## Pomona Kennels

— Registered —

### SALES DRAFT

Acting upon the advice of her medical adviser, the kennel of  
choice Pomeranians owned by Madame D. Beland must now be  
disposed of, therefore the following high class specimens are  
offered for immediate sale at prices which should ensure quick  
sales:

- 1—CHAMPION ELITE OF POMONA, a young orange female  
by Ch. Fairy King of Pomona (Imp.) ex Ch. Charmaine of  
Pomona.
- 2—SUNNIEST LITTLE BOY (Imp.). Orange male. Sire, a son  
of Ch. Sunniest Sunbright.
- 3—WINSOME OF POMONA. Orange sable female, by Woodfield  
Rob Roy of Pomona (Imp.) ex Blegbie Joy Brimful (Imp.).
- 4—TAY KING (Imp.). A smart young orange dog sired by Ch.  
Woodfield Diamond King.
- 5—JONVILLE YOUNG DRAGON FLY (Imp.). An orange,  
son of Jonville Dragon Fly ex Jonville Ruby, a daughter of  
Ch. Goldspeck Sun.
- 6—MISCHIEF OF POMONA. Orange male. Sire, Ch. Fairy  
King of Pomona (Imp.) ex Ch. Charmaine of Pomona.

The successes of the Pomona Pomeranians are too well known  
to be referred to here, and it is with regret that we make this  
offer for sale. The Pomeranians offered are in perfect health and  
should be purchased by breeders who know the value of the  
offering.

Also for Sale—Choice Male and Female Puppies.

## Meeting of the Board of Directors of the Canadian Kennel Club, Incorporated

THE Annual Meeting of the Board of Directors of the Canadian Kennel Club, Inc., was held at the Club's Offices, 25 Melinda Street, Toronto, on Thursday afternoon, February 8th, 1934, at 2 o'clock. Col. J. N. MacRae, presided. Directors attending included W. H. Reeves, Capt. H. Dudley-Waters, W. H. Pym, Wm. G. Climo, Dr. J. T. Cooper, Geo. Kynoch, A. V. Martin, Brig.-Gen. C. M. Nelles, Dr. H. E. Batt, Dr. C. R. Boulding, W. H. Carter, Wm. Stockdale, H. A. Wilson and Alex. L. Gooderham.

Wm. McCulloch and T. E. Gunderson attended as representatives of the Canadian National Live Stock Records.

The President and Secretary attended to the introductions.

A letter was read from R. G. T. Hitchman of the Live Stock Records Office expressing his appreciation of an invitation to attend and his regrets at being unable to accept the invitation owing to his having to attend a similar meeting of another association.

The Secretary read the minutes of the previous Directors' meeting. Mr. Reeves drew attention to the desirability of further explaining in the minutes that J. C. Woodend's proposed amendment to the Dog Show Rules had been set up in type, had appeared in the galley proofs and had been left out in error in the final make-up.

Mr. Stockdale suggested that the awarding of dates to Vancouver Clubs should be further explained in the minutes. The additions suggested having been attended to, it was regularly moved, seconded and carried:—

"That the minutes be adopted."

The Auditors' report was considered and certain items difficult of explanation was left with the Secretary to take up with Mr. Dilworth.

The President advised that he had secured from the Secretary a complete list of all the securities held by the Club, and that he had consulted several financial experts concerning them, and that he had been advised that the Club was very fortunate in holding such securities. It was regularly moved, seconded and carried:—

"That, the financial statement be received."

At this stage, Gen. Nelles referred to a resolution which ruled that the safety deposit box could only be opened by the Secretary and President together, an arrangement which had not been satisfactory in practice, and suggested that because of the Secretary being bonded for \$15,000, and because

that the new President was resident outside of Toronto, arrangements should be now made whereby the Secretary would be able to personally take care of the coupons and etc., as they matured. It was regularly moved, seconded and carried:—

"That, notice be served on the Bank of Montreal, that in future the Secretary would have access to the safety deposit box."

The financial statement of the Live Stock Records Office was considered, and the Secretary was instructed to get additional information from Mr. Dilworth in explanation of certain items, and to have this information available for the General Meeting.

The Secretary advised that owing to the indisposition of Director R. A. Ross, there were no reports available on the A. V. Vaillancourt, Mrs. Olise Despatie, J. St. Onge and Mr. Morris' complaints.

W. H. Reeves and Wm. Stockdale reported as representatives to the Live Stock Records Board. The reports were considered to be encouraging. It was regularly moved, seconded and carried:—

"That, the sub-committee in charge of correspondence with the Minister of Agriculture be re-appointed."

The matter of registering our unregistered Champions was considered at length. Messrs. Reeves and Stockdale advised that they were both greatly encouraged and suggested that in the near future they hoped to attend the Live Stock Records for a conference which promised favorable results.

It was regularly moved, seconded and carried:—

"That the representatives to the Live Stock Records Board be instructed to nominate one of their number for a place on the Records Committee."

A letter was read from Bowlby and Turville, legal advisers to Arthur Attridge, Vineland, Ont. The Secretary explained the several complaints which had been made against Mr. Attridge for the benefit of the new officers and in view of the fact that he was unable to advise that the complaints had not been removed, it was agreed to leave the matter in abeyance.

The Secretary read a letter from Stone & Cox re the omission of J. C. Woodend's proposed amendment to the Dog Show Rules, and advised that the same had been forwarded to Mr. Woodend.

A letter was read from the Club's

Honorary President, C. A. Stone, Toronto, and the Secretary was instructed to advise Mr. Stone that the Directors were always pleased to receive his suggestions.

A letter was read from Harry Nash, Edmonton, re the registering of the progeny of Golden Retriever-Flat-coated Retriever mating. The Secretary was instructed to advise Mr. Nash that the breeds named were two distinct breeds, and that the Directors would have no authority to instruct the Live Stock Records Office to consider the registration of cross-breeds.

Mr. Climo explained a complaint made by J. Evans, Alberta, concerning an Irish Terrier he owned which had not been registered, and it was regularly moved, seconded and carried:—

"That, the matter be referred to the Alberta Provincial Committee with instructions that the Committee bring in a definite recommendation and submit the same to the Board of Directors."

At this time Col. MacRae called upon Mr. A. P. McVannell, Chief Registrar in the Live Stock Commissioner's Office, for a few remarks. Mr. McVannell advised that he had come to the meeting simply to get better acquainted, and to hear our problems, and suggested that the Department of Agriculture and the Live Stock Commissioner were really interested in the welfare of associations comprising the Live Stock Records, and because of that he hoped that the Live Stock Commissioner and the Deputy Minister probably would be able to attend the Annual General Meeting.

Col. MacRae thanked Mr. McVannell for his encouraging remarks.

Mr. Pym reported that a meeting of the Victoria City Kennel Club had been held on Saturday evening, January 27th, at which the business to come before the Annual General Meeting was discussed. The Fort Garry Kennel Club-George Kynoch trouble had been introduced and, he hoped, satisfactorily explained to the Victoria members.

Col. MacRae advised that he had prepared a statement concerning the Fort Garry Kennel Club-Geo. Kynoch-Frank A. Walsh matters, and read as follows:

"The complaint of the Fort Garry Kennel Club was received by the Canadian Kennel Club some time in June, 1932, and Mr. Kynoch was asked to answer to it. At the Directors' meeting of July 21st, it was regularly moved and seconded that having received the complaint of the Fort Garry Kennel Club and Mr. Kynoch's reply thereto, it was requested now that the Fort Garry

Kennel Club be asked to make a definite charge supported by conclusive evidence and that Mr. Kynoch be asked to offer his defence in a similar manner'. It was some time before these were received, and in view of the fact that Mr. Kynoch was a Director, the Ontario Directors who would handle this matter wished to be fair to both sides. When all the evidence was received it was moved that the 1st Vice-President, or the President, Colonel McFarland, go to Winnipeg and have the matter threshed out there. This Colonel McFarland arranged to do, but on account of illness, first of himself, then of his family, he was unable to do so, and at the time of the Annual Meeting, when the outside Provincial Directors from coast to coast were in Toronto, it was decided to deal with the matter. After all the evidence was presented to them it was regularly moved, seconded and carried;

"That the charge against George Kynoch be not sustained".

Regarding the granting of show dates. Owing to the fact that the application of the Greater Winnipeg Kennel Club was received first, the date was awarded to them.

By arrangement with the Directors I went to Winnipeg the latter part of May, 1933. Nobody in Winnipeg knew I was going there. On arrival there I called the Secretary of the Fort Garry Kennel Club and arranged to meet the Directors of that Club. That afternoon they met in my room at the hotel and threshed out the whole situation. That evening I met Mr. Kynoch and some officials of the Greater Winnipeg Kennel Club in my room and also had there, Col. Niven, whom Mr. Walsh had advised me was absolutely honest and impartial in the matter and would be able to advise me. I again met the Fort Garry Kennel Club Directors the following morning. From these two meetings I was unable to obtain any further information than we already had which would cause me to recommend to the Directors of the Canadian Kennel Club any change in their previous action.

Re cancellation of the Frank Walsh judging license. This license was originally granted to Mr. Walsh on the recommendation of the Manitoba Provincial Committee, and it was on the recommendation of the Provincial Committee that Mr. Walsh's license was cancelled.

After meeting the Directors of the Fort Garry Kennel Club I went with Mr. Walsh to the timekeeper's office where he was employed. There I saw the books which showed Mr. Walsh to be present all the working hours of Friday, the first day of the Fort Garry Kennel Club Show, June 10th, 1932. However, it was shown to me that evening that Mr.

Walsh, being assistant manager of the department, could go and come, to a great extent, as he pleased. The following morning I asked Mr. Walsh if he could not go out of the department on pass and not have it show on the time book. He stated, 'Absolutely no'. After leaving my room Mr. Walsh returned in about ten minutes stating that he could go out on pass but for not more than one-half hour. I then got affidavits that Mr. Walsh, being assistant manager, did not necessarily need a pass to go out, and that he could, and did go out without a pass. Mr. Walsh informed me that the catalogues were not received at the show building till 2 p.m., June 10th. I was, however, informed by the printers that they delivered one hundred copies at 10.30 a.m. on that day. This was corroborated by the show secretary, and also by the other judge of that day who also informed me that he talked to Mr. Walsh that morning and that he was looking over the dogs with a catalogue in his hand.

From this evidence I declined to suggest to the Directors of the Canadian Kennel Club that their previous actions be changed.

(Signed) J. N. MacRae".

It was regularly moved, seconded and carried:—

"That, the Secretary write the Secretary of Fort Garry Kennel Club asking for a complete list of names and addresses of the Officers and members of the Executive of the Fort Garry Kennel Club, as of November 25th, 1933".

A letter was read from George F. Ridge. The letter furnished Mr. Ridge's opinions on the Manitoba situation and tendered his resignation from the Canadian Kennel Club. It was regularly moved, seconded and carried:—

"That, the resignation of Mr. Ridge be accepted."

The Secretary reported progress in the Williams-Steggall and the Goulder-Thompson complaints.

A letter was read from the Live Stock Records Office concerning an investigation by the Royal Canadian Mounted Police into the irregularities reported by Special Investigation Officer T. D. Carruthers relative to the breeding operation of Dr. T. E. Sleeth, Vancouver, B.C.

It was regularly moved, seconded and carried:—

"That, Mr. Pym be asked to accompany the representatives of the R.C.M.P. at the investigation."

The matter of control over Pet Dog Shops was discussed at some length, and it was regularly moved, seconded and carried:—

"That, it be recommended to the incoming Board of Directors, that a

Special Committee be appointed to deal with the question of controlling such shops."

A report sent from the Live Stock Records Office in connection with the investigation of the Royal Canadian Mounted Police into the breeding operations of W. J. Barber, Cornwall, Ont., was read and considered, and it was regularly moved, seconded and carried:—

"That, W. J. Barber be summoned to appear before the Board of Directors at their next meeting to be held Thursday evening, March 15th, 1934."

### Wire Haired Fox Terriers

OFFERS AT STUD

(BY APPOINTMENT ONLY)

CHAMPION

TALAVERA SYMINGTON (IMP.)

(C.K.C.S.B. 106145)

NINETEEN THIRTY-THREE WINS

This Wire Fox Terrier has made some remarkable wins. Winners at Aurora, Best of Breed at the Canadian National Exhibition, Winners at Ottawa, Best Terrier at the Royal Winter Fair, and Best of Breed at Guelph.

LATEST WINS

At the 50th Anniversary Show of the American Fox Terrier Club held at New York, Saturday, Feb'y 11th, Talavera Symington won 3rd prize in a hot class of 11. Concerning this fine win, Alf. Lepine, expert Terrier critic said: "Ted Ward got third spot here with a Canuck-owned one that had as nice conformation as any Wire voyaging down from the Dominion for a coon's age." At Madison Square Gardens, "Talavera Symington" won 4th prize in a class where several smart wires had to leave the ring unplaced. At Buffalo, Feb'y 24-25, "Talavera Symington" was declared Winners and Best of Winners.

THESE ARE ALL REAL WINS

STOCK FOR SALE

Stud Dogs, Bitches—Open and bred. Puppies of various ages and both sexes, and we guarantee satisfaction.

SILVER TIP BISCUIT CO. LIMITED MONCTON NB

"That, the Canadian Kennel Club goes on record as taking the stand, that in any community within the jurisdiction of this Club where discord exists on account of dog shows, that no license be issued to hold a dog show under Canadian Kennel Club Rules to any show-giving Club acting in a manner considered to be prejudicial to the best interests of the sport of exhibiting pure-bred dogs."

It was regularly moved, seconded and carried:—

"That, the Canadian Kennel Club will give preferential rights in regard to dog show dates to those show-giving clubs that have declared in their Constitution a definite annual dog show date, provided that a copy of such Constitution is filed with the Secretary of the Canadian Kennel Club, but no dates other than those specified in such show-giving Club's Constitution will be reserved for any Club. In the event of an amendment to a show-giving Club's Constitution in regard to show dates a certified copy of such amendment must be filed with the Secretary of the Canadian Kennel Club within fifteen days after such amendment has been made, and no show-giving Club shall be granted preferential rights for more than one show during any calendar year, and no amendment will be recognized if such amendment conflicts with the date of another show-giving Club, and any Club who fails to hold an annual show shall forfeit their prior rights in regard to show dates."

It was regularly moved, seconded and carried:—

"That, the proceedings of the Annual General Meeting be printed as a supplement to **Kennel and Bench**, and sent to all members in good standing only."

It was moved:—

"That, the Minutes of all Directors' meetings be sent as supplements to members in good standing only."

After discussion, it was agreed to await particulars as to cost, etc., of the handling of the proceeding of the Annual Meeting along the above lines.

It was regularly moved, seconded and carried:—

"That, the Secretary-Treasurer be re-engaged for the period of one year."

This being the business coming before the Board of Directors at this time, it was regularly moved, seconded and carried:—

"That, this meeting do now adjourn."

**NOTE.**—These Minutes are subject to correction when presented for adoption at the next meeting of the Directors.

# BRAEMORE KENNELS Reg'd

26 OXFORD STREET - - TORONTO, ONT., CANADA

Champion Walnut Rattler (Imp.)

Champion Wyrecote Watalad (Imp.)

Champion Walnut Rouge (Imp.)

Home of imported Wire Fox Terriers and Scottish Terriers—  
selected from England's most noted kennels.

## OFFERS AT STUD

The following well known Terriers

### CHAMPION WALNUT RATTLER (Imp.)

A double cross of Champion Fountain Crusader, and a sure fire producer of high class typical stock, too well known to require any further comment here. **STUD FEE, \$20.00**

### CHAMPION WYRECOTE WATALAD (Imp.)

This smart son of Ch. Talavera Simon was very much in the limelight at all shows in the Ontario Winter Circuit when he was Winner at the National Kennel Club (Royal Winter Fair), Winners at Oakville, Winners and Best of Breed at Toronto Ladies' Kennel Club, Winners at Guelph. Our newly crowned **Champion Walnut Waffle** is out of the same dam as "Watalad," and "Waffle" was Winner Bitch at all the shows enumerated above. There are some new Wires at Braemore Kennels waiting for the Spring and Summer shows to show their quality. **STUD FEE, \$20.00**

Braemore Wires and Scotties can—and do—win.

### WALNUT LEADER (Imp.)

By Champion Weltona Pebble, a really outstanding wire, smallest of dark eyes, long, clean cut head, and a coat of pinwire texture, a consistent winner. **STUD FEE, \$15.00**

### WELBECK CRUSADER

A Wire Fox Terrier which is an ideal cross between Champion Fountain Crusader and Champion Epping Extreme. A many times winner, and the conqueror of Ch. Walnut Rattler at Montreal in 1931. He is particularly suited for bitches lacking in size and substance. **STUD FEE, \$10.00**

## BRAEMORE SCOTTISH TERRIERS

offer the very choicest blood combinations obtainable in the  
Scottish Terrier world today.

### CHAMPION WALNUT ROUGE (Imp.)

A black brindle "Scottie," who is a splendid son of the world's greatest Scottish Terrier, Champion Heather Necessity. **STUD FEE, \$25.00**

### TARVIT TORCH (Imp.)

An extremely smart "Scottie," who shows twenty-seven champions in his five generation pedigree. He is by Champion Albourne Barty, ex Mannock Mikadoo, who is a full sister to Champion Albourne Arthur. **STUD FEE, \$20.00**

### KEMPTON MacADAIR

Very black brindle, short back and tail, low to ground, a real Scottish Terrier. **STUD FEE, \$20.00**

## FOR SALE

Choice Wire Fox Terriers and Scottish Terriers, Stud Dogs, Brood Matrons, Show Specimens or Puppies for companions.

# The Canadian Fancy

By WALTER H. REEVES, Belleville, Ont.

THE members present at the annual general meeting must have been impressed by the constructiveness of the meeting—there was a pleasant feeling of optimism and the general opinion appeared to be that the breeding and exhibition of dogs had stood out for its marked success in a season of all round general depression, and that many of the members had come out on the right side of the ledger as had the club and its official organ, **Kennel and Bench**. The many amendments which were brought forward caused plenty of arguments, but they were constructive arguments and helpful to the directors, discussions which showed by their earnestness that the debaters were not out to kill but to help. We had the invaluable assistance of several of the officials of the National Live Stock Records, including J. D. Brien, the chairman of the Record Committee. The Minister of Agriculture was represented by George Rothwell, who outlined the reasons why so many of the former amendments had not met with ministerial approval, namely, they did not conform to the Live Stock Pedigree Act. When the meeting closed one came away with the feeling that something had been accomplished, that the members were in harmony with the club, and that the National Live Stock Records were human and wanted to help our sport, providing nothing was asked of them, which if granted, would affect the world wide splendid reputation of the National Live Stock Records. Our new President, Col. J. N. MacRae, made an admirable chairman, and the new directors for Ontario gave ample proof at the meeting that they are going to prove a very valuable asset to the club.

A very interesting law suit is likely to be heard in the near future which is of special interest to those importing dogs from Europe. It appears that a well-known exhibitor made enquiries about a certain dog, and his owner in replying sent with the particulars a supposed photograph of the dog. After the exchange of several cablegrams the dog was purchased, and we may now hear of a very interesting case debated in court. The purchaser when completing the deal found it necessary for him to go to Europe and cabled instructions "don't ship dog." On arriving in Europe, he went to see his purchase and then the fireworks started for he declared the "goods were not up to sample."

A practice that has increased of late

years amongst many photographers who make a special feature of photographing dogs is trying to make the dog as near perfect as possible in the photograph. One has only to peruse the art supplement of dogs published from time to time to notice the similarity there is between the really great winners and the novice winner, the only apparent difference being markings. The doggy photographer apparently steps in to mend nature's defects, new tails are painted on to the negatives if the tail is not up to the standard, heads, ears, bodies and fronts can and are improved; in fact, one can almost believe the story of a Canadian who had purchased a Wire-Haired Fox Terrier whilst in England, and thinking he might need some photographs for publicity purposes took his new purchase to one of these doggy photographers, I have heard them called a very different name by those who have been deceived by their "art." The Canadian, goes on the story, was astounded when the expert manipulating the camera, took a look at the Terrier and then took a clay model and with paint brush and colors painted the markings of the Terrier on the model, and when he had finished said the photographs will be ready in a few days, but stopped the Canadian, who was so nonplussed by the proceedings that he couldn't say a word, with the remark, "Oh, wait just one moment, I see that the tan markings entered further down the flank on the right side, so I must alter the model as I'm giving you proof of both sides of your Terrier."

The other day I had the pleasure of a visit from a pre-war friend who had quite a successful Fox Terrier kennel. Since the war he has been managing a tea plantation in Ceylon, and happening to be in New York at the time of the Westminster Kennel Club Show, was able to see his favorites judged, and came away apparently nonplussed at the uniform quality of the Wires. What chance would "Matford Vic," "Gipsy Moth," "Estelle," "Wireboy of Paignton," "Dusky Admiral," "Dusky Siren," "Go Bang," "Royston Rewins," "Dusky Ruth," "Cackler of Notts," "Sylvan Result," "Barkley Ben," or any of our pre-war champions have against the present cracks which I saw at New York was one of the questions he asked me. A very difficult question to answer for the pre-war cracks are out of the picture, and one can only judge dogs by comparison. Personally, I am of opinion

that our present day Wires come nearer to perfection than the pre-war cracks. Another factor that has to be taken into consideration is the improved methods of trimming, we allow far more than in pre-war days. Then take handling—Terriers used to be shown on a long lead, today the only purpose of a lead is when the paces are being tried.

When it comes to posing the handler usually gets down on his knees and holds up the neck and tail of his charge, this method of handling hides a lot of faults. I remember some years ago placing my hand around the legs of a Terrier shown with the excessive leg feathering favored today to find out the quality of bone, and I found something I did not expect, a broken and badly set front leg, the bone was decidedly crooked.

In pre-war days this Terrier would have had to have been retired from the show ring for the "nanny goat beards," and excessive leg feathering were not favored then. I don't know how long ago it was that this Terrier's leg was broken, but I do know that he was an International Champion. Notwithstanding the fact that we all realize that the art of trimming today is vastly superior to the pre-war methods, I do not agree with many old time breeders who contend that the old time champions were the equal—and some go further and state—the superior of our present dogs. I may be wrong, but as I told my friend, a great many of our pre-war champions would be amongst the first to be excused from the ring if shown today. There are, I know, many men that are showing today that consider that "Ch. Matford Vic" was, and still is, the best Wire bitch they have seen, but they would, I believe, change their opinion if "Vic" could come into the ring against some of our present day stars. Please don't misunderstand me, I don't claim that all our breeds have improved, but I do claim that the popular ones have. Breeders today are far more constructive, the old haphazard methods of pre-war breeding have gone, and one realizes this when watching the judging of some of the popular breeds and some of them old breeds at that. A very striking example of what can be accomplished with constructive breeding is the Kerry Blue Terrier, which is in my opinion the most improved of all our Terriers since pre-war days.

The writer is pleased to see that the Ontario Hunters' Game Protection As-

sociation at their meeting, held at the King Edward Hotel, voted unanimously in asking the Provincial Government to again allow the use of dogs for deer hunting. The President of the Association, William Castle, said that a suggestion had been made that Beagles only should be used, but this suggestion did not meet with favor for the meeting wanted the ban lifted in its entirety.

Well, Canadian exhibitors who went to the Westminster Kennel Club Show are certainly to be congratulated. I am not going over their list of wins for this will be covered by our Editor who was present, but we cannot let the win of Reserve for Best in Show pass without some mention in these pages. The notable feat was achieved by Miss Helen Cluff with her now well known Old English Sheepdog, "Champion Snowflake," just nosed out of the premier award by the Wire-Haired Fox Terrier, "Flornell Spicy Bit of Halles-ton," owned by Stanley Halle. Dr. H. Jarrett, who was judging the principal special, is one of the soundest all round judges on the American Continent, a man who has had great experience and one who puts them as he sees them, and not as the other judge did. Dr. Jarrett, I know, is particularly keen on Old English Sheepdogs and he often placed the late Tyler Morse's grand pair, "Ch.'s Shepton Hero" and "Slumber" at the head of affairs when they were proving almost invincible some twenty years ago. Aubrey Hopwood delves deeply into the past history of the Old English Sheepdog in the New Book of the Dog, published by Cassell & Company and edited by Robert Leighton.

One of the illustrations used is a painting by T. Gainborough, R.A., of Henry the Third, Duke of Buccleugh, with an Old English Sheepdog. This is supposed to be the first authentic picture of an Old English Sheepdog, and the picture was engraved by John Dixon in 1771. The Old English Sheepdog used to be known as the Drovers' dog or the "Bobtail," and I can remember as a boy often noticing, when the custom was to drive cattle into London, one or two "Bobtails" assisting the drover. Aubrey Hopwood, at one time a very successful breeder and exhibitor, writes that from careful consideration of the weight of evidence it seems unlikely that the breed was originally a tailless one, but the modern custom undoubtedly accentuates its picturesqueness by bringing into special prominence the rounded shaggy quarters, and the characteristic bear like gait which distinguish the Old English Sheepdog.

It was not until 1873 that his ad-

mirers succeeded in obtaining for him a separate classification at a recognized show. At the Birmingham Show that year, only three exhibits were shown, and the judge found the quality so poor that he only awarded a second prize. In their early days of popularity probably the breed owes more to the facile pen of Freeman Lloyd than any other writer, and in 1889 he wrote a most interesting pamphlet on the breed. Before the late war it was not uncommon for the breed to muster an entry of a hundred and more. We had a number of prominent breeders and some really outstanding specimens were shown. In America the breed never quite caught on.

In the days of "Slumber" and "Shepton Hero," Morris Kenney came over to England and eventually gave the Morse Kennel real competition. Amongst the many good specimens he imported probably "Night Rider" was the best. Aubrey Hopwood states: "In recent times a foolish practice arose amongst a few exhibitors of covering their dogs with powder or whitening, and leading them into the ring in this condition. Apart from the fact that the animals should have been disqualified, the spectacle of a powdered "bobtail" was ludicrous and distressing. Fortunately, the good sense of the majority recognized this and the practice soon died out, one hopes for ever." The practice of using powder spread to America, and it was not until the last few years that it was discontinued. Harking back to Aubrey Hopwood, he continues:—"Once thoroughly cleaned and brushed the dog should be shown in his natural condition and on no consideration whatever should any attempt at trimming, plucking or removing live coat be countenanced, any such practice, if detected, should bring its just reward in a sentence of disqualification, and it should be the pride of every exhibitor to keep the breed free from any possible accusation of undue preparation." Height caused some considerable discussion in the early days of the old English Sheepdog Club. Aubrey Hopwood advocates a shoulder height of twenty-four inches and he states that if these twenty-four inches be combined with lightness and activity, a compact well-rounded body, and a short back, plenty of bone and substance, a clean neck and shoulders and good legs and feet, their owner will take a lot of beating. Then about hind action—In his slow action a "bobtail" should move like a bear, working the fore and hind leg on either side simultaneously with a curious undescrivable shuffle of the hind quarters, which work from loin to toe with every lengthy stride. Free to move at speed he should be an

## Natural, Healthful and Appetising

Every healthy dog is a bundle of energy—always "rarin' to go." Nothing affects a dog's health and spirits as much as the food he gets. Feed **MASTER DOG BISCUITS**—a complete, nourishing diet made from natural feeds—choice whole grains with a balance of proteins and minerals. Rich in vitamins from pure tested Cod Liver Oil. Master Dog Biscuits and Master Kibbled Feed are baked to an appetizing crispness that gives just the right exercise to teeth and jaws and makes meal-time something to look forward to.

active, tireless galloper, covering the ground at a pace quite unexpected in an animal of his build and travelling with wonderfully little apparent effort." New York Show has always set the fashion in dogs for the year. If Wire-Haired Fox Terriers were slipping a little in popularity, the win of "Flor-nell Spicy Bit of Halleston" will bring the breed back stronger than ever, and I expect to see far greater interest being taken in Old English Sheepdogs, and that is the reason that I have at last acceded to the requests of many correspondents to write something about one of the most attractive of our working dogs.

It has been the usual custom of all the Directors of the Canadian Kennel Club to meet at luncheon the day after the general meeting to discuss matters brought up. This year the luncheon was held at the Westminster Hotel. During the luncheon W. H. Pym presented our late president, Mr. Justice McFarland, with a little token of regard from the directors which took the form of an antique Sheffield silver tea urn. Mr. Pym, in making the presentation, said, that our late President had been a member of the club since 1906, was appointed Honorary Legal Adviser to the club in 1908, in 1926 he was elected President and held that office until 1930, he was again elected President in 1932, and now retires to serve the Province of Ontario as an Honourable Justice of the Supreme Court of Ontario. No one had done more than Mr. Justice McFarland to further the interests of the Club or the sport, and his loss to the board was a very real one.

Mr. Justice McFarland in replying said that he would always remember his association with the Canadian Kennel Club with a deal of pleasure, he had made many friends whose friend-

ship he valued, and he hoped sincerely that the directors would always send him an invitation to their luncheon. Jimmy Strachan then in his cheery and clever way made a little presentation to Mr. Justice McFarland of a silver cigarette box which had been sub-

scribed to and given by the staff of the Canadian Kennel Club. Jimmy said that the late President never visited Melinda Street without leaving with all some words of encouragement, and he finished his speech by reading the following lines:

"Mr. Justice McFarland, we are proud this day

To pay you homage whilst we may.  
Those many years—it seems to me—  
You've lived and toiled for our C.K.C.  
The service you've given we can never repay,  
Dollars and cents do not settle that way.  
But if, in our ranks, you have made a friend,  
Then that is the best that God can send.

"Year out, year in, you were always there,  
Gladly willing our troubles to share;  
Year in, year out, you were always true  
To the problems we placed in front of you.

Always a smile, always a 'yes',  
Never a stumble, never a mess;  
Clear of vision, you could always see  
What was best for the C.K.C.

"When war broke out, you were on your way  
To Flanders, where there was Hell to pay;  
Not till that strife was safely o'er  
Did you return to your native shore.  
Back to the law, back to the bar  
To plead for the innocent, the guilty to jar;  
Back to your fireside, back to your dogs,  
Back to us, to clear up our fogs.

"In your preferment we sincerely rejoice  
And toast you today with whole-hearted voice.  
We will take hold where you now leave off,

 And keep your mind off the bonnie lasses,

Pledge heartily our own dear Frank,  
 Sound and solid as England's Bank.

May his shadow never grow one whit less,

May his latter days be one big happiness,

May he always be proud of you and of me,

And particularly proud of the C.K.C.

—J. D. Strachan.

S. W. Scarpa, Point Fortune, P.Q., has very quickly made his presence known around Montreal for he has had quite a run of successes with some of the wire-haired fox terriers he brought back from Europe. "Thet Thelma," at one show at which she was competing, won the special for Best in Show. No doubt we shall see some of his Terriers competing at our Eastern shows, and maybe he may induce James Strachan to come back again. The absence of the Ormsby's from our shows has been a great loss to the sport. Mr. Scarpa has just returned from New York. He writes: "It was just like being back home at Cruft's. I learned again a lot and, of course, was thrilled".

Robert Taylor, Brownsburg, Quebec, is a new recruit to the ranks of those interesting themselves in the welfare of the Smooth Fox Terrier. He has made an excellent start by purchasing from George Bailey the imported Smooth bitch, "Princess Gertrude," who is by the English Champion "Chorister" and is in whelp to "Haven Spotlight." He also purchased two daughters of "Ch. Bowden Gaylad" and also left an order for an imported son of "Ch. Chosen One of Notts," which is soon to arrive in Canada. Robert Taylor has a small but

very select kennel of Wires and the writer understands he has some real good home breeds to be brought out at the Spring shows. Evidently by his purchases he means to go in strongly for Smooths and we wish him every success. The breed certainly needs a few real enthusiastic fanciers to keep them before the general public.

Mr. Bailey is doing his part to put Smooths on the map in Canada; he has imported from the Clumber Kennels, belonging to Her Grace the Duchess of Newcastle, "Correction of Notts," litter sister to "Ch. Corrector of Notts," in whelp to "Ch. Chosen Don of Notts," and "Comparison of Notts," by "Cromwell Superbs Replica," which is in whelp to "Ch. Chosen Ochre of Notts." These bitches' blood lines are so prepotent that one can safely expect some puppies quite out of the ordinary, and their importation should start the long overdue come-

back of the Smooth Fox Terrier in Canada.

We have been favored with the deluxe annual report edition of the Irish Wolfhound Club of America. This attractively gotten up booklet is illustrated with reproductions from photographs of some of the outstanding Irish Wolfhounds of the day. A message from the president, E. T. Clark, a most interesting retrospection of the club's activities by the secretary, L. O. Starbuck, and a delving into the past history of the breed by Edmund Hogan, S.J., F.R.U.I. Some idea of the information given as to the past history of the Irish Wolfhound by Father Edmund Hogan will be understood when we peruse the explanatory note of L. O. Starbuck, who states that Father Hogan devoted years to searching ancient and modern classics for all references to this great hound and evidence of his character, size and appearance.

News is to hand that E. Summerfield of London, Ontario, has purchased the German Shepherd bitch, "Fugga von Bismarck," a daughter of "Int. Ch. Smoke of Casalta" and "Ch. Alpha von Bergholtz." She has been bred to "Guile von Mebin," a son of "Von Hans Schutting," from which mating good results are naturally expected.

Quite an interesting history has been given to me of G. W. Murray's Scottish Terrier, "The Masher." He is a full brother to "Ch. Fashion Hint," the sire of seven champions. "The Masher," before leaving England, sired one. It appears that the litter which contained these two great "Diehards" numbered five. The dam died when the puppies were two days old and the breeder destroyed the three bitches and hand-fed "Ch. Fashion Hint" and "The Masher." The first named was purchased by R. Chapman when three months old, it is said, for £125, but the breeder, J. Donald, of Inverkip, retained "The Masher," who sent him to Canada on the Scottish trade ship two years ago. I understand that "The Masher" has been used with great success by Montreal breeders.

## Canadian Dogs at Gotham Shows

FROM February 9th until the 14th the entire city of New York went unreservedly to the dogs, and here and there in the motley crowd could be spotted many a fancier from the land of the Maple Leaf intent on finding out what it was all about. And when we tell you that over ninety of the two thousand four hundred and sixty-two dogs benched came from Canada you will readily agree that the depression is badly bent, if not entirely broke, and when we tell you that one of the ninety odd came within a whisker of being best of the two thousand odd, you will pay some attention to the oft reiterated statement made by Walter H. Reeves in the "Canadian Fancy" that Canada has the breeders and the dogs—we have. Many a heart under a Canadian vest skipped a beat or two every so often as honest Dr. Henry Jarrett, of Philadelphia, went about his task of placing six of the most wonderful dogs the writer has ever seen into their respective positions. Look at our illustration and visualize for yourself the magnitude of Doctor Jarrett's task.

In the picture you see half a dozen dogs, they are the cream of their respective groups selected after three days of painstaking judging. The Pointer is none other than "Ch. Benson of Crombie," owned by Giralda Farms. The Old English Sheepdog, "Snowflake," owned by Clearbrook Kennels. The Poodle, "Nunsoe Duc de la Terrace," owned by Blakeen Kennels. The Pekingese, "Wu Foo of Kingswere," owned by Mrs. R. Boalt. The Wire Fox Terrier, "Flornell Spicy Bit of Halleston," owned by Halleston Kennels. The Greyhound, "Lilly of Devoir," owned by Windholme Kennels, and each one a best dog in show specimen at any man's show in any country under the sun. Indeed, most of these magnificent dogs have won best dog in show awards before, the Pointer, many a time, the "bobtail" several times, the Poodle, a recent importation and a sensational specimen, the Peke, a beauty, the "Wire," typy and perfection for size, with a sweet all over movement going or coming, the Greyhound "head like a snake, neck like a drake," and etc. What a sight to look at, what a group to separate.

As Doctor Jarrett put the dogs through their paces, and particularly when he handled each dog individually, the plaudits of the crowd,—which in part you can see,—would rend the atmosphere, but here was a judge of mature judgment, a man free from prejudices or influences, and he was giving his last ounce to do justice to

the wonderful tribute being paid to him after being out of the ring for several years. Finally, it was seen that the crown was to be worn by the "Wire" or the Bobtail—but which? The former did everything he was asked to do by his handler, Percy Roberts, who had brought the dog over from England just a few weeks ago, the Old English Sheepdog was a dream as he hobbled around in true bear fashion, and handled by George Miller Potts, who had often put this wonderful specimen through his paces before. The air was full of expectancy.

Again they moved and no fault being found in the "Wire" he was sent to number one station, and our Canadian "Bob" was sent to number two station there to mark the greatest win for Canada since 1918 when the Bull Terrier, "Ch. Haymarket Faultless" brought the crown of American dogdom for the first, aye, and as far as that goes, for the last time so far, but, you just take it from your "Uncle Dudley," 1934 came within an eyelash of repeating the glorious victory of 1918, and don't let anybody tell you that it was not just as near to it as we have tried to describe the picture for you, and we ask you to make a memo of the circumstance that this was a splendid victory for Canada. Congratulations Mr. F. T. James for you bred this great animal. Congratulations Misses Helen and Marjorie Cluff for the splendid manner in which you present "Snowflake" to the judges at all times. We are all so proud of you both and of your father who takes such a keen

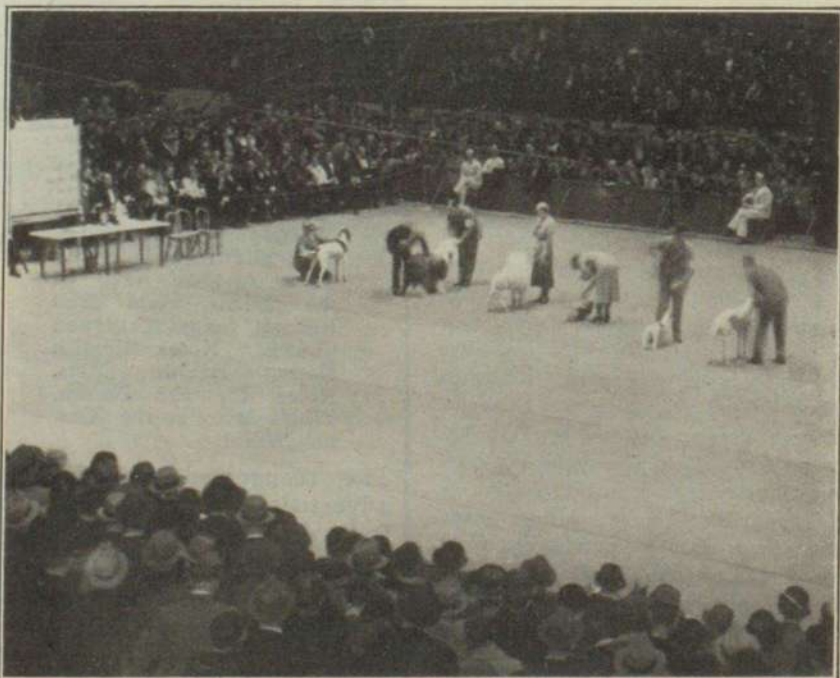

interest in your hobby. Congratulations to Mr. Potts who has so often jockeyed "Snowflake" to the higher places at all the shows.

For the information of our readers and in order to further describe our illustration, we would say that the Poodle was placed third, the Peke fourth, the Pointer fifth and the Greyhound sixth.

We will now endeavour to review the successes of the other dogs from Canada, as we found them taking their share of the prize money in any one of the twelve rings required for the judging. The ring you see in our illustration is the floor of Madison Square Garden, and shows about one-third of the floor space, so you can visualize the 12 rings to suit your own fancy. Take your seat and follow the Canadian dogs as they come to the rings. Keep your eyes wide open or you are quite liable to miss one or two just as we are liable to miss two or three.

Here we have Dr. T. I. Robb's English Setter, "Robb's Blue Dan" in the Novice Class. This one has come all the way from Regina, can you imagine that? yes from Regina. He is in working trim, well muscled up, but on the thin side. Judge Fred Lenoir knows what they look like when they come off the field, but he finds four to beat this far travelled Setter and that's that. A litter sister, "Blue Dan's Pal" comes in for the Limit Class and she, too, looks travel and work weary but she takes third money in a nice class.

Here's a Gordon Setter, "Bain's Jean," and although the name of the

Six of the best dogs on the American Continent came together in the great ring at Westminster. Here we see Dr. Henry Jarrett minutely examining "Ch. Snowflake" of the Clearbrook Kennels, Caledon, Ont. Handler G. M. Potts is making the most of his golden opportunity. Canada came near making worthy history here, in fact, Canada did provide plenty of excitement at this particular moment. "Snowflake" was awarded Reserve Best Dog in Show—All Breeds.

breeder is not given we feel sure she was bred by the late J. W. Bain, K.C., Toronto, for long a pillar of strength in our Canadian Kennel Club. "Jean" gets 3rd in a class of three.

Fred Ratcliffe, St. Catharines, has his Irish Setter, "Ch. Moira" in the Open Bitch Class and gets 4th in a nice class of six.

Puppy Dog Class in solid color Cocker Spaniels, and we notice W. A. Price, Toronto, takes 3rd place with "Shotover of York." Nelson Duckett and Charlie Bowerbank, both of Toronto, have entries in Cockers, but we do not find them in the prize list at the Press Office, where Frank Dole reigns supreme, and makes enquiries about his friends in Canada. Dick Hepplestone, of Barrie, has "Ch. Romilla of Barrie" in the Limit Dog Class (parti-color), and has hard luck when this good Cocker is not placed, however, he takes 3rd money in the Open Class. The Canadian Cockers will always have tough sledding at American shows, as the Cockers winning at Westminster would have a hard time getting past the weight requirements on this side of the boundary line, outside of that, they were a goodly lot of dogs to look at.

Old English Sheepdogs were a powerful lot, we have already referred to the high honors piled upon the beautiful "Snowflake," and mention here that the winners' dog, "Snowflake" and the winners' bitch, "Snow Bunting of Merriedip," were litter brother and sister, and both were bred by Mr. F. T. James, Toronto. Two others out of the same wonderful litter, "Snowball" and "Snowman" were entered by Mr. James for Specials only.

Let us digress here for a moment to mention that "Ch. Rasko V.D. Repisch Waldeck," the dog which featured our front cover of **Kennel and Bench** last month was awarded the prize for best St. Bernard at this show.

The Airedale entry was again sizzling. Eggins and Coleman, Hull, P.Q., won 3rd in Novice Dogs, with "Duke of Airevalley," and 1st Limit Dogs with "King of Airevalley," a litter brother, and 1st Novice Bitches with "Duchess of Airevalley." This bitch won 2nd in the Limit Bitch Class for good measure, Joe Perkins, Toronto, won 3rd Puppy Bitch, with "Water Girl of Ellerslie," and brother Sid won 4th Open Bitches with "Quality Peggy," and they say that Sid sent a youngster down named "Stylish Lady" who did not get into the ring at all, but was sold for a record figure.

Bull Terriers came out around sixty strong for Vinton P. Breese to judge. The Canadian entry was none too robust in numbers this year, but we did notice that the first and second

puppy dog winners were litter brothers and that both were bred by Humphrey Elliott of Ottawa, 1st to John G. Winant's "Hay Market Blue Boy," and 2nd to Mr. Elliott's "Hay Market Prospect."

Cairn Terriers were a nice entry and in a Puppy Class of 16, with but one absentee, Mrs. G. W. Hyslop, York Mills, Ont., had the first big money handed to her by Judge Harriman for her elegant "Conachan of Cairndania," a nine months' old puppy by "Divor of Gunthorpe," ex "Mocassin Mercy." Keep your eye on this youngster as he is surely going places soon. A puppy bitch, bred by the same owner, also won first money in a nice class of promising youngsters. Mrs. Alva McColl, Toronto, won 4th ticket with her "Javanach of Cairndania" in this class.

In Smooth Fox Terriers, George W. Bailey, of Ottawa, won 1st Limit and 3rd Open with his "Haven Spotlight," and 4th Limit with "Bowden Gay Lad." Give Mr. Bailey credit boys, he certainly carried his share of the Smooth Fox Terrier load in Canada and apparently he is still going strong.

Wire Fox Terriers were red hot for quality and for quantity. Imagine, if you can, one hundred and fifty Wires entered and only 30 absentees, leaving 120 Wires for Mr. Russell H. Johnston, Jr., President of the American Kennel Club, to pass judgment on. We have always declared that "Wires" were for millionaires only and now we are convinced that we are right in our deductions. All the great, or near great Wires were in competition bar "Crackley Sure Thing," and irrespective of our having written that this marvelous dog was in the United States, we

now have it from the master of the "Crackley's" himself, that "Sure Thing" is sure to remain in England for at least a year yet. We congratulate our Director, Dr. C. R. Boulding, of Aurora, on winning 4th money with his "Talavera Symington," and also Miss Lena Shortt with winning a similar placing with her father's beautiful little bitch, "Vanity Silver Lining," and it was no disgrace at all for other good Canadian fanciers to be excused in this hotbed of top notch competition.

It was a nice Irish Terrier that W. T. McCord of Clackson brought into the Novice Class in "Newtonards Daredevil." This smart "Mick" has just left the puppy ranks and has a bright future ahead of him barring accidents, he also won 2nd in the Limit Class.

Here's one for the book. In Scottish Terriers there was an entry of 138 dogs, 28 of these failed to answer the roll call of Judge Mr. Morgan Stinemetz, and still the Haldon Kennels of our Director, Dr. H. E. Batt, Guelph, was in the ribbons in every class where a Haldon Scottie was entered. "Haldon Banjo" was 2nd in the Novice Dog Class where the competition was 12 strong, a nice win and a worthy one. "Haldon Minstrel" won 2nd prize in Limit Dog Class, and "Haldon Baroness" was 3rd Novice Bitch, these were worth while wins indeed.

In Sealyham Terriers, Montreal was featured in the entry of a couple of 8 months' old youngsters, both appeared in the Novice Dog Class and were placed "Our June Skippy" and "Our June Surprise," 2nd and 3rd respectively, and were the property of the Honourable Marguerite Shaughnessy, a new fancier come to add lustre to our shows. The Pekingese section gave 1st

"Her Happy Moment"—Miss Helen Cluff with "Ch. Snowflake", after the judging for Best in Show at Madison Square Gardens.

## British Columbia News

By Provincial Contributing Editor,  
R. H. F. PURDON, Vancouver, B.C.

**W**E regret to announce the death of George L. Brodie of Victoria, one of the most valued and constructive members of the Victoria City Kennel Club during recent years. His particular fancy was Bostons and Scotties, yet he was always a great worker for anything connected with dogs or dog shows. He will be sadly missed. In 1932 he filled the duties of show superintendent in fine style, and every year while connected with the club, he was always on hand at the annual event ready to take on any position, which he had the happy knack of filling, and always with a smile. In 1914 he enlisted with the 3rd Canadian Army Veterinary Corps at Winnipeg, spending twenty-seven months in France with that unit before being recalled for duty in London. There is little doubt that his war service greatly contributed to his early demise in his fifty-third year. Besides his widow he leaves to mourn his loss three young children, with whom we offer our sincere sympathy. This information came to me from Fred Dods-worth of Victoria who, along with many others in the capital city, feel a deep personal loss in the passing of Mr. Brodie.

George W. Jackson of the well-known Tzouhalem Kennel of Irish Setters is justly proud of the win of his curiously named puppy, "Tzepp of Tzouhalem," at the recent show of the Daily Province Santa Claus Fund, where he went to Best Sporting Dog under Dr. T. E. Sleeth. His owner expects "Tzepp" to beat his famous sire, "Ch. Tzouhalem Trail Blazer," after he emerges from his puppyhood. Mr. Jackson intends, if possible, to attend all the shows again this year, to stimulate interest in Irish Setters, and having disposed of some likely puppies he feels sure there will be good classes.

The fourth of the series of shows put on by the Coast City Kennel Club drew a good entry for Joseph Dodds to pass the rule on. W. M. Given's Whippet, "Blue Bubbles," went Best in Show, Best in Toy Group, Mrs. N. E. Corkett's Pekingese, "Ashtead Moi." Best in non-sporting group, H. D. Belknap's Chow "Chang." Best in Terrier group, F. Wither's Wire-haired Fox Terrier, "Lyncote Lucky Strike." Best in sporting group, W. M. Given's Whippet, "Blue Bubbles." Best in working group, J. Davies' Shepherd, "Abarard Gypsy."

On January 27th the Lions Gate

Kennel Club held its first all-breed parlor show, Alex. McCloy of Victoria judging all breeds. Best in Show and Best Sporting in Show went to George W. Jackson's Irish Setter, "Tzepp of Tzouhalem". Best Toy, Mrs. J. Andrews' "Sparkling Gem". Best Terrier, V. W. Williams' Wire Fox Terrier, "Winsome Frisket". Best non-sporting, J. Fleming's Boston, "Buddy", best working, J. McDaniel's Doberman, "Max von Muller".

The lady members of the North Shore Kennel Club held a successful parlor show in the early part of February, with Mrs. O. Balshaw and Miss Ena Dodds as judges. Mrs. N. E. Corkett's Pekingese, "Ashtead Moi," won Best in Show honors. F. Wither's Wire Fox Terrier, "Lyncote Lucky Strike," going to best opposite sex and best terrier in show. Best non-sporting, Mrs. L. Brunton's Chow, "Tscee Gee". Best sporting, Mrs. Edgar Smith's Golden Cocker, "Holdfast Peter". Best working, J. Daniel's Shepherd, "Hugo von Dorn".

The Vancouver Kennel Club have elected the following to hold office for the year. Dr. T. R. R. Hoggan, President; Norman McConnell, Vice-President; Mrs. S. C. Sweeny, Second Vice-President, and O. Balshaw, Secretary-Treasurer. The annual show will be held at Hastings Park, May 24th.

Scottish Terrier circles in British Columbia have suffered a distinct loss in the departure of "Ch. Gaisgill Daphne" to the ownership of Walter Kendall of Portland, Oregon, who I understand fell in love with her while she was on a visit to "Bull's-Eye of Docken". Stanley Dorrell of the Swan-

sea Kennels, in reporting the sale, says: "I very much regret parting with her as she will be hard to replace," and of that we may be quite certain. Mr. Kendall is to be congratulated on his purchase and should have much success with "Daphne," who at her last three shows has won special for Best of Breed on each occasion, beating several importations and only suffering one defeat in her Canadian career, which was caused by an accident just before the show.

Mr. Dorrell will shortly be appearing in a new role, as an exhibitor of Sealyhams, and has evidently no intention of starting at the bottom, for his new purchase is none other than Gwyn Jones' "Felcourt Foxhunter," a winner in big classes at the Kennel Club show, and on his last three appearances has gone to Best in Show all breeds, besides beating many champions. His sire is the great "Ch. Eastfield College Boy," and his dam is "Momento," a winner of challenge certificate at Birmingham. "Foxhunter" should be out here shortly, and perhaps later we may be privileged to see his picture in **Kennel and Bench**. In the meantime look up page 38 in the Christmas number of *Our Dogs*, and there you can see him.

Miss Rhoda Shepherd of Chester-Lee Kennels, Nanaimo, has imported a black Newfoundland dog to breed to the inmates of her kennel of this variety. New quarters are being built, so evidently Miss Shepherd intends to increase her kennel, which should add further interest to our future shows, for well-filled classes of this handsome breed would be a great attraction.

## GOLDEN RETRIEVERS

CH. ROCKHAVEN ROCKET.**

**Puppies For Sale** from proven bloodlines as workers and winners on the bench. Kindly and affectionate dispositions, easy to train and handle, and all perfectly conditioned and developed.

Correspondence a pleasure.

R. Horman of Nanaimo has, I understand, some good Wires coming along that will enter the fray at the Spring shows.

Jack Cottle of the same city reports the sale of two of his Northfield Irish Setters, one to Victoria and the other to Nelson, the buyer there having purchased three "Northfields" during the last four years, which speaks well for the quality of Mr. Cottle's dogs.

Still another Wire-haired Fox Terrier goes to Japan, the latest is "Ulidia Fuzetta" by "Simon of Cantilupe," who I am shipping the middle of February.

### BOSTON TERRIER CLUB OF TORONTO ANNUAL DANCE

Once a year the members and friends of the above named club come together to play cards and to trip the light fantastic—until the curfew rings. So on Friday, January 26th, this annual reunion materialized in the ballroom of the Prince George Hotel, Toronto.

When the orchestra started tuning up their strings there were about 100 people ready to divide the opportunities of pleasure, and so half went to the euchre tables whilst the balance started in to enjoy the dance. Mr. Harold Shaw, the club's president, had his committees functioning superbly and there was a smoothness of detail which has become characteristic of this club. When the euchre scores were gathered in and the players came to the ballroom, it was discovered that the building was comfortably packed and that everyone was having lots of enjoyment.

The only break in the dancing hours came with the presenting of the euchre prizes, and these were both useful and ornamental. Fancy winning a Kenwood blanket as a euchre prize! The prizes were quickly distributed and the dancing was resumed, but as usual it was time to quit before we had time to realize how quickly such social hours do fly away.

The occasion was perfectly enjoyable from start to finish, and was voted an unqualified success. The president, Mr. Shaw, and his co-workers are to be heartily congratulated on the success of the evening's entertainment.

### KERRY BLUE TERRIERS FOR SALE

Excellent opportunity for outcross. Puppies by imported Ardleigh Rogue (Sire, noted English Kerry Breezehurst Blue-beard) ex Canadian bitch, Ardleigh Jill (Sire, Ch. Castletowne Roche Paulus, Dam, Ch. St. Bridget of Ardleigh).

## "19 SAVED---NONE LOST"

"Used It On Dogs Not Able to Stand Up," Says Missouri Enthusiast

"Can't begin to tell you the good it has done in our kennels" . . . "Real Benefit to Dogs" . . . "Best dog medicine have ever seen" . . . "Wonderful Preventive and cure." These enthusiastic words of praise are actual excerpts from original unsolicited letters from users of ON-THE-NOSE (Distemper in Canada). We have hundreds of such letters on file at our office.

### FOR DISTEMPER!

You simply cannot equal Distemper as an aid in treating distemper afflicted animals, or as a "conditioner" for building up resistance against this dread disease. Its simple, easy method of application ON THE NOSE of the suffering animal eliminates struggling and conserves the patient's vitality.

Distemper is sold by pet dealers, druggists, and kennels throughout Canada. If your dealer hasn't it, send \$1.00 for liberal tube, postpaid. In emergencies, WIRE QUICK, and we'll rush it to you C.O.D.

## The Alberta News

By Provincial Contributing Editor,  
C. H. PARK, Medicine Hat, Alta.

**B**Y the time these lines are in print, the Edmonton Dog Show, sponsored by the Junior Red Cross League, will be over. A very attractive Premium List is to hand, and as the proceeds are devoted to a worthy cause, it is hoped that the support given the show will be worthy of the good cause. Medicine Hat Kennel Club had the pleasure of a very instructive visit from our worthy Alberta Representative, George Climo, who stopped off for the day here on his way through to the Annual Meetings of the Canadian Kennel Club. A good turnout greeted him at the Twaites Hall, where he gave a painstaking explanation of the proposed changes in point rating and other proposed amendments that will be up for discussion at that meeting. After his talk a general discussion ensued at which George had a good opportunity to learn the views of the different members on the various matters discussed. Whilst in Medicine Hat, Mr. Climo was the guest of President Armstrong, Past President Currie, and Past Treasurer Gibson, who piloted him round the various kennels both in Medicine Hat and Redcliff, and a very pleasant visit was only spoiled by the theft of President Armstrong's car from outside his house just before train time and as the car contained George's baggage, it necessitated his staying over till next day whilst an effort was made to locate the offenders and retrieve his effects. At the time of writing, the thieves have been caught, tried and are awaiting sentence following their conviction on a number of charges. The car and some of the contents have been recovered. In a letter received from Hamish Middlemas, Past President of the Regina Kennel Club, he says that he has had the misfortune to lose that sterling Scottish Terrier, "Ch. Ruglen Rabbie," who was campaigned so successfully over the Western Circuit during the past two years, this the result of a kennel brawl. The writer has experienced the same misfortune recently, losing his smooth Terrier, "Ch.

Calgaree Chosen Damsel," and a good wire brood bitch, as the result of a kennel fight. Albert Bean, of the Goldendale Airedale kennels, has been more fortunate, as his "Ch. Rockley King," which had the misfortune to cut an artery in his foreleg whilst out for exercise, has been saved, thanks to the good services of Dr. McCharles, who is a medical doctor and not a veterinarian, but who can always be relied upon to endeavour to "save the day" when a veterinarian is badly needed. Medicine Hat is in the unfortunate position of having no "Vet" nearer than Basano or Lethbridge. The epidemic of distemper seems to have died down as no more cases are being reported, though Frank Bell, of the Lucky Strike Kennels, Medicine Hat, has had the misfortune to lose two of his dogs through this dread disease. From friend R. E. Cross, of Edmonton, has come confirmation of what we surmised had happened at Calgary, namely, that his good little wire bitch, "Trio's Bridesmaid," had completed her Championship. That brings up the number to sixteen who finished at Calgary. Mr. Cross is getting a kennel together which will have to be reckoned with, as in addition to the aforementioned "Ch. Trio's Bridesmaid" he now has acquired "Vivadora Janet Marie," "Top Flight" and "Tantalus Supreme," which with the young dog by "Int. Ch. Rare Stormer of Earlsmoor" ex a "Thet Trio" bitch, will make a wonderful foundation if blood lines count. From R. B. (Bob) Smith, Medicine Hat's oldest established Boston Terrier Kennel, comes the good news of a perfectly marked litter of four dogs sired by "Lity Busto," ex a bitch by "Cromwell Medical Student," two of these pups

being sold before birth. This kennel also has another nice litter of four females by the same sire ex "Lady Annabelle Toss," two of which have found new homes, one going to V. W. Parrish and the other to J. H. Parsons, both of Medicine Hat. The remaining two females of this litter are being retained in the kennel for breeding purposes. The owner of this sire, Lorne Laidlaw, K.C., of Medicine Hat, is away on a world's tour, and in his absence the dog has been lost or stolen, and up to the time of writing no trace of him has been found. This will be a heavy loss as he was siring good pups. Another good dog also raised in the kennel of Mrs. F. McLain, of Neepawa, Manitoba, and which had become the property of F. A. Patton, of Medicine Hat, has, unfortunately, died. "Burrows Bunt," a Boston belonging to W. Burrow, of Altawana Kennels, Medicine Hat, has whelped six grand puppies at her first breeding to "Bobby" Thomson's successful sire, "Ch. Cromwell Stylish Announcer," the litter contains four males and two females, all of which are splendidly marked and have all the earmarks of good ones; four are already sold, one male going to Dr. Elder, Medicine Hat, one male to Irvine, one female to Mrs. F. Bailey, Redcliff, and one female coming to the writer's kennels. The same kennel reports the visit of the Springer Spaniel bitch, "Messenger Girl," belonging to Wm. Fraser, of High River, to be mated to "Toddler of Beechdale."

### Notes from Trevalen Kennels by Merwyn Lloyd.

It is gratifying to note that, of late years, many of the sportsmen of this continent are becoming alive to the fact that an English Setter of high merit in the field can also be good looking—and to be good looking he must adhere to the type prevalent on the show benches. Not that he needs to be extreme, but there have been so many that have run to the extreme in the opposite direction that there has been grave danger of the breed losing its individuality. During the past thirty years or more the field dogs of this continent have been at the mercy of many breeders who have lacked the experience of those

Mr. C. Schneck, Allentown, Pa., seems to be bargaining with his beautiful (American) Champion, "Jiggs Mallwyd D.," for the pheasant which has been nicely retrieved. This is a beautiful picture story of the "perfect understanding."

who so carefully and gradually developed the breed. Too much consideration was given to the performance of individual dogs. It is a well known fact that outstanding individuals do not always transmit their above average characteristics to their progeny. The record of their "Strain" is a much more reliable indication of what may be expected in future generations. A field dog may reach the peak of popularity as a result of conditions incidental to his upbringing, environment, and, most of all, his training. It is with intense interest that I received per this week's mail some splendid pictures of a beautiful Setter that is just as good in the field as his record shows him to be on the show bench. He is "U.S. Ch. Jiggs Mallwyd D," bred by Dr. Daw, Victoria, and now owned by Mr. and Mrs. C. Schneck, Allentown, Pa. Here is a dog of almost perfect conformation, beautiful in detail, with a head that may be considered classical. Here also is a dog that can be depended upon to furnish sport for the critical gunner, and a creature that can be looked upon with joy and admiration. A client of ours, some time ago, stated that his Setter must be well proportioned and with classical features, the reason for which he says, "I shoot over him for two weeks of the year and have him to gaze upon for the remaining fifty weeks." Can anything be more expressive of the sentiment which only recently is becoming installed in the thoughts of the sportsmen of the Western Hemisphere? The English Setter is unsurpassed in beauty by any other breed of dog, so why should this feature be neglected by those who cherish him so much as a sporting companion. John E. Hunter, of Calgary, breeder of Smooth and Wire-haired Fox Terriers which carry the Calgaree prefix, says that notwithstanding the stress of the wintry weather, and the sickness that has been prevalent among the dogs in Calgary, there is quite a keen interest prevailing among the fanciers regarding their dogs. My Springer bitch, "Bridge-water Belle," has been mated to "Lammond Successor"; my Scottie bitch, "Cliff Bonnie Lassie," has been mated to "Ch. MacWilliam of Tayside" (imp.); my Wire Fox Terrier, "Calgaree Chick," has been mated to "Farleigh Jim Crack"; my "Calgaree Cherie" has also been mated to "Farleigh Jim Crack."

#### BREEDING FOR PROFIT

Sometimes the breeder does make a bit of profit. Mrs. G. W. Hyslop of the Cairndania Kennels found that out at the Cairn Terrier Club of America Specialty Show when her Cairn Terriers, "Conachan of Cairndania" and "Dalrigh of Cairndania," were placed 1st and 3rd

## Skin Trouble

very soon went

If your dog is suffering from any form of skin trouble—start him or her on Karswood Dog Powders forthwith. This is the surest and quickest means for permanently ending this condition. Scores of the World's leading dog breeders have proved the truth of this for themselves.

Here is another case of persistent skin trouble cured by Karswood Dog Powders after all else failed. In this case the trouble was of 2 years' standing, but soon gave way to Karswood Dog Powders.

*Ivy Cottage, Baydon Road, Lambourn, Berks.*  
I am very pleased to tell you that Karswood Dog Powders have been a great benefit to my dog, a Pekingese. Nearly two years ago he had spots and dry eczema about his body, which caused him to scratch very much. Of course, I tried many things, different powders and treatment on the skin, but nothing seemed to do any good. I saw your Karswood Dog Powders advertised and sent for a supply and gave him a course of them. He soon began to improve, and before very long the spots cleared right away. Now I always give the dog one a week, as I find it keeps him in good health all round.

Miss B. HART.

The reason why Karswood Dog Powders are so successful in tackling all forms of skin trouble is because they provide the dog with nerve foods and organic salts which his system must have in order to throw off disease. Outward application of ointments in skin troubles can help locally, but to secure permanent results, give Karswood Dog Powders regularly, and they will not only cure the trouble, but prevent it re-occurring. Prove this to your profit.

## Karswood Dog Powders

Manufactured by E. Griffiths Hughes, Ltd. (Est. 1796),  
Manchester, England.

If you have any difficulty in obtaining supplies of Karswood Dog Powders please write, giving your dealer's name and address, to—

KARSWOOD, Harbour, at York St., Toronto, 2, Ont., or, if in British Columbia, to MacFARLANE DRUG CO., LTD.

Woodward Pet Shop, Vancouver, B.C.

House Pets Specialties Reg'd  
Montreal, P.Q.

Woodward Pet Shop, Vancouver.

respectively in the Brood Bitch Stakes and winning prize money to the tune of \$76; then the same pair was placed 2nd and 3rd in the Stud Dog Stakes and an additional \$55 was won there. Not only that but the breeder's prize of \$15 must also be considered, a total of \$146 in cash from the Stake prize list alone.

It pays to breed the best.

### OUR FRONTISPIECE

The illustration featuring our front cover this month is none other than the distinguished looking Japanese Spaniel, "Champion Kiota" (C.K.C.S.B. 104130), owned by Mrs. Charles Spurr Harding, Montreal, P.Q., a dog who has never known defeat in his classes at any show where he had been exhibited. A study of our front cover picture will reveal the circumstance of "Ch. Kiota" being a very handsome specimen, creditable to his breeder, Mrs. W. G. Ross, Montreal, to the owner, Mrs. Harding, and to the breed itself.

"Ch. Kiota" was sired by "Ch. Chiya" and had for dam "Hi Um," and it will be recalled that this remarkable parentage was secured by Mrs. Ross whilst she was attending the Grand Exposition at Tokio, Japan, and both were secured from the kennels of Japan's foremost breeder, Mrs. Shangyea. "Ch. Kiota" was the first puppy raised in Canada by Mrs. Ross from her noted importations.

When little "Kiota" was eleven months old he was purchased by Mrs. F. J. Rowe, Montreal, who campaigned the dog at the Montreal Kennel Association, Ottawa Kennel Club, Ladies' Kennel Club of Canada, and News Brunswick Kennel Club shows last year, when he became a Canadian champion.

Mrs. Rowe sold "Ch. Kiota" to Mrs. Harding, who had adored him for several months before she became the owner finally. "Ch. Kiota" has had the approval of all the judges he has ever come under, just as his sire, "Ch. Chiya," was so consistently praised by those who had the pleasure of judging that wonderful Japanese Spaniel. Now that Mrs. Harding owns "Ch. Kiota," it is quite doubtful if money could buy this dog as he is now a much loved part of the Harding household, and it is no secret that Mrs. Rowe was very fond of the dog herself and found it very hard to part with him.

We would like to see the Japanese Spaniel become popular on the American Continent, and with dogs such as "Ch. Kiota" and his beautiful sire, "Ch. Chiya," available to judicious and careful breeders, the day should not be very far distant when nice entries of this appealing breed should be found benched at our shows in Canada.

## Saskatchewan News

By Provincial Contributing Editor,  
W. W. RIOME, Moose Jaw, Sask.

**W**E are favored this month with more news from Saskatoon. Enthusiastic Kennel Club Meetings have been held, and it was decided to hold an all-breed dog show on Good Friday and Saturday, March 30th-31st, so the boys will be busy from now on preparing for their "big event."

G. C. Hanselman, Past President of the Hub City Club, has had tough luck with some of his dogs, several having been victims of speeding cars, his kennel of Dachshunde have been reduced to one female, six months old. Such losses are most discouraging, however Mr. Hanselman is no quitter, and is now looking around for a suitable male, and would like to get in touch with other breeders of this variety.

One fancier said the Airedale was coming back into his own, another said they had never lost their popularity in Saskatoon. The fact remains they are popular, and quickly, but surely bidding for top place in the Terrier world in Western Canada.

Dr. Margaret French has disposed of all the puppies by "Ch. Silverdale Tornado," ex "Ch. Spring Lake Mollie." One male is acting as assistant night watchman at one of the local mills, another has travelled to the far North where he is being trained as an all-round sporting dog, and pal to a well known hunter and trapper. We believe the Dr. is retaining a female from this litter for breeding purposes. The two litters by "Int. Ch. Wycote Special Edition" are doing well, perhaps a little too much pep for their owner finds they have to be separated to keep them from fighting too seriously, for they are real Terriers.

Bob Hogg, an Airedaler for many years, having bred many champions, is on the "war path" with renewed vigor. His outstanding female, "Ch. Miss Winnitoba," has been mated to Dr. French's "Int. Ch. Wycote Special Edition," and Bob intends to raise something good from this mating. From "Miss Winnitoba's" last litter there is a nice female that will be shown this season, she is sired by "Rockcroft Crag 15th."

This Canadian Kennel Club member is doing his best to persuade others to join the Canadian Kennel Club also.

Wilfred Hoy, of Tyrone Kennels, Saskatoon, is planning a trip to his native land in the near future. His father, who has spent over 80 years in the Emerald Isle, is looking forward to Wilf's visit, and needless to say Wilfred has had this trip in mind for

a long time; he will also visit friends in England.

Monty Wallace has a great litter of Newfoundlands out of the best bitch in the kennel, they are sired by his imported "Ch. Shelton Cabin Boy."

Speaking of Saskatoon dogs, reminds the writer that Dr. Cooper was pleased by some splendid wins made at Calgary. Best puppy, any breed in a class of twenty-one; Best of Breed, Best of Working Group. Truly, a wonderful achievement, proving the Dr.'s slogan, "Elmhill Collies are right."

Simon P. Fox, Shreveport, Louisiana, U.S.A., has purchased the Irish Terrier female, "Mutual Courage," she being shipped to her new owner, showing in whelp to "Tim Healey."

Mr. and Mrs. J. Gillan, of Moose Jaw, have jointly joined the Canadian Kennel Club, and are sharing the responsibilities of raising a litter of Scotties out of their winning female, and sired by their stud dog, "Dougal Craitur," he by the late "Ch. Ruglen Rabbie" (Imp.).

From Regina comes more Scottie news. Walter Pym, now fully recovered, has had lots of time to figure things out while recuperating, and has decided to purchase that outstanding Scottie female, "Lady Necessity," imported by Hamish Middlemas.

Last month we missed receiving news from our friends, Mr. and Mrs. D. C. MacLeod, Glendhall Kennels, Yorkton. They report very fair business. The Irish Terrier, "Glendhall Sheila" has been on a visit to Mutual Kennels. "Sheila" is owned by Mrs. Price of Calgary, who has now purchased the Irish Terrier Stud, "Newtownards Mickey," also two young Scotch Terriers of "Haldon" blood lines. Another Irish Terrier, "Glendhall Kelly" has found a new home with Geo. Hetherington of Rosetown. The Boston Terrier puppies, sired by "Reigh Counts Sensation," are doing well.

Mrs. Thomas P. Sutton, of Calgary, was a Moose Jaw visitor between trains on her return home from Windsor, Ont. The short time pleasantly passed discussing Irish and other Terriers. We learned with regret of the passing of the young Irish Terrier, "Mutual Loyalty," who recently went Reserve Winners at Calgary. He will be greatly missed by his owners.

Last month we arranged to have a further talk on the Whippet, and Mr. Jim Booth has kindly furnished the material which now follows:

"In response to the request of our Sask. Editor that I furnish a little information concerning the training of Whippets for racing; I will endeavour to do so in a brief manner, realizing that space in **Kennel and Bench** is limited.

It will be clearly realized by our readers that the training of Whippets and Greyhounds in countries where racing is carried on extensively, has long ago reached the stage where it is a fine art, every trainer having his own particular methods and secrets, with the one idea "to achieve success on the track."

As most of our readers are aware, Whippet racing for many years has been for the dogs to race between tapes or lines, but since the introduction of the electric hare or rabbit quite a number are raced to it and in the same manner as the Greyhounds, with, of course, a less distance for the Whippets. Having perfected a mechanical device, portable, and one that can be used as a substitute for the electric hare and serving the same purpose. I mention this just to inform our readers that I am training for this style of racing and not the old style "between the tapes." When a puppy is about eight weeks old I watch with interest what signs he displays as to his eagerness to "worry" a rag or skin, and encourage him all I can in this direction, always being careful when his play his over to see that he has not by chance smuggled one into his box.

If this was allowed he would soon become too familiar and would not look on it as a "treat" when flaunted before his face when out at exercise. The keener a puppy is to the "rag", the better I like his prospect for racing, as this is one of the most essential qualities required in the make-up of a real racer.

In some puppies this keenness for the rag is more pronounced than others, and those are the puppies I look for, if they possess the other qualities required that go towards the making of a dog that is worth while training.

When a puppy has reached the age of five months, after being brought to that stage by the best of muscle and bone building foods, he has by that time learned how to lead, walk, etc., and of course kept clean and free from worms, he is taken out to the track and shown a moving object, a rag, being speeded along just in front of his nose. This first distance is around forty to fifty yards, and for the first few weeks of training he is allowed to catch the rag and play with it for a few moments; only once in a while letting it disappear out of his sight into the trap, which makes him all the keener to endeavor to catch it the next time he races. I must not forget to state that, as the weeks go on, the distances are increased in his racing. By the time he reaches anywhere from eight to ten months he should be getting towards the finished article, and at one year old his time should be

taken to see if he is "fast" or just a "runner." I like to break my puppies when racing with adults with one that is just a little better, using the adult as a pace maker, by giving them a little start, and when I see they are progressing I reverse the situation by giving the puppies a start.

In selecting the adult dog for this purpose, I am careful to choose a dog that is not inclined to savage a young puppy, and whose mind is solely concentrated on chasing the rag, as many a young puppy has been spoiled for life by the savaging of an older and stronger dog. Courage once lost is not easily regained and in some cases it is a long while before they again give of their best after a bad bumping by a stronger dog. Long walks play a very important part in a puppy's life, that is on the lead, particularly before a race you have mapped out for him, and always a rub down covering every inch of his body before he goes to his box.

At intervals between walking, every few days he must be allowed a little fast work, but not too much racing, as this will to some extent destroy his keenness when the race day comes along. It would be an easy matter to use every page in **Kennel and Bench** with further information on the training of the Whippet. The preparation of a dog that is to take part in a handicap could take up quite a lot of space in this magazine; and would make an article in itself. Sufficient to say that the above dog has to be given special consideration in the matter of feeding, walking, etc., and a trainer by experience will soon find out just what attention the dog will need. Some dogs will get enough exercise on half the walking distance that another dog may need. Another dog in spite of all the exercise that may be given him, will still remain fleshy, and cannot be reduced to the weight you may desire to get his mark. Dieting plays quite a big part in getting a dog fit for a race. A careful and good trainer will endeavor to get the dog down to lowest possible weight, and using the foods that possess the most strength, but non-fattening. Like any other game, mistakes can be made and many times I have seen a good dog lose out in the final where strength has been sacrificed to attain a low weight. A dog can be overtrained just as much as he can be undertrained. Some dogs are naturally good doers and like many other breeds easily put on flesh.

I have seen many a dog that a trainer has set his heart on, behave well in his trials, and have all the appearances of making a splendid racer by his actions and performances in training, and when he has been slipped at the

mark, absolutely refuse to move an inch; some trifling matter may have upset him.

It is no use any dog being possessed of speed and stamina if he has not the courage and grit to take care of it and do his level best to get to the finish line first. An uncertain or faint-hearted dog is of no use whatever, and is very liable to disappoint his owner at the most critical time.

In breeding, "tried and true" running stock should be chosen, such strains will tell.

I once possessed a dog who behaved splendidly till he was about two years old and then began to show certain characteristics that his sire possessed, and needless to say they were bad. Of course this is what makes the game "worth while." A good starter and a good finisher in a dog are a wonderful combination. Some dogs make a splendid start and poor at the finish, some the opposite."

In next month's issue we will endeavour to give a short talk on the finished article, "Whippets as they appear before the public." Should any of our readers wish for information, re the Whippets, Mr. Booth, Moose Jaw, will be pleased to correspond with those interested.

## KENNEL NAMES GRANTED

The Kennel Name "Roslyn" has been registered in the name of J. Nelson McKim, Westmount, Que.

The Kennel Name "Wynaway" has been registered in the name of R. W. Funnell, Calgary, Alta.

The Kennel Name "Batterwood" has been registered in the name of Hart P. Vincent Massey, Batterwood House, near Port Hope, Ont.

The Kennel Name "Sirdar" has been registered in the name of Mrs. George A. Carruthers, Rouses Point, N.Y.

The Kennel Name "Winsome" has been registered in the name of V. W. Williams, Vancouver, B.C.

## CANCELLATIONS

### OAKVILLE KENNEL CLUB

Pekingese, Novice Dogs, "KINGIE," ineligible, having won a first prize at the York Kennel Club in the Open Class, when shown as "KINGS PONGE WAH," placing "TOO TOW BEE OF BADMINTON" 1st.

German Shepherd, "NORTHMERE INDIAN CHIEF," Novice Dogs, ineligible, having won a first in the Novice Class at the York Kennel Club Show.

### NATIONAL KENNEL CLUB

Pekingese, Novice Dogs, "KINGIE," ineligible, having won a first prize in the Open Class at the York Kennel Club, when shown as "KINGS PONGE WAH," placing "KADIO HO CHI KUO" 2nd.

### MOOSE JAW KENNEL CLUB

English Bulldogs, "ROCKSIDE MODERN TIMES," Novice Class, ineligible, having won a first prize in Novice Class at Greater Winnipeg Kennel Club Show in 1933.

### SASKATOON KENNEL CLUB

English Setters, "MIKE" and "TERRY," puppy class, ineligible, date of birth incomplete.

### SHAWNIGAN KENNEL CLUB

Boston Terrier, "TINKER BOY," Novice Dogs, ineligible, having won a first in the Novice Class at the Victoria City Kennel Club Show in 1932.

### YORK KENNEL CLUB

Greyhound, Limit Bitches, "VETON FAIRY OF LONGREWE," ineligible, being a Champion, placing "JANE EYRE" 1st.

## ADDITIONAL AWARDS

### LONDON CANINE ASSOCIATION

English Bulldogs, Open Bitches, 1st and Winners, R. W. Hunt's "BLIGHTY'S BLANCHE."

Airedale Terriers, Open Bitches, 1st, Thomas H. Cullen's "ROCKLEY MOLLIE."

## AMERICAN KENNEL CLUB

## Notes from Manitoba

By Provincial Contributing Editor,  
A. P. MUTCHMOR, Winnipeg.

I N undertaking the Provincial correspondence for **Kennel and Bench**, I am doing so with the understanding that I will receive the co-operation of the fanciers and breeders of the province. The monthly space set aside for Manitoba will be just what the "doggy" minded residents make it, so that if the venture does not meet with the success that you anticipate, or that you think Manitoba is entitled to, before registering any complaints, just ask yourself the question: "How much have I done to assist in making it a success?" I invite everybody to send me their news items, and which I would appreciate having on or before the 15th of the month in order to insure publication for that month.

The Greater Winnipeg Kennel Club held their annual meeting on January 30th and was well attended. The annual statement was presented, which showed the club to be in good shape financially. The building of benching to provide for a 350 dog show was a big undertaking for one year, and the club members are to be congratulated on being able to carry this out. The club had a membership of 115 for the year and count on a renewal from the most of these for the current year. The election of officers took place and resulted as follows: President, Harry Baker; First Vice-President, J. F. Kerr; Second Vice-President, C. G. Beatty; Secretary-Treasurer, A. P. Mutchmor; Assistant Secretary-Treasurer, T. A. Smith; Executive, George Kynoch, George Duncan, Robt. Simpson, Alan Millward, Hugh H. Allen, W. Gibson, Mrs. Chas. Joplin and Chas. Joplin; Veterinarian, Dr. J. K. Morrow.

The Commercial Travellers for the West have decided to give Winnipeg an exhibition for this year, and are now busy organizing affairs. They have asked the Greater Winnipeg Club to hold a dog show during the fixture. A few details have yet to be completed before a final decision is arrived at, but something definite will be decided in the next few days, when dates, etc., will be published. At the present time it is thought that these dates will be July 30 and 31 and August 1. In the event of suitable arrangements not being made with the exhibition association, the club will hold their usual show on May 25 and 26.

I had the pleasure of looking over two very fine English Setters belonging to Dr. Robb of Regina, litter brothers by "Black Dan of Happy Valley". These dogs were on their way home from New York show, where they were handled by

Geo. Kynoch. At the time of writing we are not advised as to what success they met with, and in the absence of this information I can only say to Dr. Robb that he has two fine dogs, and as I am given to understand they are both well broken, I envy the doctor the ownership of them for next Fall's shooting.

The Bonadale Kennels (Mr. and Mrs. S. Sikorski) report a nice litter of Smooths from their "Suttons Bona" by their good little dog, "Ch. Danby Mogul," also a visit of N. Sullivan's "Rose of Bedford" to the same dog. Glad to see that more interest is being taken in this breed, and I look forward to an increase in entries at our future shows.

There is much activity at the Of Isla Kennels (Mr. R. Simpson). They report that enquiries and prospects for the coming year show an improvement over last, and that everything points to a banner year for breeders. "Winsome Lady of Isla" has been mated to "Marquis of Isla," a very typical parti-color now owned by Mrs. Frank Medlock of East Kildonan. This dog was Best of Breed and Best Sporting at the New Year's matinee show of the Greater Winnipeg and where he was greatly admired. "Winsome Lady" is the dam of "Ch. Rose of Isla," the latter going through to her championship undefeated. A litter sister, "Biddy of Isla," has been mated to "Ch. Ottawa Aristocrat," as also "Peggy of Isla." Geo. Kynoch's "Ch. Merry Beauty" was a recent visitor to "Ch. Ottawa Aristocrat." The Scot-ties in this kennel are also busy or about to be, and with three litters in the near future, all sired by the home dog, "Normandy Erich," the Fall shows should see some new faces on the benches. One can spend a very interesting afternoon at these kennels, and after "Bob" has shown you the dogs, brother "Charlie" takes you in hand for a visit to his silver foxes and mink.

We always like to visit the "Trapystok Kennels." The genial proprietor is a keen enthusiast, always ready to talk "Boston," and with an eye for a good one, welcomes visitors who are interested in this breed. The kennels are a model of neatness with every provision for the care and attention of visiting matrons. George tells me that his advertisement in the Xmas number of **Kennel and Bench** proved a good investment, and is responsible for the visit of several females from outside points to "Ch. Trapystok Headlight" and "Katinka Up and Up." Their numerous local clients have patronized the kennels with their early matings, and all are looking forward to Spring litters. Sales have shown an improvement over last year, and judging from the numerous enquiries shown me asking for quotations

for Spring stock, it looks as if the depression is over so far as this kennel is concerned. A seven-months' female was recently sold to Thomas John of Regina, and will no doubt be heard from on the Western circuit this coming season. I saw a litter brother at the kennels and, as I was told he is not for sale, I could only assume that this is the "dark horse." Both are by "Ch. Trapystok Headlight," ex "Trapystok Hagerty Mac." A recent litter by the same union produced four males with perfect full markings, and at this writing give great promise. I was shown the record book for visiting matrons which not only confirmed all that the proprietor had told me, but was a further proof of the methodical and business methods of this kennel. This gave me the information as to several recent litters, as well as those due in the near future. If the owners of these litters will advise me as to particulars, I shall be glad to make some notation at a future date.

The regular monthly meeting of the Greater Winnipeg Club was held on the 20th inst. with about fifty members present. Arrangements were made for a matinee show on Good Friday, and Mr. T. Kay MacKenzie was selected as judge of all breeds. S. Sikorski gave the meeting a very able talk on the Smooth Fox Terrier, using his good little dog, "Ch. Danby Mogul," as an illustration. "Si" did not hesitate on stating where he thought his own dog fell down, and I think this is always a sign of good sportsmanship. Mrs. H. Baker, Mrs. J. F. Kerr, and Mrs. Henderson, were elected a Membership Committee for the current year. The feeling seemed to be unanimous that this meeting was the best the club had yet held, those present joining in the discussions more heartily, and which brought out several good suggestions as to the conduct of the club's shows, and which the President promised to bring to the attention of the Executive.

The gun dog is coming back to his own again in Manitoba. A few years ago this province did not need to take a back seat to any place for Pointers and Setters, but with a close season for some years on chicken, owners gradually got rid of their dogs. Birds are now on the increase and with the arrival of the Hungarian Partridge, and with the government extending the open season, both the Pointer and Setter will be in great demand. Again, we do not get the slough shooting that we used to get. The sloughs are gradually drying up and the low water in the marshes, has cut down the shooting from canoes. Stubble shooting must follow, and anyone who has enjoyed a good stubble shoot will prefer it to either of the former. A Springer

or Irish Water Spaniel is of great help to retrieve your poorly hit birds. I had the pleasure of a most wonderful stubble shoot last fall, and took as much enjoyment in watching the dog work, as in the shooting. Although a stranger, the dog took quite a shine to me, and stayed with me in my hide. With a flight of ducks coming in sight, though upwards of a mile away, the dog became all attention, and as they came nearer and I would crouch, the dog would crouch also. If I missed, he turned and gave me a dirty look, which was almost human. When I had shot my limit, he did not seem to understand why I was letting them go by, and would whine and paw my arm. Each one in the party shot his limit and we did not lose a duck. He found them all. Incidentally, to you gunmen in the East, we had shot our limit by four o'clock in the afternoon, and the real flight started about then. We sat in our hides and watched them coming into this barley field for the evening feed, in flocks of five hundred to one thousand. They came over our hides about twenty-five or thirty feet up, and lit in the stubble and on the stooks about fifty yards behind us. All Mallards.

H. L. Dargie, Winnipeg, is the owner of a smart kennel of Irish Terriers, amongst them "Culbahn Cuckoo" (Imp.), a Cruft's winner. "Culbahn Cuckoo" has been mated to Mr. Dargie's imported "Ch. Frontier Leader," and is showing in whelp at the time of this writing.

The Gold Flame Kennels of Mrs. A. L. Oxenham, Winnipeg, reports increasing activity. Mrs. A. E. Crum, Saskatoon, has her Pomeranian, "Wryeland Katinka," at the Gold Flame Kennels for service to "Minegold Buddy II," and this makes the second such trip for "Katinka". The last visit was rewarded with a litter of two male puppies. Sales and services are good at "Gold Flame".

### ARE YOU GOING TO THE MORRIS AND ESSEX?

For the eighth consecutive year the Morris and Essex Kennel Club will feature America's greatest outdoor dog show on May 5th at the Giralda Farms, Madison, N.J. No less than 28 specialty clubs will offer their specials and breeds in competition at the Morris and Essex fixture this year. The judges' list is a pretentious one and embraces most of the leading judges in America and two judges from Canada. John Ritchie of Ottawa will adjudicate in the Springer ring again, and this is indeed a very high compliment which is being paid to the popular "Jack". Tom Hogarth, late of Scotland and now at Guelph, Ont., will judge the Bull Terrier section, and no doubt a record entry will meet England's far travelled adjudicator at the Morris and Essex.

Canadians and their dogs are particularly wanted at the Morris and Essex this year, and in order to make the invitation mean something, the Morris and Essex Kennel Club will be glad to co-operate in whatever arrangements have to be made in order to ensure an enjoyable visit. If fanciers intending to attend the show will declare themselves now, a blanket bond may be arranged with the customs later, and this should just about be sufficient to create a desire for holidays at the end of May.

Madison—Morris and Essex, May 26th; Wissahickon, May 27th; Devon, May 30th; Bryn Mawr, May 31st, and Greenwich on June 2nd. Five shows in six days.

### SUCCESSFUL BULLDOGS

"Vindex Victory," the Bulldog imported into Canada by J. W. Tillett, Toronto, early in December, 1933, has found favor amongst the Toronto fanciers. H. V. Hopkins' New York winner, "Hefty's Painted Lady," Percy Alderson's "Dewhurst Daughter O'Dan"—another New York ribbon winner—Geo. Elgey's "Belle o' Shamrock," R. Jones' "Lady Connie of Marmadot," A. Barnes' "Scotty" have all made the acquaintance of the newcomer from England.

"Vindex Victory" is by "Roseville Barristar," a son of "Ch. Boltonia Barrister," and he is out of "Vindex Vivandiere," a daughter of "Ch. Dunscar Draftsman." Several other good bitches are now on the waiting list, and Mr. Tillett is very much encouraged by the reception accorded this importation.

Harry A. Wilson, Toronto, reports good business at the Diamond Kennels. The services of his two stud dogs, "Ch. Crewe So Favorite" and "Ch. Marwell Marquis," are in steady demand. A nine months' old bitch of promise which Mr. Wilson had intended to keep for showing and breeding purposes has found a new home in the United States, where so many of our good Bulldogs find new homes from time to time.

Reg. P. Sparkes, Toronto, has been busy with his recent importations from England. His heavyweight dog, "Junior's Juno," repeated the Westminster win at Buffalo by going 1st Open and Reserve Winners. The bitch, "Parkholme Paimula," improved on her New York win by winning 1st Open (40 and over) and Winners at Buffalo.

Detroit and Cleveland shows will furnish further opportunities for Mr. Sparkes' new acquisitions to match their respective qualities with the best competition available across the border.

## News from Old Quebec

By Provincial Contributing Editor,  
MRS. C. DE P. DONIPHAN,  
Montreal, P.Q.

THE sub zero weather has not chilled the enthusiasm of the Montreal dog fanciers, and the last three evening shows sponsored by the Montreal Kennel Association, the Shepherd Dog Club, and the Ladies' Kennel Club proved huge successes with entries well over the 150 mark and visitors crowding the spacious halls to capacity. The next in line will be the M.K.A. Show on May 22nd; this will of course be a big affair under C.K.C. rules, so both the seasoned winners and the "young hopefuls" are being brushed and groomed and conditioned for this coming event.

Speaking of grooming we received an invitation to Miss Veva Robson's new establishment; it is called "Doggie Shampoo," and the card reads:—Shampooing, defleeting, trimming, manicuring. (We didn't notice hair tinting nor permanent waving in the advertisement yet). The place, which is large, bright and has little red and white checked gingham curtains, was humming with activity, a Peke was under the dryer, a Scottie was being "trimmed," and a Sealyham was waiting for his tub. We wish all well behaved customers and not too many "defleeting" to this most enterprising lady.

The Ladies' Kennel Club of Canada held their annual meeting and the following officers were elected: President, Mrs. J. H. Enright; 1st Vice-President, Mrs. G. Domus; 2nd Vice-President, Mrs. J. Preston; Secretary, Mrs. H. Goodfellow; Committee, T. P. Ritchie, R. A. Ross, A. R. Cox, E. Excell, M. Chapman, M. G. Threfall and Miss Steggall. The yearly report was most satisfactory and the Saturday following the Central Canada Exhibition in Ottawa was chosen for their annual Canadian Kennel Club Show.

Mrs. F. J. Rowe, has purchased the Japanese Spaniel, "Kayo" from Mrs. W. G. Ross. "Kayo" is a brother to "Ch. Kiota," who, we understand, will feature the front cover of **Kennel and Bench** this month. A further purchase has been made from a Pennsylvania Kennel, and these new acquisitions will be featured at the Eastern shows this year.

Mr. and Mrs. Rowe and daughter attended the Annual General Meeting of the Canadian Kennel Club.

Thirty-five fanciers attended the "At Home" of the German Shepherd Dog Club of Montreal, held at the home of Mr. and Mrs. F. J. Rowe. After

supper, a programme of music furnished the entertainment for the occasion.

Presentations were made to several aggressive fanciers who had labored to make the Christmas matinee show the real success that it was, such presentations representing the Shepherd Club's appreciation of valuable services happily rendered.

Mrs. Diane Beland of the Pomona Kennels was warmly congratulated on the win of her newly imported Pomeranian, "Jonville Grand Salute." This little English winner was awarded Best in Show all breeds at the recent L.K.C.C. evening show. Other new importations to give a good account of themselves at the same fixture were the Skye Terrier, "George of Merry-mount," bred by Lady Marcia Miles, England, and imported by Mrs. Percy Adams. "Red Pepper," by "Strathion Red Fox," ex "Heather Bell," and "Red Fraoch," by "Dominion Foxery," ex "Jungle Janet." Both these Cairns were bred by Miss C. W. Gordon, Ballaker, Scotland, and form the

nucleus of Mr. and Mrs. T. B. Macaulay's Kennels.

And last but not the least, "Miquette de Brabance," a diminutive "Griffon Bruxellois and a good one too, recently brought over from France by Miss J. Grenier.

We are sorry to hear that Mr. and Mrs. Allan Chisholm for so many years prominent breeders of Bulldogs are disposing of all their dogs and going back to Scotland. The Lorne Bulldogs and their popular owners will be greatly missed by all of us.

Congratulations to the Hon. Marguerite Shaughnessy, whose two Sealyham Terriers, "Our June Skippy," and "Our June Surprise" were awarded second and third Novice Dogs at the Westminster Dog Show. Sealyhams are getting quite popular in Montreal, and there will be more news about them in our next issue. The Ladies' Kennel Club are issuing invitations to a lecture to be held on March 16th at 1225 Drummond Street. The objective is to instruct novices and amateurs on the "Secrets of Dog Showing." The Canadian Kennel Club rules will be explained fully, specially the dog show rules and the definition of classes, and Dr. Etienne will answer all questions regarding washing, coat growing and training of the exhibits for the ring. This should prove most interesting to both old and new exhibitors.

I must now appeal to all dog fanciers of the province of Quebec to help me make this column a success so please send me all news regarding your dogs at 1484 Bishop Street, Montreal.

It is with much regret that we report the unexpected death of the ever popular and genial Dr. C. Y. Ford. Dr. Ford was born in Kingston fifty-five years ago; he graduated from Queen's and Harvard universities and served overseas with the Black Watch and Coldstream Guards from 1914 to 1919. Apart from owning prize horses and pigeons he was a real dog lover and a keen judge, his services being much appreciated on both sides of the border. He was one of the founders of the old Mount Royal Kennel Club and an active member of the National Kennel Club and Montreal Kennel Association, and his passing over will be a great loss to the dog world.

Topping an entry of 33 of the best Pugs in America is quite an achievement and "Champion Budworth Babs" and her owner, Mrs. Threfall, of St. Lambert, returned from Madison Square Garden very proud and happy. What's more "Babs" is only two years old and is a home-bred, being by Eng. "Champion Captain Nobbs," ex "Golden Drop of Bitchet," so that we wish her many more years of success.

### At Stud

"CH. HEATHER FASHION  
HINT'S"

Only Brother

### "The Masher"

The services of this "Mulum in Parvo" of Scottish Terriers have been requested by several American breeders, consequently the owner, G. W. Murray, Esq., of Montreal, has decided to place him at stud to approved bitches only.

This is an opportunity for Canadian breeders to keep in the forefront of Scottish Terriers by using the sire of an English Champion and several Canadian Winners.

Fashion Hint is the sire of seven English Champions including the American importation, Ch. Ortley Patience, who has beaten the great Heather Reveller of Sporrin.

The Masher's services were always restricted, so that his opportunities of producing champions were not on a par with his sire, Heather Necessity, or his brother, Fashion Hint.

## Dr. C. H. Ford Dead

**D**R. CARLETON YATES FORD, M.C., has joined the "great majority," and perhaps there was no better known fancier in all dogdom than he was, nor was there any better liked fancier in all dogdom than he. In England he was well known and very popular. In the United States he just seemed to belong there, but he was a true Canadian nevertheless, and we hesitate to realize that we will not meet him again in the flesh. His was the optimistic disposition which made its own welcome for Dr. Ford wherever he went. At the ringside, in the ring itself, on the street, or in the parlor, Dr. Ford was always instructive and entertaining. At the dinner given in honor of the National Kennel Club judges and stewards at the Westminster Hotel on November 27th, Dr. Ford was in a rare reminiscent mood, and after he had covered the field of Canadian dogdom for the past many years in a most descriptive style which featured prominent fanciers and their dogs, someone suggested that strict attention was indicated at the moment, as history was being reviewed which probably would never be printed. Of course, it was noticed at that time, too, that the good Dr. Ford was beginning to show traces of the wear and tear of life.

We have to go back to the first Stud Book of the Canadian Kennel Club to realize the extent of Dr. Ford's association with dogdom. "Topsy Trefoil" (C.K.C.S.B. 1690) was a black and tan Collie, born August 28th, 1890, bred by the Seminole Kennels of Chestnut Hill, Philadelphia, and became the property of Dr. Ford in 1892, and from that time he registered many dogs of various breeds with the Canadian Kennel Club. In 1904 he became a member of the Canadian Kennel Club and held his membership until 1928.

"Otterburn" was Dr. Ford's kennel name and many a good dog was distinguished by having the name as prefix or affix. It is just possible though that the greatest Collie ever owned by Dr. Ford was the exquisite "Parbold Picaroon," a Collie which never knew defeat in Canada. This Collie was bred to be characteristically correct; for sire he had "Parbold Picador," son of "Master Willie," a son of the one and only "Anfield Model"; for dam he had "Leyland Lady Love," a daughter of the great "Southport Sample." "Picaroon" had inherited "Anfield Model's" head properties, but excelled that most excellent Collie in body, legs, feet and tail, and in the writer's judgment "Picaroon" ranked with "Seedley Sterling" and the other Collies which have in some degree inherited the "Anfield Model" type of Collie character so much to be desired by all true Collie fanciers.

Probably the greatest distinction that can come to a man during his lifetime in dogdom, is to be invited to judge the special for Best Dog in Show at Westminster Kennel Club, and this rare distinction was conferred upon Dr. Ford in 1929 and it has always been one of the writers fondest recollections, is now, and will continue to be, the spectacle of the five Group Class winners coming before Dr. Ford in judgement. The five dogs were Robert F. Maloney's superb Pointer "Here Withem J. P." Mr. and Mrs. R. C. Bondy's Wire Fox Terrier "Eden Aristocrat of Wildoaks." Mrs. C. Hager's Pekingese "Ch. King Pippin of Graystones," Mrs. L. B. Daley's Boston Terrier "Ch. Reigh Count," and a Collie

The Late Dr. C. Y. Ford, Montreal

puppy owned by Mrs. Florence B. Ilch's "Laund Loyalty of Belhaven."

The great ringside cheered vociferously for each dog in turn. The cheering for the Pointer was really deafening. The "Wire" had plenty of admirers too, and the battle seemed to be centered between those two superb animals. If the ringsiders had been the judges probably the Pointer would have won, but that was Dr. Ford's task instead. Mrs. Ilch's puppy, rich in every breed characteristic, moved majestically and could not be denied lots of consideration, and finally when Dr. Ford signalled the baby Collie to first place the crowd went frantic and stamped their approval on the Doctor's selection.

Believing that no Collie, under a year old, could ever hope to win the crown of American dogdom, the writer went to Mrs. Ilch and requested the privilege of handling the newly crowned king. My request was granted instantly and I found "Laund Loyalty of Belhaven" of

full size, anatomically correct, perfect in under and outer coat, true to type, and I was satisfied that a worthy specimen had made the grade to the top.

It has been said that this dog was never shown again, probably it never was, that is a matter which gives me no concern. I agreed with Dr. Ford, and if the dog had belonged to me I certainly would have been the proudest of all America's Collieites then—and yet.

A successful medical practitioner, and one of the most promising neurologists in Canada, Dr. Ford seemed to be headed for a brilliant career, but he, like many other splendid men, threw himself into the ravages of the Great War without reserve. The Coldstream Guards was his chosen regiment and Sir John French his chosen commander. For bravery and untiring devotion to duty, the gallant doctor was mentioned in dispatches repeatedly, and so he was decorated with the Military Cross in 1915. In 1916 he was so severely shell-shocked that he was never able to practice medicine again upon his return to civil life.

We have mentioned Dr. Ford as being a life-long breeder of dogs, and here we would mention that as a judge of dogs he had few equals. To the dog show rings where he adjudicated he brought a dignity which was characteristic of the man.

The funeral was held at the parlors of Joseph Wray, Montreal, the service was taken by the Rev. Mr. Shore, assistant to Canon Stratford, and was most impressive. A wealth of floral tributes offered mute testimony to the great respect in which our old friend was held by Montreal fanciers, and a host of other friends. The Canadian Kennel Club was represented by Director Robert A. Ross. Montreal Kennel Association was represented by Recorder-in-Chief J. A. Thouin, K.C., T. P. Ritchie, A. C. A. Chisholm, H. C. Silver, Harry Armistead, Wm. Ogden and Alex. Ross. The Ladies' Kennel Club of Canada was represented by Mrs. J. H. Enright and Miss W. Steggall. Several well-known faces which were familiar amongst the fanciers of yesteryear were also on hand to pay their last measure of respect to one who had earned and retained their regard through his lifetime.

The curtain has been lowered, and a dear friend and true has left the stage for good as far as this world is concerned, and we are left to grieve the loss of another of dogdom's well-known landmarks.

"Sunset and evening star

And one clear call for me,

And may there be no moaning of the bar

When I put out to sea.

## Maritime News

By Provincial Contributing Editor,  
G. D. ANDERSON, Halifax, N.S.

**Q**UITE intentionally my remarks are going to be more brief than in former issues. My reason is twofold. First, I won't attempt to use any of the so-called "filler." Second, for the next few issues I know that a lot of space will be needed for the report of the annual meeting that so recently became history.

Our Maritime Director, A. V. "Bert" Martin gave me a resume of the meeting and I am sure that it was a most enthusiastic one and accomplished a lot for the betterment of Canadian dogdom. Folks, there is now a new championship point rating . . . and quite justly so. The old method of point rating has gone by the board and the new system will soon take its place. The new arrangement seems to be a bit complicated, but if you will refer to your September issue of **"Kennel and Bench"** you will find it quite fully discussed and explained. It is a real step toward making a Canadian Kennel Club championship an award to feel proud of because our champions will have "justly earned their spurs." There will be fewer champions in future, my friends, and none of the so-called "cheap champions"; but the quality of our champions will be higher and they will be good enough to compare mightily favorably with champions from any other part of the globe. That's all I am going to say about the annual meeting, except to congratulate it in general for the good work that it accomplished.

Now just while we are thinking about champions that are good, cheap, poor, or otherwise let me take a moment of your time to express another thought. If you are really interested in dogs your time, to some extent at least, is spent in trying to interest others in your hobby. You may do it unconsciously—yet you do it just the same. You are interested, yes quite keenly interested in breeding better dogs, in improving the dog in public favor, and in improving Canadian dogdom in particular, and dogdom everywhere in general. That is as it should be. Now let us reflect for a moment and analyze our accomplishments. Yes, we are gradually breeding better dogs. Once in a while we interest someone in our hobby; but are we getting the general public to react more favorably to dogs? I don't think we are. Lots of others agree with me. Alright then, where are we falling down? Perhaps in several places and ways, but I am going to dwell on one in particular, and I mean the shows that we hold.

True, our shows are good, we enjoy them, goodly "gates" testify that the public patronizes them. But now for a word of warning. At every show that I have ever attended I have heard at least one of the public remark: "It's just the same as last year." You have probably heard the same remark passed at shows too. Now is that Mr. or Mrs. Public going to come to our next show? Another thing—we, at shows do but one thing, we exhibit dogs. There they are on the benches or in the ring—look them over. What do we accomplish? We merely show the public that there are a lot of different breeds; but we don't try to do one thing that in a real way would show the utility of our dogs to the public. In a little magazine called "Kennel Science," I read with real interest and approval some remarks passed by Leon F. Whitney on this very subject. He says: "How many people know the actual value from a dollars and cents standpoint a dog can be as a means of burglary insurance? How many know the inestimable value he can be as a protector of children, as an eye for the blind, as a hunting accessory?" He suggests a regular performance to show the uses of dogs in conjunction with each dog show. Further he says: "I can visualize an arena cleared of the show rings and chairs, the seats around the sides are packed with people. The announcer calls out to the audience what is about to be shown. A man runs out of an entrance. After him like a bolt of grey lightning streaks a German Shepherd. The man is stripped and held prostrate until a policeman walks in to make the arrest. Next I see another man walk around the arena, and take his seat in the audience. Soon out of the portal by which he entered, comes a Bloodhound sniffing out his trail and walks up to the man, selecting him from the audience. These have demonstrated the police value of dogs."

To quote further, "Others show the beautiful style of the bird dog when engaged in his favorite occupation of hunting birds. Perhaps a couple of coon dogs trail a coon and bark up at him for the entertainment of the gallery, and some Terriers make the dirt fly when they go to earth in a specially constructed box of dirt after woodchuck has previously been hidden there. A group of greyhounds race after a stuffed rabbit. Then comes a flock of sheep and behind them a Shepherd or Collie, who herds them, drives them between two stakes close together."

And his final remark: "Why not get a little more drama into the performance; why not make the most of our opportunities?"

Friends, these are very pertinent remarks and we would do well to give them more serious reflection. Many times when "the boys" get together the subject of improving our shows is discussed and argued about. What better scheme could we find than the one suggested by Mr. Whitney. I think that the adoption of such a varied and interesting programme would make a real hit with the public, and I know that if any of my dogs were called upon to play a part in the performance I would get more of a thrill out of their successful acting than the receiving of any purple or red, white and blue ribbon has ever given me. The time has come when we have to advertise our wares. We have to prove the ability and usefulness of our dogs. The field trials and obedience tests do their part nobly; but too few of the public are privileged to witness them.

So many people believe that the only dogs that can do tricks of various sorts are the mongrels. General opinion is that the mongrel is more hardy and intelligent than the pure-bred. We just have to change that opinion.

I sincerely hope that the day will come when a Canadian Kennel Club Championship will be conferred on no dog until he has not only done his required winning in the ring, but has also demonstrated that he has intelligence and the ability to do the things that nature and man intended he should be able to do. Then we would have real dogs and what champions. Worth considering a bit, isn't it?

Some dog news? Sure, and it will be short and to the point.

G. G. Buell told me about a wonderful litter of Newfoundlands that he has, eight males and one female in the litter, now about three months old, and ex "Pal" and by a well known "Westernland" sire.

Carl Edwards daily expects a real litter of Danes from his "Countess of Dartmouth," by "Count Nicoli of Dartmouth." Sire and dam are litter mates and progeny of "Int. Ch. Cuno von Moritsburg," look for some good ones in this litter.

Glen Moir Kennels report the sale of "Mac's Buster," a son of "Mac's Betty," and "Laddie Champson" to Miss Vera Conrad of Bedford. "Buster" is a nice looking Boston, now some six months' old and has certainly done his part to woo his owner's affection, not only for himself but for his breed. Miss Conrad in the past has been known to us all as a most enthusiastic Beagle fancier. We wish her all kinds of luck with her new breed. J. D. Whitney also told me that his Irish Water Spaniel, "Glen Moir Surprise" is very soon due to present him with a litter that will claim Superintendent Nenaue's "Pat" as their sire.

Father Martin reports the sale of his old Airedale, "Ch. Rockley Brigand" to Leo McIsaac of Halifax.

Henry McLeod reports a lot of activity in his Haliburton Kennels. Here is some of it. A lovely litter of Irish Setters arrived on Jan. 1st out of "Mac's Nora," and by the recently imported show and field stud, owned by G. B. Goodwin. Recently, "Lady Haliburton" was visited by "Ch. Mike Haliburton." His two Cocker bitches were also recently bred. Details later.

Bostons are still active, Roy McKay advised me that two of his broods, "Mac's Betty" and "Wrights Miss Sunshine," were recently visited by "Laddie Champson." And with much regret reported the death of "Mac's King," his faithful old stud. "King" has been exhibited at Maritime shows for many years, was never beaten in his classes, and probably has more "Reserve Winners" to his credit than any Boston in Canada. We'll miss "King".

"Bluenose Kennels" expect to be busy with two litters of Bloodhounds and three Scottish Terriers litters, all due in the next three weeks.

From New Brunswick comes a long newsy letter from my good friend R. B. Laskey. I'm forced to condense the news.

Of interest to Smooth Fox Terrier fanciers is the "To-Lani" Kennels' ad. in February "House and Garden". This Chamblee, Ga., kennel grace their ad. with a good picture of "Ch. Garwood Tip Top," recently owned and shown by R. C. Vaughan of Saint John.

Our sympathies go to Dr. and Mrs. C. W. Holland. Recently their Scottish Terrier, "Cossar Rob," was a victim of distemper.

The Orrs, Robert and Sam, are keeping Pointers very much in the limelight in St. John. Robert Orr, the breeder of "Easco Whichone" who is a worthy and consistent sire as well as being a dog of no little merit, has two litters by this sire. His home-bred bitch, "Parmachene Belle," herself a daughter of "Whichone," has an almost amazing litter of great promise. Mr. G. P. "Sam" Orr also used this same sire with good results. Sam's dogs had a wonderful show and field career last year. This year Sam's intends to repeat.

J. G. Cavanaugh is busy with his Cockers and the day is not far away when his "My Own" and "Derby" prefix stock will produce something sensational. He recently bred three bitches to his excellent stud, "Ch. Alhambra Chief".

Harry Richardson of Whippet fame saw some puppies of his own breeding do well at a recent evening match for Sporting dogs only. Whippets are becoming quite popular in Saint John, but be careful in their rearing and training.

**GLOVER'S  
IMPERIAL  
ANIMAL MEDICINES**

H. V. Berry recently brought to Saint John a lovely pair of Springers from Ernest McKimm of Amherst, N.S.

J. J. Jackson, the superintendent of Cossar Farms, tells a lot of Diehard news. A new indoor kennel to accommodate about a dozen adult terriers has been added. Several of the occupants are new to **Kennel and Bench** readers. "Cossar Revolt," a slow-maturing home-bred, is now in fine form and boasts real power and length of foreface, good eye and ear and general quality that will make this young brindle one to be watched in future competition. Several others that belong on the home-bred list as well as some new importations will be described in this column next month.

Enough for this time, friends. Let's have your news for next month. Till then, happy days.

### C. A. WARD UNDER THE WEATHER

The many friends of "Charlie" Ward, ex alderman of the city of Toronto, and master of the "Braemore" Wire Fox Terriers and Scottish Terriers, will be sorry to hear that Mr. Ward has been under the weather for some considerable time now. A stern battle with a malignant form of rheumatism has been waged since the New Year was ushered in, and now we understand Mr. Ward is confined to bed for the time being.

Here's hoping that this good fancier will soon be well on the way to a complete recovery so that he may take a personal interest in the kennels' recent importations, and to personally arrange to receive the other importations that he had in mind before he was obliged to rest up a little.

### HAMILTON BEAGLE CLUB ACTIVE

The general meeting of the Hamilton Beagle Club was held on February 10th and elected the following officers for 1934: President, J. Patterson; 1st Vice-Pres., W. Slattery; 2nd Vice-Pres., Robert Clarke; Sec.-Treas., Fred Perrow, 98 Barnsdale Ave., N., Hamilton, Ont. General Committee: J. H. Schwendau, Robert Armstrong, J. A. Pannabaker, Russel Long and C. A. Snowden.

## Why these Dogs are Champions

---

Champions never spring from scrap-fed dogs. They are fed balanced rations---the kind of rations a Ross-Miller Dog Food diet provides.

Dogs fed on Ross-Miller foods attain the fullest possible development both in health and good spirits, because Ross-Miller foods bring them a scientifically determined proportion of proteins and vitamins. These made-in-Canada foods, prepared from high-grade beef and pork cracklings, bone meal, fish meal, alfalfa meal, milk and other ingredients including a carefully controlled percentage of pure cod-liver oil, build bone, muscle, vitality and contentment.

Expert breeders everywhere in Canada endorse Ross-Miller Dog Foods with reservation.

NAPANEE, ONT.

By Appointment

A dog fed on Spratt's is not only immensely satisfied with his lot---he's delighted with the unceasing variety that a thoughtful owner can provide.

There are over a score of these famous Meat-Fibrine biscuits and meals and what with the several kinds available for him and the opportunities for change and change about, a dog always has an interest in his food.

Think how much this means to his health, his strength, his vitality ; no wonder Spratt's Foods are called the "backbone of the Canine Race !"
