Collies

All our resources are used to improve the collie. That is our ONLY aim and consideration. We get more pleasure out of doing this and seeing others win with dogs of our breeding and bloodlines than we do out of winning ourselves. We have very little time to show. For these reasons our prices and stud fees are kept very reasonable considering the superlative quality of our dogs. Only dogs of very correct type and excellent character are used in our breeding operations. The dog pictured above is at stud in Vancouver. . . . Another at least as good stands ready in Toronto. Show stock for sale is very limited . . . but if we do sell you a collie we are not satisfied until you are. The deal MUST be mutually satisfactory and PROFITABLE.

We cannot begin to supply the general demand for ALANDALE COLLIES NOW but we will TRY to supply the following:

Those just beginning to breed collies who want to get started RIGHT. Experienced breeders who want an extra specially good young dog or bitch which they will show.

FIELD MEN AND HUNTERS

Please note that the Hunting Dog Feature Issue will be published September 1st instead of August 1st. Copy to be in by August 8th at latest and the August number will be devoted to "Miscellaneous Articles and Rare Dogs", for which copy is required before July 8th.

As an example of the enthusiasm of dog-breeders, we might mention two letters received by "Dogs in Canada" during the past month, one from Cuesmes, Belgium, asking for sample copies of our publication, and the other from Senan, France, asking for information regarding the possibility of exporting Shepherd dogs to Canada, and asking for contact with clubs here and a list of Canadian dog publications to which he might wish to subscribe.

Mr. R. E. Studor, of the Lone Pine Kennels, St. Louis Street, Que., has recently purchased the English Setter, International Champion "Rowdy of Blue Bar."

Cocker Spaniel sales in this kennel are flourishing. Three pups by Ch. Defender of Wilmurray have been sold to Dr. J. L. Tinti, Mr. C. A. Goulet and Mr. G. Auger.

Two parti-colored pups by Romey Again of Barrie have also been sold.

NEW BEAGLE CLUB FORMED

The Beaglers of Annapolis County, Nova Scotia, have just organized a Beagle Club and look forward to running some Field Trials.

The Club is called The Annapolis Valley Beagle Club and the Officers are as follows:

Corey Baltzer, President.

Raymond Bruce, Vice-President.

B. E. Finigan, Secretary-Treasurer.

All of these officers live at Middleton, N.S., and will be glad to head from Beaglers across the country.

POPULAR DOGS

American Kennel Club registrations for 1944 show the ten most popular dog breeds in the United States in the order of popularity, are: Cocker Spaniel, Beagle, Boston Terrier, Pekingese, Collie, Fox Terrier, Dachshund, Scottish Terrier, Springer Spaniel and Pomeranian. The ten most popular breeds registered in England are: Cocker Spaniel, Wire Fox Terrier, German Shepherd, Scottish Terrier, Pekingese, Dachshund, Labrador Retriever, Cairn, Smooth Fox Terrier and Springer Spaniel.

Our frontispiece this month is that magnificent Bulldog, Champion Kemps-ton Morovian Ajax, whose many sensational winnings are listed below. Mr. Walter Brown, the proprietor of Kemps-ton Kennels, 190 Coxwell Avenue, Toronto, has raised and bred the dogs which are referred to in these notes during the last nine years. The consistency of the wins acquired speaks louder than words for the breeding methods of Mr. Brown. The aim of every breeder is to arrive at that point where his breeding shows an evenness of quality, and it would certainly appear that the Kempston Kennels have accomplished this.

"Consistency, thou art a jewel."

All of the following dogs were bred, raised and shown during the last nine years by Mr. Walter Brown, proprietor, Kempston Kennels, 190 Coxwell Avenue, Toronto 8, Ont.:

CWAC CAPTAIN A KERRY ADMIRER

We received a welcome letter from Capt. Gladys Peers of the C.W.A.C. Training Centre, Kitchener. She had just returned from the Guelph Dog Show held on May 19th. As a Kerry enthusiast she was delighted with what she saw there. Following is a short extract from her letter:

"After a brief glance round the benches I arrived at the Kerries, and the welcome given to me by all the breeders just warmed my heart. Needless to say there I stayed until it was time for the Kerries to go into the ring, for when you have been away from them as long as I have (three and a half years now), it is wonderful to feel their soft silky coats and have their wet noses rubbing against your ears. Surely there is no more affectionate breed in the world.

"There were eleven entries and good heads in plenty, but in some instances I would have liked to have seen more bone and substance. I hope we are not going to lose that sturdiness so essential in the Kerry.

"Mrs. McEachren's 'Kinmare Surelad' looked well, going to Best of Winners and Geo. Davies' 'Kindon Mistress Madge' entered in the Limit Class is one I expect to hear more of later. She is very typey, a gorgeous colour and extremely showy when moving. Mrs. McGuire's 'Ch. Mister Dooley of Kilkerly' was B. of B. and it was a great pleasure for me to see this dog of which I have read so much."

Science Conquers Distemper

Dr. Robert Green, Professor of Bacteriology of the Medical College of the University of Minnesota, passed through Toronto recently and was kind enough to give this magazine an exclusive interview.

Dr. Green is a physician who became interested in virus research work many years ago. The purpose of his visit to Toronto was to attend the Fur Breeders' Summer School at Guelph, where he had been invited to lecture on Distemper in Fur Bearing Animals. He has also been invited to lecture to the Canadian National Fur Breeders' Association at Fredericton, N.B. He is interested in Distemper virus from a broad point of view, as a medical man and as a scientist, and his research does not focus on any one animal.

Dr. Green started his investigations in 1922, just two months after the Laidlaw and Duncan discoveries. He has been working with a large staff ever since. His immediate goal in undertaking these studies was not merely to find a cure, but to work out a complete picture of virus disease. He went back to the progenitor of all carnivora, "Miacidae", and divided his animals into certain groups on which he experimented. Charts accompany this article which will show the Doctor's meaning. The groups on the North American Continent on which his concentrated work has been done, are the dog family, the racoon family and the weasel family. He went farther afield to investigate the animal families of African and Asiatic origin, but circumstances have driven him to a very concentrated work on the dog, the racoon and the weasel families.

One of the key thoughts which unlocked a great deal of new discovery was the idea that virus is a cell parasite. The Doctor discovered that the virus is particularly sympathetic, shall we say,

to one family of animals and also particularly sympathetic to a certain type of cell. He went to work on the weasel family, which includes ferrets, minks, weasels of all types, and started off by giving them a distemper virus. The first group of ferrets which received the virus took about 24 days to die, but as the virus was introduced to ferret after ferret, and as the ferrets themselves developed a stronger susceptibility to the virus, he arrived at the point where a ferret would be killed in four days by the disease.

Then the doctor attempted to transfer the distemper virus from the ferrets which took 24 days to die of the milder variety of distemper to another family of animals such as the dog. The mortality among the dogs was 80 per cent. After the susceptibility of the ferrets became established and the mortality of ferrets rose so that death ensued in four days, a transfer of the virus at that point to the dog, produced no mortality whatever. In short, the Doctor discovered that by inducing the most violent form of the disease in one family of animals, he could produce a vaccine from this that would give complete immunity to another animal family.

This holds good in all the families of animals on which he experimented. At this point in his discoveries, the famous Fromm Brothers, silver fox fur farmers in Wisconsin, became interested in his research work and sponsored it financially. They built a large laboratory of their own, which houses 52,000 valuable silver foxes annually; and what they intended to be a useful service for themselves, developed into a tremendous business, as other fur breeders began to take an interest in what was going on.

Dr. Green found that the virus is a cell parasite and the type of symptom which you will find in the animal will indicate what cells are affected. That is

why there are many distinct types which often puzzle the laymen. The following cells are attacked:

1. Epitheal cells (covering-skin, mucous membrane):

eyes,
nose,
bronchi,
bile ducts,
internal tract,
bladder.

2. Nerve cells.

3. Spleen cells.

4. Liver cells.

Virus A. (1) (3)

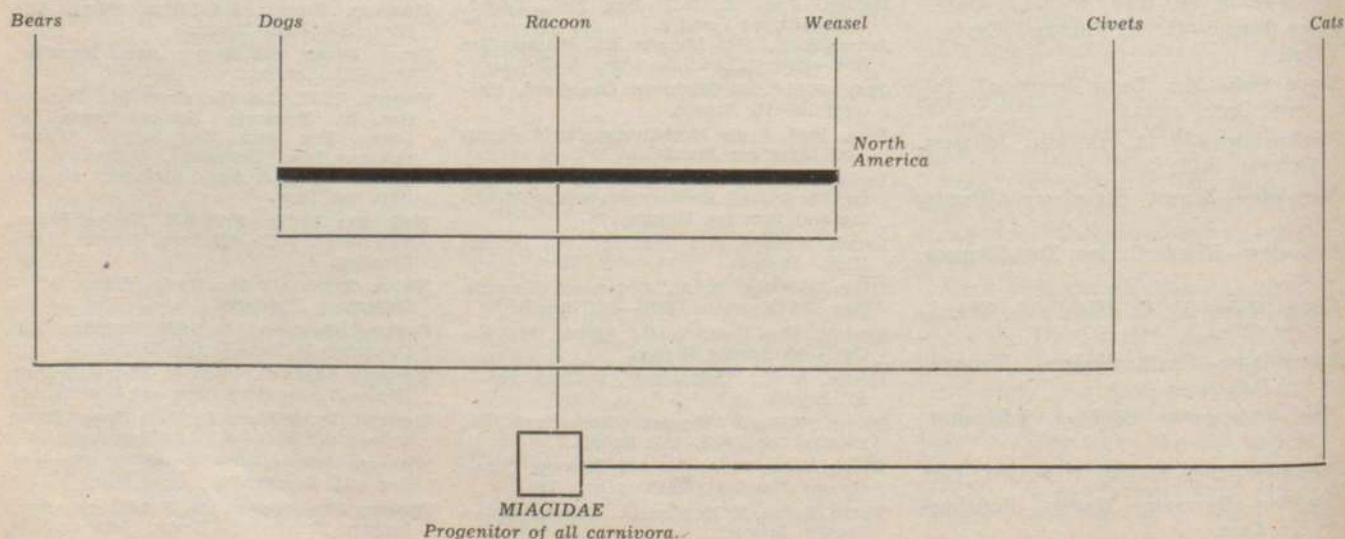

B. (2) (1) (3) (4)

C. (2)

"A" type of virus will show a preference for cells 1 and 3. "B" type of virus shows preference for cells 2, 1, 3, 4. "C" type might show preference for 2 only. This latter type attacks nerve cells and would produce a spinal paralysis and affect the brain. It will be seen that this might occur without any of the usual symptoms such as running eyes, nose, etc., which the average person associates with distemper.

Fromm Brothers have found themselves driven into what has become a huge business through these discoveries of Dr. Green, and they have been obliged to extend their facilities to include the making of vaccines for dogs as well as for foxes. Their vaccine is sold only to veterinarians and is known as Canine Distemper Vaccine (Green Method). Dr. Green calls this by the scientific name of "Distemperoid Virus".

The principle underlying his discovery seems simple enough once it is explained but it has taken Dr. Green and his large staff years of patient work with thousands of small animals such as mice and ferrets to establish clearly that he was definitely correct.

Truth—what is it?

Truth is the fundamental of all things. Without it there can be no system, order, construction, co-operation, or beauty. Christ said "God Is Truth".

But I can hear you say impatiently "What has Truth to do with an understanding of the Collie?" And I answer, "An understanding of the Collie IS Truth". To dog people, dog shows, and dogs, the plain unvarnished Truth means everything, because Truth is an invisible Law of Nature—intangible, but unflinching and immovable.

Our attempts to build—a kennel—a dog—a dog show—or ourselves into men and women—will be successful only in due proportion to our recognition and actual USE of Truth.

"Oh wad that God the power wad
Gie us

To see ourselves as others see us".
—Burns—

Were poor Burns alive today he might just as easily have said,

"Oh wad that God the power would
Gie them

To see their dogs as others see them".

Too many of us are inclined to look at our own dogs through rose colored glasses—but when we look at the dogs of our competitors—Ah! That is a glass of a different color. Were we all to follow Burns' advice, it might shock us into recognizing some Truth. But I would go even farther, and say,

"Oh would that God the power would
Gie us

To know what our dogs should be—
and see them as they actually are".

Often the Truth hurts. But when we unflinchingly face, and courageously accept it, we find it is like a surgeon's knife. The Truth cuts away the canker—cleans out all that is rotten.

The Truth hurts, but it heals.

To find, accept, and USE the unvarnished Truth, takes intelligence, will-power, courage, and WORK. If we WILL find and use it, we will start on a solid foundation, and build better dogs, shows, kennels, and men and women. And the beauty of it all is that it pays, both in satisfaction—happiness—AND in dollars and cents. Boy! What the dog fancy in Canada could be if we could all only get that! The results would amaze us. We would lead the world. EASILY.

The Editor of "Dogs In Canada" has asked me to write a series of articles on the collie. In them, I shall attempt to tell, in as minute detail as is practical, exactly what a Collie should be. I write with a very sincere appreciation of the intelligence and experience of others, and with humble thanks to those who have helped and educated me during the many years in which I have made a careful and analytical study of the collie.

To be REALLY successful in the breeding or judging of the collie we must know what he should be like. The

THE COLLIE

By

W. G. HASSELL

EDITOR'S NOTE: The author of this article ran a radio station for 16 years in conjunction with the Vancouver Daily Province. He is an outstanding radio personality whose stories are broadcast from CKWX, Vancouver, at 5.30 p.m. Monday through Friday, and from CFRB, Toronto, at 5.15 Tuesday and Thursday. He is noted for his stories about horses and collies, and dogs are definitely a hobby. He has raised and bred them for 25 years and has shown them for 15 years.

number of people in Canada who REALLY know the Collie are very limited. You could probably count them on your fingers. I make this definite statement for the sake of the Collie—not to please my readers—many of whom will not like it any more than they will like me for saying it. The sooner we realize that it is the DOG that counts, not the winning of prizes at shows—not the immediate making of money—not our own tender feelings—the better for the Collie, for us, and for the public.

How many breeders realize that the most lasting—the deepest satisfaction of all comes from breeding and selling a dog that will give years of satisfaction and delight to his owners? And be a lasting and GLORIOUS advertisement for his breeders? The TRUE Collie is almost universally admired and loved by the public. Collies that are off in type and character do immeasurable harm. They ALWAYS fall short of what MIGHT have been accomplished. This brings us to the first fundamental law:

The first Law of Accomplishment is to have a DEFINITE AIM.

Study those words until their FULL IMPORT are realized. We must know CLEARLY—in STARK REALISM—what we are trying to do, before we can hope to do it. We must not be blinded to our dog's faults because we bred or owned him—or to another dog's good points because we did not. We MUST not only KNOW the standard, but UNDERSTAND it. If the standard covered every point of a collie, it would be too long and cumbersome. It would need a Philadelphia lawyer to word and INTERPRET it. It takes natural ability, developed by intelligence—to appreciate the Standard and understand what it means.* And it takes CHARACTER to stand by it.

The Collie Standard is the very backbone of our breed. It is the only thing that makes it possible for breeders in different parts of the country to aim at the same thing.

Every dog has faults. It is the number and seriousness of his faults—balanced with his points of excellence—that must be taken into consideration, particularly as they apply to TYPE and CHARACTER. I am of the opinion that only Collies of the CORRECT TYPE should be awarded prizes, and bred from. This is pretty rigid, but we NEED to be rigid. We need to PIN our breeders and our JUDGES and make them stick to TYPE. As soon as we relax it, the collie goes all over Hell's high acre. The FOREIGN type begins to creep in. There should be NOTHING foreign, particularly nothing BORZOI about the collie. A Borzoi is a beautiful dog, but he is not a Collie, and is a long way from it. Let's get down to cases.

Type (Physical)

In these articles, TYPE will mean the PHYSICAL attributes of the collie. Type may be expressed as the physical parts and their articulation and balance, in an IDEAL or STANDARD specimen of the breed, or species. Species represents a group of individuals alike as to common attributes and with a common name.

Character (Mental)

In these articles CHARACTER will mean the MENTAL or PSYCHIC attributes of the collie. We must never forget that the mental activates the physical. Without Character, no true beauty or expression is possible. Character is more important to our success and the success of the breed than many breeders realize. Totally without character, a dog is DEAD. A dog inherits TEMPERAMENT. He is born with fundamental urges and instincts. On the way his temperament DEVELOPS depends his CHARACTER. His type or physical make-up is simply the medium through which nature expresses his character—the pipe through which his character flows. It is impossible to perceive physical qualities without a physical medium to express them. Character may be termed the expression of life.

A Collie's character may be described as the way he acts as a GOING CONCERN. The total effects of a dog's TYPE and CHARACTER, I would describe as his

Personality (Physical and Mental)

In future articles we will go over the collie from the tip of his nose to the last hair on his tail. Discuss not only his parts, but the way they should be put together to produce a dog that has Type, Character, personality, and BALANCE, to help you produce a COLLIE. A dog that has TRUE beauty, intelligence, courage, loyalty, and DIGNITY. A dog possessing that easy grace and style that denotes hidden strength. A dog that knocks your eye out with his showmanship and wins your love with his sweetness. Nature must enjoy her handiwork when she makes the collie, or she would not array him so gloriously. What a privilege to be able to co-operate with HER. Let's do it—shall we?

A son of the Internationally Famous Champion Wischer's Dulcy

By Comparison, "Fingard's Odin" can be rated as one of the most perfect specimens of Great Dane on the North American continent. His latest outstanding victory was to be adjudged by Mr. G. W. Ch. "Dulcy" is the dam of Ch. Muldoon, Best of Breed, Madison Square Gardens, 1942; "Odin's" grand-sire on his father's side is champion Duke of Roxdane, Best of Breed, Madison, 1940.

The Greatest of All Dobermans

Sieger Lux v. Blankenburg

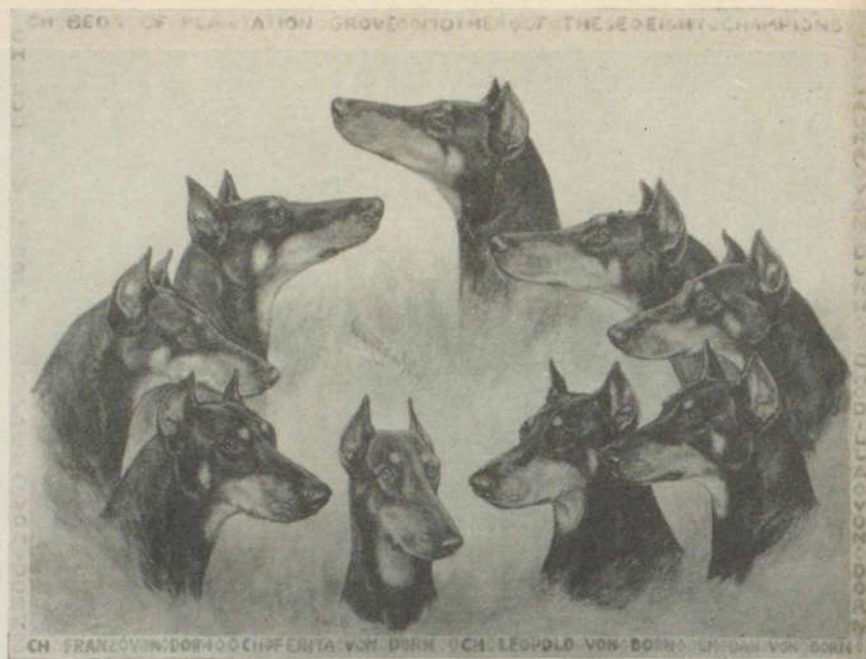

By W. E. SHUTE

In the March issue of "Dogs In Canada" on Page 14, under the picture of Ch. Beda of Plantation Grove and her eight Champion sons and daughters appears this statement . . . "Beda is possibly the only living granddaughter of one of the greatest sires in Doberman history, Champion Lux v. Blankenburg." In the May issue is a note from Mr. Raoul Reymond, of Charlottetown, P.E.I., telling of his Schoenas of Navigator—also a Lux granddaughter.

These notes serve to recall the greatest Doberman pinscher to date—not only as a show dog—but as the most prepotent sire of all time. So great was his influence on the breed that it can be said now that all other lines have virtually died out, and that his blood is dominant in every show Doberman of today.

However, Mr. Daniels and Mr. Reymond are wrong in their assumption that these are possibly the only living grandchildren of this great dog, since actually there are many still alive to carry on his blood in maximum concentration. Prince Noah of Pontchartrain, Prince Clause of Pontchartrain, Norma of Pontchartrain and Princess Nan of Pontchartrain, all sons or daughters of Lux and the great producing dam, Ch. Ilisa, of Pontchartrain, have all several sons and daughters very much alive and still producing. *Actually, at least two daughters of Lux are still alive.* One of these, Nan, is 17 years old and still in excellent vigorous health. Old Ch. Otry of Pontchartrain was very much alive until a couple of years ago. This longevity was a heritage of Lux. He himself lived to be 14 years old and the Lux-Ilisa litter that included Norma of Pontchartrain was whelped after his death. Nan's last litter was whelped in 1939. I had one of this litter with me for a summer. Alto of Pontchartrain, a grandson of Lux and a son of Sieger and Ch. Figaro v. Sigalsburg is a very vigorous sire. He is sire of Ch. Ajor of Pontchartrain and of my lovely Aris of Pontchartrain, who in turn is the dam of the new champion, Dr. Frank Scott's Dixie von Mannerheim and of Freya and Flame von Mannerheim. Truly, Lux blood is the most valuable in the world today.

This prepotence of some one dog's hereditary powers made history in many other breeds. For example, Ch. Talavera Simon and his grandson, Ch. Gallant Fox of Wildoaks have so dominated the wire fox terrier breed, that now every show dog of worth carries their blood. Similarly, in Boxers the blood of Sieger Sigurd v. Dom and his two grandsons, Sieger Dorian v. Marienhof of Mazelaine and Sieger Lustig v. Dom is so dominant that there are

"CH. BEDA OF PLANTATION GROVE" with eight champion sons and daughters. (Republished by request.)

no show Boxers who do not carry Sigurd blood with Dorian or Lustig or both. In the Doberman pinscher the blood of Sieger Lux v. Blankenburg usually combined with that of his grandson Sieger and Ch. Figaro v. Sigalsburg or with one of his half brothers, Ch. Claus v. d. Spree or Troll v. d. Blankenburg is so dominant as to virtually eliminate all other bloodlines.

Somewhere along the line two other strains, distantly but nonetheless very closely related, have been used as dilutions with great success. One, the blood of Ch. Prinz Favoriet v. d. Koningsstad and the other that of Helios v. Siegestor, but these have been valuable only as diluents since their producing progeny all came from breedings to Blankenburg dams and were thereafter continued by breedings within the Blankenburg strain.

It may be interesting to tell something of the history of the great Lux. He was owned from puppyhood by one couple in Germany, who looked upon him as a son—he had his daily share of candy. He was a slow developer and came into his own as a show dog and sire after he was four years old. He was brought to Detroit in 1926 at the age of eight years, after accomplishing miracles of production in Germany, and lived to be fourteen years old. A litter of ten puppies sired by him was whelped after he died and Norma of Pontchartrain, dame of Alto of Pontchartrain, was one of these. His greatest producing son was Sieger Alto v. Sigalsburg, who lived out his life in Germany. With Lux, his German owner sent a record of his habits and likes and dislikes and requested that he still get his daily lump of chocolate! He was a good medium sized dog, 26½ inches at the shoulder, of great quality and refinement and with a perfect disposition.

The greatest producing American-bred sire was his son—Ch. Adonis of Pontchartrain; the greatest American show dog of his day—his son Sieger and Ch. Claus v. Signalsburg.

His grandson, Sieger and Ch. Figaro v. Sigalsburg was imported in 1927 at the age of 2½ years and lived to be 12 years old, siring to the end. He was 27 inches high at the shoulder, compact in structure with great substance and the possessor of the soundest running gear ever seen in a Doberman. His progeny were unusually sound in temperament and of super intelligence. He twice saved his owner in armed hold-ups by attacking on commands given in German.

The Doberman Pinscher fancy owes a debt of gratitude which it can never repay to Mr. Glenn S. Staines of Detroit for having the foresight to import these two great dogs. If one thinks carefully over the past quarter century, he will realize that there were many fewer great females available to these two dogs than would be the case now. Moreover, Figaro did not get a chance to prove his great worth until after Lux died, since they were both in the same kennel and Lux's reputation overshadowed Figaro's. Figaro was 7½ years old when Lux died and had he been fully used during his lifetime in America, might easily have produced even more great dogs than Lux.

With these two dogs, the product of the Pontchartrain Kennels virtually dominated the breed for a decade and nearly all the prominent dogs of that time were Lux or Figaro progeny. So great was the influence of this one kennel that at the Doberman Pinscher Club of America Annual Specialty Show at Chicago as recently as 1941, all the dogs and bitches in the Special American-bred class, save only one,

HUNTERS! THE SEPTEMBER ISSUE WILL FEATURE FIELD DOGS.

were either bred at Pontchartrain or from Pontchartrain stock.

Lux sired 18 American Champions and Figaro 16. Until very recently, these were the two greatest sires of all time. No one can tell how many champion grandsons and granddaughters go back to these two, since virtually all winners since 1923 have been of this strain.

Recently, a strange piece of propaganda has been repeated to me by several people and since it is so utterly wierd and untrue, I would like to expose it here in print. The gist of it is that the Sigalsburg strain is responsible for bad temperament and therefore to be avoided, and that brains, disposition and conformation are the sole property of the Siegestor strain. Now to begin with, there no longer is a Siegestor strain—a strain named after Helios v. Siegestor. Helios was whelped in 1926 and never left Germany. He was used all too little at stud because of an hereditary fault of great importance—he had several cream-colored toes on one hind foot. As Gruenig says, "The hereditary nature of this trait and its dangerous consequences cannot be lightly dismissed, as the filial generations of Helios will realize to their cost and sorrow."

The dog in America credited with carrying on his blood was only a grandson, and his service to the breed has been entirely as a diluent as explained above. Helios' three champion sons in America were out of pure concentrated Blankenburg dams. It is curious how rapidly it has been forgotten that the sire of Helios was Stolz v. Raeneckenstein and that Lotte v. Raeneckenstein,

his full sister, mated to Lux v. Blankenburg produced Sieger Alto v. Sigalsburg, the original "Sigalsburg". Alto v. Sigalsburg sired Figaro v. Sigalsburg and Figaro's dam was a daughter of Troll v. d. Blankenburg. To make matters still more interesting Stolz v. Raeneckenstein and Lotte v. Roeneckenstein were both grandchildren of Troll v. Blankenburg and Leddy v. Blankenburg, the latter a litter sister of Lux v. Blankenburg, the former a half-brother of Lux v. Blankenburg. The sire of Helios v. Siegestor was virtually a Sigalsburg dog!

To make this clearer and for the information of those interested, here are the pedigrees of Stolz and Lotte v. Roeneckenstein, Helios v. Siegestor, Alto v. Sigalsburg, Figaro v. Sigalsburg, Lux v. Blankenburg, Troll v. d. Blankenburg and Claus v. d. Spree:

Indeed the last man who solemnly warned me against the Sigalsburg dogs was somewhat surprised to learn that two of the three great dogs he owns are pure Sigalsburg and the other one has a healthy percentage of that same Sigalsburg blood!

OTTAWA KENNEL CLUB NEWS

The Ottawa Kennel Club held last year, its first All Breed Championship Show in many years, on the Campus of St. Patrick's College. There was an entry of 216 dogs. They came from Ontario, Quebec, the Maritimes and from the United States, and under the capable judging of Mr. Walter Reeves of Oakville, Ontario, and Mrs. C. de P. Doniphan of Boucherville, Quebec, many points were made towards championships, and indeed some dogs finished their championship. The Committee, for most of whom it was a first attempt at organizing a point show, justly felt that the event was an outstanding success.

There were some complaints, it being a warm and sultry day, about the benching being outdoors—and I might add that the weatherman had us on tenter-hooks even after the show had got under way. For these reason and due to the fact that it was impossible to organize another big show until September 15th of this year, it was decided to hold it in the Ottawa Auditorium which has a floor space of 80 x 190 feet and seating capacity of 6,000. The facilities for benching the show here are excellent, with ample space for two rings and as many ringside spectators, who may prefer to lean on the rails rather than sit in comfort in the galleries.

Mr. Charles G. Hopton, of Philadelphia, will judge all Breeds except Toys—all other specials and Best in Show. Mr. C. de P. Doniphan will judge the

Toys and all specials pertaining to same.

We expect to have a fine list of special prizes to offer—in fact unsolicited specials have come in already.

Mr. W. H. Richardson, who has been connected with the Central Canada Exhibition Association and the Point shows, put on in connection with that Exhibition, and who for many years was Secretary of the Ottawa Kennel Club, is to be the Show Secretary. His knowledge and experience in this line makes the functioning of this Show an assured success.

It is the intention of the Executive Committee to give this show wide advertisement, and with that purpose in view we will be glad to receive from prospective exhibitors, pictures of their dogs (preferably glossy finish) either of a size suitable for mounting, or negatives, with full information as to name, breeding, owner, etc. The Ottawa Kennel Club will not be responsible for these pictures, etc., but will, where possible, return same on request.

The Executive Committee hopes that it will again welcome all those exhibitors who contributed to the success of our last year's Show and sincerely hopes that it will greet many newcomers and many new dogs.

LAKEHEAD SHOW NOTES

Preparations for the second annual All Breed Show of the Lakehead Kennel Club to be held on Wednesday, August 15th, are well advanced, with indications that the number of entries will show a substantial increase over last year.

The Officers of the Club are contacting breeders by letter throughout the country, from whom an encouraging number of replies have been received, indicating their intention to enter their dogs in the forthcoming show.

Another encouraging development is the increased amount of local interest. This being a decided improvement over last year, and indicates the possibilities for creating a "Doggie" atmosphere in communities where the interest in former days has been practically nonexistent.

HAMILTON KENNEL CLUB

Hamilton Kennel Club show held on June 2nd was a huge success in spite of the adverse weather conditions. There was the odd petty complaint, so the show Secretary tells us, but in general, it went off splendidly. A number of congratulations were received from the exhibitors for such a good show. The idea of getting the show over in good time is one big feature that pleases most exhibitors. A record was set in that 330 dogs were judged in a matter of 6½ hours.

W. P. Gudgeon, the president, is to be congratulated for his effort considering he has not completely recovered from his accident; in fact, all the officers did a good job. Three ladies in particular, Mrs. T. H. McGuire, Mrs. G. Lawless, who looked after the prizes, and Mrs. Gudgeon, who was at the mike, should be mentioned.

Hamilton Show was not favoured by the Weatherman, as the temperature was almost at freezing point, but, inside, the show was very pleasing and all the arrangements regarding the dogs were carried out in a most efficient manner.

Some of the Specials and Group Winners were: Best in Show, Doberman Pinscher, Ch. Dixie Von Mannerheim, owned by Dr. Frank M. Scott; Reserve Best in Show, Cocker Spaniel, Ch. Nonquitt Nob's Bob, owned by Mrs. B. Salmonson, Detroit, Mich.; Best Canadian Bred dog in show, Doberman Pinscher, Ch. THE ENGLISH BULLDOG CLUB OF WESTERN CANADA

July is Bulldog month with *Dogs In Canada*, so will give a little account of our activities.

The Bulldog is one of the greatest pals a child or a grown person can have. They look vicious but are anything but.

The saying is "He is so homely he is cute".

Johnny went to the store with his mother one day. There was a Bulldog in the store. The mother said, "Johnny, what are you making faces for?" "Johnny said, "Well, he started it!"

We have quite a number of Bulldog owners and breeders in and around Alberta.

Mr. Beale, of Regina, bought a new pup and did well at Saskatoon show,

"Spirit of Britain"

and I understand Mr. Fleming has increased his stock.

Mr. Hyde, of Lloydminster, had his female up at Edmonton April show and expects to send her back to be bred to Marie Glover's young stud dog Tanragee Tantrums who won 5 points at our Specialty Show April 2nd.

The Leightons have some quite nice

dogs and did pretty well at the April show.

The Barnetts are coming right along and are building larger kennels.

Mrs. F. B. White is doing quite a business with her stud dog Too-Go-Ba which was raised by Reg. P. Sparkes and whose sire is Int. Ch. Kamel White Knight (IMP).

Mr. E. P. Tuson, formerly of Edmonton, now of Whitehorse, flew to Edmonton for the April show and handled J. M. Wild's dog, Spirit of Britain, winning 5 points and only needing 2 more points for his Championship.

Quite a number have shipped their females to Calgary to be bred to Ch. Lambton Brigadier 2nd, owned by R. A. Munro of that city.

West Kennels shipped two females to Calgary to be bred to Ch. Lambton Brigadier 2nd, also bred one to J. M. Wild's dog, Spirit of Britain, who is a son of Ch. Lambton Brigadier 2nd.

Mrs. Selma Wells has a grand litter of seven, sired by Mrs. White's stud dog Too-Go-Ba.

Yours truly,

Sec.-Treas. Mrs. Margaret Maine,
10814-126 Street,
Edmonton,
Alberta.

CH. LAMBTON BRIGADIER 2nd, owned by R. A. Munro, Calgary, Alta.

Champion Lambton Brigadier 2nd, (Sapper) well known in Western Canada one of the outstanding dogs of the ada Bulldog circles and recognized as bred in Canada as a show dog. His strain includes Champion Sunbarry, Champion Crewe So Favourite, Tri Champion Basford Ideal and Champion White Mule and his offsprings can be found in many parts of the States and Canada.

"Sapper" might be recognized by some as the one-time mascot of the 1st Pioneer Battalion. He is now owned by R. A. Munro of Calgary.

We have just had a letter from Lt.-Col. and Mrs. J. de B. Cowan, of Kaslo, B.C., informing us that their famous Blue Dane, Ch. Rungmook Rupahra, has been accidentally killed. The Lt.-Col. felt that this dog was the best Blue Dane he had seen in over forty years of breeding. Mrs. Cowan, incidentally, was the breeder of the first Blue Champion Dane in England, Ch. Ranghild of Rungmook, born in 1910 and considered one of England's best. Naturally, Lt.-Col. J. de B. Cowan and Mrs. Cowan feel the loss of Ch. Rupahra keenly.

The Canadian Championship of this dog shows consistent winning throughout the West and his points were acquired at Medicine Hat, Alberta, Calgary and Edmonton. He was Best in the Working Group at Edmonton in 1940 at the Alberta Kennel Club Show.

**Fleas
are sneaky!**

... won't come out in the open and fight. So I need help, Lady. . . .

Let's get those fleas with Sergeant's SKIP-FLEA Powder before I scratch myself naked. Dust it thoroughly into my coat—rub it on my undersides and watch 'em die. Don't forget the places it's hard for me to reach.

And for my bath, use Sergeant's SKIP-FLEA Soap. It slays fleas, soothes old bites, cleans me.

You can get SKIP-FLEA Powder and Soap at drug or pet store, Lady, and end this scratching. Get Sergeant's Dog Book, too, free at stores or with this coupon.

"... keeps him in perfect condition"

"Scrubby of Solskin Kennels", the 5-year-old prize winning Norwegian Elkhound shown above is owned by F. Toten, who writes: "Scrubby has been fed on Gro-Pup since it first came on the market. Meat left-overs boiled and mixed with Gro-Pup meal make a fine meal and supply good bulk. Gro-Pup certainly helps keep Scrubby in perfect condition."

(Signed) Frank Toten,
110 Raywood Ave., London, Ontario

Why breeders feed GRO-PUP

It's a properly balanced diet to keep dogs of all ages, sizes and breeds at their natural best.

It is easily digestible. It contains every vitamin and mineral dogs are known to need for growth and vigour.

It helps build solid bone structure and gives a dog an even, lustrous coat—and pep!

Money Saving! Gro-Pup costs about $\frac{1}{2}$ the price of many other brands of dog food.

Economical! A 2-lb. box of Gro-Pup Cubes feeds an average 15-lb. dog a week.

... ask the experts

Get it at grocers or pet shops in the 2-lb. box of cubes—or in the new 5-lb. bag of meal... and at wholesale suppliers (listed below) either cube or meal form in bulk up to 100 lbs.

CH. GEISHA, German Shepherd, aids daughter Arlene in the rearing of her puppies.

SHEPHERD SHORTS

Our first matinee show held on May 20th with A. L. Gooderham as Judge was a great success with 36 members out and 17 Shepherds exhibited. Winners dog was Achilles of Stillacres. Reserve Seegar von Einem. Winners bitch was Yola of Sandorea. Reserve Black Magic of Rosemere. Best of Winners and Best of Breed, Yola of Sandorea.

Our next show will be held at the home of Mr. and Mrs. Ben Schultze at 520 Ellis Street, Niagara Falls, July 15th at 2.00 p.m. Let's have a good turn out.

At Guelph Best of Breed went to Ch. Major of Northmere owned by Geo. German and also won the Working Group. Winners Bitch and Best of Winners went to Mrs. Henry's Yola of Sandorea. Winners Dog was Gunnar of Briardale owned by Mr. and Mrs. Weller. Congratulations.

At Hamilton our members had an opportunity of meeting our good friend Alice Tompkins, Editor of the Review. We welcome her to our group and from here on she is no longer a guest when she visits us, but one of us.

We welcome to membership Mr. Hoyt of 29 Riverview Ave., North Tonawanda, N.Y. Our sympathies to Jim and Mary

MATERNAL LOVE

An unusual example of the love of a foster mother dog for puppies not her own is Champion Geisha, an eight-year-old German Shepherd dog, of Port Huron, Michigan.

When Geisha's daughter Arlene gave birth to a litter of six puppies April 21 the grand dam attempted to take over their care.

She established herself in the whelping pen with the mother and puppies alternating with the mother in the care of the puppies, even to nursing them.

Geisha is well known to Shepherd Dog fanciers. When her dam died after giving her birth she was brought up successfully on a bottle.

She is owned by Mr. and Mrs. W. W. Ottaway, Port Huron, Michigan.

Southcott in the loss of their Shepherd Ricky.

FLASH—"Black Magic of Rosemere" wins Best in Show at London Kennel Club, June 9th. Congratulations. To the best of our recollections this is the first time for as long as we can recollect that a Shepherd has gone "Best in Show" in these parts, and it looks as if our Breed is really coming into it's own.

CANADIAN DOG TRAINING NOTES

By Walter O. Flink
Secretary-Treasurer

Through the generosity of the powers that be at the City Hall, our Club has been granted the use of Acorn Park, Shaw Street at College, from 2.00 to 4.00 p.m., each Sunday afternoon, for the purpose of training our dogs in

Obedience, and with efficient trainers on hand to conduct the classes, we really expect to have a banner year. Here is an opportunity to train your dog in Obedience, and at the same time improve his ring manners. Some people may say you should not train a Show Dog in Obedience work, but I would like to say that I have a Shepherd, Black Magic of Rosemere, trained in Obedience Work, and which on June 9th won BEST IN SHOW at London. I am positive her Obedience training helped.

Results of Obedience Trials at this Show were Novice "A" Lawrence Aldborough of Windsor with his English Setter, Brough's Royal Babbie First, and second was Mrs. M. H. Page of Toronto with her Welsh Corgi, Flicka of Alsagar.

PROVINCIAL NOTES

VANCOUVER ISLAND NOTES

By Gladys McGee

The Vancouver two-day show, May 23rd-24th, is now a thing of the past and the mainland correspondent will give you a more detailed account. There were quite a few of the Victoria and Island fancier present, among whom I noticed Mrs. L. M. Wood, Miss R. Billett, Mrs. B. Davidson, Mr. and Mrs. F. H. Webb, Mrs. Humphrey Mellish, Mrs. Mores and Mrs. E. Bell. From farther afield, we met Mrs. B. C. Walker and Mrs. De Vere Hunt of Duncan, and no doubt there were many others whom I probably missed in the crowd of people present. We on the Island have always supported the Vancouver shows in the past, and providing we do not have the same unfortunate happening in regard to arrangements for a truck to transport the dogs from the wharf to the building and back, will continue to do so. It looked for a while as though the dogs were going to be stuck in Vancouver for another day, as one exhibitor informed me she had been told there would be no truck on account of the holiday. However, due to the kind offices of certain "powers that be", a truck arrived and we boarded the night boat tired but happy to be on our way home.

Mrs. L. M. Wood of Melita had a field day at the show when on Wednesday her Wolscot Dean went to Best of Breed and Model of Melita Winners bitch for 4 points under Capt. Judy. On Thursday under Mr. Saunders, Blencathra Shandy took Best of Breed with Model of Melita again winners. These Cairn Terriers brought back several nice trophies to their owner.

VANCOUVER DOG SHOW

Vancouver International Kennel Club and the Ladies' Auxiliary, put on their annual event May 23rd and 24th. Capt. Judy of Chicago, editor of *Dog World* and other publications, and H. P. Saunders of Calgary, Alberta, judging. Capt.

Judy judged three groups, and Specials. Mr. Saunders judged balance of the Groups and Best in Show the first day, and the order of judging was reversed the second day with Capt. Judy judging Best in Show. Capt. Judy needs no introduction to a Canadian audience, as it was Canada who brought him out in the judging circle, and has since kept him busy, for he now judged the length of our fair Dominion, and is coming back to do one of the Twin City shows this summer.

Capt. Judy is one person above all others who can make the public Dog conscious, for he has already made a name for himself as an outstanding commentator. He has also achieved the highest rank as a Canine statistician. What a help his statistics are when Dog fanciers are called upon to argue with municipalities, towns and cities, also Provincial governments over by-laws, etc., and other matters that, if passed, would surely lead to the curtailment of the Dog industry. Not many people realize that eighty-six million dollars worth of dog biscuits were sold in the United States in the year 1943 and a proportionate amount was consumed in Canada. Capt. Judy's *Dog World* also publishes much authentic information to show that the Dog industry is a major factor.

I strongly urge any Kennel Club lucky enough to procure his services to have him speak over the radio prior to the show, and I will wager you cannot accommodate the crowd he will draw. He is possessed of a most pleasing personality, and is so well versed in current events. He stimulates interest in Dog shows, and people who were not one bit dog-minded flock to see his judging.

Now to get back to the shows: first, there were International, dogs shown from Chicago, California, Washington, Oregon, even though adverse regulations existed and even though gas rations and hotel accommodation were such.

Best in Show the first day was cap-

tured by that outstanding Boston Ch. First Lady's Royal Regards owned by Mrs. W. W. Paver of Seattle. Other outstanding Bostons were shown by J. S. Playfair, W. T. Coker, Rosalie Eckberg, Mrs. J. P. O'Hare, J. A. Bush, Mrs. Donald Due, Mrs. G. O. Alsen.

Sporting Dogs were a real addition, as 55 Cockers were presented and many of them real toppers. Here the competition was keen, especially so in the English classes where such leading kennels as Albertstan, owned by those grand sports, Stan and Bertha Dianard of Green Timber, the proverbial Dogs' Heaven, also the well-known Seafeld Kennels owned by J. S. and Mrs. Grant of Edmonton, Alberta, were represented. Both these kennels sell their stock from the very northern tip to the southernmost extremity of the American continent. Chas. Haggith, of Edmonton, showed a very flashy Seafeld Cocker that made a grand impression.

Mrs. Anderline with her Black English Cocker ably handled by Johnny D. Long was Best and, eventually, Best in Sporting Group.

American Cockers teemed with quality. The young black pup Black Storm of Marboken, owned and shown by The Winsome Laird Wynn Vic Williams, is a good one and should be heard from after he matures. He is sired by Ch. Hiawatha. W. T. Billy Oates of International fame, had a grand entry of Sporting Dogs, as is always his custom.

Mr. F. S. Johnson's entry Am. Ch. Ambraw's Noble King is a good one and just what this section of the country needs. He was ably handled by Mr. Wilgress.

Clarence and Mrs. Yuckert, of Tacoma, Washington, had a close second with Am. Ch. Benbows Night Fighter. He also is a grand dog and should leave just the quality of stock we need.

In females R. D. Clark's Velvet Sue, and Mrs. A. M. Cline's Lady Diana were outstanding.

In Ascobs Mrs. Moldowan and Tulloch kennels, Mrs. Vipond, Mrs. F. S. John-

son and Arline Swalwell had very pleasing entries, the latter's Windridge Winged Victory is a youngster full of quality and one of the coming Cockers of the day. Just watch this dog go!

Croucher of Vancouver has the right idea and should forge to the top, as should O. M. McKil, Pamela Powles, Mr. and Mrs. James Roberts, D. A. C. Rolson.

In parti-colours Rhea Dundin Clark, Mrs. Tobie, Mrs. Kathryn Colton, Mr. and Mrs. H. A. Walker, Billy Oates, Mr. Morgan, Virginia M. Martin, Mr. and Mrs. Clare, V. Yuckert, and D. Walton had the good ones.

K. I. Dorsey with His English Cocker, Seafeld Sandy Mac, drew a lot of admirers.

In Brittany Spaniels West. Higbie, Wally Wilgress and Alberto Principe were the chief winners.

Springers had some nice ones. Mr. and Mrs. Bush, Harry Bruce and Jack Smyth made many wins. Mrs. Jean Williams showed for specials the flashy Ch. Laddie of Moira.

Harvey Gates of Spokane made a champion out of Gates Lady Perfection sired by the late Bench and Field Trial Ch. Newt Torpedo. This female won at Medicine Hat; Calgary, Best of Breed; Edmonton, Best of Breed; Saskatoon, Best of Breed; Edmonton and Victoria, Best of Breed; Vancouver, Best of Winners, so you see she has been fearlessly shown, and her owner should be proud of her.

Irish Water Spaniel, Tim O'Shelagh, won Best of Breed.

In Afghans, Mrs. Clyde Ritchie won.

In Beagles Mrs. John C. White brought in some very attractive entries as did Mrs. W. C. Edminston.

In Dachshunde, J. Burton Slough, Mr. and Mrs. Fletcher, A. C. Spraggins Tulloch, Mr. and Mrs. A. A. Todd, Mrs. Henry Christensen won everything.

Boxers owned by Grant Mahood and John Irvine were the winners.

Bull Mastiffs owned by Mrs. Mellish were very much admired.

In Great Danes Frances Seigle won with Kristen of Seerland.

Collies owned by Frank Managhan, Mrs. Webb, Mrs. Dempsey and Mrs. Jean Williams were the winners.

Dobermans shown by Ken Strange, C. W. Kelly, E. T. D. Jones, Mr. and Mrs. Page and Robert Waters all won numerous prizes.

Great Pyrenees owned by Blenheim Kennels won.

Samoyde winners were owned by Betty Ann Arnetson and A. R. Didscott, one owned by the latter was in excellent bloom but will do better another time

as it lacked experience.

Welsh Corgis were out in numbers, the good ones were owned by Parker, Lough and Smith.

Shetland Sheep Dogs brought Lillian Miller to the front with her grand little dog, a group winner and a strong contender for Best In Show.

Terriers were a grand lot, especially the Fox Terriers and Airedales. Airedales, now back good and strong, had quality to burn; the winners owned by Kelliwell, Jack Johnson, Mrs. F. M. Hargraves, D. Maxwell, Alec Fordyce, Wynn Williams, Fred Bosman and Mabel Fordyce.

Bedlington Terriers shown by Frances Seigel, Mr. Green, and Mrs. Woodward were the winners.

English Bull Terriers were out in numbers, S. L. Chester, J. W. Tims, Robt. Frearson, E. F. M. Gramara and Bob Crosby competing.

Cairn Terriers were away above the average; the best were shown by L. M. Wood, J. A. H. Irving, May K. Aitken and Betty Arnesen. Their entries would be a drawing card at any show.

Smooth Fox Terriers were really a revelation. The quality has never been surpassed at any show in Canada, and most of the Smooths could have gone to Madison Square Garden and been right among the winners. The Madison Kennels, J. E. Richards, May K. Aitken, Mrs. Wendy de Vere Hunt had the good ones. Just follow these dogs from show to show and you will get fixed in your mind just what is required of a good Fox Terrier.

Wires were as usual real tops. Vancouver usually produces grand Wires. D. E. Smith, W. Maynard, A. P. Price, Alberta Principe, P. M. Nicholls and Son, and J. Dodds were the owners of winning Wires.

Irish Terriers were also very much better. T. Watters, J. E. Brown and C. J. Berry had the real contenders.

Kerry Blues were not out in full force like heretofore but the quality was good. Entries owned by Mr. and Mrs. Minet, Mrs. Ralph Brackenridge and Mrs. Moraes were the winners.

Scotties owned by Miss Begg, Mr. and Mrs. Mellish, Mrs. Pearman, Mrs. Shilling, A. Van Mourik, Joan Thurlow and Miss Rosamond Billett all were in the limelight.

Toys

Chihuahuas owned by Clyde Ritchie and Mrs. Alsen were the winners. Right here let me pay my respects to Mrs. Alsen, one of Canada's outstanding exhibitors and handlers. She can handle any breed of dog as well as any professional handler on the American Continent and she does her work with

such grace and finish it is really a pleasure to judge any dog she is handling. Both judges at these shows paid her well deserved compliments and autographed her catalogue. Long may she be spared to adorn dog shows.

Pekingese were a grand lot and the competition was very keen; the good ones were owned by Gladys Creasy, Hilda Brint, Mrs. Zara Smith, Mrs. Hahnlen, Mrs. Hall, Bonita Pope, and all had a part in making this show a success. Pomeranians were also outstanding. Ena Bell, Betty Blue Kennels, Mrs. Elva Cohen, Mrs. Jack Smart, Louise Kingsbury, Mrs. Miller, Jennie M. Turner, Miss M. P. Matheson were the owners of the winners. Again right here let me tell you I missed Mrs. Bradley and her lovely Poms. I hope she will soon be back again.

Elva Cohen showed the Toy Group winner, Dromore Bombardier.

Miniature Pinscher—D. Foster entry went Best of Breed.

Yorkshire Terriers brought out John Rose with Rose's Little Superbe winning Best of Breed. Long may John Rose be spared to bring his entries to the dog shows. He is a grand man and a very enthusiastic fancier. His dogs are a feature at any show.

Chows—H. D. Belnap had everything his own way.

Miniature French Poodles — Arline Swalwell's, Blakeen The General, won Best of Breed.

English Bulldogs — Monica Black, Thomas Laycock, J. M. Railton, Nora L. Black and W. and Mrs. Johnson exhibited the winners.

Standard Poodles — The entry of Dorothea Martinsen, Blakeen Envoy, made a spectacular win, ably handled by Johnny D. Long.

Dalmatians—Best of Breed owned by Dr. Folingsbee.

Keeshonden—B. C. Walker won Best of Breed.

West Highland Whites were a large entry and the quality was good. I do not have the names of the dogs or the winners at present so it must suffice that I tell you they made a great hit.

Vancouver never looked more beautiful to me and it was a pleasure to have the clubs entertain the judges at the different luncheons and drives around the city. Especially do I mention Mr. and Mrs. Jonson, Mrs. Brint, Mr. Taylor, Grant Mahood, Dr. Sturdy and the very many people who made it a point to welcome the judges.

We were ably assisted by Bob Williams, Dr. Smith, Sandy Forbes, Mrs. Bloomfield, Mr. Pym and many others too numerous to mention.

H. P. Saunders.

B.C. MAINLAND NEWS

By Mrs. H. E. Fletcher

May 8th found a covey of dogs and owners gathered at the C.P.R. wharf going to the Victoria dog show. I never saw so many good looking crates before. It looked as though there might be some rivalry in crates.

As usual, the show was held at the Crystal Gardens, which is a very beautiful spot, only a few minutes from the boat. There one can enjoy a swim in the lovely pool or dance and have tea.

Mrs. Clarke, the hard working Secretary of the Show, informed me that, due to the holiday proclaimed when Germany surrendered, we came very near to having no catalogues. It was a swell show with a grand entry and attendance.

I enjoyed a talk with your Island correspondent, Mrs. McGee, and Pacific correspondent, Mrs. Wall, who had a nice win with her new Peke. Will leave further news of the show to Gladys McGee.

Mr. and Mrs. James Roberts, of Abbotsford, B.C., are awaiting the arrival of a bred English Cocker female from England. She will be a blue roan in color and we hope is all that the Roberts' hope she is.

Sorry to hear that Stan Dainard, of Alberstan Cocker Kennels, is selling out on account of his health. The Albertstans are always well represented at our shows and they surely will be missed, but we hope not for long. Some of the old favorites will be retained. The lovely Alberstan "Silver Sonnet" has been sold to Mrs. Echlin and two have gone to Pat Hudson.

Mr. and Mrs. Stagg, formerly of Calgary and now at Chilliwack, are going into raising Dachshunds. Mrs. Stagg's father, Mr. L. Vermier, is a Calgarian Boston breeder.

Yet another new comer to the dog game is Mr. H. S. H. Smith who for the past few years has been in the United States. Mr. Smith owns a sweet female Welsh Corgi in "Meagan Myfanwy of Sierra," bred by the Sierra Kennels, U.S.A. When Mrs. Smith joins her husband it is expected that she will bring along other Corgis.

The lower Mainland Fish and Game Club held a very successful Annual Retriever Trial under C.K.C. rules when sixty dogs took part. The sum of \$255.00 was turned over to the Crippled Children's Hospital. Similar, if not larger amounts, have been donated by this Club from other Trials.

Sorry I cannot give you the winners or pictures that were promised me, but they so far have not arrived.

At a recent Retriever Trial judged by

Capt. Will Judy presenting Best in Show to Airedale owned by Mrs. F. M. Hargreaves, Vancouver, handled by Mrs. Eva Anderson.

Geo. Taylor, Dan Kneale and Jack Anderson, under C.K.C. rules in the Open Point Trial there were eight entries. Three birds were used on land and the same on water. One bird was hidden both on land and water and all of the three winners brought their three birds in under seven minutes—First to Bert Blair's "Bracken's Sweep" handled by Keith Coughlan, Second to Toots Common's "Judy" handled by his owner, Third to "Beacon's Score Nine" handled by Lieutenant Blackwell, of Seattle. Both the birds and money were donated to the Hospital.

Here are winners of the open C.K.C. Point Trial judged by Vic Williams and Slim Hall:

First—Bracken's Sweep—owned by Bert Blair.

Second—Shellburn of Deymar—owned by T. H. Pendergrasse.

Third—Rex (Irish Water Spaniel)—owned by Billy Head.

The proceeds of the Trials were donated to the Crippled Children's Hospital.

Vancouver literally went to the dogs May 23rd and 24th when the International Kennel Club held their double header. The Ladies' Auxiliary of that Club held their first show the first of those dates. Both shows were a tremendous success. Both had a large attendance of entries from out-of-towners and a crowd of spectators.

The members of this Club must have worked very hard, and I understand their entry surpassed any double event held here for some time. Bob Williams, our congenial Director's son, just back from his first year at Veterinarian College, gave a running commentary over the microphone on all breeds and classes being judged. It is surprising how many of the public do not know one breed from another, and Bob's idea was a great help. The judges, both out-of-towners, were Harry Saunders of Calgary, and Capt. Will Judy, of Chicago. Capt. Judy gave a little talk and commented on the quality of the dogs. The hard working ring stewards were—Miss K. Farrell, Miss Bloomfield, Victoria, Dr. Ray Smith, Portland, and Pat Brennan, who is home again.

Best dog in show went to a Boston owned by Mrs. Paver of Seattle, Canadian Champion "First Lady's Royal Regards". This dog previously won two Best in Show awards. Best in Show for the second show was an Airedale, "Kildonan Marvellous," owned by Mrs. F. M. Hargreaves, of Vancouver. Marvellous was bred by W. J. Campbell, Winnipeg, and handled Mrs. G. Anderson nee "Ena Dodds." Rather a field day for Erna as she previously had word that her husband was safe and on his way home after a long time spent as a prisoner of war in Germany.

Anyone wishing to contact Vic Wil-

liams can do so at his new address: 1042 Richards St., Vancouver, where he has a much larger location with plenty of room out back where he intends building a modern up-to-date boarding kennel. Stripping, trimming and bathing will be taken care of in his dogs' beauty shop. The top floor will be taken over for breeding birds. Looks like Vic has a lot of work on his hands.

Another epidemic of "dogs versus gardens" almost cost Vancouver dog owners \$25.00 tax on all dogs. The kennel owners are not to blame as much as the one-dog pet owner who allows his dog the freedom of the universe. However, if we don't all get together and do something we will all be in for it sooner or later. This twenty-five dollar tax has temporarily been averted only through the friendly co-operation of certain Aldermen, and if any more complaints land at the City Hall over dogs digging up lawns and roaming at will, we can expect this question to come up again. The time has come when we can see the writing on the wall, and we must not only make our dogs stop roaming like tramps and keep them quiet, but try to make our neighbours do the same. Dogs are really being sold as fast as we can raise them these days, and this trouble can be serious if we are not careful.

A short time ago out my way a certain dog had a very annoying habit of making a call on a neighbour's lawn and leaving his calling card. Instead of going to the owner some one put poison out, which resulted in the death of six dogs and as many cats. No, the culprit didn't get his dose and, although the Police worked on it, they couldn't prove anything against the poisoners.

In New Westminster similar cases of poisoning took place, and in most cases it is because dogs are making a nuisance of themselves, and who is to blame? Yes, the pet owners.

Jasper Daniels, of New Westminster, informs me that his Poodle, "Emelie," is working for the Red Cross by taking collections at different points in Westminster under the guidance of Mrs. Faulkner, whose old pal and collector passed away some time ago.

Mr. Wm. Baker, Lancaster Kennels, of Lillooet, B.C., recently purchased a liver and white Springer, "Ness of Avandale," from E. Chevrier, Winnipeg. Ness has just had her first litter. Three males from "Jill of Travers," and "Keith's Brownie," have been sold for good prices in Washington, U.S.A.

Some of you people who have promised news and pictures for "Dogs in Canada"—how about mailing them in to me at: 2587 Douglas Rd., New Westminster, B.C.

MANITOBA GOSSIP

By Alec Gostick

This month we have something to write about. Winnipeg has just wound up another top-notch Dog Show.

Seems like the Greater Winnipeg people are doomed in recent shows, to do things the hard way but in spite of this they always wind up hitting the bull's-eye. This year was no exception, there was an epidemic of judge trouble throughout the preliminary session, and there judges were forced to cancel their engagements, all of which makes the going tough. However, Ed. Williams of Toronto was finally persuaded to fill the breach and proved himself both capable and popular, his inspection was thorough, his placements sincere and his reasoning sound. We heard a lot of compliments and nary a complaint.

A good many highly touted dogs dropped in with the idea of getting a slice of the silverware. Billy Quilley brought a couple from Edmonton, Bill Semple and Walter Pym brought along a half dozen from Regina as did Pat Randall of Saskatoon. Mrs. Osterdahl sent three Dachshunds up from Ontario, whilst two or three of our local Cocker enthusiasts went far afield in search of dogs worthy of a win in high places. But when the smoke had cleared away it was a local dog, and a home-bred, that took top honors; all of which is good, because deep down all of us have a feeling of pride in the thought that Manitobans can still breed dogs capable of competing with the best that can be sent against us.

Eighteen months ago when the Wire bitch, Antrim Rose O'Day, took best in show under Judge Murphy, we said a lot of nice things about her because we liked her. At that time Murphy told the writer that barring accidents, this lady could quite easily continue her winnings ways across the line. We didn't see fit to record this then because the sceptics would have been prone to accuse us of drawing on our imagination. Now there are no sceptics and Rose O'Day has proved herself beyond any doubt. She's made it two in a row.

Just in case this isn't enough we might add that another home-bred, Mrs. Mailey's Peke "Mokey" was reserve best in show. We're not sure but we believe this one carries Mrs. Caruso's bloodlines.

The Cocker people, who as usual produced the largest entry, had their war-paint on. Sam Saidman and Bill McAuley both came up with imported blacks to do battle with each other. The Saidman dog won the first round and best Cocker, the McAuley entry could quite easily take the next.

Pat Randall brought along an English

Setter to slow down the Cockers and take the Sporting group. Bill Semple had a Bulldog that made Doc. Anderson's "Ruffy" mark time. He went on to best Non-sporting. Joe Lavadal's, Dobe, Astras Western Girl, took the working group and Mrs. Osterdahl's Ch. Suben was best in Hound group.

Mark Gordon ran in a recently acquired Dobe pup to take best puppy in show. This one will bear watching. She looks like a comer.

As we remarked at the outset the show was a success and it was made that way by plenty of hard work. The quality was up, as were the entries and as a result the financial returns will hit a new high once the books are balanced.

We've had our two days of fun and now the inmates of the Children's Hospital will get theirs—Thanks to the Greater Winnipeg Kennel Club.

REGINA NEWS

By Lyla Semple

I am not apologizing to Saskatchewan readers for missing last month, but for those who negelected to send me news. This is your column.

I have been severely criticized for my last two articles. I was very pleased indeed to receive this, as I had no way of knowing Saskatoon was interested or read this column, with the exception of Mr. Childs to whom I am really grateful, as he has kept me posted when time permits.

During our dog shows we find many factions of thought and opinion. Although we accept the judges' decision, we in our own mind judge those breeds with which we are familiar. In writing this column I am certain to find a parallel, but this is what creates an enthusiasm which forces us to spend money on better stock which produces better dogs and more interest in this *Dogs in Canada* of ours.

I am quoting from a letter I received from Mr. Childs, of Saskatoon, about Saskatoon and its canine dogdom:

"At Mr. Wilfred Hay's we saw as usual some very good Irish Terriers. His most recent purchase is 'Redwyre's Barney of Tyrone' by Ch. Newtownards Firebug and Ch. Bronze Lady—this one a purchase from Mrs. Gertrude Kennedy, of Sarnia, Ont. He is quite the best Irish Mr. Hay has had up until now. I also saw a nice bitch, 'Tyrone Bridget,' sired by Ch. Blackthorn. If I might express my own opinion Barney is the best Irish I have ever seen."

"Then at Mrs. Margaret Lee's Hampshire Kennel of Wire Haired Terriers we saw several nice bitches and lots of puppies. Here again we saw a nice male Wire bred from one of Mrs. Lee's bitches and Wm. Semple's Ch. Stra-ven Cossacker."

"At Mr. Wm. Wright's Legion English Bulldogs Kennels we saw a nice litter of puppies. Mr. Wright got away to a good start early with a bitch by Int. Ch. Bashford Ideal, which he bred to a son of Ch. Golden Nugget. He has now a large modern kennel with ample runs."

"Miss Isabel Gardiner, a Cocker breeders, has again joined the C.K.C. We saw here a nice litter of buffs and reds. These are a combination of Glendewar and Rockcroft blood lines."

"Dr. French, we are pleased to say, is around again after her illness. She is our one and only Airedale breeder, and still active. We saw her latest stud, a really nice one."

Dr. Cooper's Collies were surely missed at our show. The large display of Collies he usually had at our shows was a real attraction. The Doctor was our most serious breeder. We watched his dogs go East and West and to the United States. We saw them go to the top where the going was hard. He was hardly gone before one of his previous patients remarked he had sat up three nights with her three babies and she remarked these natural doctors were getting scarce. The lady added "I never was able to pay promptly either."

Mr. Arthur Goddard, our Springer Spaniel breeder, again shows new life. Maybe we can expect to again see some of his dogs at our shows. A dog from this kennel usually got a good share of the Wins in the past.

It was a pleasure to meet outside fanciers at the show. Mr. W. Riome, our new Director, seemed in his element after a brief absence from shows. He is raising a few Cocker Spaniels and a few years ago he showed excellent Wires at our Shows put down right and handled to the best advantage by himself.

Mr. Newton McGregor's Setters are doing some nice winning.

Mr. and Mrs. Randalls' Glendewar Cockers make some excellent news-starting with a dark red bitch. These kennels have raised several Champions, Champions, "Glendewar Flag Salute" is one if my memory serves me right. Glendewar stock all came from the original red bitch. I find among my letters one from the party who raised the Best In Show at New York. "We have followed the rule of never having raised many litters, but planning a few very carefully with as great knowledge as we could get of forebears as well as the individual mating. We have tried to study the standard carefully so that we knew what we hoped to emphasize through the mating. We have considered bitch lines carefully—never getting a maximum of litters from any one so that the pups would have every chance of getting a good start from a vigorous dam. We have line bred to our bitches and studied all the puppies carefully. We have bred to studs that seemed to suit our bitches regardless of distance. While we have our own strain, we consistently strengthen it with outside suitable matings."

Saskatchewan made an excellent showing in Manitoba. Mr. Newton McGregor, of Saskatoon, won best in sporting group with his English Setter, "Willgress Grail," and Mr. Arthur Beale, Regina, best non-sporting with his Bulldog, "Nugget Model".

Mr. Semple and Mr. W. Pym were enthused over the way the show was conducted, and the reception held for outside visitors. They stated Mr. Ed. Williams, the judge, did a commendable job. They wish to take this opportunity of thanking every person who made the show possible, and the lovely time they had Saturday evening at Mrs. Rennie's home.

PACIFIC NOTES

By Dollie Wall

The Retriever Trials on May 19th and 20th put on by the Pacific Retriever Association proved to be one of the best trials ever held in British Columbia.

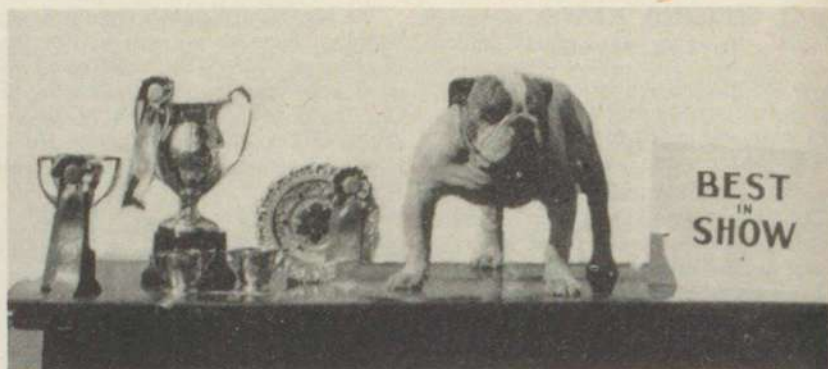

On Saturday, May 19th, judges Charlie Butler and Al. Ryckman placed "Black Magic", nine months old Labrador female, top dog of the day. She was handled by her owner, Keith Coughlin. Harold Pendergrasse's "Shellburn Joe of Deymar" was second and "Bracken's Sweep" third. On Sunday, "Bracken's Sweep" came back in true form to stage a great performance on both land and water. He returned his two thrown and one planted birds in two and three-quarter minutes on the land retrieve and three birds in approximately seven minutes in the water. "Sweep", of course, was handled by Keith Coughlin and is owned by Bert Blair. F. L. Cameron's "Sky Pilot Judy" finished in second place after an excellent performance and Claude Bekins "Scoronine" from Seattle was third. Judges for the Sunday trials were Jack Anderson, Dan Kneale and George Taylor. The official gun men were Billy Oates and Paul McClung.

These dogs were worked on pheasant and ducks under the directions of game inspector Frank Urquhart, and with the co-operation of the B.C. Game Commission. One hundred per cent of the gate receipts were given to the St. John's Service Men's Club (Shaughnessy) for benefit of returned veterans of this war. Carcasses of the birds used were delivered to Shaughnessy Military Hospital.

Among the spectators was William Fisher of Calgary, President of Ducks Unlimited.

Mrs. Clyde Ritchie of Kelowna is the proud owner of a nice Afghan puppy, purchased from the El Myia Kennels of Mrs. E. R. Matchett, R.R. No. 2, West Hill, Ontario. He made his Western Show debut in Victoria, May 9th.

A new female Pekingese is expected to arrive at the "H'In San" Kennels shortly, being imported by Gladys Creasey of Victoria. The newcomer is "Fuschia of Doverham", dam of "Ch. Fiesal of Fernray". At time of purchase this female had quite a number of points towards her American Championship and has since gone Winners Bitch and Best Opposite Sex at Los Angeles. She is being shown at Long Beach, Fontana, Pasadena, San Gabriole and Vancouver, Wash., before coming to her new home in British Columbia. She is also being bred to "Butterfields

CH. TAUNTON BRIGADIER, owned by Joan Railton, Capilano, B.C.

Boi of Yen Loo" before leaving California.

Mrs. F. O. Clarke of Vancouver has purchased "H'In Sans Tinker Toi" from Gladys Creasey and hopes to keep showing him. Mr. Gagan of Saskatchewan has also purchased "Victory of Kay Francis" from the H'In San Kennels. Bernice Brown went Reserve Winners in Saskatoon with "H'In Sans Jai Boi". This is the first time this puppy has been shown in Canada at a point show. "Fairfield Smok-Kee", a granddaughter of our "Ch. Choni Prince", has been sold to Mr. G. Taylor of Halifax. This female was bred to "Ch. H'In San of Car-O-Del" before being shipped East. This makes the second Peke to journey across Canada to the Atlantic Coast from your writer's kennels in recent weeks.

Mr. and Mrs. Eckberg, new Boston fanciers, have purchased a new female from Montreal and also acquired a young male "Frankie Sinatra" from Mrs. Ingersol, also one from John Colbeck, an ardent Boston breeder and fancier and an old-timer in the dog game.

On a visit to Mr. and Mrs. W. T. Oates, we saw the most beautiful brace of liver and white English Cocker puppies.

These were purchased from the Alberstan Cocker Kennels. Incidentally, we note with regret the Alberstan Kennel stock is being disposed of owing to the illness of A. S. "Stan" Dainard.

Thanks to the President, Mr. W. Johnson, of the International Kennel Club for our invitation to dinner with Capt. Will Judy and Harry Saunders, judges of the shows on the 23rd and 24th of May. Others in the party were Mrs. W. Johnson, Dr. Rae Smith of Portland, Oregon, Bob Williams, son of the B.C. director, Vic. W. Williams, and myself. Our only regret is that we didn't have longer to chat with Mr. Judy, but hope he will come again. Mr. Saunders, of course, lives much closer to home and we have had the pleasure of seeing him many times. Congratulations to both of you, it was a good job well done.

George Kynoch of Winnipeg judged the Victoria Show on May 9th. It has been quite a number of years since George last visited the Coast. We note, however, the Prairies must agree with him as he was looking very well and not getting any less in build.

Congratulations Miss Railton on your wins at Edmonton, April 2nd, with your Bulldog, "Taunton Brigadier".

CAN. CHAMPION FIRST LADY'S ROYAL REGARDS

Owned by Paver's H.R.H. Reg. Kennels,
16746 Meridian Ave., Seattle, Wash.

Champion First Lady's Royal Regards made his debut by going Best of Breed at the age of 11 months under Dr. T. Sleeth, at the International Kennel Club of Vancouver, B.C. Before he had attained the age of 15 months, he had acquired a Best in Show at the Alberta Kennel Club, Calgary, and the Medicine Hat Kennel Club Show at Medicine Hat. He topped his breed at Madison Square Gardens in New York, in 1945.

Within the past few years, the North-West has progressed fast, in the production of Boston Terriers, with a trend for much quality stock, and some very fine winning specimens.

One of the grandest winners is International Champion Long Brat, owned by Mrs. W. D. Long of Olympia, Washington, who has for the last few years held a spot-light in Portland, and Seattle and locality shows, including Victoria, Vancouver and its locality.

Another lovely specimen to gain the American title is Million Dollar Queenie II, first owned and guided to the title by Mr. C. C. Piper of Oregon, and is now owned by Mrs. Bee Markle of Mar-Bee Kennels of Edmonds, Washington.

Mrs. J. P. O'Hare, also of Seattle, Wash., has within the past two years purchased some very fine eastern stock for her kennels. Another of our breeders, Mrs. O. E. Barron of Seattle, has also a grand winning record in both America and Canada, and is very close to gaining the title of International.

Mr. Jewett Bush, president of the Portland Boston Terrier Club, is the

CH. FIRST LADY'S ROYAL REGARDS—Paver's H.R.H. Kennels, Seattle, U.S.A.

owner of one of the latest winners in Bostons, a grand specimen in males and who should without much more trouble gain his International title. This male is out the stock of the Paver H.R.H. kennels and is named Paver's Little Bit of Hagerty, and certainly is a credit to the Hagerty bloodlines.

Also in Portland are the "old-timers" known to many, Mrs. Eilene Sievers, Mr. and Mrs. Brown, and many others, who have raised some fine Champions.

Two very active and progressive clubs are the Portland and Seattle Boston Terrier Clubs.

Cockers With Winning Ways

Offer for Sale

Either one of two black Cocker Male Pups whelped March 28, 1945. We will keep the one not sold for ourselves.

Sire: International Champion Brockwood

Candidate

(Subject to C.K.C. confirmation)

He a son of Ch. Try Cob's Candidate.

Dam: Champion Marbruken's Black

Rhythm

She a granddaughter of Ch. Try Cob's

Candidate.

This is exceptional linebreeding and it is also rare to have an international champion sire and a champion dam.

Both finished their championships in 1944 and 1945, and are the correct type wanted today. Price and particulars on request.

REX OIL Increased this Dog's Value TEN-FOLD!

Leona Stone, On Parade Kennels, reports about her champion Cocker stud as follows:

"We bought Burney's Block Bombardier at a bargain price because he just wouldn't feather out. But his previous owners didn't know about REX OIL! Just a few months after using Rex Oil, he developed a beautiful heavy coat, and we were offered ten times the original price."

He gets Rex Oil regularly to keep him in condition for shows and to keep up his vitality for his many stud services. We always send the visiting female home with a bottle of Rex Oil to insure strong healthy puppies and to keep her in condition.

Rex Wheat Germ Oil contains factors which help produce large and uniform litters, Rex Oil also contains over 50% unsaturated fats (skin vitamins) which are so necessary to a healthy skin and the rich glossy coat of a champion. Rex Oil is economical too. Four ounces lasts a dog for six months. Get Rex Oil from your pet supply house or drug store today, or order direct.

Every Inch... A Purebred

... and every inch
nourished by **GAINES**

FOR
ALL DOGS
GAINES

If you're breeding "winners", use the "winning" dog food — **GAINES**, the Complete Meal. It's America's largest-selling dog food because, for 15 years, it has helped proper breeding pay-off in glossy coats, clear eyes, strong-boned vigor and winning condition.

Like a pedigreed champion, Gaines is the result of careful selection. It's a balanced diet of fine ingredients—meat meal, cereals, milk nutrients, vegetables, minerals and vitamins A, B₁, B₂, B₆, D, E, niacin and pantothenate. Nine out of ten dogs like Gaines from the start. And they don't tire of it. Comes in two forms. Gaines meal, which you mix with warm water, for regular feedings. Gaines Krunchon — the same food in crisp pellet form — for other feedings and for treats. Both come in 2 lb., 5 lb. and 50 lb. bags. *General Foods Limited, Canada Cement Bldg., Montreal, 85 Richmond St. West, Toronto, Main and William Streets, Winnipeg.*

How EVERY INCH is nourished by **GAINES**!

In terms of everyday foods, here are the equivalent food values your dog receives in *every pound* of **GAINES**:

-  Proteins in 1½ lbs. fresh raw beef
-  Carbohydrates in 1½ qts. cooked oatmeal
-  Fats in 1 oz. butter
-  Minerals in 1¾ lbs. cheese
-  Iron in ¾ lb. beef liver
-  Vitamin A in 5 eggs
-  Thiamin (B₁) in 1 lb. whole-wheat bread
-  Riboflavin (B₂) in 4/5 qt. milk
-  Niacin in ½ lb. fresh mackerel

... and all other members of the B-complex which normally accompany thiamin, riboflavin and niacin.

**THE COMPLETE MEAL
FOR ALL BREEDS**

*Every dog will have his day
—the day we can supply more*

**BISCUIT
DOG FOODS**

We hope that day is now not far distant.

The concentrated nutriment contained in these Foods is completely satisfying and solves all feeding problems. Mealtime enjoyment, health and contented condition are assured.
