Are you feeding Puppies?

Here are 3 Dog Foods favored by Successful Breeders

Master K-9 MEAL is excellent "starter" feed for young puppies. Numerous successful breeders feed Master Meal and recommend it. Made from a veterinarian's formula . . . Master Meal has the Proteins, Vitamins and Minerals that promote healthy growth. In 1½ and 5 lb. cartons — 50 lb. bags.

Master K-9 PELLETS are Master Meal in a new form. Pellets can be fed dry or mixed with ground meat, broth or vegetables. They contain the same ingredients as Master Meal. In 2 and 5 lb. cartons — 50 lb. bags.

Master PUPPY KIBBLE is recommended for puppies to breeders who prefer a kibble food. Puppy Kibble is in small granules especially suited for puppies and small breeds. In 1 and 5 lb. cartons — 50 lb. bags.

Sold at Feed, Pet, Grocery, Drug and Department Stores

OUR COVER

Our Cover this month is that of six champion Colliers. The centre picture of Champion Braegate Model of Bellhaven is by kind permission of his owner, Mrs. Florence B. Ilch of Bellhaven Kennels, Red Bank, N.J. The photograph of Model was taken when in his prime on the Show Bench—an undefeated Champion—40 times Best of Breed under 37 different judges; 18 Working Group and Best in Show. This dog is the foundation stock of the Ascot Kennels. Through using the breeding of dogs from well-established kennels, the Ascot Kennels have been producing many home-bred Champions, and also their dogs in turn have produced champions for other breeders. At present there are four champions domiciled in the kennels which are available for stud service at a uniform fee of \$35.00. They are Ch. Bellhaven Model's Commander, Ch. Ascot Model's Gold Dust, Ch. Ascot Golden Imp and Ch. Coronet Artilleryman of Ascot.

Visitors are cordially invited to visit the Ascot Kennels any time they are in the vicinity of Toronto.

Prepotency

By H. E. Batt, B.V.Sc.

ED. NOTE: This article was written by the late Dr. H. E. Batt, V.S., B.V.Sc., of Guelph, Ontario, in order to explain in a simple and concise manner genetics in breeding, so that the members could easily understand it. Dr. Batt, who was the husband of the breeder of the "Haldon" Scottish Terriers, proved his theories, as the success of these famous dogs is well known.

IN the science of genetics the term prepotency is used to designate the ability of a given sire or dam to transmit individual or racial characteristics to their offspring. The geneticist recognize a fact which is often lost sight of by the average livestock breeder, that is, that prepotency is double edged and may operate for good or ill. Bad as well as good characteristics may be and often are transmitted.

In dealing with and applying the phenomenon of prepotency to breeding operations, one is often led to expect too much by looking only on one side of the picture. It is natural that this should occur, as a breeder of livestock is usually an optimist in regard to the quality of expected offspring from a mating. It frequently happens that a somewhat indifferent animal is mated to one of superior type and breeding, as the result of which the breeder expects offspring that will closely resemble the good animal and is often disappointed. The progeny of such a mating should be and often are of better quality than the poorer parent, but they fall more or less below the standard of the better of the two parents. A knowledge of genetics will explain why this occurs and while preparing the breeder for disappointments will at the same time show him the way to improvement of livestock by intelligence and patience.

In connection with the subject of prepotency, it should be clearly understood by the livestock breeder that many laws laid down by the geneticist are founded wholly or in part upon observations and experiments upon plants, and that while in the main these rules may be applied to animals, certain reservations must be made. One should remember when dealing with domesticated animals that however pure the ancestry of any individual one may be, there are within that animal, be it sire or dam, characteristics which are hidden and which will appear only in its offspring, so that after all the true value of a breeding animal can only be estimated by the quality and vigour of its offspring. The potential or possible characteristics hidden or contained within the germ of domesticated animals are many and mixed. This is not to be wondered at when one takes into consideration the history of the development of the breed or strain. Many of the breeds of domesticated animals are of comparatively recent origin and the characteristics within their genes or germ plasm are still in a state of flux, not being fixed to anything like

CH. GLENARBUCK AMBITION

Fourteen months old Scottish Terrier, bred and owned by Mr. H. L. Walley, of Toronto, Ontario. Winner of Best in Show All Breeds at the Canadian National Exhibition, Toronto, and at the Progressive Kennel Club Show, Unionville, Ontario, this famous dog went on to win Best of Opposite Sex at the Scottish Terrier Club of Kentucky Specialty Show held at Louisville, Ky., on October 30th, in an entry of 72. Like most good Canadian bred dogs, Glenaruck Ambition has been sold to the United States where he will continue to be a credit to Canada.

the same degree as in wild animals. A good illustration of the fixation of characteristics may be observed when one takes into consideration the remarkable similarity in regard to colour, size and temperament in, say, wild red foxes, or among wild birds.

In these cases, as among all wild life, the differences, as a rule, are too small to be noted except by very careful observation and measurement. This fixation of type is the result of countless generations of like producing like. On the other hand, observe the many different types occurring among a number of domesticated animals of any breed. Also, observe the uniformity of type seen among the animals of a careful breeder. Uniformity of type should be the aim of every livestock breeder, no matter in what breed of animals he is interested.

The apparent or potential characteristic of any given animal, domestic or wild, are the result of the fusion of genes derived from the germ plasm of its sire and dam and these in turn derived their characteristics from their parents. The four grandparents of the given animal are also the result of the union of the germ plasm of their parents, and so on back through the generations. In any given animal are to be found mingled the characteristics of its ancestors to a diminishing degree in so far as the older generations are concerned. The breeder should understand when deal-

ing with genetics as applied to domesticated animals, that these characteristics are many and that an almost endless number of combinations may occur, often resulting in a lesser or greater degree of variation from the desired type. A very slight knowledge of genetics will show how important it is to make sure that the sire and dam are the offspring of parents whose ancestors were desirable animals as regards type and temperament.

It frequently happens that among the progeny resulting from the mating of carefully selected desirable animals there will be one or more that are of inferior quality. Perhaps, as sometimes happens, all will be poor specimens. What is the meaning of this? The explanation is that a reversion to type has occurred. The genes of these two good quality parents contained characteristics derived from somewhat indifferent ancestors and the germ plasm from which the offspring were constructed produced animals resembling indifferent grandparents or perhaps great grandparents. This reversion to type is common. It may be a blessing when the ancestry is good, and because of it the livestock breeder should study pedigree in an attempt to select animals of good ancestry.

The value of a sire or dam is dependent to a large extent upon the purity of the germ plasm as regards freedom from undesirable characteris-

tics. It is difficult to estimate the possibility or degree of prepotency in any given animal unless the quality of its offspring can be judged and unless there is a pedigree available, and even then mistakes may be made as the mating from which the offspring resulted may not have been suitable. That is, the characteristics present in the germ plasm of the two parents did not blend well in the offspring. It frequently happens that an animal will produce much better quality offspring when mated to an animal that suits. Again the reason for this is one of blending of characteristics. The germ plasm of some strains will blend well with that of other strains producing offspring of superior type. On the other hand, the blending of strains sometimes results in an inferior type of offspring. Experience and observation will teach which strains blend well and which do not.

It frequently happens that one of the offspring of somewhat indifferent parents is good, but it should be remembered that such an animal is often incapable of transmitting its good qualities to its offspring because of its indifferent ancestors. This is the reason for the fact that some of the best animals in so far as type goes are of little value as breeders. It also explains why there are cases of somewhat indifferent animals producing offspring of better quality than themselves, the reason in this case being that some of their ancestors were good quality animals. Provided there are no outstanding faults present in an animal whose ancestors were of good type, such an animal may be used for breeding purposes and will often produce progeny of good type and quality if suitably mated. The difficulty, in this case, lies in the selection of a suitable mate. Often the process of trial and error is the only means available. The use of such animals as breeders is, however, somewhat dangerous and does not tend to uniform quality of the offspring in the first generation, but if the best of the progeny are retained and careful breeding persisted in for several generations a number of superior quality animals will result.

It is the experience of many observant and careful breeders that the good or bad qualities of a sire or dam are often more pronounced in their grandchildren than in their direct offspring, and that some of the grandchildren resemble the grandparents more than others. Such animals are valuable as breeders provided the characteristics are good.

The degree of prepotency varies greatly in individual animals, in some cases being more or less marked, in others absent. An animal of good quality that is prepotent is a valuable asset as a breeder. Some stock breeders are inclined to believe that prepotency is more pronounced in females than in males, especially in regards to the first generation progeny. This being the case, it is not always advisable to discard the female offspring of an outstanding sire because she may be quite prepotent in regard to the good qualities of her sire.

Animals of proven prepotency are a most valuable asset to the breeder and are usually the product or result of careful breeding. They do not often result from chance breeding, but are in most cases the outcome of careful line breeding. Line breeding is a system practised with a view of retaining desirable qualities and eliminating bad, and at the same time tending to prepotency, which will naturally follow if intelligence and patience are used.

The phenomenon of prepotency operates with equal effect in regard to both bad and good qualities. In fact, it often happens that bad characteristics are developed and perpetuated to a greater extent than are good ones. This fact is frequently forgotten by the breeder who, being possessed with an animal of somewhat indifferent qualities and lineage mates it with an outstanding one and is often disappointed with results, expecting too much. A knowledge of genetics will explain why this occurs and in the event of one good offspring resulting from such a mating this animal is often incapable of transmitting its good characteristics, often producing offspring of indifferent quality.

The breeder should remember that peculiarities or faults in regard to size, colour, temperament and general conformation will or may persist for generations, cropping out in certain animals but remaining hidden in others, and that this being the case an examination of the full brothers and sisters of a given animal will sometimes help in determining whether or not such an animal is desirable as a breeder.

Some strains or families of animals are noted for the development of certain desirable characteristics and the prepotency of such an animal for these good qualities is often remarkable, so much so, that the grandchildren and often great grandchildren will show the effect of such prepotency to a marked degree, and this often in spite of the fact that the blood of other strains has been introduced.

Genetics teaches that the offspring of such an animal should be bred back into the original strain in order that the good qualities peculiar to that strain be held and perpetuated.

There are breeders of livestock who use a knowledge of genetics combined with careful observation and patience to produce generations of such animals of an increasingly superior quality and uniformity. There are other men who appear to be endowed with an inborn intuition which enables them to produce good results by means of their ability to select from a number of animals those whose germ plasm will blend. Such men are few, and perhaps after all are practising good genetics in another manner, relying upon long experience and eye for their success. Another class of breeders seem to rely wholly upon pedigree for their success, disregarding type. This is dangerous and sooner or later will end in disappointment. The majority of stock breeders seem to have no system and follow no

known plan or rule, in fact, they seem to rely on guess work. The products of such aimless methods glut the markets with inferior animals. There is always sale for an animal of superior type and quality.

The foregoing does not presume nor is it intended to convey the idea that a knowledge of genetics will solve all the breeder's problems, but it may be confidently stated that any breeder of livestock who is consistently producing animals of good quality, and is slowly and surely improving the standard and uniformity of his livestock of whatever kind, is practising good genetics in some form or the other, whether he is aware of the fact or not.

BOOK REVIEW

THE MODERN DOG ENCYCLOPEDIA.

Henry P. Davis, Editor. Stackpole & Heck, Inc.

Whether you live in the city, in the suburbs, or on a farm; whether you own a hunting dog, a registered pure-bred, a friendly mutt or no dog at all, The Modern Dog Encyclopedia has for you a wealth of fascinating, helpful information. Written in simple, easy to understand language, it provides absorbing reading for every member of the family. Make it the first choice on your gift list for young and old alike.

Many excellent works of single and multiple volumes have been compiled through the years on the subject of the dog, but for Canadians particularly, there has not been for some years a reference work which provides the essential data on all major aspects of the modern dog and its world. Now, The Modern Dog Encyclopedia in one big, new and original volume with hundreds of delightful illustrations fills that need.

A Partial List of Subjects include: 111 Breeds, their characteristics and C.K.C. standards; Choosing the right dog; Kenneling; Breeding; From mating to weaning; care and feeding; Hunting dogs, their training and work; Field Trials for all breeds; Obedience Trials; Bench Shows; Championships; Dog Anatomy and Physiology; Common diseases; First Aid to dogs; American Kennel Club rules and regulations; and the History of the Canadian Kennel Club.

Actually, this one large volume represents essentially an extensive library of usable reference treated and arranged in such a manner as to make it at the same time a work of absorbing interest for general reading.

The Editor

Henry P. Davis, Editor of The Modern Dog Encyclopedia, has a long and rich experience with dogs. While more particularly known as a judge of Field Trials, his knowledge and reputation are familiar throughout the dog world. He is the only judge to have acted in that capacity at every major bird dog Field Trial in the United States.

THE FORUM

Should Collies Have It?

By Alma Harwood

COME now — let us reason together for the advanced promotion of these Collies of ours. It is generally agreed that breeders of note throughout the years have spent much time and forethought promoting the four colour divisions we now have. It matters not if it is said by the individual that one colour is preferred above the other. The important fact remains that all colours have reached the proportion where they are essential to the breed and are used for either the recessive or predominant factor as is so desired. This is perhaps the governing factor behind the colour division of our Collies.

Much is being said regarding the identification of the purebred dog at this particular time. It does not enter into this article apart from the reminder that registrations of Collies are usually headed with "Collie (Rough)" Sable & White or Tricolour," and so forth. Thus from the time the puppy is born he is in a class separate unto himself. He is identified by his colour as well as his breed.

This has been so evident to us for so long that it has been accepted without much thought as to WHY CANNOT THESE COLLIES OF OURS HAVE SEPARATE POINT RATING? In verbal and written discussion with Canadian Collieites there has been only ONE reason given against this proposed request, namely: we would have "cheap" champions in our breed. Underserving Collies would become champions through excessive campaigning. It would be our suggestive ruling that a Collie to gain a Championship must gain it by having COMPETITION FOR EACH Championship point gained throughout its showing career. It would then be a well-known fact that a Collie must COMPETE against COMPETITION to acquire the coveted Championship rating. Even as your group entrants must accede their excess points to the winner of a group in an all-breed show, so would it be in a Specialty Show. Having discredited that argument, let us proceed to the advantages of having division for rating.

Fact No. 1.

We sincerely feel the establishment of point ratings for colour division in Collies would promote and better the quality of the breed because: As the ruling now exists, it is never known to the exhibitor or the observer whether the Collie that did not win was good enough to be placed, had the choice preferred another colour. While ONE standard exists and is accepted for our breed, uniformity of judging would, of necessity, need to become an establishment, because any judge would have four choices to make to establish a

Group as it were. Now, one Collie stands as a symbol of choice. Individually, and apart from the showing, breeders would give more thought to the foundational breeding. Clarification of faults would be more evident to observers, with concentrated thought being given colour groups. Their peculiarities and even their irregularities could be better overcome.

Fact No. 2.

There would be general increase of show entries. This is self-explanatory. Any exhibitor having the good fortune to own all four colours could travel a great distance, or even a short distance, and return home knowing that fair consideration had been given to all because they were considered divisionally.

Fact No. 3.

Fact No. 2. in turn supports the purpose of Specialty Clubs by promoting Specialty Shows. These in turn promote keener competition, making any win a more worthwhile one because more concentrated effort is behind the show, the entries and wins. This, in turn, would hold the calibre of a Championship so high that no Collie could acquire a Championship without it being a worthwhile one. These two factors automatically go back to Fact No. 1. that claims the breed would be better and that the breed would be promoted.

Has it not been a lack of foresight on our part that this request has been held so long in abeyance before coming to the light? All other aspects have been capably handled — the rating, the number of entries, and the acquisition of points by a winning dog. This duty has been capably performed by the Canadian Kennel Club. If we, through our association with Specialty Clubs, as breeders, or as individual owners, feel we have made progress during these last few years in bringing Collies into Canadian homes, undoubtedly we would feel we have only half completed our task if we do not follow our effort through to the Canadian showing. The Eastern Ontario Collie Club in proposing this amendment to Chapter 21, Section 1, most sincerely requests the support of all whose convictions are with us in this matter. It is fully realized that unless the movement is supported from coast to coast, its fulfilment will not be realized as speedily as we would anticipate.

OBEDIENCE TRIALS

AS the Obedience Trials in Canada follow the same procedure as in the United States, the following summary of improvements being considered by the American Kennel Club should be studied, in order that any changes contrary to them which might be contemplated by the members of the Canadian Kennel Club may be put forward in the form of an amendment to the Annual General Meeting as quickly as possible:

1. That the Club require any show-giving club which makes application to conduct an obedience trial to include in its premium list the designation of one person on its Bench Show Committee as "obedience chairman."
2. That the Club provide facilities for the licensing of obedience trial handlers, that it be required that all persons who handle dogs at an obedience trial for any kind of remuneration be so licensed and that such licensed handlers be restricted in their judging activities (to specialty shows) exactly as dog show handlers are restricted.
3. That it be pointed out that the word "specialty" applies to a single breed and that an "obedience specialty" is a trial provided by a specialty club for its particular breed.
4. That judges be required to mark in their judge's book the score of each dog before judging another dog and that, thus, when group exercises are conducted at the conclusion of a class, each dog's score on its individual exercises will have been officially entered and sub-totalled following the completion of such work. Then the scores for all dogs in a group exercise are to be entered at the conclusion of each such group exercise.
5. That it be made clear that the requirement that a certain number of dogs are to be entered and competing in certain classes is to establish the status of the event as being one at which "legs" toward a degree may be won—that the requirement that at least 6 dogs are to participate in the sits and downs is to be eliminated.
6. That no premium list be approved which offers a prize or trophy award for "Best Obedience Dog" but that a prize or trophy may be offered to the dog with the highest combined scores in the Open B and Utility Classes; that this designation might be "highest score in Open B and Utility combined."
7. That provision be made for the approving of more than one judge to a class when an unusually large entry is anticipated; also that provision be made for the addition of a judge to relieve the advertised judge immediately after the closing of entries if the entry exceeds the ability of the advertised judge to complete his assignment within the hours of the trial.

Know Your Breed

by Alva McColl

THE COLLIE ...

Ideal Height: Dogs, about 24" at shoulders.
Females, about 22" at shoulders.
Weight: Dogs, about 60 pounds.
Females, about 50 pounds.

THE Collie has not relied for glory solely upon its achievements as a Working Dog, but as an animal of beauty with exceptional intelligence, it has endeared itself to people in all walks of life. As a willing actor on the screen, it has brought fame to the breed in such pictures as "Lassie, Come Home". In royal castles, it has been beloved for many years. Queen Victoria became enamoured of this breed when she visited her castle in Scotland for holidays, as early as 1860. Used by the Scots as a herding dog for hundreds of years, it was not necessary to cross it with other breeds to bring it to perfection, for even the early, rough-coated Collie was a beautiful animal. No doubt the fanciers have refined the skull somewhat through the years, and through selective breeding the type has become uniform, but the individuality of the dog remains the same.

The old adage "Like master, like dog", might well appear here, for once a Collie has performed what it has been asked to do it can become most stubborn in refusing to repeat the act if the dog thinks it is being used as an exhibitionist.

One of the most important points is the expression, which is a combination of the shape of the skull, the muzzle, the set, size and shape and colour of the eyes and the position and carriage of the ears. In general, it is a lithe, active dog with no useless timber about him, his chest deep, showing strength, his sloping shoulders and well-bent hocks indicating speed, and his face, high intelligence. As a whole, he should present an elegant and pleasing outline, quite distinct from any other breed, and show great strength and activity.

... DOTS AND DASHES - - -

When the Honorable Mr. Justice McFarland retired as President of the Canadian Kennel Club in 1933, he did not lose touch with pure-bred dogs or with his friends in the club. It is with interest, therefore, that we read of any trials over which he presides in the Supreme Court of Ontario.

The most recent one which comes to our attention deals with "Appeal Court Finds Dog's First Bite Vicious Propensity", in which "The Ontario Court of Appeal disagreed with the old adage that a dog is entitled to his first bite. The court dismissed an appeal from a judgment of Mr. Justice McFarland's under which Rilla, Ralph and Walter Sharpe were ordered to pay \$1,000 hospital expenses and general damages to Elizabeth Twycross, bitten by their dog Pat, a nine-year-old Wire-haired Terrier".

The old fallacy has been that a dog is entitled to his first bite with impunity, but according to law such is not the case, even though the dog is accompanied by its owner and held on a leash.

As the Ontario Court of Appeal ruled in upholding Mr. Justice McFarland's judgment "All that is necessary is an irresistible inference of the dog's vicious propensity to biting".

There is no doubt that the same ruling could apply at dog shows, even though the dog is securely fastened to its bench or is being led to or from the exercising ring. Just as we are expected to keep our motor car under control at all times, so must we do the same with our dogs if we are not to run foul of the law.

* * *

Before the war we assisted the exhibitors for the Westminster Kennel Club Show in securing a method of transportation to New York at a minimum of expense. The Trans-Canada Airlines, having heard of these excursions, is interested in making arrangements to fly the exhibitors and their dogs to the New York Show, in February. If a sufficient number of fanciers are interested, a plane can be chartered for this purpose, to arrive in New York in plenty of time for the show and return at their own convenience at its close. Anyone interested should get in touch with the Air Cargo Services, Trans-Canada Airlines, Toronto, Ontario, as soon as possible.

* * *

"Mac" McLean, of Hull, Que., visited us last week and brought the sad news that Mr. Peter Foubert, of Ottawa, had passed away in the Veterans' Hospital. Mr. Foubert bred Irish Terriers for the last few years, but he was most widely known as the man behind the scenes in the success of the famous Haymarket Bull Terriers bred and

MRS. MARGARET FIRMAN

Internationally known breeder and judge of Boston Terriers, who died recently in Toronto.

Mrs. Firman, who was a member of the Canadian Kennel Club for thirty years, was Past President of the Boston Terrier Club of Toronto, of which she was one of the founders, and Past Vice-President of The Canine Breeders' and Exhibitors' Association of Canada. For many years she was President of the Toronto Ladies' Kennel Association, and while holding this office was instrumental in collecting funds to endow a cot in the Hospital for Sick Children in the name of the club.

As Regent of the Alexander Muir Chapter of the Imperial Order of the Daughters of the Empire, Mrs. Firman was well known for her good works for underprivileged children, and was also an active member of the Women's Progressive Conservative Association, Spadina Riding.

shown by the late Humphrey Elliot, of Ottawa.

Among the many famous dogs of the Haymarket strain was Champion Haymarket Faultless, the only Canadian Bred dog to win a Best in Show All Breeds at the Westminster Kennel Club Show held in New York City.

* * *

We cannot let this issue pass without commenting upon the marvellous show sponsored by the Eastern Ontario Collie Club of Ottawa. In addition to what might well be called one of the most perfectly conducted dog shows in Canada, was the wonderful amount of publicity given by the Ottawa Citizen. A double page spread of the newspaper was devoted entirely to the story and was illustrated with action photographs taken at the show. This, we believe, is the largest amount of publicity given by a daily paper in Canada

to one dog show and is a good omen for the future. With such enthusiastic members and the support accorded them by Collie and Shetland Sheep Dog breeders throughout Canada and the United States, the Eastern Ontario Collie Club can go on record as achieving that which our Constitution calls for—the exhibition and promotion of pure-bred dogs.

We would like to add our congratulations to the many that are being received by them from all parts of the continent.

* * *

It is with regret we hear of the death of Major A. E. Frisby, of Vancouver, B.C. Major Frisby was a well-known breeder of Poodles and he will be mourned by his many friends both in Canada and the United States.

* * *

Orchids to Susan Borse, our correspondent for Manitoba, who wrote her notes this month from the hospital where she is recovering slowly from a major operation. Mrs. Borse is a good trouper in that she would not allow the Christmas issue to go by without the Manitoba Notes.

* * *

While strolling through the Royal Winter Fair grounds, we met several persons interested in pure-bred livestock and were quite surprised to hear that the Dominion Government has field men in all large centres throughout Canada who will be only too happy to help the dog fanciers with their problem of how to tattoo dogs. All one has to do is to look up the office of the Dominion Government in his home town and ask for the person in charge of production services. That person will assist in any way possible to help our breeders with regard to identification of dogs.

* * *

Word has reached us that Best of Breed at the Western Boston Terrier Specialty Show held at Chicago, Illinois, on November 20th was International Champion Sovereign's Escort, owned by Mrs. M. H. A. Drury, of Oakville, Ontario. This sixteen-months-old dog won over an entry of sixty-one, which included seven entered for Specials only. He was shown by Sergeant George Kennedy of the Central Command at Oakville, an amateur as far as the handling of dogs is concerned. "Patch", as he is more familiarly known at home, has certainly lived up to his slogan "Patch marches on."

* * *

Next month is an important issue—identification and amendments to the Annual Meeting. We will feature Terriers, so send in your advertisements. We are being deluged with calls for pure-bred dogs, so an advertisement in our magazine cannot help but bring results.

Elm-Haven stands for Nobility, Showmanship, Outstanding Personality and Disposition at Home, on the Bench or in the Show Ring.

Our Danes Show Record speaks for itself. We finished 2 Champions during the 1948 Canadian National Exhibition CHAMPION LORD JEFFREY OF RURIK finished at 16 months and CHAMPION LADY PAMELA OF ROSELAWN finished at 14 months.

CHAMPION LADY JENNIFER OF RURIK shown 8 times during 1949 took:

RESERVE WINNERS Sportsmen's Show, March 25, 1949.

WINNERS BITCH, Sportsmen's Show, March 26th, 1949, for 5 points.

WINNERS BITCH, Barrie Kennel Club Show, May 14, 1949, for 2 points (finishing for her Championship at this show with 2-5 points shows and 1-2 point show).

BEST OF OPPOSITE SEX TO BEST OF BREED, Great Dane Club of Canada Specialty Show, Guelph, May 24, 1949.

BEST OF BREED and SECOND IN THE WORKING GROUP, Progressive Kennel Club Show, Unionville, June 19, 1949.

BEST OF BREED, Canadian National Exhibition Show, September 5-6-7, 1949.

BEST OF BREED and FOURTH IN WORKING GROUP, Canine Breeders Show, Canadian National Exhibition, September 8-9, 1949.

(Lady Jennifer was not entered in the first Exhibition Show).

At London Canine Breeders Show, October 8th, 1949, Lady Jennifer was defeated by her kennel-mate CHAMPION LADY PAMELA OF ROSELAWN for BEST OF OPPOSITE SEX TO BEST OF BREED.

Ch. Lady Jennifer's puppies (sire Kindon Kurt von Almag) captured Best Canadian Bred Great Dane puppy at Sportsmen's Show, March 25 (Elm-Haven's Lynda Janice) Sportsmen's Show, March 26 (Elm-Haven's Red Brigand) Barrie Kennel Club, May 14 (Elm-Haven's Lynda Janice) Niagara Frontier Kennel Club, June 18 (Lady Michelle of Elm-Haven).

We are proud to announce the repurchase of LADY MICHELLE OF ELM-HAVEN from Mrs. Eve Carbery. Michelle has been shown only four times and has taken:

BEST CANADIAN BRED PUPPY, St. Catharines, June 18, 1949.

BEST OF WINNERS Canine Breeders Show, Canadian National Exhibition, September 8-9, for 4 points.

BEST OF WINNERS, London Canine Breeders, October 8, 1949, for four points, for a total of 8 points while still only 14 months old.

ELM-HAVEN'S GAI HUSSAR (litter brother to Lady Michelle) took Reserve Winners dog, Canine Breeders Show, C.N.E., Sept. 8-9, 1949.

CHAMPION LORD JEFFREY OF RURIK is at stud to approved bitches only. See his puppies at the spring shows (victorious JALNA OF RURIK EX VASSAL OF CAIRNDANIA).

We have a very interesting breeding schedule for 1950. Watch our dogs and puppies in the show ring and then

... DOTS AND DASHES - - -

When the Honorable Mr. Justice McFarland retired as President of the Canadian Kennel Club in 1933, he did not lose touch with pure-bred dogs or with his friends in the club. It is with interest, therefore, that we read of any trials over which he presides in the Supreme Court of Ontario.

The most recent one which comes to our attention deals with "Appeal Court Finds Dog's First Bite Vicious Propensity", in which "The Ontario Court of Appeal disagreed with the old adage that a dog is entitled to his first bite. The court dismissed an appeal from a judgment of Mr. Justice McFarland's under which Rilla, Ralph and Walter Sharpe were ordered to pay \$1,000 hospital expenses and general damages to Elizabeth Twycross, bitten by their dog Pat, a nine-year-old Wire-haired Terrier".

The old fallacy has been that a dog is entitled to his first bite with impunity, but according to law such is not the case, even though the dog is accompanied by its owner and held on a leash.

As the Ontario Court of Appeal ruled in upholding Mr. Justice McFarland's judgment "All that is necessary is an irresistible inference of the dog's vicious propensity to biting".

There is no doubt that the same ruling could apply at dog shows, even though the dog is securely fastened to its bench or is being led to or from the exercising ring. Just as we are expected to keep our motor car under control at all times, so must we do the same with our dogs if we are not to run foul of the law.

Before the war we assisted the exhibitors for the Westminster Kennel Club Show in securing a method of transportation to New York at a minimum of expense. The Trans-Canada Airlines, having heard of these excursions, is interested in making arrangements to fly the exhibitors and their dogs to the New York Show, in February. If a sufficient number of fanciers are interested, a plane can be chartered for this purpose, to arrive in New York in plenty of time for the show and return at their own convenience at its close. Anyone interested should get in touch with the Air Cargo Services, Trans-Canada Airlines, Toronto, Ontario, as soon as possible.

"Mac" McLean, of Hull, Que., visited us last week and brought the sad news that Mr. Peter Foubert, of Ottawa, had passed away in the Veterans' Hospital. Mr. Foubert bred Irish Terriers for the last few years, but he was most widely known as the man behind the scenes in the success of the famous Haymarket Bull Terriers bred and

MRS. MARGARET FIRMAN

Internationally known breeder and judge of Boston Terriers, who died recently in Toronto.

Mrs. Firman, who was a member of the Canadian Kennel Club for thirty years, was Past President of the Boston Terrier Club of Toronto, of which she was one of the founders, and Past Vice-President of The Canine Breeders' and Exhibitors' Association of Canada. For many years she was President of the Toronto Ladies' Kennel Association, and while holding this office was instrumental in collecting funds to endow a cot in the Hospital for Sick Children in the name of the club.

As Regent of the Alexander Muir Chapter of the Imperial Order of the Daughters of the Empire, Mrs. Firman was well known for her good works for underprivileged children, and was also an active member of the Women's Progressive Conservative Association, Spadina Riding.

shown by the late Humphrey Elliot, of Ottawa.

Bird Dogs in Alberta By Vic Grainger

IT is very gratifying to see so many hunters using Retrievers since the Field Trial clubs started educating the hunters of the wonderful conservation and pleasure in a good dog. Many still think it is only the professional trainer and handler who can successfully teach and handle the Retriever. This is all wrong, as the man who will buy a young pup and interest himself in the dog through the out-of-season months, train it and get to know it, will take more pleasure out of it than the man who depends upon a trainer and then sees his dog only during the hunting season. There are very few good trainers in Alberta who would not be willing to help and give advice to anyone who shows an interest in such sport. We will have more amateur Retriever Trials to help and encourage the hunter. These, we hope, will be strictly along the lines of the average day's shoot. During the months of September and October, only four amateur Trials were held but they didn't have enough publicity. Six were held for Championship points. I will attempt to describe them as briefly as possible.

The Edmonton Sporting Dog Club put on another double header on September 10th and 11th. The first day finished off another Field Trial Champion, Lee's Dixie, owned and handled by Mel. McCoy, the President of the Ponoka Bird Dog Club. This makes four Field Trial Champions in Alberta from the Northern district. The second day was to be an extra big event, with a first prize of \$250.00, a second of \$150.00 and a third of \$50.00. The final water test was made extremely tough, and I was warned that no prizes would be awarded to a dog making this test. However, only one made it. A man from Vancouver, Norman Ross, while on a duck hunting trip north of Edmonton, entered his dog, Jock Craigend, and took the \$250.00. This was the only dog from outside the Province. Some thought this big prize money would draw a large entry from outside. I believe we have learned that the West is made up of better sports in the Field Trial hobby. Six Judges, all from Edmonton, acted both days. This is the only Field Trial that I have not attended for fifteen years. I have heard that if all the big money had been divided among all the classes for both days there would have been a better time enjoyed by all. The second and third money is still in the club funds and will likely be offered next Trial, as it was donated to be offered as prize money.

Next was the Drumheller Fish and Game Association Trials. This was their first Trial for Championship points. The boys made a fine job of it. The water was small, but they made the best of it and proved plenty hard enough. Only four dogs made the final test, which was a blind retrieve across water and about 75 yards over in the field. They also ran Puppy and Junior Stakes

DUAL CHAMPION

Elmcroft Mahogany Sue, the only Dual Champion Irish Setter in the United States and Canada. Bred in Canada, she is owned and trained by Mr. Harry Dean, of Dalmeny, Sask. For the bench shows, Sue won two five-point shows, and of her Field Trial wins one was for five points as first in the Open All Age Stake.

and prove to be bringing along some good young stock. The Judges were Jack Miller, Glenn Williams, Joe Rudolph of Calgary, and E. O'Connor Brown, of Drumheller. They put on an amateur trial for any breed of bird dog, which brought out some mighty useful dogs and a lot of interest was shown in this event. The Judges were Glenn Williams and E. O'Connor Brown. Their definition of an "amateur" is any dog that has never been entered in a Championship point Trial. Maybe Drumheller is right, but I think we should get together and make this definition of an amateur uniform. Usually, in Alberta, it is for any non-winner dog and handled by a person who has never placed a dog in any point trial. By the way, in case the readers do not understand a point trial, I had better explain. To acquire a Field Trial Championship, a Retriever must win a total of ten points. A winner of first place shall be credited with five points, second place 3 points and third place 1 point, but before acquiring a Championship a dog must win first place (5 points) in at least one Open All-Age Stake.

Ponoka was next on the list, and what a Trial these fellows put on. The Field Committee was composed of practical hunters and the tests were wonderful. For a land marking test it was a real stubble shoot. A pit was dug for the handler, and his dog stood beside the pit while three birds were thrown at three different angles and distances in among the stooks and fired at from the blind. The dogs could not be directed,

so they had to use their own heads and noses. The water was much the same with three birds. Two were along the shore and had to be marked by the dog and the third was thrown from a boat well out and did require some hand direction from his handler. Strictly direction blind tests were ordered, also. The dog had to show his stuff in all ways. All were real tests. The Judges were Glenn Williams, Charlie Lewis, Miller Houston and Don Sweet.

Calgary club decided to use two days for our one Trial, so on Saturday, October 1st, all the Puppy and Junior stakes were finished. It always seems so enjoyable to watch these youngsters perform. This is where the good All-Age prospects and real hunting dogs spring from and they are worth watching. No points towards Championship are awarded in these classes. This arrangement left the whole day, Sunday, for the All-Age, which brought out the biggest entry we have ever had. Many came from Vancouver and other B.C. points, as well as Portland, Ore., Seattle, Wash., and other parts of Alberta. Our Field Marshal was Johnny Breckenridge, who is always on the alert, and a hard worker like our Secretary, Geoff. Tomlinson. These men were responsible for selecting such good grounds which made it possible for such good tests. One improvement was the use of a saddle horse to plant blind birds. This not only speeded up the work, but eliminated foot scent for the dogs to follow. Harvey of Avandale completed his Field Trial Championship by winning first. He was trained, owned and handled by Lyman Turner of Magrath, Alberta. He easily defeated the second dog, Jock of Craigend, the winner of the big money at Edmonton. Judges were Jack Miller, Glenn Williams, Walter Corey, Frank Stewart and Floyd Mitchell.

The last on the Retriever Circuit was Brooks. This was the largest of them all. Over twenty dogs from outside the Province besides the usual number from all points of Alberta competed in this Trial. Something seemed wrong with most of them. I believe it was due to too much hunting, as they seemed sore-footed, stiff and tired of the work. Many Field Trial Champions went down to defeat at this contest. The Judges seemed to have made up their minds that plenty of leniency had been the rule at former Alberta Trials and if we must continue to run NON-SLIP Retriever Trials that when a dog made a slip it was out, and besides, the dogs that did make all the tests had to do so in a Championship manner. This looked very apparent. Only three out of over thirty made the water test, which did not seem harder than usual. When it came to the blind test, the remaining dogs in would not take hand signals and direction. They were given plenty of

PROVINCIAL NOTES

B.C. Mainland News

By Jean Fletcher

WE were very sorry to hear of the misfortune that befell Jack Meraw, well-known handler and trainer of hunting dogs. Mr. Meraw's dog playfully jumped up causing the accident which cost him an arm and a finger of his other hand. The Gun Club presented him with a Ronson lighter, while some of his doggie friends gave him a smoking jacket. I know he would appreciate seeing any of you folks.

Glad to hear that Keith Coughlan is feeling better after his operation. Was sorry to hear that Tom Donald (former Chief of Police in Winnipeg) has been in hospital with bronchial pneumonia but is on the mend. Dr. Bob Williams has moved to Ohio where he has gone into practice for himself.

Sylvia Mellows has sent me the pattern for making doggie sweaters. Will pass on same to anyone interested. Thanks, Sylvia. The pattern is for a Fox Terrier, but I will just make the "wheel base" longer for my Dachsies.

Mrs. Ralph Barrie tells me she has her Welsh Corgi, Canadian and American Champion Rador's Golden Harvester, home from New York where it won at several shows. It left behind several children around New York for next

year's shows and we hope they do as well as their illustrious sire. Mrs. Barrie hasn't been to the shows, of late, as her son, Bill, was seriously ill in hospital.

Was shocked to hear of the passing of one of dogdom's outstanding breeders, Mrs. Edith Bradley of Milesleigh Pomeranian fame. For years, Mrs. Bradley was a hard one to beat and was always breeding and showing a better Pom, and she could show her dogs second to none. Of late, however, since moving to the Island, Mrs. Bradley has not been so active.

Mrs. Clyde Ritchie attended ceremonies at the Hope-Princeton Highway and then journeyed down to Vancouver.

We are sorry to hear that Mrs. Kelly is to be kept in bed due to arthritis for six months. This is quite a blow, just as she was getting those beautiful Maltese going. However, we do hope her daughter will carry on the good work.

Going back to the aforementioned Hope-Princeton Highway — this will link Vancouver and Penticton, Kelowna and other points with a beautiful scenic road cutting off miles and hours of travel to the Interior shows.

Sorry to hear that Ena Anderson has been home with a bad knee. She is progressing now and we hope Ena will soon be better.

We hear that Jack Smyth has a German Shepherd which came out from India. Mr. and Mrs. Walter Pym have

moved their Cocker Kennels to Vancouver. They should enjoy this wonderful weather we are having — sunshine, and flowers still blooming in November.

Mrs. Y. McEachren has sold her Kerry Blue, Tailteann's Dancing Daughter, to Mr. and Mrs. Bills of Seattle, Wash. "Beaney" has almost completed her C.K.C. points and was Best Senior Bitch Puppy at New York this year. At the Portland, Oregon, show, Mrs. McEachren's Danny went from the breed to Best Terrier and second Best in Show. Winners Bitch went to Canadian Champion Kenmare Dianne; Best of Winners to Canadian Champion Danny's Masterpiece. Danny is going to New York in February and Eileen is talking of retiring him. He has piled up 60 Group wins, 20 Reserve Best in Show, 18 Best in Show and countless Best Canadian Bred.

At Portland, Best in Show went to the Cocker, Champion Lodestar Country Gentleman, owned and shown by Pauline Williams. Walter Reeves of Oakville, Ontario, judged the nice entry of 469 dogs.

At Spokane, Washington, Carnation Farms took Best in Show. Best of Winners in Kerry Blue went to Danny's Masterpiece. Sorry, I have heard of no other wins for these shows.

Mr. Bloomfield tells me the reason we got food poisoning at Victoria was that the water was stagnant and hadn't been run off since the building was put up. Anyhow, we all lived through it!

Christmas Greetings

Vancouver Island Notes

By Gladys McGee

THE last show of the season put on by the Victoria City Kennel Club on October 28th and 29th is a thing of the past. This show is usually staged at this time of the year in aid of the Junior V.O.N. and was a success both from a financial standpoint and for the quality of dogs entered.

Mr. F. Dodsworth and Mr. Robert Cross were the local Judges, with Mr. R. Waters from New Westminster, B.C. and Mrs. Z. Smith of Seattle, Wash., completing the slate. Mrs. Lambert, of Deep Cove, V.I., was a very happy woman when her new import, a lovely orange-colour Pomeranian, Lathams Wee Strutter by name, took Best of Breed both days, this at his first time out. Nice going, Mrs. Lambert. I understand there are also two more imported that are awaiting the spring shows.

It was nice to see Mrs. M. Castle, an old-time Peke exhibitor, at the above show. We just can't keep away from a Dog Show, can we? I guess it's in our blood.

Well, Fanciers, by the time this appears in print it will be time to wish you all a Merry Christmas and a very Happy New Year. I want to thank all those who have sent me news of the doings of their dogs and canine activities. This is your news page, and if you have not been mentioned it has not been the fault of yours truly. If you don't let us know what you are

doing we can't print it. May I extend to all the officers of the Canadian Kennel Club, not forgetting the hard-working Secretary and Ye Editor, the Compliments of the Season. May 1950 bring a year of success, better and bigger shows, and good luck to all.

Saskatchewan Notes

By Burnice Heaven

HAD a long newsy letter from Director Riome, this month, informing me he is feeling very much better since his bout with pneumonia this summer. He and Mrs. Riome have rented their home until April and are leaving to spend the winter months at the Coast. Evidently Mr. Riome has sold most of his dogs but is holding a son of Stockdale Town Talk and a choice bitch in case he decides to carry on breeding and exhibiting. He tells me it is rather hard to break away after so many years in the dog game.

Speaking of Cockers, Gil Seabrook recently imported a lovely golden red bitch which is the dam of two top show dogs in the south-western States.

Arthur Ogden has presented an English Bulldog to the Army at Rivers, Manitoba, as their official mascot. We understand that Mr. Bull has been taken on army strength, goes on parade and through regular army routine each day. Wonder what gives with the Sergeant-Major?

Four weeks ago in this space I suggested that we all make special efforts

this year to nominate and vote in a slate of officers in our Clubs well versed in dog breeding and business affairs. As you well know it takes more than a glib tongue, activated exhibitionism and a flare for notoriety to promote an Ambassador of goodwill. Remember our votes lie with the great mass of those who will be benefited by our ballot.

It has seemed to me for a long time that many Clubs lose sight of the objectives for which they were created — the promotion and general welfare of pure-bred dogs. Common sense should tell us that the phrase "general welfare" means far more than the sum of all little welfares, groups or individuals. It is, as I see it, an expression of the Fancy's unity, integrity, soundness and strength in common ideals which we as breeders place before the public.

For years it has been the habit of too many to set up a yammer and a clatter at every proposal to extend our services or make changes even in the most harmless and obvious ways. An indispensable means for the improvement of all matters pertaining to the Fancy, i.e., dog shows, needs a careful, impartial but detailed study of conditions existing in every Province throughout the Dominion. However, such an analysis is not easy to create on any so-called principles based on rather sketchy or unreliable fact backgrounds. Many of us are too busy or suffering from a bad case of ennui to even bother digging behind the facade, therefore either work by the trial and error sys-

BEST IN SHOW

Champion Dach's Haven Mardi of Car-Vin-Rob winning Best in Show All Breeds at Barrie, Ontario. Judge: Mr. Louis Murr; Owner-handler, Mrs. Irene Burden.

Mardi reviews her 1949 Show Records and finds that in 18 shows entered and shown she went Best of Breed 13 times; Best in Group 4 times; Best in Show All Breeds 1.

But she is a little disappointed in Canadians, for her 5 defeats were all under Canadian Judges, which brings up the question, "What's wrong with our local judges?"

Here's an example: At Barrie, on May 14th, under Louis Murr (an outstanding judge of Dachshunds) Mardi went Best in Show, but a week later at Hamilton under Andrew Dunn, Port Credit, Mardi was defeated by a young dog from the Open Class. Or another example: At Unionville, on June 11th, under Walter Reeves, Mardi went Unplaced, but on June 18th at St. Catharines under Maxwell Riddle, with an unheard of entry of 10 in the Special Class, Mr. Riddle had no trouble placing Mardi Best of Breed that was a win long to be remembered! Here is the complete record:

SHOW	JUDGE	PLACE
Toronto March 25	Dr. H. B. Kobler, Philadelphia, Pa., U.S.A.	Best of Breed, 2nd in Group
Toronto March 26	Mrs. Enno Meyers Nolan, Milford, Ohio, U.S.A.	Best of Breed, 1st in Group
Windsor April 3	Mr. Ed. McQuown, Dayton, Ohio, U.S.A.	Best of Breed, 3rd in Group
Montreal April 30	Mr. E. H. Lounsbury, Newton, Conn., U.S.A.	Best of Breed, 1st in Group
Montreal May 1	Mr. C. R. Williams, Moorestown, N.J., U.S.A.	Best of Breed, 3rd in Group
Ottawa May 6	Mr. H. Saunders, Calgary, Alta.	Best of Breed, 3rd in Group
Ottawa May 7	Mr. Walter Reeves, Oakville, Ont.	Unplaced
Hull, Que. May 8	Mr. Lewis Worden, Jersey City, N.J., U.S.A.	Best of Breed, 3rd in Group

tem or succumb to the output of blah and buncombe we are subject to on all sides without thinking for ourselves.

The life of any Club or Organization is founded upon and marked by tolerance, official honesty, dignity and progressive thinking. Many other comments upon this subject might with pertinence be added, but my space, unlike the national budget, is limited. A Merry Christmas and a Bright and Happy New Year to you all.

Northern Saskatchewan Notes

By Eileen Benson

THIS month has seen three annual meetings of the dog fancy here in Saskatoon and from all reports all three clubs are going strong again for the coming year.

The Ladies' Kennel Club of Saskatoon held their annual meeting on the 14th of October at the Empire Hotel. The same slate of officers as last year are carrying on again. The club is planning to hold a social evening at the home of Mrs. Pat. Randall on the 11th of November, to which all C.K.C. members are invited. They are hoping for a large turnout, so come on out and make this evening a success.

The Saskatoon Kennel Club held their annual meeting on the 21st of October at the home of Mr. F. W. Benson. The President, Mr. Benson, and the Secretary, Mr. F. Derrier, were

elected by acclamation. A Treasurer's office was created to ease some of the work done by the Secretary and Mr. W. Childs was the unanimous choice of the meeting. Lunch was served by the club.

The Saskatoon Field Trial Club held its annual meeting at the home of Mr. N. C. Macgregor on the 28th of this month. Their slate of officers are as follows: President, Mr. A. Goddard; Vice Pres., Mr. J. R. T. Forbes; Secretary-Treasurer, Mrs. Mary E. Forbes. Executive Committee, Mr. Munro Murray, Mr. N. C. MacGregor, Mr. F. W. Benson, Mr. Harry Dean, Mr. Frank Somers and Mrs. F. W. Benson. The club was pleased to welcome so many new members. A new project to be undertaken by the club is the Retriever trials, which they hope to hold in the spring. As there are many Retriever fanciers in this part of the province, they are hoping to be able to hold a good trial. Anyone who is interested and who lives out of Saskatoon, would they please contact the Secretary-Treasurer, Mrs. Mary E. Forbes, 1301 Kilburn Avenue, Saskatoon. Their annual Pointing breeds Trial will be held as usual on the Labor Day weekend, in 1950. A lovely buffet lunch was served by Mrs. MacGregor.

Before saying goodbye for this year, I would like to thank all those who have made this column possible, and may you all have the Best of everything for the New Year.

Manitoba Notes

By Suzanne Borse

*A very Merry Christmas and a
Happy New Year, friends!*

AS I let my mind wander slowly back over the months of 1949, it is with pleasant contentment and much satisfaction that I recall many lovely memories. If the old saying, "Cherish all your happy moments, they make a fine cushion for old age" is true, I have a fine one started.

I haven't much news for you, this time, folks. There is still nothing definite to report on the Tri-Club Show in the spring, but another Tri-Club Committee meeting was held so there may be some news next time.

Dr. W. A. Hogg, ardent dog fancier, is spending his vacation at the Royal Winter Fair, Toronto. What a pity there is no Dog Show to add to his enjoyment.

Joan Gostick tells me that Miss Ina Donald of New Westminster, B.C., former resident of Winnipeg, says a cheery "Hello" to all her old friends out here. She is a breeder of Dachsies, as you will remember.

Seems like we have a lot in common with British Columbia. Mrs. Mary Avent, formerly of Vancouver, is now residing in Winnipeg. We welcome her into our midst and hope she will become an active member.

Here is a thought to keep you busy until you hear from me again. "If we cannot live so as to be happy, let us at least live so as to deserve it."

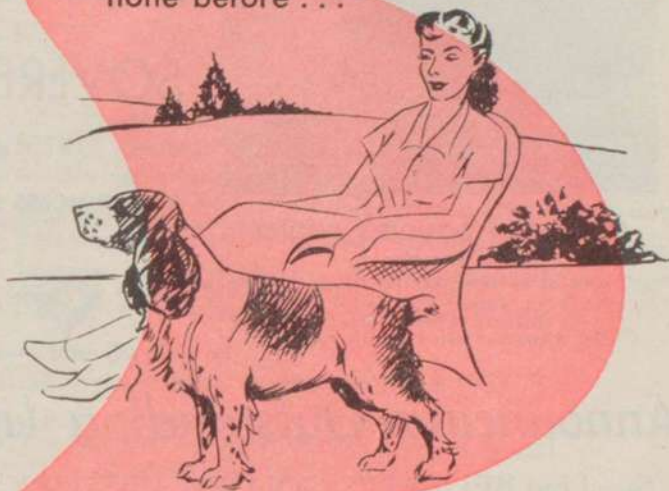

"During the seven years we have had our dog he has always had eczema. I thought of trying Rex Oil many times but didn't think it would help him. Many different people looked at him and we gave a fair trial to all the internal and external remedies recommended. I spent a small fortune, but nothing ever helped.

"He became practically raw and hairless from his back down to his paws and it was heart breaking to see him.

"Finally about four weeks ago, in desperation I decided to try Rex Oil. We are thrilled with the results. He has gained three pounds and the hair is growing in again on the areas where there was none before... Really it is amazing!"

Mrs. A. S.
San Francisco, California

"... In desperation I tried Rex Oil, We are thrilled with the results. Hair is growing in again where there was none before..."

"... Having faith in this dog, We gave him daily doses of Rex Oil... his coat came back, and he completed his championship..."

"Our black male Cocker Spaniel, now a Champion, made two point wins at shows in the fall of 1946. Then he went completely out of coat—so badly out of coat that we were unable to show him during 1947.

"Having faith in the dog we began giving him a daily dose of Rex Wheat Germ Oil. The result, his coat came back and he won many shows, completing his championship last year at Ogden, Utah on May 26, with 18 points.

"Today, despite the hot summer, this dog maintains his magnificent coat and does not shed."

Ed McWilliams
LaMonte Kennels
Artesia, California

One of the most frequent causes of sore skin, falling hair "summer eczema" and other skin troubles is faulty diet—a lack of sufficient essential unsaturated fats. These fats are absolutely necessary to healthy skin and coat. Unfortunately these fats are easily destroyed by heat and exposure to air and therefore are often missing in average dog foods.

Rex Wheat Germ Oil is over 60% essential unsaturated fats. Rex Oil is so pure you can take it yourself. Rex Oil is permanently fresh—it cannot get rancid and lose its values. *We guarantee it unconditionally—you alone are the judge.* At drug and pet stores, or direct from us, prices are: 1 oz. 50c; 4 oz. \$1.25; 20 oz. \$5.00.

CLUB NOTES

English Springer Club of Canada

Third Annual Field Trials

By Lilah Lymburner

THE third annual Field Trials held by the English Springer Spaniel Club of Canada at Cooks' Mills in Crowland Township on October 29th, brought out ten starters in the Open Stake.

The day was somewhat warm and this, coupled with the exceedingly dry ground and a down wind, presented an opportunity to see dogs really work. Confirmed Field Trial attendants commented, that on the whole there was great improvement in the work of the dogs over what had been seen in previous trials, generally speaking. Specifically, the work of the dog, Apache Lucky Star, a two year old bitch owned by Julian T. Collins of Ravenna, Ohio, was pointed out as the most heart-warming performance anyone interested in field dogs could wish to see. The dog placed first in the stake, taking the five points, and the judges agreed that her performance had been one of the finest it had been their pleasure to witness at any Field Trial. The bitch a flashy liver and white, nicely proportioned, was voted best puppy in Ohio Field Trials last year.

INT. CH. NODNOL LADY PATRICIA

Believed to be the only Int. Champion Springer Spaniel in Canada at the present time. Owned by L. G. Lymburner, of Humberstone, Ontario, this lovely female was bred by Mr. Dan Lerch, of London, Ontario, and handled to the International title by Mr. R. Walgate, of Buffalo, N.Y.

The two dogs placing second and third were owned and handled by Theo Murtes of West Lake, Ohio. They were Pomme's Pamela and Pal of Sudden Sal. Beautiful work retrieving was noted in both these dogs, but an over-eagerness

to get at the job was noted on the part of the dogs.

Maxwell Riddle, well known judge at bench shows and Sports Editor of the Cleveland Press, owned and handled the dog which placed fourth. Ryedale Anne, daughter of two bench show champions, just couldn't settle down to the work even though her ability for scenting the birds was very evident.

Other entries had been made by E. Langlois, Thorold; J. R. Bryan, West Lake, Ohio; T. J. Thorpe, St. Catharines; Mrs. Ulla Burreau, Chippewa, who was the only woman handling a dog at the Trials; Rymer Brothers of St. Catharines and C. C. DeWitt of Fruitland.

Apart from the business of running dogs at the Trials, a very pleasant and quite informal social air pervaded the gathering. At noon, luncheon was served at the home of the club president, G. Fred Stickel and Mrs. Stickel. Those who assisted were Leona Walgate of Buffalo; Marty Riddle of Cleveland and Rosa Langlois, Thorold.

Dinner for twenty-five in the evening at the Barclay Hotel in Welland made a fine ending for the day. Following the dinner, Mr. Stickel made the presentation of a silver rose bowl, given by Lloyd and Lilah Lymburner, to Mr. Collins. Presentation of ribbons and certificates was made to the other three winners placing in the Stake.

who were judges for the Trials, complimented the winners and remarked particularly on the work of the gunners, W. Elliott of St. Catharines and "Les" Lambert of Welland. They pointed out that every bird had been shot cleanly and that every bird had been retrieved by the dog working on it. There had been no waste of birds throughout the entire Trial. Dr. J. A. Meek of Welland was the Captain of the Guns for the day.

Mr. Collins, accepting the trophy, said that he had had such an excellent time as a Judge at the Field Trials in 1948 that he had decided to attend with a dog this year. Maxwell Riddle, speaking for those who had attended the Trials, expressed appreciation for the sporting attitude of everyone connected with them and remarked on his personal pleasure in meeting with Canadian "Springerites" at their Field Trials.

The German Shepherd Dog Breeders Association

By Reginald Scott

HOW often have we heard it said that the city is no place for dogs. Certainly it is not at this time of year. Any one who has failed to take a couple of dogs out into the country on these bright Sunday mornings has missed a great treat in seeing the dogs pep up with the crisp, cool air and romp and play through the falling leaves. That is a pleasure I would not miss.

The dog shows for this Fall are pretty well over, London, Ontario, on October 8th, being the last point show in this part of the country. The Judge on this occasion was Mrs. William Hendry. "Beth" as she is known to Shepherd people, was your previous columnist and her good work will make it hard for yours truly to keep up the record she set.

As to the London Show, Rex of Summerville owned by Mr. and Mrs. F. Robinson, won Junior Puppy Males, and in Obedience, he added a leg to his C.D. Roger of Long-Worth moved closer to his Championship by going Best of Winners and Best of Breed. Roger is owned by Mr. and Mrs. E. Summerfield of London, Ontario. Nice going, Ed. In Obedience, Pilot of Sandorea owned by Mr. G. Lucas, scored 185 points in Novice A for another leg on his C.D., and Jean Bradd with Duke of Barrimor, C.D.X. finished his U.D. (C.K.C. approved). It was a fine finish for such a young girl with such a big male dog.

On October 31st, the Entertainment Committee of the German Shepherd Dog Breeders Association put on the most successful dance held so far. Everyone reported a good time. "Did I say good?" That is an understatement. Next evening, November 1st, was our regular business meeting. While the attendance was down a trifle, the business was looked after in fine order. The items of interest were the proposed new C.D.X. drill outlined by our training

master, Mr. George Taylor. The Welfare Committee composed namely of Mrs. Paul Firman, Mrs. Fred. Dehnhart, Mrs. J. Johnston, will accept your donations for the Christmas baskets the Club are making up.

We have had the pleasure of a visit from Mrs. D. M. Deacon-Burrows of England. She raises Shepherd Dogs and showed interest in our Canadian Dogs while visiting here. She visited the kennels Barrimor, De Grassi, Sandorea and Briardale.

The reported loss of Visa of Sandorea by suffocation in her crate while returning from Regina Show to her home in Manitoba was a big loss, especially since she was trained for hunting purposes and could retrieve both on water and on land. To her owner, Mr. Francis, we extend our deepest sympathy.

Ottawa Kennel Club

By David Adamson

THE Annual Meeting of the Ottawa Kennel Club for the year 1949 was held on the evening of Thursday, November 3rd, at the Ottawa Normal School. Many excellent reports on the year's activities were presented by the officers — President's report, Mr. E. B. Reid; Membership, Mrs. Blanche Bleeks Walters; Treasurer, Mr. G. R. Mikel; Prize Committee, Mr. Hector Smith; Show Committee, Mr. J. W. Dockrill; Accommodation, Mrs. A. E. Bales; Bench Committee, Mr. David Arch.

Officers elected for the new year were as follows: President, Mrs. Blanche Bleeks Walters; First Vice-president, Mr. Mac. McLean; Second Vice-president, Mr. J. A. Loftus; Secretary, Mr. David Adamson; Treasurer, Mr. G. R. Mikel; Executive Committee: Mrs. S. G. McDougall, Mrs. Stella Loftus, Mr. J. W. Dockrill, Mr. John MacLennan, Mr. W. C. Baldwin, Mr. Fred W. Fraser, Mr. C. Monk.

KITCHENER-WATERLOO KENNEL CLUB

By W. J. Simpson

THE Annual Meeting of our Club was held last week and the following officers were appointed for the coming year: President, Mr. William James; Vice-Presidents, Mr. Arthur Meyer and Mrs. Maurice Kellsey; Secretary-Treasurer, Mr. W. J. Simpson; Directors, Messrs. Douglas Riedel, Albert Weber, Gerald Dietrich, Albert Schaaf, Arthur White, Harold Graff.

Brief addresses were made by Mayor James Washburn of Kitchener, Mayor Vernon Bauman of Waterloo and Dr. Albert Hess, President of the local Veterinarians' Association.

Future activities of the Club were discussed, including breeding, showing and training of pure-bred dogs.

The meeting marked the close of the most successful year in the history of the Club and the attendance was largest to date.

MEETINGS

The regular monthly meeting of the Board of Directors will be held on the third Wednesday of each month.

1442. On the call of the President, the meeting of the Board of Directors, which commenced on September 21st, reconvened in the Club's offices, 667 Yonge Street, Toronto, on October 21st. Officers and Directors present included: Walter Brown, Paddy Boughs, G. P. Davies, Douglas Riedel, A. Roberts and J. Thorndike, Jr.

1443 (1440). IDENTIFICATION

REPORT: After the Secretary had read the correspondence which had passed between the Club and the Department of Agriculture and Canadian National Live Stock Records in respect to the present situation re identification and registration, the President reported that:

- In his correspondence and telephone conversations with the Deputy Minister of Agriculture and Director of Production Services in the Department of Agriculture, he had indicated that breeders had submitted applications to the Canadian National Live Stock Records in good faith and in the usual way without any previous warning that identification requirements would be different from those which had been followed for many years;
- A very high percentage of the applications being held in the Live Stock Records office were for dogs which had been sold and delivered to new owners; in many instances dogs had been shipped to distant points;
- He had sought a definite indication from the Department as to its identification requirements so that breeders could be informed of what is required for identification purposes and be in a position to comply with any new regulations in that regard;

(d) He had drawn the attention of the Department to the understanding reached with Dr. Barton, then Deputy Minister of Agriculture, in 1940, regarding methods of identification acceptable to the Department;

(e) His telephone conversations with the Deputy Minister and Director of Production Services had encouraged a feeling that the situation would be promptly resolved.

DISCUSSION: In the discussion which followed it was agreed that it would be advisable to proceed as decided upon by the Board when it last met, and an interview with the Minister of Agriculture would be sought at the earliest possible date.

1444 (1426). FINANCIAL REPORT

REPORT: The Secretary tabled financial statements which indicated that:

- For the nine month period ending September 30th the Club (as apart from DOGS IN CANADA) had an operational profit of \$1,915.60;
- For the nine month period ending September 30th DOGS IN CANADA had an operational profit of \$579.64;
- At its annual meeting in February the Board had budgeted for decreases in certain specified expense accounts, these budgeted decreases amounting to an estimated total decrease of \$12,734.92;
- Of the items for which the Board had budgeted decreases there would be an estimated total decrease of \$14,289.06;
- On the expenditures which totalled \$77,072.75 in 1948, there would be an estimated total decrease of approximately \$15,000 for 1949. (NOTE: These totals do not include the allowance to DOGS IN CANADA out of membership fees which will be higher in 1949 because of an increased membership, nor do they include refunds of fees by the Live Stock Records office.)

ACTION: The Secretary was directed to:

- Publish the nine months statements for the Club and DOGS IN CANADA in the November issue of DOGS IN CANADA;
- Arrange with the auditors to discontinue the "Provision for contingency" account, and any balance in this account be turned back to the surplus account via the statement of revenue and expenditures for 1949;
- Arrange for those having accounts with the Club or DOGS IN CANADA to be notified that exchange must be allowed on cheques sent in payment of accounts;
- Obtain from the Managing Editor of DOGS IN CANADA a list of those advertising accounts that were turned over to Dun & Bradstreet for collection.

Director Davies and Boughs left the meeting at this time.

1448. LETTER FROM ROBERT N. PHILLIPS

SUBJECT: The Secretary read a letter from Robert N. Phillips, Toronto, who requested that the Board of Directors authorize the addition, to the list of recognized breeds, of the "Staffordshire Bull Terrier", and suggested the recognition of the standard for the "Staffordshire Bull Terrier" as adopted by the Kennel Club (England).

ACTION: The Secretary was directed to obtain information regarding the alleged differences between the "Staffordshire Bull Terrier" and the "Staffordshire Terrier".

1449 (1426). ACCOUNTS AND FINANCIAL MATTERS

REPORT: The Secretary reported on the following expenditures for the month of September:

Garden City Press Co-Operative (on Account, Printing) ..	800.00
Bell Telephone Co. (Telephone)	9.20
Petty Cash Expenditures	5.51
	\$1,402.81

RESOLUTION: It was regularly moved by Vice-President Brown, seconded by Director Roberts:

"THAT, the accounts reported by the Secretary be paid." Motion carried.

SUBJECT: The Secretary referred to an earlier suggestion made by Director Thorndike re the use of guaranteed fluorescent tubes, and reported that each guaranteed fluorescent tube (guaranteed for one year—replaced without charge during guaranteed period) costs between \$2.30 and \$2.65 (depending on type used) as against the list price for the regular unguaranteed tube of \$1.30.

ACTION: The matter was ordered held over for further consideration at a later date.

1450 (1427). APPLICATIONS FOR MEMBERSHIP

REPORT: The Secretary reported that he had, on behalf of the Board of Directors, approved of the following applications for membership:

Aubuchon, Roland, St. Elzear de Laval, Que.; Berry, Lady Mabel, c/o Mrs. B. C. Walker, Box 572, Duncan, V.I., B.C.; Calder, John A., No. 11 Supply Depot, R.C.A.F., Calgary, Alta.; Curwain, Mr. and Mrs. E. F., 350 Arthur St., Port Arthur, Ont.; Davidson, Aubrey, 67 Denison Ave., Toronto, Ont.; Dobson, G. L., Wroxeter, Ont.; Foster, Donald, 292 Ann St., Belleville, Ont.; Freeman, Zan B., 13031-12th N.W., Seattle 77, Wash.; Harper, Mrs. Ruth A., Fallow Farm, R.R. 1, Hamilton, Ont.; Harper, Thomas, 364 Metcalfe Ave., Westmount, Que.; Hart, Mrs. Mary D., 154 McNaughton Ave. E., Chatham, Ont.; Hine, Owen, Box 280, Brandon, Man.; Kromrey, H. A., Box 451, Lloydminster, Sask.; Lowry, Mrs. Hazell, 181 Main St., Box 279, Waterloo, Que.; McIntosh, S. Allen, R.R. 1, Iroquois, Ont.; Marlay, Francis T., 20 Second Ave., Kingston, Ont.; Meredith, Kenneth S., 4479 Beaconsfield Ave., Montreal 28, Que.; Parker, Mrs. Julia, 805-5th Ave., N.W., Puyallup, Wash.; Pike, Mrs. Margaret E., 990 Terrace Ave., Victoria, B.C.; Richardson, Douglas E., R.R. 2, Erin, Ont.; Smith, Allan H., 943 Ossington Ave., Toronto, Ont.; Spracklin, Aleck L., North Side, Twillingate, Nfld.; Walde, J. Kemp, 79 Dawlish Ave., Toronto 12, Ont.; Wilden, Ella C., Wilmet, N.S.; Woolverton, C. K. and Mrs., 727-6th Ave. W., Calgary, Alta.; Beauregard, Mrs. Elie, 50 Hollywood, Outremont, Que.; Beckett, Mrs. M. H., 32 Lavinia Ave., Toronto 3, Ont.; Corbett, Mrs. Anne, R.R. 2, Aurora, Ont.; Corbett, Clarence E., Muskoka St., Gravenhurst, Ont.; Embury, Mrs. Clarence, R.R. 6, Belleville, Ont.; Harrington, F. G., Vermillion, Alta.; Harvey, Miss Camilla E., 41 Thurlow Rd., Hampstead, Que.; Ince, Mrs. Harold, 158 Spruce Ave., Richvale, Ont.; Keiller, James Ross, 5 St. Marie St., Dorval, Que.; LaBrish, Lucy-Clare, 58 The Grenfell, Regina, Sask.; Lane, Mrs. W. G. A., R.R. 1, Summerland, B.C.; Leafloor, E. P., 287 Atlantis Ave., Ottawa, Ont.; Lonsdale, Miss Caroline E., Warner, Alta.; Marks, John D., 168 Morrison Ave., Toronto, Ont.; Motte, Mrs. P. Y., 695 Aberdeen Ave., Montreal, Que.; Panneton, Camille, 10811 Millen, Ahuntsic, Que.; Perepeluk, John, Rorketon, Man.; Sala, Ernest, 5767 Cote St. Luke Rd., Hampstead, Que.; Spilllette, Richard W. O., 61 Warland Ave., Toronto, Ont.; Wyllie, James, Coal Valley, Alta.

1950

Evashwick, Mrs. Marion C., 809 William Penn Court, Pittsburgh 21, Pa.; Randall, A. R., Box 110, Newcastle, Ont.; Skippon, Allan T. R., 326 Beresford Ave., Toronto, Ont.

RESOLUTION: It was regularly moved by Vice-President Brown, seconded by Director Riedel:

"THAT, we endorse the action of the Secretary-Treasurer in approving of the applications for membership reported on by the Secretary-Treasurer." Motion carried.

1451 (1428). APPLICATIONS FOR KENNEL NAMES

REPORT: The Secretary reported on the following applications for registration of kennel names, these applications having been reported in the October issue of DOGS IN CANADA:

BLACKWATER—Howard J. Simpson, Waterloo, Ont.
CHARMAC—Chas. F. and Ruby D. McCarthy, Hamilton, Ont.
CHATELAINE—R. P. Sholdice, Sr., Hemlo, Ont.
CUTBANK—C. B. Morrison, Edmonton, Alta.
DALGARNOCH—Margaret Mary Flanagan, Fort William, Ont.
DAWLISH—J. Kemp Walde, Toronto, Ont.
DE GRASSI—Samuel Back, Toronto, Ont.
DONACHAIDH—James Robertson, Toronto, Ont.
DON MARLYNNE—Reg. Scott, Toronto, Ont.
DUNWARD—Muriel B. Ward, Fort Erie, Ont.
FRIDORO—Mrs. Aurora Sarazin, Britannia Bay, Ont.
FOXBORO—Mrs. Maud Gay, Foxboro, Ont.
HARROW—S. E. Sandereck, Drumheller, Ont.
HARTMAN—Harry Allin, Cedar Valley, Ont.
KAY DON—Douglas E. MacDonald, Belleville, Ont.
MAPLES—Mrs. W. MacDonald, Greenfield Park, Que.
MELVILLE—A. Melville and Gladys E. Tirbutt, Rosemere, Que.
SKAHAVEN—E. C. R. Cardinal, Pentteton, B.C.
SOMERSET—John H. Jansen, Riverside, Ont.
SUNNILEA—Gladys and Lorraine Barnum, Campbellford, Ont.
VON GRAFENHORST—Col. D. Douglas, Ottawa, Ont.
WYREMO—Mabel Brown, Mountain Grove, Ont.

RESOLUTION: It was regularly moved by Director Roberts, seconded by Director Thorndike:

"THAT, the applications for registration of kennel names, reported by the Secretary, be approved." Motion carried.

SUBJECT: The Secretary read a letter from Mrs. M. Cooper (registered owner of kennel name BISCAYNE), Hamilton, Ont., objecting to the use of the name BISCAYNE'S by another breeder.

DISCUSSION: The Board discussed whether or not it could prohibit the use of the name BISCAYNE'S until or unless the user of that name applied for its registration as a kennel name.

ACTION: The Secretary was directed to communicate with the user of the name BISCAYNE'S and suggest that he use another name when registering dogs born his property.

SUBJECT: The Secretary reviewed previous correspondence with the American Kennel Club regarding the addition of American kennel names to the names of dogs, registered with the Canadian Kennel Club, imported to the United States from Canada. The Secretary reported that he had written the American Kennel Club as directed by the Board of Directors (see item No. 1405), and read a reply which indicated that while American importers may feel that the policy is inconsistent (addition of kennel names to dogs imported from England is permitted), officials of the American Kennel Club do not feel that it is necessary to recommend to its Board of Directors that the reciprocal agreement should be amended at this time.

DISCUSSION: In further discussing the matter the Board agreed that providing the Canadian breeder (owner at birth) of a dog exported to the United States gave his approval to the addition of an American kennel name to the name of a dog which he exported to the United States, there would be no objection to that addition being made when the dog is registered with the American Kennel Club.

ACTION: The Secretary was directed to write the American Kennel Club as agreed by the Board.

1452 (1429). APPLICATION FOR HANDLERS' LICENSES

REPORT: The Secretary reported that Alex E. Lacroix, Opportunity, Wash., had applied for renewal of his all-breed handler's license.

RESOLUTION: It was regularly moved by Vice-President Brown, seconded by Director Riedel:

"THAT, providing Mr. Lacroix's application is in order and he is presently licensed as a handler by the American Kennel Club, this application for handler's license be approved." Motion carried.

1453 (1340). ANNUAL MEETINGS (1950)

SUBJECT: The Secretary sought an instruction regarding the publication of a notice regarding the next annual general meeting, and the calling of the annual meeting of the Board.

DISCUSSION: The President suggested that it might be advisable to defer a decision in view of the present uncertain position in respect to identification and registrations, and the possible enactment of a new Live Stock Pedigree Act at the present session of Parliament.

ACTION: It was agreed that the matter be further considered when the Board next meets.

1454 (1430). DATES, JUDGES, SHOW AND TRIAL MATTERS

REPORT: The Secretary reported that he had approved of the following applications for dates:

November 25th—Kerry Blue Terrier Club of Canada (sanction show);
November 10th—Progressive Kennel Club of Canada (sanction show);
December 9th—Hamilton Kennel Club (sanction show).

ACTION: The action of the Secretary in approving these applications was endorsed.

SUBJECT: The Secretary read a letter from the Secretary of the New Westminster Kennel Association explaining that the Association had cancelled the shows which it had intended holding in September for the reason that with so many shows in British Columbia (twenty-two in a period of seven months), a financial loss on the shows was expected.

ACTION: The Secretary was directed to refund the date fees.

SUBJECT: The Secretary read a letter from the Secretary of the Island Terrier Club indicating that the Club proposed holding a championship specialty show in the Spring of 1950, and asking whether or not it would be permissible to limit such show to dogs exhibited by "amateur handlers" only.

DISCUSSION: In discussing the question referred to in the letter read by the Secretary the Board agreed that the Dog Show Rules did not permit of it authorizing any show which would be limited to dogs owned or shown by persons described as "amateur handlers".

ACTION: The Secretary was directed to inform the Island Terrier Club of the Board's interpretation of the Rules so far as it concerned their enquiry.

SUBJECT: The Secretary referred to the application of The Collie and Shetland Sheepdog Club of Canada's application for permission to hold a sanction show "on the evening before the Annual Directors meeting".

ACTION: The application was ordered held over for further consideration when the Board sets the dates for the annual meetings.

REPORT: The Secretary reported that he had received applications for approval of the following lists of proposed judges:

ONTARIO BIRD DOG ASSOCIATION—November 26th & 27th (Pointing Trial):

- (a) Geo. Boag, Kingston, Ont.;
- (b) Jack McKinna, Toronto, Ont.;
- (c) Wesley Palmer, Buffalo, N.Y.;
- (d) Irving Clarke, Lockport, N.Y.

ENGLISH SPRINGER SPANIEL CLUB OF CANADA—October 29th (Spaniel Trial):

- (a) Robert J. Walgate, Buffalo, N.Y.;
- (b) Dr. Leo Reimann, Franklinville, N.Y.

COCKER SPANIEL CLUB OF CENTRAL ONTARIO—April 7th, 1950 (Cocker Specialty):

- (a) Andrew Hodges, Rockville Centre, L.I., N.Y.

ONTARIO BIRD DOG ASSOCIATION (TORONTO BRANCH)—September 25th (Pointing Trial):

- (a) George Boag, Kingston, Ont.;
- (b) Fred C. Lister, Toronto, Ont.;
- (c) C. G. Hooper, St. Catharines, Ont.;
- (d) Jack Bailey, Hamilton, Ont.

KAWARTHA KENNEL CLUB—October 22nd & 23rd (Beagle Trial):

- (a) Lloyd Salter, Oshawa, Ont.;
- (b) Robert Stroud, Dunbarton, Ont.;
- (c) Steve Shewchuk, Oshawa, Ont.;
- (d) Wm. Waddington, Oshawa, Ont.

OSHAWA BEAGLE CLUB—October 8th & 9th (Beagle Trial):

- (a) Russell Todd, London, Ont.;
- (b) Joe Tiede, London, Ont.

VANCOUVER ISLAND DOG FANCIERS' ASSOCIATION—October 1st (Obedience Trial):

Mr. D. B. Hudson (to replace Mr. Jack Smyth).

ALBERTA FIELD TRIALS—October 1st and 2nd:

Mr. Glen Williams (to replace Mr. W. G. Slocombe).

HAMILTON BEAGLE CLUB—November 1st & 2nd:

Mr. Lloyd Salter (to replace Mr. Geo. Ironberg).

RESOLUTION: It was regularly moved by Director Riedel, seconded by Vice-President Brown:

"THAT, the applications for approval of selected judges be approved conditional that such applications are in accordance with the applicable rules." Motion carried.

REPORT: The Secretary reported information received from the Secretary of the Ottawa Kennel Club indicated that the report of the special committee appointed to investigate and report on the protest made by Mr. J. J. Farmer, at the Ottawa Kennel Club show held on May 6th, 1949, had not been dealt with by the Executive Committee of the Ottawa Kennel Club, and that the Executive had not met since the report had been submitted.

ACTION: The matter was ordered held over pending receipt of a report from the Ottawa Kennel Club regarding the Ottawa Kennel Club Executive Committee's decision in respect to the report.

SUBJECT: The Secretary read a letter from the Secretary of the Niagara Frontier Kennel Club, indicating that the Show Committee of that Club had considered the protest made by Dr. W. E. Shute at a show held on June 18th, and that the Show Committee had unanimously agreed that Dr. Shute's protest must be sustained.

DISCUSSION: The Board discussed conditions which obtained at the time of show, i.e., a very hot day, alleged absence of a veterinarian at the time of the alleged removal of the dogs from the show, and the alleged removal of many other dogs without proper authority. It was agreed that while the decision reached by the Niagara Frontier Kennel Club was proper, no action should be taken beyond a notification to Mr. F. Wickstrom that the Board looks with disfavor upon exhibitors removing dogs from shows except as provided for in the Dog Show Rules.

RESOLUTION: It was regularly moved by Vice-President Brown, seconded by Director Riedel:

"THAT, the report received from the Niagara Frontier Kennel Club, in respect to the protest submitted to that Club by Dr. W. E. Shute, be received; that the decision of the Niagara Frontier Show Committee be sustained; that the protest fee be returned to Dr. Shute; and that Mr. Wickstrom be informed that the Board looks with disfavor on any exhibitors removing a dog from a show except as permitted by the Dog Show Rules." Motion carried.

SUBJECT: The Secretary read a letter from Mr. D. Seabrook, London, Canadian Member of the Board of Governors of the West Highland White Terrier Club of America, seeking approval of a trophy offered by Mr. and Mrs. J. H. Daniell-Jenkins to the member of that Club whose Canadian-bred dogs and bitches win the greatest number of points at Canadian Championship shows during the period dating from the Westminster Kennel Club show, February, 1949, to that of the Specialty show to be held by the West Highland White Terrier Club of America in February, 1950.

DISCUSSION: The Board agreed that the manner in which this trophy was offered would likely encourage exhibitors to continue entering Champions in the Open Classes long after such dogs had earned Championship status. While it was agreed that this would be quite within the rights of the exhibitors concerned, it would be inadvisable to permit the offering of a prize which may result in unfair criticism of those exhibitors who would wish to have their dogs earn as many Championship points as possible in order to win the trophy in question.

ACTION: The Secretary was directed to suggest to Mrs. Jenkins that the trophy be offered to the member of the West Highland White Terrier Club of America whose Canadian-bred dogs and bitches win the greatest number of Best of Breed awards during the period referred to in Mr. Seabrook's letter.

SUBJECT: The Secretary read a letter from Mrs. Laura Getty, Newtonbrook, Ont., who reported that at the London Canine Association show held on October 8th, judging of the Working Group at that show went on at 2 o'clock in the morning. Mrs. Getty enquired whether or not anything could be done to prevent a recurrence of this condition.

ACTION: The Secretary was directed to bring Mrs. Getty's communication before the Board should the London Canine Association again apply for permission to hold a championship show.

SUBJECT: The Secretary read a letter from Mr. W. P. Moore, who confirmed an earlier report received from Mr. G. R. Mikel, of Ottawa, regarding alleged unsatisfactory conditions at the New Brunswick Kennel Club shows held last September.

ACTION: The Secretary was directed to refer this correspondence to the Board for consideration in the event that the New Brunswick Kennel Club again applies for permission to hold championship shows under the rules of the Club.

SUBJECT: The Secretary again referred to correspondence received from Mr. Hedley E. Hull regarding elimination of the Limit Class and a substitution in its stead of a new class to be known as a "Bred by Exhibitor Class".

ACTION: Since Mr. Hull indicated that he would submit a proposed amendment calling for this change in the Dog Show Rules, the Board agreed that no further action need be taken at this time.

SUBJECT: The Secretary read a letter from the Show Secretary of the Canine Breeders and Exhibitors' Association, reporting that four dogs had not been returned to the second day of its Championship show held on September 8th and 9th, although deposits had been made, and that an additional three dogs had been removed from the show without deposits being made and had not been returned on the second day of the show.

ACTION: The Secretary was directed to ascertain in each instance whether or not the exhibitor or handler of each dog had obtained a Veterinarian's certificate authorizing the permanent removal of these dogs from the show. The Secretary was directed to cancel wins made by these dogs in the event their owners failed to promptly answer the Secretary's enquiry, or if such replies indicated that the proper authority had not been given for the permanent removal of these dogs from the show at the end of the first day.

SUBJECT: The Secretary read a letter from Mrs. Burnice Heaven, who noted that while action had been taken to recognize the Miniature Smooth Dachshund for show and registration purposes, no such action had been taken in respect to Miniature Long-Haired Dachshunds.

DISCUSSION: Director Riedel pointed out that he had not recommended any action in respect to the Miniature Long-Haired Dachshund for the reason that very few Long-Haired Dachshunds are exhibited in Canada; furthermore it would be quite in order for Miniature Long-Haired Dachshunds to be registered as Dachshunds (Long-Haired) and the Miniatures of this variety would be eligible to compete in the regular classes for Long-Haired Dachshunds.

ACTION: The Secretary was directed to inform Mrs. Heaven of the status of the Miniature Long-Haired Dachshund both for show and registration purposes.

1455 (1433). NATIONAL CHAMPIONSHIP RETRIEVER TRIAL

REPORT: The Secretary read a letter from Mr. Grant Mahood, President of the National Retriever Club (Canada) Limited, regarding the organization of that Club.

ACTION: Since Mr. Mahood's letter indicated that further information regarding the set-up of the Club would follow, the file was held over for further consideration when the Board next meets.

1456. FOXHOUND TRIALS

SUBJECT: The Secretary reported that Mr. E. D. Bonnyman, President of the All-Canada Foxhunters Association, had extended an invitation to officials of the Club to attend its Championship Trial to be held at Cornwall on November 5th.

DISCUSSION: Vice-President Brown pointed out that he had been in the Club's offices when Mr. Bonnyman had discussed with the Secretary and himself the wish of the Foxhound Trial enthusiasts to come under C.K.C. jurisdiction and register their Foxhounds in Canada. Vice-President Brown strongly recommended that every effort be made to have Club officials attend the trial.

ACTION: It was agreed that if arrangements could be made, as many members of the Board as possible would attend the trial but that in any event arrangements be made so that the Secretary-Treasurer could be on hand at the trial to deal with any questions regarding adoption of Foxhound Field Trial rules and the registration of Foxhounds in Canada.

1457 (1438). DOG SHOW AT WINTER FAIR

REPORT: Vice-President Brown reported that every effort had been made to arrange for the holding of a Dog Show during the Royal Agricultural Winter Fair this year, but that a suitable building could not be obtained and the matter had therefore been dropped.

1458. ADJOURNMENT

The Board discussed the advisability of adjourning this meeting so that it could immediately be reconvened to deal with any developments in respect to identification.

RESOLUTION: At 12.30 a.m. it was regularly moved by Vice-President Brown, seconded by Director Riedel:

"THAT, this meeting of the Board of Directors adjourn, to reconvene at the call of the President." Motion carried.

Message to the Members

AT A meeting held on November 23rd the matter of identification was discussed by your Board and I was instructed to address a further message to you on their behalf with a view to clarifying our obligations under the Live Stock Pedigree Act so far as it concerns identification.

There are those who may wonder why identification is at all necessary for registration purposes since nothing along this line is apparently practised in other countries where pure-bred dogs are registered. The answer can best be provided by referring to the Live Stock Pedigree Act, a federal statute (law) which requires that the constitution of each live stock association registering pure-bred animals in Canada provide for "a practical and effective system of identification". It is the responsibility of the Department of Agriculture at Ottawa to administer this Act and see to it that its provisions are observed. The Department quite evidently feels that identification as practised in the past by breeders of pure-bred dogs does not represent full compliance with the terms of the law, and for that reason insists that if it is to endorse certificates of registration issued by the Club, positive identification must be established in each and every instance.

The Constitution of the Canadian Kennel Club presently provides for two methods of identification. Where it is possible for a breeder to establish identification by clearly stated description of the color and markings of a dog then such description will be considered sufficient identification for registration purposes. Where such a description will not establish positive identification then tattooing is, according to the present provisions of our Constitution, the only other method of identification available.

As other live stock associations use methods of identification such as charting, photographs, etc., your Board of Directors feels that the Constitution of the Club should be amended to provide for other suitable methods of identification and we are satisfied that the Department has no intention of insisting that any one particular method of identification must be practised.

When Vice-President Mr. Walter Brown, the Secretary and myself met with the Departmental officials on October 31st we exhibited pictures of dogs. We feel that where a picture of a dog will establish identification then photographs could be permitted as a means of identification.

Your Board of Directors is arranging for a proposed amendment to the Constitution intended to increase the number of methods of identification available to breeders. It should, of course, be understood that such methods, if adopted by the members and approved by the Minister of Agriculture, could not become effective before they were adopted at a general meeting or by referendum ballot.

It is the Board's view that members who have in mind methods of identification which they believe would establish positive identification should submit their recommendations as soon as possible to the Canadian Kennel Club so that an investigation can be made to determine whether or not any suggested methods (beyond those already visualized by your Board of Directors) are practicable and are likely to be approved by the Department of Agriculture.

In short, the Department has indicated that a statement of color and markings is acceptable where such description establishes positive identification; it has also indicated its acceptance of tattooing as a means of identification. It therefore remains for our members to establish and include in our Constitution other practical and effective systems of identification so that breeders will have a variety of suitable methods of identification from which to choose in identifying dogs for registration purposes.

There are some of our members who are of the opinion that if we were to withdraw the processing of our pedigrees from Ottawa that the principle of identification would not have to be adhered to. The Live Stock Pedigree Act is a federal law and all breed associations registering live stock, regardless of where their registration certificates are processed, must observe the principle of identification.

The position of the Kennel Club (England) and the American Kennel Club is quite different inasmuch as these organizations do not operate under any federal statute comparable to the Live Stock Pedigree Act.

On behalf of the Board of Directors,
W. J. RISEWICK,
President.

The Eastern Ontario Collie Club Specialty Show

THE FINALISTS IN THE SPECIALTY SHOW

The Shetland Sheep Dog, Flag's Pride of Ronas Hill, owned by Mrs. G. Lovett, Carp, Ontario, is seen winning Best Canadian Bred Puppy in Show and Reserve Best in Show. Handler, Mr. Ted Cheetham, of Hamilton, Ontario. In centre the Collie, Champion Graham Farm's Parader, owned and shown by Mr. George Getty, of Newtonbrook, Ontario, winning Best American Bred in Show. The Judge is Dr. J. P. McCain, Pittsburgh, Pa.

On the right is the Collie, Quarrybrae Golden Glory, shown with her owner, Mrs. R. Savage, of Ottawa, Ontario, winning Best in Show and Best Canadian Bred in Show. Dr. McCain is making the award.

The Eastern Ontario Collie Club

By Alma Harwood

IN A setting of Royal Blue and White, Champion Quarrybrae Golden Glory romped with ease toward her championship title, and her owner and my personal friend, Mrs. R. Savage of the famous Rushbrook Kennels, still wanders in a slight daze. One thing is very certain—it couldn't have happened to a more deserving dog—nor a more deserving person. The Eastern Ontario Collie Club considers this a fitting climax to the great show of October 15th.

It was nice to welcome Collie dignitaries such as Canada's own veteran breeder, Mr. Ormiston Roy; American breeder, owner, judge, and promoter, Dr. J. P. McCain, and his charming wife, and Obedience campaigners such as Mr. and Mrs. Theodore Kusmik, of Hartford, Conn. The exhibitors came from British Columbia to Nova Scotia, in Canada, and various parts of the States.

For the show itself, which was an experiment in the first place, we can say it was a financial and accepted success. Over 1600 spectators crowded the airy and spacious Coliseum throughout the day and evening to see Canada's first attempt at a show of this type. Perhaps what the public would consider an evening highlight was the colourful Champion Parade, headed by six Scotch Lassies and a Piper. Over

eighteen Collies and Shelties, once again stood in the limelight for a minute to tell the world how they gained their championship and give their owners the thrill all over again of standing beside them while they did it. We noted the presence of Toronto's Collie authority, Mr. George Getty. While he had five champions in the parade, we thought there was an extra special pride when he led the impressive Ch. Graham Farm Parader Collie to the dais for his recognition.

Parader is the sire of the Best In Show Collie, and it was from this Kennel of Mr. Getty's that Mrs. Savage purchased this winner.

We would not like to close this sketchy report without saying a very sincere thank you to the Toronto Collie fanciers who supported us so well. They were represented by Mr. and Mrs. G. Getty, Mr. and Mrs. W. J. Edwards, Mr. W. Clark. To the friends who attended with them and with whom we are not so familiar, we offer appreciation.

It's on to the end of the year, for the Club, with a Social Evening on November 16th and four hundred feet of film shown which were taken at the show. It is planned to include with our annual Children's Christmas Party a special remembrance and entertainment for Ottawa's 'Poliomyelitic' Hospitalized children. It has always been the policy of the Club to remember that children SHOULD BE HAPPY—and to advance the theory that it could be accomplished by promoting — Collies for Children.

Hull and District (Quebec) News

By Fred Blatch

HERE we are again with another year of activities slowly drawing to a close.

I cannot let this issue go by without commenting on the splendid Specialty Show put on by the Eastern Ontario Collie Club in October. It was, without the slightest doubt, the best organized dog show held in these parts in years. The beautifully-decorated arena and benches brought back to us old-timers the atmosphere that used to exist in the good old days. Smiling faces, portraying that 'Don't give a darn attitude, win or lose' was evident everywhere. The Parade of Champions. Those charming wee Scottish lassies treating the huge crowd to some real Highland dancing; then the sensational exhibition put on by Mr. Theodore Kusmik, Jr. and his superbly trained Collies was something to marvel at. All this, together with the almost perfect job of judging done by that outstanding American Collie authority, Dr. J. P. McCain, rounded out a most enjoyable day at a dog show. To Mrs. Alma Harwood, President of the Club, the Show Committees—especially to the Secretary, Miss Dorothea Pranschke—and the Superintendent, Mr. J. J. Farmer under whose guidance the show was expertly handled should be given all the credit one can bestow upon them. Let's have more!

SAMOYEDS . . .

At Christmas time, in affectionate pride

ALTAI HAILS HER ILLUSTRIOUS SON

The Samoyed, CANADIAN CH. SPARK OF ALTAI

owned by Dr. C. S. Bezanson, Aylesford, Nova Scotia. American-bred, son of Int. Ch. Snowland Stara (Irish and United States titles). We believe the record of winning First in Seven Working Groups made by Ch. Spark establishes a world record in the Samoyed breed, and these were made while Ch. Spark was under three years of age.

He has blazed the trail — may hundreds follow!

SAMOYED PUPPIES FOR SALE

Sired by: INT. CH. SNOWLAND STARA and by imported DEYOMAS OF IBUR out of daughters of Int. Ch. Snowland Stara. We breed only the finest imported and domestic stock—and for beauty, type, intellect, show quality and character.

ALTAI KENNELS

ROUTE 2, BOX 210

ALBUQUERQUE, NEW MEXICO, U.S.A.

During the course of the show just mentioned I had the pleasure of meeting again two of our outstanding doggy celebrities, our genial Director for Quebec, Mrs. Pamela Mack, and the oldest active member of Canadian Colliedom, Mr. W. (Willie) Ormiston Roy, which gave us the opportunity of discussing matters pertaining to the welfare of dogdom in Quebec Province. This being Mrs. Mack's first year as Director, it has no doubt been somewhat difficult for her to get the ball rolling as she would like to do, but it seems quite safe to say that if she accepts another term of office it will give us all an opportunity of getting right in behind her and helping to solve the many problems that crop up from time to time in the dog game in this province.

Well, that's all for this time, and in closing may I once again take the pleasure of extending to the Directors and Members of the C.K.C. and to our genial Editor, Mrs. Alva McColl, my most sincere good wishes for a Very Merry Christmas, and a Bright, Happy and Prosperous New Year in 1950. Cheerio and thanks to everybody!

BOOK REVIEW

FEEDING OUR DOGS. By Dr. Leon F. Whitney, D. Van Nostrand Company, Inc.

A Practical, Scientific and Economical Method of Insuring your Dog's Good Health.

Dr. Whitney is one of the outstanding veterinarians of the country and the author of several important books on dogs and breeding. He has made exhaustive studies on nutrition and developed formulas for dog foods which have revolutionized dog feeding.

This book is the complete story of his findings in regard to the feeding and nutrition of dogs. It is based upon scientific fact but is written for the layman — the average dog owner.

The book describes the mechanics of a dog's digestion and the chemistry of its digestion. It discusses lucidly the part played by all the different elements of food consumed by dogs. It gives experienced, practical advice on how to feed dogs properly and what to feed them to insure good growth and perfect health. It tells how to mix foods, how to store them, when to feed, and answers every question the dog owner might have in regard to the entire subject of nutrition. It also points out many old-time fallacies about feeding and treatment of dogs, and leaves the reader with a clear understanding of modern, safe and economical methods.

If you wish to breed your dog or buy a puppy, the outstanding bloodlines in every breed are given to enable you to choose the best. The official standards of the sporting dog breeds are given. Bench show enthusiasts will find a great deal of useful material.

This is a book for which you will find constant use, and is the ideal gift for a dog lover or hunting friend.

BIRD DOGS IN ALBERTA

(Continued from page 6)

time and finally run onto the bird. These three were given a further test of a slight retrieve and a bird shot at and dropped while the dog was on its return. One of them went down again here and the final decision was made by awarding first to Okanagan Dinah, owned and handled by E. L. Kinneman, Portland, Ore.; second, Lee's Dixie, owned by Mel. McCoy, Ponoka, Albert; third, Ebb of Wetmore, owned by Frank Barrigan, Edmonton. Judges ordered that no points would be allowed with these awards. This is not the first time these no-point awards have been placed, and I have raised objection on other occasions because they were placed but did not perform in championship manner. In such cases, I believe it would be better not to place them, as after all, the book says that the winner of first shall be credited with 5 points, etc. I was one of the "also-rans" in this Trial, but I heartily agree with these Judges, as we do not want Field Trial Champions to become too common and won "on the cheap."

Three better Judges could not have

CHAMPION COSBURN'S GALLANT CHUM

Boston Terrier, winning Best in Show at the Boston Terrier Club of Toronto Specialty Show. Owned by Mr. Gottschalk, this smart little dog is being judged by Mr. Lou Steitz, of Toledo, Ohio. The handler is Mr. Ted Ward, of Clarkson, Ontario, and the presentation is being made by Mr. Lorne Anderson, President of the Club.

been selected in Alberta. They were Glenn Williams and Jack Miller of Calgary, and James Lowther of Cassils, Alberta. In the future I would like to see more and easier tests and work up to the tough tests for the finals, without any trick tests to simply put a good dog out. They should be tested for marking without handling, a general search test allowing very little direction to keep our dogs from becoming too mechanical, like Sheep Dogs, followed by a blind test to show that they will take hand signals and direction when needed. This should be divided equally between land and water, which would make Six in all.

To wind up the season, our Calgary club ran the Pointing breed Trials. This has been going for twenty years as amateur only and has always been tops, but the last few years has been bad on account of the shortage of Hun Partridge and Prairie Chicken. This year looked better, and with some common sense conservation of these birds, these fascinating Pointers and Setters will be in full swing again. It is grand to see the good class of dogs the boys have kept going through this handicap. The Derby trophy was won by our old sticker and hard worker A. E. (Scotty) Hay. The shooting trophy went to Ed. Sinclair, as did also the All-Age Championship trophy.

I almost forgot our Spaniel Trial which we attempted but almost failed. Only three turned out. The trophy was won by Lyman Turner with Gladholm Rusty.

CANCELLATIONS

AMHERST KENNEL CLUB SHOW
Held on June 17th, 1949

Retriever (Chesapeake Bay) JENNIE. First in Novice Class and Winners cancelled; entry form did not furnish infor-

mation required by Chapter 16, Section I, of the Dog Show Rules.

Res.—Highland Effrontery. **FEMALES.** Senior Puppy—1, E. Humbly's Highland Antares. Novice—1, S. Pickles' Princess Lilly. Canadian Bred—1, E.

We offer you direct Parader Line Breeding to that famous Sire of Champions, AMERICAN CH. SILVER HO PARADER. Two of these puppies sold in the U.S.A. on the outstanding soundness of their Dam, CH. KARRINA HIGHLAND LADY.

CONGRATULATIONS

to Mr. and Mrs. B. C. Hendel, Rochester, New York, who successfully exhibited at Four recent Shows, held in New York State, their Junior Puppy WINGAIT'S FUTURE OF CHAR BERT, shown as listed:

1st. New York State Fair, Syracuse — Second Jr. Puppy.
2nd. Central New York Kennel Club, Utica — First Jr. Puppy.
(HE WENT ON TO RESERVE WINNER'S MALE UNDER JUDGE ALVA ROSENBERG, AT SEVEN MONTHS OF AGE)

3rd. Kanadasaga Kennel Club, Geneva — Second Jr. Puppy.

4th. Genesee Valley Kennel Club, Rochester — First Jr. Puppy.

A litter sister to the above, reasonable.
Not show quality, but should produce some good ones.
Your correspondence cordially invited. Reservations for puppies necessary.

WINGAIT COLLIES, Reg'd.

PUPPIES
STUD SERVICE

Owner:

MRS. G. F. LOVETT
Carp, Ontario

We hate to brag, BUT—our Shetland Sheepdogs made a clean sweep at the Eastern Ontario Collie Club Specialty Show at Ottawa, Oct. 15th, WINNING EVERY CLASS IN WHICH THEY COMPETED.

FLAG'S PRIDE OF RONAS HILL, 7 months old tricolor puppy (Am. Ch. Bil Bo Dot Blue Flag ex Int. Ch. Pocono Trinket) came from Jr. Puppy Class to Best of Breed, over 5 Champions entered for Specials then on to RESERVE BEST IN SHOW and BEST CANADIAN BRED PUPPY IN SHOW. He also won the Bred By Exhibitor Class, over Collie and Sheltie Champions.

DIXIE BELLE OF RONAS HILL, 8 months tricolor (Ch. Alford Laddie of Glenleigh ex Aylmer Chorine) came from Jr. Puppy Class to Winners Bitch at the Specialty. She completed her Championship at the record age of 8 months, 7 days. Included in her wins are 3 Best of Breeds and 2 Group Placements.

BLACK LAIRD OF RONAS HILL, litter brother of Ch. Dixie Belle, was sold as a pet in August and shown on Prairie Circuit, where he went Best Canadian Bred Puppy in Show twice within one week.

Humbly's Rockholm Request. Limit—1, S. Pickles' Maxson's White Princess. Open—1, E. Humbly's Am. Ch. Belmerville Imogene; 2, I. Smith's Snowman's White Lass. WINNERS—Am. Ch. Belmerville Imogene (6 females, 4 points). Res.—Rockholm Request. Best of Winners—Highland Caster (4 points). Best of Breed—R. B. Smith's Ch. High-Croft's Tartan Duke.

CORRECTION

Niagara Frontier Kennel Club Show held
on June 18th

Best of Winners and Best of Breed in English Toy Spaniels was awarded to Mr. and Mrs. John Andrew's Cedarcreech Knight and not Bressay Betty Brunette as previously reported.

HOW'S YOUR EYE FOR TYPE? TRY THIS AND FIND OUT!

ENTER PURINA'S
JUDGING CONTEST—

Judge the Dogs!

Test your judgment! You'll find it interesting, and possibly profitable — read the list of prizes at the right. Closing time for entries extended to January 15.

Here's All You Have to Do..

- 1.** Go to your local Purina dealer's Store with the Checkerboard Sign — if you don't know who and where he is, drop us a note about it. Ask him for your copy of the Judging Contest folder and score card. You'll find it contains photos of four dogs in each of four popular breeds . . . each taken from three different angles.
- 2.** Judge the dogs! Study the photos, size them up from all three angles, then enter your placings on the score card. (You'll find this is really interesting!) Don't forget to print your name and address on the card, too.
- 3.** Attach to your completed card the Purina Research Seal of Quality, cut from any size bag of Dog Chow — or a sales slip if you buy in bulk. Mail your entry so that it will carry a postmark not later than midnight, Jan. 15, 1950. (Enter as many times as you wish, but enclose Research Seal or sales slip for each entry.)

That's all there is to it, unless you happen to run into a tie—in which case we'll have to ask you to write your reasons in order to break it. A nationally known judge of each breed will rate these same dogs from these same pictures. Contestants coming closest to these "official" rankings win the prizes. Results will be mailed to all contestants as soon as possible after the contest closes.

RALSTON PURINA COMPANY, LIMITED

WOODSTOCK - TORONTO - MONTREAL

87 PRIZES!

First Prize, 5 h.p. Johnson "Seahorse" outboard motor, 1950 model . . .

Second Prize, Sparton portable radio . . .

and 85 other prizes — casting rods and reels, "deliars" (combination scale and tape), Coleman pocket stoves, duck calls, pocket compasses, hunting knives, subscriptions to Dogs in Canada — a wide assortment. Ask your Purina dealer for folder giving details!

*Gaines provides
'natural' food
for your dog*

*The diet dogs
'make for'-by instinct!*

THE CALL of his ancestors is ringing in his ears as your dog 'makes for Gaines'. That's because Gaines provides 'natural' food . . . such as dogs have wanted for generations . . . such as *your dog wants now* — instinctively!

Yes, Gaines is the food for top condition — biologically proved *nutritionally complete* — provides food elements meat alone cannot supply. Feed Gaines to your dog for his health and happiness. Start today! Remember: 9 out of 10 dogs 'make for Gaines' — first feeding!

NOURISH EVERY INCH OF YOUR DOG WITH KENNEL-TESTED FOOD

● Each pound of Gaines contains: proteins as in 1½ lbs. beef; carbohydrates as in 1½ qts. cooked oatmeal; fats as in 1 oz. butter; minerals as in 1¾ lbs. cheese; iron as in ¾ lb. beef liver.

. . . economy for you, too!

Gaines costs you less to feed than any other type of dog food — a 5-lb. bag makes 10 to 12 lbs. of ready-to-eat food. Easy to feed — all you do is add water (soup, milk or gravy). Then, for variety, you can give him GAINES KRUNCHON, which is Gaines Meal compressed into crunchy bite-size pellets.

Wherever dog foods are sold
