DIRECTORS' MEETING

The next meeting of the Board of Directors of the Canadian Kennel Club, Inc., will be held in the board-room at the Canadian Kennel Club offices, 25 Melinda Street, Toronto, on Thursday evening, October 21st, 1926, commencing at 8 o'clock sharp.

MEETING OF THE BOARD OF DIRECTORS OF THE CANADIAN KENNEL CLUB, INC.

The postponed regular monthly meeting of the Board of Directors of the Canadian Kennel Club, Inc., was held at the Club's Offices, 25 Melinda Street, Toronto, on Monday evening, September 20th, 1926, at 8 o'clock p.m. (Meeting postponed from Thursday, September 16th, on account of London and Peterborough Shows.—Ed). President Lieut.-Col. G. F. McFarland presiding. Directors present were: — Brig.-Gen. C. M. Nelles, Lieut.-Col. J. N. McRae, Capt. W. Smith and Messrs. N. K. Swire, H. Clayton, Reg. P. Sparkes, V. G. Perry, Wm. R. Aitken. (Director J. W. Bruce was in Montreal on business).

The President said that before proceeding with the business on the agenda, he wished to refer to the visit made to Canadian Kennel Club members in Western Canada by the Secretary. From correspondence he —the President—had received, he was satisfied that the greatest venture ever attempted by the Club since incorporation had been accomplished.

A decided step forward had been taken. Certain grievances had been known to exist and no effort had been specifically made to remove them until Mr. Strachan had gone in person to meet the Western fanciers. No doubt the Canadian Kennel Club had been placed on a higher plane as a result of the Secretary's visit.

The President expressed his pleasure in welcoming the Directors back to the Club's business after the summer vacation, and his delight in meeting such a large attendance at the first meeting after the holidays.

The minutes of the previous meeting were read, and on motion were declared adopted.

A letter from Director Mr. J. W. Bruce was read expressing regret for his absence, and saying that Kennel and Bench Committee had not met since the last interim report had been made. Mr. Sparkes advised the meeting that, with the exception of one day, he had always been available to meet Mr. Bruce. After cinsiderable discussion, it was regularly moved, seconded and carried:—

"That the President call a special meeting of the Board of Directors immediately after the report of the Kennel and Bench Committee had been received."

The Secretary was instructed to write Mr. Bruce and secure a specific date for the meeting of the Committee, and to ascertain when the report would be available.

The Secretary reported on his visit to Western Canada as follows:

"Mr. Chairman and Members of the Board of Directors:

"Reporting on my official visit to our members at Winnipeg and right through to Nanaimo is a real pleasure to me, and to you gentlemen receiving the report I trust that you will appreciate its importance to the Canadian Kennel Club. All through the Western cities your representative was warmly received and royally entertained, and whilst I would not wish to be asked to say which point showed most enthusiasm, I must be fair to the cities of Winnipeg, Edmonton, Regina, Saskatoon and Vancouver, where specially arranged programmes had been prepared and were carried out. At every point touched I was able to meet the members at special meetings excepting Moose Jaw and Calgary.

"I am satisfied that the proposed changes to the Constitution which formed the backbone of my talks in Western Canada was the key that opened wide the Western gates to me. So I trust that not only the proposed means of contact will—not only materialize fully—but that even measures of a still closer contact may

soon become possible. The Western members, as I left them, are a warm-hearted, enthusiastic lot of fanciers and worthy of every encouragement. The lack of representation at headquarters was the major bone of contention with them, and there was a shoal of minor ones too, record of those I have made separate from this report.

"Banquets were tendered to me at Winnipeg, Edmonton and Vancouver. Presentations were made to me at Winnipeg (several) and at Vancouver. A demand for periodical visitations from Head Office was appealed for throughout my visit.

"I must pay tribute to our good member, Mrs. F. E. Trautman of Winnipeg. He surely made my visit most interesting through a special arrangement of his own that was a real pleasure to me. Through this arrangement I actually met every city agent of the Dominion Express Company all over the Canadian Pacific Railway in Western Canada.

"A record was made when I went back from Winnipeg to Prince Albert to attend the first show given by the Prince Albert Kennel Club, a total mileage of 1,700 odd miles. The show was one of only 95 dogs benched. It was a long trudge back, at a time when I had thought that I was headed for home. I was and still am glad that I went, and I know that my visit will bear fruit there too.

"All in all I just want to say that in my judgment, and in that judgment I am corroborated by all our Provincial Directors and resolutions made by many of the Clubs I visited, that the visit will bear fruit beyond all expectations of the Canadian Kennel Club. The visit cost $807, and I hope that in the days to come this expenditure will be vindicated by the results which I hope will follow in the wake of my visit.

"I love the Western members and will at all times stand prepared to look after their interests in the same ratio as I do the interests of our members nearer home. Of course I have always done that in the past, only they did not know it, could not realize that it was possible. Now they know that they are known and they are confident and happy with their membership in the Canadian Kennel Club.

"In closing I must pay tribute to Mr. Geo. Kynoch, who was with me all over the Western tour, excepting Prince Albert. He attended many meetings with me, even to Victoria, Duncan and Nanaimo. Also to Dr. T. E. Sleeth, who was tireless in his efforts to look after my comfort and happiness during my long visit in Vancouver. To Mr. Alex. McCloy, who was Chairman at the Members' Meeting at Vancouver and the meetings at Victoria, Duncan and Nanaimo. To everyone in general—as everyone I met was most enthusiastic for the Canadian Kennel Club, and extremely kind to its representative, who, I am happy to say, was myself.

"Some of the problems that I made a note of I will briefly refer to. I have them noted under the name of the Province in which they came before me. Licensing system for judges. Cheap champions. Raising the number of points required to complete championships. Competition compulsory to secure Winners ribbons. Abolition of special winners privileges for Cocker Spaniels, with only winners for Cockers, dogs and for bitches. Label buttons for Canadian Kennel Club members which will show by the date, good standing. Approaching Railway Commission for reduced rates of express-age on dogs. Retention of names of dogs registered with the Canadian Kennel Club after such dogs have been exported from Canada. A more sane and generous service of the necessary forms essential to registration and transfer. Recognition of Field Dog Stud Book. Branch Office of the Canadian Kennel Club in Western Canada. Proper separation and distinctive classification of the several sections of dogs, for example: Is a terrier a sporting dog within the meaning of the Canadian Kennel Club's Dog Show Rules? Compulsory surrender to the Live Stock Records Office of all certificates of registration for dogs that die, or are now dead. Periodical visitations to Western Provinces by accredited officials of the Canadian Kennel Club. Make sure of the passing of the proposed amendments to the Constitution as mentioned by the Secretary, i.e., Provincial Committees, Proxy Voting, Bringing Provincial Directors to Annual General Meetings. Appointment of a Field Man to represent the Canadian Kennel Club in the Dominion. More rigid control over Dog Show Executives by making it compulsory for the proper entry fee to be collected for every dog entered at a show wherever held. Consider popularizing insurance in connection with dogs. Penalizing of judges where lack of knowledge has become apparent.

"These were all matters that were brought to my notice when I called for a hearing of our members' problems, and I am satisfied to convey them to this Board for your attention."

The Secretary's report was favorably received and the matter of considering the various items was left in the hands of the President and Secretary for their attention.

The Secretary read the Commissioner's report on the hearing of the Meadows-Wilds' complaint, which showed that all parties to the dispute had appeared before Commissioner F. G. T. Lucas at Vancouver, B.C., on June 30th, 1926, and again on July 2nd, 1926. The principals being represented by their respective attorneys, who were advised regarding the hearing of the evidence and manner of cross-examinations.

The position of the Canadian Kennel Club was explained as follows:

> "Our position, as between Mr. Meadows and Mrs. Wilds must of course be kept, and it will be kept, absolutely impartial."
>
> "The sole interest of the Canadian Kennel Club in the case is to see that the purity of its breeding records are kept up to the standard, and that no imposition is put on the public."

After hearing the Commissioner's report read, it was regularly moved, seconded and carried, "That Mr. Frederick Wilds, Vancouver, B.C., be suspended from the privileges of the Canadian Kennel Club, Inc., for the period of five years from this date."

The Secretary presented the following accounts for ratification:

WITH THE GERMAN SHEPHERD DOGS AT NEW YORK SPECIALTY SHOW.

To see a real, honest-to-goodness specialty show and to imagine that you have seen one are two vastly different matters altogether, but to see a specialty show where 230 shepherd dogs are benched, many of them the cream of the whole world of shepherds, some of them from Canada, and all being judged by Dr. Curt Roesebeck, of Hanover, Germany, chairman of kennel affairs in his own country and chief surgeon of the Hanover City Hospital, is to see the very best the breed has to offer, and it was the writer's privilege to visit this show, which was held at the 104th Field Artillery Armory, New York City, on September 25th and 26th. Indeed it was a liberal education besides being a privilege.

In keeping with this important fixture, prizes of cash, gold and silver were plentiful and substantial, but the feature prizes were the two solid silver cups, "The Von Stephanitz World Prize" for dogs, and "The Von Stephanitz World Prize" for bitches, entered in international competition. These cups were especially designed and made by Black, Starr & Frost, New York. The awards, which we will give later, will be an inspiration to Canadian breeders.

Canada generaly and Toronto particularly, should be delighted with the showing made at this all-important fixture, because in the first regular class, Novice Dogs, in which forty shepherds faced the judge and gave him a job that kept him busy for well over an hour, two Toronto dogs were placed in the front of the parade, a place they held throughout the long, severe testing period, and in the end received the rich cash prizes that were offered. The two dogs were none other than Alf. Loveridge's well-known dog Ch. Alpha Von Krone and Mrs. Alf. Loveridge's Ch. Iso von Bergholtz, placed as written. In the limit class for dogs, Ch. Alpha Von Krone was placed 4th in a class of 29, many of which were considered to be Germany's most important exports, and in this strenuous grind it was noticed that the Toronto winner was under a severe strain, and this circumstance was noted by Dr. Roesebeck.

Canada had two other days entered, and whilst both were beautiful specimens, they found the competition so exceedingly keen that they were obliged to stay out of the money, and just how high they were rated must be merely guessed at until Dr. Roesebeck's report is available, and Kennel & Bench has been favored by the promise of a full report through the courtesy of The Shepherd Dog Club of America The other dogs present were C. Van Camp's (Montreal) Dago von St. Laurentius and W. T. Munn's (Toronto) Adda Hergerslust.

It should be mentioned here that Mr. Loveridge's Ch. Alpha von Krone was awarded the Raymond L. Patterson Trophy (value $150.00) for the best shepherd dog from Canada.

It was an amazingly wonderful show.

THE "VASKI" AND "LABATT" TROPHIES.

These two magnificent trophies have been put up for competition at all breed shows right across Canada from the Atlantic to the Pacific, and are now nearing the end of their course.

The conditions covering these trophies were explicit to a degree, and no fancier can have any difficulty in making his or her claim for them. The only regrettable incident which has crept in regarding them is the matter of the unavoidable postponement of the National Kennel Club Show, where the trophies were to be awarded to the dogs having the winning claims on them. However, that was a contingency that was quite unexpected by the donors and competitors alike. At our suggestion the donors have agreed that the trophies will be handed over to the successful competitors at the Western Ontario Kennel Club Show to be held at London, Ont., on October 13 and 14, 1926, and, according to the conditions governing the trophies, should it so happen that any of the contestants hold an equal number of points on the trophies, their dogs must come before the breed judge, whose decision will be considered final. Competitors are requested to have proof of their claims ready for investigation upon request.

NOMINATING THE OFFICERS FOR 1927

(Excerpts from the Constitution.)

Article 6—Officers:—

1. **President.**—The President shall be nominated and elected in each year previously to the annual meeting of this club by the Members in good standing on the first day of October preceding in the manner hereinafter described.

2. **Vice-President.**—The Vice-President shall be nominated and elected in like manner to and at the same time, as the nomination and election of the President, and in case the President is unable to act on account of illness or absence, perform all the duties of the President.

3. **Second Vice-President.**—The Second Vice-President shall be nominated and elected in a like manner to and at the same time as the nomination and election of the President and Vice-President, and in case the President or Vice-President is unable to act on account of illness or absence, perform all the duties of the President.

4. **Directors.** — Directors shall be nominated and elected in each year previously to the annual meeting of this Club by the members in each respective Province in good standing on the 1st day of October preceding, in the manner hereinafter described, and shall hold office until their successors are elected. Each Province of Canada, except the Provinces of New Brunswick, Nova Scotia and Prince Edward Island, which shall for the purposes of this Club, be considered as one Province and be known as the Maritime Province, shall be entitled to proportionate representation based on the relationship its total membership plus its total number of registrations plus its total number of transfers bears to the total membership of the Club, plus the total number of registrations plus the total number of transfers made by the Club for the year preceding each triennial adjustment and which shall, for the first election, be the year 1923.

Nominations for officers and directors shall be made on the form described in the schedule hereto and shall be signed by at least two members in good standing in the respective Provinces. Nomination papers shall be mailed, postage prepaid, to the Secretary of this Club so as to be received by him on or before the 15th day of November in each year, after which date no nominations will be received.

Election of Officers and Directors shall be in the following manner. The Secretary of this Club shall between the 15th day of November and the 1st day of December in each year send by mail, postage prepaid, to each one of the members of this Club in good standing, resident in each Province respectively, addressed to his last known post office address as on record in the books of the Club a complete list of members of the Club in good standing resident in each Province, together with a voting paper bearing the official seal of the Club and made in the form described in the schedule hereto. A return envelope marked "Ballot" shall accompany each voting paper. Only those ballots shall be counted that are in the hands of the election commisisoners by the 21st day of December next succeeding.

A member in good standing in respect to voting is a member whose membership fee for the current year has been received at the office of the Canadian National Live Stock Records, Ottawa, before the first day of October in the then current year.

A member desiring to vote shall, upon receipt of a voting paper, mark an X opposite the names of those whom he wishes elected, sign the voting paper and return the same by mail to the election commissioners in the official envelope marked "Ballot." Only those voting papers bearing the seal of the Club as aforesaid and which shall be received by the election commissioners on or before the 21st day of December next following shall be counted.

If a member votes for more than one for President his ballot shall not be counted in that respect. The same shall apply if he votes for more than one for Vice-President, or if he votes for more than one for Second Vice-President, or if he votes for more than the number of Directors to which he is entitled to vote.

ANY NAME APPEARING HEREUNDER MAY BE NOMINATED.

NOTICE

Nomination form on next page.

OUR FRONTISPIECE.

Our front page feature for October lends an international atmosphere to this issue. The dog is the now famous International Champion Boston Terrier, Jab's King Tut, and is the property of that splendid sportswoman, Mrs. E. Daley of Detroit, Mich., U.S.A., who is now one of the best known Boston Terrier exhibitors on our Eastern Canada circuits. In justification of this statement, we need but mention the fact that Mrs. Daley has completed two championships for her dogs on this side of the international boundary, and she isn't through with the game yet. The other Boston Terrier of Mrs. Daley's Kennel that we should have liked to see appearing along with Int. Ch. Jab's King Tut on our front cover this month is her sweet little bitch, International Champion Brenda Woods II, taken on the same photograph. The result would have been a wonderful picture.

The shows visited in Canada by Mrs. Daley and her dogs include, in 1925, Toronto Kennel Club (Winners), Western Ontario Kennel Club, Port Stanley (Winners), Western Ontario Kennel Club, Windsor Section (Winners), Canadian National Exhibition, Toronto (Winners), Boston Terrier Club of Toronto (Winners and Reserve Winners), National Kennel Club, Toronto (Winners). The shows held in our circuit for 1926, which has just concluded, will show more successes for Mrs. Daley's string of Bostons. We hope that American fanciers of her type will always do well at our Canadian shows.

VICTORIA CITY KENNEL CLUB SHOW

Special Report to Kennel and Bench by the Judge, Mr. Jack Meadows

THIS show was Victoria City Kennel Club Dog Show, held in Connection with Provincial Exhibition on August 20th and 21st, and what was lacking in quantity was made up in quality.

The show was held in the Horse Show Building, which made an ideal place, and if any criticism could be made, it could only be on the size of the judging ring. But then it is not always a 250-pounder that hands out the ribbons.

Great credit is due to Mr. Alec McCloy, Mr. Harry Dodds and Mr. Angus in the way they kept the classes following on one after another. Mr. Bryant is a hard man to beat as a show secretary, having every detail at his finger-tips. Mrs. Bessonette presented the cups at the end of the show in a manner that looked as if it was not her first experience in that connection. Before coming to the dogs, Mr. Editor, I would like to say a few words regarding Mr. Alec McCloy, and that is this: the British Columbia members of the Canadian Kennel Club should feel proud to think that they have such a fair-minded gentleman and all round good sport at the head of their affairs, and hope that he may be long spared to hold the office as a director of the C.K.C. for British Columbia.

As I said before, it was not a large show, but it was very gratifying to me to have the owners allow me to pass my opinion on such noted specimens as:

(English Bulldogs)—Ch. Sandy McNab, Ch. My Revrie; (Whippets)—Ch. Taffy's Pride, Carabosse; (Peke)—Ch. Chong Yung Shi; (Setter)—Int. Ch. Rackett's Rummy; (Boston)—Ch. Playfair Let's Go, now I believe an international champion; (Smooth Fox Terriers)—the American Ch. Little Girl Gleeful; (Collies)—Ch. Brunswick Bob, also his daughter, Duplex Patricia, a grand Collie bitch; (Parti-Cocker)—Ch. Romans Miss Frolic, Moore's Cameo, a wonderful black Cocker bitch that was best of breed; (Pointers)—Ch. Beauty Special and the two English champion golden Retrievers, Buckingham Lion and Hersham Binuto.

Poms were nearly all out of coat. Winners dogs went to Miss Bradley's orange sable Milesleigh Jackie, who did not make the best of himself when it came to best of breed, and was beaten by a very small black bitch whose name I missed, also its owners. (Miss A. Brown's Black Topsy—Ed.)

Mrs. H. L. Bailey had winners dogs in Pekes, a dog with a very good head and finished off with a beautiful plume he was showing all the time. Reserve winners went to G. L. Stock's Wen Lew Stormat (quite young), and loses to winner in shortness of face and flatness of skull. Mr. Stock's Ockley Pippy accounted for winners bitches with good outline, nice face with the best colored eyes seen for a long time. Ch. Chong Yung Shi still continues to go best of breed and was best Toy with his kennel mate, Ockley Pippy, best opposite sex. Ch. Chong Yung Shi has a wonderful expression, flat skull, good bone, arched neck seldom seen nowadays, and sound mover.

Boston Terriers found Playfair's International Ch. Let's Go at the top—a really wonderful Boston Terrier. This dog has been criticized for having some teeth extracted. This, I believe, has been done to add to appearance, just the same as trimming ears; but stop him for his mouth and he then wins with ease still. P. Ross's Mi-O-Mi was winners bitches, a very taking one, showing all the time. English Bulldogs, age is wanting in the puppy classes. Canadian-bred dogs—Mrs. D. G. Lindrop's Radio Rex first, a big pied dog, sound, but carrying too much flesh, which took all his outline away. Winners dogs—Dr. T. E. Sleeth's White Ambassador, a very much improved dog, put down in wonderful condition. Penfold Iron Duke, reserve winners, lost to the winner everywhere but in roach and left hock. Beamsville Belle was winners bitches, showing in whelp. The real fight came when Ch. Sandy McNab met his half-sister, Ch. My Reverie, for best of breed. The bitch was handled to perfection by Miss Olive Cruickshanks, but not being satisfied with them on the floor, I had them on a table, where I had a better view of their brisket and turn-up of underjaw. I found the dog to have a better turn-up of underjaw, larger nose, wider nostrils, larger skull (which would be expected), thinner ears; also his ears carried closer to his head, much better in expression, also better in brisket. The bitch I made better than the dog in straightness of bone and front legs, shortness of back, and although both could be more tapered behind, the bitch has it on the dog in this connection. The dog wins again in hock, not that the bitch is straight by any means, but the dog has a more pronounced bend. She also showed listless, while the dog made the best of himself. A grand pair of dogs and a hard pair to separate. And before leaving this breed I would like to say that great credit is due to the breeders of these dogs, and by way of a suggestion, I would ask Dr. Sleeth to consider making a picture of Ch. Kingsway Man-O'-War, taken with three of his get by different females, namely, Ch. Sandy McNab, Ch. My Revrie, and Ch. White Ambassador (if he is not a champion by now he should soon be). It would be a wonderful picture to look at in years to come. Kerry Blues had two entries. I made the dog best of breed. Great head and good color, but wants a little more pep. Fox Terriers were not a large entry. Avon Reckoner, winners dogs, showing age. Bitches had the American Ch. Little Girl Gleeful on top, a sweet little bitch, put down in wonderful condition and handled nicely by Joe Dodds. She could do with more substance. The winning wire dog a trifle coarse and full in eye. Tyndale Dancing Girl winners wire bitches. Good coat, short back, good flat skull, wants more length of face, which would give her a better outlook. Scottish Terriers had some very promising youngsters that will be heard from later on. Mr. McCloy handled a sweet little West Highland that won best Terrier, nice expression, got her tail up often enough to show me that she could, has a snow white coat of the proper texture seldom seen when so white. Irish Terriers had Belcourt Beta best of breed. Airedales, nothing outstanding. The reserve winners dog, Robbie Burns, showed the effects of being trimmed too closely on head, neck and shoulders, and therefore paid the penalty. Russian Wolfhounds, a big upstanding dog, too full in eye; the bitch a quality one, shown too fat and on the small size. Shepherd dogs. C. P. Starck's Etzal of Kerrystone, winners dogs; a nice size, almost lost to the winning pup by his ring manners. This dog has improved since I judged him last and I will not be surprised to hear of him completing his championship before long. Best of breed went to Mrs. Jervis's Con-Dors Fraulein of Tannenborst, a very pretty bitch, handled to perfection by Miss L. A. O'Brien, who had her work cut out to get past Mr. A. C. Armour's Jane of Armourdale, a very promising pup who lost on maturity and feet. I predict a great future for Jane. Collies found the entry small but quality good.

—CUT ALONG THIS LINE—

Winners dogs is owned by Mr. Graham, a tri-color, who was beaten for best of breed by Mr. V. O'Brien's Ch. Brunswick Bob, who has a wonderful expression and depth of brisket. He had to gain his turn to win over his daughter, Duplex Patricia, a very sweet tri-color, a little short in coat. She is a wonderful mover, good eye placement and well-filled muzzle. This was another dog that Miss O'Brien got ever ounce out of in the ring.

Moore's Premier Kennels won for best Cocker in show with Moore's Cameo, a truly wonderful bitch, and now that the standard has changed this bitch should soon attain her championship. The same applies to Matlock Kennels' Matlock Billie. What an expression this dog has. Mrs. Roman had everything her way in parti-colors. Ch. Taffy's Pride was best Whippet, with Billy Oates' Carabosse on top in bitches. Setters had a nice display as also had Pointers; some were small, some were large. The Gordon breeders must look to their tan carefully and sincerely.

The English Setter, Int. Ch. Rackett's Rummy, was on exhibition and if possible seems to improve with age. Norman McConnell showed a worthy son of this dog named Rackett's Mosi, who not only topped the lot for best sporting dog in show, but was going strong for best in show, all breeds, which was won by Ch. Sandy McNab (Bulldog), handled by Miss Olive Cruickshanks, who showed him as he was never shown before.

Toy Dogs at Brighton Championship Show

Special report to Kennel and Bench by Mrs. L. C. Raymond-Mallock.

THIS popular South Coast show has come and gone once more like many of its predecessors, but never have we held a better show—and we received such a wonderful entry. Everything ran like clock-work from start to finish, and our hard-working secretary is indeed to be congratulated upon the result of his care and forethought. Toy dogs, as usual, turned up in goodly numbers, and the Pekingese entry of 319 beat all former records, and Miss Heuston assuredly had no easy task to sort out the winners and she had not finished her heavy day's work until late in the afternoon. It is impossible to mention all of the lovely dogs which competed, so I am just going to pick out the principal winners, starting with Pung-Chu of Alderbourne, a black and tan youngster of outstanding merit, who won a first in the puppy class. Woodpot's Ah Chow is another lovely puppy and will go far when matured. Caton Chops Sing won in Tyro, a high quality red whom I much admire, and in Special Limit, Chu-Wen of the Warren, topped the list. First in the graduate went to Haderley, and first Novice to Hubble Bubble. Ch. Remenham See-Mei was voted the best in the Open, and then took the Championship, and Ch. Faraline Yang made a good second. He is smaller and shorter in back than the winner and a lovely type all round, but there is something very irresistible about See-Mei, and I think that his beautiful coat and plume just turned the scales in his favor, in a close decision.

King Charles Spaniels had the next biggest entry in the Toy section, and Miss Evans was careful and painstaking in her awards. Mrs. Richards had the best puppy in Idol (by my own Ashton-More Domino) a lovely little tri-color. He has a big, full skull, glorious eyes, and a delightful figure and showed like a Terrier. He also won in the Beginners' Class (for exhibitors who have never won a prize value £2). Archway Joy was top of the Junior and Graduate classes, a lovely ruby with the shortest of faces, and bright color. Prowett Promise took the blue in Novice, a sweetly pretty tri-color, well broken in markings and very smart all round, and in Graduate (Blenheim or Tri) the good-coated Saucy Boy romped home. In Limit, my own Ashton-More Crusader added another blue to his long list, and in the Open the well-known Ruby Upney Prince was the choice, and later won the Championship. Limit bitches (black and tan or ruby) saw Bromsgrove Pauline at the head of affairs, with her shapely body, good head and A1 expression, and in Open my own Ch. Ashton-More Pandora took the first, and later the Championship for the fair sex.

Pugs were strong and contained some real good ones. Fairlea Antonia came first in Puppy class, and Firework of Broadway was the best in Novice (fawn) class. Merry Onyx, who is well named, is surely a most taking little lady. She won in the Graduate class for fawns, and Dimity Duchess topped a big Special Limit class, one I much admire. Scaramouche of Broadway with his fine head and well-knit figure, romped home in the Special Limit class for blacks. Vedonica of Broadway then came in and ran through the remaining classes to Championship. She is too well-known to need introduction, but I might say that I have never seen her put down in better trim. Hiawatha won the dog Championship—a handsome typical Pug with capital head properties, good twist and extra good eyes.

Pomeranians were disappointing in numbers, though there were plenty of high quality dogs present, and the Puppies were of unusual promise. Miss Wilson's Masterpiece of Dara had a good time of it winning several first and second prizes. He is a glorious colored orange with profuse coat and good all round quality—is sure to go right to the top. Colley Tenacious then came in and won straight through to Championship. He was put down in full bloom and never looked better. Haughty Aristocrat, another topping little dog, must have run the winner very close. He, too, was shown to the minute, and his coat left nothing to be desired. Granta Bob-a-Link was voted the best in the Open class for blacks, and Sunniest Girl won for Open bitches and the Certificate, a very tiny one with the finest of bone and a bright little face, must have been closely pressed by the beautiful orange puppy, Erimus Venus, whose quality is undeniable.

Griffon Bruxellois made a good showing and many lovely dogs were benched. Castlehaven Tails Up headed both classes for Smooths, a lovely little dog with topping foreface and neat figure, not quite clear in color. Pheernort of Austral came first in a big class for Puppies (rough or smooth), and well deserved his place. He scored in all essential points and has the makings of a real good one. Gamma of Fiona annexed the blue in Novice, and in Limit and Open, Erebus was top "dog," though he won with little to spare from Castlehaven Gamecock, a splendid little chap, brimful of quality, well known and well shown. Castlehaven Dream won in a big Limit class for bitches, also in Open, and the Certificate, but I thought her lucky to beat the lovely Rose Marie of Glenwood, whose facial properties are hard to fault. She also boasts a charming figure and the correct texture of coat. Her day is sure to come. I had the pleasure of awarding her two first prizes not long ago.

Japanese Spaniels were disappointing in numbers and most of the ribbons went to Madame Oosterveen's home-bred puppies, her Monamie Michimine winning in the class for Puppy dogs, whilst in Limit, Monamie Michelet took the blue, and in Puppy bitches, Monamie Michemite was voted the best. Sarn of Riu-Gu took a first in Novice, and Ch. Mr. Weejum won in Open and Championship. Miya won in all the bitch classes and then took the Championship. She is a very good type all round, but was shown very short of coat.

CANCELLATIONS.

THE CANADIAN FANCY

By WALTER H. REEVES, Belleville, Ont.

THE reports that have come through from the West of the splendid work accomplished by our genial Secretary and Editor in bringing the West into close co-operation with the East, must indeed be most gratifying, not only to Mr. J. Strachan, but also to the officials of the Canadian Kennel Club.

Conditions out West are so vastly different to those prevailing in the East that no one who has not been out there can realize the stupendous task Mr. Strachan must have had in convincing the Western fancy that the Canadian Kennel Club is not only out to assist the fancy in the East, but the whole of the fancy all over Canada.

Breeders and exhibitors out West must, however, do their share and let us in the East know how things are progressing. Kennel and Bench wants to be representative of the whole fancy and this can only be accomplished with the hearty co-operation of the whole of the Canadian fancy.

More than one exhibitor came to me at Hamilton and complained that Kennel and Bench did not give news of sales, etc. This is not the fault of the Editor, but neglect on the part of breeders and exhibitors in not sending in their kennel news to the journal that was started by the Canadian Kennel Club for the purpose of keeping East and West and the Maritime Provinces in touch with each other.

One hears so much in England of the value placed by Americans and Canadians on publicity, and I don't think in all my travels I have ever seen as much advertising as one sees in America or Canada. The average business man realizes that he has a vast track of country to cover, and the only way he can possibly cover it is to advertise.

MR. J. J. HOLGATE
Doncaster, England.
This picture was taken at Glossop Show on the Pyegrove probably in 1915. The exhibitor showing the blue merle Smooth Collie is the late Mr. Tom Lawson. We are indebted to Mr. James Booth, Moose Jaw, Sask., for the use of the picture.

In England the fancy have realized the value of giving publicity to events in the kennel, and therefore journals there have no difficulty in getting news, but rather to sift out of the volume that pours in each week what should be placed in the editorial columns and what should be handed over to the advertisement department.

The pages that have been set aside by the Editor of Kennel and Bench are just as much to chronicle the events that happen to the one-dog man as they are for the larger kennels. Everyone realizes that Canada has the dogs and the breeders, but it is no good having bred a champion or sold a winner for a substantial figure unless you let the whole fancy know of it, and this can be easily accomplished by just sending the facts, addressed to Walter H. Reeves, Belleville, Ontario, and if you will only do this I promise on my part to see that the news appears.

I have stated so often that Canada has a wonderful chance to share in some of the big prices that are to-day being given for dogs, but you cannot share or have a chance to sell your surplus stock unless you—and I mean you—make use of the business and editorial columns of Kennel and Bench.

A compliment that is thoroughly well deserved is to be paid to the dean of the American fancy, Mr. Harry Lacy, who, ever since he came back to the United States about thirty years ago, has stood out for everything that has been for the good of the fancy. Mr. Lacy, for many years, was one of the most sought after, all round judges in the States or Canada, and I know that his refusal to apply for a judging license was not only a cause of regret to the American Kennel Club, but to the whole fancy.

Mr. Lacy evidently thought his connection as Editor of the American Fancier and Stockkeeper might cause someone to make remarks, but this is so like Mr. Lacy, who, during the whole of his career in the fancy, has always placed the fancy first and himself last.

The Eastern Dog Club have long recognized the unselfish work accomplished by Mr. Lacy and it is a very kindly thought of its members to honor a man who has always stood out for the right. The committee in charge of the dinner are: George S. West, chairman; T. Dickson Smith, secretary; Bayard Tuckerman, Jr., Bayard Warren, G. A. Shaw McKean, W. Prescott Wolcott, and Charles H. Tyler. The dinner is to be given at the Boston Athletic Club on November 5th. It is only natural that as Mr. Lacy has been so long in Boston that the dinner should be given there. Still I, for one, regret that the dinner had not been arranged at Philadelphia, during the time of the American Kennel Club Show. I am sure everyone interested in dogs would like to have had the pleasure of being present at what will always be remembered as one of the most notable dinners ever held by the American fancy.

I am glad to see that the daily press have called attention to the want of a more suitable building for the holding of the dog show at the Toronto Exhibition. The Mail and Empire, in referring to the show, said: "Lack of space in the Dog Building, emphasized by reason of the large entry, was responsible for complaints on the part of many of the exhibitors, and it would seem that additional facilities will have to be provided if the show continues to attract such a big entry."

I hope the daily press, calling attention to the lack of a suitable building, will have the desirable effect, and that the Exhibition authorities will at once take the necessary steps to bring the Dog Show Building up-to-date. It has been felt by exhibitors for years that the old building is far from suitable for holding what many consider the premier dog show in Canada.

I, like many others interested in dogs, regret exceedingly that the National Kennel Club have decided not to hold a

dog show this year, owing to the fact that a suitable building could not be given by the Winter Fair authorities. It will be remembered that the National Kennel Club held their show last year at the St. James Garage, and although fairly successful, the National Kennel Club rightly decided that the show would be vastly more successful if it could be held either in a building at the Winter Fair or in a building more accessible to visitors, at what is becoming one of Toronto's most fashionable events.

The thirty-eighth International Dog Show of the Canadian National Exhibition proved an unqualified success as far as entries were concerned, Messrs. J. J. Holgate, J. Mansfield, J. Anderson and H. Waldron having by no means an easy task to judge the many strong classes that came before them. Of course the major part of the judging was given to the English expert, Mr. J. J. Holgate, who for some quite unaccountable reason did not see eye to eye with many of the exhibitors. It certainly looked, by the awards, as if the man who has made the prefix of Southboro famous all over the world, pleased himself by his placings, and I believe a general shaking up of awards does the game good, especially if it has been done by a man who certainly should know what he is doing. Unfortunately, owing to the weather and the bad state of the roads, although I left Belleville in ample time, as I thought, I did not, however, take into consideration the detours, and therefore when I reached the Exhibition the fun was over, and Mr. Hammond's Bulldog, Regalaunt, had been declared the best dog of all breeds in the show. Going through the breeds, the most outstanding classes that came before Mr. Holgate were Bulldogs, where Mr. Hammond started a series of successes with Regalaunt. Mr. Godson had a couple of useful Bloodhounds competing in Boris and Brutus—both are typical Hounds. They should, on account of their breeding and good looks, certainly serve a double purpose: first of siring some good Hounds, and secondly, of calling attention to this attractive and useful Hound. Russian Wolfhounds were quite one of the features of the show, the Vashi Kennels' upstanding and handsome Int. Champion, Galaroff O'Valley Farm, heading an extremely warm open class, his nearest opponent being the Romanoff Kennels' Russian Czar, a young Hound of much promise Mr. John G. Kent, the deservedly popular manager of the Exhibition, supplied the winner in Greyhounds, Bert Swann handling Ch. Towyside Tarquin with great credit. Pointers and Setters were hardly as numerous as one expects, but the quality made up for the lack of numbers. Mr. and Mrs. J. R. Kennedy were naturally delighted at the success they attained with their Dobermans, Niko Von Nibelungenhort and Mitze Von Thueringen. These two typical Dobermans attracted a deal of attention and I for one should not be surprised to see this variety having a thoroughly well deserved boom. Airedale Terriers, as usual, were numerous, but the quality was by no means as good as what one used to see a few years ago. Mr. J. Anderson had some small classes of Springer Spaniels, but much as I admire Ch. Lyl Messenger Boy, I prefer his kennel companion, International Champion Marvel of Avondale. Many good judges consider that Marvel is not only the best Springer we have, but also the best of her variety yet shown.

INT. CH. RIDGEWAY DARK BOY
Property of Mr. Jas. F. Strachan, Montreal, and sire of many noted "Ormsby" winners.

The Alsatian exhibitors were fortunate in having such an acknowledged authority as Mr. Holgate to show them the type that is being favored overseas, Mr. A. Loveridge heading a nice group of dogs with Iso Von Bergholtz; Mr. Morgan's free-moving Vesta Von Rheim quite rightly getting the premier award in bitches. In Bull Terriers, that old breeder, Mr. Coles, had a well-deserved win with Coolridge Lillywhite, a really beautiful Terrier. On the day, shown a little too heavy in flesh, Beagles were attractive, strong classes and it certainly seems as if these merry little Hounds are finding general favor, not only for their working abilities, but also for their attractiveness in the ring. Boston Terriers, naturally, with a specialist judging, came up in goodly numbers, as did Cocker Spaniels. Mr. J. R. Newton and Mr. C. L. Mewburn both had some trappy smooth Fox Terriers competing, but the smooths were not nearly as numerous as the wires. On account of the outbreak of rabies around Montreal, Mr. J. Strachan did not until almost the last moment anticipate being able to exhibit, and therefore unfortunately the majority of his team were shy of coat, and on this account did not take home their usual allotment of first prizes, the well-known American exhibitor, Mr. R. M. Lewis, obtaining winners in dogs, the reserve going to Ormsby Johnny Alex. This must surely have been a mistake, for this Terrier lacks class when up against his kennel companion, Ormsby Rainbow. On the day, short of coat on his sides, but a vastly superior Terrier to Alex was, to my way of thinking, hardly of the class one has been lead to expect of the Ormsby's. The Walnut Kennels did extremely well in bitches. Donald McKellar, as usual, played a very strong hand in Scottish Terriers. The Kerries were few, but what were shown were typical. The best of the Toy classes were Pomeranians and Pekingese. Amongst the former, Joseph Greenwood had a thoroughly well-deserved win with Glenrose Thashaway, who by his win qualified as an International champion, but it certainly seems as if those well-known breeders' exhibitors, Mrs. J. W. Bruce and Mrs. W. Wylie, were somewhat unlucky with their dogs. The winning Peke dog was Mrs. Potter's Little Beau of Lonsdale, Mrs. Hughes' Fu Chien Lu Kee of Badminton heading an extremely nice lot of bitches.

AT STUD The Two International Winning Boston Terriers

CHAMPION "HIGHBALL JUST IT"

(C.K.C. 44583) STUD FEE . $15.00 Actual Weight, 16½ Lbs.

In this, our latest sensation, we offer to the breeding public a **"PEERLESS BOSTON,"** a most prolific dog, whose progeny need only introducing to establish his claim to fame as a super-progenitor. **JUST IT** is also sire of that **MILLION DOLLAR LITTER,** so much talked about, of four perfectly marked puppies—two males and two females—for whom, at four weeks, $400.00, offered by a prominent U. S. fancier, was politely rejected. Skeptical ones may see these four any time at our kennels by appointment. This litter is on the tongue of every up-to-date fancier in Toronto.

"BUFFALO'S TINY KING"

(C.K.C. 50880) STUD FEE . $10.00 Actually 13½ Lbs.

Here, too, is a real little Boston rapidly acquiring himself a reputation, both in the show-ring and at stud. Discriminating breeders are using him quite freely, and future show RESULTS will advertise his pups, never fear! And, after all, RESULTS do mean something, don't they? Might mention also that a couple of the wisest dog men in town are touting fast male prospects by this little fellow. Enquire and see these.

TO INTENDING PURCHASERS

Our stock at present is most complete with fast puppies (either sex), maiden females, brood matrons, winning show bitches, stock and show dogs; all the very finest specimens selected from own own strains.

NOW is your opportunity to buy, at a reasonable figure, that fast one and get away to a flying start on the Fall circuits.

WHY BE AN ALSO-RAN? Own a WINNER and get somewhere in the game!

I have been successful in Bostons. WHY NOT YOU?

CANADIAN HEADQUARTERS for SPRATT'S

We carry the largest and most complete stock in Canada of Spratt's Dog Remedies, Foods and Accessories

SPRATT'S FOOD FOR DOGS

"THE BACKBONE OF THE CANINE RACE"

The dog constitution needs a dog diet. Table scraps—toothsome and tasty though they may be—are not only totally unsuitable for the physical requirements of the dog, but are more often than not a direct cause of unfitness. For sixty years SPRATT'S have made dogs and their requirements the subject of continual observation and research; and to-day for every dog, old or young, healthy or sick, there is a Spratt's Food guaranteed to suit exactly his requirements.

BELOW WE LIST AND DESCRIBE SOME OF SPRATT'S FOODS AND REMEDIES REGULARLY STOCKED

SPRATTS' FOOD FOR DOGS

Spratt's Meat-Fibrine Dog Cakes—Used by leading breeders and at shows throughout the world; should preferably be given dry, not soaked, as their being gnawed compels a copious flow of saliva in the dog's mouth, which, being mixed with the food before it enters the stomach, materially assists digestion. These cakes keep the dog's teeth and gums in fine condition.

Spratt's Ovals—The Pocket Dog Biscuit—A small Meat-Fibrine Dog Biscuit, suitable as staple diet for small dogs and toys, and to be carried in the pocket as an occasional snack when on a ramble with the dog.

Spratt's Fibo—A unique dog food containing, in addition to Spratt's world-famous Meat-Fibrine, pure yolk of egg; is very tasty, and for shy or dainty feeders offers an excellent method of bringing them on to a rational dog diet; a very nutritious meal for delicate dogs and puppies.

SPRATT'S FOOD FOR PUPS

Spratt's Meat-Fibrine Puppy Biscuits—A complete and perfect food for puppies from weaning time onwards, and for small breeds as the regular food instead of Spratt's larger Dog Cakes.

Spratt's Pepsinated Puppy Meal—For Delicate Puppies—Should be used instead of Spratt's Plain Puppy Meal for puppies with weak digestion; is extremely assimilative and will make most unpromising youngsters thrive.

SPRATT'S DOG REMEDIES AND TOILET REQUISITES

Spratts' Alterative Cooling Powders—For heated blood and general slight indisposition. Two sizes.

Spratt's Chemical Food — A valuable tonic; can be given in water or mixed with the dog's food. Various sizes.

Spratt's Cough Pills—Give quick relief of coughs and colds.

Spratt's Chorea Pills—A fine remedy for Chorea, St. Vitus Dance, and nervous disorders in dogs.

Spratt's Chronic Skin Disease Remedy—Should be given in all obstinate cases of Mange, Eczema, etc.

Spratt's Diarrhoea Cure—An effective check for Diarrhoea and looseness resulting from internal irritation.

Spratt's Disinfectant — An extremely cheap yet effective sterilizing agent, for kennels, poultry houses, piggeries, etc.

Spratt's Distemper Pills — The best known remedy for this great canine scourge.

Spratt's Distemper Powders—Prepared in this form for those who find it difficult to give the dog pills.

Spratt's Ear Canker Lotion — Makes treatment of canker simple; soothing and easy to apply.

Spratt's Eczema Lotion — Should be given in all cases of skin disease arising from internal blood condition or from parasites.

Spratt's Eye Lotion—For all eye affections in the dog; valuable also for poultry.

Spratt's Jaundice Pills—A specific for Jaundice or "Yellows" in the dog.

Spratt's Locurium—An oil dressing for quickly healing cuts, wounds and bruises; effective with all animals, and good for human use. Three sizes.

Spratt's Mange Lotion — A powerful penetrative and extremely effective. Destroys Lice, Fleas, Tick, etc.

Spratt's Purging Tablets—A safe but powerful aperient medicine. Two sizes.

Spratt's Rheumatism and Sprain Ointment—Economical to apply.

Spratt's Rheumatism Pills—For Rheumatism, Lumbago, and Chest-founder or Kennel Lameness.

Spratt's Tonic and Condition Pills—For treating debility and for preparing dogs for Exhibition. Two sizes.

Spratt's Rissicol—Castor Oil in Powder form.

Spratt's Vermifuge for Puppies—A safe treatment for worms in young dogs; entirely a vegetable preparation.

Spratt's Worm Powders—A combination of the finest anthelminitics, and most effective.

Spratt's Worm Pills—A certain expellant.

Spratt's No. 1 Dog Soap—Prepared especially for coat and skin condition; used all over the world by exhibitors in preparing their dogs for show; prevents scurf, mange, and other parasitic affections.

Spratt's No. 2 Dog Soap—While beneficial to coat and skin, the No. 2 quality has incorporated powerful insecticide properties; absolutely eradicates lice, fleas, tick, and all parasites. Entirely harmless.

Spratt's "Fomo"—A liquid shampoo; slightly wet the dog's coat and sprinkle on a few drops of "Fomo" and instantaneous thick lather results; largely used by exhibitors.

Spratt's Dry Cleaning Powder—Preferred by a large number of dog owners for the winter cleaning of their dogs; needs just to be rubbed in and brushed out of the coat.

Spratt's Special Canister Brushes—For use with Spratt's Dry Cleaning Powder. The powder is placed in a small canister attached to the brush and perforations near the bristles allow it to shake out into the coat as the brushing is done.

WE ALSO STOCK A COMPLETE LINE OF "DELCREO" DOG REMEDIES AND BENBOW'S DOG SPECIALTIES

Erin Kennels

report many inquiries for "Irish"—"the boys that have the wonderful way with them."

Two Young Females

(Winners and Reserve Winners at Fort Garry Kennel Club Show) are going to Lee's Kennels, Chicago, and are as fine a pair as "ever crossed the border."

Erin's Boy

the Puppy Winner at the May Show in the "best class of 'Irish' ever exhibited in Winnipeg," is for sale. **Price $75.** The Judge's opinion: "This pup will go a long way if properly handled."

Pups, Also for Sale

by **Ch. Peter Pan of Monaghan (Imp.), Ch. Raloo Prince (Imp.), and Red Label (Imp.).** The latter is producing the Winners in the West, and only lacks a little fire in the ring to beat all-comers. He has remarkable breeding.

The Dams of these pups can win in the best company, and were selected for me by that "Irish" expert, A. Lappin, of "Raloo" fame.

Your chance is here to get a pair of unrelated pups or a proven winner in Erin's Boy.

DR. G. N. GARMON WINS $50 FIRST PRIZE

"I have been breeding Collies for eighteen years and have used a number of different dog foods, but find Miller's the best. It does away with skin eruptions and keeps them in excellent condition. A young Collie that I received several months ago had running fits until I put it on Miller's. Now it is in perfect condition."
DR. G. N. GARMON (Breeder Garmount Collies), Bessemer, Ala.

MILLER'S A-1 IS HEALTH IN FOOD FORM

Every wax-sealed package of Miller's A-1 means so much pep and vim for your dogs. Every morsel in it gives new bone, muscle and growth. Only the right kind of food can give your dogs stamina. Miller's A-1 is a passport to health.

UNANSWERED CORRESPONDENCE.

There are quite a number of correspondents awaiting attention to their letters sent to Mr. J. E. Brunett, Kingston, Ont., and to prevent misunderstandings, we advise that this good Bull Terrier fancier is at present confined to the General Hospital at Kingston, having been operated on for appendicitis. "Red" is progressing favorably, but will not be able to attend to any business for at least two weeks yet. His friends in the fancy are pulling for him and hoping that he will speedily recuperate from his illness.

Notes from the American Side

By CHARLES G. HOPTON.

IT has been strenuous times of late for what with the sudden changes in the weather and long jumps between engagements we have had very little time for writing. However, it was most gratifying to once again visit the Great Eastern Exposition at Sherbrooke, where for the fourth year we judged and had an enjoyable time, but what a change in temperature.

Imagine a drop of 52 degrees in about twenty-four hours and a flurry of snow after being cooped up in New York City with the thermometer registering around 96, and a suffocating humidity to again return to the heat and later to be tied up in the dreadful floods in Western Pennsylvania was indeed enough excitement for one week, but "novelty is the spice of life," so let's be cheery.

Congratulations are certainly in order for the Sherbrooke fanciers, whose dog show building has been much improved, as has the quality and number of the local-bred English Springers. Thanks to a clever combination of Inveresk Cocksure and Trent Valley blood, the puppy classes were filled with some exceptionally fine youngsters that should make history when fully matured. It was the pronounced SPANIEL character of the home-breds that impressed one, all being on the "Norfolk" stamp we knew as a boy on the Norfolk Broads, with soundness personified. That sincere admirer of the Springer, H. J. Placey, had every right to assume a "Sunny Jim" smile as the youngster, by his now famous International winner, Ch. Inveresk Cocksure, certainly made good when the home-bred bitch puppy, Belmoss Countess, a rare boned and evenly balanced white and liver by Cocksure ex-Ch. Belvedere Flossie, went right through to Winners, to finally make the going highly interesting for her noted sire, who won for Best of All Breeds, a most popular award, with yells of approval when the cup was handed to the genial sportsman, C. S. Ives, who cleverly handled the champion. Mr. Ives caught the fever and is getting together a select kennel.

AN IMPRESSIVE HOME-BRED
The Wire-Haired Fox Terrier Earlsmoor Three Spot, Best American Bred at Boston and Other Shows. Bred by Dr. and Mrs. Samuel Milbank.

A very impressive youngster was the blue roan dog, Belmoss Contender, shown by that versatile sportsman, F. W. Gignac, who is also keen on Foxhounds, which finished Reserve in Winners, but it was no sinecure to find the second best in bitches, as at least six were good enough for the honor. However, after a careful weeding out, one could not get away from the splendid quality and sound action of Lady of Orford, the liver-ticked daughter of Ch. Mossend Dick, dam of several of the winners, who might have gone to Winners had she been in top form.

Foxhounds, always out in force here, were again headed by the local favorite, Ch. Miro-Sr, a very sound white, black and tan. This, I believe, was the third year that we have placed this more than useful dog at the head of the breed. He is all type with the best of feet, clean neck and perfect shoulders; while in loin and quarters he is all that one might expect in a dog that hunts every day in the week. Here is the type local breeders should breed for being a great improvement on the rather heavy stamp, resembling more the St. Hubert hound with its heavy wrinkle, pendulous ears and "Bloodhound" expression.

Best of the Terriers was the debutant Airedale, Gelert, shown by that ardent admirer of the breed, James W. Bain. Too light in flesh and short of coat, he lacked the superb condition of the wire-haired Fox Terrier bitch, Stanford Belle, but what a type with its splendid balance, the very best of fronts, and keen Terrier expression. When in top form he should trouble the very best. It was a close decision in Fox Terriers when Dainville Dandy, a very sound and most impressive sort shown by our old friend, Wm. R. Aitken, and Stanford Belle met for the special. I rather liked the size and feet of the dog, but he was between coats and suffering from a cold in the eyes which marred his expression, so the bitch just won.

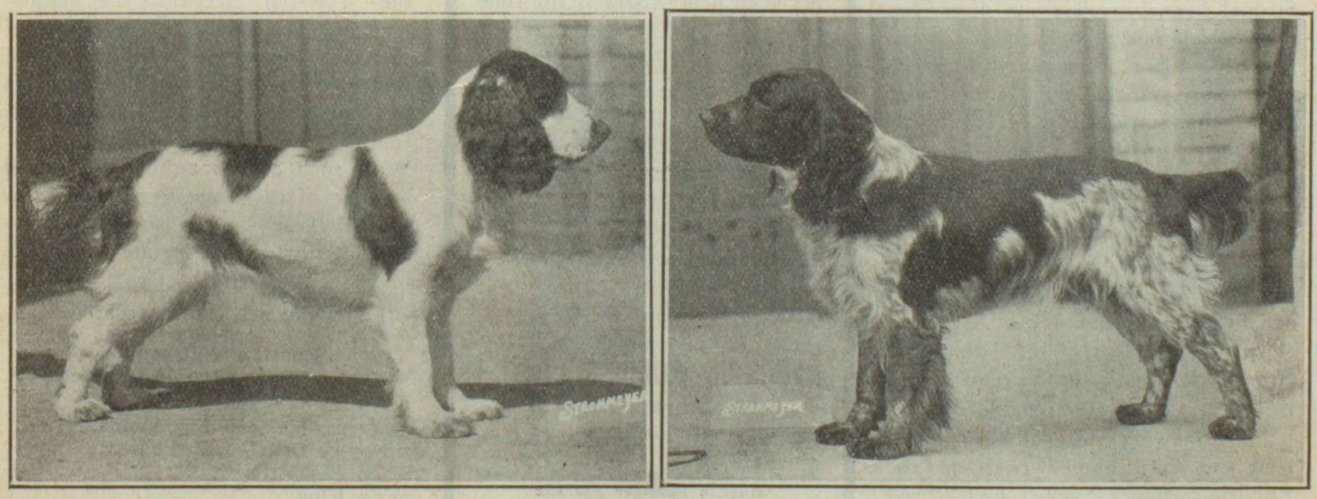

Bulldogs gave the ever modest Alan C. Chisholm a chance to show his much improved bridle dog, Hefty Rival, in much better condition and showing better than last year, which went through its classes to Winners. Then came a keen contest between the all-white home-bred Lorneat Last, last year's best puppy in show, and the low, massive fallow and white Hazelwood Samson, which were placed as written for the Reserve. The former is remarkably good in all head points and has extra good bone, but he was not in the best of form. Samson is extra good in body but somewhat overdone in shoulders and did not move well; however, there is a heap of Bulldog type about him. The bitches were more even, but there was no questioning the claims of Queen Challenger, a superb brindle pied by Ch. Yammamota Challenger, just out of her puppyhood, who needs just a trifle more spring in ribs, then she can trouble all of the champions on both sides of the line. Such beautiful balance, nigh perfect head, with extra width and turn-up of jaw, heavy bone, nice shoulder formation with a cobby

body and well placed short tail, she is quite the best home-bred debutante we have seen in many years. Had she been in good condition she might have gone through to Best in Show. Lady of the Snows, a very well balanced white, somewhat light in bone, but all quality, was second. She had little to spare to beat Innisfree Tilly, a very massive reddish brindle shown by Mrs. R. J. Spencer-Phillips, easily best in the heavyweights, who might have been Reserve winners, but just at the wrong time she dropped one of her ears. Another more than useful sort was the reddish fawn, Alaunt Heiress, cleverly handled by the popular Poet-Laureate, ever witty Warren, for that ardent sportswoman, Mrs. Ora Doherty of Nova Scotia. Lack of condition, however, handicapped her, but she beat some well known winners for the third position in the lightweights. Bred to owner's famous champion, might produce another Toronto National Champion. It is sincerely to be hoped that she will.

An extra good Pekingese, Fou Yon Don, was easily best of the breed and subsequently the winner for best of all Toys, with the trappy and well coated Pomeranian, Mighty Miti Rhoda, next in order. Bostons found the well known Frank W. Lamb pair, Kirkpatrick's Sonny Jim and Favorite Flash, at the head of their classes, the former scoring in skull, expression and shoulders, rightly the best of breed.

A jump of nearly 1,000 miles to the annual convention of the Wild Life League at Conneaut Lake, Western Pennsylvania, to cover the Field Trials and judge the Bear, Coon and Fox chase, afforded one the opportunity to see what profound interest sportsmen in this part of the country take in their dogs. Heretofore we have imagined a Coon chase brought together a mediocre lot of "hound dogs," but we got a complete surprise when nearly sixty very sound and typical Foxhounds competed with at least seventy-five per cent. up to bench show form. Imagine over 1,200 sports, all keen to a marked degree, sitting down to the annual banquet of the Coon Hunters' Association and offers of $500 being refused for some of the winning hounds. Such is the spirit of these Western Pennsylvania and Ohio sportsmen who have developed a liking for the bench show game and promised to support the eastern events with entries if classes can be made for their dogs with judges officiating that know the breed. The "Grand Championship Stake" for Coon hunting went to the noted "Doc" Beatty pack from Akron, Ohio, whose very typical black and tan bitch, Beatty's Beauty, was much fancied for the subsequent Consolation stake opened for hounds that had not qualified for the Bear chase. Forty odd hounds started with a neck and neck finish to the tree, but the first trio failed to give tongue, then came a rare-boned blue ticked local-bred which placed its fore-feet against the tree and barked in orthodox manner, thus winning the prize—a huge cup and quite a useful sum of money. At the bench show judged by Dr. James Hair, for gundogs, Wm. H. Shanks' terriers, P. M. Chidester, Beagles, and Louis Walther, large breeds, best of all breeds went to an exceptionally good Beagle bitch, Pencraft Pageant, a miniature hound with the very best front, shoulder placement and quarters we have seen for many a show. The pick of a select entry of Irish setters was the Vancouver-bred May Fly Shillgah, a very deep colored son of Tyrone Grand, which subsequently beat the winning English setter, Gunner's Rags, who had been placed over the noted circuit champion, Rumson Farm Pilot, who many thought might have won comfortably, and the winning Cocker Spaniel, Carleton Oban, a nicely balanced and free-moving black by Farewell's Su Obo, which had topped a very smart entry in the breed. The local Van Velsor Terrier Farm Kennels, owned by Dr. J. D. Van Velsor, had a "field" day in Bull Terriers and Fox Terriers, winning in the former with a very useful pair of home-breds, Lillington Sundallas II, and Rosebud Graphite, the dog was best of breed and all type, while in the wire-haired division it was a close race between Owencliffe Omen, a trappy son of Ch. Varsity Captain, and Malden's Best Bet; the former won the special. The win of Scaleby's Bianca von Nichteldshausen, a very sound and most symmetrical greyish sable home-bred, was best of a mixed lot of Shepherds well judged by Louis Walther; while in Doberman Pinchers the bitch, Rani V. Friedwald, scoring in front and quarters, won handily. Toys were interesting, with a keen contest between the orange Pomeranian, Ch. Prince Pal, and Pekingese Ch. Glen Iris Dai Dream Jr, for best in the group. Both lacked coat, but the splendid ring manners of the Pom stood him in good stead, he winning the cup.

There was a classy entry at Westbury, Long Island, where Leonard Brumby and his sincere crowd of terrier enthusiasts held their fourth annual show on the J. S. Phipps' Polo Field, with many well known fanciers present and a host of famous champions competing. Of course, Fox Terriers were the star attraction, but they were closely pressed by the Schnauzers and Sealyhams, where the keenest of competition prevailed with

A remarkable brace of Springer Spaniels, which is favorably noticed in this article. Both are the property of an enthusiastic Eastern sportsman, Mr. H. T. Placey, Sherbrooke, Que.

several very good home-breds well up in the running. Mrs. Roy A. Rainey brought out a very promising home-bred bitch puppy, Conejo Belle of All, which won her class handily. American-breds were a hot lot when the circuit winner, Chantress of Wildoaks, Earlsmoor Three Spot, and Prides Hill Peggy, finished as written with mighty little between them. On the day many thought Three Spot, one of the best out to-day, might have won, having the pull in condition and bone. Ch. Loscoe Graceful Mover, and Ch. Croydon Oakdene Elegance, was the order in Winners' bitches, while in the opposite sex, Ch. Signal Warily of Wildoaks, and Ch. Halleston Grandcut, were the selections to be beaten for best of breed by Ch. Tockley Twinkle. In Schnauzers, two very good home-breds, Brookmeade Bookie, and Ch. Fracas Franconia, were placed as written with many in favor of the latter, who had the cleaner skull, darker eye, and sounder coat; while in bitches it was fairly easy for Cenni v. Egelsee, a rare bodied sort. The special for best of breed went to last year's sensational winner, Ch. Fred Gamundia, in rare form. Home-breds scored in both Winners for Sealyhams when Broadhollow Rooty and Barberryhill Thunderbolt were so placed in dogs, and Barberryhill Dixie and Delf Dot of Stonor finished as written in bitches, to be beaten for the special by the consistent winning champion, Pinegrade Scotia Swell, who repeated his sensational victories at Baltimore and Storm King shows by winning the "W.K.A." trophy and a goodly sum of money for Best of All Breeds.

Panmure Piper of Fairwold was the best of a classy entry in Scotties.

It is sincerely to be hoped that Trent Valley and other noted Springer Spaniel kennels will come down for the Field Trials to be held the latter part of October, when nearly $2,500.00 and many valuable cups are offered to be won outright.

The English Springer Spaniel Club of America leads off at Brewster, N.Y., on the 21st, 22nd and 23rd, with Freeman F. Lloyd, Geo. B. Turrell, and Wm. Humphreys, the noted "Horsford" expert, will judge the Trials, and Frank Addyman doing the Bench show. D. P. Earle, 165 Broadway, New York City, is the Secretary, who will give any information needed.

The following week at Fishers Island the third annual trials of the English Springer Spaniel Field Trial Association, the parent club of the breed, will give several important stakes and the first specialty show ever held here. The judges are C. F. Neilson and the noted English authority, Charles Alington, a member of the English Kennel Club, who is making the trip across from St. Neots to officiate here and to judge the subsequent Bench show for which a five-point rating seems assured. It is worthy of mention that Walton Ferguson, Jr., whose dogs have won for the past two years and are trained on the Island, will not compete. This should enhance the entry very much. Wm. J. Hutchinson, 115 Broadway, will be pleased to give further information.

"American-bred French Bulldogs leave for the home of their forbears" was a headline in the New York papers that caused many a fancier of the petite breed to take notice. It recorded the fact that Mrs. Kathleen Houston, owner of the noted Lone Star Kennels, for years located at Englewood, New Jersey, where the Westminster championship winners, Madelon Victoire and Miss 19, and many other famous winners were raised, had shipped to Paris a trio of Lone Star home-breds which are expected to make their presence felt in the show ring, at the same time resuscitate the breed which sadly needs an outcross in France.

The Lone Star Kennels are now located at Chateau Terrace, Snyder, Erie Co., near Buffalo, which should be of interest to the French Bulldog and Pekingese world. The acquisition of the noted International winning Pekingese, Cum Li-Crispin, one of the very few Toto of Noke sires and a consistent winner at the Plaza, Pekingese Club, Newark, and other eastern shows, is especially interesting, as here is one dog that might improve the "Celestial" breed in the middle-west and in Canada, for he is one of the most pronounced Pekingese out to-day, with remarkable head properties, extra large eyes, and a body that is the personification of lion shape. With such a thoroughly experienced breeder of these popular breeds now located near Buffalo, nearby shows should invite this astute judge to officiate.

Sensational Sale!

350 Springer Spaniels

MUST BE SOLD IMMEDIATELY

After conducting for 54 years a large retail fur and clothing business in our present location, we are soon moving into a new store. This will prevent my having the time necessary to attend to our enormous kennel, so that I must sell at once about 350 of our grand Springer Spaniels, for I purpose keeping not more than 50 in all. This does not mean that the Avandale Kennels is going out of business. We did our full share in placing the Springer where it is in America today, and we will always breed the best Springers to be found anywhere. Meanwhile we have issued new lists, quoting the lowest prices we have ever given on

8 Stud Dogs
100 Brood Bitches
40 Trained Dogs and Bitches
200 Puppies

Never has such a sale of Springers been held! Now is the time for you Springer lovers to stock up with the grandest working and show blood in the world! The shooting season is on! Buy a trained dog or bitch, or buy a brace of puppies and train them yourself. Or buy a splendid young bitch in whelp to a Champion Sire. Write or wire us today sure! Send for new lists.

SEA BREEZE KENNELS

267 Douglas Ave. - St. John, N.B.

CHAMPION DOBERMAN PINCHERS ALREADY.

It takes real sand in a man or woman when they step into the breach and become sponsors for the proper introducing of a new breed into a community or into a country, and so much credit is due to the two enthusiastic Kennedys—Mr. and Mrs. J. R.—for the whole-hearted manner in which they have stood behind the Doberman Pincher in Toronto and in Canada. Maybe most credit should be given to Mrs. Kennedy, or again, that honor should be given to Mr. Kennedy, but as this scribe has sized the situation up, the credit and honor should be on a 60-40 basis, with Mrs. Kennedy the heaviest stockholder. At anyrate, the breed has been given an excellent start and greater things are yet to be accomplished by the ardent pair, and we wish them all the luck in the world in their labor of love for this most handsome breed of dog.

It was at the Canadian National Exhibition that I became interested in noticing the really high quality of all the dogs from the Kennedy Kennels. When the first dog taken into the ring was the handsome looking Nita von Nibelungenhort, it went in as a puppy bitch in a mixed puppy class and emerged with the Reserve Winners ribbon. In the bitch classes the best in the Winners class also returned as the best Doberman in show, i.e., Mrs. J. R. Kennedy's Mitzi von Thueringen, whose kennel mate, Nita, was reserve. In dogs the winning Doberman was Mrs. J. R. Kennedy's Niko von Nibelungenhort, and the kennel winnings on the day was Winners dogs and Winners and Reserve Winners bitches. It may be remarked that there was very little competition, and perhaps that would be quite true, but the Kennedy Dobermans can well afford to appear in strong competition and take good care of themselves.

Champion Niko von Nibelungenhort is the pride of the kennel. A youngster sent to Western Canada made a championship in almost record time, and other Dobermans of championship timber are coming right along.

NEW COLLIE CLUB FOR OTTAWA.

When John "Corona" Milner went to Ottawa we felt that sooner or later there would be a "stir" amongst the collie breeders down that way, and just as we had predicted, although perhaps somewhat belated, along comes the good news that a healthy specialty club has been formed at Ottawa, with the following officers in charge: Honorary Presidents, F. H. Booth, Jr., and Controller Herb. McElroy; President, John Milner; Vice-President, J. P. Coulson; Secretary-Treasurer, Fred Blatch; Auditors, L. S. Moore and D. Duncan; Executive, Messrs. D. Duncan, A. G. Ghent, P. J. Ryan, R. J. Ryan, L. S. Moore, F. W. Stone, Maj. E. C. Woolsey, and Dr. Kennedy (veterinary surgeon, Dr. Kennedy).

By way of making their presence felt the new club is already actively engaged in making preparations for a specialty show where the collie will hold the limelight all for himself. A lot of support has been promised in the way of special prizes and other inducements, and the officers are indeed grateful for the support which they have received to date.

We are sorry to learn that Mr. J. E. Brunett of the Limestone Kennels, Kingston, Ont., is still unable to leave the hospital, consequently his correspondence is somewhat delayed.

Reports Submitted by Kennel & Bench Committee

In compliance with the resolution which was regularly moved, seconded and carried at the special meeting of the Board of Directors of the Canadian Kennel Club, Inc., held at the club's offices at Toronto on Thursday evening, September 30th, 1926, which reads as follows:

"That the reports of the Kennel and Bench Committee be published in Kennel and Bench."

We now proceed to publish the reports. Interim report submitted Thursday, May 20th, 1926:

Interim Report of Committee on Kennel and Bench.

To the President and Board of Directors:

Your Committee appointed in accordance with the suggestion of our President, to the Annual Meeting on the future of Kennel and Bench, wish to report that they have investigated matters in relation to the publication of our Official Organ and wish to offer for your consideration the following suggestion:

In the first place, we are aware that there is a desire among the dog fancy for what they are pleased to term "a more up-to-date dog journal of news," and this was apparent by the way the suggestion of the President was received at the Annual Meeting. This, in our judgment, does not reflect in any way upon the present official staff or the policy that has been followed to date, but many feel that the scope of the paper should be extended and try and bring it into conformity with many of the leading dog publications. This cannot be done satisfactorily under the present conditions, and if it is our desire to have a more progressive paper, its policy should be in charge of one not associated with the administration of the club, but still under the supervision and control of the club, and placed upon a more substantial footing financially, so that we can clearly indicate how to finance the paper itself and make it self-supporting, if that is possible.

There are approximately 5,000 copies printed monthly at a cost of an average of $475.00, with a postage charge of $78.00. In addition, we must take into account the labor of our Secretary and a stenographer, which we have estimated at about $100.00 per month. There is an allowance for the contributors of special articles, which we have allowed $50.00 per month, and with the necessity of providing for illustrations and cuts we have taken an average of $45.00 per month, or a production cost of $748.00 per month, and a fair approximate average of $9,000.00 per year.

Against this, we have taken into account, our earnings from revenue derived, which comes in totally from advertising and subscriptions. In the month of May—which appears to be a fair average month—there was $652.00 received for advertising, and $130.00 for subscriptions, giving an approximate average for the year of $9,380.00. This we figure is a fair average, as our last balance sheet showed that the profits for the year of operation for 1925 was $538.00. However, you will have to take into account, that we have taken into consideration the work of our officials in the making up of the paper, this not having been done before.

Consideration must be given to the fact that we produce 5,000 copies monthly, 1,078 copies being distributed among the members of the club, 50 copies on an exchange list, and 1,020 copies to the American News Company, and about 2,900 copies to individual subscribers, for which we receive in revenue the small sum of $130.00. This fact can only be explained by stating that the subscription solicitors receive the large portion of the amount received in taking subscriptions in boosting our circulation. Hence the statements that the advertisers carry the paper. We cannot pass without mentioning the fact of the position of our membership as subscribers. The Constitution provides that $2.00 of the annual fees are for subscription to Kennel and Bench, but this has never been carried out, or do we advocate it, but we feel that it should be taken into account when dealing with the future policy of the paper, and if it would not be advisable to write in annually to the carrying charges of the paper, some allotment to make the paper self-supporting. If we are not prepared to do this, then it would appear that the changing of our policy may give us increased liabilities, and make the paper appear as a losing proposition.

Taking these matters into consideration, we feel it would warrant us in creating an editorial department with a competent editor in charge, who should be under the supervision and direction of the President and Secretary-Treasurer, whose whole time should be devoted to the paper and its needs. The field of operation is fairly large, although we have to take into account the use of a dog magazine has its limitations as far as advertising is concerned, and many avenues at present are denied us in this regard with the customs restrictions in operation on advertising matter, which, even to produce the paper basing it on the work of our present Editor, would only provide for half of the month, leaving considerable time which could be utilized in boosting the subscriptions and securing additional advertising, and enlarging the scope of the paper. In doing this, it will mean added production cost, but if an adjustment is made with the subscriptions of our present membership, we feel there is a possibility of the paper still being self-supporting. It will be necessary, if securing the services of an Editor, that full consideration should be given to one who is conversant with dog and dog matters. At the same time, we should have one fully capable of putting into print a first-class publication that will meet the wishes of our members and advertisers.

We do not feel that one could be secured with these qualifications at less than $60.00 per week, and would not exceed this amount in the initial effort to change the policy of the paper. (Signed) JOHN W. BRUCE,
REG. P. SPARKES.

Final Report Submitted Thursday, October, 1926.

Your Committee wish to report further on the matter submitted to them. Acting on instructions, we advertised in all the leading daily papers and dog magazines, seeking applications for an editor. We received in all thirty-four applications and have carefully surveyed them.

The majority of those whom we have considered are willing to start at a salary within the limits of our recommendations. One alone asking Seventy-five Dollars per week.

After further surveying the figures over a period of the last six years, we feel it will be necessary, if we change our policy, that the Two Dollars annual fee charged to members for Kennel and Bench will have to be set aside in the Kennel and Bench fund, so that we will be fully protected in carrying on the work and showing that our policy is not an added liability to the Kennel Club.

Respectfully submitted,

(Signed) JOHN W. BRUCE,
REG. P. SPARKES.

WESTERN FAIR DOG SHOW

This old-time fixture was held at London, the birthplace of Canadian dogdom, on September 14, 15 and 16. It was most unfortunate that the weatherman was having his "off days" and seemed to glory in his ability to cripple the Fair generally. In his hand he held the rain throttle, and every time the sun would make a bid to look the crowd over he would open the throttle and threaten to drown out the populace, and as a matter of fact he came pretty near to doing so. He tried to make amends after the dogs had left the town, we believe, but by that time the success of the Fair had been almost strangled to death. It takes good weather at all times to make any fair successful.

Mr. C. S. Webber, the president of the London Canine Association, had a strong line-up behind his efforts, and although the catalogue did not show who the superintendent was, we believe that those onerous duties fell on the broad shoulders of our C.K.C. director, V. G. Perry, and his shoulders had to be broad to absorb the penalties of his position, particularly so on the third day when the exhibitors began to show restlessness through their desire to get away to Peterboro. The superintendent stuck to his guns, however, and being boss, had things his own way. Of course he was perfectly justified in his actions, and no one should blame him for a situation that was purely the fault of the allocation of the dates and that must be observed by the Board of Directors of the C.K.C.

Two hundred and eleven dogs were benched and two championship points earned.

The judge was John W. Burton of Chicago, who, we believe, has judged at some of our Western shows. This is the first time he has judged in the East, that is to say—as far as we can recollect. However, he demonstrated his ability to please himself, and in doing so he just about pleased everybody else as well. Coolly he worked, and class after class as they came before him soon were placed as they sized up in his estimation. He judged all the breeds that were entered. Several good specimens entered from the United States gave the show an international appearance.

The awards which follow show how Judge Burton sorted them out. The awards:

LETTER FROM THE PRESIDENT.

The Editor,
Kennel and Bench,
Toronto.

Dear Sir:

On page 41 of this issue of your paper appears the interim report and the final report of what has been known as the Kennel and Bench Committee. Perhaps a word of comment thereon would not be amiss.

Your readers may remember that at the annual meeting of the Club held in February last, I mentioned several matters which would receive the attention of the Board of Directors during the year. One of these matters was the future of Kennel and Bench. The reason why this was mentioned by me was that several members had spoken to me about the possibility of improving Kennel and Bench and also the fact that the two positions of Secretary of the C.K.C. and Editor of Kennel and Bench were too much to expect one man to handle.

In accordance with that announcement, the Kennel and Bench Committee was appointed and I wish here to express the Directors' appreciation of the way in which this Committee did its work, and the thoroughly comprehensive information which they laid before the Board. The matter was very carefully considered by the Directors at three different sessions, at all of which practically the whole Board was present, and the action taken is announced in this issue, namely, that of making no radical change at the present time, but of adding the President to the existing Committee with a view to devising ways and means of extending the scope and influence of the paper. I may add that the methods which have been suggested are, first, a rearrangement of the office so that one of the Secretary's assistants shall be specifically allotted to the paper, and secondly, the appointment of local correspondents and business agents for securing advertising in all the principal cities of Canada. The details of these changes are yet to be worked out, but the Directors feel sure that a very much improved paper can be produced in this way, and the Secretary be relieved of some of the enormous burden which he has been carrying.

The main reason for the above decision is the fact that it was proved conclusively to the satisfaction of the Directors that the additional expense involved in the employment of a separate editor could not readily be borne by the Club at the present time. It was estimated that the salary, travelling expenses and added expense of printing a larger paper would total not less than $5,000.00. Our contract rate for advertising per page per year is practically $250.00, which would mean that in order to cover the added estimated expenditure, we would have

Greater Vancouver Exhibition Dog Show

Without any semblance of doubt this fixture was one of the very best that the writer was privileged to attend whilst he was visiting the Western shows. Large, airy building, sensible sized ring accommodation, and in charge of Vancouver's ace superintendent, the one and only "Sandy" McLean, the man with the happy faculty of handling his show his own way and yet able to hold the goodwill of all the fanciers. This is just as it should be, but unfortunately it is not always so. "Sandy" is the lad, and they all know it. The show building is nicely located and secures its percentage of those visiting the exhibition. It was a pleasure to meet the general manager of the Vancouver Exhibition, with whom we spent a happy hour under ideal circumstances chatting about shows generally and the Vancouver Exhibition show particularly, and we left the genial manager, Mr. John K. Matheson, feeling that the Vancouver dog fanciers had a real friend in John K. and that they should fully realize just how much his friendship means to them. No doubt they appreciate the circumstances and showed it by entering and benching 217 of their best dogs as proof. Mrs. E. Dunn, the acting secretary, and Miss Lillian A. Hickling, ring steward, were models of conscientious effort and their combined labors were supervised by G. L. Stock, the secretary of Vancouver Whippet Club.

The judges were Geo. Kynoch, Ray Sheldon and Harold Kneen, and between them the judging labors of the show were acceptably performed. The quality of the dogs was quite prominent over the quantity, in my judgment, and the moral of this latter observation is that our Western dogs are every bit as good as we see anywhere else on the general circuit. Kennelling conditions in the West generally are far above the average of Eastern kennels. This is necessitated in many cases by the vigorous climatic conditions; but be that as it may, there can be no doubting the fact that Western fanciers really do take a pride in their kennels, and their dogs show the extra care and comfort. At this show we met many of the old and new fanciers of Western Canada, all of whom were intensely interested in learning of the new proposals that were being discussed and which, when they became operative, would mean so much in connecting West and East and in keeping the whole Canadian fancy together in a manner that hitherto has been considered impossible.

PRESIDENT'S LETTER.

(Continued from page 44)

to add at least twenty pages of advertising. In view of the fact that our advertising constituency is strictly limited, it was felt that this could not readily be done at the present time, and I feel sure that the vast majority of our members will appreciate this fact.

It was also pointed out by the Committee that a member of the C.K.C. pays $4.00 fee per year, for which he receives the following:

Kennel and Bench.
The Annual Studbook.
Registrations cost him $1.00 instead of $2.00.
Transfers cost him 25c. instead of 50c.
Registration of Kennel name costs him $5.00 instead of $10.00, and Export certificates cost him 50c. instead of $1.00.

It will thus be seen that if a member registers only four dogs in a year, his membership fee has cost him nothing.

I feel sure that the members will approve of the manner in which the Directors have dealt with this question and will coincide with their decision that the time is not yet ripe for any extensive developments along the lines suggested.

Yours truly,
G. F. McFARLAND,
President.

Hamilton Kennel Club Show

By the Judge, WALTER H. REEVES, Belleville, Ont.

THE second annual show of the Hamilton Kennel Club showed a big increase in entries from last year, and the quality all through was really excellent. The venue of the show, the Armouries, is an excellent building, and on arrival I found the hard-working Secretary, Mr. A. G. Lammond, had all the arrangements well in hand. He had the invaluable assistance of Mr. R. P. Sparkes as superintendent. Mr. C. E. Davey, the President, was ever willing to lend a willing hand, and in Messrs. Greenwood and Bruce I had two most capable stewards. Bulldogs were first in the ring, and I must say I was somewhat disappointed at the quality of the dogs, Mr. T. Rogers' compact and shapely brindle bitch, Berrington Lass, having, to my way of thinking, no difficulty in securing the special for best. The Vashi Kennels could not possibly be denied in Russian Wolfhounds, Bert Swann, as usual, handling Int. Ch. Galaroff of Valley Farm and Int. Ch. Princess Orloff to the very best advantage, the dog I have always considered one of the very best of her variety I have seen. Airedales were fair. Davey's terrier, Ring Masters Laddie, a compact, shapely terrier, who would be improved with a little more hair on his legs, was closely pressed by Handy's Norway Controller, who would look better if shown a little heavier in flesh and with more coat. Colman's went through the bitch classes with a very fair terrier in Wrightville Sunray. Some very useful collies were competing, but Getty's typical Ch. Agamah Chieftain did not have to extend himself as his nearest opponent, Lockhart's Stylish Link, is an unfurnished puppy of much merit in head. Levine was also exhibiting a more than promising puppy named Pineredge-Picador, on the day somewhat bitchy, but a good fault at his age. Alsatians, as usual, were mixed in type. Davey was exhibiting a promising black and tan puppy in Bello. In open the free-moving and well-built Alpha V. Krone exhibited by Loveridge had the call in quality over Steylich's Arebert Von Der Keahenursel, and Loveridge was successful again in bitches with the aid of Roxawana of Kaslo. Cole's now famous bull terrier, Coolridge Lilly White could not possibly be denied in her class if she had only been shown a little lighter in condition. She could have made things interesting when competing for the special for best of all breeds. The Bostons were good all through, the competition being closely contested. Mrs. Daley's Ch. Jabs King Int. had no difficulty in gaining winners in dogs, and Bert Swann, with his clever handling, snatched a win in bitches with Floods Little Highway Kid. A local exhibitor, C. L. Mewburn, secured both winners in smooth Fox Terriers with the aid of Prides Hill Resultant and Clapton Fonteen, a couple of extremely smart terriers. Wires were strong classes, the Ormsby's, on account of their lack of coat, having to play second fiddle for once. By the time of the Sesqui Show, Harry Armestead should have his charges looking as they usually do and then a different story will have to be written. Lewis' Warily Gang Leader, a hound-marked, compact little terrier, immensely improved, caught Ormsby Rainbow shy of coat and could not be denied, and in bitches T. Grimshaw Benson Show Girl, a compact, well coated terrier, a little strong in skull, held a big advantage in condition over that beautiful little bitch, Ormsby Homeless Star. The Walnut Kennels had fairly easy wins in Sealyhams with Self Starter and Flornell Rose Marie. E. Chevrier's Irish terrier, Irencrest Commander, admirably handled by Geo. Kynoch, had the pull in coat and head properties over McVeigh's Mendan Double Cross. The latter, however, gained the special with that good terrier, Ch. Irish Rose, who is somewhat overdone in size. The best of the Scottish terriers were Dr. McKellar's Ch. Tullibardine and B. Robertson's Albownie Ruby. Pomeranians were extremely interesting classes, the quality all through being far above the average. Jos. Greenwood's Int. Ch. Glenrose Flashaway looking extremely well, could not possibly be denied, his nearest opponent being that neat little Pom., Mrs. Bruce's Chiswick Gold Boy. Mrs. Bruce was distinctly unlucky with Melbourne Starlight, one of the best of his color I have seen, unfortunately he would not show, and after waiting some time I asked Mrs. Bruce to take him out. He is far too good to be given a minor position. J. T. Waggett was exhibiting a couple of very neat sables in Chadwicks Floss and Arndale Firelight. Taken all through, the quality in the Pekes was superior to any of the other varieties.

Now an International Champion — Int. Ch. Glenrose Flashaway, Property of Jos. Greenwood, Beamsville, Ont.

The specials proved most interesting. Jos. Greenwood's Pom, Int. Ch. Glenrose Flashaway, in much better form than when he gained the special at New York for the best Toy, had by no means an easy win to get in front of E. Chevrier's beautiful Springer, Int. Champion, Marvel of Avondale, who just at the critical moment appeared a little listless. The Canadian Kennel Club's cup I therefore awarded to the Pom; and the Hamilton Kennel Club special for best of opposite sex went to the Springer, who also gained the special offered by the club for next best to C.K.C. cup. R. M. Lewis' Wire Fox Terrier, Warily Gang Leader, captured the special for best of opposite sex. The special offered for best shown by a lady was awarded to Mrs. Bruce, with her Pom, Cheswick Gold Boy.

Has Canada again missed her opportunity? I was talking to several owners of our leading dogs at Hamilton and was more than surprised to hear that they were not showing at the American Kennel Club Show—surely a chance to show our friends across the border what we were breeding in Canada should not have been missed. I sin-

cerely hope that a good showing of Canadian dogs will be competing, but I know of at least two of the best ever produced in Canada that will not be competing.

I am indeed sorry to have to announce that my old friend, H. Hungerford, is still far from well. He was obliged to give up his trip to Nova Scotia by his doctor's orders. I know I am only voicing the wishes of the whole fancy when I wish him a speedy recovery.

All Aboard on the Vancouver Express

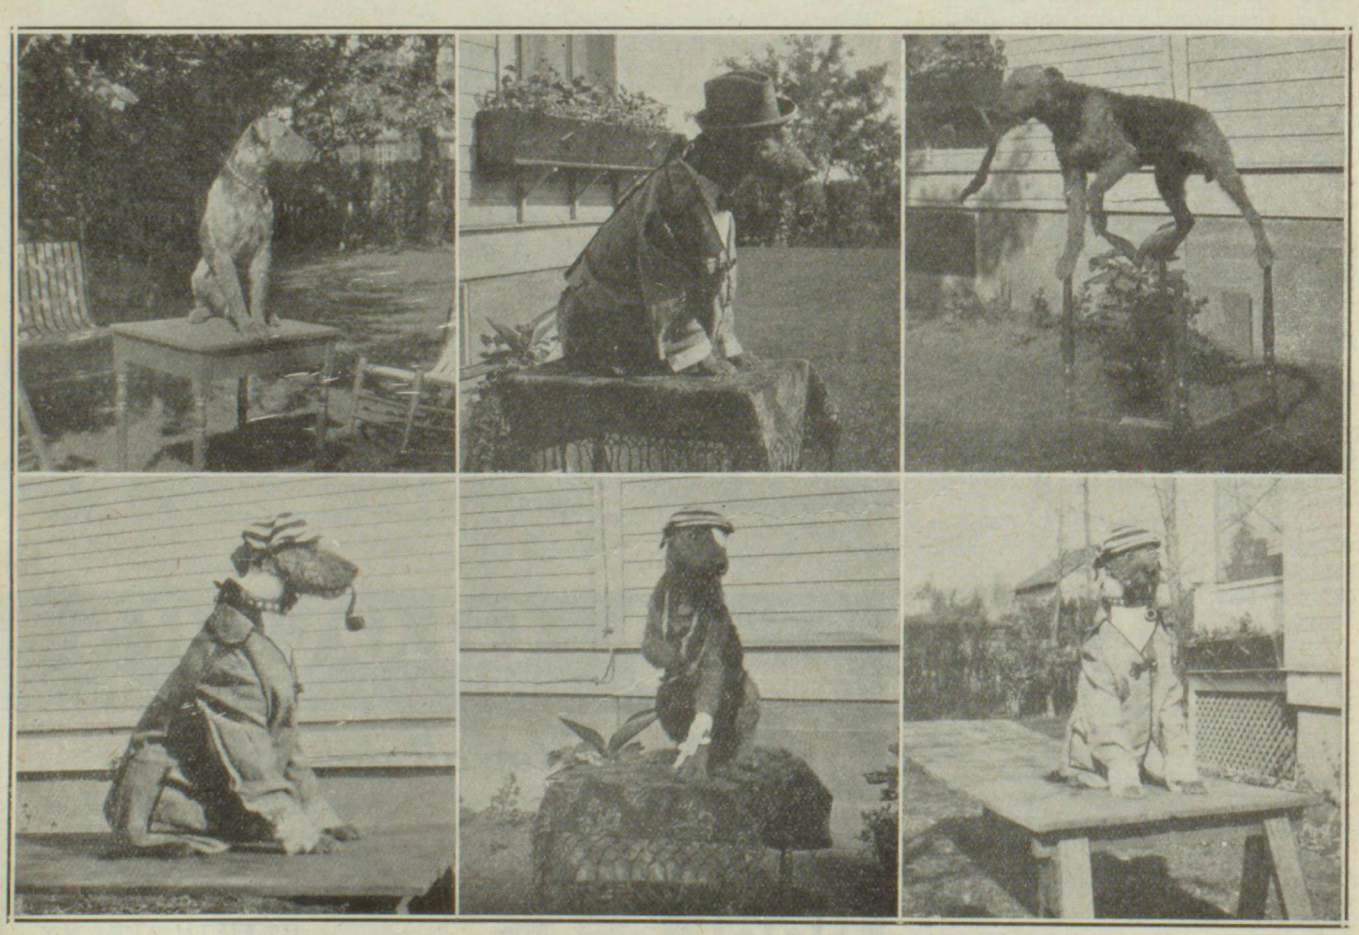

By JAMES D. STRACHAN

It was indeed a pleasure to meet Jack Miller and our older friend, E. D. Adams, real men these, and capable of doing marvellous things for the game in Alberta.

It was only with a grudge that we pulled out of Calgary for a few days at Banff, that wonderful little town set like a nest in the hollow of God's own hand and surrounded by mountains that have existed perhaps since the beginning of time itself. As we have said elsewhere, our visit to Banff furnished sufficient copy of interest to make a special article in itself, we will not dwell on our visit there any longer now, but Banff is wonderful, and the good people we met there so purely accidental were marvellously kind to "ye editor," a complete stranger to them all.

Then, the schedule said I was due to appear at Edmonton and in due course I arrived there fit as a fiddle and ready to take in everything that was on the bill-of-fare in that city, and it was just as well for me that I had been at Banff for those few remarkable days.

The Edmonton Dog Fanciers' Association are a live bunch and they have been referred to elsewhere in Kennel and Bench. So we will not cover that ground a second time now. The fanciers there held a complimentary banquet and dance, at which I was the guest of honor. About 100 fanciers sat around the tables that were laden down with a repast that was truly Western and fit for any king, there being no place on top of the earth in Western Canada for the dead or dying like. This repast soon became only a memory. The story that I had brought to our Western members was told quite frankly and was well received by all concerned. At the conclusion of my address the meeting was thrown open for discussion and the airing of any grievances that might exist amongst the members. Many questions were asked and answered, and in time the atmosphere cleared sufficiently to allow the chairman, Mr. Harry Nash, to order the tables removed and the band to tickle the toes of the dancing fraternity present. This was but the work of a few moments and almost at once the waltz was on. An editor has other worries to harass him than dancing, and therefore he seldom ever becomes an expert at the science, and so it came to be that when this scribe in an apologetic tone of voice said to his partner, "Pardon me, lady, but I'm sure I'm standing on your feet." And I leave it to my readers to imagine my relief when she purred into my deaf ear those sweetly soothing words, "Oh, that's all right, Mr. Secretary, sometimes I stand on them myself." Anyway, that was a real dance. The pepper and ginger of that happy bunch made dancing at the close of a very hot day a real pleasure. I learned a lot regarding the intricacies of the fox trot at this particular luncheon that stood me in good stead for many similar events that followed on later, so much so that by the time I got to Vancouver I was quite an expert—of course, this feeling may only have been founded on vanity alone, but I will say this, however, I have never been accused of standing on any part-

On page 19 of our last issue we told our readers that we had a series of six pictures showing Mr. A. Halkett's trick Airedale doing his stuff. We hadn't time to get the cut made, but here it is now. As a trick dog he is a scream.

ner's feet since then—and I'm touching wood right now.

It's all right to lightly skip over the smooth surface of pleasure, but before taking good-by of Edmonton and its kindness to the Canadian Kennel Club's representative, some facts must be faced. There is plenty of room at Edmonton for improvements. There seems to be a lack of harmony amongst the members and would-be members of the Edmonton Dog Fanciers' Association. A division of what could be a powerful effort is quite discernable, and of course it is to be regretted. It was openly stated that the president and secretary of the Association were not members of the Canadian Kennel Club and were not at all in sympathy with those members of the Association who were members of the C.K.C. And if this was true it would surely be most regrettable. However, happily, the secretary is now a member of the Canadian Kennel Club, and the president, who is an old-time member, will no doubt soon renew his affiliation with us, and if the good fanciers of Edmonton will only come together and work in harmony, the Edmonton Dog Fanciers' Association may become quite one of the most active clubs in Western Canada.

Another thing that I regretted to find was the double-deck benching arrangements. This is a veritable danger and may easily lead to unnecessary trouble. Imagine the owner of a dog of the smaller breeds having to stand up in front of an excited specimen of the larger breeds and take the upper dog down for exercising or ring requirements and whilst engaged in this very necessary task he —or she—is bitten by the dog underneath. I simply hate to think of what the extent of the accident might be, or to think of the responsibility of the party or parties who would be held for the necessary moral or legal inquisition. By all means, Edmonton fanciers, have this danger removed. I had a chat with Mr. W. Stark, the manager of the Exhibition regarding the evils of double-deck benching and hope to bring the matter before him later on and at his invitation.

Here we met Mr. Nixon, the Edmonton agent of the Dominion Express Company, and together we visited the Edmonton Kiwanis Club, one of Western Canada's healthiest service clubs and a club that has many solid memorials to show its activities in the community. After the Kiwanis meeting, I was introduced to Mr. Helme, the general superintendent of the Dominion Express Company for Western Canada, and was impressed with the wonderful calibre and high class type of men that represented the Canadian Pacific Railway everywhere. Edmonton is all right and will be 100 per cent. perfect as soon as harmony is fully established. Come together, boys, and don't be unmindful of the old slogan—"United we stand, divided we fall."

On the train again and thank the good Lord for a C.P.R. bed, but in the night we soon reduce the 326 miles, so that in the morning we awake to find ourselves nearing good old Saskatoon, the only city in Canada whose kennel club can boast of a full-fledged King's counsellor for its secretary, and where the brewery manager is a devoted dog fancier. The city itself is bright and remarkably inviting, the streets are wonderfully decorated and at night magnificently lighted, giving the whole city a carnival appearance. Quite naturally I find myself out at the old dog show, and lo and behold, I find a benching layout which is the first of its kind I have ever seen. In an area which seems to cover a couple of acres and enclosed by a six-foot fence, but with no roof at all, there were 157 dogs benched in seeming comfort. The roof on the benches comes quite a foot over the bench proper and affords shade from the sun, but the arrangement can only be condemned entirely. The scorching hot days are always followed by chilly nights, and this system of benching seems to me to be an invitation to pneumonia for dogs not accustomed to sleeping in the open air at nights. No doubt a suitable building will be secured for next year's show, and whilst I have the seat of judgment for the moment, we must take the condemnation further and embrace the inexcusable practice of having puppies of tender age within the precincts of the dog show. If fanciers are sincere in their belief that the puppy class should be confined to dogs between the ages of 6 and 12 months, so that the baby puppies may be saved from the dog show dangers—distemper and pneumonia—then why, in the name of common sense, tolerate the tiny puppies—some of them still suckling—at the dog shows? There can only be the excuse of commercialism behind the practice, and a show-giving club whose superintendent allows underaged puppies inside his show building should be fined at least $100.00. It is a shame that I should break out on this subject at Saskatoon particularly, because the practice is more or less general, and the only excuse that I offer is this: The evil is a known evil, for it there can be no excusing, and I might as well introduce it here as anywhere else, and I will do all that one man can do to have it stamped out in its entirety. Give the young puppies a fair chance to live!

Here I met George A. Cranfield of Santa Monica, California, who was the judge of the show—and, by the way, George is now a member of the Canadian Kennel Club. He had an entry of 157 dogs benched and was most painstaking in his work, so much so that there was very little complaints aired around the ringside.

On the third day the club was the guest of the Exhibition directors at luncheon, and the manager and secretary of the Fair were present and spoke of the whole-hearted relationship that existed between the Kennel Club and the Exhibition Board. It was quite apparent that the relationship was a real proposition and I felt that almost anything reasonable required by the Kennel Club would not be hard to get, hence my belief that a regular building will be at the disposal of the club for its next dog show. Saskatoon has a good club and at its head is Dr. J. T. Cooper, who in turn has a wonderful lot of fanciers behind him and everyone from H. L. Jordan, K.C., the club's untiring secretary, to the very last member, is a worker for the club and most enthusiastic regarding its welfare. I did enjoy my visit to this young progressive city, and it was with reluctance that my schedule obliged me to bid the Saskatoon fanciers adieu. I left with only one regret and that was the trimming I got at the old rummy game held at "Donnie" Samson's hospitable home. Some day, however, I will be going back there to equalize things up somewhat and so square the account—until then I cannot quite forgive my associates in the game for the razzing they gave me on that and other memorable occasions.

KENNEL AND BENCH

25 Melinda St. - Toronto 2

AMHERST (N.S.) DOG SHOW

Amherst show is of the younger generation if age is considered, but in every other way it was quite an event, and when the geographical location is remembered, it is astonishing to find that 152 dogs were actually benched for our Maritime Province director, Mr. W. W. Laskey of Fredericton, to pass his official rule upon. In order that there would be no hitches at the show, the judge's brother—the redoubtable "Bobbie R." —was retained to act as show superintendent and the returns to head office show that he was right on to his job and that he was the right man in the correct place. The catalogue just shows Bobbie's picture on every page, as for instance his admonitions to the exhibitors, such as "Spectators pay admission to see all the dogs—**yours too,**" and **"Attention—Be sure** your dog is **properly fastened** to his bench before leaving him." At the danger of repeating himself, he says: "During the hours of judging all dogs except the breed being called for by the ring steward or superintendent **must be in their proper stall or bench."**

All this is good advice and it is just the enforcing of these rules rigidly that brings to the dog show superintendent the respect of the fanciers generally. We hope to receive a report on this show, and in fact the circuit of which this fixture was one, from Mr. Laskey, and because of that we now proceed to give the awards without further comment. PETERBORO DOG SHOW

It was the third show to be given by this go-ahead town and was a feature of its Industrial Exhibition. A three-day license had been issued by the governing body, but it is now history that the judging was delayed until noon of the second day in order that the exhibitors coming from London would not be disappointed. Fortunately the judge, Mr. "Bob" Ross, can hustle along at a smart clip when he has to, and only because of his speed was the show brought to a close within the time limit. In the rush he was ably supported by a band of Peterboro's hustling officers, who kept the dogs coming in and going out in a steady march. Chairman W. S. Merrill, who might be termed Peterboro's oldest-youngest dog show supporter, kept the pace up that the others were expected to follow and before the end of the show a tired but happy bunch of workers were ready to say "we won again." Just the same, the arrangement was bad, and next year a better adjustment of dates must be made in plain justice to the exhibitions and to the exhibitors alike.

Two hundred and thirty-eight dogs were benched and two championship points were earned. The quality of the dogs shown this year was a marked improvement over those benched in 1924 and 1925, and many of the Peterboro garden variety of purps were left to their own yards for a change. This was a step in the right direction, as benches padded with "just ordinar'" specimens may help the points grow, but on the other hand they can only hurt a show that wishes to let their patrons see what real dogs look like. Like all former Peterboro fixtures, the visiting fanciers were well cared for by the same old brace, "Billy" Merrill and Herb Routley, a winning brace in their community. D. E. Jackson, the secretary, is a real "bearer of burden" and "work" is his middle name. He contributed a man's share of devotion in the interests of the show. Many dogs completed their championships, and of course particulars of these will appear in our regular columns in this and subsequent issues of Kennel and Bench.

PETERBORO TROPHIES

New Westminster Exhibition Dog Show

(Special to Kennel and Bench by the Judge, Mr. N. K. Swire)

Up to the present time there has been no dog show just so successful or so well managed by the fanciers of New Westminster as that which took place on Sept. 6th, 7th and 8th.

This show was held in conjunction with the Provincial Exhibition in the beautiful Fair Grounds of Queen's Park. The building throughout the entire show was kept completely sanitary and was well ventilated, but it was far too small for the number of dogs benched, and it was difficult for the stewards and the exhibitors to get their exhibits into the ring with such a multitude of interested spectators as were present.

The record entry, combined with the excellent management and the keen interest of the public, should be an incentive to the enterprizing Fair Board to provide for better accommodation in the future for the dog show.

It is about six years ago since I judged a show in B.C., and I noticed a vast improvement in the quality and number of the exhibits. Another thing that impressed me was the good sportsmanship and general harmony that prevailed amongst the officials and exhibitors. It was indeed a pleasure to officiate under such ideal conditions.

Archie Hogg, as Superintendent, was the right man in the right place. He knows the dog game from A to Z, and worked hard and long. Archie is highly respected by all and is a valuable asset to the fancy in his province.

Dr. W. G. Ballard, as Veterinarian, carried out his duties in a very capable manner, and I cannot speak too highly of the excellent services of the ring stewards. Pete McLaughlin and W. T. Squelch both stuck to their task from start to finish and their work was well done.

Great credit is also due to the ladies for the way they worked in helping to bring the show to such a successful issue and to the "man behind the guns," the secretary, W. W. Steeves, "Well done thou good and faithful servant." His work is before, at, and after the show, and he did his work well.

The number of dogs benched warranted a 4 point rating, and I was informed that several of the exhibits completed their championship at this show.

Toys were few in numbers but of average quality. In Pekes, the Winners dog was owned by that staunch fancier, G. L. Stock. He was easily the best, possessing the right type of head, good bone and sound. His nearest rival was Hei Poo of Ashmond, a good headed, dark brindle dog, who lost to the above in coat and condition.

The two outstanding exhibits in Pomeranians were a pair of typical little blacks bred and owned by W. White, who put his charges down to perfection. The Winners dog beat his kennel mate for Best of Breed by a narrow margin, being slightly better in coat and condition.

The best of the two Brussel Griffons shown was Edmonds Fudge Toffee. She is a typical little bitch with good head, cobby body covered with a good colored coat of the right texture and should do a lot of winning. Humble Gyp was the only specimen in the Toy Black and Tans worthy of mention.

Whippets—Best of Breed in this popular racing variety went to Cora Boose, a high-class brindle and white female who beat the Winners dog in front, feet, and general conformation.

Dougal of Fairhaven was the only W.H.W. Terrier we need mention, and he could be improved in coat and color, otherwise good.

Scotch Terriers—Best of Breed to Ellwyn Chief, a scottie of the right size and type. Berkie, the Reserve Winner, possesses a good head with dark eye and a good front, loses to winner in coat and size. The Winner bitch is a very useful type.

Smooth Fox Terriers were very fair. Avon Reckoner, the Winners dog, is a well balanced terrier of the correct size, wonderful body, good legs and feet, could be improved in head; most of his opponents were rather rangy and leggy. Bitches were a trifle better than the dogs, being more uniform in size and type. Little Girl Gleeful was Winners and Best of Breed. She is all quality and won easily, her long, clean head with dark eye and nicely placed ears combined with her size, type and style could not be overlooked. There were several other good females in this section.

I noticed a marked improvement in the Wires since my last visit to the coast. The majority of them were put down in A1 condition and had the real harsh texture of coat. Out of the 33 exhibits I picked out Oldcliffe Gingerback as the best. She is the right size and every inch a terrier; was put down in tip-top condition and shown to advantage. Tinker Boy, the Winners dog, is a real classy youngster, and was cleverly handled. He owns a long, clean head, with small dark eye, nice neck and shoulders. He had the right class of coat but not quite enough of it. Should do a lot of winning. There were several other good specimens worthy of special mention, but space forbids. I cannot pass, however, without congratulating the handlers for the splendid condition and most capable manner in which the dogs were put down and handled.

In Irish Terriers, the Winner and Reserve Winners dogs were both bred and owned by Dr. T. R. Hoggan. They are much alike in size, type and color, the winner being better in head and shorter in back.

Very little separated the Winner and Reserve Winner in Airedale dogs, Killarney Kimms Laddie and Bobbie Burns, the former just scored in coat and condition. Juliet was easily the best bitch. With a little more pep and a better coat she could do a lot of winning.

I was more than pleased with the all-round quality and type of the 27 Bulldogs shown, there being very few poor ones amongst them. Dr. Sleeth exhibited eight of his well-known "Kingsway" bulldogs, and these were a show in themselves. His dog, White Ambassador, went to Winners with Keystone Duke reserve, the former being more typey and better in head. The Winners bitch, Kingsway White Maid, had matters all her own way, being easily the best. Next in order came Kilburn Thistle, a white pied bitch with grand body, bone and sound. Would like to see her head a shade larger. The two Winners, along with Ch. Kingsway My Reverie and Ch. Sandy McNab, came in for best of breed special. After going over these four good specimens, I picked out "My Reverie" as the best. She is all quality and sound, and scored over the rest in type, front, lowness to ground, cobbiness and has a natural roach. In all she is a hard bitch to fault and ranks amongst the best I have seen for many a long day.

Dr. Sleeth's well-known Bull bitch, Ch. Kingsway My Reverie, won the C.K.C. cup for best dog or bitch in show, and a handsome cup donated by Archie Hogg for best of opposite sex went to the Bulldog, Ch. Sandy McNab.

Boston Terriers were a small but select group and very little divided some of the placings, the closest contest being between Playfair Lord Fi Fi and Intruder II. The former won by being a shade better in head and expression and a more pleasing color. I was much impressed with a little dog named I'm the King. He is a clean-cut, stylish little fellow and with better marking could do a mighty lot of winning. Principe Nellie, the Winners bitch, and a good young female named Lady Be Good were the best amongst the opposite sex.

French Bulldogs were just fair. Lamartas Wrinkles, the Winners dog, was beaten for best of breed by Schmidt's Flearette. She is more cobby and compact and is better in finish of face.

Only two Bull Terreirs were shown. Molly, the winner, is a very nice specimen with no glaring faults. She defeated her rival, Ch. Philander Countess II in almost every point that counts in the make-up of a Bull Terrier.

There were some close contests amongst the twenty-two Collies entered. Lochabar Lanchester and Lochabar Leon held sway amongst the males, the former being better in head, bone and condition. Winners bitches to Lochabar Laurie, Reserve to Duplex Patricia, a pair of nice females and well shown. Very little separated them. The winner scored in size and ear carriage.

About five carrying the prefix Ch. were entered for Specials. Out of these and the above-mentioned Winners, I selected Ch. Brunswick Bob as the best. He is a tri-color with intense type. Was carrying a good coat, was sound and well shown.

Cocker Spaniels were a nice, useful bunch. Best of Breed went to Oates' Daybreak, a well-balanced black with no glaring faults, built on real working lines and better in muzzle, skull, eye and coat than the Reserve dog, Matlock Billy. He, too, has many outstanding Cocker qualities. The best female was Moore's Cameo, a sound black, who corresponds closely to the present-day standard. She has a wonderful head, nice expression, well placed ears, grand neck and shoulders, and in tip-top condition. Her nearest rival in blacks was another very nice bitch named Matlock Utopia. The well-known Moore Kennels also carried off Winners in parti-colors with specimens that are in keeping with this noted establishment. Ottawa Helen, a very useful stamp, was best female, and Sunny Boy best male, a very promising and sound youngster.

Cheshire Mack, a very typical Irish Water Spaniel, was Winners dogs, but was beaten for Breed Special by the bitch, Lady Bessie, who was better in eye, coat and action.

One lone Retriever was the only representative of this useful breed. He was a good one and worthy of mention.

The best Irish Setter was a youngster named Sun Baby. She is teeming with quality and I predict big things from her when matured. I was also much impressed with a Gordon by the name of Ch. Tango, a very handsome dog of the right type and color.

Credentials Superfine, the Winners dog in the English Setters, was a lemon ticked dog, built on the right lines, and was shown to perfection. He was, however, beaten for Best of Breed by Principe Bonnie, a beautiful headed female with nice neck, shoulders, legs and feet, and put down fit.

My choice in Russian Wolfhounds was Ch. Pola of Bellcouver, a high-class female wtih a long, clean head, deep brisket, nice roach and sound back and front. A little more coat would improve her. Reserve to her was her kennel mate, Zaracina of Bellcouver, another good one, but lost to Winner in head and conformation. The best dog in this section was Katiaka, a big, handsome hound who was put down in wonderful condition and carrying a good coat, beating the Reserve dog in depth of brisket, roach and soundness.

Sir Wallace was the only entry in Newfoundlands. He is a big, handsome fellow, wonderfully sound, immense bone and well-balanced all over.

Great Danes were few, but of good quality. Mick, the Winners dog, just beat Gilmore Boy on maturity. I like the latter very much and when ready he will do a lot of winning. Best of Breed went to Rhodesia Diadem, a beautiful built female with a grand head and sound.

Alsatians, with fifteen enries, made a nice showing, the outstanding one being Con Dor's Fraulein of Tannenhorst, a real high-class female that is hard to fault and can hold her own in any company. She was put down fit and outclassed the remainder by a mile.

Chesapeake Bays were numerous and good, very uniform in type, size and color.

The remaining varieties call for no comment. Despite the fact that in a few cases Winners prizes were withheld for lack of merit, the all round quality of the dogs shown was of a high order.

In conclusion, I wish to express my sincere thanks to all those who made it possible for me to spend such an enjoyable time during this, my second visit to the coast.

A review of the good fanciers I met and the good dogs I saw may appear in a later issue, providing our genial Editor does not give it "the gate."

(Like yourself, Mr. Judge, we give no good dog "the gate" until we have looked him carefully over. Then, if he qualifies, he surely gets the ribbon to show our approbation—send in your copy—Ed.)

All Terrier Club of Canada Group Show

When the powers behind the All Terrier Club of Canada decide upon anything, they decide that whatever is to be done must be done right or not at all. As the name implies the club caters to all the popular members of the Terrier family and for this show Airedales, Sealyhams, Bostons, Fox Terriers (both coats), Cairns, Irish and Scotch, made up the show, and as might well be expected the wires made the largest entry. Twenty-eight special prizes were offered so that the best specimens found that the offerings of the premium list were quite generous. Our Manitoba director, George Kynoch, is at the head of this vigorous club, and for his henchmen he had many of Winnipeg's best workers, making this the fifth show to be held a decided success.

Wm. H. Chadderton, the club's secretary, was in charge of the arrangements and his executive gave him all the support that he asked for. Tom Murray was an excellent and courteous ring steward, and the judge, Wm. F. Livesey, of Madison, N.J., fresh from his Regina engagement, gave general satisfaction when awarding his ribbons and our award columns will show where he found his best specimens, 87 of which were benched for his approval by 55 exhibitors.

Following are the awards:

HONORING OLD FRIEND HARRY LACY

Fifty years is a long time in any language and in connection with almost any topic and when the half-century concerns the sport of breeding and showing dogs, particularly in the United States, it stretches out to span practically the entire history of the subject. Many are the breeds which have been born, have come to popularity and have passed again to comparative obscurity during that time.

There is, in Boston, a veteran of the veterans in this sport whose experience spans the half-century and his name is Harry W. Lacy. In recognition of his devotion to the cause of the advancement of dogs, he is to be given a complimentary dinner and purse on Nov. 5 at the Boston Athletic Association by the Eastern Dog Club and by other friends of dogs in Boston and the vicinity. The committee in charge announces that all men interested in dogs and their advancement will be welcome to have their share in honoring the veteran fancier and critic and may do so by making application to T. D. Smith at 68 Devonshire street.

George S. West is acting as chairman of the committee in charge of arrangements and with him are associated Mr. Smith as secretary, Bayard Tuckerman, Jr., Bayard Warren, Charles H. Tyler, Q. A. S. McKean and William Prescott Wolcott. It is expected that leaders in the dog game from many sections of the country will be present.

For fifty years, or thereabouts, Mr. Lacy, who is editor of the American Fancier and Stock Keeper, has been interested in dogs as judge, editor and reporter of shows and field trials. For years he reported field trials in the West and all his life has constant interest and love has been dogs. Probably his experience in this way has been unique among dog owners and dog lovers and his acquaintance among the so-called sporting fraternity interested in dogs is probably wider than anyone living to-day in America. During his many years in the sport he has judged and bred dogs of many breeds and has written innumerable columns about them.

Although he was born in New York, Mr. Lacy was raised in Yorkshire, England, where the variety of sport with horse, dog and gun was not excelled by any other section of the British Isles. His father was one of the most prominent breeders and exhibitors of horses, dogs and poultry fifty years ago in England, and no one has had more opportunity than he to become a thorough judge of all animals. More than that, his constant interest in shows and in exhibitors and his uniformly genial nature has earned for him thousands of friends. In the dog world Mr. Lacy is known as one of those rare individuals who may go through this world without making enemies and at the same time retaining the ability to express frankly opinions, both orally and in writings.

"Canada, too, is another place where Mr. Lacy is well known and where he has hosts of friends and staunch admirers, and it is more than likely that there will be a goodly representation of Canadian dogmen present at the Boston Athletic Association on November 5th."—Ed.

HARRY LACY

Always a friend to all Canadian fanciers every day, and beloved of all Canadians of the older and younger schools.

KINGSWAY BULLDOGS AT NEW WESTMINSTER SHOW.

The Kingsway Bulldogs were again in the limelight at New Westminster last month, when Ch. Kingsway Man-O'-War — on the benches for exhibition only — had the pleasure of seeing his daughter, Ch. Kingsway My Reverie, placed best in show, all breeds; his son, Ch. Sandy McNab, best opposite sex, all breeds; and another son, Ch. White Ambassador, Winners dogs. The old producer of champions was quite upset because he was not taken into the ring himself, as he felt that he was just as good as any of his brilliant family on the day, and as he was rummaging over in his mind the history his family was making at the show, it was a fresh surprise to the old boy to be told that his daughter, Kingsway White Maid, had also gone to Winners, and so had started in the championship race too. There are others coming along by Ch. Kingsway Man-O'-War that will continue to carry the Kingsway colors still further along.

Whilst mentioning the Kingsway successes at this show, it is opportune to mention also the great changes taking place at the Kingsway Kennels at Burnaby, B.C. Here, Dr. T. E. Sleeth, the owner, is elaborating on an already elaborate kennel plant and is spending a great amount of money in kennel extensions, which, when completed, will make the Kingsway Boarding Kennel the outstanding boarding kennel in Canada, if not, indeed, on the American continent. Nothing known to modern kennel science is being overlooked in making the establishment measure up to Dr. Sleeth's ideal. Near the kennels is Dr. Sleeth's home, and there Mrs. Sleeth is superintendent by her own desire, and a more charming kennel superintendent we have never met, so between the doctor and his good wife, Burnaby will be the home of an ideal boarding kennel, and at the head of the canines is the old king, Ch. Kingsway Man-O'-War himself.

NOMINATING.

Now that we are all in step let us nominate our officers in all sincerity.

PRINCE ALBERT KENNEL CLUB SHOW

This was the first show to be held by the Prince Albert Kennel Club and less than 100 dogs were benched. However, that number benched was quite a compliment to the Prince Albert Exhibition and also to the Prince Albert Kennel Club, as Saskatoon was the only near centre from which outside support could be expected, although, thanks to Regina, quite a nice entry was added to the Saskatoon dogs that were able to attend. From Saskatoon to Prince Albert it is 89 miles and from Regina to Prince Albert, it is a matter of 249 miles, and as these two cities are this show-giving club's nearest neighbors, I feel justified in claiming that the show was a success for my own part, and in order to be present at the invitation of those responsible for the show, I was obliged to travel just exactly 1,236 miles for that show alone. That isn't so very far when one says it quickly, but travel that distance and you know you've been on the road. I enjoyed the show, too, for many reasons, several of which were: meeting the very few men who had nerve enough to see the possibility of holding the show; meeting Frank H. Walsh, who judged the show, and, learning how important it was for me to offer every possible encouragement to those who give so freely of their time and their effort to make a show possible, with so many natural drawbacks. George Kynoch's entry had returned to Winnipeg, the five-day stop over from Regina being too much to expect of his string after so strenuous a circuit as they had finished at Regina.

Secretary G. Eggleston deserves a Victoria Cross for his valor in connection with the first show at Prince Albert, but instead he writes quite enthusiastically: "Already there is a demand for good dogs here, and I am encouraged by the promise of plenty of help in putting on our next fixture." And right here I would say, "If a demand for dogs comes from Prince Albert, for goodness sake send some good ones. These men who are stirring things up there are depending on our support; give them better than the even break and so encourage them in their work." The superintendent was H. Barr and our Cocker Spaniel fanciers will remember that one of his Cockers came to the Canadian National several years ago and topped the lot there, and it was a privilege to meet this enthusiastic fancier and to find him as keen as ever for dogdom.

WHAT ABOUT IT, FELLOWS?

"There is one thing I cannot understand about your upper province fanciers, and it is this: When are they going to become alive to the fact that it is hurting the dog game and themselves in shipping so many "mutts" down east, and thinking they can continue doing it and get away with it. I could name quite a few specific instances where our fanciers have sent away their good money thinking to get something real, but only to receive very poor specimens. I am speaking in general terms, however, as I know dog men are not all alike and that there are some honest dealers."

Now Kennel and Bench has always preached the doctrine of giving the prospective purchaser the best end of a deal; give your customer more than an even break, it is not at all likely that when he buys a dog that he is going to be off the market for all time to come, rather the chances are that he is going to buy more dogs. But even suppose that he will not be buying more than the one he bought from you, his friends are going to see that dog you sent, and they are going to ask your customer where he got his dog, and he—if he is satisfied—is going to say: "I got that one from Bill Smith, of Toronto, and Bill is a real guy to buy dogs from," and that is where you come in the second

time and probably many times. It is always a short-sighted policy to "do" your clients, they can only be "done" once—so what's the use?

Kennel and Bench has never interfered in the buying and selling of dogs, but Kennel and Bench will always be glad to advise intending purchasers regarding the bona fides of any of its advertisers and in this way endeavor to make our receiving a letter such as the one we have just quoted, an impossibility.

THIS READER IS ALL WRONG.

A reader has asked us how it came to be that Mr. Harry Hungerford, of Belleville, Ont., was able to pass judgments on **his own dogs,** when he judged Collies at the National Kennel Club Show at Toronto recently. And no doubt this reader is quite sincere when making his remarkable query. Although an experienced exhibitor would know that such a procedure would not be favored in view of our Dog Show Rule 15, Section 3, which reads: **"Any person acting as a judge at a show, held under these rules, shall not exhibit for competition nor act as an agent or handler at such show; and the penalty for violation shall be suspension for one year, and cancellation if all wins made by him or her at such show."**

As a matter of fact, and of fairness to Mr. Hungerford, possibly we should explain the situation here. Dr. C. Ford was to have judged the breed, but Dr. Ford is a globe trotter of distinction and he is not always to be found when his friends expect him to be when they want him, and that is what happened last fall. On the day of the show alternate judges were spoken of, but naturally Mr. Hungerford was the logical choice—and who knows them better in this country?

Mr. Hungerford was not at all enthused over his appointment; he would much rather have filled the part of an exhibitor on the day, but, like the good sportsman that he is, he waived his right to be judged, in order that he himself might judge and incidentally help the National Kennel Club out of an awkward position. Mr. Hungerford is too big a man to judge his own dogs when others would be in competition with him. He is a great "kidder," however, and he may have "kidded" somebody on this occasion. However, his own dogs were withdrawn from competition when he advised the National Kennel Club officials that he would "do the job."

When speaking of the foregoing, we notice that Mr. Hungerford has raised the stud fee of his wonderful producing Collie, "The Mountaineer," to $100.00. Why this has been done we do not profess to know, but feel sure that if a Collie fancier has the proper blood in his females, and is desirous of improving the Collie, he will find Mr. Hungerford ready to co-operate with him to almost any extent, for if the owner of the "Mountaineer" parfix has any real hobby, it is "Collies of the better type;" and he realizes that in "The Mountaineer" he has the most consistent producer that ever graced the old kennel name.

CHAMPION IRISH SETTER IN A NEW ROLE

Romulus and Remus were suckled by a wolf—and see what a city Rome was in ancient days!

Cat-nip, Cat-nap and Cat-chup, lion cubs born four days ago to Mr. and Mrs. Simba of the Oakland zoo, yesterday took with the same content to their foster mother, a champion Irish setter.

Four days ago, through the auspices of Mr. and Mrs. Simba, late of Africa but now permanent residents of this city, the three cubs were presented to admiring Oakland citizens. Mrs. Simba, however, played the part of an unappreciative mother. The reason, according to Joe W. Huppert, keeper of the zoo, and Miss Nydine Snow, whose father brought the parents to Oakland, cannot be explained. But Mrs. Simba's recalcitrance continued — she neglected her offspring, would not give them proper nourishment; in fact, had it not been for the bars of their Sequoia Park home, would have been guilty of absolute abandonment.

Cat-nip, Cat-nap and Cat-chup were becoming thin, starving for mother love and mother milk. Keeper Huppert and Mrs. Huppert did their best with canned milk and with bottles and nipples and all that sort of thing. But the cubs did not respond.

Hearing of the situation, Mrs. N. L. Nannetti of Alameda, whose champion Irish setters have won many prizes over the United States, came to the rescue. Her Champion, "Red Comet O'Shagstone," had recently brought into the world a litter of fourteen pups, all healthy. The pups are now three weeks old, ready for weaning from the mother. Why not, then, Mrs. Nannetti asked herself, give the benefits of "Red Comet's" motherhood and mother love to the three abandoned lion cubs?

With permission of the Oakland Park Board, the keeper of the zoo and Miss Snow herself, an experiment was attempted. It was successful. The wolf may have mothered the two founders of Rome — but here in Oakland the Irish Setter mothers three lions.

"I know they will live," Mrs. Nannetti declared yesterday. "Other cubs born to the Simbas have not, but none of them was really given a mother's care. "Red Comet" is a Champion—she was named 'Best Irish Setter' in seven out of nine shows held on the Pacific Coast when she was but a year old. Since then she has been bringing more champions into the world. With clean, champion blood and with her showing already a real love for the little lions, there's every chance in the world of their growing to maturity."

According to Keeper Huppert and his wife, both setter and lion cubs took to each other at first sight.

"There's no doubt that the experiment is a wise one," said Huppert. "Other cubs born to the lions here have died, despite the care that was given them. We hate to see the cubs leave us, but we know that Mrs. Nannetti and 'Red Comet' will do their best."

OUR NEW CHAMPIONS.

"Scotia Stylo" (52206), Collie, Drs. Moyer and Moyer, Rosetown, Sask., Regina Kennel Club, 1924, 3 points; Saskatoon Kennel Club, 1926, 3 points; Edmonton Dog Fanciers' Club, 1926, 3 points; Prince Albert Kennel Club, 1926, 1 point.

"Silverdale Admiration" (unregistered), Cocker Spaniel, George Kynoch, Winnipeg, Man., Fort Garry Kennel Club, 1925, 4 points; Moose Jaw Kennel Club, 1926, 3 points; Alberta Kennel Club, 1926, 3 points.

"Silverdale Tornado" (52457), Airedale, George Kynoch, Winnipeg, Man., Vancouver Kennel Club, 1926, 4 points; Fort Garry Kennel Club, 1926, 3 points; Moose Jaw Kennel Club, 1926, 3 points.

REGINA KENNEL CLUB SHOW

To say that the Regina fixture is held by the Regina Exhibition and the detail handled by the Regina Kennel Club would be to make a misleading statement, because the only Kennel Club in Regina is more imaginary than real. True, the boys out there in Regina like to feel that they have a Kennel club and that they actually exist and function as such, and perhaps it is a shame to write so frankly on this condition of affairs at Regina, the Queen City of the Plains.

Still, the truth can do no harm, and if a vigorous Kennel Club worthy of Regina itself, of Regina Exhibition, and worthy of the dog fanciers living there, can be brought into existence now, then the purpose of this apparent chiding will have been served. At Regina there is plenty of material such as is required to make a real powerful club, and a force for the good of dogdom generally in that beautiful Western city, and a power to get behind the Exhibition's dog show. Talk will never make a club —it may help, that is quite true—action is what is needed, so let's get some action at Regina.

Norman Mackenzie, K.C., is the present influence that keeps the dog show a feature of the Fair, and for many years now he has consistently worked for its success. As his right hand man he has C. S. Keating, our Canadian Kennel Club Director for just to be generous; in such a case the head should have control of the heart, and those of us who were privileged to be with "Bill" Livesey in his off-hours, know that the old scout has the kindliest old heart in the world.

Quantity was a little off from former years and quality was much stronger. The string brought in by George Kynoch plus the Irish Water Spaniels and Chesapeake Bay dogs, plus a rattling fine couple of German Shepherd dogs lent a fine atmosphere of quality to the show. Really outstanding was the Shepherd bitch, Mira Von Hollerborn, owned by Hans Schumacher, of Regina, and if she was in perfect condition she could meet the best of her breed in any competition. It is her owner's intention to have this bitch take over maternal responsibilities, but we respectfully suggest that she be given an opportunity to first win the laurels of competition that are rightly her due.

We will have further reference to make regarding Regina elsewhere in this magazine, so we will proceed to give the awards:

SHEPHERD DOG SPECIALIST
After ten years' intensive study of breed development on the American continent, I am convinced that most disappointments and discouragements are due to one or more of the following causes:
A wrong choice of seed stock.
Lack of a definite breeding program.
Faulty kennel layout or management.
Unwise feeding.
I have decided, therefore, to make available, in a consulting capacity, to a limited number of clients whose interest is in Better Shepherds, the fruits of a wide experience in breeding and rearing Shepherd dogs (Alsatians).

HARRY HUNGERFORD ILL.

Friends of Mr. Hungerford will regret to learn that he is at present very much under the weather. With his well-known courage, he was present at the show held at Philadelphia by the American Kennel Club and judged there, when anyone looking at the man realized at once that he should have been at home and under his medical adviser's care. We trust that he will soon be restored to that measure of health that he has so long enjoyed and which made him the ideal type of he-man, that he undoubtedly is.

HIGH LIGHTS IN WHIPPET RACING

By ALFRED LOWENSTEIN, Brooklyn, N.Y.

"THEY'RE OFF!" cries the crowd at the race-track at the start of one of the turf classics of the year as the thoroughbreds fly from the barrier. Everyone tingles with excitement, men and women alike are on their toes as they watch the course of the race.

This same excitement exists at the start of a whippet race, but before you can utter the three words that signify that the start has taken place, the little flying dogs are so far underway that you instinctively change the cry of "They're off!" while the words are still on your lips to "Gee, but those little fellows certainly can travel."

There is a tremendous thrill in the pace that these little dogs make as they go racing down the track to complete the distance of 200 yards in less than 12 seconds. That's speed for you, especially when you recall that the best that man has ever done 100 yards in (just half the distance that the dogs travel), is just a shade under 10 seconds.

To see these dogs compete and note the eagerness each displays to show its heels to its racing rivals will set you to thinking how it is all brought about. Does it take years of experience and training? or whether their speed and desire to race is brought about by hardships and cruel training to make them run as they do.

But the fact of the matter is that whippets are born runners, their natural instinct is to race and they love it, for it is their fun. They inherit the spirit of competition and when they are defeated in a match they experience the same chagrin as if they were human and had lost in competition.

There is no more enthusiastic or better informed whippeter alive on the American continent than Mr. Alfred Lowenstein of Brooklyn, N.Y., and late of Toronto, where his work for the little "long tails" is still remembered.

When Mr. Lowenstein had this article printed in brochure form he took the precaution to have it copyrighted and Kennel and Bench is further indebted to him for his sanction to have "High Lights in Whippet Racing" appear this month. We sincerely trust that our whippet fanciers will find it more than useful. —Ed.

Whippets existed as a separate breed long before dog-shows were ever heard of and before pedigrees were officially kept. But they were always dogs of the nobility and the landed gentry who kept them first for the sport of coursing and later for racing purposes. For elegance of style and gracefulness there are few dogs that can equal the whippet. They are clean of habit and affectionate, yet these little fellows possess all the determination and pluck of the biggest terrier and they defend themselves in a manner all their own. They are not a fighting dog in the ordinary sense of the word, yet when attacked will snap at an opponent with such speed and celerity as to take even the most watchful by surprise. They are not as delicate as one would be led to believe by their outline and construction. They do not particularly like wet weather, but they are not a delicate dog and seldom suffer illness.

From puppyhood they like to romp and play about the house with a rag. As soon as they get their teeth they like to tuck and pull at any rag or cloth that may come within their reach. This is another inherited trait, for all their forebears have been taught to "run the rag" as the racing expression goes. When they display this fondness and determination to seize a rag while they are still only three or four weeks old it means that half the battle is won to make them run true to the rag later when their racing days begin.

Puppies are easily trained, but before taking part in an actual race should be taken to the track as a spectator. They should become acquainted with the "runners-up" who wave the rags for the dogs to run to; acustomed to the firing of the starting pistol and the running of the dogs in a race. This should be done before they become four months of age.

They have all the instinct to run and when they see an actual race they almost immediately grasp the idea of what it is all about. Being a racing dog, and being bred for generations for the sport, bloodlines will tell, therefore as the breeding of whippets for racing is really as scientific a study as that of breeding thoroughbred horses for the turf.

Training Puppies.

When puppies get to the age of about two months they should be taken for short walks. Always use a broad collar and a leash, from which they never should be released while outdoors unless on a spacious ground where they may romp for a few moments.

From the time that they are from three to four months old they should be given a short run daily to the rag. The training should begin at approximately 20 yards at first, the distance being increased to 75 yards by easy stages by the time that they are five months old and 100 yards by the time they are six months. As the puppy grows he develops a fondness for his master and the master is the one that should act as "runner-up" with the rag so that the puppy will run to him, and if the training described is faithfully followed the puppy when reaching the age of nine months should be in readiness to show his heels to any dog in his class at 100 yards.

Naturally regular exercise is necessary in addition to the actual running that the dog does. Walks on hard roads (not stone pavements as the latter are apt to split the nails which would prevent the dog from running altogether) the distance being from one to two miles daily from six months until the dog is a year old. Begin at one mile and gradually increase the distance day by day. Once the dog has his muscles hardened, preparation for future races is just a matter of simple training such as playing with a ball in an apartment or in a backyard, with a certain amount of daily walking which will not inconvenience the average dog owner and racing lover.

They are inclined to pull on the leash while walking, this being a natural habit, but should the dog begin to pull the trainer off his feet, it is time to walk him with a short leash. At no time should the dog be given opportunity to pull too hard as this often results in the dog not actually realizing his pulling strength and might lead to his not running straight and true in the tapes, which would naturally lead to his disqualification as outlined in the Racing Rules of the Whippet Club of America.

While in training the feeding of the dog should also be considered. If you will study the likes and dislikes

of your dog in the matter of food you will soon find out what he fancies most, and this should be his regular feed.

In the matter of puppies, they should be weaned at from five to six weeks after birth. Thereafter they should be fed three times a day until they are six months old, after which twice daily feeding (morning and evening) is sufficient. The morning meal should be just enough to take the edge off their appetite while the evening meal should be the heavy one. They love chopped beef and mutton, and also boiled fish. The latter, especially during the week prior to the race meet, is held to be particularly good for the dog as it is strengthening without adding weight to the animal.

Both sexes in whippets are equally strong in a racing sense, as a matter of fact a great many whippeters prefer the female, believing that the gentler sex lends itself better to training and the actual racing. Both sexes, however, are just as affectionate and just as sharp as watch dogs about the home.

Whippets as puppies can be bought most cheaply. As a matter of fact, they are as inexpensive when young as the ordinary pedigreed puppy would be, although when they are developed and show their speed on the tracks, very often tremendous sums are paid for the developed dog. Their keep is no more costly than it would be for an ordinary "mutt," and there is no dog in the world at present that would give youngsters a better sense of fairness in sportsmanship than this little dog who can be made the pal of the kiddies, and once they have started training and developing their own racers they will develop as the dogs themselves do, into stronger beings better equipped for life's battle.

Like in any other recognized sport, there are certain rules that have been evolved that the owner of the dog must obey. These rules have been laid down by sportsmen and whippet fanciers with years of experience in the game, so that the newcomer to the fancy can rest assured that he will have equal opportunity with the older members of the fancy providing he has a dog that is better than the other fellow's. The rules are laid down by the Whippet Club of America and set forth in their annual booklet on the whippet.

As the heavier dog, because he is usually the larger animal, can cover the ground faster than the lighter ones, a scale of handicapping has been worked out. According to this the heaviest dog entered in a race is placed at the scratch with the lighter ones given a yard the best of it for each pound that they weigh less than the scratch dog.

The "slipper" holds the dog at the mark alloted to him according to the weight, and at the firing of a pistol the dog is released to run its race. The starter stands behind the line-up of contestants and after giving a warning such as "get ready" he fires the starting shot, whereupon the slipper releases the dog. It takes a little practice to become proficient in the art of "slipping" to get the dog away at the precise second that the shot is fired. At the beginning the average person hold on to the dog for possibly a fraction of a second after the shot, which causes the dog to lose a few feet at the start, and this may cost him the race.

To excite the dog to do his best the owner or trainer who is acting as the runner-up for the dog and who is standing about 10 yards back of the finishing mark waves the "rag" continually and calls to the dog, and in less time than it takes to tell it the little flyers come galloping down he track passing the 200 yard finish line and as they finish take a flying leap at the rag which the trainer or owner is waving at them and hang on with such tenacity than one can swing them about their heads.

The distance of 200 yards has been covered in 11½ seconds and the time of about 12 seconds is not at all unusual for the distance. The catching of the dog with the rag at the finish and swinging the animal off the ground is a great aid in preventing accidents to the dog, for flying along at the speed that they do, any other method of halting them abruptly might result in injury to their limbs, for the speed at which they travel is really faster than the fastest race-horse and is double the speed at which a trained athlete might cover the same distance.

THE RACING RULES.

Scale of Handicap Schedule.

All dogs shall be handicapped on the following scale:

Weight Lbs.	Yards	Weight Lbs.	Yards
28	Scratch	19	9
27½	½	18½	9½
27	1	18	10
26½	1½	17½	10½
26	2	17	11
25½	2½	16½	12
25	3	16	13
24½	3½	15½	14
24	4	15	15
23½	4½	14½	16
23	5	14	17
22½	5½	13½	18
22	6	13	19½
21½	6½	12½	21
21	7	12	22½
20½	7½	11½	24
20	8	11	25½
19½	8½	10½	27
		10	28½

1. Dogs weighing more than twenty-eight pounds, or less than ten pounds shall not be eligible to compete.

2. All dogs shall be handicapped on the above scale:—(as at present, running from 28 lbs., to 10 lbs.)

3. All entries must specify name, weight, color, sex, name of sire, name of dam, breeder and if puppy, exact age.

4. In any case of running up for a wrong dog, the owner, the runner-up and the dog will be disqualified, and shall be excluded from the Association Handicaps for such time as the Committee shall decide. Any owner attempting to weigh or sending any other person to weigh a wrong dog, both owner and dog shall be similarly dealt with.

5. Races shall start by report of pistol. Should the dogs go when the hammer goes and not the powder, they shall run again, unless all the dogs go, then it shall be a race. Any dog slipped before shall be immediately disqualified. Starter's decision as to points in this rule to be final.

6. There must be one runner up for each dog, runners to be over the 10 yard or 20 yard mark (whichever is decided by the Race Committee) before the dogs finish, or the dogs they represent will be disqualified. In all heats the back dog will start from scratch. The scratch dog on the right, the others next in accordance to their mark. Every slipper may claim a clear course. Slippers must keep their front foot behind the mark; should they disobey the markman or starter, they will be disqualified

and suspended from slipping in these handicaps for such time as the committee shall decide.

7. If there are two scratch dogs or two dogs on the same mark, their slippers must toss for choice of position. In each heat dogs shall wear the colors assigned to their position on the program, but no dog will be disqualified should the color be omitted unavoidably.

8. Owners or handlers must have their dogs on hand to be weighed in at the time and place specified or they will forfeit the right to start. Under no circumstances will bitches in season be permitted to compete.

9. In drawing for heats officials will avoid where practicable, having more than one dog the property of one owner in the same heat. To accomplish this they will draw another slip from the box and return the last one previously drawn. This rule is to apply only insofar as circumstances will permit.

10. If the handicapper or handicappers make a mistake in the dog's start, and not detecting it, allow the dog to run in the first heat, it shall not be disqualified through the handicapper's error.

11. If two or more dogs run a dead heat, affecting the result, the dogs to run off, at least ten minutes' rest to be allowed. If an owner refuses to run his dog will be placed after the other or others.

12. For weighing the dogs will be allowed 4 (four) ounces (i.e., a dog weighing 18 pounds 4 ounces will be handicapped as an 18-pound dog, whilst a dog weighing 18 pounds 5 ounces must be handicapped as an 18½-pound dog).

13. Dogs will be run in tapes where possible (to be determined by the Race Committee). Tapes shall extend the full length of the course in alleys or lanes four feet wide, and be supported approximately ten inches from the ground. Every dog shall be run in an individual lane, any dog leaving lane or alley to be disqualified.

14. Fouling and interfering dogs are liable to be disqualified. The officials in coming to a decision in regard to this will take into consideration the effect the interference caused as to the final result. Thus a dog fouling early in the race may have spoiled the chances of the dog that otherwise should have won. The likelihood is that this offender would be disqualified, while in the case of a dog in the lead being overtaken by another dog and preventing in some way that dog from passing him, himself comes in first, the officials might decide to place the dog he interfered with first and the offender second on the grounds that his interference did not in any way affect the others. In other words, every case must be decided on its merits.

15. Notes shall be kept of all cases of dogs not running true and confirmed offenders may be barred from the Association's competitions by the committee, until such time as they are convinced that the fault has been overcome.

16. In these rules, unless specifically stated, the word dogs shall be applicable to both sexes.

17. These rules will be strictly adhered to and all disputes settled by the committee or the referee appointed by them, which shall be final and subject to no appeal in Court of Law.

18. The committee reserves to themselves the right to refuse any entry that they think fit to exclude.

LOOKING THE BOSTONS OVER.

I am desirous of telling your readers of a very nice trip I made a few weeks ago down through the Eastern States. This was a special trip to see some of the world's best Bostons.

On Sunday I arrived at South Lawrence, Mass., where Mr. H. N. Bulger was in waiting at the station with his car, in which he took me for a flying trip over the city, where we saw all his stud dogs, including the famous Intruder, which I consider to be a wonderful dog, of his ago. From his appearance you would not think he was over two years old. He was full of pep and in fine condition. Also Intruder's successor, Parallel, the Shadow & Vermont King. I was permitted to see three litters of puppies sired by Successor. They were good class and correct type. He showed me some very fine brood females which he had placed in different homes.

On Monday we attended the Malden Club Show, at which Mr. Bulger judged 125 Bostons ranging in age from three months up. Dr. William Kinder, the famous dog specialist, acted as ring steward. It was indeed a pleasure to see those boys hand out the ribbons where they belonged; and when you see the hand extended to the judge it proves beyond a doubt that Mr. Bulger knows the type and quality of a Boston. I watched the different classes judged from puppies up and was firmly convinced more than ever that one must travel and see a few of these shows in order to learn the fine points of the Boston game.

Mr. Bulger was not at all saving with his car. We covered a lot of ground during my stay with him. We visited Haverhill, Groveland and Wardhill. At the latter place I met Mrs. Bartlett, and I must say that she is well informed on blood-lines and systematic breeding. It was indeed a pleasant hour that I spent at her place on the hill-top, where her dogs have a real life which helps to keep them in the pink of condition.

During this outing I met Judge Healey, the former owner of the great Intruder. Judge Chas. Kammerer, Lahey, Joyce, Joe Meaney and several others.

On our way to Boston we called upon Mrs. Lichenhein, owner of the Fairlawn Kennels. We found this energetic lady very entertaining. Her manager, Mr. Lahey, who conducted us through the kennels, was very courteous; he showed us everything that was to be seen. We found Champion Full-of-Fun, as well as her other dogs, in the best of condition. They were very proud of a pup sired by Full-of-Fun and out of a granddaughter of Intruder.

I considered it a very promising pup. Her kennels are certainly up-to-date in every respect.

We visited Dr. William Kinder, of South Boston, and were permitted to see several clever operations that afternoon. He certainly knows how to handle the knife and the game would be safer if we had more surgeons like him.

From South Lawrence I journeyed to New York City, where I called upon Mrs. M. C. McGlone, owner of the famous Mosholu Kennels, where I was royally received by her. Her residence and kennels are nicely situated in the suburbs of New York, where many tourists pass daily, and in my opinion is an ideal location for a kennel. After inspecting her kennels, I saw the famous Mosholu Blink, Tommy Tucker and Billy Boss and many other fast ones, including high-class females. She also possesses a beautiful car in which she took me for a spin around New York, and we saw many of her dogs which she had boarding out, after which we returned to her home, where we participated in a beautiful lunch. I can assure you that she has some of America's finest Bostons. I found this lady not only a dog-woman but a real entertainer, and I was really sorry when it was time for me to catch my homeward bound train.

ITALIAN GREYHOUNDS

By LILLIAN C. RAYMOND-MALLOCK

THESE charming little dogs, the very acme of grace and beauty, once so popular, seem to have lost in public favor of late years, both in Canada and in Great Britain. I am glad to say, however, that there are still left several staunch supporters of the breed who are taking care of its interests and breeding animals as true to the Italian standard as has been done in past years. No doube this Toy's fragile appearance and general delicacy has had much to do with its present lack of popularity, still they are not so frail as their slender proportions would lead one to imagine. They are very jolly little things, and will take keen delight in a run on a fine day, and even in winter, if carefully blanketed, derive much amusement and exercise by chasing the sparrows or anything harmless which happens to come their way.

They are a breed of great antiquity, and have been kept in England as far back as the seventeenth century, enjoying the royal favor of many a Sovereign, whilst in Prussia, the famous Frederick the Great simply idolized them, and even left instructions in his will that his body should be buried among his pets, in the Greyhound cemetery, in the Park of Sans Souci. Lately there has been considerable discussion as to their correct color, but the standard recognizes all shades of fawn, mouse, white and red, all others being considered off-colors, and not of much use for exhibition purposes. It is, however, interesting to note that the old-time dogs were found in a variety of shades, for at Hampton Court, in a painting of the Queen of James I., there are several Greyhounds, including fawns, blues, and blue and white, showing that as far back as those days a variety of colors existed. Even up to a few years ago pure whites and blue were in favor. The original Italian seems to have been a much larger dog than is now in vogue, and weighed in the neighborhood of fourteen pounds, while the present-day specimens must not exceed seven and one-half pounds, and the smaller they are the better. Reducing their size has also greatly reduced their stamina, and the inbreeding found in most pure-bred dogs does not tend to improve their constitutions. Great difficulty is experienced in producing very small yet typical animals without impairing their health, and, unfortunately, a Toy Terrier cross is sometimes used, which, though it has the effect of producing diminutiveness, brings serious defects, notably the bulging eye and the apple head, both of which are most difficult to eradicate. In appearance the Italian Greyhound should resemble his "cousin of the leash," in miniature, though built on more fragile lines, less muscular and somewhat slimmer in form. In point of elegance he stands alone, being an exquisitely modelled little creature, whose every movement indicates grace personified, while the peculiar prancing action is a distinct characteristic of his own. Tulip, or prick ears, are bad faults and should be studiously avoided, likewise a compactly built or well-ribbed-up body, as it shows the terrier cross. Further evidence of terrier brood may be found in the puppies when first born, which will usually be black-and-tan, while in pure-bred animals they are whole-colored, or possibly fawn-and-white. In disposition the Italian is gentle and affectionate, and not really half so delicate as his fragile form would suggest. In cold weather he requires to be kept in the house, and should have a comfortable basket (free from draughts) to sleep in, and when taken out for a "run" in winter-time must always be blanketed.

Italians can, as a rule, stand a good deal of exercise, which is almost essential if they are to be kept in good condition, and great care should be taken not to overfeed them, as these dogs must not be allowed to grow fat if they are to retain the beautiful lines of their graceful form. A writer at the beginning of the 19th century alludes to them as "diminutive native breed, which seems only calculated to soothe beauty and indulge frivolities. These dogs are so deficient in spirit, sagacity, fortitude and the self-defences of every other sort of the canine races as not to be able to officiate in the service of domestic alarm and protection, and in consequence are dedicated only to the comforts of the tea table, the fireside carpet, the luxurious indulgences of the sofa, and the warm lap of the mistress." This seems rather rough on the poor little Greyhounds, and certainly not true of the present-day animals, for they are sharp watch-dogs and can hear the slightest sound. It is true that they still know how to enjoy the fireside carpet, and can make themselves quite warm and "comfy" among the soft cushions of the sofa, but they can likewise take keen delight in exercise, and are quite capable of enjoying a healthy life, and of making bright and intelligent little companions for those who know and love them. Miss Porter, of Ryde I.O.W., has recently imported a beautiful bitch from the States, with which she is much pleased. I had the pleasure of seeing her at the recent Ryde show, where she was among the prize-winners.

BY SPECIAL REQUEST.

This article from the able pen of our Mrs. Mallock, England, appears in compliance with the combined requests of many of our readers in Canada and the United States. The article is really part of Mrs. Mallock's most recent book on the Toy breeds, and every breeder of Toy dogs should surely have a copy in their libraries.

Standard (English).

General Appearance.—A miniature English Greyhound, more slender in all proportions, and of ideal elegance and grace of shape, symmetry and action.

Head.—Skull flat, long and narrow; muzzle very fine, nose dark in color, ears rose-shaped, placed well back, soft and delicate, and should touch or nearly so behind the head; eyes rather large, bright and full of expression.

Body.—Neck long and gracefully arched; shoulders long and sloping; chest and brisket deep and narrow; back covered and drooping at the hind quarters; loin well arched and cut up.

Legs and Feet.—Fore-legs straight, well set under the shoulders, fine pasterns, small, delicate bones; hind-legs, hocks well let down, thighs muscular, feet the long "Hare's foot," with arched toes and well slit up.

Tail, Coat and Color.—Tail rather long, fine with low carriage. Coat skin fine and supple, hair thin and glossy, like satin; color, preferably self-colored; the color most prized is golden fawn, but all shades of fawn, red, mouse, blue, cream and white are recognized, and blacks, brindles, and

THE EARLIEST TAME DOG.

When the dog was first domesticated by man, has always been an interesting speculation. Almost the earliest human beings of whom we have a record seem to have been accompanied by dogs which apparently were the first animals domesticated. According to M. P. Hippolyte Boussac, member of the French Institut l'Egypte, the Egyptians were the first to tame the dog, and they pictured it on their monuments, but it is now extinct as a domestic animal though still found in a wild state. Writing in La Nature, of Paris, M. Boussac says that the ancient Egyptians had game dogs of several different varieties, and "their most ancient monuments, painted or carved, show us the domestic dog from mythologic times, carrying us back nearly to the Neolithic Age, if we remember that the most distant origins of Egyptian civilization carry us back about 10,000 years."

Each divinity of the Egyptians had an animal sacred to him, and that associated with Set-Typhon, the spirit of evil, was represented by a fantastic animal whose identification has taxed the ingenuity of Egyptologists for nearly a century. This mythological creature is believed by M. Boussac to be the earliest domesticated dog whose prototype he finds among the wild dogs of the coasts of the Red Sea. That this animal has not hitherto been recognized as a dog by Egyptologists is due, M. Boussac thinks, to the fact that artists have given it purely mythological ears and tail.

It is curious that while the dog was regarded as a sacred animal by the ancient Egyptians his name is the most insulting term of reproach today. On the other hand, he is held in respect by Parsees while Kitmer, the dog of the Seven Sleepers, has a place in the Moslem paradise. The first mention of the dog in the Bible occurs in connection with the sojourn of the Israelites in Egypt, and the earliest allusion to him as the companion of man is in the apocryphal Book of Tobit. The detestation with which the Hebrews regarded the dog was possibly due to his being an object of adoration to the Egyptians. The origin of domestic dogs is another question. Buffon supposed the sheep-dog was their progenitor. Dr. W. E. Hoyle, a well-known English zoologist, thinks that the various domesticated forms rose from several sources: from two well-defined species of wolf, from certain doubtful species, from several species of jackal and, perhaps, also from some extinct forms.

BENSON SHOWGIRL.

This little Selected of Paignton, Spicenut of Paignton, Wycollar Barrister combination, has always been close up to the top when in competition at our shows. In fact, when she made her debut at Toronto Kennel Club show (Spring) last Good Friday, under the expert on Terriers, Mr. Geo. S. Thomas, she went the route from puppy to Winners. Since then she keeps right up near to the front and one day soon she will no doubt become a Canadian champion. This picture of her is made from an enlarged snapshot and does this good little bitch but scant justice.

Mr. T. B. Grimshaw, her owner, is of the steady type of fancier and he is very proud of his typical little Benson Showgirl.

KENNEL AND BENCH
ANNUAL CHRISTMAS NUMBER

THE Christmas number of Kennel and Bench has been steadily growing each succeeding year since, and this year it promises to be larger and better than any of its predecessors.

All the leading kennels in Canada will be taking space again, and we hope to review many of the American and English kennels.

Every fancier who is sufficiently interested may tell the entire dog world about his kennels and their inmates, and it makes no difference to Kennel and Bench whether any fancier has one dog or a hundred dogs, a small kennel or a large kennel, Kennel and Bench is open to everybody and everybody's dogs, and our rates are arranged to take care of everyone.

Fanciers intending to take space in our Christmas number will facilitate our work if they will send us their copy and pictures **now.** The book is entirely open at this writing and the choicest pages are available to all.

OUR CHRISTMAS NUMBER RATES

One page	**$40.00**
Two pages	**70.00**
Half page	**25.00**
Third page	**20.00**
