We will accept advertisements under this heading at 5 cents per word or letter. No advertisement received for less than \$1.50.

#### IMPORTANT

In writing your advertisements or other articles for publication in *Kennel and Bench*, do not abbreviate or omit words. Write all names plainly and correctly.

Club Secretaries are requested to notify us of appointments and dates for all shows to be held by them. All items of interest, such as meetings of all breed or specialty clubs, will be welcomed and given due publicity. In short, we want this paper to be of every assistance to the fancy in as wide a sphere as possible. All matter intended for publication should be written on one side of the paper only, and must be accompanied by the writer's name and address, not necessarily for publication, but as a private guarantee.

Closing dates, for reading matter, 20th; for advertising, 22nd preceding.

The regular Monthly Meeting of the Board of Directors of the Canadian Kennel Club, Inc., will be held in the Club's Board Room, 25 Melinda Street, Toronto, on Thursday evening, June 16th, 1932, commencing at 8 o'clock.

#### PHYLLIS ROBSON IN AMERICA!

We are advised that Mrs. Phyllis Robson, the popular and genial editor of the "Dog World," England, sailed for America on May 18th, to be the guest of Dr. J. E. and Mrs. de Mund, and to attend the leading out-door American Shows. Mrs. Robson has unquestionably been a very definite power in creating a desirable understanding between the dog fanciers of the United States and Canada, and those of the Motherland. We welcome Mrs. Robson to this side of the Atlantic, and trust that she will find it convenient to visit Canada before she returns to England for the Richmond Show on July 5th.

## Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

The regular monthly meeting of the Board of Directors of the Canadian Kennel Club Inc., was held at the Club's Offices, 25 Melinda St., Toronto, on Thursday evening, May 19th, 1932, at 8 o'clock.

The President, Lt.-Col. G. F. McFarland, presided.

The Secretary advised that Brig.-Gen. C. M. Nelles could not be present owing to a business engagement, and that John W. Bruce was out of town on business.

Col. J. N. MacRae expressed his appreciation of the wreath sent in the name of the officers and members of the Canadian Kennel Club.

Directors attending were Col. J. N. MacRae, Major Ward Wright, Capt. H. Dudley Waters, W. H. Reeves, Peter Herd and V. G. Perry.

The Minutes of the previous meeting were read, and it was regularly moved, seconded and carried:

"That the Minutes be adopted as read."

W. H. Reeves reported that his Committee had met in a very successful session, and had been able to accomplish a great deal of work, and that the Committee would again meet on Thursday, June 16th, at 3.30 p.m., Daylight Saving Time.

Major E. Ward Wright reported for the Committee on Standards as follows:

"To:

"The President and Board of Directors of the Canadian Kennel Club.

"Your Committee on standards of excellence have carefully considered the matters referred to them, and feel that the best interests of the Canadian fancy will be met by adopting the standards from time to time in force by the American Kennel Club. This decision was arrived at having regard to the fact that the lucrative market for the Canadian breeder is in the United States and that any divergence of standards between the two countries would militate against the Canadian fancy in shows and business. The Committee, therefore, feel that the closest co-operation should be arranged with the American Kennel Club in regard to standards so that on any revision or readjustment the views of the Canadian fancy could be presented. If such an arrangement can be worked out, it is recommended that the various Canadian Specialty Clubs should furnish the Secretary of the Canadian Kennel Club with any suggestions in regard to changes of standard, which in their opinion are necessary or de-

sirable so that as occasion offers representations may be made in regard thereto to the American Kennel Club authorities.

"Dated at Toronto the 17th day of May, A.D. 1932.

"(Signed), E. W. Wright,  
"Chairman."

It was regularly moved, seconded and carried:—

"That the reports as submitted be adopted."

The Secretary reported that James L. Stewart, Toronto, had made the necessary adjustments with the Canadian National Exhibition and the National Kennel Club.

A letter was read from the Live Stock Records' Office recommending the suspension of David Dickinson, Toronto, as in the event of his fying of further applications for registration, the Registrar would have no option but to accept same from him, and it was regularly moved, seconded and carried:

"That, David Dickinson be disqualified."

A letter was read from the Live Stock Records' Office re the Gammond-Booker-Edgeler complaint, and it was agreed to leave the matter in the hands of the Secretary.

A letter from the Honorable the Minister of Agriculture, together with a report from the Live Stock Commissioner re alleged dissatisfaction in connection with the manner in which the most recent election had been carried out, was read, and it was regularly moved, seconded and carried:—

"That, the letter and report be received and fyled."

The following letter was read:—

"Vancouver, B.C., May 9, 1932.

To the Board of Directors,  
Canadian Kennel Club,  
25 Melinda St., Toronto, Ont.  
Gentlemen:—

That part of the Minutes of the meeting of the Board of Directors of the Canadian Kennel Club, held at your headquarters on April 21 last, in reference to the statements of one A. Roberts, has been brought to our attention. He accuses all judges in Canada, with the exception of three, licensed by the Canadian Kennel Club to judge all breeds of dogs, to be incompetent.

We the undersigned licensed by the Canadian Kennel Club to judge all breeds of dogs, feel that a great injustice has been done us by A. Roberts, and your Directors present at that meeting.

We challenge the competency of A.

Roberts to judge the ability of judges he has never even seen. We feel his statement must have borne considerable weight with your Directors, otherwise you would have compelled A. Roberts to either prove his statements or retract them, and you would have refrained from conveying to the readers of **Kennel and Bench** in all countries, the impression that of all the judges in Canada licensed to judge all breeds of dogs, only three are competent.

We also feel it is decidedly unfair to the show giving Clubs now in the process of taking entries to be judged by eight of our number, to be subjected to such misleading and derogatory publicity as appeared in **Kennel and Bench**, as it cannot do other than undermine the confidence of exhibitors in our Canadian judges.

Therefore, we demand that the Directors of the Canadian Kennel Club prefer charges against the said A. Roberts under Section 52 (1931) C.K.C., Dog Show Rules, and compel him to submit proof of his statements or suffer the penalties provided for by said Section 52 of the C.K.C., Dog Show Rules.

And further, that the Canadian Kennel Club either correct the false impression conveyed to its readers of **Kennel and Bench**, May issue, 1932, pages 4 and 5, or cancel the all breed licenses now held by the undersigned and that this communication be given the same prominence in the Minutes of the Canadian Kennel Club published in **Kennel and Bench**, as was given to the statements of A. Roberts.

Yours very truly,

(Signed) W. H. Pym.

Mrs. G. O. Alsen.  
J. A. Meadows.  
W. T. (Billy) Oates.  
Norman McConnell.  
C. B. Payne.  
Joseph Dodds.  
Stanley Dorrell."

And it was regularly moved, seconded and carried:

"That the Secretary be instructed to write W. H. Pym and his associates, requesting that the letter be tendered in the form of a preferred charge against Mr. A. Roberts in accordance with Dog Show Rule 52."

A letter was read from John Milner, of Ottawa, regarding the conduct of the most recent election.

And the Secretary was instructed to advise Mr. Milner that the Directors felt that no action was advisable pending the report of the Minister of Agriculture.

A letter was read from Mrs. M. Ferguson, St. James, Manitoba, re a matter of registration, and it was agreed to leave the matter in the Secretary's hands.

The Secretary advised that he was unable to report on the Wason-Sweetman complaint, and that the complaint of J. C. Chandler had been removed by Mr. and Mrs. W. A. Stephenson.

The Secretary advised that he had invited James Cassina to attend the Directors' meeting, but that Mr. Cassina had not intimated his desire to be present, nor was he present. The Secretary was instructed to again request Mr. Cassina to attend the next meeting of the Directors.

The following list of General Accounts was presented for payment:

## ON BOARD THE "LETITIA"

"Oh for a dog's life" is how the Montreal Daily Star correspondent describes the Scottish Terriers which came over from Scotland on the "Trade Mission" steamer the "Letitia" with the representatives of the Glasgow heavy industries. To add variety to an already impressive sailing exhibition Robert Chapman, of Glenboig, Scotland, sent over 8 representative Scotties, and it was said that the competition to secure the Scotties was quite intense, in fact, Mr. Chapman's representative said he could have sold a shipload instead of the available eight.

Whilst the Scottish Mission Ship was berthed at Montreal, a committee composed of representative dog fanciers, including Messrs. R. A. Ross and Wm. R. Aitken, representing the Canadian Kennel Club, members of Montreal Kennel Association, A. C. A. Chisholm, Sam Doyle, Tom Ritchie, A. Hurley and R. Waddell arranged a dinner at the Chez Maurice on Friday evening, May 20th, in honor of Norman Craig, Mr. Chapman's representative on the Mission Ship, and a very pleasant evening was the outcome.

Mr. Craig was so pleased with the general success of the venture that he purposes bringing back a shipload early in September and prior to the Canadian National Exhibition, when Mr. Robert Chapman will accompany the shipment.

## BOOSTING DOGDOM IN CANADA

Throughout Canada the daily and weekly newspapers are most generous with their space in furthering the interests of "his majesty the dog." The two outstanding Canadian monthly magazines, Canadian Homes and Gardens, and Bridle and Golfer have most attractive sections set aside for the same good cause; in the former A. E. Wilson edits a page that has an especial appeal, and in the latter Mrs. R. McColl, under the pen name "Alva," can always be depended upon to offer timely and instructive information. And if these added services of support to dogdom will only keep the "general good and welfare" as the uppermost consideration at all times, there can be no question regarding the importance of their influences.

## WANTED TO PURCHASE

A light weight male or female **Doberman Pinscher**, not over eight to ten months old. Must be house-broken. Willing to pay fair price.

**J. A. ATKINS**

NIAGARA FALLS ONTARIO

## Notes from Manitoba

By Provincial Contributing Editor,  
W. B. R. KNOWLES, Winnipeg, Man.

THE Fort Garry Kennel Club held a meeting in the Winnipeg Free Press Board Room May 3rd for the purpose of further discussion of the show to be held in June. A few days before the meeting rumour had it that the skies were none too bright, but when fanciers get together with the end in view, a successful dog show, the clouds necessarily disperse and the sun shines brightly. The dates on which the show was to be held, viz., June 3rd and 4th, were changed to June 10th and 11th in order to permit some thirty Winnipeg dogs to compete for international honors at the Minneapolis show to be held June 4th and 5th, which would give them time to be back in Winnipeg by June 10th. The premium list was under discussion and the membership was unanimous that all specials be allotted to the various breeds and published in the premium list, in order that all interested might know what they were competing for.

Altogether, it was one of the best meetings it has been my privilege to attend.

I read with pleasure the letter, under "Constructive Correspondence," which letter was written by Wm. G. Climo, Calgary, to the president and members of the Edmonton Dog Fanciers' Club, and was published in May issue of **Kennel and Bench**. It is quite evident that some of our best or should I say our more experienced fanciers are becoming concerned about their breeds and the changes which have taken and are taking place. The Rev. Skinner, that noted English authority and breeder of "Fox Terriers", writes about the extreme length of head now desired, and he considers it out of proportion to the body. The German Shepherd dog has changed, so much so, that some breeders and some judges too, seem to prefer a dog, that in its movement or pose or both, is more feline than canine. In fact, some seem to prefer the extreme pose which more resembles the feline stalking its prey. Altogether a very different specimen from the illustrations one sees of the "working" "German Shepherd dog."

**Cocker Spaniels.**—Mr. Farler's "Ch. Emigrant of Five Diamonds" has been bred to Mr. Williams' "Calmo Black Boy." C. Cowell's "Black Susie" is nursing a litter of light dog puppies by Geo. Kynoch's "Silverdale Commissioner."

**Irish Terriers.**—Chas. Cowell's "Greenside Christine" is nursing a litter

of seven dog puppies by Mr. Bargies' "Ch. Frontier Leader."

**Springer Spaniels.**—C. Cowell's "Bessie" is nursing a litter of seven dog and two bitch puppies by E. Chevrier's "Lammond's Mike."

Mr. Cowell appears to be one of Dame Fortune's favored ones, when three females, together, whelp twenty-two dogs and two bitch puppies.

**Pekingese.**—Mr. Brown's females, "Mumsie" and "Meemie" have been mated to H. Bentley's "Shue Shan of Cromwell."

**Pomeranians.**— "Sandhill's Cherry" (Imp.), is showing heavy in whelp to "Elnor Mite" (Imp.), both the property of Mr. Bentley, who also reports numerous enquiries re purchase from fanciers who had seen the report of their English show records in the May issue of **Kennel and Bench**. We may also say that in a recent issue of "Our Dogs," April 17th, if I remember rightly, "Elnor Mite" is credited with winning seventy prizes and also with defeating several great winners at Cruft's Show.

**Boston Terriers.**—Mr. Bentley's "Lady Announcer" (Imp.), has been

mated to "Cromwell Stylish Announcer." Reports coming from the Trapystok Kennels show no signs of the depression. Mr. Duncan writes me that twenty-one females visited the kennels during April, and that quite a good start has been made in May. Mr. Crossland has purchased a beautifully marked four months' old male puppy by "Ch. Trapystok Personality." It took quite a figure to purchase this one as he is another real one that will be noticed. I saw the litter of four puppies whelped by "Trapystok Bonnie" to "Kewayden All Hagerty." They are a beautiful seal brindle and nicely marked. Mr. Duncan advises me he intends keeping the three females for breeding purposes, and says the male will be heard from later. The Trapystok Kennels expects to have a big entry to face the judges at the coming Fort Garry Show. "Trapystok Headlight" the much talked about puppy that was in the money at Saskatoon has now been trimmed and is in the pink of condition to continue his show career. Have just been advised that the handsome bitch "Ch. Trapystok Step In" passed on a few days ago.

Geo. Kynoch has sold a puppy by "Ch. Trapystok Personality" ex "Chatrick Peggy" to Mr. Crossland.

## A REAL SMOOTH LOST

Queensway won the King's Plate for R. W. R. Cowie at the Woodbine on Saturday, May 21st, and a young, smooth Fox Terrier, owned by Frank Beer, Toronto, and named after Mr. Cowie's sweet filly, no doubt, was to have made her debut at Mineola—The Ladies' Kennel Association's annual feature show, but the fates intervened, and the elegant Queensway died on May 8th from a heart attack following inoculation.

Mr. Beer had been advised by parties well qualified to offer advice, to arrange to send Queensway to Hildebrand Wilson for the purposes of competition at shows in England, and had she lived, no doubt, this would have happened, because Mr. Beer is just the kind of sportsman to take a gamble on such a proposition, however, he has produced some stormers already, and no doubt another Queensway will come along later, meantime, we regret very sincerely the untimely death of Queensway.

## The Canadian Fancy

By **WALTER H. REEVES,**  
Belleville, Ontario.

**A** MOST interesting appeal case came before the Directors of the Canadian Kennel Club at the April meeting. It will be remembered that at the National Kennel Club Show Miss M. M. Dellfts' Boston Terrier, "Captain Merrywood," was placed first in open dogs to Mr. Taber's "Wapsie's Tommy Tucker," who was second. When the Winners class was called, "Captain Merrywood," after appearing in the ring was suddenly taken ill and was excused from further competition by the judge. The judge then awarded Winners Dog to "Wapsie's Tommy Tucker" and "Salering King" was placed Reserve. Complications naturally followed, for Dog Show Rule No. 30 gives a very definite ruling which reads as follows:—"The winners class, for which there will be no entry fee, shall be open only for **undefeated** winners of first prizes, in the Puppy, Novice, Canadian-bred, Limit or Open classes recognized by the Canadian Kennel Club at that show, all of which shall constitute the regular classes." The owner of "Salering's King" protested the win of "Wapsie's Tommy Tucker" to the National Kennel Club and they upheld Rule 30 under protest and recommended to the Canadian Kennel Club that this rule should be amended. The appeal was brought before Directors of the Canadian Kennel Club, and it was decided that Winners should be given Miss Dellfts' "Captain Merrywood," and that "Wapsie's Tommy Tucker" be awarded Reserve Winners.

\* \* \*

The suggestion from the National Kennel Club that Dog Show Rule No. 30 should be amended is well taken, for today as the rule stands, there is a possibility, remote, it is granted, that the second best dog competing in the classes named by the Canadian Kennel Club which are eligible to compete for Winners can and would have to be awarded Winners. Supposing that Miss Dellfts' "Captain Merrywood" had died before the Winners class was called, as the rule stands today "Wapsie's Tommy Tucker" could not compete for Winners Dog, but only for Reserve Winners, and the judge would be compelled to place as Winners Dog, a dog which in his opinion should have been Reserve Winners. There is an old saying that rules are only made to be broken, but this is a case where the rule was thought to be perfectly sound. The writer is acting on the suggestion of the National Kennel Club and sending a proposed amendment for the consideration of the members of the Canadian Kennel Club at the next annual general meeting.

Apparently both the ruling clubs on the American Continent are of opinion that the time is now ripe for a complete revision of their Dog Show Rules. At the March meeting of the Directors of the Canadian Kennel Club a committee was elected to go over the Dog Show Rules and now the writer notices that the American Kennel Club has appointed Messrs. C. T. Inglee, Russell H. Johnson, T. Dickson-Smith, and George F. Foley to examine the Rules, the Constitution and By-Laws and to suggest such amendments as in their united opinion may be deemed necessary, these suggestions to be presented in writing to the Board of Directors in September. When the committee elected carefully go over the Dog Show Rules, they doubtless may find rules which although applicable when they were passed, are today out of date, and both clubs need and ask for the co-operation of fanciers. The first meeting of the Canadian Kennel Club committee was held on May 19th, and although some response was made by Club Secretaries to the request made by the Dog Show Rules committee that they should call their members together for the purpose of discussing the Championship Rating, there are still a number of clubs who should be assisting in this most important feature of Canadian shows, and it is for the good

of the sport that all show-giving clubs should act without delay and send along their suggestions.

\* \* \*

The writer has always had a particularly warm regard for the welfare of the Smooth Fox Terrier. In fact, it was owing to the fact that his home was only a few minutes from St. John's Wood Park, where the late Francis Redmond kept his famous kennel of Smooths, that the writer very early in life became interested in dogs and shows. The Smooths for many years past have had to play second fiddle to the Wires. Recently there have been signs of a revival of interest, and undoubtedly Cecil L. Armstrong, at his Lucknow Fox Terrier Kennels, Peterborough, Ontario, is doing his very best to help along the revival. With this very laudable ambition in view, he has purchased from Mrs. W. L. G. Dean, Molton Kennels, Co. Meath, Ireland, "Danesgate Drummer" and "Molton Cracksman," both of which have some notable wins to their credit. In the review of Mrs. Dean's Kennel in "Our Dogs" Xmas supplement, "Molton Cracksman" is described as follows by the author of the review:—"Molton Cracksman," he has perfect legs and feet, long head, good front, small ears, excellent coat and quarters, and is all white, with a black head," and the following is the description of "Danesgate Drummer":—"Own brother to 'Hermon Heritage'. He is up to size but is very sound from stem to stern, excelling in head, neck, shoulders, coat and quality. Two years old, he is the sire of several good winners in England, and of 'Molten Dahlia' and 'Molten Domino,' both winners in Ireland." Cecil L. Armstrong informs me that he expects both Terriers to arrive in Peterboro the early part of May, and the writer intends to take the first available opportunity of inspecting them; meanwhile there is no gainsaying the fact that the importation of these two Irish cracks is going to give a great fillip to the revival of Smooths in Canada, and Smooth breeders will welcome the news that two such notable winners, both of which are proved stock getters and are descendants of the most successful winning and producing strains, are now available at stud.

\* \* \*

I have received the following letter from John W. Munro, Box 61, Carstairs, Alta.:—

"I have been asked by Mrs. Ross, author of the 'Cairn Terrier,' to obtain some information for her in regard to Cairns and their owners in Canada.

Best bloodlines in English and  
American Cockers

**MR. and MRS. H. A. RHODES**  
COWICHAN STATION  
VANCOUVER ISLAND, B.C.

Now as I am out in the wilds as regards the East, I would feel obliged if you can give me the names of any fanciers you know who are in Cairns. I have been breeding Cairns for the last thirteen years, the last six being in Canada, but being so far West I am not in touch with all the fanciers. I have written quite a few, but would like to get a full list as Mrs. Ross wants to put in a chapter on Cairns abroad. Some day when you get time give our breed a lift in the Canadian Fancy." I am confident that any fancier interested in Cairns will send along the information required and I can assure my correspondent that I am always willing to help along the welfare of Scotland's game little Terrier, the mention of which always recalls a memorable holiday I took many years ago in the wilds of Scotland with George Steadman Thomas, looking for White West Highland Terriers. In Portree, Isle of Skye, we came across many Cairns which in those days were seldom seen at any of the English shows. Canada, thanks to such keen fanciers as my correspondent, Mrs. G. W. Hyslop, Mrs. W. C. Routley, and others, can place a team in the ring that will and does command attention no matter how strong the competition.

\* \* \*

It is certainly very pleasing to note how remarkably successful has been the come-back of the Airedale Terrier. Probably none of our Terriers suffered more during the war than the Waterside Terrier. Some of the very staunchest of their supporters seemed to think that they were going into the discard like so many of our grand old English varieties. The Airedale, however, had a few fanciers of the calibre of Sid. Perkins, who kept on persevering and they have undoubtedly had their reward, for the Airedale, even in its palmy days, was never more popular than it is today. We have no more reliable handler in Canada than Alf. Loveridge, a man who keeps a keen eye on the ever changing fashions in dogs. It therefore caused no surprise to the writer to see by the Frontispiece of **Kennel and Bench** last issue that Alf. Loveridge had acquired during his "holiday" in England one of the most successful of the Airedales being shown in "Stockfield Jupiter." Dame Rumour also has spread a rumour that Sid. Perkins has a new wonder to bring out. All the breed now wants in Canada is that Harry Clayton, one of the most popular fanciers we have ever had in Canada, should again actively interest himself; we have certainly no better judge of the breed on the American Continent and he showed, when he was breeding Airedales, that he was a most

## Vivadora Kennels, Reg'd

Home of the Vivadoras

### SCOTTISH TERRIERS

Vivadora Kennels have decided to add several of Great Britain's best bred Scottish Terriers to the Kennel, and already some of the choice purchases have arrived at Vivadora. Others will follow as matings and other considerations materialize. To our clients we would say, that we anticipate the arrival of puppies at an early date for which reservations are being made now.

There are now two choice litters at Vivadora, one of these litters is out of Talavera Love in a Mist, who is a daughter of Ch. Heather Necessity. The sire of this litter is Ch. Albourne Barty.

The other litter is out of Talavera Desdemona (Imp.), daughter of Talavera Real Mackay, a son of Ch. Heather Necessity. Dam of Desdemona is Croindene Caress, a daughter of Albourne Barty out of Albourne Annie Laurie.

These choice puppies are now offered for sale.

constructive breeder. George Kynoch, the Airedale Wizard of the West, was telling me at New York Show that he was getting far more orders for Airedales than he could fill, from which it will be seen that the come-back has spread throughout the Dominion.

\* \* \*

"Dick" Briggs writes me that sales have been very good recently in Ottawa, and he also sends the very pleasing news that the dog show in connection with the Central Canada Exhibition is assured. It is to be sincerely hoped that Ontario and Quebec fanciers will do their best to give this enjoyable show a bumper entry. The Central Canada Exhibition are doing their part by giving generous prize money and abundant good specials.

\* \* \*

The Occupational Therapy Association are holding a Street Fair the beginning of June on the property of the University of Toronto. This takes place every three years. This year, for the first time, the ladies have decided to hold an afternoon and evening dog show in connection with it. It is sponsored by Mrs. G. W. Hyslop, of Cairn Terrier fame. The show will start at 1 p.m. on the 4th of June. It will be an outdoor show and should draw not only a big entry but also a large gate.

\* \* \*

The report of Viscount D'Abernon, who represents the chancellor of the exchequer on the race course betting control board, gave some most interesting figures on Greyhound racing in England in a recent speech. He said that 6,000 programmes are placed before the public annually by the 43 licensed courses. Attendance at these meetings exceed 20,000,000 per annum, compared with about 4,000,000 at the paid enclosure on horse race courses, and that totalization betting at these courses is likely to reach some £12,000,000 per annum. These figures are almost incredible.

\* \* \*

On a recent visit to Toronto we took advantage to pay a flying visit to the "Vivadora Kennels," to inspect the litter of Wires by "Thet Trio" ex "Ch. Vivadora Orphan Annie"; they were four in number, two dogs and two bitches, and it is many and many a day since the writer has seen such a level lot. Two, a dog and a bitch, have the makings of future champions if they only live and go on as they promise—one of the two, a bitch, had already been sold, and was leaving in a few days for her new owner, who lives in Detroit. We also saw one of the Scotties sent over by Capt. Phipps, a really beautiful bitch which will take some beating, no matter how strong the

company. This bitch was very soon due to whelp, having been mated before leaving England to one of England's outstanding sires. So there is a probability of a Vivadora home bred Scotty competing at the 1933 New York Show.

\* \* \*

Going through the last issue of **Kennel and Bench** the writer was very much interested in the letter sent by the well known Calgary Cocker breeder, W. G. Climo, to my friend, J. G. Young, the Secretary of the Edmonton Dog Fanciers' Club. W. G. Climo criticizes in no uncertain way the existing breed standards. He writes:—

"It is my contention that the Canadian and American Kennel Clubs should take some steps to establish a definite standard, giving every possible detail of each breed. I know this would entail a lot of work and a great expense, but both Clubs are wealthy—thanks to the efforts of the genuine fanciers upon whom the wealth of these Clubs should be expended. Such an undertaking would also entail the co-operation of every fancier, whom I am sure, would be only too willing to give it. When a standard is once fixed, it should remain so for ten to fifteen years. After that period, if any changes to the standard are suggested, the changes should be endorsed by two-thirds of those who have registered show dogs in the previous year.

"After a standard has been changed, at least ten to fifteen years shall expire before another revision shall take place.

"Any judge deviating from the standard in his placings shall be suspended from judging such breeds, and any awards made by the judge contrary to the standard, shall be forfeited.

"With such conditions existing every breeder will have an objective before him. Our ability to produce something near to the standard will be tested and this will only be accomplished by careful mating and great attention to the dogs in their young life. It will be a case of making a dog to fit the standard, instead of the much easier practice of making a Standard to fit the dog."

\* \* \*

The question of standards has, and in my opinion always will be, a very debatable question. Very few fanciers seem to be able to diagnose a standard; mostly all have their own individual ideas of what is the correct type, and probably if this were not so, the exhibition of dogs would not be the fascinating sport it is today. How many exhibitors would you find that would be willing to exhibit their dog if they were practically certain that their dog would only obtain second prize if

(On the Dundas Highway)

Champion Standard was competing. Just hark back to past history and see how long a breed has prospered if one kennel has all the top notchers. I recall one great kennel of past days, that purchased the leading winners from England every year, and exhibited for a year or two, not only winning first, but often second and third prizes in Limit and Open classes; believe me, it was not long before this exhibitor had the classes to himself. I am afraid that our enthusiastic Cocker breeder is looking for Utopia when he writes, "That any judge deviating from the standard in his placings shall be suspended from judging such breeds, and any awards made by the judge contrary to the standard shall be forfeited." Years ago, when matches were the vogue, I often was privileged to watch two of the best all round judges, Geo. Raper and L. P. C. Astley, adjudicating at these matches, which had to be judged by points, and both admitted to the writer that usually in their opinion, the wrong dog in some unaccountable way managed to secure the highest number of points. I am fully in agreement with W. G. Climo that a number of our standards sadly need revision, but this, wherever possible, should be undertaken by the specialist clubs, and then approval by the Canadian Kennel Club.

\* \* \*

I know that I am only voicing the wishes of the whole Canadian Fancy when I extend their sincere sympathy to Col. J. N. MacRae and his daughters on the grievous loss they have sustained through the sudden death of Mrs. MacRae.

\* \* \*

Stanley Dorrell, of the Swansea Kennels, Vancouver, has sent me an illustration of his recent importation, the Scottish Terrier "Gaisgill Great Scot," an exceptionally well bred Terrier purchased from the famous Gaisgill Kennels of Elstres, England. "Gaisgill Great Scot," judging from the illustration, is likely to cause a great flutter if he should ever come East, for he is the possessor of a great head, compact body and rare neck and shoulders.

\* \* \*

Just as my copy is leaving I have received the following letter from Cecil Armstrong: "The Smooths arrived May 3 in wonderful condition and I am more than pleased with them; they should go a long way to help improve the Smooths of the present. I'm taking in London Show on May 24th, with "Danesgate Drummer." This dog is in wonderful condition with a very nice head, a real back, good front, with lots of bone.

### SCORE ONE FOR BELMOSS SPRINGERS

By E. D. KNIGHT, Charleston, West Virginia.

The interesting article enumerating George Kynoch's Springer standard, considerable of which by the way has been, with Mr. Kynoch's permission, incorporated in the new tentative proposed American Standard, in *May Kennel and Bench* with its brief notes from my good but modest friend, Hollis Placey, has given me the temerity to suppose that *Kennel and Bench* readers might be interested in slightly more detailed information concerning the Belmoss dogs.

Placey imported from the well known Inveresk Kennels of A. McNab Chasels at Coatbridge, Scotland, three stud dogs as follows:—

"Inveresk Cocksure" (by "Flint of Avandale-Inveresk Careful").

"Inveresk Collyshot" (by "Dan of Alvie-Bess of Ardach").

"Inveresk Chancellor" (by "Jamson of Ware-Dilkusha Wasp").

He acquired in Canada the bitch:

"Belvidere Flossie" (by "Hetman-Belvidere Belle").

The first named dog, "Cocksure," became an American and Canadian champion, "Collyshot" a Canadian champion and the late lamented "Chancellor," already an English champion, acquired titles in both Canada and the United States. "Flossie" also acquired her Canadian title.

These dogs combined the best of Beechgrove, "of Combie," Horsford, "of Ware," Avandale and Inveresk bloodlines and had in their pedigrees close up such notable specimens as "Little Brand," Horsford Hetman, "Springbok of Ware," "Flint of Avandale," "Inveresk Careful," etc. "Collyshot" on the other hand I believe constituted more or less of an outcross to the more orthodox breeding of the others.

The remarkable results achieved by breeding among this group are most interesting.

"Inveresk Cocksure" bred to "Belvidere Flossie" produced Canadian and American "Ch. Belmoss Countess" and Canadian and American "Ch. Belmoss Jacqueline." Bred to an Orford Kennels matron he produced Canadian and American "Ch. Belmoss Fleur of Orford." He also produced Canadian Champion "Dan" and "Queen of Toronto" and possibly others.

"Inveresk Collyshot" bred to "Belmoss Blue Bess" (a daughter of "Cocksure" from an Orford Kennels matron), produced Canadian and American "Ch. Marol Daphne." Bred to "Belmoss Butterfly" (another "Cocksure" daughter), he produced Canadian and American "Ch. Belmoss Rosebud."

### VENLO VAT

C.K.C.S.B. 99526

STUD FEE - - \$15.00

Sire—Ch. Rambling Sandie (Ch. Celtic Timothy ex Ch. Rambling Rose).

Dam—Vento Verge (Ch. Boy ex Venlo Vaguary) thus combining the famous Brentmoor and Celtic Strains. He is the exact size; beautiful rich dark red coat, like wire, small, correctly placed ears; small dark eye; sound and a vigorous sire. Since his arrival in this country (January 27th, 1932), he has mated 14 females. Ten have proved in whelp; the remaining four are to be heard from. His latest litter born May 12th, eight puppies, all living.

He is a winner of 20 first prizes in England at Brixton, Buxton, Kensington, Ch. Richmond, Ch. London, Luton, etc., under leading judges. Also winner of many firsts in Ireland.

Puppies by Venlo Vat out of registered females for sale. Price, \$25.00 up.

Owner

**WM. McCORD**  
CLARKSON, ONT., CANADA

Wires—McCord, Clarkson.  
Phones—Clarkson 50 and 88.

So we have five international champion matrons produced before "Chancellor" came into the picture.

"Inveresk Chancellor" bred to "Belmoss Jacqueline" produced Canadian and American "Ch. Belmoss Chessman," American and near Canadian "Ch. Belmoss Cocksure" and "Belmoss Linna," winner so far of about half a U.S. championship, all in one litter. Bred to "Belmoss Fleur of Orford" he produced American "Ch. Belmoss Bonnie." Bred to "Marol Daphne" he produced American "Ch. Marol Duke of Errab," "Marol Binker" with now thirteen points, "Marol Cavalier" with several points, and "Marol Black Knight," unshown but quite possibly the best of the four, all in one litter.

Bred to "Belmoss Rosebud" he produced "Punchinello of Shagmoor," already winner of two four point shows in the States. Bred to "Belmoss Countess" he produced "Belmoss Chascelene" with one Canadian point and twelve points in the States. Bred to "Inveresk Cutex" he produced Canadian "Ch. Belmoss Coronation."

"Chancellor" also produced before leaving England "Advert of Solvay," which holds with "Nuthill Dignity" and "Boghurst Rover" the honor of being one of the three living triple champions, and English "Ch. Inveresk Carminetta," winner of eleven championship certificates in England, a number of championship points in the United States and field trial certificates of merit and places in both countries.

It would appear, therefore, that the bloodlines of the Belmoss Kennels have so far produced on this continent six international (soon we believe it will be seven) champions, three (it very likely is more) Canadian champions and three U.S. champions. Also it seems sure that there will be at least three more American champions before many moons have passed.

Results at recent U.S. shows are interesting. At Westminster "Marol Cavalier" beat his brother, "Marol Duke of Errab," for first American-bred and then went on to take the special for best American-bred dog or bitch from his half first cousin and half maternal great aunt, the bitch "Marol Wendy" (by "Inveresk Cocksure"—"Marol Duchess"). 3rd American-bred dog was "Rum Punch of Shagmoor" (by Inveresk Cocksure - Northern Beauty) (she an "Inveresk Collyshot" daughter). "Marol Dusky" by "Chancellor" was second limit and "Belmoss Bonnie" first limit and third open to Champions "Inveresk Comfort" and "Clarion Rufton Tandy."

At Boston "Belmoss Cocksure" was Winners Dog and Best of Breed. "Marol Duke of Errab" reserve dog.

Thet Timberson (Imp.)  
AT STUD — FEE, \$20.00.

TIMBERSON has been immediately singled out by all who have visited the Kennels as the ideal stud dog; beautiful conformation, tremendous long, clean head, chuck full of quality, fire and go. THERE is no better terrier before the fancy today the equal of Timberson in all he has to transmit in pedigree, type, stamina, substance and soundness.

**BARRACK HILL KENNELS, GEO. W. BAILEY**

(Shipping address, Kennels, 20 Chamberlain Ave.)

Int. Ch. Thet Timber  
Sire of Thet Timberson

RECENT matings include three choice bitches from our first Lady sportswoman's Kennels—Mrs. I. Webster's (By Towns) and the great Champion By Town Bit O'White is one of the number.

I HAVE already refused very tempting offers for Timberson from leading American breeders. He is not for sale, and I appreciate the scores of letters from our own Canadian breeders, booking services.

**33 THIRD AVE., OTTAWA, ONT.**

"Belmos Bonnie" winners bitch and "Marol Daffodil" (a puppy by "Marol Duke of Errab" from his maternal grandam "Belmos Blue Bess"—she by "Cocksure") reserve. An absolutely clean sweep for Placey bloodlines.

At Buffalo "Marol Duke of Errab" was winners dog. "Kitchener Squire" (by "Inveresk Collyshot" from "Belmos Bonnie") reserve. "Belmos Bonnie" winners bitch and best of breed and "Belmos Chasselene" reserve, another clean sweep.

At Detroit "Belmos Chasselene" was best of winners, at Chicago best of breed, at Moline, Illinois winners bitch, and at Toledo, Ohio, reserve.

At Baltimore "Punchinello" was best of breed, also best of winners at Newark, where he beat "Moral Wendy" for this honor but had to succumb to his half brother, "Advert of Solway," for best of breed.

At Cleveland "Belmos Cocksure" was best of breed.

At Berien Harbor, Michigan, "Belmos Linna" was best of winners.

Thus taking into consideration the eastern circuit, the two connecting shows between and the midwestern circuit, at all shows with ratings of three points or better, Belmos-bred dogs or those of the same bloodlines and bred in North America were best of breed five times, best of winners three times, winners bitch once, reserve winners bitch once and not represented in only one show. Eliminating the west coast this is the most important group of shows in the United States.

Best of all, the blood is carrying on as attested by the puppies "Kitchener Squire," whose owner Miss Haydon claims to have a litter brother "Kitchener Launcelot" which is better,

"Marol Daffodil," and a daughter of "Belmos Chessman," "Merry Windsor," which experts say will be the equal of any bitch in the country when she matures.

In the breeding of Springer Spaniels I question if anyone has ever accomplished as much as Hollis Placey in the same length of time.

#### TIDDIE POM AN AMERICAN CHAMPION

Ted Chetwin, of Syracuse, N.Y., made no mistake when he became the owner of the Toronto-bred Bulldog "Tiddie Pom," bred by Mrs. C. N. Gibson. Born on November 29th, 1929, this almost all white bitch made her debut under Tom Grisdale at Toronto Kennel Clubs Show in 1930, and won 1st Puppy and 1st Novice. At the Canadian National Exhibition in the same year and under George Kynoch, she won 2nd Limit. At

the Bulldog Breeders' Association Specialty, again under Mr. Grisdale, she won 3rd Limit and 3rd Open. At the Canadian National Exhibition, and showing near maturity, Judge Enno Meyer awarded her 2nd Open, and Reserve Winners.

At this latter show "Tiddie Pom" was much admired and soon became the property of Mr. Chetwin. Leaving Canadian competition, she was asked to step up to the greater competition of the United States, where so many imported Bulldogs are featured together with many of the best specimens produced in Canada, but when put to this sterner test "Tiddie Pom" never faltered. At Philadelphia Specialty she was proclaimed Best of Breed. At Westminster, under Dr. Peck, she was best of Breed, and after Buffalo she was able to don her crown with pride and honor to herself, her breeder and her owner.

But why shouldn't "Tiddie Pom" qualify for the higher ranks? Her breeding places her in line by right. A daughter of "Ch. Crewso Favorite" (Imp.)—He a son of "Ch. Sessue," a son of "Ch. Limehurst Marquis," Dam of "Crewso Favorite," "Crewso White Label"—a daughter of "Irish Alaunt." "Tiddie Pom's" Dam was "Lady Jeanine," daughter of "Son o' Mike," who was by "Ch. Hefty Argo," ex "Ch. Pretty Mickey." Dam of "Lady Jeanine" was "Lady Violet," daughter of "Regalaunt" (Imp.), ex "Rhodens Queen of Clubs." So everything considered, "Ch. Tiddie Pom" takes her exalted position quite naturally and in line. Her "crowning" at Buffalo adds further testimony to the circumstance that Canada can, and does, produce high quality Bulldogs.

## BROADCASTER OF WARE

The prefix "of Ware" would naturally designate "Broadcaster" as being a Cocker Spaniel, and sure enough that is just what "Broadcaster" was. It was a case of "carrying coals to Newcastle" when Fred Shawley, Toronto, sold his Canadian-bred "Mongolian Determination" to H. S. Lloyd, Ruislip, Middlesex, England, in 1922.

The breeding of "Broadcaster of Ware" (formerly "Mongolian Determination"), was laid on the Obo foundation, and after 25 years of Canadian interference at the hands of the late "Lance Farewell," Mr. Shawley produced "Mongolian Determination" from his "Mongolian Twilight" when sired to "Farewell's Man o' War," and the expert Walter H. Reeves, selected "Mongolian Determination" as a Cocker likely to fit in with the breeding plans of Mr. Lloyd.

"Mongolian Determination" was a solid Black Cocker, born November 28th, 1921, and looked his splendid breeding. His head chiselling, definite stop, cleanness of cheek, enormous depth of brisket and girth, level underline and powerful quarters were favorable attributes which made him a welcome addition to the "Of Ware" stud forces and went far to establish "Reds" in England, these "Reds" being of rich Irish Setter red color. Two Red bitches when bred to him produced entire litters of the Red color.

To those interested in the very few dogs which Canada has exported to England, we would say that "Mongolian Determination," sired such well-known "Of Ware" Cockers as "Insulator of Ware," 1st prize winner at Cheetham Hill, "Charlie McCaura," 1st prize winner at Dublin, "Golfhill Chance," 1st prize winner at Glasgow and Greenock, "Waldiff Corker," 1st at Midland Cocker Club, 1st Olympia, also 1st Grand Challenge Class, "Rupert of Heron Hill" (Red), 1sts, Woking and Harrow. "Dorette of Sauls," "Ladye of Sauls," "Radio of Heron Hill," "Olaf of Heron Hill" (Red) "Cheerful Jenny," "Red Cockade of Lightwater," "Suddon Cheerful," William Rufus of Bellmead, "Imp of Elfland," "Minna Black," "Brushwood Pixie," "Sombre Belle," "Roger of Ware," "Shobnall Saul," and etc., etc.

Just what "Mongolian Determination" would have done for the breed if he had remained in Canada can only be a matter of conjecture, but it is very interesting to know that he met the entire approval of H. S. Lloyd, who is unquestionably the world's most successful best known Cocker Spaniel breeder in these modern times.

By way of emphasizing the forego-

ing we are at liberty to say, that Mr. Lloyd gave it as being his opinion that the grandchildren of "Mongolian Determination" were an improvement on the Blacks in England, and mentioned that "Decendant of Ware" and "Insulator of Ware" had won all through at the Kennel Club and at Edinburgh, both Championship Shows.

## THE DALMATIAN AND ALL ABOUT IT

Here we have a new book on the Dalmatian or "plum pudding" dog, written by James Saunders and Robert Leighton, and published by Watmoughs Ltd., London, England, with a foreword by G. B. Gash, Chairman of Committee, of the British Dalmatian Club.

This new book gives the early history of this picturesque and affable breed, and shows many illustrations of past and present champions in England.

The chapter on Kenneling, by the well-versed Robert Leighton, is worth the price of the book many times over, and because of its adaptability to any other breed, it should find a place in the considerations for the layout of any modern kennel.

Willowsmere," said to be the best Cairn Terrier, dog or bitch, of the breed in England at the present time, where the judges have so appraised her value by her winnings at the principal shows of last year.

At Cruft's, she won the Bitch Championship, and Challenge Cup for the best Cairn Terrier in the show; similar honors at Birmingham Championship Show, and the Bitch Championship at the Cairn Terrier Club Show at Glasgow.

## 1932 DIRECTORY OF CANADIAN PUBLICATIONS

The 25th Edition of the McKim's Directory of Canadian Publications has just been issued by A. McKim Limited, Canada's premier advertising agency.

This book is the most complete directory of its kind in Canada, and contains 577 pages of authentic information about Canadian newspapers, trade papers, magazines, and periodicals of all kinds, also reliable data on Canadian provinces, cities, towns, villages, and practical information on the resources and facilities of the various Canadian markets. A. McKim Limited, with offices throughout Canada and in London, England, is in a position to secure reliable information through direct channels.

The McKim Directory has enjoyed a wide circulation among advertising men, publishers, and manufacturers for the past twenty-five years. Every business man interested in Canadian publications should have this valuable handbook on his desk for reference.

Inquiries for the Directory may be addressed to any one of the McKim offices—Montreal, Toronto, Hamilton, Winnipeg, Vancouver, Halifax, and London, England. Its retail price is \$3.00, postage free.

## RANNIE OF FAIR CITY

This was the euphonious name of the Cairn Terrier advertised for sale on page 32 of *Kennel and Bench*, May issue, and we are advised that this splendidly-bred, proven matron, sired by "Luach of Frimley," son of "Ch. Ian of Frimley," son of "Ch. Breakwater Jock," has been purchased by G. R. Gilchrist, Toronto, erstwhile breeder and Trainer of German Shepherds, who, if he gives the same enthusiasm to his new possession, may be considered to be a valuable addition to the ranks of the small but influential army of Cairn devotees now so prominent in Canada.

The same sellers are offering a Scottish Terrier bitch, by "Ch. Heather Necesisty," and some Sealyham Terriers, by "Ch. Brazen Bonaparte" in this issue.

## The Alberta News

By Provincial Contributing Editor,  
J. G. YOUNG, Edmonton, Alberta

**B**Y the time these notes appear in print the 1932 Summer Show of the Medicine Hat Kennel Club will be a thing of the past. Their premium list, considering the depression we are passing through, is most attractive, and I am sure the out of town visitors who attended the show will have had a most enjoyable time and be looking forward to the next fixture to be staged by that Club.

The next dog show in Alberta is to be staged at Calgary by the Alberta Kennel Club who, along with the majority of western dog clubs, is experiencing difficulty this year in making arrangements for their forthcoming Annual All Breed Show to be held on July 13th, 14th and 15th, in conjunction with the Calgary Exhibition and Stampede.

As is the case in many other cities in the West, the Exhibition Company, who usually assist the club materially by granting numerous concessions to the Dog Show, has found it necessary this year to forego any assistance whatever, which means that the Club must bear a heavier burden than it has ever before experienced.

Never before in the history of show giving clubs has it been so essential that dog clubs co-operate with one another in brushing up entries, offering suggestions as to ways and means of cutting down expenses, and in other ways working together to make each and every show a success financially and otherwise.

Dependent upon the issuance of the necessary license, application for which is now in the hands of the Canadian Kennel Club, Wm. Forrest, who is well-known to all Western fanciers as one of the squarest and best judges of all breeds, will officiate as judge. Mr. Forrest is a fancier and breeder of over forty years' experience, who has officiated as judge at a number of important shows in the Old Country and Western Canada with considerable success, and anyone who shows under him can rest assured that their entry will be given every consideration and judged solely on its merits.

It is the hope of the Alberta Kennel Club that every dog owner in the Western Provinces will rise to the occasion this year and get their entries in shape and support show giving clubs with at least one entry, as the future success of the dog game will be sorely prejudiced for some time to come if this support is not forthcoming.

The next fixture on the Western

Circuit is that of the Edmonton Dog Fanciers' Club, to be held in conjunction with the Edmonton Exhibition on July 19th, 20th and 21st. W. T. (Billy) Oates, well-known breeder, exhibitor and judge of international repute, now residing in Vancouver, B.C., will officiate as judge. Numerous merchants and firms of this city have already signified their intention of donating suitable specials for the various classes, and with the usual whole-hearted co-operation which prevails among the members of this Club the 1932 show should be as successful as those held in former years. One of the co-operative undertakings of each member of the Club is that each one will be responsible for the entry of five or more dogs, either those belonging to friends and neighbors, or their own, which should assure a substantial entry.

The Edmonton fixture closes the dog show activities of this province for the year, unless some efforts are made by fanciers in and around Lethbridge to re-organize the Southern Alberta Kennel Club and hold a show this year. Our Provincial Director, Arthur Wright, has been working very hard towards this end, and we sincerely hope he will be successful in his efforts.

I am very sorry that Mr. Currie's letter relative to the activities of Medicine Hat Fanciers did not reach me in time for inclusion in the May issue of **Kennel and Bench**. At this time I would like to remind all correspondents that notes for reproduction in this portion of **Kennel and Bench** should reach the writer not later than the tenth of the month preceding the date of issue. If correspondents will bear this date in mind in future there should be no cause for complaint.

Chas. Park, the very efficient secretary of the Medicine Hat Kennel Club, has recently added to his kennel a very pleasing Smooth Fox Terrier, which was purchased from the well-known "Mutual" Kennels of Mr. Riome, Moose Jaw, Sask.

Harry Gibson, Medicine Hat, has purchased from Mr. Armstrong of that city, the winning Rough Collie bitch, "Oakland Betty." This bitch is a daughter of Vic Williams' "Rose Brae Rising Son," and went to winners bitch at the last show of the Medicine Hat Kennel Club.

Harry Champ of Redcliff is very secretive these days. He is not saying a word, but it is understood that he has a surprise in store for the fanciers who sponsor the Wire-haired Fox Terrier. It seems rather synonymous that a man by the name of "Champ" should breed a number of "Champs"—Fox Terriers.

Len. Tary reports a very promising litter of Springers from his good bitch "Curly of Altawana."

Boston Terriers found another admirer in W. Smith who recently purchased a nice male puppy from Earl F. Kennedy of Calgary, with which he is more than satisfied.

Springer Spaniels sure have an ardent supporter in the genial Bill Burrows. Bill says "the boys will have to step high, wide and handsome to keep out of his way this year, and he means it."

Albert Bean and Mr. Fox of Medicine Hat report a most enjoyable and successful visit to the annual Spring Show of the Saskatoon Kennel Club. The Saskatoon boys, and girls, sure know how to use the visiting fanciers.

Mr. Fox, who acted as Superintendent of the 1932 Summer Show of the Medicine Hat Club, reports the sale of a Whippet dog, "Hunter's Gallant Fox" to a fancier in Swift Current, and a most promising blue roan Springer to W. M. Currie and Mr. Armstrong.

"Gallant Fox!" It looks as though friend John way trying to bring his string of well-known prize winning Whippets into the same popularity as the Wire-haired Fox Terriers—more power to you John.

Jack Rawlings, whose "Quantack" prefix is one to contend with in Springers in this part of the country, advises that he is shipping his "Quantack Vale of Kent," who is a daughter of Int. "Ch. High Tide Barney" ex "Ch. Vale of Burnside," to Billy Oates of Vancouver, to be campaigned at the three shows to be held in coast cities this month. While the writer was visiting Mr. Rawlings kennels recently we had an opportunity of looking over a litter of three females and six males, sired by "Flint Onthank of Burnside" ex "Woodland Romona," giving inbreeding to "Ch. Flint of Avandale," that looked very promising. We understand that after our visit a number of these puppies were destroyed in order to give the bitch an opportunity of nursing a small litter to insure the best progress.

Edmonton fanciers will be very glad to know that Mrs. Caswell has made a most successful recovery from her recent operation and wish her continued improvement in health.

"Sandy" Robertson, "Merrie" Cocker Kennels, reports a litter of three males and three females sired by his "Merrie Durbar" ex "Merrie Bubbles." These puppies are intensely inbred to "Ch. Calma's Durbar," and are a definite example of his experience in breeding prize-winning cattle, horses and poultry.

I was very sorry to learn that Vic

ROY MOULTON, Manager.

W. Williams had resigned from his appointment of member of the Provincial Committee for the Province of Alberta. Mr. Williams has always been one of the hardest workers for the doggy game in Lethbridge, and it was to him that the majority of the fanciers looked for the re-organization of the Southern Alberta Kennel Club upon a substantial basis. I hope that Mr. Williams can be persuaded to reconsider his decision. Norman Gurr of Lethbridge, reports the mating of his "Lady Flora of Picardy" to W. H. McIntyre's imported German Shepherd "Fritz of Lindenthor," and is looking forward to the results of the mating with the greatest interest in the reproduction of working dogs. "Lady Flora" is a daughter of "Ch. Falko von Cleve" ex "Bridget of Picardy" (imp.), and if the bloodlines of the sire are satisfactory, there should be some real Shepherds from this mating.

It is always a pleasure to welcome new fanciers to Alberta Notes. I refer to Mr. and Mrs. P. M. Render, Calgary, who are fast building up a real kennel of Wire-haired Fox Terriers. It is also a pleasure to tell of the efforts of Canadian Kennel Club members to interest new members; I refer to Albert Bean, that popular Terrier fancier of Medicine Hat. Recently Mr. Bean induced Mrs. Render to become

a member of the Canadian Kennel Club, and you may have noticed their entry into the C.K.C. early this year. Prior to that time, while Mr. and Mrs. Render were keenly interested in the Wire-haired Fox Terrier, they only bred dogs of "local" calibre. However, when George W. Bailey, of Ottawa, came out with his big advertisement in *Kennel and Bench*, they purchased from him, first, a beautiful bitch "Barrack Hill Freda"; which, had it not been for a very unfortunate indisposi-

tion, would undoubtedly have created a sensation before now; but all things come to an end, and "Freda" will soon make her debut. Mrs. Render was so pleased with her purchase that she sent a repeat order to Mr. Bailey, this time for a dog, and drew "Barrack Hill Black Magic," a dandy little dog. Just by the way of a reminder to the many readers of *Kennel and Bench* that the advertising in the columns of this magazine does pay, Mr. and Mrs. Render have made their third purchase from Mr. Bailey in the bitch "Wrightville Dolly." This bitch was shown in the East as a puppy, and I believe, did some winning. Before shipment she was mated to Mr. Bailey's imported dog "Thet Trojan," so we are looking forward to some "real stormers" from this mating.

Mr. and Mrs. Render report numerous sales from their kennels to various parts of the country; one litter by Mr. Brophy's "Banbury Ringleader" ex her "Wymund Priscillar" being well placed in the City of Calgary, and another litter sired by Chas. Park's dandy little dog "Medalta Simple Simon" ex "Wymund Lady," one of which was sold to a client in New York, and another to Albert Bean's son, Bruce. Bruce is a staunch supporter of the Airedale, but he seems to have acquired the popular Wire-haired Fox Terrier

### AT STUD

#### The Splendidly Bred Rough Collie Champion Captain Lukeo FEE - - \$25.00

This Collie has been a consistent winner at the principal shows. He was never beaten by any Collie of his sex in 1928, 1929, or 1930. He is the sire of that sensational young champion, Major Lukeo, bred by myself, and now the property of A. V. Martin, Halifax, which proves that Captain Lukeo is a champion with power to transmit championship qualities to his progeny. He is a large, powerful Collie, teeming with quality.

**For Sale.**—A beautiful Sable and White puppy, that can win in any good company. Also a litter of 8 Sable and White puppies, whelped on May 12th; healthy and strong. Also, two females in whelp to Ch. Captain Lukeo. I am not reserving anything for myself, so purchasers get all the advantages of selection, and at prices to suit the depression of the times.

# THE ALBERTA KENNEL CLUB

## ALL BREED SHOW

(FULL CLASSIFICATION)

To be held under Canadian Kennel Club Rules.

DOG SHOW BUILDING, VICTORIA PARK, CALGARY, ALBERTA

July 13th, 14th and 15th, 1932

PRESIDENT—LT.-COL. D. RITCHIE, M.C. SECRETARY—C. B. CUMMER

JUDGE OF ALL BREEDS—Wm. Forrest, Calgary

Entry Forms and Premium List may be secured from the Secretary, c/o City Hall, Calgary, Alta. Entry Fees, \$1.50 for first entry and 75c. for each subsequent entry of the same dog. Entries close July 1st, 1932.

bug lately; however, the present demand for Airedales should have a tendency to make him return to his first love.

Albert Bean reports the sale of a most promising puppy, Airedale, to Mr. Fox, Superintendent of the C.P.R. Mr. Fox seems to be more than pleased with his purchase, and intends to campaign fearlessly at the Western Canada shows this year. This puppy is sired by "Goldendale Cimmaron" ex Mr. Bean's "Ch. Aberdeen Patricia."

Harry Nash, the "evergreen" president of the Edmonton Dog Fanciers' Club, reports his flat-coated Retriever bitch, "Elwyn Vanity" (imp.), is showing heavy in whelp to his recent importation, "Elwyn Earldom." I think the majority of fanciers in Canada will want to join with Alberta fanciers in wishing Mr. Nash the best of luck from this mating when they know that it has taken him over three years to secure the dog and bitch he has mated. About this time three years ago he commissioned Bailie Dagleish, Galashiels, Scotland, to purchase for him a pair of flat-coated Retrievers, specifying just exactly what he required. About eighteen months ago the bitch arrived in Edmonton and was entirely satisfactory. And two months ago the male of the pair reached this city. The bitch, "Elwyn Vanity," has already established the authenticity of Mr. Nash's requirements by having completed her Canadian Championship, and as Mr. Nash assures us that the male is of the same high calibre as the female, we feel sure that he will have no difficulty in acquiring the coveted crown for his latest importation.

It was a great pleasure to hear from H. C. Graham of Riverton, Alberta, with regard to his activities in Collies. It is regrettable that the location of Mr. Graham's farm from the railroad precludes his activities in showing, but I am sure brother fanciers will be glad to know that he is breeding a working Rough Collie and is receiving repeat order from satisfied customers.

Mr. Graham has been breeding Collies since, 1906, and has shipped them as far east as Winnipeg, and west to Vancouver Island. He has recently sold "Lea Park Ross," a two year old tri-color, to L. Graham, of sle Pierre, B.C., another tri-color to Martin Larson, Glendon, Alta., and a sable and white, "Lea Park Ronald" to Mrs. J. B. Wall, Dunster, B.C. He also reports that he is expecting another litter of the same breeding as the dog above mentioned and anticipates no difficulty in dispos-

ing of the same, as they will be of a working strain which farmers are very anxious to possess.

In a recent issue of *Kennel and Bench* the writer reported the activities of D. B. Young, Shaughnessy, Alberta, who is an ardent supporter of sporting dogs. We reported that Mr. Young was busily engaged in completing a new range of kennels, and he advises he can now handle twelve dogs with ease, as well as having separate quarters for the whelping cases and rearing of puppies, which will lessen his work considerably.

Mr. Young also reports a litter of four males and five females from his Springer bitch "Little Mistress of Burnside" sired by "Silent Messenger"; only five of the puppies, four males and one female are being reared.

Mr. Young (please bear in mind he is not a relation of mine, although he appears to be quite a correspondent), also reports a litter from his German Pointer of three males and three females, sired by "Radio Tony," a dog imported from Maryland, U.S.A. He advises that the sire is a dog of "field trial calibre, and a real go-getter," and as the bitch is "one of the sweetest things you ever saw on birds," he expects some real sporting dogs from this mating. As Mr. Young feels that from this mating he will have sufficient German Pointers to continue his breeding programme he is offering his imported bitch for sale; his advertisement will be found elsewhere in *Kennel and Bench*.

Springers are also another breed of sporting dog that Mr. Young sponsors, and we understand that he is busily engaged in grooming two of this breed for the Medicine Hat Show. With Duke Wellington of Lethbridge grooming his "Kootenay Emperor," and Frank Tatham of McLeod doing the same with a recent purchase from the Peterborough Kennels, it looks as though the Springer Class at the Medicine Hat Show is going to be a "real" one.

### THINGS YOU HAVE NOT KNOWN BEFORE The Coloured and Colour Breeding

By T. W. HOGARTH

Contents: Foreword (by Dr. G. M. Vevers); Introduction (what the Coloured is—the pioneer breeders and the parts they and their dogs have played—bibliography); Pedigrees and Results (Approximately 100 pedigrees and matings of all colours and the colours and sexes of the progeny); Colour Breeding in Bull Terriers (by Major T. Grahame, F.R.C.V.S., and Captain J. N. Ritchie, B.Sc., M.R.C.V.S., D.V.S.M.—a scientific interpretation of the actual results obtained in breeding, leading to several conclusions of far-reaching importance—the first work of its kind); Colour Inheritance in Bull Terriers (by Dr. F. Fraser Darling—a short chapter of great value and interest); Black Bull Terriers in the U.S.A.—(An account by Captain Charles K. Bassett of Buffalo of the strain of blacks made by him and much other information on Coloureds in America); More Pedigrees (taking the reader back to the foundation of the breed). 30 Illustrations.

Scientific, authentic, complete, breaking entirely new ground, this work must be studied with advantage by breeders of all breeds where coat colour is of importance. To the Bull-terrier breeder it is indispensable.

## Let Us Talk About Cocker Spaniels!

**A**T the present time much discussion is taking place regarding Cocker Spaniel weight, etc. The following article, which appeared in *The Kennel Gazette* some thirty-seven years ago, might be of interest to our present-day Cocker Fanciers:

### SPANIELS IN 1895

By James Farrow (Breeder of the Obos).

"The Cocker Spaniel just now is passing through a very critical period. In numbers at our principal exhibitions he has made much headway during the year. For example, I will take the entries at our three largest shows during the year, i.e., The Kennel Club Show, Crystal Palace; Cruft's Show at the Agricultural Hall; and Birmingham. We find sixty-five entries in the Cocker Classes, against fifty in the so-called Fashionable Spaniel Classes, i.e., Field Spaniels, Black.

"The critical position, I think, the Cocker is in, from what I am told, has about spoilt this variety of Spaniel in America, i.e., the fact of many breeders, exhibitors, and admirers, forgetting that the Cocker is not a ladies' dog; however, much this variety of Spaniel may be admired by the ladies, because of his size, activity and good temper, a big mistake will be made when our judges recognize in the show ring, the **Toy Spaniel Type of Cocker**, and for the absolute welfare of such a sporting variety of Spaniel.

"I would rather see our judges err in making their awards in the Cocker Classes to the ordinary Spaniel Type than to the Toy Spaniel Type.

"I know some of our Sporting friends argue the Cocker is **useless** for sporting purposes, this will be so and very quickly if specimens win, such as I could name that have been in the money this last year or so.

"An old sportsman and judge of Spaniels, in an able article on Spaniels published in *"Land and Water"* some dozen years ago when he came to the Cockers, gave them this character; "Cockers, although now becoming very scarce, are for sporting purposes perhaps the most used breed we have. He has been so utterly neglected and ignored at the dog shows that an effort should be made, if useful points are allowed to influence the decision of the judges, be encouraged by all true lovers of the Cocker Spaniel as a shooting dog. The weight should be about 25 lbs., ears close to the head, which should be long, lean, and smooth, with a long neck, good wide chest, good broad back, well arched loins, strong

By WM. G. CLIMO, Calgary, Alberta.

legs, and good feet, a good thick coat and if there is a wave in it it is not a very great objection, but for choice, flat as you can get it.

"I just called attention to these remarks because they cannot possibly fit in with a Cocker built on toy lines, and I do hope that our judges, when making their awards in these classes will remember that the Cocker is a sporting dog, and not "something" to take the place of some of the numerous toy dogs to be tucked in their fair owner's arms or perhaps at an early date in her basket on her bicycle. I feel it necessary to make these remarks because not only our judges, but some of our "doggy press guides" seem to forget at times that the Cocker is a sporting dog."

From the time that Mr. Farrow wrote this article, and even twelve years before, the Cocker Spaniel fanciers have been battling over the weight

problems. I believe that today we may consider that the weights, from twenty to twenty-six pounds, meets with the general approval of the fanciers. Personally, I like a dog from twenty-three to twenty-six lbs.

But after all is weight to be the deciding factor in our dogs? Are we going back to the time when a dog might have been shown as a Cocker Spaniel in the morning, and after eating a somewhat large lunch, would enter the ring in the afternoon as a Field Spaniel?

There are other things than weight that go towards the making of a **Cocker**. **There must be true Type; true Conformation;** and this cannot be obtained without first establishing a definite **"Ideal,"** and the sooner we can come to some agreement as to our **"Ideal,"** the better it will be for the Cocker Spaniel.

Our present standard is very vague and as we look back to the early eighties and review the type of Cocker that was in vogue at that period and around which our standard was compiled ye find a Cocker that is of a much different type to those that are winning today.

Fig. A. of the chart will convey to us a fair idea of the type of the Cocker in those days. A very compact and firmly knit together little dog, giving the impression of a concentration of power and strength, and of being capable of doing the strenuous work asked of him. Those beautiful sloping shoulders which lends so much to the free action of the fore legs. The strength of loin with well developed hind quarters, nicely bent stifles, with great width of thigh that allows for plenty of muscle. Hocks well let down, the great depth of chest and spring of rib provides plenty of room for lung action. Skull well developed allowing plenty of space for brain power. The foregoing are very essential properties and must be retained in our Cockers if we want a utility dog. It is that cloddy appearance that the present-day fancier objects to. There has been much done to overcome this cloddy appearance and to develop the finer points of the Cocker, in this we should go very carefully and not let the craze for the mere fancy points and exaggerations over-shadow those things that are of a vital importance to the Cocker as a sporting dog. Let us try to have a Cocker of beauty and utility.

With the evolution that has taken place in the Cocker during the past fifty years we find ourselves with a multitude of types, some very closely

### INTRODUCTORY

In introducing Wm. G. Climo, of Calgary, Alta., to our **Kennel and Bench** readers on this occasion, we are fully conscious of the fact that we are introducing an experienced breeder; that we are introducing a student of the Cocker Spaniel, one who has made a life long study of Cockers, and as such, one well qualified to write the treatise which follows hereunder.

From Mr. Climo's noted Calma's Kennels at Calgary, champions come from time to time, as for instance "Ch. Calma's Lady Mary," a Black Cocker bitch, by "Matlock Durbar," ex "Matlock Lady 2nd," who never knew what defeat was by one of her own sex when shown in 1926-27. "Ch. Calma's Field Marshall," a Red dog, by "Calma's Little Red," ex "Calma's Flossie," "Ch. Calma's Durbar," a black male by "Ch. Matlock Durbar," ex "Calma's Red Ruth," "Ch. Calma's Lady Supreme," a black female by "Saunders' Black Knight," ex "Ch. Calma's Lady Mary.

Mr. Climo has bred many more noted Cockers, but why enumerate them here? Our only reason for mentioning four is to satisfy our readers that this treatise is the creation of actual experience, and not the repetition of anyone's theory.

—Editor.

FIG. 18

FIG. 17

FIG. 8

FIG. 7

FIG. 14

FIG. 9

show? When we can agree to the type and form and have this translated into an intelligent interpretation of what the "Ideal" must be, then we shall make progress.

If the breeders with an "ideal" before them will try and produce a dog of that high standard, it will be something to aim for; and our judges will have something as a guide for his placings and there will be no other course for them to follow.

The dog of the "faddist" will be gone and we will see a more uniform Cocker all over the country.

In the following notes I have compiled a somewhat technical comparative standard, but I shall endeavor to show the angulations, the comparative heights, lengths, widths, and depths; the correct and incorrect forms, through the medium of the accompanying chart.

While you may not agree with the version set forth, I do feel you will agree that we should have a standard setting forth some such detail:

Fig. B giving the terminology of the dog.

**Head.** The length of the head, from the tip of the nose to the occiput, should be slightly less than half the height, about nine-twentieths of the height at the withers.

**Muzzle.** Length of the muzzle four-fifths that of the skull; depth about the same as that of the length, and the width slightly less, approximately four-fifths of the length. There should be no fullness under the eye. The teeth should be sound and regular, the front ones meeting. The lips should be cut off square, not presenting any snipiness. Nose well developed in all directions. The muzzle should be parallel with a line passing from the occiput through the eyebrows, showing no signs of either "down" or "dish" face. The color of the nose should be black in black, in black and white dogs; in any other color it should be black or dark brown.

**Skull.** One and one-quarter times the length of the muzzle. Depth equal that of the length. Width equal to the length of muzzle. The skull well developed, slightly rounded, with well defined eyebrows and stop. The median line distinctly marked and gradually disappearing a little more than half way up the skull. The cheeks should be smooth and clean-cut showing no signs of heavy muscle development.

**Eye.** Rather full and round but never protruding or even so as to become injured when at work. They should never be oblique, that is to say that there must be an alinement of the

resembling the dog of the eighties, and others quite facey, with practically all the old type, form, and even character gone. Why these changes? Simply because our standard means so little, and that each individual applies his own interpretation.

Who can say that their interpretation is wrong? Can we lay any blame on the judges for the erratic placing of their awards at our shows? That is "erratic" in our opinion! when we as breeders and exhibitors are just as inconsistent in what we breed and

corners, there must be no deviation of the outside corners either up or down, they should never be almond shape, an eye that is round at the inside corner and tapering more or less to a point at the outside corner. The distance between the eyes should be about one half that of the distance from the outside corner to the outside corner. They should look directly forward and when looking forward should not show any white.

In expression they should be kind, merry, intelligent, and at the same time very alert. In color they should be very dark in Blacks, and as dark as possible in any other color, and in no case should the eye be lighter than a dark hazel.

**Ear.** In length the leather should not extend beyond the tip of the nose. Fine in texture, lobular in shape, low set on the head slightly below a line from the corner of the eye the point where the head joins the neck, and covered with long silky hair, straight or slightly waved, but never curly.

**Neck.** The length from the withers to the occiput equals half the height at the withers, slightly arched, strong, free from throatiness, and running smoothly into clean-cut, sloping shoulders.

**Shoulders.** The shoulder blade should slope downward, forward and outward. The lower shoulder should slope downward and backward forming a slightly wide right angle at the shoulder joint. The width across the chest from the outside of the shoulder joints should be about one-third or a little less than the length from the fore chest to rear of flank.

**Forelegs.** The upper leg should drop vertically from the lower shoulder forming an abluse angle at the elbow. The elbow should be close to the body. The lower leg or pastern should be straight and strong. The bone of the leg preferably round and covered with plenty of muscle.

**Hindlegs.** The hip should slope downward and backward. The upper thigh should slope forward and downward forming a slightly wide right angle at the hip joint. The lower thigh should slope downward and backward forming a slightly wide right angle at the stifle. The hock bone should drop vertically from the lower thigh to the hock joint forming an abluse angle. The legs from the hip down should be straight when viewed from behind, the hocks turning neither in nor out. The hip should be wide, with strongly muscled flanks and thighs giving the impression of power and strength.

**Feet.** Round, cat-like, rather large in comparison with the size of the dog, strong, deep pliable pads, toes close

with plenty of hair between them. The feet should not be flat, the toes spread or turning in or out.

When the dog is in action the legs must have a direct forward and backward movement when viewed from the front or rear.

**Body.** The length of the body from the fore chest to the rear of the flanks should be about one and one-quarter times the height at the withers. The depth should extend below the elbow, the deeper the better. The width of the chest shall be governed by the width across the lower shoulders and elbows. It must not be narrow, and at the same time, must not be so wide as to interfere with the free action of the fore legs. The ribs must be well sprung and carried well back, but must not interfere with the free action of the hind legs. The back must be level from the withers to the loin, showing no hollowness. The loin should be short, strong, and well muscled, curving gently downward to the set on of the tail. There should be no tucked up appearance.

**Stern.** The set on of the tail should be slightly lower than the level of the back, caused by the gentle slope of the loin. The tail should be carried out straight, and when in action move merrily from side to side rather than up and down.

**Coat.** Flat or slightly waved, silky and very dense, with ample feathering on the ears, chest, under the body back of fore legs, and tail. The feathering on flank and hind legs should not extend below the hock. There should not be any feathering on the front of the fore and hind legs. Plenty of hair between the toes.

**Color.** Black, should be jet black, not rusty. Reds shall be of various shades and of a uniform color, the more brilliant the better. They should not be of various shades in different parts of the body. White on chest of solid colors should not disqualify. White on any other part of the body, such as white blaze, white feet or white in feathering, other than on the chest shall constitute a parti-color. Any two or more colors shall be classed as parti-colors. A white blaze being desirable in parti-colors.

(To be continued in our next issue.)

### FOR SALE SCOTTISH TERRIER PUPPIES

Males and Females. Best registered stock.  
\$25.00 and \$40.00. Also, female seven months.

**HAZELDEAN KENNELS**  
21 Dunvegan Road, Toronto, Ontario

### JUDGES FOR THE C.N.E.

Early each year the Dog Show Committee of the Canadian National Exhibition decide on the judges who will officiate at the Fall show. The policy of past years has been to share the honors of judging between the best talent available in the United States and in Canada, with special consideration given to such breeds as Collies, Bulldogs, Boston Terriers, German Shepherd dogs, Sporting dogs, and Toys, but this year the committee is satisfied that the competent efficiency of the judges selected will meet every requirement of the most fastidious fancier. We do regret, however, not finding any of our Canadian judges named in the list this year.

The judges selected are as follows:

#### H. Osborne, Chicago, Ill.

Mastiffs, St. Bernards, Bloodhounds, Newfoundlands, Great Danes, Russian Wolfhounds, Irish Wolfhounds, Greyhounds, American Foxhounds, Chesapeake Bays, Doberman Pinschers, Schnauzers, Chow Chows, Dalmatians, Beagles, French Bulldogs, Boston Terriers, Miscellaneous classes.

#### W. T. Payne, Kingston, Pa.

Pointers, English Setters, Irish Setters, Gordon Setters, Retrievers, Field Spaniels, Springer Spaniels, Clumber Spaniels, Irish Water Spaniels.

#### C. Grey, Boston, Mass.

German Shepherd Dogs, Airedale Terriers, Collies, Old English Sheep Dogs, Bull Terriers, Schipperkes, Fox Terriers (S.H.), Fox Terriers (W.H.), Sealyham Terriers, Irish Terriers, Scottish Terriers, Bedlington Terriers, Kerry Blue Terriers, Welsh Terriers, Manchester Terriers, Whippets, Italian Greyhounds, Pomeranians, Toy Poodles, Yorkshire Terriers, Toy Terriers, Black and Tan English Toy Spaniels, Pugs, Pekingese, Maltese Terriers.

The Sporting group will be judged by Mr. Payne. Working dogs, Terriers and Toy groups will be judged by Mr. Grey. The non-sporting group will be judged by Mr. Osborne. Best dog in show will be judged by Messrs. Osborne and Grey.

## OLD LANDMARK REMOVED!

Another of the fast dying out school of old fanciers was lost to Canadian dogdom on Saturday, April 30th, when Mrs. S. A. Delaney, Toronto, left her many earthly friends to join the "great majority" beyond the grave. For some time past Mrs. Delaney had felt the pangs which comes with advancing years, and although a very frail little woman, nevertheless her strength of morale was infinitely greater than her 76 years would warrant, and no doubt it was her age, more than any other cause, that was responsible at last for her withdrawal from the ranks.

Our old friend, who is now with us no more, became a member of the Canadian Kennel Club on July 17th, 1910, and therefore a member of 22 years standing at the time of her death. It was her proud boast that she had attended the Canadian National Exhibition dog show for over 30 years, and no doubt she did. An early associate in Toy Black and Tan Terriers with F. McLean, J. L. Tomlinson, Mrs. M. O'Rourke, and J. E. Dickert, we find Mrs. Delaney taking winners at the Canadian National Exhibition as far back as in 1908, nearly a quarter of a century ago. The winning dog was "Bonnie Boy," and that win was never forgotten when our old friend was in a reminiscent mood. "Bonnie Boy" won for Best Black and Tan Toy Terrier at the Canadian National Exhibition in 1912 and became a champion at Queen City Kennel Club Show in 1914.

Some of the other champions which Mrs. Delaney piloted into the "Charmed Circle" included: "Ch. Gay Boy" (Black and Tan Toy Terrier), "Ch. Lady Grace" (Italian Greyhound), "Ch. Lord Bobs" (Italian Greyhound), "Ch. Black Beauty" (Black and Tan Toy Terrier), "Ch. Queen Lena" (Italian Greyhound), "Ch. Rosie" (Toy Black and Tan Terrier), "Ch. Lady Juliette" (Italian Greyhound). Every one of the above mentioned dogs were bred by Mrs. Delaney with the lone exception of "Ch. Lady Grace," who was bred by Mrs. T. W. Edwards, Toronto. Each one won at the Canadian National Exhibition, some more than once, such as "Ch. Lady Grace," who won the great Exhibition Show in 1917, 1918, 1919, 1920, and reserve winners in 1921 and 1922. Truly a wonderful showing for a woman.

In later years, and in remembrance of her long record, many Canadian National Exhibition victories, and advancing years, it was customary for to call the old heroine into the ring when judging was over, when little presentations of flowers and cash would be made, to the accompaniment of "I don't deserve such kindness" and many smiles

intermixed with many tears from the worthy recipient.

Due to the activities of friends, Mrs. Delaney was laid to rest on Tuesday, May 3rd, 'neath sunny skies, 'midst fragrant flowers, and with the admonitions and prayers of the Anglican funeral rites. Many who paid their last respects were of her own sex. The Toronto clubs were all represented, and just as old Mother Delaney often expressed her appreciation of fanciers' attentions to her whilst she was alive, no doubt her spirit appreciated, just as much, the last kind attentions of all.

Blake Johnston, of Washington & Johnston, had charge of the burial. The pall bearers were: Bert Swann, Alex. Donaldson, R. Scott Wilson, R. Tyrwhitt, H. A. Wilson, and George Potts.

"At last the thread was snapped,—

Her head was bowed;  
Life dropped the distaff  
Through her hands serene,  
And loving neighbors  
Smoothed her careful shroud,  
While death and winter  
Closed the autumn scene."

(Thos. B. Reid, 1822-1872).

## CANADIAN SCOTTIE NOMINATED

"Ch. Haldon Julius," a Scottish Terrier owned by H. E. and W. Batt, of the Haldon Kennels, Guelph, Ont., has been nominated for the Sweepstakes of the Scottish Terrier Club of America to be held in 1933, so that puppies sired by him may qualify to participate in the Sweepstakes, and so take their chances in competition with puppies sired by the greatest aggregation of Scottish Terrier sires ever available on the American Continent.

"Ch. Haldon Julius" is a son of "Ch. Jhelion Julian" (Imp.), who was a son of "Ch. Albourne Arthur," son of "Ch. Albourne Young Lochinvar"; Dam of "Ch. Albourne Arthur" is "Thakeham Ellen Adair," a daughter of the noted "Ch. Albourne MacAdair," and so by breeding, is well deserving of the opportunity now given him to prove his qualities as a sire of possible Sweepstake winners, and we do hope to see youngsters, sired by this good Canadian-bred Scottie appear as worthy contenders in the Sweepstakes.

## NEW CANADIAN INDUSTRY

"Great oaks from little acorns grow," and perhaps it is rather too much to expect a "great oak" to have sprung from the acorn planted at Vancouver, B.C., in 1927, by Dr. W. G. Ballard, but that is just exactly what has happened, and today the general excellence of Dr. Ballard's Food Products, is becoming better known in Canada and elsewhere every day.

With a modern factory, fitted up with every convenience, which includes an abattoir, production now stands at 20,000 cans of the most appetizing balanced dog ration ever offered to "Man's best friend."

Ontario alone has 26 distributing points, two car loads being required to meet initial requirements in Eastern Canada, the Dr. Ballard's Food Products are 100 per cent Canadian.

The public's reception of the canned foods has been the incentive that will soon place Dr. Ballard's Dog Biscuit on the market in Canada. The dog biscuit originally manufactured by Dr. Ballard made many friends and to meet a popular demand, an up-to-date oven is now being installed at the factory, and by the latter end of May, the product will be on the market, in a variety of forms to suit large and small breeds of dogs. A large market is possible, enquiries having come from as far off as Palestine. The Oriental Market is a potential one that is not being overlooked and may one day justify a still further expansion of Dr. Ballard's plant at Vancouver.

In future issues of **Kennel and Bench** Dr. Ballard's advertisement will be found on the inside front cover and will represent a small portion of the publicity now being given to the Dr. Ballard Animal Food Products.

Dr. Ballard is certainly to be congratulated on his excellent arrangements for the benching and feeding supplied to the Coast City Kennel Club Show, the former neat and easily put together, creosoted, later to be varnished, and made in sizes to suit the various breeds, the feeding consists of Hamburger, biscuits and canned meat. Lattice railings surround the rings, in centre of each is a cocoanut matting strip, one end marked in colours, first, second, third. This benching far exceeds anything we have yet had for our shows, and we feel sure that other clubs will not be slow to take advantage of Dr. Ballard's well approved arrangements at all and any shows where the service can be made possible, the benching and feeding of any show is always a problem, no doubt Dr. Ballard has this circumstance well in mind, when offering such a service to Canadian show giving clubs.

## Saskatchewan News

By Provincial Contributing Editor,  
W. W. RIOME, Moose Jaw, Sask.

LETTERS received from various parts of Saskatchewan, indicate a continued interest in good dogs, new fanciers are joining the fancy, whilst others are increasing their kennel activities. Our people must, and will, have something to interest, amuse and take their thoughts from the continuous cares and worries of everyday life.

What can a man buy that will give more continuous pleasure than a dog? The cash outlay is small. The whole family share in the joy of having a household pet.

Those who love the great outdoors find much interest in owning one of the various hunting dogs and training it for fall work, then, when the season is here for hunting, the owner is proud to possess a dog excelling as a worker, and especially a dog of one's own training.

There is unlimited scope for everybody's particular fancy in the canine world and few people, who have once owned, and had the pleasure of a dog, would care to be without one.

Much pleasure and sport can be derived from Whippet racing. Thrills abundant are experienced watching the little "longtails" speeding down the track—At the present time there is renewed interest in this particular kind of sport. We understand those interested in our Exhibitions are considering the possibilities of introducing Whippet racing as a Grand Stand attraction, and no doubt this added feature would be greatly appreciated by the public and prove to be one of the big drawing cards at such exhibitions.

Moose Jaw Kennel Club are forging ahead to make the annual show, June 30, July 1st a success. Already many exhibitors from outside points have signified their intention of exhibiting in the "Friendly City." Members are working hard collecting specials. Premium lists will soon be in the mails. President Joe Gillon has his committee lined up. Miss Freda Henderson, Secretary, well be pleased to forward any information regarding the show. Her address is 1132 2nd Ave. N.E.

No doubt all show-giving clubs will experience the difficulty of obtaining specials as numerous and of such value as in the good times. True dog lovers, however, will not be influenced by the amount they can gain by showing their dogs, but by the desire to show true sportsmanship and keep the dog game on a high level and not let our

hobby suffer because business conditions are a little below par.

We are pleased to receive notes from new contributors to the page this month. Mrs. Jean B. Ross, of North Battleford, is the owner of the Winning Boston, "Just the Guy." "Just the Guy" is the sire of a litter of five from "Ringside Flashy Girl," and four from "Buddy's Wee Babe." Those six week old youngsters, all flashily marked and appear to be exceptionally promising. Mrs. Ross hopes to get her championship certificate in the near future.

There seemed to be something lacking from the "Hub" City when Charlie Crothers was away up in the North Country. "Charles has returned and we are glad to receive the following news.

Wilfred Hay, Tyronne Terrier Kennels, has shipped a second wire, a repeat order to El Paso, Texas. An Airedale to North Battleford. Wilf. is remodelling his kennels and when finished will be a very attractive layout.

Dr. Margaret French has sold one of her male Airedale pups to Dr. McDougal, Abernethy, Sask. The puppies are a real nice bunch, out of "Ch. Springlake Molly" and sired by "Ch. Silverdale Tornado." Dr. French expects to be at Moose Jaw Show with at least three of her Airedales. We are looking forward to meeting a large number of Saskatoon fanciers at Moose Jaw Show this year.

Through an oversight the name of Mrs. R. T. McGibbon was omitted from last month's page as the foremost breeder of Huskies in Saskatoon. Willowbank Kennels, owned by Mrs. McGibbon, produced many of the entries at the show at Saskatoon. "Willowbank Petes," the Best of Breed, owned by Dr. Croll, was also bred at Willowbank Kennels. Mrs. McGibbon has spared neither time nor money in her endeavour to bring this strictly northern breed to the front.

J. J. Howe, Saskatoon, Chesapeake breeder, shipped "Blond Prince" to Dr. Leach, Waroad, Minn., U.S.A. "Prince" unfortunately was run over and killed shortly after his arrival, but the dog was so much admired by Dr. Leach that he immediately ordered another, so Jesse shipped a litter brother, "Howe's Laddie," to fill "Prince's" place. These young dogs were sired by "Ch. Bud Parker," ex "Howe's Queen Bess." Two other Chesapeake puppies from Jesse's kennel went to North Battleford to A. Edwards and W. Wilson, both were also sired by "Bud Parker."

M. Moore recently shipped his good Setter bitch, "Helen II of Helensdale"

back to her old home for mating to "Ch. Jimmie's Rex." "Ch. Jimmie's Rex" has gone to a new home. He was purchased for a good figure from the Helensdale Kennels, Saskatoon, by A. Roy Bell, of Humboldt. Mr. Bell already has a nice kennel of Setters, derived from "Helensdale Stock" and purchased "Jimmie's Rex" as a Stud force.

"Elmhill Black Watch" that great Collie of Dr. Cooper's, Saskatoon, is lost to Saskatchewan breeders, having gone to Allendale Collie Kennels, Vancouver. This truly great Collie, only shown twice, went best Canadian-bred, and best dog in show at the Saskatoon Spring Show, 1931, and Best of Breed in 1932. Dr. Cooper always seems to be able to produce another to take the place of even the best ones that he sells. Just now he is especially enthusiastic over a litter, out of "Elmhill Gloomy," by "Elmhill Fred." This same mating has produced some fine specimens in the past. Another very nice lot is by "Elmhill Black Watch," ex "Elmhill Lovely Queen."

Mrs. Fred Eagle, of Saskatoon, of Toy Poodle fame, reports sales to Mrs. Rutley, Victoria, B.C., a female, "Fairfield Little Miss Muffit," by "Ch. Mighty Atom," ex "Tweenies Tweenie." A male of the same breeding to H. Dawber, Saskatoon, and a male puppy, by "Ch. Mighty Atom," ex "Ch. La Paupee," to Mrs. Willis Adanac.

Our old friend, "Bob" Hogg, has recently returned to Saskatoon. Bob has his good Airedale bitch, "Ch. Miss Winnitoba," also a male pup, ex this bitch and sired by "Ch. Punnichy Pat." "Grand View Trixie" is still among Bob's favorites.

Robt. Comstock, Saskatoon, is very enthusiastic over his Pomeranian puppy, "Dusty Lady." She is ex his winning female, "Whoopee." She by "Ch. Surrey Gold Dust," a litter sister of above puppy, has been sold to L. Lee of the same city.

Charlie Crothers, partner of the Helensdale Kennel, where so many sporting dogs first saw the light, anticipates taking a trip to Winnipeg to visit the home folks. Whilst there, Charlie will attend the Fort Garry Kennel Club Show, and hopes to take along a good string of Saskatchewan and Alberta dogs for competition at that Show. Charlie's success as a handler needs no comment.

John Wilcox, dean of the fancy at Prince Albert, is maintaining quality in his Springer kennels. Visitors in the North Country are invited to call and look over the Springers and will be sure of a cordial welcome.

Mr. Mabson and family of Regina, were visitors to Mutual Kennels, Moose

Jaw over the week-end. Miss Hazel has acquired a snappy Wire female from Bronwyn Kennels, owned by Walter Pym, Regina. The Wire, "Bronwyn Queen" is sired by "Moosasian Speedy Storm," ex "Wyrecote Merry Madcap." A service was booked to "Mutual Dividend," He by Int. "Ch. Becksides Bonus."

D. C. Macleod, Glendhall Kennels, Yorkton, writes to say he is disposing of his kennel of German Shepherds to make more room for "Scottish and Irish Terriers." "D.C." spent a lot of time and cash building up this kennel. Somebody is going to get a bargain. Quick action will be necessary to secure any of these Shepherds when the advertisement appears in **Kennel and Bench**. At the recent Saskatoon Show, Mr. Macleod's Irish Terrier bitch, "Molly Bawn II" won 1st puppy, best puppy, 2nd Novice, 2nd Open. Another real mick in Glendhall Kennel is "Micky Mayo," by "Ch. Frontier Leader," ex "Rose D." "Mayo" has been mated to "Patrick of Penlea," also of choice blood lines. In the future, Macleod intends to devote all his spare time to the breeding and exhibiting of Scottish and Irish Terriers. See his advertisement for Scottish Terriers at Stud.

W. A. Childs of Saskatoon, writes to say his litter of Airedales, ex his superb bitch, a daughter of Int. "Ch. Warlands Ditto," are doing well, and should be the means of improving the Airedales in Saskatchewan, through the introduction of "Warlands Ditto" blood.

We were pleased to get word from Rev. J. N. Sceviour, Limerick, Sask. Mr. Sceviour owns some imported Newfoundland females, they have recently been bred to Bill Walker's winning Newfoundland, "King Baldy," of Moose Jaw, one of "Monty" Wallace's breeding.

Mr. R. O. Cross of Calgary, was a Moose Jaw visitor lately, spending the evening at the home of Mutual Kennels. Mr. Cross has purchased from J. R. Kennedy, Vivadora Kennels, Toronto, a great little "Wire" in "Vivadora Masterpiece," He by "Ch. Watteau Review." We have not seen "Masterpiece," but he is written up as a 17-lb. dog, with very short back and 8-inch head, and all-terrier. He has already been used at Stud and Mr. Cross owns some nice females, including one by "Thet Trio," Imp.

Hughie Leslie of Rosetown, is busy rounding up a string for Medicine Hat, Moose Jaw and Regina. His Scotia Collie Kennels house some splendid winning Collies.

George Lockwood, of Moose Jaw, reports a litter of four chunky puppies,

## German Shepherd Dogs FOR SALE

Your chance to buy high quality puppies and grown stock, Males and Females, from \$10 and up.

I am clearing out of German Shepherds to make room for Scottish and Irish Terriers.

Special Stud fee until sold, \$15.

Scottish and Irish Terriers for sale. Write for particulars.

### AT STUD

Haldon Cairngorm, Scottish Terrier, late of the noted Haldon Kennels, Guelph, Ont.

## GLENDHALL KENNELS

D. C. MACLEOD  
252 Victoria Avenue, Yorkton, Sask.

out of his winning bitch, of "Ch. Bud Parker" breeding. George is endeavouring to breed another to take the place of "Ch. Prince Bud," who passed out last season.

Mrs. Ellen Hart, of Chipperfield Kennels, East Sooke, V.I., B.C., has purchased the Wire, "Mutual Preference" from Mutual Kennels. Int. "Ch. Becksides Bonus," being his sire. "Preference" was best puppy, Novice and Reserve Winner at Saskatoon Spring Show. Mrs. Hart has large acreage on the sea front, where she intends to build new kennels; the females in Chipperfield Kennels are all of the best, and at present there are several promising litters.

James Bell of Wetmore Labrador Kennels, Limerick, Sask., sends most encouraging news, stating that from sales made and enquiries the dog game is certainly on the up grade again. "Jimmie" and his Labradors are well-known. Attending all the shows and so keeping the dogs before the public always counts. "Ch. Beauty of Harwood," whelped a nice litter of six, 3 of each sex. A male puppy, out of this bunch was sold to a fancier in British Columbia.

## MUTUAL KENNELS, Reg'd.

Have some exceptionally well bred Terriers at Stud.

### WIRES — SMOOTHS — IRISH

Write for details of wins and breeding. In Smooths we have a brace of show specimens, and a brace of puppies for sale.

W. W. RIOME

Moose Jaw, Sask.

"Ch. Missy of Harwood" is bred to "Ch. Banchory Jake," "Speed of Wetmore," to "Jet of Wetmore." Jimmie of Wetmore, a well-trained male and "Flash of Wetmore," who has already gained 9 points, have been sold to A. McGregor, of Edmonton, truly a representative team of Labradors. "Flash" was in whelp at time of sale and remained in Wetmore Kennels until she had whelped. She has since been shipped to her new home together with her five puppies. Needless to say Mr. McGregor is delighted with the new arrivals. We hope "Mac" will soon become a member of Canadian Kennel Club and a reader and contributor to **Kennel and Bench**.

Jack Newman of Beau-Bel Kennels, Regina, famed Airedale and English Setter breeder of a few years ago, is coming back into the dog game again. His latest choice is a Springer Spaniel female, seven months old. Jack will pilot this young lady through the shows and later use her as the foundation of his kennel. We all welcome Jack back to the game again.

Dave Gulliman, Regina, has a new litter of Bostons, two males out of "Regina Queen," both are doing well, nicely marked and likely lookers.

George Gulliver, Regina, recently sold a son of his winning Alsatian, "Mike Wain" to Dr. Skinner of Saskatoon.

Ray Kennedy, general manager of the Saskatchewan Hotel, Regina, has purchased the Fox Terrier, "Redcliffe Boujie" from George Lydiatt, Vancouver.

"Boujie" is sired by "Redcliffe Blazer," and out of "Redcliffe Elite."

At Eastview, Springer Kennels, Mr. Busby is expecting good results from the last litter of puppies born May 9th. The dam is "Field Sensation," sire, "Queen City Prince," both good winners. Besides being successful show bench winners these Springers are first class workers in the field. Another winning female in these kennels is "Pal Jessie," who so far has not contributed to the increase of the kennel. This young fancier is making history, both as a breeder and in helping to build up the show game in Regina.

H. Middlemas, Regina's popular President, acquaints us that his recently imported Scotty, "Lady Necessity," is now showing in whelp to "Raglan Robbie," his imported stud. The Wire, "Wyrecote White Tips" is in whelp to Walter Pym's Stud, "Moat Hill Dark Boy."

Jack Wolfe of the Queen City, has purchased a Pointer from "Mel." Lloyd Greenlaw, Alberta. He is well trained and has show quality. Jack will

have him in good shape for the next show.

Mr. Murray of Regina, was a Moose Jaw visitor recently. He is the owner of a smart Wire and contemplates owning a Scottie, also a smooth puppy, out of "Danby Molly," and sired by "Ch. Sutton's Gwynne Darrell" left W. Riome's Mutual Kennels, Moose Jaw, to find a new home in Walter Pym's Bronwyn Kennels, Regina.

Another smooth puppy, "Mutual Admirer II," out of "Mutual Admirer" and sired by "Calgaree Chosen Don," left Mutual Kennels, sold to Mr. Dodds, Saskatoon. Several visiting females have been bred to "Mutual" Studs.

"Moosas Ringleader," and "Mutual Bonus," two "Mutual" females, have been bred to Mutual Studs and sold to new owners in Manitoba. Before leaving "Mutual Ringleader" left a nice litter of four females by Imported "Thet Trio." These five months' old youngsters are very promising.

#### NEW SCOTTIES FOR CANADA

Two additions to the ranks of the Scottish Terriers in Canada have found kennel room at the Vivadora Kennels, Toronto. Both are females and valuable additions to our fast growing "Scottie" colony. First to arrive from England was "Talavera Desdemona," sired by "Talavera Real Mackay," a son of "Ch. Heather Necessity," Dam, "Croindene Caress," a daughter of "Ch. Albourne Barty," ex "Albourne Annie Laurie."

Born March 20th, 1931, this "Talavera Desdemona" has made good use of her time. Indeed she has visited the dog shows with success, has crossed the Atlantic, and since her arrival she has whelped 1 male and 3 female puppies to "Sandhey's Solomon," a litter brother to "Ch. Solomon Silver Tip."

The second arrival was "Talavera Love In A Mist," a daughter of "Ch. Heather Necessity," ex "Lochside Betty," a daughter of "Heather Barty," and in the three generation pedigree appears such outstanding dogs as "Ch. Abourne MacAdair," "Ch. Ornsay Brave," "Ch. Albourne Barty" and "Ch. Ornsay Baba."

Born April 29th, 1931, "Talavera Love In A Mist" has also been successfully shown, has crossed the Atlantic, and is showing heavy in whelp to "Ch. Albourne Barty." So, since "blood will tell," valuable additions to our Scottie holdings have indeed been made. Mr. and Mrs. J. R. Kennedy, the importers, have taken very kindly to their new purchases, and not without good cause. Capt. H. R. Phipps, England, has been the selector on the other side, and his selections are most eloquent testimony of his knowledge of the breed.

## Melbourne Pomeranian Kennels

(Registered)

HOME OF IMPORTED  
POMERANIANS

MRS. J. W. BRUCE  
PROPRIETOR

Tresleigh Zobey Imp.

The most noted and outstanding Kennel of the breed. Our achievements on the show bench prove it. Our Selected Stock is from the very best British lineage. The Stud Force is comprised of many of the very best specimens procurable. Our Breeding Bitches have all been carefully selected.

#### WE OFFER AT STUD

##### OUR MOST RECENT IMPORTATION

Perivale Fireflash — A beautiful clear orange that is a choice combination of the best blood.

Champion Chiswick Sunkist, Imp., an orange shaded son of Riverleigh Bijue, ex a daughter of Ch. Flashaway of Dara.

Chiswick Golden Fizz, Imp. A clear orange by Riverleigh Bijue ex a daughter of Ch. Gold Premium.

Melbourne Red Mite, a beautiful orange.

Supreme Sunrise, Imp. Orange, by Peep O'Gold ex a daughter of Ch. Perivale Memento.

Ch. Montacute Golden King, Imp. A Golden Orange son of Ch. Gold Premium ex Golden Bijue, the "Royal" winner.

Tresleigh Zobey, Imp. Black.

Chiswick Chieftan, Imp. Black.

And besides our imported dogs we own a number of our own noted Melbourne dogs, all colors, including Whites, and they are also at Stud.

#### —STUD FEES—

From Ten Dollars up

Our Brood Bitches constitute a force of undeniable reputation.

Puppies and Grown Stock usually for sale

Satisfaction Guaranteed

Our Integrity Unquestioned—

Our Performances Unequaled

If in need of fresh breeding stock, if in need of Stud service, Melbourne Kennels can fill your every requirement. We keep only the very best in the breed. Address all correspondence to

#### CH. POMERANIAN DEAD

Most of our Ontario readers who follow the fortunes of the Toy sections of our dog shows, and particularly the Pom section, will remember Mrs. E. O'Rourke, of Hamilton, and her little Black female Pom, "Ch. Melbourne Wentworth Nona," who was sired by "Melbourne Chip of Chiswick," son of "Ch. Chiswick Marquis" (Imp.), and out of "Chiswick Queenie" (Imp.) Mrs. O'Rourke and her "Nona" turned up at most of the shows convenient to Hamilton, on both sides of the border during the years 1926-30, during this time, and in Canada, "Nona" took the winners ribbon seven times and twice the reserve honors.

Meeting Mrs. O'Rourke at the recent Detroit show, we noticed that "Champion Nona" was not with her kindly mistress, and on making enquiry we found that the comely animal had died shortly before that time. Born on September 6th, 1925, and making her home with Mrs. O'Rourke since March 21st, 1926, it will be noticed that her show career was made chiefly whilst in Mrs. O'Rourke's possession. At 14 shows "Nona" was first in open class 12 times, and second only twice.

We hope to see Mrs. O'Rourke continuing at the forthcoming shows with one as good as "Nona," for it must not be forgotten that Mrs. O'Rourke is one of the few remaining fanciers of the old school.

#### CANADIAN CAIRNS AT WASHINGTON

The National Kennel Club Show held at Washington, D.C., on May 7th and 8th served to show that Canada is holding a strong hand in Cairns at the present time, when, under Judge A. Albright, Jr. Mrs. G. W. Hyslop's (Toronto), recently imported "Divor of Gunthorpe" went to Winners and Best of Breed, and the same owner's "Cheer of Tapscot" taking reserve winners.

At the Springfield Kennel Club Show held at Springfield, Mass., on April 30, we notice that a Canadian-bred Cairn won the winner's prize and best of breed there too. This Cairn, being just 15 days out of his puppyhood, was "Happy Boy of Clairmar," bred by Mrs. W. C. Rontley, Toronto, and now owned by D. Shepherd, West Springfield, Mass.

#### FOR SALE

Aberdeen Scottie, Female, Imported, by Champion Heather Necessity. Also Sealyham Puppies, sire, Champion Brazen Bonaparte, Imported.

ARVIDA, QUE.

## Maritime News

By Provincial Contributing Editor,  
M. B. ZWICKER, Halifax, Nova Scotia.

NO one in the Maritime provinces has been longer with them, or more faithful to the larger sporting breeds than our war-scarred-veteran of many battles, Robert Orr, owner of Easco Kennels, Saint John. His first pointer "Bell M.," bred by a Mr. Chestnut, hardware merchant of Fredericton, who imported a bitch in whelp out of which came this foundation stock to Mr. Orr about 1899. Today he displays with pride the pedigree of his newest show prospect, "Easco Miss Victory," who descends on the dam's side from the same "Bell M." This November puppy, most ideally made liver and white, boasts a well-formed body, short back and short tail, owns a shapely head, with dark eyes and splendid feet, withal a pleasing action. Her sire is his own bred "Easco Whichone," and dam, "Easco Princess Helene," who is by that sire of champions, "Ch. Post Road Jeff II."

We wish that similar activity was shown in New Brunswick with English and Irish Setters for which there is a demand at the present time.

Those of us who knew the dog, his disposition, breeding, excellent appearance and value as a sire regret very much the untimely death of "Borlas Huntsman," the sterling smooth Fox Terrier, whose stud ad. has appeared in **Kennel and Bench**. His owner, Ronald C. Vaughan, Saint John, had him sold and was to be expressed to his new owner the day death suddenly overtook him due to some internal infection. A terrier that was apparently sound and well until he collapsed after three days' illness on April 28. "Huntsman's" career began in Texas, then came to Mr. Meyburn of "Danby" prefix, and the last three years with Garwood Kennels. Bred by the Rev. A. J. Skinner, England, he was too big for show purposes but has proved his worth as a sire and here has done the breed yeoman service. He was by Miss Emery's "Ch. Hermon Heir," his dam one of the Rev. Mr. Skinner's best bitches, "Borlas Spaewife," who was by "Ch. That's Rippin." "Huntsman" sired that very excellent puppy sold through **Kennel and Bench** for \$250 last December, I refer to "Garwood Major," who won his Canadian Championship while still a puppy, and since his American residence has been winning for his new owner. At the very recent Springfield Kennel Club Show, Springfield, Mass., "Major" won his third winners' ribbon since Feb-

ruary. Mr. Vaughan has a promising smooth puppy, by "Huntsman," to carry on with, named "Garwood Our Fancy" that will attract the eye when shown. The writer is fortunate in having his ("Crown Victoria"), new smooth bitch, bred to this lamented sire, a few weeks before his demise. This and new stock coming along in "Garwood's" mean a continued interest in Smooths, the "Beau Brummel" of the Terrier breed.

Rosedale Kennels, Saint John, mentioned once before in these columns as exhibitors and breeders of attractive Pokes and Poms, are now exclusively gone over to Poms. The owners, Mr. and Mrs. Harry Short, have owned or bred Pomeranians going on eight years. Formerly importers they are now exhibiting Canadian-breds, and Canadian-bred Poms, though few in number on the American circuits come in for a big share of the affairs wherever shown. Thanks to our second Vice-President, John W. Bruce, Toronto, and his "Buy in Canada" missionary work with "Melbourne's" persistent advertising in **Kennel and Bench**, Rosedales own at least five of that popular prefix, several of them bitches recent purchases which include—"Melbourne Opal," a two-year-old smart looking orange, daughter of the noted "Ch. Chiswick Sunkist," out of the orange-bred dam, "Melbourne Lena." "Melbourne Opal," mated this early spring produced two very showy puppies, a chocolate and an orange, whose sire are the veteran "Ch. Tommy Tucker of Melbourne." Another new female, a wolf sable that is proud of her first Maritime litter is "Panzeratta Flossie," sired by "Spider Man o' War," her dam, "Tinny Flossie." Besides these and other useful brood bitches, Rosedales have two show prospects that will put them out in front in the Pom. classes. "Melbourne Little Shiek," and "Melbourne Laurel," the former a year-old, smart cobby shaded orange of alert carriage, a nice mover. He is out of an imported bitch of most excellent breeding, "Chiswick Leira," his dam being "Chip of Melbourne." "Melbourne Laurel," a junior light orange, bred by Mrs. J. W. Bruce, is by her well-bred sire, the imported "Montacute Gold King," "Laurel's" dam being "Lady Cardine." Last but not least their cream colored matron, an orange bred named "Melbourne Nesta," is by "Chiswick Max," ex "Lillian Golddust" is now mothering a grand little perky wolf sable puppy of dark shadings.

This useful kennel of Poms. are creating popularity for this colorful toy breed and filling the demand for this bright little house-dog of many charms. We welcome to our ranks a new Cana-

dian Kennel Club member and toy breeder, Mrs. F. C. Cannon, owner of Craig Glen Kennels of Canadian-bred Pekingese. Craig Glen is off the beaten track on the Sandy Point Road, about two miles from Saint John.

But no matter how much out of the way the place, let the people know what you have and if it more than meets the eye, just what they want—"a path will be beaten to your well-known door."

Outstanding in this kennel is "Star Ling of Cedarcrest," an attractive biscuit with dark mask and ear fringe, a big flat skull, lovely large round eyes, very flat face, well boned, is sound with an abundant coat. Bred by Mrs. P. A. Margeson, sired by her "Rajah Mon Chink," out of "Somesa of Cedarcrest." "Star Ling" is a much improved dog since his winning appearance at the last Nova Scotia Kennel Club Shows. He has for his new owner proved himself a useful sire as well as a prospective show dog. Mrs. Cannon is quite enthused about a dark shaded biscuit sleeve female of his, named "Lady Feng Tong," whose dam is "Lady Lou of Cedarcrest." I saw there four bold looking eight month old puppies, biscuit shaded colors and plain, smart fearless fellows that won't be too big, sired by "Ting Ling of Cedarcrest." Here is also a mahogany red dog, a short big ribbed puppy and promising son of that grand headed stud dog, "Ch. Pagan Prince of Cedarcrest," his dam, "Tama Lee," also of the same prefix.

These and other exhibitors and Toy breeders of Pokes and Poms will make a strong showing of these popular growing breeds for the coming New Brunswick Kennel Club Show in September. Such fanciers in New Brunswick need encouragement and provision made in the Club's premium list for them now.

## British Columbia News

By Provincial Contributing Editor,  
R. H. F. PURDON, Vancouver, B.C.

**F**URTHER additions to the Garforth-Ramsdell Kennels of Mrs. Arnold and Miss Garnett, North Vancouver, are two Scottish Terrier bitches by "Albourne Simon" purchased from Stanley Dorrell, Swansea Kennels, Vancouver. These enthusiastic partners are determined to make things hum in the various terriers of Scotland.

Mrs. Nantes of the O'Balgownie Kennels, Victoria, kindly sends some Scottish Terrier news of the Puget Sound Kennel Club Show, Seattle, held 27th-29th April. "Ch. Grouse O'Balgownie" went winners dogs; in the open class he was followed by his son "The Laird O'Balgownie," now owned by Miss D. Flickinger, there were six of his stock benched, all of nice type and showing Grouse's qualities. A lovely seven months old bitch "Lady Meg O'Balgownie" got 2nd in puppy bitches. "Merlewood Rose," imported by W. C. Adams of Ashcroft, partner in the O'Balgownie Kennels went to best of breed and best dog in show, she is now owned by a lady in Spokane. Mrs. Nantes says that "Grouse" and "Rose" made a lovely picture together in the ring and were much admired. In all there were twenty-three Scottish Terriers benched, of the best quality seen for several years.

Sometime ago Charles Cary, of West Vancouver, imported two wire-haired Fox Terriers from the well known kennels of Miss Dixon, Thetford, Norfolk, England, in "Thet Tansy" and "Thet Rose," the former is by "Ch. Thet Tetrarch" and her dam by "Ch. Talavera Simon." She won in September last at Phwelli under F. Dunford. Brighton, 3rd, under Calvert Butler, and at Abergavenny under Major J. H. Wright, topped all her breed classes and under three judges won a huge Any Variety Class,—this show had 1,324 entries,—she was shown in whelp at all these fixtures, and immediately afterwards shipped to Vancouver in whelp to "Morlais Tetrarch" who has since won his championship, he is a remarkably well bred dog, being by "Ch. Thet Tetrarch" ex "Ch. Morlais Flowergirl" by "Ch. Stockmoor Storm" ex "Ch. Morlais Patricia," since her arrival "Tansy" presented her owner with one dog and two bitches now six and a half months old, and we will look forward to seeing them out later on. The dog pup is the particular favorite, and I hear he is a real one. The other bitch "Thet Rose" is by "Ch. Epping

Eldorado" ex "Simon's Dimple" by "Ch. Talavera Simon," Miss Dixon's great brood bitch and producer of champions. "Rose" came out bred to "Ch. Thet Tetrarch," but failed to prove in whelp. Mr. Cary is a great believer in the female line in breeding, and only the best sires will suit him, we welcome him back to the fold, and hope to see him again in the ring, handling his Wyndham's to victory. There is just a rumour that some more will be coming out to Mr. Cary carrying the Thet prefix.

In these days when we are constantly seeing letters in the lay press condemning dogs, it is refreshing to hear of what they are capable of doing—two wire haired Fox Terriers the property of the well known and popular expert, T. P. Milner, of Vancouver, barked to such an extent one night, they woke Mr. Milner's son Percy, who, getting out of bed to see what the trouble was, saw a man going through a skylight on the roof of the Safeway store next door to Mr. Milner's premises. He promptly telephoned the police, but the burglars hearing the commotion the dogs were making, fled before the arrival of the officers. Man with all his ingenuity has still to find a better protection to person or property than our faithful friends.

Another welcome letter comes from Dr. F. S. Eaton of Trail, who is branching out in another line, this time it is Irish Terriers. While on a recent trip to Seattle, he paid a visit to the Anahuac Irish Terriers of Nelson H. Acheson, who, he says, has a marvellous lot of Terriers. Although never having kept this breed, he became so enamoured of a bitch and her five puppies four weeks old, that he wanted to buy the dam, however, Mr. Acheson would not sell her without the puppies—so the mother and family went back to Trail. The dam is by the imported "Ch. Palermo," who has met and defeated eight champions, and she is out of "Ch. Bakarian Judy" also imported; the puppies are by the imported "Celtic Magnate" and are now two months old—real red Irish "Dare devils." The doctor has just shipped a beautiful Peke to Major Price of Lloydminster, from blood lines of the Cedarcrest Kennels, and also a fine German Shepherd dog to Mr. Lamont of the Canadian Bank of Commerce, Wembley, Alta., out of a bitch by "Gurth von Soolbach Sch. H." imported from Germany. New arrivals in the kennels were a litter of promising German Shepherds. The popular "Medico" always provides us with a good tonic he says, "I am pleased to note the depression does not seem to reach out to the dogs, as I received fine prices

for all these, and had to pay right smart for the Irish Terriers."

I have just received a letter from Mrs. Linton Vernon, of Kaleden, taking me to task regarding my remarks about the Airedale "Ch. Master Simon" appearing in our May issue. Mrs. Vernon brought the dog out from England, and under her colours he won eight of his championship points, before Mrs. Sweeney bought him. I should like to point out, that in the article referred to, I was merely generalizing on the breed, using this dog as an example, and therefore naturally wrote of him as belonging to his present owner Mrs. Sweeney. Hoping this explanation is satisfactory—and may I refer to mark Twain's remark "Don't shoot the pianist, he's doing his best."

Dr. T. R. R. Hoggan, M.R.C.V.S., of Vancouver, is the possessor of a very promising litter of Irish Terriers by his "Harwood Shaun Goin" by "Ch. Palermo" ex "Harwood Tara," out of his bitch "Harwood Sheilagh Hagig" by "Ch. Celtic Patriot" ex "Ch. Harwood Sheila," now four weeks old and coming along well. Nothing but the best of blood suits our friend, who has been breeding, and importing at odd times, for many years, in fact he is our oldest breeder and exhibitor of Irish Terriers and has stuck to his breed through all weathers, and been a consistent supporter of our shows during his many years in the fancy. Apart from his profession and hobby Dr. Hoggan is a Major in the 15th Canadian Field Artillery, seeing active service in the Boer War as well as during 1914-1918 in France and Gallipoli, lately at a colorful ceremony in Vancouver he had the distinguished honor of being presented with the Colonial Auxiliary Services Volunteer decoration.

The Wen Lew Pekinese Kennels of Mr. and Mrs. Stock report the sale of "Mr. Muggins" by "Satin Glo" ex "Ch. Ockley Pippy" to an American fancier. This little fellow was a dark horse for the B.C. spring circuit, but this kennel can always be depended upon for having more than one string to its bow. Mr. Stock quotes an altruism when saying that he would rather see one good one leave his kennels than a dozen poor ones, and qualifies his remarks by adding that in his opinion this Peke is one of the best that has left B.C. in the last decade, and predicts an enviable bench record for him.

It is seldom that we get news of the fascinating little Yorkshire Terrier, however, this month's mail brought a letter of interest from Mrs. M. E. Rothwell of Vancouver, her "Lady Primrose" has just had the distinction of presenting her owner with eight puppies, all strong and doing well. Mrs.

## "Where can I buy the best Life Insurance Policy?"

Several things enter into the consideration of this important subject. What is the premium rate charged? What dividends are given on the policy? Is the company economically managed so that its future prospects for dividends are good? Does it earn a good interest rate?

PUBLISHED AT 80 GEORGE ST., TORONTO  
At All Booksellers

All these things are shown in  
**STONE & COX  
LIFE TABLES**

Price \$1.50 per copy

Rothwell believes the English record for a litter is seven, it would be interesting to know if "Lady Primrose's" litter is a record for Canada. "Princess Betty," a sister of the "Primrose," won for best toy at the last Vancouver Exhibition Show and has five points towards her championship, has also a litter of four puppies, the dam of these two bitches is the imported "Madam Frue Frue" whose sire and brother are champions in England, won for best toy at the Victoria Show last year, she also is the dam of a recent litter of three. The sire of all three litters is Mrs. Rothwell's "Ch. Royal Prince," and among his progeny is a young dog in the States weighing three pounds, two ounces. Mrs. Rothwell is a very keen fancier and her Yorkshires are a great attraction to the Toy sections of our shows.

Mrs. Charles A. McGee of Esquimalt, is another who is finding good sales these days, having just disposed of four German Shepherds out of a litter of five by Mr. Davie's of Victoria, "Garschattachino Gurth" ex her own imported bitch "Rio of Stonetown," the puppies were acquired by Mr. Davies, Miss M. Ready, Mr. Ellis all of Victoria, and another by Mr. Bulley of Vancouver. The dam is fully trained at police work and has done such in California. Mrs. McGee is negotiating for another Doberman to add to her kennel of Shepherds and Dobermans.

W. C. Burns, the well known Springer authority of Sidney, is one of my valued correspondents, for he sends me his own doings, as well as any other news items he hears of in other breeds. He reports that B. McArdeil of Brynmor Kennels, Nanoose Bay, bred his imported bitch "Bracken of Morna" to "Pierpoint of Burnside," and looks for something good from this mating. Mr. Burn's own "Flints Flirt of Burnside," dam of the 1931 New York winner, is

also heavy in whelp to the same dog. He also has two nice litters, one by "Brake of Burnside," now in New York, the other by "Barry of Burnside," five dogs in each litter. Mrs. Callings of Clifside, has a nice litter from her bitch "Bel-moss Caroline" by her good imported dog "Phillipstown Dan," both he and the dam are by Int. "Ch. Inveresk Chancellor." Mr. Burns has just procured from Mrs. Callings two nine months old bitches by the same sire and dam. C. A. James of Victoria, a new member of the progressive Victoria Kennel Club, and his brother, J. C. James, are the owners of young dogs by "Brake of Burnside" ex "Dawn of Burnside," that will make their debut at the spring shows.

This summer the British Sheep Dogs

will visit the principal pastoral centres of Canada and the United States, J. A. Reid, of Airdrie, Scotland, the Secretary of the International Sheep Dog trials will personally conduct the tour, it will last from August till December, Scotland, England and Wales will be represented by the same dogs that gave the demonstration in Hyde Park, London, last September, with the exception of Scotland, which has to find a substitute for the famous dog "Ben," recently exported to New Zealand at a record price. International trials will be arranged, so far I have not seen an itinerary of the tour, but it is to be hoped that our province will be afforded an opportunity of seeing these wonderful dogs in action.

In his notes from Manitoba in our May issue, the Provincial Contributing Editor remarks on my omission of the title champion in referring to the English Setter "Harewood Kilmartin Grouse" of which I am inadvertently guilty, while in Mr. Chevrier's possession last year, this great English Setter won his championship and other victories under the capable handling of Geo. Kynoch.

We have much pleasure in congratulating two of our well known fanciers on their judging appointments, Norman McConnell will have the honor of judging the English Setters at the Morris and Essex Show on May 28th at Giralda Farms, Madison, N.J., and W. T. Oates will have the honor of judging all breeds at Edmonton, in July. This is a great compliment to both, and to our province.

Owing to being in bed with an attack of pleurisy it will be a great disappointment not to visit our spring shows, and also being out a couple of home bred wires that we were looking forward to exhibiting. So please don't forget to send in your news, and as early as possible, the address 3906 West 36th Ave.

## WITH THE SPRINGERS AND COCKERS

**T**HROUGH the courtesy of one of the largest breeders of Cocker Spaniels in America, we are pleased to print the following:—

"Another star shines in the firmament of sporting dogs as a result of the winter shows. It is the 'Great My Own,' a black Cocker Spaniel owned by Leonard J. Buck, of New York, and bred by H. E. Mellenthin. The 'Great My Own' is truly a great dog. In him we have the embodiment of the ideal in size, type, soundness, balance. He is a wonderful little showman with complete self-possession and poise. Above all things, he is a lesson to the agitators of a change in the standard. This great dog was never made by sitting down with paper and pencil and drawing a scale model of the perfect Cocker. He is the outcome of years of thoughtful breeding on the part of a man who knew how to read the possibilities in blood lines and suitability of one type to another.

"If the successful breeding of animals was as easy as studying a chart and following accompanying directions, I would be the first advocate of a more definite standard for the breeds. But—and it is this truth which makes our breeding operations so absorbing—it is only given to a very few to be really great breeders.

"I am not confining my thoughts to the production of great dogs, but all branches of life be it horses, cattle, poultry, plants, trees, and in all of these things there stand out certain people who have made history.

"Take Luther Burbank for instance. How far would he have gotten if he had adhered to certain rules and standards? The studious breeder soon learns that rules, standards and the like were made to be studied by the novice and forgotten. In his mind he forms his own interpretation of this standard and his aim is to reach in time the realization of this mental picture.

"Maybe he arrives and maybe he does not. By the same token, is not this very fact the thing which makes possible the pleasure of public competition?

"For argument's sake we have to say that the greater portion of our licensed and approved judges are successful breeders seeking in their judging to give you a picture of their interpretation of the standard. If breeding were a matter of charts, models, and dimensions all that would be necessary at a show would be a committee of mathematicians with scales, compass and plumb lines. Is Nature as simple as this?

"If so, what price the 'Great My

Own,' or 'Man of War?' Cockers would be on sale in the basement of the local department store at a dollar or two! This is not written for the purpose of discouraging the novice, but to point out to him that following this policy of knocking the standard is a true application of passing the buck!

"There are few short cuts to successful breeding, so by all means avail yourselves of those which there unquestionably are. Study your standard, setting it up in your mind with the accompaniment of the many fine Cockers which there are today in all parts of the country. If your situation is such that you cannot see some of these dogs, study their photographs and, above all things, don't waste your time fooling with poor foundation stock.

"The costly experience and process of elimination of the successful breeder of winning dogs is yours for the cost of a brood matron, a stud fee, or if money is more valuable than time, a puppy. Advice as to breeding will be given you gladly, and you will be years ahead of the one who wastes his time blaming the standard for his inability to pull his share of ribbons off the judges' table!"

Are Cockers having their day? We believe they are. Allan C. McGuirl of the Ottawa Kennels, with a black and white female "Ottawa Quaker Girl" won the sporting group at the Ottawa Kennel Club Show, and went on to win Best in Show. Best opposite sex was won by Miss Barbara May with the Scottish Terrier, "Haldon Ardrossan." This goes to prove that Cockers will go Best in Show the same as any other breed if they have the class and quality. We are in receipt of a letter from Mr. McGuirl giving us particulars of this female. She is an "Ottawa Fascinator," "Man O'War" female. This is splendid news to the Cocker breeders and a great incentive to keep plugging for one of us to get Best in

Show at Toronto or Montreal. Mr. McGuirl mentions that he is going to London, so here's hoping he repeats there.

### Puppies Deceive

Perhaps nothing betrays the novice in dogs so much as his statements when he sees a very young litter. In his mind is the standard of the ideal of the breed and he looks for this in the two-weeks old puppies, forgetting that the standard always considers the fully matured specimens.

Where are the dark eyes the standard demands? The puppies have blue eyes. Do not worry—they will turn brown or black within a few weeks.

And those pink noses, so warm and moist and soft that nudge into your hand? What a dreadful fault! Do not worry; the pink will turn to coal black as months come and go.

The novice can betray himself most surely when he picks out as the choice of the litter the roly-poly, fat and rounded puppy, "Look at the head," he exclaims; "it is nicely filled out!" And this same puppy proves about the poorest of the litter. Beware of the plump puppy and beware of perfect heads, for a filled out head on a young puppy leaves no room for the growth and enlarging which must take place later.

We had the pleasure of visiting Dick Heppleston's Cockers at Barrie recently, and travelled practically all over the country looking at solids and part-colors of every description, but mostly real flyers. The most outstanding among Dick's stock is a young red dog that will be heard from in the near future. He has a beautiful black and white ticked female, one of the finest Cockers in this country. She will be seen at the Canadian National Exhibition and the Royal Winter Fair. He has a red and white male puppy who shows every indication of turning into a show and stud prospect. Dick reports that sales are good. The most recent shipment was a female to St. Paul, Minn.

Mrs. Routley, Peterboro, Ontario, has imported a beautiful tan and white English Springer bitch from Mr. J. B. Slade, Bellshill, Scotland. She is two years old and quite up to championship field trial form.

Dunoon Kennels have imported a nice Springer dog from the United States. He is one year old and will be shown at the Canadian National Exhibition.

The Great My Own, owned by Leonard Buck, and bred by H. E. Mellenthin.

### CH. MY OWN PILOT AT STUD

This dog is the property of H. E. Melenthin, who writes: "I have used Pilot on my good females and as a result got wonderful puppies."

Beautiful red and white with splendid stop, short coupled, fine coated, heavily boned, low ear carriage.

Sire, Ch. Pleasant Hill Pilot, ex My Own Lady. Pedigree shows Ch. Mepals Ira, Ch. Mepals Judge, Ch. Mepals Shotover, Ch. Brookside Boliver, Ch. Overcross Iris, Ch. Welches Elizabeth, etc.

Services available for a limited time only.

Toronto

Of York Kennels recently shipped the red dog "Warlock of York" who won three firsts at the Royal Winter Fair, to Mrs. M. E. Loomis of Buffalo, and acquired a black dog "Sheridan General Black" by "Ch. Weir Grantman," out of "Ch. Lottery Miss Mitzi." This dog will be used for stud services and has already proven.

We recently sold a red female to Mr. C. D. Hutchinson, Minneapolis, Minn. She will be bred and shipped in the near future.

Cocker and Springer men must have writers' cramp. Get out the pen and ink pot and drop us a line as to what you are doing. Your item will be news to other breeders and their items may interest and be of value to you. Don't pass the buck. Write to W. A. Price, 394 Bay St., Toronto.

## Gastric Trouble quickly ended.

Gastric, or stomach trouble, one of the most distressing and at the same time most common ailments in the dog, is also a warning of more serious trouble brewing. Therefore this symptom requires prompt treatment. Give Karswood Dog Powders at once. The trouble then will quickly be ended and all danger removed. Read this letter:—

32, Sunny Bank, Hull.

*Some weeks ago my Collie dog, Hymer's Sensation, had a very bad attack of gastritis and was in a shocking condition, no appetite and losing flesh rapidly. I tried various advertised remedies, but nothing seemed to help until I wrote for two boxes of your Karswood Dog Powders. After 3 days the dog looked much brighter, and after one box of Karswood Dog Powders, was eating well. He is now quite fit, and has no return of stomach trouble.*

(Mrs.) G. C. LEACH.

Karswood Dog Powders contain specific nerve foods and organic salts not contained in the dog's ordinary diet, but which are necessary to enable his system to throw off disease. No other dog preparation contains the same ingredients—hence none is so effective for the purpose. Prove this for yourself.

## Karswood Dog Powders

Manufactured by H. Griffiths Hughes, Ltd. (Estab. 1756),  
Manchester, England.

If you have any difficulty in obtaining supplies of Karswood Dog Powders please write, giving your dealer's name and address, to

### OUR FRONTISPIECE

Our feature illustration for June is the Red Roan Cocker Spaniel, "Ottawa Samson," upon whose worthy head was placed the championship crown at the London Show just concluded, so that henceforth this worthy son of "Ch. Brampton Silver Critic" ex "Ottawa Rose Marie" will be known as champion "Ottawa Samson," and add his quota of eloquent testimony to his owners ability to carry on worthily of the far-famed "Ottawa" prefix, a prefix which is a household word in the world of Cocker Spaniels.

Our new champion was born on July 18th, 1929, and was bred by C. A. McGuirl. Unfortunately the photo used in making the illustration only does part justice to the new champion, but later, we hope to show a picture of the dog as he really is, and as he appeared before the many judges who have appraised his merit.

This was a case where ten championship points did not make a championship. "Ottawa Samson" had the distinction of having won 10 points at two shows, therefore, he was obliged to look for further judgment before entering the "charmed circle." He has finished splendidly by winning for Best Parti color and Best of Breed at London.

### WEIGHT IN COCKERS

The new rule controlling the weight of Cocker Spaniels at dog shows, is not proving itself to be 100% perfect. At Victoria, B.C., the show slipped down one championship point at the show held by Victoria Kennel Club on May 14th, and it is considered just possible that the new rule kept the Cocker fanciers of Washington and Oregon away from the show. If it is discovered that the new rule was responsible for the lost point, we trust that understandings or adjustments will soon be made to offset its influence. The United States offers a potential market for the surplus stock of any Canadian breeder and a harmonious understanding of the breed standard should be a mutual first consideration by seller and buyer.

### BULLDOG BREEDERS' SPECIALTY

The Bulldog Breeders' Specialty Show was held in the engaging Alexandria Room of the King Edward Hotel, Toronto, on Saturday, May 21st, when an entry of around fifty dogs made the acquaintance of W. E. Chetwin, of Syracuse, New York, and despite the early spring date the dogs found the atmosphere just a trifle hot for their comfort. Mr. Chetwin took remarkable patience with every exhibit, naturally, he did not please every exhibitor, but he displayed nice evidences of impartiality and no doubt placed the dogs according to his appraisal of respective merit, and no man can be expected to do more.

Giving the show an international semblance were the exhibits which came all the way from Cleveland, Ohio, however, all the Winners, Reserve Winners and Best of Breed, Mr. Chetwin found amongst the dogs owned by the Toronto owners.

The benching, we believe, was secured from Toronto Kennel Club, was uniform in size, and fitted unanimously into the general scheme of the beautiful Alexandria Room, and gave every dog equal space. The prizes were well worthy of winning, and the fortunate exhibitors gave evidence of satisfaction and joy as they took possession of the cups and other attractive prizes.

President A. Ramsden, himself a sincere worker, had the co-operation of a splendid lot of workers, and had the services of R. S. Wilson as chief ring steward, an office which was remarkably well filled.

Particulars and awards:

**Best of Winners**—Dewhurst Durham, P. Alderson.

**Best in Show**—Ch. Creweso Favourite, H. A. Wilson.

**Best Canadian-bred**—Doctor's Daughter, W. Reid.

**Puppy Dogs (9-12 months)**—1, R. W. Hunt's Blackburn Banker; 2, Mrs. A. Morgan, Jr.'s Bonhomie Regal; 3, Mrs. Eva and R. J. P. Hather's Ace High Monarch.

**Novice Dogs (under 45 lbs.)**—1, Mrs. A. Morgan, Jr.'s Bonhomie Regal; 2, Mrs. Collinson's Creweso Roy; 3, M. H. Moyer's Brian Boru III.

**Novice Dogs (over 45 lbs.)**—1, Mrs. Wilter Thornton's Thornton Jim Dandy; 2, Ace High Monarch.

**Canadian-bred (under 45 lbs.)**—1, Brian Boru III.

**Canadian-bred (over 45 lbs.)**—1, W. Brown's Mae Cliff Prince Ranjie; 2, W. Reynolds' Colonel Bogey 2nd.

**Limit Dogs (under 45 lbs.)**—1, Mrs. Geo. L. Gibbs' Son of Creweso Favourite.

**Limit Dogs (over 45 lbs.)**—1, H. Wilson's Master's Prince Tony; 2, A. Ramsden's Hazelwood Buster; 3, Thornton Jim Dandy.

## "VEE-DEE" REMEDIES

FOR  
VALUABLE PUPPIES AND  
DOGS

WILL GIVE

WONDERFUL RESULTS

We will gladly REFUND YOUR MONEY if, after following directions carefully, you do not find our remedies are much more effective than any similar remedies you have tried before. YOU ARE THE SOLE JUDGE—A TRIAL BOTTLE WILL CONVINCE YOU.

### "VEE-DEE"

#### ALTERATIVE MIXTURE

Is splendid for getting dogs in GOOD CONDITION for SHOWING and PURIFIES THE BLOOD. It is safe and effective in cases of DISTEMPER. An excellent alternative in cases of MANGE and ERUPTION OF THE SKIN. Produces a SMOOTH APPEARANCE and HEALTHY CONDITION in the COAT. As a TONIC it is unsurpassed. Per bottle \$1.10, postpaid.

Open Bitches (over 40 lbs.)—1, A. Morgan's Chumleigh Nurse Girl; 2, Lady Hamilton; 3, Bonhomie Beauty.

Winners—Chumleigh Nurse Girl.

Reserve Winners—Bonhomie Mitzy.

### SHEPHERD SPECIALTY

The German Shepherd Dog Club of Canada has always been successful in securing the services of outstanding judges for the Club's Specialty Shows, and on Saturday, June 25th, another celebrity will officiate in the person of J. W. Sherer, West Orange, N.J. Dr. Sherer is a keen student of the breed and his opinions are highly esteemed by the rank and file of the German Shepherd fancy.

"Erich's Merceda of Sheraton" the Grand Victrix of the United States for 1928 was bred by Dr. Sherer. "Merceda's" own daughter, "Abigail of Shereston" was best bitch at the Morris and Essex under the one and only Capt. von Stephanitz, and under the same judge, "Cillason of Shereston" was declared the best American-bred dog. "Ch. Erikim of Shereston," "Ch. Dora of Shereston," all outstanding dogs at the best shows, and under the most outstanding judges, and all bred by Dr. Sherer, therefore it is highly logical to conclude, that, given the dogs to judge, an education in judging Shepherd dogs will be possible at Toronto on June 25th.

# WHERE TO SPEND AN ENJOYABLE VACATION

*Canada-This Year*

Since the annual vacation has become a definite part of modern life, the decision as to where it will be spent is of considerable importance. Canada has a particular appeal to the vacationist, for it has an unusual variety of attractions, which may be enjoyed at reasonable cost.

For most people, the summer vacation is limited to a few weeks and is really shortened by the time used in travelling to and from the locality selected. Canada has an extensive system of good roads and excellent railway services, which greatly facilitates travel between provinces.

Canada presents a striking diversity of natural features—the rugged and picturesque Atlantic coast; the St. Lawrence river and Great Lakes, the world's greatest inland waterway; the Laurentian mountains, land of forest and stream; the prairies; the majestic Rockies; and the beautiful Pacific coast. Each of these areas has its own attractions of scenic beauty and opportunities for enjoyable recreation. Fishing, hunting, camping, canoeing, and mountain-climbing may all be enjoyed under ideal conditions, while golf and tennis may be played practically everywhere. Accommodation includes everything from camp site to luxurious hotel. Those to whom economy is a matter of concern may spend a pleasant vacation close to nature, at surprisingly small cost.

The National Development Bureau, Department of the Interior, at Ottawa, has prepared a series of automobile road maps, showing the main routes from one province to another, also a number of interesting booklets, including "Vacations in Canada" which describe the tourist attractions of each province. These will be sent to any of

our readers planning a vacation. Applicants should state the areas in which they are interested.

*June 1932*

## KENNEL NAMES GRANTED

The Kennel Name "Greatdania" has been registered in the name of Henry Larsen, Sault Ste. Marie, Ont.

## ADDITIONAL AWARDS SASKATOON KENNEL CLUB

Boston Terriers—Reserve Winners—"Trapystok Headlight."

## SPORTSMANSHIP?

We wonder where sportsmanship comes in on our pages set aside each month for the use of our members in the several Provinces. It is regularly alleged, that the "same fanciers get mentioned in the free pages each month," and if that is so, it would seem to indicate that we have some fanciers who realize the value of publicity and take the full advantage of it, but what is to prevent every fancier from using a postage stamp, some writing paper and a little energy, and then see what happens. To offset the cost of the free pages any fair spirit of sportsmanship would indicate a measure of support to the advertising pages. So let us be perfectly fair all round: be fair to your provincial correspondents, be fair to the advertising section, then you will be fair to yourselves, and fair to the paper. The sum total of the arrangement will be sportsmanship without the question mark. No use "squawking." The whole matter is in your own hands.

New up-to-date Kennels with experienced Kennel Man in charge—17 miles from city limits. Dogs boarded for week-ends, weeks or months.  
Dogs called for and delivered.

Telephone—MRS. JOHN McCaul, TORONTO, ONT.—Elgin 2440  
FOR SALE—Wire Haired Fox Terrier puppies, also Sealyham Terrier puppies. All of the most excellent breeding.

## CORRECTIONS

When reporting the awards of Saskatoon Kennel Club Show (Collies), on page 27 of our May issue of **Kennel and Bench**, we recorded "Elmhill Black Bess" as being best of breed. Indeed, the marked catalogue gave us this information. The judge's book, however, designates dog 91 as best of breed, and that dog is "Elmhill Black Watch," and not "Elmhill Black Bess." Both animals were the property of our Saskatchewan director, Dr. J. T. Cooper, of Saskatoon, but now "Elmhill Black Watch" is the property of W. G. Hassell of the Alandale Collie Kennels at Burnaby, B.C.

## NOT GONE—BUT WAITING (Magda Brandon)

Life snuffed out by an auto's speed;  
A dog's—named Pal—a real friend indeed,  
Who laid his heart down at Martin's feet,  
Appreciation that's hard to beat,  
Of a half-starved pup—that Mart fed—brought home,  
That he on the street need no longer roam.  
God, in His mercy, has surely given,  
Him a wee corner—up there in heaven,  
Where he may lie waiting—his heart rejoice,  
The day he again, hears his master's voice.

### ELKHOUND YEAR BOOK

We have received from Secretary James Pye, 14 Elgin Road, Addiscombe, Croydon, England, the year book of the British Elkhound Society, a book which marks the progress being made by this particular breed of dog in Great Britain.

Studying the illustrations we are forced to a re-reading of a contribution appearing in this issue by Wm. G. Climo, Calgary, on the proper interpretation of Standards and the proper application of the same.

It has been said that "a little knowledge is a dangerous thing," possibly that is all that is wrong with our Standards today. To judge a breed according to a Standard, one must know both the breed and the standard, he must know both well, otherwise lack of knowledge is sure to be dangerous.

Looking at such Elkhounds as "Int. Ch. Pick II av Glitre" and "Ch. Garrowby Haakon" one is immediately impressed with the comparison. In a class where the above dogs, plus "Kraus," "Bring of the Holm," "Ch. Withal," "Ch. Kit," etc., were competing, a judge would be in a comfortable atmosphere, but when "Ch. Carros," which is described as the "best Bulldog of all," and "Ch. Rosa of the Holm" were to be competing in the same class, and the same standard applying to all, we should imagine that the latter two would be at a disadvantage. Yet they are all more or less in the championship circle. Apparently there are different types in most breeds, but they all reach the goal irrespective of the standard and this thought lends much interest to Mr. Climo's contentions.

The book is a compliment to the Elkhound and to the British Elkhound Society.

ciety. Anyone interested may secure a copy of the year book from Mr. Pye direct. The price is two shillings and sixpence.

### IRISH WOLFHOUND YEAR BOOK

The year book of the Irish Wolfhound Club of America. Rules governing the Club and its Trophies are

### SCHIPPERKES

FOR SALE—SCHIPPERKE PUPPIES, ALSO grown stock, every puppy is bred from the very best bloodlines. MRS. E. BROWN, O'NE NORTH KENNELS, 10 Birchmount Road, Toronto, Canada.

given. The standard of the breed, with the points in their order of merit, English notes and comments, Mrs. Mabel S. Kearns, the first judge of Irish Wolfhounds in England to come to the United States to judge the breed gives her impressions concerning Irish Wolfhounds in America. Mrs. Kearns was delighted with the Irish Wolfhounds she found in America, and goes on record as saying, that she found the dogs a good deal better than the bitches.

A comprehensive historical contribution by Edmund Hogan, S.J.—F.R.W.I. captioned "The Nineteenth Century Claimant." This contribution is taken from Father Edmund Hogan's book, "The Irish Wolfhound," a work which had been recognized as an encyclopaedia on the breed, but which had the misfortune of being almost entirely destroyed by fire, only a few copies escaping. One of these came into the hands of Joseph A. McAleenan, New York, and in 1917 he had 200 copies printed and distributed to lovers of the breed as a tribute to Father Hogan, J.S. One has only to read this contribution, and the other parts which have appeared in previous year books, to appreciate the greatness of Father Hogan's book.

Any or all of these Books may be secured through **Kennel and Bench Office.**

### STUD REGISTER

#### Births—Newfoundlands

March 29th—Mrs. Mercedes Gibson's (Woodstock, Ont.), "Dinah 2nd," ten females, six males, to D. R. Oliver's (St. Mary's, Ont.), "Ch. Baron."

## "We Want Our Rights"

"We want real food--not mushy table scraps. You can't expect us to show our best and act our best if you don't give us real food. Give us Ross-Miller Dog Foods. They are made by people who know what dogs need and what dogs like."

Ross-Miller Dog Foods contain high grade beef and pork cracklings, bone meal, fish meal, alfalfa meal, milk and other ingredients including a careful percentage of pure cod liver oil. They are used by many of the foremost kennels. You may safely recommend them to your customers. Keep them on display. It's a profitable line.

Sole Proprietors:

SPRATT'S PATENT  
LIMITED,

24/5, Fenchurch St.,  
London, England.

The reason is not far to seek. Veterinary surgeons, breeders, exhibitors, handlers and dog owners generally, have learned from direct experience that Spratt's crisp, meaty biscuits and wholesome, vitamin meals are the purest and most nourishing foods that science, coupled with the makers' unrivalled specialized knowledge of the subject, can provide for the daily diet of dogs, whether of the sporting or non-sporting variety, of large, medium or toy breeds.

In the kennel, on the bench and in the ring itself, the splendid condition and stamina of the "Spratt's-fed" dog invariably "tell" in the "hottest" company. Elsewhere than in show circles, the ordinary pal-dog, reared on a "Spratt's" diet, is everywhere a credit to his owner.
