# COVER STORY

This beautiful photograph was taken by Joan Layton of Dorval.

On the left is Ch. Bon-Sitka-Llyn C.D. at 12 years of age, sired by Pat Howden's great champion, Tobie Lesglen. "Tobie" was noted for his effortless, fluid gait and great mental abilities which, through his get, was passed down to succeeding generations.

Shortly after acquiring Sitka as a five-month-old pup he was hit by a train. Three legs were broken, his jaw fractured and one toe lost. Recovering from this escapade, he was entered in the shows in Ontario and Quebec and won his title. He went into obedience work at the age of four and won his C.D. title with high marks in three consecutive trials. I hesitate to go on, but in the interests of factual truth must admit that he was entered in nine trials for his C.D.X. title and successfully failed each time. The spectators were always entirely delighted with his performances. In harness he was infallible.

Lying in the foreground, ready to leap for the biscuit, is Ch. Bon-Pudu-Llyn C.D. at ten years of age and the great-great grand mother of our kennels.

She has the distinction of being the great-great-granddaughter of Ch. Kara Sea from whom the Standard of the breed was taken by the Kilburn Scotts in England many years ago. She is out of Bon-Wagosh-Llyn and sired by Snow Cap who was imported into this country by Pat Howden from Mrs. A. E. Mason's kennels in California. Back of Snow Cap were all the best of the Arctic Dogs of Miss Keyte-Perry's Kennels in England and only seven generations back of him were the dogs imported from Siberia in the 90's and used by the explorers in the early Arctic and Antarctic expeditions.

The best-known progeny from this powerful little bitch were two champion sons from her first litter: Igloo's Aoojo C.D. and Igloo's Bushka C.D. sired by Sitka. She was always the work horse in harness and her strength was unmatched.

The young Samoyed sitting in the rear is Ch. Frosty Ledge's Nigannimush whose record of show wins was in the November issue of *Dogs in Canada*. His dam, Ch. Frosty Ledge's Kola, won her title in three shows. She was sired by Ch. Igloo's Bushka C.D.

These two old dogs on the cover have contributed much of their physical and mental soundness to their progeny and because of this we are continuing to base our breeding program on this early stock.

*by Romaine Jones.*

# MEMO FROM THE EDITOR

Barely a day goes by but newspapers carry tales of violence, of total disregard for law, for others' properties and for life. With man showing little regard for human life, it follows still less is held for animals. We have before us two instances of wanton shooting of dogs. These dogs were not harrassing children, nor were they even near livestock at the time. The following report appeared in the Toronto *Telegram* March 10:

"Brantford: A man who shot a 6-month-old puppy twice through the head was not guilty of any crime, a court here ruled yesterday. Magistrate John Shillington dismissed a charge against Stuart Murchie of South Dumfries Township and said a by-law states any dog may be killed if it is out alone.

Mrs. Jean Golden of Harrisburg told the court she looked out of her window and saw a small Beagle pup fall into a snowbank. She said she went across to help the pup and Murchie approached with a gun and shot it, saying:

"I'm getting tired of being kept awake all night by barking . . Yours will be next." Mrs. Grace Beal, owner of the pup, said it was completely harmless.

Murchie told the court he had seen the pup running with a pack of dogs and on one occasion knew it was in contact with a rabid skunk."

This case was closed, the man apparently free to shoot other dogs. But a number of questions were unasked by the magistrate. (1) Was Mr. Murchie licensed to carry a gun? (2) Why was he not charged for unlawfully discharging a gun – evidently on public property. (3) By what right can anyone other than a policeman shoot a dog within the limits of the municipality, particularly when it was doing no harm? (4) If it is true that Murchie had known the pup on one occasion was in contact with a rabid skunk, why did he not report this to the police so that an immediate examination could be made?

Granted, the pup should not have been allowed to run loose. In fact, it is alarming how many dogs, purebreds as well as mongrels, are allowed to run the streets. Just prior to doing this item, the writer noticed at a nearby busy intersection a German Shepherd, a Welsh Corgi, a Cairn and a Welsh Terrier – all gamboling in the snow, heedless of traffic. In the same neighborhood a young Puli roams at will – open temptation for anyone prone to dog-napping.

The other sad instance took place in Elliot Lake involving a young Samoyed named Smokey. His owners, Mr. and Mrs. Earle Gore, kept the dog in a play yard surrounded by a four-foot fence. If let out by the mailman or children, he returned promptly. On the fatal night his owner was called to the door by a mine security officer. Smokey, who had been sleeping on the porch, ran through the open gate. Mr. Gore saw him a short distance away and expected him to return any minute. Within 15 minutes the dog was dead. The story is a man saw the Sam and told his wife. "Now is the time for me to kill that dog." He called Smokey, took him over a little hill back of the trailer area and shot him. The Gores do not know this man but his wife informed them of the killing. She had tried to prevent the shooting but had to stand by on threat of death. The police were notified and a detective made his report, to be followed by a summons. Before this was done, the man had skipped the country.

The legislation protecting animals from wanton killing varies with each province. Apart from such laws, municipal bylaws can alter the interpretation of provincial statutes. We show here the portions of the "Dog Tax and The Cattle Sheep and Poultry Protection Act" governing the Province of Ontario. Thoughtful reading of this will show shocking loopholes. Part II, Section 9 reads:

"Any person may kill a dog, (a) that is found killing or injuring cattle, sheep or poultry; (b) that in a township or village is found between sunset and sunrise straying from the premises where the dog is habitually kept; (c) that is found straying at any time, and not under proper control, upon premises where cattle or poultry are habitually kept." Section 15 deals with the duty to destroy a dog: Paragraph (2): Where the owner of a dog refuses or neglects to destroy a dog (which is known to have killed or injured other livestock) in contravention of sub-section 1, he may be summoned before a magistrate who may order the dog to be destroyed and for the purpose of carrying out the order a constable may enter upon the premises of the owner and destroy the dog and the magistrate may, in addition to any other penalty provided by this Act, direct the owner of the dog to pay the costs of the proceedings and of the destruction of the dog."

Under such laws a dog allowed to run at large is obviously vulnerable not only to traffic, but to many other perils. We believe it to be vitally important that every dog owner and breeder become personally acquainted with the Act and by-laws pertaining to his municipality. If they appear to be a threat rather than protection for dogs (as witness these shooting incidents) individuals and breed clubs would do well to work together to urge a reform. It appears that the life of a dog is taken all too lightly by miscreants and representatives of the law itself. Surely if dog is man's best friend man should be best friend to dog.

# LETTERS

*If you have any suggestions, any comments or constructive criticism to make concerning articles or other items contained in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, colour, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same.*

The January issue of your publication carried an article by Mrs. Geraldine R. Dodge on the subject of Excessive Gaiting of German Shepherds in the show ring.

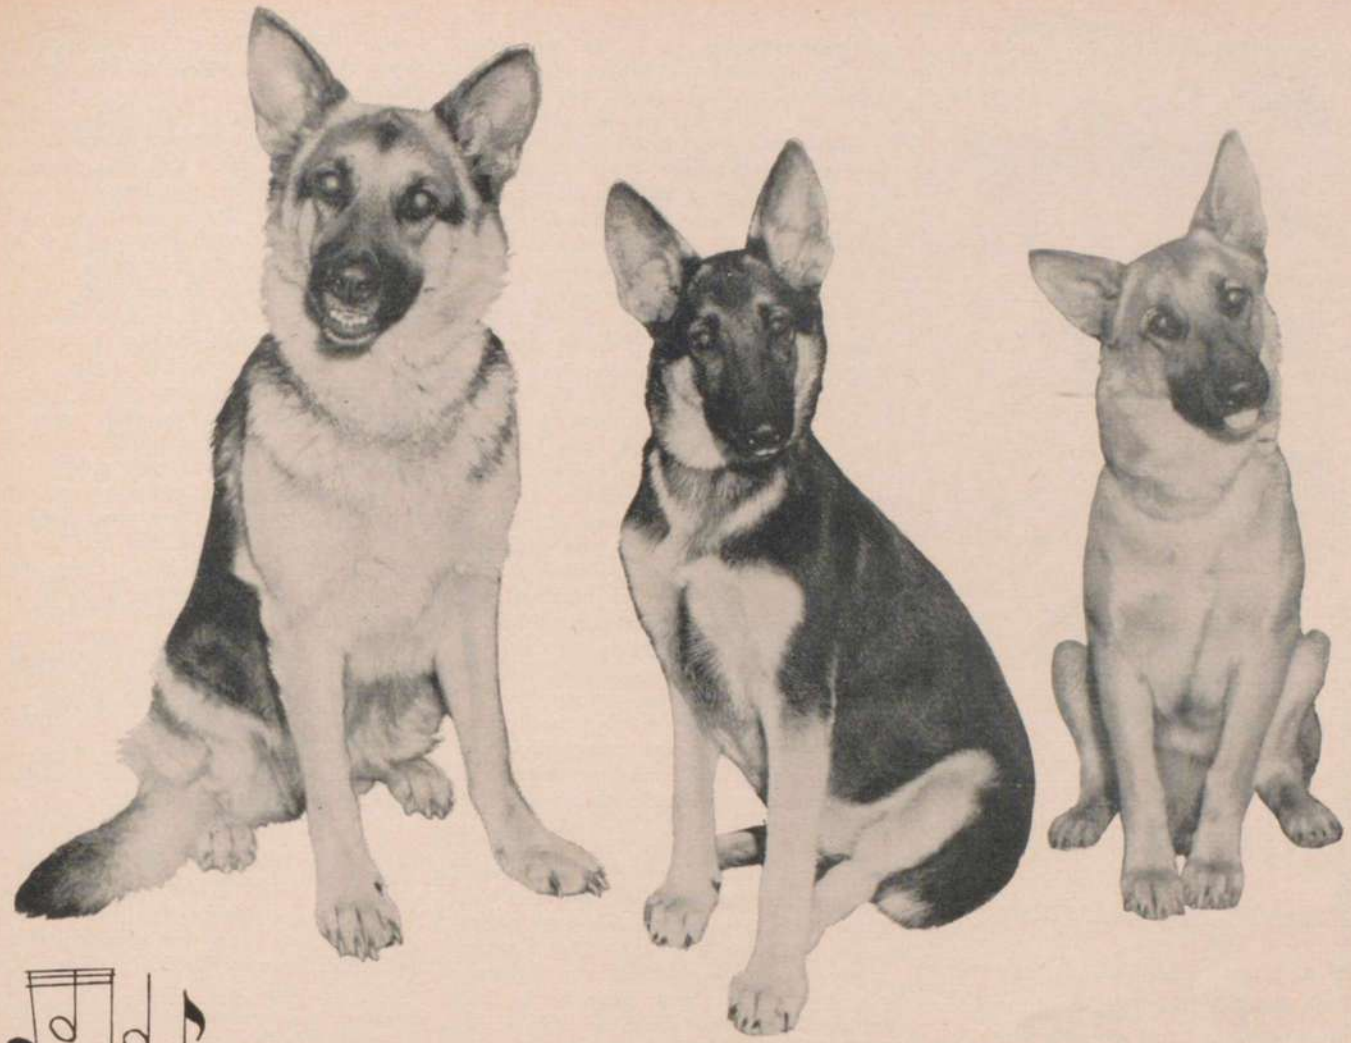

Having written a number of articles on this subject and having read many authored by others I wish to congratulate *Dogs in Canada* in carrying the best I have yet come in contact with. It is not only excellent composition but the message is clear and concise leaving nothing to the imagination or foundation for fadists, theorists or one of exhibitive tendencies to advocate sadistic practices in the show ring.

Mrs. Dodge sums up the issue correctly: "Year upon year we accept certain show procedures as standard, not because they are good in themselves but because time and habit have dulled us into thinking they serve a worthy purpose."

When German Shepherds were first introduced into the United States a few misguided sensationalists catered to their ego in advancing the stupid claims these dogs were half wolf and the owners assumed an attitude of importance in being capable of control over such an animal while mere mortals lacked this special ability. The gullible public accepted this as they so often do even the most fantastic forms of publicity which but proves the truism established by the greatest showman of them all, P. T. Barnum: "There's a sucker born every minute."

When the 'half-wolf' gimmik ceased to bring forth the respectful 'Oh's' and 'Ah's', the same group of mental giants found it obligatory to seek another angle to attract attention to themselves and in turn the breed. The self styled 'mental giants' but proved themselves to be 'mental midgets' when they came up with this Excessive Gaiting 'who-dun-it' just to make the breed 'different' from all others.

*(Continued overleaf)*

# hey fellas! it's Chow time

When "chow time" means Dog Chow time, you can be sure that your dogs will be ready and waiting. They won't have to be coaxed. Dog Chow is not only good *for* them — it tastes good *to* them.

People like Dog Chow, too. It's not only good for the dogs — it's good for the pocketbook. It's very economically priced, and it's dry — you're not buying water.

Made by the world's largest feed manufacturer, tested and proved by generation after generation of dogs in the Purina Research Kennels, Dog Chow is the choice of many leading breeders and handlers.

Available at most pet shops and at your Purina dealer's Store with the Checkerboard Sign. (If you haven't his name we'll be glad to supply it.)

Dawn, Lisa, and Kurt, owned by Mr. and Mrs. Jack Underwood, Sunny Dale Stock Farms, Ridgetown, Ont., are a lively and thrifty lot. All three have good show records.

Name.....

Address.....

For years this atrocious manifestation of malpractice in the show ring has been born by the 'sucker exhibitor' until they have finally revolted against this practice which has caused death in the show ring to humans. The few feeble protests from the Old Guard simmer down to: "There is no over-gaiting of German Shepherds." Not once have I read an article in which this contention has been advanced. The fact of the dogs being gaited to excess is ridiculous. Any German Shepherd can easily breeze around a show ring 50 times without even getting up a 'sweat' so what is being proven when 25 times of the same presents a serious problem to the human who attempts to keep up with the dog. These sadists who insist on other humans running themselves into the ground, while they stand still, come forth in defense based on that which was never introduced in the first place. To get the slightest tangible results from this practice of excessive gaiting any German Shepherd or a dog of a similar breed would require at least five miles at a steady trot before showing the slightest tendency of fatigue and then, possibly, some evidence might appear in the respiratory system but never in the structural conformation providing the dog is theoretically proper in formation. Should they not conform in this respect why gait them at all; it's a complete waste of time and effort as such specimens will not even receive the slightest consideration in the final placements and awards. No one in their right mind could ever come to the conclusion from any article I have ever read on the subject, that the slightest reference has yet been made as to the hardship being worked on the DOG it is the HUMAN and his best interests we are all attempting to protect as it is HE who takes the 'beating' and in doing so in no way proves anything except that a dog can out-run a man. Under our limited rules and regulations we have certain obligations to perform when presenting a specimen of any breed for competition in the show ring and part of this should not require the running of any handler beyond human endurance. If some few feel these endurance contests are in order let them advocate and carry out such maneuvers where they rightly belong, to wit: Field Trials held for this purpose. To put such a routine in show ring practice is of no other value than to prove to fanciers of all breeds that within the ranks of German Shepherd judges there are more of those things in this world than there are horses.

It is an easy matter for some exhibitors to engage an abundance of 'hired help' to take over the running of the dog when one of the 'menials' fall by the way-side in utter exhaustion, but how about those who are not so fortunate in the accumulated or inherited source of wealth which would enable them to supply such a 'stable' of track men? Are we to consider the exhibiting of Shepherds is to be confined to the wealthy or to those in the prime of life and even then at the very tops in physical condition. All other breeds enjoy the patronage from all walks of life, age or physical perfection. If but the wealthy are to be afforded this pastime and the rest of us 'eat cake' it is time the organizations we accept as the governing bodies brought pressure to bear through proper legislation.

We must accept the fact that a human can actually see, with any degree of accuracy, but one object at a time, therefore there is little, if any, justification to run a large number of *humans* hundreds upon hundreds of feet while the dogs they are handling are not under inspection. Bear in mind the American Kennel Club has established the figure of 20 dogs per hour as being a reasonable number to be thoroughly inspected from all angles; it is therefore questionable that Shepherd Specialty judges should ignore this suggestion while all other breed specialists abide by this and of even greater gravity is the absolute ignoring of the policy as set forth by our governing and respected body in their demand that: THERE SHALL BE NO *DOUBLE HANDLING!* Every time a dog changes hands in a ring the policy against DOUBLE HANDLING has been violated. Think THAT one over for awhile and see how it appeals to those who feel a continuous string of handlers for one dog is the solution to the present and past problem.

COL. FRANK FOSTER DAVIS
Alexandria, Virginia.

### KENNEL INSPECTION—BY WHOM?

. . . There is no doubt that the public would welcome some system which would enable them to know that they were dealing with a responsible kennel from the outset — and that responsible kennel owners would welcome some system which would achieve this object.

It is equally certain that many fringe operators would resist any such form of rating. One of the biggest problems is, who would inspect the kennels? Such an authority would have to be competent, and completely impartial, not connected with the dog world in any way, or financially interested in the breeding of dogs. This rules out, pretty well, everybody except the SPCA.

Since any scheme of rating involves inspection, the inspecting authority would have to be authorized by law to enter premises. If this were not possible, then the whole scheme would collapse . . . Yet I doubt if a responsible government would delegate to any self-appointed group of people, such right. This again rules out every one except the SPCA who, in British Columbia and Ontario, possess the right, by public Act, to enter premises for the purposes of inspecting, amongst other things, the way in which animals are housed.

On what basis would kennels be rated? If you take the "star" system, (i.e., 4, 3, 2), what is the "normal" against which you asssess the various standings? How often would you inspect the kennels to ensure that the rating is still the same? Who would pay the very extensive travelling expenses and time involved?

These are just a few of the reasons why this Society rejected a suggestion some years ago that we should offer to the public a system of rating kennels. However, we do not entirely duck this vexed question. Under the authority granted to us by our

Act, uniformed and competent inspectors of the Society inspect kennels, applying an unofficial set of standards drawn up by the Society and approved for their guidance. Incidentally, these standards have been drawn up by people who have spent many years in breeding, boarding, training and showing dogs. They are sensible basic requirements.

The inspection is unannounced and therefore unexpected. If the kennel establishment concerned meets the standards of the Society, then we recommend that kennel to the public. If the kennel does not come up to the standards, we simply do not recommend it. In addition, we suggest to the kennel owner ways and means whereby he could improve his standards. If the kennel is completely bad and if the owner makes no attempt to improve the standards, then we prosecute that person under the Criminal Code of Canada for neglect.

T. I. HUGHES

Executive Director,
British Columbia SPCA.

**KENNEL INSPECTION URGED**

. . . Re Kennel Rating (*Dogs, December and February*) . . . filthy kennels with unsanitary and inadequate feeding are not restricted to the West but applies to the country as a whole. So many of these bear the CKC registration that such listing has ceased to have any practical value to the public. Sufficient to say that with dirt and poor feeding go other faults that detract from our business . . .

Unfortunately, in the eye of the public, we are all lumped together, while the real loser is the cause of the purebred dog. Prospective buyers seeing the increasing numbers of inferior kennels are reluctant to pay high prices and rightly so, since many of the dogs coming from poor environment reach maturity in spite of and not because of their upbringing. I agree wholeheartedly that some form of inspection should be instituted and the power given to the CKC committee to revoke all licenses where the facilities are adjudged inadequate. Your magazine has done much in the past to improve the knowledge of the serious breeder and his stock but here is a chance to strike a blow to improve the conditions under which many of our dogs are bred and raised.

Can we hear from other breeders who are of a like mind, to wit: "That only those kennels with adequate facilities be granted recognition as a certified kennel."

R. S. HERD

Maple, Ont.

. . . Surely a short letter to the veterinarians requesting, if interested, to send the names of breeders that they feel should be investigated, whether through their own personal observations of kennels or through stock they have examined coming from said kennel in poor condition with worms, fleas, etc. An authorized CKC representative should be sent.

Clean up a few of these kennels and you will find others of this type improving conditions or getting out. Breeders should stand behind the health of their stock.

MRS. JAMES GRAHAM

Paris, Ont.

# Dogs benefit *more* from high-quality foods

Breeders and owners know the importance of high-quality foods and their relation to a dog's health. In hundreds of systematic tests conducted in Dr. Ballard's Kennels and in private homes, the majority of dogs showed a preference for Dr. Ballard's Dog Food.

**Dr. Ballard's provides complete, balanced nourishment**

Dogs benefit more from Dr. Ballard's because every can contains *scientifically-balanced* nutrition—*all* the known nutrients they need to keep them in peak condition every active minute of the day. Dr. Ballard's animal nutrition specialists precisely control the proteins, vitamins, minerals and carbohydrates to assure the correct nutritional balance and constant, uniform quality.

**Dogs love variety in their meals**

It's a good idea to alternate dry dog meal with wet foods. For variety, feed Dr. Ballard's new Burgerbits. It provides *twice* the nourishment of prime beef hamburger—at half the price. Easy to prepare, Burgerbits mixes instantly with water, milk or soup.

*Next time, ask for*

**DR. BALLARD'S**

The Quality

**DOG FOOD**

# *Your pride and joy...*

Your dog may be a prizewinning champion, or just a friend-of-the-family. But whatever his pedigree you can't be truly proud of him if he's in poor condition. Many top breeders nowadays make sure that they can always be proud of their dogs — by giving them Bob Martin's every day. And you can do the same. Bob Martin's Condition Tablets supply vital vitamins and minerals every dog needs — in the correctly balanced proportions to keep him in splendid coat and tip-top health. But to be truly proud of him you'll want him to look as well as feel his best. That's where you'll find the complete Bob Martin's range of grooming preparations so helpful. Every Bob Martin dog is his owner's pride and joy —in the ring or out.

BOB MARTIN'S

**BOB MARTIN EXPORT LIMITED - SOUTHPORT - ENGLAND**

### HER LIFE AN INCENTIVE

. . . I consider myself fortunate to have known Eileen McEachren for many years. True, we are all the poorer for her passing — every phase of dogdom in Canada, every person whose dogs' lives touched hers, everyone in Kerry Blues any place in the world and everyone in the States that ever had the chance to come in contact with her.

However, let us consider that in our loss, we are all the richer for the privilege given us by God to have had our paths cross hers somewhere along the line. We are of pretty rock-like qualities if our associations, be they brief or long, with Mrs. McEachren, didn't leave us with a better resolve to do more and better things for our breeds, for our phase of the dog world and for the cause of the purebred dog in general.

I know that we are the better for having known her and now it is up to each and every one of us to give that something extra in effort for our world of the dog in memory of the great lady who had a dedication we might all well emulate. Let what we all do in the future be as sincerely offered as were her efforts, that her great work shall not have been wasted. Her passing is proof that we never know when our number is up and therefore we cannot wait until one of the many tomorrows to be that kind of a driving influence for good. Let us make each today as good as we'd want to be remembered when our tomorrow comes.

JACK BAIRD

Cronwell, Conn.

*To newcomers may we say that this tribute comes from one of the best-known dog writers and active participants in the world of dogs today.*

### COMPLIMENTS SANCTION SHOW

. . . re complaints about Ontario shows, I feel I must compliment the Dachshund Club of Canada on their first sanction show, held at Waterdown on one of the worst days of the year. The entry was one to be proud of and the quality equally so. The exhibitors were a pleasure to work with and the club spared no expense in making them welcome . . . particularly with members moving continually among the exhibitors, with friendliness apparent throughout the day. Excellent food was available at a nominal price. The ring stewards were well versed and consequently the judging ran smoothly.

Exhibitors, upon leaving for home, bid their particular judge good-day and expressed their pleasure whether they had won or not. It truly was one of my most pleasant assignments. My sincere compliments to the Dachshund Club on a beautifully run show.

PATRICE L. FISHER

"Wunderbar",
Ancaster, Ont.

### HAPPY BIRTHDAY

. . . Reading that a local Pekingese presented her owners with four puppies on her second birthday . . . my Miniature Poodle whelped four gorgeous female puppies this morning on *her* second birthday.

## BURLINGTON SANCTION SHOW

Close to 90 dogs were entered in the Burlington KC Sanction show held at Waterdown, March 5 — despite previously harrassing weather.

Under Joe Stetson, noted judge, writer, lecturer and breeder, exhibitors had the rare opportunity of asking questions and of being shown how to correctly set up the dog, if need for improvement were obvious. Mr. Stetson judged all breeds in Groups 1, 2, 3 and 4 and Best in Show. Group 5 and 6 were assessed by Miss J. E. Lock of High Park, Mich.

Winner of the Sporting Group, a young Golden Retriever owned by John McNicol, took Best in Show and Best Canadian-bred Puppy in Show. A standard smooth Dachshund, owned by Bay-Brow Kennels, Burlington took the Hound Group, while another Burlington dog, a German Shepherd owned by Mr. and Mrs. George Cook, won the Working Group. Best Terrier was a West Highland White Terrier owned by Mrs. Thelma Adams, Unionville; Best Toy was a Miniature Pinscher owned by Mrs. Kay Robinson of Richmond Hill, who is also the owner of the winner of the Non-Sporting Group, a Dalmatian.

## IN SYMPATHY

Two more recent deaths have saddened the Canadian dog fancy:

Mrs. W. C. LaBrish of Regina, a member of The Canadian Kennel Club for many years, had not been well for some time. Internationally known as a breeder of Springer Spaniels, she was also interested in many phases of dogdom and had attended a number of CKC general meetings in Toronto.

Mr. Roy Black, owner of Milroy Kennels, Barrie, Ont. passed away leaving his sorrowing wife and daughter Norma. Mr. Black, an outstanding breeder of Airedale and Welsh Terriers for many years, was one of the founders and a former president of The Barrie Kennel Club. He exhibited in the Maritimes and throughout Ontario and Quebec. Mr. Black had not enjoyed robust health for a number of years. He served valiantly in the First World War.

# THE OLD TIMER

***"Anything you can do for the puppy before he's sold will make life easier for him and at the same time encourage better sales," observed the Old Timer.***

"It'll be starting any time now," said the Old Timer, "and I'm wondering just how much preparing you've done."

I looked up puzzled. This habit of the Old Timer's of suddenly giving voice to one thought, in the middle of a chain of them, had me continually doing mental acrobatics.

"What'll be starting any time now?" I asked, "and what is it I should have been preparing for?"

The Old Timer took the lead off the puppy he'd been working with, brought the youngster over to the stripping table and began combing out its furnishings.

"The spring urge is what I'm talking about," he told me, after the puppy had been groomed to his satisfaction. "And what I'm wondering about is whether you're ready for it."

"If it's the spring urge to go fishing you're talking about then I'm all set," I told him. "My rods are in good shape, the reels are well oiled and I can start out just as soon as fishing is legal again."

"Wasn't talking about fishing," the Old Timer grunted.

"Well, if it's spading up the garden or taking down the storm windows I haven't begun to feel any urge and I'm not the least bit ready."

The Old Timer tucked the puppy under his arm and carried it back to its cage. He stood for a moment or two looking over the young stock and then came back and pulled out his old arm chair. Not until he'd got the chair cushion adjusted to his satisfaction, his pipe filled and drawing freely and his old fedora pushed onto the back of his head did he give any indication he'd heard what I said.

"The trouble with you young fellows today is you're smart alecky," he finally said. "If you'd shut up and listen to your elders you might learn something.

"No I wasn't talking about fishing—and I wasn't talking about gardening or storm windows. The spring urge I was thinking about was the urge that comes every year to own a puppy. People see a puppy in the fall. They think it would be nice to have one. But they also think about the long cold winter ahead and the difficulty of exercising the youngster. So they don't buy. But come spring it's different. That's when they can get out and around to the kennels. That's when it's an easy job to housebreak the youngster. So they go out prepared to buy. The smart breeder will be ready for them."

The Old Timer was definitely talking up my street now. My good female had had a litter of six a couple of weeks before Christmas. One had been sold and though I'd had enquiries the others had not moved.

"All right," I said, "how does a breeder show he's smart and how does he get ready to cash in on this spring urge?"

"It means some work," the Old Timer said, "but it pays dividends. A person who buys a puppy from a reputable breeder who charges a fair price for his product has a right to expect certain things.

"Let's start at the beginning. First of all let's think about innoculations. Your puppies are about four months old now. They should have had their shots. Believe me it's a strong sales point to tell a buyer that the youngster had been immunized and that he doesn't need to have any worries about it.

"There should have been a stool analysis, to make sure the puppies are worm free, for I know of nothing which will cause so much adverse reaction to a breeder as to sell a puppy loaded with worms. And then, if the youngster is

# DOGS AFIELD

by DAVID BLAKE

Spring will come with sudden surprise. The sun, higher in the heavens each day, will stir the sap into action. Streams will swell and moisture-laden winds will feel alternately cold and caressing.

Things will stir in us, too, as the waterfowl wing northward and, as frost relaxes its grip upon the bottom lands, we find woodcock in the willows.

When will winter leave? — and suddenly it's spring and birds are nesting. Time to go afield — spring training time.

Spring is puppy time. Smells of the woods and the fields are as fresh as they are young. And old dogs, too, feel young again, responding to the pungent and the green things — nor are we immune.

If ever a dog will run, now is the time. Let him run. The ground is springy and soft. Each new patch of cover is more enticing than the last. Larks will be chased, flushed rabbits will scurry for better cover. Give the unbroken dog his head. The joy of the wind in his face will be seen in his whipping tail. His seeking muzzle will experience many sensations. He must come to know them all before he can learn to discriminate — to choose the all-important from the lesser. Meanwhile they all contribute to that desire which is the essence of a hunting dog. Only the man who has tried vainly to increase the range of a restricted dog can really appreciate the get up and go of an exhuberant youngster. Time enough to put the enthusiasm under wraps when the pup has learned to know the glory of it all.

There are many opportunities for yard training the pup in the spring. It is my feeling that the actual restraint of yard breaking with its attendant boredom should be quite independent of the field. By teaching a dog to heel, sit down, and come, without any association with running, the edge of the enthusiasm for the field is not dulled. If completely yard broken at home, the dog will then respond to commands when given in the field; he will not have felt the reluctance to obey which would have accompanied restraint in the field.

Fatigue is a deterrent to ultimate condition and eagerness. Pick a dog up, young or old, before it suffers the discomforts of extreme tiredness or pads are worn too thin. Like saving seed corn for planting—save zest to run again another day. If we earn our bread and butter chair warming, this isn't bad advice to heed ourselves.

We have a responsibility to the game at nesting time, of course. Many communities set aside certain training areas which should be used if there are restrictions where we live, else the game crop will suffer.

Running eager young beagles is rarely disturbing to rabbit reproduction. The cottontail or hare that is heavy with young is slower and more encouraging to the novice hound, yet can go to ground anytime she tires and wishes to withdraw from the musical drama being worked out behind her, in favor of the stronger bucks, which have little trouble weaving mazes and kicking their heels at their relatively slow competitors.

There is no limit for the Spaniel or Retriever who can run his young charge on a private or public preserve using pigeons or pen raised birds. Retrieving, handling, quartering pattern, all accompanied by the thrill of flushing planted live game, can be indulged in with the stimulus of spring.

Right about now, the reader with a pup, young or old, can't wait for the spring thaw, the buds to pop, the woods and fields to become vibrant, but what about the chap without a hunting dog? He'd better join the lusty lads thrill to the work of a field dog in action, to the progress of a pup as it develops, to the warmth of a kindred spirit—those who feel spring in their step as well as in the air. There is still time.

In Canada's Capital it's the

# DEVELOPMENTAL GENETICS

## AND KENNEL RECORDS

CONCLUSION OF A FOUR PART SERIES

by DR. LEE FORD

Now that we have the total picture, the individual record, the master pedigree or kennel record, and have spent some time using the records and have "matured" in our thinking, it is now our obligation to ourselves, our breed and our own dogs to try to improve our records. I don't know how much help I can give you on this, or what possible new suggestions I can make other than have actually been incorporated into the first three articles. But perhaps even thinking about improvement of the records once more will be of value and will put your mind on it.

What we wish to do is to ***improve the usefulness and value*** of your own dog records so that you can breed better dogs by studying and using them. Such study of written records is one excellent way to stand an even chance of improving your dogs, at least a little each generation. If you are honest about it, if you understand and interpret your standard correctly, and if you are willing to learn some of the fundamentals of how germ plasm works and are willing to look out for some of the pitfalls of error and omissions in thinking, then you should possibly improve your dogs by study of your records. There is no "sure fire cure" for all breeding ills, but this is the only known way to scientifically work with a breeding problem.

This past semester at college I worked with a small group of independent study students who were interested in dog breeding, three different breeds being involved. We met three times for about three hours each time, and discussed written records. Each of the students had previously had a genetics course on college level and for college credit from me, so each had at that time been introduced to the subject of written records. They had kept records on their dogs simply because it was part of the course and had not been actually (at that time) convinced of their value. In fact, I was not so sure they were even yet convinced that keeping records was of value and would actually help them to improve their breeding practices!

But as we talked and discussed and met again later on, here were some of the things they presented as being of value in connection with written records ***to the practical breeder.*** These are serious practical breeders, each winning good show honors in their own breed. They do not wish extra work just "for nothing" but wish to learn their breed more thoroughly, learn to fault and to see good points in their own dog, and learn to improve their breeding practices so that they may improve their line of dogs.

One of the first things in relation to written records which we discussed was the litter records, which they had to admit that the details of (even the simple ones of sex, markings, numbers, etc.) had left their minds, and in some cases they had even forgotten parents! So the value of litter records to refer back to when you wish data about the litter is of great value. This is of particular importance when certain problems arise or if someone asks for details or if you wish more information. The more detailed the records, the more value. But even the "short" records were of value and my group said that it was surely time well spent. They now asked me for copies of the records they had kept for me.

Improvement of the records comes through use, thus you become more accurate in your recording, more neat in presentation, more complete in your descriptions, and you wish to keep more data. Likewise you learn to keep the data with less energy, with less time and over all more correctly.

Another point of interest was that I had insisted that each evaluate each dog they owned, at least each breeding dog they owned or had with them, and if possible the parents and grandparents of the dog and of any offspring of adult age which it was possible to see. This had sounded like quite a task to them and they were not too pleased to have to do it, and anyhow they said they knew the dogs well enough already! But I did insist, and as it was part of the course they had to do it to get credit! But in the process of actually putting a number value on their dog for each characteristic, they did actually begin to think more of real evaluation. They did begin to sincerely and honestly evaluate their dogs. From this came a re-study of their breed standard. From this a re-study of what the terms meant. From this a restudy of their own dogs. Then came ***the reevaluation of their own evaluation!*** I did not actually teach them a thing about their breed; I did not even know how they evaluated their individual dogs. All I taught them was to be ***honest and critical.*** Each worked with their own breed standard and I worked with my breed! But in talking and working and studying together we all learned more accurately how to evaluate our own dogs, even though we had three different breeds involved, in fact, actually four breeds!

One of the most remarkable offshoots of the whole affair was that one of them at least is going far beyond what I thought were at least basic records and is really setting up a tight record for all pups he is selling! He has come to see the value of studying and learning more of his line (which incidentally is a good one) and is going to insist on records on all pups he sells. What is more remarkable, he has "teamed up" with another breeder in the same breed, and the two of them are compositing records so that they can work their two kennels together! Which is surely a step in the right direction. They can thus test more carefully their studs, and keep better records on the dams and pups and learn more through study of close relatives. This is fine, and maybe you can do it with someone who has some of your line of dogs, or someone whom you started out in breeding? If you can cooperate in your written records, you will both gain.

Another one of the students has come up with the thought that every male puppy sold will have at least several stud services reserved — and so if they never use it, they at least have the right! Thus this is written into the sales contract and the person buying the pup has the feeling it is maybe a little better than ordinary and might be even better than ordinary — and yet it also gives them the right to use any outstanding pet males who turn out better than expected — at least for one or more litters. Also, this arrangement gives both the buyer and seller more interest in the pups, and the buyer

feels more like giving it show and/or obedience training, and the seller feels more like working with the buyer.

Another most interesting point in regards to improved records and/or improved use of records, is in relation to photographic records. These are not only of great value in studying the dogs and learning more of their structure and fine points (as evidenced by photos), but also as your photography improves you have available a nice group of advertising pictures. And as your dogs win or do something outstanding, you have ready and available a suitable photo to send in at once for "news" items, which are indeed good advertising.

As you continue to work and study your line, you will (unfortunately) find faults which you did not suspect. Thus your records will want to be enlarged to include special studies of special problems in your line. But by now you should know how to set them up, how to make up a diagram (master) pedigree, how to analyze to see how bad and how prevalent the thing is, and how sensibly to make an approach to attack the problem and get it under control. This does not mean that your records, even your improved records, will or can solve all your problems. Far from it. But it does mean that they will help you attack the problems as they arise, and you will already have much data on file which will be of help. Thus you have open perhaps several angles of attack towards a solution instead of just one.

Already we have mentioned the fact that the records can be as complete and detailed as you wish them to be. Do not forget some of the essentials and have some sort of logical system for keeping details on each dog, which includes more than just registration papers, litter data, conformation and show data. You want records on sickness, vet trips, vaccinations, records on stud services and heat periods, records on females serviced, dates due to whelp, records on puppy and dog sales, names and addresses, dates, and amounts of sales, show and obedience ring wins, degrees, and all types of other records of interest to you in your kennels. Do not forget photos and pedigrees. Date the photos somehow so that you know age of dog later on.

**Be sure the records are kept completely, honestly, accurately and neatly.** This will improve with time and error.

Much has been said about the "ideal" dog of any breed — and much has been written about the "show winners", and so in every breed there are those who tell you "what is the proper dog" in a dozen different ways. Many are the authorities on what is and what is not a good dog of any breed. I have read much both in the American, Canadian, and English dog magazines, plus a few others from here and there. Although I am sure almost everyone has a different mental picture of the "ideal" dog meeting their particular breed standard, yet I am also reasonably well convinced that most of them do have such a mental picture and that most of them really believe it to be the right one. If it differs, that is what makes the game interesting and adds spice and variety.

In our volume on judging we tried to bring out good and bad points of our own particular breed interest. I see these dogs in the ring, and have judged them at matches and have "ringside" judged at many point shows. But what I know about "hidden" defects which cannot be seen by the judge, but which are present in the germ plasm and thus can be passed onto the next generation, makes even me frightened when I have to say "that is a good dog". For only with certified specialized checking can any dog really claim to be "champion". The amazing thing to me is that actually the breed people seem (mostly?) to prefer it that way. They just do not want to know the bad things about their beautiful dogs. Therefore they keep right on propagating these most undesirable traits into the next generation by use of their key dogs. And so it goes on and on down to the smaller and smaller kennels and owners of one dog — the cycle is full, the damage complete, the whole breed is thus riddled with many defects which could be controlled at least with a bit of sensible action ***based on the help of written records*** by the main breeders in that particular breed.

I suppose most kennel people will not go along with me on the value of written records. But let me offer you, the buyer, a good suggestion: If you do find a kennel where good, honest, complete written records are kept, and who present their dogs honestly and completely to you, you just might find this a good place to buy your next dog! ■

# INTERNATIONAL DOG SLED DERBY

***A clear head, a firm hand and a swift team are needed for this exciting international race — in which youngsters qualified on all counts — despite lack of visibility.***

**BARRIE, ONT., FEB. 13-14, 1960.**

Under the most adverse conditions this again proved to be the major attraction at this growing annual winter event. While there was plenty of ice on the Bay, about 22", and plenty of snow covering this ice, also about 22", the very unseasonable mild spell that persisted for several days prior to the meet created a problem of much slush and made the marking of the trail almost impossible.

Some 26 teams showed up, mostly members of the Arctic Sled Dog Club of America, most of whom travelled between 700-800 miles round trip to participate in the meet. This year two Ontario entrants made their debut; Miss Margo Robinson, Don Mills, Ont. in the Junior Class, and Mr. Bill Bartleman from Aurora, Ont. in the Novice Class. This was most encouraging as it is our hope that we will have many more Canadian teams enter this meet, and from the inquiries received it would appear that this is assured.

On the 14th it had turned quite cold and with the high wind blowing across the Bay visibility was almost nil. However, all but two or three entrants made the effort. So bad was the weather that not a single team in either the Senior or Novice Class was able to complete the course, and the final standings were based largely on the results of the race on the 13th. In fact one team became lost in the blizzard and it was only by the use of a helicopter that this team was located some five miles from the start and directed back to the safety of the starting point. Fortunately the Juniors were started early on this day and as their course is quite short, and the storm had not reached its height at the time, all finished. Amongst these Juniors was young Ronnie Wood from Bridgeport N.Y., just 8 years old and believed to be the youngest racing driver in the business. We were most pleased that our Ontario entry in this Class, little 13 year old Margo Robinson, who was competing in her very first race, in fact she had never seen a race meet before, finished on both days.

To the best of our knowledge, from a point of teams entered, this meet now ranks amongst the very top few in all Canada, and we hope to make it the top one next year. The results follow:

**Senior Class (20 miles—8 entries)**

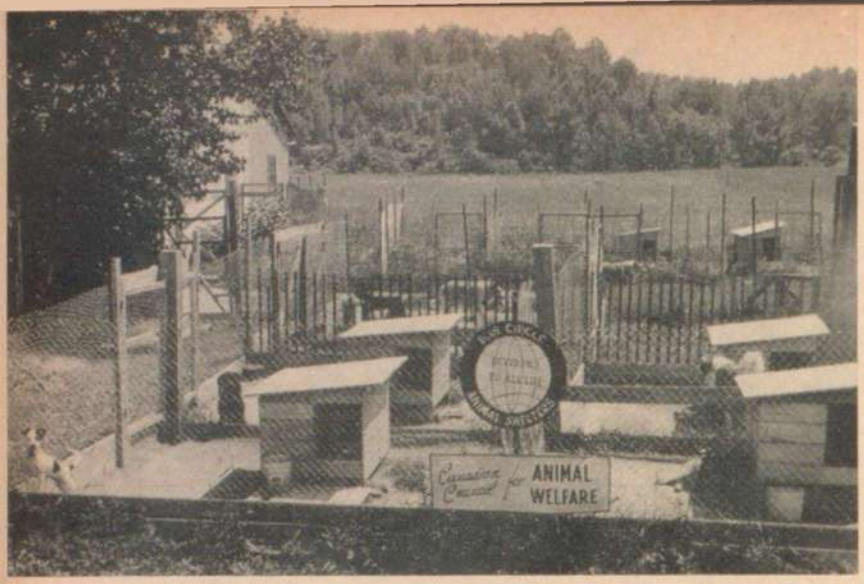

1st. Henry Favero, Saranac Lake, N.Y., 6 Siberian Huskies.
2nd. Sunny Moody, Saranac Lake, N.Y., 6 Siberian Huskies.
3rd. Bob Jones, Canton N.Y., 9 Alaskan Malamutes.

**Novice Class (10 miles—10 entries)**

1st. Jack Campbell, Vernon, N.Y., 5 Samoyeds.
2nd. Kit Cox, Clay, N.Y., 5 Siberian Huskies.
3rd. Butch Raome, Saranac Lake, N.Y., 5 Siberian Huskies.

**Junior Class (3 miles—5 entries) Under 16 years of age.**

1st. Ken Hughes, Mansville, N.Y., 3 Siberian Huskies.
2nd. Gayle Wood, Bridgeport, N.Y., 3 Samoyeds.
3rd. Linda Provo, Weedsport, N.Y., 3 Samoyeds.

# NEW HOPE FOR HELPLESS DOGS

THROUGH the investigation of the comparatively new but government-approved Canadian Council for Animal Welfare, a serious and completely heartless traffic in stolen dogs is now being exposed.

Not content with merely "showing up" those involved, the Council is slowly but surely building up a system of shelters for the starving, frightened dogs they are able to rescue.

The first shelter is located on a five-acre property a few miles outside of Rosemere, Que. It is operated by Mr. and Mrs. Halvorsen, great dog lovers, who are breeders and have a fine boarding kennel. The kennels are clean and warm and the fenced-in areas spacious.

The Council bases its work on these objectives:

(a) To promote the understanding of and a sense of individual responsibility for animal welfare.

(b) to publish literature on the nature and care of animals. . . .

(c) To support any national effort for better protective laws and regulations for animals.

(d) To work for specific provincial laws for better protection of animals.

(e) To operate rural and suburban shelters for lost and unwanted animals.

(f) To employ inspectors and in appropriate cases, to initiate measures leading to prosecutions.

(g) To raise money by all lawful means for the purpose of the corporation.

(h) To acquire, hold and own all property, real or personal, required for the purpose of the corporation.

The Council endeavours to find a good home for the animals, and failing that, provides comfort for them in the shelters. Its members cooperate with the SPCA and Humane Societies in Canada and the United States. Members (memberships available at $5.00 pending approval of application by Board) receive monthly newsletters containing reports of animals rescued and placed, and heartbreaking and heartwarming incidents. Example of the latter: an elderly Vancouver woman of limited means wanted to adopt one of the rescued dogs. She chose Joshie from a photograph. Hearing that the association planned to have a colored photograph enlarged and sent to Joshie's new mistress for Christmas, animal portraitist Pat Detmold volunteered to do a painting of her which arrived just before the great day).

Head of the Council, Mrs. A. H. Chisholm (Box 173, St. Rose de Laval, Que.) writes:

"My interest in shelter arrangements scattered throughout the country stems from wanting to interfere with the traffic in unwanted and stolen pets. If we could offer suburban communities to take the problem of stray animals off their hands I think our work might appeal to our town councils as better than the arrangement they make now with the most shiftless character in the community — to take all animals and dispose of them in any way he wishes.

There are a great many things going on along the back roads of this province which should be exposed and I think similar things are going on in other provinces. The traffic in stolen animals is well organized and vicious. I don't think prosecuting the ignorant creatures that do the actual stealing is a good idea; but to uncover conditions under which these animals are held, to obtain pictures of some of them that owners may recognize, would lead to making the public aware of what is going on under their very noses. We need inspectors and I want to try to raise the money for them this autumn."

The following is Mrs. Chisholm's outline of the proposed work for 1960:

**Blue Circle Animal Shelters**

"Arrangements will be made with the proper type of person in the community to accept our animals on a board basis—thus saving us the expense of owning so much property, salaries and all the health, pension and other benefits involved.

Our present Shelter is operated as a test to guide us in preparing the contracts we will eventually have to make in different areas. Mr. and Mrs. Halvorsen (Cresswood Kennels) operate this shelter for us.

Most of our animals are available for adoption to carefully investigated homes. No healthy animal is ever destroyed.

**Mother Houses**

We hope to establish one or more of these places in each province—to which our animals will be sent from the different area shelters if not adopted after a short period of time. Animals at the Mother House may be adopted at any time but otherwise are guaranteed a permanent, protected home.

We have already been offered 45 acres of beautiful country in the Mount Tremblant area for our Quebec Mother House. It is impossible to accept this gift at present because of lack of funds. (My own farm in Great Village, Nova Scotia, will become a Mother House sometime after 1961.).

Properly handled, our Shelters and Mother Houses could be used as a tourist attraction—and contribute toward furthering the idea of animal's rights to decent, kindly treatment.

The establishment of many shelters throughout the country should do much to cut down on the number of homeless animals and pets which are now picked up by small vans to be sold to laboratories and medical schools.

**Tattoos**

We want to tattoo each of our animals. No animal with our tattoo mark would be considered "homeless" since he would be accepted at the nearest Shelter for the Mother House. We would expect cooperation in this matter from the laboratories and pet shops, since they profess not to traffic in stolen pets. Horses will be provided for at the Mother Houses, as indeed any animal will. We mention horses particularly because they seem in many ways the most neglected of all our faithful associates.

We have no inspectors at present, due to lack of sufficient funds with which

(*Continued on page 20*)

# JUDGING THE BOXER

by STAN WHITMORE

I have been asked to set down my thoughts on the procedures I follow in judging Boxers as well as my ideas regarding the more significant qualities and faults to look for in assessing the Boxer in the show ring. There are of course many acceptable methods used in judging and indeed many interpretations of the Boxer Standard. The following remarks are only meant to represent the opinions of the writer and should not be construed as an attempt to establish either judging habits or interpretation of the standard.

**Judging Procedure**

As my class enters the ring the handlers normally set their dogs up before the judging actually commences. At this point I usually like to take a quick look at each one just to see them as a silhouette of a Boxer. Now I ask the class to move around the ring with the dogs at a trot. Judges have their own methods of assessing gait but I like to take my best moving dog as soon as I see him pass around and place this dog in the lead and then if possible place them as I see them from there down. This can normally be done after just a few trips around the ring. My own feelings are that when I have moved the dogs around the ring and placed them as mentioned above a big part of my judging has been accomplished. To make this statement a little clearer I feel that the dog that I had asked to take the lead in moving around the ring will more than likely be the best dog in, at least, shoulders, hindquarters, top-line and feet.

Occasionally you will spot a dog that looks like he should be moving better than he appears, possibly because of an amateur handler or someone who is not getting the best out of him. This sometimes happens when a better handler happens to get behind a dog that is easily excited and therefore acts up a little. I usually take this dog and place him in a little better spot to give him every chance to gait to the best of his ability.

Gait is very important in our breed and in many cases I feel the Boxer is gone over too quickly as he gaits and the parts which we have worked so hard to produce have been overlooked. I may state that he is a working dog the same as a German Shepherd, and one only needs to be at a dog show to see the value placed on a Shepherd's movement.

Many times I will see a puppy set up in the ring looking just like a picture of what I am looking for and then when I move him many faults show up that didn't when he was set up. By this I mean I am very careful when judging my puppy classes. Most of the puppies will be out for their first time and are understandably a little nervous and therefore will often give you the impression of having well-angulated hinquarters and a good top line because of a semi-crouch.

Naturally I am very interested in the running gear of the Boxer because not too long ago when I started out in the breed I was very much disappointed in them. Their gait was stilted and very few gave the impression that they could move any distance before tiring. My ambition was to produce a dog which looked like he could trot along and last for some time as a working dog should. There have been a few great Boxers that I must say we have to be very thankful for in helping make the Boxer what he is today. I would like to mention their names but I feel they need no introduction among prominent breeders so I salute them all.

After the dogs have been gaited I ask the handlers to set them up. I then go over each dog examining their bite, eyes, feet, shoulders, back, hindquarters etc. After I have examined each dog they are immediately gaited again individually to confirm my first impressions regarding movement. Following this I ask the handlers to again set up their dogs and try to have them placed in the order that I expect to award the ribbons. It is usually necessary to take one last look at each dog to be doubly sure that no major faults have been overlooked. Occasionally this last look will result in some minor changing in the placement of the dogs.

**What to Look for in a Boxer**

***Head*** I like a well proportioned head with a good wide under-jaw. It should never appear to be too small or too large for the body. I also like a nice dark eye and not a lot of red haw showing. This gives the dog a very wild look and detracts so much from the true Boxer expression. I might also mention that we often see a beautiful head that has been hampered because of a very bad ear trimmed either too short or shapeless. These are things that can well be very important when a couple of dogs are close in conformation and it just takes that little extra to give the nod for first place.

***Movement*** Most of my considerations regarding gait are noted above, however I would like to add my ideas as to what is meant by good movement. To me a good-moving Boxer is one that reaches out in front with a powerful hindquarters driving him along. If he has these two qualities along with a good straight topline he should be just right. When reaching out with his front legs he should gradually bring them in to a centre line of balance and would look, if you were able to stop him, as though he could stand on two legs, one on each side, and be perfectly balanced.

***Body*** Behind the dog's head we must have a nice graceful neck with a good lay-back of shoulder, good straight front and a nice tight foot like a cat's paw. Everybody knows that a dog with splayed feet, no thickness in his pads would not be able to work too long. I give a lot of consideration to a top line when judging because I feel that a roach back or a soft back will cause faulty movement. The tail should be set on high just at the end of the falling off of the croup.

***Size*** You often hear that a big dog will nearly always defeat a small one. I feel that this is very wrong and certainly I would never put a large dog over a small one unless he had the necessary attributes other than size. If they were on equal basis then I would prefer a 24" dog over a 23" dog. This I think is very different in the female class. I prefer a very feminine bitch with elegance and about 22" in height. I like to see the substance in both but I prefer the bitches to appear a little more racy than the males.

In conclusion I would like to emphasize that the opinions of judges and breeders are bound to vary greatly in assessing and judging dogs in or out of the ring. In this article I have attempted to set forth very briefly my personal opinions on Boxers and how they should be judged. It is perhaps significant that there has been a steady improvement over the past few years in the quality of Boxers, notwithstanding the aforementioned differences of opinion.

## ATLANTIC PROVINCES BOXER AWARDS

A group of Boxer fanciers in Eastern Canada this year are offering trophies for top winning Boxers shown in the Atlantic Provinces. During 1959 Boxers were a close third in the greatest number of entries all breeds in the Maritimes and second only to Ontario in Boxer entries in Canada. This is most encouraging to the enthusiastic Boxer exhibitors in the Atlantic area, and it is hoped that an even greater entry can be encouraged this year especially with the increased number of shows in our area.

To date the following are offered for 1960:

A trophy to the Boxer winning the greatest number of Bests of Breed at Championship shows in the Atlantic Provinces.

A trophy for the Boxer puppy winning the greatest number of Best Canadian Bred Puppy in Breed ribbons at Championship shows in the Atlantic Provinces.

It is hoped that more trophies will be offered to give incentive to Boxer owners throughout the Maritimes to show their dogs and that the Boxer entry will be second to none in 1960.

Further information may be obtained from Mr. and Mrs. Andrew McMillin, Valmax Kennels, Woodlawn, N.S.

### NEW HOPE FOR HELPLESS DOGS

to hire the type of men we want. We would like to build up a staff of Inspectors that would deserve public respect. There are two excellent men available to us at the moment who have had police training and have a good educational background as well. There is a very excellent veterinarian we would like to hire as a veterinarian-inspector for isolated areas. This veterinarian might head the entire staff of inspectors of which we dream!

Investigations are being made by some of our members. We can do nothing about the mass of unpleasant discoveries being made, but we are gathering much that could be turned over to our inspectors, when we have them, so that they could go immediately to work.

**Of Special Interest to Breeders**

We know of two places in Quebec where "good" puppies are bought up, tattooed and registered as puppies of a dog already registered as a purebred. One of these places is, we are told, selling dogs to a "farmer" who resells to the laboratories. Another party, a member of The Canadian Kennel Club, will sell a good looking dog or cat that has been turned in to a pound to be placed in a good home. This person has been a good source of information to us about the traffic in stolen animals. I can't supply adequate proof of these statements but an inspector with proper authority should not have much trouble in getting proof.

We want to give a minimum of pu licity to individuals associated with tl work. This anonymity has already a tracted to us a number of interesting a prominent people who are genuine concerned about the *lack* of concern f animals on the part of the public."

*If you wish further information, or make a donation (Dogs in Canada did the address is P.O. Box 488, Montreal Que.—Ed.*

### EILEEN McEACHREN MEMORIAL FUND

We gratefully acknowledge the co tribution of Mr. and Mrs. Robert Treb to this fund.

# SOUNDNESS IN THE SAMOYED

by PAT HOWDEN

I have been asked to define soundness as there seem to be many conflicting opinions as to which characteristics of a dog come under the heading of soundness and which belong under the heading of faults, or to the variations of type.

Soundness is a quality of health, both mental and physical. A sound dog is one which conforms to *all* the requirements of the standard of his breed which are listed under Coat, Back, Chest and Ribs, Hindquarters, Forelegs, Feet, and some features of the head such as Jaw and Teeth, and dark eyes. Each of a dog's characteristics must function in a normal and natural way. If a dog lacks just one characteristic, or one characteristic does not function normally, then he is an unsound dog.

Let's take a look at the meaning of the word 'type' in view of the fact that there is a belief that Samoyeds may be the Cobby Type, the Rangy Type, the Show Type and the Sleigh-dog Type. Accurately speaking there is only one type and that is found in the dog which conforms to the standard of his breed. There is only one Standard and that is the one which insists on the dog having the right characteristics to do the work and live the life for which he was intended. There is no poor type! A dog is either correct according to the Standard and therefore the right type, or he is incorrect, unsound and not of any type at all. Having one ideal before us, how can we possibly see dogs of varying conformation all agreeing with the single picture of the one and only type?

You have heard the 'Sleigh-dog Type' derided as being too coarse, too big or too unrefined for the show ring. I have seen such coarse, big, unrefined dogs, but with my background of driving dogs I could not see these dogs as being ideal for harness work either. They were too slow, unwieldy and clumsy to do the work for which they were intended. They did not conform to the specifications of the Standard and I too would reject them as sleigh dogs just as I would reject them for the show ring. The Standard was drawn up on the *requirements of the working dog* and any departure from that standard is nothing short of a flagrant diversion from the known health and emotional needs of the dog. It is time we stopped calling any dog who does not conform to the Standard a sleigh-dog, for he is not one in any sense of the word.

You have also heard the 'Show-dog Type' derided by the sleigh dog driver as being too weak, too unsound, too emotionally unpredictable for harness work; and here we come to a point of serious contention. This dog that we are seeing winning in the ring to-day is not suitable for sled work. Then why, if he does not conform to the Standard of soundness is he winning? For one thing, there are no sleigh dogs in the ring to give him competition and there are too many judges who are insufficiently trained and are actually afraid to judge a dog on soundness alone when they find themselves lacking in specific knowledge of the Breed. What then is a *real* show-dog? He is a sleigh-dog of few or no significant faults. It does not matter to the performance of a sleigh dog if his ears are too large, his muzzle a bit too long (or too short) or his black points are not complete; it is only essential that he be physically sound and mentally alert and eager. The show dog must first of all be a sleigh dog and only secondly free from faults. If the dogs being shown today were judged on soundness alone they would be forced from the ring in abject disgrace. Does this sound too harsh?

How is a fault defined? Well, it is anything in the general appearance of the dog — quite apart from the requirements for soundness — that mar his beauty. He may have a peculiar knob or bend to the tip of his tail, he may lack feathering on his legs or, as mentioned above, he may have large ears, etc. Faults are not and never have been as much of a threat to the future of a breed as has unsoundness, and they should be the last consideration in the selection of breeding stock. Unfortunately they are too often the first consideration to those breeders who have their hearts set on winning in the show ring by the promotion of the spectacular features of the breed, and the ignoring and obscuring of unsound features that are creeping in.

There are many people who, for some unfathomable reason, hate to hear the Samoyed referred to as a sleigh dog. Perhaps they are afraid that the Sam will be thought of as a "Husky" and perhaps in this way will be associated in the minds of the public with all the vicious and untrue thing that have been said and written about Huskies and other Northern Breeds. I have seen these northern dogs in harness and in the homes of their owners and it has been quite apparent that the dogs are what their owners make them. An ignorant, brutal driver will have dogs which are constantly on the defensive, suspicious and not to be trusted or treated in anything remotely resembling the way we treat our Sams. I have also seen dogs that were intelligently handled and were therefore as friendly and dependable, if not more so, than most of the lap dogs I have known. Few people have seen a team of Sams working and fewer still have found themselves in a position where their lives depended on the emotional stability and physical stamina of their team. Those who have will never lose that deep feeling of appreciation they had when their dogs finally brought them safely home after a long trip into nowhere. Once you have been a sleigh-dog driver you will find that there is no higher praise you can give a Sam than to be able to call him a sleigh dog. He has become something very special and very much more than just a dog. He cannot take the place of another human, nor would he want to be treated as a human, but he has made a place for himself in the experience of his driver that can never be challenged by another dog.

The Samoyed is also, according to the record, a herding dog. But this does not make him any different, conformation-wise, to the sleigh-dog. The physical requirements of one are identical to the requirements of the other; they are both the same type because they must both conform to the same standard.

So, whether you think of the Samoyed as a herding dog or as a sleigh dog he is in actual fact the *same* dog. And when you think of him as a Show Dog, you *should* be thinking of him as a very superior sleigh dog, one which has few or no faults and *absolutely no unsoundness*. But when you *speak* of the Samoyed as a sleigh-dog, to a driver, for heavens sake don't sneer! You will be insulting the best friends he ever knew and that isn't a safe or wise thing to do.

■

# HOW BIG SHOULD A DOG BE?

*by Joe Stetson*
*Dog Editor "Field & Stream"*

For many years we have heard the saying, "a good big one is better than a good little one". This, of course, does not always apply. A terrier must be limited in size to go to ground. Dalmatians are supposed to be limited in height to run under an axle. (Wheel radiuses vary and where does one find a carriage now-a-days?) Beagles are limited in size to lend uniformity to a pack and to reduce the liklihood of running the game to earth too soon and, naturally, we have many toy breeds wherein we reverse the saying and claim that a "good little one is better than a good big one". In the larger working breeds, however, we recognize the premium of greater size — soundness, balance, and quality being equal.

Unfortunately, we have long since substituted soundness for size in some of our larger breeds. The Great Dane is an outstanding example. In this breed, a sound one is the exception rather than the rule. So common have the faults become that they have been taken for granted. Kennel blindness has been overwhelmed by the greater disaster of there being no sound ones by which to make comparison. Those who are not familiar with canine anatomy or have had no experience with breeds of lesser stature and normal locomotion, accept the Dane as it is, not knowing that, as the German boar hound for use in hunting big game, it was of necessity a dog with great agility and power — a dog with as much depth of body as the daylight under it and spring of rib to go with it — a dog with such development of loin and stifle as to whirl its great weight and punishing jaws on a dime to evade and attack.

(*Continued overleaf*)

The functional Dane of yesteryear, with a shoulder height of the standard minimum would make mincemeat of today's lumbering hulks. I shudder to think of what a wild boar could do to a flock of them.

What has happened to the Dane (I feel reluctant to use the prefix great in conjunction with present specimens) and many dogs of other large breeds? The answer is quite simple, though I doubt very much that the fanciers of these breeds are interested enough in an answer to do anything about it. The dogs are just too big for dogs. There is a limit to how large the species should be. They have exceeded the limit. They suffer from giantism just as individuals of other species do when they are over-size. Left to nature, the over-size individual does not survive to reproduce, and optimum size prevails. Left to man, anything can happen when emotion and ignorance set styles and influence breeding programs. What seems strange to me is why we retain an eye for balance, symetry, and movement in human beauty contests and expect to find unfortunate monstrosities in sideshows, yet we intentionally produce monstrosities, and exhibit them in canine beauty contests.

Dogs of larger breeds are often victims of giantism or acromeglia in different ways. They are often short lived. More often than normal for their species they suffer from diabetes and heart ailments. They are sometimes lazy whelpers, and are prone to duodenal convolvulus resulting in bloating. It is not unusual to find their seasons irregular and false lactation or pregnancy, or both, is frequent. Most serious is the debility sometimes approaching total paralysis of the hindquarters, which affects their gait.

Back in the 1930's Doctor Stockard and his associates at Cornell Medical School, engaging in a search for the cause of infantile paralysis in humans, became aware of the partial paralysis occuring in larger dogs. An extensive investigation involving some two thousand Newfoundlands, Saint Bernards, and Great Danes followed. It was found that nerve cells in the anterior lobe of the lumbar region of the spine of the giant breeds died during puppyhood. The nerve paths in which these nerve cells or neurones died would thereby be broken, and the muscle patterns in the hindquarters would not be stimulated and, of course, would cease to function and would atrophy. The gait of the victim would be affected in accordance with the number and location of the muscle patterns lost.

After the initial debility a dog would endeavor to locomote however it could by substituting other means than the normal ones. These dogs, whose debility is obvious because of the straight and flabbily muscled stifle and underdeveloped loins, must, of necessity, walk stilt-legged since they have limited means to activate the angulation of stifle and hock. They substitute other means for getting ahead such as going high-behind and swinging the legs under, changing the angle of the pelvis, roaching the back, or hinging the back when they walk — anything but the normal raising of the foot, placing it ahead and down and driving back in typical canine fashion, maintaining a proper backline the while.

Fortunately, the Newfoundland fancy, under the strong influence of Mrs. Powers of Waseeka fame, and a strong sensible following, realized that soundness was more important than extreme size. Without knowing why, except that they knew a well balanced, sound dog when they saw one and considered soundness a prime essential, these breeders preserved the soundness of their breed.

Saint Bernards never did become so popular that they were demanded regardless of type and balance. They varied considerably in size, too, and you will therefore find some unsound big ones and an occasional dog of extreme soundness though rarely of extreme size.

The Great Pyrenees fancy does not place undue emphasis on size. There are many sound Great Pyrenees, but among them there are large specimens which show definite signs of the "lethal neurone", which Doctor Stockard chose to call the phenomenon he discovered.

The Great Dane fancy has gone blythely along breeding in large numbers to supply an appreciable demand. Few of the breeders know a sound dog of a normal breed so they are ignorant of what true canine soundness is. None of their dogs are functional, though they are "working dogs", so there is no way of convincing them that their dogs cannot work. If their loose jointed darlings are criticized they rationalize, "he needs exercise". They are patrons of a school founded by the late R. P. Stevens who once wrote to several judges who were putting up a sound bitch that could move, "she moves like a Shepherd. Great Danes have a movement all their own".

I have been watching another large breed very closely, wondering when it might be influenced by the lethal neurone, which, incidentally, Doctor Stockard's study proved is inherited. For the years since it has been reestablished, the Irish Wolfhound seems to have been free from this characteristic of acromeglia, large dogs though they are. Recently I have seen illustrations of individuals which seem to be victims. They are all too straight in stifle and could very well have lost the action in quarters which a sight hound must possess to be a true representative of his breed. A Wolfhound or a Great Dane, for that matter, should be able to stand with front feet on a 32 inch table, or in the oft-photographed Wolfhound pose with forepaws upon the shoulders of master or mistress and still retain angulation at hock and stifle.

What to do about the breeds whose soundness is affected by the lethal neurone? If you're a size maniac, go right on breeding the travesties on dogdom that have been hobbling about for the past two dozen years. If you are a Dane owner and believe your present dogs are sound, go right on blissfully enjoying what little you know. If you admire the large dogs, but wish to contribute to their soundness, start with small sound ones. Breed for agility and balance. Increase size by selection *only* when soundness accompanies size. Don't use an unsound dog in your breeding program regardless of size or other qualities. When your results are unsound, start again, keeping in mind that it is the glandular imbalance of giantism that results in the dying of the neurones that cause the debility.

Awareness that a dog should only be so big or it will not be a fit representative of its species or its breed, and objective follow through can restore Danes, Mastiffs, and Saints as the Newf people have done with their breed and keep the Wolfhound breeders from going astray. Love your big clumsy brute. He is a giant with a giant's shortcomings through no fault of his own, but don't duplicate him.

■

## GROUP THREE SPECIALTY SHOW, FEBRUARY 27

It was the newest addition to the breed clubs in the Working Group—the Dominion Collie and Shetland Sheepdog Association — that had the initiative to plan the first Group 3 Championship show in the Ontario area. Judges selected were Mr. Reginald Cleveland, a working breed judge for some 30 years and writer of the well read column "Round-up" in *Popular Dogs*, and our own Mrs. Alva McColl who needs no introduction. Unfortunately, Mrs. McColl was taken to hospital the day before the show and Dr. Wilfrid Shute, well known breeder of top Doberman Pinschers, willingly stepped in to judge her assignment.

The entry of 212 dogs was most gratifying for a Group show and provided a great challenge to continue this type of show as an annual project. The German Shepherds topped the entries with 60. Boxers were next with an entry of 41. Collies and Shetland Sheepdogs followed with entries of 34 and 24 respectively. In all 13 breeds were represented. However, it was the German Shepherd's day all the way through, as three different Shepherds won all three top honours, a most unusual occurrence which dispelled the oft repeated phrase, "He won't put the same breed up again".

The two bad snow storms in the week previous to the show presented numerous problems both to the show-giving club and to exhibitors. In fact, for a while on the morning before the show we wondered if any of us would be able to get out.

All in all, considering the many problems we had to face it was a very successful show for a "first" and the Dominion Collie and Shetland Sheepdog Association would be very glad to hear any constructive criticism and suggestions for next year. Address any such letters to Mrs. Joan Souch, Secretary, 598 Carlyle Court, Oshawa, Ont.

We would like to heartily thank the Boxer Club of Canada, the Doberman Pinscher Advancement Association, and the German Shepherd Dog Breeders' Association Inc. for their great support with Booster Shows.

*(Mrs.) Mary Hart*

**Coming Trials**

The trial Committee of the Mountain City Obedience Club in Montreal has obtained two outstanding feature events for entertainment of those attending the Obedience Trials May 28 and 29 at the estate of Commander F. W. R. Angus in Senneville, Que. Through the kind permission of H. J. O'Connell, Joint Master of the Lake of Two Mountains Hunt, the hounds of the Hunt will put on a colourful parade under the control of the Mounted Huntsmen. Ian Angus, son of the Club's host and hostess of the day, has trained a saddle horse to heel, and will exhibit the prowess of his pet in equine obedience.

The above release was sent to us by the Trial Secretary of the Mountain City Obedience Club. These outstanding events should certainly add colour to the trials.

° ° ° ° °

Please remember the obedience trials on June 15 and 16 next in Ottawa, sponsored by The Canadian Save The Children Fund. The proceeds from the dog shows and obedience trials are made available to this worthy organization so, if it is at all possible, please send your entries in.

° ° ° ° °

**Recent Trials**

The following release reached this department from the Burlington & District Kennel Club:

*"The Burlington & District Kennel Club were somewhat surprised when they received 57 entries for their winter obedience trial. 54 dogs competed under Mr. L. J. Parent and Mr. F. Giacomelli. The latter was recruited from the exhibitors to act as a substitute judge for the Novice B class, when entries of this number would not permit us to complete the trial by the closing hour.*

*An entry as this with 24 in the Novice A was totally unexpected for this time of year. The trial was held on January 30 in the Waterdown Memorial Hall, where we were fortunate enough to have the use of both the upper and lower halls."*

° ° ° ° °

**News Items**

Mrs. Phyllis Smith, Secretary of the Obedience Association of Ontario, furnishes us with the following information:

*The Obedience Association (Ontario) are finalizing plans to hold an Obedience Convention on May 8 in the Waterdown Memorial Hall, Waterdown, Ontario, and should be of benefit to all obedience enthusiasts.*

*It will be an all day session with Forums, Clinics and Classes, starting at 10:00 A.M. in both halls. Registration can be made in one or more sessions. A nominal fee will be charged for each.*

*Prominent Canadian and American judges, trainers and stewards will conduct the various classes. etc., as well as being the guest speakers at the luncheon and dinner.*

*This, as far as we know, is the first such venture in Canada and those wishing to participate in such classes as Judges Forum, Trainers Clinic, Exhibitors Clinic, Tracking Forum, Stewards Class, etc., may get further information from the Secretary of the Association, Mrs. N. T. Smith, 267 Pine Cove Road, Burlington, Ont."*

Our congratulations go forward to this Association for the extensive plans they are making for their obedience Convention. This should be a wonderful opportunity for all obedience enthusiasts to learn more about obedience training, handling, stewarding, tracking and judging. Full particulars may be obtained by contacting Mrs. Smith at the above address.

° ° ° ° °

**Letters of Interest**

Another letter from a Western reader reached our desk recently. Mrs. Joan Wiik of the Saskatoon Obedience Club, 442 Avenue S, North, Saskatoon, Sask., has the following to say:

*"At our obedience training classes, we have a set of 8 lessons which we give out each week. These deal only with training for Novice work.*

*Do you know of any club which would have similar lessons for the Open and Utility work? To date, we have not held training classes for Open and Utility, but, hope to start soon. We have found the printed lessons for Novice work very helpful to our pupils. If we could obtain a copy or set of lessons for Open and Utility, we would be very grateful. Any information you might have would be appreciated."*

We are most interested to hear about your obedience club and to learn something about your training methods. Perhaps the reproduction of your letter here will bring forth answers to your questions pertaining to lessons which can be used for the open and utility work. In the meantime, we might suggest that you refer to some of the books that have been written on obedience training which deal with training methods and techniques. Many thanks for your letter and the best of luck with your training.

° ° ° ° °

We have received a very interesting letter from Mrs. Sheila Roberts, Bhilwara Kennels, Park Drive, R.R. 1, Victoria, B.C.

*"We enclose a photo of a group of our Welsh Corgis, which we think demonstrates that brains and beauty can be combined. Of the nine dogs, in the group, seven are Canadian Champions, and seven have Obedience degrees.*

*Starting from the top of the picture, and reading from left to right, the photo show:*

*Ch Lees Moonlight of Brow, C.D.*
*Bhilwara Sea Maid, C.D.*
*Ch. Bhilwara Mountain Dew*
*Ch. Foxleaze Beachcomber, C.D.*
*Can. and Am. Ch. Bhilwara Career Girl, C.D.X., Am. C.D.*
*Ch and O.T. Ch Bhilwara Land Girl*
*Ch Bhilwara Red Fox, C.D.X.*
*Bhilwara Woodcutter, C.D.*
*Ch Bhilwara Enchantress*

*Ch Lees Moonlight of Brow is a Best in Show winner, and has had many Group placings and wins. He is now 12 years old. Moonlight of Brow, "Mr. Bryn" when at home, and Ch Foxleaze Beachcomber, "Bambie", also 12, are the founder members of the Bhilwara Corgis. Bambie's latest claim to fame is being able to unscrew the mincing machine, which she gives a thorough clean-up to every evening.*

*Ch Career Girl obtained her American Championship in five shows in succession, and has a Best Canadian Bred in Show, a Group win, and a number of Group placings to her credit. Her Am. C.D. was won in three successive shows.*

*Land Girl, apart from her ring career, is a most useful dog about the kennel. She will fetch anything, from another dog on a leash, to a hammer or a tin of nails. She regularly collects the eggs, one at a time, of course. We have a movie of "Popsie" doing scent discrimination with fresh razor clams, on the beach, and making it look easy. Once she won highest scoring dog in Trial, with 199½, in C.D.X. She is the daughter of Mr. Bryn, and mother of Red Fox, who is within two points of his Am. Championship.*

*Red Fox's daughter, Enchantress, has a leg on her C.D. degree, which she obtained after six lessons. She won four Best Canadian Bred Puppy in Show awards, and received her Championship while still a puppy.*

*All the Champions in the kennel have Group placings to their credit, and many*

*Canadian Bred Group wins. The holders of Obedience degrees have usually passed well in the 190's. They have all been trained and shown by their owner.*

*We make a point of using the obedience workers round the place, carrying and fetching, finding lost articles, taking messages, etc. It's a pity, but, two many dogs are trained purely for the Obedience ring, I should like to see them more useful around the home, the average dog enjoys being useful, and actually, I think, you get a better and happier working dog in the ring.*

*We would be very interested to know whether other breeders can equal the Bhilwara combined record in both rings."*

Our sincerest congratulations go forward to you, Mrs. Roberts, for the wonderful records your Corgis have made in both the breed and obedience rings. We think it is just wonderful that you have been able to handle your dogs to such outstanding wins in both rings. Your feats are certainly proof once again that obedience training (properly done) does not spoil a dog, nor does it prevent a dog from winning in the breed ring. No doubt you would agree that the obedience training was helpful in handling your dogs in breed. We are pleased to note that you have trained your dogs to be useful around the house. We certainly agree that this helps to make a dog a happy worker. We have always maintained that dogs should not be trained purely for the obedience ring. The obedience training they receive should be part of their daily routine. In this way, they are real companions.

° ° ° ° °

Another of our readers on the West coast, Mr. R. Watkins of 14884 - 96th Avenue, R.R. 3, North Surrey, B.C. writes to us as follows:

*"Thought you might like to know what a wonderful year our Obedience section of The Western Canada Boxer Club had in 1959. We have a Boxer team consisting of four Boxers which have competed in Canada and the United States. We believe this is the only Boxer team in North America, possibly the World.*

*One of our members obtained a score of 199 in a Novice trial which we believe is also a record for Boxers. One dog finished his Canadian C.D. and C.D.X. with good scores, another has his Canadian C.D. and two legs on C.D.X. We have two more active in utility. We also have two Boxers that have received their Canadian and American C.D. with an average score of over 190.*

*This, we feel, proves that Boxers can be obedience trained and pass with very high points.*

*Our Club conducts three sets of obedience classes throughout the year strictly for Boxers which has proved successful. Do you have or would you know of a point system we could adopt to define the obedience Boxer of the year. If so, would it be possible to get a copy from you?*

*I must say we enjoy your "Around the Obedience Ring" very much, keep up the good work."*

We are thankful to Mr. Watkins for writing and bringing us up to date on obedience matters in The Western Canada Boxer Club. We would like to congratulate the members of the Boxer Team, as well as the other members of the Club, for their excellent showing in obedience trials. Scores of 199 and thereabouts are near perfect for any breed and it certainly proves once again that Boxers can do extremely well in the obedience ring. We are sorry, but, we don't have a point system for you as this goes to press but we promise to put our thinking cap on. It certainly appears that you have a very active club and we hope it continues that way. Thanks very much for writing and for your kind remarks about the column.

■

### MARITIMERS TO JUDGE AT AURORA

Two young New Brunswick judges, Paul Delaney and Lawrence Garvie (for whom a bright future is predicted) will assess Groups 1, 3, 5 and 6 at the Aurora and District KC show scheduled for May 28 at Aurora, just north of Toronto.

The Maritime show-giving clubs have invited Ontario judges for many years and it is a good thing to reverse the procedure. (Travelling expenses are the same both ways.) Judges, exhibitors and members of the CKC board have given glowing reports of Maritime hospitality.

*A Welsh Corgi, "Pepi", owned and trained by Mrs. Jane Duncan of Chippawa, Ont. (pictured above) was top scoring club members' dog at the Hamilton Obedience Club Trial held in Hamilton February 7. Mrs. Duncan and Pepi were graduates of the club's fall training class and both seem to show exceptional ability. Mr. Ed O'Brien of Canfield judged. Dogs from as far away as Hammond, Indianna were among the 48 entries competing.*

## RECENT SHOW WINNERS

The outstanding Miniature Poodle, Am. and Can. Ch. Poodhall Gus, is shown going BIS under Judge Haskell Schuffman at the Group 6 Canine Breeders Association Show on November 7. Mr. Reg. Sparkes, President, presents the Kamel Trophy. Owned and bred by Poodhall Kennels, Caistor Centre, Ont.

T.-Bar-U Kiss Me Kate, black Standard Poodle, took BIS and BCB in Show at the Alberta KC Show February 20, 1960. She is shown here with handler, Mrs. Barbara Miller, receiving the BIS trophy from Judge Mrs. Pat Randall. Breeder-owners are Mr. and Mrs. Donald H. Miller, T-Bar-U Kennels Reg'd., Calgary, Alta.

Can. Ch. Glengarven's win of Waterloo, Labrador Retriever, owned by Dr. G. I. Weisbrod (left) and handled by Mr. John Darch (centre), adding another Best of Breed at Boston, Mass. under Judge Miss A. S. Colgate, Tuxedo Park, N.Y., over four American champions.

*If you would like your winning dog in this column, the cost for a one-column cut, including cut-line, is $6.00; a two-column cut is $12.00. Copy to appear in cutline: name of dog, kennel and owner, win, show and judge. Absolutely no advertising copy may be included.* PAYABLE IN ADVANCE. *Note: Best in Show photographs are published without charge.*

# SHOW AND TRIAL RESULTS

The awards at shows and trials reported in this issue are in accordance with official returns received by the Canadian Kennel Club. As such the reports are subject to any necessary corrections, and to such cancellations as may be required by the applicable rules and regulations. Any correspondence regarding these published reports should be addressed to:
T.S. Adams, Office Manager, The Canadian Kennel Club, 667 Yonge St., Toronto, Ontario.

EVENTS REPORTED IN THIS ISSUE

CHAMPIONSHIP SHOWS
# 1 - 60 Alberta Kennel Club - February 20th.
# 2 - 60 Alberta Kennel Club - February 21st.
# 3 - 60 Dominion Collie & Shetland Sheepdog Assoc. -Feb. 27th.
OBEDIENCE TRIALS
# 1 - 60 Burlington & District Kennel Club - January 30th.
# 2 - 60 The Hamilton Obedience Club - February 7th.

CHAMPIONSHIP SHOWS

## SHOW NO. 1-60

## ALBERTA KENNEL CLUB

Held at Calgary, Alta., on February 20th, 1960 with 142 dogs competing.

JUDGES

Mr. G. Donaldson, 1540 McRae Ave., Victoria, B.C. - All breeds in Groups 1, 2 & 4; Groups 1, 2 & 4.
Mrs. P. Randall, 1815 Avenue "A" North, Saskatoon, Sask. - All breeds in Groups 3, 5 & 6; Groups 3, 5 &6; Best in Show & all other General Specials.

GENERAL SPECIALS

BEST IN SHOW--
Poodle (Standard), T-Bar-U Kiss Me Kate, Mr. & Mrs. D.H. Miller.
BEST CANADIAN BRED IN SHOW--
Poodle (Standard), T-Bar-U Kiss Me Kate, Mr. & Mrs. D.H. Miller.
BEST CANADIAN BRED PUPPY IN SHOW--
Boxer, Marcambi's Amber Blaze, Mr. & Mrs. L. Marshall.

GROUP AWARDS

GROUP 1--SPORTING--
1st, Spaniel (American Cocker), Ch. Merryway Mister Nifty (X).
2nd, Setter (Irish), Bayknoll Athea Patricia.
3rd, Retriever (Labrador), Ch. & F.T. Ch. Ranger of Graingers.
4th, Spaniel (English Cocker), Davran Jennifer.
Y, Retriever (Labrador), Dice of Carnmoney.
GROUP 2--SPORTING HOUNDS--
1st, Dachshund (Standard Wire-Haired), Can. & Am. Ch. Brush Cut v d Fletcher, Can. & Am. C.D., (X).
2nd, Dachshund (Standard Smooth), Azur of the Walls.
3rd, Dachshund (Standard Long-Haired), Yclept Russett George.
4th, Norwegian Elkhound, Anna Av The Coach Road.
Y, Dachshund (Standard Long-Haired), Yclept Russett Karl.
GROUP 3--WORKING--
1st, Doberman Pinscher, Ch. Schauffelein's Humoresque (X).
2nd, Boxer, Ch. Caesarina of Troutbeck.
3rd, Welsh Corgi (Pembroke), My Little Cock Robin.
4th, German Shepherd Dog, Ch. & O.T. Ch. Thor's Terra of Elgee.
Y, Boxer, Marcambi's Amber Blaze.
GROUP 4--TERRIERS--
1st, Schnauzer (Miniature), Marwyck Random Adventurer.
2nd, Airedale Terrier, Von Lichtfeld's Nancy (X).
3rd, Kerry Blue Terrier, Ch. Tailteann's No Regrets.
4th, Skye Terrier, Golden Cloud of Macksons.
Y, Skye Terrier, Macksons Dawn Mist.
GROUP 5--TOYS--
1st, Italian Greyhound, Lord Socrates (X).
2nd, Pekingese, Kee-Ting's Sing Song.
3rd, Chihuahua (Short Coat), Mexi-Can Cherrimia, C.D.
4th, Pomeranian, Deep Dale Gai Jacques.
Y, Pekingese, Kee-Ting's Mi-Ti-Mee.
GROUP 6--NON SPORTING--
1st, Poodle (Standard), T-Bar-U Kiss Me Kate (X).
2nd, Poodle (Miniature), Rothara the Black Spotlight.
3rd, Boston Terrier, Currie's Showboy's Wonder.
4th, Bulldog, Alcan Stug.
Y, Poodle (Miniature), Mirdinon Silver Solitaire.

## KEY TO ABBREVIATIONS

### GROUP AWARDS

The letter "X" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred in Group. The letter "Y" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred Puppy in Group.

### BREED AWARDS

Class abbreviations—JP—Junior Puppy Class; SP—Senior Puppy Class; N.—Novice Class; C—Canadian-bred Class; E—Bred by Exhibitor Class; O—Open Class.

Class placements—1.—1st in Class; 2.—2nd in Class; 3—3rd in Class; 4.—4th in Class.

Other breed awards—W—Winners; RW—Reserve Winners; BW—Best of Winners; BV—Best of Variety; BB—Best of Breed; BO—Best of Opposite Sex; X—Best Canadian-bred in Breed; Y—Best Canadian-bred Puppy in Breed.

Class Divisions—

Boston Terriers: u—under 15 lbs.; d—15 lbs. and under 20 lbs.; f—20 lbs. and over.

Bulldogs—Males: u—under 45 lbs.; d—45 lbs. and over. Females: f—under 40 lbs.; j—40 lbs. and over.

Great Danes: h—harlequin; d—any other colors, except where separate class for brindles is provided (b—brindle).

Collies—s—sable or sable and white; a—any other colors.

Other abbreviations: SO—Entered and completed for "Specials Only"; Kls.—Kennels.

Breed statistics: 3D, 4B, 2SO; Pts.—D2, B3—means that three dogs were in competition in the breed classes; four bitches were in competition in the breed classes; and two were entered and competed for "Specials Only". The Winners Dog earned 2 points; and the Winners Bitch earned 3 points.

With 5 dogs competing, no qualifying scores were earned.

OPEN CLASS "B"
With 8 dogs competing, a qualifying score was earned by the following dog:
German Shepherd Dog, Char-Lee Patterson V Graff, Mr. & Mrs. C. R. McKay...189

UTILITY CLASS
With 3 dogs competing, a qualifying score was earned by the following dog:
Boston Terrier, Echo Valley's Lode Star, F. Giacomelli...193

NOTICE

SUBJECT: Listed Dogs.

Effective January 1st, 1959 the Dog Show Rules, the Obedience Trial Regulations and Standards, and the Field Trial Rules and Regulations of The Canadian Kennel Club provide that all awards, championship points, qualifying scores, and prizes earned by a listed dog shall be automatically cancelled sixty days after being awarded unless application for registration has been made to the recording office of The Canadian Kennel Club by that date.

In the show and trial reports published in this issue each listed dog is identified by an asterisk (*).

## ALASKAN MALAMUTE

This handsome sled dog claims one of the longest associations with humans and is named after the early owners, the ancient Malamute tribe of Alaska. The Breed retains its early purpose and in addition has made many racing records. Now seen more frequently on the bench and as wonderful pets. Contrary to oft-heard opinion, these Northern dogs are not "vicious and unreliable" but are friendly and responsible in the extreme, having undergone a lengthy period of selection for temperament. Other outstanding qualities: absence of "doggy odor", cleanliness without constant grooming, relatively little noise.

**BORU KENNELS, REG'D.,** R. R. # 1, Byron, Ont. Owner: T. K. R. Bourns. Pictured here is **Ch. Klondike's Tip O'Silver.** Stud service. Puppies for sale.

## BOXER

Although approaching its present clean-cut form only during the past century, the Boxer's Mastiff ancestors were a formidable animal in Tibet hundreds of years ago. His forebears, like those of the Bulldog, go back to the basic Molossus blood. Generations back his ancestors were coarse, powerful animals, raised solely for the doubtful sports of fighting and bull-baiting, until 19th Century European laws wrote the finale. Today's Boxer is loved for his good temperament, playfulness and devotion, famed equally as a guardian and playmate. Highly intelligent, this breed was one of the first to be trained for police work in Germany. Height of males: approximately 23 inches. Females of about 22 inches.

**HAVILAND KENNELS REG'D.,** S.S. # 1, Richmond Hill, Ont. Owners, Mr. and Mrs. Stan Whitmore. Shown here is **Ch. Haviland's Gai Robin,** Top Best of Breed Boxer for 1958 and 1959, first Canadian-owned Boxer to go BIS in Ontario all-breed shows. Puppies usually available. Top champion dogs at stud.

## COLLIE (ROUGH)

For many generations this shepherd dog has been one of the most beloved of all breeds – as much for his nearly perfect symmetry, grace and balance as for temperament. Regarded as one of the most intelligent and responsible of breeds, he has proven his worth in formidable weather and situations. The Collie first came to the attention of dog fanciers in the early 19th century. It was principally bred and worked in northern Scotland and was a shorter dog, with a broader, shorter head. Basically it has been unchanged but much refined, with its present weight of up to 75 pounds and height 22 to 26 inches established as early as 1886. He has been steadily popular in America since about 1880 and has undoubtedly appeared more frequently in literature than any other breed. Richly colored, he comes in sable and white, tri-color, blue merle and white.

**LEVENLOCH COLLIES,** R.R. # 1, Queensville, Ont. Owner, Bernard Young. Shown here is **Ch. Cherrivale Levenloch Mr. Tar,** group winner. Mr. Tar is at stud. Puppies and young stock available to those who want the best!

## COLLIE (SMOOTH)

The Smooth Collies also stem from the Border country of Scotland and England, where they were valuable in the livelihood of both cattlemen and sheepmen. The Smooth, however, was used primarily by cattlemen. He is also descended from the "coally dogs", possibly named because of their dark coats. Other than coat the Smooth and Rough have been identical for many decades, yet some believe there is a difference in early ancestry. Both, however have the great appeal of strength combined with grace, the proud carriage and lithe gait, the slim strong body. Both have the appeal of the half-raised tipped-forward ears, the slanting almond-shaped eyes. The coat of the Smooth, however, is short, smooth and thick. The Smooth is being used with tremendous success as Companion Dogs trained to guide the blind.

**SHAMROCK SMOOTH COLLIES,** Butler, Indiana, U.S.A. Owner: Dr. Lee Ford. Pictured here is **Ch. Shamrock Smooth Cymbalex.** Dam: Silvacymbal from Shiel, (Imp. England) CC winner; sire: Shamrock Smooth Sentinel, CD, graduated guide dog. Rough and Smooth Collies. Bred Matrons our specialty. Studs, puppies.

## DOBERMAN PINSCHER

The epitome of a highly trained athlete, the Doberman is lithe, trim, alert, and beautifully co-ordinated, with no "trimmings" to hide any defect. This breed, which takes its name from the German breeder, Louis Dobermann, is one of the few which have been "created" to a prescription, brought about in 1890 by crossing the Rottweiler, Shepherd and Old English Terrier (black and tan) stock; the outcome was officially recognized in 1900. This breed gives the appearance of an aristocrat who eyes the stranger boldly and judges him on the spot with unerring instinct. He will sound an alarm if need be, then protect his family to the hilt, employing intelligence, loyalty, obedience and bravery. His services are outstanding in war and police work; his nose has made him famous in criminal trailing and in hunting. Properly bred, he has the "heart and spirit of a gentleman."

**REIDCROFT KENNELS, REG'D.,** 727 No. 2 Road, Richmond, Vancouver, B.C. Owners: Mr. and Mrs. Lloyd Reid. Shown here is **Can. and Am. Ch. Schauffelein's Little Coquette, Am. and Can. CD.** At Stud: Ch. Baron's Traveller of the Delta, UDT, only living Doberman in North America to hold all five titles granted by a kennel club. Select puppies occasionally.

## ESKIMO DOG

Still an essential in the far North, an adjunct to air transport, the Eskimo dog serves exactly as he has for two thousand years – a dependable means of transportation in the winter, a fine pack animal in the summer and even a hauler of boats along the shore. In addition he is a sure hunter of bear, a herder of reindeer, and almost tireless in all this work. Greatest strides have been made in both Arctic and Antarctic explorations in the last two centuries through his aid. On these long journeys into the lonesome wastes he has further proven invaluable as a companion and means of rescue. The breed, when treated fairly and intelligently, is a good affectionate pet. He is an alert, properly suspicious dog, wise to the ways of snow, ice and trail. He is adept at finding breathing holes of seal; he can pull heavier loads on less food than most animals; even the puppies, once weaned, can stand unlimited cold. A truly Canadian breed. Now popular for racing.

**ESKIMO KENNELS,** 1166 Coppet Ave., Fairbanks, Alaska. Owner, A. R. Trummel. Puppies available. Pioneer breeders of registered Eskimo Dogs in Canada, all CKC registered.

## GERMAN SHEPHERD

To many the Shepherd is one of the most noble creatures alive– with his lean body slightly longer than his height, his strong, cleanly chiseled head and alertness exuding from muzzle to tip of tail. He is a dog created and molded ideally for his given work – originally that of shepherding and more lately as a police dog and "patrolman" in wartime. A clue to the breed's character is thus seen – gentle with the flocks, brave and swift to rout invaders; a strong will – yet adaptable to training; a keen nose and the sense to follow it – plus superior hearing. Although so fleet of foot, he is willing to time his steps to that of a blind master, using his innate good sense and judgment. Not a "large" dog, his height (male) is ideal at 25 inches; he fits well into the home or place of work.

**NA-ROBI KENNELS, REG'D.,** Stonechurch Road West, S.S. # 2, Group Box No. 9, Hamilton, Ont. (FUlton 5-9708). Owners, Mr. and Mrs. R. H. Walker. Shown here is **Ch. Na-Robi's Fiesta.** See advertisement this issue regarding June puppies for sale.

## GREAT DANE

Few can gaze at the noble Great Dane without a mixed emotion of awe and admiration. Although its size is "giant", it is elegant and distinguished. The breed has been a distinct type for more than four centuries, but has really been developed only in the past halfcentury. As to ancestry, most popular belief is that it is descended from the Irish Wolfhound and the English Mastiff. It was originally "designed" to hunt wild boar – one of the most ferocious fighters existing. Investigators believe the Dane is a direct descendant from huge dogs depicted in Egyptian drawings 3,000 years ago. The Dane is one of the most dramatic in appearance, a loving companion and great protector. His mental and physical attributes, with complete unity of body, give him a majesty unlike that of any other breed.

**ZORDANE KENNELS, REG'D.,** R.R. # 2, Brantford, Ont. (PLaza 3-7235). Owners: Mr. and Mrs. Ian M. Stewart. Shown here is **Painted Princess** (Penny) and litter of beautiful puppies. Sire: Ch. Count Zepton von Zordane, CD, CDX(Can. and Am.). Penny has nearly completed her Canadian championship. Fawn, Brindle and Harlequin puppies usually available.

## PULI

Few gazing at the charming little "rag-mop" dog know what a valuable service it has given for centuries as a shepherd's working companion in the rugged Hungarian countryside. The muscular body beneath the heavy corded coat works well as an all-round farm dog and a water retriever. The "felt" cords are not a sign of neglect but are nature's way of providing a weather-resistant coat, proof against rain, snow, bites from invading animals and other occupational hazards. Despite his medium size he is swift as an eagle, running over the backs of his charges when necessary to overtake the flock, landing easily as a cat on the back of a runaway sheep. He is kindly, gently prodding stragglers into place. The breed is now becoming known as a companion in Canada and the United States and while still rare, is seen more often on the bench. The Puli is a lovable, gay companion, with a happy temperament — a conversation piece always.

**DORON KENNELS, REG'D.,** 1316 Centre St. N., Calgary, Alta. Owners, Mr. and Mrs. J. C. Anderson. Shown here are excellent representatives of the breed.

## ROTTWEILER

Famous in history (2,000 years ago Romans used them to herd cattle over the Alps) the Rottweiler is a breed which deserves sound consideration when purchasing a dog for the farm, a protector or family companion. A sound, stockily built dog, he is calm and quiet by nature but quick and courageous to act when the occasion demands. German livestock dealers formerly tied their moneybags around their Rottweilers' necks for safekeeping on buying trips; they were posted as guardians of carts and later helped herd new stock home. Recognized in the States since 1935, the breed rates greater renown. He is broad-skulled, has uncropped ears, comes in a coat of black, with tan to rich mahogany markings on cheeks, muzzle, chest and legs.

**TOWN VIEW KENNEL,** Silo Hill Road, Doylestown, RD 1, Pennsylvania. Owner, Swen R. Swenson. Portrayed here is **Erich of Town View,** sired by Ch. Jaro vom Schleidemplatz (German Import). Puppies, matrons and matured dogs.

## ST. BERNARD

Few can pass a St. Bernard without stopping to admire these great dogs and few have any conception of the number of lives saved by the breed in the Alps. They are named for St. Bernard de Menthon, 11th century founder of a hospice that has sheltered thousands from Alpine blizzards. It is said that during nearly three centuries St. Bernards have been responsible for saving approximately 2,500 humans. Working skilfully without training, they also possess an uncanny sense of approaching avalanches. There are two varieties — the long-haired and the short-haired. This came about when it was necessary to bring in some Newfoundland blood when endless snows made excessive inbreeding unavoidable. The St. Bernard type remained, but long hairs were added. Either is correct by standard.

**BERNESE KENNELS,** Midland Avenue North, Agincourt, Ont. Owners: Mr. and Mrs. G. W. Douglas. Shown here is **Ringgi of St. Bury,** an English import, 8 Canadian pts. Litter brother of her granddam (dam's side) was made an international ch., only English bred Saint thus honored against German and Swiss competition. Puppies occasionally available.

## SAMOYED

White as his Northern snows, with a smile as warming as the sun, the intrepid Samoyed is now bringing pleasure into homes in every province of Canada. As in the case of other Arctic breeds, the Sam was the working friend of a tribe known as Samoyeds, an intelligent hardy people who well recognized their dependence on their white dogs and the reindeer for their very existence. During the centuries they bred their beautiful breeds true — and through all the generations the Sams have kept their ability to work well and cheerfully in vicious weather. The snowy dog has helped conquer the Arctic and has been with Nansen and other famous explorers. The Sam is a medium sized dog, fitting well into city or country home. Height, males, 20 to 22 inches at shoulder; weight, in proportion to size; standard passed by CKC. An exceptionally fine companion, intelligent and loyal, with cheerful "smiling" expression, the Sam is free from "doggy" odour, prides himself on his grooming.

**ZISKA KENNELS,** R.R. # 1, Dorchester, Ont. Owners, Mr. and Mrs. Alex Dickson. (Phone AN. 8-7211). Shown here is the well-known **Ch. Snowland Ziska Buck (imp.),** who has produced champions and winning stock all over Canada. Home of champion Samoyeds, English imports, stud service. A "Ziska" Sam in every province in Canada.

## SHETLAND SHEEPDOG

For many individuals raised with a Collie, but who now must seek a smaller dog, here is one way to "have your cake and eat it too." For the Sheltie is a Collie in Miniature in every respect, yet has earned regard and renown through its own intelligence and ability as a worker. The "little ones" were developed on the Shetland Islands, sparse and barren; only the hardiest and smallest of creatures have survived there. Because of the isolation, this delightful breed came into prominence not many years ago, but immediately gained acclaim. The breed is a conscientious and swift worker as a guardian of flocks, property and family. Few, if any lessons are needed — his brains, willingness and understanding make lengthy training unnecessary. The Sheltie stands from 13 to 16 inches at shoulder and comes in blue merle, black, and sable (from golden through mahogany) and is marked with varying amounts of white or white and tan.

**GLEN EL-TEE KENNELS, REG'D.,** R.R. 1, Richmond Hill, Ont., phone Oak Ridges, (Prospect 3-5671). "Home of Championship Shelties". Shown here is **Ch. Glen El-Tee's Tiny Miss,** who finished her title at the age of ten months. Stud service—puppies occasionally. Enquiries welcomed.

## SIBERIAN HUSKY

The handsome fleet-footed, powerful Siberian Husky we know today came from the Kolyma River area in Siberia. Their foundation was in pure Chuchi sled dogs brought to Alaska. One could not design a better equipped dog for work in the Northern wastes: his action is quick and light, his motion free and graceful. His body is moderately compact, his muscles well-developed. His double coat is dense, soft, and resistant to wind and cold. Like all true Northern dogs, the Siberian is gentle, friendly and good with children. He is a fastidious dog who keeps himself tidy and clean; he is free from "doggy" odors. Adaptable as a worker or companion in town or country, he is gaining a great following. Among his endearing qualities are his eyes, keen and friendly, his clean-cut outline, and beautiful markings.

**SHADY LANE KENNELS, REG'D.,** R.R. 1, Jerseyville, Ont. Owner, Mrs. V. Havlicek. Shown here is **Ch. Shady Lane's Muskwa.** Puppies, brood bitches, stud service.

## WELSH CORGI (PEMBROKE)

Cattle dogs by tradition, the Welsh Corgis are still seen on farms in Canada as well as the United Kingdom. The breed can trace its origin as far back as 1107 AD; their ancestors were brought across the English Channel in 1107 by Flemish weavers who settled in Wales. This dog, small in stature but great in every other way, is, of course, the breed beloved of the Royal family. Its sturdiness makes it an excellent dog for rugged country, its compactness is equally fine for city living, and it is regarded as one of the finest of small house dogs. Affectionate by nature, it is wary of intruders and serves as a fine home guardian. The breed is unquestionably intelligent and alert; it is highly regarded as a loyal companion and family friend.

**MACKSONS KENNELS, REG'D,** 6450 Cote de Liesse Road, Dorval Station, P.Q. (MElrose 1-3950). Owner, Mrs. Pamela B. Mack. Shown here is **Can. and Am. Ch. Macksons The Best Man.** Three Canadian and American champions at stud. Puppies available for show and pets from our champion bitches.

(Continued from page 12)

### THE OLD TIMER

of a breed that requires trimming, it should be kept in as near show condition as possible. Good eye appeal is a great sales clincher."

I'd fallen down on two of the Old Timer's counts. My youngsters had been immunized but there'd been no final check for worms and they were still as rough as they'd been all winter.

"But those things are only the basics," the Old Timer said. "The breeder who has done those things has only begun to fulfill his responsibilities to his customer.

"For instance one of the tricky parts of training a young puppy is getting him used to the lead. It's got to be done gently and slowly if the youngster's not going to go through life dreading it. A new owner, inexperienced with dogs, may know only to tug or jerk. How much happier he is going to be if he buys a puppy that goes along confidently from the start.

"And he's going to be a very confused baby if he's suddenly taken from the security of his cage and tossed into his first automobile and his first brush with traffic. Here's another thing the breeder can do to get the puppy and new owner off on the right foot.

"And then there's the little matter of housebreaking. True, it's pretty tough to housebreak a puppy in the winter weather, but it can at least be paper trained. And those puppies of yours, it's been almost a month now since they could have been going out after meals and after they've been sleeping. And another thing—"

By this time I was on my feet, reaching for my hat.

"Hey, where are you off to?" The Old Timer asked.

I reached for the door handle.

"I just remembered," I said "I've got a date with five pups and that bunch of prospects with the spring urge to buy. Be seeing you about bass fishing time."

# COMING SHOWS AND TRIALS

## COMING CHAMPIONSHIP SHOWS

(* Indicates All-Breed Shows)

(O.T.—Denotes Licensed Obedience Trial in conjunction with Championship Show).

*April 2—FREDERICTON KENNEL CLUB, at Fredericton, N.B. Mrs. Janet B. Glenn, Secretary, 280 Gibsen St., Fredericton, N.B.

*April 15-16—KIWANIS CLUB OF KERRISDALE, at Vancouvr, B.C. (Two Shows - Two Obedience Trials). Mr. Herbert K. Reeder, Secretary, 2025 W-37th Avenue, Vancouver 13, B.C.

October 1-2—BRANDON GUN DOG CLUB, at Brandon, Man. (For Retrievers and Irish Water Spaniels). Mr. G. P. Sutherland, President, 244—10th Street, Brandon, Man. (Two Trials).

## APPLICATIONS FOR REGISTRATION OF KENNEL NAMES

(NOTE: The following names MAY NOT be accepted as registered kennel names: any proper name, any historical name, the name of any post office in Canada, any names listed in the official Canadian Railway Guide, any geographical name or place in Canada, qualitative or descriptive adjectives, colours, surnames, (except in the case of an applicant who has, prior to January 1, 1958, registered more than ten dogs with his surname as a prefix, and it is otherwise not unacceptable), nouns in common every day use, kennel names registered in a foreign country, any names which may be misleading as to origin or relationship, any name of a breed or any name which is indicative of a breed).

The following applications for registration of kennel names have been received by The Canadian Kennel Club. Any objections to same must set forth details of the objection and must be received by the Secretary, 667 Yonge St., Toronto, Ont. on or before May 10, 1960.

AILERON (EILERON)—Eileen E. and Ronald E. Sweetzer, Portage la Prairie, Man.

ANJAMAR (MARIDON)—Donald and Marion McKenzie, St. Thomas, Ont.

ASHWOOD (BE-N-DIK, BUT-TAN-LAS) — Mr. and Mrs. Richard C. E. Barker, Winnipeg, Man.

BONDORO (NEDGUS)—Dorothy J. Sugden, Toronto 13, Ont.

CULNESS (INVERCARSE, BALACHBEN)—Mr. and Mrs. John M. Hynd, Toronto 15, Ont.

DO-W-BUSZ—John N. Kowalchuk, St. Catharines, Ont.

GAGMA (GAMCLEAR)—Mamie McCleary and G. A. Giem, Estevan, Sask.

GYPTIN (GYPLAND, GYPVALE GYPNOR) —Mrs. Eleanor McMartin, Mattawa, Ont.

HEATHTOP—Mr. and Mrs. James G. Knox, Martintown, Ont.

HYCREST (BOLD VENTURE)—Mr. and Mrs. John and Miss Lynda McCoy, Victoria, B.C.

JESTERVILLE (LYNORA, ROYLENE)—R. H. Lack and P. Lack, N. Vancouver, B.C.

KANDE-DELL (KANDETOWN, KANDE KID) —Catherine Ferrier, Toronto, Ont.

KARISIMBA—Mrs. Donna G. Taylor, Barrie, Ont.

KILENGA (MAR-A-GAY, DAR-A-TRIC)—Mr. and Mrs. Frederick and Betty Lennox, Scarborough, Ont.

LIMAVADY—Mrs. G. W. Mullen, Kavanagh, Alta.

MARKWAY—Fred C. Purvis, St. Lambert, Que.

MOUNT BROWNE—Austin E. Fevreau, River Canard, Ont.

NORDAE—Mr. and Mrs. David I. Rogers, Kamloops, B.C.

PINE RUSH—Mrs. Ruth Burnett, Ottawa, Ont.

SAGA WAGA (STILL ACRES, LUBEN LASS)—Mr. and Mrs. Arthur Bass, Mount Uniacke, N.S.

WINDLOWE (DORLOWE, LOWDALE)—David T. Wiens, Winkler, Man.

WINTERDOWN (WINTERDENE, WINTERVALE)—Mrs. Jeanne D. Choquette, Brooklin, Ont.

# CLUB NOTES

*Important: Club Notes are for the purpose of reporting activities and plans of Breed, Group and other specialty organizations. There are certain news items which cannot be considered as "club notes", but rather as advertising material. Names of judges may be used only if the club's show advertisement appears in* **Dogs in Canada.** *Wins of dogs which will be or have been reported in The Canadian Kennel Club "Show and Trial Results" cannot appear in these columns. Make your club notes meaty and interesting. 300 words is the limit.*

### *Alberta Kennel Club*
*by Mrs. R. Barnes*
*Calgary, Alta.*

The regular monthly meeting was held February 18 and final arrangements were made for our 89th and 90th All Breed Championship Shows and Obedience Trials (unbenched). Glad to report it was a huge success with an entry of 156 dogs on February 20 and 149 on February 21.

It was a two-ring show, the judges being Mrs. Pat Randall of Saskatoon and Mr. George Donaldson of Victoria.

The Obedience Trials were held the evening of the 20th. See "Show and Trial Results" for details of the winners.

A big thanks to all the exhibitors and an extra thanks to club members and friends who worked so diligently to make the show a big success.

### *All Terrier Club of Canada*
*by Eileen M. Stewart*
*Aurora, Ont.*

The February meeting of the club was postponed until February 18 (too late for March issue) to accommodate those members who attended the Westminster Show. Guest speaker, Miss Kaye Peer, gave an interesting talk on the aspects of running our dog magazine, "Dogs in Canada". Mr. Stan Whitmore accepted to judge our Puppy Sweepstakes at the Specialty Show on May 22, 1960.

The March meeting of the club was held at the National Cash Register Building, Bay Street on March 10 with the president, Mr. Jas. McFarlane presiding. Members were well represented. Two new members.

Mr. and Mrs. James Webster were introduced. Main topic was our forthcoming show in May. Members present agreed to have four placings in the group instead of one BIS. These four trophies to be all the same. Mrs. Elsie Betts, our trophy convener, expressed her preference for cash donations from club members in order that she may purchase all Best of Breed trophies the same. Meeting adjourned 10.30.

### *Associated All Hungarian Breed Club*
*by Mrs. R. D. McLellan*
*4962 Ponsard Ave., Westmount, Montreal*

Our deepest sympathy is extended to Mr. and Mrs. Geza Szathmary, of Greenwich, Conn., who, on March 4, experienced much sorrow in the loss of their home and three beloved Pulis Georgia Niksa, Cigany vom Vossenhof and Astrid vom Bruhlerberg. The heavy wind and snowstorm made Mr. Szathmary decide to put the dogs in the house to be safe while they went shopping. On their return the house was burnt to the ground and all dogs perished in the flames. I am still numb with grief while writing this as only a week ago Mr. Szathmary phoned me upon his return from his honeymoon having found someone to share his love and devotion for his Pulis and embarking on a new life in a place of his own he had purchased with ample grounds for the dogs.

I am sure all members of our club will be saddened to hear this news but will cherish the memory of Mr. and Mrs. Szathmary's beloved Pulis. If members would take a moment to send them a note their load would seem much lighter. The address is Upper King St., Greenwich, Conn.

### *Aurora & District Kennel Club Inc.*
*by Marion Hurst*
*R.R. No. 1, King, Ont.*

Our February 9 meeting was held at the home of our President. We had a very nice gathering. There being little business needing attention it was quite a social evening.

Our sympathy goes out to Mr. and Mrs. Jenkins of Oakridges who lost their home and all dogs, except one, in a terrible fire the morning after the blizzard. We sincerely hope that this unfortunate accident will not mar their intended trip abroad. Very many thanks to those friends who have already donated trophies for our dog show.

We were pleased to welcome three visitors to our meeting, Mrs. Polsen of Namac Kennels, Irene Ball of Balrene Kennels, and Mr. Watson of Master Feeds who entertained us for the evening. We had some terrific films, showing the hunting and working dogs at their work. What a joy it was to see the wonderful, cooperative power of these dogs with their masters. Hot work, but sheer joy of sharing a task and being a companion. How lovely life could be if all our beloved "friends" were trained as these dogs were. We all enjoyed it very much and are indeed grateful to Mr. Watson for giving us the opportunity to see these films. We are hoping he will return with more films in the not too distant future. Neither did he forget our dogs for he brought with him some Master Feed products for us to take home.

A most enjoyable evening, rounded off with a tasty luncheon served by our President's wife, Mrs. Sullivan.

### *Barrie Kennel Club*
*by Miss Amy Lea*
*40 Worsley St., Barrie, Ont.*

There were 13 members present at the club meeting on February 10. President, Ken Johnson, presided. Committee reports were heard and plans are progressing favourably for our show on May 21. The Social Committee handed out the tickets to be sold for the draw on the Sunbeam deep fryer and a car robe.

One of our members, Mrs. Rosalie Harvie, entered her Welsh Corgi in an Obedience Trial at Hamilton recently and it passed so our congratulations go out to her.

It is with deep regret that we have to report the passing of one of Barrie Kennel Club's charter members, Mr. Roy Black. Sympathy of the club is extended to Mrs. Black and daughter Norma.

### *The Black & Tan Coonhound Club of Canada*
*by Mrs. Jeanne White*
*R.R. 2, Newmarket, Ont.*

At the February meeting, held at King, Ont., tentative plans were drawn up for a Small-Bore Rifle Tournament and an All-Breed Puppy Match to be held in the late Spring; and Wild Coon Hunts and a Field Trial (which we hope will be C.K.C. licensed) to be held in the late Fall. So it looks like a busy year for our members.

We welcome Miss Phyllis Harris to our membership. Miss Harris was a long-time breeder of terriers in Berkshire, England. Now residing in this country, she has become a devotee of Coonhounds and we know that her experience and enthusiasm will add greatly to the club projects planned for this year.

The writer's family has again had Mr. P. M. Wyckoff of Tree-Bark Kennels Reg'd, visiting with them. A very busy week was spent in various committee meetings, and between meetings many hours were taken up with "hound talk".

We extend best wishes to Mr. K. Jenkins and his d'Argenteuil Bettine. "Teena", as she is known, is quite a character and great things are expected of her and her owner this year, both in the field and in the showring.

Again, we would like to remind all our readers that the first requisite of a good sportsman is that he, first of all, be a good conservationist of our natural resources.

---

*Junior: Teacher, our Mandy had a new family of puppies this morning. Come on home with me and see them.*

*Teacher: Thank you dear, but it's a little soon.*

*Junior: Don't worry, m'a'm. Mother says it's not catching.*

### *Boxer Club of Canada*
*by J. Nowack*
*159 Gordon Ave., Willowdale, Ont.*

By the time this is read the Boxer Specialty Show, at the Sportsmen's Show, will be all over for another year. At this show, Boxer Club of Canada members who finished a champion in 1959 were presented with handsome walnut wall plaques with their champion's name engraved on it. The lucky people to receive these awards were Mr. and Mrs. W. Jacob for Ch. Cloudland Juliette; Mr. and Mrs. Ted Smith for Ch. Haviland's Miss Carmel; Mr. and Mrs. Vern Jeffries for Ch. Black Diamond's Yermo Red; Vern Jeffries and Jack Nowack for Ch. Mazelaine's Lollypop; Mr. and Mrs. Stan Whitmore for Ch. Haviland's Hot Scotch and Ch. Haviland's Spook Away. Congratulations to all of these proud owners and let us hope that next year even more members of the Boxer Club will finish a champion so that they too may be presented with one of these beautiful plaques.

Two further big events in Boxers are scheduled for this year, the first being the Annual Puppy Match in June. And in September it is almost definite that there is going to be another Specialty Show. It is expected that there will be well known judges from the States to judge at both of these events.

We'd like to add a word of appreciation to the members of the D.C. and S.S.A. who organized the Working Group Show which was held on February 27 in Toronto. It was an excellent show with good judging and we hope it will be an annual event for many years to come.

### *Brantford Obedience Club*
*by E. S. Gardner*
*72 Hillier Cres., Brantford, Ont.*

A special meeting was held on February 14 to decide and appoint the committees for our coming Obedience Trial. Committees were chosen and the duties of each were discussed. Following the business of the day a lunch was served providing an enjoyable time for all.

On February 28 the various committees gathered together at the home of Arthur and Marie Surette to plan further the work to be done and more or less organize our Trial. Afterwards an excellent lunch was served rounding out the evening.

We were all sorry to hear of Nettie Neil's illness and we are pleased to know she is now at home and gradually making her recovery.

Our Training Classes are progressing nicely with promise of some keen competition in the future.

We are pleased to report that at recent Trials in Hamilton and Oshawa our members who entered did very well. Keep up the good work.

### *Burlington & District Kennel Club*
*by Roy L. Dafoe*
*3047 Woodland Park Dr., Burlington, Ont.*

The March meeting of the Club cleared away the last details for the Sanction Match to be held March 5. The inclement weather had an effect on the entry. However, a good

representation of forthcoming competition dogs appeared before judges Miss J. Locke of Detroit and Mr. Joe Stetson of Peekskill, N.Y. Mr. Stetson found his Best in Show winner in Mr. John McNicol's Golden Retriever, "Heather". The congratulations of the Club are passed on to Mr. McNicol for this excellent win.

Following the Sanction Match, a good number of fanciers met at Stanley's Restaurant at Clappison's Corners for the annual "after Show" dinner. The highlight of this dinner was the guest speaker, Mr. Joe Stetson, who proved to be a highly entertaining speaker with his topics also proving to be of considerable educational value. It is the sincere wish of the members present that Mr. Stetson mark his calendar for a return engagement in the not too distant future.

Obedience Chairman, Bud Mendham, reports that the Obedience Graduation for the present class will take place on March 13 at 6:00 p.m. at H.M.C.S. Iron Duke in Burlington. Thirty-three entrants have been enrolled in this past class and we look forward to another well supported class in the Spring.

In keeping with the Burlington Club's practice to present as many educational functions as possible, an Obedience Forum will be conducted on May 8 at the Club Wintergarden, Waterdown, Ont. This will include stewards clinic, judge's forum, luncheon, trainer's clinic, exhibitor's clinic, tracking clinic, open forum and dinner. There will be a fee for participation in each of the activities listed above. It is recommended that those interested in any phase of obedience work consider participating in this forum. Further details will be announced. However, information concerning this event can be obtained from Mrs. N. T. Smith, Mr. Bud Mendham or Mr. Fred Lowe.

Members were again reminded of the activity taking place in the Puppy Registry of the Club. Mrs. Cook reports continuing calls and at the present time is in need of puppies of the small smooth-coated variety. Club members and other breeders of purebred dogs are welcome to use this inexpensive medium of advertising.

### *The Canadian Samoyed Club*
*by Mr. F. T. Freeman*
*Oro Station, Ont.*

The time of the annual hibernation is almost over, Sammy owners all over the land are turning their thoughts to the coming Show season. But the executive of the club has been very much awake and no thought of hibernating has entered their minds. Many new and interesting projects are being planned, and the coming year promises to be one of great activity.

The first club-sponsored event will be the Booster Show, to be held in connection with the Canadian National Sportsmen's Show, but others are planned as the year progresses. The club bulletin has entered its third year of monthly publication, the list of members is growing steadily, and especially in the Western Provinces. Quality and quantity of entries at most shows throughout Canada has increased steadily, a sure sign of real interest in the breed.

Applications for membership are still welcomed from Sammy owners, breeders and friends in any part of Canada or indeed any part of the world. Just a letter to the Club Secretary: Mrs. Edith Freeman, Oro Station, Ont., will bring all details.

Many new champions were made last year by club members, and all signs indicate this trend will continue in increasing frequency in 1960. Many breeders report greatly increased interest from the general public in the breed, and the sales of puppies have grown steadily.

The 1960 executive is as follows: President, Mr. Gordon MacDonald, Oak Ridges, Ont.; 1st Vice President, F. T. Freeman, Oro Station, Ont.; 2nd Vice President, Mr. W. S. Caterer, 47 Bexhill Ave., Scarboro, Ont.; Treasurer, Mr. Harvey Worsnop, 185 Barker Ave., Toronto, Ont.; Secretary, Mrs. Edith Freeman, Oro Station, Ont; Directors: British Columbia, Mrs. Barbara Clarke, 4720 Dunbar St., Vancouver, B.C.; Quebec, Miss Margueritte A. Tolley, 61 Gables Court, Beaconsfield West, Que.; Ontario, Mrs. Laura MacDonald, Oak Ridges, Ont.; Mrs. Betty Dickson, R.R. 1, Dorchester, Ont., Mrs. Nora Miller, Ridge Rd., R.R. 2, Aurora, Ont., Mr. Jas. DeLaurier, 3059 Walker Rd., Windsor, Ont.; Immediate Past President and Director at Large, Mr. Ian C. Miller, Ridge Rd., R.R. 2, Aurora, Ont.

### *The Canadian Save the Children Fund*
*by Mrs. H. D. L. Snelling*
*35 Monkland Ave., Ottawa, Ont.*

On Monday, February 15, a meeting of the Dog Show Committee of the Ottawa Branch of The Canadian Save The Children Fund was held at the home the chairman, Mrs. Snelling.

The committee is pleased to report that the 1959 dog shows, obedience trials and bazaar raised more than $4,000. for this most worthy cause.

Mrs. Richard Humphrys, chairman of the Bazaars, outlined the plans for these coming events to be held in conjunction with the 5th and 6th Championship Dog Shows and Obedience Trials to be held at Ashbury College on June 15 and 16.

The big news for 1960 is the new June Dog Show Circuit offered by the Ladies' Kennel Club of Montreal, two shows and obedience trials on the 11th and 12th, at MacDonald College, St. Anne de Bellevue, Quebec; two shows and obedience trials, Canadian Save the Children Fund, on the 15th and 16th, at Ashbury College, Rockcliffe Park, Ottawa, and the Kingston Kennel Club Show on Saturday, June 18 at Kingston, Ont. — FIVE SHOWS IN ONE WEEK.

Mrs. Pamela Mack of Montreal attended the meeting and a discussion of some of the plans for these coming shows took place.

The Canadian Save The Children Fund Committee, Ottawa Branch, wishes to thank all the exhibitors and members of The Canadian Kennel Club and friends for the tremendous help we have received in the past and we look forward to seeing you all next June.

Watch for announcements regarding judges, closing dates, etc., in this most excellent magazine.

### *Chow Chow Fanciers of Canada*
*by Mrs. M. J. Nattrass*
*60 Beechgrove Dr., West Hill, Ont.*

The first meeting of the season was held in January at the home of Mrs. P. Currie, Willowdale, Ont. There were few absent faces and one and all agreed that this was by far the liveliest and most interesting meeting held so far. This group, continuing in their belief that something new creates interest, have decided to hold monthly meetings during 1960 with an "Open Forum" type meeting every second month and a speaker for the intervening month. Each member will take turns in arranging a two month period of meetings. This should ensure variety and interest.

These meetings are unique in as far as this group is not a club, has no membership fees, does not have officers, and the meetings are carried on right from the floor by those present. In this way everyone comes prepared with questions and suggestions and actual business is kept to an absolute minimum.

We have heard rumors that there are those who are skeptical that this type of operation can be a success. Let us tell you of a few of the achievements that this group has had since first coming into being last July. Entries at shows during the last season were kept up and culminated last November in the largest breed entry for years. Several new exhibitors were brought out and kept showing by the help and encouragement given them by the more experienced exhibitors in the group. Show procedure, with actual "whys" of dogs being called into the ring, was covered thoroughly at one meeting. No longer do they have to rely on the ring steward to call them back into the ring. Even those who attend shows as spectators are better able to enjoy the judging. A Chow Chow Newsletter was brought into being, and while not a professional publication this has been the medium to help bridge the gap between Canadian and American breeders. We are now receiving first hand up to date news of the breed from several states which is of great interest to us. A full page advertisement was placed in the December issue of **"Dogs in Canada"** and this again created interest, not only within the breed. Talks on "Hot Weather Care", important to us with the extremely hot, humid summers we have been having. "The Right Day to Breed" was another most interesting subject discussed and professional advice obtained. There has developed a sound feeling of good fellowship between these lovers of this ancient breed that is only equalled by their display of genuine sportsmanship at the shows. The Chow Chow was being forgotten here not by true lovers of the breed but by the general public and show giving clubs. While it was said as a jest to a Chow breeder, the following remark had unfortunately become true as far as the Chow was concerned: "The Non-Sporting Group consists of Poodles, Bostons, Bulldogs and miscellaneous breeds". The Chow Chow Fanciers of Canada are putting the breed back where it belongs. The one show entry that amazed everyone but the Chow exhibitors was not just "a flash in the pan" affair. The group is planning to contact show giving clubs re the possibility of considering the Chow classes at their All Breed Shows as a Booster for the breed during the coming show season. In the not too distant future it will be the rule, rather than the exception, to see ten or more chows benched at a show.

If anyone reading this is interested in attending the meetings or receiving the "Newsletter" all you have to do to be put on the mailing list is to forward your name and address. You do not have to be a breeder to do this — we ask only that you be a true lover of this breed.

### *The Dachshund Club of Canada*
*by Ernie Lindsay*
*Willow Cove (Sub. P.O.), Burlington, Ont.*

Our regular monthly meeting was held on March 6 at the home of the Lindsays, with our Vice President, Mr. Edgar Breckon, presiding in the absence of our President, Dr. Fred Bridgman, due to very bad roads and such a distance to come.

The following new memberships were accepted and welcomed: Mr. and Mrs. Robt. E. Watson, Beeton, Ont.; Mrs. Eileen Warren, Warren, Ont.; Dr. and Mrs. C. M. Flanders, Brockville, Ont., and Dr. and Mrs. K. H. Hollatz, Elmira, Ont.

Our Treasurer, Mr. Jos. Chatfield, presented a very pleasant statement of our recent All Breed Sanction Show. Although it was our first endeavour in sponsoring this type of show, we are pleased to report that it met our fondest expectations, with good entry, good gate and nice profit in spite of rather poor weather conditions.

Arrangements are being completed with our Specialty Show and Futurity Judge, Mr. Ed Drumm of Michigan, whereby Mr. and Mrs. Moss have very graciously invited Mr. Drumm to be their guest the night before and night following the show, and we are also inviting Mr. Drumm to be our guest speaker at the after show dinner. We understand he is a speaker of great renown on almost any subject. With our Fifth Annual Specialty and Second Futurity Match being held once again on same day, same place, along with the Burlington & District Kennel Club All Breed Show, the Dachshund fanciers can look forward to another big day, come September 24.

I hope you folks are keeping those puppies eligible for the Futurity Match, and it will soon be time to plan for the Nomination of those Brood females in the 1961 Futurity, open to all six breeds and non-members as well as members. We believe this is a project which contributes a great deal to the betterment of our breed, and should receive the support of all breeders.

The meeting was adjourned at 4.30 p.m., after which Mrs. Lindsay served lunch, and everyone enjoyed a real old chit-chat before departing for their trek back home.

### *The Doberman Pinscher Advancement Association*
*by Joey Purdy*
*Cheltenham, Ont.*

On February 27, in conjunction with the Group III show held at Weston, Ont., we held our first Booster Show for Dobermans. There was a nice entry of 18, however two of these had to be pulled due to the fact that our honorary president, Dr. W. Shute, had to be called upon to judge in place of Mrs. Alva McColl who apparently was ill that day. Dr.

Shute withdrew his two entries. **(For results refer to Show and Trial Results).**

Thanks to Dr. Norma King, our Secretary, we had a lovely array of gold plated trophies on solid wood bases, in graduating sizes. Also gold choke chains and smart ash trays for second place puppy winners. We also want to thank all those who supported our first effort with their entries. Plans are now underway to hold a Specialty Show some time this year.

Our associate member from Calgary, Mr. Jack Anderson, has compiled a very interesting sheet of statistics which appear elsewhere in this issue. Also, thanks to him you will be interested in these statistics he sent us: Dobermans were awarded Best in Show 11 times during the past year, which was approximately 12% of the All Breed Shows. These wins were earned by five dogs, two of which were Canadian bred. Dobes placed first in the Group 45 times during the year or approximately 50% of the shows. These wins were earned by 13 dogs, seven of which were Canadian bred. Nine Dobes were awarded Best Canadian Bred in Group a total of 34 times. Six Best Canadian Bred in Show awards were earned by a litter brother and sister during the year.

*by Anne Gerigs*

Whoopee! What a booster show. Congratulations and thanks to all who helped make this day a success both behind the scenes and in the ring.

A special mention must go to the judge, Mr. Reg Cleveland, and to all the officials of the show. After seeing the wonderful job Mr. Cleveland did of judging we are not surprised that he is one of the top judges in the world.

Our thanks go to Herb Burrows, the Show Secretary of our club who, through his trophy convener Mac DeMeo, put up an excellent trophy table.

Congratulations to all the winners at the show, especially Bob Savink who handled the dog that went Best Canadian Bred in Show.

Unofficial count of the spectators at the ringside during Shepherd judging was 200 people but it sounded more like 2000. It certainly gives Shepherd breeders a lift to realize there are so many people interested in our great breed.

Correct me if I'm wrong but I believe our entry was a record for a Shepherd Dog Boostter Show. Right or wrong, it is amazing the result that can be achieved through the cooperation of a relatively small group of idealistic people.

It was nice to meet the president and company from the German Shepherd Dog Club of Greater Ottawa. We are looking forward to returning the visit in April.

On behalf of all the club members I would like to extend our sympathy to Bob and Rita Vandenburg on the loss of their male Shepherd "Kim".

At the Progressive Dog Club's Sanction Show on St. Valentine's Day our club was well represented, as were Shepherds in general.

A male puppy of Herb and Hilda Burrow's breeding went Best in Show. This puppy, "Guy" by name, now belongs to the proud Mr.

and Mrs. Teskey. I must say I think Mr. George Gerigs (better known to me as Dad) did a wonderful job of handling him. I'm not in the least bit prejudiced, of course.

Pat and Bob Savink's Czar won the Open Male class and their Calico went Reserve Winners Bitch. Herb and Hilda's Chimney Broom won the Senior Puppy Class.

Congratulations to all you people and may your good luck continue throughout the coming season.

At our March meeting Bruce and Betty Allen were welcomed into the fold. May they enjoy working with us for the betterment of our breed.

This show season has started with a big bang. Let's see if we can't keep Shepherds the top entry at all the shows coming up.

ALWAYS FINISH WITH A SMILE

**Question:** Why is it that fellows with Shepherds at stud advertise, "To approved matrons only"?

**Answer:** Because they don't believe that old story about the stork.

### *The German Shepherd Dog Club of Canada*

*by Warren Parkinson*

A superb specialty show in the middle of winter! Yes, February 27 was a great day for Shepherd enthusiasts. The G.S.D. Breeders Booster Show was all and more than anticipated. Mr. Cleveland's judging could only be described as excellent, both in his placings and his procedure. The footing in the ring was unexpectedly very good and by gaiting the dogs sufficiently, he gave us all an opportunity to follow his thorough judging. The quality of the entries was outstanding. We are indebted to all who made this top event a reality.

May 15 is the date set for our great 8th Annual Obedience Trial and what a trial it will be! Two impartial, first-class judges will be flown in from the States, so exhibitors needn't worry whether they have received legs under the same judges at another trial. The large rings and the calm, quiet atmosphere on the huge floor at Fort York Armories give the dogs their best opportunity both to qualify and to compete for the large trophies and cash awards which, in the past, have made this show a must in obedience circles. So sharpen up the canine eggheads and have a go at it!

Puppy Show Chairman, Ken Collison, reports that plans for this event, June 12, are progressing nicely. Last year's effort was such a success that to equal it would be good, but Ken is out to better it. As the idea of this type of show grows, the entries have been expanding and last year we had 48 puppies up to 18 months old. A good judge, plenty of time, a large outdoor ring, sufficient gaiting and an efficient, energetic com-

### *Halifax Kennel Club Inc.*
*by Mrs. H. F. Hooper*
*92 Pepperell St., Halifax, N.S.*

The annual meeting of the club was held February 7. The president, Mr. M. G. Andrews, presided.

The meeting opened with the reading of the annual report by the Secretary, Mrs. Edison R. MacNeill. The financial report was read by the treasurer, Mr. Sylvester DeWolfe. These reports showed the club to be in good financial standing and the many activities during the year were most successful. (Our annual dinner and dance was held at the Jubilee Boat Club, February 11, with co-convenors Mrs. Donald Duff and Mrs. Alfred Reynolds.)

The slate of officers for 1960 is as follows: Mr. M. G. Andrews, President; Mr. S. DeWolfe, Vice President; Mrs. Edison R. MacNeill, Secretary and Mrs. M. E. Daye, Treasurer. Directors: Mrs. L. Gates and Mr. J. Burns.

Our All Breed Championship Show dates have been approved, June 27 at Dartmouth, N.S., and June 29 at Halifax, N.S. Our judges have been selected and we are at present awaiting approval from C.K.C.

At the close of our Annual meeting delicious refreshments were served by our entertainment chairman, Mrs. Donald Duff.

### *Hamilton Kennel Club*

The monthly meeting of the club was held at the Agricultural Hall on February 23.

The main part of the evening was spent in preparation of the Spring show. The advertising and trophy convenors reported that we can expect some very good trophies and prizes for our show again this year.

Due to our President, Mr. George Lawless, being on the sick list the chair was taken by the Vice-President, Mr. Bill Levinsky.

After the meeting all the members went to the Majestic Restaurant where we had coffee and chatted.

### *The Hamilton Obedience Club*
*by Mary Ledingham*
*Pine Crest Survey, R.R. 2, Ancaster, Ont.*

The club has decided to move their future training classes to the Spring Valley Community Hall in Ancaster. Their March meeting was held at this Hall to enable all the members to see the proposed site of their weekly training classes. Local interest in obedience work has grown to such an extent that the present facilities at the Windsor Hall in Hamilton have become overcrowded. After hearing Mr. Wm. Levinsky, chairman of the committee appointed to find a larger training site, report on the facilities available at Spring Valley, the club members agreed to move their classes from Hamilton to Ancaster as soon as the present training course

has graduated on March 20. The new Hall is on Orchard Drive, just off highway number 2 in Ancaster, and will give us more than twice the floor area we have previously had on which to work our dogs.

The meeting was opened by Mrs. O. R. Langford, President. Mr. Fred Tremain, Chairman of the Demonstrations Committee, stated that he needs more members and their dogs to assist in putting on demonstrations. Requests from Home and School groups, Girl Guide and Boy Scout organizations are becoming so frequent, he said, that some members have been burdened with more than their share of work.

Mr. Wm. D. Finn of Jerseyville was appointed chairman of the next training course which will start in Ancaster on March 28.

Mr. Gorden Gotts, February Trial Superintendent, thanked all the club members who had volunteered their time to ensure the success of this trial. The members felt that much of this success was due to the excellent judging of Mr. Ed O'Brien of Canfield and to the capable ring stewards, one of whom was Mr. O'Brien's son. Runner, Miss Shiela Smith, helped to keep things going smoothly by having the right dogs ready for judging.

Mr. Jake Giacomelli, Trial Superintendent for the June 26 double trial at the Ancaster Fair Grounds, recommended that a total of 33 trophies be offered for this event. The members agreed that in view of the increasing popularity of obedience trials, a good trophy table was a necessity. They felt, however, that an entry should obtain a qualifying score in order to receive a trophy. Mr. and Mrs. Arthur Bottrill of Ancaster agreed to arrange for these trophies.

The club members were pleased to learn that Mrs. O. R. Langford has been appointed Obedience Representative of Ontario for 1960 to The Canadian Kennel Club.

The meeting closed with delicious refreshments prepared by Mrs. R. D. Moggach of Galt.

### *The Hub City Kennel Club of Saskatoon*

*by Mr. L. R. Heimbecker*
*1528 Ave. F. No., Saskatoon, Sask.*

The club held its monthly meeting on February 19 at the King George Hotel. The meeting was well attended and to make things a lot better we had ten new members join our club. This trend has been going on now for some time and I believe I'm safe in saying it is the fastest growing club in Saskatchewan. Under the expert guidance of our President, Mrs. Roy Robertson, I'm sure it will carry on this way.

The meeting opened with the presentation of a life membership to Mr. Arthur Goddard. He is the only one of the old dog fanciers still active in our club and has been for the past 26 years without a break. In our minds he is the most sincere and devoted man we have ever known and a real gentleman.

During the meeting we tied up a few loose ends in connection with our coming Spring show, after which we were honoured to have Dr. Jean Murray speak on the SPCA when she enlightened us on many of their duties and the things they would like to do and hope to do in the near future.

At the close of the meeting we all stood around having a real doggy chat and we got to know our new members, also that everybody there plans on winning Best in Show this year.

### *The Irish Setter Club of Canada*
*by John English*
*114 Seneca Dr., Ancaster, Ont.*

The February meeting of the club was held at the home of Mr. and Mrs. Ken Honsberger of Streetsville, Ont. This was a dinner meeting to enable as many members as possible to meet Mr. Harry Dean of Saskatchewan, an Honourary Member of our club and to spend some time in his company. Mr. Dean spoke to the members after the dinner. Of particular interest were the impressions of Irish Setters he gained while he was abroad, noting that of all countries he felt that Italy had about the highest standard to achieve championship status. Mr. Dean also spoke at length of his methods of field training, feeling that the ideal time to start training a dog in the field was about one and a half years. He also mentioned that he would like to see breeders of Irish Setters strive more and more for the ideal animal, having good working equipment physically for the field along with the needed qualities for the bench, rather than have breeders producing two distinct types of animals. Mr. Dean ended his talk by giving his sincere thanks to the members of the club for the Honorary Lifetime Membership conferred on him at an earlier date.

A trim demonstration was held at the home of the Honsbergers on Saturday February 6. Many members were present trimming the Irishmen in preparation for the coming Booster Show at the Canadian National Sportsmen's Show on March 19. Luncheon was served after the demonstration and the evening was thoroughly enjoyed by all.

On Tuesday evening, February 23, the members gathered at the Ontario Veterinary College at Guelph, Ont. for the annual "At Home". All members felt that this was the most informative visit they had made to O.V.C. Of special interest to members was the visit made to an operating theatre to watch an operation performed on a dog, in a most humane manner using excellent aseptic technique. A good deal of time was also spent in the company of a secretary of one of the doctors who is devoting almost his entire time to the study of hip displasia. X-rays were shown to the members, and it is with pleasure that we can note that there was not a case of an Irish Setter with hip displasia on their records in the past two years at least.

The members left the college secure in the knowledge that the best was being done for their dogs in the field of scientific development.

We note that our membership is increasing steadily and for any information regarding the breed or membership in the club, please contact Mrs. E. McGowan, 280 Balsam Dr., Oakville, Ont.

**Mitchell, Ontario** **(Tel.: 358)**

tunate to have Mr. Ken Ellis, of Quaker Oats, speak to us on feeding and weaning of dogs. It was most interesting and educational.

We are extremely happy to announce that Mrs. Margaret Thomas' 11 months old Poodle, in her very first try at obedience in Novice A, at the Oshawa Obedience Trials March 6, walked off with highest score, over 30 dogs, of 196 and highest in Novice A. She came back to Peterborough with two beautiful trophies and we were so proud.

We also are starting March 8 a series of television shows to be shown on CHEX at 3.35 Tuesday afternoons. Of course our first dog shown will be Margaret's Poodle with her two trophies and my poor Weimaraner will certainly have his nose out of joint this day.

The members of the club have elected a panel to look after our TV show and to answer all questions coming in from the viewers. Panel consists of Margaret Thomas, Helen McDougall and your writer. There will be two dogs shown every week with their owners and the public will be given all the interesting information pertaining to these dogs. We hope our show will be a success as this should help dogs in general and let the public know we are really trying to do something worthwhile for dogs.

### *The Ladies Kennel Club of Canada*

Great interest is being shown this year over our plans for the shows of April 30 and May 1, because we are holding them in a new, clean building. The parking facilities are excellent, on a paved area surrounding the building which is not on a main thoroughfare, but one and a half blocks off Laird Boulevard, near the heart of Mount Royal, thus eliminating traffic problems. Caterers will supply hot meals upstairs to supplement the two snack bar concessions. Every effort will be made to keep the exercise rings clean and sterile in hopes that the exhibitors will cooperate with us in leaving the building as clean as when we entered.

At the last annual meeting of the club the following members were elected as Directors for the ensuing year, as recommended by the Nominating Commitee: Mrs. G. Victor Whitehead; Mrs. W. G. Krauser; Mrs. James Dempster.

At a subsequent meeting of the Directors the following slate of officers was approved:

1) Now in effect: Honorary President, Mrs. Pamela B. Mack; President, Mrs. James Dempster; 1st Vice President, Mrs. M. Day Baldwin; 2nd Vice-President, Mrs. W. G. Krauser; Directors, Mrs. G. Victor Whitehead, Mrs. W. G. Krauser, Mrs. James Dempster.
2) When the amended By-laws, to be incorporated in Supplementary Letters Patent, are approved by the Secretary of State, the following slate will be in effect:— Honorary President, Mrs. Pamela B. Mack; President, Mrs. James Dempster; 1st Vice-President, Mrs. M. Day Baldwin; 2nd Vice-President, Mrs. W. G. Krauser; 3rd Vice-President, Mrs. K. W. Foucar; Honorary Secretary, Mrs. D. A. Clark; Honorary Treasurer, Mrs. F. A. Price; Chairman, Show Committee, Mrs. H. Jones.

### *Lakeshore & District Kennel Club*
*by Mrs. Betty Treble*
*Base Line West, R.R. #1, Meadowvale, Ont.*

Our first general meeting was held February 21 at the Lacrosse Bowl Recreation Hall, Drummond St., Mimico, Ont. Twenty-eight persons were in attendance. Honour guests of the evening were Mr. Walter Brown, C.K.C. President and W. J. "Mac" MacCallum, vice-president of the C.K.C. Both spoke very encouragingly to the gathering.

The program began with a film entitled "Dog & Gun" which was much enjoyed. Following the film, an obedience demonstration was staged by Reg. Scott and his two Shelties and Mr. Samuels and his Chihuahua. Mrs. Helen Scott acted as commentator and offered helpful tips to the onlookers during the proceedings.

### *The Miniature Schnauzer Club of Canada*

*by VeNorma D. MacKendrick "Boxerly", 2038 Lake Shore E., Oakville, Ont.*

Due to the mal-functioning of some vital conveniences, the regular monthly meeting of the club was transferred from the home of Miss D. Johnson to that of Mr. and Mrs. Weir. Miss Johnson and Mr. Meyer were hosts for this evening, with an "assist' from Susie-Mae! In spite of Squaw Valley weather, we had a good turnout, and were especially pleased to see the new members (the innocents!), Mr. and Mrs. Akitt, and Mr. and Mrs. Parkin.

Business matters, in this well-organized club, were quickly and efficiently handled, and the program took the form of an informal report on the Miniature Schnauzer Specialty and Westminster Shows in New York. Our President, Mr. Gottschalk (who was Ring Steward at the Specialty) and other members had been at the shows and felt that our breed is really making an impression upon the show-attending public. These two shows are particularly worthwhile because one can see such a number of Miniature Schnauzers in all stages from young pups to veterans of the breed. The Puppy Sweepstakes are always instructive and offer vital (if sometimes confusing!) data to the serious breeder.

Our club meetings always terminate with a 'goodies' session, and this one had our hosts 'carrying the banner' in very satisfying fashion.

Dorothy, we hope that your problem has been thoroughly plumbed at this writing!

### *Montreal Gun Dog Club*

*by Mrs. Pamela B. Mack 6450 Cote de Liesse, Dorval, Que.*

The club held its annual general meeting on February 16 to elect its Directors and receive reports on the activities of the club during last year. The meeting was well attended and lively. It also had its lighter moments. One of the problems discussed arose from the dual nature of the club's activities in both Pointers and Retrievers, and concerned the design of the club's badge. The weighty question to be decided was what sort of bird or dog to include in the design to represent both sections of the club. The problem proved tricky, and apart from the clever suggestion that the legendary gruck or douse would do, it remained unsolved and was wisely referred back to the Committee.

The coming Licensed Retriever Trial, the first one to be held by the club and the first ever in Quebec province aroused great interest. The judges have now been approved and are Mr. and Mrs. B. Brannan Reath of Philadelphia, Mr. William Cobban of Toronto, and Mr. William Copeland of Grimsby. The date, the 21st and 22nd of May, has been approved by the Canadian Kennel Club, and the site of the Trial will almost certainly be at Dragon Station, on the Ottawa River about 30 miles west of Montreal.

Arrangements are now in hand to make the visit to Montreal in May of what the club hopes will be a large number of retriever people from Canada and the U.S.A., a pleasant and memorable one.

### *Mountain City Obedience Club*

*by Douglas Miller*

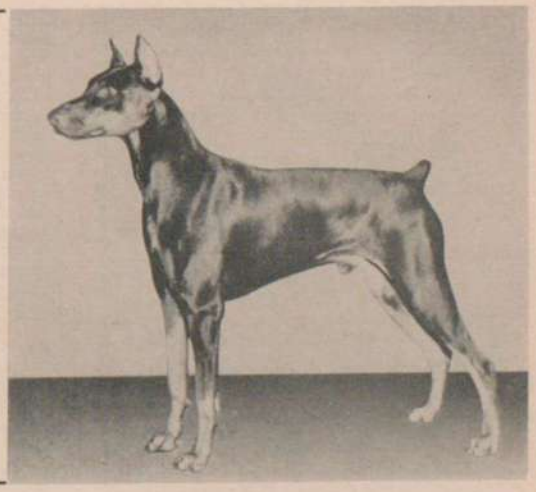

On Saturday and Sunday, May 28 and 29, this club will hold their annual spring obedience trials at Senneville P.Q. on the beautiful estate of Cmdr. and Mrs. F. W. R. Angus. As an added attraction we are having a parade of foxhounds, complete with mounted huntsmen, from the Lake of Two Mountains Hunt Club, through the kind per-

*Nanaimo Kennel Club*
*by Mrs. R. M. Bond*
*850 Beach Dr., Nanaimo, B.C.*

This year is an important one to our members. We have announced July 3 and July 4 as the dates for a Championship Show and Licensed Trials. This is the first such event to be held in Nanaimo in a number of years. Nanaimo and district was once very "dog-minded", regular shows were held here and a great many good dogs, particularly pointers and setters, bred. But as the district and the population changed in character the dog fancy lost ground and the club became inactive and all but non-existent. However in January 1958 a group interested in dog obedience work joined and training classes were started. From these classes, and several successful Club Trials and Sanction Shows, we have gained more working members. Though the membership is still comparatively small the club is busy and keenly interested in every kind of dog activity. With the tremendous impetus of the July show we hope 1960 will be a year of real progress and expansion.

Mr. Henry Herwig, the club President, is in charge of show arrangements ably supported by Mrs. Herwig as Show Secretary and a hard working committee. The Obedience committee, headed by past President Mr. Nigel Scott, is particularly pleased with the prospect of a licensed Trial for it is toward this end that its members have been working for the past two years. Other members of our 1960 Executive are, Vice Presidents, Mr. David Kelly and Mr. Walter Mason; Secretary, Mrs. Irene McLean; Treasurer, Mr. Donald McLean.

*Oakville & District Kennel Club*
*by J. E. Hicks*
*281 9th Line, Oakville, Ont.*

The February meeting, February 18, was a great success, thanks to Rege Scott who made all the arrangements. Being responsible for the evening's entertainment, he chose the subject "The Seeing Eye Dog", arranged for a speech on the subject by Mrs. Nellie Corser who did a magnificent job and had two members of the German Shepherd Dog Club demonstrate what wonderful achievement can be accomplished by obedience training. Then our president, Mr. Geo. Kennedy, presented a cheque for $25.00 to Mr. Art Hagemen of the German Shepherd Dog Club to further the course of the Seeing Eye Dog. It was a very successful evening and we were pleased to see some new faces.

The entertainment for the March meeting has been arranged by Mrs. Betty Thompson who has obtained Dr. Glen H. Collacutt DVM, District Veterinarian of the Health of Animals Division of the Federal Department of Agriculture, to talk on rabies.

Plans for our Annual Dog Show and Obedience Trial, September 10, 1960, at the Oakville Arena are getting into full swing as

### *Ottawa Kennel Club*
*by T. E. Gundersen*

The February meeting was held at the Humane Society Board Room on the 25th with a goodly number present.

It was brought to the attention by the President, Mrs. J. Neill Malcolm, that the executive at its previous meeting had passed a motion all agreeing that Mr. Thomas Argue and Mr. J. W. Dockrill be made life members. The members at the general meeting heartily concurred. Mr. Argue and Mr. Dockrill have played an important part in the life of the club over the years, and the club has become greatly enriched with the generosity of their time and assistance in all its phases.

A report of the January Sanction show indicated increased membership and enthusiastic support towards entries at our first show. This augmented our funds considerably and we are now looking forward to another show for February 27.

Further plans were discussed on our point show in May. We were very pleased to acknowledge a letter from one of our judges, Mr. Max Riddle, who has kindly offered to exhibit 130 slides of various dogs taken during his travels to South Africa, Kenya, Hawaii, Japan, Hong Kong, Thailand, Ceylon and Cuba. We are all looking forward to this unusual event during his visit with us.

### *The Pekin Palace Dog Club of Canada*
*by Mrs. Vera Pasek*
*Bridgeview Survey P.O., Ont.*

Our club held its first annual meeting in February of this year at the Selby Hotel, Toronto. Officers for 1960 are as follows; President, Mrs. Margaret Sheahan; 1st Vice President, Mrs. Vera Pasek; 2nd Vice President, Mrs. Yan Paul; Secretary-Treasurer, Miss Peckhover; Show Secretary, Mrs. M. Sheahan; Membership, Mrs. Neilsen; Publicity, Mrs. Vera Pasek; Trophy Committee, headed by Mrs. M. Sheahan assisted by Mrs. Pasek and Mrs. Gully. Directors are Messrs. Morris, Pasek, Neilsen, McBroom and Sheahan and Mrs. K. McBroom and Mrs. D. Morris.

It was felt our first year of operation was quite successful. In June an All Breed Puppy Match was held at the home of Mr. and Mrs. Neilson. The match was well attended and was enjoyed by all. November 2 an All Breed Sanction show was held in the West End Veterans Hall in Toronto and was quite successful. Prizes were thoughtfully chosen with ribbons and prizes for all classes. The trophy chairman, Mrs. Gully, was congratulated for her work on this committee.

We note Mrs. Yan Paul has had several judging assignments in the United States. She is fast becoming one of the most popular judges of Toys.

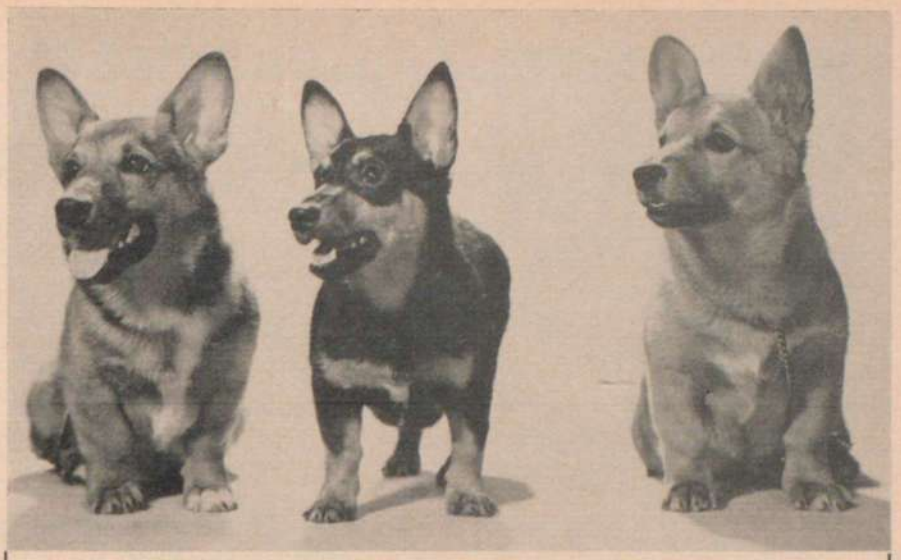

Congratulations and good luck to Mr. and Mrs. Sheahan who have completed their new Marharfran Kennels on #7 Hwy., Richmond Hill.

This year will, we hope, find our club increasing in membership. We intend to hold monthly meetings, some of them devoted to increasing our knowledge of our breed, improving the breed and improving our show entries.

### *Perth County Kennel Club*
*by Bette Burton*
*Box 81, Stratford, Ont.*

Greetings dog people and all you noble canines. Our February meeting was a most interesting one. The speaker was Dr. Cawley D.V.M., V.V.Sc. head of the radiology Department at Guelph Veterinary College. His topic was the ever increasing "Hip Dysplasia" in dogs. I know everyone present learned a great deal from the talk and now have a better understanding of what it is. In summing up, Dr. Cawley stated that if breeders used only stock free of this malformation in time it would be eradicated.

One of our members has started the shows off well this year — congratulations and keep going Lovella. I guess this is all to report from the club this month; everyone is busy with show preparations as Spring is just around the corner, we hope.

### *The Poodle Advancement Association*
*by Charles Kiel*
*R.R. 3, Newmarket, Ont.*

The regular monthly meeting of the Association was held at the home of Mrs. D. T. Weir. Plans are well underway for the Annual Specialty Show, but as yet no definite show date can be announced.

The date: February 17; The place: S.S. Illustrious Hall, Weston; The speaker: Dr. W. Shute; The subject: Dogs in Action and The Anatomy of a Dog; General Comment: An evening well spent. This is the summary of another Educational Evening presented by The Poodle Advancement Association and it was a huge success. With the help of slides, Dr. Shute gave a most interesting lecture.

March 30 is the next Educational Evening. The guest speaker will be the renowned geneticist, Dr. L. Butler. His subject will cover "Advanced Genetics". The lecture will begin promptly at 8 P.M., at the S.S. Illustrious Hall, Weston. Visitors welcome, refreshments served.

### *The Poodle Club of Quebec*
*by Mrs. E. A. Chandler*
*36 Easton Ave., Montreal West, Que.*

A general meeting was held in March, at which a Nominating Committee was formed to propose candidates for office for the next club year. Also at this meeting reports were presented on the forthcoming Specialty Show.

The Poodle Club of Quebec is grateful to the members and friends who contributed so generously to the Trophy Fund. We will have a fine array of prizes to offer.

A committee has been formed, headed by Mrs. N. Tsadilas, to decorate the hall for the show. We expect to have excellent home-made box lunches available. Afterwards, a lovely room has been reserved at the Trois Canards Restaurant of the Town and Country Motel, where a Dutch Treat dinner and drinks will be served. Anyone interested in Poodles is cordially invited to attend. Please contact me for reservations.

### *Portage La Prairie Kennel Club*
*by Ron Sweetzer*

Last fall a few of the dog lovers got together with the purpose of forming a kennel club for the city of Portage La Prairie. Prior to this meeting, numerous phone calls and visits were paid to owners of purebred dogs in the city and when results were tabulated it was found that there were a great many purebreds in the city with the result that a meeting of owners took place with the intention of forming a club.

Mrs. Irene Gove, the Manitoba representative of the CKC, was immediately contacted and with great punctuality she arrived at our very next meeting armed with all available information regarding organization and with her abundance of energy took over the meeting. Our constitution was then drawn up and our club was underway.

Since that time we have undergone a complete change and, although the weather has not been perfect, have managed to have a good attendance at each meeting. Various programs have been outlined for each meeting, e.g. the presentation of different breeds of dogs, smatterings of obedience and showing and handling of dogs.

We are hoping to hold two sanction shows this coming year and if all goes well to hold an All Breed Show in '61 so if any of our fellow CKC members are interested, please keep your eyes glued to **Dogs in Canada** regarding our future.

At the formation of the club the members elected were Ron Sweetzer RCAF as President; 1st Vice President, Mrs. Vera Jones; 2nd Vice President, Mr. Fred Sanford; Secretary, Mrs. Adelaide Stevenson; and Treasurer, Mrs. Helen Bradley, all of Portage.

Will certainly be pleased to have as much help as we can get in the operation of our club so any tips that our fellow CKC members can send our way will certainly be appreciated, especially on "how to raise funds".

### *The Progressive Kennel Club Inc.*
*by Gertrude W. Drew*

Points or no points, everybody loves a dog show. The crowd that attended our Valentine sanction show can attest to this. The show, which was scheduled for 1.30, was in complete readiness long before this time. By two o'clock the building was crowded and no less than 165 dogs entered in the various classes, something of a record for a sanction show.

During the afternoon the elements gave forth with a terrific blizzard, one of the worst this winter. People in the building were not aware of it as they sat engrossed by the judging or ambled through the building visiting.

We hope none were seriously inconvenienced by the storm as we heard next day that the highways and byways were filled. We thank you all for braving the weather and making our show the success that it was.

The coup de grace of the show was the judging of Best in Show. Judge George Davies had six lovely specimens of their breed contending for top honors. These dogs were equally as nice as any you would see at a point show. The judging narrowed down to two dogs, a Dachshund and a German Shepherd. It was the German Shepherd who won out although either could have taken it.

Our congratulations to Mr. and Mrs. W. E. Teskey, owners of the dog and to Mr. Gerigs the handler. This dog, being a puppy, automatically won that category.

Mrs. Wes Ionson and Miss Camilla Harvey

by a 10 year old St. Catharines' youth, Wayne Gillis. Group winners were: Sporting, Wayne Gillis, St. Catharines; Hounds, Mr. and Mrs. R. Bent, Simcoe; Working, Mrs. F. Oldland, Stoney Creek. Terriers: Mrs. V. Lovatt-Fraser, Hamilton; Toys, Mrs. Gwen Gadsby, St. Catharines; Non-Sporting, Mr. and Mrs. H. Brunotte, Caistor Centre.

A very interesting feature of the show was The Parade of Champions, who attended the show by invitation only to parade and pose their champion dogs, thus showing the spectators what a first class specimen of their favourite breed should look like and the proper handling in a show ring. The commentary of the various winnings of these dogs was given by Mrs. N. T. Smith, Burlington. We were very happy and honoured to have these well known kennel owners take part in our show. There was an entry of 81 dogs which made it a very enjoyable and successful afternoon. Our appreciation is extended to the three judges, to the many friends whose generosity enabled us to offer prizes, to all who advertised in our show pamphlet, and a big thanks to the exhibitors for your entries.

Our monthly meeting got underway with congratulations to members who received legs in Obedience in the past month. Plans were made for a handler's class for the Boy Scouts and Girl Guides to enable them to receive their dog handlers badge. Training classes for the Junior Humane Society will be held again this spring. Advance classes in Obedience are being planned along with handler's classes. Two films were shown, courtesy of Purina, The Sedgewood Story and The Beagles, which dealt with field trials. Guests of the club were members of the local Springer Spaniel Club. Refreshments were served by our well organized Social Committee.

### *Shearwater Kennel Club*
### *by Valerie H. McMillin*
### *Woodlawn, N.S.*

The 3rd annual meeting and election of officers for the forthcoming year took place at the Belmont Hotel in Dartmouth on Thursday, February 25. There was an excellent turnout of members, the best in some months. It is sincerely hoped that this trend will continue throughout the year.

The President, Andrew McMillin, was re-elected for the third year. Other officers were elected as follows: Thomas Guthrie, Vice-President; Thomas Turnbull, Treasurer; Mrs. Colleen Hague, Secretary; B. A. "Bill" Mitchell, Charles Winship, Mrs. Agnes Misener to be Directors. A vote of thanks was tendered to the outgoing Secretary, Mrs. Alma Smith, who was also congratulated on the recent birth of her second son.

The refreshments convenor is now Mrs. Smith who has taken over from Mrs. McMillin, who is appointed as Programme Convenor for the year.

Mr. and Mrs. B. Boyd were welcomed as new members, Mr. Boyd is well known as a breeder of German Shepherds.

A progress report on the Championship shows, to be held in July, was given by the chairman, Charles Winship. The judges have been approved by the CKC and plans are well in hand.

During the meeting considerable discussion took place with regards to the several items of our Constitution which were up for amendment; the majority of these changes were accepted by the members.

At the conclusion of the meeting the presentation of the club's annual trophy for the "Dog of the Year", was made by George Hill on behalf of Harbour Motors, who sponsor the trophy, to Charles Winship. The Bedlington Terrier, owned by Mr. Winship, was unable to be present as she was in the process of having a litter.

Mrs. Mary Daye and Mr. Harold Hyson were appointed as Auditors of the books.

The next meeting will be held on March 31 in the same location at 8 p.m.

tied with an entry of four dogs each for the special prize offered for the largest entry. Show committee chairman, Mr. Roy Dewsbury, flipped a coin to decide the winner. Luck favoured Mrs. Ionson who appeared very happy as she carried away the lovely tray.

Films scheduled for our March meeting brought out a good crowd. Mr. Roy Dewsbury took charge of the program and two pictures, one of the seaway and one of Greenland, were enjoyed by the members.

There was very little business to transact as everything has been kept up to date by the various officers. Mrs. Martha Stevens announced that she had selected the following members to assist her with show secretary's work: Mr. and Mrs. Stan Whitmore, Mrs. D. T. Weir, Mrs. Muriel Kay and Mrs. Mary Lake.

The judges for our fall point show will be selected at the April meeting. This show is to be held at the York Farmers Market, Yonge St., near Thornhill, on October 9 and 10. Three groups will be judged each day and there will be no best in show or any general specials. The shows, which will be complete in themselves, will conclude at the breed level. These should be very popular as Monday, October 10 is Thanksgiving, thus making a holiday weekend. More details of these shows will appear in this column from time to time.

### *The Provincial Irish Setter Club*
### *by Gertrude W. Drew*

The February meeting was very interesting with a demonstration on trimming given by Al Lake. The model used was Mrs. Lorna Coppy's Shanty. These practical lessons have proved extremely useful to the owners and we have a list of requests for the future which we hope to carry out. This type of program has appealed to the newer members and the whole meeting has taken on new interest.

The crests were distributed and everyone was pleased with the overall effect. Out of town members wishing a crest, please write the Secretary.

Training classes are to begin May 1 and possibly in April if the weather is suitable. There are many young dogs to be trained this year. Some of the newer members are taking on this work all of which helps them as well as the dog. Mrs. Dorite Carter is taking her two pups to the training classes at York Farmers Market every Wednesday night. She relates that the pups are catching on and are behaving much better.

Mr. Lee Schoen of Kinvarra Kennels has sent along several copies of the new standard for the breed. These have been distributed as directed by Mr. Schoen.

Some of our members have enjoyed meeting our old friend Harry Dean, of the Ardee Kennels, Dalmeny, Sask. Mr. and Mrs. Dean are enjoying a month's visit in these parts. He is visiting in the east now but we hope to have a get together when he comes back and before he returns home. Incidentally, he is taking back a nice bitch with him.

This is a very quiet time of the year but there should be some interesting news of our breed following the Sportsmen's Show. We hear that Mr. and Mrs. Steacey of Kingston have had some nice wins with both their English and Irish Setters at New York. Congratulations.

For information regarding activities and membership please contact Mrs. Mary Lake, Secretary, 200 Maple Leaf Dr., Toronto 15, Ont.

W. W. Baird, who was a member of our club for a number of years and served as Ring Steward for all our licensed shows.

Mr. Johnson Ripley reported on the recent meeting of the field trial committee. Subject to approval by the C.K.C. the club will hold its annual retriever trial on September 17. However, several picnic trials will be held during the summer months; these being on June 7, 21; July 5, 19; August 2, 20 and September 10.

Mrs. R. E. Merrill gave a report on the membership. There are 46 paid members and four new ones which were approved.

The sanction show chairman, Mrs. W. J. Hennigar, stated that plans were almost complete for the forthcoming sanction show to be held on March 12. Judges for this show are to be Andrew and Valerie McMillin.

With the close of the business meeting presentations were made to Miss Vivian Douglas who is leaving town to accept a new position. Miss Nancy LeMoine, president of the T.K.C. (Jr. Div.), presented a gift to Miss Douglas on behalf of the junior club, and Mrs. Claude Embree representing the senior club. Miss Douglas will be greatly missed by the club but we all wish her the best of luck.

At the end of the meeting a cake, in honour of Miss Douglas, was served with coffee.

The highlight of the January meeting was the naming of the show committee: Chairman, J. J. LeMoine; Secretary, R. E. Merrill; Superintendent, H. S. Colpitts; Treasurer, Miss Louise Cormier; Publicity, Mrs. Claude Embree; Catalogue, Miss Dorothy Fowler; Trophies and awards, Archie Foster; Ways and Means, Mrs. R. E. Merrill; Reception, Mrs. W. J. Hennigar; Ring Steward, R. E. Merrill; Veterinarian, Dr. J. G. Purdy.

### *The Toy Dog Breeder's Association of Canada Registered*

*by Mrs. De Forest Simmons*
*6363 Kingston Rd., Highland Creek, R.R. 1, Ont.*

The February meeting was held at the Hotel Selby, February 10, with a very good attendance and with President, Mr. Ron Lawrence, occupying the chair.

Out of respect for the late Mrs. Eileen McEachren, the President asked that two minutes' silence be observed.

As no Directors had been voted on election night in November the election of Directors took place. Those five elected were Mr. and Mrs. James McIntosh, Mrs. Dorie Lawrence, Mr. W. H. Glenney and Mrs. De Forest Simmons. I was also made Publicity Chairman for 1960.

We are all very pleased to hear Margaret Sheahan has decided to continue with her job as Secretary for 1960.

Secretary-Treasurer, Mr. Victor Caperchione, reported several renewals in membership.

### *The "200" Club*

*by Laura McNally*
*62 - 4th Ave. S., Roxboro, P.Q.*

Children and dogs of The 200 Club were featured on the Sunday afternoon coast-to-coast CBC TV program, Junior Magazine, in February. Filmed with "Professor" McNally, the children handled their pupils admirably. Emphasis was on praise with little Katy Mordell stealing the show by her straight-palmed vigorous pats on the imperturbable Labrador's head.

The trainers have completed their course on theory and practical experience. We know that their fresh new ideas and spirit will add greatly to the club.

The Inter-Club Competition in February was enjoyed immensely by all. Eighteen members, besides those participating, travelled into town to support "the team". In this first of a round-robin series, the "200" dogs placed first in two out of three classes and scored second in the total points awarded to each club.

At the winter term graduation of "Canine College" member Helen McGill demonstrated Collie Pal's progress in obedience. She gave a very nice speech on what a great benefit the training has been. New diploma holders included an Irish Wolfhound, a West Highland White Terrier and a Long-haired Dachshund.

Welcome to new member Donald Relihan and German Shepherd, Mike.

# BEST OF VARIETY

### *It's a Dog's Life*

I am the proud owner of three little Bostons, and recently purchased an eight-month-old Collie to serve as a watcher outside in his own kennel. However, he frequently breaks his chain and runs away. Recently I went after him and returned in no good mood, ordering him to "get in there and stay."

My little male Sammy knew I was annoyed and kept his eye on the kennel. When the Collie next stepped out of his kennel the Sammy ran and grabbed him by the neck, as much as to say, "Didn't you hear what the Boss said?"

This Samoyed of ours is really in with the "Boss".

Roberta Midkiff,
Winnipeg, Man.

***Five Dollars** will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's A Dog's Life", Dogs in Canada Magazine, Suite 100, 4 North Sherbourne, Toronto 5.*

The kennel owner was pointing out the advantages of her establishment to the new kennel man.

"Not only will you find it very pleasant here, but there are no children to disturb you."

"Matter of fact, mam," replied the man, "I like children as well as dogs. So don't go restricting yourself on my account."

The new dog owner was sobbing her heart out.

"What's wrong, dear?" asked a kindly lady.

"Oh," wailed the young mother. "I've just bought a companion dog that can't bear children."

"There, there," consoled the kindly lady. "You mustn't expect too much of a dog."

ARCHIBALD by FRANCIS NAVIN

### TIPS TO THE NOVICE

Be sure to trim and file your dog's nails regularly. Appearance will be neater and posture improved. Nails that are too long cause discomfort, loss of traction on hard smooth surfaces such as linoleum, hardwood floors; sure pain from constant pounding of tips of nails when running on concrete.

*Frederick Borque,*
*(Welsh Terriers)*
*Montreal 9, Que.*

Be careful not to trim too closely where temperatures are severe. My daughter gave her hardy, snow-loving West Highland White Terrier's tail a show style trim with the result that when he went out as usual in the 30-below winter he froze the tip of his tail which blackened. Eventually the tip sloughed off, leaving a painful wound. The ears, fortunately, were merely chilled. Although a trimmed Westie is handsome, for bitter weather we advise leaving at least one inch of hair all round and over the tip of the tail; just trim off the flying fringe. Leave at least half an inch of ring all around the ears.

*Read why this champion loves Milk-Bone*

HANS

# "Das Milk-Bone giffs der bone-chewen mitout der bone-splinteren"

says **Ch. Siegfried's Hans** of Munich

Champions agree that a dog needs to chew, for healthy teeth and gums. But he doesn't need the splinters or upset digestion a real bone can give. That's why Milk-Bone, with its firm bone-shape, is just the ticket. Milk-Bone gives a dog all the nourishment of milk, meat, bone-meal and vegetables.

Whatever else your dog eats, he needs Milk-Bone to satisfy his bone-hunger. Get Milk-Bone in the size that suits the size of your dog—regular or large.

**MILK-BONE**

*SATISFIES THE BONE-HUNGER OF YOUR DOG*
