## FEEDING THE DOG

Int. Ch. Bothkennar Royal Scot and Ch. Murray Woodchuck  
Winning Brace of Scottish Terriers

owned by

**MRS. WILLIAM CONSTABLE**

Boston, Mass.

U S.A.

**Field Trial  
Champion...  
Bench Champion  
...Shooting Dog**

**Ch. SALLY of MOYDRUM, owned by Dr. Alan C. Secord, Toronto**

**RAISED & FED ON MASTER K-9 MEAL**

Sire: Ch. Nancolleth Marquis, owned by Mrs. Hartley Dodge  
(Winner Best All Breeds in Show, Toronto Winter Fair, 1937).  
Dam: Ch. Pettitt's Staywithem Jane.

This stylish white and liver pointer is well known at Pelee Island where Dr. Secord, of the Secord Animal Clinic, Toronto, shoots each season. Sally won the Eastern Canadian Championship at the Toronto Trials in October, 1943, in a field of 15 classy performers. Her bench championship was completed at Windsor, Ont., in April 1940. This spring she mothered a litter sired by Spunky Creek Boy. Her puppies are being raised on Master K-9 Meal.

**MASTER K-9  
MEAL & CUBES

suggestions for dog owners.

# Announcement

We are pleased to announce to our friends in Canada that we have sold several of the finest Doberman Pinschers our kennel has ever owned as foundation stock for the establishment of Doberman Kennels in Canada. These dogs possess the qualities, elegance and character that all truly great dogs must have. Their breeding and bloodlines are the very best in the Doberman family. They are, in their own right, stars of the first magnitude and from them in future years will come the great dogs in our breed.

## **Ch. Westphalia's Rameses, C.D.X.**

One of the best males ever bred or exhibited in America. This nearly perfect dog possesses the most superlative body of any Doberman we have even seen, and his strength of muzzle, full teeth, angulation and size of quarters, and all-round general proportions and balance seldom equalled by any great Doberman of the past or present. His record of twenty Best of Breeds in the largest shows in America was climaxed by his great win at the Garden (Madison Square, New York) over a tremendous entry, judged by Mr. John F. Cholley, the owner of Glenhugel Kennels, and at Westchester Rye-Biltmore, where from Best of Breed he went on to win the Working Group, defeating some of the greatest Working Dogs in America. He has already sired numerous champions here, among them Mrs. Kilburn's lovely Ch. Dow's Illena of Marienland, who defeated some of our most famous Best in Show Dobermans the past year.

**FAIR TO MIDDLIN' OF MARIENLAND.** One of our most prized brood matrons; a daughter of Ch. Dow's Cora v. Kienlesberg and Ch. Westphalia's Rameses, C.D.X. Those of Middlin's first litter are already winning in our show rings. Through Cora she inherits the blood of the true mother of "Dow" strain in this country, Ch. Gretl v. Kienlesberg. On her sire's side, her other grandmother is Int. Ch. Jessy v. d. Sonnenhohe. Middlin' has been mated to Carrollton, a son of Ch. Roland v. Stahlhelm (Best of Breed, Morris & Essex, entry 140, Judge Willi Kloth, and winner of the Open Sieger Show, Berlin, 1937) and undefeated champion Rembha. The puppies from this mating will make many new friends for our breed in Canada. These two valuable dogs have been sold to

## **MR. GEORGE WADE** **57 Felbrigg Avenue, Toronto, Ont.**

**OLIVIA OF MARIENLAND**, a daughter of undefeated champion Rembha and the Best in Show Ch. Domossi of Marienland, America's leading sire. Olivia has every quality expected of one of the great stars of the future, and is a full sister of Champions Ernestine, Emperor, Echo, Early Song and Jubilee. She will please those who see her in the Canadian and American show rings.

**ROXANNA'S EMPEROR VON REEMON**, a young son of Ch. Westphalia's Roxanna (Best of Breed, Morris and Essex, 1940, litter sister of undefeated Ch. Rembha and Ch. Rameses) and the Best in Show, Ch. Emperor of Marienland. This large, magnificent, young dog of perfect proportions and balance is unquestionably the finest of the offspring of these illustrious parents whose progeny numbers several of the finest American champions.

**DOW'S RAMPART OF MARIENLAND**, a son of Daw's Illisa and Carrollton. Through his grandparents, Gretl, Jessy and Kurt, we have the finest of Helios with the dilution through Roland, Sg. Troll and Sg. Muck. He is the best for his age we have ever sold.

These three young dogs were purchased by

## **MR. C. W. KELLY** **632 Seymour St., Vancouver, B.C.**

Our kennel has provided American breeders and exhibitors with more champions and siegers than has any other kennel in the world these last few years, a full list appearing in the August issue of "Dog News". To our friends in Canada who wish young stock or breeding services, we highly recommend to you both Mr. Wade and Mr. Kelly as gentlemen, honorable, clean sportsmen and with whom you may deal with confidence and good faith.

## "GRO-PUP... best prepared dog food I have ever used!"

Writes Mrs. M. Stevens, 1698 Gerrard St., East, Toronto, a member of the Canadian Kennel Club, Inc., and well-known breeder of Boston Terriers. Shown above is her latest champion "Magic Phantom", a winner at five straight shows and four times best of breed, and finishing his championship at the Progressive Club Show in Toronto, 1944.

Says Mrs. Stevens, "I have been breeding and raising pedigreed Boston Terriers for more than 19 years, and GRO-PUP FOOD is the best prepared dog food I have ever used. I start the puppies on it at five weeks old, and they thrive on it, and we have never had any trouble with rickets or bad coating. I will recommend GRO-PUP to any dog owner."

**Here's why so many owners, breeders and nutrition experts recommend GRO-PUP**

GRO-PUP contains every Vitamin and Mineral dogs are known to need for growth and vigor PLUS more protein than many experts say dogs need for vital well-being (22½% protein, ½ animal protein, ⅔ other good protein). DOGS of all sizes and breeds love GRO-PUP... and thrive on it!

**MONEY-SAVING!** One box of GRO-PUP CUBES feeds an average 20-lb. dog a week. 2-lb. packages on sale at all grocers. For kennel owners and breeders, GRO-PUP is available in 100-lb. bags in cube or meal form at feed stores.

# Notice

## TO ALL BREEDERS AND EXHIBITORS OF PURE BRED DOGS

The following Ministerial Order No. 59 went into effect on September 15th, 1944:

"Under and by virtue of the authority conferred upon me by Section 17 of the Animal Contagious Diseases Act, Chapter 6, R.S.C., 1927, I do hereby order that:

All dogs for entry into Canada from the United States shall be accompanied by a certificate signed or endorsed by a veterinary inspector of the United States Bureau of Animal Industry certifying that the dogs have been inspected and found free from any symptoms of contagious disease; that the animals have not been exposed to the infection of rabies, and that no case of rabies has occurred within a radius of fifty miles of the place in which the dogs have been kept for a period of six months immediately prior to date of shipment.

"This order becomes effective on and after September 15, 1944. Dated at Ottawa this twenty-ninth day of August, one thousand nine hundred and forty-four."

(sgd.) H. Barton,  
Deputy Minister,  
Department of Agriculture.

It is necessary that you secure a certificate signed or endorsed by a Veterinary Inspector of the United States Bureau of Animal Industry in the district in which the dog has been domiciled for the past six months. This is the only certificate which will be honored upon presentation at the Border.

The above regulations also apply to dogs returning to Canada from American shows, and breeding purposes.

**THIS IS IMPORTANT.**

*Congratulations to*

## Two Outstanding Champions of 1944

"EDALICE'S EASTER PARADE BEKON", owned by Mrs. Edward Winters of Niagara Falls, N.Y. "Duke" completed his Canadian Championship at Hamilton, Ont., in May. His show career in the United States has been equally as sensational, for across the border he has been judged Winners Male or better in 9 successive shows without a defeat. His sire was Saint Rest's famous "Easter Parade". His dam was "Highland Princess" a half-sister to Ch. "Saints Rest Highland Queen". Besides proving himself a fine specimen in the ring, he carries at stud an unusually powerful champion-producing ancestry in line with Saints Rest's established breeding practice.

### *Closely related to "Duke" is*

"SAINTS REST RIGHTO", owned by A. T. Johnson of Halifax, Nova Scotia. "Bubbles" show career is also worthy of note. Exhibited in Canada exclusively in the Maritimes, he was Reserve Winners or better at every show there last year, completing his Championship at Halifax on Sept. 4th, 1944. Subject to confirmation of C.K.C. Bubbles represents the 4th generation of Saints Rest's scientific breeding practice. His sire was "Saints Rest Tuffy", a Saints Rest home-bred, and now one of the leading studs on the Pacific coast. His dam was "Uragal", a full sister of "Highland Princess" noted above; again proving Saints Rest's theory of the importance of having strong producing power in the dam's ancestry, in addition to the power of the stud forces. "Bubbles" also has Championship points in the United States.

# Feeding The Dog

A question that we are asked every day is: What should we feed a dog? Almost everybody is a firm believer in certain long established rules, and it takes a lot to shake and change those beliefs. They are as follows: meat should never be fed to dogs until they are a year old, as it will cause distemper, rabies, skin disease and what not. Milk is dangerous as it causes worms. Potatoes are very bad for no particular reason. We, as veterinarians say "do not feed starchy foods." What then are dog owners to do? When we tell owners to feed lots of raw meat their surprise is great, and when we add that meat is a natural food for dogs, they are apt to retort that dogs do not live in their natural state now, and therefore, do not require meat. We inform them that although dogs are far removed from their wild ancestors they still have to conform to the requirements of nature at certain times when they are growing, if they are working; during pregnancy and lactation; and when subjected to extremes of heat and cold.

Both the front and rear ends of dogs point to important facts regarding the food they should eat. In the mouth for example we find well developed teeth that are constructed especially to tear or break up food. If these teeth or their co-related parts are not used as nature intended, they deteriorate, calculus forms, the gums recede from the teeth, allowing food to collect and decompose. In nearly all dogs that reach a very old age, we see good teeth surrounded by clean hard gums. They have been properly used as nature intended. A dog's mouth is well supplied with moisture for specific purposes. The first step in the process of digestion commences there, and the food should stay in the mouth long enough to receive treatment by these fluids. This applies chiefly to starchy foods, and to insure this treatment, farinaceous diets should be fed hard and dry. When meat is given it is a mistake to cut it up fine unless the dog has no teeth.

Bones are a matter of contention, while they are of decided benefit to a dog in keeping the mouth and surroundings connected with it healthy, they are an element of danger, in that they may choke an animal as they pass through the anterior canal or cause serious disturbances in the vicinity of the end of the bowel, particularly with an old dog that has enlarged prostate glands. Generally speaking they do not appear to give rise to much inconvenience in other parts of the digestive tract, although occasionally there may be marked digestive disturbances. A large fresh raw bone covered with strips of meat given to a convalescent dog will do more toward putting it on its feed and feet than almost anything else.

By Dr. J. A. Campbell

B.S., B.V.Sc., C.M.Z.S.

A great deal depends on the density of the bones, the proportion of inorganic matter they contain, and the ease with which they can be digested by the dog. There is not so much danger in allowing a dog to have large bones, but there is with smaller irregular shaped pieces when mixed with soft food. These are apt to be swallowed hurriedly and may lodge in the throat or thoracic region of the oesophagus, an accident which frequently happens to small dogs. Very young pups are capable of taking care of bones, and we often hear of a six week old pup that has swallowed a huge bone without showing any signs of ill effects. We hear and read a lot about chicken, poultry and game bones being dangerous. We would therefore expect that after Christmas when tons of poultry have been consumed, an epizootic of troubles should arise from dogs eating

CH. KINGWIN KAO SHING  
Owned by W. M. King, Regina, Sask.

the bones, but nothing unusual in this way ever happens. Why should anything unusual happen?—Does not nature provide that the wild dog should devour the bones of rabbits, ground hogs, pheasants, partridges and similar animals and birds?

Now with respect to the departure of food material: the stools of the wild canidae such as the wolf, coyote and the fox, and the domestic dog that has the opportunity of living and eating as nature decrees, are always round, firm and almost free from moisture; a semi-solid stool is not the normal bowel movement. The composition of this excrement may vary according to the season, but it contains chiefly fur, feathers, bones, grass, seeds and the remains of insects. From this we learn that a dog requires a certain amount of roughage in its food which can be furnished artificially by mixing bran, shorts, alfalfa meal and linseed meal, separately or together with its ordinary food. By this method of substituting for natural food, the bowels are kept in a healthy condition and

the kennels and exercising yards are made more sanitary, with less work. I would like to emphasize particularly the dog's need of roughage in its food; close watch should be kept of its feces to make sure that it is getting sufficient bulk to approximate natural feeding. All animals require roughage; the dog is no exception and its health may to a very large degree be determined by the appearance and quality of the stools.

When watching members of the dog family defecate we observe that it is an act of considerable importance and that a great deal of effort is expended; the animal secures a suitable site; it turns around several times and then takes up a characteristic and somewhat ludicrous pose. All this preliminary pantomime that accompanies the deed is planned by nature, so that considerable exertion can be given to the actual act of emptying the bowel. It is not a hurried affair and when finished the dog shows very evident pleasure at the accomplishment of something really difficult. All this is natural for it is quite evident that the act was not intended to be an easy one.

To take care of friction that may arise as the hard feces are passing out, nature has provided two oil cups at the end of the bowel to automatically lubricate the rim of the anus. This all goes to show that a dog requires the proper food to supply the much needed volume and hardness, for which nature has prepared and to maintain these normal functions in a natural state. What an owner imagines is a constipated condition is in reality a healthy one.

There is yet another convincing lesson to be learned in feeding. It is taught by the nursing female that has to forage for her living, and when on returning from a food hunting expedition, vomits in front of her hungry litter, a warm, pre-digested meal that is eagerly devoured by the very young family, which when fed in such a manner is the picture of health and energy. This food thus naturally sought consists largely of meat. The metabolic demands of the rapidly growing family will take care of the high protein content, and we see pups as young as four weeks of age fed in such a manner, develop into vigorous disease-resisting dogs.

The drawing up of diet sheets for dogs is becoming more and more a daily duty of ours. People are only too glad to pay for this and any advice on the care and management of their dogs. The best plan is not to hand out stock diet sheets, but to draw one up especially for each particular individual, after the animal has been carefully examined, and as much of its history and characteristics as possible have been obtained from the owner.

Factors to be considered are: the disposition of the dog, whether it be nervous or excitable, or of a quiet disposition and good natured. Its conformation as to the possibility of its being a good doer or a precarious feeder, where the dog is kept and how exercised. A long-haired breed will require more protein food when living outside all the time, than if confined in an overheated apartment, as so many of them are in these days. All these facts are pointed out to the owner with some hints regarding the bringing up of the puppy and advice as to how to train it to behave in traffic. While the diet sheet is being typed, the owner is given some good work on feeding to read, with the important parts underlined, particularly those that emphasize the use of meat. A few sentences in print will save words of explanation.

A matter of great concern to us is that of feeding the sick dog, particularly the animal that has lost its appetite completely. The successful treatment of sick animals depends largely upon proper feeding, as the greatest aid to recovery rests upon the patient's strength while the disease runs its course. In cases that refuse food, artificial feeding must be restored to, but this plan should not be adopted until every means of tempting the patient's appetite has been tried without result. Some people have the knack of coaxing a dog to eat by the use of patience and little schemes to get it to take nourishment, and what is of great importance, they seem to know when a sick dog has had enough for the time being.

While dealing with invalid food for dogs, we must bear in mind that those which have to be forcibly fed are usually in a low physical condition; the whole system debilitated and very much out of order the digestive organs are not functioning normally and their secretions are diminished. Nourishment in such cases should be given warm, in small quantities and it must be easily digested. There are many pre-digested foods that are available for this purpose.

Alcoholic stimulants such as brandy, whiskey, sherry and port wine are especially beneficial when given in measured doses with food; they put an edge on the appetite, aid digestion, help the heart and assist in restoring the body.

Keeping the mouth clean by regular rinsing with a mild antiseptic solution that contains a slightly bitter tonic will often restore the desire to eat. It is a very sick animal indeed that refuses to be tempted by fresh raw lean beef, which when scraped and free from fibre, makes an ideal food, easily digested. The different body glands such as liver, kidneys, sweetbreads and tripe both raw and cooked, will often appeal to them when everything else fails. Stewed rabbit, fresh and smoked fish should also be tried in the effort to

start a sick dog feeding. When forced feeding has to be resorted to, great care must be taken to allow ample time for swallowing; liquids are so apt to go down the wrong way and set up mechanical pneumonia. Even causing the animal to cough should be avoided. Thick fluids seem to be less dangerous in this respect.

Where artificial feeding has to be resorted to, the following are possibly, the most beneficial foods: one raw egg to half a cupful of milk, melted ice cream, raw beef juice obtained by squeezing raw meat with a lemon squeezer; or raw meat beef tea, made by soaking for a couple of hours, half a pound of scraped lean raw beef, in a half pint of cold water, in which a little salt is added, then straining and squeezing through a coarse tea-cloth. Of the different beef extracts on the market, Virol seems to give the best results. It contains bone marrow, obtained from the bones of calves; lemon syrup and salts of lime and iron, and is therefore rich alike in all three classes of repairing material; nitrogenous, heat producing and bone forming derived from animal, vegetable and mineral sources. It has the appearance and consistency of honey, an agreeable taste, and is readily taken by sick animals and most important, it seems to be easily digested and assimilated. Virol is also a great help in the raising of winter puppies.

For cases of convalescent gastritis or enteritis, where the stomach is still very sensitive, the white of an egg cut into short lengths mixed with a little cold water may be retained. In some alimentary conditions a dog will readily lick a lump of ice. A piece should be offered the dog and then gradually lowered into a bowl of cool liquid, containing some nourishment in the way of cooked rice, barley or oatmeal water, or buttermilk and whey.

In cases where there is an inability to swallow, large gelatine capsules of different sizes, used for horses can be utilized for conveying food to the stomach. They should be well lubricated and passed into the oesophagus with a pair of forceps, and then pushed into the stomach with a probang.

On occasions when it is necessary to give nourishment per rectum, care must be taken to pass the food slowly into the bowel so as not to excite action, or the enema will be immediately rejected, and afterwards the hindquarters should be kept raised. The best kind of foods for this purpose are milk with or without the white of an egg and beef tea or beef suppositories. These should be peptonized and can be fed in fairly large amounts alternately every four or five hours.

# HIE ON TO BETTER BIRD DOGS

Ontario Bird Dog Association—Which Celebrated Its Tenth Birthday This Year—Has Done a Magnificent Job in Improving the Quality of Hunting Dogs in the Province

Following the running of the trials for Pointers and Setters at the Spring meet of the Ontario Bird Dog Association held at Niagara-on-the-Lake this year, fifty ladies and gentlemen attended the dinner at which the awards were presented. On the previous evening an equal number attended a dinner at which awards in the Spaniel trials were made.

Quite a contrast from the small assembly which gathered in the Spring of 1937 to hear the results of that Spring's one-day programme—a group which a modest hotel bedroom was quite large enough to accommodate. The attendance at this spring's trials is better illustrated in the number of dogs participating. There were twenty-five entries in the Spaniel trials and forty-one entries in the trials for Pointers and Setters, and this despite gasoline restrictions. More to the point, the quality of the dogs and their performance in the field particularly emphasized the tremendous achievements in developing a finer quality of bird dogs which this association has made since its first trials for Pointers and Setters was held in the Fall of 1934. Incidentally, the Ontario Bird Dog Association has never had anything in the nature of a "membership drive", nor has any definite effort ever been made to obtain new members. The development of better dogs and good sport and congenial gatherings of gun dog lovers has been the only incentive needed to swell the membership ranks.

The Ontario Bird Dog Association was formed in 1934. Lieut.-Col. W. H. Singer, now, and for several years back, Mayor of the frontier town of Niagara-on-the-Lake, was entering his Pointers and Setters in trials in New York and other bordering states and with marked success. Col. Singer sensed the value of the trials in fostering better acquaintance among bird dog fanciers and also the value of field trials in promoting interest in breeding and training to produce better hunting dogs. Feeling that such an organization would be welcomed by dog men in Ontario, and would help to raise the standard of the gun dogs of this province, he set about to organize an association of Pointer and Setter owners. A few letters written to men in various parts of the province indicated that the idea was receiving a warm reception. Three men who were particularly enthusiastic about the plan, and who gave Col. Singer real help and encouragement were: the late A. L. Johnson, of London; the late Norman Brownlee, of Ottawa; and George W. Boag, now of Woodstock, then living at Hamilton. A meeting was arranged at the Royal Connaught Hotel, Hamilton, on June 1, 1934, and at this meeting the Ontario Bird Dog Association was formed. Lieut.-Col. Singer was elected

By Wallace Findlay

WALLACE FINDLAY,

an account executive with A. J. Denne and Company, advertising agency. He was for several years a newspaper reporter and has contributed articles on widely varied subjects of business and sports to publications in Canada and the United States. He has exhibited sporting dogs in the show ring and has been a director of the Ontario Bird Dog Association for several years. Both his sons owned and trained dogs for the bench and field. Lieut. J. V. Findlay is on active service in Italy, and Pte. R. M. "Red" Findlay has been reported missing, while taking part in the invasion of Normandy.

president, an office he has filled ever since and to which he has contributed a great deal of time and effort. Other officers elected at the first meeting were: First vice-president, J. Milne, Hamilton; Second vice-president, A. L. Johnson, London; Third vice-president, Norman Brownlee, Ottawa; Secretary-treasurer, George W. Boag, Hamilton.

A preliminary trial was arranged at Niagara-on-the-Lake in August of that year. Only one card was run off, an Open All-Age Stake. Owners of the winning dogs were: Ed McCoy, Hamilton; M. G. Robinson, Erindale; and A. L. Johnson, London. Two other trials were held that same Fall, one at Thamesville in October, and one at Port Dover in November, a two-day event.

The minutes of the association record that the Thamesville and Port Dover Trials in the Fall of 1934 were judged by W. T. Gilbert, Tecumseh, and Fred Jeffries, of London. Fred Jeffries frequently judged at Ontario trials of Pointers and Setters up to and including 1934. Fred Jeffries died suddenly last winter. He was one of the best informed Pointer and Setter men on the American continent; a trainer of marked ability, an impartial judge, good sportsman and a most congenial companion. Fred was always ready to give young dog men and novice handlers the bene-

fit of his ability to get the best out of a dog. He was known to dog men in all parts of Canada and the United States and had judged at trials in several neighboring states. His death was sincerely regretted by all who knew him.

The first Spring Trials were held in April the following year, near Hamilton, and Fall Trials were held the same year at Niagara-on-the-Lake. Since then trials have been held each Spring and Fall. In 1936 Spring Trials were again staged at Ancaster, near Hamilton, but since that time, with the exception of the Fall Trials of 1937, held at Long Point, all trials have been held at Niagara-on-the-Lake. The country surrounding the old frontier capital is particularly well suited to the sport, as well as having the advantage of a central location, accessible to all sections of the province. There are plenty of wide open spaces with good cover well stocked with native pheasants.

Up to 1942 different courses were used for each trial. Gasoline was plentiful and by moving from course to course native birds could be depended on for each brace put down. Gasoline rationing made it necessary to run "one course" trials, working the dogs on pheasants released on the course by courtesy of the Department of Game and Fisheries under supervision of a game warden. Birds are not shot as the dogs are not obliged to retrieve. The one exception is the Shooting Dog Stake run at each Fall meet. Dogs are judged on field work, range and speed, "bird sense", diligence in working the field and on their ability to handle birds when finds are made. Puppies and Derby candidates—two-year-old puppies—are not required to "hold the point", but finished dogs must be staunch to shot and wing and dogs must honor a brace mate's point. Backing or "honoring" a brace mate's point is regarded as an important test to a finished dog. It is for this reason that dogs are run in braces. (Men usually hunt in company with other hunters and a dog that "steals" or disturbs a point which another dog has made is more nuisance than help in the hunting field.) Puppies are seldom "broken to point" until they attain the age of two years. They are rather encouraged to chase birds in order to develop "dash" and range and the desire to hunt. Too early breaking tends to make slow, close-working dogs.

Among the winners of the early trials, in addition to the gentlemen previously mentioned, were: Col. Singer, George Boag, C. Lang, Hamilton; G. G. Vincent, Port Nelson; Norman Brownlee, Ottawa; Charles Steed, Essex; J. Hancock and Don Crawford, Kingsville; Walter Elliott, Blenheim; Judge T. M. Costello, Goderich; Dr. C. A. Temple and Wallace Brown, Toronto; D. Taylor Barnes, Port Nelson.

**JUDGES FOLLOWED DOGS MOUNTED ON HORSEBACK AT SPRING TRIALS OF ONTARIO BIRD DOG ASSOCIATION THIS YEAR**

Great time was saved and the judges were enabled to keep well up with the fast going dogs at the spring trials this year, when the judges were mounted on horseback. In the picture—mounted—Col. Singer, and the judges, Roy Johnson, Buffalo, and Irvine Lounsbury, St. Catharines. In the foreground Mrs. Una Bureau, Power Glen, St. Catharines and L. M. Brill, Batavia, N.Y., ready to release a brace of Pointers.

Ontario trials have always been attractive to dog men in neighboring states and some warm friendships have been established "across the border" as a result. Among United States Pointer and Setter men who have been regular contestants in the Ontario events are S. Wesley Palmer, Snyder, N.Y.; Jesse Castle, Lockport, N.Y.; Roy Johnson, Buffalo, N.Y.; Clayton Rugg and L. M. Brill, Batavia, N.Y. Jesse Castle, whose Setters were frequently in the winning brackets, died suddenly last winter. He was a member of the Ontario Association for many years, and had many warm friends on this side of the border.

S. Wesley Palmer, whose fast-running Pointers have contested in "big circuit" trials throughout the United States, has also been a member of the Ontario Association for many years. Wesley has done much to encourage development of a higher standard of bird dog, and has induced many U.S. dog men to attend the Ontario trials. Mr. Palmer's charming wife has also been a popular visitor to many meets. Roy Johnson, in addition to entering and handling winning dogs has officiated as judge on numerous occasions over a long period of years.

The calibre of the dogs run at this year's Spring Trials bore strong testimony to the improvement in the quality of the dogs which the trials has developed. Of all the 41 Pointers and Setters entered, it is a modest statement to say that there was not a poor dog in the field. The winners, both the home-breds and visitors, put on performances worthy of big circuit trials. Recent importations and litters whelped and expected from breedings made to sires of the finest field dog blood strains—dogs which have sired long lists of winners in

the United States—assures that the standard of dogs in this province will in future compare favorably with the best bird dogs anywhere on this continent.

But, while the object is to develop stylish, fast and wide running dogs, the real purpose of a bird dog—a shooting companion—has not been lost to sight. The rules of the association lay down that Ontario trials will be judged on a dog's performance "in keeping with shooting conditions in this province", so "bird sense" and bird work is always given preference over speed and range when awards are made.

The dogs run in the early trials were frequently "bird dogs" in name only. Some were just Pointers and Setters; some good bench dogs, with little field experience. Some were excellent gun dogs but only a few were finished shooting dogs. Few of them showed the breeding, training and field work of the competitors in recent years' trials.

As a result of the trials many men who want dogs, as "shooting dogs" only, have learned much that has enabled them to train shooting dogs that are more dependable and more finished field performers—better game-getters and more stylish workers. To encourage interest among owners of dogs of this class a Novice Stake—restricted to dogs which had never won a trial stake, and handled by novice handlers—was put on the card at the Fall Trials in 1937. And this stake has been the means of encouraging many new members to join the association, and to try out their dogs in competition as a means of obtaining authoritative appraisal of their performance.

When the war made gasoline rationing necessary, and it was feared that

lack of attendance might seriously handicap field trials for the duration, local branches were formed. Three flourishing branch clubs are now in existence, at London, St. Catharines, and Toronto. These groups have held "local" trials since the Spring of 1942, during the weeks preceding the dates of the provincial meets. Attendance at these "local" trials has been most encouraging, as has also the standards of performance set up. And, while it was first feared that the local trials would reduce attendance at the provincial meets, the experiment has worked with contrary effect encouraging greater attendance at the trials of the parents body.

In the Fall of 1940 the association was broadened to include a Spaniel section. Since that date trials for Spaniels and Retrievers have been included on the programme of the Provincial meets. This Spring twenty-five Spaniels were in the field, despite most unfavorable weather conditions.

# The Maritime Dog Shows

By Geoff Ryder

The Maritime Circuit of 1944 opened most auspiciously at Halifax, N.S., on Labor Day, Sept. 4th, where the Halifax Kennel Club had a record entry for their annual show, glorious weather favored them and a record crowd attended the show and watched all through the day the very masterly display of judging by Earle T. Adair, Esq., of Pittsburgh, his decisions were received with enthusiasm and his pleasing manner with exhibitors won for him the admiration of all.

The show was held in the Gymnasium of Dalhousie University and the interior of the building had been converted into a veritable floral bower by several energetic ladies under the convensorship of Mrs. A. T. Johnson and Mrs. Jack Sheridan and their efforts were greatly admired.

Mr. Adair found his supreme award of Best in Show in the glorious Welsh Terrier, Int. Ch. Strathglass Craig's Crust, owned by the Hon. L. D. Currie of Halifax, the decision was received with rousing applause, and it was a most

MR. GEOFFREY RYDER

although severely handicapped by a late start, she handled the job in a very thorough and workmanlike manner and her decisions were well received.

Mrs. Sheraton choose for her supreme best the Afghan Hound owned by Mrs. W. P. Gudgeon and handled in his own inimitable manner by Ted Ward, it was a most popular win.

The groups were won as follows: Group I: A. C. F. Archambault's English Setter, Ch. Rowdy of Blue Bar. Group II: Mrs. Gudgeon's Afghan, Asri-Havid of Five Mile. Group III: J. D. Whiteley's Doberman Pinscher, Cognac von Glenhugel. Group IV: Hon. L. D. Currie's Welsh Terrier, Int. Ch. Strathglass Craig's Crust. Group V: Wm. A. Harris' Min. Pinscher, Int. Ch. Freya von Roschburg. Group VI: Chester C. Gregory's Boston Terrier, Royal Honey Girl. There was a large and enthusiastic audience all day especially in the evening.

**CHARLOTTETOWN, P.E.I.**  
on Sept. 8th.

This show was the second annual

**ASRI-HAVID OF FIVE MILE**  
Afghan Hound, owned by Mrs. W. P. Gudgeon of Bronte, was awarded Best in Show at New Glasgow Kennel Club Show

show of the Island Club and they are indeed to be congratulated upon the splendid arrangements they were able to make and the general excellence of the show throughout.

They had a large ring and ample seating accommodation where everyone was able to see all that was going on, and the excellent ring stewards kept the judge busy all the time.

The judge was Geo. T. Kane, Esq., of Saint John, N.B., and, as always, his decisions were clean cut and definite and were well received by the exceptionally large and enthusiastic audience.

Mr. Kane found his Best in Show in the superb Wire Haired Fox Terrier, Int. Ch. Wynwyre's Saddle, owned by Mrs. E. A. Kraft; and again Ted Ward was the winning handler, the Group Winners were as follows: Group I, Gundogs: Owen N. Sawler's solid black Cocker, Wilmarry of Gorsebrook. Group II, Hounds: Mrs. W. P. Gudgeon's Afghan Hound, Asri-Havid of Five Mile. Group III, Working: J. D. Whiteley's

**INT. CH. WYNWYRE'S SADDLE**

Wire Haired Fox Terrier, owned by Mrs. E. A. Kraft of Detroit was awarded Best in Show at Charlottetown, P.E.I.

Doberman Pinscher, Cognac von Hugel. Group IV, Terriers: Mrs. E. A. Kraft's Wire Fox Terrier, Int. Ch. Wynwyre's Saddle. Group V, Toys: Wm. A. Harris' Min. Pinscher, Int. Ch. Freya von Roschburg. Group VI, Non-Sporting: C. C. Gregory's Boston Terrier, Royal Honey Girl.

## MONCTON

Monday the 11th.

After more or less of a rest over the week-end the boys and girls were all ready for another day of barks and battling, the Moncton Club had all their arrangements made and we were able to get started, and therefore finished in good time, there was a very nice entry to greet Mrs. Wm. Constable of Boston and this lady who is a very great favorite in the Maritimes, either as judge or exhibitor, gave a splendid exhibition of judging and her decisions were loudly applauded by a crowded ringside.

Still another breed was honored by being chosen for Best in Show by this lady, she picking R. Ray McLaughlin's

**INT. CH. STRATHGLASS CRAIG'S CRUST**  
Welsh Terrier, owned by the Hon. L. D. Currie, was awarded Best in Show at Halifax Kennel Club all breed show.

gratifying fact that the two dogs who fought it out for the coveted honor were both owned locally, Mr. Currie's dog, the ultimate winner, and Mrs. Jack Sheridan's glorious solid black Cocker, Ch. Hiawatha. The winning dog was superbly handled by Ted Ward.

The group winners were: Group I, Gundogs: Mrs. Jack Sheridan's Ch. Hiawatha. Group II, Hounds: Mrs. W. P. Gudgeon's Afghan, Asri-Havid of Five Mile. Group III, Working Dogs: J. D. Whiteley's Doberman Pinscher, Cognac von Glenhugel. Group IV, Terriers: Hon. L. D. Currie's Welsh Int. Ch. Strathglass Craig's Crust. Group V, Toys: Wm. A. Harris' Min. Pinscher, Int. Ch. Freya von Roschburg. Group VI, Non-Sporting: Amy L. Johnson's Boston Terrier, Hagerty's Fascinating Lady.

With 180 dogs entered and a gate of 2,700, the show was generally pronounced the best ever.

## NEW GLASGOW

followed on Wednesday, Sept. 6th.

This show was judged by Mrs. Drury L. Sheraton of Higham, Mass., and this lady's decisions were well received and

grand Smooth Fox Terrier, Ch. Elmcroft Harvester, as her supreme winner, this was a very popular win by a beautiful specimen of his breed, Ted Ward again doing the trick.

The Group Winners were as follows: Group I, Gundogs: Mrs. Jack Sheridan's Black Cocker, Ch. Hiawatha. Group II, Hounds: Mrs. Gudgeon's Afghan, Asri-Havid of Five Mile. Group III, Working Dogs: C. W. Moffatt's Doberman Pinscher, Count V. Merkle of Nova Linfield. Group IV, Terriers: R. Ray McLaughlin's Smooth Fox Terrier, Ch. Elmcroft Harvester. Group V, Toys: Miss Elizabeth Rankine's Japanese Spaniel, Puso. Group VI, Non-Sporting: Alden T. Johnson's Boston Terrier, Saint's Rest Righto.

#### SAINT JOHN

Tuesday, Sept. 12th.

The oldest show-giving Club in the Maritimes, this was their fortieth show, which I venture to think is just about a record. Saint John Club, or, to give them their correct name, The New Brunswick Kennel Club, invariably stage a well-arranged and smoothly

**CH. ELMCROFT HARVESTER**  
Smooth Haired Fox Terrier, owned by R. McLaughlin of Oshawa, was awarded Best in Show at Moncton, N.B.

moving show and this year was no exception.

The show was held in the Curling Rink, a large floor space that gives adequate room for benching and a good sized ring.

The attendance was good and there was a large and enthusiastic crowd by the time the groups were judged and the final award made.

The judge was Louis T. Murr, Esq., of Spring Valley, N.Y., and his decisions were most popular with the crowded ring-side.

Mr. Murr found his Best in Show in Mrs. Constable's Int. Ch. Scottish Terrier, Bothkennar Royal Scot, a very popular win for this lady is a fearless exhibitor and she has done much to further the cult of the pure-bred dog in general and the Scottish Terrier in particular, both in Canada and the United States, but the winner had a very close contender for the honor in Mrs. Alden T. Johnson's beautiful little Boston Terrier, Hagerty's Fascinating Lady.

The Group placings were as follows:

**INT. CH. BOTHKENNAR ROYAL SCOT**  
Scottish Terrier, owned by Mrs. Wm. Constable of Boston, was awarded Best in Show at Saint John, N.B.

Group I, Sporting (Gundogs): Mrs. Gertrude Drew's Irish Setter, Sweet Sentiment of Wildair. Group II, Sporting (Hounds): Mrs. W. P. Gudgeon's Afghan Hound, Asri-Havid of Five Mile. Group III, Working Dogs: Raoule Reynolds, Doberman Pinscher, Jolie of Swissvale. Group IV, Terriers: Mrs. W. Constable's Scottish Terrier, Bothkennar Royal Scot. Group V, Toys: Wm. A. Harris' Miniature Doberman, Int. Ch. Freya V. Rochsburg. Group VI, Non-Sporting: Mrs. Alden T. Johnson's Boston Terrier, Hagerty's Fascinating Lady.

#### Circuit Highlights

Ted Ward had four Best in Show awards and ten Groups to his credit, a most enviable record.

Mrs. Jack Sheridan's wonderful Black Cocker created, what I think is a record, by going through the Circuit for two years running without being beaten in his breed.

I think that exhibitors from the Maritime Provinces have every reason to be proud of the showing made by their dogs throughout the whole circuit, for beside the Best in Show win of the Hon. L. D. Currie's grand Welsh Terrier in Halifax to whom Mrs. Sheridan was runner up with Ch. Hiawatha, J. D. Whiteley won three Working Groups with his Doberman Pinscher, Cognac Von Glenhugel. The other two Working Groups went to two Maritimers, both with Dobermans, C. W. Moffatt of Dartmouth, and to Mr. Raoule Reymond of Charlottetown, P.E.I. A. T. and Mrs. Johnston collected three Groups between them with their Bostons, Chester Gregory of New Glasgow picked off the other two Non-Sporting Groups. Mrs. Sheridan also won the Sporting Group at Moncton with Hiawatha.

**CH. HIAWATHA**  
Cocker Spaniel, owned by J. Sheridan of Halifax, was awarded Best in Show at Annapolis Valley Kennel Club, Kentsville, N.S.

## PHOTOGRAPHY—THE BREEDER'S AID

By W. E. Baker

Many conscientious breeders who have been engaged in this fascinating avocation over a period of years must at some time or other have scratched their heads in an effort to recollect the particular merits or demerits of a long departed dog which has passed through his or her hands and left some at least of its good or bad points in its progeny.

It is here suggested that photography could provide a means of eliminating much of the guess work of deciding upon a suitable mating, assist in maintaining and improving the desirable qualities of the breed, and provide a permanent guide post to the intelligent selection of breeding stock.

No expensive apparatus is necessary—the ordinary "Brownie" will do; the only requirement being a clear picture of the dog in (a) front view (b) side view—as posed for showing. One must, of course, avoid the common errors of having the dog standing in long grass, and using a background that would be the envy of a military camouflage artist.

**INT. CH. FREYA VON ROCHSBURG**  
Miniature Pinscher, owned by Wm. Harris of Toronto, won four Toy groups on the Maritime Circuit.

The dog, not the scenery is the object of interest.

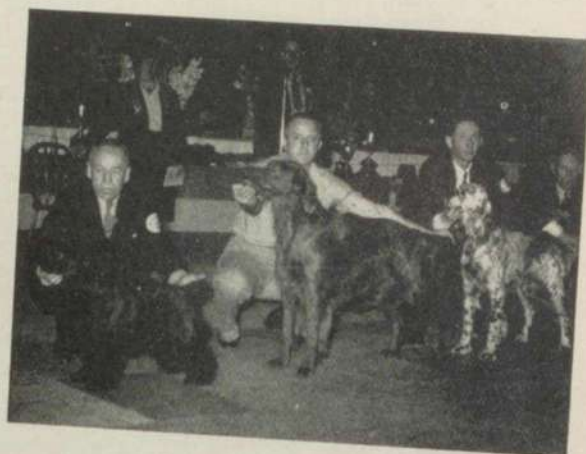

The photographs need be no larger than passport size provided they are clear. The breeder may at this point remark that he has more to do than chase dogs around for pictures, but if a camera is kept handy it is surprising how many opportunities will present themselves. If there are children around old enough to hold a camera level they can soon be taught what to look for and will co-operate gladly. This, in fact, may well be the means of developing—no pun intended—a fondness for a fascinating hobby.

All dogs used for breeding could be thus photographed, the pictures cross referred to the registration certificates for number, name, etc., and filed away in numerical sequence. Then, when the question of mating which dog to which comes up the breeder will have, in addition to his other records not only a mental picture, but the actual photograph to help him make a decision or change his mind on a particular mating because of some point which he either does, or does not, want to perpetuate in his dogs.

## FORT GARRY KENNEL CLUB SHOW - SEPTEMBER 1944

Alf Loveridge awards Best in Show at Fort Garry Kennel Club to the Kerry Blue Terrier Mister Dooley of Kilkerry, bred, owned and shown by Mrs. T. H. McGuire. Below, Ch. Westphalia's Rameses winning the Working Group for his owner, George Wade. Second the Collie McCreary's Dusty, Owner John Cumming; third, Great Dane The Nymph of Garfield, owner C. Long. In the Terrier Group Mister Dooley is first, second Wirehaired Fox Terrier Antrim Rose O'Day, third Scottish Terrier Kinclaven Kismet Estate of J. D. Wade. Ch. Whirlaway of Irolita, Cocker Spaniel owned by T. J. Watson. Second Irish Setter Ch. Laddie of Fairmont owner E. Jones, Third English Setter Blue Dan of Trondheim owner Ray Gostick. In addition to winning Best in Show Mister Dooley of Kilkerry won Best Canadian Bred in Show, and best puppy in show, he won these awards again at the Edmonton Kennel Club the following week, under Judge George Kynoch.

### MANITOBA GOSSIP

By Alec. Gostick

Looks like all publicized events pertaining to our Province are now taken care of and tucked cozily away. The last two, the Fort Gary's 25th anniversary show and the Gun-Dog Club's Sanction have just terminated successfully and both were enjoyed by excellent crowds of spectators. The side show put on at the Fort Garry affair by Messrs. Wade and Anderson demonstrating educated dogs was a huge success and proved a distinct crowd-pleaser. The intricacies of dog shows with their various colors, weights and classes become somewhat tedious to the uninitiated, even though they be dog lovers, so that a diversion of a demonstrative nature becomes highly appreciated.

This Fort Garry Show brought to Manitoba some highly touted canines, from Ontario came Mister Dooley of Kilkerry, Ch. Whirlaway of Orolita, and Amer. Ch. Westphalias Rameses and from the States came two Ch.s. Peke's Rose of Broughty and Boi of Mount Curve.

Ontario really had a field day, with Mrs. McGuire's Mister Dooley taking best in show and Wade's Dobe nosing out Ch. Whirlaway for 2nd place.

We liked the way Loveridge went over his dogs, one or two Cocker people seemed a bit upset at the placings in their breed, this is to be expected to a degree, with all the "types" showing up within the breed these days, in addition it is this writer's considered opinion that far too many of our local breeders overlook the fact that sixty per cent. of a Cocker is back of its ears and that judges are apt to be interested in what a dog's head is hung on to as well as the head itself. Loveridge knows his sporting breeds and was looking for necks, withers and angulated rear-ends in addition to expression and stop.

The best in show win was a nice one for the Kerry and it wasn't a walk-over either, he had to get by last year's Fort Garry winner, Antrim Rose O'Day, and believe me this little lady is no mean obstacle.

We understand that Mister Dooley went on to Edmonton and made it two in a row. Fine air out in this Western country, Dooley!

Following the Greater Winnipeg spring show we issued a very sincere invitation to Mrs. McGuire to come again, we also promised the lady and any other visitors a run for their money. Try us again folks.

We're operating in real supporting fashion out here in Manitoba with each club lending its support to the other, Greater Winnipeg ladies were tendering a helping hand wherever it was needed throughout this latest show, that's one of the things that make this dog game worthwhile.

The Gun-Dog Club held a nice sanction affair out at Fort Whyte and considering the fact that this is the first event of this kind in four years some excellent material showed up. Sam Rennie topped the open event with his Labrador Vanguard, incidentally this dog also won best of breed at the recent Fort Garry show which gives the lie to that oft repeated adage that a show dog can't work and working dog won't show, this dog deserved and got top honors in both places, reserve went to J. Duganis' big Irish Water Spaniel. The mallards used in the finals

## PACIFIC NEWS

By Dollie Wall

Much credit is due the Duncan Dog Club for their splendid show of August 16th. Their entry of nearly 150 dogs was really something to boast about if all our readers knew the difficulties that face this club, with transportation, suitable building, unforeseen obstacles facing these gallant members. The fact that the town of Duncan itself is 30 some odd miles from Victoria, which meant a long drive before and after the show and in which the club arranged for the dogs to be comfortably transported both ways.

The weather man was most generous for this auspicious occasion, with beautiful warm sunshine all day.

Their selection of judge in the person of H. P. Saunders from Calgary, C.K.C. Director for Alberta, was I'm sure a great drawing card. Mr. Saunders went over all dogs very carefully and selected his winning dogs in very capable manner, it was a great pleasure to watch him work. The judging commenced right after lunch and with time out for dinner was brought to a successful close in time for exhibitors and spectators who wished to catch the midnight boat at Victoria back for the mainland, and so concluded a successful show for the Duncan Dog Club.

On the night of August 22nd we again sailed for Victoria to attend the show on August 23rd of the Vancouver Dog Fanciers Association. This show I be-

lieve had their first Pekingese Specialty Show, as well as their regular All Breed Show. It was very gratifying to see so many Pekingese, we wish they would all turn out for all the shows, look how much more interesting it would be for those exhibiting, not only in the Pekingese but in all breeds.

Four judges presided over this show, one for the Specialty and three for the all breed. Judging got away to a good start in the morning before lunch, but with only one ring the judges were handicapped by having to wait their turn and much valuable time was lost, with dire results for the mainland exhibitors. We were given to understand the midnight boat would be held half an hour for us, and naturally no one was prepared for the last minute confusion which entailed, upon being told a few minutes before twelve that the boat was not going to wait, some made a hurried dash for it, but of no avail, the gates were closed and we were left. I leave it to the readers imagination the predicament some of us were placed in. One of our members had her car with two tiny Chihuahuas in it on the boat and some must have suffered considerable loss through this enforced absence from their places of business next morning. Another of our party whose return home that night was absolutely imperative was forced to get transportation to Nanaimo in order to get home and upon inquiring and gaining permission a taxi firm was con-

sulted with the results the trip would cost in the neighborhood of \$45.00 At this point Mrs. Davidson of Victoria stepped forward and offered her services and I believe drove this party through to Nanaimo a distance of approximately 77 miles and driving through the night in order to make connections with the early morning boat for Vancouver. All of us wish to thank Mrs. Davidson for her kind co-operation and staying with us until we could organize and plans for the night were accomplished. Some of us were very fortunate having friends who so kindly offered to take us in for the night, hotel accommodations being very limited, and others not so fortunate would have been forced to sleep on park benches, waiting rooms or walk the streets until day-break. However, we all elected to stay together and through the kind co-operation of the manager of the Empress Hotel, we spent the night in the lounge of that spacious building. Apparently some are more interested in the gate receipts than the comfort of exhibitors, yet without exhibitors there would be no show or gate receipts. If some of these people would stop and figure the amount of money the exhibitor must spend to even get to a show they may realize that this money could be spent in other ways that would give more satisfaction and comfort. However, we have no doubt the officials of the club spent a restful night in their own homes.

## Canada's Outstanding Terrier

FROM COAST TO COAST  
according to C.K.C. records

BEST IN SHOW  
ALL BREEDS

Canadian National Exhibition  
Hamilton Kennel Club  
Canadian Terrier Club  
Vancouver Island Dog Fanciers  
Association

FEE—\$35.00

This sterling Terrier was never beaten in his breed, winning FIFTEEN BEST OF BREEDS, EIGHT GROUPS, and SEVEN BEST IN SHOW ALL BREEDS.

He won his American championship, at such important shows as MORRIS AND ESSEX, WESTMINSTER KENNEL CLUB, New York City, and KATONAH, N.Y.

His sire, ENGLISH CHAMPION DOWNSVIEW DUELLIST was the winner of the Orrin Baker Trophy for the outstanding Kerry Blue Terrier stud dog in England. His dam's sire—ENGLISH CHAMPION PRINCETON HELL-of-a-FELLA—has won more championship certificates than any Kerry Blue Terrier in England.

The above proves conclusively that CHAMPIONS DO BEGET CHAMPIONS.

## FIELD DOGS AT WORK

(Left hand side reading down): English Foxhounds waiting for the signal. The Ta-I-O de Montreal Beagle Club. Pointer, Bank of Bobbing, owned by W. B. Jardine; Golden Retriever Rem-lap Walloon, owner Col. Neil Haig. In Circle, Cocker Spaniel Chief Comanche, owner L. J. McEnery; Centre, English and Irish Setters resting between trials; Irish Water Spaniel; Right-hand side English Springer Spaniel; Ch. Rising Dawn from Bamfield, B.C.; Labrador Retriever, Hectic, Owner Major Rycroft.

## ALBERTA FIELD TRIALS CLUB

On September 10th at Calgary, Alta., the second Annual Retriever and Spaniel Trials were held by the Alberta Field Trials Club. The judges were Messrs. Jack M. Miller and William C. Fisher.

In the Open All Age Stake for Retrievers with nine entries in competition, the Labrador Retriever, Blacknights Belle, owned by Messrs. Chevier and Coltart and handled by J. Lowther, was placed first. The Labrador Retriever, High Peak Barney, owned by Dr. L. A. Maxwell and handled by J. Lowther, was second, with third going to the Golden Retriever, J. F.'s Chum, owned and handled by J. F. Harvie.

In the Open All Age Stake for Spaniels there were eleven entries. The English Cocker Spaniel, Gladholme Flash, owned by Don Kenney was placed first. The English Cocker Spaniel, Berkley Tex of Rockyview, owned and handled by W. B. Ferguson was second, and the English Cocker Spaniel, Ness of Avondale, owned by Vic Grainger, was placed third.

## RULES FOR POINTER AND SETTER TRIALS

### Purpose and Performance

Clubs formed for the purpose of improving pure-bred Pointers and Setters of whatever kind, may hold Field Trials, classes, or stakes, in which one of the above breeds only may compete, or in which more than one breed may compete together.

### Standard of Performance for Pointers or Setters

1. The idea of a Field Trial is to demonstrate the performance of a perfectly trained Pointer or Setter in the Field. The performance of a Pointer or Setter at a Field Trial should not differ from that in an ordinary day's shooting.

2. The function of a Field Trial Pointer or Setter is to be at all times under the control of his handler. Walk at heel or on a leash until bidden to seek game. When so ordered he should seek game in a crisp, quiet manner, thoroughly quartering the designated ground within a reasonable distance and in line of quest without unnecessarily covering the ground twice. When game is found dogs should hold staunchly to point until the game is flushed, and the dog ordered on.

3. If the dog following the line of a bird is getting too far out he should be called off the line and later he should be cast back on it. A dog that causes his handler to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the manner that would be used in the hunting field.

4. It is the duty of his handler to facilitate the working of his dog so that he will perform and show to the best possible advantage, but only within the meaning of good sportsmanship.

5. A dog should work to his handler at all times. The dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler is of great value.

6. The dogs must be worked in pairs, and their handlers must walk within a reasonable distance of one another as though shooting together. After a caution the judge or judges may have the power to disqualify the dog whose handler persists in neglecting this rule.

7. When the judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with

the other contestant running parallel to him.

8. Competing dogs must be shot over before they can gain a prize or certificate or merit, and satisfy the judge that it is not gun-shy.

9. Heats in all-age stakes must not be less than thirty minutes' duration.

### Canadian Kennel Club Championship Requirements

To acquire a Field Trial Championship a Pointer or Setter must win two all-age stakes under at least two different judges with at least ten starters in each stake.

## SPANIELS

### (Other Than Irish Water Spaniels)

#### PURPOSE AND PERFORMANCE

Clubs formed for the purpose of improving pure-bred Spaniels, may hold Field Trials, classes or stakes, in which one of the several breeds of Spaniels only (except Irish Water Spaniels) may compete, or in which more than one breed of Spaniel (except Irish Water Spaniels) may compete together.

1. The idea of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in an ordinary day's shooting.

2. The principal points to be considered by the judges are: The willingness of the Spaniel to walk at heel until bidden to seek game. When so ordered he should seek game in a brisk, quiet manner, thoroughly quartering the designated cover within gunshot and in the line of quest without unnecessarily covering the ground twice.

3. When game is flushed, dogs should drop to flush or command and, if game is shot, should retrieve at command only, but not until the judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so, and deliver tenderly to hand. They should then drop until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.

4. If a dog following the line of a bird or rabbit is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice or whistle, but only in the quiet manner that would be used in the field.

5. A dog should work to his handler and gun at all times. The dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take directions from his handler is of great value.

6. When a judge gives a line to a handler and dog to follow, this must be followed and the dog not allowed to interfere with the other contestant running parallel to him.

7. The judges must judge their dogs for game finding ability, steadiness, and retrieving.

### Canadian Kennel Club Championship Requirements

To acquire a Field Trial Championship a Spaniel (Irish Water Spaniels excepted) must win two all-age stakes, under at least two different judges, with at least six starters in each stake.

(Endorsed by the Canadian Kennel Club, February 6th, 1936).

## SASKATOON KENNEL CLUB FIELD TRIALS

The Saskatoon Kennel Club held Field Trials on September 3rd and 4th for Pointers and Setters at Thirteen-Mile Corner, north of Saskatoon. The judges were Messrs. E. Howe, A. Goddard, and E. L. Usher.

In the Open All-Age Stake there were thirteen entries. Mrs. R. L. Orge's Pointer, Rip Rap's Biff, handled by R. L. Orge, was placed first; the Pointer, Saskatoon Lady, owned by Mrs. R. L. Orge and handled by Mr. R. L. Orge, was second, with third going to the English Setter, Topsy, owned and handled by E. H. Butterfield.

In the Shooting Dog Stake the Pointer, Rap's Saskatoon Duchess, owned by Mrs. R. L. Orge and handled by Mr. R. L. Orge, was placed first; the Pointer, Mendel's Soda, owned by F. Mendel and handled by F. Van Impe, was placed second, and the English Setter, Topsy, owned and handled by E. H. Butterfield, third.

## Registered Beagles FOR SALE

13" male, Harkaway Rocky Larkspur, 3 years old. Sire—Arcadian Actor, Dam—F.T. Ch. Harkaway Fan. All day hunter, loves the gun, voice like a lion, fine looked. Two seconds at Annapolis Valley Dog Show 1944. Priced to sell \$100.00

Registered litter, 3 males, 2 females, whelped June 27th, 1944. Ready to start this fall. Sire, above dog. 13" stylish true gun bitch, a hunting fool imported from Masterly Beagles, Wisconsin. 10 champions in four generation pedigree. A good buy at \$35.00 each.

Also registered litter of only two small males whelped August 26th, 1944. Sire—Dual Champion Seibold's Na-Bob. Dam—Quinter's Gertie, 13" Rob Roy bitch. Took two firsts at show. Two years old and has three places at A.K.C. Sanctioned trials. 4 generation pedigree of these pups shows 4 dual champions, 10 fd. champions, and 2 show champions. Here's your chance to buy a high pedigree male at only \$60.00. It is rare that stock of this breeding is offered for sale, had they been females I wouldn't sell at any price.

## FIELD TRIAL RULES

Governing the running of Beagle Hound Field Trials

A copy of these Rules or Regulations must appear in every Premium List—8 bold u. 1....

### MANAGEMENT

Rule 1.—The Field Trials shall be managed by the Field Trial Committee.

The Committee shall appoint a Marshal to carry out their orders.

### FIELD TRIAL COMMITTEE

Rule 2.—The Field Trial Committee shall have the power to interpret the running rules of this Club, and to decide all matters not provided for in them; to refuse any entry they think proper to exclude, and to take final action on any written objection to any entry, to suspend, or debar from handling or entering dogs in any field trials of this Club, any person who uses abusive language to the Judges or Officers of the Club; or who has been found to the satisfaction of the Field Trial Committee, to have conducted himself improperly in any manner in connection with dogs, dog shows or dog trials, or who is a defaulter for either stakes, or forfeits in connection with either thereof, or for money due under an arrangement for division of winnings, or for penalties for infraction of the rules, or for any payment required by a decision of the Club.

### ENTRIES

(The word "dog" includes both sexes)

Rule 3.—Section 1.—For all stakes, the names, pedigrees (so far as known), ages, colors and distinguishing marks of the dogs shall be detailed in writing to the Chairman of the Field Trial Committee at the time of making the entry. Any dog that shall be proven not to correspond with the entry, shall be disqualified and all winnings and entry money shall be forfeited to the Trial-giving Club.

Section 2.—All dogs entered in any classes or stakes must be the bonafide property of the nominator at the time of making the entry.

Section 3.—The entrance money must ac-

company every nomination.

Section 4.—Any objection to any entry must be made to the Field Trial Committee before the beginning of the stakes.

Section 5.—All entries will be post entries, to be made to the Secretary with payment of the required fees before the drawing takes place.

### CLASSES

Rule 4.—All open classes for Beagles shall be divided both by sex and height as follows: Bitches 13 inches and under, and bitches over 13 inches and not over 15 inches. Dogs 13 inches and under, and dogs over 13 inches and not over 15 inches. All open classes shall be run by braces on game to be eligible for Championship rating. Derby classes shall not be divided by sex, but shall be divided by height 13 inches and under, over 13 inches and not over 15 inches.

Section 1.—The above thirteen inch classes or the above fifteen inch classes may combine and run with both sexes in a single class of each size unless there are four or more starters in each sex division, and not otherwise.

### DRAWING AND ORDER OF RUNNING

Rule 5.—Section 1.—Dogs shall be drawn by lot, in all classes run by braces. Each dog shall run in the first series as a brace with the dog drawn next in order, but if two dogs owned or handled by the same person should come together in the first or subsequent series, the second dog so owned shall change place with the first dog not so owned or handled. This change shall be made in the order of running, if possible; if not possible, then in the reverse order of running. The running together of two such dogs may be permitted when a separation is impossible, but in no other case.

Section 2.—The bye dog in any series shall run with a dog selected by the Judges, or alone, as they may direct.

Section 3.—As soon as the drawing is completed, the Secretary of the Trial Club shall post in a prominent place, the order of running in the first series, together with the time and place of starting.

Section 4.—The order of running in the first series, shall be drawn up on a poster that has been approved by the Field Trial Committee.

### BRACES

Rule 6.—After the running of the first series is finished, the Judges shall announce which dogs they wish to see run again and the order of running them, the dogs to be run on game. Discretion is given the Judges to run the dogs as often and in what order they may thin best, until they are satisfied which are the best dogs.

Rule 7.—A class of dogs and bitches fifteen inches and under, may be substituted for any one of the above classes, or be run in addition to the above classes to be run as a pack for not less than three hours on game. The entry fee to be determined by the Field Trial Club holding the Trial.

Rule 8.—In the three hour classes, all starters shall be put down and kept together by the handlers for the full three hours, except such as are ordered to be taken up as hereinafter provided without interruption.

After the first hour's running, the Judges may order taken up, any dog refusing to remain and hunt with the others or interfering with the work of the others. Any handler may also take up any dog handled by him, at any time, by permission of the Judges.

All starters not taken up or ordered up, as above provided, shall be kept in and run continuously for the period of the three hours from the time the running of the class is started.

The work of the starters in these classes shall be judged by the same standards as in the classes run by braces.

### PACKS

Section 1.—In classes for Packs, the Packs shall be drawn by lot and shall be run separately.

### CHAMPIONS

Rule 35.—Any Beagle placed first, second, third or fourth, in the open classes, shall be awarded a number of Championship points, which shall be determined by dividing the

## 30 Years as a Practising Veterinarian

Dr. Ballard's Dog Foods are scientifically prepared and supervised by a man who knows his dogs—inside and out! . . . whose over 30 years as a practising veterinarian has equipped him to specialize in animal foods and animal feeding.

Dr. Ballard's Dog Foods contain the essential by-products, liver and other ingredients which are necessary for doggy growth and health, and all meal used is prepared in our own sanitary abattoir.

Dr. Ballard's Dog Foods are sold in wartime packages but soon we hope to be back with the famous Dr. Ballard canned dog foods. Today or tomorrow for good health every day give your dog BALLARD'S.

## KEEP DOGS WELL !

When your dog is listless—doesn't want to eat or play—he's out of condition and needs DISTEMPOUT (On-The-Nose). Just a dab on his nose—he licks it all off, and soon (often the same day) is all set to go again. Dog and cat lovers have used Distempout (On-The-Nose) successfully for over 23 years. Don't be without it. A large tube costs only \$1.00 and lasts a long time. It's a true friend when danger strikes.

#### OTHER "TESTED" PRODUCTS

**NOSE LAX**—a companion product, is a mild Laxative given by the famous On-The-Nose method. Avoid muss and bother of giving oils, powders or pills. In handy tube, only 50c.

**BALSA-PERU** aids healing, either fresh, or old stubborn cuts or bites. Made of Balsam of Peru, Lanolin, etc. It soothes, relieves pain and smarting, and starts nature's healing processes. Also good for Humans. In handy tubes, only 50c. Ask your Dealer or order direct.

# Standards of the Toy Breeds

## PUGS

### Description and Standard of Points

**Symmetry.**—Symmetry and general appearance, decidedly square and cobby. A lean leggy Pug and a dog with short legs and a long body are equally objectionable.

**Size and Condition.**—The Pug should be multum in parvo, but this condensation (if the word may be used) should be shown by compactness of form, well-knit proportions, and hardness of developed muscles. Weight from 14 to 18 pounds (dog or bitch) desirable.

**Body.**—Short and cobby, wide in chest and well-ribbed up.

**Legs.**—Very strong, straight, of moderate length, and well under.

**Feet.**—Neither so long as the foot of the hare, nor so round as that of the cat; well-split-up toes, and the nails black.

**Muzzle.**—Short, blunt, square, but not upfaced.

**Head.**—Large, massive, round—not apple-headed, with no indentation of the skull.

**Eyes.**—Dark in color, very large, bold and prominent, globular in shape, soft and solicitous in expression, very lustrous, and, when excited, full of fire.

**Ears.**—Thin, small, soft, like black velvet. There are two kinds—the "Rose" and "Button". Preference is given to the latter.

**Markings.**—Clearly defined. The muzzle or mask ears, moles on cheeks, thumb-mark or diamond on forehead, back-trace should be as black as possible.

**Mask.**—The mask should be black. The more intense and well defined it is the better.

**Wrinkles.**—Large and deep.

**Trace.**—A black line extending from the occiput to the tail.

**Tail.**—Curled tightly as possible over the hip. The double curl is perfection.

**Coat.**—Fine, smooth, soft and glossy, neither hard nor woolly.

**Color.**—Silver or apricot-fawn. Each should be decided, to make the contrast complete between the color and the trace and the mask black.

<b>Total</b> .....	<b>100</b>	<b>100</b>

## CHIHUAHUAS

### Description and Standard of Points

**Head.**—Well rounded "apple dome" skull, with molera. Cheeks and jaws lean. Nose moderately short, slightly pointed, self-colored, pink or black, depending on the color of the dog (e.g., in moles, blues, chocolates, the noses are self-colored; in blond types, pink).

**Ears.**—Large, held erect, flaring to sides at about an angle of 45 degrees and less.

**Teeth.**—Level.

**Eyes.**—Full, but not protruding, balanced, set well apart, dark, ruby, luminous.

**Neck.**—Slightly arched, gracefully sloping into lean shoulders, ruff or close haired about the neck. Shoulders lean, sloping into a slightly broadening support above straight forelegs that are set well under, giving free play at the elbows, with fine pasterns. Shoulders should be well up, giving balance and soundness, sloping into a level back, and never "down" or low. This also gives a "chestiness" and strength of fore quarters, yet none of the "bulldog" chest, but plenty of brisket.

**Back.**—Level, slightly longer than the height. (Short back desired in males.)

**Feet.**—Small, toes well split up, but not spread, pads cushioned. Is neither the "hare" nor the "cat" foot. A dainty little foot, with nails moderately long.

**Hind Quarters.**—Muscular, hocks well apart, but not out, well let down, firm sturdy action.

**Tail.**—Moderately long (when not a natural bob, or tail-less). Carried cycle, either up or out, but not tucked under. Hair on the tail in harmony with the coat of the body, preferred furry. Bob-tails and tail-less, so-born, are not against a good dog.

**Coat.**—In the "smooths" should be a soft, smooth, texture, close and glossy. In dark colors, well placed over the body and neck, more scanty on the head and ears. The long-haired should have fringed ears, legs and tail with the coat on the body semi-long, soft and silken, similar to the coat of the Papillon.

**Color.**—Any; solid or marked or splashed.

**Weight.**—One to six pounds. Two to four pounds preferable. If two dogs are equally good the more diminutive is preferred.

**General Appearance.**—A graceful, alert, swift-moving little dog with saucy expression, compact, with terrier qualities.

**Disqualifications.**—Cropped tail, broken down or cropped ears.

## POMERANIAN

### Description and Standard of Points

**Appearance.**—The Pomeranian in build and appearance should be a compact, short-coupled dog, well-knit in frame. His head and face should be fox-like, with small erect ears that appear sensible to every sound; he should exhibit great intelligence in his expression, docility in his disposition, and activity and buoyancy in his deportment.

**Head.**—The head should be somewhat foxy in outline, or wedge-shaped, the skull being slightly flat, large in proportion to the muzzle, which should finish rather fine, and be free from lippiness. The teeth should be level, and on no account undershot. The head in its profile may exhibit a little "stop" which, however, must not be too pronounced, and the hair on the head and face must be smooth or short-coated.

**Eyes.**—The eyes should be medium in size, rather oblique in shape, not set too wide apart, bright and dark in color, showing great intelligence and docility of temper. In a white dog, black rims around the eyes are preferable.

**Ears.**—The ears should be small, not set too far apart nor too low down, and carried perfectly erect, like those of a fox, and like the head, should be covered with soft, short hair.

**Nose.**—Should be self-colored in browns and blue. In all other colors, should be black.

**Neck and Shoulders.**—The neck, if anything, should be rather short, well set in, and lion-like, covered with a profuse mane and frill of long straight hair, sweeping from the under jaw and covering the whole of the front part of the shoulders and chest as well as the top part of the shoulders. The shoulders must be tolerably clean, and laid well back.

**Body.**—The back must be short, and the body compact, being well ribbed up and the barrel well rounded. The chest must be fairly deep and not too wide.

**Legs.**—The forelegs must be well feathered and perfectly straight, of medium length, and not such as would be termed "leggy" or "low on legs", but in length and strength in due proportion to a well-balanced frame. The hind legs and thighs must be well feathered down to the hocks, and must be neither cowhocked nor wide behind. They must be fine in bone and free in action. The feet should be small and compact in shape.

**Tail.**—The tail is a characteristic of the breed, and should be turned over

(Continued on page 23)

# Club Activities

**MRS. GORDON COLES**

Port Credit, Ontario, will judge German Shepherd dogs at the Canine Breeders and Exhibitors Association on November 20th. Mrs. Coles and her husband, Gordon, have bred and raised German Shepherds with great success. An ardent worker for the Red Cross, Mrs. Coles has devoted her spare time during the present war to nursing soldiers at Christie Street Hospital, Toronto.

Toronto has a building shortage, and prospects for a large indoor show appeared to be remote until the Canine Breeders' and Exhibitors' Association secured the Queensway Ballroom, probably the finest building in Ontario, for their All Breed show in November. Built during the boom era as the Palace Pier, it is an immense ballroom with floor space sufficient to bench five hundred dogs and allow ample room for judging rings. Situated at the western entrance into Toronto, it is accessible by street car and but a short distance from the Sunnyside railroad station. The Queen Elizabeth and No. 2 Lakeshore Highways converge but a short distance away, and a large parking lot is directly in front of the building.

The judges list is most imposing, few names are as well and favorably known in the dog field as that of Capt. Will Judy, and his services as the all-round judge should attract a large entry of dogs. Oscar Hughes of Youngstown, Ohio, will judge Cocker Spaniels; Mrs. Gordon Coles of Port Credit, Ont., German Shepherd Dogs and Miss Lena Short of Lambeth, Ont., the Terriers.

The first Obedience Trials for dogs trained at the Canadian Dog Training Club will be featured at this show. The newly formed school has been training at Dufferin Park with record attendance of pure bred dogs ranging in size from Miniature Schnauzers to Great Danes.

Ben Stitt and Cecil Corry of the German Shepherd Dog Club of Canada have been tutoring the dogs and their owners with marked success. Amongst

those making marked progress were the Irish Setter, Paddy Boy of Wildair, owned by Mr. and Mrs. J. H. Smith; Collie, Quarrybrae's Lucky Girl, owned by George Getty; Great Dane, Fingard's Joe L, owned by D. Fingard and Miniature Schnauzer, Ch. Drossel of Furstenhof, owned by Mrs. A. Carley. Others whose dogs' names were not secured were, W. Kenyon with a Chow Chow; S. Acland, Great Dane; A. Farrell, English Bulldog; Mrs. Southcott, Collie; Mrs. S. Acland, Cocker Spaniel; R. Chiswell, Scottish Terrier and Messrs. Southcott, Hurst, Flink, Ross, Hayman, with German Shepherd Dogs. These classes will continue each Sunday until the cold weather, when an indoor school will be held for the winter months.

Hamilton has by-passed a fall show for championship points, and in order to keep the interest keen, staged a large

Hamilton Kennel Club extend their appreciation to Mr. and Mrs. Gudgeon for their hospitality.

From coast to coast the clubs have had a banner year. An invitation is extended to all clubs to make this feature of "Dogs in Canada" their meeting ground. Send news by the fifteenth of the month, if possible, and if the president of the club is too bashful to send his photograph, secure the secretary or directors' photographs and make this page of general interest.

Three thousand dollars in American money is not hard to take these days. It is wide open for all who wish to participate at the Niagara Falls and Buffalo shows on October 28th and 29th. The Exchange Board now allows two visits a year to the United States with American currency, and seventy-five dollars is allowed for spending money on each visit. There is no limit on the amount you can bring back to Canada, and the usual exchange rates are still in force. The list of judges appears elsewhere in this issue. Entry blanks are available at the office of the Canadian Kennel Club, 25 Melinda Street, Toronto, and from the Hamilton Kennel Club, 86 Harmony Ave., Hamilton, Ontario. Hotel reservations may be made by writing the Lafayette or Statler Hotels in Buffalo. At present there is no shortage, but it would be wise to arrange this ahead of time. Both shows will be held in the Memorial Auditorium in Buffalo, and there is every indication that arrangements will be made to allow the dogs across the border and return.

**CAPTAIN WILL JUDY**

President of the Judy Publishing Company, Chicago, will judge several breeds, general specials and Best in Show at the Canine Breeders and Exhibitors Association on November 20th. Mr. Judy is past commander of the American Legion, president of the 33rd Division, War Veterans' Association. He was a captain in the first World War, having been cited for bravery in action and awarded the Silver Star.

matinee show at the Baseball Stadium. Alf Loveridge and W. P. Gudgeon divided the judging roles, with Mrs. Gudgeon and Ed. Cheetham as ring stewards. George Lawless, who has carried on the secretarial duties with marked success for the Hamilton Kennel Club, ably assisted by his wife, was elated at the success of the show which brought entries from all parts of Ontario. George Boyd of Niagara Falls carried off the Best in Show honors with the Cocker Spaniel, Merrywiggie Melody. Mrs. B. Towler of Hamilton taking Reserve with the Smooth Fox Terrier, Simpson's Grand Laddie. The following day the members and their friends were guests of Mr. and Mrs. Gudgeon for the Club's annual picnic. An impromptu dog show was held, sports, bowling and those who forgot lunches invaded the melon patch. The

**REG. P. SPARKES**

Former president of the Canadian Kennel Club, will judge three groups, general specials and Best in Show at the Norfolk County Agricultural Fair on October 4th and 5th. Owner of the Kamel Kennels, Mr. Sparkes has bred and owned many famous Bulldogs. He has judged dogs in all parts of America and Canada.

## TOYS

(Continued from page 21)

the back and carried flat, being profusely covered with long spreading hair.

**Coat.** — Properly speaking there should be two coats, an under and an over coat; the one a soft fluffy undercoat, and the other a long, perfectly straight and glistening coat covering the whole of the body, being very abundant around the neck and forepart of the shoulders and chest, where it should form a frill of profuse, standing-off, straight hair, extending over the shoulders as previously described. The hind quarters like those of the Collie, should be similarly clad with long hair or feathering from the top of the rump to the hocks. The hair on the tail must be, as previously described, profuse and spreading over the back.

**Color.**—The following colors are admissible: Black, brown, chocolate, red, orange, cream, orange-sable, wolf-sable, beaver, blue, white and parti-colors. The blacks, blues, browns and sables must be free from any white, and the whites must be free from lemon or any other color. A few white hairs in any of the self-colors shall not absolutely disqualify but should carry great weight against a dog. In parti-colored dogs, the colors should be evenly distributed on the body in patches. A dog with a white foot or a white chest would not be a parti-colored dog. Whole colored dogs with a white foot or legs, are decidedly objectionable and should be discouraged and cannot compete as whole colored specimens. In mixed classes where whole colored and parti-colored Pomeranians compete together, the preference should—if in other points they are equal—be given to the whole colored specimens. Sables must be shaded throughout with three or more colors, as uniformly as possible, with no patches of self-color. Oranges must be self-colored throughout and light shadings though not disqualifying should be discouraged.

**N.B.**—Where classification by weight is made, the following scale, passed by the club as the most suitable division, should be adopted by Show Committees:

1. Not exceeding 7 pounds.

2. Exceeding 7 pounds.

Where classification by color is made, the following division should be adopted:

1. Black.
2. Brown or chocolate.
3. Red, orange or cream.
4. Sables.
5. Any color not mentioned above.

## PEKINGESE

### Description and Standard of Points

**Expression.**—Must suggest the Chinese origin of the Pekingese in its quaintness and individuality, resemblance to the lion in directness and independence and should imply courage, boldness, self esteem and combativeness rather than prettiness, daintiness or delicacy.

**Skull.**—Massive, broad, wide and flat between the ears (not dome shaped), wide between the eyes.

**Nose.**—Black, broad, very short and flat.

**Eyes.**—Large, dark, prominent, round, lustrous.

**Stop.**—Deep.

**Ears.**—Heart shaped, not set too high, leather never long enough to come below the muzzle, nor carried erect, but rather drooping, long feather.

**Muzzle.**—Wrinkled, very short and broad, not overshot, nor pointed. Strong, broad under jaw, teeth not to show.

**Shape of Body.**—Heavy in front, well sprung ribs, broad chest, falling away lighter behind, lion-like. Back level. Not too long in body; allowance made for longer body in bitch.

**Legs.**—Short forelegs, bones of forearm lowed, firm at shoulder; hindlegs lighter but firm and well shaped.

**Feet.**—Flat, toes turned out, not round, should stand well up on feet, not on ankles.

**Action.**—Fearless, free and strong, with slight roll.

**Coat, Feather and Condition.**—Long, with thick undercoat, straight and flat, not curly nor wavy, rather coarse, but soft; feather on thighs, legs, tail and toes long and profuse.

**Mane.**—Profuse, extending beyond the shoulder blades, forming ruff or frill round the neck.

**Color.**—All colors are allowable. Red, fawn, black, black and tan, sable,

brindle, white and parti-color well defined; black masks and spectacles around the eyes, with lines to ears are desirable.

**Definition of a Parti-Color Pekingese.**—the coloring of a parti-colored dog must be broken on the body. No large portion of any one color should exist. White should be shown on the saddle. A dog of any solid color with white feet and chest is NOT a parti-color.

**Tail.**—Set high; lying well over back to either side; long, profuse, straight feather.

**Size.**—Being a toy dog, medium size preferred, providing type and points are not sacrificed; extreme limit 14 pounds. Anything over must disqualify.

## **We Point With Pardonable Pride**

### **This Is International Champion Renco Von Mannerheim** (Awaiting A.K.C. Confirmation)

Bred by us and owned by Mr. and Mrs. Harold D. Reynolds, 396 Avenue Road, Toronto, Ont. Best of Winners—Pontiac, Greenville, Portland and Royal Oak. Best Opposite Sex—Flint and Rockford. While our search of the records is not yet complete, we believe this is the first International Champion Doberman Pinscher bred in Canada. Moreover, his Dam and Granddam were bred in Canada by George and Mrs. Taylor, of Ottawa.

### **This Is Champion Cognac Von Glenhugel** (Awaiting C.K.C. Confirmation)

The 9th Champion by Ch. Blank v. d. Domstadt out of Siegerin and Ch. Ossi v. Stahlhelm. We started Cognac on his show career at the London Canine Breeders show this spring with a 4-point win and he finished at the Halifax show last month with a 5-point win. This year he has won three groups, placed second in one group and has five Best of Breeds to his credit. In his quest for the title, he has defeated three American and one near American champion, two of these on four occasions.

This dog is now owned by Mr. James D. Whiteley of Bedford, Nova Scotia, but will stand at stud in this kennel after November. He is already booked for four outside females, three of them being repeat matings. He will be glad to show his trophies and etchings to Doberman ladies of good family.

### **This Is American Champion Dietrich of Dawn** "ALL-TIME, ALL AMERICAN-BRED"

Considered by the experts to be the greatest show dog in America of all time and one of the greatest American-bred sires. Dietrich will not be at stud to outside females but we hope to have his pups for sale from time to time.

We will soon have pictures to show you of Derek and Dora von Mannerheim from Champion Cognac von Glenhugel's first litter. Both have points on their championships.

In three years of Canadian competition the following dogs sold by us have finished their Canadian Championships.

- \*Champion Adam von Mannerheim — one working group.
- \*International Champion Renco von Mannerheim—one working group.
- Champion Judy of Navigator—Renco's dam.
- Champion Cognac von Glenhugel — three working groups.

The following have points toward their Championships:

- \*Barbel von Mannerheim—one Best-in-Show.
- Arista of Pontchartrain.
- \*Derek von Mannerheim.
- \*Dora von Mannerheim.
- Schoenas of Navigator.

\*Bred by us.

All this from a kennel which has so far bred just 7 litters, of which the last three are still too young to show.

### **This Should Be Proof Positive That We Breed, Own and Sell the Best Dobermans in Canada Today**

We have no pups for sale at present—We have one very promising year-old male by Champion Cognac out of Champion Judy at \$250.00.

Sorry to disappoint so many who wanted a pup from Ch. Troll of Engelstolz out of son of Sieger and American Champion Figaro v. Sigalsburg, who until recently was second only to his grandsire Sieger Lux v. Blankenburg in number of American champions sired.

*For the Best in Doberman Pinschers write*

## MINIATURE PINSCHERS

Left, Above, Ch. Trail Blazer of Geddesburg, owner W. Harris; right, Int. Ch. Freya V. Rochsburg, owner W. Harris. In circle, head study of Trail Blazer of Geddesburg, owner W. Harris.

Right, Above, Am. Ch. Skipper of Geddesburg, owner Janhall Kennels, Shippensburg Pa.; Below, Brenda and Patsy Harris with three miniature Pinscher Puppies, excellent playmates for children.

Bottom, left, Paddy Boughs handling Int. Ch. Freya V. Geddesburg to Best in the Toy Group, Freya won four out of five groups on the Maritime Circuit. She produced puppies six weeks before the shows.

Bottom, centre, Five Miniature Puppies, Hargrove Tiny and Bambi; Hargrove Dancer II, owned by Allen Lester of Ottawa; Hargrove Pin Up Girl, owned by Mr. C. Casey of Halifax, N.S.; Hargrove Gay Boy, owned by Dr. W. Shute of Guelph.

## PINSCHERS (Miniature)

### Description and Standard of Points

**General Appearance.**—A miniature of the Doberman Pinscher, having on a modified scale most of its physical qualifications and specifications, viz., symmetrical proportions, sturdy though slim, pert, lively, attentive, with well distributed muscle formation and a carriage suggestive of an active and lively temperament.

**General Faults.**—Heavy set, coarse, poor quarters, too long or short coupled, knotty muscles, lethargic, timid or dull.

**Head.**—The head should be in correct proportion to the body. As viewed from the side—elongated and tapering with only a slight drop to the muzzle, which should be parallel to the top of the skull. As viewed from the top—narrow with well fitted but not too prominent foreface. As viewed from the front—the skull appears flat, tapering forward to the muzzle. Muzzle itself strong rather than fine and delicate and in proportion to the head as a whole; cheeks and lips small, taut and closely adherent to each other. Teeth in perfect alignment and apposition.

**Faults.**—Too big or too small for body, too short or coarse, too long or fine or distorted, top too broad, foreface too prominent, skull to round or hollow with too much stop, poor teeth, jaws undershot or overshot.

**Eyes.**—Full, slightly oval, almost round, clear and bright, dark, even to a true black, set wide apart and fitted well into the sockets.

**Faults.**—Too round and full, too small or large, too bulging or deep-set, too close or far apart.

**Ears.**—Well set, and placed, firm, upstanding (or when legal, cropped short, pointed and upstanding).

**Faults.**—Poorly set, placed low, weak or hanging, or poorly cropped.

**Nose.**—Black in black and tan, red or stag red.

**Faults.**—Brown or spotted in black and tan, red or stag red.

**Neck.**—Slightly arched, and gracefully curved, blending into the shoulders, relatively short, muscular, and free from throatiness. Length from occiput to withers equal distance from nose to occiput.

**Faults.**—Too straight or too curved. Too thick or too thin. Too long or short, knotty muscles, loose, flabby or wrinkled skin.

**Body.**—Compact, wedge shaped, muscular with well sprung ribs, the base line of which is level with the points of the elbows; well knit muscular quarters set wide apart, with back level or slightly sloping towards the rear. Length of males equals height, females may be slightly longer.

**Faults.**—Chest too narrow or barrel shaped, quarters too wide or too close to each other, too thin or too fat, sloping rump, sway-back, roachback, wry-back, hips higher or considerably lower than shoulders.

**Legs and Feet.**—Straight and up-

standing as viewed from the front or rear with strong bone development and small joints; viewed from side—all adjacent bones should appear well angulated with well muscled stifles, short well-developed hocks, well-knit flexible pasterns, strong, well-arched and closely knit toes with thick blunt nails.

**Faults.**—Bow or X-legs—too thick or too thin bone development, large joints, thin stifles, large or crooked hocks, floating knee caps, weak pasterns, spreading flat feet, feet turning in or out.

**Tail.**—Set high, broad, held erect and cropped 1 to 2 inches.

**Faults.**—Set too low, too thin, drooping, hanging or poorly cropped.

**Coat.**—Thick, hard, short, straight, and lustrous, closely adhering to and uniformly covering the body.

**Faults.**—Thin, too short, dull, upstanding, curly, dry, areas of various thickness or bald spots.

### Color.

1. Lustrous black with tan, rust-red or yellow markings on cheeks, lips, lower jaw, throat, above eyes, twin spots on chest, lower half of forelegs, inside of hindlegs and vent region. Black pencil stripes on toes. Faults—light colored or white, very dark or sooty spots, in listed markings.

2. Solid yellow.

3. Solid red or stag-red.

4. Solid brown or brown with red or yellow markings.

5. Solid blue or blue toned with red or yellow markings.

**Height.**—Approximately eleven and a half inches at the shoulder or withers, with a slight variation permissible.

**Faults.**—Too small or too large.

**Weight.**—Males, 6-10 pounds. Females, 6½-10 pounds.

## Winner of 50 Cups!

Has had Karswood Powders since he was six months old.

The owner of "Ch. Harringay Remarkable", winner of 50 silver cups and 150 other prizes, writes this about him:—

"He is now nearly four years old, and has had Karswood Powders since he was six months old. They have made him a wonderful stud dog, as he only weighs 3-lbs., and he is siring five and six in a litter. At the Kennel Club Show last month he won his eighth Challenge Certificate, was made best of breed for third year in succession, also Best Toy Dog in Show."

Karswood Dog Powders are an excellent tonic for dogs of all sizes and breeds. They are used by leading breeders in all parts of the world.

# PERSONALITIES

Lt.-Col. Peter Wright, who is our feature of the month, paid a visit to Dieppe recently where so many Canadians in the armed forces lost their lives. Accompanied by Major Ralph Young, the only officer left with the unit who was in it in 1939, the two officers set up a "little sign" inscribed with the unit badge and with two officers' collar badges, and propose to have a similar stone with a French translation cut and erected in the same place. The sign reads:

"On this beach officers and men of the Royal Regiment of Canada died at dawn, August 19th, 1942, striving to reach the heights beyond.

You who are alive on this beach remember that these men died far from home that others here and elsewhere might freely enjoy life in God's mercy.

They are not forgotten by their comrades".

We who have loved ones engaged in the bitter struggle can appreciate the thoughtfulness of these two officers, and are proud that they were affiliated with us in the Canadian Kennel Club.

The sympathy of all dog lovers is extended to Wallace Findlay, author of the article on Field Trials in this issue. Mr. Findlay's two sons enlisted together and the past few weeks have been anxious ones. Like all good sportsmen, Mr. Findlay carried on and was at the Field Trials assisting to make the day a success without the aid of his boys who had enjoyed the trials with him for so many years.

Veteran of the last War C.S.M. George Stephen, noted Cairn Terrier breeder, has returned from overseas after celebrating his 49th birthday in Italy. Jamie and Judy, his two Cairn Terriers, were on hand to greet him. Altogether C.S.M. Stephen has a total service record of thirty-three years and six months. In between he bred and exhibited Cairn Terriers. A royal welcome awaits him at the dog shows.

Cupid has invaded the offices of the Canadian Kennel Club with the result that Miss Kay Corley, who has been acting secretary-treasurer for the past eighteen months, will return to the office in mid-October as Mrs. M. Jamieson. The gratitude of the clubs throughout Canada to Miss Corley for her conscientious efforts to "carry-on" was manifested when a Sheffield reproduction tea and coffee service was presented to her at the home of Mrs. C. B. Firman on behalf of the clubs who contributed to the gift from coast to coast. It is the earnest hope of all members that Miss Corley will enjoy a life of happiness.

We regret that in making the layout of the Peel County show we did not

MRS. C. de P. DONIPHAN of Boucherville, Quebec, Secretary of the Mount Royal Dog Club, also first Secretary of the Ladies Kennel Club of Canada, has been a breeder, exhibitor and judge of toy breeds since nineteen hundred and sixteen. She is considered one of the leading authorities of the breed. Mrs. Doniphan is also on the Quebec Provincial Board of the Canadian Kennel Club.

include the Schipperke, Trixie O' The North, who won fourth in the Non-Sporting Group, owned by J. W. McCallum of Toronto. Mr. McCallum is keenly interested in this breed and is the energetic treasurer of the Canine Breeders and Exhibitors Association. The hour was late when the photographs were taken and the little Schip. did not show up in the darkness.

Miniature Pinschers are fast becoming the fashion in Toy breeds. Latest sales of the Hargrove Kennels are Joy of Geddesburg to E. J. Trojand, Drummer Boy of Geddesburg to J. Hutt of Toronto, Hargrove Pin-Up Girl, Mrs. S. Casey, Halifax, N.S.; Hargrove Trudl to P. Kammerl of Toronto, Black King of Geddesburg to K. Kitchen of Toronto, and an unnamed puppy by Ch. Jigger of Geddesburg and out of Int. Ch. Freya of Geddesburg to C. MacDonald of Moncton, N.B.

The unbroken line of "Reserve Winners or Better" has been kept intact by the Saints Rest Kennels, the largest champion being "Saints Rest Righto", (subject to C.K.C. confirmation), owned by A. T. Johnston of Halifax, N. S. At the Annapolis Valley show grandchildren of "Easter Parade" took Winners Male and Female, Best of Winners, Best of Breed and the Non-Sporting Group. Looks as if Paddy Boughs will have three champions this year by his "Easter Parade" stud. The dam is Paddy's Beauty, a daughter of "The Last Round Up", and represents many years of study

by the Disturber kennels. Ch. Edalice's Easter Parade Bekon, owned by Mrs. Ed. Winters, made his eighth consecutive Win at Rochester, but has one more to go for the International title.

Mrs. Ida McGuire of Napanee, Ontario, has been prominent in the newspapers, having fallen heir to an income for life from the Estate of Mrs. May Shaw of Long Beach, N. Y. Mrs. McGuire has marvellous kennels at Napanee where her Pekingese lead the life of "Reilly". In return for the income Mrs. McGuire will care for the twenty-six dogs formerly owned by the late Mrs. Shaw, and is bringing them back to Canada via "moving van".

Mr. Ted Ward returned from a victorious Maritime Circuit where he annexed four out of five best in show, to announce the purchase at a high price of the Scottish Terrier, Shellings Sherrieff, considered to be one of the top dogs in the United States. The acquisition of this dog will be of great benefit to the breeders of Scottish Terriers.

T. W. Wylie of Glencoe advises us that his two importations from the Marienhof kennels, Silver Mist and Princess Pat of Marienhof, took Winners Dog, Winners Female, Best of Winners and Best of Breed at the two shows mentioned above. A litter brother of Silver Mist of Marienhof was Reserve Winners at Katonah, N. Y. when only seven months of age. Silver Mist and Princess Pat have been mated. Incidentally the Strathburn kennels owned by Mr. Wylie was minus the letter "H" in the August advertisement.

"Did you ever see a dream walking" is the theme song at the Tailteann Kerry Blue Kennels on the shores of Lake Ontario. Mrs. Yeigh McEachren has three little dreams trotting around and cannot decide which to keep. The dam Kilderry Susabelle arrived back from the Maritimes with five Winners and Best of Breeds to her credit. She has been sold to W. G. Allen of Wayne, Pa., so away goes another good Terrier from our shores. Mrs. McEachren has some very good imports waiting to come across the border and it is whispered that there is a dark horse for the Westminster show, which claims Canada for its birthplace.

A frequent visitor to the C.K.C. offices is P.O. Norman Brown, who got left behind when the boys went Overseas owing to a broken finger sustained while playing baseball. Tough luck Norman. Perhaps the war will be over by Christmas, let us hope so anyway.

# MINIATURE PINSCHERS

INTERNATIONAL CHAMPION TRAIL BLAZER OF GEDDESBURG

WHOSE WINS FOR 1944 include BEST IN THE TOY GROUP at  
LONDON CANINE ASSOCIATION, GUELPH KENNEL CLUB, PROGRESSIVE KENNEL

As this breed is creating an unprecedented demand, please BOOK now and avoid disappointment.

## HARGROVE KENNELS

WM. A. HARRIS

82 Brentwood Road N., Toronto, Ont.

'Phone Junction 2412

# ON ACTIVE SERVICE

**CLIFF TUSHINGHAM**

Well known breeder of Kerry Blue Terriers has recently returned from active duty. Clifford joined at the beginning of the war and served on the West Coast where he received injuries necessitating his discharge from the services. He won many top awards with his Kerry Blues and hopes to soon have another kennel.

**LAC LAWLESS, G. A.**

Son of Mr. and Mrs. George Lawless, secretary of the Hamilton Kennel Club. Enlisting at the age of eighteen years, George has served in the Eastern Command, Labrador, Newfoundland, and at the present time is overseas. Mr. Lawless, his father, is a veteran of the last war, having served four and half years with the Imperial forces.

**JAMES FRANCIS TURNER**

Leading Telegraphist with the RCNVR, grandson of Mrs. L. Turner of Toronto. James enlisted at the outbreak of war and has seen five years of action at sea. He is on the corvette, Rimouski, which played such a brilliant part in the invasion of Normandy. After a short leave he has returned to his ship for further action.

**LIEUT. JAMES FINDLAY**

Son of Mr. and Mrs. Wallace Findlay and the brother of Pte. Robert Munro Findlay. Graduating from Lawrence Park Collegiate, where he was Lieut.-Col. of the collegiate cadet corps, he enlisted with his brother in the 48th Highlanders. An official wire received by his parents states that he has been wounded in both legs by a shell in Italy.

**PTE. ROBERT MUNRO FINDLAY**

Youngest son of Mr. and Mrs. Wallace Findlay of Toronto. Known as "Red" to all his friends, he was a keen student of sporting dogs. Pte. Findlay enlisted with the 48th Highlanders and went overseas shortly after. He has been reported missing since June 8th, when he was in action in the Caen sector in Normandy.

## PERSONALITIES

**SWEET SENTIMENT OF WILDAIR**  
Irish Setter, owned by Mrs. Gertrude Drew of Toronto, awarded Best Sporting Dog at St. John, N.B.

Mrs. Bloomfield is a busy lady way out West, but it seems her husband, Colonel C. Bloomfield, is a much busier man Overseas. He is the man who took yours and my mail over to Normandy, and was one of the first Canadian officers to land on French soil. They were good to the Colonel and he made a safe return, only to be chased by a robot bomb in England. Some of his staff were killed and only a miracle saved the Colonel's life.

One of the most lovable visitors to the C.K.C. office was Veronica Lake, brimming with personality. She was the centre of attraction, even the men in the other offices fell for her. One tried to smuggle her out but Veronica objected. She is without a doubt one of the finest Chihuahuas seen in a long time, and is depicted on our toy page, where with her kennel mate she is making up the 26 ounces promised to Ontario for Christmas.

While the writer owns the jug which houses the little dogs referred to, up to now it has only held Chihuahuas, so that does not excuse the error in the last issue, geographically Duncan to Salmon Arms is three hundred and fifty miles, and the Hope Trail is from Hope to Princeton, sixty-six miles. Our apologies to Mrs. Gibson, and we hope some day to ride the Trail, but not on horseback.

Mr. Tom Grimshaw of Port Arthur was in town visiting the Fox Terrier fanciers. He gave assurance of another show at the Lakehead next year, and is a grand booster for the C.K.C. up there where East meets West.

Petty Officer Cliff Tushingham is back in civies, having sustained injuries which put him out of action for the duration. The Kerry Blue Terrier fanciers are elated at his return to the East. There is a Mrs. Tushingham now and a bouncing young son who thinks Kerry Blues are great playmates.

George Elgey is judging English Bull-dogs at Buffalo this month. He sold his good sixteen months' old dog, Nugget Revival, to Hilding Henderson of the Sociable Kennels, Brockton, Mass. We hear George is not trusting trains or automobiles, but intends to go by plane.

Royal Oak and Flint Michigan, were field days for the Canadian exhibitors. Renco von Mannerheim, the Doberman Pinscher bred by Dr. W. E. Shute and owned by Harold and Mrs. Reynolds, secured sufficient points, (subject to A.K.C. confirmation), for his International title. According to the advertisement appearing elsewhere in this issue, the Mannerheims have been having phenomenal success. Canada is certainly taking her place in the sun as regards the promotion of pure bred dogs.

The famous annual Chappel Award given since 1932 by the Chappel Foundation to the person or kennel which contributed most to the benefit of dogdom, will be continued in 1944, according to the Frank Warton, vice-president of the Ken-L-Products Division of The Quaker Oats Company, and former president of Chappel Bros.

"After a lapse of four years, because of war, The Quaker Oats Company has decided to revive the Foundation award," Mr. Warton said. "It is the company's intention to again make the award the most coveted recognition in dogdom. The award will be known as the Ken-L-Ration foundation award."

The award will be announced early in 1945, and the committee is already at work considering possible winners. Special consideration is being made of the extensive part dogs are playing in conduct of the war.

Frank Beer has received confirmation from the American Kennel Club that his home bred smooth fox terrier "Menow" is an American champion.

# The Canadian Kennel Club, Incorporated

From the office of the Secretary-Treasurer

The regular monthly meeting of the Board of Directors of The Canadian Kennel Club, Inc., was held in the Board Room of the Club's offices, 25 Melinda Street, Toronto, on Thursday, September 14th, 1944, at 6.00 p.m. The President, W. J. Risewick, presided. Officers and Directors present included: Walter H. Reeves, Mrs. E. Brown, Miss A. Elsie Mayhew and W. P. Gudgeon.

## Adoption of Minutes

It was moved by Mr. Reeves, seconded by Mrs. Brown, and unanimously carried:

"That the minutes of the meeting held on Thursday, August 10th, be approved."

The Board agreed that it would be wise to ask Mr. Wilkinson, the Club's solicitor, to initial those portions of the minutes which are to be deleted from publication in the magazine, and that the initialled copy be kept for our files.

Discussion arose at this time in respect to the members of the Ontario Board being unfamiliar with what appears on the Agenda until arriving at the meeting, and it was agreed that a copy of the Agenda and copies of all correspondence as sent to the out-of-town Officers and Directors should be supplied to the Ontario Officers and Directors previous to the meetings being held.

## Letter From Mr. Thomas Wylie

A letter was read from Mr. Thomas Wylie in respect to an article written by Harvey M. Gratton and which, owing to shortage of space, had been omitted from the August issue of **Dogs In Canada**.

It was agreed that the Secretary communicate with Mr. Wylie advising that his letter had been referred to the Board, but that because of shortage of space the article referred to did not appear in the August issue. It was, however, agreed that the article would be published in some future issue of the magazine.

The Board discussed the advertising of dogs as champions previous to confirmation being received from this office.

It was moved by Mrs. Brown, seconded by Mr. Reeves, and unanimously carried:

"That in future no dog may be advertised as a Champion until its championship has been confirmed by the Canadian Kennel Club, but any dog having the required number of points may be advertised as a Champion providing the following is inserted: 'Subject to confirmation by the Canadian Kennel Club'."

The following applications for Show and Trial Dates and Judges were considered:

## The Canadian Kennel Club (Incorporated)

1944

Spaniel, Cocker Rokerside Jean, first in Novice Bitches cancelled. Ineligible, was placed first in Canadian-bred Class at the Fort Garry Kennel Club Show held last year.

SGT. JACK McCOLL, A.G.

Son of the Acting Editor of Dogs in Canada. Jack's father died as the result of injuries received in the last World war. The following poem was sent in by Jack before his first operational tour with the RCAF as an A.G. (Air Gunner).

### THE STRAIGHT A.G.

From far and near, you will often hear  
Of Pilots Skill and Dare;  
But little is heard of the straight A.G.  
Or why he is really there.

To be exact as a matter of fact,  
He's the backbone of his crew;  
When you take account of the large amount  
Of work he has to do.

He knows his job without a doubt,  
You really can't deny  
When smashing Huns with his Brown-  
ing guns  
He's quite a handy guy.

He is needed too returning home  
When nights are dark as ink;  
His D.F. bearings guide the plane  
To safety o'er the drink.

And if the flack should hit the craft  
And bailing out begins,  
He knows he doesn't stand a chance  
So he just sits back and grins.

In his eyes before he dies  
Is a hint of devil may care,  
As he meets his fate in a burning crate  
Somehow, sometime, somewhere.

So when again you see a plane  
Go sailing o'er the blue,  
Remember there's an A.G. aboard  
And Thank God it isn't you.

So here's to the men of the RCAF  
And here's to the men who fly,  
And here's to the men who are straight  
A.G.'s.  
God bless them e'er they die.

## OTTAWA KENNEL CLUB

Miniature Pinscher, Golden Charm of Satzenhofen, first in Senior Puppy Dogs cancelled. Ineligible, under nine months of age on the day of the show. Reserve Winners automatically cancelled.

### "POST MORTEM SHOWED POISON"

We reprint the following letter, written by Mrs. C. L. Morford of Balto, Md.:

"Tuesday morning, May 2, our veterinarian called to inform us that our Bulldog 'Winston Churchill' had died during the night.

"Wednesday, May 3, the headlines in one of the Baltimore papers stated that the Health Department had ordered boric acid to be labeled 'poison.'

"In March, 1943, 'Win' got a bad eye infection. Since then of a morning his eyes would be full of matter and this matter would run down in his wrinkles causing sores. The veterinarian told me to bathe his eyes and wrinkles with boric acid in warm water and to powder the wrinkles with dry powder. For 13 months I have been following these instructions and every morning a little of this boric acid solution has been running down his chops and 'Win' has been licking it off with his tongue.

"There are 3 people in our house—my mother, my husband and myself—and none of us knew boric acid was poison. I can't believe that we are the only three people in the world who were ignorant of the fact.

"I, immediately upon reading this article in the paper, called the veterinarian and told him what had happened, explaining that I hoped some other dog would get the benefit of my experience.

"I loved my dog and knowingly would not have done anything to hurt him, so it's a terrible think to know I gave him a slow dose of poison.

"If you would find some way to warn some of the Bulldog owners against the use of boric acid and maybe save some dogs' lives, I would feel that my dog died for a purpose."

This letter, in conjunction with the recent newspaper reports of the hospital tragedy, where, through accident, several babies died from boric acid poisoning, made us sit up and take notice.

On this point, we were of the belief, along with many other people, that boric acid was a harmless antiseptic, and we had used it, like so many others, for washing babies' mouths and eyes as well as for sterilizing feeding equipment.

So we checked with Dr. P. L. Dunnet, veterinarian of Freeport, N.Y., and quote him as saying—"I have never prescribed Boric Acid for eye washes or ear cankers, knowing that continued absorption can prove fatal."

You who read can assist in spreading this information.—*Courtesy The Kennel Crier.*

OLD WESTBURY, L.I., N.Y.

## KILLED IN ACTION

SGT. STANLEY SHARPE

The first member of the Canadian Kennel Club to be killed in action. Sgt. Sharpe was on the staff of the Base Hospital in Italy which was demolished by shellfire. As a partner in the Edgelea Kennels, Sgt. Sharpe helped to foster the hobby of pure bred dogs and was most popular with all the fanciers. As a regular contributor to "Dogs In Canada" he kept in contact with all his friends and his last letter ended as follows: "We are all fit and morale is high, letters keep it up pretty good. So, until the last "all clear", cheerio." The sympathy of the members of the Canadian Kennel Club is extended to his son Alfred, and to his partner in the Edgelea Kennels, Mrs. J. M. Kerr.

## MANITOBA GOSSIP

(Continued from page 14)

of this event looked like a Thanksgiving turkey to those of us forced to work with pigeons all season, although neither Vanguard or the big Irishman had any trouble in this respect.

Folks like to get out in the country and watch these field events, unfortunately the recent rains brought out the bumper mosquito crop of the year.

We are drifting toward the end of another Kennel Club year and adding up the score we are not too happy about the kind of government accorded the Western Provinces or the representation permitted us throughout the year, so maybe we'll chat about it a bit next month.

## ENGLISH SPRINGER SPANIELS

Beautiful litter: 4 males, 5 females.

SIRE — The Field Knight of Hampton.  
(A.703521)

DAM—Waldie's Freckles. (C.K.C. 184629)

## AIREDALE TERRIERS

4 Beautiful Females, 7-9 months old.

Sire—Milroy's Exchange (169862)

Dam—Rockley Ginger (164123)

W. J. Campbell

241 Forest Ave., West Kildonan, Manitoba

## REX OIL SUPPLIES UNSATURATED FATS ESSENTIAL TO SKIN HEALTH

Don't let your dog suffer the agonies of eczema and the torture of itchy, scaly skin that comes with this disease. Instead, add a few drops of REX Wheat Germ Oil to his food daily. REX Oil is over 50% unsaturated fats, the skin vitamins that promote healthy skin and

coats of excellent bloom, sleek, glossy and free of dandruff or scale. Dog foods are apt to lack unsaturated fats, so take no chances. Add it yourself by dropping a few drops of REX Oil on the food each day. It tastes good to dogs and results show quickly.

## REX OIL ENDS BREEDING TROUBLES

For more than ten years Rex Wheat Germ Oil has been proving its value in helping organically right dogs overcome slowness to mate, absence of heat and similar breeding troubles. Rex Oil feeding results in bigger and stronger litters.

A four ounce bottle costs only \$1.25 and will last six months. Try it today.

### IRISH SETTERS

Wildair dogs sweep Maritimes Circuit with five Best of Breeds and one Sporting group.

Sweet Sentiment and Sweet Solemnity, half sisters, take all five Best of Breeds. Sporting group at St. John won by Sweet Sentiment.

Congratulations to Mr. J. P. Simmonds, Charlottetown, P.E.I., for his Best of Breed awards with Sweet Solemnity of Wildair handled by Paddy Boughs, Toronto, Ont. Our Sweet Sentiment of Wildair handled by Jack Fry, Halifax, N.S.

It pays to invest in a "Wildair" Irish Setter. They have an aristocratic background as well as a brilliant future. For show or breeding stock you can buy with confidence at "Wildair".

# To Nourish Every Inch

## FEED GAINES THE COMPLETE MEAL

● Here's a safe rule for breeders! To help build strong muscles, vitality, healthy growth, and sound bones and teeth—to nourish every inch of a dog's body—feed GAINES, *the Complete Meal*. Contains *meat meal*, cereals, milk nutrients, vegetables, minerals and vitamins A, B<sub>1</sub>, B<sub>2</sub>, B<sub>6</sub>, D, E, niacin and pantothenate.

Because GAINES nourishes every inch of a dog's body, it is preferred by many prize-dog breeders and leading veterinarians—it is America's largest-selling dog food—it has a success record exceeding 15 years. And GAINES protects its high standards of perfection by continual, careful laboratory control and kennel testing.

Remember! 9 out of 10 dogs like GAINES... don't tire of it. Easy to prepare—definitely economical. Available in 2-lb., 5-lb. and 50-lb. bags. Gaines Food Co., Inc., Sherburne, N.Y. Canadian Representative: Wear Food Co., 2114 Queen St., East, Toronto, Ontario.

### How Every Inch IS NOURISHED BY GAINES!

Expressed in terms of everyday foods, here are the equivalent food values your dog receives in EVERY POUND of this balanced meal:

The body and strength-building proteins in 1½ lbs. fresh raw beef

The energy-producing carbohydrates in 2 qts. cooked oatmeal

For sleek appearance and glossy coat—the fats in 1 oz. butter

For strong bones and teeth—the minerals in 1¼ lbs. cheese

For red-blooded vitality—the iron in ¾ lb. beef liver

The vitamin A in 5 eggs; the thiamin (B<sub>1</sub>) in 1 lb. whole-wheat bread; the riboflavin (B<sub>2</sub>) in 1 qt. milk; the niacin in ½ lb. fresh mackerel... and all other members of the B-complex which normally accompany thiamin, riboflavin and niacin.
