CLASSIFIED SECTION

We will accept advertisements under this heading at the rate of 5 cents per word or letter for each insertion, prepaid; 4 cents per word or letter for three or more insertions, prepaid.

Remittance must accompany the advertisement.

IMPORTANT

In writing your advertisements or other articles for publication in *Kennel and Bench*, do not abbreviate or omit words. Write all names plainly and correctly.

Club Secretaries are requested to notify us of appointments and dates for all shows to be held by them. All items of interest, such as meetings of all breed or specialty clubs, will be welcomed and given due publicity. In short, we want this paper to be of every assistance to the fancy in as wide a sphere as possible. All matter intended for publication should be written on one side of the paper only, and must be accompanied by the writer's name and address, not necessarily for publication, but as a private guarantee.

Closing dates, for reading matter, 20th; for advertising, 22nd preceding.

The Annual Meeting of the Board of Directors of the Canadian Kennel Club, Inc., will be held in the Club's Board Room, 25 Melinda Street, on Thursday afternoon, February 8th, 1934, commencing at 2 o'clock.

The Annual General Meeting of the Canadian Kennel Club, Inc., will be held in the Yellow Room at the King Edward Hotel, Toronto, on Friday afternoon, February 9th, 1934, commencing at 2 o'clock.

THE MEMBERS WILL NOTE THAT THE ANNUAL MEETING WILL COMMENCE AT TWO O'CLOCK IN THE AFTERNOON. The Board of Directors have deemed it wise to call the meeting early because of the proposed changes of championship rating, the amendments to the Constitution and Dog Show Rules; the recommendations of the Committee on Dog Show Rules and Regulations; and the other important matters to come before the membership, the whole conforming to the usages of other associations affiliated with the Canadian National Live Stock Records.

The Regular Monthly Meeting of the Board of Directors of the Canadian Kennel Club, Inc., will be held in the Club's Board Room, 25 Melinda Street, Toronto, on Thursday evening, February 15th, 1934, commencing at 8 o'clock.

Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

THE regular monthly meeting of the Board of Directors of the Canadian Kennel Club, Inc., was held at the Club's Offices, 25 Melinda Street, Toronto, on Thursday evening, January 18th, 1934, at 8 o'clock.

Col. J. N. MacRae presided. Directors present included H. A. Wilson, W. H. Reeves, Capt. H. Dudley-Waters, Wm. Stockdale, Brig.-Gen. C. M. Nelles, and Major E. Ward Wright.

Capt Waters suggested that the matter of a suitable mark of the Board's appreciation for Mr. Justice McFarland might well be considered before the Minutes were read. The Chair agreed, and after a short discussion it was arranged that Capt. Waters and the Secretary would look around for a suitable memento which could be used to properly mark the occasion.

The Minutes of the previous Directors' Meeting were read, and it was regularly moved, seconded and carried:—

"That, the Minutes, as read, be adopted."

Mr. Stockdale reported that the Sub-Committee in charge of correspondence to the Minister of Agriculture had held a meeting, Mr. Justice McFarland having been extremely busy, very little progress had been made. It was agreed to leave the matter in the hands of the Sub-Committee.

The Secretary reported that he had not received reports from the Quebec Provincial Committee on the several matters which had been referred to that body.

Brig.-Gen. C. M. Nelles reported that he had visited W. Thompson, St. Catharines, Ont., concerning certain complaints in connection with the registering of certain pure-bred animals. Gen. Nelles recommended that Mr. Thompson's request for thirty days' grace to get the complaints removed should be granted. It was regularly moved, seconded and carried:—

"That, Gen. Nelles' report and recommendations be approved, and that the parties interested be notified of the arrangement."

A letter was read from James C. Woodend, Winnipeg, Man., re an amendment to the Dog Show Rules which he had submitted, and which had not appeared in **Kennel and Bench** in the regular way. The Secretary advised that the copy for the proposed amendment had been included in the make-up pages but for some unaccountable reason it had not appeared,

a circumstance which he very much regretted.

The Secretary was instructed to secure from the printer a letter assuming responsibility for the error in omitting Mr. Woodend's proposed amendment from **Kennel and Bench**, and that a copy of the letter be forwarded to Mr. Woodend.

A letter from the Club's Auditors was read, suggesting that a difference of \$13.71 be disposed of by adjusting the controlling account to agree with the Accounts Receivable Ledger Trial Balance. It was regularly moved, seconded and carried:—

"That, the suggestion mentioned in our Auditors' letter be approved."

A letter was read from J. J. Reidy, Calgary, Alta., re the registering of certain dogs owned by him, and it was agreed to refer the matter to the Sub-Committee in charge of correspondence with the Minister of Agriculture, and that a letter be sent to Mr. Reidy advising that, unfortunately for him, the Canadian Kennel Club and the Canadian National Live Stock Records are controlled by the Live Stock Pedigree Act.

The Secretary reported that the Association of Masters of Harriers and Beagles had not approved of the Export Certificate form which had been submitted for that purpose.

A letter was read from Bowlby and Turville, Barristers, Hamilton, in connection with the Fox Terrier sold to Mrs. Young, Rochester, N.Y., and it was regularly moved, seconded and carried:—

"That, as soon as the complaints of Schlegel, Wilson, and Young had been removed, and providing that no other complaints be received in the meantime, that the privileges of the Club would be restored to Mr. Attridge."

It was regularly moved, seconded and carried:—

"That, the Secretary send to the Chairman of Provincial Committees having had matters referred to them, a letter requesting that action be taken on such matters as soon as possible."

The following statement of General Accounts for December was presented for payment:—

BRAEMORE KENNELS Reg'd

26 OXFORD STREET - - TORONTO, ONT., CANADA

Champion Walnut Rattler (Imp.)

Champion Wyrecote Watalad (Imp.)

Champion Walnut Rouge (Imp.)

Home of imported Wire Fox Terriers and Scottish Terriers—
selected from England's most noted kennels.

OFFERS AT STUD

The following well known Terriers

CHAMPION WALNUT RATTLER (Imp.)

A double cross of Champion Fountain Crusader, and a sure fire producer of high class typical stock, too well known to require any further comment here. **STUD FEE, \$20.00**

CHAMPION WYRECOTE WATALAD (Imp.)

This smart son of Ch. Talavera Simon was very much in the limelight at all shows in the Ontario Winter Circuit when he was Winner at the National Kennel Club (Royal Winter Fair), Winners at Oakville, Winners and Best of Breed at Toronto Ladies' Kennel Club, Winners at Guelph. Our newly crowned Champion Walnut Waffle is out of the same dam as "Watalad," and "Waffle" was Winner Bitch at all the shows enumerated above. There are some new Wires at Braemore Kennels waiting for the Spring and Summer shows to show their quality. **STUD FEE, \$20.00**

WALNUT LEADER (Imp.)

By Champion Weltona Pebble, a really outstanding wire, smallest of dark eyes, long, clean cut head, and a coat of pinwire texture, a consistent winner. **STUD FEE, \$15.00**

WELBECK CRUSADER

A Wire Fox Terrier which is an ideal cross between Champion Fountain Crusader and Champion Epping Extreme. A many times winner, and the conqueror of Ch. Walnut Rattler at Montreal in 1931. He is particularly suited for bitches lacking in size and substance. **STUD FEE, \$10.00**

BRAEMORE SCOTTISH TERRIERS

offer the very choicest blood combinations obtainable in the
Scottish Terrier world today.

CHAMPION WALNUT ROUGE (Imp.)

A black brindle "Scottie," who is a splendid son of the world's greatest Scottish Terrier, Champion Heather Necessity. **STUD FEE, \$25.00**

TARVIT TORCH (Imp.)

An extremely smart "Scottie," who shows twenty-seven champions in his five generation pedigree. He is by Champion Albourne Barty, ex Mannock Mikadoo, who is a full sister to Champion Albourne Arthur. **STUD FEE, \$20.00**

KEMPTON MacADAIR

Very black brindle, short back and tail, low to ground, a real Scottish Terrier. **STUD FEE, \$20.00**

Braemore Wires and Scotties can—and do—win. We have several smart youngsters of both breeds selected for immediate selling. Show dogs, or stud dogs, show bitches, or brood matrons, dogs for companions, at reasonable prices. Anything you require in Wires or Scotties Braemore Kennels can supply.

VISITORS TO BRAEMORE KENNELS ARE ALWAYS
WELCOME

The Canadian Fancy

By WALTER H. REEVES, Belleville, Ont.

AS the writer of the Canadian Fancy has to send his copy to **Kenel & Bench** by the twenty-first of the month, my notes for the January issue left before a great many of the expressions of good-will reached me for Christmas and the New Year. The illustrations on many of the cards expressing the season's greetings again showed how extremely popular the Scottish Terrier has become with the engraver. In the space at my command, it would be impossible to mention all the attractive illustrations. One that is resting on my desk was sent by Mrs. Hyslop, and I wish to congratulate Miss Mildred Long, the clever black and white artist, in her life-like representation of two Cairn puppies. During my long career in the sport I have been interested in the careers of a number of doggy artists, such as Miss Maud Earl, Miss Fairman and Arthur Wardle. Miss Mildred Long's interpretation of type and character of the two Cairn puppies would have done credit to the three great artists mentioned; the masculinity of the dog puppy and the femininity of the female is apparent to the merest neophyte. Miss Mildred Long has not made the mistake of so many great artists of exaggeration in painting or sketching dogs. So many of our present and past artists portray an ideal, and in many instances it is difficult indeed to recognize the model. Miss Fairman never made this error, and it has always been a matter of regret to the writer that several of her extremely clever water-color sketches were mislaid or lost when the writer was placing some of his belongings in storage before coming to America in 1915.

The election of Directors for the Canadian Kennel Club for 1934 is now to hand and from the published list it will be seen that there has been no change at all in the provinces, but that there have been a number of changes in Ontario. The Ontario Board are going to miss two real sportsmen who have given of their time and wisdom unselfishly to the furthering of the interests of the sport of breeding and showing dogs and to increasing the influence and growth of the Canadian Kennel Club. I refer, of course, to Col. Frank McFarland and Major Ward Wright. It would be impossible to try to estimate what our President has done, not only for the Canadian Kennel Club but also for dogs in Canada. Major Ward Wright's advice on legal matters, which come from time to time before the Board, have been of such value that he is going to

be a loss indeed to the Directors of the club. To lose our President and Major Ward Wright both the same year is a loss that is fully recognized by all members, but probably more by those who have had the privilege of sitting for some years on the board of the Ontario directors. Fortunately, we have a real man in Col. J. N. MacRae, M.C., our newly-elected President, who for many years has been the vice-president of the club and, although a man with a large osteopathic practice at Galt, I fail to remember any meeting of the club at which he was an absentee. For the last two years I have had the pleasure of his help and assistance on the Rules and Regulations Committee, and I sincerely congratulate the members on his election. He is a man with large visions, and no matter how difficult the problems he may have to face in the future, my readers may be assured that their President will not play politics but carry on the great work begun by the late Joseph Russell and Col. Frank McFarland, and in the way these sportsmen would wish it to be continued.

The four new members on the Ontario Directors are: W. H. Carter, Alex. L. Gooderham, Dr. H. E. Batt and Dr. C. R. Boulding, who, with Brig.-Gen. C. M. Nelles, make up indeed an extremely strong board composed of men who have had unquestioned experience in doggy affairs. The writer has noticed the very keen interest shown by W. H. Carter in the affairs of the club at the annual general meeting and believes that he will be a tower of strength to the board. Dr. Batt has for a number of years taken a very active part in our sport, and is a breeder of international repute of those game little terriers, the Scotties. A. L. Gooderham is a descendant of a family of sportsmen and the club are indeed fortunate in his election. Dr. C. R. Boulding owns one of the leading kennels of wire-haired fox terriers on the American Continent. He is a man of very wide experience and has shown that he is out for the interest of the sport. Capt. Dudley Waters has had a long experience of doggy affairs not only in Canada but also in England. He has had the confidence of the members of the Canadian Kennel Club who have elected him as one of their Ontario Directors, for many years, and his ripe judgment will be of great value in helping to pilot the governing body over a year which, I firmly believe, is going to be a year of great progress. The writer knows that all members would wish to join him in extending sincere thanks to

the two retiring directors, Bill Stockdale and H. A. Wilson, for both have shown, during their past year's service to the club, that they had but one ambition, the continued progress of the Canadian Kennel Club.

The "Fashion Plates" of dogdom, the Christmas numbers of the "Dog World" and "Our Dogs" have shown proof, if any was needed, of the continued vast growth of the sport in the United Kingdom; in fact, today there is no denying that the breeding and exhibition of dogs has become a national industry. The Christmas numbers of these two great doggy journals are usually a gauge from which one can form some idea of which breed is going to play the leading part during the forthcoming year, and apparently 1934 is going to continue the great progress that has been made of recent years by the Scottish Terrier. What a pity it is that so many of the illustrations are pictures of an ideal dog and not actual photographs of dogs. There are a few untouched photographs, but very, very few, and the art of retouching photographs has developed to such an extent that the photograph of a third-rate specimen shows little, if any, difference to those published of the great dogs of their breed. Breeders never have and never will produce the perfect specimen in the breeding kennels, but they come forth in hundreds from the art studios of the photographers. I have heard them called another name.

The vast interest in breeding dogs in the United Kingdom has been the cause of the founding of a new school, a training school for kennel maids and canine experts. Strangely enough the fair sex are again pushing out the mere man from a profession that a few years ago apparently looked to be unassailable. If a training school can be run with success in the United Kingdom, why should they not be a success in Canada? The new, or rather I should write the old, old breed which of recent years has been recognized by the English Kennel Club, the Welsh Corgi, the breed which many authorities claim is responsible for the present day Sealyham Terrier, apparently either on account of his quaintness or his temperament, continues to gain friends, for I see that the breed now has a club looking after its interests. Well, there is no accounting for taste or what the general public will fall for, if only there is enough publicity. The grand old English breed, the Mastiff, has apparently lost its hold on the general public, who have evidently been educated to the fact that the gamekeeper's

Top Dog --- or Underdog?

Pity the Underdog—undernourished, under-developed—on a ration that is not scientifically balanced to maintain health and vigor.

Every Master-Fed dog is a Top Dog—kept in top form and condition—because Master Dog Rations are a Canadian product specially designed to keep Canadian dogs healthy and fit. Built with a base of selected whole grains, they are cooked to a well-tempered crispness that stimulates appetite and aids digestion.

If Master Dog Rations (Master Dog Biscuit and Master Kibbled Feed) are not available at your most convenient store, write or telephone us and we will give prompt service in meeting your requirements.

MASTER DOG RATIONS

night protector, the Bull Mastiff, is preferable. Evidently the breed is now recognized by the English Kennel Club. I wonder what success Canadian breeders would have if they tried to develop a new breed here? Would we ever get the National Live Stock Records' consent to register?

The Lakeland Terriers are steadily but surely gaining headway, which is not difficult to understand for they are a game and symmetrical terrier. Very real progress has been made with the Shetland Sheepdog, they are today really miniature collies and not the nondescripts which used to be shown some twenty years ago. I would never be surprised to see this breed become popular in Canada. The Border Terriers were always famed for their gameness and are attractive when one becomes accustomed to their short heads and long tails. Is the national breed, the Bulldog, losing ground? One misses the names of many of the great breeders of pre-war days. The plum pudding dog of our boyhood days, the Dalmatian, is enjoying quite a renewal of interest and if I were interested in a breed which would help to pay the "Biscuit bill", I would invest in a good bitch in whelp, for this breed is going to have a real boom.

Mrs. Geo. A. Taylor sends me the news that her Doberman Pinscher, "Champion Navigator of Pontchartrain", went to Best of Breed at the recent big show at Miami, Florida. It seems that Mr. and Mrs. Taylor for the last ten years have spent their winters in Florida and as they are property owners are listed as Miami-ians. In Canada they are not claimed by any province as they live in Quebec in the summer, but they really feel that they are Ontarions, as Mr. Taylor's business and property is in Ot-

tawa. The final lines of my correspondent's letter gives the information that she is bringing back a Beagle which she intends to show on the Canadian Circuit next spring, so Oscar

Pierson may be sure he is going to have some real competition.

Reg. P. Sparkes kindly sends me the information that the illustration on the front cover of the English Bulldog Club of Canada's catalogue was not "Champion Kitty Royal" but "Mamressa Molly", a bitch imported by Reg. Sparkes from England. I remember now seeing her at the National Kennel Club Show, 1929 show, when the late Tyler Morse was judging and placed "Molly" ahead. Reg. Sparkes is evidently coming back with bells flying for I hear that he has recently imported from England, "Champion Parkhome Primula" and "Junior's Juno". "Primula" is considered by her new owner to be the best he has ever imported, and "Juno", although only shown once in England, was placed first although there were four champions competing. From this it certainly looks as if we are going to see two real specimens although Reg. Sparkes does not give me the information. I hope that he has entered for New York—for Vinton Breese is judging Bulldogs.

The news that G. D. Anderson of Halifax has imported a young Bloodhound from the famous kennels owned by Leon F. Whitney will be very welcome to those who are interested in the breed, and there are a number I know still in Canada. The new importation is the pick of about one hundred puppies, and knowing the quality of the Whitney hounds and the fact that he is a descendant of a strain bred for quality and trailing ability, I shall look forward to his debut in the show ring with much interest, for a real hound would help to get others interested in these picturesque hounds. The Canadian National Exhibition are always looking out for a

new attraction—why not a Bloodhound Trial?

The Windsor Kennel Club, a real live club with plenty of enthusiasm, are taking advantage of the improved conditions across the border and are holding a big open show on April 7th at the Windsor Stadium. The President of the club, A. H. Graves, is a very keen Shepherd breeder and sends the information that his good bitch, "Krafta of Jessford," a daughter of "Arko von Sadowaberg of Jessford," has been mated to her grandson, "Eric von Luxemburg," a grandson of "Hettel von Bodman." Both the sire and dam are black and tans and this line breeding should be the means of producing some excellent puppies.

I am hoping that the weight question of Cocker Spaniels will be thoroughly discussed at the annual general meeting, for there is no gainsaying the fact that the limit of weight is far from popular amongst a number of keen Cocker breeders, and especially those that are breeding Cockers for work. Then there is another side of the question, and a very important one too, Canadian Cocker stud dogs have been used with signal success in England as an outcross for English bitches. It is strange but, nevertheless true that the stud dogs imported from the U.S.A. to England to be used as an outcross have not proved nearly as successful as the Canadian dogs. Now if our stud dogs have proved successful as an outcross in England, why shouldn't this experiment work the other way by using English sires to our Canadian bitches? The experiment is, I know, being tried, but when these good English sires are imported, the present stipulations as to weight bars these English Cockers from competing in Canada. The well-known Field Trial trainer, C. E. Stuart Donaldson of Riverdale, North Carolina, U.S.A., and Windthorst, Sask., writes me as follows:

"I was delighted with your writing in the Christmas Number of **Kennel and Bench**, especially what you had to say regarding Cockers and their weights. Firstly, I will say we have far too many people setting standards today, also advocating weights and measures in Spanielism. The same pertains to other breeds. Referring to what a Cocker should weigh, I say a real dog is not judged by weight, and a judge's eye on the bench should be his measuring stick. Those advocates of lightweights and heavyweights amongst Cockers are nearly all boosters of their own or some particular strain. They are wont to commercialize. Again, I say a gun dog is not governed by weight and a Cocker is, first, last, and all the time, a gun dog, not a "lounge lizard," as we are in the habit of seeing today at most of our

shows. They have been fighting this weight question amongst Cockers since before 1887, and nobody seems to be any wiser yet what they are driving at. Size and weight have nothing to do with a dog's ability in the field. Neither do they cut any ice in delivery or overcoming obstacles in retrieving fallen game; that comes from training, and, be he big or little, there will be no dragging if he has method in pick-up. I can assure you on that for I have them here twenty pounds that will pick up a Jack by the small of the back at sixty yards and deliver at top gallop over any obstacles that are encountered in shooting, and, bear in mind, a hare is not a grouse. I am training a bitch for Mr. Rhodes, Victoria, B.C., whose running weight is 24 lbs., but for the bench 27 lbs. This is a Field Trial bitch, not a big one, but big hearted, like Napoleon, she never troubles about obstacles, be they high or low, when it comes to delivery. This is merely mentioned to show you weight cuts no figure if the blood is there, and blood is what counts in man and dog. I am not going to say anything regarding our dogs within the Empire, but I will say the Rivington Cockers are second to none and are really the last of the great sporting spaniel left today, either Cocker or Springer. I wish there were more like C. A. Phillips in our midst, just as we could do with a few more Walter Glyns in Terrierdom.

What is a gun dog anyhow, be he Spaniel or Pointer, Setter or Retriever, if he don't hunt? Why are dogs of the gun dog variety masquerading with false titles of 'Champion' hanging to their name when, if they heard the report of a gun you wouldn't find them in the next county, or, maybe, in the nearest drain with a fit of hysteria. I say again, all power to E.K.C. in not granting the title of champion until they have proven in the field what they are really worth. Again I revert back to the old days regarding weight. Nobody ever knew how much the greatest dog of them all ever weighed, "Champion Black Duke," owned by Geo. Douglas of Woodstock, Ont. They say "Miss Obo II" was 27 lbs. Good ones are not known by their weight, neither are they known by colors."

Thanks ever so much for your interesting letter which I am sure will be read with great interest by everyone who is interested in one of the grandest little Sporting dogs we have. Practical experience has, and always will have, the advantage over theory. Ask any follower to hounds and he will tell you a good horse cannot be a bad color and, as this expert Field Trial trainer writes, weight and size are not the things that count in the shooting field. You must

have the right blood in your shooting pal, providing he is game. He doesn't care about obstacles. Now then, those who are interested, please rally your forces and let's discuss this question of weight and try and settle it for all times.

A few days after sending my copy for the last issue, in which I mentioned the Rungmook strain of Great Danes owned by Mrs. H. W. Cowan, I received the following letter from Mrs. Cowan:

"We were sorry not to have had the pleasure of a visit from you last summer. The "Rungmooks" are still going strong. I enclose a snap of our Harlequins, taken a month ago. Since, we have had the misfortune to lose "Ch. Rachchas," one of the biggest and best-marked Harlequins in my recollection. Before leaving the Old Country we showed him twice, winning in very "hot" company. As a puppy, at 11 months he was measured the tallest Dane being exhibited. Since his arrival in Canada he had not been shown many times, but he leaves some wonderful sons and daughters behind him. Besides these Harlequins in the group, we have a beautiful brace of six months Harlequins in 'Royalist' and 'Rafale' who will make their debut in the spring. Then we have a lovely blue bitch, 'Ratnare,' who only wants three points for her championship. She is a very dull shower, but to

our mind our best bitch. Another useful blue is her brother 'Rapahra.' In blacks we have 'Ch. Rojh,' our best brood bitch, and 'Raj Kunwar,' who was best Dane at Vancouver in April, Calgary in July, and Calgary in December; also best working group at Calgary in July. He and his whole brother won best brace at Calgary, too. Another good black whom we hope will sire us some good Danes is 'Ratan,' perhaps the best-headed dog in the kennels, although his somewhat big ears rather detract from his smartness. We have started cropping our youngsters, much against the grain. It is difficult to get an uncropped Dane looked at even here against a cropped, but I still hold it is a barbarous custom!"

The letter contained a number of photographs. By photographs, I really mean photographs which show that British Columbia is agreeing with the Rungmooks, who I knew so well before 1915. I am hoping that this year I may be able to pay my long promised visit to Kaslo and have the pleasure of talking over the Danes of pre-war days. Meantime, the writer will be pleased to send the photographs on to anyone interested.

From time to time my mail contains requests for the Canadian Kennel Club official standard of points. As many are aware, we have been using the American

Kennel Club standard of points. This is still another question that will be well worth discussing at the annual general meeting.

What is the reason that in Canada the Smooth Fox Terrier does not seem to appeal? In England and across the border the Smooths are steadily but surely gaining more and more friends. George Bailey, who has done so much for Smooths in Canada, finds a very steady demand for Smooths across the border, and sooner or later I feel confident that we are going to see competition amongst Smooths far keener than it is at present, for there is no doubt that if a few keen fanciers would only try one or two good Smooth bitches, they would be found to be a really paying investment.

The St. Bernard Club of America is to be congratulated on the visible enthusiasm which has been so apparent since the club was reorganized a year ago. President Joseph H. Fleishchli, together with his officers and members, have carried forward an unflinching and progressive propaganda which has produced amazing results. The club's official mouthpiece, "The Saint Fancier", is full of peppy copy that is branded "up and doing". Watch for this fresh activity on the Garden entry, it certainly will be showing prominently there.

British Columbia News

By Provincial Contributing Editor,
R. H. F. PURDON, Vancouver, B.C.

THIS seems to be rather late in the year to write about Christmas, however, I want to take the opportunity to thank all of you who sent me Christmas cards and letters, your kind thoughts and messages were greatly appreciated.

My first correspondent for this month is Wm. Chambers, the efficient Secretary of the Western Cocker Spaniel Club of Canada, whose slate of officers for 1934 is as follows:—President, E. Cargill; 1st Vice-President, Mrs. M. Mt. Joy McKinnon; 2nd Vice-President, H. E. A. Pentreath; Secretary-Treasurer, Wm. Chambers; Executive Committee—Messrs. G. H. Garnett, J. W. McKinnon, W. Bowling, H. A. Rhodes, H. Arnold, J. H. Tanton and Mrs. M. E. Fawdry. The club report a good financial year for 1933 and hopeful prospects for 1934.

The great popularity of the Cocker is no doubt largely due to the efforts of the W.C.S.C. of Canada, for specialty clubs have a wonderful effect in stimulating interest in their breed. With Mr. Chambers as Secretary no effort will be spared in that line.

The B.C. Fox Terrier Association held their annual meeting on January 8th, the following were elected: Honorary President, F. Withers; Honorary Vice-Presidents, Messrs. Austin Taylor, W. M. Coats, Irving C. Ackerman, Theed Pearse; Honorary Solicitor, G. T. S. Saundby; Veterinary Surgeon, Dr. R. G. Cuthbert; Auditors, Messrs. F. Nott, W. H. Pym; President, T. P. Milner; 1st Vice-President, R. O. Bromley; 2nd Vice-President, R. H. F. Purdon; Secretary - Treasurer, H. Swinden; Executive Committee, Messrs. H. Wilkinson, J. Dodds, Wm. J. Smith, S. Downham, W. H. Pym, F. Nott, Dr. R. G. Cuthbert.

The Secretary was congratulated on his financial report which showed a substantial bank balance.

The Lions Gate Kennel Club, while organized over a year ago, refrained from holding a dog show last year, but the Shepherd Dog Club have conceded their usual show date to the club for this year, and application has been made to the Canadian Kennel Club for a license to hold an all breed show on the Saturday immediately following Good Friday in the Hudson's Bay Departmental Store. Five judges will be employed, and particulars will be found in the advertising columns of **Kennel and Bench**. May they have every success in their efforts.

Shortly before Christmas the Royal City Kennel Club of New Westminster held an all breed parlour show, which was judged by W. H. Pym. I have seen no report of the event, but was informed that Best in Show went to a Shepherd belonging to Jonathan Davies of the successful Abarard Kennels, and Best Terrier was H. Swinden's Wire-Haired Fox Terrier, "Hornsey Sally."

The Vancouver Daily Province Show, in aid of their Santa Claus Fund, was held in New Year's day, Dr. T. E. Sleeth judged Terriers, Sporting Dogs and Best in Show; while the veteran judge, George Pearson, took Toys, Non-Sporting and Working Breeds. Miss Barbara Mansfield's Collie "Dusky Lad o' Deeside," won the open sweepstakes and best in show. T. P. Milner's Wire-Haired Fox Terrier, "Lyncote Startler," won the puppy sweepstakes, best terrier and was reserve for best in show.

From several sources news has reached me of the death of Mrs. Corkett's well known Pekingese, "Ch. Ho Jo," who, with his owner, must have been familiar to hundreds of people. Mrs. Corkett is a good supporter of our shows and has entered "Ho Jo" for "exhibition only" on many occasions, and as one of my correspondents says "a show does not seem right without their presence in the Toy section." "Jo" was Mrs. Corkett's constant and faithful companion and we all sympathize in her loss. It is not given to many dogs to be such a celebrity as "Ch. Ho Jo" evidently was.

Mrs. Petersen, of the Blue Chip Kennel of Kerry Blues, reports the sale of a young bitch, "Blue Chip Bridget O'Flynn," who is out of her "Int. Ch. Regina of Oakcrest," to the Rev. Thomas V. Keenan of Salem, Oregon. Father Keenan is at present an English Setter enthusiast, and owns "Ch. My Chikko Puro." We are glad to have him as another Kerry Blue adherent and wish him all success with his new purchase. "Blue Chip Blue Brocade," a sister of "Bridgett's" has gone to Joseph E. Jones, of Vancouver, who used to be interested in Irish Terriers. Mrs. Petersen is pleased with the reception her dogs have received, and wishes the new owners of her stock every success, and earnestly hopes that she has made some new exhibitors on the coast.

It is with regret that I report the sudden death, in Seattle, of the well-known "Bob" Roberts, a familiar figure at all our shows, where he usually handled a large entry. Our sincere sympathy goes out to his wife in her great loss.

Once again we have to congratulate Wm. H. Pym on being elected as our

Provincial Director in the Canadian Kennel Club, and by the same token we can congratulate ourselves on having such a capable representative, one who gives his whole-hearted support to the best endeavours, and is admittedly "Facile Princeps" in Provincial dogdom.

Stanley Dorrell, of the Swansea Kennel of Scottish Terriers, has usually some interesting sales to record. Not many could beat this one, which comes to me with no flourish of trumpets, "Swansea Angus" to Mr. Vaughan of Peru. "Swansea All Black," a promising young dog, to Mr. Crichton of Portland, while a dog pup has been sent to Calgary, and his well known "Ch. Albourne Simon" has gone to Douglas F. Petitpain of New Orleans, who is a breeder of Pugs, and owns Les Petit Kennel of Dixie. "Ch. Albourne Simon" was sold through an advertisement which appeared in **Kennel and Bench** Christmas number.

Mr. Dorrell must be looking forward to a busy spring, for "Swansea June Bride" has been mated to his latest importation, "Nosegay Saxifrage." "Swansea Mischief" to "Ch. Albourne Simon," and "Ch. Gaisgill Daphne" has been bred to "Bull's Eye of Docken," who I believe is now in Portland, and from the account of him which I recently read in "Our Dogs," he is a good one; this litter will be interesting to see, for it is quite likely to provide the Swansea breeder with something outstanding. "Swansea Emblem" is at present nursing a litter by "Swansea Overproof"; these are inbred to "Ch. Heather Necessity."

W. T. Billy Oates sends word that he has had several letters asking for particulars of the dogs which appeared in his advertisement in **Kennel and Bench** Christmas number, to which he attributes the two following direct sales, his champion Russian Wolfhound has already found a new home, and a champion Pointer will probably be shipped in a few days to Indiana. Mr. Oates reports that his Christmas sales were better than one would expect for he practically sold out all of his Wires and Scotties, while Cockers were in great demand. Several tempting offers have been received for the young English Setter dog, "Chepstow Flash," however, Mr. Oates may decide to send him to the great New York Show. Well, that's the way to do it when you have a good one.

The dog tax in Vancouver would appear to be a profitable one, for I see in a local paper that 8,341 dogs paid a tax of \$18,214.00, impounding and sales fees, \$392.00, 149 duplicate dog tags, \$37.00, Kennel Licenses, \$319.00, making a total of \$18,962.00, which is

ten or twelve times as much as the taxes paid by many big businesses.

I always look forward to the articles which appear in the Christmas number of "Our Dogs." If you have not seen the last one, get a friend to lend you their copy if you have ambitions to judge, or are a judge, read and re-read the wonderful article, "How to become a successful judge," by Holland Buckley, one of the greatest living judges, and you may feel rather humble. The essentials are character, tact, memory and thoroughness. "Many are 'called' and so few are really successful." Here's to you, H. B., "Long may your lum reek."

It is one thing to know your standard off by heart, and quite another thing to interpret it. In our sporting breeds of terriers, far too many lacking terrier character find recognition. The terrier that requires assistance to stand up on his or her feet, and gets to the top, is not representative of the standard. Of late years assertiveness and gameness in the terriers coming under some of our judges has been scarcely looked for. If more judges made the terriers face each other, they would then see the dogs character, deportment and proper expression, far better than by holding a bit of liver to the nose, which is much more likely to show if the dog is hungry. Taking Fox Terriers the standard says: "He should stand like a cleverly made hunter." If a judge has any conception of what a hunter is like, how is it possible to think that a Fox Terrier held up by both ends, to make

it stand up, can be representative of a cleverly made hunter.

A show report in the last issue of **Kennel and Bench** gives the information that a dog was winning, bearing the prefix and name of an international celebrity of the same breed. It is to be hoped that the dog referred to has not been registered, for the real owner of the prefix has made it one of world wide fame, and to use it in Canada is not playing cricket.

The very sad news has just reached me of the death, after a short illness, of Mrs. Wm. H. Pym, wife of our C.K.C. Director. Mr. Pym, himself a man of deep sympathy and understanding in times of trouble affecting others, and ever ready with help at all times, can be assured of the heartfelt sympathy of thousands in Canada and the United States going out to him and his family in their great loss.

2/34

OUR NEW CHAMPIONS

"HALDON BANJO" (110008), Scottish Terrier, bred by H. E. and W. Batt, Guelph, Ont. Sire, "Ch. Haldon Julius," Dam, "Haldon Harmony." Canadian National Exhibition, 1933, 5 points; Oakville Kennel Club, 1933, 2 points; National Kennel Club, 1933, 5 points.

"HAPPY VALLEY SUNFIRE" (109160), Irish Setter, bred by Happy Valley Kennels, Philadelphia, Pa., U.S.A. Sire, "Glencho Lanty," Dam, "Delaware Peggy of Happy Valley." London Canine Association, Fall, 1933, 1 point; Western Fair, London, 1933, 1 point; Hamilton Kennel Club, Fall, 1933,

2 points; Welland District Kennel Club, 1933, 1 point; National Kennel Club, 1933, 5 points.

"HO LEM" (91462), Pekingese, bred by Mrs. W. J. Caudwell, Edmonton, Alta., now owned by Mrs. S. C. Arno, Edmonton, Alta. Sire, "Marvel Bah Ling," Dam, "Chun Li." Edmonton Dog Fanciers' Club, 1933, 3 points; Greater Winnipeg Kennel Club, Fall, 1933, 2 points; Alberta Kennel Club, 1933, 5 points.

"HONEY BOYS SWEET ONE" (111142), Boston Terrier, bred by Mrs. E. Horning, Port Credit, Ont. Sire, "Hornings Baby Girl." Sherbrooke "Ch. Hornings Honey Boy," Dam, Exhibition, 1932, 2 points; Ladies' Kennel Club, 1933, 5 points; Welland District Kennel Club, 1933, 1 point; Guelph Kennel Club, 1933, 2 points.

"LADY ASTA VON HATZENBURG" (110819), Doberman Pinscher, bred by G. W. Hatfield, Jr., Williamson, W.Va., U.S.A., now owned by Douglas Coupland, Ottawa, Ont. Sire, "Toppo von Sigalsburg," Dam, "Lady Anna von Seigrist." Central Canada Exhibition, 1933, 3 points; Canadian National Exhibition, 1933, 5 points; Oakville Kennel Club, 1933, 2 points.

"LADY TOWERWOOD" (91425), Retriever, Flat Coated, bred by W. Skerry, England, now owned by Robert H. Martin, Belleville, Ont. Sire, "Towerwood Brag," Dam, "Lady Rebecca." Toronto Kennel Club, 1933, 3 points; National Kennel Club, 1933, 5 points; Toronto Ladies' Kennel Association, 1933, 3 points.

"PAX VON BIRKENHOF" (112676), Great Dane, bred by Mrs. A. Anschutz and J. Eigenbauer, Germany, now owned by Mrs. G. W. Hyslop, York Mills, Ont. Sire, "Helios Hexengold," Dam, "Etfa von der Saalburg." Oakville Kennel Club, 1933, 2 points; National Kennel Club, 1933, 5 points; Toronto Ladies' Kennel Association, 1933, 3 points.

"PICCOLO O' PAGE'S HILL," Shetland Sheepdog, bred by William W. Gallagher, Needham, Mass., U.S.A., Sire, "Ch. Wee Laird O' Downfield," Dam, "Jean of Anahassitt." Oakville Kennel Club, 1933, 2 points; National Kennel Club, 1933, 5 points; Toronto Ladies' Kennel Association, 1933, 3 points.

Further Particulars from

MRS. SAM HUNTER
158 Springhurst, Toronto, Ont.
(Telephone LAkeside 1765)

WHEN George Steadman Thomas judged the Ambassador show at California the other day, a disgruntled exhibitor came into the ring to talk the matter of "poor judging over. . . ." Mr. Thomas said, "Oh, yes, I remember your dog, he was undershot." The vexed one said, "Heck, you never even looked at the dog, much less examine his mouth. . . ." George pulled out the "roll" and said, "There's fifty dollars to say your dog is undershot whether you saw me look at his mouth or not. . . ."

"Put up" or "shut up" was clearly indicated. "Smiling George" still has his "fifty".

One thousand dollars in cash prizes will be paid out by the "Big Four Committee" of the Cocker Spaniel Breeders Club of New England.—The "Big Four New England Cocker Novice Stake" will be the feature attraction of the 1934 specialty show of the club. The money will be divided as follows: One hundred, twenty-five, fifteen and ten for 1st, 2nd, 3rd and 4th prizes in the following classes: Novice (solid color) Dogs and parti-color Dogs. Same for solid and parti-color Bitches. Four hundred dollars for the best winner of the four.—The depression is past.—We could use some of this money in Canada.—Page the Cocker breeders on this side of the boundary line.

The Chatterbox

The anniversary show of the American Fox Terrier Club will be the "Mecca" for all Terrier men at New York on February 11th.—They do say that Percy Roberts will bring "Ch. Crackley Surething" into the ring.—This "Surething" has certainly been doing some tall winning in England: Best in Show at Crystal Palace (Kennel Club); Best in Show at Birmingham National on December 6th under George Howlett.—The American debut of "Ch. Crackley Surething" ("Ch. Crackley Starter" ex "Dagshai Dhu") will be worth going far to see.

The sad news has just come to hand, by telegraph, that the sweet little lady we introduced to you on page 40, January issue, as Mrs. Jimmy Sullivan, Chicago, is dead.—A baby boy—Jimmy II—and here's hoping the two Jimmys will be spared to each other, although the one has lost a wife and the other has lost—a mother. Mr. Sullivan has a host of friends in Canada, east and west and north, and we extend our sympathies to him as a unit at this time.

That other good American handler, Tom Gately—"Gentleman Tom" was worried plenty when Mrs. Gately had her appendix removed recently. The operation was successful, and now Tom

can breathe easily again and get his dogs ready for Westminster.

Not so fortunate was "Bob" Roberts, one of the best handlers on the Pacific Northwest.—Well liked by all other members of the Professional Handlers Association.—After effects of an appendix operation claimed the popular "Robert" from the ranks.—Sincere sympathy of Canadian friends is extended to his family.

George H. Brooke, Toronto, has a weakness for a good Cairn.—"Stidean"—pronounced "Sti-chan," Gaelic for Puss, has arrived in Canada from Scotland.—A grey brindle 18 months old—bred by Miss M. Irving, of Cairnleith, Crieff.—Sire, "Beechacre Buccaneer" ex "Beachacre Fay"—rich in "Harviestown Raider" blood on both sides.—Before leaving the "land o' the heather," "Stidean" was bred to "Buccaneer Barney."—Barney won the cup for best show dog in Scotland.—Breeding will always tell.—Something extra special should arrive from the above mating early in February.

Enno Meyer must have given a good account of himself when he judged for "The Toronto Ladies."—Since then he has been invited to judge the Peke Specialty at Toronto—and the all-breed show at Windsor.—"Iron Man" Enno will be judging at Charlotte, N.C., on the former date—and at Denver, Col.,

The first Beagle Club ever organized in the Province of Quebec is the "Le Club de Beagles TA-I-O de Montreal, Que., and here we find whose influence has brought new enthusiasts to the breed."

on the latter date.—So we won't be seeing Mr. Meyer for a while yet, apparently.

The beaglers took first prize in 1933 for co-ordination of effort—for the first time in history four licensed trials were held in one year in the province of Ontario.—For the first time in history a Beagle was made a Field Trial champion under a graduated championship point plan in any country.—Our illustration shows that the province of Quebec is ready for the Field Trial question.—Recorder-in-Chief J. A. Thouin, K.C., is the father of the sport down there.—When he says "Field Trials, boys," watch his smoke—he is liable to say "let's go" at any time after the snow leaves the sidewalks—There is no better sport to be found anywhere out o' doors, than you will find on the Trial grounds.—Watch for the dates—go to the Trials—meet a rare type of sportsmen—shake the rheumatics—and get yourself an appetite.—A great deal of color was directed to to beagling a year ago when Canada's Governor-General followed the Beagles at Aurora.—On January 11th this year His Excellency returned to the Bateman Farm at Aurora to participate in the sport again—deep snow, barbed wire, and snake fences meant nothing to an interested gallery following in the wake of the Governor-General.—Game was none to plentiful,

but what there was of it made spectacular sport.—Allen Snowden of the Dominion Brewery packs and Huntsman Leavitt directed and handled the hounds in masterful fashion—the Beagle is coming to the front by leaps and bounds—beagling becomes more and more popular every year.

One Canadian will be on hand at Cruft's Show in England on February 7th and 8th.—Alf. Loveridge, Toronto, has been commissioned by several fanciers to go over the "herring pond" and do some buying.—Several breeds are to come back to new owners on both sides of the boundary.—Who wouldn't be a popular handler?—Clients' dogs which have been entered for Westminster will probably go to New York in care of George Kynoch, Winnipeg, Man.

The Irish Setter, "Ch. Happy Valley Sunfire," has decided to "do things" and "go places" for his new owner, Amedee Trudeau, Longueuil, P.Q.—first time out was the Montreal Kennel Association Christmas Matinee Show—best of breed, best sporting, and second best dog in show—to beat 199 dogs and to be beat by only one—is good enough going in any man's town.—"Sunfire's" sunny disposition is giving the Trudeau's lots of pleasure at present.

What have you been doing with your Christmas puppy?—he will require plenty of consideration—see that he gets it too

—don't let your enthusiasm shadow your understanding—give him his exercise gradually until his feet get accustomed to the sidewalks—see that he gets his food regularly—his water as well—**have the water always available**—protect him from dampness and drafts—you have seen a wormy apple—don't let your dog get that way.—He'd die for you—gladly—give him a chance to show his devotion to you as a live dog.

"The wise dog howleth not until he is hurt."—We noticed a mongrel collie crossing the street a few days ago—he got into a jam with autos, street cars and people—seemed to lose his head momentarily—sat down for a second and soon danger disappeared—like a flash he was safe on the sidewalk again—not much on breeding perhaps—but the brains were certainly there just the same.

The Ontario Jockey Club always finds a secretary who is a dog lover, the late W. P. Fraser was keen on Terriers.—Wires and Scotties were his favorites.—As a Terrier judge he officiated at the larger shows in the United States and Canada.—Major Palmer H. Wright, Mr. Fraser's able successor in office, likes the larger breeds.—Irish Wolfhounds being the Major's choice of breed—his "Annie Murphy of Rathmullan" ("Gelert of Ambleside" ex "Edain of Ambleside") was bred to Rev. John B.

Members and their hounds attending the Club's first Field Trials. In the front row, and in the centre, we find Recorder J. A. Thouin, K.C., dogdom in the Province of Quebec.

Further particulars from Show Secretary

H. BIRKINSHAW, 947 East 13th Ave., Vancouver, B.C.

Boland's (Buffalo, N.Y.), "Desmond Tailteann" ("Felixtowe Kilcooly" ex "Tintern Banshee")—and produced a litter which for size, color and all breed characteristics are said to be up to standard.

Only two short periods of sunshine so far around Toronto this year.—So says the weather man—the brightest flash came out on the morning of Monday, January 8th, between 10.30 and 11 o'clock a.m.—and that was the hour when Chief Justice Rose presided at the ceremony where our President was sworn in as a Justice of the Supreme Court of Ontario.—After the oaths of office had been taken, Mr. Justice McFarland received the felicitations of a host of friends.—As usual our President was as cool as the proverbial cucumber throughout the entire proceedings.—Congratulations—and may Mr. Justice McFarland be long spared to discharge the duties of his high office.

Did you see our chest expanding?—"Our Dogs," England, has this to say about the Christmas Number of **Kennel and Bench**.—"Another Christmas Number to reach me is that of the well-known **Kennel and Bench**, the official organ of the Canadian Kennel Club.—This Yuletide number is well got up and nicely illustrated—and the editor, Mr. James D. Strachan, should be congratulated.—There is included a large reproduction of the photograph of Lt.-Col. G. F. McFarland, K.C., the retiring president of the Canadian Kennel Club—which presidency he occupied since 1908.—He will retire in February."

Thanks "Our Dogs," we appreciate receiving notice in your valuable columns.

The cold spell of late December and early January played the dickens with dogs from coast-to-coast.—Kennel dogs and house dogs suffered equally alike—the sharp differences of temperature

The Alberta News

By Provincial Contributing Editor,
C. H. PARK, Medicine Hat, Alta.

DUE to the prevalence of distemper in these parts, news is scarce this month, and what there is of it is mostly concerned with the terrible ravages of this dread disease. Calgary seems to have suffered the worst, and according to newspaper reports about two hundred dogs have succumbed to the scourge despite the best efforts of the veterinary surgeons. Edmonton also appears to be having a bad siege, whilst in Medicine Hat, so far, only one kennel reports having had any trouble due to distemper and at the time of writing no deaths have been attributed to it.

From far away Shreveport, Louisiana, comes news that will be of interest to the Canadian fancy, concerning the partnership of Mrs. D. H. Christman of that city (who, it will be remembered, was the purchaser of the Russian Wolfhound, "Ch. Cossack Michael," which made such a stir in show circles in the States before meeting its untimely end by poison) and R. S. Tyrell of Bottrel, Alberta, who, as proprietor of the Cossack Kennels, had the honor of raising this wonderful dog. For the past thirty years "Stan" Tyrell, as he is known to his friends, has been raising these useful and beautiful hounds, and this worthy specimen was never beaten after crossing the line, and had the honor of being awarded "Best Dog in Show" at the Mardi Gras Carnival at New Orleans. These kennels will be known in the future by their new registered name, "Cossack Kennels of Bottrel, Alta., Canada, and Shreveport, Louisiana," and it is hoped that a continuance of success will be theirs. Mr. Tyrell will breed and raise the dogs, while the kennel in Louisiana will endeavor to have the sales of both kennels handled by Mrs. Christman, who will also attend the outstanding shows in the States from time to time, and she is now laying plans to return to New Orleans show in an endeavor to repeat the previous success. To Miss Christman will fall the pleasure of campaigning these dogs at the shows and it is also her intention to come to Canada this summer and take in a number of our shows, where she hopes to renew acquaintance with all those people she had the pleasure of meeting during their tour in the past year.

Frank Bell, who is known to showgoers on the Alberta circuit as the superintendent of the Medicine Hat show, is now located in a place where he can develop his "Lucky" Strike Kennel, and from him we hear that he sold and delivered for Xmas several

Springers sired by "Lammond Successor" ex "Floer of Lucky Strike" to the following: liver, white and roan dog to "Nick" Cotton, genial proprietor of the Savoy Cafe, Medicine Hat, liver roan bitch to Chas. Kerney, liver roan bitch to Henry Fregin, both of Medicine Hat, and another liver roan bitch to Jack Colbeck, Vancouver, B.C. Three Springer pups were purchased by Mr. Bell from W. Burrow of the Altawana Kennels, Medicine Hat, these being by "Lammond Successor" ex "Girlye of Beechdale". Two of these were sold, one to Mr. McCormick of Edmonton, and one to Ernest O. Whiteside of Winnipeg, Man., and the third, a black, tan and blue roan bitch, is being retained in the Lucky Strike Kennel. Frank predicts that if all goes well with the kennel, it will be heard of at the Medicine Hat Show on May 24th next. Mr. Bell's little 3¼ lb. orange Pom, "Gold Bell," has been bred to Mrs. G. D.

HIS FIRST HAPPY MOMENT.
As steady as a rock, not a feather ruffled, and only six months old.

Wrye's Imp. "Ch. Crest Mite," a 4¾ lb. brilliant red orange, and some real poms are expected from this mating. "Gold Bell" was the winner of the puppy bitch class at the recent show held in Calgary. In Cockers, the little red Cocker bitch purchased from W. Burrow has been bred to a good red dog, "Altawana Gold Digger," the property of J. Gray, Medicine Hat, and a litter is expected in February.

It was with regret that we heard from G. W. Lydiatt, now of Vancouver, who formerly was the manager of the Glass

Plant at Redcliff, and the man who was the prime mover in putting Wires on the Medicine Hat and district map. He has been confined to the house for the past seven weeks with pleurisy and it may be three or four more weeks before he can get about freely. His many friends, both here and at the Coast, will all wish him a speedy recovery. From A. O. Bean of the "Goldendale Kennels," Medicine Hat, we hear that since "Rockley King" has completed his championship, he is making a name for himself as a great stud force. The last litter sired by this dog has been completely disposed of, new owners being, in Edmonton, Mr. and Mrs. Ben. Falkenberg of Pekingese fame, C. Schaer of Blackpool, B.C., H. F. Stewart of Chase, B.C., and John F. McQuade of the Kingsland Airedale Kennels, Long Island, N.Y., who purchased two puppies, a male and female. All have since written expressing their complete satisfaction with their purchases and with the excellent condition in which their dogs were received. This seems to point to an increased interest in the breed which is very encouraging. Other sales have been made to Melville, Duff, Regina, Swift Current (2), all in Saskatchewan, Innisfail and Strathmore in Alberta, also a dog to Needles, B.C., to which point a female in whelp will be shipped in the near future. Two very good offers have been received for "Ch. Rockley King," one from Japan and one from the Eastern States, but so far his owner cannot see how he can part with him. Orders are now in from Centralia, Ill., and from C. Jaurez, Chih, Mexico, for future delivery, as at present the kennel is cleaned out of all but breeding stock, some of which are three litter sisters, grand-daughters of "Int. Ch. Warland Ditto," another of these having been bred to "Ch. Rockley King." Puppies from this mating have the blood of "Ch. Ileene Brigand," "Ch. Rockley Reminder," "Ch. Mesopot Tinker," "Ch. Warland What Not," "Ch. Wrose Anchor" and the sire's "Ch. Rockley King," on the dam's side, two crosses of "Int. Ch. Warland Ditto" appear, and what with "Ch. Martley Squire," "Ch. Cragman Dictator," "Ch. Warland Strategy" and "Ch. Invincible Nut" running largely through their pedigree, it must be admitted they are really royally bred. It may be of interest to note that the grandsire and grand dam of "Ch. Ileene Brigand," "Clonmel Monarque" and "Clee Charming" gave to the Airedale fancy, that great dog, "Int. Ch. Clee Courtier," who in turn sired that outstanding dog, "Ch. Matador Mandarin." Another inmate of these kennels is that great old warhorse, "Ch. Aberdeen Patricia," now nine years old and still going strong.

In a brief note from Constable Thomas Webber of the R.C.M.P., stationed at Ponoka, Alta., who wished to be put in touch with the Goldendale Kennels for the purpose of turning over a prospective purchaser in the person of Constable Carter, also of the "Scarlet and Gold," who is stationed at Strathmore and who wants a male Airedale for training in police work. Mr. Webber is glad to see more Airedales doing police work as they can do it if trained right. Mr. Webber has shipped a real nice male "Wire" pup, "Stormy Weather," to Paul Worth, Sandwith, Sask., who writes saying that it is a wonderful pup and that he is more than satisfied. Friend Webber says that he is always glad to get the **Red Covered doggie newspaper** and always turns to the Alberta page first, urges us to keep up the good work and hopes that we breed several champions in 1934. Thanks. Medicine Hat Kennel Club are all set to hold their annual dog show on May 24th, which opens the circuit in the West and promises to live up to their slogan, "The show with the welcome," and are intending that this year's fixture shall be, if possible, bigger and better.

The accompanying photograph is one of an English Setter puppy belonging to Dr. Milton L. Moore, well-known Medicine Hat sportsman, taken the day he was six months old. The youngster was carrying a Hungarian partridge to his proud owner when this snap was taken, proving that they come to hand early in the West.

Saskatchewan News

By Provincial Contributing Editor,
W. W. RIOME, Moose Jaw, Sask.

SASKATCHEWAN breeders will be pleased to learn of the re-election of Dr. J. T. Cooper, of Saskatoon, as Provincial Director. We congratulate those who have been chosen to direct the affairs of the Canadian Kennel Club for the coming year, and trust their endeavours will be crowned with success.

We will be looking forward to the report of the Annual General Meeting, especially for the decision reached in connection with the dog show rating, feeling assured that whatever the outcome, it will be for the benefit of the Dominion as a whole.

This month we are glad to welcome an old friend to the Saskatchewan page in the person of A. O. Underbakke of Radville, Sask.

This fancier was well known as an Airedale breeder, who took keen interest in breeding good specimens of that game variety of Terrier.

Owing to prevailing prices, Mr. Underbakke found it impossible to raise high-class dogs, and compete with those who offered dogs at less than the feed bill cost.

Mr. Underbakke renews his Canadian Kennel Club standing and from now on will be registering Labrador Retrievers. The foundation bitch is Princess of Qu'Appelle, bred by that gun dog specialist, P. N. B. Foley. "Princess," mated to "Major of Harwood," produced a splendid litter which were readily sold except one female retained for breeding purposes.

This pair carry the blood of "Ch. Alvestor," "Ch. Munden Simla," and "Ch. Beaty of Harwood." The last litter proved so good that another litter of the same mating is expected shortly.

Mr. Underbakke considers the Labrador the ideal Retriever, both on land and water, using common sense at all times. The female out of the litter mentioned retrieved ducks when she was only six weeks old; and now can compete with many of the old timers.

"Shesastepper" is the name of Jack Droppo's Boston female that recently visited "Bob" Carter's kennel, and was mated to "Reigh Count's Sensation," so probably we will find "Jack" stepping out with another good one in the near future.

Bob Carter says they will soon need another dray line to take the females from Assiniboia depot to his Bellrock Kennels. T. C. Struthers, Gainsborough, and P. B. Morse, Melavel, have sent bitches to be bred which makes three before the 10th of the month.

Glad to hear from our good friend,

Chief of Police Johnston, of Assiniboia, who always has a brace of real Chesapeakes on hand. He has not been raising any puppies lately but his interest is just as keen as ever.

That sweet little Peke, "Daintee," needing but one point to complete her championship, was the victim of a hard bitten Terrier, and passed out from the severe mauling received. Mrs. Winnifred King of "Kingwin Kennels," Regina, felt the loss of "Daintee" very keenly. Another female is in whelp and more puppies are hoped for, to fill demands. A young dog, "Kingwin Daow Ki," that did some nice winning last season has been sold, and his new owner hopes to do big things with him this season.

Good news to hand from Walter Pym, Bronwyn Kennels, Regina. Walter is back on the job again and beginning to feel his old self once more. He says the Wires show the result of missing their daily grooming, but they will soon be O.K. now. The little female, "Seven Towers Bridesmaid," is visiting "Mutual Kennels to be mated to a son of "Talavera Tantalus" (Imp.). "Bridesmaid" is the dam of the Winners dog this season and went to Winners herself at Regina, 1932.

Walter has been fortunate with sales around the Christmas season, a 6 months' old Wire male, by "Wycote Tempestuous," out of "Sans Craft" (Imp.), was sold to H. A. Fraser of Winnipeg; another male, same breeding to S. Conley, Regina, a two months old female by "Moat Hill Dark Boy" to G. Giles, Regina. Another Wire, bearing the "Bronwyn" prefix, sold to E. C. Causier, Regina, the latter by "Wyrecote Tempestuous" and out of "Sans Gift."

The Stud dog, "Moat Hill Dark Boy" was recently sold to C. H. Park, Medicine Hat. This son of "Hornell Startler" (Imp.), and out of "Culbahn Comet" (Imp.), has done considerable winning, and has also sired some nice puppies, so he should prove a valuable addition to Mr. Park's kennel.

Hamish Middlemas, owner of Wyrecote Kennels, Regina, recently suffered quite a loss when his imported Scottie, "Ch. Ruglen Rabbie" got the worst of a kennel argument, with a Wire named "Wyrecote Sole Survivor." Apparently "Survivor" was assisted by a nine months old son of "Rabbie's." This unfortunate incident will leave quite a gap in the kennel. It will be remembered that "Ruglen Rabbie" was fearlessly shown, and soon annexed his championship, fortunately he has left some very nice young stock. Sales from this kennel include a male puppy by "Ruglen Rabbie" out of "Heather Sun Flower" (Imp.) to Miss Joan MacMillan, Saskatoon, and a female puppy to W. F. Newman, Moose Jaw.

Dr. Margaret French of Saskatoon reports the Airedales all to be in tip top condition, enjoying the frosty weather. "Ch. Spring Lake Peggy" has ten beautiful puppies, sired by Int. "Ch. Wycote Special Edition", 6 males, 4 females. We congratulate the Doctor on her success in piloting her Imported Airedale to his International Crown. "Special Edition" completed his title at Calgary. "Spring Lake Mollie's" litter are now 4 months old. Dr. French is anxious to see the Airedale, top dog in Saskatchewan.

Phil Lillie of Moose Jaw has had his parti-color Cocker Spaniel bred. She is an attractive little miss, and good in the field.

Jack Burkinshaw of Saskatoon writes a most enthusiastic letter re the Irish Setters. He sold three litters last year, and those who purchased the puppies claim they put up wonderful performances in the field, even though they were only youngsters. "Nance of Homerville", a splendid bitch that formed the foundation of this kennel, has just weaned 5 males, and other females. Jack plans to raise a few youngsters and train them before selling. He enjoys the work and finds it profitable. This fall, Jack plans to put on a Field Trial of all his puppies that can be brought together, offering prizes for the best performers.

Last month we suggested some news of Jim Booth's Whippets. It would be impossible to crowd a write-up of these little "long tails" in the space allotted for Saskatchewan, so we will endeavour to split it up in the February, March and April issues of our ever popular **Kennel and Bench**. The writer, in endeavouring to give readers an introduction to the kennel inmates, realizes the possibility of getting things mixed somewhat. However, Mr. Booth's eagle eye will soon take care of the correction. Perhaps we cannot do better than state that every dog in this kennel is perfectly trained, —if of age,—further, every dog is up in good flesh: the first impression is, that they are a little on the fat side. But handle them, and you are surprised at the firmness of flesh and hardness of muscle. Mr. Booth explained that he would rather have a little flesh to work down in the spring, than have a dog that required picking up in flesh, when running. Then, too, he prefers to have his dogs in such condition, that they show no signs of distress, no matter how strenuous they race. He abhors the thought of stimulants and refuses to own a dog that needs such treatment. Fortunately, this owner has the assistance of several young fellows, who, through the general conditions are not employed at present. They find a real pleasure in exercising

the Whippets. Every dog is given a thorough good run. Each lad takes four dogs, there are from 20 to 25 in the kennel. Just south of the kennels, there are the open prairies, where jack rabbits are fairly plentiful, and how they can make good use of their time. It takes a real good Whippet to catch a Jack, if he gets any start at all. So we leave you to picture the thrills encountered, both rabbits and dogs are prairie wise and dodge pitfalls and barb wire fences in a remarkable way. If the Jack cannot make good his escape, it is just too bad for him, for these fiery eyed, eager, little "long tails" mean business, and one would have quite a task in trying to stuff and mount a jack rabbit after the dogs had done with him. There's the secret of the good muscle, and the vigorous health. The owner of the dogs does not cater to the show bench specimen, but to a rather larger dog that can, and does, put up the game—and then goes after it. You are at once attracted to the bone in the legs and the perfect feet on all the dogs, and each dog will pose like a statue. Even in their exercising yards they are called on to further build up muscle, they have a rope to pull on, and when moving from one pen to another, they have to jump over a gate and they sure do it with ease. Great care is exercised in feeding, and each dog gets his meal, there is no such thing as taking a chance of any one dog getting the "lion's share."

We will endeavour to give readers a brief outline of the dogs' breeding and a few facts regarding them. This must however, be very brief, or our space will be about taken up, and our genial Editor, "Jimmie Strachan", will find it necessary to use the "blue pencil", plus a courteous scolding to the offender.

We will start with the daddy of them all, "Sandie", sire, "Patches", dam, "Strathcona Six".

"Rambling Katie", female, a fawn, born, 1924; sire, "Strathcona", dam, "Inspiration", "Christmas Daisy", female, nearly all white, fawn markings, sire, "Sandy", dam, "Rambling Katie", "Pretty Polly", female, "Wild Night Again", female, both the latter by "Sandy" out of "Rambling Katie", "Ch. Portland Bay", "Ch. Little Eva", "Mornington Canon", "Fleeting Memory", "Denver Denny", "Batchelor's Button", "Curious Mickey", and the "Drifter", "Wilful Barney", and "Canon Ball". The above will give some idea of the kennel inmates and the dogs are all registered. In forming the kennel, several matings were tried out. "Sandy", about 7 years of age, is a wonderful dog and mated to "Rambling Katie", produced real Whippets;

Gastric Trouble

quickly ended.

Gastric, or stomach trouble, one of the most distressing and at the same time most common ailments in the dog, is also a warning of more serious trouble brewing. Therefore this symptom requires prompt treatment. Give Karswood Dog Powders at once. The trouble then will quickly be ended and all danger removed. Read this letter:—

32, Sunny Bank, Hull.

Some weeks ago my Collie dog, Hymer's Sensation, had a very bad attack of gastritis and was in a shocking condition, no appetite and losing flesh rapidly. I tried various advertised remedies, but nothing seemed to help until I wrote for two boxes of your Karswood Dog Powders. After 3 days the dog looked much brighter, and after one box of Karswood Dog Powders, was eating well. He is now quite fit, and has no return of stomach trouble.

(Mrs.) G. C. LEACH.

Karswood Dog Powders contain specific nerve foods and organic salts not contained in the dog's ordinary diet, but which are necessary to enable his system to throw off disease. No other dog preparation contains the same ingredients—hence none is so effective for the purpose. Prove this for yourself.

Karswood Dog Powders

Manufactured by E. Griffiths Hughes, Ltd. (Estab. 1756), Manchester, England.

If you have any difficulty in obtaining supplies of Karswood Dog Powders please write, giving your dealer's name and address, to

the next step was tried out and it was found the best dogs were produced by mating "Sandy" to some of his own daughters. The two beautiful bitches, "Pretty Polly" and "Wild Night Again", bred to "Sandy", produced the very best—"Denver Denny" and "Batchelor's Button".

"Pretty Polly" also produced well when bred to "Ch. Edina Dictum", as shown in "Wilful Barney", "Canon Ball", "Curious Mickey" and "The Drifter". There are a couple of puppies, one all white, and one nearly all white, by "Portland Bay" ex "Fleeting Memory". "Rambling Katie" is about 12 years old and can still make the best travel. She is a grand old bitch and an ideal producer. Probably the grandest bitch of all is "Christmas Daisy", she is about 3 years old, this bitch has never been bred and as Jim says, "maybe I am courting trouble", but he does not believe in raising too many puppies, and so overloading the kennels. Next month we will take up another angle—probably training. I may say if any are interested in Whippeting, Mr. Booth will be very pleased to correspond, and his experience, both here and in the Old Land, will be at the disposal of those that seek it.

We are pleased to record at the time of writing, that we have not heard of any cases of Distemper from our Saskatchewan readers. Care, however, must be exercised, for in some parts it appears to be taking a heavy toll, and it should be remembered that "an ounce of prevention is worth more than a pound of cure".

The Mutual Kennels have made the odd sale, and others are pending. All the dogs are happy and well. The Irish Terrier, "Ch. Ardbahn Patricia" is in whelp to "Tim Healey", also two others in "Mutual Arrogance" and "Mutual Courage", the latter two will shortly leave for new homes.

Just at the last moment we received the following news from one of our Kennel and Bench readers in San Antonio, Texas, telling me of the doings of some of "Ch. Sporting Sheila's" daughters' doings in that part. "Usceltic Judy" has won at Dallas, Texas, Winners, 5 points; Fort Worth, Winners, 5 points; San Antonio, Winners, 5 points; Miami, Florida, Winners, 2 points, completing her championship at eleven months of age. Her sister, "Usceltic Molly" being a close up all the way, and now that "Judy" is finished, "Molly" is considered the next contender, her wins were made under such judges as: G. S. Thomas, Enno Meyer and Geo. Cranfield. "Ch. Sporting Sheila" was shipped in whelp from the writer's Mutual Kennels, which makes these successes all the more gratifying.

Maritime News

By Provincial Contributing Editor,
G. D. ANDERSON, Halifax, N.S.

ELECTIONS. What a turmoil they create in this part of the world. I have lived in most sections of Canada east of Winnipeg, and have been exposed to elections of various sorts in many communities of most of the provinces of Canada; but, believe me, brother, when I say that you don't know anything about serious politics and elections until you live through one or two in this sea-bounded neck of the Dominion. Even the doggie elections stir up quite a lot of good-natured, though, nevertheless, keen and verbose interest among the folk who exercise that particular franchise.

Now that the C.K.C. elections are over for another year and the smoke of the fray has blown away, we find that A. V. "Bert" Martin is again elected as Maritime Director. To you, "Bert," and to all the other officers of the C.K.C. for 1934, we extend not only our hearty congratulations, but also the sincere wish that the annual meeting will find in your leadership the proper spirit to bring about several of the changes and regulations so necessary for the betterment of Canadian Dogdom. I refer particularly to such things as a new scale of championship point rating: the right of members to be able to vote by proxy at the annual or other meetings: the registration of unregistered champions: and a dozen other things that have been discussed quite freely in the pages of **Kennel and Bench** on more than one occasion. It's a great game and one in which many of us are not only keenly, but vitally, interested, and we should all do our part to conscientiously do our best to view the problems that confront us from time to time in a broad and unselfish light—and then follow the path that is going to make Canadian dogdom and the Canadian Kennel Club the finest in the world. So many of us strive to reach our ideals in the various breeds that we own or sponsor, yet too few try to do their fair share to make our canine organizations ideal in their field. 'Tis true that they are not perfect and a lot of grouching and criticism won't help to improve them. Instead, let us all get out shoulder to the wheel and do our part in a constructive rather than a destructive manner.

Now to most of you our Maritime Director is quite an unknown person, and in order that you may know him better I am going to tell you a few things about him and his dogs.

"Bert" first saw the light of day in Halifax some forty-odd years ago, and he must have liked the scenery because

we still find him here. When his education was completed he followed quite a normal course in that he found a very charming girl whom he married. Then he bought a house and settled down to the serious business of housekeeping and raising a family—and he has made a good job of it, too. Today he has three sons and two daughters, one of whom is very much in evidence at all the Halifax dog shows.

"Bert" travels Halifax and district in the interests of W. H. Schwartz & Sons and he sure knows his "Peerless Spices" and the other products of the firm. Eleven years can teach one a lot about almost any of life's occupations if one takes them seriously. Bert does.

A lot of pictures and ribbons, and a house amply supplied with silver and other trophies testifies to the fact that Bert has had dogs for some twenty-five years. How the various breeds have changed and improved in that time. For eleven years he has been showing dogs at various Maritime shows and his entries have never been very far from the top. His first show breed was the ever popular Boston Terrier, and he did a lot of winning with them. The first one to really "bring the bacon home" to Bert was "Oakland Jiggs". He was a son of "Oakland Arrow," who also had an enviable show career and was really a pillar of the breed in the Maritimes. Bert bought "Arrow" when he was at the peak of his fame and continued to show him and his progeny for several years with very gratifying results.

Then about seven years ago he got interested in Collies and that interest is still paramount today. The first one that he bought came from the late Harry Hungerford, who was one of the best

known Collie breeders in America. Later, he bought six or more additional dogs of this same "Mountaineer" strain. In 1928 "Mountaineer Mistress" brought the first coveted Collie championship to Bert. An outcross seemed to be needed, so while attending an annual C.K.C. meeting in Toronto our Maritime Director did a little shopping which resulted in the purchase of a young stud from Wm. Fear. This dog, now known as "Ch. Major Lukeo," was sired by "Captain Lukeo" and had "Tazewell Tazza" as his dam. "Major" won his championship at the tender age of eight months, but has been shown ever since and has always won the Best of Breed award. In addition to this it is only fair to say that he has won the "Working Group" and the C.K.C. Trophy no less than seven times. Now just because I have said a lot about dogs that Bert has bought, don't infer that he has not bred some real ones. If you do you are all wrong. Right now he has a pair of young and unshown Collies that are not only going to beat their sire in the future, but they are going to open your eyes by attaining even greater canine honors. They are real ones and are going to go far. "Wait and see".

For ten years Bert has been a very active member of the Nova Scotia Kennel Club, and for the past eight years has been that club's very efficient secretary.

Last year he received a judging license for all of the "Working" breeds. He judged that "group" at the Nova Scotia Provincial Exhibition Dog Show a few months later and he did a real good job of making the awards.

In addition to all this he has been our Maritime Director for three years. He likes to fish and hunt, drives a Plymouth, and has a weakness for light grey hats and Henry McLeod, but abstains from the use of tobacco and "he-man's liquor".

Friends, you now know a little more about "Bert" Martin, and I think you will agree that he is well qualified for the office to which he has been elected.

Now that I have broken the ice, let's find out some things about a lot of others who are so often being referred to in **Kennel and Bench**. This sort of knowledge is bound to bring us all closer together and will surely help to promote a better understanding between us all. And that in itself will do wonders to help our "game" along.

In the December issue of Dog News I read in Fred L. Kem's Collie column that Ed. Pickhard remarked: "The way to create Collie interest is to breed better Collies". So true, and still so true when we substitute the general word "dogs" for his word "Collie". And then, if we

ponder over the thing for a moment we find ourselves trying to answer the question that bothers a lot of us at times. Shall we breed for ability and usefulness or shall we try to create the type that will win in the show ring? This question is perhaps discussed more by the breeders of sporting breeds than those who are interested in the other breeds. I feel that if we are to believe Ed. Pickhard's remark in its general sense we must breed for ability. We must make our dogs capable of doing the work nature intended them to do in an even better way than they can do it now. And when we have reached the ideal in the working ability field we should attempt to improve our type by careful, selective breeding. I am convinced that this is the only way in which we can improve our dogs, particularly our sporting and working breeds. Too few of our field trial winners are also show ring winners.

While speaking of improving dogs and dogdom, I must mention the passing of one who has done a great deal in his life for dogs in America. I refer to the late Dr. J. E. De Mund of Russian Wolfhound fame, and for ten years president of the American Kennel Club. His recent death is regretted by doggie folk in almost all parts of the world.

Now, friends, I know that your comment to all this may be that there is little news of the breeds. You are right. Truth is I have some detail news but must omit it this month in order to leave some space for the New Brunswick notes that my friend, R. B. Laskey, always sends to me. He is the best correspondent I have and never fails to send lots of news each month. I sincerely wish that more of you would do likewise. There is sure to be news regarding your kennel that would be interesting to others, but if you don't send it along to me I certainly can't tell about it in this column. Let's get together and make this the best column in **Kennel and Bench**. I'll do my part if you will send in the news. Mail it to me at P.O. Box 770, Halifax. Thanks for helping me to make next month's Maritime Notes just full of interesting news. And

will stimulate your dog's desire for food, improve digestion and aid in restoring him to normal health.

The New Brunswick Kennel Club at their monthly January meeting voted unanimously for holding their annual show in September, in conjunction with the Saint John Exhibition. The re-elected President, Ronald C. Vaughan, is the Dog Show Committee Chairman. Those interested in Maritime Bulldogs will regret to learn that Chas. Hutton and Mrs. Hutton, Kentville, who for several years had considerable success exhibiting the "national breed" are soon to return to their native land, England, for an indefinite stay, disposing of their Bulldogs to William Baker, Middleton. Three of them are: "Hold 'er Jake", "Knockout" and "Herbal Baby II", all Canadian-bred.

This looks as though "Will" Baker would have the Bulldog field all to himself now that Messrs. Doherty and Hutton are no longer exhibiting at our Maritime Shows.

Bliss A. Smith, Saint John, who in the past has had considerable success here and Upper Canada with Cocker the last fifteen years or so, has a new solid colored bitch, a well feathered daughter of "Ch. Allhambra Chief." She is now in whelp to one of Mr. Stuart's "Derby" sires. We trust this new Derby Trollop makes good with a winning litter. With a continued demand there is room for more better Cocker.

A very recent letter from Caswell Barrie, our American Scotty-breeder-friend and Maritime summer resident, wants to be remembered to the Halifax and Saint John Terrier breeders. He means to visit us again and spend another season at his holiday home in Smith's Cove, where he has summered for many years.

It was an optimistic letter that informed us of his complete convalescence following his recent accident—he expects to look quite normal this winter with a new artificial limb. When we think of all that he went through last summer, we can only say—"there's a brave Scot!"

"YOU HAVE THE GOODS FOR DISTEMPER"

"On-the-Nose" Method Pleases Ontario Dog Fancier

"I had a female Cocker Spaniel showing decided signs of Distemper, and had four other puppies down before I got Distempout (ON-THE-NOSE in U.S.)—and all were very sick—Distempout (ON-THE-NOSE in U.S.) arrived Saturday morning—and on Sunday afternoon they were looking up for eats."

The original unsolicited letter from this satisfied Distempout user, and many others, is on file at our office.

You simply cannot equal Distempout as an aid in treating distemper afflicted animals, or as a "conditioner" for building up resistance against this dread disease. Its simple, easy method of application ON THE NOSE of the suffering animal eliminates struggling and conserves the patient's vitality.

Distempout is sold by many pet dealers, druggists, and kennels throughout Canada. If your dealer hasn't it, send \$1.00 for liberal tube, or write for details.

"Where can I buy the best Life Insurance Policy?"

Several things enter into the consideration of this important subject. What is the premium rate charged? What dividends are given on the policy? Is the company economically managed so that its future prospects for dividends are good? Does it earn a good interest rate?

OUR FRONTISPIECE

It is always with pleasure that we feature any of the larger breeds on the front cover of **Kennel and Bench**, not that we favor any breed particularly, but we always feel that we owe a debt of deep gratitude to those who sponsor the "big fellows", where breed character, size, substance and soundness are all essentials which are hard to find, and when found, to keep, in the large breeds.

Mr. and Mrs. Paul R. Forbriger, Brooklyn, N.Y., are valuable additions to the "Saint" Colony in the United States. Just a little over a year ago several Saint Bernards were imported by the Forbrigers to strengthen the "Welbeck" (German for "on the border of the woods") Kennels. Amongst them was the great "Rasko," champion of Switzerland, Germany, and of France.

Making his debut at Westminster Kennel Club Show last February, "Rasko" was soon "spotted" as "something different" by the talent. In a class of eleven (Limit) he was placed first by Judge Enno Meyer, and from this point "Rasko v.d. Reppich Waldeck" went to Newark, New Haven, and to Boston, where he added an American championship to an already bejewelled crown. Sired by the famous Swiss Champion, "Emir v. Jura," and out of "Girda," "Rasko" could not help being good. He was bred by Frau Dr. Wachter, and was piloted to his European victories by the old master, Signor Giavina.

Another distinguished mark of honor was conferred upon "Int. Ch. Rasko v.d. Reppich Waldeck" at Washington, D.C., when he was awarded the Best of Breed ribbon from the hands of the First Lady of the United States—Mrs. Franklin D. Roosevelt.—Lucky "Rasko".

Canadians attending Westminster Kennel Club Show this year should not fail to visit the St. Bernard section of

that great show and treat themselves to a first hand view of "Rasko," who will no doubt be found in the "not for competition in the regular classes" section of the entry. The "Saint" entry this year will be a feature of the show.

Again we reiterate our abiding esteem for the men and women who so splendidly stand behind our large breeds. Without this powerful support we can only visualize what would happen, having in mind the decadence of several such, purely because essential support was withdrawn.

Dogs Need Vitamins, Too

If the youngster in the picture were fed haphazardly he would quickly lose his robust looks and happy smile.

The same is true of dogs. If you want to be sure your dogs will thrive, feed them a Ross-Miller diet. Ross-Miller Dog Foods are scientifically prepared from high-grade beef and pork cracklings, bone meal, fish meal, alfalfa meal, milk and other ingredients including a carefully controlled percentage of pure cod-liver oil.

They build bone, muscle and vitality. That is the experience of expert breeders everywhere in Canada.

By Appointment

A dog fed on Spratt's is not only immensely satisfied with his lot---he's delighted with the unceasing variety that a thoughtful owner can provide.

There are over a score of these famous Meat-Fibrine biscuits and meals and what with the several kinds available for him and the opportunities for change and change about, a dog always has an interest in his food.

Think how much this means to his health, his strength, his vitality; no wonder Spratt's Foods are called the "backbone of the Canine Race!"
