EXPORTING AND IMPORTING

On few subjects is the office of The Canadian Kennel Club requested to furnish more information or advice than the matter of the exportation from and importation into Canada of dogs. Hence it is not without reason that our President has directed the writer to prepare for publication in DOGS IN CANADA this article designed as it is to keep our members informed on present day requirements in this very important sphere of their activities. Those with experience in importing or exporting in pre-war days will find that perhaps the only difference to pre-war requirements are those regulations laid down by the Foreign Exchange Control Board. These, however, are very important and must be observed if one is to experience a minimum of inconvenience and delay.

EXPORTATION

Since the exportation of dogs to points other than the United States is now almost negligible our remarks will be confined to the exportation of dogs to our neighbor to the south.

Unless a permit from your bank is secured, payment for dogs shipped to the United States must be in United States dollars; therefore, our first recommendation to Canadian exporters is that in quoting prices to enquiries emanating from the United States point out that payment must be in American funds. By having this understanding with prospective American purchasers you will likely avoid any misunderstanding with your clients and by the same token avoid contraventions of the regulations laid down by the Foreign Exchange Control Board.

Once the negotiations for a sale have been completed the Canadian exporter should immediately make application for registration and transfer of ownership (if already registered, application for transfer of ownership only) to the Canadian National Live Stock Records, Department of Agriculture, Ottawa, Ont. Mark the word "Export" on the envelope carrying such vouchers and fees to the Live Stock Records Office. When so marked they will receive the immediate attention of the Registrar. At the same time five copies of the new revised export form B13 should be secured from an express agent or your bank and all applicable sections of these forms completed. In the case of the gift of a dog Item "P" on the B13 forms must be completed by the bank, acting on behalf of the Foreign Exchange Control Board.

When returning to the exporter the certificate of registration showing the American purchaser's ownership, the Live Stock Records Office will forward in duplicate three sets of forms, which should, if a Customs Broker is not engaged, be mailed immediately to the American importer. These forms, "Affidavit of Identity", "Application for Certificates" and "Customs form 3327" will be required by the importer. DO NOT MAIL THE CERTIFICATE OF REGISTRATION WITH THESE BLANK FORMS.

When the dog is taken to the Express company, suitably crated for shipment, the Canadian certificate of registration and the five completed copies of B13 must be turned over to the express agent. Certain States in the United States require a certificate of health from a veterinarian. Phone

your express agent, advise him of the State to which the dog is to be shipped and arrange for the health certificate if required. Two invoice forms describing the dog to be shipped and its sale price will be required. Those not having proper invoice forms may secure them from the express agent. In the case of dogs sold for more than \$100 a certificate from an American consul will be required.

When the dog reaches the port of entry into the United States the Canadian certificate of registration is taken up by the American Customs and forwarded by them to the Bureau of Animal Industry at Washington where it is held until applied for by the American importer. The B13 forms are taken up at the point of export from Canada and one copy is forwarded to the exporter's bank where it is held until the American funds, realized on the sale of the dog, are turned over to the bank, who, acting on behalf of the Foreign Exchange Control Board, will exchange such American dollars for Canadian funds.

Unless directed to do so by the purchaser, do not ship a dog until the certificate of registration showing the purchaser's ownership is available otherwise a refund of any duty paid will not likely be possible.

IMPORTATION

From the United States

A dog may be imported from the United States but unless the Canadian importer has available when the dog is cleared through the Canadian Customs an Import Certificate issued by the Canadian National Live Stock Records, a duty will have to be paid. This Import Certificate cannot be secured until application for registration in the Stud Book of The Canadian Kennel Club has been made, therefore, we suggest the following procedure:

1. The dog must first be registered with the American Kennel Club. This may be arranged for by the seller or the purchaser however the application for registration, if the dog is not al-

ready registered, must be signed by the breeder and an application for transfer of ownership signed by the seller.

2. When the American Kennel Club certificate of registration showing the ownership of the Canadian importer is received, application for registration in the Stud Book of The Canadian Kennel Club should be made. The following sections on the application for registration must be completed: Name of breed, name of dog, sex, color and markings, date of birth, name of breeder and post office address (city or town and state), name of importer, address of importer, date of importation, name of sire and dam. The Canadian importer must sign in the lower right hand corner of the application the line marked "Applicant sign here if registered A.K.C." The Application for registration, the American Kennel Club certificate of registration and the necessary fees should then be forwarded to the Canadian National Live Stock Records.

4. If the application is in order the Live Stock Records Office will issue an Import Certificate and this should be completed and sworn to.

5. Instruct the American exporter to ship the dog and have the completed Import Certificate at hand when clearing the dog through the Canadian Customs.

If you desire early delivery of the dog, have it shipped to you, pay the required duty then make application for refund of the duty at the refund branch of your local Customs office when the Import Certificate is issued by the Live Stock Records Office. Application for refund of duty must be made within one year of the importation of the dog into Canada.

Whether or not a duty is paid, a 10% Special War Revenue Tax is collected. No refund of this Tax is possible.

From Great Britain

No duty is payable on dogs imported from Great Britain for the improvement of stock, therefore, the

main consideration of Canadian importers is the procedure to be followed in having the dog registered in Canada. A certified export certificate and a "vendor's certificate" showing the transfer of ownership to the Canadian importer, both forms issued by the Kennel Club (England), 84 Piccadilly, London, W.1, are required for registration purposes here and the Canadian importer will be well advised to stipulate at the time of purchase that these certificates will be provided by the exporter. Upon receipt the importer, taking the required information from British certificates, should complete an application for registration. The following sections on the application for registration should be filled in: Name of breed, name of dog, sex, color and markings, date of birth, name of breeder, name of importer, address of importer, date of importation, name of sire and dam. The Canadian importer must sign in the lower right hand corner of the application the line marked "If imported, importer sign here". The certificates issued by the Kennel Club (England), the application for registration and the necessary fees

should then be forwarded to the Canadian National Live Stock Records.

OUR FRONTISPIECE

We have much pleasure in bringing to the attention of our readers, particularly English Setter fanciers, via the front page of DOGS IN CANADA, an illustration of the blue belton English Setter, International Champion "Chief O'Bainbridge". Bred by Dr. S. T. Magnusson of Seattle, Wash. Chief is now the property of Mr. Fred W. MacKay of Santa Rosa, Cal.

"Chief" and his mates are kenneled at Santa Rosa, by the very able English handler, Charlie Packman. We are informed that Mr. Packman will have "Chief" and a dozen others of Mr. MacKay's Setters and Pointers at the two Vancouver shows to be held August 29th and 30th and September 1st under the able management of that well known and liked British Columbia international judge, Mr. Wm. H. Pym.

This outstanding English Setter was declared Best in Show at both of the Vancouver shows held last April by Judges H. P. Saunders and A. H. Dodds. In addition he was placed Best in Show at Tacoma by F. L. "Jack" Wolfenden and at Denver by Mr. Pym. His show record lists fourteen Best of Breed wins, among the latest being at Long Beach, Cal., the largest show west of Chicago in the United States.

International Ch. Chief O'Bainbridge was sired by one of Canada's greatest producing English Setters—Ch. Ship-lake Challenge, owned by the very successful Canadian breeder, Mr. "Wally" Willgress of Vancouver, B.C.

In addition to "Chief" Mr. MacKay also owns the English Setter Int. Ch. "Melrenes Precious Jewel" and the Pointer Ch. "Tyler's Showfield Sparkle", both of which completed their championships at the recent Canadian west coast shows. His English Setter, Am. Ch. "Moxie of Stagboro", was declared Best in Show at Calgary on July 10th under Judge F. L. "Jack" Wolfenden.

in Calgary, Colonel Ritchie had suffered for some time with a recurring internal ailment. He entered the Calgary hospital for treatment, and while an operation was in progress passed away.

Colonel Ritchie was born in Cumberland, England, February 10th, 1882. As a young man he joined the Dumfriesshire (Scotland) county police and served several years there before coming to Calgary in 1911.

He joined the Calgary City police force as a constable and was later promoted to the department of criminal investigation with rank of detective. In 1915 he went overseas as a captain in the 137th battalion, C.E.F., afterwards transferred to the 116th battalion, C.E.F., in France, and for personal bravery under fire he was awarded the

Military Cross. He was wounded late in 1917.

Returning to Calgary he rejoined the detective department and was very soon promoted to the position of Chief

of Police. In 20 years the force under his guidance, has developed into one of the finest bodies of peace officers on the continent.

After several years of service with the Calgary Highlanders he was chosen to command the unit with the rank of Lieutenant-Colonel, then shortly afterwards was given the full rank of Colonel.

Colonel Ritchie was an ardent dog fancier. He imported several Scottish Terriers, and had the extreme satisfaction of making several champions, and on many occasions his Terriers were declared Best in Show. His dogs were shown all over Canada, and his was the delight to meet the keenest competition.

The funeral held in Calgary was one of the largest ever held in our City. Never did a fairer minded man live, nor a truer friend. Colonel Ritchie is survived by his widow.

Gaines—Choice of the U. S. Antarctic Expedition

● "After 20 years feeding of another dry food, I switched to Gaines with most satisfactory results," writes Mr. Shilton. "I now have a litter of 8-week-old Kerry Blue Terriers that have been fed

nothing but Gaines Meal and Gaines Formula 107-A since they were 3 weeks old—and thanks to Gaines, this litter has made the finest progress of any I've ever raised."

See for yourself how those Gaines nutritional extras—so thoroughly proved by the U. S. Antarctic Expedition—can bring benefits to **your** dogs. Yes, let your own experience

with Gaines show you how this proved, bio-balanced food helps develop glossy coat, clear eyes, sound teeth, healthy skin, firm muscles and plenty of pep. You see, Gaines contains **everything** dogs are known to need—and you can try it in your own kennels for 30 days **WITHOUT RISKING A SINGLE CENT.**

*As good
as gold*

*and he'll stay
that way...*

Thanks to Spratt's he's as good as gold, because the dog that's happy about his food is naturally well-behaved. Again, thanks to Spratt's, he's the good-type dog that Spratt's have helped, in no small measure, to popularise. Now, in spite of all obstacles, Spratt's are remitting none of their efforts to maintain the interests of dogdom generally, and of the good-type dog in particular.

We believe dog owners will have every reason to be thankful that Spratt's remained, as ever, at their service.
