## Meeting of the Board of Directors, March 16th, 1939

The regular monthly meeting of the Board of Directors of The Canadian Kennel Club, Inc., was held in the Board Room of the Club's Offices, 25 Melinda Street, Toronto, on Thursday, March 16th, 1939, at 3.30 P.M. The President, Reg. P. Sparkes, presided. Directors present included Capt. H. Dudley-Waters, Mrs. E. Brown, B. W. Essery, W. J. Risewick and Wm. McDerment.

A telegram from Dr. Batt advised that he had been a victim of "flu" and would be unable to attend and the Secretary was instructed to extend to Dr. Batt the regrets of the Board in respect to his indisposition, and wishing him a speedy and complete recovery.

It was regularly moved by Mrs. Brown, seconded by Capt. Waters, and carried:

"That, the Minutes of the Board Meetings held on Wednesday, February 8th, and on Friday, February 10th, be adopted as read."

It was then regularly moved by Mr. Risewick, seconded by Mr. McDerment, and carried:

"That, the Minutes of the Special Directors Meeting, held on Tuesday, February 21st, be adopted as read."

A letter was read from M. R. Evans, London, Ont., expressing his willingness to apologize through the official organ for his advertisement which appeared in the official organ for September, 1938, and at his own expense. After discussion it was regularly moved by Mr. McDerment, seconded by Mrs. Brown, and carried:

"That, this Board approves of the apology to be published by Mr. Evans."

The Secretary read copies of his letters as sent to the Minister of Agriculture and to the Chairman of the Canadian National Record Board, as per instructions from the members at the Annual General Meeting.

A letter from Mrs. B. Davidson, Victoria, B.C., was read, wherein the correspondent advised that she would make all necessary adjustments with Jan Dafys.

The President reported on matters discussed with the Officers of the American Kennel Club.

The Secretary advised that Mr. Walkerdine had been advised concerning his investigating the Championship point rating schedule, and that Mr. Essery had been reminded of his appointment to consider standard constitution for the use of Clubs starting up in Canada.

The Secretary advised that the Amendments to the Constitution had received Ministerial approval. From an inspection of the correspondence in connection with the approval, the matter of the date for the functioning of the three identification methods in the amendment to Article 16A, the effective date March 31st, was questioned, and it was unanimously agreed that the intention of the members at the Annual General Meeting was that the proposed methods would only function after the Club had become properly affiliated with the Live Stock Records

as shown by the verbatim minutes. It was regularly moved by Mr. Risewick, seconded by Mrs. Brown, and carried:

"That, the President, Mr. Sparkes and Director, Mr. Essery, interview the Honourable, the Minister of Agriculture, with a view to a proper understanding in respect to the date for inaugurating the three methods of identification."

A letter from F. W. Stone, Ottawa, was read in respect to Director representation for Ottawa, and the Secretary was instructed to advise the correspondent that this was a matter for proposed amendment to the Constitution.

A letter from the Records office was read, which sought authorization to return Certificates of registration to the purchaser in cases having been dealt with by the Registration Committee of The Canadian Kennel Club. It was regularly moved by Mrs. Brown, seconded by Capt. Waters, and carried:

"That, this letter be received, and that the Records office be authorized to forward Certificates of registration having had the attention of the Registration Committee direct to the purchaser, and that the same arrangement be carried out in respect to all Certificates of registration where transfer of ownership furnishes sufficient address information."

It was agreed that when new application for registration forms and transfer forms were being printed, that all necessary address particulars would be allowed for.

A letter from the Club's legal adviser was read re Articles of Affiliation, and it was agreed that the Secretary would refer the matter to Mr. Peter Wright for his attention.

The following Statements of General Accounts for February were presented for payment:

The advertising discounts and exchanges were approved of for February and March.

The Kennel name "Choisy" was granted to Edward A. Lawlor, Montreal, P.Q., and the Kennel name "Gateway" was granted to A. R. and Mrs. Rawn, North Bay, Ont. The Kennel names, "Killala" to Mrs. Helen L. Vanderveer, King, Ont., "Quandalla" to Mrs. J. F. O. Wood, Victoria, B.C., and "Valmor" to Mrs. G. S. Cameron, Sudbury, Ont., were also granted.

The following applications for membership were considered:

Mrs. Jean C. Angus, Hudson Heights, Que.; Mrs. Hector Armstrong, R.R. No. 3, Shelburne, Ont.; Miss Barbara L. Banigan, 91 Crescent Rd., Toronto; G. T. Barrett, 813-4th Ave. West, Calgary, Alta.; Leonard Bear, 82 Langarth St., London, Ont.; Frank Beer, 1544 Danforth Ave., Toronto, Ont.; Mrs. Greta Ann Brooks, R. R. No. 2, Cloverdale, Ont.; Rev. V. L. Carey, 2140 Cameron St., Regina, Sask.; Mrs. Chad. R. Cliff, 91 Humberview Road, Toronto, Ont.; Andrew R. Cobb, Bedford, N.S.; Mr. and Mrs. Russell T. Coleman, 261 Grosvenor St., London, Ont.; W. G. Cooper, Lorie, Sask.; Mrs. F. L. Croteau, 62 Tamarack St., Timmins, Ont.; A. Douglas Daley, Digby, N.S.; Mrs. Mary Eckersley, Woodfibre, B.C.; Norman M. Gilchrist, "Chedington" Bayview Ave., Toronto, Ont.; Mr. and Mrs. Harold A. Guiver, 333 East 64th Ave., Vancouver, B.C.; F. W. Hartwell, Clondonald, Alta.; Mrs. Una C. Hogg, Barrington, N.S.; Cliff Lumb, 1736 E. 32nd Ave., Vancouver, B.C.; Garnet MacDougall, Eden Mills, Ont.; William D. McLean, 142 Maria St., Peterboro, Ont.; John McNaughton, 1029 Shaw St., Toronto; H. B. Norris, 6 Braeside Place, Westmount, Que.; E. R. Pease, St. Bruno, Que.; Richard B. Pincombe, Strathroy, Ont.; D. James Ross, 133 Dunvegan Rd., Toronto; Cecil E. Simon & Sons, R.R. No. 1, Paris, Ont.; Mrs. R. L. Simpson, Unionville, Ont.; Miss E. K. Holwell-Smith, Westholme, B.C.; Mrs. Lena Stryker, Etobicoke, P.O., Ont.;

Mrs. Frank Thompson, R.R. No. 2, Ruthven, Ont.; R. W. Trythall, 425-13th St. E., North Vancouver, B.C.; Mrs. Lilian Tupper, 8102-29th St., Edmonton, Alta.; Leon Vermier, 6311-1st A. St. S. W. Calgary, Alta.

And it was regularly moved by Mr. Risewick, seconded by Capt. Waters, and carried:

"That, the applicants be received as members."

The following license show dates were granted:

April 21st-22nd—Regina Kennel Club.

May 24th—Medicine Hat Kennel Club.

May 24th—Vancouver Kennel Club.

July 12th-13th—Alberta Kennel Club.

The Secretary advised that the following license show dates had been claimed:

Sept. 4th-5th-6th — Canadian National Exhibition.

Sept. 30th—Ladies Kennel Club of Canada.

Nov. 3rd-4th — Children's Hospital Aid Society of Calgary.

The following sanction show dates were granted:

March 13th—Supreme Boston Terrier Fanciers.

May 22nd—Cocker Spaniel Club of Canada.

May 20th or 24th — York Kennel Club.

The Secretary advised that the Canadian Cocker Spaniel Association had cancelled their sanction show scheduled for April 1st because they could not secure a suitable building.

The request of the Cocker Spaniel Club of Canada that permission be granted for that Club to recognize the Toronto Kennel Club show as their specialty show of the year was granted.

Judges for the following shows were approved:

Medicine Hat Kennel Club.

Vancouver Kennel Club.

Windsor Kennel Club.

Victoria City Kennel Club.

Regina Kennel Club.

The Secretary was ordered to send applications for handler's license to those persons who had already asked for such application forms.

Reference was made to those show-giving clubs who had not made application to the Board of Directors for approval of their judges and the Secretary was ordered to insert a notice in Kennel and Bench drawing attention of show-giving clubs to this very essential requirement.

It was agreed that the list of overdue accounts for advertising in Kennel and Bench be turned over to Mr. Peter Wright for his attention and collection.

This being the business coming before the Board at this time, it was moved:

"That, this meeting do now adjourn."

NOTE—These Minutes are subject to correction when presented for adoption at the next meeting of the Board of Directors.

### FIRST CHAMPION OF 1939

Ch. "Minegold Duguid (imp.)"

The number of breeds in the Toy Group may be small, and the breeds in that group are, on the whole, smaller than those in any other group, but despite these facts representatives of this group usually can be expected to appear in the limelight much more frequently than their diminutive size would probably indicate.

Representatives of the Toy Group did themselves remarkably proud during the Golden Jubilee Year, and as if to follow up those successes we now find a pomeranian the first dog to complete a championship in this new year. We refer specifically to Ch. "Minegold Duguid" (138241), owned by Mde. A. Riou of Montreal.

As his name would indicate "Duguid" is a product of the internationally known "Minegold Kennels" of Mrs. T. Bentley, England, and was imported early in 1937 by Mde. Riou. "Duguid" made his debut at the Toronto Ladies' Kennel Association show shortly after he was imported. Here he was placed Reserve Winners to last year's chief Golden Jubilee prize winner. In the same month he was placed Best of Breed and Best in the Toy Group at the Montreal Kennel Association show by Judge Mrs. M. S. Threlfall. At the Mount Royal Toy Dog Club show in February of last year Judge W. W. Rooney was impressed with "Duguid" to such an extent that he placed him Best in Show. He completed his championship at the recent Mount Royal Toy Dog Club show under Judge F. C. McLean.

Born on March 31st, 1935, "Minegold Duguid" was sired by Ch. "Minegold Justit" (line bred to Ch. "Gold-sneek Flashaway") out of a daughter of the same dog.

Mde. Riou has been a member of the Canadian Kennel Club and a breeder, exhibitor and importer of high-class pomeranians and pekingese for a good many years. For those wishing to contact the proprietress of the Royaume Kennels (Reg'd), her address is 513 Duluth St., Montreal, Que.

### GERMAN SHEPHERD FOR SALE

"Jan of Briardale" (140554)—Silver grey. Two years old, by Ch. "Baron von Rich-tofen 4th", ex Ch. "Brenda of Briarnole". A first class personality, with a most dependable temperament. A winner at Toronto Ladies' Kennel Association Show and at York Kennel Club Show in 1938.

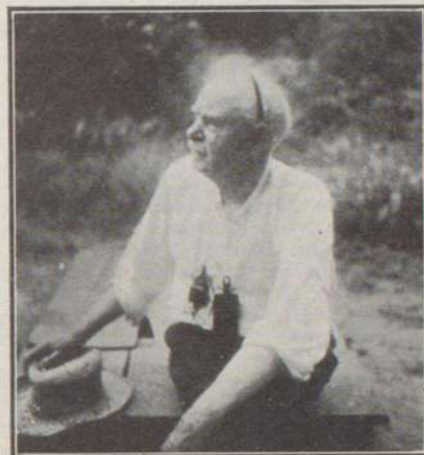

Price and further particulars on application.

H. R. ANDERSON

(Phone HOward 3940)

### "LEST WE FORGET"

Calvin Valentine, Waterloo, Ont., was always a quiet admirer of the late Charles A. Stone, Toronto, and this hero worship takes practical form in a letter to headquarters dated March 31st, wherein Mr. Valentine suggests this:

### "In Memoriam Sketch"

The late C. A. Stone was always happy when he was alone with Nature, as in the pose illustrated.

So just to keep our memories fresh in respect to our late Honourary President and at the risk of repeating ourselves unduly, we simply mention that "Old Charlie", as he was affectionately known to so many fanciers on the American continent, was the first Secretary of the Canadian Kennel Club, 'way back in 1888. That he was first, last and all the time a lover of sporting dogs and particularly fond of setters, Irish, Gordon and English, and that he was connected with them nearly all the years of his life. As a judge and commentator his opinions always carried weight and were invariably well received. Mr. Stone was at all times a friend to the novice starting breeding or when commencing a dog show ring career and many have lived to call him "blessed" on account of that. Mr. Stone was 85 years old at the time of his death which took place on April 26th, 1937, a scant eight months before the dawn of our Golden Jubilee year, an event that he had looked forward to with keen pleasure for a long time. May his soul rest in peace.

Thanks Mr. Valentine for your kindly thought for an old comrade.

liam Ogilvie's Mickie 2nd. BITCHES—Junior Puppy—1, Mrs. A. H. Brander's Brown Sugar of Rosevale. Novice—1, Mrs. A. H. Brander's Jill of Rosevale. Limit—1, Mrs. A. H. Brander's Janie. WINNERS—Janie (3 bitches, 2 points); Res.—Jill of Rosevale. Best of Winners and Best of Breed—Mickie 2nd.

### MANITOBA PROVINCIAL NOTES

The annual show of the Greater Winnipeg Kennel Club held on February 17th and 18th, sponsored by the St. Agnes Guild in aid of the Children's Hospital is now history. Under the guidance of the genial George Duncan, who is on his second year of President of this club with Tom Smith as secretary, the show was an unqualified success. Approximately 180 dogs were benched under ideal conditions with plenty of space, very nicely decorated and arranged under the superintendency of T. K. McKenzie, who is a master at the game. The ventilation was greatly improved, and all in all the event really went over the top. The dapper Alf. Loveridge placed his dogs in a masterly style. The dope was upset in one or two instances, but this is the sort of thing that makes the exhibiting of dogs such a sporting and interesting hobby.

The Fort Garry Kennel Club has again elected that pleasing personality, Harry Greenwood, as its President for his second term. Mrs. J. L. Pateman was again returned as secretary. Plans are now under way for their annual show to be held in the Auditorium on May 30th and 31st next which as in past years will be sponsored by the "Tailwaggers" in aid of the Humane Society Prevention of Cruelty to Animals. It is anticipated that the services of a judge with an international reputation will be secured. Several new trophies have been secured and everything points to a large entry. This show, coming as it does on the heels of the visit of the King and Queen, should provide a suitable wind up to a gala month and exhibitors are urged to get their dogs in shape for this event. Further details will be published in next month's Kennel and Bench.

Here's some good news for Cocker Breeders. At a meeting held recently by a group of Winnipeg Cocker folks it was decided that the popularity of this breed in Western Canada called for a formation of a Specialty Club. Temporary arrangements were made pending the calling of a regular meeting, and it was decided that the club would commence activities by holding a specialty show in conjunction with the Fort Garry show to be held in May. A splendid lot of specials will be offered and the regular classes of the show will be considered as those of the Specialty Club. Further information can be secured by communicating with S. Saidman, 105 Salter Street, Winnipeg. It is felt that the formation of this club will do much to strengthen the popularity of the "merry little cocker" as well as improve the conditions surrounding the exhibiting of this breed, which is desirable in view of the early classifying of two breeds, English and American.

The Gun Dog Club of Manitoba advises increased activity and interest. That efficient sportsman, Glen. C. McDonald, has again taken the helm as president for a second term and "Teddy" Smith once more assumes the

Toronto, Ont.

onerous position of Secretary and Treasurer. At the present a concentrated drive for new members is under way under the chairmanship of Sam Rennie, and over sixty applicants have been secured. This club will hold a point show this summer for sporting breeds only, and this feature is being looked after by Joe L. Pateman. Watch out for the Beagle section of this club under the chairmanship of Major J. E. Tulloch, who has imported some of these "happy little hounds" that were on exhibition at the recent Greater Winnipeg Show.

This club is the pioneer in this city of Field Trials, and so great has been its success and popularity that another club was formed last summer under the title of the Sporting Dog Club of Western Canada. Imitation is the sincerest form of flattery, and every success is bound to attend the efforts of both clubs if there is no overlapping in events. The writer sincerely hopes that the formation of the second club will be all for the good of the sporting dog.

It is with sincere regret that I have to report the popular "old timer" Doctor Lambert is in the hospital undergoing treatment for an old affliction, and I am sure all will join with the writer in wishing him a speedy and complete recovery. This gentleman has done such a lot for the improvement of setters and pointers and he is indeed a true sport. T. Donald and his daughter Ina have also been under the weather but it is with pleasure that their presence was noted at a recent meeting. May they continue to improve in health and long enjoy the happy companionship of their good

Scotties. Mrs. Wade of "Ornetsie" fame suffered a very painful accident and was confined to the hospital for some time, but the fact that she was able to telephone me the other day lends strength to the belief that she will soon be up and as active as ever.

I have very little to report in regard to the various breeds, but if all breeders care to give me news of their kennels I shall be glad to include in the May issue.

### SPRINGER SPANIELS

The trend in this city seems to be decidedly "Rufton". Ted Smith, secretary of the Gun Dog Club of Manitoba, has imported a real nice young male, liver and white, registered as "Timekeeper of Well Sweep", from the kennels of that prefix owned by George W. Thompson, Cazenovia, N.Y. This youngster is bred in the purple out of a litter sister of the famous "Quints Orientia", by a worthy son of "Rufton Recorder", "Green Valley Hercules", a champion in his own right and siring real springers. This dog we hope will be exhibited at an early date and we share in the hopes of Mr. Smith that it will do much to improve the springer in the west. Major Tulloch also owns a nicely bred "Rufton" female, and "Hazeldel" have several with these bloodlines. Recently the latter bred their good bitch to that sound "Rufton" owned by Silverdale, "Green Valley Leading Man", and although they lost the brood herself, she left them with five typey males. Without a doubt "Rufton" produces sound bodies, legs and feet, and with the stock now in the city some real fliers ought to make their presence felt soon.

### COCKER SPANIELS

News from the combined "Heavensgate" and "Winnitoba" Kennels of Winnipeg, indicates that the newly acquired "Gnilwoc Lady of Heavensgate" by "Ch. Torohill Trader" is fast developing into something real good. "Gracie of Heavensgate" is also a nice little cocker and both of these will be campaigned extensively this summer. A red and white son of Ch. "Cinder", "Freckles of Rivervue", did some notable winning under Alf. Loveridge last month. Watch out for these three dogs. They will take some knocking over. N. J. Dinnen reports that his good bitch "To Kalon Shirley" is at last coming into her own. She was exhibited at Edmonton this week and went "Best of Breed" under the handling of Jack Goff. It is the belief and hope of the writer that this nice typical cocker will continue her winning ways and gain the coveted crown in short order. At least she is in capable hands.

Arthur Picard has gone back to his old love the noble St. Bernard. At Westminster he handled a nice one, "Superior King", and won first Novice, second Limit and second in the Open Class. This is rather good going on the "comeback" trail, but Arthur knows his dogs, be they big 'un or little 'un, and he has bred both.

In conclusion please let me have any news of interest so that this column may be read with interest by all of our members. I am relying upon you for your co-operation.

MRS. J. L. PATEMAN,  
836 Henderson Ave.,  
East Kildonan,  
Man.

## QUEBEC PROVINCIAL NOTES

One of the many duties that are incumbent on a Provincial Director is that of visiting the sick, and recently I visited the Ross Memorial Hospital to see that splendid philanthropist and sportsman, James F. Strachan of "Ormsby" Kennel and of "Montreal Maroon" fame, and Mr. Strachan's host of friends will regret to learn that the friendly "Jimmie" is very ill at the present time, and his intimate family is in attendance with him at all times. As a dog fancier, he was prominent for the quality and quantity of his "Ormsby" Fox Terriers, and for twelve years he was in the forefront at the principal shows in Canada and the United States, winning graciously and losing without complaint. The writer has felt the warmth and kindness that went closely with Mr. Strachan's benevolence, and particularly do I remember an attempt to offer thanks for a worthwhile gift, when he brushed the thanks aside and said: "If we have wealth and do not use it to good advantage where we find it needed, we shall lose it." We can only hope that he will be spared to us all a while longer.

During the month that passed I am pleased to report that Montreal dogdom is richer by the arrival of a very good specimen of a Cairn Terrier which was supplied by Mrs. G. W. Hyslop, Brockville, Ontario. The new owners are very proud and satisfied with their new possession.

I have also to report we are to have another breeder of Cockers in our midst in the person of Mr. Lally, who hopes to open a kennel at Strathmore, Que., and have it ready for occupancy in the early Summer.

The Ladies' Kennel Club of Canada, Inc., are busy already working on their next show. They certainly deserve success and if they do as they say, improve on last year's show, they will have to go some. When we consider that Montreal, the Metropolis of Canada, with a population of over 1,000,000 people can only boast of one championship point show per year, and when we consider that in Montreal proper, more than 12,000 dog licenses are paid each year, I feel that the men breeders are needing an inoculation of pep-up enthusiasm, or of whatever it takes to put on a real dog show. When we consider what it costs for Montreal breeders to make their championships, due to the cost of travelling, and to the lack of local shows, it looks as though we do not want to have champions, or wait until a dog is four or five years old before he wins the coveted prefix of champion. Time was when we could have shows at Sherbrooke and at Montreal, Trois Rivières, and Quebec, and I feel that if we are to keep pure-bred dogs before the general public, we must have more shows and particularly point shows. We have the dogs and we have a building second only to Madison Square Garden itself. All we need is the necessary enthusiasm.

The Bull Terrier "Demi-Tasse" found a new home in the U.S.A. where she will do the breed a lot of good. She is by "Bricktops Spitfire" out of "Buxton Mikula", breeding that will be heard of for a long time to come.

We understand the Montreal all

round judge, R. A. Ross, Esq., accepted five judging appointments in the U.S.A., while on his visit to Westminster show in February. We are glad to realize that our Canadian judges are still in such demand.

I am glad to report that the "Ashantee" Kennels of Sealyham Terriers is to be carried on. It will be remembered that these kennels were run by Mr. and Mrs. G. M. Pitfield until the lamentable death of Mr. Pitfield a short time ago.

A. Collins is watching the development of four youngsters by "Keltie of Doon"; this being a double cross to "The Masher", and in turn a double cross to "Champion Heather Fashion Hint". I need hardly say they are getting all the attention that is going at the "Winalot Kennels".

Our congratulations goes to Wm. H. Pym, Esq., 2nd Vice-President of the C.K.C., who will judge Best in Show at the Morris and Essex Show. We are glad this honor comes to a Canadian and we say—"More power to you, 'Bill'."

The Bulldog breeders will be glad to know that Miss L. Rafter of Ville Ste. Pierre, Que., is again back into her home after the disastrous fire, when four of her Bulldogs were suffocated. We hope to see her soon with her "sourmugs". She will be best remembered for having imported that splendid Bulldog, Champion "Safety First".

W. W. ROONEY,  
2331 Coursol St.,  
Montreal, P.Q.

## KENNEL & BENCH HONOURED

Canada, The Canadian Kennel Club, Inc., and Kennel and Bench was signally honoured when J. D. Strachan was elected the fifth president of the Dog Writers' Association of America. Mr. Strachan had as his personal guests at the Dog Writers' dinner Reg. P. Sparkes and Dr. R. W. Boyden. Other guests were the one and only Freeman Lloyd, of New York, who regaled his audience with a recital of the highlights of his colorful travellings in many lands. Miss Diana Thorne, noted sculptress and animal painter, gave an interesting and racy account of her experiences when handling her brushes in England recently. Dr. Wm. A. Bruette gave a concise talk on the so-called rabies epidemic and a bill known as Bill 132 which called for compulsory inoculation of all dogs in the State of New Jersey with one shot of vaccine. Dr. Bruette submitted figures and facts which meant disaster to the Bill if the voters of New Jersey were interested in such enlightenment. The doctor appeared to be master of his subject and was given a splendid hearing. The Dog Writers' Association of America has a roster of 42 names of canine magazine publishers and columnists. The year 1938, under the leadership of Capt. Will Judy, of "Dog World", Chicago, was the outstanding year in the Association's history. Canadians with canine news of international importance should communicate with C. E. Harbison, Secretary, Dog Writers' Association of America, 840 Exchange Avenue, Union Stock Yards, Chicago, Illinois, U.S.A.

## ALF. LOVERIDGE

as your  
Professional Handler

I am conceded to be one of the greatest experts in preparing dogs for the show ring and as a handler and maker of champions have few equals. Some of the greatest show rings awards have been won by me. Best in Show at the world's largest outdoor show, Morris and Essex, 1938; Best in Show at Chicago, third largest Show in America, 1938; Also Best in Show at the following: Wissahickon, Pa.; Knoxville, Tenn.; Camden, N.J.; Baltimore, Md. Space does not permit of the complete list, but I have won many other Best in Shows in the United States and Canada, almost too numerous to mention.

**You Owe It To Your Dog  
and To Yourself  
To Have Him Prepared Right  
and  
To Have Him Shown Right**

Let me have your dog for the following Canadian and important United States Shows:

April 7th-8th—Toronto  
April 15th—Guelph  
April 22nd—Hamilton  
April 28th—Chatham  
April 29th—Windsor  
May 27th—Morris and Essex,  
Madison, N.J., U.S.A.

## MARITIMES PROVINCIAL NOTES

The members of the New Brunswick Kennel Club wish the officers and directors of the Canadian Kennel Club, success in its fullest meaning.

I am taking this opportunity to ask all Maritime lovers of pure bred dogs to co-operate with me in making this column, I am undertaking to write one of interest to Maritime breeders and to the readers of Kennel and Bench. Success cannot be obtained without your assistance. I can assure you that any doggie news will be appreciated and will receive my very best attention. If I can be of any service in helping arrange your advertising, I will gladly do so.

Much can be said of doggie doings in this section of Canada, but as the time is short I will be forced to confine these notes to Saint John. In the next issue I hope to have some interesting facts from Halifax and other cities in the Maritimes.

A very well attended novice and puppy match was held last month in the old Opera House building when many fine youngsters made their debut. Ralph Preston, Sr., judged this fixture and in the course of our conversation, Mr. Preston related incidents that happened in England 46 years ago when he judged his first show. Ronald C. Vaughan was chairman and Morrison D. Earle, secretary. The cup for the best in show was won by "Tippy Tim" a very promising Boston terrier, seven months old, owned and shown by Miss Beatrice Farren. This home-bred is by "St. John Tarzan" ex "Argo Queen Hagerty". Mr. P. L. Jefferies owner of "Argo" advises me that he was so pleased with his last litter that he again has made arrangements to breed to Mr. Sanson's "Tarzan".

At the March meeting of the New Brunswick Kennel Club, held in their quarters in the Admiral Beatty Hotel, the matter of the next annual fall all breed show was thoroughly gone into, and from all appearances a bumper entry is expected. A very interesting report of the annual meeting of the Canadian Kennel Club was given by the Maritime director, Mr. Vaughan. After the meeting our new director entertained the members by relating some of the high-lights of the last show held in Madison Square Garden.

Many kennels are sporting their new importations, and I am pleased to say that many classy specimens are making their homes in Saint John.

"Wellmar Sankie", a most friendly brindle English bull dog from the kennels of Mrs. Lillian Crossland, of Toronto, Ont., is now the property of Fred E. Carter. "Marwell Revival" is the sire and "Coronation Patricia" is the dam.

"Hector of Elmcroft" and "Brian of Elmcroft" boast as their parents "Patron of Ide" ex "Ch. Galea Shiel". "Hector" at 11 months placed second in the Canadian bred class at the last Canadian National Exhibition Dog Show. Bart Taylor, their new owner, is very much pleased with this pair of Irish Setters and is looking forward to the fall circuit. R. Ray McLaughlin, of Oshawa, Ont., was the original owner.

A new white hope is in our midst, "Paddy", an all white pit bull terrier, is now making his home with Lorne

## COCKER SPANIEL FOR SALE

Ch. "Kindon Freckles"

An outstanding red and white cocker. Ch. "Kindon Freckles" has always been best of breed; winner of the sporting group several times. If you are looking for a good cocker this is it—at a reasonable price. Write:

**R. C. VAUGHAN**  
Garwood Kennels (Registered)  
278 Union St., St. John, N.B.

Stackhouse of Millidgeville, N.B. This four month old puppy was purchased from Peter Donovan, of Erie, Pa.

"Dictator of Delwin", a brat of a lad six months old, sire "Ch. Aristocratis Rumhound", dam "Gallant Lass of Lespatrik", has decided to make his home with M. D. Earle. This pup comes highly recommended from the kennels of Howard C. Race, President of the Irish Terrier Club of America, and was bred by Edwin Sayres. Mr. Earle also reports a litter three weeks old from his "Newtownards Wild Wrose", ex "Ch. One Particular", owned by Louis J. Long, of Great Neck, L.I.

The Garwood Kennels have every reason to be proud of their new black cocker spaniel, "Vaughan O'Boy of Barrie". Mr. Vaughan never returns from upper Canada without a new addition to his kennel and has high hopes for this one. O'Boy will appear at stud in this issue of Kennel and Bench. Five healthy fox terrier (wire) pups, four male and one female six weeks old are the result of mating "Hallwyre Hustle Russell" owned by the writer, to "Wonder Girl", the property of the Garwood Kennels.

A new breed to this section of Canada is a Kerry blue terrier pup, four months old, "Ben-Edar Rags Bingo", sire "Ben-Edar Rags" ex "Leila Maid of Chevin". This "bit of blue" arrived from the Wee Heiland Kennels of Mr. and Mrs. J. P. Reynolds of Des Moines, Iowa, and was bred by Mark Kenworthy. A fox terrier (wire) bitch in whelp made the return trip to Des Moines.

"Hallwyre Hustle Russell", an all white fox terrier (wire) with a tan head is another new comer to these parts. This dog has never been shown in Canada and it is the intention of the owner to send him over the circuit this fall. Both the above dogs are the property of S. E. Kominsky.

LET ME HAVE YOUR NOTES  
AND BOOST DOGGIE DOINGS IN  
THE MARITIMES.

231 Union Street,  
St. John, N.B.

## SASKATCHEWAN PROVINCIAL NOTES

Our greatest activity at this time lies with the Regina Kennel Club, where the plans are being perfected for the spring show to be held on April 21-22. A large number of collapsible benches equipped with metal fittings will be used for the first time at this exture. The judge selected is A. Laurence, of Winnipeg, Man.

At the close of the last regular meeting of the Regina Kennel Club, Director W. J. Pym gave a descriptive resume of his attendance at the annual meetings of the Canadian Kennel Club, at Toronto. It was the consensus of opinion that the C.K.C. members in Saskatchewan had been well represented by their new Director.

W. C. Pollard is busy these days pondering over the problem of a suitable mate for his Ch. "Busher Jackson", the only springer spaniel to participate in the Golden Jubilee prizes last year.

A new kennel name to conjure with is the "Branksome Kennels" of Mrs. Beatrice Preston, of Regina, who is the owner of "Bronwyn O' Stormer", a good daughter of Ch. "Bron-Wyn O' Stormer Ann".

The "Dewdney" Kennels of Miss Hazel and Edward Mabson, Regina, have been quite busy, but the real interest at the moment is centered in "Dewdney Judy" who is expected to deliver an interesting package around St. Patrick's day and Ch. "Burlington Gallant Punch", the only wire-haired fox terrier Golden Jubilee prize winner is known to have had some share in the arrangement.

A. O. Underbakke, Radville, Sask., owner of the "Aurora" prefix, is all "het up" over a batch of Irish setter puppies now drawing their rations from their dam, "Aurora Madoc Patsy" (137669). This fine bitch is by Ch. "Humes Madoc Chief" ex a daughter of the same dog and so the litter is nicely line-bred. Whilst we do not care for guarantees based on enthusiasm, we have taken notice of Mr. Underbakke's guarantee, that any of the litter will win at any show west of the lakes providing they are not shown against dogs of "Aurora" origin. When Mr. Underbakke says "this is one of the best, if not the finest litter ever produced at this kennel", he knows what he is talking about, so good luck to him.

Now that this province has space in *Kennel and Bench*, we invite all parties who may have news of general reader interest to send the same to me, on or before the fifteenth of each month, and it is only by co-operation that the fanciers of this province may be properly represented in the official organ each month.

MRS. ROBERT LAING,  
2253 Broder St.,  
Regina, Sask.

## DOG LOVERS

# TORS PARK KENNELS

## Dual Purpose English Springers

*Offer at Stud*

### TREVILLIS FEARLESS (Imp.)

Sire: Ch. Dry Toast by Ch. Marmion of Marmion

Dam: Ch. Balgray Joy by Inveresk Cameronian

Also

### NIMBLE TOAST OF TORS PARK

(Imported in Dam)

A grandson of Int. Ch. Nimble of Hamsey and of Ch. Dry Toast. This young Springer is exceptionally promising. He will be available this summer for a few select females.

Hardy winter puppies now available at reasonable prices. Sire and dam both imported from the world famous Trevillis Gundog Kennels, England, and are of the best possible breeding. Other young imported stock are also offered.

Kennels:

LANSING,  
ONT.

Address:

885 AVENUE ROAD,  
TORONTO, ONT.

TREVILLIS FEARLESS  
A Proven Sire of Quality Puppies

### "WONDROUS WESTMINSTER"

When writing our "Wondrous Westminster" story for our March issue of "Kennel and Bench", we mentioned the possibility of inadvertently overlooking some dog entitled to review and so it has turned out to be, bringing down on our helpless head such suggestions as "editing the news concerning our friends", "knowing certain folks when soliciting advertising" "discriminating against a new breeder" and goodness only knows what. It was fervently hoped that we would see "the error of our ways", etc., and so we are covered with sack cloth and ashes as we take up our editorial duties. Nevertheless, we do sincerely regret the unintentional oversight responsible for the altogether undeserved rebuke.

Mrs. J. Smith, Oshawa, had two of her attractive little chihuahuas (pronounced shee-wah-wah's) at Westminster Kennel Club show, New York, on Monday, February 13th, under Judge Mrs. J. B. Flynn, and won 1st puppy (dogs and bitches) with her home-bred "Chicko". In the open bitch class Mrs. Smith won 2nd prize with "Lady Beth". The chihuahuas were greatly admired by many interested visitors during the three days of the show.

Still another worthy that we missed was that of Col. W. E. Phillips' excellent little Welsh Corgi (Pembroke) "Wolfox's Maesgwynne Ifan", well-known to 1938 show goers, he having won for Best of Breed at the Cana-

dian National and at the Ladies' Kennel Club of Canada, Inc. At Westminster the little lad from Oshawa, Ont., took the bit between his teeth and waded through the limit and open classes rough shod and only slowed up after he had won the coveted Best of Winners ribbon.

The cocker (English) "Goodheart of Ware", owned by the Honourable Mr. Justice C. Gordon Mackinnon, Montreal, P.Q., made her mark on the Westminster competition, which was very keen, when she garnered in the desirable first prize in the limit class and then took reserve winners as further proof of her breed quality.

We regret that the foregoing wins were not "picked up" in our "Wondrous Westminster" story last month. —(Ed.).

### COCKERS OF QUALITY AT STUD

Sir Peter of Victoria Park

Stud Fee ..... \$15.00

This is an outstanding red and white parti-color. Son of Ch. My Own Peter the Great. At the Canadian National Exhibition, 1938, he won 1st puppy, 1st novice and 2nd open.

### FOR SALE

Some smart three months old parti-color puppies, sired by a son of Ch. Sandspring Gay Boy. Also, a 16 months old daughter of Ch. Peter the Great out of Nonquitt Newsreel. Price \$40.00.

Boston Terrier

Rockefellers Roy D Rex (132704).

English Bulldog

Pulham Daniel (115138).

## THE MORRIS & ESSEX

*Bringing Them Over By The Boatload*, that is what it looks like for this year's great out-door dog show, the Morris and Essex, and this is the first time in this writer's lifetime that anything like that has been arranged for. On May 11th, the Donaldson Atlantic Line Ltd., will send their palatial "Athenia" down the Clyde from Glasgow en route to Belfast and Liverpool, thence to Montreal with stop-offs at Ottawa, Toronto and Niagara Falls, and on to Madison, New Jersey, for the Morris and Essex Show on Saturday, May 27th. It is safe to say that many friendships originating in the Motherland will be renewed and strengthened at Madison this summer.

The 1939 version of the Morris and Essex fixture will be marked by the same proportion of progress that has marked every such fixture since 1927 and in this respect we show herewith the progress of dogs entered for the Morris and Essex during the last 12 years: 1927, 595 dogs; 1928, 920 dogs; 1929, 1150 dogs; 1930, 1507 dogs; 1931, 1922 dogs; 1932, 1517 dogs; 1933, 2346 dogs; 1934, 2827 dogs; 1935, 3175 dogs; 1936, 3751 dogs; 1937, 4104 dogs; and 1938, 4213 dogs. What the 1939 figures will be no one can tell, but as there is a limit to the spacious polo field there must be a limit somewhere.

Bringing judges from afar off places is a feature of the Morris and Essex and in this respect distance means but very little. Take last year for instance when Gustav Alisch came from Hanover, Germany, to judge 311 Dachshunde and here it may be borne in mind that the M. and E. was 5 years old before the first Dachshund made its appearance on Madison show grounds. Willi Cloth, also from Germany, came to judge the Dobermans. From England came Mrs. K. Thornton and Mrs. Alice Dickson, and from Ireland came Henry B. Fottrell. Four judges came from California. Canada sent three judges, one from British Columbia, one from Quebec and one from Ontario.

In this morning's mail we are privileged to scan the judging panel of the world's greatest outdoor dog show, and again our lady of Giralda has eclipsed all former selections of adjudicators. She has signally honored Canada by conferring on our Second Vice-President, Wm. H. Pym, of Vancouver, B.C., the responsibility of finding the best specimen of the eighty breeds being featured at Madison, New Jersey, on Saturday, May 27th. Canada's other representatives are Walter H. Reeves, Belleville, Ont., and Robert A. Ross, Ville St. Pierre, P.Q. From Ireland comes The Hon. Mr. Justice Hanna, Dublin. From Scotland the Rev. W. B. C. Buchanan, Kilmarnock. England sends Mrs. L. M. Bentley, Surrey; Mrs. Nadene George, Chelsea; Mrs. Cecile Rudland, Surrey; Mrs. V. F. Benson, Surrey; and Mrs. Cecil Barber, Bucks. Arthur Zane will come up from sunny Honolulu, Hawaii, to judge his favorite breed, the German Shepherd, and for perfect balance the very cream of American judges have been chosen and have been allocated the breeds they like best to judge themselves. Surely this is to be the world's Fair dog show and it will be well worth travelling far to attend, and if we

might make a suggestion to our Canadian fanciers, it would be, pack the pick of the pups in the car, and make the Morris and Essex show the start of your 1939 vacation. There are other shows convenient for date and location where a good dog might get a good start for a good championship in a good country, under good conditions, and this is a good suggestion for which we make no charge.

See you at the Morris and Essex.

## ADVANCE PLANS FOR C.N.E. DOG SHOW

The Canadian National Exhibition dog show committee at a recent meeting decided upon September 4th, 5th and 6th as the 1939 dog show dates, subject to the approval of the Directors of the Canadian Kennel Club.

For the added comfort of exhibitors, handlers and the general public the venue will be changed from the Fox room to the upper west annex of the agricultural coliseum and here will be found no less than 50,000 square feet available for the staging of the greatest dog show ever held at the Canadian National Exhibition in the last 50 years. The new location permits of a better benching plan, wider aisles and spacious judging rings, and being one of the choicest locations on the Exhibition grounds and easily accessible to the general public a record attendance, with attractive selling possibilities for exhibitors a record show in every respect is anticipated. The seating arrangements will be so extended that there will be comfortable ringside accommodation during the judging periods, and if suitable arrangements can be made, Exhibition visitors will be able to see the dogs on the day of their visit to the grounds.

Mr. George Brigden, the popular President of the Canadian National Exhibition, has profited by his dog show experiences in recent years to the extent where he has signified his intention to donate a large silver trophy (Sheffield reproduction-tray), which, we understand, will be awarded to the Best Dog in Show. This trophy will bear the inscription "The President George Brigden Trophy".

Open classes have been added to the classification for the following breeds: cocker spaniels (English), Afghan hounds, deerhounds (Scottish), bull terriers (coloured), dandie dinmonts, pointers (German short hair), basset hounds, salukis, briards, Eskimos, rottweilers, Siberian huskies, skye terriers and pinschers (miniature).

Still further attractions will be the children's classes, the usual generous cash prizes as in former years, generous cash inducements for handlers, etc. The whole is based on the objective of Canada's greatest, largest and best dog show of all time.

The greatest attraction of all is the very excellent list of notable judges chosen especially for this year's dog

show, and a glance at the personnel will be all that is necessary to realize the efforts of the committee to ensure complete success for the 1939 fixture:

Sporting breeds—W. T. Payne, Kingston, Pa. Hound breeds (except beagles and dachshunde), non-sporting breeds (except bulldogs and dalmatians), working breeds (except German shepherd dogs) and all toy breeds—G. V. Glebe, Bryn Athyn, Pa. All terrier breeds (except bull terriers and Bostons)—W. Edgar Baker, Greenwich, Conn. Bull terriers—The Honourable Mr. Justice McFarland, Toronto. Bulldogs—Reg. P. Sparkes, Toronto. German shepherd dogs and dachshunde—Mrs. D. B. Hanna, Cleveland, Ohio. Beagles and dalmatians—Mrs. Lloyd Reeves, Huntingdon Valley, Pa. Boston terriers—Mrs. W. H. Dean, Grand Rapids, Mich. All groups, best in show and general specials—C. J. Casselman, Chicago, Ill.

## "CHAMPIONS THREE"

### OUR FRONT COVER FEATURE

If any proof was required to establish beyond dispute, the oft repeated statement, "blood will tell", surely it is to be found in a study of our front cover illustration for here we find "blood telling" most convincingly.

Let us take each dog individually and look at him or her for show record and power to reproduce their own fine breed type and breed character. Mr. Ian Breakey, of Breakeyville, P.Q., imported his "Lapping Wavelet" from England in the early spring of 1935. This little lady from England had enjoyed successes in the show rings in the land of her birth and after she had shed her sea legs and become acclimatized, Mr. Breakey sent her forth in quest of show ring honors in Canada and by the end of the summer of 1936 she had acquired championship honors with apparent ease. With Best of Breed awards given to her at Toronto Kennel Club, Hamilton and York Kennel Club and to further clinch her claims to superiority she won the Reserve Winners ribbon at Westminster in 1936. Her quality was conceded by the consensus of opinion on the part of her judges in three countries.

Ch. "Breakeyton Freckles" was one of the outstanding smooth fox terriers of 1935-'36 and '37 during which period he won more points than would be required for two championships. His bench was seven times adorned with the Best of Breed ribbon, mute, though eloquent testimony of his superb quality. At Westminster in 1936 "Freckles" was 3rd in a stiff class of seven smooths.

The other dog of the trio to be mentioned is "Breakeyton Huntsman", a champion in his own right and a son of Ch. "Breakeyton Freckles" ex Ch. "Lapping Wavelet", a home-bred dog that Mr. Breakey was proud of and he had every right to be. He has made a lot of desirable kennel history for the "Breakeyton" prefix during 1936-'37. Best of Breed was awarded to him at the Canadian Fox Terrier Association in 1936, at Montreal Kennel Association in 1936, at Montreal Kennel Association and at the Canadian National Exhibition in 1937. Ch. "Breakeyton Huntsman" is the sire of "Breakeyton Suzy Q", who won the winners points at the National Ken-

## I MUST SELL TWO IRISH TERRIER BITCHES

One is 4 years old on May 8th and has 4 points to her championship. The other one is 18 months old and was Best Puppy at Bedford Kennel Club Show last July. Both bitches are registered and both are due in season in April.

MRS. J. E. BURNS

41 Tobin St., Halifax, N.S., Canada

YOU'RE SET FOR

# SUCCESS

with **WINALOT**

The increasing number of Show successes secured by WINALOT-FED dogs proves that this genuine whole-meal food establishes and maintains winning show-ring condition. With fresh meat added, WINALOT forms a perfectly balanced, satisfying diet, complete in every factor (proteins, carbohydrates, balanced minerals and active vitamins A, B, D and E), that sound health and fitness demand. Feed WINALOT—and be more successful!

## WINALOT THE DOG'S WHOLEMEAL FOOD

Meal or Biscuits

*SAVAL is the supreme Puppy Rearing Food—extremely nourishing, highly digestible, and successful in results. A test will convince you!*

FULL PARTICULARS FROM:

F. H. GOODFELLOW, 4402 MADISON AVENUE, MONTREAL

F. GRASHAM - - - 390 SPADINA ROAD, TORONTO

or from

SPILLERS LIMITED, 40 ST. MARY AXE, LONDON, ENGLAND

*Spillers*

nel Club Show last November. Ch. "Breakeyton Huntsman" has his present home with Mr. B. F. Stein, Chicago.

We must mention that Ch. "Lap-ping Wavelet" was sired by English champion "Homstead Aristocrat" and that Ch. "Breakeyton Freckles" is a son of American champion "Haven Spotlight" ex "Bonadale Molly", a daughter of Ch. "Danby Mogul", a son of Ch. "Heeley President" and Ch. "Pride's Hill Rebellion".

"Freckles" and "Wavelet" produced "Breakeyton Tanya", a bitch that had won half a Canadian championship before she left for a new home in California and last year at the Western Breeders' Fox Terrier Association Show at Pasadena, she went to Winners when there were 19 smooths in competition. This rather remarkable pair also produced "Clapton Miss Amber", the dam of champions "Clapton Girl Guide" and "Clapton Lillias". The breed type and character of "Freckles" and his son "Huntsman" (out of "Wavelet") when pooling their quality in the brace classes in 1937 accounted for Best Brace (all breeds) at Bedford Kennel Club Show and for Best Brace (smooths) at the Canadian National Exhibition and at the Ladies' Kennel Club of Canada, Inc., shows.

Truly Mr. Breakey and his noted "Breakeyton" kennel name have been associated in a very definite way with everything pertaining to smooth fox terriers on this continent since 1935.

### ANNUAL MEETINGS

The Canadian Cocker Spaniel Assn. Inc., held its first annual meeting on February 21st.

In his address to the members the President, F. Dagger, made sympathetic reference to the recent death of the Association's first President, Charles J. Mitchell, who was killed by an automobile accident last December. Mr. Dagger congratulated the members on the harmonious relations existing in the Association since it was organized, and referred to the luncheon tendered the Board of Directors of the Canadian Kennel Club on February 8th, which had afforded an excellent opportunity for an exchange of views on the matter of separate classification for English Cockers. Mr. Dagger admonished the members to

"Work like a pulley if you cannot as a crane,

Be a wheel greaser if you cannot drive a train".

The Treasurer's report showed receipts to be \$240.82 and disbursements \$190.07.

The following officers were elected: President, Miss A. Elsie Mayhew; Vice-President, W. A. Price; Secretary, Francis Dagger, Unionville, Ont.; Treasurer, Capt. J. E. Bell. Directors—C. J. Williams, E. A. McCandlish, A. Beale, F. G. R. Lacey, and Nelson Duckett.

The Canadian Terrier Club met in the Prince George Hotel, Toronto, on Wednesday, March 1st, and held the

club's annual meeting. Reports made were considered satisfactory and the future is being looked to with confidence. The officers re-elected are as follows:

President, Wm. McDermont, M.B.E.; Vice-President, Arthur Ellison; Secretary-Treasurer, C. R. Trimble, 518 Rushton Rd., Toronto. Executive: A. Palmer, W. H. Humphries, C. Tushingham, A. H. Mitchell, C. C. Jennings and Miss E. Flower.

### FRANK DOLE HONORED

Frank Dole, the grand old man of news coverage of dog shows and field trials for the newspaper readers of America, is to be honored at the 14th annual dog show of the First Company Governors Foot Guard Athletic Association, at Hartford, Conn., on Saturday, April 15th, when he will select the best dog in show.

We can readily imagine that this great honor will mean much to Mr. Dole, for it was at Hartford, Conn., where he first started the career which has made his name a household word in dogdom, as we know it. Here he assisted his father at Yale University and numbered among the pupils coming under Frank's tuition was the late President and Chief Justice William Howard Taft who remained Mr. Dole's friend always.

Those fanciers favored by being present when Mr. Dole "dons the ermine" will feature in an occurrence which will one day be recognized history in the annals of American dog shows.

## CHATTING WITH THE BREED EDITORS

### CHAMPION SPRINGER SOLD LET'S SPEAK ABOUT CROSSING HARLEQUINS FOR QUALITY

There is a good bit of heart-burning amongst breeders of Harlequins on this continent, owing to the difficulty of breeding a type that can compete against the very high quality of many of the fawns and brindles.

A comparison, either of the dogs themselves or their portraits shows that too many Harlequins fail in head, shoulders and quality. Heads are generally too round in skull, lacking in "chisel" and too short or light in muzzle, whilst many have also a tendency to "fish-face" (when the top line of the muzzle tilts upwards from that of the skull instead of being parallel to it). Shoulders are often too loaded and upright, preventing the best movement, especially when galloping.

Old descriptions and portraits show that Harlequins were known in Great Britain at the end of the 18th century, though the patches were often of colours, other than black.

The late Dr. Morell-MacKenzie stated that big, powerful dogs, usually blue or black and white in colour, had been used for many years on the continent of Europe for hunting wild boar in the days antecedent to gunpowder. These dogs were known as Hatzruden and resembled Danes in general appearance. He thought, however, that they were distinct from the Danes then known in Great Britain, who appear in some accounts to have been confused with the Irish Wolfhound. (Apropos of this confusion, it is believed that, when the old Irish Wolfhound became extinct, the breed was resuscitated by crossing a Great Dane with a Scottish Deerhound).

From the Hatzruden and other varieties, differing from one another only on minor points, was built up the German Great Dane or Deutsche Dogge, which has been constantly imported into England and America to improve the Danes in these countries.

Although the Deutsche Doggen Klub was only formed in 1888 (some 6 years later than the British Great Dane Club), it was after the Franco-Prussian War of 1870 that the Deutsche Dogge was first taken up strongly in Germany and the various types embodied to form a distinct breed. Early in the 19th century, Harlequins (known as Tiger Doggen) appear to have been very popular in Germany, but later to have almost disappeared.

About 1815 the St. Bernard monks crossed their dogs with the Great Dane to improve their stamina. There is little doubt that continental breeders of those days used the same cross to get the pure-white background for Harlequins. It is reasonable to suppose that the Greyhound was crossed with the brindle and whole-coloured Danes to improve their speed and quality.

These crossings would appear to be the reason for the present difference in type between Harlequins and other colours.

Till some 35 years ago, Harlequins with brindle patches were recognized in Great Britain—the writer well remembers Ch. ORUS OF LOCKERBIE, the last of that colour to become

a champion. When brindle Harlequins were no longer recognized, it became exceedingly difficult to breed the pure black-and-white from the strains then available, owing to the strong brindle blood (usually descended from Ch. VICEROY OF REDGRAVE) behind them. But those black-and-white Harlequins that were bred were probably nearer in type and quality to fawns and brindles than are most present-day Harlequins that have Harlequin breeding behind them for so many generations.

This may account for the fact, that, though Germany was always ahead in fawns and brindles before the war, several international judges considered the British Harlequins superior to the German.

But, though crossing Harlequins with fawns or brindles would certainly improve Harlequins in type, it leads to a nasty confusion of colours and is to be avoided.

A little over 30 years ago, several British breeders concentrated on blues (Mr. Clifford Slack, Miss R. Tolle-mache and the writer being the most successful). British blues improved to such an extent, that, just before the war, Germans were looking for their breeding stock in England.

But it was always difficult (extremely so after the war) to get sufficient new blood, without crossing in other colours. In the writer's kennel this was done almost entirely by using Harlequins. The results showed that such cross was beneficial to both colours, the Harlequins being improved in head and quality and the blues in size.

It might be thought that Harlequin puppies from a blue-to-Harlequin mating would be blue-and-white, and not black-and-white. But black-and-white proved the more usual result and in one case a blue dog mated to a Harlequin bitch produced no less than eight Harlequin puppies.

Some of the former German Harlequins evidently had blue-breeding behind them for BRUTUS VON LICHTENRADE, imported to England some 35 years ago and re-named FIGARO OF ST. AUSTELL, invariably sired a blue amongst his Harlequin progeny in every second or third mating to a Harlequin.

It is also interesting to notice a strong blue strain in the pedigree of Mr. Gordon Stewart's Ch. DANILO OF SEND, portrayed in Mrs. Lee Booker's recent book on Danes as being one of the present outstanding British Harlequins.

There is no wish to dogmatize in the above notes, but simply to give the writer's own experience and observation (over more years than she now cares to remember) for what they may be worth to breeders of Harlequins anxious to improve their type.

MRS. J. de B. COWAN,  
Crystal Creek Ranch,  
Kaslo, B.C.

Scott St., St. Catharines, Ont., Canada

### DACHSHUNDE

Dachshund fanciers throughout the country will be much interested to learn that Miss Barbara Bannigan, Toronto, has just imported two lovely red female miniatures. So far there have been very few miniatures in Canada. As far as I know, Miss Svenningsson of Montreal is the only breeder of these wee dogs, although Mrs. Hedley-Peek, of Victoria, owns one male silver dapple miniature. Miss Bannigan has brought in the Stonehouse line in her little "Rosel", and her "Vroni Schnitzer von Uppaway" claims, as sire, "Ducke von Swzwer-genreich" and, as dam, Wally Herrgott's "Schnitzer". These two little ladies tip the scales at six pounds each and are nine months old. They will live most of the time on Miss Bannigan's farm at Pickering but we all hope to see them at some of the spring shows.

Speaking of shows, Toronto Kennel Club officers have informed me that there was an error in printing their premium list and that dachshund prizes went in with the chihuahuas prizes. Their information cleared my mind of a puzzle as I wondered on reading the prize list just when and where long-haired chihuahuas were being bred. It now seems that long-haired dachshunde should have been listed for these.

The winter has been long and cold and the prospect of some burrow work for dachshunds seems to be still far away. Palms and flowers have been plentiful on the cards which have reached me from dachshund owners. Mr. and Mrs. Eldon Staebler of Gananoque spent a month in Bermuda, the Philip Dickinsons have divided their time between Florida and Egypt with occasional dashes back to the frozen north to see their dogs and the Pierre Desautels have been down in Peru. Mr. Dickinson reports that rabbits have been secured for field trials later on and his manager, J. P. Schilling, has been doing wonders in training his dogs. A friend who visited the kennel recently told me that it is very amusing to see the dogs answer a special whistle which calls them in or out of their runs.

The Fix family and dogs will remain at this address for some little time yet—we hope until our own house is ready. It will be at the Cloverleaf on the middle road at Port Credit. Dachshund owners will appreciate the humour of our preliminary struggles with the architect. When he heard our requirement that the kennel be built into the house, he was startled, not to say dismayed. He should get to know the dachshund fraternity a little better and would learn that a very large number of people have made their plans around their dachshunds. Just lately I talked to J. R. Walker of Seaforth on the subject and upon enquiring as to what provision he was making for his rapidly increasing family of dogs, he said "Well, I bought a little cottage and had it moved to my own property so that the dogs have good sleeping quarters and a nice living room to play in on bad days." Paul Keller built a rose garden with lawn for his little "r'rieda" last summer and is building a house for her and her family at Rouge River this year. We all know

the lovely kennels of Mr. Dickinson at Port Burwell, Charlie Schaefer's handsome kennels at Gowanstown and Mrs. Hanson's well-equipped Cooksville establishment. So far no one has touched the record of a California woman I heard of recently. She built a gorgeous house, furnished it luxuriously and her lavishness set every interior decorator on her trail. All was well until she arrived at the point of settling upon the rugs for her palace-like dwelling. To the horror of all and sundry she very definitely turned down all the hopeful oriental rug salesmen and ordered battleship linoleum for every downstairs room.

Mrs. June Symons of Waterdown paid me a visit and showed me two very handsome looking pups. Mr. and Mrs. Leslie Cameron of Whonnock, B.C., recent members of the Dachshund Club, are planning to come East in the early summer. They hope to go to Morris & Essex and later visit most of our Ontario kennels. They will receive a warm welcome. Mrs. Oscar Phillipowsky has resumed dachshund breeding and her fellow breeders in British Columbia are delighted that she is to be with them again.

MRS. A. FIX,  
30 Lakeshore Rd.,  
Humber Bay, Ont.

### DOBERMANS

Our breed cannot fail to obtain valuable publicity from the fact that the 1938 Seiger at Cologne was crowned King of American dogdom for the current year at Westminster. There have been many stories told about "Ferry V. Rauhfelden" being owned by a barber, and being a house dog and all that sort of thing but the records show that this magnificent son of "Troll v. Engelsburg" and his litter sister, "Freya v. Rauhfelden" had the distinction of Reichssieger and Reichssiegerin respectively for the year 1938 and it has been written that about one half of all the dogs and bitches at the Seiger show were the progeny of the great "Troll", Germany's outstanding stud dog of 1935-1937 when he was sold to a Chicago owner.

Since 1907 when Westminster first featured a Best in Show spectacle no Doberman ever reached the coveted final spotlight and so I say our breed is going to take on a new and greater importance and that desirable stimulation of breed interest is going to be noticeable in growing measure every day from now on.

"Schoenas of Navigator", owned by Mr. and Mrs. George A. Taylor of Ottawa, went Reserve Bitches at Detroit, and a recent wire advises she was First Open, Winners and Best of Winners at Flint, and First Open, Winners and Best of Winners at Port Huron. "Schoenas" is not yet two years old and is by the late Ch. "Navigator of Pontchartrain", out of "Navigator's Girl". "Navigator" completed his championship at fourteen months and was one of the first Dobes to go Best in Show in Canada. Through injuries he was retired from the ring at three and a half years old. The Taylors have a nice litter out of "Schoenas", three male and four females, all black except one beautiful red, sired by Ch. "Kurt v.d. Rindperle Rhinegold". "Lone Gold", also

Hamilton, Ont.

### GERMAN SHEPHERD DOGS

It is with sincere regret that we advise the readers of breed editor Ted Weller's notes on the German Shepherd, that he has been quite considerably under the weather recently and this was responsible for the non-appearance of Ted's column in our last issue. Mr. Weller is far from being out of the woods yet, but he sends along the following items for his readers:

When visiting the Kennel of Ed. Kent recently I noticed five husky puppies of much promise from a double "Utx" breeding. These youngsters are by "Thor of Bismarck", the Best of Breed Shepherd at the last Canadian National Exhibition dog show.

The show season is at our doors again for another year and it behooves us as interested fanciers to get busy the balanced diet and the exercise—and to keep on being busy with brush, comb and glove, not forgetting plenty of the latter. Let us get as many shepherds benched as possible because the general public are again taking to their hearts, the breed we are proud to sponsor.

Paul Steglich, of Niagara Falls, N.Y., paid "Briardale" a visit recently

and he had with him his very distinctive dog "Arno", a low set dog of real ne-dog type. Paul has promised to consider showing "Arno" at our Canadian shows.

The new President of the German Shepherd Dog Club of Canada had a flutter at the heart when his charge, the very impressive "Seigerin Traute von Bern", was given the Best of Breed ribbons at Niagara Falls and at Buffalo. "Sandy" won't admit it, but close observers say that his smile lost its continuance and became more or less intermittent.

I am happy to report that Canadian Field Trial champion "Northmere Indian Chief", property of C. W. Radford, Toronto, appeared at the Southern Tier Kennel Association Show at Elmira, N.Y., and gave three performances to a large and enthusiastic attendance of the general public. Mr. Radford demonstrated satisfactorily the great intelligence of the German Shepherd as a breed and particularly so when properly trained. Mr. Radford is training "Sonja of Briardale" from my own Kennel and it will be a happy day for the Weller's when we set out to see "Sonja" make her debut at the Trials. It is conceded that Toronto is fortunate in having a methodical trainer like Mr. Radford at the disposal of those who are really interested in trained Shepherds.

And I reiterate, that the only way that shepherd breeders are going to maintain their place in the sun is by consistently having our dogs before the public on the show benches and on the trial field.

Don't leave the writing of this column entirely to me, it is your own column as much as mine, but in order to make it the feature column of Kennel and Bench we must come closer together, you and I, and that should be an all-round pleasure.

H. S. WELLER,  
540 Kingston Rd.,  
Toronto, Ont.

### SCOTTISH TERRIERS!

This year's draft of Scottish terriers at Westminster was, on the whole, and with few exceptions, a disappointing lot. Shyness was much in evidence, as was lack of quality. "Heather Select", the chosen breed representative to the Terrier Group, was beautifully put down and was a treat for the ringsiders to look at. The bitches, to my mind, lacked the quality that one associates with femininity, and in many cases they could not be told from the dogs. The judge, Robert D. Hartshorne, left nothing to be desired in the judicial role, although he had a hard day's work judging about 100 dogs in a dozen classes. It was conceded that the open bitch class was well worth watching and was won by John Goudie's "Cedar Pond Coronation", with Dr. F. H. Secretan's "Susan of Agbrigg" in close attendance. It seems to be something of a coincidence that "Coronation" and "Susan" should have both been sired by "Walsing" sires, the former by Ch. "Walsing Wagtail" and the latter by "Walsing Waiter" which might account for the Chapman's choice in buying "Walsing Wellborn" ("Heather Benefactor"), and "Walsing Warrant"), the Crufts championship certificate winner.

A. W. Keith, a well known western fancier at present resident in Toronto, has acquired a smart puppy in "Aberdeen's Caesar", and a fancier at Kingsport, Tenn., is waiting for a bitch puppy out of "Susan of Agbrigg's" next litter. "Susan" will be bred to "Desril Rock" in due course which dog has had a splendid show career before coming to Canada.

The writer has been under the weather and hence the lack of Scottie notes in the March issue, however, I will be looking forward to meeting the Scottie fraternity at the spring shows.

DR. F. H. SECRETAN,  
45 Richmond St. W.,  
Toronto.

### COCKER SPANIELS

Speaking of Cockers, at Oakland, California, the black cocker "Sonojo", owned by Mrs. Mary Pickford, West Burnaby, New Westminster, B.C., certainly went to town. He won first in Open, Winners, Best of Winners and Best Solid Color. There were 79 cockers benched, so you see, when I told "Kennel and Bench" readers through these columns that this was an outstanding cocker, I was not very far wrong. Congratulations to the owner who is also the breeder of this dog, and may he go on farther and add to his now four points towards his American Kennel Club championship. He is a producer too, already a number of his get have distinguished themselves. This dog was advertised at Stud in the last edition of this magazine.

I had a look at Mrs. Morrison's new cocker pup recently purchased from Dr. Fraser Greig of "Binscarth" fame. This pup is only six months old, and should make a name for himself. He has a lovely ear placement, good dark eye, well up on the leg, and a nice cobby body, in fact, a very typical fellow and one that will make them all realize that there is some competition ahead.

Greater Winnipeg Kennel Club,

### NORWEGIAN ELKHOUNDS

FLING OF THE HOLM  
(Ch. Mirkel of the Hollow ex. Ch. Ula)

A chance to secure a good puppy of this remarkable breed for show or companion. I have a litter of well developed, hardy puppies, 3 mo. old, both sexes, imported in dam from England. Sired by a well known dog of the Fourwinds strain. Dam from the famous "of the Hollow" kennels. Reasonably priced.

Also two bitches, 9 mo. old, sired by the stud dog illustrated.

Correspondence and visitors welcome

MISS ROSALIE SLADEN

Grey Dawn Kennels

Woodroffe - Ottawa - Ontario

with which is affiliated the All Terrier Club of Canada, held their show under Canadian Kennel Club rules, on February 17th and 18th, in the Hudson's Bay store, Winnipeg, in aid of the Children's Hospital of Winnipeg with the St. Agnes Guild. Alf. Loveridge, Toronto, judged all breeds at this fixture. The cocker spaniel, "Live Oak Spring Storm", handled by George Kynoch, won premier honors. In the parti-color "Sally of Isla", owned by R. Simpson, won Winners, and Best of Winners. "Tokalon Shirley", owned by N. J. Dinnen, won 1st Limit, 1st Open, and Reserve Winners. "Freckles of Riverview" won Winners Male, after winning 1st Jr. Puppy, 1st Novice, 1st Canadian-bred, 1st Limit and 1st Open. This is the

### English Setters FOR SALE

Dual purpose. One beautiful Blue Belton dog year and a half old, been shot over. One Orange Belton bitch four years old—grand brood bitch. One Orange Belton and one Blue Belton female puppy four months. Beautiful prospects for show or field purposes. These dogs are finest breeding obtainable—eight champions in three generations, four of which are International Champions. Prices reasonable.

DR. T. I. ROBB

408 Broder Building,  
Regina, Sask., Can.

pup I referred to in my last notes. I notice that the old cocker fan, Frank Forth, is right up and at it, and may it be thus for many years; he always had some good ones. I was pleased indeed to notice Ernest O. Whiteside among the exhibitors. He is a real cocker fan, and knows how to develop the utility side of the cocker. I was also pleased to note there were almost double the entries of cockers, than any other breed and this condition will continue to exist, just as long as there are sports around as good as Dinnen, Taylor, Mrs. P. Hull, Gorth, Hamilton, Pettigrew, Fitchett, Saidman, Mrs. Longman, Wadsholt, Simpson, Gostick, Waldren, Nixon, Mrs. Leach, Kynoch, Miss Zetterstrand, Ringer, Goff, and all the others who made this show such a success. Mrs. D. McKay made them step with her "Sunnybrook Nicholas".

George W. Climo, President of the Alberta Kennel Club, had the misfortune to lose two young cocker males that had everything in the way of championship calibre. I know it was this breeder's intention to show this pair next February at Madison Square Garden. I am very glad he still has the sire and dam, and I trust he will be able to again produce just as promising a pair.

### AND OTHER SPORTING DOGS

I am very glad indeed that "Kennel and Bench" is devoting some attention, and giving some space to Gun Dogs, and I sincerely trust Gun Dog lovers will get right busy, and let the rest of the world know just what is going on in their locality. Years ago, the late Tom Johnson, of Winnipeg, used to make them all sit up and take notice that Canada had worthwhile Gun Dogs, then in later years our friend, E. Chevrier, of Winnipeg, brought them all to their toes with his springer activities, and he has continued to hold the fort even to the present day. His dogs get practical work on his own shooting grounds, under professional supervision. Then his right hand bower struck out for himself, and today another expert shooting dog trainer, George Kynoch, has a training camp second to none. He is also located at Winnipeg, and he too specializes in Springers, and their training.

Mr. Ross, K.C., and Dr. Robb, are Saskatchewan's outstanding field trial enthusiasts. The latter has a kennel of English setters that made history for Saskatchewan. Each of these gentlemen—and they are busy professional men—take time off to attend field trials. Calgary has a bevy of dog trainers, and handlers, and judges. Our own Jack Miller has officiated at many of the large classics, and his services are in great demand; then we have Joe Rudolph, a real setter man, a judge of field trials, whose services are also in demand. Charlie Webster, also of Calgary, has a way of getting his contenders right in the limelight, and has accounted for many wins, in the puppy, derby and all-age stake. Bob Arthur of Strathmore, another trainer devotes all his spare time to fitting his own and many other peoples dogs, and he too has accounted for many wins. W. A. Thompson of Cowichan Kennels, Red Deer, devotes all his time to the training of Gun Dogs. He has Setters, Retrievers, Labradors and takes in dogs for training. I would like to see him follow up

the field trials. L. Campbell, of Calgary, takes great delight in training for the big trials, and he knows the game from start to finish and can always be relied upon to turn out a finished product. They are the acme of perfection when he says they are finished. He rather specializes in Setters and Pointers, and can really teach his dogs range, speed and staunchness.

Vancouver has her W. H. Pym, who can handle any assignment be it on the bench or at Field Trials. Any show or field trial can count itself lucky if they are fortunate enough to obtain his services, for his judgment is always rendered fearlessly. Billy Oates and Tom Murray also from Vancouver, are real field trial sports, and both have handled very acceptably major appointments. Perhaps the most outstanding man in the realm of Gun dog history is Frank Topp Turner of Victoria, B.C. He is the same to B.C. as Allan Poyntz Patrick is to the middle West; both breeders of Gun dogs in the early days. Mr. Patrick is past ninety years, and can even today outwalk, and outstride most of the younger fry.

My purpose in writing this article is to get some of the above named to use the columns of Kennel and Bench to tell of their own and other activities in their neighbourhood, and more especially to make use of the machinery and facilities now provided by the Canadian Kennel Club for operating field trials, and for acknowledging their wins at licensed trials under the supervision of the C.K.C. and also that they register their dogs with the Canadian National Live Stock Records at Ottawa.

Let us use the facilities that are available to us. We all know or at least we should know that The Canadian Kennel Club has a set of rules formulated for trials and they have been instrumental in having the Records opened up to receive registrations from the Field Trial Stud Book, and other authentic records, but very few Canadian Field Trial men have registered their stock in our Canadian Records, according to the last Stud Book.

There are literally hundreds of dogs brought into Saskatchewan and Alberta every Summer for their early training, and it means a lot of money brought into these provinces. We hope more come every year. It certainly gives us a close up view and a conception of just how the most outstanding dogs in the world are trained and handled. America's biggest timber are there, and it tends to make us the more anxious to improve our technique, in handling, and training, and shows us just what is required in speed, range, and style. There are field trial men and dogs from Halifax to Vancouver; some train in the cover and some in the broad open spaces. Some prefer the close ranging shooting dog, and some like them high, wide, and up and at it, so write the Editor and tell him all about it. If this article ever gets by the Editor's waste paper basket. I hope it will be the means of getting some expression from the Gun Dog people.

H. P. SAUNDERS,  
1010 Fourth Ave. N.W.,  
Calgary, Alta.

(Editor's Note)—Thank you, Mr. Saunders, verily the day of the Gun Dog has arrived.

## Apology

I Hereby Tender My Apologies to

LONDON, ONT.

### BENCH AND FIELD DOGS

There's really life in the old gun dogs yet. When I first started to write this column, I had my doubts—but not any more. The response has been grand, especially from those who believe, as I do, in the dual-purpose gun dog.

This started off to be a setter and pointer department but it begins to look as though it will have to take in springers, cockers, and retrievers. The fanciers of those breeds refuse to allow anyone to write a GUN DOG column without including them. More power to them.

Highlights of the month from this viewpoint were: The spring meeting of the Ontario Gun Dog Association in Hamilton, in which a measure of real co-operation was achieved be-

tween the bench show crowd and the field trial fellows in the setter and pointer game.

A visit by the writer to the Dunoon Kennels of 'Andy' Dunn to watch both cockers and springers retrieving game.

A letter from a female fancier of English setters in Quebec who is making real workers out of bench show stock.

Correspondence from various sources which seems to prove that the American Kennel Club standard is right, and the writer is wrong, on the question of "daylight" under a pointer.

THE ONTARIO BIRD DOG MEETING arranged for one-day trials at Niagara-on-the-Lake (write Col. Singer there for information) on April 16th—the Sunday following the Ham-

ilton Show. The trials this year will feature a startling innovation, an Untrained Gun Dog stake with a prize to be awarded by the Colonel. This is important news. It marks a definite concession on the part of the field trial boys to us bench show people. They want our dogs there to show their natural instinct. They will be judged strictly on how much of their natural bird finding ability that they show—not on training. This means that strictly show dogs will get a crack at field work in competition with other show dogs. They will be judged on willingness to range and look for game, workmanlike gait, ability to spot likely cover, etc. Dogs will not be faulted for flushing, and none will be expected to remain steady at point. The Setter and Pointer Club of Canada, a bench show club, is guaranteeing the Association at least a dozen entries. The writer will be glad to provide details later.

The question of co-operation between the Canadian Kennel Club and the various Field Trial groups was discussed and left over to be reported on by a special committee. There are several points still to be cleared up in this connection, but from conversations with both sides, the writer is confident that the time is coming when there will cease to be two opposing camps in the gun dog game.

A surprising feature of the meeting was the readiness with which the gun dog lads admitted that their dogs were just as much off 'true type' as the show dogs were off 'field standards'. With both sides admitting that there is room for improvement, it should be an easy matter for us all to agree just what a gun-dog really is—in both looks and capabilities. Hats off to the Ontario Gun Dog Association for taking the first practical step towards the day of Dual-Purpose Setters and Pointers.

AT THE DUNOON KENNELS there is daily activity that should warm the heart of any man who likes a gun dog, no matter what his breed. 'Andy' Dunn, as everybody knows, breeds springers that can win top honors anywhere on the continent. He is an out-and-out believer in the bench shows, but he is also an ardent believer in field work. What a pleasure it was to see cockers mad to get out into the field to go to work! We went out with Mr. Coulthard, the trainer from the Old Country who makes his headquarters at the Dunoon Kennels, and got the thrill of the month seeing those little fellows wait (rock steady) for the command to bring in the game. And then to see them go!!! What a sight!!! The springers, too, are all workers out there. The Dunoon boys have both English and North American types in both breeds, and while the imported field trial dogs have not the stylishness of the bench stock, they are still much closer to type than the field trial English setters in these parts. Snipey heads (a regrettable fault, because completely unnecessary) seems to be the worst heritage of all the field trial gun dogs.

WE SAW AND HANDLED A LOT OF DOGS AT DUNOON and heard plenty of spaniel news. Here is the substance of the siftings . . . Saw a 5½ month old springer puppy from Int. Ch. "Rufon Recorder of Green Valley Farms", Devon, Pa. Never saw

a better gun dog of that age in our life. If this one keeps coming, even at average pace, you can look for a champion before the puppy stage is over. . . Mrs. Forbes Ross of Pickering cocker fame is going into the springer game with the purchase of the bitch, CH. "Dunoon Floradora". . . John Ritchie, of Ottawa, has sold the bitch, "Green Valley Royal", to W. P. Gudgeon. She will be bred to INT. CH. "Whitelight". . . The Springer bitch, "Dunoon Heatherbloom" ('Andy' must sit up nights thinking of picturesque names) is now owned by G. L. Boone of Toronto. The sire is "River Park Shot" and the dam is CH. "Nodol Queen" ex INT. CH. "Dunoon Donald Dhu". She has the makings of a flyer. . . Another to watch is "Dunoon Cinderella" who has "Donald Dhu", and "Rufon Recorder" (see above) and INT. CH. "Follow Thro of Solway" in her pedigree. The latter was Best of breed at Crufts with 271 entries. "Donald" took the same honor at Westminster (116 entries), and "Recorder" has been sire of the Westminster winner four times. Some stuff in that springer. Owners are the Misses Joyce and Isabella Knox. . .

MY QUEBEC CORRESPONDENT is Mrs. Joan Detmold of St. Therese, Que. She sends along a photo of a gender-looking English setter puppy who at 5½ months old looks as finished as an adult dog. "A promising 5½ months old Dual-Purpose puppy" she calls it. "Your article in Kennel and Bench re show type gun-trained setters has been of great interest to me, as for years I have been working with that object in view, and have found so few people to agree with me. At present I have only a few English setters. . . My imported female "Melody of Harperley" started her training last year and worked well during the fall. Both her sire and her dam were excellent workers and winners in England. "Melody" has four points towards her championship. Then I have a home-bred dog which my husband uses for shooting over all the time. He is a good bird finder and a splendid retriever. At his only show, Ladies Kennel Club of Montreal in 1937, he

won 1st novice in a class of five, and went reserve winners to "Drumgannon Diamond". . . I was greatly interested in Mr. McKinnon's letter to you, as we hope before long to add English cockers to the kennel and they will certainly be of the show and working type."

Bravo, Mrs. Detmold and thanks for the photographs. Your letter is another bit of proof that the gun dog still exists as a worker in actuality and also in the minds of many of the fancy here in Canada. Please write again.

THE POINTER QUESTION is still causing plenty of argument. I have a letter from a well-known breeder who asks that his name be withheld. He is definitely against the leggy pointer and offers numerous arguments (too detailed to publish yet) to support his contention. You may remember that Mrs. Hartley Dodge started the discussion with the remark accompanying a photo of "Nancolth Marquis", that most of the show pointers to-day "had too much daylight under them." The question is still open. Let's hear some more opinions.

John Ritchie, of Ottawa, has just imported the Labrador, "Lockar's Benjamin", winner at Crufts. He has just received his field trial certificate to allow him to the CH. title. Mr. Ritchie says he's a "knock-out for looks and go". . . What about the other retrievers? . . . I had an inquiry the other day for a Chesapeake, and it seems to me the Irish water spaniel should be more fancied here than he is. . . This space is open for news. . .

Dr. Samuel Millbank, the genial Vice-President of Westminster Kennel Club, went to bat the other day on behalf of the springer spaniel as a field dog. Says the worthy doctor in the New York Herald Tribune, for March 19th:

"Pheasant, grouse, woodcock and rabbit seem to be the game prevailing in this part of the country, and for them the English springer spaniel is the ideal shooting dog. Easy to train and handle, with a love for hunting in his blood handed down through the years, he has many outstanding qualifications for the sportsman who wants a companionable dog. He has a marvelous nose and ability to cover ground for game finding, questing closely. He has courage to face any cover, is splendid in the water and a great marker and retriever. He is quiet in his work and never quarrelsome. He is healthy, sturdy, with a coat made to withstand almost anything, and, above all, is an affectionate, fearless pal. That is why I consider the springer spaniel a great breed."

As "Kennel and Bench" goes to press we receive the tragic news of the death of Mrs. N. Singer, wife of Col. W. H. Singer, Mayor of Niagara-on-the-Lake and honoured president of the Ontario Bird Dog Association. It would appear that Mrs. Singer's car left the pavement between Niagara-on-the-Lake and Queenston and struck a soft shoulder, careened into the ditch, a tree was encountered and that was the end. On behalf of "Kennel and Bench" readers we extend to Col. Singer and his family our sincere sympathy at this sad time.

## DOG WRITER'S CHOICE

C. E. HARBISON

A man who lives his life largely in the interests of dogs and dog owners

The genial manager of the International Kennel Club of Chicago, C. E. Harbison, who is well known to National Kennel Club supporters in Canada, will be presented with a bronze plaque in the ring at Chicago, at some convenient hour on the 2nd day. This plaque is representative of the unanimous opinion of the Dog Writers' Association that Mr. Harbison contributed the largest measure of effort in the interests of American dogdom during 1938. Capt. Will Judy, of the "Dog World", Chicago, past president of the Dog Writers' Association, will make the presentation. Mr. Harbison is noted for his very excellent book, "Our Dogs", written in the interests of dogs' welfare. He is a pioneer in the field of training dogs for obedience, a feature, which has become "big business" at all the important dog shows held in the United States.

There could be no more deserving recipient of the Dog Writers' favor than this unassuming, big hearted friend of every dog show adherent and the Dog Writers have done themselves proud in honouring their—apparently—perpetual Secretary. Congratulations "Herbie" lad.

When we furnished the "highlights" of the International Kennel Club of Chicago in our last issue, we kept back the choicest portions for our April readers. Our Second Vice-President, W. H. Pym, will judge the heavy end of the Sporting Section of the classification, the Hound Group and the Brace and Team Groups in the Sporting (Hounds) and Non-Sporting Division. Mr. Walter H. Reeves has been honoured by being selected to choose from the six group representations, that one which shall be known as the Best in Show.

We understand that a representative group of Ontario fanciers are making their arrangements to take in the "windy city" en masse.

## BOOKS RECEIVED

*\*The Doberman Pinscher*—History and development of the breed by Philip Grueing, profound student of the breed, scientific breeder, upright and meticulous judge. The book has been translated by Maximilian von Hoegen and was published by Orange Judd Publishing Co., Inc., New York, and has been copyrighted by F. F. N. Fleitman and Howard K. Mohr. There has only been one other book written on, or near the same pretentious scale, in the writer's opinion, and that was Capt. von Stephanitz' "German Shepherd Dog in Word and Picture".

So up-to-the-minute is Philip Grueing's new book that we find on its last page, that Giralda Farms is offering "Ferry von Rauhfelden", the Westminster winner, at stud to approved bitches.

The three hundred and ten pages weigh two and one quarter pounds and not one single word has been wasted in the whole volume and whilst the book has a specific claim on persons who favor the Doberman Pinscher, it also has a very particular appeal to scientific breeders everywhere. This is not a book to be read and discarded, rather it is a veritable gold mine of knowledge that will consistently claim any serious reader's attention.

*The Doberman Pinscher* sells at \$3.50 and should be ordered from the publishers direct.

\* \* \* \* \*

*\*Bat, The Story of a Bull Terrier*—When author Stephen W. Meader tells his story of "Bat", he is quite at home with his readers who know the dog show game from A to Z and in that respect his latest book is as refreshing as it is interesting. Here is a writer who speaks the same language and uses the same terms as modern dog fanciers do, for instance: "McGill rubbed a smooth block of chalk lightly over Bat's coat, with a towel he wiped away the surplus and looked critically at his work. 'Ye'll do, boy, 'I might have put the clippers on, around the tail there, but ye're no so bad.'"

Dog lovers who really do appreciate good fiction will revel in "Bat", and go with him in his ups and downs, from the "top" at Westminster, to the depths of slumland where dog thieves fought him with adversaries to the point where he could scarcely stand up on his legs, a literary treat for discriminating readers of canine lore.

*\*Bat, The Story of a Bull Terrier*, may be secured from the publishers, Harcourt, Brace & Company, 383 Madison Ave., New York City. Price \$2.00.

## THE COMPLETE DOG BOOK

"The Complete Dog Book" is the title given to the most recent publication of the American Kennel Club, this book supersedes the well known book "Pure-Bred Dogs" which had been published in one volume embracing all breeds, and also in Group Sections. Pure-Bred Dogs was primarily a book of standards and was considered as being essential to all judges, amateur and professional alike, and truly these books were greatly appreciated by all those having need for them, but the new book "The Complete Dog Book" not only reaches out, and covers the whole of the breed standards with explanatory illustrations, it gives its first 78 pages over to 'The care, handling, and feeding of dogs' by Edwin Reginald Blamey, M.R.C.V.S. This section covers "Selecting a Dog" "Diseases and Common Ills of Dogs"; "Housing and Kenneling"; "Principles of breeding"; "Exercise"; "Distemper"; and "Rabies".

The book is the last word on recognized breeds, it has 800 pages. With over 100 illustrations, it comes from the "Halcyon House", and is one of the famous "Blue Ribbon" line. The price is the most attractive consideration, and in the writer's judgment "The Complete Dog Book" is the most economical offering in books in recent years, and can be sent out post-paid for \$2.19, and copies may be ordered through Kennel and Bench office.

## WINNING BOSTONS

Mrs. Martha Stevens, Toronto, the active member—as far as following the dog shows is concerned—of the Stevens and Richardson partnership takes time out to advise us that the attractive Boston Terrier "Prince of Ringmaster" was the winners dog at Buffalo. Reserve Winners at Elmira and at Rochester. That "Steven's Kid Gloves" was winners at Detroit. Best of Winners, Best of Breed and 2nd in Non-Sporting Group at Port Huron, and at this latter show "Flash Again Regards" won the Winners ribbon for dogs, and our Boston fanciers must agree that this is consistent winning on any circuit.

### ST. PATRICK'S DAY

There is one man that we know of that will be ready to celebrate "the seventeenth of 'owld Ireland", and that man is Samuel Ruddell, Toronto, who has been experiencing the joys of consistent winning by his Irish Terrier Ch. "Martin's Irish Brian" (C.K.C. 142814), a son of "Newtownard's Brian Boru", out of "Irish Queen", a daughter of Ch. "Clover Patch Red Particular". This smart young dog having conquered the Canadian shows in 1938 in rather consistent fashion, and completing his championship, was sent out into the larger field of competition to be found in the United States.

At the Associated Terrier Club specialty show held in New York the Sunday before Westminster opened Sam's "high falutin" terrier won 2nd open and he repeated the performance at the Garden. Down to the Eastern Dog Club show at Boston "Irish Brian" won 1st open. At Niagara Falls 1st, open and winners. This win he bettered at Buffalo when he won best of winners for good measure. Rochester too, at the end of the month, treated the Toronto owned "Mick" very kindly and if that run of "cross the border" wins don't call for "two fingers" on St. Patrick's Day, the "Irishers" are not what they are cracked up to be.

### A FLATTERING ENTRY

Our Director Mrs. E. Brown, Toronto, had another nice compliment paid to her, on March 4th and 5th, at the 24th Annual Dog Show of the Detroit Kennel Club, when the Schipperke breeders built her up a very flattering entry of 38 dogs, and so making Schipperkes, as a breed, one of the features of the Show. There may have been larger entries than 38, but we have no record of the same, and so we unhesitatingly pay our tribute to the owner of the "O'the North" prefix, who gave a good account of her judging ability at Detroit.

### A PUPPY APPEAL

Isn't there a puppy appeal here that is equally as haunting as the "Quints"? From left to right there are six separate little suggestions from six saucy little Cocker Spaniels, and each one seems to say "I'm the pup for you". Whilst number seven seems to say "I wouldn't be mixed up with those six solicitors, but it you know a good cocker pup when you see one—how about me?"

This lovely study represents a litter of Cockers with a rather remarkable background. The sire is "Nobel Nippy's Nipper", bred by Sir Meyrick Hollins, Scotland, and the dam is "Barney's Baby of Ware", bred by W. D. Allan, England, and besides being beautiful, these puppies should

also be serviceable as utility dogs as both sire and dam are from Field and Bench champions.

The owner, F. E. B. Gourlay, Port Credit, Ont., has the youngsters at the Dunoon Kennels for training, and all being well they will have their several opportunities to demonstrate their ability to garner field honors here and in the United States. "Nobel Nippy's Nipper" is a field winner himself, and has sired such noted Cockers as "Carramore Avril", "Rivington Flash" and "Simon of Corron", all well-known winners whose achievements on the field have been brilliant.

We will watch the progress of these little rascals with interest.

### NEWFOUNDLAND NOTES

D. R. Oliver, Shelton Kennels, St. Mary's, Ont., is feeling quite proud of his near champion "Coast Guard of Laurel Brae", who is giving freely of his own type and character to his offspring. In six starts this Newfoundland has taken the winners ribbon and in four he has been best of breed.

Norman Gilchrist, Toronto, is waiting for the Toronto Kennel Club spring show in order to introduce his two year old "Shelton Baron 3rd" for the inspection of breed lovers. This handsome lad is 160 pounds and is ready to go to town when he gets the chance. Mr. Gilchrist is getting a kennel of Newfoundlands together and has recently secured two typical bitches from the Shelton Kennels, St. Mary's, Ont. One is "Shelton Mer-

maid Princess", a three year old bitch by Ch. "Baron" (imp.) ex a daughter of Ch. "Waseeka's Sea King", the other is "Shelton Mermaid Bonnie", a six months old female by "Laurel Brae's Coast Guard" ex "Shelton Mermaid Nora".

Mr. Oliver's "Shelton Sea Queen" has taken time out from the show ring and has taken to the nursery. Here she set her own record by producing a litter of seven males and eight females.

From Islington comes a word from E. Emmett, who says his chief concern at the moment is seven scamps by Ch. "Shelton Sea Diver" ex Ch. "Waseeka's Sea Nymph".

MRS. MERCEDES GIBSON,  
Carlington, Ottawa, Ont.

## SCOTTISH DEERHOUNDS

Two Canadian Deerhound owners sent their dogs on circuit in United States during February and a gratifying success greeted their venture.

The "Best of Breed" winner at the Royal Winter Fair in November, Mrs. Campbell Meyers' "Gael", a Canadian bred dog, won "Best of Breed" at Westminster, beating Mrs. Dupont Scott's fine imported dog.

"Gael" then went on to Boston, winning the "Limit Class" and a sterling silver trophy and being placed "Reserve Winner" to the dog that won "Best of Breed". Mr. J. J. McFadden's "Jacobite Pride" was also shown and won "Open Bitches" at Boston.

A great deal of credit should go to their owners for their initiative in sending the dogs on the American circuit. It was deeply appreciated by the American breeders and at the annual meeting of the Scottish Deerhound Club of America in Boston plans were made for even closer co-operation between Canadian and American breeders and the members of the Club agreed to show actively at a Spring show to be selected and at the Westchester Show at Rye, New York, in September.

## SURE-I USED TO CHASE CARS!

I had the habit—till the Boss read Sergeant's DOG BOOK and learned how to stop me. And lots more—all about foods and medicines for me! All about training, and breaking bad habits.

Now I can take cars or leave 'em alone! That DOG BOOK'S got something. Get it FREE at drug and pet stores. (Or write Sergeant's, 179 Dufferin St., Toronto, Ontario.)

**Sergeant's**  
DOG MEDICINES

## CHAMPION SPRINGER SOLD

The comely springer spaniel dog, Ch. "Trent Valley Silvertorch", bred by Herbert S. Routley, Peterborough, Ont., and campaigned to championship honors in Canada by W. P. Gudgeon, Hamilton, Ont., has left this country and in future his new address will be c/o Thos. J. Harkins, St. Paul, Minn., U.S.A. "Trent Valley Silvertorch" is a real show specimen and in his last three starts in Canada he was best of breed three times and at Guelph last year he won the sporting group. He is a dog rich in breed type and character and as he is just coming on two years old his chances for international honors look very bright indeed.

## Important Notice to Show Giving Clubs

It is imperative that all show giving clubs proposing to hold dog shows under the rules of The Canadian Kennel Club, Inc., will have their judges approved of before such judges are advertised as adjudicators through any media.

Always Have Your Judges  
Approved of by the Board  
of Directors.

## Now GAINES Gives You

### THE GREAT INGREDIENT

Nature's Own Shield Against Infection

In addition to its many body building and conditioning ingredients, Gaines now gives your dog

### CAROTENE

Derived from the coloring matter of grasses and vegetables, Carotene has unusual prophylactic properties. By strengthening the mucous membranes of the nose, mouth and throat, it increases your dog's resistance to disease germs.

Many authorities have gone on record saying that, from a nutritional standpoint, Carotene is more important than cod liver oil. Yet Gaines Food feeders pay nothing for it.

the  
dog  
that

**SPRATT'S**  
built . . .

**SPRATT'S**

Directly the litter was born, his mother was wisely fed on Spratt's Puppilac (full-cream milk in powder form) thus helping her to stand the strain of the suckling period. As weaning time approached Puppilac was given to him direct and he found it quite as tasty and nourishing as his mother's own milk.

**SPRATT'S**

When the time arrived to make that big step over to solid food SPRATT'S WEETMEET No. 1 was introduced into his diet. This kibbled biscuit meal "builds up" bone and muscle and, at the same time, educates the pup to the benefits and enjoyment of a "hard tack" diet, so important later in life.

SPRATT'S PATENT LTD.  
58 MARK LANE  
LONDON, E.C. 3  
ENGLAND

**SPRATT'S**

Though his puppyhood is now only a pleasant memory, he continues to enjoy regular meals chosen from SPRATT'S BISCUIT DOG FOODS, the diet that keeps dogs well and full of vigorous health.
