Merry Christmas and a Happy New Year to all
TAILTEANN KERRY BLUE KENNELS REG'D.

VETZYME (SPECIALLY PROCESSED VETERINARY YEAST)

WORLD FAMOUS CONDITIONER & FOOD SUPPLEMENT

(Manufactured by Phillips Yeast Products Ltd., England)

ABSOLUTELY SAFE FOR DOGS OF ALL AGES

- VETZYME ensures an ABUNDANT and BALANCED supply of the B COMPLEX VITAMINS essential for canine health.
- VETZYME also supplies, in easily digestible form, significant amounts of calcium, phosphorus and other minerals necessary for the formation of sound bones and good teeth.
- VETZYME contains over 40% of First Class Body Building Protein, a dietary factor often lacking due to over refinement of food.
- VETZYME is a specially processed natural product, containing no drugs, is absolutely non-toxic, and is completely safe even WHEN ADMINISTERED IN MASSIVE DOSES.

Failure to provide an adequate supply of the above indispensable nutrients will manifest itself by such signs as LISTLESSNESS, UNDUE NERVOUSNESS, LOSS OF APPETITE, POOR AND FALLING COAT, INFLAMMATION OF SKIN, INTERDIGITAL CYSTS, etc.

The regular administration of VETZYME will greatly assist prevention of such conditions and help to maintain the dog in vigorous health.

FOR QUICK RESULTS — USE VETZYME

By the Makers of VETZYME

ZEMOL

THE "CHLOROPHYLL PLUS" OINTMENT

FOR MINOR WOUNDS, CUTS, SCRATCHES, ABRASIONS (the skilled guidance of a veterinary surgeon should be sought in all cases of major injury), ECZEMA AND ALLIED SKIN CONDITIONS. ZEMOL is not "just another ointment" . . . it is something ENTIRELY NEW; a healing agent, safe in use and yet of remarkable power, perfected after long research coupled with extensive tests on animal subjects. The formula of ZEMOL shows not only the high percentage of active constituents employed, but in addition the presence of the remarkable healing agent CHLOROPHYLL — IN WATER-SOLUBLE FORM.

FOR RAPID HEALING AND RELIEF IN ABOVE SKIN CONDITIONS — TRY ZEMOL

SEND FOR POST-FREE BOOKLET "ZEMOL" giving full details of formula, uses and advantages of this REMARKABLE NEW VETERINARY OINTMENT with details of "the two-way treatment".

FOR QUICK RESULTS — USE ZEMOL

For Supplies of Vetzyme or Zemol try your nearest Pet Store or Food Dealer—If he does not have supplies or is unwilling to obtain them for you, write direct to Sole Distributor for Canada—

ARTHUR GREENWOOD, 615 GRATTON AVE., ST. LAURENT, P.Q.

Prices:—VETZYME: trial size (60 tablets) 85c; 120 tablets $1.35; 600 tablets $4.50; 2,000 tablets $11.50; 5,000 tablets $20.00. All tablets 10 grain. Also in powder form.
ZEMOL:—Trial size (1 oz.) 85c; 4 oz. jar $2.25. All prices postage paid.

Whether purchased at a store or direct from above address, all trial sizes are sold on a money-back guarantee — If YOU are not satisfied that VETZYME or ZEMOL has been of benefit to your dog, simply return bottle and your purchase price will be refunded in full.

ALSO, FOR CATS, USE "KITZYME" — Trial bottle of 50 tablets 75c. Bottle of 250 tablets $2.25.

ALSO, FOR ALL CAGE BIRDS, USE "P.Y.M."—Trial Packet 50c.

If you have any suggestions, any comments or constructive criticism to make concerning articles or other items contained in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, colour, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same.

CNE ENTRIES

. . . Three two-day shows should be abolished. Perhaps for the exhibitors who live near Toronto it is a means of picking up a few quick points, as they can get home each evening. But to exhibitors who, like myself live 125 miles or more from the show, it means a week away with dogs who are also fed up, having to stay in the bench for hours and hours, or out in the station wagon. Many more would attend if there were three straight shows . . . many exhibitors who attend shows run on Saturdays have to take time off from work for a whole week when just three days would be okay.

Another point is the time factor: many exhibitors object to staying at a show from 8.30 to 10.30 six days.

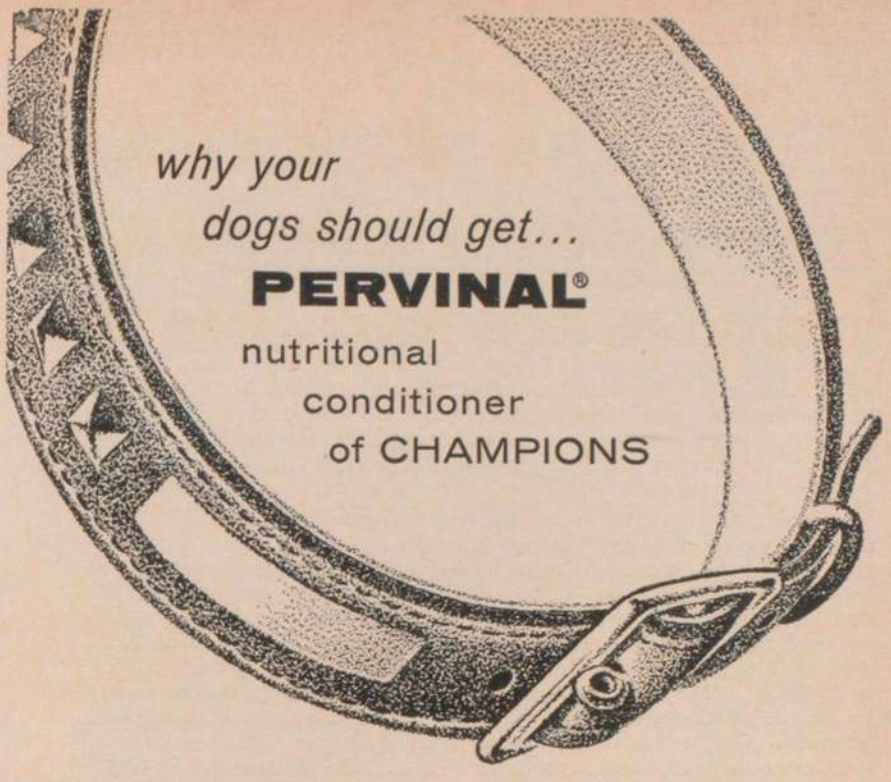
BETTY DICKSON

Ziska Kennels,
Dorchester, Ont.

. . . This could be one of the most important shows . . . but . . . I am opposed to two-day shows at any time, and this time of year especially. Few have the time available, it adds greatly to the overall cost for exhibitors coming from any distance . . . (also bothersome) poor parking facilities, no one wants to arrive earlier than necessary and to get there, lug the dogs and equipment up that ramp, then go down and find you have to park about half a mile away. To have to go through this ritual ten times to attend the three shows is itself enough to keep me away.

The climate inside the building: this time of year lends itself to hot and humid weather and I for one would not subject either my dogs or myself to this for any gains. True, a remedy would involve some monies, but most of this would be a one-time expenditure and compared to the

(Continued on page 5)



PERVINAL added to the daily ration helps assure for your dog the good nutrition needed for bounding vigor, health and growth, a fully glossy coat, good digestion and elimination, sound bones and teeth, good reproductive function, better nerve and muscle coordination, resistance to infections and illness.

This champion gets extra vitamins, minerals and bioflavonoids from PERVINAL

Kerry Blue Terrier
Can. & Am. Ch. Tailteann's Marcie's Son
Owned by: Mrs. M. Eileen McEachren
Todmorden, Ontario

Owners, breeders and handlers of top show dogs acclaim PERVINAL for its help in bringing show dogs to the peak of condition. New-formula PERVINAL concentrates in a specially "balanced-for-dogs" powder or syrup all the vitamins and minerals known to be essential to good canine health... plus an **exclusive** citrus bioflavonoid compound to help protect against capillary (blood vessel) damage, and lipotropics to help maintain normal liver function and protect against disabling liver diseases.

MEMO FROM THE EDITOR

Chatting with a friendly young English woman the other day we learned she had been in Canada for 12 years – and still had not found her niche. She was taken aback to find that contrary to the London custom of stranger talking to stranger during theatre intermission and in study groups, she would encounter a chilly silence. We remarked that in dog activities one chatted readily at shows; the common interest of dogs leaves no room for reticence.

In the world of dogs we are perhaps the most fortunate of all people. We have not only the joy of human friendship but the love and companionship and very often the protection of dogs. We are better equipped than most to promote the peace and goodwill of Christmas throughout the 12 months of the year. Let's not be in too much hurry or have too much personal ambition to strive for that which we crave so dearly and which costs so little – plain, everyday peace. Let's work together in the vocation or avocation which is closest to us all. When each day brings more unrest to the nations throughout the world – in a time when a small upset the other side of the world can spell peril to any other part of the globe – we must make the most of what we have. What is this immeasurable fortune? A reason for being together, for doing things together, the opportunity to make a contribution to a great culture – as the development and the striving for perfection may be truly considered.

This hobby of dogs means, at times, a prodigious amount of work. A bit of philosophy comes to mind: "Be thankful that each day brings tasks which force you into activity." Working well at something you enjoy creates a form of peace. Going out of your way for someone is another step toward tranquility. Abiding by the Golden Rule is commendable, but not really good enough. A new and harder version is that of "doing unto others that which they need you to do unto them." And that, for most of us, takes real doing. Accomplishing this is perhaps the greatest stride toward peace and harmony. The Israelites have an identical word for greeting and departure. It is "Shalom" – Peace. And this is our Christmas wish for all our good friends in the realm of dogs.

In this issue: A regular feature has been initiated which will help keep sporting readers up to date. Andrew Cumming handles the new department, *In the Field*. News should be despatched to him immediately after an event at: 122 Royalavon Crescent, Islington, Ont. . . . A highlight of the January issue will be the article on German Shepherd gaiting by no less an authority than Mrs. Geraldine Dodge. Several German Shepherd fanciers, we understand, have suffered fatal heart attacks within recent months as a result of running their dogs in these marathons. While admiring the stamina of the Shepherds, we are of the opinion that German Shepherd owners, for the most part business people, are in no condition to keep up with their dogs. Even trained athletes in good condition will not enter a demanding event without rigorous training. Ballet dancers, in the peak of perfection, do not begin practice or go on stage, even if they are late, without a few warm-ups. We sincerely hope that as a result of Mrs. Dodge's protest and that of others, a method humane to humans may be anticipated . . . Resuming in the New Year: *The Old Timer*, who is smoking the pipe of peace for the Christmas season but takes up his philosophical pipe in the New Year.

(Continued from page 3)

LETTERS

overall overhead of an exhibition of this magnitude would be very small indeed.

Other suggestions: (a) do away with the two-day show entirely, or make it necessary for the dogs of all ages to be benched only on the days on which they are judged. (b) air conditioning, incorporating a system of exhausting the stale air and smoke. (c) make some provision to improve the footing for the dogs going to and from the ring, as many of the dogs are terrified before they ever get in the ring, resulting in their not showing well. (d) a decided change in the parking facilities. (e) improved and well-painted benching.

I feel that if the above could be made effective the increase in entries would be almost automatic . . . that if the Exhibition authorities would make a real effort to consider the convenience comfort and overall cost to the exhibitors and their dogs the rest will look after itself.

Snoglo Kennels,
Oro Station, Ont.

TRAGEDY MIGHT SERVE

It is with a deep sense of satisfaction that I am able to report to dog owners and the public through your magazine the decision handed down October 8, 1959 in the court of Queen's Bench, Winnipeg, by Mr. Justice Samuel Freedman in the shooting January 5, 1959 of my German Shepherd Dog known as Moon Valley's Timber (by Can. Grand Victor Ch. Ero VD Auwallenburg and our own Moon Valley's Lady Esta).

This very promising 14-month-old dog was shot as he ran across a field accompanied by his litter sister, Moon Valley's Lady Margo and was left lying to suffer for ten minutes before he died. This was the first and only time they were at large, having escaped from their exercise run by the fence being torn down by other dogs while they were confined to their kennel. The temperature being 25 below zero, I did not inspect the fence before putting them in the run.

The defendant swears he thought they were timber wolves, although none had ever been seen in the district and he shot across a busy highway at the dogs at a distance of 150 yards in a well-populated district at nine o'clock. The Judge found the defendant guilty of negligence in not determining what he was shooting at and ordered the payment of $1200 for value of the dog plus court costs.

I received absolutely no help from the mounted Police nor the Attorney-General's Department at the time of the shooting or during the case.

I strongly recommend to the Canadian Kennel Club that steps be taken in some way to give financial assistance to any one needing help to fight a case of this kind in court and to ask for more protection from the police (the mounted police, city police and the provincial police) for our valuable purebred dogs.

Your pride and joy...

Your dog may be a prizewinning champion, or just a friend-of-the-family. But whatever his pedigree you can't be truly proud of him if he's in poor condition. Many top breeders nowadays make sure that they can always be proud of their dogs — by giving them Bob Martin's every day. And you can do the same. Bob Martin's Condition Tablets supply vital vitamins and minerals every dog needs — in the correctly balanced proportions to keep him in splendid coat and tip-top health. But to be truly proud of him you'll want him to look as well as feel his best. That's where you'll find the complete Bob Martin's range of grooming preparations so helpful. Every Bob Martin dog is his owner's pride and joy —in the ring or out.

A CHALLENGE TO ALL KENNEL OWNERS

Show me a kennel where there's coughing or a dog out of condition and I'll bet you'll find no ZEV—the amazing mixture that conquers coughs faster than any known remedy — and as a conditioner — ZEV has no equal. It keeps intestinal tract free of parasites, sharpens the appetite, aids digestion.

NO SICKNESS IN 3 YEARS

Never had a sick dog in 3 years, thanks to Zev. It's the best conditioner I ever used. I feed it every day to my dogs. I breed and sell 60 to 70 registered Beagles a year. Had dogs shipped in from the South badly infected with tape and other worms. Gave Zev twice a day for 10 days, then every dog was absolutely free of these food and health robbers—thanks to "Zev." Signed: Chas. W. Beaudoin, Balsam Creek P.O., via North Bay, Ont.

Available in most drug stores and **PET shops, or, you may order direct** from W. K. BUCKLEY, LTD., 559 College St., Toronto, Canada, 8 oz., $1.25; ½ gallon, $6.50; 1 gallon, $12.00. Postage paid.

Although there was the expense of the case and the loss of our young Shepherd whom we loved very dearly and can never be replaced, if (this case) could be the means of the CKC taking some action I feel Tinker's untimely death and our great loss will not have been in vain.

My deep thanks to our young lawyer, Mr. Dave Cokolso for his wonderful work and the help given me by my three Shepherd friends, Mrs. Murray, Mrs. L. Wach and Mr. Doug Lawrence.

MRS. GEORGE BROWN
Moon Valley Kennels Reg'd,
Norwood, Man.

SUGGESTS KENNEL RATING

. . . I do enjoy *Dogs in Canada* very much —a lot of good information is found by reading it.

I would like to suggest some way of separating the chaff from the wheat in regards to kennels — have them inspected from time to time and give awards as they do motels. Some of the kennels I'm afraid, leave a lot to be desired, and in some cases money is all that counts.

People who do not run a clean healthy kennel should be closed down. As it stands, these people breed anything and everything for money. I am sure people who buy a dog would like a healthy one. If you are a novice like myself you will buy what the kennel shows you. I paid $150 for an eight-week-old pup, to find when I got home it had mites, fleas and worst of all, tapeworms which up to now has cost me $60 for treatment from two of the best-known vets in B.C. At this point do not know if we shall ever be free from (this trouble). I wrote the kennel — they answered someone must be taking me. Not one word of being sorry.

The pup is one year old now, and as I have to move away to a village where there is no vet you can see what a problem I have. If the dog cannot be freed of tapeworms through professional service, how can I expect to treat such a case myself?

The moral of this story is, do not purchase a pup till you take the animal to a vet to worm, *and one of your own choice.* I took my pup to a vet who gave me a certificate of health: he was not my choice.

It has cost me well over $250 and I still haven't a dog. The choice is mine: sell her, or put her to sleep, for I cannot take an animal (in this condition) where a vet is not at hand. To pass her on to someone else without telling them would be as bad as the people from whom I purchased her.

NOEL F. D. PEARSON
South Burnaby, B.C.

FLOWERS FOR THE LIVING

. . . So often all of us forget or neglect to let others know when a service rendered is outstanding. Most of us are not quite as voiceless or wordless when the reverse situation arises.

I have occasionally heard complaints, usually second hand, of mishandling of dogs in transit via TCA. Recently I received a nine weeks puppy from Vancouver via TCA. She arrived in excellent condition, completely happy after her cross-

WANTS WORK WITH DOGS

. . . I am very interested in obtaining some form of employment with dogs. My experience is limited to raising and training two Boxer pups. I do a great deal of reading about dogs and I am a subscriber to your fine magazine.

I am 20 years old, a Canadian, a graduate with junior matriculation from Grantham High School, St. Catharines and I am now in my second and final year of the associate course at the Ontario Agricultural College. I will graduate the second week in April. My energy and desire to work with dogs is unlimited.

TERRY WILKES

Box 606,

ADVERTISING IN DOGS

. . . It is apparent that there are many breeders in Canada that do not advertise in *Dogs in Canada*, doubting the drawing power of such advertising. May I, then, speak for the steady advertiser, as one who has advertised for several years now, in *Dogs in Canada*. To be sure, we do not receive 100 letters for every ad we place nor have we ever received 100 phone calls from a local newspaper ad. I doubt that any breeder does. However, we have had enquiries in good number from all parts of Canada. All of these enquiries were sincere — this could never be said of local advertising! The percentage of sales that have resulted from these enquiries have been very high.

FRANCES CLARK

Hi-Hope Kennels Reg'd.,

COVER STORY

We feel this month we would like to honour a Canadian who has made an outstanding contribution to the science of programmed breeding.

Perseverance has been the watchword at the kennels of Mrs. Eileen McEachren, owner and breeder of this month's cover dog, Can. and Am. Ch. Tailteann's Marcie's Son, one of the greatest Kerry Blue Terriers today.

As this is written, "Sonny" is the top winning Kerry Blue Terrier on this continent. He has aggregated the most Best in Show Awards — 21 in the United States and two in Canada. He has just recently added another group win to make a total of 51 Terrier Groups, two of which were won in Canada and the remainder in the United States. In addition, he has won at least four Terrier Specialties.

"Sonny" is not an individual blazing star but rather the product of a long-term minutely planned program through which winning stock is being consistently produced. Int. Ch. Tailteann's Rare Gem, his litter sister (by Can. and Am. Ch. Tailteann's Widan II ex Can. and Am. Ch. Tailteann's Miss Show Off of Cognewaugh) has just finished her championship in the seventh country. From the same litter is the winner, Can. and Am. Ch. Tailteann's Blue King (now owned by Mr. and Mrs. Edward H. Greene of Huntington, West Virginia) and from a repeat breeding comes Can. and Am. Ch. Tailteann's Jim's Show Off (commonly known as Gay Boy) who in turn has produced five Best in Show winners. A third litter of this breeding is again producing top winning stock; four of six are now champions. Miss Show Off is still alive and well at 10½ years of age. She has an honorary place in the kennels and has been retired since she made her 27th Best in Show — 11 won in the United States and 16 in Canada. Widan II, the sire, is on record as the top producer of Kerry Blue Terrier champions in America today.

Marcie's Son has the additional honour of being selected to represent the Kerry Blue standard in North America.

Mrs. McEachren started her career in dogs nearly 40 years ago, and for the past 20 has concentrated solely on Kerry Blue Terriers. Without doubt, she has placed more superb specimens of the breed throughout this continent than could be counted.

Despite the demands of her kennels to fulfil such a program Mrs. McEachren has created something of a record in flying hours throughout any given year, in all weathers. She has given readily of her time whenever dog clubs or individuals have requested her to do so and in countless countries in both hemispheres, she has served as an ambassador for Canadian dogdom, made Canadian entries in international shows respected and appreciated and caused the name of The Canadian Kennel Club to be known and recognized.

Within nine months this devoted breeder has been asked to address some of the world's most important gatherings of purebred dog fanciers (in Holland, Italy, Monte Carlo, France, Bermuda, Canada and the United States) and has also been asked to speak before the Hawaiian Kennel Club next month. She has done a sterling job of making her audiences acquainted with the work of Canadian breeders and exhibitors.

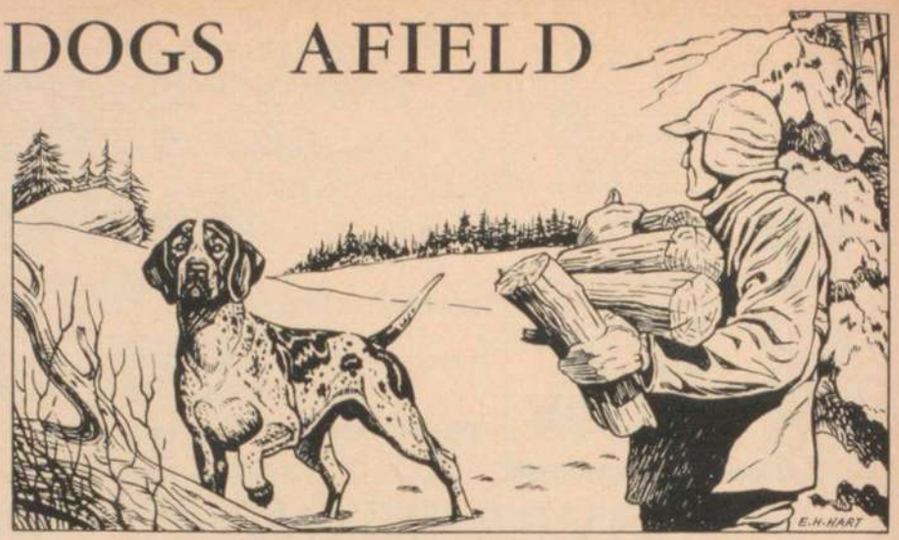
DOGS AFIELD



by DAVID BLAKE

CHRISTMAS IS A FEELING

It should be *always*. Deeds at Xmas bring such happiness to everyone and well being to our dogs that it should be a 365 day season.

A contemporary philosopher in answer to the axiom "procrastination is the thief of time", said, "a good procrastinator can almost make time stand still". Be that as it may, I think Christmas time is the time when we do most and procrastinate least — the season when the spirit moves us to action and we no sooner think of helpful things to do than they are done — the time when extra effort is no deterent to accomplishment, and that accomplishment returns a double dividend in the doing. This is especially true when we tackle that special chore for our dogs, who, believe me, give us their full measure of devotion the year 'round.

Have you been thinking about enlarging Rover's run? Now's the time to do it, or to put in the black top or gravel that will help to keep it sweeter. If he is chained to his dog house and a run is beyond the budget, how about a wire slide for the chain to increase the scope of his activity while confined? Is the house ready for winter? A good vestibule, winter door, ample bedding, inner nest box or improved insulation will make it more comfortable.

For the dog that lives in the house, a draft free bed, a few inches off the floor, will save furniture on which Rover may trespass and give him a feeling of security and luxury while he sleeps. If severe weather causes temperatures to drop in his sleeping room, a cover can be fabricated to close all but the front opening of a dog bed and make it cozy.

Any Christmas pups coming? Don't procrastinate, then, if you have a whelping box in mind. Remember, it should be off the ground. Its sides should be high enough to keep nursing pups in and low enough for a nursing mother to navigate. Install a shelf extending inside, of a width and height that will protect a pup that gets between the side of the box and the bitch when she lies down. Build it now so the bitch will feel at home in it before whelping time. As for materials and tools for construction, what better Christmas gift to a dog owner than the material or tools necessary to construct a good accessory for the dog?

Is the family car equipped to take the family dog along? Isn't there something lacking in the Holiday at grandma's if Rover must spend it at home alone or at a boarding kennel? "But its pretty messy travelling with him crawling and drooling all over the family, you say", and, "there's no convenient place to keep him while we're visiting." Each family's problem differs with the number of children and the number and size of Rovers to be considered, but most circumstances are well within the realms of practicality with a little industry and ingenuity. A dog rides with greater safety to himself and comfort for the other passengers when restrained by some sort of container. Hair and saliva is restricted, drafts can be regulated, windows can be left open without risk, and such accidents as result from car sickness or nervousness can be controlled. What's more, a proper container will serve as a home away from home for Rover so that the host is not imposed upon during a Holiday visit. As a matter of fact, I never cease wondering why more sportsmen do not use adequate containers instead of subjecting the family car to the saliva of excited dogs going to a hunt and the mud and dirt returning. Unless a trunk is especially equipped for proper ventilation, it is not a fit place in which to transport a dog.

How about the pensioner — the old soldier who has done yeoman duty in the field and is now crotchety and rhumatic? Isn't Christmas a good time to give him a new lease for the rest of his

life by bringing him in and making him a house dog? Sure it'll take some doing – maybe re-housebreaking, certainly a commitment to a definite schedule of regular grooming and exercise. Won't his joy of sharing the fireside and the minimizing of his aches and pains be worth it?

For the gift pup, the little guy or gal that arrives complete with red ribbon amid the festivities, stock the pantry in advance with the food recommended by the breeder. Feed four meals a day until four months – then three 'til six, two 'til full grown. Have a place prepared to which he can be retired with safety to him and insurance to the house against puppy accidents. Guard against fatigue from over-handling by exuberant children whose excitement may cause carelessness.

The gift hunter need never wonder what to give a dog owner. Fortunately, the items available have a range to fit every budget. Conventional are collars, leads, food and water dishes, combs and brushes. Functional are nail clippers and files, cue tips for cleaning ears, stripping knives and scissors, thermometers, beds, bed cushions, blankets, retrieving dummies and bird scents, check leads, whistles, skin conditioners, and, in snake country, even a snake bite kit. The owner or veterinarian usually have a choice of flea powders, worm medicines, eye and ear lotions and anything that should be considered medication. They make excellent gifts, however, when the kind used is known. On the glamour side there are grooming oils and canine perfumes, dog candy, fancy sweaters and coats and all kinds of toys. Precaution – if a toy resembles your shoes or other available article, don't complain if the shoes get the same treatment as the toy, the chewing of which you encourage.

More substantial investments such as shipping crates, carriers, ready-made dog houses and even runs of every size, or material to make them, can be most welcome gifts to both owner and dog when the need is known. And don't forget dog food, a bag or case of which will always be put to good use.

Getting back to procrastination and the inertia which causes us to put off doing things that are not essential, there is the training we have said we were going to do. I can think of many situations in which some sort of training program could be a wonderful Christmas present as well as an accomplishment resulting from the inspiration of the Christmas season. Suppose, as an example, that Dad has gotten a dog for Junior, who may be eight or ten years old. This dog, we'll assume, is a house dog and Junior's pet and companion. If Dad should take this dog through a course in obedience training and then show Junior how to handle the dog in prescribed fashion, there would be one more well trained dog and a very proud young owner, who might soon be able to take his dog through more advanced training and learn a great deal about discipline and both human and dog psychology on the way. This is a kind of gift that requires a good deal of application and time on Dad's part and perhaps the cancellation of a few bowling dates. But, again, it would be one of those fine things that can happen when the right spirit moves us. Apply this idea of dog training of some sort to the situation in your family, whatever it may be, training the boy's beagle to run, his little feist dog to tree squirrels, his springer or retriever to work– and Christmas will become the reason for much that is valuable in the dog-human relationship in your home.

No time is more neighbourly than the Yuletide. In order that we may be good neighbours around the calendar, however, some of us have got to do a bit of soul searching. I have long been aware of the part dogs play in neighbour trouble, but not to the extent to which bitterness and resentment can grow because dogs, unconscious of the part they play, commit nuisances and damage and even cause some people to live in fear when they are not under proper supervision, until the recent movement to provide a dog ordinance in our town. At the public hearing there were countless reports of dogs chasing cars, making regular raids on garbage cans, killing small pets of other species, digging up gardens and ruining shrubbery, despite appeals to the owners. In committee later, when, as chairman, I could question members about the attitudes of owners, the reactions of some were pretty difficult to understand. One man maintained that the damage done shrubbery when he walked his dog should not be objected to because his dog was on lead. Another felt that, since he knew his dog was harmless, the old lady down the street was unreasonable in complaining when his dog jumped up on her and sometimes knocked her down so that she was afraid to appear on the street alone. A woman maintained that, since she paid taxes on a large piece of land, her dog had a right to run loose, though evidence indicated it spent much of its time running deer with dogs allowed similarly at large. Many were sure their dogs never committed any nuisance, though admitting that they knew not where they were for several hours every day.

Unfortunately, the real damage done by dogs in our town, though incidents were many, was dwarfed by the bitterness and ill will resulting. Few owners seemed to realize that one man's garden might be as important to him as the dog to the owner or that the mildest dog had no right to instill fear in anyone – the confidence of the dog's owner having nothing whatsoever to do with it.

Isn't this a good time to take stock of your neighbour situation? You may already be a good neighbour by being a really good dog owner, but, if you allow your dog privileges at your neighbor's expense or are too irresponsible to keep your dog under control, do something about it now. Your attitude may be "Love me, love my dog", but you can be sure that your neighbour may love your dog and detest your irresponsibility in not caring for him properly if you are an offender. You can truly extend the spirit of neighborliness the year 'round by providing now for training and restraint that will protect your dog and reduce the imposition on the neighbourhood.

Whenever there is something to be done that will benefit Rover, get the Christmas feeling and do it.

SCOTTISH TERRIER SPECIALTY

I feel I ought to put on record my appreciation of the hospitality and goodwill shown me as a guest of Dr. Stewart Carter and the members of the Scottish Terrier Club of Kentucky at their 15th Annual Specialty Show Sunday, October 25. It was certainly a most enjoyable and friendly show and I hope it may go on increasing in popularity year by year.

The judging of best of breed was a grand sight: seven dogs and two bitches making up the class, all worthy champions of the breed, real hard-bitten terriers. This was the best class of "die hards" I have seen for some time. It was no easy task for Mr. Charles Slatler of Westwood, N.J. to select his best of breed.

From the ringside it appeared to be a battle for the award between Ch. Blanart Bewitching and Ch. Glendoune Gwenda, two outstanding bitches. The award finally went to Ch. Blanart Bewitching amid great applause from the ringside.

While visiting Dr. Stewart Carter's Kennels I had the pleasure of going over the grand old warrior Ch. Edgerstone Troubador (sire of 28 champions). In spite of grey hair on the muzzle and his ten years he still could trouble the best. A great Scottish Terrier and a credit to the breed.

by W. McDerment

TIP FOR THE NOVICE

The itchiness of the common "hot spot" can be relieved with the application of one tablespoon of Chlorox mixed with two cups of warm water. Apply generously three times daily with cotton pad well soaked. Continue treatment for several days. This solution helps save hair which otherwise is likely to be lost in the "hot" area.

REVIVAL OF THE ESKIMO BREED

In the early 1900's the Eskimo dogs were the key to the frozen wastes; silently and willingly they worked until they dropped in their traces; without them the secret of the Arctic and Antarctic might have remained buried

THE Eskimo Dog, virually unknown and totally extinct in the registered state until a short time ago, is making a comeback.

In 1956, A. R. Trummel of Edmonton acquired an Eskimo Dog bitch while on the DEWLine and in 1958 he imported an Eskimo Dog stud from the United States. The imported dog wasn't registered with the American Kennel Club but all ancestors, several generations back, were registered with the AKC. This dog was a direct descendant of the Eskimo Dogs which accompanied Admiral Byrd on one of his expeditions. In August 1959, the CKC registered, under Article 28, Section "D", of the By-laws the bitch and her litter of five — but not the sire due to his having been whelped in the United States. These six Eskimo Dogs are the first ever to be registered with the CKC although the breed standard has been accepted by the CKC for many years.

Twenty to 50 years ago the Eskimo Dog was a popular breed in the United States and many were registered with the American Kennel Club. This popularity was almost exclusively due to the publicity given to the breed in connection with the great Arctic and Antarctic expeditions at the turn of the century. Eskimo Dogs exclusively comprised the rugged teams which transported Admiral Peary to his historic discovery of the North Pole in 1909 and two years later were again exclusively used —this time by Roald Amundsen on his equally historic discovery of the South Pole. During the great expedition period, Eskimo Dogs compiled more Arctic and Antarctic mileage than all other breeds combined as they were used entirely on the majority of the expeditions, the most notable of which were: Admiral Peary's pre-1909 Arctic explorations, Commander MacMillan's Labrador Expedition, Greenland Expedition and Polar Expeditions; the Kane Polar Expedition; Greeley Polar Expedition, Cook Polar Expedition and Hayes Ellsemere Expedition. The National Geographic Book of Dogs quoted Admiral Peary in the following tribute to the Eskimo Dog: "Day after day they struggled back across that awful frozen desert, fighting for their lives and ours; day after day they worked till the last ounce of work was gone from them, and then fell dead in their tracks without a sound". National Geographic goes ahead to say: "Without these dogs, neither Peary nor Amundsen could have reached their respective ends of the earth".

SECOND IN A SERIES OF FOUR

DEVELOPMENTAL GENETICS AND KENNEL RECORDS

by DR. LEE FORD

In case you are wondering if this is the same article as Article I, it is a different one! The other referred to individual dog records, this one deals with a composite of the individual dog records, hence we call it "kennel records". Today we present another most useful tool of the dog owner and breeder, the "master pedigree method of study" in connection with developmental genetics and kennel records.

So we must assume that you have read article I and thus know how to keep individual dog records, and we must also assume that you are now interested in knowing what to do with them after you get them! Hope you got your records in order since last issue, so we can proceed now with a good analysis of all the records you have. If you did not get around to setting up your individual dog records, maybe you can start right now, and then "catch up" with us by next issue!

Let us say we have the evaluation sheets of our dogs of our own breed which we have in our own kennels. So we can at least put them into the master pedigree. And as we work, we may wish to get at least records of their parents. And we will also wish to add the data we get from the litters in our own kennels. Thus we will be working closely (at least to begin) with three generations: (1) the breeding dogs we own (2) the parents of our own breeding dogs (3) the offspring from our own breeding dogs.

Making up a master pedigree isn't very difficult to begin with, and as you have more and more dogs to add, you just seem to know how to make it more complex! The procedure is as follows: (1) Make up a master pedigree of the two (or more) dogs involved in your own immediate breeding program, and their parents. (Not much use to go beyond parents or at most grandparents) plus their known sibs (brothers and sisters) and any offspring you may have from them. Also include any litters they may have had previously before you obtained them and of which you know anything at all. This then is worked up and then reworked in good form, as you have seen other pedigrees. Each female is represented by a circle, each male by a square. Matings are shown with lines connecting the two dogs and litters by a line coming from the two connecting lines. Each dog is given a number and the numbers are listed in order on a "key" sheet, with the actual CKC or AKC name and "call' name of the dog listed beside it. This is for the breeder's own information. The only thing seen by the outsider is the set of numbers on the breeding chart, provided the breeder wishes to show it to anyone. (2) The second step is then to make one or more "supplemental" pedigree charts showing common ancestors of the two dogs involved, especially in further back generations, if such exist. If none, one could simply indicate this, or if there are certain "key" dogs, one can show at least these. One then lists these numbers with identifications and is ready to begin the next step!

Let us assume we have taken the first step and have made up a blank master pedigree of our dogs, having in it only the dog's number as assigned. Now we are ready to begin our "master pedigree analysis" of our kennel records, based on the individual dog records. So we must now make up a number (maybe 50?) of these master pedigrees, using a mimeograph or ditto or similar sort of duplicator, and have available a series of pedigrees for use. We can include the dog's numbers either in the circles or below them if we wish, or we can simply omit them and learn which dog is which by referring to the original copy.

Then we go back to our individual evaluation sheets, and must take now that very difficult step of checking our evaluations. We realize we have made errors. But as we continue to work and rework our line, and as our understanding of our standard and our evaluation and our dogs improves, we become more objective in our thinking, and then our written records improve! Some things which we might have a record on and wish to now make out a master pedigree on might include: head, ears, eyes, muzzle, neck, throat, shoulders, chest, back ribs, forelegs, feet, hips, thighs, tail, coat, color, height, length, weight, gait, movement, temperament, showmanship, etc. Or subdivide them as you wish! Be sure that as you use a characteristic on your individual evaluation sheet you either explain in words or illustrate with a photo or good bona fide sketch just what you mean!

So we evaluate each dog possible. Then we take *one* of our master pedigree charts (one made by ditto) and use it for "coat" for example. Only one characteristic to a sheet. Then we put the evaluation of the dog for that characteristic, (e.g. coat) in the place where that dog is located (square or circle) in the master pedigree. For example, if dog #10 is evaluated as 9 points for head, then on our master pedigree sheet for "head" we put in "9" where dog #10 is located.

The trouble is, of course, that we will have many dogs on which we will have no data. Also, most or all of the characteristics being studied will not follow a typical Mendelian pattern of inheritance but will be most complex. Thus most inheritance of these "conformation"' or "ring" characteristics will follow the multiple factor or quantitative type of inheritance, many genes affecting the end result. But we can get some value nevertheless! We can begin to see how often the "9" appears in our best show or breeding stock. We can begin to get some idea if it is worthwhile to continue selecting, or if our selection is being effective. If the trait is indeed genetically controlled, or if it is segregating out in spite of us, then it must be either to a great degree environmentally controlled, or some strange thing is affecting it which we have not been able to control. Thus we are indeed studying developmental genetics, through analysis of written records.

True, we have not done much of anything but set up our method of procedure. This is a lot of work and takes patience and hard thinking. But from it, with time and study, we may be able to do quite a bit of "scientific" thinking and study without knowing all the genetic details! This we will try to cover more later.

You will find as you keep written records you will want to keep records of other things about your dogs, also. Details such as heat periods, stud services of the males, litter records born to the males from outside females, vaccinations and veterinarian treatments, temperature checks, accidents or unusual happenings to the dog or puppy, sales and addresses, agreements verbal should be in writing, CKC and/or AKC numbers and pedigrees and all sort of detail incidental to the dog. This should be in some sort of sensible form so easily accessible.

Another suggestion is to carefully record anything unusual about the dog, special veterinarian check-up for hip or

(Continued on page 68)

Shows were held in a secluded section of the beautiful Botanical Gardens. Spectators and exhibitors awaiting their turn basked in the sun and enjoyed the brilliantly coloured trees and flowers seen in the background.

BERMUDA

For participants in these shows it was travel, adventure and excitement in an island paradise

LUCKY were the people who with their dogs ventured on the first Canine Airlift to shows outside of Canada and the United States. The Eagle Airways (Bermuda) charter Viscount was a paragon of comfort and smoothness. The dogs rode comfortably in their crates and after a few hours were seasoned air-travellers.

Throughout the three days of the shows the sun shone gloriously over the beautiful Botanical gardens, the invigorating ocean air a delight to dogs and people alike. The dogs were benched in the shade of huge marquees.

From early morning to past midnight the visitors basked in the warmth and genuine hospitality of the gracious Bermudians. This atmosphere permeated the shows. To many, this trip was the highlight of shows and holidays. "Never", it was heard over and over again, "have we enjoyed a show so much". Long before the shows were over most exhibitors were planning their next year's Bermuda trip.

The 1960 Airlift is now under consideration, and will probably comprise a week, enabling visitors to combine the shows and a longer holiday.

The accommodation can be the luxury of hotels or the comfort of inexpensive, attractive cottages, with most owners more host and hostess than proprietors – and dog lovers as well.

Judge A. A. LePine awards Best of Breed to the silver Toy Poodle, Ch. Mar-Con Tata of Tyldesley, owned and handled by Mrs. D. T. Weir. Right: Mrs. James Kyme.

The Kerry Blue Terrier, Ch. Tailteann's Rare Gem, took Best in Show the second day. L. to r.: Lady Florence Conyers, Bermuda KC President; Mrs. Eileen McEachren, Todmorden, Ont., breeder-owner-handler of Rare Gem; Mrs. P. A. Margeson, judge; Mr. Sydney K. Lafoon, American Consul General and Mrs. Lafoon.

L. to r.: Mrs. Elisabeth Golby, Willowdale, Ont. with her Sapphire Spring's Reviva Trusha; Miss Ruth Robinson of Willowdale with her Billiblu's Bewitching Miss and Mrs. McEachren with Ch. Tailteann's Rare Gem.

Popular at the shows were Mr. and Mrs. A. Roberts, Toronto, with their Wire-haired Fox Terrier, Can. and Am. Ch. High Command of Wildoaks. Mr. Roberts, 82 years young, showed his dog at all three shows and placed second in the Terrier Group each time.

Prior to take-off of first Canine Airlift, dogs and passengers wend their way to the Eagle Viscount at Malton Airport. Shortly after landing winter suits were exchanged for Bermuda shorts.

Bermuda Kennel Club Officers include l. to r.: Lady Conyers, president; Dr. J. W. Sutherland, vice-president; Mrs. Conway Trott, treasurer; Mrs. Edward Flieger, show secretary; Mrs. Conrad Engelhardt, show superintendent; Mrs. John C. McAteer, Show Chairman.

A group of Poodle fanciers get together. L. to R. Mrs. G. Thompson of Scotland, Mrs. Roderick Young, Bermuda, Mr. and Mr. and Mrs. Ken Ellis of Streetsville, Ont. and Mrs. Inez Voisey, Bermuda.

The chocolate Standard Poodle, Ch. Donna of Westford Ho, took BIS two days. Shown with Judge Louis Murr, William Trainor, breeder and handler and the Hon. J. W. Sykes, Acting Governor of Bermuda.

One of the most-photographed dogs was Collinwood Masterpiece, English Cocker Spaniel handled by Mrs. Pamela Sims of Ottawa. "Mike" is owned by Dr. Donaldson B. Cooper of Haverford, Pa., who also attended the shows. He is shown here with

JUDGING IN BERMUDA

by Mrs. P. A. Margeson

The gracious hospitality of Bermuda begins when one steps aboard the Queen out of New York. After the rush and push of that great city it is a very welcome surprise indeed. One can well understand why so many sail on the Queen for just the cruise. Naturally, one is greatly impressed sailing out of New York, past the statue of Liberty with the realization of all it stands for, while the spectacular shores of Manhattan fade in the distance. Then for the next ten days we were in a different world where, in marked contrast, no one seems to hurry.

Approaching Bermuda is truly like coming upon a gem of many colored facets rising from a setting of sapphire blue. We were fascinated by these lovely Islands long before we landed. I am sure you have read or will read elsewhere of the colorful landscape of this rather rugged coral land, with its many small islands covered with green, lush foliage, flowers of about every hue and shade, the many sandstone buildings all in soft pinks, blues, greens and yellows with snow white roofs. The large pure white water-sheds and expanse of soft yellow sandstone cliffs from which is cut the blocks used to build the attractive buildings. So many of them on different levels account in part for the attractive color effect we found so lovely as we sailed into the port of Hamilton. We were told that the water tank to catch the rain water from the roof is built first, then the house over it; and gathered the water tank to be about the most important part of any structure. Such were a few of our impressions as we approached the Islands by sea.

We learned to love Bermuda in even the short time we were there. Its people gracious, friendly and hospitable; the atmosphere incredibly relaxing and different. One surprising difference was the taxi service. After being in a traffic accident in New York while our Man Friday was driving in and out at a teriffic clip on wet streets, the reason for which only he had the answer, the gentle 20 miles an hour allowed in Bermuda and the calm courtesy of the Bermuda taxi man was something to appreciate. Then the ferry, which is just another taxi, seems to stop at all waterfront hotel docks from Warrick to Hamilton Front Street and takes some thirty minutes, proved to be the longest ride for 14 cents in our experience. So by land or sea one could be quite sure of arriving right side up, in one piece and without a single ruffled feather.

While speaking of taxi men, no trip to Bermuda would be complete without a tour of all the parishes in one of those famous small, open cars with the fringe on top, driven by one of those well informed men who leave no blade of grass, no leaf unturned in explaining the natural beauty, every last point of interest and much of the history of the Islands. When there is nothing to explain, which I grant is seldom, he has the wisdom to remain silent and allow the land, the sea and sky to find the way into your heart.

Our readers of *Dogs in Canada* will have a full and interesting account of the shows I know. There, for the first time, we met the very efficient, friendly and charming editors of our magazine, who are doing such a grand job for us. However, perhaps I may say just a few words to congratulate the Bermuda Kennel Club on their three very successful, well organized and executed shows. The ring stewarding was excellent and I may add, all ladies of the Club. All will agree the quality of the dogs to be equal and even above many larger shows. The sportsmanship was marvellous, which accounted in no small part for the relaxed and pleasant atmosphere throughout the three days of perfect weather. A fourth ribbon was accepted with as much grace as a first . . . and may that long continue. It is safe to say . . . if anything ever is . . . that many awards could be said to be comparable to hair splitting, so close were they.

The Club members left nothing undone which would contribute to the enjoyment and pleasure of exhibitors, judges, visitors and just everyone and it was so truly appreciated. Following the shows we were generously entertained which gave us further opportunity to get acquainted. I could not single out any one person, it all seemed just good team work and we know how important that is in any Club. The Bermuda Club is most fortunate in having for President naturally gracious and charming Lady Conyers, so genuinely interested in the Club and well known for her Poms . . . and knowledgeable interest in horticulture.

We feel no doubt of the successful continuance of the Bermuda Club and predict a bright future for this comparatively young Club. Our hope is that many of our exhibitors may have the opportunity of showing their dogs there and meeting its enthusiastic members.

So regretfully we said farewell to the Islands under the bright sun, set in an ocean of sapphire blue.

INTERVIEW WITH BLANCHE SAUNDERS

Chatting with Blanche Saunders, world-renowned obedience trainer and author, an old subject came up: the obedience-trained dog in the ring. How can a dog trained to heel and sit when his handler stops stand properly for show?

Miss Saunders would like to see the automatic sit at heel eliminated, with the dog sitting on command instead. He should be permitted to stand during a pause in obedience as he would before a judge. This then would help close the gap between obedience and conformation and undoubtedly increase entries in both shows and trials.

"This could happen only if the Canadian Kennel Club and the American Kennel Club could get together," she said. She urges that if and when the obedience rules are revised, they would give strong consideration to this point. As neighbours, it would seem a logical thing to have identical rules and standards in all phases of dog competition.

On the point of proportion: obedience rules require jump heighth to be 1½ times that of shoulder height. How can this apply to deep bodied dogs such as the Sealyham. How can it be applied to a Dachshund as well as a Samoyed? Miss Saunders believes that the height should be reduced for short-legged breeds.

With regard to Breed standards, they could be more explicit. Even as a long-time breeders of Poodles Miss Saunders has trouble finding the exact meaning of the recently revised Poodle standard: "Shoulders which slope back from their point of angulation at the upper foreleg to the withers". The proposal also calls for "neck well-proportioned". Asks this specialist: "In proportion to WHAT?" The present specification for feet requires "Toes well arched and close, pads thick and hard." Says Miss Saunders: "This condition is frequently the result of disease".

Her suggestion: When your breed club discusses any proposed revision to a standard, make it so clear that a novice can understand it, and judges will not have a great leeway in interpretation.

BERMUDA POINT SYSTEM

While the Bermuda KC shows are operated under the rules of The Canadian Kennel Club, the championship point system is somewhat different:

1 point if awarded Winners
Add 1 point if awarded Best of Breed
Add 2 points if awarded Best of Group.
Add 1 point if awarded Best in Show.

Thus a Bermuda championship is a little harder to earn than the usual CKC title. Officials explain it this way: purebred enthusiasts are becoming increasingly interested in purchasing purebreds and breeders in improving their stock. It is important to them, therefore, to encourage competing dogs of a high calibre.

DOGS and PEOPLE

Died: *Frank R. Warton*, 70, nationally known in horse racing circles and in the dog world, in Chicago. A retired vice-president of The Quaker Oats Company, he had been ill for several weeks. In 1938 he was named head of Chappel Brothers, then manufacturers of Ken-l-Ration, the first canned dog food on the market. When Quaker acquired the assets of that company in 1942, he became vice-president of the dog food division. An enthusiastic lover of dogs, he was always found at the Westminster Kennel Club show and other shows as time permitted. He served for several years as one of the judges in the annual Dog Hero of Heroes competition . . . *June Havoc*, star of Broadway's "The Warm Peninsula" was guest of honour at the November 18 meeting of the Dog Fanciers Luncheon Club at Luchow's It was "June Havoc Day" for the actress, who owns Yorkshire Terriers, Chihuahuas and a rare Chinese Crested. Other highlights: a preview of the film "Westminster 1959" produced by J. Kilburn King and a talk on dog genetics by Dr. W. H. Rannels of Milford, N.J. . . . Guests of *Mr. and Mrs. Conway Trott*, Bermuda, were *Mr. and Mrs. Ken Ellis*, Streetsville, Ont. During the dog shows Mr. and Mrs. Trott entertained on several occasions for dog show visitors and Bermuda KC show committee members. . . . *Mr. and Mrs. Clarence Stevens*, Toronto, recently entertained a number of friends at an "at home". The occasion marked Mrs. Stevens' 20th year as secretary of The Progressive Kennel Club of Canada . . . *The Provincial Irish Setter Club*, Toronto, recently enjoyed a program of sporting films sponsored by the *Ralston Purina Company*. One obedience film was greatly appreciated. The hunting pictures are always popular. At the close of the program refreshments were served and a chat with Messrs. Flaherty and Jafine of Purina, concluded the evening.

Niagara Peninsula Retriever Training Club members who competed successfully in the Western New York Club Sanction trial recently were *William J. Hutchinson* who went first with FT Ch. Van Wagner's Kernal, second with Bing of Penlope (Jasper) and *Fred Dartnall* who placed third with FT Ch. Rathrippen's Black Star (Tarzan). The dogs are all male black Labrador Retrievers. Mr. Hutchinson ran the B.C. Amateur Licensed Trial a week later where Kernal placed 4th and Jasper received a CM. . . . Having just added a Bermuda championship to her many titles, Tailteann's Rare Gem took the Dallas, Texas Kerry Blue Terrier Club Specialty November 14. She was shown by breeder-owner *Mrs. M. Eileen McEachren* . . . The home bred German Shepherd, Lucille of Cara Mia, who completed her championship at the Burlington Show this Fall, took WB and BOS at the German Shepherd Dog Club of Rochester, N.Y. Show held in October – under the renowned Shepherd specialist, Reginald M. Cleveland, for major points. Bred, owned and shown by Mrs. Mary Southcott, Milton, Ont.

Among the Canadian dog owners and enthusiasts who attended the Bermuda dog shows were: *Mr. and Mrs. Harry MacKendrick, Mrs. M. Eileen McEachren, Mrs. D. T. Weir, Miss Bay Meyers, Miss Pamela Sims, Miss Dorothy Johnson, Mr. and Mrs. A. Roberts, Mr. Mervyn Taylor, Miss Ruth Robinson, Mrs. Elizabeth Golby, Mrs. Paul Wheadon, Mr. and Mrs. James Stutt (Claire Wallace), Elizabeth Dunn and Kaye Peer.*

Guest speaker at the 4th Annual International All Breed Convention of the Dogs of Orange Empire held in Fontana, Calif., was Mrs. Eileen McEachren, who gave an insight on differences between American and Canadian Shows and functions of the CKC. She was later made a member of the OEDC. Principle resolution of this important convention: "to seek . . . through mutual understanding, better ways to promote the purebred dog in North America."

Morgan, the Basset Hound actor, died October 29 in Larchmount, N.Y. at the age of 15. He did no tricks but his studied yawn and doleful look were frequently pictured in national magazines and newspapers and he is credited with helping to popularize the breed. For the past three years he has been in the care of Dr. Maurice Serling. Morgan has been placed in the Hartsdale Canine Cemetery, Hartsdale, N.Y.

—photo by Mrs. Alex Casgrain

Pictured here are Eastern Townships (Quebec) members of the Mountain City Obedience Club who participated in the trial at North Hatley: l. to r.: Miss R. Taylor and Cricket, Mrs. K. Y. Stanton and Suzanne, Miss Claudie Smith and Kiltie, all of North Hatley; Raymond Roy and Suki of Sherbrooke, David Waldron and Tina, CD of Lennoxville, T. G. Masterson and Tammy of Lennoxville; Miss Elaine Stuart and Suzette, North Hatley. The trials were the first of their kind in the Eastern Townships and netted more than $100 for the St. Francis District SPCA.

Lady Greyhound, America's First Lady of Transportation (*Dogs*, October) was named by the World League for the Protection of Animals, London, England, as the 1959 American Canine Symbol for World Animal Day, October 4.

World Animal Day, internationally celebrated, was founded by the League in 1928 in memory of St. Francis of Assisi.

RECENT SHOW WINNERS

Kimtale's Schooner Bounty, Newfoundland bred, owned and handled by Mrs. A. R. MacKenzie, shown taking BCBP in Show at the Miramichi Kennel and Obedience Club, July 11, under Judge Lawrence Garvie, also took BCBP in Show at Fredericton, KC August 18 under Judge Percy Roberts, BCBP in Show, 3rd in Working Group and BCB in Group, August 21, under Judge Peter Smith, 4th in Working Group and BCBP in Group at Picton County KC September 19 under Judge Jack Fry. All wins were made under nine months of age, pictured at seven months.

Pictured here is the American Cocker Spaniel, Ch. Riptide Vagabond Duke who went BIS at the New Glasgow KC show August 29 under Judge Mrs. P. A. Margeson. He is owned by Mrs. H. Hyson of Halifax and was bred and handled by Colleen M. Hague, Riptide Kennels, Shearwater, N.S.

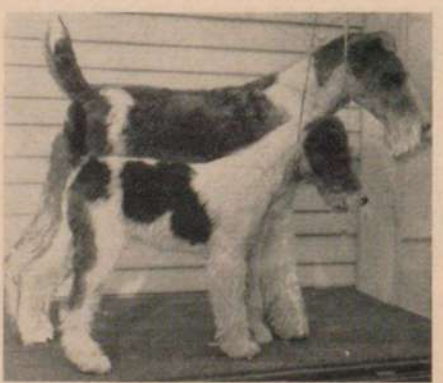
The 15-month-old Doberman Pinscher, Ch. Schauffelein's Blackberry Brandy made a 5-point win at the Chicagoland Specialty October 11, going WD over 35 males under the famous judge, Marcel Demangeat of Nantes, France. Bred and owned by Mr. and Mrs. R. L. Purdy of Cheltenham, Ont.

Shown here is the remarkable young standard Smooth Dachshund, Ch. Silverdale Noble Knight, bred and owned by George Kynoch, Vancouver, B.C. Since his first big win at Winnipeg August 14 he has won 3 BCB in Show, ten BCB Puppy in Show, and 1 Best Puppy, as well as nine Firsts in the Hound Group. Sired by Ch. Count Craigmiller Silverdale ex Ch. Climax of Craigmiller, he finished his championship under eight months of age.

photo by Len Mocklow, BNB

Ch. Boxerly Sheila Robin, year old Miniature Schnauzer, took the breed in the first Bermuda show under Mrs. P. A. Margeson and went on to third in Group under A. A. LePine. Handled exclusively by Mrs. D. T. Weir and owned by Miss Dorothy Johnson, Toronto. In the two succeeding shows she went Best Opposite Sex.

Shown here is the outstanding young Samoyed, Arctic Lass of Ziska, whose amazing wins were mentioned in the *Dogs* (*November, p. 61*). She has since earned her championship. Owner is Mrs. R. Barnes of Calgary, Alta.



At the Burlington and District All-Breed Show September 26, the Terrier specialist, Judge Alec Napier, awarded BOB to Runwyre Raffles and WB and BOS to Raffles' daughter, Ritzi-Mitzi of Runwyre. Five Wires present. Photograph shows Ritzi, aged four months, with her sire. Both owned and handled by Mrs. Pamela Running, Runwyre Kennels Reg'd., Brampton, Ont.

RECENT SHOW WINNERS

At the recent Wallaceburg KC All-Breed Show, the German Shepherd, Ch. Ero V.D. Auwallenburg, was Best of Breed and 3rd in Group and his daughter, Ch. Sussex Leigh's Wendy of Donami completed the family picture by going Best of Opposite under Judge Mrs. Thos. Joel. Ero is owned by Mr. Harry Watson of Adanac Kennels and Wendy is owned by Mr. and Mrs. John Logan of Donami Kennels, Sarnia, Ont.

(Photo by S. J. Swannie)

Pictured here is the Collie, Ch. Quarrybrae Silent Night, owned by Mrs. S. J. Swannie, Aldershot, Ont., taken shortly after completing his championship (CKC confirmed) finishing at the Canaid Canine Club Show, Dixie Arena, September 13, going Winners under Judge Peter Smith. The previous day he went BW at the Oakville Show, Judge Earl Adair. Prince is a son of Ch. Parader's Quarrybrae Select ex Ch. Pleasant Hill Secret Affair and was bred by Laura and George Getty, Willowdale, Ont. Handler, Lorna Jackson.

Ch. Konigshausen The Apache, (awaiting CKC confirmation) Doberman Pinscher, was BOS under Mrs. Thomas Joel at the Wallaceburg KC Show October 3 to finish in two months of showing. Owned, bred and handled by Dr. and Mrs. G. J. King, Konigshausen Kennels, Georgetown, Ont.

The white Standard Poodle, Ch. Chenue de la Fontaine is shown winning BIS at the 2nd Canadian All Pets Show, Montreal, October 10, under Judge Percy Roberts. Handled and bred by Bobbie Ellis of Streetsville, Ont., Chenue is owned by Dr. and Mrs. Stehr of Sault Ste. Marie, Ont.

The Shetland Sheepdog, Ch. Rosslynns Daintys Dividend, took BCBP in Show under Judge Percy Roberts, also BOB and 2nd in Group October 10 at the Canadian All Pets Show in Montreal: October 9: BOB, BCB, BCBP, 4th in Group and BCBP in Group under Judge Rees Davies. October 11: BOB, BCB, BCBP in Breed under Judge A. A. LePine. September 26 at Burlington under Mrs. Smuck: BOB, BCB, BCBP in Breed, thus completing her championship in three straight shows, all majors. Sire, Ch. Summits Gold Dust, CD; dam, Sutherlands Little Luana. Owner, Mr. Grant Ross, Greenfield Park. Handled by Mrs. R. H. Mingie.

Adding another Best in Show title to a growing list. Ch. Kerry Croft's Finian's Finale, Kerry Blue Terrier took top honors at the Oakville, Ont. KC show. Owned and shown by Mrs. Eileen McEachren.

If you would like your winning dog in this column, the cost for a one-column cut, including cut-line, is $6.00. Copy to appear in cutline: name of dog, kennel and owner, win, show and judge. Absolutely no advertising copy may be included. PAYABLE IN ADVANCE. *Note: Best in Show photographs are published without charge.*

IN THE FIELD

by Andrew Cumming

Address all correspondence to
122 Royalavon Cresc.,
Islington, Ont.

In the Field is a new feature to be carried each month by *Dogs in Canada*. It is designed to appeal to the field trial men in general, and particularly to deal with Canadian Field Trial activity. I myself am a Beagle man, so that the first two articles will deal with the Beagle Field Trial picture. A great deal of help is going to be needed from you Retriever, Spaniel, Fox Hound and other gun dog men. The only way that this column is going to be a success is if you fellows get behind it and start sending your articles into the above address. I have volunteered to collect this information, on a temporary basis, until someone more qualified is found. If you want this column to continue, then let's all get behind and give the necessary help.

Field Trials

Probably the most common question we have been asked is — "What is a field trial?" and "What do the dogs do at a field trial?". The most simple definition is that a field trial is a contest designed to compare the hunting ability of all the dogs in the same classification at the same trial, and to select from their number the dogs which fulfill these requirements best. This contest is carried out in the natural environment of the game being hunted, and in most cases on wild game. The dogs are actually carrying out the work in competition which they have been bred to accomplish.

Beagle Field Trials

For our purposes here in Canada, the Beagle Field Trials are divided into two main groups. There are the Brace Trials, where the hounds are run in pairs and generally on cottontail rabbits. The other types of trials are the Pack Trials, where the hounds are run in large packs, and the game hunted in this case is the Snowshoe or Varying Hare. This first article will deal with the method of testing hounds by running them in braces or pairs.

At a Beagle Field Trial, the hounds are divided into four main groups. These groups are Females 13" and under, Males 13" and under, Females over 13" but not over 15", and Males over 13" but not over 15". This measurement is taken across the shoulder blades at the highest point when the hound is standing in a natural position. This measurement is important, as additional height can give a hound a decided advantage over his bracemate.

Nearly all Beagle Field Trials are conducted on a post entry basis. That is, you make your entry when you arrive at the field trial grounds. When all the entries have been made in a class, and all the hounds competing in that class have been measured to see that they do not exceed the height limitations, then the Field Trial Secretary proceeds to make the "draw". Some draws are made by simply shuffling the entry forms and having some unbiased person select these at random. Other clubs number the entries and use a bingo type of cage and balls to draw the braces. Hence, the first hound drawn competes in the first brace with the second hound drawn. The third hound competes in the second brace with the fourth hound drawn, and so on until all the hounds have been braced with another hound. This is called the first series.

The hounds are then taken to the field, and the first series is started. Normally, all the spectators form a line known as a "gallery". This gallery is supervised by a "Field Marshal". At the command of the Field Marshal, the gallery moves forward with the object of finding game. At the same time, the handlers of the two dogs in the first brace release their hounds for the same purpose. The purpose of having the gallery assist the hounds in finding game is for speed only. Most trials are conducted in the course of a weekend and when you have 80 or 90 hounds to run in first, second and third series, you will probably need about the same number of rabbits. The sooner game is put up the longer the judges have to select the best hounds. The trial must be completed in the hours of daylight, as you have no artificial lighting in the field. When the game is started, the gallery is brought to a halt, and the two handlers put their hounds down on the "line" of the quarry which has been sighted by one of the gallery, or started by one of the hounds. At this point, the judges take over and determine from the hound work that they observe which, or if either of this brace of hounds, should be compared with other hounds in a later series. The points on which these hounds are judged are as specified in the Field Trial Rules and Regulations, Beagle Field Trials, Instructions to Judges. At the conclusion of the first series, the Judges select the hounds in order of merit as they saw them perform in the field. This selected group are then braced in the order in which they were selected, and run in a second series. A third, fourth or fifth series may be required until the Judges are satisfied that they have placed the hounds in correct order. When this selection has been made, every placed hound must have beaten the hound placed directly beneath him. A word of explanation is essential at this point. By the term "beaten", it is not to be interpreted in the sense of speed, but rather in the sense of better hound work. This type of trial is to select that hound which has performed his work in a manner that most nearly conforms to the standard as stated in the Field Trial Rules and Regulations.

In Beagle Field Trials, we have divided the competition into three main groups, according to their age. The youngest group are known as Derbies. This year's "derby" is a hound that was born on or after January 1 of the previous year. This year's "futurities" are hounds that were born on or after January 1 of two previous years. They are a year older than the derbies. An "all age" hound is as the name applies, a hound older than the above classifications, a hound of any age. A young hound is allowed to run in the "all age" stake, but all age hounds are not eligible to be entered in a younger stake.

Each year the various Clubs in an Association hold qualifying trials for their derby hounds. Each of the placed and reserve hounds at these club trials are eligible to be entered in the Derby Winners Stake sponsored by the association. Since age restrictions are placed on the entries, no championship points are given at these trials. A cash prize of a percentage of the entry is divided among the winners in specified amounts.

In the year 1959, in the Province of Ontario, there were 11 Derby Trials and 19 Licensed Trials. As you can see, there are 30 out of 52 weekends when Beagle Field Trials are being conducted. This does not take into account the "Fun Trials" held by the various clubs. The Beagle Field Trial men and women in Ontario are very active. Beagle clubs in both Quebec and the Maritimes are increasing, especially in Quebec where these groups are very active. If you own a Beagle, and think that you would be interested in this type of sport, by all means contact your local Beagle Club. The true beagler will always welcome good men with good hounds.

TWICE PERVINAL WINNER

Ten-year-old Bonnie McNair of Ilderton, Ont., poses her Boxer, Sue, after winning the U.S. Vitamin Corp. silver plate at the recent Canaid Show at Dixie. This able young handler won the open class for the second time; first was at the CNE shows. Special Pervinal representative Al Drizen makes the presentation. Although Bonnie's parents are Boxer breeders, Bonnie has trained herself to handle.

AROUND THE OBEDIENCE RING

by ALAN SHARP

Your Editor Says

The end of another year is fast approaching. In looking back over the year 1959, it is our belief that it has been a most successful year for obedience training and for obedience trials. We make this statement because we are of the opinion that the calibre of obedience training is continuously improving, and also because obedience trials are being run more efficiently each year. Many people were introduced to obedience training and to trials for the first time during the year and these same people will be striving for obedience degrees during the coming year. The experienced, or veteran handlers were most prominent at obedience trials during 1959 and their presence at these trials certainly helped to maintain the high standard of the trials. At this time, we would like to congratulate all those who were successful in trials this past year. To those who were not so fortunate, we can only say we hope that they will be successful in the coming year.

While 1959 has been a successful year, we must not rest on our laurels. We must all continue to work hard in an effort to maintain the high standard that obedience has attained. Training classes and instructors, and all those responsible for the holding of obedience trials, have important and responsible functions to perform in the dog obedience world. Judges too must remember that their role is of the greatest importance to the sport. All trial giving clubs should put themselves in a position to obtain the best judges available. If this is done, then the contestants in trials know that their dogs have been tested by competent judges. Last, but, not least, is the handler. Since the handler and dog are in the public eye at trials, it is most important that the training leading up to the trial should be on a high level. Much preparation is required for trial work and usually, but, not necessarily always, those who have worked hard are rewarded.

Your Editor would like to take this opportunity to wish all our readers a Very Merry Christmas and a Very Happy and Prosperous New Year. We have enjoyed reporting to you during 1959 and we are looking forward to being with you again during the year to come. —Ed.

Letters of Interest

One of our readers, Mr. E. C. St. John Green of Borden Place, Canning, Nova Scotia, writes to us as follows:

"Your advice on the following would be greatly appreciated. My year old male refuses to Stand for Examination and when restrained by the lead braces himself with forelegs extended; he does not bite the would-be examiner although looking as if he might.

I wonder whether a course of tranquilizers would be beneficial, in time cutting the dose down until finally discarding the drug; if so, what brand and in what dosage for a 20 lb. dog. . . . .

Having several people handle him during an outing has some but only temporary results, as at the next outing he again takes up the skidding stance when approached. In other respects, he shows no aversion to humans or dogs.

If you can recommend a cure, I shall be most grateful."

This letter is being reproduced for two reasons. One reason is that we are pleased to hear from our readers and the second is because it is a letter of interest. We are writing to Mr. St. John Green privately about this matter, but, we hope that if any of our readers have experienced the same problem as Mr. St. John Green, perhaps they would be good enough to pass on to him their remedy.

—Ed.

Recent Trials

Once again the annual obedience trials of the Montreal Dog Obedience Training Club, Inc. were recently held at the very popular Laurentian resort, Chalet Cochand, Ste. Marguerite Station, P.Q. For the benefit of our readers who are not familiar with the district we would point out that the Chalet Cochand is about 45 miles north of Montreal in the Laurentian Mountains. It was an ideal time of the year to be in the mountains for the colouring of the trees was truly something to behold. The Club has held their annual trials at Chalet Cochand for the last six years and they have become a legend in obedience circles.

The 21st and 22nd trials were held on Saturday, October 3 while the Club's 23rd trial was run off the following day. Mr. Samuel A. Gardner, New York, Mrs. Lucile Winter and Mrs. E. J. Cummings of Long Island and Mr. Judson L. Streicher of Scarsdale, New York, handled the judging assignments. A record number of 145 entries were judged in the three trials.

Novice "A" winner with 198½ points in the first trial was a Doberman Pinscher, "Brian's Tie", owned by Mr. Clarence G. Klinger, Shartleville, Pa. This dog also took first place honours in Open "A" in the third trial. In Novice "B" in the first trial, the winner was "Brunnehilde Von Stengel", a Weimaraner with 199 points. Proud owners of this entry are Kay T. and James F. Carey of Norwich, Conn. Mrs. R. Wylie of Lachine, P.Q., a Club member, handled her Miniature Poodle, "Risque Alouette", to first place in the Open "A" class of the first two trials with scores of 195½ and 188 respectively. The House of Seagram Trophy for the highest score in the first trial was presented to Mr. and Mrs. Benjamin F. Watson, Williamston, Michigan, whose Standard Poodle, "Fripon Noir 2nd" earned a score of 199½ points in the Open "B" class. The Watsons also had a field day in the second trial when their Standard Poodle scored 198 points in the Open "B" class to tie another Standard Poodle, "Dorleen's Mystic Moselle", owned and handled by Mrs. Eileen T. Larkin, Rhode Island, for first place honours.

In the second and third trials a Miniature Poodle, "Pepinot Pitre", owned and handled by Mrs. D. L. Mordell of Beaconsfield, P.Q., walked off with first class honours with scores of 192 and 194½ respectively, in the Novice "A" class. The highest score in the second trial was 199 in Novice "B" won by another Miniature Poodle, "Harbridge Petit L'Thibaut". This dog is owned by Miss Sue Ann Reineke of East Lansing, Michigan and she was presented with the Lord Calvert Trophy.

A Collie, "Sir Lad of Ridge", owned by P. and C. Lape of Lebanon, Pa., earned the highest score in the third trial by scoring 198½ in Novice "B". The owners were presented with a trophy donated by Mr. and Mrs. E. Cochand, Jr. Utility honours in the third trial went to "Jacqueline's Poucette", a Miniature Poodle, who scored 196 points

DAM — F.T. CH. (IRISH) STUBBLESDOWN VANDA

GOLDEN RETRIEVERS

born October 29

SEG-MAR KENNELS REG'D.

Mr. & Mrs. Mark J. Seguin

155 Cobourg Street Stratford, Ont., Canada

SIRE — DUAL CH. (ENG. & IRISH) DAVID OF WESTLEY

Awards of these two great Goldens are as follows:

13 Field Trial Awards, including 2—1st, 1—2nd, 1—3rd, 1—4th, 5—CM in Open all Age and 1—1st, 1—3rd, 1—CM in Qualifying. Winner of most Field Trial points in Ireland 1957. Winner of First Prizes at Championship Shows and one Championship Obedience Test.

26 Field Trial Awards in Open all Age. 8—1st, 8—2nd, 4—3rd, 2—4th, 2—CM. Winner of most Field Trial Points in Ireland in 1953-54-55-56. Winner of Cup for most points at Field Trials and Championship Shows in England 1954-55-56. Also two Championship Obedience Tests.

THIS IS THE ONLY BREEDING NOW POSSIBLE BETWEEN THESE TWO GREAT DOGS AND FOLLOWS A PLANNED LINE BREEDING PROGRAM. INQUIRIES INVITED.

GREAT FUTURE FOR GOLDEN RETRIEVERS

Jim Cranston, one of the outstanding trainers in the British Isles who holds the record in the United Kingdom for the making of international dual-champion sporting dogs, describes the Golden as the most faithful of breeds. Mr. Cranston campaigned Int. Dual Ch. David of Westley — a record for Goldens which may stand for a long time. In all he handled David in 26 open stakes and won 8 firsts, 8 seconds, 4 thirds, 2 fourths and two certificates.

Of David he says: "he was a dog I could always rely on. There was always that perfect understanding between us. I was terribly disappointed when he had to be retired as I am sure he could have gone on winning for a few more years, but then Miss Ross had the young Golden bitch, Stubblesdown Vanda, which I made into an Irish Field Trial Champion".

Now Vanda is in Canada and is owned by Mark Seguin, Stratford, Ontario. It all began a couple of years ago when these Golden supporters, as hobbyists, decided they would like to try to improve their stock through importing new blood lines. Their first overseas venture was Karl of Felsberg (Chum), a young Golden whom they purchased from the well known international judge, the late Macdonald Daly. Chum, a son of David of Westley, was then 16 months old and being trained by Jim Cranston who felt he had a terrific future. This past season he has been with Cal Berry of Ravenna, Ohio, who says Chum is one of the most stylish performers he has ever seen.

At the National Golden Retriever Specialty Field Trial held at Rockwood, Michigan, early October this year Chum won the Qualifying stake and was awarded a CM in the Open All Age.

Late last year Mr. Seguin imported two other Goldens from Ireland, also sired by David of Westley, Buidhe Dara out of F.T. Ch. Stubblesdown Vanda and Conquest of Anbria out of Ch. Jane of Anbria, female and male respectively, now 16 months of age. Buidhe Dara now has seven points towards her bench championship. Another import born April 25, 1958, this time from England, is Satinway Wild Magic out of Satinway Wild Holy ex Ch. Camrose Fantango. "Magic" had a five point win at the recent Golden Retriever Specialty Show at King, Ontario, under judge Mrs. Nancy Sturdee. "Magic" is jointly owned by Mr. Seguin and Mr. Robert Price of Fanshawe, Ontario.

Then in August this year Mr. Seguin purchased F.T. Ch. Stubblesdown Vanda from Miss Ross. She was subsequently bred to David of Westley before she was shipped by air to Malton. Vanda now has a new family of Canadian bred Golden Retrievers.

OBEDIENCE RING

(*Continued from page* 21)

for owners Lila Clark and C. Bates of New York City.

Mrs. R. W. Tyner from Senneville, P.Q., a well known exhibitor in Eastern Canada and United States, handled her Standard Poodle, "Petitcote Jubiland Judy", to first place in the Utility Class in the first and second trials with identical scores of 197. Mrs. Tyner was also the winner of the highest combined score in the Open "B" and Utility classes in both the first and second trials. Her dog also scored 198+ in the Open "B" class in the third trial for first place.

The Cochand Trophy for the highest combined score of the 21st and 22nd trials in any one class was won by Mr. and Mrs. Benjamin F. Watson from Michigan.

NUTRITIONAL CONDITIONING

by Howard (PHA) and Sue Nygood
Pixdown Kennels, Wilton, Conn.

An important problem confronting the breeder of show dogs is that of internal conditioning both for body and coat. A lack of uniformity as to nutritional requirements of the dog led us to search the published literature for the latest available scientific information. Our interests have centered around uncovering the necessary nutritional data in order to provide our championship stock with the correct and properly balanced amounts of vitamins and minerals.

A most valuable report was published in '53 by the Committee on Animal Nutrition of the Agricultural Board, National Research Council—"Nutrient requirements for Dogs." This report established the daily vitamin and mineral requirements of adult dogs as well as growing puppies. Most dry dog foods contain less than the specified required amounts of these substances. It is interesting to note that additional quantities of these nutrients are required, whether or not dry dog food containing added vitamins and minerals is mixed with meat in the regular feed.

The vitamins essential in canine nutrition are vitamins A, D, E, B_1, B_2, B_6, B_{12}, niacin and Pantothenic acid. Research workers, in the past few years, have demonstrated the value of a water-soluble

cirtus bioflavonoid compound (formerly called vitamin P). This substance strengthens the capillaries (tiny blood vessels) through which all nutrients and oxygen must travel to the tissues. The bioflavonoids are used in veterinary and human medicine in the prevention and treatment of miscarriage (abortion), and bleeding in the eyes, gums, skin and other forms of capillary bleeding. These substances are also anti-inflammatory and have been shown to have an anti-virus action.

The lipotropic factors (methionine, choline, inositol, vitamin B_{12}, and desiccated liver) are needed to maintain a healthy liver and to promote normal metabolism of fat. We have found methionine, an amino acid, to be of inestimable value. Methionine assists in synthesizing choline and, together with choline, helps move fat away from the heart, liver and kidneys, thus preventing damage to these vital organs. Methionine also contributes to the specific repair of damaged cellular tissue in the liver. Yet methionine is almost always inadequate in dog food with low animal product content.

In our experience, methionine, when included in the diet of a poor eater or a skinny, rangy dog, brings about noticeable changes within 2 to 6 weeks. Appetite is measurably increased, and dogs seem to assimilate their food far better (as proven by increased weight) when methionine is added.

The "*Journal of the American Medical Association*" published an article by E. T. Tyler, M.D., reporting the improvement of motility of sperm in the infertile male with the use ". . . of B. complex vitamins with lipotropic amino acids (methionine and choline) . . ." Following the publication of Dr. Tyler's article, the Biology and Medicinal Division of the Argonne National Laboratories' work with radioisotopes, revealed that methionine helps form spermine, an integral part of sperm necessary for reproduction.

Years ago it was accepted procedure to add to the diet cod liver oil, oleum percomorphum, wheat germ oil, brewers yeast, liver, calcium, etc. However, today, due to advances by pharmaceutical manufacturers in techniques for combining and stabilizing various nutrients in mixtures, first the viatmins, then later the vitamins and minerals were processed into one preparation. Now multivitamins and minerals have been combined with the lipotropics and water-soluble bioflavonoids, simplifying our feeding routine.

We have found Pervinal, a scientifically balanced conditioner containing all necessary vitamins, minerals, lipotropics and bioflavonoids to be most satisfactory. The recent addition of methionine and the water-soluble citrus bioflavonoids to the Pervinal formula has further improved our feeding procedure. We now mix only this one balanced conditioning agent instead of the multitude as in past years. Even the finicky eaters (especially our Toy and Miniature Poodles) like its new taste appeal. We have used many vitamin mineral supplements but have found that feeding ½ to 1 teaspoonful (dependent on dog size) of concentrated Pervinal is far more economical and practical than the larger amounts necessary of other mixtures that provide more bulk but less potency per teaspoonful.

Although we exhibit dogs in the 6 groups consisting of all breeds, the Toy and Miniature Poodles are usually the "problem children." With our conditioning program through feeding, we have not found it necessary to use any external conditioning agents (oils, chalks, etc.) on our poodles before or between shows. Their coats maintain the profuseness and density required of the standard, and regular grooming takes care of the rest.

Healthy and wholesome dogs representing the best of each breed are our aim. Of course, good breeding (top bloodline) in a pup is the first necessary step . . . from there on our nutritional conditioning program takes over.

Speaking of Pets, H. H. Miller, $4.25

Since many dog owners also have other pets, this book is well worth owning. Dogs, of course, receive a good share of attention. Principally, the book, written by one of the best-known authors of canine matters today (for Gaines Research), deals with the selection of a variety of pets, living with pets, i.e. good care but not over-indulgence, training of pets and a special chapter on out-of-the ordinary companions such as bees, a palace of ants, and raising butterflies.

CLUB NOTES

Important: Club Notes are for the purpose of reporting activities and plans of Breed, Group and other specialty organizations. There are certains news items which cannot be considered as "club notes", but rather as advertising material. Names of judges may be used only if the club's show advertisement appears in Dogs in Canada. Wins of dogs which will be or have been reported in The Canadian Kennel Club "Show and Trial Results" cannot appear in these columns. Make your club notes meaty and interesting. Remember, 300 words is the limit.

Associated All Hungarian Breed Club
by Mrs. R. D. McLellan
1492 *Ponsard Ave., Westmount, Montreal*

Mrs. Elizabeth Csengeri, one of our foreign advisors and her four-year-old Puli "Buksi" send Christmas greetings to all our members. Mrs. Csengeri is the President of the "Puli and Tibetterrier Club" in Israel. Most of the Pulis in Israel are employed in their task of herding sheep and cattle.

Elizabeth Csengeri and "Buksi"

One year has passed since our club was founded and its service has extended far beyond the borders of this country in prestige and goodwill. There are 41 active members of the club at the present time. (For list of members, with their addresses please write to the above.)

We are grateful to our American members for the support they have given our club and it is hoped that the same spirit of cooperation may develop between the Puli Club of America and our club in the years to come.

We hope that all our friends and members will have a wonderful Christmas and "good luck and success in the coming year".

B.C. All Terrier Club
by Mrs. J. S. Leedham
1321 *Austin Rd., Coquiltam, New Westminster*

The September meeting was to enable members to enjoy a social evening held at the home of Mr. and Mrs. W. Newby. This was the first anniversary of our club and the big surprise of the evening was a lovely, decorated cake with one candle and small pictures of various Terrier breeds.

Anniversary cake bore tiny replicas of every breed member of the Terrier Group, marking first birthday of B.C. All Terrier Club.

Our October meeting was a very busy one as it was the election of officers. They are: President (for the second year), Mr. John Leedham; Vice, and Secretary Treasurer, Mr. W. Newby.

A sanction show is being planned for the early new year and work is going ahead with the Terrier Specialty to be held next Spring. At the B.C. Ladies Sanction Show on Thanksgiving day a nine-months old Scottish Terrier puppy was Best in Show. She is Heatherhill Tam O'Shanter, bred and owned by Mrs. J. S. Leedham.

Black and Tan Coonhound Club
by R. Lennox

The Black and Tan Coonhound Club of Canada held its first hunt on wild coon at the farm of Mr. Sid Patrick, King Township, Ont., October 30, the first, we believe to be held for registered Black and Tan Coonhounds anywhere. Its worth was proved by the enthusiasm of the participants. Mr. George Armitage, a member of the Department of Lands and Forests of Ontario, attended the hunt and contributed a great deal in making arrangements with the Ontario Provincial Police to assure residents of the surrounding district that this was not a visit from Mars.

Five dogs participated. Mr. Robert Elmy, Thornhill, Ont., entered Rocky and Rollie; Mr. Sid Patrick entered Randy, Mr. Gordon Beswetheuk brought Rufe and R. A. Lennox entered Countess. The dogs were unleashed at

NOTICE

SUBJECT: Listed Dogs.

Effective January 1st, 1959 the Dog Show Rules, the Obedience Trial Regulations and Standards, and the Field Trial Rules and Regulations of The Canadian Kennel Club provide that all awards, championship points, qualifying scores, and prizes earned by a listed dog shall be automatically cancelled sixty days after being awarded unless application for registration has been made to the recording office of The Canadian Kennel Club by that date.

In the show and trial reports published in this issue each listed dog is identified by an asterisk (*).

Owners of listed dogs are urged to obtain registration of their dogs with The Canadian Kennel Club, within the time limit provided in the rules, in order to avoid cancellation of awards, championship points, qualifying scores, and prizes.

T.S. ADAMS,
Office Manager.

KEY TO ABBREVIATIONS

GROUP AWARDS

The letter "X" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred in Group. The letter "Y" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred Puppy in Group.

BREED AWARDS

Class abbreviations—JP—Junior Puppy Class; SP—Senior Puppy Class; N.—Novice Class; C—Canadian-bred Class; E—Bred by Exhibitor Class; O—Open Class.

Class placements—1.—1st in Class; 2.—2nd in Class; 3—3rd in Class; 4.—4th in Class.

Other breed awards—W—Winners; RW—Reserve Winners; BW—Best of Winners; BV—Best of Variety; BB—Best of Breed; BO—Best of Opposite Sex; X—Best Canadian-bred in Breed; Y—Best Canadian-bred Puppy in Breed.

Class Divisions—

Boston Terriers: u—under 15 lbs.; d—15 lbs. and under 20 lbs.; f—20 lbs. and over.

Bulldogs—Males: u—under 45 lbs.; d—45 lbs. and over. Females: f—under 40 lbs.; j—40 lbs. and over.

Great Danes: h—harlequin; d—any other colors, except where separate class for brindles is provided (b—brindle).

Collies—s—sable or sable and white; a—any other colors.

Other abbreviations: SO—Entered and completed for "Specials Only"; Kls.—Kennels.

Breed statistics: 3D, 4B, 2SO; Pts.—D2, B3—means that three dogs were in competition in the breed classes; four bitches were in competition in the breed classes; and two were entered and competed for "Specials Only". The Winners Dog earned 2 points; and the Winners Bitch earned 3 points.

NOTICE
ANNUAL GENERAL MEETING

•

NOTICE is hereby given to all members of The Canadian Kennel Club that the Annual General Meeting of the Club will be held in the

MAYFAIR ROOM

KING EDWARD SHERATON HOTEL, TORONTO, ONT.
on SATURDAY, FEBRUARY 13th, 1960

commencing at 10.00 a.m.

•

Business to be transacted at said meeting will include the following:

1. Minutes of previous Annual General Meeting.
2. Reports of Officers, Directors and Committees.
3. Reports of Club's Representatives to other organizations.
4. Report of Auditors.
5. Reports of Election Commission.
6. Election of Representatives to other organizations.
7. Appointment of Auditors and Election Commission.
8. Proposed amendments (see ARTICLE XXXVIII, Section 4, of the By-Laws).

Section 6 of Article VIII, MEETINGS OF MEMBERS, of the By-laws of The Canadian Kennel Club, reads as follows:

"All ordinary members who had been members as of June 30th prior to the date of the General Meeting and who are members in good standing at the date of such general meeting shall be entitled to attend and vote at such meeting and in the case of a partnership or company only the authorized representative may attend and vote. The members of a partnership who are not the authorized representative, ordinary members who were not members as of June 30th prior to the date of the said meeting, and individual persons who are associate members may be permitted to attend but they may not speak or vote."

By order of the Board of Directors,
N. F. BROWN,
Secretary-Treasurer.

Toronto, Ontario
Nov. 10, 1959

PROPOSED AMENDMENTS

(To be discussed at Annual General Meeting on Feb. 13th, 1960)

PROPOSED AMENDMENTS TO THE FIELD TRIAL RULES AND REGULATIONS

PROPOSED AMENDMENT NO. 1

IT IS PROPOSED THAT:
Chapter 4, JUDGES, Section 1 be amended by the addition of the following to the first paragraph:

"The provisions of this paragraph shall apply to licensed field trials for breeds other than Retrievers and Irish Water Spaniels. The following paragraphs of this Section shall apply only to licensed field trials for Retrievers and Irish Water Spaniels."

and the following paragraphs be added to Section 1:

"No person shall be approved to judge any stake held for Retrievers and Irish Water Spaniels unless he has been approved by The Canadian Kennel Club to judge that stake within a five year period prior to December 31st, 1960; or by the American Kennel Club to judge that stake; or has been recommended for approval by an examining committee after having completed the requirements as set forth hereunder.

"Applicants for approval to judge will submit to the Secretary of The Canadian Kennel Club an application on the official form giving full personal particulars and experience.

"The Field Trial Representative in the area in which the applicant resides shall convene an examining committee of three persons to consider an applicant's qualifications and supervise the applicant's progress as a student judge.

"If the committee considers the applicant has the necessary knowledge and experience they will make arrangements for him to serve as a student judge with two qualified judges in those stakes for which the applicant is asking approval to judge.

"The judges under whom the student served will be asked to make a written report to the examining committee on the student's work and ability.

"No judge should make more than one report on a student.

'An applicant wishing to judge all stakes will be required to act as a student judge for at least two minor stakes - either junior or novice. If the officiating judges report favorably on the applicant he will be permitted to judge two more stakes - either derby or qualifying. If the reports are favorable, the candidate may then serve as a student judge at at least two Open stakes - either all-age, limited, or special. Provided at least five favorable reports are received for this program, the student may be approved as a judge.

When a request is made to be approved as a judge for an individual stake only, both judges are required to report on the applicant, who must act as a student judge for at least three trials and no student may be examined for a major stake until he has been approved for the minor stakes."

THIS AMENDMENT PROPOSED BY:
O. R. Koskinen, J.A.H. Irving, T.R. Lowe, C. L. Charters, A. C. Gorveatt, T.A. Brown & Sons, H. W. Grant, Robert E. Heaton, Oliver E. Krog, Dr. E. H. Sproston.

PROPOSED AMENDMENT NO. 2

IT IS PROPOSED THAT:
Chapter 10, SPECIAL RULES AND CHAMPIONSHIP POINTS APPLYING TO RETRIEVERS AND IRISH WATER SPANIELS, Section 20 be amended by striking out the second paragraph and substituting therefor the following:

"A person shall be considered an Amateur if, in the opinion of the Field Trial Committee of the particular Trial, he has not attempted to receive any part of his livelihood from the training, handling or showing of Field Trial or Hunting Dogs in the calendar year of the Trial or the preceding calendar year.

"A person who does not meet the above qualification, and who wishes to attain Amateur standing shall announce this intention by letter to the Directors of the National Retriever Club of Canada, and at the expiration of a two year period from the date of his letter may be classified as an Amateur in good standing, if during that period, he has refrained from any attempt to derive any part of his livelihood from the training, handling or showing of Field Trial or Hunting Dogs."

THIS AMENDMENT PROPOSED BY:
J.A.H. Irving, T. A. Brown & Sons, H.W. Grant, Robert E. Heaton, Oliver E. Krog, Dr. E. H. Sproston.

PROPOSED AMENDMENT NO. 3

IT IS PROPOSED THAT:
The following changes and additions be made to the Field Trial Rules for Retrievers and Irish Water Spaniels:

(1) To Chapter 3, Section 1, add:
"Reserve to the placing dogs - Mauve."
(2) That the caption to Chapter 5 be amended to read as follows: "SELECTION OF SUPERINTENDENT, MARSHAL OR SECRETARY".
(3) That a new section be added to Chapter 5 reading as follows: "The Field Marshal of a Trial for Retrievers and Irish Water Spaniels shall at all times during the Trial wear a distinctive colored ribbon printed to indicate his office.".
(4) That in the Standard Procedure for Non-Slip Retriever Trials there be added to Section 3 a new subsection 'D' reading as follows:
"Judges may make a Judges' Award of Merit entry in the Judges' Book in any stake crediting an unplaced dog with particularly excellent work.".
"Judges shall select a Reserve dog to the four placing dogs. The dog selected shall be given a ribbon indicating the placing."

THESE AMENDMENTS PROPOSED BY:
J. A. H. Irving, T. A. Brown & Sons, H. W. Grant, Robert E. Heaton, Oliver E. Krog, Dr. E. H. Sproston.

PROPOSED AMENDMENT NO. 4

IT IS PROPOSED THAT:
Chapter 10 and the Standard of Procedure for Non-Slip Retriever Field Trials be deleted in their entirety from the Field Trial Rules and Regulations, and the following be substituted:

CHAPTER 10

SPECIAL RULES AND CHAMPIONSHIP POINTS APPLYING TO RETRIEVERS AND IRISH WATER SPANIELS.

SECTION 1. Wherever used in this Chapter and in the Standard Procedure for Non-Slip Retriever Trials, the word Retriever shall be deemed to include the several breeds of Retrievers and / or Irish Water Spaniels.

Field Trial clubs or specialty clubs formed for the improvement of any one of the several breeds of Retrievers may give field trial stakes in which one of said breeds only may compete, or in which more than one of said breeds may compete together.

Championship points may be awarded where two or more of said breeds compete together in a mixed stake as well as where a separate stake has been provided for each breed.

SECTION 2. ENTRIES. Only pure bred Retrievers over six months of age may be entered in field trials.

The owner or agent entering a dog in a trial does so at his own risk, and agrees to abide by the rules of the Canadian Kennel Club.

A dog is not eligible to be entered in any field trial in any stake in which championship points are given if the judge of that stake or any member of his family has owned, sold, held under lease, boarded, trained or handled the dog within 6 months prior to the starting date of the field trial.

No post entries will be accepted and entries shall close not later than the time of the drawing which drawing shall take place at least three days before the first day of the trial.

Judges shall have the power to disqualify any dog which shall not appear within fifteen minutes of the time designated for its turn to be tried.

SECTION 3. In stakes for Retrievers the order of running shall be decided by lot at the draw, dogs worked by the same person or belonging to the same owner being separated when possible. At the option of the trial giving club, the drawing may be arranged so that all bitches are drawn after all dogs.

SECTION 4. Only stakes which are run on game birds and on both land and water shall be permitted to carry championship points. Premium lists should specify the kind of game to be used in each stake, and, unless otherwise specified in the premium list, only pheasants and ducks may be used in stakes carrying championship points, and pheasants or pigeons or ducks in other stakes.

SECTION 5. After a Field Trial Committee has selected field trial grounds, no competing dog shall be trained on that part of the grounds to be used for the trials.

SECTION 6. In the event of the weather proving unsuitable for holding the trials, it shall be in the power of the Field Trial Committee to postpone the Trials up to 30 days, provided such postponements do not conflict with any other Retriever and / or Irish Water Spaniel Field Trial, and that notice of each postponement is immediately forwarded to The Canadian Kennel Club. After postponements for 30 days the provisions of Section 10 of this Chapter shall come into operation.

In the event of the weather still proving unsuitable, after postponements for 30 days, the Field Trial Committee may then abandon the Trial at any time, on returning the entry fees to the competitors. If, from unforeseen circumstances, the Field Trial Committee deem it advisable to alter the date of the Trial after the closing of the entries, this may be done with the consent of The Canadian Kennel Club and by sending formal notice to all competitors, who may exercise the option of cancelling their entries within four days from the date of such notice, in which event their entry fees will be returned to them. All entries, however, in regard to which no such option is exercised, will stand good for the Trial at its altered date.

SECTION 7. The decisions of the Field Trial Committee present shall be final and conclusive in all matters arising at the meeting, and shall bind all parties, subject, however, to the rules of The Canadian Kennel Club.

SECTION 8. Splitting of prizes and/or places at a Retriever Trial is prohibited.

SECTION 9. The regular official stakes at a Retriever and / or Irish Water Spaniel Trial shall be "Puppy Stake", "Junior Stake", "Derby Stake", "Novice Stake", "Qualifying Stake", "Open All-Age Stake", "Amateur Open All-Age Stake", "Limited All-Age Stake", and "Special All-Age Stake".

A Puppy Stake at a Retriever and / or Irish Water Spaniel Field Trial shall be for dogs six months and not exceeding twelve months of age. The age of a dog shall be calculated up to and inclusive of the day preceding the first day of the trial.

A Derby Stake at a Retriever and / or Irish Water Spaniel Field Trial shall be for dogs whelped on or after the first day of January of the year preceding that year in which the stake is run.

A Junior Stake at a Retriever and / or Irish Water Spaniel Field Trial shall be for dogs which are not over two years of age on the first day of the trial at which they are being run. For example, a dog whelped May 1, 1940 would not be eligible for Junior Stakes at a trial starting May 1, 1942, but would be eligible at a trial the first day of which was April 30, 1942.

A Novice Stake at a Retriever and / or Irish Water Spaniel Field Trial shall be for dogs which never have won first place in a Novice Stake nor any place or Certificate of Merit in any other regular official Field Trial Stake at a licensed trial. Wins in Puppy, Derby or Junior Stakes excepted. In determining whether a dog is eligible for the Novice Stake, no award received on or after the official date of closing of entries for a trial at which the dog is to be run shall be counted, except that in trials which accept Post Entries, all awards received before the first day of the trial shall be counted. Only dogs whelped in Canada or the United States, and dogs that have been imported and registered in the Canadian Kennel Club Stud Book prior to reaching the age of one year, shall be eligible.

A Qualifying Stake at a Retriever Trial shall be for dogs which have never won first, second, third, or fourth place or a Judges' Award of Merit in an Open All-Age, Limited All-Age or Special All-Age Stake, or won first, second, third or fourth place in an Amateur All-Age Stake, or won two first places in Qualifying Stakes at licensed or member club trials. In determining whether a dog is eligible for the Qualifying Stake. no award received on

or after the date of closing of entries shall be counted.

An Open All-Age Stake at a Retriever Trial shall be for all dogs over 6 months of age.

A Limited All-Age Stake at a Retriever Trial shall be for dogs that have previously been placed or awarded a Judge's Award of Merit in an Open All-Age Stake, or that have been placed first or second in a Qualifying or placed or awarded a Judge's Award of Merit in an Amateur All-Age Stake carrying championship points.

A Special All-Age Stake at a Retriever Trial shall be for dogs that have previously during the calendar year in which the Stake is being held or the preceding calendar year been placed or awarded a Judges' Award of Merit in an Open All-Age, Limited All-Age or Special All-Age Stake, or placed or awarded a Judges' Award of Merit in an Amateur All-Age Stake carrying Championship points or placed first or second in a Qualifying Stake.

An Amateur All-Age Stake at a Retriever Trial shall be for any dogs, if handled in that stake by persons who are Amateurs (as determined by the Field Trial Committee of the trial giving club).

SECTION 10. At any field trial, there shall not be more than one of the following stakes:- Open All-Age, Limited All-Age, Special All-Age, and no club shall hold more than two of any of these stakes in one calendar year, except under extenuating circumstances.

In a two-day trial, when one of the above stakes is held, not more than two other stakes shall be held unless more than one stake is run at the same time under different Judges.

SECTION 11. A National Championship Retriever Stake may be held once in each calendar year, the Stake to be run by a club or association formed for the purpose and duly licensed by The Canadian Kennel Club. The "Special Regulations applying to the National Championship Retriever Stake", as may be found in the Appendix to these Rules, shall govern the stake. Those Special Regulations may be amended as provided in Article XXXVIII of the By-laws of The Canadian Kennel Club.

SECTION 12. A National Amateur Championship Retriever Stake may be held under the same rules and regulations as set forth for the National Championship Stake in the Canadian Kennel Club Field Trial Rules and Regulations and the appendix thereto.

SECTION 13. Non-regular stakes may be held at Retriever Trials subject to the approval of The Canadian Kennel Club, and provided the premium list sets forth any special conditions regarding the method of conducting or judging the stake. Such stakes will not carry championship points or be considered as qualifying a dog for any other stake.

SECTION 14. A Retriever shall become a Field Champion of Record after having won points in Open All-Age, Limited All-Age or Special All-Age Stakes at field trials licensed by The Canadian Kennel Club.

SECTION 15. A Retriever and / or Irish Water Spaniel shall become an Amateur Field Trial Champion of Record after having won points in Amateur Open All-Age Stake; Open All-Age Stake; Limited All-Age Stake; and / or Special All-Age Stake at Field Trials licensed by Canadian Kennel Club.

SECTION 16. The total number of points required for a championship, the number of places in a stake for which points may be required, the number of points to be acquired for each place, and the number of starters required and their qualifications for eligibility to acquire points in each stake shall be fixed and determined by the Board of Directors of The Canadian Kennel Club.

At each trial having an Open All-Age Stake, or an Amateur All-Age Stake, the Secretary of the Club in his report must certify whether at least eight (8) of the starters in each of those stakes were eligible to compete in a Limited All-Age Stake.

At each trial having an Open All-Age Stake, Limited All-Age or Special All-Age Stake, the secretary in his report must specify which handlers of placing dogs, if any, in any of those stakes are determined to be Amateurs by their Field Trial Committee.

At present, to acquire an Amateur Field Championship, a Retriever must win

(1) a National Amateur Championship Stake or (2) a total of 15 points, which may be acquired as follows: - In each Open All-Age, Limited All-Age, Special All-Age, or Amateur All-Age Stake, there must be at least 8 starters, each of which is eligible for entry in a Limited All-Age Stake, and the handler must be an Amateur (as determined by the Field Trial Committee of the trial-giving club), and the winner of first place shall be credited with 5 points, second place 3 points, third place 1 point, and fourth place 1/2 point, but before acquiring a championship, a dog must win a first place and acquire 5 points in at least one Open All-Age, Limited All-Age, Special All-Age or Amateur All-Age Stake open to all breeds of Retrievers, and not more than 5 points of the required 15 shall be acquired in trials not open to all Breeds of Retrievers.

At Present, to acquire a Field Championship, a Retriever must win

(1) A National Championship Stake or (2) a total of 10 points which may be acquired as follows: - In each Open All-Age, Limited All-Age or Special All-Age Stake there must be at least 8 starters, each of which is eligible for entry in a Limited All-Age Stake, and the winner of first place shall be credited with 5 points, second 3 points, third place 1 point and fourth place 1/2 point, but, before acquiring a championship, a dog must win first place and acquire 5 points in at least one Open All-Age , Limited All-Age, or Special All-Age Stake open to all breeds of Retrievers, and not more than 5 points of the required 10 shall be required in trials not open to all breeds of Retrievers.

STANDARD PROCEDURE FOR NON-SLIP RETRIEVER TRIALS

In order that trials may be conducted as uniformly as practicable, standardization of objectives is essential and, therefore, all Judges, guns, contestants and officials who have a part in conducting trials should be familiar with and be governed so far as possible by the following standard: -

BASIC PRINCIPLES

1. The purpose of a Non-Slip Retriever trial is to determine the relative merits of retrievers in the field. Retriever field trials should, therefore, simulate as nearly as possible the conditions met in an ordinary day's shoot.

Dogs are expected to retrieve any type of game bird under all conditions, and the Judges and the Field Trial Committee have complete control over the mechanics and requirements of each trial. This latitude is permitted in order to al low for the difference in conditions which may arise in trials given in widely separated parts of Canada which difference well may necessitate different methods of conducting tests.

2. The function of a Non -Slip Retriever is to seek and retrieve "fallen" game when ordered to do so. He should sit quietly in line or in the blind, walk at heel, or assume any station designated by his handler until sent to retrieve. When ordered, a dog should retrieve quickly and briskly without unduly disturbing too much ground, and should deliver tenderly to hand. He should then await further orders.

Accurate marking is of primary importance. A dog which marks the fall of a bird, uses the wind, follows a strong cripple, and will take direction from his handler is of great value.

TRIAL PROCEDURE

3. The Judges, with due regard to the recommendations of the Field Trial Committee, shall determine the tests to be given in each series - and shall try to give all dogs approximately similar tests in the same series.

4. At the end of the first series, and every series thereafter, the Judges will call back all dogs which they wish to try further, and will cause them to be run in additional series until the stake is decided.

5. Judges shall in their discretion determine the number of dogs that shall be worked or kept on line simultaneously. In at least one series in all stakes, except Derby, every dog should be kept on line off leash while another dog works.

6. When coming to line to be tested, the dog and its handler should assume any positions directed by the Judges. In all stakes , dogs should be brought to the line and taken from the line off leash, and without collar if they are to be run without collar, and should be considered under judgment from the time they are called to come to the line until they have left the line and are back of all the judges, at which point the dog may be put on leash.

7. The dogs should be shot over by guns appointed by the Field Trial Committee, or, at the option of the Judges, by the handler. In the event of the handler shooting, he should be backed up by official guns.

8. After birds have been shot, all guns shall remain quietly and only move their positions in accordance with specific instructions by Judges.

9. When possible, in land series game should be dropped on fresh territory for each dog and not on ground already fouled.

10. When on line, a handler should not place his dog or himself so that the dog's full vision of any birds or falls is blocked.

11. Unless otherwise instructed by the Judges, no dog should be sent to retrieve until his number has been called by one of the Judges.

12. Judges should call the number of the dog ordered to retriever rather than the name of the handler or dog.

13. If, when a dog is ordered by the Judge to retrieve a fall, and another dog breaks for the same fall and interferes with the working dog to the extent of causing him in any way to make a faulty performance, the dog interfered with should be considered as not having been tried and given a chance for another performance.

14. When ordered to retrieve, the handler shall direct his dog from any position designated by the Judges.

15. Retrievers should perform equally well on the land and in the water, and should be thoroughly tested on both.

16. During at least one water test in all stakes, dogs should be worked over artificial decoys, anchored separately.

17. In stakes carrying championship points all competing dogs should be kept where they can neither see the falls for another dog nor see any particular dog work in any series they have not completed.

18. Nothing should be thrown to encourage a dog to enter the water or direct a dog to the fall.

19. In stakes carrying championship points, there should be at least one handling test or blind retrieve - and preferably two, one on land and one in water.

20. All competing dogs must be kept where they cannot see blind retrieves planted, and where they cannot see another dog working on a blind retrieve in any series which they have not completed. Members of the Field Trial Committee should report violations of this section to the Judges. Violations of this section should be penalized by elimination of the dog and the handler from the stake.

21. Tests or retrieves which are not to be considered by the Judges at the final summing up should not be held.

JUDGING

Because of its concise statement of purpose, Section 2 of this Standard Procedure is repeated here:

2. The function of a Non-Slip Retriever is to seek and retrieve "fallen" game when ordered to do so. He should sit quietly in line or in the blind, walk at heel, or assume any station designated by his handler until sent to retrieve. When ordered a dog should retrieve quickly and briskly without unduly disturbing too much ground, and should deliver tenderly to hand. He should then await further orders.

Accurate marking is of primary importance. A dog which marks the fall of a bird, uses the wind, follows a strong cripple, and will take direction from his handler is of great value.

22. The Judges must judge the dogs for (a) their natural abilities including their memory, sagacity, intelligence, attention, nose, courage, perseverance and style, and (b) their abilities acquired through training, including steadiness, control, response to direction and delivery.

LINE MANNERS

23. When called to be tested, a dog should come tractably at heel and sit promptly at the point designated by his handler. No handler shall carry exposed any training equipment (except whistle) or use any other equipment or threatening gestures in such manner that they may be an aid or threat in steadying or controlling a dog.

24. The dog should remain quietly where placed until given further orders.

Retrievers which bark or whine on line, in a blind or while retrieving should be penalized. Any dog whose handler is found holding him to keep him steady shall be disqualified. Dogs which are restrained on line noisily or continuously shall be penalized.

25. In an All-Age Stake, if a dog makes a movement which, in the opinion of the Judges, indicates a deliberate intent to retrieve without having been ordered to do so, that dog shall be deemed to have broken and shall be eliminated. In any stake other than an All-Age Stake, if a dog makes a slight break and is brought immediately under control, the dog need not be eliminated but shall be penalized for unsteadiness. In all stakes, after the Judges have directed that a dog be ordered to retrieve, that dog is entitled to run in and retrieve and shall not be accused of, or penalized for breaking, even though the Judges did not see or hear the handler send the dog.

When the handler of a dog under judgment is ordered by the Judges for any reason to pick up his dog, he is still under judgment until he has left the line with his dog at heel. A handler shall be penalized if he speaks to or touches his dog or takes

the dog from the line until so ordered by the Judges, and all provisions of Paragraph 5 of the Standard Procedure shall apply until that time.
26. After delivering a bird to his handler, a dog should stand or sit close to his handler until given further notice.

THE RETRIEVE

27. When ordered to retrieve, a dog should proceed quickly and eagerly on land or into the water to marked falls or on the line given him by his handler on falls he has not seen. He should not disturb too much ground or area, and should respond quickly and obediently to any further directions his handler might give him.
28. A dog retrieving a decoy should be eliminated.
29. Upon finding the game, he should quickly pick it up and return briskly to his handler.

A dog should not drop his game on the ground, but distinction should be made between deliberately dropping a bird, and readjusting a bad hold or losing his grip because of a struggling bird or running over uneven terrain.
30. Upon returning, he should deliver the bird promptly and tenderly to his handler. A dog sitting to deliver should not outscore a dog making a clear delivery without sitting to do so.
31. A dog should be eliminated for hard mouth or badly damaging game, but, before doing so, all Judges should inspect the bird and be satisfied that the dog alone was responsible for the damage.

GENERAL

32. Any handler found kicking, striking or roughly manhandling his dog for any purpose when under judgment may be disqualified for the duration of the stake. Such disqualified handler's dog may continue in the stake under one or more other handlers. For the purpose of this paragraph, a handler is under judgment at any time on or in the vicinty of the field trial grounds during the conduct of the trial when he is seen kicking, striking or roughly manhandling a dog by one or more of the Judges.
33. Judges shall have the power to turn out of the stake any dog which does not obey its handler and any handler who interferes wilfully with another handler or his dog.
34. No dog shall be given a place in a stake unless the dog has competed in all tests held for any dog in such stake.
35. The awarding of a Judge's Award of Merit to dogs which have passed every required test in a stake and have shown themselves to be well trained and qualified retrievers should be encouraged.

GENERAL PROVISIONS

36. All field trial-giving clubs should clearly recognize that Open, Limited or Special All-Age Stakes are of the first importance and that all other stakes are of relatively lesser importance and are requested to adjust the timing of stakes so that time shall be available for a fair test in these stakes.
37. It is essential that all spectators attending a trial should be kept far enough from the line to enable the dog working to clearly discern his handler and nothing shall be done to distract the dog's attention from his work. A handler has the right to appeal to the Judges if the gallery is interfering with his work in any way and the Judges in their discretion may, if they believe the dog has been interfered with, give him another test.
38. There should be no practicing or training on any part of the field trial grounds from the start of the trial until its conclusion.
39. In sanctioned trials or non-regular stakes, any sections of this Standard Procedure may be relaxed or eliminated, but all contestants should be advised in what respects this is true.

THIS AMENDMENT PROPOSED BY:
J. A. H. Irving, T. A. Brown & Sons, H. W. Grant, Robert E. Heaton, Dr. E. H. Sproston.

PROPOSED AMENDMENT NO. 5

IT IS PROPOSED THAT:
the following Supplement to the Standard Procedure for Non-slip Retriever Trials be accepted and be made a part of the Book of Field Trial Rules and Regulations for Retrievers and Irish Water Spaniels.

SUPPLEMENT
to the
STANDARD PROCEDURE
for
NON-SLIP RETRIEVER TRIALS

INTRODUCTION

The sole purpose of this supplement is to explain, to amplify and to clarify The Canadian Kennel Club's "STANDARD PROCEDURE FOR NON-SLIP RETRIEVER TRIALS" for all who are in any way concerned with the conduct of a field trial. Consequently, nothing contained herein shall be considered, in any way, as replacing, altering, suspending or superceding anything in that "STANDARD", but only as supplementary and advisory in the interpretation of it.

The objectives of this supplement are twofold:- First, greater uniformity in the conduct of retriever trials; and, second, greater uniformity in the judging of various performances by retrievers at those field trials. The need for a greater degree of uniformity has long been recognized in all parts of the country, and by many retriever enthusiasts. On the other hand, the "STANDARD" has been formulated in such a manner that the Officials of a trial-giving club and the Judges, together, have considerable latitude in the conduct of a trial; and such is desirable because of the variations in conditions that are peculiar to various parts of the country; also this grants Judges unlimited opportunities for ingenuity in planning tests, -- so as better to compare the various dogs' performances. This supplement is not intended to be restrictive, either to Officials or Judges, as it presents these interpretations of the "STANDARD" so that all clubs and all Judges will have a suggested pattern to follow, in the hope that such may assist in the achievement of that much-desired greater uniformity in retriever trials.

Furthermore, this supplement has been divided into two sections:- (1) CONDUCT OF THE TRIAL and (2) JUDGING. In respect to Conduct of the Trial, the supplement presents guidance to Judges, Guns and Officials of the trial-giving club in the conduct of the actual mechanics of the trial, so that it will be well-planned and smooth-running, in order that all dogs will be given adequate opportunity for thorough testing. On the other hand, Judging can never be precise:- this is not an exact science, merely an art, and simply because "there are so many shades of gray, between black and white." Nevertheless, a primary purpose of this supplement is an attempt to achieve a greater uniformity, in various parts of Canada, in evaluating, i.e. in judging the performances of the various dogs competing at retriever field trials.

The introductory paragraph of the "STANDARD" states:-

"In order that trials may be conducted as uniformly as practicable, standardization of objectives is essential and, therefore, all Judges, Guns, Contestants and Officials, who have a part in conducting trials, should be familiar with and be governed, so far as possible, by the following standard:-

It is absolutely essential that all concerned with the conduct of retriever field trials, i.e. Field Trial Committee, Marshal, Guns and Judges, as well as the Contestants, shall have read and shall be conversant with the current editions of The Canadian Kennel Club's "Field Trial Rules and Regulations" and its "Standard", as well as this supplement. Such alone, would do much in attaining that much-desired greater uniformity; but precisely how to achieve that goal, where all will "be familiar with and be governed, so far as possible, by the STANDARD", is a most perplexing problem.

Section 1, a Basic Principle of the "STANDARD" states:-

"The purpose of a Non-Slip Retriever trial is to determine the relative merits of retrievers in the field. Retriever field trials should, therefore, simulate as nearly as possible the conditions met in an ordinary day's shoot.

"Dogs are expected to retrieve any type of game bird under all conditions, and the Judges and the Field Trial Committee have complete control over the mechanics and requirements of each trial. This latitude is permitted in order to allow for the difference in conditions which may arise in trials given in widely separated parts of Canada, which difference well may necessitate different methods of conducting tests"

The final phrase in the first paragraph above:- "the conditions met in an ordinary day's shoot" should properly be interpreted for application to field trials, as "natural hunting conditions".

Section 2, the other Basic Principle of the "STANDARD", states:-

"The function of a Non-Slip Retriever is to seek and retrieve "fallen" game when ordered to do so. He should sit quietly in line or in the blind, walk at-heel, or assume any station designated by his handler until sent to retrieve. When ordered, a dog should retrieve quickly and briskly without unduly disturbing too much ground, and should deliver tenderly to hand. He should then await further orders.

"Accurate marking is of primary importance. A dog which marks the "fall" of a bird, uses the wind, follows a strong cripple, and will take directions from his handler, is of great value."

While "natural hunting conditions" are subject to great variations in different parts of Canada, the work expected of the dogs, i.e. the performance by retrievers, should not be subject to similar wide variations. In most instances, there should be little doubt in anyone's mind as to the type of work which constitutes a perfect performance in a given test, or series. However, there is unlimited opportunity for an honest difference-of-opinion on the severity of the penalty to assess for any given infraction or deviation from perfect work.

For example:- Both the owner and the handler may be thoroughly confused and dismayed because their dog is "dropped" from further competition, or is not included in the final placings at the conclusion of a stake, due to a fault in his work for which other Judges at other trials had not assessed such a severe penalty; conceivably, other Judges may not have imposed any penalty for that particular fault. It seems axiomatic that everyone should know, at least in a general way, which particular acts of handlers and which particular infractions by dogs, will be penalized severely; which ones, only moderately; and which ones will be assessed only a minor penalty. However, clarification on these points is needed; hence, there has been included at the conclusion of this supplement, a suggested classification of these various infractions; they have been divided into three categories, namely:- "Serious Faults"; "Moderate Faults"; and "Minor Faults".

CONDUCT OF THE TRIAL

Apportioning Time to the Various Stakes. A first and most important consideration in planning the mechanics of a trial is actually the joint responsibility of the Judges and the Field Trial Committee; this is concerned with the apportioning of time to the several stakes, officially scheduled in the entry form. Therein has also been recorded the days of the trial and the hour each day when the trial will start. Those are fixed, definite factors in planning the mechanics; but a Field Trial Committee could expedite its job considerably, if in the entry form it was also recorded that the first stake will start at a specified hour on the first day of the trial, and that each succeeding stake will follow at the conclusion of the stake which preceded it, rather than stating the specific hour at which any stake was scheduled to start except the first one.

There are many variables which determine the amount of time which can be allotted to stakes. One of these is stated in Section 36 of the "STANDARD":-

"All field trial-giving clubs should clearly recognize that Open, Limited or Special All-Age stakes are of the first importance, and that all other stakes are of relatively lesser importance and are requested to adjust the timing of stakes so that time shall be available for a fair test in these stakes."

Hence, in the apportionment of time, obviously an Open, Limited or Special All-Age must be given first consideration; the Amateur All-Age stake merits next consideration, whereas both a Derby and a Qualifying rate less time, because they are of less importance, although one should not be rated as more important than the other.

The variables in apportioning time, as the mechanics are planned, include:- (1) the number of entries in each of the various stakes, (2) the quality and quantity of the facilities available at the field trial grounds, (3) the weather, (4) the proximity of sites for various tests, (5) the ease of moving, and the time involved in moving from one test-site to another; - here one must not forget about the importance of the size of the gallery, and (6) how the noon-day feeding problem is to be handled, i.e. with or without a luncheon-break.

Inspection of Field Trial Grounds. There seems to be no good excuse for Judges failing to inspect the field trial grounds with representatives of the field trial committee, well in advance of the scheduled hour for the trial to start. At that time, they should select and determine both the exact nature of each test and its location, preferably for the entire trial. Also, there is no good excuse for a trial-giving club's failure to provide an efficient organization to conduct the mechanics of the trial; such will do much to reduce to a minimum the delays

in starting stakes and in starting various tests in those stakes - providing, of course, that the Judges have previously planned and have instructed the field trial committee precisely what the next test is to be, and its location, and the game requirements.

Planning the Tests. The planning of tests is the responsibility of the Judges; it is also one of their most important responsibilities. With good tests, it is much easier to judge the quality of the performances by various dogs, than could possibly be true either with tests which are so simple and so easy that most of the dogs turn-in almost perfect performances, or with tests which are so difficult that the series requires a disproportionate amount of time; it drags, and becomes uninteresting; many dogs fail and few, if any, do work which could be credited as top-flight performances.

Of primary importance, tests planned by the Judges should approximate "the conditions met in an ordinary day's shoot" (Section 1 of the "STANDARD"), i.e. "natural hunting condition". Nevertheless, "falls" which are long and out of gun range for the handler, are appropriate and quite proper; they can be justified on the basis either of birds that fly a considerable distance after having been shot, before falling, or as those shot by a hunting companion.

On "marked" retrieves, Judges must be ever-mindful that a dog should be able to see a bird in the air and as it falls, since his memory can be tested only when he has seen the "falls". Many factors contribute to a dog's ability to see and mark the "falls":- location of the Guns is important; they should be conspicuous and readily identified by the dog; so, too, are the background against which the bird is visualized in flight and the lighting conditions, as well as the height to which birds are thrown or to which they fly. Further, on "falls" which might be difficult to mark, the Guns may be requested to shoot at least twice at all birds, to aid the dogs in their marking. Judges may request Guns to disappear from sight after their bird is down, but they should not have them move to another position to deliberately mislead the dogs in their marking.

On "blind" retrieves, wherever possible, the judges should plan their tests in such a way that they can take advantage of natural distracting conditions, i.e. natural hazards, such as islands, points of land, sand bars, ditches, hedges, small bushes, adjacent heavy cover, and rolling terrain; despite such natural distractions, it should be possible, in theory, for a dog to "find" a well-planned blind-retrieve on the initial line from his handler; that he will do so is highly improbable because of those natural hazards, so he must be handled to the "blind"; nevertheless, the test should be so planned that the dog is "in-sight" continuously. A blind retrieve is a test of control, and a dog which is out-of-sight for a considerable period cannot be said to be under control. Utilizing natural hazards should obviate the need for Judges issuing special instructions about the manner of completing a blind retrieve; such instructions might conceivably include such unnatural performance as requirement to stay in the water and proceed down a narrow channel, rather than to "get the meat" by the shortest fastest, or most direct route.

Ingenuity on the part of Judges should be encouraged, not only in planning their tests, but also in devising some which are unusual and quite different from those customarily used at field trials. However, all such deviations from usual tests should still conform to "conditions met in an ordinary day's shoot", and they should not require complicated instructions about the desired method of completing the test, especially if such completion entails a performance under unnatural conditions.

Changing tests, after a series has been started, is bad procedure and should be avoided, if at all possible. One way of avoiding such ill-advised planning of tests, or of avoiding unforeseen and unpredictable situations which would vitiate an apparently proper and sound test, is the practice of running a "test-dog" first, in every series - and before any of the competing dogs are brought to line and tested on it. Use of a "test-dog" at the start of every series is usual practice by some Judges; a "test-dog" is used by many Judges under certain conditions wherein they may entertain doubts about the exact way in which the test may actually go, under trial conditions. Some believe that use of a "test-dog" is unnecessary and time-consuming; others contend that, in the long run, use of a "test-dog" really saves time; on occasions, it may save great embarrassment for Judges.

Judges' Responsibilities on Line. Before a trial is started, before each of the stakes is started, and before each series starts, the Judges must reach certain decisions among themselves about various details, such as the following:-

(1) Instructions to the handler, as he comes to line regarding the position he is to take, the nature of the test, and any special instructions about the desired method of completing it. If special instructions must be given, great care must be exercised so that each handler receives the same instructions. Such can be accomplished by summoning all handlers to the line, before the series is started, and then announcing those special instructions to all, once and for all. Sometimes it is not possible to assemble the handlers for such a single announcement; under those conditions, the special instructions can be written and the memo given to the Marshal, who, in turn, will show it to each handler, before he goes on-line. Whatever method the Judges decide to adopt, they should be certain that all handlers receive identical instructions.

(2) Signalling for birds to be thrown. To prevent confusion and complications, it is recommended that each set of guns should be signalled separately. The signalling Judge should be careful that neither his signalling nor the shadow of it distract either dog.

(3) Calling the dog's number, so that the handler will send his dog, is proper, but it is not proper to call the dog's name or the handler's name for this purpose.

(Note:- There is more uniformity, as a rule, if one Judge is responsible for all three of the foregoing duties in each series. All Judges rotating, i.e. taking turns at this duty in different series.)

(4) Each of the Judges should be at liberty to say "NO", and independently, if, in his opinion, any "fall" is such, or any situation develops, that makes for a relatively unfair test for the dog under judgement. Under such conditions, the dog should be "picked-up" immediately and tested later on a new set of birds, after waiting behind the line until several other dogs have been tested.

Judges should watch the dog being tested, and try to determine whether he apparently saw and marked each "fall". It is proper and right to give him another set of birds, if he is unable to see the birds and mark the "falls" through no fault of his own, but due to a poor flight of the bird, unusual lighting conditions, striking changes in the background, or any other occurrence which makes for decidedly different conditions from those under which previously-competing dogs have been tested in that series. On the other hand, the dog should not be given a new set of birds when failure to mark was of his own doing - either through lack of attention, or because his attention was "frozen" on another set of Guns or on a previous "fall".

(5) Every bird retrieved, and delivered to the handler, should be inspected by one of the Judges, preferably not the Judge who is calling numbers. Failure to inspect the birds must be catalogued as carelessness, and as an undesirable practice. It is unfair to all dogs that are being tested - not alone in respect to the question of "hard-mouth", but more particularly, since it may furnish the explanation for a slow pick-up or some other oddity in the dog's performance. Also, any unusual condition of a bird, such as being badly "shot-up", etc. should be brought to the attention of all the Judges.

(6) If a dog is to be picked-up and eliminated for a faulty performance, instructions to that effect should be given by the Judge running the series, i.e. the one who calls the numbers; - however, the decision to eliminate must be the consensus of the Judges.

(7) "Cripples", running birds, or "runners" are always a problem, they create a lack of uniformity in the "falls". Dogs should be able to follow and "find" a cripple, but until a method has been devised whereby all dogs will be tested on cripples, and, in a similar manner, an occasional "cripple" creates a gross inequality in the test. Hence, Judges may agree that a dog is to be picked-up immediately whenever it is recognized that a bird is a "runner", and such should apply even though he may have already retrieved the other bird or birds in that particular test. After a wait off-line, such a dog shall be brought to line again and retested on a new set of birds, just as though he had not been on line previously. In any case, the Judges should decide in advance, how they will deal with the problem, if and when the situation of a running bird should arise.

(8) When on-line, if dogs creep forward or jump before being sent - short of breaking - it should be agreed whether they are to be brought to-heel before being sent to retrieve. If so, handlers should be informed of this requirement, and they should be informed how they will be advised on-line of its application to them. Also care should be exercised so that this requirement is enforced in such a manner that it does not become grossly unfair for an "honoring" dog.

Also, before starting either of the minor stakes, i.e. Qualifying and Derby, where "controlled" breaks are permissible, the Judges should reach an agreement about the definition of a "controlled" break in contrast to one which will eliminate the dog from further competition even in that minor stake; also they should be in agreement about the severity of the penalty to assess for such a "controlled" break.

(9) Instructions given to the Marshal and the Guns should be by agreement of the Judges; of course, they may vary from series to series.

Unless otherwise instructed, the Guns should remain quietly and not move their position after their bird is down. Guns should only volunteer information to the Judges:- (a) if they suspect that their bird may be a "runner"; (b) if a dog is returning with a bird other than the one that they had shot for him, and (c) if there is a significant change in the cover, such as may not be apparent to the Judges.

The Marshal should call the dogs to-line, and announce to the Judges the number of the dog about to be tested; he should call back to-line any dog which was picked-up and was to be retested at a later time - how long such a dog shall be allowed to wait behind the line before retesting shall be by prearrangement with the Judges. He shall obtain the call-backs for the next series from the Judges, and announce them. He and the other members of the Field Trial Committee shall be responsible for watching the dogs not yet tested and he shall report to the Judges all infractions of Section 20 of the "STANDARD":-

> "All competing dogs must be kept where they cannot see blind retrieves planted and where they cannot see another dog working on a blind retrieve in any series which they have not yet completed.... Violations of this section should be penalized by the elimination of the dog and the handler from the stake."

The Marshal shall also report to the Judges any and all infractions of Section 17 of the "STANDARD":-

> "In stakes carrying championship points, all competing dogs should be kept where they can neither see the "falls" for another dog, nor see another dog work in any water series they have not completed".

Further, the Marshal is responsible for enforcement of Section 37 of the "STANDARD":

> "It is essential that all spectators attending a trial should be kept far enough from the line to enable the dog working to clearly discern his handler....."

(10) Judges should keep sufficiently detailed notes on each dog's performance to enable them to recall it completely, or at least its outstanding features. Each fault should be noted, even those that are minor; although the latter may not require that the dog be penalized at that time, repetitions of that fault or commission of various other faults in succeeding series may cause the total of faults to assume serious proportions.

(11) To the extent that time permits, Judges should be generous in their "call-backs" for additional series. Further, no dog should be eliminated from further competition unless it is consensus of the Judges that it would be impossible for him to "place" in the stake, even though his work in all succeeding series was perfect. For example:- Other things being equal, a specific fault, such as failure to mark the "area of the fall", should merit the same penalty in a late series as had been assessed for it in an early series. Actually, that fault committed in the first series may not justify elimination, as there is no certainty at that time that every other dog may not commit an equally serious fault before the stake is completed. However, commission of that fault in the first series, alone, may conceivably justify his elimination before the last series is begun, simply because there are several other dogs in competition which, thus far, have not committed any faults and many others whose sole fault was a less serious infraction. Because so little additional testing is contemplated in order to complete the stake, the Judges would be justified in concluding that such an error in the first series, alone, would preclude all probability of that dog being placed in the stake.

(12) Before arriving at their final placings in any stake, the Judges should make direct comparisons, series for series, between all of their dogs under consideration for those places. Such comparisons permit each Judge to be certain that the dog placed first has given a relatively better performance throughout the stake than the second-place dog, etc. The fourth-place dog should be compared directly with all that are unplaced, and on a similar basis. Here Judges should be reminded of Section 35 in the "STANDARD" wherein they are encouraged to make a "Judge's Award of Merit" to those dogs which are unplaced, even though they completed all series, and which show evidence of being well-trained and thoroughly-qualified retrievers. However, in stakes where a Judge's Award of Merit qualifies a dog for a Limited All-Age stake and, thus, makes him a starter eligible to make future stakes carry championship points, such awards should not be given unless the dog's work merits this recognition.

Finally, scoring systems on each series are of assistance, in general, for preliminary classification of the performances by the various dogs still in competition. They help immeasurably in arriving at a prompt decision after the conclusion of each series, precisely which dogs should be called-back for the next series. However, in the final summation and analysis of the various performances, a direct and detailed comparison of the work by one dog versus the work of another, may produce some entirely different conclusions from those suggested by the numerical scores alone. Hence, such careful comparisons are heartily recommended, as they are most likely to achieve the true purpose of all retriever field trials; such is defined by the "STANDARD" as a method "to determine the relative merits of retrievers in the field."

JUDGING

The "STANDARD PROCEDURE FOR NON-SLIP RETRIEVER TRIALS" clearly defines the responsibility of Judges, in the first sentence of its "Basic Principles", namely:- "to determine the relative merits of retrievers in the field...." and, further, while they are performing tests which "simulate as nearly as possible the conditions met in an ordinary day's shoot."

It is, therefore, recommended, as fundamental, that Judge should have clearly in mind, and for each test, precisely what type of performance he expects since such work will merit top-rating in his records. Then he should observe, and record, in what respects and to what degrees the performances by individual dogs have either exceeded or fallen short of that previously-established "par", in each test. Hence, when the stake is completed, the several Judges will arrive at their final decision about placings on the basis of which dog, relatively, did better work than another in each of the several series.

Therefore, much of the Judge's responsibility is to determine how much weight he shall give to certain types of exceptional performance and how much penalty to assess because of various individual faults, or repetitions of the same fault, or combinations of various faults. Some faults in and of themselves are sufficiently serious to justify elimination from a stake. Others may justify either a moderate penalty, or only a minor penalty; and some of the latter may be so minor that, on occasions, they are relatively so unimportant that, for practical purposes, they can be ignored. On the other hand, minor faults can summate into moderate or serious faults, and moderate into serious, through repetition or through combinations of several types of faults; such multiplicity of various faults frequently indicates a "failing" or a habitual tendency and results in a performance that is neither a "finished" job nor is it pleasing to the eye.

Much can be achieved in attaining greater uniformity of judging through a uniformity in definition of the various serious, moderate and minor faults. Tables have been drafted and are included at the end of this section, wherein most of the various faults demonstrated by retrievers are catalogued as:- (1) Serious Faults; (2) Moderate Faults; and (3) Minor Faults. However, the personal equation cannot be eliminated completely since each Judge must determine at individual trials, the relative seriousness of individual faults, repetition of faults, or combinations of faults, which occur in the performance by dogs at that particular trial.

Section 22 of the "STANDARD" states:-

"The Judges must judge the dogs for (a) their natural abilities, including their memory, intelligence, attention, nose, courage, perseverence and style, and (b) their abilities acquired through training, including steadiness, control, response to direction and delivery."

Natural abilities are of great importance in all stakes, whereas abilities acquired through training are of less importance in the Qualifying stake than in those carrying championship points, and are of comparatively minor importance in the Derby stake.

NATURAL ABILITIES

(1) Accurate marking, or memory of "falls" is of paramount importance. However, this does not imply that dogs which excel in marking shall not be severely penalized, or even eliminated, for deficiencies in, or a lack of the other required "abilities". However, in Derby stakes the ability to "mark" is all-important; even in our most exacting stakes, tests are usually so devised that "marked" birds constitute a large percentage of the retrieves by which each dog's performance is judged.

The acme in ability to "mark" does not necessarily imply "pin-pointing the fall". A dog that misses the "fall" on the first cast, but recognizes the depth of the "area of the fall" stays in it, then quickly and systematically "hunts-it-out", has done both a creditable and an intelligent job of marking; it is consensus that such work should not be appreciably out-scored by the dog that "finds" or "pin-points" on his first cast. However, a dog which consistently, i.e. during an entire stake, marks his birds in a closer area, hence, more accurately than another dog, should be judged accordingly. All things are relative, and, conceivably, such differences in marking alone might be sufficient to determine the final placings in a particular stake.

Even with "marked" birds, a handler may be able to render great assistance to his dog by giving him "a line" in the direction of the "fall"; however, there is nothing he can do, short of handling, to aid the dog in recognizing the "depth of the 'fall' ". Often a dog gives definite indication of "memory", and of his marking ability, at or after delivery of a first bird, by aligning himself toward or by looking eagerly in the exact direction of an unretrieved "fall"; at times, even leaving at once or leaving on command, but without benefit of a precise line to the "fall" given to him by the handler. There is no invariable method by which the relative merits of such perfect completions can be judged; the dog trained to come to-heel and to be lined by the handler briskly and precisely, and in the same manner for each and every retrieve, including the first, cannot be penalized for his work - not even relatively, in comparison with a more spontaneous type of performance.

What precisely constitutes the "area of the 'fall' ", defies accurate definition; yet, at the outset of every test, each Judge must arbitrarily define its hypothetical boundaries for himself, and for each bird in that test, so that he can judge whether dogs have remained within his own concept of the "area of the 'fall' ", as well as how far they have wandered away from "the area" and how much cover they have disturbed unnecessarily. In determining these arbitrary and hypothetical boundaries of the "area of the 'fall' ", due consideration should be given to various factors which may modify "the area", namely:- (1) the type, the height and the uniformity of the cover, (2) lighting conditions, (3) direction of the prevailing wind and its intensity, (4) length of the various falls, (5) the speed of individual dogs, (6) whether there is a change in cover (as from stubble to plowed ground, or to ripe alfalfa, or to machine-picked corn, etc.) or whether the "fall" is beyond a hedge, across a road, or over a ditch etc., and, finally, and most important, (7) whether one is establishing the "area of the fall" for a "single", or for the first bird a dog goes for, in multiple retrieves, or for the second or the third bird, - since each of these should be quite different from the others.

In general, the "area of the fall" for a single should be small - practically every performance in open cover should be a very accurate job; the area for a first retrieve in a "double" should be smaller than for the second bird, and both of these should be larger in a "triple", and larger still for the third bird in it. Also, "the area" for short retrieves should certainly be smaller than for longer retrieves. Since there are so many modifying conditions and so many variables to be taken into consideration, it is obvious that each Judge, and for every series, must attempt to define for himself a hypothetical "area of the fall" for each bird, and then judge the dogs accordingly. However, the penalties inflicted should vary in their severity, depending on the distance which individual dogs wander out of the area, the frequency with which such wanderings are repeated, the number of birds so badly mismarked in a given test, and by the amount of cover disturbed in these meanderings.

Dogs which disturb cover unnecessarily, clearly well out of the area of the "fall", either by not going directly to that area, or by leaving it, even though they eventually find the bird without being handled, should be penalized more severely than those handled quickly and obediently to it.

(2) Intelligence is a quality not often tested intentionally, since few tests can be designed for that specific purpose. Nevertheless, on occasions, dogs may have an opportunity to demonstrate an unusual degree of intelligence, or lack of it, through the manner in which certain performances are completed. When those occasions arise, and usually they develop by chance rather than by intent, each dog must be credited or penalized on the basis of the intelligence demonstrated.

(3) Attention is displayed, even as a dog comes "on line". His alertness in locating the "Guns", in acceding to his handler's commands and in his zeal for the hunt, are highly desirable traits. Conversely, lack of attention and lack of interest should be penalized.

(4) Most retrievers have a "good nose" and as a rule, they have numerous opportunities to demonstrate this all-important quality at every trial. Usually it is a something in his work which suggests that a dog lacks a good nose, which attracts the Judges' attention. Such suspicion should be recorded, so that it can be verified or eliminated by his performance in subsequent tests. On the other hand, scenting conditions are so mysterious and are so little understood, although obviously affected by many factors, such as:- type of cover, wind, frost, rain, location of "fall", acidity of soil and apparently many other conditions, that extreme caution must be exercised before a dog is charged with a "poor nose", and penalized accordingly.

(5) Courage, too, is a trait which cannot be tested at every trial. It may be displayed by a willingness to face, and without hesitation, rough cover, cold or rough water, ice, mud or other similar conditions which make the going rather tough, and of doing it repeatedly. The facilities of trial grounds, or the weather, do not often supply the proper situation for a series specifically designed to test the dogs' courage. Because the facilities or weather necessary to such a test are generally limited such tests should usually come late in a trial, unless there are reasonable grounds for assumption that all dogs will receive comparable tests. When such tests can be arranged, they are frequently of great value to the Judges - especially in estimating their relative merits in this highly desirable trait which all retrievers should possess.

(6) Perseverance is manifested by the dog's determination to stick-at-it and complete the task at hand - i.e. systematically, aggresively and without faltering, to search for and make the "find" of the bird he has been sent to retrieve. A lack of perseverance may become apparent whenever:- (1) he returns to the handler, voluntarily, and before finding the bird; (2) he either stops his hunt, or continues it in a slow, lackadaisical, disinterested manner; (3) the dog "pops-up" or looks back to his handler for directions on a "marked fall" and before he has hunted for a considerable time; (4) he "switches birds", i.e. gives up on a "fall" which he has been unable to locate and goes to another; and (5) whenever he "blinks" a bird, i.e. fails to pick it up, actually leaves it after making the "find". Most of these are serious faults and should be judged accordingly.

"Switching birds" implies that a dog gives up in his hunt after a search, leaves "the area" and goes for another bird; however, a dog should not be judged as "switching" unless he goes to "the area" of a "fall", hunts, fails to find, and then leaves that area to hunt for another "fall". Furthermore, it shall not be judged as a lack of perseverance, if, while on the way to one "fall", he sees or winds another bird and retrieves it first; or, if on the way to one "fall", but long before he reaches "the area" of that "fall", he changes his direction (for some reason or other) and goes for another bird.

(7) Style is apparent in every movement of a dog and throughout his entire performance at trials, for example:- by the gaiety of his manner in approaching the line, by his alertness on-line, by his eagerness and speed on retrieves, by his water-entry, by his pick-up of birds, and by his return with them. Style

makes for a pleasing performance; together with ability to mark, they constitute the basis for placings in Derby Stakes.

In all stakes, in respect to "Style", a desired performance includes:- (a) an alert and obedient attitude, (b) a fast-determined departure, both on land and into the water, (c) an aggressive search for the "fall", (d) a prompt pick-up, and (e) a reasonably fast return. Dogs may be credited for outstanding and brilliant exhibitions of style, or they may be faulted, i.e. penalized for deficiencies in style - the severity of the penalty ranging from a minor demerit, to elimination from the stake in extreme cases.

(8) Section 31 of the "STANDARD" states:- "A dog should be eliminated for hard-mouth or badly damaging game, but, before doing so, all Judges should inspect the bird and be satisfied that the dog alone was responsible for the damage."

Hence, "hard-mouth" is one of the most severely penalized of retrievers' faults; furthermore, once a dog has been denounced for this fault, he carries that stigma for life. Therefore, "hard-mouth" should only become the Judges' verdict when there is incontrovertible proof of it. Torn skin or flesh, alone, is not sufficient evidence, in almost all cases, to constitute such proof, since damage of that type may be caused in a variety of ways, such as by sharp sticks and stones, etc. in the cover; also dogs can unintentionally damage birds when making retrieves from heavy cover, as well as by their fast, "positive", pick-up. Furthermore, at certain times of the year, birds are particularly susceptible to such damage.

Even the fact that a dog delivers a dead bird, when a live one was the object of his retrieve, does not necessarily constitute proof of "hard-mouth", as the bird could have died from other causes (particularly true with "shackled" young ducks).

On the other hand, crushed bone structure usually can be accepted as trustworthy and sufficient evidence of "hard-mouth". It should be added, that this is the only evidence offering such proof, in the absence of a particularly obvious, flagrant and unjustified violation of tearing of flesh.

Other faults are frequently confused with "hard-mouth", although, in reality they are entirely separate and distinct from it - even though, in addition, the dog may actually be hard-mouthed. "Freezing", in particular, falls into this category. A hard-mouthed dog may have a gentle delivery and, certainly, a sticky delivery does not imply hard-mouth. "Rolling-a-bird" or "mouthing" it, while making the retrieve, may be erroneously associated with "hard-mouth" in the opinion of some, even though the bird is not damaged thereby. If such "mouthing" is a fault at all, then it is one of only minor importance.

Above all, Judges should remember that a dog is either found to have a "hard-mouth" or he is not so found, and, if guilty, he must be eliminated from the stake - otherwise the various types of inconclusive evidence should merely be recorded in the Judge's notes, pending the manner in which birds are handled in subsequent series.

While in no way required, it is a gracious gesture on the part of the Judges to keep separately any bird for which they are eliminating a dog for "hard-mouth", and show it to the handler of the dog at a later time inconspicuously.

ABILITIES ACQUIRED THROUGH TRAINING

The other group of attributes to be considered by Judges includes those abilities which dogs acquire through training. It should be repeated here that the importance of these acquired qualities varies in different stakes, for example:- A "reasonable" degree of steadiness and general obedience are the sole present-day requirements in Derby stakes. A greater degree of steadiness and some degree of the other qualities are expected in the Qualifying stake. There should be a full expectation of refinement in "acquired attributes" in those stakes carrying championship points.

(1) Steadiness on-line, at least to the extent of defining what constitutes a "break", is clearly presented in Section 25 of the "STANDARD". However, a degree of amplification might be helpful:- Dogs on-line sometimes make various types of movements when game is in the air and/or when it is shot. Such movements may be interpreted as efforts by the dog to improve his view of the "fall", and some occur through sheer excitement. Some dogs creep forward from the line, as birds are shot. If the handler makes no effort to stop or restrain them, a Judge should not interpret such as a deliberate intent to retrieve, since nothing was done to stop the dog. On the other hand, if the handler does make an effort to stop his dog, the Judge should assume that the handler believed the dog intended to retrieve, and should deal with such infraction accordingly.

A dog should not be penalized for a command to sit as the first bird is being thrown on a "walk-up". In other tests, a dog should not be penalized for a quiet command to sit as the first bird is being thrown, provided the dog is not in motion and the command is, therefore, not to stop a motion with intent to retrieve.

Except for an occasional change in position in order to better see a "fall", all such movements should be penalized as unsteadiness - the degree of penalty depending on the extent and the frequency of repetition of the offense or offenses. It is deemed proper for Judges, if they so wish, to require that dogs which have jumped or crept forward a predetermined distance (usually two or three feet ahead of the handler) be brought back to-heel, before being sent for their birds. The requirement of steadiness is a very important factor in judging the work of retrievers.

(2) Control is closely allied to the dog's response to direction, but it also includes obedience at all times. Control also includes "line-manners", walking tractably "at-heel", assuming and staying in any designated position on-line, as well as remaining quietly on-line beside the handler after delivery of the bird to him. When called, a dog should return promptly to his handler - particularly in those instances where Judges decide that he shall be tested again, at a later time, either because another dog "broke" or due to any one of a variety of other circumstances.

In Derby and Qualifying stakes, dogs may be brought to the line, and taken from the line on-leash, unless the Judges specify otherwise.

Article 24 of the "STANDARD" provides that dogs shall be penalized if they are noisily or continuously restrained by their handlers while "on-line". The degree of the penalty should correspond to the extent and frequency of repetition of the infraction. Although such is not required, it is a gracious gesture by Judges to notify handlers if their methods of restraint are incurring penalties for their dogs.

(3) Response to direction is all-important in handling tests, - also whenever a dog must be brought back to the "area of the 'fall' ", when he has mismarked. In such response to direction, a dog should take the original line given to him by his handler and continue on it until he either makes the "find", or until stopped by the handler and given a new line. He should then continue in this new direction until he "finds", or is given further directions, etc.

Faults, or justifications for penalties, include the following:- (a) not taking the line originally given by the handler, (b) not continuing on that line for a considerable distance, (c) stopping voluntarily, i.e. "popping-up" and looking back for directions, (d) failure to stop promptly and look to the handler, when signalled, (e) failure to take a new direction, i.e. a new cast, when given, and (f) failure to continue in that new direction for a considerable distance.

The seriousness of the penalty for any or all of the foregoing faults varies with the seriousness of the infraction, whether that infraction was repeated and how often, and whether there was a combination of various infractions. However, before inflicting a severe penalty because of a dog's failure to stop promptly at the whistle, Judges should determine whether the wind, the cover, or the distance seriously interfered with the dog's ability to hear his handler's whistle. In general, the performance in the test should be considered in its entirety; an occasional failure to take and hold a direction may be considered a minor fault, if offset by several other very good responses. A considerable penalty should be imposed for repeated, willful disobedience of the handler's orders; and less penalty when, after taking the proper direction, he does not continue on it as far as the handler desired. Stopping voluntarily, to look back for directions, in an isolated instance, may be considered a negligible fault, but frequent repetition may convert such "popping-up" into the category of serious faults.

Delivery of the bird should be made to the handler directly, upon return from the retrieve; it should be given up willingly. A dog should not drop the bird before delivering it; and he should not "freeze", or be unwilling to give it up. He should not jump after the bird, once the handler has taken it from him. Penalties for faulty delivery may range from minor for an isolated minor offense, to possible elimination from the stake either for a severe "freeze" or because of repeated moderate infractions.

CLASSIFICATION OF FAULTS

It is suggested that any classification of many faults which may be exhibited by retrievers during the course of a trial, shall be primarily in terms of generalizations. In the lists which follow, where the various infractions are catalogued as I. SERIOUS FAULTS; II. MODERATE FAULTS: and III. MINOR FAULTS, each fault should be considered as a single occurrence, and only to an average degree. However, such infraction may be so minor in degree that it scarcely merits the indicated penalty. Conversely, the degree of a given instance of infraction may be of sufficient gravity to merit a much more severe penalty than is indicated - even to the point of elimination from the stake. Also, in each of these three general categories, all of the faults listed cannot be given equal weight, since they are not of equal gravity or importance.

Repetition of a fault, particularly time after time, indicates a "weakness" or a bad habit, and justifies much more penalty than in an isolated occurrence of this fault. The same holds true when there is a combination of different infractions.

The listing of individual infractions in the several categories has not been made in the order of their seriousness, but in the order of considering various subjects in the foregoing comments about Judging. To these have been added various excerpts from the "STANDARD" which need no further amplification.

The faults included in this classification are limited to those which are observed most often at retriever trials. To be sure, others may occur and this classification may, possibly, serve as a helpful guide, on such occasions, in determining the relative importance of such unusual offenses.

Finally, the primary consideration of Judges in respect to the importance of infractions here listed, as well as others which may occur, is to determine the extent to which any and all such infractions would detract from the full enjoyment of "an ordinary day's shoot." Undoubtedly, a Judge may be thoroughly justified in moderating a penalty or even in failing to impose one, if, in his opinion, there have been extenuating circumstances to justify such action.

Serious Faults. (In and of themselves, these are usually sufficient to justify elimination from the stake.)

1. Repeated evidence of "poor nose".
2. Reluctance to enter either rough cover, water, ice, mud, or any other situation involving unpleasant or difficult "going" for the dog, after having been ordered to do so several times.
3. Returning to his handler, both without the bird and without having been called in.
4. Stopping his hunt.
5. "Switching birds", i.e. giving up after a search for one bird, and going to "the area" of another "fall".
6. "Blinking the bird", i.e. ignoring it when found, and leaving it.
7. Restraint by touching or holding a dog, to prevent him from "breaking".
8. "Out-of-control", i.e. paying no attention to many whistles and directions by the handler.
9. Extreme "freeze", i.e. unwillingness to release a bird on delivery until compelled to do so by severe methods.
10. Retrieving a decoy, i.e. returning to land with it - mandatory elimination under the "STANDARD".
11. Clear violation of Section 25 of the "STANDARD":- Breaking - mandatory elimination under the "STANDARD".
12. "Hard-mouth", or badly damaging game which, in the opinion of the Judges, was caused entirely and solely by the dog without justification - mandatory elimination under the "STANDARD".
13. Loud and prolonged whining or barking.
14. Watching blind retrieves being planted or being retrieved by another dog - mandatory elimination of both the dog and the handler from the stake under the "STANDARD".
15. Watching birds being shot or retrieved by another dog in a water test, in stakes carrying championship points.
16. Deliberate blocking by a handler so that a dog will not see all birds and all "falls"; this applies both to the "work-

ing" dog and the "honoring" dog.
17. Throwing anything into the water to persuade a dog to enter or to direct him to a "fall".
18. Failure to find a dead bird which the dog should have found.

Moderate Faults. (Infractions in this category may actually be so slight as to warrant their consideration as only a "minor" fault, or they may be so severe as to warrant their consideration as a "serious" fault; also repetitions of a "moderate" fault or a combination of several of these faults, may readily convert the total infraction into a "serious" fault.)

1. Failure to mark the "area of the 'fall' ", requiring that the dog be handled to it: - worse on a "single", or first bird in a "double", or a "triple", than on either the second or third birds a dog goes for.
2. Leaving "the area" or not going to it, and disturbing too much cover.
3. Reluctance to enter rough cover, water, ice, mud or other situations involving unpleasant "going" for the dog.
4. Hunting in a slow, disinterested, lackadaisical manner, either at once or after a short search.
5. Poor style, including a slow or reluctant departure, quest for game, and/or return with it.
6. "Popping-up", i.e. looking back for directions on a "marked" bird before an extensive search.
7. Noisily or frequently restraining the dog from breaking, except in extraordinary circumstances.
8. Not stopping for a direction, after two or three whistles which he should have heard.
9. Deliberate failure to take lines and various directions given to him; failure to hold lines and directions more than a short distance.
10. Moderate whining of short duration.
11. Going out of his way by land to a "fall", and without certainty of purpose, to avoid going into the water in a water retrieve.

Minor Faults. (Either severe, or repeated, or combinations of these "minor" infractions may summate into a "moderate" or even a "serious" fault. Also, they may be so slight as not to warrant any penalty at all.)

1. Going out of his way by land, without certainty of purpose, on the return from a water retrieve.
2. Lack of attention.
3. Poor line-manners; "heeling" poorly; not immediately taking and staying in the position designated; dropping a bird at delivery; jumping after birds; not remaining quietly on-line after delivery.
4. Slow pick-up of a dead bird (except when fluttering or badly shot-up); dropping a bird; handling game in a sloppy manner.
5. "Leg-lifting", - particularly on the way to a "fall".
6. Unsteadiness on-line, including creeping.
7. Slight and isolated instances of "hissing" at the dog.
8. Not stopping at the first whistle he should have heard, but stopping at the second or third.
9. Looking back for a direction on a "blind" retrieve, before taking a line or a cast, for a reasonable distance.
10. Occasional failure to take the handler's directions.
11. Occasional failure to hold the line, or directions given, for more than a few yards.
12. Slight "freezing", or reluctance to give up a bird.
13. Slight short whining or one bark, on being sent to retrieve.
14. Roughness with game.

THIS AMENDMENT PROPOSED BY:
J. A. H. Irving, T. A. Brown & Sons, H. W. Grant, Robert E. Heaton, Oliver E. Krog, Dr. E. H. Sproston.

SECRETARY'S NOTE:
The sponsors of Proposed Amendments Nos. 6 and 7, in submitting their Proposed Amendments, had no prior knowledge of the proposals covered by Proposed Amendments Nos. 4 and 5 set forth above. To save space in publication, and to make it easier for those concerned with Retriever field trials to quickly identify significant differences between the two sets of proposals, Proposed Amendments Nos. 6 and 7 are not set out in their entirety but the Secretary has compared both sets and has endeavoured, in setting forth Proposed Amendments Nos. 6 and 7, to show the significant differences between the two sets of proposals. Except for the listed differences, the two sets of proposals are otherwise identical. Both groups of sponsors are now seeking to consolidate their proposals into one set of Proposed Amendments.

PROPOSED AMENDMENT NO. 6

IT IS PROPOSED THAT:
Chapter 10, SPECIAL RULES AND CHAMPIONSHIP POINTS APPLYING TO RETRIEVERS AND IRISH WATER SPANIELS, and the STANDARD PROCEDURE FOR NON-SLIP RETRIEVER TRIALS, be deleted in their entirety, and there be substituted therefor the new Rules, Championship Points and Standard Procedure as proposed in Proposed Amendment #4 except for the following differences:

(1) SECTION 2, third paragraph: delete the words "within 6 months" and substitute "within one year".
(2) SECTION 2: Add a paragraph reading as follows:"Judges shall have the power to exclude from competition bitches in season or any dog which the judge may consider unfit to compete. The entry fee of all such dogs shall be forfeited except in cases of bitches in season."
(3) SECTION 6: Delete and substitute the following: "SECTION 6. In the event of the weather proving unsuitable for holding the trials, the Field Trial Committee may suspend or postpone any or all stakes up to three days. Notice of such postponement shall be forwarded immediately to The Canadian Kennel Club.
Postponement beyond three days must have the approval of The Canadian Kennel Club.
In the event of postponement of 24 hours or more in the starting time of any stake, any competitor shall have the right to withdraw his entries and his entry fees shall be returned to him."
(4) SECTION 9: Delete the first paragraph and substitute the following: "The regular official stakes at a Retriever Trial shall be Junior, Qualifying, Open All-Age, Limited All-Age, Special All-Age and Amateur All-Age.
(5) SECTION 9: Delete the Puppy, Derby and Novice Stakes.
(6) SECTION 9: From the definition of the Open All-Age Stake delete the words "over 6 months of age.".
(7) SECTION 15: Change to read as follows: "A Retriever shall become an Amateur Field champion of Record after having won points in Open All-Age, Limited All-Age, or Special All-Age Stakes when handled by an Amateur (as determined by the Field Trial Committee of the trial-giving club), and in Amateur All-Age Stakes at field trials licensed by The Canadian Kennel Club."
(8) SECTION 16 (4th paragraph): Change to read as follows: "At present, to acquire an Amateur Field Championship, a Retriever must win (1) a National Amateur Championship Stake or (2) a total of 15 points, which may be acquired as follows: In each Open All-Age, Limited All-Age, Special All-Age, or Amateur All-Age Stake, there must be at least 12 starters, 8 of which are eligible for entry in a Limited All-Age Stake, etc.".
(9) SECTION 16 (5th paragraph): Change to read as follows: "At present, to acquire a Field Championship, a Retriever must win (1) a National Championship Stake or (2) a total of 10 points, which may be acquired as follows:- In each Open All-Age, Limited All-Age, or Special All-Age Stake there must be at least 12 starters, 8 of which are eligible for entry in a Limited All-Age Stake, etc.".
(10) TRIAL PROCEDURE: Section #6: Second paragraph to commence. "In all regular official stakes, except Junior, dogs should be brought to the line," etc.
and add a paragraph reading: "In other stakes dogs should be taken off leash when they get to the line and remain off leash while they are under judgment."
(11) JUDGING: Section #22 to read as follows: "The Judges must judge the dogs for (a) their natural abilities including their memory, intelligence, attention, nose, courage, perseverance and style, and (b) their abilities acquired through training, including steadiness, control, response to direction and delivery."
(12) LINE MANNERS: Third paragraph to read as follows: "Any dog whose handler is found holding him to keep him steady shall be eliminated."
(13) LINE MANNERS: In Section #25 delete the sentence reading: "In any other than the All-Age Stake, if a dog makes a slight break and is brought immediately under control, the dog need not be penalized for unsteadiness.", and substitute a sentence reading: "In any other than the All-Age Stake, if a dog breaks, but is brought immediately under control, the dog need not be eliminated."; and change last paragraph of Section #25 to read as follows: "When the handler of a dog under judgment is ordered by the Judges for any reason to pick up his dog, he is still under judgment until he has left the line with his dog and put him on leash and all provisions of paragraph 25 of the Standard Procedure shall apply until that time."
(14) After Section #39 (GENERAL PROVISIONS) add the following:
RETRIEVER FIELD TRIAL COUNCIL RECOMMENDATIONS
The Retriever Field Trial Council has adopted several standing recommendations to all Retriever trial-giving clubs, which includes a Supplement to the Standard Procedure, that deals in more detail with the conduct and judging of these trials.
All officials of trial-giving clubs and judges should be posted on these recommendations, copies of which are available upon request, at The Canadian Kennel Club."

THIS AMENDMENT PROPOSED BY:
Mrs. Ruth Cameron Copeland, Lloyd Jarvis, H. George DeYoung, Loyal M. Kelly, John W. MacDougall, H.V.P. Lewis.

PROPOSED AMENDMENT NO. 7

IT IS PROPOSED THAT:
The Field Trial Rules and Regulations be amended as proposed in proposed amendment #5 except for the following differences:

(1) Before the "Introduction" include the following as "STANDING RECOMMENDATIONS":
"1. Only Amateurs should be asked to judge Retriever trials.
2. No cash or merchandise should be given as prizes for placing dogs. There should be no prizes or trophies of any kind offered to handlers in any stake except (a) trophies to Amateur handlers and (b) a trophy to the handler of the winning dog in the National Championship Stake.
3. In Open, Limited, or Special All-Age Stakes, and in Amateur All-Age Stakes the combined experience of the Judges should be such that they have judged a total of three Open, Limited or Special All-Age Stakes, and they should be thoroughly experienced in handling and training of Retrievers and in the requirements of Retriever work.
4. Programs should show all the information about competing dogs that is called for in entry blanks.
5. Humane handling and care of game at a trial should be rigidly practiced.
6. The following definition should be used in determining the status of any person to be an Amateur:
A person should be considered an Amateur if, in the opinion of the Field Trial Committee of the particular trial, his interest and that of the the members of his immediate household is such that none of them is attempting to obtain part of his or their livelihood from direct participation in dog activities, nor have they done so in the calendar year of the trial or the preceding calendar year.
7. That the following "Supplement to the Standard Procedure" be used in the conducting and judging of Retriever trials."
(2) Where "Derby" appears in the "Supplement to the Standard Procedure" change to "Junior".
(3) Under "Conduct of the Trial" add a new paragraph reading as follows (Paragraphs #8 to #12 inc. to be appropriately renumbered):
"The encountering of wild birds, rabbits, or other game by the working dog also presents a problem, and sometimes creates great inequalities. Dogs, particularly in all-age stakes, should ignore such distractions or be sufficiently under control to be "handled" to the "fall". Judges should decide, in advance, how they will deal with such a problem, and, as in the case of runners, they may agree to pick-up the dog and re-test him at a later time, providing they feel that such a distraction was responsible for a faulty performance."
(4) Under "Conduct of the Trial", the last part of Section #5 be changed to read: "Any unusual condition of a bird, such as being badly "shot-up", etc. should be brought to the attention of all other Judges. If the same birds are to be used again, those that are injured should be set aside and not used again."
(5) Under "Conduct of the Trial" add the following to Section #8 in the copy outlined in proposed amendment #5 : "Such heeling

enforced after the falls are down may distract the working dog from remembering falls which he might otherwise have marked accurately."

(6) Under "Abilities acquired through training" change the second paragraph of #1 (STEADINESS) to read: "A dog should not be penalized for a command to sit as the first bird is being thrown on a "walk-up". In other tests, except in the All-Age Stakes, a dog should not be penalized for a quiet command to sit, etc.".

(7) Under "Abilities acquired through training" delete the last two sentences in paragraph #3 under #1 (STEADINESS).

(8) Under "Abilities acquired through training", change the second paragraph of #2 (Control) to read as follows: "In Junior stakes, dogs may be brought to the line and taken from the line, on leash, unless the Judges specify otherwise."

(9) Under "SERIOUS FAULTS" change #15 to read as follows: "Watching birds being shot or retrieved by another dog in any test carrying championship points."

(10) Under "MODERATE FAULTS" delete #7 and renumber #8 to #11.

(11) Under "MINOR FAULTS" delete #7 renumber #8 to #14.

THIS AMENDMENT PROPOSED BY:
Mrs. Ruth Cameron Copeland, Lloyd Jarvis, Loyal M. Kelly, John W. MacDougall, H.V.P. Lewis.

PROPOSED AMENDMENT NO. 8

IT IS PROPOSED THAT:
Chapter 14, SPECIAL RULES AND CHAMPIONSHIP POINTS APPLYING TO BEAGLES, be amended by the addition of a new Section to follow the present Section 6, the new Section to read as follows:

"SECTION 7. On and after January 1, 1960, any Beagle that obtains points in licensed Field Trials for Beagles in the provinces of Ontario and Quebec may be awarded his Canadian Field Trial Championship after having obtained the following:

(1) at least three places in licensed field trials for Beagles of which two must be first places;
(2) for 13" dogs and 15" bitches at least 50 points;
(3) for 13" bitches and 15" dogs at least 75 points.

Notwithstanding that any Beagle that has obtained points in a licensed Field Trial for Beagles prior to January 1, 1960, may be awarded its Canadian Field Trial Championship in accordance with the regulations in effect at that time."

THIS AMENDMENT PROPOSED BY:
W. B. Jackson, H. G. McConnel, T.S. Riches, Mr. & Mrs. Armond J. Paquette, Leonard Patterson.

PROPOSED AMENDMENTS TO THE OBEDIENCE TRIAL REGULATIONS AND STANDARDS

PROPOSED AMENDMENT NO. 9

IT IS PROPOSED THAT:
Chapter 1, Section 6, CLASSES AND TESTS, Subsection 1, be amended to read as follows:

"SUBSECTION 1. (Novice Class A). The Obedience Novice Class A shall be for pure-bred dogs of any breed and of either sex which have not won the title of C.D. (Companion Dog). One dog only may be entered in this class by any one exhibitor and every dog in the class must be exhibited by the owner or a member of his immediate family. No licensed handler, no trainer, nor any person who has previously exhibited a dog through its U.D. (Utility Dog) title in Canada or elsewhere shall be allowed to compete. When a dog is wrongfully entered in this class, any score awarded will be cancelled. The word trainer means any person who conducts a dog obedience training class, or who regularly assists with the training of dogs in said class, or who regularly trains dogs belonging to persons outside his or her immediate family."

THIS AMENDMENT PROPOSED BY:
Mrs. Alex Casgrain, Miss Dorothy M. Budge, Mr. Irving Diamond, Miss D. Valerie Reid, Mrs. T. G. Hawkins.

PROPOSED AMENDMENT NO. 10

IT IS PROPOSED THAT:
Chapter 1, Section 6, CLASSES AND TESTS, Subsection 4 be amended to read as follows:

"SUBSECTION 4. (Open Class A). The Obedience Class A shall be for pure-bred dogs of any breed and of either sex which have not won the title of C.D.X. (Companion Dog Excellent). One dog only may be entered in this class by any one exhibitor and every dog in the class must be exhibited by the owner or a member of his immediate family. No licensed handler, no trainer, nor any person who has previously exhibited a dog through its U.D. (Utility Dog) title in Canada or elsewhere shall be allowed to compete. When a dog is wrongfully entered in this class, any score awarded will be cancelled. The word trainer means any person who conducts a dog obedience training class, or who regularly assists with the training of dogs in said class, or who regularly trains dogs belonging to persons outside his or her immediate family."

THIS AMENDMENT PROPOSED BY:
Mrs. Alex Casgrain, Miss Dorothy M. Budge, Irving Diamond, Miss D. Valerie Reid, Mrs. T. G. Hawkins.

PROPOSED AMENDMENT NO. 11

IT IS PROPOSED THAT:
Chapter 1, Section 6, CLASSES AND TESTS, Subsection 4 (Open Class A) be amended by deleting the first sentence in this Subsection and substituting the following sentence therefor:

"The Obedience Open Class A shall be for pure-bred dogs of any breed and of either sex which have won the title of C.D. (Companion Dog) IN CANADA but which have not won the title of C.D.X. (Companion Dog Excellent)."

THIS AMENDMENT PROPOSED BY:
Mrs. Alva McColl, Walter Brown, Robert L. Blyth, Mr. & Mrs. Thomas H. Sinclair, Mrs. Edna I. Joel.

PROPOSED AMENDMENT NO. 12

IT IS PROPOSED THAT:
The Obedience Trial Regulations and Standards, Chapter 1, Section 7, Subsection 7, be amended by deleting the words "dog show" in the fourth line, and by deleting the sentence reading "This applies to both obedience and dog show Judges when an obedience trial is held in conjunction with a dog show.", and by adding to this Subsection a sentence reading: "This rule does not prohibit a judge officiating at an Obedience Trial being held in conjunction with a Dog Show (or any member of his or her immediate family) from entering a dog in the conformation classes, except that the judge may not handle the dog himself."

THIS AMENDMENT PROPOSED BY:
Mrs. N.T. Smith, Mrs. H. Cole, Mrs. R. Dafoe, Edward O'Brien, Mrs. Audrey Langford.

PROPOSED AMENDMENT NO. 13

IT IS PROPOSED THAT:
The Obedience Trial Regulations and Standards, Chapter 1, Section 1 (INTERPRETATIONS), be amended by the addition of a new Subsection reading as follows:

"Subsection 4. "Exhibitor" means the owner of the dog."

THIS AMENDMENT PROPOSED BY:
Mrs. N.T. Smith, Mrs. H. Cole, Mrs. R. Dafoe, Edward O'Brien, Mrs. Audrey Langford.

PROPOSED AMENDMENT NO. 14

IT IS PROPOSED THAT:
The Obedience Trial Regulations and Standards be amended as follows: Chapter 3, Section 18 ("Sit and Down") be amended by inserting the following after line #21: "Depending on the circumstances in each case, a substantial or minor deduction shall be made in both Novice and Open classes for touching or forcing a dog into the 'down' position."
Chapter 2, Section 10 ("Long Down") be amended to read as follows: "The "Long Down" in the Novice Classes is done in the same manner as the "Long Sit" except that instead of sitting the dogs the handlers, on orders from the judge, will 'Down' their dogs by command and/or signal, and except further, that the time is three minutes. The dog must stay in the down position until after the Judge says "Exercise finished". The dogs are not required to sit."

THIS AMENDMENT PROPOSED BY:
Mrs. N.T. Smith, Mrs. H. Cole, Mrs. R. Dafoe, Edward O'Brien, Mrs. Audrey Langford.

PROPOSED AMENDMENT NO. 15

IT IS PROPOSED THAT:
Chapter 1, Section 6, CLASSES AND TESTS, Subsection 9 be amended to read as follows:

"This test must be judged by two judges and is open only to pure-bred dogs. With each entry form of a dog which has not passed a "Tracking Test" there must be filed a written statement by a person who is accredited by The Canadian Kennel Club to judge a "Tracking Test" or by a person specifically approved by The Canadian Kennel Club that the dog is considered by him to be ready for such a test. Signed statements to that effect shall be valid for twelve months.

"Handlers, trainers and kennel employees may compete. A competitor may enter more than one dog. The holding of other titles, including "T.D.", shall not bar a dog from competition in this test. This test cannot be given indoors nor at a dog show. The duration of this test may be one day or more, within a fifteen-day period from the original date in the event of an unusually large entry, or other unforeseen emergency, provided that the change in date is satisfactory to the competitors affected."

THIS AMENDMENT PROPOSED BY:
Donald B. Hudson, George F. Christie, Mrs. D. B. Hudson, Mrs. Margot Bowden, Mrs. Dolly Wall.

PROPOSED AMENDMENT NO. 16

IT IS PROPOSED THAT:
Chapter 2, Section 20, Standard for Obedience Trials, be amended to read as follows:

"SECTION 20. TRACKING: The tracking test must be performed with the dog on leash, the length of the track to be not less than 440 yards nor more than 500 yards, the scent to be not less than one-half hour nor more than two hours old at the time that the dog commences the track, and to be that of a stranger who will leave a leather glove, wallet, or any leather article satisfactory to the judges at the end of the track. The tracklayer will follow the track (which has been staked out with flags a day or more earlier), collecting all the flags on the way with the exception of one flag at the start of the track and one flag 30 yards from the start of the track to indicate the direction of the track; then drop the article at the end of the track, proceeding straight ahead for at least 50 feet and leave the course.

"The glove, wallet or other article is to be retrieved by the dog. The dog shall work at the full length of the leash which may not be less than 10 feet in length, with no help from the handler, the judges, or any other person.

"A dog may, at the handler's option, be given one and only one second chance to take the scent between the flags at the start, provided he (the dog) has not passed the second flag. The handler may encourage the dog or correct him verbally, but any leading or guiding by the leash shall not be permitted."

THIS AMENDMENT PROPOSED BY:
Donald B. Hudson, George F. Christie, Mrs. D. B. Hudson, Mrs. Margot Bowden, Mrs. Dolly Wall.

NOTICE

By virtue of Article XXXVIII, Section 17, of the Club's By-laws, the Board of Directors has the authority to order a special referendum ballot on one or more proposed amendments to the Club's By-laws and Rules. The Board has discussed the possibility of including a number of proposed amendments in the 1960 referendum ballot but has decided that its final decision should not be made until after notice of these possible proposed amendments has been published, the proposed amendments have been discussed at the Annual General Meeting next February, and following the Annual General Meeting the membership at large has an opportunity of submitting their views with regard to these proposed amendments.

Pursuant to the instructions of the Board, proposed amendments #17 to #24 inclusive are therefore published along with the regularly submitted proposed amendments #1 to #16 inclusive.

PROPOSED AMENDMENTS TO THE BY-LAWS

PROPOSED AMENDMENT NO. 17

IT IS PROPOSED THAT:
Article XII, ELECTIONS, Section 1, be amended by the addition of the following:

"A member under 21 years of age on January 1st of the year in which an election is held shall not be eligible to be nominated, stand for election, and/or be elected as an Officer or other Director, and if such is elected the Board shall declare vacant the office held by such Director and appoint a member entitled to vote to fill the vacancy."

PROPOSED AMENDMENT NO. 18

IT IS PROPOSED THAT:
Article XVII, ORDER AND CONDUCT OF BUSINESS, be amended by deleting the present Section 2, and the following be substituted therefor:

"2. "Procedure at Meetings in Canada" by Dr. Arthur Beauchesne, shall govern

meetings of the Club and Board so far as it is applicable and not inconsistent with the provisions of these By-laws."

PROPOSED AMENDMENTS TO THE DOG SHOW RULES

PROPOSED AMENDMENT NO. 19

IT IS PROPOSED THAT:
Chapter 2, DOG SHOWS DEFINED AND CLASSIFIED, be amended by the addition of a new Section 2 (present Sections 2, 3, 4, and 5 to be appropriately renumbered), reading as follows:

"SECTION 2. A "LIMITED BREEDS SHOW" is a show, given by a club or association, for more than one but not all breeds of pure-bred dogs at which championship points shall be awarded as provided in these Rules. Judging at a Limited Breeds Show shall not proceed beyond the breed level, and the provisions of Chapter 4, Section 2, Subsections (o), (p), (q), (r), (s), (t) and (u) of these Rules shall not apply to a Limited Breeds Show."

PROPOSED AMENDMENT NO. 20

IT IS PROPOSED THAT:
Chapter 26, END OF THE SHOW, Section 3 be amended by the deletion of the words "and listing fees"; and
Chapter 16, ENTRIES AND ENTRY FEES, be amended by the deletion of the present Section 2 and the following be substituted therefor:

SECTION 2. If a dog is not registered in The Canadian Kennel Club Stud Book, it may be entered at a championship show as a "listed" dog, but only the following dogs may be "listed":

(a) a dog born in Canada of a litter registered in or eligible for registration in the records of The Canadian Kennel Club according to Article XXIX of the Club's By-laws;
(b) a dog, a specimen of a breed recognized by The Canadian Kennel Club, registered individually in a record or stud book recognized by The Canadian Kennel Club.

Awards and championship points earned by a listed dog at a show held under these Rules shall not be recorded nor officially recognized by The Canadian Kennel Club unless:

(1) application to complete individual registration of said dog is received at the recording office of The Canadian Kennel Club within sixty days following the show at which said awards and championship points were earned; and
(2) application for official recording of such awards, on a special form obtainable from The Canadian Kennel Club, is received by The Canadian Kennel Club within thirty days following issuance of certificate of registration for said dog, and
(3) the application for official recording is accompanied by a listing fee of 50¢ for each show at which the dog earned championship points and/or awards which the dog's owner wishes officially recorded and recognized.

Where the owner of a dog is unable to submit application for official recording within ninety days following a show, the Registration Committee may, at its discretion, extend the deadline.

While all awards and championship points earned at a show held under these Rules are published in the Club's official magazine, such publication is for general information only, and it does not constitute an official record or recognition of such awards. Notwithstanding any provisions of these Rules, awards and championship points are only officially recognized when recorded on the Club's records.

PROPOSED AMENDMENT NO. 21

IT IS PROPOSED THAT:
Chapter 19, THE DOGS AND THEIR EXHIBITORS, be amended by the addition of a new Section (appropriately numbered) reading as follows:

"Any person outside the ring who wilfully interferes with the handling of any dog being shown or who, either by action or attire, in any way assists the manner in which a dog performs, is subject to disciplinary action by the Board of Directors.

PROPOSED AMENDMENT TO THE OBEDIENCE TRIAL REGULATIONS AND STANDARDS

PROPOSED AMENDMENT NO. 22

IT IS PROPOSED THAT:
Chapter I, Section 7, ENTRIES, be amended by the deletion of the second paragraph of Subsection 2 and the deletion of Subsection 5 in its entirety, and the following new Subsection 5 be substituted:

(Same as proposed amendment #20 except the words "awards and championship points" be changed to "awards and scores").

PROPOSED AMENDMENTS TO THE FIELD TRIAL RULES AND REGULATIONS

PROPOSED AMENDMENT NO. 23

IT IS PROPOSED THAT:
Chapter 7, ENTRIES AND ENTRY FEES, be amended by the deletion of Section 2 in its entirety and the following be substituted therefor:

(Same wording as proposed amendment #20).

PROPOSED AMENDMENT NO. 24

IT IS PROPOSED THAT:
The Appendix to the Field Trial Rules and Regulations be amended by the deletion of the present Section 3, and the following be substituted therefor:

"3. The Secretary of The Canadian Kennel Club shall forward, by registered mail, to each owner of a dog eligible for entry in this stake an invitation to enter said dog in this stake. The invitation shall be accompanied by a Post Office Department card (No.39B) "Acknowledgement of Receipt" and all such receipts shall be retained in the files of The Canadian Kennel Club."

and part (a) of Section 11 be deleted and the remaining parts be appropriately renumbered.

NOTICE TO DACHSHUND FANCIERS

The Canadian Kennel Club's Board of Directors has authorized a committee under the Chairmanship of the President of the C.K.C., Mr. Walter Brown, to study all matters pertaining to the registration, breeding, and exhibition of Dachshunds in Canada. The committee is composed of Mr. W. Brown, Mr. W. H. MacKendrick, Mr. J. W. MacCallum, Mr. N. F. Brown, and the following Dachshund fanciers: Mr. E. Lindsay, Mr. L. Bodemer, Mrs. P. Fisher, Mrs. H. Sinclair, Mr. D. King, Mr. C. Sharen, and Dr. W. E. Shute.

The need for such a committee arose out of certain problems experienced by Canadian Dachshund fanciers when litters of Dachshunds appeared in which all puppies were not of the same coat. There was also current at the time of the Committee's formation a discussion amongst miniature breeders of the possible desirability of raising the maximum weight limitation for miniatures. A preliminary study of these separate questions quickly revealed that any changes which might be desirable in C.K.C. regulations would necessarily have to take into consideration problems arising from imported dogs and the existing regulations governing Dachshunds in other countries.

The Committee's first meeting was held Sunday, October 18th, 1959, in the C.K.C. offices in Toronto. At that meeting the Committee decided to recommend to the Board "that, until we complete our study, any mixed coated litters be not registered, and if by chance a litter, or any part of said litter, stands registered, the remaining dogs in the litter be not registered."

It was also agreed that when this recommendation was placed before the Board that the following views of the Committee would also be reported: (1) to proceed with the registration of mixed coated litters, prior to the Board's adoption of possible new policies after receiving the Committee's report and final recommendations, may place the Board in the position of having to cancel registration of such litters, a situation to be avoided if possible;
(2) to proceed with the registration of mixed coated litters at this time may well create the belief amongst Dachshund breeders that such registrations constitute a fixed policy on which they can rely in connection with their future breeding plans;
(3) while applications for registration of mixed litters would be held in abeyance, if the Committee's recommendation is approved by the Board, it does not rule out the possibility that such litters, or any part of each of such litters, may eventually be registerable under policies which the Board may later adopt after receiving the Committee's final report and recommendations.
(It was agreed that where a mixed litter is reported it be suggested to the breeder that he do not again mate the two dogs responsible for said litter until any new policies are announced.)

The field of study open to this Committee is extensive. At its first meeting the Committee decided that it would require information from the Kennel Clubs of England, Germany, Holland and the United States. The Committee will determine what information is placed on the certificates of pedigree of Dachshunds in those four countries, and also, what information is included in their stud book listings. Also, the Committee will study the regulations of these countries to determine what practices are permitted with respect to the interbreeding of different coated Dachshunds and the interbreeding of miniature and standard sizes. It is desired additionally to determine exactly the breed standards recognized in these nations and to discover what procedure is followed in the registration of the progeny of inter-mixed matings. All of this information must be considered in order to determine the feasibility and the desirability of continuing in Canada the ban against interbreeding the six breeds of Dachshunds recognized by the C.K.C. and also to determine what must be required as satisfactory documentary proof of pure-breeding of imported Dachshunds before registering such dogs in Canada.

It is unfortunate that the opinions available from long-experienced breeders with regard to the effect of inter-breeding are contradictory. Strictly speaking, with all due respect to our experienced breeders, this situation is to be expected because the individual breeder does not have experience of sufficient cases to arrive at definite conclusions. In scientific studies of geneticists the principles discovered are backed by the study of hundreds and even thousands of matings. This Committee must seek out then the literature dealing with genetic studies of Dachshunds and of dogs generally to ascertain what effect the inter-mating of various breeds of Dachshunds will have on the progeny of such matings and on the ability of those progeny to produce Dachshunds of pure breeding. While it is desirable and necessary to have concrete scientific facts available the wishes of Dachshund fanciers will not be ignored. The Committee may only recommend to the C.K.C. Board of Directors changes in present regulations and the Committee's recommendations will be based on the stated desires of Dachshund fanciers. The knowledge of genetics available to the Committee will be used to formulate regulations that will be enforceable.

It will be readily apparent that the Committee's study of necessity will take some time. The Committee must have the opinions of Canadian Dachshund fanciers with respect to the matters under study before it can decide what recommendations to make. These opinions should be sent to Mr. N. F. Brown, The Canadian Kennel Club, 667 Yonge Street, Toronto, Ontario.

THIS NOTICE PUBLISHED BY ORDER OF
THE SPECIAL COMMITTEE ON DACHSHUNDS

BREED STANDARDS

NOTICE

SUBJECT: Breed Standards

NOTICE is hereby given that at its annual meeting which commences on February 12, 1960, the Board of Directors of The Canadian Kennel Club will consider whether it should approve, and declare effective in Canada, the following changes in breed standards previously approved by The American Kennel Club:

1. A new standard for the Bouvier des Flandres;
2. A new standard for the Schipperke;
3. A new standard for Poodles;
4. A new standard for the Griffon (Brussels);
5. Changes in breed standards for Field Spaniels, Sussex Spaniels, Airedale Terriers and English Toy Spaniels.

These proposed new standards and changes in standards are published in this issue. All persons and organizations interested are invited to submit to the Secretary, The Canadian Kennel Club, 667 Yonge Street, Toronto, Ontario, his, her or their comments on these new standards and changes in breed standards, but must, in each instance, set forth his, her or their reasons for being interested. All comments must reach the Secretary not later than February 1, 1960.

NOTICE is hereby given that at the semi-annual meeting held in August, 1959, the Board of Directors approved and declared effective January 1, 1960, the following changes in breed standards reported in the April, 1959 issue of Dogs in Canada:

1. A new standard for the Pointer;
2. A change in the standard for the Griffon (Brussels);
3. A change in the standard for the Pinscher (Miniature);
4. A new standard for the Papillon.

At its semi-annual meeting in August the Board decided that it would not approve changes in the standards for the Manchester Terrier and the Toy Manchester Terrier, and the standards for these breeds remain those which are set forth in "The Complete Dog Book" dated July 1, 1956.

Similarly, the Board has not yet decided whether to approve the new standard for the Schnauzer (Miniature) and for the time being, at least, the standard remains the same as found in "The Complete Dog Book" dated July 1, 1956.

Confirming an earlier ruling of the Board concerning the maximum permissible height at shows for Miniature Dachshunds, the Board has ordered the following added to the standards for the three varieties of Miniature Dachshunds:

> "A Miniature Dachshund over nine pounds is not eligible to compete at shows held under The Dog Show Rules of The Canadian Kennel Club. If, at such a show, a Miniature Dachshund is officially weighed and is found to exceed nine pounds, said dog shall be declared absent and not permitted in competition at the show."

This notice is published by order of the Board of Directors.
N. F. BROWN,
Secretary-Treasurer.

November 15, 1959.

STANDARD FOR BOUVIER DES FLANDRES

The Bouvier des Flandres is a rough-coated dog of notably rugged appearance as befitting an erstwhile cattle driver and farmers' helper of Flandres, and later an ambulance dog and messenger in World War 1. He is a compact-bodied, powerfully built dog of upstanding carriage and alert, intelligent expression.

HEAD

The head is medium long, with the skull slightly longer than the muzzle.

SKULL

Almost flat on top, moderately wide between the ears, and sloping slightly toward the muzzle. The brow is noticeably arched over the eyes. The stop is shallow, and the under-eye fill-in good.

EARS

Rough-coated, set high on the head and cropped to a triangular contour. They stand erect and are carried straight up.

EYES

Neither protruding nor sunken, the eyes are set a trifle obliquely in the skull and not too far apart. They are of medium size and very nearly oval. Preferred color, a dark nut-brown. Black eyes, although not considered faulty, are less desirable as contributing to a somber expression. Light-colored eyes, and staring or wild expression are faulty.

MUZZLE

Wide, deep and well filled out, the width narrowing gradually toward the tip of the nose. Cheeks are clean or flat-sided, the jaws powerful, and the lips dry and tight-fitting. A narrow muzzle, suggestive of weakness, is faulty.

TEETH

Strong and white, with the canines set well apart, the teeth meet in a scissors bite.

NOSE

Black and well developed, the nostrils wide open. Across the top the contour is a trifle rounded as opposed to flat. Brown, pink and spotted noses are faulty.

NECK AND SHOULDERS

The neck is well rounded, slightly arched, and carried almost upright, its thickness gradually increasing as it fits gracefully into the shoulders. Clean and dry at the throat. The shoulders are long and sloping.

BODY AND TAIL

The brisket is deep, extending down at least to the point of the elbows, and of moderate width.

BACK

Short, strong and straight.

LOINS

Short, taut and slightly arched in top line, while the rump is broad and square rather than sloping. Ribs are deep and well sprung. As advantageous for breeding purposes, slightly greater length of loin is permissible in bitches.

TAIL

Set high, carried up, and docked to about 4 inches.

LEGS AND FEET

The leg bones, although only moderate in girth, are made to appear heavy because of their covering with thick, rough hair.

FORELEGS

Straight as viewed from the front or side, with elbows turned neither in nor out.

HINDLEGS

Hindquarters are firm and well muscled, with large, powerful hams. Legs are strong and sturdy, with hocks well let down and wide apart. They are slightly angulated at stifle and hock joints. Viewed from the back, they are absolutely parallel.

FEET

Round, compact, with toes arched and close. The nails are black, the pads thick and tough.

COAT

Rough, touseled and unkempt in appearance, the coat is capable of withstanding the hardest work in the most inclement weather.

TOPCOAT

Harsh, rough and wiry, and so thick that when separated by the hand the skin is hardly visible.

UNDERCOAT

Fine and soft in texture, and thicker in winter. On the skull the hair is shorter and almost smooth. On the brows it is longer, thus forming eyebrows. Longer growth on muzzle and underjaw form mustache and beard. On the legs it is thick and rough, on the feet rather short. Soft silky or woolly topcoats are faulty.

COLOR

From fawn to black; pepper and salt, gray and brindle. A white star on the chest is allowed. Chocolate brown with white spots is faulty.

HEIGHT

Dogs from 23 1/2 to 27 1/2 inches; bitches, a minimum of 22 3/4 inches.

SCALE OF POINTS

Coat	20
Head (eyes, ears, skull, foreface)	20
Shoulders and style	10
Hindquarters (hams and legs)	10
Back, loin, brisket, belly	15
Feet and legs	10
Symmetry, size and character	15
	100

STANDARD FOR SCHIPPERKES

APPEARANCE AND GENERAL CHARACTERISTICS

Excellent and faithful little watchdog, suspicious of strangers. Active, agile, indefatigable, continually occupied with what is going on around him, careful of things that are given him to guard, very kind with children, knows the ways of the household; always curious to know what is going on behing closed doors or about any object that has been moved, betraying his impressions by his sharp bark and upstanding ruff, seeking the company of horses, a hunter of moles and other vermin; can be used to hunt, a good rabbit dog.

COLOR

Solid black.

HEAD

Foxlike, fairly wide, narrowing at the eyes, seen in profile slightly rounded, tapering muzzle not too elongated nor too blunt, not too much stop.

NOSE

Small and black.

EYES

Dark brown, small, oval rather than round, neither sunken nor prominent.

EXPRESSION

Should have a questioning expression; sharp and lively, not mean or wild

EARS

Very erect, small, triangular, placed high, strong enough not to be capable of being lowered except in line with the body.

TEETH

Meeting evenly. A tight scissors bite is acceptable.

NECK

Strong and full, slightly arched, rather short.

SHOULDERS

Muscular and sloping.

CHEST

Broad and deep in brisket.

BODY

Short, thick-set and cobby. Broad behind the shoulders, seeming higher in front because of ruff. Back strong, short, straight and level or slightly sloping down toward rump. Ribs well sprung.

LOINS

Muscular and well drawn up from the brisket but not to such an extent as to cause a weak and leggy appearance of the hindquarters.

FORELEGS

Straight under body, with bone in proportion, but not coarse.

HINDQUARTERS

Somewhat lighter than the foreparts, but muscular, powerful, with rump well rounded, tail docked to no more than 1 inch in length.

FEET

Small, round and tight (not splayed), nails straight, strong and short.

COAT

Abundant and slightly harsh to the touch, short on the ears and on the front of legs and on the hocks, fairly short on the body, but longer around neck beginning back of the ears, and forming a ruff and a cape; a jabot extending down between the front legs, also longer on rear where it forms a culotte the points turning inward. Undercoat dense and short on body, very dense around neck making ruff stand out. Culotte should be as long as the ruff.

WEIGHT

Up to 18 pounds.

FAULTS

Light eyes, large round prominent eyes, ears too long or too rounded, narrow head and elongated muzzle, too blunt muzzle, domed skull, smooth short coat with short ruff and culotte, lack of undercoat, curly or silky coat, body coat more than three (3) inches long, slightly overshot or undershot, sway-back. Bull Terrier shaped head, straight hocks. Straight stifles and shoulders, cow hocks, feet turning in or out, legs not straight when viewed from front. Lack of distinction between length of coat, ruff and culotte.

DISQUALIFICATIONS

Any color other than solid black. Drop or semi-erect ears. Badly overshot or undershot.

STANDARD FOR POODLES

1. GENERAL APPEARANCE, CARRIAGE AND CONDITION

That of a very active, intelligent and elegant-looking dog, squarely built, well proportioned, moving soundly and carrying himself proudly. Properly clipped in the traditional fashion and carefully groomed, the poodle has about him an air of distinction and dignity peculiar to himself.

2. HEAD AND EXPRESSION

(a) Skull: moderately rounded, with a slight but definite stop. Cheek-bones and muscles flat.

Muzzle: long, straight and fine, with slight chiseling under the eyes. Strong without lippiness. The chin definite enough to preclude snippiness. Teeth white, strong and with a scissors bite. Nose sharp with well-defined nostrils.

(b) Eyes: set far apart, very dark, full of fire and intelligence, oval in appearance.

(c) Ears: set low and hanging close to the head. The leather should be long, wide and heavily feathered.

3. NECK AND SHOULDERS

Neck well proportioned, strong and long to admit of the head being carried high and with dignity. Skin snug at throat. The neck should rise from strong muscular shoulders which slope back from their point of angulation at the upper foreleg to the withers.

4. BODY

The chest deep and moderately wide. The ribs well sprung and braced up. The back short, strong and slightly hollowed, the loins short, broad and muscular. (Bitches may be slightly longer in back than dogs).

5. TAIL

Straight, set on rather high, docked, but of sufficient length to insure a balanced outline. It should be carried up and in a gay manner.

6. LEGS

The forelegs straight from the shoulder, parallel and with bone and muscle in proportion to size of dog. The pasterns should be strong. The hindlegs very muscular, stifles well bent and hocks well let down. The thigh should be well developed muscular and showing width in the region of the stifle to insure strong and graceful action. The four feet should turn neither in nor out.

7. FEET

Rather small and oval in shape. Toes arched, close and cushioned on thick, hard pads.

8. COAT

Quality: very profuse, of harsh texture and dense throughout.

Clip: A Poodle may be shown in the "Puppy" Clip or in the traditional "Continental" Clip or the "English Saddle" Clip.

A Poodle under a year old may be shown in the "Puppy" Clip with the coat long except the face, feet and base of tail, which should be shaved.

Dogs one year old or older must be shown in either the "Continental" Clip or "English Saddle" Clip.

In the "Continental" Clip the hind quarters are shaved with pompons on hips (optional). The face, feet, legs and tail are shaved leaving bracelets on the hindlegs, puffs on the forelegs and a pompon at the end of the tail. The rest of the body must be left in full coat.

In the "English Saddle" Clip the hind quarters are covered with a short blanket of hair except for a curved shaved area on the flank and two shaved bands on each hindleg. The face, feet, forelegs and tail are shaved leaving puffs on the forelegs and a pompon at the end of the tail. The rest of the body must be left in full coat.

9. COLOR

The coat must be an even and solid color at the skin. In blues, grays, silvers, browns, cafe-au-laits, apricots and creams the coats may show varying shades of the same color. This is frequently present in the somewhat darker feathering of the ears and in the tipping of the ruff. While clear colors are definitely preferred such natural variation in the shading of the coat is not to be considered a fault. Brown and cafe-au-lait poodles have liver-colored noses, eye-rims and lips, dark toenails and dark amber eyes. Black, blue, gray, silver, apricot, cream and white poodles have black noses, eye-rims and lips, black or self-colored toenials and very dark eyes. In the apricots while black is preferred, liver-colored noses, eye-rims and lips, self-colored toenails and amber eyes are permitted but are not desirable.

10. GAIT

A straight forward trot with light springy action. Head and tail carried high. Forelegs apd hindlegs should move parallel turning neither in nor out. Sound movement is essential.

11. SIZE

The Standard Poodle is over 15 inches at the withers. Any poodle which is 15 inches or less in height shall be disqualified from competition as a Standard Poodle.

The Miniature Poodle is 15 inches or under at the withers, with a minimum height in excess of 10 inches. Any poodle which is over 15 inches or 10 inches or less at the withers shall be disqualified from competition as a Miniature Poodle.

The Toy Poodle is 10 inches or under at the withers. Any poodle which is more than 10 inches at the withers shall be disqualified from competition as a Toy Poodle.

12. VALUE OF POINTS

General appearance, carriage and condition	20
Head, ears, eyes and expression	20
Neck and shoulders	10
Body and tail	15
Legs and feet	15
Coat-color and texture	10
Gait	10

13. MAJOR FAULTS

Eyes: round in appearance, protruding, large or very light.
Jaws: undershot, overshot or wry mouth. Cow-hocks.
Feet: flat or spread.
Tail: set low, curled or carried over the back. Shyness.

14. DISQUALIFICATIONS

Parti-colors: The coat of a parti-colored dog is not an even solid color at the skin but is variegated in patches of two or more colors.
Any type of clip other than those listed in Section 8.
Any size over or under the limits specified in Section 11.

STANDARD FOR BRUSSELS GRIFFONS

GENERAL APPEARANCE

A toy dog, intelligent, alert, sturdy, with a thick-set short body, a smart carriage and set-up, attracting attention by an almost human expression.

HEAD

Skull: Large and round, with a domed forehead. Ears - Small and set rather high on the head. May be shown cropped or natural. If natural they are carried semi-erect. Eyes - Should be set well apart, very large, black, prominent, and well open. The eyelashes long and black. Eyelids edged with black. Nose-Very black, extremely short, its tip being set back deeply between the eyes so as to form a lay-back. The nostrils large, the stop deep. Lips - Edged with black, not pendulous but well brought together, giving a clean finish to the mouth. Jaws - Chin must be undershot, prominent, and large with an upward sweep. The incisors of the lower jaw should protrude over the upper incisors, and the lower jaw should be rather broad. Neither teeth nor tongue should show when the mouth is closed. A wry mouth is serious fault.

BODY AND LEGS

Brisket should be broad and deep, ribs well sprung, back level and short. Neck - Medium length, gracefully arched. Tail - Set and held high, docked to about one third. Forelegs - Of medium length, straight in bone, well muscled, set moderately wide apart and straight from the point of the shoulders as viewed from the front. Pasterns short and strong. Hind legs - Set, true, thighs strong and well muscled, stifles bent, hocks well let down, turning neither in nor out. Feet - Round, small and compact, turned neither in nor out. Toes well arched. Black pads and toenails preferred.

COAT

There are two distinct types of coat-rough and smooth. The rough coat should be wiry and dense, the harder and more wiry the better. On no account should the dog look or feel woolly, and there should be no silky hair anywhere. The coat should not be so long as to give a shaggy appearance, but should still be distinctly different all over from the smooth coat. The head should be covered with wiry hair, slightly longer around the eyes, nose, cheeks, and chin, thus forming a fringe. The Smooth coat is similar to that of the Boston Terrier or English Bulldog, with no trace of wire hair.

COLOR

In the rough-coated type, coat is either 1, reddish brown, with a little black at the whiskers and chin allowable, or 2, black and reddish brown mixed, usually with black mask and whiskers, or 3, black with uniform reddish brown markings, usually appearing under the chin, on the legs, over the eyebrows, around the edges of the ears and around the vent, or 4, solid black. The colors of the smooth-coated type are the same as those of the rough-coated type except that solid black is not allowable. Any white hairs in either the rough or smooth coat are a serious fault, except for "frost" on the black muzzle of a mature dog, which is natural.

WEIGHT

Should be 8 to 10 pounds and should not exceed 12 pounds, although type and quality are of greater importance than weight.

SCALE OF POINTS

Head		
Skull	5	
Nose and stop	10	
Eyes	5	
Chin and jaws	10	
Ears	5	35
Coat		
Color	12	
Texture	13	25
Body and General Conformation		
Body (brisket and rib)	15	
Legs	10	
Feet	5	
General Appearance (neck, topline, and tail carriage)	10	40

DISQUALIFICATIONS

Dudley or butterfly nose, white spot or blaze anywhere on coat, hanging tongue, jaw overshot, solid black coat in the smooth type.

CHANGES IN BREED STANDARDS

FIELD SPANIELS

Delete the paragraph following the heading "Color" substituting in its place: "Black, liver, golden liver, mahogany red, or roan; or any one of these colors with tan over the eyes and on the cheeks, feet, and pasterns. Other colors, such as black and white, liver and white, red or orange and white, while not disqualifying, will be considered less desirable since the Field Spaniel should be clearly distinguished from the Springer Spaniel.

SUSSEX SPANIELS

Delete the last three sentences and the editor's note in the paragraph following the heading "Legs and Feet," substituting in their place: "The hind legs should not appear to be shorter than the forelegs, nor be too much bent at the hocks. They should be well feathered above the hocks, but should not have much hair below that point. The hind legs are short from the hock to the ground, and wide apart."

AIREDALE TERRIERS

Delete "The use of any and all foreign agents for the improvement of dogs in the show ring, such as coloring, dilating the pupil and stiffening the coat, is forbidden under American Kennel Club rules. Such acts are unsportsmanlike and unfair to those exhibitors who live up to the rules."

ENGLISH TOY SPANIELS

Change heading "Color" to "Colors of the Two Varieties" and delete the present two paragraphs following "Color" substituting in their place:

KING CHARLES AND RUBY

The King Charles and Ruby types which comprise one show variety are solid colored dogs. The King Charles are black and tan (considered a solid color), the black rich and glossy with deep mahogany tan marks over the eyes and on the muzzle, chest and legs. The presence of a few white hairs intermixed with the black on the chest is to be faulted, but a white patch on the chest or white appearing elsewhere disqualifies. The Ruby is a rich chestnut red and is whole colored. The presence of a few white hairs intermixed with the red on the chest is to be faulted, but a white patch on the chest or white appearing elsewhere disqualifies.

BLENHEIM AND PRINCE CHARLES

The Blenheim and Prince Charles types which comprise the other show variety are broken colored dogs. The Blenheim is red and white. The ground color is a pearly white which has bright red chestnut or ruby red markings evenly distributed in large patches. The ears and cheeks should be red, with a blaze of white extending from the nose up the forehead and ending between the ears in a crescentic curve. In the center of the blaze at the top of the forehead, there should be a clear "spot" of red, the size of a dime. The Prince Charles, a tri-colored dog, is white, black and tan. The ground color is a pearly white. The black consists of markings which should be evenly distributed in large patches. The tan appears as spots over the eyes, on the muzzle, chest and legs; the ears and vent should also be lined with tan. The Prince Charles has no "spot" that being a particular feature of the Blenheim.

MEETING OF THE BOARD OF DIRECTORS

OCTOBER 20, 1959

A regular meeting of the Board of Directors of The Canadian Kennel Club was held in the Club's offices, 667 Yonge Street, Toronto, Ontario, on Tuesday, October 20, 1959, commencing at 10.00 A.M. with the President, Walter Brown, in the Chair, and the following members of the Board present: Mrs. Alva McColl, Robert L. Blyth, J. W. MacCallum, W. H. MacKendrick, Mrs. Pamela B. Mack, Mrs. N.T. Smith and Mrs. M. Southcott.

MINUTES

3 M 21. MINUTES OF SEMI-ANNUAL MEETING

The Secretary reported that:
(1) all members of the Board had been provided with a draft copy of the minutes of the semi-annual meeting of the Board held at Fredericton on August 12th-13th-14th;
(2) Mrs. Southcott had drawn attention to four typographic errors in the first day's session and these had been corrected in the minutes of the first day's session reported in the October issue of the official magazine;
(3) no other errors had been reported and the balance of the minutes would be published in the November issue;
(4) the draft minutes failed to indicate that the Board had ordered resolution #394-59 entered in the Book of Standing Resolutions, and an appropriate correction would be made in the minute book.

It was regularly moved by Mr. MacCallum, seconded by Mrs. Southcott:
(#443-59) "THAT, the minutes of the semi-annual meeting of the Board, as corrected, be adopted."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried

The Secretary read a letter from Mr. Irving who suggested that resolution #343-59, suitably reworded to set forth the items which it approved, be included in the Book of Standing Resolutions as had resolution #345-59 with which it was associated.

It was regularly moved by Mr. Blyth, seconded by Mrs. Smith:
(#444-59) "THAT, resolution #343-59 be entered in the Book of

Standing Resolutions."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

FINANCIAL MATTERS

5 F 2. APEX PUBLISHERS & PUBLICITY LTD.

The Secretary reported that:
(1) on September 10th Mr. W. H. MacKendrick, Miss E. Dunn, and the Secretary had met with the Postmaster at Oshawa for the purpose of discussing postage charges on "Dogs in Canada", particularly as it related to copies mailed to members of the Club;
(2) the discussions with the Postmaster at Oshawa clearly indicated that the postal charges being assessed were in accordance with instructions which he had received from the Post Office Department at Ottawa and he had no alternative but to be governed by such instructions.

Mr. MacKendrick:
(1) pointed to the cost now being met by the Club with regard to the publication of official business in copies of the magazine mailed to persons other than Club members and fully paid subscribers;
(2) recommended that the Club be prepared to pay the cost of postage on copies mailed to members of the Club and fully paid subscribers if, in turn, the publishers would charge the Club for the cost of inclusion of official business in copies mailed only to Club members and fully paid subscribers;
(3) recommended that personal representations, on behalf of the Club, be made to the postal authorities in Ottawa.

It was regularly moved by Mrs. Smith, seconded by Mrs. Mack:
(#445-59) "THAT, Mr. MacKendrick and the Secretary go to Ottawa to discuss this matter with officials of the Post Office Department."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

It was then regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:
(#446-59) "THAT, our postal obligations be taken care of on the understanding that our present contract be revised to provide that The Canadian Kennel Club will pay printing costs for official business included only in copies which are mailed to Club members and to fully paid subscribers."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith; Mrs. Southcott.

Motion carried.

5 F 4. REPORTS OF INVESTMENTS COMMITTEE

The Secretary reported that since this meeting had commenced he had received information about a new Province of Ontario bond offering of 6% bonds to mature in 1979.

The President pointed to the percentage of long term bonds now included in the Club's portfolio of investments, and suggested that consideration be confined to short term bonds.

It was regularly moved by Mrs. Southcott, seconded by Mr. Blyth:
(#447-59) "THAT, the Finance Committee be authorized to make such bond purchases as finances permit."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

INTERNAL AND ADMINISTRATION

9 A 57. LIABILITY INSURANCE (SHOWS AND TRIALS)

The Secretary reported that he had forwarded to each member of the Board a copy of a letter, regarding liability insurance on shows, received from Mr. Ken Doyle of Ontario Insurance Service, and read letters received from Mr. Irving, Mr. Little, Mrs. Gove, and Mr. Anderson commenting on this subject.

In the discussion which followed it was agreed that:
(1) full details of the coverage proposed by Mr. Doyle be sought from Mr. Doyle;
(2) show and trial-giving clubs should then be canvassed with a view to obtaining their reaction to the proposal and their interest if any final arrangements are made by the Board;
(3) if possible information to be sent to show and trial-giving clubs should include information about the legal status of the officials of unincorporated organizations with regard to liability litigation following damage, injury, etc. at a show or trial.

It was regularly moved by Mr. Blyth, seconded by Mrs. Southcott:
(#448-59) "THAT, all the clubs be broached on their feelings on the subject when the Secretary obtains details of the proposed coverage from Mr. Doyle."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

It was agreed that replies from show and trial-giving clubs must reach the Secretary not later than January 15th in order that a report may be forwarded to the entire Board for study prior to the 1960 annual meetings.

The Secretary read a letter from E. C. St. John Green, Canning, N.S. who:
(1) reported that his car, parked outside the building in which the Halifax Kennel Club had held its show on June 29th, had been damaged by "a bottle thrown from inside the building";
(2) reported that he and his solicitor had not been able to obtain from the Halifax Kennel Club any details of the coverage provided in a liability policy said to have been obtained for its show on June 29th.

The Board agreed that:
(1) Mr. Green's letter clearly indicated that it was forwarded for the Club's information;
(2) Mr. Green be informed of the Board's present consideration of possible arrangements with regard to liability insurance, and the Board's wish to be kept informed of any developments with regard to the subject of his letter.

9 A 61. NORMAN K. SWIRE MEMORIAL FUND

The Secretary reported that:
(1) since the last meeting of the Board at which a detailed report on this subject had been placed before the Board, the Club's solicitor had arranged for the Bank of Canada to redeem a $500 Dominion of Canada bond, registered in the name of Mr. Justice G.F. McFarland (now deceased), and the proceeds ($562.00) had been deposited in a savings account (known as the Norman K. Swire Memorial Fund) at the Canadian Bank of Commerce branch at Yonge and Charles Sts.;
(2) this account now stood at $589.73;
(3) as previously authorized by the Board, the Club's solicitor and the Secretary were the persons named to draw cheques on this account;
(4) the fund had been originally set up in 1930 to provide funds for the purpose of offering a medal for Best Canadian-bred in Show at each show (now few in number) in Canada at which the late Mr. Swire had judged.

In the discussion which followed it was agreed that as few of the clubs and associations, at whose shows Mr. Swire had officiated as judge, were still active, consideration should be given to possible new arrangements in order that the original purpose of the Memorial Fund be realized.

It was regularly moved by Mr. MacKendrick, seconded by Mr. MacCallum:
(#449-59) "THAT, the Secretary provide each member of the Board with a copy of the report presented at this meeting, and their recommendations be sought for consideration at the next annual meeting of the Board."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

9 A 30. EMERGENCY FUND

The Secretary reported that of the three members who were appointed as Trustees of the Emergency Fund, one was no longer a member and another was now an employee.

It was regularly moved by Mrs. Southcott, seconded by Mrs. Smith:
(#450-59) "THAT, the Trustees of the Emergency Fund now be W.A. Harris (Chairman), H.V.P. Lewis, and Philip Jacobi."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith Mrs. Southcott.

Motion carried.

Col. Morris Drury was appointed an alternate in the event any of the three members appointed by resolution #450-59 do not accept the appointment.

9 A 62. TITLES GRANTED BY CLUBS (SHOW AND/OR TRIAL)

The Secretary reported that each member of the Board had been provided with a copy of a letter received from Mrs. Donald Lyle, Vancouver, who:
(1) reported that the Richmond Dog Training Club had issued a Tracking Test Certificate to each dog which has passed the tracking test which it had held, under C.K.C. Rules, on September 27th;
(2) enquired whether it is permissible for a club to assign or award a title or degree provided for in the C.K.C. Rules.

The Secretary read a letter from Mr. Little who failed "to see where any club working under C.K.C. rules has any authority to confer any degrees or certificates on any dog."

Following discussion it was regularly moved by Mrs. Mack, seconded by Mrs. McColl:
(#451-59) "THAT, all show and trial-giving clubs be informed that the Board of Directors of The Canadian Kennel Club feels that only confusion and misunderstanding may ensue when any club issues a certificate or document conferring upon any dog a title or degree such as is provided for in the Dog Show Rules, the Obedience Trial Regulations and Standards, or the Field Trial Rules and Regulations; and will be compelled to consider withholding approval of applications received from any club or association which does so after receipt of this information."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

The Secretary was instructed to:
(1) draw the attention of the Richmond Dog Training Club to this resolution;
(2) publish an appropriate notice in the editorial section of the official magazine.

9 A 56. AMENDMENTS FOR 1959 REFERENDUM BALLOT

The Secretary:
(1) pointed out that at its semi-annual meeting the Board had ordered that a number of proposed amendments be included in the next regular referendum ballot;
(2) reported that as required by the By-laws, notice of these proposed amendments had been published in the official magazine;
(3) stated that the voting members should have an explanation for each of these proposed amendments, and suggested that a Committee be appointed to draft an explanation for each of these special proposed amendments.

It was regularly moved by Mrs. Smith, seconded by Mr. MacCallum:

(#452-59) "THAT, Mr. MacKendrick, Mrs. Southcott, and Mr. Blyth be appointed a special Committee to draft the necessary information to be included in the next referendum ballot."
FOR THE MOTION: Mrs. McColl, Mr. MacCallum, Mrs. Mack, Mrs. Smith.
ABSTAINED FROM VOTING: Mr. Blyth, Mr. MacKendrick Mrs. Southcott, (being named in the motion).
Motion carried.

9 A 31. MEETINGS OF THE BOARD

The Secretary sought an instruction with regard to the calling of the next meeting of the Board.

It was regularly moved by Mrs. Smith, seconded by Mr. MacKendrick:

(#453-59) "THAT, the next regular meeting be held on Tuesday, November 17, 1959, commencing at 10.00 A.M."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

9 A 63. INFORMATION RE OTHER LIVE STOCK ASSOCIATIONS

The Secretary:

(1) reported that following consultation with the President he had provided the Secretary of each of the affiliated live stock associations with a copy of the Club's By-laws and certain of its forms, and had asked each other Secretary to reciprocate;
(2) stated that the purpose of this exchange was to learn more about the operations of the other associations and perhaps adopt policies or procedures of other associations to the Club's advantage.

MEMBERSHIP MATTERS

10 MM 2. APPLICATIONS FOR MEMBERSHIP

The Secretary reported on an application for membership of a person against whom there were two outstanding complaints. After discussion, appropriate action was taken.

The President reported on the alleged violation of the By-laws of a certain member, and after discussion appropriate action was taken.

Mrs. Smith suggested, and it was agreed, that the Secretary would provide each member of the Board with a copy of the section of the Live Stock Pedigree Act relating to the obligation of a vendor to supply a certificate of registration with a dog which he has sold as purebred.

The Secretary reported that:

(1) Ernest & Lena Lindsay have an ordinary membership in the Club;
(2) Mr. & Mrs. Leo Bodemer have an ordinary membership in the Club;
(3) these members wished tocontinue these memberships, but in addition had applied for a third membership comprising all four persons;
(4) without mentioning names he had asked all members of the Club for an expression of opinion as to whether this third application would be treated as an application for ordinary membership or an application for associate membership;
(5) Mr. Anderson and Mr. Irving felt the application should be treated as an application for ordinary membership, Mr. Dawson feeling that it should be treated as an application for associate membership.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:

(#457-59) "THAT, the application for membership of Mr. & Mrs. Leo Bodemer and Mr. & Mrs. Ernest Lindsay be treated as an application for ordinary membership."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried

The Secretary placed before the Board the application for associate membership of Joffre H. Bellchamber, Bolton, Ont. and read a letter from Mr. Bellchamber who stated that he had a number of dogs, which he had used for hunting purposes, which are not eligible for registration with The Canadian Kennel Club, but he would dispose of these dogs, and confine his activities to registered Basset Hounds and Beagles.

It was regularly moved by Mrs. Mack, seconded by Mr. Blyth:

(#458-59) "THAT, this application for membership and application for registration of kennel name be processed in the regular way."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary read a letter from Mr. Little who felt that because of their previous ordinary membership in the Club, both Mr. & Mrs. Gerald Storey and Mr. Lawrence Garvie, presently classed as associate members, should be considered as ordinary members.

The Board noted that these associate members are eligible to apply for ordinary membership on January 1st, and agreed that it could not authorize any change in the present memberships. The Secretary was instructed to provide these associate members with applications for ordinary membership in the regular way.

Mr. MacKendrick:

(1) reported that Mr. Maxwell Raber, Toronto, is presently in his third consecutive year as an associate member;
(2) reported that a female, which had recently given birth to a litter of puppies, was registered in the name of Mrs. Raber;
(3) enquired whether Mr. Raber could ask that his membership be changed to Mr. & Mrs. Raber and whether this membership, thus altered, would be eligible to apply for ordinary membership on January 1st.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Smith:

(#459-59) "THAT, upon application of Mr. Raber, his present associate membership be changed to a partnership associate membership of Mr. & Mrs. Raber."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

It was agreed that Mr. & Mrs. Raber would be eligible to apply for ordinary membership on January 1st.

It was regularly moved by Mrs. Smith, seconded by Mr. MacCallum:

(#460-59) "THAT, applicants for membership reported on lists #38 to #46 inclusive be admitted to membership."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

-----Luncheon intermission

DOG SHOWS

11 D 1. APPROVAL OF JUDGES

The Secretary reported that:

(1) an Examining Committee composed of Roy Montague (Chairman), Arthur Tremain, and Mrs. Janet Glenn, recommended approval of the application of Mrs. Mary Whitman, Auburn, N.S. for approval as judge of all breeds in Group #5;
(2) an Examining Committee composed of Harry Story (Chairman), Arthur Tremain, and Mrs. Janet B. Glenn, recommended approval of the application of Harvey Gratton, Truro, N.S. for approval as judge of all breeds in Groups #3 and #4;
(3) an Examining Committee composed of Harry Story (Chairman), Roy Montague, and A.C. Shortt, recommended approval of the application of John E. Burns, Halifax, N.S. for approval as judge of all breeds in Group #6;
(4) an Examining Committee composed of Walter Brown (Chairman), W. McDerment, J. W. MacCallum, and R. T. Lawrence, recommended approval of the application of Mrs. Dorothy R. Vaughan, Agincourt, Ont. for approval as judge of all breeds in Group #1.

It was regularly moved by Mr. MacCallum, seconded by Mr. MacKendrick:

(#462-59) "THAT, the reports of the Examining Committees be received and endorsed, and appropriate additions be made to the list of approved judges."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary:

(1) pointed to the requirements set forth in the proposed amendment to Chapter 7 (Approval of Judges) of the Dog Show Rules which will appear on the next regular referendum ballot;
(2) sought an instruction with regard to the processing of an application received from a show-giving club where such application lists, as a proposed judge of a given breed or breeds, any person who would not be eligible to judge said breed or breeds until he or she qualifies for such approval under the proposed amendment in question should it be approved by majority vote and become effective on January 1st, 1960.

Following discussion it was regularly moved by Mrs. Smith, seconded by Mr. MacKendrick:

(#463-59) "THAT, until the results of the next referendum ballot are known, approval to judge at a championship show to be held in 1960 be not granted to any person who would not be eligible to judge a particular breed or breeds, for which he has been selected, under the proposed amendment to Chapter 7 of the Dog Show Rules which will appear on the next referendum ballot; appropriate action to be taken after the results of the ballot are known."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

11 D 25. SHOW DATES

The Secretary sought an instruction from the Board with regard to continuing the policy whereby a specialty show may be held in conjunction with and in addition to an all-breed championship show.

It was agreed that this policy would continue until the national Board directed otherwise.

Mrs. Smith stated that amongst some clubs and members there is a misunderstanding as to what constitutes a "specialty show" and what constitutes a "booster show", and suggested that the Board clarify this point for the benefit of those concerned.

Following discussion it was regularly moved by Mrs. Smith, seconded by Mr. MacCallum:

(#464-59) "THAT, only when a specialty club applies for, in its own name, permission to hold a specialty show, either independent of or in conjunction with an all-breed championship show, may it designate its show as a "specialty show"; but where a specialty club is supporting its breed classes at an all-breed show it may designate its arrangement with the club holding the all-breed show as a "booster show" and so state in the premium list, catalogue, and publicity."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary reported that:

(1) the Canadian National Sportsmen's Shows had applied for permission to hold three one-day all breed championship shows on March 16th, 17th and 18th, 1960, and in addition desired to again stage a show, confined to certain breeds, a combination of "booster" shows within the meaning defined in resolution #464-59;

(2) a memorandum on this question had been addressed to members of the Board;

(3) Mr. Anderson, Mr. Little, and Mr. Dawson were in favour of leaving this question in the hands of the Ontario members of the Board, and Mr. Irving and Mrs. Gove were in favour of granting the application.

Following discussion it was agreed that this application should be approved but an effort should be made, through the referendum ballot, to ascertain the wishes of members with regard to this type of show.

It was regularly moved by Mrs. Southcott, seconded by Mr. MacKendrick:

(#465-59) "THAT, the application of the Canadian National Sportmen's Show, re a proposed limited breeds show on March 19, 1960, be approved."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

It was then regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#466-59) "THAT, the Secretary draft and publish in the December issue, for consideration at the next Annual General Meeting, and the annual meeting of the Board, a suitable proposed amendment with regard to limited breeds championship shows."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

Mrs. Smith referred to the resolution adopted at the semi-annual meeting appointing the Directors in Ontario and Quebec as a special committee to consider and approve new policies with regard to approval of dates and judges for championship shows and licensed obedience trials in Ontario and Quebec and urged that immediate action be taken to implement that resolution.

During the discussion which followed it was suggested that instead of the three previously designated zones consideration be given to a total of four zones for the combined provinces of Ontario and Quebec. It was, however, agreed that before any final conclusions could be reached by the Committee, a survey should be made to determine the likely effects of the policy previously suggested had such a policy been in effect during 1959.

It was regularly moved by Mrs. Mack, seconded by Mr. MacCallum:

(#467-59) "THAT, this matter be left to the Committee to draw up a proposal on zoning Ontario and Quebec for dates and judges."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

It was agreed that the Secretary would provide the Committee members with data following a survey of Ontario and Quebec shows held in 1959.

The Board was informed that:

(1) the German Shepherd Dog Breeders' Association has priority rights on the date of June 11, 1960, and would be holding a specialty show for German Shepherd dogs on that date at Toronto;

(2) the Ladies' Kennel Club of Canada Inc. had submitted applications to hold championship shows and obedience trials on June 11th and 12th, 1960, at Montreal;

(3) the Burlington & District Kennel Club had been granted permission to hold a licensed obedience trial on June 12th;

(4) in a letter to the Ladies' Kennel Club of Canada Inc. the German Shepherd Dog Breeders' Association had advised that they had no objection to the Ladies' Kennel Club holding a championship show and licensed obedience trial at Montreal on June 11th.

It was regularly moved by Mr. MacKendrick, seconded by Mrs. Southcott:

(#468-59) "THAT, having received, in writing, the approval of the German Shepherd Dog Breeders' Association, the application of the Ladies' Kennel Club of Canada Inc. to hold championship shows on June 11th and 12th, 1960, be approved conditional that this approval is for 1960 only and is without prejudice to any future policy on show dates; and if the Burlington & District Kennel Club so approve, the application of the Ladies' Kennel Club of Canada Inc. to hold licensed obedience trials on June 11th and 12th, 1960, be also approved."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

11 D 34. CHAMPIONSHIP POINT RATINGS

The Secretary read a letter from the Pekin Palace Dog Club of Canada who proposed that the classification for Pekingese be divided "Under 8 lbs." and "over 8 lbs.", that each variety be judged separately with Winners awards in each division.

Following discussion the Secretary was instructed to advise the Pekin Palace Dog Club of Canada that:

(1) except as otherwise specifically provided in the Dog Show Rules there may be only one set of Winners awards in each breed;

(2) the Board has not the power to amend the Dog Show Rules;

(3) the proposal advanced by the Pekin Palace Dog Club necessitates an amendment to the Dog Show Rules;

(4) and therefore the only means by which their proposal may come into effect is by an amendment submitted as provided in Article XXXVIII of the By-laws.

The Secretary read a letter from Mrs. M. J. Nattrass, West Hill, Ont. who advised that "Chow Chow owners in this area have discussed the present Dog Show Rules governing the point rating for our breed and we would like to have the present rating of one dog for one point changed to two dogs for one point.".

Following discussion it was agreed that:

(1) the scale of championship point ratings is revised periodically when the national Board feels that a review of the entire scale of point ratings, as it applies to all breeds, is needed;

(2) the revision of the scale, when authorized by the Board, is based on a formula applicable to all breeds and all zones, the formula recognizing the number of dogs in competition in each breed in each zone;

(3) it would be inadvisable to make a change in the point rating for a single breed without regard to the formula applied to all breeds;

(4) it would be inadvisable to make a change in the point ratings except when the scale of point ratings is reviewed in its entirety.

-----At the President's request Mr. MacCallum took the Chair.

The Secretary:

(1) pointed to the resolution (#338-59), adopted at the semi-annual meeting of the Board, with regard to a particular dog having been credited for defeating another dog entered for "Specials Only" in the competition for the Best of Opposite Sex award at a given show, and the understanding that this same policy would apply when any exhibitor requested the same consideration in the same circumstances;

(2) reported that the sponsors of a proposed amendment intended to clarify the existing rule on this point had withdrawn their proposed amendment on the grounds that the original proposed amendment did not adequately cover the problem and the Amendments Committee had not approved an alternative proposed amendment put forward by the sponsors;

(3) recommended that the precedent created by resolution #338-59 be continued as standing policy when championship points are computed and recorded by the Shows & Trials Section.

It was regularly moved by Mrs. Southcott, seconded by Mrs. McColl:

(#469-59) "THAT, the Secretary be and is hereby authorized to continue as standing policy the granting of points in accordance with the precedent set by the adoption of resolution #338-59."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

11 D 55. "EXHIBITION ONLY" ENTRIES

The Secretary:

(1) reported that Mrs. Smith had raised the question as to whether a show-giving club has the right to refuse to accept entry of "Exhibition Only" dogs;

(2) reported that he had sought the views of members of the Board on this question;

(3) read letters from Mr. Anderson and Mr. Irving who felt that show-giving clubs should have the right to decline entries of dogs for "Exhibition Only";

(4) read a letter from Mr. Dawson who felt that non-acceptance of an "Exhibition Only" entry would not be consistent with the Dog Show Rules.

During the discussion which followed it was pointed out that a show-giving club anticipating an entry which would tax its benching facilities would be justified in restricting entries to dogs entered in competition at its show.

It was regularly moved by Mr. Blyth, seconded by Mr. Brown:

(#470-59) "THAT, any show-giving club be permitted to refuse "Exhibition Only" entries provided that it states in its premium list that it will not accept such entries."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

OBEDIENCE TRIALS

12 OB 8. REPORT OF CHAIRMAN OF OBEDIENCE COUNCIL

The Secretary reported that a number of applications for approval to judge obedience trials, received from individual persons wishing to establish their eligibility to judge, had been referred to the Chairman of the Obedience Council who proposed to appoint a Committee to review these files before final recommendations are placed before the Board.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#471-59) "THAT, the Secretary be authorized to implement recommendations received from the Chairman's Standing Committee on pending applications for approval to judge."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

The Secretary reported that:

(1) in accordance with resolution #375-59, the file with regard to the application of Mrs. Irene Bourassa, for approval as judge of tracking tests, had been referred to the Chairman of the Obedience Council;

(2) it was the recommendation of the Chairman that Mrs. Bourassa be regarded as having successfully passed the written and oral examinations conducted by the Examining Committee.

It was regularly moved by Mrs. Southcott, seconded by Mr. Brown:

(#472-59) "THAT, the recommendation of the Chairman of the Obedience Council be endorsed."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

In line with a recommendation of the Obedience Council, previously approved by the Board, the Secretary was instructed to amend the standing instructions on processing of applications for approval to judge by changing the passing mark to 75% of the total available marks, and by deleting any reference to a minimum number of marks on each question appearing on the examination paper.

The Secretary placed before the Board:
(1) a letter which the Chairman of the Obedience Council had received from Mrs. Audrey Langford, Obedience Representative for Ontario, who pointed out the difficulties now faced by applicants who, having successfully passed their written and oral examinations before examining committees, wished to apprentice at tracking tests;
(2) a letter from Mrs. Alex Casgrain with regard to the number of apprentices at a tracking test and the necessity for an apprentice being present when tracks are plotted and participate in the laying of the tracks.

On behalf of the Chairman of the Obedience Council the Secretary placed before the Board possible new arrangements which the Chairman felt would expedite the ultimate approval of those seeking to qualify as tracking test judges.

After discussion it was regularly moved by Mr. Brown, seconded by Mrs. Southcott:
(#473-59) "THAT, the Obedience Representatives be consulted with regard to apprenticing, with regard to the number of apprentices which may participate as apprentices at a tracking test, and with regard to the participation of an apprentice at the actual track plotting and laying; a report to be placed before the Board at its next meeting."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

Mrs. Smith suggested and it was agreed that the Obedience Representatives would be asked for their views on whether the Board should continue the policy of seeking the permission of a trial-giving club and the officiating judge before arranging for an applicant to apprentice at a particular trial or tracking test.

The Secretary:
(1) referred to the resolution (#362-59) adopted at the semi-annual meeting instructing that certain proposed amendments with regard to "Long Down" be placed on the next regular referendum ballot;
(2) pointed out that the resolution in question had been adopted on a vote of nine for, three against;
(3) reported that following the meeting he had addressed a memorandum to all members of the Board pointing out that Article XXXVIII, Section 17, of the Club's By-laws requires that not less than eleven members of the Board must be in favour of the action intended by resolution #362-59;
(4) reported that following despatch of this memorandum to the Board he had received notice of proposed amendments with regard to the "Long Down" and these would be processed in the regular way. No action was taken.

The Secretary reported that on the recommendation of Mrs. Mack he had authorized the cancellation of the licensed obedience trial scheduled to have been held by the Canadian All Pets Association on October 11th.

Mrs. Mack explained that her recommendation was based on the fact that at the close of entries only nine dogs had been entered, this trial being at the end of a long series of trials in the same area, and it was not expected that all of these dogs would be present had the trial been held as scheduled. Mrs. Mack reported that all those who had entered dogs at the trial had been notified, immediately following closing of entries, that the trial had been cancelled.

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:
(#474-59) "THAT, the action of the Quebec Director be endorsed."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Smith, Mrs. Southcott.
ABSTAINED FROM VOTING: Mrs. Mack (being named in the motion.)
Motion carried.

The Secretary reported that:
(1) he had written Corp. Ian Hall as instructed by resolution #367-59;
(2) through the co-operation of Corp. Hall and Mr. D. B. Hudson, he had received, for processing as provided in Article XXXVIII, proposed amendments to the present Tracking Test Rules.

It was regularly moved by Mrs. Southcott, seconded by Mrs. McColl:
(#475-59) "THAT, the Secretary convey to Corp. Hall the Board's appreciation for all his efforts on this project."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary:
(1) reported that Mr. Frank Mingie, Montreal, had drawn his attention to the fact that although it is generally understood and accepted that in order to be eligible for entry in the Open Class A a dog must have earned its Companion Dog degree at obedience trials held under C.K.C. Rules, the Obedience Trial Regulations and Standards (Chapter 1, Section 6, Subsection 4) does not stipulate that requirement;
(2) reported that he had discussed the matter with the Chairman of the Obedience Council who had arranged for a proposed amendment to be submitted for processing as provided in Article XXXVIII;
(3) recommended that the Board adopt a standing resolution, as a temporary policy, until the Rules may be appropriately amended in the regular way.

It was regularly moved by Mrs. Mack, seconded by Mrs. Southcott:
(#476-59) "THAT, pending clarification of the Obedience Trial Regulations and Standards, this Board rules that to be eligible for entry in the Open A Class, at obedience trials held under C.K.C. Rules, a dog must have earned its Companion Dog degree at licensed obedience trials held under C.K.C. Rules."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
(STANDING RESOLUTION) Motion carried.

FIELD TRIALS

13 FT 28. RETRIEVER FIELD TRIALS

The Secretary:
(1) reported that in accordance with resolution #379-59, he had provided Mr. Alex Wilson, Maritime Field Trial Representative for Retrievers, with a transcript of Mr. Wilson's address to the Board at its semi-annual meeting at Fredericton, and had thereafter forwarded a copy of the transcript to each member of the Board;
(2) read a letter from Mr. Williams who recommended that Mr. Wilson's address be published in the official magazine "with an invitation to all directly interested members in field trial activities to send in suggestions for further consideration with a view of compiling a universal instruction book for distribution to members and as a guide to all clubs participating in field trials";
(3) read a letter from Mrs. Gove who suggested that a copy of Mr. Wilson's address be sent to all Field Trial Representatives and their views be sought.

Following discussion it was agreed that:
(1) the Chairman of the Field Trial Council should prepare a resume of Mr. Wilson's address;
(2) the resume be then sent to each Field Trial Representative and the views of each Representative be sought for the consideration of the Board.

It was regularly moved by Mrs. Smith, seconded by Mr. Brown:
(#477-59) "THAT, the Chairman of the Field Trial Council prepare a resume of Mr. Wilson's remarks, and then request the views of the Field Trial Representatives."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary read a letter from Mr. Frank Cockrall, Alberta Field Trial Representative for Retrievers, who:
(1) reported that ten dogs had been entered in the All-Age Stake at the trial held by the Canadian Chesapeake Club on September 12th-13th;
(2) reported that one of the ten entries was scratched on the morning of the trial and two others entered had not been brought to the trial;
(3) reported that after consultation with the provincial Director he had advised the trial-giving Club to proceed with the running of the stake;
(4) reported that the trial "was run off in very good style; tests and work were good."

The Secretary reported that a letter from Mr. Anderson to Mr. Cockrall indicated a feeling that in view of the excellent performance put up by the seven starters the Board may be prepared to award points for the stake notwithstanding the fact that total dogs in competition in the stake was one less than required by Chapter 10, Section 24 of the Field Trial Rules.

Following discussion it was regularly moved by Mr. Blyth, seconded by Mr. MacKendrick:
(#478-59) "THAT, while being most sympathetic to the report received from Mr. Cockrall, this Board feels that it cannot grant points for the stake without creating a precedent which might prove most embarrassing where this situation occurs again as it is likely to do."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

13 FT 12. REVISION OF CRIMINAL CODE

The Secretary:
(1) referred to an instruction given by the Board (resolution #381-59) that he forward to the Minister of Justice a copy of a letter received from Mr. Olsen, Secretary-Treasurer of the Minot Retriever Club, Minot, North Dakota;
(2) reported that he had received a similar communication from Mr. Larry H. Rieder, Secretary of the Central Minnesota Retriever Club, Inc.;
(3) reported that he had consulted Mr. Irving, Chairman of the special committee which had arranged for delivery of a petition to the Minister of Justice, and it was Mr. Irving's recommendation that Mr. Rieder's letter be also sent to the Minister.

The Secretary was instructed to carry out Mr. Irving's recommendation.

13 FT 33. COONHOUND FIELD TRIAL RULES

The Secretary reviewed correspondence with the Black & Tan Coonhound Club of Canada with regard to field trial rules for Coonhounds.

Following discussion it was regularly moved by Mrs. Smith, seconded by Mrs. Southcott:
(#479-59) "THAT, The Black & Tan Coonhound Club of Canada be invited to forward, for the Board's consideration, their proposed field trial rules for both day and night trials, and the Secretary seek to obtain a copy of American field trial rules for Coonhounds."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

13 FT 29. FIELD TRIALS FOR BEAGLES

The Secretary:

(1) reported that the first application received from the Canadian National Beagle Club for approval of its selected judges for its trial to be held on October 31st and November 1st included the name of a person not previously approved to judge at a licensed Beagle trial held under C.K.C. Rules;

(2) reported that in accordance with resolution #272-59, the recommendation of the Ontario Beagle Field Trial Representative (Brace) had been sought, and acting on that recommendation the Canadian National Beagle Club had been asked to make another selection of judge;

(3) reported that although the Canadian National Beagle Club had requested an explanation for the Club's action in asking that they select another judge, it had carried out the request by selecting another judge for whom approval had been granted.

(4) enquired whether the action taken on this occasion was that which the Board anticipated when it adopted resolution #272-59.

It was agreed that this was the policy and procedure which the Board intended would apply when it adopted resolution #272-59.

13 FT 19. FOXHOUND FIELD TRIALS

Mrs. Mack:

(1) pointed out that the National Championship Stake for Foxhounds is scheduled to be held by the All Canadian Fox Hunters Association at St. Eustache, P.Q. on October 29th, 30th and 31st;

(2) reported that on a previous occasion when this stake was held in Quebec she received the list of proposed judges the day before the stake commenced;

(3) sought an instruction with regard to processing the list of selected judges if there is a repetition of her previous experience.

The Secretary stated that about 32 judges are required for this stake, that the All Canadian Fox Hunters Association is dependent on each district club supplying a quota of judges, and the Association has found it exceedingly difficult tocomplete the roster of judges until very close to the date on which the event commences.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#480-59) "THAT, Mrs. Mack be authorized to take appropriate action with regard to approval of judges for the National Championship Stake for Foxhounds."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Smith, Mrs. Southcott.
ABSTAINED FROM VOTING: Mrs. Mack.
Motion carried.

REGISTRATION, STUD BOOKS AND RELATED MATTERS

7 R 24. REPORT OF KENNEL NAMES COMMITTEE

The Secretary placed before the Board the following report of the Kennel Names Committee, dated October 2nd:

"At the next meeting of the Board the Kennel Names Committee will report the following decisions which it has reached since its last detailed report to the Board:

1. Application of Mrs. Miriam Dewhurst for SILVER-CREST not approved on the grounds name selected included a colour.
2. ELM-GREN to be approved only if applicant (Hans O. Elmgren) has used his surname in naming at least 10 dogs prior to January 1, 1958.
3. Application of H. M. MacLeod for HALIBERTON not approved in view of similarity to area known as Haliburton.
4. Application of Elizabeth P. Aitkens for MARINER not approved as name selected is a noun in common every-day use, and is otherwise used in naming of dogs.
5. Application of Capt. the Rev. & Mrs. G. Youmatoff for PATRICIAN not approved; it is a common noun and may readily be confused with PATRICIA, a word commonly used in the naming of dogs.
6. Application of Lillian Ferrault for SHADYBRAE not approved in view of its similarity to SHADY-LANE, a registered kennel name.
7. Application for registration of KENDON not approved in view of its similarity to KINDON, a registered kennel name.
8. Approved the request of Ernest C. Smith to change his kennel name ARUNDOHAR to HIGH-ON.
9. Application for STRATHDEEN not approved in view of its similarity to STRATHDANE.
10. Application for MARJO not approved in view of its similarity to MARJOHN, the same applicant's alternative selection of JOMAR not approved in view of its similarity to JAMAR, a registered name.
11. Application for BERMUDIANA not approved on the grounds of its similarity to place name, BERMUDA.
12. Application for MOHAWK BAY not approved in view of its similarity to MOHAWK.
13. Application for WEIMAR-AIRE not approved as it is indicative of a breed name.
14. Sustained the objection of Mrs. A. Garner (EL-GAR) to G. Marshall's application for EL-MAR. Mr. Marshall's alternative of MARIETTA was approved.
15. Sustained the objection of F. Orin Black (CHERILYNN) to Mrs. Fred L. Smith's application for LARALYN. Granted applicant's alternative selection of LYNLEA.
16. Application for APPRECIATION not approved on the grounds it is a noun in every-day use.
17. Applications for CORGREGAL and MINIDACH not approved, each is indicative of a breed name."

It was regularly moved by Mr. Brown, seconded by Mr. MacKendrick:

(#481-59) "THAT, we receive and approve the Committee's report."
FOR THE MOTION: Mr. Brown, Mrs. McColl, Mr. Blyth, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary reported on the unauthorized use of a kennel name and after discussion appropriate action was taken by the Board.

-----Following a dinner intermission the meeting resumed with the President in the Chair.

7 R 25. REPORT OF REGISTRATION COMMITTEE

The Secretary placed before the Board the report, dated September 29th, of the Registration Committee, as follows:

"The following decisions of the Registration Committee will be reported to the Board at its next meeting:

1. Authorized recording of the following transfers of ownership for the Collie TAM-O-SHANTER ANGUS (316409):
   (a) from the name of H. A. Skelton to the name of P. Helliwell, Hepworth, Ont.; date of transfer, September 25, 1953;
   (b) from the name of P. Helliwell to the name of George and Donald Leonard, Shallow Lake, Ont.; date of transfer, March 17, 1958.
2. Authorized the recording of transfer of ownership for the Dachshund (Standard Smooth) CORSAIR OF CRAIGMILLAR (422856) from the name of J. G. Christie, Calgary, Alta. to the name of Mr. & Mrs. Wyot Gullacher and Mr. & Mrs. Arne Gullacher, Calgary, Alta.; date of transfer, March 23, 1959.
3. Authorized the recording of transfer of ownership for the St. Bernard BRUMMIE (307392) from the name of Mr. & Mrs. Z. Polanski, to the name of Mr. Bruce McGlone, Westlock, Alta.; date of transfer, September 1, 1956.
4. Authorized the recording of transfer of ownership for the Boxer BLOMIDON GRAF (334577) from the name of Thomas A. Gross, St. John's, Newfoundland, to the name of Chesley Noftle, St. John's, Newfoundland.
5. Authorized the recording of transfer of ownership for the German Shepherd Dog ABIGAIL'S BARON (374263) from the name of C. J. Schmidt, St. Catharines, Ont. to the name of Fred Urban, Rosemere, P.Q.; date of transfer, December 13, 1958.
6. Authorized the recording of transfer of ownership for the Scottish Terrier KILDORAN COSIE CHIEL (401244) from the name of G. F. Clapper, Victoria, B.C., to the name of Mr. & Mrs. E. M. Richardson, Duncan, B.C.; date of transfer, September 15, 1958.
7. Authorized the registration of the English Springer Spaniel TWEEDIE OF ARGYLL, owned by Mrs. C. S. Robertson, Calgary, Alta. without the customary declaration when a dog is over five years of age.
8. Authorized the registration, under Article XXVIII, Section 1 (d) of the Club's By-laws, of the German Shepherd Dogs RENA VON LINDAU and REX VON DER BUCHENHOE, bred by Karl H. Figiel, Thorold, Ont.
9. Authorized the recording of the following transfers of ownership for the German Shepherd Dog REBEL CHIEF OF RADISON:
   (a) from Romeo Gervais to Mrs. Glenna McCann; date of transfer, July 8, 1958;
   (b) from Mrs. McCann to Frank Aston; date of transfer, September 20, 1958;
   (c) from Mr. Aston to Harold R. Watson; date of transfer, January 11, 1959.
10. Authorized the registration, under Article XXVIII, Section 1 (d) of the By-laws, of the English Setters SHEEP RIVER MONTY'S BOY, SHEEP RIVER BOOGIE, SHEEP RIVER SPUDDER, SHEEP RIVER RANGER, SHEEP RIVER MONACLE, SHEEP RIVER GRETCHEN, SHEEP RIVER VALLEY GIRL, SHEEP RIVER WONDER, bred by G. W. DesRosiers, Turner Valley, Alta.
11. Authorized cancellation of the recording of the transfer of ownership of the German Shepherd Dog TANHARDT'S EBONY ECHO (430130) from the name of Laura Treble to Ross Pollock, Toronto, Ont. and issuance of a new certificate to Mrs. Treble.
12. Authorized registration of the Boxer female TARA, bred by G.J. Allen, sold to John Oliver, and in turn sold to J. A. Dudley. (Litter registered #1264).
13. Declined the application of Edward Scharf, Calgary, for the issuance of a duplicate certificate and transfer to his name for the German Shepherd Dog PRINCE V SCHU (416189).
14. Authorized the issuance to Mrs. Doreane Bothwell of a duplicate certificate of registration for the Basenji TAMAR'S BUCCANEER (367708).
15. Authorized the registration, under Article XXVIII, Section 1 (d) of the By-laws, of the German Shorthaired Pointers RUDY VON HOHENSTADT, PRINZ VON HOHENSTADT, UDO VON HOHENSTADT, HASSO VON HOHENSTADT, HERTA VON HOHENSTADT, HEIDI VON HOHENSTADT, HORTENSE VON HOHENSTADT, BRIGITTA VON HOHENSTADT, CHARLOTTE VON HOHENSTADT, NORA VON HOHENSTADT, bred by Andrew Ratky, Guelph, Ont.
16. Authorized the registration, under Article XXVIII, Section 1 (d) of the By-laws, of the Nova Scotia Duck Tolling Retrievers CHIN PEEK GOLDEN KIM, CHIN PEEK GOLDEN BELLE, CHIN PEEK TRIXIE GIRL, bred by Mrs. Hettie M. Bidewell, Moose Jaw, Sask.
17. Authorized the registration, under Article XXVIII, Section 1 (d) of the By-laws, of the Nova Scotia Duck Tolling Retrievers CHIN PEEK GAI TRIXIE, CHIN PEEK SHEP, CHIN PEEK LASSY, bred by Mrs. Hettie M. Bidewell, Moose Jaw, Sask."

It was regularly moved by Mr. Blyth, seconded by Mrs. Smith:

(#483-59) "THAT, the report of the Registration Committee be received and recorded in the minutes of this meeting."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 38. STUD BOOKS

The Secretary:

(1) referred to the representations which the Canadian National Live Stock Records Committee had authorized be made to federal authorities with regard to eliminating the necessity of the Club paying sales tax on the printing of its stud books;

(2) reported that a letter had since been received from the Director of the Live Stock Records reporting that to eliminate payment of sales tax a certificate must be obtained from a university, school or college in Canada certifying that the Club's stud books are used as works of reference in the curriculum of the university, school, or college;

(3) reported that he had therefore approached the Ontario Veterinary College and had received the appropriate certificate from the Principal of the College.

It was regularly moved by Mrs. McColl, seconded by Mr. MacCallum:

(#484-59) "THAT, the Board's appreciation be conveyed to the Principal of the Ontario Veterinary College and to the Live Stock Records Committee."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary reported that:

(1) the Canadian National Live Stock Records Committee had completed the preparation of copy for Volumes 52-53 (for the years 1948-49) of the Club's Stud Books;

(2) he had received from Richardson, Bond & Wright Ltd. a quotation of $1,784.00 on the printing of 300 copies of this combined volume;

(3) he had considered the quotation to be high and after approaching Richardson, Bond & Wright the price had been reduced by 5%.

It was regularly moved by Mr. MacCallum, seconded by Mrs. Smith:

(#485-59) "THAT, the Secretary be authorized to proceed with the printing of Volumes #52-53 (one combined volume) at the reduced quotation."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 22. INVESTIGATIONS RE REGISTRATION

The Secretary referred to the Board's previous instruction with regard to a letter to be sent to pet shops, Humane Societies, dog pounds, etc. and read a letter from Mr. Irving who reported that for $2.72 a list of 181 pet shops in Canada could be obtained from B. J. Hunter Directories Inc.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#486-59) "THAT, the matter be left in the hands of the Secretary."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 41. IDENTIFICATION

The Secretary read letters from Mr. Irving who:

(1) advised that he had been informed that veterinarians are being faced with requests that they tattoo mark dogs for which certificates of registration had already been issued by the Club despite the requirement that a dog must be identified in accordance with the Club's By-laws BEFORE its application for registration is submitted to the Canadian National Live Stock Records;

(2) suggested that the veterinary associations in each province be advised of the regulations with regard to identification of dogs for registration purposes, and be asked to arrange for their members to report those who seek to have dogs identified after registration has been obtained;

(3) reported that a veterinarian had proposed that the application for registration form be amended to require that the application be signed by the person who had actually identified the dog for registration purposes.

It was regularly moved by Mrs. Southcott, seconded by Mr. MacKendrick:

(#487-59) "THAT, it be left to the Secretary to implement these proposals after consultation with the Registration Committee."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKeadrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 48. TITLES ON CERTIFICATES

The Secretary read a letter from the Director of the Canadian National Live Stock Records, who:

(1) reported that a request had been received that four different European championship titles be added to the record of a dog registered in the Club's records;

(2) felt that:
- (i) while there is little difficulty in obtaining official confirmation of titles granted by Kennel Clubs in the United States and Great Britain, this would be more difficult in the case of other national kennel clubs;
- (ii) the addition of such titles, as requested, would make for cumbersome records, particularly with the necessity of inserting appropriate abbreviations;
- (iii) the addition of titles granted by the Bermuda Kennel Club would present no problem for these are only granted when the required information has been compiled by The Canadian Kennel Club.

It was agreed that a tentative policy must be set by the Board pending a review of the entire question by the national Board.

It was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#488-59) "THAT, the Canadian National Live Stock Records be instructed that the only titles which may be shown on certificates of registration are Canadian, American, English, Irish and Bermuda titles."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary reported that as a result of a question which had been raised it was his intention to:

(1) indicate in the official magazine, when listing a coming Bermuda Kennel Club show or obedience trial, that points or qualifying scores earned at such events are credited toward a Bermuda Kennel Club title and not towards Canadian titles;

(2) ask the Bermuda Kennel Club to make the foregoing clear in its premium lists and catalogues.

Mrs. Smith referred to a decision of the Board, made some years ago, that only Canadian titles may be shown in catalogues for shows and trials held under C.K.C. Rules, and enquired whether the policy then adopted is still in effect.

Following discussion it was regularly moved by Mr. MacKendrick, seconded by Mr. Blyth:

(#489-59) "THAT, any titles a dog has earned in Canada, the United States, Great Britain, Ireland, and/or Bermuda should be shown in the catalogue when the exhibitor shows the titles on the entry form."
FOR THE MOTION: Mr. Blyth, Mrs. Mack, Mr. MacKendrick, Mrs. Southcott.
AGAINST THE MOTION: Mrs. McColl, Mr. MacCallum, Mrs. Smith.
Motion carried.

It was regularly moved by Mrs. Smith, seconded by Mr. MacKendrick:

(#490-59) "THAT, due to the closeness of the vote on the previous motion, this question be referred to the next annual meeting of the Board."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 27. REGISTRATION OF DACHSHUNDS

The Secretary reported that:

(1) pursuant to resolution #392-59 the President had appointed a Committee consisting of Ernest Lindsay, Carl Sharen, Leo Bodemer, Mrs. Pat Fisher, Mrs. Helen Sinclair, W. H. MacKendrick, J. W. MacCallum, Dr. W. E. Shute, and Dennis King;

(2) the President had convened a meeting of the Committee, at the Club's offices on October 18th, primarily for two purposes:
- (a) to consider and place before the Board a recommendation regarding a temporary policy in connection with the registration of litters of mixed coats (i.e. short coated Dachshunds and long-haired Dachshunds represented in the same litter);
- (b) to decide on procedures and plans for the Committee's future activities;

(3) at its first meeting the Committee had decided to recommend to the Board that the Committee completes its study and places its final report before the Board, any mixed coated litters be not registered and, if by chance, a litter, or any part of said litter, stands registered, the remaining dogs in the litter be not individually registered;

(4) in support of this recommendation the Committee had asked that its views, as follows, be placed before the Board:
- (a) to proceed with the registration of mixed coated litters, prior to the Board's adoption of possible new policies after receiving the Committee's report and final recommendations, may place the Board in the position of having to cancel registration of such litters, a situation to be avoided if possible;
- (b) to proceed with the registration of mixed coated litters at this time may well create the belief amongst Dachshund breeders that such registrations constitute a fixed policy on which they can rely in connection with their future breeding plans;
- (c) while applications for registration of mixed litters would be held in abeyance, if the Committee's recommendation is approved by the Board, it does not rule out the possibility that such litters, or any part of such litters, may eventually be registerable under policies which the Board may later adopt after receiving the Committee's final report and recommendations.

It was regularly moved by Mr. MacCallum, seconded by Mr. Blyth:

(#491-59) "THAT, the Committee's recommendation be approved pending receipt of the Committee's final recommendation."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

The Secretary reported on other steps ordered by the Committee with a view to obtaining information about policies and procedures regarding the registration and exhibition of Dachshunds in other countries, and also to obtain the views and recommendations of Dachshund fanciers in Canada.

7 R 10. CHANGES IN A.K.C. STANDARDS

The Secretary:

(1) reported that The American Kennel Club had adopted a number of changes in its breed standards since the last group of changes had been reported in "Dogs in Canada" and later dealt with by the Board;

(2) recommended that, if possible, these changes be reported in "Dogs in Canada" and the views of fanciers in those breeds be sought for the consideration of the Board at its next annual meeting.

It was regularly moved by Mrs. Smith, seconded by Mr. MacCallum:

(#492-59) "THAT, if possible, the new A.K.C. changes in breed standards be published in the December issue of "Dogs in Canada" and the views of those interested be sought, the deadline for the receipt of such views to be February 1, 1960."
FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.
Motion carried.

7 R 15. LITTER KITS

The Secretary:

(1) reported that in accordance with resolution #352-59 the Canadian National Live Stock Records had been instructed that when issuing a litter kit, the original copy of the litter registration certificate is to be issued to the applicant rather than a carbon copy as has been the practice;

(2) read a letter from the Director of Canadian National Live Stock Records who advised that the Records Office was now carrying out the Board's wish and if it is subsequently found that the copy retained, being on lighter paper, is not satisfactory for the work for which it will be used, appropriate changes can be made when the litter kits are again reprinted.

COMPLAINTS, CHARGES AND PROTESTS

8 C 1. REPORTS OF COMPLAINTS COMMITTEE

The Secretary

(1) reported that the Complaints Committee had addressed a memorandum to members of the Board recommending that the following question be added to the application for membership form:

Do you agree that The Canadian Kennel Club may inspect your private breeding records and your dogs when and if it feels that such inspection is desirable from the Club's point of view? Yes No

(2) reported that the following members of the Board had approved this recommendation: Mr. Anderson, Mrs. Gove, Mr. Little, Mrs. Southcott, Mr. Brown, Mr. MacKendrick, Mr. MacCallum.

(3) read letters from Mr. Anderson, Mr. Irving, and Mr. Williams, all dealing with the legal aspects of the proposal.

It was regularly moved by Mrs. Mack, seconded by Mrs. McColl:

(#493-59) "THAT, the opinion of the Club's solicitor be sought for consideration at the next meeting."

FOR THE MOTION: Mrs. McColl, Mr. Blyth, Mr. MacCallum, Mr. MacKendrick, Mrs. Mack, Mrs. Smith, Mrs. Southcott.

Motion carried.

8 C 10. REPORTS OF COMPLAINTS COMMITTEE (SPECIFIC CASES)

The Secretary reported with regard to several complaints and after discussion the Board took ~~appropriate~~ action.

GOOD AND WELFARE

14 G 15. FELLOWSHIPS AND SCHOLARSHIPS

The President:

(1) reported that after final arrangements had been made by Dr. Robert Williams and Dr. Ellen Brown for the setting up of a fellowship for research on diseases of dogs at the Ontario Veterinary College, a cheque for $1500.00 had been despatched to the College;

(2) read a letter from the Principal of the College who stated that "It is a great source of encouragement to all of us that the Canadian Kennel Club has established a fellowship to support work we are doing here which is of special interest to the Club.";

(3) reported that Dr. L.M. Cobb would be conducting the research for which this fellowship had been provided and it was expected Dr. Cobb would provide periodic reports for publication in "Dogs in Canada".

(Continued in next issue)

THE CANADIAN KENNEL CLUB

(Incorporated Under the Live Stock Pedigree Act, Canada)

NEW TITLES GRANTED

In the listing of new title winners in the preceding issue of Dogs in Canada there was commenced the practice of listing, immediately below the name of the new title winner, the names of that dog's sire and dam. This practice will continue, except that in this and succeeding issues, the names of the sire and dam will be shown in brackets immediately following the name of each title winner.

the first creek east of Mr. Patrick's home and the handlers moved eastward, hoping to get a "start" in the cedar swamp. But all remained silent except for the hoot of an owl and the "tattle" of a cock. Failing here, we headed for the hardwoods and wild apple trees. A surprising moment, then away they went –

JOE STETSON TO JUDGE

Internationally respected as a field trial and conformation judge and as a journalist, Joe Stetson has accepted the invitation of the Burlington and District Club to judge at their matinee show on March 5. Venue for this sanction show will be announced later. Mr. Stetson will judge Groups 2, 4, 5 and 6 and Best in Show and will speak at the dinner following the show. The Burlington KC sanction shows are the largest held in Canada.

Joe is one of the people apparently destined to "lead a dog's life.". In his family it was a privilege for a child to share a bitch's nestbox with her puppies since good gun dogs and good prospects were all-important.

"I am told that I learned to walk with the aid of old Beth, a Red Setter who would stand patiently while I pulled myself erect by the feather of her fore-

a few moments spent as the hounds milled in their excitement then headed away along the fence, leaving handlers and spectators to their "second-guessing".

The deep booming voice of the hound, punctuated by a yodelling bugle rang loud and clear in a rising cadenza when they topped a ridge, fading to muffled drums in the halls of spruce and cedar. Then the chop as the coon was treed, and the anti-climax when the chase was over.

Judges Sid and Ray Patrick awarded First to Rocky, second to Countess and third to Rollie. Attending the social gathering after the hunt were Mr. and Mrs. Richard White, Newmarket, Ont.; Mr. and Mrs. R. Elmes, Thornhill; Mr. and Mrs. Sid Patrick; Mr. and Mrs. R. Lennox, Willowdale; Mr. George Rayman, Port Credit; Mr. Beswetheuk and Mr. Ray Patrick, King.

The Boston Terrier Club of Hamilton

by Mrs. J. W. Duckett
67 Spadina Ave., Hamilton, Ont.

Our November meeting was held on November 4 and as usual there was a good attendance. Our guest of the evening was the very popular George Lawless, President of The Hamilton Kennel Club, who was accompanied by his lovely wife.

Mr. Lawless spoke on the subject of ring stewarding and also gave a full and complete outline of the classes and the running of a championship show from beginning to end, starting with the "regular" classes and following through to Best in Show. Many of our members, being new in the show game, were most enthusiastic and even those who have been at the show for many years listened to every word with the greatest interest.

Following Mr. Lawless' fine address we were entertained with a fine selection of colour movies by Mr. Wm. Gordy, owner of that fine little Boston Hagerty's Ace of Aces. These movies were greatly enjoyed by us all.

The evening ended with the usual fine array of refreshments which, this time, were provided by Mrs. Harriet Watts, Mrs. Maude McGrath, Mrs. Alex Boyle, Weil's Bakery and Miss Beverly Duckett. The regular "gab-fest" then went into action and all in all another splendid evening was spent by all.

Extend Christmas Greetings
and present for your consideration

CHAMPION BRITTO V KIRSH

Britt has completed his Can. Championship in the keenest Dachshund competition of the year by defeating, two out of three shows, the top American Champion who has six Best in Show wins to his credit.
We are justly proud of Britt's first get. At the ripe old age of six months and four days they have proven their show ring quality. At the Mid-West Dachshund Specialty held in Detroit on Nov. 8th, judged by John Hutchison Cook. "Wunderbar's Salute V Britt" won the junior puppy female class whilst her litter brother "Wunderbar's Advancer" went second in the junior puppy male class.

Full arrangements have now been made for our Christmas all-age (Specialty) match which will be held at the Westdale Tavern, Main St. W., December 5. Our judge will be Sgt. George Kennedy. Entries will be taken from 7 p.m. and judging will commence at 8 p.m. sharp. We again have a marvellous display of trophies for all the top winners and even in the classes there will be good prizes for first and second in every class.

Brantford Obedience Club
by Mrs. E. Southern
40 Dufferin Ave., Brantford, Ont.

On Saturday evening July 11, 17 people gathered at the farm of Alfred and Hanna Schmocker with the purpose of forming an obedience club in Brantford. Before the evening had ended, those who were present became aware of the enthusiasm and sincere interest of the gathering and Brantford's only existing obedience club was formed. The officers elected are: President, Walter Konradt; Vice-President, Gerhard Loerch, Secretary-Treasurer, Mrs. E. Southern; Directors, V. Alksnis, A. Schmocker, K. Southern, A. Surette.

An opening dance held on September 25, to promote interest in the club, was a great success. Numerous door prizes were made available through the generosity of district veterinarians, kennels and local business men.

Our club received some excellent pretraining class publicity from the local newspaper which ran an article on the club, complete with pictures. Also, members of the club were invited to march with their dogs in Brantford's annual Labour Day Parade. Those of us who watched the parade felt a great sense

of pride for the fine showing our members and their dogs made.

On September 27 the fall obedience class got under way with a good turnout. The classes are conducted each Sunday morning at the armoury under the able direction of Arthur Surette as head trainer in C.D. The club conducts classes in C.D., C.D.X., and U.D. We sincerely trust that a great number of those now taking C.D. instruction will continue their interest after they have graduated and will decide to go into C.D.X. work. Walter Konradt, club president, is our very capable trainer for those interested in advanced work.

The October meeting of the executives was held on the 16th and final plans were made for the Graduation and Christmas dance to be held on December 18.

A club members get-together held on October 18 took the form of a weiner roast and was held on the farm of Mrs. V. Havlicek. A tracking demonstration was held and all members agreed on the success of the outing.

Burlington & District Kennel Club

by Roy Dafoe
3047 Woodland Park Dr., Burlington, Ont.

The November meeting reports summed up the activity which has taken place in the Club during 1959. With a successful show behind us, winter Obedience activities are in the spotlight with 49 dogs presently in training and plans going ahead for a January Obedience trial, details of which will be announced shortly.

Membership now stands at 100 members so we can expect increased activity in all departments for 1960.

A Sanction Show and Personality Dinner was again discussed and a date of March 5, 1960 set for this event. Following the early discussions, the executive were authorized to proceed with the program they had organized and we suggest that early reservations be made for the dinner as the outstanding personality doing the honours at the 1960 show will prove to be a most interesting and entertaining speaker.

Following the regular business Mrs. "Bunty" Dunlop spoke to the members describing sled dog races. Although not mentioned in Bunty's remarks, the members did come to know that Mrs. Dunlop is considered one of the outstanding sled dog drivers and has competed most successfully in mixed competition for the last several years. Mrs. Dunlop is also actively engaged in the breeding of purebred Siberian Huskies.

The annual Christmas dinner is planned for December 12 under the very able chairmanship of Mr. Harry Wilkinson.

Calgary Kennel and Obedience Club

by Agness Hammond

The club is holding two championship shows and two obedience trials the middle of November. From the entries coming in it seems as if this will be one of the largest shows held in Calgary for several years.

The fall obedience school has been very well attended, and already applications are being received for the January school. It is encouraging to find greater interest being shown in preparing the dogs for trial work, and several dogs from this school will be trying for their C.D. legs at our trials.

Social Note: November 5, Sir Giles and Lady Gwendolyn, (Bassetts) with their friend Paddy of Frodingham Hall, (Boston Terrier) accompanied a group of the younger canine members of the club on a visit to the Crippled Children's Hospital. Amongst those on the visit were Pluto the Pug; Lollypop and Astrid the Miniature Dachshunds; The Kingpin,

Welsh Corgi; Perry the Boston, and Thistledown the Skye. While the younger members romped on the beds with their new friends, the three older dogs gave a display of obedience work for the young patients. It is hard to know who enjoyed the day most, the children or the pups.

May our club extend best wishes to all our members and friends for Christmas and the New Year.

The Canadian West Highland White Terrier Club

by Catherine McGill
51 Riverhead Dr., Rexdale, Ont.

A regular meeting of our club was held on Tuesday evening, November 10, at the home of Mr. and Mrs. H. W. McGill, 51 Riverhead Dr., Rexdale, Ont.

Mrs. T. S. Adams, our President, presided over the meeting and plans for our forthcoming Sanction Show were finalized. We also are making plans for a Booster show at the Canadian National Sportsmen's Show and also are preparing to get underway for a Specialty Show this coming spring.

Refreshments were served after a very successful meeting, though we would like to have more of our members out to these regular meetings.

Conception Bay Kennel Club

by Bob Little
Box 280, Fredericton, N.B.

Following is a list of officers of the recently formed Conception Bay Kennel Club. President, Mrs. R. W. Nutbeem; Vice-President, Mrs. J. Gordon Wilkie; Secretary, Mrs. M. E. Saltman, Harvey St., Harbour Grace, Nfld.; Treasurer, Mrs. J. G. Wilkie; Directors, Messrs. R. Fricke, R. W. Nutbeem, J. Barrett and Dr. A. Leslie.

We wish this club every success in its future activities.

The Dachshund Club of Canada

by Ernie Lindsay
Willow Cove (Sub P.O.), Burlington, Ont.

The regular monthly executive meeting was held at the home of The Lindsay's on November 1 with two more applications for membership being received, accepted and welcomed.

Considerable time was spent on correspondence at hand and business arising from same, including a statement from our Show Secretary which proves, when all the mopping up is done, that we have at least broken even on our 4th Annual Specialty and First Futurity, but at the same time it is gratifying to realize the good we have done in promoting our First Futurity, which we firmly believe is one of the best means of promoting better matings and improving the breeds, and we sincerely hope more interest will be taken in this project as time goes on.

Our show date for next year (September 24) has been approved by the C.K.C. This will be our 5th Annual Specialty and Second Futurity, with our Futurity open to all six breeds of Dachshunds this time and also open to all non-members as well as members. Due to the lateness of futurity forms being printed, we have decided to accept nominations of brood females already bred up to January 23. For all information write our Futurity Chairman, Mrs. N. T. Smith, 267 Pine Cove Rd., Burlington, Ont. and look for advertisement elsewhere in this issue of *Dogs*.

At the present time we are experiencing some difficulty in selecting our judge for next year, but hope a good choice will be forthcoming in the near future.

Our December 6 meeting will be the annual meeting and election of executive Officers for the coming year, and therefore we hope to have a good turnout. 1959 has been a busy year indeed, with much being achieved in the way of important projects, but it is gratifying to know that our assets have increased considerably, and our treasury remains solvent.

We, the executive officers of 1959, wish all our members and all dog fanciers A VERY MERRY XMAS AND A PROSPEROUS 1960.

The Doberman Club of Canada

by Mrs. Kay Baylis

This new club was formed August 23, 1959 to promote interest in and development of the breed in Canada. Meetings are held every third Friday of the month. For further information on the club and membership, write Mrs. Kay Baylis, 626 Caledonia Road, Toronto 10.

Officers of the club were elected at the first meeting held at the home of Mr. and Mrs. Fred Kleinert, Clarkson, Ont. The executive consists of Fred Jackson, president, Mr. Kleinert, vice-president and Mrs. Baylis, secretary-treasurer. The 14 members in attendance discussed the possibility of having a specialty show next season in conjunction with a championship show.

The second meeting took place at the home of Mr. and Mrs. Fred Oldland, Stoney Creek, Ont., where ways and means of holding a sanction show were considered. Mr. Kleinert read letters and other information from the International Doberman Club, Strausberg, Germany.

The Doberman Pinscher Advancement Association

by Dr. Wilfrid E. Shute

New club: several fanciers of the Doberman Pinscher have formed the Doberman Pinscher Advancement Association. Its themes are the same as all breed clubs, namely to promote the breed in the public eye by all fair means. It is hoped that by thus gathering together all the active breeders in south and southwestern Ontario a pool of information may be available to its members and to all interested novices. Further information may be obtained by writing the secretary, Mrs. Gordon King, R.R. #1, Georgetown, Ont.

are as follows: President, Mr. R. D. Smuck; Vice President, not yet known as a stalemate arose and with 3 candidates running, at least everyone is thinking. Secretary, Mrs. Joan M. Souch; Treasurer, Mr. M. E. Whiteside; Show Secretary, Mrs. Betty Drewe; Show Manager, Mr. William Clark; Group #3 Trophy Secretary; Mrs. Vi. Bailie. Two one-year directors, Mr. Reg. Scott, Mr. William Clark; Two two-year directors, Mrs. Allie Smuck, Mr. Jack Hewson.

We are very pleased to be able to report that this Association is holding a Working Group Show February 27, at the HMCS Hall at Weston, Ont. We are all working very hard at this project and judges and trophies are being approved. We appeal to all the working group people to support this adventure and help make this show a big success. The Show Manager is: Mr. William Clark, Box 559, Highland Creek, Ont. Contact Mr. Clark re boosters for this event.

We are pleased to report that Mr. and Mrs. Brimstin are both feeling much better and are at home. We are also pleased to report that Mrs. Kress is feeling better.

We wish to congratulate one of our members, Mrs. I. Ransom on her winning Best of Breed with Am. & Can. Ch. Ransom Rob-Roy at the Motor City Specialty Club Assoc. Show held November 8, 1959 at Oak Park Michigan. The judge was Mrs. Trudy B. Mangels and she judged an entry of 64 Collies.

To the many of you that knew her we regret to report the passing of Taffy —a little dog with a big heart and the best of every different blood that flowed through her veins. She was the constant companion of Joan Souch for 14 years.

The members of the DC & SSA wish to extend a very Merry Xmas to all Dog Lovers and a New Year Full of Nice Surprises.

Dominion Collie and Shetland Sheepdog Association (Montreal District Branch)

by H. M. Stephens
P.O. Box 118, St. Andrews East, Que.

A meeting was held in Montreal of 25 Collie and Sheltie fanciers on October 20 to form a breed club for the two breeds. A letter has been sent to the D.C. & S.S.A. Toronto for permission to become known as the Montreal District Branch of that club.

The program for 1960 agreed upon was:

(a) Puppy match in Montreal in late January or early February.
(b) Booster show at the L.K.C. shows June 12 and 13 if these dates are approved by the C.K.C.
(c) Puppy Match in Richelieu in July.
(d) Educational meeting in October or November.
(e) Some activity to encourage obedience training.

Any interested in joining this new group should communicate with the membership convenor Mrs. Leslie Rogers, 4255 Jean Renou St., Lachine, Que.

Evangeline Kennel Club

by Mrs. M. C. Peel

A sanction show was held October 10 at H.M.C.S. Cornwallis by the club members. Mr. Ralph O. Wright and his committee did a splendid job of putting on the event and Mr. Arthur Everett, ring steward, also deserves credit for a job well done.

Best in Show and Best Canadian Bred Dog in Show went to "Topper", an American Cocker Spaniel owned by Mrs. Leslie Wright of Digby. Best Puppy in Show went to a Miniature Schnauzer owned by Mrs. James Whitley of Wolfville. Group winners were as follows: Group 1, American Cocker owned by Mrs. Wright; Group 2, a Beagle owned by Mrs. Wright; Group 3, a Boxer owned by Mrs. Helen Robinson of Freeport, N.S.; Group 4, a Miniature Schnauzer owned by Mrs. Whitley and Group 5, a Pug owned by Mr. and Mrs. A. J. Goulden of Auburn. Best Brace in Show, Pekingese, owned by Miss Margaret Godfrey of Wolfville. Judges were Mr. Harvey M. Gratton of Truro, Mr. J. J. Burns of Halifax and Mrs. A. Z. Whitman of Auburn.

Forest City Kennel Club

by Rita M. Smith

44 Flanders Row, London, Ont.

The monthly meeting was held in the Duchess of Kent Hall Wednesday, November 4. There was a good attendance and the meeting was carried out with the president presiding, Mr. Ted Smith.

A great deal was discussed on the betterment of the club, new members and more get-togethers for the members, which in my opinion is a must in any club.

The evening was taken up mainly with discussion on our forthcoming Christmas Party, which we hope will be a big success with a good turnout. We would

DOBERMANS

Extend Season's Greetings and "success in '60" to all fellow dog fanciers

If you are looking for a future winner — why take chances! Reserve a pup from the litter expected out of Ch. Silhouette sired by Am. Ch. Iago v Ahrtal, sire and dam of the following outstanding champions:

AM. & CAN. CH. LITTLE COQUETTE — Best in Show, several Best Can. Bred in Show and Group wins.

CH. HUMORESQUE — Best in Show, numerous Group wins and placements.

CH. SENSATION — Best Puppy in Show, three 4 pt. wins to finish (retired for breeding).

CH. SOLITUDE — Finished at 11 months, 5 Puppy Groups, 2 Best Puppy in Show, Best of Winners at Cleveland Specialty for 3 pts., at 11 months.

CH. ELEGANT SWING — Finished at 3 consecutive shows within one week.

CH. BLACKBERRY BRANDY

At stud to approved bitches only

Brandy shown 6 times to finish, was twice W.D. (Best Opp.) twice B. of W and B. of B. (specials) with Group first and third and Best Puppy in Show. Reserve twice (once to litter brother).

Shown at 3 American Specialty Shows — reserve at Detroit at 10 mos. Sr. puppy class at Cleveland — Winners for 5 pts. at Chicagoland, under famous judge Marcel Demangeat of Nantes, France.

Brandy is a beautifully balanced dog of correct medium size, with great bone and depth, superb shoulders, front and feet. Long neck, wedge-shaped head, keen expression, full mouth. Beautiful rear with powerful gait. Perfect temperament, friendly and alert.

XMAS SPECIAL — Beautiful big show quality bitch, whelped April 14/59 by Am. Ch. Steb's Top Skipper ex Ch. Sensation — a breeder's opportunity!

FLASH

Schauffelein's Spring Frolic (sister of above bitch) at three recent Sanction Shows has won three Groups and two Best in Show.

like especially to see some of our older members, the ones who have been unable to get to the meetings, at this party. We miss you, you know.

Judges are being selected and plans being made for our forthcoming show in May, 1960. This took up a great deal of discussion.

I would like to welcome at this time two new members to our club, Mr. and Mrs. Thompson, Sheltie breeders. May your membership be a happy one.

I would like to wish all our doggy friends and breeders of purebred dogs the Merriest Christmas ever, and hope your kennels grow with success in the coming year. And to the Editors and Publishers of *Dogs In Canada* (a wonderful book) Miss Kaye Peer and Miss Elizabeth Dunn, A Very Merry Christmas, and all the success you can take in the New Year with *Dogs In Canada*. This wish I know is extended from all our members of the Forest City Kennel Club.

The German Shepherd Dog Breeders Assoc. Inc.

by Anne Gerigs
c/o White Hart Kennels
Pickering, Ont.

At our November meeting we were pleased to welcome our new members Cliff and Maud Chapman. We shall be looking forward to seeing them and their new puppy in the show ring next year.

Attendance at this meeting was excellent. Keep it up folks! Remember, this is your club so let's hear what you think.

Our matinee show of October 17 was a big success. Our thanks go to Fraser Anderson for doing such a good job of judging of conformation and to Norm Davies on obedience. The weather was against us but at that we had 28 dogs. The refreshments left over were nil. This indicates that a good time was had by all. Best of breed went to Les Chatham's Sabre, and best opposite went to Bill Miller's Donna.

This month, at a special event, the club members presented to Mr. Spencer Weller a plaque in appreciation of his sincere efforts in the guidance of this club and of his contributions through the years to this breed as a whole. Mr.

Weller was the founder of this association and the instigator of the Grand Victor title now awarded by the German Shepherd Dog Club. Mr. Weller's knowledge of the breed is apparent by the fact that he is one of few Canadians licensed to judge in the United States. We feel sure that as our breed chairman Mr. Weller will continue to render this association countless services.

All our committee chairmen have now picked their assistants so work for our 1960 Specialty Show is really underway. Show secretary Herb Burrows picked as his Trophy Secretary Mac DeMeo and Hilda Burrows as Show Superintendent.

Congratulations to the new Shepherd Dog Club in Ottawa. It is nice to know that a group of people are interested enough in the breed to form a club.

Always finish with a smile: Question: Our dog swallowed a tape measure last week. Do you think he will die by inches? Answer: No. They usually go out of doors and die by the yard.

The German Shepherd Dog Club of Canada
by Warren Parkinson

The warm spirit of the holiday season finds this progressive club in its time of reflection. In any active club program, unfortunately some individuals are hurt or offended. There are some fences to be mended, and this is the fence mending season.

The highlights of the October general meeting, held at the Austrian Club, were: accepting first, and then voting on a judge for another big Sportsmen's Booster show; the voting of the Judy Award to one of our staunchest members, Mitzi Frohle; obedience report, classes full (60 dogs); graduation December 13 at Fort York Armories; demonstration team active again, showing mainly to boy scout and cub groups; obedience trial date moved forward to June, as it is believed it will tie in better with the winter and spring ten week obedience courses; the Breed Improvement Committee reported our Specialty Show was very well received by exhibitors from near and far, and expressed appreciation to all its many supporters. There followed four carefully worded questions submitted by a member. The Breed Improvement

Committee put forward a suggestion that we hold a special show, in which the dogs would be judged for conformation to type as well as working ability.

After adjournment, films and slides, loaned by Mr. Stappen, were shown. The film showed a Sch. H. working trial and the slides illustrated the development of our breed since 1895.

Here and there: Edna Lucas is now mobile in her new wagon. No more 50 mile taxi rides; the Breed Survey reports are coming in and they gained respect by mentioning faults as well as virtues. They will be of value to breeders; some members work with smoke and fire, others are quiet like Laura Treble, just a hot fire no smoke.

I close by wishing my friend and fellow member Gordon Garrett and his bride Evelyn a lifetime of happiness together. They will be home for Christmas.

The Golden Retriever Club of Ontario
by R. Drysdale
555 Weir Ave., Oakville, Ont.

The first annual Licensed Specialty Show of the club was held at Kinkyle Farm, King, Ont. on Sunday, October 11. Mrs. A. E. Sturdee, who had kindly consented to carry out the judging assignment, was her usual competent self in the ring and eventually she placed Dr. T. R. DeGeer's Northlands Castor Best of Breed and Mr. M. J. Seguin's import Satinway Wildmagic Best Opposite Sex. Dr. J. Erds' Kerrdail Sweet Melody was Best Canadian Bred Puppy in Breed.

The show attracted the highest number of Goldens, we believe, in the history of the breed in Canada, having a total entry of 35 dogs. We hope to see many more next year so that eventually we shall be able to compete in numbers as well as quality with our American friends.

Judge Mrs. Alban E. Sturdee presents rosette to Northlands Castor, owned by Dr. T. R. DeGeer, Toronto and handled by J. R. McNicol.

The annual general meeting of the club is being held December 6 at 2:30 p.m. at North Toronto Y.M.C.A. and we look forward to meeting new members and old at the A.G.M.

Hamilton Kennel Club
by Mrs. Betty White
87 Cameron Ave., Dundas, Ont.

Our club is now back in full swing after a mighty hot summer but with a very successful June show now behind us.

We are now looking forward to our Sanction Show which we usually have in December.

At our October meeting we again welcomed new members. The club intends to again hold a Christmas party for the members this year.

At the conclusion of our business we enjoyed movies by Mr. Bill Brown. These were of particular interest as we had the pleasure of joining our President and his wife, Mrs. Lawless, on their vacation to England via movies.

Upon completion of the movie journey we enjoyed delicious refreshments served by Mrs. Irene Culp.

The Hamilton Obedience Club
by Mary Ledingham
Pine Crest Survey, R.R. #2, Ancaster.

The highlight of the November meeting of the club was an obedience film by Wm. Burr Associate Productions. Bill, assisted by Jake Giacomelli, has filmed, edited and produced an excellent film and sound track on obedience training starring dogs and handlers from our club. The club members and their guests from the Burlington & District Kennel Club thoroughly enjoyed seeing their human and dog friends in action. Bill took the film this fall on the spacious grounds of Peg and Fred Oldland's Altland Kennels, just outside of Hamilton. In it, he has shown all phases of obedience work from Novice to Utility. Bill has also shown and explained on the sound track the practical uses, in addition to trial work, of many of the commands. For example, using Bill Finn's German Shepherd, Cindy, he shows the dog running toward a road on which a car is approaching. The dog drops at the edge of the road on a signal from her owner just as the car passes. This scene very vividly illustrates how obedience training could someday save your dog's life.

We all extend to Bill Burr our hearty congratulations on the terrific job he has done. Bill has offered to show his film to our training classes and for any nearby clubs that are interested.

Our club members were very sorry to learn that both Lois Davis and Sheila Smith have recently spent some time in the hospital. Apparently Sheila suffered a broken shoulder when a car she was in was involved in an accident. Hope to see you both back soon!

Mr. Fred Tremain reported that his class for trainers has been postponed until spring when our members will again be able to work outside.

As Demonstrations Chairman, Mr. Tremain stated that on December 16 our club will be giving a demonstration at a Christmas party for retarded children. We will also be giving several demonstrations to Boy Scout groups during the remainder of this year.

In January, Mr. Tremain has scheduled

a weekly class for Scouts and their leaders at the Hamilton Scout House. This is the same course which we give in the regular basic training of dogs plus the addition of teaching the dogs to carry a stick. We believe that this is the only city in Canada where the Scouts are trained to enable them to obtain their Scout Badge for training dogs. Our club initiated this program several years ago in the firm belief that these boys will grow up with a better understanding of dogs to become the dog owners and trainers of tomorrows.

Mrs. H. Bowler announced that the plans for our Christmas party are almost complete. Don't forget the date . . . December 17!

Hull and District Kennel Club
by E. Diana Gemmell
471 Golden Ave., Ottawa 3, Ont.

The annual general meeting of the club was held on Wednesday, October 14, at the Humane Society Shelter.

The Treasurer, S/L Bert Stoughton, gave his report showing a very satisfactory financial year. Owing to the illness of the auditor he stated that the audit of the club books would take place shortly.

Reports were submitted by Miss Mabel W. Smith on sick and visiting during the year; by Mrs. A. E. Bales on the refreshment committee; by Mrs. J. A. Hutchison on membership showing an increase in membership from 42 in 1958 to 74 in 1959.

The President, L-Cdr. D. G. Anderson, gave a report outlining the year's activities, highlights being:

Successful sanction show in February in the Hull Armories with 60 dogs entered.

Unbenched championship show in May with 244 dogs entered.

July sanction show with a disappointing entry probably due to the time of year and extreme heat.

Ten meetings were held during the year, one film was shown and a very interesting talk on Whelping given by Dr. J. A. Hutchison.

Refreshments were served at all meetings.

Two honorary Life Members were elected during the year, Mr. Mac McLean and Mr. W. G. Walters.

It was proposed that a letter of thanks be sent to the Humane Society for the use of the Shelter during the past year, accompanied by a cheque for $50 as a token of appreciation.

Election of officers took place and elected were: President, L-Cdr. D. G. Anderson; Vice-President (English), Lt.-Col. T. R. Gemmell; Vice-President (French), Mrs. J. A. Hutchison. Directors: Miss Mabel W. Smith, Mrs. D. G. Anderson, Mrs. A. E. Bales, Miss M. A. Archibald, Mrs. T. R. Gemmel, Dr. J. H. Brandy, Mrs. Pamela J. Sims and Mr. A. W. Bishop.

CH. SNOWLAND ZISKA BUCK (Imp.) again ended the year by taking 1st Working Group, this time at the Wallaceburg show, October 3rd, under judge Mrs. E. Joel. Exclusive handler is Lorna Jackson.

"BUCK" has produced champions and winning stock all over Canada. The latest is his grand-daughter Ziska's Lady Ziska, who went Winners Bitch at Burlington Samoyed Specialty.

He has taken many B. of B. since his first show at Toronto Sportsmen's Show, 1956, where, at the age of 10 months, he went B. of B., Judge Mr. Anton Korbel. Since then he has also taken many Group Placings as well as B. of B.

Ch. Ziska's Newminko, by "Buck" and Ziska's Morning Glory, completed his Championship this year, making 11 Champions at "Ziska" in the 11 years in Canada.

(Continued from page 51)

JOE STETSON TO JUDGE

leg and tottered a few desperate, clinging steps when she decided to walk away."

As he grew up, this genuine dog man bred Cockers, Great Danes, Dalmatians and Toy Manchesters. "Cockers I hunted; Danes, Dalmatians and black and tans I showed, and enjoyed a good one of any breed at any time. I think a diet of half a hundred dogs shows a year over a ten-year period has made me familiar with the ingredients of dog show fare."

Recently he has owned an Irish Water Spaniel, a Welsh Springer Spaniel, a yellow Labrador, an English Pointer, an English Setter and Poodles of all sizes. Currently it's Cockers, a Welsh Terrier, Basset Hounds and more Poodles. The reason for variety: "There is usually a controlled experiment of some sort going on — antibiotic food supplement, field testing a new vaccine, a new idea in parasite control, a new type of whelping bed, auxiliary heating or kennel construction. And every dog is different, physically and temperamentally. Dogs, or breeds may be similar but never alike. Even within groups, a Dandie is a far cry from a Scottie or a Peke from a Pom. . . . As long as I live with them there will always be some new and refreshing experience to convince me how little I know and how much more there is to enjoy."

a good attendance. We were extremely fortunate in having Dr. Shute of Port Credit, who spoke to us on Vitamin E and its application in humans and dogs, Dr. Shute also gave a very instructive talk accompanied by drawings of the structure of various breeds, their faults, etc.

Mrs. McGowan reported another substantial increase in the membership. An election took place to choose our new Trophy Convener and Mrs. R. E. Allen will fill this position for 1960. At this time it was also decided to hold a Booster Show at the Canadian National Sportsmen's Dog Show.

New club crests were distributed to the members and these are available to out-of-town members by writing the Secretary.

The annual Christmas Party is to be held at the Surf Restaurant, Burlington, Ont. on December 12 at 7:00 p.m.

A report was made on the Tynoka weekend and, as usual, this proved to be a very well received activity. The trees were at their height of colour in the north country. This annual trip to the north, besides being a social get-together for dogs and people, also gives some of the members an opportunity to do some hunting. The weekend included many activities along with target practice, skeet shooting, etc.

The final reports were in on the last issue of Paw Prints, the Club magazine and this has again been a financial success. The editor has received numerous letters from Western Canada and also from the U.S.A. commenting on the quality of this publication.

Our Fall Field Trial was held November 8 at the Southcotts, Milton, Ont. We are indeed grateful to the Southcotts (Cara Mia Kennels) for making their property available to us each year. This is an excellent location as the field has perfect cover for the birds. The dogs were run on liberated pheasant. Winner of the Puppy Class was Challenger's Bit O' Blarney owned by Mr. D. Youngblut and the Open Class was won by McGinty of Kenten owned by Mr. K. Honsberger. This year we had a new innovation in that a canteen was open all during the trial and the ladies sold food to contestants and spectators at a financial gain to the Club treasury.

Word has been received of some extensive winning by one of our Western members with his Irish, Mr. Harry Dean, and we will report more fully on this in the next issue.

For membership in the club, please contact Mrs. E. McGowan, 280 Balsam Drive, Oakville, Ont.

The London Canine Association
by John F. Harris

The October meeting was held at the Y.M.C.A., London, on October 14.

Election of officers took place and the following were elected: President, Wm. Cooper; Vice-President, Alex. Dickson; 2nd Vice-President, John F. Harris; Secretary, Robert Revell; Treasurer, Lucille V. Harris; Publicity, John F. Harris. Directors, Mrs. Betty Dickson, Mrs. J. Dobbie and Mrs. Robert Revell.

At the close of the election the club discussed plans for the 1960 show.

The welfare of the club looks much brighter for the future, thanks to our President, William Cooper, who has worked very hard to hold the club together. Bill certainly deserves a great deal of credit.

The regular meeting was held November 11 at the Y.M.C.A., our president, Bill Cooper in the chair. Five new members were welcomed into the club. Plans were made to hold an all-breed dog show October 15, 1960.

At the close of the meeting Bill Cooper showed a film, which was much enjoyed by the members, on Picadilly Bulldog Kennels, also a travellogue on his trip to Florida.

The Moose Jaw Kennel Club
by Mrs. H. Bidewell
Box 245, Moose Jaw, Sask.

The club met in the Public Library, October 13. Several members were present.

Mr. W. Riome, of Moose Jaw, was the delegate to the Mid-West Dog Show annual meeting. He reported the following business was dealt with. The following officers were re-elected: Mrs. D. Summerville of Calgary, Secretary; Mrs. P. Randall of Saskatoon, President; Mrs. Mary Miller of Moose Jaw, Vice-President.

The tentative spring show dates for the circuit are from May 22 to June 7 inclusive.

A letter was read, from Mr. and Mrs. Jack Horn, telling of their new location in Ontario.

The meetings for the kennel club will be held every second Tuesday in the month during the winter at the Public Library and new members are invited to attend.

New Brunswick Kennel Club, Inc.
by Robert B. Laskey, Secty.,
Saint John, N.B.

The year '59 was a good one for this club. Our members can tell you that their monthly meeting notices, say: "make this our best year". N.B.K.C. tries to do just that!

Friends, officers and members of this club were much concerned over the recent illness of our President, Mrs. T. Harold McGuire. We are happy now to know she is convalescent in her home at East Riverside, N.B. We have missed her sadly from the September and October meetings. Many of us thought she overdid herself at our last four-feature show events. She inspired us all in her efforts to make '59 a banner year.

Our 67th-68th shows were real successes. It was our first opportunity to sponsor Obedience Trials. The Saint John Obedience Club held its first Obedience Trials; their judge was the very capable Mrs. Alex Casgrain, Westmount, P.Q.

For our first show, 67th and part of the N.B. circuit, we had two judges, F. Paul Delaney, Humphrey, N.B. judging the breeds of Group 3 and its specials and Roy Montague, Halifax, N.S. the

remaining breeds, best in show and their specials.

The following day, the 68th annual championship show of this Club, we had a new face and friend from Ontario, Peter Smith, Woodstock.

Here in the same show building in ring 2 was held the fourth all Toy breed specialty show of the Maritime Toy Dog Club. R. William Taylor, Montreal, a very competent Toy dog breeder, with English judging experience was the adjudicator.

This Club, its officers and members were hosts to a buffet luncheon the first show night in Saint John. After B.I.S. we were privileged to have J. Kilburn King entertain us with excellent movies of the Westminster K.C. '59 show, also an elaborate filming in sound and colour of the Welsh Pembroke Corgi '59 Specialty show; it included Obedience and farm-work in Wales and Utility performances with a galaxy of famous sires and champions there.

We at the N.B.K.C. shows were favored to have remain with us, director "Jake" J. H. Irving of Vancouver. He made many friends for the C.K.C. It was pleasant indeed to have our Directors 'in time out' to visit the Moncton and Fredericton K.C. shows after their meetings here.

in Oshawa. There was a good turnout of members although we missed our secretary, Mrs. Vi Porter and Vice President Herb Porter. We are sorry to report that Mr. Porter was ill in the hospital with pneumonia and jaundice. We are pleased to say that, at the time of writing, he is much better and on the way back to good health.

The club decided not to hold a Sanction Show this year in view of the poor attendance at recent matches. We are putting all our efforts into our show in July, 1960. With the business end of this meeting at an end Mr. Groshart showed us some films of the Oshawa Obedience Trials of 1958-59. Also some films taken at Jo-Ro Kennels. Mr. Dewsbury showed us a very interesting film taken at the Safety League dinner at which dogs were shown with various performers.

The hosts served a very tasty lunch and we must say we were entertained by a lovable Norwegian Elkhound puppy by the name of "Steena" and her two "Side Kicks", a beautiful pair of Siamese cats. The evening was so enjoyable that all the members were still at the Grosharts after midnight.

The November meeting was held at the CRA Hall in Oshawa. A few of the members could not attend for various reasons but much business was carried out re the judges for the July show. We hope to have Boosters again this year not to mention Obedience, at which we hope to have a better attendance than last year.

All the members of the OCKC wish to extend a very Merry Xmas to all and a Very Happy New Year in which Better Dogs and Better Sports may prosper.

The Progressive Kennel Club of Canada
by Gertrude W. Drew
120 Ranleigh Ave., Toronto, Ont.

The November meeting was quite well attended. The President, Mr. C. Stevens, was in the chair.

Details for our forthcoming sanction show were completed. This event is to be held November 16. Mrs. Ken Clark will head the trophy committee assisted by Mrs. Sally Vertulia and Mrs. Olive Dewsbury. The names of those who are to ring steward were announced. There will be the usual draw for a bushel basket of food.

Mrs. T. D. Weir has returned from the Bermuda dog show where we understand she did very well with her beautiful Poodle.

Mr. and Mrs. Clarence Stevens are entertaining their dog friends to a party to be held the latter part of November. This is in celebration of Mrs. Stevens' many years as show secretary.

Mr. and Mrs. Wm. Griffin have been travelling and visiting in the United States. They will probably not be back until next year. Mr. Griffin is now retired from business and has ample time for trips, etc.

Mr. and Mrs. Stan Whitmore are very happy in anticipation of moving into their lovely new home which they hope will be ready by December 1. Their

home and Haviland kennel of Boxers are located on beautiful highway 7 and Mrs. Whitmore states "the new house is such an improvement", we will be glad when the old one is removed from the property".

Two of our enterprising members have been instrumental in forming the "Chow-Chow Fanciers of Canada". This new association is unique in that it has no executive body. The meetings are held as open forums and the programs are entirely educational. It functons largely on popular requests from the fanciers at the meetings.

The association has already proved a boost for the Chow-Chow breed. At the recent group 6 point show held at Weston, Ont., no less than 14 Chows were exhibited, a number almost unheard of these days.

Incidentally, Mrs. Paul informs us, she has three judging assignments in the United States in the not too distant future.

Mr. and Mrs. Al Lake have built a nice, new ranch fence across their property on Maple Leaf Drive. The Lakes are very forunate in having such a large lot for their home and kennels and still live in metropolitan Toronto.

We were indeed sorry to have to announce at our last meeting the sudden illness of Dr. Fred Clement which prevented him from fulfilling a speakers date at this meeting. A phone call to Mrs. Clement informs us that the Dr. is getting along as well as can be expected but he will be on a rest cure for several weeks after he is able to be up. The club send best wishes for a complete recovery.

The season is again at hand for annual elections, Xmas parties, banquets and subsequent New Year's revelry. Our elections will be held on December 2, which is the first meeting of our next fiscal year. All members should be in attendance. The meeting will be held at the regular Y.M.C.A. club room on Eglinton Ave.

Following the November meeting most of the members gathered at Frans restaurant for coffee and a snack. This has become a popular rendevous for post meeting chit-chat.

So this is the last of the news to be reported through this column this year. Thank you members and friends for regaling me with the choice morsels of news and for your kind cooperation, your indulgence and tolerance with your humble correspondent.

On behalf of the entire club I would like to express our thanks and appreciation to Miss Peer and Miss Dunn of *Dogs in Canada* for their part in making these notes available to our readers and, a merry Xmas and happy New Year to all.

The Provincial Irish Setter Club
by Gertrude W. Drew
120 Ranleigh Ave., Toronto, Ont.

The Irish Setter picture looms up very favourably at present. Since our specialty show we have had no end to comments and enquiries. Amazing how news travels. Several nice letters have come from distant fanciers and local interest runs high.

A specialty show such as the one our club put on was eagerly looked forward to by our newer members whose experience at dog shows was practically nil. The quiet locale and absence of fanfare gave them a pre-sense of confidence. Now that the ice is broken they feel they can do much better with their dogs another time. The frightening aspect is over but the excitement lingers on.

They hope "we can have another show real soon, we just loved this one". Of course we all loved this one, but we veterans loved it for different reasons. Whereas, the novices loved their very first ribbon and cherished their very first prize and were thrilled to be part of the show, the more seasoned members took it in their stride. They did the important work and saw to it that the program progressed in sequence. They enjoyed seeing the results of their training. The trainees responded well. Their anxiety to remember rules and their ebullience over their wins and ribbons was a joy to see.

Next year if we can obtain the same building, we intend to repeat our specialty with added attractions and more dogs if possible. We have had no complaints, on the contrary we have had many compliments on the overall show, the large entry and the nice condition and quality of the dogs this year and we hope to eclipse this picture in 1960.

Tara Hall saw a fine turnout at the October meeting. The work of the club is in full swing again. It was unanimously decided to hold a banquet this year. The date of December 11 was chosen and reservations for 50 have been made at Peller's Banquet Hall. Mrs. Dawn Miller will convene the program for this special evening.

MOVING?

If you are a member of the C.K.C., be sure to notify The Canadian Kennel Club office, 667 Yonge St., Toronto . . . If a subscriber, write *Dogs in Canada* Magazine, Suite 100, 4 North Sherbourne, Toronto.

forgotten for the summer, was again discussed and it is expected the crests will be available soon.

Mr. and Mrs. John Pritchett are returning to their native England where they will take up permanent residence again.

Mr. and Mrs. Sid Rivett are moving from Parry Sound to Stewartstown near Milton, Ont.

Mrs. Dorita Carter reports her two Setter pups are showing real bird sense in the field. She takes them out two or three times a week and they are getting pretty birdwise. She says "it's a great way to reduce".

Mrs. Betty Hodgson tells us that one of their last year pups, now one and a half years old, has turned out to be a very good bird dog. Her owner has trained her exclusively for his own pleasure and he claims she is all any sportsman would want.

Rod Marsh and Bud Hanna are hunting with their dogs every chance they get. They hunt in Markham township where there are lots of birds and the dogs are not missing many.

Mrs. Maureen Rolf sent her young female to Pelee Island this year. Bill Jarvis, who trained "Candy", took her along and says "there were none better there", she found and retrieved the birds like a veteran.

Harry Dean, of Ardee Kennels, Sask., sends along a report of the many wins his dogs have had at recent trials under C.K.C. rules. His Irish import "Ambassador" lived up to his reputation by taking the open all age stake. Others of his own breeding did exceedingly well too.

These testimonials would seem to prove that the Irish Setter is a capable and willing worker when given the opportunity to show his worth.

With Xmas in the offing and the New Year following close in its wake we are reminded that it will be one year in January since this club held its inaugural meeting. Since then much ground has been covered and some records established. We have the honor of holding the first independent Irish Setter show ever held in Canada and we made history with our record entry of 33 (28 present). We are looking forward to the New Year with hopes of continued progress in promoting and popularizing our lovely breed.

In concluding this column for 1959 we wish to thank the following for their participation in assisting at our first show; Dr. Wilfrid Shute, Judge; Mr. J. W. MacCallum, Superintendent; Miss Alma King, chief ring steward; Mr. Don Rolf, P.A. system. Also our appreciation and thanks to Al and Mary Lake for the use of Tara Hall as a permanent meeting place. A special tribute to our honorary president, Mr. Walter Brown who attended most of our meetings and assisted us with many of our problems.

We extend sincere Xmas wishes to all dog lovers everywhere and may the New Year be happy and prosperous.

To the girls at *Dogs in Canada*, who give us this wonderful magazine, a merry, merry Xmas and continued success in the New Year.

Sarnia Kennel Club
by Heather Logan
300 Bright, Sarnia, Ont.

The October meeting of the club was held at the home of Mr. and Mrs. Storey (Samoyeds) with 20 members present.

The meeting was brought to order by our president, Bill Barnes (Dachshunds), and the plans for our forthcoming dog show were discussed. We plan to hold our show a little earlier this year, perhaps making it a double point weekend along with another club in the vicinity. All members are taking a keen interest in the different phases of holding an All-Breed Show. This should assure us of a smoothly run show this year. Although, financially, we had our most successful show to date last year.

At the close of the business portion of our meeting, we were shown an excellent film on field trials. We are all striving to learn more in the dog game by having speakers and films at the close of most of our meetings.

A buffet-dance party has been planned for Wednesday, November 25, at the Moose Hall. This will provide an evening of fun for all local fanciers.

All members of the Sarnia Kennel Club join me in wishing you a Merry Christmas and every success in the New Year.

Shearwater Kennel Club
by Valerie H. McMillin
Woodlawn, N.S.

The October meeting was held in the Belmont Hotel on the 29th, again with a most gratifying turnout of members.

Two new faces were welcomed by the President, Mr. and Mrs. B. A. Mitchell, who have recently returned from England bringing with them a miniature and also a standard Schnauzer. This latter will be of great interest as it is believed to be the only one of the breed in the Maritimes.

Mrs. Agnes Misener was elected to fill the vacancy on the Executive left by the resignation of Mrs. Janet Ireland.

An interesting talk was given, after the conclusion of the business, by Mrs. Alice Bissett, upon the origin of the Australian terrier. Her talk was helped by the presence of her home-bred Champion Pilbarra's Token, John to his friends, and he made many new ones for himself and his breed during the evening.

Our fall sanction show is to be held November 7 in the Legion Hall in Dartmouth. The Judge for this event will be John LeMoine of Amherst. Chairman of the show is Mrs. Hague, who is being most ably assisted by Miss Alice O'Brien in charge of refreshments, also by Mrs. Agnes Misener.

the committee for next year's show, with Mrs. Gerald Charter as Chairman and Mrs. George Mehlenbacher as Show Secretary, are already hard at work choosing dates and judges. Much show experience was gained by all our members and we hope many friends have been made for our club. In spite of rain, from which we escaped to the Junior Farmer's Building, we feel that our show and trial were a success.

At the September meeting eight new members were elected: Miss Fern Nagel, Jack Lilbourne, Mr. and Mrs. Cecil Hume and Mrs. Florence Westbrook, all of Brantford, and Mr. and Mrs. R. T. Godron and Miss Maryke Godron of Port Dover. We welcome any others to join us when we meet the third Monday of the month in the Agriculture Office, 43 Kent St., Simcoe.

Our third obedience class, trained by Mr. Malin Wilkins, will be judged by Mrs. Gerald Charter on November 19 in the Simcoe Arena Lounge, where the classes have been held.

We are currently sponsoring a contest among the Grade 8 students of five Simcoe & District schools to obtain a crest for our club. After a crest is decided upon we shall choose appropriate colours.

The "200" Club

by Laura McNally

62 — 4th Ave. S., Roxboro, Que.

Nearing completion is a unique club register dreamt up by our Secretary, Vic Madge. This will be a master record of all club dogs, including particulars regarding titles, wins and schooling.

Besides being a boon to the Publicity Chairman as a quick source of accurate statistics on club dogs, it will also be invaluable in case of loss of registration certificates by disaster. So many people just could not remember their dog's registration number, let alone the official names of the sire and dam.

Attendance has been very gratifying at the Saturday morning training sessions in the Beaconsfield Hall. Though a great variety of breeds are represented, the dogs are making very steady uniform progress. This is particularly noticeable with the huge batch of new Open class trainees.

Dachshund popularity must be on the up-swing as the classes boast of five Dachsies in various coats and sizes, and the club dogs include the Standards, smooth and wire and the Miniatures, smooth and long-hair. What with Bassets, Beagles and the Dachsies in training the Hound Group is really coming into its own in Obedience.

Welcome to the new puppy brigade acquired by members. The handfuls include the Osborne's huge black German Shepherd "Mutig" meaning Big Handsome One in German, also the McNally's little lady Schipperke "Piki" meaning cobbler's tar in Finnish, and the Hamilton's red brindle puppy Cairn "Haggis" meaning you know what dish in Scottish.

From all the members of The "200" Club and their canine companions to the Obedience Enthusiasts across Canada—our wishes for a Very Merry Christmas!

DEVELOPMENTAL GENETICS

eye disorders, teeth pulled, dew claws or dockings or clippings, operations for hernia, caesarians, etc.

You may even wish to evaluate the same dog several times from several points of view. First of all, if you are married, maybe you would like your own evaluation and that of your spouse! (Done independently, of course!) Or if you work with another kennels, maybe an evaluation by yourself and one by another interested in our dogs. Or maybe you would wish an evaluation of the dog from point of view of breeding, or of showing. Not that they have to be "different" but maybe both points would be of value.

Most of all it is important to have a simple routine form which can be easily used as a written record for the individual dog. Then you can proceed with the master pedigree analysis, using the simple individual dog record. Remembering also to have a simple form for puppy litters, so that your data will be complete and easy to use. The Genetics Research Laboratory, Butler, Indiana, can send you suggested forms which you can use or modify, if you wish to request them.

Here are a few questions to check if you have been thinking along the lines of developmental genetics records.

Question: In working up a pedigree, to attempt to determine how a trait is inherited, or if it is inherited, what are some points to remember?

Answer: (1) Attempt to get all data possible on ancestors, sibs, and progeny. (2) Establish those that do not have the trait desired as well as those that do have it and be objective in evaluation. (3) Make up master pedigree using all data available, being sure it is correct insofar as possible. (4) If age is important, be sure the dogs are of age for the defect to show up. (5) If sex is important, be sure dogs studied are of proper sex. (6) Using this information check for possible carriers or if this not possible (due to quantitative inheritance) check for possible "trends". (7) Use all data available to best advantage. (8) Obtain all data on dogs you no longer own or have which are pertinent. (9) Check for environmental factors which could have affected the trait. (10) If the trait is one which involves a professional opinion, be sure the opinion is a good one and take every known precaution to check its validity. (11) Always consider cost and time involved in future matings and plan only those which seem to be the best. (12) If there is no pattern at all in the inheritance, then either your analysis is in error, the records are in error, or else some environmental factor must be at work.

Question: How can undesirable genes in a dog line be selected against most successfully?

Answer: (1) Selection and progeny testing. Not enough to select for phenotype alone. (2) Destroy breeding capacity of known homozygous bad recessive individuals. (3) Check whenever possible to find the heterozygotes and if possible eliminate them or use them intelligently in the breeding program. (4) By education. This includes not only better understanding and more knowledge of genetics and breeding practices, but also a better knowledge and more thorough understanding of the dog breed standards. It would seem to me that the dog clubs could do much to help educate the public both generally and specifically to the value of a registered dog and to what is a good registered dog!

NEW DEADLINE FOR COMING ISSUES

For the busiest people, time flies with incredible speed. Deadlines loom almost as quickly as headlines. As a reminder, here are the special numbers for the next six months. In an effort to get your copy of *Dogs* to you earlier, we are making the deadline *the 5th of the preceding month*.

THE ESKIMO BREED

The plight of the Eskimo Dog over the past four decades has indeed been a sad one in that little effort was extended to introduce this proud breed to the general public and therefore the breed has become almost forgotten. The originator of the breed spent the better part of his life attempting to popularize the breed via the harness route but this proved unsuccessful as the Eskimo Dog, although doubtless more qualified for expedition work than other breeds, lacks the speed of the swift Siberian and fleet Malamute; thus the Eskimo Dog seldom did well in the short races of the past quarter century. Today a paradoxical situation exists in that there are perhaps upwards of 5,000 Eskimo Dogs in harness – vastly more than all Samoyeds, Siberians and Malamutes in harness in all of North America – but yet the Eskimo Dog is the least known of the Arctic breeds.

Due to the lack of registration activity within the breed, the American Kennel Club decided to drop the Eskimo Dog from their recognized breed ranks. This decision was rendered in March 1959 just one month before a large celebration was held in Cresson Springs, Pa., the birthplace of Admiral Peary, in honor of the 50th anniversary of the discovery of the North Pole. The United States Postal Department commemorated this occasion by the issuance of a stamp depicting Peary and his team of Eskimo Dogs crossing the North Pole. It is believed that the Eskimo Dog is the only breed ever to appear on a U.S. Postal Stamp. The United States Navy marked the 50th anniversary by sending a submarine under the North Pole, which is also shown on the stamp.

An article in the October issue of the *Alaska Sportsman* stated: " . . . a dangerous situation exists as far as maintaining the Eskimo (Dog) as a distinct breed, as the Eskimo (Dog) has probably been crossbred with more of the other breeds than any other Arctic Dog". In order to properly evaluate this statement, a knowledge of the geographical habitat of the Eskimo Dog is necessary. The native environs of the breed is essentially the Northeastern Arctic Archipelago including the shores of Labrador along the Arctic Ocean, Greenland and Baffin Island. With few exceptions this region is altogether inaccessable by commercial transportation and with few exceptions all dogs in this area are Eskimo Dogs. It would therefore appear to follow that the crossing of the Eskimo Dogs in the heart of their domain would not be possible unless one purposely sledged in a team for this express purpose. Eskimo Dogs in their native habitat are as pure today as they were 100 years ago and because of the remoteness of this area will continue to remain pure until civilization over-runs their home land. This promises to be considerably in the future

GROUP FIRSTS
CH. TYLDESLEY TINKI-PU

This sensational record was made in a little over one year. "Tinki-Pu" also has 8 Group Seconds to her credit and 1 Best Canadian Bred in Show. She was best Toy at the Poodle Specialty, 1959 under Judge Henry Stoecker, and is the winner of the Toy Breeders Plaque for 1959. Her latest wins were two Group firsts at the Bermuda Kennel Club shows. This outstanding two-year-old Silver Toy Poodle is shown, above right, with her breeder-owner, Mrs. D. T. Weir, at the Bermuda Shows where she shared honours with her mother, Ch. Mar-Con Tata of Tyldesley, who placed first in the Toy Group, first show. Tata is pictured here with Mrs. Bobbie Ellis, of Streetsville, Ont., well-known Poodle breeder and exhibitor.

***AM. & CAN. CH. POODHALL GUS**

increased his wins to
11 BIS (including 2 Specialties)
47 Group Firsts

In 1959 he was shown 34 times in Canada, 26 different judges gave him 30 Best of Breeds. He failed to take the breed only under such judges as Charles Swartz and Peter Smith. He went on to win 23 Group Firsts and has a total of 76 Best of Breeds won on both sides of the border. Since it would take too much space to mention all those judges who have shown their appreciation of Gus' qualities by awarding him breeds or groups, we restrict ourselves to gratefully mentioning the following who considered him worthy of BIS awards:—Mrs. E. Murray, Mr. A. LePine, Miss A. H. Rogers, Mr. V. Johnson, Mr. J. Fry, Mr. C. Siever, Mr. J. Paton, Mr. J. Trullinger, Mrs. E. McEachren, Mr. G. Kynoch and Mr. H. Schuffman.

as the present "white" population of the Northeastern Arctic Archipelago, with the exception of the very outskirts, for all practical purposes is nil.

Today the breed has an unprecedented situation to face — that of reviving itself from the ranks of the dead. Progress is being made however, as evidenced for instance in the mascot of the Edmonton Eskimo Football team. Before the season is out, millions of fans will have seen Eskimo Dog bitch Su-Lin-DEW either through the medium of television or at the stadiums. Arrangements have been made by Eskimo Kennels of Edmonton with the Edmonton Eskimo Football Club for the acceptance by the Club of an Eskimo Dog puppy — which will be presented the Club at the last Edmonton home game of the season and which will become the permanent Mascot of the Edmonton Eskimos. Next year will see the acquisition by the Childrens Zoo of the City of Edmonton of two Eskimo Dog puppies and in 1961 two Eskimo puppies will be donated to the Assiniboine Park Zoo of Winnipeg . It is planned to arrange for the ultimate offspring of the donated puppies to be donated by the cities of Edmonton and Winnipeg to the zoos of other Canadian and/or United States cities. Supplementing the long range "mass-show" programs is a current concerted effort to stimulate as much interest in the breed as possible through articles in various publications reaching a wide cross section of the population. Augmenting the overall drive for renewed and increased public recognition of the breed will be frequent appearances of Eskimo Dogs in Western Canadian Dog Shows whenever possible.

Eskimo Dogs are now beginning to receive the attention which for so many years was sadly lacking. The Eskimo Dog, one of Canada's truly native breeds, is certainly one of the most beautiful of all breeds and a breed which deserves more recognition and representation than it presently enjoys. These dogs are regal-acting, proud, affectionate, rugged, intelligent and possess gentle dispositions —but above all they are rare and need the support of interested and responsible persons.

Breed History of the Eskimo Dog

The following resumé is taken from the *Complete Dog Book*, an official publication of the American Kennel Club.

The Eskimo Dog, sure-footed, tough and strong, is a native of the Arctic. Originating in all probability in Eastern Siberia, he has since been taken by his Eskimo owners to Northern Canada, Baffin Island, Labrador and Greenland. The Eskimo Dog is related to the Alaskan Malamute, Siberian Husky, Samoyed and Chow.

A product of the "Survival of the fittest" over a period of at least two thousand years in rigorous localities, he is unsurpassed in his field. Not only does he provide a feasible means of transportation in winter, but is an excellent pack animal in the summer when he is frequently employed to pull boats along the shores of Arctic Rivers. He is indispensable as a hunting assistant to the natives of the Arctic since his nose is keen and his courage is of a high order.

Although he has tasted the toughest sort of life, generally underfed, mistreated, and often overworked, the Eskimo Dog enjoys an excellent reputation in his association with man. He is affectionate when fairly treated and makes a good pet.

His coat, which consists of long guard hairs and a woolly undercoat, is so dense that he can sleep comfortably out in the open at sixty to seventy degrees below zero. Eskimo Dogs are found in two coats — the regular and the long-haired, and nearly every dog coloration. Two colors, however, seem peculiar to the breed in that no other breeds are marked similarly: White bodies with coal black heads (or black masks), and all white with double spinal markings of silver gray.

The feet, probably the most important point in any working sled breed, have reached a state of perfection that would preclude improvement. They are large, long, and 'flattish' though never 'splayed', with strong nails, thick pads and an abundance of hair to cushion between the toes. In the long-haired variety, the foot feathering is extremely profuse.

He is alert, suspicious and intelligent, particularly in hunting, trail and ice scent. He is easy to train for sled work and once the commands have been mastered, he never forgets them. His memory for routes is phenomenal. As a hunting assistant he is indispensable for ferreting out breathing holes of seal in the ice which are hidden by snow. He can 'wind' a herd of Musk-oxen several miles away and have them rounded up in short order. On Polar bear, too, he is unusually good, and in hunting this game furnishes probably the most thrilling of all dog sports. The big white bruin is coursed by dog team, with the hunter hanging on as best he can to the madly careening, speeding sled. When the team is near its quarry, all traces are cut and the dogs bring the bear quickly to bay.

Breed Standard of the Eskimo Dog

The following 'Standard' is taken from the official publication of the American Kennel Club — the *Complete Dog Book*.

(a) **General Impression**: The Eskimo Dog is nature's product for sled dog work. Being a draft animal for centuries in the Arctic regions, he has developed a powerful body and heavy coat. Although large boned and of rugged build, many specimens are very beautiful, and as attractive as show types as any other breed. Eskimo Dogs are good natured and very intelligent.

(b) **Size and Weight**: Shoulder height for males, 22 to 25 inches, females, 20-23 inches. Weight for males 65-85 pounds; females, 50-70 pounds.

(c) **Head**: Well proportioned, broad and wedge shaped. Strong, flat skull

(i) **Tail:** Large and bushy and carried up over, or curled over, the back.

(j) **Hindquarters:** Medium length, heavy and very muscular. Stifles well bent.

(k) **Paws:** Large with thick pads and well protected with hair, so that these dogs can haul heavy loads for miles over rough ice and crusted snow without getting footsore.

(l) **Coat:** Should be a heavy covering of master hair varying from 3 to 6 inches in length. Some specimens are found in Northern Labrador with a long, shaggy coat of master hair averaging 6 inches in length. There is also a dense undercoat of wool varying from 1 to 2 inches in length.

(m) **Color and Markings:** Eskimo Dogs are found in all known dog colors; black, white, gray, buff, brown, cinnamon and in all combinations of these colors.

Eskimo Dogs when compared to Malamutes present a more "blocky" appearance, with the Eskimo Dog generally having a more bushy tail, much the longer and softer coat and due to the wider set of the ears coupled with the eye placement and skull configuration — the Eskimo Dog presents less of a wolf like appearance. When compared to the Siberian, the Eskimo Dog is obviously larger and again having the longer coat.

The day of the Siberian Husky and Alaskan Malamute being considered as "sled dogs only" has long passed as it has been conclusively proven that these two breeds readily adopt themselves to a home and make excellent pets. The Eskimo Dog is no exception to his cousins in respect to being an excellent pet and the future of the breed will depend to a great degree on public acceptance of this fact.

CORRECTION

Due to incorrect information provided this magazine regarding the Best in Show win made by Mr. and Mrs. Thomas Sinclair's Wire-haired Dachshund at the Canaid Benefit Show held September 13, we mentioned that Can. and Am. Ch. Edgelough Coco was handled by Mr. Frank Hardy. This was not the case. This outstanding wire was handled by Mrs. Sinclair and we are pleased to make this correction.

BEST OF VARIETY

It's a Dog's Life

Last Christmas morning our Pug, Prince, decided to investigate under our Christmas tree. I caught him just as he was about to tear a present apart and told him to get out of the room until after breakfast. During the meal I heard a rustling of papers, ran into the front room and caught Prince just as he picked up the same present in his mouth. I told him again to wait until after breakfast. This time he did.

On receiving permission at last he ran into the livingroom and once more picked up the same parcel. By this time we were all very curious. Guess who it was for – Prince! Inside was a bright rubber ball.

Paul Mann,
Sarnia, Ont.

***Five Dollars** will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's A Dog's Life", Dogs in Canada Magazine, Suite 100, 4 North Sherbourne, Toronto 5.*

"He that passeth by and meddleth with strife belongeth not to him, is like one that taketh a dog by the ears."

Prov. XXVI:17.

Voice on the phone: "Would you like to go to a party after Best in Show tonight?"

Teen-age handler: "Why, certainly! "May I ask who's calling?"

Hotel manager, sternly: "Boy, don't you know it's against the rules of this hotel to whistle while you're on duty?"

Bellhop: "Sir, I wasn't whistling."

Manager: "I distinctly heard you a minute ago."

Bellhop: "Oh, that, sir. I was paging a dog."

"Merry Christmas"

TACTICAL ERROR

Politicians never admit to making mistakes. If they make a mistake, they say it is a tactical error. And many tactical errors have been made. Thomas E. Dewey made a tactical error when he charged that Franklin D. Roosevelt sent that destroyer back to pick up Fala.

It was a tactical error on two counts. First of all, Americans love dogs and the average voter would have sent the entire Pacific fleet to retrieve a stranded dog.

Second, and more importantly, it let Roosevelt make satiric capital of Dewey during the famous Teamster's Union Speech: "And they have even attacked my little dog Fala . . ."

When Roosevelt finished that speech, the election was over.

from "For 2c Plain", by Harry Golden

TEN KINDS OF CUSTOMER

Ideal: One who looks and buys.
Musical: I'll make a note of it.
Animal: I'll bear it in mind.
Marine: I'm all at sea.
Constipated: I'll have to get rid of what I have first.
Pregnant: I'll see you on Labour Day.
Opportunist: I'm looking for something that will sell fast.
Card Player: Let's make a deal.
Elevator: I'll make a down payment if your price won't go up.
Domestic: My wife isn't going to like this.

PLANNED TOGETHERNESS

"Let's plan our breeding this time."

"Well, let's see. Missy hasn't been used to Johnny lately."

"Yes, but he hasn't been so perky."

"Well, let's go out of our kennels. What about the Smith's Sandy. He has a good head and rear end."

"They're going to Topeka for the specialty this weekend. What about the Martin's Snowstorm?"

"Snowstorm is right. I'm not going to drive 400 miles in this weather. Anyway their house is so small."

"I thought you liked her."

"Well, I do, but she'll try to tell me how to raise the puppies."

"I don't think so much of him, either."

"So that's out. We could ship Missy, I suppose."

"Ship nothing. I'd ship the kids first."

"Well, you think of an answer."

"Let's go back to Smithson. His male's been producing some good winners."

"Yes, but haven't you heard? He demands the pick of the litter." Now you come up with an answer.

"All right. Let's forget the whole thing this time."

"Fine. This planned program certainly is good, though, isn't it."

HANDLING

Lyman, Miss Camilla (The Ricefields Kennels)
Thatcher St., Westwood, Mass., U.S.A.
(AKC Licensed, Eastern U.S.A.)

New Gaines Meal has the flavor of *(oh boy!)* real beef!

New Gaines is the result of continuous scientific feeding studies at the famous Gaines Research Kennels. New crunchy nuggets supply better-than-beef nourishment, and have the real beef taste and aroma dogs like best.

New Gaines is a cooked meal—contains an homogenized balance of the vitamins, minerals and proteins dogs are known to need for complete nourishment. You'll know it's a complete nutrition formula by the list of *guaranteed ingredients* on the package.

New Gaines is economical—5 lbs. contain all the food value of 15 lbs. of canned dog food.

Feed your dogs New Gaines for 30 days, and then see living proof of its benefits in their glossy coats, keen senses and fine condition!
