(A.K.C. 733446)

STUD FEE (Weight 17 lbs.) \$15.00

CONSISTENT breeding of correct type, color and markings, has produced this little dog who typifies all the superlative qualities of a high class Boston Terrier. A rich dark seal brindle in color and perfect white markings, short square, even muzzle; large dark eyes full of expression; short coupled body; best of limbs and short screw tail. He is a proven producer of perfectly marked dark seal brindle puppies of rare type and excellence.

HIS bloodlines are:—Sire: "Reese's Bumpo," Ch. Peter's King, Ch. Some Boy, Ch. Dallen's Spider, The Stroller, Watch City Victress, dam of Intruder, etc., and numerous others that go to producing high-class stock.

ALSO AT STUD

"HAGERTY BUSTER BOY"

FEE (Weight 14 lbs.) \$10.00

SIRE of high calibre show dogs. A small sire of Mahogany brindle; excellent eye and head, with such bloodlines as — Sire, It's A Hagerty King Direct, Ch. Hagerty King, Tiny Ringmaster, Greenlodge King of Kings, Intruder's Golden King, Little Oxonian Intruder. A nice strain to breed that small female to.

FEMALES bred to our studs usually for sale. Show prospects. Puppies by "The Kinkajou." Also, four-month fully marked male pup, by Hagerty Once Again, Ch. Hagerty Again, Ch. Finkel's Queen Diana. A real good one that will go a long way, this is a hot prospect for show and stud.—American bred.

Photos on request. Write for Stud Cards.

ISN'T IT TRUE

A British Columbia correspondent says: "Many did not like to see the 'other fellow's' kennel news appearing in *Kennel and Bench*, and were 'too slow' to take advantage of our valuable space in our own magazine, such would not take time to write to our official correspondent, and were always jealous of those who did."

Whilst refusing to offer an opinion on the foregoing quotation, we cannot deny that every Provincial contributor in the past, has at some time or another expressed the same sentiment. *Kennel and Bench* sets two pages aside each month for the use of its Provincial contributors in giving news of general reader interest, and breeders should insist on having their fair share of that space.

Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

The regular monthly meeting of the Board of Directors of the Canadian Kennel Club Inc., was held at the Club's Offices, 25 Melinda Street, Toronto, on Thursday evening, April 21, 1932, at 8 o'clock.

The Secretary advised the Directors that the President would be unavoidably absent through a business engagement, and that J. W. Bruce, 2nd Vice-President was out of town on business.

The First Vice-President, Col. J. N. MacRae presided.

Directors attending included Brig.-Gen. C. M. Nelles, Major Ward Wright, Capt. H. Dudley-Waters, V. G. Perry, P. Herd, H. Clayton and W. H. Reeves.

The Minutes were read it, was regularly moved, seconded and carried: "That the Minutes be adopted."

A letter was read from R. Scott Wilson, and the Secretary was instructed to refer it to the President for his attention.

It was reported that "Ted" Ward was in waiting. The Secretary advised that Mr. Ward was appearing on behalf of E. F. Taber, Ashtabula, Ohio, and in connection with a regrettable occurrence which had developed during the judging of Boston Terriers at the most recent show of the National Kennel Club. Capt. Waters explained that when the dog "Captain Merrywood" who had won 1st Limit Dogs, 1st Open Dogs (15 and under 20 lbs.), was suddenly taken ill as the Winners Class was called, the dog was excused from further competition by the Judge. The Judge then found his Winners Dog in Mr. Taber's "Wapsie's Tommy Tucker" a dog placed 2nd to "Captain Merrywood" in the Open Class. "Salering's King" was made Reserve Winners.

A protest was then lodged with the National Kennel Club by the owner of "Salering's King" on the grounds that it was contrary to Dog Show Rule No. 30, which rules that the Winners Class shall be open only to undefeated winners of first prizes in the regular classes. The National Kennel Club upheld Rule 30 under protest, and recommended that Dog Show Rule No. 30 be amended to prevent a recurrence of a similar happening.

Mr. Taber had been advised of the finding of the National Kennel Club, and was requested to return the Winners Ribbon and any other prizes that might have been connected with that award. Mr. Taber, however, claimed, that owing to an unforeseen condition, such as presented itself at the Show,

that the matter should be given special consideration by the Board of Directors of the Canadian Kennel Club.

Mr. Ward was called in and he stated that his client was not asking for the Championship points for his dog, but rather for fair play on behalf of the dog that had been so unfortunately stricken.

It was regularly moved, seconded and carried:

"That, the Winners Prize be awarded to Miss M. M. Dellit's 'Captain Merrywood,' and that E. F. Taber's 'Wapsie's Tommy Tucker' be awarded Reserve Winners. Best of Breed 'Captain Merrywood'."

The Secretary reported that Mrs. Stanley Edgeler, Monroe, Mich., had called at the office and had brought "Princess Coogan" C.K.C. (83720) for identification, that he had visited the home of Mrs. Gammond, and that Mrs. Gammond had seen the animal but had not signified whether she had identified the dog or not.

It was regularly moved, seconded and carried:

"That, the Board having heard the Secretary's report, recommends to the Pedigree Committee, that action be taken to establish the ownership of 'Princess Coogan' (C.K.C. 83720)."

The Secretary reported, that on Monday, April 18th, Mr. A. P. MacVannell, Chief Registrar and representing the Department of Agriculture, had attended the office for the purpose of examining the ballots cast in the last election of officers. The inspection having been made necessary by two members of the Canadian Kennel Club having made representations to the Honorable the Minister of Agriculture, that they were unsuccessful candidates in the election, that they had been refused inspection of the ballots, and that they had not been satisfied with the manner in which the election had been carried out.

Attending the inspection were R. Scott Wilson, H. Carter, H. A. Wilson, R. Tyrwhitt, and Wm. Stockdale. (G. Edwards and J. Punchard for the Election Commission) and Lt.-Col. G. F. McFarland and the Secretary.

The inspection was believed to be fairly conducted and report would be made by the Department in due course.

A letter was read from the Live Stock Commissioner advising that the Amendments to the Constitution as made at the last Annual General Meeting had met the Ministerial approval,

a certificate to that effect was attached to the letter.

A letter addressed to the President of the Canadian Kennel Club was read, and the Secretary was instructed to refer it back to the President for his attention.

The Committees on Rules and Standards reported progress.

It was reported that A. Roberts had accepted the Board's invitation to attend, with a view to cleaning up the matter of alleged dishonest judging and was now in waiting.

Mr. Roberts having been introduced, the Chairman read from the circular sent out by Mr. Roberts prior to the last election, and was requested to cite specific cases of dishonest judging that had come before his notice.

Mr. Roberts referred to certain Pekingese judging at a Montreal Show, and declared that the best Pekingese there did not get the Winners Ribbon. The dog that did get Winners could not have been sound, because when moving, he had to be dragged through the sawdust.

Mr. Roberts was asked if he believed that the Judge was dishonest, or did he believe the Judge was incompetent.

Mr. Roberts agreed to let it go, that the Judge was incompetent, and gave it as his opinion, that with the exception of three Judges, i.e., Robt. A. Ross, W. H. Reeves and George Kynoch, there were no other Judges competent to Judge all breeds in this country. He further gave it as his opinion that the Directors should encourage the exhibitors to bring their grievances before the Board, as by so doing a lot of the prevailing discontent could be eliminated.

Mr. Roberts was asked to cite other cases of dishonest judging and replied that he could not, but alleged that many Judges did not know their breeds. At least that was his opinion.

A Director suggested to Mr. Roberts the danger of novice exhibitors feeling that they were not getting a square deal, should the statements made in the circular get into their hands.

Mr. Roberts was asked if he had anything further to discuss that might be of advantage to the Directors, and Mr. Roberts said there was the matter of Ring Stewart judging.

Asked to cite specific cases Mr. Roberts mentioned the case of Mr. Herd speaking to the judge in the Toy ring at the National Kennel Club Show. Mr. Herd advised that the Judge had asked for all the first prize

Class Winners to be brought into the ring for Winners.

A Director asked Mr. Roberts if he desired to withdraw the statement of dishonest judging. Mr. Roberts said "no," but perhaps there was more incompetent judging, than there was dishonest judging.

A file from the Live Stock Records Office advised that Mrs. M. B. Lewpold, Montreal, had been unable to secure registration papers from W. W. Brown, Montreal, for two Pekingese dogs that had become her property through a breeder's arrangement with Mr. Brown, and it was regularly moved, seconded and carried:

"That, the Secretary request the Records Office to give Mr. Brown such information from their records as would enable Mr. Brown to register and transfer the animals to Mrs. Lewpold."

A file from the Records Office showed that J. W. Stewart, Imperial, Sask., had been unable to secure registration papers from Mrs. A. H. Fredeen, Macrorie, Sask., for two dogs purchased from Mrs. Fredeen. It was agreed to leave the matter in the Secretary's hands for the meantime.

A file from the Records Office showed that F. C. Chandler, Toronto, had been unable to secure registration papers from Mr. and Mrs. W. A. Stephenson, Toronto, for a dog purchased from Mr. and Mrs. W. A. Stephenson. The Secretary advised, that Mr. Stephenson had called and advised that he was unable at the moment to take care of the registration and transfer on account of the depression in his business. It was agreed to leave the matter in the hands of the Secretary for the meantime.

A file from the Records Office showed that Wm. Wason, Toronto, had been unable to secure registration papers for a dog purchased from Wm. Sweetman, Toronto. The Secretary advised that it was Mr. Sweetman's contention that the animal was not of sufficient quality, in his judgment, to be in the Stud Book, but was willing to register the dog if requested to do so by the Board of Directors, or by the Records Office. It was regularly moved, seconded and carried:

"That, Mr. Sweetman be instructed to register the dog, and to furnish the new owner with the Certificate showing his ownership."

The Secretary reported that he had held conference at the office on Saturday afternoon, April 9th, when Mr. and Mrs. A. Hunter, Long Branch, Ont., and David Dickinson, Toronto, had attended. The report of the Royal Canadian Mounted Police was read, and Mr. Dickinson made an explana-

tion, he admitted his wrongdoing and agreed to take no further part in connection with dogs. Since the conference, a report had been sent to the Live Stock Records, with a recommendation, and that the Records Office had taken measures to have the litters connected with Mr. Dickinson's indiscretions recorded in the regular manner.

It was agreed, that in view of the Secretary's report, and in view of Mr. Dickinson having undertaken never to again participate in matters of registration, that action be suspended.

It was agreed to renew the contract with Stone and Cox, Toronto, for the printing of Kennel and Bench.

The following statement of General Accounts was presented for payment:

Salary Levy	\$ 400.00

Threlfall, Mrs. M. S., 167 Brixton Ave., St. Lambert, Que.

Whittaker, D., 549 Chamberlain St., Peterboro, Ont.

Yudelson, Mark., St. Eugene, Ont.

And it was regularly moved, seconded and carried:

"That, the applicants be received into Club membership."

The Secretary advised that James L. Stewart, Toronto, had exhibited the Collie "Laird O' Thrums" and had won the full quota of first prizes in the Limit Class. In contravention of Dog Show Rule No. 28, the dog had been entered and won two additional first prizes in the Limit Class. This had been drawn to Mr. Stewart's attention, with the request, that the ribbons and cash prizes be returned to the Show giving Clubs, but Mr. Stewart had not returned the prizes as requested. Further, that Mr. Stewart's Collie "Sir Douglas Haig" had won twice in the Novice Class in contravention of Dog Show Rule No. 26, and that Mr. Stewart had been requested to return the ribbon and other prizes (if any) to the Show giving Club, but had not returned said prizes. (Mr. Stewart is not a member of the Canadian Kennel Club). The Secretary was instructed to advise Show giving Clubs to refuse further entries from Mr. Stewart until such times as cause for the complaint had been removed.

The following list of applications for Judges' Licenses was considered:

A. W. FORBES, Tacoma, Wash.—All Sporting Breeds and All Terriers. License granted.

WILLIAM E. CHETWIN, Syracuse, N.Y.—English Bulldogs and French Bulldogs. License granted.

HECTOR HUARD, Jr., Winooski, Vt.—All Non-sporting Breeds. License granted.

VINCENT G. PERRY, London, Ont.—All Breeds. License granted.

DANIEL R. THORNTON, Clarkson, Ont.—German Shepherd Dogs. License granted.

RALPH PRESTON, Saint John, N.B.—All Breeds. License granted.

CAPT. H. DUDLEY-WATERS, Toronto, Ont.—All Breeds. License granted.

This being the business coming before the Board at this time,

"VEE-DEE" REMEDIES ARE DEPENDABLE

THINK!

WHAT IT MEANS TO BE

SURE

THAT YOU CAN OBTAIN REMEDIES
WHICH ARE RELIABLE AND
EFFECTIVE

"VEE-DEE"

ALTERATIVE MIXTURE

Is splendid for getting dogs in GOOD CONDITION for SHOWING and PURIFIES THE BLOOD. It is safe and effective in cases of DISTEMPER. An excellent alternative in cases of MANGE and ERUPTION OF THE SKIN. Produces a SMOOTH APPEARANCE and HEALTHY CONDITION in the COAT. As a TONIC it is unsurpassed. Per bottle \$1.10, postpaid.

"VEE-DEE"

ROUND WORM REMEDIES

are manufactured in three strengths.

No. 1 Remedy for TOY PUPPIES which weigh up to 10 lbs. when adult.

No. 2 Remedy for PUPPIES which weigh from 10 to 30 lbs. when adult.

No. 3 Remedy for PUPPIES which weigh over 30 lbs. when adult.

"VEE-DEE"

TAPE WORM REMEDIES

are manufactured in three strengths, as for round worms.

These Worm Remedies are unreservedly recommended for VALUABLE PUPPIES. An animal expert quoted, quite recently, "WE HAVE NEVER FOUND ANYTHING TO EQUAL IT." "VEE-DEE" worm remedies for DOGS and PUPPIES are prepared in LIQUID or CAPSULE FORM. Per bottle \$1.00, postpaid.

"VEE-DEE"

EMBROCATION

For Rheumatism, Bruises, Sprains, Contraction of the Muscles, etc., etc. Per bottle 75 cents, postpaid.

"VEE-DEE"

REMEDIES

are available for all ailments common to Small Animals.

ALL "VEE-DEE" Remedies are tested and approved by a member of the Royal College of Veterinary Surgeons, London, England, and are manufactured from Old English formulas. "VEE-DEE" REMEDIES ARE SAFE, SURE AND DEPENDABLE. When ordering "VEE-DEE" Remedies be sure to state breed and age. Veterinary Drug Company has prepared attractive and convenient MEDICINE CHESTS, containing remedies for all common ailments. These Chests are available at reasonable prices.

Veterinary advice free on receipt of stamped addressed envelope.

Manufactured only by:

Veterinary Drug Company

464 BATHURST STREET

TORONTO, ONTARIO

Makers of Good Goods only.

It was moved, "That this meeting do now adjourn."

Note.—These Minutes are subject to correction when presented for adoption at the next meeting of the Directors.

OUR FRONTISPIECE

Our feature dog for this issue is the comely Airedale Terrier "Stockfield Jupiter" which was brought to Canada a few weeks ago, by Alf Loveridge, Toronto. "Stockfield Jupiter" is a real coated, quality son of "Ch. Towyn Sunstar," out of a bitch by "Ch. Cleo Courtier."

When shown in England he was a first prize winner at such shows as, Bath (Ch.) Judge J. P. Hall, Swindon, Judge E. Grice, Midland County (Airedale) Championship Show, Judge, Col. Eskington, Metropolitan and Essex (Ch.) Judge W. Phillips, Bristol (Ch.) R. Plant Birmingham (Ch.) E. L. Hoskins, Stowerbridge, Birmingham, where "Stockfield Jupiter" was awarded the best of all breeds prize.

That there is a winning record in store for Mr. Loveridge's Airedale on this side of the Atlantic, is the opinion of those who have had the privilege of looking this dog over.

This new dog will not be shown by Mr. Loveridge, but rather he will be sold at a reasonable price commensurate with his quality, and those interested are reminded that "Shilly Shally" the dam of "Stockfield Jupiter" is a litter sister to "Ch. Maggie Moith," that "Stockfield Jupiter" has won firsts at every championship show in England recently. That he has beaten Champions. That he is the most natural coated and colored of any Airedale living. Wonderful bone, legs and feet, short back, big ribs, perfect front, great length of head, with nice ears and eyes. **That he is for sale, and that the price is right.**

Parties interested in securing this Airedale are invited to communicate with Alf. Loveridge, 596 Bathurst Street, Toronto (Phone Trinity 6674).

AN UNUSUAL MATING

"His Nibbs The Kinkajou," and "Hagerty's Naughty Girl" were a couple of Boston Terriers with plenty in common during the days of the Westminster Kennel Club Show, when the amorous couple managed to come together on the bench, in spite of precautions which were considered to be sufficient, having been taken. Alfred E. Patchell, Toronto, present owner of "Hagerty's Naughty Girl," and owner of "His Nibbs The Kinkajou" when New York Show was on, is now looking over five puppies that are nicely marked, and otherwise very pleasing to the eye.

Constructive Correspondence

Through the courtesy of J. G. Young, Secretary of the Edmonton Dog Fanciers' Club, we are privileged to quote from a letter addressed to the President and fellow members of the Edmonton Dog Fanciers' Club by that noted Cocker breeder and exhibitor, Wm. G. Climo, Calgary—a man who has made his kennel name "Calma's" famous in connection with Cockers on the American Continent.

"If I am not taking up too much of your time at this meeting, there is a little matter I think is worthy of all fanciers' attention. I said 'a little matter!' To me it is colossal, as it should be to all of us if we give it the attention the subject merits. It does not apply to one breed alone, but to practically all breeds. I ask you the question, 'What does your breed Standard convey to you?' I'll give the only logical answer you can possibly give to the question, 'Only a rough idea of what your particular breed of dog should be.' The existing Breed Standards are open to many interpretations, and there is little of a technical and definite form to them, being merely a wide version of what your breed should be. Therefore, we find ourselves with many types, with one judge favoring one type, and the next judge favoring another type. On top of this, you will always find a certain class ever ready to inject something different into your breed standard. I think the time has come when we as breeders and fanciers, should do a little talking and not so much listening. We have been listening too much already and paying plenty for that privilege. Let's call a halt, and do some straight talking with no beating around the bush.

I am afraid there are many fanciers today like some of the stockbrokers, viz., playing the public for all they are worth. There is at present, among the Cocker fanciers, a clamour for an "ideal"—a definite standard. Why? The present standard has served us for nearly fifty years, with little in the way of a change excepting weights; but see the different types of dogs. In the early days of the Cocker Spaniel weight was the deciding factor—under 25 pounds was a Cocker; over 25 pounds was a Field Spaniel. A dog that was 25 pounds in the morning was a Cocker, but after receiving a hearty lunch at noon, was a Field Spaniel in the afternoon. Since that time, a very vague standard has obtained, and similar standards are in vogue for other breeds. I would like to ask you "how much has your breed standard been

changed?" Also, "how much has the type of your dog been changed?" But the standard is applicable to the existing types. Why these changes? Because you have nothing definite. Are you satisfied that these changes are necessary and that the types and forms shall be forever changing like the fashions of ladies' dresses? These changes in the fashions of ladies' dresses are to boost commercial enterprise, and it is just the same thing with the dogs. These constant changes in types, are not in the interest of the dogs, but in the interest of certain breeders who have monopolized certain breeds. To victimize the general fancy the monopolist pays a long price for some chance dog that has some individuality such as a long deep muzzle, and short back. He touts it around the country and because he is owned by a prominent fancier who has paid an abnormal sum for this particular dog, the public is deluded into believing that this dog is the acme of perfection. You often hear these remarks—"Well, if it wasn't a good one, so and so would not have paid that price." The simple explanation is that "so and so" is a shrewd fancier; in that particular dog he saw something the public would fall for and pay him a high stud fee. This particular dog's pups would demand a high price; there was a cry for his type, and other stud dogs of superior merit are cast to the winds. After years of careful breeding, the work of the genuine fancier is overthrown and he has to replenish his kennel with new stock. He mates his females to this particular dog; he even purchases stock by him in the hope of keeping pace with the times. Yet with all this expense, with all his knowledge of breeding, he still plays second fiddle. Why? Because the few that have monopolized the breed, just change the fashion enough to keep one step ahead of the general fancy, and the genuine fanciers are still their victims. There are "fad-dists" in most breeds; the Cocker is no exception. The "Scottie has his 'black' in color, tail upright; back short, and a head like a 'wet week'—very

long. A similar cry with the Springers and the Irish Terrier man says "give me size and more size." It is just the desire for something different that causes all these changes, and the desires are usually fostered by prominent fanciers.

As a breeder and genuine fancier, I think it is time to stop and survey these various changes in type and find out for ourselves whether or not such changes are beneficial to our breed, or are they detrimental. Are we improving the characteristics of our dog, or are we destroying it? I believe in many cases, we are destroying that which it has taken years to acquire.

It is my contention that the Canadian and American Kennel Clubs should take some steps to establish a definite standard, giving every possible detail of each breed. I know this would entail a lot of work and a great expense, but both Clubs are wealthy—thanks to the efforts of the genuine fanciers upon whom the wealth of these Clubs should be expended. Such an undertaking would also entail the co-operation of every fancier, whom I am sure, would be only too willing to give it. When a standard is once fixed, it should remain so for ten to fifteen years. After that period, if any changes to the standard are suggested, the changes should be endorsed by two-thirds of those who have registered show dogs in the previous year.

After a standard has been changed, at least ten to fifteen years shall expire before another revision shall take place.

Any judge deviating from the standard in his placings shall be suspended from judging such breeds, and any awards made by the judge contrary to the standard, shall be forfeited.

With such conditions existing every breeder will have an objective before him. Our ability to produce something near to the standard will be tested and this will only be accomplished by careful mating and great attention to the dogs in their young life. It will be a case of making a dog to fit the standard, instead of the much easier practice of making a Standard to fit the dog.

Let us, each and all, express our views on this important question, and in that way much will be accomplished. Let us give all the support we can to any movement that may be established for the purpose of establishing a uniform basis upon which we can work. Why should we go floundering along as we have for so many years? Let us have something definite, and we will soon see the great improvement in respect to the uniformity of the respective breeds.

HOUNDS AND HUNTING
Desk K.B. DECATUR, ILL.

The Canadian Fancy

By WALTER H. REEVES,
Belleville, Ontario.

WHEN one considers the serious business depression which the whole world today is experiencing, and the fact that practically every kind of livestock has suffered seriously in values and interest, it is strange but nevertheless true that so far, business conditions have not interfered with dog-breeding or the entries at shows. I had occasion to write to S. T. Lethbridge, the Managing Director of Messrs. Spratts Patent, Ltd., a few weeks ago, and in my letter I referred to the splendid entry and the wonderful gate obtained at the Westminster Kennel Club's fifty-sixth annual show, held at New York in February, last. In replying to my letter, S. T. Lethbridge wrote, "I agree with you that it is extraordinary that the Dog Show world continues to prosper under the adverse conditions which obtain practically everywhere. I heard of the W. K. C. and you are aware of the tremendous success of Crufts on this side, we are very much more optimistic than we were some months ago." Through the interest which is taken in the "Canadian Fancy" by fanciers all over the American Continent my mail gives me a pretty accurate account of the progress or otherwise of our very fascinating sport and I have not the slightest hesitation in writing, that sales are as numerous and probably more so than when the financial world was taking time to look at any other thing than the stock market.

Of course, if you keep your dogs behind a high-board fence and do not make use of the shop windows of the "Canadian Fancy," **Kennel and Bench**, you can hardly expect your kennel to help to pay expenses. A striking example of the value of advertising has been brought to my notice by a fellow townsman, C. R. Tilbrook, who, about eighteen months ago, started to breed Springer Spaniels. Like the wide awake business man, he does not believe in spasmodic advertising but runs a small announcement in our **Breeders' Register**. This eventually came to the notice of Arthur Colegrave, the publisher of the **Corry Evening Journal** at Corry, Penn., and after some correspondence he motored from Corry to Toronto, where C. R. Tilbrook met him with three of his Springer puppies by "Gallant Fox" ex "Trent Valley Crest." The sale was completed as soon as Arthur Colegrave saw the puppies, and when receiving the necessary papers, the purchaser remarked, that he had practically travelled the American Continent trying to procure a brace of puppies which answered to his opinion of typical Springer Spaniels; in fact, if he had not succeeded in his

quest this time, he intended to go over to Scotland and try there. This sale, most satisfactory to both seller and purchaser, was, as I wrote before, brought about through the founder of the Moira strain of Springer Spaniels having faith in the slogan, "It Pays to Advertise."

My mail this month included a most interesting letter from H. W. Elliott, of the Fermanagh Kennel of Irish Terriers at Kingsville, Ont. This enthusiastic fancier of "Dare Devils," whom the writer had the pleasure of meeting for the first time at the Windsor Show two or three years ago, writes, that he is particularly keen on forming a club for Irish Terriers in Canada, and he wishes that any fancier interested in the breed, would write to him and try to plan ways and means of holding a meeting for the purpose of starting the club at some show in the East. H. W. Elliott suggests the Canadian National Exhibition. I believe that the formation of a club would help along the breed immensely in Canada and I sincerely trust that before the end of the year our list of clubs will be strengthened by the addition of a Canadian Irish Terrier Club. The letter also contained a very fair snapshot of the sensational home-bred Irish Terriers, "Ch. Fermanagh Red Rogue," and "Fermanagh Peggy Postgirl," which by the time they attained the age of eight months had qualified for their Canadian Championship, a rather unique record and one of which their owner and breeder is naturally very proud.

ADVERTISE

WHEN BUSINESS IS BAD!

If you don't—you reduce sales because you put forth less effort to get sales.

If you don't—you hurt your prestige and standing in your market, as soon as your place is noticed to be vacant at the market place.

If you don't—you assuredly will eventually pay a second time for those clients you lost during the time you stopped selling by stopping advertising.

To those who don't know you, you don't exist. So you see,

"It Pays to Advertise."

Business, I am glad to hear, has been good. Besides stud services quite a few promising youngsters have left the Fermanagh Kennels for different parts of the Dominion. I am very glad to hear that H. W. Elliott is a firm believer in advertising, he makes a suggestion that I intend to pass on to our Editor, when he mentions that a classified sale section in **Kennel and Bench** would be an advantage to Canadian breeders. He is also of opinion, that show giving clubs can help the Canadian breeders by giving more specials for Canadian-bred dogs, a sentiment which has my entire support, recent wins of Canadian-bred dogs at the large American shows is proof indeed of a statement often repeated in these columns that our breeders are producing dogs the equal of any produced in any other part of the world.

H. W. Elliott comes from a family of fanciers, for I hear that his father, W. J. Elliott, has recently imported from across the border, a very nice smooth Fox Terrier, registered as "Lucky Selection," by "Ch. Lucky Peeble," ex "Black Bird," by "Ch. Selecta Ideal," ex "Avon Myrth." Going further back in the pedigree are prefix's made famous in England such as "Okehurst" and "Avon" and the "O" Smooths, one of the most successful being the great "OrRadian." My correspondent asks if I know of any stud dog available near Windsor of "Ch. Little Aristocrat" breeding! I do not, but perhaps one of my readers can assist with the information.

Quite an agitation is going on at present amongst deer hunters with reference to the use of hounds in hunting. Last month the Fish and Game Committee of the Ontario Legislature listened to arguments for and against the use of dogs. Those in favor of dogs expressed their opinion that the depletion of deer was due to the increase of wolves and not to dogs. I would like to have the opinion on this evidently debatable question of my Ottawa friend, "Dude" Baldwin, for no one in Canada is better qualified to express an opinion than this recognized authority on hounds and hunting.

Oscar C. Pierson, once, if not our most successful Beagle breeder and exhibitor, sends me some interesting news of his Beagles from Cainsville, Ont. From his letter I gather that the young stock at Cainsville are of much promise, particularly the litter by "Ch. Meadow Lark Blucher," ex "Ch. River Park Betty." Other promising litters are out of "Ch. River Park Show Lady," x "Harmony Lady." Oscar

Pierson is also expecting several other litters in the very near future.

I have been favored by Dr. A. A. Mitten, the Secretary of the English Setter Association, with a very neatly gotten up booklet which contains the new standard of the breed and value of points, adopted by the Association, and approved by the American Kennel Club.

The new standard was adopted by the English Setter Association and approved by the American Kennel Club last January. Therefore, American Kennel Club judges will have to carefully peruse the new standard and points before judging at any future American Kennel Shows. At some future time I will again refer to this and point out the differences between the old and new standards.

Messrs. Spratt's Patent, Ltd., England, have recently gotten out some really beautiful coloured reproductions of paintings of well-known English dogs. Under the illustrations are printed some classic tributes to "Man's Best Friend," and I notice that these tributes are being reproduced in **Kennel and Bench**.

I have received another letter from the Hon. Mr. Weir, the Minister of Agriculture, with reference to the registration of our unregistered champions and from it will be seen that this important question will have to be left open until the meeting between representatives of the Canadian Kennel Club and the Records Committee. The Canadian Kennel Club was started for the purpose of looking after the interests of the pure bred dog and the National Live Stock Records to encourage and look after the registration of pure bred live stock, therefore, the present difficulty should be solved in the very near future.

Ottawa, 24th March, 1932.

Walter H. Reeves, Esq.,

Dear Mr. Reeves:

I have your letter of March 21st, with further reference to unregistered Canadian champion dogs.

I would advise that your views on this question are not in agreement with the considered opinions of the Canadian National Live Stock Records and this Department. I am informed that this matter was given consideration at a recent meeting of the Canadian National Live Stock Record Board, held in Ottawa, and a resolution adopted as follows:—

"That the matter of accepting for registration, dogs that have become champions under Canadian Kennel Club rules be referred to the Record Committee with the recommendation that a meeting with the Live Stock Commissioner, repre-

Vivadora Kennels, Reg'd

Home of the Vivadoras

SCOTTISH TERRIERS

Vivadora Kennels have decided to add several of Great Britain's best bred Scottish Terriers to the Kennel, and already some of the choice purchases have arrived at Vivadora. Others will follow as matings and other considerations materialize. To our clients we would say, that we anticipate the arrival of puppies at an early date for which reservations are being made now.

FOX TERRIERS SILVER BIRCH BRIDE

A daughter of Int. Ch. Barrington Bridegroom, who only lacks one single point to finish her Canadian Championship, has been bred to the choicely blooded Thet Trio, Imp. This splendid specimen can now be spared from the kennel and will be sold at a reasonable price for quality considered.

sentatives of the Canadian Kennel Club, and the Record Committee be arranged, and make a report to the Canadian Kennel Club."—Carried.

It would seem that the above Committee could best consider the merits of the question. In the meantime, or until we have the recommendations of this Committee, on which the Canadian Kennel Club have representation, I feel that the matter should be left in abeyance.

Yours very truly,

R. WEIR.

F. W. Johnson of Halifax, N.S., sends a newsy letter with reference to Smooth Fox Terriers. It seems that the Haligonian Kennels have been greatly depleted through sales. "Dandy Mogul" who very quickly gained his championship has been acquired by a new and what looks like a very valuable recruit, who has made a most auspicious start by purchasing "Ch. Dandy Mogul" and two extremely nice Haligonian bitches, one of "Mogul's" puppies, a dog whose dam is "Dandy Model II", looks like following in "father's footsteps." He will be known as "Haligonian Clipper" and on today's form he will be a very likely contender for championship honors. Scotties have gained still another friend, for I hear that the founder of the Haligonian strain of Smooth Fox Terriers is now paying considerable attention to Scotland's game little terrier, and has already a very select kennel at Halifax. A recent importation from England, a very nice bitch by "Ch. Albourne Brigand" ex "Albourne Gargyle" has been quickly passed on to J. D. Whiteley, another recruit who is starting a kennel using the prefix of "Glenmoir." Scotties evidently are selling particularly well in Halifax, but as F. W. Johnson rightly states—one has to be very careful in selecting the right strains and particularly so in mixing them. Frankly, I believe the breed has a great future in Canada, providing fanciers here, do not make the same mistake that fanciers across the border have done by showing them in the ring with a super-abundance of whiskers and leg feathering. Going back to Smooths, my correspondent makes the same remark that I have heard so often, "why is it that the Smooths are so hard to put over? They are as smart as any other terrier and far easier to put down than many. Yet, the novice always now seems to prefer the Wire." There is no gain-saying the fact, that the Smooths do make ideal house dogs, and probably the day is not far distant when we will see them making a real come-back to popularity.

MRS. W. C. ROUTLEY

250 Poplar Plains Rd.
Toronto, Ont., Canada

It is always a pleasure to hear from that keen Shepherd breeder and exhibitor, Mrs. E. C. Whitelaw, who has just reason to be proud of the fact that her home-bred dog "Norbert Von Borsdorf" finished his score for his Canadian championship at the Hamilton Spring Show. His title was gained under Frank Addyman, Enno Meyer, Vincent Perry and Col. MacRae. It will be remembered that "Norbert Von Borsdorf" was sold to H. Gooderham after his splendid win at the National Kennel Club Show. His breeder induced another sale, and "Norbert" came back, and Mrs. Whitelaw, therefore, had the supreme satisfaction of handling him through to his coveted title.

Splendid news has arrived from those deservedly popular Toronto fanciers, Mr. and Mrs. J. R. Kennedy. Their famous Wire Haired Fox Terrier "Ch. Vivadora Orphan Annie" has four beautiful puppies by "Thet Trio." May one of them mature into a New York winner is the sincere wish of the writer. These keen fanciers are branching out with Scottish Terriers, and the well-known English expert, Capt. Phipps, is shipping them two exceptionally fine bitches; one is sired by that sire of the century, "Ch. Heather Necessity," and has been bred to one of England's outstanding sires. The other bitch is being bred to "Sanhays Solomon"—it therefore looks as if the Vivadora Scotties will have to be reckoned with in the very near future. There is also a rumour that other important importations will be heard of in the course of the next few weeks.

English Cocker Spaniel breeders have had remarkably successful results through crossing some of their bitches with Canadian sires, therefore, there is no reason why English sires

should not prove successful when mated to Canadian bitches. Whilst in Ottawa a few weeks ago, I saw a very typical English Cocker dog at the "Glen Gyle Kennels" and "Dick" Briggs very kindly sends me particulars of his breeding. He is registered as "Flashlight of Glenbervie" and was bred by the well-known and successful Scottish breeder, J. Simpson. His breeding is of the very best. Sire "Nightsdale Jock" and dam "Nightsdale Peggy". I saw two of his first get in Canada at the Glen Gyle Kennels, two really exceptionally good black puppies—the dam being that extremely nice bitch "Ch. Nishnabotna Peggy."

Splendid news has arrived from that successful kennel of Scotties owned by Dr. and Mrs. Batt. Their well-known "Haldon Barbara" is now busily engaged rearing a great litter of three males and one female by the President of the Scottish Terrier Club of America's famous English importation, "Ch. Albourne Brigand." Our "Baroness" has also been on a visit across the border for the purpose of being mated to "Heather Romance." Encouraged by the result obtained so far by sending their bitches to the best available sires in the U.S.A., Dr. and Mrs. Batt intend to send four or five more of their bitches to the various dogs of the breeding these constructive breeders desire. It certainly looks as if Canada will be able to play a very strong hand in the near future with home-bred Scotties.

Geo. W. Bailey believes in advertising and is certainly reaping the benefit of his enterprise in importing the best Wire Haired Fox Terriers obtainable in England. Recent sales from the well-known Ottawa Kennels include two bitches purchased by Mrs.

Grace M. Strickland, Graceland Kennels, R.I. They are "Barrack Hill Farwell" and "Bretons Trixie", both of which were mated to "Timberson." Geo. Bailey informs me that he is getting many enquiries from across the border for matrons mated to "Trojan" and "Timberson" and many American fanciers have booked services to these famous terriers. A pair of bitches at the time of writing were on the way from far off Texas for "Trojan".

The Saskatoon Kennel Club deserve special mention and congratulations for their pluck and enterprise in running a Spring Show despite the bad times in the West. I am indeed glad to announce that the show proved an unqualified success, splendid support being obtained from many distant parts. George Kynoch was accompanied from Winnipeg by Geo. Duncan, and amongst the many others that travelled from a distance or sent their dogs was E. U. Vernon of Kaledon, B.C., who sent his Golden Retriever 1,600 miles to compete. E. Chevrier's Springer Spaniel "Lomond Mike", the Westminster Kennel Club winner, gained the Special for best dog, all breeds in the show, and Monty Wallace's Newfoundland "Champion Skelton Cabin Boy" was reserve.

Remember there is still ample time to send your entries to the world's greatest outdoor show, the Morris and Essex Kennel Club, which is held on the Dodge estate, Giralda Farms, Madison, N.J., on Saturday, May 28th, classes are provided for thirty-four of the most popular breeds—with liberal prize money and sterling silver trophies in each breed. Several of the specialist clubs are sponsoring these breeds. I hope this year a really representative

ROBERT McADAM

131 Ranleigh Ave., Toronto

Hud. 3723-W

Canadian entry will compete. Just a final word, entries close on May 12th.

Are we going to produce a race of giant dogs in Canada? It seems very much like it from the information sent by Mrs. H. M. Cowan of the Crystal Creek Ranch, Kaslo, B.C. The young stock at the Ranch are particularly promising, outstanding amongst them being "Rammian", an eight months blue and white harlequin dog by "Rachchas". "Ch. Harmonica," purchased from Col. Colwell, is busily engaged rearing a litter and should prove more than useful as an outcross for the Rungmooks. Now for the Giants, Mrs. Cowan concludes her letter as follows:—"Should you come to B.C., I hope you will come and see my dogs. I can show you two taller Danes than you have ever seen, 36½ inches and 36¾ inches, genuine measurement. The limestone must be responsible. "Rammian" at eight months measures 32½ inches. Thanks, Mrs. Cowan, if I go out to the Pacific Coast this year, I will certainly break my journey and talk over old times and Danes in the Old Country and see if the Rungmooks compare favorably with their pre-war ancestors—which were one of the most successful strains in England.

Col. J. N. Gunn, Calgary, was a visitor to Canadian Kennel Club headquarters the other day, and in conversation the possibility of having Bird Dog Trials held under Canadian Kennel Club Rules was discussed, and as a result we may soon have our vigorous Western and Eastern Field Trial Clubs interested in preparing rules applicable to Bird Dog Trials and submitting the same for the consideration of the Board of Directors of the Canadian Kennel Club.

Beagle trials are held under Canadian Kennel Club Rules. This Fall will likely see German Shepherd Dog Trials under Canadian Kennel Club Rules, so why not the Setters and Pointers?

J. E. Simpson, Sandwich, Ont., has three nice Collies being tuned up for the Fall Shows, the three are from a litter of thirteen, the sire being "Honeybrook Major," the dam being a "Sudley Victorious" female.

A snappy Wire Fox Terrier that Mr. Simpson thought a lot of was exercising in the yard on a recent Sabbath morning and somehow he got out the yard, and has not since been found despite advertisements giving particulars and offering rewards. This Wire is around two years old, all white body, and tan marked head. Anyone knowing of the whereabouts of this dog should advise Mr. Simpson, at 131 Westminster Ave., Windsor, Ont.

SEASON ENDS AT OTTAWA

The Ottawa Kennel Club carries out its Winter Programme each year in a manner that retains interest, and keeps the members educated, interested and together. At the end of the season the cream comes to the top, and an outside judge comes in to do the separating. The Club has often honored Harry Armistead, the genial manager of the Ormsby Kennels, Montreal, by inviting him to "don the ermine" and judge the final show of the Winter Series, and this year was no exception to the arrangement.

On Saturday afternoon, April 9th, the best dogs of the season came together in final judgment. Amongst the aristocrats assembled were such dogs as the Airedale, "Ch. Walnut Fashion Plate," The Collie, "Ch. Corona Club Special"—the mascot of the Cameron Highlanders who appears in every regimental parade, and is always sure to be in step. The Toy Poodle, "Ch. King Jet," The Cocker, "Ch. Carleton Mickey," the Wire Fox Terrier, "Ch. Humbervale Dancing Master" and from the same kennels, "Ch. Brazen Boneparte"—Sealyham, and "Ch. King Morrello Oge 2nd"—Irish Setter. Truly a nice collection of various breeds. The best in show fell to the lot of Allan C. McGuirl with his parti-color Cocker Spaniel, "Ottawa Quaker Girl," reserve to a Scottish Terrier, owned by Miss Barbara May, bearing the name "Haldon Ardrossan."

Ex Mayor Frank Plant, the president of Ottawa Kennel Club, introduced the champion dogs present to the audience in a masterful manner and unquestionably new recruits were found to further sponsor the best interests of dogs generally.

THE KING'S CHOICE OF A DOG

Almost without exception, members of our Royal Family are great lovers of dogs. His Majesty has recently selected a member of the original breed of Highland Terrier—a Cairn—to take the place of "Snip" (also a Cairn), his favourite terrier which died nearly a year ago. Report has it that the newcomer to Buckingham Palace is already on very friendly terms with his master, but declines to be on a familiar footing with anyone else.

How delightfully characteristic of our canine pals from Scotland—and the Cairn in particular; and how worthy is he of being the dog of royal choice. There is no breed that can claim more ancient lineage than the Cairn. From his original stock are descended all the varied, game little terriers of Scotland, including the Skye and White West Highland.

It can truly be said that Cairn Terriers have no disadvantages. No gamier or more hardy dog exists. Although smallish—14 to 16 lbs. in weight—he is by no means a "Toy." Lively as a cricket, happy as a sandboy, the Cairn is extremely affectionate, very good tempered and as docile as a kitten. Into that well-balanced little body of his is packed all the most likeable of doggy characteristics. On the old sporting estates of Argyllshire and the Hebrides these active little hunters—they were originally used to bolt the fox and kill their quarry in the nooks and crannies of the cairns (hence the name)—were cherished with exclusive pride. Mr. Robert Leighton, in his "Complete Book of the Dog," recalls that it was not until 1909 that the Cairn was exhibited in England, and it was in that year that he was called upon to judge a class under the unrecognized breed name of "Short-haired-Skyes." Nobody had heard of them; lookers-on described them as mongrels! After the prizes had been awarded, a protest meeting of the Skye Terrier Club was held. Eventually, however, and after discussion with the Kennel Club, it was decided officially to recognize these "outlandish" dogs from Dunvegan. And then the problem of a suitable name arose. Among the many suggested were: Otter Terriers, Waternish Island, Hebridean—anything but Skyes! It was due to Mr. Leighton that they finally decided upon the name of "Cairn," so it was that this wonderful little sportsman first crossed the Border and won his way into the home-life of Britain.

If we could see the treatment of the King's Cairn in the royal homestead, it is a certainty we should find his life and living planned on sound, practical

lines. Doubtless he is provided with his own resting-place, he is properly exercised and, above all, his food and feeding are so arranged that he is always physically fit. What an example to set dog-owners everywhere—no matter whether they be the proud owner of a Cairn or a mongrel. Both are dogs, anyway; and both are entirely dependent on their masters and mistresses for their general wellbeing. A dog is what you make of him and, perhaps, the most important item in the making is his food, inasmuch that the right food plays an important part in the cultivation of a healthy body and mind. Household scraps and oddments will keep a dog alive, but if a sound, healthy constitution is the objective, then the basis of every feed should be dog-biscuit foods in one form or another. It was significant to note that at Crufts International Dog Show, held recently in London, Spratt's "biscuit" was the selected diet, and it was interesting to watch the way in which the dogs "cleaned up" their dishes! These dogs—all of them aristocrats of the canine race—were a tribute to the practical worth of biscuit-feeding. What is good for the show-dog is surely good for your dog!

Once again, a dog is what you make him. Treat him well—using common sense all the time—and there is no domestic animal that more richly repays the care and thought given.

LONGEVITY IN PEKINGESE

When W. W. Brown, Montreal, was on his rush visit to see some of the Toronto Pekes on the Sunday after the Peke specialty show, a call was made at Mrs. M. Redway's kennel, where some choice specimens are usually to be found. On this occasion the dogs were all in beautiful condition and ready for the shows, but doctor's orders obliged Mrs. Redway's show dogs to be at home on the day of the show.

One old show campaigner demanded attention—and got it; he was none other than "Ch. Sunni of Somme," now past his sixteenth birthday, having been born at Blackburn, England, on March 22nd, 1916, and imported by Sam. Bamford during January, 1920. The old warrior was grey in his whiskers, and blind in his eyes, nevertheless he was otherwise in superb condition and seemed to fully realize that Mr. Brown had called to pay him a personal compliment. It was really nice to see a dog so well cared for as his length of days were naturally on the wane.

Mrs. Redway advised us that her black Peke, "Diamond of Manchuria,"

who died recently, lived to be eighteen years of age. He was born on May 15th, 1913, and was imported by Mrs. R. S. Richardson in the early Fall of 1916.

We noticed a very nice sleeve specimen that had been purchased specially for the Pekin Palace Dog Association Specialty Show, but for reasons already mentioned was an absentee. No doubt this "Sleeve" will be seen at some of our forthcoming shows.

That there is nothing too good for Mrs. Redway's Pekes was noticeable everywhere one looked; their comfort is given the same measure of consideration as the standard set for the Redway domicile generally.

"LOOK BEFORE YOU LEAP"

It is a privilege of Record Associations to have the services of the Royal Canadian Mounted Police, when investigation of wrongdoing is indicated in connection with pure-bred animals. From time to time we have given publicity through the pages of **Kennel and Bench** to such investigations as brought the wrongdoers before the Courts of Justice in Canada from time to time.

On September 6th, 1931, Thomas Little, Moose Jaw, Sask., advised the Live Stock Records Office, that Mrs. Gilbert Driver, Moose Jaw, had in her possession an Irish Setter which she claimed to be a dog registered as "Maid of County Down," under Canadian Kennel Club Registry number 93000, but that the dog was not the one registered as "Maid of County Down," under number 93000.

The Canadian National Live Stock Records requested the Department of Agriculture to have an investigation made by the Royal Canadian Mounted Police. The police made a thorough investigation into the matter, and were successful in establishing that the Irish Setter in the possession of Mrs. Driver was actually the animal registered by Mr. Little as "Maid of County Down," under number 93000. Mr. Little having sold the dog to James H. Ingram, Moose Jaw, whereupon the transfer from Mr. Ingram showing the ownership of Mrs. Driver was accepted by the Records office and proper record made of the same.

We are always pleased to receive any information when given to us with a view to the protection of our records, but we cite this unusual case particularly to point out the possible danger of drawing to conclusions too quickly. By all means expose the wrongdoer every time and place, but first make sure that your information is reliable, and likely to lead to successful prosecution.

British Columbia News

By Provincial Contributing Editor,
R. H. F. PURDON, Vancouver, B.C.

FROM that staunch Setter breeder and Field Trialer, Jack Cottle of Nanaimo, comes news of the recent annual meeting of the Vancouver Island Setter and Pointer Club of Nanaimo and district. The following officers were elected:—President, Wm. Willgress; Vice-President, J. Easthom; Secretary - Treasurer, Wm. Grieve; Board of Governors, Jack Cottle; Thos. Barnard and J. Spencer; Field Marshall, Walker Willgress; Auditors, J. Easthom and J. Cottle; Chef and promoter of annual clam bake, J. Spencer. This is the great feature at the luncheon held each year at the Field Trials and invariably enjoyed by the members and visitors alike, and leaves a lasting impression of the good fellowship that exists amongst these fine sportsmen. Compliments were paid to Mr. Grieve on the good work he has done for the Club, he is one of its hardest workers, who thinks not of himself, but of others.

The Annual Field Trials were to be held on April 10th with the well-known Pointer breeder, E. C. Thomas, formerly of Victoria, now of Vancouver, acting as judge—so far I have not had the results of the trials, but trust they had good weather, as last year's trials were held in a deluge.

W. C. Burns, of Sidney, has just sold the young Springer Spaniel dog, "Brake of Burnside," to E. Chevrier of Winnipeg, he is by "Wynne of Avondale," by "Ch. Lile Messenger Boy," ex Int. "Ch. Marvel of Avondale." His dam is litter sister to Int. "Ch. Adonis of Avondale" and is described by one who should know as a "real one," so we may expect him to carry on the good name of the "Burnside Springers." Mr. Burns reports excellent sales in the past year, and has still some very promising stock in his kennel including a young dog of much merit by "Wynne of Avondale," ex "Flints Fleet of Burnside," by Dual "Ch. Fleet of Avondale." Sidney, B.C., is also the home of Mrs. Hedley-Peck and her sister, Mrs. Leonard, the former has a wonderful lot of Dandies, Sealyhams and Dachshunds. Mrs. Leonard has a high class kennel of French Bulls, these and a champion imported Poodle will likely be seen at our coming shows and should prove a great attraction.

News of the Victoria City Kennel Club Show, to be held on Saturday, May 14th, comes from the Secretary, F. Dodsworth just too late for our last issue. Mrs. Alsen of Edmonds, B.C.,

will judge non-sporting, toys and working dogs. A. W. Forbes of Tacoma, Wash., taking all other breeds. A very attractive class is provided for champions only, they will be benched separately, and no entry fee charged for this class, a silver trophy will be awarded the champion of champions, to be judged the evening of the show by both judges. Dr. W. F. Daw is the newly elected President and W. C. Burns, Vice-President for the year.

The Royal City Kennel Club of New Westminster, will hold their annual show on May 21st. Joseph Dodds of Vancouver taking all breeds, and an uncommonly good job he will make of it no doubt.

A cheery communication comes to me of good news and enthusiasm from one of our oldest smooth haired Fox Terrier breeders, in Malcolm McCraith of Burquitlam, B.C., who reports two litters of "Smooths," one by "Summerhill Beau (imp.) ex his old favourite, the imported "Cromwell Gamesome," the other litter is by his home bred "Ch. Nottingham Lamb," ex his latest importation, "Valeford Nippy" — both litters contain the blood of "Ch. Selecta Ideal," probably the greatest smooth ever bred. This is Mr. McCraith's 21st year of breeding and showing in British Columbia, we have become so used to associate him with the smooth variety, it will be of news to many that he was showing a "Wire" puppy "Nottingham Briar" of his own breeding, at Victoria in 1912 and won a trophy presented by the judge, Geo. Cranfield.

Thank you Mr. Lester for your good wishes, they are most gratifying and encouraging, but don't stop there, instil some of your enthusiasm into the others, **Kennel and Bench** is behind you all. This keen smooth Fox Terrier breeder is rejoicing in two very attractive litters by Mr. Tyson's imported, "Summerhill Beau," out of "Ch. Oxford Sheba," and her sister, "Oxford Princess, given ordinary luck something extra should accrue from these matings.

Two new Wire-haired Fox Terriers have arrived from California, for Wm. J. Moffett's Weyburn Kennels, Burnaby. "Bridgegroom of Willopi," by "Ch. Desert Storm of Humberstone," ex "Molly o' Squeaks of Whittier," he is a good winner in California and proved sire of winning stock, siring the first puppy and novice bitches at the recent show of the Golden Gate Kennel Club in San Francisco, both being out of different dams. The other, his sister, "Wiregirl of Willopi" since her arrival has presented the Burnaby expert with a litter by "Beau Geste of Wildoaks" of royal breeding, as he is by Int. "Ch. Eden Aristocrat of Wildoaks," ex Int.

"Ch. Gains Great Surprise of Wildoaks," both of these super terriers being by the incomparable "Ch. Talavera Simon," the greatest sire the breed has ever produced. "Gains Great Surprise" is the dam of "Ch. Beau Brummel of Wildoaks," the first American bred to become an English champion, she is also the dam of the American wonder dog, "Ch. Gallant Fox of Wildoaks" now in Spratt's quarantine kennels at Croydon, England, where he will later on try conclusions with the English cracks.

We are all glad to welcome Robert Mercer back again to his old home at Chase River, from which he has been absent several years, and hope to see him once more in the Wire Haired section. We hear he has still a few Wires including his old favourite, "Temple Hill Wonder."

We hear that P. G. Stewart of Burnaby, who had the Airedale, "Ch. Clonmel Linton," now owned by Mrs. Vernon of Kaledon, B.C., imported an Airedale bitch in the beginning of the year from A. J. Edwards, Towyn Kennels, Elstree, England. The bitch, "Pollah Nanetto" is a daughter of "Ch. Tawe Topnotch" (now in the United States), and before leaving England she was bred to "Ch. Towyn Sunstar." Shortly after arrival here she presented her owner with a litter of 4 dogs and 2 bitches, all of which are thriving famously, and according to present indications more than one representative of this litter will be in the show ring before the summer is over.

These great terriers are coming back to their own in British Columbia, and after lying dormant for several years the advent of Mrs. Sweeny's "Ch. Master Simon" seemed to give the breed the necessary fillip, they are now forging ahead, and with all the new importations we hope to see them soon back again, similar to years past, when Airedales had big entries at our shows, and "British Columbia bred" was a household word in the breed.

Miss Alice Pooley of Victoria, has recently shipped three Sealyham puppies by the imported "Colvic Topper," to J. B. Strang, Portland; Miss Robson, Calumet, Ont., and to Mrs. Fretwell, Seattle, Wash.

That enthusiastic Scottish Terrier breeder, Mrs. Nantes of the O'Balgownie Kennels, Victoria, is having a busy time these days with her terriers, the imported "Hallows Sally," by "Ch. Merlewood Aristocrat," ex "Merlewood Katey," has whelped four beautiful pups to "Ch. Grouse O'Balgownie," which show great promise, out of her last litter there is a beautiful black bitch by the "Laird O'Balgownie" of which Mrs. Nantes has great hopes.

BULLDOG BREEDERS' ASSOCIATION

OF CANADA

ONE DAY SPECIALTY SHOW

Will be held in the beautiful Alexandria Room

KING EDWARD HOTEL, TORONTO
SATURDAY, MAY 21st, 1932

JUDGE W. E. CHETWIN, ESQ., Syracuse, N.Y.

(Entries close May 16th, 1932)

President: A. RAMSDEN, 142 Coleridge Ave., Toronto. Phone GOver 2887.

Secretary: W. BROWN, 190 Coxwell Ave., Toronto. Phone HArgrave 1915.

The "Laird" is a son of "Ch. Grouse O' Balgownie," now in the United States, where he has been much admired. "Merlewood Portia" (imp.), the dam of "Ch. Grouse," was bred back to him and has a litter now seven months old, she will shortly be bred to a son of "Rookery Repeater" and both Mrs. Nantes and her partner, Mr. Adams hope great things from this mating.

I have just received word from Stanley Dorrell, Swansea Kennels, Vancouver, of the arrival of his most recent purchase, the Scottish Terrier, "Gaisgill Great Scott," also an untouched photo taken just before he left England, which shows a wonderful head, straight front, and great depth, he is a winner at championship shows in England, and his breeding should satisfy the most fastidious, as his sire is the great "Ch. Heather Necessity" and his dam, "Haldon Gaisgill Maggie" is by "Ch. Albourne Arthur." Mr. Dorrell is delighted with him, and says he is the best he has ever seen. Well, he has been long enough in them to know a good one, and we wish him the best of luck with his new arrival. Sales from this kennel have been excellent, two bitches went to Mr. Switzer, Tacoma, Wash., one bitch to Mrs. Vernon of Kaledon, B.C.; one dog to Portland, Ore., another to Calgary, and still another to Dr. Lemon of Vancouver. Mr. Dorrell reports a very nice show at Saskatoon where he was judging. He asks me to mention for the benefit of anyone contemplating importing dogs from England, that there is at present, owing to the exchange rates, a dumping duty of 40 cents per £1.00.

A partnership has been effected between Mrs. Arnold of North Vancouver, whose prefix is "Garforth" and Miss Garnett, late of Cobble Hill, B.C. of the "Ramsdell" prefix, the new kennel in North Vancouver will in future be known as the Garforth-Ramsdell, and will comprise all Miss Garnett's Cairns, which include the imported

"Sammy of Bourton," winner of two firsts Crufts, and has already nine points towards his Canadian Kennel Club Championship, "Silver Tassie of Bourton" (imp.) by "Ch. Frolic of Hiver," ex "Ch. Tibbie of Bourton," "Warrenhurst Hamish" (imp.), "Lady Margaret" (imp.), "Tibbit of Bourton" (imp.), "Ramsdell Fiona" and "The Wear of Bourton."

In Scottish Terriers they have Mrs. Arnold's "Cardross Roderick Dhu," and "Lochiel Lorna Doone," by "Inverstone Jerry" and "Garforth Wendy," with a litter of four by Mr. Dorrell's "Albourne Simon." In "Dandie Dinmont Terriers, the partners will have two from Mrs. Hedley-Peeks' well-known kennel in "Widbrook Twinkles" and "Widbrook Grey Lady," in whelp to "Widbrook Whatsit" and "Canford Jock", respectively, what a veritable gathering of the clans, of which we

dare to prophesy great things in the future from these enthusiastic ladies.

In this month's mail came a very delightful letter from Dr. F. S. Eaton of Trail, B.C. One did not have to be very discerning to see a real dog lover in the worthy Trail medico, the following quotation from his letter is a tonic for us all. "I always counted my dogs as my best friends, depression or otherwise, I always get that genuine welcome from them when I have been away and return, and that constant admiration gleaming in their eyes when I am at home, whether I deserve it or not. This honesty and genuine affection of the dog for his master will always keep the dog, any dog—on the mat, and a place secure in our affections." For some years Dr. Eaton has been breeding Pekingese on very scientific lines, a recent purchase is a young stud dog brought from Mrs. P. A. Margeson of Kentville, N.S. This Hesketh bred dog came to Trail as a prepotent sire producing puppies with immense coat and the true Peke conformation, the doctor is delighted with him and believes he is just what the breed needs in the West. Another purchase with which he is greatly pleased is "Grandee of Wen Lou" and "Sui Sen" from no less an authority than Gerald Stock of Vancouver.

Mrs. C. M. Castle of Victoria, has just increased her kennel by the addition of two Poms, the dog, "Marvel Black Chip" and bitch, "Marvel Lady" by "Ch. Fireball," both coming from Mrs. Budd of Edmonton.

A keen Pomeranian fancier, Mrs. H. J. Harrison of Vancouver, is justly proud of her "Ch. Sunray II" whose career she claims is hard to beat, he has been nine times best of breed, seven times "Winners" has won twenty firsts and twenty-five specials—several times best Toy, each occasion he has been entered in a champion class, he has come out on top, and he has never taken a second place, is now four and a half years old and in excellent con-

dition, a splendid record, and we hope to see her soon with another as good.

That "Blood will tell" is an old axiom, but ever true, Miss Barbara Sharp, daughter of the well-known Wire-Haired Fox Terrier breeder, Mrs. Thornton Sharp, who at one time and another has owned some of the best in the country, has bred her good winning Dachshund, "Durchen" to the imported "Red Imp of Querns," the property of Mrs. Hedley-Peck, her many friends will wish her lots of success with the Teckels.

The response to my appeal for news has been most encouraging, but we must not end here, if the good work is to be kept up. From so many quarters come reports of sales, it really does look as if the black clouds of depression were being dispersed, and good times assuredly coming back. Now that our shows are almost upon us, we will be seeing our new stock in competition, the thoughtful breeder will be sizing up the situation, whether the year has put him ahead or backward, whichever way it is, if we see a better dog, let it be an incentive to us to breed one as good or better, always looking forward.

Any time correspondents sending me news items who may have advertising copy for **Kennel and Bench**, I will be very happy to forward such advertisements with my regular monthly contribution. To compute the advertising cost readers are referred to page three of any issue of **Kennel and Bench**.

SCHIPPERKES AT WESTMINSTER

Looking over the Schipperke wins at Westminster Kennel Club Shows for recent years, brings home forcibly the string of successes scored by Mrs. E. Brown, of the O' the North Kennels, Toronto, since she first invaded the "big show." In 1929 her "Ch. Roff o' the North" won best of breed, and went on to take fourth place in the non-sporting group. In 1930, her "Prince o' the North" won best of breed, and her "Ch. Roff o' the North" was reserve winners. In 1931 "Ch. Jean o' the North" won the open class and reserve winners bitches. In 1932 a bitch of her breeding, "Merry Minx o' the North" won best of breed, she by "Ch. Roff," ex "Ch. Jean."

There is a lot being written about the merits of the Belgian Schipperke, of the Belgian standard, of the Schipperke Club of America, of judges who receive the support of the parent club in the United States, who will judge by the Belgian standard, but Mrs. Brown says "we don't live in Belgium, we live in North America. Our standard is the standard set forth in "Pure

Bred Dogs, which is the standard officially recognized throughout America, and as long as judges will judge Schipperkes according to that standard and I can raise the price, I will be at Westminster Kennel Club Show no matter who judges and no matter who exhibits there."

Noticing Mrs. Brown an interested spectator at the English Bulldog ring, we enquired about the interest, and was proudly informed that the winner, "Tiddie Pom of Coldstream" had for ancestors "Rhoden King" (Gt. Gt. Grandsire), and "Hefty's Gal" (Gt. Gt. Granddam), both bulldogs once owned by the mistress of the "O' the North" prefix, in fact "Hefty's Gal" is now a pensioner at the kennels and "Rhoden King" died some time ago.

Asking if that was all she had to enthuse over, Mrs. Brown said, "No, it is also interesting for me to know that "Regalaunt" appears in "Tiddie Pom's" pedigree and to remember that he was the sire of "Ch. Maple Spring Buddie Boy," best of breed twice at Westminster, and himself a sire of several champions and as I have always maintained—**Blood will tell.**"

THEY SAID HE WAS TIGHT!

Everybody seems to have their own particular story to tell concerning Sir Harry Lauder being an adept at keeping the strings tight around his pocket book, apparently with a view to minimizing the outlay on moth balls. Sir Harry has often been referred to as "The King of Scotland," perhaps he is, but in any case he certainly is Scotland's most popular representative at large in the world today. What better Scotchman than Sir Harry could be found to become the owner of "Heather Commodore," a son of "Ch. Heather Necessity," ex "Albourne Black Tulip," and said to be a most typical Scottish Terrier. It would be worth "walkin' a hunder mile" to see "Bob" McKinven in the ring with his "Ardmore Legacy" battling Sir Harry and his "Heather Commodore" for a place in "The wee hoose among the heather." The moral of "A wee drap in th' bottle for th' mornin'" would surely be lost on "the mornin'" after the night before."

And now watch the Scotties become even more popular than ever before.

CHAS. BOWEN
KINGSTON ONTARIO

Maritime News

By Provincial Contributing Editor,
M. B. ZWICKER, Halifax, Nova Scotia.

YOUR Maritime Director writing New Brunswick notes for our Provincial contributor in these columns had another—tug at the heart—in the loss by death of a dear old friend, Robert Magee, Saint John, whom the writer has known about twenty years.

So many of us were interested, and read with pride in **Kennel and Bench** the glowing report of our Secretary of the Canadian exhibitors and Canadian-bred dogs on the February American circuit from Madison Square, N.Y., to the old Mechanics Institute, Boston. Unfortunately Mr. Strachan omitted three Maritime Terriers, two of Miss A. J. G. O'Brien's, Sealyhams, her "Ch. St. Margaret Serial," and her new bitch "St. Margaret Sequin" and Ronald Vaughan's "Ch. Garwood Major" smooth Fox Terrier, these were all in the prize money with keen competition.

Back a few issues in **K. and B.** Mr. Vaughan's smooth puppy was illustrated and advertised for sale, and sold to Mrs. Geo. J. McKercher, Great Barrington, Mass., before the last Christmas season at \$250, plus the American exchange, a record price for a puppy in these provinces. But the smooth "Major" makes good!—starting his show career in "dollar-land" at Baltimore Show, first week in February, he was awarded firsts, Winners and Best of Winners; failing to show at Westminster, he didn't go high but got awards; though later at Hartford he went through to Winners, Best of Breed and Specials. Mrs. McKercher formerly resided in Ottawa and Toronto. Cities that have been the home place of some of the best Smooths ever shown. She likes this Smooth dog and feels confident with his added show experience and maturity, his American title, barring accidents, is a near thing. Major's dam, "Garwood Majorie" is by "Ch. Heedley President" who is also the sire of "Ch. Danby Mogul," the stylish Smooth bred by F. W. Johnson, Halifax, N.S. Mr. Vaughan tells me his "Ch. Prides Hill Dryden Daisy Maid" is no more, after eleven years of active service in England, U.S.A. and Canada. She repeatedly went to Winners after nine years of age. It is most likely she is the last daughter of that sterling sire, "Cromwells Ochre Legacy," of the late Loscoe Bradley, who done splendid things for Smooth Fox Terriers in England. "Daisy Maid's" nearest Maritime rival, for

merit and lasting qualities, was "Ch. Warren Rascal," who done yeoman service for the breed years ago in Canada. Garwood Kennels have continued demand for Smooths—his stud dog "Borlare Huntsman," imported is a busy sire, we have room in Canada for more of his sons like "Major."

In these parts few, if any, Boston Terrier owners have bought and paid more with so indifferent success than Geo. T. Kane of Saint John. In some of his buys he was "done for"—others were "just fair"; a few of the bitches were "more ornamental than useful" but now he has a new pair that please the eye and should fill the bill. The Terrier dog named "Shack" is a nice marked and colored seal brindle, a fourteen pound Boston, rightly balanced, sound, smart action. He shows a neat cropped ear, a level blocky head, short square muzzle. Not yet two years old but a proven sire of nicely marked puppies. "Shack" has been shown several times in the States at Eastern shows and has been awarded first in all his classes in fast company. His sire, "Ringmount Tiny King, Jr." is also sire of "Ch. My Own Nominee" and "Ch. Ace of Aces Aviator." His dam, "Mayards Flirt," a good one by "Kernwood Worthy King." Mr. Kane's new bitch "Gold Coin Nancy" is a Canadian-bred one, bought from E. A. Runions, Ottawa. "Nancy" is a proven matron with a evenly-marked head, uncropped, a shapely made bitch of sixteen pounds or less. "George" considers her splendid value and is well pleased with Mr. Runions as a "fair dealer" which is just what we want, among Canadian breeders, good value at a dog man's price. "Shack" expects soon to appear illustrated in these columns at stud.

Arthur M. Morris with his father M. T., owner of Stonehaven collies, Saint John, N.B., has some of the most likeable sable and white, tri-colors and blue merles. Unfortunately the last two seasons winners awards have been a mirage, his exhibits being nosed out on condition, coat or indifferent showing, but they keep at it gamely, confident they have the blood, type, soundness—yes, good coats too, if not just ready on show dates! His most recent purchase, a handsome appearing tri-color, a young bitch named "Arahassit Alright" has produced the goods in a lovely litter of blue merles by their own bred sire, "Stonehaven Silver Cloud." This very stylish brood bitch was purchased from and bred by Mrs. Wm. F. Dreer, and is by "Wellcroft Winsome" ex "Moss View Melody." Edward McGuire also of Saint John is, we are pleased to report—back with

the Collie fanciers again—after a lapse of five years or so. Mr. McGuire in 1917 showed "Brunswick Rex" and "Brunswick Bud," later on, his better Collies were "Sterling Saint" and "Ch. Campbell Stylish," all sable and whites, but seeing these attractive blue merles he just had to own one and has a six months' old, big able fellow, attractively marked of promising make up and style. He is also by "S. Silver Cloud" ex "Stonehaven Blue Sylph" a daughter of "Ch. Laund Lukeo" and "Ch. Bellhaven Beauteous Princess," so he is no chance bred one who in Mr. McGuire's experienced hands will bid for the show applause, besides bringing another exhibitor back in the game.

George Creary says his veteran Peke and friend of the family for over ten years, is no more. Pekingese have a reputation for living well and long, and one of the first sales ever made in Saint John came from Cedarcrest Kennels, Kentville, N.S. I refer to "Cedarcrest Chong," who crossed the Bay of Fundy the summer of 1920, a few months later he went to Winners and Best of Breed under Chas. G. Hopton at the N.B.K.C. Show, Saint John, and the following season won prizes under Robt. A. Ross at the Frederickton K.C. Show. A compact made, light red, medium-sized, dog with lovely eyes, flat top, good layback and broad face, set off with dark ear fringe. He was bred by Mrs. P. A. Margeson, who supplies much of the demand for this breed in the Maritimes, also has a market with American breeders and judges. Mrs. Brooks, the New England exhibitor of Wah-Bagin Pekes, is an occasional buyer, who considers her quite recent purchase, "Chinette of Cedarcrest," a show prospect also several have gone to Tien Hia Kennels, San Antonio, Texas, owned by Mrs. Murray Brooks, who has reported so favorable of their show and kennel records.

The New Brunswick Kennel Club propose having their annual show September 5, 6, 7, 1932. It was suggested the Club have two, two-day shows, but the Saint John Exhibition Association, who provide the splendid show building is curtailing expenses of the Fall Fair, even omitting all live stock except poultry. So the Kennel Club foreseeing a limited gate or attendance have decided to hold but one show on the dates named.

ENGLISH BEAGLE FOR SALE

An outstanding stallion hound, by Meadowlark Toiler x Meadowlark Melody 2nd. The blood that is producing the outstanding Eastern U.S. winners. Price, \$50.00.

CHANCELLOR KENNELS

Saskatchewan News

By Provincial Contributing Editor,
W. W. RIOME, Moose Jaw, Sask.

SASKATOON Show held on Good Friday, March 25, and Saturday, March 26, went over with a bang. Judging from the numbers at the ring-side, and the crowded aisles, the show must have been as successful financially, as it was from every other view point. The dogs being housed in the Armouries were warm and everything possible was done for their comfort. Great credit is due to the Secretary and all the officials for the clockwork precision with which arrangements were carried out. Shows run like this Saskatoon fixture are worthy of support, and we hope they will be rewarded with a four-point entry for the summer show.

Stanley Dorrell, the judge, went about his work in a quiet, painstaking manner, every dog had its due consideration, and all exhibitors and ring-side appeared to be well pleased with his placings.

We stopped over at Regina for the day, and visited as many homes and kennels as time would permit. Hamish Middlemas had his imported team of "Scotties" looking perfection. Walter Pym's "Wires" are all in good shape, some youngsters were expecting to find new homes shortly. Harry Pope was on parade with a dandy brace of Springers. The proprietors of "Kingwin Kennels" were just about to leave the house, a hurried glance at the kennels revealed some nice puppies. Collectively, Regina has a splendid collection of Dogs and we hope the Club officials will soon publish their show dates. For we all look forward to visiting the Queen City Show.

At the Moose Jaw Kennel Club meeting held recently, it was decided to hold the Annual Show on the 30th June and 1st July. There was a large attendance, and much enthusiasm, new members are joining. Committees were appointed to gather up the specials.

Of course, there are the usual "ifs," but if we can secure the Douglas Block, a splendid building for a show, the rest is assured, and remember, Moose Jaw put on a four-point event last year.

There are few towns in Saskatchewan that cannot boast of at least one show dog. A feature of Moose Jaw this year, will be to get as many towns as possible represented by a Canine delegate.

Sask. fanciers will now be preparing their entries for the Medicine Hat Show. No doubt there will be a much larger entry of Terriers present at this fixture. For some breeders were loth to take the coats off their Terriers during the cold spell, that hung on so persistently, previous to the "Hub City" event.

The boys at the "Hat" are working hard to put on a real show. We understand they have a large array of specials. Let's get behind them and give a real boost. If you cannot personally attend, a committee has been appointed to care for, and handle all outside entries that travel to the show alone. Let's forget depression; everything points to a most successful year in the Dog game.

This month we miss the news items usually supplied by Charlie Crothers, the publicity agent for Saskatoon.

There are great prospects for the Gun Dog breeders in the future. The project of establishing the pheasant as a game bird of Saskatchewan, launched recently, at a meeting of Moose Jaw's Fish and Game Protective Association is one worthy of encouragement.—A few years ago much time was given to the establishment of the Hungarian partridge with great success, surpassing the expectation of the most ardent supporters. A carefully considered plan is being formed, whereby the pheasants will be hatched, and carefully guarded for the first season, and so given an opportunity to become acclimatized gradually. It is felt with duck shooting becoming more doubtful every year, the new game birds will provide ample sport for those wishing to put in a few days of real shooting, and that Field Trials will follow in the path of this new venture.

E. N. N. Vernon, Saffron Kennels, Kaleden, B.C., writes to say he would like to place on record through **Kennel and Bench** his high appreciation of the arrangements made for his Golden Retriever, "Saffron Peter Boy," at the recent Saskatoon Show. Our B.C. friend states that "Peter" arrived home in excellent condition and reflects great credit on the Show Executive.

We are sorry to hear that through unforeseen circumstance, J. Burkinshaw

of Saskatoon, has to part with practically the whole of his kennel of Irish Setters. Some are broken, others partly so. On the show bench they have made good, and represent the finest imported blood lines. Here is a chance for those looking for a real sporting dog with aristocratic bearing to start a kennel. We hope the unfortunate breaking up of Mr. Burkinshaw's kennel, will be the means of starting up many new ones. (See advertisement). Enquiries from points in B.C., Sask., Alberta, Manitoba, re terriers, and Moose Jaw Show dates, convince us that the fanicers are very much alive.

The latest report from Mrs. F. G. Whittaker, Aberdeen, Mississippi, who purchased Jack Droppo's "Ti Dee Miss," states that at the Detroit Boston Terrier Speciality Show, with 50 Bostons present.—The judge, Frank Addyman placed "Ti Dee Miss" Best in Show, a nice win for a Saskatchewan product.

"Bob Carter," one of the most persistent Boston breeders in the province, has purchased a brace from over the line. No doubt Bob signed a big cheque in order to persuade Mrs. L. Daley, Detroit, Mich., to part with two splendid prospects.

Phil Lillie is out for a young female in an English Setter, it will be remembered that "Phil's" Irish Setter, "Ch. Moose Jaw King," passed out. There's a good home and cheque waiting for a high class female of show calibre.

The writer visited the kennels of Mr. and Mrs. Jesse Howe, Saskatoon. The young Chesapeakes by "Ch. Bud Parker" are heavily boned, strong healthy fellows, and retrieving like veterans at 10 weeks old.

Chas. H. Park, Medicine Hat's untiring Secretary, writes to say he has a nice litter, out of "Medelta Charmine," sired by "Mutual Dividend."

"Mutual Bridegroom," found a new home with Mr. Tannahill, Moose Jaw, the new owner is well acquainted with the terriers in the old home—Scotland.

Mrs. King, Regina, reports 3 Wire puppies, out of a "Sutton of Kerror,"

THE CHANCE OF A LIFETIME

I offer for sale at a reasonable price, the winning Irish Setter, Nance of Homer-ville (C.K.C. 85388). Sire: Ch. Ronald of Boyne (Imp.). Dam: Pride of Erne, a daughter of Mustard of Boyne (Imp.). The very cream of Irish Setter blood!

Also—some choice youngsters sired by Ch. Lillie's Moose Jaw King. All ready for breaking. One partly broken already.

Here is an opportunity for discriminating fanciers to secure choice stock at practically their own price.

Correspondence Invited.

J. BURKINSHAW

167 2nd Ave. S., Saskatoon, Sask., Canada

MUTUAL KENNELS REG'D

Can spare a few choice puppies. Brood females, young show dogs that have and can win, "Wires", "Smooths", all are priced right. With nine entries at Saskatoon Show, Mutual Kennels won 9 Firsts, 6 Winners, 3 Best of Breed, and several Specials, and these are the kind we sell.

ONE-DAY ALL BREED SHOW

Tuesday, May 24th, 1932

Under Canadian Kennel Club Rules

Judge, Mr. Leon J. Iriberry, Brooklyn, N.Y.

A cordial invitation is extended to all fanciers to enter their dogs at this old reliable dog show.

Entries Close Tuesday, May 17th

Get premium lists and all information from

GILBERT JACKSON, Secretary

372 Grosvenor St., London, Ont.

bred female. The puppies are sired by J. E. Hunter's "Best Man."

Mrs. A. P. Semple has the nicest collection of young Pekes it has ever been her fortune to get together, bred as they are from the choicest imported strains. The litters owned by Miss Henderson, Mrs. Smallwood and Mrs. Driver of Moose Jaw, are making good progress.

A breed that we might make special mention of are the Huskies, owned by Dr. D. Croll, Saskatoon, also Jack Bonig, Mrs. F. F. McDermid, W. Card, Mrs. Jackson and others of the same city.

Dr. Croll has spent much time and money on this interesting breed and hopes to see them listed in the recognized breeds ere long. Some of the inmates have been purchased from the north country, and are typical examples of this noble, useful breed, there are a few in Regina and Moose Jaw.

Mr. John Willox, Prince Albert's Springer breeder, was present at Saskatoon. He kindly promised to rustle news and to get the P.A. boys to contribute more news to our pages.

"Charlie Williams," the Cocker fancier of Moose Jaw, was a visitor recently. "Chas." has unfortunately lost his sight. We feel that Cocker breeders could do much to bring a little joy into this fanciers life, by writing to him once in a while on Cocker activities. Mrs. Williams carries on with the dogs, supervising the kennel activities.

When sales are slow, let an Ad in **Kennel and Bench** introduce your dogs to buyers, don't wait for the buyers to introduce themselves to your dogs.

Please note your correspondent's ad-

dress, 320 Caribou St. W., and mail your news early in the month.

Mr. Hansford is steadily getting together a kennel of Chows. Quality is Mr. Hansford first consideration. This Rosetown fancier will likely attend all our circuit shows.

Mrs. Hart, Wire fancier of East Looke, B.C., writes to say she enjoys reading the Sask. Doings in **Kennel and Bench**.

Mr. Childs of Saskatoon, has selected a Smooth Fox Terrier that fills the bill in regard to breeding and show ability. Sask. fanciers will welcome W. A. back to the ranks.

Rev. H. Parrott of the Big River district, is securing a Wire female from

"Mutual Kennels." Our good friend covers a large territory in his work, and no doubt the little "Wire" will travel everywhere he goes..

GOING TO THE MORRIS AND ESSEX?

The popularity of the Morris and Essex Show has taken hold of our Canadian exhibitors in such a way, that there will be many groups getting into their autos and heading off in the direction of Madison, New Jersey, home of Giralda Farms, where hospitality is so inviting; nor is it the devotees of any one breed that are busy making their plans. We hear of Airedalers, Boston worshippers, Collicites, etc., who are anxious to know "who's going, how and when."

Canada again furnishes several of the judges. Norman McConnell will come all the way from Vancouver to judge the English Setters; Dr. Ford, Montreal, Old English Sheepdogs; W. H. Reeves, Belleville, Irish Setters; Jack Ritchie, Ottawa, Springer Spaniels; Robert A. Ross, Montreal, the non-sporting group; Seven Lady judges have accepted appointments too, and our Mrs. Wilson Wylie, Vineland, will judge the Pomeranian entry.

Someone has suggested that it would be a popular move, with an advertising value, if all motoring groups, would travel together to Madison. The entourage might easily decorate in the Morris and Essex colors of purple and gold, and carry the legend "To the Morris and Essex Show—or bust!" If this suggestion meets with approval from our readers, who intend visiting America's greatest outdoor dog show, they are invited to communicate with "W. U. care of **Kennel and Bench**."

Notes from Manitoba

By Provincial Contributing Editor,
W. B. R. KNOWLES, Winnipeg, Man.

I DID not have time to comment on Dr. Blount's paper last month, neither did I have space, but it is well worth not only reading but also deserves some study. This was not his first article on the stomach of the dog, and so far as I am aware he is the only one to publish such a deep study on this important organ. I think, however, that just how many meals a dog should have or requires each day depends greatly on the animal's age and also on its appetite. Some dogs do quite well on one small meal a day, and anything more would make them too fat. Others, again would eat all you would give them several times a day, and to give them all they could eat at one meal would certainly cause dilation of the stomach. I feed the dogs I have at the present time twice daily (morning and evening). They are in good condition, and although they would eat more than they receive, yet to allow them more would make them too fat. Smith (Manual of Veterinary Physiology) says, "Colin states that it takes a dog twelve hours to digest an amount of meat which it could eat at one meal. The substances most difficult of digestion are tendons and ligaments, but of these, digestion is facilitated by boiling; liver and flesh are best given raw, as cooking interferes with their digestibility." Although Smith says the parotis gland of the dog does not secrete Ptyalin, the ferment or enzyme which is poured into the mouth and commences the digestion of starches (bread) yet. He says, further, "It is in the small intestines of this animal (the dog) that the chief digestion occurs." The action of the enzymes of the duodenum (first part of the small intestine), is carried to completion by the enzymes of the pancreas. He says in this connection, "Amylopsin, the diastatic ferment, has an action on starchy food similar to that of ptyalin, but more rapid and more active, for it can deal with raw starch; the final products are maltose and achroodextrin. The hydrolytic action of amylopsin stops at maltose and achroodextrin but these are in turn attacked by the maltose (an inverting ferment secreted in the duodenum) and converted into dextrose (a sugar) before absorption. All starchy food which has escaped conversion in the mouth and stomach is also acted upon in the intestines by maltose." Now the sugar in the food, together with that derived from starch (bread) conversion is stored up in the

liver as glycogen and given out to the system as it is required, and it would appear that the dog is capable of digesting some amount of bread in the intestine because, Smith says, "If the pancreas of a dog be completely removed, there is a disappearance of all glycogen from the tissues, sugar appears in the urine within twenty-four hours, and the animal dies in the course of a month or less from diabetes, since the power of oxidising dextrose is lost."

Dr. Blount's paper, is principally concerned in amounts of food, and it can be readily seen, that if the stomach is weakened by continued feeding with large amounts of food, it would have a further effect on the system by rendering it much more susceptible to other diseases.

The Fort Garry Kennel Club, held its smoker, as scheduled, on March 31st. It was unfortunate that on this date one of our big hockey games was being played. Some three hundred people, I am advised turned out to the smoker and it is estimated that, had there been no hockey game, the number would have been increased to five hundred. It had one good effect in that it brought the activities of the Kennel Club before the public.

The Provincial Contributing Editor for British Columbia makes an omission in his April notes, in that he omits to give "Harewood Kilmartin Grouse" his title of Champion. This magnificent "English Setter" whilst in E. Chevrier's possession was piloted to a Championship in 1931 by Geo. Kynoch, his handler.

I feel that these notes would not be complete if I omitted to say that I heard some very complimentary remarks, relative to Stanley Dorrell's work as adjudicator at the Saskatoon Kennel Club Dog Show. It would appear that he went about his work very carefully and that his awards were very satisfactorily received. I do not know anyone who is more capable of giving a more forcible expression of his feelings, if he thinks he has not been given a square deal, than Geo. Kynoch. But George said, "He turned me down once, but I've no kick coming, the other dog was better than mine."

Manitoba dogs acquitted themselves very well at Saskatoon Show which speaks very well for their owner's choice or knowledge of type and of their work and care in presenting them to the Judge in perfect condition.

And of Mr. Dorrell's ability as an all rounder when he awards the honors to dogs he has never before seen, and which dogs have been the choice of other experienced Judges.

Irish Setters—We know the sympathies of all fanciers will be given to

Mr. and Mrs. Eamon, on the death of that superb bitch "Ch. Tipperary Sheelah." Her death was caused by whelping trouble. Great hopes have been builded on the possibilities there might be in the litter of puppies. One, however, was saved and it is to be hoped this one will in part make up the loss of "Sheelah."

English Setters—Capt. MacDonald's "Arcadian Flower Girl" by "Ch. Strathcona King" ex "Arcadian Belle," is nursing a litter of puppies by "Vernon Major." Mrs. Ferguson's "Arcadian Flossie" by "Ch. Strathcona King" ex "Elgen Lady II" is nursing a litter of puppies by Mr. McLean's "Iona Blue Rock." Mr. Croy's "Elgin Lady II" is nursing a litter of puppies by Geo. Kynoch's "Vernon Major."

Collies—Geo. Kynoch has acquired a magnificent specimen of this breed from Dr. Cooper of Saskatoon. "Elmhil Jupiter" by "Elmhil Emerald" ex "Sedgemoor Simplicity," and what he intends to do with this dog would make any Collie fancier envious.

Pekingese—Mrs. K. Nyce has purchased a small white puppy from Mr. Bentley. "Cromwell Tie Nee Chutee." This puppy at four months old weighs 1½ lbs. It is by the black dog "Ch. Shensi Shun Pao" ex the Red bitch "Nanki Panzee of Cromwell."

Mr. Bentley has quite recently imported two Pekingese (one male and one female), from England, both magnificent specimens of the breed. The male, "Sankow Chanticleer" was bred by Mrs. F. Bromley of England. He is by "Sankow Punchinello" he by "Moy of Chinatown" and he by "Ch. Wundah of Chinatown" who is the sire of seventeen Champions and more winners than any other Peke in the world. His dam is "Sankow Pat-a-Cake."

The female "Sandhills Flo," arrived in Winnipeg April 12th and was bred by Mrs. Galloway of England. This female is bred in the purple. Her sire, "Shang of Kyratown" is a litter brother to "Ch. San Sun of Kyratown." Her dam "Cha-Mine-Kuh-Ti" in her extended pedigree shows the names of some of the best dogs of England.

Pomeranians—Mr. Bentley has also quite recently imported four Pomeranians from England (two males and two females).

"Elnor Mite" shaded orange sable. Sire "Eastbury Seraph Sunbeam" dam "Elnor Girl." He was bred by J. T. Ford, England. At the Stockport Toy Dogs Show Judge F. Porter awarded him first open and remarked, he was in gorgeous coat and bloom, sweet head, well carried ears, showed to perfection (Our Dogs, England). He won, besides the first mentioned, three other

firsts at this show and President's trophy for best in show. To say he won third at Cruft's Show ought to be enough to place this dog in a class by himself, yet to do him full justice on his arrival in Canada a few more of his awards are given. Buxton open dog show, twenty in class, three firsts, one second, one third and special breeders cup. South Manchester Canine Society, two seconds. Manchester Toy Dog Society, three firsts, one second and special. South Manchester and District Show, three specials, two seconds and one third. East North Lanes Pomeranian Club, two seconds and one third. Chorlton-Cum Hardy Canine Assn., two seconds. "Jaunty Spark" orange, bred by T. Bowen, England. Sire "Little Mardsman" dam "Jaunty Miffy." Going over some recent issues of our dogs, we find the following "Jaunty Spark," orange, sound legs, excellent mover, he is growing a huge stand off coat, pretty head, well carried ears, admirable shower. Under Chris Houlder placed first over "Parkgate Gold Stars" the big winner recently reviewed. At Accrington under Chris Houlder 1st puppy, phenomenal coat for his age, beautiful well set plume, capital body, small ears, moves with freedom. He won at this show, three firsts, three seconds and one third. At Todmorden under J. Finch, three firsts, four seconds, three thirds, a lovely coated orange, sweet head, neat ears, five bone, short back, sound mover. Also under Mr. Finch at Darwen Canine Assn. the President of which is Sir Herbert Samuel, the Home Secretary. Five firsts and special for best bred by exhibitor. Under Mr. Crooks he was placed best novice and second puppy. And at the Bolton Canine Assn. Show under Chris Houlder he was awarded two firsts, one second and special for best puppy.

"Jaunty Queenie" bred by T. Bowen, England, sire "Gold Bantam" dam "Rose Lynn Mona." This beautiful orange won five firsts and best bitch in show at Burnley under Mr. Nethorp. Best in show at Accrington and Padishan, and one second and two thirds at Bootle under Philpot.

"Sandhills Red Rose" orange bred by E. Wilson, England, sire "Better Still" dam "Sandhills Dainty Judy."

"Sandhills Cherry" the bitch that went to winners under Stanley Dorrell at Saskatoon has been bred to "Elnor Mite" imp.

Cairn Terriers—Mrs. Mason's "Duncraiggen Peggy" is nursing a litter of puppies by "Ardsheal Gillie Mohr" imp.

West Highland White Terriers—Mrs. Mason has imported "Ardsheal Snow Man" from Mr. Hunter, Oban,

"GREAT SCOT!" AT STUD

CH. GREYHOPE GRIT

(Imported)—(C.K.C.S.B. 79930)

Champion Greyhope Grit

represents a choice combination of the world famous Barrack and Romany strains.

He is a real **Scottie** in every sense of that term—a dog of the highest quality; strong and vigorous.

Ch. Greyhope Grit is just that kind of Sire that compensates for anything lacking in the matrons that visit him, and breeders are enthusiastic over the stock he produces.

STUD FEE - \$20.00

ROBIN THE RANTER

(Imported)—(C.K.C.S.B. 83915)

Robin The Ranter is a grand young son of the one and only Ch. Heather Necessity—Britain's best Scottie. The Dam of Robin is Claymore Florient, a daughter of Taybank Eclipse.

STUD FEE - \$20.00

Send bitches to

ALFRED HURLEY

2059 City Councillors St., Montreal
Phone Harbour 1475

All further particulars from

WM. R. AITKEN

3830 Lafontaine Park, Montreal, P.Q.
Phone Frontenac 2676

Scotland. He is reported to be a magnificent specimen. Mr. G. Ridge has sold two puppies "Rhi of Edendale" and "Bhanrhi of Edendale" by "Rudy Battison" ex "Springburn Lass" to Mrs. G. L. Vandenberg of Winnipeg.

Wire Haired Fox Terriers—Mr. Kynoch has sold a male puppy by "Ch. Fox Hollow Startler" to Mr. Lawford.

Springer Spaniels—Mr. Chevrier has sold "Brake of Burnside" to W. Smith, N.Y.

German Shepherd Dogs—Mr. Wal-lins' "Cenita" has been mated to the writers "Klodo von Eldon."

Boston Terriers—Mr. Jackson advises me "that on looking over the show report of the Detroit, Mich., Show we see that Canadian Champion 'Ti Dee Miss Yokoma' was awarded best Boston Terrier in show defeating several Champions that were entered for specials only. Incidentally 'Ti Dee Miss' is a daughter of 'Ch. Winchester Aviator' and her dam is 'Ch. Trapystok Madame Taussard' and she was bred in Canada, which speaks well for Can-

adian-bred Boston Terriers." Mr. Jackson writes. "Business as usual seems to be the slogan at the Winchester Kennels. C. D. Grant of Abernathy, Sask., reports a litter of two males and one female by 'Winchester Joycaster,' out of his good female 'Bellrock Winchester.' A. McWilliam of Fort William, reports a litter of six, three each, and all perfect marked, by 'Winchester Joycaster' out of a 'Winchester Atta Boy' female. The following out of town females have been visiting the Winchester Kennels, one from T. A. Kines, Roblin, Man., a 'Winchester Atta Boy' female. Mr. Bridgeman's 'Doly' by 'Reb-Rock Intruder' and C. N. Johnston's (Soures, Man.), 'Ch. Joyce's Prince' female.

"The following local females have been bred to 'Winchester Joycaster' since February 28th, L. Surkes' daughter of 'O. B. Jolly,' Mrs. McBean's 'Brilliant Duchess,' Mill's 'Nellie,' Joe Valente's 'Valente's Patsy,' and 'Valente's Beauty,' Miss Miller's 'Valente's Queen,' Mrs. L. McLelland's daughter of 'Realt Peach,' Mrs. Wonnacott's 'Bubbles' and Mr. Bateman's daughter of 'Ch. Roselawn Dandy Boy.'

"The Boston Terrier fanciers are starting to get ready for the coming Fort Garry Show. W. J. Clare can be seen exercising his fast little female 'Winchester Flying Fairy,' every evening, and he says he will have her in show shape soon.

CLASSIC TRIBUTES

THE Almighty who gave the dog to be the companion of our pleasures and our toils, hath invested him with a nature noble and incapable of deceit. He forgets neither friend nor foe; remembers with accuracy both benefit and injury. He hath a share of man's intelligence, but no share of man's falsehood. You may bribe an assassin to slay a man, or a witness to take his life by false accusation, but you cannot make a dog tear his benefactor. He is the friend of man, save when man justly incurs his enmity.

Sir Walter Scott—"The Talisman."

The Alberta News

By Provincial Contributing Editor,
J. G. YOUNG, Edmonton, Alberta

SPRING appears to have arrived in these parts of the country and it will not be very long before the Western Fanciers will be busy grooming their favorites the annual dog shows. Right now the main topic of interest is the forthcoming show to be held by the officers and members of the Medicine Hat Kennel Club on May 24th, when Archie Semple will hand out the ribbons and silverware. Any exhibitors who have been overlooked in the mailing of premium lists should communicate with Mr. Chas. H. Park, 236 4th St., N.W., Medicine Hat, who will be very pleased to give them all information concerning this fixture. The Medicine Hat Club always have a "real" show, and endeavor to make the visit of out-of-town exhibitors most interesting.

No information has come to hand with regard to the Annual Summer Show of the Alberta Kennel Club in Calgary this year, but it is anticipated that Club will do everything they possible can to hold their fixture in order to complete the Western Canada Circuit.

The Officers and Members of the Edmonton Dog Fanciers' Club have completed arrangements for their annual summer show to be held in conjunction with the Edmonton Exhibition on July 19th, 20th and 21st. Although the arrangement is not as amicable as it has been in previous years, the Club feels that it would be a great blow to the dog game in this city if they permitted the Exhibition to pass without holding a show, therefore, they are going to assume the financial responsibility for this year's show. W. T. (Billy) Oates of Vancouver, B.C., has accepted the appointment of judge, and as reports of his ability in that capacity are most encouraging, we confidently look forward to a record entry this year.

Rumors proved correct once again, Harry Nash, president of the E.D.F. Club recently received from Bailie Dalglish, Scotland, the flat-coated Retriever dog, "Elwyn Earldom." Mr. Nash is most pleased with his latest importation, and we look forward to seeing this dog on the Western Canada Circuit this year. The dog's papers have not yet come to hand, but Mr. Dalglish advises that he is sired by a well-known bench show winner in the British Isles and his dam is one of the best workers he has ever seen. Mr. Nash reports the mating of "Elwyn Earldom" to his "Ch. Elwyn Vanity,"

and we all wish him the best luck in the world in his efforts to produce "real" flat-coats.

A fancier in Drumheller, F. Lambert, has written Mrs. Daintry of Calgary, reporting what he thinks is a record, in that his Wire-haired Fox Terrier bitch whelped a litter of six all white puppies, four males and two females. Mr. Lambert would like to hear from other breeders who have encountered similar experiences in their breeding programs and to what they attribute this extraordinary occurrence, as neither the sire or dam of the litter has ever produced an all white puppy before.

Harry Price of Calgary seems to be running into a lot of hard luck these days. He recently had the misfortune to have his good bitch, "Grandview Blackie" run over and killed by an automobile. We understand there was no earthly reason for the bitch to be run over, as she was in the centre of the road with plenty of room for the motorist to pass her on either side, but he didn't bother to turn out of the middle of road. The motorist proved to be another of those "hit and run" drivers because after he ran over the bitch he kept right on going. We all sympathize with Mr. Price in his loss, more particularly as "Blackie" was nursing a most promising litter of young puppies at the time of her untimely death.

"Sandy" Robertson, owner of the Merrie Cocker Kennels, Edmonton, is very much pleased with the winings of his young dog, "Merrie Durbar," who went from First Puppy to Winners Dogs at the recent Saskatoon Kennel Club Show over an entry of nine Cockers, being defeated for Best of Breed by his dam, "Merrie Beauty." This young dog is not a chance bred one, but the result of Mr. Robertson's many years of experience in breeding prize-winning cattle, horses and poultry. A number of good offers have been received for this young dog, but as it is his owner's desire to retain him for the present to build up his strain of "Merrie Cockers," he is not for sale. The many fanciers who admired "Merrie Durbar" at the Saskatoon Kennel Club Show should make a note to be on the lookout for his litter brother, "Merrie Duke," who is a glorious Red dog that local authorities on the Cocker claim will take a lot of beating. Mr. Robertson reports the mating of "Merrie Durbar" to his "Merrie Bubbles," and I am sure Cocker fanciers will watch the results of this mating with the greatest interest.

"Duke" Wellington of Lethbridge seems to be going in strong for Spring-

ers these days. He has recently purchased from D. Halcrow, Cranbrook, B.C., a ten months' old black and white son of Int. "Ch. L'le Messenger Boy," who is registered in the name of "Kootenay Emperor." The dam of this dog, "Kootenay Belle," won First and Special at the Spokane Show in 1929, and the Brewery Cup at Lethbridge in 1930. This new dog should do much to improve the quality of Mr. Wellington's Springers who all emanate from the famous "Avondale" strain.

The Marvel Kennels, Regd., Edmonton, continue to add to their stock of high-class toys, the latest acquisition that grand little Pomeranian dog, "Cairndhu Courtier" from Mrs. Kittermaster, Toronto. "Cairndhu Courtier" is sired by "Woodbine Fireflame," ex "Sanderson's Peg-O-My-Heart." This dog has been a consistent winner in Eastern Canada, and at the recent show of the Saskatoon Kennel Club rewarded his new owner by going to Winners Dogs over a representative entry of the breed. Mrs. Budd is highly delighted with this little "Dandy" and advises he will be campaigned at the Summer Shows this year. The Marvel Kennels also report numerous inquiries from their advertisement in last month's "Kennel and Bench" from which a number of sales are bound to be made.

Here's news from another gun dog enthusiast in the Southern part of the Province, but this time the breed of Flat-Coated Retrievers. J. Ritchie-Paterson, Lethbridge, reports a splendid litter from his two imported dogs, "Jock Scot" and "Craigfin Dinah." Look's as though Harry Nash is going to have some competition in his favorite breed. Good luck to both these sterling fanciers.

In another portion of "Kennel and Bench" you will have an opportunity of reading some constructive correspondence received by the E.D.F. Club from one of its members, W. G. Climo, Calgary, owner of the "Calma's Cocker Kennels," and I sincerely hope all members of the Canadian Kennel Club will read Mr. Climo's letter with the interest his subject merits, and give the Editor of our magazine their reaction to same, as the theme of his letter is of the utmost importance to all breeders. I also hope the Editor will be able to make satisfactory arrangements with Mr. Climo for the reproduction in our magazine of his treatise and explanatory chart on the Cocker Spaniel, as I am sure every fancier will find much of benefit therein, irregardless of the breed he sponsors.

Mrs. Moore, nee Clarke, reports considerable activity in the sale of Pugs, but unfortunately "Miss Moore" demands more of her mother's time than

Pug enthusiasts like, as Mrs. Moore's role of exhibitor has been considerably curtailed of late. However, many of the Pugs she has sold to clients in British Columbia and across the border, continue to figure in the prize money, much to Mrs. Moore's gratification, and several dogs emanating from her kennels have already completed their championships.

There are numerous rumors in Edmonton as the Shepherds that will be exhibited at the annual summer show of the E.D.F. Club, which will be held in conjunction with the Edmonton Exhibition on July 19th, 20th and 21st this year. A number of the members who sponsor this breed all have "real dark horses" to be brought out, but they will have to be good if they beat Mrs. Kirkwood's entry, as she has a few of the most beautiful Shepherds ever seen in picture or person.

Mrs. M. J. Carr's "Farleigh Fox Terrier Kennels" of Calgary, appear to be forging ahead with sales and breeding activities. They report the mating of their "Farleigh Simple Simon" to Mr. Harry Price's good bitch, "Cliff Peggy." In their breeding they report three grand litters in which males predominate. (How do they do it?) One litter consisted of five males and three females, but for economy reasons only the males were retained. Mrs. Carr

also reports the sale of three male puppies and one female from new litters as soon as they are able to look after themselves. The female stays in Calgary to replace an old favorite that has passed on, and goes to Mrs. Norsworthy who, when her bitch died, asked Mrs. Carr, as a special favor, to reserve for her a bitch puppy of as near the same breeding as the one she purchased from Mrs. Carr over ten years ago.

Cocker enthusiasts will be interested in the matings of W. G. Climo, Calgary, whose "Calma's" prefix is known wherever good Cockers are exhibited on this Continent. He has bred his "Calma's Avritrix," who is by "Ch. Calma's Durbar," ex "Ch. Calma's Lady Supreme," to Mr. Saunders' good dog, "Prince Charming," and his "Mongolian Belle" to "Calma's Recorder." If things turn out as anticipated there should be some "real" ones from these matings.

Normandy Kennels, Regd., gave us an outline of their spring matings in Scotties. They have bred their "Normandy Cocquette" and Normandy Cachette" to "Albourne Adventure" (imp.), and look forward to some promising offspring from these matings which concentrate on the famous "Albourne" strain. They also report the mating of "Adventure" to their "Ch. Heather Lulu," but this mating is

no venture, considering the quality of "Lulu's" last litter by this dog. It is interesting to note that the offspring of "Cachette" and "Cocquette" will claim as their grand-parents, "Ch. Breastonian Venture," "Albourne Sequence" (who is a litter sister to "Chs. Albourne Brigand," "Braw Lass" and "Reveller," and the winner of two challenge certificates), "Heather Jock," (imp.), (by "Ch. Heather Necessity," ex "Ch. Ornsay Baba"), "Ch. Heather Lulu," (imp.); "Ch. Merlewood Aristocrat," ex "Cairntoul," the latter being the dam of "Ch. Ornsay Baba"). Such matings should produce desirable Scotties, and later in the year they propose to mate their "Normandy Annie" by "Ch. Merlewood Aristocrat," ex "Heather Jean," who is a daughter of "Ch. Albourne Scot," to "Adventure," who is a double grandson of "Ch. Albourne Barty," whose sire is also "Ch. Albourne Scot," which by proper selection should be productive of the ultimate requirements in Scotties. A. G. Cowley, who instituted the "Albourne strain" in Great Britain, contends that his success as a breeder, who has bred eighteen Champions in that country, is due to his ability to being a good listener and keeping within a winning strain, therefore, as the strains of prize winning stock in Great Britain today contain identical blood lines with those of the "Normandy Kennels" of Edmon-

VIROL

(CONTAINING BONE-MARROW)

"There is nothing like VIROL for putting a dog in condition for Shows and for keeping him at his best while benched." This is what leading Canine Experts and Breeders tell us.

"IT PUTS THEM IN THE PINK OF CONDITION"

Sold in 1-pound and ½-pound tins at all stores.

Write to us about the Special Kennel Size, 7-pound tin.

Canadian Importers: 6201 Park Avenue, Montreal.

Sales: H. F. Ritchie & Co., Ltd., Toronto.

ton, there is no reason why we should not expect considerable stock of prize-winning calibre from that kennel, which has already been admirably demonstrated by the stock emanating from this kennel, the winnings of which have appeared in "Kennel and Bench" from time to time.

It is a pleasure to welcome a new fancier to the possibilities of "Alberta Notes" from time to time, but I would like to impress upon new fanciers the advantage they can obtain by becoming a member of the Canadian Kennel Club, as the advantages of such a membership are too numerous to mention, however, I would heartily recommend to Mrs. D'Arcy Marsh of Calgary, who seems to be going in rather strong for Spaniels, Cockers and Springers, as she reports grand litters of both breeds, that she join the Canadian Kennel Club at once. Mrs. Marsh also reports the anticipation of a litter of Blue Roan Springers in the immediate future.

H. P. Saunders, who has long been a breeder and exhibitor of gun dogs, and has owned many well-known winning Cockers and Setters, is, I understand, at the present time busily engaged in superintending the grooming of a very nice Cocker Bitch out on the farm which he has hopes of going "bang" to the top. Mr. Saunders is also continuing his breeding of gun dogs and has two very nice litters at the present time, one of Cockers and the other of Springers.

L. E. Wize, Edmonton, whose "of Kent" affix is so well-known to Springer breeders, advises that he has shipped his "Ch. Vale of Burnside" for another mating to Dan Morgan's Int. "Ch. High Tide Barney," in view of the fact that all of the last litter of this dog from "Vale" were sold to breeders in this community. The off-

spring of "Ch. Vale's" previous mating to Int. "Ch. High Tide Barney" are so promising that Mr. Wize felt that he could not do better than ship "Vale" to the same dog for another mating.

Stop 8, Yonge Street.

A. and E. Warry of the "Acme Kennels," Edmonton, report ready sales for their Pekingese, Pomeranians and Collies, having sold two males and one female Pekingese to Mrs. Scott and Mrs. Dundee of Columbia, South Carolina; two male Pomeranians to Miss Aiken and E. Scott of Louisiana, and a Collie puppy to Mr. J. F. Sheady of Minneapolis, Minn., since the appearance of the last issue of "Kennel and Bench." They also report a splendid litter of Irish Water Spaniels, sired by "Graydawn Hennessy," who is a noted worker in these parts, ex "Graydawn Molly," and an exceptionally good litter of Springers out of "Vixen of Kent," who is a daughter of "Ch. Vale of Burnside", and sired by Int. "Ch. High Tide Barney." The sire of the litter is "High Tide Pilot of Kent." Mr. and Mrs. Warry have been successful breeders for the past thirty years, exhibiting for the first time in Canada at our 1925 show. Since that time they have won 108 ribbons and numerous specials, and only once since that time have they missed securing the ribbons for "Best of Breed" for one of the breeds they sponsor. We understand the "Acme Kennels" contemplate the importation of a new Pekingese stud whose blood lines are suitable for their imported bitches of this breed, and we wish them continued success in their breeding programs and at the shows. Make your entries for Edmonton Dog Breeders' Association.

GERMAN SHEPHERD DOGS AT HAMILTON

Judge, Col. J. N. MacRae.

A very pleasing showing of dogs of extra good quality, German Shepherds shared with one other breed the honor of having the most dogs benched, viz.: twenty-two. I was extremely well pleased with the quality displayed and with the general dispositions and temperaments. There was not a dog with poor conformation in the show, although some had more faults than others and that is why those dogs lost.

As individuals, the Winners Dog, "Norbert V. Borsdorf" and the Winners Bitch, "Lady of Dawn", stood out with really beautiful conformation, action and condition. These two, with that grand old champion, "Hetel V. Bodman", competed for Best of Breed, resulting in the bitch taking the ribbon. I am not detracting from her win in any way by saying that, had "Norbert V. Borsdorf" been given a better chance by his handler, he might have won this coveted ribbon, even over his illustrious sire.

The bitches appeared, as a whole, to have more quality than the dogs. There were three other extremely good adult bitches, "Gilda V. Kreye", "Lassa V. Walnutwald" and "Irma V. Kreye", shown in addition to "Lady of Dawn". There is such a thing as too good care being taken of a Shepherd, being kept inside where it is warm, preventing good coat development or using too fine a comb which removes the undercoat. These bitches had this difficulty to overcome while one of them, "Lassa V. Walnutwald" was in whelp, making her somewhat loggy.

"Nix V. Haus Schutting" in the Open Dogs Class had excellent conformation, but when moving was out at shoulders, probably due to his extensive exhibiting and travelling, cooped up in travelling crate. As we have to place them just as we see them before us in the ring, I could not put this dog better than third.

I was very well pleased with the exhibit and note a great deal of improvement in conformation and temperament over the exhibits of ten years ago when a good specimen was the exception rather than the rule, whereas today a poor specimen did not enter the ring. Temperaments keep right on improving.

WITH THE BEAGLERS

The Annual Spring Field Trials of the Hamilton Beagle Club were held on the Mitchell Farm, Freelon, Ontario, which is the regular meeting place of this club, on April 2nd, 3rd and 10th.

The weather conditions were most unfavorable and for a time it was thought that the trials would have to be postponed on account of rain. On the 2nd which was the first day it was a mixture of hail and rain, the next day was much better but the tracking was still bad. On the 10th the final day it was just a continual downpour all day long. This no doubt kept many of the Beaglers away. However, the club was very fortunate in having 34 entries.

The 13 Inch Derby brought out a very good class of young hounds, "River Park Surprise" getting the call for first place. This little miss is a good one, she is hard to shake off when it comes to driving on a line, and is all business when it comes to running rabbits. "Prince Edward Babs" is another Derby of no mean ability, a good driver and searcher, and always hustling. "Queen" and "Shady Park Beauty" battled it out for the 3rd and 4th honors.

Results, 1st—River Park Surprise, (River Park Spot x River Park Rose); 2nd—Prince Edward Babs (Rex Banjo x Prince Edward Lass); 3rd—Queen (Vickers Mack x Vickers Jet).

Reserve—Shady Park Beauty (West Surrey Masterman x None Such Toney Girl).

The 15 Inch Derby was not as satisfactory as it might have been, as the hounds worked their way into a dense swamp, that made it very difficult to judge, with the result that only three hounds were placed. "Yankee Artist," a strapping big Beagle, was placed on top, with "Shady Park Bob" and "Dock" right at his heels.

Results, 1st—Yankee Artist (Harkaway Driver x Yankee Susan); 2nd—Shady Park Bob (Sunny Bank Jerry x Fords Flying Queen); 3rd—Dock (breeding unknown).

The 13 Inch All Age was the best event of the meet without any doubt. In fact a better bit of competition has never been witnessed at these trials. One of the big Jacks that roam the pastures around these parts, was the victim. Five of the eight hounds were on hand when the Jack was first picked up, and away they went, right out of hearing. In about an hour's time the Jack circled back to where he started from, with but two of the hounds sticking with him, these being the good Derby "River Park Surprise," and the

old girl, "Shady Shores Silk," who can still step a real fast heat.

Results, 1st—River Park Surprise (River Park Spot x River Park Rose); 2nd—Shady Shores Silk (Ch. Sapper Sagacious x Pencraft Memory); 3rd—Yankee Girl (Shady Shores Short Boy x Shady Shores Serene).

Reserve—Riggs Beauty (Yankee Doctor x Yankee Girl).

The 15 Inch All Age which was run off on the last day, started off after a little confusion. This was caused by pack number one running a "Jack" into pack number two, which was easily a mile away. After a little delay the packs were separated and started again on different grounds. Three hounds from each of these two packs, were carried into the finals, and this time the game started was snow-shoes. W. J. Filman's bitch, "Yankee Susan," place third here, completed her Club Championship with a few points to spare.

Results, 1st—Aldershot Doctor (Yankee Doctor x Aldershot Belle); 2nd—Shady Shores Silk (Ch. Sapper Sagacious x Pencraft Memory); 3rd—Yankee Susan (Yankee Whip x Yankee Singer).

Reserve—Lindy (Ch. Barney Boy x Random Music).

DOWN WINDSOR WAY

The Windsor Kennel Club members to be represented at Detroit Show found themselves right in the money; A. H. Graves had his "Cito v. Luxemburg," and "Krafta of Jessford" entered, and with the former he won 1st novice dogs, and with the latter, 2nd Amer.-bred bitches. Wm. (Paddy) Munro has a smart wire in the competition and won three first prizes, and one second, the second prize coming from the open dog class, showing that Mr. Munro's youngster "Paddy's Handy Andy" was quite a handy sort.

Geo. Burrows had his "Glow of Hope" awarded 2nd Novice and 2nd Limit (under 45 lbs.) in the Bulldog section of the show, and for company he had Pierre Bergsma with his "Dugal's Popeye" and "Dugal's Monkey," and both were placed 4th in the Puppy Dogs and Bitches (6 and under 9 mos.) and in that order.

Mrs. J. Wheeler's Pomeranian, "Ferman Golden Skipper," won 2nd Puppy Bitches (9 and under 12 mos.).

Mrs. H. Riddock had a big day with her entry of 4 Yorkshire Terriers. "Byngo's Royal Tiny" won Winners Bitches, "Master Quality" Winners Dogs and Best of Breed. "Byngo's Royal Master" 1st Puppy Dogs, and "Byngo's Royal Rex" 1st Novice Dogs.

Saskatoon Kennel Club Show

Comment by Judge Stanley Dorrell

The Saskatoon Annual Spring Show, held on Good Friday and Saturday, March 25th and 26th, in the Armouries, was a very enjoyable fixture, and I must say one of the most harmonious shows I have ever attended. Everyone wore a smile and it was a pleasure to renew old acquaintances of over 20 years' standing with quite a few of the fanciers.

Everything ran smoothly from start to finish, great credit being due to Secretary Jack Ayre, who is indeed the right man in the right place. I also tender my best thanks to the untiring efforts of the following: Doctor Margaret French, Doctor J. T. Cooper, Mrs. Ayres, President Hanselman, Frank Jackson, C. W. Crothers, Walter Riome, Wren Bros., "Monty" Wallace and a host of others who worked like trojans.

The building was admirably suited for the occasion, with ample room, light, heat and ventilation for the comfort of both the spectators and dogs. The judging ring was very spacious, enabling me to get every movement of the Alsations in particular, which classes were the largest in the show.

The general quality all round was very good and I shall just mention the outstanding winners.

In "Toys" the best went to a very sweet orange Pom, "Ch. Merrythought," owned by Mrs. J. F. Droppo. "Merrythought" was shown in wonderful bloom, grand stand off coat, perfect tail carriage, fine bone and small ears and the size I like. One of our best Poms in the West. In the working group, best won by a grand Newfoundland, "Ch. Shelton Cabin Boy," a lovely, massive black, with wonderful coat, well ribbed up body, broad back, strong neck, well set on to the shoulders, very strong hindquarters, with great bone throughout. "Shelton Cabin Boy" is owned by the Drumnod Kennels.

In non-sporting first awarded to Mr. and Mrs. Frank Jackson's English Bulldog, "Moraira Mutineer," a sound dog all over, very good head qualities, small rose ears, deep muscular shoulders. He is well wrinkled, good turn up, and good bone.

The Terrier group was headed by an assertive Scottish Terrier, "Normandy Airth," owned by Geo. Kynoch; a nice short back, low to ground, and full of fire in the ring. The Sporting group was the strongest class of all and was won by E. Chevrier's Springer Spaniel "Hammond's Mike"; he is indeed a

nice one, a well developed head and muzzle with the square jaw (which is so sadly missing on some of our Springers), low set ears, long neck and sloping shoulders, powerful hindquarters, is nicely feathered, with straight legs and a good ribbed body with strong loin. He was shown to perfection by the famous ring artist, George Kynoch. This dog finished up by winning the Canadian Kennel Club Cup, also best of all breeds in show.

One incident I would like to mention is that in judging "Airedales" (the names I haven't by me at present but will be in the award list), I placed the Second Canadian-bred dog to First in the Open, over the 1st Limit dog which had already beaten him, and therefore reversed my decision which I informed the secretary of the show I was going to do. My reason for this is the 2nd Limit dog would not show at all in the Limit class, but in the Open he certainly was a different one and deserved 1st, so I awarded it to him.

PARTICULARS AND AWARDS

Dogs benched.

Championship points.

Best in Show, Springer Spaniel, Lammond's Mike, E. Chevrier.

Best Canadian-bred, Springer Spaniel, Lammond's Mike, E. Chevrier.

Best in Sporting Group, Springer Spaniel, Lammond's Mike, E. Chevrier.

Best in Working Group, Newfoundland, Ch. Shelton Cabin Boy, Drumnod Kennels.

Best in Terrier Group, Scottish Terrier, Normandy Airth, George Kynoch.

Best in Non-Sporting Group, English Bulldog, Moravia Mutineer, Mr. and Mrs. Frank Jackson.

Best in Toy Group, Pomeranian, Ch. Golden Merrythought, Mrs. J. F. Droppo.

ENGLISH BULLDOGS

Open Dogs, 1st and Winners (Under 45 lbs.)—Mr. and Mrs. Frank Jackson's Moravia Mutineer.

Canadian-bred Bitches—1, R. McKenzie's Silverdale Pal.

Open Bitches—1, George Kynoch's Sensible Lady; 2, Mr. and Mrs. Frank Jackson's Princess Debora.

Winners Bitches—Sensible Lady.

Reserve Winners—Princess Debora.

Best of Breed—Moravia Mutineer.

TOY POODLES

Open Dogs, 1st and Winners—John Young's Dandy Boy.

Novice Bitches—1, Mrs. Agnes M. Cowell's Toy Toy; 2, Mrs. L. B. Eagle's La Chere.

Canadian-bred Bitches—1, Toy Toy.

Winners Bitches—Toy Toy.

Best of Breed—Dandy Boy.

POMERANIANS

Puppy Dogs—1, F. T. Mater's Pal.

Limit Dogs—1, Surrey Kennels' Surrey Gold-Dust.

Open Dogs—1, Marvel Kennels' Cairndhu Courtier.

Winners Dogs—Cairndhu Courtier.

Reserve Winners—Surrey Gold-Dust.

Open Bitches—1, H. Bentley's Sandhills Cherry.

Canadian-bred Bitches—1, G. D. Wye's Kertinka.

Winners Bitches—Sandhills Cherry.

Reserve Winners—Kertinka.

Best of Breed—Mrs. Droppo's Ch. Golden Merrythought.

PEKINGESE

Canadian-bred and Limit Dogs—1, R. C. Ward's Kingswin T'Zan.

Open Dogs—1, Mrs. W. J. Caudwell's Moy San of Peiping.

Winners Dogs—Moy San of Peiping.

Reserve Winners—Kingswin T'Zan.

Best of Breed—Moy San of Peiping.

BOSTON TERRIERS

Puppy Dogs—1, Geo. Duncan's Trapystok Headlight.

Novice Dogs (under 15 lbs.)—A repeat.

Open Dogs (15 to 20 lbs.)—1, Mrs. J. B. Ross' Just The Guy.

Winners Dogs—Just The Guy.

Puppy Novice Bitches—1, Mrs. A. Middleton's Baby Bantam.

Open Bitches—1, H. Bentley's Cromwells Peppy Girl; 2, Geo. J. Currie's Patricia.

Winners Bitches—Cromwells Peppy Girl.

Reserve Winners—Baby Bantam.

Best of Breed—George Duncan's Trapystok Personality.

GERMAN SHEPHERD DOGS

Puppy Dogs—1, Robert Gordon's Sasoon Gunther; 2, Mrs. J. L. Cain's Val von Aslahert; 3, H. R. Hinds' Pal.

Novice Dogs—1, Sasoon Gunther; 2, Miss Rose E. Gruhlke's Bing von Silins; 3, Thos. F. Rooke's Prince Barry von Wainhart.

Canadian-bred Dogs—1, P. Carrabre's Rex Koeniglichen Norden; 2, Bing von Silins; 3, R. Taylor's Don Juan.

Limit Dogs—1, Rex Koeniglichen Norden; 2, Sasoon Gunther; 3, Alfred J. Wright's Sasoon Gladiator.

Open Dogs—1, and 2, a repeat; 3, Bing von Silins.

Winners Dogs—Rex Koeniglichen Norden.

Reserve Winners—Sasoon Gunther.

Puppy Bitches—1, Robt Gordon's Sasoon Freia; 2, H. F. Arnold's Sasoon Brunhilde.

Novice Bitches—1, and 2, a repeat; 3, Jas. Lundie's Trixie.

Canadian-bred Bitches—1, G. C. Hanselman's Minka von Sulina; 2, Sasoon Brunhilde; 3, Fred Emmerson's Peg O' My Heart.

Limit Bitches—1, Sasoon Freia.

Open Bitches—1, Minka von Sulina; 2, Robert Gordon's Trixie of Castor; 3, Sasoon Freia.

Winners Bitches—Minka von Sulina.

Reserve Winners—Trixie of Castor.

Best of Breed—Koeniglichen Norden.

ST. BERNARDS

Puppy Dogs—1, G. C. Hanselman's Hector von Ohrnberg.

Novice and Canadian-bred Dogs—1, G. C. Hanselman's Bruno Helvetin.

Open Dogs—1, Hector von Ohrnberg.

Winners Dogs—Hector von Ohrnberg.

Reserve Winners—Bruno Helvetin.

Best of Breed—Hector von Ohrnberg.

NEWFOUNDLANDS

Open Bitches, 1st and Winners—Drumnod Kennels' Lady Cabot.

Best of Breed—Drumnod Kennels' Ch. Shelton Cabin Boy.

"Where can I buy the best Life Insurance Policy?"

Several things enter into the consideration of this important subject. What is the premium rate charged? What dividends are given on the policy? Is the company economically managed so that its future prospects for dividends are good? Does it earn a good interest rate?

No Booze for Beaglers

A Beagle Hunt Club has banned liquor before or during rabbit hunts. The rabbits have complained that even by pursuing a zig-zag course they could not keep out of the way of some huntsmen.

Will someone page Harry Austin of the Canadian National?

Hamilton Kennel Club Show

Judge's Comment and Awards.
JUDGE E. J. TYLER.

In commenting on the show held at Hamilton, March 25th and 26th, I will only have time to touch on the "high spots" of the breeds coming before me on the two days. It was pleasing to me to notice that I had no cause to withhold the badges of merit from any of the exhibits.

I found, on this my first visit to Canada, a genuine lot of people who were good sportsmen, and this in itself made my visit highly enjoyable.

There were some outstanding dogs shown, such as the Wire Fox Terrier, "Vanity Bantam," set down in superb condition with a coat that was really marvellous. This dog was a grand shower. Two really splendid Pugs were shown and because so few of them have been shown in recent years they were really attractive. Three good Newfoundlands made a representative entry of a once very popular breed. Some excellent Russian Wolfhounds, amongst them a most promising puppy, and that great Hound, "Ch. Romanoff Kasloff II."

Springer Spaniels were not so numerous, but there was a lot of quality around. "Belmooss Cocksure" can win almost anywhere. In Collies it was a delight to judge a lot of good ones, and by that I mean big, upstanding, sturdy Collies that were capable of performing their duties as they were intended to, and while there were some outstanding dogs amongst them, special mention should be made of the best of breed, "Laird of Thrums." He was a very typical dog, shown in good coat and condition, with a good long head, fine Collie expression, and a splendid action.

Only one Pointer was shown, but an outstanding specimen shown in superb condition and always under fine control. He will go far. Beagles were few in number, but this band was also well represented by a very nice specimen in the Winners dog.

I could write several pages about many more of the dogs that came before me, but suffice for the time being to mention the Best of Breed Bulldog, Great Dane, Airedale Terrier, and last, but not least, a really fine specimen of an Old English Sheep Dog.

The Hamilton show was minus its president and secretary through seasonal indisposition, and this disturbance in the team-work of the Club's committees were noticeable as the work of the chief officers was taken up by

willing though less experienced workers. The building was just a trifle small for the size of the entry, which made the show look smaller than it really was. The gate at all times kept the building well filled, and no doubt the show was a success from the viewpoints of dogs entered and the patronage of the public.

AWARDS

Dogs benched, 225.

Championship points, 2.

Best in Show, Wire Fox Terrier, Vanity Bantam, W. H. Short.

ENGLISH BULLDOGS

Puppy Dogs—1, A. Morgan's Bonhomie Regal; 2, Harry Shiele's Son O'

Once a Week for your dog's sake—do this.

Every dog has his off-days. Some have more off-days than others. The quickest way to cure a doggy ailment is to give Karswood Dog Powders. But you can—and for your dog's sake you *should*—do better than this. Every Sunday morning give your dog a Karswood Dog Powder—regularly, without fail. This is what the World's leading dog breeders are doing to keep their dogs fit and happy all the year round.

Karswood Dog Powders are an entirely new improved dog remedy, containing specific nerve foods and organic salts which are not contained in the dog's ordinary food, but which are necessary to the perfect functioning of his system. Get a packet to-day—and give your dog a powder next Sunday morning. Miss F. Ethel Dixon, owner of the famous Champions *Karzadoc*, *Honeystake*, etc., etc., says: "Karswood Dog Powders are now a regular part of my Kennel equipment."

Here is another enthusiastic testimonial:

"Splendid Tonic and Conditioner."

I sent to you some time ago for some of your well-known Karswood Dog Powders, and found them of great benefit. As I dare say you know, I am an exhibitor at most of the leading shows, and I have to keep the dogs in good show condition, and I find a weekly Karswood a splendid tonic and conditioner. I am enclosing a photo of a few prize-winning Cocker, which speaks for itself.

(Miss) B. A. CLIFT.

Co-Operation

WHEN the Editor of **Kennel and Bench** decided that Field Trials could and should be an active department of the Canadian Kennel Club's activities, simultaneously he decided to become acquainted with sport in the Field, and for that purpose, attended the Field Trials of the various Beagle Club's Trials from Hamilton to the Border Cities.

The first impressions formed, were very complimentary to the sportsmen indulging in Beagling; hardy, wiry fellows, who stood up to all the rigorous demands of the pastime. To search for game through thicket and swamp and to follow the hounds once the game is found and on the run, calls for a physical condition, which, in the slang of the street, is described as "being in the pink." Grievances were frankly and openly discussed by the "call a spade a spade" code, so that when the Trials were over, the participants left the field with a perfect and mutual understanding. At the Banquets, which usually followed the Trials, discord was usually conspicuous by its absence. As a breeder and exhibitor of non-sporting breeds, the poor type of Beagles used at the Trials generally, was a constant jar to the eye, trained and accustomed to look only on bench type dogs. To hear the praises of certain poor type Beagles sung enthusiastically by proud owners of dogs who unquestionably knew what Beagling was all about, was another source of irritation.

In season and out of season, we argued the cause of the bench type Beagle for a place at the Trials. Frankly, the opposition was "gimme the dog by 'Ned' out of 'Sal.' 'Ned' won the Derby and All-age here and there all over the country and 'Sal' was a better Beagle than 'Ned' ever knew how to be. Dogs bred that way, have rabbit sense and that is what counts most at the Trials." Such argument sounds well enough in a certain atmosphere, but there was still the question of "Why should 'Good Looks' by 'Handsome' out of 'Beautiful' not be a successful Field Dog?" to be argued. It was always possible to get a hearing for "Peaches" but the wise-ones would usually wag their heads in doubt as if to say "show me first."

Smarting with the feeling, that the bench type Beagle could not be trusted to "do his bit" on the Field, it was decided to "prove the case," so plans for an experiment were carefully laid. Oscar Pierson, of Cainsville, Ontario, was a man who brought Beagles to the shows that were not hard to look at. Hounds would be right up in the

CHAMPIONSHIP RATING

The committee appointed suggest that Club Secretaries call their members together for the purpose of discussing our present championship rating and send their report to

WALTER H. REEVES,
156 Bridge St. E.,
Belleville, Ontario.

Sporting Groups at the shows. That he was a Field devotee, was stamped indelibly all over the man, so our plan was discussed with Mr. Pierson, and the Beagle "Watch This One" became the Editor's property, and it is no secret that no dog ever was more welcome in the home. What a house-dog a good Beagle can be—oh, Boy! Dr. Redden, at the National Kennel Club Show, said, "Handsome, but not quite ready yet" and Dr. Redden was right. "Bob" Ross made the little dog "Best" at Ottawa Winter Fair.

Training was the next consideration. The Lemmon Brothers at Windsor, Ont., stood out at the Trials as successful trainer handlers. Everybody had a good word to say for the "Lemmon Boys" and so the plans were discussed with them. "Sure we are ready to try and further the interests of your experiment" and as in the case of Oscar Pierson, no charge would be made. "What is one dog more or less

by any Judge. Frequently, Oscar's in a Kennel anyway?" and so "Watch This One" went to Windsor for training. On the 15-in. line, the puppy was entered for his first "Derby" at the Canadian National Beagle Hound Championship Trials, held at National Park, Point Pelee, Ontario, last Fall. The result was quite satisfactory to the handler, but not quite so satisfying to the Judges. However, a start had been made and being a youngster he had rights to another Derby Trial, so training was continued, and New York Show was denied the honor of benching a real show Beagle rather than interfere with the dog's training.

At Point Pelee and running under the colors of that genial Irishman, Jim Hendrick, of Sandwich, Ontario, who now owns "Watch This One," the Judges officiating at the Canadian National Beagle Club Trials on April 10th, found their Derby winner in the "experiment dog." A telegram from Mr. Hendrick, says "I'm convinced" and this concession from "Jimmie Hendrick is ample justification for the experiment. If a "greenhorn" can demonstrate the possibilities of a bench type Beagle in the Field, surely the rank and file can now show further illustrations of the same thing. Besides, what a "grand and glorious feeling" one may enjoy when watching a handsome dog do his work handsomely. Good luck, Mr. Hendrick, and giving you your own toast—"May ye never die until I murder ye!"

In justice to the "Lemmon Brothers," we will let them tell the story, as they told it to "Ye Editor." "It is with the most profound pleasure and satisfaction, that we advise you, that your experiment with Beagles has "delivered the goods." "Watch This One" came through yesterday in outstanding style. Down in the First Series with "Shaw-anoo Major," another splendid little hound, they put the series "in the bag" with the longest and fastest drive of the meet. Major made a wonderful running mate for "Tip" ("Tip" being Mr. Pierson's nick-name). Both were fast driving Hounds, quick to retrieve mistakes and always eager to go. Major made a bad break at the sand beach by leaving the line and going to the Lake to water. "Tip" took all the advantage of Major's break forging ahead and holding the line until ordered up.

Put down in the Second Series with Bangor Gambler, the dogs were put down on a marked rabbit. "Tip" lifted the line. Gambler O.K'd it, short work to a check. Around a brush pile "Tip" again picked it, and straightened away for a line drive right through a gallery

Springer Spaniel Puppies FOR SALE

Excellent litter of liver roan puppies from Lammond Mike (94278), ex Lammond Lady Bonetta (86734), three months' old.

Phone Burlington 16, Ring 2

of around 80 people, and on to the open fields—the brace mate being unable to keep "Tip's" pace. After a short but very decisive heat, the dogs were ordered up. For the Third Series, "Tip" was not called, the judges being satisfied that first place was already won. The other dogs were left in to place 2-3-4 and reserve. It was a very popular win with judges and gallery alike, and everyone was talking very complimentary about "Tip's" good work.

"It gave my brother and myself real pleasure to have Dr. Gordon Hagmeier, A. Seiling, Jim Hendrick, and a few other old-timers, who have declared "it could not be done" with that kind of breeding, come with grins extending from ear to ear, on their faces, and with outstretched hands declare, 'Boys, we were all wet! He sure did it—and how!'

"Now the 'experiment' goes to the Federation Meet at Anderson, Indiana next week-end, and we will do our best to help him repeat. He is a real Beagle, and we join you in rejoicing over the success of an experiment. You have demonstrated in the only possible way, and with very few words, that a good looker can also be a wonderful worker."

So that's that, and surely if the writer could turn the hands of the clock back for fifty years or so, the prefix "Coltness" would certainly designate working Beagles of show type and quality.

Thanks, Mr. Pierson. Thanks, for co-operation, Lemmon Brothers, for without your splendid services, my experiment could not have been made.

Beaglers! Will you do "Ye Editor" a favor? Invite me to your Fall Trials, and show me some typical hounds doing some work on the Field that you will be proud of.

SOMETHING DIFFERENT!

WEIGHT IN COCKERS!

"In size twenty to thirty pounds betwixt, of Liver, Black, Orange or White com-mixed, lively and gay, intelligent and spry, ears pendant, flowing hair, endearing age."

—From the Kennel Gazette, May, 1889.

From the quotation extracted from the Kennel Gazette of forty-three years ago, we learn, that the question of weight in Cockers is not a modern matter.

One of our older members who knows his Cockers inside and outside, one who is well qualified to be recognized as an authority on Cockers, Wm. G. Climo, of the Calmas Cocker Kennels, Calgary, Alta., has prepared an extensive treatise on Cocker Spaniels, and to better enable Cocker Spaniel breeders to familiarize themselves with Mr. Climo's theories and deductions, extensive explanatory charts have been prepared for the purposes of reference and illustration. This treatise and its accompanying educative charts will appear in the columns of **Kennel and**

Bench commencing with our June issue, by special arrangement with the author, Mr. Climo.

Breeders of Cocker Spaniels are advised to preserve the copies of **Kennel and Bench** containing the treatise, as we are certain, that any surplus copies of the issue that we may have left over will soon be taken up, after which time the treatise will not be available.

Look For It!

TRYING TO GET TOP-NOTCHERS

Thos. Cocker, of the Westdale Kennels, Hamilton, has bred his "Signal Circuit" bitch, to "Thet Tino", (Imp.), and if everything goes right, he hopes to have something to bring to the shows in 1933 from this litter. Another of the Westdale bitches has been bred to "Vivadora Masterpiece," a Simon bred one, and as this marks the dog's first flirtation the results are being looked forward to with more than ordinary interest.

WHAT MATURITY MAY MEAN

What maturity may mean to a dog was rather startlingly exemplified at Hamilton Show as Col. J. N. MacRae was judging the German Shepherd dog entry. In the entry were Shepherd dogs from Germany, Switzerland, England and the United States to match strides with our Canadian dogs. Some of the winners at past shows did not seem to take Hamilton seriously, but "Lady of Dawn" was the exception; she was as active and alert as a cricket.

"Lady of Dawn" is described as a silver grey in her official record, born on July 27th, 1929. She became the prop-

erty of Mrs. H. G. Slean, Toronto, early in February, 1930, and made her debut at the Norman K. Swire Memorial Show, where she won first puppy. At Hamilton, in the same year she went to reserve winners. In 1931 under Lady Kitty Ritson, she was first Canadian-bred. She was getting better right along with the advantages of maturity, but at Hamilton Show held recently there was no possibility of denying her. On a cotton lead, and under the guidance of "Billy" Unthank, she came into the ring in the Canadian-bred class and begged for first recognition. Moving freely and with

spirit she claimed and retained the judge's attention. When the final analysis came and the quality of the breed came together "Lady of Dawn" was on her toes to the last second, and as Col. MacRae handed the coveted "tricolor silk" to "Lady's" handler, the ringside signified its approval in a manner that could not be easily misunderstood, and no doubt "Lady of Dawn" will battle her way to championship honors from now on.

JUST ARRIVED FROM ENGLAND

Phyllis Robson's latest book

POPULAR DOGS

The breeds. Their care and management. Phyllis Robson is the talented Editor of the "DOG WORLD," England, and this contribution to dogdom's literature, which is a veritable guide to the novice and others, is decidedly rich in its general content.

Her Grace the Duchess of Newcastle says: "I feel this new book on dogs is a real addition to our Canine library, for not only does it give a good description of every known breed, but it also gives sensible advice on dog management to all wishing to own a dog, but who lack the knowledge necessary to keep it well and healthy."

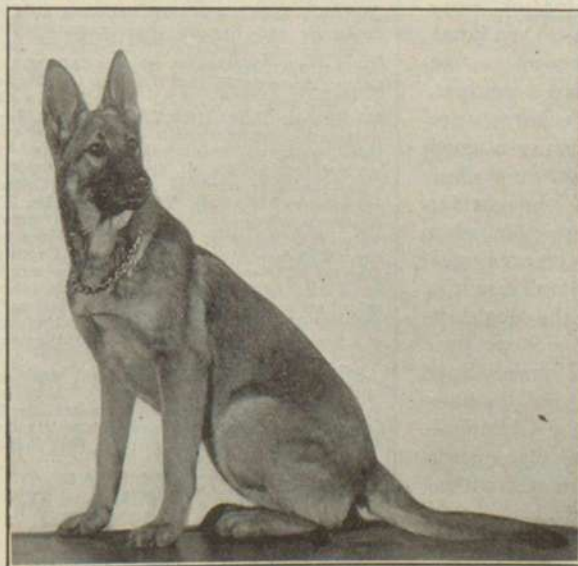

"To all such I most thoroughly recommend it."

ALWAYS ALERT—LADY OF DAWN

IN ENGLAND WITH MR. & MRS. ALF. LOVERIDGE, TORONTO

My three months' trip to England this last Winter, will long be remembered, as it enabled me to pay a visit to all the leading dog shows that I had so often longed to see. We sailed from St. John on December 12th, on the "Duchess of Richmond," which was the last boat to reach England for Christmas. So you can imagine what a happy crowd we were. Each day was full of enjoyment with no time for sea-sickness. After leaving the shores of Canada, Ireland gave us our next sight of land, and what the North Coast did to us, was just too bad. The "Devil's Hole," as they call it, played its own part to a nicety, but we soon passed it and made for the Clyde, where we anchored just outside of Greenock. There the Tender came out and took off the passengers for Scotland. Here we had a great time saying goodbye to the many friends we had met and made. Soon we were off again to cross to Belfast where the passengers for Ireland disembarked at midnight. We woke up next morning at Liverpool and found everything ready for us to leave the ship. We were off by 9 o'clock, passed the Customs in record time and were soon on the London Express, bound for Home Sweet Home, where we arrived on December 24th at three o'clock in time for tea.

We spent a quiet Christmas Day with Mr. Loveridge's Father and Mother, and a young nephew who had arrived from Switzerland to spend Christmas with us. On Boxing Day, December 26th, we had the pleasure of attending the meet of the Grafton Hunt. We had a most exciting day, and met many of Mr. Loveridge's old friends whom I had not seen since my last visit. The Pack were in lovely condition—truly the finest lot of Foxhounds I have ever seen. Our home is right in the hunting centre, so we had huntings to our heart's content. The point to point Steeplechases were marvellous, and we had many a good day's sport attending them, we walked miles and miles and never thought for a minute how far we were going, but in England, everybody prepares well for walking. The dog shows are the most important days in the dog lovers' calendar in England, so our first show was the National Terrier Specialty Show, at London, on January 12th, which was held at the Olympia—quite central, and an ideal place for a show. Here I saw the greatest collection of Terriers I had ever seen benched. Judging started sharp at 11 with every one ready and waiting for their call. Each breed had its own

judge, so every ring became busy all at once. The classes were very large and you could comfortably watch two or three rings at once, and notice just the type of Terrier the judge desired for his winners. The wonderful sportsmanship I noticed everywhere at this show and at all the others I attended, I will not readily forget. Fox Terriers, both smooth and wire, seemed to hold the greatest attraction, and it was hard to get a seat any way near where these breeds were being judged. I saw some wonderful Airedales. The Bull Terriers were most interesting on account of them having their natural ears, they looked a splendid lot. I saw "Ch. Num Skull, who is really everything that is good. He and his owner are inseparable. Cairns and "Scotties" had a nice entry too. In fact, every breed of Terrier was well represented, around four o'clock, everyone was getting ready for home. Fancy the folks in Canada leaving a show at that hour! The English people would be shocked if they were kept late. A two-day show is just too long for them. I think the time is just right, for everybody gets home the same day and there is no further expense. Almost every day we could have gone to a dog show. We are only fifty miles from London and the shows start early in January and seem to run daily throughout the year. We had many invitations to visit various kennels, and each week we visited some of them. We spent an enjoyable visit on two occasions at the Southmore Kennels, with Mrs. Partridge and

her son, Mr. Partridge, whom we consider to be a great authority on German Shepherds. Here we saw the famous and worthy "Champion Horand of Southmore," looking just wonderful, and in tip top condition. He is the ideal Shepherd and a wonderful pal. "Horand" had not been shown as much as his owner would have liked, but Mr. Partridge owns a large estate where over 300 head of cattle are kept, which entails quite a lot of work. Unfortunately his men had been sick a lot, and it meant so much more for him to do himself. We saw a very promising bitch puppy by "Horand," she was a very sweet thing and teeming with quality, when matured, she should prove a keen contender at the shows. Mr. Partridge had also a very smart bitch, who was marvellous when working with the sheep and as lambing time was on, she was an invaluable help. Mrs. Partridge is also an enthusiastic lover of dogs, she had some beautiful Pomeranians. Time seemed to fly away when we visited the Partridges, and we talked nothing but Shepherds all the time. We went down South as far as Newquay to the Nancolleth Kennels of Pointers, owned by Mr. Rowe. Here we saw "Nancolleth Remarkable, a son of the famous "Champion Nancolleth Markable" (now owned by Mrs. H. Dodge of Giralda Farms, Madison, N.J.) which dog was best in show at Madison Square Garden this year. We saw this puppy go right through his classes to get reserve championship certificate to a Champion at Cruft's this year. We called also at some of the leading Fox Terrier breeders, and also visited Mr. Foster of New Duston, who was the breeder of the great Fox Terrier, "Ch. Talavera Simon," and many others. We called to see Mr. Loveridge's old friend, Tom Brumby, of Costock, where we saw his grand Wire Fox Terrier dog, "Ch. Gedling Safeguard," looking just as fit as ever. Mr. Brumby had a real good young dog which we tried to buy, but he would not sell. We spent an enjoyable day with Mr. Grice of the Stockfield Kennels, Birmingham, where we purchased the well-known Airedale Terrier dog, "Stockfield Jupiter." We spent three days with Fred Cross of London, who handles the famous "Ch. Airedale Matador Mandarin." We spent a couple of days with Sam. Bamford, whose kennels are situated on the highest point in Blackburn. We looked over a wonderful collection of dogs and it was here that we purchased the Scottish Terrier, "Walnut Rogue," a son of the famous "Ch. Heather Necessity." Mr. Bamford is considered one of England's leading dog men, and I understand he is invited to go on a world's judging tour this year.

THINGS YOU HAVE NOT KNOWN BEFORE The Coloured and Colour Breeding

By T. W. HOGARTH

Contents: Foreword (by Dr. G. M. Vevers); Introduction (what the Coloured is—the pioneer breeders and the parts they and their dogs have played—bibliography); Pedigrees and Results (Approximately 100 pedigrees and matings of all colours and the colours and sexes of the progeny); Colour Breeding in Bull Terriers (by Major T. Grahame, F.R.C.V.S., and Captain J. N. Ritchie, B.Sc., M.R.C.V.S., D.V.S.M.—a scientific interpretation of the actual results obtained in breeding, leading to several conclusions of far-reaching importance—the first work of its kind); Colour Inheritance in Bull Terriers (by Dr. F. Fraser Darling—a short chapter of great value and interest); Black Bull Terriers in the U.S.A.—(An account by Captain Charles K. Bassett of Buffalo of the strain of blacks made by him and much other information on Coloureds in America); More Pedigrees (taking the reader back to the foundation of the breed). 30 illustrations.

Scientific, authentic, complete, breaking entirely new ground, this work must be studied with advantage by breeders of all breeds where coat colour is of importance. To the Bull-terrier breeder it is indispensable.

On January 27th, we went to Catford, about forty miles from London on the other side from us. We left home the day previous, as we had to go to Epsom to spend the night with Mrs. Richardson, from whom we had purchased the noted Wire Fox Terrier, "Wyrecote Watalad," who was entered for the show. We drove right through Windsor, and saw the castle, Eaton College and all the college boys. This is a real college town. Then we went through the park and right on to the famous Epsom Downs, along the banks of the Thames for miles, until we finally reached the "Wyrecote" residence. We left next morning for the show, which was a great success. Mr. Loveridge showed "Wyrecote Watalad" under Howell Jones, where he was awarded Best Fox Terrier. Here we made a number of new acquaintances, spent a most enjoyable day, and left for home by way of London at 6 o'clock p.m. By this time we were well used to the roads. Once or twice we did miss a light or two, but we always made sure to run back and apologize to the "London Bobbies" who proved to have splendid dispositions, and always forgave us. Once we took a sharp turn by mistake, we thought we were going into Hyde Park, but soon we realized that we were charging into Scotland Yard. Naturally, we made a hasty retreat back to the Marble Arch, on to the right road and were soon on the way back home.

February 10th arrived, and **this meant Cruft's**. We had been eagerly looking forward to the show. Can you imagine 36 days without a drop of rain, then to wake up on the morning of Cruft's Show and find a real Canadian snow and ice storm? We set out on an icy road, but we reached London at 10 o'clock a.m., and immediately parked the car and took the Underground Railway to Islington, where the show was held. It just seemed as if everybody was going to Cruft's. We arrived with the crowds, and got in the line-up waiting to get in. Once inside, we got our catalogue and were all set to see the dogs. There were hundreds of booths showing every kind of dog food, every medicine, every imaginable requirement for a dog. These booths were certainly interesting. All the large breeds were on the main floor. The smaller breeds upstairs in a balcony, and you could look down and see many of the judging rings, somewhat like the Canadian National Exhibition building, but on a much larger scale. I went first to see the Daily Mirror's "Brave Dogs Exhibit." Such dogs were to be presented with medals for bravery. Each dog was benched, a card giving his name

Toronto, Ontario, Canada

and description of the brave deed he had performed. The owners were in close attendance, and they all got a great reception. From there we went through the sporting dog section, looked over the Setters and Retrievers, which were in full bloom and condition. Eventually, we located the German Shepherd (Alsations) dogs they call them here. There was a great entry of Shepherd and huge classes. The judge was Herr W. Reichert. There were 17 classes each for dogs and bitches. To the usual Puppy, Novice, Limit and Open Classes, the following were added—Beginners, Special Puppy, Debutante, Maiden, Junior, Special tyro, Undergraduate, Graduate, Post graduate, Minor limit, Mid limit, Specially restricted open (members of Cruft's), Specially restricted open (bred in United Kingdom), so you can see that the judge Reichert had his day's work cut out for him. Before I go any further, I want to say that it was a strange coincidence that Herr W. Reichert could easily be mistaken for the twin brother of Colonel J. N. MacRae, Galt. Colonel MacRae, can you not recollect your ears getting hot on the 10th of February? I was certainly talking about you then! Sorry I did not get a photo of Herr W. Reichert, to show the likeness to **Kennel and Bench** readers. I saw a lot of the judging, and I liked the judges placings. Before giving the award cards (no ribbons are given at English shows), the judge photographed the four winners dogs of the classes as they stood so that he would have them

for future reference, and I thought that it was an excellent idea. I had the pleasure of meeting Lady Kitty Ritson, who asked me to convey to all her Canadian friends, her best wishes and regards. I would have liked to have seen some of the Canadian people there, but if any of you want to enjoy a real treat as well as a real holiday, just get on the boat and go over and attend this big English Show. It is a great education in itself. Space does not permit me to mention all the splendid dogs I looked at, but the show itself, I will long remember, and I am living in hopes of being right in the line-up to get into Cruft's again next year, all being well.

Time soon slipped around and March 24th found us all packed up ready to come back to Canada. We brought the winning Airedale, "Stockfield Jupiter," the Fox Terrier, "Wyrecote Watalad," and the Scottish Terrier, "Walnut Rogue," and two Wire bitches. The return trip was quite stormy. Quite a few who had gone over with us, on the "Richmond" were returning on the "Duchess of Athol," so it was just a reunion in a way, and we all had a good time. The dogs all travelled wonderfully well. They are now quite at home in splendid condition, and at the time of writing, seem to be satisfied with Canada as their new home.

The Airedale, "Stockfield Jupiter," is a young dog, 16 months old, by "Ch. Town Sunstar," ex "Shilly Shally," a daughter of "Ch. Clee Courtier," and is one of the best and most natural colored Airedales that anyone would want to look at.

The Fox Terrier, "Wyrecote Watalad," is a noted English winner, who has come before all the judges. He is a young dog with plenty of time to make a name for himself on this side of the Atlantic. He is by "Ch. Talavera Simon," and has all the necessary qualities to meet the most exacting requirements.

"Walnut Rogue," the Scottish Terrier, is also a young dog. A dark brindle son of "Ch. Heather Necessity," ex "Flornell Selena," a daughter of "Ch. Albourne Brigand," and one of the best bred Scottish Terriers in Canada.

The Wires, "Holmwire Superb," and "Perkington Delightful," will be seen on the show benches when fanciers can see their quality for themselves.

WITH THE SPRINGERS AND COCKERS

THROUGH the courtesy of George Kynoch of Winnipeg, we have been given a synopsis of the standard adopted, both in Canada and the United States, on Springer Spaniels. The following was written by Mr. Kynoch and read at the Springer Spaniel meeting held during the meeting at the Westminster Show. In order to back up this description he quoted from a list of Champions. This short synopsis will certainly be of great value to a number of Springer breeders, and will no doubt clear up the weight question as far as they are concerned.

Foreface. Nostrils well developed, soft, liver color or black according to the color of coat; muzzle deep, with plenty of upper lip and flew; jaws good length, straight, fairly square, and neither under or overshot; nicely chiselled below eyes.

Skull. Rising from foreface without a pronounced stop, fairly long and lean, of medium breadth; from the stop a groove continues backwards to the front of the Sagittal crest forming two slightly rounded halves above the eyes; eyebrows and temples well developed; not thick in cheeks; occiput not domed, but top of skull flat and slightly rounded on sides and back, the top of occipital bone not projecting too far back.

Eyes. Medium size, dark hazel, dark brown or nearly black, harmonizing with the color of coat, not prominent, not sunken, nor showing haw.

Ears. Lobular, set on not higher than in line with level of eye, medium length, flaps hanging close to cheeks, feathering moderate. Liver and whites usually have curly or wavy feather, others differently marked, straight hair to ear tips.

Neck. Long, strong, and muscular, slightly arched, clean in throat.

Brisket. Not so wide as to interfere with the free action of the forelegs, but well developed, and nicely rounded in front of the chest and between the upper arms.

Shoulders. The blades wide and strong, sloping at fair angle forward from the back to strong and powerful upper arms; muscular without being loaded.

Body. Height of dog at top of shoulder, 18-20 ins. bitch, 17-19 ins., not more. Length from top of shoulder to anatomical root of stern should practically equal height. Weight of dog, 40 to 55 lbs.; bitch, 35 to 50 lbs.; strong back, with walls of chest fairly deep, and moderately sprung ribs; strong loin, equalling length of back, with hips sweetly rounded, slight arch over loin and hip joints; belly nicely curved from chest to flank, but not in any way "tucked up."

Hips. Well rounded and powerful.

Thighs. Broad, well developed, and muscular.

Legs, forelegs. Elbows well let down, set straight, free action from the shoulder, movement straight, firm on feet. Forearm straight in the same degree of size to toes, with strong slightly flattened bone and muscle, wrist, sometimes called knee, straight and almost flat, pasterns short and strong, feet strong and compact, wavy or settery feathering down to pasterns moderate.

Hind legs. From hip to hock long and sinewy, hock to heel short and strong, stifles and hocks moderately bent, and not inclined either in or out, firm on feet, feathering down to hocks moderate. Too profuse feathering objectionable.

Sterns. Not docked more than half, feathered, carried low when dog is quiet may be gaily carried with lively movement when dog is excited, but not carried above level of back.

Coat. On head and front of legs short and fine, on other parts of body wavy or flat, medium length, sufficiently dense to be weatherproof, waterproof, and thornproof. A nice fringe of wavy or settery hair on throat, brisket, chest and belly.

Color. Liver and white, black and white, blue roan and tan, and any other color except red and white.

General Appearance. An active, well-balanced sporting dog, built for endurance.

English Springer Spaniel Champions, bred by, E. Chevrier, of the Avandale Kennels, Winnipeg, Manitoba all, handled by George Kynoch:

Int. "Ch. Marvel of Avandale" (Best dog in show All Breeds, in 27 different shows).

Int. "Ch. Adonis of Avandale."

"Ch. Aristocrat of Avandale."

"Ch. Aristotle of Avandale."

"Ch. Sirdar of Avandale."

"Ch. Kingfisher of Avandale."

Int. "Ch. High-Tide Barney."

"Ch. Flint's Whinsey."

"Ch. Sunray of Avandale."

"Ch. Ouade of Avandale."

"Ch. Royal Flush of Avandale."

"Ch. Coronation of Avandale."

"Ch. Perfection of Avandale."

"Ch. Sensation of Avandale."

"Ch. Doris of Avandale."

"Ch. Julian of Avandale."

"Ch. Miss Marvel of Avandale."

"Ch. Yenda of Maple Grove."

"Ch. Rocket of Avandale."

English Springer Spaniel Champions imported by E. Chevrier.

"Ch. Springbok of Ware" (Sire of Twelve Champions).

"Ch. Flint of Avandale" (Sire of Ten Champions).

Int. "Ch. L'He Messenger Boy" (Sire of Seven Champions).

"Ch. Don Juan of Gerwyn."

Int. "Ch. Glenmuir Sam."

"Ch. Dinah of Blockley."

"Ch. Pierrepont Lass."

"Ch. Little Coila."

Int. "Ch. Laverstoke Powder-Horn" (Sire of four Champions).

Int. "Ch. Boghurst Rover."

"Ch. Laverstoke Powder Puff."

"Ch. Chastleton Belinda."

"Ch. Matford Patty."

Through the courtesy of Judge Scudder, who is considered one of the best judges in America, and who judged the Springers at Westminster Show, we received the following on Springers, which is short, concise and very helpful:—

"The general characteristics of the Springer Spaniel, as I have observed the dog in the field and on the bench in England, to me it seems, best can be illustrated by the use of negatives:

The Springer is not a replica of any other breed, but is an individual dog of distinctive traits and should not have: the peculiar beauty and quality of the Cocker; the dignity and massiveness of body and bone of the Clumber; the length of body and shortness of leg of the Field Spaniel; the elegance and refinement of the Setter.

The Springer is a keen, active dog, compact and unstanding, rough and ready, made for work and typically 'Spaniel' in expression and action. The Springer should be shown not too heavy in coat and feather, hard in flesh, and little heavier than fit for the field. Other characteristics follow the standard of the breed."

We received the following from H. J. Placey, who is one of the outstanding Springer breeders in America. We regret to learn of Placey's long illness and sincerely trust that he will soon be back to normal again. "Sorry to say on account of my health not being so good I have been obliged to cut down on my number of dogs and have not been attending the dog shows for the last two years, but some of the Belmoss dogs which I have sold have been 'doing their bit.' At the Boston Show last February there were twenty-six Springers and eleven of them were of the Belmoss blood lines. 'Belmoss Cocksire' got Winners Dogs and Best of Breed, and 'Belmoss Bonnie,' Winners Bitches. The following week at Buffalo, N.Y., 'Belmoss Bonnie' got Winners Bitches and Best of Breed. 'Marol Duke of Arob' Winners Dogs and he was sired by one of my stud dogs. At the Detroit Show the following week 'Belmoss Chasselene' got Winners Bitches and Best of Breed. I do not know who got Winners Dogs. The next show, at Toledo, Ohio, 'Belmoss Cocksire' went Best of Breed and at Benton Harbour, Mich., 'Bel-

mos Linna' got Winners Bitches and Best of Breed. Those wins were all made within three weeks' time—not too bad a record. I had one litter of seven in the early winter and they were all disposed of quickly. 'Ch. Belvedere Flossie' is now nursing a litter of seven, two males and five females, all very flashily marked and sired by the old reliable Int. 'Ch. Inveresk Cocksure.' I just recently had a litter from G. K. Alton of Freeman, Ont., who is the owner of 'Belmooss Fanny Lammond' that she had a very nice litter of eight, sired by my triple 'Ch. Inveresk Collyshot' and that they were all doing well.

"I had two visiting females last week, 'Marcella of Avandale' from Mr. McGuirl, of Ottawa, and 'Belmooss Queenie' from Mr. Savoie of Quebec City, both very nice bitches."

In a note from the well known Cocker breeder, C. A. Backus, Huntington, Ind., he says:—

"At Chicago I showed 'Nimbles Goldie,' the red bitch which you saw at Detroit, also one of her puppies, the one you saw in New York, known as 'Ginger of Huntington.' The Cocker entry was very good at Chicago as I believe there were thirty-six entered and thirty-five shown. A. W. Schafter of Decatur, Illinois, did the judging, and did a very satisfactory job. Everybody was very much pleased because of the fact that Mrs. Moffit showed a black puppy dog 'Rowcliffe Black Ace,' and also a bitch 'Rowcliffe Fascination.' This bitch was shown in the limit class. Harold Johnson showed the Field Trial 'Ch. Blue Water Magnificent' in American-bred dogs. 'Ch. The Great My Own' was also shown for Specials only. These three Eastern dogs created a great deal of comment and it was certainly a fine thing for the Cocker breed around Chicago."

In my twenty-two years of dogs I have never had the call for Cocker Spaniel puppies that I have had in the past two months. It is unbelievable the amount of publicity this breed is gathering, and such dogs as the ones mentioned above being shown in the Central West does a great deal to help the situation.

Miss Francis Redsin's black dog 'All Le Noir,' sired by 'All Aglow,' dam 'Ch. Mandy Le Noir' and bred by Carlton was Reserve Winners. There was also another very fine black dog shown at this show owned by Eldon Harris named 'King Ebony,' by 'Ch. Foreglow Fascination,' dam 'Arlita Donna Le Noir' bred by Mrs. M. Hale. If this dog was in the proper hands he would go to a championship without defeat. What I mean, he is a real dog, but was shown at the Chicago

WRYELAND POMERANIAN KENNELS (Reg'd)

Clear orange male, 2½ years. Chiswick Xanthe (86017), a proven sire. Has won many first prizes. Two red orange sable pups, 6 months.

MRS. G. D. WRYE
704-14th St., Brandon, Manitoba

Show poorly trimmed and poorly shown by his young owner. The parti color dog owned by H. W. Potter, 'Broad Knoll Sam,' by 'Sciota Whirlwind,' dam 'Sciota Felolia' was winner with 'Telim Dick' Reserve Winner.

Solid color bitches, 'Nimbles Goldie' by 'Red Brucie,' dam 'Nimbles Imp,' was Winners Bitches, with Dr. C. L. Lee's 'Leola Margaret' by 'Red Brucie,' dam 'Leola Molly,' Reserve. 'Nimbles Goldie' also was Best of Winners. In the parti-color bitches the 'Sciota Kennels' 'Sciota Rhona' by 'Sciota Sandman,' dam, 'Sciota Belinda,' Winners. Margaret Armstrong's 'Daphne of California' by 'Ch. Knebworth Berry,' dam, 'Daffy the Second,' was Reserve Winners.

Unless I am greatly mistaken you will eventually hear from Dr. Phillip's 'Sciota Rhona' as she is a well balanced, beautiful head, and well put together little bitch, one that you or I would like to own. Of course the Champion, 'The Great My Own' went Best of Breed and also won his group for Best in Show but was beaten by an Airedale.

The show at Toledo, Ohio, will go down in history as one of the most artistic and beautiful settings that any dog show was ever placed in. This dog show was held in conjunction with a Sportsman Show and one got the impression that all of the landscape artists, as well as nursery men and flower growers had co-operated in decorating the building for this show. There were shrubs of every kind and description and flowers in bloom, most artistically arranged. Around the entire building there were pens of wild game and pools of live fish on display. In fact it is very doubtful if anything like it will ever be staged again, as someone must have forgotten there was a depression."

Joe Hill, who judged the Cockers at Hamilton very kindly gave us the following notes on the Show.

"At the Hamilton Show the Cocker entry was small. No doubt hard times and the fact that the change of weight had been fully advertised had something to do with it. The tendency of the times have always been to sacrifice everything for show points, weight included. The change for a heavier and bigger Cocker is along the right lines, only give the breeders ample time to make the adjustment and not

handicap them when they have a real one slightly under weight as everyone knows that seventy-five per cent shown in the past are under 23 pounds.

N. S. Duckett's red dog 'Miracle Lad,' Winners Dogs solid color. This dog has wonderful form and shoulders, slightly strong in head and should make a real stud dog.

R. Tyrwhitt's 'Stanley Topsey' was winner solid color female. A good sound bitch with lots of substance, nice front legs and feet and a good fair head. She was also placed second in a good class of sporting dogs. It is not her first appearance, she is a previous winner.

Parti-color dogs—winners went to N. Duckett's 'Wayridge Freck,' although only a puppy he has real championship possibilities with a real nice head, a good skull formation, lots of bone and nice clean shoulders.

Parti-color females—Nelson Duckett's 'Actress' winners. A recent purchase from the Stanley Kennels. A nice upstanding female full of quality, a shade light in bone, otherwise sound and a typical daughter of 'Limestone Laddie.'"

This and That From Here and There

J. A. Raymond, Williamstown, Ont., reports the sale of a red and white bitch pup "Orphan Annie," and a black and white bitch pup "Lu Dillan" to J. A. McMillan of Wales, Ont. He is breeding them to his great pup off "Red Brucie."

Of York Kennels recently acquired a black bitch from J. A. Jones, the well known breeder at Walkerville. She is a cross between his good "Of Ware" black dog and a "Man O War" female. More will be heard from this female in the near future.

As predicted, Nelson Duckett's "Wayridge Freck," the good parti-color male puppy won at Hamilton. This puppy is a real flyer and will certainly make a name for himself.

Peter Herd bred a black female to "Ch. My Own Pilot." He feels sure he will have some real fine puppies from this cross.

A note from Leonard J. Buck, owner of "The Great My Own," informs us that he has bred this fine black dog to a number of females and ought to have a number of promising puppies by June. He also informs us that he has a son of "The Great My Own" in the hands of trainers to be broken to the gun and field trial work.

May we ask, that all interested in Cockers and wishing to become members of the Cocker Spaniel Club of Canada, write to Sec.-Treas., J. B. Forsyth, 74 Lake Shore Drive, New Toronto.

NEW BOOKS REVIEWS

"About Our Dogs." By A. Croxton-Smith, O.B.E., England. Time was when fanciers swore by the writings of "Stonehenge," but much water has passed under the bridge since then. In the meantime, fanciers have travelled, through their libraries, with the best minds concentrated on the good and welfare of "Man's Best Friend," until today every breeder is alert to anything that will be to his advantage.

Recently, the publishers in England and in the United States, have been busy producing books that sell themselves on sight, so splendid are their content. Such a book is Croxton-Smiths, "About Our Dogs"; this book is so perfectly inclusive, that a much better name for it would have been "All About Our Dogs."

Ward Binks and Hay Hutchison have added their unquestionable talent without stint, and we recommend this new book to every fancier, irrespective of the depression.

In the last paragraph of the introduction by Rt. Hon. Lorna, Countess Howe, it reads:—"This volume is of a certainty to be widely read by all dog-lovers and, when finished, will be set aside with the sigh of regret that comes only at the end of a good book, and will be placed in that special shelf we all keep for books which we know we shall frequently need for reference and help."

"THE IDEAL BOSTON TERRIER"

By Josephine Z. Rine.

(Review by H. M. Jackson).

This book is a very complete one and covers even more than the title would indicate. It begins with the History and Development of the Boston Terrier, which is dealt with quite fully.

The appearance of the dog is taken up in great detail in well defined sections. Skull, eyes, muzzle, etc., are all taken up in a very exhaustive chapter. Technically the book is of very high order and this section is written in a style and language that makes it easy, indeed interesting, reading, whether one be an amateur or a professional breeder.

In the second part of the book where mating, whelping and feeding are taken up, the author is forced to go into far more technicalities than in the preceding chapters, but here, too, she appears to have covered the subject matter thoroughly. No pains were spared to cover every minute point clearly.

All in all, the book is a most complete treatise on the Boston Terrier. The numerous pictures make the book all the more interesting, while the charts showing the structure of the body make the descriptions much clearer.

BULL TERRIERS

"The Coloured and Colour Breeding,"
by T. W. Hogarth

Dr. G. M. Vevers, Director of The Zoological Society of London, in the Foreword, says: "A close perusal of this book will add immensely to the zest and interest of intelligent fanciers." A very famous breeder who read the manuscript wrote: "I can suggest no improvements, it is all so excellent as it is; it will be the Colored breeders' Bible and will be invaluable to breeders of livestock of every description; there should be an enormous demand from amongst all who have a spark of intelligence."

It is a pioneer work, introducing the light derived from original research into dog-breeding. All other domesticated animals are favored with the attentions of professional Genesitists, much to their good and to their breeders' financial gain. But the dog has been neglected. Fortunately, however, the author was able to obtain the expert services of eminent scientists to work out the data he had gathered in over a year of intensive research on the subject; these were Major F. Grahame, F.R.C.V.S., and Captain J. N. Ritchie, B.Sc., M.R.C.V.S., D.V.S.M., the authors of the chapter on Color Breeding, which contains several conclusions of a highly important nature, and fresh knowledge. And Dr. F. Fraser Darling, Imperial Bureau of Animal Genetics, Edinburgh University, is the distinguished author of the chapter on Color Inheritance.

To overseas fanciers especially, who wish to be kept up-to-date in the latest advances of knowledge, this work must appeal most strongly. To the Bull Terrier breeder it is of paramount importance, and no breeder, whether of Whites or Colored, could be considered well informed who has not fully studied it. But also to all breeders, of breeds wherein coat and color are of importance, it is a book that must be read and studied carefully if they desire to work efficiently, since the findings and discoveries apply to many breeds. It is, in short, by reason of the authoritative-ness of the scientific chapters and the eminence of their authors, without doubt one of the most important works ever given to the dog fancier.

"No-Nose At The Show" is a little

book of verse about a Pekingese by E. V. Lucas.

Some readers will doubtless question: "Is it THE E. V. Lucas?" It is. And Lucas first editions are not unlikely to become valuable in the near future, which is only one among the many reasons why this little book should on no account be missed.

The illustrations, pen and ink, are beautifully done by Persis Kermise, who catches the character of Pekingese and other breeds remarkably well, and besides appears to understand canine anatomy.

"Our Dogs." By C. Ellis Harbison. Here is a book that has been so interestingly written that it holds the reader's attention with the same grip as a well written novel. And in this respect it seems to differ greatly from most books on dogs. With Harbison, one gets his first dog, and from that point right through to small or large kennels, with all that comes in between, one may familiarize himself with all the many angles of our sport, in such a manner, that many of the pitfalls may be avoided by novice and experienced fancier alike through reading this book. Harbison is a good teacher.

"The Whippet," as a show dog, home or sporting companion," as written by the well-known breeder, exhibitor and judge of Whippets, B. S. Fitter, and which originally appeared in "Our Dogs," England, has been reproduced in pamphlet form by permission, is an interesting contribution to Whippet lore, and copies may be secured at 6d. each from the author, B. S. Fitter. The White House, Rushmere, Ipswich, Suffolk, England.

YEAR BOOKS RECEIVED

We have received the annual year book of the Bull Terrier Club (England), for 1931. The year book contains the rules of the Bull Terrier Club. A list of the Club's trophies which number 27. Gives the points of the Bull Terrier in a comprehensive manner, and these points are emphasized by a chart in a most enlightening way.

An outline of Bull Terrier history as written by that authority of the breed, Tom W. Hogarth, who discusses Pure Whites, Colored, Staffordshires, and Miniatures most brilliantly.

The Brindle as he is today is discussed by Tom Gannaway who tells United States breeders to have no fear of the Colored Bull Terrier interbred with the Pure White as far as English breeders are concerned.

END OF A PERFECT DAY

The Boston Terrier Club of Toronto, marked the end of their Bowling League by giving a banquet, entertainment and dance, at the palatial Windsor ballroom of the Savarin Restaurant, Toronto, on Friday evening, April 22nd, where around 200 met for the social hours.

The entertainment was excellent as it was varied. The dinner was most enjoyable, and the music held the dancers until the orchestra hung up the "No More Tonight" sign.

Successful prize winners of the Bowling League, were, high single, Miss A. Dory; high average, Mrs. Osborne; high three games, Mrs. Donnell. Gentlemen, high single, Morris Firman; high average and high three games, Reg. Firman. The League was won by the team captained by Mrs. Fred Burrige, and included Mrs. Burrige, Mrs. Sim, Mrs. Clelland, Mr. Osborne, and Mr. Banting. As the trophies were handed out each recipient was given an ovation.

Mr. Sim, the Club's president, was Master of Ceremonies for the evening, and he is to be heartily congratulated on its splendid success. Mr. Burrige, the Chairman of the Bowling Committee, certainly conceived a happy idea when he arranged for the League, and we reiterate here, that a Bowling League is a "sure fire" attraction for keeping a club's members together and in a happy mood during the winter months, and we will hope to find more Toronto Clubs interested in this healthful sport during the 1923-33 bowling season.

ADDITIONAL AWARDS LONDON CANINE ASSOCIATION

Cairn Terrier, Puppy Dogs, 2nd, Miss K. Thorpe's "SOMERSET MAJOR STURDY," Wire Fox Terrier, Reserve Winners Dogs, "SUPERMAN OF BLARNEY," English Setter, Winners Dogs, "ESTERADA," reserve winners, "RIVER PARK TIMMY."

WELLAND DISTRICT KENNEL CLUB

Boston Terriers, Open Bitches under 15 lbs., 2nd, Clare Hammett's "ROCKAROUND ROSIE," Reserve Winners, "ROCKAROUND ROSIE."

German Shepherd Dog, Novice Dogs, "REX" ineligible, as no breeder's name is given.

German Shepherd Dog, Novice Dogs, "POLICE" ineligible, as no breeder's name is given.

THE FIRST 100,000

It has been said that the 100,000 is always hardest to get, after that everything else is easy. Well, maybe that is so, but first get the hundred thousand.

Between the Fall of 1888 and the Fall of 1931, the Canadian Kennel Club has registered 100,000 dogs and in the meantime many dog lovers have come and gone. Many have gone to their happy hunting grounds and perhaps are no longer interested in earthly matters, perhaps they are interested—who can tell?

When President Richard Gibson fathered the Canadian Kennel Club at its inception on September 17th, 1888, and began to register dogs in this country for the first time,—the first dog to be registered was the blue belton English Setter Forest Fern. Whelped in 1884, sired by "Prince Royal," ex "Forest Ruby," bred by "Charlie" Stone, our honorary president, who with Brig.-General C. M. Nelles, our immediate past president, and Col. Robert McEwen, are the only three of the "originals" still remaining with us today,—he little dreamt that on February 22nd, 1932, his successor in office, Lt.-Col. G. F. McFarland, K.C., would see the registering of the Western Pomeranian, "Pleasant Hill Mischeif." Black, born in 1931, sired by "Pommie," ex "Surrey Black Duchess," would be registered as dog 100,000, and just as "Forest Fern No. 1" has its peculiar interest for us so has "Pleasant Hill Mischeif," as he is a combination of the best bloods of England in "Cairndhu Orange Fly," and in "Melbourne Chip of Chiswick," the "Waratahs" of Manitoba, and the "Surreys" of Saskatoon, truly an East and West combination, based on England's best foundation.

If the first 100,000 is the hardest what about our second 100,000? and how many of us will remain to notice

the progress? But why worry about such things? Today we look back with much pride and joy to the day when "Forest Fern" was registered, and rejoice in what has been accomplished since then despite the ups and downs encountered along the way. Surely we have been given that measure of encouragement that will stimulate our future efforts so that future generations will look back with pride on our work, as we now look back with joy on what has already been accomplished for ourselves, for our four-footed friends, friends given to us, to aid us in furnishing provender, to assist us in protecting homes and dear ones, and to be our companions in life, by an all-wise Providence.

CAIRN'S IN CANADA

A second edition of *The Cairn Terrier* by Florence M. Ross, is about to be published and a chapter on Cairn's In Canada may be possible if our Canadian owners and exhibitors of Cairn Terriers will send all available information of reader interest to John W. Munro, Box 61, Carstairs, Alta., and on Mr. Munro's behalf we ask for that measure of co-operation that will make the chapter possible.

COL. J. N. MacRAE'S WIFE DEAD

In Tuesday morning's mail we were rather shocked to receive from Melvin A. Secord, K.C., close friend of our genial first Vice-President, Col. J. N. MacRae, the sad intelligence that Mrs. MacRae had passed away on Sunday forenoon, April 24th, from the result of a stroke suffered in the early hours of the morning, and from which she did not rally, and that the funeral would be held on Wednesday, at 2.30 o'clock from the MacRae residence.

It will only be those who understood the comradeship which existed in the MacRae home, who will be able to visualize the extent of Col. MacRae's great loss at this time. At this moment *Kennel and Bench* goes to press, therefore, we will again refer to this sad occurrence in our next issue, meanwhile we tender to the stricken family the sincere sympathies of all Canadian Kennel Club officers and members, and all readers of this journal.

“They intend to be kind. They shower me with attention. They bath me, and comb me and take me out for exercise in the fresh air. But they give me too much bread. I don’t want bread and gravy and scraps of potato and odds and ends scraped from the family plates.

“I want something I can chew, something I can get my teeth into. I don’t expect raw meat every meal. I know it wouldn’t be good for me—unless I was working harder than I ever have to work now. But I would like Ross-Miller Biscuits once a day, at least. Other dogs get them—why should I get nothing but mushy scraps?”

Ross-Miller Dog Biscuits are scientifically “balanced” to provide all the elements of nutriment a dog’s nature requires, including the vitamins. They improve a dog’s health and development. They cost about one cent per meal. Your grocer can supply you. Or write us direct.

Sole Proprietors:

**SPRATT'S PATENT
LIMITED,**

24/5, Fenchurch St.,
London, England.

The reason is not far to seek. Veterinary surgeons, breeders, exhibitors, handlers and dog owners generally, have learned from direct experience that Spratt's crisp, meaty biscuits and wholesome, vitamin meals are the purest and most nourishing foods that science, coupled with the makers' unrivalled specialized knowledge of the subject, can provide for the daily diet of dogs, whether of the sporting or non-sporting variety, of large, medium or toy breeds.

In the kennel, on the bench and in the ring itself, the splendid condition and stamina of the "Spratt's-fed" dog invariably "tell" in the "hottest" company. Elsewhere than in show circles, the ordinary pal-dog, reared on a "Spratt's" diet, is everywhere a credit to his owner.
