than many places I could name. Winnipeg is all right, and her heart is in good shape, too. Our Matinee Show for the Tribune Empty Stocking Fund, that you so nicely mentioned in your last number of Kennel and Bench, was successful to the extent of \$287.00, turned over to the good work. Your "Uncle George" won the \$10.00 for best dog in show, special and re-donated it back to the Kiddies' Fund.

Now for the comb and brush, and you will not hear from me again until after the "Big Noise at New York," and after that?—well, we'll see! You're a hard man to satisfy with news.

KING CHARLES SPANIELS

(BREEDING FOR COLOR)

By MRS. LILLIAN C. RAYMOND-MALLOCK (Eng.)

I have been asked to give my views as to color breeding, as it appears that there is a strong feeling in Canada against crossing the various colors, and that many of your fanciers strive to keep the four varieties separate and distinct. This is contrary to my opinion, and I think that if your Canadian breeders will take the trouble to look up the pedigrees of our greatest English winners, they will find that in almost every instance they are the result of inter-

SAILOR LAD-A Noted American Sire

breeding. The Black and Tan would soon lose his lovely rich markings, and the Ruby would degenerate into a washy "mud color" if they were not crossed occasionally. Likewise would the Blenheim become light in eye and color, if tricolor blood was not occasionally introduced. I do not advocate crossing the varieties every time . . . but it is usual in England among scientific breeders not to mate dogs of the same color together too often. The most common practice

ASHTON-MORE LIBERTY

is to mate black and tan to ruby, and Blenheim to tricolor, and vice versa. This practice has been in vogue for many years, and there is no question but that it has been a successful cross. Very experienced breeders who are thoroughly conversant with certain strains will often resort to other crosses, and I firmly believe that the shortest road to success in trying to breed really fine Blenheim or tricolor show specimens, is to breed Blenheim direct to black and tan. The majority of the progeny from this union may be mismarked and unfit for the bench, but they will be of immense value for breeding purposes. The faulty markings will be corrected in the next generation (by again introducing Blenheim blood) with an immense gain in general type-height of skull, ears and featherings, owing to the black and tan cross. The Blenheims are very apt to revert back to the old "Marlborough type" unless crossed with one of the other colors occasionally. It is extraordinary how soon a breed will "throw back" if allowed to do so. I remember once seeing a Blenheim Spaniel which the owner proudly told me was "pure-bred Blenheim for eight generations". He certainly looked it, for in him were exemplified all the faults likely to come from such a pedigree. . . . There were the light eyes and eyelids, a pinkish looking nose, and the palest fawn markings imaginable, he was almost a cream colored dog, and in my eyes simply hideous. . . . I merely mention this to show breeders what to expect if they carry their "color breeding" to extremes. It is easy enough to get gaily marked Blenheims and tricolors by crossing these two varieties, but we seldom breed them from this cross with the beautiful head properties seen on the black and tans unless their pedigree has been crossed with black and tan blood. . . . In choosing a brood matron (either a Blenheim or tricolor) I should always select one bred from black and tan blood if it were possible, ... and I am sure that if my readers do the same that they will produce much finer headed puppies than from pedigrees not possessed of this blood.

I should like to mention just a few outstanding broken colored King Charles Spaniels which have been the result of the black and tan cross. Taking "Ch. Casino Girl" first, for she is to my mind the loveliest of her sex ever benched.... Her sire was that noted Blenheim "Ch. The Cherub", and her dam a mismarked black and tan, "Blanco Advocate" (who was a glorious headed Blenheim), who was the son of a black and tan and Blenheim, "Ch. Casino Novelty" is another bred from the same cross.

"Stewart Rex" (one of the flattest-faced Blenheims of his day is a direct descendant of the noted black and tan "Ch. Rococco". "Ch. The Dragon Fly", "Ch. The May Fly" and "Ch. Bandelero" are also line bred to the same celebrated sire. Retracing our steps further back we find "Lord Vivian" (one of the most typical tricolors ever seen) the son of a mismarked black and tan and a Blenheim, and in more modern times, the beautiful Blenheim "Pedmore

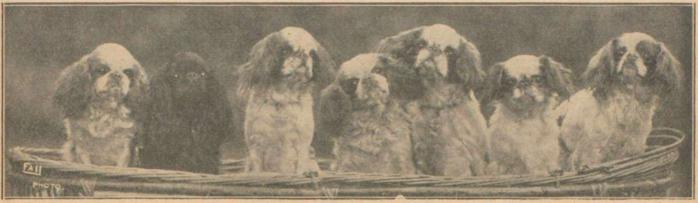

ASHTON-MORE GROTMORE

Meteor" shows a cross of "Ch. The Advocate" blood, "Ch. Hentzau Sunfairy" and "Ch. A Love Dream of Pedmore" also shows the same cross. Also my own best Blenheim dog and bitch "Ch. Ashton-More Crystal" and "Ashton-More Sea King". I might go on indefinitely mentioning Blenheim and tricolor winner after winner, bred from black and tan ancestors—however I think that the above will suffice to show what I mean. . . . It is not my intention to advocate promiscuous breeding of black and tans and Blenheims. This cross should only be used by one familiar with the blood lines of his dogs. A

The Noted English Winner, PANDORA

safer rule for the novice will be to stick to the more generally accepted cross of Blenheim with tricolor, and black and tan with ruby. One cannot possibly go wrong if this is done, though to obtain the best black and tans and rubys, one should avoid Blenheim and tricolor blood, as no advantage is to be gained by its introduction, and it would only result in patches of white which would debar either variety from winning.

King Charles Spaniels (as they are now called in England) are daily gaining in popularity, and it looks as if they will soon be one of our most popular toy breeds. The demand for stock at the moment far exceeds the supply. I have just given a small party in London to all King Charles Spaniel breeders with prize competitions for their dogs, and in spite of a dense fog, over fifty breeders turned up-and thirty dogs. Such a thing would be unheard of a few years ago. Many of my guests were members of the King Charles Spaniel Club, of which I have the honor to be President. but there were several present who did not belong to the Club, including one or two of our very oldest breeders. . . . It was a merry little gathering, and it gave me great pleasure to meet so many enthusiastic owners of my favorite breed.

and I think that their presence clearly demonstrated that our "Royal Charlies" are coming into their own once more.

By the time this is in print Mrs. Raymond Mallocks' new book will be on the market, and KENNEL AND BENCH expects to receive some of the very first copies. The book has been held up for months owing to the non-arrival of foreign illustrations, however, Mrs. Mallock has decided to print off a small special edition of 500 copies to meet the immediate demand, and will hold back the original edition for another couple of months. We mention this here in case any one wishes to take advantage of this extension of time to have their Kennels reviewed in this new book. Leaflets about the book may be had from the Editor of KENNEL AND BENCH on application. The text of the present edition is exactly the same as the big edition, the only difference being that the big edition will consist of roughly 50 pages more of advertisements and illustrations.

"The Bulldog to the Standard."

His last championship certificate was won at the Edinburgh Show, October 10, 1924. Every American fancier who has viewed this dog emphatically states that he is the best or as good a dog as they have ever seen. "Our Dogs" says: "He is the biggest headed small dog on the show bench at the present time and has the turn up of jaw so much desired. He has a wonderfully broken-up face and owns the real characteristic body." Old fanciers state that he has the biggest head, shortest back and largest ribs of any

WHY IS IT

HEFTY ARGO (C.K.C. 39385)

That this dog is in great demand as a Stud force by all the leading breeders?

Hefty Argo

AT STUD Fee \$25.00 Prepaid

It is because he is, first of all, a great Bulldog. He was bred to be a great Bulldog. By going to winners at the Royal Agricultural Winter Fair he proved himself to be a great Bulldog. Now watch him produce winners.

When bred to Toronto's leading Bulldog bitch, Champion Pretty Mickey, Hefty Argo has produced four male puppies—all good. Let him do this for you. Why not?

THE way in which a puppy eats its food is a certain indication of the way he likes it. Every puppy loves SAVAL—and thrives on it—eats it up with relish and is always ready for more.

Since its introduction famous breeders and Veterinary Surgeons all over the world enthusiastically declare that SAVAL is the most dependable of all puppy-rearing foods because it contains all the nourishing vitamines so essential in the early months of puppy-hood. "SAVAL" has revolutionised puppy-rearing and is the one food that definitely eliminates all past anxieties and worries.

SAVAL" is made in 2 standards: No. 1 for puppies from weaning. No. 2 for puppies 3 months old and up. Saval No. 2 is also invaluable for brood and in-whelp bitches. Obtainable in branded bags.

"OSOKO", the paramount dog food. Following the 12 months' course on SAVAL there is no all-round food for dogs to equal "OSOKO". From all dealers. Samples on request.

DELCREO DOG REMEDIES

DISTEMPER

kills more dogs every year than all other diseases combined. Yet there is no good reason for this. Today there is no excuse for losing a dog from Distemper. If you will always keep a supply of DELCREO in your home or kennel you need never fear Distemper. DELCREO never fails when administered in time according to directions. As a Conditioner, DELCREO is in a class by itself.

An ounce of prevention is worth a ton of cure.

Write to us for directions how to prevent Distemper.

DELCREO: For Distemper, Black Tongue, Pneumonia, Autointoxication and other diseases of germ origin. Un-equalled as a Tonic and Conditioner.

SOLUBLE SULPHUR COMPOUND: For Canker of the Ear, Eczema, Rheumatism and all blood disorders.

Also put up in capsules.

SOLUBLE BATH SULPHUR: For Fleas, Mange, Eczema and all skin dis-eases.

SOLUBLE SULPHUR OINTMENT: For Mange, Cuts, Wounds, Sores, etc.
SULFMINOL: A tonic laxative of pure, white mineral oil and Soluble Sulphur Compound. For general and chronic constipation.

DELCREO DOG SOAP: For cleansing and stimulating the skin and coat. Kills fleas.

MANGE, ECZEMA

and

SKIN DISEASES

In the past certain skin dis-eases have been looked upon as incurable, but since the discovery of DELCREO DOG REMEDIES that old superstition has been exploded. There is no case of Mange, or any other skin disease, no matter how deep-seated or obstinate, that will not respond to treatment with DELCREO SOLUBLE SUL-PHUR preparations. DEL-CREO DOG SOAP will kill fleas and stimulate the animal's skin and coat.

"Dallen Spider." He has been shown three times in the U. S. at the Ladies' Boston Specialty Show, St. Louis. He won two firsts and two specials. At Little Rock (Arkansas) Show he won Senior Puppy, one other first and two specials. At he Aid Club Dog Show, Chicago, he won first Senior Puppy, first novice and two specials. At Boston Terrier Club of Canada Annual Show, Toronto, Jan. 1st, 1925, he won two thirds; the dog winning over him got winners dog.

Sharpe's Derby Gift is a dark seal, with the brindle showing nicely through. He has full white muzzle, full, even blaze that runs back to meet a full collar, with leg markings as shown in cut. He is of the cobby type, but not "bully." His muzzle is short and broad, with nice even mouth, and good deep stop. His eyes are large, dark and soulful, expressing almost human intelligence. He has a soft, silky coat, and is in perfect health. The picture is a true cut of the dog himseli.

He is absolutely a high-class young dog, full of his and view.

He is absolutely a high-class young dog, full of life and vigor. He is a proven sire of nicely marked, beautiful puppies. In breeding your females to this dog, you have done your full duty, and may confidently expect a full reward.

CANADIAN HEADQUARTERS for SPRATTS

We carry the largest and most complete stock in Canada of Spratt's Dog Remedies, Foods and Accessories

FOOD FOR

"THE BACKBONE OF THE CANINE RACE"

The dog constitution needs a dog diet. Table scraps—toothsome and tasty though they may be—are not only totally unsuitable for the physical requirements of the dog, but are more often than not a direct cause of unfitness.

For sixty years SPRATT'S have made dogs and their requirements the subject of continual observation and research; and to-day for every dog, old or young, healthy or sick, there is a Spratt's Food guaranteed to suit exactly his requirements. BELOW WE LIST AND DESCRIBE SOME OF SPRATT'S FOODS AND REMEDIES REGULARLY STOCKED

(Prices Subject to Market Changes)

Spratt's Food for Pups.

Spratt's Food for Pups.

6816 Meat-Fibrine Puppy Biscuits—A complete and perfect food for puppies from weaning time onwards, and for small breeds as a regular food instead of Spratt's larger Dog Cakes. \$16.25 per 100 lbs.; \$8.40 per 50 lbs.; \$4.50 per 25 lbs.; \$1.85 per 10 lbs.; \$5c. per 2½ lbs.; 22c. per lb.
6828. "Puppilae"—Dried full-cream milk. A perfect substitute for the milk of the bitch; for rearing orphan puppies, for weaning time, for the bitch just before and after whelping, and for ailing dogs in sickness or convalescence. Valuable as a food for cats and kittens. In airtight tins. Each, \$1.00.
6824 Malted Puppy Food—For puppies that are weak and without stamina; tempting to shy and dainty feeders. Price in tins, 55c.
6830 Plain Puppy Meal—Should be used during, and for a short time after the weaning period; is a great aid in ensuring vigorous, well-developed puppies; extremely valuable also for old dogs unable to tackle the hard biscuits. 100-lb. box, \$16.75; 50-lb. box, \$8.50; 25-lb. box, \$4.50; 10-lb. pkg., \$1.85; 5-lb. pkg., \$5c.
6827 Pepsinated Puppy Meal—For Delicate Puppies—Should be used instead of Spratt's Plain Puppy Meal for puppies with weak digestion; is extremely assimilative and will make most unpromising youngsters thrive. In tins, 55c.
6833 Bone Meal for Puppies—A great preventative of early weakness in growing puppies; contains all the elements needed to ensure vigorous frame; prepared in a form for easy mixing with the staple food or with Spratt's Chemical Food (see list of remedies). 100-lb. box, \$11.75; 10-lb. package, 95c. each.

Spratt's Toilet Requisites for Dogs

No. 1 Dog Soap—Prepared especially for coat and skin condition; used all over the world by exhibitors in preparing their dogs for show; prevents scurf, mange and other parasitic affections. Lathers freely. Per cake, 30c.

"Fomo"—A liquid shampoo; slightly wet the dog's coat and sprinkle on a few drops of "Fomo," and instantaneous thick lather results; largely used by exhibitors; good also for children for nursery toilet use. Per bottle, 60c.

Dry Cleaning Powder—Preferred by a large number of dog owners for the winter cleaning of their dogs; needs just to be rubbed in and brushed out of the coat. Package, 35c.

Special Canister Brushes—For use with Spratt's Dry Cleaning Powder. The powder is placed in a small canister attached to the brush and perforations near the bristles allow it to shake out into the coat as the brushing is done. Each, \$1.50.

Spratt's Specials for Dogs.

Spratt's Specials for Dogs.

Pet-Rodnim—A finer grade of Rodnim produced specially for small dogs and toy pets. \$17.00 per 100 lbs., \$8.65 per 50 lbs., \$4.75 per 25 lbs.

"Weetmeet"—A Meat-Fibrine-Biscuit Meal of particular value for Bulldogs. \$17.00 per 100 lbs., \$8.65 per 50 lbs., \$4.75 per 25 lbs.

6811 Fibo—A unique dog food containing in addition to Spratt's world-tamous Meat-Fibrine, pure yolk of egg; is very tasty, and for shy or dainty feeders offers an excellent method of bringing them on to a rational dog diet; a very nutritious meal for delicate dogs and puppies: can be given either dry or soaked. \$16.75 per 100 lbs., \$8.65 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., \$5c. per 5 lbs.

6813 Charcoal Biscuits—These biscuits are quite easily edible; the charcoal absorbs impure gases in stomach and intestines, and acts as a corrective of internal aliments, fetid breath, etc. One charcoal biscuit regularly each week will be found an excellent preventative of canine ills. In tins, \$1.00.

6807 Tasteless Aperient Biscuits—Offer a simple method of administering periodic doses of aperient medicine. Dogs eat them readily and without coaxing. Per package, 90c.

We also stock a very complets

We also stock a very complets line of Spratt's Dog Requisites, including Steel and Stripping Combs, Curry Comb Brushes, Wire and Bristle Brushes, Dog Gloves, Dog Dishes, Leads, etc.

Spratt's Food for Dogs.

Spratt's Food for Dogs.

6500 Meat-Fibrine Dog Cakes—For sixty years the standard dog food: used by leading breeders and at shows throughout the world; should preferably be given dry, not soaked, as their being gnawed compels a copious flow of saliva in the dog's mouth which, being mixed with the food before it enters the stomach, materially assists digestion. These cakes keep the dog's teeth and gums in fine condition. \$15.50 per 100 lbs., \$8.10 per 50 lbs., \$4.20 per 25 lbs., \$1.70 per 10 lbs., 90c. per 5 lbs., 45c. per 2½ lbs., 1 lb. 20c.

Terrier Biscuits—A Meat-Fibrine Biscuit prepared especially to be the staple diet of the hardy but small terrier class; \$16.25 per 100 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6804 Cod Liver Oil Cakes—Extremely valuable aid to convalescence of sick dogs, for old dogs, and for puppies not making due progress; dogs eat them without coaxing. \$16.25 per 100 lbs., \$8.50 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6826 Ovals—The Pocket Dog Biscuit—A small Meat-Fibrine Dog Biscuit, suitable as a staple diet for small dogs and toys, and to be carried in the pocket as an occasional snack when on a ramble with the dog. \$17.00 per 100 lbs., \$9.00 per 50 lbs., \$4.75 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 50 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 100 lbs., \$8.50 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs., \$6.25 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., \$9.00 per 50 lbs

WOLF—the enemy of man. A creature of the wilds—carnivorous, cruel; fighting a hard battle in the struggle for existence, where life depends solely on cunning and endurance.

DOG—man's friend. A loyal, trusting, "one-man" pal, setting an example in true comradeship that humanity would do well to follow. This is what civilization has done for the wolf.

Yet the dog of to-day retains in a modified form one primeval characteristic. He needs meat—but in a form suited to the modern conditions of his keeping. Cereals have been introduced into the diet of the dog—they curb his lust for flesh, keep his breath sweet and his system healthy. The civilized dog needs vegetable matter.

The one series of foods that contain in the right proportion the exact meat and cereal ingredients for maintaining doggy health and stamina are—
