We will accept advertisements under this heading at the rate of 5 cents per word or letter for each insertion, prepaid; 4 cents per word or letter for three or more insertions, prepaid.

Remittance must accompany the advertisement.

### IMPORTANT

In writing your advertisements or other articles for publication in *Kennel and Bench*, do not abbreviate or omit words. Write all names plainly and correctly.

Club Secretaries are requested to notify us of appointments and dates for all shows to be held by them. All items of interest, such as meetings of all breed or specialty clubs, will be welcomed and given due publicity. In short, we want this paper to be of every assistance to the fancy in as wide a sphere as possible. All matter intended for publication should be written on one side of the paper only, and must be accompanied by the writer's name and address, not necessarily for publication, but as a private guarantee.

Closing dates for reading matter, 20th; for advertising, 22nd preceding.

The regular monthly meeting of the Board of Directors of The Canadian Kennel Club, Inc., will be held in the Club's Board Room, 25 Melinda Street, Toronto, on Thursday afternoon, May 18th, 1939, at 3.30 p.m.

# The Canadian Kennel Club, Inc.

## Meeting of the Board of Directors, April 20th, 1939

The regular monthly meeting of the Board of Directors of The Canadian Kennel Club, Inc., was held in the Board Room of the Club's Offices, 25 Melinda Street, Toronto, on Thursday afternoon, April 20th, 1939, at 3.30 p.m. The President, Reg. G. Sparkes, presided. Directors present included Capt. H. Dudley-Waters, Mrs. E. Brown, Dr. H. E. Batt, B. W. Essery and W. McDerment.

The Secretary reported that Director W. J. Risewick would not be able to attend the meeting on account of illness.

It was regularly moved by Mrs. Brown, seconded by Dr. Batt, and carried:—

"That, the minutes be taken as read."

The President reported on his conference with the 2nd Vice-President, W. H. Pym at Chicago and with Departmental and Records Office officials at Ottawa.

After a general discussion it was regularly moved by Dr. Batt, seconded by Mrs. Brown and carried:—

"That, the report of the President on the conference at Chicago, be adopted."

It was then regularly moved by Mrs. Brown, seconded by Mr. Batt and carried:—

"That, the report of the President on the conference at Ottawa, be adopted."

The Secretary advised that he had received a letter from the Records Office concerning the motion passed at the March meeting of the Board of Directors authorizing the sending of all certificates of registration to the new owners. Mr. Hitchman's letter advised that authority only was required to forward certificates of registration to new owners on matters receiving the attention of the Registration Committee, the constitution providing for the sending of certificates of registration to new owners on the request of the individual making the transfer of ownership.

The President, reporting on behalf of Mr. Walkerdine, advised that the report on the matter of championship point rating would, with the help of the Provincial Directors, be ready for the attention of the Directors by September as arranged.

Mr. Essery reported progress on the preparation of a standard constitution for all new Show-giving Clubs.

The Secretary's action in permitting the Toronto Kennel Club to extend their classification to include classes for Scottish Deerhounds, was endorsed.

The Secretary presented for endorsement his action of permitting the Hamilton Kennel Club to bench hero dogs at their Show to be held on April 22nd. After considerable discussion when it was agreed that it is questionable whether it is beneficial to permit such exhibits, and it was agreed that in all cases where such exhibits, or where raffles for puppies, etc., are contemplated, sanction must be secured from the Directors of the Canadian Kennel Club. It was unanimously agreed that under no circumstances may dogs under six months of age be permitted in the show building. Notice to this effect was ordered published in Kennel and Bench quoting the applicable section in our Dog Show Rules, namely, sections 10 (a) and 10(c).

The Secretary read a letter from the Canadian National Exhibition who requested permission to have a professional

handler judge the Children's Classes at their Dog Show in September rather than have one of the officiating judges do so. After a thorough discussion of the subject it was agreed that the present rules governing Children's Classes be amended to provide for the judging of such Classes by a recognized professional handler rather than by one of the officiating judges.

The Secretary read letters from the Records Office and from the National Printers with regard to materials to carry out the two methods of identification known as nose printing and charting. The President demonstrated how the certificates of registration would be altered to provide for these two methods. The President advised that the chart system could not be used for solid colored dogs. He also advised that any breeder wishing to change his system of identification, must first formally advise the Records Office of such proposed change.

It was regularly moved by Mrs. Brown, seconded by Mr. McDerment and carried:—

"That, the methods of procedure necessary to the proper execution of the methods of identification known as nose printing and charting, be approved."

It was agreed that the securing of the materials necessary for the above methods be left in the hands of the Secretary.

The Secretary read a day letter from the Records Office concerning charges for registration of tattoo letters. After discussion it was agreed that inasmuch as the Constitution, as at present in force, stipulated a charge for this service, the Board had no power to alter the charges or to authorize the Records Office to make any alterations.

In introducing the matter of affiliation with the Canadian National Live Stock Records, the President referred to the Honorary Solicitor's letter of April 8th containing a suggested addition to the Articles of Affiliation to be known as section 20 providing for repeal or amendment of the Articles and withdrawal from the Canadian National Live Stock Records. The President also referred to a letter from Col. Bull, Chairman of the Live Stock Record Committee, who advised that he saw no particular objection to the new section 20, but he expressed his doubt as to how it would be looked upon by the Department of Agriculture, as any amendment is only effective upon its approval by the Minister of Agriculture and if an Association withdraws from the Live Stock Records, the Minister can take such appropriate action under the existing Act as will make it impossible for such an Association to continue recording and issuing pedigree certificates.

In accordance with the resolution passed at the Annual General Meeting, the President advised that the Articles of Affiliation must first be published in "Kennel and Bench", sixty days after which a referendum vote would be taken of the members in the same manner as the election of officers.

After further discussion it was regularly moved by Capt. Waters, seconded by Mr. McDerment and carried:—

"That, the Articles of Affiliation with the additional Clause 20 which were presented to and approved by this Board, be now submitted to the mem-

bers for their consideration."

The action of the Board is concurred in by the Provincial Directors. It was agreed that Clause 20, when published, would appear in BOLD type.

The following statements of General Accounts for March were presented for payment:—

Salaries—Canadian Kennel Club	\$715.00
Records Office Levy	475.00
Rent	75.00

August 26th—Nanaimo Kennel Club.

The following applications for Handler's licenses were considered:

A. H. Loveridge, Toronto, Ont.; Charles Palmer, East Long Meadow, Mass.; Hans. H. Sachers, Whippany, N.J.; Charles H. Davis, Elbridge, N.Y.; Alfred Graves, Highland Park, Ill.; J. N. Levine, Philadelphia, Pa.

It was regularly moved by Mrs. Brown, seconded by Capt. Waters and carried:—

"That, the applications be received and the licenses granted."

Judges for the following Shows were approved:—

Toronto Kennel Club, Inc.; Hamilton Kennel Club; Vancouver Island Dog Fanciers' Assoc'n.; Ladies' Kennel Club of Canada; Fort Garry Kennel Club; Bedford Kennel Club; Central Canada Exhibition.

## FOX TERRIERS

### BUY AN ELMCROFT (SMOOTH)

At the first three Canadian shows this season we have won five winners, and three best of breeds with three of our home-breds, besides winning second puppy at Westminster.

ELMCROFT FARM KENNELS

R. Ray McLaughlin  
Oshawa Ontario Canada

The Secretary reported that sample trophies from a number of firms were now on hand, the Board to decide from which firm and at what price the trophies would be purchased. After carefully examining the samples submitted, it was regularly moved by Mrs. Brown, seconded by Dr. Batt, and carried:—

"That, trophies as per sample submitted by Kents Limited, be purchased at the price quoted."

The meeting adjourned at 8.45 p.m.

NOTE: These minutes are subject to correction when presented for adoption at the next meeting of the Board of Directors.

## LADIES ON S.K.C. COMMITTEE

The Scottish Kennel Club Committee has brought jubilation into its camp, by the addition of two lady members, in the persons of Miss E. M. Reoch, Cupar Angus, a Cairn Terrier breeder exhibitor of note and Mrs. Randal Finlay, Moncton, whose Labrador Retrievers win their share of the prizes whenever shown. This is the first time in the history of the Scottish Kennel Club which extends back for fifty odd years, that ladies have been given a place on the committee. It will be remembered that Canada kept aloof from the ladies, in respect to Kennel Club management, for an almost equal period of time, but now that the Scottish Kennel Club, the Irish Kennel Club and the Canadian Kennel Club have opened their portals to the fair sex, it will only be a matter of time until the doors of the Kennel Club, England and the American Kennel Club will also bid the ladies welcome to their respective legislative assemblies.

# ARTICLES OF AFFILIATION

The Board of Directors of the Canadian Kennel Club, Inc., having negotiated and settled upon Articles of Affiliation, which in the opinion of the Directors are suitable to the Canadian Kennel Club, Inc. The same are now published hereunder:

## CANADIAN NATIONAL LIVE STOCK RECORDS

### ARTICLES OF AFFILIATION

To—

The Honourable, the Minister of Agriculture,

OTTAWA, CANADA.

1. The CANADIAN KENNEL CLUB hereby agrees to become affiliated with Canadian National Live Stock Records under Section 13 of the Live Stock Pedigree Act, 1932.

2. In these Articles unless the context otherwise requires—

(a) "Board" means the Canadian National Live Stock Record Board;

(b) "Committee" means the Canadian National Live Stock Record Committee;

(c) "Association" means a Breed Association affiliated with the Canadian National Live Stock Records.

3. Canadian National Live Stock Records shall be governed and controlled by the Canadian National Live Stock Record Board which Board shall be composed of the representatives of the Associations appointed as hereinafter provided.

4. Each Association shall be entitled to appoint representatives according to its membership, as follows:

For 200 members or less—1 representative

For 201 members to 500 members—2 representatives.

For 501 members to 1000 members—3 representatives

For 1001 members to 1500 members—4 representatives

For 1501 members or over—5 representatives.

The number of members of each Association shall be determined according to a list of members in good standing as of the 31st of December preceding the date of the annual general meeting which list shall be prepared by the Secretary immediately following each 31st day of December from the records in the office of the Canadian National Live Stock Records. The Secretary shall notify the Secretary of each Association not later than the second Tuesday in January of each year as to the number of representatives it is entitled to elect to the next annual general meeting of the Board.

5. The Board of Directors of each Association shall hold a meeting immediately following the annual general meeting of the Association at which there shall be appointed from the members of the Association in good standing the number of representatives on the Board to which such Associations is entitled. Thereupon the Secretary of the Association shall forthwith forward to the Secretary of the Board a certificate setting out the name and post office address of each representative so appointed and in any event so that the same shall be received by the Secretary of the Board not later than sixteen days prior to the date set for the holding of the annual general meeting of the

Board. Said certificates shall be under the seal of the Association attested by the hands of its proper officers in that behalf. Only those representatives in respect to whom such certificates have been received as aforesaid shall be entitled to vote and act at meetings of the Board. In default of the receipt of such certificate as aforesaid the representative or representatives last previously appointed shall be entitled to receive notice of the meeting and to vote and act thereat.

6. At each annual general meeting the Board may appoint the time and place of the next annual general meeting if the time and place is not so appointed the Committee may appoint the same.

7. Written or printed notice of such meeting shall be mailed by the Secretary to each member of the Board entitled to receive the same at least fifteen days before the date of such meeting.

The expenses of representatives attending the meeting of the Board shall be borne by the Association appointing them.

8. The Board shall control and administer the business of the Canadian Live Stock Records and may delegate either generally or specifically any or all of its powers and duties to the Committee.

9. There shall be elected at each annual general meeting of the Board from the members thereof, a Chairman and an Administrative Committee which shall be known as the Canadian National Live Stock Record Committee and which shall be composed of the Chairman and six other members.

A Vice-Chairman shall also be elected by the Board from the members of the duly elected Committee other than the Chairman.

10. The Chairman shall preside over the meetings of the Board and of the Committee and shall exercise general supervision over the affairs of the Canadian National Live Stock Records and shall generally act as the chief executive officer.

11. The Vice-Chairman in the absence, inability or death or upon request of the Chairman shall perform the duties of and have the same powers as the Chairman.

12. The election of the Chairman and the Members of the Committee and of the Vice-Chairman shall be by ballot from among those nominated in open meeting by the Members present thereat and voting. The nominations for Vice-Chairman shall be confined to the duly elected members of the Committee other than the Chairman.

13. The taking of the ballot shall be conducted in the usual manner by scrutineers appointed by the Chairman and the ballots shall be preserved by the Secretary for a period of two years.

14. The Quorum for meetings of the Board or of the Committee shall be a majority of the representatives to or members of either body as the case may be.

15. The Committee shall have charge of the administration of the affairs of the Board subject to its direction and shall without limiting the generality of the foregoing be responsible for the due carrying out of the rules and regulations in respect

to the records, issue of pedigrees and all administrative acts.

(a) The Committee shall appoint an officer to be known as the Director or the Canadian National Live Stock Records.

(b) The Committee shall appoint such other officers, servants or employees including an Assistant Director and Assistant Secretary as they may consider necessary for the due carrying on of the business of the Canadian National Live Stock Records.

(c) The Committee shall also perform such duties as may be delegated or assigned to it by the Board from time to time.

(d) The Committee shall at the expense of the Committee cause to be bonded in some responsible Fidelity Company such employees as handle or are responsible for the handling of moneys, bonds or securities, the property of or received on behalf of the Committee or any Association.

(e) The Committee shall arrange and facilitate the regular and proper audit of the books of accounts of the Canadian National Live Stock Records according to the requirements of the duly appointed Auditor.

(f) The Committee shall also submit an audited statement of the accounts of the Canadian National Live Stock Records and of each Association to the annual general meeting of the Board for the calendar year preceding such meeting and shall also prior to such meeting send a copy thereof to the Secretary of each Association and to each member of the Board.

(g) The Committee shall also see that moneys received for the account of each Association are deposited in accordance with any instructions of such Association.

(h) Each Association may require its book of record of pedigrees to be produced by such printer or publisher and/or in such manner as it may direct.

(i) Vacancies in the office of Chairman, Vice-Chairman or member of the Committee occurring between annual general meetings may be filled by the Committee from among its own members or the members of the Board as the case may be.

16. The Director of the Canadian National Live Stock Records shall act as Secretary of the Board and of the Committee and as Accountant and Treasurer of the Canadian National Live Stock Records. He shall have the powers and perform the duties usually incident to those of a Managing Director and shall act under the control and direction of the Committee. Any of these duties may temporarily or otherwise be assigned to some other officer appointed by the Committee for that purpose.

17. This Association hereby agrees to pay to the Committee a proportionate amount of the expenses of conducting the Canadian National Live Stock Records based on the number of transactions handled during each calendar year.

18. The Board may adopt such regulations as may be deemed necessary for the administration of the business of the Board provided the same are not in conflict or beyond the scope of these Articles and the provisions of the Constitution of any Association.

## EVERY ONE IS STUDYING PUPPY FEEDING!

## MAKING GAINES FOOD Their Text Book

Anyone can raise orphans if they feed Gaines Formula 107-A. Formula 107-A helps breeders raise better puppies. Formula 107-A is the food every kennel should use.

Gaines Meat and Milk Meal for strong healthy puppies.

**AUTHORITIES ON NUTRITION**  
tell us puppies need

Carotene (Vitamin A)

Cod Liver Oil (Vitamin D)

Lactoflavin (Vitamin G)

Only in Gaines Food are all three found in combination with Enzymes to help puppy digestions. Gaines Krunchon—Same ingredients as the Meal in pellet form that dogs love to "crunch-on." It's got plenty of taste appeal.

Write for free sample and booklet "Health For Your Dog".

Gaines Dog Foods have been substantially reduced in price. Ask for new price list.

## WEAR FOOD CO.

SOLE CANADIAN DISTRIBUTORS

2114 QUEEN STREET EAST

TORONTO, ONTARIO

19. All acts of the Board and of the Committee performed since the beginning of the year 1905 are hereby approved, ratified, confirmed and validated.

20. Notwithstanding the foregoing, this Association hereby expressly reserves the right to repeal or amend these Articles of Affiliation and to withdraw from Canadian National Love Stock Records, subject always to the relevant provisions of the constitution of this Association and the Live Stock Pedigree Act, 1932.

WITNESS the Corporate Seal of the Association attested by the signatures of its proper officers on that behalf.

In due course, and in conformity with standing resolutions endorsed by the members at the annual General Meeting of the Canadian Kennel Club, Inc., held on Thursday, February 9th, 1939, a referendum vote will be submitted to the members. When it is hoped that they will be prepared to vote for or against the approval and adoption of the Articles of Affiliation as submitted above. We particularly draw the attention of our members to Article 20, which has been prepared by our legal adviser, and gives protective coverage to the satisfaction of the Directors for Repeal or Amendment.

### RETRIEVERS (Curly)

RETRIEVERS, CURLY-COATED. MALE and female, six months, litter registered. Retrieve land or water. A. E. Brown, 2 Raymond St., St. Catharines, Ont.

### A MASTER WORKMAN

Here is a master workman that looks the part. He is the English springer spaniel "Top Row of Burnside", bred by W. C. Burns, Victoria, B.C., and, according to the official records, now the property of E. S. Tait, of Victoria. "Top Row" is a "go-getter" of no mean order, and has the reputation of having many wonderful performances of bird finding to his credit, but probably his greatest feat followed his coming several miles to where some sportsmen had been shooting over cockers and Labradors. A wounded bird had dropped on an island, but had recovered sufficiently to get up and hopped off to another island.

"Top Row's" owner ordered his dog to "fetch dead bird". The island was hunted over, but "Top Row" came back without the bird. Ordered to "go further", "Top Row" swam back to the first island, crossed it and swam to the second spot where he soon lo-

cated his quarry, retrieved it, returned with the wounded pheasant, delivered it to his master without a wet feather.

We consider this performance worthy of this recital, for the reason that "Top Row" had not seen the bird drop, for the very good reason that he was a full half mile away when the bird was shot.

Thanks "W.C." Come again—often.

### SCOTTISH DEERHOUNDS

Activity in Scottish Deerhounds is continuing. During the spring shows several dogs have been benched, notably three at Toronto where Mrs. Campbell Meyer's "Gael" carried off the ribbon for "Best of Breed", two at Guelph and one at Hamilton, at which latter shows "Jacobite Prejudice" won the "Best of Breed" ribbon.

Several Premium lists, we notice, do not include classes for Scottish Deerhounds, although full classification is included for a number of breeds which have not been shown in Ontario for some years. Speaking for the Deerhound breeders we can say that secretaries would be well advised to include this breed in their classifications as there are some fifteen dogs of show age in the province at the present time.

Two Canadian breeders showed their dogs at the Westminster Show and the Boston Show in February, but unfortunately no Canadian dogs were able to go to the Northern New Jersey Show at Teaneck where a number of American Deerhounds were benched.

Peter Wright.

## Keeping the C.K.C. Wheels Turning

Canadian Kennel Club matters have been more or less disconcerting recently, if not altogether discouraging, a condition which has given me in my official capacity as President much grave concern, and having in mind the prescribed procedure in respect to the Club's proposed affiliation with the Canadian National Live Stock Records, as set forth in Mr. W. H. Pym's resolution which appeared on Pages 29 and 30 of the March issue of the Official Organ, and being confronted with information having for its intent the possibility of affiliation being covered in a proposed repealing of Section Fourteen of the Live Stock Pedigree Act, 1932, and the substitution thereof of a new Section Fourteen, I decided that it would be in the very best interest of The Canadian Kennel Club members to have an opportunity to discuss this matter of affiliation further with the Second Vice-President, who, happily could be conveniently contacted at Chicago, where he was fulfilling an important judging engagement, so I made arrangements for the Secretary and myself to go to Chicago.

Arriving at Chicago early on the morning of Friday, March 31st, arrangements for the conference already having been made, we soon got down to business. The meeting lasted for several hours, a condition in itself that would have been absolutely impossible under ordinary conditions. In the end we agreed to endorse the proposed legislation, but to register a very decided objection against any manner of affiliation without our members first being consulted, and given an opportunity to consummate proper Articles of Affiliation in accordance with the resolution, which was adopted at the Annual General Meeting, and so it was finally agreed to despatch the following telegram to The Honourable The Minister of Agriculture as a matter of record, and the Secretary was so instructed. The telegram follows:

"Honourable Sir:

The Officers and members of The Canadian Kennel Club, Inc., understand that a Bill is about to be rushed through the present session of the Legislature to make the Canadian National Live Stock Records a corporate body, and to declare the different Associations whose records have heretofore been kept at Ottawa by The Canadian National Live Stock Records automatically affiliated without their consent (stop) We agree to the first part but we are unalterably opposed to our becoming affiliated without our members first being consulted and given an opportunity to consummate Articles of Affiliation as proposed and endorsed at the last Annual General Meeting of The Canadian Kennel Club, Inc., held at Toronto on Thursday, February Ninth, Nineteen Thirty Nine.

James D. Strachan,  
Secretary-Treas.

The matter of the date set for the inauguration of practical and effective methods of identification was then taken up, and the difference of opinion on the subject was freely discussed. It was pointed out that I had ruled that the date would be, "when the

Club became affiliated"; whereas each of the three methods as adopted, carried its own specific date as being March 31st, 1939. Mr. Pym made it perfectly clear, that he had personally voted on the matter of identification as it had appeared on Page Four of the Annual General Meeting Agenda, which was in accordance with the Constitution as now amended and approved by The Minister of Agriculture.

Returning to Toronto, I immediately was confronted by a message, stating that the regular three days grace had expired at the end of the day's business on April 3rd, and that further applications for registration, lacking conformity to the amendments, as approved of, by the Minister, could not be considered.

The Secretary having written the Minister of Agriculture for an appointment for Mr. Essery and myself, reported that he had received no letter to show any arrangement having been made to receive the deputation. However, on Wednesday, April 15th, a long distance telephone call advised the office that the deputation would be received on the following day. This arrangement failed to fit into Mr. Essery's business schedule in the Courts, a circumstance that I regretted very much. However, on Wednesday night the Secretary and myself left for Ottawa to keep the appointment as made by Mr. McCallum, Assistant Director of Production Service.

On Thursday morning, April 6th, at 9.45, we visited the office of Mr. McCallum first, and here we met Mr. A. P. MacVannel, Chief Registrar, and the feature discussion revolved around the impossibility of meeting the responsibility of conforming to the date, March 31st, in connection with the three approved methods of identification. It was readily agreed that the new requirements could not function as from the stated date, and several dates were 'discussed' frankly. This little round table conference was materially increased in interest when Mr. George Rothwell, Director of Production Service joined the group. After further discussion, it was decided that we should repair to the Deputy Minister of Agriculture's office and upon our arrival there, Dr. Barton very kindly extended every courtesy.

We were now in the third hour of our conference and what impressed me most was the very obvious desire of all parties to arrive at a reasonable date, that would give our members ample time to meet the essentials of the constitutional requirements in respect to identification, and finally, upon the suggestion of the Canadian Kennel Club delegation, it was agreed that September 1st, 1939, would be a reasonable and desirable extension.

We broached the subject of our affiliation and referred to our meeting with Mr. Pym at Chicago, and to the telegram we had sent to the Honourable The Minister of Agriculture, Mr. James G. Gardiner, and mentioning the proposed Act to amend The Live

Stock Pedigree Act of 1932, a copy of which we had seen whilst in Chicago, and which sought to declare that The Canadian National Live Stock Records had been established and constituted on April 20th, 1905, and that all Associations and Clubs were to be declared regularly affiliated with the Canadian National Live Stock Records, as from April 20th, 1905, or from the date of their incorporations.

I followed the advice of our legal adviser and mentioned the lack of provision for withdrawal, and we had the assurance of the Deputy Minister that the matter as cited would be included in any legislation having the Minister's approval. The conference concluded, as it had begun, in a spirit that was fraught with reason and understanding.

In the afternoon we visited The Canadian National Live Stock Records and early in our visit the order came through to proceed with all items of registration on behalf of The Canadian Kennel Club. Mr. R. G. T. Hitchman, Director, Canadian National Live Stock Records; his able Assistant, Mr. Archie Dawson; our Club Registrar, Mr. Ted Gunderson; Mr. Strachan and myself, applied ourselves to the task of considering the new application for registration forms, which will soon be required in connection with the three approved methods of identification.

When tattooing was being discussed, Mr. J. O. Ker of The Ketchum Manufacturing Company, Ltd., was sent for, and Mr. J. D. Strachan advised him of the objectionable reference, so oft repeated, to the ear as the location for tattooing. Mr. Ker agreed to have the objection removed, leaving those adopting tattooing for identification to choose the location for tattooing to suit themselves. It was further decided to have tattooing instruments made to hold six dies so that any marking could be made at one operation. The 101 tottoo marker of the future will be so made, and besides, all sets going out from the factory to our members in future will include two sets of numbers instead of one as at present.

The matter of Articles of Affiliation was again reviewed, and again a frank expression of opinion was heard, and towards eight o'clock we were all glad to call it a day.

I must, in closing, express on behalf of the Secretary and myself, this expression of our appreciation of the many courtesies we found crammed into our rather busy day, and I am thoroughly satisfied that more constructive business was handled on Thursday, April 6th, than could have been possible in months through the regular channels of routine correspondence. I am substantially of the opinion that the many annoying troubles which have attended The Canadian Kennel Club in recent years, are about to disappear for good, and that brighter days are about to dawn for the Organization I have the honor to preside over.

"Reg. J. D. Strachan."

## THE PRESIDENT JUDGES

President "Reg." P. Sparkes "donned the ermine" at the Tri-State Kennel Association show at Wheeling, West Virginia, on Sunday, April 23rd, and judged a nice entry of bulldogs, French bulldogs, and then presided over the ring when the non-sporting class called for his attention. Mr. Sparkes was the only Canadian judge officiating.

## WITH THE BEAGLES AND BEAGLERS

The Canadian National Beagle Club gave its members an opportunity to get the stiffness out of their winter legs when the Spring derbies were run at Forest, Ont. on March 25th and 26th. The Trials were highly successful in every respect and the sport attendant on the efforts of the gambling youngsters was greatly enjoyed by a large gallery of beaglers.

In the 13 in. derby there were 22 entrants, 6 of which came from Haig's Beagle Kennels Preston Ont. and one of their number "Haig's Turmoil" was placed 1st. David L. Kidd, Detroit, Mich., furnished the second placed hound in "Ebonizer-O-Reno" and reserve with "Little Nugget-O-Reno", third to A. F. Dorsey's (Ann Arbor, Mich.) "Fair Valley Two Spot", fourth to Al Frey's (Ann Arbor, Mich.) "Frey's Gaiety".

In the 15 inch section there were 15 dogs to try conclusions and here "Swingalong Captain" owned by 'Buck' Sherman of Rodney, Ont., picked out the choicest plum, leaving second choice to "Bugler's Happy" owned by J. D. Jarvis of Flint, Mich., third to "Haig's Traveller II" and fourth to "Haig's Tracks" with reserve to D. L. Kidd's "Sassofoao-O-Reno".

## WESTERN ONTARIO BEAGLERS

The beaglers of Western Ontario have been busy as bees since the Thames Valley Beagle Club was formed quite recently and already their first field trial is a matter of history. What of it if this first trial was more or less of a fun trial, it did bring the boys and their beagles together and that in itself means plenty of interest; as a matter of fact the occasion found beagles on the grounds from Woodstock and from Forest, and 10 dogs in the 13-in. contest and 11 in the 15-in. class further tells the story that the dogs' outing was enjoyable and well worth while.

## 5/39 NEW CHAMPIONS

### New Champions

#### TRAINING TOWSER

Owners of German Shepherd dogs in Toronto and places convenient thereto are herewith reminded that the first activity of the German Shepherd dog club will be a field trial practice at Manor Farm, Clarkson, Ont., on Sunday, May 7th, commencing at noon, and this activity will continue every other Sunday at the same hour from that date on. Particulars of handicap events will be furnished by the Field Trial Committee and as the whole programme is open to all breeds of dogs, and that it will furnish sport of a desirable nature to the beginners, as well as to those advanced in larger degree, there should be very many anxious to take their places in the line-up. The first Handicap Event will probably take place in June, so the early practice opportunities should be greedily accepted.

Obedience tests are featured at every important show being held in the United States at the present time. In fact, training is so far advanced across the line, that Westminster Kennel Club was in a position to invite its contestants and the German Shepherd Club of Canada is anxious that all Canadian owners and their dogs should have ample training opportunities here to be able to enter for and to participate in this new departure of dogdom at home, or away from home.

Get in touch with A. L. Gooderham, 49 Wellington Street East, Toronto, for all further information and we advise that beginners listen well to Mr. Gooderham's observations as he is a past master in the trained dog field.

### LONDON CANINE ASSOCIATION SHOW

Held at London on April 1st, 1939.

Troll v.d. Engelsburg

# AT STUD

The famous producing Doberman Pinscher  
TRI INTERNATIONAL CHAMPION  
TROLL V.D. ENGELSBURG

Property of E. BORNSTEIN, Peoria, Ill., U.S.A.

World Sieger. American Champion. Twice German Sieger. Canadian Champion. Twice winner of the Wander Prize. As a winner in the United States and Canada alone, in the year 1938, Troll was Best of Breed 29 times, Best Working Dog 23 times, Best Dog in Show 16 times. As a sire: In the 1938 German Sieger Show, Troll established an all time world's record of siring all of the 1938 German Siegers and Siegerins. 66 dogs entered in the Show—\*33 were Troll's progeny. 17 "V" (excellent) ratings awarded—12 were Troll's progeny. His son, Ch. Ferry v. Rauhelson, won Best in Show at Westminster, Chicago, and etc.

\*Troll's mating with 15 different bitches produced these dogs.

## LET ME HELP YOU TO MAKE YOUR DOG A CHAMPION — IT CAN BE DONE!

Taking dogs to dog shows for other people is my profession. Making championships for dogs owned by my clients is my sole objective and I never stop trying until the judge's book has been marked and the awards handed out. My record in this respect is brilliantly studded by actual achievements, such as BEST DOG IN SHOW at Chicago International, The Morris & Essex, and etc. Such wins tell their own story.

I am open to take a number of dogs to all Canadian and American shows. Let me take yours to Mineola on May 20th; Cedarhurst, May 21st; Tuxedo Park (English Setter Specialty), May 26th; \*THE GREAT MORRIS & ESSEX, MAY 27th; Wissahicon, May 28th; Delaware County, May 30th; Shepherd Dog Specialty, Port Chester, N.Y., June 2nd and Greenwich Kennel Club June 3rd.

\*Make reservation for my services at the Morris and Essex now, as only a few dogs can be accepted for that fixture.

# ALF LOVERIDGE

(Phone KIngsdale 3784)

I HANDLE TO WIN

596 Bathurst St.

Toronto, Ont., Canada

**ENGLISH BULLDOGS—DOGS—Junior Puppy**—1, Ernest Bray's Cambridge Prince. Senior Puppy—1, W. H. McGregor's Barmac White Storm. Novice—1, Mrs. C. G. Collinson's Major of Barrington. Cooper's Elmhill Western Gentleman. Open—1, Elmhill Commissioner. **WINNERS**—Elmhill Western Gentleman (4 dogs, 3 points); Res.—Elmhill Guardian. **BITCHES—Senior Puppy**—1, Dr. J. T. Coop-

## GREAT DANES

### Clearing Sale

Because of many other activities I have decided that my Great Danes must now be sold, therefore I offer the following to discriminating fanciers, at very reasonable prices:

"Hamlet First of Rosehall" (144525)—A well set up brindle dog of exceptional breeding. Two years old and ready for a place in the show ring or stud kennel.

Ophelia of Rosehall (144718)—A really good quality breeding proposition. She is now showing in whelp to Hamlet.

Four male puppies by "Hamlet" ex "Ophelia", and now nearing 4 months old.

The above dogs are all healthy and in excellent condition. They will be expected to fully satisfy their new owners.

**Dr. Frank Buffington Vrooman**

Demorestville, Ontario, Can.

# NOTES FROM ALBERTA

er's Elmhill Epic. Novice—1, Dr. J. T. Cooper's Elmhill Lucky Lady. Canadian-bred—1, Dr. J. T. Cooper's Elmhill Splash. Limit—1, Andrew Owens' Rene. WINNERS—Elmhill Lucky Lady (4 bitches, 3 points); Res.—Elmhill Splash. Best of Winners and Best of Breed—Elmhill Western Gentleman.

We are pleased to have the assistance of Miss Rawlings, of Edmonton, and Mrs. Jack Goff, of Medicine Hat, in gathering news items for *Kennel and Bench*.

It is absolutely impossible to cover a territory as vast as ours, and it seems that the local fanciers are really too modest to send in the information one requires to make interesting general reading.

Mrs. Gladys McGee, of Vancouver, has added another cocker to her kennels, or should I say five cockers, as she has bought "Holdfast Surprise" ("Holdfast Reserve" x "Holdfast My Own"). This female was accompanied by four lovely puppies sired by that good showman and producer "Holdfast Sonojo", owned by Mrs. Mary Pickford. I hope to see "Sonojo" go to some of the larger shows in the east, and if he does, just watch him hit the high spots.

Edmonton, Alberta, had a grand display of cockers at the Junior Hospital League Show, held on March 20th and 21st, which was indeed a compliment to judge Hugh Leslie. At this fixture "Curts Boogeyman" must have completed his championship.

"Tokalon Shirley" owned by N. J. Dinnen, of Winnipeg, and ably handled by Jack Goff went best of breed.

Winnitoba Kennels have a real one in Winnitoba's Dark Secret and I am sure she will cover herself with glory at any other time.

John S. and Mrs. Grant had a very lovely exhibit of English Cockers and I am told, they are all high class field performers.

As usual Ralph and Mrs. Smith had on exhibit some good ones. I made a personal call at their kennels to see "Whin" and "Sweetheart of Ware". Both are Champions, and money would not buy them.

Did you know that Ralph and Mrs. Smith do not make it a practice of feeding their cockers on diamonds, but a visitor to their kennel took up one of the young cockers to caress it, and the pup in some manner swallowed a diamond ear-ring, and great consternation prevailed until a dose of oil brought the coveted bit of jewelry back to the possession of the lady visitor. Prior to this Edmonton was noted for its Tax Recovery Act and now it is noted for its Diamond Recovery Act.

Col. Ritchie M. C., of Calgary, carried off supreme honors with "Glenniffer Bright Spark", quite recently imported from Scotland. This "Braw Scottie" female was pressed by the sealyham, "Felbourne Flying Hostess", owned by Mary D. Gardner. Another outstanding contender was the Dalmatian, "Count De Marker-Roff", (imp.), now owned by Mrs. Allan

Averst. This fellow will be heard from wherever he is shown.

We must congratulate the Convener, Miss Willa Sandison, and her committee on the splendid manner in which the show was conducted. I was delighted to again meet my friend, Smith Foster. This man is Canada's contribution to the Chesapeake fancy. His "Airline" prefix can be found in many of the pedigrees of the classy Chesapeakes.

I am very much afraid that this last show will be the end of the exhibiting career of the famous Trevallen kennels, owned by Lloyd Bros., of Greenlawn, Alberta, as they have made arrangements to return to their native Wales. They are disposing of their sporting dogs and their ranch stock. This will be a very serious loss to the Canadian fancy. They not only bred and raised all kinds of sporting dogs, but were very successful trainers and have sold many well broken dogs all over the American Continent. They are nephews of that grand old man, Freeman Lloyd, of New York. Mr. Harry Nash has been president of the Edmonton club for the past twenty-five years, and everybody hopes that he will be in the saddle and going strong for at least another such term.

I missed my old pal, George Climo, at the Edmonton show, but hope he will be in better shape for the next trip. I understand they expect another litter at Calmas kennels from the same mating as the famous trio. He was to uncork at the Edmonton show and if he has luck he will make them all stand back yet.

It was also a disappointment not to have had Jack Tanton's dogs at the show. Circumstances over which he had no control compelled him to be among the absent.

Miss June Robbins, of Priddis, is grooming a sweet little red cocker and if I don't mistake she will be on hand when the bell rings. This female is sired by "Curts Boogeyman".

Mr. and Mrs. Pat Render, of Calgary, are leaving to locate in British Columbia. They have owned and operated the Wymund kennels and have a ranch in the foothills.

Mr. Fred Currie is spending the winter in the south. He is expected home some time this month. He never comes home without at least a brace of good sporting dogs.

The Alberta Field Trials are being run today and tomorrow. I did hope to have all the particulars for this edition, but we will have full details for next month.

H. P. SAUNDERS,  
1010 Fourth Ave. N.W.,  
Calgary, Alta.

Toronto

# NOTES FROM MANITOBA

An enthusiastic group of Winnipeg fanciers made the journey to Saskatoon with about twenty dogs to compete in the annual Saskatoon Kennel Club's show. This club's events are always a popular drawing card with the "Big City's" fans, and this year, more than ever, in view of the fact that the club had secured the services of that popular adjudicator, W. H. "Bill" Pym, of Vancouver. G. Kynoch had a nice string along as did W. H. Fitchett of the Winnitoba Kennels. The writer took along a couple of very promising springer puppies, and the Winnipeg crowd made their presence felt in the winnings. BEST IN SHOW went to Emma G. Pieper's solid black cocker, "Live Oak Spring Storm" under the capable guidance of Mr. Kynoch. The writer was particularly impressed with the whole lay-out. The benches sparkled under a coat of fresh new paint, and the arrangements, including a loud speaker, were all that could be desired. W. H. Pym judged all classes in his usual faultless style, and replete in tuxedo he put on a real exhibition of masterly adjudication in the group classes, specials and Best in Show. The west is justly proud of Mr. Pym, and his appointment to judge Best in Show at Morris and Essex next month is a notable achievement of a popular Westerner. A lot of credit is due to Dr. M. D. French for the success of the Saskatoon show and the hospitality she offered to all and sundry after the show was a fitting climax to a somewhat hectic, but altogether successful day.

The Fort Garry Kennel Club is in the throes of preparing for their All Breed show on May 30th and 31st next. Again this energetic club is blazing the trail by bringing in a Specialty Judge in the person of Lloyd S. Hartzler, of Fort Wayne, Indiana. The Cocker Spaniel Club of Western Canada are sponsoring a specialty show in conjunction, and are to be congratulated in this innovation. The other breeds will be judged by J. G. Murphy, of St. Paul, and exhibitors are assured of receiving an expert's opinion from this exponent of the judge's art. The show as usual will be held in the Winnipeg Auditorium.

The energetic secretary of the Cocker Spaniel Club of Western Canada, S. Saidman, advises that this will be the first visit of Mr. Hartzler to Canada and that he has an international reputation, well known and highly regarded as an expert of the breed in the United States. A list of nearly forty special prizes has been secured, for cockers alone, including silver trophies to be won outright, so it will behoove all breeders in the west to have their cockers in shape for this gala event. Mr. Saidman advises that if out of town exhibitors cannot attend the show, arrangements have been made to take care of their cockers and that they will be handled free of charge. Contact him and you will be given all particulars, but don't miss this show. All specials are wide open to all and are not confined to members of the Club.

## COCKERS

Last Sunday I had the pleasure of visiting the kennels of Bob Simpson "of Isla" fame, and looked over his

stock of cockers. In conversation he informed me he rested his females last fall, but is preparing for increased breeding activities this summer. "Queen Elizabeth of Isla", a nice solid red, presented him with a litter of eight. This litter is by George Kynoch's black dog "Ahuntsic Baron" who is siring prolific litters of sound typey cockers. "Tiny Princess of Isla" was mated with Ch. "Cinders of Heavengate". Mr. Simpson has a beautiful parti female, "Sally of Isla". This little bitch is going places. She captured Best of Winners in the February Greater Winnipeg Kennel Club's show, also took in her stride Best Puppy in Show, and Best Canadian-bred. "Sally" is out of "Biddy of Isla" by "Aristocrat of Isla" and is now being groomed for the Fort Garry show. What impressed me most of all were two solid puppies, one red, the other black, sired by "Ahuntsic Baron". Needless to say, they are being retained by the astute owner. Mr. Simpson's entire establishment as usual was spotless.

By the way, talking of cockers, I am quite sure there is going to be some hectic competition for top honors under Mr. Hartzler next month. My husband was talking with Mr. Kynoch, who was rather silent, but mysteriously hinted at "something extra good in the cocker line for the Fort Garry Show". Sam Saidman also has given me strong hints of a couple of dark horses, so—with all the good stuff we already have in the city, and promises of outsiders coming in, the specialty event for this breed augers well. For a certainty there will be keen rivalry in the ring, which is all for the good of the game.

The Brackenbrae Kennels, owned by Mr. and Mrs. Harry Joule report that a very nice blue roan cocker has been shipped to Vancouver to Mrs. W. P.

Paffrey who is more than satisfied with her purchase.

## SPRINGERS

Geo. Kynoch's string of springers are out at camp under the tutelage of Tommy Wade. He tells me that he is increasing his training staff this summer and that his prospects are excellent. Our own springers are looking good, and training in Saskatchewan is under full gun. The springers being trained by Bert Aconley are also going good and keen and friendly rivalry is assured in coming field events this summer.

## FIELD TRIALS

The Gun Dog Club of Manitoba held their regular open meeting on Friday, April 21st, and were greeted by a bumper crowd. An enjoyable and instructive programme was put over without a hitch. The address by Dr. J. K. Morow, D.V.M., on "Practical Scientific Management of Dog Raising" was a gem. Moving pictures, "On The Wing", "Bird Dogs", and "Conservation work in the Far North" by Ducks Unlimited were an unusually instructive feature—then an address by Dr. H. J. Merkely, "Why you Missed That One" was both amusing and instructive. I caught my husband and son doing a bit of gun swinging right after the meeting—evidently trying out some of the theories advanced by the doctor. The fact that he nearly cracked down on the chandelier didn't stop their efforts and they were muttering something about "proper timing" and some such jargon which was quite foreign to me.

The field trial committee reported that plans are very definitely under way for a Retriever Trial in July under C.K.C. Rules. Further particulars will be forthcoming at an early date. Membership was reported at one hundred and sixty paid up members; and Sam Rennie was congratulated on this splendid showing. The goal is two hundred and fifty members before the end of May. Watch this column for definite announcements as to the field events to be run this summer and fall.

The Sporting Dog Club of Western Canada held a banquet last month, which was well attended under the chairmanship of Jack Cook. This club is also planning trials this summer, so that sportsmen owning trained dogs are assured of lots of competition to keep their dogs in shape for the fall shooting.

Tonight a party of Winnipeggers are leaving for the Regina Kennel Club's Spring event to be held on the 21st and 22nd. I am showing a pair of Springers owned by J. E. Tulloch, his male "Rusty Reveller" and "Hazel-del Ramona" (a nice female that needs but three points to finish). I understand Geo. Kynoch is taking a string of dogs along also. The show will be judged by A. Laurence, a Winnipeg breeder of many years standing, and as this is his first judging assignment, a host of well wishers will join me in the hope that success will crown his efforts.

In conclusion will all members realize that the success of this column depends largely on items of news value sent in by them, and I sincerely trust they will co-operate to the end

## Fort Garry Kennel Clubs All Breed Dog Show

(Under Canadian Kennel Club Rules)

In the Airconditioned

Winnipeg Auditorium

MAY 30TH and 31ST, 1939

### JUDGES:

J. G. MURPHY, Esq., St. Paul, Minn. — All breeds except Cocker Spaniels, Groups and Best in Show.

LLOYD S. HARTZLER, Fort Wayne, Indiana — All Cocker Spaniels.

*A fitting climax to a gala Royal Welcome Week.*

*For Premium Lists and all information, write*

MRS. J. L. PATEMAN

Winnipeg Manitoba

'Phone 503. 644

that this column will be one of interest to be looked forward to in coming issues.

If you are interested in joining the Canadian Kennel Club or in advertising for stud dogs, or for surplus stock for sale, if you have any registration problems or any other such matters to deal with consider me at your service.

### BEAGLES

Major J. E. Tulloch reports that his family of this happy little hound has increased by six. His female "Highland Cheerful" presented him with this number by "Arcadian Actor". These dogs are field trial stock, and an event will be prepared for them shortly by the Gun Dog Club of Manitoba. It is rather unfortunate that we have not more of this breed. The facilities for training are boundless, and the sport that can be enjoyed in running a small pack of these hounds is a thing of joy, not to mention the health and fitness that one maintains in the effort. Members of the Gun Dog Club are waxing enthusiastic and it is hoped that the future will see regular parties going afield with this popular beagle.

### BOSTONS

Geo. Duncan owner of Trapystock Kennels advised me that his Ch. "Trapystock Royal Ula" was adjudged best Boston at St. Paul on the 14th and 15th of this month. She went to this high station under Judge Walter H. Reeves, and in my humble opinion this win was a fitting climax. This little bitch is a beautiful specimen and is a credit to her breeder and owner. Further laurels are in store for her I am sure.

MRS. J. L. PATEMAN,

East Kildonan, Man.

### SASKATCHEWAN NOTES

I would like to commence my column for May issue by tendering my congratulations to the Saskatoon Kennel Club on the general excellence of their spring show. The Club was indeed fortunate in securing the whole of the fourth floor of the Hudson's Bay Company Building, which allowed for lots of exercising space and for judging to be carried on in an adjoining room. The benching was attractive and bright in its spring looking coat of green and ivory and I understand that the Ladies' Auxiliary was responsible for that attractive little touch of colour. The dogs were called to the ring by a public address system and there was very little delay between classes.

Among the visitors and exhibitors, I noticed the Manitoba Director, Mrs. J. L. Pateman of Winnipeg and Mr. Pateman. Also the Saskatchewan Director, Walter J. Pym of Regina. Among others were: W. Quilley and J. Tanton of Edmonton, Jack Goff of Medicine Hat, J. H. Masterman, W. H. Fitchett and George Kynoch of Winnipeg; Mrs. C. W. Pollard, Miss Hazel Mabson and G. Scales of Regina. Wm. H. Pym of Vancouver, B.C., was judge of all breeds and chose for his Best in Show the black Cocker Spaniel "Live Oak Spring Storm", owned by Emma G. Pieper of Santa Cruz, Calif., and handled by George Kynoch of Winnipeg, Reserve going to the Collie "Elmhill Western Gentleman", owned by Dr. J. T. Cooper of Saskatoon. The Best Ter-

rier was won by the Airedale "Lamorna Madame Nobbler", owned and shown by Dr. M. D. French of Saskatoon. A very enjoyable banquet was held in the King George Hotel and was well attended. The Chairman of the banquet was W. Hogg, President of the Saskatoon Kennel Club, and the speakers were: Mrs. J. L. Pateman, George Kynoch of Winnipeg; Mr. Wm. Pym of Vancouver; Mr. Walter Pym of Regina and Jack Goff of Medicine Hat.

Mrs. N. L. Mollard, of Lake Manitou St. Bernard fame, is highly elated over wins made in the Westminster Show, held last February, by St. Bernards which were sold by her as puppies. "Superior King", a four-year-old, sired by "Duke of Edmonton", won first in Novice and second in Limit and Open. He was beaten in the Limit class by "Manitou Hercules", a two-year-old of the same breeding who was placed first. This dog weighed 210 pounds and was conceded to be the largest and most admired St. Bernard in the show, according to the New York papers. "Manitou Hercules" also went Best of Breed at recent shows in Baltimore and New Haven. These kennels are situated on a farm about twelve miles from the famous Saskatchewan health resort, Lake Manitou, and are the largest of their kind in Western Canada. During the summer one man attends solely to the feeding and exercising of the dogs, while in the winter, two additional men are employed. These St. Bernards receive regulated outings twice daily by a rather novel exerciser. This exerciser is a two-wheeled cart drawn by one horse, and eighteen dogs (two rows) can be taken out at once. Just a word from the driver, and the dogs turn and follow the horse, whose sole work is to exercise the gigantic animals. If the weather is hot, the pace is slow, but in cold weather a good brisk run is in order.

From the Rockcroft Smooth Fox Terrier Kennels of Saskatoon, comes the following news: Ch. "Call Again" has been sold along with his daughter, to Mrs. Briggs of Wrentham, Mass., and Eng. Imp. "Solus Survivor", by Ch. "Corrector of Notts" is now owned by Rockcroft. He comes from the same litter as Ch. "Scream" and Ch. "Varmity Delaneige", both fifty guinea cup winners. "Clapton Terror of Notts", by Ch. "Chosen Don of Notts", has had several visitors lately and shortly we expect to receive a female out of "Correction of Notts", bred back to her Sire "Solus Goldfinder", bringing back Ch. "Darrell" blood to Canada, and comes from Linda Visca Kennels, Tucson, Arizona. Linda Visca has ordered a female by "Terror". We regret to hear that "Gebfo Wilsonia", by Imp. Ch. "Snip Snap", their house dog and founder of this kennel has passed on. Her place will undoubtedly be hard to fill.

Mr. Louis Olsen, of Mair, Sask., informs me that his brother Hjalmar has moved to Birmingham, Michigan, where he has established a large training camp for Pointers and Setters. Mr. Louis Olsen, however, is continuing his training activities at Mair and has sold his Swedish Black Pointer, "Seligs Black Bess", to Mr. D. Blacklock of Turner Valley, Alta.

MRS. ROBERT LAING,  
2253 Broder St.,  
Regina, Sask.

### DACHSHUNDE

It is interesting to note that the small Spring shows have brought our little dogs out in quite respectable numbers. Toronto Kennel Club brought out fourteen entries, Guelph, fourteen and Hamilton, eighteen, incidentally, the largest entry in any breed at this show.

I think the growing popularity of the breed is evidenced by this as no special encouragement was given 'dachsie' owners to appear. The Dachshund Club did not sponsor any entry as no specialty judges were on hand at any of these events. It is believed that some of the officers of the Canadian Kennel Club are at present trying to classify the all-round judges and it is hoped that some progress will be made. A dog show may be a great deal of fun and one may be lucky or unlucky under an all-rounder but to effect any serious improvement in breeding in this country we have arrived at the point where something must be done to secure specialists in our breed. These remarks may not seem very gracious to the gentlemen who were called upon to pass upon our breed at recent shows, but I fully believe they would be the first to avoid an assignment to judge fifteen or twenty 'dachsies' if it were possible to do so. Nothing could be more embarrassing, I should imagine, than to face such an entry of dogs and breeders after reading, perhaps a little hurriedly, of the breed standard. Such judging, however, conscientious and careful, cannot, of course, be of any permanent value to a breeder. But where can we find specialist judges? Most of the experienced breeders would certainly refuse to pass upon the dogs of others, most are quite silent as to suggesting any solution to our problem but very outspoken in criticism at most of the shows. I should like to hear from anyone who has bright but reasonably inexpensive ideas on the subject.

A letter from Charles and Enza Schaefer brought news of their 'Pixie' finishing her championship at London, Ontario. Ray McLaughlin has two very nice 'reds' on the Spring circuit and Mrs. Lily Turner had a handsome line-up of five 'reds' at Hamilton. It was pleasant to see Mrs. J. T. Symons on hand at Guelph and Hamilton with an attractive black and tan puppy. Dr. McLay Miller made a welcome appearance at London and Hamilton with a very sound well-marked little puppy bitch which he acquired from the Hanson kennels. John Walker of Seaforth, came to Guelph and Hamilton with his lovely "Muck of Mayndale" who did so well at Madison Square Gardens. I hope that Mr. Walker will not allow himself to become discouraged. The dog is certainly a very strong, well-formed animal.

MRS. ALBERT FIX,  
30 Lakeshore Rd.,  
Humber Bay, Toronto.

# NOTES FROM OLD QUEBEC

The Ladies' Kennel Club of Canada, Inc., have selected their several judges to adjudicate at their forthcoming Show and as was to be expected they have chosen well. Reference to our advertising columns, in due course, will be my justification for this remark. It is still a long time until September of course, but as the early bird gets the proverbial early worm, so will the ladies fare for their early aggressiveness. Expert judges, who will be entitled to the confidence of the exhibitors, the always very plentiful and attractive Ladies Kennel Club Specials and one of the best dog Show venues available in all Canada, plus management that is management with a "M", and you have all that it will take to bring you and your dogs to Montreal next September. I honestly do believe that the Montreal Ladies' Show does surpass the great Westminster fixture in some respects.

Remarks such as "I have never known a 100% good sport in the dog game", and that may be a drag that is keeping the dog game down in this province, but 100% is perfect and we have very little of anything that is the full 100%, but we most certainly do have plenty of real good sports in the dog game hereabouts, and those who do not feel comfortable with their associates in the game should know what to do for their own welfare. I thank goodness for many of the associates that are, and always have been mine in the dog game. Quite recently I was asked for my own definition of the term "a good sport". My reply was almost instantaneous: "A fancier who gladly pays his way, attends the meetings of his club, knows how to lose with a smile, and to win without crowing. One who tells about his own stud dogs, and of his surplus stock, and if he can't put the deal over, will put in a good word for his fellow in the business. A good sport will encourage the novice and keep him in the game at all costs; he will show the discouraged beginner the way to the top in the most attractive manner possible."

I had the pleasure of spending an evening with our newest Quebec fancier, Mr. Lally, and together we raised his "castles in the air", but in this case I'm quite sure that the "Lally Castles" are going up on a substantial foundation, and to Mr. Jeffries, of Toronto, goes the credit of furnishing the stock on which Mr. Lally's kennel will be built. His coming into our activities will do us all good.

A. C. A. Chisholm, the noted owner of the "Lorne" prefix, will soon be at home to his many friends in his "ain wee hoose", Mrs. Chisholm having recently returned from Scotland; the collecting of a few choice "Sourmugs" will be as important as choosing the furniture for the new "Lorne Castle". It is Alan's hope to have a few "good ones" to his liking, and to have the odd comfortable stall for any dog requiring temporary quarters, guaranteed to be comfortable.

The Bull Terrier fraternity of civilization will be in sympathy with the wife and family of the late Tom Ganaway of "Islington" fame. Mr. Potter

writing of Tom's demise in "Our Dogs" says "I never heard him speak ill of anyone. Truly, he was a man 'Who spoke no evil, saw no evil and heard no evil'. Tom was a good honest man, and he will be sorely missed". What a tribute to any fancier.

When a dog comes to Canada, that is an important happening and well worthy of note, but when a dog goes from Canada to Scotland, that is front page news, or should be. Really it is like carrying coals to Newcastle, but genial Mr. Stuart of the Shell Oil Company (Montreal office) has been transferred to Glasgow and I have had the pleasure in helping him with his plans for taking his "Scottie" back home with him.

"Witty" Warren's friends will be pleased to learn that the late Champion of Bulldogs and of Whippets is safely back in Montreal after an extended sojourn in Europe, where he mixed a little pleasure with a lot of business. There is unquestionably a place in Canada for "Witty" and one would like to see such a place occupied by him. Mr. Warren is a "master of mirth" and a man who has learned all the rules of the dog game.

There are pet shops and pet shops and in Montreal we have the "Real MacCoy". Seeds & Birds, deals only with reliable breeders whose goodwill they retain and this is shown in the extent and nature of their business.

Montreal's newest dog club is The North End Kennel Club and it is no secret that their plans include a licensed dog show this fall. The executive and members are all very ambitious, and under the direction of President Harry Smallcomb there should be no problem too hard for their elucidation, and given the usual Montreal support, which is always generous, they should put their first "big show" over the top with a bang.

Verdun fanciers have had much annoyance from some moron with an itching finger for the trigger of a gun, but the police, with the assistance of officers of the S.P.C.A., have located a party in possession of a .22 rifle, but no license.

The undesirable "tongue war" in our Toy Dog Section has spent itself apparently and I hope it never enjoys a recurrence. There is room in our sport for us all—and more. What would be the attraction of the dog show ring if it was left to one or two?

If there ever was a gentleman in Quebec dogdom that man was, and is, "Bill" Ogden. "Bill Ogden", "A1 dog show superintendent", and dog lover, might all be considered synonymous terms here, but Mr. Ogden has been well under the weather and his many friends will be pulling for his early

and complete recovery. In Manchester, England, Bill Ogden was a cyclist of note some 40 years ago, but his proudest boast was that he was an Englishman and that he was born on the same day as the late King George V. We do hope that this stalwart of Quebec dogdom will soon be wholly restored to his normal health and strength again.

The Bull Terrier Club of Canada will observe its 1939 Specialty as being in conjunction with the Ladies' Kennel Club fixture to be held in Montreal the last Saturday of September. The President, B. Lewis, Toronto, advises special prizes by the bagful, so a large entry of the "White Cavaliers" is naturally anticipated. There were 31 of the "Bar Sinister" dogs out at Toronto last Fall and any addition to that number will be a boost for the records, but between the encouraging Ladies' Kennel Club and the aggressive Mr. Lewis, plus those extra Specials, just watch the entry of "White 'Uns".

Miss Steggal's black pug "Capers of Swainston" has been in great demand since his big win at Westminster. "Winna Sam Weller" has gone to Detroit to join "Winna Lady Clubber"; both those pugs are possible International Champions, so good luck to them both. "Winna Prince Toto" will be en route to his new home at Boston just as soon as his papers are ready, and like "Sam Weller" he too will be joining a former kennel mate in "Winna Miss Muffett". Two typical fawns from the "Queen City" in Tricolour Amos and Tricolour Andy will be seen strutting their stuff at the forthcoming Canadian shows. From the Pacific Coast we learn that Miss Horath of London, England, has created a mild sensation with her excellent brace of black pugs "Jester of Hopeworth" and "Prince Toto" who were quite popular around Montreal during their brief sojourn here.

Mrs. R. W. Hunt, Toronto, has been under the weather and we trust that she will soon be back home to her pugs and her bulldogs. Miss Mann had the misfortune to lose her two fawn pugs "Lord Algernon" and "Lady Beaupre", but we hope to see her make the losses good at an early date, so that she may be amongst the exhibitors at the forthcoming shows.

The Howard establishment are waiting to introduce a brace of young Scotties to the shows, and unless I miss my guess they will be real contenders when they get to scratch.

Mrs. C. de P. Doniphan will celebrate the Silver Jubilee of her Wangza Kennels in 1940, but meantime she is busy filling orders for clients in Philadelphia, Charlottetown, P.E.I., and Calgary. Some choice youngsters are being kept in pickle for future reference.

We had made reference to stud dog activities and to litters of promise, but the chap who wields the blue pencil says that these things constitute free advertising, so don't be disturbed if such items fail to appear. We do trust that you feel our column to be representative of Quebec Province and that you are all determined to keep up the good work.

# BIRD DOGS ON THE BENCH AND IN THE FIELD

The far west, to the far east and the centre of Canada each contributes an item to this department this month. From the west comes a welcome and authoritative letter from a famous gun-dog expert, William H. Pym, of Vancouver. From the east we have an equally authoritative letter from Geoffrey Ryder, of Halifax. From the centre I am offering a personal note about a little Irish setter bitch puppy of show stock who proved better than any argument can ever do that show dogs can run with the best of them at Field Trials:

Says Mr. Pym—"Your reference to the so-called bench type English Setter and Field Trials in the March issue of "Kennel and Bench", is most timely.

"It was my pleasure to formulate the present Canadian Kennel Club rules governing Field Trials. But it should be understood that in the very year in which I first saw the light of day, there were Canadian Kennel Club rules governing Field Trials, and had it been my good fortune to have read those early rules prior to my drafting the present rules, my effort would never have appeared in print as I would simply have asked that the 1888 rules be incorporated in the present Canadian Kennel Club regulations.

"I mention this fact merely to convey to some of the present day fanciers that field trials under Canadian Kennel Club rules is far from being a present day idea. In addition, let it be said that the fanciers of the '88's were well aware of the requirements of a dual purpose dog, and as a matter of fact they did not have kennel room for any other kind of sporting dog.

"Probably there is no other line of sport so generally misunderstood as are field trials. Yet I cannot offer an excuse for this condition. It has been my privilege to have hunted most extensively in Ontario with hounds and other varieties of sporting dogs. In those days, dogs like horses, were good to look upon, and they could perform their natural days work equally as well, if not better, than their less handsome brothers.

"If those opposed to the so-called show type Setter would but take the time to study the standard of the breed, as well as the standards of other breeds of sporting dogs, they would readily realize that a dog that is reasonably built to harmonize with the requirements of his standard, is positively built to perform his natural work afield. If the same people delve into the history of the origin of dog shows on this Continent, they would be forced to admit that it was the hunting man who liked a good-looking shooting dog who gave us our first dog shows.

"It is a remarkable thing to me that English Setters of show type are the breed of all sporting varieties that are so frequently referred to as being useless afield. We have our Champions on the bench in Cockers and Springers and Irish Water Spaniels; Golden and Labrador Retrievers, Pointers, and several other varieties winning their Field Championships, and when a person tells me that a so-called show type English Setter is useless afield, I am quite convinced

he is talking about his own dog only, and he forces me to believe that he is not capable of training his dog for shooting purposes.

"It is true that English Setters are very often bred and exhibited by non-hunters, and that his dogs are not permitted to develop their natural instinct to hunt. Naturally such a man would have non-hunting dogs in his kennel regardless of the breed of sporting dog kept. Your King's Plate winners are not permitted to loaf around a paddock until they become three-year-olds and then hustled on to the Woodbine track. Yet some would-be hunters will actually take a Setter afield without proper training and then condemn the breed as hunting dogs.

"At a local field trial held in 1938, a friend of mine talked long and loud about the inability of the show type Setter to stand a day's work, etc. Yet there is a decent wager going begging that I personally own an English Setter which I feel is good enough for any show, any place, that will stand up to any day's work against the best my friend can produce, and further, I will take on any person who doubts the stamina of a show Setter in the field. For reasons that will be quite obvious, please understand that I have nothing for sale, nor will I be likely to have stock for sale at any time.

## BINSCARTH KENNELS COCKERS OF QUALITY PROVEN SIRES AT STUD

Enquiries are invited regarding the following litters of solid and parti-coloured Cocker Spaniels expected early in May:

Litter No. 1—Ch. Much Ado About Nothing ex Nonquitt Nectar (Ch. Nonquitt Notable—In-Wood Lady Sandra).

Litter No. 2—Binscarth Trader ex Binscarth Good News (Ch. Wind-sweep Gallant Sir—Ch. Tapdance of Barrie).

Litter No. 3—Binscarth Trader ex Binscarth Shadow (Ch. Much Ado About Nothing—Sugartown Drusilla).

Litter No. 4—Ch. Much Ado About Nothing ex Just My Token of Binscarth (Ch. My Own Brucie—Just My Passing Fancy, by My Own Ladysman).

Litter No. 5—Ch. Alderbrook Roderic ex Ch. Tapdance of Barrie (Payday of Barrie—Sheila of Barrie).

Litter No. 6—Scioto Noel (5 pts) ex The Gay Lady of Irolita (Ch. Midbrook Mister Freckles—Ch. Wilmerland White Sister).

Reservations for the above choice breeding and show stock puppies accepted. All of our matrons are of top quality. A few puppies and young adults for sale.

Write for further particulars:

BRACEBRIDGE ONTARIO

"You ask if there is a kennel breeding show type Setters that will really hunt. I could name several such kennels in this province alone. I refrain from doing so because "Kennel and Bench" carries advertising columns that reach the buying public.

"We have had several Field Trials under Canadian Kennel Club Rules in this Province, and it should be stated that it would not be possible to hold such a trial here if it were not for the entries of the so-called show type Setter. And in this connection it is this writer's unbiased opinion that those sponsoring field trials under Canadian Kennel Club Rules have entirely "missed the boat" as far as the purpose of Canadian Kennel Club rules are concerned.

"I agree with you that every man has a right to his fancy regardless of the sport in which he is engaged. But when it comes to playing a definite game under definite rules, then those rules should be observed. The performance of a perfectly trained dog at our field trials should not differ from that of an ordinary day's shooting.

"Take this so-called "fast dog" that scampers straight through a couple of fields as fast as his legs will carry him—is that dog quartering his designated course as required by the rules, and is he the kind of dog that you would take on your shooting trip? Charlie Sullivan, of St. John, N.B., and many other experienced hunters would laugh out loud at such a dog when they were out for game. Study your Movie shorts of hunting Pointers and Setters afield and you will always see the dog within a reasonable distance of his handler (amateur and professional) where he should be. One doesn't shoot from horse-back in this country, and it is the dual-purpose dog that the Canadian Kennel Club wishes to develop, and the kind the genuine hunter requires.

"True, in many parts of the land there are remarkable exhibitions of dogs afield where speed and range are essentials, and where it is necessary to be mounted to keep within sight of the dog. That is a great sport and I like it—knowing full well I am not following SHOOTING dogs, and I haven't a word against this form of field trial, but when you see such dogs performing in a fenced country as alleged shooting dogs, that is another story and it is the development of the dog that will give one a real days work in the shooting field and then win his share on the show bench that the Canadian Kennel Club Rules cater to, and those who assume to judge under those rules will be well advised to observe such rules."

\* \* \* \* \*

It is interesting to note that Mr. Pym appreciates the fact that, whether everybody likes it or not, there are developing two distinct types of field work for gun dogs. Personally I think there is room for both of them—for the fast wide-ranging field trial "speedster", and also for the close quartering shooting dog. I intend to discuss the reason for these two types at some later date, but in the meantime I think this thought is worth considering: There is room for some trainer (amateur or professional) to create a real sensation in the gun dog

game by developing a Triple-Purpose Dog, that is, a setter or pointer that will win on the bench, win in the fast field trials, and win a shooting dog stake. It can be done. I know a setter right now that will range wide or close to the dictates of his handler.

Now for the Central Canada item. I offer it in all humility because I happen to be co-owner with Charlie Bain of the lady in question. Her name is "Meg of Donaghmore", a daughter of an Irish setter who has just completed his championship on the bench. She ran at the Ontario Bird Dog Association Field Trials at Niagara-on-the-lake this month, and I don't think I exaggerate when I say that in some respects she was the sensation of the meet. Only eleven month's old, she won the comment from one judge that she "was as birdy a pup as I ever saw", and from another judge that "she is the only Irish setter I've ever seen that I'd really like to train". Her stamina and speed were, I think, unexcelled by any of the 49 field pointers and setters there. I mention these facts only because little "Meg" has convinced a lot of hard-bitten field trial fellows that show strain Irish setters still have all the birdiness of their ancestors in them—if their owners want to bring it out. I do not think she is an exceptional pup because I feel certain in my own mind that most of the show setters in Ontario would go out and do the same thing if they had been given the chance to develop that bird sense that is in every one of them.

So now for the East and Mr. Ryder's letter:

Mr. Ryder discusses the newly formed Irish Setter Breeder's Association of Great Britain and criticises me for the remark: "Are these Englishmen crazy". I must hasten to say that I did not intend to imply that they were. My intent was the very opposite, and I am completely in agreement with Mr. Ryder's statement: "When a body of fanciers decide that all is not well with their breed and they band together to try and right this wrong—and to do this they gather the opinions of men and women some of whom have been breeding Irish setters for forty or fifty years—we can at least grant that they know what they are talking about."

Mr. Ryder also objects to my statement that the Association in England has gone out on a limb by laying down height and weight standards for Irish setters. Again my intention was not to criticise, but only to point out that they have taken a step that is bound to cause plenty of argument. I have myself been urging this very thing, in all setter and pointer standards, in fact I have gone so far as to suggest officially for the Irish arbitrary standard of 24 to 28 inches for dogs and 23 to 27 for bitches.

Mr. Ryder continues:

"I have also read with great interest the extracts from your letters to the Secretary of this new Club. Your reference to 'flat sides' for instance. Is not this an American 'improvement'? I think the old Standard of 1885, which has never been changed, and only now has been enhanced, calls for well-sprung ribs. I have no doubt that you have known of flat-sided

**Canadian Exhibitors**

ones that had lots of stamina, so have I, but I know of a man that has no arms, yet he writes letters with his feet, and innumerable other things he does equally well, but I wouldn't like to say that everyone could do it, and that arms were not necessary. Is it not something like that you are saying when you say that heart and lung room are not really an asset?

No, Mr. Ryder, flat sides are NOT an American innovation, and I have never said that heart and lung room are not an asset. Varo Shaw, writing in Cassell's Book of the Dog in 1880 says: "An Irish setter should have the appearance of being flat-sided." I do not say myself that an Irish setter should BE flat-sided, but if anyone will take the trouble he will, I think, discover that physiologically there can be just as much lung room in a so-called flat-sided dog as in a barrel-chested dog. I'm afraid the well-sprung rib idea is one that will die very hard, like the physiologically unsound idea that a broad skull means more brain room. The answer to both misconceptions is that both the cranial and chest capacities contain a lot

## Handler's License

Any person handling dogs for pay or acting as agent for another for pay at any dog show held under the rules of The Canadian Kennel Club, Inc., should hold a license from The Canadian Kennel Club, Inc. Application forms will be sent to eligible persons on request and all such requests should be addressed to

**Secretary,  
Canadian Kennel Club,  
25 Melinda St., Toronto,  
Ontario, Canada.**

more than the brain and the lungs. Brains and stamina depend on the proportion of those capacities that are occupied by these organs. If anyone cares to look up the first standard of the Irish Red Setter Club formed in Dublin, he will read the following description of the body standard: "Body should be rather arched at the loin and inclined to be flat-sided. Back ribs short which tend to give a true Irish setter a rather tucked up appearance".

To quote Mr. Ryder again:

"I most certainly agree with you as regards the very urgent need of a revision of all Standards, but only in so far as the need to entirely eliminate all the indefinite terms that are used in 99% of them, such as 'moderately long or short', 'ears set on low or high', and a host of others far too numerous to mention, but all of which leave too much room for difference of opinion. Standards should be worded so that a Judge would have no chance for his own likes and dislikes. Who the devil cares what he likes? We want to know how near our dogs are to being perfect. I do not think your choice of the example you quote is particularly happy, viz the Springer Spaniel, for to me that is perfectly logical. There is, to my way of thinking, a vast difference between a 'pronounced stop' and a 'well defined stop'. What I mean is this: if you draw a line say, with a brush and Showcard Ink, that line will be pronounced, easily seen at a distance, whereas if you draw a line with a very hard draughtman's pencil, that line will be 'well defined' but definitely not 'pronounced'."

This sounds like a very interesting point. I am afraid it will require a lot more thought on my part before I can think up an answer—in fact it looks to me as though there isn't one. I'm afraid I'm beaten on that point, Mr. Ryder.

ALLISTER GROSSART,  
148 Empress Crescent,  
Toronto, Ont.

## MR. CLEATOR'S VIEWS

But that is not nearly all Mr. Grossart, it would appear that you have succeeded in getting the supporters of dual purpose dogs to do some thinking on the problem and whilst we most certainly respect the opinions of the owners of field dogs, at the same time we know for certain that 'good looks' will never harm an otherwise good dog, let him be good on the bench, or good anywhere else. So we go back West again and turn the 'Mike' over to Mr. W. F. Cleator, Kamloops, B.C. Dog Editor of "Angler and Hunter" who has a few timely observations to make—Mr. Cleator:

In reply to an article in March issue of KENNEL AND BENCH, by Alister Grossart, Toronto—for his information and others I would like to have the following observations published.

Answer to GUN DOGS—For fear of being prejudiced to my own theory I am going to refer to your own article which was published in the March issue of KENNEL AND BENCH.

There can be no doubt left in one's mind that you are finding it hard to understand why there are not more Dual purpose dogs in the field, and just how a pointer or a setter should perform at a field trial.

**DUAL PURPOSE DOGS**—The failure to produce more Dual Purpose dogs is not, in my opinion, the disappointment that so many would have you believe, (that the bench dog will not work, is more fiction than truth), but, I think you will agree with me, it is the want of the study of dog psychology, which is a settled rule of action used by many great field trial gun dog trainers, and which should be used more by the bench show exhibitors. With such a study and the proper knowledge of training the different varieties of shooting dogs, we would, I am sure, see more of the bench Champions competing in the trials.

Having an agreeable taste for the Dual purpose dogs myself, I think I can say without fear of contradiction, whoever happens to be the owner of such a combination, can be justly proud.

**FIELD TRIALS**—We know that we can single out many people who actually do not understand the rules governing field trials, and who are constantly spreading false information to the general public, and they seem to have quite an influence on some who are always on the alert to learn something new, and what is expected of their dogs at the trials.

**FOOD FOR THOUGHT**—Now if anyone who is capable of training, would before starting, acquaint himself with the rules by which his dog is going to be judged, (and I presume that the racing dogs to which you refer, are under the C.K.C. Rules), and would train him accordingly, the dog should put up the same performance that is required by the Judge.

No one wants to train a dog to perform under certain restrictions and rules and be judged out because the Judge has his own conception of what a dog should do, they must be judged by the rules that govern the trial. Although we may not see eye to eye, there should not be too much diversity from the original rules.

**PERFORMANCE FOR POINTERS AND SETTERS**—Quoting in part the C.K.C. Rules, "A Field Trial dog should not differ from an ordinary days shooting; he should thoroughly quarter the designated ground within reasonable distance, and should be under control of his handler at all times."

Speaking of running listen to this: "A dog that causes his handler to run while line running is out of control."

Surely there is nothing clearer and more to the point than these rules, so why listen to many and take it for granted that running under C.K.C. Rules a dog should work on the sky-line.

It is impossible to transfer horse-back trials to these rules and make them workable. Furthermore in some Provinces in the Dominion it is unlawful to shoot game birds from horse-back, so these types of heel-toe throwers for the man who has to depend on shanks mare are taboo.

Truly our sporting dog fanciers have much in common.

## A PALMER RETURNS FROM IRELAND

"Sandy" Palmer, of the "Ballycliff" Irish Terrier establishment, has recently returned to Canada from his native Ireland, where he had the opportunity of seeing a great many of the leading Irish Terriers in the British Isles and to become acquainted with the leading breeders, and as a result of these contacts he is now back in Canada brimming over with enthusiasm for the future of the breed, that it is conceded about the improvement in the "Micks" explains the ever-growing popularity that is so clearly obvious at the present time.

There may be much food for thought in the fact that it is Mr. Palmer's well considered opinion that the breeders in and around the North of Ireland, and particularly in Ballymena, have American breeders beaten in every respect, breed type, character and quality is outstanding; not only that, but every mother's son of them are determined to continue producing what they modestly refer to as "sound, honest Irish Terriers". They may lend "ballyhoo" to the odd big dog, but chiefly are they encouraging the right size and the necessary balance. "Sandy" liked them to the extent that he brought several back to Canada with him and he will expect them to uphold this little review later on.

It is agreed that "Bobbie" Grant, of Ballymena, has done a full share for the good of the Irish Terrier generally. He insists on producing dogs conforming to the breed standard and so he just automatically produces more good ones than any other single breeder to-day. Mr. Palmer invited Mr. Grant to write something especially for "Kennel and Bench" but at first he balked at the suggestion, having very little desire for such publicity, but the silver tongued Palmer's insistence at last prevailed and, thanks to "Sandy", we are able to present the observations of an authority on the well favored "Red Mick" of Ireland, says the sage of the Slemish Terrier Kennels himself:

"I have been very successful as a breeder of this great terrier. My dogs and their offspring have been awarded highest honours in every country where Irish Terriers are exhibited.

"Let me give a few words of advice to the novice. It is necessary to start well by purchasing a really good, sound, honest bitch which need not necessarily be a show bitch but one that is a descendant from a line that produces winners. If possible approach a breeder whose word is his bond. A wrong pedigree put to a dog is one of the meanest forms of theft, robbing many a novice of rich fruits for his labours.

"Character, type, coat, expression and movement are important points to look for in a dog. In short, it should be a sound animal without ex-

aggerations. Breeders pay far too little attention to expression and coat without which you have no Irish Terrier.

"Preparing a dog for the show ring is important. It cannot be done in a hurry; it takes time, attention and patience. The first step is worming. After all these pests have been removed, the dog is given a tonic to build him up. About 10 to 12 weeks before the show, with the dog in a good, healthy condition, stripping is begun. This applies to a good-coated dog. Roadwork follows and this is often overdone. I generally give my dogs a gallop in the fields; it is more natural and for this reason they enjoy it more. The dog is groomed, brushed and handled every day; he must be taught to be sensible as very often a dog's chances are foiled through wrong education. The head, neck, shoulders, etc., are finished about 14 days before the show, giving him the proper outline or type. But care must be taken that this is not overdone.

"The ambition of every breeder is the show ring. The keener the competition the more enjoyable I find it. No matter where the judge places your dog, always show the spirit of good sportsmanship.

"When in the ring always watch your own dog. Knowing all his 'ifs', do your best to make him as perfect as possible at the critical moment. Never take an advantage over your fellow-exhibitor; always encourage the novice and, win or lose, keep smiling!

"No article of this kind would be complete without mentioning the judge. His is a thankless job but nevertheless an important one. He is there to judge but not necessarily to please. I have seen gentlemen make fools of themselves in this capacity. Good judges are born not made. When acting in this capacity one must have the courage of conviction. I heard the late Father Thornton, D.S.O., say, when judging in Belfast 'If my greatest enemy, the Devil, had the best dog, I would place his dog first'. His words have often appealed to me; I would rather lose a thousand times than win once unfairly.

"In conclusion, I hope these few remarks will be of some interest to my fellow breeders and Canadian friends. If, at any time, any of them are over in Ireland, let me take this opportunity of extending to them a hearty invitation to the Slemish Kennels.

"I remain,  
"Yours faithfully,  
"R. Grant."

Editor's Note—Thanks, Mr. Palmer, we feel sure our readers will enjoy reading the story you have so lucidly furnished. We also thank you Mr. Grant for your words of wisdom which will be readily absorbed by those who desire to take advice from experience.

"We have been missing Mr. Palmer's "Breed Notes" in "Kennel and Bench" lately and hope that the column may be resumed at an early date.—It was really splendid while it lasted."

Dr. Harper, of Waterloo, Ont., has secured a young bitch bred in Ballymena and when she steps out at the shows we will watch her career with interest.

**TO ELIMINATE RABIES**

**SPECIAL**—New York, April 22—The first organized step leading to the eventual elimination of rabies in the United States will be taken on May 2 at 2 P.M. in the headquarters of The American Kennel Club at 221 Fourth Ave., here, when the special committee appointed by the governing body of pure-bred dogs will hold its first meeting. This committee was designated by the Board of Directors of the A.K.C. following the reported increase of rabies in various parts of the United States. Its work will be the formulating of the most practical plan for wiping out all traces of the disease.

The chairman of the committee is William L. Smalley, a member of the Board of Directors of the A.K.C. The other members are: Harry I. Caesar, also a member of the Board of Directors of the A.K.C.; Dr. J. E. Gordon, professor of preventive medicine and epidemiology, Harvard University Medical School, Boston, Mass.; Dr. Roscoe R. Hyde, professor of immunology, Johns Hopkins School of Hygiene, Baltimore, Md.; Dr. L. A. Merillat, executive secretary of the American Veterinary Medical Association, Chicago, Ill.; Dr. Edwin Reginald Blamey, former lecturer on veterinary surgery at New York University, New York City, and official veterinarian of the A.K.C.; Dr. Charles J. McNulty of Atlantic City, N.J., lecturer of the Veterinary School, University of Pennsylvania, and former president of the New Jersey Veterinary Medical Association; Walter Arnold of Westfield, N.J., breeder of dogs and judge of bench shows and field trials; and Arnold J. Brock, of

the law firm of Goldsmith, Jackson, and Brock, New York City.

Dr. Leslie T. Webster of the Rockefeller Institute for Medical Research was unable to accept formal membership on the committee, but he has consented to attend the meetings and take part in the discussions. Dr. John L. Rice, Commissioner of Health for New York City, has promised to assist the committee in its work.

**B.C. GUN DOG CLUB TRIALS**

The licensed spring field trials for Pointers and Setters of the B.C. Gun Dog Club Inc. were held on March 18th and 19th at Ladner, B.C. Judges officiating were: Derby Stake: Frank Kinsman and W. E. Plumb; Amateur Shooting Dog Stake: H. Castillou and W. E. Plumb; Open All Age Stake: H. Castillou and Frank Kinsman.

First in the Derby Stake was Major Austin C. Taylor's Taylor's Annie Rooney; second, Major Taylor's Taylor's Azalea; third, Mrs. E. Penrice's Muscle Shoals Zip.

First in the Amateur Shooting Dog Stake was Addison and Regan's Christies Sensation; second, B. J. Abbott's Boy; third, H. S. Hall's Welcome Gift.

In the Open All Age Stake Delta Sport, owned by the Delta Kennels, defeated nine other competitors for the first place award. Second was awarded to A. Gough's Pat, and third place went to J. Penrice's Horsford Canuck Drake.

Despite the weather the Trials were a decided success and the gallery was well rewarded by seeing some excellent dog work.

# NOTES FROM THE MARITIMES

I am indeed grateful to you breeders for the splendid response to my request for news. Keep sending it along, your co-operation is appreciated.

At a recent meeting of the Bedford Kennel Club, it was decided to again hold their annual show July 1st. provided this date is approved by the Canadian Kennel Club. The judge for this fixture has not as yet been chosen but a strong committee are in touch with some of the top-notchers. It is hoped this year's show will be the best ever held and the committee would like to see more dogs entered from upper Canada. The show will be held at Franklin Park overlooking the beautiful North West Arm. For further particulars see the advertisement in the next issue of "Kennel and Bench."

Fred O'Connell the well known Cocker and Boston terrier breeder has a number of young ones that will be ready for the fall shows. A very stylish and well put together parti-color cocker is receiving much attention. This pup should go places. Some very nice Boston puppies are being groomed for the circuit. These youngsters are royally bred combining "Flash Again" and "Kid Boots" bloodlines.

A. V. Martin of Halifax, the noted Collie breeder, had the honor of judging his favorite breed at a recent show at Springfield, Massachusetts. This is not only an honor to Mr. Martin but to Nova Scotia in general.

Dog breeders in the Maritimes will learn with regret of the illness of our good friend J. E. Burns. His Irish Terriers were always put down in tip top form and were in the money. Mrs. Burns has decided to dispose of some of this stock. This is an excellent opportunity for Irish Terrier breeders to purchase an excellent brood bitch of the proper breeding. See the advertisement in "Kennel and Bench".

A visit to the Bluenose Kennels of G. D. Anderson revealed a fine display of Scottish Terriers. That good little dog "Bluenose Kaptain" is looking better every day. You will recall that this little dog went best in show at the Bedford Kennel Club puppy show held last December.

A very singular occurrence took place in Nova Scotia a few weeks ago. A Doberman Pinscher owned and trained by the R.C.M.P. and used by that body in police work was the means of locating two lost children.

W. G. Smith and his kennel of wire haired fox terriers are preparing for a bumper year. Sales at this kennel have been exceptionally good.

G. J. Currie, of Halifax, reports that sales are brisk and that his cockers are in demand.

Please send your Nova Scotia notes to Arthur Smith, 75 Atlantic St., Halifax, N.S. and be assured of his best attention.

The kennels of Mrs. A. S. Kirkland are kept busy, the dogs are all in perfect coat and raring to go. Intensive line breeding and a special diet have improved the original stock. Three first class studs are housed here.

Harold McMurray of Fredericton, N.B., expert trap and skeet shooter who has always owned a gun-dog, has recently imported two very excellent English setters, a blue and an orange

belton from the kennels of Isaac Sharp, Ltd., Scotland, "Stylish Winalot" and "Stylish Spotlight", three year old dogs that already have had much experience in the field with various game. Mr. McMurray has had them out already on some bare covers and reports on them most favorably. We feel sure such an experienced hand with the gun will get the most out of his new purchases also it is hoped they will in time leave some equally good descendants to improve such field setters now in New Brunswick. Many will recall Mr. McMurray's splendid dual purpose Labrador, "CH. Gilnockie Port" a black retriever that did yeoman service for his genial owner also was best Labrador at the great celebrated show of the A.K.C. Sesqui Centennial at Philadelphia some years ago—a winner of two gold years ago—a winner of two gold medals at that event, one for best retriever any breed.

John S. Savage, of Fredericton, is the proud owner of a female Boston terrier sired by Mrs. Frost's "Katinka Showboy Jr.". At the present time this pup seems to have all the quality one pup is entitled to. Mr. Savage also has a good daughter of "Saint John Introduce Me" showing in whelp to "Flash Again Stand By".

Dr. Reed, of Woodstock, N.B., is bringing along two Boston female puppies sired by "CH. Carry on Royal Kid" ex "Katinka Belle III". This little female was the winner of the non-sporting group at Saint John last September. The Dr. is shipping one pup to California when old enough to stand the trip and is grooming the other for the fall shows. Dr. Reed has also imported a lovely nine months old male from Philadelphia. This pup is grandsired by "CH. Carry On Royal Kid" on dams side and "Int. CH. Royal Kid Regards" on sire's side.

Cossar Farm, Lower Gagetown, N. B., the home of good Scottish Terriers has recently imported "Heather Labelia" a daughter of "CH. Heather

Fashion Hint". The dam of Labelia boasts "CH. Heather Essential" for her sire. This new importation is now nursing a litter by "CH. Reefer of Rooks". Cossar Kennels report the best lot of home bred Scotties ever, their "Reefer" dog is stepping up the kennel in this respect. By the time this news goes to press, "CH. Cossar Constance" will be on her way to Ohio to Dr. J. H. Page who already is the owner of two dogs from these kennels, "Heather Walter" and "Cossar Barty" that have been siring some real Scotties for the doctor. "Cossar Constance" had a splendid show record in the Maritimes, we hope she does as well for her new owner in Ohio.

We are indeed pleased to hear from Mrs. R. F. Houlston of the Miramichi Cocker Kennels, Derby Junction, N.B. "Miramichi Pilot Peter" a young grandson of "CH. Much-ado-about-Nothing" is strutting his stuff over the birth of a most promising litter, all black and every inch cockers. "My Pride and Joy" a ten month old black bitch has quality plus and from all appearances will be seen in the show ring this coming fall. She is a neat compact bitch with a beautiful head, a real mover and one that will be there trying all the time. She is a litter sister to "Pilot Peter" out of "Pauline of Barrie" an "Int. CH. My Paul bitch and out of "Mitzie of Barrie."

CH. "Hagerty Again Baby Flirt" is nursing a litter of three males sired by "Flash Again Stand By" a son of Int. CH. "Flash Again." "Baby Flirt" is a full marked daughter of the late CH. "Hagerty Again." CH. "Jean Whiz" has a perfectly marked pup sired by "Saint John Carry On" a 12 lb. son of CH. "Carry On Royal Kid". Mrs. B. M. Frost the owner of the above mentioned dogs has sold "Katinka Show Boy Jr." to J. R. McKenzie Marois, of Sherbrooke, Que. This dog will be piloted over the Canadian circuit by Alf. Loveridge.

The Cedargrove Kennels of J. G. (Gerry) Cavanaugh in Saint John are again on the active list in the breeding of Cocker Spaniels. They have wintered seven cockers of which six are females. Several puppies out of "Thetford Bonnie Fairlie" sired by "Cedargrove Red Wonder" are very happy in their new homes. At present the dam of "Fairlie" is bred to Jack Sheridan's "Carnidan Trader". This dog will be remembered as the cocker that went best in show at the fall event of the New Brunswick Kennel Club last September. This bitch is named "Thetford Rosemary". A new arrival at this kennel from R. H. Heppleston, Barrie, Ont. is a very typey black cocker with quality plus.

On the banks of the beautiful Kennebecasis River five miles from Saint John. is where Robert W. Short of the Shortland Farm Kennels has bred Boston terriers for the past 30 years. Twelve matrons are kenneled there and boast as their parents CH. "Delmar's Bubbling Over" a grandson of that great sire "Sigourney King". "Hagerty's Little Flash Again" a worthy son of Int. CH. "Flash Again", "Little Billy Boss" a litter brother to CH. "Dusty's Little Boss" and "Fair-

son Boy" who is a grandson of "Fair-lawn Full O'Fun". Mr. Short is grooming two very nice females for the spring circuit. Cocker Spaniels are being added to these kennels and for foundation stock a parti colored bitch from Commissioner R. L. Grannan's Rockaberry Kennels has been chosen. If breeding means anything this female should deliver the goods. CH. "Kindon Freckles" is the sire and a bitch by CH. "Limestone Laddie" a half brother to the great "Red Brucie" is the dam.

J. P. Nuttall was the lucky winner of a pup won at the last show of the N.B. Kennel Club. Mr. Nuttall decided on a Springer and asked that if possible it come from the Sunstead Kennels of Frank Shute. So he will have a son sired by "Clarion of Sunstead" ex CH. "Thorn of Sunstead".

Mrs. W. S. Clark, president of the Animal Rescue League and her committee are working like trojans to make "Be Kind to Animal Week" a bigger success than ever. Members of the League are utilizing the radio and newspapers in an effort to encourage better treatment for dogs and other animals.

A delegation from the N.B. Kennel Club, conferred with the directors of the Saint John Exhibition Assoc. with reference to space in one of the buildings on the grounds for the annual all breed dog show. A further meeting will be held in the near future.

## Obituary

JAMES F. STRACHAN  
PASSES ONWARD

The sport world generally lost one of its strong pillars on Wednesday, April 5th, when James F. Strachan, Montreal, passed on to join the great majority. It was with hockey that the late Mr. Strachan's name was most closely associated and those who remember the Montreal Wanderers will recall that team being tops in the years 1906-07 and 1909. It will also be recalled that the Montreal Maroons won the coveted bunting of professional hockey in 1926.

Coming to the Canadian Kennel Club in the summer of 1916 he continued in membership until 1933 and in the interval he developed a kennel of wire fox terriers that became favorably known in the United States and Canada. Some of the early dogs were "Ormsby Lightning", "Ormsby Metagami", "Ormsby Mary Ellen", "Ormsby Snowball" and etc., but the achievements of his "Homeless Hector" is a story all in itself. In the hands of Alf Delmont the great "Hector" travelled this Continent's shows high, wide and handsome. Mr. Strachan served as a Director in 1917, as Second Vice-President in 1924-25 and for 1927 he was elected Director for the Province of Quebec.

Our illustration shows the "Two Jimmys", on the left the late Jimmy F. Strachan and on the right Jimmy D. Strachan, the writer of this little thumb nail sketch. This picture was taken at the Ormsby Kennels on the banks of the St. Lawrence when "Ormsby" was at its height of popularity. The kennel manager, Harry Armistead, had all the dogs in the pink of condition. All dogs were tattooed for identification and the private record of the kennel was concise, clear and up-to-the-minute, all of which the departed Mr. Strachan was inordinately proud, as he had every right to be.

Our readers join the President and Directors in extending sincere sympathy to the late Mr. Strachan's family at this time.

#### HOLLAND BUCKLEY

Dog lovers the wide world over are to-day mourning the passing of 'the greatest Roman of them all' i.e., "Holland Buckley" of the 'Clonmel' Kennels, at Burnham, Bucks, England, a man in a million and known favorably throughout the world as the greatest authority on the subject of dogs. The enthusiasts of Yorkshire who took the

Welsh Harrier, the otterhound and possibly the bull-terrier and the sheepdog and made the largest of the terrier family—the airedale terrier, gave the "Clonmel Wizard" his magic dog and after a lifetime of interest in the breed, the records show that 42 airedale terrier champions ate their dog cakes regularly in the Clonmel Kennels.

Like his friend Mr. Walter H. Reeves, of Belleville, Ont., Mr. Buckley was unalterably opposed to the practice of artificial preparation for the show ring. And when he was the "first man in the ring" breed type and character, plus soundness, never suffered at the hands of preparation for effect.

The writer shall never forget the friendliness of the great Holland Buckley when he was the guest of honor at a banquet held in his honor at the Kennel Club headquarters, 84 Piccadilly one summer night in 1935. What a privileged occasion that was.

Canadian fanciers extend sympathy to Mr. Buckley's widow, his daughter, Mrs. Cecil Barber and his son Holland Buckley Jr., Assistant Secretary of the Kennel Club, London.

#### MRS. MATT GRACEY

Friends of genial Matt Gracey, Toronto, will learn with much regret that Mrs. Gracey was laid in her last resting place, as far as this world is concerned, on Saturday, April 8th, whilst Toronto Kennel Club Show was in progress. Our sincere sympathy to Mr. Gracey at this time.

#### S. S. VAN DINE

Fanciers who are also readers and particularly readers of "creepy" mystery stories will regret the passing of that great personality, S. S. Van Dine (Willard Huntington Wright) on April 11th. The super writer was only 51 years old at the time of his death, therefore we consider his passing a very definite loss to America.

During 1932, he imported the Scottish Terrier "Heather Reveller of Sporrán", a great show dog that was constantly in the limelight. An important kennel was built up around the hefty "Reveller" and that fine Scotchman, Wm. Prentice, of Haworth, N.J., took over the management for Mr. Wright and there seemed to be no limit to the possibilities of that combination, but there came a day when enthusiasm waned and gradually the once proud kennel became non-existent. Our favorite book from S. S. Van Dine's pen was "The Kennel Murder"—you should read it if you haven't already done so.

#### ENGLISH KENNEL CLUB S.B.

Stud Book No. 66—The Stud Book of the Kennel Club (England) for the year 1938 has just arrived, and as usual it is an exclusive and generous compilation of official information which is contained in over 1000 pages. The editor is the Club's Secretary, H. T. W. Howell, and the volume is a marvellous tribute to his well-known efficiency.

# HIGHLIGHTS OF CHICAGO SHOW

When Mrs. M. Hartley Dodge's already famous doberman pinscher won for Best in Show at Chicago, the \$1000.00 John C. Eastman Trophy, offered for three such achievements, became her permanent property. It is a handsome cup and representative of a show like the Chicago fixture. . . . For outstanding service in the cause of dogdom generally, the Dog Writers' Association, through its immediate past president, Capt. Will Judy, of the "Dog World", Chicago, presented the associations award of merit, a beautiful plaque, to C. E. Harbison, manager of the Chicago show and secretary of the Dog Writers' Association. . . . When accepting the award, Mr. Harbison asked that part of the populace attending the show to be up-standing whilst he read "Senator Vest's Address to the Jury", the epic with which every dog fancier is familiar, or at least, should be, and it was a sight never to be forgotten to see the thousands of people standing up in their places bare headed, as Mr. Harbison's resonant voice told the heart catching story over the loud speaker system. . . . When we said "thousands of people" we meant just that and our illustration will serve to show a part of Mr. Harbison's huge audience. . . . The Canadian judge, W. H. Reeves, had a swell class of group representatives from which to select his best one. For instance, Mr. and Mrs. A. B. Duke's pointer, Ch. "Pennine Paramount of Prune's Own"; the beagle, "Meadow Lark Draftsman"; The Smooth Fox Terrier, Ch. "Nornay Saddler"; an outstanding miniature pinscher, "Barbele v. Wurzbürger Glokle"; a dalmatian all the way from California, Ch. "Four-in-Hand Mischief" and the doberman pinscher, Ch. "Ferry v. Raughfelsen, with the call going finally to the latter. . . . One way to make judges was demonstrated through a new idea—amateur judging

contest, and to ensure freedom from distraction this feature was held on Friday, March 31st. No less than 19 youngsters entered for this contest and one had come all the way from New Jersey in order to participate. Standards had been supplied and the contestants were allowed to choose their own breeds. The judges were Geo. S. Thomas, W. H. Reeves and Anton Korb, from California. . . . To watch these serious minded young men and women apply their interpretation of the standard to the dogs coming before them was well worth watching. Particularly appealing was the very industrious young lady who you see holding the prize offered in the contest. Quite methodically would she examine forequarters, hindquarters, head, body, coat, texture, teeth and etc., then enter her findings in her score sheet. All the other contestants had their own several ways of making their scores. . . . C. Groverman Ellis, the very enthusiastic president of the International Kennel Club of Chicago, and his general manager, C. E. Harbison, were greatly interested in this new innovation. Graduated prize money from \$30.00 down to \$10.00 in \$5.00 steps, besides the Trophy, furnished the magnet which drew the entry. . . . The judges were quite surprised as they watched the judging and kept an eye on the manner of building up the scores. . . . The obedience tests had 42 entries and this feature held a large portion of the gate thoroughly entertained for hours on end. Cockers were 127, Bostons 59, dobermans 54 and schipperkes with an all high time entry for this continent, as far as we know, 48. . . . *Field and Stream* had a two reel moving picture showing bird dogs in action and that was a genuine treat for all lovers of field dogs. . . . The Shepherd Dog Club of New England furnished a sound breed education through 5 reels of film that taught all there

was to know about judging German shepherd dogs. This feature was most attractive. . . . The several visits to the Saddle and Sirloin Club were not only greatly appreciated but they also added inches to many waistlines. As hosts, the chairman of the International Kennel Club of Chicago, Arthur G. Leonard, and the president, C. Groverman Ellis, have no equals. I refer you to our president, Mr. Sparkes and to our 2nd vice-president, Mr. Pym, for confirmation. . . . W. H. Pym had a full share of the judging to take care of and out of six sessions in two days he participated in no less than five of them. . . . One of the busiest persons at the show was Mrs. Ellis, wife of the president, and long before any judge appeared in his ring on the opening morning of the show a generous bunch of daffodils was placed on each table and this touch, when added to the general color scheme, gave the whole setting a finished appearance. . . . When we noticed the cairn terrier entry reading "979, Mrs. L. M. Wood, 'Mohawk of Melita', listed. By 'Hamish of the Sheiling'—'Conwood Belle' Feb. 14th, 1938, breeder Mrs. L. M. Wood", we smartly referred to the list of exhibitors to see if we had an entry all the way from Victoria, B.C. We had the entry all right but neither "Mohawk of Melita" or Mrs. Wood, and were we disappointed. . . . Another Canadian entry was Fred C. Spiker's (Hamilton, Ont.), noted kerry blue terrier, Ch. "Lisnalia Enduska", the United States Kerry Blue Terrier Club Specialty Best in Show winner, but the upstanding "Enduska" was also an absentee. . . . Canadian dogs were conspicuous by their absence and there were many who made that observation. . . . Cliff Tushingham, Oakville, Ont., was keenly interested in the kerrys having "Longview" as part of their name and he couldn't lay claim to any disappointment. "Long-

C. Groverman Ellis with winners of Amateur Judging Contest. (Left to right) Miss Joan Little, 1st prize winner, Blackhall Kennels, Northbrook, Ill.; Miss Ann Pearsall, 240 N. Worth Ave., Elgin, Ill.; Miss Helen F. Hinckley, 504 Oakwood Blvd., Chicago, Ill.; Miss Peggy Shannon, 6714 S. Elizabeth St., Chicago, Ill.; Roy H. Hughes, 711 S. Edgemere Drive, Allenhurst, N.J.; Howard Littlejohn, 510 Normal Rd., De Kalb, Ill.

A general view of the great Amphitheatre, Chicago, showing the working group being sorted out by Judge Lewis S. Worden and from the Group came the Best Dog in Show Winner, "Ch. Ferry v. Rauhfsen," owned by Giralda Farms, Madison, N.J.

view Sensation", now owned by Richard T. Hough, Winnetka, Ill., won the open class, then to winners dogs and finished up with best of winners. "Longview Blue of Thorndale" won the winners class for Horace G. Lepman, Chicago. "Longview Sunshine" won open and reserve winners for Henry O. Pattison, Jr., Maplewood, N.J., and so Canada's contribution to kerry's was substantial. . . . One of the busiest men at the show was Mr. Sparkes, the president of the Canadian Kennel Club, who met many of his old bulldog fraternity here and some of his old bulldogs as well, such as "Kamel Moravian Mainspring", the winners dog and Ch. "Cefnmably Queen" who was returned best bulldog. . . . This show was hard on "boiled shirts" and every evening the "tux" had to come out of the moth balls. . . . Everything about the place was attractive and to be there was really pleasant.

#### A SOLID GOLD CUP

A solid gold trophy for a dog show prize is a rarity but that is exactly what the Wildwood Kennel Club will feature at its show to be held at Saratoga Springs on Sunday, August 20th. This trophy will have a cash value of \$1,000.00 and will be awarded to Best Dog in Show. At this fixture the all-breed Canadian judge, Mr. W. H. Reeves, has been named to judge the Sporting Group and it was from this division that Saratoga's "Best" came last August 21st, when Herman E. Mellenthin's sweet little black cocker, Ch. "My Own Brucie", won the \$850.00 silver replica of a cocker and then went on to win a huge sterling silver trophy valued at \$825.00 offered for Best in Show—not bad pickins' for one day, but to top that Herman was obliged to refuse a fabulous offer for his "Brucie".

#### ADDITIONAL AWARDS

##### Mount Royal Toy Dog Club

Yorkshire Terriers—Winners Dogs—William Ogilvie's Ch. Mickie 2nd (3 dogs, 2 points); Reserve Winners—Mrs. A. H. Brander's Ruffles of Rosevale.

#### NOTED YOUNG SPRINGER SPANIEL DEAD

We are sorry to learn of the death of "Trevillis Meg" which Mrs. Hugh Ryan of Tors Park Kennels, Toronto, had imported from England in November last. "Meg's" body has been mounted for exhibition purposes by the Royal Ontario Museum. This rather splendid young bitch was only just a year old and was the most promising young female that Mrs. Ryan was able to find in England. "Meg" bore a marked resemblance to her great sire, Int. Ch. "Winning Number of Solway", winner of 28 Challenge Certificates including the envied Crufts, and 12 times Best of All Breeds. "Meg's" brief record supported the high hope held for her future, and it will be rather difficult to replace her in Mrs. Ryan's breeding programme. We do understand though that efforts are already under way to purchase another 'Winning Number' bitch for mating with 'Nimble Toast of Tors Park', the young dog brought out from England in his dam "Trevillis Lizzy". "Nimble Toast" boasts of having Ch. "Nimble of Hamsey" and Ch. "Dry Toast" as his grandsires so that a mating by

him with a 'Winning Number' bitch would produce stock close up to the three outstanding winners in recent years, and in fact of all time. "Nimble of Hamsey", holder of some 100 Challenge Certificates and still winning, has created a record which has probably never been approached by his breed in England. Included in his winnings was Crufts's Golden Jubilee Cup, one of England's choicest offerings.

We understand that the stock imported by Mrs. Ryan for the Trevillis Kennels has attracted the interest of a number of breeders in the United States due to the remarkable success at all championship shows in England by the 'Trevillis' dogs. With one lone exception, over a period of 14 months, the Trevillis Kennel was awarded every English Springer dog certificate at every championship show, and 40 Challenge Certificates were won during that period, so that prior to the severe illness of Mrs. Santer, their owner, which precluded attendance at many of the important shows, Trevillis Springers were almost invincible. "Nimble of Hamsey", "Winning Number of Solway", "Dry Toast", "Balgray Joy", "Miss Amy of Solway" and "Trevillis Cuthie", who won his first Championship Certificate when only 10 months old and was winner of every puppy class at championship shows in his puppy year, dominated their respective classes.

Mrs. Ryan's foundation stock is close up to these dogs and as they do, the best blood of combining "Inveresk", "Beauchief", "Solway", "Ware", "Hamsey", "L'le", etc., strains, it should not be long before Mrs. Ryan has attained her objective to breed herself a Springer conforming in all points to her ideal—a dual purpose dog. In fact she already holds high hopes for a four months old puppy by "Trevillis Fearless" that is linebred to Champions "Dry Toast" and "Marmion of Marmion".

Mrs. Ryan is to be complimented on having brought to Canada the best blood she could obtain in England, and we trust that the death of "Trevillis Meg" will only be a temporary setback, and that she will soon be bringing out some more of England's best Springers, and so further indulge in the hobby that lies so close to her heart.

## SYNONYMOUS TERMS

Synonymous—We were asked the other day to explain the word "Synonymous" and at once we thought of words having nearly the same signification as other words and like the proverbial drowning man grasping at a straw, we grabbed the words, "St. Lawrence Market" "Rockley Airedales", "Sid. Perkins" and "Sea Food". We hardly expect our readers to see the significance of the relationship of the terms quoted without some little word of explanation, so here goes:

For many years now, Sid Perkins, the very enthusiastic owner of the noted "Rockley" prefix, has sold sea food in large and varied quality and quantity at the well known Toronto St. Lawrence Market, and to those persons familiar with the market, "Perkins", "Rockley Airedales" and "Fish" must be, and are synonymous terms. Just go down there some day and see if our interpretation is not substantially correct.

The other day we found our way down to the Market to see "Sid" about advertising for Kennel and Bench, and being naturally observant, here are some of the things we noticed. First, we met an old friend who used to be well known to Toronto dog fanciers, as a representative of Langley, Harris & Company, Ltd., Toronto, distributors of Spratt's Patent, Limited, dog foods and accessories, E. Reid, and so the first moment was a pleasure. As we stood there chatting, we saw a tidy looking woman and her equally tidy looking little girl. They did not seem to be interested in anything particularly, but the writer felt that there was a hungry look in the eyes of both. As this picture was taking on focus on our thoughts, Sid was noticed putting a piece of salmon, two herrings, and a rather large mackerel into a parcel and tying it up. I mentioned these things to Mr. Reid and just as I had surmised, the parcel was slipped into the poor woman's eager hands. Her eyes flashed her expression of gratitude, but it was just another good deed for that day and big-hearted Sid was at his other chores at once. Poor people who know the market, know all about Sid's generosity, his Airedales and his fish.

Here is a stack of herring barrels. From the outside we find they have come from several Seas, but this lot are from Holland particularly; displayed on top of the kegs is the beautiful Ross-Miller Trophy won by Sid's great Airedale, Ch. "ROCKLEY RIOT ACT" for best Canadian-bred winning the greatest number of championship points during the Golden Jubilee year. The background is Canadian Kennel Club Championship Certificates, Spratt's Patent, Ltd. Golden Jubilee Certificates, Central Canada Exhibition Certificates, many Cups, handfuls of ribbon, an explanatory blackboard telling of Morris and Essex achievements by Rockley Airedales and of Westminster achievements by dogs sired by Rockley stud dogs. From above looks down an awesome shark, an atrocious alligator, a sea sturgeon. For further colour, we have Salt Cod, Digby Chicks and as Sid says, "If it swims in the sea, we have it."

Anything that has been said about Sid Perkins and his Airedales hereto-

## Rockley Airedale Terriers

### Rockley Airedale Terriers At Stud

Five Champions at Stud (see March issue of "Kennel and Bench") including hard beautiful coated, marvelously boned, great headed Champion Rockley Brigadier, also Rockley Robin Hood and American Champion Eleanore's Prince Hal. These are three of the greatest Terriers alive having great bone and style. All are perfectly sound and under two years old. Their puppies show great promise. Book services now while they remain at this low price, \$15.00 per dog.

#### PUPPIES FOR SALE

#### SID PERKINS

St. Lawrence Market  
Toronto, Canada

fore in this magazine, Sid has paid for. He is just that kind of a fellow. "Who'll support Kennel and Bench if the members won't do it," Sid has always said, but this notice is "on the house", and in closing we would say that Canadian dogdom could afford to have many more pillars of the calibre of Sid Perkins, philanthropist, Christian gentleman, Airedale lover and fish merchant, a man with a big, kind heart.

#### A FISHING EDITOR

Far Travelled Editor—that is Mrs. Phyllis Robson of "The Dog World" (England). Once in a while we learn that she is in London, busy with the Christmas Number of her very influential paper. Then we find that she has flown the coop; and later we contact her at the Morris and Essex Show, and then, where is the woman? Her paper nonchalantly advises "Readers are asked to note that dur-

Temple City, California, U.S.A.

ing Mrs. Robson's absence no letters can be forwarded." And that is that.

This year Mrs. Robson has been the guest of Mr. and Mrs. Justin W. Greiss, of Hamilton, Mass., wintering at Key West, in Florida. We hesitate to suggest that Mrs. Robson has joined the Annanias Club, but she has taken to fishing, and you all know what that entails. However, at fishing as at horse racing, there is always the well known beginners luck, and so we find Phyllis on the front page news of "The Key West Citizen", as having caught a 22 lb. Barracuda, and from that type of sardine, Phyllis advanced to the higher classes, such as "open", and "open miscellaneous" might be better coverage, for we find on British Sports woman again on the front page as having successfully handled and landed her own Tarpon, known to deep sea fishers as "The Silver King of the Seas", and now we can hardly wait to hear sister Phyllis tell of "the big one that got away", of her "blistered hands after the Tarpon escapade", and to see her demonstrate the length of the "biggest one", and as Mrs. Robson is close to six feet high, and her arm stretch is in proportion, it will have to be a good big one, that she will not be able to describe measurements for, we were going to add—"in imagination" but we better not take that chance. Anyway, Mrs. Robson is again in England, after enjoying the greatest holiday experience of her life, and happily conscious of great and desirable health improvement.

#### WITH THE KERRIES

"The Kerries are Coming"—Those were A1 wins that were made by Fred Spiker's excellent Kerry Blue Terrier, Ch. "Lisnella Enbuska", at Toronto and Guelph where he negotiated the competition at both shows and landed Best in Show in each instance. In the opinion of experts, this smart Kerry Blue is still improving and has not yet come to full bloom. The dog was put down in wonderful shape and his ring manners leave nothing to be desired. "Dame Rumour" has it that there is another English dog now in transit, labelled "Hamilton, Ont.", this one is "Rogue of Rom" and he is a litter brother to Int. Ch. "Netswell Rancee". This will make things bristle in "Kerrys", as the new dog has done quite a bit of winning in England. It will be remembered that it was one of the "O Rom" dogs, Ch. "Ranker O' Rom", that won for Best in Show at the "Shriners Show" (Toronto Kennel Club) back in 1930.

Where have all the "Kerry" fanciers got to? For instance, Wm. Lytle, J. Cahoun, Herb Dale and Miss Buller Le Vesconte.

Cliff Tushingham has sold a nice young bitch to W. Day, of New York, who judged "Kerrys" at Chicago recently. We believe that Mr. Day has been honoured in having received an invitation to go to Ireland to judge.

Other lovers of the "Kerry" that are stepping into the limelight are: Mrs. J. E. Whealey, owner of the winners dog at Toronto, "Terry O' Flynn" and J. Dalton, Jr., owner of "Kindon Me Murphy", an up and coming youngster who is a lovely colour, and when he matures he will be able to give a good account of himself. GEORGE DAVIES.

### DR. DEEMS IS TOPS

Congratulations from our Boston Terrier fanciers are in order in respect to one of this number, Dr. Oren M. Deems, well known at all Ontario shows. Dr. Deems, owner of the "Dee" Boston Terrier Kennels at East Longmeadow, Mass., has been elected president of the Exposition Leash Club. By way of explanation we would advise that the "Exposition Leash Club" is the good-will contact for the Eastern States exposition dog shows and is comprised of the principal breeders of New England. Dr. Deems has as his close supporters Dr. Joseph Redden, Fred Alfred Bearse and other celebrities well known to dogdom generally.

For further particulars we refer you to our Honorary President The Honourable Mr. Justice McFarland, and Vice-President Captain H. Dudley-Waters and our Second Vice-President Mr. W. H. Pym, and our good friend and adviser Mr. Peter Wright and those other gentlemen who may have been sufficiently fortunate to have crossed the threshold of the Exposition Leash Club. Dr. Deems will unquestionably make the perfect host so more power to his arm.

### TAKE YOUR DANE ALONG

When you are out viewing the cherry blossoms and you happen to be a Great Dane fancier, it might not be a bad idea if you would "fill up the tank" and continue on down to Portchester, New York, on May 6th and join with the members of The Great Dane Club of America, who will be celebrating the second phase of their 50th Anniversary Celebration. On the afternoon of that day the Club will hold its Third Annual Puppy Sweepstake Judging Contest. This is a feature which will be well worth any effort made in attending.

Later on, the third manifestation of celebration will be the Club's Golden Anniversary Specialty Show, which will be held in conjunction with the world's greatest outdoor dog show, the Morris and Essex. The entry is likely to be a record for the breed in this country, as the judge will be that recognized authority Mr. Charles Kamp, Setanket, L.I., N.Y., and the Club's offerings of sterling trophies, plus the Morris and Essex generosity, should draw every entry from far and near.

### BECOMES AMERICAN CITIZEN

The consistent Scottish terrier winner, Ch. "Boldmere Binder" which Alf Loveridge, Toronto, brought over from England on January 8th, last year, and turned over to D. C. MacLachlan, Toronto, has been sold to Wm. L. Roberts, Detroit, Mich. Ch. "Boldmere Binder" is a double cross of Ch. "Heather Necessity" and will be a welcome addition to the Scotties in the Auto City. He had a splendid show career and touched Best of Winners at Montreal and Best of Breed at Windsor. Out of eleven shows last year he collected the points on five different occasions and now he will likely be sent after international honors.

### SERGT. CAWSEY HONOURED

The German Shepherd Training Dog Club of Chicago honoured Sergt. J. N. Cawsey, of the Royal Canadian Mounted Police, by electing him as its first honorary member. Our shepherd column readers will remember the sergeant's achievements with his trained shepherd, "Dale", who became a nightmare to lawless men on the prairies of western Canada. A training school is about to commence at Regina and four footed officers of law enforcement will be attached to their two footed human associates and we can think of no more reliable combination for the protection of person or of property.

### BENCH AND TEST JUDGE

Alex L. Gooderham, Toronto, has been selected to judge German shepherds at Alexandria, Va., on April 29th, and on April 30 he will judge the Obedience Tests at Charleston, W. Va. Mr. Gooderham will no doubt receive all the judging invitations that he cares to accept, because he knows the breed well and he knows all about the "Obedience Test" requirements as well.

### GERMAN SHEPHERD SPECIALTY

The German Shepherd Dog Club of America will hold its annual specialty show on May 26 at Westfield, New Jersey. The show will again be staged in the armory of the 102nd Cavalry, New Jersey National Guard, which met with such wide approval last year.

## TATTOOS FOR DOGS

**KETCHUM  
MANUFACTURING CO.**

Box 361R

OTTAWA

CANADA

from both exhibitors and spectators. It affords excellent accommodations with a spacious ring and perfect footing of hard earth, good light, and convenient seating for onlookers as well as refreshment facilities. This location is close to Madison, N.J., making it highly convenient for exhibitors at the Morris and Essex to show also at the specialty show. Shepherd fanciers have an opportunity to attend what will probably be four five point shows in the space of eight days; starting with the National Specialty and including Morris and Essex, the Shepherd Club of New England Specialty Show and the show of the Greenwich Kennel Club, the last two on the following weekend.

Full classification will be offered at the G.S.D.C.A. show this year with numerous sterling silver trophies in addition to prize money. The Von Stephanitz world prizes—among the handsomest challenge trophies ever offered for dogs—and the Grand Victor and Grand Victorix titles will also be in competition.

Reginald M. Cleveland of Port Washington, L.I. will judge the dogs and Lawrence V. Gardner of Montclair, N.J. will judge the bitches and all specials.

At its National Specialty Show, the German Shepherd Dog Club of America has included this year two novel and interesting classes. They are respectively for dogs and bitches which possess any of the training titles awarded at A.K.C. obedience tests. The animals will be judged solely on their merits as show specimens but must possess one of the three obedience test titles to be eligible for these classes.

### GOOD SPRINGER FOR VICTORIA

Charles K. Senior, Victoria, B.C., has just returned from England, after spending a five months' visit in the Motherland and with him came the springer spaniel, "Dalemoor Donald", a son of Ch. "Dry Toast", out of "Bon-Vivant Brenda", a daughter of Ch. "Beauchief Boreal". The breeding behind this new importation is the very best and the dog will have his own place to fill in the springer section of dogdom at Victoria.

### COCKER CLUB OFFICERS

The Cocker Spaniel Club of Canada has turned the presidential responsibilities for the current year over to the aggressive Harry Hogg, Toronto; Peter Herd, Vice-President and J. Curran, 525 Lansdowne Ave., Sec'y-Treas. It will not be surprising if the new president gives such leadership as will mark the club's 1939 activities with a point show, specialty, group, or all breed.

### ELMCROFT IRISH SETTERS

CH. PATRON OF IDE (IMP.)

FEE STILL \$20.00

Best of thirteen Irish setters at Guelph (giving him fourteen championship points). Won the Sporting Group from 70 entries. His daughter "molly" also finished her championship.

### AT NIAGARA FALLS

That was something to shout about when Mrs. J. Birch, of New Toronto, "brought home the bacon" from the Niagara Falls Kennel Club Show with her Old English Sheepdog, Ch. Snow Devil. To win for a breed, then to win the Group and to go on and take Best dog in Show at any fixture in the United States is certainly making news in a big way. Other Canadian dogs in the hectic competition which won tops for there respective breeds were S. M. Greev's, Toronto, Labrador Retriever "Maidie of Greymar". The Borzoi, "Kado Strelka of O'Dolina", a well known campaigner owned by A. F. and Mrs. Cooper, Toronto. "Gael", a Scottish Deerhound, owned by Mrs. Campbell Meyers, Toronto. Norman M. Gilechrist's Newfoundland, "Shelton Baron", also from Toronto. Mr. and Mrs. W. D. Lewis' Bull Terrier, "Charlwood Damon's Memory" from Humber Bay, Ont. Mrs. G. W. Hyslop's Cairn Terrier, "Pimpernel of Mercia" from Brockville, Ont. Miss Helen M. Seabrook's West Highland White Terrier, "Thornhill Novice" from London, Ont. Another breed "tops" from London was W. E. Cooner's Bulldog, "Piccadilly Play-boy".

### AFTER 165 YEARS

"Glasgow", the brown bulldog which Lord Dunmore, last royal governor of Virginia, lost 165 years ago has been "restored" to the Governor's Palace.

For more than a year "Glasgow" has been sought by representatives of the Restoration as a result of this advertisement published in the Virginia Gazette of April 28, 1774:

Stolen from the Palace about four months ago a Bull Dog of a dark brown colour with some white on his neck and breast, had an iron collar and answers to the name of "Glasgow" . . . Reward of 20s will be given upon his being brought to the Post Office, Williamsburg.

The search for "Glasgow" was complicated by the fact that the bulldog of Lord Dunmore's day was not the animal casually called "bulldog" today. Research indicates that two hundred years ago such a dog was known as a "Bull and Terrier", and old prints show that he had the face and forefront of the mastiff with the body of a terrier. Accordingly, the search developed for a brown dog of the Staffordshire Terrier breed that is now known as the American Pitbull, or fighting terrier.

A complete review of the 105 different breeds of dogs registered in the American Kennel Club disclosed the present Pitbull Terrier as the only breed which met the general description of "Glasgow". Experts who veri-

### PARDON ME IF I MENTION WORMS!

I've had 'em twice — most dogs do. And I know what they lead to. So it's good news when the Master says, "What you need is worming!" "O.K.," I say, and we get Sergeant's SURE-SHOT CAPSULES (it was PUPPY CAPSULES when I was young).

It's good-bye worms then — and I'm back to normal in no time! There's real dope on worming in the Sergeant's DOG BOOK. Get a free copy at a drug or pet store — or write Sergeant's, 179 Dufferin St., Toronto, Ont.

fied this opinion stated also that the Pitbull was a dog common in colonial Virginia.

While this dog hunt was continued, the next problem was to find one of the breed "dark brown with white on his neck and breast". Communications were sent to breeders all over the United States, advertisements were placed in magazines concerned with dogs and after nearly a year of intensive search a dog of this description was found by the president of the Staffordshire Terrier Club of America.

The owner of this puppy which so closely answered the description of Lord Dunmore's dog presented him to the Restoration. Now at the age of seven months he has been christened "Glasgow" and "restored" to the authentic setting of the Governor's Palace.

### RUSHING THE PREMIUM LIST

Speed—you can hardly establish any claim for tardiness in this instance, but we merely mentioned the incident to show the "zip" in everyday business at the present time. Mr. Oswald Balshaw, the energetic Secretary of Vancouver Kennel Club, mailed his club's prize list for approval at headquarters on Wednesday at 4 o'clock in Vancouver, and at 2 o'clock on Friday he had his copy, showing approval, right in his hand. Mr. Balshaw says "That's pretty good service". Our Mr. Brown claims that it's "pretty near being perfect"—and we agree.

### EDUCATIONAL OPPORTUNITY

Here's a tip for which no charge is being made. On Tuesday, May 8th, at the King Edward Hotel, Toronto, a well known veterinarian will lecture on the subject, "Rearing that New Puppy,—Common Sense Do's and Don'ts", which will be the second of a series of educational addresses sponsored by The Canadian Cocker Spaniel Association, Inc. Ticket may be obtained from the Association's members, dog hospitals, and pet stores.

### BIG ENTRY FOR "BILL" PRICE

115 Cocker Spaniels topped the entry at Cleveland's classic on March 25th, and 26th, and W. A. Price, Toronto, had charge of the ring where the American type was strutting its stuff. Mr. Price also had the honor of placing the Best of Breed Cocker which was Sugartown Kennels' Ch. "Sugartown Talisman". . . .

### IMPORTS ENGLISH SETTER

Wm. Ward, Bradford, Ont., imported from the kennels of Mrs. Eadington, Prestbury, England, the English Setter "Withinlee Winter", who before leaving her native land was bred to "Shiplake Successor" and now there are eight little scamps of this mating foraging for their fodder up Bradford way.

# ...pulling together

The quickest way of reaching a common objective is to pull together. You, the Breeder and we, of Spratt's organization, have an objective in common—the betterment of the canine race. Are you pulling together with us?

For many years Spratt's have given their whole-hearted support to the dog fancy—have always shown good-type dogs in their advertisements—have extolled the joys of owning a pedigree pup in their booklets on dog manage-

ment—in fact have done much to popularize the well-bred dog.

Whenever a customer asks your experienced advice on dog-feeding, Spratt's ask you to recommend their foods; not merely because, as you know, they are indisputably good dog biscuits—not merely because your recommendation will help Spratt's sales—but *because in the long run it will help you*—for by helping the public to become Spratt's-minded you are helping an organization that has your welfare at heart.

*Tell them . . . when they  
purchase from YOUR  
Kennels . . .*

# SPRATT'S

*. . . is the sure way of  
"building-up" a dog*
