A MEETING OF THE BOARD OF DIRECTORS OF THE CANADIAN KENNEL CLUB will be held at the offices of the Club, 25 Melinda Street, Toronto, on Thursday evening, July 16th, 1925, commencing at 8 o'clock.

MEETING OF THE BOARD OF DIRECTORS OF THE CANADIAN KENNEL CLUB.

THE regular monthly meeting of the Board of Directors of the Canadian Kennel Club was held at the club's offices, 25 Melinda Street, Toronto, on Thursday evening, June 18th, 1925, Col. G. F. McFarland, first vice-president, in the chair, in the absence of the president, Mr. Joseph Russell, who could not attend through illness. The following directors were present: Gen. C. M. Nelles and Messrs. M. Gracey, N. K. Swire and H. Clayton.

The minutes of the previous meeting were read, and the secretary was instructed to take out the words "for the present" and to substitute therefor the words "for the balance of the year." This correction is in connection with the directors holding office in provinces where no election of directors had taken place. (Our members will kindly make this correction in their June *Kennel and Bench*.)

On motion the corrected minutes were declared adopted.

Col. G. F. McFarland submitted the following report (on behalf of himself and Gen. C. M. Nelles) on the secretary's request for various committees: "To the Directors of the Canadian Kennel Club:

"Your committee appointed at the meeting of the Board of Directors of the Canadian Kennel Club, Incorporated, held on the 21st day of May, 1925, for the purpose of reporting on the suggestions of the secretary-treasurer as to the appointment of various committees, etc., submit the following report:

"1. Committee on Kennel and Bench.

"This committee was appointed at the meeting of directors above mentioned, and no further action is, therefore, necessary.

"2. Committee on Complaints and Protests.

"It is recommended that a sub-committee of the Board of Directors

be appointed to investigate complaints and protests emanating from the Province of Ontario. Complaints and protests from other provinces will be dealt with by provincial committees, as hereinafter provided. This sub-committee of the Board of Directors is to report to the board. It is recommended that the sub-committee be composed of the following:

"Brig.-Gen. C. M. Nelles.

"Col. G. F. McFarland.

"Mr. Harry Clayton.

"3. Committee to Receive Provincial Board Reports.

"We consider that this committee is unnecessary and that these reports should come direct to the Board of Directors.

"4. General Welfare Committee.

"We consider that this committee is unnecessary, as the Board of Directors has always functioned as a general welfare committee.

"5. Provincial Committees.

"We recommend that provincial committees be formed for the purpose of investigating and reporting on to the Board of Directors all complaints, protests and other matters referred to them by the board. We suggest that these provincial committees should meet whenever called together by the chairman, at a place and time to be named by him, and we strongly recommend that the actual expenses of the members of the committee in connection with attendance on these meetings be paid by the Canadian Kennel Club, Incorporated, after submission of proper vouchers.

"As to the personnel of these committees, we recommend that each committee should consist of the five candidates for provincial directors receiving the greatest number of votes at the annual election. We further recommend that the one candidate receiving the greatest number of votes shall be the chairman of the committee.

"In this connection it is pointed out that an amendment to the constitution is not strictly necessary, as by section

THE "ORMSBY" KENNELS AND PRODUCTION.

Mr. James F. Strachan, proprietor of the Ormsby Wire-haired Fox Terrier Kennels, at Montreal, advises us that there is quite a multitude of little Ormsbys running around the kennels at present, about seventy of which are puppies. So that, on the basis of ordinary kennel affairs, there should be a shoal of these trim little Terriers ready for labelling and sending to new homes by the time this appears in print. Mr. Strachan has several practicable schemes in working order whereby he can start a beginner for one do gas the household pet, a pair to start a novice breeder, or a selection of breeding pairs for the party wanting to start strong at the very first, or, in fact, to furnish a real kennel, ready for business. The stock is all high class, and persons interested should write for particulars and are referred to the Kennel's advertisement in our business section of Kennel and Bench.

CORRECTION.

Reporting Montreal Kennel Association, Ltd. dog show, we stated that Max D. Beland's Pomeranian Julo Red Light, won for best of opposite sex for best in show. This was wrong, and it should have read that the same owners Imperial Honey Dew was awarded the high honor attributed to the very smart Julo Red Light.

THE POPULAR FOX TERRIER

At last we have received, from "Popular Dogs Coy," a shipment of the Rev. A. J. Skinner's wonderful new book, *The Popular Fox Terrier*, which is quite the best book on this breed that we have ever seen. The foreword to the book is from the descriptive pen of Mr. Francis Redmond and is worth the total price of the book (\$1.75) itself. It is a genuine English production, and looks it.

The chapters on the principles of breeding, preparing for the show, the working terrier, feeding, kennel management, present-day champions, present-day breeders, exhibitors and judges are, indeed, rich in meat for every fancier. Then there is Mr. Roger Phillips' good word on how to train Wires. And then the many illustrations and sketches by the world-famed Mr. J. Hay Hutchison. The whole the best \$1.75 worth that any fox terrier fancier ever invested in.

Send to Kennel and Bench for your copy.

SEVEN NEW WIRES IN MONTREAL

Cornforth & McKay, for many years prominent in Airedale circles, where their prefix was always noticeable amongst the contenders, have apparently fallen from grace, as have many other Airedalers we can name, and have taken to the popular little "Wire," and just to remind us that they are still in the game, and playing it, we are told that they have a nice litter of seven, five of which are "boys," who claim as their daddy Bridegroom of Paignton (Imp.), that good son of Ch. Barrington Bridegroom, recently imported by Higbie & Johnston, Toronto.

R. G. LONG, TORONTO, JUDGES AT DETROIT.

Toronto is strong on supplying Boston terrier judges for specialty shows in the United States—just as Toronto invites our brethren from across the imaginary boundary line to come over and do the odd job here.

The Wolverine Boston Terrier Association is an organization in Detroit where men only are admitted as members, and where every mere male man, free from encumbrance, is said to be a real live wire. At their sanction show, held recently, they invited Mr. R. G. Long to "don the ermine," and "Bob"—always anxious to please—undertook to take the entry, which was one of sixty dogs, twenty-eight classified classes and forty-seven unclassified classes. Mr. Long found his best Boston in show in Mrs. Dean's smart little dog, "I'm the Guy," whilst Mrs. Greave's "Racket III." was the closest contender for the next placing.

Western Ontario Kennel Association, Inc. Windsor Section, Summer Show

Windsor to an Old Countryman sounds like the home of royalty, and, sure enough it is. And Windsor, Ont., had a goodly share of the "blue blood" of Canadian dogdom benched among the 150 which were present at the show held on June 9-10. There was plenty of quality at Windsor. In bulldogs, Bostons, Dobermans, Fox Terriers, Mastiffs, Wolfhounds, Pointers, Setters, etc., quality was outstanding. To the management the entry was a disappointment in numbers benched. Alleged tardy handling of premium lists by the post office is blamed for the absence of at least 100 dogs, and this is to be sincerely regretted, since it was the first all-breed show held in Windsor under the auspices of the Western Ontario Kennel Association.

Dr. M. B. Perdue, president, and his secretary, Mr. Frank H. Walker, clearly demonstrated that they were quite able to handle their show if it had been three times as big as it was.

Mr. Fred Hessel and the assistant secretary were the representatives of the mother club, and were able to lend valuable assistance at all times.

The judges were Mr. W. A. Warner, Grand Rapids, Mich., who had Setters, Pointers, Beagles, Foxhounds, Cocker Retrievers as his share, and this real old-timer surely has an eye for a sporting dog, with a face as solemn as the proverbial clergyman. Mr. Warner was bemoaning the death of the dean of Cockerdom, Mr. Lance Farewell, whom, Ed believed, had been dead about a year or so. Our readers can imagine just how ludicrous it was to the writer, who could hardly refrain from spoiling the picture by laughing outright at the sad story. However, when we advised Mr. Warner that his old friend Farewell and the writer had eaten dinner together only a few hours before, he seemed to be thunderstruck. The circumstance reminded me of a billposter, on the other side of the "herring pond," who became sick and rumor had it that he had died. Coming up the main street of the town during his convalescence he was met by a butcher friend of his, who said to him: "My goodness, Sandy! Is that you? Man, I heard that you were dead!" "Oh, I heard the same story myself!" said Sandy, "but do you know what I said as soon as I heard it?" "No, Sandy. What did you say?" "Why, I said it was a d—d lie, that's what I said! What did you think I would say?" Well, here's hoping Lance Farewell and his friend Ed. Warner will be spared to us for many years yet!

We trust our readers will excuse this digression, and, getting back to the show again, we would mention that our old Montreal friend, Mr. William McFadden, Detroit, judged the Toy classes and won for himself many admirers. Mr. N. K. Swire took the balance of the breeds as his share and showed the exhibitors that he had lost none of his eye for quality through his inactivity in the ring lately on account of rush of business. The show was at all times clean and inviting, the building airy and commodious, as armory buildings generally are; the benching was strictly new, and when the Western Ontario Kennel Club members get time to give it a couple of coats of paint—and that is intended—there will be none in Canada better. Faced with maple, the dogs who gamble on the strength of their jaws will soon learn to leave that benching alone.

Through the courtesy of "Bill" McFadden we were able to run out to Redford, Mich., and visit the popular Mr. "Bob" McKinven and his kennel of high-class Scottish Terriers, headed by Albourne Adair and many typical specimens who claim him for their "daddy." It is Bob's intention to make this noted "Scottie" a Canadian champion this fall, and he says: "If I do"—Mr. McKinven is Scotch himself, hence the qualifying "if I do"—and if he does A. A. will be the only "Scottie" to have won English, American and Canadian championships. We advised Bob that it was well worth trying. There were dogs of all nations at the McKinven farm, and the "boss," the good wife and the boys were all busy as bees.

When the show was over the lucky winners knew that they had been at a real show. Prize money was the usual scale arrangement, with specials running between \$10 and \$100 for almost every breed. Windsor will have a man's size dog show at their next trying.

ENNO MEYER FOR REGINA

The Regina Agricultural and Industrial Association may be considered fortunate in their selection of judge for their dog show to be held on July 28th to 30th. Mr. Meyer gives the exhibitor a feeling of confidence and at once makes a host of friends for himself. At Toronto Kennel Club show his work in the ring was the topic of general discussion, and, excusing the losers, the others were loud in singing his praises, and not without good reason: a gentleman in and out of the ring, an expert eye that soon finds the virtues and their opposites and rates them quickly with rare skill. In bespeaking a large entry at Regina for Mr. Meyer, the Regina Club, through its energetic secretary, Mr. C. S. Keating, they are only asking the fancy to show its appreciation of their selection of judge this year. It has always been a question of paramount importance with Regina as to who will judge their show, and the following list shows that they have succeeded in selecting many of the best procurable: In 1916, Mr. William Coats; 1917, George S. Thomas; 1918, Robert A. Ross; 1919, Alex. Stewart and Ralph Brown; 1920, N. K. Swire and E. E. Gravell; 1921, Charles G. Hop-ton; 1922, Frank Dole; 1923, F. H. Addyman, and 1924, Bert Swann, and now Enno Meyer.

Judging from the reports coming in from Western Canada, the shows to be held this year will meet with an enthusiastic reception such as has been unknown during the last decade.

THE KERRY BLUE TERRIER INVADES CANADA

Mr. Charles S. Calhoun, Toronto, has imported two Kerry blue terriers from England, and now we will likely see this useful and likeable terrier benched at our future shows. The male of the two is by Glengowan Blue Torch, and out of Merry Lass, whilst the female is by Beechwood Captain, out of Spitfire Judy, and are no doubt imported for the purpose of breeding, and we wish him every success in the undertaking.

Terminal City Kennel Club Spring Show

(Notes on the Show, Courtesy Mr. Wm. H. Pym, Calgary).

THE annual spring dog show, given under the auspices of the Terminal City Kennel Club, Ltd., and governed by Canadian Kennel Club rules, was held at Hastings Park, with C. B. Payne, of Calgary, wearing the ermine as judge of all breeds.

Mr. Payne drew an entry that has seldom been equalled and several dogs received the necessary points to make them full-blown champions.

Interest in the affair was maintained from the opening hour until the final event, when the judge crowned the young wire-haired terrier, "Ulida Fusilier," owned by Mrs. R. H. F. Purdon, "best in show," all breeds. Mr. Payne was very thorough and painstaking in his work and gave the novice exhibitor every opportunity to bring out the good points of his dog, a feature that was appreciated.

The programme opened with whippet races, staged by the Vancouver Whippet Club. Four heats and a final were run off, with over twenty dogs competing. Hundreds of spectators lined the course, and the event was a great success.

There were over thirty whippets actually benched for competition at the dog show, and it is questionable if such an exhibit could be equalled anywhere on this continent. The Biggar Kennels, owned by Dave Mitchell, was a big winner in this division. His imported dog, Starshun, completed his C. K. C. championship and was placed best of breed, while the entries of the Edina Kennels, owned by W. A. Coull, were also prominent winners on the track as well as in the show ring. The flashy marked Treffynon Plock, from this kennel, won the championship points in the female division, while a kennel mate won the Terminal City Handicap on the track.

Boston terriers were a great class, with some 38 specimens entered.

The feature of the show, from an artistic point of view, was the display of ten Bostons from the Rellim Kennels, owned by F. W. Wilds, of Vancouver, exhibited on their own specially-constructed benching, with a color scheme of a buff background, with blankets, feed tins, trimmed with black, together with black diamond blocks with silver-plated tie-rings with black leads attached, and special lighting arrangements, which produced a soft effect on the dogs below that would do credit to a theatrical stage setting.

The effect of this display was amazing, and the exhibit was surrounded by interested spectators during the entire show.

Resting comfortably in the midst of this exhibit was "Rellim Richard," a dog that has not met defeat since his arrival on the Pacific Coast, and has now acquired the necessary number of points to be declared a C. K. C. champion, which now makes four full-fledged champions in Mr. Wild's string.

In puppy dogs Rellim Reamer was placed first, a very short, trappy little dog, nicely marked. With a little more age he will trouble the best. "Lothian on" was second in this class, with "Paddy," owned by H. Calloway, third. The novice class was a repeat.

In limit dogs Rellim Rover was first; a short coupled dog and an attractive shower. Judge Payne carried him through to reserve winners, a mark he has reached at his last three shows.

"Little Charmer," owned by Paul Fraser, of Seattle, was placed second. This specimen is an even marked mahogany brindle, but lost to winner in cheek and shoulders. The third ribbon was won by the same owners, "Barth Shighball," while another Fraser entry, "Intruder Jack," won reserve winners. The open class found "Rellim Richard" an outstanding winner. He is a lovely seal brindle, evenly marked, with wonderful expression, sound as a bell, and an even-balanced dog that can win in any company. He also accounted for best Boston in show, best headed Boston, and was a hot favorite for best in show, all breeds.

The female entry was much lighter. The outstanding specimens were Mr. Nixey Smith's "Rellim Roxey," who completed her championship in the short space of time of seven weeks under four different judges without meeting defeat—believed to be a record for Canada.

During this campaign Roxey met the outstanding females of the Pacific Coast on the circuit this year. Another good one was "Bauer's Ponjola," owned by Mrs. Grinstein, of Seattle, and the wonderful toy specimen, "Dunn's Midget," handled to perfection by the owner, Mrs. E. A. Dunn, of Vancouver.

Bulldog puppies brought out the find of the season in an all-white lightweight named "Mister Argo," "discovered" and owned by that all-breed expert, J. A. Meadows. This pup is sired by Dr. Sleeth's Ch. Kingsway Man o' War, and he only requires time to develop into a sensation.

The heavyweight puppy class was won by "McNab's Safeguard," a son of Ch. Burnaby Banker. This is a massive, short-coupled brindle, with a

good head and wonderful expression. Limit lightweights brought out "Sergt. Murphy," owned by Mrs. C. J. Toms, who accounted for first and winners.

Dr. Ballard's newly-acquired dog, Imported Kilburn Tank, won first open and reserve winners, with Ch. Sandy McNab winning the special for best bulldog in show. In the female division Dr. Sleeth's "Ch. My Reverie" went to winners and later declared best opposite sex to the grand champion of the show.

Airedales brought out 17 entries. The former Winnipeg fancier, Yorkie Wilson, was on hand with his "Bingly Block Boy," and went from puppy to winners, closely pressed by Gough & Gravelle's "Champion Master Ffosygo." The winners female and best Airedale in show was Martley Queen, owned and bred by Frank Nott, also the breeder of Ch. Martley Squire. Martley Queen completed her championship at this show and can now be called an undefeated (by a female) champion.

In English setters W. R. Willgress won winners in both sexes with "Credentials Pathfinder" and "Credentials Dream Girl," the latter a sweet specimen, winning the special for best of breed.

The wire-haired fox terriers were a grand entry, with "Ulidia Fusilier," owned and bred by Mrs. R. H. F. Purdon, going from puppy to winners, as well as winning numerous specials and later to be crowned grand champion or best dog, all breeds, in the show. Norman McConnell was a popular winner with his young dog, "Captain Clover." Captain won reserve winners as well as several specials in the variety classes. Harold Kneen, of Nanaimo, was on hand with Ch. Kirby Flapper and again went to winners. Smooth fox terriers brought an excellent entry, with several new faces, which made the competition very keen. In the male section Mrs. William Wheeler won with "Sutton's Cameo King," while in females "Duchess of Ascot," owned by W. H. Pym, duplicated her Seattle and Tacoma successes by going to winners and being declared best smooth fox terrier in show, a feat she has accomplished four times out of five shows, and is now well on the way to an international championship.

In the limit class Duchess of Ascot was first, with same owner's "Mamie of Ascot" second and "Sutton's Village Maid" third. In the open Duchess of Ascot was first, H. S. Whitney's good female, Molly Rustum II., was second, with Mamie of Ascot third, and an excellent field outside the rib-

bons. The absence of a marked catalogue prohibits describing the novice and puppy classes.

Nelson H. Acheson, of Seattle, cleaned up in Irish terriers. This good fancier has attended the Canadian coast spring circuit shows, and it is pleasing to note that a new champion will be housed at the Anahuac Kennels.

P. J. MacLachlan, of New Westminster, had a nice string of collies from his Lochabar Kennels and won premier honors in dogs, while Mrs. Lillian Millar, of Seattle, did well in the female collie section. Mrs. Jack Thompson gave the ringsiders a thrill when she completed a championship with her well-known Irish water spaniel, Kingcombe Mike.

Stanley Dorrell dashed out a new Pomeranian in "Swansea Sunset" and accounted for first puppy, first novice and special for best novice either sex. Sunset is in very capable hands, and it is only a matter of time until she will give the matured dogs a race for premier honors.

G. S. Stock's imported Pekingese, "Chong Yung Shi," went to winners-best of breed, as well as best toy, any variety, in the show. This proved to be a popular win with the ringsiders. Alsations brought out a nice entry, with well-filled classes, with winners in the male division going to the entry from the Black Forest Kennels of Everett, Wash., and Gerda Van der Triit, owned by Shelby M. Saunders, of Madison, N.J., topping the females and incidentally completing her championship.

The cocker spaniel honors were fairly evenly divided between Moore's cocker kennels and the Sam Jones entries, while C. J. Solid, of Seattle, and George H. Millar, of Cloverdale, B.C., were prominent winners with springer spaniels.

The feature attraction of the show was the lady handlers' competition for the special cash prize donated by Mr. R. J. Hinds, of Saskatoon, the former owner of Ch. Midland Master G. This class brought over twenty lady handlers into the ring with their dogs, and Judge Payne had his work cut out for him, as they were all "working to win." Finally Miss Leigh-Spencer, who was handling a brace of French bulldogs, was declared the winner and received an ovation from the spectators.

The exhibits of W. T. (Billy) Oates, which usually account for their share of the prizes, were greatly missed at this show. However, this circuit-chaser will be right back in the game when the next show dates are announced. The awards follow:

NOTES FROM THE AMERICAN SIDE

By Charles G. Hopton.

THE recent visit of the famous Canadian Black Watch, one hundred strong, by far the most spectacular and appreciated of all the regiments in the Decoration Day parade; news from Detroit of the American expedition into Windsor to locate the much-prized "four-point-four," and the marked success of the Northwestern-bred English setter Ch. Rumson Farm Skyliner, the Dominion has been uppermost in the public's mind of late.

The English setter Ch. Rumson Farm Skyliner, as the picture shows, is a very sound and most typical blue-ticked belton, has done yeoman service for the Canadian fancy, having sired two Derby winners and has won his championship in America, competing at the very best shows in the East, and is now located at the famous Rumson Farm Kennels, owned by Raymond Hoagland, Jr., at Seabright, New Jersey. This impressive son of Ch. Jack of Edendale, bred by C. F. Ridge, came out at the great New York show, winning the limit class with ease, and was much fancied for the winners class, which he won handily at the following Newark show, to be repeated

on the keenly-contested circuit, and annexed the title of champion in record time. Mr. Hoagland has great hopes of making his stylish dog a "dual" champion, and with this end in view has arranged for Skyliner to leave for the prairies to be trained for the fall trials, where his famous pointer, Ch. Dapple Joe, the Newark sensation and subsequent winner of best sporting dog at ten of the best circuit shows, has already gone. Ch. Rumson Farm Skyliner is but one of many Canadian-breds that have crossed the line and made the going highly interesting for the best of the American-breds and imported champions.

Unless concerted action is taken, not only by the various specialty clubs and, it is sincerely hoped, the American Kennel Club, who with their united strength might circumvent the planned drastic actions of the local board of health, who, through its commissioner, Dr. Frank J. Monaghan, has declared that a leash on a dog was not sufficient and pointed out that Section 17 of the Sanitary Code required all dogs to be muzzled, dogs and their owners are in for a trying time in New York

City. He also has ordered all policemen and inspectors to take immediate action against all owners of dogs who violate this section. The penalty for violation is a maximum fine of \$500, or a year in prison, or both. Imagine trying to muzzle a tiny Pekingese of three pounds with a prevailing temperature around 94! Phew! all is not gold that glitters in New York City for sincere dog-owners.

Unfortunately the all-terrier show held on the R. M. Cadwallader estate, near Philadelphia, was marred by a continual downpour, but still they "carried on," with some keen competition seen in the wire fox terriers, where the noted Ch. Wrangler's Peggy carried off top honors, but she had to go some, as a recent importation of Alf. Delmont's Delvio of Roughwood went through her classes to winners and made the more matured Peggy go some. However, Peggy won rightly, and thus added another cup to the Maurice W. Newton's sideboard at Chappaqua, which fairly groans with such well-earned trophies.

Russian wolfhound fanciers, so numerous around Toronto, where many

Canadian Bred English Setter Champion Rumson Farm Skyliner, Owned by Mr. Raymond Hoagland, Jr., of Seabright, N.J., U.S.A.

noted champions are located, will be interested to learn of the latest success of that ardent fancier, Miss L. Kellogg, part owner of the famous Valley Farm Kennels. It may be recalled that the Valley Farm team won at New York, best going to the successful wolf and coyote courser, Ch. Ivor o' Valley Farm. This rather whetted the appetite of Miss Kellogg for further worlds to conquer, so she shipped her team to Europe and, on her first appearance, winning for best of breed at Ghent, to be repeated at the great Paris show, where the best in Europe usually compete. It is interesting to note that Miss Kellogg, while on war duty in Holland, found a likely bitch puppy, which she had sent over to the kennels at Stamford, who developed into no less a great champion than the invincible Champion Cresta Bielaja o' Valley Farm, adjudged best of all breeds at Pittsburg and other prominent shows. Quite a few of the onlookers at the recent New York show are wondering what became of the very sound and typical Canadian-bred, Princess Orloff, shown by Blake Johnston. Rumor has it that she had been purchased by the Vaski Kennels and has won on the Western circuit. Here was the personification of "borzoi" type, with perfect shoulders and powerful quarters, paramount features in this dignified and game-coursing breed.

The whippet fraternity around New York were delighted to hear of the very successful debut at Winnipeg of the well-known English winner, Taffy's Pride, which, it may be recalled, topped a smart entry and annexed the title of champion at the last Olympia show in London. Going through its classes to best of breed at such a famous show for whippets as Winnipeg was a great feat, especially to those who have seen the remarkably good "miniature racers" that compete here, but to finally get best of all breeds was indeed a great achievement for the select "Roslyn" kennel owned by those enthusiastic fanciers, Major and Mrs. H. W. Niven, thus repeating their impressive victory of last year, when the writer awarded the imposing trophy for best in show to their symmetrical black bitch, R. A. F., who also won her classes at the recent show and gained the title.

It was also pleasing to hear that "Geordie" Kynoch was well up in the running with his very sound and typical Airedale, Ch. Martley Squire, who must hold the record for travelling, as one finds, on looking up the record, that this rare-boned son of Ch. Kingstone Pat has won championship honors on both sides of the line and at many shows from the Pacific to the

Atlantic coast. Many New Yorkers went into the kennels of Lady Decies and beat the best.

The writer questions if at any show held this year has such a remarkable fine quintette competed in the final line-up as that which appeared before the genial "Jack" Fletcher at Winnipeg. They were as follows: The English champion whippet, Taffy's Pride; Airedale, Ch. Martley Squire; St. Bernard, Ch. Sultan; Boston terrier, Ch. Sigourney King Tut, and the home-bred Springer, Ch. Marvel of Avandale. All were good enough to win, and spoke volumes for the quality of the dogs owned in Manitoba. The striking win of the home-bred Springer, aptly named Marvellous of Avandale, being exceptionally good, whose noted dam, Ch. Marvel of Avandale, made such a sensation at Newark show, must have been very gratifying to the owner, E. Chevrier, who might be termed "sponsor" of the breed on this side of the Atlantic, as this splendid debutante repeated the win of her noted dam by winning the cup for best puppy in show. May she follow in the footsteps of Marvel, is our sincere wish.

While speaking of whippets it is most refreshing to learn that the limit to which some of the racing fraternity here in the East would like to have established for the miniature racer did not materialize, but there has been a slight advance in height, as the limit now for dogs is 20½ inches, while that for bitches is 19½, a fair radius, to which it is hoped the judges will endeavor to keep the winners. While speaking of judges, we have quite an assortment nowadays doing the whippets, with few that have had actual experience either in showing or handling them to the "rag"; hence the in-and-out awards we unfortunately see here. In the Dominion, however, especially in the Northwest, there seems to be quite a few experienced judges who have the courage of their convictions and can give you a different explanation than one hears at the shows on the Atlantic coast, such as "a trifle too heavy in muscle on the shoulders" or "your bitch humped her back too much." We often have wondered why that well-known English expert, C. B. Payne, of Calgary, does not officiate. If my memory serves me aright, he did a very good job at one of the English kennel club shows, at the Palace, I think, where he put a novice right through over quite a few champions; he also was one of the first to see the merit of Ch. Falside Frovility, as he placed her on top as a puppy; later she

There was the "De'il to pay" at the recent Devon show, when a Mrs. Paul awarded best in Pekinese to an immatured puppy, Ho-Lah of Clamarlow, over possibly the best class seen out this year. Such famous dogs as Ch. Sunflash of Llenrud, Ch. Glen Iris Dai Dream, Mrs. Martin's superb headed homebred, and the recently imported English winner, Remus of Ashcroft, which has to his credit in England three firsts and best puppy of all breeds at Worcester and reserve champion at Bristol. Here he beat several noted champions, yet at Devon, on his first appearance, he is relegated away back to third in his class, where he might have gone right through to best of breed and won the cup for best of all toys. Remus of Ashcroft, a rich red, with remarkable coat and type, is quite as good as the late Ch. Phantom of Ashcroft. As a matter of fact, many who really know the breed think him even better than Phantom, having a flatter skull and more compact body. This was one of the most inconsistent awards ever made in Pekinese, and those who have sent in letters expressing their regrets are justified in saying "the judges or lady dealers are killing the breed," for one has but to scan recent awards to see that inconsistency in type seems to be the general rule. It is to be hoped that Mrs. Murray Brooks, who came all the way from San Antonio to get her new purchase from the steamer, will stay north and show her dog under truly qualified judges so that his superb type and coat may be recognized.

This event is famed for its wonderful horse show, possibly the greatest outdoor show in the world, where for the last three years the famous Casillas Stable, owned by the noted cocker spaniel enthusiasts, Mr. and Mrs. J. Macy Willets, have taken both championships in Hackney ponies.

Best in fox terriers was the noted English champion, Warily Speedy Ball, which, entered for specials only, had a worthy competitor in the rare-bodied Grand Cut. There was a smart entry in cockers for the one and only "Billy," William T. Payne, Squire of Midkiff, who went for a sound, free-moving sporting spaniel, with clean shoulders, sound feet and powerful quarters, where the much improved My Own Desire won handily. The same owner, Mrs. S. Y. L'Hommedieu, Jr., also won in bitches with her very impressive black, Sand Spring Storm Cloud. Ch. Dapple Joe was easily best in pointers.

With the Alsations at Hamilton

Saturday, June 6th, was a red-letter day for the Shepherd Dog (Alsatian) Club of Canada. It was also voted to be the red-hot day of the many such sultry days experienced around that time. The venue was the wonderful Wentworth Hunt Club, on the top of the Hamilton Mountain, one of the largest buildings of its kind on the continent, and will soon be the largest. The show was held in the open, and the many shade trees furnished sun-shades for the large crowd who spent the whole afternoon reviewing the show.

About forty dogs all told were entered for the bench show and field trials, and again the progress being made by the shepherd dog in Canada was in evidence. Mr. Raymond L. Patterson, Giralda Farm Kennels, Madison, N.J., U.S.A., was the judge of the bench show, and very carefully handled his classes. A mild sensation was sprung when a tot of a puppy named Iso and owned by Mr. A. H. Loveridge, Toronto, was chosen as first puppy (under six months—as a matter of fact he was only three months) and carried through second, Canadian bred, first novice and second-limit, and was only kept back by the good specimens, Alpha V. Krone (Oak Park Farms) and Barbo (L. G. Baker). It must be conceded that it took the real courage of conviction for Mr. Patterson to carry the diminutive though quality puppy through as he did. A litter sister of Iso's, named Rhea, won the puppy class (under six months), set off at a similar pace to her brother, but Mr. Loveridge very wisely kept her in the cool shelter of the grass, knowing that one day she would be bigger and look more in keeping with mature competitors, but they were a nice pair. The classes, as a rule, were well filled and the competition was interesting.

The field trials, managed by Mr. W. F. Condry and Dr. W. S. T. Connell, Hamilton, kept the crowd until late in the evening, and a demand for shepherd dogs will be on in Hamilton at once. Particularly bright was the performance of Dr. O. A. Elliott's good working dog, "Dumottar Bethune," but better known to the gallery as "Paddy." Keen and very active, his work was watched with much interest. Another worker that won many friends on the day was Bijou, owned by Mr. E. Archibald. This dog took the several tests with keen interest, and, as an optional test, Bijou piloted little Miss Archibald to a distance of 150 yards (approximately); there Bijou was made to "sit" by the young

mistress and afterwards "sent" to Mr. Archibald, bringing a ball along. Here Mr. Archibald ordered the dog back, with the order, "Protect the baby." Bijou gladly accepted the instruction, and was soon "on guard." Mr. Archibald then essayed to "steal the baby" and at once met with a most strenuous objection from faithful Bijou. This test was greatly admired. The other test section winners were:

Puppies—First to "Barrie," owned by Mr. A. B. Conson, Hamilton; second to Sylvia, owned by Master R. March, Oak Ridge. Novice tests—First to "Bijou," owned by Mr. E. Archibald, Toronto; second to Junker, owned by Dr. Hodgson. Senior tests—First to Dr. O. A. Elliott's "Paddy"; second to Mr. Hyott's "Lora." (The full scale of the tests appeared and will serve to further explain the work done at these trials.)

After the grind of work was over the tired and thirsty exhibitors accepted the invitation of the club and hid themselves to the Connaught Hotel, Hamilton, where the banquet hall stood invitingly open, and a suitable repast was eagerly disposed of. Thanks to Mr. Raymond L. Patterson, those present who had not sampled all the many blends of "Fergie's 4.4" had every opportunity to finish their education in that respect here. One fellow claimed he had fifty samples and his throat felt as if he had swallowed a Scottish thistle, so plentiful were the "points." Much credit must be given Dr. Connell and Mr. Condry for a very special vocal programme, which was furnished in an informal way, and to Mrs. Loveridge, Toronto, who made a splendid accompanist, accepting the honor on invitation. Mr. W. D. Cleland and his good lady were present, and the former very graciously presented the many elegant prizes to the fortunate winners. Outstanding amongst the trophies were the Frank P. O'Connor Trophy and the Raymond L. Patterson Trophy, both of which were greatly admired. Guests of the club included Mr. Patterson's old friend, Mr. Jack O'Connell, looking like a million dollars, and Mr. Fred Wright, late of the Wright Manufacturing Company and now representing Millers A1 Ration in Canada.

After Chairman George Moffatt had exhausted the talent and the several votes of thanks had been pledged, he asked the merrymakers to join hands and sing "Auld Lang Syne" and "God Save the King." This should have been sufficient for anybody for any

one day, but, accepting an invitation from Mr. W. B. Cleland, Hamilton, the officers and several friends of the club motored up to Mr. Cleland's mansion-like home on the side of the mountain and there a real heart-to-heart doggie chat (which is so dear to the heart of the born dog fancier) was indulged in. The writer left this party so that he would be sure to get his attendance mark in at church, as is his wont, otherwise he would have stayed the party through, in which case he could have told you the whole story. It was a hard, trying show, a happy gathering, and another solid link in the chain that is holding this aggressive club together.

The Bulldog Club of Canada Specialty Show

It was the day of the British Bulldog at Montreal on Saturday, April 18th, when the Bulldog Club of Canada introduced to the fancy the well-known judge of bulldogs, Mr. A. F. Kramer, Chicago, owner of the famous international champion, Glorious Soubriquet, who is the sire of Ch. Oakville Soubrette and other good bulldogs. Mr. Kramer had fifty dogs entered, but only forty-two of these faced the music, and in the final analysis Mr. James Cassina's noted brace, Ch. Dauntless Dan and Ch. St. Roche Girl Guide, were found to be on top, the latter having the judges' vote for the best of her breed. Reserve to "Danny" was Hazelwood Sampson, owned by Mr. Robert Snook (Montreal), and reserve to "Girl Guide" was Lanark Lady Lou, owned by Mr. J. A. Anderson (Montreal). Both of these reserve winners were shown at Toronto, under Mr. Tom Grisdale, and gave a good account of themselves:

MONEY BACK

IN CASE OF A MISS

As a special convenience to out-of-town breeders, we are adopting a new policy of returning the entire stud fee to the owner of a female that fails to prove in whelp to one of our dogs. This applies to all females owned outside of London and bred at our kennels after May 1st, 1925. London owned females are entitled to the usual return privilege.

Upon notification of a female not proving in whelp, which must be made not earlier than a week after and not later than three weeks after she is due, we will promptly mail our cheque. If he does not care to do so, the owner of a female is under no obligation to send the female back to us her next time in season.

We have for service—

WHIPPETING IN CANADA.

Weights of Whippets, and size of Whippets are the captions of popular gossip amongst the followers of the "long tails," and especially those of the number that have a leaning towards the Show bench specimens, and recent placings of Whippets by recognized authorities have helped to acenuate the darkness which seems to ever deepen leaving exhibitors in a state of uncertainty.

We gather from the "Whippet Wheezers" notes in "Our Dogs" (Eng.) some very pertinent information, which may be accepted as authoritative and therefore enlightening. At the Whippet Club meeting held at and during the Crystal Palace Show of 1922, it was decided to make no alteration to the standard which reads: "The ideal weight for dogs is 21 lbs. height 18½ inches, bitches weight 20 lbs., height 17½ inches, with a slight deviation either way at the discretion of the judge. Mr. H. Halford Adcock the "Wheeler" and owner of many noted Whippets commenting on the above says: "I don't think there is one judge who voted for this standard who would place a 17-inch bitch over an 18½-inch bitch of equal merit, though the former is half an inch nearer the ideal than the latter. Personally, I should like to see 17-inch fixed as a minimum for bitches and an 18 minimum for dogs, with a 20½-inch maximum. The Whippet is a racing dog, receiving its handicap according to its size, and every judge should be allowed his own opinion as to which size he prefers, within the limits. The "Outsized" have served their purpose well in building up the breed, and I think Whippets today are better than they have ever been, but can now stand restricting within the limits named, which would prove of great assistance to novices, who, in their endeavors to breed a dog of the present standard size probably find their kennel full of bitches about the size of mice, which are quite unsaleable, and of course useless for show. My own ideal is an 18½-inch bitch and 19½-inch dog. To my mind this is the most handy size, and Whippets of this size not quite up to show standard prove most marketable."

In advance we thank Mr. Adcock, for this contribution, and hope he will pardon the liberty we take in copying it for our readers, and particularly our Whippet fanciers, it is all for the good of the game, and we know it will be appreciated. Now that we have the standard let us take care to have it acknowledged and observed.

THE DOG ON THE POSTAGE STAMP

(From page 11, last issue, and now concluded.)

He should move freely on his legs with body swung loosely between them, with a slight roll or gait, bear-like. A weak or hollow back, slackness of loins or cowhocks are decided faults.

Head—Broad and massive with well arched dome, showing occiput. There should be no decided stop; the muzzle should be short, clean cut, rather square and covered with short hair.

Coat—Flat and dense; topcoat somewhat coarse, undercoat decidedly woolly and profuse, capable of resisting water and weather. If brushed wrong way coat should fall back into place naturally.

Body—Broad with good depth of chest, plenty of spring of ribs back of shoulders. Neck should be strong, well set into shoulders, back level, loins muscular.

Forelegs—Perfectly straight, well muscled, elbows in and well let down, feathered to the pads; pasterns strong and straight.

Hindquarters and Legs—Very strong with great freedom of action, and feathered to pads. Dew claws should be removed; stifles well bent and muscular.

Chest—Deep, quite broad with plenty of coat extending well below brisket.

Bone—In proportion to size and weight of dog.

Paws—Webbed and well padded. If splayed or turned out, they are defective.

Tail—Of moderate length, reaching slightly below hocks, proportionate, and covered with long hair. When relaxed, it should be carried downward, a slight curvature at end being

allowed. When excited or in motion it should be elevated but not over the back, nor should there be any indication of a ring or kink.

Ears—Of medium size, set high and proportionate to head, not pendulous, lying close to cheeks and covered with short hair, preferably without fringe.

Eyes—Moderate size, preferably dark brown or hazel, rather deeply set, but not showing haw, and set wide apart.

Color—A rich black, bronze tinge, or splash, or white on chest or toes, allowed.

Height and Weight—Size and weight are desirable so long as symmetry is maintained. A fair average height at the shoulders is 22 to 28 inches for dogs and 20 to 26 inches for bitches. Fair average weight for dogs is from 80 to 140 pounds and bitches from 60 to 120 pounds.

Other than Black—Should in all respects follow black except in color. Those to be encouraged are solid bronze, black and white, the colors of equal proportion over the body, a black head with a narrow blaze, well defined saddle, black rump and tail to be given preference. Black dogs having white toes and white on chest, or white tips on tails, should be exhibited in classes provided for blacks.

The provision in the club's standard for solid bronze or dark brown, and cuts for curled tails, etc., must be touched on. The former came in nature's color evolution, and the latter because in cold climates dogs curl their tails over their noses when asleep, to prevent the effects of frost. Therefore, as the curl or twist of tail is a natural trait and not evidence of a cross, only

a slight cut is provided, and solid bronze is permitted. Many handsome specimens of this color have been known.

In cases where faults affect cardinal points, or where there is evidence of careless breeding wherein defects of a technical nature are likely to be perpetuated, the views of the club are made evident in the scale of points. Hence the standard, scale of points and cuts for defects accompany this. The scale of points is as follows:

Something has been said of lesser Newfoundlands, or Labradors, which are of the same origin, but, being located in remote sections of the island or in Labrador, have a greater proportion of English retriever blood and little chance for crosses with the Pyrenees stock. Hence, their long muzzles, inclination to curly coats, smaller size and decidedly different type. Occasionally, when bred together, these dogs produce pups, sometimes one or more in a litter, resembling the greater Newfoundland, and the question may arise for the club to consider it a member of the family and provide for it accordingly.

About fifty years ago, such dogs followed the greater to England—when the latter seemed to be running short on the island—as mascots on the codfish vessels. Here, again, English breeders with eye for type, because of their retrieving instinct and finding they were more kind mouthed than other retrievers in vogue there, bought them. Thus was the smooth-coated retriever produced.

The Chesapeake Bay dog is supposed to be of Newfoundland origin. With the Labradors, smooth-coated retriever, Chesapeake Bay dogs, Landseers and the greater Newfoundland makes a large family indebted to that British colony. The modern St. Bernard is but a cousin, for, when the monks on the Alpine pass lost all their dogs through distemper and an avalanche, Herr Essig of Leonberg, gave them a dog and bitch of their own blood. But before doing so, he bred the dog to a Newfoundland bitch, producing a tawny colored strain, which he and others tried to introduce into England as Leonbergs.

Later on, other crosses were made until the modern showy St. Bernard

resulted. The dark shadings and occasional black and white pups are evidence that the Landseer was used with Leonbergs and possibly Alpine dogs. The small, close set triangular ears, more rounded skull, coat, smaller head, less flews, taken with color of the Newfoundland, give ample distinguishing points between them and the modern St. Bernard.

ENNO MEYER FOR REGINA.

The Regina Agricultural and Industrial Association may be considered fortunate in their selection of judge for their dog show to be held on July 28th to 30th. Mr. Meyer gives the exhibitor a feeling of confidence and at once makes a host of friends for himself. At Toronto Kennel Club show his work in the ring was the topic of general discussion, and, excusing the losers, the others were loud in singing his praises, and not without good reason: a gentleman in and out of the ring, an expert eye that soon finds the virtues and their opposites and rates them quickly with rare skill. In bespeaking a large entry at Regina for Mr. Meyer, the Regina Club, through its energetic secretary, Mr. C. S. Keating, they are only asking the fancy to show its appreciation of their selection of judge this year. It has always been a question of paramount importance with Regina as to who will judge their show, and the following list shows that they have succeeded in selecting many of the best procurable: In 1916, Mr. William Coates; 1917, George S. Thomas; 1918, Robert A. Ross; 1919, Alex Stewart and Ralph Brown; 1920, N. K. Swire and E. E. Gravell; 1921, Charles G. Hopton; 1922, Frank Dole; 1923, F. H. Addyman, and 1924, Bert Swann, and now Enno Meyer.

Judging from the reports coming in from Western Canada, the shows to be held this year will meet with an enthusiastic reception such as has been unknown during the last decade.

THE KERRY BLUE TERRIER INVADES CANADA

Mr. Charles S. Calhoun, Toronto, has imported two Kerry blue terriers from England, and now we will likely see this useful and likeable terrier benched at our future shows. The male of the two is by Glengowan Blue Torch, and out of Merry Lass, whilst the female is by Beechwood Captain, out of Spitfire Judy, and are no doubt imported for the purpose of breeding, and we wish him every success in the undertaking.

SHEPHERD DOG CLUB ACTIVE AT MONTREAL

The Shepherd Dog Club (Montreal) has been working to popularize the breed in the Province of Quebec. Last fall an all-breed dog show was held, and since that time two well-attended field trials have been carried through successfully, and the plans for the future are in capable hands for 1925.

The club's officers are as follows: Honorary president, Mr. J. T. Bennett, president, Mr. E. Rouley; first vice-president, Mr. George Dumus; second vice-president, Mr. G. Dandurand; corresponding secretary, Mr. E. Mantel; secretary, Mrs. R. Goyette; assistant secretary, Mr. A. Cawthorne; treasurer, Mrs. E. Martel; censors, Dr. Etienne and Mr. S. Laramée.

TREKKING TO CANADA.

Some time ago it was stated that once the embargo on dogs imported to Canada was removed the Canadians would replenish their kennels, and Scotland seems to be securing her share of the orders. We learn that Provost Dalgleish, of Galashiels, an old exporter, has handed a very large consignment of sporting dogs to "The Dominion Express Co., for delivery to Sportsmen in the West." They consisted of ten Springer Spaniel bitches for Manitoba to E. Chevrier, of Winnipeg, who must be the owner of a very high-class kennel. Mr. Chevrier has also secured a brace of Irish Terriers, the best of them being Kate-O'Shane, which has done considerable winning at Scottish shows, and was secured from Mr. Whitelaw, Glasgow. Mr. Robt. Fox, of Ottawa, an old Springer lover, has secured a very useful stud dog in Prince of Leam, which has proved his worth on the bench and in trial field, and has sired winners, and will be an acquisition to the breed in the West. Mr. Anderson, of Edinburgh, holds high opinions of the future of this young dog, as does his importer. Mr. Fox has imported several from the Ellwyn Kennel, including the good matron, Ellwyn Lady. Then Mr. John Ritchie, of Ottawa, has secured a young Labrador in Ellwyn Pride, by Dryfe, which was mated to a tip-top worker before sailing. Mr. Pollock, Brantford, Ontario, has secured the wire-haired Terrier bitch, Hopeful Niggy, which visited Ch. Wycollar Distinction before leaving the old country. The Scottish Terrier bitch, First Magic, has also been secured mated to Bass Rock, and has gone to found a kennel in the Province of Quebec. First Magic was a 1st-prize winner at Edinburgh under Mr. Geo. Davidson, and at Galashiels under Mr. D. Baillie.—(Mr. J. Garrow in "Our Dogs.")

Now That You Have 'em Ready, Keep 'em Fit

The Ladies' Kennel Club Show, to be held at Montreal on August 22nd, and so furnishing the first step towards the rich fall circuit, is already an assured success. With their winning ways and the Irish blarney of the Club's most persuasive persuader, Mrs. J. H. Enright, who has already persuaded Eastern and Western fanciers to say "Yes" they will be at Montreal on the 22nd. The persuasibility of that Enright woman is the persuasibility of Erin that knows no denial and a reflection of that characteristic will be the success of the forthcoming show.

Special inducements are being arranged that will bring representative entries from the Maritimes, Ontario, Quebec and the United States, and all four will be there in large numbers. Then Sherbrooke Club, Montreal Kennel Association and the Shepherd Dog Club are all lined up behind the Ladies' Club to make their fixture a real affair. Messrs. T. P. Ritchie and Jno. T. Bennett are the official ring stewards, and there are none better in the business than Tom Ritchie and Jack Bennett. A new departure will be the running of the refreshment booth when the "picnic sandwich" will give way to the "sandwich with a heart," purveyed by the ladies of the Club.

The popularity contest is in full stride and soon the declaration will be in the hands of the scrutineers, but the real ambition of the Ladies' Kennel Club is to bench 500 representative dogs of Canada and the United States. Now the secret is out you know what's wanted—500 dogs for the L.K.A. on August 22nd. Messrs. Bob Ross and Lew Brumby are the judges, and both are vouched for. After that you are wanted with your dogs at Central Canada (Ottawa) on August 25th to 28th with Dr. Harry Jarrett dispensing the favors, which will be plentiful as per the Ottawa fixture's usual generous style. Then the Canadian National Exhibition at Toronto on September 7th to 10th, with a list of Judges that are up to the high standard recognized by the C.N.E. They are Messrs. W. (Billy) T. Payne, W. E. Baker, Jr.; Ed. F. Binder, R. M. Cleveland, Chas. F. Grosse, and the popular Canadian judges, Messrs. N. K. Swire and Robt. (Bob) A. Ross. After the big noise at Toronto the Western Fair makes a bid for your support on September 15th to 18th, and make a special note of the cash prizes offered at London this fall. A winner here means expenses and money in your pocket. London has

arranged to permit—on proof—dogs to leave the show in time to make convenient connection for Peterboro Industrial Exhibition on September 18th and 19th. Mr. Frank H. Addyman will judge all breeds. After Peterboro Show a little resting spell will be allowed. Then on September 25th and 26th you are all invited to support the Hamilton Kennel Club put on its first show at Hamilton, where a committee is now whipping attractions for the Premium List into shape, attractions in the way of judges and cash prizes worthy of the Mountain City.

Keep your eye on our business pages for the fuller particulars of these shows and support them as liberally as you possibly can, and if you have any luck at all we will have a fine fall crop of national and international championships.

You must not forget the shows down East. They are all banking on a generous and general support from the entire fancy. Sherbrooke Fair on September 1, 2 and 3; St. John, N.B., on September 7, 8, 9 and 10. Fredericton on September 15, 16 and 17, and Nova Scotia Kennel Club Show on September 22, 23, and 24. At these Eastern shows championship points accumulate quickly for outstanding specimens.

Western Canada is daily becoming increasingly interested in more and better days and in more and better dog shows and this interest will go on and continue until every city capable of supporting a live kennel club will have its championship show. We are greatly encouraged in noting the splendid spirit of sportsmanship so prevalent in our Western clubs. By the time this is in your hands Alberta Kennel Club Show will be in full swing and the Calgary Stampede will have the people of Alberta feeling so happy that a win or a loss will not make very much difference. Mr. Jack C. Fletcher will judge all breeds, watch Jack, he is going to be clothed in ermine oftener in the future. The show is on July 8, 9 and 10. Edmonton Kennel Club on July 14, 15 and 16, with the old reliable T. S. Bellin judging the show, Saskatoon, on July 22, 23 and 24.

Regina Kennel Club on July 28, 29 and 30, with the reliable Mr. Enno Meyer in care of the judging.

Vancouver Exhibition Association on August 13, 14 and 15, when we believe that Geo. Cranfield will judge all breeds. This show is a Vancouver fixture and a meeting place for the fancy at the Exhibition.

New Brunswick Kennel Club Show

St. John fanciers got the dog show fever early this year—a sort of spring fever it was—and they say that, like the old hay fever, it will likely be an annual fixture, the experiment having been satisfactory. Next time it will be an up-to-the-minute honest to goodness full fledged dog show. Owing to a series of circumstances over which the show secretary had but little control, the returns were late in reaching Toronto, hence the delay in our reporting the show. A well written review of the show was sent to us by that ardent fancier, Mr. Robert B. Laskey, St. John, the President of the Club, but owing to the demands being made on our available space, it is with regret that the review will not be published.

The show was held in the Pythian Castle on May 8th and 9th, and the breeds were judged by Mr. Ralph Preston acceptably.

Fort Garry Kennel Club's Seventh Show

Fort Garry's All-breed Show was another Western fixture of note this year, when the popular Calgary expert, Mr. Jack Fletcher, donned the ermine and faced the task of sifting out the quality of the entry, which was one of — dogs actually benched, making the show one of a — point value. All the present-day variety of breeds were in evidence, and quality was rampant, and the competition was fast, and our award columns will show where many dogs who have held high places at Western shows in recent years were obliged to take the humbler placements and give ground to others that had come along or that had been imported.

Mr. E. P. Tuson, one of our stalwarts in bulldogdom, but who has been out of the limelight recently, had a big bunch of Calgary's best dogs along and won a goodly share of the favors for his clients. We hope to see the jovial Tuson in the ring with a real, honest-to-goodness bull dog on the end of a lead before long. When "Ted" has a good one the whole world knows it.

Major Hugh W. Niven, D.S.O., M.C., the club's president, had an unusually strong line-up behind him in running the show. At the desk was Mr. F. W. Walkerdene, the superintendent; Mr. Gus Adams, veterinary; Doc J. H. Snider, whilst the other officers had their shoulders firmly on the wheel. The premium list and catalogue bore mute testimony to a pile of work having been done and done well.

OUR FRONTISPIECE.

The "Mountaineer" is a name reminiscent of many things that were prominent in Colliedom a decade or more ago, when this celebrated prefix was in everyone's mouth, just as Wrigley's Chewing Gum is to-day, "Mountaineer" and "Hungerford" were household words in the home of every Colliete, and it now begins to look as if "those days were not gone forever." Since Mr. Harry Hungerford of Belleville, Ont., is again enthused with his old love for the Collie, who he still believes to be the aristocrat of dogdom,

despite the advent of certain breeds into public favor, some of which come and go, and some of which go fater than others in the fastidious tastes of an ever-changing public, but the Collie is, was, and always will be, is Mr. Hungerford's unalterable allegiance to his favorite breed.

The Mountaineer Collies have made Continental history and the name of

A Sample by The Mountaineer.

Mountaineer Magistrate will always be remembered as one of the great Collies of his time.

They have made history in the kennel and on the bench, but "The Mountaineer," which is the subject of this little sketch, is proclaimed to be very best Collie that ever bore the honorable prefix in the Stud Kennel, and we are able to show here one of his get of the male sex. Notice the quality, the soundness of body and limbs, and the coat too, although the photograph — which is absolutely untouched — was taken when the youngster was fast shedding his first coat. The picture is one to moralize on, take it any way you like, if you know a Collie and you are looking for Collie character. This photograph is also eloquent testimony to the prepotency of The Mountaineer, who has indelibly stamped himself on his little son.

The breeding, too, warranted the producing of a dog like The Mountaineer. By Alton Ace, a choice son of Int. Ch. Alstead Aeroplane, and out of Alton Best, who was by Coltness Commander. The dam of The Mountaineer is Winsome Lady and she is by Inverness Illustrious, who is a son of Ch. Southport Sceptre out of Alstead Seedley Silene. Exacting breeders will at once recognize this superb blood combination. And Mr. Hungerford says — and he knows — that The Mountaineer is the best and the surest sire ever owned by the Mountaineer Collie Kennels, which have been established for over 30 years.

The President, Directors and members of the Western Ontario Kennel Association, Inc. take this opportunity to thank the many friends of dogdom for the splendid manner in which they received the Association's first offerings, i.e. Windsor and Port Stanley shows. BELLEVILLE ONTARIO CANADA

ANOTHER BOSTON TERRIER FANCIER ADDED TO THE FAMILY.

Picking up the morning's mail recently we were delighted to find an invitation to attend a dog fancier's wedding. The fancier in question was none other than our good friend, Mr. Vint G. Perry, of London, Ont., President of the Canadian Kennel Club, and Boston Terrier breeder and judge extraordinary. The gilt-edged missive looked invitingly friendly, but it meant double harness for Vint, and we could not agree to be a party to such an arrangement. Taking a peep into the future we could imagine Vint saying to his spouse, "Well, dear, I think I'll take in Toronto dog show to-morrow," and Evelyn replying, "No, sir, you don't; you're staying home here with me and help mind the children!" What a fate for a happy-go-lucky old bird like Vint Perry, but it made no difference anyway, and here is what I was obliged to read later in the daily newspapers:

The home of Mr. and Mrs. E. G. Thomas, 14 Dartmouth Crescent, Mimico, was the scene of an interesting wedding on Saturday afternoon at 2 o'clock, when their daughter, Evelyn Jessie, became the bride of Vincent G. Perry, well-known journalist of this city, son of Mr. and Mrs. G. E. Perry, of this city. Rev. William Fingland of the Mimico United Presbyterian Church, performed the ceremony. The living room, with its decorations of pink and white carnations, marguerites and ferns, formed a pretty setting for the youthful bride, who

appeared leaning on the arm of her father. Her wedding gown was of white satin, trimmed with lace, pearls and orange blossoms. A veil of Brussels net was caught with orange blossoms and fell gracefully back from her forehead, while her shower bouquet was Ophelia roses. The bride's only attendant was Miss Jean Holdenby as bridesmaid, who wore a lovely gown of peach canton crepe and carried pink carnations. Mr. Jack Rourke, of this city, acted as best man. Following the ceremony a wedding supper was held, the bride and groom leaving later on a short wedding trip to eastern points. For going away the bride wore a modish ensemble suit in brown tones with hat to match. On their return Mr. and Mrs. Perry will reside in this city. Guests from London included Mr. and Mrs. H. D. Dickson, Mr. and Mrs. M. J. Rourke, and Mr. Jack Rourke, Mr. and Mrs. Cecil Neil, Mr. and Mrs. J. Lunan and young son Billy, and Mr. and Mrs. Bert Perry. Mrs. George Perry, mother of the groom, was unable to be present owing to illness.

Now it is up to you; send him your best wishes, shower your congratulations if you will; you can reach him by mail, phone or telegram at "The Globe" office, London, Ont.

Mrs. Vincent G. Perry is a niece of Mr. John C. Lunan, Mr. Perry's partner in the Globe Kennels, and is just naturally a dog lover, with an inborn fondness for the Boston Terrier. So that is all to the velvet for Vint. When the wedding party were looking over the wedding gifts, they were attracted by a card written in a shaky hand. It was the card written by an old friend, Mrs. W. C. Ingram, Toronto,

who has been sick—seriously so—for the last two years, and for long her poor tired fingers have been unaccustomed to handling a pen, but "Midge" just insisted on writing the card herself that was to accompany her wedding gift to her fellow fancier and friend, Mr. Perry. We are told that the writing on the card really represented a whole afternoon's effort, but Mrs. Ingram was always a stickler, eh ma! Nor was that all. On the way to the station Mr. Perry was thrilled right through to his toenails to find a white wedding bell hanging on Mrs. Ingram's front door. Talk about the spirit being strong and the flesh weak. Well, here is an exemplification of the truism of that axiom.

In Buffalo the bride and bridegroom received the felicitations of such noted celebrities of the Boston Terrier world as Dr. and Mrs. Brennan, Mr. and Mrs. L. Graeber, (Mr. Graeber is President of the Boston Terrier Club of Buffalo), Dr. F. E. McClelland, and the ever popular Mr. John Deltchler.

Now the happy couple are at home in London, and in the name of the dog fancy generally we offer them our combined congratulations. And "May the moose ne'er lee' their meal barrel with a tear in his ee."

SAM BAMFORD COMES TO TOWN.

When our readers get to page 36 of this issue and read of Chantry Caddy there, we wish they would make a note to the effect that Mr. Bamford has moved from West Hill, Ont., and his new address is, 40 Enderby Road, Toronto, and that the telephone number is Grover 9169.

Int. Ch. Benno von Burgholz.

THREE INTERNATIONAL CHAMPION DOBERMANS ADDED TO NO NAME KENNELS.

The acquisition of the No Name Kennels of Eldorado, Illinois, from the Red Roof Kennels of Haverford, Pa., of the three great International Champion Doberman Pinschers, Benno von Burgholz, Centa vom Rinkenbuehl and Bella von Stolzenberg, is undoubtedly the most important single event concerning Doberman Pinschers that has ever transpired in this country.

Sieger Benno von Burgholz, German and American Champion, best red dog in Berlin, best Doberman at New York and best of all breeds at Savannah, son of the great German Sieger Salto vom Rottal and brother of the black Sieger Harass von Ostersee, will be of tremendous value to Dogerman breeders of the Middle West.

International Champion Bella von Stolzenberg, never beaten since maturity, winning black bitch at Berlin with her sire the winning dog and her full sister the great black Siegerin Asta von Stolzenberg, dam of Red Roof Rowdy, Red Roof Reiver and Red Roof Rida, this great black bitch will unquestionably continue to produce unbeatable puppies for her new owners.

International Champion Centa vom Rinkenbuehl, so far the only German Champion bitch brought to this country, best Doberman bitch at New York, sired by the great Doberman Bruno von Friedewald and dam of Pressure Hight, Centa should produce some remarkable puppies bred to Benno. These puppies will have the rare distinction of having both parents German Champions.

Mr. Emerson said something once about a man making mouse traps better than anyone else and the whole world beating a path to his door. The No Name Kennels have certainly taken a leaf from Mr. Emerson's book.

ANOTHER SPRINGER FOR LONDON, ONTARIO.

An importer that we do not hear a great deal about, but one who is always bringing out the odd Springer Spaniel from the Land o' Cakes, is Captain W. S. Smith, of the Forest City. And we are advised that he has just received from the Dominion Express Co.—in perfect condition—the well-known Scottish Springer Spaniel Inveresk Cadet, sent out by Mr. Angus McNab, Chassels, "Inveresk," Coatbridge, Scotland. This addition to the select "Belvidere" Kennel will undoubtedly add to its strength, and the new dog will be seen on the Show circuit commencing in August if present plans mature as expected.

CORRECTION.

Reporting Montreal Kennel Association, Ltd., dog show, we stated that May-D. Beland's Pomeranian Julo Red Light won for best of opposite sex for best in show. This was wrong, and it should have read that the same owner's Imperial Honey Dew was awarded the high honor attributed to the very smart Julo Red Light.

KENNEL NAMES Corrections.

The notice of the kennel name Parktown, having been registered in the name of Mr. B. M. Frost, St. John, N.B., should read: "PARRTOWN," registered in the name of Mrs. B. M. Frost, St. John, N.B.

BENCHING

Kennel Clubs who experience trouble in securing suitable benching for their dog shows and that would be interested in solving the problem without spending a fortune to do so, may be interested to learn that the old reliable House of Spratt's Patent, Limited, of London, England, have a scheme whereby they can supply bench divisions of regalanized iron mesh strongly bound at 6 shillings per division. They are also prepared to send to responsible parties, free of cost, one length of benching, and this includes bottoms, backs, trestles and skirting—this as a pattern from which any number may be made on the spot by the club interested, as in all probability it will be more economic to have the woodwork done in the location of the club.

Spratt's only make one stipulation and that costs the club nothing, the stipulation is that a small plate bearing the words, "All the exhibits at this show are fed on Spratt's Patent Dog Cakes. By order of the Show Committee." These tablets will be supplied free.

If you are interested in this timely offer of Spratt's Patent, Limited, you are requested to write direct to them at 24 and 25 Fenchurch Street, London, E. C. 3.

Western Ontario Kennel Association, Puts on Port Stanley's First Dog Show

If ever there was an attractive location for a dog show surely it was discovered by Mr. E. M. Burke, of Lambeth, Ont., and when he enthused the officers and members of the Western Ontario Kennel Association, Inc., to go ahead and try it out he made a "strike." Port Stanley is one of the most inviting holiday resorts in Canada and has been termed the Coney Island of Western Ontario. On the shore of Lake Erie, its gates are open to holiday-makers from all over Canada and the United States. First-class rail and boat service speedily controls the coming in and going out of visitors from east or west.

The dog show was held under canvas on the brow of the baby mountain, where an incline railway makes it easy and economical for those who are not inclined to hill-climbing, and even when "Old Sol" was doing his darndest to make himself obnoxious and to remind us that the "dog days" were at hand—if not already here—there was a refreshingly cool breeze coming up from the lake that tempered everything to a nicety, and the dogs were comfortable at all times. The attendance on the first day left about \$250 for the club's coffers, and when it is recalled that the admission price was 25 cents it will be seen what the attendance was, plus the exhibitors, and an idea can be formed to show that for a time it was a feature amongst the other attractions on the grounds. The arrangement whereby the fanciers were permitted to leave early on the afternoon of the second day was most popular with the exhibitors, and the next premium list sent out for a show at Port Stanley will assuredly be a magnet to draw a flattering entry.

The local officers of the club were very prominent at all times, and the show committee worked like veritable trojans, and if the show had any faults—and it had some—it was no fault of the dog show committee of the Western Ontario Kennel Association. Messrs. Roy R. O'Neil, Art. Ings, J. D. A. Saunders (one of the feature workers at the Windsor show), W. Stabler, Fred Hessel (a speiler who is being overlooked by the Ringling-Barnum-Bailey organization), President Frank H. Westbury, Dr. Rice, the veterinarian, etc., etc. This gang was on its toes at all times, on what—to them—must have seemed a thankless task, and they stuck to the grind all through the show as far as it was humanly possible to do so.

Three judges handled the entry, and the first to tackle the task was Mrs. D. Wylie, Vineland, Ont., and her breeds were disposed of in workwomanlike fashion that was a pleasure to observe. Mr. Frank E. Blakely, Buffalo, N.Y., had Bostons—the feature entry of the show—and several other breeds, and he also gave a good account of his stewardship under distracting circumstances—a gentleman with a very pleasing ring deportment and a clean-cut and pronounced ability to handle the breeds that were allocated to him. Dr. John Lehner, Pittsburgh, Pa., was the all-rounder, and, whilst we have never been able to see Dr. Lehner as an all-rounder, we were prepared to retain an open mind in the matter, rather than to do him any injustice. At that, we believe that if he had been left alone with his work he would possibly have created a better impression for himself with the exhibitors generally, but the distraction of an altogether unpardonable interference from the show superintendent obviously had the Doctor rattled, and his work suffered in consequence. So loud-spoken and so glaringly noticeable was this interference that a resentful ringside was apparently ready to take sides with anyone who would make the first move to protect the dignity of the judicial role. If Dr. Lehner had been built of sterner stuff—if he had been a Blakely, for instance—he would—should—have insisted on freeing himself from the unjust interference. As it was, it appeared to the ringside that the superintendent was placing the dogs in some instances and the judge was handing the ribbons out. Accordingly a most distressing situation for all concerned, but especially for Dr. Lehner. We never hope to see anything just similar to it again as long as we live. What otherwise would have been an ideal fixture was marred as we have described. Mr. Charles G. Hopton, New York, was superintendent, and he now knows that Canadian fanciers are altogether too broad-minded to tolerate unwarranted interference with the work of their show judges. And all we can say in extenuation for him is that he, being an expert judge himself and being of a peculiarly excitable disposition, was unable to control himself, much to the detriment of the work of the all-round judge. The judging of the important bulldog entry in a corner altogether inadequate for the purpose and at a late evening hour that was to be followed by an

idle forenoon cannot be overlooked, and Dr. Lehner, as he stumbled across pegs and ropes, certainly had the writer's sympathy, and no doubt had the sympathy of the ringside. By this time the judge and the bulldog exhibitors will have asked themselves the question, "Why did WE allow it to happen?"

The show was a real quality little show and a pleasure to attend. The fly in the ointment being a superintendent who was glaringly inconsiderate of the rights of others, unintentional, perhaps, but conspicuously prominent, and we hope we will never witness its recurrence anywhere.

All Terrier Club of Canada Show

(With critique special to Kennel and Bench by Mr. A. P. Mutchmor, Winnipeg.)

AS I SAW THEM

I hope that the readers of this, as well as the owners of the dogs mentioned, to say nothing of my very good friend and clean sportsman, Alec MacKidd, the judge, will accept this in the same spirit in which it is written. I never think that the observer, with a seat at the rail, has the same opportunity of inspection as the first man in the ring, and whose privilege it is to handle the dogs, hence my starting this with "As I Saw Them." If I am wrong in my criticism, just blame it on my eyesight, and, above all, remember that it is only my opinion I am advancing, and I am none too fond of that myself, at times.

Airedales.

The largest entry, but quality not in proportion.

Puppy dogs: First, Ambleside Authority, rather on the small side, lacking in substance, poor expression, but quite the best of the very ordinary lot; second and third, fair.

Novice dogs: Ambleside Authority; second, Jack's Maple Zip; a young dog of good size, needs filling out, a little plain in fore face, inclined to show a roach back; third, Chatrick Maxim Authority, too big, and course all over.

Limit dogs: First, Deveronside Dictator. I like this one; not bad any place; looking much better than at the Fort Garry show, where he was winners dogs (Ambleside Authority not there); seems to settle a trifle into his shoulders, but I take it that this could be prevented if the dog was watched by his handler. He certainly gave one flash in this class as to how he can show and improve his shoulders, a hint that should have been taken advantage of by his handler; down fit and condition the best. Second, Aric Duc de Guise; good in shape of head and front and shows well, with a very light eye, and bad in color, inclined to be flat in sides; he beats third—Ambleside Craftsman—on the small side, but well up.

Open dogs: First, Ambleside Authority; second, Deveronside Dictator; third, Jack's Maple Zip, and which decided winners dogs to Ambleside Authority; reserve to Deveronside Dictator. I could not follow the judge here, and think that Dictator had shown sufficient quality and ring manners to have outdistanced all that I had seen so far.

Junior dogs brought out the next new one, the class being placed: 1, Jack's Maple Zip; 2, Chatrick Buster, a fair one.

Puppy bitches: First, Aric Stylish; good head, front, legs and feet; could improve in body; good length of neck; not in good shape; eyes looking sore and showing lame. If the owner of this bitch can get her eyes right she will take a lot of beating. Second, Chatrick Victoria; not nearly of the same quality as first bitch.

Novice bitches: First, Chatrick Blue Bird, beating (second) Aric Stylish, back for lameness and condition; third, Harnside Faith, just an Airedale.

Open bitches: First, Chatrick Leeward Maid; a real, sound, good-fronted and bodied Airedale, built much on the lines of the reserve winners dog but lacking the real Airedale expression; down fit and in good condition, but, unfortunately, carrying her usual sour expression and which, in my opinion, is the most serious fault to this bitch, but showing better than I have seen her on former occasions. This sour expression seems to be more of a habit than a permanent fault, as I have since seen her in the owner's yard and Jack Fletcher got her to make one flash in the open class at the Fort Garry show, and on both these occasions the expression was all that could be desired. On the day she is by far the best bitch, and, very justly, gets winners. The other classes brought out nothing new of very great merit. Best Airedale in show brought in Ch. Martley Squire (only in for specials) and which he won, with lots to spare. He is a real one and improving. In the best of condition and looking fit, he has almost everything that an Airedale wants, and, with a darker eye and a trifle longer neck, it would be impossible to criticize him severely. Compare him with the best you have ever seen and he will stand up favorably with any of them.

Bull Terriers.

Just two in, and only fair.

Wire-haired Fox Terriers.

A good showing and lots of quality.

Puppy dogs: First, Tayside Chieftain, alone; wrong in ear carriage, large in eye, bad feet (too big), and a little shelly in body, but may fill up as he gets older. I can only criticize him as I see him on the day, as he is at an age that is not a favorable one, and is only in the making.

Novice Dogs: First, Ca' Canny of Wirewood; a very trappy one, of the correct size; a little plain in head and could have been improved in neck, on which he apparently had a full coat; nice body, good legs and feet, and shows well. Second, Tynedale Toby; not so good, but better than third.

Gatineau Hills Scout, wide in front, loaded in shoulder and not fit.

Limit dogs: Woodhall Jack; big enough, his short body emphasizing his height; could improve in skull, but good in neck and shoulder; perfect front; good, hard bone, splendid feet, well-sprung rib; a little too much arch over the loin, which robs him of a level back and gives him an appearance of a low set on of stern; he handles hard in coat, well put together, sound, and better than he looks; show well, and when properly conditioned, down fit, he will always be well up.

Open and winners dogs to Woodhall Jack.

Puppy Bitches: First, Ormsby Rose of Paris (I'll bet "Scotty" Kynoch never named this one); nice head, perfect eye, good coat, but, owing to her timidity, does not bring out her good points; of a good size and will, no doubt, improve as she matures. Second, Antrim Ileen; not so well made and lacks maturity. Third, Baby's Own of Wirewood; well up.

Novice bitches: First, Prairie More Trouble; a game one, good all over, but not quite ready, nosing out (second) Ormsby Rose of Paris by gameness and showing, and both beating (third) Prairie Sting, lacking quality of first two.

Limit bitches: First, Tynedale Flip; a good shower; could improve in ear carriage; soft in coat and long cast, and not well prepared. Second, Gatineau Hills Wychery, well up. Third, Gay Spitfire; a fair one.

Open bitches: First, Gatineau Hills Trixie; a good headed, well mannered, stylish shower, of the correct size and good all over; has improved very much in hind action since I last saw her; she beats (second) Prairie More Trouble quite handily, both over (third) Gatineau Hills Squaw, not in shape.

Winners bitches: Gatineau Hills Trixie, well deserved.

Reserve winners: Tynedale Flip, lucky to beat out Prairie More Trouble, which I prefer.

Best specimen: Woodhall Jack, with Gatineau Hills Trixie well up.

Smooth Fox Terriers.

Not a large class, but some good quality.

Puppy dogs: First, Prairie Specs; a nice size and looks a game one; we should hear from him later on, as he will improve with age; lots of bone, sound and good in legs and feet; much better than (second) Prairie Mac, and which he beats all over.

Limit dogs: First, Prairie Bendigo;

I never liked this one, and have not changed my opinion; he has an exceptionally long head (with the usual accompanying long back) and a good eye; this is about all; neck and shoulders do not combine; large in ear; a little cheeky, wide in front, bad feet (splay), slack in loin; not so well ring mannered as (second) Prairie Specs, and which I much prefer.

Open dogs: 1, Prairie Bendigo; 2, Sutton's Gwynne Darrell, which I make much better in every way; a nice size and good all over.

Winners dogs: Prairie Bendigo.

Reserve: Sutton's Gwynne Darrell. From my viewpoint I would have placed them: Winners, Sutton's Gwynne Darrell; reserve, Prairie Specs.

Puppy bitches: L. Sutton's Dusky Widow, all alone; nice all over and in novice bitches beats (second) Prairie Minx quite handily.

Open bitches: Sutton's Village Maid; the best of the smooth in bitches and justly winners.

Best specimen: Sutton's Village Maid, beating the winners dog, Prairie Bendigo, in every way. I much prefer the reserve winners dog, Sutton's Gwynne Darrell, to any of the smooths and would have made him best specimen without any hesitation.

Irish Terriers.

A small showing, but quality much better than we have been getting in this city for some years.

Puppy dogs: First, Erinville Barney; a little raw, but will improve.

Novice dogs: First, Barney Muldoon, showing better than we last saw him; nice size; lots of bone, good legs and feet; good, hard coat; will improve with ring manners.

Limit dogs: First, Ruff; a big one and much larger than I like them at seven months; in better condition than at Fort Garry show, and where he was reserve winners (winners not here); a long, lean head, narrow between ears, which he carries well, and, with the exception of there being too much of him, goes over, on the day. Second, Barney Muldoon; not showing as he might, and both beating their sire (third), Harlem Bridegroom, proving himself a better sire than a show dog.

Winners dogs and reserve the same.

Puppy bitches: First, Erinville Nora; not quite ready but showing class, and in novice bitches winning handily over (second) Dominion Buddy and (third) Glenore Fairy, both fair.

Limit bitches brought out a real good one in (first) Kate O'Shane and quite the best Irishman we have seen. I make her just a trifle large, but rather like her wheaten color. A nice,

clean, long, flat skull, good between the ears, which she carries much better in the ring than on the bench; clean in neck and shoulders, good front legs and feet; body of good proportion, nice depth of rib, and winning easily from (two) Erinville Nora and (third) Dominion Buddy.

Open bitches, a repeat; winners and reserve following likewise.

Boston Terriers.

A large entry but the usual large classification made the classes small.

Puppy dogs: First, Winchester Dazzler; quite the best of this class; could improve in muzzle and pasterns and would like him a trifle shorter in body, but with all this will take an awful good puppy to stop him, and he stands out over (second) Cromwell Turk.

Open dogs, under 15: First, Kerr's Invader; well known and deserving of better competition, with (second) Cromwell Turk making the class.

Open dogs, 15 to 20: First, Sigourney King Tut, the Minneapolis entry; would like him squarer in skull above the eye and the eye darker in color; a little heavy in lip; pasterns none too strong and feet inclined to turn out; a little chunky in body, which is long enough, and would like him a little more cut up in the flank. He was made winners dogs, with Winchester Dazzler reserve.

Puppy bitches: First, Lady; a fair bitch, better in body than (second) Trapstok Flapper.

Canadian-bred bitches: First, Kerr's Little Countess; not good in front; inclined to sway back; I much prefer (second) Nation's Dream Baby, and which I think quite the best headed Boston here, standing a little narrow in front but with the best of legs and feet, a good mover, and shown well; down fit and in good condition, cut up a little too much in the flank, but otherwise well balanced.

Winners bitches: Kerr's Little Countess. Reserve: Lady. I could not follow this decision. If there was a doubt in the Canadian-bred bitches, which I cannot see, I cannot find where Nation's Day Dream can be penalized sufficiently to fail, at least, reserve winners.

Best specimen to Sigourney King Tut. Best Canadian-bred to Winchester Dazzler.

Scottish Terriers.

All to Betty McGraw, a nice little Scotty from whom we will hear later.

Scalyham.

Just one in and a new breed here. This a good one and recently imported.

The variety classes were poorly supported. Grand championship to Sigourney King Tut. Reserve to Ch. Martley Squire. This did not appeal

to me. I think the Airedale a much better Airedale than the Boston is a Boston. However, there is never much of an argument in a special of this nature. It is an unfair one and should not be encouraged.

As secretary of the club, I feel that the thanks of the club are due to those members and fanciers who so freely responded to the request for dogs and who were largely instrumental in helping to make the show the success it was. As is usually the case, the work falls on the shoulders of a few, and it is a regrettable fact that the fault-finding or most severe criticism does not come from that few. But still we linger on. "Scotty" Kynoch, "Tommy" Murray, "Bill" Chadderton and "Jim" Johnson undertook the arrangement of and putting up the benching, and the work was so well done that they were unanimously allowed to take it down on the following Monday evening. Alex. MacKidd was given the huge job of judging all classes, and it was really beyond the powers of one man to finish the classes on schedule time, but he stuck to it in his usual careful manner, and, although the closing hour was somewhat late, everything was done to the last special.

"Tommy" Murray acted as ring steward in his usual capable manner, getting the classes in without delay, and which is always a big factor in not allowing things to drag. The show was a success financially, and the treasury of the club will be richer by about \$75. A. P. MUTCHMOR.

PEDIGREE UNKNOWN? "WITTY" TELLS ONE

This is the story of the big one that did not get away.

After a poor day's fishing, owing to the heavy rain on Sunday, Witty Warren was about to quit, when he cast his flies on some shallow water in a small river near Ivy Station, in the St. Agathe district.

Bang! Splash! Strike! And the battle was on.

At this moment the position was as follows: Witty was alone, his friends out of calling distance, no landing net, a light rod, a slender cast and fly, and several small bushes between him and the water, with four pounds of fighting fury on the other end of the line.

Slowly, but fighting all the way, he guided his fish up stream to a small inlet, and into this he steered him, and then Witty promptly sat down in the opening, thus shutting off all chance of escape and incidentally putting the good old saying, "Fisherman's luck, wet pants and no fish," to shame.

The fish was found to be an unusual specimen. It was not a grey trout, as it had red spots, brilliant like the colors of a butterfly, and it was not a red trout, as it had a brown belly and the ground color all over was brown. Its head was not the usual head of a trout. It weighed nearly four pounds and measured twenty-two inches.

Witty brought it to the Star office, hoping some of the piscatorial experts could identify it, but so far no one can say what it is.

It looks now as if it must go into Witty's fishing diary as pedigree unknown.

We do not relish the ignorance of our good friend "Witty," nor of the members of the Montreal Daily Star's piscatorial department, and invite our readers who have Isaac Walton inclinations to tell us just what kind of a "kipper" it was that took the crease out of "Witty" Warren's trousers.

SHEPHERD PUPPIES

Of Outstanding Quality

The sire is "Alf von Minkwitz" (imported from Germany), a son of "Alex von Westfalenheim," recognized as the most famous dog in Germany and champion of his breed. Incidentally the sire is a litter brother of the well-known and popular movie dog "Peter the Great."

The dam is "Pola von Havelgau" (imported from Germany), a classy little dog and a wonderful mother. She is also out of the "Westfalenheim" strain. Needless to say, the puppies are bred in the purple and are strong and sturdy.

The entire litter is black; some have grey markings on legs and some wholly black.

If You Want a Real Alsatian

Don't overlook this opportunity. The puppies are for sale at a reasonable price. Official registration papers in purchasers' names will be given with each puppy sold. The litter consists of five males and one female, and the dam is two and a half years old.

A SEXTETTE OF NOTABLE FANCIERS WHO ARE ON SICK LEAVE

We regret that life is not an evenner and a smoother avenue than it is for some of our members. Mr. Joseph Russell, our President, is again very ill, and in spite of skilled aid he does not seem to make much headway. Mr. Russell greatly appreciates the many messages of good will and friendship that come from over a vast area, and takes this opportunity to say "Howdy, folks, I'll soon be all right again."

Mr. Jack W. Bruce, Toronto, well known to the Pomeranian fancy as the party who aids and abets Mrs. J. W. Bruce, of the noted Melbourne Pomeranian Kennels, in all her lawful undertakings, and a 1924 director of the old C.K.C., has been a visitor at Vancouver since the early spring, and who is now resting at Banff, Alberta, has broken the long silence and sent us a newsy letter from Banff dated June 16th. The letter is breezy and cheerful a la Jack W. Bruce, but still we realize that he is still far from being well yet.

Mr. H. M. Jackson, Toronto, is still another sincere fancier who is not out amongst the boys as per his usual custom, and his genial companionship is indeed missed. Hurry up, H. M., and call around soon.

Mr. Bert Swan, Oakville, has been missed from our recent dog shows, and one has to answer many questions for friends who quickly note his absence. As we go to press we are cheered with the intelligence that he will soon be around again and toting his charges to the shows.

Mrs. W. C. Ingram's many admirers will regret to learn that their old friend is not making very much headway in her illness. While the shows are running full steam ahead don't let us forget those with whom we were always glad to meet around the benches and who are now confined to beds of sickness whilst we are still allowed to continue our pleasure. We do hope to see these dyed-in-the-wool fanciers around again soon.

Mr. Ben Finnie, Toronto, who for years has helped to keep the Bloodhound to the fore, and who still has a good one that he dotes on, is far from being a well man, and he has been under the weather for altogether too long, like the other fanciers mentioned in this sick report.

PICCADILLY VICTORIOUS

Winning English Bulldog at Stud

PICCADILLY VICTORIOUS C.K.C.S.B. 34042

STUD FEE\$25.00

Notice the very excellent head proportions, the good body lines and the compactness of build, the neat and definite roach. These are the grand qualities of Piccadilly Victorious that "Tommy" Grisdale—Dean of Gotham—found predominant when he awarded this dog four silver cups and six other special prizes at the Bulldog Breeders Association's Specialty Show on May 25th.

The breeders of Canada have shown their appreciation of him by the record demand they have made on his services. Exceptionally massive head, real "sour mug" and, we believe, the heaviest boned dog at stud in Canada today. He is surrounded by winners in his own family. A real winning strain. What is of more interest to breeders is the fact that his get won the blue ribbon and two silver cups at the same show. His get also won the blue at Toronto Kennel Club's International Show under Mr. Enno Meyer. While we realize that the best show dog is not always the best stud, still, from a breeder's standpoint, Piccadilly Victorious stands alone.

SPRATT'S FOOD FOR DOGS

"THE BACKBONE OF THE CANINE RACE"

The dog constitution needs a dog diet. Table scraps—toothsome and tasty though they may be—are not only totally unsuitable for the physical requirements of the dog, but are more often than not a direct cause of unfitness. For sixty years SPRATT'S have made dogs and their requirements the subject of continual observation and research; and to-day for every dog, old or young, healthy or sick, there is a Spratt's Food guaranteed to suit exactly his requirements.

BELOW WE LIST AND DESCRIBE SOME OF SPRATT'S FOODS AND REMEDIES REGULARLY STOCKED
(Prices Subject to Market Changes)

Spratt's Food for Pups.

6816 Meat-Fibrine Puppy Biscuits—A complete and perfect food for puppies from weaning time onwards, and for small breeds as a regular food instead of Spratt's larger Dog Cakes. \$16.25 per 100 lbs.; \$8.40 per 50 lbs.; \$4.50 per 25 lbs.; \$1.85 per 10 lbs.; 95c. per 5 lbs.; 50c. per 2½ lbs.; 22c. per lb.

6828 "Pupillac"—Dried full-cream milk. A perfect substitute for the milk of the bitch; for rearing orphan puppies, for weaning time, for the bitch just before and after whelping, and for ailing dogs in sickness or convalescence. Valuable as a food for cats and kittens. In airtight tins. Each, \$1.00.

6824 Malted Puppy Food—For puppies that are weak and without stamina; tempting to shy and dainty feeders. Price in tins, 55c.

6830 Plain Puppy Meal—Should be used during, and for a short time after the weaning period; is a great aid in ensuring vigorous, well-developed puppies; extremely valuable also for old dogs unable to tackle the hard biscuits. 100-lb. box, \$16.75; 50-lb. box, \$8.50; 25-lb. box, \$4.50; 10-lb. pkg., \$1.85; 5-lb. pkg., 95c.

6827 Pepsinated Puppy Meal—For Delicate Puppies—Should be used instead of Spratt's Plain Puppy Meal for puppies with weak digestion; is extremely assimilative and will make most unpromising youngsters thrive. In tins, 55c.

6833 Bone Meal for Puppies—A great preventative of early weakness in growing puppies; contains all the elements needed to ensure vigorous frame; prepared in a form for easy mixing with the staple food or with Spratt's Chemical Food (see list of remedies). 100-lb. box, \$11.75; 10-lb. package, 95c. each.

Spratt's Toilet Requisites for Dogs

No. 1 Dog Soap—Prepared especially for coat and skin condition; used all over the world by exhibitors in preparing their dogs for show; prevents scurf, mange and other parasitic affections. Lathers freely. Per cake, 30c.

"Fomo"—A liquid shampoo; slightly wet the dog's coat and sprinkle on a few drops of "Fomo," and instantaneous thick lather results; largely used by exhibitors; good also for children for nursery toilet use. Per bottle, 60c.

Dry Cleaning Powder—Preferred by a large number of dog owners for the winter cleaning of their dogs; needs just to be rubbed in and brushed out of the coat. Package, 35c.

Special Canister Brushes—For use with Spratt's Dry Cleaning Powder. The powder is placed in a small canister attached to the brush and perforations near the bristles allow it to shake out into the coat as the brushing is done. Each, \$1.50.

Spratt's Specials for Dogs.

Pet-Rodnim—A finer grade of Rodnim produced specially for small dogs and toy pets. \$17.00 per 100 lbs., \$8.65 per 50 lbs., \$4.75 per 25 lbs.

"Weetmeet"—A Meat-Fibrine-Biscuit Meal of particular value for Bulldogs. \$17.00 per 100 lbs., \$8.65 per 50 lbs., \$4.75 per 25 lbs.

6811 Fibo—A unique dog food containing in addition to Spratt's world-famous Meat-Fibrine, pure yolk of egg; is very tasty, and for shy or dainty feeders offers an excellent method of bringing them on to a rational dog diet; a very nutritious meal for delicate dogs and puppies; can be given either dry or soaked. \$16.75 per 100 lbs., \$8.65 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6813 Charcoal Biscuits—These biscuits are quite easily edible; the charcoal absorbs impure gases in stomach and intestines, and acts as a corrective of internal ailments, fetid breath, etc. One charcoal biscuit regularly each week will be found an excellent preventative of canine ills. In tins, \$1.00.

6807 Tasteless Aperient Biscuits—Offer a simple method of administering periodic doses of aperient medicine. Dogs eat them readily and without coaxing. Per package, 90c.

We also stock a very complete line of Spratt's Dog Requisites, including Steel and Stripping Combs, Curry Comb Brushes, Wire and Bristle Brushes, Dog Gloves, Dog Diapers, Leads, etc.

Spratt's Food for Dogs.

6800 Meat-Fibrine Dog Cakes—For sixty years the standard dog food; used by leading breeders and at shows throughout the world; should preferably be given dry, not soaked, as their being gnawed compels a copious flow of saliva in the dog's mouth which, being mixed with the food before it enters the stomach, materially assists digestion. These cakes keep the dog's teeth and gums in fine condition. \$15.50 per 100 lbs., \$8.10 per 50 lbs., \$4.20 per 25 lbs., \$1.70 per 10 lbs., 90c. per 5 lbs., 45c. per 2½ lbs., 1 lb. 20c.

Terrier Biscuits—A Meat-Fibrine Biscuit prepared especially to be the staple diet of the hardy but small terrier class; \$16.25 per 100 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6804 Cod Liver Oil Cakes—Extremely valuable aid to convalescence of sick dogs, for old dogs, and for puppies not making due progress; dogs eat them without coaxing. \$16.25 per 100 lbs., \$8.50 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6826 Ovals—The Pocket Dog Biscuit—A small Meat-Fibrine Dog Biscuit, suitable as a staple diet for small dogs and toys, and to be carried in the pocket as an occasional snack when on a ramble with the dog. \$17.00 per 100 lbs., \$9.00 per 50 lbs., \$4.75 per 25 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs.

6812 Rodnim Meal—The twice-a-week change from the hard biscuit diet. RODNIM can be given dry, soaked in water, broth or gravy, or mixed with boiled chopped green vegetables; a fine food for old dogs whose teeth are out of condition. \$16.25 per 100 lbs., \$8.50 per 50 lbs., \$4.50 per 25 lbs., \$1.85 per 10 lbs., 95c. per 5 lbs., 50c. per 2½-lb. package.

The wolf and the Dog

WOLF—the enemy of man. A creature of the wilds—carnivorous, cruel; fighting a hard battle in the struggle for existence, where life depends solely on cunning and endurance.

DOG—man's friend. A loyal, trusting, "one-man" pal, setting an example in true comradeship that humanity would do well to follow. This is what civilization has done for the wolf.

Yet the dog of to-day retains in a modified form one primeval characteristic. He needs meat—but in a form suited to the modern conditions of his keeping. Cereals have been introduced into the diet of the dog—they curb his lust for flesh, keep his breath sweet and his system healthy. The civilized dog needs vegetable matter.

The one series of foods that contain in the right proportion the exact meat and cereal ingredients for maintaining doggy health and stamina are—
