HIP-DYSPLASIA DETECTION

Some time ago in Our Dogs, England, there appeared an article stating that hip dysplasia had reached the alarming figure of 10 per cent of all breeds, and it may be safe in assuming that this figure is possible in Canada also.

Something is being done about it, however, especially in the United States. Recently I was advised by an eminent writer for a U.S. dog magazine that if I wished to advertise a dog at stud, it would be necessary to have said stud x-rayed for hip dysplasia by a veterinarian who would send the plate to Dr. Corry B. Schnelle, Angell Memorial Animal Hospital, 180 Longwood Ave., Boston, Mass. Dr. Schnelle is recognized as the top authority on this subject. He would report his findings back to our veterinarian who in turn gives us both the plate taken and a written report by Dr. Schnelle. The fee for having this plate and report is $5.00. The cost of having the x-ray taken would be your veterinarian's charge.

This procedure is in no way infallible, as an unscrupulous breeder could use any sound dog for the picture and report it as another. The honesty of our veterinarians would be tried, but it definitely is a step in the right direction and has a lot of merit.

This is one place where nose printing could be used to a good advantage.

Proof of freedom from this hip condition could become a strong point in promoting sound dogs—and would go a long way toward diminishing hip dysplasia.—Ed.

ADVERTISED PUPS GO FAR

Our continuous advertisement in your magazine has proven to pay for itself over and over again. Last week we flew puppies to Saskatchewan, Winnipeg, Montreal and two to Ottawa. Through our advertisement in your easy-to-read magazine, we have puppies from coast to coast in Canada and many across the line.

I would also like to congratulate our esteemed president, Mrs. M. Eileen McEachren, on her most wonderful article. It shows great thought for the improvement of judging and hence the improvement of all breeds, which should be paramount in the hearts of all sincere breeders. Please, let us have more of the same.

PEN PALS WANTED

I must write to say how much I enjoy your magazine. It is sent to me periodically by a friend in Moncton, N.B. I own a German Shepherd, (known over here as Alsatians) called "Tryagain Omen".

It is my wish to have a pen pal in Canada, also interested in dogs. Wishing your magazine all the success it so much merits,

FUTURE VETERINARIAN

Would like to congratulate you on the terrific work that you are doing on *Dogs*. I really enjoy it.

I am particularly interested in the Miniature Schnauzer. Even though I am only 13 years old, I do hope to be a veterinarian when I am older. My cousin had a Schnauzer two years ago. I became very attached to the dog and when it had to be given away I was heart-broken. I myself have never had a dog, as I have always lived in an apartment, and my parents worked, but I have quite a lot of information on dogs, including "The Complete Dog Book."

I would appreciate it very much if you could send me some folders on the Miniature Schnauzer, or tell me where I might obtain some. Keep up the good work.

ENNI BERG

Miss Berg has been informed of the availability of books on the Miniature Schnauzer, but some of the breeders might like to pass on additional information to this young enthusiast.—Ed.

WELL WISHER

PUGS POISONED

. . . I have had two Pugs poisoned in the last month, and cannot seem to get anywhere as to what is putting out the poison. It seems to be the best Pug each time. Lost my best stud a year ago by the same poison and had two in the last month. I saved the female, but don't know how I am going to make out with my stud. He is really sick. I wonder if I could get any suggestions as to what I may do. I have had a sample sent away to determine just what kind of poison it is. I do not let my dogs bother anyone, as I never let them out of their yard. I would be pleased to hear from you in regards to this problem.

ONE FOR BENCHING

. . . I agree with Mr. John W. Haggerty on bench or not to bench. It is true spectators do not have a chance to see the dogs at an unbenched show, as they cannot be seen in crates, and spectators wonder why they pay their money to come and see dogs, not a lot of crates.

If the exhibitors have a long way to travel and don't have to stay for Group showing, why not make a special time for them to leave? At bench shows it is a rule to keep your dog on the bench except when exercising them and the rule also was all dogs must be on the bench, not left in crates during show hours.

Here is one for bench shows. Hoping we see them all back once more and get more spectators.

SATISFIED ADVERTISERS

. . . In the last couple of months we have advertised in outstanding parti-colour litter in *Dogs in Canada*, and it may interest you to know that a nice black and white male was purchased for Eunice, Lady Oakes who resides in Nassau, Bahamas and a bitter sister went to Mr. "Mike" Kelly of Saskatoon, Sask. It would appear that the puppies are destined to be travellers.

We have received many requests for puppies and stud service enquiries, and your magazine has certainly proven itself a good medium for our kennel to get our stock before the public eye.

Dogs benefit *more* from high-quality foods

Breeders and owners know the importance of high-quality foods and their relation to a dog's health. In hundreds of systematic tests conducted in Dr. Ballard's Kennels and in private homes, the majority of dogs showed a preference for Dr. Ballard's Dog Food.

Dr. Ballard's provides complete, balanced nourishment

Dogs benefit more from Dr. Ballard's because every can contains *scientifically-balanced* nutrition—*all* the known nutrients they need to keep them in peak condition every active minute of the day. Dr. Ballard's animal nutrition specialists precisely control the proteins, vitamins, minerals and carbohydrates to assure the correct nutritional balance and constant, uniform quality.

Dogs love variety in their meals

It's a good idea to alternate dry dog meal with wet foods. For variety, feed Dr. Ballard's new Burgerbits. It provides *twice* the nourishment of prime beef hamburger—at half the price. Easy to prepare, Burgerbits mixes instantly with water, milk or soup.

SATISFIED BUYER

Thanks to Dogs in Canada for making it possible for me to purchase a beautiful ten month old Doberman female.

I was advised to write to California, but longed up advertisement in Dogs. Saw several kennels mentioned and wrote to them. I got back very nice answers, and after due consideration, settled on one from the Schaufelein Kennels in Cheltenham, Ont.

Mrs. Purdy was helpfulness personified. This lovely female fulfilled all my expectations. She was entered in seven shows in two months and went undefeated Winners Female every time, making her championship in five straight shows, with five points to spare.

To say the least, I am more than thrilled, and so grateful to Dogs in Canada for making it possible for me to contact people like the Schaufelein Kennels

COCKERS IN THE RING

In the interest of all American Cocker lovers, both in Montreal would suggest that "When exhibitors from the States are showing a champion here in the ring, only a champion should get in the ring from here in Canada to go along side of this champion." The same should apply to Canadians showing in the States. Too many times we have to show a Cocker entered in the Open Class having to get out of the ring on account of a champion getting along side of that Open Class Dog where we believe one out of a lifetime would have a chance to get on top. i.e. This is only a suggestion.

G. Eastlamme.

NO SUCH ANIMAL

Re the so-called "Maltese Poodle", there is no such recognized breed i.e. The C.K.C. advises me to make this public, as here at the Boutique we are often requested to clip and shampoo a "Maltese Poodle" in the customary Poodle clip i.e. Owners tell us they have honestly purchased the little white dog — Terrier type — as a Poodle. But the breeder has assured them it is a "Maltese Poodle." It seems to me that someone is playing on the popularity of the Poodle to sell off Maltese puppies to unsuspecting buyers.

The Maltese is a short-legged little dog, popular in his own rights, who is longer in the back than a Poodle, has a silky coat and is always white in colour. Has a Terrier type head, similar to a Yorkshire Terrier. High ear carriage, completely unlike a Poodle, as you will see by the Standard.

I have tried to convince customers that these little dogs should not be clipped at all, and to make the most of their terrier personality.

Phyllis Walker.

This office has had enquiries about Maltese Poodles as well as many enquiries as to how easily convinced. — Ed.

RARE BUT NOT RECORD

Re Mrs. Bruce Brown's query, "Rare or Record" in November *Dogs in Canada*: a litter of seven free-whelped Boston puppies is certainly a rarity during these days of caesareans and small litters. However, it isn't a record. On October 21, one of our maiden females, bred to our champion stud, presented us with seven puppies. She also required no assistance either from veterinarian or owner. Each puppy in the litter is dark in colour and carries full markings.

In over 35 years in exclusive Boston Terrier breeding, we think this litter is our best, considering both quantity and quality.

THE OLD TIMER

The Old Timer took twice as long to clean out his pipe, which meant the old codger was cogitating, and soon his thoughts would crystallize into provocative words.

"Seems to me," said the Old Timer "that a little bit of intelligent action would remove the need for a lot of senseless beefing."

I looked up interested. We'd spent the morning clipping toenails on a new litter of puppies, and cleaning out the long hairs between their toes. It had been a job requiring a great deal of patience for the puppies were full of bounce and a little suspicious of this new procedure. We'd brought a little blood in a couple of cases—nothing the Old Timer hated doing—and now we were relaxing.

"Yes," said the Old Timer "it seems to me a little bit of intelligent action would help."

"All right," I asked "what have you in your mind?"

"I'm thinking of the relationship between the average member and the Canadian Kennel Club," he said "but perhaps relationship is the wrong word for I'm afraid in too many cases no relationship exists—and in still others what relationship there is is purely coincidental."

I waited. I knew from long experience the Old Timer would take time to sort out his thoughts. I knew nothing would hurry him when he reached for his pipe, started reaming out the long accumulation of carbon, and then cleaning the stem carefully. I knew there would be nothing further forthcoming until he'd gone through the ritual of packing it carefully, a little tobacco at a time, and had it drawing freely and easily. So I waited. Finally he had it drawing to his satisfaction.

"Now mind you I'm not thinking in terms of politics," he said.

I knew that, for as long as I'd known the Old Timer I'd never found him taking any part in the politics of the dog game.

"And I'm not being critical," he said. "I'm thinking of a relationship between the members and the Club in terms of a mutual benefit society of some kind, perhaps with the local kennel clubs acting as a sort of liaison officer."

"You lost me five minutes ago," I said. "Perhaps you'd better elucidate."

The Old Timer cogitated. He tipped his old fedora onto the back of his head. He scratched thoughtfully at a spot just back of his ear.

"I'm trying to think out loud," he said finally "and I'm finding it just a little tough. But how many local kennel clubs did you belong to?"

I told him three—a specialty club, an all breed club and a training group.

"And how many times have you had a discussion on the floor of your clubs on some item before the CKC board of directors?" he asked. "Or some item you or your club has felt ought to be before the board."

It was my turn to scratch that spot behind the ear. I could think of no occasion when either the all-breed or specialty club had held a formal discussion on any item of the governing body policy. The training club, I told him, had held several discussions on proposed changes in obedience trial rules.

"And did you make any representations to the CKC as a result of your discussions?" he asked.

had to admit that we hadn't.

"That's exactly what I mean," he said. "The officers and directors of the Canadian Kennel Club are only human. The most of them are in there not because they have any axe to grind, but because they really want to be of service to the dog game. But being human they can't always be right and they can't know what all the average breeder are thinking. I'm sure they'd welcome guidance."

"Okay," I said, "but how would it work?"

"As I told you, I'm thinking out loud," he said. "But what would you think of the idea of the local kennel clubs including in their committees a committee on the Canadian Kennel Club? It would be the responsibility of that committee to study the minutes of meetings of the governing body — to study proposed amendments to dog show rules — to report back to the local club at its regular meetings and to recommend to the local club any action which the club might take. I would think that letters, reflecting local opinion, would be of considerable help to the CKC directors, particularly if they were sober, constructive letters and not letters designed only to bring pressure. And I'd think there would be other dividends."

"Such as what?" I asked.

"First of all I think it would stimulate interest among the membership in the work of the Canadian Kennel Club governing body, and that is important. It might bring a greater attendance at the annual and semi-annual general meetings — a good thing in itself. And finally, I think it would mean a more intelligent and better informed ballot at the annual elections, both in the selection of officers and in decisions on proposed amendments."

"Aren't the annual elections already spirited enough?" I asked.

"You remember I referred to a more intelligent and better informed ballot," he said, "although there's room also for a great increase in the numbers who exercise their franchise — I think the average is about thirty per cent. We've got annual elections coming up right away, but I wonder how many people will be voting on the record and how many will be marking their ballot on a basis of personalities. Joe Blow is a good fellow. He's around a lot of the dog shows. He shows Working dogs and Show Terriers so he's never taken a win away from me that I thought I should have had. So I'll vote for Joe

WHAT TO DO WHEN PUPPIES ARRIVE

Mr. and Mrs. J. W. Duckett, well-known breeders of Boston Terriers, take the novice by the hand through the stages of whelping and care of the puppies up to four weeks of age, when the owners' lives can resume a semblance of former routine.

Your female should be one of your most prized possessions. Be proud of her. Treat her kindly. She is true to you, and would gladly lay down her life for you. Now, more than ever, she needs your companionship and understanding.

Here is a quick run-down of important pre-whelping points:

Give one condition powder every third day up until the seventh week. Two weeks after breeding dose her for worms. Do not attempt to worm her later than three weeks after she is bred.

Do not bath her after seven weeks.

Do not give her any rough exercise or let her jump, or play ball, etc., after seven weeks. Rather, take her for a nice walk twice a day,—and especially at night. Towards the end though let her walks be shorter, and slower.

Do not give her any hard or indigestible foods, (biscuits, etc.), after seven weeks. After seven weeks, discontinue the condition powders. Instead, give a full teaspoonful of pure olive oil, (tablespoonful for large breeds),—every night. Also apply more pure olive oil very freely all over her stretched stomach, and around her little "back end" every night too.

Introduce her to her new bed about a week before she is due. The average female will whelp her puppies between the 59th and 63rd day. Some will whelp as early as 57 days, others as late as the 65th day. The time your particular female is going to whelp will be known for certain by the "first signs of whelping" described in the next paragraph. The whelping box must be large enough for her to stretch out at full length. Put about two inches of flat newspapers in the bottom of the box. Then tear more newspapers into half-inch strippings and put them on top of the flat papers for her to nest in. Do not use bedding as new puppies often smother in bedding. If papers become soiled during whelping, the top few layers can easily be slipped out, leaving a new clean layer ready for use.

First Signs of Whelping

About twelve hours before whelping your female will refuse to eat. Her temperature will drop to sub-normal, and she will scratch her bed up preparing her nest. She will pant and act very restless, then she will strain and "bear down". Once she commences to pup leave her alone. Providing there are no complications, she will look after her puppies and herself. Take an occasional look, however, to make sure all is progressing favourably, and give her an occasional pat and a few words of sympathy. If, after three hours of straining, (real labour), still no puppies have arrived, it is best to call a veterinarian, as sometimes a Cesarian operation is necessary. It is wise to call your veterinarian on about the 56th day, and let him know that your female is expecting. Find whether he will be "on call" around the time she is due, just in case you may be needing his help.

Providing all is going well, however, the puppies will arrive from between 20 minutes to one hour apart. Each puppy is born in a bag, which the mother opens with her teeth. If she does not do this immediately, disinfect your hands and nails thoroughly, and nip the sac, open with your nails near the puppy's mouth, so he can get air. If the mother does not sever the navel cord, you will have to do this yourself too. Disinfect your hands, fingernails, sharp scissors, thread, etc., thoroughly. Tie the navel cord with clean, disinfected white thread, tightly, about one-half inch from the puppy's tummy, then cut the navel cord about one-half inch outside of this. The navel cords will dry up and drop off within 48 hours after birth. Make sure all the afterbirths have come away. There will be a separate afterbirth for each puppy. Always use only clean fine white thread, and clean sharp scissors for cutting the navel cords, and be sure both have been dipped in a good strong solution of Lysol and boiling water before using.

IMPORTANT NOTE: Sometimes a puppy will "stick" half way out and seems not to come any further, (either head first or feet first), and in this case take a warm, dry towel, and get a firm grip on the puppy, and each time the mother "strains" pull gently, firmly, downward. (Down and under). Have someone hold the female for you during this important task. Always have on hand a good pile of clean, warm cloths, to use as "grab sheets" for assisting in helping deliver a puppy. An old clean flannelette blanket, torn in 18 inch squares is always excellent. Have a little box containing a hot water bottle and towel handy. After the mother is finished washing each puppy, put it in the little warm box, next to the mother's so she won't crush those already born while trying to have another. If a puppy is born apparently dead, breathe into his mouth while squeezing and relaxing his ribs. Rub him briskly with a warm dry towel. Sometimes a few drops of spirits of ammonia or brandy put on his tongue will revive him. If he does not revive within one-half hour, there is not further use in trying. If a puppy is born apparently dead, do not cut the navel cord until after you have either tried to revive or have revived him. We also rub an apparently dead puppy vigorously with a warm dry towel. Handle him roughly, and hold it up by the hind legs, head down, and slap the little ribs gently over and over again. This will expel any liquid from the nostrils or air passages, which should be promptly wiped off. When the mother seems to settle down and sleep and does not make any further attempt to strain, she is probably through whelping. Give her clean papers, put her puppies back in bed with her, and allow her to rest. She may have a drink of warm milk between puppies while whelping if she wishes. Sometimes a female is weak and weary during whelping, and not just as attentive as she should be in cleaning her new-born puppies. In this case, dry them well, cut the cord, and immediately take a large wad of batten saturated with baby oil, and gently bathe their little rectums back and forth, until the puppy expels the contents. Also bathe his other little parts until he wets. This is a very important must. Most normal mothers do all the cleaning up after their puppies while they are nursing, but occasionally one will not take on this important job, in which case you must do this cleaning-up job for her several times a day. Always keep plenty of baby oil around their little tails and

rectums, so there is no chance of them getting "tail-bound." Keeping their little bottoms well-oiled always will encourage most mothers to wash their babies as they like the taste of the oil. After the litter is born, feed the mother mainly on raw minced steak, and warm milk or Pablum, for about one-week afterwards. This is very strengthening. After the first week or ten days, she may be put back on her "regular" type of feedings. After whelping resume giving the mother one condition powder every third day again, until after she has weaned her puppies, and then one condition powder a week.

Weaning

Start weaning the puppies at four weeks by giving them warm milk only for about four days. Use homogenized cow's milk, or canned milk, diluted with equal parts of water. After the first few days on milk only, a little Pablum may be added. Make the mixture very thin at first, increasing the amount of Pablum about every two days, until it gradually becomes a medium consistency. After three or four days on warm milk or thin Pablum, each puppy may have one rounded teaspoonful of very finely ground minced steak (raw) twice daily. By the time they are five weeks old, give the puppies two meals a day of warm pablum and milk, and two meals of raw minced steak. Give one meal of Pablum, and the next of meat, and so on. The amount of meat can be gradually increased. By the time the puppies are five weeks old, leave them with the mother only at night. At six weeks they should be completely weaned, and not with the mother even at night. At seven weeks they may be fed almost anything within reason, (mashed finely of course), but do not ever give any kind of fowl or fish bones. Always give "winter-time" puppies refined Cod Liver Oil. Start giving the cod liver oil at 6 weeks: only ½ teaspoonful for each puppy daily. Increasing to ¾ teaspoonful at three months. Increase to one teaspoonful daily from six months of age on. It is a good plan to weigh each puppy at birth, and again each week, to determine progress. It is fun, too, to take snapshots of the puppies each week. This is something you will always treasure.

When the puppies are six weeks old, put warm vinegar on the mother's breasts in the morning, and warm camphorated oil each night. This will dry up her milk, and shrink her back to normal shape. Be sure and worm each puppy at five, six, and seven weeks of age. Put each puppy in a separate box or pen when worming them, and in this way you can positively determine the results you get from each puppy.

Always Possibility of "Acid Milk"

It is always a good plan to have on hand a supply of blue litmus paper. This can be secured from your drug store at a very reasonable price. After your litter is born, test the mother's milk for the possibility of "acid milk." This does not happen often. When it does, it can often prove very costly. Puppies, apparently born strong and healthy, seem to grow weak, bony, and unthrifty after they are about three or four days old, and many of them die before much can be done for them. By testing the mother's milk in the beginning on the blue litmus paper, this heartache can often be avoided. Drop a few drops of the mother's milk on it, and if the drops of her milk turn red, she has acid milk. If, however, the paper stays the same colour, or turns just slightly in colour, her milk is normal. Puppies may be left on her to feed. However, if her milk proves to be "acid milk," we suggest that you call your veterinarian and follow his advice. We, ourselves, prefer to take the puppies off of the mother completely, and bottle-feed them. We then have the veterinarian give the mother something to dry up her milk.

Very tiny, sickly, or weakly puppies will require your earnest attention. Always see that these babies are put on the choice "buttons" first. Let them get their fill before the larger healthier puppies even start. Sit with these tiny puppies at least five minutes at each feeding time, and see that they get their required fill before the larger fellows get going.

The puppies' eyes will open somewhere from seven to 14 days, varying with the individual. If any of the puppies should be longer than this opening their eyes, bathe them twice daily with warm cow's milk or warm baby oil on batten.

From three weeks on, be sure that the puppies' toe nails are kept trimmed short. Trim them back to the quicks, and keep them trimmed. Good sharp scissors are alright to use for this job until they are about six weeks old, then a proper doggie toe-nail cutter must be used. Many otherwise healthy puppies develop injuries in their little eyes, from being clawed while playing with their brothers and sisters.

From six weeks on each puppy may be given ½ of a condition powder twice a week until three months old. Then give ½ condition powder twice a week until they are six months old, and from six months old on, give one condition powder twice a week. It is far better to keep your puppy or dog in condition, than to start terribly after he has taken sick to remedy the trouble that you could easily have avoided.

Orphan Puppies

Unfortunately, once in a while, a little mother dog will lose her life giving birth to her puppies. This is sad, and unfortunate, but in case this should happen the puppies will either have to be fed by hand with a bottle, or may be put on a foster-mother. If a foster-mother is available, follow this manner of introducing your puppies to her. Take her out of the room for about five minutes. Meanwhile rub the foster puppies well against her own puppies, rub their backs and sides together. Then let her return to the babies. If she washes the foster-puppies and cuddles them, all is well. But if she growls, or refuses to take them, it is better not to upset her. Remove the foster puppies, and raise them yourself on the bottle. You can buy what is known as the Brecht feeders from your drug store. These are excellent for hand-feeding puppies. It is wise to buy two feeders and three or four nipples.

The following formula is excellent for bottle-feeding puppies: One-half cup of Carnation milk, ½ cup of boiled water, and ½ cup of lime water. Add from ½ to one teaspoonful of corn syrup, according to how the puppies' little bowels are. If they are too loose, cut down the corn syrup. If they are too tight, add a little more. Always have the formula nice and warm. Make up a new formula for each feeding, and be sure to boil the feeding bottles and nipples before each feeding. From birth to one week old, the puppies will need to be fed every two hours (day and night) and not very much at a time. From one to two weeks of age, feed every three hours, day and night. From two to three weeks feed every four hours day and night. At three to four weeks give them their last night feeding say at 12 o'clock midnight, and no more until six o'clock in the morning, gradually making the morning feeding just a little later, until you stretch it out to 8 a.m.

Start weaning bottle-fed puppies the same as you would normal puppies, as previously described, starting at four weeks of age. Bottle-fed puppies must be cleaned often, (day and night), with warm baby oil and batten, to make them do both of their "jobs." Always do this cleaning job especially following each feeding. Always keep bottle-fed puppies in a warm dry box, where the temperature will remain the same day and night. Note: Sometimes bottle-fed puppies will develop what we call a "cradle scale" on their coats. Massage them gently with baby oil daily, and this scale will soon disappear.

No matter whether your puppies are normal-fed puppies, or whether they are bottle-fed, once they are four weeks old, put them down on a piece of newspaper, in a warm place, right after each feeding, and see how quickly they learn to "oblige" you. As soon as they have done their duties, put them right back quickly into their warm box. Good luck, and hope you have lots and lots of these little "heart-warmers" during 1959!

PHILADELPHIA'S 64th EVENT

Fifteen hundred dogs of 100 different breeds and varieties vie for ribbons and trophies at the 64th annual all-breed show of the Kennel Club of Philadelphia, December 6. A special feature is the trained dog ritual which invariably enthralls the novice spectator with the ease of educating the average dog.

NEW BRUNSWICK KENNEL CLUB, INC. (1907-1958)

Robert B. Laskey

Another successful show season was held by this venerable club, with a good carry-over for 1959 show investment. The 65th and 66th annual championship shows were down a bit in total of entries. However, some of the Groups had enough in some breeds to maintain our former three and four-point ration for Best in Show wins.

The N.B.K.C. dog shows were benched in the Barnes Green Armoury, Saint John, N.B. This is a spacious building with excellent accommodation and conveniences. We are looking ahead for more show rings for Obedience and the Toy Dog specialty shows already assured us. The gate was excellent. This club is most fortunate in having for its sponsor the progressive Lady Moyra Ponsonby Chapter of the I.O.D.E. The ladies look after our gate, catalogues and tickets and have a splendid canteen. They receive a generous response for their catalogue work, a profit for them and for our Show Committee.

(*Results of the shows appeared in the November issue of* Dogs.—Ed.)

Hillside Ebony Lassie, Labrador Retriever owned and handled by Johnson Ripley, Amherst, N.S., holder of both bench and field trial championships at the age of 17 months, placed first in the Open All Age Stakes held by the Tantramar K.C. at Blair's Lake, N.S., September 13. She repeated the victory at the Moncton Gun Dog Club trials at Neils Folly N.B. the following day.

Following the August shows in New Brunswick there were two other successful all-breed championship dog shows held in New Glasgow, with George T. Kane and Gerald G. McCarthy, both of Saint John, judging. At these shows (in which almost every Maritime dog club was represented) it was agreed to resume the annual inter-club meetings, the Nova Scotia Club representatives to meet the first Sunday of November in New Glasgow, while the four N.B. Clubs decided to meet in Saint John the following Sunday.

Rosendales Golden Flash, Labrador Retriever also owned by Johnson Ripley, placed first in the Junior Stakes at Tantramar K.C. trials September 13, and third in the Moncton Gun Dog Club trials for Retrievers and Irish Water Spaniels the next day. "Lassie" had taken the Junior honours at Neil's Folly last year.

Early in October, Field Trials were held in and near Amherst and Moncton. Ch. Lady Bess, Golden Retriever owned by Alex G. Wilson of St. Stephen, finished for her title at these trials. Lady is one of two dogs in Eastern Canada to wear a dual crown. The other is Ch. Hillside Ebony Lassie, a Black Labrador owned by Johnson Ripley, also of Amherst. Mr. Wilson, who trained "Lady" himself, is our Maritime Retriever representative, a member of the New Brunswick K.C. and is also active in St. Stephen and Charlotte County Field and Obedience work.

KENNEL CLUB OF BUFFALO

By Ethel S. Eyquem

The format for the show held by the Kennel Club of Buffalo this year was completely new. But there was no change in the number of Canadian exhibitors who annually enter their dogs at the show. Undeniably, the show was moved to the fair ground site at Hamburg, N.Y., and it would seem met with the approbation of everyone. With space provided indoors for those who would avail themselves of it for preparing dogs and for showing, if necessary, the new plan went off very well.

Included in the judges was Mrs. R. D. Marlatt of Oakville, Ont., who not only judged the Terriers but also Best in Show, choosing for the top dog of the entry, the Scottish Terrier, Ch. Glenview Grand Duke owned by Mr. and Mrs. T. H. Snethen.

Canadian exhibitors who found themselves in the winners circle included Mrs. Mary Matelets, who had Best of Breed with the Afghan Hound Kabsurat Khan; Mr. and Mrs. Frank Jones had Best Opposite Sex with their Ch. Elsnamallard Tarantella and Kay Robinson's Magicroft Bonnegastle was Winners Female in Labrador Retrievers. Lila S. Eymbumer's Covington Night Breeze was Best of Winners and Best Opposite Sex in English Springer Spaniels for a major win. Mrs. M. Eileen McEachren, who has always supported the Buffalo show and last year was guest speaker at one of the club's meetings, had Best Opposite Sex with Tailteann's Marcelle in Kerry Blue Terriers and Best of Breed was Tregoad's Nicky's Cappy owned by Barbara Worcester and sired by Mrs. McEachren's Ch. Tailteann's Jim's Showoff. John McNichol's Golden Retriever, Ingrid of Janville, was Winner's Female and Best Opposite Sex.

Dr. Richard E. Gaetz was re-elected president of the club at the recent election with E. A. Martin, secretary. The writer was elected to the Board of Directors and has the distinction of being the first Canadian member of the club to be elected to the Board.

ON THE MARKET

All of 20 proven ingredients are combined in the conditioner-remedy Zev. Mr. W. K. Buckley tells Dogs: This remedy has this guarantee: "Double your money back if Zev is not the fastest remedy you've ever used for coughs and colds." That sounds like tall talk, but many breeders are never without a bottle of Zev on the medicine shelf. Symptoms to watch for include watery eyes, dry nose, colorless gums, ravenous appetite with loss of weight.

Simple but effective treatment from head to tail is the Flea-Collar, available at most pet shops. It's a simple cord which slips around the neck of the dog or cat, but through controlled magic, fleas seem to fold their tents and steal away.

For your dog's comfort, we suggest a Pet Mattress as year-round Christmas gift. These mattresses are not only functional, but good-looking. Comprised of zippered covering of sturdy material in a pleasing green shade, and filled with cedar shavings. When covers need washing, simply remove shavings to another container until cover is dry.

AROUND THE OBEDIENCE RING

by Alan Sharp

635 Lansdowne Avenue, Westmount, Montreal, P.Q.

Your Editor Says

In our section, "Letters of Interest", we have reproduced a letter from one of our readers in Santa Rosa, California. We are happy to let you read this letter for many reasons. First of all, the record established by our friends from California at the obedience trials in British Columbia in August and September should stand for many years to come. Secondly, the letter points up two issues which your agent has been talking about for years — that dogs shown in breed can also be successful in obedience, and vice versa — that exhibitors from the United States can enter our trials in Canada and be judged under the same set of rules as exist in the United States.

We hate to be accused of repeating ourselves but sometimes repetition is necessary if the issue at stake is big enough. Your editor believes this situation exists today in Canada. We, in Canada, can't afford to have a different set of obedience rules. It just doesn't make sense. Obedience trials are international sporting events today. It goes without saying that if they are to continue as such, and we hope that they continue to grow, then it is imperative that we have one set of rules for both countries. Most obedience clubs in Canada are dependent on entries from the United States to ensure financial success for their obedience trials. If we start making our rules in Canada different to those in the United States, we are asking for trouble. With these thoughts alone in mind, your agent is of the opinion that the recent interpretation of the "Long Down" exercise scheduled to become law on January 1, 1959 is wrong. If this change is not withdrawn obedience in this country will suffer, simply because people in the United States will hesitate to enter our trials due to the difference in rules.

This Corner has been in communication with a number of top-flight judges in Canada and the United States to get their reactions about the contemplated change in rules affecting the "Long Down" exercises. In all cases they have stated that they are against the change, that there is no merit in it and that it gets away from the basic principles of the exercises. We must not lose sight of the fact that the principal features of the "Long Down" exercises are that the dog must stay, and must remain in the down position until the exercise is finished. Then there is the matter of judging. It is not possible for any judge to accurately judge up to the maximum of fifteen dogs and their handlers, who are working almost simultaneously, to decide or determine which handlers have given extra commands or signals. It was with this in mind that those responsible for writing the rules years ago decided that the wording would be "on order from the judge the handlers shall down their dogs" rather than "the handlers shall give the command and/or signal to down their dogs". In other words, with minor exceptions, judging starts when the judge gives the order to "leave your dogs".

This department sincerely hopes that this new interpretation will be withdrawn for the good of obedience in Canada. We have a good set of workable rules that have been tested for a number of years. They have withstood the test of time. We have seen obedience and obedience trials grow from a dismal beginning to the finest sport it is today. We should, therefore, be careful not to do anything that will retard the sport.

May we take this opportunity to wish all our readers "a Very Merry Christmas" and a "Happy and Prosperous New Year."

Letters of Interest

Mrs. Helen R. Langlois, 121 Clonsilla Avenue, Peterborough, Ontario, Director of Obedience for the Kawartha Kennel Club, writes to us as follows:

"I wonder if you would find space in your interesting column to insert the following. Because I know a great number of people will be interested and will certainly regret the passing of these two beautiful animals.

Those of you who knew Mrs. Margaret Thomas of Peterborough, Ontario, and her beautiful German Shorthair Pointers will be sorry to hear of the sudden passing of Ben, International Champion Katrin V Radbag, C.D., who died of a heart attack. We here in Peterborough feel especially grieved at the passing of this lovely gentle animal and we shall greatly miss her in our Obedience work. Her old pal and side kick, the Kerry Blue Terrier Killian, will certainly miss her as they started in Obedience together, and often shared the same run and drank out of the same bowl while awaiting their turn at Obedience Trials. . . .

. . . Obedience Training Classes in Oshawa will never be the same since the sudden death of Hugh Smith's Water spaniel "PAT", who passed away very suddenly due to a virus infection. Pat was a real clown. The first time we saw her going into her act was two years ago when we visited the training classes. It was in the old Legion Hall and somehow Pat produced a small piece of chewed up chewing gum . . . she would throw it not too far, but, far enough to pretend she didn't want it, then when any of the other dogs tried to get it, Pat scrambled across the floor, pounced on it and dashed off with it with the rest of the animals in tow. She was one of those rare animals that was full of fun and her passing is deeply regretted.

We always turn to your page first since we are real Obedience fans. We have two Kerries going full blast at the moment and by February we hope to have four Kerries working."

We are very sorry to hear about the passing of these two dogs and we offer our deepest sympathy to Mrs. Margaret Thomas and Mr. Hugh Smith. We know what it is to lose a faithful dog having lost one ourselves just about a year ago.

ED.

It gives us a great deal of pleasure to reproduce the following letter received from Doug and Gladys Bandeck, 1560 Rona Drive, Santa Rosa, California.

"With so many American exhibitors invading your shows we thought you might be interested in hearing what a first-time-in-Canada exhibitor thought of your shows. Having heard conflicting reports before going we didn't know what to expect. We were extremely pleased.

We entered all the late August shows and Trials at P.N.E., the shows at New Westminster and Shows and Trials at Victoria, but were most interested in the obedience trials. We found a great deal to praise and very little, if anything to criticize. We found the trials very smooth running and all the stewards, judges, and superintendents courteous and helpful. And I'm afraid we found the Canadian exhibitors showing a little more good sportsmanship than we are used to in some of the shows in our country.

Around the Obedience Ring

[Continued from page 17]

But the one thing that we enjoyed most, I think, was the overall friendliness among exhibitors and all concerned. Our trials in California frequently have an entry of 200 to 300 dogs. With the increased size, I fear we have lost quite a bit of the feeling of com'raderie that you folks still enjoy.

We wonder if our dogs set any kind of a record? We brought three Welsh Corgis (Pembroke), and between two of them they were highest scoring dog in trial at every one of the five trials. We wonder if you have ever heard of one breed taking five trials in a row this way before. Naturally we feel it is a great boost for our breed.

Their scores were Bundocks Mellow De Rover Run highest scores at three P.N.E. trials with 197 the first trial, 199 the second trial, and 199½ the third trial. At Victoria, Mellow De's 7½ month old puppy, Bundocks Rover Run Concerto, had highest score at Victoria both days with 199½ both days. Incidentally, all three dogs earned their CD titles while in Canada and Mellow De made her championship at the same time, all still subject to C.K.C. confirmation. She also completed her American Championship just before we left for Canada. We are particularly proud to be able to help dispel the idea that obedience dogs are no good in the breeding ring and obedience ruins good bred dogs in the ring by having a dog that can make championships in two countries while making high scores in trials in two countries.

Needless to say, we are already laying plans for participation in future Canadian shows.

We are enjoying Dogs in Canada, and hope to see more obedience news in future copies."

First of all, congratulations on your outstanding wins at the obedience trials put on by the Pacific National Exhibition in Vancouver and by the Vancouver Island Dog Fanciers Association in Victoria, B.C. It's absolutely remarkable that one of your dogs should receive the highest score at three consecutive trials, to say nothing of your other dog coming first at two consecutive trials. While we have no way of checking, we believe we can go out on a limb and say that you established a record in Canada by having two of your Welsh Corgis (Pembroke) place first in five consecutive trials in one area. It must also be something of a record to bring three dogs to Canada for the first time and have them all earn CD degrees, as well as have one win a championship. It is certainly a credit to the breed and a credit to you as trainers and handlers. We are so glad you enjoyed your trip to Canada and we hope you will return. Thanks very much for taking the time and trouble to write to us—we love to hear from our readers.

Recent Trials and Tracking Tests

Montreal

The weather was clear and sunny on Sunday, October 19 when seven dogs paraded to the starting flags at the annual tracking test put on by the Montreal Dog Obedience Training Club. The dogs worked in ideal weather over excellent tracking fields at Hudson, P.Q., about 30 miles west of Montreal. Those who passed the tests judged by Mr. J. Malcolm McDougall and your editor were Mr. Richard Stanton from Lancaster, Pa. and his Miniature Schnauzer "Jonaire Pocono Roughrider"; Mr. Hayden Crocker, Old Lyme, Conn., with his Miniature Poodle "Greyfus"; a Standard Poodle "Petticote Jubilant Judy" owned and handled by Mrs. R. W. Tyner of Senneville, P.Q.; Miss C. Harrison from Montreal with "Dolly Nardon's Spotty" an American Cocker Spaniel, and Mr. J. T. Cornish, Toronto, Ontario, who handled his German Shepherd, "Arko M.D. Grippsnau". It was wonderful seeing all our tracking friends from the United States, Ontario and Quebec and we congratulate all those who passed. Mr. Jim Yelland from Montreal worked as an apprentice judge under Mr. McDougal and your agent.

On Sunday, October 26, 1958 your editor had the pleasure of judging the obedience trial sponsored by the Canadian All Pets Association in the Show Mart Building, Montreal. Highest scoring dog in the trial was a Doberman Pinscher, "Maplehurst Gretel V. Altfel", who scored 199 points in Novice "A" under the expert handling of Mrs. Malcolm S. McCaw from Bedford, Quebec. In the Novice "B" class, Mary Hare Megargee of Paoli, Pa., had her two Standard Poodles tie for first place. After a run-off, "Meridor Finnian's Rainbow" edged out "Tory Hollow Victoria" for top honours. Mr. A. Tuller and his Shetland Sheepdog, "O'Summit's Golden Sheely", took first place in Open "A" with a score of 174. "Fay-Don's Star of Perfection", a Boston Terrier owned and handled by Mrs. F. C. Hawkins of Montreal, was first in the Open "B" class with a score of 197½ and also placed first in Utility by scoring 175 points.

BOOK REVIEW

How to Show Your Own Dog. By Virginia Tuck Nichols. Doubleday. $4.75

A lifetime of experience in making champions is condensed in this valuable guide to shows and showing. Among many useful suggestions is what kind of steps to take in the various procedures in the ring; what to do while you're waiting your turn; what goes on before a show, and your behaviour with a judge. Among the most practical: maintaining a record book with notes on the progress of your dog, when shown and where, and even a list of judges' preferences. There's no room for guesswork in showing; but if you know what you're doing, you and your dog will gather the points.

The Rin-Tin-Tin Book of Dog Care. by Lee Duncan. Prentice-Hall Inc. $4.25.

Forty years ago an American soldier serving in France during World War I found a whimpering pup on a deserted battlefield. The soldier was Lee Duncan and the puppy was Rin-Tin-Tin, destined to become the most famous and best-loved dog of all time, as well as the sire of a great family of German Shepherds, including the present Rin-Tin-Tin. Based on Duncan's years of experience, this generously illustrated (200 photographs) guide deals with dogs of all breeds. Although complete, the instructions can be readily understood by the young reader. Mr. Duncan has devoted his life since the First World War to training and breeding the Rin-Tin-Tin line.

The Springer Spaniel for Show and Field. By Maxwel Riddle. General Publishers. $5.00.

This is the fourth edition of a very sound manual on the raising and training of this popular field dog. Mr. Riddle, known to many Canadians, has these qualifications: breeder, show judge, field trial authority, newspaper journalist, and long a leader in dog activities and welfare. Among helpful chapters: how to handle the bird; how to handle the disobedient dog in the field; how to use live, planted game in training. Whether you have one Springer Spaniel or a dozen, this book belongs on your book shelf.

WHAT PRICE OBEDIENCE?

By Mary E. Southcott

(dedicated to her German Shepherd Dog, Trooper of Cara Mia, Can. and Am. C.D.)

'Twas the night before Obedience Trials, and all through the house
Not a creature was stirring, but one—Jim's poor spouse.
The leash, it was hung by the collar with care,
In hopes that the morrow would never be there.
And "Troop" in his kennel, and I in my bed,
Had just settled down, dreading what was ahead.

When all of a sudden, there we were in the ring!
Oh gosh! That sick feeling—a terrible thing!
The Judge called out numbers to see who was there;
Yours truly could only croak "Here" with a stare.
First in was a Setter, a flaming bright red;
When I saw how he worked I wished 'Troop' and I dead.

Next in was a Debie, each command he obeyed,
But "Troop" didn't like him, and teeth he displayed.
Third up was a Corgi, a squatty wee fellow;
My dog thought him funny and gave a loud bellow,
I was fit to be tied, as the Judge quickly frowned,
And I hissed "Shut up" to my mutt, who just clowned.

At last came the Shepherd—Good grief! It was me
Who was called in the ring while I shook at the knee.
"Start from heel", said the Judge, but my dog stood his ground.
While I sputtered and hollered, and wildly looked 'round.
At last he decided he'd stood long enough,
So he sat by my side and we started our stuff.

At "Forward", I went—but "Troop" thought he'd rest,
And did everything cokeyed the rest of the Test.
He tangled my legs in the leash hanging loose,
Then I said my face fondly to floor fit "caboose".
Of course, when I screamed, he just thought "What a game!"—
For the rest of the Trials I went around lame.

On the figure eight, "Troop" eyed one "post" with disdain,
And the poor man took off as if catching a train.

(Miller 8-1037)

When the Judge stretched his hand out to touch him on Stand,

"Troop" thought he'd look well garbed like sweet Sally Rand.

While they marked and pounced in some nation dance.

My Pal sampled cloth from the Judge's best pants.

In the final Recall who knows where "Troop" would have been found,

But the Trial taken place on ten acres of ground.

The Recall was nothing — and nothing he got;

The minute I called, he forgot what he'd been taught.

He gazed at the crowd, his tail gave a wag,

Then he strolled to the ringside and hoisted his leg.

Came the Long Sit — but just finding my mutt thought I'd "must",

And they hurriedly brought out the broom and sawdust.

Lined up last for the One Minute Sit,

"Troop" decided he just simply must show his wit.

So up from the sitting position he rose,

And each female there felt the cold of his nose.

Needless to say, I was filled with despair,

And prayed that we'd both disappear in thin air.

But the Three Minute Down was still to be done,

And Trooper had not yet had quite enough fun;

He lay like a lamb — for a second or three —

Then got up on his feet and headed for me.

If my look could have killed, he would have been dead,

But at least the lead penetrated his head.

The bored gun he gave would have slain Robert Noses,

But then Lassen he stopped there and sprawled on the floor.

I mean I have worried, what position he'd keep —

When the Judge said "Return", the damned dog was asleep.

I shook him, I shouted, I called him by name,

But I guess he thought sleeping was part of the game.

I blessed him with words not designed for a Saint,

Then finally fell at his feet in a faint.

I awoke with the sun shining bright on my head,

Bewildered, because I was in bygone Bell.

A voice called "Get up Gail — to-day is the day".

"What a nightmare!" I thought, and shook where I lay.

Later on I kept wandering, as Show-bound we spell,

Just what mischief that Trooper had planned in his head.

But he didn't do badly — at least it would seem —

For I only learned about half of my dream.

COVER STORY

Extending the Christmas greetings of Tailteann Kerry Blue Kennels, Reg'd., Todmorden, Ont., and owner Mrs. M. Eileen McEachren is Can. and Am. Ch. Tailteann's Marcie's Son, one of the top winning males of a top-winning kennel.

With the latest victory, Tailteann has a total of 128 Best in Show wins, countless group firsts and Best Canadian Bred in Show honours. During 1957 this kennel accounted for well over 55 percent of the wins in the entire Terrier competition throughout the United States. In 1958 there are 17 Best in Show, 30 Group Firsts and 15 Best Canadian Bred in Show awards. In August, 1958, Can. and Am. Ch. Tailteann's Marcie's Son was among the top ten winners, all Breeds, in U.S.A. Also in 1958 Can. and Am. Ch. Tailteann's No Regrets won Best in Show six times out of six consecutive times shown in Canada. Can. and Am. Ch. Tailteann's Rare Gem has been a close running mate in Canadian and American shows.

Virtually 100% of the current Tailteann stars are children and grandchildren of winning parents. They in turn were progeny of the famous Can. and Am. Ch. Tailteann's Kenmare Masterpiece and Can. and Am. Ch. Foxhill's Witch, bred by Mr. Bill Fox, well-known California breeder. Can. and Am. Ch. Tailteann's Marcie's Son has been named the outstanding Kerry Blue Terrier in the United States and has been chosen as the standard for the Kerry Blue Terrier in North America.

Tailteann's success has been based on hard work, careful study and planning, and scientific line breeding, which should be undertaken only after accurate study of both male and female lines to determine what is desired in the way of quality and temperament. This is the basis on which Tailteann has been built and is being maintained.

Details and examples of this long-term planning for line-breeding are given in the latest issue of The Kerry Blue Terrier Handbook. It cannot be stressed too strongly that this scientific form of breeding can only be successful if the utmost care is taken in the selection for a program of line breeding.

PROPOSED AMENDMENT NO. 1

WE PROPOSE THAT Chapter 7, APPROVAL OF JUDGES, be deleted in its entirety and the following be substituted therefor:

CHAPTER 7 - QUALIFYING FOR APPROVAL TO JUDGE

SECTION 2 - The following procedure must be followed in connection with the qualifying for approval as provided in Part (c) of Section 1:

(d) immediately after the completion of the examination the Zone Director will forward the application and completed examination paper to the Secretary of The Canadian Kennel Club;
(e) upon receipt by the Secretary of the applicant's application and examination paper the Secretary will identify the examination paper by number only and remove the applicant's signature;
(f) the numbered examination paper will then be referred to the Examining Committee appointed by the Board for the purpose of deciding whether the applicant has satisfactorily passed the written examination. The pass mark on the examination paper shall not be less than 85% of the total marks allotted to the paper;
(g) following receipt of the Examining Committee's report, the Secretary will immediately notify the applicant whether he has passed the written examination and is now free to apprentice;
(h) notified by the Secretary that he is free to apprentice, the applicant must apprentice under not less than three different judges (at not less than three Championship shows held under the Dog Show Rules of The Canadian Kennel Club). The applicant will select the shows at which he will apprentice but must, because, notify the Secretary of The Canadian Kennel Club not later than two months in advance of the show of his intention to apprentice at said show;

SECTION 5 - When the Board of Directors receives what it considers to be three well-founded complaints against an approved judge, it may, at its discretion, remove the name of said judge from the list of approved judges, and require said judge to again qualify for approval in accordance with the provisions of Section 2.
A judge's name may be removed from the approved list for awarding WINNERS for higher awards, for dogs that have insufficient qualifications for the respective breeds, for placing an award upon any dog that has been tampered with contrary to the Dog Show Rules or standard of the breed, for placing an award upon any dog when the Dog Show Rules or standard of the breed call for said dog to be disqualified, for placing an award upon a dog that is not eligible to judge according to these Dog Show Rules, or for any other reason which the Board may see fit.

However any protest that an award having been placed contrary to the Dog Show Rules or Breed standard must be filed immediately upon the placing of such award, and shall be dealt with at once by the Bench Show Committee whose report shall be submitted at once to The Canadian Kennel Club.

SECTION 7 - Any officiating judge refusing to co-operate in connection with apprentice judges shall be subject to disciplinary action and removal from the list of approved judges.

SECTION 8 - The privilege of holding shows under these Rules may be terminated when a show-giving club fails to co-operate in connection with apprentice judges.

SECTION 9 - The words "show" or "shows" when employed in this Chapter mean any of the shows defined in Section 1, Part 3 of Chapter 2 of these Rules.

MESSAGE TO C.K.C. MEMBERS

PREFACE

Last year, on the order of the Board of Directors, a message was addressed to members of the Club, the purpose of which was to provide helpful information and to explain certain policies, regulations or requirements which may not have been generally understood.

In this message we have repeated much that appeared in the 1957 message, primarily because in each calendar year many new members are enrolled. New sections have been added as a result of letters received by the Secretary which indicated that such additional information would be helpful.

For the benefit of those members who may wish to remove this message from this issue and place it in a three-ring binder, it has been printed on punched paper.

We would welcome suggestions for additional material which any member believes should be added to the next published message.

MINUTES

NEW FORMAT - Those members of the Club who are accustomed to reading minutes of Board meetings published in the following magazine will have noted the new format, with satisfaction it is hoped. The new format and method of publication have been adopted because:

(1) It is believed the new type face is easier to read;

(2) there is every assistance in saving in printing costs;

(3) the pages which are punched can be removed from the magazine and placed in a binder.

Apart from the publication of minutes in this new form, an effort is being made to provide more detailed information. The Board is anxious to ascertain the interest of the membership generally in the form and content of minutes now being published. Therefore, any member having any comments, suggestions, or criticisms to offer with regard to published minutes should not hesitate to write the Secretary.

FINANCIAL

FINANCIAL POSITION - The Club's financial position continues to be most encouraging as indicated by the financial statements published in this issue of the Gazette magazine. The restrictions in the Canadian economy as well as the economy of the country have affected adversely the fund including increases in the Club's volume of business. The present optimistic outlook is not, however, lessened the necessity for exercising all due care now with regard to those aspects of our operations affecting our finances. The reflection of continuing increases in the number of shows, field trials and obedience trials held under the Club's rules, but unless there is increased balance by substantial increase in membership, registrations, and transfers, the present financial trend may be reversed. It cannot be too strongly pointed out that the key to our future financial security depends largely on the volume of membership, registrations, and transfers. For these three items alone our greatest source of revenue. To see the membership with these comments giving to the Board's policy, and this year and for many years past, of building up the Club's financial reserves should note that twenty years ago the Club's net worth was approximately double its annual revenue, yet at the present time the net worth is less than half its annual income. The relationship of financial reserves to annual income is an important factor in our ability to weather any financial storm that may be ahead, particularly in periods of business recession. This fact must be borne in mind by your Board when it seeks to make the most effective and practical use of the funds which members and others make available through the payment of various fees.

INTERNATIONAL

DOGS IMPORTED FROM UNITED STATES - In Part III of the Appendix to this message the reader is directed to the regulations governing the entry into Canada of dogs from the United States. It will be noted that all these new regulations have a bearing on the limitations imposed from time to time on the importation of dogs from the United States.

DOGS IMPORTED FROM OTHER COUNTRIES - In Part IV of the Appendix to this message the reader is directed to the new regulations governing the entry into Canada of dogs from countries other than the United States. These new regulations indicate that:

(a) The previous regulations have been amended to provide for entry without quarantine of dogs from a number of countries which have been known to be free of rabies;

(b) the previous regulations have been amended by eliminating the privilege of dogs being quarantined on an importer's premises and substituting dog kennel premises approved by the Veterinary Director General at all of the quarantine Government quarantine stations.

AMERICAN HEALTH REGULATIONS RE RABIES - For the guidance of residents of Canada taking or shipping dogs to the United States, there is published in Part V of the Appendix to this message a copy of an amendment, effective September 8, 1957, to the United States Public Health Service regulations concerning the entry of Dogs into the United States.

At the request of the Board, the Veterinary Director General for Canada has made representations to the appropriate authorities in Washington concerning the effect of these new regulations on the entry of Canadian dogs into the United States. Any developments resulting from these representations will be reported in "Dogs in Canada".

IMPORT CERTIFICATE FOR DOGS IMPORTED FROM UNITED STATES: Where a dog has been imported into Canada from the United States and duty has been paid by the importer, the importer may apply for a refund of the duty paid. However, such application must be made within one year of payment of the duty. To make such application the importer will require an "Import Certificate" issued only by the Canadian National Live Stock Records. To obtain such a certificate write to the Canadian National Live Stock Records, clearly stating the name of the dog imported and forward the required fee ($1.00 to a member of the Club, $2.00 to a non-member).

An Import Certificate may be obtained before the dog is actually imported. If the importer has an Import Certificate properly completed, in his possession when he clears the dog through Canadian Customs, he may avoid the payment of duty otherwise payable.

A person seeking Canadian registration for an imported dog should note that evidence of proper clearance through Canadian Customs must be submitted with application for registration if not by Canadian National Live Stock Records.

CANADIAN DOGS ENTERED IN AMERICAN SHOWS AND TRIALS: Residents of Canada taking dogs to the United States for competitive purposes should note that such dogs, and the usual equipment for the care, maintenance of the United States shows, must be booked for the departure of the dog to the United States (as necessary surety is necessary which makes the person responsible for the duty in the event the dog is not returned to Canada. This information is under section 88(10) of the Tariff Act of 1930.

REGISTRATION, STUD BOOKS AND RELATED MATTERS

MEANING OF "PURE-BRED" - By virtue of The Live Stock Pedigree Act (Canada) the only dogs "pure-bred" and only those registered individually in the records of the Canadian Kennel Club are eligible for registration in the records of the Canadian Kennel Club. The Board has limited that the "listing" in the Stud Book Annual does not constitute registration of the dog in the records of the Club.

The By-laws (approved by the Minister of Agriculture of Canada) also provide that any person, partnership, firm or company, represented by a person who is a member of any breed recognized by the Club shall by such fact become entitled to have registered the dog of pure-bred in other words, no dog may be registered as of a breed recognized by the Club unless the dog is registered individually in the records of the Club in eligible for registration in the records of the Club.

In Article VII, Section (B), it is clearly stated that "No person, partnership, firm or company shall be eligible for or continue to be a member who is engaged in the breeding, buying or selling of dogs which are not pure-bred".

In order not to prejudice the status of members of the Club, every member is strongly urged to refrain from the breeding, buying or selling of dogs which are not pure-bred.

DELIVERY AND CERTIFICATES TO PURCHASERS - In part of the Appendix to this message the reader is directed to the Live Stock Pedigree Act, 1949, an Act of the Parliament of Canada which governs persons in Canada in relation to the Canadian Kennel Club. Particular attention is drawn to subsections (d), (e) and (f) of the section quoted. These subsections refer to the "Stud Book" association "known as the Canadian Kennel Club", "pure-bred" means registered in Canada in the register of registration" means a certificate issued by the Canadian Kennel Club. It cannot be too strongly pointed out that the sale of pure-bred dogs not complying with this law by merely providing a pure-bred application for registration form. Where a purchaser is entitled to a certificate, then it is the responsibility and obligation of the seller to submit the necessary applications and fees to the Canadian National Live Stock Records.

It should be noted that a resident of Canada imports a dog from another country, the dog is pure-bred in Canada, he is in just the same position as though he had bought a pure-bred dog in Canada. Supplying the purchaser with an application for registration and transfer in an American, British or foreign stud book or pedigree certificate issued in the United States, Great Britain or the country of origin does not constitute compliance with the Live Stock Pedigree Act.

In connection with the provisions of The Live Stock Pedigree Act, the attention of every member is drawn to the provisions of Article XXXIX (Registration of Transfer of Ownership).

Not long ago, in Ontario Court, a breeder of pure-bred dogs was fined $50.00 and costs for failing to supply a purchaser of a pure-bred dog with the certificate of registration, although the seller prepared and mailed with the dog's certificate, the signed application for transfer to the purchaser, and the transfer fee. The charge in this case was laid under Section 7(2) of The Live Stock Pedigree Act.

The Club's By-laws (Article XXXI, Section 1) provide that "A pure-bred dog may be sold or disposed of by the owner thereof only by delivering to the person disposing of the dog or his or her agent from the Club possessing the dog the duly executed application for registration of the dog and the certificate of registration issued by the Club in respect of the dog, and the transfer of ownership shall take place". The remainder of the remaining provisions of this Article in the By-laws, particularly the requirement that the agreement entered into, a copy of which agreement must be filed with the Club within thirty days after the change of ownership takes place. The reader should note the remaining provisions of this Article in the By-laws, particularly the requirement that the agreement entered into, a copy of which agreement must be filed with the Club within thirty days after the change of ownership takes place. The reader is not to be charged for such filing.

Your Board of Directors feels that it is the duty of the Club and its members to establish and maintain the highest standards of the Constitution and the Club's By-laws are faithfully observed in the following circumstances:

(1) Before a purchaser is entitled to a certificate of registration, and before the dog is entitled to be registered in the records of the Club, the purchaser must be in possession of the duly executed application for registration and the certificate of registration issued by the Club in respect of the dog, and the transfer of ownership shall take place.

(2) Before a breeder of pure-bred dogs is entitled to make available to members without charge agreement forms which are designed to assist the understanding of the above certificate of registration and to provide for the purchase of pedigrees (see paragraph following AGREEMENTS).

AGREEMENT FORMS - Since our 1957 message to members reference was made to the availability of two type dealings agreements forms, as follows:

TYPE NO. 1 - For use when a pure-bred dog is sold under the understanding that the purchaser will receive a certificate of registration, and the dog is entitled to be registered in the records of the Club for competitive purposes.

TYPE NO. 2 - For use when a pure-bred dog is sold under the understanding that the purchaser will receive a certificate of registration, but the dog is not entitled to be registered in the records of the Club for competitive purposes.

Type No. 1 Agreement Forms may at times be obtained by members of the Club, without charge. Should you wish to be sure to obtain a sufficient number of agreement forms, you will shortly receive a letter from the Secretary of the Club, with a request for your requirements. Please do not write

questions on any right or duties at issue.

Following discussions between representatives of the Club and officials of the Department of Agriculture in Ottawa, it has been decided to discontinue the distribution of puppy agreement forms. This decision is prompted by doubts that the Club has the power to the system of registration of puppies by the Club under such an agreement. Such decision would deprive the Club of any right to enter into such an agreement. However, the Club still has the power, by having any liability in the matter for which it may be found responsible under such agreement.

We do not have available any further puppy agreement forms, and we refer to this for the reasons that we were repeatedly asked to furnish "Breeder Terms agreements". Non-attempt to function as such terms were ever, to provide uniformity for the later methods of agreements very considerably. And it would therefore be very ill-advised to draft any kind of agreement now which would provide coverage for all the various terms which may form part of such agreement. This, however, is strongly recommended that the Club write agreement, between the persons concerned, taking under consideration the things as conditions to take, exchange, temporary possession, etc.

TRANSFER FEES. Any time a member appears to be under the impression that the applicant submits an application for registration and transfer simultaneously, the transfer fee does not apply and need not be remitted. This is not the case. Regardless of whether the title transfer is effected or not, all registered or unregistered animals to be registered, the transfer fee must be remitted. Failure to remit the fee automatically results in the rejection of the application.

CERTIFICATES FOR DOGS TO BE EXPORTED. Where dogs are to be exported to the United States, it is highly advisable that the Certificate of Registration, showing recorded transfer to the American purchaser, accompany the dog when shipped. The Canadian National Live Stock Records will give IMMEDIATE attention to the application for registration and transfer of certificate of registration and transfer of registered dogs. If, however, letters must be directed to the Canadian National Live Stock Records, this can be avoided by writing "EXPORT" in the left-hand bottom corner of the envelope. When acting upon this suggestion, do not include applications for dogs which are not to be exported — such applications should be sent separately.

LITTER KITS. Arrangements have now been completed for the issuance of "litter kits" commencing January 1, 1959, for sources possible the results. The kits will simply be instituted in many years ago by The American Kennel Club and has proven eminently successful and beneficial to breeders.

All kits will consist of the following:
(a) The usual certificate of registration issued when the litter is registered in the records of the Club;
(b) A partially-completed application for registration of the litter, live puppies and litter kit. Upon the instituting of this plan, this form will be possible to make it just as easy for breeders. Then the number will be increased to the extent possible, provided the sum remitted will be sufficient;
(c) A printed covering information letter for the guidance of applicants in making use of the litter kit.

[illegible] clear and the following information with the litter identification will be the transfer registration of the registration:
Breed, litter registration number, date of birth, name and address of breeder, name and address of owner at birth, name of registration number of the sire, name and registration number of dam.).

There will be several advantages to the [illegible] concerns the breeder:
(a) It will be the belief of the necessity of placing on the application all necessary particulars of the information called for on the application for individual registration form;
(b) The energy possible after receipt of completed applications will be saved;
(c) It will provide automatically with partially-completed applications for new puppy kits when the litter is [illegible] puppies.

Obviously the plan can only apply to any litter for which all litter kits are used. In the case of the registered [illegible] planning to [illegible] the application of dogs in excess of the number for which partially-completed applications are issued. And in the case of imported dogs, applicants will continue to use the customary application for individual registration forms.

PRIVATE STUD BREEDING RECORDS. Article XX of the Club's By-laws states clearly that: "The retail breeding of pedigreed dogs by private or commercial breeders and the establishment of stud breeding premises and identification of dogs at public pounds, fairs or elsewhere will, in accordance with the Canadian Kennel Club Private Breeding Records" [illegible] some [illegible] with will be set out below for information."

Anyone actually registering pedigreed puppies from [illegible] subject to this right or [illegible] by-laws of the Club.

Those people operating private kennels and breeding pedigreed dogs for pleasure and not for profit may keep their records and will greatly assist the interests of the Canadian Kennel Club. A simple and inexpensive private breeding record book can be obtained by sending 50 cents to the Secretary, 2182 Yonge Street, Toronto, Ontario.

IDENTIFICATION. The Club's By-laws require that before registration in the Club's stud records dogs must be identified either by tattoo-printing or by nose-printing.

Tattoo-printing methods is used, that is, two letters and three numbers — printed in the form established by the Canadian Kennel Club, must accompany the application for registration. The number letters and numbers must be shown on the application for registration.

Nose-printing supplies and information how to take nose-prints may be obtained by forwarding a request to WITH BROWN BROTHERS, Limited, The Canadian Kennel Club, 248 Wellington Street, Toronto.

PLEASE DO NOT SEND ORDERS FOR NOSE-PRINTING SUPPLIES TO THE CANADIAN NATIONAL LIVE STOCK RECORDS. C. O. D. orders will not be accepted.

Information in writing may be obtained by writing the Secretary, who will forward information and prices of the following apparatus directly from the Ketchum Manufacturing Co., Box 1880, Ottawa, Ont.

It is well that the reader understands the partial [illegible] tattooing method of identification. It is strongly pointed out that the Canadian National Live Stock Records application for registration upon which application specified for marking are stated UNLESS SUCH TATTOO MARKING WERE ACTUALLY PLACED ON THE DOG, IN CLEARLY LEGIBLE FORM, BEFORE THE APPLICATION WAS MAILED TO THE CANADIAN NATIONAL LIVE STOCK RECORDS. In other words, DO NOT SUBMIT THE APPLICATION UNTIL THE TATTOO MARKINGS HAVE BEEN PLACED ON THE DOG.

When tattooing dogs for registration purposes, be sure that the correct year letter is used. For dogs born in Canada in 1958 the year letter is E, for those born in Canada in 1957 the year letter is M, for 1956 it is N, and for 1955 it is P. The proper year letter should be shown regardless of the year in which the dog is actually tattooed or registered. The year letter is not required on imported dogs.

In the case of dogs born in Canada it would be well advised to arrange for its proper identification before it leaves its possession. Regardless of how they may be identified, its ownership is [illegible] because of dogs born in Canada or imported in the case of unidentified dogs, the responsibility for its proper identification in accordance with the regulations. Purchase of future-bred dogs is not obligation required to arrange for its identification for registration purposes, and the alleged failure of purchaser to arrange for proper identification does not relieve the vendor of any obligation to supply a certificate of registration.

KENNEL NAMES. Any name may be registered as a kennel name with the Canadian Kennel Club will, when in satisfaction, new arrangements concluded between the Club and the American Kennel Club regarding mutual recognition of kennel names registered with the organization. The effect of this new plan is this: The Canadian Kennel Club will not approve the application of a resident of Canada to register a kennel name registered with the American Kennel Club. Similarly, The American Kennel Club will not approve the application of a resident of United States to register a kennel name registered with the Canadian Kennel Club. This new arrangement will not, of course, have any effect on kennel names granted prior to 1958. Applications solely to applications now being received by either organization. But effect, of course, protect, future measure, kennel names already granted by either organization. For practical reasons, the protection thus afforded cannot be extended to prohibit the use of registered kennel names in the registration of individual dogs.

A member contemplating the submission of an application for registration of kennel name should note that the following will not be approved as kennel names:
(a) Any proper name (b) any historical name (c) the name of any post office in Canada (d) any name listed in the official Canadian Railway Guide (e) any geographical name in Canada; (f) any qualitative descriptive adjective (g) a color (h) surname, except in the case of an application for a name registered prior to January 1, 1958, registered kennel name belonging to the surname or prefix, and it is otherwise acceptable (i) a name commonly applied to a kennel name owned by a registered kennel in another country (j) any name which may be misleading as to ownership or relationship.

The Club's Registration of Canadian National Live Stock Records has been instructed that particular name appointed by a kennel name more than one time in the registration of dogs of a particular breeder, unless the applicant for the dog is granted a name as kennel name.

Any one applying for a kennel name would be well advised that selection should be made well in advance of the time when the member intends to register a dog with the Club's records.

Although additional kennel names should not be taken for the Secretary should avail himself of the privilege of [illegible] the name through which the applicant may select a name. However, the best of names happening in this list will not be granted automatically. Applications should be made by the regular payment of names may be rejected after application. Letter of application in the official manner. Minor, Such names are granted by the same [illegible] application for a name [illegible] selected.

When applying for the registration of a kennel name the applicant would be well advised to have [illegible] the name on the face of the application. And to have [illegible] the reverse side. This will facilitate the granting of an alternative name in the event that the selected name is not [illegible].

STUD BOOKS. The Club will publish stud books for the years 1938 to 1952, inclusive. Because of the financial inability to meet the costs involved. The five-year plan of the Club's stud books is now complete. The volume for 1952 has been published and will be available to members at $1.00 per copy. The next volume to be published will be the Stud Book volume for the years 1938 and 1939, this volume to be followed by volume for the years 1950 and 1951. The volume after the year 1951 Stud Book 1938 will [illegible] only [illegible] dog which the records show to have been used for breeding purposes, or have been exported, or have earned a title by [illegible] competitive events by the Rules of the Club. This [illegible] arrangement, while affecting [illegible] assistance in having [illegible] dogs provided the information necessary for these books obtained. The [illegible] proposed to [illegible] dogs. A [illegible] number of [illegible] available [illegible] the publishing "Dogs in Canada".

The volume for 1952 is expected to be published and will be available to members at the reduced price of $1.00 per copy to members of the Club.

REGISTRATION OF DACHSHUNDS. Breeders of Dachshunds in Canada should note that the following [illegible] recognized by the Club for the purpose of registration purposes: The Standard Smooth, the Standard Wire-haired, the Standard Long-haired, the Miniature Smooth, the Miniature Wire-haired, and the Miniature Long-haired. In registrations [illegible] consideration [illegible] "breed". And interesting [illegible] permissible. In applying for registration of the applicant must clearly show, on the application for registration of litter

and application for registration of individual dog forms, the particular "breed" of Dachshund for which registration is sought.

Where registration is sought for imported Dachshunds of the Miniature varieties, the importer must submit the following:

(a) a signed statement to the effect that the weight of the dog for which registration is sought does not exceed nine pounds;

(b) a statement, signed by the owner of this imported dog, certifying that the size does not exceed nine pounds in weight;

(c) a statement, signed by the owner of the dam of the imported dog, certifying that the dam does not exceed nine pounds in weight.

RECOGNIZED STUD BOOKS — Article XXVII of the Club's By-laws provides that dogs registered in any of the Stud Books maintained by the following clubs or associations are eligible for registration in the Club's records, provided the Club's other registration requirements are complied with:

(1) The Kennel Club (England);
(2) The American Kennel Club;
(3) The Association of Masters of Harriers and Beagles;
(4) The Association of Masters of Foxhounds;
(5) The National Coursing Club (England);
(6) The Irish Kennel Club;
(7) The Irish Coursing Club.

In Part 2 of the Appendix to this issue of the Review appears a further list of Stud Books recognized by this Club.

The list of recognized German stud books is presently being reviewed, and in due course an announcement will appear in "Dogs in Canada" regarding those German stud books recognized by this Club, and the procedures to be followed in order to register in the Canadian Register this country and register in any of the recognized German stud books and those stud books listed in Part 2 of the Appendix.

REGISTRATION OF LITTER OUT OF CANADIAN-OWNED FEMALE BY AMERICAN-OWNED STUD DOG — Residents of Canada who wish to register in the records of the Canadian Kennel Club a litter sired by an American-owned stud dog should proceed as follows:

(2) send the application to the owner of the sire at the time asking him to complete the section relating to date (or dates) of mating and sign as owner of the sire;

(3) send the application to The American Kennel Club, 221 Fourth Avenue, New York, N.Y., with letter requesting that they certify as to the records owned by the sire at time of mating;

(2) The Register of American Foxhounds registers Masters' International Foxhunters' Stud Book, Horse Greyhound registers with the National Coursing Association Stud Book, Retriever Pointer or English Setter registers in the Field Dog Stud Book. Write the Secretary for advice as to procedure to be followed in registering the litter.)

REGISTRATION OF LITTER WHELPED IN THE PROPERTY OF A RESIDENT OF THE UNITED STATES WHO IS ENTITLED TO BE AN ASSOCIATE MEMBER OF THE CANADIAN-OWNED STUD DOG — Where the sire of Canadian-owned litters is the property of a resident of the United States, the owner of the sire may obtain registration of the litter in the records of The American Kennel Club by proceeding as follows:

(1) suggest to the owner of the litter that he complete, as far as possible, an A.K.C. application for registration of litter form and send the application to you;

(2) when you receive the application, insert the date (or dates) of mating and sign as owner of the sire at time of mating;

Write the Secretary for advice as to procedure to be followed in registering the litter.)

SHOWS AND TRIALS

PUBLICATION OF SHOW AND TRIAL AWARDS — As will have been noted, there commenced with the January 15, 1958, issue of "Dogs in Canada" the publication of show and trial awards on coloured punched stock. This plan was instituted because of substantial saving in printing costs and also enables these awards to be more easily removed from the magazine and placed in the master three-ring binder.

Any one having any suggestions to offer with regard to improvements in this connection should not hesitate to write the Secretary.

JUDGES FOR SHOWS — Effective January 1st, 1958, a new policy will apply in connection with those eligible for approval to judge at championship shows, specialty championship shows, or field trial events. DISQUALIFICATIONS — An exhibitor whose dog has been disqualified by a Veterinarian's report as shown under the Club's rules should note that such dog is not eligible for entry at any subsequent shows held under the Club's rules until the matter has been brought to the attention of the Canadian Kennel Club. Where a dog has been disqualified by a Veterinarian's report, any subsequent awards which the dog may have won will be cancelled, unless such disqualification has been rescinded prior to the awarding of said awards.

WHERE TO WRITE

Letters received by the Secretary, by the Canadian National Live Stock Records, and by the publishers of "Dogs in Canada", indicate a degree of confusion as to where breeders and exhibitors ought to write concerning different matters. Letters or applications wrongly addressed may cause delay, mutually inconvenient. But in the handling of letters and applications which are properly addressed your co-operation will be greatly appreciated. If you will kindly bear in mind with the proper office in connection with the items listed hereunder:

(1) there is submitted to the U.S. inspector at the dog's entry point of entry a certificate issued by the Public Health Service officer at any foreign port of embarkation stating that the dog has been vaccinated against rabies not less than thirty days before arrival at the port of entry, but not more than twelve months before arrival at the port of entry, and that the dog has been found free from clinical symptoms of rabies at the time of vaccination, and

DOG SHOWS

11 D 1. APPROVAL OF JUDGES

The Secretary reported that:

(a) he had written all members of the Board on August 25th seeking their views and recommendations for the consideration of the Committee appointed by resolution #480-58;

(b) such views and recommendations as had been received by September 15th had been referred to a meeting of the Committee held on September 22nd;

(c) the following report of the Committee had been addressed to all members of the Board on September 23rd:

"We enclose copy of the report received from the Special Committee appointed by the Board at its meeting on August 15th (Resolution #480-58). This report will be placed before the Board at its meeting on October 7th, along with any views received before October 7th, in connection with this report and the recommendations included in it."

"The special Committee appointed by the Board in resolution #480-58 has convened and has carefully considered all comments received by the Secretary in response to the memorandum addressed to members of the Board on August 25th.

"After thorough deliberation this Committee recommends that the Board adopt a policy with regard to the approval of judges for championship shows held under the Club's rules, which would provide that in order to be eligible for approval to judge a specified breed or breeds at any championship show held under CKC Rules on or after January 1, 1959, a person must:

(a) have been approved (and kept the approved assignment) to judge the same breed or breeds at one (or more if more than one breed) championship show held under CKC Rules since January 1, 1954; or

(b) have been approved to judge the same breed or breeds after being examined as provided in Chapter 7 of the Dog Show Rules; or

(c) have followed out the procedure outlined in Schedule A attached and been approved as provided in Section 14 of the Schedule.

"To put it briefly, a person who does not qualify under (a) or (b) above would have to:

(a) complete and submit an application;

(b) successfully pass a written examination;

(c) apprentice at not less than three shows under not less than three different judges;

(d) be approved by the Examining Committee appointed by the Board.

"In drafting the enclosed copy of Schedule A the Committee has followed, as far as it was considered practical and desirable to do so, the procedure followed in connection with those applying for approval to judge at obedience trials. In drafting this schedule the Committee considered these points:

1. The Committee recommends that there be no distinction between residents of Canada and residents of other countries. In other words, a non-resident of Canada not qualifying for approval under parts (a) or (b) of the second paragraph of this report must, without exception, be in the same position as a resident of Canada and be required to qualify for approval under part (c) of the second paragraph of this report.

2. Where an applicant is a non-resident of Canada his application will be forwarded, for processing, to the Zone Director nearest geographically to the applicant.

3. The examination to be taken by the applicant should deal not alone with breed standard, or standards, but should also include a series of selected questions designed to test the applicant's knowledge of the Dog Show Rules and ring procedures (and occasional problems faced by judges in the ring) applicable to judging.

4. The apprentice must be in the ring wearing an identifying badge provided by the CKC. There must not be more than one apprentice in the same ring at the same time. Apprenticing will only be at the breed level. Where the applicant has applied for approval to judge an entire group, the Board may, at its discretion, fix certain key breeds where the apprenticing is mandatory.

5. Both officiating judge and apprentice should be thoroughly informed of the procedure to be followed in the ring, and the essential purpose of the apprenticing part of this system. If the apprentice so desires, he should have the right to examine dogs awarded Winners and Best of Breed. Upon completion of the judging of a breed (and only then) the officiating judge and the apprentice should discuss, as far as time permits, the merits of any or all dogs in the breed, it being borne in mind that the purpose of such discussion is to enable the officiating judge to assess the apprentice's ability to competently judge the breed.

6. The Committee considered the question of whether it should be optional with the show-giving club and officiating judge whether to accept an apprentice judge or judges at its show. It also considered the position of some exhibitors who might take exception to anyone, other than the officiating judge, examining dogs. It concluded that show-giving clubs and exhibitors should welcome any constructive programme which will ultimately benefit them. It therefore felt that no option should be allowed, and when the apprentice has informed the Secretary that he wishes to apprentice at a given show that selection is binding on the officiating judge and the show-giving club. The Committee feels that any other arrangement may considerably delay a final decision on an application received by the Secretary.

"The Committee recommends that when the Board receives what it considers to be three well-founded complaints against a judge, it may, at its discretion, require said judge to re-apply for approval and follow out the procedure outlined in Schedule A before being again eligible to judge at championship shows held under CKC Rules. See Chapter 1, Section 5, Subsection 2 of the Obedience Trial Regulations and Standards.

"The Committee, in conclusion, wishes to point out that this system, if adopted and faithfully carried out, is not a guarantee of competent judging. It does, however, feel that it is a step in the right direction, and may likely eliminate some of the complaints now being voiced in connection with approval and judging at championship shows."

"SCHEDULE A.

"PROCEDURE IN PROCESSING THE APPLICATION OF AN INDIVIDUAL PERSON FOR APPROVAL TO JUDGE AT CHAMPIONSHIP SHOWS HELD UNDER THE DOG SHOW RULES OF THE CANADIAN KENNEL CLUB.

"1. The applicant must apply to the Secretary of The Canadian Kennel Club for an 'Application for approval to judge at championship shows held under the Dog Show Rules of The Canadian Kennel Club'.

"2. The application, when completed by the applicant, must be forwarded to the Secretary of The Canadian Kennel Club who will immediately set up a file for said applicant, and forward the application to the Zone Director with a sealed envelope, in which shall be included a series of numbered questions and an envelope addressed to the Secretary of The Canadian Kennel Club.

"3. The Zone Director will promptly arrange for the applicant to take his written examination, the examination to be attended only by the applicant (or applicants if Zone Director arranges for more than one applicant to take written examination at the same time), the Zone Director, and any other person, or persons, the Zone Director has appointed to assist him in the conducting of the examination. Upon completion of the examination (which must be completed within the time limit set forth on the examination paper), the applicant will sign the examination paper and will seal it in an envelope (addressed to the Secretary of The Canadian Kennel Club) and deliver said envelope to the Zone Director immediately on expiration of the time limit set for the examination.

"4. Immediately after the completion of the examination the Zone Director will forward the application and completed examination paper to the Secretary of The Canadian Kennel Club.

"5. Upon receipt by the Secretary of the applicant's application and examination paper the Secretary will identify the examination paper by number only and remove the applicant's signature.

"6. The numbered examination paper will then be referred to the Examining Committee appointed by the Board for the purpose of deciding whether the applicant has satisfactorily passed the written examination. The pass mark on each examination paper shall not be less than 85% of the total marks allotted on the paper.

"7. Following receipt of the Examining Committee's report, the Secretary will immediately notify the applicant whether he has passed the written examination and is now free to apprentice.

"8. If notified by the Secretary that he is free to apprentice, the applicant must apprentice under not less than three different judges at not less than three championship shows held under the Dog Show Rules of The Canadian Kennel Club. The applicant will select the shows at which he will apprentice but he must, in each case, notify the Secretary of The Canadian Kennel Club not less than two months in advance of the show of his intention to apprentice at said show.

"9. Upon receipt of notification from the applicant of his intention to apprentice at a specified show, the Secretary shall:

(a) notify the show-giving club and the judge (or judges) that the applicant will apprentice at its show specifying the judge (or judges) under whom the applicant will apprentice;

(b) provide each officiating judge under whom the applicant will apprentice with a stamped envelope addressed to The Canadian Kennel Club a special form on which the officiating judge will submit his report to the CKC, and an explanation of the procedure it is expected the officiating judge and applicant will follow in the ring;

(c) notify the applicant that the show-giving club and officiating judge (or judges) have been notified that he will apprentice, and provide the applicant with an explanation of the procedure it is expected the officiating judge and applicant will follow in the ring.

"10. With the list of its officiating judges included in its premium list the show-giving club shall publish a notice setting forth the name of each applicant who will apprentice at its show and in each case indicate the breed, or breeds, in which the applicant will apprentice.

"11. Following the suggested discussion between the officiating judge and the applicant, the officiating judge will make out a written report on the applicant and mail said report to the Secretary of The Canadian Kennel Club.

"12. When the Secretary has received the required number of reports from officiating judges he will refer the entire file on the applicant to the Examining Committee appointed by the Board.

"13. The Examining Committee will review the file and reach a conclusion and submit its findings to the Secretary within thirty days.

"14. Upon receipt of the Committee's report the Secretary shall, at once, notify the applicant of the Examining Committee's decision."

The President pointed out that the letter received from the All Terrier Club of Canada did not specify the particular questions relating to the approval of judges which its delegation wished to discuss with the Board, but if it dealt with the approval of judges generally, perhaps the delegation would be interested in hearing the report placed before the Board.

Mr. MacCallum stated that he believed the delegation wished to discuss the procedure followed in approving, or not approving, applications received from show-giving clubs for approval of selected judges. Mr. Monaghan stated that this was related to the withholding of approval of the selection of a particular person as judge at their specialty show held in July, when approval was given another handler to judge all breeds in Group 4 at another specialty show held in Ontario in May.

The Secretary read letters in response to his enquiries regarding the two judges referred to by Mr. Monaghan. Mr. Monaghan suggested that both letters be read to the delegation, believing that these would clearly indicate why approval was given on one occasion and not on the other, and also suggested that at its coming annual meeting the Board decide on a policy in connection with approval (or otherwise) of American professional handlers selected to judge at shows in Canada.

——Mr. Thomas Joel and Mr. Kenneth Doyle, representing the All Terrier Club of Canada, entered the meeting.

The President welcomed the delegation and explained that depending on any representations it may make on behalf of the All Terrier Club of Canada it may be necessary to consult the national Board before any decision is given by the Board.

Mr. Doyle reported that:

(a) the members of the All Terrier Club of Canada had noted the personnel of a committee appointed by the Board to examine an applicant for approval to judge under Chapter 7 of the Dog Show Rules;

(b) it had also been noted that not all members of the committee in question were regarded as judges of all breeds, and not all were "voting" members of The Canadian Kennel Club;

(c) it was felt that the By-laws of The Canadian Kennel Club required that all members of such an important Committee be members qualified to vote (ordinary members) and not associate members or the silent member of a partnership membership.

In the discussion which followed it was explained that:

(a) in appointing the Committee in question the Board had felt that not all members of the Committee need be approved judges, rather that members familiar with ring procedures and ring stewarding ought to be on the Committee in order that the applicant may be questioned on ring procedures;

(b) on a previous occasion the Club's solicitor had been asked whether it would be permissible for the Board to appoint, as a Field Trial Representative, the "silent" member of a partnership membership, and had expressed the opinion that such an appointment is permissible under the Club's By-laws;

(a) while voting at a general meeting of the Club or otherwise specifically provided in the By-laws to a privilege which may only be exercised by the authorized representative of a partnership membership (ordinary) Active member voting in person at the meeting appointed either by the Board or the members in general meeting assembled in accordance with existing privilege but rather as a preserving a service for the Club.

A discussion took place with Mr. Joe Land Mr. Doyle about the policy of the Club in approving the selection of judges, and it was decided that the matter of approval should depend on the rules and policies of the Club which might be in effect at the time the approval is sought.

Mr. Joe Land Mr. Doyle then left the meeting.

The Board agreed to continue its discussion of the Committee report before proceeding with the regular order of business.

The Secretary read a letter from Mr. Anderson reading as follows:

"I received your letter of 21 September with the report of the Special Committee appointed by the Board to investigate and recommend a system of electing and approving judges by judges.

"I think the Committee have made an excellent report and recommendations and while I agree with them, the system may not be foolproof, that is why I suggested that Canada would be in a better position to see which it is before trying to make any changes which may be needed in the system."

Mr. MacCulloch reported that he had received letters from Mr. William and Mr. Easton commending the Committee for its report.

Mrs. Mack suggested that a proper resolution implementing the Committee's report, arrangements should be made to submit it in the form of a proposed amendment to be voted upon by referendum ballot in 1959.

Mr. MacKendrick:

(a) pointed out that according to the Committee's report it would be necessary for a resident Canadian other than who had not judged in Canada in January 1, 1958, to first become a Canadian and take the written examination, followed by apprenticing, before being eligible for approval of judge;

(b) expressed the view that this was hardly practicable, especially in the case of judges from overseas;

(c) suggested that the Committee consider whether it would be desirable to amend the plan to provide that a resident of any of the country, if approved to judge by the governing organization in the country of his residence, be eligible for approval of judgeships in Canada and during the course of taking an apprenticeship and taking the written examination provided in the plan, with the understanding that if he successfully passes the written examination would be eligible for approval of judgeships in Canada.

In the discussion which followed it was agreed that the Committee should be given the opportunity of considering Mr. MacKendrick's suggestions and the suggestions which may be received from time to time by the Board, and the amending the proposals to include any suggested changes which may be necessary or desirable.

It was regularly moved by Mr. Brown, seconded by Mr. Monaghan:

(#518-58) "THAT, we commend the recommendation of the Committee, and the Committee be authorized to implement immediately the recommendations made by members of the Board."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

Mr. MacKendrick sought clarification of the position of the Committee in Examining Applicants for Approval to Judge appointed by the Board in February this - a visiting Committee should be presented at this meeting of the Board.

It was agreed that the Committee should ask Mr. MacKendrick's Chairmanship should continue to be responsible for the examining of applicants.

INTERNAL AND ADMINISTRATION

BY-LAW AMENDMENTS TO BY-LAWS 1957 REFERENDUM BALLOT

The Secretary reported that:

(a) in accordance with instructions given by the Board at its meeting in August he sought the opinion of the Club's solicitor as to how the Club should proceed with regard to the proposed amendment to Article XV of the By-laws in the light of the report received from the Special Committee appointed by the Board at the semi-annual meeting, to interview the Minister of Agriculture in this question;

(b) he had forwarded to Members of the Board copies of the solicitor's letter of even date and that the Committee was to be present this special Committee to approve the Minister under Article XXXVIII, Section 6 of the By-laws, seeking Ministerial approval of the amendments with the letters authorized at the Annual General Meeting in February and the letting of the portion with Ministerial approval had been received.

It was regularly moved by Mr. Monaghan, seconded by Mrs. Mack:

(#517-58) "THAT, we accept the recommendation of the Club's solicitor."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

BY-LAW AMENDMENTS

The Secretary reported that:

(a) although the unofficial returns received in the course of the year has been quite small, the Club had made good progress in obtaining prices of $5.00 each;

(b) the supply was exhausted, and enquiries to the Board when it would be advisable to order reprinted.

It was agreed that the number of forms now making these forms available without charge to breeders, the forms would not be reprinted.

MEMBERSHIP MATTERS

APPLICATIONS FOR ASSOCIATE MEMBERSHIP

The Secretary sought the information of approval for applications for associate membership reported to the Board by mail ballot #27 to #34 inclusive.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#518-58) "THAT, the applicants for associate membership on lists #27 to #34 inclusive be elected to associate membership."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

The Secretary reported on the assignment with regard to a number of applications for membership which had apparently been turned over to Mr. Andrew Cumming, Secretary of the Ontario Association of Beagle Clubs, for forwarding to the Canadian Kennel Club, the applications apparently having been returned to the applicants with fees attached. It was agreed that no further action be taken other than that the Secretary would set up a special file for future reference, if necessary.

The Secretary:

(a) read a letter from the Director of the Canadian National Live Stock Records who reported that Dr. Angus D. McLachlin, of London, Ontario, desired his and his wife's membership to be changed to partnership membership consisting of himself and his wife;

(b) sought the Board's ruling on this request.

Mr. Monaghan pointed out that this situation was covered in his report on membership matters and that the Board had previously decided that in such a situation it would be necessary for application to be made for associate membership for the partnership.

Mr. Brown expressed the view that the Board ought to be in a position to use its discretion in such a situation to the extent that it could authorize the change requested in this instance without the necessity of re-application.

The Secretary was instructed to place this matter on the agenda for the next Annual Meeting of the Board.

LISTS OF MEMBERS TO THE BOARD

The Secretary reported that on September 25th he had forwarded the following lists to members of the Board:

(a) the list of voting members published in the October issue of the official magazine;

(b) a list of associate members who had paid membership fees in 1956, 1957 and 1958, and to each of whom application for ordinary membership would be forwarded on December 15th as previously ordered by the Board;

(c) a list of associate members who had paid membership fees in 1956 and 1957 and who would be eligible to apply for ordinary membership in 1959 if membership for 1958 is paid before December 31st, 1958.

The Secretary reported that it was his intention to forward to members of the Board in December the following:

(a) a list of ordinary members whose membership fee for 1958 had been paid after June 30th (these were not eligible for inclusion in the list published in the October issue of the official magazine);

(b) a list of all 1958 associate members;

(c) a list in addition to the list of those who had paid associate membership fees in 1956, 1957 and 1958.

In the discussion which followed it was agreed that definite policies should be established (Standing Resolutions) concerning the following situations:

(a) ordinary members taking up residence in the country (on a permanent basis) and therefore automatically in the "non-resident" category (related again to taking up residence in Canada);

(b) a resident of another country having "non-resident" membership for three years removed and moving to Canada.

The Secretary was instructed to draft Standing Resolutions on these questions for consideration of the Board at its next annual meeting.

In response to the Secretary's enquiry it was agreed that regardless of when a resident of another country was admitted to membership he is to be included in the "non-resident" membership category and persons non-resident members who shall have taken up residence in Canada shall be provided with a membership category.

MESSAGE TO MEMBERS

The Secretary:

(a) reported that he had in final preparation and printing of the message to members with certain additional information such as new regulations governing Canada Day had been obtained for inclusion in the message;

(b) suggested that instead of printing the message separately and mailing it direct to members, it be included as a section in the magazine, and that extra copies of the overall could be printed for distribution to those admitted as new members in 1958.

The Secretary was authorized to proceed as he had recommended.

DOG SHOWS

DISQUALIFICATIONS

The Secretary:

(a) pointed out that at the semi-annual meeting in June the Board, by resolution, had authorized the drafting of an appropriate proposed amendment to Chapter VII of the Dog Show Rules with a view to adding certain grades to those breed currently listed in Section 3 (a);

(b) pointed out that at the August meeting Mr. Monaghan had suggested as the method of proceeding by way of reference on ballot, the Board authorized him to draft the amendment to the Dog Show Rules as mentioned, for the consideration of the Board at its next regular meeting, and the reasons in such addition are consistent with the standard of the breed be added to Section 3 (a);

(c) reported that Mr. Monaghan had written him that in accordance with instructions given by the Board at its August meeting he had drafted the proposed amendment to the Dog Show Rules with a view to adding certain grades to those breed currently listed in Section 3 (a);

(d) read letters received from Mr. Dawson, Mr. Ewing, Mrs. Smith, Mr. Henderson, and Mr. Monaghan approving the proposal to the Dog Show Rules as mentioned;

(e) read a letter from Mr. Poole advising that the Secretary should proceed as instructed by the Board at its semi-annual meeting in June.

It was agreed that, as a majority of the members of the Board who have expressed an opinion on this proposal favored the proposal to imply the Dog Show Rules as mentioned, the proposal to imply the Dog Show Rules as mentioned, be reprinted,

the Secretary may proceed accordingly rather than by way of a proposed amendment and a referendum ballot.

The Secretary reported that on September 28th he had forwarded to all members of the Board a copy of a letter received from Mr. Wm. M. Pym, of Vancouver, with regard to the disqualification of dogs on the grounds of monorchidism and the providing of effective measuring instruments.

In the discussion which followed it was agreed that consideration of the points raised by Mr. Pym should be deferred until the Board is informed of the results of two proposed amendments which shall appear on the next referendum ballot. One proposed amendment would provide for the inspection of male dogs when such dogs are entered before the time of admittance to the show building is permitted, by the official attending veterinarian, and the other proposed amendment dealing with the measuring of dogs.

11 DOGS - APPLICATIONS FOR DATES

The Secretary:

(a) reported that at the present time the application forms which clubs and associations use for the purpose of applying for permission to hold a show or trial under the Club's Rules are not uniform, are unnecessarily complicated, and there is a separate type of application for each type of competition - show, Specialty, Obedience trial;

(b) proposed that these forms be integrated and simplified in quantity to eight and in order to eliminate the necessity for separate forms where two types of activity are to be held by the same club on the same date and at the same place (i.e. Combined Show and Obedience trial), the forms be combined into a single form which the club applying for a date or dates would simply indicate the type of competition it proposed holding on the date, or dates, applied for;

(c) proposed that amongst the conditions set forth in the application form another, reading as follows, be added: "This application is submitted voluntarily and The Canadian Kennel Club is under no obligation to approve it nor to make any explanation in the event the application is not approved.";

(d) proposed that provision be made on the form for the local provincial Director to indicate his recommendation as to approval or non-approval of the application;

(e) proposed that the form be amended to require the signature of ONE club official authorized to sign the application on behalf of the club applying for a date, or dates, rather than more than one signature as on the present form;

(f) proposed that space be provided on the form for the club to indicate the name and full address of the club official to whom prospective exhibitors might write for premium lists and entry forms. Said information to be listed in "Dogs in Canada".

The Secretary's proposals were approved and authority given to print the application for dates as amended as suggested.

The Secretary reported that details were now submitting applications for permission to hold Championship shows and trials in 1959, and sought authority to process these applications in the regular way.

It was agreed that with the exception of the Obedience Trial Authority approved judges for these events provided that approval, when given, did not conflict with any policy to apply in 1958 with regard to approval of judges (i.e. approved judges for shows shall not be approved for trials).

It was regularly moved by Mr. Monaghan, seconded by Mrs. Smith;

(2319-58) "THAT, the Secretary be and is hereby authorized to approve applications for dates and judges for 1959 obedience trials."

FOR THE MOTION - Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

Mrs. Mack reported that The Ladies' Kennel Club of Canada Inc. had priority rights to hold a show on the first Sunday in April, and enquired whether it may expect approval of that show for the Saturday immediately preceding said Sunday. It was agreed that approval would depend on whether the Ladies' Kennel Club of Canada submits the application for that date before any other club whose application for a date may be considered favourably.

11 D 35 - LETTERS FROM MRS. J. WHEELER

The Secretary:

(a) reported that in accordance with the instruction given by the Board at its August meeting he had sought the report from the Show Superintendent of The German Shepherd Dog Breeds Association show held on June 15th regarding the letter received from Mrs. J. Wheeler;

(b) reported that on September 23rd he had forwarded to all members of the Board a copy of the report received from the Show Superintendent.

After further consideration appropriate action was taken.

11 D 36 - POINTRATINGS (CHAPTER 8 FOR THE DOG SHOW RULES)

The Secretary:

(a) reported that in his opinion a letter received from Mr. R. A. Moore, Calgary, the Board had previously ruled that in the calculation of championship points the award of Best of Opposite Sex was involved in the determination of points (except in American Cocker Spaniels) even though the name of Best of Opposite Sex may have defeated specimens of the opposite sex entered for Specials Only;

(b) reported that Mr. Moore had irrefutably submitted that while a female awarded Winners defeats, in competition for Undefeated Best of Opposite Sex, any female in the Breed entered for Specials Only, the calculation of points must take into consideration the additional females defeated by the female awarded Winners, and based his claim on that part of Section 1 of Chapter 12 reading as follows: "If Sterling, for Dogs, Entered for" Specials Only "shall be defeated, then same shall be counted when determining the pointrating."

In the discussion which followed these points were discussed;

(c) that part of Section 1 quoted by Mr. Moore has been a part of the Dog Show Rules for many years prior to the time the Rules were amended to provide for a Best of Opposite Sex award, and when this award was provided for in the Rules it was added to Chapter 8 and no specific reference to it was made in Chapter 12;

(d) when discussing additional members exhibiting American bred dogs switched the award of Best of Opposite Sex to a female bearing on the selection of points in their breed. It was arranged for a proposed amendment to be voted on through this Bred-to-Be-Best section of 'Specials Only' that will directly compete for Best of Breed (see Chapter 12, Section 1);

(e) that with the addition of a Best of Opposite Sex award in Chapter 8, the award of Best of Opposite Sex to the female bearing on the number of points allotted, it would increase the number of points allotted, thus necessitating a review of the check list of pointrating in Section 1 with a view to lifting the increase;

(f) when a Dog is awarded Winners and later awarded absolutely in its breed defeats one or more dogs entered for 'Specials Only' the dogs entered for 'Specials Only' are counted without regard to their sex;

(g) it has not been the practice since the award of Best of Opposite Sex was instituted, to consider that award in the determination of points.

The President suggested that arrangements should be made for the submission of a proposed amendment to Article XXV by the existing Executive for Regulation of Exhibitors.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Monaghan:

(2320-58) "THAT, this Board recommend to the next annual meeting of the Board, until the existing policy be continued until the Board directs otherwise."

FOR THE MOTION - Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

11 D 39 - ADMINISTRATION OF DRUGS

The Secretary read a letter from Mr. Irving Whitcomb reporting that he had received a number of complaints about the notice published in each premium list prohibiting the administration of drugs to dogs in competition, and suggesting that in addition to the premium lists and arrangements be made for appropriate amendment to the Dog Show Rules.

After discussion the Secretary was instructed to inform Mr. Irving that he had the duty to arrange for the submission of a proposed amendment in accordance with the provisions of Article XXV of the By-laws.

OBEDIENCE TRIALS

12 OB 3 - REPORTS OF OBEDIENCE COUNCIL

The Secretary first read the report of the Standing Committee on applications to judge Obedience Trials in Canada, and after discussion it was resolved that the Committee's recommendations be implemented.

The Secretary reported that the following report dated September 29th had been received from the Chairman of the Obedience Council, and a copy of the report had been forwarded on October 2nd to each member of the Board and Obedience Representatives:

"The Chairman of the Standing Committee of the Obedience Council of a meeting on Sept. 27th, with a full attendance and has the following recommendations to offer to the Board:

"1. That, the list of approved judges for Obedience Trials be left under the jurisdiction of The American Kennel Club, BUT are not on the approved list of The American Kennel Club, they request to follow the entire procedure laid down at present by the C. K. C. THIS DOES NOT apply to tracking judges. Due to the limited number of available tracking judges in Canada, the Committee recommend that until January 1st, 1960, any approved by the A. K. C. will automatically be placed on the C. K. C. Approved list.

"2. That, Canadian residents of the United States, not on the A. K. C. Approved list of Obedience Judges, be required to apply, be examined and approved according to our accepted procedure. AFTER the Secretary has ascertained from the A. K. C. that the applicant is in good standing with that body. The Obedience Representative located nearest geographically will be responsible for the appointing of the examining committee, etc.

"3. That, Canadian residents of Canada be approved by the A. K. C. Approved list to judge more than one show on the C. K. C. list, must go through the usual procedure as being given additional classes in Canada.

"4. That, Canadian residents of United States, who own a newspaper on the approved list of Obedience Judges of the A. K. C., be required to submit an application, similar to the Breed Judges, and that all questions be answered favourably. Any person not judging in Canada since January 1st, 1955, be required to go through the entire procedure mentioned at.

"5. That, a refundable fee of $10.00 must accompany each application to be returned if the examining committee recommends approval but, to be forfeited if the applicant fails to receive sufficient points to warrant approval.

OR

(5) If an applicant receives more than 75%, but other requirements on the examination paper within 6 months the lapse before the applicant may re-apply. If 75% or less is received, a period of one year must elapse before the application will again be considered.

"6. That, a copy of the examination paper with applicant's answers and a copy of the correct answers be made and mailed to the applicant along with the letter from the Secretary informing them of the results of the Committee's findings. (This will enable the applicant to know which questions he missed).

"The Committee also took note with the Board's attention that only four replies were received (1 - Quebec, 1 - B. C., 2 - Ontario) to the questionnaire sent to each Council member, from which the above recommendations have been composed. If the majority opinion of these, along with those of the Committee, does not meet with the approval of the other provinces, they have only themselves to blame.

"Letters of congratulations, based on the reports of the various Representatives, for well conducted trials, have been sent to the Regional Fair of the Three Rivers, The Fredericton Kennel Club and the Moncton Kennel Club.

"The Committee considered the question put forward by the A. K. C. in regard to the Long Sit and Group Examination. The result of this deliberations is, there is no similarity between the Group Examination and the Long Down. For this latest, it states in the rules that handlers may stand OR POSE their dogs.

"As to the Long Sit, dogs are not to be in the Recall position for the commencement of the exercise, and the first command given, by the Judge, is to have your dogs". Therefore the approved interpretation for the "Long Down" does not apply into this case.

"In reply to Mrs. Rogers inquestion, the apprenticing under the rule, the Committee feels that this has been answered in Recommendation No. 3

shepherd and the former being that a person may apprentice under the senior judge when the latter is the second judge.
"This report is respectfully submitted."

Mrs. Smith, Chairman of the Council, explained that recommendations 1 to 6 inclusive were of a question put to the Council by the Secretary, and the alternative recommendation set forth in recommendation #5 was prompted by a belief of the Chairman's Standing Committee that a definite period of time should be set between the date on which an application is submitted and a maximum date by which one may begin applying for approval to judge obedience trials.

In discussing the recommendations it was agreed that part (b) of the recommendation should be approved instead of part (a).

It was regularly moved by Mr. Brown, seconded by Mr. Blyth:

(#522-58) "THAT, Recommendations in paragraphs numbered 1, 2, 3, 4, 5 (b) and 6 of the Council's report of September 20th be approved and implemented where necessary."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

Mrs. Smith recommended and it was agreed that where an application fails to achieve a satisfactory examination the Secretary will provide the applicant with a copy of the examination as written by the applicant with a copy of the correct answer to all questions contained in the examination paper.

An application for approval to judge Obedience Trials was received and after consideration appropriate action was taken.

The Secretary enquired of Mrs. Smith whether the article drafted by The American Kennel Club for publication in The American Kennel Gazette regarding the interpretation placed by the Board of CKC on the command "Down Your Dogs" in the Novice and Open classes was satisfactory. Mrs. Smith stated that the article is satisfactory although the Chairman's Standing Committee could not see any similarity between this interpretation and the procedure followed in the "Long Down" and "Group Examination" exercises.

Mrs. Smith;

(a) pointed out that the Ad Hoc Obedience Representative is expected to submit a report on his assessment of the trial which he attends, however the Board previously decided that such reports were not to include any observations on the work of the officiating judge or judges;

(b) suggested that it be considered advisable that the Obedience Representative, while not otherwise commenting on the quality of work of an officiating judge, would observe and judge whether or not the trial is being held in accordance with the Obedience Trial Regulations and Standards by the officiating judge.

It was agreed that this information would be helpful to the Council and the Board and Obedience Representatives would be instructed to include that information in their reports.

1958 JUDGING APPLICATIONS LEFT WITH THE STANDING COMMITTEE

An application for approval to judge Obedience Trials was received, together with a report of the Standing Committee thereon, and after consideration appropriate action was taken.

FIELD TRIALS

1957 CORRESPONDENCE WITH ONTARIO ASSOCIATION OF BEAGLE CLUBS

The President pointed out that on September 30th he had addressed a memorandum to members of the Board which stated:

(a) pointed out that the Secretary had received from the Ontario Association of Beagle Clubs a letter that, following the annual meeting of the Board in June, Information of the Association of the Board's election of its personnel;

(b) suggested that the Board consider the advisability of appointing, by written authority to the Board, Article 3, Section 5 of the Club's By-laws, Canadian Beagle Council Executive would be to consider and submit recommendations in all matters relating to Beagle Field Trials by the Board or by the Board on which it believes action by the Board is advisable, and to whom the Board would refer all questions relating to Beagle Field Trials - that is for practice recommendations such as the same ways as the Obedience Council presently operates;

(c) suggested that the personnel of such Council be composed of persons well versed in Beagle field trial practice and the persons should be geographically located sufficiently close to one another to enable such Council to easily function;

(d) suggested that in order to remove any suggestion of discrimination, Beagle Field Trial Representatives should not be members of such Council but the Council should seek the views and suggestions of Trial Representatives on all matters which it is to present recommendations to the Board;

(e) suggested that the Council be appointed annually and be located centrally to the Canadian province.

The Secretary read a letter from Mr. Anderson who stated his concurrence with the recommendations of the President. He believed the Council should be responsible only to the Field Trial Council.

Mr. Monaghan pointed out that the 1957 Annual General Meeting of the Association had proposed that such Council be appointed to clear Association points which are strictly Beagle and suggested that the views of field trial clubs be sought on such an arrangement.

Mr. Blyth, Chairman of the Field Trial Council, expressed his concurrence with the proposal that Council be appointed for one year of field trial activity, and suggested that additional time to obtain the views of field trial clubs and recommendations to the Trial Representatives should be given with this proposal.

It was regularly moved by Mr. Monaghan, seconded by Mr. Blyth:

(#523-58) "THAT, the Secretary be and he is hereby authorized to write all field trial clubs and field trial representatives asking for their views and suggestions on the proposal outlined in the President's memorandum to the Board dated September 30th."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

It was suggested that the deadline for receipt of replies be November 30th in order that a report may be presented at the meeting of the Board in December.

1957 B.C. GUN DOG CLUB TRIAL HELD MAY 10TH-11TH

The Secretary reported the reception of two protests in connection with this Trial and after discussion appropriate action was taken.

1957 FIELD TRIAL RULES FOR POINTING BREEDS

The Secretary reported that:

(a) when applying for permission to hold a licensed field trial for pointing breed the Alberta Field Trials Club had enquired whether Weimaraners would be eligible for entry at the trial;

(b) on August 7th he had addressed a memorandum to members of the Board reporting that Weimaraners are classed as a "pointing breed" at trials for pointing breeds held under American Kennel Club rules, and advising that unless any member of the Board indicated his objection before August 12th he proposed to inform the Alberta Field Trials Club that it may accept entries for Weimaraners at its trial scheduled for October 11th;

(c) Mr. Irving and Mr. Monaghan had, by letter, approved the Secretary's proposed action on an emergency basis. Mr. Monaghan recommending that the matter be placed on the agenda of the next annual meeting of the Board.

Mrs. Mack pointed out that the Vizsla Order of Merit recognized for registration and show purposes by the Board at its annual meeting in February, 1954 pointing breed and should also be added to Chapter 8 of the Field Trial Rules and Regulations.

In reply to a question the Secretary stated that Section 1 of Chapter 8 provides that a licensed field trial may be held for any ONE or more of the several pointing breeds listed in that Section.

It was regularly moved by Mr. Monaghan, seconded by Mr. Blyth:

(#524-58) "THAT the Weimaraner Club be added in the appropriate place in Chapter 8 of the Field Trial Rules and Regulations."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

The Secretary reported that through Mr. Anderson the Alberta Field Trials Club had sought interpretation of the words "Of the required ten points at least three points shall have been won on 3-point or better all-age stake" and whether two points in puppy stakes. "Or there is no provision in Section 8 where dog may earn points in any stake.

In discussing this question the following points were considered:

(a) in the Field Trial Rules for all other breeds dog is required to win at least one first place win in an Open All-Age stake to qualify for field trial championship;

(b) in Chapter 8 no provision is made anywhere for three points win, and in the case of the field trial rules for Retrievers and Spaniels, there must not be less than eight starters in the All-age stake in order that a championship points may be allowed for the stake;

(c) it is probable that when section 1 of Chapter 8 was amended steps were not taken to provide for the appropriate amendment to Section 2, thus creating the conflict in clarification.

It was recommended that when the Field Trial Rules and Regulations are next reprinted the correction will be made, bringing it within the Rules for Retrievers and Spaniels, being the part quoted to read as follows: "Of the required ten points, at least three points shall have been won in an all-age stake, and not more than two points in puppy stakes."

1957 LISTS OF JUDGES FOR FIELD TRIALS

The Secretary:

(a) reported that with a view to carrying out the Board's instructions as indicated in resolution #402-58, records had been prepared showing all judging engagements at licensed Retriever trials held under the Club's rules since January 1, 1953;

(b) pointed out that the list to be prepared in accordance with resolution #402-58 comprised the following: (i) any person who has judged the Open All-Age Stake in at least two licensed trials since January 1, 1953 (since with no engagements since January 1, 1953 (ii) any person who has judged for the first Open All-Age Stakes since January 1, 1953 (since with no engagements since January 1, 1953);

(c) reported that before he completed the preparation of the list referred to in (b) the following clarifications were desired:

(i) must the Judge for the Open All-Age Stakes be a separate and distinct trials, i.e. the judging of the New Local Non-Winners Stake at a Trial would not qualify ON for the Open All-Age Stake?

(ii) may the judge of the Open All-Age Stake also well be included the judging for the Open All-Age Stakes at the trial as constituted FOR the Open All-Age Stakes referred to in (i) of (b) above?

(iii) would the judging at a National Championship Stake for Retrievers constitute Open All-Age Stake?

(iv) Do the letters indicate only the names and residents of Canada?

(v) was it intended that upon completion of the list and its distribution to clubs and associations holding licensed trials for Retrieving Breeds under C.K.C. Rules, the relationship those who may engage in trials in those breeds qualify for admittance to the lists outlined in their respective Provincial Field Trial Councils placed before the Board at its annual meeting in June may be approved judges at all licensed trials for Retriever Breeds held under C.K.C. Rules?

It was agreed that all the answers be applied in respect to each of the five questions listed in (c) above.

1957 FIELD TRIALS FOR OTTER HOUND BREEDS

Mr. Blyth, Chairman of the Field Trial Council:

(a) reported that the Retriever Advisory Committee of The American Kennel Club had prepared a number of standing recommendations intended to clarify the Standard Procedure for Non-Slip Retriever Trials "for the following purposes and they have the endorsement of the Retriever Field Trial Committee of the Parent Club:

visory nature;

(b) reported that at his suggestion the Secretary had arranged for copies of this material to be obtained from The American Kennel Club on the understanding that if any copies are distributed in Canada the origin of the material would be acknowledged and its purpose would be made clear;

(c) expressed the view that these recommendations would be most helpful to trial-giving clubs and those officiating as judges at these events, and recommended that the material be published in booklet form.

It was agreed that the Secretary would send a copy of the material to each member of the Board and to each Retriever Field Trial Representative, and request their reaction of each of the material and on the question of its publication and distribution.

11-FEB-28 - FIELD TRIAL RULES FOR BEAGLES

Mrs. Smith reported that she had recently attended a meeting of a Beagle club at which the question had been raised as to whether or not it would be necessary to amend the Field Trial Rules and Regulations in order that a distance trial for Beagles - the dogs may be identified by number rather than by name.

Following discussion it was agreed that:

(a) Each trial arrangement is to be mandatory. The Field Trial Rules and Regulations would have to provide accordingly;

(b) the Secretary would communicate with Beagle Clubs holding licensed Beagle trials and request their views on this question.

GOOD AND WELFARE

14-GW-12 - PROMOTION

Mr. MacKendrick, Chairman of the Committee appointed by the Board at its semi-annual meeting in June, reported as follows:

(a) Before drawing further overseas visitors had been received the Secretary be addressed a telegram to each member of the Board enquiring whether he or she would accept brewery sponsorship of the injury prevention at the semi-annual meeting of the Board, it happening at the time that a brewery would sponsor the programme (excepting any parts relating to children) and the costs of the implementation;

(b) this arrangement had not developed as originally hoped, with the result that the programme outlined to the Board in June had been segregated into two divisions, part of which it was expected could be developed and managed by The Canadian Kennel Club jointly through the co-operation of clubs operating in Canada, the other through associations or commercial companies;

(c) Mrs. Audrey Watt, a member of the Club's staff, had assembled information including title, colours, running time, rental or purchase cost, etc., for various films and he proposed that the executive in Canada be sought on the advisability of the Canadian Kennel Club setting up a film library from which clubs could rent films at nominal cost.

It was regularly moved by Mr. Brown, seconded by Mrs. Mack:

(#526-58) "THAT the report be received as progress."

FOR THE MOTION - Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

Mrs. Mack reported that the Welsh Corgi Club of America has its Running Time Minutes which would be of great interest to all fanciers, and suggested that arrangements might be made to obtain the films and their use during the course of the Club's next Annual General Meeting.

It was agreed that the suggestion be left in the hands of the Chairman of the Promotion Committee, and in the event arrangements are made to run the films following the luncheon address at the Annual General Meeting an announcement would be made in the Club's bulletin/magazine.

14-GW-12 - SHIPPING CRATES

Mrs. Mack reported that:

(a) Trans-Canada Air Lines were endeavouring to obtain and provide for shipment of dogs by air, a shipping crate which would be satisfactory to dog owners;

(b) as this question was being dealt with by the Montreal office of Trans-Canada Air Lines, the President had asked the I.C.A. officials at Montreal to secure her specimen samples of crates;

(c) Trans-Canada Air Lines have recently shown the crate which had been prepared in their specifications, and this she considered to be most satisfactory from the point of view of construction details, weight, and the price at which these crates would be made available. Those shipping dogs by air and wishing to purchase shipping crate should write for that purpose.

The President pointed out that on previous occasions the Club had submitted an objection to Trans-Canada Air Lines in connection with the use of Tattle crates for shipment of dogs and has now asked Trans-Canada Air Lines to endeavour to provide a crate which would be satisfactory to those shipping dogs by air. The Club should be prepared to co-operate with Trans-Canada Air Lines in that connection.

It was agreed that the Secretary would write Trans-Canada Air Lines expressing the Board's appreciation of the co-operation in the matter and that the same indicate that the crate most recently shown to Mrs. Mack met the requirements of those wishing to ship dogs by air and overcame the objections previously expressed by the Club.

NOTICE

There appears on this page a proposed new standard for the Samoyed as submitted to The Canadian Kennel Club by the Canadian Samoyed Club.

Notice is hereby given that when the Board next considers this proposed standard it will consider any views or suggestions received in writing by the Secretary before January 1st, 1959. Any person submitting his views and suggestions must, at the same time, set forth his interest in the matter.

N. F. BROWN, Secretary-Treasurer.

PROPOSED STANDARD FOR THE SAMOYED

General Appearance — The Samoyed, being essentially a working dog, should present a picture of Beauty, Alertness and Strength, with Agility, Dignity and Grace. As his work lies in the cold climate, his coat should be heavy and weather resistant, and of good quality rather than quantity. The male can be somewhat larger than the female. He should not be long in the back as a long back would make him impractically useless for his legitimate work. But at the same time a close-coupled body would also place him at great disadvantage as a draft dog. Breeders should aim for the happy medium, a body neither long but muscular, allowing liberty, with deep chest and well sprung ribs, strong arched neck, straight front and especially strong loins. Males should be masculine in appearance but deportment without unwarranted aggressiveness. Bitches be minus without weakness of structure or apparent softness of temperament. Bitches may be slightly longer in back than males. They should at all times give the appearance of being capable of great endurance but be free from coarseness. Because of the depth of chest required, the legs should be moderately long. Any tendency to short-legged dogs is to be deprecated. Hindquarters should be particularly well developed, stifles well bent and any suggestion of unsound stifles or cowhocks severely penalized. General appearance should include movement and general conformation indicating balance and good substance.

Gait — A Samoyed should gait with a good, well-balanced movement. He should move with an easy, agile stride that is well timed. The gait should be free with a good reach in the fore-quarters and sound, driving power in the hind-quarters. A choppy or stilted gait should be penalized.

Coat — The body should be well covered with a thick, close, soft and short undercoat, with a harsh, straight outer coat forming the outer coat, which should stand straight away from the body and be quite free from curl. The legs should have good feathering.

Head — Powerful and wedge shaped with a broad, flat skull, muzzle of medium length, tapering to face, not too sharply defined. The stop should be noticeable but not abrupt — nevertheless well defined. Ears should not be too long but rounded at the tips, set well apart and well covered inside with hair. Eye dark, set well apart and deep with alert intelligent expression. Lips black. Flews should not be too pendulous. Teeth strong and level. Scissors bite preferred. Nose and eye-rims black for preference, but may be brown. Strong jaws with level teeth.

Neck — Medium in length, broad and very muscular. Bitches may be slightly longer in back than males.

Chest and Ribs — Chest broad and deep. Ribs well sprung, giving plenty of heart and lung room.

Hindquarters — Very muscular, stifles well bent down, cowhocks to be severely penalized.

Forelegs — Straight and muscular. Good bone. Pasterns that bow to be severely penalized.

Feet — Long, flattish and slightly spread out. Soles well padded with hair.

Tail — Long and profuse, carried over the back when alert, sometimes dropped when at rest. A judge should discriminate between the tail carried over the back once when jogging. A double kink should be penalized.

Size and Weight — Dogs twenty to twenty-two inches at the shoulder; Bitches eighteen to twenty inches, weight in proportion to size.

Colour — Pure white, cream, biscuit, or white and biscuit.

Disposition — Alert, intelligent and should show animation. Friendly, but not overly aggressive. Unprovoked aggressiveness to be severely penalized.

Scale of Points

Gait	15	Hindquarters	10
General Appearance	10	Forelegs	10
Coat	10	Feet	10
Head	10	Tail	5
Back	10		
Chest and Ribs	10	Total	100

Disqualifications — Blue eyes. Down flews and liver nose. Any color other than pure white, cream, biscuit or white and biscuit.

Penalties — Overly long and low gait. Cowhocks or straight stifles. Inturned tail. Low carried tail. Choppy or stilted gait. Double kink in the tail. Unprovoked aggressiveness.

ENGLISH SPRINGER FIELD TRIALS

by Elsie Eymburner

Despite lowering skies all day and a drenching rain late in the afternoon, there was a continuously good gallery at the running of the Trials in Port Colborne on September 27. There was an entry of 23 dogs with 12 in the Open All Age Stake. There was the largest entry in the Puppy Stake this year since the inception of the English Springer Club of Canada field trials.

An English import, Brackenhank Spey, owned by John Blanock of Detroit, Mich., won the Open All Age Stake and, we believe, finished the points for his Field Trial Championship. Placing in the stake were Mr. and Mrs. Herbert S. Rontley's Breckenhill Bluebell another English import and Thomas Atherton's Twin Flight Patricia.

Fristoe Mullins, of St. Louis, Mo., well-known American sportsman who has been associated with the running of the American National Trials, made his first appearance at a Canadian fixture and along with William Elliott of St. Catharines, judged the trials, including the water tests. Mr. Elliott has been associated with the trials run by this club since their inception in one capacity or another and because of his deep interest has been made an honorary life member of the club. Both judges remarked at the dinner following the day's activities on the fine performance they had noted in the field during the day and the excellent sportsmanship exhibited on all sides.

Dr. Richard Mile of Pittsburgh, Pa., and Hugh Arbuthnot of St. Catharines were the gunners for the day, assisted by Don Whitton of Buffalo who relieved during the afternoon. Morley Fisher, president of the Club, acted as field marshal assisted by Henry Nicholson with Robert J. Walgate, chairman of the committee on arrangements.

At the noon time break, luncheon was served at the Port Colborne Rod and Gun Club house by Leona Walgate, Mary Poesl, Thelma Hawkins and Mary Cordy, providing a welcome opportunity for a get-together. In the evening, the usual dinner party was held at famous Rathbun Inn on Lake Erie when the awards and certificates were presented by Mr. Fisher and Lilah S. Eymburner, secretary for the trials. ■

BOXERS IN THE NEWS

The Boxer female Mazelaine's Verse Libre, an American-bred by Ch. Zazarac Brandy, one of the four Boxers Mr. John P. Wagner (of Bangaway fame) generously gave English breeders to improve the breed, whelped six puppies in quarantine. The sire was Ch. Marjack's Golden Windjammer.

The puppies are now at home with their owners, Mr. and Mrs. Wilson Wiley. The event was of nationwide interest. The puppies were shown on television and their picture appeared in the big London dailies.

BOXER CLUB OF CANADA

Judging Committee Activities — 1958.

by Mr. V. F. Jeffries, Committee Chairman

In November of 1957 the newly formed Judging Committee of The Boxer Club of Canada decided to attempt positive steps toward improving the calibre of judging of our breed.

The Boxer, it appears in the opinion of most all-Breed judges, is possibly the most difficult breed to judge consistently because of the many different styles of dogs which, strange as it may seem, all possess true Boxer type to a high degree.

Through the efforts of our Judging Committee, we were able to suggest the names of six judges who during 1958 were given assignments on the Ontario circuit. The total number of Boxers judged at these shows was 221, an average of 37 dogs per show. The corresponding shows in 1957 drew only 162 Boxers, an average of 23 per show. Boxers jumped to No. 1 on the list of total entries at all-breed shows in 1958 in Zone 1. Exhibitors definitely seemed to be showing with increased confidence of competent judging as the year rolled along, and entries held up in the Fall rather than dropping off as in previous years. Eighteen shows within 125 miles of Toronto drew 540 Boxers in 1958 in comparison to 387 in 1957. The trend seems to be set. The exhibitors in our breed realize that there is an active committee working for them expressly trying to secure through show-giving clubs, judges who would be expected to do top-notch jobs of judging Boxers.

Without the co-operation of the show-giving clubs, this would all be impossible. The clubs which were able to go along with the committee's ideas during the past year reaped the benefit of treasury dollars through increased Boxer entries; one club's Boxer entries jumped from 11 in '57 to 28 in '58, another 22 to 37, another 21 to 56, and yet another 12 to 24. Figures given are for the number of dogs shown — entries were even higher.

What is the formula and, if successful, where does the program eventually lead?

First, the formula —

1. A hard-working committee who will honestly and realistically evaluate available judges and make it known which ones should do a good job and draw entries.
2. A club behind the committee who will turn out in full support of judges assigned through the committee's efforts.
3. A sensible approach with ideas to show-giving clubs.

Results hoped for: That the show-giving clubs would contact the breed club's Judging Committee for the names of judges whom they might consider for future assignments.

Eventually, this is bound to lead to increased entries through superior judging and from that we must get general improvement within our breed. This leads to more public interest and a more stabilized puppy market which will do away with cut-rate, poor quality puppies because the breeders of these will soon discover that their product is hardly recognized as purebred by the public, and therefore can only be bred at a loss.

It would seem that a great responsibility would fall upon the respective Judging Committees and that it would be up to them to keep the show-giving clubs supplied with a list of judges who would and could judge up to the standard expected of them. This opens up another avenue and further aim of our own Committee, and that is an educational program of Fundamental Judging. Logically, the successful breeders and exhibitors within the different breed clubs should be the people to be called upon to teach these fundamentals of their breed, not only to novices but also to any qualified judges who are anxious and interested in accepting assignments to judge breeds of which they desire to further their knowledge.

It is gratifying indeed to feel that in one year the program has been so successful, and with continuing and increasing interest within the dog show world we feel our efforts will do something concrete in the improvement of our breed.

1,000 GERMAN SHEPHERDS WANTED

Here's a market for German Shepherd dogs. The department of the United States Army has issued an appeal for 1,000 to be trained for sentry duty at NIKE and other missiles sites throughout the country. The Army Quartermaster Corps states that both the army and the air force require the dogs to maintain security. Here are the specifications given:

"Nine months to three years of age, males prefered. Females must be spayed at least 60 days prior to acceptance. Minimum height at shoulder should be 22 inches, maximum shoulder height 28 inches, minimum weight should be 60 pounds, maximum weight 90 pounds. Dogs should be of any inconspicuous colour, no whites."

Two years ago the army dispensed with its K-9 Corps and most of its other canine units. Of the 600 dogs formerly trained annually at Fort Carson, Colo. for sentry duty, 550 went to the air force to guard strategic air command installations. The remaining 50 were retained for various sentry jobs. Some scout dogs are still trained at Fort Benning, Ga.

When the army budget excluded dog training on a large scale, the air force trained dogs at its Lackland base near San Antonio, Tex. Now the arrangements have been reversed, and the air force will administer the training of the army dogs.

ARISTOCRATS WORK FOR HOMELESS

by W. E. Hatch

Saturday, October 4 was Tag Day in Oshawa, Ont., for the S.P.C.A., which brought to a close a very successful week of "Be Kind To Animals."

This year a new idea is understood to have been a milestone in this field. The dogs and members of the Obedience Association (Oshawa) donated their time to tag on main intersections and other advantageous points about the city. Typical was "Nantho," an Afghan Hound owned by Mrs. T. J. Grosart of Oshawa and "Wolfe", a Shetland Sheep dog owned by Ross Souch, Jo-Ro Kennels, of Oshawa and Bowmanville, who both made quite an attraction.

Miss Betty Ferguson, left, brief and enthusiastic Afghan "Nantho" on tagging duties. Mrs. T. J. Grosart, owner, is a member of the Oshawa Branch of the SPCA.

Although not members of the Obedience Association, three other dogs were also present. "Trixie", a Dalmatian owned by Mayene Branton, worked very well to collect her share for the less fortunate friends. Also out doing his part was Master Fred Harpe, a Grade X student. Fred has no dog of his own, but went to the trouble of borrowing one from a friend. "Tiger", a Pekingese owned by Sally James, also did a very fine job assisted by Sally's cousin Carol. All three children live in Oshawa.

Mrs. Melich, president, Mrs. Wolfe, secretary, and Mrs. Cheseborough treasurer of the S.P.C.A. believe it is the first time any Obedience Club and members have donated dogs and time for this type of work. They are very pleased and proud of the results and feel the whole idea can be enlarged upon.

WESTCHESTER WINNER STARS IN FILM

Like a beauty queen whose triumph leads her to movie work, the big shaggy dog easily went from sensational dog show wins to a session before the cameras.

Am. Ch. Meridip Duke George

Am. Ch. Meridip Duke George, who had no particular film ambitions, starred in one of the Cannonball television series being made by Normandie Productions, Toronto. Accompanying George was his owner, Mrs. Marvin H. Kuoker of Norwalk, Conn. The amiable Old English Sheepdog made history for the breed by walking off with Best in Show two days hand-running at the big (1,892 entries) Westchester K.C. show (Dogs, October, 1958.)

The new Cannonball series, which has been showing for about eight weeks, currently has the highest rating of any TV series being shown in Canada. It concerns the adventures of two truck drivers, "Cannonball" Mike Malone, played by Paul Birch and Jerry Austin played by William Campbell.

In this instance the pair are driving down a lonely road when they notice a big dog obviously lost. Their attempt to find the owner leads them into a series of escapades which might leave lesser men wondering about the advisability of doing good deeds. However, they consider the successful return of

the dog to his owners worth all the beetle effort.

Mrs. Kucker, an attractive young woman, worked on the set with George who has had no training whatever for film work. He withstood the heaving in and out of the truck and a small car with good nature. Producer Rudy E. Abel tells Dogs the only real bother was in the matter of eating. George's appetite seemed to disappear when the script called for feeding, then he became ravenously hungry when dining was not in order, an anachronism which apparently hits Hollywood stars as well.

On the subject of food, Mrs. Kucker tells Dogs she keeps her Old English Sheepdogs and Welsh Pembroke Corgis in top condition the year round with the addition of Pervinal to the regular feeding of growing puppies and adult members of her kennels.

Mr. Abel and associate Robert Maxwell were the original creators and owners of the Lassie pictures. They made 144 films in this ever-popular series prior to selling out their interests a year ago.

A HERO IS DEAD!

Tang, the Collie from Denison, Texas who was named winner of the first annual Ken-L-Ration gold medal as America's Dog Hero of 1954, has gone to his eternal reward at the age of nine.

Tang gained national fame by saving four small children, all on different occasions, by leaping into the path of speeding automobiles and pushing the tots to the curb, pinning them there until the vehicles had passed.

On another occasion, he stationed himself in front of a milk truck parked in front of a neighbor's home and refused to budge, barking and growling each time the driver attempted to start ahead. Puzzled by the friendly dog's strange action, the driver got out to investigate, and found that two-year-old child had clambered into the back of the truck dangerously near the edge. As soon as the tot was removed and handed to her mother, Tang moved to the sidewalk.

The story of how the Dyer family came to own Tang is a heart-warming one. Seeing their grief over the death of their Collie, a Denver veterinarian offered to give them Tang. Little more than a puppy, he had been the victim of mistreatment and was a sorry-looking sight, suspicious of every kindly word or action. But with affection his natural friendliness returned.

CLUB NOTES

Important: Club Notes are for the purpose of reporting activities and plans of Breed, Group and other specialty organizations. There are certain news items which cannot be considered as "club notes", but rather as advertising material. Names of judges may be used only if the club's show advertisement appears in Dogs in Canada.

Wins of dogs which will be or have been reported in The Canadian Kennel Club "Show and Trial Results" cannot appear in these columns. However, certain unusual items, such as three or more puppies from one litter becoming champions, do constitute news.

Make your club notes meaty and interesting. Remember 300 words is the limit.

The Associated All Hungarian Breed Club of North America

by Mrs. R. D. McLellan

1962 Pansard Ave., Westmount, Montreal, Que.

The particular object for which this club has been formed is to unite in one body all five Hungarian breeds (Puli, Pumi, Komondor, Kuvasz and the Vizsla). The club represents a serious endeavour to preserve the pure original appearance and ancient qualities of these outstanding breeds. In addition, the club will provide its members with channels of information as to the origin, history, habits, development and description of these breeds which are practically unknown to any but the specialist. Membership in this club has a threefold connotation, education, participation and obligation. A club is only as good as its members. Majority contribution of jealousy, disparagement, suspicion, dissention, poor sportsmanship and bitterness will create a club distasteful to its members and unattractive to potential members. Conversely, this club is made up of healthy thought, pride in the accomplishments of fellow members and sharing of equal responsibility.

Officers elected are: President, Mr. A. G. Gerde (Vizsla); Vice-President, Mrs. Nichola De Lorenzo (Kuvasz); Secretary, Mrs. R. D. McLellan (Puli); Treasurer, Mrs. R. M. Evans (Komondor). Four Regional Directors have also been elected: Mrs. W. M. Eberwein, Mr. Geza Szathmary, Mrs. Patrick Stoker, Mrs. Francis Benedek.

B.C. Collie Club

by Jean Cameron

3809 W. 22nd Ave., Vancouver 8, B.C.

The regular meeting of the club was held at the home of Mr. Geo. Cameron on October 3 when we had as our guest speaker Mr. J. A. H. Irving, B.C. director of the Canadian Kennel Club. He gave an interesting and helpful summary of the rules governing C.K.C. shows.

At the B.C. Ladies Club Sanction Show, Mrs. Jean Fletcher chose as Best of Breed Mr. and Mrs. MacDonald's Stargross My Special Angel, sired by Alandale Sir Galahad II ex Alandale Vivacious.

Barrie Kennel Club

by Ken Johnson

No doubt some of our readers will be wondering what has happened after having failed to report the comings and goings, doings and undoings of the club's activities for the past two issues of this magazine. The biggest undoing was the appointment of this correspondent to undertake the task of reporting such goings on.

The deadline for the November issue slipped blissfully by and it wasn't until the October issue was being digested that I was reminded of responsibilities.

On the surface things appear to be quiet, but behind the scenes the committees are preparing for the 1959 show. The selection of judges is now complete and we feel sure the panel and their assignment will be in keeping with the Club's shows of recent years.

The August meeting took the form of an annual picnic for members and their families at Springwater Park, Midhurst. Although the weather was not too cooperative those who attended enjoyed the afternoon. The September meeting was held at the home of Frank and Vina Jones and the October meeting at the residence of Mr. and Mrs. Blake Lamont.

At the latter meeting everyone was happy to see Frank Jones with us once more. Frank took ill on the last day of the C.N.E. dog show and had been confined to hospital and bed at home until recently, and I know his many friends and acquaintances will be glad to know he is on his feet once more.

It looked for some time as if the club was going to have to accept the resignation of his wife Vina as Secretary Treasurer due to the circumstances of Frank's illness. However, with Frank's recovery and Vina's consent, the club was more than happy to be able to refuse her request to be relieved of her appointment.

Membership has been boosted by the acceptance of Mrs. A. J. Bolechowsky, Miss A. Lee and Mrs. K. Johnson to whom we extend a sincere and hearty welcome. Marion did mention something about looking forward to teaching the newcomers the manly art of show kennel bolting.

SEASON'S GREETINGS TO ONE AND ALL

The wit and beaming smile of Orea Brown was missed at the last meeting due to her having to undergo minor surgery. I understand she is well on the road to recovery, and we can expect her to be her usual self at the next meeting.

Before another issue of Dogs in Canada is in print, the festive season will have come and gone so this opportunity is taken to pass on the compliments of the season to all our readers everywhere.

The Bulldog Club of Central Canada

by Gertrude M. McKenzie,

Locust Hill, Ont.

I am sure all members of the club will join the writer in expressing their sympathy to Albert Farrell in the loss of his Ch. Nugget Superb. This dog had surely gained a record number of Best Canadian Bred in Show wins and drawn attention to the Breed as a whole.

Dewa Maureen gained Best Puppy in Show at the Sanction Show held by the Dominion Collie and Shetland Sheepdog Club.

Soon it will be time to think of nominations for officers of the club for 1959. Please give a thought to this and come forward yourselves to take office.

December meeting will be held on December 11th at the home of the Farrells.

Calgary Kennel & Obedience Club

by Agnes Hammond

Many dog activities were enjoyed by the CKOC this summer. On July 2 Mrs. Alva McColl judged an Obedience Trial.

On July 26 the club staged an Obedience Trial at Lethbridge, the first to be held in that city, in aid of the Lethbridge Dog School. Wally Frost from Edmonton, was judging. There were ten dogs competing.

On August 9 Miss Blanche Saunders of New York was here to judge an Obedience Trial. There were 8 dogs qualified out of 10 in Novice A. In Novice B, 5 out of 8 dogs passed which speaks well for their training.

August 10 Miss Saunders conducted an Obedience Clinic. Delegates from Montana, Saskatchewan and Alberta attended and a heartfelt vote of thanks

goes to Miss Saunders from everyone who was present at the Clinic. We felt we learned more in this one day than we could have gained from years of struggling by ourselves. Every delegate has begged to be alerted whenever Miss Saunders can again visit us, and we hope it won't be too far in the future!

A very good Fall show was held on September 21 most ably judged by Mr. George Kynoch. An outstanding entry of 14 Pekingese was one of the highlights of the show. Mr. Matt Gratta, new in this department, did an excellent job as Show Superintendent.

Fall Obedience classes started the first week in September, with three Beginners Classes, two Novice classes and one Open. Enrollment was over 50 dogs.

Best Christmas wishes, large litters, many trophies and good luck in the New Year to all.

Canadian West Highland White Terrier Club

by Mrs. T. S. *Adams*

A special meeting was held in the auditorium of the National Cash Register on September 28. Plans were discussed regarding a Sanction Show, but at this writing plans have been shelved until after the new year, due to unsuitable dates and accommodations.

A new member, Mrs. Ed. Payne, 222 McClelan Ave., Riverview Heights, Moncton, N.B., has joined the club and is planning to breed Westies.

Mr. McGill kindly offered the use of his home for the annual general meeting in January and it is hoped that there will be a good attendance. I'm sure the ones who attended last year would not miss this event, for a wonderful time was had after the meeting and a most delicious buffet dinner served by Mrs. McGill.

The Dachshund Club of Canada

by Ernie Lindsay

Being unable to attend our regular monthly meeting at the home of Mr. and Mrs. Wm. Katzenmier, Brownsville, Ontario, sorry not very much news in way of club activities this time.

December will be our annual meeting and nomination of new officers and will hope for a real good turnout. Our 1958 officers, under the very capable guidance of Dr. Bridgman as President, have done a splendid job and deserve much credit. Let's hope for real cooperation again during 1959.

With preparations well under way for next year's Specialty and also our First Futurity, we are most anxious for full support from all Standard Smooth Breeders in way of nominating those brood females before it is too late. In case anyone missed our Futurity advertising in other issues of Dogs, write our Futurity Chairman, Mrs. N. T. Smith, 267 Pine Cove Road, Burlington, Ontario; for information and nomination forms.

Our sympathy to Leo and Jean Bodemer, who have experienced much sorrow during the month of October. Jean's father passed away very suddenly after two weeks' illness, and then Leo fell on the day of the funeral, breaking his ankle. This, coming right after the loss of losing dear Dad, makes one think of the old expression "It never rains but what it pours".

I am scribbling this off while confined to hospital, and although not certain, am hoping to be back home in about three weeks' time, for just as soon as this diabetic condition is under control. Having difficulty in trying to concentrate properly at present time so, signing off with Season's greetings to all you dog lovers.

Forest City Kennel Club

By Rita M. Smith

The club held their last meeting of the new season on November 5th in the club rooms of the Duchess of Kent Hall, President Mr. Ed Summerfield presiding.

Plans were made for our forthcoming Christmas Party to be held in the club rooms in December.

It was good to see Mrs. Lydia Taylor at the meeting again after her bout of illness which kept her close to home.

The final "Obedience Evening" by Miss Blanche Saunders was really wonderful. When you see such a fine one it inclined to wonder why they call our four-legged friends "dumb." They have far too much intelligence to ever be referred to as such. This final was most educational, as many of us try awfully hard to train our dogs but we invariably get the wrong way about. We would like more of this, Mr. President.

There was a great deal of future activity to the club's credit again, and as usual a turn out previous to all—"more members out please".

The German Shepherd Dog Breeders Association Inc.

by Pat Saint

At our November meeting, held at the home of Mr. and Mrs. Geo. Gerigs, Bickering, seven new members joined us, Maurice Jones, Mr. and Mrs. R. Brown, Mr. and Mrs. B. Vandenberg, and Mr. and Mrs. S. Pallett. We would like to extend to them all a very warm welcome and look forward to seeing them and their Shepherds in the very near future.

May we at this time express our sincere thanks to the Johnstones of 146 Brenda Cres., Scarboro, for the use of their home for our Canine College. It certainly was appreciated. The College was a great success. Don't forget, Shepherd folks, all are welcome. Notice of date and place of next little bees will be mailed to everyone on our mailing list. If you know of anyone who was not notified last month, please contact yours truly, Pat Saint at Ply 9-6098 and they will be taken care of.

Having done so much for our club as a whole and Shepherds in general, it was decided to elect the following to Life Membership. Mr. and Mrs. Paul Finan, Mr. and Mrs. J. Johnstone, Mr. and Mrs. Reg Scott.

Watch for exciting news about our June '59 show!

We would like to take this opportunity of wishing all our many friends a Merry Christmas and a Prosperous New Year.

Our club held its first October matinee at the farm of George and Ena Enos, near Inglewood, Ont. Judged and although the day was cold and windy, everyone warmed up around the huge lunch and sang songs late into the evening.

October 20th one of our Honorary members, Ken Holmes, with his "eyes" Pat, gave an interesting account of his training and experiences at Morristown, N.J. Following the meeting at the Fish Setter Club of Canada.

October 29th at Cookville, Ont., four members and friends were privileged to hear Mrs. Eileen McEachren, President of the Canadian Kennel Club, give the lecture that she was asked to give to the Gaines Research Institute in New York City on October 31. It was much enjoyed by all present.

HANDSOME NEW ENCYCLOPEDIA

The wonderful world of dogdom is vividly presented in The National Geographic Book of Dogs, just off the press. This treasury of fact and anecdote is a 432-page encyclopedia, generously illustrated with full-colour paintings and photographs. A treasure for dog lovers of all ages, this handsome volume is made available at a reasonable cost through the National Geographic Magazine series of dog paintings. The collection began many years ago.

Contained in the book is a description of the various breeds, their special habits and abilities, their unusual deeds, their size and distinctive markings. Brief articles take the reader from the earliest associations of man and dog to his diversified activities in our own day.

Counsel on how to choose the right pup, and how to feed, housebreak and train him is provided by Arthur Frederick Jones of the American Kennel Club.

The book is available only through the National Geographic Society, Washington 6, D.C. Attention Mr. Windsor P. Booth. Price in the United States is $9.85 postpaid.

two Seeing-Eye dogs in this area. Mr. Else discussed training and care of guide dogs and brought along "Josephine", his handsome Seeing-Eye Shepherd.

Our Fall Training Classes got off to a good start and Paul Brunean, training master, reports good progress with this class. Recent visitors at the classes were Art Surette, of Brantford and his talented Shepherd "Terry Von Gralmar", C.D. CDX, UDT. A record crowd turned out for this performance where "Terry" put on a demonstration in rescue, Red Cross and protection work.

Early in October Mr. and Mrs. Paul Brunean set out at dawn to attend the C.K.C. Tracking Trials at Pickering, Ontario. Paul reports that these trials are well worth attending.

The Club now issues a monthly newspaper and we are indebted to June Howard and Cord Brackett for the work they have put into this project. Especially benefitted by this paper are our out-of-town members who are unable to attend the meetings.

We are all sorry to learn that Mr. and Mrs. R. C. Bird, who have been active in the club for some years, are leaving this area to reside in Port Hope, Ont. They will indeed be missed in the club and members join me in wishing them every success in their new home.

At our November meeting eleven new members were welcomed into the club by the President, G. Carpenter. Mrs. R. Bird gave a talk on the cost of putting on an All-Breed dog show. Members enjoyed a social evening after the meeting.

Plans are now underway for the annual Christmas banquet and dance, which is to be held in London on December 13. Bill Addis is the fellow with the tickets so contact Bill early to ensure yourself a seat at the banquet.

The club spent a very enjoyable evening at their October meeting.

The main topic of the evening was our Sanction Show to be held at Windsor Hall, the afternoon of December 5, 1958. Mrs. Blanche Cole, our trophy convener, has some very good prizes already lined up. As usual we hope to have a good turnout.

Plans were also discussed for our 1959 Championship show.

The club is planning a social evening and banquet for Christmas for the members and their friends.

A warm welcome was extended to new members. It is very interesting to note the number of new breeders who are becoming interested in the local clubs.

At the close of business, a lovely lunch was served by the refreshment convener, Mrs. Irene Culp. This always gives the members an opportunity to exchange good doggie topics and is enjoyed by everyone.

The September 19 meeting, held at the home of Mr. and Mrs. Bob Allan, Ancaster, Ont., made final arrangements for our Burlington Booster Show, the Thanksgiving Week-end at Tynoka Lodge, a Guide Dog demonstration for October 20 meeting and the club Field Trial on October 26. December 13 was settled as the Christmas Party date and all arrangements for it were left in the hands of the social convener. The committee on metal crests was authorized to order the dies and necessary items for this trophy project.

The attractive benching at our Burlington Booster Show was arranged by the Hensbergers, Dafoes, Allans and Mrs. Pauline Forrest.

Thanksgiving weekend Muskoka leaves were at their peak, the pale gold varieties providing an especially good background for our beautiful Irish. Cameras clicked and whirred, lights popped, as indoors and out, with everything from brownies to movies, the three days were recorded on film for future enjoyment. A wire-recorder, (courtesy of Bob Allan) captured in sound some amusing anecdotes and hearty community singing. But alas, after repeated re-plays (for the artists loved the sound of their own voices) the wire fouled up and only about five

minutes of our one-hour dusty effort was salvageable from the resulting bird's nest. Bush-walking with the dogs, skeet and target practice in dead locations kept most of us busy during the days' games, athletic and sedentary, occupied the evenings, except Sunday, when the District Game Warden and a fellow-officer entertained us with films from the Department of Lands & Forests.

The October 20 meeting, at the home of Mr. and Mrs. Ken Honsberger, Streetsville, Ont., featured the work of Guide Dogs and several visitors were on hand. Mrs. Carser, Indian interview with Guide Dog user Ken Holmes, followed the procedure from first application through to the graduation from training of man and dog. Further questions from members elicited the following information. Publicity efforts have met with small success against what seems to be a planned wall of silence. Consequently, few blind people know how to get a dog and of those who do, few have the $1000 they cost. A bought privately. The same dogs, bought through The Canadian National Institute of the Blind, cost $500. But the Institute seems reluctant to sponsor applications. All new dogs are trained in the U.S.A. and are available to citizens of that country for $150, a sum insufficient to raise and train them. Pat, Mrs. Holmes' German Shepherd, was admired by the meeting and $10 was voted to the work. Of the evening's collection of another $10. It was felt that other dog clubs would demonstrate equal interest and concern if made aware of the work's objectives and present obstacles. Our club secretary, Mrs. Doris Dafoe, 3047 Woodland Park Dr., Burlington, Ont., will be glad to put interested clubs in touch with Pat and her master.

The Field Trial, held October 26 at Casa Mia, Milton, Home grounds of Mr. and Mrs. J. Southcott, drew wonderful weather, 16 dogs, 14 entries. Ch. Prince Beryl of Kenten, CD, owned by Roy Dafoe, won the Open Class and Miss Kelly of Kenten, an intrained six-months-old baby, owned by the Honsbergers, won Puppy Class with a fine performance. The trial finished, members reassembled at Hawthorne Lodge where they applied hearty appetites to steak and chicken dinners previously ordered. Replete, comfortable humans then piled in with their contented dogs and headed for home, thanking their good-nights as they left the soon diminished cavalcade. Only mishap of the day occurred when Joyce Allan slipped from a log into the stream and emerged soaked, but not visibly damaged.

Oak Gables Modiste taking best in show, Salt Lake City. Judge Bea Codsal, Handler, Jean Grant

BEST IN SHOW, ALL BREEDS AT SALT LAKE CITY, OCT. 5, 1958

We, at Oak Gables Kennels, are extremely proud of this great win by Oak Gables Modiste, a youngster we shipped to Mr. Jack Shaw of Salt Lake City last January. We're particularly proud of the win because only one other Miniature Schnauzer has taken best in show honors in the United States this year.

IT'S GRATIFYING

Because of the additional evidence it offers that the careful breeding program we have been following for the past eight years is continuing to produce top specimens.

It was a little disappointing to see the very small entry from out of town, however we suppose this is natural until Obedience fans realize that we here in Peterborough will be having a trial from time to time with an excellent Trophy list.

The Fall Obedience Training classes have again commenced at Peterborough and there are 15 different Breeds of purebred dogs enrolled with their owners. We sincerely trust that a great number of those taking instruction will continue their interest after they have graduated and will decide to go on into Trial work.

The Kawartha Kennel Club wishes all of you a "Dog gone good Christmas" made more pleasant with Obedience trained dogs.

The club held its annual meeting on November 7 at the home of Mr. and Mrs. M. Barnes. As the club constitution provides for a two-year term, the present incumbents are still in office. Plans are already underway for the Specialty Show and all the efforts and ability of our Trophy Committee, Mrs. Gottschalk, Mrs. Raber and Mrs. Barnes, are any forerunner, this show will even top those of the past.

Following the brief business meeting we were joined by several prospective members for the most practical and helpful program. Mr. Tim Reid, one of our 'Old Timers', came down from Ottawa to give a demonstration on "living doll" of a model, showing the fundamentals of preparing and maintaining the all-important coat of all "Schnauzle". Mr. Reid explained and displayed the basic tools and equipment needed and then held a short question period.

This was a very representative meeting as there were a number of busy little bodies on hand and under foot.

The Mountain City Obedience Club
by Doreen Hampton
R.R. #1, St. Hilaire Station, Que.

At the National All Pets Association Dog Show in Montreal, obedience trials were held on October 25 and 26. Although conditions were not of the best, it was gratifying to note that the Highest Score for each day was captured by club members.

Since the commencement of our fall program five new members have joined our ranks, and are actively engaged in training hard for future trials.

The Poodle Club of Quebec
by Miss Grace Lallemand
5255 King Edward Ave., Montreal, Que.

Poodles like noodles invariably wind up in the soup. This quickly-turned phrase may be a matter of speech but I think it serves the purpose of this tersely-contained story I have to tell.

Manias with people are somewhat commonplace today. With us Poodles are a passion. Working towards a project which we consider a tantamount endeavour, we have formed what we hope will one day be the greatest one of its kind in Canada.

Right now it is more or less in the embryo stage, but the enthusiasm and response on behalf of our limited membership has been such, that we can't help but feel that in the very near future our organization will abound in stability and unmodified form of progress.

Naturally, we have one thing in mind — to better and improve Poodle Breeding in North America.

In Quebec, Poodle Breeding is being carried out on a comparatively limited basis. It's growing, but it hasn't yet reached the point where it can be considered competitive.

However, our plans for its ultimate growth are boundless. We have formed an association of Poodle breeders who are dedicated to the cause and I feel sure that in the very near future their determined efforts will produce most adequate results.

Our first stab at bringing together a group in the body of an association is directed to forming an organization dedicated to the breeding and advancement of better Poodles in the Province of Quebec. Working towards such an end we have formed a club known as, "The Poodle Club of Quebec".

In our endeavours to further our cause we have already held a Booster Show at the Canadian All-Pets Association Dog Show in Montreal at which we had a most unusual turnout. I augers well for the future.

Our group consists at the moment of seven executive members namely: President, Miss Valerie Reid; Vice President, Mrs. James Dempster; Secretary, Mrs. A. Chandler; Treasurer, Miss Joan Kyle; Publicity and Advertising, Miss Grace Lallemand; Show Chairman, Mrs. W. Knauser; Asst. Show Chairman, Mrs. F. A. Price.

We realize that at the present moment we are just a small group with a common aim. However, it's not impossible that we should pin our hopes on a greater outlook.

The Progressive Kennel Club of Canada Inc.

By Gertrude W. Drew

This club is perhaps the oldest active all Breed showgiving club in the Toronto area. It was founded in 1942 and has functioned continuously in that capacity since its inception. It is unique, in that it has a membership of 45, 16 of whom have been breeders for 25 or more years and who, with the exception of three, are still contributing to their respective breeds.

The dog business is not easy and certainly not profitable as many people think. But it is filled with fascinating and prophetic phases that capture the imagination and hold the breeder literally spellbound. To those who really love animals it is a refreshing and uplifting hobby, full of wonders and surprises. Added to that there is the element of gamble, all of which beckon the dog student on.

The dog breeders contribution to the world goes almost unrecognized and they contribute more to the world than has ever been or ever will be acknowledged unless some great change takes place. A devoted can spend a lifetime improving breeds, dog shows, clubs etc. and when they pass on they are soon forgotten. They are unsung heroes without either testimonial or memorial to commemorate their long and useful years of hard work given freely for the betterment of dogs.

The dogs themselves fare much better. Their reputation and greatness is recorded in stud books and on pedigrees and is passed down to posterity. Great dogs live on long after they have ceased to exist. They live on partly because they had owners who recognized that greatness and proved it by challenge. But how many people remember the man who bred and owned the dog? And what about succeeding generations of breeders? Will they in the years to come know anything of the breeders of this age? So long as there is no authentic record kept of Breeders there will be no history to pass on and Breeders one half century hence will be as ignorant of facts of today as we are of the facts of what transpired one half century ago.

Breed books usually devote space to great dogs with perhaps the breeder's or owner's name and pictures of the dog. Not every breed has a book and not every great dog gets into it if there is a breed book. But if we had a record of Breeders we would then have a record of the dogs too. A fitting memorial might be the founding of a small library for the purpose of recording the lives and efforts of all important dog people. It would also be a valuable reference book for future breeders.

This club is proud to have so many veteran breeders still active in club and

Scottish Terrier Club of Canada

by Mrs. H. Fraser

76 McDonald St., Ottawa, Ont.

A general meeting was held at the home of Lt. Col. H. Stothers, the President. Mr. Fred Fraser presided. The minutes were read by the Secretary, Miss Betty Stothers, of the previous meeting.

Mrs. Harry Fraser was welcomed back after her trip to Scotland. Her husband was unable to attend. The treasurer, Mr. Art Bull, gave us a substantial balance in the bank. Money was voted to be sent to the Springhill Mine Disaster Fund.

Mr. Ted Gundersen was asked to take over as Election Commissioner for this year's election.

Refreshments were served by the hostess, Miss Betty Stothers. Mr. Gundersen moved a vote of thanks. Mr. Steve Titus moved the meeting closed, seconded by Mrs. E. Picton.

Shearwater Kennel Club

by Valerie H. McMillin,
Woodlawn, N.S.

The monthly meeting of the S.K.C. was held on October 30. Plans were discussed as to the best ways to raise money, a subject much appreciated by all members. It was decided to hold a sanction show in the early Spring as the main project. Amongst other ideas put forward were a Penny Auction and Rummage sale.

Thought was also given to next year's point show. It was agreed that application should be made to the C.K.C. for priority date of July 1 for the next five years. This date is one of the few civic holidays which is held on the day on which it falls, and is never moved to the nearest weekend. This fact makes it advantageous to the S.K.C. as we are only able to have our shows on non-working days, due to the location of our show building within the Naval Air Station of H.M.C.S. Shearwater. It was also decided to send our club President, Andrew McMillan and the Vice-President, Mrs. Colleen Hague, to the meeting to be held in New Glasgow on November 2, between all the Nova Scotia clubs. This meeting was called in order that plans could be made for a circuit rather than a series of unconnected shows.

The October lecture was postponed due to the unusual amount of time taken by the club business. The president's lecture on Boxers will now be given at the meeting on November 27.

Several club members are being congratulated for a number of reasons. Mrs. Hague, Charles Winship and Andrew and Valerie McMillin have all acquired new dogs of breeds hitherto seen rarely in the Maritimes, if ever. The breeds are a Basenji, a Bedlington and two Dandie Dinmonts.

It has been planned for some time that there should be a Junior S.K.C. when enough children showed interest. Now we have a number of members who are anxious to start Showmanship classes for these youngsters. An advisory committee has been set up. Mrs. Hague will be assisted by Mrs. E. W. Smith and Mr. Tom Turnbull. It is hoped, with the commencement of regular classes, that even more children will show an interest. We are very aware that it is essential to train the younger members in correct show procedure, as they are tomorrow's exhibitors and without them there would be no future for dog shows.

THE OLD TIMER

(Continued from page 9)

Blow—regardless of the fact that I know nothing of the job he holds outside the dog game—regardless of the fact that I know nothing of his administrative experience.

"People forget that the Canadian Kennel Club is big business—that the decisions the board makes affects directly and indirectly every person breeding and showing dogs from one end of Canada to the other.

"Me!—I'd vote for my worst enemy if I thought that enemy would make a better contribution to the welfare of the dog game than my best friend who might be running against him. That of course would be the millenium, but I think the millenium could be hastened with a better informed and more intelligent approach to the whole question of the Canadian Kennel Club and its responsibilities."

CONTRIBUTIONS NOW MEAN FUTURE BENEFITS

"If we are to benefit from our respective roles in breeding purebred dogs, we must be prepared to make a corresponding contribution to its future progress," stated Mrs. M. Eileen McEachren in addressing the recently formed Dog Fanciers Luncheon Club of New York.

"We can meet that responsibility if each of us is willing to contribute our share of ideas and suggestions on a program which will assist future progress . . . It is not enough that we breed dogs to meet the demands of the available market . . . The ultimate decision on the selection of breeding stock should rest with the individual breeder. Surely he will appreciate any guidance that might be furnished, whether such guidance is optional, or whether it consists of conditions imposed by common consent of those on whom it might be binding."

The speaker pointed out that if proper production records be made available for the use of breeders, every single purebred dog should be registered individually. Three types of registrations were suggested:

1. Advanced registry, confined to those animals which measure up to at least a certain minimum standard of physical perfection and have proven that they are capable of reproducing stock of the same or better quality.

2. A registry of purebred dogs eligible for breeding purposes.

3. A registry of purebred dogs which are not considered suitable for breeding purposes and which are not eligible for registration in any category.

Mrs. McEachren suggested that as any important advance is made in the field of genetics or allied fields, it be assessed as to value in the dog field, and the information passed on to breeders.

"Sometimes too much is left to the initiative and enterprise of the individual breeder to acquire and make use of information on genetics," she said.

"The Board of Directors of The Canadian Kennel Club have decided that it would be preferable if we were to publish a litter record book, instead of our present style of Stud Book. The adoption of such an arrangement could start in the commencement of a record of production which ultimately must benefit breeders."

IT'S A DOG'S LIFE

My husband, his friend Bill and our Cocker, Sally, were inseparable shooting companions. One day when they took a friend of Bill's, Sally plainly resented his presence. At their shooting spot, my husband took Sally to one slough and the other men went to another.

Sally retrieved four ducks for my husband and at dusk he took them to the car. Leaving them on the ground, he went to wait on a knoll and Sally followed. When they heard the other men coming, she whined and ran back to the car. When my husband came to show the ducks, they were gone. Searching, he noticed Sally sheepishly wagging her tail. "Find the ducks!" he ordered. She trotted into the long grass and one by one proudly brought them out, circling the stranger each time. Apparently, no stranger was going to have her ducks.

little derriere to the floor; the lowering space required being only about one inch. As usually happened, her first "sit", thus performed, brought forth a roar of laughter from the spectators, which perked up the Judge from his complacent, patient attitude of judging "just another dog".

He gave the Forward command, followed by another quick "Halt" when we had proceeded only three steps. Miss Liz again gave her quick little drop of the rear; the crowd again burst into laughter, and this time the Judge also joined in the act. Dropping to a prone position on the floor behind her, he pretended seriously to consider whether or not she was actually sitting. At this, the audience broke into such hilarious laughter that by the time we had progressed another nine feet and through three more sits, not a spectator remained at any of the conformation rings but were clustered about six deep around the Obedience Ring: even the judge and exhibitors in the adjacent ring had stopped all pretense of working and were standing, helpless with laughter, watching Miss Liz.

Instead of the usual once around the ring and back, that day we made three complete turns of the ring, with Halt commands spaced about every three steps. Miss Liz emerged finally with the 2nd place ribbon in a class of 45; her score of 198.5 being more vigorously applauded than the First place Winner's 199.

My second Obedience Dachshund, Buzzie, a Longhaired, is a delight to me in both obedience and show rings. Also a natural showman, Buzzie works to please *me*, and cares not a whit for judge nor audience. All I have to contend with in Buzzie is an incurable love for teasing. At every show, during the last minute warm-up, he delights in fouling up each exercise. Just as we are called to the ring, and I have decided that to show that day was a big mistake, Buzzie does a complete about-face and enters the ring to work beautifully, turning in a high score and winning the audience with his happy adoration of his owner.

Buzzie won Best In Match at an All-age, All-Breed Match, under a judge who remarked afterward that he had asked for the Award every moment he was in the Ring. The judge complimented his animation, saying it was easy to see he was not obedience-trained, for obedience robbed a dog of animation. It was with the utmost pleasure that I told him Buzzie had already won two legs toward his C.D.

They say pride goeth before a fall; and such is the case. At a show the next Sunday, Buzzie having finished his C.D. with a score of 197 and a tie for 2nd Place; and having elicited praise from a Breeder-judge at Ringside for being such an excellent specimen of the Variety, Buzzie and I were leaving the Show building in a roseate glow, Buzzie's beautiful long coat swishing proudly.

Upon handing the identification slip to the doorman in charge of the exit, to my amazement I found the exit suddenly barred by a beefy arm extended rigidly in front of my chest, the doorman reading the word "Dachshund" on the identification slip and pointing the other accusing arm toward Buzzie, stating indignantly and loudly, "Wait a minute! That there ain't no Dash-Hound!" Sic transit gloria.

Seriously, any Dachshund can be obedience-trained. *Three* basic rules of training must be applied — to *yourself*, not the dog.

First, be generous to the point of lavishness with your praise. Second, be patient to the point of exhaustion with your repetition of each exercise. And third, be firm, unsympathetic and *instant* with your correction.

Train a Dachshund and find out what fun you can have!

Training & Handling Dachshunds

by Leo Bodemer

The primary purpose for which the Dachshund has been developed requires specific traits of character. Many good Dachshunds are bred for hunting purposes, others breed for good show dogs.

Whether a dog is to serve only as a companion to his owner or is to be entered in bench competition, he can serve his particular purpose best only if he is given sufficient obedience training to understand what his owner expects of him.

While the show dog is judged primarily on his physical comformation, even the best specimen of the breed will not show his physical attributes to the best possible advantage unless he has been taught how to act in the show ring.

In training a dog, the owner must be patient and kind, repeating the same lesson over and over. On the other hand, the daily training period must not be so lengthy that the dog becomes tired and confused.

My method of training for show must start with a young pup about three months of age. The reason for starting to train at three months is that the trainer can become more strict with the puppy than a mature dog, because you can give a pup a slight slap at the rear. He will obey much quicker and will not get frightened if you are a little rough with him. If you start with a grown dog and are too harsh with him he will become frightened and will not obey, and he will also become timid.

A good way to start to train is to place your pup or dog on a table or a grooming bench, high enough off the ground that you can stand up straight beside him. When placing him on it a pup will usually be a little frightened when he is high off the ground. This will give you better control of your puppy when training him. Be very gentle and careful with your dog at all times. Place the front feet straight, then take the hind feet and pull them back, the way you would pose your dog in a show ring. The first few times your dog will not want to stand too well.

Don't let him do what he would like to do, but always make him do as you want him to do, show that you are the boss. Sometimes you have to give him a light slap at the rear when he will not obey. Never slap the dog on the head or ears because this will scare the pup and may even injure him. I have always found that a slap on the rear is the best method. If the puppy will not pose properly after setting him up several times, a good way is to put one hand at the front chest and part of the neck. The other hand between the hind legs, push the pup backwards to the edge of the stand, so that dog thinks he will slip off. This will scare him slightly and the pup will push forward. Repeat this 2 or 3 times, then take him to the centre of the table and you will now see great improvement. After he has posed, always talk to him quietly and stroke him several times. Show him that you love him and you are pleased with what he has done for you.

Repeat training once or twice every day if possible, but whatever you do don't tire him out. (Keep this up for several weeks.)

Don't train a pup too young on a lead. When you train him give him a long leash and let him go wherever he wants to go. Just don't let him wander too far by himself. After he gets used to the lead, a good method is to give him all the leash he wants and also play with him so he will be happy on the lead. Keep this up for quite some time and when he leads quite well then shorten your leash so that he will be closer for you. Always try to lead your dog on your left side so that he will expect to be on that side of you.

Continued on page 38

An excellent example of how a well-trained Dachshund must stand while being judged is Ch. Stenheims Candida. Raised and trained by Leo Bodemer, she is shown being awarded Best Canadian Bred in Show during the 1956 *C.N.E. Shows, Toronto. The late Mr. Edward Daley, noted English judge, makes the presentation.*

ALBERTA

. . . its dogs, its people, its shows

By JACK ANDERSON

OBEDIENCE

While Obedience training and Trials are relatively new in Alberta in comparison with other areas, considerable progress has been made, under the capable guidance of George Frost, the Field Trial Representative in Alberta. In Calgary both the Alberta Kennel Club and the Calgary Kennel and Obedience Club have been sponsoring classes in obedience over the past few years, having created considerable interest in dog obedience training and trials. Mrs. Eileen Fraser was probably responsible for creating interest in obedience training first in Calgary through the Alberta Kennel Club and she has been ably assisted by Dave Smith, Elmer Moore, Dennis Litchfield, Mrs. Evelyn Kenny as well as other members of the Club. The Calgary Kennel and Obedience Club under the leadership of Miss Agness Hammond, a former C.K.C. Director, has been most active in the past few years in sponsoring schools and trials, including a clinic under Miss Blanche Saunders. This club has also sponsored schools in Lethbridge with a view to creating interest in that southern city. In addition to these two show and trial-giving clubs we have an independent group in Calgary sponsoring schools under the capable leadership of Don Miller.

The clubs in Edmonton have accepted the challenge and are quite active in obedience training and trials under the guidance of such enthusiasts as George Frost, Tom Quilley, Mrs. Rae McIntyre, Miss MacKay and Mrs. Pearson. Trials have been sponsored by the Edmonton Kennel Club and schools are in operation preparing more dogs and handlers for competition.

Alberta is steadily progressing in Obedience work and as a high standard is being maintained, our province will be out in front in the very near future. We now have a large number of dogs trained and qualified to titles in both Canada and the United States.

FIELD TRIALS

At the present time there are five very active Field Trial Clubs in Alberta which sponsor Retriever and Pointing Breed Trials and one club sponsoring Beagle Trials. In Edmonton we have the Edmonton Sporting Dog Club and the Canadian Chesapeake Club. Each sponsor two trials a year for Retrievers and Water Spaniels. In addition the Northern Alberta Beagle Club, under the guidance of Bob MacKillop, a former C.K.C. Director, are a specialty club and now preparing for Beagle trials this year. We have another club in Ponoka sponsoring Retriever trials, the Ponoka Kinsmen Kennel Club maintained by such enthusiasts as Mel McCoy, Bud Grant and Hugh Bawden, which club also sponsors Spring and Fall trials each year.

In Calgary there are two clubs, The Alberta Field Trials Club sponsoring Retriever trials as well as Pointing breeds trials, and the Calgary Retriever Club sponsoring Spring and Fall Retriever Trials. These clubs are very active and sponsor two trial circuits each year, inviting large entries of good dogs.

Among the enthusiasts attending the trials from centres where no clubs are active at present are such sporting people as Jim Ellis of Acme, Lyman Turner of Magrath, Dr. Roy Saito of Leduc, Jim Paton of Wetaskiwin and Ray Koskinen of Balzac. Co-ordination of the trials is handled by a Field Trial Council composed of delegates from each club which meets in a central location early each year to iron out all the problems under the eagle eye of Frank Cockrall, the Field Trial Representative for Retrievers.

The Northern Alberta Beagle Club has its headquarters in Edmonton and under the leadership of Bob MacKillop and Mrs. Marie Peacock of Calgary are going all out to have Beagle Trials a reality in Alberta. A trial slated last fall had to be cancelled because of illness amongst members, however we will see the result of their efforts this year.

The Canadian Chesapeake Club in Edmonton, as the name implies, is a specialty club "formed to aid in the development and recognition of a breed that has no equal as an all around Retriever". Amongst its members are such stalwarts as Ed. Bolander and Jim Bell.

In Calgary there is also the Calgary Retriever Club which in 1958 was the host club to the National Retriever Stake. This is a very active club too under the leadership of Arn. Gorveatt and the stalwart support of the one and only Vic Grainger. Their trials would not be complete without such familiar faces as Miss Ruth Lowe, Albert Lindquist, Geof. Parsons and all the other supporters.

The original Field Trial Club in Alberta is the Alberta Field Trials Club in Calgary. Most of the old timers in the Field Trial fancy were members of this club at one time or another. This club held their 30th anniversary dinner a year ago and it was good to see some of the old time members again, amongst them Bill Fisher, Jack Miller, Joe Rudolph, A. deB. Winter, Joe Bob White and a good many others. Amongst the hard working members now active are Joe Rudolph, Larry Irvine, Bob Channen and of course the dependable, genial secretary, Mrs. Zetta Phillips.

Edmonton Sporting Dog Club

These notes on the club's origin are provided by Frank Cockrall:

The Edmonton Sporting Dog Club was formed March 4, 1946 at the home of Mr. William Quilley. Bill Slocombe was the first president and Tom Quilley the first secretary. Jack Noble was president '47-48, Dr. Gallavant '49, Bill Brownlee '50, Frank Cockrall '51-52-53, Bruce Whittaker '54, Bill Howson '55-'56, and Bruce Whittaker '58.

A picnic trial was held prior to March 4, 1946 on Hudson Bay Reserve, and any kind of dog was allowed to enter. Winners were Pat St. Peter with a half Chesapeake and Springer, Bill Brownlee with a Pointer, Barney Faulkner with a Labrador and a Pointer.

Prince of Lowestoft owned by Harry Lowes and handled by Norman Lee was the first Field Trial Champion.

Some of the Old Timers of the Club are: Barney Faulkner, Bill Brownlee, Pat St. Peter, Dr. MacDonald, Norm Lee, Herb Tait and Bill Madge.

We have one Canadian National Field Trial Champion, Bakers King, a Chesapeake owned and handled by Buddy Noon. We have held the National twice, in the years 1953 and 1956.

High Point Dog of the Prairie Provinces (Jeffery Trophy) are as follows: Leccoys Bob, handled by Mel McCoy 1952; Nelgards Baron, handled by Munroe Coleman 1953; Brant of Bardonda, owned and handled by George Mitchell 1954-55; Bakers Black Jeff owned and handled by Frank Cockrall 1956, and Valentine Luke owned and handled by William Bisziel 1957-58.

To my knowledge High Point Dog of Canada was started in 1956 but may have been before. Anyway, Bakers Black Jeff won it in '56 and Valentine Luke in '57-'58.

ALL-BREED CLUBS

In Alberta there are four clubs that annually sponsor Championship shows. In Edmonton we have the Edmonton Kennel Club and the Northern Alberta Canine Association, while in Calgary is the Alberta Kennel Club and the Calgary Kennel and Obedience Club.

The Alberta Kennel Club is probably the oldest, having been organized in 1905 and holding at least two shows a year since that date. Some of the old timers mentioned as members of the Alberta Field Trials Club were among the early members of this club too. Mr. William Pym, now of Vancouver and an Honorary vice-president of the C.K.C., was a member of this club a good many years ago. We are happy to have Mr. Harry Saunders, a former C.K.C. director and well known all-breed judge, as our senior member both by virtue of age and seniority of membership.

The Edmonton Kennel Club is almost as old as the Alberta Club and also has sponsored shows annually since its founding. Mr. Bill Quilley, one of the original members is still active in Edmonton, hale and hearty. His son, Tom, is now a well known and popular judge in the show rings. This club's shows would not be complete without the support of such long time members as the Kilgannons and Crawshaws.

Amongst the newer clubs, there is the Calgary Kennel and Obedience Club in Calgary and the Northern Alberta Canine Association in Edmonton. These clubs have sponsored shows annually in recent years, which has added to the general interest in competitive showing.

All clubs in Alberta will be co-operating with the clubs in Saskatchewan in a circuit of shows and Obedience Trials commencing May 1 and continuing through a circuit of at least twelve shows and six trials. This promises to bring out a large entry of top quality dogs and some excellent competition should result.

BENCH AWARD DINNER

Ken-L-Ration Dog Foods announces its first Bench Award Dinner to be held at the King Edward Hotel, Toronto, the night of Tuesday, March 17, the eve of the 1959 Canadian National Sportsmen's Dog Shows.

Four important awards will be made: The Western Canada Award, the Mid-Western Canada Award, the Mid-Eastern Canada Award and the Eastern Canada Award. These awards are based on a point system, the points aggregated by Best in Show, Group and Group Placement wins, according to Canadian Kennel Club statistics. The winning dog of each area, in order to qualify, must be owned by a resident of the region.

Winners will not be announced until the night of the dinner.

19th INTERNATIONAL SHOW

The Travellers Aid Society of Chicago will benefit from the proceeds of the 19th annual International Dog Show, slated for April 4 and 5 in Chicago's International Amphitheatre. The International is one of America's largest dog shows, ranking second among all shows in United States last year in the number of dogs exhibited.

A number of Canadians annually exhibit at this competition, making a good showing.

GOOD USE FOR DEAD DUCKS

The B.C. Gun Dog Club requests that hunters in the area of Vancouver refrain from throwing away ducks suspected of being fish tainted. The club has freezers in which ducks of any variety can be kept and put to use at one of its Spring Trials. Each duck thus donated saves the treasury at least $1.25. Club members Jack Reid and Bill Sinser are members i/c of the freezer department.

DOGS and PEOPLE

Died: Suddenly, at the age of 21, Diane Stephen, daughter of Mr. and Mrs. George Stephen, 78 Rossander Court, Scarborough, Ont. Miss Stephen, who had not enjoyed good health for some time, was 1958 secretary of The Toy Breeders' Association of Canada, and was owner of two Yorkshire Terriers. Her loss will be keenly felt by members of the club and friends in the dog world.

Wag-a-Way Kennels and their owner Mrs. Arthur Merklinger, were recently spotlighted in the *Oakville (Ont.) Journal*. Mrs. Merklinger, well-known Cocker Spaniel breeder and exhibitor, was born in England and came to Oakville in 1940. The Merklingers have a son, Bruce, who is a flight lieutenant in the Air Force. Mrs. Merklinger started her breeding and boarding business in 1947, does a daily stint starting at 7 a.m. and ending at 9 p.m. At the present time she has 14 female American Cockers. The boarding kennels are 75 feet long, with an individual run for each dog.

On the question of feeding, this successful breeder says, "We feed our dogs cooked horsemeat, cod liver oil, wheat germ, brewers yeast, suet and egg yolks. When the puppies start to wean, they are fed minced meat and milk."

. . .

Having read Mr. Reg. Sparkes' stud advertisement in *Dogs* some months ago, Bulldog fancier Russell R. Mack of Anchorage, Alaska, sent a female to Mr. Sparkes' Kamel Kennels just north of Toronto. The lady was flown via Northwestern Orient to Seattle, Seattle to Vancouver, and from that point to Toronto via T.C.A.

Pictured above is the Smooth Fox Terrier, Eng. Ch. Brooklands Royal Tan, recently imported by Mr. H. Mayne, Westmayne Kennels, Westchester, N.S.

Some hunters can't tell a Beagle from a bunny. Two-year-old Wendy, who readily finds rabbits for any hunter, pondered on this recently as she limped sadly home to her owner, Jean Morgan, D.V.M., Saskatoon, Sask. She

bore a bullet hole through her right front leg and a furrow on top of her head from a second slug. Photograph was taken by Dr. Morgan's husband, Munro Murray, a *Star-Phoenix* photographer.

Steverino, famous Greyhound, who is a weekly visitor to the Steve Allen show, has been appointed by Garry Moore, National Easter Seal chairman for the 1959 United States Drive. Her appeal slogan is "Give a Gift to Crippled Children in the Name of Your Pet". One of her duties is to direct placement of special coin containers in 5,000 Greyhound Bus ticket offices and depots throughout the United States.

If you are showing dogs or visiting in the States between February 27 and March 29, you'll see Steverino's pictures and message.

Winners of a nationwide (United States) contest to suggest the best methods of feeding dogs, Mr. and Mrs. Julian S. Dexter, Grassy Hill Road, Old Lyme, Conn., fly to England early this month to attend the world-famous Crufts Dog Show in London, February 6-7. The Dexters won the Ken-L-Biskit Company award for the manner in which they fed their Basset Hounds in their Galway Kennels. Mrs. Dexter is a retired physician. Her husband is a retired colonel in the U.S. Air Force. All expenses, including flight by Pan American jet, plus $500 in cash and accommodation at London's famous Olympia, are part of the first place award.

Newly elected C.K.C. President Walter Brown, a member of The Canadian Kennel Club for nearly a quarter century, conducts the annual meeting of the Board of Directors to be held at the King Edward Hotel, Toronto, this month. The annual general meeting is scheduled for Saturday, February 14, commencing at 10.00 a.m.

. . .

Best friend of two Vancouver boys, Darryl Acker, 11 and Gregory Graham, 9, is Rex, a German Shepherd owned by Darryl. For his tenacity in helping the boys keep their heads above water when they fell into the Fraser River, Rex was presented with a medal of Valor by the SPCA.

. . .

Skip, a dog without pedigree, is not without honour in the Lang household at Omemee, Ont. Six-year-old Freddie was playing near a snowdrift near the Lang barn when a mad fox leaped out of the drift and attacked the youngster. Skip dived at the fox, chasing it off the farm. The fox was later shot and examined for rabies.

Your Editor Says

Every now and again we receive a letter from readers of this column who suggest that they would like to hear more about happenings in their city, town, district or province. These suggestions are quite normal and we would like to be able to fulfill their wishes. We say, "would like to be able," for the very simple reason that if we are not furnished with items of general interest, it stands to reason that we can't write about them in this section. As we see it, the solution is simple. Give us the news and we will edit it and print it here for the benefit of all obedience enthusiasts wherever located. There is one thing about being an editor that everyone should understand — you can print the news once you have the facts but you can't manufacture it. Please let us hear from you — our address once more is 635 Lansdowne Avenue, Westmount, P.Q.

Since we receive the odd letter from people who would like to know something about obedience training and obedience trials, we have decided to start something new in this column beginning with next month's issue. It will probably be spread over three or four months and will cover all phases of the sport from entering a training class to qualifying for degrees. It is hoped that these monthly articles will be of help to those people who plan to take up dog obedience training. In the interim, if you have any questions, please send them in and we can answer them in future issues.

Letters of Interest

The following letter came to us from Mr. D. B. Hudson, 2615 Cranmore Road, Victoria, B.C., Obedience Representative for British Columbia (Island):

"It is not often that we give you any news from this part of Canada to add to your interesting column, but, even though it concerns my own dog, I feel that this is worth while reporting.

1958 was the first year that official tracking tests were held in British Columbia, one was held by my club in Victoria at which one dog qualified, a German Shepherd, and the second was held in Vancouver by the Vancouver Dog Obedience Training Club at which four dogs were successful.

Although the second test was held on August 31, 1958, there was a long delay in confirming my dog's success, but, I now have the official certificate from C.K.C. . . . this explains why I was not able to report to you sooner.

You may well ask what is unusual about passing a tracking test, but, in this case the dog was only eleven and a half months old and he was a Belgian Sheepdog of the Tervueren variety. Miss Blanche Saunders of New York and Mr. Roy H. Hatfield of Portland, Oregon, were the judges and Miss Saunders remarked to me that she thought that it was a record.

I am reasonably certain that he is the first Tervueren and the youngest dog on the continent to succeed in this test and I feel that I owe it to the dog to publicize the fact. It is not often that Canada can produce records to be proud of, but, I believe this is one instance.

The dog's name is Nightwatch Russet Chevalier and he was bred by J. Ruel Glover of Salem, Oregon.

Shortly after getting his T.D. he got his C.D. and now has two legs towards his C.D.X. degree."

It's quite true that we are not often furnished with news items from the West Coast, but, when we are, it is a pleasure to pass on the information to our readers. We believe that readers of this Column will be interested to know that the year 1958 was the first year in which official Tracking Tests were held in British Columbia. These tests are now being held in three Provinces, Ontario, British Columbia and Quebec. Our sincerest congratulations go forward to Mr. Hudson for the outstanding performance of his dog of less than a year, in passing a Tracking Test. As far as we are concerned, this could easily be a record. Mr. Hudson seems to be well on his way to handling his dog to a C.D.X. degree and then no doubt to a U.D. degree.

• • •

We seem to be getting all our mail from the West Coast at the same time. However, we are pleased to reproduce the following letter (in part) received from Miss Marjorie Cummings, 4655 West 13th Avenue, Vancouver 8, B.C. which should be of interest to our readers in Canada and the United States.

"I think you will agree with me that a 'thrill' of a lifetime has been reached by not only a breeder but an owner too. Miss Frances Clark of Hi-Hope Kennels sold me her very first Shetland Sheepdog of six weeks of age which she bred from her first female four years ago. Today, Duffy is known as "Hi-Hope's Merry MacDuff, Canadian and American U.D." He, I think, has had an outstanding obedience career.

At seven months of age, he won his Canadian C.D. in three straight shows with scores of 192, 195 (under Miss Saunders) and 189. From then he went into C.D.X. and at a year of age had nice scores of 192½, 195½ and 197 together with trophies to add to those won in his C.D. Finally his Utility title in Canada at two years and five months with nice scores of 178, 195 and 198. This finished him in Canada.

In February 1956 he started towards his American titles at Seattle, Wash., where he not only was highest in his class with a score of 198, but, also highest in trial. There were eighty-four dogs in competition. Then at Vancouver, Washington, with a score of 195, he again was first in his class and finally at Renton, with a score of 199 again first and tied for highest in trial. He, therefore, won Dog World's Canine Distinction Award having won his C.D. in three straight shows.

His C.D.X. scores were equally as good. Seattle in February of 1957 he was first with a score of 197; Yakina — first with a score of 199 and again tied for highest in trial (65 dogs in competition) and finally at Renton with 197 against eighty-five other dogs was not only highest in his class, but, again highest in trial.

Finally his American U.D. was completed this past summer with scores of 191½, 187½ and 175.

His picture was taken by the Vancouver Sun (a daily newspaper with a huge circulation) and it appeared on October 20. Duffy was holding one of his trophies in his mouth and the caption below read:

"Retiring from Dog Obedience Trials after winning 35 Trophies and 22 first place ribbons is Hi-Hope's Merry MacDuff, a Shetland Sheepdog owned by Marjorie Cummings of 4655 West 13th Avenue, Vancouver, B.C."

Just by way of interest, this picture was also published in the Winnipeg Tribune and in the December 6 week of the Toronto Star Weekly this picture was again shown in the page entitled "Canada's Photo Album".

Duffy is certainly a dog to be mighty proud of and I am just that, otherwise I wouldn't be writing to you.

I feel that since he is now four years of age and having won his Am. U.D. before the age of four that he deserves to retire. I have had dozens of compliments about him and how much everybody liked to see him work, but, I

know that there are others coming up who would also like to be in the trophy winning line and I feel that it is only right that a dog like this should be retired. I made that statement and now it is a fact. He will only be shown if his son is capable of making a nice brace. . . . The trophies and ribbons that Duffy has won will remain as a wonderful memory of a Shetland Sheepdog who loved obedience, and loved to work."

First of all, our congratulations go forward to Miss Cummings for the outstanding performances of her Shetland Sheepdog, "Hi-Hope's Merry MacDuff", Canadian and American U.D. We believe that top performing obedience dogs should be publicized for we know that our readers like to hear about them. It is also good for obedience because it gives other handlers the incentive to carry on in an attempt to equal or possibly better records already established. We are sorry that we didn't have an opportunity to watch "Duffy" perform in the ring, but, for those who did, we can say that they were fortunate — they saw a champion perform. Good luck with your other dogs, Miss Cummings, and we hope that "Duffy" will enjoy living the life of a retired gentleman.

News Bits

Canada has lost one of its outstanding obedience dogs in the death of O.T.CH. "Barnalark La Petite Coquette", better known as Coqui, who passed way on December 14, 1958 at the age of 9½ years. Coqui, a Miniature Poodle, was owned and handled by Mr. and Mrs. W. Arthur Newcombe of the Town of Mount Royal, P.Q. She had a serious operation and appeared to be recovering, however, it became apparent that she would never be well again and it was recommended that she be put to sleep.

Coqui leaves an oustanding carreer behind. She attended Mrs. Alex Casgrain's early training classes and passed with honours, later joining the Montreal Dog Obedience Training Club. Her master, Mr. Newcombe, is a past president of that Club. An excellent worker in the ring, she soon made her presence felt at obedience trials in all parts of Eastern Canada and the United States. Coqui was first Canadian-bred to obtain both the Canadian and American U.D. degrees. She was also the first Miniature Poodle to hold both the Canadian and American U.D.T. degrees.

Coqui's activities extended far beyond the obedience ring. She did much in the way of social work by performing at hospitals, children's clubs, social clubs and youth's hostels. She was always in demand by these organizations. She also put on demonstrations at obedience clubs, schools, fashion and automobile shows, and appeared on a few television shows with other dogs and your editor.

The Newcombes were a unique team in a way, with Mrs. Newcombe doing most of the handling in the ring and Mr. Newcombe taking charge of the advanced training.

HOW HUNGARIAN DOGS GET THEIR NAME

by Mrs. R. D. McLellan

Since ancient time the Hungarian shepherd, as well as the farmers in the Lowlands, gave their dogs names of rivers.

In the arid Hungarian lowlands a universal belief exists that the distress caused by water, from which human beings and animals suffer, is the reason for rabies. From this the superstition originated that dogs with names of rivers can avoid this malady.

The most common names used of rivers are: *Tisza* (that is the river Theis), *Sejo* (speak Shaw-yo)—*Bodri* (Petname Bodrog) — *Maros* (speak: Maw-rosh)—*Koros* (sp. Ko-rosh) and *Gyongyos* (speak Dion-Diosh).

It is interesting to note that the most usual names apply to the river *Theis* (Tice) and her tributaries, which indicates that this superstition originated here.

Besides this the following river names are popular: *Duna* (river Donau—speak Dough-now), *Aranyos* (sp. Arun-yosh), *Drava* (river *Drau*—sp. Drow), *Szomos* (sp. Sa-Mosh), *Szava* (river Save — sp. Saw-yeh), *Laita* (sp. Light-Ah) etc.

Another chief group of Hungarian dog names arises from the naming of the enemies of the shepherds and farmers. The origin of this very interesting custom is that farmers and shepherds on their farms (Tanya) and also on the endless pastures are exposed to the attacks of the rapacious Betyaren. So that by signalling danger with the calling for help the dogs were named: *Betycr - Zsivany - Roblo* (names for robbers), *Cyilkos* (means Murderer), *Bicskas - Bitang*. For the same reason they gave the names of the saver in need as *Csendor* (means Gendarme - Police soldier), *Zwandar - Pandur - Bakter* (means Watcher), *Huszar* (Hussar). Hussar does not mean the front-soldier but the watchers in the villages of the lowlands, which were called *Huszar* in the old time and are still called so in many communities.

To another group belongs the names which refer to the external appearance or are connected with the spiritual qualities of the dog.

Barzas - Kocos (means shaggy), *Talpas* (Inlander), *Vitéz* (Hero), *Vihar* (Storm), the embodiment of speed, *Vezer* (means leader), the embodiment of strength and bravery—*Kantor* (means Precentor), *Flotas - Dudas* (Trumpeter), and *Suba* or *Cuba* (a wrap-around shepherd coat made from unsheared Hungarian sheepskin).

Another group of names refer to the occupation: *Bojtar* (young shepherd), *Inas* (servant), *Legény* (lad), *Portas* (Porter), *Zseller* (subject), *Kondas* (Pig-shepherd), *Pajtas* (Playmate), *Csikos* (horse shepherd), *Csordas* (herdsman).

And a final group of names are *Sobri - Dani* (Daniel), *Joska* (Joseph), *Jancsi* (John), *Jutka - Juci Panni - Zsuzsi* (Susan), *Borcsa* (Babette), *Julcsa* (Julie), *Pirka* and *Biri*.

JUDY TEAM TO JUDGE

Well-known in Canada, and perhaps the world's best-known man and wife judging team for dog shows, Capt. and Mrs. Will Judy of Chicago will make the awards at the March 7 Sanction Show of the Burlington and District Kennel Club, reports president Mrs. N. T. Smith.

Capt. Judy judged the club's show last winter, when a record was set for Canadian sanction shows. Capt. Judy has judged dog shows in 26 countries and Mrs. Judy has been with him in many of these countries, judging as well.

Judging at this show begins at noon on Saturday, March 7, and the Best in Show is to be chosen by 6 o'clock that evening.

AMERICAN BOXERS HONOURED

Winners in the third annual selection of the United States outstanding show Boxers for 1958 have been announced by M. D. Drucker, publisher of *The Boxer Review*. The records, compiled in conjunction with The American Kennel Club statistics, reveal the four sectional winners:

Ch. Evo-Wen's Impressario, owned by Mrs. George M. Cowie of Downey, Calif., who compiled a total of ten Best in Shows, to become Western winner. Southern winner was Ch. Terudon's Kiss Me Kate, owned by the Theodore Wurmsers of Louisville, Ky. She amassed a total of 33 Best of Breeds with 26 Group placements, starting the year with a Best Opposite placement at the ABC Specialty Show in New York.

Mr. and Mrs. John P. Wagner's Ch. Marjack's Golden Windjammer again took top spot for the Midwest with seven Best in Shows. He went Best of Breed at both the ABC Specialty and the 1958 Westminster Show. A relative newcomer, Ch. Socrates Dionysus, owned by Mr. and Mrs. Thomas Coman of New Britain, Pa. won in the East with 26 Best of Breed wins.

(Explanatory notes: Commencing in 1951 adjustments were made in the rates on which the Club was charged with certain items. For example, in 1950 and previous years the Club was charged one full operational item for each Secretary's transfer notice (4,410) in 1950 but the operational item charge on these notices was decreased to 1/4 item in 1951, and further decreased to 1/6 item in 1953, in 1951 the actual number of these notices totalled 3,644 (4x911) and in 1953 3,222 (6x537). The items designated (1) were charged at 1/2 item; those designated (2) were charged at 1/4 item; those designated (3) were charged at 1/3 item; and those designated (4) were charged at 1/6 item.) (5) The charge for posting Champions and other titles was rated at two operational items until 1955 when the charge was reduced to one operational item. (6) Each extended pedigree issued is charged at the rate of two operational items. (7) The Club was not charged (at the rate of 1/2 item each) for the issuance of import certificates prior to 1958.

ADDITIONAL INFORMATION FURNISHED BY THE SECRETARY-TREASURER

ASSETS

Cash on hand and in banks decreased from $6,505.49 to $5,613.83. Accounts Receivable increased from $227.25 to $523.60.

Investments at cost increased from $42,787.65 to $49,652.80. This was brought about by our converting Dominion of Canada 3% bonds due in 1962 and 1966 and obtaining in their place Dominion of Canada 4½% bonds due September 1, 1983 in the amount of $4,000. In addition the Club purchased $7,000 of Canadian Pacific Railway 5% bonds at a cost of $6,895.

Office furniture and fixtures increased from $11,976 to $14,131. Included in the purchases at a cost of $780, was an I.B.M. Executive typewriter, used in the office for the preparation of the show and trial awards, and minutes published in the official magazine. Also purchased last year was a new postage meter machine, at a cost of $383.50, and a Kodak Verifax copy machine, at a cost of $165.

Prepaid postage in the amount of $251.38 represents unused postage on our postage meter machine as at the end of December.

Prepaid insurance, in the amount of $191.82, represents the unexpired portions of insurance and fidelity bonds in force at the end of December.

The prepaid share of our expenses at the Live Stock Records office, amounting to $6,531, represents an overpayment on our account with the Canadian National Live Stock Records (see information re expenditure account #1).

LIABILITIES

The Accounts Payable and accrued charges represent amounts owing to other persons, clubs or companies, and all of this total is included in our 1958 Statement of Expenditure.

Prepaid date fees represent date fees paid in 1958 on shows and trials to be held in 1959.

The balance of the cost of the 1958 Stud Book amounting to $3,593.19 represents the actual printing cost of the volume which was delivered late in December.

SURPLUS AND RESERVE ACCOUNT

The surplus account stands at $60,943.28 at the end of 1958 as compared with $51,313.02 at the end of 1957, the difference being represented in the profit on our 1958 operations.

Included in the Surplus and Reserve Account is an amount of $3,260 which has been reserved towards the cost of printing stud books for the years 1950, 1951, 1952 and 1953, which volumes were not published at the customary times.

PROFIT AND LOSS STATEMENT

There was a profit on our 1958 operations of $9,630.26 as compared with $10,073.98 in 1957. The loss on the show and trial section was

$2,629.91 as compared with $2,860.22 in 1957. The profit on our other operations was $12,260.17, as compared with $12,934.20 in the previous year.

STATEMENT OF REVENUE

Fees for all business handled on our behalf during the past year by the Canadian National Live Stock Records, excluding membership fees, totalled $85,644.33, an increase of $10,212 over the previous year.

Membership fees increased by $1,677 in 1958.

Recording fees increased by $1,619 over the previous year.

Listing fees increased by $243 over the previous year.

Interest on bonds increased by $240 over the previous year.

Sale of judges books increased by $215.

Sale of stud books decreased by $176.

Total revenue amounting to $130,679.92 in 1958 represented an increase of $16,067 over the previous year.

STATEMENT OF EXPENSES

Our share of expenses of conducting the Canadian National Live Stock Records increased by $871 over the previous year. However, it should be noted that the number of operational items handled on our behalf in 1958 totalled 65,859 as compared with 59,690 in the previous year. The per operational item cost at the live Records Office actually decreased from 62.8c in 1957 to 58.24c in 1958 and this accounted for the substantial overpayment on our account with the Records Office, represented in the amount of $6,531 shown in our assets.

Salaries at the Head Office at Toronto increased from $26,218.34 in 1957 to $32,890 in 1958, brought about partly through an addition to the staff of an assistant to the Secretary-Treasurer.

Publication of official business increased from $9,143 in 1957 to $9,188 in 1958, although it should be noted that the adoption of the offset method of printing Show and Trial reports and Minutes of board meetings saved an estimated $2,700 on the cost of printing official business in 1958. There was a considerable increase in the number of competitive events held under the Club's rules in 1958 as compared with 1957, and in addition the Board was in session on 17 different days in 1958 as compared with 10 days in the previous year. Charged to the Shows and Trials section was an amount of $5,178 for reporting shows and trials, and in addition an amount of $285 for listing coming events. The cost of publishing minutes of Board Meetings was $1,005, election material published in the October issue cost $328, the minutes of the annual general meeting $612, the balance being represented in other official business, including financial statements, standing resolutions, notices, message to members, etc.

Travelling expenses increased from $4,903 in 1957 to $5,935 in 1958.

The cost of printing our 1957 stud book amounted to $6,675, compared with the cost of the 1956 volume of $5,113, the difference being largely an increase in the cost of preparing the copy for printing purposes.

Magazines to members increased from $3,345 in 1957 to $5,224 in 1958. This increase was brought about largely because of an increase from 8-1/3c to 12½c paid the publishers for each copy of "Dogs in Canada" sent to a member.

General expenses increased from $312 in 1957 to $868 in 1958.

Office supplies increased from $1,928 in 1957 to $3,121 in 1958. Included in the office supply cost of 1958 was an amount of $600 for the purchase of Ditto (mimeograph) machine supplies for copying material sent to the Board, members and others. Also included in this was an amount of $300, representing the cost to purchase and rental of tapes for the Sonograph machine for the purpose of recording proceedings at Board meetings.

Miscellaneous printing increased from $2,931 in 1957 to $3,003. The 1958 costs included $354 for copies of the Field Trial Rules, $261 for copies of the Dog Show Rules, $208 for copies of Obedience Trial Regulations and Standards, $542 for printing referendum ballots, $108 for printing voting papers, and $187 for private breeding record books.

The audit and election commission fee increased from $800 in 1957 to $1,100 in 1958, an increase authorized at the last annual general meeting.

Meeting expenses (excluding travelling) increased from $954.38 to $1,198. Included in this expense account is an amount of $677.35 paid for the record of proceedings at the annual general meeting, and an amount of $225 which included the luncheon at the annual general meeting and the rental of the room in which that meeting was held.

Amortization of leasehold improvements amounted to $108.90, being the final write-off of costs of leasehold improvements over the previous ten years. Since cost of these leasehold improvements has been completely written off there is now no longer any reference to this account in our balance sheet.

Maintenance expenses increased from $140.52 in 1957 to $493.34 in 1958, part of which was the complete redecorating of the Toronto office.

Investigation expenses decreased from $756 in 1957 to $222 in 1958.

Total expenses in the Shows and Trials Section amounted to $18,722, as compared with $16,872 in the previous year.

The balance of the expenses in 1958 amounted to $102,327 as compared with $89,666 in 1957.

SECOND VICE-PRESIDENT Vic W. Williams ACCLAMATION

MEETING OF THE BOARD OF DIRECTORS

DECEMBER 2, 1958

A regular meeting of the Board of Directors of The Canadian Kennel Club was held in the Club's offices, 667 Yonge Street, Toronto, on Tuesday, December 2, 1958, commencing at 9:30 A.M. with the President, Mrs. M. E. McEachren, in the Chair, and the following members of the Board present: Walter Brown, Robert L. Blyth, J. W. MacCallum, W. H. MacKendrick, W. J. Monaghan, and Mrs. N. T. Smith.

MINUTES

3 M 13. MINUTES OF MEETING HELD OCTOBER 7, 1958.

The Secretary placed before the Board a draft copy of the minutes of the meeting of the Board held on October 7th. A single correction was ordered.

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:

(#529-58) "THAT, the minutes of the meeting of the Board held on October 7, 1958, as corrected, be adopted."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

FINANCIAL MATTERS

5 F 5. ESTIMATES FOR 1958

The Secretary:

(1) reported that in accordance with the understanding at the October meeting of the Board, he had forwarded to members of the Board on November 25th revised estimates of anticipated expenditures for the current fiscal year;
(2) pointed out that the revised total of estimated expenditures was considerably in excess of the total estimated in February, resulting from:
   (a) a substantial increase in volume of business over the previous year;
   (b) certain expense accounts are difficult to accurately forecast.

Points considered in the discussion which followed:

(1) It is not practical to adopt a budget since this implies a fixed maximum in each expense account without regard to any conditions which may necessitate additions to certain accounts.
(2) In the circumstances, estimates can be no more than a calculated estimate of likely expenditures, and are subject to changing conditions which, unless explained, may create the impression that the original estimates were unrealistic.
(3) Estimates are of benefit only when the Board has occasion to consider whether the Club is in a financial position to undertake new projects, and a more satisfactory arrangement may be for the Board to decide in which accounts (revenue and expenditure) there is likely to be any significant change in the coming year.

The Secretary was instructed to not prepare estimates for the coming annual meeting of the Board but to seek the Board's instructions at that meeting.

5 F 10. FINANCIAL STATEMENTS FOR PERIOD ENDED SEPT. 30th

The Secretary reported that members of the Board had been provided with the financial statements, as received from the auditors, for the nine-months period ending September 30th, and these statements would appear in the December issue of the official magazine.

REGISTRATION, STUD BOOKS AND RELATED MATTERS

7 R 27. REGISTRATION OF DACHSHUNDS

The Secretary:

(1) reported that he had written The American Kennel Club as directed in resolution #509-58 with regard to the Dachshund MARI LES MISS HEIDI, but had not received a written reply;
(2) reported that he had discussed the matter with the Executive Vice-President of The American Kennel Club and from that discussion obtained the impression that when a written reply is received it would indicate that The American Kennel Club would not expect The Canadian Kennel Club to accept a certificate issued by The American Kennel Club if such acceptance violated any by-law, regulation or policy adopted by The Canadian Kennel Club;
(3) read a letter from George R. Spicer, importer of MARI LES HANSEL (CKC #389833), who:
   (a) asked that the Club communicate with Mr. and Mrs. Leslie May and arrange for the refund of the purchase price paid for MARI LES HANSEL;
   (b) asked that the Board adopt a resolution to the effect that they (Mr. and Mrs. Spicer) "are an innocent party in this confusion of registered papers".

Points considered in the discussion which followed:

(1) The Club cannot take any action with regard to refunds.
(2) Although Mr. and Mrs. Spicer appeared to have no knowledge of the existing situation, the Board is nonetheless compelled to order the cancellation of the registration of MARI LES HANSEL in view of its prior cancellation of the registration of his dam, MARI LES MISS HEIDI.

It was regularly moved by Mrs. Smith, seconded by Mr. MacKendrick:

(#530-58) "THAT, while the Board is satisfied that Mr. and Mrs. Spicer, in good faith, purchased MARI LES HANSEL and effected his registration in our records, and while the Board is sympathetic to their position in the matter, nevertheless the Board had previously ordered cancelled the registration of the dam of MARI LES HANSEL and on that account hereby orders cancelled the registration of MARI LES HANSEL and his certificate of registration be recalled."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

7 R 5. REGISTRATION OF AMERICAN FOXHOUNDS

The Secretary:

(1) reported that the All-Canadian Fox Hunters' Association had been informed of the Board's decision (resolution #503-58) regarding dogs eligible to compete in the National Championship Stake for Foxhounds held on October 30th-31st-November 1st;
(2) reported that a letter had been received from Mr. E. D. Bonnyman, Governor of the Association and the Club's Ontario Field Trial Representative for Foxhounds, expressing deep appreciation for the Board's decision and advising that such decision had made it possible for the Stake to be an outstanding success;
(3) reported that the Registration Committee had ordered referred to Mr. Monaghan and Mrs. Mack the applications submitted by Mr. Chris Sheffield, and the Secretary desired an indication of the procedure the Board felt should be followed when the report, on the applications submitted by Mr. Sheffield, is received by the Registration Committee.
(4) reported that as a result of a decision of the Registration Committee an effort had been made to arrange for an announcement, during the National Championship Stake for Foxhounds, of steps to be taken to obtain information about dogs, presently ineligible for registration, which would be registered if an extension is granted by the Board in accordance with the recommendation of the Board of Directors of the All Canadian Fox Hunters' Association (Page 11 of minutes of meeting of Board held August 5th);
(5) reported that it was the instruction of the Registration Committee that:
   (a) he obtain from the Secretary of the Association the names and addresses of the Secretaries of the several Foxhound associations forming the Association;
   (b) on receipt of that information address a letter to each person listed seeking the information required by the Board in order that it may decide what action should be taken with regard to the extension previously proposed.

In the discussion which followed it was agreed that:

(1) the Secretary would carry out the instruction of the Registration Committee referred to in (5) above;
(2) on receipt of information and documents about each dog for which registration is desired, the Secretary would forward that information and documents to Mr. Monaghan and Mrs. Mack who, in accordance with the authority given in resolution #504-58, would appoint such inspection committees as they deemed advisable;
(3) the applications, documents, and reports of inspection committees (where inspections are held) would then be referred to the Registration Committee for final decision.

It was regularly moved by Mr. MacKendrick, seconded by Mr. MacCallum:

(#531-58) "THAT, this matter be tabled until the Committee of Mr. Monaghan and Mrs. Mack consider the matter and report to the Registration Committee on each case as applications and documents are received."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

7 R 15. LITTER KITS AND LITTER RECORD BOOKS

The Secretary:

(1) pointed out that the adoption of the proposed litter record book as a substitute for the present style of stud books was predicated on the United States Department of Agriculture agreeing to accept the litter record book, in lieu of the present style of stud book, for customs purposes, and he had therefore addressed a letter to the Officer in Charge, Certification of Pedigrees, at the Bureau of Animal Industry, Washington, and had received a reply reading in part as follows:
   "We have noted with interest the detailed report of the proposed contents of this Litter Record Book. It appears that the book, as planned, will possess some features superior and more helpful to breeders than those provided in the old-type stud book.
   "Departmental officials have indicated that they are favorably impressed with the proposed undertaking and feel that the information to be included in this book, as outlined in your letter, will be wholly adequate for our use in determining the purity of breeding and identity of dogs exported from your country and presented for importation under Paragraph 1606 of the United States Tariff Act of 1930.";
(2) reported that arrangements had been made with the Director of the Canadian National Live Stock Records for appropriate records to be maintained, commencing January 1, 1959, required for the later production of copy for the litter record book;
(3) reported that in a memo to the Board he had raised the question of whether information to appear in a litter record book should be published:
   (a) monthly in the official organ on punched paper suitable for removal and placement on a three-ring binder;
   (b) quarterly with the indexes included in the last of the four quarterly volumes;
   (c) on an annual basis as is now the case with the present style of stud book.

Following a discussion on the question of form of publication of a litter record book, it was agreed that the Secretary would prepare information for the consideration of the Board at its next annual meeting.

The Secretary reported that after obtaining quotations on the printing of the litter kits, and after consultation with the Live Stock Records office regarding the form and content of the litter certificate and applications forming the litter kit, he had addressed a memorandum to the Board on October 27th seeking suggestions with regard to the litter kit and the information which he had proposed be included on the reverse side of the application for registration forms.

The Secretary reported that:
(1) as a result of a letter from Mr. Irving, it had been decided that information to be furnished applicants would not be printed on the back of the application for registration forms but would instead be printed on both sides of a separate page, in larger type, and a copy of that information would be furnished with each litter kit issued by the Records Office;
(2) an order had been placed for 15,000 litter kits, each kit to be composed of seven pages (litter certificate, copy of litter certificate, and five applications for individual registration);
(3) of necessity the copies in the litter kit would be on light-weight paper, and as heavier stock is required for handling purposes in connection with the preparation of copy for the litter record book, the original copy in the litter kit would be retained in the Records Office for that purpose;
(4) it was expected the issuance of litter kits would commence in January;
(5) the Club would assume the cost of printing the litter kits, however arrangements had been made for the Club to be credited with any saving which the Records Office would realize because of the elimination of the separate litter certificate and the smaller number of individual applications now required.

The Secretary:
(1) pointed out that in time the great majority of Canadian-born dogs registered in the Club's records would be on the basis of partially completed applications in litter kits;
(2) suggested that consideration be given to the printing of special application for registration forms for imported dogs and dogs owned in the United States, with provision on such applications for full three-generations of ancestry, this in order that British or foreign certificates accompanying applications may be returned to the applicants.

The Secretary was instructed to draft a suitable application for registation form and present the draft to the annual meeting of the Board for consideration.

7 R 24. KENNEL NAMES

The Secretary:
(1) reported that in accordance with the Board's instructions he had sought the opinion of the Club's solicitor in respect of the powers of the Club to deal with certain situations relating to kennel names;
(2) reported that a copy of the solicitor's opinion, as set forth in a letter dated November 20th, had been forwarded to members of the Board;
(3) read a letter from Mr. Irving who stated his concurrence with the opinion of the Club's solicitor, and suggested that the Club's solicitor be asked whether it would be permissible, in a case where an application for registration of kennel name has been rejected, for an appropriate notice to be published in the official magazine whenever the applicant, notwithstanding the Board's non-approval of his application, persists in using the disallowed name as a kennel name in advertising in the official magazine;
(4) read a letter from Mrs. Beatrice Hughes, Kelowna, B. C. (kennel name - TOMBY) who had sought clarification of her position in objecting to the use of TOM BOY, an unregistered name, in another breeder's advertising in the official magazine.

In the discussion which followed it was agreed that:
(1) very few breeders would persist in advertising a kennel name which could not be used for registration purposes;
(2) little could be gained in seeking an understanding with the publishers of the official magazine regarding the non-acceptance of advertising which included rejected kennel names;
(3) Mrs. Hughes be informed that the Board has no direct control over the use of an unregistered kennel name in advertising, but it would be prepared to consider her objection in the event the breeder using TOM BOY as a kennel name sought registration of that name as a kennel name.

The Secretary:
(1) read a letter from W. R. Clarke, North Surrey, B. C. (registered kennel name URBANE) objecting to the application of Mr. and Mrs. R. M. Webster, W. Vancouver, B.C. for the registration of URRAY as a kennel name;
(2) referred to the question raised, at the annual meeting of the Board, by Mr. Williams, in connection with the decision reached at an earlier meeting on another objection submitted by Mr. and Mrs. Clarke.

After discussion it was agreed that:
(1) the Secretary would seek the recommendation of Mr. Irving in connection with the objection submitted by Mr. Clarke;
(2) the Secretary would be governed by Mr. Irving's recommendation when it is received.

The Secretary reported that:
(1) Laura and George Getty, Willowdale, Ont. had applied for the registration in the Club's records for a Collie which they had imported from the United States, said dog having been registered with The American Kennel Club under the name QUARRYBRAE CALL ME STEPHEN (AKC-W923938);
(2) Laura and George Getty had the registered kennel name QUARRYBRAE;
(3) in accordance with a policy adopted by the Board, passed to the Records Office in the form of an instruction, the Records Office had informed Laura and George Getty that they could not accept the application with QUARRYBRAE as a prefix;
(4) Mr. Getty had discussed the matter with him and he had undertaken to write The American Kennel Club requesting that the dog's name be changed to CALL ME STEPHEN OF QUARRYBRAE;
(5) he had received a reply from the American Kennel Club to the effect that their rules provided that once a dog has been registered, its name cannot be changed.

Points considered in the discussion which followed:
(1) Laura and George Getty had previously registered imported dogs with their kennel name as a prefix;
(2) although the new policy had been announced in minutes published in the official magazine, there may be members unfamiliar with it, and therefore discretion should be exercised for a time until a time is reached when no exceptions need be considered.

The Secretary was instructed to:
(1) authorize the Records Office to process the application with QUARRYBRAE as a prefix;
(2) advise Laura and George Getty that although an exception is being made on this occasion, it is expected that having now been advised of the policy they will be governed accordingly when seeking the registration of imported dogs.

Mrs. Mack reported that she faced a similar situation in connection with registration of an American Cocker Spaniel which she had imported from the United States, the dog having been registered with The American Kennel Club under the name MACKSON'S PEACH MELBA, and although she had sought to have the name changed in records of The American Kennel Club she had been informed that such change was not possible.

The Secretary was instructed to be governed the same as in the case of the dog imported by Laura and George Getty.

The Secretary reviewed a letter received from Mr. Irving who:
(1) pointed out that Mrs. Jean L. Chamberlain had registered a number of dogs using BAMBI'S as a prefix;
(2) pointed out that Mrs. Chamberlain's application for registration of BAMBI'S as a kennel name had been refused on the grounds that BAMBI is a name commonly used in the naming of dogs, and had been granted her alternative selection of HI MARK;
(3) reported that while Mrs. Chamberlain would accept HI MARK as her registered kennel name, she was desirous of substituting HI MARK for BAMBI as the prefix in the name of a number of her registered dogs, one of which had attained championship status.

After discussion it was agreed that the Board had not the power to authorize an exception to the By-law which provides that the name of a registered dog cannot be changed after it has been registered sixty days.

The Secretary sought the Board's ruling on the acceptability of the following kennel names applied for:
(1) MARLY'S, in view of kennel name MARLESS registered with The American Kennel Club;
(2) GRANDEVER, in view of kennel name GRAND RIVER already registered with The Canadian Kennel Club.

It was agreed that both names are acceptable provided an objection to either is not received by the Secretary.

The Secretary reported that under date of October 31st the Committee on Kennel Names had reported to the Board that:
(1) it recommended that the objection of Mr. and Mrs. Geoffrey White (kennel name KERNOW) to the application for registration of Mr. Kenneth R. Collison for the registration of KE'NO as a kennel name be sustained;
(2) it recommended the application of Mr. & Mrs. Stanley Whitmore for the registration of HAVILAND as a kennel name if it is established that HAVILAND is no longer a post office.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:
(#532-58) "THAT, HAVILAND be granted as a kennel name to Mr. & Mrs. Stanley Whitmore on the grounds it is a non-post office; and approve the Committee's recommendation with regard to KE'NO."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

7 R 25. REGISTRATION COMMITTEE

The Secretary reported that since the last meeting of the Board the Registration Committee had:
(1) authorized the registration of a litter of German Shepherd Dogs whelped on June 10th, 1957, by MARALTA'S PRINCE OF WAIN (361307) ex DUCHESS OF STRASBOURG (393943), litter whelped the property of Mrs. James McComb, Strasbourg, Sask;
(2) declined to authorize the registration of a Alaskan Malamute, born in the United States but for which registration with The American Kennel Club could not be obtained, which Mrs. Margaret Harvey, West Hill, Ont. contemplated purchasing if registration with The Canadian Kennel Club could be obtained;
(3) authorized the recording of transfer of ownership of the Beagles FT. CH. LARSEN'S DUCHESS (296839) and MICKEY'S VICKIE (414636) from the name of Ernest Dalton (deceased), Sydney, N. S. to the Name of Pius Dalton, Sydney, N. S.; date of transfer, June 20, 1958;
(4) authorized the registration, under Article XXVIII, Section 1 (d) of the By-laws, of the Afghan Hounds TELEVEE TANGAR EL MYIA, TELEVEE MURINGA EL MYIA, and TELEVEE BONA EL MYIA, whelped the property of Mrs. Rosa Wilkinson, Frankford, Ont.:
(5) declined to authorize the registration of a litter whelped by RUSTIMAC'S GOLDEN GIRL (387211), owned by Dr. Albert Hudec, Regina, who was unable to provide any information with regard to name and registration number (if any) of the sire of the litter;
(6) declined to authorize the registration of two dogs, said to be Eskimo Dogs, owned by A. R. Trummel, Edmonton, Alta. on the grounds that information with regard to three generations of known breeding was not furnished as required by Article XXVIII, Section 1 (d) of the By-laws.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Smith:
(#533-58) "THAT, the Registration Committee's report be accepted and recorded in the minutes of this meeting."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

7 R 34. SUBMISSION OF APPLICATIONS FOR REGISTRATION

The Secretary:
(1) referred to the instruction given by the Board to the Canadian

National Live Stock Records to the effect that;
(a) in the case of a dog born in Canada the application for for registration may be processed only if received from the owner at birth;
(b) in the case of an imported dog the application for registration may be processed only if received from the importer;
(2) reported that in accordance with the Board's wishes arrangements had been made for a meeting with officials of the Canadian National Live Stock Records and the Chief Registration Officer of the Department of Agriculture, to discuss this instruction;
(3) reported that on November 21st a report had been addressed to the Board reporting on the meeting which had been held on November 19th, attended by:
(a) Mr. T. K. Henderson and Mr. J. S. Dunbar, members of the Records Committee;
(b) Mr. F. G. Hodgkin, Director of Canadian National Live Stock Records;
(c) Mrs. M. E. McEachren, member ex-officio of the Club's Complaints and Registration Committees;
(d) Mr. Walter Brown, Mr. W. H. MacKendrick, and Mr. J. W. MacCallum;
(e) the Secretary;
(4) reported that at the meeting the Club's representatives had outlined the reasons for the Board's instruction to the Records Office;
(5) reported that at the conclusion of the meeting it was understood that the Club's representations would be considered by the Records Committee at its next meeting.

Following discussion it was agreed that in view of the information furnished at the meeting, it would be relatively easy for the Records Office to carry out the instruction.

It was regularly moved by Mr. Monaghan, seconded by Mr. Blyth:

(#534-58) "THAT, as a result of the conference held on November 19th with members of the Records Committee and Director of Canadian National Live Stock Records, the Board reiterates its instruction with regard to acceptance of applications and desires their immediate implementation of the instruction."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

7 R 36. PROCESSING OF APPLICATIONS AT RECORDS OFFICE

The Secretary reported that:
(1) in accordance with resolution #462-58, he had written the Director of Canadian National Live Stock Records with a view to determining if a more speedy arrangement of processing applications for registration could be put into effect, more particularly in the case of immediate return of applications which are not acceptable for any reason;
(2) the Director of Canadian National Live Stock Records had reported that the preliminary examination of applications suggested by the Board was now the practice to a limited degree, however after a discussion with the Club's Registrar it had been decided to give the matter of pre-checking all applications submitted a trial.

The Secretary was instructed to place this matter on the agenda of the annual meeting of the Board.

7 R 38. STUD BOOKS

The Secretary reported that in a memo of the Board dated November 21st he had reported that:
(1) for the preparation of copy for volume #60 of the Club's stud books the Records Office had charged an amount totalling $1938.85, this cost including the typing of the copy, reading and checking, supervision, cost of ribbons used and a 10% assessment for overhead costs, this for a volume of 914 pages (average of $2.12 per page);
(2) for the preparation of copy for volume #61 the cost had been charged at $3185.94, the volume consisting of 997 pages (average of $3.16 per page, the overhead assessment having been increased to 20% at the suggestion of the Records Office's auditors);
(3) the matter of the substantial increase in costs had been discussed with the Director of the Records Office and members of the Records Committee on November 19th, and at that time the Director had reported that the services of the experienced typist of copy for stud books had been lost and a typist inexperienced at the work had to be substituted, the loss of speed and the increase in errors which had to be corrected had brought the increase in cost;
(4) reported that the question of earlier preparation of copy had been discussed, the Board being anxious that the volumes be available to members much earlier than at present.

7 R 41 IDENTIFICATION

The Secretary:
(1) reported that a local person had sought the co-operation of the Club in establishing, by nose-prints, the identify of a dog which he had lost and believed found in the home of another person who claimed ownership of the dog;
(2) sought an instruction with regard to the action the Board wished followed in his dealing with requests of this nature.

After discussion it was agreed that the Club should not undertake to establish identity in cases of this nature.

7 R 43. SIGNATURES

The Secretary:
(1) pointed out that it has been the custom to require, in the case of a partnership (i.e. Mr. & Mrs. John Doe), that any documents or applications submitted to the Club or to Canadian National Live Stock Records to be signed as follows:
"Mr. and Mrs. John Doe
per (signature of authorized representative for the partnership)";
(2) suggested that consideration be given to requiring only the signature of the authorized representative of the partnership.

After discussion it was agreed that the present requirement may rest on legal requirements, and the Secretary was therefore instructed to obtain the opinion of the Club's Solicitor and refer the matter to the Board at its next meeting.

7 R 42. LETTER RE "ASSOCIATED ALL HUNGARIAN BREED CLUB OF NORTH AMERICA"

The Secretary:
(1) reported that on November 14th he had received a letter from Mrs. R. D. McLellan, Montreal, reporting the formation of the "Associated All Hungarian Breed Club of North America", the letter being accompanied by a copy of the Constitution and By-laws of the new organization;
(2) examination of the constitution and by-laws indicated that this new organization proposed to keep a stud book, register dogs of the following breeds: Pulik, Komondor, Kuvasz and Vizsla, and "train and appoint expert judges";
(3) reported that a copy of the letter and extracts from the Constitution and By-laws had been forwarded to members of the Board;
(4) read a letter from Mr. Laskey who stated that "fundamentally the purpose and principles of this foreign breed club are sound, however their attention should be drawn to Section 16 of the Live Stock Pedigree Act;
(5) read the following section of The Live Stock Pedigree Act: "16. (1) Except as authorized by this Act, where an association for a specified breed exists, no person shall in respect of that breed conduct a book of record or issue a certificate of registration or any document purporting to be a certificate of breeding.

(2) Every person who violates this section is guilty of an offence and is liable on summary conviction to a fine not exceeding five hundred dollars and not less than one hundred dollars, or to imprisonment for a term not exceeding two months."

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#535-58) "THAT, the Club's solicitor be asked to send a reply to this communication."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

7 R 44. NAMING OF DOGS

The Secretary read a letter from the Canadian National Live Stock Records seeking a ruling on the request of Mrs. Patricia L. Fisher (breeder) and Mr. A. Humphries (purchaser) that a Dachshund acquired by Mr. Humphries from Mrs. Fisher be registered under the name WUNDERBAR'S VICKIE THREE, instead of WUNDERBAR'S VICKIE 3rd, as assigned by the records Office.

Points considered in the discussion which followed:
(1) If the name WUNDERBAR'S VICKIE 3rd remains on the records it implies that two other Dachshunds by the name WUNDERBAR'S VICKIE had been registered whereas in fact there have been no such registrations under that name;
(2) Mrs. Smith's report that Mr. and Mrs. Humphries had previously owned two dogs (not Dachshunds) called VICKIE, hence their desire to have THREE as a part of the dog's name.

The Secretary was instructed to authorize the Records Office to register the dog under the name WUNDERBAR'S VICKIE THREE.

7 R 22. INVESTIGATIONS AUTHORIZED BY THE BOARD

The Secretary read a letter from Mr. Irving who:
(1) enclosed copy of a classified advertisement offering "registered Plott Hounds" for sale;
(2) stated that it might be good policy to discuss with the Chief Registration Officer of the Department of Agriculture the misuse of the word "purebred" through ignorance on the part of breeders and vendors of dogs;
(3) stated that some time previously he had suggested that the Club might warn people by placing a small advertisement in classified sections as to misuse of the words "pure-bred" and "registered", pointing out that the word "registered" in the advertisement in question might lead others to believe that the dogs being advertised are registered in the Club's records when, in fact, the Plott Hound is not a breed recognized by the Club.

After discussion it was agreed that it would be preferable for the Secretary to write the newspaper in which the advertisement appeared, rather than to the advertiser, and the Secretary was instructed to seek information from Mr. Irving as to the newspaper in which the advertisement appeared and follow out the same procedure as in another recent file.

COMPLAINTS, CHARGES AND PROTESTS

A number of complaints and protests were then presented to the meeting by the Secretary and after consideration the Board took appropriate action with regard to each.

Mrs. Pamela B. Mack (Director) entered the meeting.

8 C 1. REPORTS OF THE COMPLAINTS COMMITTEE

The Secretary:
(1) reported that on November 21st the Complaints Committee had addressed a memorandum to members of the Board setting forth the Committee's observations with regard to the appointment of official representatives of the Club attending shows held under the Club's rules, the memorandum having been accompanied by the Committee's analysis, by geographical zones, of championship shows held or scheduled to be held in 1958;
(2) read a letter from Mr. Anderson who: (i) felt the Committee is to be complimented on their efforts; (ii) felt the suggested per diem allowance to be in order but wondered if in some areas

where travelling distance is considerable and usually involves a stay over, the travelling expense could be considerable; (iii) pointed out that at the present time Field Trial Representatives and Obedience Representatives are not reimbursed for their time or expenses and expressed the thought that this might be overcome by appointing an individual capable of attending all shows and trials in a prescribed geographical zone, (iv) agreed with the Committee's expressed view that such representatives should not be members of the Board but rather appointed by the Board and responsible to the Board; (v) agreed in principle with the plan but felt more thought should be given to details before the plan is adopted.

Mr. MacKendrick pointed out that the views expressed by the Committee in its memorandum to the Board should not be regarded as final and conclusive recommendations, but were advanced for consideration as a basis for discussion, and with a view to prompting members of the Board to express their views.

Mr. Brown stated that it may not be financially possible to provide all the desired number of representatives, but the Board may find it desirable to appoint one or more representatives for certain specific zones with a view to testing the practicability of the plan and its ultimate extension to all areas.

Mr. Monaghan stated that the solution of finding means to reimburse all representatives would be to eliminate the semi-annual meeting of the Board.

Mrs. Smith stated that the appointment of such representatives was a long-needed step and agreed with Mr. Anderson's observations with regard to Field Trial and Obedience Representatives.

Mr. Monaghan suggested that the Committee place before the Board its recommendations with regard to the duties of such representatives when appointed.

It was regularly moved by Mrs. Smith, seconded by Mr. Blyth:

(#537-58) "THAT, the report of this Committee be accepted the Committee be congratulated on its efforts, the Committee solicit replies from other members of the Board, and submit recommendations at the annual meeting of the Board."
FOR THE MOTION: Mr. Blyth Mr. MacCallum, Mrs. Mack, Mr. Monaghan, Mrs. Smith.
ABSTAINED FROM VOTING: Mr. Brown and Mr. MacKendrick (being members of the Committee):
Motion carried.

INTERNAL AND ADMINISTRATION

9 A 22. AMENDMENTS TO LIVE STOCK PEDIGREE ACT

The Secretary:

(1) reported that in accordance with the Board's instructions he had forwarded to the Director of Canadian National Live Stock Records the Board's proposals with regard to desirable amendments to The Live Stock Pedigree Act, and had requested that he obtain the views and recommendations of the other affiliated associations with regard to these proposed revisions of the Act;

(2) reported that the Board's proposals had been discussed, on November 19th, with members of the Record Committee and Director of Canadian National Live Stock Records who had suggested that:

(a) the maximum time allowed for delivery of a certificate be sixty days (many associations provide in their schedule of fees for a lower transfer fee if transfer recorded within sixty days of sale);

(b) provide that the time allowed for delivery of a certificate dates from the date on which the vendor received full (or balance) of payment agreed at time of sale;

(c) before the Director of Canadian National Live Stock Records seeks the views of other affiliated associations it would be advisable to ascertain whether it is legally possible and advisable to revise the Act as proposed by the Board, and if the Department indicates there is no legal objection to the provised revisions, the Director of Canadian National Live Stock Records would then solicit the support of the other affiliated associations.

Mr. Monaghan referred to the question of delivery of certificate upon completion of full payment, and suggested the Secretary refer to the wording appearing in a proposed amendment included in the 1957 referendum ballot.

Following discussion it was agreed that:

(1) the changes suggested in the discussions with members of the Records Committee and Director of Canadian National Live Stock Records were desirable;

(2) we should follow the procedure suggested by the Director of Canadian National Live Stock Records;

(3) the Club's Secretary should accompany the Director of Canadian National Live Stock Records when the Board's representations are presented to the Chief Registration Officer of the Department of Agriculture.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Brown:

(#540-58) "THAT, the Secretary of the Canadian Kennel Club make arrangements to accompany the Director of Canadian National Live Stock Records when he presents our recommendations to the Chief Registration Officer."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

9 A 36. APPOINTMENTS FOR 1959

The Secretary reported that in accordance with the Board's instruction he had written obedience clubs in Ontario holding licensed obedience trials and clubs in Ontario holding training classes for obedience with regard to the appointment of an Ontario Obedience Representative for 1959, and reported on the replies received from the following clubs,: Oakville & District Kennel Club, German Shepherd Dog Club of Western Ontario, Burlington & District Kennel Club, Obedience Association (Ontario), The Hamilton Obedience Club, The Simcoe Kennel and Obedience Club, and The German Shepherd Dog Club of Canada.

It was regularly moved by Mrs. Smith, seconded by Mr. MacKendrick:

(#541-58) "THAT, Mrs. Audrey Langford be and is hereby appointed Obedience Representative for Ontario for the year 1959."
FOR THE MOTION: Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
ABSTAINED FROM VOTING: Mrs. Mack (being from Province of Quebec).
ABSENT (temporarily): Mr. Brown.
Motion carried.

A discussion followed on whether the Board should again appoint an "Ontario Committee of Obedience Representatives". It was agreed that instead of the Board appointing such a committee, the Obedience Representative should be authorized to deputize assistants from time to time as may be considered necessary.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacKendrick:

(#542-58) "THAT, the Obedience Representative for Ontario be and is hereby empowered to deputize assistant Obedience Representatives to act in the Province from time to time as may be considered necessary."
FOR THE MOTION: Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
ABSTAINED FROM VOTING: Mrs. Mack.
ABSENT (temporarily): Mr. Brown.
Motion carried.

The Secretary reported that in accordance with the Board's instruction he had written clubs and associations in Ontario holding licensed field trials under the Club's rules, with regard to the appointment of Field Trial Representatives for 1959, and reported on the replies received from the following clubs and associations: Niagara Peninsula Retriever Training Club, Algoma Retriever Club, Western Ontario Spaniel Club, United Counties Beagle Club, Grand River Beagle Club, Wentworth Beagle Club, Credit Valley Beagle Club, Elgin County Beagle Club, Peterboro Beagle Club, Ottawa Valley Beagle Club, and Thames Valley Beagle Club.

It was regularly moved by Mrs. Smith, seconded by Mr. Blyth:

(#543-58) "THAT, the following be and are hereby appointed Field Trial Representatives for the year 1959:
Retrievers: W. H. Copeland;
Spaniels: Andrew Dunn;
Pointing Breeds: Jack W. Bailey;
American Foxhounds: E. D. Bonnyman;
Beagles (Packs): Emerson Robertson;
Beagles (Braces): John A. Hunt."
FOR THE MOTION: Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
ABSTAINED FROM VOTING: Mrs. Mack (Being from the Province of Quebec).
ABSENT (temporarily): Mr. Brown.
Motion carried.

9 A 41. SALES TAX

The Secretary:

(1) pointed out that the Club is a non-profit organization in that none of the profits realized on its operations are distributed to members but are utilized for the furtherance of the objects of the Club and to ensure the Club's financial ability to continue its operations;

(2) pointed out that on a number of items which it purchases a sales tax is payable;

(3) suggested that an approach be made to the Department of Agriculture with a view to eliminating payment of sales tax on items which it now purchases and for which sales tax is presently payable.

It was regularly moved by Mr. Monaghan, seconded by Mrs. Mack:

(#544-58) "THAT, this item of sales tax be one of the matters to be taken up with Departmental officials when the Secretary is next in Ottawa."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

9 A 30. EMERGENCY FUND

The Secretary reported that a member to whom a loan had been advanced through the Club's emergency fund had failed to fulfil the terms of an agreement to make monthly payments until the loan had been fully repaid.

It was agreed that there may be circumstances, beyond the control of the member in question, preventing his fulfillment of the terms of repayment.

It was regularly moved by Mr. MacKendrick, seconded by Mr. MacCallum:

(#545-58) "THAT, we leave this file until the beginning of the year."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

MEMBERSHIP MATTERS

10 MM 2. APPLICATIONS FOR ASSOCIATE MEMBERSHIP

The Secretary sought confirmation of the approval given applications for associate membership reported to the Board on lists #35 to #47 inclusive.

It was regularly moved by Mr. MacCallum, seconded by Mr. Blyth:

(#546-58) "THAT, we confirm approval given applicants for

associate membership listed on lists #35 to #47 inclusive."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

10 MM 26. MEMBERSHIP CARDS FOR 1959

The Secretary:
(1) reported that arrangements had been made for the issuance of 1959 membership cards commencing on January 1st;
(2) reported that he had written the known 1959 Directors (Mr. Irving, Mr. Anderson, Mr. Dawson, Mrs. Gove, Mrs. Mack) seeking an indication of their wishes with regard to a message accompanying each membership card;
(3) stated that he had proposed a standard letter for all provinces although had stated that, in accordance with policy already established, the individual wishes of each Director would be carried out;
(4) reported that Mr. Dawson had stated that he would go along with a standard letter;

Mrs. Mack stated that as Director for Quebec she too would agree to use of a standard letter.

It was agreed that the Secretary would make use of a standard letter except where any provincial Director desired otherwise.

10 MM 6. MESSAGE TO MEMBERS

The Secretary:
(1) reported that in accordance with the Board's instruction, he had arranged for "A Message to Members" to be incorporated in the December issue of the official magazine, having considerably extended the message to include information which it was hoped would be helpful to members;
(2) pointed out that at a previous meeting the Secretary had been instructed to provide members of the Board with copies of the regulations regarding dogs crossing the border, however in order that each member would have a copy of said regulations for reference purposes he had included a copy in the message;
(3) enquired whether he should now provide the copies to Board members.

It was agreed that:
(1) the Secretary need not provide the copy previously ordered;
(2) a copy of the message to members would be mailed, with 1959 membership cards, copies having been ordered for that purpose.

10 MM 14. ASSOCIATE MEMBERS ELIGIBLE FOR ORDINARY MEMBERSHIP

The Secretary:
(1) reported that he had incorporated in the draft application for ordinary membership the several changes ordered at the semi-annual meeting of the Board and had arranged for the application forms to be printed after several changes had been suggested by the Club's solicitor;
(2) read the draft of a letter he proposed to forward, with application for ordinary membership, to each person or partnership who had been paid-up associate member in the years 1956, 1957 and 1958;
(3) reported that a check of the records had been made to ascertain those eligible to apply for ordinary membership on January 1st, 1959.

The Board approved the draft letter read by the Secretary.

10 MM 27. LETTER FROM MR. & MRS. G. L. BENTON

The Secretary:
(1) read a letter from Mr. & Mrs. Gerald L. Benton, presently residing at Albuquerque, N. M. reporting that they had taken up residence in the United States for business reasons but might return to Canada at any unforeseen time, and seeking clarification of their status as a member of the Club;
(2) reported that Mr. & Mrs. Benton had renewed their ordinary membership in 1957, their last address on the membership records being Box 950, St. Rose, P.Q.;
(3) sought an instruction as to the advice to be given Mr. & Mrs. Benton regarding their status and fees required to maintain their membership.

It was agreed that while Mr. & Mrs. Benton may not be granted membership privileges restricted to ordinary members resident in Canada, it be suggested to them that they remit $11.00 to the Canadian National Live Stock Records ($6.00 renewal for 1958, and $5.00 renewal for 1959) pending clarification of their future intentions with regard to continued residence in the United States or return to Canada.

10 MM 28. ACKNOWLEDGEMENT OF FEES

Mrs. Mack stated that many members are concerned when a considerable time elapses between the date on which they mailed fees and applications to the Records Office and the issuance of membership receipt or certificates, and suggested that arrangements be made with the Records Office for the prompt issuance of an acknowledgement of receipt of fees and applications.

The Secretary was instructed to discuss this suggestion with the Director of Canadian National Live Stock Records.

DOG SHOWS

11 D 1. APPROVAL OF JUDGES

The Secretary:
(1) reporeted that since the last meeting of the Board the Committee on approval of Judges (Chairman: J. W. MacCallum) had decided on a very important change in the plan previously reported to the Board, and this change had been reported to the Board in a memorandum dated November 12th.
(2) reported that the change in question meant that while there had been prepared a list of all persons who had judged at any championship show held under the Club's rules since January 1st, 1954 (the list showing the breed or breeds judged at breed level by each person listed), each person listed is eligible to judge any breed or breeds he or she may have judged at point shows held under the Club's rules prior to January 1, 1954, provided the person listed furnished information on the date and place of the show in order that a quick check could be made of the records; and this change of plan also applied to any person who is not listed but may have judged at a C.K.C. point show prior to January 1, 1954;
(3) read a letter from Mr. Irving who: (a) stated that he had assumed that the Committee's proposals would be presented to the members in the referendum ballot, in order that the members "might have a voice in what you are undertaking to bring about"; (b) stated that while he is in sympathy with some methods of educating judges and making them prove their ability before they are allowed to judge, he did not think apprenticing at three shows is going to educate anyone unless they already have the knowledge; (c) stated that he did not see any provision in the program to require that an applicant have experience in regard to judging, such as having judged at a specified number of sanction shows; (d) stated that he felt there would be great opposition to the plan's provision for an apprentice to handle dogs exhibited in the ring; (e) stated that he did not agree with the plan as it related to American judges, believing that if the Board accepted the recognition of The American Kennel Club for persons who have judged in Canada up to the end of 1958, it should accept every person that may be listed on The American Kennel Club's list of approved judges, or may be added thereto;
(4) reported that in order that show-giving clubs may be aware of the new requirements, information had been forwarded to all show-giving clubs on November 12th.

In the discussion which followed on the views expressed by Mr. Irving:
(1) the President and Mrs. Mack stated their agreement with Mr. Irving's views regarding American judges;
(2) it was pointed out that The American Kennel Club apparently makes no distinction between residents of Canada and residents of the United States when processing applications for approval to judge at shows held under their Rules;
(3) it was pointed out that if the existing basis of approval of judges for point shows continues for another year, there would be many who, noting the new requirements, would seek to qualify themselves as judges without examination (oral or written);
(4) it was pointed out that by now placing the plan into effect it would be possible to decide what changes ought to be made, in the light of experience, in the proposed amendment which has been proposed before said amendment is placed on the 1959 referendum ballot;
(5) it was pointed out that the plan is subject to such changes as the Board, at its annual meeting in February, may order,

Mrs. Smith stated that a member, who had officiated as judge of Best in Show at an all-breed championship show held under the Club's rules, had enquired whether said member was qualified to be listed as a judge of "all-breeds". After discussion it was agreed that a person would be listed for such breed or breeds as he may have judged, at C.K.C. point shows, at the breed level, not on the basis of judging of variety groups and general specials.

The Secretary placed before the Board the report of an examining committee who had examined John E. Burns, Prince's Lodge, Halifax Co., N. S. in connection with his application for approval to judge breeds in Groups 1 and 2, the committee's report indicating that in its opinion Mr. Burn's is qualified to judge the breeds in these groups.

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:
(#547-58) "THAT, Mr. John E. Burns be added to the list of judges as an approved judge of the breeds in Groups 1 and 2."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

The Secretary reported that:
(1) he had received an enquiry as to whether Mrs. Mary Cousins, Bridgeport, Conn. is eligible for approval to judge Boxers at shows held under the Club's rules, Mrs. Cousins having judged the breed at the Canadian National Sportsmen's show held on March 18th-19th, 1955;
(2) while previously listed as a judge of Boxers by The American Kennel Club she was not listed in the current A.K.C. list and therefore an enquiry had been despatched to The American Kennel Club seeking information as to her present status as a judge;
(3) a reply had been received to the effect that under The American Kennel Club's present policies, a person who resides in the household of a licensed handler may only be considered for approval to judge at specialty shows, the same as a handler, and Mrs. Cousins was removed from their list of persons eligible to judge Boxers because her husband became a licensed handler.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:
(#548-58) "THAT, if selected as a judge of Boxers at one of the coming shows to be held by the Canadian National Sportsmen's shows, Mrs. Mary Cousins be approved to judge Boxers."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

The Secretary:
(1) reported that on December 4th an examining committee would proceed with the examination of a person seeking approval as a judge of all breeds in Group 4;
(2) reported that present indications are that there would be other applications which should be processed before the end of December;
(3) enquired whether, in the event an examining committee recommends approval of an applicant as a judge of a given breed or breeds, may he assume that the Board, at its next following meeting, would confirm approval, particularly in the case of applicants awaiting approval in order to accept profferred judging assignments.

It was agreed that the Secretary should proceed on the basis that approval by an examining committee would be confirmed at the next following meeting of the Board.

11 D 37. MEDALS

The Secretary reported that:

(1) the medal offered by The Canadian Kennel Club for the dog, owned by a member of the Club, winning the most Best in Show awards in 1958, had been won by the Kerry Blue Terrier, CH. TAILTEANN'S NO REGRETS (339147), owned by Mrs. M. E. McEachren;

(2) the medal offered by The Canadian Kennel Club for the dog, owned by a member of the Club winning the most Best Canadian-bred in Show awards in 1958, had been won by the Basenji CH. DAINTY DANCER OF GLENAIRLEY (397178), owned by Mrs. Margaret Robertson, Victoria, B.C.

The Secretary placed before the Board information with regard to winnings of dogs in 1957, and sought an instruction with regard to the awarding of medals for that year.

Following discussion the Secretary was instructed to:

(1) provide two medals offered by The Canadian Kennel Club for the dogs, each owned by a member of the Club, winning the most Best in Show awards in 1957 (a tie), the winners to be the Bulldog CH. CARMARTHEN TALISMAN (350471), owned by the Carmarthen Kennels, Tieton, Wash., and the West Highland White Terrier, CH. ROSENEATH WHITE KNIGHT (351944), owned by Mr. & Mrs. T. S. Adams, Unionville, Ont.

(2) arrange for the medal awarded to CH. ROSENEATH WHITE KNIGHT to indicate that this dog is the dog, owned by a member of The Canadian Kennel Club, winning the most Best Canadian-bred in Show awards in 1957.

It was agreed that the Secretary would announce, in the January issue of "Dogs in Canada", the winners of the medals for 1957 and 1958, and would arrange for a press release at the same time as the January issue is published.

11 D 4. DISQUALIFICATIONS

The Secretary read a letter from Mrs. Frances Clark, Vancouver, B. C. who enquired whether a female Shetland Sheepdog, having a number of championship points to her credit, may continue to be entered in competition at point shows held under the Club's rules when, on the advice of a veterinarian, a necessary operation had been performed which included the removal of the uterus.

In discussion the question the Board noted that:

(1) Chapter 17, Section 1, of the Dog Show Rules provided that a dog which is spayed is not eligible to compete at any show;

(2) the rule in question included no provision for an exception where a necessary operation is performed.

The Board agreed that in these circumstances it could not authorize the continued entry of the dog in competition at shows held under the Club's rules.

11 D 26. C.K.C. CERTIFICATES

The Secretary sought a ruling on whether, where the Club offers a certificate for an award if the winning dog is owned by a member of The Canadian Kennel Club, such certificate is to be provided when the winning dog is owned by two or more persons but where only one of the joint owners is a member of the Club.

The Secretary was authorized to provide a certificate in such circumstances.

11 D 40. SPECIALTY SHOWS

The Secretary:

(1) reported that the Canadian National Sportsmen's Shows had enquired whether it would be permitted to hold a group of several specialty shows on Saturday, March 21, 1959, and such enquiry had been given an affirmative reply on these conditions:
  (a) it is entirely without prejudice to any policy the Board may set for the future when it is asked to consider this question at its annual meeting in February;
  (b) judging of each breed is not to proceed beyond the breed level;
  (c) a list of breeds on exhibit is to be prominently placed at the entrance of the show for the information of would-be spectators;

(2) reported that the question had been raised as to whether, in addition to the specialty show for any given breed at this combined specialty show, it would be permissible for a specialty club for the breed to hold its own specialty show.

Following discussion it was agreed that the existing policy be continued as this arrangement had been previously approved, however the entire question should be considered by the Board at its annual meeting in order that a policy for the future may be set.

Mrs. Mack reported that:

(1) there had been formed the Sled Dog Club of Eastern Canada which conducts a race for sled dogs at Ste. Agathe, Quebec, in February;

(2) the Club had asked that she enquire whether approval would be given in the event the Club applied for permission to hold a specialty championship show, in conjunction with the race, for the following breeds: Alaskan Malamutes, Siberian Huskies, and Samoyeds.

In the discussion which followed it was pointed out that the Dog Show Rules require that application for permission to hold a point show must be submitted not less than four months in advance of the proposed show.

It was regularly moved by Mrs. Mack, seconded by Mr. MacKendrick:

(#549-58) "THAT, the Sled Dog Club of Eastern Canada be granted permission to hold a specialty championship show for Siberian Huskies, Alaskan Malamutes, and Samoyeds on Friday, February 6th, 1959."

FOR THE MOTION: Mr. MacCallum, Mrs. Mack, Mr. MacKendrick.

AGAINST THE MOTION: Mr. Brown, Mr. Blyth, Mr. Monaghan, Mrs. Smith.

Motion lost.

12 OB 6. REPORTS OF 1957 STANDING COMMITTEE

Mrs. Mack, Chairman of the 1957 Standing Committee:

(1) pointed out that the Board had left in the hands of the Committee, for final recommendation, several applications dealt with by the Committee on which further action was required before the Committee's final recommendation to the Board could be determined, and all but one of these applications had been finalized;

(2) placed before the Board the following report in connection with the last of the several applications referred to:

"At a meeting of the Standing Committee on Obedience (1957) held at Dorval on Saturday, November 22nd. Following present: Mrs. P. B. Mack (Chairman), Miss Dorothy Budge, Messrs. Frank Mingie and Alan Sharp.

"The apprentice judges books and the reports from the judges on Mrs. Eileen Fraser were reviewed, and while it was noted that there was a considerable difference in several instances on the scores from Mrs. Fraser and the presiding judge, it was felt that Mrs. Fraser had now gained sufficient experience to judge the Open and Utility classes.

"We therefore take pleasure in recommending to the Board of Directors the approval of Mrs. Eileen Fraser to judge all classes at licensed Obedience Trials held under C. K. C. rules, and wish her good luck with her future assignments."

Respectfully submitted,
Pamela B Mack,
Chairman,
Standing Committee for Obedience (1957).

It was regularly moved by Mr. Brown, seconded by Mrs. Smith:

(#550-58) "THAT, we adopt the Committee's report and recommendation."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

12 OB 8. REPORTS OF OBEDIENCE COUNCIL

Mrs. Smith stated that before presenting a report on behalf of the Chairman's Standing Committee of the Obedience Council, she wished guidance from the Board in connection with a letter received from Mr. Irving with regard to the application of Mrs. Irene M. Bourassa for approval as a judge of obedience trials. Mrs. Smith read a letter from Mr. Irving dated November 25th.

Following discussion it was agreed that:

(1) it is the responsibility of the Examining Committee before whom Mrs. Bourassa took a written examination, to examine Mrs. Bourassa's paper and determine whether she had passed the examination according to the minimum requirements previously set by the Board;

(2) only if the Examining Committee is satisfied that Mrs. Bourassa passed the examination may she then proceed to apprentice;

(3) an Examining Committee should, when assessing an examination paper, make the comparison with the correct answers furnished, and such assessment should not be determined in any way by any explanations the applicant may furnish with regard to her answers, for it is not necessary for the applicant to be present when the examination paper is marked by the Committee.

Mrs. Smith placed the following report, dated December 1st, before the Board:

"The Chairman's Standing Committee have had several meetings since our last report was submitted and from these meetings have the following recommendations to offer:

(1) In reply to a request to consider and recommend a solution to the question 'Does the rule found in the Dog Show Rules, that states 'A dog MUST participate in all classes in which it is eligible to be shown if it is present at a show' apply to a dog entered in both conformation and obedience?

THE COMMITTEE RECOMMENDS: That, tho this is the policy in the United States, we feel that such a rule should not be enforced in Canada. That, an Obedience Trial held in conjunction with a Breed Show is NOT an additional class, tho it is left to the discretion of the show giving Club to charge either a full entry fee or an additional class entry fee for a dog entered in both. Therefor a dog, that through some unforseen fact, is unable to compete in the Obedience it may still compete in the breed ring.

(2) In reply to the letter from the Ontario Representative re the Judging of Mr. Fred Tremain at the Kawartha Kennel Club Trial on Sept. 20th: The Committee recommends that Mr. Tremain be sent a letter drawing his attention to the fact that an adverse report had been sent in on his judging and had that two of these will require him to take the examination etc. Also suggest that he check up on his 'Regulations and Standards' where he will find that dogs run out of the ring are severely penalized as are dogs that are continuously lagging. That there is no provision made for the command 'finish' before Exercise finished'. A sample letter is enclosed.

(3) On the protest submitted by Mr. Reg Scott re the judging at London on October 4th. Tho the Committee, upon investigation, finds that this protest is quite correct and in order, a judges decision cannot be altered and therefor the protest cannot be upheld. But we recommend that Mr. Scotts protest fee be returned. Our recommendation re the Judge appears further on in this report.

(4) In reply to a letter from Mrs. Casgrain re Mrs. Waldron: The committee recommends that Mrs. Casgrain be informed that 'as Mrs. Waldron is actively participating in a training class she must enter in the B classes. Also point out to Mrs. Casgrain that this is the first time the Committee has had her request and inquiry for its consideration.

(5) It is with great pleasure that the Committee recommends the approval of Mr. Ian E. Hall, Cloverdale B. C. as a Tracking Judge.

(6) In reviewing the file on the Tracking Test held by the Vancouver Dog Obedience Training Club on August 31st, 1958. The Committee recommends that dog #2 befailed and that dog #5 be passed. Both Judges have agreed on this Blanche Saunders be asked when she made the notations on her charts and with whom she had discussed these notations. Also ask Miss Saunders to submit to us her opinions as to how a tracking test can be made 'adequate'.
(7) Mr. Ian Hall has asked if a Judge of a Tracking Test may judge a dog that he has trained. The Committee feels that the Obedience rules applying to Obedience Trials also applies to Tracking and therefor it would be contrary to the rules. But that Tracking is so new and there are so few judges available, we recommend that, again we make an exception and allow a Judge to judge a dog he has trained until January 1st, 1960. The Committee also recommends that the Board appoint a Committee of experienced Tracking people to review and amend the present regulations in regarding Tracking tests. We would further recommend that Mr. Ian Hall be appointed a Chairman with power to add, of that Committee.
(8) In reply to Mr. D. B. Hudson's letter re Reports of Obedience Council, the Committee feels that had we carried out our procedure has first set out by the Committee, things would have worked very well. But to do this the Committee must NOT be requested to submit a recommendation on short notice, as has occured many times during the past year. A further recommendation will come from the Committee in this regard in its final report.
(9) Reports were received from the Obedience Representatives on Trials held in Quebec, Maritimes, Ontario & Alberta.
The Committee will send letters of congratulations to:
The Simcoe Kennel & Obedience Club,
Kawartha Kennel Club,
Obedience Association (Ontario Branch),
German Shepherd Dog Club of Canada,
Oakville & District Kennel Club,
Edmonton Kennel Club,
Moncton Kennel Club,
All Pets Assoc.
Montreal Dog Obedience Club.

Due to the very poor report submitted for the London Canine Club the Committee recommends that, as this type of a report has occured now for several years, and that tho they have been given every opportunity to improve the situation, they have not done so. Therefor they should not be approved to hold another Trial until they can present some proof that conditions will be improved.
(10) (NOTE: The Committee then recommended that, in the light of various reports, protests and investigation on the judging of a certain judge, he not be approved to judge again until he takes and passes the written examination now in effect.)
(11) Regarding the 'Long Down' interpretation:
The Committee would like to apologize to our President for the consternation this has caused her. For we realize that all letters going to her were of an adverse nature due to the fact that an article had appeared asking people to vote against the proposal and giving her address with the instructions to mark the letters 'personal'. Thereby she only saw one side of the picture which caused no small amount of worry and concern. We are sorry for this, Mrs. McEachren, and we hope this matter will now be cleared ONCE AND FOR ALL.
Due to the fact that we have been requested, both by letters and in printed articles to reconsider this question the Committee has done so in the following manner; and the following result:
Obedience Representatives were again asked to cast their votes and to consult all Clubs, participating in Obedience, in their area as well as all approved judges in their vicinity. Out of the eight, five replied. No replies were received from the Representatives of B. C. Mainland, Saskatchewan & Manitoba.
One hundred letters were sent to exhibitors in the States who have exhibited dogs in Canadian Trials.
Twenty American Judges were asked for their opinions.
All of these 120 letters did not state any pros or cons but simply asked the question 'do you agree, or disagree, that this proposed interpretation will lend a hardship on American exhibitors or judges, participating in Canadian Trials'.
The Committee have CAREFULLY tabulated the results from the reports and letters listed above, as well as many letters and petitions that have been sent to the President, Secretary and Obedience Chairman, with the following result.
NOTE: in favour means in favor of continuing the interpretation as published. Against means leaving it as it is at present.

	For	Against
Canadian Clubs, who have participated in Obedience.....	28	11
Canadian exhibitors in Obedience, thru letters and petitions	250	176
Canadian approvedjudges	15	8
Obedience Representatives	3	2
American Exhibitors	45	20
American Judges, who have judged Trials in Canada	15	5
Total	346	222

The Committee would like to point out that many names appearing on the petitions are either shown or are known to be people in training at the various training classes. Tho, as stated, some are marked and known as such, the Committee felt that they must be counted, for possibly there are many more not known to the Committee and not shown as such.
As the main point raised against the proposal has been stated as a hardship to American exhibitors, it was rather surprising to note that the ratio of 2-1 of the exhibitors and 3-1 of the judges are in favor. Many of the letters in favor state that the writer hopes the C. K. C. will enforce this interpretation and that the A.K.C. will follow our example in short order. Others, whose votes have been counted, as against, have said they agree in principle but hope we will wait until the A.K.C. makes the change.
After taking all these points, and many others, into consideration the Committee recommends that the Board approve and impliment the interpretation, as published in the September issue of Dogs in Canada.
The Committee has prepared an article which they submit and ask the board to approve of this being published in the January issue of Dogs in Canada. Not in the Club affairs section, but in the main section of the magazine. So all readers, members and non-members, will be acquainted with the pros and cons and the decision reached.
The Committee further recommends that the same policy be followed with this interpretation as is followed in many cases in Breed Judging, where our rules or interpretations differ from those of the American Kennel Club.

For the benefit of the Board members not too familiar with Obedience here are some of the facts which coupled with the outcome of the majority vote has decided us on the recommendation as outlined:

The A. K. C. in their letter state; '---we have recognized for some time that the Regulations required clarification on this point". and in the third paragraph "When we rewrote Chapter 2, section 9, in 1950, we thought the use of the phrase "the handlers shall sit their dogs" instead of the usual phrase "the handlers shall give the command and/or signal to sit" (it is section 10 that deals with the long down and states that it shall be conducted the same as the long sit, hence the reference to shall sit their dogs instead of down your dogs) was all that was necessary to make our intentions clear, and I believe that almost ALL of our more experienced judges, so understood it. However we do admit that Chapter 2, Section 4, which refers to "in all parts of all exercises" does confuse the situation, and we do know that quite a number of judges who have carefully studied their book have interpreted the requirements in accordance with your interpretation.
The Regulations state in Chapter 2, section 4, "In all parts of all exercises -----etc---etc--- the signals shall be inaudible and the handler must not touch the dog".
Further in this same Chapter, in section 10, It states "----on orders from the Judge the handlers will down their dogs". Combining these two sections you can well see why we have made the recommendation to have this enforced.
Several of the letters and articles from the pen of those voicing their objections have stated that "the principal part of this exercise is the stay and therefore no penalty should be given before the command "leave your dogs" then why penalize other exercises in parts that are not the principal part of the exercise. Such as in the Recall it states "The principle features of this exercise are the prompt response to the handler's command or signal to come, and the "stay" until the handler calls the dog", and yet we know of no judge that does not inflict a penalty, and in fact the rules state, a minor penalty for poor sits or finishes, and a substantial deduction will be made for failure to sit or finish.
Some of the letters have stated that it is impossible for a Judge to watch how all fifteen dogs go down, yet these same people expect a Judge to watch for a dog getting up on the handlers return.
Some of the letters, in favor, state that it is unfair to ask a dog that DOES go down on command or signal to wait for some few seconds while the Judge is waiting for another handler to wrestle his dog down.
Some have wondered why we only refer to the "long down" and do not include the "Long Sit". This is because the first order given in the "Long Sit" is "Sit your dogs" and as most handlers have trained the dogs to do this without handling, we have never been required to give an opinion on this. Tho the Committee would be quite willing to have this included, and in fact would like to recommend that it be included. But time has not permitted a survey.
The Committee would also like to point out that at no time was there ever a suggestion that the penalty for a dog not going down on command or signal would be a failure. We quite realize that the only time a failure is given on any one exercise is when the dog has failed that particular part which is deemed the principal feature. The deductions would be minor or substantial, as in other exercises, depending on the amount of the handling. Therefore the hardship referred to so often, should an exhibitor not be aware of the interpretation would be practically nil. But it would allow a dog that does go down the possibility of getting a higher score that the one that is forcibly downed. Several of the Committee has received complaints, during this past summer, from an exhibitor because the dog getting the award for highest score was forcibly downed, when another dog lost out by only 1 1/2 points and went down on command.

The Committee is sorry this report on this one subject is so very long. But, as it has developed into such a contentious subject we wished you to have as true a picture of the facts as possible.
(12) In reply to a letter from the Secretary asking for the reports of the Obedience Representatives, I have received one from: Mr. Little, Maritimes, Miss Budge, Quebec, Miss Meyers, Ontario, Mrs. Heuchert, Saskatchewan. Still to be heard from is Mrs. Gove, Manitoba, Mr. Frost, Alberta and Mr. Irving and Mr. Hudson, British Columbia.

This report is respectfully submitted."

The Board proceeded to consider the report, section by section.

SECTION #1: Mrs. Smith explained that at an earlier meeting of the Board Mrs. Mack had enquired whether the awards earned by a dog at a championship show would be cancelled if, for any reason, a dog did not or could not compete in an obedience trial, at which it had been entered, when such obedience trial is being held, by the same club and

on the same date, in conjunction with a championship show.

The recommendation of the Committee was approved.

SECTION #2: The Committee's recommendation was approved.

SECTION #3: The Committee's opinion, regarding the protest, was approved.

SECTION #4: The Committee's recommendation was approved.

SECTION #5: The Committee's recommendation was approved.

SECTION #6: Following a discussion of the correspondence on this subject the Committee's recommendations were approved.

SECTION #7: Following discussion it was agreed that the exception recommended in the third sentence of this section is not consistent with the provisions of Chapter 1, Section 7, Subsection 8 of the Obedience Trial Regulations and Standards, and therefore this recommendation could not be approved. The Board approved the Committee's recommendations with regard to appointment of a committee to review the present regulations regarding tracking tests on the understanding that the committee's report and recommendations would be placed before the Board and any recommended changes would have to be processed in the form of proposed amendments on a referendum ballot. The Committee's recommendation with regard to appointment of Chairman and personnel of the committee was approved.

SECTION #8: Mrs. Smith reported that:

(1) when the Chairman's Standing Committee was originally appointed it was intended that before any recommendation was placed before the Board the following procedure would apply:
   (a) the question or problem would be thoroughly reviewed by the Chairman's Standing Committee who would then address a memorandum to all members of the Council seeking the views and recommendations of each member of the Council;
   (b) the Committee would then consider all views and recommendations received from members of the Council and would endeavour to formulate, for the Board's consideration, a recommendation based upon what appeared to be the majority opinion of members of the Council who responded to the memorandum from the Committee;
   (c) it was expected that this procedure would involve a time lapse of about three months before a final recommendation would be placed before the Board;

(2) so often, as Chairman of the Council, she was faced with requests for prompt recommendations on various questions relating to obedience in situations which required early attention, and in these circumstances found it necessary to rely on the judgment of the Chairman's Standing Committee.

Mrs. Mack stated that during several years as Chairman of the Standing Committee on Obedience, she too was repeatedly faced with requests for prompt recommendations or decisions.

SECTION #9: Action on this section was not considered necessary.

SECTION #10: The Committee's recommendation was approved.

SECTION #11: Mrs. Smith stated that in view of developments on this question, and with a view to assisting the Board to determine whether the question should be reviewed, steps had been taken to secure an indication of present feeling of those directly concerned.

Mrs. Mack enquired whether the Chairman of the Council had received any views from members of the Board.

Mrs. Smith reported that:

(1) she had received a letter from Mr. Williams who was of the opinion the matter should be left over to the annual meeting of the Board;

(2) since arriving at the meeting she had received letters from Mr. Irving and Mrs. Mack.

Mr. Brown stated that he had written direct to the Chairman of the Ontario Committee of Obedience Representatives suggesting that the matter be held over to the annual meeting of the Board.

Mrs. Mack read a letter addressed to her by Mr. Laskey who stated that since the semi-annual meeting of the Board he had become "better informed" on the question, and hoped that steps would be taken to "correct our hasty decision of last summer".

Mr. MacKendrick stated that:

(1) he had voted in favour of the interpretation approved at the semi-annual meeting on the basis of the 7 to 1 vote reported at that meeting, however the statistics in the report now before the Board provided a better understanding of the national view on the question, and did not reflect the same overwhelming approval indicated in the report considered by the Board at its semi-annual meeting;

(2) he is in favour of the matter being reconsidered by the Board at its annual meeting in February.

Mrs. Mack stated that:

(1) the many objections submitted in connection with the interpretation were not based so much on the procedure followed in adopting the interpretation, but rather on the conviction that officiating judges would not be in a position to properly implement the interpretation;

(2) with few licensed obedience trials to be held before the annual meeting of the Board, implementation should not take place until the matter is reconsidered by the Board at its annual meeting.

Mr. Brown stated that:

(1) the interpretation adopted by the Board at its semi-annual meeting in June was based on the information then furnished the Board;

(2) the matter is a national question and while it would be extremely unlikely that an interpretation satisfactory to all could be found, nonetheless an effort should be made to satisfy as many obedience fanciers as possible;

(3) the proper course is for notice to be given that the matter be reconsidered at the annual meeting of the Board.

Mr. Monaghan stated that:

(1) the matter had been referred to in a report submitted to the Board by the Chairman of the 1957 Obedience Council but had not been finalized at the time;

(2) the question had been taken up by the 1958 Obedience Council and the recommendation of the Council was adopted by the Board at its semk-annual meeting in June;

(3) in view of the Board's decision in June, there was no power in the Council to review the matter unless asked to do so by the Board;

(4) in his opinion there was nothing in the report now before the Board which would justify the Board, at this meeting, interfering with the decision of the national Board reached at its semi-annual meeting;

(5) he was not in favour of delaying implementation of the interpretation approved by the national Board;

(6) there is nothing in the Club's Rules of Order providing for a "motion" to reconsider.

Mrs. Smith stated that:

(1) notice had been published in "Dogs in Canada" and a number of dog magazines in the United States that the interpretation would be effective on January 1, 1959;

(2) it never was the intention, when the interpretation was adopted, that a dog which failed to 'down' on command would be failed on the exercised, rather the dog would be penalized at the judge's discretion.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Mack:

(#551-58) "THAT, resolution #345-58 be reconsidered at the annual meeting of the Board."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mrs. Mack, Mr. MacKendrick.

AGAINST THE MOTION: Mr. MacCallum, Mrs. Smith.

ABSTAINED FROM VOTING: Mr. Monaghan (on the grounds that such action should be in the form of a notice of motion).

Motion carried.

The Secretary enquired whether, in response to any question he may be asked, resolution #345-58 is still in effect.

Mrs. Mack stated that the resolution is not in effect.

Mrs. Smith stated that the resolution was adopted at the semi-annual meeting of the Board, and it is in effect until such time as it is reconsidered and rescinded.

Mr. Monaghan stated that resolution #551-58 does not suspend implementation of resolution #345-58.

Mr. Brown stated that until the matter is dealt with by the Board at its coming annual meeting, the Secretary is bound to consider resolution #345-58 as being in effect.

SECTION #12: Action on this section was not considered necessary.

It was regularly moved by Mr. Monaghan, seconded by Mr. MacCallum:

(#552-58) "THAT, the recommendations set forth in Sections #1, #2, #3, #4, #5, #6, #7 (as amended), #8, and #10 be adopted and implemented."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

Mrs. Smith placed before the Board the draft of a message which she proposed be placed in the January issue of the official magazine, stating that only one side of the question on the 'Long Down' situation has been dealt with editorially in the magazine.

After discussion it was regularly moved by Mr. Monaghan, seconded by Mr. Blyth:

(#553-58) "THAT, the message from the Obedience Council Chairman be published in the January issue."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mr. Monaghan, Mrs. Smith.

AGAINST THE MOTION: Mrs. Mack, Mr. MacKendrick.

Motion carried.

The Secretary read a letter from Mr. Malen O. Wilkins appealing the Board's decision (resolution #490-58) and stating that he should have an explanation why his judging was faulted.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Mack:

(#554-58) "THAT, the appeal be not sustained."

FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.

Motion carried.

Mrs. Mack requested a transcript of the discussion on all obedience matters at this meeting. The President polled Board members present and on majority vote it was decided that a transcript would not be made.

12 OB 15. APPROVAL OF JUDGES

The Secretary:

(1) reviewed the present standing resolution setting forth the number of trials in Ontario which must elapse between consecutive engagements for the same judge of obedience classes;

(2) reported that a particular judge of obedience had officiated at the trial held at Wallaceburg, Ont. on October 11th, and had been selected to judge at Toronto on March 17th;

(3) stated that it was not yet clear there the required number of trials would be held between these engagements;

(4) pointed to the time lapse between the events referred to in (2) above and sought a ruling on whether approval should be given the application received in connection with the trial to be held on March 17th, 1959.

After discussion it was agreed that the matter be left to the discretion of the Secretary.

FIELD TRIALS

13 FT 28. FIELD TRIALS FOR RETRIEVING BREEDS

The Secretary reported that:

(1) in accordance with the Board's instruction he had forwarded to all members of the Board and to all Retriever Field Trial Representatives the material placed before the Board by Mr. Robert L. Blyth, Chairman of the Field Trial Council, the material intending to clarify the "Standard Procedure for Non-Slip Retriever Trials";

(2) reported that replies had been received from the following Retriever Field Trial Representatives:

Richard S. S. Grier, Ste. Genevieve, P.Q.
Frank Cockrall, Edmonton, Alta.
Wm. H. Copeland, Grimsby, Ont.
Dr. E. H. Sproston, Vancouver, B.C.

(3) reported that Mr. Irving had reported that the National Retriever Club of Canada was consulting its member clubs on the material, and suggested that no decision be reached by the Board until the National Retriever Club's recommendations could be submitted for the Board's consideration.

After discussion the Secretary was instructed to:
(1) forward to all members of the Board and all Retriever Field Trial Representatives a copy of the views received in response to the original letter seeking their views;
(2) place the matter on the agenda of the annual meeting of the Board.

13 FT 30. APPOINTMENT OF FIELD TRIAL COUNCILS

The Secretary reported that:
(1) in accordance with the Board's instructions he had written all Field Trial Representatives and all clubs and associations holding licensed field trials under the Club's rules with regard to the proposal that a field trial council be appointed for each distrinct type of field trial activity;
(2) reported that for the most part the replies received favoured the proposal in principle but many offered suggestions, replies having been received from the following Field Trial Representatives:
Dr. E. H. Sproston, Vancouver, B.C.
Harry Dean, Dalmeny, Sask.
Joe F. Tiede, London, Ont.
Richard S. S. Grier, Ste. Genevieve, P.Q.
Wm. H. Copeland, Grimsby, Ont.
and the following field trial clubs:
The Elgin County Beagle Club
Niagara Peninsula Retriever Training Club
Richmond Lions Retriever Club
Western Ontario Spaniel Club
The Western Ontario Foxhunters' Association
The Ottawa Valley Beagle Club
United Counties Beagle Club
English Springer Spaniel Club of Canada
Central Ontario Beagle Club
Credit Valley Beagle Club
Peterboro Beagle Club
Thames Valley Beagle Club
Calgary Retriever Club;
(3) reported that Mr. Irving had pointed out that the current referendum ballot includes a proposal amendment with regard to Field Trial Representatives and field trial councils and had suggested that no further action on this proposal be taken until the result of the vote on this proposed amendment is known to the Board.

After discussion the Secretary was instructed to:
(1) provide the Chairman of the Field Trial Council with a copy of all replies received;
(2) provide all members of the Board with a copy of all replies received;
(3) place the matter on the agenda of the annual meeting of the Board.

13 FT 9. MEASURERS FOR BEAGLES

The Secretary:
(1) pointed out that the Field Trial Rules for Beagles provides that when a Beagle earns championship points in two height divisions it may not be declared a field trial champion until it has been officially measured;
(2) sought authority to ask the nearest Field Trial Representative for Beagles to name a special measuring committee where a Beagle must be measured.

It was agreed that the Secretary be authorized to request the nearest Field Trial Representative for Beagles to name a special measuring committee as and when required.

13 FT 31. PRIZES FOR FIELD TRIALS

The Secretary read a letter from Mr. Frank Cockrall, Edmonton, Alta. stating that Mr. Munro Coleman would like to put up a Derby Trophy, for annual competition, for the high point derby dog in Canada, points to be awarded on the same plan as the A. K. C." and asking that the matter be placed before this meeting of the Board.

After discussion the Secretary was instructed to:
(1) obtain from Mr. Cockrall the conditions which would apply to the proposed offering;
(2) secure the views of Field Trial Representatives on prizes of this nature;
(3) place the matter on the agenda of the annual meeting of the Board.

GOOD AND WELFARE

14 G 3. PROMOTION

Mr. MacKendrick, Chairman of the Committee on Promotion, reported that:
(1) arrangements had been made with the Quaker Oats Co. to sponsor a dinner, to be held immediately preceding the Canadian National Sportsmen's Shows, at which awards would be made to top-ranking show dogs;
(2) these top-ranking dogs would be selected on the basis of zones, and it had been suggested that there be a dog selected from each of the following zones:
West, Mid-West, Ontario and Quebec, East; the dog to be owned by a resident of the zone, and it had been suggested that the selections be from dogs owned and exhibited by members of The Canadian Kennel Club;
(3) a publisher is deeply interested in the Committee's proposal concerning publication of a book setting forth breed standards recognized by The Canadian Kennel Club, and the Committee is pursuing this project and would report again to the Board;
(4) the Committee is looking into the possibility of arranging for the National Film Board to stock films on dogs, in the hope that such an arrangement would make such films available at small cost to clubs wishing to rent them.

The President read a statement appearing in a recent issue of "Popular Dogs" with regard to a film library set up by Gaines Research, the library believed to be the largest anywhere on dogs, and these films are available to clubs at no cost except transportation costs.

Mr. MacKendrick placed before the Board the draft of a proposed announcement setting forth, in the form of a balance sheet, the "assets" and "liabilities" in the way of membership in The Canadian Kennel Club, and suggested that this be published in "Dogs in Canada", the Club to pay for this form of publicity.

It was regularly moved by Mr. Brown, seconded by Mr. Monaghan:
(#555-58) "THAT, the report of the Chairman be received, and his recommendation be put into effect."
FOR THE MOTION: Mr. Brown, Mr. Blyth, Mr. MacCallum, Mrs. Mack, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

Mrs. Mack reported that since the last meeting of the Board she had arranged to pick up at the Westminster Kennel Club show the color film which, while dealing with Welsh Corgis, would have parts that would be interesting and informative to fanciers in other breeds.

It was agreed that the Secretary would make arrangements for this film to be shown during the Annual General Meeting in February, and would place an announcement in the official magazine.

-----Mr. Blyth and Mrs. Mack left the meeting at this time.

14 G 4. AFFILIATION OF CLUBS

Mrs. Smith, Chairman of the committee appointed by the Board at its semi-annual meeting, placed the following report before the Board:

"At the semi-annual meeting in June I was appointed as Chairman of this Committee and given the power to add to the committee. Therefore I would like to make the following progress report.

Appointed to this Committee are: Mrs. Ruth C. Copeland, Grimsby, Mrs. Doris Dafoe, Burlington, and Mrs. Audrey Langford, Hannon.

Letters have been sent to all Ontario Clubs, including All-breed, Specialty, Obedience and Field Trial. They have been requested to reply by January 1st. After which our final report and recommendations will be presented.

Up to the present time letters agreeing with the proposal in principle and offering some amendments have been received from:
The United Counties Beagle Club,
The Lakehead Kennel Club,
The Honorable Company of Bullmastiff Fanciers in Canada,
The Niagara Peninsula Retriever Training Club,
The German Shepherd Dog Club of Western Ontario,
The Oakville & District Kennel Club,
The Golden Retriever Club of Canada.

Against the proposal is the Progressive Kennel Club.

A letter has been received from the Secretary of the Regina Kennel Club, asking how they may participate. A reply was forwarded that "the Board has decreed that it only apply to Ontario Clubs".

Since first submitting this proposal, to my knowledge there has been six more new Clubs formed in Ontario, bringing the total known to 96.

The Committee would welcome any suggestions etc from any member of the Board, both in Ontario and elsewhere by January 10, 1959.

This report respectfully submitted."
Mrs. N. T. Smith.

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:
(#556-58) "THAT, the report be received as progress."
FOR THE MOTION: Mr. Brown, Mr. MacCallum, Mr. MacKendrick, Mr. Monaghan, Mrs. Smith.
Motion carried.

14 G 13. SHEEP AND CATTLE DOGS

The Secretary:
(1) reported that he had noted recently, in a Department of Agriculture press release, that the Government had appointed a special committee to take a close look at the nation's sheep industry;
(2) stated that the Board might feel that the Club could take steps to encourage the purchase (through importation if necessary), breeding, training, and marketing of pure-bred dogs especially suitable for work in connection with cattle and sheep.

Mr. Monaghan suggested that the Secretary, when next in Ottawa, arrange to discuss the matter with Mr. Moore, National Director of 4-H Clubs in Canada.

----- Mr. MacKendrick left the meeting at this time.

FOR THE MOTION: Mr. Brown, Mr. MacCalium, Mr. Monaghan, Mrs. Smith.
Motion carried.

SAYS MAN MIRRORS DOG

A British doctor has expressed the opinion that a dog owner tends to become like his dog, rather than the dog taking on characteristics of the master, as is frequently opined. He states:

"The character of dogs, unlike humans, runs surprisingly true to breed, and it is most interesting to watch a dog owner attune his or her character to that of a dog because the dog's character cannot be influenced to any extent by the owner. Thus owners tend to grow like their dogs rather than the other way round."

This is a somewhat startling theory, but on second thought, there are certain characteristics in dogs which would well be assimilated by man!

CLUB NOTES

Important: Club Notes are for the purpose of reporting activities and plans of Breed, Group and other specialty organizations. There are certain news items which cannot be considered as "club notes", but rather as advertising material. Names of judges may be used only if the club's show advertisement appears in ***Dogs in Canada.***

Wins of dogs which will be or have been reported in The Canadian ***Kennel Club "Show and Trial Results" cannot appear in these columns.*** *However, certain unusual items, such as three or more puppies from one litter becoming champions, do constitute news.*

Make your club notes meaty and interesting. Remember 300 words is the limit.

Our regular monthly meeting was held on January 8 at the home of Mr. and Mrs. Caplan. Owing to illness two of our previous members were missing, Mrs. Sullivan and Mrs. MacDonald. We all hope that they will soon be well again.

Mr. W. J. MacCallum and Mr. Kenneth Hurst were elected auditors for this year.

Confirmation has been received from the judges and their groups assigned for the show. It was decided to make the closing date for entries May 16.

After much discussion it was decided to change our meeting night from the first Thursday in the month to the first Friday in the month. It was thought that the great majority of our members would benefit from this decision. The creases were ironed out of a couple of other jobs and the meeting was then adjourned. A very beautiful luncheon was served by our hostess for the evening.

Next meeting on February 6 at Mrs. Jenkins, Oakridges.

B.C. Notes
by Mrs. Elsie Murray

The ending of the year found clubs busy with their social affairs. The Toy Dog Club held their annual dinner at The Golden Dragon. Members and friends had an enjoyable time.

The Greater Vancouver Club spent a wonderful night at West Vancouver for their dinner, members and friends sitting around talking of the year's work and plans for the future.

The Western Canada Boxer Club held a dinner and dance as well as presenting the awards of the year. The Ways and Means Committee of this club went to a lot of work to make this affair a real standout in every way.

Mrs. H. J. Bishop's Ch. Kargotors Ember Glow of Blaze, took the Conformation Trophy, scoring more points than any other Boxer. Mr. Ken Dobbyn's Nero's Fortune won the Obedience Trophy for highest amount of points. Owners and dogs are to be congratulated for their year's work. Trophys and specially decorated cake on a table all decked out with Boxer Heads was much admired by all present.

December 15 say The Boxer Club hold their first graduation for Obedience. This again was a social night. The cake was cut and prizes given out for the scoring dogs.

Mr. R. Rankine and Mrs. Dolly Wall were the Judges. Highest Scoring Dog in Trial went to a 7-month old puppy. Puppies were judged separately from the older dogs, bearing out the wisdom of taking Boxers or any large breed at a younger age. The club has felt this was the answer to a lot of problems and it has proved its worth in this breed.

The Canadian Samoyed Club

by Wally Freeman
Oro Station, Ont.

Great things have been planned for the coming year by your club executive. The first of these will be the Booster Show to be held in conjunction with the Canadian National Sportsmen's Show on Saturday, March 21. We are making every effort to ensure the largest entry of Samoyeds at any show in Canada and this will require the concerted effort of all members. This is a most excellent show in which to promote the breed because of its high spectator attendance. Special bench decorating is planned and a wonderful trophy list is ensured so plan your entries now. If you do not receive a premium list, write to the club's Show Secretary, Mrs. G. R. MacDonald, Box 313, Oak Ridges P.O., Ont.

For the sledding enthusiasts, an International two-day racing meet will be held at Barrie this year, February 14, 15. While this is not restricted to Samoyeds there will be a number of Sam teams competing. This is the first time anything like this has been staged anywhere near this area and it will provide a wonderful opportunity to see the top teams in the Eastern U.S. and Canada competing. There will be two races each day, one of ten miles and one of 20.

The membership of CSC continues to grow and is now truly international in flavour, with members from Canada, United States, Australia, New Zealand and England. To the owner of a registered Sam or a Sammy friend anywhere, we say a most cordial invitation is extended to join our group. Application forms may be secured from the Club secretary, Mrs. Wm. McHugh, 476 Montrave Ave., Oshawa, Ont.

again after quite a long siege of illness and a broken leg. But we also received the bad news of Mrs. Lily Turner (our Honorary member) being in hospital again. We all sincerely hope you have a speedy recovery Lily.

One of the main items on the agenda was a lengthy discussion pertaining to our first Futurity, with prospects of several more brood females being in line for nominations. Get them in now folks, time is flitting away. Contact Futurity Chairman, Mrs. N. T. Smith, 267 Pine Cove Rd., Burlington, Ont. The Futurity is open to all Standard Smooths and we feel extremely lucky in having Mr. Geo. Spradling, Kansas, U.S.A. (a long time breeder of Standard Smooth Dachsies) engaged to do the judging on September 26 next, with our 4th Specialty on the same day.

Mrs. Sharen was appointed trophy Convener and is already receiving pledges in the way of some very nice trophies. Mrs. Sharen's address is P.O. Box 215, Sarnia.

With this month's issue of *Dogs in Canada* featuring the Dachshund and according to information received at our meeting I am anxiously waiting to read some very interesting articles and do hope they arrive in time for press.

Dr. Bridgman gave us a very interesting and educational talk on properly balanced vitamin diets for brood females, before and after mating time.

The meeting was adjourned about 5 p.m. after which we all enjoyed a very lovely buffet luncheon, served by our hostess. Then a grand old chit chat, before taking to the road back home.

The regular monthly meeting of December 5 went off well with a good attendance, and we welcomed in three new members: Mr. W. Judge, Bridgenorth, Ont., Collies; Mrs. M. Revell, North Bay, Ont., Collies and Mr. Wellwood Jr., Oldcastle, Ont., Collies and Shelties.

We were very fortunate in having Mr. Collicutt and Dr. Herron from the Dept. of Agriculture give us a very interesting and helpful talk on rabies. Pamphlets were passed out among our members and pamphlets will be attached to this month's bulletin for those of you that could not attend the meeting.

Mr. N. McGillivray was given the job of Trophy Chairman and his assistants are Mrs. A Smuck and Mrs. Betty Drewe.

On behalf of the club I would like to wish everyone a Very Happy New Year.

INVITATION TO DOG WRITERS' DINNER

The Dog Writers' Association of America, international group of professional reporters on the subject of purebred dogs, holds its inaugural Awards Dinner at the Hotel Statler, New York City on February 8, the eve of Westminster. While purpose of the banquet is to encourage fledglings and professionals to work harder and better in their future endeavours for dogs, fun and celebration will form a big part of the evening. The Dog Writers welcome intimates and strangers of the dog world to the dinner. Price of dinner, music, wine on the table, and helping to honour those who love and write about dogs is $10 per person. Reservations may be made by contacting The Dog Writers' Dinner Committee, P.O. Box 231, East Orange, N.J.

"WUNDERBAR" DACHSHUNDS

Proudly present for your consideration, two of the finest bred studs that the United States has to offer.

BENCELIA'S WHIRLAWAY

Brilliant red son of Am. Ch. Bencelia's Native Dancer. "Dancer" is a son of Int. Ch. Kim of Lildon who is sired by the immortal AM. CH. HARDWAY WELCOME STRANGER. "Whirly's" Dam, Am. Ch. Bencelia's Femme Fatale is double line bred from the great Gunther, Aristo and Leutnant v Marienlust.

BRITTO VON KIRSH

Also a beautiful clear red and is a son of HARDWAY WELCOME STRANGER. "Britt's" dam is a daughter of Am. Ch. Allegro of Gera and a ganddaughter of Hainheims Lance who is a son of the great producing bitch "Hainheims Zaranthaetta". Britto comes to us with his show record of three times shown with three times "Winners", one "Best of Winners" and two "Best Opposite Sex".

These two outstanding red studs have been imported to enable the "fancy" to line breed to this great producing strain. After much deliberation we decided that the only way to line breed was to have the SON of 'STRANGER' and the GREAT GRANDSON OF 'STRANGER'.

PUPPIES

will be available from these two males — BY —

Dresel's Party Doll — a clear red mahogany sired by the 'FALCON' and out of AM. CH. Erin v Hohenstauffen. Erin is a full litter sister to Int. Ch. Dis.

Bayard Oriana — Clear red half sister to Whirlaway.

Wunderbar's Chloe's Shevonne — Black and tan daughter of Ch. Wunderbars Chloe Vom Moepple and Ch. Wunderbar's Mark Mathews.

The Forest City Kennel Club

by Rita M. Smith

The first meeting of the club was held in the club rooms, Duchess of Kent Hall, on January 7 with the President, Mr. Ed Summerfield, presiding.

We would like to express our sincere wish to all dog lovers everywhere for a very prosperous New Year.

The meeting got underway with discussion pertaining to our forthcoming All Breed Dog Show to be held in May of this year. Our judges have been contacted and we are hoping for a bang-up show this year. Actually, our entire meeting was taken up with the coming show and so not much to report to our non members. I would like to add that we would certainly like to see more of our actual members turn out at our meetings. I think all members should at least try to support their club.

We were pleased to welcome four new members to the club, Mr. and Mrs. R. Panizzi and Mr. and Mrs. S. Dietrich. We hope they enjoy their membership with us.

The evening was rounded out with informal discussion and a lunch being served.

At the January meeting, held at the home of Mr. and Mrs. Lloyd Dove we were very pleased to welcome four new members, Mr. and Mrs. Norm Davies and Mr. and Mrs. Herb Burrows.

The members enthusiastically discussed plans for our 1959 show and our Show Secretary has asked me to remind all those people owned by Shepherds not to forget the date of our Specialty Show,

Yours truly had the thrill of a lifetime seeing one of our own puppies Sabanda's Zorro (Sabre of Briardale, Margar's Anthea) on the television programme Showtime, on January 11.

News is scarcer than hen's teeth. Come on club members, something must be happening somewhere to someone. Let's hear about it. Don't keep it a secret.

German Shepherd Dog Club of Canada
by Laura Treble

We have some sad news this month. Mary Southcott reports that her Ch. Candy of Cara Mia, Can. & Am. C.D., aged 14 years, has joined the rest of our beloved Shepherds in "Doggy Heaven". Mary tells me that Candy's daughter, Canadian Grand Victrix and Ch. Dusk of Cara Mia misses her terribly as the two were inseparable. Our sympathy goes to Mary and to Cara Mia.

Our dance of December 12, put on by our Special Activities Committee in aid of our Seeing-Eye Fund, was a roaring success. I haven't heard the financial outcome, but speaking as one who was there, an extremely good time was had by all of the large crowd.

On November 16 at the German Shepherd Dog Club of Toledo Sanction Match one of our members, Mr. Ed. Summerfield of London, Ont., judged a Conformation entry of 43 Shepherds.

As news is scarce over the holiday season, and as this is my last column, I would like to thank those who have sent me news during the past year, and readers of this column who have so kindly commented on it, and I would ask them all to support my successor in 1959.

R.R. #2, Wilton Grove, Ont.

Our Annual Christmas banquet and dance was held at the Paragold Restaurant in London on December 13. A large crowd of members and friends were present and after a delicious turkey dinner an evening of dancing and music was enjoyed by all.

George Carpenter was Master of Ceremonies and presented the yearly awards to members whose dogs have earned a title during the year. Receiving Awards were Paul Misic's "Lady of Appledale" C.D. Andy Wayda's "Princess Chola" CDX, Robert Bird's "Ambitious Andrew" C.D. and Robert Bird's "Ambitious Aviette" Champion. Our congratulations to these members who worked hard with their dogs to gain these awards.

The children's Christmas party was held in London in the Legion Rooms and a gala crowd turned out for the fun and frolic. Mr. A.C. McKenzie showed some interesting films which delighted all the youngsters present. Then some real talent was displayed by the tiny tots themselves who entertained the parents present with songs, recitations and musical numbers. Santa blew in from the north just in time to distribute gifts and candy to all the children.

A record crowd turned out for the January meeting which was held in the London Legion Rooms. After a short business meeting, Paul Bruneau presented certificates to members of the recent Obedience Training Class whose dogs had passed the Trials. Those receiving certificates were Mrs. E. Lance's "Jan", a German Shepherd; Mr. O. Long's "Patch" a Boxer; Mr. Thomas Evens "Barsac of Brittas" a German Shepherd and Mrs. A. McKenzie's "College Boy" a German Shepherd. A further highlight of the evening was a performance by our honored guest "Heidi", an amazing Dachshund owned and handled by Miss N. Phipps of London. A delighted audience watched while Heidi answered mathematical problems and sang nursery rhymes. A social evening was enjoyed after the meeting.

A new class in Obedience training will be starting at the London Armories shortly under Training Master Wm. Adili. More data on this will be available at a later date.

Our Club newspaper "Tattle-Tales" is becoming ever more popular and June Howard, that human dynamo and Editor-in-Chief, reports that over 50 copies were

Our Club really had a grand time at our Christmas banquet which was held at Casa Blanca. There was a good turnout and everyone had a lot of fun.

Everybody received a nice gift from old St. Nicholas and several folks won very useful prizes at the bingo games, everything from cigarette lighters to alarm clocks.

The Club presented the President, Mr. George Lawless, with a lovely travelling bag. This was just a little token of our appreciation for all the years George has served the Club so faithfully and we hope that he finds plenty of use for it when George and Mrs. Lawless take off for a much deserved holiday to England in the Spring. All our good wishes go with them.

"Bill" took over and gave us a very instructive and interesting talk on the Boxer, with the Pettingales patient "Ginger" being pushed, poked, pulled and petted until he was completely bored with the whole thing. When it was all finished he shook hands with Bill and said "he didn't mind it one bit" and we all felt, too, that it had been a very beneficial evening which had to end all too soon.

Then we just had to get our ears covered and plunge out into the blizzard but we were warm inside from the pleasant company and a nice lunch convened by our very capable member, Mrs. Thelma Hawes.

Here's hoping this attendance will continue through 1959, and wishing everybody a happy, lucky Doggie New Year.

The Hull and District Kennel Club

Miniature Dachshund Club of Canada
by Agness Hammond

The Club is now one year old. During 1958 we welcomed eleven members into our club, with an "honorary" miniature Daxie membership of 17 little hounds, of all three varieties. We held our first show, a hound and Working dog Specialty. It is hoped that 1959 will see us advance at an even greater rate.

The Club has been most pleased to present an engraved trophy to Kitty Wake's *My Little Peter Pan*, the first Canadian Miniature Dachshund to earn his C.D. degree. Congratulations to you, Peter. May you be the fore-runner of many.

Again we should like to invite all Miniature Daxie owners to join the Club and to send their Miniature news in for the Club notes. Secretary is Kitty Wake, 1302A — 4th Street S.W., Calgary, Alberta.

Addenda
by Kitty Wake

The Miniature Dachshund of the Year Trophy goes this year to our President Agness Hammond's fabulous wee Ch. *Del Rey Trinketina*, who takes a group place in almost any show she enters. She came out on top with eleven points according to the sliding scale published in our club notes in the April issue of *Dogs in Canada*.

Just for interest, second place was shared by two Breed Show stars and one Obedience dog. They were Mrs. C. V. A. McLaughlin's Merryweather Melody, Mrs. G. Watson's Miniature Longhair, Am. Ch. Edmonston's Livin' Doll, and Kitty Wake's My Little Peter Pan, C.D., all with four points. (Peter is trying very hard to catch up with his famous grandmother, Ch. Del Rey Trinketina!)

The Provincial Red Setter Club
by Laurie Banks

Everyone has been very busy making preparations for the big night on January 22. A very attractive program has been arranged which will include speakers, a light dialogue and a fifty minute sporting film. The initiation of Tara Hall into the permanent service of the club will be ceremoniously observed (champagne and all). Also special refreshments for the occasion.

Mr. and Mrs. Rod Marsh have kindly offered the use of their 2½ acre estate at Milliken for all kinds of outdoor affairs. We hope to take advantage of their kind offer when good weather permits.

Congratulations to Mr. and Mrs. Dan Miller whose twin boys arrived before Xmas. All are well and "Dawn" will be back on the job for the big night.

Our president, Mrs. Gertrude Drew, had the Xmas season saddened by the death of her sister. This is the first break in her family and she feels the loss very keenly. We extend deepest sympathy.

Mr. Lee Lemmon is reported very ill from a virus infection. Mrs. Lemmon states that the doctors have not been able to pinpoint the germ and he is isolated. The club send best wishes for an early recovery.

It is nice to know that so many are interested in the success of our club. Many thanks for the messages received both from across the line and here at home. Encouragement of this kind is most appreciated.

In the absence of our President, Roy Bent, who is vacationing in Florida, our Vice-President, Malen Wilkins, was in the Chair. We had 18 members present, and accepted the membership of two more couples, Mr. and Mrs. Ronald North, of Port Dover, and Mr. and Mrs. D. Robert Johnson, of Simcoe. Since this was our annual meeting, an election of officers was held with the following being the Executive chosen for 1959: President, Mr. George Mehlanbacher; Vice-President, Mr. Malen Wilkins; Secretary, Mrs. Leslie Vidler, Treasurer, Mrs. Norma Buckle; Directors (4): Roy Bent, Frank Drinkwalter, Ross Sherred and Gerald Charter.

After the business part of the meeting was adjourned a Christmas party was held, with an exchange of gifts, and card party. Music was supplied by Miss Jeanette Petillion, who played several Christmas songs on her accordion. A delicious lunch was served by Mrs. Joe Petillion, and Mrs. Malen Wilkins, with help from Jeanette and Marcella Petillion.

Life is rather like a bucket. You can't get anything out of it unless you put something into it first.

Our new year has opened with a number of new officers: President, Mr. Symons: 1st Vice President, Mrs. Yan Paul; 2nd Vice President, Mrs. Clara Smith; Secretary and Treasurer, Mrs. Margaret Sheahan; Trophy Secretary, Mrs. M. Thomas; Show Secretary, Mrs. de Forest Simmons assisted by Mr. McIntosh; Chairman of Membership Committee, Mr. Glenney; Social Convener, Mrs. Symons; Auditor, Mr. Bellisle; Directors, Mrs. McIntosh, Mr. McBroom, Mr. Bellisle, Mrs. G. Walker and Mrs. Doris Green.

Our club is to be congratulated on its work of last year. Our bank shows a very good balance. Mrs. M. Dove, our former President and Trophy Secretary, will be missed from our midst. She has done wonderful work in our club and we sincerely hope our loss will be somebody else's gain.

Mrs. Paul, our 1st Vice President, offers a trophy to be presented annually by her to the owner (a member in good standing) of a dog or bitch scoring the most points for the preceding year. We are very busy working on our trophy list for our Specialty Show which is held in conjunction with the Sportsmen's show in March. Plans are being made for our annual banquet. Dues are now due. Anyone wishing to renew your membership or a friend wishing to join our Club contact Mr. W. H. Glenney, 59 Aubrey Ave., Oak Ridges, Ont.

Our deepest sympathy goes out to Mr. and Mrs. G. Stephen in the loss of their daughter Diane who was held in high esteem by members of this Club.

We, the members of the Toy Dog Breeders Association of Canada, wish everyone a Happy and Prosperous New Year.

The Progressive Kennel Club Inc.

by Gertrude W. Drew

The January meeting was held in the regular club rooms, Eglinton Ave. Due to illness and bad driving conditions many were absent.

The President, Mr. Clarence Stevens, greeted those present with a hearty handshake and wished each one a happy New Year.

There was a considerable amount of small business which took time to dispense but the larger and more important items were put over to the next meeting when we hope for a more representative attendance.

The members of the various committees were announced and were as follows: Show committee, Mrs. Martha Stevens, Secretary's assistants, Mrs. S. Whitmore, Mrs. Mary Lake, Mrs. G. McKenzie, Mrs. Albert Kaye, Mrs. Coates: Trophy committee, Mrs. R. Coates, secy.; assistants, Mrs. Seymour, Mrs. Quarrington. Membership; Chm., Mrs. Yan Paul, assistants, Mrs. Gertrude Drew, Mrs. Mary Lake. Bench Comm.: Chm., Mr. C. Stevens, assistants, Mr. Al Lake, G. Potts, Kenneth Clark.

A letter was read from Mr. Jim Flood thanking the Club for the lovely flowers sent during his recent serious illness. Jim is a former member of this Club and we are happy to know he is improving so well.

Mr. and Mrs. A. J. Symons are holding open house on March 23 in celebration of Mrs. Charlotte Walker's 90th birthday. All dog friends are invited to drop in. Address 234 Ryding Ave., afternoon and evening.

Arrangements for the annual banquet are well under way under the capable management of Mrs. Maud Symons, social convener. This year it will be held in the marine dining room of the Bloor Hotel. The date is February 13, 7.30 p.m. There will be a program following the banquet. Get your tickets from any of the club members.

Our sympathy is extended to Mr. and Mrs. Wm. Griffin in the death of Mrs. Griffin's mother who passed away January 7 after a long illness.

Four members had perfect attendance score for 1958, namely, Mrs. Mary Lake, Mrs. Gertrude Drew, Mr. Clarence Stevens and Mr. Walter Brown.

The Gentle Powerhouse

If you train him on the wrong side and then go in a show ring, you will have to put him on your left side and he will cross you up or go behind you and he will not show his proper ring manners.

After he has been trained on a lead start posing your dog on the ground or the floor the same way as you would have to do at a dog show. Throughout all your training never forget to pat him and show that you are pleased with him.

Many a dog that is obedient at home often fails to show himself to the best advantage when he becomes distracted by noise, commotion and general air of excitement that are part of any show. So before entering the dog in his first show, the wise thing to do is to take your dog to a public place such as a park or where the dog can become accustomed to crowds of people. He must learn to follow his owner's commands without being disturbed by the people and the noise around him, or set a radio in the kennel to get him used to noise. Only after the dog has thus proved himself should the owner consider entering him in a show.

When you take your dog to the show and are called into the ring by a ring steward or judge, he will want you to take your dog around the ring. Keep your dog on the left side of you, and lead in the left hand, then lead your dog around the ring until the judge asks you to stop and place your dog. When you place your dog be sure you have your dog between you and the judge, facing the dog in the direction the judge tells you. Then set your dog up the way you have trained your dog, front legs straight, and then place hind legs back so your dog will look nice.

Remember always to watch that your dog does not move his feet or his position. Don't keep your eye on the judge but keep your eye on the dog.

I hope this article will help many dog breeders to train and show their dog in the show ring.

PRESCRIPTION: ONE CHIHUAHUA

A controversy in Mary Haworth's column in the *Montreal Gazette* is over whether a gift Chihuahua actually helped a husband cure his asthma. Apparently it did, but created "a new-fangled triangle". So devoted has the sufferer become to his pet the wife feels demoted in his affections.

Another Haworth reader writes the Chihuahua treatment is not new to her. She also states that a neighbour suffering from asthma for 40 years found a new interest through daily play with the dog. As the condition disappeared, he grew tired of the dog and left him to his own devices. Before long the asthma returned.

Still another reader writes that her 12-year-old son had been troubled with asthma for nine years. A friend gave the boy a Chihuahua to be his companion and room-mate. That was three years ago, and the boy is now able to run, swim and play hard, where previously he was virtually an invalid.

Have any of *Dogs* readers heard of similar instances?

Black & Tan and Black & Tan Cannot Get Red

by "Buz" de Besancon

(reprinted from "The American Dachshund")

This subject is one that provokes more arguments than any other in Dachshund circles, and because the basic why has intrigued me, I have looked into it a little, as much as one can without having been breeding for 30 years.

First, there is the theory that Leon Whitney advances in his *How to Breed Dogs*. He claims the color inheritance pattern in Dachshunds corresponds with the pattern of a group of breeds he calls scent hounds. This theory is as follows: Instead of one pair of genes determining color, he suspects the existence of an additional pair of genes, which influence color. We label these various genes as follows:

R Stands for Red — acknowledged to be dominant over Black and Tan. (Whitney calls this color Tan and uses T.)

T Stands for Tan — as in black and tan and recessive to R(ed) (Whitney uses a small t.)

S Stands for Saddle Factor. This factor causes a black saddle on the dog's back, which in a Dachshund generally spreads to the head and the legs. (I have never heard of a completely black Dachshund.)

° Stands for the absence of the Saddle Factor, and is recessive to S. The above symbols enable us to write formulas depicting the possible mixtures of color genes present in a Dachshund.

We then have the following various possibilities:

RR°° Red Dog	RT°° Red Dog
RRS° Red Dog	RTS° Red Dog
RTSS Red Dog	RRSS Red Dog
TT°° Red Dog	TTS° Black & Tan Dog

TTSS Black and Tan Dog

In other words, he (Whitney) suspects the existence of two genetic reds, one of which, R, causes the dog to be red even if the saddle factor is present.

The other, T, which cannot make the dog red if a saddle factor gene is present. Consider the many formulas, all representing red dogs, are reasonable if one remembers the different shades of red one sees in red dogs, from the clear red without a black hair anywhere, to the muddy red with lots of black hair scattered through the red.

The formulas can be used to represent a breeding, for instance, RR°° x TTSS, in other words, a red dog with a black and tan bitch. In this instance the only gene combination the dog can contribute is R°, the bitch only TS. The only possible combination that can show up in the offspring is RTS° which stands for red dogs. If you try this equation using RR°° with any of the other formulas (RT°°, RRS°, RTS°, RTSS, TT°°, TTS°) you will find that the offspring will all be red. RR°° therefore, stands for the homozygotic red dog or bitch which cannot sire or whelp, as the case maybe, anything but red pups. So far this theory holds water. That is, it fits in with the popular concepts breeders hold. But, now let's breed two black and tans, both with the formula, TTS°.

TTS° x TTS° — Each animal can produce two gene combinations, TS and T°. So, the following combinations are to be found in the offspring — TTSS, TTS°, and TT°°. Here is where most breeders will say, NO!, for although TTSS and TTS° represent black and tan dogs, TT°° stands for a red dog, which if this theory is correct, would prove that two black and tans may throw a Red.

The following considerations occur to me. 1. What made Whitney decide that Dachshunds follow the same pattern as scent hounds. Most of his research seems to have been done with Bloodhounds. I should like to know the basis for his assumption. 2. Isn't it true that the current popular belief of the breeders is so biased that even if two Black and Tans threw a red dog, they would not believe it? The assumption would immediately be that "a red dog got into the act". And because this carries a connotation of carelessness in the kennel, nobody will admit to it, and the whole thing is glossed over and hushed up. If somebody would admit to it and report it to everybody, shoulders would be shrugged and it would probably be said, "Oh, well — anything can happen there."

3. The fact remains, however, that if

Whitney is right, the incidence of Reds out of Black and Tans should be much greater than is indicated at present, even assuming that all the new disputed claims of it happening were true. It is a fact that more than a few breeders have bred Black and Tans to Black and Tans for years without this ever happening. The frequency of occurrence, according to Whitney, has been about 32 out of 549 pups, or about 6%.

I shall try to reduce the common belief that Black and Tans cannot produce Reds to formulas.

R Stands for a Red gene and is dominant over black and tan.
B Stands for a Black and Tan gene.
The following formulas are possible.
RR Red Dog
RB Red Dog with Black carried recessively.
BB Black and Tan Dog.

We breed a red dog, the homozygotic one to a Black and Tan bitch — RR and BB, RR, the dog can contribute only R genes, and BB, the bitch, only B genes. The only combination we can get now is RB or red dogs. If we breed two RB's, or red dogs, we can get RR, RB, and BB, or homozygotic red, red, and black and tan. According to this theory, the only formula representing a black and tan is BB. Therefore, if we breed black and tan to black and tan, or BB x BB, neither dog can contribute anything but B genes, and a red pup is impossible.

So, what did I prove — not a thing except the well known fact that no matter what your views, you can always find a theory to support it, and unless everybody is less secretive than they now are, these and other genetic questions such as the inheritance of monorchidism, will never find an answer. No matter how long anybody breeds, the data any one breeder can obtain out of their own experience, whether they breed for 25 or 50 years, is still not scientifically sufficient to come to any authoritative conclusion, because each breeder will out of personal preference limit himself to a few strains only in his breeding. But what can't be gleaned from one kennel's data, might be deduced from combined data.

TIPS FOR THE NOVICE

Does your dog seem to be scratching too much for no good reason? Perhaps he needs more fat in his diet. We save steak, pork chop, and similar grease and mix some in our dog's food several times a week. It also seems to give them a better-textured coat, besides cutting down the scratching.

. . . If puppies insist on spilling the water pail, a clothes hanger placed outside of the fence so that the handle of the pail can be hung over the hanger's hook will dispense with this nuisance.

Burdocks are easily removed if they are broken up before they are combed out. Getting them out as soon as possible also helps.

It's a Dogs Life

Three people are alive today, thanks to a Smooth Dachshund. One night in January, after everyone was in bed, our Dachshund, Lady, aroused my father by crying. Thinking she wished to go out he got up, and found the house full of coal-gas fumes. He then got the other two dogs out and the opened doors allowed the fumes to get out. There were enough fumes that my mother and I were knocked out by them, and our bird was killed. If it hadn't been for Lady, they would also have killed our entire family.

We sure owe a lot to our Dachshund.

NOW WHY DID I SAY THAT? DEPT.

"There isn't a dog in the country that can beat my female in this show."

"Hope there'll be enough competition to make it worth while."

"Sure, you can have the pick of the litter."

"This pup a winner? How can he help winning!"

"Certainly this dog is housebroken."

"Fleas? Never had them in *my* kennel."

"You don't catch my females getting in *that* predicament. They're never allowed to run loose."

EPITAPH FOR A DOG

If this be all, and no shore bounds
The unknown season which you sail—
No Paradise for little hounds—
If love and loyalty avail
No whit, nor faith that shamed the men
Upon whose heart you laid your spell,
Whose home is desolate—why then
Sleep well—sleep well!

Lunching in a posh dining lounge the woman and her small boy finished their main course. The mother called the waitress to the table.

"Miss," she said, "please wrap up these steak leftovers for my dog."

"Hey, Mommy," piped up the lad, "are we going to get a dog?"

FOR CANINE GOURMETS

Rin Tin Tin, renowned star of the television series, The Adventures of Rin Tin Tin, has collaborated with Nabisco's dog food experts on several tasty recipes. Here is one of his favourites:

MILK BONE TETRAZZINI

½ lb. ground meat
½ cup cooked carrots, diced
½ cup cooked celery, diced
gravy

Cook the ground meat with a small amount of fat until browned. Stir in the carrots and celery. Add enough gravy to moisten the mixture. Put in dog's dish and surround with small Milk Bone biscuits.

There was a young Boxer named Lear
Who hadn't an atom of fear
He indulged a desire
To munch a live wire
And needless to say isn't here.
