Old Trusty Dog Foods and Remedies

Unique in its make-up and purpose, the Old Trusty Dog Food Company is owned and managed wholly by dogmen and devotes its entire resources to the manufacture and sale of foods, remedies and accessories pertinent to the well-being of the dog. Due to specialization and the wealth of practical knowledge available, in a single decade it has grown from an individual's dream to a place of dominance in dogdom.

It is hardly necessary to describe the Old Trusty foods in detail, except to say that all of them are

free from medication, and from sweetening or any other treatment to make them deceptively palatable. It is because they are natural dog foods, scientifically balanced, that the dog relishes them and does not tire of them.

Each remedy in the Old Trusty chest is compounded for its special purpose after years of study and practical research, from the famous formulas of Dr. G. G. Anderson, noted veterinarian. They are safe and dependable. Easily and effectively given at home.

NOTE

TO THE TRADE AND THE KENNELS

It is our intention to call on you as soon as time will permit. In the meantime, we want you to know that we will be glad to supply quotations on all Old Trusty products and that your orders and inquiries will receive our prompt attention.

Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

The regular monthly meeting of the Board of Directors of the Canadian Kennel Club Inc., was held at the Club's offices, 25 Melinda Street, Toronto, on Thursday evening, July 16th, 1931.

Brig.-Gen. C. M. Nelles, the President, was in the Chair. Directors present were: H. A. Wilson, Col. J. N. MacRae, Lt.-Col. G. F. McFarland, Reg. P. Sparkes, A. Donaldson, R. L. Wainwright, R. Tyrwhitt.

The minutes of the previous Directors' Meeting were read.

It was pointed out that the Minutes appearing on page 7 of last issue, at the bottom of the right hand column, were not stated correctly, and should have read "That we do not pay traveling expenses to Directors outside of Ontario, to the monthly meetings."

When the minutes had been corrected, it was regularly moved, seconded and carried:

"That the Minutes as corrected be adopted."

The Secretary reported that Director F. W. Walkerdine was out of the city on vacation, and that Director Major Ward Wright was expected to arrive in Toronto from England that evening.

Favorable progress was reported on the matter of the proposal for Toronto Humane Society taking over from the City of Toronto, the work of caring for the stray dogs of the city.

The Secretary was instructed to send a message of sympathy to the family of the late Roy Jenkinson, on behalf of the Board of Directors.

A letter from the Canadian National Live Stock Records Office advising that exception had been taken to the registering of the Kennel name "Roundtree" the Kennel name "Rowantree" already having been registered. And it was regularly moved, seconded and carried:

"That, the Records Office be advised, that this Board does not agree to the nearness of these Kennel names.

The Secretary advised that the letter prepared by Mr. Walkerdine and the Secretary had been sent out to 426 members who had failed to renew their membership in 1931, and that over 20 had paid their renewal fee since the letter had been mailed.

A letter from Lt.-Col. G. F. McFarland who wrote on behalf of the "Norman K. Swire Memorial Fund Committee" was read. The letter offered two plans, one, that the money be expended in moving Mr. Swire's

body to a more suitable location in Prospect Cemetery and a monument erected; the other that a medal be struck and offered for the best Canadian-bred dog or bitch at the shows held in Canada where Mr. Swire had judged during his lifetime and also at Westminster Kennel Club Show.

It was regularly moved, seconded and carried:

"That, the recommendation of the Norman K. Swire Memorial Fund Committee, for the establishment of a series of "Norman K. Swire Memorial Medals" to be awarded to the best Canadian-bred dog or bitch, to be awarded at shows recommended by the Committee, be approved of."

At this time it was agreed to receive the report of Kennel and Bench Committee. Mr. Donaldson (Chairman), advised that his Committee had received several applications for the position of Editor of Kennel and Bench. The applications were read by Col. MacRae.

Mr. Chairman,—The Kennel and Bench Committee reports as follows:—

In reply to the advertisement which appeared in the July issue of Kennel and Bench for an Editor, the following applications were received:—

Mrs. R. McColl, \$35.00 per week and 15% commission on all Ads. obtained by her.

V. G. Perry, \$40.00 per week.

V. E. Byfield, \$40.00 per week.

Alex. M. Fordyce, \$300 per month.

Mrs. D. R. Blakely (U.S.A.), comfortable living wage.

R. S. Tyrrell, \$150 per month, or is willing to have this adjusted by the Board.

Bert Swann, \$40 per week.

A. DONALDSON, Chairman.

R. TYRWHITT.

After the applications had been read, the Chairman of the Committee advised that the Committee was prepared to make a recommendation. It was regularly moved, seconded and carried:

"That, the Kennel and Bench Committee recommend the appointment of Mr. Bert Swann, Toronto, as Editor of Kennel and Bench, at \$40 per week and to commence on the 3rd of August."

After considerable discussion an amendment was regularly moved and seconded:

"That, the whole matter be laid over until the next Annual Directors' Meeting."

Upon the amendment being voted upon the vote was found to be tied, whereupon the Chairman used his casting vote. For the amendment 5, contrary 4.

The right of the President to vote on the issue was questioned. His right to use a casting vote was also questioned. The Club's legal advisor Lt.-Col. G. F. McFarland ruled that the procedure was perfectly legitimate and quite constitutional.

A letter was read from Director Reg. P. Sparkes, which referred to an alleged "spite" article which had appeared in the Toronto Daily Star on Friday, July 3rd, 1931, and suggested, that the Board of Directors would take the matter up and send a letter of protest to the President of The Toronto Daily Star.

Col. McFarland said that he had seen the article referred to in Mr. Sparkes' letter, and had drawn it to the attention of the President, who had instructed him to reply to the article. This had been done and had set forth the progress made by the Club during Mr. Strachan's regime.

After further discussion, it was regularly moved, seconded and carried:

"That, this Board go on record as having faith in the Secretary, J. D. Strachan, and that a letter be prepared and sent from this Board to the President of The Toronto Daily Star Publishing Co., setting forth our regrets at the article which appeared in The Toronto Daily Star on July 3rd, 1931."

A night letter from the Chairman of the British Columbia Provincial Committee was read. The letter stated that since British Columbia had held more dog shows than any other province, excepting Ontario, it was felt that the next Annual General Meeting should be held in British Columbia, at a date suitable to the Directors.

The Secretary was instructed to quote Article 7, Meetings, where it reads in part as follows:

"The Annual General Meeting of the Club shall be held not later than March 31st in each year in the City of Toronto."

A letter was read from "The American Field" requesting official recognition of the American Field Stud Books and it was agreed to leave the matter with the Secretary for attention.

The Secretary reported that he had nothing to report on the matter of "Registering unregistered Champions" and it was agreed to leave the matter

over until Mr. Reeves had submitted his report.

A letter from the Live Stock Records Office advised that the Records Office was satisfied that all outstanding matters of delayed registration had been taken care of by J. C. Fletcher, Calgary.

The Secretary advised that 25 persons had applied for Judge's License, and he was instructed to send a list of the applicants, together with a list of the breeds, named in the applications to each Director.

It was regularly moved, seconded and carried:

"That a Special Meeting of the Board of Directors be called for Thursday evening, July 23rd, 1931, to go into the matter of applications for Judge's License."

It was agreed that 8 o'clock p.m. would be a suitable hour to hold the meeting.

The Secretary advised that a set of rules to govern the running of Beagle Field Trials had been prepared which he hoped would be found suitable.

A complaint was read by Hector Huard, Jr., Winooski, Vt., against Mrs. M. Stevens, Toronto. After hearing a synopsis of the case the Directors agreed that it was a case for the Courts.

F. Shawley, Toronto, complained that upon his applying for the registration of the Kennel name "Avalon" to the Records Office, he had been advised that it was contrary to the Constitution of the Canadian Kennel Club for a member to have more than one Kennel name. It was agreed to leave the matter with the Secretary for attention, the Board agreeing that what might be a desirable Kennel name for one breed, might not be desirable for another breed, kept at the same Kennel.

A letter was read from the Live Stock Records Office, which suggested, that the suspension of Mrs. P. G. Brockington and the Helvetia Kennels had not been in accordance with the Constitution. It was regularly moved, seconded and carried:

"That, the suspension of Mrs. P. G. Brockington and the Helvetia Kennels be lifted, and notice sent to Mrs. Brockington to be present at the next meeting of the Board."

The following list of applications for membership was submitted:

OUR FRONTISPIECE

Our front page feature for August is the Canadian-bred English Setter "Harewood Kilmartin Grouse," the property of E. Chevrier, Winnipeg, Man. Quality is written all over the untouched photograph of this elegant Setter, and is a tribute to his breeding. Sire, a son of that famous English Setter, "Ch. Racket's Rummey." Dam, a daughter of "Ch. Credential's Pathfinder." In fact the whole pedigree is a rich combination.

Here it is:

Old Pal o' Mine

Ch. Mallwyd Ralph
Ch. Racket's Rummey
Stylish Pretty Polly.
Ch. Mallwyd Ralph
Grayland Snow Bird
Grayland June.

Lonesome Gal

Ch. Rowlands Credential
Ch. Credential's Pathfinder
Orkney Belle.
Ch. Batchelor Racket
Stylish Pretty Polly
Stylish Katie.

This breeding is the answer to the inherited elegance that is the portion of our feature dog for the month. As a puppy "Harewood Kilmartin Grouse" came out at Victoria in 1929 under the colors of J. Hunter McCloy, so we suspect, that our B.C. Director, Alex McCloy, "picked" this one, and honored his selection by bestowing his well-known kennel name "Kilmartin" upon it for luck.

So far this year Mr. Chevrier's dog has been an outstanding winner. At Fort Garry Kennel Club show the first two championship points were earned and for good measure, Best Sporting, Best All Breeds. At Moose Jaw the wins made there were practically the same, and at Alberta Kennel Club Show just closed. "Harewood Kilmartin Grouse" won everything in sight again plus enough points to justify his claiming his championship crown.

Congratulations are due Rees Jones the breeder, Mr. Chevrier the owner, the judges for the consistency of judgment, and to George Kynoch, our Manitoba Director, who has handled the dog in all his starts. It is true that Western Canada has produced some great English Setters, and not the least of these is "Ch. Harewood Kilmartin Grouse."

NEW CHAMPIONS

"ARISTOTLE OF AVONDALE" (unregistered), Springer Spaniel, bred by E. Chevrier, Winnipeg, Man. Sire, "Ch. Aristocrat of Avonale," Dam, "Blossom Third of Avondale." Saskatchewan News and Notes

JUNE 30th and July 1st were great days for the Mill City Fanciers and Visiting Exhibitors. The members of the Moose Jaw Kennel Club had worked hard and faithfully to get everything in order and by 10 o'clock on June 30th all was ready for opening the biggest and best show ever held in the "Friendly City."

From receiving the first dog till the shipping of the last crate, everything worked out in perfect harmony.

The two days passed all too quickly, and the 1931 show will go down in history long to be remembered as the "Happy, Congenial Days" that make a fellow feel good.

Our Judge, Mrs. W. C. Edmiston, of Ralston, Nebraska, gave all round satisfaction.

Exhibitors accepted her decisions without comment, realizing they were given by one who was absolutely master of the situation. There will be no second grade champions made, where this fair lady is called upon to hand out the Ribbons. We noticed where quality was lacking. The Judge withheld the Winners Award in each case, a word of explanation was given, accompanied by a cheery smile, which sent the Exhibitor away happy, and with a strong determination to try and get a better exhibit for 1932. Before leaving Moose Jaw, Mrs. Edmiston commented on the, friendly spirit ("Don't smile" for the show was run "DRY," spelt in capital letters), extended to her,—also on the excellent quality of the Exhibits and the Real Sportsmanship of Winner and Loser alike.

Perhaps the greatest pleasure at a show is meeting the visiting Fanciers. It's a real family gathering. Each show adding a few more acquaintances, who in the course of years become staunch friends,—with "Jimmie" Strachan's permission I would like to quote the verse that appeared on his Xmas greeting card of 1928, "The Things That Count."

"Tis the Human touch in this world
that counts

The touch of your hand and mine,
Which means far more to the fainting
heart,

Than Shelter and Bread and Wine,
For Shelter is gone when the night is
o'er

And Bread lasts only a day,
But the touch of the Hand and the
sound of the Voice
Sing on in the soul away."

By Provincial Contributing Editor,
W. W. RIOME, Moose Jaw, Sask.

We are reproducing Mrs. Edmiston's picture for the benefit of those who were unable to be present. Mrs. Edmiston left the city in the early morning of July 2nd, to carry out further engagements in California.

MRS. W. C. EDMISTON,
Ralston, Nebraska, judged All Breeds
at Moose Jaw, Sask.

Once in a number of years we hear a kick, but how soon they sink into insignificance, when we receive a few kindly letters of cheer. One of many received we publish. Last month we commented on the Newfoundlands, imported by the Rev. J. Nelson Sceviour of Limerick. He promised an entry which he carried out and now we have him for keeps. Here's his letter:

Dear Mr. P.:—

Just a line to say how much I appreciated your kindness to me at the recent Dog Show at Moose Jaw. I entered with fear and trembling, not because of the howling noise of the dogs,—but being the first time attending a show of this kind, I thought it would be hard to know just the way to go about things. But from the first I felt at home. Let me again thank you, and the Show Superintendent, and all who were in any way responsible for the programme. Next year, all being well, I will take a keener interest and have my entries in better trim, &c., &c.

We appreciate such letters for we know that the whole fancy will be greatly helped by the addition to the

ranks of such men as the Rev. Sceviour.

Mr. Eagle, of Saskatoon, was a recent visitor to Moose Jaw, visiting at the home of Mr. and Mrs. W. Walker. "Bill" Walker owns the Newfoundland "King Baldy," who always gets the Best of Breed Award. This is to be expected when we realize that here is a product of "Monty" Wallace's wonderful kennels of Newfoundlands at Saskatoon. "Baldy" is a worthy son of that worthy Sire, "Ch. Knight of Drummond."

We missed Mrs. L. B. Eagle's exhibits at the show. A letter received explained that Mrs. Eagle would be away on vacation and therefore be unable to send the usual entries of Toy Poodles. Western Fanciers join in wishing Mr. and Mrs. Eagle renewed health and vigor, and will look forward to 1932, when we hope to see the little "white aristocrats" gracing the show cages once more.

Smooth Fanciers, (Fox Terriers), will be sorry to hear of the death of J. E. Hunter's "Prides Hill Resultant." Jimmie was housed at the Calgaree Kennels, Calgary. Perhaps his heart was too big for his body, for he got the worst of a "big scrap." We can ill afford to lose a Stud Dog of such excellent type and breeding. Mr. Hunter is fortunate in having a few of "Resultants" get coming along, which are full of promise and destined to uphold the good name of their worthy sire.

R. B. Carter, one of the "Headlights" in Sask. Dogdom, brought a wonderful string of Bostons to Moose Jaw, but he didn't take them all back. The buyers looked them over and while we don't know the actual sales, we know that shrewd Mr. Traub of Regina grabbed a slick young male and asked the price afterwards. In a letter "Bob" says: "In forwarding the Gold Medal that goes with my cup to the winning Shepherd dog. It sounds good for a Boston enthusiast to give a cup to the Shepherd dog fancier. Keep up the good work."

Mr. C. B. Cummer deserves praise for the pile of work he put into the Calgary Show. Here's one little paragraph from his circular letter: "It's an easy thing to be a good winner—but real sportmanship lies in being a good loser. The Judges' opinion may be quite different from yours, but please keep it in mind, that he is an experienced Judge. Have faith and abide by his decisions."

Hughie Leslie of Rosetown experienced a little car trouble on his return journey, not one of the most pleasant experiences being held up for repairs, with a car loaded with dogs. However, Hugh has lots of "sand" and finally made port safely. The last we heard of him he was putting them through to winners at Calgary. Next stop Edmonton, thence to Saskatoon.

H. W. Willoughby Greenhill of "Wick I Up," Smooth Fox Terrier Kennels, Midnapore, states that he heard of the general satisfaction of Moose Jaw's Judge, also that he has a real bunch of smooths coming on. We saw and handled "One More Nanette." If she is an indication of the quality of terriers housed at these kennels, smooth fanciers can expect some keen competition in the future.

"Cliff Becky," by Int. "Ch. Beckside Bonus," owned by Harry Champ, represented the Rockcliffe Kennels. We were sorry that last minute changes prevented Harry from paying us a visit. Here's wishing him continued success with "Becky" who has started out so well.

Chas. H. Park was also among the disappointed ones, who was unable to

be present at the big gathering. "Medalta Simple Simon," a son of "Wireboy Simon," is one of "Charlie's" proud possessions, a real wire of quality, that annexed Reserve Winners.

Where is our good friend W. Burrows these days? We remember the brace of choice Springers he used to bring along. Possibly this Medicine Hat fancier is getting ready to "top the bunch."

J. C. Mitchell of Dahinda, Sask., entered his team of Smooth Collies, and then could not get home in time from his Eastern trip to get them ready. These Smooth Collies are an impressive sight on the benches, and we would like to see "J.C." scatter a few around.

Joe Gillan, Moose Jaw's very active Second Vice-President has been on the lookout for a "Scottie" that is a **Scottie**. At last he has found his ideal in a female from the Kennel of Wm. Forrest, Calgary, sired by the Imported "MacWilliam of Tayside." Both Mr. and Mrs. Gillan are delighted in the possession of this little lady, and we join in wishing them all the luck in the world.

Wm. Forrest, had the pleasure of spending a couple of days with his brother "Bob" and family of Moose Jaw. No doubt their memories wandered back to the days gone by, when we understand that "Bob" too, used to grace the show ring.

Many fanciers learned with deep regret of the passing of Theo. Marples of "Our Dogs" fame. The autobiography published in July issue of Kennel and Bench gave us a little insight of the good done in the Canine world by this esteemed gentleman.

How eagerly some of us have always looked for "Our Dogs" to arrive at the news dealers store so that we could scan the latest news, wins, etc., of our favorite breeds at home. Certainly 30 odd years back is a long time, but how we remember the "Boys and their dogs

of those days." How would it be to renew acquaintances through our own Official Journal? The writer would be pleased indeed to hear from some of the exhibitors from around 1900, at the shows held in the southern counties of England.

Geo. Lockwood reports that his Chesapeake, "Prince Bud," has finished his championship at the Calgary fixture.

Bell Rock "Sally O'Mally" Mrs. P. Lillies favorite Boston Terrier, was missing from her home on June 20th. It is not likely that "Sally" would walk out and lose herself, so we conclude that she was stolen. Beside being a great pet, she was a good winner.

"Misty" who is Sally's kennel mate has done her best to compensate, for the loss by producing a litter of 3 males and 2 females. If "Phil's" judgment is correct, there are some real ones in the lot. Jack Droppos' smart Stud, "Just Buddy" is the sire of this litter.

Mr. and Mrs. Archie Semple of Regina, were callers at Moose Jaw on their return from Calgary, their time was limited but we learned that Archie won Best Toy in Show with his Pekingese and Winners and Best of Breed with the Schipperke "Which One of the North."

Hamish Middlemas, Regina's Chief of K.C., collected more points for his wire "Burlington Marguerite." This popular entry was handled by Archie Semple at Calgary.

Geo. Kynoch also stayed over in the "Friendly City" on his return from the "Cow Town" He reported "good times." We were greatly impressed with

a sturdy little "Die Hard" that George had purchased en route. This dog was in the rough when we saw him, but looked like a "ringleader."

When we heard that "Culbahn Molly" the Irish Terrier bitch recently imported from Ireland was likely to leave for Victoria our "Mutual Kennels" stepped in and purchased her right promptly, retaining her in Saskatchewan. "Molly" is going around the circuit at the present time, and will probably return to her kennel with "Points to spare," she having gone Best of Breed at her first two shows.

"Mutual recompense" has changed hands and will be duly transferred to Chas. E. Barr of Assiniboia. "Moosas Selected" also of "Mutual", a striking hound marked wire is leaving to join a new owner Mr. Harrison of Pense, Sask.

"Mutual Confidence" a Talavera-bred wire, and daughter of "Ch. Antrim Bridesmaid" visited the Vivadora Kennels owned by Mr. and Mrs. J. R. Kennedy Toronto. "Confidence" was bred to "Thet Trio" the recently imported wire, that is siring such wonderful puppies. "Thet Trojan" Trio's brother has just won a certificate at the terrier show recently held in England.

"Iclas Altheway" the wire bitch by "Kold Kash," housed at Mutual Kennels after getting winners at Moose Jaw, left for the Coast, and will be bred to Int. "Ch. Becksides Bonus," Geo. Tyson's good little wire. We were so much impressed with "Bonus's" puppies out of "Ch. Antrim Bridesmaid" that we decided to have another try. We hope "Altheway" will transmit her fire and terrier character on to her offsprings.

In closing this page may we ask Sask. fanciers to send in their news by the 10th of each month, as Toronto would like to receive copy by the 15th of each month. Don't forget the Advertising columns of Kennel and Bench, the cost is small compared to the gain. Who knew that Joe Gillan was looking for a Scotch Terrier for the last 12 months? Figure it out.

A unique circumstance occurred at Calgary during the shows held there when "Archie" Semple, Geo. Kynoch, "Stan" Tyrrell and "Bill" Pym met.

Calgary may consider themselves well represented with such a representation of Provincial Directors in their midst this year. The affairs of the Kennel world in Western Canada are indeed in capable hands at the present time.

This dog is never ill.

Once a week—regularly as clockwork—his master gives him a Karswood Dog Powder. This new improved dog remedy, containing nerve foods and organic salts, provides the dog's system with increased resistance to disease. Prevention is better than cure, and as the cost of Karswood Dog Powders is very small, and the difference to the dog's well-being and happiness enormous, it is a cheap form of insurance indeed. Read this letter:—

A Splendid Tonic.

7, Gyllingvase Terrace, Falmouth.
I have used your Karswood Dog Powders consistently, with excellent results. A brood bitch about whom I was anxious had one powder weekly before whelping, and her pups, now 5 months old, are in the pink of condition, and have been maintained on regular dose of Karswood Dog Powders given ever since weaning. I used to find my dogs very difficult to keep free from skin trouble—living so near the sea—but since giving Karswood Dog Powders there has been no trouble of that kind with any of them. It is a great boon to have such a splendid tonic put up in a very convenient and evidently palatable form.
(Mrs.) L. M. TWITE.

16th October, 1927.

Karswood Dog Powders contain nerve foods and organic salts which are not contained in the dog's ordinary food, but which are essential to the healthy functioning of his system. No other dog medicine contains the same ingredients as Karswood Dog Powders, hence none is so effective for the purpose.

Leaves From a Kennel Note Book

By FREEMAN LLOYD.

LOOKING back over the early summer or hot weather outdoor shows, it is to recollect that Wirehaired Fox Terriers, English Setters, Scottish Terriers and Pointers have been more than holding their own in the prime of all competitions—the best in show battle royals. Of course, it takes an extraordinarily good dog to get to the tip-top of the tree; therefore,

we may rigidly enquire into the merits of such dogs, and discuss the reasons for their being placed on the topmost rung of the ladder made up of a series of hard encounters, in the passive sense, in the show rings at the leading shows in Canada and the United States. It is thought there has never been stronger competition among the wirehairs of this day; indeed, only this morning I was forcibly reminded of this fact, when, by the overseas mail there arrived many folios taken from an old scrapbook that belonged to a now dead dog-fancying friend, who passed at about 80 or more years of age, and had collected pictures of the old rough or Wirehaired Fox Terriers of thirty and forty years ago. And, as it so happened I had seen many of those pictured dogs in the flesh. On looking over these prints of wirehairs and those portraying English Bulldogs, it is to realize that the greater changes have taken place among the Terriers. Bulldogs remain about the same, and maybe according to my old friend's (R. H. Moore) drawing, "Rodney Stone"—the \$5,000 dog purchased by Richard Croker, Jr., of New York, 30 years or so ago, would, if living, be as superior today, as when the son of "John O'The Funnels", was the world's topsawyer and bulldogs were in flower.

The wirehairs of today, are, as an aggregation, of a better size and model than three and less decades ago. The present day dogs are of a better size, as Fox Terriers, for going to ground to a fox or any other vermin. But it is questionable whether the modern terrier possesses such a hard biting, punishing power; indeed, it is sometimes distressing to think that all the "bull" has been bred out of the Fox Terrier—as a working dog. The skulls are certainly "fine" and brimful of quality or refinement. But, in the days that are to come, fanciful Fox Terrier breeders might be blamed for producing terriers that lack in the powers of attack. As we know or should be aware, a terrier's jaws and jowls are to him just of the same requirements, as fists are to fighting men. The old terriers had that biting and holding power—as often as not too much of it!

I have lived in the days of the older days of the late William Picton's scrapbook, when, fifty-five years ago, "Sealyham" terriers (in those days were unidentified by name) were shown as "rough" Fox Terriers. All the trimming required was a cleaning off of the hair from the cheeks and over the skull between the ears, of the inclined to be lint-haired exhibits meant for the highest competitions, and, as often as not returned as winners of the Carmathen, Pembroke, Llanelly and Swansea shows. Today, every Wirehaired Terrier is artfully stripped of his hair, while his coat, at a later period is beautifully attended to, cultured and tidied to the 'nth degree. Wirehaired Terriers produce, in the natural state, rough haired terriers. The par-excellence of the present day coat trimming and preparing, is greater and more wonderfully clever than it ever has been. But it is questionable if "whiskers" will help in the making of a terrier of the old catch-as-can class.

Perhaps, the most ridiculous form or fashion in trimming, is to be seen in the present day show state of the Kerry Blue terriers. They have beautifully moulded, well-shaped bodies often as round as tubs, and hindquarters on 'em like Dutch fishing smacks, their hams are mostly as bare as the wilderness. But, under the chin, there's a profusion of goat-like whiskers, while the hair on the eyebrows hang over like those of the cave man of old. "See them dogs!" once remarked a travelling dog-dealer to an uninitiated visitor at a New York Show. "When them dogs go to kill rats, cats, foxes and badgers, the creatures don't bite 'em back; they only take 'old of the 'air on their faces!" While a man may be sent to prison for cutting his dog's ears, the same fellow is allowed, indeed, encouraged, to pull his dog's hair out by the fingers-full; make a monster out of his dog, and simpletons of us all!

The English Setters have been doing particularly well in the highest of the higher-up competitions at the leading exhibitions on both sides of the Border. The handsome "Ch. Blue Dan of Happy Valley," has been either at the top or very nearly so at the greatest and best shows in the United States. "Dan" is owned by Dr. A. A. Mitten, of Philadelphia. On your side there appears to be another extra special sort or kind of English Setter. He is "Harewood Kilmartin Grouse," and was awarded the Cup for the best of all Breeds at the last Winnipeg event. I have not seen "Grouse," in the flesh; but from a not unduly posed photograph of Mr. Chevrier's dog, this West-Canadian Setter appears to be quite a remarkable specimen of an old and distinguished race. One is again reminded of the seemingly never ending flow of English Setter money-getters which come from or near the Canadian Pacific Coast. As before remarked, these opinions are being expressed simply through the hint that a dog's photo conveys. If the picture is unflattering, then the new Winnipeg setting dog—if he be a good size—will be able to hold his own among the Setter dogs of the last year or so. In a word: The English Setters of today are just as good as they ever have been. And what we see of them is "all setter!" They appear just as they are. They are not "made up" like most of the rough or long haired terriers which grace the world's dog show benches.

It has been noticed that Cairn Terriers are becoming as fashionable as any other of the Scottish breeds—not excepting the sturdy customer we once knew and duly recognized as the Aberdeen Terrier. The Cairn, mostly as rough as a badger's rump, is of a handy size—a Cairn Terrier in fact as well as in name. He has been a great favorite among ladies of fashion and opulence. He's a handy size for the car, the lap of his mistress about the apartment and, above all, "cute" in appearance and actuality. Looked upon by the beholder at the street corner, the Cairn Terrier must seem more of a mongrel kind of dog than his cousin formerly from Aberdeen, and later mostly from Dundee (I am now writing of the time of Capt. Mackay and his Scottish Terriers, including "Champion Dundee"). But, notwithstanding the rough and ready appearance of the smaller Scottish dog, he has worked his way into the affections of the well-to-do people, just as he was and is able to shove himself into the clefts of cairns or rocks to bait, worry, or drive out his foeman the fox. It is learned that the proprietor of a noted Kennel of Cairn Terriers, sells two or three of his well-bred and good-looking Cairns, young, old or middle aged, every day of his life; and that two out of every trio go to Wall Street customers. Here is an unmistakably good line to follow. What Wall Street does in the way of dogs, sets the

fashion among the money changers, spenders and gold diggers of Manhattan. It follows that what New York City is "wearing" in fancy dog fashions, the rest of the United States must follow.

As likely as not half the dog enthusiasts and others of the dog world, are unaware how the other half lives. I am sure it will come as a surprise to our dog breeding and exhibiting friends in Europe to know that American-bred dogs of a strictly American breed, are about the best sellers in the universe. As yet Boston Terriers are practically unknown on the other side, but there may be more over there, now that ear-cropping has been pretty well stopped in the Eastern States of the Union. I have just been lunching with a man who has been in the Boston Terrier game and business for 15 years. His dogs have been at the top of the tree, or very nearly so, for about 10 years. During that time several champions have been owned by him and his partner. He was asked for a bold and straight-forward statement as to the figures given, or received for just a few dogs which had passed through his hands. These figures are not imaginary ones. I asked for the truth, and believe it was forthcoming:

"We (Droll and Rosenbloom) gave \$2,500 for 'Ravenroyd Rightaway'; \$1,250 for a 'Peter King' strain, young dog which died; \$1,000 for 'Winchester King of the Ring'; \$950 for a son of 'Ravenroyd Rockfeller'; \$750 for 'Day Starette' and the same money for 'The Critic.' Those were only just a few of our outlays."

"What about your sales?"

"O they have been very, very many! As for the big monies, we got \$2,800 for 'Ch. Haggerty's King's Junior,' and \$2,200 for 'Captain Moody.' There's always big money for a real good Boston Terrier. Moreover, the values hold good, notwithstanding the depression."

The passing of Dr. Louis Griffith Knox, of Danbury, Connecticut, at the ripe age of over four score years, removed one of the most noted breeders of English Bloodhounds, ever known in America. Knox was widely known as a "character"—a professional man who knew everybody as everybody knew him. He was an animal lover, and a single never to be forgotten sentence ejaculated while we were bass fishing from a boat on Taunton Lake, a few miles outside of his home town, pretty well sized up the whole lifetime of a wonderfully kind and generous fellow being. "Heathen: Lions and Bloodhounds have always kept me poor!" It may be explained that I had been nicknamed

'Heathen' because it was my pleasure to swap African stories in exchange for the Doctor's talk on lions, jaguars, serpents and strange, real or faked monsters and other freaks always more or less interesting to those who go about and like to see things.

Soon after qualifying for the practice of medicine, young Knox became a travelling doctor attending to the healths of the artists and employees with the Adams-Forepaugh Circus; and, in that wise, his already passion for wild beasts, became more and more inflamed. Leaving the Road, Dr. Knox became Coroner for Putnam County, New York, and, on the side, he trained lions and other beasts. These he hired out as performers to travelling shows. Lions, he used to explain, not only ate a lot, but the carelessness of keepers, often meant accidents to the "lion tamer" and sickness and death to the beasts, because of diet and particularly drinking water, he said. There were claims for "clawing" careless visitors who thoughtlessly leaned too far over the barriers in front of the cages. In one case, the Doctor said, the tamer became deranged—mad in fact. Addressing the audience that he possessed command over "the birds of the air, the fishes in the sea, and the beasts of the field," the lunatic opened the door of the den of lions, and drove them out into the open arena. There was a panic and Dr. Knox had to foot the bills for damages. Although his splendid Bloodhounds were kept on the very best of foods, and the whelps and growing puppies reared on raw duck eggs and medicated codliver oil mixed, they died off like flies when Old Man Distemper came around: "Heathen! See that rhubarb—the best in the State of Connecticut. Each root represents one Bloodhound! Count the rows of rhubarb. It has all been sold for the New York market. But: Lions and Bloodhounds have always kept me poor!"

Dr. Knox used to keep open house during the old days and nights of the Danbury Fairs and dog shows of the James Mortimer régime. Those were very great events; indeed, there used to be a saying: "The dog that wins at Danbury will win at New York." Dr. Knox had been bedridden for the last three years. Still his patients were given verbal and written advice. Two excellent Airedales were his constant companions. And so he died—conscious almost to the last moment. Of Bloodhounds he owned several champions. His lions were sometimes chained up in his living room, while the training rings may still be seen in the ceiling of the back verandah of the late Doctor's residence in the heart of Danbury Town.

Notes from British Columbia

THE last All-Breed Show to be staged in B.C. during the present year will be put on by the newly formed Shawinigan Lake Club on Monday, Sept. 7th, which is Labour Day and a holiday, and it should prove a fitting climax to the very successful year we have experienced with our shows.

For this event "Jack" Leitch, of Seattle, has been appointed to judge all Sporting Dogs except Cocker Spaniels. Jack was raised amongst the heather in Bonnie Scotland, where many of our famous gun dogs originate from, and where he learned in his earlier life just what should constitute a good sound field and bench specimen. In late years Jack's particular fancy has been English and Gordon Setters. Although this is the first appointment he has accepted to judge in B.C. he has been asked on many occasions to officiate before.

Unfortunately I cannot give the name of the judge for the Toys, but I understand it is a lady of considerable experience, and who has on more than one occasion judged at the famous Crufts.

J. W. (Jack) Creighton, of Victoria, will judge all other breeds. He is possibly one of the oldest and most experienced judges and fanciers in B.C. and needs no introduction to the exhibitors.

This being the first show to be staged by this club, it is hoped the exhibitors will turn out in full force and give them a bumper entry.

The officials of the club are all real good fanciers, and there is little doubt but what the show will be put on in a first class manner. I understand new benching is being built under the supervision of C. W. Lonsdale, who is also granting the use of his gymnasium, and who will also personally superintend the show.

With the co-operation of those two good fanciers, Mrs. Rhodes, of Cowichan, the president of the club, and Miss F. Garnett, of Cobble Hill, who is secretary, the show should prove to be a great success.

In last month's notes I stated that this show would take place on Sat., Sept. 12th, which at the time was the date set. However, this has been changed to fall in with the Nanaimo Show on Saturday, Sept. 5th.

This change of date will be welcome news to the fanciers who can visit the Nanaimo Show on the Saturday and spend part of the Sunday taking in the beautiful sights there, and then

motor the fifty-five miles down to Shawinigan at their leisure, where accommodation can be obtained at the "Forest Inn," which is built on the shore of the beautiful lake.

The Nanaimo Club have honoured our esteemed Director of B.C., Alex. McCloy, by appointing him to judge the West Highland White Terriers, Scottish Terriers and Cairn Terriers, and the writer to judge all other breeds. Both Alex. and myself appreciate this honour very much, and we trust we will fill the bill satisfactorily.

Great preparations for this event are under way in the very capable hands of Miss Lillian Hickling, the Secretary of the Club, and with the valued assistance of those great workers, Bill Grieves, Jack Easthom, Jack Cottle and a host of other good sports, in spite of the hard times prevailing in the district, they are hoping to make a record show. I doubt if there is any place in the Dominion where the fanciers take the game more seriously than they do in Nanaimo, and if hard work will accomplish their object, you can rest assured of a record show on Saturday, Sept. 5th. Don't forget the show dates, and don't forget your entries for both fixtures.

Right on the heels of my recent remarks concerning our old friend John McMann, of Newton-on-Ayre, Scotland, in last month's issue, comes the news that he has shipped to A. W. (Sandy) Forbes, of Tacoma, Wash., the Wire-haired Fox Terriers "Eden Sun Shade," mated previously to shipping to "Ch. Eden Aristocrat," a breeding which shows three crosses of the famous "Ch. Fountain Crusader" blood. If blood lines count for anything the goods should be here. John says the bitch is one of the best pick-ups in Terrier flesh seen for a long time. A. W. (Sandy) Forbes was at one time the President of the Victoria City Kennel Club, and he is slated to judge several shows in the U.S.A., including one of the Cocker Spaniel Specialty Shows.

I am informed that "Kemphurst Craftsman" has been purchased from the Estate of the late C. W. Twaites, of Medicine Hat, by Mesdames Purdon and Sharp, of Vancouver, B.C. For some time past this dog has been kennelled in Vancouver and has been extensively used at stud, with very good results. This dog was bred by George

Howlett and is by "Ch. Barry Benedict" ex "Kemphurst Corporal," the sire of many champions.

July 1st was celebrated by the B.C. Fox Terrier Association in the form of an outdoor matinee show, held in the beautiful grounds surrounding the residence of G. Lydiatt. Nothing was left undone by the host and hostess to make an enjoyable and pleasant afternoon, in which they both excelled themselves, and I am sure their efforts were greatly appreciated by all. The beautiful lawns, flowers and shrubs were looking at their best and I doubt if a more fitting setting for such a show could be found. The weather was ideal and the arrangements of the show, which were in the hands of the Club's committee, were excellent. Every convenience was provided for the exhibitors' comfort, including refreshments fit for a king.

The Club very kindly honoured me with the appointment to judge, which I greatly appreciated. I also enjoyed the sportsmanlike manner in which they accepted my awards. I would like to make a few remarks on some of the exhibits brought before me.

To begin with, the three Smooths were much too large, but sound. In the Wires I noticed a marked improvement which is no doubt due to judicious mating and the importation of new blood. This was most noticeable in the young stock. In the Open Bitches Mrs. Thornton Sharp showed a bitch showing lots of type and quality and the sweetest head I have seen for many a day. Unfortunately there was a litter only nine days old and the little mother was not looking her best. In Puppy Bitches the Hon. Mrs. Tyrwhitt showed four very promising youngsters which I afterwards learned were all of one litter. A Puppy Bitch shown by Mrs. R. H. F. Purdon looks a real show prospect and should later develop into a "top notch." In this one I found the Best in Show dog. J. M. Livesey's "Craven Short Cut," a nicely balanced terrier, but inclined to thickness in the head, and rather low tail placement, was put down in excellent shape. I placed him first in Open Dogs. Mr. Withers dog in this class I placed 2nd, a great bodied dog with good bone, but on the day did not move any too good behind. A Puppy Dog shown by Frank Nott was very catchy, was nicely hound marked, but rather heavy in ear.

Many familiar faces I noticed around the ring, including "Tommy" Milner, who is always a sticker for good coated

ones. "Bert" Swindon, the President of the Association. Our old friend Bromley acted as Ring Steward.

Miss Alice Pooley, of Esquimalt, has acquired the Champion Sealyham "Dandy Lass" from Mrs. Cantrell. "Lass" is now mothering a nice litter of puppies sired by "Ch. Colvic Topper." It is understood that Mrs. Cantrell is retaining a male puppy of this litter.

When in Vancouver I had the pleasure of visiting the "Haileybury Kennels" and there saw the newly imported Cairn with her four puppies. Both mother and puppies look very promising, and we should hear from them later on. I also saw a very good litter of Airedales sired by Ch. "Master Simon," ex the imported "Penelope of Handforth."

Mrs. T. H. Hayward of Langford reports the arrival of a very nice litter of Bostons sired by "Ch. Mushron Peter Blink" ex "Principes Sheba."

Fred. Dodsworth reports the sale of a promising young West Highland White bitch to a fancier in the U.S.A., and also that he has mated his champion bitch "Springmeade Peggy" to Mrs. McCloy's "Ch. Alta Piper." Also that he has acquired "Bonnie Mary of Argyle," a nice Cairn bitch imported in dam.

TORONTO SHEPHERD WINS AT GREENWICH

Out of 181 entries, of which 165 were benched, there were two who travelled all the way by motor from Toronto, and one of these was "Alla von Berg-holtz," bred by Mrs. Alf. Loveridge, Toronto, and now owned by the Bismarck Kennels (Kent & Callow, Toronto). It will be recalled by those attending the recent Shepherd Dog Specialty Show at Toronto that this black, cream marked bitch was awarded reserve winners under Lady Kitty Ritson, who said in her report, "Alla von Bergholtz," good length, good gait and substance, practically nothing between the two"—meaning the winners bitch "Baby Etta."

At the Shepherd Dog Club of New England Specialty Show, held in conjunction with the Greenwich Kennel Club Show, Major J. Y. Baldwin, of the Picardy Kennels, Cornwall, England, and with H. A. Gilroy, of the Shadowbrook Farm Kennels, at Chemainus, B.C., judging, he found Alla von Berg-holtz his "third" in the Novice Class, and said of her, "Two years old, good back, but has not the length of body of those in front."

It is very pleasing to notice that the few Shepherds from Canada that find themselves in competition at shows across the border, do so well every time they start.

"GIVE A DOG A BAD NAME"

Someone has said "Give a dog a bad name—then you may as well hang him," and experience has proven beyond any shadow of doubt, that there is more truth than poetry in the quotation.

Someone has said: "Every knock is a boost"—but is it?

Someone has said: "Kennel and Bench would add to its 'reader appeal' if it published judges' criticisms, but would it?

The bad name that was given the German Shepherd Dog almost wrecked the Breed in Canada, and if it had not been for the lasting loyalty of the admirers of the German Shepherd, plus the indefatigable efforts of the German Shepherd Dog Clubs in Canada, we hate to think of what the outcome might have been.

No less a personage than Lady Kitty Ritson has gone on record, as declaring that the German Shepherd Bitches of Canada are the equal—if not the peers of any in England, and surely this testimonial in itself, and from such an authority will do much to give further encouragement to the sponsors of the Breed in this country. So that instead of "hanging" the German Shepherd Dog, we look to the future, with rare

confidence, to see this Breed of dog thoroughly vindicated and re-established in the public favor.

Every knock is not a boost, never has been, and it is quite illogical to imagine, that it ever will be. It matters very little which judge may turn your dog down, let such judge be the best, or the worst available, his "knock" can never be considered a boost, and a fancier will be foolish to believe there is a "boost" in the picture anywhere—once his dog has been "set back" by anybody.

Take the judges' criticisms in any dog journal published today, and particularly the Canine press of Great Britain—of course there are exceptional critiques once in a while, but they are the "exceptions." The general run of "criticisms," as such, mean but little. What good will it do any dog, to have a judge, any judge, publish the dog's faults for all to read, to do so, is simply to cripple a dog's chances the next time

he enters a ring. The "knock" has been noted, and it is likely to be remembered, and a feeling of prejudice has been engendered to the dog's disadvantage.

If Smith puts your dog down today, and that is an end of the happening. Jones may put him up tomorrow, and no great harm has been done, but if Smith—who only gives his own opinion after all—jumps in and spills a lot of ink, telling the world that your dog was "light in eye," "pinched in muzzle," "high on the leg," "poor ear carriage," "did not move well," etc., then the chances are that Jones will be looking for all the faults which were found,—or were supposed to have been found—by Smith, and so your dog is in direct line for a continuation of the "knock" and the imaginary "boost" is nowhere to be found.

Able criticisms by qualified writers are greatly to be desired, but who is there amongst us, able to criticize impartially and capably?

A "knock" is always a knock, irrespective of who may wield the hammer, and when the "judge" knocks, that is quite sufficient of humiliation, without having it spread out all over the printed page, by a critic who may be prejudiced or incapable, or both.

"PROFITS IN PUPPIES"

The new book that tells how to make money with dogs! Only volume of its kind. Packed full of sales and adv. ideas for old and new fanciers. Explains how, when, where, why some breeders win fame and fortune. Over 100 pages, 6x9, 35 inspiring chapters. Illustrated. \$1. Slightly soiled copy, 50 cents. Mo.PubCo, 5054 Seabreeze Station, Daytona Beach, Florida.

"THE MYSTERY MAN"

The Boston Terrier Club of Toronto held a most successful picnic in High Park on July 4th. A large crowd attended the picnic and had a most enjoyable day. Great interest was occasioned at the novelty contest of find the "Mysterious Mister Boston Terrier," each person was instructed to ask a man or woman the question. "Are you the mysterious Mr. Boston Terrier of the Boston Terrier Club of Toronto?" Only three persons asked the question correctly of the right man; they were, Mrs. R. H. D. Sim, who won the ladies' prize; Jerry Lynch, who won the gentleman's prize, and eight-year-old Betty McColl, who won the children's prize. Mr. Cayley was the mysterious "Mr. Boston Terrier." It was a great contest and the prizes well worth winning. Races were held in the afternoon, a delightful supper was served by the ladies, and a soft ball game played in the evening.

The "Clubby Spirit" prevailed throughout, that same spirit which has so often characterized the social functions of this Club for so many years. In fact, this picnic was proclaimed to be the best of its kind ever held by the Club.

"GIVE THEM ALL THEY WANT—BOYS!"

It was the voice of our director, Reg. P. Sparkes, that filled the air, as the writer ventured forth to watch the members of the English Bulldog Club of Canada enjoy themselves at the Club's Annual Picnic, which was held at Kew Gardens, Toronto, on Saturday, July 18th. On making enquiries we discovered that an extra 6 gallons of ice cream had just been delivered, so that the "red hot" day served out by "Old Sol" might be kept in subjection as far as humanly possible by the Club's officers.

If the happy smiles which were so consistently in evidence at all times were used as a criterion to show whether the picnic was a success or not, then of course it was. In the making of smiles, the two tireless clowns certainly are entitled to a lot of credit.

Secretary F. W. Walkerdine, another of our Canadian Kennel Club directors, had his programme complete and those competing successfully in the various events were made extremely happy as they received their prizes, which were really out of the ordinary for such events. After a basket lunch had been partaken of in family style, the skies clouded and the thunder tried its voice, but fortunately the threatened storm decided to stay north of the picnic

The Merry-makers

grounds, so that there was no blame to attach to the weather man on the day.

A draw was made for an electric clock, all parties participating. Mr. Sparkes announced that three tickets would be drawn, and the third ticket drawn would decide the winner. Ticket number one was drawn, and the owner was there to watch for the lucky winner. Ticket number two was drawn, and the owner joined number one to look out for number three. Number three was drawn, but the owner was just a lucky friend of the Club's, who had "chipped in" on a ticket, but was not present to receive his prize.

"Without a hitch," as the saying goes, the picnic came to an end, each one having enjoyed a really splendid day.

THE PICNIC DOG SHOW

Here's a good idea that comes down to us from Windsor. On Saturday, July 11th, the members of Windsor Kennel Club packed their lunch baskets and hied themselves off to Meadmere Riding Club, taking their dogs along. The location and the weather were both ideal and an elegant afternoon was the result.

The judging was carried out by the members themselves, a Terrier fancier judged the Toys, a Toy judge sorted out the Sporting dogs, and so on, and we are advised that the sport of the afternoon's schedule provided lots of fun for the participants.

Windsor Kennel Club has been fortunate in its choice of honorary officers for the current year, the personnel being: Hon. President, Mr. E. Young, of the Border Cities Star; Hon. Vice-Presidents, W. R. Campbell, head of the Ford Motor Co.; G. D. Wickett, manager of the Windsor Gas Co., and Wm. R. Woolatt, who as everybody knows, is manager of the Devonshire and Thorncliffe race tracks, so it looks like lots of enthusiasm in the doings of Windsor Kennel Club this year.

**WELLAND KENNEL CLUB
MATINEE**

The Welland District Kennel Club, by way of holding interest for their forthcoming show, held a very successful show on Saturday, July 11th. The judges were J. Eccles, Hamilton, and he judged Terriers; Mrs. Hamilton, also of Hamilton, judged Toys; F. Pat-

rick, Hamilton, took care of the Bull-dogs; G. H. Gilchrist, Toronto, German Shepherds; Mrs. R. Beale, Buffalo, Sporting Dogs, and Mrs. M. Stevens, Toronto, Boston Terriers.

The response was quite gratifying to the Club's officers, a nice bunch of dogs being on hand and many interested spectators joined the exhibitors for the afternoon's sport.

OPEN-AIR SHOW AT HAMILTON

On June 27th the Hamilton Kennel Club held its usual summer open-air show at Woodlands Park. Wm. Unthank, Toronto, judged an entry of 35 German Shepherd Dogs, this entry was anticipated, as the Hamilton Club waived their original date of June 20th in consideration of the Shepherd Specialty show which was held on that date. Other judges were Capt. H. Dudley-Waters, H. O'Neil and Mrs. M. Walker.

Peter Herd brought out a reddish brindle roan Cocker Spaniel named "Belmont Invader" that had lots to recommend him, and won the prize for the best dog in show. Oscar Pierson took the prize for best opposite with a nifty looking Beagle named "River Park Beauty"; both dogs are high quality indeed.

Friday and Saturday, September 11th and 12th, are the dates selected for the next all-breed show to be held at Hamilton, and, if the services of Geo. Kynoch, Winnipeg, can be obtained, it is likely that he will be the officiating judge.

A REAL PUPPY

A. V. Martin, Halifax, N.S., brought out his recently acquired Collie puppy "Lodestone Rose Marie" ("Ch. Bergamont Bandler" ex "Lodestone Mimi") at the show held at Halifax on May 20th and came within a "nod" of going on top. As it was she won for best puppy in show, best working dog, and for good measure, reserve best dog in show all breeds. Three judges had the deciding, two favoring the Smooth Fox Terrier, "Haligonian Sprite" ("Danby Marksman" ex "Pride's Hill Sapphire") and one favoring the Collie, and it may be interesting to notice that both winners were still in their puppy-hood.

When reporting the Halifax show we omitted to mention that W. T. Miller, Halifax, judged the sporting dog section, and was credited with doing a real job. His work in sorting out the sporting dogs was favorably and repeatedly commented upon.

Notes From Manitoba

THE changeable weather conditions of the present summer,—a week or more of abnormally high temperature then a sudden change to below normal temperature, are not all one desires for the well-being of the inmates of the Kennel. In fact, above normal temperatures sometimes overtakes the dog that is allowed his liberty, notwithstanding the opportunity he has of seeking the places where the sun's rays cannot penetrate. We regret to announce on passing that Mr. Bentley lost the magnificent imported Pekingese Bitch "Shang-Etta of Eaglehurst" (E.K.C.A. 10510) probably one of the best Pekingese bitches ever to cross the water, and that Geo. Kynoch also lost the English Bulldog Female "Silverdale Queenie" both from "heat stroke" during the hot weather in June. Preventative measures should be adopted during extremely hot weather. Dogs, more especially the short faced breed, viz., Pekingese, Pugs, Bulldogs and Boston Terriers and French Bulldogs should be moved from hot kennels to cooler surroundings. Kennel yards where the heat may be radiated from brick or stone walls should be avoided.

Heat Stroke is accompanied or characterized by an unbelievably high internal temperature which often terminates in collapse, in which event it is impossible to administer medicine by the mouth. Emergency measures must be adopted immediately. Call your veterinarian to administer a diffusible heart stimulant hypodermically. And in the meantime apply cold water to the head, also connect the nozzle (vaselined) of an enema syringe to a piece of rubber tube, connecting the face and to the cold water tap and by this means inject cold water per rectum, continuously until consciousness returns. The nozzle of the enema syringe to be gently and slowly introduced so far as possible into the rectum. With the complete return of consciousness another diffusible heart stimulant may be given in a capsule by the mouth. I might add that in districts where we have what is termed a muggy or moist or humid heat which obtains in district near the lakes the condition called Sunstroke or Heat Stroke is fairly common during the hot months, yet by using cold water per rectum in conjunction with diffusible heart stimulants we did not lose a single case; but prompt treatment is absolutely necessary.

A Serum for Dog Distemper is the title of an article in June 12 issue of

By Provincial Contributing Editor,
W. B. R. KNOWLES, Winnipeg, Man.

"Our Dogs" which is a reprint of an article that appeared in the June 6th issue of the "Field." It explains the use of the Serum and Virus, simultaneous inoculations as a preventative against distemper and shows how it is superior to the vaccine-virus treatment. A vaccine is composed of a number of killed organisms and when injected, stimulates the production of protective substances; when such substances are formed the virus is inoculated in order to make the immunity conferred by the vaccine a permanent one. A Serum is obtained from the blood of a dog which has been repeatedly inoculated with virus until his blood has been rendered strongly immune or literally speaking contains a very large quantity of protective substances. The injection of a dose of Serum into a healthy dog immediately sets free these protective substances in his blood and confers a passive or temporary immunity and protects the dog against a dose of virus, inoculated at the same time in another part of the body, thus conferring a permanent immunity.

The Serum is also a potential curative when injected into a dog which recently has been exposed to infection and obtained the virus from a dog suffering from the disease. In these cases however, the Serum must be administered in the early stages to be effective. I might add that the simultaneous Serum-virus treatment is extensively and successfully used against Hog Cholera in the United States.

What wonderful examples of patience and courage are some of our Toy dogs. At least so I thought as I watched that "fast master of the art" Geo. Kynoch putting the finishing touches to Mr. Bentley's "Sandhill's Gold Puff," which were to send him on his show career (so far as shows in Canada are concerned). Handled by a perfect stranger, the little fellow stood the ordeal remarkably well,—it was an unbearably hot day—as George removed the least suspicion of an unruly hair here and another there, and I said to his proud owner: "Puff" was well trained by his breeder. His kennel companion "Sandhills Cherry" was equally as good and patient, no shyness, no nervousness or fear here. "Sandhills Gold Puff" is living up to the reputation he brought with him from England. He has already obtained the

highest honors obtainable in the Toy Group at Moose Jaw, Sask., under the internationally known expert Mrs. Edmiston of Ralston, Nebraska, U.S.A. and also at Calgary under Mr. Pym the British Columbia director, thus gaining in two shows eight points towards his championship.

Railway Express Charges are to the fore again, but the boys are beating them to it. I understand the Edmonton dogs travelled to the Calgary show and returned by motor truck saving \$100.00 each way. The Manitoba director took the cushions and rear seat out of his car and took eight dogs with him to Moose Jaw. He advises me he took fourteen with him from Moose Jaw to Calgary and returned with the same, saving \$190.00, the mileage all told being over seventeen hundred miles. The Express Company are meeting the competition of the motor truck companies in many instances by only charging "freight rates" to certain points. Perhaps they will in the near future be only too pleased to reduce the exorbitant rates they charge for the transportation of dogs. It's a long lane that has no turning!

Boston Terriers

Mr. Clare reports his Boston Female "Wincheter Flying Fairy" is nursing a real nice litter of puppies by P. Biller's "Just the Guy." Geo. Duncan has sold his "Watson's Handsome Boy" to Miss G. McLean of Toronto. Harold Bentley has a real surprise for the boys, a Boston female. I made an appointment to see her before he went to England. She was being cared for by a friend, but as the weather became very stormy the appointment was cancelled. He brought her home a few days ago. She is called "Cromwell Peppy Girl" by "Cromwell Stylish Announcer", Winners dog under Mr. Vincent Perry at the Fort Garry Kennel Club show in 1930. Her Dam is "Miss Springtime" Imp. (C.K.C. 57014), she by "Turley's Broadcaster." "Miss Springtime" is an "Intruder" bred bitch and was bred by M. M. Grady, Ace High Kennels, Lexington, Mass. "Cromwell Peppy Girl" is the nicest Boston female I have seen for some time, has a nice short, compact body, good head, perfect front and the best of shoulders and legs. Mr. Bentley reports he has sold "Cromwell Nelsby" a dog puppy to Joe Harris of Winnipeg.

Mrs. McBean has sold a three months old male puppy to Mr. Newfield, principal of the High School at Altona, Man. The puppy is by "Winchester Joycaster" out of Mrs. Mc-

Bean's "Duchess." Perry Biller's female "Bubbles" is reported heavy in whelp to his "Just the Guy."

S. Jackson reports that the following females have visited his "Winchester Joycaster" between May 29 and June 27: Mrs. C. J. Croskery's female out of "Winchester Perfect Lady", May 29th. On May 30th, W. J. Jones of Fort Garry, a daughter of "Cromwell Official Announcer." On June 11th, S. Jackson's "Winchester Sweet Marie." June 12th, Mr. Taylor's "Brookland's Peggy." On June 19th Mr. Jones' a daughter of "Emery's Greater King." On June 23rd, a female was sent by Mr. Hunter of Calgary. On June 25th, Mr. Lawrence Surtees' "Pansy," and on June 27, Mrs. Wannacott's "Gipsy." There are also three other females booked to "Winchester Joycaster."

Scottish Terriers

J. D. Wade's "Ornetsie Belle" (C.K.C. 83310) and Mrs. J. D. Wade's "Ornsay Druid" (C.K.C. 72643) are being entered for the Western Show Circuit this summer. Mrs. Enright's Scottish Terrier bitch "Midge" is nursing a nice litter of three males and three females by Mrs. Wade's "Ornsay Druid."

Pointers

A very attractive dog which was the property of the late Mr. Bert Armstrong has been sold by the Armstrong estate to Mr. Dank of Qu'Appelle, Sask.

Pomeranians

Geo. Kynoch's "Ch. Golden Merry Thought" has been bred to H. Bentley's "Sandhills Gold Puff." Mrs. Oxenham's "Guinea" has also been bred to "Sandhills Gold Puff." Mr. Bentley's "Sandhills Cherry" Imp. has already obtained a number of points towards her championship, but we regret to report she recently whelped a litter of puppies prematurely. 1931

Samoyeds

Col. Alexander's female "Stutton Galka" is nursing a nice litter of puppies, in which there are five males, by his "Stutton Griskna."

Huskies

Geo. Kynoch presented nine Husky dogs to the "Royal Canadian Mounted Police." Inspector A. H. L. Mellor, Commanding the Manitoba District, in expressing his sincere thanks on behalf of the Force, writes: "These all appear to be good animals and I am sure will render many years of good service on our Northern detachments."

English Bulldogs

Mrs. F. Pratt's female "Patsey" has been bred to Geo. Kynoch's "Ch. Markus Samson." Geo. Kynoch's "Sensible Lady" also has been bred to

"Sandy" Robertson of Edmonton writes that his female is nursing a nice litter of puppies by "Silverdale Rustler." Sandy says he hasn't seen anything so good in Edmonton.

German Shepherd Dogs

T. H. Webber's "Elfrieda Von Saalewehr" (C.K.C. 93826) is nursing a nice litter of puppies by his "Fritz Von Saalewehr" (C.K.C. 89817.) The writer has disposed of his Shepherd female "Cenita" (C.K.C. 48993) to Mr. H. E. Wallin of Winnipeg.

Wire Haired Fox Terriers

Harry Baker reports he has sold his "Bakerdale Pal" to Miss Betty Read of Winnipeg.

George Kynoch just phones me that the following dogs have obtained the points which entitle them to the coveted title of Champion.

E. Chevrier's English Setter "Harwood Kilmartin Grouse" and his Springer Spaniels "Royal Flush of Avondale" and "Aristotle of Avondale." English Bulldogs—G. Kynoch's "Silverdale Leader" and C. Joplin's "Semper Fidelis." Boston Terriers—Geo. Duncan's female "Trapystok Step In," and G. Kynoch's "Laughing Cavalier." Fox Terriers (wire) Geo. Kynoch's "Red Cliffe Arc Light." George's wire "Foxhollow Startler," the dog he purchased at the New York Specialty Show has already earned 6 (six) points towards his Championship.

Flash—I understand Geo. Kynoch has been invited to Judge the Hamilton, Ont. All Breed Show in Sept.

GERMAN SHEPHERD DOG CLUB OF CANADA—SPECIALTY SHOW

By Lady Kitty Ritson

I so much enjoyed judging the Specialty Show of the German Shepherd Dog Club of Canada, firstly, because of the warm welcome and of the kindness I received, and secondly, because of the high quality of the dogs. I had not expected to meet such good dogs and the reality was therefore all the more pleasant. I may have seemed very hard on poor temperaments, but I endeavoured to be as "normal" as possible with all the dogs and indulged in no "fancy stunts." If a dog shrinks away from an ordinary quiet individual and gets behind his handler, in my opinion, such a dog is not fit to receive a prize, however beautiful he may be. On the other hand, the judge who shouts, stamps and intimidates a dog is not fit to be a judge, for if he were going quietly about his business and someone were to hit him in the face, he should either jump back or retaliate. But I am ready to love all the dogs I judge, and I therefore expect that they should be intelligent enough to realize this, and to regard me, if not as a friend, at least as a friendly acquaintance, and to remain undismayed by such minor details as a flapping dress of many colours. I heard somebody say, that it wasn't fair to expect a dog not to be afraid of a dress such as I wore, but what could I do? it was my coolest dress, and really, we can't have our breed turning into dress experts, in addition to their many other working qualities.

I loved my Open Bitch class, for many of them were bitches after my own heart, and I doubt whether we have as many good ones in England. It was very difficult to judge this class owing to the cyclonic storm which blew up, but I did my very best and I am satisfied, that on the day, my placings were justified. What might transpire in other circumstances, with good weather, and a long trail round the ring it is impossible to say. I am most grateful to Mr. Perry for having stewarded so ably and so kindly.

I was entertained in the evening at dinner, which I much enjoyed, and I was delighted to meet so many dog-owners. I trust that, on the whole, my decisions met with the approval of the exhibitors, and that the losers realize that I love the breed, with which I have been associated for so long, better than any desire for mere popularity, and that whatever I may have done was done with a purpose.

I am much intrigued by the success of Claus v. Furstenberg and Donar v. Overstolzen as sires of the breed.

(Donar being the grandsire of Hettel v. Bodman, and Claus the sire of Iso v. Doernerhof). In England these two dogs have failed to reproduce themselves in their descendants with any marked success.

As a parting word I would beg all the Shepherd fanciers in Canada to remember that a mediocre bitch with a perfect temperament, may by judicious mating produce excellent puppies, and at any rate, she is a credit to our breed, but a beautiful bitch with no temperament is a menace, and does not justify her existence. This is even more applicable to a dog who can do infinitely more harm.

I much hope that Obedience classes may become a feature in the near future in Canada, for they are, above all, a great boon to the one-dog man.

Good luck to all and may we soon meet again.

Puppy Dogs—1, Grave's Cito v. Luxemburg. A promising pup of true shepherd type. Sound, good back and depth. Fair angulation, but a good gait. One tipped ear. A charming temperament.

2, Calow's Graf of Bismarck. Good front and back. Showed badly. A little loose.

3, McBurney's Donar v. Gettensbury. This puppy improved as the classes went on. He seemed a bit agitated, but not shy. Rather straight in shoulder, nice head and expression.

R. Karl of Bismarck. Good length and back and depth. Unfortunately, he is unsound in one hock, or would have gone higher.

Novice Dogs—1, Donar of Gettensbury.

2, Rhelan's Knight of Queen City. The perfect temperament and a darling. Typical, if not the show-ring type.

3, The same remarks apply to Shadow of Queen City.

R. Royce's Rex v. der Konininstadt. Too whippet, but a perfect temperament. (The rest of the dogs in this class were complete cowards).

Canadian-bred Dogs—1, Wells' Arko v. Prinzenhof. Through his dam, this dog goes back to Claus v. der Furstenberg. Very typical, excellent temperament. (Appeared perfect, but I have grown chary of being too certain). Good fore-chest and back. Nice length and good angulation. His gait is better than it appears. It is powerful, but not spectacular.

2, Whitelaw's Norbert v. Borsdorf. Needs time. A dog full of quality, with good quarters and shoulders. At present a little shallow in body, but 14 months is an awkward age. Nice gait.

3, Philpot's Bodo v. Opal. Good back and angulation. Nice condition. Good

expression. Fair gait. Should be deeper in body.

R. Ryan's Ponto. A nice little dog, but would not show.

Limit Dogs—1, Bodo Von Bulow. Lovely little dog. Nice size. Good front and lovely temperament. Good bone and expression. Dips a little in back when trotting.

2, Casar Von Der Graupenmuhle. Good back and angulation. Comes down on his forehead when trotting.

3, Billo of Ceara. Excellent in angulation and fore-chest. Too big. Long stride. (He was most amiable to me, considering that his dam hated me, and bit me on every occasion—the only Shepherd who has ever disliked me for a long time).

R. Cito V. Borsdorf. Showy, but too light in substance for a dog.

Open Dogs—1, Arko V. Prinzenhof.

2, Norbert Von Borsdorf.

3, Boda Von Opal.

R. Bluto V. D. Halskappe. Ten years old. Good type. Roaches a bit. Good temperament. Faults due to age.

Puppy Bitches—1, Tilli Von Rhein. Nice pup. Good substance and gait. A little inclined to roach.

2, Frigga Von Bismarck. Weak pasterns. Good depth and back.

3, Ciquette of Bismarck. Rather high on leg. Good depth of body. Not very good in shoulders.

R. Greta of Oakridge.

Novice Bitches—1, Beta Von Prinzenhof. First-class temperament and expression. Sound, and a good length. Rather straight both in shoulders and behind.

2, Irmgard Von Der Konigstadt. Good temperament. Rather shallow in body.

3, Greta of Oakridge.

Canadian-bred Bitches—1, Lady of Dawn. A nice bitch, with a very good temperament. Spite on puppies. Good back and gait and outlook.

2, Toot Von Stroenberg. Not quite sound in front. Temperament good. Good hindquarters, but no forechest. Good gait.

3, Iemallias Lola. Good type, nice back, fair gait. Good temperament.

R. Beta Von Prinzenhof.

Limit Bitches—1, Baby Etta. A bitch after my own heart. A long forechest, length and substance. Toes in a little when running. She was a little upset over the thunderstorm, but I cannot call that shyness. I reserve my opinion however about her character. If I had been certain about it, I would have made her Best of Breed.

2, Elsa Hergerslust. Evidently a good dam, and a transmitter of good character. Good substance and type. Gait fair.

3. Lady of Dawn.

R. Toot Von Stroenberg.

Open Bitches—1. Baby Etta.

2. Alla Von Bergholtz. Good length and good gait and substance. Practically nothing between the two.

3. Miss Edu of Southmore. (I cannot place this bitch's breeding, as the breeder is reported to be Miss Bonfield and "Southmore" is Mr. R. Partridge's registered Kennel Name and can only be used by him). A bitch of good substance and length, but showing her age in her feet.

R. Una of Picardy. Good depth and angulation. Appeared straight in shoulders.

Winners Bitches—Baby Etta.

Reserve Winners—Alla Von Bergholtz.

Best of Breed—Arko Von Prinzenhof.

THE ENGLISH SETTER ASSOCIATION

For a long time English Setter fanciers everywhere have felt the need for a specialty club which would promote the best interest of the breed in a national way.

At various shows and trials, owners of English Setters, in general conversation, became more and more interested in the formation of such a Club, with the final result that a meeting was called on May 19th, which was attended by representative Setter lovers. The outcome of this meeting was a decision to organize on a national basis a Club which should embody all of the advantageous features which could be gleaned from the experiences of men well versed in the affairs of dogdom, and Setterdom in particular.

A membership campaign was immediately gotten under way. The result was the receipt of sufficient applications for membership to permit permanent organization on a substantial basis on June 23rd, when permanent officers and a Board of Directors were elected.

The official name, "The English Setter Association" was adopted for the new Club, and the following Officers and Directors were elected:

President—William Carroll Wilson; **Treasurer**—R. D. Jennings; **Secretary**—Dr. A. A. Mitten.

Board of Directors

Messrs Irving Bromiley, E. E. Elder, Frederic Ewing, Ira Haupt, E. T. B. Hill, R. D. Jennings, D. C. Kok, A. A. Mitten, C. F. Neilson, Hugh Seales, W. L. Smalley, Harvey S. Smith, William Carroll Wilson.

One of the first official acts of the Board of Directors will be to apportion the entire United States into districts wherein Association members will elect a District Governor. The District Governor shall appoint a Board of Councillors for his respective district whose duty it shall be to assist him in initiating and carrying through to a successful conclusion at least one Bench Show and one Field Trial each year. Dogs winning at these Shows and Trials will receive special District awards, and will automatically become eligible to compete for the English Setter Association's "Certificate of Supremacy." This will insure English

Setter owners everywhere an opportunity to win specials in their own districts which should result in a greatly increased number of entries, and will also provide a new class at the National English Setter Association's Specialty Shows competing for the Association's "Certificate of Supremacy."

The English Setter Association, in addition to the district specialty shows, shall also hold at least one "National English Setter Specialty Bench Show" and one "National English Setter Field Trial" each year at which members may enter their dogs in competition for such worth-while trophies as the Board of Directors may consider proper and the Association financially able to afford.

ANTICIPATION

R. Scott Wilson, Toronto, is anxiously awaiting the arrival of a litter of English Bulldogs, that are due to arrive on the "Glorious Twelfth." The dam is "Just Liza" (93545)—a daughter of "Dewhurst Dan," and the sire "Ch. Crewso Favorite"—a son of "Ch. Limehurst Marquis."

Many of the old timers will recall the white, brindle pied "Ch. Clevelock Mollie," that Mr. Wilson imported from England in 1928—"Irish Peacemaker" ex "Clevlock Dora") and brought out at Toronto Kennel Club Show, just as soon as she found her land legs. That she had "it" to a marked degree can be taken for granted, since her record was three times reserve winners, and four times winner and championship which she finished at Toronto Kennel Club the following year, her big win being the Canadian National Exhibition in 1919.

Here's hoping there is a "Clevlock Mollie" in the forthcoming litter.

BOARDING "TOWSER"

There have been many enquiring for information concerning reliable boarding kennels, where Towser, Fi-fi or Prince could be comfortably accommodated whilst the fond owners got out of the cities for a little vacation. Such Kennels as the Albany Kennels at Oakville, the Benson Kennels at Newtonbrook, the Concord Kennels at Concord, etc., are always in a position to oblige an owner at this time of the year.

We hear that Alf Patchell, Toronto, has opened a boarding kennel at York Mills, where there are runs and separate kennels for 50 dogs, with a kennel man always in attendance. This most recent extension of boarding accommodation will be much appreciated and no doubt it will receive a fare share of the available patronage.

The Alberta News

THE best show for many years was the general opinion of fanciers and public alike in respect to Calgary Kennel Club Show this year, for not only was there quantity, but the quality of the exhibits was much above the average.

There was not a poor specimen to be found and a number of the outstanding dogs that were shown could give a good account of themselves in hot competition anywhere.

The Alberta Fox Terrier Association Specialty Show preceded the main event, and our readers will find a study of the awards comparatively interesting.

Mr. Purdon found his best in show, both coats, in the comely bitch "Cliff Becky," owned and bred by H. Champ, Redcliff, Alta. Sire, "Int. Ch. Beckside Bonus." Dam, "Redcliff Frisky." This pretty Miss is still a puppy and was catalogued for sale at \$500.00. She's a nice one. This was a well deserved win as far as we were able to judge.

The Judge did not confine himself to any particular type, but favored the dog whose quality and soundness mostly appealed to him, the decisions were well received and the writer has quite properly arrived at the conclusion that the standard of sportsmanship in the dog game in Alberta is now on a higher plane than it has been at any previous time.

"Bill" Pym, our brother Director from British Columbia, had a big task on his hands, but he quickly demonstrated that he was more than equal to the occasion, while going over each exhibit carefully. The promptness with which he passed on the classes was most favorably commented upon and the general public had no difficulty in following his decisions.

Strong support was furnished by outside points, Edmonton having a large entry, and half the club members must have been in Calgary. We had the pleasure of meeting Mr. W. Caudwell, Mr. Cobban, Mr. and Mrs. Kirkwood, Arthur Wright, Jack Tanton, J. G. Young, Mrs. Waite, Cochrane; J. Munro, Carstairs; Harry Champ, Redcliff; A. O. and Mrs. Bean, Medicine Hat; Norman Gurr, Lethbridge; H. P. Ellis, Red Deer.

Joe Caswell deserves special mention for having piloted the truck with trailer attendant that completed an adventurous journey on arrival at the show building.

"Joe" and party had run into a section of the newly constructed highway; the fresh tar flew in all directions

rather to the detriment of the dogs. "Joe's" remarks were quite unfit for publication here, but he is a man of resource and came through with flying colours.

We have much pleasure in presenting the judges critique of the principal winners, which is a custom we hope will become general.

Chief "Dave" Ritchie opened the show with a few well chosen remarks. "Jack" Fletcher excelled himself as superintendent. "Bill" Forest as ring steward was the right man in the right place. We would like to compliment Carl Cummer on his work as secretary, this being his first show. The thoroughness and efficiency with which he carried out his difficult task was remarkable.

The Mayor and Mayoress were interested visitors, the latter kindly presenting the prizes.

The Canadian Kennel Club Cup, also the Herald Trophy for Best in Show, were awarded to the English Setter "Harwood Kilmartin Grouse," owned by E. Chevrier and handled by Geo. Kynoch, both of Winnipeg. We wonder if George now knows how many times he has performed a similar feat. Best opposite sex went to "Sunstar o' Scotia," a lovely Collie from the kennels of Dr. S. Moyer, of Rosetown, Sask., that came up with Hugh Leslie's string. Best Sporting dog or bitch also went to the Setter, while the Collie headed the working group. Best Terrier went to "Abertay Trigg," Col. Ritchie's good "Scottie," and it is interesting to recall that the runner up, "Ch. MacWilliam of Tayside," Wm. Forrest's dog, secured this position in 1930 when the relative positions of the contestants were reversed.

Mr. and Mrs. A. Semple returned home happy with the cup for Best Toy, their splendid Pekingese "Cactus Ku Chi" securing the lead. Non-sporting was another win for the Silverdale Kennels' the Bulldog "Silverdale Leader" going off with the "mug."

Best Puppy in show, also best Novice dog or bitch, was a well merited win by the Shepherd "Etsel of Stockade," who, though young, has quite a history, having been rescued by his owner, W. Driscoll, of Edmonton, from the city pound, where he had been sent to be destroyed. The judges review of the dogs will appear in our next issue.

Sept. 5th, 1931

Under Canadian Kennel Club Rules

JUDGE

Geo. S. Thomas, Esq.

The Ladies' Kennel Club, being always on the alert to make Montreal prominent in Canadian dogdom, take pleasure in announcing this great Specialty Show for **All Terriers**.

Geo. S. Thomas, who is conceded to be the world's greatest Terrier expert, will judge the Specialty Show himself.

The show will be held in the same building as the **All-Breed** show, to be held on the same date by the Ladies' Kennel Club.

A unique and inviting opportunity for all Terrier breeders to show twice on the same day under different judges, and for the fortunate winners extra championship points.

Editor, Kennel and Bench,
Dear Sir:—

On page 23 of the June issue of Kennel and Bench there is a letter from A. Roberts. I read it with much interest. It concerns the recent amendment re licensing our judges, for future Canadian Kennel Club Shows.

I agree with Mr. Roberts in stating that a judge should have practical knowledge and experience in the breeds he is to make application for a license to judge, and I will go one step further and make this suggestion: Any person making application to judge all-breeds at any Canadian Kennel Club Show be required to pass a set of examination questions prepared by a special committee, and be compelled to make a certain grading or percentage on the questions submitted.

To do this it would be necessary to appoint a committee to look after the preparing of questions, and passing or rejecting according to grading, the applications of those wishing to judge.

I would like to suggest the following committee: Robt. A. Ross, Walter H. Reeves, J. D. Strachan and Brig.-Gen. C. M. Nelles.

The work of this committee would be to gather together such questions as they think advisable on all-breeds recognized by the Canadian Kennel Club and when an application is made to a provincial director, that a set of these questions be forwarded to him in a sealed envelope, that said director be obliged to call a meeting of his provincial committee and break the seal of the envelope containing the questions in the presence of his committee.

The applicant for the license to be at the meeting of the committee and be handed the questions, write his answers on space provided under each question, and when through, fold the questions and answers and hand them

Letters to the Editor

license from the American Kennel Club to judge all-breeds.

All judges residing in Canada, who hold judge's licenses from the American Kennel Club at this writing should be exempt from writing these examination questions, for this reason: If they are now capable of judging all-breeds, as they are required to, to hold a license in the American Kennel Club, they should be granted a license to judge in Canada, for every one of our outstanding all-breed judges has been selected, to judge at the largest shows in the United States and have given great satisfaction, as they have been selected year after year.

Would you please publish this letter in Kennel and Bench at the earliest opportunity, for while the time to license our judges seems a long way off, it is really very short, and an early publication will give the Canadian Fancy a chance to discuss a plan of this kind through the valuable columns of Kennel and Bench.

Thanking you in advance, Mr. Editor, for the attention you will give this letter, I am,

J. D. CAVANAUGH,
St. John, N.B.

Dear Mr. Editor:

The pertinent observations suggested by the new rule passed by the general meeting of the Canadian Kennel Club on the licensing of Judges has a tendency to "broaden out," and one of the first impressions to be registered is the degree of interest manifested on the question by members who ordinarily are unable to attend the regular meetings, but who are nevertheless watching and waiting to see what they

Pomeranians, and like many others I am concerned as to just what may be the qualifications which would ensure one being acceptable to the directors of the Canadian Kennel Club as a qualified judge, and certainly if the placing of dogs in a way generally far removed from the judgments of the breeder, then Mr. Editor, we have in Canada some splendid material. Will you allow me to be frank to the extent of saying, that notwithstanding the large increase in the number of registrations in the breed I know best, our shows within the last few years have been a failure as compared with ten or fifteen years ago, and there are those not slow to declare that the recorded decrease is almost wholly due to the system of appointing judges. It is a matter of peculiar comment, that some of our largest breeders are to be found travelling three, four, and five hundred miles, with liberal entries to dog shows, when it comes to our Canadian shows, they are conspicuous by their absence, and it is an equally illuminating commentary, that in more than one instance lately we had the unusual spectacle of having a larger number of dogs benched for "exhibition only" than the number benched for competition, simply as a protest at the unwise attitude of a Committee in asking the same judge time and time again. As a matter of record we had the same man to pass upon Toy Dogs at Welland in September, Royal Winter Fair in November, and I suppose to make triply sure that the wins at these shows shall be duly emphasized, we are asked to roll up a big entry for exactly the same judge for a forthcoming important dog show fixture. There is no attempt in these words to attack the placings of the judge, but I do say, that it is unfortunate to the exhibitors, and unkind to the judge because it must be

"FOX TERRIER BREEDING"

Rev. Rosslyn Bruce, D.D.

Every breeder of Fox Terriers has been looking forward to this treat; and now, when it will be keeping a great many of us firmly glued in armchairs, the anticipation is easily eclipsed by the concrete pleasures of its realization. Dr. Bruce has gone more deeply into the ancestry of Smooth Fox Terriers than anyone heretofore. For years past he has been occupied in classifying the various families from the foun-

he fills my eye like nothing else alive. Thoroughbreds have their unsullied pedigrees meticulously recorded; one or two great English families, from father to son, have long since done the same by Foxhounds; and now Dr. Bruce, our greatest authority on the subject, has lovingly devoted no little portion of a long and distinguished career to bringing all existing records of our breed into a form that is within the reach of, and absolutely clear to, every breeder.

The family trees—for such they are, as distinguished from bare pedigrees—are unique. It is generously illustrated with the best of photographs. It goes without saying that this volume is indispensable to every breeder of Fox Terriers. The price is \$3.00, and may be ordered through Kennel and Bench office.

(Review by Capt. R. C. Bayldon).

SLOWED UP?

Lt.-Col. G. F. McFarland, Toronto, has played a strong hand at the principal dog shows in Canada and the United States, with his well-known Bull Terriers "Ch. Franklin Galloper," "Ch. Franklin's Lucky Change," etc., and with genial Humphrey Elliott, John H. Candler, F. W. Coles, R. M. Kenney and Mrs. Ora Doherty in the East, and P. H. Green in the West, the banner of the "White Gladiator" has been kept aloft all the time.

Just when desirable young stock was most wanted at the Franklin Kennel, the Colonel's recently acquired bitch, "Ch. Albion Admiration," whelped a litter to "Regent Achilles," and we regret to report that the litter has been lost by death. And in view of the fact that that other quality bitch, "Ch. Franklin Lucky Change," failed to whelp to the great "Ch. Buccaneer," it looks as if this ardent supporter of the

CH. DAME DAPHNE (Imp.) (C.K.C.S.B. 86615)

Since E. N. M. Vernon, Kaleden, B.C., became the owner of "Ch. Dame Daphne," by importation on March 24th, 1930, he has been well pleased with his possession. On his way to championship honors this Golden Re-

triever has not met defeat in his classes.

At Victoria this year, he was introduced and made his debut. He also won his first four championship points. This advantage he followed up at Royal City Kennel Club Show, then to Coast City Kennel Club fixture, and on to Vancouver Kennel Club show, and now his record shows 13 championship points.

The Golden Retrievers have been slow in catching the public fancy in Canada, yet their services in retrieving lame game are invaluable. In England no less than 563 Golden Retrievers were registered in 1930, and the average number of exhibits at championship shows held in that country was 34. For the purposes of comparison we may say that 43 "Curlies"; 206 Flat-coated were registered in the same year, so the "Golden" share with the Labrador the popularity in Great Britain; 1,308 Labradors were registered in 1930.

We hope that Mr. Vernon will be able to find associates who will help him to make the Golden Retriever one of our popular breeds in this country.

The greatest Shepherd Dog

Roesbeck — one of the latest authorities on the dog, judged the National Specialty at Belmont Park, N.Y.—"Katja": "In my opinion is the finest of the breed ever lived to date," Dr. Roesbeck has been shared during the years by many of the best. "Katja" was the Auslan for 1928, and German Champion the same year, Dutch Sieger, and German Siegerin for 1929, and American Siegerin for 1931. American Champion in Canada for

combined honors available to a Shepherd Dog have all been won by this great animal, possible that Mr. and Mrs. Heckert will retire her on her 10th birthday. "Katja" has only been bred once, in 1929, and one of her puppies, the Youth Class Grand Champion at the Austrian Show at the 1931 show held on "Katja's" son, "Marbold," was winners Sieger, and daughter of Katja's sister was champion.

With this great Shepherd with her Championship Canada has been honored in turn.

A SOUND SHEPHERD

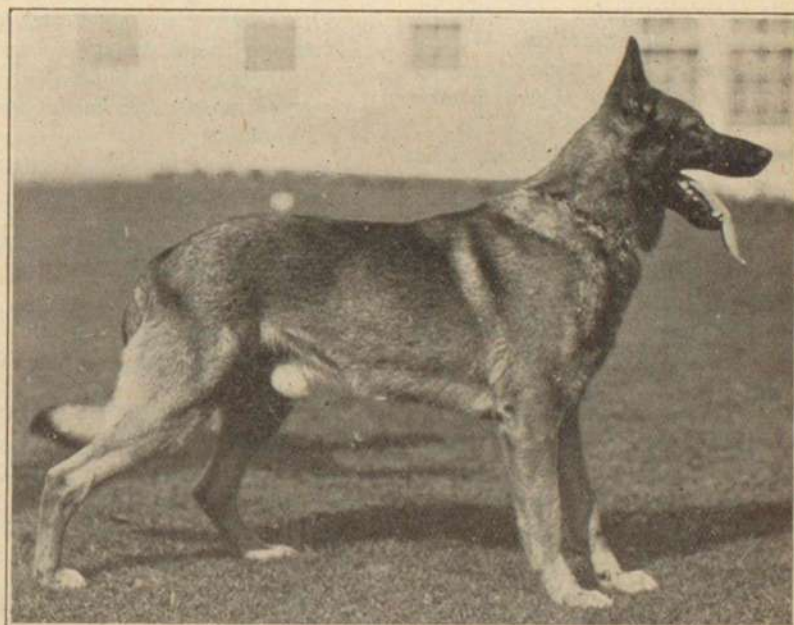

"Arko von Prinzenhof," Mrs. A. Wells' (Toronto) dependable shepherd dog is a well-known campaigner. He has been shown at the Alsatian Shepherd Dog Show, as a puppy in 1928, and from then on, he has been fearlessly shown at 14 other shows. At the Western Fair last year, he won his first couple of championship points, and he is now a stronger contender than ever before.

"Arko" is one of the few Canadian-born sons of "Xeres des Remardieres", a dog bred by F. Lessard, France, and imported by R. Perry, Islington, Ont. "Xeres" was a paternal grandson of the noted "Ch. Gerri von Oberklamm," out of a daughter of "Ch. Claus von der Furstenburg," so that it is comparatively easy to trace to the source from which "Arko" draws his great quality. The dam of "Arko" is a daughter of

Int. "Ch. Iso von Doernerhof," a son of "Claus v. d. Furstenburg," and this further emphasizes his claim to extra consideration.

It was left to the understanding Lady Kitty Ritson to really find Mrs. Wells' dog, and to place him right on the top of the lot at the Specialty Show of the German Shepherd Dog Club of Canada, held at Toronto, on June 20th this year, and Kennel and Bench readers are referred to her ladyship's critique appearing elsewhere in this issue, there to find the judge's close-up opinion of her best dog on the day.

Mrs. Wells has but one ambition at the moment, and that is to make "Arko" her first champion, and we wish her luck in her quest for further points.

ABOUT THE DOG SHOWS

May was the month that noticed the activities in the dog show sport, at both ends of the "steel ribbons" which connect Canada east and west. June and July looked on at the shows held in the prairie provinces and elsewhere, but it has been left for August, September, October and November to witness the really high spots of dog showing.

Owing to the peculiar conditions prevailing, it looked for some time, as if there would be a noticeable curtailment of the number of shows usually held, but perhaps the general depression was responsible for the pessimistic outlook. A reference to page 3 of this issue will reward the reader, by giving a complete list of dates granted up to the time of writing.

The **Ottawa** fixture is said to be on trial this year; therefore it is to be hoped that, the finding of the judges will be unanimously for continuing the dog show as an attraction. We can hardly imagine "Old Ottawa" being removed from the dog show calendar. The dates are August 25th to 27th.

Canada Pacific Exhibition comes next, on August 28th and 29th, and like all exhibition shows it will be well patronized. F. W. Simmons, Hollywood, Cal., will officiate.

August 31st and September 1st **Nova Scotia Exhibition** show under the management of Nova Scotia Kennel Club, and with Jack Fry, Jr., on the "wool-sack" will be the attraction, and to sustain interest the **Nova Scotia Kennel Club** will take over the venue, and with Frank Addyman judging, a second show will continue on September 2nd and 3rd.

Sherbrooke on September 2nd to 4th is next, and Col. Francis must be given the credit for this fixture. Minus the Colonel's personal interest, it is questionable whether this event would continue as a fair fixture or not.

The **Ladies' (God bless 'em) Kennel Club** have something new for the talent this year, a real attraction if ever there was one in the dog show game. A one day show, and that one day a Saturday, suggesting comfort for everybody. "Just get there" is all the exhibitors are asked to do; getting back will be easy. Another attraction is cash prizes for limit and open classes, so that expenses may be materially lessened for fortunate fanciers. Still another feature, besides the all-breed show, is a separate specialty show for all Terriers, and for this attraction the services of capable Geo. S. Thomas have been secured. There are still other attractions but the ladies are too modest to have them mentioned here. Anyway

there will be a "big day" at Montreal on September 5th.

Nanaimo Kennel Club on September 5th and Shawnigan Lake on September 7th—two shows in close proximity to each other and both guaranteed good support.

Then comes the **Canadian National Exhibition at Toronto**, where a fancier owning a dog good enough to go from puppy to open may win \$50 in cash. A second dog may win \$31, and a third \$13. Most of the specialty clubs are offering the specials, and the list of judges leaves but very little to be de-

IT IS EASY TO CRITICIZE

*It is easy to sit in the sunshine
And talk to the man in the shade,
It is easy to sit in a well trimmed
boat
And point out the places to wade.
But once we pass into the shadows,
We murmur and fidget and frown,
And one length from the bank, we
shout for a plank,
Or throw up our hands and go
down:*

*It is easy to sit in a carriage
And council the man on foot,
But get down and walk, and you'll
change your talk
As you feel the peg in your boot.
It is easy to tell the toiler
How best he can carry his pack,
But not one can rate, a burden's
weight,
Until it has been on his back.
The up-curved mouth of pleasure
Can preach of sorrow's worth,
But give it a sip, and a tveryer lip
Was never made on earth.*

sired. The premium lists will be in the mails any day now. The dates are September 7th to 9th.

Hamilton next in line on September 11th and 12th and the lads over there are working themselves dizzy to make their second show of the year, much better than the first. Geo. Kynoch, Winnipeg, will sort them out at the Ambitious City.

London with a "double header" on September 5th (London Canine Association) September 16th, 17th and 18th (Western Fair). V. G. Perry will judge for the opening event, and later Anton Rost will carry on for the Western Fair show.

Welland on September 30th and October 1st. Robt. A. Ross, Montreal, has been given the judging appointment. Mr. Ross' reputation should, and likely will, draw a record entry for this hustling young club.

Vancouver looms up next with the specialty show of the British Columbia Fox Terrier Association holding its annual fixture, we should imagine that the closing of this show will mark the end of the licensed show season at B. C. The date is November 9th (Thanksgiving Day).

The **Boston Terrier Club** of Toronto, will hold its annual specialty show on November 9th (Thanksgiving Day). We have not been advised concerning the identity of the judge, but no doubt whoever it selected, the judge will be one of the best available.

Last, but not least by any means, is the colorful show of the **National Kennel Club** on November 23rd to 25th. The list of judges has not yet been released, so we must be content to advise Kennel and Bench readers, to be on the look-out for the National Kennel Club announcement which will appear in our next issue.

No, we have not overlooked the show of **St. John Kennel Club**, only the dates have not yet been claimed, however we happen to believe that the dates, will be September 7th to 9th (the usual dates) and that the able McClure Halley will judge all breeds except German Shepherd Dogs, and Belgian Sheep Dogs, and these will be well cared for by Raymond L. Patterson.

THE OPEN FOR BOSTONS

Mrs. M. F. Phillips, of the Phillips' Kennels, Montreal, found it extremely unsatisfactory, to say nothing of discouraging, trying to keep her Bostons in an apartment building, so she moved out to N. D. G., where she had plenty of room to place at the disposal of her dogs, and now her pleasure comes when puppies are born, naturally, no cesareans, no operations of any kind, but rather bright-eyed, lively, healthy puppies that practically raise themselves.

In a trite statement Mrs. Phillips says, "Many cesarean operations would be quite unnecessary if bitches were allowed plenty of exercise—unleashed." And we agree, judicious exercise plus proper feeding and kennelling are the foundation stones of success in any breeding kennel.

A litter of five males, now 7 weeks old, by "Disturber Spark Plug" ex "Phillips" Pierette, are a bright looking bunch of youngsters, judging from a photograph sent to us.

NOTES FROM OLD QUEBEC

By Provincial Contributing Editor,
FRED LA RUE, St. Martin, P.Q.

THIS Province is going through a dry spell. "Ye contributing editor" did not receive a single particle of news from anyone in this Province before the 20th, and, "Ye Editor" had to spend 55 cents on long distance telephoning to get some news about the forth coming Montreal Show. Let us hope that said dry spell will be followed by a storm of news.

The contributing editors in each province should receive at least 50 letters each month from their fellow members; some claim they do. I suppose that I have not got "it." I probably lack the "desk appeal." I sincerely hope that Kennel and Bench Committee will find some way to get every Canadian Kennel Club member interested in the making of this magazine to their liking every month. There lies the whole secret of the success of any official organ of any club.

Anyway I wish I was an English Bulldog! No, I don't want to fight anybody; but I would simply love to be shown under "Witty" Warren who will judge the "Great Empire" breed at the Ladies Kennel of Canada Show. I am sure that he will shoot some of his irresistible stories just at the proper time to make the exhibits laugh and consequently, extend their "under-jaws." Maybe he will get them to "roll with laughter and overdo themselves in rolling gait." "Witty" is also judging the Whippets, but he will have to keep solemn with them as his witticisms might break their pace.

Friends from Toronto, friends from the States, friends from all Canada please come to Montreal if you want a good time, if you want to see the biggest show that is going to be benched in the Dominion this year. Help us to repay handsomely what we owe to the Hon. President, Mrs. Enright for her efforts which obtained the new rating of points for this province. We will welcome you with our best spruce beer and dandelion wine. One does not need to be an expert algebraist to figure out what this coming Montreal Show is going to be. The problem reads as follows: If the Montreal Canine Association has, single handed, without, practically any outside help, been able to bench 300 dogs in May, what will the Ladies Kennel Club, backed by the Montreal Kennel Club and helped by the Canine Association bench in September? The answer is, or should be, 900 dogs!

That will mean some job for the ring stewards. But the dear ladies, whose motto is "be prepared," have chosen some of the most experienced men in the province. They are Mr. Forest Keen of Sherbrooke, Sam Doyle and T. P. Ritchie of Montreal.

The prize list is very "allechante." There is \$3 for 1st and \$2 for second prizes in all Limit and Open classes, besides specials in every breed for best novice owned and shown by an amateur. American dogs will come into Canada, free of duty, and may still stay in bond right through to the Canadian National Exhibition without having to go back to their port of entry.

And last but not the least, week-end excursion fares which are in force on all Canadian Roads will come in handy for this great Saturday show. Return fares are as low as \$14.40 for Toronto, \$4.85 for Ottawa, and \$4.65 for Sherbrooke. Railroads have offered to give us a special private combination car for dogs and their owners as long as there are, at least a party of ten exhibitors, on the same train.

NOTES FROM THE MARITIMES

By Provincial Contributing Editor
M. B. ZWICKER
Halifax, N.S.

EVERYTHING is well underway for the Club's two fall shows and will form part of a very interesting circuit, viz., Ottawa, Sherbrooke, Halifax, Montreal and St. John.

Airedales have a new sponsor locally in Jas. Wood who has purchased a very promising puppy from Montreal, being by "Adena Clydebank." He is a big boned, husky chap with a very long clean head and plenty of style. He will come out at the Halifax show and make the Maritime circuit.

Mrs. D. E. Smith reports a litter of Cairn Terriers, three males and a female by "Ch. Crochen O'De Orden" (Imp.) ex her "Betsy of the Shieling" (Imp.) reserve winners at Montreal and winners at Halifax. "Road White Collar Lass" is again nursing a litter, four females and one male by "Humbervale Cracker" both sire and dam have won Best All Breeds, so her owner "Billy" Smith is looking for a flyer.

By the time these notes appear in print "Ch. Model of Evangeline" will be caring for a litter of Danes by Int. "Ch. Chieftain of Erin Dane" (Imp.) "Chief" seems to have the ability to transmit his wonderful head and deep

foreface, a character so much lacking in our present day Danes.

We are all very sorry to learn of Ralph Preston's loss, his new imported English bitch died from whelping troubles. Ralph was looking forward to showing some more youngsters by his "Ch. Epping Ediet." May better fortune attend this veteran fancier who showed terriers and Russian Wolfhounds for the Dutchess of Newcastle before many of us were born.

Robert Magee of St. John is bound to have some Irish Terriers that can go out and bring home the bacon, his latest importation is "Kilvara Mauvur-noon" bred by Messrs. Eager & Keough, Morristown, N.J., sired by Gooley's "Killarneyed Kincora Lady May." Both sire and dam are by "Merlin Montball" (Imp.), she is already the dame of two American Champions.

Fred Fougere has just received home his winning Pointer "Gorsebrook Peggy," she recently visited Robert Orr's "Esco Lucky Ripper," by "Ch. Post Road Jeff II" at St. John.

NEW CHAMPIONS

"POUPEE OF GOTTON" (78209), Miniature Poodle, bred by Mrs. B. E. Glynn, England, now owned by Mrs. R. T. Stephens, Ottawa, Ont. Sire, "Ch. Pronto," Dam, "Bebe of Gotton." Ottawa Kennel Club, 1929, 2 points; Central Canada Exhibition, 1929, 2 points; Ottawa Kennel Club, 1930, 1 point; Central Canada Exhibition, 1930, 1 point; Canine Society of Montreal, 1931, 5 points.

ADDITIONAL AWARD
CANINE SOCIETY OF MONTREAL

Miniature Poodle. Open Bitches, 1st and winners, Mrs. R. T. Stephens' "POUPEE OF GOTTON."

FIVE MALES AND ONE FEMALE

E. Holdsworth, Toronto, is quite enthusiastic over the recent arrival of a litter of Boston Terriers, consisting of 5 males and 1 female. This litter, in Mr. Holdsworth's estimation, is quite the best that have come to him since he has been breeding Bostons. The sire of the puppies is "Ch. Stevens' Conde boy."

TWO DOG SHOWS AT LONDON

Dog fanciers throughout the province are pleased at the announcement of the Western Fair Association at London that there will be two dog shows in connection with the exhibition this year. Although it was feared that the dog show would have to be surrendered to make room for building expansion, other accommodation was found for the dogs with the result that an attractive prize list for both shows is now in the printer's hands and will be forwarded to the fancy in a few days.

The first show, held under the auspices of the London Canine Association, is a one day event, Tuesday, September 15th. The second show opens the next day, Wednesday, September 16th, and continues until the evening of the 18th. At this show, prize money is paid in all principal classes, and as high as \$5.00 is paid for first in the open class of the popular breeds, with \$3.00 for second prize. When one considers that an entry fee of but \$1.00 is charged, this is indeed a very generous offering.

A double championship rating is assured, as both shows are held under Canadian Kennel Club rules, and if last year's double event is to be taken as a measuring-stick, then each show will earn two points and practically the same dogs will be entered for both events.

Following the plan of last year, a Canadian judge will officiate at one show and an American at the other. Anton Rost of Brooklyn, New York, will judge all breeds at the three day show, and Vincent G. Perry of London, Ontario, will judge all breeds at the one day event.

Fanciers are reminded that the Western Fair Dog show is one of the oldest events in Canadian dogdom. The offering of real prize money—not on the per centage basis like so many other shows—has always been a feature of this event, and because of that deserves the patronage of the entire fancy.

NEW CHAMPION

"REDCLIFF ARC LIGHT" (79048) Wire Fox Terrier, bred by George Lydiatt, Vancouver, B.C., now owned by George Kynoch, Winnipeg, Man. Sire, "Beckside Bonus," Dam, "Oldcliffe Gingerback." Alberta Kennel Club, 1930, 3 points; Saskatoon Kennel Club, 1931, 3 points; Fort Garry Kennel Club, 1931, 2 points; Moose Jaw Kennel Club, 1931, 4 points.

DOGS CAN PLAY A PART.

By A. V. Lloyd.

There are few children, who at some time or another, do not long to possess a real live animal pet. In this direction the choice of the right pet may present some little difficulty. Whilst such animals as rabbits, pigeons, canaries and so on have much to recommend them, it is far better—from the child's point of view—to select something of an intelligent and companionable nature. Would it be possible to find anything more suitable than a puppy, providing of course that the child is old enough to appreciate the difference between a "stuffed" dog and a live one.

Before a puppy is given to a child it should be fully explained that there is a vast difference between an animal and a toy. Who has not seen a toy thrown across the room in a fit of temper or again "The only toy in the world" today, lying forgotten and neglected tomorrow! Teddy Bear is carried by one paw or upside down . . . pinched and banged at the owner's whim, but now that the child is considered old enough to own a live little pal, another phase in his education begins.

In the early days, it is advisable never to leave the child and the puppy alone. Let them play together in the presence of an adult so that any unintentional cruelty on the part of the child can at once be checked. In a very little while the child will quickly realize its responsibility and begin to appreciate the delights of training its young friend and in due course develop the right sort of feeling to dumb animals generally.

Teasing is a childish fault but nothing is more harmful to the growing puppy than to allow teasing to pass unnoticed. The child should, moreover, be taught to care for his puppy as well as play with him. The necessity for a comfortable box or basket to sleep in and the need for regular meals and clean water should be explained to him. Light duties such as these act as a wonderful "set off" against any tendency to selfishness.

The necessity of feeding a puppy

correctly should be one of the earliest lessons to learn. "In-between-time" snacks are bad for child and puppy and should be discouraged. A dog is, by nature, best suited by plain fare and dog or puppy biscuit foods cannot be excelled as an all round diet. Let a child once understand that a biscuit to a dog is what bread and meat is to him, then the practical value of a dog biscuit will present itself in a different light. There are dog and puppy biscuits to suit every breed of dog. A wholesome crisp biscuit is a dog's delight and is excellent for jaws and teeth. As a change Hound or Terrier Meal may be fed in a moistened state—but not too sloppy. Sloppy foods are too often the cause of bad teeth and intestine trouble.

A child cannot learn too soon that his puppy loves cleanliness; that a little thought is all that is necessary to make cleanliness a habit in all directions. Plenty of exercise is good for both . . . likewise the daily use of the brush! The way in which a puppy will respond to kindly discipline is ample repayment for any trouble taken. As he grows to dog's estate, the child will have won a pal second to none.

NOTED BULLDOG DEAD

It was at the Canadian National Exhibition of 1922, that "Hefty's Best" made his debut, and secured the prizes for best puppy. At Brantford in 1923 when a trifle more matured he earned his first championship points, and from that time until he finished his championship at Oakville in 1924, he was a dog that was always "knocking at the door" in any kind of competition.

According to the records Miss Nana Mills, Toronto, was given the honor of having bred "Hefty's Best," but no doubt the "late" Billy Mills aided and abetted by Mrs. W. Mills, and possibly advised by the astute owner of the sire — "Hefty Monarch" — Tom Hicks. "Hefty's Best" was out of a daughter of "Prince Albert's Double" (Imp.)

After completing his championship here "Hefty's Best" was sold to John Haggarty, of Cincinnati, possibly advised by the late Norman K. Swire, a great admirer of "Hefty Monarch," and of the son "Hefty's Best." Later, the well-known secretary of Detroit Kennel Club—"Bill" J. Baumgartner, of Pontiac, Mich., became the owner, and Mr. Baumgartner and a host of Bulldog enthusiasts firmly believed that "Hefty's

Best" was indeed "Hefty Monarch's" best son, and one of the best Bulldogs ever to be bred in Canada. It is well-known that Mr. and Mrs. Baumgartner had their full share of thrills from time to time, as they jockeyed their Canadian champion to further and complete championship honors in the United States.

We notice something of a coincidence at the moment, that two grandsons of "Int. Ch. Hefty's Best" have just com-

pleted championships on their own account, one is "Major General," and the other "Baumbrae's Pride o' the Hills."

"Int. Ch. Hefty's Best" was born on January 10th, 1922, therefore he was in his 10th year, and of course old as Bulldogs go, truly his life was characteristic of the breed—"What we have we hold"—.

SAYS MR. GALWEY-FOLEY

The Qu'Appelle Kennels,
Fort Qu'Appelle,
Sask.

Messrs. Ross-Miller,
Napanee, Ontario

Dear Sirs:—

The dogs which I raise and train are subject to most grueling tests for stamina and hardihood, and I have found that with your foods supplemented with our occasional fish diet, there is no trouble in keeping them in perfect condition.

Yours very truly,

P. N. B. Galwey-Foley.

The Qu'Appelle Kennels specialize in sporting breeds. Their dogs are bred and fed to produce hardihood, stamina and hunting intelligence. Read what Mr. Galwey-Foley of the Qu'Appelle Kennels says about his experience with Ross-Miller Dog Foods.

R-M Dog foods are a scientifically proportioned ration containing every element of nutrition a dog requires. The cost per meal per dog averages less than one cent. Owing to the low temperature at which they are baked, the vitamins contained by the beef and pork cracklings, the cod liver oil and other ingredients in Ross-Miller Biscuits are retained in practically full strength.

R-M Dog foods include foods prepared specially for puppies and young growing dogs. Ask your grocer to supply you regularly.

The reason is not far to seek. Veterinary surgeons, breeders, exhibitors, handlers and dog owners generally, have learned from direct experience that Spratt's crisp, meaty biscuits and wholesome, vitamin meals are the purest and most nourishing foods that science, coupled with the makers' unrivalled specialized knowledge of the subject, can provide for the daily diet of dogs, whether of the sporting or non-sporting variety, of large, medium or toy breeds.

In the kennel, on the bench and in the ring itself, the splendid condition and stamina of the "Spratt's-fed" dog invariably "tell" in the "hottest" company. Elsewhere than in show circles, the ordinary pal-dog, reared on a "Spratt's" diet, is everywhere a credit to his owner.
