It's a grand idea—both for the dog and his master. Get one now—at Department Stores, Pet Shops, Feed and Grocery Stores. If your dealer cannot supply you, write to us, giving us the dealer's name.

> Dogs NEED dog foods. Dogs that go through life on table scraps and anything else that's left over, never develop into the whole-souled, disease free friends that proper food can make of dogs.

> And the finest of dog foods are Ross-Miller Foods. They are made according to scientific formulae based upon the natural food

requirements of healthy, active dogs. They contain the necessary proteins, carbohydrates and minerals upon which a dog builds a healthy body. A special system of low temperature steam-baking preserves the vitamins.

You can feed your dog on these body-building Ross-Miller Foods for a cent or two a day—about a cent a meal. Start now. If you can't get Ross-Miller Dog Foods from a dealer near you, write to us direct.

We will accept advertisements under this heading at the rate of 5 cents per word or letter for each insertion, prepaid; 4 cents per word or letter for three or more insertions, prepaid.

Remittance must accompany the advertisement.

IMPORTANT

In writing your advertisements or other articles for publication in Kennel and Bench, do not abbreviate or omit words. Write all names plainly and correctly.

Club Secretaries are requested to notify us of appointments and dates for all shows to be held by them. All items of interest, such as meetings of all breed or specialty clubs, will be welcomed and given due publicity. In short, we want this paper to be of every assistance to the fancy in as wide a sphere as possible. All matter intended for publication should be written on one side of the paper only, and must be accompanied by the writer's name and address, not necessarily for publication, but as a private guarantee.

Closing dates, for reading matter, 20th; for advertising, 22nd preceding.

Meeting of the Board of Directors

of the

Canadian Kennel Club, Incorporated

THE regular monthly meeting of the Board of Directors of the Canadian Kennel Club, Inc., was held in the Board Room of the Club's Offices, 25 Melinda Street, Toronto, on Thursday afternoon, August 19th, 1937, at 3.30 o'clock. The President, Col. J. N. MacRae, presided. Directors present included Walter H. Reeves, Dr. H. E. Batt, Mrs. E. Brown, B. W. Essery, K.C., and W. J. Risewick.

It was regularly moved by Mr. Reeves, seconded by Mrs. Brown and carried:

"That, the minutes be taken as read."

The Secretary advised that Mr. Ronald C. Vaughan, the Maritimes' Director, had been in Toronto on Tuesday, August 17th, and that a visit was paid to Capt. H. Dudley-Waters at Christie Street Hospital. Capt. Waters was found to be in fine spirit and was looking forward to leaving the hospital for his home at Highland Creek on the following day.

The President advised that the Secretary and himself had gone to Ottawa for the purpose of discussing with the Live Stock Commissioner and the Director of the Live Stock Records the matter of registering Canadian-bred dogs.

Mr. Reeves congratulated the President and Secretary on the results obtained. The President intimated that the congratulations should include all the participants of the conference including Mr. Rothwell, the Live Stock Commissioner, Mr. MacVannel, the Chief Registrar and Mr. Hitchman, the Live Stock Records Director.

It was regularly moved by Col. Mac-Rae, seconded by Mrs. Brown and carried:

"That, Article 17, Rules of Eligibility, be amended by adding thereto two new sections to be known as 'I' and 'J' and to read as follows:

'I' "Dogs born in Canada registered in the National Coursing Association Stud Book, The Field Dog Stud Book, The International Fox Hunters Stud Book, provided the certificate of registration as issued by any organization above stated is filed with the Canadian National Live Stock Records. If official three-generation pedigree is not obtainable, evi-

dence of authentic ancestry for three generations may be filed with the Canadian National Live Stock Records, Registration of such an animal may be made but no certificate of registration issued. This rule shall be deemed to have come into effect on August 1st, 1937."

'J' "A dog born in Canada for which provision for registration has not previously been made and for which is filed a complete three-generation pedigree of authenticated breeding shall be and from August 1st, 1937, shall have been eligible for registration. This rule to terminate December 31st, 1939."

It was thoroughly understood, and agreed that the above proposed amendments to the Constitution would come into force as of August 1st, 1937, and that they would come before the members at the next Annual General Meeting of the Club for ratification.

It was regularly moved, seconded and carried:

"That, Mr. C. N. Gibson be restored to the privileges of the Canadian Kennel Club which he enjoyed before the passing of the resolution of May 19th, 1936."

The Secretary advised that he had received from Mr. R. A. Ross, Director for the Province of Quebec, a detailed report and photographs of the Huskies at present being considered for the purposes of registration.

The Secretary read Mr. Ross' report and the Directors inspected the photographs.

It was agreed that in view of the proposed legislation, the matter be left in the Secretary's hands for attention at the proper time.

The Secretary read a letter received from the Canadian Fox Terrier Association who complained of the alleged incompetent judging of Fox Terriers at shows held in Ontario.

It was agreed that at the next Annual General Meeting of the members of the Club a proposed amendment to the Dog Show Rules would be sponsored which would have for its objective the endorsing by the Board of Directors of all judging material selected by the show giving clubs before such judging material would be permitted to function in the ring at shows held in

Canada under Canadian Kennel Club

A letter from the Records Office was read with regard to two applications for registration being held at that office pending recognition of the breed of Australian Terriers by the Directors.

The Secretary advised that he had in the office a copy of the standard of the Australian Terrier as recognized in Australia, a copy of which standard had been sent to Mr. Hitchman for his information.

It was regularly moved by Mr. Reeves, seconded by Dr. Batt, and carried:

"That, the breed known as the Australian Terrier be now added to the list of recognized breeds."

A letter from the Records Office asked for the endorsation of the transferring of a dog sold some time ago by Mrs. A. Baker, Billings Bridge, Ont.

It was regularly moved by Mr. Essery, seconded by Mr. Risewick, and carried:

"That, the transfer of ownership be endorsed."

The Secretary read a letter received from Mrs. A. Baker applying for reinstatement to the privileges of the Club.

After consideration it was regularly moved by Mr. Reeves, seconded by Mr. Risewick, and carried:

"That, Mrs. Grace Baker be now reinstated."

The suggestion was made by Mr. Risewick that the members should have an opportunity of examining the annual financial statement at length before discussing the matter at the Annual General Meeting. It was further suggested by Mrs. Brown that such financial statements should appear in the February issue of Kennel and Bench.

After further discussion it was regularly moved by Mr. Risewick, seconded by Mr. Reeves, and carried:

"That, the auditors be required to supply our annual statement for publication in the February issue of Kennel and Bench, therefore a copy of the statement must be available in this office by January 21st at the latest."

The Secretary read a letter sent to Director R. A. Ross by Mr. J. T. Mc-Callum of Thetford Mines, Que, wherein Mr. McCallum suggested that the Stud Books should show the champions for at least the previous five years if not the complete list, and further suggested that the champions be listed under their separate breed headings.

The Directors agreed that only the champions made during the one year previous would be published, but that they would appear under their breed headings as suggested by Mr. McCallum.

The following statement of General Accounts for July was presented for payment:

EDITORIAL COMMENT

MAIL YOUR ENTRIES

WITH the approach of the Fall Show circuits this appears to be an opportune time to draw our readers' attention, especially those of the exhibiting fraternity, to the advisability of the early mailing of entries.

The Date, the Location, and the name of the Judge. These are the three items of imformation required to help the exhibitor to make up his or her mind whether to show, or not to show, and if the dog is fit, nothing else is necessary to enable a decision to be arrived at.

As the previously mentioned information is obtainable several weeks previous to any show there is no sound reason why the mailing of entries should be put off until the last minute. Granted, a dog may lose his form, and one hundred and one circumstances arise to make the trip impossible, but events prove that in a vast majority of cases the original intentions are invariably carried out. The late entry bugbear is responsible for extra labour, and chaotic conditions, that the show secretary and staff do not deserve, and they are all the harder to endure, when, as in many cases, the services rendered are voluntary. They add considerably to the last minute rush, with its attendant vital compilation of the catalogue and other countless details on hand, whilst the danger of published errors are added to many fold.

Mail your entries EARLY.

• IN THE RING

TO the majority of exhibitors, from those making their initial bow to others with varying stages of experience, the crucial moments of a dog show are spent in the judging arena, when they are called on to display their dog's points to the best of their ability, and often in the strange surrounding and with the knowledge (which is often exaggerated) that all eyes are upon them, the best laid plans of procedure go by the board. For the novice it is impossible to lay down rules, and advice often falls short of being helpful with unexpected situations constantly arising. A watchful eye on the earlier proceedings, paying close attention to the deportment of the more experienced handler is probably the best way to obtain the first knowledge. When this has been followed and you feel that you have a fair knowledge of the "ropes" there are one or two items of importance that may well be studied.

Presuming your dog's home-training has included lessons in standing correctly, and to move

with an easy stride without pulling on the lead, and you are handling him in the orthodox manner, that is, with the lead in your left hand, with any tidbit to attract his attention in your right, or better still, in a get-at-able pocket, you are going along as well as can be expected. You have not yet acquired that proficiency to enable you to jockey for a position, and until you have surely reached that stage, do not attempt it, you may be equally embarrassed by success or failure, and a nervous dog thrown out of his pose or stride is a "handful" for the most experienced. Keep your place in line until requested by the judge to change positions. Your competition should occupy the least of your thoughts, the judge's opinion is what you desire and knowing as you do the best posture of your dog, by keeping him to it without undue fuss your mount will not escape observance, and if you do not reach the top position on that day you will have the satisfaction of knowing that the best was made of what to you was a new situation, and hope for better luck next time.

• RECKLESSNESS REWARDED

WHEN Magistrate Gee of Lindsay,
Ontario, fined youthful Bruce Anderson of the Township of Pickering
\$25.00 and \$22.50 costs in the Oshawa (Ontario)
Court for the shooting of a dog he struck the
correct note in an effort to curb the all too ready
use of firearms which result in the wounding
and death of dogs and other domestic pets, and
if the confiscation of the gun in question had
been added to the penalty imposed his Worship
would have been still further commended for his
stand. The following is an excerpt from the
Globe and Mail, Toronto:

Oshawa, Aug. 17 (Special).—Bruce Anderson, 20, of the Township of Pickering, pleaded guilty to shooting a \$50 Collie belonging to James A. Ritchie, a neighbour, "because it was always chasing everybody". In police court this afternoon Magistrate Gee of Lindsay ordered Anderson to pay the owner \$25.00 and pay court costs of some \$22.50.

"Why did you kill that dog?" asked the bench. "It was always chasing everybody."

"Don't you know that we have Provincial Police to take care of those things, that you can't set yourself up as a judge and policeman?" Anderson stated that he had shot three dogs with his rifle.

"You just like to hear firearms go off," remarked Magistrate Gee.

The English Setter

This is one of the most popular breeds on the show bench or in the field, and he can boast of more constant admirers than any other sporting dog. In his own sphere of beauty and distinction he is perhaps the most hand-

some and bloodlike of all dogs. His general appearance with broken and attractive colouring, beautiful carriage, and his all day "free" action provides a pictorial attraction for any dog lover, and his amenable, responsive disposition adds a crown to his already recognized qualities. The English Setter has been so long with us, filling an important part in recreative sports, field work, and was established long before dog shows were even contemplated, that to delve into his origin, which has always rested somewhat in obscurity, would provide little or no interest, and certainly could not add anything to his present standing. "British Dogs" provides the following description of the English Setter, written by that eminent authority, the Rev. D. W. W. Horlock:

"The shape and make of a Setter should, as far as the body is concerned, be as similar as possible to that of a perfectly shaped hunter—of the long and low type; a long neck, sloping shoulder, short back, deep but not broad chest, thighs long from hip to hock, hocks straight and stifles well bent, pasterns strong and straight, and loins strong, deep, and wide. The head

should be long and fairly broad. The nose should be large and straight, with a turn if anything upwards, brown in lemons and black in other colours. The nostrils should be broad and expanded, the jaws absolutely level, ears set low and hanging level with the head. The eye should be full, sparkling, and intelligent, and the colour thereof should be brown. The hare foot is the more lasting, though it is said that many people prefer the cat foot. The stern should be of moderate length, carried straight without a curl, and shaped something like a sabre. The coat should be fine, silky, soft, and straight. The high carriage of head, which is one of the most striking attributes of a perfect Setter, cannot exist without a fine sloping shoulder."

Description and Standard of Points Head.—Long and lean, with a welldefined stop. The skull oval from ear to ear, of medium width, giving brain room but with no suggestion of coarseness, with but little difference between the width at base of skull and at brows and with a moderately defined occipital protuberance. Brows should be at a sharp angle from the muzzle. Muzzle should be long and square, of width in harmony with the skull, without any fullness under the eyes and straight from eyes to tip of the nose. A dish face or Roman nose objectionable. The lips square and fairly pendant. Nose should be black or dark, liver in color, except in white, lemon and white, orange and white, or liver and white dogs, when it may be of lighter color. Nostrils should be wide apart and large in the openings. Jaws should be of equal length. Overshot or undershot jaw objectionable. Ears should be carried close to the head, well back and set low, of moderate length, slightly rounded at the ends, and covered with silky hair. Eyes should be bright, mild, intelligent and dark brown in color.

Neck.—The neck should be long and lean, arched at the crest, and not too throaty.

Shoulders.—Shoulders should be formed to permit perfect freedom of action to the forelegs. Shoulder blades should be long, wide, sloping moderately well back and standing fairly close together at the top.

Chest.—Chest between shoulder blades should be of good depth but not of excessive width.

Ribs.—Ribs, back of the shoulders, should spring gradually to the middle of the body and then taper to the back ribs, which should be of good depth.

Back.—Back should be strong at its junction with the loin and should be

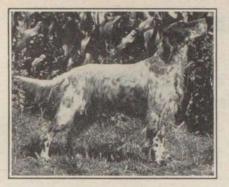

straight or sloping upward very slightly to the top of the shoulder, the whole forming a graceful outline of medium length, without sway or drop. Loins should be strong, moderate in length, slightly arched, but not to the extent of being roached or wheel backed. Hip bones should be wide apart without too sudden drop to the root of the tail.

Forelegs.—The arms should be flat and muscular, with bone fully developed and muscles hard and devoid of flabbiness; of good length from the point of the shoulder to the elbow, and set at such an angle as will bring the legs fairly under the dog. Elbows should have no tendency to turn either in or out. The pastern should be short, strong and nearly round with the slope from the pastern joint to the foot deviating very slightly forward from the perpendicular.

Hindlegs.—The hindlegs should have wide, muscular thighs with well developed lower thighs. Stifles should be well bent and strong. Hocks should be wide and flat. The pastern should be short, strong and nearly round, with the slope from the pastern joint to the foot deviating very slightly forward from the perpendicular.

Feet.—Feet should be closely set and strong, pads well developed and tough, toes well arched and protected with short, thick hair.

Tail.—Tail should be straight, set low and taper to a fine point, with only sufficient length to reach the hocks, or less. The feather must be straight and

silky, falling loosely in a fringe and tapering to the point when the tail is raised. There must be no bushiness. The tail should not curl sideways or above the level of the back.

Coat.—Coat should be flat and of good length, without curl; not soft or woolly. The feather on the legs should be moderately thin and regular.

Weight.—Dogs, about 55 to 70 pounds; bitches, 50 to 65 pounds.

Height.—Dogs, about 23 to 25 inches; bitches, 22 to 24 inches.

Colours.—Black, white and tan; black and white; blue belton, lemon and white, lemon belton, orange and white; orange belton; liver and white; liver belton, and solid white.

Markings.—Dogs without heavy patches of color on the body, but flecked all over preferred.

Symmetry.—The harmony of all parts to be considered. Symmetrical dogs will have level backs or be very slightly higher at the shoulders than at the hips. Balance, harmony of proportion, and an appearance of breeding and quality to be looked for, and coarseness avoided.

Movement and Carriage.—An easy, free and graceful movement, suggesting rapidity and endurance. A lively tail and a high carriage of head. Stiltiness, clumsiness or a lumbering gait are objectionable.

The Canadian Fancy

By Contributing Editor

WALTER H. REEVES

156 Bridge Street East, Belleville, Ont.

ROM time to time matters come H before your board of directors at the monthly meetings at Melinda Street that call for expert advice. The writer has often thought that the members of the Canadian Kennel Club have been fortunate that they have elected men who are capable of giving expert opinions. When legal opinion was wanted in past years we had The Honourable Mr. Justice McFarland and Major Ward Wright, and this year we have Mr. B. W. Essery, K.C. The writer has sat in at these conferences now for several years and knows full well how extremely valuable the three directors mentioned have been to the Canadian Kennel Club. At a meeting recently a case of "Artificial Insemination" came up for discussion and we again were fortunate in having a man fully able to give his fellow directors the expert opinion they needed in dealing with the case. Dr. H. E. Batt not only knew all about artificial insemination but what was more valuable still, had tried it with success. The writer has been interested in this method of mating for some time, for it opens up a new thought in our breeding operations. Our secretary, knowing the interest I took in the discussion, has very kindly sent me a copy of the August issue of The Veterinary Bulletin in which an article appears written by that great authority, Mr. G. D. Pinder B.V.Sc. Space will not permit me to give the whole article, which is so extremely valuable to those interested, that I strongly advice them to procure the magazine. Mr. Pinder states that:

"The advantages of artificial insemination are numerous. Outstanding sires can be used more extensively by diluting one ejaculation and using it to serve several animals. Distant females may be bred by applying the principles of conservation and transportation of the semen. The necessity of bringing diseased and healthy animals in contact with the same sire is obviated. Furthermore, the danger of injury during copulation is avoided. Experiments on dourine-infected animals have brought forth an interesting factor in connection with the use of artificial insemination as a means of controlling disease spread by sexual contact. After ejaculation, the infected semen can be treated with

salvarsan (1:10,000). This destroys the contaminating trypanosomes, but does not affect the potency of the spermatozoa. After collection, the semen can be subjected to both microscopic and microscopic examination and observed for morphological details and motility. Examination for motility can be carried out with a magnification of 100 times. The morphology is studied best by staining the specimens. In this manner an impaired condition of the sire is more easily determined. The sperm picture under the microscope proves of great value in tracing breeding problems."

Apparently this method of breeding, according to Mr. Pinder, can be traced to the early Egyptians. Spallanzani, an Italian anatomist, recorded in the 17th century the success of this method in breeding dogs. The author states:

"Since his time artificial insemination has not been practiced to any great extent. However, it was revived after the great war by the Russians at a time when their livestock resources had become sadly depleted. They established an institute for the special study of artificial insemination with the result that millions of cows, mares, ewes and several other species of domestic animals have been successfully impregnated with the semen obtained from a surprisingly small number of superior sires. The opportunities and demands for artificial insemination on this continent have been almost nil in the past, but in spite of our supply of reputable and potent males, there are times when artificial impregnation is the only way in which some females can be made to conceive to selected males."

It certainly behooves the English, American and Canadian Kennel Clubs to give serious consideration to this method of breeding for apparently the time has come that the world's great sires are available to breeders in any part of the world, but strict supervision will have to be insisted on in the preparation and using of the semen.

A New Market

The writer has been in communication with several Australian breeders who have written asking for particulars of Canadian dogs and breeders. Australia, like other countries with the improved financial conditions now existing, is in the market for reliable

sires and brood bitches and also dogs that have show records. We are fully capable of supplying Australia's wants and there are excellent shipping facilities from Vancouver. Letters, however, never seem to carry the weight of the spoken word, and therefore it is welcome news to hear that one of the world's great judges leaves before the next issue of Kennel and Bench to judge several shows in Australia. The judge is Mr. George Steadman Thomas, who is thoroughly familiar with the quality of our dogs and almost his last engagements on this Continent were at Halifax and Vanconver.

A Land of Dogs

I am writing this contribution whilst taking part of my vacation at Lake of Bays, and whilst looking over the beautiful lake where we are staying, which reminds me of the Lake District in England, I thought of a recent conversation I had with two Canadian friends who had just returned from a tour of the British Isles. What impressed you most, I asked when I met them. "Why, the great number of dogs being led, no matter where we were, we always saw dogs - singles, pairs, and even more being led and exercised by women. My friends were somewhat surprised to hear that the breeding and raising of dogs had of late years opened up a new vocation for women. Situated in different parts of the British Isles, there are many training schools for women where they are given an extensive training in everything pertaining to our sport. When the students leave these schools I understand they experience no difficulty in obtaining engagements. Isn't it about time that some enterprising breeder started a similar school in Canada?

Type

After judging the Cairn Terrier Speciality Show at New York, the writer called attention to the diversity of type shown by the Cairns. Apparently a lack of uniformity of type is very marked in England. Miss Helen C. Hunt, who has just returned from a visit to the Old Country, gives the following impressions in Popular Dogs of the Cairns she saw on her visit:

"The uniformity of type within a kennel is very marked abroad, so much so that once you get to know them it is very easy to tell the breeding of almost every dog in the ring. But there I am afraid the uniformity stops, because there are almost as many types in the ring as there are kennels represented, and the same old questions of correct type and size are ever present."

Surely it is about time that Cairn breeders got together and agreed upon

a type! At the present time, the writer thoroughly agrees with Miss Hunt that there is uniformity of type within the kennel, but there the uniformity ceases. Judges have indeed a problem when judging, for today know of no breed that shows such a lack of uniformity as does the Cairn Terrier. The breed is far more difficult to judge than they were. When first introduced to the show ring we saw uniformity and had only to guard against placing specimens that showed Scottish Terrier type in head properties. Now we have them high on the leg, with bodies that by no means resemble the bodies required by the breeders of by-gone days. Miss Hunt criticises the heads of the present day Cairns, but it is the opinion of the writer, that the great variance of type between past and present Cairns, is not so much heads, but size, fronts, and bodies. The head may be the map of the breed, but what can you do if you judge according to the present day standard with a Cairn with a typical head placed on a front and body that is required in a Fox Terrier but certainly not in a Cairn as long as the standard remains unchanged. The old-time breeders of Cairns bred their Terriers so that they could work in certain parts of Scotland, where a small low-to-ground Terrier was the only type of Terrier that could work successfully. It is more than thirty years ago that Mr. George Steadman Thomas and the writer had an opportunity of seeing the Cairn at work in his native land, and we were given a practical illustration that a Fox Terrier could not go where the Cairns did. Probably some of my readers may think that our present day Cairns are produced not to work, but for the show ring. Well this should be decided by the breeders and if necessary the standard changed.

Death of a Great Cairn

One of the great Cairns has met with an untimely death. In a recent letter from Mrs. George Hyslop, the news is given that "Champion Tinker of Cairndania" is dead. It appears that "Tinker" was swimming with Billy, Mrs. Hyslop's son, as he did every day, when suddenly "Tinker" was taken with a heart attack. Billy grabbed him and brought him to land. Mrs. Hyslop was on the bank and as soon as Billy landed with his pal, Mrs. Hyslop started working on him. "Tinker" lived throughout the day but passed away the next morning. The post mortem revealed an enlarged heart. The death of this great little Cairn is not only a serious loss to Mrs. Hyslop, but also to Cairn breeders for "Tinker" was not only a wonderful show specimen, but a great force as stud.

Greyhounds

Evidently my remarks in the last issue of Kennel and Bench "On Supply and Demand." has created much interest all over the Dominion, particularly as to the demand for Grevhounds. To make any breed pay we must have a market, so let us take a glance across the border and look at the possibilities there for Greyhounds. Through the courtesy of Mr. H. D. Bixby, Assistant to Executive Vice-President of the American Kennel Club, I am enabled to give particulars of the immense sums of money involved in the sport at a few of the tracks from 1936 to 1937. The following were the receipts:

Track
Miami Beach
West Flagler
Biscayne Bay Kennel Club
Hollywood
Tampa
Jacksonville
West Palm Beach
Orlando
St. Petersburg
Sarasota

It will be interesting to give some particulars of how this extremely popular sport in England and America is conducted, so I quote again from the information given to me by Mr. Bixby which, of course, refers to American tracks:

"Each of the legalized states has a racing commission, which is appointed by the Governor. These commissions have issued books of rules; Florida being the first one, and the other states rules are closely based on the Florida set. These rules go into a great deal of detail, and are very complete, showing exactly what officers each racing commission must have, and the state commission itself has a number of racing officers on duty at each track. In regard to the taxes, there is some variation, but the general plan is that in order to obtain a license, the racing association agreed that no more than a total of 15% of the gross amount aggregated on the pari-mutuels will be deducted, and out of this, 3% goes to the state as a tax-the balance of 12% belongs to the track and covers all expenses. In Florida, 15% of all gate receipts is also paid to the state as a tax. This percentage varies in some of the other states. In both Florida and Massachusetts at least, all persons connected with the track have to pay a special license fee. Massachusetts licenses these various positions, and the fees run from \$2,00 to \$10.00 per year. In Florida there is a graduated license fee, depending upon the pay

earned by that particular position. The fee runs from \$3.00 per year for those getting \$8.00 per day and less, to \$25.00 for those receiving over \$30.00 per day, and also \$25.00 for all employees not on a daily salary basis. In Oregon, I believe, the state takes 3-1/2% as a tax, and there is also a daily tax of several hundred dollars.

I have not the figures for Massachusetts for the last racing season (which amount to eighty days) but the state commission told me that up to and including the first 25 days of racing, the track at Revere, Mass. had had an average "take" amount of \$155,000.00 per day. The track at Springfield, Mass. for a similar period

		State
Mutual	Attendance	Revenue
\$3,628,299.00	240,122	\$134,274.17
3,617,616.00	246,878	134,902.28
1,934,265.00	195,699	79,313.85
1,919,325.00	163,375	74,326.25
1,430,660.00	86,044	52,293.20
1,537,913.00	130,061	59,838.49
1,372,498.00	115,586	53,353.54
946,239.00	84,754	37,546.57
2,157,011.00	159,488	81,860.13
186,857.00	19,422	8,071.91

had \$123,000, and the track at Taunton for a similar period had had an average take of \$98,000.00 a day."

One of the questions I have been asked is, why is such a popular sport not general in Canada? This is easily answered. To make the sport popular we must have the "mutuels" and here those who have tried hitherto to start Greyhound racing have found strong opposition from Horse Racing Interests. The opposition have strength and money behind them, but personally I believe with such a progressive country as ours, this opposition can be overcome, if we combine as we should. Let us look at the great advantages to be obtained; first there is no country in the world that lends itself more advantageously to the breeding and raising of Greyhounds than does Western Canada with its wide open prairie and wild rabbits. A racing Greyhound must be reared right, and to do this, liberty is essential and in order to make them good racing dogs, they must have a keen desire to kill. We have heard so much of the dire straits some of our Western farmers are in through failures in crops the last few years and we have heard and read about many suggestions as to how to help the situation out there, but nothing so far suggested could help to solve this grave problem as would the breeding and raising of a few litters of Greyhounds. The farmer has an ideal climate, unlimited exercising grounds, and the needed game to train

young saplings which could be trained with their dam to run "jacks". I am now going to quote the experience of a friend across the border. "Last summer I ran short of racing stock through strained joints and sore feet. Not being able to buy here, on a friend's advice, I took a trip across the border and found what looked like what I wanted, some well raised saplings bred and reared by a Western farmer, who quite frankly informed me, that they have never raced the "dummy" but guaranteed that they would kill "jacks". A few days after arriving home with my purchases, I tried these Canadian saplings on the track and I started them with an old performer, a winner of many races, and to my astonishment they raced the "dummy" like old performers; in fact what I intended for a trial turned out one of the best races I have ever seen and I have witnessed many, for at the finish of the trial you could have covered the six Grevhounds with a blanket. Can you wonder that we give preference to Canadian raised Greyhounds". My friend continues, do all you can to encourage the Western farmers to breed and raise Greyhounds for there is an unlimited market here. We can make the demand even greater and a still more profitable industry if we can induce the powers that be to allow a legalized betting system in Canada on Greyhound Racing Tracks. If this is done, it will place many thousands of dollars in the West where they are urgently needed today. The government would also gain a big income through taxes, as would the Canadian Kennel Club through registrations, for once we overcome the opposition and we have legalized Racing Greyhound Tracks in Canada as they have in England and America, the Canadian Kennel Club should be the governing body, and when that time comes the C.K.C. will find themselves in the happy position of being able to profit by the experiences of the English and American Kennel Clubs. I am going to give further particulars of Greyhound racing in future issues of Kennel and Bench, for first there is a golden opportunity for the Western farmers, second it means revenue to the government, third it will provide a great deal of employment, fourth it should be under the jurisdiction of the Canadian Kennel Club who, with the big revenue derived, can do more than they can at present to encourage breeding, shows, and field trials.

Fox Terriers

Mr. S. W. Scarpa of the Malabar Kennels sends the following items of

"Champion Startling Event" came

All is well here. Breeders and dog fanciers will be interested in this month's news,

WIRE HAIR FOX TERRIERS

"Fairmounts Result", an outstanding show and stud dog, winning four times Best in Show all breeds in England. Beautifully marked; wonderfully bred. Grandsire "International Champion Gallant Fox. Sire of dam, "Champion The Chief" with double cross of "Champion Talavera Jupiter". Fee, \$20.00.

SCOTTISH TERRIERS

"Heather Recollection", a superb black Scottie, winner of two first at Cruft's and two first at Glasgow. Sired by "Champion Heather Beau Ideal". Sire of dam, "Cham-pion Heather Fashion Hint". Fee, \$20.00.

The following TERRIERS AND COCKERS are offered for immediate sale and reser-

(a) WIRE HAIR FOX TERRIERS

"Talayera Thalia", winner of four reserved certificates in England, re-cently bred to "Fairmounts Result". Should produce outstanding winners. Price, \$100.00.

- (b) "THET TRIPIT", recently imported, whelped four beautiful Wires. One male and one female are offered for sale. They are sired by England's remarkable producer of winners, "Champion Ravelly Radiance".
- (c) Puppies out of "Champion Miss Toss-up" and "Falconbridge Judy", sired by "Vivadora Surething", imported, are available at remarkably interesting

(d) WELSH TERRIERS

"Aman Mid-Day Sun" and "Aman Primrose" both produced litters recently, sired by "Cinderflash", England's outstanding young Show Winner, He has two championship certificates to his credit, Will likely be a Champion soon. These Welsh Terrier puppies look exceptionally good. Interested parties should see them early.

- "Rupert of Annadale", an exceptional Scottie dog, winner of reserve at the recent Terrier Specialty Show, is all black and a friendly Scottie. Fee until sold \$15.00. He is priced most attrac-
- (f) "Ring Up of Rookes", an English imported Scottie female, winner of Best Pup in Show all breeds and Best in Show all breeds just before leaving England. Will soon be ready for mating and a real bargain.

(g) COCKER SPANIELS

Two outstanding male puppies out of "Champion Fan Dance of Barrie", sired by "Champion Shotover of York" are available.

Owing to the illness of Mrs. Kennedy, "Vivadora" dogs will not be at the Dog Shows. Her misfortune will be your advantage. Prices will be surprisingly attractive.

Call Mrs. Kennedy at HOward 6423.

All Vivadora dogs shipped in new crates. Registered in C.K.C. Visitors welcome and correspondence answered promptly.

home to Malabar after the Montreal Show in June, where he topped the Terrier Group. "Thet Thelma" (you made her second limit Bitch at the Westminster) won the Best of Breed and second in the group the following week at Toronto, and now is expecting her young "Events" any day. I had a very nice litter of four this spring, sired by "White Knight of Malabar" ex a "Tri-Int. Ch. Thet Timber" bitch. They were first class, I shipped two to Noranda and the owners are delighted. The bitch I want to keep, she is most promising, and very much like her grandmother, "Thet Thelma". A "Startling Event" - "Thet Thelma" daughter, sister to the one you put up for first Novice bitch at the Westminster, has a four months old son by "Ch. Gallant Invader". Just the one puppy, but he is very, very nice, and I hope one day I can show him. "Startling Event" had a lovely visitor in "Florate Fruitful", an English importation, owned in Hamburg, N.Y. She is by "Ch. Florate Friar", out of an exceptional line of bitches such as "Florate Fairy", dam of "Ch. Wyndcroft Woolcomber" and then another famous bitch in her pedigree is "Florate Sweet Snowflake", the dam of "Int. Ch. Pendley Calling". Now he is expecting a visitor from Ohio. We have just bred two of our own to him and hope they have taken. Unfortunately this spring I lost two of his sons, then 9 months old, one of them much better than "Event" himself. So this stopped us for the time being with bringing out some young and new faces. It was a nasty knock, as both were lovely and the one in particular all I ever hoped to breed. The third dog in this litter was sold to Mr. Edgar Eaton who is more than delighted with him.

Terriers

Mrs. Kennedy sends some interesting news

We arrived home from England on July 1st, and since that time I have been very ill with pneumonia, having had to have two nurses. I came home very enthusiastic about the dogs, as I had attended a number of shows, met a number of good dog breeders, and saw the "Great Heather Realization". He is wonderful indeed, and such a disposition! I was out at Mr. Barlow's Kennels and saw all the champions. He has bought a six hundred acre farm. We bought a fine Scottie, "Heather Recollection" from . Mr Chapman after a great deal of coaxing as he had won two firsts at Crufts and two firsts at Glasgow. We also bought "Fairmounts Result" a Wire dog, which went four times Best in Show, all breeds, and won over fifty firsts. He is not a big one, and it is a difficult job to buy a small one.

especially with a long head. We bought a Wire female, "Thet Tripit", from Miss Dixon. "Tripit was bred to "Champion Ravelly Radiance", which is siring most of the young winning stock in England at the present time. Since arriving here she has presented us with four lovely puppies, two males and two females. In the last issue of Kennel and Bench you mentioned Welsh Terriers. We bought two females, both bred and showing heavy in whelp, "Aman Primrose" I purchased from Mr. Hitching. I saw her at a show and liked her better than his female which had won six certificates, but she was only eight months old. I bought her sister, "Aman Mid-Day Sun", which was bred at nine months old, and much to our surprise, "Primrose" came in a few days before we sailed. They were bred to a young dog, "Cinderflash"; he has two certificates. I intend to sell all my Scotties, except three, as they require more time than the Wire to keep them looking nice. We have sold about twelve since we came home and have orders for seven puppies.

KENNEL CLUB OF PHILADELPHIA ANNOUNCES SILVER ANNIVERSARY SHOW FOR NOVEMBER 27th

The twenty-fifth anniversary of The Kennel Club of Philadelphia will be commemorated by what the officers and directors of this time honored organization believe will be the greatest show held since its establishment. Plans are rapidly maturing under the direction of a bench show committee of which H. H. Brunt is chairman, and of which the members are John H. Irwin, John C. O'Hare, Richard A. Kerns, Jr., and C. Foster Browning, and news of many striking innovations will be presented to our readers in the next issue.

As usual this show will be superintended by The Foley Dog Show Or-

ganization which staged the outstanding fixtures of 1934, '35 and '36. This year, as last, it will be held for the duration of one day only and again the club has been successful in completing negotiations for the use of the Commercial Museum Section of Philadelphia's great Convention Hall which is one of the largest and finest exhibition buildings to be found throughout America. Prize money will be liberal and it has been reported that the list of trophies will be one of the most impressive that any club in the Philadelphia area has ever offered.

Recent club activities included an election at which a number of new officers and directors were chosen to serve for the ensuing year. Russell H. Johnson, Jr., continues to head the club as president. H. H. Brunt is now vice-president. William R. Tucker, Jr., is treasurer. And the newly elected secretary is G. Foster Browning. The directors include the officers and R. M. Cadwalader, Jr., E. W. Clark, John H. Irwin, Dr. Henry Jarrett, Richard A. Kerns, Jr., A. M. Lewis, Dr. A. A. Mitten, Joseph C. O'Hare, J. Sergeant Price, Jr., Benjamin Phillips, Joseph P. Sims, and Phillip C. Staples. Sergeant Price, Ir., is delegate to The American Kennel Club.

Those who attended last year's exhibition of The Kennel Club of Philadelphia certainly won't want to miss the one scheduled for November 27th. And those who have yet to take in their first Philadelphia fixture will find the Silver Anniversary Show of The Kennel Club of Philadelphia a good one at which to make their initial appearance.

T. E. CURRY
THE DOG PHOTOGRAPHER
Will attend the Toronto Exhibition
Dog Show.

T. E. CURRY
701 Bloor Street West
LOmbard 1242 TORONTO, ONT.

TAKE IN THIS TRIAL:

Canadian National Beagle Club

(4th Annual A.K.C. and 24th C.K.C. Licensed Trial)

Field Trials at Forest, Ontario

SEPTEMBER 27th to OCTOBER 2nd, 1937

Headquarters:
Bossenberry Hotel, Forest, Ont.
Excellent Room and Meals,
\$2.00 per day

BANQUET WEDNESDAY NIGHT, SEPT. 29th, 7 p.m.

ORDER OF RUNNING
Monday, 13-inch Derbies; Tuesday, 15-inch Derbies; Wednesday, 13-inch All Age Dogs, followed by Pack Stakes; Thursday, 13-inch All Age Bitches; Friday,

15-inch All Age Bitches; Saturday, 15-inch All Age Dogs.
Excellent kennels. Your hounds will be well taken care of.

Entry Fee: Derbies, \$3.00 All Age Classes, \$5.00 Packs, \$4.00

Prize Money:

Derbies and All Age Classes only, 50% of Entry Fee, divided 40%, 30%, 20% and 10%. Trophies to all First Place hounds, and Pack Ribbons to all placed hounds and Packs. A fond recollection prize to all second place hounds.

Field Judges: L. J. WAMPFLER HERB EDWARDS

Gaines Dog Food Will Be Fed at This Trial

For further information, write

NOTICE

KENNEL AND BENCH Annual Christmas Number

This is the time to think about your dog and kennel pictures to be published in our Christmas Number. Make arrangements with your photographer now, or write us.

KENNEL AND BENCH 25 Melinda Street, TORONTO

Ontario Notes

HE Borzoi, "Champion Kado Beloff O'Dolina", is dead and the breed has lost an outstanding member, whilst to his owners, Mr. A. F. and Mrs. Cooper of Toronto, who bred him, the tragic happening is nothing short of a calamity. "Kado" was just about in his prime, a prominent winner on both sides of the line, and as a sire he was just making a further name for himself.

The renewed activity in the larger breeds that has been so marked recently is still going on apace. Mr. and Mrs. H. G. Lauman of Toronto, are particularly elated over a litter of ten St. Bernard puppies sired by "Pqui Karl of Manitou", who was awarded Best of Breed at the last National Kennel Club Show. The dam is the imported "Lorelei yon Waldeck".

Captain H. Dudley Waters, M.C., member of the Board of Directors of the Canadian Kennel Club, Inc., and the perennial Secretary and Superintendent of the shows promoted by the National Kennel Club held in conjunction with the Royal Agricultural Winter Fair at Toronto, has sufficiently improved in health to be able to leave the hospital and he is now convalescent at his home at Highland Creek, Ontario. His many friends will join us in wishing Captain Waters a speedy and complete recovery.

E. Emmett, Laurel Brae Kennels, Islington, reports he has a wonderful litter of eight Newfoundland puppies born July 9th, sired by "Ch. Shelton Sea Diver" and out of "Ch. Waseekas Sea Nymph", and he says there looks as if a couple of them are going to be as good as "Laurel Braes Life Guard", the puppy that has done so much winning this spring from the previous litter.

Mr. Ronald C. Vaughan, the Maritimes director for the Canadian Kennel Club, Inc., paid the headquarters a visit during the last month. Mr. Vaughan was on vacation and with Mrs. Vaughan was taking a motor tour, and many prominent kennels were included in their list of calls.

Mr. W. J. Risewick of Toronto has sold the lightweight Bull bitch, "Wally's White Duchess", to Mr. John C. Prescott of Arlington, Mass., U.S.A. "Duchess" was extensively shown, and amongst her honours were five points towards the title of champion. Mr. Prescott, who made the journey to Toronto to see "Duchess", would not be denied, and the dog accompanied him home.

Ontario has had one of her citizens honoured by the appointment of Mr.

W. A. Price of Toronto to judge Cocker Spaniels at the Westminster Kennel Club Show at New York, February, 1938.

Mr. R. Ray McLaughlin of Elmcroft Farm Kennels, Oshawa, Ontario, sold two Irish Setter puppies through advertising in Kennel and Bench to buyers in the Maritimes, Mr. G. G. Mc-Carthy of St. John, N.B., acting as the adviser on one of the transfers; a further result being an enquiry from far off Shanghai for a bitch puppy.

The Premium List of the Hamilton Kennel Club Show to be held September 11th, reveals a very fine offering of those things that go to make up an attractive prize list. With a full classification, the more than usually heavy list of specials is very attractive. Pathos surrounds the offering of the Roy Eccles Memorial Trophy by Mr. and Mrs. Eccles for the Best Dog in show and its awarding will arouse many sympathetic memories. The breeds are well taken care of, the German Shepherd Dog Club of Canada and friends of the breed are to be particularly commended on their efforts. Judging of this breed is scheduled for 2 p.m. Prizes of the Obedience Test come in for special comment for they carry \$10.00 First, \$5.00 Second, \$2.50 Third, whilst in addition, each placing and also that of Fourth will have included a suitable trophy. Judging will commence at 11.30 a.m. (See advt.).

The Cooksville Agricultural Society will hold a Sanction Dog Show for all breeds in conjunction with their Annual Fair at Cooksville, Ontario, on Friday, October 1st. Particulars are not to hand as we go to press. Mr. W. H. Barrett, the well known Cocker Spaniel enthusiast of Cooksville, Ontario, will be in charge.

At the Boston Terrier Club of Toronto's Annual Meeting, the election of officers resulted as follows: President, Mr. Harold Shaw (acclamation); Vice-President, Mr. G. J. Lynch; Second Vice-President, Mr. F. Frecker; Secretary, Mrs. W. B. Hamilton (acclamation); Treasurer, Mr. J. Kelly (acclamation); Show Secretary, Mr. F. Cayley (acclamation); Executive Committee, Mrs. G. B. Firman, Mr. W. Chard, Mrs. F. Cayley, Mrs. Fraser, Mr. Taylor; Publicity Agent, Mrs. H. Shaw (acclamation).

The reports of the several committees were well received and the business of the forthcoming show to be held on Thanksgiving Day, under the rules of the Canadian Kennel Club, Inc., were discussed. This will be the 19th annual event and promises to equal, if not, excel any of the previous efforts made by the association.

The news of the day in Irish Terrier circles is the recent purchase by A. & J. D. Palmer, Toronto, of the sensational winning bitch, British Champion, "Ballinamodree", who lifted the certificate at Harrogate, 1936, Great Joint Terrier Show, Olympia and Blackpool, 1937, and as we chronicle this item, we hear that Messrs. Palmer have by cable bought "Shilvoden Boy", a young son of "Champion Slemish Splendid", which reports say, "is just about it". Congratulations are certainly in order to the plucky Toronto enthusiasts, and future events in Irish Terrier doings will be full of interest.

OUR FRONTISPIECE

The English Bulldog, "Kamel Morovian Mainspring" (Imp.), owned by Mr. Reg. P. Sparkes, Toronto, Ontario.

We have before us a copy of a fivegeneration pedigree of the subject of this notice, and to the Bulldog connoisseur it simply provides a grand parade of the world's well-known celebrities and pillars of the breed. The fact that the names of no less than eighteen British champions appear in this remarkable conglomeration adds to the very apparent richness of the thought and endeavor of which "Kamel Morovian Mainspring" is the outcome. To enlarge on the many interesting combinations is impossible, but the final blendings are worthy of note. "Kamel Morovian Mainspring" is the direct result of a half-brother and a half-sister cross, which has so often been proved the progenitor of outstanding specimens in many breeds. His sire, "Ch. Basford Son O'Revival", is by "Ch. Basford Revival" ex "Bronze Queen". His dam, "Crompton Susan" is by "Ch. Basford Revival" ex "Basford Melody", whilst the third generation shows a double cross of "Ch. Son O'Gill" and an introduction of the great "Ch. Sunbarry". Little need be said of "Kamel Morovian Mainspring" the untouched photograph taken of him when eight months old, which we present, tells an unvarnished story.

The pungent facts surrounding him are that he was just one year old on August 21st. He was in England considered the youngster of the period. He has never as yet been shown, and Mr. Sparkes, who has imported and owned so many outstanding members of the breed, is to be once more congratulated on adding one more Bulldog which will undoubtedly form a cog in the wheel of breed history on this continent.

Grocers—Your Dog Line SILVER TIP "Bone Shaped Dog Biscuits"

These dog biscuits are manufactured specially for dogs over a year old. They are a good hard biscuit, containing the required amount of wheat, meat and bone for producing healthy dogs. They are bone shaped so as to be easily taken by the dog. These dag biscuits appeal to the dog. Their form and appearance give zest to the appetite, the meat and other blends in them is relished by the dog. Our hard biscuits clean the dogs teeth, harden the gums, induce salivary action, reduce pyorrhoea and offensive breath. If your dog is not accustomed to eating biscuits it would be wise at first to cover the biscuit with gravy for a few times, then dog will soon acquire a taste for the biscuits, and the balance ration will soon bring about that healthy appearance of a well kept dog. Packed in 5 lb. and 25 lb. Bags.

We manufacture a milk mixing ration called "Biscomeat"

We manufacture a milk mixing ration called "Biscomeat" for dogs and cats, also a meat mixing ration called "Vimy Mix" for dogs and cats.

JUDGES FOR WESTMINSTER KENNEL CLUB SHOW, 1938

For the first time in many years the Westminster Kennel Club will call upon one of its own members, John G. Bates, of Morristown, N.J., who retired this year from the club's presidency, and heads the Board of Governors, to make the most coveted award of bench show competition in this country, Best in Show at the sixty-second annual fixture in Madison Square Garden next February 10, 11 and 12.

It is an all-American list of judges which the club is announcing for the next show. It has been completed after many weeks of effort and has been given the approval of the American Kennel Club. It is a list which the bench show committee, headed by Harry T. Peters, is confident will have the endorsement of all fanciers.

Mr. Bates, who is doing Best in Show, is one of the most popular figures in the dog game. And he will be making his decision on a foundation of knowledge that includes years of experience as a breeder and fancier of many kinds of dogs. One of his own dogs, "Ch. Pendley Calling of Blarney," took the high prize he will be bestowing two years in a row in 1930 and 1931.

Six other veteran breeders will nominate the finalists from which Mr. Bates will select the one he feels entitled to the Best in Show award. The gun-dog will be selected by Samuel G. Allen, of New York; the hound candidate by Joseph Z. Batten, of Montclair, N.J.; the working dog of Justice Townsend Scudder, of Greenwich, Ct., terrier, by Oliver C. Harriman of New York; the toy, by James W. Trullinger, of Harrisburg, Pa., and the non-sporting dog by Theodore Crane, of New York.

Again for the 1938 show, the club has so arranged its judging list that the dog which reaches the top must have received the endorsement of three experts. Of the group judges, only Mr. Harriman is doing any of the regular breed classes and those not in the terrier group where he is doing the "semi-final" work. The dog which comes through the elimination must have been picked as best of its breed by the breed judge, best of its group by the all-arounder and finally Best in Show by Mr. Bates.

The judging list insures that in order to get started on this road to canine glory, the final winner will have to be a real one. There is not an official on the list who is unknown to regular bench show followers. Taken alphabetically, the breed judges are Mrs. Helen Fargo Arnold, of Smithtown Branch, L.I., for Dalmatians; William Edgar Baker, of Greenwich, Ct., Cairn, Kerry Blue, Lakeland, Lhasa, and Norwich Terriers; Caswell Barrie, of Scardale, N.Y., Scottish Terriers; Harry H. Brunt, of Riverton, N.J., Bulldogs; and Miss Iris de la Torre Bueno, of New Rochelle, Brussels Grif-

Others are Edward W. Clucas, of Bedminster, N.J., Beagles; Alfred Delmont, of Wynnewood, Pa., Alaskan Malmutes, Belgian Sheepdog, Bouviers de Flandres, Briards, Bullmastiffs, Collies, Eskimos, English Cocker Spaniels, Skye Terriers, Japanese Spaniels and Pugs; Miss Gertrude de Coppet, of Narragansett Pier, R.I., Welsh Terriers; George A. Flammer, of Roseland, N.J., Wire-haired Pointing Griffons, German Shorthaireds, Bassethounds, Scottish Deerhounds, Foxhounds, Harriers and Otterhounds; William C. Gallagher, of Needham, Mass., Shetland Sheepdogs; and Charles W. Greenough, of Boston, Norwegian Elk-

Still others are Mr. Harriman for Old English Sheepdogs, Pulis, Rottweilers, and Cragis; Mrs. Byron Hofman, of Toledo, Ohio, Pomeranians; William W. Henry, of Tulsa, Okla., English, Gordon and Irish Setters; Mrs. Evelyn Ely Halsey, of Plainfield, N.J., French Bulldogs; Dr. Henry Jarrett, of Philadelphia, Dachshunds; Thomas Keater, of Hamburg, N.Y., Wire-haired Fox Terriers; William L. Kendrick, of Philadelphia, Bullterriers, Manchester, Staffordshire, West Highland White and Toy Manchester Terriers; Frederick J. Lenoir, of Greenwood, Mass., Pointers; Harry Livesey, of Madison, N.J., the Children's Classes; Loring L. Marshall, of Boston, Poodles; and Mrs. Menhall MacNeille, of Roslyn, L.I., Miniature and Standard Schnauzers.

Still others are Hamilton Smith Newsom, of Chicago, Doberman Pinschers; Mrs. Grace G. Neyhart, of Framingham Centre, Mass., Chows; Julian Platz, of New York, Boston Terriers; William A. Price, of Toronto, Cocker Spaniels and the specials for that breed; John D. Prince, Jr., of Paterson, N.J., Minature Pinschers and Papillons; Mrs. Richard S. Quigley, of Lock Haven, Pa., Pekingese; and An-

Wagner, of Milwaukee, Great Danes; and Charles R. Williams, of Moorestown, N.J., Irish Wolfhounds.

EXERCISING THE DOG

"Rain or sun, give the dog a run"the slogan on a popular poster issued by the Canine Defence League, is a sound maxim for dog-owners, for many of the ailments that beset the canine species are due to a lack of daily exercise. One fears that dogs are exercised less nowadays than they used to be, because of the growth of the car habit. For this the owners cannot be blamed entirely, for many dogs would far rather go for a ride in the car than walk.

Like all sound maxims, however, the one quoted needs qualification. For very young puppies the runs must be of short duration, and be ended by the picking-up of the youngster immediately he shows signs of tiredness. A puppy's bones are soft and pliable and exercise in large doses often gives rise to permanent distortion of the limbs, spoiling the dog's appearance for life and ruining any chance he may have had of being successfully exhibited. Pregnant bitches, too, towards the close of the gestation period need to be exercised gently. Anything in the nature of boisterous romping with other dogs, or jumping over obstacles, may result in a calamity. The elderly dog should be allowed to "gang his ain gait," being neither troubled nor obliged to walk long distances. When the average dog is ten or twelve years old his wind is not too good, for he is

IMPORTANT

then equivalent in age to a human being of from seventy to eighty.

To exercise a dog for miles while the owner speeds along in a car or on a cycle savours of cruelty. True, dogs have amazing powers of endurance, but they like to have a breather when they feel inclined. If they are made to follow a fast-moving vehicle they will carry on until they drop, for fear of being left

A dog should never be given strenuous exercise immediately after a meal, and a run on a hard road is preferable to one across country-provided that the dog is well disciplined and will come to heel, and keep to heel, upon command. The owner who makes a habit of giving his dog a good, regular morning and evening run-not just down to the corner and back-will save a lot of money in medicines-and not all dog medicines,

"Windrush" Sealyham Terriers

American Champion "REDLANDS RANGER OF HOLLYBOURNE" (C.K.C. S. B. 137518)

DR. A. R. B. RICHMOND, Owner

We are pleased to announce that we now have for disposal a number of very attractive male and female Sealyham Terrier puppies.

All are sired either by our own dog shown here or by the Eng. and Amer. Champion, "Hillsome Solo Flight of Robin Hill", and are out of exceedingly well bred bitches—several prize-winning and imported.

By offering for sale at reasonable prices to good homes, typical puppies with such blood lines and reared as these have been, we feel that we are contributing definitely toward a wider knowledge of this breed of great little terrier.

We invite enquiries regarding puppies or stud services, either by letter to the "Windrush" Kennels, Oak Ridges, P.O., Ontario, or by a visit to the Kennels located some 16 miles due north of Toronto city limits, and one mile east of above P.O.

Manitoba Notes

By Provincial Contributing Editor,

T. K. MacKENZIE, 282 Davidson St., Winnipeg, Man.

IN the grey dawn of the morning, July 27th, the bright lights of the "Silverdale Buick were seen approaching the home of the writer, and in a few minutes with grips, etc., all stowed away the long trek to Regina Show, 400 miles west was started with George at the wheel and friend Charlie Cowell and myself as company. Heading west on No. 1 Highway the big Buick was soon recording fifty per hour, which she held throughout. Brandon was made stopping place for eats and a few hours spent in visiting. Broadview for lunch and a chat with old friends. Regina was reached in the early evening after a most enjoyable drive. Champs Hotel was our address during the week. The Winnipegers we noted taking in the show were: Mr. and Mrs. Masterman, Mr. and Mrs. John Currie, Mrs. J. D. Wade, Mrs. H. Baker, Mr. George Duncan, Mr. Albert Burgess and Mr. and Mrs. Bob Dunsire, Brandon.

At the exhibition after lunch we contacted many old timers and renewed friendships of former years. The first to give us the hand shake was Bobby Thomson of Calgary and it was some time before we completed rehearsal of the doings in the old land before Bob settled in the West, and that is twenty-five years ago, and twenty years have passed since we had such a talk before, and in this same show yard at Regina.

Bobby was the youngest judge I ever saw making the awards, and that at a championship event in the City of Glasgow over thirty years ago, and here at the fair he is judging the light horses, riding and jumping. Another of the horse judges was Mr. Tom Devlin of Winnipeg, owner of the Wellknown Scottish Terrier, "Rosehall Rector" (a son of the great "Heather Fashion Hint"). Judging was set agoing on the afternoon and continued at intervals for the duration of the show, reporting of which will be taken care of by the Provincial Editor for Sask., Mrs. Pat Randall.

The banquet in the Kitchener Hotel brought the fanciers together and some fifty or thereby enjoyed a nice time with Mr. Walter Pym in the chair, who welcomed the guests in such a kindly way that we were all friends at once. Speeches were of a brief nature. Messrs. Duncan, Thomson and MacKenzie replied for the

visitors while the Manitoba Director, Mr. Kynoch, replied to many questions re C.K.C. and various breeds of dogs.

A session was held in an adjoining hall with mirth and music, and all that goes to make things enjoyable.

Social parties were held in the evenings which were much enjoyed by the visitors.

A daily visit was made to the Plaza Hotel where the genial owner, Bob Hinds, tells the old story of his great Airedales, "Ch. Midland Master G", and "Ch. Marbly Squire".

So the fine time in Regina draws to an end and with all feeling good the eastern trek begins on Saturday afternoon at five o'clock with heavy rain falling. A short stop to say by-by to Walter Pym and we hit the trail east. Where we find many parts of the land under water, a great rainfall that afternoon just too late to be of much benefit to the country around here was nevertheless welcome. Broadview and Brandon were our stopping places for eats and Winnipeg was reached around seven o'clock. All well and happy.

The well-known Old English Sheepdog, "Ch. Broadlands Blue Bob", has been sold by the Silverdale Kennels and is now located in U.S.A., leaving behind him some real classy youngsters, notably the new champion, "Silverdale Snowman", not Showman as the western reports call this dog.

THE VALUE OF A SPECIALITY CLUB

The benefits to be derived from a membership in a Speciality Club, devoted to your favourite breed, may not be apparent to all dog fanciers, but those who can and will hark back to the day when their breed didn't boast a club of this type, it must be obvious what improvements have taken

DOGS OF DISTINCTION

place through combined effort. The small annual fee each member contributes is about the smallest tuition fee one can imagine and it is a tuition fee, when one realizes that it enables us to discuss our problems with those having similar or greater experience. A case in point is the Scottish Terrier Club, formed in our province less than two years ago. While the breed entries at our shows may not have noticeably improved in numbers the quality of the dogs and the condition in which they have been put down in the ring has certainly shown a great improvement. To cite a few instances, members of this club have since its inception accounted for six best in shows, two in Winnipeg, one each in Calgary, Edmonton, Medicine Hat and Regina and somewhere around a dozen wins in Group Classes.

This has been accomplished by an active membership of some twelve people, all of whom will readily admit that they are in closer touch with their breed, and have a greater knowledge of ring craft than they had previously. Six best in shows in Western Canada won by Scottish Terriers in little over a year is somewhat of a record.

While no Speciality Club can take all the credit for such a record, we do think that the stimulated interest and friendly rivalry created by a club of this type must benefit the breeder and tend to improve his stock, and has helped to bring about the success previously noted.

A recent arrival in Winnipeg and of outstanding merit and classicly bred is the Chow puppy "Tams Lin Pal of Maribee", 10 months old and having four crosses of "Int. Ch. Choonan Brilliantine" and four of "Int. Ch. Yang Fu King" in five generations. He is red in color with dark mask and excellent in type and Chow character, and a beautiful mover. His owner is the popular A. G. Tam of racehorse fame, and he is stabled at Green Gables under the care of Mr. Alick Gostick, the well-known Scottish Terrier and Chow breeder and exhibitor.

Lauriston Kennels, Fort Garry, Man., owners, Dr. and Mrs. A. W. Hogg, have been moved to a new site on the banks of the Red River, which is the boundary line of the doctors property where every facility for the well-being of the stock has been provided and enjoyed by the inmates. With such surroundings one can look forward to seeing youngsters of distinction appearing from this kennel of high class Sealyham and Kerry Blue Terriers. Successful litters have been obtained from The matrons, "Felcourt Select", "Lauriston Lady", "Lauriston Lileth" and "Lauriston Daffie" and sired by "Ch.

MAPLEDANE KENNELS

GREAT DANE PUPPIES FOR SALE

Sire: Castor Hassia (imp.) ex Olga Von Graf Dane (Best Canadian-brod at Royal Winter Fair, 1935)

Three dogs, two bitches, four months old. Rich golden fawns. Well grown, sound, healthy, and reasonably priced.

For particulars write

CASTOR HASSIA (IMP.)

C. LAISTER

YORK MILLS ROAD, R.R. 1, TODMORDEN, ONT.

Shelterfield Satyr". A large number of the puppies have changed hands; enquiries for Sealyham puppies being particularly brisk this season. Repeat orders for this variety by owners in the States and Eastern Canada give evidence that they are fast winning their way into popular favour. The Kerry Blues have recently been acquired, and are looked upon by the owners with much pleasure, and before long we will be seeing the Blues out in the Lauriston colors. Two nice females who's sire is "Blue Chip Joe", dam "Blue Chip Dawn" give promise of adding to the already interesting group of Kerry's being formed in the West.

From the well-known Tralee Kennels of British Columbia a grand youngster has been secured, his sire being "Ch. Kil Barney", an imported dog who has been doing work at recent shows, and was best of breeds at Seattle this spring. This is the second pup purchased from the Tralee Kennels by Mrs. A. W. Hogg, the former one, a beautiful Kerry, unfortunately being run over. So better luck this time, and best wishes for the future.

From Portage La Prairie I have received from Mrs. H. J. Hassard, the interesting news. Her Shepherd female, "Sheila" had seven puppies, sired by "Ch. Alfa Bergholtz", born in April, all having done well and showing outstanding merit, two of which are solid black in color and much admired. "Sheila" the dam is a beautiful specimen and should do well in the show ring, which she will enter at Winnipeg on 17th and 18th September for the first time at a point show. Previously shown at a matinee event in her home town she was made best in show over 65 other entries by the

writer. This number of fine puppies coming forward should aid in the comeback of this one time popular variety. Pleased to note that the Doctor and Mrs. Hazzard are now members of C.K.C., and will shortly become members of one of the Winnipeg Clubs.

On a recent visit to the Ulster Kennels, Fort Garry, Man., owned by Tom G. Kane, whose specialty is Scottish and Wire Hair Fox Terriers, many nice youngsters were noted sporting themselves in the garden enclosure. An outstanding Scotty puppy female is causing a lot of speculation by the many fanciers who have seen her and enquired her price, but she is not for sale. Sired by "Ch. Haldon Roundelay", owned by Green Gables Kennels ex "Haldon Tambourine", a noted winner. There is no doubt about the many qualities of this baby, a dark brindle with a grand head and ears, short body and tail and excelling in substance. With average luck this puppy will be a credit to her sire and dam. The other puppies are from "Rip Tide of Avondale" and sired by "Glendhall Break o' Day", and promise well.

The report of the Deeside Kennels, West Kildonan, Man., owners Tom and Mrs. Donald, is that of a grand litter of seven by their own dog, now "Ch. Haldon Buglar" ex "Mitzie" of Green Gables, all doing well and of much promise.

At the Bonnie Doon Kennels, also in Fort Garry and owned by Tom Leighton, a nice lot of youngsters were running around, sired by his dog "Glenhall Break o' Day" ex a "Ch. Craigyburn Statesman" bitch. This litter, seven in number are a very even lot,

mostly black with lots of substance to be going on with. The surroundings of this kennel is one of great beauty, with nice lawn, beautiful shrubs and fine flowers and a real kitchen garden to look at, kept in grand order by the owner and family.

An interesting time was spent in the cool of the evening recently, watching the Ainville Kennel Dogs at their final work out for the day. Labrador's, Irish water Spaniels and Springers all performing well and under complete control, noticeable more so when braces were put down. Live birds used without injury of any kind. Young Labrador's being tried out, respond readily, returning to hand. This lot of seven from the same litter, are as pretty a bunch of puppies as one could hope to see any time.

The regular monthly meeting of the Greater Winnipeg Kennel Club was held in the Hotel Majestic on the 12th August, President Bently in the chair. Minutes of previous meeting adopted, correspondence and reports from subcommittees were submitted and approved. Numerous special prizes were listed for the forthcoming show on 17th and 18th September, for which books of admission tickets were passed out for sale, and a prize of five dollars goes to the seller of the most books.

The venue of the picnic was in the grounds of the Isla Kennels, owned by Robert Simpson. A large crowd were conveyed by special buses while many cars with loads made the trip. A regular field day of sports was successfully carried through and everyone enjoyed the outing, which was a huge success. Sponsored by the Ladies' Auxiliary of the club, great credit is due them for the success made.

Alberta Notes

By Provincial Contributing Editor,

S. W. FOSTER, 9617 101st St., Edmonton, Alta.

NCE again we have been deserted by our outside correspondents and must fall back entirely upon such items of interest as we have been able to obtain from our local fanciers. It is just possible that some letters may be on the way, but once again we must beg to remind our correspondents that news items must be in our hands not later than the 15th of each month. On one occasion at least our notes have been late in reaching their destination due to our having waited for correspondence which we were promised from outside points. We realize that with the dog shows of the Western circuit just past and many of the fanciers undoubtedly being on vacation, a between-season lull is to be expected. We sincerely hope, however, that this is only temporary and that this deficiency may be more than made up for in our next month's notes. We trust that with the hunting season just in the offing that the enthusiasm of our gundog fanciers, as compared with other years, is not to be judged by the lack of material furnished for this page. We will be hoping for a generous response from our gun-dog enthusiasts for next month's issue. Bu please let us have it by the 15th.

After the close of the Edmonton Dog Show, at which time our last month's notes were written, a few Edmonton fanciers proceeded to Saskatoon to attend the dog show which was held there the following week. Among these were the well-known handlers, Messrs. Quilley and Caswell, who had in their care a number of Edmonton dogs. These gentlemen seem to feel at a loss to fully express their appreciation of the welcome accorded them by the Saskatoon fanciers. As a result of this visit, we learn that a new inmate has been added to Mr. Caswell's kennels, he having secured from Mr. B. J. Perry of Saskatoon the good ten months' old Irish Terrier, "Lurgan Peter", by "Lurgan Red Rufas", ex "Mutual Resolution".

Mr. and Mrs. Ralph E. Smith of the Fidaltas Cocker Kennels, Edmonton, report sales fairly brisk. They have recently sold their parti-color (black and white) bitch, "Merrie Etta", to a lady in Minneapolis, Minn. This lady has a brother who owns an extensive kennel of American Cockers, and to these she wishes to add a few specimens of the English type. A litter of five male

puppies by "Fidaltas the Brat", ex "Whin of Moray", have all been disposed of with the exception of a very promising blue roan which is being retained for the present. While most of this litter have been sold locally, one has gone to Mr. Ray Mierke of the Royal American Shows. This puppy's destination is Miami, Florida. A very attractive buff colored female puppy by "Melotas Black Nero", ex "Ch. Sweetheart of Ware" (imp.), has found a new home in the kennels of the dean of local Cocker fanciers, Mr. J. H. Tanton.

We recently paid a visit to the Felbourne Kennels of Mrs. M. D. Gardner, whose advertisement appears in this issue, and had the pleasure of looking over a newly-arrived litter of Wires by "Talaurora Goldfinder", ex "Ch. Eastbourne Mary". While these puppies are, of course, too young for permanent selection, we would say that for beauty of marking and general appearance they are by far the most outstanding litter of the breed that we have seen. All have full and even head marking, and while some have the heavy hound type body marking, all have the much desired freedom from marking on neck and shoulders, while two have the rich tan marking that has become so popular of late. As proof that we are not alone in being impressed with the quality of this litter, we learn that deposits have already been paid by such Terrier fanciers as the well-known professional handler, Mr. W. Quilley, and Mr. Walter J. McDonald of the Loyalty Terrier Kennels, Mr. Quilley's selection being a female and Mr. McDonald's a male.

As predicted in our last month's notes, the recent visit of Mr. J. Rawlings of the Quantock Kennels to the Pacific Coast resulted in the addition to his kennels of an outstanding young male Sealyham from the Drumadoon Kennels of Miss Margot Robertson of Victoria. While we have not seen this puppy nor learned much detail concerning him, we understand that he is a very nice specimen about five months old and whose pedigree contains a double cross of the famous English champion, "Hillsome Solo Flight", which is now owned in the United States. Mr. Rawlings reports a very pleasant time spent in visiting the kennels of the fanciers in the coast cities and was particularly pleased to renew the acquaintance of many former Alberta fanciers, among whom were Messrs. W. C. Burns, D. G. Latta, and Arthur Wright. Mr. Rawlings also says that while he saw some very outstanding specimens of certain breeds, yet on the average he considers the quality of the Alberta dogs quite on a part with those seen at the Western coast.

Having just mentioned the name of Mr. W. C. Burns of Victoria reminds us that Mr. M. B. McColl, who, with his family, has just returned from a pleasant lakeside holiday, reports the sale of a female Springer puppy from the litter by "Frank of Avondale II", ex "Ch. Belmoss Betty", to this veteran Springer fancier.

A long delayed visit has just been paid to the Rockmount Kennels originally established by Mr. W. R. Graham, but now operated solely by his daughter, Eva. A visit to these kennels should convince anyone that this young lady does not find the time heavy on her hands. Many additions and improvements have been made to these kennels of late. The main kennel building which provides accommodation for 40 dogs has been remodelled to contain a small though convenient kitchen, together with a neatly appointed office, while a section of the corridor has been fitted as a stripping and trimming room. We might mention that Dr. C. H. Grunert of Fort Saskatchewan, well-known veterinarian and canine specialist, makes this kennel office his Edmonton headquarters on Thursday of each week. Parallel to the front of the main kennel a series of open runs have been constructed. In addition to these, another row of open runs adjoin the rear of the main building, and in the well-treed space adjoining these runs we find many smaller separate kennels and runs, each containing one or more dogs. The dogs and puppies owned and bred in these kennels which are mostly Terriers, and particularly Wires, together with the dogs which are boing boarded, combine for a total of approximately 65 at the present time. Miss Graham informs us that the peak number of 78 dogs in her kennels was reached about a month ago. While the dogs owned by the kennels are principally of the Terrier variety, the "boarders" are a very miscellaneous collection, consisting of Wire, Sealyham, Scottish and Boston Terriers; Cocker, Springer and Water Spaniels; English and Irish Setters; Labrador Retrievers; Collies; German Shepherds and Dobermans. Miss Graham is very enthusiastic about her work and is planning further additions and improvements to her kennels in the near future.

The unusually bad weather prevailing over the last week end prevented us from accepting an invitation to visit the kennels of Mr. W. C. Bradburn, where the major attraction would seem to be a number of five months' old Labrador Retrievers from a litter sired by "Okanagan Skippy", ex a daughter of "Ch. Black Boy of Wetmore". These puppies, which are now being trained for the coming hunting season, are, in the opinion of their owner, the most beautiful and even lot he has ever bred.

It was with real regret that we read in the July issue of Kennel and Bench that Mr. A. G. Goddard had decided to tender his resignation as contributing editor for Saskatchewan, as we always considered his articles contained much of value to the novice as well as much matter of general interest and were unusually free of cheap kennel chatter. We notice in this August issue that he has been succeeded by Mrs. Pat Randal, and we would judge that this lady's activities, both in connection with bench shows and field trials, make her particularly well fitted for the position. In fact, if her first effort written in the stress of what was probably her busiest month of the whole year is an indication of what is to be expected later, then the fancy is to be congratulated on her appointment.

DOPING GREYHOUNDS NEW SPORT RACKET

While the nobbling of horses is an old story, it is generally simpler to corrupt jockeys. On this account we have heard men say that they would rather bet on greyhounds than on thoroughbreds because the dogs ran on their own, with nobody to pull them or steer them into pockets. But at last there has been discovered a clear-cut case of doping dogs on the race track. In this case the doping was not done to stimulate the dogs, but to make it impossible that they should win. For his part in this conspiracy a Yorkshire bookmaker named George Horne has been sentenced to fifteen months' imprisonment, the Judge remarking that the case was an important one to the public. It is important because dog racing enjoys tremendous popularity in England, being the betting sport of the poorer classes, who rarely see a horse race. The suspicion that dog races can be just as crooked as horse races would mean their destruction. We have heard of other cases in which dogs were deliberately crippled so that they would begin to limp before the race was over, but this is the first charge we have seen proved.

Crooked Kennel Boy

Horne's favorite place of operations was the Greenfield Stadium, Bradford. The manager noted with dismay that favorites frequently not only failed to win, but finished last. The owners of the dogs professed themselves to be

GLOVER'S

equally at a loss. Veterinarians also were puzzled, but expressed the opinion that the dogs had been doped. Who doped them or how they were doped could not be learned. Investigations showed that the owners of the beaten dogs had not profited by their reverses, but it was pretty clear that Horne had profited. But it did not seem possible that Horne could have done the doping himself. Mr. Livesy, the head trainer, kept close watch on those of the staff who might have had an opportunity and one day noticing the coat of Thomas Greenwood, a kennel boy, hanging in a corridor, he felt in one of the pockets and found three small white tablets. He took them to the manager of the racing plant, who turned them over to the police. On analysis they proved to contain phenobartitone. The effect of this drug was to make a dog dopey, or dazed. Given frequently it often induced pneumonia, and it is known that one doped dog died of this disease.

Crooked Assistant Starter

Challenged by the police, young Greenwood broke down and told all he knew. He said that the tablets had been given to him by Harry Hinchcliffe, an assistant starter, and that he had fed them to certain dogs. For this service he received small sums, never more than five shillings. Hinchcliffe was then questioned. He said that he had got the dope from Horne, who had taken him to his home and proposed that they should enter into a partnership, Hinchcliffe to take a percentage of Horne's betting profits. The bookmaker had assured him that the pills would not injure the dogs, but would merely put them off their running form. The Crown was more interested in convicting Horne, the prime mover in the conspiracy, than either of his tools, so Greenwood was merely bound over for two years, and Hinchcliffe was fined £20. J. H. Barran, general manager of the stadium, told about having investigated Horne's betting. He noted again and again that Horne would accept bets against favorites and give better odds than other bookmakers, and that when he did so the favorites eventually finished out of the money.

Crooked Bookmaker

Now and then the bookmaker would lay off some of the money. That is to say when he was taking money on a race in which he had the favorite doped he would bet a few pounds on it, and as Mr. Barran said: "If a man is dealing with hundreds what difference is £20 going to make?" The fact that he had thus laid off money on certain races had been offered as evidence of Horne's innocence. One dog named "Fennell's Choice," owned by a Mrs. Elizabeth Smith, used to win all its morning trials, but in the evening would "fall out of traps, fall down when running, and never finished a race." She asked Horne the reason for this, noting that he never lost any money when this dog was racing, but he replied that it was a mystery to him. The defense was a denial supported by alibis. Horne's wife swore that on the certain dates when he was supposed to have been plotting with Hinchcliffe he had been, as a matter of fact, many miles away. The Judge seemed to think that these were merely becoming wifely denials not to be taken too seri-

Black Eye For Racing

Nor apparently was he more impressed by the production of Horne's betting book, which purported to show that during the material period he had won £810 and lost £1,007, a net loss of £197. This would merely indicate that his losses would have been much greater if he had not had dogs doped, and that as a matter of fact he was so bad a bookmaker that to make ends meet, or nearly meet, he had to resort to fraud. Horne explained a list of dogs with certain marks opposite certain names, which he admitted giving to Hinchcliffe, by saving that it meant the designated dogs were those whose chances he did not favor, and that the list was intended to guide Hinchcliffe in his betting. But Horne failed to carry any conviction except the fifteen months previously mentioned. The disclosures cannot help but have a harmful effect upon the sport, or racket, of greyhound racing, but this will be somewhat mitigated by the steps taken by the track owners to bring the guilty to justice.

> J. V. McAree, The Globe and Mail, Toronto.

Saskatchewan Notes By Province

By Provincial Contributing Editor

MRS. PAT. RANDALL 2535 Melrose Ave., Saskatoon, Sask.

E DMONTON felt pretty smart when Jack Tanton walked off with the bacon from the Saskatoon spring show, but we feel just as smart as we managed to take home the ham from Edmonton.

Dr. French's "Spring Lake Peter 2nd", again won the cup donated by Spratts for the best dog, fed and conditioned on Spratts, at the Edmonton show. This was an honest win, as we happen to know that eight-year old "Peter" is fed on Spratts, and has an appetite like a horse.

The Saskatoon Kennel Club was glad to have a number of outside visitors with them during the show. Among those present were: Mr. and Mrs. Currie, Geo. Kynoch and Jack Masterman from Winnipeg, Man.; Billie Quilley, Joe Caswell and Mr. and Mrs. H. V. Clutton from Edmonton; John Willox, Prince Albert; Mr. Trevenen from Calgary; Eleanor Laing, Hazel Mabson, Mrs. Howard and Bill Semple, Regina; Mr. Little from Moose Jaw. Mr. S. Sikorski came from Winnipeg to judge the show, bringing Mrs. Sikorski along with him.

The entry of dogs for the show was somewhat smaller than usual, giving Mr. Sikorski loads of time to go over them in the two days of judging.

The Doc. put on her usual first night party. People get the habit of feeling at home at Dr. French's house, so there were very few of the dog people missing. The judge, Bill Quilley and Bill Semple supplied entertainment from the outsiders, while Mrs. Jack Ayre nobly held Saskatoon's end up with her usual amusing skits.

Mr. Geo. Roast, of Regina, paid us a visit just after the show. Sorry he could not have got down for the show, but business kept him in Regina during that time.

Bill Childs is feeling pretty proud of his Smooth Fox Terrier, "Rock-croft Kingship", sired by "Gebfo Democrat", ex "Rockcroft Saturday Night". In case the name is confusing to those who know this dog, he was listed and shown under the name of "Rockcroft Kingsway", but on registration, his name was changed to "Kingship". Of course, it is nothing new for Mr. Childs to make one of his dogs a champion, but he particularly likes this spunky little Terrier.

Stan Webb, a compartively new

comer to the dog world, is becoming all wrapped up with his Scotch Terriers. He has just mated his bitch, "Normandy Of Kerryglen" to Wilf Hoy's imported dog from Ireland, "Toddler of Din".

"Audacity of Aldon", sire, "Tri. Int. Ch. Warland Protector of Shelterock", dam, "Int. Ch. Warland Wishbone", is another Saskatoon dog to make her championship on the summer circuit. Robert Hogg purchased this Airedale bitch from Mrs. Kenneth Marlatt, of Oakville, Ont., early this spring. Started showing her when she was a little over six months old, and has now finished her at just a little over a year old. We believe she has been mated to her team mate, "Punnichy Pat 2nd", also owned by Mr. Hogg.

The Regina Summer dog show is over, so finishing the middle west summer shows. A hundred and four dogs were entered, and, for the size of Regina, we think this was the best entry of them all. Where Calgary actually takes the lead with one hundred and eighteen dogs entered, the size of the two cities, and the number of dog fanciers in the provinces must be taken into consideration. We believe the credit for the success of this show must go, first, to the good judgment of the Regina fanciers for selecting a capable judge to handle all breeds; a good judge, who is not afraid to place them where they belong, is the best drawing card a show can have; the untiring efforts of the club's executive to put the show over, and see that a good prize list was offered; and last but not least, we would like to mention the gallant effort of Mr. Geo. Roast to secure dogs for the show.

The Regina Kennel Club's annual summer banquet, held in the diningroom of the Kitchener Hotel, was a huge success, well attended by the local members and many outsiders. Among those of the visiting fanciers were: Bobbie Tohmpson from Calgary, judging the stock show at the exhibition; Mr. and Mrs. Jack Masterman, Mr. and Mrs. John Currie, Geo. Duncan, T. K. McKenzie, Mrs. J. D. Wade, Mrs. Baker and Mr. Cowel, all of Winnipeg. The chairman and president, Walter Pym, expressed his regrets that our provincial director, Dr. J. T. Cooper, was unable to get down for the show, although he had intended to be there. In the absence of Dr. Cooper, Geo. Kynoch, the judge and provincial director for Manitoba, was called on to answer any questions regarding the Canadian Kennel Club.

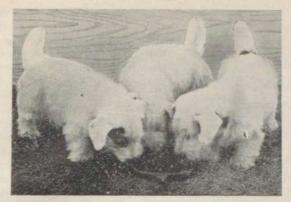

Discussion arose over the recently added clause in the puppy classes. The distribution of winners ribbons to dogs unworthy of making their championship. Mr. Kynoch expressed himself very strongly on this subject, fully explaining the many complications which often set in, after a dog has been given winners, and often made his championship while being anything but a credit to the breed. There may have been some hurt feelings in the gathering, but pampering will never put good dogs in the ring.

At a party held at one of the member's homes, after the show, a mock dog show was staged, in which members represented their own breeds. Best dog in the show went to the Scottie, who showed his pleasure by gnawing on the Old English Sheepdog's leg getting him all riled up. It looked for a while as though the Sheepdog would go best, but much to our disappointment, he was disqualified by the judge. A Peke in the ring caused its handler a great deal of trouble, showing a very mean temper, and biting anything and everything in general.

We were more than pleased to see Mrs. John Wade walk off with Best Dog in the Show with her Scottie bitch, "Janet". "Janet" was bought in Saskatoon, at last year's summer show, and since then has made quite a name for herself, but the greatest thing she has done is to give Mrs. Wade the extreme honour of winning Best in Show for the first time in many long years of dog showing.

Hazel and Edward Mabson are feeling very proud of their eight months' old puppies, out of "Dewdney Garbo". and "Ch. Major Bridegroom Supreme", which carried the Dewdney Kennels to a complete victory over a large entry of Wire Fox Terriers, entered in the Regina Kennel Club show. "Dewdney Judy", owned by Hazel and Edward Mabson, and "Ruff Earl of Dewdney", owned W. M. Maynard, not content with winning first place in all their classes, went on to receive Winners Ribbons from the judge. This gives them three points more towards their championship. This in itself is an achievement for these two puppies, but, "Dewdney Judy", still not content with the above winnings went on to take Best of Breed, Best Canadianbred, and Best Canadian-bred Puppy in the show.

Miss Hazel Mabson, not to be out-

T. EATON COMITED

20th Anniversary All Breed DOG SHOW

Saturday, September 25, 1937

TO BE HELD AT

The Forum - Montreal

JUDGES:

MRS. MOFFITT, POUGHKEEPSIE, N.Y.: Sporting Breeds, Group and Variety.

MR. J. J. O'CALLAGHAN, ROXBURY, BOSTON, MASS.: Terriers, Group and Variety.

MR. ENNO MEYER, MILFORD, O.: All Other Breeds, Groups, General Specials and Best in Show.

ATTRACTIVE PRIZE LIST

MRS. F. H. GOODFELLOW, Secretary
4402 Madison Avenue - Montreal

done by her dogs, went best lady handler, in a class of twenty-five ladies, winning the Gordon Linsey Cup for the best lady handler.

Mr. and Mrs. Dan Junor, new comers to the Regina Kennel Club, and proud owners of "Sheila 3rd", an Irish Setter bitch, bred by Mrs. Doris Jackson are strutting around these days with their chests out; all because their "Sheila" up and presented them with a litter of ten husky Irish Setter Puppies, sired by "Derry Of Boyne", owned by Mr. H. Smith, of Regina. It is becoming very hard to find Dan these days, as he is most generally in his kennel trying to pick a winner out of the litter.

The only dog to represent the recently added Hound class at the Saskatchewan shows, was "Tiger Boy", a Greyhound owned by Mr. H. Smith, and shown in Regina.

While at the show in Regina, Mrs. John Currie paid a visit to the kennels of Mr. J. R. Turner, buying his English Bulldog bitch, "Naughty Girl", out of "I'm No Angel", and "Winaltas Loyal Mutineer". Mr. Turner has sent his solid red Cocker bitch, "Sunset Of Heavensgate", to Winnipeg, to be mated to Mr. S. Saidman's "Ch. Cinders of Heavensgate". "Starland Polly", English Bull bitch, mated to "Piccadilly Pride", also

owned by Mr. Turner, is due to whelp around the ninth of August. He has sales for almost the entire litter before they are born.

Looks as though Geo. Roast is going in pretty strong for raising Cockers, as he has recently purchased a solid black female from Mrs. Pettigrew, of Winnipeg, Man., "Betty Wave Of Alcrest", she out of "Darky Wave of Aberfieldy", and "Pluto Of Moray".

Mr. C. Porter, of Regina, had a nice litter of Pekingese puppies, three females and one male from his bitch, "Cactus Mitze Lo", and "Beetle of Hong Kong 2nd", owned by Mrs. W. Crippen, also of Regina.

"Ch. Bell Rock Laura Daley", again makes the news, this time by winning the Provincial Cup for Best Boston Terrier, donated by R. B. Carter, of Assiniboia. She is the first to win this cup twice in succession.

Since the last issue of this magazine, we have had the pleasure of seeing Dr. Irwin Robb's three months' old Setter puppies. Should you wish to know just what really good English Setter puppies look like, we would advise you to pay a visit to Dr. Robb's kennels. You will not be disappointed in them, but possibly very critical of your own (if you have any) when you get home.

And now that we have got this

month's issue off our chests, and all the dog shows are over, we are off to the lakes up north with Dr. French to do a little fishing, some swimming, and a pile of eating and sleeping.

DOGS FOR CANADA

The English Kennel Club in the month of June issued export pedigrees for the following twenty-one dogs to be exported to the Dominion:—

Elkhound—"Masher"

Saluki — "Binte-el-Nablous Cymirriam"

Gordon Setter-"Stylish Nona".

Retrievers—Golden: "Dorrit of Nutwood", "Golden Memory of Nutwood"; Labradors: "Eddisbury Jill", "Jewel of Abb".

Fox Terriers—Wire: "Fairmounts Result", "Newmaidley Knave", "Thet Tripit".

Kerry Blue Terrier — "Netswell Ranee".

Scottish Terriers—"Glenisla Rosebud", Heather Recollection".

Welsh Terriers—"Aman Mid-day Sun", "Aman Primrose".

West Highland White Terrier— "Ardsheal Early Morn".

Bulldogs — "Cefnmabley Queen", "Kamel Morovian Mainspring".

Mastiff—'Broomcourt Venus". Schnauzer—'Finn of Ashways". Papillon—"White Feathers".

British Columbia

Notes

By Provincial Contributing Editor

"VIC" W. WILLIAMS 4844 Quebec Street, Vancouver, B.C.

RITISH Columbians not content with the honours gained with their own home-bred dogs are showing renewed interest in building up and bringing in new blood lines in many breeds and this month I have quite a few importations to mention through these columns.

That grand old fancier, John Rose of Yorkshire Terrier fame, has hunted far and wide to bring over the best obtainable in a new Yorkie stud dog by name "Little Jetson" sired by that well known Old Country "Champion Swanky Boy X Zellie". "Little Jetson" gave an excellent account of himself in the show ring in England taking many premier prizes at such large shows as Stoke on Trent and the well known Show of Shows "Crufts", Old Country critics predict a brilliant future for "Little Jetson", and here's hoping Mr. Rose will soon make "Jetson" another champion, and would it not be nice to see this Yorkshire man from across the pond win the Toy Group and get to the top of all comers. I am sure the whole fancy is tickled to death to see our old friend, lack Rose, as keen as ever with his favourite breed and by the way there are few men who know a Yorkie any better than the same Jack Rose.

Mr. William McGill of the Glenisla Scottish Terrier Kennels has imported another Scottie Terrier bitch from Mr. A. Robb of Glenboig, Scotland. This young bitch is a daughter of the best known Scottie in history, "Heather Realization", and was shipped over here in whelp bred to "Glenisla Inspiration", the offspring from this mating will bear watching.

Mr. McGill's stud dog, "Glenisla Chevalier", is being groomed for the summer shows and this line bred son of royal parentage may well be proud of his pedigree which contains such well known dogs as "Heater Necessity". "Albourne Barty", "Heather Essential" and many other Old Country champions. We predict an early championship for this dog, and Mr. McGill is to be commended on bringing out from the land where the good uns come from the best bloodlines obtainable.

Mr. Joe Dodds of the Tynedale Wire Fox Terrier Kennels is well pleased with his new importation, "New Maiden Knave". There is no question but what this son of "Int. Ch. Gallant Fox of Wildoaks" will be a strong contender

"Fascination of the Forces", bred by the bloodlines of "Ch. Talavera Simon". Brumal of Wildoaks", "Int. Ch. Hains Great Surpise" and many other well and may the best of luck follow your endeavours, time alone will tell the tale. the imported Sealyham reported in my July notes "Debdale Demure Damsel". This bitch is not yet in show shape, having recently reared a litter of puppies, our many Sealyham celebrities. I Champion Snowman and bred to "Ch. Scaling Slickfellow"

It was a pleasant surprise to receive a nice long friendly letter from Wally Willgress, and to learn that sales of English Setters from the province this past month have been many and attractive prices received for the dogs purchased. A young dog who will be shown under the Carnation Farm colors, "Carnation Willgress King", was purchased from Mr. Willgerss at

for the highest honours at our coming shows. Mr. Dodds also informed me that he is expecting arrival of still another Wire, a bitch this time, by name Miss McPherson. "Fascination" is sired by that well known show winner "Ch. Wynebury Topline Torrid" ex "Ch. Wakefield Sunstart" combining "Ch. Grandon Masterpiece", "Ch. Beau known dogs. More power to you Joe Whilst visiting the Tynedale Kennels the writer had the pleasure of viewing but any student of the Sealyham breed can see outstanding quality in this bitch and her record of show performance in the Old Country in itself, having been fearlessly shown in the shows of importance in the Old Country, puts "Damsel" in a preferred class amongst understand Mrs. W. G. Woodward is bringing out still another Sealyham of note, "Bobbins of Arlington" sired by a figure far above the usual price paid for an unshown dog. Another sale of note was a young blue Beleton dog sold to Mr. Walter Thompson of Red Deer Alberta, another Setter from the Willgress Kennels but owned and shown by Mr. Cliff Lumb has changed hands at a nice figure. She is Canadian "Ch. Credentials Lady Betty", who has also annexed several points towards her American championship and will be in future shown under the Carnation Farms Kennels of Washington.

Mr. and Mrs. Willgress are moving on to the Grandview highway, and will be glad to meet old and new friends at their new spacious home at 2434 Douglas Road, Burnaby.

The English Springer Spaniel Club of British Columbia are holding their second Annual Championship Rating Feld Trials under C.K.C. Rules at the Serpentine Flats just off the Pacific Highway on September 26th.

Mr. Jack Forbes of Irish Setter fame has accepted the honor of judging this year and a good turn out is looked for as Mr. Forbes is a lover of sporting dogs, who does a lot of practical shooting himself and therefore will, I feel sure, do justice to the task he has undertaken to do. The writer has again been chosen as steward for the trials and any further information may be obtained from the president of the club, Mr. W. F. Cleator at 2045 Franklin Street, Vancouver, B.C.

I might mention that the trials will be an all age stake and the dogs will be run in pairs. A most attractive array of trophies have been secured and all we need now is a typical Pacific Coast Indian summer day to ensure the success of the show.

The B.C. Gun Dog Club are also holding a Setter and Pointer Trial on October 3rd. As no judge has yet been appointed I am unable to give any further information. I am also informed that this club will be holding a Spaniel Trial later on in November under Canadian Kennel Club rules. Mr. C. H. Bradbury of 3676 W. 38th Ave., Vancouver, is secretary of this club and he will be only too pleased to answer any further enquiries about these last two mentioned events.

Mr. E. C. Richards has gone back to his old love, the White Cavalier, and has imported from Mrs. Geiier of the Craighal Kennels, Spokane, Washington, a grand White Bull Terrier bitch as a foundation for what promises to be a new kennel in Vancouver of a breed which has somewhat lost prestige in local doggy circles.

We hope to give our readers fuller information in next months notes of Teddy's new "White-Un".

The writer had a very pleasant surprise this week by way of a visit from

BRITISH COLUMBIA PACKERS LTD. VANCOUVER, B.C.

Bill Armstrong, one of the mainsprings of the Medicine Hat Kennel Club. This I believe was Bill's first visit to the Coast and he made good use of every spare minute he had to call on the different kennels and I would not be surprised to hear of a British Columbia bred dog accompanying him back to the Prairie.

A very interesting bit of news from the island is the blessed event which took place over there a few weeks ago when Miss Margot Robertson became the bride of Mr. W. P. Bowden, the popular president of the Victoria City Kennel Club. The Bowdens have moved to a most picturesque home to be known as Drumadoon and have the most up-to-date and commodious accommodation for their Sealyhams that money can produce. Is it any wonder that some of England's best Sealyhams find their new rendezvous at Drumadoon. I am I feel sure voicing the thoughts of the dog fancy on the mainland and throughout British Columbia by taking this means of congratulating the Bowdens on the event of their marriage.

Johnathan Davies, the man of Abarard is busy these days grooming his Corgis and Sealys for the summer circuit. Mr. Davies had the misfortune to lose that grand Sealy "Ch. Tinkerbelle", but has some of her offspring which as Taffy says "will make them step".

Mr. and Mrs. Moundfield have again sold two more collies to Japan. Repeat orders always mean satisfied customers and the more export doggy business we hear of the better we like it

With five all breed dog shows to be staged within the next thirty days there should be some news next month,

HEAD OFFICE 2120 Kingsway, Vancouver, B.C.

and as my old Dad had the habit of saying to me there will no doubt be many jumps of delight and offers of sympathy extended to winners and losers but remember that it is not the fact that we win or lose that makes a difference, it is the way we play the game and take our lickings that show up the true character which form our make up, and having shown, handled and cared for dogs since the age of seven, and still sensing the fact that one is never too old to learn I think it opportune at this time with all these shows ahead of us to take stock of just how we take our wins and losses and come away from a show with but one thought on our minds and that is, "It was just another dog show", and win or lose there will be another day and the old law of averages usually takes care of all types of competition.

Following my reference to the selection of judges in my last month's notes, a correspondent asks me to further comment on this all important question and enlighten him through these colums why the judging of dogs should differ from the score judging method used on many types of livestock. In the first place let me say that score judging is practiced in Germany in the judging of dogs and the results are

quite satisfactory and whilst our present system of judging by comparison has its faults it is considered the best method of judging under the conditions as they exist. A point or score judging of dogs could not possibly be carried out within the usual one-day or two-day period and therefore is not practical.

The next question I am asked is, "Who makes the best judge, a practical breeder, an exhibitor or the student type of judge who judges on his learned knowledge of the standards of points?"

The ideal judge in the writer's opinion is a man who through his practical demonstration in the judging of dogs has shown his knowledge of the task he undertook to do and in his deliberations has dealt fair and square with every exhibitor regardless of whether they be novices or professionals and "places them as he sees them."

The best of judges may make mistakes and like the perfect dog who is not yet born the judge who can satisfy all exhibitors is not yet born, and remember it is the exhibitor's privilege to determine under whom they enter their dogs in a show.

Our Editor's reference to the Xmas Number makes one start to shiver, however the fact remains that records have proven that there are more sales made through the Xmas advertising mediums than any other season of the year. Possibly it is the time of year when one's thoughts reminesce to our best loved friends and man's best friend certainly comes under this category. The Xmas number of Kennel and Bench certainly was something to be proud of for 1936. Let us all take a hand on the wheel and make 1937 twice as good.

DUSKY MAIDEN

English Setters bred for Field and Bench. Litter for sale, same breeding as Dusky Maiden. Winner at recent Victoria Show.

Quebec Notes

By Provincial Contributing Editor,

MISS VEVA H. ROBSON, Rear 3424 Drummond St., Montreal, Que.

EFORE this issue is off the press you will have received the prize list for The Ladies' Kennel Club of Canada, Inc., twentieth anniversay all-breed show to be held in the Forum, Saturday, September 28th, under the distinguished patronage of Her Excellency the Lady Tweedsmuir, for the benefit of the Canadian National Institute for the Blind "Seeing Eye Service". If by any chance any reader has been overlooked, take my advice, make haste and write to Mrs. F. H. Goodfellow, Secretary, 4402 Madison Ave., asking for a prize list. Entries close Saturday, September 11th. The prize list contains over a thousand dollars in special prizes, almost all donated by friends of the members or by those wishing to help in the purchase of the first "Seeing Eye Dog" for a blind resident of Montreal. The securing of this dog by The Ladies' Kennel Club of Canada, Inc., has created widespread interest not only in local dogdom but in the United States, whence sterling silver trophy for Best in Toy Group comes from Giralda Farms. From Spratts' of England has arrived a beautiful trophy for Best Novice dog or bitch in show. From Mr. William H. Pym in Vancouver comes the handsome trophy for Best in Terrier Group, while several others outside Montreal have generously contributed.

With all possible support and co-operation on every side the ladies are leaving no stone unturned to make September 25th the largest one-day show in all Canada. They promise a hearty welcome and an enjoyable day with never a dull moment. Best in Show to be judged at 10 o'clock, the same as last year, when judges and exhibitors made the 10.30 train home.

Now we come to the most powerful attraction of the show, the judges; each one a past master in the breeds he or she will adjudicate on. With the exception of Mr. J. J. O'Callaghan, who judged for the Ladies' Kennel Club in 1919, they come to don the ermine for the first time in Montreal, September 25th.

It would be absolutely superfluous for me to culogize on the merit of Mrs. A. R. Moffitt, Mr. J. J. O'Callaghan and Mr. Enno Meyer. Even if they are not known personally their impeccable reputation is no secret.

The Wangza Pekingese and their

popular owner, Mrs. C. de P. Doniphan, are just back from their holidays spent at Lake Tremblant in the Laurentians. The two champions, "Tong King" and "Wun Lung", are looking their best, and a very substantial cheque has just been refused from Philadelphia for "Chee Kee Ponge Wah", but as he is near his championship and siring such good show stock that Mrs. Doniphan will not part with him. "Chyn Chyn Pan Zu" and "Sun Tan", all of Wangza, are weaning litters of excellent puppies and we may look forward to more winners at the spring show. Have been advised that Mr. D. Smallcombe, the popular president of the North End Club, while motoring with Mrs. Smallcombe, met with a very serious accident. Am sure we all send sympathy and hope for a speedy recovery.

Mr. Hall, Rockhaven Golden Retrievers, North Vancouver, B.C., informs me in reply to my remarks in Kennel and Bench of August as to the non-existence of Gordon Retrievers in Canada until recently. They have been breeding Gordons on a large scale for several years. In 1933, a Golden Retriever owned by this kennel was the first Gordon to go Best in Show at Seattle, Washington; in fact, the first Golden to be awarded Best in Show honors in America.

Their first success at Field Trials was at the B.C. Gun Club Field Trials in September, 1934, when Goldens from their kennels were 1st, 2nd and 3rd respectively in the open stake and their "Speedwell Pluto" won the cup for the best individual performance for any breed of Sporting dog at the trials. Since breeding Goldens they have produced three international champions and eight Canadian champions and two American champions.

Goldens certainly are far from nonexistent at the Pacific Coast—my article, too, stands corrected.

My letter is short this month. News seems to be scare, but August has been so hot that may account for lack of interest. The fall is coming; people will be home and settled down to routine once more. Once again may I put forth my plea for news. We have over a hundred and fifty members here; out of that a bare twenty have contributed. If our Quebec page is to be interesting, it must be newsy. Will you all put your shoulder to the wheel? Thank you.

Mrs. J. Ryan is very pleased with her purchase from Mrs. John Lang, Richmond Hill, Ontario, of "Moonland See Mee", the lovely daughter of "Ch. Meng of Belcroft", ex "Bometta of Chinatown" (imp.), which is a granddaughter of "Ch. Wundah of Chinatown". She will head the kennels along with her beautiful kennel mate, "Moonland Bobbie Meng", and mated to "Tai-Ting of Belcroft" should produce some exceptionally fine puppies.

EASTERN STATES EXPOSITION, SPRINGFIELD, MASS.

Springfield, Mass.—Judges for the 15th Annual Eastern States Exposition All-Breed Dog Show, Saturday, Sept. 25, in conjunction with the 21st Annual Eastern States Exposition from Sept. 19th to 25th inclusive, have been approved by the American Kennel Club.

The list of judges, announced today includes: Henry Wheeler of Manchester, N.H., Pointers, English Setters and the Sporting Group; Edwin Dresser of Waban, Irish Setters; Orville S. Poland of Reading, Cockers and Springer Spaniels.

Other judges are: George A. Flammer of Roseland, N.J., All Hound Breeds and the Group; J. W. Cross, Jr., of New York City, Boxers, Bull-Mastiffs, German Shepherd Dogs, Great Danes, Great Pyrenees, Kuvasz, Mastiffs, Newfoundlands, Rott-weilers, Samoyedes, Giant Schnauzers, St. Bernards and the Working Group.

S. L. Froelich of New York City will judge Fox Terriers, Scottish Terriers and Sealyham Terriers, while Mrs. W. J. Hoos, Jr., of Schodack Center, N.Y., will judge the remainder of the Terrier breeds and the Group.

Specialty judges in the Non-Sporting breeds include Mrs. A. G. Brock of New Rochelle, N.Y., Boston Terriers; Mrs. William S. Baer of Rehoboth, Del., Chows; Mrs. Winifred L. Frazier of Cambridge, French Bulldogs, and Fred A. Bearse of Springfield will judge the Group.

Anton A. Rost of New York City will judge the remainder of the breeds including the special for Best Dog in the Show. Entries close Sept. 11 with the Foley Dog Show Organization of 2009 Chestnut Street, Philadelphia. Applications for premium lists will be accepted by the Eastern States Exposition, Box 1448, Springfield.

A co-operating committee of leading Western Massachusetts owners and breeders has been named of which Dwight W. Ellis is chairman, and Dr. Joseph E. Redden, secretary, while the bench show committee is Mrs. Thomas McGann, chairman, Mr. Ellis, Dr. Redden, Dr. Charles F. Lynch and Milton Danziger.

Maritime Notes

By Provincial Contributing Editor,

GERALD G. McCARTHY, 107 St David St., Saint John, N.B.

A T the last meeting of the N.B. K.C. held in the Admiral Beatty Hotel, a representative gathering of members extended congratulations and good wishes to Mr. H. H. McLellan, Jr., our genial president, who was attending his last meeting as a bachelor. Mr. McLellan's marriage will take place early this month. A tangible expression of the esteem in which he is held was presented to Mr. McLellan by Mr. F. Neilsen, 1st vice-president of the club, who in a few well chosen words voiced the sentiments of the members.

The well-known Bobby Laskey who steers the canine ship to success for Cossar Farm has ambitions to be like Bremmer (of Ortley fame) to excel in bitches or, so far this season it looks that way, as Cossar bred bitches have topped all others for Winners Bitches at the two Maritime Dog Shows. "Cossar Constance", a black daughter of "Ch. Heather Highlander" was awarded Winners Bitches, by Alf. Loveridge, at the Ladies' Kennel Club Show held in Saint John, May 12th, and "Cossar Carena", a daughter of "Cossar Barty", went to Winners and Best of Breed under Geo. A. Thomas, at the Bedford Kennel Club Show in July.

"Champion Heather Highlander", imported by Cossar Farm Kennels some time ago, has been purchased by Dr. Jos. A. Thomas, prominent Scottish Terrier breeder and Veterinary Surgeon of Newburg, N.Y. Dr. and Mrs. Thomas made the trip from their home to the Cossar Kennels at Gagetown, N.B., and were so much impressed by "Highlander" they left a generous cheque in exchange.

Mr. D. S. Hines', Bretonia Springer Spaniels Kennels, of Sydney, N.S., advises the purchase of the liver and white "Lady Rigby of Moira" of "Ch. Aristocrat of Avandale" and "Ch. Lady Waldon of Moira" breeding and the black and white "Nigger of Avandale" by "Ch. Aristocrat of Avandale", bred by E. Chevrier, Winnipeg and recently procured from the Sunstead Kennels of Frank Shute, Fredericton, N.B. Both "Lady Rigby" and "Nigger" are heavy in whelp to Mr. Hines' great show and stud, "Ch. Flash of Tantramar."

Our Show Committee reports progress and enthusiasm are running very high and the show this year promises to be one of the best yet. The manner

in which enquiries are pouring in reentry blanks and premium lists speaks well for Mr. Alf. Delmont, whose services we have been fortunate enough to procure.

It is with much regret that I open the Nova Scotia notes with a report of the sudden and tragic death of that grand little Cocker Spaniel "Am. and Can. Ch. Mistover Tug O'War", best dog in show at the recent Bedford Kennel Club show held at Halifax. "Tug O'War" was owned by Mr. J. T. McCallum of Thetford Mines, P.Q., having been only recently purchased from his breeder, Mrs. E. W. Clap, Mistover Kennels. Upon arrival at the Thetford Kennels this good Cocker was an American Champion and commenced his Canadian show career in Ontario on June 3rd, of this year, completing his Canadian championship at Halifax on July 1st. The entire Cocker fancy, together with all lovers of good dogs, will join in extending sincere sympathy to Mr. McCallum.

Local Cocker news is prevalent this month but is of a nature that we do not enjoy reporting as we learn that Mr. Fred O'Connell's good red and white bitch, "Thetford Jolly Mistie" has passed on. "Mistie" was bred at the Thetford Kennels and was sired by "Thetford Soney Boy" ex "Thetford Lady Ellen". "Mistie", was a consistent winner at the local shows, having captured the Breeder's Trophy at the Bedford Kennel Club Show on July 1st. She was brought to Nova Scotia by J. E. Burns and was later obtained

by Mr. O'Connell, and during her time here had whelped a very nice litter of puppies sired by "Thetford Tiny Tim", owned by Mr. John Denton, Toronto. It was with one of these puppies, "Duke of Gorsebrook" that she won the Breeder's Trophy, referred to above.

Mr. O'Connell also reports the death of his good red Cocker bitch, "Ch. Charwood Trixie", bred by the Kitchener Kennels, Mass. She was sired by "Kitchener Kumquat" and out of "The Red Wanderer". As her title will indicate, "Trixie" has done considerable winning and was ten years of age.

Just recently we had the pleasure of viewing a real prospect in a black and white Cocker bitch puppy, sired by "Duke of Gorsebrook", ex "Thetford Joan", a daughter of "Ch. Thetford Jock 2nd". The puppy to which I refer is owned by her breeder, Mr. Fred O'Connell of Halifax and is probably the best prospect yet bred in the Maritines and, as she greatly favours her grand sire, "Int. Ch. Mistover Tug O'War", Mr. O'Connell is retaining her in hope of doing much for local Cockerdom in the future.

In the Halifax Police Court a man, who pleaded not guilty to a dog poisoning charge, was found guilty of the offence and sentenced to pay the purchase price of the dog, together with court costs and was obliged to furnish a bond. In lieu of immediate payment the accused will serve a sentence of three months in the City Prison. Before passing sentence Magistrate Barnhill pointed out the seriousness of the crime and informed the accused that a dog must be considered as personal property and respected as such.

There has been considerable dog poisoning practiced in the north end of the city and it is to be hoped that the magistrate's decision in this latest case will have an effect in bringing this practice to an end.

Mr. G. G. Ryder recently underwent a serious operation at Camp Hill Hospital in Halifax. Mr. Ryder is an Irish Setter fancier and breeder and is the owner of the two good bitches, "Lady John" and "Lady Barbara of Meynell", the latter being the winner of the C.K.C. trophy for the best Canadian-bred puppy at the Bedford Show. We are pleased to learn that Mr. Ryder is now convalescing and his many friends in the Maritimes and elsewhere join in wishing him a complete and speedy recovery.

A delegation of the residents of the North End district of Halifax were on hand at a meeting of the Board of Works recently to protest against the erection of a city dog pound in the residential district.

SUMMERSIDE - PRINCE EDWARD ISLAND

Alderman Curtis presented the case for the complainants, pointing to the fact that the erection of such an establishment in a residential district of the city was not desirous in the best interests of the city. Shortly after work had begun on the foundation, nearby residents on hearing of the project, brought on a storm of criticism. A petition was quickly circulated against the erection of the pound in that locality.

The proposed site is near the Jewish Synagogue and a Protestant Church. Rev. H. T. Rowe, provincial secretary of the S.P.C., told the Board of Works that the society had not realized that the erection of the building would arouse such dissatisfaction. Alderman Walker advanced the opinion that the pound should be located in a more suburban location and contended that the city might well afford to give the society a grant of land on Kempt Road where the building would be in a proper location.

Some interesting Boston Terrier news has just arrived and informs us that Mr. H. S. Scott of Moncton, while on a recent trip to the United States, entered his fine little dog, "Saint John Introduce Me", in the Wakefield, Mass., show where he was placed first in the veteran's class for dogs over five years of age. "Introduce Me" was bred by Mrs. B. M. Frost of Saint John and was sired by "Int. Ch. Rockaby Dempsey", ex "Parktown Wynookie". Previous to his win at Wakefield, "Introduce Me" won the ward of Best of Breed at the Bedford Kennel Club Show at Halifax. Mr. Scott reports a nice litter out of one of his champion bitches and sired by a "Rockefeller" stud dog; also reports the sale of a very promising bitch puppy that he purchased from Indiana a short time ago. This puppy went to Harry Story of Halifax, who already has a nice kennel of real good winning Bostons that have made their presence felt at the local shows.

A timely editorial in the last issue of Kennel and Bench dealing with the practice of displaying puppies in shop windows brings to my mind the question of puppy raffles which have been, and are still being, conducted in Nova Scotia. These raffles are conducted by showgiving clubs and are conducted as a means of raising funds for charities, either in full or in part. No doubt a certain revenue is obtained by the sale of raffle tickets, but I am pleased to note that this practice is now meeting with public disapproval, and as a consequence has decreased in favor during the past few years.

I have known of puppies having been won in raffles and being fortunate enough to reach good homes, but there

FRED MURRAY MITCHELL - ONTARIO

is always the possibility of the opposite case where the puppy has to suffer by being an unwelcome addition to a home where he is not appreciated, and I have known this to have occurred in more than one instance. It is encouraging, therefore, to note that the Ladies' Auxiliary of the local branch of the S.P.C. is endeavoring to pass legislation prohibiting the raffling of livestock. This bill was introduced at the last session of the local Legislature but was not passed at that time, but it appears quite likely that the measure will get fuller support at the next session.

Tentative plans were made by a large number of citizens to organize a Pictou County kennel club. At a recently held meeting at the Vendome Hotel in New Glasgow, it was agreed that the Pictou County Club will hold a dog show during the latter part of September or the early part of October. This proposed club will affiliate with the Canadian Kennel Club, Inc., and a committee was appointed to attend to the details in connection with the coming show. Sev-

eral very successful shows were held in New Glasgow a number of years ago and it is quite apparent that interest has again been aroused and we expect to see this wide-awake town back on the Maritime circuit with its former strength and enthusiasm.

Mr. A. V. Martin, Oakland Kennels, Halifax, is now caring for a litter of Collies, three males and one bitch, sired by none other than the famous "Int. Ch. Major Lukeo" and out of "Ch. Noranda's Sensation 2nd", a litter sister to the well-known "Am. Ch. Heida of Noranda". Attention is particularly attracted to a male puppy of this litter, a tri-color, that is already showing much promise, and efforts have been made to purchase this good prospect. It is probable, owing to the present appearance of this youngster, that Mr. Martin will make every effort to retain him for stud and show purposes.

Up to the time of writing the dates for the Nova Scotia Kennel Club Show, to be held in Halifax, have not been definitely decided. The date was originally set for September 11th, but owing to conflicting dates of other shows in this district, this date has had to be set back and it is now probable that the show will be held on September 18th. I have not yet learned the name of the judge, but am informed that efforts are being made to have a well-known and popular Canadian judge pass on all breeds at this fixture.

CANCELLATIONS Oakville Kennel Club

Doberman Pinscher, Novice Bitches. "SOLVENT RUFFELS", ineligible, having went to Winners at the Hamilton Kennel Club Show in 1937, placing "SKYROCKET" Best of Breed.

Montreal Kennel Association, Inc.

Cairn Terrier, Novice Dogs. "RECKER OF GLASSEE", ineligible, having won a first prize at the Montreal Kennel Association Show in 1934, placing "TINKLE OF CAIRNDANIA" lst.

Scottish Terrier, Canadian-bred Dogs. "CH. HALDON NIGEL", ineligible, as this dog is a champion, placing "MARTINI OF ROSLYN" 1st and "WARRIER" 2nd.

Bedford Kennel Club

English Setter, Senior Puppy Dog. "DASH", ineligible, as this dog was not nine months old on July 1st.

Smooth Fox Terrier, Senior Puppy Dogs. "GYP OF BEDFORD", ineligible, as this dog was not nine months old on July 1st.

Cairn Terrier, Novice Bitches. "GORSEBROOK TOODLES", ineligible, having won first prizes in the Novice and Limit Classes at the Nova Scotia Kennel Club, Inc. Show in 1935.

DOGS ON HOLIDAY

Many a dog shares the family holiday and a little forethought will help to ensure that he has an enjoyable

If a dog is left in a parked car, make sure that it is ventilated and in the shade, and will remain so when the sun moves around.

Dogs are thirsty souls and rise motorists will carry a bottle of water and a drinking-vessel for the dog as these are often difficult to obtain when most needed. Dog owners travelling by rail may obtain a drink for the dog on request at most railway stations.

Over-indulgence in bathing is bad for a dog's eyes and skin. Give him a rub-down after his bathe to avoid chill. It is dangerous to throw pebbles for the dog to chase. They may bounce and hurt somebody, or break the dog's teeth.-National Canine Defence League.

SHE WENT TO THE DOGS

Something strange happened on a recent westward crossing of the Queen Mary. A lady dog-lover was aboard, accompanied by two stupendous wolfhounds, from which, she said, she had never been separated, from the moment of birth. She insisted on keeping them in her cabin, but they were too restless. One of them got out and almost bit Commodore Sopwith, whereupon the captain ruled that the pair would have to stay in the kennels provided for animals, up on the top deck. The lady said very well, but she'd have to stay there with them. She did, too. The crew rigged up a tent for her, using life-boat covers and blankets, and she slept there every night, under the stars, near the wolfhounds.-From the New Yorker.

DOGS ON TARRED ROADS

The road-tarring season sees an annual recrudescence of foot trouble in dogs, due to irritation set up by the tar and also by adherent particles of grit. A routine daily examination and cleansing of a dog's feet is a good thing, especially in summer, as apart from the intrusion of foreign bodies, the only sweat glands a dog has are in his feet.

Tar can be removed by applying butter or olive oil. Never use turpentine, as this causes agony to some dogs. To allay any irritation, place the dog's feet night and morning in a bath consisting of one part of methylated spirit to four parts of water. - Natical Canine Defence League.

ANNOUNCEMENT

We have imported the Irish Terrier, "Champion Ballinamodree", Winner of a score of Firsts and Winner of a score of Firsts and Three Championships at Britain's important shows, also "Shilvoden Boy", a son of the great "Ch. Slemish Splendid", and quoted by those who know, as the "top" voungster of the breed.

PRAISE FOR NEW BOOK

Mr. Fred W. Coles, Toronto, has been interested in Bull Terriers for nearly half a century, and in that time several splendid specimens have passed through his capable hands. Some of these have been champions of the highest order, such were the comely "Belle Malone" and "Coolridge Lilywhite."

Mr. Coles has become greatly infatuated with Mr. T. D. Hogarth's latest edition of the book "The Bull Terrier" and declares that the work is that of a master of the breed, and heartily recommends the new edition to all lovers of the "White Cavalier".

DALMATIANS - BITCHES - Limit, Winners and Best of Breed-1, W. A. Trevenen's Norah

EVERYTHING

Just try and imagine a dog show where the dog is entered free of charge. The public will not be called on to pay for admission, and a shoal of trophies, cups and other prizes will be on tap that would do credit to any point show. These and many other concessions and privileges are amongst the assurances vouched for by the Danforth and Beaches Liberal Association of Toronto, who, with the aid of the Beaches Kennel Club, are going to hold a Matinee Sanction Dog Show for all breeds at the Kew Beach Athletic Field, Toronto, on Saturday, September 25th. Another attraction will be a parade of dogs who have attained full championship honors at shows held under the rules of the Canadian Kennel Club, Inc.

A full panel of judges will be appointed. Entries will be taken on the grounds from 1 p.m. Judging will commence at 3 p.m. sharp. (See advt.).

ALF. LOVERIDGE PROFESSIONAL HANDLER

(Member P.H.A.)

ALL BREEDS — ALL SHOWS

ALIKE AS TWO PINS...

but their tastes are individual

Experienced fanciers everywhere are choosing from Spratt's big range of Biscuit Dog Foods for the well-ordered feeding routine that promotes prize-winning condition. They know that whatever the breed, and no matter how capricious a dog's tastes, Spratt's provide a feed that is acceptable on all counts . . . the essential biscuit diet that combines variety and tastiness with the nourishing properties that satisfy and strengthen.

... both are fed and kept fit on one of --
