LETTERS

If you have any suggestions, any comments or constructive criticism to make concerning articles or other items contained in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, colour, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same.

IT'S AN ILL WIND

. . . Reading in the December issue "Cheap Sales Protested". I don't see how you should worry about cheap dogs being sold, because all my neighbours are buying dogs at $3 from SPCA, Montreal, or they buy puppies for $20 or $25 from backyard breeders. They spend a lot trying to save those poor animals, and after such a tryout I sell them a good registered dog. Such customers, next to *Dogs in Canada*, are our best advertising.

OSCAR RICHARD

Springfield Park, Que.

We still feel proper advertising and more education of the general public in the long-run economy of buying a pure-bred would save a lot of initial disappointment and be better for dogdom on the whole.— Ed.

HANDS IT TO THE HANDLERS

. . . Have just finished reading *Dogs in Canada* from cover to cover. It gets better with every issue.

I had intended to write to you after our last show here in Montreal, the All-Pet's Show. I was so very impressed with the workmanship and know-how of the really top professional handlers. When it comes to perfection of grooming and handling, they have it all over the amateur. More power to them! It will do us all, and our breed, good to compete against them.

I must also add that most of the tips and honest, sincere help I've had has come from professional handlers.

VINCY KRAUSER

Montreal, Que.

Professional handlers should naturally do a top-notch job, many exhibitors will aver, and rightly so. But come to think of it, what's to prevent a hobbyist from being a perfectionist too? — Ed.

"the coats have a new sheen, eyes are clearer and brighter, appetites are marvelous"

says Mrs. A. J. Rawluk
co-owner of Rollicking Kennels, Registered
Peterborough, Ontario, Canada

after changing over to

pervinal

the complete specially-balanced-for dogs vitamin-mineral nutritional supplement

"Ship more PERVINAL as soon as possible—I don't want to be without it even for one day—not with results I have been getting to date!" recently wrote Mrs. Rawluk.

A growing number of veterinarians, owners, handlers and breeders of top dogs agree with Mrs. Rawluk about the effectiveness of PERVINAL in conditioning dogs to bounding vigor, health and growth.

BERMUDA HOSPITALITY

. . . I should like to commend you for your very fine articles on The Bermuda Kennel Club Shows and Obedience Trials . . . You have not only reported the facts but capture the atmosphere, which was certainly outstandingly agreeable, and an important factor in the success of the event.

I have no affiliation with Bermuda, knew none of the Club's officers, was, moreover, an unknown exhibitor of a good but not a champion dog, yet I experienced the remarkable consideration and friendliness which was typical of this interesting and well-organized project — from the preliminary arrangements to the actual shows. I thought your readers might like to know that good will was not merely an official gesture but a general quality. Another year when deciding whether to make a trip of such distance and cost, they will perhaps like to add this thought to their deliberations.

Thank you for your articles; they inform those who were not there, and is an excellent record for those who were.

ELIZABETH C. B. HIGGINS

Sewickley, Pa.

And we are sure Bermuda Kennel Club members will remember Mrs. Higgins and her Pembroke Welsh Corgi, Red Wing of Gwrydd-Coed as gracious guests. — Ed.

SUCCESSFUL SUPPLEMENT

. . . our sincere thanks for the excellent job in setting up our ad, and congratulations on the very fine Christmas number.

On page 24 (December 1957) I read a very interesting article dealing with the feeding of small puppies with a formula. I would like to point out that a formula we have used most successfully is more complicated, but seems to supply every want, with no side effects in making the change. This formula we have used strictly as a supplement when the female was not able to supply sufficient milk. This particular formula calls for egg yolk, corn syrup, ascorbic acid, lime water, cod liver oil, Carnation milk and boiled water. It was given to us by our veterinarian, and we in turn have passed it along to others. Without exception it has proven to be ideal.

WALLY FREEMAN

Snoglo Kennels,
Oro Station, Ont.

Sounds like a good pick-me-up for tired humans, too!—Ed.

WE LOVE IT!

. . . You have made *Dogs in Canada* into a really worth while magazine — every issue is interesting now . . . also want to let you know how pleased we were with our advertisement. It was set up very nicely.

(Enclose 25c. in coin or stamps to cover postage and wrapping).

Shown here are six of the 40 Myia Kennels champions: l. to r: Can. and Am. Ch. Kurran; Champions Saranga, Khyber, Tukh, Hindukist, Rahman.

Here's what this well-known breeder of champions says about ZEV:

After the most exacting tests of ZEV on my own valuable dogs, I cannot recommend this remarkable remedy too highly. No pet owner should be without a bottle of ZEV at all times. It is without an equal as a Treatment for Distemper, Coughs, Colds, Catarrh, etc., and is the only single remedy I know of that will expel all three types of worms—ROUND, HOOK or TAPE—without previous fasting or subsequent purging.

MYIA KENNELS
Highland Creek, Ont. Mrs. Mary C. Matchett

Cut your kennel costs — save half or more on medicine bills, by giving the amazing Buckley formula, ZEV.

CONSIDER THESE FACTS ON BALANCED NOURISHMENT

Dogs receive maximum nutritional benefit from complete, scientifically-balanced foods. These foods must contain *all* the vital food elements necessary for day-to-day energy and protection against diet deficiency.

Most Dog Breeders and Owners Prefer Dr. Ballard's Dog Food . . . because this veterinary diet contains all known nutrients that a dog needs—proteins, minerals, carbohydrates and vitamins . . . the energy foods and body-builders every dog requires to stay in peak health.

Constant Uniformity and Quality—Dr. Ballard's Dog Food provides a complete, balanced diet. Nutrition experts scientifically measure the contents to assure uniform quality, balanced nourishment.

MORE VARIETY, MORE FOOD VALUE

Variety makes a big difference in a dog's appetite. Dr. Ballard's Champion canned dog food comes in the three flavours dogs enjoy most—Regular, Chicken and Liver. For added variety, there's Dr. Ballard's New Burgerbits, a dry dog meal that mixes *instantly* with water, milk or soup, gives twice the nourishment of prime beef hamburger—at half the cost!

Next time, ask for

DR. BALLARD'S DOG FOOD

ELKHOUND ENTHUSIAST

. . . You are to be congratulated, indeed, for the consideration given to Norwegian Elkhounds in the September issue of *Dogs in Canada*. I truly believe that every Elkhound breeder received helpful information from the articles contained therein and I personally wish to extend my thanks for the boost and publicity for that great dog, the Norwegian Elkhound.

I have been showing my Elkhounds throughout Canada quite extensively and it is a pleasure to plan a trip to Canada with an entry of Elkhounds. I have always been treated with the utmost courtesy and consideration at each and every show. Recently I have noticed that the Norwegian Elkhound is being recognized in many Group placings and many people are showing an interest and learning what an outstanding dog he really is—an excellent watch dog, a faithful companion, a guardian and friend of children and a hunting dog which any man might well be proud to own.

My great hope is that the coming year will produce more judges who have the knowledge and courage and honesty to place the Norwegian Elkhound in the Group or Best in Show, if he is an outstanding dog. Judges, handlers, exhibitors and spectators, in fact, every one with the capability of recognizing a dog which was the standard personified, realized that they had witnessed the placing of a great dog by a great judge, George G. Brooks, Jr., who placed Tortasen's Bjonn II, owned by Mr. and Mrs. A. Wells Peck, as Best in Show at the Southern Tier Kennel Club Show in Hornell, New York. Mr. Brooks displayed the courage of his convictions and recognized an outstanding dog, regardless of breed, instead of following the pattern of popularity which is so prevalent.

Again, I thank you in behalf of all Norwegian Elkhound owners and breeders for your magazine which increased the interest in them, not only in Canada, but in the United States.

WIRE WIN IS INSPIRATION

. . . We think your Christmas issue the best yet. Congratulations to you all.

As one who has bred and shown Wire Fox terriers in England and now doing the same in Canada, it was a great thrill to hear of the triumph of one of the breed at Montreal. Miss Barbara Worcester's Sunshower Strike, bred in England by Mr. Sutton and beautifully presented by Seth Campbell, took Best in Show two of the three shows. Reports from people not even in the breed have been so glowing, I trust they will be "inspired" into coming into Wires!

This is how I got started in them myself, after seeing Ch. Bluebird What's Wanted going Best of All Breeds, at the Ladies Kennel Assoc. Ch. Show in London, just after the war. I'll always remember the lights in the ring, the Wire, not a hair out of place, and the applause from the large ringside. I went right out

and bought my First wire female, and she has bred me two English Championship Show winners and a Canadian Champion. Since then it has been my experience, in England, at least, that nothing catches the eye or thrills the spectator more than an immaculately trimmed top class wire . .

In Canada, unfortunately, the public seldom have the opportunity of seeing a really good class wire looking as it should in the ring, and since arriving here I've not seen one win a group, let alone a major win. Entries too, are far poorer than they should be. When one has won well, I'm told, it is usually an import. Why is this? There are plenty of high class wires in Ontario, and quite a few being bred, but still it's the imports that win.

Surely this shouldn't be; over the past 20 years or so the best British dogs have crossed the Atlantic. In Canada are some of the very best winner-producing bloodlines for all serious breeders to use. But puppies just seem to go to the pet market at eight weeks, and that's the end of them where the show ring is concerned. This is all wrong, for the popularity and hence the market value of any breed depends greatly on the quality and showing it makes in the ring.

Often the excuse for not showing is, "I can't trim well enough". There are always professional handlers from whom to learn and study . . . . Then it only requires practice, trial and error, and willingness to take criticism and learn by one's mistakes. So, come along all you who were "inspired" at Montreal, and all you folks who love the breed. Get out to the shows in 1958 and study the methods of the leading handlers.

PAMELA J. RUNNING

Port Credit, Ont.

Mrs. Running has something here; in fact it holds good for many breeds and breeds. As any exhibitor knows, winning means work, but it's worth it. — Ed.

SCOTTISH DEERHOUND BREEDERS . . . .

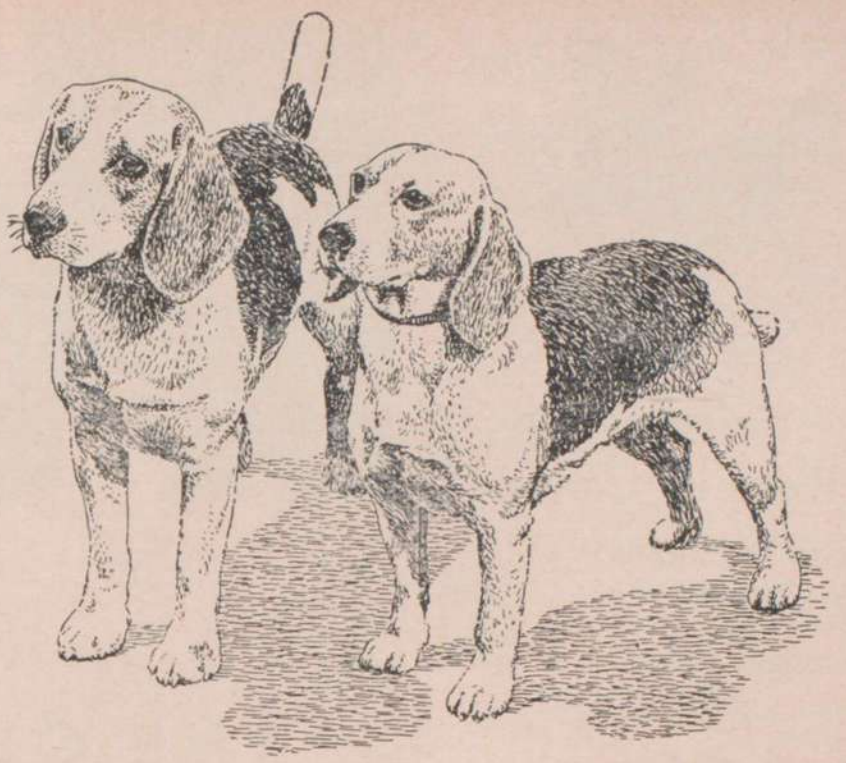
RR Boucherville, P.Q.

We too, would be interested in learning of other Canadian owners of this grand breed.—Ed.



SHOW BUSINESS

Six entrants to the class. Four soon eliminated — beam too narrow, apple headed, incorrect balance, snippy. Two well matched dogs are left. Nothing between them. Tough job this—but wait! No. 358 keener, positively glowing, obviously enjoying himself! Yes, he's the one. The deciding factor — his perfect condition.

CONDITIONING

Although wisely cared for, your dog may occasionally lose condition. Blood-purifying is the usual need. Karswood Dog Powders act directly on the liver, kidneys and bowels—organs responsible for cleaning and refreshing the blood stream. Karswood's also provide Phosphorus, Iodine, Tonic Salts, Sulphur and Calcium for Nerves, Muscles, Glands, Skin and Bone development. If you're in this Show Business, you can't afford to be without

KARSWOOD DOG POWDERS

Of Importance to Club Secretaries

A list is being compiled of dog clubs in Canada – Group Clubs. Breed Clubs, Field Trial, Obedience, etc.

The list will appear for the convenience of members, prospective members and readers every month . . . as another *Dogs in Canada* service to the Canadian dog fancy.

Each listing will include the Club name, and name, address and telephone number of the Secretary.

In order to make sure your club is properly listed, please send in the information set out in the above paragraph immediately . . . preferably typewritten, or clearly printed, for accuracy.

IF we do not hear from **your** club secretary, chances are your club won't be listed.

THE OLD TIMER

A little forethought on the part of the breeder can make it easier for both puppy and new owner, said the Old Timer.

The Old Timer looked reflectively at the small space heater he had installed to heat his kennels during the winter season.

"You know", he said "I had the nicest thing happen to me with that heater. A couple of days ago the company that installed it sent a service man around to check on it—just to make sure it was operating properly. Seems to me there's a lesson there some place for dog people."

I looked up from the lead I was trying to manufacture from a spare piece of the Old Timer's rawhide.

"What do you mean by that?" I asked.

"Why that visit by the space heater man was a fine piece of public relations. They didn't lose interest in their product just because it passed into the hands of a new owner and they realized that I might be in a market for another heater or another product some day and they were making sure of my good will. Seems that dog people—or at least many of them—could learn something from that."

"You're in your critical mood again," I said. "Did somebody outsmart you?"

The Old Timer snorted.

"Outsmart me my foot," he said. "What I'm trying to do is make a little sense. I'll agree there are a lot of good, conscientious people in the dog game but I also say there are far too many who, because of laziness, lack of knowledge or straight dishonesty, don't give a buyer a chance. You hear about those people and not about the honest ones. The result is the dog game gets a bad name."

"Okay," I said. "Let's imagine you're the czar of the dog game. What would you do to improve conditions?"

The Old Timer chuckled. He got out his pipe and spent a couple of minutes loading and lighting it while he thought out his program.

"I think it should be a process of education," he said. "The dishonest you can't do much about, but I think you could convince the lazy and ignorant that they have the same responsibility to a buyer the seller of any other product has . . . . let's say the automobile manufacturer."

"You mean the dog owner should sell his puppy subject to a four month guarantee and service, free, up to four thousand miles?" I interjected.

"You're getting facetious again," said the Old Timer. "If I was the czar, perhaps the educational program should start with you. Of course I don't mean a four month guarantee — but I do mean a guarantee that the puppy is right at the time of sale and enough service to see the new owner over the first period of ownership."

I figured the Old Timer had been needled enough by now. I sat back, prepared to let him talk.

"In my experience," he said, "at least seventy percent of sales are made to

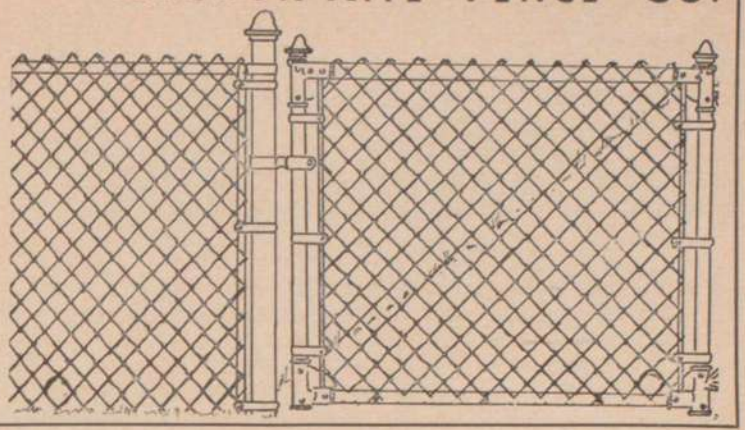
ANCHOR-RITE FENCE CO.



persons who have had little or no experience with purebred dogs. They are completely in the hands of the breeder and on the sort of deal they get from him, depends the opinion they will hold of people in the dog game. On it also will depend whether they continue to own a purebred dog.

"Let's say they just want a pet – have no intention of showing. And let's say the breeder has a couple that come into that category. Maybe they're a bit French-footed, or have bad mouths, or are a bit oversize or undersize. Why then try to get show dog prices for them? Offer them as what they are—pets at pet prices. Show the buyer the faults—but explain that they don't interfere with the dog's capacity to love and to give companionship. Show them the potential champion too and let them see why the price of a show dog is higher.

"But the breeder has a lot of responsibilities before the time comes that the puppy is offered for sale. There's the responsibility of seeing that the youngster is properly fed. There's the responsibility of making sure that it is worm free. There's the responsibility of insuring that it gets its protective inoculations as it reaches the age for these inoculations."

"But surely that's standard practice?" I objected.

"Most times yes," said the Old Timer, "but you'd be amazed how many people bring puppies to me because they'd coughed up a ball of worms. You'd be amazed how many new owners don't know anything about inoculations – don't even know whether their youngster has been immunized. But we're talking about all the things that would be good public relations practice.

"For instance, how much of a breeder's time would it take to give a puppy a short, daily workout on a lead and how much would the fact that the youngster was lead broken add to the new owner's pleasure. And how much would it add to the new owner's enjoyment if it was at least paper trained. It would be a good thing, too, if the puppy could be taken out into traffic and in the car occasionally so that it won't be a cowering wee beastie when it first leaves the familiar kennels. Mind you I'm not saying the breeder has a responsibility to do these things, but believe me, I think they are a part of good public relations.

"But when the sale is made there are responsibilities – if not exactly legal, at least moral. First of all the puppy must be in good health. The buyer should be told if it has been wormed and when and if further wormings will be necessary. He should be told about any innoculations that are still necessary. If the puppy is young he should be warned about problems that may come with the permanent teething period and warned for instance, to watch out for double dentition and above all he should be given complete information on feeding. As a matter of fact I use printed sheets that carry the puppy through from the time of sale to maturity. And finally let the breeder say just a few words."

"And those final words should be what?" I asked.

"Just this," said the Old Timer, "'Any time you have any problems with the youngster get in touch with me. I'll help you in any way I can.' And he should mean it. That's the breeder's free service for the first four thousand miles. And it's something that will pay off in goodwill."

Courtesy Kitchener-Waterloo Record.

Are you a pony or a puppy, asks solicitous Doberman Pinscher.

MEMO FROM THE EDITOR

Here's a real selling point for you. This office is receiving calls and letters from people who were the recipients of Christmas puppies which did not come from responsible, registered kennels. Usually the pups are a mixture of breeds, seriously unwell, and of course, the seller couldn't care less. Thus a life is spoiled for a dog, and the pleasure of possessing one is spoiled for the owner. All we can do is sympathize, recommend a visit to the nearest veterinarian, and belatedly point out the importance and pleasure of owning a purebred dog from a good kennel.

In most instances you'll find your magazine arriving earlier than formerly. We'd like to make it earlier still. Our printers co-operate to the utmost, but they can only work on material at hand. It would help us, and you too, if editorial and advertising material could be mailed as early as possible. It's easy to put it off, when dogs or kennels need attention, but only takes a few minutes when you get down to it.

Look for another "first" in *Dogs!* This innovation will be a directory of Clubs – specialty, group, field trial, obedience – to appear every month, together with the name and address of the secretary. This will be an active means of bringing interested people together. Now we just need the co-operation of the Clubs themselves, in sending in the necessary information. For detail, see notice elsewhere in this issue.

MARCH is one of the most important issues of the year. It's the Gallery issue: Gallery of 1957 Champions, Best in Show Winners, Field Trial and Obedience title winners. This is the time to honour your own winners – who have brought honour to your kennels! See advertisement elsewhere in this book. March is also the month honouring scoring dogs in the Canadian Licensed Open Age Stakes, 1957. This chart was a sensation last year, and will again be tipped in for easy removal for tacking on the wall or filing.

APRIL honours the increasingly popular small dogs, with a Gallery of Toys spotlighting this Group. It's a big chance for breeders to get on the band-wagon. Many apartment dwellers are finally waking up to the fact that they can own a dog, even in smaller quarters.

In January we printed a mention of some exceptional wins by Collies. These statements were made in all good faith by the publishers and the owner of the dogs. Subsequent statements have been received, and we stand corrected . . . Unless a statement of "firsts" can be officially authenticated, we cannot undertake to print it as such, even if it does make news!

Missing – Around the Obedience Ring in this issue. But it will be back next month, with its usual round-up of news and views in Obedience circles.

Members of The Canadian Kennel Club attending the annual general meeting at the King Edward Hotel, Toronto, February 15, will be guests at a luncheon at the hotel.

SLED DOG *RACING NOTES*

by RAYMOND THOMPSON

What makes a championship winner in the really competitive Sled Dog Races? Is the winning driver more deserving of credit than his dogs? Has the breed of dogs and the nationality of the musher anything to do with the championship?

Intriguing questions on controversial subjects, so let's look at a few of the results bearing on the above – results from sled dog racing in the North American Championship Sled Dog Derby, held annually for twelve years at Fairbanks, Alaska.

First, what breed of dogs have been consistent winners in this most famous of all sled dog contests. The answer—"huskies". The difficulty in pin-pointing this matter of breed is the undeniable fact that Alaska dog mushers do not conform strictly to any AKC rules of breeding and registration. We do not mean to infer that no purebred dogs are raised in Alaska, but it is apparent that Eskimos, Siberian Huskies, and Alaska Malamutes have been crossed to produce champion stock.

Apparently reliable sources would indicate that Siberian Husky predominates as this breed is noted for speed. But others argue that a cross breeding with the Malamute produces greater stamina without sacrificing speed. Other breeds

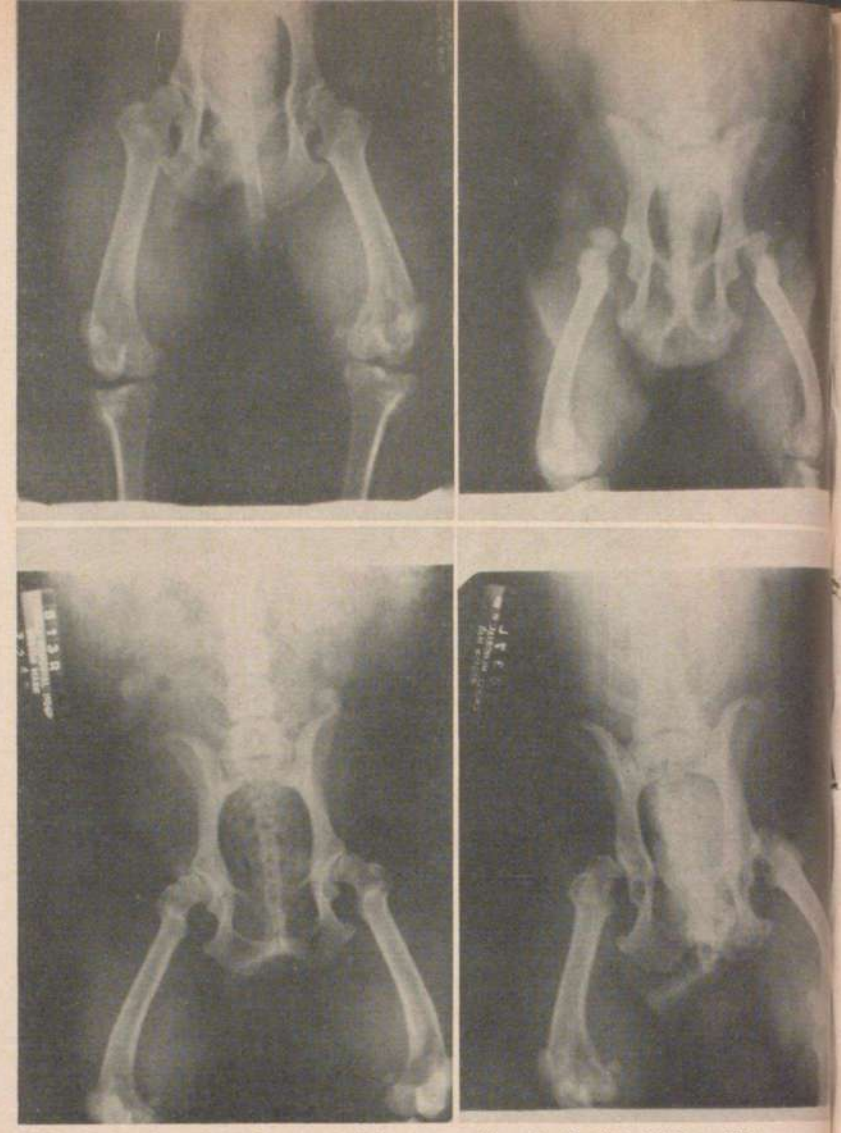
more

about

HIP DYSPLASIA



TOP: Left: the pelvis of a normal three-year-old, male English Bulldog. This print shows a hip socket (acetabulum) which is at least reasonably deep. The "ball" which sets into the socket (the femoral head) is round and well formed. One can see, however, a normal flat area; this being the point of attachment of the joint ligament. Also, note the characteristic curled tail of the Bulldog, curved to the left in the photograph. In the direct center of the pelvis is the shadow of the normal penile bone. **Right:** Severe congenital hip dysplasia in a six-month-old, English Bulldog. The sockets are very shallow and poorly formed and the femoral heads are not even near the sockets. This puppy had been walking, but objected to getting up from a sitting position and wobbled excessively while walking.

BOTTOM: Left: A two-and-a-half year old English Bulldog female with a moderate (Grade I) degree of hip dysplasia. Some arthritis can be seen, this taking the form of spurs on the edge of the femoral head. **Right:** This is Grade IV congenital hip dysplasia in a four-year-old male English Bulldog. No sockets, whatsoever, can be seen, the pelvis being merely a flat surface. Since the "ball" has not had contact with the socket and has merely been articulating in soft tissue, comparatively little arthritis has developed. It is amazing that such an animal can walk at all—surely walking is difficult.

Since writing and publication of "New Study on Hip Dysplasia" in the August 1957 issue, additional information has been obtained. It is suggested that the reader refer to the original article and add the additional information which are comments made by two well known Veterinarians who have long made a study of this disease.

This is in connection with paragraph 1, in the August Issue: Dr. Otto Schales, Prof. of Biochemistry, Tulane University and Director of Chemical Research, Alton Ochsneer Medical Foundation, New Orleans, La. made these comments: "The sentence that puppies from parents that transmit this condition may be apparently normal for a number of months should be explained. What is meant is that at an early age calcification is so incomplete that one can not tell from radiograph whether the pup is normal or not. It never looks normal at one time and subluxed later; it simply isn't possible to make a statement one way or the other at an early age. I do not believe that a puppy showing normal hips at seven months will later show hip dysplasia. Using breeding stock with normal hips does not guarantee normal puppies, but it is very likely that they will be normal. Only 4% of the subluxed puppies I encountered came from parents with normal hips, 96% of litters containing subluxed puppies were produced by parents suffering from hip dysplasia."

The following refers to paragraph 2 in the August issue: By X-raying the bitch or the sire you will not be able to tell that they will not have offsprings with this disease may be misunderstood. If either the sire or the dam have hip dysplasia you can count on having on the average 50% of the litter afflicted; if both parents have hip dysplasia, the chances are that 3 out of 4 pups will be afflicted. In connection with

this, the remark "If any of these dogs show this hip condition, it would be advisable not to use them for breeding" seems too weak for me. No dog with hip dysplasia should be used for breeding.

Paragraph 4 has been changed to read as follows: Also, it is advisable that no breeding take place between dogs of one kennel and another until X-rays of each animal have been studied by the individual's veterinarian. It is our opinion that this condition may not show itself in a puppy before at least four months at the earliest. To go a step further it is also the opinion that his hip condition may not show itself until a pup has reached an age of seven months. If, at the end of seven months, this condition does not appear, it is then evident that you may have a dog without the disease. It is therefore advisable to X-ray your pups at four months and again at seven months. It is the opinion that it is not advisable to breed during the first heat and it is suggested that prior to breeding there be another X-ray examination, as a check.

The following should be added to paragraph 6: Only thru proper X-raying will it show and this should be done by one fully familiar with proper procedure and equipment. The animal must be properly positioned for the X-ray. Placed on its back in a semi-sitting position so the pelvis is flat and not tilted on the X-ray plate. The hind legs are pulled back fully to achieve the position of a man standing. Anesthesia is sometimes necessary, but patience, liberal use of cushions, sandbags and other supporting devices may help to get a film without the use of an anesthetic. (Portion of the foregoing taken from Dr. Schnelle's article in The Shepherd Dog Review — July 1955.)

Dr. Gerry B. Schnelle, Chief of Staff, Angell Memorial Animal Hospital, Boston, Mass. has this to say: "Some English bull puppies are born with the hips entirely out of their sockets and an observant person certainly can detect this long before four months of age. In my experience with the disease in English Bulls, we see that it is much easier to diagnose at an early age than it is, for example in the German Shepherd." Dr. Schnelle wrote a very interesting article on the subject of Congenital Hip Dysplasia in the Shepherd for "The Shepherd Dog Review" — July 1955.

Dr. Schales wrote on the subject for *Popular Dogs* — the August 1957 issue. Your Veterinarians can read more detailed information by reading Dr. Schales' articles in "The North American Veterinarian, Vol. 37 June 1956 pages 476-478 and "Heredity Patterns in Dysplasia of the Hips", in the May 1957 issue.

PART III

RESEARCH PROGRAM

of the Shamrock Collie Research Lab

Written especially for Dogs in Canada by Dr. Lee Ford

THE Shamrock Collie Research Laboratory is a non-profit, non-political, non-sectarian association of dog owners and breeders who have enough faith in scientific research and study to not only learn how to keep accurate written records, but also keep them faithfully year after year on their dogs and pups. Dr. Lee Ford, the director, is a graduate cytogeneticist, able to study and interpret these findings in light of the overall picture as it is revealed through the many reports sent to the Lab. There is no paid personnel and everyone finances their own part of the program.

One of the first problems to come up for study was that of possible inheritance in connection with certain eye characteristics. The Lab up to this time had dealt almost entirely with the collie dog as its research animal, therefore the following pedigrees and details come primarily from the collie breed. However, all dogs have the same chromosones and genes, and the basis of differences in the breeds is simply the gene frequency of the individual pairs of genic alleles. Therefore, eye troubles are not of necessity confined to collies! Furthermore, the Lab will be more than willing to work with any non-collie owners and breeders on problems of this type.

The first problem in connection with any study of defectives is sometimes completely overlooked by the layman as either non-existent or unimportant. But it is sometimes the biggest problem of all. *First one must establish what is the so-called normal condition.* For you must remember that any such thing as "normal" is in reality only a concept and that the real usable "normal" varies quite a bit! Thus we must first establish just what is the normal variation to be expected in connection with eye characteristics. This means careful physical examination and testing of many dogs' eyes in many breeds to establish the "normal".

The study of the eye is a big subject, and today we have "eye specialists" in humans who do nothing else. For all practical purposes, the eye of man and the eye of the dog are essentially the same. They differ in several details only, among them (1) accommodation (2) tapetum.

Accommodation is a change in focal length possible in man because the shape of the lens is pliable and can be changed to focus on different objects at different distances from the eye. A young man will have as much as 7 diopters accommodation. A diopter is the angle by which the light rays are bent by a lens having a focal length of one meter. Birds have an accommodation, in some instances, of around 12 diopters. But our dogs have an accommodation of less than 1 diopter generally.

Dogs are also inclined to be myopic (near sighted) and cannot focus clearly on objects more than a few feet away in most instances. This also is because of the structure of the dog's lens. Dogs are also inclined to be astigmatic (part of the field of vision in focus, part not at same time). And also, the two eyes often do not focus at the same time on the same object, This too gives problems.

The **tapetum** (tapetum lucidum) is the pigmented and highly refractive area behind the retina which makes the dogs eyes shine at night. Man does not have this. Ordinarily the tapetum is yellow, but sometimes it is red and then we have the so-called "ruby eye."

We could go on with details of the "normal" eye of the dog, but you can begin to see that this in itself is quite a subject. Also, immediately we try to establish the "normal" we need tests which can be interpretated by the person giving them, as the dog cannot tell us what he sees or how much! One more thing, it is also assumed that the dog is color blind, as both rods and cones are needed for color vision. These are contained in the retinal layers.

Examination of the dog's eyes can be

done by various means, but the most efficient and inexpensive method presently being used is examination by use of the ophthalmoscope, which is an instrument operated either by electricity or batteries, with a handle something like a two-battery flashlight, and with a little concentrated beam of light on the end, and an adaptation to allow you to see into different depths of the dog's eyes. As the dog's eyes vary one from the other and even at different times of the day (bright sunlight or cloudy weather almost always affects them) and at different times during the dog's life, one again must know what is "normal" not only for the dog, for this breed, but also for this particular individual. Hence the value of repeated examinations under different conditions.

Other ways of examination are by histological and embryological techniques, but these are not of much interest to us right at the moment.

One more point needs to be mentioned, viz. the cost of examination of the dog's eyes and payment for professional services rendered. Without quoting prices or naming names or anything else, we can say that there are very few veterinarians qualified to give a competent diagnosis on eye defects, and the reason for this is not the fault of the veterinarian, but the fault of the dog owner and breeder. Because once the dog owner and breeder begins to take seriously the many eye problems prevalent in his breed, and insists on regular and routine examinations of his dogs, then the need for more ophthalmoscopes and more trained personnel to use them will make the information more readily available and at a lesser cost. For years breeders have most carefully checked all the various conformation points of the dog, placement, shape, size, etc. of ears, color and texture and length of coat, and of course eye position, size, shape – but – they haven't checked scientifically to find out if the dog actually sees out of those eyes!

Thus we have tried to establish: (1) What is a "normal" eye for your breed and your individual dog. (2) The need for more and more individual examinations to be sure that the dog in question *does* have normal vision, especially before this dog is used in breeding. (3) That the problem of cost can be controlled simply by all breeders having eye examinations of their dogs and insisting that they get accurate diagnoses.

The part (2) just above brings up one more very pertinent problem in connection with this whole eye problem. Or any other problem in breeding, for that matter. We have to establish if the dog is normal for sight, *then* we have to establish if the irregularity or defect in the dog is hereditary, and *then* we have to establish if the "normal" *appearing* dog *carries* the defect if it is hereditary! And this is a big assignment!

How does the professional geneticist go about deciding if a defect is hereditary? Well, it isn't easy! And the cooperation of the breeder is a lot of help at this point. Remember, however, that all records used must be accurate, complete, written, giving all details. A dead pup, a wrong sire, a missing bit of information may be just what was needed to give a different interpretation.

There is not time to elaborate, but here are some of the methods genrally used in an attempt to establish the hereditary aspect of a condition. (1) an individual examination and diagnosis and comparison with a known and already recorded type. (2) A pedigree examination of the individual in question together with comparison with known and recorded master pedigrees. This is the method made possible by the Lab's cooperative program. Data and pedigrees are sent into Dr. Ford who can then composite them into master pedigrees for study. No one but Dr. Ford knows the actual dogs involved. We will present several of our pedigrees shortly, and you can see from them there is no way of identifying either dog nor owner. (3) An examination of relatives to attempt to determine incidence of the condition. (4) Test matings. This is one of the best methods, and one used by Dr. Ford in her own Lab genetic test studies using actual dogs sent in to the Lab by various cooperators.

What are some of the difficulties? We could name many, but again, here are a few to give you some idea. (1) There is the problem of whether the condition is hereditary or whether during embryological development something went wrong and the condition is merely developmental. (2) Then immediately the problem of whether the developmental condition was hereditary! Or simply by chance or accident. (3) Confusion of diseases and hereditary – both before, during, and after birth. (4) Difficulties in getting information on more than just the one dog brought to the attention of the investigator. (5) Misrepresentations by sensitive breeders who do not realize importance of genetic studies (6) Errors or mistakes of some sort in presentation of the actual pedigree studied (7) Difficulties of correct diagnosis, especially in eye conditions. (8) The small numbers of individuals available for study and incomplete knowledge of relatives. (9) Lack of breeder records.

(*Continued on page* 48)

Now look, Water Spaniels love water, right? And you're a Water Spaniel, right?

THE TIBETAN DOGS

For centuries, it was a rare traveller who was permitted to so much as glimpse a dog in the wild Tibetan mountains. Now you can see some in show rings and homes on this continent.

SEVERAL interesting breeds have come out of Tibet, whose two common characteristics are –

(a) The heavy coat of hair, which protects them from the rigors of the climate.

(b) Each of the breeds carries its tail curled up over the back.

There are four breeds native to this country –

1. The Tibetan Mastiff.
2. The Tibetan Spaniel.
3. The Lhasa Apso.
4. The Tibetan Terrier.

SHIH TZU

I think one also should mention the Shih Tzu (pronounced "Sheed Zoo") a breed very similar to the Lhasa Apso. The Shih Tzu is a Sino-Tibetan creation bred from the last remaining stock of Lhasa Apso, which had been presented to the Chinese Court, and the native Chinese Pekingese. Though this breed was really created by the Chinese they named them Shih Tzu, which is interpreted as Tibetan Lion Dog. No Shih Tzu are however to be found in Tibet, whilst even in China this breed is not common. Although this is a small breed, it is not officially regarded as a Toy Dog and the Standard of Points laid down by the Shih Tzu Club of England (formed in 1934 through the Pioneering work of Mrs. W. D. S. Brownrigg) is most careful not to suggest it being a lap-dog. Shaggy-haired and short-legged, the Shih Tzu are quaint little dogs, big for their size, if one may coin such a paradox. That is, there is not much of them as regards height, but their profuse coat gives one the impression that they are much bigger than they really are.

The head is broad, round and wide between the eyes and covered with hair, which falls over the eyes. There are a good beard and whiskers and the hair growing upwards on the nose gives a distinctly chrysanthemum-like effect. Muzzle square, short and not wrinkled. Eyes large, dark, and round. Ears large and carried drooping, so heavily coated that they appear to blend with the hair of the neck. Forelegs short, straight, and muscular. They should look massive on account of the wealth of hair. Body between withers and root of tail should be considerably longer than the height at withers. Hindlegs short and muscular, well covered with hair. Feet big, with hair between the pads. Tail heavily coated and curled well over back; set on high. Coat long and dense but not curly. All colours, but a white blaze on the forehead and white tip to tail are highly prized. Dogs with liver markings may have liver noses and lighter eyes. Height about 11 in., but considerable variation is permissible provided other proportions are correct.

TIBETAN MASTIFF

The Mastiff of Tibet is most probably the nearest of living types to the ancestor of the many Mastiff breeds throughout the world, including St. Bernards and Newfoundlands. This breed deserves a few words on account of their size and striking appearance. In their own country these dogs, which are used as guards, have a reputation for ferocity. This disposition is encouraged by the fact that they are kept

closely chained. Specimens have from time to time been shipped to America and England, where they have always aroused interest and seemed as tractable as any other dogs. In Germany D. W. Mut tried to breed a black Kuvasz by cross-breeding the white Kuvasz with the black Tibetan Mastiff. Height 27-28 in. Colour black, black-and-tan, black-and-red, and mixtures of these shades. Coat medium to long, thick and fully armoured against extreme cold. Ears set high, pendant. Tail plumed and curled over the back.

TIBETAN SPANIEL (Tibetan Prayer Dog)

Something like a Pekingese with short hair on the back and flanks, the Tibetan Spaniel is quaintly attractive, though a long way from being popular. In Tibet it is usually bred in the monasteries, where it is highly prized and has been for many centuries. Essentially a Toy Dog, it is natural that the smaller specimens are the most valued and hardest to obtain even in Tibet, where it is by no means common. The breed is not as well known in Britain and America as it is in India, where it has been officially recognized for many years. Height about 10 ins. Colour black, black-and-tan, red, biscuit and tan. Coat silky with ample feathering. Ears drop or prick. Tail curled over the back.

LHASA APSO (Talisman Dog)

In former time the Lhasa Apso used to be called Lhasa Terrier, but when Col. F. M. and the Hon. Mrs. Bailey came back to England from Tibet they told that these dogs were known there as Apsos and so they have been called ever since. They are very much the same size as the Shih Tzu, and they are also covered with profuse shaggy hair. The colours may be golden, sandy, honey, dark grizzle, slate, smoke, particolour, black, white or brown. In Tibet the Lhasa Apso was kept as special guard inside the dwellings. For this work these dogs are peculiarly adapted. Their wonderful intelligence, quick hearing, and finely developed instinct to detect intimates from strangers is no doubt the result of long years of training in this respect. Height about 10 to 11 in. Mouth level, otherwise slightly undershot preferable. Muzzle of medium length. A square muzzle is objectionable. Eyes dark brown. Ears pendant and heavily feathered. Forelegs straight. Both fore and hindlegs heavily furnished with hair. Feet should be well feathered, round and cat-like, with good pads. Tail well feathered and curled over the back.

TIBETAN TERRIER

For some time the height of the Lhasa Apso varied so much that it seemed obvious that they could not all belong to one breed, and inquiries led to the conclusion that the taller ones should be called Tibetan Terriers. (It is regretted that this dog falls under the "Terrier" group as it is claimed that this breed has nothing to do with a terrier and it is hoped that eventually this breed will be transferred from the Terrier Group to the Working Group, as it has been done with the Standard Schnauzer). They have done well enough to get a standard of their own, from which we learn that the skull is of medium length, not broad or coarse, narrowing slightly from ear to eye, not domed but not absolutely flat. Head well furnished with long hair falling forward over the eyes. The lower jaw carries a small amount of beard. Eyes large and dark. Ears pendant, not too close to head, V-shaped, not too large, heavily furnished with hair. Forelegs straight and heavily furnished. Body compact and powerful. Hindquarters heavily furnished. Feet large, round and heavily furnished with hair between the toes. Tail of medium length, set on fairly high and carried in a gay curl over the back; well feathered. Profuse outer coat, fine but not silky. Colours white, golden, cream, grey or smoke, black, particolour, and tricolour, in fact any colour except chocolate. Height at shoulders 14 to 16 in. for dogs. Females slightly less.

MRS. R. D. McLELLAN

•

Mrs. R. D. "Dickie" McLellan, Montreal, is well-known for her interest in affairs of dogdom, and particularly for her efforts on behalf of the Hungarian Puli. She was instrumental in having this breed recognized by the C.K.C.

DOGS and PEOPLE

Died: Mrs. Blanche Storring, of Tamworth, Ont., suddenly at Cobourg, on January 1. Mrs. Storring was an active breeder of smooth Dachshunds, and a member of the C.K.C.

Many old timers will regret to learn of the death of Mrs. Fred L. Coleman of Hull, Que. Her husband predeceased her.

Sympathy is extended to Miss Mabel W. Smith of Ottawa in the death of her mother; Dennis R. Hayes of Ottawa in the loss of his mother, and J. W. Goodman, also of Ottawa, in the death of his brother.

• • •

Sympathy is extended to Mrs. Eileen McEachren, president of The Canadian Kennel Club, in the loss of her mother, Mrs. R. S. McLaughlin, of Oshawa. Mrs. McLaughlin was noted for her interest in women's education, in the arts, Y.W.-C.A., and missions, historical associations, Girl Guide work, hospital and many other phases of welfare. Many recipients of help, both associations and individuals, never knew the name of the donor.

• • •

Mrs. Patrice Fisher, Ancaster, Ont., well-known Dachshund fancier, has purchased two female Afghan pups from Mrs. Mary Matchett, West Hill, Ont.

Seventy-three Canadian dogs are entered in the 82nd annual Westminster Kennel Club Dog Show which will be held at Madison Square Garden on February 10 and 11. Some 2,500 dogs, all of whom (except puppies) must have won a blue ribbon in an earlier show, will be competing for the choice crown of Best in Show. This year, for the first time, no dog under nine months of age may be entered.

Best dog in the 82nd annual show of the Westminster Kennel Club will be selected by William W. Brainard, Jr., Far Hills, New Jersey. Mr. Brainard is licensed by the American Kennel Club to judge many of the hound and terrier breeds, and has officiated at English shows at Blackpool, Richmond and Crufts as well as large American shows.

Due to its tremendous popularity the special event "Gun Dogs In Action" will again be presented during the show. For this demonstration, a patch of upland hunting country will be simulated in the Garden. Many of the top hunting dogs in the United States will participate in this demonstration of skill in the field. Evelyn Monte, a leading field trial judge, heads this special event.

• • •

A young Afghan female imported by Mr. and Mrs. Floyd Mifflin of Windsor, Ont. from the renowned English judge and breeder, Dr. Porter, has been winning consistently in Canada and the United States. At her first show in the States, the Progressive Dog Show held in Detroit, Khoreiba-El-Kabul moved up to Best of Opposite Sex, at the age of nine months under Dr. Mitten.

• • •

The intelligence and strength of a spaniel saved the life of his mistress when the pair were walking over dumps of an old tin mine near Camborne, Cornwall. The ground gave way, dropping Mrs. Irene Berryman to the bottom of the shaft. The dog jumped to safety, then stood firm while his mistress clung to the lead and dangled from the end of it. Slowly as the dog pulled, she was able to get a grip on the sloping side of the shaft and crawl back to the surface.

From a clipping from the Times Weekly Review, contributed by Mrs. Nora E. Navin, Willowdale, Ont.

The Shamrock Collie Research Laboratory announces publication of a complete 50-page report covering all aspects of the study of the "Grey" Collie, long a disputed topic with Collie breeders. The first complete genetic-breeding report covering this topic deals only with the recessive grey gene and not the dominant grey gene, which will be reported on separately as soon as certain vital data are complete, states Dr. Lee Ford.

AUSTRALIAN TERRIER

Said to stem from a mixture of several small British terrier breeds, this appealing little fellow is actually becoming more popular in Europe than his home country, and is the recipient of much attention wherever shown in Canada or the United States. The colour itself is distinctive: blue on the body, with a rich tan on the face and legs. It also sports a blue or silver topknot. True to terrier talent, it is good on going to ground after game. It is likely to become more in demand as a bright, intelligent companion and housedog.

PILBARRA KENNELS, 42 Lucknow St., Halifax, N.S. Owner, Mrs. Alice H. Bissett. Shown here is **Pilbarra's Token.** Litter expected.

BEDLINGTON TERRIER

This dramatic-looking member of the terrier family is set apart from other terriers by its long ears, profuse topknot, and pronounced roach. Researchers aver the Bedlington can trace its pedigrees back farther than any other terrier and most other breeds. Early characteristics were out of keeping with its lamb-like appearance—with fighting uppermost. Although never trouble seekers, they would fight to the death, once provoked. Today he is noted for his sweet temperament, while maintaining his courageous heart. Colours: blue, blue and tan, liver, liver and tan, sandy, sandy and tan.

DOYLE'S PARK, REG'D. R. R. #1, Richmond Hill, Ont. Shown here is **Am. & Can. Ch. Janice Holiday Rhapsody,** co-owned by Ken Doyle and Marie D'Andrea, 162-03 14th Ave., Whitestone 57, N.Y. Puppies by Eng., Am. & Can. Ch. Foggyfurze Classic Cut expected in March. One reservation will be accepted.

BULL TERRIER

This athletic breed has gone through periods of fame since about 1835. First a Bulldog was bred to the now extinct white English Terrier, then later crossed with the Spanish Pointer. The Bull Terrier was known in earlier, rougher days as "the gladiator of the canine world". Apart from his tremendous strength, speed and courage, he was taught by gentlemen owners to defend self and master, but not to provoke fights. All his senses are unusually keen. He now prefers affection to fighting. Bull Terriers have acquitted themselves well in hunting, herding, on stage and screen, in police and obedience work.

KERNOW KENNELS, R.R. 2, Barrie, Ont. (Telephone Parkway 6-6098). Shown here is **Tilly an Kernow,** at three months. Puppies for sale. Another litter due early March.

CAIRN TERRIER

Smallest of the working terriers, the Cairn was once called the Short-haired Skye Terrier. The Scottish, West Highland White, long-haired Skye and the now extinct Kyle are said to be descendants. Scottish Lairds hunted Cairns in packs on fox, badger etc. Pursuing otter, they proved capable as Spaniels in water. The Cairn is a commendable house dog, affectionate with family, aloof to others. He is gay, always showing an intense interest. Naturally shaggy, he requires little barbering, even for show, and is happy with little or much exercise.

CARA MIA KENNELS, REG'D, No. 5 Side Road, Esquesing Township, R.R. #5, Milton, Ont. (Triangle 8-9481). Owner, Mrs. J. B. Southcott. Shown here are Cara Mia Cairn puppies, **Pepper** and **Ginger.** Puppies expected. Stud Service and Exclusive Boarding. Also fine German Shepherds.

FOX TERRIER (SMOOTH)

This dapper terrier was recognized at shows in England more than a decade before the Wire. Although little difference other than coat is seen between the two now, they are conceded to have varied backgrounds. The Smooth has in his make-up the smooth-coated Black and Tan, the Bull terrier, Beagle and Greyhound. Famed as a fox hunter by way of his keen nose, exceptional eyesight and staying power. So well drawn up was the original English standard, it has remained virtually unchanged except for weight, since 1876, and was accepted on this continent with only a minor change in measurement.

BREAKEYTON KENNELS, 8 St. Augustine Ave., Breakeyville, Que. Owner, Ian Breakey. Shown here is **Ch. Breakeyton Kip.** Dogs at stud. Pups for sale.

FOX TERRIER (WIRE-HAIRED)

Generally conceded to be older than the Smooth, although accepted later in the ring, the Wire has long been a favourite on vermin and fox particularly. Bravery, devotion and intelligence are among outstanding characteristics. Up to about 1803 colours were generally reddish, black with tan muzzles and legs. White became the preference for distinction from foxes or badgers. Eventually the dapper breed became a fashion plate, was a favourite at Westminster for many years, and is once more enjoying an increase in popularity. Still spunky, a good companion, and responsible watch dog.

ROSEHILL KENNELS, Box 421, Edward St., Hespeler, Ont. Owner, Mrs. Hugh Simpson. Shown here is lovely litter from **Dixe** of **Champlain View.** Stud service. Grown Stock. Puppies usually available.

IRISH TERRIER

This breed too, originated as a working terrier, with Scotland, Wales and Ireland its early home. Sturdiness first had precedence over colour and size, but eventually the desirable wheaten shade became the preference. Born for fast, sure work on rabbits, woodchucks, badgers and water rats, it showed ability to retrieve, both on land and water. Not gun shy, the Irish Terrier further proved his mettle as messenger and sentinel in both World Wars. In the home he is a real pal, full of love and fidelity, an unyielding guardian of members of his family.

GLENCAR KENNELS, 57 Norden Crescent, Don Mills, Ont. (HI 4-2813) Owners, Mr. and Mrs. M. J. Elliott. Puppies due this month. Reservations accepted now.

KERRY BLUE TERRIER

The National Dog of Ireland may well be called an "all-rounder". He has been valued as a herder of sheep and cattle, and has no superior as a watch dog. He is endowed with remarkable endurance and strength, and if necessary, will fight to the death. One of the gamest of all terriers, exceptionally alert and readily trained, the Kerry has been used on birds and small game, and can be taught to retrieve. This blithe breed takes to water like a duck, and is completely disdainful of icy cold. The Irishman is gentle, lovable, loyal; aloof to strangers, gay and witty throughout its entire life.

TREGOAD KENNELS REG'D, 19th Avenue, R.R. 1, Richmond Hill, Ont. (TUrner 4-3002). Owner, Mrs. E. Betts. Shown here is a promising show puppy **Tregoad's Vicky's Victor.** Puppies expected for Spring.

LAKELAND TERRIER

This old-time working breed has been attracting much attention lately. Known by various names, particularly Patterdale, this neat terrier received its present name from its birthplace around 1925. These terriers were originally kept to hunt with hound packs and to destroy foxes. Nimble and quick, the Lakeland proved ideal for the work. Many stories are told of their unrelenting burrowing underground for as long as 12 days. Now making a name for itself not only in the ring, but in the home, the Lakeland is commended as an alert watchdog and a quiet, pleasant friend.

TRELEAVEN KENNELS, R.R. 1, Todmorden, Ont. (HIckory 4-8330). Home of outstanding Lakelands and Scotties. Owner: John Treleaven.

PICTURE NOT AVAILABLE

OF

"COTTAGE PARK GIBRALTER (IMP.)"

LHASA APSO

From the beginning of the Manchu Dynasty in 1583 and until the early 20th Century, the Lhasa Apso was given by the Dalai Lama of Tibet to members of the Chinese Imperial families and other dignitaries. So sacred were these dogs in the wild Tibetan mountains, they were rarely even seen by travellers. The dense coat serves as protection against cold. Lhasas are intelligent, bright, hardy little creatures, inordinately keen of hearing. Extremely affectionate, they are devoted to their owners.

CARROLL COCKERS REG'D, 146 Bellamy Road, R.R. 2, West Hill, Ont. (AMherst 1-4143). Owner, Mrs. Margaret Carroll. Shown here is **Kyi Chu,** at stud. Beautiful golden and white with black tips. Also puppies for sale; dam Lotus Blossom of Abbotsford, Best in Show puppy (all breeds). More information on request.

MANCHESTER TERRIER

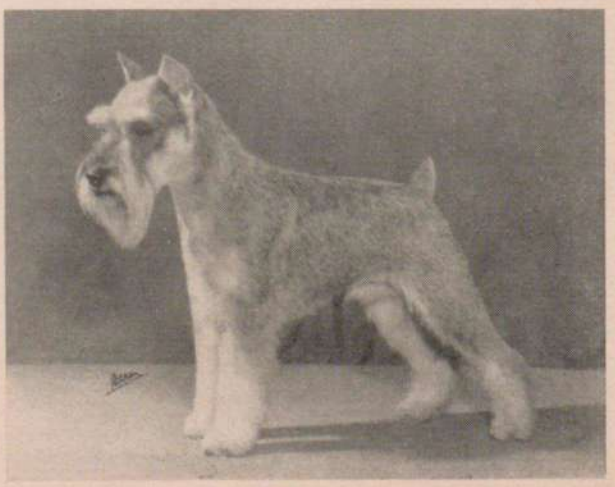
Many generations before the existence of shows, this active quick-moving terrier was renowned for rat killing and rabbit coursing. Today's slim Manchester is a vast improvement. In the home he is wise and intelligent, a desirable companion. Smart in appearance, with clean head, glossy coat, keen expression and whip tail, the Manchester always maintains a wide-awake appearance. They are clean, easily kept, not a seeker after fights, but enjoy a scrap.

CHATHAM FARM, R.D. 1, Newtown Square, Pa. Owner, breeder and handler, Charles H. Turner, Jr. Shown here are, left, **Am. and Can. Ch. Sylph of Chatham,** toy Manchester and **Am. and Can. Ch. Sundown of Chatham,** standard, with handler, Mrs. Turner. Show stock, puppies for pet and show, champion stud services. Pictures and pedigrees on request.

MINIATURE SCHNAUZER

While the standard and miniature Schnauzers are identical, except for size and slightly more variation in colour in the latter, the miniature is actually an outcross of Schnauzers to Affenpinschers. It would be hard to find a more gay, loving little companion, real homebodies, yet casual travellers. Small, but not toyish, they are conscientious guardians, even the puppies. The coat is hard and wiry, free from shedding and doggy odour. Schnauzers can exercise themselves, or easily stand up to a 12-mile trek.

COSBURN KENNELS, REG'd, 313 Blantyre Ave., Toronto, Ont. (OX 9-3529). Owners, Mr. and Mrs. W. Gottschalk. Shown here is **Am. and Can. Ch. Esquire of Marienhof.** Whelped Dec. 5, 1955 this young dog has a lifetime record of 1 All-Breed BIS, 2 BOB'S at Miniature Schnauzer Club of Canada Specialty, 5 Group First, 7 other Group Placings and 21 BOB's.



NORWICH TERRIER

Less than a century old, this little terrier was produced by Englishmen as a "small working terrier". Moving independently at first, a number of breeders eventually got together and produced this desirable rough-coated little hunter of rabbits and rats. They were at one time a fad among undergraduates at Cambridge. This game little "all-weather" terrier has a hard and close protective coat. It does not collect dirt, and needs little trimming, even for show. The Norwich, like most terriers, is a one-man dog, tireless in its devotion.

CARLISLE KENNELS, 18445 Schoenherr Rd., Detroit 5, Mich. (LAkeview 1-4009) Owner: Buddie Jeanne Blackburn. Shown here is English import **Wheatnor Puffin,** who is at stud. Reg. guaranteed. Puppies usually for sale.

SCOTTISH TERRIER

Once the most popular dog in all walks of life, the Scotty's heyday somewhat diminished, but appears to be returning. Although records of the Scotty or "Aberdeen" date back only to 1879, there is no doubt of the antiquity of its ancestry. Few changes have been made in the breed over the years. This is one breed whose tail is never cut, but like his head, is carried high and proudly. Although many people are familiar with black Scotties only, they may be steel or iron grey, brindled or grizzled, sandy or wheaten. The compact little terrier is keen and active.

HARRIS SHIRE KENNELS REG'D, Box 105, Belmont, Ont. (phone 422-r-41) Owners, Mr. and Mrs. J. F. Harris. Shown here is **Ch. Haldon Rock.** Three wheaten litters expected this month. At stud: one silver brindle, one wheaten, two blacks.

SEALYHAM TERRIER

One of the most appealing in the world of small dogs; winsome with owners, with an apparent aloofness to strangers. His size makes him ideal for apartment dwellers; he offers the combination of companion, pet and guardian, to say nothing of the attraction on the show bench. This delightful breed became almost forgotten, until small white dogs caught the public fancy. Originally a working dog, and one of the pluckiest terriers ever created.

BALKAREN KENNELS, REG'D, Brock Road, Claremont, Ont. Owners, Mr. and Mrs. John Paton. Shown here are **Balkaren White Knight** and **Balkaren White Cloud.** Imported from Britain: Ch. Vandon Vagabond and Ch. Shenden Pleasure. Watch for our next import. Cairn, Scottish, Sealyham and Maltese Terriers.

SKYE TERRIER

While many breeds have been "revised", the Skye has remained almost entirely unaltered for the past four centuries. His flowing coat now is a matter of pride; originally it was provided as protection against vicious animals in his duties as a working terrier. The Skye stems from the northwestern islands of Scotland, and first became known in England as pets of nobility. Although not at the top of the popularity list, he has remained steadily in favour almost longer than any other breed. Height, about 9 inches, overall length about 40 inches.

IRADELL KENNELS, West Mountain Road, Ridgefield, Conn. Shown here is **Ch. Ivory Jock of Iradell.** At stud. Puppies and grown stock generally available.

STAFFORDSHIRE TERRIER

For many years called the American (Pit) Bull Terrier, or Yankee Terrier. This dog was originally bred for baiting bulls. Down the years, however, the conformation and temperament has been refined. The present breed is docile, but in spirit completely game, with rare courage. Other qualities: an air of authority, readily able to assess strangers' intentions, and extremely intelligent.

PRESQUE ISLE KENNELS, 3925 Marion St., Erie, Pa. (phone OI-4458). Owners, Mr. and Mrs. Jacob Uplinger. Shown here is **Ch. X-Pert Deep Onyx,** holder of the Dog World Canine Distinction Award, having finished her championship in six shows without defeat in her sex. Puppies from top champion blood-lines. Stud service. Breed book, $3.00.

WEST HIGHLAND WHITE

Through its cocky manner tinged with sweetness the "Westy" is coming to the fore in the Terrier group. Its lineage is said to go back to the time of James I. No mere fireside decoration, the shaggy little terrier can stand chill waters, and will tackle any burrowing creature above or below the earth. Although a hardy dog, made for the outdoors, his merry spirit and small size make him a desirable house pet. Since the coat is hard and stiff, little more than a good brushing is required to keep the white coat clean.

HUMBY'S WEST HIGHLANDS, Albert Head Road, R.R. 1, Victoria, B.C. Owner, Miss Edith E. Humby. Shown here is the late **Ch. Highland Castor C.D.,** sire of many Canadian and American Champions. Young stock usually for sale.

COVER STORY

To tell you of my first meeting with the Dachshund will take us back many years. We must go back so that you will really realize the everlasting impression my first friend made upon me. The indelible impression that has made the name 'Moepple' live on and on in stud book after stud book and the very birth of my kennel name "Wunderbar'.

I was eight. It was the summer of 1914. He came from Berlin and his name was Moepple!

We had gone far north in Saskatchewan for a vacation. Childlike I wandered to the next farm. Two girls were there, Marta and Olga Friedenstab and they were the proud owners of that breathtaking boy-dog, Moepple. I fell hopelessly in love at the very sight of him. How very wrong are "they" who say that young love doesn't last. How very, very wrong. I screamed that he was beautiful. They screamed right back at me that he was truly 'wunderbar'.

The two months flew by and the time came to say auf wedershen. Amidst tears they promised me a little Moepple of my own. Two years later HE arrived; black, without a trace of tan. His sire and dam, being stowaways, had no known family tree. I prefer that phrase to the one 'no papers'. Surely to know one's sire and dam could never make one more gentle, more loving and above all, more beloved.

Well, the young fellow grew to manhood and we found sweet little crooked legged Helde for a playmate for him. She too was a stowaway. My whole life changed with the arrival of their first family. I recall vividly each tiny little soul. My cup of happiness was overflowing. They at least knew their sire and dam, Moepple, Helde and I were sublimely happy. But, time marched on. They grew old and I grew up. Grew up to a world that had become very pedigree-minded. I went along with the times. From registered Dachshunds to dog shows. From dog shows to champions. And always the endless studying of pedigrees and the difficult understanding of genes. Exultant when a breeding turned out as planned and in the depths of despair when the ever unpredictable gene flared up in reverse.

I close my eyes and go back all those years. I see Moepple, Helde and myself so happy in our ignorance of pedigrees, dog shows and genes. I look today at kennel walls lined with ribbons and beautiful portraits of our many champions. Champions that were all born in my own hand. I adore them but they are no more beloved than is the memory of my little orphan Moepple, black, without a trace of tan and dear little Helde with her so very crooked front legs.

You ask how long have I loved the little Dachshund? A lifetime!

Patrice Fisher

SHOW AND TRIAL RESULTS

These are the official awards as compiled by the recording department of The Canadian Kennel Club. Any correspondence relating thereto must be addressed to the Secretary Treasurer, The Canadian Kennel Club, 667 Yonge Street, Toronto, Ont.

SHOW NO. 96 - 57

NATIONAL ALL PETS ASSOCIATION

Continued from January Issue.

BEST CANADIAN BRED PUPPY IN SHOW--
Dachshund (Smooth), Lomisis Tuneful, L. J. Lagimodiere.

GROUP AWARDS

GROUP 1--SPORTING--
1st, Spaniel (American Cocker), Am. Ch. Greenbriar's Timber Tone.

KEY TO ABBREVIATIONS

GROUP AWARDS

The letter "X" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred in Group. The letter "Y" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred Puppy in Group.

BREED AWARDS

Class abbreviations—JP—Junior Puppy Class; SP—Senior Puppy Class; N.—Novice Class; C—Canadian-bred Class; E—Bred by Exhibitor Class; O—Open Class.

Class placements—1.—1st in Class; 2.—2nd in Class; 3—3rd in Class; 4.—4th in Class.

Other breed awards—W—Winners; RW—Reserve Winners; BW—Best of Winners; BV—Best of Variety; BB—Best of Breed; BO—Best of Opposite Sex; X—Best Canadian-bred in Breed; Y—Best Canadian-bred Puppy in Breed.

Class Divisions—

Boston Terriers: u—under 15 lbs.; d—15 lbs. and under 20 lbs.; f—20 lbs. and over.

Bulldogs—Males: u—under 45 lbs.; d—45 lbs. and over. Females: f—under 40 lbs.; j—40 lbs. and over.

Great Danes: h—harlequin; d—any other colors, except where separate class for brindles is provided (b—brindle).

Collies—s—sable or sable and white; a—any other colors.

Other abbreviations: SO—Entered and completed for "Specials Only"; Kls.—Kennels.

Breed statistics: 3D, 4B, 2SO; Pts.—D2, B3—means that three dogs were in competition in the breed classes; four bitches were in competition in the breed classes; and two were entered and competed for "Specials Only". The Winners Dog earned 2 points; and the Winners Bitch earned 3 points.

The President, Officers, Directors, and Members,
The Canadian Kennel Club,
667 Yonge Street,
Toronto 5, Ont.

24th January, 1958.

We have audited the accounts of The Canadian Kennel Club, for the year ended 31st December, 1957, and submit herewith Statements and Schedules as follows:

Balance Sheet, 31st December, 1957	
Statement of Revenue	Statement 1
Statement of Expenditures	Statement 2
Profit and Loss Statement	Statement 3
Schedule of Salaries Paid	Schedule 1
Schedule of Travelling Expenses	Schedule 2
Analysis of General Expense	Schedule 3
Schedule of Investments and Insurance	Schedule 4
Estimate of Unit Cost (per Dog) for Recording Show and Trial Awards	Schedule 5
Memorandum of Costs re Election of 1958 Board of Directors and 1957 Referendum Ballot	Schedule 6

We have verified Cash and Bank Balances and Investment Securities as at December 31st, 1957, and examined vouchers and records for the year then ended.

The distribution of revenue and expenditures to departments, the analysis of expenses in Schedules 1, 2 and 3 and statistical data contained in Schedules 5 and 6 are shown in accordance with the information supplied by the Secretary-Treasurer.

We report that subject to the above, in our opinion, the accompanying Balance Sheet and related Statements of Revenue and Expenditures present fairly the financial position of the Club as at 31st December, 1957, and the results of its operations for the year ended on that date.

Respectfully submitted,
CRAIG, NORMAN & FAIRLEY,
Chartered Accountants.

The Canadian Kennel Club, Incorporated

(Incorporated Under The Livestock Pedigree Act, Canada)

$ 1,000—Fidelity Bond—Miss H. M. Locke	Dominion of Canada General Insurance	5.00
$ 7,500.00—Fidelity Bond—Mr. N. F. Brown	Imperial Guarantee & Accident	31.25
		$184.47

Schedule 5

ESTIMATE OF UNIT COST PER DOG FOR RECORDING SHOW AND TRIAL AWARDS

Recording fees in 1957 totalled $11,179.50 (Statement 1) which at 50 cents per dog meant a total of 22,359 dogs entered in competition (11179.5 x 2). Total expenditures for the Show and Trial Section (Statement 2) totalled $16,872.27. Therefore estimated unit cost per dog based on these figures amounted to 75.41c in 1957.

Statistics for previous years:

Year	Recording Fees	Dogs Entered	Show & Trial Section Expenses	Estimated Unit Cost
1956	$10,441.50	20,883	$18,284.79	87.55c
1955	9,652.50	19,305	16,290.40	84.38c
1954	8,527.50	17,055	14,785.17	86.7c
1953	9,033.00	18,066	14,789.23	81.86c
1952	7,637.50	15,275	14,648.42	95.9c

NOTE: In addition to recording show and trial awards, the Show and Trial Section does a considerable amount of filing and other necessary work in keeping the Club's records.

Schedule 6

MEMORANDUM OF COSTS RE ELECTION OF 1958 BOARD OF DIRECTORS AND 1957 REFERENDUM BALLOTS

	Election of Board	Referendum Ballots	Combined Costs
Printing ballots and notices	$ 111.65	$ 439.45	$ 551.10
Envelopes			132.97
Election Commission Fee			200.00
Tabulating Referendum Ballot		43.00	43.00
Printing Election Material (October issue)	521.30		521.30
Office Supplies Estimated		75.00	75.00
Printing in magazine (December, 1956, issue)*		59.11	59.11
Printing in magazine (June, 1957, issue)		393.75	393.75
Postage (outgoing ballots)			256.15
Postage (returned ballots)			99.13
Cost of recording discussion at annual General Meeting (re amendments)		278.75	278.75
Labour Costs (Estimated)	200.00	400.00	600.00
			$3,210.26

*(This cost included in 1956 financial statements.)

(Explanatory notes: Commencing in 1951 adjustments were made in the rates on which the Club was charged with certain items. For example, in 1950 and previous years the Club was charged one full operational item for each Secretary's transfer notice (4,410) in 1950 but the operational item charge on these notices was decreased to 1/4 item in 1951, and further decreased to 1/6 item in 1953, in 1951 the actual number of these notices totalled 3,644 (4x911) and in 1953 3,222 (6x537). The items designated (1) were charged at 1/2 item; those designated (2) were charged at 1/4 item; those designated (3) were charged at 1/3 item; and those designated (4) were charged at 1/6 item.) (5) The charge for posting Champions and other titles was rated at two operational items until 1955 when the charge was reduced to one operational item. (6) Each extended pedigree issued is charged at the rate of two operational items.

ADDITIONAL INFORMATION FURNISHED BY THE SECRETARY-TREASURER

ASSETS

Cash on hand and in banks — increased from $489.17 at the end of December, 1956, to $6,505.49 at the end of December, 1957.

Accounts Receivable — Decrease from $411.67 at the end of 1956 to $227.25 at the end of December, 1957.

Investments at cost at the end of 1957 totalled $42,787.65, as compared with $42,655.15 at the end of 1956. In 1957 we sold, at a loss of $21.50, $7,000 Dominion of Canada 3% bonds due on February 1, 1959-62, and purchased at par $7,000 of Hydro-Electric Power Commission of Ontario 5% bonds due April 1, 1974-77. The 3% bonds sold brought us an annual revenue of $210.00, as compared with an annual revenue of $350.00 on the 5% bonds purchased. At the end of 1956, the bonds then held by the Club had a market value of $4,215.00 less than their cost to the Club. Bonds held by the Club at the end of 1957 had a market value of $2,500 less than their cost to the Club.

Inventories at cost at the end of December, 1957, totalled $1,432.00, as compared with $1,077.00 at the end of 1956. These inventories included forms and books, identification supplies, and office supplies and stationery.

Office furniture and fixtures had a gross value of $11,975 at the end of 1957, as compared with $11,350.00 at the end of 1956, the difference being largely taken up in the purchase of an electric typewriter.

With the expiration of our lease on March 31, 1958, on our present office premises, the balance of $108.90 in the leasehold improvements account will be completely written off.

Prepaid postage amounting to $13.38 represented unused postage on our postage meter machine.

Prepaid insurance amounting to $265.00 represented the balance of premiums on our insurance and liability policies.

LIABILITIES

Accounts payable and accrued totalled $1,267.00 at the end of 1957 as compared with $3,182.00 at the end of 1956.

Prepaid date fees at the end of 1957 totalled $1,130 as compared with $590.00 at the end of 1956. Prepaid date fees represent date fees submitted in 1957 by show and trial-giving clubs for shows and trials to be held in 1958.

Included in the liabilities is an amount of $3,200.00 which has been reserved toward the cost of printing Stud Books for the years 1948 to 1951, inclusive. The full cost of publishing these volumes is not yet known.

PROFIT AND LOSS STATEMENT

The statement indicates a profit on 1957 operations of $10,073.98 as compared with a profit shown in the statement for 1956 of $4,558.92. It should be noted, however, that the statement for 1956 included an amount charged to our operations in 1956 of a reserve of $3,236.00 towards the estimated cost of the Stud Book for 1952. In other words, had the cost of the 1952 Stud Book not been borne in 1956, the profit for 1956 operations would have been $7,794.92.

The statement for 1956 indicated a loss in the Shows and Trials Section of $5,426.14, as compared with a loss of $2,860.22 in the statement for 1957. Profit on the balance of our operations in 1956 totalled $9,985.00, as compared with $12,934.00 for 1957.

STATEMENT OF REVENUE

Fees for registration, transfers, etc. received at The Canadian National Live Stock Records Office totalled $75,432.00 in 1957, as compared with $66,436.00 in 1956, an increase of almost $9,000.00.

Membership fees in 1957 totalled $22,534.50, as compared with $20,162.00 in 1956.

Recording fees in 1957 increased by $738.00 over 1956.

Listing fees increased by $163.00 in 1957 over 1956.

Advertising in the Stud Book in 1957 totalled $1,027.00 as compared with $244.00 in 1956, an increase of $783.00.

Interest on bonds in 1957 amounted to $1,589.00 as compared with $1,078 in 1956.

Judges' books sold decreased by $12.00 from the previous year.

Stud Books sold increased by $221.00 over the previous year.

Total revenue in 1957 amounted to $116,612.64, as compared with $103,794.09 in 1956, an increase of $12,818.55. Of that total increase $1153.40 was in the Shows and Trials Section.

The substantial increase in total revenue was brought about largely by an increase in the volume of the Club's business at The Canadian National Live Stock Records Office. For example, registrations totalled 21,527 in 1957 as compared with 19,630 in 1956. Transfers of ownership increased from 18,988 in 1956 to 20,801 in 1957. Litters registered in 1957 totalled 6,839 as compared with 6,174 in 1956. There were 3,059 ordinary and 427 associate members in 1956 (Total: 3,486), as compared with 2,483 ordinary and 1,119 associate (Total: 3,602) members in 1957.

STATEMENT OF EXPENDITURE

The Club's share of the expense incurred at The Canadian National Live Stock Records Office in 1957 totalled $37,490, as compared with $32,584 in the previous year, an increase of $4,906.00.

This increase in partly brought about by an increase in the operational item cost (62.808c in 1957, as compared with 59.74c in 1956), and the obvious increase in the volume of our business at the Records Office.

Salaries at the Head Office (Toronto) increased $2,752.00 over the previous year.

Publication of official business in 1957 cost the Club $9,143.00 as compared with $8,543 in the previous year. Our 1957 total cost comprised $5,137.00 for the publication of show and trial reports, lists of individual titles granted, lists of coming events, cancellations, etc., all connected with our activities in connection with shows and trials. The publication of minutes of meetings of the Board of Directors cost $1,285.00. Publication of resume of minutes of our 1957 annual general meeting cost $525.00, and the cost of election material published in the October issue cost $521.30. Other official business including lists of officers and representatives, standing resolutions, etc. amounted to $1,671.70.

Rental costs amounted to $4,600 in 1957, and there was no offsetting revenue for subletting premises ($1,336 in 1956).

Travelling expenses totalled $4,903.00 as compared with $5,173.00 in the previous year.

As the statement shows the cost of publishing Volume #60 (for the year 1956) totalled $5,113.45. In our 1956 statement a total of $7,002.76 was included in expenditures, this comprising the cost of the 1955 volume and the balance of the reserve set aside to publish the 1952 volume.

The cost of magazines sent to members totalled $3,345.00 in 1957, as compared with $3,220.00 in the previous year.

General expense decreased from $735.00 in 1956 to $312.00 in 1957, a decrease of $423.00.

Postage costs increased by $9.00 over the previous year.

Office supplies increased by $122.00 over the previous year. Included in this is an amount of $133.00 for envelopes required in connection with the annual election and referendum ballots. Also included in the total is an amount of almost $400.00 for mimeographing supplies.

Miscellaneous printing totalled $2,931.00 as compared with $2,247.00 in the previous year, an increase of $684.00. Included in our 1957 costs were the following:

Agreement forms available free to members	$150.00
Dog Show Rules	271.00
Obedience Trial Regulations & Standards	211.00
Field Trial Rules and Regulations	387.00
Message to Members	230.00
Election Ballots	101.00
Special and Regular Referendum Ballots	438.00
Copies of By-laws and Amendments thereto distributed to members	200.00
Judges' books and inserts	300.00

There was no change in our costs for regular legal fees, no change in our audit and election commission fee, and no change in maintenance salary.

Telephone costs increased by $60.00 over the previous year.

Meetings expense, except travelling, decreased from $1,447.00 in 1956 to $954.00 in 1957. Of the 1957 costs an amount of $767.00 represented costs in connection with the annual meeting at Montreal and that cost included an amount of $363.00 for the stenographic record of proceedings at the annual general meeting.

Refunds of fees by The Canadian National Live Stock Records Office in 1957 totalled $745.35, as compared with $575.03 in the previous year.

Included in our 1957 statement of expenditure is an amount of $329.50 representing the cost of purchase of office furniture. Instead of amortizing this cost over a ten-year period, as is customary, it was decided by the Board to absorb the entire cost in out 1957 operations.

Included in our 1957 statement of expenditure is a new account identified as Investigation Expenses, amounting to $756.83. These represent legal, stenographic and other costs incurred in respect of a number of complaints referred to Advisory Committees for investigation and report to the Board.

Directors in provinces other than Ontario are allowed to claim for a maximum of $100.00 per year to offset telephone, telegraph, postage, travelling and other costs incurred in the discharge of their duties as Directors. The total expense paid by the Club in this connection in 1957 is set out in Expense Account #42.

ADDITIONAL COMMENTS

At the end of 1952, the Club's net worth (assets less liabilities) amounted to $15,000.00, of which $8,037 was made up of assets other than cash or bonds.

As the Balance Sheet for the end of 1957 indicates, the Club's net worth has reached a record figure of $51,313.00, of which only $4,400 is represented in assets other than cash or bonds. This remarkable improvement in the Club's financial position has been accomplished notwithstanding the fact that with the resumption of publication of Stud Books in 1954 an amount in excess of $19,400 has been expended in the publication of Stud Books for the years 1952 to 1956, inclusive (five volumes).

MEETING OF THE BOARD OF DIRECTORS

DECEMBER 17,1957.

3777. A regular meeting of the Board of Directors of The Canadian Kennel Club was held in the Club's offices, 667 Yonge Street, Toronto, Ontario, commencing at 10.00 a.m. on Tuesday, December 17th, 1957, with the President, Mrs. M. E. McEachren, in the Chair, and the following members of the Board present: Walter Brown, J. W. MacCallum, W. H. MacKendrick, Mrs. Pamela Mack, W. J. Monaghan, and Mrs. M. E. Southcott.

The President reported that Second Vice-President V. W. Williams was recovering nicely following an operation.

The President reported that on a number of matters requiring the Board's attention they may wish the opinion of the Club's solicitor before reaching a decision, and she had therefore tentatively arranged for the solicitor to be present during a part of the afternoon session. After discussion the Secretary was instructed to confirm the tentative appointment.

The President reported that in accordance with the provisions of Motion #9 of the meeting of the Board held on September 4th, 5th and 6th, 1957, a committee composed of the President, Vice-President and Director Mr. MacKendrick, met in the Club's offices on October 17th to consider and finalize any suggested corrections in the minutes of said meeting, and a list of corrections authorized by the committee had been reported to the Board in the Secretary's letter of October 21st (see appendix "A").

It was regularly moved by Mr. MacKendrick, seconded by Mr. MacCallum: (#1)

> "THAT, the minutes of the meeting of the Board held on September 4th-5th-6th, 1957, as corrected by the Secretary's letter of October 21st, be adopted."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr MacKendrick, Mr. Monaghan, and Mrs. Southcott.

Motion carried.

The President pointed out that it is customary for the Board, at each meeting, to appoint a committee to decide on corrections in the minutes as drafted by the Secretary, this in order to expedite publication of corrected minutes.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick: (#2)

> "THAT, the President, Vice-President and a Director be and are hereby appointed a committee to review and decide on suggested corrections in the draft minutes of this meeting."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, and Mrs. Southcott.

Motion carried.

Discussion followed on the Advisory Committee's recommendation #3. Mr. Monaghan stated that the Dog Show Rules make a number of stipulations including a requirement that the show-giving club holding a show under C.K.C. rules must provide a measuring standard, and said that it would be just as logical for the Canadian Kennel Club to pay for judges as it would be to supply measuring stands. He further stated that some show-giving clubs have purchased their own measuring stands, and he was against providing stands for those clubs who had not taken steps to obtain proper measuring stands. Mr. Brown said that show-giving clubs do a great deal for the dog game, and show officials contribute much without any compensation.

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:

> "THAT, official measuring stands be procured and paid for by The Canadian Kennel Club, and be made available to show-giving clubs, the show-giving clubs to pay transportation both ways, and there be a deposit of $15.00 which shall be returned to the show-giving club if the measuring standard is returned in good shape within two weeks after the show."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr MacKendrick.

AGAINST THE MOTION: Mr. Monaghan, Mrs. Southcott.

Motion Carried.

Mr. MacKendrick suggested that these measuring stands be located in different provinces. It was agreed that show-giving clubs may purchase these official measuring stands at cost and the Secretary was directed to publish notice to that effect.

3780 (3770). **INTERNAL ADMINISTRATION**

The President read the following report:

"In accordance with the authority given by the Board, the President, Vice-President and Secretary met with the owners of our present office accommodation and discussed terms of renewal of lease along the lines recommended by the Property Committee. The owners were not disposed to agree to a condition which would permit of our exercising an option to renew for an additional five years, beyond the new proposed five year lease, upon any fixed basis, and we preferred not to prejudice a new lease at what we considered to be favourable terms by insisting upon any such option. It was agreed that the owners would arrange for their solicitors to draft a proposed new lease which we would in turn consider and discuss with our solicitor. Despite frequent requests on the part of the Secretary the draft of the new lease was not received from the owners until early November. The Property Committee having named two of its members familiar with real estate to examine and comment upon the proposed lease, their comments were secured and referred to our solicitor with the proposed lease.

On December 5th representatives of both principals and their solicitors met and discussed certain clauses in the proposed new lease as drawn by the solicitors for the owners:

"Because certain of the proposed conditions differ from the terms outlined by the Property Committee and the Board, the President and Secretary felt that the Board should be consulted before any new lease is signed and in this connection I would draw your attention to the following:

1. As reported above, the owners are not disposed to provide for any option for our renewing the lease for an additional five year period beyond the five year period in the proposed new lease.

2. The landlords have included in their draft an escalator clause which would permit of their assessing a higher rental to cover any additional taxes on our premises. We have reason to believe that that is now becoming standard practise, particularly in new buildings where property values may increase in the next five years.
3. In their recommendation the Property Committee asked for a clause to the effect that the owners would permit any sub-letting as we see fit without any increase in rental. The draft lease provides for our sub-letting subject to the approval of the owners, which approval may not unreasonably be withheld. Mr. Wright feels while there is a distinction here, the owners should have the right to exercise some discretion in order to prevent a sub-tenant whose business is not in keeping with a type which they would wish to have on their premises. We are, however, asking that this clause provide for no increase in rental in the event of sub-letting.
4. Mr. Wright is pressing for a change in the lease in order to decrease the possibility of liability on the part of the Club in respect of any fire originating in our section of the building. He is also looking into the question of our obtaining further protection by way of insurance.

I strongly recommend that the Board authorize the President and Secretary to sign a lease which is satisfactory to our solicitor, believing that if we insist too strongly on terms along the lines of originally approved by the Board we may very well find ourselves facing a demand for increased rental beyond the figure previously suggested by the owners.

The Secretary reported that the club solicitor had asked to see policies held by the club covering liability and insurance, and these had been sent to the Club solicitor. The Secretary read a letter from the club solicitor on this subject.

Mr. Brown said that the solicitors for the two principals were taking up the question of the escalator clause with regard to monthly rental and also the question of fire insurance. The Secretary read the motion adopted at the last annual meeting of the Board with regard to renewal of lease and appointment of committee to negotiate. Mr. Monaghan said that he felt that the resolution provided the necessary authority for the Committee to deal with the new questions reported by the President, and to sign the new lease. It was regularly moved by Mr. Monaghan, seconded by Mr. MacCallum:

(#5)

"THAT, the report of the Committee and solicitor be accepted and approved."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, and Mrs. Southcott.

Motion carried.

The President reported that new arrangements were being made by the owners with regard to heating the premises leased by the club and when these had been completed the club would have a thermostat in its own premises and would thus be able to control the heat.

The President reported that the Secretary would read a letter received from Mr. Monaghan dated November 9th and a letter from the club solicitor dated November 13th with regard to proposed amendment #7 appearing on the current referendum ballot and expressed surprise that "any member of the Board would seek to delay an amendment of the existing Article XV, particularly when the proposed amendment which appeared on the ballot was one drawn by the club solicitor who is quite familiar with our disciplinary problems and has had much experience on that point extending back many years."

The Secretary read Mr. Monaghan's letter of November 9th and the solicitor's letter of November 13th . (See appendix 'D').

The Secretary stated that applications for approval of an amendment of the By-laws, when approved by a vote on the referendum ballot, are not forwarded to the Minister of Agriculture until the report of the Election Commission is placed before the next succeeding annual general meeting, and suggested that, in the event proposed amendment #7 is approved on the current referendum ballot, a report of the existing situation be made when the Election Commission's report is presented to the next annual general meeting, and authority be obtained to approach the Minister with regard to deletion of reference to Article XXXVII in the new article on Discipline.

Mr. Monaghan expressed the view that deletion of references to Article XXXVII in Sections 4(d) and 7(d) in proposed amendment #7 "would not close the gap in the disciplinary procedure", and further expressed the view that everything in the nature of a complaint which appears or seems to be a violation of the Live Stock Pedigree Act should be dealt with under the Act and not by way of Article XV of the Club's By-laws.

No action was taken pending receipt of the results of the current referendum ballot.

The Secretary reported that, in accordance with Motion #62 (waiver of certificate of registration) of the meeting of the Board held in September, he had written the Club solicitor and read a letter received from the solicitor dated December 14th. (See appendix 'E').

It was regularly moved by Mr. Monaghan, seconded by Mr. Brown:

(#6)

"THAT, the solicitor's letter of December 14th be sent to all members of the Board and placed in the agenda of the annual Board meeting."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

3781 (3769). **REGISTRATION AND RELATED SUBJECTS**

The Secretary reported that, in accordance with Motion #53 of the September meeting of the Board, he had written the Club's solicitor and read the reply received from the solicitor, together with the draft of the agreement prepared by the solicitor. (See appendix 'F').

It was regularly moved by Mr. MacKendrick, seconded by Mr. Monaghan:

"THAT, the form drawn up by the solicitor be approved."

(#7)

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

Mr. MacKendrick said that the withholding of a certificate until full payment is received is the only recourse a seller has of collecting any balance due, and said that the Live Stock Pedigree Act does not specify any deadline for the delivery of a certificate.

Mr. Brown pointed out that the Complaints Committee, in putting this question to the Board, were simply of the opinion that the Club ought not to seek to compel delivery of a certificate where the seller is able to establish to the satisfaction of the Board that the dog has not been fully paid for.

Mr. Monaghan said that he would support an amendment to the By-laws along these lines, and said that it could be presented to the members by way of a special referendum ballot.

It was regularly moved by Mr. Brown, seconded by Mrs. Southcott: (#9)

"THAT, in view of the recorded vote this be the policy of the Complaints Committee."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The Secretary read Section #3 of the memorandum, and it was agreed that no action was necessary in view of motion #6 of this meeting.

Section #4 of the Committee's memorandum was read and a discussion followed on the advisability of providing for agreements whose dogs are sold on the understanding that such dogs will not be used for breeding and/or competitive purposes. It was agreed that such agreements were useful in the case of sale of dogs having hereditary faults and therefore undesirable as breeding animals.

The Secretary suggested that in adopting policies relating to registration it would be advisable to ensure that such policies were not contrary to policies which the Department felt the Club should adopt in such matters.

The Secretary reported the following votes on question #4:

YES: Mrs. McEachren, Mr. Brown, Mr. MacCallum, Mr. Irving, Mrs. Southcott, Miss Brooks, Mrs. Mack, Mrs. Gove, Dr. Watson.

NO: Mr. MacKillop, Mr. MacKendrick.

Mr. Monaghan recorded an affirmative vote on the question but stated that he was not in favour of referring the question to the Department of Justice.

——The meeting recessed at this time, and later reconvened with the President in the Chair and the following members of the Board present:

Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Discussion resumed on the Complaints Committee memorandum of November 26th. The Secretary read the following statement, which appeared after Question #4 in the memorandum. "In the event that a majority of the Board are in favour of the acceptance of this type of agreement, the Committee recommends that the opinion of the Department of Justice be obtained on the Club's legal position in refusing to register the progeny of a dog sold under such an agreement, while the agreement is in effect."

The Secretary reported that in connection with the last two questions appearing on the memorandum the following votes had been received:

YES: Mrs. McEachren, Mr. Brown, Mr. MacKendrick, Mr. MacCallum, Mr. Irving, Mrs. Southcott, Miss Brooks, Mrs. Mack, Mrs. Gove, Mr. MacKillop, Dr. Watson.

Mr. Monaghan stated that he wished to record a negative vote on both questions for the reason that "this being the last meeting of the old Board it is dangerous policy to initiate new things", and suggested that the matter be left for the consideration of the new Board.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:

(#10)

"THAT, in view of the vote of the national Board on these questions that they be implemented as indicated by the majority opinion."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mrs. Southcott.

AGAINST THE MOTION: Mr. Monaghan.

Motion carried.

3783 (3771). FINANCIAL MATTERS

The President reported that the Secretary had provided the members of the Board with:

(a) a copy of the financial statements received from the Club's auditors for the nine-months period ending September 30th, 1957;
(b) Information as to revenue received at The Canadian National Live Stock Records for the months of October and November and for the same months in the previous year;
(c) Comparative statements of revenue and expense for the nine months period ending September 30th, 1957, and for the same period in the previous two years, the Secretary having made adjustments in the statements with a view to affording a truer comparison.

It was regularly moved by Mr. Brown, seconded by Mr. MacCallum: (#21)

"THAT, the information be received."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The President reported that the Secretary had recommended that for additional security the Club's bonds be transferred to a safety deposit box in the main branch of The Bank of Montreal, and desired authority to make such a change.

It was unanimously agreed that the Secretary's recommendation be implemented.

The President pointed out that at the September meeting of the Board it was decided that an approach be made to The American Kennel Club on the question of kennel names and reported that the Secretary had reason to believe that he could readily obtain a complete list of kennel names registered with The American Kennel Club, and that the Secretary had suggested that an effort be made to reach an understanding with The American Kennel Club to the effect that The American Kennel Club would not grant to a resident of the United States a kennel name registered with The Canadian Kennel Club, and, in turn, The Canadian Kennel Club would agree to not grant to a resident of Canada a kennel name registered with The American Kennel Club.

After discussion, it was regularly moved by Mrs. Southcott, seconded by Mr. MacKendrick:

#22)

"THAT, the Secretary be and is hereby authorized to approach The American Kennel Club on the mutual recognition of registered kennel names."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

Mr. Monaghan suggested that the list of kennel names registered with the Chase Publishing Co., also be protected in the same fashion.

The Secretary reported that, following consideration by the Registration Committee, "stop" cards had been forwarded to The Live Stock Records Office in accordance with Motion #59 of the meeting of the Board of Directors held in September.

The Secretary reported that the Registration Committee had recommended rejection of the application for registration of COLOURFUL as a kennel name on the grounds that it is a descriptive adjective,

recommended that the same rejection apply to the same applicant's application for registration of KOLOURFUL, and the Committee recommended the granting of the alternative selection of SONNY DALE. It was agreed that the Committee's recommendations be approved.

The Secretary reported that the Registration Committee recommended the rejection of the application for registration of MALA-MOOT as a kennel name and recommended the granting of the alternative selection of MALA-NOR. The Committee's recommendations were approved.

The Secretary reported that the Registration Committee had recommended the rejection of the application for registration of WALDE-MAR as a kennel name on the grounds that Waldemar is the name of a place listed in the Canadian Railway Guide, and the Committee recommended the granting of the alternative selection of DANE-ACRE. The Committee's recommendations were approved.

The Secretary reported that the Registration Committee had recommended the rejection of GLEN-ISTER as a kennel name on the grounds that Glenister is the name of a place listed in the Canadian Railway Guide. It was agreed that the Committee's recommendation was sustained, and the applicant be requested to select another kennel name.

The Secretary reported that the Registration Committee recommended the rejection of NAMETHS as a kennel name on the grounds that it is the surname of the applicant. It wasa agreed that the recommendation of the Committee be sustained and the applicant be asked to select another kennel name.

The Secretary reported that the Registration Committee recommended that the objection of Mrs. Joan Detmold (kennel name—SPRUCE) against the application of H. S. Brown for the registration of the kennel name SPRUCELANE be not sustained, the Committee believing that there was sufficient difference between these two names. The Committee's recommendation was sustained, and the Secretary was instructed to approve the application submitted by Mr. Brown.

The Secretary reported that Mrs. Anne MacDonell's application for registration of the kennel name KENLOCH had been rejected on the grounds that Kenloch is the name of a place listed in the Canadian Railway Guide and that Mrs. MacDonell had submitted the alternative selection of BOW WOW as a kennel name. The Secretary was directed to process the application in the usual way.

The Secretary reported that Mr. William B. Bell had applied for the registration of the kennel name WEIMAR; that a letter had been received from Mrs. B. G. Schulze, Office of the Regional Secretary of the Weimaraner Club of America, supporting Mr. Bell's application; and that an objection had been received from Mr. Monaghan on the grounds that this is the name of a person who originated a breed (Weimaraner) and "hence may be misleading as to origin or relationship". Members of the Board present were polled on whether Mr. Bell's application should be approved with the following results:

YES: Mr. Brown, Mr. MacKendrick, Mrs. Mack, Mrs. Southcott;
NO: Mr. Monaghan.

The Secretary was instructed to approve the application.

The Secretary reported that Mr. and Mrs. J. A. Rockburne (kennel name)—GAI-LORE) had submitted an objection to the application submitted by John Lampitt for the registration of GAYLORD as a kennel name. The Secretary reported that Mr. Monaghan had submitted an objection to GAYLORD on the grounds it is a surname. It was agreed that the objection be sustained, and that Mr. Lampitt be asked to select another kennel name.

The Secretary reported that Miss Maysie Roger, of Varsity View Post Office, Manitoba, had applied for the registration of DESTINY or DESTINY'S as a kennel name, but that a letter from The Canadian National Live Stock Records conveyed their opinion that neither of these two names should be allowed as a kennel name. The Secretary was instructed to ask Miss Roger to select another kennel name.

The Secretary reported that Mr. W. J. Monaghan had submitted an objection to the application for registration of the kennel name EBONY, Mr. Monaghan objecting on the grounds that EBONY "is a noun in common everyday use". It was agreed that the objection be sustained, and Mr. Dawson be asked to select another kennel name.

The Secretary reported that Mr. Monaghan had suggested that information be obtained from The American Kennel Club as to whether or not FIVE-MILE (a kennel name applied for by Miss Joan G. Harris, of Victoria, B.C.) is registered in the United States as a kennel name. The Secretary read a letter from The American Kennel Club advising that FIVE-MILE is not registered with them as a kennel name, but that they had previously rejected applications for registration of FIVE-MILE as a kennel name on the grounds that "it is a name too commonly used to be reserved for the right of any one individual'. The Secretary was instructed to ask Miss Harris to select another kennel name.

The President reported that the Secretary had recommended that the Board consider the advisability of changing the date of November 15, 1954, to December 31st, 1960, in the special regulations applying to American Foxhounds, born in Canada, registered in the International Foxhunters' Stud Book.

In the discussion which followed, Mr. Monaghan said that such information as he had been able to obtain indicated that the change proposed by the Secretary would effect the registration of very few dogs, and would be unfair to those Canadian breeders of Foxhounds who had abided by the original deadline (November 15, 1954) for the registration in Canada of those Canadian-born American Foxhounds registered with the International Foxhunters' Stud Book.

Mr. Monaghan said that the proposed change might be helpful to those breeders whose present breeding records are not in order, referred to the registration of two-year old dogs said to have been "sired" by a dog which has been dead for five-years, and said that information in this connection could be obtained from the Quebec Field Trial Representative for Foxhounds. Mrs. Mack said that if such a statement is correct, then an investigation should be made.

It was regularly moved by Mr. Brown, seconded by Mr. MacCallum: (#23)

"THAT, the matter be left to Mrs. Mack to report at the annual meeting."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The President reported that Mr. Monaghan had objected to the action of the Registration Committee in asking one person to inspect and report on an American Foxhound.

Mr. Monaghan stated that some years ago it had been decided that an inspection committee must be composed of not less than two members, moreover the By-laws require that such inspection committees must be appointed by the Board.

The president pointed out that there are occasions when it is desirable that an immediate inspection be conducted, and stated that it was her intention to suggest to the Board at its annual meeting that means be found to enable the Registration Committee to move in such matters, for in some cases inspection is more a formality than a real necessity.

After discussion it was agreed that instead of Mr. Sisty's dog being inspected by Mr. Bonnyman, the Secretary would ask Frank Boomer and L. Patterson to inspect and report on the dog.

The Secretary reported that:

(a) He had inspected and nose-printed a litter of Brittany Spaniels whelped the property of Ray Lowe, Concord, Ont.;
(b) These puppies were sired by a male registered with the Club, out of a female registered with the Field Dog Stud Book (not eligible for CKC registration although of her four grand-parents, two were registered with the AKC and the other two with the CKC);
(c) The Registration Committee had recommended the registration of these dogs.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott: (#24)

"THAT, the Secretary's recommendation be accepted."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The President reported that:

(a) Mrs. Mary Matchett, West Hill, Ont., was desirous of obtaining registration of a litter of Afghan Hounds whelped by a female registered with the CKC, the litter having been sired by a male imported from England, this dog being ineligible for registration as a full three-generation pedigree could not be furnished by the Kennel Club;
(b) The Registration Committee felt that registration could be accorded the litter under Article XXVIII, Section 1(d) of the Club's By-laws provided, following inspection, registration was recommended by those inspecting the dogs;
(c) As two of the puppies had been sold to California, the Committee with a view of expediting matters, had asked George P. Davies and Miss V. E. Meyers to inspect and report on the puppies.

The Committee's action was endorsed and it was left to the Committee to determine whether registration would be authorized after it had considered reports to be received from Mr. Davis and Miss Meyers.

The Secretary reported that Mr. A. G. Gerle, Montreal, had submitted documents in connection with his desire to register two Vizslas which he had imported to Canada, and the Registration Committee was of the opinion that the dogs should be inspected and the importer be required to submit evidence that he is recorded as owner of the dogs in the country of their origin. It was agreed that the file be referred to Mrs. Mack and her report be considered at the annual meeting of the Board.

The Secretary reported that Mr. Nicholas Ikonikov, Montreal, had imported a German Short-haired Pointer which he wished to register in the Club's records, however, the Committee felt that the dog should be inspected and Mr. Ikonikov be required to provide information as to the organization which issued the documents which accompanied his application. It was agreed that the file be referred to Mrs. Mack who would arrange for the dog to be inspected by Arthur Greenwood and Col. Mellor, or such other persons named by Mrs. Mack in the event that either or both appointees were not available to inspect the dog.

The Secretary reported that the Registration Committee had:

(a) Authorized the recording of lease of the Boxer TUFFY BADEN (351159) from the name of Raymond Myrtle, London, Ont., to the name of Donald C. Ollson, London, Ont.; period of lease, January 1, 1956 to March 7th, 1956;
(b) Authorized the recording of transfer of ownership of the Samoyed TORIE'S SNOW PETER (325200) from the name of Norman J. Leach to John R. Leach; date of transfer, May 12, 1956;
(c) Authorized the recording of transfer of ownership of the Irish Setter ERIN'S PATRICIA OF SUPERIOR (259016) from the name of R. J. Beggs to the name of Wm. J. MacArthur;
(d) Authorized the recording of transfer of ownership of the Chihuahua BERTS BETTYANN (363566) from the name of Bert Martel to the name of Norman P. Johnson; date of transfer, January 27, 1956;
(e) Authorized the registration of the Pekingese BLACK SPRITE OF PEAK O'DAWN, owned by Mrs. Elizabeth W. Hale (dog inspected by Lady Conyers, J. N. Openshaw, and Dr. Sutherland, officials of the Bermuda Kennel Club);
(f) Declined to authorize recording of transfer of ownership of the Bulldog CLONLEIGH BELHOLME JODY (389593), a female, when it was found that the dog for which transfer was desired, is a male;
(g) Declined to authorize the registration of two German Shepherd Dogs imported to Canada from Jamaica, by Mr. & Mrs. C. H. R. Hunter, when sufficient information as to ancestry of the dogs could not be provided;
(h) Authorized the Registration of the Miniature Pinschers KLARCHEN V. D. KROKUSWIESE and KARIN V. ROSENHOF, imported from Germany by Wilbert J. Gross, Kitchener, Ont.;
(i) Authorized the recording of transfer of ownership of the Boxer SHEBA OF ECCLES HALL (338044) from the name of Kenneth Nichol to Messrs. A. G. Taylor and A. L. Taylor; date of transfer, June 1, 1955;
(j) Authorized the recording of transfer of ownership of a Smooth Dachshund, bred by G. H. Horswell, Pickering, Ont.; from the name of Morris Fitch, Toronto, Ont., to E. W. House, Toronto, Ont.; date of transfer, December 22, 1956; (dog born November 1, 1956, out of HORSWELL'S TECKAL — 356578).

The Secretary tabled two certificates issued by the Deutscher Teckalklub, Germany, for two Dachshunds imported to Canada by G. O. Behrendt, St. Germain, Man. The Secretary was instructed to request the Manitoba Director to arrange for an inspection and report on these two dogs.

It was regularly moved by Mrs. Mack, seconded by Mr. MacKendrick: (#25)

"THAT, we receive and record the report of the Registration Committee."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The President pointed out that at the September meeting a Committee, composed of the Vice-President and Secretary, was appointed to consider and submit a report to the annual meeting of the Board on a variety of matters relating to registration, but that she had been informed that the Vice-President and Secretary felt that a visit to

the office of The Canadian National Live Stock Records is essential before the Committee could prepare its report.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:

(#26)

"THAT, the Vice-President and Secretary be authorized to visit the Canadian National Live Stock Records Office at Mr. Hodgkin's convenience to talk on registration matters."

FOR THE MOTION: Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

ABSTAINED FROM VOTING: Mr. Brown.

Motion carried.

The Secretary read a letter from the German Shepherd Dog Breeders Association inquiring whether there is any ruling that prohibits a show-giving club being the registered owners of a dog. In the discussion which followed it was agreed that this was an important question which should be considered by the national Board.

It was regularly moved by Mr. Brown, seconded by Mr. MacCallum:

"THAT, this question be referred to the annual meeting of the Board."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott, Mrs. Mack.

Motion carried.

The Secretary read a letter from the Director of The Canadian National Live Stock Records inquiring whether the Records Office should continue to show full addresses on certificates of registration. After discussion, it was agreed that this matter be left in abeyance, and that in the meantime the Vice-President and Secretary discuss the question with Mr. Hodgkin during the course of their visit to The Canadian National Live Stock Records Office.

3785 (3780). **INTERNAL AND ADMINISTRATION**

The Secretary read a letter from the Chairman of the Canadian Passenger Association setting forth an alternative arrangement whereby members may travel by railway, at reduced fares, to the annual meeting. The Board considered the two available methods.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Mack:

"THAT, we retain the same system as in the past years, and a notice be published in the official organ."

(#28)

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion carried.

The Secretary reported that:

(a) At the September meeting of the Board it had been decided to conduct a special referendum ballot on the amending of Section 1 of Article XXXVIII of the Club's By-laws, and at that time the Board had authorized the Club solicitor and Secretary to draft such changes to the remaining sections of Article XXXVIII as may be necessary to conform with the Board's proposed revision of Section 1;

(b) In the course of reviewing the remaining sections, the Secretary had felt that the opportunity should be taken to thoroughly revise the remaining sections, and that after obtaining legal advice and consulting the Vice-President (the President being ill), the members of the Board had been polled on a considerable number of proposed changes in the remaining sections of Article XXXVIII;

(c) The reaction of members of the Board generally was mixed and out of the results of their reactions a number of worthwhile improvements had been received;

(d) After consultation with the President and Vice-President, it was felt that there was not sufficient time to further consult members of the Board on the revision of the remaining sections of Article XXXVIII, and it had therefore been decided to proceed at this time only with the revision of Section I and the Vice-President had arranged for a proposed amendment to be submitted before the deadline of October 15th in connection with the revision of the remaining sections, this proposed amendment to be considered at the next annual general meeting.

Mr. Brown expressed the view that members of the Board may have other worthwhile suggestions to offer which could be considered at the annual general meeting. Mr. Monaghan suggested that, when sending out the agenda for the annual meeting of the Board, a specific request be included that all members of the Board come to the meeting prepared to make any suggestions which they considered would be an improvement on what has been proposed.

No other action was considered necessary at this time.

The Secretary read a report (see appendix P) received from the Fact-Finding Committee (See Item #3756).

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:

"THAT, the matter be left until February for the national Board."

(#29)

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion carried.

The Secretary reported that the supplies of copies of the Dog Show Rules and Obedience Trial Regulations and the Club's By-laws were very low and sought authority for reprinting these items. After discussion, it was regularly moved by Mr. Monaghan, seconded by Mr. Brown

(#30)

"THAT, the Secretary be and is hereby authorized to make arrangements for the printing of additional copies of the Dog Show Rules and Obedience Regulations and Standards immediately, and to make tentative arrangements for the printing of additional copies of the By-laws and Field Trial Rules and Regulations pending the report of the Election Commission on amendments, the number of copies to be left to the Secretary."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion carried.

The President reported that the Secretary had placed before the Board his proposal that in reporting new Champions and other title winners there be reported in the official organ at the same time certain information (such as: name of breeder, date of birth, name of sire, name of dam) with regard to each title winner.

After discussion it was regularly moved by Mr. Brown, seconded by Mr. MacCallum:

(#31)

"THAT, this be referred to the annual meeting of the Board with this Board's recommendation as to the principle of this proposal."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion carried.

The Secretary pointed out that although earlier in the year the Board had, by mail ballot, approved of the holding of the next annual general meeting at Toronto on Saturday, February 15th, 1958, the Board had not, by formal resolution, authorized the calling of the annual general meeting. The Secretary pointed out that it is customary for a notice calling the annual general meeting to be published in the December issue of "Dogs in Canada", along with proposed amendments to be discussed at said meeting, and, in accordance with past practice, he had therefore arranged for a notice calling the annual general meeting to be included in the December issue.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#32)

"THAT, the annual general meeting be held in the city of Toronto on Saturday, February 15th, 1958, and we endorse the action of the Secretary in publishing notice in the December issue of the official organ."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

The Secretary suggested and it was agreed that, when mailing notice regarding renewal of membership to 1957 members, there be included an order form for the 1957 stud book.

Mr. Monaghan suggested that the Director of The Canadan National Live Stock Records be approached with a view to an early commencement of the preparation of copy for the 1957 stud book in order that copies of that volume may be mailed at an earlier date to members ordering the volume.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacCallum:

(#33)

"THAT, the Secretary write the Director of The Canadian National Live Stock Records and ask him if he will do everything possible for the preparation of copy so the 1957 stud book will be published at an early date."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

The Secretary reported that in 1957 arrangements had been made for the publication of two volumes of the stud books, 1952 and 1956, and that had delayed the mailing of the 1956 volume beyond the date originally expected. He reported that the volume for 1956 was expected towards the end of December, and would be mailed immediately to those who had placed orders for this volume.

The President pointed out that it had been decided earlier in the year that a message, addressed to members of the Club, would accompany 1958 membership cards, however, the Complaints Committee had raised a number of very important questions (discussed earlier in the meeting) which it felt should be resolved before any statements appeared in said message with regard to delivery of certificates of registration and agreements. In the discussion which followed, it was agreed that it would be preferable for the message to accompany membership cards, and the message should be approved by the Board before it is printed and distributed. It was pointed out that ,upon payment of a membership fee, The Canadian National Live Stock Office issues a receipt acknowledging payment of the fee, and it was felt that this would suffice until such time as the cards could be mailed with the message.

It was regularly moved by Mr. MacCallum, seconded by Mrs. Southcott:

(#34)

"THAT, the membership cards be not sent out until the message has been approved by the Board."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

The President pointed out that at the September meeting of the Board certain matters had been turned over to Dr. Watson for discussion with the Prime Minister and as a report had not been received from Dr. Watson recommended that the matter be held in abeyance until such a report is received. The President's recommendation was approved.

The Secretary pointed out that at the September meeting a sketch of a proposed identification badge for Obedience Representatives and Field Trial Representatives had been approved and authority given to order these, conditional that the cost did not exceed $3.00 per crest. The Secretary tabled a sketch submitted by a supplier in Saskatoon, who was prepared to supply these crests at a price of $1.75 each on a minimum order of a dozen.

Mrs. Mack stated that all that was desired was a simple plastic crest, and stated that the sample submitted was awkward and bulky.

After discussion, it was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:

(#35)

"THAT, the Secretary be and is hereby authorized to order crests for Obedience Representatives and Field Trial Representatives in the number required for 1958, and for one dozen additional of each type."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

AGAINST THE MOTION: Mrs. Mack.

Motion Carried.

The President reported that the Secretary would report to the Board on certain files considered by the Emergency Fund Committee.

The Secretary reported that the Committee had advanced a loan (repayable monthly) to a member who did not wish to accept a gift from the Fund, but desired the loan with a view to replacing breeding stock lost through a fire.

The Secretary reported on the case of an aged member, whose last dog had died and for whom it was suggested that a dog be donated as a companion. The Secretary reported that Mr. Risewick, a member of the Committee, had advanced the suggestion (confirmed by the Committee) that an effort be made to locate a specimen of the breed (of which said member was a fancier) available as a donation direct from a breeder. The Secretary reported that the Committee felt that in such circumstances the Fund ought to be prepared to pay the transportation charges if a dog is donated. The Board approved this opinion.

The Secretary reported on the case of a person (formerly a member of the Club for a number of years) who had lost his wife, her mother house, two barns and a kennel, and four dogs, through fire, and who desired a duplicate certificate for one dog that was saved. The

Secretary reported that the Committee felt that such a matter did not come within its terms of reference in view of the limitations imposed by the Board on the use of the funds entrusted to the Committee. The Secretary was authorized to instruct The Canadian National Live Stock Records to issue a certificate without charge.

The Secretary reported that there was one other case presently before the Committee on which additional information was being sought for the Committee's consideration, this involving a case of loss of dogs, owned by a member, through fire.

It was agreed that, when publishing the next financial statement for the Fund, a review of matters referred to the Emergency Fund Committee should be published for the information of those who might be prepared to further support the Fund.

It was regularly moved by Mr. Brown, seconded by Mrs. Mack: (#36)

"THAT, the report be received."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion carried.

3786 (3757). **MEMBERSHIP**

The Secretary referred to a previous instruction of the Board with regard to the non-acceptance of renewal of membership of any member having an over-due account with the official organ.

It was regularly moved by Mr. Monaghan, seconded by Mrs. Southcott: (#37)

"THAT, the Secretary provide The Canadian National Live Stock Records with a list of those members having over-due accounts with "Dogs in Canada", and that application for renewal of membership is to be returned with advice that renewal cannot be accepted until the account has been paid or other satisfactory arrangements have been made."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

The President reported that the Secretary desired confirmation of the approval given applications for membership reported to the Board by mail.

It was regularly moved by Mr. Monaghan, seconded by Mrs. Southcott: (#38)

"THAT, applicants in lists Nos. 40 to 47 inclusive be elected to associate membership."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

———The meeting recessed at this time and later reconvened with the President in the chair and the following members of the Board present: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

The President pointed out that the Secretary had reported to the Board the fact that a number of those wishing to apply for membership had reported that they were not acquainted with ordinary members of the Club and, therefore, could not secure the signature of ordinary members as sponsors of their respective applications for membership. The President reported that the Secretary had suggested that the Board consider the advisability of accepting written references (from certain specified sources) where a person wishing to apply for membership does not know or is not acquainted with two ordinary members of the Club.

Mr. Monaghan stated that in adopting the proposal to require the signature of two ordinary members as sponsors of an applicant for membership, the Board had in mind that in the course of obtaining the required signatures the applicant would become acquainted with members of the Club and would, therefore, have these people to turn to at times when he desired advice on matters relating to registration, etc. Mr. MacCallum expressed the view that a person prepared to pay the initial fee of $9.00 must have an interest in the Club, and pointed out that during the three years that a new member must be an associate member before applying for ordinary membership, the Board would have an opportunity of determining whether such person should be admitted to full membership.

After discussion it was agreed that the matter be referred to the annual meeting of the Board inasmuch as any change in the present requirement would involve a change in the Standing Resolution adopted by the National Board.

The Secretary raised the question as to whether or not an attempt should be made as to uniformity in names appearing in the membership records and on certificates of registration. He reported that the Club's solicitor was of the opinion that generally speaking the best course would be to show a name as the person concerned desired.

After discussion it was agreed that when the application for membership form is again printed the applicant be asked to show his status (Mr., Mrs., Miss, Etc.), with a further request that the applicant be asked to show his name as he would want it to appear in the records.

The Secretary:

(a) Pointed out that at the present time, in accordance with a Standing Resolution adopted by the Board, the ordinary membership of an individual person cannot be changed to a partnership membership (even in the case of a husband and wife), unless the ordinary member is prepared to forego his status as an ordinary member and apply for associate membership in the name of the partnership;

(b) Suggested that the Board give consideration to altering this policy to permit a change of membership without loss of membership privileges provided that such a change is approved by the Board, the request for such change to be communicated to the Board in the same manner as an application for membership.

Mr. Monaghan said that he would cover this question in the report on memberships which he is to submit to the next annual meeting of the Board, however, he would appreciate receiving the views of members of the Board on this or any other questions relating to the admission of members.

The Secretary read a letter from the Canadian National Live Stock Records office advising that Mr. and Mrs. Charles F. Rowan, Fredericton, N.B., each of whom was presently an ordinary member of the Club, desired to change their individual memberships to a partnership membership. It was agreed that such a change was permissible (without the necessity of applying for an associate membership) provided that each expressed in writing a desire that such a change be made.

The Secretary read a letter from Mrs. Josephine Taschner, Toronto, who advised that membership in the Club is presently in the name of her husband and herself, who reported that the present whereabouts of her husband is not known to her, and who requested that the partnership membership be changed to an individual membership in her name and the kennel name presently in the name of the partnership be transferred to her name alone.

After discussion it was agreed that the Secretary would advise Mrs. Taschner that the Board is anxious to assist her in every way and suggest that she see a solicitor with a view to preparing a signed statement that she is the authorized representative of the partnership and setting forth the other facts on which she had based her request.

3787 (3758). **INTERNATIONAL MATTERS**

The President reported that, following the meeting of the Board in September, the Secretary and herself had met with the representative of the Federation Cynolique Internationale, and it was understood that the Club would be furnished with information (in English) on the various points raised by the Board at its meeting in September, and this information, when received, would be reported to the Board.

The President reported that there had been placed on the agenda the question of a report from Mr. Monaghan on his authorized representations to the government with regard to American dogs entering Canada for competitive purposes, in order that Mr. Monaghan might present a report at this time if he wished to do so.

The Secretary read a letter dated November 21st, which he had received from Mr. Monaghan, a copy of the President's reply of November 25th and a further letter from Mr. Monaghan dated November 29th (see appendix Q). The President stated that at the September meeting of the Board, the Secretary had reported that there were no developments to his knowledge between July, 1956, and the April (1957) meeting of the Board, with regard to any difficulties being experienced by American exhibitors bringing their dogs to Canadian shows. Consequently, there was no reason to consult the Board with regard to Mr. Taylor's letter of July 24th, 1956, and, contrary to Mr. Monaghan's statement, the Secretary, at the September meeting of the Board, had read from Mr. Taylor's letter and the tapes were still available to prove that he had done so.

Mr. Monaghan presented a report. (see appendix R).

A discussion followed on the two motions recommended by Mr. Monaghan. Mr. MacKendrick expressed the view that, rather than any temporary measure designed to eliminate the problem now before the Board, an effort should be made to eliminate all bonds, deposits, etc. on dogs crossing the border for any purpose whatsoever.

Mr. Monaghan stated that the Department considered it advisable from time to time to tighten up on the regulations because of violations in connection with the bringing of dogs into Canada, and felt that if the steps which he recommended were taken, then there was a greater prospect that we would be successful in eliminating the current difficulty.

It was regularly moved by Mr. Brown, seconded by Mr. MacCallum: (#39)

"THAT, the report be received as progress."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

The President pointed out that the Board had previously decided that representations be made to the American Kennel Club on the question of a fixed date on which changes in breed standards would become effective, stated that the President and Secretary had been authorized to make certain representations to the authorities in Washington with regard to stud books, and reported that the Secretary had suggested that while proceeding to Washington, face-to-face discussions with officials of the American Kennel Club be undertaken on the question of breed standards.

After discussion it was regularly moved by Mr. MacKendrick, seconded by Mrs. Mack: (#40)

"THAT, the President and Secretary make personal representations to the American Kennel Club on the several questions put to the Board in September."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion Carried.

The President stated that members of the Board are now familiar with the new regulations, promulgated by the American government, with regard to the inoculation against rabies of dogs entering the United States, stated that these new regulations meant that Canadians could not export dogs under four months to the United States, and reported that the Secretary had raised the question of whether representations should be made to the authorities in Washington.

Mr. Monaghan reported that:

(a) The new regulations had been promulgated without any reference to or consultation with the equivalent Canadian officials;

(b) When the Veterinary Director-General of Canada learned of these new regulations he decided to enter into discussions with American officials with the object of getting agreement on a set of uniform regulations;

(c) The Veterinary Director-General had invited him to act in an advisory consultive capacity and he had accepted the invitation;

(d) Negotiations are going on and the Veterinary Director-General would issue a statement when and if agreement is reached.

The Secretary raised the question of whether it could be arranged that puppies under four-months of age could be exported to the United States, without inoculation, provided the exporter could and would declare that the puppy had been confined to a kennel throughout its lifetime, and that neither it nor any other dog in the same kennel has been exposed to rabies within a stated period prior to exportation.

3788 (3764). **DOG SHOWS**

The Secretary suggested and it was agreed that the Ontario Director would meet following this meeting to decide on a number of applications for priority rights received from clubs in Ontario.

The Secretary read the report (see Appedix S) of the Examining Committee appointed to examine Mr. Peter Smith in connection with his application for approval as a judge of all breeds.

The Secretary read the following from the Book of Standing Resolutions:

"THAT, any persons who are recommended by an Examining committee to be placed on the list of approved judges, shall be so listed, however, it was agreed that no examining committee may function until approved by the Board".

It was agreed that Mr. Smith's name be placed on the list of approved judges, and Mr. Smith be informed of the action taken.

The Secretary reported that he had forwarded to members of the Board a list of persons in Canada who had been granted permission to judge at one or more championship shows in recent years, and there had also been forwarded to members of the Board a statement which he had prepared explaining the nature of the list with a view to eliminating any possible misunderstanding with regard to its purpose.

It was agreed that the list would be made available to any Clubs requesting same.

The Secretary reported that Mr. Monaghan had suggested that, with the list in question, there be included a list of those residents of Canada who are listed in the American Kennel Club book of persons eligible for approval to judge at shows held under American Kennel Club rules. It was agreed that the Secretary would arrange for a list of such persons to accompany the list referred to above.

The Secretary reported that The Scottish Terrier Club of Canada had selected Mr. Mac Sliver as judge of all breeds at its all-Terrier Specialty Show to be held on May 5th, 1958, and read a letter from The American Kennel Club with regard to Mr. Silver's status. It was agreed that Mr. Silver would be approved to judge the Scottish Terrier Club's Specialty Show provided that he completes and submits an application for approval to judge.

The Secretary read letters received from Mrs. N. T. Smith, the Burlington and District Kennel Club, and the Association of Canine Clubs (Ontario), objecting to the action of the Board in making an addition to Section 1 of the Sanction Show Rules.

Mr. MacKendrick said that the decision of the Board was promoted by a desire to protect dogs entering Sanction Shows.

The Secretary suggested that, where a Club sponsoring a Sanction Show does not wish to provide veterinary inspection, it be permitted to dispense with that requirement provided that a notice is prominently displayed at the entrance to the precincts of the Sanction Show stating that veterinary inspection is not required on dogs entering the show.

Mr. MacCallum said that the alternative would be for Clubs to hold Puppy Matches, and Mr. Monaghan suggested that consideration be given to setting up specific rules for Puppy Matches as distinct from Sanction Shows.

Mr. Brown said that there would be fewer Sanction Shows if the Board insists on implementing the addition to the rules.

After discussion, it was agreed that the Secretary would consult the national Board with regard to the proposal that a notice be placed at the entrance to a Sanction Show where veterinary inspection is not to be provided and that notice regarding non-inspection be included in any advertising which the show-giving Club may otherwise arrange.

The Secretary read letters received from the German Shepherd Dog Breeders Association with regard to letters which it had received from the Boxer Club of Canada on the subject of providing judges for Boxers at its shows.

After discussion it was agreed that the matter was one between the Clubs concerned and did not require any action on the part of the Board.

The Secretary read a letter from Mr. A. E. Moore, who claimed that when a dog awarded Best of Opposite Sex defeats one or more specimens of its own sex entered for Specials Only, said dog should be credited with any higher rating which the additional dogs might create when added to the dogs of the same sex defeated in class competition. In a discussion which followed it was agreed that there is no provision in the Dog Show Rules which would enable dogs of different breeds to earn higher ratings in the manner referred to Mr. Moore and that with the exception of American Cocker Spaniels (for which there is specific reference to Best of Variety Award in Chapter 21) the only award which might involve a higher rating where dogs entered for Specials Only are defeated is that of Best of Breed. The Secretary was instructed to advise Mr. Moore of the Board's ruling.

The Secretary inquired whether it is permissible to grant approval of an application for permission to hold a championship show limited to certain breeds when said application is submitted by a group of specialty clubs sponsoring the event. It was agreed that such an arrangement is permissible and the application may be processed in the regular way.

3789 (3775). **OBEDIENCE TRIALS**

Mrs. Pamela B. Mack, Chairman of the Standing Committee on Obedience, submitted a report of the Committee meeting held on December 14th, 1957. (see appendix T). After discussion, it was agreed that Mrs. Mack would address a request direct to Mr. Don Dasher, judge of the Sarnia Trial, requesting that he submit his views with regard to Mr. Parent's qualifications as a judge of Obedience, and, in the event that such information is not received within a reasonable time, the Committee is empowered to act on Mr. Parent's application on the basis of the reports which have been received and turned over to the Committee.

Mrs. Mack stated that, as Chairman of the Committee, she wished to express her appreciation to her co-workers for their co-operation and assistance throughout the year.

It was regularly moved by Mr. MacCallum, seconded by Mr. MacKendrick:

(#41)

"THAT, we accept the report of the Committee."

FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

3791 (3766). **FIELD TRIALS**

Mrs. Mack pointed out that she had received on October 30th the application for approval of selected judges for the National Championship Stake to be held at Huntingdon, Quebec, on October 31st and November 1st and 2nd, 1957, and expressed the view that, while those who had entered dogs at this trial should not be penalized, the trial-giving club should be required to comply with the rules relating to submission of application for approval of lists of judges.

——Mrs. Mack left the meeting.

The Secretary reported that, according to information furnished by Mrs. Mack, the All-Canadian Foxhunters Association had, on or about September 10th, distributed a printed announcement concerning the National Championship Stake to be held on October 31st and November 1st and 2nd, 1957, yet the formal application for approval to stage this Stake under C.K.C. rules had not been received until early in October.

Mr. Monaghan:

(a) Said that his name appeared as one of a number of judges approved by the Secretary and reported to the Board for the Trial held by the Master Fox Hunters Association on October 4 and 5, yet he declined an invitation to officiate at this Trial and did not officiate as a judge.

(b) Pointed out that the special field trial rules for Foxhound trials required that the trial-giving club send its list of proposed judges to the local Foxhound Field Trial Representative not less than 10 days before a trial and it is intended that said representative will in turn submit the list to the Secretary of the Canadian Kennel Club with his recommendation as to approval or otherwise;

(c) Reported that the Ontario Foxhound Field Trial Representative had not been furnished with the list of judges for the Master Fox Hunters Trial nor had Mr. Learmonth, Foxhound Field Trial Representative for Quebec, received from the trial-giving club a list of proposed judges for the National Championship Stake for Foxhounds.

The Secretary read the following from the special rules applicable to Foxhound Field Trials:

"2. The names and addresses of the proposed field judges, and the proposed substitute judges, together with the names and addresses of the Master Hounds and the Assistant Master, shall be forwarded to the Field Trial Representative at least 10 days previous to the trial.

3. Field judges shall be selected from those who have been qualified by a Field Trial Judges Approving Committee of the All Canadian Foxhunters Association and each must be a reputable person who is in good standing with the Canadian Kennel Club" and suggested that steps be taken to revise these rules in order that there may be no misunderstanding as to the course of action to be taken by Clubs holding Field Trials for Foxhounds under C.K.C. rules.

After discussion it was regularly moved by Mr. Monaghan, seconded by Mrs. Southcott:

(#42)

"THAT, the Secretary write the Field Trial Secretary of the All-Canadian Fox Hunters Association and point out to him that the Board takes a very serious view of the flagrant violations of the requirements regarding submission of the list of proposed judges through the Field Trial Representative at least ten days before the trial, it being noticed that this was not done either for the National Championship Stake for Foxhounds or the Master Fox Hunters Association Trial held on October 4 and 5, and it is trusted that the necessary steps will be taken to ensure that the rules will be followed at future trials."

FOR THE MOTION: Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

It was agreed that the All-Canadian Fox Hunters Association would be advised that its announcement that the National Championship Stake for Foxhounds would be held, under C.K.C. Rules, on October 31st, Nov. 1st and 2nd, 1957, prior to the issuance of approval to hold the Stake, was a violation of the rules (Chapter 2, Section 4), and the Board anticipates that the necessary steps would be taken to ensure that such a flagrant violation of the rules would not be repeated.

It was agreed that copies of the foregoing communications would be forwarded to Mr. Bonnyman and Mr. Learmonth.

The Secretary reported that there are occasions when there is doubt that certain dogs, competing at field trials held under the Club's rules, are eligible for registration in the records of the Club, and suggested that authority be given to cancel awards where the owner of such a dog fails, within a reasonable time, to supply evidence of eligibility of registration when requested to do so.

It was regularly moved by Mr. MacKendrick, seconded by Mr. MacCallum:

(#43)

"THAT, the Secretary be and is hereby empowered to cancel all awards earned by any dog competing at field trials held under C.K.C. rules when, on request of the Secretary, the owner of the dog fails to provide evidence of eligibility for registration in the records of the C.K.C. within thirty days of the written request being despatched to the owner."

FOR THE MOTION: Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan and Mrs. Southcott.

Motion Carried.

Mr. Monaghan asked that the Secretary obtain from Mr. Tiede, Ontario Field Trial Representative for Beagles, several applications for apprentice judges for Beagle Field Trials, and a list of recognized judges of hare trials.

Mr. Monaghan:

(a) Pointed out that in April, 1957, he had delivered to the Secretary the application and date fee of the Ottawa Valley Beagle Club for permission to hold a licensed field trial on October 25th-26th, 1958, the first application for 1958 trial dates to reach the Secretary;

(b) Reported that notwithstanding this application, the Secretary had approved the application of another Club to hold a trial on these dates;

(c) Reported that the Ottawa Valley Beagle Club was quite prepared to accept the dates suggested by the Secretary of October 18th-19th, 1958, provided that no field trial was to be held for Beagles in Quebec on these dates;

(d) Reported that the Ottawa Valley Beagle Club was desirous of obtaining priority rights on dates comparable to October 18th-19th, 1958, and was prepared to submit an application.

After discussion, it was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#44)

"THAT, the application of the Ottawa Valley Beagle Club be amended from October 25th-26th, 1958, to October 18th-19th, 1958, and the application as amended be approved."

FOR THE MOTION: Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Southcott.

Motion Carried.

It was agreed that, in the event the Ottawa Valley Beagle Club submitted an application for priority rights, said application would be referred to the Board of Directors for its consideration.

The Secretary read a letter from Dr. Watson with regard to a suggested addition to the list of recognized judges of Retriever field trials. The Secretary recommended and it was agreed that the matter of preparation of lists of judges for the several varieties of field trials be referred to the annual meeting of the Board.

The Secretary reported that the returns received from the Brooks Field Trial Club, for its licensed Retriever trial held on October 12th and 13th, failed to provide all the required information on dogs entered at the trial.

It was agreed that the Brooks Field Trial Club be given thirty days in which to supply the required information failing which the Board is to consider whether the trial is to be recorded.

3792 (3785). **INTERNAL AND ADMINISTRATION**

The Secretary read a letter from Dr. Watson which included a list of hotels in Saskatchewan where dogs are accepted with the owners.

Mr. MacKendrick reported that he had sought information from the Ontario Hotels Association with regard to those hotels in Ontario which would accept dogs with their owners, and reported that the information would be referred to the Secretary when received.

Mrs. Southcott read an exchange of correspondence with the Quaker

Oats Co. regarding the preparation and distribution of a list of hotels in Canada accepting dogs with their owners.

It was agreed that the publication of lists be held in abeyance until the Secretary could ascertain from "Dogs in Canada" whether there is any prospect of a complete list being compiled and printed.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#45)

"THAT, the Secretary be and is hereby authorized to implement the decisions reached at this meeting".

FOR THE MOTION: Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, and Mrs. Southcott.

Motion Carried.

Mr. Brown enquired whether the Board wished to send to Second Vice-President Mr. Williams tangible evidence of their best wishes for a fast and complete recovery from his recent operation.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#46)

"THAT, the Vice-President and Director Mr. MacCallum be a Committee of two or arrange for a cheer-up message to Mr. Williams for a speedy recovery."

FOR THE MOTION: Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, and Mrs. Southcott.

Motion Carried.

It was agreed that the cost would not exceed $25.00.

3793. **ADJOURNMENT**

At 11.15 p.m., on motion by Mr. MacCallum, duly seconded and carried, this meeting of the Board adjourned.

REPORT OF THE ELECTION COMMISSION

CANADA)
PROVINCE OF ONTARIO) IN THE MATTER OF THE CANADIAN KENNEL CLUB, INCORPORATED
COUNTY OF YORK)
TO WHIT:)

I, John M. Fairley, Chartered Accountant, of the City of Toronto in the County of York

DO SOLEMNLY DECLARE:

1. That I have a personal knowledge of the matters set out in the letter dated 18th December, 1957 annexed hereto to this my declaration and that such letter is a true statement of the matters therein stated.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

"John M. Fairley"

Declared before me at the City of Toronto in the County of York this 18th day of December A.D. 1957

John M. Fairley
Chartered Accountant.

"Leslie B. Bond"
"A Commissioner, etc."

CRAIG, NORMAN & CO.
Chartered Accountants

1815 Yonge Street,
Toronto 7, Ontario.
18th December, 1957.

Mr. N. F. Brown
Secretary-Treasurer

CRAIG, NORMAN & CO.
"A. L. Smith"
ELECTION COMMISSION for
The Canadian Kennel Club.

"This is Exhibit referred to in Statutory Declaration of John M. Fairley, declared before me this 18th day of December, 1957
Leslie B. Bond
A. Commissioner, etc."

REFERENDUM BALLOTS—RESULTS OF VOTING

SPECIAL BALLOT

Voting members were asked to vote on two questions in the Special Referendum Ballot. The first of these was a proposal that a charge of $1.00 to a member ($2.00 to a non-member) be imposed when and if an Import Certificate is issued for an imported dog. Of 588 special referendum ballots received by the Election Commission by the voting deadline, 482 members voted in favour of the proposal, 78 against, and 28 did not vote on the question.

The second proposal in the Special Referendum Ballot was a proposal to amend the existing By-law with regard to the amending of the Club's By-laws and its Rules and Regulations. It proposed that amendments to the By-laws be voted upon once in each three years commencing with 1958, that amendments to the Dog Show Rules be voted upon once in each three years commencing with 1959, and the Obedience Trial Regulations and Standards and Field Trial Rules and Regulations be voted upon once in each three years commencing with 1960. The 588 voting members who returned their ballots responded as follows: In favour of the proposal, 391; against, 156; no vote, 41.

REGULAR BALLOT

In the regular Referendum Ballot there were four proposed amendments on which voting members were asked to vote.

The first was a proposal that the existing Article XV (Discipline) of the Club's By-laws be deleted in its entirety, and a new article on Discipline be substituted. Results of the voting were as follows: In favour, 428; against, 119; no vote indicated, 44. This proposed amendment was identified as #7 in the ballot.

The second question (proposed amendment #14) set out a series of proposed amendments to Chapter 10 (Special Rules and Championship Points applying to Retrievers and Irish Water Spaniels) in the Field Trial Rules and Regulations. Results of the voting were as follows: In favour, 345; against, 37; no vote recorded, 208; spoiled ballot, 1.

The third question (proposed amendment #15) set out a series of proposed changes in Chapter 10 of the Field Trial Rules and Regulations. Results of the voting were as follows: In favour, 344; against, 39; no vote recorded, 207; spoiled ballot, 1.

The fourth question (proposed amendment #16) also set out a series of proposed changes in Chapter 10 of the Field Trial Rules and Regulations. Results of the voting were as follows: In favour, 320; against, 60; no vote recorded, 210; spoiled ballot, 1.

591 regular Referendum Ballots were received by the Election Commission before the voting deadline.

COMMENTS

The two questions in the Special Referendum Ballot and the first question in the regular Referendum Ballot involved amendments to the Club's By-laws. The results of the balloting will be reported to the Annual General Meeting on February 15th, and following that meeting application will be made to the Minister of Agriculture for approval of said amendments. Said amendments are effective immediately on Ministerial approval. Members of the Club will be advised, through the official organ, when and if such approval is given.

Amendments to the Field Trial Rules and Regulations are effective sixty days after the next Annual General Meeting; in other words the several proposed amendments to Chapter 10 of the Field Trial Rules and Regulations will be effective on April 16, 1958.

ANNUAL GENERAL MEETING

Members planning to attend The Annual General Meeting of the Canadian Kennel Club on February 15th are asked to note that a light buffet luncheon will be served in or near the meeting room between 1:00 and 2:15 p.m.

CHAPTER I, SECTION 5, SUBSECTION 2. JUDGES

THAT, the procedure to be followed in connection with an application for approval to judge obedience trials in Canada be as follows:

1. The applicant will complete an "Application for approval to judge obedience trials in Canada".
2. The application will be forwarded to the local Obedience Trial Representative.
3. The local Obedience Trial Representative will arrange to have the Examining Committee consider the application. If thought suitable, the applicant will be examined, by the Examining Committee, for his knowledge of the rules and procedures of obedience.
4. If the Examining Committee so recommends, arrangements will be made for the applicant to serve three apprenticeships.
5. Upon receipt of the judges' recommendations, the local Obedience Trial Representative shall forward, to the Chairman of the Standing Committee for Obedience, the judges' reports, the Examining Committee's report, together with the local Representative's final recommendation, and the original application.
6. The Standing Committee for Obedience will reach a conclusion from the material submitted by the local Obedience Trial Representative, and will submit its finding to the Secretary.

THAT, after the trial it is very desirable that the judge and apprentice discuss their scoring of the dogs, such discussion to be attended by the ob. tr. representative if possible, and the apprentice's judge's book together with the Judge's comments be sent to the provincial Examining Committee.

THAT, all rules governing a judge at an obedience trial apply, where applicable, to apprentice judges.

THAT, persons authorized to serve as apprentice judges at licensed obedience trials shall be permitted to apprentice inside the judging ring except that such persons shall in no way interfere with officiating judge or the judging nor discuss competing dogs, scores and/or exercised with any person until the applicant has turned in his judge's book to the officiating judge at which time they shall compare scores; the judge shall not enter into any conversation with the apprentice until judging is completed.

THAT, the names of applicants for approval to judge obedience trials be reported in "Dogs in Canada" with a statement that any objections, and reasons therefor, must be received by the Secretary within thirty days of publication of the notice.

CHAPTER I, SECTION 6. CLASSES AND TESTS

THAT, we adopt as definitions of the unofficial classes those definitions approved by the Association of Obedience Clubs of America.

THAT, the recognized unofficial classes shall be the Beginners's Novice, Novice C, Graduate Novice, Brace, and Team, and any other classes that may, from time to time, be approved by the Board of Directors.

THAT, no unofficial classes be permitted at obedience trials held in conjunction with all-breed championship shows.

Definitions by Association of Obedience Clubs and Judges, Inc.

THE BEGINNERS' CLASS is to be designated as THE SUB-NOVICE CLASS

SUB-NOVICE CLASS TO CONSIST OF THE FOLLOWING EXERCISES:

a) Heel on lead
b) Figure '8' on lead
c) Stand for examination of lead
d) Recall on lead
e) Long sit for one minute on lead
f) Long down for two minutes on lead

THE GRADUATE NOVICE CLASS TO CONSIST OF THE FOLLOWING EXERCISES:

a) Heel on lead
b) Stand for examination off-lead with handler about 20 feet from dog
c) Heal free
d) Figure '8' off lead
e) Recall with drop added IF the class is to include highest scoring dog in trial — otherwise straight recall
f) Long sit and down performed as in the Open Classes, three and five minutes respectively, with handler out of sight.

THAT, Trainers or assistant trainers in training classes are not eligible to enter or handle dogs in the Novice A and Open A classes even though they received no remuneration for such activity.

CHAPTER I, SECTION 7. ENTRIES

THAT, except where obedience trials are held in conjunction with dog shows, where two consecutive trials are held within a period of two days or less and a dog receives a qualifying score, at the first of the two trials, thus completing an obedience degree, it shall be permissible for that dog to be transferred to a class of a higher degree provided that notice appears in the premium list to this effect, and further provided that change of entry is made prior to one hour before the commencement of judging of the second trial.

THAT, the words "Int. Ch." be not used on certificates of registration issued by this Club or permitted in the Club's official magazine; dogs having championship status in more than one country to be identified according to countries where championship status attained.

THAT, a notice be published in all obedience premium lists that the Board of Directors interpret Section 6, Subsection 5 of the Obedience Trial Regulations to the effect that a dog may continue to compete in the Open Class B after having won the title of "Utility Dog" and/or "Companion Dog Excellent", and interprets Section 6, Subsection 7 to the effect that a dog having won the title of "Utility Dog" may continue to compete in the Utility Class.

CHAPTER I, SECTIONS 11. PRIZES AND CLASSES

THAT, we provide a special certificate for the highest scoring dog (duplicate certificates in the event of a tie) at each licensed trial if such dog is owned by a member of The Canadian Kennel Club; and the high scoring dog be published at the beginning of the published trial report.

THAT, a notice be published in all obedience premium lists that the Board of Directors interpret Section 6, Subsection 5 of the Obedience Trial Regulations to the effect that a dog may continue to compete in the Open Class B after having won the title of "Utility Dog" and/or "Companion Dog Excellent", and interprets Section 6, Subsection 7 to the effect that a dog having won the title of "Utility Dog" may continue to compete in the Utility Class."

THAT, it be suggested to the Trial Clubs that they publish in their premium lists and catalogues, the names of the local Director and Obedience Trial Representative.

THAT, for their own protection, Clubs be advised to indicate in the catalogue and premium list that persons should not touch the exhibits and that this Club and Trial-giving Club accepts no responsibility for any injury received by either exhibitors or spectators.

THAT, when a stand-in judge is indicated in the premium list, the exhibitor be required to state on their entry form if their dog has been qualified under the proposed stand-in- judge.

THAT, it be suggested to clubs that they arrange the publication in their premium lists and catalogues, of the names of the local Directors.

THAT, a notice be published in premium lists and catalogues that the administration of drugs in any form to dogs shall be considered as misleading the judges, is considered misconduct in the opinion of the Board, and the person or persons responsible will be subject to disciplanry action in accordance wth the rules of the Club.

THAT, the Secretary shall have printed and provided for inclusion in premium lists of clubs holding championship shows and/or licensed trials under the Club's rules, a pamphlet for the guidance of American exhibitors, said pamphlet to include a copy of Ministerial Order #62A, the procedure for entry into Canada under Form E-29B; and such other information as the Board may from time to time order.

CHAPTER I, SECTION 12. PROGRAMME OF JUDGING

THAT, it is the trial-giving club's prerogative to set the order of judging of obedience classes.

CHAPTER I, SECTION 14. TITLES AND CERTIFICATES

THAT, a dog having earned the title of Obedience Trial Champion shall be entitled to the prefix "O.T.Ch.", and if also a show champion it may be designated by the prefix "Ch. and O.T.Ch.". In those cases where it is applicable the 'T' for Tracking shall appear after the dog's name.

THAT, the words "Int. Ch." be not used on certificates of registration issued by this Club or permitted in the Club's official magazine; dogs having championship status in

more than one country to be identified according to countries where championship status attained.

CHAPTER I, SECTIONS 16 AND 17. PROTESTS AND DISCIPLINE

THAT, it be an accepted policy that no complaint against a show or trial-giving club be dealt with unless in writing and received by the Secretary, and then only after consultation with the local Director.

THAT, we recommend that a club which, when holding a trial, violates any rule or regulation, should be subject to a fine to be set by the Board of Directors.

CHAPTER I, SECTION 18. NO LIABILITY

THAT, for their own protection, clubs be advised to indicate in the catalogue and premium list that persons should not touch the exhibits and that this club and the trial giving club accepts no responsibility for any injury received by either exhibitors or spectators.

APPLICATION FOR REGISTRATION OF KENNEL NAMES

(**Note:** The following names MAY NOT be accepted as registered kennel names: any proper name, any historical name, the name of any post office in Canada, any name listed in the official Canadian Railway Guide, any geographical name or place in Canada, qualitative or descriptive adjectives, colours, surnames (except in the case of an applicant who has, prior to January 1, 1958, registered more than ten dogs with his surname as a prefix, and it is otherwise not unacceptable), nouns in common everyday use, kennel names registered in a foreign country, any name which may be misleading as to origin or relationship).

The following applications for registration of kennel names have been received by The Canadian Kennel Club. Any objection to same must be received by the Secretary, 667 Yonge Street, Toronto, on or before March 10, 1958.

NOTICE

ANNUAL GENERAL MEETING

NOTICE is hereby given to all members of The Canadian Kennel Club that the Annual General Meeting of the Club will be held in the

KING EDWARD HOTEL, TORONTO, ONT.

on SATURDAY, FEBRUARY 15th, 1958

commencing at 10.00 a.m.

Section 6 of Article VIII, MEETING OF MEMBERS, of the By-laws of The Canadian Kennel Club, reads as follows:

"All ordinary members who had been members as of June 30th prior to the date of the General Meeting and who are members in good standing at the date of such general meeting shall be entitled to attend and vote at such meetings and in the case of a partnership or company only the authorized representative may attend and vote. The members of a partnership who are not the authorized representative, ordinary members who were not members as of June 30th prior to the date of the said meeting, and individual persons who are associate members may be permitted to attend but they may not speak or vote."

Toronto, Ontario
Nov. 9, 1957

By order of the Board of Directors,
N. F. BROWN,

ONTARIO PERSONALITIES

In the June issue, which featured Ontario, there appeared thumbnail sketches of a number of C.K.C. members, resident in Ontario who had been awarded the Long Service button. Unfortunately, the necessary information and particulars of all of those so honoured was not available at the time of publication and an effort has been made to secure the highlights of the careers of the thirty-six omitted. It is a pleasure to be able to present herewith the additional information which has been received.

W. J. and MRS. SIMPSON, Bridgeport — Have been breeding Shelties under the kennel name of "Beechcroft" for over twenty years. After years of successful bench showing, they turned their attention to the Obedience Ring. Their Shelties, never many in number, have earned six C.D.'s. and one C.D.X. Of these, three dogs had previously earned their bench championships and, later, one also gained its American title. Perhaps the greatest thrill was a happening early in their show activities when they won "Best Puppy in Show, All Breeds" at the C.N.E. On another occasion, one of their dogs finished for its bench title and C.D. on the same day. Mr. Simpson is a charter member of the Guelph Kennel Club and was show secretary when some of its biggest and best shows were held. He is a past president and a former show secretary of the Kitchener-Waterloo Kennel Club.

MRS. LILY M. TURNER, St. Catharines — Started breeding and showing Fox Terriers (Wire) in 1928. In 1935, she imported her first Dachshund and these hounds have been her great love ever since. During the past 22 years, she has put a goodly number of Dachshunden through for their championships, including her recent import Ch. (Can. & Am.) Duane von der Daniels. The first Dachshund Club was formed in 1938 but the coming of war brought other things to do. When the present Dachshund Club of Canada was formed in 1954, Mrs. Turner was named its Honorary Member. Her registered kennel name, "Sunnieholme", is well and favourably known from coast to coast.

HARRY F. MORREN, Barrie — Was literally brought up among hounds. His father was a veterinary surgeon and used to import English Foxhounds from the family pack in the U.K. Mr. Morren, while serving in the R.N.W.M.P. in the west, imported a Borzoi from Moscow in 1911; then he got another from Ontario and one more from the United States. He used them in hunting coyotes. He started in Airedales in 1914 and did some breeding and exhibiting. A dog he admired very much was Ch. Birchcliffe Oorang which, although kept in Toronto, was owned by Norman McKenzie of Regina. About this time Mr. Morren was appointed C.K.C. Director for Saskatewan but never did get to attend a Board meeting. During the first World War he was a pilot. Afterwards he spent three years in the Hudson Bay area where he had a lot of experience with Huskies. He bred and showed Dobermans in 1938 and 1939. Then bred and showed the Great Pyrenees for nine or ten years. Latterly his main interest is Shelties. He was associated with the late Dick Heppleston, the late Bill McCord, Roy N. Black and others in organizing the Barrie Kennel Club. Was president for two years and still actively assists in the annual show.

J. B. FULLER, Toronto — Acquired his first Fox Terrier (Wire) back in 1925. All of his dogs have been direct descendants of her. Among the good dogs he has bred were the following: Ch. Foxbank Streamlined Result, Ch. Foxbank Miss Streamline, Ch. Foxbank Malvern Girl and Ch. (Can. & Am.) Foxbank Entertainer which won the Terrier Group at the Westminster in New York. He has made the breeding of good dogs his hobby and showed them as the opportunity arose.

J. A. NORTHEY, Toronto — Usually has a good dog of some kind: in fact, sometimes two of them. Over the years he has been content to work along with them in a quiet way and although he has established a solid reputation as a sound breeder his connection with the dog fancy has always been and remains a decidedly personal one. In the early days, when Airedales were popular, he had a few. Later, he had Cockers, both English and American, and then followed with English Setters. His final interest was in Beagles. His main interest was in raising a few of each breed and he always enjoyed having puppies around the home. His pleasure was derived from his personal contact with them and from the contribution he could make for the development and improvement of pure-bred dogs. His registered kennel name is Norwood. Mr. Northey is a past president of the Canadian National Exhibition and of Gyro International.

ED. SUMMERFIELD, London — Has been an active breeder and exhibitor of German Shepherds for 35 years. He also judges this breed. Was president of the German Shepherd Dog Club of Western Ontario for three years and recently was elected to his second term as president of the Forest City Kennel Club. Sussex Leigh is his registered kennel name.

ED. WILLIAMS, Unionville — Was raised with Wires and Smooths. Started breeding Bulldogs in 1911, two years before he came to Canada. Served overseas in the first World War. After the war, started again with Bulldogs and brought in a few from England. In the years that followed, the breeding of pure-bred dogs was his hobby while he pursued his trade as a cabinet maker. In 1933 he opened a pet supply house, engaged in the trimming of show dogs and pets and did some handling, one of the greats

being Ch. Non-Quit Nobadier. He started breeding Boxers in 1944 and owned Siamwill Senator, a great stud dog. Although now retired on a ten acre farm, he still does a little cabinet work and looks after a few of the fancy's doggy needs.

MRS. F. M. PEACOCK, Burlington — Has been breeding Pomeranians since 1922. Through the years has been a frequent exhibitor at Canadian and American shows and quite a few of her dogs attained their championship titles. Is still an active breeder and exhibitor. Has also bred Bostons and Pekingese but the Pomeranian is her great interest. Is a member of the Hamilton Kennel Club and has been a C.K.C. member since 1923. Her registered kennel name is Beland.

W. E. COOPER, London — Having bred Bulldogs exclusively for over 30 years, he is well and favourably known in three countries as a sound breeder and a keen exhibitor. He is regarded as the largest breeder of Bulldogs in Canada and during the years a goodly number have become champions, some in the U.S., too. He has been nine times president of the London Canine Association. Has been a C.K.C. member since 1919. His registered kennel name is Piccadilly.

MRS. WINIFRED BATT, Guelph — About thirty years ago, Mrs. Batt and her late husband showed one of their pet Scottish Terriers. She was Winners Female. The die was cast. They became very enthusiastic breeders and the following indicates the measure of their success: bought and made champions, seven; home-bred champions, twenty; sold and made champions by their owners, fifteen and one which needed only one more point prevented from being shown again because of an accident; ten of the home-breds won at Westminster; two at Morris & Essex; eleven Canadian National Exhibition medals for Best Brace and eleven for Best Team. The death of her husband after a long illness and advancing years have brought her Haldon activities to a close but she has pleasant memories to cherish. Her many friends and admirers join in extending congratulations on a job well done and wish her continued joy and happiness.

The following Ontario residents have also been awarded the C.K.C. Long Service button: Percy R. L. Alderson, Victor Blochin, W. Brimley, A. W. Butler, Mrs. H. Cole, Lloyd Courtice, George P. Davies, Arthur Ellison, George Foster, S. M. Greey, William Henderson, Mrs. F. Luke, D. C. MacLachlan, Mrs. Mary Macmorine, William McDerment, Fred. Murray, John Paton, Archie R. and Mrs. Rawn, William Rushton, W. H. Shortt, John Treleaven, J. T. Waggitt (deceased), Mrs. J. Walker, John G. Watson, H. S. and Mrs. Weller, Mrs. J. Wheeler.

It is regretted that sufficient information has not been received to enable thumbnail sketches to be written.

—W. J. MONAGHAN

CLUB NOTES

Club Notes are restricted to 300 words so that as many as possible may be published while they are news. Over-long reports will be returned or, if received close to deadline, left out. Brief, concisely worded notes are appreciated. — Ed.

Barrie Kennel Club

by Harold Butler

The December meeting was held at the home of Mr. and Mrs. F. E. Jones with a good attendance. The club offered thanks to president and Mrs. Kaye for their work in putting on the Sanction Show. We would also like to thank the exhibitors for coming out to make it one of the most successful shows ever held at College and Crawford Sts.

Social Committee chairman, Mrs. E. O'Brien-Saint, reported that her committee felt we should have a dinner and social evening and it was decided that we would have the dinner later in the new year.

Frank Jones, Harry Morren and Blake Lamont were appointed to revise the constitution, revisions to be voted on at next meeting.

Everyone was sorry to hear of Major Nelson Brimstin's illness and wish him a speedy recovery. After the meeting an enjoyable lunch was served.

The January meeting was held at the home of Mr. and Mrs. Bruce Brown in the form of a pot luck supper. We had the pleasure of welcoming Mr. Friend of the O.S.P.C.A. who gave us a talk on the work and functions of the Society followed by a question and answer period.

Gordon Beswetherick was nominated for the position of Inspector in what we hope will develop into the Barrie and District Humane Society. President Kaye thanked Mrs. Marion Fell for her work on this project.

Revisions of the constitution were heard and met with the approval of those present.

The Black & Tan Coonhound Club of Canada

by Mrs. Jeanne White

The annual general meeting of the club was held in December at the home of Mr. and Mrs. R. A. Lennox, Willowdale, Ont. The 1957 slate of officers was again returned and is: President, W. R. White; 1st Vice Pres., R. A. Lennox; 2nd Vice Pres., R. Elmes; Secretary, Mrs. Jeanne White; Treasurer, G. A. Beswetherick; Directors: P. M. Wyckoff, Mrs. Patricia Lennox, Mrs. Margaret Elmes and J. Corbett.

At this meeting we were pleased to welcome six new members: Mr. S. Thomas of Oriole, Ont.; Mr. R. Manning of Maple, Ont.; Mr. W. E. Moore of Napanee, Ont.; Mr. J. Doupe of Camden East, Ont.; and Mr. and Mrs. D. H. Stringer of Mundelein, Illinois. It is gratifying that our club has become international in scope and we are looking forward to increased membership from State-side, especially as there is no active breed club in the United States.

The past year has been a busy one. Our Constitution, drawn up five years ago, came up for review and revision. Week-ends and as many evenings as possible were taken up with hunting activities, and further 'coon, wolf and big-game hunts are scheduled for this year. Conservation projects, as in the past, have an important position on our 1958 schedule.

Plans are progressing for a member-owned hunting and fishing camp. This camp will be enjoyed year-round by the member-owners, their guests, and of course the "Black & Tans".

Club emblems, in the form of jacket crests are now available to the members and can be obtained from the office of the Secretary. These crests were designed by one of our Directors, Mr. Wyckoff, and we feel that they are quite distinctive.

Last year saw many Coonhounds in competition at the bench shows. Competition should be keener, if possible, this year as there will be several very promising puppies, bred by some of our members, vieing for honours. To date, our Club has undertaken only one showring project, and that was our Booster Show held in conjunction with the Canadian National Sportsmen's Show of 1954. However, we are making plans, though they are still in the formative stage, for a Specialty Show to be held later on this year.

It is gratifying to know that our members consider their "Black & Tans" to be dual-purpose hounds — equally capable of being hunted hard in the woods all through the year, and stepping into the show ring to win honours. We want our big, rugged hounds to continue to be in the dual-purpose class. We do not want our breed to degenerate, as some of the other breeds have, into two distinct types —i.e "show type" and "hunting and/or field trial type". Our aim is to keep all specimens of the breed true to type, "running" long and hard on the chase and also winning in the ring.

The Boxer Club of Canada
by Dorothy M. Newman

The club has inaugurated, in its policy, two yearly honorary memberships; that of the president Mr. Stan Whitmore and the secretary-treasurer Mrs. Betty Salt. The main responsibility of the meetings rests on these two members.

For several years it has been the practice of the club to give trophies up to 4th Place at the Annual Specialty Show. It requires a considerable amount of money to do this and we would like to continue this practice so the yearly membership fee has been raised to $15.00 voting membership and $5.00 non-voting membership. Some of this increase will assist us greatly and enable us to continue to make the Boxer Specialty one of the largest in Canada.

The Boxer breed is still the second highest in registration in Canada which speaks for itself in indicating that Boxer breeders are anxious to breed better Boxers.

Burington & District Kennel Club
by Doris Smillie

The club held its first meeting of the new year on January 2. There was a good attendance in view of the holiday season. The club is still growing and more membership applications were received.

Final plans for the sanction show to be held in January were discussed.

A Junior Branch of the club has been formed. They plan to learn about choosing, training and caring for their dogs. Some of the children have started to show their dogs and will have a good opportunity to obtain obedience training in the B.D.K.C. training classes.

Our show priority date for the next five years has been approved for the fourth Saturday in September.

As a special attraction at our meeting Leo Bodemer was guest speaker. He gave a very interesting talk on line breeding, exhibiting and some timely advice on the choice of a female.

A lovely lunch was served by Mrs. Wilson and enjoyed by all.

The Canadian Chesapeake Club
by Ed Bolander

This club celebrated its second anniversary on January 6 last. The formation of this club was prompted by a group of Chesapeake owners who saw the necessity of a concerted effort to standardize the breed. There are so many wonderful Chesapeake dogs of different types that it is hard, at times, to choose between them. They vary in color and size and conformation. It is only by getting together that a true course can be agreed on and steps taken to develop the best qualities. We have those in our club who are ardent field dog men. Then there is the bench type advocate. The greater number, however, just want a good Duck and Goose Retriever. That the three can be combined in one dog has been proven twice since this club was organized two years ago.

Buddy Noon, by his spectacular win in the Canadian Open with his dog Ch. Baker's King in 1956 and Alf Gunn's win in the Edmonton Sporting Dog Trial in 1957 against the very stiffest of competition proves their Field Trial ability. That they are both champions on the bench would indicate the best in conformation. As for a dog to shoot over,

Group of Canadian Chesapeake Club officials, left to right: Buddy Noon, owner and handler of Ch. Bakers King; Frank Belyea, vice president; W. G. Slocombe, vice president; Capt. Jas. A. Bell, president; Ed Bolander, secretary treasurer; Alf Gunn, owner and handler of Ch. Baron's Skipper Bob.

A MESSAGE

I wish to thank the members of the C.K.C. who supported me in the recent election. Although I will not have the honour and privilege of serving on the Board during 1958, I will continue to do all I can for the good and welfare of the C.K.C. and all that it represents.

It is my sincere hope that the 1958 Board of Directors will have a very successful year and that the C.K.C. will continue to make the progress it did during 1957.

I also wish to extend my congratulations to the candidates who were successful in the recent election.

Mary E. Southcott

Coming Issues

Special features:

MARCH: Galleries of championship and Best in Show Winners, plus title winners in the Field and Obedience rings.

APRIL: TOY GALLERY, and special articles on various Toy breeds.

MAY: NON-SPORTING GALLERY in which the breeds of this group get the spotlight.

These features are designed to help you create interest and sales. Plan your advertising to make the most of these valuable numbers.

COPY IS DUE THE 10th OF THE PREVIOUS MONTH.

they are both outstanding. Where can you find a retriever like Skipper Bob who can jump off the edge of ice 40' from shore, retrieve his duck, then pull himself back on the other side of a slough a full mile from the point of being shot.

These are hunting qualities we must retain as we develop Field Trial winners and bench champions.

A Spring and Fall Retriever Trial has again been arranged for 1958. To this will be added a picnic trial when all Chesapeake owners will be welcome to visit with their dogs.

In closing, I would like to congratulate "Dogs in Canada" for their promotion of all breeds of dogs.

The Canadian Samoyed Club

by Dorothy E. Bremner

The club is making news with a well written bulletin being sent out to all members of the club by its treasurer, Miss Pat Howden, who is also the editor of articles of general interest to all owners and breeders, full coverage of future events and shows and pertinent information on the "Packdog Class" which is quite a popular angle of the Samoyed.

Trophies are still needed for the Specialty Show. We hope everyone will show their interest by showing their dogs and donating trophies or pledges to M. Caterer, 47 Bexhill, Scarborough. The committee is endeavouring to have a Canadian judge preside whom we hope will be a credit to our country and breed.

Our deepest sympathy to Mr. and Mrs. McDonald of Bri-Pen Kennels in the loss of their "Snoglo Czar" during the Xmas season.

Many cards and photos were sent by members of the American Club to our Canadian club members. This exchange of good wishes is appreciated by all.

An "at home" was held by our president Mr. Ian Miller and Mrs. Miller on New Year's Eve which everyone appreciated and enjoyed.

Central Ontario Beagle Club

by F. Lawrence

The annual meeting and election of executives for 1958 was held at the farm of Mr. E. Robertson, Streetsville, Ont.

The president reviewed the past year's activities, commenting at length on our specialty show held in June, with an entry of 78 dogs, and also the field trial held at Barrie, Ont., with an entry of 79 dogs. On completing the review the president thanked all the committee and members who were responsible for making the club activities a success.

Results of the election were as follows — president, Mr. Emerson Robertson; vice-president, William Ford; secretary, Frank Lawrence; treasurer, Mrs. M. Berry; field trial secretary, Walter Haygarth.

Dates were selected for the specialty show — June 8, 1958 to be held at Mr. E. Robertson's farm, Streetsville, Ont., and the field trial will be held at Barrie on Thanksgiving weekend.

Selection of judges for these events will be announced later.

Meeting adjourned to enjoy a delicious venison stew put together by our host and friends.

Club Ta-i-o de Montreal

by Alvin Florea

The club has accomplished much during the past year. Many members have acquired new Beagles and the club members have won their share of ribbons, both in Canada and the U.S.A.

The following officers were elected at the annual meeting held recently at the LaSalle Hotel: Honorary president, Jim Moffat; president, Ray Lawson; 1st vice-president, Mirel Hebert; 2nd vice-president, Dunc Galloway; secretary, John McDermott; treasurer, Alvin Florea.

Members are asked to try to sign up at least two new members, as part of the current membership drive to acquaint more people with the sport of beagling.

The Cocker Spaniel Club of Central Ontario Inc.

by Mary McRae

After many years of holding our own separate Specialty Show, our club has

Left to right: Bruce McRae, Mrs. Dorothy Conway, Mary McRae and Bart King

decided, this year, to hold our Annual Specialty at the Sportsmen's Show. We know to many this will be a disappointment, as our own Show has been looked forward to by many American and Canadian exhibitors. The decision was a difficuty one but as in so many cases the total lack of interest, on the part of too many members, in working on the Show has necessitated this move. However, we hope that all our Cocker friends will support us at the Show in March inasmuch as the Sportsmen's Show will be a better showcase for our lovable little cockers.

This year one of our dreams came true and Bruce and I hied ourselves off to the Spaniel Specialty in New York. This is *the* Spaniel Show and to see puppies shown for a full day, and such puppies, is a tremendous thrill. The second day is devoted to the grown stock and if you want to see all the Champions you have read about this is the time to see them. One of the greatest moments came during the Champions' Parade, when Ted Young walked into the ring with Ch. Carmor's Rise & Shine. The spectators, most of whom had seen "Shiny" go Best in Show at Westminster a few short years ago and knew that he had been held in dog pound, through no fault of his own, for the past few months, went wild. Many applauded with tears in their eyes, including Ted Young himself. Another highlight was the presence of "Butch", the Saturday Evening Post dog with his owner, the artist Mr. A. Staehle. Butch is 15 years old and blind but a sweet Cocker. His son has now taken over the modeling assignment.

The Best in Show judging gave us an additional thrill. Herb Roling, our own Specialty judge of last year, had four lovely dogs to choose from. The Springer was absent. Our favourite of course, was the flashy black and white, Ch. Merlady's Timmy, just 12 months of age and piling up a terrific record. The win went to Ch. Artru's Hot Rod, a very lovely buff.

As we were leaving the Hotel Roosevelt ballroom, where the Show is held, Bart King, the editor of The Cocker Spaniel Visitor, insisted we could not leave New York without a visit to the famous Latin Quarter. This took a great deal of persuasion (?) but we finally arrived at our table in the famous night spot and spent a very enjoyable evening with Bart and the well-known Cocker judge, Mrs. Dorothy Conway, as you can see in the photo accompanying this article.

The Dachshund Club of Canada

by Ernie Lindsay

Our regular monthly meeting was held at the home of Dr. and Mrs. Bridgman, Burlington, Ontario on January 5 with a fairly good attendance and everyone reported having a real good Xmas and of course the New Year wishes were also in order.

Sorry to hear of the Bodemer's having their Xmas marred by Leo's sudden illness but glad he is recovering now and we were pleased to see him out to the meeting.

Our annual Specialty Show date, approved by the C.K.C., has been set for September 4 in conjunction with the Burlington and District Kennel Club All Breed Show. Mr. Lagimodiere of Como, Quebec will be the judge.

Several of our club members have planned to meet as a group on February 15 and attend the C.K.C. annual meeting and we are hoping to see some of the other members turn out also.

Our plans are finally completed for our first Futurity Puppy Stakes and we are now awaiting C.K.C. approval. Anyone wishing particulars contact our secretary, Mrs. Phyllis Smith, 267 Pine Cove Rd., Burlington.

Our February 2 meeting will be held at The Chatfields, 110 Oak St., London and on March 2 at Mrs. Eva Havlicek's, Jerseyville (near Ancaster).

The meeting was adjourned at 5 p.m. after which our hostess served a very lovely lunch and those scalloped potatoes! . . . I assure you we overindulged.

Dominion Collie and Shetland Sheepdog Association

by Joan M. Souch

We did not have a January meeting but reports have been coming in regarding our Specialty Show March 22. The Trophy secretary is busy preparing her tags and list of trophies and all the members are excited.

We are sorry to hear that Mr. N. N. Brimstin of Sunbriar Kennels has been confined to bed and we sincerely hope he will soon be up and around. We are pleased to report that our president, William Clark, after his fall from a ladder is getting around slow but sure.

At our last meeting we decided to look around for a central location for our meeting and to hold a meeting monthly. The committee is working on these two projects.

The Fredericton Kennel Club

by Mrs. Janet B. Glenn

Our regular monthly meeting was held in St. Anne's Parish Hall on December 12 with Bob Little presiding. This was a very poor meeting with only 13 members in attendance. Harold Fraser, Jim Campbell and Ernie Smith were appointed to serve on the nominating committee and Mr. and Mrs. Ernie Smith were appointed as auditors.

Bob Little offered congratulations to Mrs. Janet Rowan on her Beagle, "Wishing Wells Stylerite", now an American and Canadian Champion. Styler was shown to both championships by Miss Barbara Worcester of Little Falls, N.J.

Great strides have been made by club members in raising the standards of their various breeds by importing some of the best English and American bloodlines and new breeds, never raised in this province before, have been brought in from other parts of Canada.

It is hoped that in 1958 we can get together and make our meetings more interesting by discussing breeding programes, feeding etc., in short everything and anything concerning dogs.

German Shepherd Dog Club of Western Ontario

by Alice Cook

Our November meeting was held in the club rooms in London, Ontario. After a short business meeting the guest speaker for the evening, Mr. T. J. Reynolds, gave an interesting talk on Civil Defence. Mr. Reynolds is District Co-Ordinator for Area Civil Defence and discussed many interesting phases of the work being done. A social evening was enjoyed after the meeting.

Obedience Training Classes got underway early in October and are now in full swing for the fall season. Paul Bruneau and Bill Cook are at the helm this year and have a nice class of enthusiastic trainees. President, George Carpenter, is conducting the classes in Conformation and Ring Manners. Arthur Surrette of Brantford was a recent visitor at our classes and brought along his famous dog "Terry". A large crowd of spectators enjoyed their demonstration in Obedience Training.

Several of our members accepted an invitation from the Perth County Kennel Club and journeyed to Stratford to hear Mary Hart of Pickering Ont. Mrs. Hart has had some years of experience at shows and gave out some worthwhile pointers on "How to Hold a Successful Show".

The Annual Christmas Banquet and Party was held at Millson's Ranch House on December 7. A large crowd of members and friends were present to partake of the lovely turkey dinner. Highlight of the evening was the presentation of the Yearly Awards for Obedience work in 1957. President, G. Carpenter, congratulated the winners and presented silver cups to the six members who have obtained their C.D. Titles this year. Receiving awards were, Gordon Brackett's "Azant", Andy Wayda's "Princess Chola", Bob Bird's "Lady Roberta", Percy Wimbush's "Kent", Bill Johnston's "Bruno" and Bill Cook's "Ranger".

We were all glad to hear that Percy Wimbush is now out of Hospital and on the road to recovery.

Mr. and Mrs. C. G. Kidd are new members in the club and word has just reached us that they have lost their lovely new Shepherd. The members join me in extending sympathy to them at this time.

Hamilton Obedience Club

by Mrs. Wm. Levinsky

After a Christmas recess we resumed training classes beginning January 6. Our Christmas party, held on December 16, was a most enjoyable affair and we were pleased at the large turnout of members and their friends. There were gifts for all and dancing to a small band and everyone had a good time. Credits go to the able committee who planned the evening.

In our December meeting our club voted wholeheartedly to donate $50. as a Christmas gift to the Society of Prevention of Cruelty to Animals and hope in that small way to make life a little better for those who cannot speak for themselves.

If New Year's resolutions are in order ours might be to make the Hamilton Obedience Club attain a banner year in achievement. Members have made ours a workers club, thus everyone has an active part in club activities and none need feel left out.

We are in the midst of planning our licensed Obedience Trial to be held in the Windsor Hall on February 16 and we hope it proves as successful as any we have held to date.

The Hull & District Kennel Club

by W. J. Monaghan

If you see any animal, wild or tame, in a known rabies infected area acting in an abnormal manner you should take every precaution against the possibility that it is infected with rabies. This brings to the forefront the importance of having your dog given a rabies vaccine injection ("chicken embryo vaccine" recommended because of the longer immunity it confers) right now — if you are taking it into a rabies infected area to run at large. Remember, rabies is a killer.

This matter of the rabies problem and control of it was the subject of the interesting and informative address given by Dr. A. E. Lewis of the office of the Veterinary Director General at the December meeting of the Hull & District Kennel Club.

"The spread of rabies in the counties of Papineau, Gatineau, Hull and Pontiac is serious but not alarming", he said. Between April 1 and November 30, 150 positive cases have been uncovered in those counties, in Labelle county and in the western Quebec area from Abitibi west. Eighty-four have been foxes; eleven, dogs and thirty-eight, cattle. Only one positive case, a fox, has been identified in the Ontario part of the Ottawa Valley in the same period although there have been a number of cases in the northern part of the province.

"During the past eight months, 151 vaccination clinics have been held in the infected Quebec area", Dr. Lewis said. "Fifteen thousand pets, almost all dogs, have been vaccinated and we are conducting clinics wherever there is evidence to suggest that there is a concentration of rabies infection in a given area, and where the infection is being spread from wild life to the dog population. Generally, the peak of the infection period is between November and March."

The speaker pointed out that the setting in of winter appears to increase the spread of the disease. This is because fox pups leave their dens at this time

of year to find their own hunting ground and in their additional movement are more likely to be bitten by a rabid fox. The authorities expect that a decrease in the number of rabies cases in Western Quebec will be shown next year and that possibly in the following year there will be only a few cases.

Not a single case of rabies has occurred among humans in Canada since 1944. Doctors seeking vaccine or serum for patients who may have been exposed to the disease can get it from the Medical Officers of Health in Quebec or from the Regional Laboratories of the Department of Health in Ontario.

Dr. Lewis emphasized that the vaccination clinics which are conducted by Department sub-district veterinarians are only adjuncts to dog and live-stock control. Through the press, radio, churches, municipal councils and with the aid of local veterinarians and fish and game associations a program of information on rabies is carried into infected or suspected areas. Municipalities are asked to establish strict stray dog control and to have all stray dogs destroyed. Wandering, unowned dogs are most liable to come into contact with infected animals. Farmers are advised to winter their live stock in barns or places where they can be protected from rabies-carrying wild animals.

"If an owner suspects his dog of having been exposed to or infected with rabies", the speaker said, "he should confine the animal securely, and notify the nearest Health of Animals veterinarian. It isn't until the animal dies, or is nearly dead, that the brain changes occur. If the dog dies, his head, or the whole carcass, will be shipped by the Health of Animals veterinarian to a federal laboratory for examination. This practice should be followed if anyone finds a dead fox or other wild animal or if anyone shoots an abnormal acting one about his premises. But don't shoot it in the head. A dog showing symptoms of rabies dies within ten days and if the sick dog is still alive at the end of that time it is safe to conclude it had some other disease."

During the question period which followed, there was a lively interest shown in many aspects of the problem discussed by the speaker.

The Veterinary Director General is presently seeking an arrangement with the United States Public Health Service whereby the Import Regulations governing dogs crossing the border, either way, will be clarified and made uniform. For the present, it is advised that anyone who is planning to take or ship a dog to the United States should have it vaccinated at least thirty days prior to the crossing date. The veterinarian's certificate must accompany the dog. To ensure easy return to Canada, dog show exhibitors should obtain Form Y-38 from the Canadian Customs before leaving Canada.

Generally, a puppy should not be vaccinated for rabies until it is three months old. Under the American Regulations, it could not be allowed entry into the United States until it is four months of age. However, if the American purchaser can make the necessary arrangements with U.S. officials for the puppy to be quarantined, the entry of the puppy at an age under four months might be allowed.

The matter of quarantine regulations governing dogs returning from, or being imported from, Bermuda, in view of its many ramifications, is under sympathetic review. Consistent with maintaining the necessary precautions for the protection of live stock in Canada, (rabies is not the only concern), there is every desire to meet the wishes and convenience of dog owners.

Labrador Retriever Club of Ontario

by Mr. C. Peacock

The first meeting of the new executive of the club was held at the home of W. Sweeney on December 20 last. The following board of directors was elected: president, Frank Lawrence; vice president, Wm. Sweeney; treasurer and bulletin editor, Mrs. Mary Lawrence; secretary, Chas. Peacock; field marshals, Harold Sherlock and Robt. Angove; trophy chairman, Jack Beaver; membership secretary, Robert Thompson; procurement officer, Jack Lancaster. The dates for our Spring and Fall Licensed Trials were set for June 7, 8 and September 6 and 7 (subject to C.K.C. approval). The dates for our picnic trials are as follows: January 11 and 12, February 1 and 2, March 1 and 2, April 5 and 6 and May 3 and 4. Locations may be ascertained by contacting the secretary a week before the trial, at 83 Pharmacy Ave.

As well as the Turkey Shoat which was held on December 22 at the A. V. Roe Gun Club, a lucky draw is also being run. Winner of this draw will be announced at the Hard Luck Party in January at the home of Mr. and Mrs. Robt. Blythe in Streetsville.

The Lakehead Kennel Club

by J. W. Haggerty

The main order of business at our December 10 meeting was the annual election of officers with results as follows: president, Ted Pappin; vice president, Miss Irene Brooks; secretary treasurer, L. Heald; executive, F. Przybylski, L. Koski, N. Demi, E. Ross, W. Grimshaw and H. Bunting.

Lakehead exhibitors at the Minneapolis K.C. show, held on November 10, were: Miss Irene Brooks who won the breed in Pekes with Ch. Migo Tzo Sing Lee; Jack and Viola Haggerty who completed the American championship for the Kerry Blue Melbees Starduster with a four-point major win and a major win in Poms for Ch. Julo Ima Doll in a large entry of Pomeranians.

The "parade of purebred dogs" held at the local Sportsman's Show for the past two years has been cancelled this year due to programme changes.

The sad news of the death of Mr. Lyle Gelhaye came as a profound shock to club members. Lyle was a frequent

PATRICE L. FISHER
Box 172, Ancaster, Ont.
(Miller 8-4037)

exhibitor of Boxers in our Lakehead shows and won a B.I.S. at the Lakehead in 1956. We extend our sympathy to his wife and family.

Welcome to new club members Mr. and Mrs. Bunting, breeders of the white Bull Terriers.

London Canine Association

by Mildred Dark

It is with deep regret that the club learned of the death of Fred Hollands, one of the older members. He will be greatly missed by all. Though unable to enter into any strenuous activity he was always one of the old standbys at the shows. He was buried in Marine City.

The London & District Scottish Terrier Club

by John F. Harris

The December meeting was held at Belmont in our club rooms. The president, Mr. J. Osborne, presided. The secretary treasurer was unable to attend and a more informal meeting took place due to the Christmas Season.

Two new members were welcomed, Mr. and Mrs. Deary, who will receive their membership cards at the next meeting. A Christmas lunch was served by the ladies. Happy New Year is our wish for 1958.

Maritime Toy Dog Club

by W. W. Laskey

The club held its annual meeting December 8 in the home of Mr. and Mrs. Harold Fraser, Fredericton, N.B. Some of the club's most active breeders discussed and reported another good year. They felt justly responsible for the increased entry of Group 5 by nearly 50% on the New Brunswick Circuit.

A report was given of the Inter-club meeting in Moncton on November 3. They decided to cage their all-toy dog championship show on the N.B. one-week circuit during August, 1958. They also agreed with the other clubs that the entry fee for all these shows be $3.50 per dog with Recording and Listing fees as before.

In the re-election of officers, two officers were elected by acclamation the President, Roy H. Colwell and the Vice Pres. R. B. Laskey, also Herbert Webber as Second Vice Pres., W. W. Laskey, for club Secty., and Mrs. Fred I. Haviland, as Treasurer. Mrs. Roy H. Colwell, Fredericton, N.B., was elected Show Secretary.

At this meeting a paper was read and a talk given by W. W. Laskey on feeding and dog diet, followed by a discussion on the care and feeding of puppies.

A prominent Toy dog breeder and judge's name was given for the next champion all Toy breed show. It was most favorably considered and an invitation has been written for such a judge.

A revised Premium List was suggested, containing more specials and prizes to meet the expected demand for this specialty show.

You'll go a long way, and look at a lot of dogs, before you'll find one quite like

Ch. Ken-L-Jim's Country Squire

"One of Spellbinder's Finest Canadian Sons"

Others may have pronounced specialized virtues, but for a combination of the outstanding qualities of the Boxer, "Shine" is the most gifted. He has a trim, square-built, balanced muscular figure, topped with a beautifully chiselled head. He has great strength of character, is keenly intelligent and sanely even-tempered. He is spirited and stylish to an extreme.

If you're looking for a first-rate mate for your female Boxer, look no further, for "Shine" has no equal. The Stud Fee is $50.00, or we will accept a puppy from "Spellbinder" females.

KEN-L-JIM *Boxers*

186 Phyllis Avenue Jim Punfield **Toronto 13, Ontario**

It was agreed that each member who exhibits at any future Maritime show will display on its stall or cage a member's crest or sign. This will state that he or she is a member of the Maritime Toy Dog Club.

It was a proud statement made that members of this Club won the most high honours at the Maritime shows.

This Club made reference to a previous invitation in November received from the N.B.K.C. to hold their third annual all Toy breed championship show in Saint John, the third Tuesday of August, 1958.

Moose Jaw Kennel Club

by M. M. Horn

The January meeting took place at the home of Mrs. Mary Miller who has consented once more to be our show secretary. Our executive for 1958 are as follows: president, Mr. W. C. Pritchard; 1st vice president, Mr. A. J. Horn; 2nd vice president, Jack Johnson; secretary and show secretary, Mrs. Mary Miller; treasurer, Mrs. Myrtle Horn; executive members, George Miller, Mr. E. Hill, Cy Mather, Mrs. Bidewell, Mrs. M. Hill and Mrs. Zumstein.

We are holding three day shows in the Spring and have once more joined forces with Saskatoon, Regina, Calgary and Edmonton on the Mid-West Dog Show Association which we trust will prove a very successful circuit for the Mid-West.

After our meeting a very enjoyable lunch was served during which time an open discussion period was held as is our custom.

May we take this opportunity of wishing all our friends in the "dog game" the very best for the New Year and we hope to see you all at the shows.

Mountain City Obedience Club of Montreal

by Marjorie D. Owen

In mid-December two more classes were graduated, one by Mr. Gerald McNally and one by Mrs. Audrey Laurie. The club members enjoyed their Christmas dinner party at the Montreal Badminton Club on December 19. Our guests of honor were Mr. and Mrs. William Angus who each year throw open their estate to the Mountain City Obedience Club Trials in Senneville. Mrs. Angus gave a most interesting presentation on "Obedience Training for Dogs versus Dressage for Horses".

Mrs. Alex Casgrain gave a delightful dinner on January 3 to give the members newly admitted to the club an opportunity to meet and become acquainted with the various executives. The first regular club practice took place on January 7 with a good turnout. We all look forward to a fruitful year of training in the Club.

The New Brunswick Kennel Club, Inc.

by Robert B. Laskey

The club's annual meeting was held in December. The club had a most prosperous year and it was also its 50th anniversary. We doubt if any all breed dog club in Canada has attained such an enviable record. The long activity and service rendered by this club, in promoting and helping other clubs in the Maritimes, speaks well for its members, a few of whom have served the N.B. K.C. for 40 years. This year the club benched its 63rd and 64th show.

Gerald G. McCarthy was reelected president for the fifth term. J. Gerald Cavanaugh was also reelected as vice president; Mrs. Irene Searle second vice president, treasurer, Mrs. Gertrude Billiard and secretary R. B. Laskey.

The secretary who, with five delegates attended the inter-club provincial meeting in Moncton, presented a report. The other delegates were from the Martime Toy Dog Club, the Fredericton K.C. and the Moncton K.C. The annual schedule of our August show circuit week was decided upon. The six-show N.B. circuit will begin in Saint John with the New Brunswick Kennel Club dates Monday and Tuesday of the third week of August. Next will be the Fredericton K.C. Thursday and Friday then on to Moncton K.C. show on Saturday. The Moncton and Fredericton Kennel Clubs will also have obedience Trials and at Saint John the Maritime Toy Dog Club will cage its all Toy breed championship show on the second day with the N.B.-K.C. who have sponsored this specialty club show since its beginning.

It was decided to have the Lady Moyra Ponsonby Chapter, I.O.D.E. again as the sponsors of the New Brunswick Kennel Club's two one-day shows.

The annual meeting also had a report from the newly formed Saint John and District Obedience and Training Club. The officers and personnel of this new club are as follows: president, G. G. McCarthy; vice president, Mrs. Harold McGuire; second vice-president, A. Pollard; secretary, Mrs. Irene Searle; directors, John Morrison, Mrs. Alfred Billiard and Robert B. Laskey.

Before the meeting closed it was decided that a Sanction Show for all breeds would be held. Alfred Billiard was named as show chairman and R. B. Laskey as secretary.

A final reference was made confirming the action of one of the club's officials who had attended a meeting of the Toy Dog Club in Fredericton that this club again renew its contract and sponsorship of the Toy Dog Club to hold its championship shows with this club on Tuesday, the second of our two one-day all breed shows in 1958.

Ontario County Kennel Club (Oshawa)

by Mrs. H. F. Porter

The regular meeting in December was held in Oshawa with the president, Mr. C. M. Stevens, in the chair. The show secretary, Mrs. H. F. Porter, gave her report on the Sanction Show held in December and members voted the results very satisfactory. The treasurer's report showed the club to be in good standing financially. A new member, Mrs. Jeanne Quarrington, was welcomed.

Officers for 1958 were elected as follows: president, Mr. C. M. Stevens; vice president, Mr. H. F. Porter; recording secretary and treasurer, Mrs. H. F. Porter; trophy secretary, Mrs. Ruth Coates; show superintendent, George Potts; show secretary, Mrs. H. F. Porter; publicity, Mrs. Jeanne Quarrington. It was agreed that a bench committee should be formed and Mr. Stevens was elected chairman of this committee.

There will not be a regular meeting in January or February but if urgent business arises a special meeting will be called.

Perth County Kennel Club

by Jean M. Bodemer

Many of our members attended the January 13 meeting which got off to a flying start. It is very pleasing and helpful to our president and other officers if the meetings are well attended.

Our new president, Marie Seguin, opened the meeting. There were many letters and correspondence read and considered. The main feature of the evening was to vote for a crest for our club. Many members worked out a crest at their homes and these were given to the president who passed them out for the members to consider. The one chosen was designed by Bob Bird, and the committee is going ahead to prepare it for our show catalogue.

The members have requested me to be their trophy chairman for our coming show. I realize this is a large job and I will do my best. Anyone wishing to donate a trophy or give a small donation to our club would find it much appreciated.

A lovely lunch was served by Mrs. Doris Adams and Mrs. Shirley Bird.

Sympathy of all members of the club goes out to Mrs. Louella Symonds in the loss of her father.

A committee will be holding a meeting at the home of our new president on January 19 to decide on the judges for our May show.

The Progressive Kennel Club of Canada Inc.

by Gertrude W. Drew

Owing to New Year's Day falling on the first Wednesday the first meeting of the club was held on January 8. The attendance was comparatively small.

The President, Mr. C. Stevens, was in the chair. A small amount of left-over business was cleared away and the club was off to a fresh start to begin its 16th year of catering to the dog show fancy.

The first show put on by this club was in 1943 during the war years and to secure a building for this purpose was an impossibility. The club was fortunate in having the old Oakwood Stadium grounds donated and with the innovation

A young Wallaceburg, Ont., lad was exhibiting his dog at a neighborhood pet exhibition. A sign above the sad-looking hound read "See the only space dog in Wallaceburg." Commented a viewer: "That's no space dog. Never been off the ground."

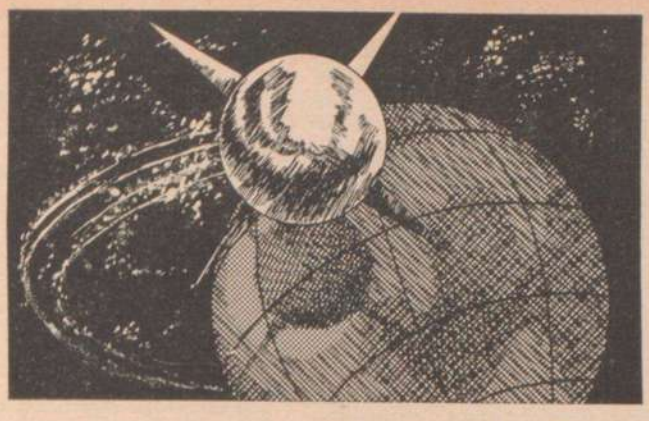
"I know," said the owner casually. "He's an American space dog."

of stakes hammered in the ground and numbered (to correspond with our benches) a splendid show was enjoyed by this very new club and its patrons. The following year a bigger and better show was put on at the old Dufferin race track. The fee was then $2.50 and the entries were good for war times. The club found it possible to make a donation to the British War Victims Fund of $500. Since then putting on shows is as much a habit as an enterprise.

Among the new business to come up for discussion was a project to add to our benching. It was decided to build sufficient for from 25 to 50 dogs. This will give accommodation to about 440 dogs. Work on this project will commence this winter.

Owing to difficulties in securing a suitable place for our annual banquet the club decided to pass it up this year and in its stead a more helpful gesture was proposed. By vote it was agreed that our trophy department be augmented by an amount commensurate with the cost of a banquet. This will mean that most of the trophies for the June show will be provided by the club.

The assistants to the newly created offices have been chosen by the respective chairmen and are as follows: Bench committee, Mr. C. Stevens, chairman; assistants, Wm. Clarke, A. H. Lake. Trophy committee, Mrs. R. Coates, chairman; assistants, Mrs. Simons, Mrs. Seymour. Membership Committee, chairman, Mrs. Yan Paul; assistants, Mrs. Gertrude Drew, Mrs. Mary Lake.



diary of A BEST FRIEND

First Day

This is indeed the toughest experiment I have taken part in so far.

When the blast came, it was as if the world was exploding. I felt the air rushing out of my lungs, and passed out.

I must have remained for quite a while without sensation, like a heap of scrambled eggs on the floor of my cabin. When I came to, my head turned and bells rang in my ears. The cabin seemed to be standing still. We have reached apogee my friend, I said to myself, get ready for the descent.

I wasn't hungry. I had had a hearty meal of browned hash, and pie for dessert, shortly before blast-off. However, I sucked some milk from the bottle with the small nipple, to steady myself for the thrilling, if always somewhat unsettling acceleration of the return trip. The fluid made me feel better, but I must have undergone a greater strain than I thought, for instead of waking up fully, I went to sleep again right away.

Second Day

The moment I opened my eyes I knew that I had been aloft a whole day. I felt starved — which explained why I had been dreaming that I had been appointed manager of a butcher shop.

I worked over the bottle with the large nipple and got out of it, if not a steak, at least some pleasant-tasting mush that gave me enough strength to survey the situation.

We weren't coming down at all. The cabin was, or appeared to be, immobile. For a moment I fancied that we had landed while I was asleep. More than enough time had gone by since zero hour, anyway, for a landing to have taken place long ago, if so planned.

I looked out the little plate-glass window in the side of the cabin.

We had not landed. It was deep night. A blanket of clouds lay over the landscape. We seemed to be hanging in mid-air. If there had been the slightest rocking to suggest a breeze outside, I would have suspected that I had been tricked into a blimp, or some other sort of medieval flying machine. But there was no rocking, and the curvature of the huge, even though blurred relief map down below showed beyond any doubt that this time we had gone higher up than on any previous occasion.

In the sky, the full moon was shining bigger and brighter than ever. Its mountains and craters were visible in such detail that I wished my old trainer was here to see them. My trainer is quite a moon fan, and has an answer to any question about the shiny orb, which he hopes to visit some day in person. The other evening, as two members of the crew at the launching site were arguing about the moon effect on the weather, my trainer chalked up on the nearest blackboard:

"The moon and the weather
May change together,
But a change in the moon
Would not change the weather.

If we had no moon at all,
And that may seem strange,
We would still have weather
That's subject to change."

I wonder if he and the others know where I am now. At any rate, the radio transmitter at the back of my cabin is busy sending out its "beep-beep", which I don't understand, although the men at the site most certainly do.

Third Day

Something must have gone wrong with the whole affair, judging by the fact that I fell asleep a third time without visible cause.

I admit that it isn't exactly a pleasure to be strapped to half a dozen instruments, and locked up in a small cabin. But this doesn't usually wear you out to the point of exhaustion. The air conditioning seems to be all right, as well as the plumbing facilities — most ingenious—built into the assembly. Why am I so weary, then? Let's hope that no harmful gases are produced in the intricate firing unit at the back of the vehicle. But that can hardly be the case either, for there isn't the slightest vibration to indicate that the firing unit is in action, or even present.

When I awoke for the third time, my cabin was drenched with sunlight. I looked again out the little window, hoping to recognize the familiar landscape: the Black Sea to the southwest, the Caspian Sea to the southeast, the Caucasus to the south, the chain of the Urals to the northeast. None of these was to be seen.

We were travelling at a tremendous speed over an endless expanse of water, which reflected the rays of the mid-afternoon sun, like a mirror stretching into infinity. I had to close my eyes, partly because I couldn't stand the glare, partly because I had to think.

I managed to turn my back to the little window, so as to shut out as much light as possible, and tried to consider everything coolly.

I had heard of such places before, oceans they called them, where ships would sail on the water surface for days, without coming into sight of land, but I couldn't imagine the dimensions of a real ocean. Besides the nearest one was known to be so far away from home that I had never expected to see it either from the dry land, or from above. How could my cabin have strayed thus far?

Before I could think of another answer, the light began to fade rapidly. I turned around once more and looked out through half-closed eyelids. The sun was setting. Within a matter of seconds, it dipped below the horizon. Yet only a few minutes earlier I had seen it half-way between the horizon and the zenith. The twilight lasted a minute or two, then thickened into a pitch-dark night.

Fourth Day

So long as the moon has not risen, the planets offer a grand sight. Jupiter's satellites are clearly visible. So is Saturn, and Mars too, with its familiar red glow. Venus, however, steals the show with her luxurious white brilliance. Small wonder that people have thought of it as the goddess of love. (Many people have praised the whiteness of my own fur.)

The hues of the stars — pink, yellow, blue, and white—almost invisible from the ground, are unmistakable from here. The patterns they form are so beautiful that "at night" I stay glued to the little window, to make up for the ordeal of "daytime", when I must squint or keep my eyes shut, to avoid the reflection of the sun. By the way, the quick change

of day and night out here would be enough to drive an untrained creature out of its mind. I have already lost count of the number of times the sun has risen and set. My stomach is my clock. Two meals mean twenty-four hours. So far I have had seven full meals of mush and milk. This must be my fourth day in space.

Fifth Day

The best time to look at the sky is at night, the best time to take a peek at the earth—during the minute or two of twilight after sunset.

Last time the sun sank below the horizon, we were flying above thousands of square miles of snow and ice, a polar ice-cap, no doubt. I wish I could understand the language of my radio transmitter, which seems to have one beep for water, another kind for dry land, a third one for ice.

I am sure we are way off course. Otherwise, we could have landed fifty times over. Still, I am grateful that my vehicle didn't go into a spin when it started its horizontal flight. Had it done so, I would have been knocked out for good.

Meanwhile, this wild race is becoming hazardous. During the "night" a little while ago, a bunch of brightly lit meteors shot past so close that I instinctively stepped back, as if this would have helped, had the rocks crashed into my cabin.

Sixth Day

I believe I have seen a goodly portion of the earth and the sky from this elevation, and I can't say that I still enjoy this game, the end of which looks every moment more problematical. What do they shoot these things up for, anyway? And if they must do it, why don't they shut up their own kind in these cabins? Or cats? If you ask me, I would be happy to stay on the good old earth until I die, even if I had to lead a dog's life.

Seventh Day

Fourteen full meals. I have been up here no less than seven terrestrial days. This is getting to be monotonous, if you know what I mean.

To make things worse, the mush itself doesn't taste good anymore. Last time I drew some, it tasted positively bitter. I wish they would do something to bring this vehicle back to earth. I could make good use of half a dozen hamburgers. A minute ago, I had an awful stomach cramp.

Something must be out of order in the oxygen supply unit too, for breathing isn't easy, either. How can you help feeling that you have been let down?

Here comes another cramp. And nobody around to even take at look at you. I feel so weak. I do hope I will be able to go to sleep again, and not wake up otherwise than in my old trainer's lap.

Sled Dog Racing Notes

have been crossed with fair results but not consistent enough for continuation as a worthwhile project. All this, as we intimated, is highly controversial. Samoyed breeders, for instance, are working on the problem.

What about the nationality of the drivers or "mushers"? From our rather extensive records we find that, while white men predominated in early sled dog races in Alaska, it wasn't long before the native Indians emerged as consistent winning drivers.

Then, in 1948, Eskimo mushers appeared on the scene and for the next eight years won two titles, six second prizes, four third prizes, and two fourth prizes in the North American Sled Dog Derby.

In 1956 Jim Huntington, a 41-year-old Indian, won the title and in 1957 a 21-year-old Indian, Bergman Sam, was first prize winner. Both of these men were from the same village. Wilbur Sampson, a 21-year-old Eskimo, won second place in the sled dog derby in 1957. Title winner at 19, in the 1955 Derby, Sampson is rated the youngest driver to ever win the championship at Fairbanks. Incidentally, Jim Huntington, 1956 title winner, is the oldest driver to win first place.

These tough native Alaskans have apparently eliminated Stateside competition, outside teams and drivers not entering in either 1956 or 1957. The last competitor from the States managed only tenth place — not an impressive showing to be sure.

Which brings us to some conclusions. First, that the breed and individual character of the dogs, especially the leaders, is of utmost importance. Second, the native toughness and stamina of the sled dog driver, combined with his skill as a trainer, is of even more importance. The combination produces a winner and in the case of Eskimo and Indian drivers, a highly competitive sport.

A few added notes on the speed of winning teams. The 1957 winner of the North American championship Sled Dog Derby, Bergman Sam, chalked up a total elapsed time of 4 hours, 48 minutes and 26 seconds, for the 70 miles of sloppy trail. That figures right around 15 miles an hour average.

The second place winner was just 10 minutes behind Bergman Sam, in total elapsed time; third place man only 13 minutes behind; and fourth place winner 16 minutes behind. Considering that the 70-mile event was run in three different heats, 20 miles each the first and second days, and 30 miles in the final heat, this sharp competition becomes all the more remarkable.

A sled dog team hauling a load of 80 to 90 lbs. per dog can make two to four miles an hour depending on condition of trail. With an empty freight sled or toboggan, and the driver riding except upgrade, 6 to 8 miles an hour is good going. Double the last-mentioned speeds and you have sled dog racing, even though a racing sled weighs as little as 20 lbs. and the driver pushes on the handle bar or bow, and "pumps" with his foot on occasion.

Regardless of all this, sled dog racing in both Canada and the U.S., where neither competition or big prize money is so "heavy", is progressing very satisfactorily. Let's keep it healthy and growing.

RECORD ENTRY EXPECTED AT SPORTSMEN'S SHOW

SOME of the most outstanding dogs on this continent will compete at three international all-breed dog shows which will be held in conjunction with the 1958 Canadian National Sportsmen's Show in the Coliseum and Industry Wing, Toronto, from March 14 to 22.

Two one-day shows will be held on March 19 and on March 20, and the two-day show will be held March 21 and 22. In addition, an international English Foxhound Show will be held on March 18. An entry of anywhere from 60 to 100 hounds is anticipated from six clubs, including Chagrin Valley, Ohio.

The Sportsmen's Show and the dog shows will be sponsored by the Toronto Anglers' and Hunters' Association. They are of a public service nature and all profits derived from these activities will be devoted to the conservation of Canada's natural resources of forest, field and stream. The dog show promises to be the largest ever held in Canada.

Hudson Kalloch of Hyannis, Mass., will again act as superintendent of the three shows.

Some of the most noted judges on this continent will judge the entries in the various shows. Included in the list of Judges are the following: Mrs. W. C. Edmiston, Ralston, Neb.; Virgil D. Johnson, Savannah, Ga.; Edwin L. Pickhardt, New Milford, Conn.; Jas. V. Robinson, Greenville, S.C.; Alva Rosenberg, New York City; Hugo W. Krave, Grosse Ile, Mich.; Edwin J. Myers, Eighty-four, Penn.; Wm. Clark, Agincourt; Harry Fraser, Ottawa; Walter Reeves, Clarkson; Arthur Marsh, Ipswich, Mass., and Raymond Royce, Cohasset, Mass.

A record number of specialty shows will be held in conjunction with the two-day show on March 21 and 22.

Obedience trials which attract dog lovers of all ages will be held with each of the three shows.

IN KERRY BLUES

Short thick heads; large, round and light coloured eyes; ungraceful necks; poor angulation; no layback of shoulders; poor coat and colour; disagreeable temperament. Yes, you can still see where improvement is needed in the Kerry Blue.

What can you do about it?

Take a look, a good long look at the Kerry Ch. (Can. & Am.) Melbee's Starduster

Remember the story of a great Kerry who was ignored by most breeders? The ghost of Dolphin has returned and we have him at stud, a proven sire of winning puppies. STARDUSTER was sired by Ch. (Am.) Downsview Democrat and out of Ch. (Am.) Melbee's Strictly Business. Pedigree, glossy photo, stud fee, shipping instructions on request.

JULO KENNELS REG.

Jack & Viola Haggerty, 340 Dawson St., Port Arthur, Ont.

PLANNING A LATE SPRING BREEDING PROGRAM?

If you are we think you'll be interested in the youngster we're now grooming for the shows and that will be available to a few females by May.

He's Oak Gables' Lazibones and we think he's the most promising puppy we've ever bred. A son of Am. Ch. Benrook Brandy (winner of the 1957 New York Specialty of the American Miniature Schnauzer Club) his dam is our homebred Ch. Oak Gables Caress. Caress is a daughter of Ch. Benrook Randy which, in 1956, won the American Miniature Schnauzer Club's New York Specialty, in addition to taking the breed and placing fourth in the terrier group at Madison Square Gardens.

With this top quality behind him Lazibones' high quality is easy to understand.

We think Lazibones is a young dog that can do a great deal to help improve miniature schnauzers in Canada. We invite inquiries from serious breeders about his use after May 1st.

(*Continued from page* 14)

Thus, it is not easy to establish if the condition is hereditary. There are many difficulties and many problems, but many of them can be either helped or improved by a more open-minded attitude on the part of the dog breeders. The "stigma" of having "blindness" in one's line is actually more in their mind than in actuality. For, by actual data reposing in the Lab's files, collected from many Lab cooperators, (little people with one dog primarily – the big breeders refuse to acknowledge any defects. However, they forget that the "little people" bought their dogs from them!) it is very very evident that this eye trouble is definitely not confined to only one or two lines but is becoming more and more prevalent in the breed as a whole. It is time measures were taken to combat this, time an organized effort were set up to attempt to cut down on the incidence of eye defects in dogs. But who can tell a "serious dog breeder" that it is more important that the dog see than that the eye be a certain color or shape?

But let us assume that we did establish the condition as being hereditary, through study and cooperation and through the expenditure of much money and effort. Have we then solved the problem? We have assumed that we were able to set up the "normal" condition to expect. We have also assumed that we were able to establish that the condition was hereditary. (Minor detail, of course, but we also have to establish what kind of inheritance is involved. Those taking the Lab's course in elementary genetics will have some idea of the problems in this, and those taking the Lab's advanced course will have an even better idea!) And we assume we have been able to anyhow postulate the possible mode of inheritance. So now all we have to do is pick out the normal dogs and use them in breeding and soon we'll be free of this condition entirely?

We wish it were so simple. But here once again we are vexed with difficulties, even in case of a simple Mendelian inheritance. For what of the heterozygotes in the population? What of those individuals which phenotypically (to look at them) are normal, but who "carry" the "bad recessive" gene? How can we find them? And how do we use them once we do? These and many other problems get beyond the scope of this little report! But I can refer you not only to the Lab's genetics courses – the only ones I know about on dogs – and also to the many volumes on dog genetics and breeding published by the Shamrock Press, Butler, Indiana, the official press of the Lab. Just write them for free catalog. In the remaining bit of space we wish to give you one or two sample pedigrees.

Here are one or two pedigrees made up from Lab Cooperator records, and dealing with different types of blindness. We can especially recommend Vol. 15 which deals with strange irregularities especially studied by the Lab from actual specimens, for example the gray collies and the white merle collie. We also must recommend Vol. 22 on the genetics and breeding of eyes, normal and abnormal, both available through the Shamrock Press. In it are many more actual pedigrees than you will find anywhere else on dog eye problems.

Here is a pedigree taken from Vol. 22 and more fully discussed therein. But let us quickly point out one or two

things about this pedigree to point up some of the difficulties we have mentioned. First, remember the data is incomplete, that in many litters involved in the pedigree we do not have number in the litter, sexes, or colors, let alone information regarding eye condition. Incidentally, this pedigree is a composite or master pedigree built up by the Lab from information from a number of different breeders, each unknown to the other.

Now for a few details. Litter No. 1 had only two pups we know of, male born blind, female apparently OK. Litter No. 2 had two blind pups, one male (square) and one female (circle). These examined by vet and found to have retinal and optic nerve damage. Nothing known of other five pups, not even sex! Litter No. 3 had 8 puppies, all blind in both eyes but no diagnosis.

Thus 3 litters from male No. 8 by three different females. (No information on possible relation of the females). But as blind pups from three different females by this male, suspicion of an hereditary basis. Note we did not have pedigree for female No. 9, but that female No. 11 is daughter of male No. 8 and female No. 9. This additional evidence for possible hereditary basis.

There are possible tests we could make, test matings of male No. 8 to one or more of his granddaughters from litter No. 2 (if we knew where any were!) Also we could mate the male No. 8 and the female No. 3 who is reported to be blind and although older should still be alive. But first off, wish we could examine eyes of male No. 8 and female No. 3. It is possible male No. 8 is himself blind — it is also possible that some other factor contributed to blindness of the pups in litter No. 3. Thus it is so important to have the pups' eyes examined, to determine possible cause and not worry unnecessarily. Maybe it was an infection or disease that caused all the pups to be blind. How can we know without an attempt at diagnosis?

Thus, why we can not always give "all the answers". And why there is today terrific need for detailed, written, accurate, records on dog breeding — plus need to cooperate with a scientific center ready and able to help solve some of these vexing problems. Hence the need for the work of the Shamrock Collie Research Laboratory.

MRS. DODGE HONOURED

Mrs. Geraldine Dodge, great lady of dogdom, and patroness of the famed Morris and Essex Show, held annually on her estate, is guest of honour at the Dog Writers' Association of America dinner to be held at the Hotel Statler, New York, on the eve of Westminster (February 9). You are invited. Just write Miss Louise McMahon, The Evening Bulletin, Philadelphia, 1, Pa., for reservation, and enclose your cheque for $10 per plate.

RANDOM NOTES ABOUT TERRIERS

The first and only Bullterrier to go Best in Show at Westminster was Canadian owned and bred by Humphrey Elliott. Ch. Haymarket Faultless made this win in 1918.

° ° °

Coloured Bullterriers were officially recognized in the States in 1949. Screen star Dolores Del Rio is said to have paid $5,000 for Ch. Faultless of Blighty, a Best in Show winner in England and the United States.

° ° °

Anyone about to purchase virtually any breed of terrier should be told not to expect a fawning baby-like creature. Terriers are noted for their independence and spunk, albeit they are loyal and loving pets.

° ° °

A good selling point about terriers, almost all breeds, is that they rarely shed and are usually free from doggy odour. This is partially because their skin tends to dryness, rather than oiliness.

PRIZE-WINNING BRITISH BREEDERS CHOOSE

Bob Martin's Condition Tablets

BOB MARTIN'S Condition Tablets have been keeping British dogs happy and healthy for more than 60 years. Many a British champion breeder has reason to thank Bob Martin's for bringing his dogs to tip-top condition for show-time. Here is what British breeders have to say about Bob Martin's:—

"A dog is bound to be touchy or listless if he's out of condition. All my dogs get their Bob Martin's regularly", says Mrs. Randall, the well-known Dorset breeder of Bobtail Sheepdogs.

"Every Sunday morning regularly the whole kennel is given Bob Martin's. They look forward to it — you should see them lining up". Mr. Francis, owner of Tarkard Kennels, knows what he's talking about. Wire-haired terriers are his only hobby and he has many champions to his credit.

"Bob Martin's are very good for adult dogs and I give them regularly to my bitches after mating until the puppies are weaned". That's the opinion of Mrs. D. Lindsay of Croydon who breeds champion bull-terriers.

"Experience has shown me that Bob Martin's not only bring a dog into show condition, but also into working condition". So says Mr. C. S. Nicholls of Knaresborough, whose bloodhounds have won many trophies, including Best of All Breeds at Birmingham, the only time this prize has ever been won by a bloodhound.

Each Bob Martin's Condition Tablet contains all the vitamins of the B group (a full day's supply of three important members) and Vitamins A and D. Bob Martin's also contain dried whole liver with its rich array of nutrients and which provides the flavour dogs and puppies find so palatable.

Bob Martin's are obtainable from druggists, department stores and pet shops. Give them to *your* dog — just one tablet once a day—and see that he keeps happy and healthy always. Bob Martin's from Britain, the home of dog-showing.

Why GAINES is the answer to the dog breeder's nutrition problems

Here's the Problem. It is no secret to dog breeders and veterinarians that many commercial dog foods vary considerably in their nutritional value—frequently from feeding to feeding. This state of affairs has led to a problem in the correct feeding of dogs—where, as these experts well know, a *completely balanced* diet is essential.

And Here's the Answer. The unique homogenization process, developed and used exclusively by Gaines, GUARANTEES THE DOG UNIFORM NOURISHMENT. In Homogenized Gaines Meal, all ingredients are blended into nuggets, each containing a *balanced* amount of ALL the food elements that the dog needs to build and maintain health and strength. Nutritional values thus *cannot vary* from feeding to feeding.

The Proof of the Pudding . . . ! Homogenized Gaines Meal is the result of many years of research by *Gaines Research & Control Laboratories* (and by the famous *Gaines Research Kennels*). Every step of this research has been carefully checked by ACTUAL FEEDING TESTS, carried out on generations of dogs at the Gaines Kennels.

Economical in Use. Gaines Meal contains balanced quantities of carbohydrates, fats, vitamins and minerals—plus *more meat and fish proteins*—all derived from natural foods. However, in spite of its high nutritional value it is by no means expensive. Cheaper, inferior meals *require* supplements if the dogs are to receive all the food elements they need. Gaines does not. It should be remembered also that a 25 lb. bag of Gaines contains all the food values of *75 lbs.* of canned dog food!

Considering these factors, it is easy to see why Gaines is *the world's largest selling dog meal*. Be sure that the next consignment of food you order is Homogenized Gaines Meal.
