Old Trusty
Dog Foods and Remedies

Unique in its make-up and purpose, the Old Trusty Dog Food Company is owned and managed wholly by dogmen and devotes its entire resources to the manufacture and sale of foods, remedies and accessories pertinent to the well-being of the dog. Due to specialization and the wealth of practical knowledge available, in a single decade it has grown from an individual's dream to a place of dominance in dogdom.

It is hardly necessary to describe the Old Trusty foods in detail, except to say that all of them are free from medication, and from sweetening or any other treatment to make them deceptively palatable. It is because they are natural dog foods, scientifically balanced, that the dog relishes them and does not tire of them.

Each remedy in the Old Trusty chest is compounded for its special purpose after years of study and practical research, from the famous formulas of Dr. G. G. Anderson, noted veterinarian. They are safe and dependable. Easily and effectively given at home.

The Shensi Pekes

A. Roberts, Humber Bay, Ont., whose able hand directs the destinies of the Shensi Kennels is an old-timer in dogdom despite his youthful appearance. Since 1900 he has been active in the sport. To such good purpose did he put his years of apprenticeship, that we find him secretary of the Accrington and District Canine Association in 1910, and as such associated with men like Chris. Houlker, H. Ainsworth, W. Livesey, etc., the latter being the auctioneer for the Association and we would surmise that Mr. Livesey would be the most successful auctioneer serving any Canine Association at that time in England.

Like so many other Englishmen, Mr. Roberts has a natural liking for fur and feather stock, and his many and varied experiences make splendid conversational material when the genial "Bert" is in a reminiscent mood. He has always had a hankering for Wire Haired Fox Terriers, and a few good specimens of this breed have always shared the "Shensi" prefix with the Shensi Pekes. During the years that Mr. Roberts spent in Winnipeg he bred from the best, and to the best obtainable, and perhaps this is the secret of the happenings featured in his advertisement on the top of this page. Here we find Mr. Roberts fully realizing the true dog lover's ideal, making one of his own breeding a champion, and to this thrill must be added the circumstance, that the little lady champion Shensi Queen of Sheba was only a puppy in her eighth month when she turned the spotlight on herself and her owner, and from this achievement others are expected to follow from time to time in the future.

A. ROBERTS,
the guiding genius at Shensi Kennels.

Having made a success of his business, Mr. Roberts now finds he has the inclination and the necessary wherewithall to spend much of his time with his dogs in the Kennel and at the shows. He is also a generous supporter of any sport that he favors.

OUR FRONTISPIECE

There have been very few German Shepherd dogs bred in Toronto, boasting better breeding than our feature dog for this, the first number of the 20th volume of the "Red Book" perhaps better known in Canada as Kennel and Bench.

The recently crowned Champion Arko von Prinzenhof (C.K.C.S.B., 73079, gives the denial to the oft repeated cry of "Cheap Champion," no less an authority than Lady Kitty Ritson, of Cobham, Surrey, England, found Arko for her best Shepherd when she judged the German Shepherd Dog Club of Canada Show at Toronto on Saturday, June 20th, 1931, and yet this splendidly built Shepherd dog has been on the circuits from his puppyhood days of 1928, until late in 1931, before completing his championship, and he appeared in competition at no less than 20 shows before he finally made the grade, no wonder then, that his fair owner, Mrs. A. Wells, 50 Virginia Ave., Toronto, is so proud, now that her personal pal and guard has at last become a part of the "charmed circle." Mrs. Wells says, "it has been a struggle, but it was well worth while," and a litter of puppies now arrived at selling age may furnish material for further contention in the show ring.

Particularly well bred is our new Champion Arko and from blood streams that keep right on furnishing desirable specimens. Look at this pedigree!

Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

The regular monthly meeting of the Board of Directors of the Canadian Kennel Club, Inc., was held at the Club's offices, 25 Melinda Street, Toronto, on Thursday evening, September 17th, 1931.

Brig.-Gen. C. M. Nelles presided.

Directors present were: H. A. Wilson, Col. J. N. MacRae, Lt.-Col. G. F. McFarland, Major Ward Wright, A. Donaldson, R. L. Wainright, Reg. P. Sparkes, F. W. Walkerdine, R. Tyrwhitt and G. Kynoch.

The Secretary advised, that the suspension imposed on F. Wilds, Vancouver, on September 20th, 1926, would automatically be removed on September 20th, 1931.

The minutes of the previous meeting of the Directors were read, and it was regularly moved, seconded and carried:

"That the minutes be adopted as read."

The following report was read by Col. McFarland, on the matter of the President's voting privileges, which had been referred to him from the August meeting for his legal opinion:

"The Club is incorporated under the Livestock Pedigree Act, R.S.C., 1927, Chap. 121, and also under the Dominion Companies Act, R.S.C., 1927, Chap. 27. The original and main incorporation is the former, the reason for the subsequent incorporation under the Companies Act being that the Corporation is carrying out certain activities which are not recognized by the Livestock Pedigree Act. The incorporation cannot be dealt with on the basis of the Companies Act because the by-laws under which it operates do not comply with that Act, but are drawn in accordance with the Livestock Pedigree Act and approved by the Minister of Agriculture in accordance therewith.

"The only clause in the constitution of the Club which seems to deal with the matter is Clause No. 1 of Article No. 6, which reads as follows:

"The duty of the president shall be to preside at all meetings of the Club and the Board of Directors, to exercise a general supervision over the affairs of the Club and generally do all matters, acts or things as are usually done by presidents of similar organizations."

"If as stated in the constitution the president is to 'do all matters, acts or things as are usually done by presidents of similar organizations' in my opinion the meetings of the Board must be treated as meetings of the Standing Committee of an association and in this connection I quote from Blackwell's Law of Public and Company Meetings, Seventh Edition,—1931, page 70, as follows:

"The chairman of a meeting has a vote like an ordinary member, unless for any reason he is specifically debarred from voting by statute. The casting vote is a second vote given to the person who occupies the chair. He has the right to use this only if there is an equality of votes, including his own ordinary vote. The chairman may give his ordinary vote one way and his casting vote the other if he pleases, but there is no obligation on him to give either an original or a casting vote."

"Reference should also be made to Rigg's—"How to Take the Chair" (London Reprint, 1925). This book deals with the matter in the form of a question and answer. On page 71 the following question and answer are found:

"No. 125—Have the chairman of a Select Committee and the chairman of a Standing Committee a deliberative as well as a casting vote?

Answer—The chairman of a Select Committee and the chairman of a Standing Committee have a deliberative as well as a standing vote.

In such committees, the chairman takes part in the discussions that arise and even proposes motions for the consideration of the committee. In fact, he combines the duty of a member with that of a chairman.

"In view of the above I am of the opinion that the procedure adopted at the meeting in question was regular and that the amendment was properly carried."

Further legal information was submitted and considered, and after discussion, it was regularly moved, seconded and carried:

"That, the report as submitted by the Club's legal adviser, be adopted."

The chairman of the Quebec Provincial Committee having reported on the Ogden-Malovitz complaint, it was regularly moved, seconded and carried:

"That the matter of the Ogden-Malovitz complaint be referred back to the Quebec Provincial Committee for further investigation and instruction to the Committee, that both parties interested be heard at the investigation."

A further report from the Chairman of the Quebec Provincial Committee, stated that the committee respectfully declined to reopen the matter of W. W. Brown's (Montreal) suspension.

It was moved, that, the Secretary be instructed to write W. W. Brown, instructing Mr. Brown to sign the necessary transfer and to have it forwarded to this office.

It was moved and seconded that, Mr. Donaldson be appointed a committee of one to straighten the matter out with Mr. Brown.

The first motion was withdrawn, and the latter "was declared carried."

The Chairman of the Manitoba Provincial Committee having reported on the O'Donnell-Skidmore complaint, was present in person and explained the situation to the Directors. It was regularly moved, seconded and carried:

"That this Board recommends to the Canadian National Live Stock Records, that Mr. O'Donnell be furnished with a Certificate of Registration showing his ownership of the animal named in the complaint."

The matter of certain items of correspondence which had been received from the American Kennel Club, and which had been referred to the Club's legal adviser, were considered. After considerable discussion, it was regularly moved, seconded, and carried unanimously:

"That the matter of judge's licenses, and the effect of the Reciprocity Agreement thereon, be referred to Col. McFarland to negotiate with the officers of the American Kennel Club, with report to this Board."

Col. McFarland reported, that the handling of stray dogs in the City of Toronto, by the authority of the Board of Control would in future be handled by the Toronto Humane Society, under the following conditions:

"1. The City Pound is transferred to the Society's Headquarters.

2. Nets will not be used, all dogs will be caught by hand and lifted into the wagon.

3. The Society will do its utmost to co-operate with dog owners but must enforce the City By-Laws pertaining to dogs running at large as rigidly as it would be enforced by the Police Department.

4. The inspectors of the Society will not be permitted to take dogs from children but will ascertain in each case the name of the owner who will receive a warning.

5. The inspectors are also instructed not to capture any dogs except on a sidewalk or roadway.

6. The Society requests that all dog owners take out licenses for their dogs so that they may be notified when dogs wearing tags are brought in.

7. Owners of dogs brought to the Pound will be able to claim their dogs up till 10.30 p.m. every evening, including Saturdays and holidays, but not including Sundays."

It was moved, seconded, and carried:

"That a vote of thanks be tendered to Col. McFarland for his efforts in securing this desirable change."

Col. McFarland reported that in his opinion, the addition of a Suffix to the name of a dog, is a change of the name, and violates both the spirit and the letter of our Reciprocity Agreement.

The Secretary was instructed to so advise the American Kennel Club, and also the Live Stock Records accordingly.

The Live Stock Records having suggested the deletion of paragraph 2, of section 10, Article 3, of the Constitution, which reads: "No person shall be suspended or expelled until such person has first been notified of the alleged charge and given notice of the date of the meeting of the Board of Directors at which the charge is to be heard, at least fifteen days prior thereto," and the matter having been referred to Col. McFarland for his consideration, he reported as follows:

"I have your letter of September 11th, 1931, accompanied by copy of Mr. Brant's letter of the 2nd instant suggesting that paragraph 2 of Section 10 of Article 3 of the Constitution be deleted. I do not agree with Mr. Brant's contention. It is quite true, as he says, that only people living in the vicinity of Toronto would usually be able to appear before the Board, but it must be remembered that more than half the membership of the Club is in Ontario, and a very large proportion of that half is in and about Toronto. It should be remembered also that complaints against members in other Provinces are investigated by the Advisory Committee. I see no reason why the member accused of irregularity should not have the right to state his case to the Board before he incurs a penalty, and I can quite readily conceive of serious injustice being done by depriving him of his opportunity."

The Secretary was instructed to advice the Live Stock Records Office that we did not agree with the suggestion offered.

It was reported that Kennel and Bench Printing Committee had met to consider the Secretary's complaint, and that a further meeting would be held to which the printer would be invited in an endeavor to get the matter taken care of.

A letter was read from the Live Stock Records which suggested allowing Mrs. P. G. Brockington, Montreal, until the end of September to transfer any dogs sold, that had not already been transferred on the records of the Canadian Kennel Club, and it was regularly moved, seconded and carried:

"That, we accede to the request of the Live Stock Records, and that Mrs. P. G. Brockington be allowed until October 15th, 1931, to transfer all dogs, that were sold by her prior to the date of her suspension."

A letter was read from the Live Stock Records, which advised that Mrs. John Day, Victoria, B. C., had failed to furnish Mrs. M. Malloy, Victoria, B. C., with a certificate of registration for a dog sold to Mrs. Malloy. In connection with the complaint made by Mrs. Malloy, affidavits had been asked for from both parties. Mrs. Malloy had complied, and Mrs. Day had not seen fit to meet the requirments of the Records Office, who had temporarily denied her the privileges of the Canadian Kennel Club, as a consequence. Endorsation of this action was requested. It was regularly moved, seconded and carried:

"That, the action of the Live Stock Records be endorsed."

A letter was read from the Live Stock Records, advising that the Royal Canadian Mounted Police had investigated the ownership and identity of the English Setter, "Red Rose Neat" (68830), and in view of the report, it was suggested, that a new certificate of registration be issued to the present owner of the animal in order that he might have the voucher in his possession for whatever purpose he might desire, and it was regularly moved, seconded and carried:

"That the recommendation of the Live Stock Records in this matter be endorsed."

A letter from the Live Stock Records advised that an application for registration had been received, together with an Export Pedigree Certificate issued by the Kennel Club, England, which certificate was not quite complete, and the necessary information could not be had through the party able to furnish such information being in Russia. It was regularly moved, seconded and carried:

"That the registration be granted."

The matter of several complaints standing against E. Cathcart, Toronto, was considered, and it was regularly moved, seconded and carried:

"That the Secretary be instructed to notify Mr. Cathcart to appear at the next meeting of the Board, and show cause why he should not be expelled and disqualified, and that he be furnished with a copy of the complaints that have been made against him."

A letter was read from A. Buchanan, Toronto, requesting the favor of a hearing whilst his case was being reviewed. It was reported that Mr. Buchanan and party were in waiting, and the Secretary was instructed to advise Mr. Buchanan that he could not be heard.

The Secretary read the report of the investigation that had been made by the Royal Canadian Mounted Police in the matter of the Morgan-Buchanan complaint and after discussion it was regularly moved and seconded that "Mr. Sparkes endeavor to straighten out the Morgan-Buchanan complaint."

An amendment was proposed and seconded:

"That in view of the report submitted by the Royal Canadian Mounted Police, that there is doubt as to the sire of the litter, this Board recommends that no registration be allowed in this case in order to maintain the purity of the Stud Book Records."

An amendment to the amendment was proposed and seconded,

"That A. Buchanan be notified to attend the next meeting of the Board, and furnish a sworn declaration showing which dog served the bitch named in the complaint."

The amendment to the amendment having been voted upon it was declared lost.

The amendment having been voted upon, it was declared carried.

BOSTON TERRIERS AT THE EXHIBITION

Some outstanding specimens of the breed appeared among the sixtynine Bostons which competed in the various classes at the forty-third International Dog Show at Toronto this month. The winners dog and likewise the winners bitch will undoubtedly take their rightful rank among the elite which comprise the Canadian Boston Terrier Hall of Fame. Coasting to an easy win in the puppy dog class, repeating in the novice and limit under 15 lbs. "Brown's Oh Boy" landed the winner's rosette and the five coveted championship points. He is owned by the Toronto fancier Earl A. Brown and is a son of Austin's Billy Bishop. "Oh Boy" was bred by the veteran fancier B. W. Hamilton who should be congratulated for producing such a grand specimen of one of Dogdom's most popular breeds. "Brown's Oh Boy" is a clean cut dog teeming with quality, good full clean markings, excellent limbs and feet and an excellent mover. He was very well shown by the genial Canadian handler Ted Ward.

Bowing only to "Oh Boy" was the trappy "Salering's King" the Reserve Winners Dog, the property of the Molson Kennels of Toronto. Expertly shown by the crafty handler, Alf Loveridge, this dog a recent acquisition from the "States," gave the winner a genuine battle and lost chiefly through a slight inferiority of movement. Possessed of a beautiful head and grand expression this typey son of American Champion "Ringmount King O' the Avenue" should have little difficulty in completing an early Canadian championship.

One of the best females to ever appear in a Canadian ring, namely "Snowball Just Right" proved to be the class of the feminine competitors. This lovely daughter of the noted Ch. "Highball Just It" is one to truly gain the admiration of a lover of a Boston Terrier. Her head defies criticism, unusually strong in muzzle, yet her superb eyes and expression retain her feminine qualities which remove her from the "doggy" class. Like the winning and reserve males, "Snowball Just Right" is a dark seal brindle and with a nice amount of bone and substance. She was untrimmed but her nice small ears did not detract at all from her appearance. She was purchased by an American fancier from New York State and she should become an easy International Champion. "Snowball" has clean face and muzzle markings and in weight appeared about sixteen pounds.

The reserve winning female "Hagerty's Naughty Girl" is a nice example of a terrier type. Built along racy lines she might have carried a bit more weight but with her nice head-piece and good movement she pressed the winner hard for top honors.

Best of Breed to "Brown's Oh Boy" and what a sterling pair the winners bitch and the former made in the ring. The winners class in both divisions contained Bostons which are a credit to breeders any place in America. It is such dogs as the winning male and female which have placed Canadian Boston Terrier breeders in the front ranks. The writer wishes to express his appreciation to the exhibitors for their large and classy entry. It is always a genuine pleasure to pass upon the merits of good dogs owned by true sporting fanciers which the Dominion Boston Terrier lovers have always proven themselves to be.

NOTES FROM MANITOBA

By Provincial Contributing Editor,
W. B. R. KNOWLES, Winnipeg, Man.

THE Fort Garry Kennel Club held a meeting in the Manitoba Free Press Board Room during the last week in August to consider, or receive the resignation of Mr. Henderson, Secretary-Treasurer of the Club. The chair was occupied by the Vice-President S. Jackson, because of the absence of the President D. McLean on an extended vacation in Alberta. The Hon. President Mr. Ridge spoke at length on the very valuable services Mr. Henderson has rendered to the Club, during the many years he had been connected with it.

Mr. Henderson has been connected with Winnipeg Kennel Clubs for some eight to ten years, and as secretary of the Fort Garry Kennel Club for somewhat over three years. During this period he has brought to the service of the Club an alert business ability. He has given of his best. He has served very efficiently and very acceptably and as each Annual General Meeting came round was always able to report a substantial balance to the Club's credit in the bank.

Mr. Henderson is journeying through California and with Mrs. Henderson expects to winter at the Pacific Coast, probably in Vancouver, where he may ultimately reside, unless the lure of the Prairie calls him back to Winnipeg. Whether or not he decides to remain at the Pacific Coast the good wishes of his friends are with him and should he decide to return to Winnipeg he is assured of a right royal welcome. For the present the Fort Garry Kennel Club loses an indefategable and enthusiastic worker. One whom it will be difficult to replace. Pending the return of the President at which time another meeting will be called the Vice President has been requested to, and has taken possession of the books of the Club.

W. W. Riome, Provincial Contributing Editor for Saskatchewan is to be congratulated on the snappy news and notes in the September issue. He writes with the vim of an enthusiast. But in his enthusiasm he has made a slight error. I am thankful I am not the only one who makes the occasional error. He says: "Mrs. Semple's Schip 'Which One of the North' finished her championship here, and was very near the top when she claimed best opposite sex, to best dog in show." Now according to the official report on the same issue of Kennel and Bench. Best in show was awarded to A. G. Young's Scottish Terrier Female "Heather Lulu." Mrs. Semple's Schipperke "Which One of the North" is also a female and was awarded 1st Open Bitches, Winners Bitches and Best of Breed, later being awarded Best in the Non-Sporting Group. So being a female she cannot be placed best opposite sex to a female. We take the position that Harold Bantley's Pomeranian "Ch. Sandhills Gold Puff" was best opposite sex to Best in Show, because in all probability had "Puff" not been showing somewhat the effects of the long ocean and rail journey from England to Winnipeg and from thence round a good part of the Western show circuit he would have been awarded best specimen in show.

English Setters.

D. McLean is on an extended vacation in Alberta to which province he journeyed by car taking with him the Iona Kennel English Setters. We hope Mr. McLean's health is benefitted by his vacation and that his Setters have the opportunity that province affords of an abundance of field training.

Irish Setters.

Mr. Lillie of Moose Jaw (not Mr. Phil Lillie), has come to reside in Winnipeg. He brought with him a nice two year old dog "Hume's Modoc Patrick."

Cairn Terriers.

Mrs. Mason Duncraggen Kennels reports the sale of the two months old puppy (advertised for sale in September issue of Kennel and Bench) to Mrs. Bert, of Winnipeg, also a female puppy to Mrs. Wilson, of Winnipeg.

Boston Terriers.

George Duncan reports the sale of a nice male puppy to Mr. Hardham of Winnipeg, and to J. Droppo of Moose Jaw, "Trapystok Ti Dee Ted." "Trapystok Ti Dee Ted" is a particularly nice dog and we expect to hear good show report of him at a later date. We understand Mr. Droppo is very well pleased with him.

S. Jackson, Winchester Kennels, Winnipeg, reports the following:

Mrs. Molder's (Winnipeg) female by "Winchester Attaboy" whelped a nice litter of puppies, three males and one female by "Winchester Joycaster." His own females "Winchester Sweet Marie" and "Bell Rock Lady Bug" are each nursing a litter by "Winchester Joycaster" which litters contain three males and one female, and two males and two females respectively. Also that his "Clarmont Beauty" is now nursing a litter of three males by Perry Biller's "Just the Guy," Mrs. Wannacott's "Ch. Roselawn Dandy Boy" female is nursing a litter of two males and two females by "Winchester Joycaster" and Mr. Taylor's "Brookland's Beauty" is nursing a litter of three males and one female by Winchester Joycaster.

Mr. Jackson reports that "Winchester Joycaster" has been busy at stud and has been mated to eight more bitches since his last report.

We notice that H. Bentley's "Cromwell Stylish Announcer" was awarded Best of Breed at Regina by Judge Otto Gross.

NOTES FROM THE BORDER CITIES

At the September meeting of Windsor Kennel Club it was decided to hold another matinee show at an early date. The meeting found the members in an enthusiastic frame of mind, so that with favorable treatment at the hands of the weatherman an enjoyable afternoon may be anticipated.

Ernest Taylor told of his pleasant visit to Ottawa show, and of the success of his young Shepherd dog, "Hector Von Bismarckhain."

Wm. "Paddy" Munro is back from the Canadian National Exhibition, where his young Wire Fox Terrier won the first "Red" ribbon handed out for Wires, a "Blue" in Canadian-bred, and considers his victory shared by the owner of the pup's sire, "Ch. Benson Dark Horse." Mr. Munro is elated over the arrival of a litter sired by "Ch. Stormy Boy" ex a "Ch. Benson Dark Horse" bitch.

"Pete" Bergsina has some likely Bulldogs from a litter out of "Corsica Judy," by "Son o' Jock," and he by "Ch. Kippox Jock."

J. S. McIntosh has bred the Scottie bitch "Borgie Jean" to "Ardmore Sport" with a view to getting something worthy of a place in the award columns.

Several of the Windsor Kennel Club members attended the first show of the Pontiac Kennel Club and garnered in some of the spoils there.

Glenn Staines showed a Doberman at Pontiac that went best of breed and best working dog. Mrs. R. T. Bowes won for best Shepherd dog puppy with "Donar v. Liebstraume," a son of "Int. Grand Ch. Falko v. Cleve." The reserve winners female, "Zara v. Liebstraume," was bred by Mrs. Bowes, and Mrs. R. Stein won the American-bred and reserve winners with her Pom, "Gold Sprig," and best male puppy (6-9 mos.) with her home-bred "Red Robin." The two last named dogs were also shown at Detroit Pom Specialty Show and won well there as well.

Another good fancier, Mrs. A. L. Hampton, has an eternal eye on a litter of "Wires" that are very promising at the moment.

Leaves From a Kennel Note Book

By FREEMAN LLOYD.

IN the vicinity of New York City, we have been enjoying plenty of bench shows during the latter weeks of August and the whole of September. The entries have not been over plentiful, the dingdong succession of exhibitions being too much for the times and pockets of the general coteries of exhibitors who make up the real backbones of our kennel institutions. Others complain that the prize money, in many cases, is not worth the winning, and hardly enough to pay the expenses of the professional handlers who, as a rule, walk away with all the coin that is given. The big owners take the cups or other forms of special prizes; so there is little or nothing left for the casual exhibitor of the ordinary class of dogs of any breed.

So it is that dog showing is fast becoming a professional affair, which cannot be said to be a promising state of things. Now that the richer men are becoming poorer and poorer, in consequence of the world-wide financial and business depression, there seem to be rocks ahead, unless the exhibitor of small means, is given an opportunity so that his decent dog might pay its way while being shown at his local or other bench events.

Only the other day a licensed A.K.C. handler informed your correspondent, that one of his patrons had to give up his show dogs, for the reason that the unfortunate sportsman had lost six millions of dollars during the recent slump in affairs connected with the stock market. Such a case would be one of many. Another instance of the empty or nearly empty pockets of many men, was heard at a recent show of importance where the display of silver cups and trophies, was one of the most remarkable ever seen in my experience. A massive and imposing silver cup was among the more noticeable of all the collection—rows upon rows of richly embossed and engraved silver utensils and other costly ornaments. The particular trophy under notice must have cost about $2,500. As the cup was being admired, the donor of it passed. Then he turned back and said: "Freeman, I see you are admiring the prize I gave in memory of my dear and departed wife. If I had now to present such an item, I'm afraid it would have to be made out of pewter metal!" Here was the revelation or confession of a common poorness; and from it we might gather that many men might have to drop their hobbies of breeding high-class dogs, if more generosity is not forthcoming in the way of substantial prize monies at American dog shows.

The Newport, Rhode Island, show was a very enjoyable affair. It was held at the ancestral and country home of the Vanderbilts—Oaklands—midway between Fall River and Newport. The Vanderbilts being a family of horse and coaching men, you can well-imagine the princely stables, private horse-show building, and all the surroundings of a luxuriously appointed country gentleman's domain. The dogs were benched in the tan-barked pavilion that may be likened to a miniature Madison Square Garden, in New York. The building is decorated with painted murals representing the sports of the fox-hunting field and the joys of coaching. Around the gallery there is a miniature railroad track, while in a nearby storeroom may be seen all the rolling stock and paraphernalia of a complete railroad system. It is here the Vanderbilt youngsters find their kindergarten where their footsteps are directed towards the great science and business of railroad transportation. The diversions of coaching and foxhunting will follow as the children grow older! This is their blood. And all the world shall see it!

The attendance at the Newport show was large and fashionable. Before two in the afternoon, $900 had been taken at the entrance gate. Then as it seemed, the lawns were only half occupied, as compared with men's crowded stables later in the day. Businesslike the Club has assured itself against a monetary loss in case of inclement weather. For an insurance premium of $118, they had been guaranteed $1,000, should it rain before 2.15 p.m. on that day. So President, Paul Fitzsimmons, and his merry men stood "on velvet" as they say in the parlance of the Turf, when a wager has been well hedged. As for the dogs at Newport, they were very good, although the entry was not particularly large. Features of the gathering were the Saluki greyhounds which appear to be coming more and more fashionable. It was noticed that one authority on the breed, described the Saluki as "Persian," but whether this such was strictly correct, or otherwise, is without the province of the present article. The Suluki or Arabian greyhounds, the Persians, the Afghans and other of the Asiatic down-carried, setter-like eared gazehounds or greyhounds, appear to have been all tarred with the same brush, a matter to be expected since these coursing dogs are probably descended from the gazelle hounds of the Ancient Israelites and other peoples of eastern origin—the cradle of civilization. Probably the ancient greyhounds were hunters as well as swift, coursing dogs.

Dr. Church, the well known and much respected all-round judge, awarded the Best in Show cup—a magnificent solid-silver goblet—to the Russian Wolfhound, "Ch. Vigiro of Valley Farm," belonging to the Romanoff Kennels. Vigiro is light fawn in color, and of beautiful make and shape; a high quality dog rather than a giant among the borzoi. The chief contender—according to the judge, was the blue or black ticked and white English Setter, "Ch. Blue Dan of Happy Valley," another big winner during the last season. However, now as ever, every dog has his day; for it was at the L.K.A.A. Show, at Mineola, Long Island, N.Y., on August 29th, that rightly or wrongly the colors of Vigiro and Dan, were lowered when the imported German and American champion Great Dane, "Yvonne V Loheland," owned by Harkness Edwards, the noted horse-breeder of Lexington, Kentucky, was declared Best in Show, by Mr. Rosenberg. Yvonne must have played second fiddle to Vigiro and Blue Dan on several occasions since February last; but with the exception of her not too good hindquarters, Yvonne is a very beautiful creature.

After witnessing all these ups and downs in the recent careers of the three high-class dogs, just mentioned, it sometimes occurred to the observer, that no great or reliable line may be taken from the results of the judgments of half a dozen or more judges. At Mineola, it appeared that Yvonne actually won because of a single pose or posture when she was finally called forth to stand on the block. A smallish bitch, as Great Danes go, Mr. Edwards' exhibit stood four square. In other words, each foot was well apart; and with her head and cropped ears at the full attention, Benny Lewis let her hold her mat ideal stance and won. The elevation of the platform added imaginary inches to the bitch's stature, the combination of superior pose and height helped her to score a very great victory. In this competition the Wirehaired Foxterrier, "Galloping

Fox," a very beautiful dog, was the runner-up, it was said.

Capt. H. Ronald Phipps' of Tring, Hertfordshire, England, crossed the Atlantic, to judge at the 28th annual show of the Ladies' Kennel Association of America. He took the Fox-Terriers and Scottish Terriers. It is not too much to state that every onlooker was pleasingly impressed. The gallant gentleman's judgments were well received. There was a large and representative gathering of "Terrier" men and women; but, no one seemed to be more welcome than Winthrop Rutherford and his strapping, youngest son, Guy, with their exhibits of smooth and wire-coated dogs and bitches.

Mr. Rutherford must be reckoned among the oldest of the living breeders of Fox Terriers. It is more than likely that he really holds that exalted position. And, as the years have rolled past, Mr. Rutherford has bred Fox Terriers which have suited the times and tastes of pretty well two generations of men! The Warren Fox Terriers are so named because of the New Jersey County, Warren, where at Allamuchy, these Warren Terriers had their origins and beings. The old glories of the Warren Kennels were revived at Mineola—a noteworthy circumstance that shall add fuel to the already strong fires that burn on the hearths of all Fox Terrierdom. When Allamuchy exhibits its home-bred Fox Terriers, the rest of America has, perforce, to sit up and take notice.

It is hoped that I may not be accused of undue sentimentality when I publicly note the pride I take in the writings—kennel writings of members of my family. All of my nephews are breeders of prize and pedigreed dogs—mostly of the gundog varieties; while some of them are able to describe with their pens what they feel in their heads and hearts. So far as Canadian and United States readers of the locally produced kennel publications are aware, it is unlikely they have seen the veterinarian articles written by Walter B. Lloyd, field naturalist and English Setter breeder. I had asked for a professional opinion regarding some common diseases of dogs. An interesting reply was received. So I will now lift one or two paragraphs from Lloyd's reply. They will bear repeating, it is thought. Writing from 34 Market Place, Macclesfield, England, he says:

"I think I shall have to write to you again about some of the points raised in your letter but for the successful treatment of dogs in disease, brevity and conciseness, is a delusion and a snare. As far as my experience goes there are very few who know much about canine physiology; and the first steps toward the treatment of a sick dog, in my opinion, should be at least a rudimentary knowledge of the physiological considerations of a dog in health. In a great number of cases diagnoses are wrongly made. Take, for instance, the case of a man up against a dog's skin disease: He knows nothing about healthy skin, to begin with—much less how diseased conditions may arise. He is told nothing about this in his short and concise books of reference.

"Much may be said about parasitic diseases, and because of the nature of things he concludes that his dog has mange. Generally he is wrong! He proceeds to plaster the skin with oil—mostly cheap and nasty, and when the outside epidermis comes off in flakes, he thinks he is effecting a cure, whereas what he has done is in reality to kill what was to all intents and purposes healthy skin before he began his treatment. I believe that most of the cases of skin trouble in dogs nearing adolescence is due to a deficiency of calcium in the blood—whereby its coagubility is diminished. The condition is a near parellel to a chilblain although not quite the same. It does not follow because the patches are round and increase in size in a circular fashion, that the disease is parasitic. This is what happens in all cases of skin disease.

"About Distemper: I think that every intelligent, educated man must strive to put himself in a position to understand what is being done in this direction. He must not on any account be an obstructionist and try to impede the progress of science or fail to take advantage of what science can do for him. What about insulin? But there is no parallel in the medical world to what has happened in the 'Field' treatment, and here, I think, is the explanation:

"'If these preparations were for human beings, they would have been manufactured under Government control; and if the deaths of dogs were the subjects of enquiry of coroners' inquests, the preparations would never have been sent out at all!'"

It may be added that Walter Lloyd is a pharmaceutical chemist, and for some years a dispenser at Guy's Hospital, London. Some of his personally collected natural history specimens have been accepted by the British Museum, and are on view at South Kensington, London, that shrine of all good naturalists.

Like the tax collector, the ear-cropping question is always with us. At a recent meeting of the A.K.C. delegates, it was decided to let matters stand, so far as cropping is concerned, in those states where cropping is not interferred with. In other words, where the Law says "No," the A.K.C. says "No." So now the croppers may have their own ways excepting in New York, Massachusetts, New Jersey, and Pennsylvania, it is thought. It is really very wonderful how soon you become used to the sight of an uncropped dog of a generally considered croppable breed. For instance, the case of Boston Terriers. At Newport, R.I., and Mineola, N.Y., an uncropped Boston was not only at the head of its breed, but won in the Non-sporting Group section. And so it was we saw an uncropped and different Boston Terrier in the Best in Show final at each event. So it was recognized that "ears" do not mean everything when the qualified judge takes a hand in the proceedings. You may form your own opinions regarding what is happening. We are living in changeful times!

Canadian National Exhibition Show

For forty-three years the faithful of dogdom have met in rivalry at the C.N.E. and by comparison nothing has been lost by the passing years, breeds have weakened in quantity and quality here and there, as might be expected, other breeds have made great strides forward in both departments. Possibly the vagaries of fashion is more noticeable at Toronto Fair than it is at any other dog show in Canada. Thanks to Mrs. W. C. Routley, Mrs. G. W. Hyslop and George H. Brooke, all of Toronto, an entry of Cairns brought some splendid classes before the public in a manner that won for the breed many admirers.

Bulldogs were quite strong and showed that the "sour mugs" were coming back in force, and there may be surprises in store for next year's fixture from this section. Wire Fox Terriers were strong in quality and in numbers, and it is quite significant to notice that the winners, reserve winners, and best of breed were all dogs owned in or near Toronto; in fact, every prize, with the exception of 1st in Limit Dogs, was won by dogs owned in Ontario, the exception being Dr. Thos. B. Buck's (Rochester) "Yorick Simon." The Cockers were turned over to Walter H. Reeves, as Arthur Garrick was unable to meet his appointment, and here again dogs owned in Ontario garnered in the choicest offerings. Over 60 Cockers were benched. The cash prize money for Cockers was $342, also 2 medals were allocated to the breed, and of this $23 went to the United States, $8 to Winnipeg, and the balance, $311, and the medals, were shared by Ontario exhibitors. We merely quote this data to show our cause for enthusiasm for certain breeds at the present time; truly Cockers are coming back most encouragingly. And as we have heard of the possible formation of a Spaniel Club this information should help things along plenty.

Sixty Bostons lined up to greet Chas. S. Grosse, and he found lots to enthuse over, as he went about his work in a finished manner. He found for his best one Earl A. Brown's "Brown's Oh Boy," a youngster still on this side of 10 months. This puppy picked up $40 odd in prize money and offers up to $700 were rumored around the show.

The quantity and quality of the Beagle entry showed conclusively that the field trials are going to have plenty of good material to bring from the trials into the bench show, and so make lots of fresh history for their records.

Bull Terriers were a nice lot, too, and although a much larger entry than the 11 benched might easily have been anticipated, yet the "White Uns" had plenty of ardent admirers.

The Toy section drew approximately 40 Poms and 50 Pekes. The best of the former and the best of the latter were prominent because of the absence when the Toy group was judged and no doubt this attractive group was badly crippled as an attraction at the closing hours of the show.

Scotties were around 20 and of these 18 were whelped in Canada, the smart 6 months 'old puppy "Cedric Jewel" winning for her sex and giving a battle royal to "Normandy" Airth" for the best specimen.

At the closing hours the judges gathered to crown the 1931 grand champion, and in the ring with them was Alderman Frank M. Johnston to do the honors of the show. The group winners being the English Setter "Blue Dan of Happy Valley," the Great Dane "Fionne o' Loheland of Walnut Hall," the Fox Terrier "Ch. Lights o' Loomland," the Bulldog "Maxwell Marquis," and the Toy was the Italian Greyhound "Lady Peggie," a nice lot of group winners they were, too, just as good as might be found at any of the larger shows in America.

The judges, Messrs. Enno Meyer and W. H. Reeves, were unusually painstaking and their placings seemed to receive the approbation they deserved.

For best in show the spectacle was well worth looking at, perhaps the general interest was somewhat marred by the absence of the Peke and the Pom from the group, and one or the other from the final analysis, however, the five dogs to take the final line up were a treat for any dog lover to look at. The ringside seemed to favor the stately Great Dane and were obliged to hold their breath as both judges favoured the English Setter, and as Mr. Johnston handed the trophy to Mrs. Ben Lewis, who was now in charge of the English Setter, the approval of the ringside could not be misunderstood.

For best owned by a member of Toronto Kennel Club the Wire Haired Fox Terrier found favor, an award that was also well received. For best Canadian-bred the Old English Sheepdog was chosen, and it is well to recall that this beautiful animal was repeating this wonderful win for the second consecutive time at this great show of dogs.

A word of praise is due the owners and handlers of the group winners, Dr. and Mrs. Mitten, of Happy Valley Kennels, with "Blue Dan of Happy Valley," handled by Ben F. Lewis; Mr. and Mrs. Harkness Edwards, with "Fiome V. Loheland of Walnut Hall, handled by Ben F. Lewis; J. R. Kennedy, Vivadora Kennels, with "Ch. Lights o' Loomland," handled by Ted Ward; ("Ch. Lights o' Loomland was best dog in show at this fixture in 1930); H. A. Wilson, with "Maxwell Marquis," handled by Bert Swann, and Mrs. S. A. Delaney, with "Lady Peggie," handled by the owner. Mrs. Delaney received an ovation from the crowd every time she moved in the ring. Mrs. Delaney is one of the oldest exhibitors at the Canadian National Exhibition and on this occasion she looked to be a very frail little woman indeed. She was the recipient of many congratulations from her host of admirers.

Letters to the Editor

Editor Kennel & Bench:

Dear Sir:—

From time to time the question of publishing a judge's criticism is brought up in some form or other, but has never yet been made an issue of. To my mind this appears to be a matter that should be given favourable consideration. Many fanciers with whom I have discussed the question, are in favour of publishing criticism either made by the judge or some other capable person appointed.

In last month's issue of Kennel and Bench a writer under the caption of "Give a Dog a Bad Name" very severely condemns any criticism appearing in print.

To begin with he takes the case of the German Shepherd Dog. We all know the prejudice he had to overcome, which was possibly the reason, he was given for a time, the name "Alsatian." However, he survived and is still going strong. But this was not a judg'es criticism. It was, I believe, largely publice sentiment.

As to the question of a judge's capability of criticising impartially and also that he or she may be influenced by a previous judges published criticism of a dog or dogs that may appear before him to be judged, are rather bold statements.

Why do we show our dogs? I would answer, "To get an expert's opinion." De we get it? Today all we get is either a red, blue or white ribbon, or possibly the "gate" and we are left guessing why.

Fair and honest criticism is what we want and if only we got more of it we would be a great deal wiser and possibly not so thin skinned. To fault a dog does not necessarily mean to "knock" him and I doubt very much if any critic ever takes that view of it. All dogs, like human beings, have faults and it seems to me that the judges or the critic's duty is to find the one that possesses the least number for his winner and so on down the line. The more experienced he or she may be the more faults they will find, but don't forget that the winner has faults as well as the rest.

The dog game in Canada has long since passed the kindergarten stage and it is just about time we discarded the "milk bottle" and came to earth.

In conclusion, I would say, "Let us have all the honest criticism we can get and if a judge is not capable of doing this, he is not fit to judge and if a fancier is not sportsman enough to have his dog criticized, he should leave it at home."

Yours very truly,
F. DODSWORTH,

Editor, Kennel and Bench:

Dear Sir,—It may be of interest to other "Kennel and Bench" readers, who like myself may have hesitated before placing orders for young stock with breeders at distant points, to know that I made a purchase of a four months' old Wire Hair Fox Terrier female by "Thet Trio" out of "Rare Treasure" from the Vivadora Kennels, Toronto, and that the transaction has satisfied me that distance means but very little when the shipping is done by people who "know how."

After a 2,800 mile trip this puppy jumped out of a good crate. She was in splendid condition, and what a pup! Mr. Editor, it surely did exceed my expectations.

My only acquaintance with Vivadora Kennels was reading their advertisement in "Kennel and Bench."

Yours truly,
G. J. Gerrard.

NATIONAL KENNEL CLUB SHOW

At last the list of judges for this splendid fixture have been declared, and as per the custom of the National Kennel Club, several of the judges will be officiating in Canada for the first time, and will be meeting our exhibitors and our dogs as good sports but as strangers practically, a policy which is featured by this Club.

The location will be the new "Million Dollar Horse Palace" on the Exhibition Grounds, where 23,000 square feet have been allocated to the national Kennel Club for the dog show this year. Exhibitors who have attended the National Kennel Club shows in past years will find the space previously occupied for the dog show now available for preparation and exercising purposes, and for the storage of their crates.

In the new building will be found high standards of comfort for the exhibitors ladies room, gents room, and secretary's office will all be located at one end of the building, and along one side will be found the booths featuring dog medicines, and accessories in fact a casual inspection of the building has satisfied the writer, that the National Kennel Club Show of 1931 will be a fixture long to be remembered.

Lakeland Terriers a new breed to most people will be in competition, that ardent sportsman W. B. Cleland of Troy, Ont., having just returned from Great Britain bringing a couple of these smart little "John Peel" Terriers back with him. It is just possible that Keeshonds and other odd breeds will feature this show.

Exhibitors requiring special attention in respect to classification, or those desirous of offering prizes to be won outright, those who have not their names on the National Kennel Club's mailing list, and who may require premium lists, or extra entry forms should communicate at once with Capt. H. Dudley-Waters, Reford Building, Bay Street, Toronto.

CORRECTION

September issue, page 12, centre column, and under Scottish Terriers, we stated that "Normandy Ascot" (C.K.C.S.B. 85491) had been purchased by George Kynoch. As a matter of fact the animal purchased by Mr. Kynoch was "Normandy Airth" (C.K.C.S.B. 85492). We trust this correction will meet with the approval of Dr. Knowles, our Manitoba correspondent.

News from Old Quebec

FRED LA RUE,
St. Martin, P.Q.

THE Ladies' Kennel Club of Canada Show, held in the Coliseum, Montreal, on September 5th, will linger in my memory as the hardest fought battle ever waged by women on the battlefield of dogdom. The Ladies' Club has the drawback of two male clubs in their home city which are rather jealous of each other and whose petty knockings are injuring the local game tremendously. I want to be shot at sunrise if I am not telling the truth, and if I am rejected by the male clubs for talking out loud, I am going to "don the gown" and apply for membership in the Ladies' Kennel Club.

Don't laugh! The giant task just achieved by one of them in particular, I mean the Hon. President, Mrs. J. H. Enright, may have upset my thinking machinery, but suffice it to say, that I have inside information which puts me in a position to state that Mrs. Enright did not sleep 50 hours during the 50 days preceding the show. I don't think anybody could bring out an instance of more devotion to the dog game than this one example set up by this Giantess of Sacrifice. It is true that she was very ably helped by Mrs. F. H. Goodfellow, the show secretary, and the executive committee which included Mesdames H. Chapman, T. P. Ritchie, J. H. Preston, A. R. Cox, R. A. Ross, and Miss Steggall. But Mrs. Enright, like a Joan of Arc, never dismounted. I sincerely hope that her unselfishness will teach the male clubs a lesson never to be forgotten.

* * *

It is very hard during a one day show to watch the judging in two rings and interview the owners of all the winning dogs. I had intended to have the pictures of all winners and reserve winners appear in this issue of "Kennel and Bench" but I could get in touch with only half of the exhibitors and the other half, I am sure, will think that I omitted them on purpose. Now let it be understood once for all that I need the pictures of all the winners and reserve winners of every show held in the Province of Quebec with possibly a copy of their pedigree and a description of their best points, markings, etc. And it will cost nothing to the owners to have same reviewed except the price of the cut. If they have a cut made already let them send it to me and their dog will be reviewed free and the cut returned after appearing in "Kennel and Bench."

Non-Sporting Group

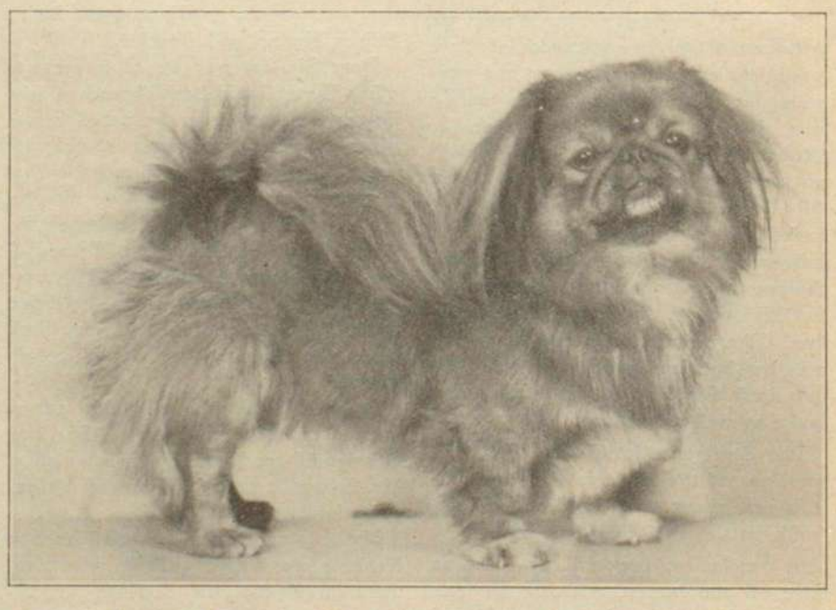

This group must come first in this write-up because it actually included the Bulldog "Son O'Pugilist," property of Mrs. R. Boyle, which eventually went to best in show all breeds. He was bred in England by J. E. Rayner, sired by the ten-thousand-dollar sire "Ch. Pugilist" and out of "Dunster Maiden." The Judge, E. "Witty" Warren, said to me, "He is the best balanced Bulldog ever seen in Canada for a long, long time," and mind you he was very serious when he said it. You may depend on these "witty" people to be highly serious, quand c'est le temps de l'être. "Son O'Pugilist" is very like his sire, the "connoisseurs" say; he has been shown against him and ran very close for premier honors. He weighs 55 lbs., is white with brindle markings, and a very sound, active dog, also a great mover. His skull is 22 inches in circumference, measured in front of the ears; his bone and spring of rib is extraordinary. As I predicted in my previous write-up, "Witty" was there to watch his great sweep of underjaw. His ears are perfect and he is exceptionally well cut up in loin. The first bitch he mated in Canada produced nine pups, 6 males and 3 females. Now Mrs. Boyle had 12 pictures of "Son O'Pugilist" sent to me but not one was good enough for cut-making, but it is only "partie remise" and we must have a good picture for the next issue, we will see to that. I understand that Wm. Ogden's bitch, "Challenger Lolly," finished her championship at this show. I hope to get her picture for the coming issue.

* * *

Toys

Toys are coming next in my review as the great little Pom "Wembley Lascelles," owned by Geo. Potts, of Toronto, was pressing the Bulldog so close for best in show that "Je brule," to say something about this extraordinary insect or butterfly or whatever you may choose to call him. You may also see him as a midget star, since his miraculous orange sable coat, nearly hiding his tiny feet, made him look as a ball of fire. I hope his picture appears in this issue as the owners promised me to send same to "Ye Editor."

Mrs. W. Wylie's "Cairndhu Joan," the winning female, must have finished her international championship at this show. She has a striking fine head and would make a wonderful pair with the winning male. She is out of "Cairndhu Gold Ray" and "Cairndhu Troubles." What a glory to breed such winners out of one's own stock. I cannot overlook the little female, "Chocolate Beauty 2nd," shown by Mrs. R. Riou. She is certainly a laster, though over 7 years old. Her extraordinary coat and rich deep chocolate color are her main assets. As a dam

Mrs. Richardson Strathy's (Montreal) exquisite Peke, American Champion Whitworth Michael, Best of Breed at the Ladies' 'Kennel Club show.

she has produced scores of good offsprings.

It's a pity sometimes to see the finish of the judging of the different groups, not that I want to say that the dogs don't get fair play, but because there is so little to choose between the different breed winners, that it is only a toss between the first and second of a group. Take, for instance, Mrs. R. Strathy's beautiful Pekingese American Champion "Whitworth Michael," bred by O. S. F. Stevens, out of "Choo Tai of Walmsley" and "Ruffles Red Girl," which went to winners; he might have been best toy and best of all breeds if the Pom and the Bulldog had been absent. Still it's all in the game and Mrs. Strathy is too good a sport to grumble. This 10 lbs. red Peke has certainly a gorgeous head with a good flat skull, a strong muzzle, and big bone. He made his championship in the United States in four big shows, including Baltimore, Boston, and the great Morris and Essex show, where 98 Pekes competed. See his picture in this issue and say if he would have beaten the Pugs whose picture also grace this number.

Now Mrs. M. S. Threlfall's "Prig Budworth Bogie," which I understand went best toy in Ottawa, winners in Sherbrooke and Montreal, got beaten by his little sister and kennel mate, "Budworth Babs," for best of breed in Montreal. Both are out of "Golden Drop of Bitchet" by "Captain Nobbs." Both got a typical pug tail (I start to review the tails first, because that's the part of Pugs I understand best). They are decidedly square and cobby, they are multum in parvo; their muzzle is short but not upfaced, their eyes are bold and prominent, their ears are soft like black velvet. What more do you want in a Pug? Who's next.

* * *

Terriers

Coming to the Terriers shown in Montreal one cannot overlook Sid Perkins' "Warbreck Mixer," which is too well known to be reviewed here. Suffice it to call your attention to the fact that he is a son of "Ch. The Courtiers" and that, bred to Sgt.-Major J. Eggin's female "Walnut Fashion Plate," which was best of breed in the Montreal Canine Society Show last spring, he produced 6 males and 3 females, amongst which old "Shining Brains" from Hull hopes to pick two or three New Yorkers. The Sergeant-Major is most satisfied with the result of his breeding to "Mixer" and so are hundreds of more breeders from all over North America.

* * *

Talk about Wire Fox Terriers in

"A rare old breed." Mrs. M. S. Threlfalls' (St. Lambert, P.Q.) two Pugs, Budworth Babs (female), Budworth Bogie (male), both won Winners at the Ladies' Kennel Club show. Best of Breed to Babs.

the year of grace 1931 and one cannot overlook Mr. J. R. Kennedy's "Vivadora Orphan Annie." She was bred by G. Steadman Thomas and is out of "Lone Eagle of Earlsmoor" and "Prides Duchess of Earlsmoor." She has finished her championship without ever being beaten by a female; went to best of breed at both shows in Montreal and was one of the most admired dogs in the ring. Her depth of brisket is phenomenal and her hindquarters are the best ever seen on a female. She is houndmarked and her front is ideal.

* * *

But the Scottish Terriers are fast becoming the most popular breed in Montreal and what a crowd saw Dr. H. E. and Mrs. Batt's "Haldon Cairngorom" go to best of breed. A son of "Ch. Cairngoram Chief" and "Albourne Diana," he certainly is a true representative of the breed. First, his wonderful thinking eyes, so typical of the Scotty, his extraordinary strength of foreface and beautiful even mouth; then his straight front, so seldom seen in a "diehard" and his unusual hard coat for a black dog, and last, the fact that he is Haldon breed for three gen-

Sgt.-Major J. Eggins' (Ottawa) Airedale, Ch. Walnut Fashion Plate (Imp.).

erations on the dam side should explain why Dr. and Mrs. Batt are so proud of this dog and his kennel mate, "Haldon Rainbow," which got winners bitches.

Another breed, which is taking the fancy by leaps and bounds, is the West Highland White Terrier. No doubt the importing of "Noah of Dane End," by Mrs. Excell, of Montreal, helped the breed a lot. This dog is a son of "Ch. Moses of Dane End" and "Prue of Dane End" and was bred by Porch and Todd, England. He carries in his pedigree the famous Ormsay, Childwick and Cooden strains. He excels in head and hindquarters and has beautiful dark eyes so hard to get on a white dog. One of his daughters, whose photo should appear in this issue, is R. R. Marchant's "Belmore May Flower," bred by Wm. Dingwall, also of Montreal. She is also a daughter of "White Heather 2nd," which is a great producer. "May Flower" is now a full fledged champion, I believe, having won under 3 judges. I have admired her beautiful eyes and her extraordinary even mouth.

And who did I see in the ring with a beautiful Bull Terrier female? Believe me or not: a red-headed Frenchman from the city, where the French women don't like to be sent to. The name of the man was J. E. Brunette, and of course he was winning; a red-headed Frenchman always does. I hope he sends me his picture with the winning female photo for the next issue. I know a lot about him, as I have known him since 1900, but I do not know which is which about the winning Bull Terrier. Was it "Red's" or Lt.-Col. McFarland's?

* * *

Sporting Breeds

Every dog has his day. It was Mrs. A. Hird and Leighton Scott's "Squire of Kildona" dog and he went to best Sporting under Frank T. Eskrigge. "Squire" was bred by A. Keiller, and is by "Wild Irish Barney" out of "Aintree Dunster Lady Louise." I like his wonderful spring of ribs and his short body. His bone is very good, his hindquarters beautiful. He carries his tail well and his expression is typically Irish. His shoulders can't be faulted.

Many were the rail-birds who had their eyes on the great English Setter female "Pajoro Diane," owned by S. T. Doyle, for best Sporting. She is a beautiful lemon belton bred by Wood Vine Kennels of United States. Her sire was "Ch. Racket's Gray Lad," out of "Ch. Queen of Hearts of Woodvine. I hope to get her photo for next issue and review her in detail.

The competition was particularly hot in Cocker Spaniels. I cannot review all the winners this month, so I will only mention here those who have promised to send the picture of their dogs to "Kennel and Bench" for this issue, hoping the others will follow up next month.

The Red Roan Cocker "Ottawa Samson," owned and bred by A. C. McGuirl, of the city where the Prime Minister of Canada reigns, easily led with his beautiful short body, his grand head and expression, his perfect action. He is by "Ch. Brampton Silver Cutie" out of "Ottawa Rose Marie." The reserve winning bitch, "Church Leigh Ladybird," was imported by the same owner and bred by F. L. Morley, England. She strikes me as a typical English Cocker, being a miniature replica of an English Setter in head and body. She happens to be the Cocker female I would rather own amongst all those that I have seen during the last three years.

Another Cocker which I took a fancy to was "Chaudiere Queenie," owned by Harry Collins, of Hull. She went to reserve winners in Ottawa, being beaten only by her full sister, "Lady Bubbles," who seems to be better in neck.

* * *

Working Breeds

"The King is dead, long live the King." Yes indeed, the king of Groenendaels or Belgian Sheepdogs, "Ch. Galopin," owned by Mrs. George Domus, of Montreal, is dead. Besides being a double champion and having never been beaten on the bench, he was a consistent winner amongst trained dogs, his most important win being at the Polo Grounds in New York, against the hottest competition. He was known all over America and also in Belgium, his birth place, as a perfect performer on the footlights. He passed away on July 6 and we well understand the heart-breaking which his death must have caused both Mr. and Mrs. Domus.

* * *

The imported Wire "Fox Olcliffe Pincher," recently owned by Pelland and Robitaille, of the North End Kennels, Montreal, has been traded for the great producer, "Wrightville Select," a son of "Ch. Watteau Review" (Imp.) and "Gatineau Hills My Own." "Select" will be remembered as the sire of the first puppy dog, "Wrightville Paddy" and the first puppy bitch, "Wrightville Dolly," in the Central Canada Exhibition show. Fred Coleman is the new owner of "Olcliffe Pincher."

"An old warrior that has passed on," Mrs. George Domus' (Montreal) noted Groenendael Ch. Galopin (Imp.).

The Wire Fox Terrier
CARSINGTON CYCLONE Imp.

This great Fox Terrier was a winner every time he was shown in England, and under the leading judges over there. Each time shown he was declared to be best Wire or Smooth in the show. His famous Sire **Ch. Beau Brummel of Wildoaks** is too well known to need description, his Dam, that grand **"Simon"** bitch **Fair Simona** in her short show career was best in show 5 times, and she has bred winners in every litter.

Carsington Cyclone is a proven sire.

See **"Our Dogs"**, July 3rd, 1931, and his puppies are selling for big prices in England. He is a dog of tremendous bone. A great length of head, pin wire coat, short back, excels in quarters and is the ideal size.

HIS BREEDING IS INCOMPARABLE—STUDY IT.

Canadian Pacific Exhibition Dog Show

By Frank W. Simmons, Judge

I had looked forward to judging the Exhibition Show of the Vancouver Kennel Club with a great deal of pleasure, so I enjoyed every minute of it, and only hope the exhibitors felt the same way. Every exhibitor was kind and helpful, considering the most inadequate space the Exhibition officials had allowed for the show.

I had hoped for a bigger entry of Toys, but realized it was not the best season for coats. The Toys shewn were all of considerable merit. Of special interest to me was the Yorkshire Terrier, Princess Betty, owned and bred by Mrs. M. E. Rothwell, who won the Toy Variety class. Except for her inexperience on the leash she left little to be desired.

Bostons resolved themselves into a battle of California dogs. All very high class, resulting in a new International champion going Best of Breed over another holding the same high title.

Bulldogs were very nice and the nice bitch Kingsway My Madrona going Best of Breed and Best Non-Sporting.

Mrs. Geraldyn Lohman's very good Chow, Moosilauke Sen Ngo easily won over the other Chow who was far too vicious and unmanageable to have been in the show.

The Airedales were good but an improvement in the manner of going could have changed the final awards.

Cairns being my own favourite breed, I was very pleased to see nine turn out. The bitches were outstanding. I consider my winning bitch and Best of Breed, Haileybury Silver well entitled to highest honors. Her mother, Snelston Suzette is very lovely. There should have been more to the males if we are to keep the workmanlike, hard bitten type of Terrier I think Cairns should be.

In Fox Terriers I liked the type of smooths very much. In wires the younger classes were somewhat indifferent, due to lack of experience and age, but in my winners and reserve winners dogs (litter brothers) I found much type and quality. Craven Shortcut later carried through to Best in Terrier Variety. He showed, and was shown to perfection.

Irish Terriers gave me three very high class specimens. Best to one of the best Micks seen on the Coast, Culbahn Corporal, owned in California by H. G. Heath.

Scottish Terriers gave three dogs all high class, all young dogs and showing well. Best to Dr. W. Jaquiss' Check and Double Check. The quality in females was disappointing.

In the remaining Terrier breeds there was nothing really outstanding.

Golden Retrievers were all of very high quality, glorious in correct color and very sound and workmanlike. This breed should have a great future with such foundation stock to work from.

English Setters were a very beautiful lot. Was glad to see the McConnel's Racket's Rummy Jr. who won Sporting class and later went to Best in Show. He is a great dog. This section showed great quality all through.

The one Gordon Setter was good type and colour but out of coat.

The Cocker entry was large and of good quality. It was the day for blacks and they were a nice lot. Other solid colors not so good. Parti-colored nice, but I considered my best the black Matlock Invader a sound, sensible workmanlike type of dog.

Springers were of good type and all were businesslike.

Whippets were good. They know good Whippets up here.

Russian Wolfhounds all nice type, fit to run, but all are not in the best of shape.

Collies, outside of the young classes very nice and excellent type.

Too bad, only one Dachshund, but teeming with class, proper proportions and sound.

But two Danes, both nice and in wonderful condition. The best, Duchess of Willow Run not acting well on the day. She would have gone higher had she not objected to the fireworks.

Only one "Bob Tail," excellent in size, and the correct type of coat, not too often seen in the West.

Doberman Pinschers, good quality and my best Kount von Schlabber I liked very much but he had bad ring manners.

Shepherds not as good as I had hoped for. Winners and Reserve in dogs, both of good type and good movers. The American Champion shown I found coarsened with age and stiffened in action. He has had his day. Best of Breed, excellent in type, beautiful gait and quality, but lacking in temperament and substance.

St. Bernards nice in type and sound, both good specimens. Allow me here to thank Mr. Balshaw for his kindness and courtesy all the way through, and to Messrs. Squelch and Hoggan for their able assistance in the ring. I wish this Club every success and sincerely hope their untiring and genuine efforts will be appreciated by the Canadian Pacific Exhibition in order that they may adequately house in a much better place many more dogs at their coming shows.

To the exhibitors. I appreciate the handicap they were under, due to lack of size in the showing ring, and while I endeavored to go over every dog thoroughly and carefully, I fully realize I could have seen the dogs to much better advantage, had I been allowed more ring space.

Every Sunday morning

for your dog's sake—do this.

Every dog has his off-day. Some have more off-days than others. The quickest way to cure a doggy ailment is to give Karswood Dog Powders. But you *can*—and for your dog's sake you *should*—do better than this. Every Sunday morning give your dog a Karswood Dog Powder—regularly without fail. This is what expert Dog Breeders are advising their customers to do to keep their dogs fit and happy all the year round.

Karswood Dog Powders are equally as efficient in preventing ailments as they are in curing them. These powders contain specific nerve foods and organic salts which are not contained in the dog's ordinary food, but which are necessary to the perfect functioning of his system. Get a packet to-day, and give your dog one next Sunday morning. Mr. J. Slater, of Blackdown Stores, Deepcut, Hants, whose Alsatian Stud dog "Willowboy" is shown above, writes: "I have tried your Karswood Dog Powders with wonderful results on my Alsatians, and I advise all breeders of dogs never to be without them."

THE ALBANY KENNELS

When the Albany Kennels moved from Clarkson to Oakville some months ago, we promised ourselves the pleasure of looking the establishment over. Many flattering reports had reached us, and this in itself only helped to magnify the urge. However, it was only on the Sunday after the closing of the Exhibition that the deferred pleasure actually materialized.

It has been our good fortune to visit a great variety of Kennels in many places—some elaborate, and others not quite so pretentious, but here we found a bright, roomy, airy kennel with accommodation for fifty dogs, each kennel numbered, and although arranged in three sections under the one roof, each dog is isolated in such a way, that the usual noises associated with a large kennel are at once conspicuous by their absence.

A large fan presents itself—as you enter the front door, and a fan of identical size is situated at the rear door, and for hot days the arrangement ensures a nice breeze throughout the kennel, and no doubt the dogs appreciate the cooling refreshing air so considerately created for their especial comfort. Dogs that have become celebrities at Canadian and American shows are to be found here in large numbers, and much of the secret of the splendid appearance of the "Ward" dogs at the shows may be traced to the ideal living conditions at the Albany Kennels.

Additional treats that we enjoyed, were perusing the old copies of "Our Dogs," and particularly the advertisements of the two Scottish "Bobbies" Robt. Chapman, Glenboig, featuring the Collie "Heather Ralph, and Robt. Tait, Wishaw, featuring the Collie "Rightaway." What a pair of cronies the two Roberts were 40 years ago—the old album with its chain of links connecting the past with the present.

The "Ward" hospitality was prominent, but a hearty breakfast but recently devoured, left us in a condition quite inadequate to the occasion, and Mother Ward must have considered us without due appreciation of her tempting and generous helpings, such however was not the case, and some other day we may return and eat her out of house and home.

When you are passing Oakville, and you have the urge to see something different in kennel arrangements drop in and look the Albany Kennels over, it will be time well spent.

GEORGE F. FOLEY AROUND AGAIN

George F. Foley, of the George F. Foley Dog Show Organization, Philadelphia, having been operated on for appendicitis recently, surprised his many friends by turning up at the Mineola Show, looking and acting as if nothing had happened. Mr. Foley has become part and parcel of American dogdom and when his indisposition became known he was inundated with messages of sympathy and good wishes for his speedy recovery from friends all over the United States and Canada.

THE CEDARCREST KENNELS

Mrs. P. S. Margeson, Kentville, N.S., having battled successfully with a seige of sickness that often threatened dire results, has sufficiently recovered to consider adding English Toy Spaniels and a few "Japs" to her strong holdings in Pekes, and surely there is lots of elbow room for this most desirable activity, and it does look as if there was a fertile field for Toy breeders to take on the sponsoring of Toy Spaniels. We trust that Mrs. Margeson will not find the vigorous Atlantic climate too severe on the small breeds which she hopes to breed.

Saskatchewan News and Notes

By Provincial Contributing Editor, W. W. RIOME, Moose Jaw, Sask.

THE heat of the past summer has now passed and we are able once more to take stock of things in general. The hot days played havoc at some shows and robbed fanciers of some of their best dogs. Then, there seems to have been more sickness throughout the countryside this year, and many other good dogs have "passed on" through this cause.

Now the slack time is here, we can look the kennels over, dispose of any surplus stock, and here is an opportunity for the beginner to pick up high class stock to reinforce the small kennel and prepare for next year's shows. An outstanding advertisement in Kennel and Bench will tell **all America** what you have to spare, and keen eyes are watching to see where the good ones can be purchased.

During the last two weeks the writer has had enquiries through the mail for several breeds. These enquiries have been passed on to those breeding the variety asked for, which include Irish Terriers, Airedale Terriers, Smooth Fox Terriers, Doberman Pinschers, Pomeranians, Whippets, Cockers, yes, and Manchester Terriers, Stud dogs, etc. So its evident buyers are waiting and watching somewhere—

October with its chilly mornings will soon be here, reminding us of lakes and sloughs, guns and dogs, ducks and chickens. The fascination of these pursuits are hard to resist, and why should we try to evade the call to the great outdoors? Citizens everywhere are planning for a few days hunting, and what joy and stories will be crowded into these few days. Incidents and thrills that will make the foundation for winter evening fireside yarns, nothing can be more interesting to a man than watching the pup that has been so carefully raised at home, getting down to practical work in the field. We will hear later on how cleverly he retrieved his first duck, how cunningly he told us where there was chicken, returned on the gallop and never took a feather out. It's great fun. Get all you can of it. When we think of men and guns naturally our minds wander to such men as P. N. B. Galwey-Foley, proprietor of the Qu'Appelle Kennels, where Labradors and Irish Water Spaniels of the finest blood lines and working strains procurable are bred and raised, in the heart of one of the best wildfowling localities on the American Continent, trained to meet the demands of the most exacting.

We are sorry to hear that Mr. Galwey-Foley, contempaltes retnrning to the Old Country in November.

We believe it was on the advice of Freeman Lloyd of New York, several years ago, the Qu'Appelle Kennels were established.

Effort has been crowned with success and it is regretable that health will not permit this good sportsman to continue in the work so well begun. Unsolicited testimonials have been received from well-known sportsmen from both sides of the line, speaking words of praise from all who have acquired dogs from Qu'Appelle.

Over 90 per cent of all the trained dogs have gone to the U.S.A., which tells us that the American hunter appreciates our Canadian-bred hunting dogs. All the personal gun dogs were advertised and sold within a few days of the ad. appearing. The "Wires were hot" till the last dog has gone. We can realize how hard it is for this clever breeder and trainer to call a halt at this stage of the game.

Mr. Galwey-Foley hopes if health will permit, to continue operations in the Old Land where good facilities for training are to be had. In this event, the Canadian prefix will remain, and it is intended to register all dogs in the C. K. C. as well as the E. K. C., catering to the requirements of sportsmen, the connection built up in this country and the U.S. will be maintained. The whole Canadian fancy will join in wishing Mr. Galwey-Foley a speedy return to health and continued success, and trust that some day he will come back to make his home with us once more. Canada can ill afford to lose citizens of this type.

Moose Jaw is pleased to record a visit from Mr. and Mrs. W. A. Childs of Saskatoon, who were on vacation, a most pleasant evening was spent.

The mutual Terriers received the once over, Smooths and Airedales were the chief topic of conversation. W. A. has a soft place in his heart for a good Airedale and still owns the classy female, Rockcroft Miss Briton, by that wonderful sire, Int. "Ch. Warlands Ditto." Here's hoping another "Ditto" may be produced in Saskatoon.

Arthur Goddard, owner of Lynn Kennels, Saskatoon, was undoubtedly a happy man when he received a wire from Toronto, advising that his beautiful Springer Bitch, "Halcyon of Lynn" won 1st Limit, 1st Open and Winners Bitches at the National. It will be remembered that this same female won the C.K.C. Cup for best Canadian-bred at Saskatoon Summer Show, 1931 "Halcyon of Lynn" is only one of a wonderful, kennel of working and show Springers housed at Lynn Kennels.

The Hub city is forging ahead in dogdom. Reports show there has been successful activity in every direction. Secretary Ayres reports the summer show was O.K. from every standpoint, the financial statement shows a balance on the right side.

President Hanselman, after an interview with the Fair Board was happy to report that the manager stressed the fact that the Fair board were very pleased with the Dog Show, commenting on the benching and management, and promised that the building used this year would be permanently reserved for the Dog Show. This is very gratifying for the building is ideal for the purpose and right opposite one of the main entrances.

Sorry to hear our good friend, "Monty" Wallace of Newfoundland fame, has been ill and confined to the house for some three weeks. "Monty" was missed at the S. K. C. meeting held recently. We know it will be hard for a man of "Monty's" active temperment to stay in the house.

Another enthusiastic Springer breeder in the Hub city is Jack Ayres. Jack has a real picture gallery of his Springers at work. Enquire if the dog will work and a snapshot in full action is the answer, that is what the Spaniels at Levenvale Kennels are noted for. Look in your Kennel and Bench and you will see they can win as well as work. There are two dandy litters here, very promising. Jack reports sales are brisk, amongst them a good stud dog, well trained and a show specimen, the latter went to Mr. Routledge, Rosthern, Sask.

Mr. Daly of Melville recently shipped his Russian Wolfhound bitch to Alex. Hill's stud, "Laddie," a very nice type to breed to. We will look forward to a larger class of Russians at next year's show.

Helensdale Kennels, Saskatoon, owned and operated by Miss Helen Poissant and Charlie Crothers, report the sale of the English Setter male puppy, "Highbrow of Helensdale," this youngster went best of breed at Saskatoon. Mr. Musch, who is the fortunate purchaser has the nucleus of a splendid kennel and intends to retain "Highbrow" as the stud force.

The litter brother to the above was recently sold to C. Hardstaff, Borden, Man.

The genial hardworking fancier, Frank Jackson, of Saskatoon, is looking forward with great expectation to a litter from his Bull Bitch, "Princess Debora." Debora claimed winners' ribbons, both in the home town and Regina. We understand the litter sired by Frank's imported stud "Morovian Mutineer," fortunately the excessive hot days are past, we hope the "Princess" will have a family worthy of her.

J. Birkenshaw recently brought home his Irish Setter bitch, "Nancy." "Nancy" has been kenneled at Moose Jaw for some time. She now has a litter of eleven mahogany reds, and their sire is none other than Ch. "Lillies Moose Jaw King," so they are bound to turn out well.

Dr. J. T. Cooper has just returned from vacation and settled down after a well earned and needed rest, Saskatoon has just cause to be proud of this enthusiastic Collie fancier.

"Elmhill" prefix is now a world-wide word with Collie breeders, and many noted specimens claim Elmhill Kennels as their birthplace. Four bitches of distinction will shortly be shipped to new homes at the coast. One an imported bitch from England, the other three are outstanding Elmhill products, one is a full champion and the others well on the way.

We have reason to believe that Dr. Cooper has his eye on a couple which will be put in shape for Regina Boxing Day Show. While on the subject of Collies, we think of Mrs. Ben Lewis of Saskatoon, a dandy bunch are housed at Mrs. Lewis' Kennels.

This summer a movement was started whereby a number of Western dogs could be shipped to the Canadian National at Toronto, in charge of a capable handler or. handlers. The old question of express rates came up. Our Saskatchewan Director, A. P. Semple took the matter up with the Minister of Agriculture and the powers that be, with a view of getting freight rates reduced on these exhibits. While no immediate relief was the result, it is a step in the right direction, and the only thing to do is to keep hammering at it.

The following is a reply to Mr. Semple's efforts:

Dear Sir,—I wish to advise that I have taken up with the Cabinet the matter of giving you assistance towards shipping several show dogs to Toronto, and after due consideration we regret very much that we cannot see our way clear to accede to your wishes.

Yours truly,
Minister of Agriculture.

A few facts relating to Walter Pym's, Bronwyn Kennels, Regina. We touched on these Wires last month but chiefly from observation.

Since that visit, Walter reports a litter of six born on the 7th of Aug. out of "Wyrecote Merry Madcap, by Moosascan Speedy Storm. "Wyrecote Merry Madcap" was shown when in whelp at Moose Jaw, and went 2nd in Canadian-bred and Limit. She is out of Mr. Middlemass' well-known bitch, "Burlington Marguerite," an imported bitch secured from Sam Ruddell, Toronto. She is by "Ch. Barry Benedict" and out of "Knick Knack," a cobby bitch, the right size and will be bred to Flornel Startler this month.

"Seven Towers Bridesmaid," by Flornell Startler, will also be bred shortly.

Bronwyn Kennels deserve to be on the upward trend for several set backs have been suffered. A female in whelp was run over in December, 1930, another in January, 1931, another lost her litter prematurely. These losses are disheartening but the successes at Moose Jaw and Regina gave Walter renewed courage, and now he is determined to secure some of the best obtainable.

Kennel and Bench is looked forward to by this enthusiastic fancier and his one wish is that all breeders would join the C.K.C. and enjoy its privileges, and boost their official journal to the limit.

The car brakes clapped on suddenly when the Secretary and President of Moose Jaw Kennel Club were driving on Main Street recently. No it was not to avoid a crash. But a strange "Wire" was seen on the sidewalk. We alighted to find it was Bill Simpson's of Regina, visiting Moose Jaw on a shopping expedition looking for bargains. The Wire was "Moosascan Speedy Storm", a product of Mutual Kennels, now changed from puppyhood to maturity and what a beauty. Unfortunately "Storm" got hit with a car when a youngster and it left him lame behind.

"Storm was sired by a son of "Ch. Cappotal Foundation and out of an Int. "Ch. Speedy Ball" female.

V. B. Dilapour of Edmonton, who recently purchased "Mutual Success," has been visiting in Hamilton and Toronto, looking over the Terriers there. He may be leaving a couple of cheques behind in exchange for terriers, if he sees what he wants.

W. J. McDonald is breeding his Wire Female to "Mutual Success," a quick return on V. B.'s investment.

A letter received from Wm. J. Naab, Bernardsville, N. J., shows that Kennel and Bench is eagerly sought, and show reports carefully read: Sales made and friendship's formed through the book with the red and white cover.

Mrs. Gilbert Driver, Moose Jaw, reports all well at her kennels. Bostons are just now the more prominent for "Bell Rock Queen," has a nice litter by "Hagerty's King Laddie," and "Tim Hagerty," is looking good. He is around one year old and Mrs. Driver is very well pleased with this young gentleman.

A merry hour was spent when Bob Carter of Assiniboia, dropped in to say "Hullo." Of course, it was Bostons, the Bell Rocks are well known and "Bob" can sell all he gets and he is always getting them, so you can always buy one. Bob must have expected something extra in the litter out of "Bell Rock Queen" at Mrs. Driver's kennel, but he unfortunately arrived a day too soon to see them. Mr. Carter visited "Bob" Butchart's kennel and looked the Bostons over there, it was quite interesting just listening in to the two Bobs. We like the veteran breeder from Assiniboia to call, for he is always ready to visit and help his fellow breeders.

Now, by the way, Mr. Carter has a real nice Doberman Pinscher farmed out somewhere, and is interested in locating a good stud. There does not appear to be any near this part.

Ed. Devlin has acquired one of Phil Lillie's Boston puppies.

Mrs. Smallwood passed some sad days last month when she lost through sickness her favourite Pekingese Blossom, also a very nice Pomeranian. Blossom fortunately left a daughter to carry on her good name and fill the gap.

A very nice Peke, "Chu Chu San," is mated to Mrs. A. P. Semple's winning Stud dog, that gave such a good account of himself this year. His name is "Cactus Ku Chi." Let's hope this

mating will put the Smallwood Kennels on the highway to success.

Miss Henderson, an active member of the Moose Jaw Kennel Club, and breeder and exhibitor of Pekes, is visiting Toronto. It was her intention to look the Pekes over at Toronto Show. We would not be surprised to see her return with a Peke under each arm.

We noticed a very attractive liver and white Springer bitch in Archie Semple's paddock. On enquiry we learned that she is Avondale bred, has had field experience, and will be mated to Dr. Hardy's "Beatie of Avondale," a grand dog that has won premier honors when shown and is hard to fault. Archie liked the bitch so much that he could not resist the temptation to purchase her. Guess Archie has his eye on a few days with the ducks.

Mr. MacCulloch of Arcydale, Sask., took his Shepherd bitch to Regina to be mated to "Wawota Chieftain," the dog whose picture appeared in our page Sept. issue. "Mac" says he is tired of keeping "just Shepherds" and intends to step out and get into the "top notch" stuff.

The writers Mutual Kennels have been undergoing several changes to make things more bright and cosy for the long winter days. All the kennels have new fronts and all inside work is finished in a very pale blue enamel.

"Iclas Altheway" was the first to have a family in the new home and added seven more wires. This fiery little bitch annexed six points at her first three shows, and best of breed to boot at Edmonton, under Jack Fletcher. From Edmonton she visited Geo. Tyson's Kennels, Vancouver, where she was bred to Int. "Ch. Beckside Bonus", with the aforementioned results, this is the second Mutual female to whelp to "Bonus," a total of thirteen puppies is not too bad, needless to say we are well pleased.

"Mutual Confidence," whelped to Mr. J. R. Kennedy's Imported Stud, "Thet Trio," another bitch will visit Vivadora Kennels very shortly, and will also be bred to "Trio."

"Rosemount Cappotal Maid," is in whelp to J. E. Hunter's imported Stud, "Best man," who is a son of the great Int. "Ch. Barrington Bridegroom," Maid is a "Ch. Cappatol Foundation" bred one In Smooths, Mutual holds a wonderful group. "Ch. Prides Hill Sapphire" will be bred to "Ch. Suttons Gwynne Darrell." "Oxford Fairy" is in whelp to "Darrell," Mutual Admirer out of "Ch. Dusky Widow," also the young female, "Suttons Darrella", will shortly be bred to the New York Winner, "Ch. Altee Lenpal," at Mr. Price's Calgary Kennel. "Danby Molly Sister" to "Ch. Danby Mogul", is the latest acquisition. She is sired by Imp. "Ch. Heeley President" out of "Ch. Prides Hill Resultant," Molly has just left her litter of five and when in shape will be a hard one to beat.

The idea of a picture and history page for the Xmas number of Kennel and Bench seems to have found favour among the members. Please have your writeup and pictures ready in time. Send to 320 Caribou St. W., Moose Jaw by the end of October if possible to ensure publication. We would like every member of the C.K.C. to be represented, also others. In the meantime, don't starve your correspondent. We will need news by the 9th of October for November issue, so please accept this invitation to write in.

As a last word in this issue let us remember that Regina Canine Society are putting on a show on Boxing Day. There will not be much to take our attention at this time, so let's all get together and send a few entries and make this Xmas event a Four Pointer. The Club members are arranging a swell Premium List with lots of valuable prizes and cash, also remember that there is no better way to sell your stock than through the columns of Kennel and Bench. Many like to make Xmas happy by buying their children a puppy so have a good ad ready for the Xmas number.

Cockers and Springers

Just Listen to This

$342.00 and two medals were given away for Cocker Spaniel prizes alone, at the Canadian National Exhibition. $23.00 went to the United States and $8.00 went to Winnipeg.

Now, Cocker Spaniel Breeders, get hep to yourself. If you stop to analyse this, it will strike you forcibly that there must be some good Cockers in Ontario that we do not appreciate.

H. E. Mellenthin, Poughkeepsie, New York, brought a fine black dog to the show, which won several classes, but was beaten in the Open by Brampton Kennels' real fine black, "The Iron Duke." This dog continued winning throughout the different classes, and in the final class against Dr. Heppleston's "Freckles of Barrie," Ross' "Brampton Dream Kisses," Duckett's "Wayridge Topsy" and "Herd's "Belmont Twinkle," captured Best of Breed.

The show was a success. The Cocker entry had the largest number of any breed. This in itself is another feather in the cap of the Cocker Breeders. Springer Spaniels had a nice entry. The entries were not large but a lot of class was there just the same. "Advent of Solway," the Int. Champion, added to his laurels by taking Best of Breed. In the sporting group, the fine English Setter topped both the Cocker and the Springer, eventually winning Best in Show, all breeds.

During the show, the Cocker breeders decided to get their shoulders behind the wheel, and in order to boost the breed of Springers and Cockers, have been allotted a Spaniel Page through the good offices of the Editor of Kennel and Bench.

Now, Mr. Spaniel Breeder, it is up to you. You have puppies coming on, you have visitors to see your dogs, and you are selling dogs. It is up to you to send in your notes. These notes are for the information of others. We will have notes from others that will be of interest to you. Send any information of interest to W. A. Price, 394 Bay Street, Toronto, Ont., which will be properly handled and set up each month so that you can see what the other fellow is doing, and at the same time put a little more ginger and pep to your own particular fancy.

We can make this one large family if the necessary co-operation is forthcoming from all. Our success or failure is in our own hands.

Your notes will cost you nothing to print, provided they are of general interest and have no advertising value to any particular individual.

Any advertising that is to be done in the future with reference to Cockers or Springers will be placed on this page so that your results will be greatly increased. Let us have a small advert. We want to get off on the right foot.

This is a grand opportunity for the Spaniel Breeders to put over a real snappy monthly page. You are no different from anyone else—you read what interests you in a magazine. If there is a particular page that strikes your fancy, you will read every bit of it. Any advertising on this page will have increased value and get you added results.

Eventually we intend to have a real fine Spaniel Club, devoted to the interest of the Spaniel section as a whole, not to the personal interest of any one individual. The following were at the meeting at the Exhibition:

Mr. and Mrs. Chettle, H. R. Hepplestone, Fred L. Lewis, Fred Shawley, Mr. and Mrs. H. Ross, R. Tyrwhitt, Peter Herd, N. S. Duckett, Chas. Bowerbank, Mr. and Mrs. T. Worthy, Mr. and Mrs. D. A. Campbell, Andrew Dunn, W. A. Price, R. G. Dudley, G. Kaltman, Mr. and Mrs. J. B. Forsythe.

We would like to add to this number. Let us have your name, too.

We are pleased to report that:

R. H. Hepplestone recently sold a red and white parti-color male puppy by "Freckles of Barrie" and a black and white parti-color female to W. A. Price.

It is a great pleasure to announce that "Freckles of Barrie," the red and white parti-color male owned by R. H. Hepplestone, has completed his championship.

The "Of York Kennels" recently sold a red male puppie to Mr. Frymire of Williamsport, Penn., also a red male puppie to W. Davidson, Toronto, and a red female by Champion Bombardier to Mrs. T. Worthy.

Next month we would like to have your opinion and criticism on the size of the Cocker as a show dog and as a working dog. Let us have this with your notes.

Hurrah, Cockerites. We are getting nearer to that big cup. A sporting dog pulled it this time. Some day, it will be a Cocker, maybe.

A lot of Cocker fanciers will wonder how Freckles of Barrie was beaten at Montreal. So do we; but, oh well, it's all in the day's work.

We hear Nelson Duckett has sold Wayridge Miracle Lad. A lot of cocker fans are going to be real sorry they didn't use him. He is siring real pups.

Dick Hepplestone's champion, "Beauty of Barrie" recently had five splendid puppies by "Frontenac Speckled Beauty," we should hear from this breeding.

ODE TO A SPRINGER

What a joy comes stealing o'er me
through nature's frosty charm—
Just before the snow drifts cover up the
quail.
It is when my trusty shot gun is cuddled 'neath my arm,
And my springer spaniel's nosing out
the trail.

I feel so doggone comfy with that little
spotted pup,
As he talks to me with eyes and wagging tail;
And the fellow's missed a lot of fun,
and joy I'd ne'er give up—
If his pal is not a springer on the trail.

He's a jolly little comrade, loving, trusting, tagging me—
An aristocrat at shows where Champions yield.
But we're just two chummy hunters
when autumn's on the trees,
And we're happy when my springer's in
the field.

SMOOTH FOX TERRIER BEST IN SHOW

We notice that W. M. Coats, Seattle, Wash., has distinguished the Smooth Fox Terrier by going best dog in show at Greasham Kennel Club Show, Greasham, Oregon, with his home bred "Coats' Cleo" ("Int. Ch. Dunsdaff" ex. "Ch. Labels Delight"). This is getting to be a habit or a gift with "Cleo," for she made a similar win at Spokane earlier in the year.

This splendid achievement at Greasham places "Coats' Cleo" in the same favored category as her parents, and she is now an international champion in her own right.

FRANK BEER REJOICING

Frank Beer, Toronto, is enthused these days following the careers of the two litter brothers "Gallant Fox" and "A Connecticut Yankee," ("Flornell Sandhole Spider" ex. Ch. Imp.) 'Gallant Fox" is setting quite a pace for those who seek to follow in his trail. Winners at Aburndale, best of winners at Longwood, Mass. Reserve winners at Greenwich, Conn. Best of winners at North Westchester. Reserve winners at Westport, Conn. Winners at Westchester. Winners at Utica. Best of winners at Rumson, N.J., and still going strong. So if he has not already won his American championship, the honor must just be waiting for him around the corner, and the honors for "A Connecticut Yankee" will not be hard to find.

It is good for the Smooths to have sincere fanciers like "Billy" Coats and Frank Beer behind them, and when we are able to report representative Smooth Fox Terriers going to the highest places at our dog shows, we are encouraged to believe, that we shall soon see this handicapped breed strongly installed in public favor again, we use the word "handicapped" advisedly, because all the Smooth Coated breeds are presented to the judges just as they are, and as nature made them, with neither frills nor flounces lending themselves to trimming or other manipulations.

"THE WHITE CAVALIER"

The Bull Terrier is forging right ahead in popularity on the American Continent, and this is largely due to the many splendid fanciers who are now supporting the breed. The "one hundred dogs for Westminister" has not yet quite materialized, but that may only be "a pleasure deferred."

A new club has been formed down in New England, and will be known as "The Bull Terrier Club of New England," the officers are, President, Mrs. Drury L. Sheraton; First Vice-Pres., John V., Phelan; Second Vice-Pres., Horace G. Williams; Secretary-Treas., Mrs. Arthur P. Lund. The newly formed club has been recognized, and it is sanctioned by the Parent Club.

Forty three members are on the clubs roster, so it looks like being a success from the start, and we notice that a kindly thought has made it possible for Mrs. Nathaniel F. Emmons to fill the position of Honorary President.

Perhaps the time has arrived for a club to sporsor the "White Uns" in Canada—has it?

The Shows at Halifax and St. John

NOVA SCOTIA SHOWS SUCCESSFUL

The two shows held at Halifax from August 31st to September 3rd gave the officers and members of Halifax Kennel Club lots of satisfaction when the entries rolled in to beyond the point of surprise. The Exhibition feature benched 238 and the Club Show benched 242, the former earning 3 points and the latter 4 points. For the Exhibition feature Jack Fry, Jr., judged the show and gave a good account of himself in the judicial role.

Frank H. Addyman judged the second fixture and the award columns will show consistency in judging, when we keep in mind that no two judges appraise the dogs alike. We had been advised that Robt. B. Laskey, of St. John, would have something to say about the shows, but "Bobbie's" notes have not yet come to hand.

THE PASSING OF MRS. MAY McCURDY

A Tribute from a Friend

My pleasure over a considerable period of years, it has been to know and meet this motherly soul. Her love of Collies—and she often mentioned that she would "just love" to see them at work in their native "Highlands." Mrs. McCurdy rarely failed to put in an appearance at a New York Show—though not always successful! Her best outing was when she beat a terrific blizzard—taking time by the forelock—coming a day ahead of the storm. There were lots of vacant benches at Madison Square Garden that year—too late for the call to bring the Entries into the ring. Mrs. McCurdy was there with her dogs and did well. She deserved her wins, though showing fatigue.

She never failed to show her own dogs in the ring. Those of us who have attended shows in Madison Square Garden for a quarter of a century or more, will feel sad in the absence of Mrs. McCurdy and her beloved Collies.

C. Y. FORD.

Central Canada Exhibition Show

CENTRAL CANADA HAS LARGE ENTRY

What is said to be the largest entry enjoyed by Central Canada Exhibition Dog Show for the last 12 years, was secured by Jno. W. Brant, chairman of the Dog Show Committee, and an enthusiastic corps of associates for the 1931 show of this old established Ottawa fixture, and those exhibitors who attended the show, have not been slow in reporting the increased exercising space for the dogs, the immaculate cleanliness of the building, and the cheery atmosphere that was created by a committee that were really interested in their exhibitors, and decorations which seemed to give the dog show building a homey atmosphere.

That exhibitors are not slow to notice any attempt to consider their comfort, has become manifest through the great number of congratulatory and appreciative letters from many sources which have been received by the management at Ottawa.

The number of dogs actually benched was 279 and of the 306 entered and Dr. Thomas G. Buck, Rochester, N.Y., who judged the show was given a kindly reception, and later a similar send off. Dr. Buck will be welcome back to Ottawa again before long.

The committee in charge simply made it plain, that cash and other prizes, plus a reliable judge, plus plenty of energetic work were the essentials to bring a healthly entry to Ottawa, and every man gave his best to accomplish his ideal. Mr. Brant with his usual generosity says, "don't congratulate or thank me for the success of the show, all the credit belongs to my committees,"—so there.

We trust that the financial report of the show, when it comes to be submitted to the Exhibition Board will be such, that next year's show will not only be possible but, that it will continue to be considered as an outstanding exhibition attraction.

Sherbrooke Exhibition Dog Show

Sherbrooke Show, held September 2nd, 3rd and 4th, 1931, was their best yet, at least that was the claim of their own officials and they ought to know. One thing is certain, it was clean at all times, bright and airy. Judging started on time and everything was run to the minute.

Forest Keene, as Show Manager is a success. He was on the job all the time looking after exhibitors and putting grease on any wheels that squeaked. My advice is, keep "Forest" on that job and just watch Sherbrooke Show grow. It can be done—He did it this time and can do it again. Mr. Fitzsimmons was his chief assistant. It was he who made up the judging books and catalogue I understand, and I will go on record and say, I never handled a better judging book in my life.

Mr. Hatcher, as show superintendent, understands his business and sees things are done. The right man in the right place. He would be a valuable asset to any show-giving club.

For ring steward we had Sam Doyle of Montreal. Sam needs no introduction to the fanciers in the East. He is on the job all the time and understands it from beginning to end, and we hereby wish to thank him for valuable assistance rendered during the Show.

Of course, Col. Francis was in and out. He was a pretty busy man, always in demand, as we were told their horse and cattle entry this year was extra large, being second only to Toronto, so all in all, we believe Canada's great Eastern Exhibition is making marked progress in spite of the much heralded bad times.

Now for the highlights of the dogs.

English Setters — While there were five, the winning bitch easily topped the lot. A good headed one, all type with nice body, plenty of style and a free mover. This is without doubt the best of the breed that we have seen owned in this Province for many a day. The winning dog is quite a useful sort, a nice headed one with good running gear, sound as a bell, could have been laid down looking nicer.

Irish Setters—The winning dog is a big upstanding Irishman. We like him very much. He is all Irish and looks like a real workman. He had the easiest kind of win on the day. The winning bitch is quite a decent sort. It was hard to appraise her real value as she was "woolly" and very much in the rough.

Cocker Spaniels—In black dogs we ran into a very useful sort laid down in nice condition and a veteran now, we believe? The parti-colour dogs furnished more real competition. The winning dog is quite a nice one, won on size particularly and is a little nicer in neck, shoulders and top line. The second dog is all Spaniel, a little stronger in foreface than the winner but not as clean in skull as the dog placed over him. The pick of the bitches, also best of breed, is a real quality parti-colour, laid down right and with a real coat on. She would be a hard one to beat!

Springers—We had three quite nice dogs in the classes, the winning dog getting away with it on back and hind quarters. The second dog could easily have changed places had he a bit more beef on him. Bitches brought out quite a nice one. Liked her better on the day than either of the dogs and she was in nice bloom. Of course "Inveresk Cocksure" was there entered for specials only. He went best of Breed and deserved it. He was shown in full bloom, he is as good as ever and showed rare movement on the day. In fact, he had to beat the English Setter in the sporting group and it was no easy task to separate these two.

Doberman Pinschers—Brought out a couple of real high class dogs, the best of breed is a beautifully marked dog, a rich black and tan and quite the best we have seen in Easteran Canada for some time.

Samoyedes — The best of breed is quite a nice dog and was shown fit.

Shepherd Dogs—When one took out the winning and reserve winning dogs, also the Rowe entry, and the bitch handled by Alf. Loveridge, there wasn't much left as regards quality in Shepherds. Too bad this breed is not holding its own.

Shetland Sheep Dogs—The winning dog is quite a nice sort but a bit heavy in one ear. The pick of the bitches was also best of breed, a real Collie in miniature but starting to show age. The reserve winning bitch pressed her closely, a good type but is a little larger in size and does not carry as straight a tail.

Airedale Terriers—The winning dog and best of breed is all Airedale, good head, eye and ear, nice coat and colour and moves well. The second dog, another of the same type, just requires time.

Bull Terriers—Best of breed is a nice put together bitch, free from lumber, shows a lot of quality, but an indifferent shower at times.

Fox Terriers, Smooth — The Novice bitch, good type, nice size but might be cleaner in skull. The winners bitch is quite a nice terrier, is good fore and aft and a hard bitten terrier. The winning dog is a nice headed one, good eye and ear but a bit light on the day. The reserve winning bitch beat the novice bitch on cleanness of skull and maturity.

Fox Terriers, Wire — The winner, **"best of breed"** is quite a good terrier. Was laid down fit and ably handled by "Ted" Ward. This is a long headed chap with nice eye and ear, good legs and feet, short body, nice top, sound at both ends, his coat handled well and he moved sound fore and aft. (He eventually won best any breed in show). His closest contender was the winners dog, a real little one, with plenty of terrier character and a good second. The reserve winning dog, another nice one, on the larger order, a dog with good head, a lot of substance and a sound jacket.

Another dog that impressed me (handled by Mr. Roberts and a Toronto entry I believe), a real flashy little 'hound-marked' dog with a short back and laid down fit, lookel a little on the leg on the day, no doubt will improve with age. The Montreal dog, another very decent sort looked very ragged and can do better if coat is in good condition. The winning bitch, quite a nice one, in good coat, a trifle light of flesh on the day, an all round nice little one, nosed out the reserve winner on condition mainly.

Kerry Blue Terriers — The bitch a very nice one, of good type and in fair condition, but a shy shower.

Scottish Terriers—The winning dog quite a good one, a real taking chap and sound but a bit short of coat on the day. The reserve winners dog quite a good sort, nice type with good length of head, but a bit in the rough. The winning bitch a "big barrelled" one and low to ground, had a comfortable win on the day.

Sealyham Terriers—The winning dog is a long headed one with plenty of substance and sound, but was short of coat.

Welsh Terriers—Only one and a nice one. Can't understand why this breed hasn't caught on here.

Pekingese—The best of breed was a nice headed dog with good dark eyes, wide muzzle and nice ears, a big boned chap that shows well and makes the most of his chances, not in his best coat on the day but shows indications that he can carry lots of it. Plume and feather good. The reserve winning dog,

another nice one and in good shape,—as were all of Mr. Robert's dogs for that matter. The winning and reserve winning bitches were two nice ones, both youngsters and bred by owned I believe.

Pugs—A pair of really nice fawns, good type with little to choose between them.

Boston Terriers — The winners and reserve winners dogs are two real nice ones, but not of identically the same type. The winning dog we liked a little better in body. He was leveller on the top line and we thought he moved better on the day. In bitches, another hot pair met here, again there was a difference in type and the reserve winners' bitch found herself placed where she was, due to the fact that she wouldn't make the bid for it.

English Bulldogs—The winning dog is a massive brindle with good head and expression. He is short, wide and low, moves indifferently behind at times. The bitch, a nice light weight that can bother most of them, a real little "sour mug" and looking very fit.

CEDRIC KENNELS BUSY BREEDING

Mrs. E. J. Atkinson, Toronto, seldom finds her Cedric Kennels without a good Scottie or two, that are available for sale when the customers call. A litter of six, and of which five are of the "sterner sex," are the latest addition to the Kennel, and these last six have for their sire "Haldon Gaisgill Mac Simon" (Imp.), an Albourne, Laindon, Littlebury combination that Dr. Batt bought when he visited the old country last year. The dam of this litter is "Langrange Trifle" and she contributes as her share of the breeding, the bloods of the Laurieston, Merlewood, Abertay and Ornsay strains.

Another litter by "Haldon Storm" (a dog which was imported in dam by Mrs. Atkinson) ex "Walnut Gem" (Imp.), are giving their owner much satisfaction at the present time.

The Alberta News

By Provincial Contributing Editor, R. S. TYRRELL, Bottrel, Alta.

WE heartily commend the action of our brother correspondent, W. W. Riome for his forethought in bringing to our attention the coming Xmas number of Kennel & Bench. For many years we have made a practice of circularizing Alberta members early in October, in spite of this every year there are the late arrivals, and on occasion we have had to wire Toronto, both reading matter and Advertisements, in order to get them inserted.

Remember Kennel & Bench now comes out on the 1st of the month and if you are late, well you will get left out, and that's that, and you will have noticed that Kennel & Bench does come out early, so don't you be late. No one wants to advertise unless it pays them to do so, let us give you one of our experiences.

Five years ago we sold through a small advertisement in Kennel & Bench a litter brother to our well known Ch. Cossack Michael, to a Mrs. Alward of Mass, U.S.A. The cost was 2 per cent of the sale price. The new owner was greatly pleased with the purchase and the other day ordered two more hounds, one a brother to Cossack Dominique, who has been so favourably commented on, also a young female by Cossack Semski ex Cossack Baby. With these sales the original advertising cost is brought down to the vanishing point. Advertise in Xmas Kennel & Bench. It PAYS!

George Climo has kindly sent us the following critique of the dogs coming before him at the Edmonton Show. Mr. Climo judged the Sporting Group.

Chesapeake Bay Dogs.

"Richmonds Beaver." Good bone, body, feet and action, could be a little better in head and coat. Winners and Best Op. Owner, Edward H. Leith.

Bitches, "Aireline Golden Eye." Coat right colour and good texture, correct type and a good mover. Could be better in skull. Winners and Best of Breed.

"Aireline Betty." Good in neck, shoulders, legs and feet, not quite as nice in body, colour and coat as the winner.

Greyhounds Dogs.

"Sweepstake." Good head, legs and feet, splendid action, would like to see a little more body. Winners.

Bitches, "Freedom for Ever." Good in head, neck, shoulders, brisket and loins, might be freer in action. Winners and Best of Breed.

Retrievers, Flat Coated.

"Spripes of Burnside." Fair head, nice body, somewhat out of coat. Could be better in front. Reserve Winners.

Whippets.

"Golden Arrow of Calgaree." A nice one. A little stiff in movement (probably due to surface of ring).

Russian Wolfhounds, Dogs.

"General Brutnelle of St. Albert." A real workman, splendid middle piece with good legs and feet. Tail short and carried high, plain in head. Good coat. Winners and Best of Breed.

"Cossack Dominique." An all quality youngster with nice bone, good front, shapely body, pleasing in head and expression, good tail and carriage and action. Needs time to finish. Will go further. Reserve Winners.

"Merry Bubbles." Very little between her and Beauty, not quite so nice behind.

Cockers, any solid colour than black.

"Sandy Ampere." Nice in body, short coupled, good Setter, red. Little strong in head.

"Mery Dot." Good body, little fine in bone. Lacks expression.

Airedale Terriers.

A. O. Bean of Medicine Hat has recently been on a visit to George Kynoch at his celebrated Silverdale Kennels. A. O. says that George owns a perfect Doggie Paradise down at the Ranch where he has 185 dogs kenneled. There is a pretty bungalow with lots of flowers and the Red River flowing through the grounds. The ranch is five miles from the city where George has his city headquarters and hospital. Mr. Bean was accompanied by "Ch. Aberdeen Patricia," who he had bred to Kynoch's

Ch. "Silverdale Tornade." There is undoubtedly a coming revival of this useful Terrier that was so much to the fore in the West when Norman McKenzie, K.C. was campaigning that great dog Int. Ch. "Polam Maxim."

Boston Terriers.

Earl F. Kennedy reports no less than ten matrons shortly due to whelp. Earl is breeding high quality registered stock and is greatly improving the breed in these parts.

Cockers.

Sandy Robertson has been doing particularly well with his Cockers and he is ably supported by the Little "Sandys" who are quite capable of going ahead of their Dad when it comes to handling Cockers in the ring. We hear that Sandy is attending the Royal with some chickens and maybe dogs as well.

We very much regret to hear that George Climo has lost his famous black dog, "Calmas Chums Model," also that beautiful red "Calmas Rose." The Mother of Calmas Kream who have all succumbed to an outbreak of influenza in the kennels. "Kream" was an absolutely outstanding Cocker and one of the most promising youngsters we have seen in recent times. We had occasion to pay particular attention to this dog at the time of the Calgary Show when we were commissioned to paint his portrait for his owner. "Calmas Lady Winsal," by "Calmas Chums Model," ex "Calmas Babe," has been bred to his Sire "Calmas Recorder" so possibly another "Kream" may result.

Another mating is "Ch. Calmas Lady Supreme" to "Ch. Calmas Field Marshall." This should produce something of outstanding quality. We are glad to hear that George, who has himself been under the weather is now about again.

Collies.

William McClean reports a nice litter of Collies, six males and three females from his recently imported "Denny Desta." She was bred before shipment to that well-known Scottish producer, "Ardentistle Renown." "Mac" looks like having some real ones and we all wish him success.

Fox Terriers, Smooth.

John E. Hunter's "Danby Mollie," by Ch. "Heeley President," ex Ch. "Prides Hill Rebellion," is nursing a nice litter of five puppies. Mrs. Carr reports the "Farliegh" Kennels are expecting a litter very shortly by the celebrated Int. Ch. "Oltee Lenpal."

Scottish Terriers.

Following her win at Edmonton, Jack Young's beautiful Scottie, "Heather Lulu," went to best dog in Show at Saskatoon. Under Otto Gross at Regina she was awarded "Winners" being then somewhat out of condition. The judge remarking that she must be a great Scottie when in shape.

Springer Spaniels.

D. B. Young of Shaughnessy, Alberta, has forwarded me a very newsy letter regarding his kennel activities. After somewhat indifferent success he purchased "Little Mistress of Burnside," a litter Sister to "Vale of Burnside," and she is bred to "Silent Messenger," who went best of breed at Medicine Hat. He feels that he is now on the right track and hopes to be well up with the best at next season's shows. Mr. Young who is a mine manager at Shaughnessy spends his leisure time in training his Springers to work with the gun and finds them excellent retrievers on ducks.

NEW KENNEL AT PORT CREDIT

The "Of York" and "Dunoon" prefixes have opened up new kennels on Cumberland Ave., Port Credit, Ont., and W. A. Price, Toronto, speaking for the kennels, advises, that a litter of six Springer Spaniels, sired by one of Horace Placey's best sires, are amongst the first of the new faces to grace the kennel—four Cocker puppies sired by "Ch. Limestone Ladie" ex. "Queen of York" a well-bred bitch who is well on her way to championship honors by winning at the Canadian National last year, and at Hamilton this spring.

The Of York-Dunoon Kennels are in a nice position right now to become serious and vigorous contenders at the 1932 shows.

THE DOG POISONER

More hated generally than the keeper of the dog pound, is the dog poisoner only, and in different localities in Canada the fiend has been plying his calling ruthlessly of late. To have one's dog poisoned is sufficient to make any dog lover see red, to speak red, and to write red, therefore, we were not at all surprised to notice in "The Fort Dodge Messenger and Chronicle" the following scathing message directed at an unknown dog poisoner, from an irate dog lover:—

"The perfect crime has been committed in Elmwood. A dozen pet dogs have been poisoned with strychnine planted in the private yards of their owners in the dead of night. And the perpetrator walks among us secretly glorying in the results of his activities. We are sure he is deeply satisfied, that feelings of civic pride over his achievement fill his broad mind and his heart. We might wish that the tears of the youngsters and the horrible suffering of the dumb animals would haunt him. But they will not of course. He will sleep the complacent sleep of the just, for in his imitation omnipotent way has he not gone about town dispensing midnight justice? We do not know who he is, but his personality is quite apparent. If he is old, he has done small, mean, underhanded things all his life and crowed over the fact of getting away with them without being found out. If he is young, he will do small, mean, underhanded things all his life and glory in his acts as long as he is not detected in them. Our old Jack is dead. He was old and he slobbered and had fleas. But we loved him. And it was not this nightrider's business to say his time had come. Neither is it pleasant to contemplate the thought of deadly strychnine planted promiscuously about town with small children in many of the houses. But the deed is done and no apparent proof of the perpetrator's identity at hand. He will read this item, too, and laugh at it, for it will be his idea of a good joke. This item was not written anonymously in the dead of night. It was written in the clear daylight and signed by Bess Streeter Aldrich."

"But we loved him," that is the answer to Bess' searing indictment. Surely the snake in the grass is much superior in principle, and much more to be desired for companionship, than the most degraded of all human beings—the dog poisoner.

Hamilton Kennel Club Show

Hamilton Kennel Club had the misfortune to run into the hottest weather experienced by any club this year. This was quite disturbing for the dogs, the exhibitors and the general public alike. To aggravate matters the lowness of the ceiling in the dog show building made it appear to be none too well ventilated, and everything considered, it was quite natural that the collars were wilted, and the nerves were rather frayed.

Entries were slow in arriving at the secretary's office owing to the exhibitors being on the circuit, and the result was a large "additional entry" that made for the usual confusion which attends the arrangement, however patience removes many problems and in the end all the ruffles were straightened out satisfactorily.

George Kynoch, Winnipeg, judged the show, and he declares, that he never lost as much sweat in any two days in his life, and that he would not care to repeat the experience for 1,000.00 a day, but since the "Good Book" says, "man shall earn his bread by the sweat of his brow," we can hardly agree with Mr. Kynoch's contention.

THE JUDGES' CRITIQUE

Great Danes

Best Ironwood Queen Sholea, a bitch that if in better condition would do well in any show. Nice head and body, good feet and moved well.

Russian Wolf Hounds

Winners dogs went to Romanoff Kosloff II, a big sound dog, grand head, eye and expression, typical body, and when in full coat will go high.

Reserve Winners. Nicholas II, a dog with a wonderful coat and in better condition than the winner, but not so good in head and eye, and when the owner or handler realizes that he must leave his scissors at home with his wife, this dog will do much better.

Winners Bitches, Romanoff Samora. Just a fair one, not as sound as the males. Best of Breed, Ch. Romanoff Kosloff, in grand condition and shows well, a real typical Russian and I like him.

Greyhounds

Winners Dogs, Caronach of Tongue Vue, a big upstanding dog could be better in body lines.

Winners Bitches, Vinter Fairy of Tongue Vue, a very sweet bitch and shown well. Best of Breed to the male.

Airedale Terriers

Winners Dogs, Ch. Rockley Fascinator, a good little one, a bit plain in head, otherwise a good dog.

Best of Breed to Ch. Warbeck Mixer, a dog that should do the breed a lot of good, now showing his age and could be better in pasterns.

Retrievers (Flat-Coated)

Best of Breed to Towerwood Choice, very typical and in good shape.

St. Bernards

One entry, Hollywood Rover, said to be bred in Winnipeg. I had pleasure in withholding winners from this dog, he should never be allowed to become a champion.

Bull Terriers

Winners Dogs, Albion Blighty, a very typical dog, nice eye and expression, could have a better trim, and could be better in front.

Best of Breed to Ch. Albion Admiration, a great bitch that can hold her own anywhere. She was shown well.

English Setters

Winners Dogs, Esterada, a beautiful blue belton dog, in grand shape, could be better in head. Reserve Winners Dogs to Concords Racketts, loosing to the winner in length of body and front, otherwise a good English Setter.

Winners Bitches to Wizbang Jessica, a blue roan bitch, very typical with a good skull and short back, good front and with an English Setter's expression.

Reserve Winners to Concord Betty, a lemon belton with a better coat and was in better condition than the winner, but was not as good in skull, eye, nor body.

Best of Breed to Esterada.

Springer Spaniels

Winners Dogs to Trent Valley Brisk, a grand bodied dog, could do with a better front, just fair in head, shown in good shape. The dog I liked best in this breed was the second, and Reserve Winners, "Mike", a dog that will trouble the best when in shape. He was very thin here, and he needs his feet looking after, when he is ready —watch him.

Winners Bitches, Trent Valley Beautiful, a good bitch, real Springer type, and was the best Springer.

Collies

Winners and Best of Breed to Alton Laddin, not in the best of condition, but a good dog, he could be better in skull.

Irish Setters

Winners Dogs, Forest Sir Howard, a dog that when in his best condition will trouble them all, very typical, wants plenty of feeding.

Winners Bitch and Best of Breed to Wizbang Marguerite, a nice bitch with an Irish Setter's head, good expression, carried more coat and weight than the dog and won easily.

Irish Terriers

Winners and Best of Breed to Fermanagh Red Boy, a big one, but "real" Irish, shown well.

German Shepherds

Winners and Best of Breed to 'Arry of Dell Park, a dog with plenty of substance and a good mover, stood right out. He had a good temperament, and this is where the others failed to qualify.

Winners Bitches to a bitch with a wonderful gait, and a good shower.

English Bulldogs

Winners and Best of Breed to Marwell Marquis, a dog that will improve with age. He could be better in skull, feet and hindquarters, good expression, short body and in good shape, shown well.

Winners Bitches to Larchmount Lady Betty, a bitch that quickly catches your eye, could be better in ears and hindquarters.

Cocker Spaniels

Winners and Best of Breed to Belmount Invader, a dog that had a great future before him, typical, and very sound. I was very sorry to learn that he had died shortly after this show. May his birds be plentiful in his happy hunting grounds and may Mr. Herd, his owner, breed one as good before long.

Winners Bitches to Belmont Twinkle, a grand headed bitch, not so good in Cocker expression and could do with a little more bone.

Beagles

Best of Breed to River Park Miss Model, a grand bitch, can win in the strongest competition anywhere.

Wire Fox Terriers

Winners Dogs to Superman of Blarney, in grand shape, and a dog that will go far, good head front and body.

Winners Bitches and Best of Breed to Vivadora Orphan Annie, the cream of the lot, a beautiful bitch in great condition, and a real lady in the ring. I liked her very much indeed.

Scottish Terriers

Winners Dogs to Lawrieston Lukio of Firenze, a good one in good shape, grand coat, beautiful head, and as game as they come, could be better in mouth, but without a doubt the best Scottie at this show.

Winners Bitches to Cedric Jewel, a great puppy, with a great future before her, grand head and short back, very typical, could be a little better in coat.

Cairn Terriers

Winners and Best of Breed to Scotty of Clairmar, a good dog, sound as a dollar, a good coat and a Cairn all over, won easily.

Boston Terriers

Winners Dogs to Browns' Oh Boy, a real Boston, with a grand head, best of legs and feet and beautiful body if I had not faulted his nose I would have made him best of breed.

Reserve Winners Dogs to Salerings King, a nice Boston, but not quite sound behind.

Winners Bitches to Snowball Just Right, a real Queen, and one of the best Bitches I have looked at. I placed her best Boston.

Fox Terriers, Smooth

Winners and Best of Breed to Wizbang Pal, the best of the lot, too big altogether and not in the best of condition.

Pekingese

Winners Dogs and Best of Breed, San Dee of Hesketh of Orchard Hill, a well-balanced dog, grand skull and face, could have been in better condition.

Reserve Winners Dogs, Wee La Dee, a great headed dog, rather long in body, shown in good shape.

Winners Bitches, Shensi Queen of Sheba, a very good one and sound, short bodied, with a real Peke head, might carry a little more coat to advantage.

Pomeranians

Winners Dogs and Best of Breed to Wee Black Rascal, a dog that will go a long way. He could be a little better in eye otherwise a good Pom. He carries a good coat of the right texture.

Reserve Winners Dogs, Monticute Golden King, none too good in mouth, and bad feet, shown well.

THE GROUPS

Sporting to Ch. Romanoff Kosloff, the best sporting dog in this group and it was a well filled class too. (Russian Wolfhound).

Working, to Navigator of Pontchartraine, a splendid specimen, beautiful to look at, his markings could be improved on. (Doberman).

Terriers, to Vivadora Orphan Annie, a well behaved little bitch, in great condition and splendidly handled in the ring. (Wire Fox Terriers).

Toys, to Wee Black Rascal, this Pom. easily defeated his nearest rival, the Peke in condition and in ring manners. (Pomeranian).

Non-Sporting, to Snowball Just Right, a Boston with lots of personality, a real quality one.

Best in Show to Vivadora Orphan Annie, and I have since been advised that she is now a Champion and well is she worthy of her crown. Of the many good dogs which came before me, I found none to take her measure.

And so finished one of the best shows ever held in Hamilton, and I take this opportunity to thank the show officials and the exhibitors for the manner in which they accepted my work. I have never in all my Show career experienced such stifling heat, literally speaking it was as hot as H—— but now that it is all over, I'm sure we will all forget the heat wave and get ready for the Welland and National Kennel Club fixtures.

DEAD FROM WAR DISABILITIES

W. A. MacKenzie, Kapuskasing, Ont., a man that had a warm spot in his bosom for Wire Hair Fox Terriers "passed on to join the great majority" on August 31st. Mr. MacKenzie had spent 25 of his 44 years in Northern Ontario, first coming there with an advance survey party for the transcontinental railway line from Quebec to Winnipeg. He was in Cochrane before the T. and N. O. reached that place, and in Kapuskasing before the railway steel reached there.

When war was declared he was soon in Khaki, and during the warring years he was severely wounded and this led to his comparitively early demise.

Our readers will find that Mrs. MacKenzie is offering some Wire Puppies for sale this month, by referring to our business pages.

Notes from British Columbia

By Provincial Contributing Editor, A. H. DODDS, Victoria, B.C.

THE sixteenth annual show to be staged by the Nanaimo Kennel Club took place on the 5th inst, and was put on in an excellent manner, and the club is deserving of the highest praise and especially those officials in charge of the show. While their efforts were rewarded by an entry of some one hundred and thirty seven dogs, they were deserving of greater support. However, in view of the conditions prevailing in and outside B.C., there is little to complain of. I understand the building was not available until the afternoon previous to the show, which meant that most of the committee were working all night erecting the benching in readiness for the arrival of the dogs. The secretary, Miss L. Hickling had matters well in hand, with the result that the show went along without a hitch.

Both Alex. McCloy and myself wish to sincerely thank all those who so ably assisted us in our duties as judges, and also the exhibitors for the very sportsmanlike manner in which they accepted our awards.

The newly formed Shawnigan Lake Club, staged their first event on the Monday following Nanaimo, and were supported by most of the entries from the latter show. Coupled with this the fact that the day was a public holiday, and also being situated in very close proximity to Victoria, many fanciers were able to support this show, that could not get away for the Nanaimo show, which resulted in a two point show and nice number over. The club is to be sincerely congratulated on this wonderful accomplishment and the great team work they put in to put over this magnificent show.

The building where the dogs were benched was very neatly laid out with new benching, with ample room and light. The weather was ideal and a nicer layout for outside judging would be hard to find. The beautiful grounds nicely shaded with trees and shrubs surrounding the tennis court where the judging took place greatly added to the comfort and pleasure of both spectators and exhibits.

Miss Marky commenced the judging with Toys and she made a great impression. J. W. (Jack) Creighton judged Terriers and Non-Sporting and Working with satisfaction, as did J. (Jack) Leitch with the Sporting dogs.

Owing to unforseen circumstances the show could not be staged at the Shawnigan Lake School, as originally arranged. It was held at the Strathcona School by the kind permission of Miss Gilda, who placed the gymnasium and grounds at the disposal of the club, and also provided refreshments for the committee.

William White of Eburne, B.C., advises me of the arrival of a litter of four Pomeranians, sired by his "Ch. Jacobean of Granby," who is now in his fourteenth year. The dam of this litter is "Goldwy Polly Pal." "Jacobean" is one of the best Poms. that ever graced the show bench in B.C., and William is more than proud of his latest accomplishment. Very few shows are held in B.C. without an entry from this good fancier, and the honor of winning Best Toy has often fallen to him.

It is very seldom we get any news of Yorkshire Terriers, but from Mrs. Rothwell of Vancouver, comes the surprise, for she advises me of the arrival of a litter of four, sired by her Stud, "Ch. Royal Prince" out of an imported bitch. Mrs. Rothwell is receiving many enquiries for her stock and intends enlarging her kennel of this particular breed.

The B.C. Fox Terrier Association have arranged to stage their annual event on November 9th next and have appointed Norman (Nat.) McConnell to judge. To see Nat. handling Terriers again, will take one back to the time when he had possibly the largest kennel of Airedales on the coast. In latter years his particular fancy has been English Setters, yet he has kept up to date on all breeds, as his services to judge all breeds has been in constant demand both in Canada and the U.S.A. With his many years of experience he should be accorded a bumper entry.

The fanciers of the Wire Haired Fox Terrier will be interested to learn that Bill Squelch has acquired "Tynedale Gallant Fox." Bill is also in the ranks of the English Setter fanciers, for he has at the present time quite a kennel of this breed. This good fancier can usually be relied upon for entries at the B.C. Shows, and is one of the hardest workers for the Royal City Club. He is considered one of the best sportsmen, and also one of the best judges of horse flesh in B.C.

George Pearson of Vancouver has just returned from Long Beach, Calif., where he judged a large entry at the all-breed show. George is loud in his praise of the quality of dogs brought before him and also of the grand sporting spirit that prevails amongst the fanciers there.

Cocker Spaniel fanciers will be interested in the following news from that good fancier of this breed, Mrs. H. A. Rhodes of Cowichan Station, B.C., the owner of the imported "Felbrigg Mark" that has done so much winning this year.

"Dutch Girl of Ware" and "Cinderella of Ware" are being shipped out to this kennel. The former was shown at Richmond, where she was awarded six firsts. At this show she was purchased by H. S. Lloyd, and Mrs. Rhodes purchased her from him. Before shipment she is to be mated to that great dog, "Lucky Star of Ware," who has gone best in show at Crufts for two years in succession. The latter is a blue roan and very closely related to "Ch. Invader of Ware" and "Southernwood Critic," and it is Mrs. Rhodes intention to breed this to "Felbrigg Mark." This bitch is described by a man of many years experience with Cockers as being, "one of the best he has ever seen."

Mrs. Rhodes is very optimistic about a late litter by "Roman Whin" x "Romans Red Jacket." They are all black in color and a very promising litter. One of this litter was awarded best sporting puppy at the recent Parlor Show staged by the Victoria City Kennel Club, and also best junior puppy in show.

W. T. (Billy) Oates has recently been adding to large kennel of Cockers by purchasing the black dog, "Matlock Invader," who is by "Dandy Arab of Defiance" x "Rebate of Ware." This dog has been used on the "Obo" strain of bitches in his kennel with excellent results. He has also imported from the U.S.A. the winning dog "Hefty Boy," who is solid black and has eleven points towards his American Championship. Billy describes him as a short coupled dog about twenty-four pounds in weight; abundance of feathering; wonderful head; short coupled and a good mover. They have to move fore and aft to suit him. "Talent of Dean" has been purchased from Mrs. M. Pickford, and for whom the wise ones predict a great future.

"Brampton Darkey" has also been purchased from the same party. This bitch was bred by H. A. Ross of Brampton, Ont. With the addition of these wonderful blood lines to his already large kennel of bitches of the Obo strain, and his many years of experience in raising and handling this breed, this kennel will be one to be reckoned with in the future.

Our esteemed Canadian Kennel Club director and judge, "Bill" Pym is now on his way to Denver, Col. to judge all breeds. He appears to be as popular with the U.S.A. fanciers as he is at home, as his services are constantly in demand in that direction.

JUDGES CRITIQUES—NANAIMO SHOW

Pekingese of which there were only two entries were both good specimens. Wen Lew Stolen Kisses, a good showman, could be flatter in skull; good wealth of coat given best of breed over Shantung Fi Fi, a lovely bitch, possessing love head and expression; good coat; good mover but perhaps a trifle long in back, which is permissible in a bitch, does not like the ring.

Pomeranians. Puppy dogs, Marvel Sunny Boy, one of the nicest orange sables seen for a long time, fine straight bone; good showman; lacking a little in coat. No hesitation in giving best of breed, and would have placed him best toy but for coat.

English Pugs—A wonderful entry of eight and all good representatives of the breed. "Dempsey of Powell River" possess a faultless head and body, but marred with a rather bad tail carriage was easily best of breed.

French Bulldogs — Only two entries, "Londor Beau Gest" possess a glorious head; well ribbed up body; good tail; sound coming and going, went best of breed.

English Setter Dogs — "King of Hearts" stylish good moving dog, good neck, head and shoulders, could be darker in eye; needs to body up; best of breed. "Scrapper Prince" uncertain in front; did not move any too good behind, needs a little more reach of neck. "Showman of Bank Bay," big upstanding tri-colored dog; good body legs and feet; short tail, did not any too well.

Bitches—"Queen of Spades" typical Setter; good body and good mover; real Setter expression.

Cocker Spaniel — Dogs. "Felbrigg Mark," one of the soundest Cockers on the bench today, wonderful body, legs and feet, faultless action. "Brookfield Dazzle," lovely expression, needs to tighten up in body.

Springer Spaniel—Bitches. "Duchess of Burnside," good quality bitch; rather bold in eye; good bone and substance; best of breed.

Collies—Puppy Dogs, "Alandale Athlete," a well grown puppy; ample bone; lovely eye and expression; could move better behind; best of breed.

Open Dogs — "Elmhill Bim," absolutely out of coat; good type; straight profile.

Open Bitches — "Elmhill Elegance," tri-color with great body and substance; good tail carriage; not quite pleasing in head.

German Shepherds Dogs—"Erick von Zuchtgut of Picardy," a good working type; absolutely sound; rather big and a little coarse; wonderful gait; rather proud of his tail. "Prince von Hugo"; good expression and ear carriage; good front; might reach a little further in movement; just missed being top notcher.

Bitches — "Cors von Sonnenbach," shown in wonderful condition; good mover; absolutely in front; correct in tail carriage; splendid outlook; could do with a little more layback of shoulder. "Hella von Mathildenhoff of Picardy" on the day did not move too well; appeared to be soft in back and did not make the most of herself not sh[illegible] to advantage.—A. H. Dodds, Judge.

SCOTTIES AND CAIRNS

Scotties—Dogs. "Bruce o' Balgownie" (by "Ch. Brestonian Venture"), a real game Scot and born showman and full of character; eye full enough, harsh coat badly trimmed; tail cleaned right off; hind quarters left with bedraggled hair; falsified his rear action. Went to winners over the recently imported "Gaisgill Mack," which started out to be a real one but stopped too soon; front none too good; coat soft.

Reserve—"Tillicum Tackle."

Bitches brought out "Albourne Jet" possibly one of the best Scottie bitches in the Dominion. Beautiful head, long and lean, small dark eye, neat ears; neck well set on; short back; deep ribbed, correct tail, well placed and a nice level action. A great bitch, hard to fault when put down right and shown to advantage. Shown on the day in too full, almost blown coat, but what an all around wealth of quality. In the hands of a professional, this bitch would go high anywhere. Went best of breed easily, and I was glad later on the day to see the all round judge put her best Terrier in the group class.

Scottish Terriers is perhaps the most outstanding of all breeds, showing vast improvements in the last five years, and one of the most popular breeds now being campaigned.

Cairns—Dogs. The imported "Silver Tassie of Bourton" (by "Ch. Frolic of Hyver"), a nice type Cairn but sadly out of coat, but game and keen.

Open Dogs—The imported "Sammy of Bourton" (by Offley Brimson), also all out of coat but a true Cairn, though also wants more substance, went to winners over Limit Dog, having better expression, also a game active Terrier.

Bitches — "Snelston Susette," the shortest backed one shown and in good coat; evidently a favorite with the ladies, but rather toyish and expression not right, in fact inclined to be cat faced, as is found too often in modern Cairns. This bitch got winners but had to bow to her kennel mate, "Haileybury Silver" for best of breed. The latter has nearer the real Cairn expression, grand texture of coat; a clever, smart bitch and shows her keen character every minute.

Cairn quality shows decided improvement, but the prevailing taste for short backs has brought in too many cases, these Terriers down to 8 and 9 lbs. and breeders should ask themselves what chance has a Terrier of that weight against a full grown Fox. Almost every specimen in this show could have done with 3 to 5 lbs. more weight to bring them up to around 13 or 14 lbs. This breed is justly popular but to my mind nothing will kill it quicker than by breeding undersized pet or toy specimens wanting in real game Terrier character.

ALEC McCLOY.

OLD PREMIUM LISTS

A premium list came into our possession a few years ago for a Grand International Exhibition of Dogs, held under the auspices of the Dominion of Canada Kennel Club, Ltd., and held at Ottawa, Ont., on March 26th, 27th and 28th, 1883, a matter of a little over 48 years ago. There are names showing as officers of the Club that will always be remembered in Canadian dogdom as long as records are maintained and filed.

Dr. J. S. Niven, of London, Ont., was one of the Club's directors for Ontario, and as we all know the esteemed Doctor was president of the Canadian Kennel Club from 1893 until 1895, so it would naturally appear that he had been an active servant of dogdom all his life. Major J. M. Taylor, Kentucky, judged all the sporting breeds except Spaniels, and these, together with terriers and non-sporting breeds, were judged by J. F. Kirk, Toronto, and for good measure Charles Lincoln superintended this early fixture.

There are many interesting items noticeable and of these is the present day requirements of a $5 deposit for the privilege of taking a dog home at night. In order for a dog to compete in the championship class, it was an essential that such a dog must first have won a first prize in an open class at New York, Pittsburgh, Boston, Cleveland, or London, Ont., and any dog having won first prize at any of the above shows was considered ineligible to compete in any open class at any show where a championship class had been provided. English exhibitors whose dogs had won a first prize at an English bench show, had the privilege of competing in either the open class, or the championship class at their option.

Judges were required to make their decisions in conformity with the scale of points given in the third edition of "Dogs of the British Islands," by "Stonehenge." The cash prizes ranged from $20 to $5, and only first and second prizes were offered. Cups were offered in addition to the regular prize money, and the values of such trophies ranged from $75 to $10 with a proportionate entry fee in each instance. Some of the foreign dogs for which a special class had been made included Chinese Edible, Mexican Hairless, Berghunds, Pikenese, Prairie Dogs, etc.

A feature of the Show was a raffle for a kennel of fourteen sporting and other dogs, purchased at a cost of $10,000 and imported by Charles H. Mason, the dogs were said to have won about 500 first prizes at the best shows. The tickets were $2 each, with special terms to clubs, and the first prize winner had first choice of the dogs offered, second prize winner had second choice, and so on. The raffle was in charge of the well known James Watson, of New York.

If any of our "Kennel and Bench" readers happen to have similar premium lists, earlier than 1883, or later than that, they will confer a great favor on "Kennel and Bench" if they will send them to 25 Melinda St., Toronto, for as our old friend, "Ned" Living, of Ottawa, said, when he donated his valuable assortment of old records to "Kennel and Bench" a few years ago, "These old records have always something new for me, and I often refer to them. They are the connecting links between yesterday and today, but when I go, as one day I must go, they will become just so much waste paper, and so I am prepared to give them to you now"—and he did. God bless him.

The Canadian Kennel Club will be fifty years old on September 27th, 1938, and before that time the old records will be very much in demand, and any old records sent to us now will be promptly acknowledged and greatly appreciated.

The writer takes this opportunity to publicly thank J. A. Ferguson, Ottawa, for the premium list upon which this article has been written.

THE WORKING TERRIER

A Review by Capt. R. C. Balydon, Sussex, England.

The author of "Pedigree Dog Breeding," "The Sealyham Terrier," "The New Book of the Sealyham," and "Simple Doggy Remedies," all justly recognized as standard works, has now brought out another volume—"Hunt and Working Terriers" by Captain Jocelyn Lucas, M.C., which will likewise as surely occupy a permanent niche in canine literature of the day. As the author remarks, here he had a virgin field, the working terrier had not been written about before; and so thoroughly has he done justice to his subject that though they may hunt the same country his possible followers should find their work cut out in marking down a single fresh earth left to draw.

Firstly, he treats of the use of Terriers with Foxhounds. From the Master of nearly every pack in the British Isles we have his, or her, opinion, communicated at first-hand to Captain Lucas, about the terriers used by them and best suited to the work; and, as of course it will be realized, the nature of the work varies considerably in different hunting countries. On reading this one can scarcely fail to arrive at other than the impression that among hunting people, as among many others in the countryside, the old, old prejudice against anything in the nature of the exhibition type of terrier still very markedly exists. Having lived a great deal in the country myself I always took exception to the oft-laid-down, dogmatic dictum that to be of any use for work at all a terrier must be a bandy-legged, thick-shouldered, broad chested, ugly little nondescript, and more so to an unsolicited opinion that my own show dogs were, when my informant knew nothing about them whatsoever excepting their (to him)

appearance, long-legged creatures that could never get into an earth, and whose long narrow skulls left no room at all for brains.

Now, the official standard of the Fox Terrier Club, which was drawn up in 1875 and stands today without an alteration, was compiled, briefly, on the idea that the most perfect dog on those points was the dog most perfectly suited to his avocation—namely, going to ground. It is only fair to state that the author is familiar with this standard, and realizes the absolute soundness of it. But there are very many to whom it is still a terra incognita; to some Masters of Hounds I would recommend the acquirement and study of the Fox Terrier Club's standard of perfection; and likewise to those readers of this work who may be in agreement with the most hide-hound of them. Nevertheless there are some Masters who have broader views. Sir Thomas Ainsworth, Master of the Tipperary Hounds, likes them with good shoulders, narrow fronts, and on the leg. He thinks that they can get across country better than a short-legged dog, and also that they get about underground more easily. "A terrier **does not walk into an earth,** so that length of leg is of no disadvantage. Short legs generally mean a wide chest." This is "good talk" indeed, and one would like to have the honour of shaking Sir Thomas by the hand. Again, Lord Poltimore, joint Master of the Dulverton Foxhounds, says that he uses a small type of Devonshire working terrier, and he considers the only pedigree of value is a **working** pedigree. Good necks and shoulders he regards as indispensable, as a chesty type of terrier is of no use for his work. One fully realizes the justice regarding a working pedigree—good working terriers are bred from good workers—and it naturally would be so, though now and then of course a splendidly brave and efficient show dog or mongrel may be come by. Included in the appendix is a full résumée in tabular form of Hunts and their terriers—Hunts, Masters, terriers used, their means of transport, and kind of country hunted.

But notwithstanding, it is unfair to run down every terrier of the show type. I have bred terriers (Fox Terriers) for show for over twenty-five years. I have had some exceptionally brainy dogs among them—again, I have had some fools. But I could tell some tales of **what these terriers** have d by chance, needing no entering or encouragement. To be just it must be taken into consideration that show terriers are brought up under entirely different conditions in the main; the great majority never have a chance to be entered, so that their possible working powers remain perforce unknown. And, moreover, this is not by any means always the fault of their owners, who would like to have the opportunity of working them as well; but because their surroundings may be more urban than rural, because of facilities debarred them and perhaps shortness of the purse, they are totally unable to give their dogs the work that they would love; whence they must needs seek their only outlet of prowess and competition in the show ring. The author does not commit himself. He has a vast experience in working terriers of every breed and cross, appearance, shape and size; but all else being well as regards working qualities he admits that he would sooner have a good-looking one than otherwise.

Follows otter hunting and badger digging. The chapters herein really constitute valuable and most entertaining treatises on these branches of sport, quite apart from their connection with the terriers employed. Otter hunting introduces the Airedale, which although not strictly speaking a terrier (i.e., a dog that goes to ground) was first evolved from water rat and then otter hunting, and owes his parentage largely to the otterhound. I should imagine that what Captain Lucas does not know about badger digging is not worth the knowledge, and here he tells us all that space allows—not that brevity is obvious, but rather that one cannot have enough of the proverbial good thing.

Much that is new is told of the celebrated "Parson" Jack Russell; and incidentally, the myth of the "Jack Russell strain" is here finally dispelled. We have it on the authority of the late Arthur Heinemann, the late Hon. Gerald Lascelles, Lord Poltimore, and of others who knew him intimately, that the Rev. Jack Russell bought any game dog that suited his purpose; sometimes he bred from them, but never had he a distinct strain, as today we understand the meaning of the word. Yet it dies hard, and at the moment even, in North Devon, every little terrier of a certain type and colour is treasured as a "Jack Russell" inspite of all authentic knowledge to the contrary.

Some good yarns crop up in this book, and two about Parson Jack Russell I would like to quote in full—two stories of Devonshire in the old days. When he was a curate at Iddlesleigh a parishioner of his had been convicted of sheep stealing, for which offence he was duly hanged. (Sheep stealing was punishable by death a century ago). Shortly after this the parson met the foreman of the jury, and accosted him as follows: "What do you mean, you rascal, by hanging B———? Don't you know that he was the best **earth stopper** in the country?" "There now, Mr. Russell, and why could you not speak up in time? If us had only known that your honour wanted him, us would never have brought him in guilty, not on any account whatsoever, Sir, and that I do assure you."

Mrs. Russell was breeding turkeys, and on two succeeding nights had cause to complain of the intrusions of some marauding fox. "My Dear," said Russell, "You are a lighter sleeper than I am. Wake me up if you hear the hens cackling in the night." About two o'clock the following morning she woke him, and after listening a moment he rose, slipped a coat over his nightshirt and stealthily crept downstairs. He quietly saddled his horse, then opening the kennel door, called his hounds, and cast them round the house. The dew was falling on the grass and the moon shone brightly overhead as the hounds struck the line of the marauder. "Ya-a-at him" shouted Russell in his nightshirt, and away they went on a blazing scent. About 4 a.m. Russell came back to his wife—"I am going to bed, my dear," said he, "don't bother about the turkeys, there's the brush of him."

Accounts of terriers in minor sports; their work on the continent, in India, and in the Colonies are included in the remainder of the volume, together with the salient points of kennel management, tips on the treatment of accidents incidental to the chase, and everyday complaints. The book is generously illustrated, mainly from original and excellent photographs, and here and there from some old prints and woodcuts which in my experience of doggy literature were new to me. Matter incapable of chapterizing is included in an appendix, and the author in his experience has not forgotten the value of a comprehensive index.

> "A Terrier belonging to the Essex Union Hunt went down an earth after a fox at Ongar and did not return. For six days' diggers tried to locate it, and at last succeeded. The exhausted terrier was given brandy and milk to revive it. Then it tried to get back into the earth again."—Daily Paper.

It may seem an anti-climax, even an impertinence, to add to the above. But it struck me on reading it that in that short paragraph twice had the word Terrier been spelt with a capital "T." It is my conviction that everyone who reads this book will agree that he deserves it. R. C. BAYLDON.

"I have found in R-M
DOG FOODS
Everything my dogs require to make Champions"

Wizbang Buntiebelle
Winner of 400 first and specials.

Wizbang Chammienelle
Winner of over 50 first and many specials.

The Wizbang Kennels of St. John's, P.Q., hold many championships won in England and the United States as well as in Canada. A large variety of breeds is included in this kennel, including imported Toy Spaniels, Pekingese, Collies, Fox Terriers, Cockers, Setters, and other breeds.

It is interesting to note that Ross-Miller Dog Foods are used in the feeding of all these various breeds, and that R-M foods are found to contain every ingredient healthy dogs require to keep them in top form for exhibition purposes. Read what Miss Fincham has to say in this connection in the letter reproduced in part herewith.

Ross-Miller Biscuits are used in many other well-known Canadian Kennels, with similar satisfaction. They will give similar results for the house dog, the watch dog, and the field dog — the dog that hunts, swims, works or plays.

R-M Dog Foods contain all the necessary muscle and bone-building ingredients dogs need. R-M Dog Foods impart life and energy. They keep dogs healthy and happy.

"I have found in Ross-Miller dog foods everything I require, from the necessary bone-building ingredients which go to make champions, and also the necessary stamina for hard field work to that "something" which gives good coats and fine glossy finish. As this is a variety Kennel I can say with certainty that the Ross-Miller Company makes a suitable food for every breed."

Yours very truly,

Supreme of their kind!

In "doggy" circles, Spratt's Meat-Fibrine Dog Foods are everywhere regarded as representing the highest standard of correct canine diet.

The reason is not far to seek. Veterinary surgeons, breeders, exhibitors, handlers and dog owners generally, have learned from direct experience that Spratt's crisp, meaty biscuits and wholesome, vitamin meals are the purest and most nourishing foods that science, coupled with the makers' unrivalled specialized knowledge of the subject, can provide for the daily diet of dogs, whether of the sporting or non-sporting variety, of large, medium or toy breeds.

In the kennel, on the bench and in the ring itself, the splendid condition and stamina of the "Spratt's-fed" dog invariably "tell" in the "hottest" company. Elsewhere than in show circles, the ordinary pal-dog, reared on a "Spratt's" diet, is everywhere a credit to his owner.
