*Offers at Stud the Following High Class*

Ch. Walnut Rattler (Imp.)

**Wire-Haired Fox Terriers and Scottish Terriers.** Dogs which have been most consistent winners in the show ring. Dogs which have proven their worth in the stud kennel.

## CHAMPION WALNUT RATTLER (Imp.)

A double cross of Champion Fountain Crusader, and a sure fire producer of high class typical stock, too well known to require any further comment here. **STUD FEE, \$20.00**

## WYRECOTE WATALAD (Imp.)

The hound marked sensational son of Champion Talavera Simon, an honest winner and a real producer. A big winner in England prior to his coming to Canada and in Canada he has come within striking distance of his championship. At Hamilton, under the English judge, Guy Cowper, Wyrecote Watalad went on to Best of Breed, beating the several champions in competition there. At Nova Scotia last October this smart Wire went to Best Dog in Show All Breeds, under Judge Robt. A. Ross, at the N.S.K.C. Show, and he was Winners Dog at both the Nova Scotia fixtures. **STUD FEE, \$15.00**

## WALNUT LEADER (Imp.)

By Champion Weltona Pebble, a really outstanding wire, smallest of dark eyes, long, clean cut head, and a coat of pinwire texture, a consistent winner, and a stud dog who has enjoyed the companionship of over 30 visiting matrons from the United States, and whose services are in great demand in Canada. **STUD FEE, \$15.00**

## WELBECK CRUSADER

A Wire Fox Terrier which is an ideal cross between Champion Fountain Crusader and Champion Epping Extreme. A many times winner, and the conqueror of Ch. Walnut Rattler at Montreal in 1931. He is particularly suited for bitches lacking in size and substance. **STUD FEE, \$10.00**

## BRAEMORE SCOTTISH TERRIERS

offer the very choicest blood combinations obtainable in the Scottish Terrier world today.

## CHAMPION WALNUT ROUGE (Imp.)

A black brindle "Scottie," who is a splendid son of the world's greatest Scottish Terrier, Champion Heather Necessity. **STUD FEE, \$25.00**

## TARVIT TORCH (Imp.)

An extremely smart "Scottie," who shows twenty-seven champions in his five generation pedigree. He is by Champion Albourn Barty, ex Mannock Mikadoo, who is a full sister to Champion Albourn Arthur. **STUD FEE, \$20.00**

## KEMPTON MacADAIR

Very black brindle, short back and tail, low to ground, a real Scottish Terrier. **STUD FEE, \$20.00**

## BURKET MORVIN

Dark brindle, by Burket Luminary, dam Burket Barbara, who has Rookery Robin for her sire. This little dog has all the qualifications, but have too many dogs at the present time, and offer him for sale for \$100.00. **STUD FEE, \$20.00**

## FOR SALE

Wire Haired Fox Terrier puppies, and Scottish Terrier puppies from choicely bred and carefully selected matings, and a few nice Scottie females, due soon in season. Reasonable.

# The Canadian Fancy

By WALTER H. REEVES, Belleville, Ont.

THE writer of these pages each month often wonders why fanciers throughout the Dominion are so loathe to send in news which would be interesting to their fellow breeders. Only the other day, I heard the remark passed, "that some kennels get all the publicity, whilst other kennels are never mentioned." A brick cannot be made successfully without straw, and if breeders do not send the news I have very little chance of finding it out. No matter how small the kennel may be, something occurs every month which might be of the greatest interest and importance to other breeders — so why not instead of sealing it up sit down and just write the facts out and send them along to reach the writer before the fifteenth of each month. The writer can use important news up to the twentieth of the month, but these pages have to be in Toronto by the twenty-first. From the first month I started writing the Canadian Fancy, I have tried to impress upon breeders that they cannot make a success of their hobby if they place a high board fence around their kennels and never let others who are interested in their breed hear of their success or misfortunes. Publicity is the keynote of any successful business; just make a point of going over your local paper and you will quickly find out that the successful business men are those who use the business and social columns of the daily or weekly papers. The columns of **Kennel and Bench** are not only read by breeders and exhibitors, but also by the one dog man, always a prospect for surplus puppies and it should be the shop window of our sport or hobby. Hardly a week goes by without an inquiry from some lover of "Man's Best Friend," asking for information from the writer. The Canadian Kennel Club has built up a thriving sport, it has helped to improve the quality of our dogs and that is of vital importance to Canadian breeders. It has built up a market for their surplus puppies, dogs suitable for companions, but not quite good enough for the show ring—for which some few years ago there was not a market. Yet with all these advantages the average Canadian breeder seems apparently blind to the fact that his news and sale advertisements should appear each month in the news and business columns of **Kennel and Bench**. It would naturally be unfair to other members of the club if, when the writer has an enquiry as to where a dog can be procured, to signal out any particular breeder and his unvarying practice is to refer his correspondent to the sale columns of **Kennel and Bench**. During the last month the writer has had enquiries for the following breeds, Airedale, Scotch and Cairn Terriers, Dalmatian, Pekingese, Newfoundland, Bloodhound, Cocker Spaniel and Old English Sheepdog. Those who are interested in the breeds mentioned have lost a probable sale if they have not a card in the Breeders' Register which, to my way of thinking, is a page in which every Canadian kennel announcement should appear. A successful breeder remarked to the writer at a show last year that his card in the Breeders' Register paid his biscuit bill, with the sale of companion dogs.

Two members of the club in the West have asked me to settle an argument which occurred a few days ago. They had been talking over the great improvement shown by a number of breeds, but shared different ideas as to which breed had made the most progress during the last fifteen years. A somewhat difficult question for the writer to answer and one that could not be answered without going over some of the English and American Show Catalogues before the war. In the writer's opinion the breed that has

shown the greatest improvement collectively and individually is the Kerry Blue Terrier. A few years before the late war, Kerry Blues began to be exhibited at the shows in England, and the writer can go further back than this to thirty-five years ago, when he was interested in Irish Terriers and used to notice "the Blues" running the streets in Ireland. What a nondescript breed they were even in 1913 and 1914, when keen interest was being shown in the breed by some English breeders. They were all sizes and woefully lacking in type and shape.

In those days they did not have a chance to head even a moderate Terrier Group. Yet only the other day I noticed that my friend, Calvert Butler, gained the special for Best Dog in the Show at no less important a show than the great Manchester Show, England. Dog breeders in England have accomplished many remarkable achievements but it is a moot point whether the Kerry Blue, as we see it today, does not stand out as the British breeders' monumental work. Great dogs are likely to appear in any breed, but in the case of the Kerry Blues it is collectively that the breed has made such headway. The early Kerries had little to recommend them to any student of type and shape. I can imagine the look of surprise on Calvert Butler's face if anyone had suggested to him in 1914 that in 1933 he would win the cup at Manchester with a Kerry Blue. "Kerries" have not yet been taken up in Canada, and exhibitors here have few opportunities of seeing the best such as Mrs. C. H. Jackson Jr.'s splendid team at Santa Barbara, Cal., or Mme. L. Sorresi's "Ch. Bantry Beauty." After "Kerries" the writer is of opinion that the Sealyham is a good second. Gone are the days when breeders might anticipate almost a "Heinz" collection of breeds in any litter. I have seen litters of Sealyhams containing puppies resembling the different breeds used in the smart little Sealy of today. Of course, there are still "Throwbacks," but they do not occur with the persistence they did a few years ago. In my early days in the sport I recall an Irish Terrier bitch, a sister to the great winner, "Ch. Bachelor," who threw a black and tan puppy in every litter and even today we often see a few black hairs intermixed with the red, a reminder that English breeders had to go outside to get an outcross, when cropping was abolished and a thin ear was required. Bringing out a new breed has a distinct fascination. In Canada, owing to the hard and fast rule as to registrations at Ottawa, it would be very difficult to get a new breed recognized, a pity, for the writer has seen some experiments in crossing which would prove interesting.

**Kennel and Bench** has again proved of assistance to two Bloodhound breeders, who live thousands of miles apart, G. D. Anderson, of the Bluenose Kennels, Halifax, N.S., writes: "I am indeed interested in your remarks in the June issue. The Western breeder is, I think, only too correct in his statement regarding the breed. There has been too much thought given to show types, to producing long, narrow, brainless heads, exaggerated wrinkle, etc., with no thought for working qualities, that the breed has suffered tremendously. Then, too, there has been so much unconstructive and harmful inbreeding with stock that lacked vitality that the breed has also suffered in this way. Somewhere I saw the statement that 80 per cent of all bloodhounds born die of distemper. This, if correct, certainly proved the lack of vitality. I am indeed glad to know there is one more breeder who is interested in breeding for ruggedness and working abilities. Leon F. Whitney has

probably done more in this regard for bloodhounds than anyone else on the Continent. He is breeding for vitality and usefulness and is gradually perfecting his type for show purposes. He does not show at all to my knowledge; but I believe that today he has the finest hounds on the continent. Dr. Moore, of Cincinnati, is also a follower of Whitney insofar as his breeding objectives are concerned. One of his pups that I imported and later sold to Mrs. A. Growcock, of Leaside, Ontario, was shown at the recent Toronto Kennel Club Show and I believe created quite a favorable comment. The hounds that your correspondent mentioned as having seen in the East may have been some of those owned by Mr. Tennant. They were mostly imported and unfortunately none are alive today. I am indeed sorry you have forgotten me so soon after my recent letter to you regarding hounds, but hope this letter will consolidate in your mind the fact that I have a kennel of real bloodhounds in Halifax." My remarks last month concerning the difficulty my Western correspondent had in finding a rugged working bloodhound has surprised me in the response from all parts of the Dominion. I believe that it may be the means of bringing the bloodhound back and that some real working bloodhounds will be produced in Canada. Apparently there are a great number of men interested in producing typical working dogs, not only shooting dogs, but hounds, particularly Beagles and Bloodhounds. I have been approached by a number of sportsmen anxious to start a Field Trial Club for the purpose of holding Trials and to encourage show type, combined with working abilities. Will any of my readers interested in such a club send along their views, etc. and where suitable grounds are available for holding Trials. One enthusiastic sportsman suggests acquiring land and stocking it with game if necessary, and arranging kennels and a man who has had experience in breaking and training dogs for Field Trials. Such an undertaking would require more capital than I believe would be available at the present time, but I believe the time is ripe for the start of the formation of a Field Trial Club.

The start of a new business means often some anxious moments for the promoters. It only seems the other day that the writer heard that a new and enterprising firm had opened up a factory in Napanee, Ontario, for the manufacture and sale of dog and fox foods. Time rolls by quickly, however, and it must be nearly ten years ago that the writer took the opportunity of calling upon Messrs. Ross and Miller, who were just launching their ship on the ocean of trade. How quickly they found a ready market is now a matter of history. A few days ago the writer happened to be again in Napanee and he availed himself of the opportunity to again visit the "ship," which has grown and progressed so much that the Ross-Miller flag is known to practically every dog and fox breeder in Canada. Going through the large factory the visitor would be first impressed by its cleanliness and an inspection of the many ingredients used in the foods gives away the secret of the success of this now great firm. The butter, milk, barley, malt, wheat, molasses, cod liver oil, bone meal, meat and fish has to be of the very best quality or it is not used in the production of Cubes, Vita Crumbles, Dog Biscuit, Puppy Milk and Bone Biscuit, Puppy Midgets, Kibbles Charcoal, Biscuit and Crumbles. The Ross Miller factory have, after considerable research work, perfected a new food brought out in cube shape. These cubes are very high in digestive protein value and contain a large percentage of meat besides butter, milk, wheat, molasses, cod liver oil, bone meal and fish meal. The writer owns a dainty feeder in a Scotch Terrier, who refuses to eat anything that does not contain a liberal percentage of meat. I brought a few of these cubes back and they quickly

from across the border. Never since the writer came to live in Canada has so much interest been shown as at the present time in shooting dogs.

It is with sincere regrets that the writer hears of the death of Benny Lewis, Jr., who dropped dead in the show ring at Troy, N.Y., on Saturday, whilst competing in the Sporting Group, which was being judged by Bob Ross. Benny, one of the best known and respected handlers on the American continent, was a son of Ben Lewis, one of the pioneers in the sport in America the writer first met.

Benny, was known from one end of the continent to the other. In London he had accompanied his father on one of his buying expeditions. Benny persuaded his father to buy from the writer, "Glider," a very famous little Beagle, which had a great run of successes in the States. The death of Benny leaves a void very difficult to fill in the sport we all love, and I know all my readers will join me in offering sincere and heartfelt sympathy to Mrs. Lewis. Benny, like his father, was a great English Setter man, and of late years he had had a great run of successes with Dr. Mitten's "Ch. Blue Dan," who as recently as last November was one of the leading dogs at the Winter Fair. Benny made a great success of his profession, but it may be news to some that before the death of his father he had thoughts of becoming a golf professional for he was considered one of the best golf players around Philadelphia, and many a silver mug was won on the links to adorn the sideboard at Lansdowne, Pa.

Mrs. M. Gibson, of Ottawa, writes: "I am sending a photo of my imported Black and White Newfoundland male, "Davenport Coastguard." He was six months old on June 2nd and on arrival here on 4th weighed 84 lbs. He is wonderfully well developed for his age with very good bone, broad back and deep chest, and the promise of a good head. He is well marked too, considering that the Black and White Newfoundland is practically extinct now. The breed was killed during the war, and since then Miss Reid, among others, has been trying to bring the Landseer back. I have also purchased a nice young bitch, owned by the late T. P. Loblaw, by "Sir Calidore" imported, out of "Queen of St. Marys," and was bred by D. R. Oliver. As she has black and white stock behind her in "Harlingen Cedric," and good black and white imported from Holland, I hope by breeding her to my imported black and white to get some Landseers. My young bitch, "Shelton Gypsy Girl" has been bred to "Shelton

### CHAMPION VOLGA OF ROSSEAU DEAD

Many will remember the comely white, with brindle markings, bitch that fared so well at the Toronto Kennel Club spring show, "Ch. Volga of Rosseau," owned by Mrs. M. A. Kedney, Toronto. At that time "Ch. Volga" was in the prime of her life, her every movement suggested animation at the peak of its perfection, and when she was declared best dog in show all breeds the decision of the judges was well received.

Shortly after her splendid victory she was asked to undertake maternal duties, but apparently her efforts in this direction has cost her her life. The first canine to win The Norman K. Swire Memorial Medal in these parts, Dr. J. A. Campbell felt constrained to bring the best knowledge of his profession to the aid of so valuable an animal, but in spite of everything she died on June 8th, her death being caused by the untimely breaking of the uterus. Mrs. Kedney has the sympathy of all fanciers who appreciate the great value of such an animal as "Ch. Volga of Rosseau."

## Montreal Kennel Association Show

The Montreal Kennel Association, Inc., held a most successful show in the Atwater Market \$6,000,000 building in Montreal on May 20th, and succeeded in bringing together over 300 dogs of the various breeds. The judges included such well known adjudicators as Wm. "Ted" Chetwin, "Bob" Ross, Dr. C. Y. Ford, and Mrs. E. Doniphan. The lesser known lights of the judging ring were Wm. W. Rooney, Forest Keene, and Henry Whitley, but whether professional or otherwise, each one gave evidence of being sincere at their tasks and very little complaining was heard within the walls of the gorgeous building.

It was understood that his worship Mayor Hon. Fernand Rinfret would open the show officially, but owing to an engagement which demanded the Mayor's attention Ald. Weldon substituted in splendid fashion. President J. A. Thouin, K.C., Montreal's popular Chief Recorder, was present in person throughout the entire day and lost no opportunity to personally care for the comforts of the dogs and their owners, and it was much more than pleasing to see Mr. Thouin handling his nice entry of Beagles in the ring himself. It cannot be denied that the success of the show was entirely in the hands of Recorder Thouin, and the many earnest workers which had followed his banner on this occasion.

It was not until sundown that the Atwater Market building showed up to best advantage. When the lights were turned on, there was no such thing as night. As a matter of fact, and good as the daylight was, the evening light was so clear and so penetrating that there was no chance of anything getting past the judges in the way of faults sometimes favored by poor lighting. We hope this building will long be available for dog shows in the city of Montreal.

## The Morris and Essex Feature Show of Year

This progressive outdoor summer fixture surpassed every previous effort when the gratifying entry of 2,346 dogs were catalogued within the covers of a handsome 368 page book covered in purple suede, and embossed with the club's crest in gold. This great entry exceeded the Westminster entry of 1933 by about 100 dogs, a circumstance which in itself speaks volumes for the Morris and Essex.

The extensive and velvety green sward, which is the everyday Polo field, makes a natural venue for any size show. Our illustration shows the cover which protects the dogs no matter what the weather conditions may be, and in the event of rain—touch wood, for rain is almost unknown at this fixture—there is commodious ring room at the end of each tent. This year the heat, plus the humidity, was most oppressive and this discomfort had to be shared by man and beast alike, the promoters having done everything possible to make both as comfortable as the science of present-day dog show management knew how.

As usual Mrs. M. Hartley Dodge was hostess to the many thousands who visited the show, and with her henchmen, A. McClure Halley and Raymond A. L. Patterson, formed a trio who were here, there and everywhere to ensure the smooth running of the mammoth record making show.

Our illustration clearly depicts the function and indicates the generous ring space, with seating accommodation for all and sundry. Every breed having its specialty judge, naturally

those who favor certain breeds take up their places at the ring where such breeds are to be judged, and in this way the great crowds are quite evenly distributed.

The George F. Foley Dog Show Organization was equal to every demand made, and there was no noticeable hitch to be seen anywhere. Judges and Ring Stewards go to their respective rings together, and the whole show starts immediately the Foley curtain is raised for the day.

Spratt's Patent, Limited, New Jersey department, were prominently to the fore, and this year saw the introduction of a new drinking and feeding device made of paper. This new dish is round in the centre and square on the outside, and of course, is rather hard to upset. A corrugated paper was used for bedding and this sanitary invention, if the cost is not prohibitive, should see the passing of the straw or shaving bedding seen at most shows.

America's best dogs and most successful exhibitors were on hand in large numbers, whilst quite a representative entry was on hand from Canada. We did not notice where any of the Canadian exhibitors won any of the Sterling Silver Trophies so generously abundant at the Morris and Essex, but one day, who can tell how soon, we hope to see the Morris and Essex crown come to Canada in a big way.

We are indebted to Mr. A. McClure Halley for the photograph here reproduced, and we have chosen it from a series of three, for the reason that it shows, in a characteristic posture the king of all modern handlers, the late Ben Lewis, Jr., of Philadelphia, Pa., who died, practically, if not wholly in Mr. Halley's arms at Troy, N.Y., on Saturday, June 17th, a circumstance

which he will remember as long as he lives. Both men were wont to be in the contention of the largest shows, and as the pendulum of the judges' decisions swung to and fro, it would be a matter of one or the other taking the choicest award. Mr. Halley was a badly broken up man as he viewed the last remains of his fellow handler at Philadelphia a few days ago.

The Morris and Essex Show will go on, but there will be no Benny Lewis there to pilot selected charges to contest the Best in Show prizes. Such will be left for the handlers who have been spared to continue at their several posts for the present. The Morris and Essex Show of 1933 will long be remembered by those who were able to be present, and to see the gigantic spectacle at first sight.

Our space being at a premium this month we confine ourselves to publishing the highlights of the fixture only.

#### DALMATIANS COMING BACK TO POPULARITY

The "Plum Pudding" or "Coach Dog" alias the Dalmation is making great strides on the road back to complete popularity in England. The British Dalmatian Club rolled up an entry of almost 300 dogs in 23 classes at its first championship show held on April 26th, with George Wallwork judging the dogs and Sid Simpson judging the bitches. This "comeback" is seen almost everywhere on this side of the Atlantic as well. At the shows held in the United States increasingly large entries are noticed at all the important shows, and in Canada the breed is seen almost everywhere now. There were 30 Dalmatians benched at the Morris and Essex Show.

The Dalmatian makes a good family dog and a fair sporting animal and is easily trained for the protection of person and property, and when learned a few tricks—he is easily taught—he becomes quite a comedian.

#### FIELD TRIAL CLUB FOR LENGTHY LITTLE DACHSHUND

A new club has been incorporated under the laws of the State of New York, and marks the first such club organized primarily for the holding of Field Trials for Dachshunds. The breed is first of all a hunting dog and is bred in Germany for hunting and digging badger, fox and other varmint. As soon as the paraphernalia which is used in connection with digs and hunts can be imported from Germany, and the owners of Dachshunds become familiar with its use, the sport which will practically be new in America will receive its baptism at the hands of the new club.

Interested parties may receive fuller particulars by writing to the Secretary, Mrs. J. J. O'Donohue, III, 1192 Park Ave., New York City, N.Y.

#### COL. J. N. MacRAE GETS MARRIED

Congratulations are the order of the day. Our First Vice-President, Col. J. N. MacRae, was married to Miss L. I. King, of Preston, Ont., on Saturday afternoon, June 24th, the Rev. W. E. Bagnall officiating. After the wedding ceremony, the Colonel and Mrs. MacRae left for a tour through Ontario and Quebec.

Col. MacRae formerly commanded the Second Infantry Brigade and previously the local regiment, the H.L.I. of Canada, and is now on the general reserve. He went overseas with the 34th Battalion in 1915, going to the 18th Battalion in France in 1916.

The bride's father, Mr. Joseph King, is the assessor and collector for Preston and was formerly associated with the Eastern Steel Products, Preston.

St. John's Anglican Church was crowded with interested spectators, and following the ceremony a reception was held for members of the immediate families.

#### TORONTO BRED SCHIPPERKE WINS WELL

The Toronto-bred Schipperke, "Exceldall O' the North," bred by Mrs. G. Brown, and owned by Peter Henderson, Royal Oak, Mich., was the winner of the Non-Sporting Group at Toronto Kennel Club Show, and we notice that the same high honors were awarded to this little chap at the Wis-sahickon, Pa., Show in strong competition, and two days later at the Devon, Pa., Show he won third in the Non-Sporting Group, the quality of which was of an unusually high order.

#### THE MUSEUM WATCHMAN!

Trained to follow the watchman carrying the clock, "Don," a Shepherd dog has been installed as night watchman at the New York Museum of Modern Art. "Don's" duties commence at 6 o'clock p.m., and right cheerfully does he follow his task and he knows every nook and corner where potential thieves might be lurking, and he has been trained to give his master warning from the remotest part of the building in one minute and thirty seconds. As far as we know "Don" is the only museum watchman in New York city.

#### STANDARDS FOR ALL THE BREEDS

The standards of several important breeds having been changed since "Pure Bred Dogs," the official book of standards was published, and the standards of breeds since officially recognized having been declared, the standards, up-to-the-minute, may be found in the "Dog World" (Chicago), June number, where editor, Will Judy, has featured standards of all the breeds of the dog world. The cost is only fifty cents (United States funds), and copies may be secured through **Kennel and Bench** office at 60c per copy.

## Ben Lewis, Jr., Dies on the Job

THE whole fabric of dogdom felt a very decided tugging at its heart strings, as the sad news of the death of Ben Lewis, Jr., reached the dog loving fancy of the world by radio, telegraph, and by the functioning of the services of the Associated Press as the day of June 17th was drawing to its close. When the sad intelligence reached Toronto, it was hard to conceive what had happened. We had seen Mr. Lewis at the Morris and Essex and other shows, had been his guest at his own home at West Chester later, and had agreed that never had we found him in better spirits nor in better health. Information which came to us following the Greenwich Show only served to confirm our observations in both respects, but alas, we are not always correct in our appraisal of a man's health.

On Saturday, June 17th, Ben Lewis, Jr., left his recently acquired farm home for Troy, N.Y. Before leaving he personally attended his pet rose beds, flowers and shrubberies, spoke the usual kindly words to those he was leaving behind for the day. He had hoped that before the day ended, he would have made further history for dogdom. In his string he had the great English Setter, "Pilot of Crombie," who was making his debut in the United States. British connoisseurs had proclaimed "Pilot" to be the greatest English Setter ever to be born in the Motherland, and dogdom was anxiously waiting for the dog's appearance in the show rings on this side of the Atlantic. Mr. Lewis had decided that Troy would be the chosen show for the introduction of "Pilot" to America. Our own "Bob" Ross, of Montreal, was the judge in charge of the higher placings, and had arrived at the Sporting group. Before him appeared several of America's choicest specimens. In the line-up were the Pointer, "Nancolleth Beryl," owned by Mrs. Dodge, of the Giralda Farms, N.J., and handled by McClure Halley, the English Setter, "Pilot of Crombie," owned by Dr. A. A. Mitten, of the Happy Valley Kennels, Roxborough, Pa., handled by Ben Lewis, Jr., the Cocker Spaniel, "The Great My Own," owned by J. L. Buck, and others.

"Pilot of Crombie" had went to winners, best of winners and best of breed, and the serious contention of the Sporting Group was the feature of the moment. Mr. Ross, having apparently decided that the order of merit was as described above, went to the judges' table to mark his book by the better light available there, and by the time he returned Mr. Lewis had collapsed to the utter consternation of those

within and without the ring. The prizes were never handed out, and we understand, that irrespective of what dog was named as the winner, that the trophy will be presented to Mrs. Ben Lewis to be cherished by her as a memorial.

The management decided that "the show must go on," but the exhibitors decided otherwise and so the show came to a premature conclusion as a mark of sympathetic esteem, for the "Little Master," who had so tragically died in the harness he had so honestly worked in for so many trying years. The life of a handler has never been a bed of roses, and only the men and woman who comprise the Professional Handlers' Association can fully realize its many hardships. Let us think more kindly of our public handlers in future, as at its very best the profession is most exacting in its heavy tolls. Here today, there tomorrow, and somewhere else the next day, the dogs to be maintained in condition at all costs—a problem in itself. Could you do it? Could I? Then, let us be more considerate to the handlers. Such consideration might well be our offering to the memory of Ben Lewis, Jr., the greatest Roman of them all.

With this thought in mind we take this opportunity to pay our tribute to the Professional Handlers' Association. Headed by Len Brumby, the members were present in large numbers. With but one or two exceptions every man or woman we had ever noticed wearing the "P.H.A." badge at Westminster Kennel Club Show were present, and a study of their faces plainly told the story of their personal loss. Mr. Brumby asked permission to attach the badge of the Association to the lapel of Mr. Lewis' coat. Of course, this permission was very graciously given by Mrs. Lewis, and so it falls to be written in the records that no handler who has died since the Professional Handlers' Association was organized has gone to his last rest minus the handlers' badge, and as W. Fred Ford has said: "What a romping there must be in God's Kennels, 'Little Ben has come back.'"

Having enjoyed the close friendship of this Master Craftsman for a couple of decades or so, it was only natural that we should feel impelled to be present at the funeral of one so worthy of respect. Arriving at Philadelphia, it was not hard to realize that the blow had been felt in all its force amongst the fanciers there. The first impression was that Ben's friends had taken his demise as a family matter. Dr. A. A. Mitten felt that he had lost a

partner in his business. Dr. H. B. Kobler felt that he had lost a son, W. Fred Ford felt that he had lost a brother, and so it was all down the line, truly one who had loved generously, and was generously loved in return had passed onwards. Everybody was realizing their personal loss. Dr. H. Jarrett was remembering the occasion when Old Ben, Sr., and he were almost partners in business, and when on a certain day, many years before he had called at the Lewis homestead, when all was joy and happiness. Benny Jr. had been born that day. We do not mention these matters for sentimental reasons, rather are they mentioned to show the extent of the family feeling which had surrounded the Lewis family for so many years and particularly at this time.

On Wednesday evening, June 21, there was an opportunity afforded the general public to view the remains, of what only a few short hours before, had been quiet, sensible, smiling Ben Lewis, Jr., and literally hundreds visited the funeral parlors of Andrew Baer, an old friend of Ben's. Dr. A. A. Mitten was in charge of this sad function, as he apparently was in charge of everything else in connection with the sad occasion. No man, rich or poor, that we know of had ever lain ensconced in such a prolific grandeur of blooming fragrance. There were wreaths, and other floral expressions of sympathy from show giving clubs, exhibitors, judges and friends from all over the United States and Canada, particularly beautiful was the message of flowers from "Bob" and Mrs. Ross, Montreal. This was fitting for not only had Mr. Ross judged the last dog ever to be presented for a judge's appraisal on this earth by Ben Lewis, Jr., a beautiful memory in itself, but "Bob" and "Ben" had been friends of many, many years standing, that kind of friendship which lasts as long as life itself, and it is quite safe to say that no Canadian judge ever gave as many Best in Show prizes to Ben Lewis, Jr., than did his friend, Mr. Ross. The wreath sent by the Montreal Kennel Club, through Mr. T. P. Ritchie, the Montreal Kennel Association President, spoke eloquently of Montreal's regard for the world's greatest handler. The wreath, representative of the Canadian fancy as a whole, bore testimony to the fact that Canada was mourning the death of a man who loved Canada, and Canadian institutions, the records showing that he had made annual pilgrimages to Canada from his boyhood days, almost to the time of his death. Many Cana-

dians, amongst them, many who had competed with him at the shows, loved "The Little Master," and will long remember the representative dogs which he brought to this country from time to time. In this respect the Greyhound, "Lansdowne Sunflower," was, perhaps outstanding — 49 times Best Dog in Show, all breeds. A life sized painting of "Sunflower" takes pride of place at the Lewis home today. "Ch. Blue Dan of Happy Valley" won Best in Show 35 times. These records are the highest marks on record and may never be equalled in the world of dog showing again. Will they ever be equalled? We wonder.

Benjamin Franklin Lewis was 46 years of age at the time of his death, and was buried on Thursday, June 22nd, beside the mother whose memory he had cherished, and the peerless father who had taught him the secrets of his profession. At the funeral were 200 representative fanciers. Amongst the mourners we noticed the President of the American Kennel Club, Russell H. Johnson, Vice-President Charles T. Inglee, together with his Board of Governors, Dr. Henry Jarrett, Dr. and Mrs. H. B. Kobler, Mr. and Mrs. Dan Crawford, Dr. and Mrs. A. A. Mitten, Mr. and Mrs. Alf. Delmont, Frank Addyman, Frank Dole, Mr. and Mrs. W. Fred Ford, George F. Foley, How-

ard H. Foley, Dr. C. J. McAnulty, Howard K. Mohr, Alf. Loveridge (Toronto), and etc., etc.

The pall bearers were Dr. A. A. Mitten, W. Fred Ford, Robert F. Maloney, James D. Strachan (Toronto); Howard K. Mohr, and Dr. H. B. Kobler. It is certain that there were many hearts pulled asunder as Benny Lewis was gathered back to the bosoms of the father and mother who bore him away back in 1877, and so the curtain was sympathetically drawn to cover the greatest calamity that has come to dogdom in modern times.

Leaving the funeral, Mr. Alf. Delmont speaking over the air from Station WCAU, Philadelphia, said in part:

"In closing my talk of today, may I be permitted to say, I feel sure I am voicing the entire Fancy, in wishing to pay tribute to the late Ben F. Lewis, Jr., whose very sudden demise has shocked the whole dog world, and especially that part of it which covers the sporting dog groups, around which Mr. Lewis' interests were particularly centered.

In the dog show ring at Troy, N.Y., on Saturday, June the seventeenth, when the dog show of that town was in progress, Mr. Lewis suddenly collapsed, whilst exhibiting "Pilot of Crombie," one of the prize winning

English Setters from the Happy Valley Kennels, whose entries Mr. Lewis has been handling for their owner, Dr. A. A. Mitten, of Roxborough, Pa., for the past several years, whose interest in dogdom has been very enthusiastically enhanced through the consistent winning of the Happy Valley dogs under the guidance of Mr. Lewis as handler.

A physician, Dr. Jackson, who was an exhibitor at the Horse Show, on the nearby grounds to that of the Dog Show, was called in attendance to Mr. Lewis, but the examination obliged Dr. Jackson to pronounce him to be dead.

Known to dog lovers in all parts of the dog loving world, and whilst still a young man, Mr. Lewis was exceedingly and successfully prominent. He was the son of the late Ben F. Lewis, of Lansdown, Pa., whose illustrious career came to a close in 1926, after many years of faithful service to his idols, the dogs he loved, and I am sure that the names of both this father and son will live long in the memory of the dog world for many years to come. The untimely death of "Young Benny" as the "sages" of the dog Fancy were wont to speak of him, has brought to a close the life of one who was bred and born in the game, and now he has died in harness, and I am sure no greater tribute would be appreciated by "Benny" were he ca-

From presidents to peasants, Ben Lewis, Jr., would select his clients, BUT, FIRST the dog had to be a good one. From left to right, ex-president Hoover, E. Smoot, Mrs. B. F. Lewis and the late Ben F. Lewis himself. Ben was proud of this picture.

pable of accepting it, than just what I have said. His life had been lived for his profession alone, with his father as a true pioneer in the game, and as a peer, young "Benny" followed on, and now he has gone to join that father he loved so much.

This energetic worker in the dog ring always aimed at the highest heights, though the show was small or of monstrous size, and he reached these heights too, suffice it to be said. No better proof of "Benny's" success can be found than the grand and glorious manner in which this well-known handler has piloted the numerous dogs of Dr. Mitten, and other famous dog owners to the loftier heights. And strange enough as it may seem, Ben Lewis was piloting "Pilot of Crombie" to the top, when he was stricken with the fatal heart attack which brought about his altogether untimely demise.

Mr. Lewis is survived by his wife, to whom the sympathy of the entire Fancy is extended, and may I say, to Dr. Mitten too, whose faith in his handler was unbounded.

The funeral services from which I have just come, were held today at two o'clock when his numerous friends and fellow-workers were present to pay their last tribute to the closing chapter of the life of a man who loved his dogs, lived for his dogs, and we might add, with the most profound reverence, he died at the feet of his dogs.

Those who were present, I am sure will agree with me, that no greater monument could ever be erected to his memory than the presence of the host of friends who gathered around the bier of "Benny" Lewis. Friends from near and afar, even from across the border, from Canada came the Secretary of the Canadian Kennel Club, Mr. James D. Strachan. Mr. Alfred Lovelidge from Canada, was also present.

From our American Kennel Club came many of the executive board, led by esteemed President, Mr. Russel H. Johnson, and our Vice-President, Mr. Charles Inglee, and our Board of Governors. Very conspicuously present too, were many of Mr. Lewis' clients, some of many years standing. Men of prominence from the East and the West. Mr. "Bob" Maloney, from Pittsburgh, of Pointer fame, was one of the first of Mr. Lewis' clientele and he was amongst the many who had come to attend the last rites for the man who had loved the "Maloney" Pointers, as he had loved the Setters of Dr. Mitten.

The Professional Handlers' Association paid their respects in a body. Dr. Mitten who headed the group of pall bearers, was, I am sure, without pre-

cedent in extending courtesy to the friends of Mr. Lewis, the man who has given a life's work to the bettering of the game, and the man whose memory will be an inspiration to us all 'to carry on.'

Good afternoon."

And now we are pleased to publish a tribute from an old friend of the Lewis' father and son, Dr. C. Y. Ford, Montreal:—

"Years ago in the early nineties when en route to school, I dropped in at the Toronto Fair Dog Show—as the Canadian National Exhibition Dog Show of that time was known and in the rather antique dog show building—now thank Heaven abandoned; I was fascinated by watching a slightly built, always alert Welshman showing some Gordon Setters with outstanding skill; it was Ben Lewis, Sr., the Master Handler of all time.

A few years later the same "Ben" was a visitor at the old Queen's Hotel, Toronto. He was making his annual pilgrimage to Toronto Fair for the dual purpose of showing dogs and to give his family their annual treat. In the

party was Mrs. Lewis and a small boy and girl, and at that time the young Lewis had to be lifted onto the big, old-fashioned dining-room chairs.

As time went on the boy grew up as boys usually do, and under the expert tutelage of his expert father became the Benny Lewis who has—so tragically left us. For fair dealing and for clean living Benny Junior was respected by one and all—indeed he was a chip of the old block. It was an artistic treat to watch either the father or the son pose a Setter or a Pointer in the ring. This artistry was prominent when these men showed any dog they handled, but it was perfection when they were showing Setters or Pointers in the ring and bringing every last particle of quality to a judge's attention.

Like the true sportsman, Ben Lewis, Jr., invariably was, victory or defeat were always accepted with a smile that was characteristic of the man. Never any kicking from "Benny" in or out of the show ring no matter what his personal feelings were. Wish there were more of his sort in the game

A Masterpiece—Here is the perfect understanding between handler and dog. The late Ben. Lewis, Jr., and his well loved Pointer, Int. Ch. Herewithem J.P., owned by Robt. Maloney, Pittsburgh, Pa.

today. His was an example to be emulated by any, or all, who may wish their memory to live after them apart from the immediate present."

We feel reasonably certain that Mr. Robert A. Ross, Montreal, should be privileged to say the closing words of tribute to the memory of his life long friend, Ben F. Lewis:—

**A worthy son of a worthy sire**—both were great men with gun dogs. B. F. Lewis, Jr., or just "Benny" as he was affectionately known by, and called by his intimate friends, was to my mind "The greatest Roman of them all," a sportsman of the very highest type, a keen and clever showman, unassuming by nature, and a true gentleman under any and all conditions and at all times. With Benny Lewis a win was always a win, and a defeat would bring that well-known smile so characteristic of Benny and simultaneously the shrug and facetious remark: "Oh well, that's that." There was never any scene or judge baiting when he lost, he just wasn't that type of man.

No man, living or dead, knew a sporting dog, and particularly a gun dog better than he did, nor could any man put a dog down in better shape than he did, no man could get better results out of his dogs in the show ring. Truly, he was a veritable giant as a handler of dogs.

It was my privilege to know Benny when he was still a young lad in his early 'teens. It is well over 30 years since I first made his acquaintance at the Toronto Fair of that time. We were close friends from the very first; that friendship ripened with the passing years, and only culminated, as far as this world is concerned, through his untimely death at the recent Troy Show.

It is perfectly true that we did not always see eye to eye with each other, but our differences of opinion never seemed to cast any shadows on our regard for each other. His sudden death has been a terrific shock to me, as it has been to us all, in fact, it was hours after Ben's death that the fullness of its awfulness fully came home to me,—a feeling of utter loneliness seemed to creep into the very marrow of my bones. Ben Lewis was dead, died in my ring, my friend, Benny Lewis.

To Mrs. Lewis I extend my profound sympathy. Yea, my offering includes the sympathy of the entire Canadian Fancy, for did we not claim Benny to be one of ourselves. We will surely miss his smiling face and the real man's handclasp that invariably he had to offer. We will miss his cheerful manner at our shows. Another landmark has been removed just in the prime of his life. I wonder which of

#### THE BEAGLERS ARE BUSY

For the first time in history the active Beagle Clubs functioning in Canada will hold licensed Field Trials on grounds convenient to their respective localities. This arrangement will feature the Canadian National Beagle Club, Central Ontario Beagle Club, the Oshawa Beagle Club, and the Hamilton Beagle Club and will ensure the possibility of creating Field Champions according to Rules especially prepared for this department of Canadian sport. It is just possible, too, that the Beaglers of the Province of Quebec will be found interested sufficiently to hold a licensed trial in their own province.

There is a decided popularity existing in Beagles at the present time, and all the clubs are participating to make the most of the increasing enthusiasm. Not long ago a matinee show was held for Beagles, only, at Montreal, and we believe that three score of these happy little workers came together for a rating of their quality, the occasion was quite sufficient to focus attention to the breed, and already an impetus for more and for better Beagles is the order of the day in the Metropolis of Canada.

Central Ontario Beagle Club held their monthly meeting on June 1st when several new faces were present for the first time. It was decided to embark on a drive for new members as the club officers are determined to make the "Central Ontario" one of the largest and most influential clubs in Canada.

The licensed trials will be held at Tottenham this Fall, and on dates which will not conflict with the week's Trials to be featured by the Canadian National Beagle Club, nor with the dates to be selected by the Oshawa and Hamilton Clubs.

#### OUR FRONTISPIECE

Just as the 1933 dog show season takes hold in Eastern Canada for the year 1933, we turn our front page over to Mr. Alf Loveridge, Toronto, a man who has made speedy progress in the handlers art in recent years. So much so, that at most shows now being held, he is often seen, at, or near the top in the Group Classes handling dogs of various breeds, owned by parties who make up the select clientele of this progressive public handler.

In the picture may be found the English Setters, "Int. Ch. Mallhawk Banker," and "Inglehurst Jenny," owned by Dr. A. A. Mitten, of the Happy Valley Kennels, Roxborough, Pa. The Schipperke, "Exceldall O' the North," owned by Peter Henderson, Royal Oak, Mich. The Samoyeds, "Disko," "Viga" and "Nicholas of Anadyr," owned by A. H. C. Proctor, Toronto. The Cairn Terriers, "Int. Ch. Divor of Gunthorpe" and "Kilmahew of Cairndania," owned by Mrs. G. W. Hyslop, Toronto. The English Bulldogs, "Blackburn Banker" and "Blackburn Beulah," owned by Wm. Hunt, Toronto. The Boston Terriers, "Molson's Billy Boy," owned by James Lane's Molson Kennels, Toronto; "Kaye Don 2nd," owned by Mrs. E. Lipe, Toronto, and "June Rose 3rd," owned by T. M. Girouard, Ottawa. The Lakeland Terriers, "Ch. Gamester of the Screes," and "Ch. Chloe," owned by Wm. B. Cleland, Toronto. The German Shepherds, "Ch. Karl of Bismarck," owned by Mrs. A. B. Calow, Toronto, and "Prince von Stephanitz," owned by Miss E. M. Leslie, Toronto. The Old English Sheepdog, "Blue Bunting," owned by Miss E. Bragg, Bowmanville, Ont.

From the foregoing list and reference to our front page illustration our readers may visualize the quality and variety of an average string of dogs as campaigned at the shows by Mr. Loveridge. The Canadian shows always receive this handlers attention, and very often he takes selected strings to the shows held in the United States, where he usually receives a goodly share of the available prizes for the dogs in his care.

The Loveridge policy is to carefully select his string. To present the dogs looking their possible best to the judges. Then, having done his utmost for his clients, win, lose or draw, he accepts the decisions with a grim smile that is characteristic of the man.

Two Irish Setters from the Happy Valley Kennels arrived in Toronto, recently, and these dogs will appear at the Canadian shows as soon as Mr. Loveridge decides that they are ready for any issue.

## British Columbia News

By Provincial Contributing Editor,  
R. H. F. PURDON, Vancouver, B.C.

THE Vancouver Kennel Club Show held on May 24th had an entry of two hundred and sixty-nine dogs, made up of the following thirty-six varieties. Cocker 31, Shepherds 27, Wire Fox Terriers 20, Cairns 17, Pekingese 16, Scottish Terriers 13, Sealyhams 13, English Setters 12, Collies 11, Chows 11, Springers 9, Golden Retrievers 8, Irish Terriers 7, Yorkshires 6, Whippets 6, Bull Terriers 5, Smooth Fox Terriers 5, Pomeranians 4, Bostons 4, Bulldogs 4, Welsh Terriers 4, Irish Setters 4, Great Danes 4, Dobermans 3, Dachshunds 3, Schnauzers 3, Labradors 3, Airedales 3, Kerry Blues 2, Chesapeake 2, Pointers 2, Schipperkes 2, Eskimos 2, Pugs 1, Dandie Dinmonts 1, Irish Water Spaniels 1.

In past issues of *Kennel and Bench* I have endeavoured to draw attention to our present championship system with a view of having a more satisfactory one introduced. At this show the astounding number of forty-six entries (if I read my catalogue right) did not compete in the regular classes, yet we still go along allowing entries of this nature to swell our point ratings. The fault is not with our show giving clubs who are as naturally out to get as many entries as possible, but with the pernicious system that makes it permissible to base point ratings on the number of dogs entered for the show, instead of the number of dogs in actual competition.

The show drew a good entry from the United States, the only Canadian exhibitor outside of this Province being the two Schipperkes entered by Richard M. Holt, of Saskatoon. We appreciate his coming and noticed with pleasure the attention his dogs received. This was possibly the first time for the breed to be exhibited in Vancouver.

The show was judged by Frank Foster Davis, of California, and held under the auspices of the Vancouver Kennel Club and Royal City Kennel Club of New Westminster, with Oswald Balshaw as show secretary, a past master at the job.

The morning was cold and nippy, which kept most people on their feet, so fortunately the shortage of seating accommodation was not so readily noticed until the sultry afternoon. It is a great pity that shows at Hastings Park cannot be made more comfortable for exhibitors and visitors, as not everyone cares to be on their feet at a dog show for ten hours or so at a stretch.

The reduction in the entry fee for each additional dog must have been very acceptable to many exhibitors, and the club is to be congratulated in showing the way to make it easier for many people wishing to make more than one entry.

The joint superintendents were H. Wilkinson and P. J. McLaughlin, a better or more obliging team would be hard to find. It is some time since Mr. McLaughlin has been exhibiting to any extent his famous Lochaber Collies. This pioneer Collie man imported some of the best we ever had from the late R. H. Lord, when his famous Seedley's were at their zenith. From this stock our Lochaber friend had some great Collies, always well able to hold their own with any competition on the coast. Win or lose, this good fancier took the result with the same equanimity. It is to be hoped that he will soon be active again in his hobby, as we cannot afford to lose people of his calibre.

An interested visitor to the show was Bert Finch, the well-known canine journalist. Mr. Finch was a very popular Calgary citizen some years ago, later coming to Vancouver. For the past few years he has been living in California, and is now settled in Seattle.

The award for "Best in Show" again went to the United States, being won by the Scottish Terrier, Am. "Ch. Defiance Dictator," well handled and shown by his owner, E. P. Weikinger, of Pasadena, California. He is a real good one, and a worthy winner of the high honour. Congratulations to his fortunate owner, one who knows how to put down a Scottish Terrier.

Far too many of the terriers shown exhibited the barbers art, having been shaved or clipped. This practice should not be encouraged. It is disappointing to say the least, to an exhibitor who has spent a couple of months or so getting a dog ready to see their entries put to one side, in favour of clipped and shown specimens that should have been penalized. We should look to it that this habit does not become a practice.

From the Rockhaven Kennel of Golden Retrievers in North Vancouver, we learn that they have at present two very fine litters of six dogs and two bitches, out of the imported bitches, "Chillington Light" and "Gilnockie Lady," both sired by their Canadian and American Champion, "Speedwell Pluto," an excellent photo of whom appeared in our last issue. These puppies are bred from proven workers in the field on both sides, so should make excellent future gun dogs. Sales from this kennel have been most encouraging, two dog puppies were recently disposed of to Mr. Buckerfield, of Van-

couver, and one to Mrs. Blake Wilson, Junior, also of this city, who is one of the leading lights in the Junior Service League. Two have gone to St. Paul, Minn., one to Boise, Idaho, and one to Ontario, Oregon. This has cleared out the kennel of all the dogs ready for sale; as this information was too late for our last issue, it is probable there are more puppies coming along up to the standard looked for in this kennel.

A special permit was secured from the Game Board for the Annual Field Trials of the Vancouver Island Setter and Pointer Club, which went off successfully. Many birds were down on the different courses which resulted in a lot of good work by the dogs which was thoroughly enjoyed by the owners and spectators. The Trials were ably judged by the club's President, W. Willgress, and the Secretary-Treasurer, W. Gieves, the former announced the winners and stated briefly just why the judges had made their decisions. First went to "Sport," a grand old lemon and white Pointer, owned and handled by J. Rithet, of Victoria. The judge's opinion was that this dog put up a very nice showing, ranging fairly well, and was very staunch on point. He showed lots of class while in action, responding in an outstanding way to his handlers commands. Second was awarded to a good (politically named) English Setter, "Honest John," owned by T. Barnard, who is noted for always finding game, needless to say in season, the judges stating "John" was a real shooting dog in his actions. He was a little anxious and over ran a couple of his birds, yet hunted and found well, being staunch and satisfactorily backing his mate while on point. Third to the English Setter, "Wellington Lady," formerly owned by J. Spencer, of Northfield, now owned by Mr. Baker. "Lady" ran a nice heat, false pointed a couple of times then settled down and did some really nice work. "Granby Mona," liver and white Pointer bitch, owned by J. Spencer, was full of action, in fact, a little too eager, false pointing at the start, but doing better as she went along, at times ranging a little too far. While staunch on point she seemed to have a will of her own, and in the latter stages of her heat she failed to respond to her owner's commands. The Brewer Gordon Setter Cup, which was kindly donated by Mr. Brewer, of Victoria, was won by "Hackwood's Toby," owner, Oscar Hackwood, and handled by the Irish Setter authority, Jack Cottle, who kindly sent me these notes.

Dr. J. D. Calvert, of Armstrong, sends along some news from the Okanagan, mostly about Springers, which

he says is undoubtedly the most popular breed in the interior at the present time. Dr. Calvert was very well pleased with the showing made by his young dog, "Rocky of Avondale" at the Easter shows, and only sorry that it was impossible for him to get down at the time, however, he hopes he may have that pleasure in the near future. "Rocky's" sire the imported "L'il Donson" was brought out by John Ritchie, of Ottawa, and has a triple cross of "Ch. Little Brand." The Doctor is looking for a flyer in the litter by him ex a daughter of "Ch. Aristocrat of Avondale." From enquiries received says there certainly will be little trouble of disposing of a few surplus puppies. To quote from the letter, "We are situated in the heart of a wonderful shooting country, pheasants roosting at night by the dozens in the bush within a stone's throw of the kennels, so these pups don't lack much for the opportunity of developing latent instincts, however, as this is the breeding season we don't bother the birds much."

My correspondent has had letters from several interior men who are starting in with Springers and prospective Canadian Kennel Club members, also visiting bitches from R. S. Sears, Kamloops, and W. E. Jones, Penticton.

Mrs. E. L. Starck, of Vancouver, is rejoicing in the arrival of a litter of Pekingese, three dogs and two bitches, by her fifteen months old "Sunni Boi IV." This is his first litter and shows much promise. Mrs. Starck's husband, C. P. Starck, is the well-known Provincial committeeman and one of the early German Shepherd breeders in this Province, whose "Ch. Etzel of Kerry-stone," is now carrying his nine years lightly.

Stanley Dorrell, of the Swansea Kennels, Vancouver, reports the sale of two young Scottish Terrier dogs by his late favourite, "Ch. Gaisgill Great Scot" to Mr. Tavish, of Kelowna, who is delighted with them. Another satisfied buyer of Swansea stock is Donald Olson, of Boulder, Colorado, who writes Mr. Dorrell as follows: "You will be pleased to know that the dog you sold me last summer, 'Swansea Piper,' won first prize in the senior puppy class of Scottish Terriers at the Denver dog show held last week. 'Piper' walked into the ring as if he owned it, and against some pretty tough competition came out on top." Mr. Dorrell must be gratified in receiving such an encouraging letter. A satisfied customer is a good advertisement.

The Saffron Kennel of Golden Retrievers, owned by E. N. M. Vernon,

of Kaleden, who writes the result of his inter-breeding the Golden Retriever bitch, "Ch. Dame Daphne" with the yellow Labrador, the litter arrived on April 28th. A curious coincidence is that she has whelped three times out of four litters on this date. The puppies are now six weeks old and a stronger or healthier lot you could not wish to see. It is too early yet to give much of an idea as to what they will be like, but there is no doubt that the Labrador predominates. This is shown more especially in head, coat and size, all of them being slightly smaller than pure bred Golden of the same age. The coat is smoother, but dense, and the colour about what one would expect, with not much variation, two dogs being darker than the remainder. This interbreeding has recently been very successful in English Field Trials. The owner of the Saffrons will have plenty of opportunity in testing the merits of his puppies in the district where he resides.

Mrs. L. M. Wood, of Melita, R.R. 3, Victoria, writes that she has just sent in application for membership to Canadian Kennel Club, and also to register for the Cairn Terrier Kennels, the name "Connwood," in partnership with Mrs. L. M. O'Connor. Here are the particulars of the imported dogs: "Wealdene Breeze" by "Calm of Cayton Bay" ex "Boldue Typhoon," silver wheaten bitch, bred by Miss Bengough and Mrs. Butterworth. She is dam of a puppy that won her Puppy, Novice, Undergraduate, Graduate and Novice Classes at championship shows. Another in the kennel is a young

dog, silver blue gray, "Ferdinand of Havelands" by "Adonis of Havelands" ex Lady Jane Grey of Havelands," breeder, Winifred H. Lester. Both the parents of "Ferdinand" are first prize winners at championship shows and are described as sound typical first flight terriers. On his way out is "Roy of Lucien," two and a half years old, bred by Mrs. Eric Cullen, he is by "Rosshire Old Gold" ex "Binney of Otford," and is a winner of fifty prizes, described as "a very active terrier, absolutely fearless, excellent movement, specially well built body, gorgeous head, powerful jaw, perfect eyes, nice ears and splendid coat, siring big litters of outstanding puppies." A photo of this dog has been sent me, and he certainly looks up to his description. Another bitch is to come out later on, so with the present five Canadian-bred bitches, some good stock are to be expected. Mrs. O'Connor was an early fancier of the breed on Vancouver Island, and Mrs. Wood bred shooting dogs in England. This combination and enthusiasm should go far, and will be a welcome addition to the Cairn ranks in British Columbia. Our best wishes to the "Connwood" partnership.

News received from W. T. "Billy" Oates, of Vancouver, lacks the cheerfulness that we usually expect from him, and no wonder, his personal favourite and companion, the good Cocker "Nifty Boy" passed quietly away a few days after the Vancouver Kennel Club Show, where he won second open dogs while appearing to be sleepy and listless, taking no interest in the proceed-

ings. In March last he won best of breed, solid color at Portland and completed his American championship. Mr. Oates had many times refused tempting offers for his favourite, but he was never for sale. To most of us come at some time the one dog whose value is beyond rubies, if not we miss a great joy in life. Mr. Oates has a promising son of "Nifty Boy" which it is hoped will fill the gap left by the loss of his companion.

Preparations for the Shawnigan Kennel Club Show are keeping this busy crowd hard at work. They were most unlucky to lose all their benching by fire, which has now to be replaced by new. This was a severe loss to any club and it is to be hoped that their show on July 3rd will be a huge success, to gratify the sporting group that make this attractive show possible.

Mr. and Mrs. Rhodes "of Moray" Cocker Kennels, Cowichan Station, have some puppies that are a delight to the owners, four by "Lucky Streak of Ware" ex "Cinderella of Ware," now six months old, Mr. Rhodes says "any one of which I would not be ashamed to take into the ring at Cruft's. "Sweetheart of Ware's" puppies, by "Fascination of Ware" are coming along particularly well.

The progressive people of Nanaimo staged a very fine Empire parade on the King's birthday. Of interest to fanciers was Miss Rhoda Shepherd's Newfoundland, "Black Bess," harnessed to an attractive looking wagon containing six of her nice puppies, bearing the sign, "The Home of the Newfoundland."

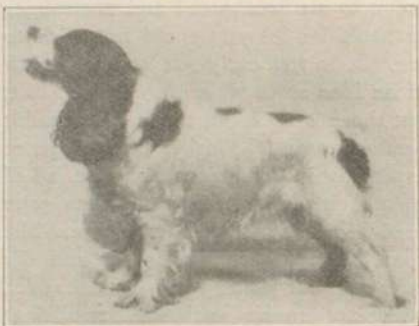

Sons of the wire fancier J. Griffith had also a wagon containing three promising looking wires, with the sign "Dog Pound." One boy had two Collies harnessed to a cart, while a local school had a black dog drawing a float containing milk cans, and representing Holland.

Wm. Willgress, of Nanaimo, is the proud owner of a litter of Pointers, a winner of the recent Field Trials, nine dogs and one bitch, by "Sport," out of "Beauty," also a winner of trials. More good ones can be expected from these puppies, as this fine sportsman has both the opportunity and ability to train them.

George Busby, of Poplar Kennels, Abbotsford (late of Regina), announces the arrival of a lovely litter of Springer Spaniel puppies, five dogs and one bitch, sire, Dr. Hardy's "Beatty of Avondale," winners dog Regina last year, and within one point of his championship. The dam is "Cactus Nancy Lee," who took two firsts at Moose Jaw in 1932. "Nancy" carries the blood of

## Skin Trouble

very soon went

If your dog is suffering from any form of skin trouble—start him or her on Karswood Dog Powders forthwith. This is the surest and quickest means for permanently ending this condition. Scores of the World's leading dog breeders have proved the truth of this for themselves.

Here is another case of persistent skin trouble cured by Karswood Dog Powders after all else failed. In this case the trouble was of 2 years' standing, but soon gave way to Karswood Dog Powders.

*Ivy Cottage, Baydon Road, Lambourn, Berks.*  
 I am very pleased to tell you that Karswood Dog Powders have been a great benefit to my dog, a Pekingese. Nearly two years ago he had spots and dry eczema about his body, which caused him to scratch very much. Of course, I tried many things, different powders and treatment on the skin, but nothing seemed to do any good. I saw your Karswood Dog Powders advertised and sent for a supply and gave him a course of them. He soon began to improve, and before very long the spots cleared right away. Now I always give the dog one a week, as I find it keeps him in good health all round.  
 Miss B. HART.

The reason why Karswood Dog Powders are so successful in tackling all forms of skin trouble is because they provide the dog with nerve foods and organic salts which his system must have in order to throw off disease. Outward application of ointments in skin troubles can help locally, but to secure permanent results, give Karswood Dog Powders regularly, and they will not only cure the trouble, but prevent it re-occurring. Prove this to your profit.

#### CAIRNDANIAS SUCCESSFUL AT AMERICAN SHOWS

The Cairn Terriers and Great Danes of the Cairndania Kennels, York Mills, Ont., made a very successful invasion of the great four-day circuit which included the world's greatest outdoor show—The Morris and Essex, Wissahickon, Huntingdon Valley and Devon shows. Coming from Montreal and Ottawa, and travelling express haste to the shows enumerated must have been a terrible strain on the owners, handler and dogs alike. And successful as the Cairndania dogs undoubtedly were at the American shows, if they had been able to reach the contention in fresher condition their success would naturally have been more pronounced, but they were a tired out bunch when they arrived in New Jersey.

At the Morris and Essex show we noticed a seven months' old puppy bearing the name of "Kilmahew of Cairndania" in the ring with fifteen others of her kind, and in spite of the long distance travelled from Ottawa the little lass was able to continue right up to the top of such a large class of quality Cairn puppies, a win well worth all the travelling discomfort the trip represented.

At the same show "Ironwood Queen of Sheba" won the prize for best American-bred bitches, and this was also a most desirable win, when the popularity of the Great Dane in the United States at the present time is considered. Mrs. G. W. Hyslop was glad to call it a day, and left for the Wissahickon show to be held on the next day.

At Wissahickon, "Kilmahew of Cairndania" was again the winning puppy bitch, and the same owner's "Tinker of Tapscot" won for best American-bred dog, leaving the recent importation, "Treblig Ina," to go on to reserve winners in bitches. "Ch. Ironwood Queen of Sheba" was again the best American-bred bitch.

At Huntingdon Valley, "Sheba" was again best American-bred bitch. The judge lost the Cairns that all the other judges had found so attractive.

At Devon, this was the fourth show in as many days, and the dogs were obviously showing signs of tiring, however, "Kilmahew of Cairndania" came back to first place in puppy bitches, "Tinker of Tapscot" taking the American-bred class honors, and went on to winners comfortably, and added a further five points towards his American Championship, leaving but four more required to complete the honors.

The foregoing represents some splendid wins made under abnormal condi-

tions of travel and terrific heat, and Mrs. Hyslop has to be congratulated on her pluck in attending these far distant shows, and particularly on the several splendid wins which came her way on the circuit.

#### SASKATCHEWAN'S GRAIN KINGS

The world's grain exhibition and conference which opens at Regina on July 24th next will represent one of the most important gatherings held in the Dominion of Canada in many years. Authorities on grain production will come to Canada from almost every centre where wheat is grown in the world. Dr. E. S. Archibald, Director of Dominion Experimental Farms, will be chairman of the proceedings of the conference.

When the Kings of Canada's Grain World gather, there will be one of their number standing right out in their picture who is well and favorably known to dogdom in Western Canada, we refer to Mr. J. C. Mitchell, of Dahinda, Sask., who has been breeding Smooth Coated Collies since the day the late Norman K. Swine introduced his "Canute Treasure" and "Canute Artful" so successfully at Canadian shows. Mr. Mitchell likes a good Smooth Collie and has a keen eye for a good animal of any breed. Registered "Marquis Wheat" is what brought to Mr. Mitchell the crown of Grain King, this was in 1919. This championship, made at the International Grain and Hay Show at Chicago, was repeated in 1920 and in 1924 and Mr. Mitchell was the first Canadian farmer to earn the distinction of Grain King three times. May the grain men of the world have an opportunity to meet Canada's dog loving Wheat King at Regina next month.

#### NEW BULLDOG FOR MONTREAL

"Off the boat and into the show," that was the fate of the English winning Bulldog "Safety First" (C.K.C. 108599), imported by Miss Lydia P. Rafter, Montreal. We said this chap "Safety First" was a winner in England—he was, and under such judges as Mrs. Walz, and Messrs. Bladen, Marples, Houlker, Walker, Voss, Crabtree, Dr. Aubrey Ireland, Croxton Smith and Roger Bolton. And in this country, and at the Montreal show held on May 20th, he could not be denied by "Ted" Chetwin or any of the other judges that he came under on that date. "Safety First" has plenty of everything required to make his presence felt in any company and under any judge.

For sire the new importation has "Roseville Barrystar," a son of "Ch. Boltonia Barrister," and for dam he has the well known bitch "Desdemona."

## The Alberta News

By Provincial Contributing Editor,  
C. H. PARK, Medicine Hat, Alta.

THE first of the Alberta shows for the 1933 season was successfully staged by the Medicine Hat Kennel Club at the Arena, May 24th, and with the weatherman relenting and turning off the water tap, the day was ideal and very few were kept away by the condition of the roads, the only ones reported as being unable to get through were the Mabsons, of Regina. The entry was very representative and the kennels of Alberta and Saskatchewan combined to make a very successful three-point show with 221 dogs being entered and 212 being actually benched. The Arena, which was burnt to the ground last September, taking with it the Club's benching, has been rebuilt, and enlarged and makes an ideal venue for a dog show. In conversation with fanciers who have visited most of the Canadian shows, the writer learned that this building is one of the best west of Toronto and most suitable for a dog show. Be that as it may, it is a splendid building and with the Club's new benching, bunting and flags galore, it presented a very attractive appearance and members of the Club were congratulated on all sides. A huge and cleverly decorated sign of welcome greeted visitors on entry and substantial pennants on flagpoles carrying the names of cities and towns from which entries have been received in the past, were arranged round the Arena. Along the front of the benching was a five foot wide alley roped off for the convenience of the benching stewards and the safety of the public and this was gaily decorated with bunting, which unfortunately was not appreciated by everybody as some of the exhibitors thought it had been erected for the purpose of trying out the jumping capabilities of their dogs, much to the detriment of the bunting. This year the ring had been considerably enlarged, even the largest dogs being enabled to display their paces without being cramped. In this connection it was a moot point around the ringside as to whether the very active proprietor of Cossack Kennels or his splendid pair of Borzois were the better gaited, anyway both gave of their best and the going was high on the part of both, wide on the part of the proprietor and handsome on all sides.

"Bobby" Thomson, of Calgary, occupied the "Woolsack" and gave one of his rare displays of masterly judging completing his job in splendid time and making Bob Carter, of Assiniboia's good little Boston Dog "Reigh Count's

Sensation" his Best in Show and Hans Rothgordt, of Swift Current's good home bred St. Bernard female "Cypress Carmen" Best Canadian-bred, thereby annexing the C.K.C. Special also our Alberta C.K.C. director, W. G. Climo's special for best Canadian-bred of the various breeds. The Toys, whilst few in number, were representative, Jack Fletcher, of Calgary, being on hand with some good ones. The first well supported breed was the Bostons which supplied Best in Show, Bob Carter also having the Winners Bitch. Airedales were few in number as were the Cairns and Sealyhams, the next big classes coming in Fox Terriers, the writers good bitch "Calgaree Chosen Damsel" being Best of Breed and the same owners "Calgaree Verkie" getting Winners Dogs. The wires were strong in number and quality, R. A. Cross, of Calgary, supplying Best of Breed in his "Trios Bridesmaid," which while on the small side is a veritable "Mulum in Parvo." Scotties were on the increase in numbers and the quality was good with such dogs as "Ch. MacWilliam of Tayside," "Cockpen" and "Normandy Ascot" battling for the honors. Collies were a well supported breed with Miss Lonsberry, of Lethbridge, doing a lot of winning with her puppy dog "Buddy of Brooklands," raised by that sterling Collie enthusiast, E. F. Brierly of that city. It was in this breed that we missed particularly that very staunch supporter of Medicine Hat shows, Vic Williams, formerly of Lethbridge and the first judge of a Medicine Hat show after the reorganization of the Club in 1928. Vic is now in Vancouver and is the new manager of a new department of Woodward's, Ltd., the big department store in Vancouver, who have opened up a Live Stock & Pet Dept. We wish him all the success in the world. German Shepherds, whilst not so strong numerically as other years, contained some good quality animals. The various sporting breeds were well supported with the big entries being in cockers, where W. G. Climo cut quite a swath and Springers where the newly elected Prexy of the Southern Alberta Kennel Club, D. B. Young, of Shaughnessy, had a nice novice on deck in "Freeman's Mighty Cute," which landed Best of Breed and the President's special for best supported breed. Friend Tyrrell, of the Cossack Kennels, Bottrel, was on hand with two beautiful Borzois, grandson and granddaughter respectively of the late "Ch. Cossack Michael," which have also passed into the ownership of Mrs. Christman and which bid fair to follow in the footsteps of their illustrious ancestor. Owing to a request from our editor, who has been under the weather and whom, we hope, is fully recovered

ere this, our notes were sent in earlier than usual last month and the following notes were therefore omitted.

D. B. Young, of Shaughnessy, newly-elected President of the Southern Alberta Kennel Club, reports a nice litter of Springer puppies from his "Piyami Sequence" which are all bespoken except one that he is offering as a door prize at their forthcoming show on July 1st. For the show the catalogues are to be numbered and the holder of the winning number will receive as prize a nice Irish Terrier pup kindly donated by the secretary, Jimmy Clelland. Mr. Young's Gordon Setter has presented him with a litter of 10 dogs and 2 bitches. He disposed of four and the remaining eight are doing well. These pups are eligible for registration and being from good working stock should be attractive. Mr. Young is working on two Setters now and hopes to have them finished products for fall shooting. Arrangements for the show are well under way and the Premium List is now in the hands of fanciers.

Mrs. Jullien, of Calgary, sends me the news of the formation of the new Shepherd Dog Club of Alberta, the initial meeting of which was held on May 5th, and was most enthusiastic and another meeting was to have been held on May 19th. The Club has been named "The Shepherd Dog Club of Alberta" and its aim is to have members not only in Calgary, but all over Alberta. The training is to be under the guidance of Mr. W. Kuhn, who has had considerable experience in this line in Germany. At the present time more than half a dozen dogs are being trained. The Club is going to try very hard to improve on the judging of German Shepherds at licensed shows, which to date in many instances, have been very far from satisfactory and very far from the standard recognized by the German Shepherd Dog Club of Germany, which is also the standard recognized in Canada by the C.K.C. The Club has many other objects in view and hopes to have the co-operation of all fanciers of Calgary and the Province. Many Shepherd owners are unknown to the Club and they would be glad to have any interested get in touch with any member. Mrs. Jullien was the unanimous choice for President and was accordingly elected to that position with A. W. Lancaster, Calgary, 1st Vice., Norman Gurr, Lethbridge, 2nd Vice., G. E. Smith, Calgary, Secretary-Treasurer and Mr. W. Kuhn was appointed trainer, with the list of officers to be completed at the next meeting. For the present training classes are being held every Monday and Thursday.

The following notes from Trevalen

Kennels were received after the others were dispatched so are included in this month's notes. The past month, bringing with it the rather delayed Spring, has been mostly taken up with the elementary education of the young dogs, the prospects for next season's hunting. A little work during the spring is invaluable in fitting the youngsters for the real training of the latter part of the summer. No yard training can make up for actual field work, for the gun dog and the field are part and parcel of each other and are separated only to the detriment of both. A lifetime of city boarding kennels and show benches cannot suppress the wild exultation that the gun dog displays when once he gets the chance of liberty in his natural surroundings.

We are pleased to report the arrival of a sturdy litter of Sealyhams with our little bitch "Manorbier Mint," 6 dogs and 1 bitch, the sort of litter any breeder is inclined to welcome. As they are now three weeks old, there is every likelihood of them all pulling through. In Springers, we have recently acquired "Topsy of Teviotdale," rather a nice black and white bitch. Having won the Winners at Regina and Reserve Winners at Saskatoon, she is not altogether unknown to western fanciers. She is now in whelp to our imported sire and should raise some high class puppies. The ducks have returned in vast numbers to their breeding grounds and conditions are favorable to a good hatch, consequently we are looking forward to plenty of Springer work when the season opens next September. Recent rains have offset the fire hazard for this year and the pitiable destruction of nests from this source will be less than usual. From Mr. Mervyn Lloyd we have a further interesting budget of news for this month. The past month was made interesting by the visit of the Provincial Game Commissioner, Mr. S. H. Clark, who came to take some motion pictures of dogs and game. We were most unfortunate in experiencing poor light conditions during his visit, but trust that the negatives will prove a success, as they are required to illustrate lectures and talks on game conservation and to train the school boys and girls to appreciate the sport of hunting with dogs and gun and thereby stimulate their interest in protecting our wild game. Personally, Mr. Clark is a staunch supporter of the sporting dog and fully realizes the additional sport and interest in the day's outing when accompanied by a well trained dog. Observers estimate that 50 per cent of the game birds killed are left on the field when there is no dog in attendance. This is especially true when the game is the elusive Hungarian

Partridge. Their protective colouration makes them extremely difficult to pick up even though accurately marked down, but the keen nose of the dog easily detects them. In consequence nearly double the number of birds are killed in order to complete the bag limit, if the sportsman depends on picking his birds without a dog. We were particularly interested in Mr. Clark's narratives of his experiences with hounds and mountain lions and our only surprise is that he does not maintain a kennel of these wonderful animals, which, I am sure, would be an asset to the whole Dominion. The call for reliable grouse dogs appears to be none the less, notwithstanding the difficult financial times. English Setters hold the sway for the particular conditions under which these dogs must hunt. All the dogs in training, in the kennel for this year are bespoken by grouse hunters. We recently sent "Trevallen Beryl" to Saginaw, Mich., U.S., to be mated to "Chief Remington," the U.S. Grouse Dog Champion for 1932. "Beryl" is a daughter of our "Prince of Orange." He is a well known character to the most of the sporting fraternity of the west and it is reasonable to assume that few dogs on this Continent have had more birds dropped over them, than this spectacular old veteran.

We are pleased to report the arrival of a litter of Beagles. It is regrettable that only two survive so our pack will not be greatly augmented this year. "Manorbier Mascot," the Sealyham sire, actually brought home the bacon from Medicine Hat, having won Best of Breed and a special which proved to be a flitch of bacon. Interest in Sealyhams is already noticeable in Alberta. We sold one of our weanling puppies to Dr. H. Christie of Marwayne and further enquiries tend to prove that these ideal companions for house or for sport will become as popular here as they are in the Eastern U.S., where they have taken the interest of the public by storm. Mrs. Margaret Kerfoot, of Cochrane, states that she is about to import another addition to her Sealyham kennel and we hope that he will arrive safely and fulfil our anticipations. Game conditions appear to be favorable and already at time of writing a few broods of ducks have been noticed. Frequent showers such as we have been getting of late will be very beneficial to the young birds when hatched, as they greatly increase the food supply in the form of insects. Rabbits are plentiful so work with the Springers is proceeding constantly. An abundance of game is a real necessity for the successful training of sporting dogs and it behoves all lovers of our field day companions to march hand in hand with the game conservationists

and work towards the same goal, more game, more sport. Mrs. C. A. Adams, of Winnifred, Alta., who, through a misunderstanding, failed to get her entry in time for the Medicine Hat Show, says she will be there next time and reports a nice addition to her Boston family in the shape of a litter of six, four males and two females, all of which are sold. She is adding three more to her kennels so is hoping to raise some particularly nice puppies later on as she is getting the newcomers from the splendid stock of Earl F. Kennedy, Calgary.

Mr. Thos. Webber, who has sent in his subscription to the C.K.C., writes that as a newcomer to the Canadian Dog Fancy he would like to say that he thinks the **Alberta News in Kennel and Bench** is just swell and would like to see lots of it every month for people like himself, away from other dog fanciers, its the only way to keep in touch with what is doing in the dog world. As announced in the May issue of **Kennel and Bench** he has started a small wire kennel and sold three of the four pups mentioned, and has now added an Airedale bitch pup to his string by "Ch. Midland Bob," ex "Mollys Jill." "Farleigh Chickweed" is being groomed for the Edmonton show, which is the only one Mr. Webber can take in this year. In England he owned a small Airedale kennel at one time and managed a variety kennel over there but has been out of the game since 1925, hoping in the not too far-distant future to lead a home bred champion into the ring. Here's hoping it may be soon, Mr. Webber. From Harry Champ, Cliff Kennels, Redcliff, comes the news that "Vivadora Masterpiece," that superbly bred Wire has found a new home with Harry, having been transferred since the Medicine Hat Show. Harry says this dog has been purchased primarily for stud purposes and that this is the dog we have been waiting for in the West. His first litter produced four males and two females and Harry reports sales as being brisk, in fact he is stripped right down to two "Ch. Becksides Bonus" bitches and his Scotty female. Recent sales include "Cliff Flapper" in whelp to "Masterpiece," to Mrs. W. B. Price, of Calgary, who is getting a very nice kennel together and expresses extreme satisfaction with the purchase of "Flapper" with whom Harry parted very reluctantly but money talks these days. Mrs. (Wymund) Render also made a purchase from these kennels on her way home from the Hat show in the shape of "Cliff Little Gem," a daughter of "Medalta Nifty" ex "Cliff Flapper." This also required a lot of eloquence on the part of Mrs. Render before the purchase was completed. To Mrs.

Render also went a bitch puppy by "Masterpiece" ex "Cliff Plucky Jenny," she by "Int. Ch. Becksides Bonus." Another recent sale is a dog puppy by "Masterpiece" ex "Cliff White Girl," by "Ch. Redcliff Warhorse" to Mr. Harrison, of Drumheller, a newcomer to the fancy, who is very pleased with his purchase. To Mr. Penland, of Calgary, has gone a male "Masterpiece" puppy ex the famous show bitch "Cliff Becky." "Cill Gay Boy" was the pup donated by Harry to the Medicine Hat Kennel Club and which was won by Mr. Powere, of Regina. At the present time "Cliff Becky" is nursing a nice even litter of four males and two females that sure looked good to the writer when he saw them lately. Recent visitors include a nice bitch belonging to Mr. Mathieu, of Shaunavon, Sask., also a bitch of the writers, a recent first prize winner at Medicine Hat Show "Medalta Dusky Damsel." Both these have been mated to "Masterpiece." Mr. Champ's own bitch "Cliff Plucky Jenny" is showing heavy in whelp to "Masterpiece" and should whelp in the near future. Your scribe was very much impressed with the Scotty bitch which Harry trotted out for inspection and which has greatly improved since the Medicine Hat show and warns all concerned to be on the look out for her.

Mr. Tyrrell, of Cossack Kennel fame, reporting his safe arrival home from the Medicine Hat Show where his two Borzoi puppies did so well says in part that it was a great show considering the times and an example in every way to all other Clubs in the Province, if only for the unselfish spirit of real sportsmanship displayed at Medicine Hat. His "Cossack Neva" has whelped two tip top male and one female puppies by "Cossack Ivan" on the 29th inst. John E. Hunter, of Calgary, sends word that his good wire "Calgarie Cherie" is nursing a nice litter of seven, sired by "Mutual Trust" by "Int. Ch. Becksides Bonus" ex "Ch. Iclas Altheway." Mrs. Render, of Wymund Kennels, says that Wymund Terriers still continue to sell as fast as can be raised and she hopes to have more bitches to breed to meet the demand of the public. Boarding dogs is proving quite profitable and the kennels are very busy caring for all breeds of pets while the owners are on holidays. Mrs. Murrison's Scottie bitch "Galette" is nursing a beautiful litter sired by Mr. W. Forrest's "Ch. MacWilliam of Tayside." Mrs. Earnshaw's good Chow is nursing a nice even litter by her celebrated winning dog, "Ch. Ching Sun Tee." A sale of interest made locally is that of a Springer Spaniel to Mr. Fairburn, Chief Engineer to the C.P.R. of Montreal, by Mr. Wm. Currie, Past Presi-

dent of the Medicine Hat Kennel Club, this puppy sired by Mr. Currie's wonderful bird dog "Medalta Flash," he by "Inveresk Commander" (Imp.). Whilst on a recent tour of inspection through the west Mr. Fairburn was greatly impressed by a son of "Flash" belonging to Mr. Pew, of Field, B.C., and was not satisfied till he also became the proud possessor of one at a handsome price, to be delivered in the near future. Business has been brisk with the Medalta Kennels, Medicine Hat, since the Medicine Hat Show and orders have been booked for pups for future delivery. Twenty-two trophies, prizes and specials were won by the various inmates of these kennels in Wires and Smooths, including, Winners Dogs and Bitches and Best of Breed in Smooths.

## Saskatchewan News

By Provincial Contributing Editor,  
W. W. RIOME, Moose Jaw, Sask.

AT the last meeting of the Moose Jaw Kennel Club, President W. H. Smallwood and Secretary A. F. Corless reported everything in connection with the show to be in first class order and preparations made for the one-day show July 1st. The committees have worked hard to gather in specials and we hope to be rewarded with a large entry. To those who have the necessary time, a splendid opportunity presents itself, with Calgary show following Moose Jaw, commencing on the 11th of July, Edmonton on the 18th, 19th and 20th—then Regina, July 25th, 26th and 27th, Saskatoon, August 8th, 9th and 10th. In connection with Saskatoon, Jack Ayre, the Secretary, advises me they have tried to meet the times by reducing their entry fees which are as follows: \$1.00 first dog—first class and 50c second class, with 25c for all other classes. All other dogs owned by the same exhibitor 50c first class, 50c second class, and 25c all other classes. Mr. A. F. Picard, of Winnipeg, will judge all breeds and the show will be held in the same building that was used for the 1931 Exhibition, situated on the corner of the Fair-way. This should mean a much larger gate for the association, and a splendid building to house the dogs.

Our old friend Charlie Keating is working hard these days to make Regina Show a big success. It is to be held in connection with the World's Grain Show. Mr. Enno Meyer, Milford, Ohio, will be the judge. Record crowds are expected at Regina this year.

We understand the Regina Canine Society members will be adding additional prizes to a number of classes. Last year the Canine Society staged the summer show, this year it is put on by the Exhibition Board. On Sunday, June 11th, the writer and Mrs. R. had the pleasure of visiting a number of the Regina fanciers. Starting with the Mabson family, we found Ed. busy with a smart little Wire, and wondering if she would use the nest for her approaching family that had been so carefully prepared. The Scottie female was looking remarkably fit. Both these terriers were entered for Medicine Hat Show, but owing to the heavy rains it was decided to abandon the trip and return home, a disappointment that was keenly felt by the whole family.

Mr. Neates "Labrador" was looking 100 per cent. It was to be regretted that this dog took sick just before last

season's shows. However, he is all ready for 1933, and we hope he meets with success. We caught Walter Pym having a royal time. The terriers were all out for exercise, and Walter was having a busy time selecting his entries for there are several in show form, a litter of exceptionally nice puppies, and other puppies on the way. A puppy was recently sold to Miss E. Healey, Regina, sired by "Bron-Wyn Stormfiend," a grandson of "Ch. Stormy Boy," and out of "Bron-Wyn Busybody," she out of "Bron-Wyn Merry-Madcap."

Mr. Fred Drake was preparing to start on his holidays and will tell us more of his Bostons later. They are a real pair from Mr. Jackson's Aviator strain.

Sorry to say our Queen City Scotch Terrier expert, Hamish Middlemas, was confined to his bed, so we did not have the opportunity of inspecting the imported die-hards and their families. We trust Hamish will soon be around on his feet again. Sales have been fairly brisk at the Wyrecote Kennels, a female puppy sold to Hamish Garland, of Unity, Sask.; one male puppy to Walter Pym, Bron-Wyn Kennels—both these youngsters are from the following parents:—Sire, "Ruglen Rabbie," Imp., by "Int. Ch. Rookery Repeater," Dam, "Heather Sunflower," by "Ch. Heather Fashion Hint," out of "Ch. Ornsay Baba." "Sunflower" is litter sister of "Ch. Masterpiece of Rookes." "Wyrecote Marie Dhu" was sold to J. D. Peck of Gananoque, Ontario. This coal black 11 months youngster is a granddaughter of "Ch. Heather Necessity," and out of "Lady Necessity," Imp., sired by "Ruglen Rabbie," Imp. Many dogs have left the East to come West. It's quite interesting to know that some leave the West to go East.

Friends will be glad to know that Archie Semple, of Cactus fame, has improved in health very considerably, and was preparing to leave for Banff, where he will take treatments, then on to the Coast. Mrs. Semple will have the responsibility of driving the car, but we know Archie will take his turn. We hope the trip will restore this stalwart to his usual good health.

Miss B. Drazkowschi, owner of Chinette Kennels, Reg., Kenaston, Sask., the home of the Toy Peke, is specializing in breeding small, heavy boned Pekes. With this object in view some new blood is being introduced, including a very choice young red female. We will be looking for results from this spring's matings, and hope to get news from this kennel more frequently.

Mrs. Williams, of Moose Jaw, is pleased to announce that her black

female Cocker Spaniel, "Merridale Winnie," a home-bred one was awarded 1st Novice, 1st Canadian-bred, 1st Open and Winners at the recent Winnipeg Show. While in Winnipeg she was bred to Geo. Kynoch's black stud, "Kimbourn Laddie." "Champion Fawn" is also showing in whelp to owner's stud, "Wimaca Sir James." Mr. and Mrs. MacLeod, of Glendhall Kennels, Yorkton, have had a busy session. The new kennels are completed, and beside the dogs, quite a herd of goats are kept to supply milk for the puppies. The Irish Terrier, "Glendhall Sheila" has won two 1sts, one 2nd and reserve winners at the Greater Winnipeg Show, and has since been sold to Mrs. W. B. Price, of Calgary. She has been mated to "Newtownards Mickey" before shipment to her new home. A male Irish Terrier has found a new home with Dr. Goulden, of Brandon, Man. Still another has gone to Mr. Waldron, of Saskatoon, another to Sioux Lookout.

The Scottish Terrier, "Glendhall Johanna," out of "Haldon Mary Anne," was sold to Mr. D. B. Young, of Shaughnessey, and has since given her new owner six lusty puppies, 4 males, 2 females, sired by "Haldon Baronet."

"Glendhall Bluebell" was also a good winner at Winnipeg. The Irish Terrier, "Nortobus Mickey," has just increased the numbers at Glendhall by four, 3 males, 1 female, and "Molly Bawn" is expected to whelp any time. These litters are sired by owners "Newtownards Mickey." We are glad to know the owners of the Yorkton Terriers will be visiting some of these shows this year with a number of entries.

Recently, we had an enquiry for a "Papillon," but not knowing of a breeder of the Butterfly dog out West—we pass the word along,—a white, with black markings, about 8 lbs. weight preferred.

Mr. and Mrs. H. C. Williamson paid a fraternal visit recently. They brought along "Brian Brow of Levenvale," a white liver and roan Springer Spaniel, purchased last fall from Jack Ayre, Saskatoon. "Brian" is under perfect control, and looks a real worker. H. C. will probably give him a chance at some of our summer shows.

Moose Jaw welcomes to the city Rev. John McKnight and family who is taking up residence here in July, having been appointed pastor of the Trinity United Church. For many years Mr. McKnight has taken a keen interest in Shepherds, and has owned some first class specimens. Owing to lack of accommodation he has sold "Wawota Chieftain" to a client in Honolulu. "Chieftain" sired some splendid stock, the last litter of six, all dark ones, look

very promising and Mac is very much tempted to have one raised. Beside being a keen fancier, the Rev. is a good all-round athlete, and has already been seen in action as left back in the soccer team, a place he has ably played for many seasons. Curling and hockey are also favourite pastimes.

Labrador breeders will be glad to know James Bell is keeping this splendid gun dog to the front in Saskatchewan. Jimmie's old favourite "Ch. Beauty of Harwood" whelped six strong puppies recently. "Jet of Wetmore" whelped seven males and three females and "Ch. Missey of Harwood" has a litter too young to inspect at time of writing. These litters are sired by "Ch. Banchor Jake," so something good is looked for. Two more females will soon be adding to the kennel. An outstanding female mated to "Ch. Banchor Jake" has been shipped to U.S.A. The most interesting part of Mr. Bell's communication is the fact that he has after a slack period, once again got the show fever, and will be pioneering some of the black boys along to best sporting dogs, as he frequently did in the days gone by.

Mr. A. B. Cochrane, of Illinois, is back in Saskatchewan looking over his farming interest. We recently had the pleasure of spending a day at Mayfair Farms, owned by A.B.C. where we were royally entertained. "Bridge-water Dan," the black and white Springer, shares everything with his master on this well appointed farm, and one is scarcely ever seen without the other, whether it be on foot, in car, or, taking a canter on the hunter. A liver and roan male puppy, sired by the blue roan "Toddler of Beechdale," will soon join "Dan" on the farm, and receive his training during the summer months ready for a little work this fall.

Dr. Margaret French was most successful at the Greater Winnipeg Show, with "Wycote Special Edition," her newly imported Airedale, also with a female from the same kennel. May he continue in the good work. Circumstances prevented the writer from visiting Medicine Hat show on May 24th. Mrs. Riome and son, Howard, made the trip by car, and like other visitors, spoke very highly of the show. The several dogs taken along, made a good showing, Howard's Whippet "Flying Nomad" gaining Winners, Best of Breed, the Irish Terrier "Ardbahn Patricia" also gained Best of Breed. "Wyrecote Queen O' Scots" went 1st Puppy in Scotties, and "Mutual Trio," by "Thet Trio," (Imp.) 1st Puppy, in Wires.

Bob Carter of Assiniboia, the veteran Boston Terrier fancier, cannot speak

too well of Medicine Hat, he had the keys of the city, and was showered with congratulations at the show ring, and on his return to Moose Jaw, and of course, was crowned with many crowns for he had brought honor to Saskatchewan by winning premier honors with his imported Boston "Reigh Count Sensation" sired by "Int. Ch. Reigh Count," his dam being "Julia Nibbs of Reigh Count." This splendid Boston was bred by the outstanding breeder Mrs. L. B. Daley, Detroit, U.S.A. "Sensation" was a big winner at American shows, then at Edmonton last season he went Best Non Sporting, and as yet, has only started on his great career. Other Bostons, owned by Bob, made splendid wins. The Sask. fanciers write in congratulating our brother fancier in this victory.

Hans Rothgardt made a big showing with his Saint Bernards, taking the Cup for Best Working Dog and points for both male and female. It must be a great joy to own such a magnificent brace of Saints. Beside welcoming Hans Rothgardt back to Swift Current, Ben Woods, of the same city, was also prominent in the winning group with his Irish Terrier "Ardbahn Irish Mike"

going to Winners and graciously admitting defeat for Best of Breed by his proud mother "Ardbahn Patricia."

James Towers, Regina, was the lucky winner of the Wire Haired Fox Terrier at Medicine Hat. This young dog was donated by Mr. Harry Champ, Redcliffe, Alberta. We all know that Harry only keeps quality Terriers and congratulate Mr. Towers on obtaining a Terrier of outstanding quality, backed by the best blood lines obtainable.

Two Mutual females have returned from Vivadora Kennels having been bred to "Talavera Tantalus" Imp., the females are daughters of "Thet Trio," Imp. The litters from these females will be watched with great interest. This appears to be all the news for this issue.

We have struggled on during the quiet season in the dog world, and have hopes of receiving a greater supply of news during the show season. Have just received a cablegram stating that "Ch. Iclas Althway" the Wire exported to Japan from Mutual Kennels has presented her new owner with a nice litter, all strong and well despite her long trip.

## Notes from Manitoba

By Provincial Contributing Editor,  
W. B. R. KNOWLES, Winnipeg, Man.

SOME people have a tremendous capacity for work. Again with some this capacity can be intensified when the work is something in which they are interested. The officers and members of the Greater Winnipeg Kennel Club are to be congratulated in that they have amongst their members some who are possessed of this dual characteristic. Led by their indefatigable secretary, they not only constructed but also painted the benching for the initial effort of the Club.

I think everyone with an appreciative and observing eye could not but give an exclamation of surprise as he or she entered the great amphitheatre rink and saw the artistically arranged benching, for it was so arranged that the visitor could move around and examine the exhibits with a maximum of comfort. The spacious judging enclosure was admirably situated. It was readily accessible from all parts of the building and also gave the ringside an opportunity, if they so desired, of viewing the dogs from all angles.

Some three hundred and seven dogs were benched, and this number, with the various classes in which they were entered taxed the energy of the judge, in the short time at his disposal, to the limit.

The Greater Winnipeg Kennel Club were happy because at this, their initial effort, they were honored by Colonel MacCrae, the First Vice-President of the Canadian Kennel Club, who had so timed a business visit to Winnipeg, that he was able to combine business with pleasure and so visit the show. The Colonel expressed himself as being pleased with the arrangements; and quite a number of the Fancy were pleased, too, that the Colonel had attended the show. They said: "He will be able to tell the fancy back East just what kind of a show we can put on in Winnipeg."

The Club was honored, too, by Dr. French, of Saskatoon. She motored down with her recently imported Aire-dale Terrier, "Ch. Wycote Special Edition." He was purchased from Mr. Holland Buckley, who is not only one of the "Old Country's best judges, but, also one of the greatest authorities on the breed. Those who read "Our Dogs" will recall that "Ch. Wycote Special Edition" was advertised at stud by Holland Buckley, in its pages. "Special Edition" is now well on his way to his Canadian Championship." Mrs. H. Hughes, of Minneapolis, was

a visitor to the show. She motored up with her English Bulldog, "Silverdale The Tin King," and I understand, whilst in Winnipeg, she purchased a female at the Silverdale Kennels. The Tin King was awarded Winners Dogs by Judge T. Kay McKenzie.

One of the greatest attractions of the show, at least from the spectators point of view, was the children classes, and some of the spectators were inclined to disagree with the judge, in one incident. The son and also the daughter of Mr. and Mrs. Hugh Allen are both expert handlers, and it was the opinion of some that the boy should have received the trophy that was awarded to his sister. However, the judge's decision is final. It is that for which he is invited to judge the show, and his decisions should be taken with good grace. Sometimes, however, our feelings on these occasions get the better of our judgment and we often say things on "the spur of the moment" for which we are afterwards genuinely sorry.

### Pugs.

Mr. T. Smith is very proud of his Pugs, and so far as we know they are the only Pugs in Western Canada, east of the Mountains. His "Budworth Big Boy," imp., C.K.C.S.B. 89934, was bred by Mrs. M. Meckham, England, and is by "Ch. Capt. Nobbs" ex "Golden Drop." He was put up to Best Toy, by Judge C. Shuttleworth, when he officiated as Judge of All Breeds for the Fort Garry Kennel Club. The brood bitch "Lady Betty of Sigvale," C.K.C.S.B. 86966, who has just finished her championship, was bred by Bessie Duckham and is by "Darnall Darsham" ex "Ikky." "Greenside Captain," bred by T. Smith, is by "Budworth Big Boy" ex "Ch. Lady of Sigvale," and is a very promising young dog. Whelped March 9th, 1932, he is developing rapidly and Mr. Smith thinks that a little later he will beat his sire. Two puppies, "Greenside Rascal" and "Greenside Lady," which I note were entered at the recent show for "Exhibition only," are beginning to develop those characteristic features which the discriminating purchaser looks for when he is just looking round and seeing if he can pick something up that looks as though it was a "Comer." "Ch. Lady Betty of Sigvale" is again in whelp to "Budworth Big Boy."

### Sealyham Terriers.

The Lauriston Kennels, Dr. Hogg, owner, had a very nice entry at the Greater Winnipeg Kennel Club show. Recent importations from England were "Seldom Seen," C.K.C.S.B. 108621, breeder, Gwyn Jones, England, is by "Felcourt Rocket" ex "Glynea Bouquet," and "Felcourt Select," C.K.C.S.B. 108620, a female, breeder, Gwyn Jones,

and by "Glamour of Uskvale" ex "Jasmine of Uskvale." Then there was "Millsome Mermaid," C.K.C.S.B. 104467, which was mentioned in these notes shortly after she arrived in Canada. And "Secord Belle 2nd," C.K.C.S.B. 108207, by "Twickenham Duke" ex "Borlich Sauce," with "Secord Andy," C.K.C.S.B. 108208, by the same sire and ex the same dam, which Dr. Hogg recently obtained from Victoria, B.C.

### Boston Terriers.

Mr. Cameron reports a nice litter by "Ch. Trapystok Headlight" ex his "Patricia Joyous." I dropped in to see Joe Valente one morning as I was passing on my way to work, and Joe is building a large kennel to accommodate his increasing family of Bostons. Joe has sold quite a few puppies. Out of two litters of five and four puppies respectively he told me he had only one female left. He advises me that his "Joycaster Lady" and "Valente's Gypsy Queen" have been bred to his "Ch. Valente's Aviator" and that "Valente's Patsy" has been bred to a son of "Ch. Winchester Aviator," also that he has sold "Valente's Baby Doll," which female, I believe, is by "Winchester Joycaster." The new kennels will be called Valente Kennels. I was over in South Fort Rouge on Sunday and Mrs. A. E. Newell reports the sale of all her twelve puppies. Six were by "Ch. Trapystok Personality" and six by "Ch. Trapystok Headlight." Several went to out of town purchasers and of these, two were purchased by Mr. Burrows, of Medicine Hat, Alberta. Two very handsome females in the litter sired by "Ch. Trapystok Headlight" and out of "Newell's Bubbles," which she had intended to keep, were eventually sold to two of Winnipeg's outstanding fanciers. One was picked up by our good friend Joe, of Valente Kennels, and the other, I understand, Mr. Geo. Duncan persuaded her to part with. There is little doubt but that these two females will be heard from later.

When I heard there was a new arrival from across the line at the Trapystok Kennels, I made a point to drop in when I was passing to look him over. I was expecting George would purchase one to replace his "Trapystok Katinka Kid Boots." I think that was the name, but then, some of these Boston Terrier names have got me trimmed. He was in the run with the two champions, "Personality" and "Headlight." "Katinka Up and Up" is his name, and he is by the famous stud dog, "Katinka Going Up" ex a full sister of "Ch. Katinka Whiz," viz., "Wee Might O' Gordon," a thirteen pound female. "Katinka Up and Up" is a nice seal brindle with snow white markings. He will weigh, I should

judge, about fifteen pounds, is of strictly terrier type and possesses a wide, short, square muzzle, on the most marvellous, clean cut head I have ever seen. He is well up on his toes and his hindquarters are perfectly let down to a pair of short hocks. George is very well pleased with him and claims he is the best headed Boston he has ever owned. He does not propose placing him at public stud until he has proven himself as a sire. Mr. Moliphant reports a litter of puppies by "Ch. Trapystok Headlight."

#### **Pomeranians.**

Mr. H. Bentley reports the receipt of an interesting letter from Mrs. Gradwohl, of St. Louis, who, it will be remembered has purchased several Poms which Mr. Bentley, in turn, had imported from England. Her "Jaunty Queenie" was awarded Winners Bitches at the St. Louis, three-day show. Before shipment to Mrs. Gradwohl, she was bred to "Ch. Elnor Mite," and it is a pleasure to learn that three of the puppies from the mating won their respective classes at the same show. It is reported that "Jaunty Queenie" is now nursing a litter of puppies by "Ch. Sandhills Gold Puff," which dog was purchased from Mr. Bentley, some eighteen months ago. If I am not mistaken, Mr. Bentley's ad in **Kennel and Bench** was largely responsible for the sale. It is further reported that Mrs. Gradwohl, has retained the service of Mrs. Edmiston, and she will handle "Ch. Sandhills Gold Puff" at the Morris and Essex, reports of which show are not to hand at time of writing.

We are sorry to hear Mr. J. Gillespie had the misfortune to lose his female at time of whelping. She was whelping five puppies to "Sandhills Rufus."

Mrs. Henderson has bred the imported bitch "Queen of the Rubies," C.K.C.S.B. 107254 to "Ch. Elnor Mite." Something real good is expected from this mating. Mrs. J. H. Alsop, has bred her "Minegold Lady" to "Sandhill Rufus" (Imp.). Dr. Jackson purchased a nice little bitch out of "Sandhills Cherry" (Imp.), by "Ch. Elnor Mite." Mr. Bentley's "Dainty June" (Imp.), C.K.C.S.B. 94523, finished her championship under Judge T. Kay McKenzie.

#### **Pekingese.**

Mr. Bentley reports a litter of puppies out of "Sandhills Flo" (Imp.), by "Sankow Chanticleer" (Imp.) Mrs. Noel reports a litter of puppies are being nursed by her "Ki-Ki." They are by "Wee Nanko of Cromwell," C.K.C.S.B. 92082. "Nanko Pao of Cromwell" is also reported to be nursing a litter of puppies by "Sankow Chanticleer" (Imp.).

#### **Fox Terriers (Wires).**

Mr. Chanders has bred "Cromwell Rose Marie," C.K.C.S.B. 81897, to "Patria Revival" (Imp.). "Cromwell Rose Marie" is by "Double Chance II." Mr. Geo. Humphreys reports an exceptional good litter of puppies by "Patria Revival" (Imp.). Mr. Bentley reports numerous enquiries for Pomeranians and Pekingese from across the Border, which he attributes to the satisfaction previous customers have expressed relative to their purchasers.

### **GREATER WINNIPEG KENNEL CLUB SHOW**

The first show to be sponsored by the recently organized Greater Winnipeg Kennel Club proved itself to be most gratifying to Chairman H. Bentley, Secretary A. P. Mutcmor, and the workers who lined themselves behind the venture. Three hundred dogs assembled for the occasion, and the judge, T. Kay Mackenzie, must have been glad when he was able to get the last special prize handed out.

The award columns will show how Mr. Mackenzie rated the dogs for quality and we take pleasure in publishing herewith his comment on the dogs which lasted long to come to the Group Classes:—

**Working Group,** Dr. J. T. Cooper. First to the Collie Bitch, "Elmhill Elsepeth," a grand sable and white, nice head and ears, nicely moulded body, good hindquarters, legs and feet, and a wonderful wealth of coat of good texture and well up for size.

**Sporting Group,** E. Chevrier. The winner was the handsome Pointer "Ch. Maesydd Monsoon." Had an easy journey in this group, a beautifully moulded dog throughout, sound as a bell and a nice mover.

**Toy Group,** H. Bentley's "Ch. Elnor Mite" shown in wonderful bloom and coat, a Pom who will be hard to beat in his group at any show.

**Non-Sporting Group,** G. Kynoch's "Silverdale Dimple," a light weight Bull bitch, scored in this class, and later on finished up Best in Show. This is a wonderful specimen with a well furnished head, grand in shoulders and powerful limbs, beautiful body and rare hindquarters, with a nice short tail. Mrs. Charlie Jopling handled this exhibit (when she won the final) in beautiful style. This was the sensation of this show and time will prove this award.

**Terrier Group,** H. H. Allan. This group offered the strongest competition, the winner being "Antrim Patricia," a Wire-Haired Fox Terrier bitch puppy, with beautiful head and ears, nice neck and well placed shoulders, with grand front legs and feet, typical body and rare hindquarters. Nice set on stern well carried. Good

bone, and a wonderful dense wire coat. A faultless mover.

A young Irish Terrier, "Erinville Timothy" was a good runner up in this group, having also come from the puppy class to group. He is typically Irish throughout and will do well in the best of company.

Still another youngster in "Craigieburn Statesman," the Scottish Terrier, a recent import from Stirling, Scotland, and a typical specimen at that. Grand head, eye and expression, good front body and hindquarters and decent tail and coat. The others in this group are well known and will be dealt with by your representative.

Following are particulars and awards: Dogs benched, 307.

Championship points, 3.

**Best in Show,** English Bulldog, Silverdale Dimple, George Kynoch.

**Best Canadian-bred,** English Bulldog, Silverdale Dimple, George Kynoch.

**Best in Sporting Group,** Pointer, Ch. Maesydd Monsoon. E. Chevrier.

**Best in Working Group,** Collie, Elmhill Elsepeth, Dr. J. T. Cooper.

**Best in Terrier Group,** Wire Fox Terrier, Antrim Patricia, Hugh H. Allan.

**Best in Toy Group,** Pomeranian, Ch. Elnor Mite, Harold Bentley.

## WELL-KNOWN BULLDOG

## FANCIER DEAD

L. E. Thomas, Montreal, bred his share of good Bulldogs in Canada. He

knew the breed so well that his services as a judge were often in demand. Horses and other live stock appealed to him, and in the later years of his life he spent much time developing strains in the larger animals. Our late friend was member of the Canadian Kennel Club from 1927 until 1932 and always carried a good word for our organization wherever he went. When he would come to Toronto, as he frequently did, he was wont to make a luncheon appointment just to have an opportunity to talk dog.

## CHRIS. SHUTTLEWORTH'S WIFE IS DEAD

We have received a telegram from our old friend, Chris. Shuttleworth, Hollywood, California, advising us that Mrs. Shuttleworth had passed away on June 22nd, after a losing battle of many months fighting for her health. Mr. Shuttleworth very kindly said, that it was his own and Mrs. Shuttleworth's ambition to renew our acquaintance at Westminster Kennel Club Show, and ends his message by saying—"it can't be done now."

If ever there were two people well matched for the purposes of caring for dogs, those two people were Chris. and Agnes Shuttleworth, and how they knew their dogs! We can visualize what this all means to Chris, and his horde of admirers in Canada are a unit in their sympathy with him today.

## BOSTON TERRIER CLUB OF CANADA PICNIC

"The oldest Specialty Club" held its annual picnic at the noted Miles' place, on Saturday June 10th, and as per usual the occasion was of a most pleasant nature. Races for the children, the older folks of both sexes. Comedy races, lucky draws and the usual ball game.

A pleasant part that always is featured at this annual outing, is the remembering of that "Queen of Fanciers," the late Mrs. W. C. Ingram, and again this year the older members of the Club paid their annual tribute to the memory of the "Ingrams", that strain of Boston Terrier, once so well known in the United States and Canada.

## Maritime News

By Provincial Contributing Editor  
G. D. ANDERSON, Halifax, N.S.

THE past month has been a real doggy one with several new importations that have attracted some attention, many items of interest cropping up at all times, several enthusiastic meetings of the Nova Scotia Kennel Club, and every indication pointing to two real good all-breed shows early in October, truly an interesting and inspiring month.

It would perhaps be well to mention first those things which are of general interest, so I will narrate a few details regarding the coming annual shows. On October 3rd and 4th the Nova Scotia Provincial Exhibition Dog Show, held under the supervision of the Nova Scotia Kennel Club, will be the attraction for the doggy folk; and on October 5th and 6th, the Eleventh Annual Dog Show of the Nova Scotia Kennel Club will be held. Both of these shows will be in the Dog Show building at the Provincial Exhibition Grounds, and will, as usual, be held in conjunction with the Exhibition. At the first show Mr. J. D. Whiteley will judge all Sporting Dogs, Fox Terriers, both coats, Scottish, Manchester, Black and Tan, Irish and Bull Terriers. Mr. Jack E. Burns will pass judgment on all other terriers as well as all the Toy Group, and Mr. A. V. Martin will bring his many years of experience into play when he steps into the ring to choose the winners in the Working and Non-Sporting Groups. Mr. Whiteley will pick the winner of the Terrier Group and will also be in the ring for the last round to make the Best in Show award. The second show will be handled, insofar as judging is concerned, by Mr. John Fry, Jr., who will distribute the ribbons for all breeds.

The Exhibition Commission are co-operating to a greater extent than ever before with the Nova Scotia Kennel Club in order to make the show this year even better than in the past. The building is to be completely re-decorated inside and out, the benching is to be improved and real advertising is promised. These factors are sure to be a real aid, and a better attended show will doubtless result. For the benefit of the out-of-town exhibitors the Show Committee wish to say that September 16th has been set for the closing date for all entries, and that absolutely no post entries can be accepted.

Several kennel club meetings held during the past few weeks were well attended and a keynote of optimism and enthusiasm was in real evidence.

Various committees are already making plans for the shows and no stone will be left unturned in order to make every detail perfect for these coming competitive events.

The Glen Moir Kennel owner, J. D. Whiteley, is more than pleased with a litter of fourteen Irish Water Spaniels which very recently arrived to his "Glen Moir Surprise." The eight daughters and six sons are a healthy looking lot and all are doing nicely. This litter is sired by "Pat," that exceptional Spaniel, owned by Commissioner Le Nause, of the R.C.M.P. Most of this litter is to be retained at "Glen Moir" where they will be trained and also used as foundation stock.

Bert Martin is more than enthusiastic, and quite justly so over a litter of Collies recently presented to him by his "Ch. Lodestone Memory." These five male and three female pups can proudly acclaim "Ch. Major Lukeo" as their sire. "Ch. Lodestone Memory" at eight months of age was best Collie, best working dog, best puppy all breeds, and reserve best in show in Halifax. She finished her championship when only eleven months old and has never been defeated by her own sex. "Ch. Major Lukeo" won his championship when eight months old amid very hot competition and has never been defeated. At the last Nova Scotia Kennel Club Show he was awarded, under Bob Ross, the Canadian Kennel Club trophy for Best Canadian-bred dog or bitch in the show, and was reserve for Best in Show. "Ch. Major Lukeo" is one of the best Collies on the continent today. If breeding and show record mean anything these puppies, born on June 8th, are certainly destined to be aristocrats of their breed and race.

In my Maritime News in the June issue of **Kennel and Bench**, I made a mistake for which I must ask pardon. In the notes regarding Bostons I used the name of Fred Fougere, and described two of his importations from J. J. Briggs, of Arlington. I should have said that Fred O'Connell was the importer and owner, and right here, so that there may be no further misunderstanding, I must mention a third Boston that Mr. O'Connell has imported from the same American breeder. This one is a particularly nice female, in fact, one of the best that has been in this city for some years. She is a nicely marked dark brindle, with a good head, nice eye, true expression, and proper ear. In quarters and body she symbolizes all that a Boston should be. She is sired by "Back Again Hagerty," who is by "Tom Hagerty" ex "Throston's Bessie," and her dam

is "Tossie Farina." In a very short time she is to be visited by one of the recently imported studs.

Bob Edens tells me that he has bred his young Wire bitch, "Edens Lady," by "Broomhill Knockout," ex "Pelhams Frivolous," to W. G. Smith's "Humbervale Cracker," that classy little dog who went to the top of them all at the New Brunswick Kennel Club Show last year in Saint John.

While speaking about Wires, "Maritime Mayflower" recently whelped two male and four female pups at W. G. Smith's Maritime Kennels. This litter was sired by "Broomhill Knockout" and are a lovely looking lot. The competition in Wires is getting real keen in Nova Scotia and Smithie is producing some good ones that give promise of being able to hold their heads up in the hottest competition. This kennel is becoming quite widely known and there is always demand for his young stock. Only recently several pups have gone to new owners whose names are at present unknown to me.

Bill Neve, of Truro, when in Halifax a few days ago, called me to say that his Scottish female, "Hazeldean Thistle" has been visited by "Hazeldean Ace of Spades." One of his younger bitches, "Hazeldean Molly" has also been visited by "Ace of Spades." These matings should produce some nice pups which should give Bill as much pleasure as his dahlias. Mr. Neve is a most enthusiastic Scottie fan and is doing a lot to keep this breed in the public eye in the Maritimes.

F. W. Johnson, of Haligonian prefix, informed me that he recently shipped to Ken Green, of Ashburnham fame, in Ottawa, a lovely Scottie bitch. This exportation marked the end to the Haligonian Scots. Mr. Johnson intends to concentrate his efforts on his old love, the Smooth Fox Terriers, and if his new efforts are as successful as his past endeavors we can look for some exceptional specimens in the near future.

And while speaking of Smooths I am reminded that Harry Willis, of Bedford, gave me some interesting news. The winnings of "Ch. Danby Mogul" at the recent Western shows have made Harry Willis feel quite proud and justly so, and they have also directed quite a lot of attention to his kennel. Just a day or two ago Mr. Neil Sullivan, of Winnipeg, who is a travelling freight agent for the C.P.R., dropped in to look over some of the stock that Mr. Willis is so proud of—and he took away with him a young female who is out of "Haligonian Sprite," and who is sired by

"Ch. Danby Mogul." Mr. Willis told me that this little bitch is a real one and when she matures she will without doubt be much better than her famous sire. So "Ch. Danby Mogul" had better look to his laurels because his charming daughter is soon to be campaigned in the West.

Several dogs that have been exported from the Maritimes have excited quite a lot of favorable comment in various parts of the country of late. First mention is due to "Ch. Haldon Storm King," who was formerly owned by Garwood Kennels, but is now the property of "Drury Lane Kennels" (Mr. and Mrs. L. V. Drury) of Peoria, Illinois. "King's" picture appears in the June issue of Dog World, under the imposing headlines, "Official Standard, Scottish Terrier." His picture is used to illustrate the standard of the breed, and the "Dog World" comment is that he "shows excellently the points necessary for the ideal specimen of that breed." I am sure that both Mr. Ronald C. Vaughan, his recent owner, as well as Dr. and Mrs. H. E. Batt, his breeder, both must feel some satisfaction in this well deserved publicity which "Haldon Storm King" has received. And by the way, "Inverness Rab," a male Scot which has practically the same breeding as "Ch. Haldon Storm King," and which was described in the June issue of **Kennel and Bench** as a recent importation to the Bluenose Kennels in Halifax, has been sold to Mr. T. W. Thompson, of Prince's Lodge. Mr. Thompson is an ardent fancier of the Die-hards, and is most pleased with his new purchase.

Further notes from the Bluenose Kennels indicate that "Haldon Gaisgill Maggie," the dam of so many good Scots, including the late "Ch. Gaisgill Great Scot," who was owned by Stanley Dorrell, of Vancouver, was recently visited by "Inverness Rab," and "Bluenose Peggy," a daughter of "Maggies" by "Haldon Caringorum," was also visited by "Inverness Rab." This kennel further reports that "Bluenose Bonnie Lass," ex "Haldon Gaisgill Maggie" by "Ch. Haldon Cruachan," while heavy in whelp to her sire, was run over by a truck and killed. It was on this account that "Peggy" was bred instead of being conditioned for the summer and fall show circuit where big things were expected of her.

The Bluenose kennel owners are quite happy over the many favorable comments they have recently had about the Bloodhound "Bluenose Sea Soldier," now owned in Toronto, and who was shown at the Spring Show there, but also over the comments and interest that is being shown in their hounds and in the breed in general.

A very interesting letter from Mrs. F. Henry Brooks, of Framingham, Mass., is crammed with news of the Pekes. Mrs. P. A. Margeson, of Cedarcrest prefix, our Nova Scotia sponsor of this breed, purchased several of her winners from Mrs. Brooks. Among these are "Rajah Mon Chink," "Mo Chu Buddah," "Sundahs Master," and "Romeo Sunshine." All of these are of Wah Begin prefix. "Ch. Chee Mah of Wu Kee," is a litter brother to "Rajah Mon Chink of Wah Begin." In the same litter was "Rajah Yin H'sing of Wah Begin." This litter was sired by the world famous "Tri. Int. Ch. Rajah Hasketh Wu Kee." "Romeo Sunshine" is sired by "Ch. Romeo Hasketh," while "Sundah Master of Wah Begin" is sired by "Int. Ch. Sundah of Chinatown," and ex the imported "Mistress Shantung." Mrs. Brooks has a flyer which she intends campaigning at American and Cana-

dian shows this year, so many of us will doubtless be interested in the Toy competition at the coming shows.

Mrs. George J. McKercher, of Great Barrington, Mass., writes to tell the Maritime fancy that she is quite happy to report the arrival at her kennel of a very fine litter of Smooths, three dogs and two bitches, by her "Ch. Garwood Major." The dam of this litter is "Dumbarton Ma Parker," whose dam in turn was sired by the famous "Ch. Gallant Fox." The puppies are a flashy lot and Mrs. McKercher is eagerly awaiting the time when they will make their debut in the show ring.

My very helpful correspondent, R. B. Lasky, writes the following interesting notes from New Brunswick:

"Retail selling and business often depends on location. No sales! sometimes means one is on the wrong side of the street. This would seem to apply to our canine breeders. Whether it be the popularity of breed or location in Saint John, some dispose readily of their young and saleable stock, others are bidding for buyers. Mrs. D. E. Smith reports ready sales for her Cairn puppies whose breeding was noted in these columns recently, so we will have the bright prospect of more local fanciers and exhibitors for this smart little terrier.

Those who recall the pair of racing streaks, the close-up illustration of "Victory" Whippets in **Kennel and Bench**, owned by Harry Richardson awhile back, may be interested to know that this pair have reproduced their like. There are now about ten Whippet owners in Saint John, most of whom propose running their dogs this September and October, fact is, some of the youngsters are already being tuned up for a go.

Since our last copy of **Kennel and Bench**, a new imported Scotch Terrier was brought over from Robert Chapman, Glenboig, Scotland, for Mrs. A. Stanley Kirkland, Saint John, named "Heather Hornpipe." His sire is "Ch. Heather Necessity," and he is out of the good dam, "Hynford Honey." This is a smart black little dog, well boned, with a pleasing coat, and nice head, dark eyes, neat ears and good mouth. He is true in front, properly stationed, and up at both ends. Such a charming Scot with his breeding, and the showy brindle bitch, "Bonnie" should in time give Mrs. Kirkland a promising lot of Die-hards.

"Vivadora," Wire Fox Terrier stud dogs at present are in demand by local terrier breeders, three of whom have already sent their bitches to these imported sires. Mr. Arthur, who with his father has for some time owned and bred some very attractive Collies, blue

merles, tri-colors and sables, report the return of their new wire bitch, "Glen-falls Twinkle," from a visit to "Tala-vera Tantalus." "Twinkle" is sired by "Ch. Epping Edict," out of "Calex of Caree." Commissioner LeBaron Wilson's Wire bitch referred to in our last issue looks promising now after her visit to the same imported sire of Capt. Phipps prefix. Ralph Preston used the noted sire, "Thet Trio." All of which should mean better wires for our future shows.

It is seldom that there is any Bull-dog news from New Brunswick, so we wish that it could be good news; but this time we regret reporting the untimely death of the typical fawn heavy-weight, "Nova Timilaunt," owned by Thomas Stevens, Saint John, and bred by Mrs. Ora Doherty, Halifax, N.S. Heart failure is said to have been the cause. "Timilaunt" was perhaps the best of his breed in the province. A grand headed dog, wide in front, good shoulders and turn of forearm. He was a low, shapely bodied fellow, who missed many special awards because of his neglected condition. He was by "Ch. Dunalaunt," out of the dam, "Ch. Moravian Miss Muffet," and because of this excellent breeding his loss is more deplored.

Two Saint John dogs were in the prize money at the last Maritime Kennel Association Show reviewed elsewhere in this issue. Both dogs met American and other keen competitors. The Pointer, "Easco Starlight" was awarded winners and best of breed. This, we are informed and believe, gives this most excellent Pointer more than a sufficient number of Canadian Kennel Club winners awards and points necessary for the well deserved and envied title of champion. We congratulate Mrs. Muriel Wiggins on the record of her "Starlight" winner, and also the breeder, Robert Orr, of Easco Kennels.

Boston Terriers at the same show were a fast lot, a good entry with some of the best from Ontario there. Bitches being particularly strong with "Ruinarts Demure Jane," and "June Rose III." The American Champion, "R. Demure Jane," owned now by E. A. Runions, was winners, with Mrs. B. M. Frost's junior lightweight bitch, "My Little Nominee," reserve. "Nominee" was first in her weight class and her reserve award placed her over some very consistent circuit winners. This was "Nominee's" second show only and first away from home. She failed to make the best of her chances, but with maturity and more confidence in public she will go far as her marked quality, movement and type will, barring acci-

dent, assure her breeder and owner, Mrs. B. M. Frost, another worthy champion.

### SELLING DOGS TO JAPAN

#### A Warning!

Canadian fanciers who may be called upon to ship dogs to the Orient are hereby warned that it is quite irregular to send Canadian National Live Stock Certificates to their buyers without first having such certificates showing the buyer's ownership.

Section 18 of the recently amended Live Stock Pedigree Act reads as follows:—

18.—(1) When by the constitution, by-laws or rules of an Association incorporated in accordance with this Act, provision has been made for the registration of any class or breed, and export from Canada, or transport from province to province within Canada, or the sale or contract to sell of any animal or bird of such class or breed as pure-bred without furnishing the actual buyer a certificate of pedigree registration issued by such association, is prohibited, every person who

(a) exports from Canada or transports from one province in Canada to another province in Canada any animal or bird of such class or breed as pure-bred without furnishing to the actual buyer in connection therewith a certificate of pedigree registration as issued by such association or

(b) as owner sells or contracts to sell any animal or bird of such class or breed as pure-bred without furnishing or agreeing as an integral part of the contract of sale to furnish the certificate of pedigree registration together with the duly recorded transfer of ownership thereof to the actual buyer, is guilty of an offence and liable to a fine not exceeding five hundred dollars and costs and not less than one hundred dollars and costs, and in default of payment to imprisonment for any term not exceeding two months.

(2) Any animal or bird owned in Canada of a class or breed for which no record exists in Canada and duly registered in a foreign book of record recognized as authentic by the Canadian National Live Stock Records' Committee shall for the purposes of this section be deemed to be pure bred.

therefore, to furnish papers showing the purchaser's ownership is an absolute essential, failure to furnish the papers, showing the new ownership after selling is contrary to the Act, and is punishable under the Act.

It has been noticed at the Records office that the breeders in the Province of British Columbia are the only persons who neglect attending to the transfers, and probably this notice will be sufficient to create that interest which will have all such past transactions attended to now, and that the practice of conforming to the Act will become general from now on.

#### All Dogs Sent to Japan Must Be Transferred.

### ALF LOVERIDGE LOSES HIS FATHER-IN-LAW BY DEATH

Mr. Loveridge had rather a disturbing experience when he returned from the Greenwich Show, during his absence his respected father-in-law, Mr. William J. B. Wills had died, much to Mr. Loveridge's regret, as Mr. Wills was a dog lover in every respect, and had the great Shepherd dog of yesterday "Ch. Rox of Kalso" as his personal companion dog.

The late Mr. Wills was a talented artist and a Fellow of the Scottish Society of Arts. Painting Scottish scenes was almost a passion with him, and there are many homes in Toronto today which have been greatly enriched by receiving the many canvases which Mr. Wills so generously gave to his many friends.

Many fanciers showed their sympathy with Mr. and Mrs. Loveridge, and the widow which Mr. Wills had left behind him, by attending the funeral in large numbers, and by sending many really beautiful flowers.

### LEE WAINRIGHT IN HOSPITAL

It is with sincere regret that we advise the many friends of R. Lee Wainright, late of Hamilton, but now the home address is R.R. 1, Jerseyville, Ont. Mr. Wainright has been an inmate of the Brantford General Hospital for some considerable time now and has experienced much suffering indeed, however, he takes his affliction with great fortitude, and is always very happy when his friends drop in to talk dog with him.

We visited Mr. Wainright within the last few days, and was gratified to find him in excellent spirits in spite of recurring spasms of pain which at times is almost unbearable. **Kennel and Bench** and its many readers wish this stricken fancier a speedy and complete recovery.

### CANCELLATIONS LONDON CANINE ASSOCIATION

Old English Sheepdog, "SAMMY LAD OF PASTORALE," Novice Dogs, ineligible, being born in England.

## LONDON CANINE ASS'N SPRING SHOW

The London Canine Association held its usual Spring show at London, Ont., on May 24th. The judges were Capt. H. Dudley-Waters and Randel Perry. In spite of the counter attraction at Ottawa no less than 112 dogs came together at London. A feature of the show was the Obedience Class for Shepherd dogs, and this attraction was in the hands of T. W. Lee, a man who knows what the obedience tests are all about, and those who attended the show were quite outspoken concerning the pleasure derived from the obedience trials.

President Vincent G. Perry had the assistance of his able show secretary, Gilbert Jackson, and the many workers which are always to be found helping to keep things running smoothly at the London shows. The Association will again function this Fall in conjunction with the Western Fair, when two shows will be held at the Forest City in three days.

### SEVENTEEN YEAR OLD PEKE DEAD

It is not every dog that can claim sojourning on top of the earth for the long period of 17 years, but "Ch. Sunni of Somme" exceeded even that record by three months. "Ch. Sunni of Somme" was a red brindle who first saw the light of day in England, on March 22nd, 1916, and was brought to Canada by Sam Bamford in 1920 during bleak January. On April 20th of that year, Mrs. Redway, Toronto, purchased the dog for her son, Victor, and at once brought the dog to the shows. Championship points were won at Guelph, Toronto and Brantford, and as soon as he had "earned his spurs" he was retired to the Stud Kennel.

Mrs. Redway was very fond of "Sunni" and those who have visited the Redway home have left feeling that the old campaigner was indeed "living the life of Reilly," but in fairness to Mrs. Redway, we would say that every Peke in her kennels are wonderfully cared for and that she takes a personal pride in every dog owned by her.

## OTTAWA KENNEL CLUB SHOW

The Ottawa fanciers have felt for some time now that the Capital City was not as strongly represented on the Canadian dog show calendar as it should be, and so this Spring the conviction was sufficiently strong, and the urge so consistent, that the 24th of May was claimed for an early Summer show. It was fully realized that a counter attraction would function at London, but even this did not discourage President Frank H. Plant, his secretary, Allan C. McGuirl, nor the executive who were behind both, so win, lose or draw, the show went on, and an entry which made three championship points possible made the officials and the exhibitors equally happy.

Following are the awards:

Dogs benched, 251.

Championship points, 3.

## DOG BISCUITS

YOU have the extra satisfaction of knowing that when you supply your dogs Ross-Miller Dog Foods you are patronizing home industry. Ross-Miller Dog Foods are manufactured in Canada, by Canadian workmen, from Canadian products throughout — the genuine Made-in-Canada Dog Biscuit. They are scientifically compounded for dogs and contain the essentials of health, growth, and energy, both for pets and for sporting dogs. You'll note an improved coat and increased life and energy when you feed R-M Foods.

“My dogs are always healthy and full of vim!” writes Mr. F. Ubelacher of the Volga Russian Wolfhound Kennel, Reg., Stratford, Ontario. “I cannot speak too highly of your dog biscuits.”

A dog fed on Spratt's is not only immensely satisfied with his lot---he's delighted with the unceasing variety that a thoughtful owner can provide.

There are over a score of these famous Meat-Fibrine biscuits and meals and what with the several kinds available for him and the opportunities for change and change about, a dog always has an interest in his food.

Think how much this means to his health, his strength, his vitality; no wonder Spratt's Foods are called the "backbone of the Canine Race!"
