CALM ENJOYMENT

. . . I enclose an extract from the *Vancouver Sun* Outdoors column. It is a fine tribute to our Coast Retriever trials and I thought the boys might be glad to see it in *Dogs in Canada*.

"Retriever trials like the series of dog tests at Pitt Meadows last weekend are a far cry from the confused contests of ten years ago.

"Not just because the tests are more interesting, the routine is smoother and there is far less bickering among dog owners. I can clearly recall, while sitting among the dog men at trials of yore, hearing much nattering about the judges, the poor tests and the "pigs" of dogs owned by the others.

"Now that B.C. is at the top of the dog world, respected all over North America, there is an air of calm enjoyment throughout the trials. At the B.C. Gun Dog Club's annual Fall stakes Sunday, for example, not only did the judging appear thoroughly competent in the hands of Oliver Krog and Hank Dawson, both of Richmond, but I daresay there were 15 or 20 men looking on who have, themselves, judged these trials.

"The B.C.G.D.C., led by such men as Chris Burton, Dr. Hugh Sproston, Lloyd Love, Jack Smyth, Ray Brown and others too numerous to mention, are to be commended for staging these interesting contests." (Lee Straight, Vancouver Sun, September 24, 1957).

Don't let worms kill your dog

To give your dog a complete safe worming at home, use a product proved effective against the two most frequent worms.

Large roundworms steal his food, common hookworms suck his blood. Either can kill a puppy and seriously weaken an older dog.

Eliminate both types of worms with Sergeant's Sure Shot Worm Capsules (Puppy Capsules for puppies and dogs under 10 lbs.). Sergeant's outsells all other worming products 2 to 1. Use twice a year and protect your dog. Only 79¢ at drug or pet counters.

THE OLD TIMER

"Most complained about people in show business are the professional handlers," said the Old Timer, "and I don't think they deserve it."

"Seems to me," said the Old Timer "that one of the greatest causes of complaint at dog shows today – both in Canada and the United States – is against the professional handler. And I don't think they deserve it."

I looked up surprised. The Old Timer rarely takes the roll of counsel for the defence and to find him speaking in behalf of any one group required a little fast, mental adjustment. But on this point I was prepared to give him an argument. I'd been at too many shows. I'd been beaten too often by the professionals. The dog game could very well do without them, in my opinion.

"Wait a minute," "You know as well as I do that professional handlers get more than their proportion of wins. Take a look at any group final. Don't the professionals usually outnumber the amateurs among the finalists. And look at the best in show results. How many times does an amateur exhibitor get the nod."

"You're quite right," said the Old Timer, and stopped. It was his old, irritating strategy of leaving an idea in mid-air and saying nothing more until you'd used all your ammunition and were wide open to a broadside. But this time I was on firm ground.

"Doesn't that prove my point?" I asked.

The Old Timer deliberated. He shoved his battered fedora on the back of his head. It wasn't until he was comfortable that he answered me.

"The circumstantial evidence is all in favor of your side," he finally said "but you've got to take a very long careful look at circumstantial evidence to see what it really means. Now I take it you're in favor of abolishing professional handlers."

"No argument there," I agreed.

"Okay, let's look at that for a minute. Let's say first I don't think you're in a position to realize the importance to the dog show game of the man who makes a profession of showing dogs."

"And why not?" I asked. "I'm reasonably intelligent. I've been showing dogs a fairly long time."

"I agree," said the Old Timer "but you also live in Toronto and you're an extrovert."

"And what's that got to do with it?" I was nettled and I think I showed it.

"First of all you're right in the heart of the dog show area," said the Old Timer. "Why there's scarcely a Saturday in the whole season that you don't have a dog show within easy driving distance of your front door. But there's more to Canada than Toronto. Think of the man in Montreal, for instance, with one show in the spring and another in the late fall – or the exhibitor in Ottawa or Windsor or North Bay. Why it would cost them a small fortune in travelling and time lost from their jobs to keep their dogs in the shows Saturday after Saturday. Believe me, there are many dogs that would never get to the shows if professional handlers were not available."

"But what has my being an extrovert got to do with it?" I asked again.

"You love to get into the ring with a good dog – but there are a lot of people – and right here in Toronto too – who couldn't be paid to take a dog into a ring. Maybe they're just shy. Or maybe they hold positions where they would be subject to criticism if they did it. The professional handler gets their good dog into the ring and they are able to stay quietly in the background and still enjoy the fun of

winning, even if they don't have the fun of showing."

"There — you've just made my point for me — the fun of winning," I argued. "That's my gripe. The handlers get more than their share. The judges favor them."

The Old Timer filled his pipe. He held it by the bowl and pointed the stem at me without lighting it.

"Son," he said "you sometimes disappoint me. There are a lot of very good reasons why professional handlers seem to get more than their share of wins but mostly it's the quality of the dogs they handle.

"If a man is going to stay in the handling game he's got to have a reputation. And to get a reputation he must have winners. And to have winners he can't afford to show bums. Sure I'll admit there are handlers who will take anything into the ring for a fee and who'll even, for the sake of the fee, try to convince the owner that his house pet is a potential best in show dog. But that kind don't usually last long. They're here today and gone tomorrow. The handlers I'm talking about are those who have demonstrated they're in the game to stay and they don't take bums."

"But they do win with inferior dogs," I protested.

"Grant you that," the Old Timer agreed "but not with dogs that are inferior in presentation, not with dogs that are inferior in condition and not with dogs that are inferior in ring manners. After all, they are professionals. They'll hide a fault and emphasize a strength. They'll work with a dog night after night. And those dogs that require grooming are set down right. Knowledge and the time to work with a dog that is a pretty fair dog to begin with and not the favoritism of judges is ninety per cent of the reason that wins by handlers seem so frequent. Think it over."

MEMO FROM THE EDITOR

This Christmas consider your dog in your Christmas giving. He may not understand the significance of the occasion, but will get the idea that he's part of the family festivities and is receiving attention and affection. Gifts could include hard rubber toys, a new collar or leash, a coat or sweater, an inexpensive cake of doggy soap, or other treatments and toiletries.

In the March, 1957 issue of "Dogs in Canada", on page 28 the following appeared as the final paragraph of an article published under the authorship of Mr. T. A. Brown entitled "National Retriever Stake" . . . . "Runners up were F. T. Ch. Craigend Rock, handled by Jack Smyth of Vancouver and F. T. Ch. Brant of Bardona, handled by George Mitchell of Edmonton."

The publishers would like to take this opportunity to apologize to Mr. Brown for adding this information to his much appreciated article. In our ignorance on Retriever Trial matters we did not realize that only the name of the winning dog is announced and that by adding the names of the "runners up" we did Mr. Brown a grave injustice and exposed him to much unjust criticism.

As each Christmas rolls round, the preceding twelve months have brought more knowledge, a wider circle of friends and a greater interest in the progress and development of purebred dogs, in all the appealing, admirable breeds. It is our sincere pleasure to wish all our good friends and associates in the realm of dogdom the happiest Christmas and the most gratifying and successful New Year ever.

Coming Issues: *January* highlights Group III with a pictorial Gallery and valuable information on Working Dogs. *February*, which was previously mentioned as featuring a Pictorial Stud Gallery, will instead bring Terriers to the fore with similar treatment; a pictorial Gallery and useful articles. *March* turns the spotlight on top dogs of 1957 with the annual feature "1957 Best in Show Winners and Champions of 1957." Another annual feature, the big Chart showing 1957 Field Trial Winners also appears in *March*. *April* introduces the Toy Gallery and *May* the Non-Sporting Gallery. The Sporting and Hound Gallery will again appear in *September*, and *October* will see the introduction of the afore-mentioned Gallery of Stud Dogs.

PART II

RESEARCH PROGRAM

of the Shamrock Collie Research Lab

Written especially for Dogs in Canada by Dr. Lee Ford

Last month we discussed the history and origin of the Shamrock Lab together with the aims and objectives of the Lab as set forth in the Lab Constitution. This month we would like to explain a bit more about some of the aims and objectives as they relate to scientific genetic research in dogs, specifically the collie dog. So far as I know, the Lab is one of very few centres doing active research in the dog with the prime objective being further knowledge of the gene activity in the dog. So far as I know, the Lab is the only center doing this genetic research primarily with the collie dog, using both the rough and smooth (short coated) collie.

The research along genetic breeding lines is possibly only thru long hours of work (unpaid) by the Director, Dr. Lee Ford, plus the cooperation of a fine nucleus of (unpaid also!) Lab Cooperators, who gather details of interest to the Lab research program and send them in for diagnosis and use. These Lab Cooperators are simply dog owners or breeders like yourself who report both details of their normal dogs or litters plus anything irregular to the Lab. As they send in their reports they are filed by Dr. Ford, and as the material on a particular condition accumulates, it can be studied, worked thru, composited, and a basis for possible inheritance determined. Then individual isolated pedigrees can (generally) be composited into master pedigrees, involving quite a number of dogs of similar ancestry. Thus thru a central clearing house such as the Lab much information otherwise lost or of little value because only one isolated dog involved, becomes of great value. This could be done in other breeds besides collies if the interest were present.

Double Aspect of the Research Program

The Lab's research program has two general approaches, each important in its own way. The first is emphasis on *theory*. Dr. Ford is a graduate cytogeneticist, interested in scientific reseach and finding out the why of genetic problems. Thus the Lab carried on its own breeding program, its own scientific research into special problems as they arise or are brought to the attention of the Lab. The end and aim being to find out *why*. This part of the program would be called "pure science" or "theory". This is the "theoretical aspect" of the program.

The second emphasis is on *application*. Whenever possible and in as many ways as possible, the Lab does put into practice the findings in pure science. One of the best examples of this *application* of the theory is the Lab sponsored *companion Collie* for the blind program. Here the Lab has used the Selection Index idea and selected a line of smooth collies which are suitable for use as guide dogs for the blind. General application of the work of the Lab is the constant education of those associated with the Lab thru personal communications and thru Lab publications towards the goal of ever better collies.

The part of the Lab program dealing with the theoretical aspects of collie genetics and breeding is perhaps more practical than we would at first be led to believe. In the first place, this work does deal with actual dogs, actual matings, actual work, actual records. There is a lot of time and effort in this, both by Dr. Ford as director, who has several Lab genetic study litters each year in her own home, caring for and raising the puppies, meanwhile gathering data, and by the Lab Cooperators who send in their genetic breeding records on their own litters.

What kinds of records are kept? First there are the "routine" records kept on all normal and abnormal litters. These include date and time of arrival of the pups, sex, markings, and anything unusual at birth. Then a weekly weight chart of each of the pups, plus notes on any of the puppies which might die or anything unusual which might happen. Then at about six weeks records on color of haws and eyes, reevaluation of percentages of colors, and collection of hair samples from the entire litter and parents. Meantime, if anything unusual, a check with Dr. Ford to find out what else needed. Since work on the ear and eye, we have encouraged examination of each when possible, or at least check to see if the pups apparently hear and see normally. Also since work has begun on epilepsy, we have urged veterinarian examination in case of "fits" which could be epileptic.

Then there are the adult dog records, sent in by anyone who owns a dog, for composite records. These again contain the "routine" as above, on date of birth, pedigree, picture, markings, hair samples, color of eyes and haws, weight, height, length, chest circumference, details of sight and hearing, ears, tail, etc. Also, the Lab does have a more complex evaluation chart now available which is being worked up currently for the Lab Cooperators through the Selection Index study. Also, through the Companion Collie program, the Lab has a whole volume (Vol. VIII) on puppy pretests, which keep records on a particularly important litter in great detail through the first six weeks, and on through the next six weeks as well.

One other "routine" set of records is the monthly report type of record, completed by those who have a Companion Collie or a Lab Research Dog — and also by anyone interested in keeping developmental records on their own dog for the Lab. These are of course of most value when kept for a whole litter. It is again of such easy and elemental nature as to include the things mentioned in the adult dog record, plus a record of vet visits, vaccinations, obedience training, and general temperament and experiences of the pup. It is of value to anyone to watch development of his pup, and is especially of value to the Lab to begin to get this information together to write up the developmental story of the collie dog. Again, if the interest were there, this could be done by the Lab for any breed. So far other breeds have not seen fit to offer their cooperation, however! But if you are interested, would be glad to work with you, either as an individual, as a kennel owner, or as a club or group.

Through special cooperative efforts of some of the "minority groups" in collie breeding (not everyone in the group, but some cooperative breeders within the group) the Lab has been able to gather together a goodly amount of information on the white collie, the blue merle collie, and the smooth collie, which has been composited in volumes published by the Lab. This type of information has heretofore simply not been available anywhere. In addition to the general types of data sent in, through the central clearing house method, the Lab has been able to include master pedigrees and concepts of various aspects of breeding problems in this particular group. Also, the lab's own private research program has helped to add not only data but authenticity to the reports. The work is quite reliable as all information is given the weight it should receive.

EXCITING BERMUDA SHOWS

All photographs by Len Mocklow, Bermuda News Bureau

The great silver plane dipped low over blue water streaked with patches of brilliant turquoise blue, then swept over the curious blending of reef and greenery which is the Bermuda Islands. White-roofed, pastel-tinted homes, hotels and churches came into view, and winding, white-walled, flower-lined roadways dotted with tiny British cars.

The warm welcome of the executives of The Bermuda Kennel Club at the Airport precluded even momentary strangeness, as Canadian and American visitors landed within minutes of each other. Members of the Club, taxi drivers, shop people, everyone proved more than ready to explain Bermuda background and custom, people and politics, flowers and marine life.

Still a very young organization (the shows held October 31, November 1 and 2 were its second international competition) the Bermuda K.C. showed spirited enthusiasm and good organization. Some of the members have had show experience in the United States and England, and their background proved helpful. But many competitors were showing for the first time.

Unusual rains changed the locale of the Show, which was to have been set up in the exotic gardens of the Agricultural Station, Paget, to Hamilton Hall, in the City of Hamilton. A director with unusual foresight had this contingency covered by Lloyds of London, a thought for Canadian clubs holding outdoor shows.

Approximately 76 dogs were shown in the ring the first two days, and a few less on the third. Many of the dogs had never trained indoors and the majority were unaccustomed to seeing so many other canines at one time. For an unbenched indoor show there was surprisingly little confusion.

Although American dogs won top honours on each of the three days, little or no disappointment was apparent. Exhibitors expressed pleasure in having thoroughly experienced competition from the standpoint of handling, conformation and coat. Coats on some of the breeds were somewhat scant, and others were a little soft. The latter is partially attributed to the bland climate and swimming in salt water. (We watched two German Shepherds retrieving from the sea for hours.) Some owners have found that imported dogs lose coat for a short time, then regain it in a matter of months.

This show was outstanding for its goodwill on the part of exhibitors and judges alike. Following their assignments breed judges "Reg." P. Sparkes, Toronto, Percy Roberts, Noroton, Conn. and James W. Trullinger, New York, could be seen surrounded by exhibitors eager to learn and accept criticism of their dogs. Obedience Judges Blanche Saunders, Bedford Village, N.Y., and Alan Sharp, Montreal were also tireless in giving pointers and answering questions.

Promptness was another outstanding feature of the three days, with classes running on schedule to the minute. Stewards, under the guidance of Chief Ring Steward Mrs. Conrad Englehardt, worked fast and well. Mrs. John C. (Paula) McAteer, Show Superintendent, is known to many Canadian and American exhibitors as an expert handler.

Breeds most prominent by entry were: Smooth Dachshunds, Miniature Poodles, Boxers, German Shepherds and Pomeranians. Altogether, 27 different breeds were represented. Canada's lone con-

Final day's BIS winner was the silver Miniature Poodle owned by Mrs. E. W. Krampert. Ch. Krampert's Silver Dancer is shown here with happy owner, Mr. Sidney K. Lafoon, American Consul General (left) and Judge Percy Roberts.

Presenting a fine show in one of the most beautiful settings in the world, Bermuda Kennel Club members look forward to welcoming more than one Canadian entry next year.

testant, the stylish little Toy Poodle, Can. and Am. Ch. Debonair O'Millhurst, owned by Mr. and Mrs. Joseph Kersch, Montreal, had no competition. American entries were from Connecticut, Pennsylvania, New Jersey, Virginia and Florida; most distant competitors were the two silver Miniature Poodles flown from Casper, Wyoming, 2,000 miles from New York.

Apart from valuable silver trophies, winners of Best in Breed and Best in Group received certificates. In addition to the Best in Show, Best Puppy in Show, Best Bermuda Bred in Show, and Best in Group, silver trophies were awarded Best Visitor's Dog. Ribbons were presented in cellophane envelopes.

Am. and Can. Ch. Pugville's Mighty Jim was brought out of retirement by Mrs. P. Doherty of Bernardsville, N.J. for this competition and went Best in Show the first day under Judge James Trullinger. Best Bermuda Bred in Show was the Boxer, Bermudiana's Lucky Star, under Mr. Trullinger, and was chosen Best Puppy in Show by Mr. Sparkes. Owners are Mr. and Mrs. John N. Openshaw.

The Welsh Corgi Pembroke, Maracas Monarch of Cleden, owned by Mrs. Louise C. Cleland of Redding, Conn. took Best in Show the second day under Mr. Sparkes. Mrs. Elizabeth W. Hale's Pekingese Jeanie went Best Bermuda Bred in Show and Best Puppy in Show.

Bermuda dogs and handlers were more at ease by the third show, and competition sharpened. Best in Show fell to Mrs. Krampert's Ch. Krampert's Silver Dancer, under Mr. Roberts, who also named the black Miniature Poodle, Hebe de la Fontaine owned by Mr. and Mrs. J. B. Ferguson Best Puppy in Show. This flashy youngster was bred by Mrs. E. M. Ellis, of De La Fontaine Kennels, Reg'd., Streetsville, Ont.

The Best in Show winners were all owned by visitors, and were automatically in line for the Best Visitor's Dog awards. Results in detail may be seen in the Show and Trial results section of a subsequent issue.

Observations: Many of the Bermudians we met have several dogs; their first a mongrel, their second a purebred, their third a purebred of higher calibre, and are considering further purchases with a view to both showing and breeding. The Islands are a natural home for all dogs with any history of work or play in water in their background; i.e. Retrievers, Kerry Blue Terriers, Poodles, Newfoundlands, Weimaraners, etc. These and other breeds do not suffer from the mildness of the climate, and are vigorous and alert.

With experience such as could be gained by sanction show competitions spaced between annual international all-breed shows, many Bermuda dogs could compete successfully anywhere.

Members of The Bermuda Kennel Club urge Canadian competitors to bring their dogs to next year's shows. They assure the greatest welcome to both owners and their dogs. Many would also like to show in Canada, and hope the affiliate clubs will grow closer through such competition.

TEMPORARY LIFT ON QUARANTINE

A letter from this office to The Veterinary Director General, Ottawa urging that the 90-day quarantine imposed

on dogs returning to Canada from Bermuda be diminished, brought an encouraging reply.

Because Bermuda has no history of rabies at any time, the quarantine will be substantially reduced for next year, and there is a possibility that it may be lifted entirely for the Bermuda shows. It will only be necessary to register the name of the competitors and their owners, etc., at a specified date prior to the shows. More detail will be given in connection with the 1958 shows.

Many Canadian owners expressed a desire to compete in this year's shows but were unwilling, understandably, to endure the quarantine.

Next hurdle to overcome is the matter of transportation. Staff from this office and that of the Claire Wallace Travel Bureau Ltd. worked hard to line up a plane but one after another, the airlines showed interest, then passed. With almost a year to work on it, we feel optimistic that flight arrangements can be worked out.

AND HEAVEN TOO!

Senor Bermudez discovered the Islands which were later named for him, but Spain did nothing about it. Three-hundred years ago there was nothing but reefs overgrown by tropical shrubs and flowers, no sound but that of the sea and the colourful birds.

Today the Islands are connected by causeways, and form one of the most desirable holiday resorts in the world. Bermuda is a jumping-off place with great airliners taking off daily for far parts of the world. There is a charming blending of British and American in speech and attitude. British, Canadian and American coinage is equally welcome. With the exception of four, all cars are small and of British make, with left-hand drive, which at first is terrifying, but soon becomes mentally accepted.

Of the 40,000 residents, about 68% are coloured, but no racial difficulties are apparent. Strangers are greeted by white and coloured folk on the street, at resorts, everywhere. Nowhere are streets and the majority of homes and shops better kept. Although many of the homes are several hundred years old, there is no sense of mustiness. Within the last 18 months a new surge of development is in evidence, with new hotels, shops, cinemas and roads under construction.

Visitors are not allowed to drive cars, but taxis are reasonable, and the drivers willing to answer questions. Bicyles or mobylettes (motor-powered bicycles) are used by residents and visitors. Bermuda shorts are worn by both men and women a great deal in the daytime, although girls in offices and shops wear pretty summer dresses.

Although the total length of the Islands is only 24 miles, there are caves still undiscovered. On the south side, the coral reefs offer a wild drama of white waves smashing over 100-foot coral reefs. On the north side, the sounds and harbours provide a passing parade of motor and sailing craft of all sizes.

You can go deep sea fishing and enjoy the fight of your life, go deep-sea diving and explore a strange underwater world, explore crystal caves, or revel in exotic flowers such as oleanders, hibiscus and orchids. We asked the Bermuda Kennel Club President, Lady Florence Conyers, how many varieties of orchids grew on the Islands. She replied that she didn't know, but she herself has over 700.

At night, most of the big hotels offer excellent calypso entertainment and supper dancing, or you can go on a moonlight cruise and enjoy a party on board.

P. Sparkes, Obedience Judge Blanche Saunders, Lady Florence Conyers, president; Mrs. John C. Mrs. McAteer also entertained at a cocktail party and Lady Conyers at a luncheon.

MEET BLANCHE SAUNDERS

Talk of Bermuda in the past few weeks, other than Melville West and his adventure in his 15-foot outboard motor, the filming of the TV series "Adventures of the Seahawk" and the dog shows, was the outdoor obedience demonstration and clinic presented by trainer - author - breeder - judge Blanche Saunders.

Miss Blanche Saunders presents Obedience trophy to Mrs. Calvert Lightbourn, whose Pomeranian, Westerleigh Regina took top honours three consecutive days.

Although we have corresponded with Miss Saunders and admired her work, we had never met her. As a fellow-guest at the Inverurie Hotel and at several luncheons, we came to know her as more than living up to her reputation as a fine individual with a superior way with dogs.

A quiet-spoken person with good humour underlying an element of shyness and reserve, she told us she had no intention or even an inkling that she was to make the training of dogs her career. She majored in animal husbandry at college, with her interest centering on large animals. Dogs were not even a hobby. As a keen athlete, particularly in aquatics, she participated in several of the marathon swims previously held at the Canadian National Exhibition, and instructed in life-saving.

One of her first assignments was on the farm of Mrs. Whitehouse Walker at Bedford Village. Her duties included care of Poodles. To her surprise, she not only enjoyed working with dogs, but found she had an aptitude with them. Mrs. Walker had just returned from England where she had observed and studied dog obedience training. She became founder of the work on this continent and passed on her knowledge to her assistant. On this point Miss Saunders is very emphatic.

OBEDIENCE IN BERMUDA

Star of the Obedience Trials, the Pomeranian, Westerleigh Regina and handler-owner, Mrs. J. Calvert Lightbourn receive award from Judge Alan Sharp. Regina was bred by Lady Florence Conyers.

THE members of the Bermuda Kennel Club held their second annual three-day all-breed shows and obedience trials on October 31, November 1 and 2.

I had the very great honour and pleasure to judge the three obedience trials, along with Miss Blanche Saunders of New York, the well known authority on dog obedience training and the author of many books on the subject.

Our flight from Montreal to Bermuda was a most pleasant and restful one. During the trip of some one thousand miles, we couldn't help but wonder what was in store for us at the trials which were, by the way, our first judging assignments in Bermuda. We landed in Bermuda on Wednesday afternoon, October 30 and were met at the airport by a distinguished group of Club officials including the Show Secretary, Mrs. Raymond Spurling, the Show Superintendent Mrs. John C. McAteer and Mrs. Calvert Lightbourn, a Director of the Club. After greetings were exchanged, we were transported to the Inverurie Hotel, overlooking Hamilton Harbour, which was to become our headquarters for the next week.

The shows and the trials were scheduled to be held outdoors on the beautiful grounds of the Agricultural Station in Paget East. Unfortunately, however, torrential rains, coupled with occasional high winds, forced the breed shows and the obedience trials to be held indoors in Hamilton Hall. The rains, the heaviest on the Island in November since 1885, failed to dampen the enthusiasm of Bermuda's dog lovers. It was estimated that over 700 people entered Hamilton Hall during the three days to watch the shows and trials. It was extremely unfortunate that the shows couldn't be held outdoors as planned, but, Hamilton Hall proved to be adequate in every respect. Much credit is due the Club's officials for making the last minute required changes to hold the events indoors. The obedience dogs were definitely hampered by having to work inside, since all their training had been done on the plush lawns located throughout the Island.

Dogs were entered in the Novice and Open classes in each of the three trials. There were ten novice dogs and four Open dogs judged each day, making a total of forty-two entries. Breeds entered included Golden Retrievers, Labrador Retrievers, Dachshund Boxers, Miniature Poodle, English Cocker Spaniel, Belgian Sheep Dog, Pomeranians and a German Shepherd.

The big winner of the three trials was Mrs. J. Calvert Lightbourn who handled her Pomeranian, Westerleigh Regina, in the Novice "B" classes. The little Pomeranian worked extremely well and scored 194 points in the first two trials and a remarkable 198 points in the third trial. The dog won the Ian Macky Trophy for obtaining the highest qualifying score in the Novice classes, as well as winning The Alpo Trophy for the highest aggregate score in one class in the three trials. Mrs. Lightbourn's dog scored 586 out of a possible 600 points. An English Cocker Spaniel, Shandygaff of Lost Acre, owned by Mrs. Oliver N. Brooks, had the distinction of nosing out the Pomeranian in the second trial by scoring 195 points in the Novice "B" class.

Mrs. Michael Darling's Labrador Retriever, Driver of Duck Land, placed first in the Novice "A" Class in the first two trials by scoring 191 and 193 points respectively. Mrs. Aline Decosta, handling her Dachshund Mitzi von Mazarin, took first place honours in the Saturday trial in Novice "A" with 192½ points.

Mr. Ian Macky had it all his own way in the Open "B" classes by placing first the three days with his Labrador Retriever, Jet of Moana, C.D. Unfortunately this dog did not qualify nor did any of the other Open dogs. It is this writer's opinion that, had the trials been held outdoors, some of the Open dogs would have passed. The only consolation is that the handlers now know that their dogs must be prepared to work indoors as well as in the open.

The calibre of the work in the Novice classes was very good, on the whole. The Open dogs, who didn't fare so well this year should, with a little more work and practice, do very much better at the next trials. If one or two of the required exercises can be mastered then it shouldn't be too long before there are some Bermuda CDX dogs.

What does the future hold for obedience training and trials in Bermuda? Frankly, we can't see how dog obedience can fail to prosper there. Every handler who came into our ring was most enthusiastic about the sport and very keen to learn all about the finer points of handling. After each dog was judged, there was sufficient time available for the judges to explain to the handlers the reasons for the demerit marks. It was obvious from these discussions that the handlers wanted to find out all they could about obedience trials. It must be remembered that it is only a few years ago that training classes started there and the first obedience trials were held last year. Already there are about a dozen Bermuda dogs holding the CD degree. The Club is presently working on a plan to run more training classes which should definitely further the interest in obedience

COVER STORY

IN MEMORIAM

Saturday, October 12th, 1957, marked a sad day for all at "Tailteann". A great Kerry Blue Terrier, named "American and Canadian Champion Kenmare Masterpiece", passed away in my arms. He would have been thirteen, the following week.

Seven years ago I retired him from the show ring (he was five and a half years old), having had the great honour of winning more awards than any dog of any breed in Canada at that time. By October 22nd, 1951, he had won: 17 Best in Show (in U.S.A. and Canada) 60 Terrier Groups, 36 Best Canadian-Bred in Shows and 17 Reserve Bests in Show (we had that award at that time). Up to that date also, he had sired 82 puppies, and descendents of these are winning today from coast to coast in Canada and the United States. His last litter sired for "Tailteann" produced Am. and Can. Ch. Tailteann's Widan 2nd (winner of 6 Bests in Show who has proved to be an outstanding stud, siring such famous Kerries as Can. and Am. Ch. Tailteann's Miss Gaiety, Am. Ch. Tailteann's Marcie's Son, Can. and Am. Ch. Tailteann's Blue King, Can. and Am. Ch. Tailteann's Rare Gem, Can. and Am. Tailteann's You Can Tell, and many others.)

The impact of his personality, showmanship, disposition, colour and coat, is undeniable. He lived his life in my house, and proved himself a great pet as well as a great showman. The success in recent years of "Tailteann" is directly attributable to him and his family.

So—adieu to a great friend and companion.

SOME GENERAL
INFORMATION
ON

THE KERRY BLUE

by MRS. E. BETTS

THE Kerry Blue Terrier is undoubtedly an old breed. In fact in Ireland, where the breed originated, it has been known for over fifty years. In spite of much opposition in the early days, show secretaries were persuaded to put on classes for the then "ragged Irishman" and in 1922 at Crufts ten Kerries were benched.

In those days they were very shaggy looking, not the trimmed, smart dogs we know today, but still as loyal and affectionate as ever.

Originally the Kerry was used in pit fighting and to this day has a ruggedness of physique that speaks well for the hard years of training his ancestors had —he's no namby-pamby; he's courageous and alert, and with the careful and selective breeding of the past few years he is no longer the fighter he was. There no doubt the Kerry is the friendliest of dogs, possessing great intelligence, a charm of manner and great loyalty to his owner and friends. He is also an ideal playmate for children. Added to these qualities he has an attractive appearance. The rich blue colour of his coat, so soft, silky and wavy, and of course non-shedding is one of his assets. As a house and field companion, the Kerry is hard to beat, he adapts himself to any climate. He is hardy, healthy, with much energy and endurance. He is long lived and retains his activeness right to the end.

He was used during the war as a guard dog and has been known to work sheep, and for protecting residences and personal property he is as useful as a burglar alarm. The Kerry at all times is a true friend and companion, of which his owner can be justly proud.

A hand-painted sign ZISKA topped a team of Sams pulling a sleigh filled with combings from the dogs, and a well-arranged variety of garments made from combings of Ziska dogs—a woollen harvest.

Samoyed fanciers will be interested to learn of an article in the *Woking (England) Review* honouring Miss Marion Keyte Perry. The item was sent to *Dogs in Canada* by Mrs. Betty Dickson, her close friend for many years.

Miss Keyte Perry has bred champion Samoyeds for 33 years. For the past nine she has been chairman of the Ladies' Branch of the Kennel Club of England. She retired ten years ago as headmistress of a famous girls' school but has increased her interest in music, theatre, art and animal welfare, in all of which she is an authority. McAnulty with a major win; also major wins under Judges Dr. A. A. Mitten, M. R. Korshin and J. C. Shoeneck.

We are pleased to note that many breeders are expanding their interests. Among them, Mrs. George Munckton, Toronto, noted as a breeder of fine Cocker Spaniels for many years under the banner of Bucksburn Kennels Reg'd., is now also breeding Miniature Poodles. Her first six puppies in this new venture are all white and at time of writing are available. We wish her well in this further undertaking.

Among recent outstanding wins made by Kerry Blue Terriers was that of Eng. Ch. Gaysham Trusha, who captured five Best in Show awards in England, won the breed twice at the National Terrier Show, London, England, and completed her Canadian title by topping the Terrier Group at the recent London, Ont. show. This completes the tenth Kerry Blue champion and fourth international, owned and shown by Gordon Cunningham of Hamilton, Ont.

Can. & Eng. Ch. Gaysham Trusha

Trusha, he reports, is the youngest Junior Warrant winner in the history of the breed. From her litter, Sapphire Springs Dragonfly has earned Best Puppy in Show four times, and a major win from the puppy class at Duluth, Minn.

Entries from this kennel's own lines have had considerable success in the U.S.A., writes the owner, including many Best of Breed and group wins.

A clipping sent by Alfred J. Veale of Oakville, Ont., cites a prescription found by E. D. B. Russell at Gravesend, Kent, England. Dated 1871, it was purported to be an infallible cure for distemper in dogs: "One teaspoonful of gunpowder, one teaspoonful of saltpetre, one tablespoonful of sweet oil, one wineglass of cognac brandy, to be given each day for three days." Reads like a permanent cure for living.

Baritone Nickolas Genovese will take his new friend on stage with him. Valla, a young black and tan German Shepherd was presented to the singer as a Seeing Eye Dog by The German Shepherd Dog Club of Canada. Mr. Genovese feels the Shepherd would lead him to the microphone more neatly that a human.

Handler A. M. (Don) FitzGerald, formerly of Toronto, now residing in Florida, recently judged the dog show at San Juan, Peurto Rico. He writes: " . . . a delightful place to live. They had 153 dogs entered, with 40 Boxers and 29 German Shepherds. The hospitality and sportsmanship have been exceptional."

Away from her children and dogs, Her Majesty enjoys the comradeship of Duff, a Golden Retriever, who proudly carries her handbag during a walk with his master, Governor General Vincent Massey, at Government House, Ottawa.

Vaunhavens Veronique, American Cocker Spaniel, repeated her C.N.E. Show triumph by again going Best Canadian Bred Puppy in Show at London, Ont. At the same show Vaunhaven's Vanquisher placed 3rd in the Sporting Group and finished for his championship title. Shown here with Judge Miss Lena Shortt and owner-handler, Mrs. Dorothy R. Vaughan, Agincourt, Ont.

Recent Trials

Records were broken left and right at the 16th and 17th licensed Obedience Trials held by the Montreal Dog Obedience Training Club on Saturday, October 19, 1957. The trials were held on the picturesque grounds of Chalet Cochand, Ste. Marguerite Station, just forty-five miles north of Montreal in the beautiful Laurentian Mountains.

A record number of 82 dogs were entered in the 16th Trial while the 17th Trial attracted 80 entries. 35 entries were from the United States, which gave the trials a real international touch. Both trials were run at the same time, starting at 9:00 a.m., and the judging was completed well before dusk. Dogs paraded to four separate rings and the large entry required the services of four judges. Open classes were judged by Mr. Jack Baird of Cromwell, Conn. and by your editor. The Novice and Utility Classes were marked by Mr. Frank Thrall of Dunellen, New Jersey, and by Mr. John Ringwald from Long Island, N.Y.

Poodles literally had a field day in the trials with four poodles earning perfect scores of 200 points. Dorothy M. Bach of Flushing, N.Y. handled her Miniature Poodle, Blakeen Champagne Deborah, to a perfect score in Novice "B", to take top honours in that class in the 17th Trial. This dog also scored 199½ points in Novice "B" in the 16th Trial to share first place honour with a Standard Poodle Dorleen's Mystic Moselle, handled by Mrs. Eileen P. Larkin of Rhode Island, who also received 199½ points in that class. A Standard Poodle, Robin Hill of Carillon, Can. CD, TD; Am. UDT, owned by Miss Blanche Saunders of Carillon Kennels, Bedford, N.Y., took first place in the Open "B" class in the 17th Trial by scoring 200 points. This dog was also awarded the Lord Calvert Trophy for the highest score in the 17th Trial when it nosed out Mrs. Bach's Miniature Poodle in the run-off. Commando's Calypso Kate, a Standard Poodle owned by Dorothy B. and Luason H. Clarke of Mystic, Conn. and Mrs. R. W. Tyner's Standard Poodle, Amanda of Merrychance, Can. and Am. UDT, from Senneville, P.Q. tied with 200 points each in Open "B" in the 16th Trial. After the required run-off the Poodle from south of the border was given the nod and was presented with the Seagram Trophy for the highest score in Trial 16.

Mrs. W. A. Newcombe from the Town of Mt. Royal, P.Q., handling her Miniature Poodle, Barlanark la Petite Coquette, Can. and Am. UDT, had it all her own way by winning the highest combined score in Open "B" and Utility in both trials. The Miniature Poodle scored a combined 397 points in the 16th Trial and chalked up 395½ points in the 17th Trial. In addition, Barlanark la Petite Coquette, won the Utility Class in both trials by scoring 198 and 199 points.

Three dogs were tied for the highest combined score of both trials in any one class at the completion of the judging. The Miniature Poodle handled by Dorothy M. Bach of Flushing, N.Y., earned 399½ points in the Novice "B" classes. In the Open "B" classes, the Standard Poodles owned by Miss Blanche Saunders of Bedford, N. Y. and Mrs. R. W. Tyner of Senneville, P.Q. each scored 399½ points. Judge Frank Thrall, following a run-off, awarded the Cochand Trophy to the Standard Poodle, Robin Hill of Carillon, owned by the well-known authority on dog obedience training, Miss Blanche Saunders.

Mrs. Robert B. Bregman of New York City handling her Miniature Poodle, Sinton's Bertram B, walked off with the highest score in the Novice "A" classes by scoring 197 points in both trials.

A German Shepherd, Alsatia's Fashionable, owned by Mrs. Richard A. Lende of Montreal, had the distinction of winning the Open "A" class in both trials.

In the evening, following the trials, most of the contestants got together at a cocktail party put on by Calvert Distillers Limited at Chalet Cochand. Following this function, everybody filed into the dining room to partake of a sumptuous buffet which had been prepared under the personal supervision of Louis Cochand. It was indeed a wonderful way to wind up a most successful day.

The Club's 4th Tracking Test was held on Sunday, October 20, 1957, with a record entry of 12 dogs participating. Once again a two way walkie-talkie system was used between the track layer and the judges, which made for much easier working conditions. At the end of the day the judges, Mr. Jack Baird and yours truly, handed out ribbons to 7 handlers, an excellent average. The winners also divided up a purse of $50.00 for their efforts. Immediately following the tracking tests, the Club's Vice President, Mr. G. W. Millar and Mrs. Millar played host at a buffet luncheon for all participants and those who had watched the tests.

Mr. Frank H. Mingie, President of the Montreal Dog Obedience Training Club and Trial Chairman, as well as the other members of the Trial Committee, did a masterful job in organizing the two trials and tracking test. Everything went off on schedule without a hitch. The Club's equipment was first class, and

Letters of Interest

The following letter, in part, reached our desk from Mrs. Joan White of the German Shepherd Dog Club of Canada.

"Mr. George Lucas has asked me to contact you regarding your column "Around the Obedience Ring". Would you be good enough to let me know if we could have the opportunity of sending you bits of news now and then for your most interesting column. Mr. Lucas is the head training master this year, and the Obedience Committee have been quite busy of late but apparently obedience happenings in the German Shepherd Dog Club of Canada have never really been made known to the "doggy minded" across the country. It is the Committee's feeling that your column provides the excellent opportunity of reaching these people.

Obedience training, as you know, has increased in popularity tremendously over the past couple of years, and this is proven to us by the terrific response to our training classes held each year from October through April. Already the January class is filled to capacity, and the October class has just nicely got under way. Mr. Lucas is our very capable training master this year by the way."

"Old hat" to breeders, basic care may be unknown to many new owners

ABOUT THAT CHRISTMAS PUPPY

ASSUMING the Christmas puppy is purchased from a reliable kennel, and has been given a good start with regard to proper food, shots, etc., there are many things of which even the best-intentioned purchasers may be unaware.

Before the purchase is made, there should be some certainty that the puppy will be welcome in the new home. The Christmas or birthday "surprise" may boomerang. There is nothing as sad or helpless as an unwanted dog.

A puppy is a responsibility, and adds to the homemaker's work to some extent. Good planning saves time and temper in the long run, so preparations should be made for the little fellow. When picking up the new member of the family at the kennels, a towel should be brought along. Many puppies, through a combination of fright at being separated from their family and the terrifying experience of a car ride, throw up. Might as well anticipate it.

On reaching home, a box with soft bedding should be installed in a corner of the kitchen or bathroom. The pup should have its own place to go to. It may be partially housebroken to papers, and this routine should be carried out, at least until it can be trained to the meaning and action of "Outside".

Although the children will probably be wild with delight, they should be controlled. Their very attention may scare the little creature. The first days and weeks in a new home may mean the difference between a gay dog and one shy for its lifetime. Show them how to stroke the puppy gently, how to approach it without scaring it. From the start, children should be trained to assume at least some of the responsibility in the care, and later on, the exercise and feeding.

The new arrival may cause some changes in the household routine. Someone is going to have to get up earlier, do little chores at inconveiient times. To save confusion, the whole family might as well learn to think quicker than the puppy. No one wants damaged floors and broadloom. As one well-known breeder replied to an irate customer "You have a bathroom and kitchen, haven't you?"

As for care and health, puppies are not too different from infants and children. Neither should be allowed to play to the point of exhaustion. If they get wet outside, they should be dried

off well (even in the summer) and kept in a warm place to prevent chills. They can stand an enormous amount of sleep.

The puppy needs exercise and play, but most of all, it needs to be loved. Apart from food and shelter, that's all a dog asks in return for a heartful of love, and in time, the service of a guard.

Puppies should be taken to the paper, or outside from ten to 20 minutes after eating or drinking. With proper routine, however, it's amazing how quickly the little creatures will learn. Even the youngest have an aversion to soiling their bed.

A good breeder is anxious to have their puppies continue to be properly fed, and will take time to explain the feeding routine and the diet found most effective to the time of parting with them. There are good books available on health, diet and all aspects of raising dogs. Most breeders like to keep in touch with their customers, and are only too glad to answer questions as problems come up.

GERMAN SHEPHERD CRITIQUE

The following is a brief summary of the detailed critique submitted by Judge Curt Allstadt to the German Shepherd Dog Club of Canada, following the Specialty Show held at Toronto, September 21.

"I was surprised at the top quality of Shepherds at this show. The average quality over all was above the "Very Good" and only a few rated lower . . . I have never seen at one show such a collection of top German Shepherds. There was not one dog or bitch I would have dared to rate lower than Very Good, as they looked so good and gaited so well. It was one of the hardest jobs I have ever performed anywhere . . . Temperament was good and dental troubles were very few."

ON RAISING LARGE LITTERS

Helen and Blanchard Munn

All dog writers are ready with a formula and directions for the artificial feeding of puppies in large litters, but none are too enthusiastic over your success in following their directions. Some prescribe for the Cocker fancy the dilution of evaporated milk with water, the addition of sugar or syrup and the yolk of an egg. Another prescribes condensed milk diluted, with sugar added and calls it a formula precisely the same as a nursing baby. Then this author develops a formula containing a mixture of milk, syrup, egg yolk and gelatin. And one says that you must feed every two hours around the clock.

Now you have sent that champion female one or two thousand miles, fussed with innoculations and border crossings, insurance and health certificates and long distance telephone calls, but it is all behind you when your matron presents you with nine active puppies. Your wife turns to you with a pleased look on her tired face and says "We should celebrate".

There is a cloud on the horizon though. Are you going to be too greedy in trying to raise them all? It is enough to split a happy home. If the mother is in good shape you will have four fat pups and five weaklings by the end of the week. If you follow the above formulae and feed every two hours around the clock you will have a sixth weakling, and you know who that will be.

Now is the time to turn to page 209 of "Feeding Our Dogs" by Leon Whitney. The following is his chart:—

Composition of the milk of—

	Bitch	Cow	Human
Water	77.0	86.3	87.3
Protein	7.3	3.5	1.3
Sugar	3.7	4.7	7.5
Fat	10-12	4.0	3.5

Now turn to the appendix of the same book (he doesn't make it easy for you) and you will find that the compensation of evaporated whole milk is:—

Water	73.4
Protein	6.9
Sugar	9.9
Fat	8.2

You will see that evaporated whole milk approaches matrons' milk much more closely than either of the other two, and any attempts to dilute or add sugar to evaporated milk will spoil it.

(Avoid condensed milk. It is 40% sugar.)

If you have a large litter that you value, and the lady has the maternal instinct that most kennel owners have, you can raise the equivalent of two litters for the price of one, less the cost of a case of milk.

As soon as the pups are two or three days old — no hurry — steal the four largest ones from the mother. Keep them in a carton on a towel in the kitchen where the bitch can't hear them for three or four hours. Then fill a two ounce medicine bottle with evaporated milk, right out of the can. Put a thin soft baby's nipple on it. Warm it in hot water and mess around with the pups, one at a time till they learn to take it. A pup will usually suck your finger, especially if there is a trickle of milk running down it. A teaspoonful is about all they will each take the first time. In two or three days you will be putting them back with their mother as full as ticks. You do this three times a day, feeding the largest or smallest ones as you like until they learn to lap. It is a messy business if you have never raised a baby.

Add vitamin drops if you like, but be sure the mother gets some. We use a vitamin powder, a mink breeders formula. We give the mother penicillin tablets if she is off colour or has had a hard labour, or needed help.

When the pups are up on their pins and lapping we add pablum and finely ground meat to the evaporated milk in their pan, and encourage the mother to wean them early. It is probably harder on her to nurse pups than to carry them. They can be wormed now. Caricide is safer than carbon tetrachloride. You have the litter registered. Tattooing or nose printing comes next, then the avianized distemper virus. The only big job left is to convince the lady that she can't keep them all.

It is my purpose here to emphasize that a puppy formula must not imitate a formula designed for a human infant. The protein and fat requirements and the proportional intake of calories is much greater for the pup who will double his weight in the first week while the human infant takes 12 weeks to do the same thing. We have had no experience with any formulae made expressly for puppies.

Blanchard Munn is a medical doctor, practicing in West Summerland, B.C. Dr. and Mrs. Munn are well-known breeders of American Cocker Spaniels, under the banner of Ashnola Kennels.—Ed.

HARE TRIAL

On November 2 and 3 a field of 53 merry little hounds provided excellent competition at the Hazeldean, Twin Elm and Fallowfield running grounds near Ottawa. Inclement weather and the opening of the deer season undoubtedly held back some additional entries.

13" Dogs

In the little dog class, judged by Bill Waddington and Doug Holmes, the little fellows from the United States found the Twin Elm running grounds to their liking and took over all but one place in the class.

1. Fromm's Judge, Jack Devito, Watertown, N.Y.
2. McCargar's Speck, Paul Akin, Evans Mills, N.Y.
3. Ganaraska Tony of Raywood, Ray Yearwood, Port Hope, Ont.
4. Stan's Sammy S, L. Lampasi and W. Weaver, St. Louis, Missouri.

Reserve. Fish Creek Mr. Jones, Paul Akin, Evans Mills, N.Y.

13" Bitches

This class was judged by Jos. Tiede and Gerald Stone, running at Hazeldean. Game was plentiful and a steady chase till lunch hour provided good scoring. A later cast set these hounds driving to a fine finish.

1. Happytime Spottie, Mr. and Mrs. Armand Paquette.
2. Terry's Diana, T. S. Riches.
3. Happytime Judy, Bill Jackson.
4. Snow Shoes Lady II, Le Zimmerman.

Reserve. Fish Creek Queen V, J. Smyth.

15" Dogs

Judged by Gerald Stone and Bill Waddington, this was the largest class and ran at Hazeldean. The most consistent running of the two days set up some stiff competition.

1. Baldy XIV, Earl W. Bean, Syracuse, N.Y.
2. Happytime Hare Hustler, Steve Jackson, Richmond, Ont.
3. Mon Chien Wally, Alvin Florea, Montreal.
4. Stan's Sammy S, L. Lampasi and Willis Weaver, St. Louis, Mo.

Reserve. Martmoor Trust Flakers, Okill Stuart, Montreal.

15" Bitches

This class was judged by John Matthews and Jos. Tiede at the Twin Elm running grounds. Spotty running after the first hour forced the committee to move the class to Stoney Swamp at Fallowfield and the move was a good one as the hounds started immediately and ran steadily till late afternoon.

1. Terry's Ticonderoga Lady Mary, T. S. Riches, Ottawa.
2. Bill's Suzie, Bill Jackson, Richmond, Ont.
3. St. Denis Nightingale, Joe St. Denis, Plattsburg, N.Y.
4. Happytime Paquette's Molley, Mr. and Mrs. Paquette, Smiths Falls, Ont.

Reserve. Jean's Miss Twinkletoes, H. G. McConnell, Ottawa, Ont.

An interesting feature of the results of this trial is the fact that it was obviously ladies' day. The winners of the 13" and 15" bitch classes are daughters of the second and third place hounds in the 15" dog class.

Bill's Susie acquired her championship with a second place in the 15" class and Stan's Sammy S completed his international championship.

A Saturday night banquet and dance provided entertainment for a good trial with good beaglers.

MEET BLANCHE SAUNDERS

(*from page* 14)

In time Miss Saunders purchased both the farm and Carillon Kennels. Her black Standard Poodles are almost as famous as their owner, and their bloodlines are to be found in some of the top representatives of the breed in Canada.

Her theory, a most successful one, is that in training dogs the owner must praise continually. The animal then works willingly, as soon as it is fully aware of what is expected.

Although she refuses to make a speech ("It just isn't me," she protests) she will spend any amount of time and energy in demonstrating. Her greatest ability, from our observation, is in showing owners how to deal with "problem" dogs. After a few minutes of demonstration and praise, we saw an adamant Boxer take the broad jump like a bird, and a Labrador who fiercely refused to carry an object, soon trotting along with a rolled magazine between his teeth, tail waving proudly.

In reply to our query as to how she could find time to write her numerous and valuable books, she said most of her writing is done on board planes or trains in transit to judging or clinic assignments or TV appearances.

Your Puppy — And How To Train Him
by H. V. Beamish
George J. McLeod, Limited. $3.00

This down-to-earth book is primarily intended for the person who owns, or is about to own, a new puppy. It begins with the basic principles of obedience to more advanced work in retrieving, jumping and other demanding routines. Several chapters are devoted to feeding and health, some common diseases and other pertinent matters. A particularly good section deals with a dog's relationship with other animals, i.e., training with regard to sheep and poultry.

Training the Family Dog
by Edna Kaehele
George J. McLeod, Limited. $3.00

"Training a dog," says the author, "is not so much a matter of teaching as it is of directing his own native intelligence and helping him to develop his own potentialities. Miss Kaehele, head of The Family Dog Club, deals primarily with the training of very young dogs since that is the logical time to begin education in how not to "make fiends and alienate people." Simply written, completely understandable for teen-age trainers, but sound. Forty-five pleasant line drawings.

A laugh-provoking satire which will tickle anyone who has ever owned a dog, shown a dog, been kissed or snarled at by a canine of any breed. Sketches are particularly amusing.

who went in for such unusual (for a dog) practices as climbing trees and ladders, and particularly for riding in the family's open car wearing driving goggles. Once Mutt decided to become a retriever nothing could stop him, nor would he stop at anything, as witness the day he proudly returned to his master with a handsome ruffed grouse – stuffed.

This is a true story by an author-outdoorsman, son of the noted librarian and sailor Angus Mowat. Amusingly illustrated. Just off the press.

The New Standard Book of Dog Care
by Jeannette W. Cross and Blanche Saunders.
General Publishing Co. $5.95

This is a particularly handy reference book, easy to use, and with a complete index for quick use. The greater part is laid out in question and answer form, dealing with questions that arises daily with regard to health, behaviour, training, etc. Another section deals briefly with the majority of known breeds, contains a glossary of terms and one on clipping many of the popular breeds. This volume would be appreciated by novice and expert alike.

Your Dog's Health Book
Edited by Jack Denton Scott.
Brett-Macmillan, Ltd. $5.00

Twenty-nine veterinarians each deal with one aspect of a dog's health. i.e. diet and nutrition, kenneling, parasites, major diseases, the mechanics of breeding, and many others. This book, explains dog journalist Scott, is written not with emphasis on the sick dog, but rather to help the owner keep his dog "happy, healthy, and in the best of spirits."

A Letter to The Man Who Killed My Dog
by Richard Joseph.
George J. McLeod, Limited. $2.95

The author, travel editor of *Esquire* magazine, expressed all the sadness and heartbreak everyone who has lost a loved dog well knows, when he wrote a letter to the motorist who ran over his Basset puppy, Vicky. The heart-warming and remarkable thing is the flood of letters received following the publishing of the letter. Many of them are reproduced in the book. An absolutely unforgettable book.

OBEDIENCE IN BERMUDA

(*from page* 15)

training. While obedience trials are comparatively new in Bermuda, the organizing of the last three trials was professional in every respect. Good rings were made available, good equipment was provided and the stewarding was excellent. Publicity for the shows was well handled with pictures and results making the front pages of the newspapers daily. In addition, all hotels and resorts made it known to their guests that the dog shows and obedience trials were being held. With such enthusiasm, hard work and the ability to properly organize trials, it is difficult to see how obedience can fail to prosper on the Island. We extend our congratulations to Lady Conyers, the Club's President, to all the officers and directors, and to all the members of the Club for a job well done.

Miss Blanche Saunders held an obedience clinic on Sunday afternoon following the trials which was very well attended. Those in Canada and the United States who attended one of these clinics know that you can't help but learn something from Miss Saunders. The people in Bermuda found this to be true too. Miss Saunders also showed films on dog shows and obedience trials, as well as a film of a demonstration put on in Madison Square Garden a few years ago. Both films were very good and were well received.

The hospitality and kindness shown us by all members of the Club was something we shall never forget. Everybody went out of their way to make us feel at home. Yes, we wondered what was in store for us when we accepted a judging assignment in Bermuda. Now we know – it was just wonderful, and we will be talking about it for years to come. As our plane left the tiny coral island in the Atlantic, we couldn't help but feel that dog shows and obedience trials were there to stay. The only bit of advice we can give exhibitors is, if you can possibly go to Bermuda for their next shows and trials, please go. We know you will enjoy it as much as we did.

BOXERS and SCOTTIES

THE OLD DOG

by Lilliace M. Mitchell

More frequently than usual I receive letters from dog breeders asking: "What can I do with aging stock? I have three studs and six females—all over eight years of age! What do people do with the old ones? I can't afford to feed them forever and they are all in excellent health."

It might be understandable that if a breeder had a large number of the huge working dogs, feeding could become a problem. It does seem, though, that if a dog has consistently produced litters of pups or sired many litters he or she has earned bed and board for a comfortable old age. And in common decency it means that the old dog be well treated and given a large amount of affection and care. Dogs are sensitive and a grudging care is a tragedy to the aged dog just as grudging care given an elderly relative is heart-breaking.

In spite of the howls of dog breeders that "there's no money raising dogs!", the breeding and raising of dogs is well worth anyone's while. True, wealthy people can spend all the "take" in dog show entries, handsome kennels and kennel help, but the average breeder who handles his own dogs at the shows, combines the Sunday pleasure trip with a dog show one or two hundred miles from home and does most of his kennel work himself . . . there is money in it. Especially is this true if the breeder has bought his stock wisely and paid enough to get top-notch quality which produces top-notch quality. It is no million-dollar business but it is easy enough to make a clear five thousand a year on it—and that, without too much effort, without offering public stud service.

It doesn't seem too much to do, therefore, to care for the old ones.

But there are some people who always insist upon profit and for these people (note, I do not say for these "good" people because I do not consider them good in any sense of the word!) there are ways and means of moving these elderly dogs out of the kennel.

While many buyers demand a puppy of eight or ten weeks, it is often possible to re-educate them. A puppy playing with a very young child may scratch and bite—playfully—but scar a child, too. The puppy is only playing. The child is only playing, too. But if the child yanks an ear or pulls the tail or hurts the pup, the pup is sometimes quick to retaliate in the only fashion he knows. And puppy claws if not manicured weekly can be very sharp. And disfiguring. The older dog, though, takes things in stride. The mamma dog has raised enough litters to understand the young—be they human or canine. And the old stud dog loves the young, either pups or children. He loves being an important factor in any life and children can maul him to their heart's content and he does not retaliate in any way except to follow them for more of same.

In every community there are elderly people who yearn for a dog, who do not want the mongrel but cannot possibly afford the hundred-dollar pup. Elderly people know that a pure-bred dog is far more stable than a cross-bred. Most of them live on some small income like Social Security or a pension and the expensive dog is not for them. Perhaps their hearing is not as keen as it was earlier and they cannot hear the phone or the doorbell. At night they may lie worrying about intruders. A puppy does

not immediately solve the problem for these people even if they can buy the hundred-dollar pup. They simply haven't time to wait for the pup to grow up. But offered a grown dog of six or seven years at, let us say, twenty or twenty-five dollars—it is a deal!

Of course these money-hounds will yelp and screech at so low a price for a fine dog. But it is a case of spending more and more or taking what the elderly ones can afford.

A police official writing in a Sunday newspaper wrote not long ago: "What a dog can do to a stranger at the door can be the difference between life and death. Crooks can use threats to open locks and wiles to unlatch chains, but almost never can they pull the wool over the eyes of man's best friend—the dog." The feature article had concerned the ways and means crooks had coaxed householders to open a door: the need to use the phone, the need of a bucket of water for a radiator, the need of this and that—and householders gladly opened up, happy to be of service. In cases where a dog trotted to the door, the householder was safe!

Personally I would not let one of my old dogs get away from me. We have one fifteen-year-old dog who rides everyplace with us in the car. He is a "worrier" and has always feared for our safety when crossing railroad tracks or Chicago Loop streets. He bends from his

SHAMROCK COLLIE RESEARCH LAB

(*from page* 11)

During the years 1956-57 the Lab especially worked on the problems of ears, eyes, and cryptorchidism in collies, including volumes on eyes and cryptorchidism in the Series III as published by the Lab. Volume on the ears will not be forthcoming for some time yet. So far as I know, this is the only source of such information anywhere. Remember, while the results therein published did come primarily from collie dogs, yet all dogs do have exactly the same genes, differing only in the frequency of the gene. Therefore, this data is definitely of interest to all dog owners and breeders. Furthermore, each of the volumes has some dozen or more pedigrees (composites) which represent data from some twenty or more Lab Cooperators in each case, covering these particular problems. This data has definitely never been published elsewhere by anyone. This is the most information available anywhere that I know of at the present time on these problems in dogs.

The Lab Research program for the years 1957-58 will emphasize the study of geriatrics (old age) in dogs, pigmentation problems, and the selection index. So if you know of or have a dog ten years of age or older, the lab would very much appreciate hearing about him or her! (Doesn't have to be a collie dog, either!) Send the Lab all possible information in your first letter, both pedigree and picture, together with details of present health and of course birthday and age! We will very much appreciate this information. Anything confidential in relation to dog's condition will not be revealed in any way. But if you do not object, we will be more than glad to include dog and picture and pedigree in our volume on Geriatrics to be published in 1958. This is a fine recognition of your older pet, and one way to recognize those grand older dogs of whom we see so few these days.

Pigmentation studies were started about two years ago with gathering in of hair samples taken from Collies at various stages of life, being careful to either pull the hair out (preferred) or cutting off as close to the skin as possible. We would need from one or two hairs of each color, to preferably 6 or 7 of the same color, up to as many as possibly 15 or 20 of the same color! These can be gathered from the dog and placed in a little slip of paper, folded, and either stapled, pinned, or sealed with scotch tape, and the dog's name, date, and place from which the hair came, plus color of the hair marked on the slip, and sent to Dr. Ford. As our hair collections are primarily from collies, we would surely appreciate at least a few samples from some other breeds for comparisons. Most especially of unusual colors from any breeds. If you could likewise include picture and pedigree of the dog, this too would help. The first group of these hair samples will be worked up spring of 1958 at the College in Washington where Dr. Ford is professor of genetics and botany.

The Selection Index Work is a special study began some 8-10 years ago by Dr. Ford, culminating in the Companion Collie program. This is a special study which will be reported in the Series IV and which will also be included in the Lab's Advanced Genetics Course offered early in 1958. If you are a serious dog breeder of any breed, the work is fully applicable. A note to Dr. Ford will bring you more details of either the volume or the genetics course.

The Lab has also in the past done some special work on gene frequency, epilepsy, spermatogenesis, artificial insemination, prediction work, blood typing, and other topics. Some of these will be more intensively worked on in the future, if time and funds and dogs are available! So if you have a special problem, or know of an unusual dog, or condition in a dog, contact the Lab! We might not only be able to give you some information, but we might also thus gain information otherwise not known.

Before our time runs out, let us for a few minutes discuss the second phase of the Lab program, viz., *Application.*

One tangible bit of evidence which the Lab can present as real proof of the value of its scientific breeding program is the *companion collie* for the blind program, wherein the Smooth Collies therein used have been bred for this purpose through the use of the Selection Index. More of this in a later issue.

Another *application* of the theories advanced by the Lab and the theoretical approach to finding and studying Genes, is in the Lab service of supplying selected and tested stud dogs for use by the Lab Cooperators and anyone else so interested. For example, the Lab this year has the two smooth tricolor Lab studs, Shamrock Smooth Stream and Shamrock Smooth Sentinel, both at stud to approved females. These dogs are in process of genetic testing even now. Then there is the white rough male, White Chieftain of Button Box, also at stud by the Lab to approved females. One of the smooth tris has his C.D. and the white male has his C.D.X. All three are excellent both in conformation and obedience or working ability, as well as being tops in disposition. The Lab also has a young sable white factored rough male growing up who may be available later on at Stud if he proves to be satisfactory. If you are further interested in the studs, contact Dr. Ford or the Shamrock Lab directly.

Application also is use of the information found by those cooperating with the Lab towards a better collie type in their own dogs. This has paid good dividends already, with definite results in working ability and temperament. Also Dr. Ford has brought into the program pick imported English collies, which have added top conformation points to the Lab's pool of genes. This at Dr. Ford's own personal expense.

Further *application* is in the dissemination of knowledge by the Lab through publication of volumes and a News Letter, which in 1958 (its third year of publication) will become the Shamrock Lab Breeder's Journal. Thus the information gained through painstaking research and study, with expenditure not only of money but also of time and work, is made available to the breeders at nominal cost. For $10. a year you get 5 currently published volumes plus the monthly journal. Thus you receive the current latest genetic breeding data available anywhere. If you would like a free catalogue of volumes available from the Lab, contact the Shamrock Press, Butler, Indiana, or Dr. Ford, Shamrock Collie Research Laboratory, Pacific Lutheran College, Parkland, Wash.

ANOTHER FIRST

by Jack Coghill

On a cloudy, cool October 5, four novice tracking enthusiasts and two veteran judges began preparations for Ontario's first tracking test. The place, Alfred and Hannah Schmocker's farm at Copetown, Ont. Leaving the Schmocker's farm for a moment, let us go back to the Spring of this year to Acton, Ont. Here, George Lucas, as he has done in the past with Obedience, conceived the idea that the German Shepherd Dog Club of Canada should pioneer the "tracking dog" in the Province of Ontario, and thus attain another "first". A few eager students, under the direction of Fred Pfeifel thus began their schooling in tracking.

One week they would train at Acton, the next at Copetown and then at Streetsville, and on occasions stray further afield. For one to stand by and watch a dog tracking a course, it seems comparatively easy, but believe me it is not. It takes a lot of understanding and hard work and more practice than I care to mention. These meetings were not all work and many a good time among genuine friends was had by all who participated.

After these students became familiar with their work, George Lucas began forming his committee to hold Ontario's first tracking test. We were, of course, not familiar with rules and regulations governing a tracking test, nor did we fully realize how long the preparation with the judges, prior to the day of the test, would take.

All this information was slowly gathered together, and we began to draw up our program. Our biggest problem was that of obtaining competent judges. You may be aware that we have only one qualified tracking judge in Canada in the person of Mr. Alan Sharp of Montreal. Unfortunately, Alan was not able to help us this year because of the preparation he has for their own meet, which followed ours.

We were fortunate in obtaining the services of Mr. Jack Baird, one of the fathers of Obedience and Tracking in North America. We were also fortunate in procuring Mr. Clyde Henderson as our other judge. Clyde is equally famous in Obedience as Jack and during World War II, Capt. Clyde Henderson was head of the United States Marines War Dogs; here he trained and took into combat 20 dogs and handlers, which were a credit to the Corps. These two men were not only competent judges but were great guys. I have never enjoyed working with two men as much as I did with Clyde Henderson and Jack Baird, and that can be confirmed by the rest of the fellows on our committee who worked closely with them.

The writer met the Judges at Malton on Friday afternoon and took them to their hotel, where he began to learn more and more about what we had forgotten to do. This did not worry the Judges at all, as we found on Saturday. Our Committee, consisting of Pete Killaby, Richard Reid and Ed Harradine (our track layer) and the two Judges talked tracking into the wee hours of the morning.

On Saturday commenced the work. The judges looked over the land and decided how the tracks were to be laid out. For those of you who are not familiar with track laying, these tracks are 445 yards long, with at least two turns in them. The tracks are plotted by flags stuck in the ground at intervals and are left for 24 hours. At the same time, these tracks are being plotted by the track layer and one Judge, they are being plotted on paper by the other Judge; on this plot the land contours have also been marked. When all tracks have been plotted an extra track is plotted in case of emergency. After this has been done, the Judges transfer these plots on a C.K.C. Form, to scale. By

One of the most eye-catching of all breeds, the Bedlington is a joy to own

THE BEDLINGTON TERRIER

by Ken Doyle, R.R. #1, Richmond Hill, Ontario

When I was first approached to write a few words on the bed I was somewhat hesitant, inasmuch as the few years I have been breeding this outstanding terrier most certainly does not qualify me as any expert. I feel however, that my limited knowledge of the bed may be of some value to the novice.

The bed is, in my opinion, by far the most distinctive of the purebred terriers. The bed is non-shedding, odour free and this, coupled with its size and personlity, most certainly qualify the dog as a perfect pet. It is a very hardy breed and requires no more care or feeding than any other terrier.

At a glance, most people shy away from the bed because of its unusual trim. Actually, trimming a bed is not extremely difficult and with a little patience one can become quite expert. In popularity the bed, in the U.S.A., is making considerable gains and in and around New York they are often one of the most prominent breeds at shows.

As to quality, one could not start to compare present-day dogs with those of a few generations ago. Careful breeding and importing on behalf of the Nearys, the D'Andreas and the Terpenings, to only mention a few, has brought the breed to a point where it can compete with any other purebred dog in existence.

In the limited space available, I have endeavoured to give the reader only a brief outline. Should any further information be required the Bedlington Terrier Club of America will willingly offer any assistance.

We might also say once again that we will be glad to include news items from any obedience club. Any information should reach us, however, during the first week of the month, in order to be included in the following month's column.

It would appear that the German Shepherd Dog Club of Canada is off to a good start again this season. This column wishes you every success with your training classes and trials during the coming year.

this time we were tired and hungry. Of course, Hannah Schmocker had taken care of the hunger end of this in her usual hospitable way. Once again we wish to thank Hannah for making our stay so enjoyable.

We left Copetown Saturday evening to return again at 7 a.m. the following morning. We had some *difficulty* this particular morning. We were unable to find a restaurant open at this time and once again Hannah proved to be a most gracious hostess. After a fine breakfast, Ed Harradine began laying the first track, and the first dog began his track at 8 a.m. This was Art Surrett's dog, who successfully completed his track and located the article in 7 minutes. The second track was that worked by Gerald Charter, whose dog was definitely working but was just unable to come upon the article.

The next track proved to us that ex Marines are in good shape because Fred Pfeifle and "Nig" finished their track and "Nig" threw the article into the air just 3 minutes after he started his track, and Clyde Henderson was at full gallop all the way around.

Walter Konradt's Harras also gave Clyde a work-out when he finished his track in 3 minutes.

Hannah Schmocker's Jill kept us in suspense for a while. Their track was very hilly and air currents kept Jill working overtime, but she came through in fine style, locating the article in 7 minutes.

Our congratulations to the successful contestants. We are all aware of the great amount of training they have done, but now they have their Tracking Title.

Both Jack Baird and Clyde Henderson, who have judged many tracking tests, stated that this is the only test they have judged where all the dogs knew how to track.

We wish to extend an invitation to anyone who wishes to train with us next Spring to contact anyone on our committee. The author's address is 111 Glendale Drive, R.R. #3, Pickering, Ont., and I would be pleased to hear from interested readers. We feel this test was most successful and hope to have twice as many entries next year.

A colour film, covering this tracking test, is available, without charge, to any interested clubs.

Editor's Note: We wish to thank Jack for his very excellent account of this, Ontario's first Tracking Test..

place in the rear window to study everything, both ways. He gets the choicest bits at the table. He sleeps between our beds on a deep-piled Persian rug. He is old, yes. But he is the cherished one for that very reason. Visiting children have played a mouth organ in his ear and he makes no complaint. We can leave a fur coat or camera in the car and the door is never jimmied open with the Old One watching. Truly he is more pleasure to us now (as well as of more use!) than he was ten and twelve years ago. We can tease him about worrying and he gets pleasure out of the conversation. He watches for cars coming from behind and quickly drops to his back to fling his four feet into the air and frolic and "show off". When they pass us, he jumps up to watch for another car—or a railroad track. Ah, it is really the old dogs who are the most fun and who give the greatest companionship. And the greatest protection, too.

Often salesmen want a guard dog to leave in the car while they transact business. A dog in the car is cheap insurance, indeed.

Of course, in selling an old dog for this purpose, it should be made clear that the buyer must leave windows open at least a half inch all the way round for fresh air and that the dog has, in cold weather, a bit of wool blanket to lie on. Ours has an old fur coat.

To The Canadian Kennel Club

In a little over three years the Thompsons and Fannons have had their share of sorrow. To all those members of the C.K.C. and to the Editors of "Dogs in Canada" we are very grateful for their sympathy cards to us as we have both lost the senior members of our families and with our hearts we thank you.

Now a New Year is dawning upon us with a renewed vision of Our Club . . . to exhibit our Corgis, to travel this Dominion of ours and to become actually acquainted with the members we only know through correspondence.

To the President and members of the board now sitting in office . . . you have done an excellent job. We sitting on the "benches" at home realize how important the C.K.C. is to us through reading "Dogs in Canada"; how our personal losses were shared with all of you. Quoting our President, referring to the Board, "human beings, and therefore most approachable!"

To you, the Board now sitting, to the C.K.C. members . . . we are grateful and we wish to thank you.

May God bless you all this Holy Feast and Happy Holiday Christmas and the New Year.

2. Notice of all proposed amendments shall be in writing and shall be mailed or delivered to the Secretary so as to be received by him not later than October 15th of the year preceding the year in which such proposed amendments are scheduled to be voted upon in accordance with Section 1.

Each proposed amendment must be signed by no less than five ordinary members of the Club who have had not less than three years continuous membership in the Club and shall be on a special form obtainable from the Secretary, and all sections of the form must be completed.

On the form the proposers shall designate, by name and address, the one member to whom the Secretary shall promptly acknowledge receipt of the proposed amendment and with whom the Secretary shall correspond as hereinafter provided. Said member shall, for the purpose of this article be known as the "principal proposer."

A principal proposer, when submitting notice of proposed amendment as herein provided, may submit to the Secretary a short note (not to exceed 300 words) explaining the reasons for and effect of the proposed amendment. Such note is to be published along with and at the same time as the notice of proposed amendment as provided in Section 3 except for such editing as the Secretary deems advisable and/or the Club's solicitor deems necessary to protect the interests of the Club.

3. Proposed amendments received by the Secretary in accordance with Section 2 shall be published in the official organ or otherwise printed and mailed to all ordinary members on or before December 10th.

4. Proposed amendments received in accordance with Section 2 shall then be placed on the agenda of the next following annual general meeting of the Club at which time the ordinary members present may discuss each proposed amendment, discuss changes in the original proposed amendment, and indicate whether they concur with the proposed amendment in its original form or in a changed form.

The principal proposer (or authorized spokesman therefor) shall have the right to place before the annual general meeting a changed version of the original proposed amendment.

No proposed amendment, or changed version thereof, shall be considered as having received the concurrence of the annual general meeting unless a majority of those present and voting have indicated their approval at the meeting.

If, at the annual general meeting, a proposed amendment is withdrawn by its principal proposer, then no further action may be taken, and the remaining provisions of this article no longer apply to it.

5. (a) As soon as possible following the annual general meeting, all ordinary members shall be provided with a verbatim copy of the minutes of the annual general meeting so far as said minutes relate to all proposed amendments placed before the meeting, or a brief resume of the discussion on said proposed amendments, of any suggested changes, and a record of concurrence or non-concurrence with each original proposed amendment and each suggested change thereof.

(b) With the publication of said verbatim report or resume there shall also be published a notice requesting interested members to submit their written opinions with regard to the original proposed amendments, any changes suggested at the annual general meeting or any other comments or suggestions; such written opinions to be received by the Secretary not later than June 25th.

6. (a) As soon as possible after June 25th, the Secretary shall provide each member of the Amendments Committee and the principal proposer with a copy of each original proposed amendment, a copy of the verbatim minutes of the annual general meeting relating to the proposed amendments and a copy of all written opinions received from the members. Each member of an Amendments Committee shall have the right to submit, direct to the Secretary, his views on all amendments of concern to the particular Committee of which he is a member, including the right to suggest changes in each proposed amendment, however all such views and suggested changes must reach the Secretary not later than July 23rd. The Secretary shall promptly forward to the members of the Amendments Committee a copy of any expressed views and suggested changes. The principal proposer may submit a changed version of his proposed amendment and it shall be considered and included in the questionnaire referred to in Section 7.

(b) The Chairman of an Amendments Committee shall have the right to name a sub-committee, composed of not more than three ordinary members of the Club, to assist him in his duties. 7. On or before August 10th the Chairman of each Amendments Committee shall provide the Secretary with a report setting out a resume of the arguments for and against and suggested changes in each proposed amendment as expressed at the annual general meeting, by members as provided in Section 5, by the principal proposer, and by members of the Amendments Committee as provided in Section 6. The report shall include, in connection with each proposed amendment of concern to the Committee, a questionnaire designed to secure the reaction, for or against, of each member of the Committee on the original proposed amendment, and on suggested changes in each proposed amendment, as outlined in the Chairman's report.

8. (a) As soon as possible after August 10th the Secretary shall forward to the members of each Amendments Committee a copy of the report of the Chairman of the Amendments Committee including the questionnaire on which a member of the Committee may record whether he is for or against each original proposed amendment of concern to the Committee and each suggested change as reported by the Chairman of the Committee. Such questionnaire must include any change which received the concurrence of the annual general meeting and any change put forward by the principal proposer. Said questionnaire is to be completed and returned to the Secretary so as to be received by him not later than September 10th. Questionnaires received after September 10th will not be counted. No change in an original proposed amendment shall be considered as having been endorsed by the Amendments Committee unless endorsed by a majority of the members whose questionnaires were received by the Secretary on or before September 10th.

(b) A member of the Committee shall have the right, when returning his questionnaire, to submit a written explanation of his reaction to any proposed amendment or changed version thereof, however such statement shall in no way be regarded as qualifying a "Yes" or "No" answer and shall have no bearing on the results of the questionnaire nor may such statement be included in the referendum ballot or communicated to the principal proposer.

9. As soon as possible after September 10th, the Secretary shall forward the following to each principal proposer:

(a) a copy of that section of the Chairman's report having to do with the proposed amendment of which said member was designated principal proposer;

(b) the results of the questionnaire (See Section 8) on the original proposed amendment and all suggested changes included in the questionnaire;

(c) a list of permissive changes which received the concurrence of the annual general meeting regardless of whether such changes were endorsed by the Amendments Committee;

(d) A list of the permissive changes which were endorsed by the Amendments Committee.

10. (a) On or before October 10th next, each principal proposer, after having conferred with all those members who submitted the proposed amendment of which he was designated principal proposer, shall advise the Secretary, by registered mail, whether it is the wish of a majority of the sponsors that:

(i) the proposed amendment be withdrawn in its entirety (if so, the proposed amendment shall not appear on the referendum ballot in any form); or

(ii) the proposed amendment, as originally submitted, appear on the referendum ballot; or
(iii) the proposed amendment, as changed with the concurrence of the annual general meeting, appear on the referendum ballot instead of the original proposed amendment; or
(iv) the proposed amendment as changed with the endorsation of the Amendments Committee concerned, appear on the referendum ballot instead of the original proposed amendment.

(b) When complying with the requirements of the first paragraph of this section, the principal proposer shall inform the Secretary of the names of those members representing the majority wish as conveyed to the Secretary and their names only may appear as sponsors on the referendum ballot.

(c) Where the Secretary does not receive written notice from the principal proposer, as provided above, before October 15th, the original proposed amendment shall appear on the referendum ballot with the names of all those who sponsored the proposed amendment when it was originally submitted to the Secretary.

11. There shall be published in the November issue of the official organ, or otherwise mailed to ordinary members before November 1st, a copy of those proposed amendments which will appear in the referendum ballot and in which one or more changes have been made as hereinbefore provided.

12. After November 1st, the Secretary shall arrange for the referendum ballots to be printed. Each proposed amendment shall be numbered and space provided for each member to indicate whether his vote is for or against each proposed amendment. Following each proposed amendment, the following shall appear:
(a) the names of those members sponsoring the amendment as provided in Section 10;
(b) if the proposed amendment is that originally submitted, the names of the members of the Amendments Committee for or against the proposed amendment;
(c) if the proposed amendment is that which was changed with the concurrence of the annual general meeting and sponsors as hereinbefore provided, a statement to that effect followed by the names of the members of the Amendments Committee for or against the proposed amendment as it appears on the ballot;
(d) if the proposed amendment is that which was changed with the endorsation of the Amendments Committee and sponsors as hereinbefore provided, a statement to that effect followed by the names of the members of the Amendments Committee for or against the proposed amendment as it appears on the ballot.

13. (a) Only those ordinary members in good standing at June 30th of the current year shall be entitled to vote on such proposed amendments. A referendum ballot on proposed amendments shall be distributed along with, and at the same time, as the ballots in connection with the election of Officers, Directors, etc., and only referendum ballots received by the Election Commission on or before the deadline for receipt of election ballots (See Article XII, Section 11 of these Bay-laws) shall be counted.

(b) The Election Commission shall forthwith, after the last day for receiving referendum ballots, open the envelopes and proceed to count the votes; or, if the Election Commission agrees, the actual counting of votes and reporting the results may be delegated by the Board to a company especially equipped to provide this service.

(c) On or before the 28th day of December immediately following the closing of ballotting, or as soon thereafter as possible, the Election Commission shall furnish the Secretary with a report of the votes cast for and against each proposed amendment.

(d) Explanatory information may be included in a referendum ballot when so ordered by the Board.

14. As soon as possible after receiving the Election Commission's report on the results of the balloting, the Secretary shall submit application to the Minister for approval of such proposed amendments to these By-laws as received a majority of affirmative votes.

15. The report of the Election Commission on the balloting on proposed amendments shall be placed before the next following annual general meeting of the Club.

16. Should the Minister notify the Club that he is not prepared to approve of any of the amendments to these By-laws as approved by majority affirmative vote, the Board shall have the power to appoint a committee to interview responsible officials of the Minister's Department. The committee shall have the power to revise amendments in order that they may receive Ministerial approval, however, any amendment when reworded must not be contrary to the intention of the amendment as approved by majority affirmative vote on the referendum ballot. Such revised amendments shall have the same effect as if they had been approved by majority affirmative vote on the referendum ballot, and shall become effective on Ministerial approval.

17. Upon receipt of a certificate from the Department of Agriculture certifying to the Minister's approval of amendments to these By-laws as approved by majority affirmative vote or as subsequently revised, the Secretary shall, in the next succeeding issue of the official organ, or by postage prepaid, advise the members of the amendments so approved.

18. Notwithstanding the foregoing provisions of this Article, whenever in the opinion of not less than eleven members of the Board early amendment of an existing By-law, rule, or regulation is considered desirable, the Board shall have the power to order a special referendum ballot.

All ordinary members in good standing at the date of the decision to conduct a special referendum ballot shall receive thirty days notice, in the official organ or by mail, postage prepaid, of the exact proposed amendment to appear on the ballot. All ordinary members in good standing as at the date of the mailing of the referendum ballots shall be entitled to vote. The Election Commission shall handle the mailing, receipt and counting of the ballots, and shall deliver a report of the result of the ballotting as soon as possible after ballotting closes, which shall be twelve o'clock noon, twenty-one days following the day on which ballots were mailed to those eligible to vote (if a Sunday, twelve o'clock noon on Monday immediately following Sunday).

If an amendment to these By-laws and a majority of the votes actually cast are in favour of the amendment, the Secretary shall promptly submit application for approval to the Minister. The provisions of Section 16 above may apply, if necessary, in connection with an amendment to these By-laws.

If an amendment is one not requiring Ministerial approval and a majority of the votes actually cast are in favour of the amendment, said amendment shall be effective thirty days following receipt by the Secretary of the report from the Election Commission. The provisions of Section 17 above shall also apply.

At its discretion the Board may order that a special referendum ballot be conducted concurrent with the next following referendum ballot. In such event the second and fourth paragraphs of this Section shall not apply; instead, the provisions of Section 13 to 17 inclusive of this Article shall apply.

CLUB NOTES

All Terrier Club of Canada
by Mrs. T. Joel

A large gathering attended the first meeting of the newly formed All Terrier Club of Canada which was held on Friday evening, November 14 at the North Toronto Memorial Hall. Mr. Tom Adams addressed the meeting to explain how the idea of forming the club came into being.

The first discussion was held at the All Terrier Puppy Match held by the Kerry Blue Club on September 22, when those people present appointed seven members to form a committee to ascertain how such a club could be organized. After four meetings, during which a proposed constitution was drawn up, the committee felt it was now time to have a general meeting.

Everyone present seemed to be in accord with the club functioning, and paid the first year's initial fee to the temporary treasurer.

Officers elected included: Tom Adams, president; Thomas Joel and Ken Doyle, first and second vice-presidents, respectively; Mrs. Jean Devlin, secretary; Mrs. Ruth Winters, recording secretary and Clarence P. Wright, treasurer.

Discussion of the proposed constitution found it being accepted practically in its entirety, which says much for the work put in by the original committee. The next meeting of the club will be held in the early part of December. Anyone wishing to join the All Terrier Club of Canada should apply to the Secretary, Mrs. Devlin, Centre St., Thornhill. The initial fee is $5.00, thereafter $3.00 yearly.

IN KERRY BLUES

To our friends with Kerry Blues, you have the best we could wish you now. We know you will enjoy the holiday season to the full.

To our friends without Kerry Blues, we wish you would buy a Kerry and save us searching vainly for some way to wish you better.

P.S.—Kerrys just love Christmas Trees, especially the boys who consider it a highly decorated convenience and so nice of you to bring it inside in the cold weather.

MERRY CHRISTMAS TO ALL FROM JULO

J. W. Haggerty, 340 Dawson St. Port Arthur, Ont.

pleased to have with us Mr. "Mac" MacCallum, Director of the Canadian Kennel Club who, we all know, is intensely interested in helping show-giving clubs —the prime interest of this Association. Various worthwhile projects were reviewed which, if adopted, would benefit all clubs in saving money. Many member clubs have benefitted from such suggestions. However, through lack of support of the very clubs we were attempting to help, some larger projects have had to be dropped.

The two Challenge Trophies awarded annually to the member club whose All Breed show is judged Best Show of the Year, and to the member club whose Specialty Show is judged Best Specialty Show of the Year (in Ontario), has led to friendly competition between member clubs and has helped immeasurably in putting on better shows. The rules for the awarding of these trophies have been changed to the effect that "Any club winning the trophy three times, not necessarily consecutively, should retain the trophy".

Mr. MacCallum brought forward the idea of Group Clubs, and this has been discussed as the Association feels that this idea has merit in that people interested in the same Group dogs would work well together in putting on dog shows in the various Groups. We would welcome any constructive ideas along this line and anyone with suggestions, please mail them to the writer at R.R. 2, Pickering. We would especially welcome any suggestions as to a heated building where these Group shows might be held during the winter months. We understand that two Group clubs are already forming and we wish them every success.

A School for Ring Stewards has also been discussed. It was felt that it is ideal if show-giving clubs have trained ring stewards among their members and that between now and the 1958 shows, many people could be trained in the art of ring stewarding. The Association would like clubs to feel free to call on us for assistance. Anyone genuinely interested in attending a School for Ring Stewards, please contact the writer.

One Ontario club invited a member of this Association to speak at a monthly meeting on "Organizing a Successful Show" and we hope that this will be of help to that club in organizing their 1958 show.

The Aurora & District Kennel Club, Inc.
by Mrs. T. S. Adams

The regular monthly meeting was held at the home of Mr. and Mrs. J. Sullivan, Gormley with 24 members attending.

Mrs. MacDonald, show secretary, gave her report on the May show of this year which showed a very favorable result.

Judges for the May, 1958 show were selected and other plans for the show were also discussed.

Mrs. Sullivan served a most tasty lunch after the meeting was adjourned.

B.C. Notes
by Mrs. Elsie Murray

Mr. B. Ingley has been elected our new president in the Boxer club as Mr. L. Nofield, our past president, was unable to continue due to pressure of business. New 1st vice president is Mr. T. J. Braams. The club has much on the agenda to provide a busy winter. So many enquiries have been received for another puppy match early in the New Year.

Boxer fanciers are awaiting the arrival of a little lady who should make her presence felt here — Van's Ambrosia, purchased sight unseen by Mr. T. J. Braams of North Burnaby. Ambrosia has just won, at three months of age, the puppy match at Longshore Southport Kennel Club match.

The Junior Kennel Club members are getting ready for their breed lectures. In September they were busy with their handling competitions. In the Ladies handling at the P.N.E., first, second and third placings went to members of the club from the Senior Division. The Ladies' shows were judged by Gene Hahnlen and George Paton.

The Working Dog Association's Obedience class had their graduation class on September 3. Winning Top scorer was a Pekingese "Fairfield Lee", owned and trained by Dolly Wall.

Vancouver fanciers are to be commended for spending September 29 at Bellingham, the day of Mt. Bakers Kennel Club Sanction show. Officers of the club were happy to see the support they got from us.

criptive adjectives, colours, surnames (except in the case of an applicant who has, prior to January 1, 1958, registered more than ten dogs with his surname as a prefix, and it is otherwise not unacceptable), nouns in common everyday use, kennel names registered in a foreign country, any name which may be misleading as to origin or relationship.)

THAT, no imported dog may be registered if the importer's kennel name (whether registered or not) is shown as a prefix in its name, even though it is so registered in a foreign stud book. Whatever change or amendment is necessary to permit registration in Canada must be made in the foreign stud book before application can be acted on by the Registrar.

THAT, in the case of an applicant who has not a registered kennel name, the Registrar may reject as a prefix a name which, in his opinion, conflicts with the foregoing resolution, or is deemed likely to be misleading, or confusing, or is otherwise considered to be unsuitable.

THAT, when an application for the registration of a kennel name has been rejected, such name may not thereafter be used as a prefix in the name of a dog.

THAT, with the exception of those kennel names registered as suffixes prior to May, 1951, the breeder or owner at birth making application for registration of a dog may only show his kennel name (whether registered or not) as a prefix; and if a purchaser wishes his kennel name (whether registered or not) shown as part of the dog's name it may only be included as a suffix.

THAT, a person may not use a kennel name more than three times without registering same.

THAT, regardless of any arrangement between owner, breeder, or buyer, no change of registered name can be made after a dog has been registered in our records for a period of 60 days.

THAT, the Secretary be instructed to advise any applicant for a kennel name of more than 12 letter spaces that it would be advisable to select another kennel name of not more than 12 letter spaces.

ARTICLE XXVI. RECOGNIZED BREEDS AND STANDARDS

THAT, recognition of breeds new to Canada will be given provided the applicant files a three generation pedigree certified by a Club that we recognize as the proper authority and that the importer furnish the club with a copy of the official standard and such other information as the Board may from time to time require.

THAT, in order to be registered and/or shown as a Smooth-haired Miniature Dachshund, it must be the progeny of smooth haired miniature Dachshunds and its weight must not exceed 9 pounds. Otherwise, the standard of the breed is the same as that of a smooth haired Dachshund. (Same regulation to apply to Miniature Wire Haired and Miniature Long Haired Dachshunds.)

The applicant for registration of a "Miniature" Dachshund must submit with the application for registration, a signed statement to the effect that the dog to be registered, its sire and dam, do not, individually, exceed nine pounds in weight.

THAT, the standards previously recognized by the Board of Directors of the Canadian Kennel Club for the following breeds shall be and continue to remain the standards recognized by the Canadian Kennel Club until otherwise ordered by the Board of Directors to the Canadian Kennel Club: Retrievers (Nova Scotia Duck Tolling), Tahltan Bear Dogs, Staffordshire Bull Terriers, Australian Terriers, Cavalier King Charles Spaniels, and Rhodesian Ridgebacks.

THAT, the standard for the "Old English Mastiff" shall be the standard recognized by the American Kennel Club for the "Mastiff".

THAT, the list of breeds recognized by the Club constitute the following:

(a) All those breeds presently listed in the Club's By-laws and other rules;
(b) All other breeds recognized by the Club but not presently listed in the By-laws or other rules;
(c) Any other breeds which are recognized by order of the Board or are recognized as a result of a Standing Resolution presently on the books of the Club.

THAT, we interpret Chapter XXV, Section 3 of the By-laws to mean that the American Kennel Club standards published in "The Complete Dog Book" dated July 1, 1956, are the standards recognized by The Canadian Kennel Club for those breeds recognized by the Canadian Kennel Club until we endorse the changes in standards approved by the American Kennel Club since that volume, all changes to be reported at the following annual meeting of the Board except for such changes, additions, etc. as this Board has made independently.

THAT, the following changes in the standard of American Cocker Spaniels be approved and be effective from this date."

The following is deleted from the present standard:

"Black and tans are shown under the variety classification of solid color other than black. The markings of black and tans should be definite. The black should be jet and the tan rich in shade. Tan pigmentation solely under the stern and on the underside of the ears does disqualify. The same penalties apply to white markings on black and tans as apply to solid colors."

The following is to be added to the standard:

"Black and Tans shall have definite tan markings on a jet black body with clearly defined lines between the two colors. The nose shall be black and the eyes very dark. The markings shall be distinct and plainly visible. The shade of tan is not specified but the richer, or more vivid the coloring the better. The quantity and location of the tan markings are the essence of this description. The amount of tan is restricted to 10% or less, of the color of the specimen and the markings shall be located as follows:

(a) a clear spot over each eye;
(b) on the sides of the muzzle, and must not extend up and over and join; on the cheeks and on the undersides of the ears;
(c) on all feet extending upward toward the knee and hock joint;
(d) under the tail and around the vent.

Tan on the chest is not essential; a solid tan chest is undesirable and shall be penalized. The same penalties and disqualifications apply to white markings on the Black and Tan as apply to solid colours. Tan pigmentation solely on the stern and the undersides of the ears disqualifies. Black hairs and pencilling on the tan markings do not penalize but when the tan is "brindled", it is NOT rich.

Black and Tans which do not qualify under this description shall be barred from competition."

ARTICLE XXVII. IDENTIFICATION

THAT, where the tattoo markings are split the breeders' identification letters must be placed in the one ear (or flank, as the case may be) and the numeral and year letter in the other ear (or flank, as the case may be).

ARTICLE XXVIII. RULES OF ELIGIBILITY

THAT, we recognize those German stud books which are on the list of German stud books recognized by the American Kennel Club, and additions to or deletions from said list be made as these are made by the American Kennel Club, and that we question Mr. Borner (Managing President of Verband f.d. Deutsche Hundewesen e.V.) on any certificates received from German clubs not appearing on said list.

THAT, the present regulations relating to the Field Dog Stud Book, International Foxhunters' Stud Book, and the National Coursing Association Stud Book, and also the present list of recognized stud books be entered in the Book of Standing Resolutions.

THAT, all National Stakes for Retrievers must have a panel of not less than three judges.

THAT, the Secretary be and is hereby authorized to accept and deposit in a special bank account all voluntary payments for use in connection with the National Championship Retriever Stake, said monies to be remitted to the National Retriever Club (Canada) Ltd. when requested.

CHAPTER 16. JUDGES' BOOKS, REPORTS AND DECISIONS

THAT, the date fee for any licensed field trial be automatically forfeited when the official returns for such trial are not received in the office of the C.K.C. within fifteen days after the date of the trial.

CHAPTER 17.

THAT, the following policies shall apply in connection with Certificates of Merit for field trials:

(c) The signatures of officers of the C.K.C. shall not appear on such certificates in their official capacity as officers of the C K.C.;
(d) Trial-giving clubs may issue certificates of merit to owners of dogs designated C.M. by the officiating judge at a licensed trial held under C.K.C. rules.

THAT, with reference to American Foxhounds the Board interprets the term "eligible for registration" to mean:

b. in the case of a dog whelped in Canada before November 15, 1954, that the litter of which it is the whole or a part is litter registered at the Records Office or the dog itself is individually registered in a foreign stud book recognized by the Club;
c. in the case of a dog whelped outside Canada that it is individually registered in a stud book in its country of origin recognized by the Club.

STANDING RESOLUTIONS — OBEDIENCE TRIAL REGULATIONS AND STANDARDS

GENERAL

THAT, inasmuch as a Club applying for permission to hold an obedience trial under Canadian Kennel Club rules agrees to observe all the applicable rules relating to such an event, the Board of Directors looks with disfavour on

the failure of any trial officials to personally observe the rules or see that such rules are carried out, and disciplinary action will be taken should trial officials personally fail to observe the rules or see that they are carried out at any C.K.C. approved trial with which they are officially connected.

THAT, it be optional with show and trial giving clubs whether they use the expressions "males and females" or "dogs and bitches", and the official definition of this Club be "dogs' and "bitches".

THAT, where an obedience trial is held by an obedience club in the same building on the same date as a championship show held by another club, it shall be permissible for dogs to be entered in both events but each shall be governed by their own set of rules.

CHAPTER I, SECTION 1. INTERPRETATIONS

THAT, in the opinion of this Board, acting on the unanimous recommendation of the Standing Committee for Obedience, the word "trainer" where it appears in the Regulations for Obedience Trials means any person who conducts a dog obedience training class or assists in said training class, or any person who has trained another person's dog or other person's dogs.

THAT, this Board interprets the words "kennel owner" (Chapter I, Section 6, Subsections 1 and 4 of the Obedience Trial Regulations and Standards) as a person who has taken its dog through to its Companion Dog degree.

CHAPTER I, SECTION 2. TRIAL DATES

THAT, the Secretary be and is hereby authorized to approve dates for obedience trials outside Ontario on the recommendation of the provincial Director.

THAT, the Secretary be and is hereby authorized to grant dates for obedience trials in Ontario.

THAT, the date fee for any obedience trial be automatically forfeited when the official returns for such trial are not received in the office of the C.K.C. within fifteen days after the date of the trial.

THAT, the Obedience Trial Regulations (Chapter I, Section 2—"Only a club or association whose president or secretary or obedience trial secretary is a member in good standing with The Canadian Kennel Club may make application for trial date or dates") be interpreted to mean one of these officials need be a member of the Club.

THAT, the Secretary would not approve the application of any club to hold a licensed obedience trial until;

(1) The trial-giving club gives proper assurance that it has the required equipment for an obedience trial, or names the person or organization with whom it has made arrangements for the necessary equipment to be available at the trial.

(2) The Trial-giving club gives proper assurance that a proper ring, of the required dimensions, will be available for the trial.

(3) The Trial-giving club has furnished the Secretary with the name and address of the Obedience Trial Chairman for its trial.

CHAPTER I, SECTION 5, SUBSECTION 1. JUDGES

THAT, in the two zones, Ontario and Quebec, obedience judges may not be approved to judge at an obedience trial when said judge officiated as a judge at any one of the four obedience trials held in the same zone immediately preceding the trial at which it is proposed he shall be approved to judge. In any other province a judge shall be allowed to judge twice within the five trial period. No judge can be appointed to judge the same classes at two consecutive trials in the same zone. Vancouver Island shall be considered a separate zone.

THAT, applications for approval of selected judges, when received from trial giving clubs, shall be dealt with by the Secretary who shall have the power to approve or reject, this policy to apply on all applications received by the Secretary.

(Continued in next issue)

MEMO TO: C.K.C. MEMBERS, EXHIBITORS, AND SHOW- AND TRIAL-GIVING CLUBS

From time to time the Board of Directors adpots what are known as "Standing Resolutions." Each Standing Resolution may have one or more purposes. It may be intended to clarify or amplify an existing by-law or rule; it may be intended as a guide to the persons or organizations directly concerned; or it may be intended as a guide to the Board, the staff, committees and/or representatives in the administration of the affairs of the Club or in connection with such matters as may come within the scope of the activities of any one or more of these.

It is the policy of the Board to review the Standing Resolutions from time to time, with a view to deciding on additions, deletions or changes, and when this was last done the instruction was given that these resolutions be published in the official organ.

The sections relating to shows and trials will be mimeographed and sent directly to Clubs. For the purpose of readier reference, certain Standing Resolutions appear under more than one heading.

N. F. Brown,
Secretary-Treasurer.

MEETING OF THE BOARD OF DIRECTORS

September 4th-5th-6th, 1957

(THIRD SESSION)

(Continued from November issue)

It was regularly moved by Mr. Irving, seconded by Dr. Watson:

"THAT, we delete from the Book of Standing Resolutions the standing resolution reading as follows:

"THAT, only judges who have judged at least three licensed open all-age, limited all-age, special all-age, or amateur all-age stakes, in either Canada or the United States, may be approved to judge the National All-Age Stake or the National Amateur All-Age Stake.""

FOR THE MOTION: Mr. Brown, Mr. Williams, Miss Brooks, Mrs. Gove, Mr. Irving, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott, and Dr. Watson.

Motion carried.

The President reported that the Secretary desired clarification of the Standing Resolution reading:

"THAT, no judge shall be approved a second time to officiate in the same stake in any provincial circuit during the calendar year."

It was agreed that the words "provincial circuit" mean a series of trials in the same province following each other in a way considered to be a circuit.

Mr. Monaghan enquired whether the Secretary had received a recommendation, from the Ontario Field Trial Representative for Beagles, that Mr. Douglas H. Holmes, Ottawa, be added to the list of qualified judges of Beagle field trials. The Secretary replied in the affirmative.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

"THAT, Mr. Douglas Holmes be informed that as a result of a report received from the Ontario Field Trial Representative for Beagles, he is eligible for approval to judge Beagle field trials under our rules."

FOR THE MOTION: Mr. Brown, Mr. Williams, Miss Brooks, Mrs. Gove, Mr. Irving, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott, and Dr. Watson.

Motion carried.

Dr Watson, Chairman of the Field Trial Council, presented a report on benalf of the Council.

After discussion it was regularly moved by Mr. Brown, seconded by Miss Brooks:

"THAT, the report be received and Dr. Watson thanked and a copy be sent to each member of the Board."

FOR THE MOTION: Mr. Brown, Mr. Williams, Miss Brooks, Mrs. Gove, Mr. Irving, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

ABSTAINED FROM VOTING: Dr. Watson.

Motion carried.

3767. **GOOD AND WELFARE**

Dr. Watson read a memorandum in which he suggested that for the benefit of members and others travelling with dogs to shows, trials, or otherwise, each Director make himself or herself responsible for finding a list of such accommodation, at which dogs may be kept by their owners, in the principal cities of his or her province and having it permanently published in a column in the magazine, the Ontario Directors to arrive at an even disposition of labour in their various vicinities.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Gove:

"THAT, all provincial Directors contact their local tourist associations with a view to providing the Secretary, for publication in "Dogs in Canada" with a list of hotels, etc. that will accommodate dogs."

FOR THE MOTION: Mr. Brown, Mr. Williams, Miss Brooks, Mrs. Gove, Mr. Irving, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott, and Dr. Watson.

Motion carried.

3768. (3753). INTERNAL AND ADMINISTRATION

The Board resumed its deliberation on the proposal regarding appointment of an Executive Committee.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Irving:

"THAT, a special Committee be appointed to be known as the Executive Committee; that the President and Vice-Presidents be the members of this Committee with power to add any one Director should any of these above persons be unable to attend a meeting; that meetings shall be held at the call of the President after due and reasonable notice; that waiver of notice signed by the three members of the Committee is permissible; that a quorum shall be no more nor less than three; that the powers of the Committee shall be as follows:

1. To receive the report of any committee and to take such action as may be necessary in order that final action may be taken at the first available meeting of the Board:
2. To finalize decisions of the Registration Committee on any question re kennel names;
3. On receipt of the required number of votes to entertain a charge or complaint, to appoint Advisory Committees and authorize such arrangements with regard thereto so as to enable Advisory Committee reports to be available for consideration at the earliest possible meeting of the Board;
4. To approve or reject applications for membership particularly where an objection has been submitted by any member of the Board:
5. To decide in the case of emergency where no standing resolution or rule applies, any questions relating to shows and trials;
6. To make temporary appointments (except to the Board) where vacancies are created for any reason whatsoever;
7. To receive financial statements and direct the Secretary-Treasurer as to distribution of explanations, etc. to the Board and/or the members;
8. To authorize such expenditures as are not presently covered by standing resolution except in the case of capital expenditures where authority, by mail or otherwise, is to be obtained from the Board;
9. To assist and guide, wherever it considers it necessary, the Executive Manager in the implementing of decisions reached by the Board;
10. To deal with all applications for priority rights on show dates;
11. And to deal with all other matters which it has, by mail or otherwise, referred to the Board, and where at least eight members of the Board have recorded favourable votes."

Dr. Watson enquired whether the "eight members of the Board" referred to in Section 11 included the three members on the proposed Committee. It was generally agreed that eight, being a majority of the Board, would include the three Board members on the Committee.

Mr. Monaghan stated that the proposal was an attempt to circumvent the By-laws, stated that the By-laws provide the President with powers of supervision and management and these may not be delegated, enquired why the Executive Manager could not do the things proposed for the Committee, and stated that the proposal appeared "to be a way of getting around the holding of meetings of the Board."

It was agreed that the matter be tabled until mimeographed copies of the proposal are made and distributed at this meeting for study and further discussion.

——The meeting recessed at this time and later reconvened with the President, Mrs. M. E. McEachren, in the Chair, and the following members of the Board present: Walter Brown, V. W. Williams, Miss I. Brooks, Mrs. J. Gove, J. A. H. Irving, R. B. Laskey, J. W. MacCallum, W. H. MacKendrick, W. J. Monaghan, Mrs. M. Southcott, and Dr. H. L. Watson.

3769 (3755). REGISTRATION AND RELATED SUBJECTS

——Mr. Brown (Vice-President) in the Chair.

The President as Chairman of the Registration Committee reported that in accordance with the Board's request, the Registration Committee had again considered the application of Mr. and Mrs. Coghlin for the registration of SHADI-LAWN as a kennel name, and the Committee did not wish to change its original recommendation that the name be not approved.

It was regularly moved by Mr. MacKendrick, seconded by Miss Brooks:

"THAT, we endorse the recommendation of the Registration Committee."

In speaking to the motion Mr. Monaghan said that all that was involved in this case was the opinion of the Committee as to the similarity between SHADI-LAWN and the registered name of SHADY LANE, pointed out that on the day previous the Board had seen fit to make an exception on a matter of principle, and expressed the view that it would be quite justified in making an exception where a simple matter of opinion is involved.

The motion (No. 128) was put to a vote with the following results:

FOR THE MOTION: Mrs. McEachren, Mr. Williams, Miss Brooks, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, and Mrs. Southcott.

AGAINST THE MOTION: Mrs. Gove, Mr. Irving, Mr. Monaghan, and Dr. Watson.

Motion carried.

Mr. Monaghan stated that the Board, at its annual meeting in February, had adopted a Standing Resolution requiring a breeder to register a kennel name if, after having registered three dogs with that name, he wished to continue using that name when registering dogs in the records of the Club, and in re-applying for the name Mr. and Mrs. Coghlin were endeavouring to comply with the Board's ruling.

——The President returned to the Chair.

3770 (3768). INTERNAL AND ADMINISTRATION

Copies of the proposal (Motion No. 101) having been made and distributed to the members of the Board present, discussion on this motion was resumed.

In the discussion which followed Mr. Monaghan stated that:

(1) Item No. 3 of the Committee's powers was contrary to the provisions of Article XV of the Club's By-laws;
(2) The President had the power to deal with any emergencies in connection with questions relating to shows and trials; (Item No. 5)
(3) The Secretary-Treasurer had "for years" carried out the provisions of Item No. 7;
(4) Item No. 8 is already provided for in a Standing Resolution;
(5) In this meeting the Board had already taken steps in connection with the handling of applications for priority rights (Item No. 10);
(6) Item No. 11 is "very general" and enquired as to what is meant by "other matters";
(7) The proposal is an attempt "to do something that's not provided for in the By-laws".

Dr. Watson stated that the principle of the proposal required a great deal of thought and the members would be concerned about the composition of the proposed committee, although the Committee would have less authority than the "quorum Board".

Mr. Irving suggested that sections 3 and 11 be deleted and another added to the effect that the Committee "cannot dictate or change any policies which have been laid down by the Board".

Mr. Williams stated that while in favour of an Executive Committee, he saw no value in Item No. 7 and felt that Item No. 8 was "too wide".

Dr. Watson stated that Mr. Monaghan had suggested the appointment of a General Manager or Executive Vice-President, and enquired on what grounds the Board would have the right to give certain powers to such an appointee if it did not have the right to appoint an Executive Committee and delegate certain of its duties and powers to it.

Mr. Monaghan stated that under present conditions it would be "geographically impossible" for the Second Vice-President "to attend many of the meetings" of the Committee; that the personnel of the Committee would change from time to time; and the advantage of a General Manager would mean a continuity not available through the appointment of a Committee.

Dr. Watson stated that if the Committee is composed of the officers of the Club, it would mean that local candidates for these offices would have an advantage over candidates located in other provinces in that they would be able to say that they would be free to attend meetings of the Committee.

Mr. MacCallum said that he saw nothing in the proposal "taking much away from the Board" and felt that all members of the Board were interested in seeing the business of the Club taken care of in the proper manner and as quickly and as easily as possible.

Mr. Brown stated that he felt the Board should have faith in a committee to do the proper thing, and if he was a member of the proposed Executive Committee it would not take action on disciplinary matters or financial questions (other than those of a minor nature) without prior consultation with the Board.

Mrs. Gove and Mr. Laskey said that an Executive Committee should be appointed for the balance of the current Board's term of office, subject to the Club's solicitor agreeing that it is permissible under the By-laws.

Mr. MacKendrick (with the permission of Mr. Irving, seconder of the motion—No. 101) withdrew his proposal, stating that he was doing so because of the time spent on discussing it and the criticisms that were directed against it, and stated that he would submit it to the members for consideration and decision by way of the referendum ballot.

3773 (3682) STANDING RESOLUTIONS

The Secretary pointed out that on a previous occasion the Board had ordered the publication of the Standing Resolutions, and suggested that instead of publication in the official organ, a more lasting record and better reference record may be obtained if the appropriate standing resolutions were published with the By-laws or other rules concerned.

Mr. Irving pointed out that the By-laws and rules are not printed every year, and there may be confusion if the Secretary's proposal was adopted, particularly in the case of standing resolutions revoked by the Board between publication of the By-laws or various rules.

It was left to the Secretary to carry out the Board's original instruction.

The Secretary sought an Instruction as to the compilation of the Standing Resolutions for the benefit of Board members requiring a record for reference purposes.

It was agreed that when arranging for the publication of the Standing Resolutions, the Secretary would arrange for a number of extra copies on gummed stock, the resolutions to be adhered, one to a page, on pages suitable for insertion in a binder; copies then to be distributed to members of the Board.

The President enquired whether the Board wished to make any changes in the standing resolutions relating to the preparation of the minutes of Board meetings.

After discussion it was agreed that the minutes be continued in their present form with the same numbering arrangement.

3775 (3765). OBEDIENCE TRIALS

The Secretary read a letter from Miss V. E. Meyers submitting her resignation as Obedience Representative for the province of Ontario.

Mrs. Southcott, Chairman of the Obedience Council, reported that during the last recess in this meeting and with the approval of the other Ontario Directors she had been in touch with Miss Meyers by telephone, had informed Miss Meyers of the Board's wish with regard to the Obedience Council, and in view of the Board's action Miss Meyers had indicated her willingness to carry on as Obedience Representative for the balance of 1957.

It was regularly moved by Mr. Irving, seconded by Mrs. Gove:

"THAT, Miss V. E. Meyers be and is hereby appointed the Ontario Obedience Trial Representative."

FOR THE MOTION: Mr. Brown, Mr. Williams, Miss Brooks, Mrs. Gove, Mr. Irving, Mr. Laskey, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott, and Dr. Watson.

Motion carried.

3776. ADJOURNMENT

At 9:45 P.M., on motion by Mr. Brown, duly seconded and carried, this meeting of the Board of Directors adjourned.

THESE TOP PUPPIES ARE GOING FAST

AND NO WONDER! They're by **Ch. Benrook Brandy** (winner of the 1956 miniature Schnauzer specialty at New York), **Ch. Handful's Redstart,** another oustanding U.S. champion, and **Benrook Victor,** which started his show career this fall by taking the male points at the big Westchester show.

The dams are equally outstanding.

Two of the puppies are going to Salt Lake City, one to Buffalo and one to Montreal. Only two more will be sold as we are keeping three for showing in 1958. But these two are really quality.

The monthly meeting was held November 9 at the home of president and Mrs. Albert Kaye, Langstaff, Ont. Only six members ventured out into the snow and gale to enjoy a wonderful chicken dinner served by our hostess.

After dinner everyone had a well fed look so we got down to business. It was discussed as to whether we should continue to hold meetings in members' homes. It was felt the homes were satisfactory for regular meetings but that we should rent a suitable place for our annual meeting.

The club would like to thank President Kaye for his work in finding out if it was possible to start a humane society in Barrie. As a result of his efforts in securing information we believe we may be able to start the ball rolling.

The December meeting will be held at the home of Mr. and Mrs. Frank Jones, R.R. #2, Minesing, Ont.

Our annual meeting took place October 20 at the home of Mrs. D. T. Weir. New officers were elected and everybody was happy to have Stanley Whitmore unanimously elected to be our president. We all feel his past experience in the club, his great knowledge of Boxers and his willingness to be of help to anyone who wishes it will serve as a sound incentive to keep the Boxer club meetings as an hour of education.

Burlington & District Kennel Club

by Dr. W. Vivian

A most enjoyable meeting was held this month in the Nelson Township Hall. We are justly proud of our accomplishments during our first ten months since inauguration: a large and successful sanction show, completion of two terms of obedience classes and the largest one-day dog show in Canada.

Though our annual meeting is not until December our Show Committee for 1958 has been appointed. It has plans well under way for the fall show, hoping to engage a large number of breed Judges instead of the usual two or three all-rounders.

Another treat the Commiteee has prepared is a Matinee Sanction Show in the Waterdown Community Hall on January 18, 1958, where Capt. Will Judy, of Dog World Fame, will be one of the Judges backed up by Mr. and Mrs. John Paton. At the completion of the show a dinner meeting will be held for a limited number, at which Capt. Judy will relate some of his experiences while travelling to foreign lands on his judging assignments. Reservations can be made up to January 1 by contacting the Secretary (see advertisement this issue). As our space is so limited we advise early reservations to avoid disappointment.

Congratulations to several of our members for their wins in recent Shows and Trials: To Eva Havlicek for attaining the C.D. degree for her Dachshund "Shadylane's Naughty Lady," Jessie Carr, for her Group placing in an American Show for Oh Wee Mite's Glamour Girl and to Walter Konradt and Hanna Schmocker for their German Shepherd scores in Ontario's first Tracking test.

The Officers and Members of the Burlington & District would like to wish one and all a very Merry Christmas and a most happy and prosperous New Year! and to thank you all for your support in our first year.

Canadian West Highland White Terrier Club

by Mrs. T. S. Adams

A regular general meeting was held at the home of Mr. and Mrs. Jeudwine on October 27 with quite a good attendance.

The President, Mrs. J. Neil Malcolm, certainly deserves a lot of credit in being able to attend all but one meeting in the two years she has been President. She has had to travel in all kinds of weather from her home in Ottawa to preside at the Club's meetings.

A motion was passed to make Mr. and Mrs. Jeudwine life members of the Club.

Plans for a Booster Show to be held in the West in 1958 were discussed and approved if the breeders in that section wish to take advantage of the offer.

A Booster Show was discussed for this area, but nothing definite was decided as to date and place.

Mr. McGill and Mr. MacCallum were appointed by the President to go over the Constitution to make any amendments and revisions deemed necessary, so that they could be put forth at the Annual General Meeting in January to be voted upon.

A new member, H. W. McGill, was welcomed to the Club.

The Dachshund Club of Canada

by Ernie Lindsay

Our regular monthly meeting was held at the home of Mr. and Mrs. Godfrey Garret, Hamilton, on November 3.

Considerable time was spent selecting what we think will be outstanding judges for both our Specialty Show of 1958 and our First Futurity Puppy Match of 1959. The latter requires a great deal of careful planning and increasing interest is being shown.

Our chairman offered best wishes on behalf of the club to the Bodemer family for Mrs. Bodemer's speedy recovery. They certainly have had a siege of sickness with the flu.

Our acting secretary, Mrs. Smith, presented an alphabetical listing of all Dachsie winners across Canada for 1957 up to and including July showing each one's exact winnings which was quite interesting. Then the Braggards Kitty was boosted by Mrs. Eva Havlicek bragging about her smooth "Shady Lane

Dominion Collie and Shetland Sheepdog Association

by Mrs. Joan Souch

The November meeting was held at the home of the R. D. Smucks in Cooksville. We are sorry to say many people were absent. The flu has taken its toll but do some members have the flu for every meeting. We need all our members helping to accomplish our special aims and only with cooperation and attendance at every meeting can we hope to accomplish this.

The meeting was taken up with plans for our first Specialty Show which will be held in conjunction with the Sportsmen's Show March 21 and 22.

We are offering as Best of Breed in Collies the "McCain Memorial Trophy" in memory of the beloved and very respected Dr. McCain.

Trophy Secretary, Mrs. A. M. Baillie, reports she is compiling some nice trophies but more are needed.

The meeting ended with a group discussion and Mrs. Clark and Mrs. Smuck and Mrs. Whiteside served lunch.

The Forest City Kennel Club

by Mrs. Rita M. Smith

The regular monthly meeting of the club was held in the club room of the Duchess of Kent Hall, November 6 and drew a large attendance. The club meetings have gradually grown larger as the year progressed but latterly they have been somewhat of a record.

There was a good deal of important business on the agenda, particularly our forthcoming show to be held in May next.

The club President, Mr. Ed. Summerfield, showed a very interesting and most informative film on the training and raising of puppies. It is the President's intention to have at our monthly meetings either a film, run-down or demonstration on the care, handling and general well being of our pure bred dogs, also "what goes on in the Show Ring."

Plans went forward for our Annual Christmas Party to be held on 4 December, and it is hoped that there will be a record attendance.

The Ladies Auxiliary of the Club made plans for their 2nd meeting to be held at the home of Mrs. L. Schreiber on November 20.

Tea was served by Mrs. Schreiber and daughter Madelaine.

Fredericton Kennel Club

by Mrs. Janet B. Glenn

On October 10 our monthly meeting was held in St. Anne's Hall with Bob Little in the chair. It was decided to try our Western Jamboree for its 4th year. In the past this Jamboree has helped the club's finances and enabled us to help local charities.

Bob Little told of being asked to start Obedience classes by the Evangeline K.C. in Nova Scotia. If suitable accommodations can be found a winter obedience class will he held.

Two films were shown, one on the local dog shows and the other was "The Sheepdog at Work." A lunch was served under the supervision of Mrs. Wallace.

A pat on the back for Jim Campbell. His Scottish Terrier (F) Inverary's Bonnie Aspirant has won Best Canadian Bred Puppy in Show five times.

At the New Glasgow dog show in September, three of our members took top honors in Group V. Mr. W. W. Laskey's Pom Crown Princess Julie of Jargon came 1st in Group and captured three points to finish. Mr. and Mrs. Roy Colwells Peke puppy Chik Toi of Rolyn came second and also Best Puppy in Group. Mrs. Allbright's Chihuahua Tiny Sadie Caress came fourth in Group.

Farewells were said to Reggie Truesdale who is now in British Guiana.

At this time our members would like to pass on their Christmas Greetings and Seasons best wishes to all our past, present and future exhibitors. We hope to see them all back again in 1958.

Greater Victoria Dog Obedience Training Club

by Mollie Hudson

Obedience Trials are over for this year. The last one, put on by this club on October 26, went over very well. The Badminton Hall in Oak Bay is becoming well known for its dog shows and obedience trials and lends itself very well to all that is required.

Mrs. Jean Lyle kindly came over from Vancouver to judge in spite of her wish to attend the show in Tacoma and this we appreciated. Our other judge, George Christie, has been away from the club for over a year now, his work taking him up Island continually so we were lucky to be able to get him.

The highest scoring dog in the 1st trial was a Chihuahua owned and bred by Mrs. Elsie Hammond of Elhunt Kennels Cobble Hill. Ch. Elhunt Little Buckaroo won 1st place in Novice B and also took the prize for highest qualifying dog other than Sporting or Working in the trial.

Mrs. A. Morris of Victoria won 1st place in Novice A with her English Cocker, Mermac Black Susan. Mrs. Barbara Mill of Victoria took first in Open A with her Standard Poodle, Merdinon Fiere Babette, C.D. Mrs. Sheilah Roberts of Deep Cove Saanich, took Open B with her Corgi, Ch. Bhilwara Land Girl, C.D.X.

Highest scoring dog in the second trial went to Mr. Gordon Hulme of Sidney with his Golden Retriever Mossbank's Gold Mighty Hunter. He took 1st in Novice A, also the prize for best Sporting Dog in trial. Dr. Evans of Portland, Oregon, took first in Novice B with his Papillon, Apogee des Sapins. Dr. Evans brought up two of his little dogs, the other being Poupette. Both dogs went back with their Canadian C.D.'s.

Between trials we held a team competition. Each team had four dogs on it and all dogs on a team were judged

DOGS AWAY!

Treated with No-Mate tablets, females in full estrum exposed in open wire cages will never attract neighbourhood males, and even in show rooms and kennels, male dogs are not bothered by females in heat, maintains Lambert-Kay Inc. Yet, if breeding is desired, the female will mate normally when left in the same enclosure with the male, the company states. Secret of this new item is that the attracting odour is eliminated.

in the ring at once. Judge was Mr. George Donaldson from Victoria. The wining team was four Corgis. Another team from up Island were four Shepherds. There was a small dog team and one mixed team. This is the second time we have run this competition and it has proved popular with the crowds.

Seven of our members qualified in their classes so that there is much work to do before the Spring trials.

Mrs. J. A. Burchett of Victoria has just come back from a hunting trip in the interior where she and her husband had a most successful time. Taking her Dachshund, Ch. Arbutus Lorelei C.D., with her she was most gratified to find that Lorelei was superbly under control, flushing birds with her keen nose and retrieving them from under the dense underbrush when Gretchen, the German Shorthaired Pointer, found it hard to penetrate. Water filled dykes didn't slow her up either for she swam them and scrambled up the other side. Once she had to be rescued as there was no foothold at that particular point. Lorelei is working on her C.D.X. between litters and Gretchen took her basic training with us before going on to field work.

We all extend our best wishes for a Merry Christmas and a happy and successful New Year to all Obedience fans and to the staff of "Dogs in Canada" to say nothing of the hardworking officials of all ranks in the Canadian Kennel Club.

The Hamilton Obedience Club

Our fall training course will graduate on December 9, 1957. This is the largest class we've conducted to date and we hope to have a large percentage of graduates in all three phases of training.

Our trial dates of February 16, 1958 and June 29, 1958 give us an objective to work towards in the coming year.

We've also made plans for our Christmas party to be held on December 16 at the Windsor Hall. This is one evening when our club members and their friends relax and enjoy themselves and swap tales of their training experiences, funny and otherwise.

We hope to make this our best party yet and sincerely hope all who attend will have a most enjoyable evening.

The Hull & District Kennel Club
by W. J. Monaghan

The annual meeting of the Club was held on the evening of November 12 in the board room of the Ottawa Humane Society with W. D. Adamson, who has been president for the past several years, presiding.

In his presidential report, Mr. Adamson reviewed the activities, highlights and difficulties, of the year. The financial report was given by Mrs. Mary Harrison, treasurer, and showed a small balance in the bank.

Many of the members present participated in the general discussion which followed and some suggestions for the coming year were made. The importance of sound planning and good organization were stressed.

The election committee's report showed the following elected as the executive for the coming year: G. W. Erichsen, president; W. J. Monaghan, vice-president; Miss Mabel W. Smith, second vice president; Mrs. Pamela J. Sims, secretary, H. C. Sims, treasurer; Mrs. Hope Erichsen, Mrs. Rosalind Dockrill, Mrs. Marjorie MacDougall, Mrs. James A. Hutchison, Mrs. A. E. Bales, Mrs. Jean Lambe, M. A. C. McLean and J. W. Dockrill, directors. The retiring president is ex officio a director. Three additional directors are to be appointed to complete the executive.

It was decided that the second Monday of each month except July and August would be the day on which regular meetings of the Club would be held during 1958, and that the last meeting of this calendar year would be held on December 2.

A vote of thanks was tendered Mrs. Harrison and Mr. Adamson in appreciation of their work for the Club during the year and a letter of thanks is to be sent to Mrs. Stella Loftus for the splendid work she did for the Club.

The Irish Setter Club of Canada

by Muriel A. Royston

Autumn activities of the club began with a much enjoyed corn roast at the Honsbergers in Streetsville early in September.

Our September meeting was held at the Allens' home in Ancaster at which time Dr. Vivian and Dr. Martin of the Burlington Animal Clinic presented a very interesting and educational film in colour from the Ontario Veterinary College showing various operations, bone-setting, etc., with a detailed explanation on each procedure.

Our Club held a Booster Show in conjunction with the Burlington Kennel Club Show and thanks to our decorating committee we had a very attractive bench tastefully decorated in coloured leaves and seasonal fruits and vegetables. Brigshain Seiger owned by Mr. and Mrs. George Howe took the Best of Breed with Best of Opposite Sex going to Gem of Ellair owned by Mr. and Mrs. Frydych of Detroit.

Thanksgiving weekend saw a number of our members trekking off to Tynoka Lodge for the holiday where they enjoyed a bit of hunting and relaxing.

The October meeting was held at Roystons at Meadowvale. Following the business session Bob Allen, our President, ran off some films of the Tynoka weekend.

Our annual day in the field was held at Roystons on the last Sunday in October and the fine weather brought out quite a number of dogs, most of which worked very well. Mrs. Berry's El-Dor Khaya put on a pleasing exhibition with two successive points and was declared "Dog of the Day."

The happy news from "down under" is that the Dafoes will be home next month.

CLUB NOTES (*from page 52*)

Kawartha Kennel Club of Peterborough

by Edith M. Macdougall

Although our new club has been active for less than one year, it is a hive of industrious and enthusiastic members.

Mrs. Jack Lang, assisted by Mrs. Alan McDougall, Miss Joyce Brown and Mr. George Spicer, conducted basic obedience classes and held a very successful graduation. Mr. George Lucas judged our fine classes last June and the owners of the pets went home happy, clutching their trophies and ribbons with a great sense of satisfaction.

With the cooperation of CHEX, Radio and T.V. and the Peterborough Examiner, residents of Peterborough were shown how well mannered and disciplined "doggies" can be.

Three more classes in Obedience are at the halfway mark at this time.

Dr. W. Langmaid of Oshawa, Mrs. M. Thomas and Mr. Herb Routley of our own club gave interesting and informative talks on Field Trials at our October meeting. Mr. Ken Ellis, sales representative of Ken L Products, was guest speaker at our November meeting. A question period followed and members went home well informed about proper nutrition.

The "Book of the Month" is "Dog Show Rules"! We are planning our first show to be held in mid-summer. Mrs. Mary Thomas has been appointed Show Secretary, to be assisted by Mrs. Alan McDougall and Mrs. A. J. Rawluk. Trophy Convener is Mrs. Jack Lang. It is my task to look after the advertising.

Now that we have established the first Tuesday of each month and the place of meeting (the Y.M.C.A.) at 8 p.m., we expect to have a large, regular attendance and many new members.

The London & District Scottish Terrier Club

by John F. Harris

The club held its regular monthly meeting in the Club Room at Belmont, Ontario. The meeting was well attended The Show business was taken care of and the members were very pleased with the results.

Election of officers for 1957 and 1958 took place as follows: president, Mr. J. Osborne, Thorndale; vice president, Capt. F. Graham, London; secretary treasurer, Harold Thomas, London; club photographer, Edgar W. Harris, London and publicity correspondent, John F. Harris of Belmont.

Meetings are held on the last Monday of every month and new members are welcome. Address all inquiries to Mr. John F. Harris, Box 105, Belmont, Ontario.

National Retriever Club of Canada Limited

by J. H. Irving

A meeting of representatives of Retriever clubs across Canada was held on October 31 at Niagara Falls under the chairmanship of Mr. W. Cobban to consider the formation of a new club to conduct the National Retriever trials for the Canadian Championship.

The directors of the present National Retriever Club have been discussing ways and means to give all member clubs an opportunity to participate more fully in the governing of the "National". The present Club is only incorporated under a Provincial Charter (British Columbia) and it was decided the simple solution was to incorporate a Club under a Dominion Charter. To clear the way for this action the members of the present National held a meeting and passed a motion to wind up their club.

The proposed bylaws of the new club were circulated among all the Retriever Clubs, and after a few minor changes were made those bylaws were the basis on which the new club is being incorporated.

Eight of the ten member clubs of the old organization became Charter members of the new organization and at the meeting of the 31st passed a motion necessary to making application to Ottawa for incorporation.

The following Clubs were represented at the meeting:—Alberta Field Trial Club, Calgary Retriever Club, Edmonton Sporting Dog Club, Saskatoon Retriever Club, B.C. Gun Dog Club, Richmond Lions Retriever Club, Labrador Retriever Club of Ontario and the Niagara Peninsula Retriever Training Club. As soon as the Charter for the new Club is received applications for membership from the other Retriever Clubs holding trials can be accepted.

Mr. W. H. Copeland, president of the old club and Jake Irving, secretary, were appointed by the meeting to be temporary officers to carry on until incorporation was effected.

The meeting closed with a vote of appreciation for all their efforts in regards to the formation of the new Club by Messrs. Cobban, Pearson and Copeland.

The meeting closed in prayer.

Obedience Association (Ontario) Oshawa Branch

by Bud Flanagan

Our Annual Meeting was held at the home of Mr. Hugh Smith on November 4, with a good turnout of members.

An election of officers was held, with Karel Vogel being elected President, Hugh Smith Vice-President, Bud Flanagan Secretary, and Mrs. Joan Kantores being returned as Treasurer without opposition. Two auditors were also elected, and instructed to present a Financial Report at the end of the fiscal year.

After months of discussion, the membership appears to have reached a decision on a Club crest or emblem with appropriate colours (navy blue and white), and we hope to have blazers or shirts bearing our crest ready in the near future, as well as some good-looking letterheads.

Our Winter Training Classes will be ready to graduate on or about December 11th; we hope some of the 20-odd dogs who have participated will carry on and attempt their titles. Although we have not obtained a judge to officiate at the graduation ceremonies, we are hoping to obtain the services of Miss V. E. Meyers, Obedience Trial Representative for Ontario.

Plans were formulated for a Winter Obedience Trial (the first of our organization) to be held in Oshawa, probably around the end of February or the beginning of March, at which we hope to see many of our Obedience friends from Eastern Ontario — and many other points north, south, east and west. Date and place will be announced later.

Ottawa Kennel Club

by Mrs. L. W. Jackson

The club held their annual meeting on November 4 in the Board Room of the Ottawa Humane Society Shelter and the following is the list of the new executive for the year 1957-58:—president, Mr. D. R. Hayes, past president, Mrs. Lyle W. Jackson; 1st vice president, Mrs. J. Neill Malcolm; 2nd vice president, Mr. J. W. Goodman; treasurer, Mrs. A. E. Bales; secretary, Mrs. Lyle W. Jackson; directors, Messrs. T. F. Argue, J. W. Dockrill, Harry Fraser, Mac MacLean, J. Neill Malcolm, F. O. Plant, Monty Wright and Mrs. W. G. Walters.

After the new executive took office, tentative plans in connection with the point shows to be held the first Friday and Saturday in May, 1958 were outlined to the members and also discussion on our three planned Sanction Shows to be held monthly commencing in January, 1958. Plans have now been completed for the O.K.C. Social Evening to be held December 9 in the Assembly Hall, Lansdowne Park at 7 p.m. There will be a reception; 7.30 to 9 a Smorgasbord and 9 to 1.30 dancing; and members who do not wish to dance have the opportunity to play cards. This Social Evening is not being restricted to members only and friends of the O.K.C. wishing to attend are invited to get in touch with Mr. D. R. Hayes at CE 5-9668 for tickets.

Three new members were welcomed into the club at the meeting — Lt. and Mrs. Anderson (D.G.), and Mr. Peter Rooyakkers. Lt. and Mrs. Anderson are formerly of Halifax.

The Ottawa Kennel Club wish to thank their many members and friends for the splendid cooperation during the past year which helped to make it a year of achievement and success.

The Progressive Kennel Club of Canada Inc.

by Gertrude W. Drew

In revising the constitution, the committee have found it to be a very complex job. They feel that the fundamental laws of the club are of such importance that they have taken more time to define and clarify the various clauses and bylaws than was at first expected. In so doing they hope the operation of the club will be greatly facilitated and the members, especially those holding official positions, will clearly understand their own and relative work.

The November meeting was given over to this special business. Mrs. Yan Paul, chairman of this committee, explained each item in detail. If there was anything missing the membership were quick to supply the missing link. To Mrs. Paul and her assistants, Mrs. Mary Lake and Mr. R. T. Lawrence, the club are greatly indebted for their fine work. The completed constitution will be voted on at the December meeting.

Mrs. Martha Stevens and Mrs. Ruth Coates attended the Albany, N.Y. show. Mrs. Coates showed two of her Saluki's and Mrs. Stevens judged the Boston Terriers. Mrs. Stevens reports a fine entry of 21 better class Bostons. Mrs. Coates captured best of breed with her female. Both report a splendid show and a very good time.

Once again we have come to the end of another year. For this club it has been a very successful one. The management are not unmindful of the splendid work and cooperation rendered by the membership and take this opportunity of expressing their sincere appreciation. To their many friends, patrons and well wishers who have helped in so many ways to make our shows a success a special thank you.

A Merry Christmas and Happy New Year to everyone.

The Scottish Terrier Club of Canada

by Mrs. Harry Fraser

The regular monthly meeting of the club was held at the home of Mr. and Mrs. Harold Loughran. The president, Mr. F. W. Fraser, was in the chair. Miss Betty Stothers, secretary, read the previous reports. They were approved by all. PRIZE-WINNING BRITISH BREEDERS CHOOSE

Bob Martin's Condition Tablets

BOB MARTIN'S Condition Tablets have been keeping British dogs happy and healthy for more than 60 years. Many a British champion breeder has reason to thank Bob Martin's for bringing his dogs to tip-top condition for show-time. Here is what British breeders have to say about Bob Martin's:—

"A dog is bound to be touchy or listless if he's out of condition. All my dogs get their Bob Martin's regularly", says Mrs. Randall, the well-known Dorset breeder of Bobtail Sheepdogs.

"Every Sunday morning regularly the whole kennel is given Bob Martin's. They look forward to it — you should see them lining up". Mr. Francis, owner of Tarkard Kennels, knows what he's talking about. Wire-haired terriers are his only hobby and he has many champions to his credit.

"Bob Martin's are very good for adult dogs and I give them regularly to my bitches after mating until the puppies are weaned". That's the opinion of Mrs. D. Lindsay of Croydon who breeds champion bull-terriers.

"Experience has shown me that Bob Martin's not only bring a dog into show condition, but also into working condition". So says Mr. C. S. Nicholls of Knaresborough, whose bloodhounds have won many trophies, including Best of All Breeds at Birmingham, the only time this prize has ever been won by a bloodhound.

Each Bob Martin's Condition Tablet contains all the vitamins of the B group (a full day's supply of three important members) and Vitamins A and D. Bob Martin's also contain dried whole liver with its rich array of nutrients and which provides the flavour dogs and puppies find so palatable.

Bob Martin's are obtainable from druggists, department stores and pet shops. Give them to *your* dog — just one tablet once a day—and see that he keeps happy and healthy always. Bob Martin's from Britain, the home of dog-showing.

Why GAINES is the answer to the dog breeder's nutrition problems

Here's the Problem. It is no secret to dog breeders and veterinarians that many commercial dog foods vary considerably in their nutritional value—frequently from feeding to feeding. This state of affairs has led to a problem in the correct feeding of dogs—where, as these experts well know, a *completely balanced* diet is essential.

And Here's the Answer. The unique homogenization process, developed and used exclusively by Gaines, GUARANTEES THE DOG UNIFORM NOURISHMENT. In Homogenized Gaines Meal, all ingredients are blended into nuggets, each containing a *balanced* amount of ALL the food elements that the dog needs to build and maintain health and strength. Nutritional values thus *cannot vary* from feeding to feeding.

The Proof of the Pudding . . . ! Homogenized Gaines Meal is the result of many years of research by *Gaines Research & Control Laboratories* (and by the famous *Gaines Research Kennels*). Every step of this research has been carefully checked by ACTUAL FEEDING TESTS, carried out on generations of dogs at the Gaines Kennels.

Economical in Use. Gaines Meal contains balanced quantities of carbohydrates, fats, vitamins and minerals—plus *more meat and fish proteins*—all derived from natural foods. However, in spite of its high nutritional value it is by no means expensive. Cheaper, inferior meals *require* supplements if the dogs are to receive all the food elements they need. Gaines does not. It should be remembered also that a 25 lb. bag of Gaines contains all the food values of *75 lbs.* of canned dog food!

Considering these factors, it is easy to see why Gaines is *the world's largest selling dog meal*. Be sure that the next consignment of food you order is Homogenized Gaines Meal.
