Cover Story

During 1960 very little exhibiting was done by St. Aubrey-Elsdon as compared with previous years. Two Canadian Champions were made in Ch. St. Aubrey Fantabulous of Elsdon and Ch. St. Aubrey Ku Marie of Elsdon.

In the United States Can. and Am. Ch. St. Aubrey Ku-Ella of Elsdon started the year winning best bitch at the Westminster Kennel Club, then quickly gained her title being best bitch every time shown, a number of best of breeds and twice best toy.

St. Aubrey Marigold of Elsdon completed her American title in four straight shows and is well on the way to completing her Canadian title. She is a daughter of Goofus Fangio Tu.

Can. and Am. Ch. Rikki of Calartha was Best of Winners at Westminster and Best of Breed at Chicago. He has since won several groups in both Canada and the United States for his new owner, Mrs. Vera F. Crofton.

St. Aubrey No-Na of Calartha made her debut at The Westchester Kennel Club event at The Pekingese Club of America Specialty to win Reserve Winners. At the same event St. Aubrey Seminole of Wanstrow was Best of Winners.

All over the United States during 1960 stock from this kennel won consistently. Can. and Am. Ch. Calarma Mandarin of Jehol, Can. and Am. Ch. Bingo of Elsdon, Ch. St. Aubrey Yung Derrie, Can. and Am. Ch. Starlight of Wanstrow, Can. and Am. Ch. Ku Rah of Elsdon are some of the well-known names that made impressive wins.

The home-bred Toy Poodle, Charm of St. Aubrey, gained her title and in the United States the Miniature Poodles Can. and Am. Ch. Summercourt Square Dancer of Fircot and Tophill Willowbrae Rumba stacked up some nice wins and brought much success to their owners.

In Brussels Griffon, Can. and Am. Ch. St. Aubrey Skibbereen Terrie's Legacy won Best of Breed at both Westminster and Chicago.

St. Aubrey Jin T'Sun of Holmvallee is a recent addition to this kennel. While a puppy he won Best Puppy in Show, All Breeds 12 Times and was a Best in Show winner at nine months old. His future, we think, will be brilliant and one that will do much for the breed as a sire, being by the celebrated Ch. Ku Jin of Caversham. We are greatly looking forward to his debut and is another star for which we confidently predict a brilliant future.

The owners of St. Aubrey-Elsdon are Messrs. Nigel Aubrey-Jones and R. William Taylor, 4250 Decarie Blvd., Montreal 28, Que. Both are well-known as handlers of their own entries and perfectionists in presentation.

This is Our Christmas Wish for Dog Lovers Everywhere

★

In this issue of Dogs In Canada Magazine, it is our pleasure to wish everyone in the world of dogs a most Happy Christmas. There are few publications whose work has such a personal meaning or whose contacts extend to such corners of Canada, the United States, Bermuda, and many other countries. What happens in dogdom in far-places can and often does have meaning beyond casual interest to our readers. Hobbies do broaden one's outlook, but most hobbies are selfish ones—rewarding to the participant alone. In dogdom, no one stands alone. Regardless of any eventual remuneration, many of our dog devotees are dedicated to obtaining the finest stock within their means — and sometimes beyond. Their goal is to achieve, within their lifetime, and without regard for personal comfort or convenience the greatest development possible for their breed. Many will see only the beginning of their accomplishment, toward the end of their career. But they will have left their mark and shown the way . . . To these people and to devoted dog people everywhere . . . whether you own a parcel of dogs or a puppy . . . we say, "God Bless you ALL with Happiness and Health and goodly Success in your endeavours."

HANS

"Das Milk-Bone giffs der bone-chewen mitout der bone-splinteren"

says **Ch. Siegfried's Hans** of Munich

Champions agree that a dog needs to chew, for healthy teeth and gums. But he doesn't need the splinters or upset digestion a real bone can give. That's why Milk-Bone, with its firm bone-shape, is just the ticket. Milk-Bone gives a dog all the nourishment of milk, meat, bone-meal and vegetables.

Whatever else your dog eats, he needs Milk-Bone to satisfy his bone-hunger. Get Milk-Bone in the size that suits the size of your dog—regular or large.

POINTERS FOR POINTER TRIALS

. . . I would like to write how easy it is for a pointer (where field trials are new to the area) to obtain its championship. Ten points are required. A pointer receives five points for 1st place in Open with only eight dogs entered.

At our recent, and first CKC licenced trial in British Columbia, I would venture to say that only four or five of the dogs in the Open class were capable of competing. You are allowed to enter puppies in Open, which they do to boost the entries. I cannot say how many dogs were in Open as we were not provided with a list of the entries — possibly eight or nine. Some, I know, were pups. I believe this should be changed to "eight of the competing dogs must be two years or over".

The rules call for a maximum of eight minutes in the birdfield with a suggested minimum of five acres. At this trial they used the maximum time and approximately two acres . . . Section 13, Chapter nine of the CKC Field Trial Rules and Regulations says that the birdfield shall be large enough to hunt without excessive hacking. (Hunting for eight minutes on two acres — who needs a dog?) I would suggest that this be changed to a minimum of one acre for each minute in the birdfield.

The birds at this trial were excessively handled. Also, those the dogs did not find were caught by the bird planters, put back in the cage and used again the same day. Their bird cage was kept approximately 20 feet from the edge of the birdfield, no doubt to make it easy for the bird planters. Cars were parked up to 25 feet of the edge of the birdfield. This, I believe could be improved upon.

I do think there should be a CKC representative at these trials until they are established to make sure the dogs are earning their points and that the trials are run in a manner that the dogs won't be given points because their entry fee was paid. I had the same chance as the rest. My own dog was entered in the Puppy Stake. (She worked like a pig, blinked the birds, as she always does planted birds

and without fail, refused to be hacked so went for a swim). She did not place . . . But, I'll still say I think it was a farce and the points would have had the same value if bought at the corner drugstore.

I really think it is time our rules for pointer trials were changed or that the AKC rules were adopted.

NON-FIELD VS. FIELD DOGS

. . . Re Champion Shooting Dogs (*Dogs, August*), I believe a step in this direction would be very much appreciated. It is common knowledge that many men in all innocence and good faith buy a pup from champion stock, only to have it turn out a fluke in the field.

However, I believe there is no need to divide the Sporting Group: place the non-field dogs where they belong in the Non-Sporting Group and label them as such . . . As for passing tests, there are one or two simple tests a judge should pass before qualifying as a judge of sporting dogs, i.e. distinguish 20- from 12-bore shot gun, grouse from pheasant hen, rabbit from hare.

The Canadian gun dog clubs certainly can provide competent judges — most are reluctant to get involved because many present winners in the show ring are handicapped for any work in the field due to exaggerations in conformation . . .

M. ASSIMAKOS

Ladner, B.C.

. . . The idea of a test such as Mr. Thompson proposes (*Dogs, August*) was discussed at the annual meeting of the English Springer Spaniel Club of Canada in December last year. It was laid over, pending the outcome of studies in the United States. The parent body of the breed in USA announced on June 22, a series of tests to "demonstrate he is not gun shy and that he will retrieve from land and water". Those passing will be given a Working Certificate. This is a step "toward encouraging more breeding with dual purpose in mind." The quotations are from Mrs. R. Gilman Smith's column in the AKC *Gazette* August, 1960.

Serious thought has been given by many breeders to keeping the Springer a sporting dog. We are very aware that presently the field trial and show type are far different in appearance and purpose. There are, however, several good bench dogs which do hunt and some compete in Field Trials . . . The theory that bench dogs do not hunt can be disproven. They must, however, be given the chance and training, or the natural instincts can be buried.

If the gentleman is really a lover of spaniels as shooting dogs, we welcome his efforts. The Spaniel Field Trial Association (of Ontario) is anxious to contact others of similar interest. We are composed of representatives of the clubs in Canada now holding Field Trials for spaniels. The purposes: mutual cooperation to standardise and improve the events. Will anyone interested contact chairman E. H. Haggis, 41 Edgar Drive, London, Ont.

To all springer owners and especially breeders, do run your dogs. They may lose feathering, but their condition will improve. Several judges at Ontario shows have commented on this fact when going over "working show dogs". Your own fitness will improve along with the dog's.

"CHEAP CHAMPIONS"

. . . Re Catherine Gardiner's letter on this subject, there was also in the September issue in the CKC section some mention of a new plan. This latter plan would seem to be good eventually, but is definitely a long-range plan. I think we need something right now. A much easier idea would be to adopt, for the present, a plan similar to that of the United States.

Possibly we should require 15 points for a champion, none to be gained without competition; two major wins (three points or more) should be gained under separate judges. Of course the entries can still be "padded" as Mrs. Gardiner points out, but not nearly as easily. Even in Alaska no American dog can gain a point without competition. It would certainly do away with the semi-rare and rare breeds going around to ten of the smaller shows (some are sent 1,000 miles to find such a set of shows) and thereby almost automatically becoming a champion. This is a matter that should be attended to now. Our Canadian Kennel Club setup is one of the best in the world, but one of the biggest faults is that it takes too long to get anything changed.

I think too that the point system needs more frequent revision — that is, how many dogs for how many points. This should be gone over every year and necessary changes made. As it stands now, in all but a mere handful of the breeds, the title champion means very little — certainly not to anyone who understands show procedure.

IN APPRECIATION

. . . Please convey my appreciation for the kindness extended to me in my loss. (*Dogs, November, Best of Variety*). I will never forget the kindness of the show people and others in their consideration.

The Ex has always been the highlight of my dog showing, particularly when I bring puppies line-bred from our Canadian bitch and hear the old-timers say, "that's a good dog puppy. You should go far with him". This year's show was one of my happiest, even though I had so much happen. The officials and show people have always been most courteous and kind.

I have not forgotten the opportunity that *Dogs in Canada* and The Canadian Kennel Club gave us to air our view on the proposed change in standards for the Manchesters. Regardless of how the final result would have been, all the people interested in the Manchesters — toys and standards — were given an opportunity to comment before the change in variety was considered. I am most pleased the club rejected any change for disqualification for weight in the standard, which leads to possible starvation to keep a desired dog under the limits.

. . . My remarks re Boarding Kennels in the June issue, if channelled in any one direction, were toward such kennels as the one south of Nanaimo that the SPCA closed down by legal action. This kennel operated for ten years to my knowledge and is proof that such kennels are kept in operation seeking cheap board and puppy stock.

Our kennel evolved out of the same reason Mr. Harold E. Smith claims his did . . . Unlike Mr. Smith, I do not claim I've never had a complaint, . . . and I would be glad to show him my bank statements.

WHERE TO SEEK ADVICE?

. . . Being a novice breeder I found the article in the October issue of *Dogs in Canada*, by E. S. Montgomery, M.D. entitled "Do You Really Want The Truth?" very interesting, particularly the part pertaining to clubs.

Having been interested in Boxers for a number of years, my wife and I decided early this year that we would like to start breeding these fine dogs, so after reading a number of books on the subject, we decided that our next step should be to join an appropriate club. This we did in the belief that we could obtain first class knowledge, advice and instruction on the breeding of better Boxers.

Alas, after attending a few meetings it was obvious that we would not be taught anything educational at all, concerning the Boxer, as most of the time was spent discussing future shows, appointing judges, trophies, and other incidentals of little value to the novice breeder. I am not suggesting that these things are not essential to the club, but I do feel that part of the time should be spent, (or maybe even another evening) on furthering the knowledge of breeders and novices like myself whose ambition is to breed better Boxers. After all, isn't that the main function of a club?

Needless to say we are no longer members of this club as we have come to the conclusion that as much, if not more, can be learned outside the club. In fact we have made one or two friends on the "outside" who, through years of experience have helped us considerably in our aim to establish a small kennel whose main interest lies in breeding first class Boxers.

Now I realize that success cannot be achieved in a few short months and that years of patience, hard work, studying and above all experience is necessary. But how nice it would be if there was a club consisting of old and new breeders to whom newcomers like myself could seek advice and where all breeders old and new alike could learn more on how to Breed Better Boxers, instead of *which judge at what show and how much for trophies, after which the meeting is closed for refreshments.*

SINGULAR SAMOYED

. . . Our Magga Dan of Snowland has now completed both his Canadian and American championships. To my knowledge he is the only Samoyed in Canada having titles from both sides of the border. His young son, a pup of eight months, Brem-Do's Snow Miatel, went Reserve Winners to Danny as at that show (October 16) the Sams were all males. He has been shown three times and has never been beaten. Dan was bred by Mrs. A. L. Westcott of Exeter, England.

WHAT DO YOU THINK? (from page 9)

or less I am a greenhorn, but the two Chihuahuas which I have tried working with were never given any bribe to work, only a pat and picked up and made a fuss of. If this can be done with a non-working dog, why can't the dog who has generation upon generation of breeding for working do it?

One thing that strikes me as being somewhat difficult to take with a smile is to see a dog purposely attack another dog on "long sit" and "long down". I believe that the dog interferring in this manner should be excused and the handlers given one more try to do it. I speak from experience. I have had it happen to Camisita at two consecutive shows and seen a Welsh Corgi bitten enough to draw blood and at least two other dogs upset by the offending animal, yet nothing was done except disqualify the dogs so upset. Humans could too, I think, be kept three feet away from a ring so that a program will not be dropped on a dog's back on the "long sit" or "down". What do you think?

Arthur Samuels

WHAT DO YOU THINK?

by Audrey Langford

Let us look at Chapter 3, Section 10 instructing the judge that he "must look for the following in testing each dog and score accordingly." (F) "The dog should never anticipate the handler's orders, but should wait for the commands or signals." What does this mean? The word "never" implies at all times. Anticipation is listed as less than 50% in Retrieve On Flat, and Retrieve Over High Jump. It is implied in the Recall, and Drop On Recall. Why not in the Seek Back, Scent Discrimination, and Signal Exercises?

If we examine the principal feature in any exercise for the purpose behind it and can conjure up a situation where anticipation would endanger the life and limb of the dog, then it becomes an important factor indeed. A dog being called from across a road might anticipate either the call, or the drop and endanger itself, but I doubt if any handler would throw the dumb-bell across a road. Anticipation of the retrieve is a failure because it shows lack of control. Most dogs will dash after an article that is thrown; the trick is to make them wait until told to go. In any exercise, anticipation shows the same lack of control and should be equally punishable.

The Regulations and Standards state "the purpose of Obedience Trials is to demonstrate the usefulness of the pure-bred dog as the companion and guardian of man, and not the ability of the dog to acquire facility in the performance of mere tricks". A dog that anticipates a command is not under control and cannot demonstrate its usefulness, but shows that it has been trained to perform a certain trick rather than to be obedient to the handler's orders.

I think that subsection (F) should read – "The dog should never anticipate the handler's orders, but should wait for the commands or signals. Anticipation of a command or signal of a principal feature of an exercise should be scored less than 50%." This is my opinion. What does your Club think? What do you think?

Address all replies to – "What Do You Think? c/o Dogs in Canada.

. . .

. . . In reply to an article in your September issue of *Dogs in Canada* "What do you think" I should like to say that I strongly oppose Mrs. Langford's point of view.

Training a dog and competing in the Obedience Ring is a sport and should be an enjoyable one. Sure enough every exhibitor is asked when he enters the ring if he has knowledge of the rules and regulations of the CKC. Most everyone says "Yes," meaning of course, that he knows the procedure of the Obedience Trial. Most of them do not know the rules and regulations by heart. I feel strongly if an exhibitor gives a tidbit to his dog in the Obedience Ring, he should be warned by the judge that this is forbidden and given a minor penalty which would put him out of top competition anyway. This would prevent that a good working dog could be failed by lack of knowledge of his handler.

I would also like to congratulate you for having articles like "What do you think" in *Dogs in Canada*. This is the kind of article obedience people should look for because there are many phrases in the rules and regulations which must be clarified to avoid confusion. To mention only the "less than 50%" paragraph. What is "less than 50%"? It could be one point less than half of the points of the exercise or right down to one point of the exercise. In order to have uniform judging, the judge should know the exact amount of points of "less than 50%", or since most of the clubs start giving out trophies only to dogs which qualify, make the "less than 50%" a plain "zero", and avoid a lot of questions after the trial. I hope that articles like "What Do You Think" will shake some of the obedience people out of their laziness and make them sore enough to express their opinion on these matters. Only by letting ourselves be heard can we straighten out a lot of these little headaches and smooth the way for a clear understanding of obedience.

Walter Konradt

. . . I am a member of the Brantford Obedience Club and trained my dog within our club. My dog got his CD degree in three straight Obedience Trials with a wonderful score. We are fortunate enough to have good experienced trainers in our club who give us their ring experience and pointers in every training hour.

I know there are many Obedience people who have not the guidance of experienced trainers or have to train their own dog without any help at all. These are people who should get advice in the Obedience ring instead of punishment. They should be encouraged instead of discouraged. In this respect I feel that the article of Mrs. Langford "What do you think" is much too strong in penalising a dog who has been offered food within the ring.

I think a warning and a minor penalty should be punishment enough.

Gerhard Loerch

. . . I am in complete agreement with you re bribes to one's dog to get it to work. I may be out of place in making such a comment, not owning a "working dog". I show, or attempt to show in trials, Chihuahuas for my wife. More

SANS doute vous demandez-vous si cette colonne allait continuer? Je dois vous avouer que je me suis poser la même question à plusieurs reprises. On me dit qu'on aimerait lire des articles plus longs. Quand je demande sur quel sujet, on me regarde sans trouver de réponses. Comment puis-je savoir ce qui vous intéresse? Après la parution du premier article, j'ai bien reçu quelques lettres mais depuis ce temps, absolument rien.

Au cours de l'année qui s'annonce, je me propose de parler de différents règlements sur l'enregistrement individuel, l'enregistrement de portée, les différentes formules mises à notre disposition, etc. Je sais que ce sont là des problèmes qui peuvent sembler faciles pour plusieurs d'entre nous, mais que d'autres personnes ne peuvent résoudre aussi facilement. Qu'en pensez-vous?

Maintenant je continue la suite des extraits du message commencé dans un autre article.

Affaires concernant les membres:

Tous les membres associés qui, en 1958, devenaient qualifiés pour devenir membres ordinaires en 1959 ont été avisés. Plusieurs ont accepté et nous avons été heureux de les accueuillir parmi nous.

Une copie des règlements officiels du Club a été mise à date et envoyée à chacun des membres, chose qui n'avait pas été faite depuis assez longtemps.

En mai, on a aussi envoyé à tous les membres actuels et aussi à tous les nouveaux membres depuis ce temps, une copie de la conviction que peut avoir une personne qui n'a pas fourni les certificats d'enregistrement de chiens vendus comme étant des chiens de race, aux acheteurs.

Bien-Etre.

Une liste des différents clubs et associations a été publiée dans Dogs in Canada au profit de ceux qui peuvent en avoir besoin.

Une somme de $1500.00 a été envoyée au Collège vétérinaire d'Ontario pour des recherches sur les chiens.

Il y eut discussion pour savoir si des clubs pouvaient devenir affiliés au CKC. Après enquête par un comité formé à cette intention, on recommande que ce projet soit abandonné.

La Cie Trans Canada Airlines après investigation sur les besoins des éleveurs qui ont à expédié un chien, a mis à leur disposition des boites de deux grandeurs différentes et qui sont conformes aux règlements de transport des animaux. On peut non seulement louer ces boites, mais aussi les acheter. Nous les félicitons de leur intérêt dans la matière.

Le Conseil des directeurs tient à exprimer son appréciation à tous ceux qui, en quelque façon que ce soit, ont contribué au progrès accompli dans le domaine des chiens de race.

En terminant cet article pour le mois de décembre, je profite de l'occasion qui m'est offerte d'offrir mes meilleurs voeux pour l'année qui s'onnonce. J'espère que 1960 a été une année prospère pour tous, mais que 1961 soit encore meilleure.

Born to *Mr. and Mrs. James Meagher* —(Nova Kennels), a third son, John. Returned from hospital in Halifax—*Roy H. Coldwell* of Fredericton, glad to know he is on the road to recovery after surgery.

Vic and Rita Martinson continue winning nicely with their home-bred young Borzoi, Ch. Alcides of Tyree – another BIS, and second in group at the Lewiston-Auburn, Maine show. Also heard that the *Rowans* attended the same show with Beagle and Labrador; the latter collected a second in Sporting group.

Newly imported from England, the *Meaghers* have a young Bulldog to replace their old stud who died of heat prostration during the summer. Imported from the U.S. to Fredericton by the *Martinsons*, two Whippets. There have been very few of this breed at Maritime shows in recent years so we look forward to seeing them next season. There is mention of the *Paynes* moving from Moncton to Halifax.

John LeMoine (Hound Hollow), having won his case with the Amherst town council to allow him to have his kennel within town limits, has plans to extend and build new kennels on Route 6—out of town!

A young lady with initiative is *Mrs. Douglas Brown* of Trenton, N.S. She is making nice copper pictures of dogs; her father, *Fred Humphries*, has a Boxer.

Evangeline KC has elected its new slate for the next two years, *Jim Meagher* President again. Shearwater KC is planning a Championship show for February; in charge will be *Mrs. Agnes Misener*. No news as yet from the other

clubs in N.S. as to show plans. The N.B. circuit dates for August are set according to all reports.

Heard the show at Dalhousie was not well supported—of all the reasons given the most logical seem to be that in the main, people were under the impression the show was cancelled due to the original date being in July. Personally I knew nothing of the new date until the premium list arrived—the day before entries closed—so one could not have been in time unless entries were telegraphed. Bad timing also, as this is the height of the hunting heason—basically lack of advertising would seem to be the cause.

To all those people who have written sending their news, I say thank you. Please keep it up, as without co-operation this column will inevitably "fold". From remarks so far it would appear most Maritimers are pleased at this chance for publicity. As this will be in the December issue, I wish all readers a very Merry Christmas and much success in all aspects of the "Dog-game" for 1961.

Dog Show Time IN BERMUDA

BERMUDA—how to describe this jewel in the sun? A place of unstinting hospitality, a setting for the coral reef-fringed sapphire seas. The home of the dramatic parrot plant, the butter-yellow trumpet flower, the fascinating rows of roadside match-me-if-you-can, the rows of sweet banana and everywhere the rich red of the hibiscus. The pastel-hued homes with their terraced white roofs, the tall palm trees and the boats. Boats everywhere, any time of day or night — the majestic Bermuda Queen, down through chartered deep sea fishing boats, the schooners, the sloops, the multi-powered cruisers, the swift little Sunfish and the chugging ferry-boats.

To the Canadians and Americans who attended the International all-breed Championship shows and the Obedience Trials November 3, 4 and 5 it was all this and much more.

Although it was actually five in the morning when the Canadian visitors arrived, Show Chairman Paula McAteer was at Kindley Air Base and smilingly helped people, baggage and dogs into the airport taxis.

The dogs quickly became accustomed to the tough, bouncy grass and joyously sniffed the thousand and one new scents.

Cocktails, luncheons, dinners with the Bermuda Kennel Club and individual members as well as the hotel as hosts made every evening as compelling as the daytime hours.

And suddenly it was showtime. The brilliant weather held and the shows moved in professional good order. Every previous year has shown an increasing entry in the variety of breeds. This year showed a greater variety on the part of Bermuda entries as well as visitors'.

Judge Percy Roberts named the exquisite Pomeranian, Eng. Ch. Pixietown Serenader of Hadleigh as Best in Show the first day and Col. James Trullinger made the same selection on the Third Day. Co-owners are Florence, Lady Conyers and Mrs. Ruth H. Bellick of Hanson, Mass. Handler was Ben Burwell. Judge T. E. (Ted) Gundersen picked the English Springer, Eng. Ch. Salilyn's Mac Duff as top dog. Handsomely marked and moving like a dream, he is owned by William L. and Elaine P. Randall of Midlothian, Ill. and handled by Jack Funk.

Best Bermuda-Bred Dog in Show was the Labrador Retriever, Clipper Cargo, owned and bred by Mrs. T. H. Mowbray, in the First Show and on the two succeeding days, the German Shepherd, Hansel of Walsingham, owned by Mr. and Mrs. Robert D. Outerbridge. Best Puppy in Show the First Day was the Basenji, High Time of the Congo, owned by Mrs. Neville E. Dias of Bermuda. On the two following days the sprightly mite, Aennchen's Siva Danerd Dancer, Maltese, who indeed is a tiny dancer, was named Best Puppy in Show. He is owned by Mr. and Mrs. J. P. Antonelli of Waldwick, N.J.

The shows are held in the beautifully groomed Botanical Gardens a short distance from downtown Hamilton. The setting is in an area surrounded by rising ground which virtually creates an amphitheatre. On all sides the lawns are set with flowering shrubs and exotic trees.

A short distance from the rings the dogs were quartered on benches under a sheltering roof, where shade kept them cool and comfortable. The several days of pre-show visit had accustomed them to the springy grass so that it did not disturb their gaiting.

Although a Bermuda championship is not easily gained, many of the Canadian and American dogs left with a good number of points. A change in the point system is now under consideration and will likely be in effect at the next championship show.

Among the highlights of the show were the demonstrations of Obedience work by Obedience specialists

Best in Show November 3 was the Pomeranian, Eng. Ch. Pixietown Serenade of Hadleigh, co-owned by Florence, Lady Conyers, President of the Bermuda KC and Mrs. Ruth Bellick of Hanson, Mass. Shown here with Judge Percy Roberts and handler, Ben Burwell and His Excellency the Governor, Major-General Sir Julian Alvery Gascoigne.

Judge T. E. (Ted) Gundersen named the outstanding English Springer Spaniel, Am. Ch. Salilyn's MacDuff as top dog in the Second Show. Owners are Mr. and Mrs. William L. Randall of Midlothian, Ill. Handler is Jack Funk. Mr. N. H. P. Vesey, Chairman of the Bermuda Trade Development Board, presents the award.

Mr. and Mrs. Milo Pearsall. Winner of the award for the top scoring dog in these trials was Mrs. Nan R. Young of Rye, N.Y. with her black Miniature Poodle, Pine Island's Amedee, Am. and Can. UD.

Mrs. Conway Trott's Miniature Poodle, Hubu Too de la Fontaine, was top scorer in Novice A the first day with 187 points and Mrs. Young's Poodle in Novice B with 194 points. In the Second Trial Hubu was tops in Novice A with 188 points, Amedee in Novice B with 198½ and on the Third Day Hubu again won in Novice A with 184 and Amedee the Novice B with 198½ points.

Mr. and Mrs. Pearsall remained in Bermuda the week following the shows and held daily classes.

Among those attending from Canada: Mr. and Mrs. Albert Roberts, Toronto and friend, Mrs. Bertha Hargreaves of Winnipeg; Mr. and Mrs. Harry MacKendrick of Oakville, Ont.; Mrs. W. C. Barnes and Miss Pauline McMullen of Sarnia; Mr. and Mrs. Ken Ellis of Streetsville, Ont.; Mr. and Mrs. Heagle, Miss Dorothy Johnson, Mrs. Andrew Dimitroff and your editors, all of Toronto.

From the United States: Mr. and Mrs. Lee O. Batchelder, Weston, Conn.; Mr. and Mrs. Bellick, Hanson, Mass.; Mrs. B. J. Blackburn, Detroit; T. D. Foy, Jr., Rhode Island; Mr. and Mrs. Onthank, Greenwich, Conn.; Miss Madalyn Gutman, Massapequa, L.I., N.Y.; Mrs. Dorothy Hardy, East Meadow, L.I.; Mrs. Edith H. Relaxing in the sun between shows on the patio of Inverurie Hotel are, l. to r., Mrs. Albert Roberts of Toronto with the Wire Fox-Terrier, Ascot Viking; Mrs. Bertha Hargreaves of Winnipeg, Man., Mrs. Harry MacKendrick and Mr. MacKendrick of Oakville, Ont., Mr. Roberts and Mrs. William C. Barnes of Windsor, Ont.

Judge Percy Roberts named the black Miniature Poodle, Can. Ch. Dandy Boy de la Fontaine, best in the Non-Sporting Group in the First Show. Owner-breed-breeder-handler is Mrs. Bobbie Ellis of Streetsville, Ont.

Left: Judge Percy Roberts presents Best in Group rosette to the Standard Dachshund, Herthwood's Mark of Rose Farm, who took the Hound Group in the three shows. Owned by Mrs. Nancy F. Onthank of Greenwich, Conn., handled by Dorothy Hardy shown here. Centre: Obedience specialist Milo Pearsall presents award to Mrs. Nan Young of Rye, N.Y. and her black Miniature Poodle, Pine Island's Amedee, Am. and Can. U.D., top scoring dog for the three trials. Behind these dignified portals dogs and cats live luxuriously as "tasters."

NEW HOME FOR KEN-L RESEARCH

Dogs and cats serve as panels of tasters in centre resembling Southern country estate.

Cats rest contentedly on tiered shelves, or happily climb rough-barked trees.

IN A country estate setting that many a human might envy, a colony of 160 dogs and 200 cats recently acted as "hosts" at the official opening of their new home — The Quaker Oats Company Dog and Cat Kennels for Nutritional Research, at Barrington, Ill.

Guests for the occasion included well-known personalities of the pet world, members of the press, and top management officials of The Quaker Oats Company. Two gold-plated leashes — one representing Ken-L-Products dog food, the other Puss 'n Boots cat food — were parted to symbolize the opening.

One of the largest and most complete facilities ever erected exclusively for pet feeding and nutritional studies, the establishment combines the appearance of a large Southern colonial residence with the modernity of new structures that are completely functional and enable the staff to take advantage of every new development in the field.

Behind the gleaming white walls and green shutters of the main building, a three-pronged structure has been erected among the towering oak trees. Here the dogs and cats live in immaculately clean surroundings, either inside or outside as they choose. Their sole responsibility, if it can be called that, is to act as testers, or "taste panels," for the continued advance of pet nutrition. Nutrition research is the only activity of the kennels.

The first canned dog food was made commercially in the year 1923 in Rockford, Illinois by Chappel Brothers, Incorporated. A few years later, a research and quality control kennel was established on the plant premises.

When The Quaker Oats Company purchased Ken-L-Ration, the original canned dog food, in 1942, the research kennels were enlarged to continue the task of testing its products, including Ken-L-Biskit and Ken-L-Meal. The oldest commercial research kennel remained in operation up until March 1, 1960 when the dogs were moved into the new kennels in Barrington, Illinois.

This new installation replaces and, of course, improves upon the dog nutrition research kennel at Rockford, and a somewhat similar facility for cats at the Company's main laboratories at Barrington. The Company is the world's largest manufacturer of canned dog food, its Ken-L-Ration having the additional distinction of being the first canned dog food ever sold. Its Puss 'n Boots cat food is also the first cat food ever sold as such, and it too, is the world's biggest seller in its field.

The scenic 20 acres on which the facility is located was for years surrounded completely by the Quaker livestock research farm, itself a 450-acre tract. Two years ago, the plot was purchased by The Quaker Oats Company. The white-pillared residence, being in excellent condition, offered an ideal nucleus around which to construct the present facilities.

The original building itself is given over to offices and laboratories. All living quarters for the pets, plus all equipment for their feeding and care, are housed in newly constructed wings.

The dog kennel wings are of concrete construction, and present a vista of immaculate orderliness. Circulating fans keep the air at just the right temperature constantly. Accoustical ceiling tile is used to reduce noise. The color scheme throughout is an easy-on-the-eyes beige.

Fanning outward as they do, the east and west wings (the dog quarters) now offer accommodations for 80 dogs in each wing, or 160 dogs in all. Actually, far more can be accommodated. Each dog has his own individual indoor compartment (measuring four feet by four feet), and each compartment is elevated about three feet from the floor to provide table-height convenience in feeding and handling. The concrete floor of the compartments is covered with expanded metal. Doors are of stainless steel, and a wooden shelf is provided, upon which the dog may rest or sleep.

A two-way, swinging Plexiglass door permits the dog to be inside or outside as he chooses. The outside runs are of concrete, and of good size, measuring 20 feet in length and four feet in width. A wooden platform just outside the win-

dow allows the dog to relax in the open air while protected from rain or snow by an overhanging roof, and a sloping board of weatherproofed plywood permits him to proceed to and from ground level without having to jump or otherwise exert himself.

The cattery section is housed in the central, or north, wing of the building. It consists of 23 rooms, all opening off a central corridor. Some of these are known as "preference" rooms, wherein comparison tests are made with competitive cat foods. The others are termed "group" rooms, and in these, nutritional aspects of feeding are studied. All of the rooms are equipped with outside runs.

The cat rooms are of considerable size, measuring 10 feet by 11 feet, and all floors are of concrete construction. Fluorescent lighting highlights the various pastel shades in which the rooms are decorated — pink, green and beige predominating.

The sleek, well-fed cats rest and sleep on shelves or boards set into the inside walls. Plexiglas doors swing inward from the outside runs. The cats claw these open to gain egress, and merely push them with their bodies to gain entrance. Each outside run is about 43 square feet in area, and is equipped with aluminum screens.

Several of the outside runs contain medium-size trunks of trees, on which the cats romp and laze as they choose. A complete cat nursery, with all maternity facilities, is a permanent fixture of the cattery section.

The diets for both the cats and dogs are determined after considerable study, and the food prepared under the most exacting conditions. Every portion is measured with extreme care on scales that weigh the contents down to the last milligram.

Preference and palatability tests for both cats and dogs is a never-ending activity. The "taste panels" yield definite proof of preference, and the intake, or lack of it, is noted down to the finest measuring point possible. Weight, vitality, brightness of eye and richness of coat all are, naturally enough, basic segments of study.

A full-time staff of 15 persons, headed by Dr. John A. Pinkos, manager of pet foods research, is on hand to operate the facilities daily. A veterinarian supervises the clinical laboratory, which boasts a complete array of modern equipment. Analyses of various types are handled here, as well as disease diagnosis.

Additional laboratory facilities are available, if required, at the company's laboratory in the town of Barrington. Close cooperation with universities and veterinary organizations is continuous.

All dogs at the Barrington kennels are purebreds, and are selected only from reputable kennels. At the present time, six breeds (each a representative of a different type of dog), are housed there. Ultimately, it is planned to have about 20 different breeds, which will be rotated. The six breeds now on hand are Dachshunds, Boxers, English Springer

DOG CATCHING ON FILM

Good animal pictures are easy for photographers to take — with care. It does not matter whether the animal is a lion behind bars in a zoo or your own dogs playing in the yard or cavorting around the house.

An animal picture must tell a story; for instance, a picture of a kitten wound in a ball of yarn tells an obvious story of humorous trouble. Birds splashing in a bird bath tell of creatures behaving in a natural manner. Or it could be subtle — a photograph of a puppy wistfully peeking from under a bed tells a story of an animal hiding from anticipated punishment.

In order to capture animals in action, the photographer must be alert. If he is aiming his camera at a family pet, he can give a command and expect a certain mount of predictability. But if he is planning to take a picture of a wild animal in a zoo, he has to be alert and ready for quick action.

There are three tools to help: the first is flash equipment. Because modern flash equipment gives the photographer light when he wants it and where he needs it, the photographer need not be concerned if the animal's action takes him away from strong lighting. Even if the animal strays into the deep shadows, flash equipment will provide the light necessary to take a good animal action picture.

The second is a fast shutter speed to stop fast animal action as far as the film and camera are concerned. When setting camera shutter speeds for animal photography, a setting of at least 1/100 of a second is necessary to get a good, sharp picture and 1/200 of a second is better. Small electronic flash units with their very brief flash duration give effective exposures of 1/800 to 1/2000 depending on the unit and will "stop" any action. With flash, the short distance between light source and subject in close-up shots calls for the slowest film, which in turn offers sharp, grain-free negatives for big enlargements.

With flood lamps or existing light, an extra fast panchromatic film in the camera will give good results. They permit the catching of modest action, have good exposure latitude and produce negatives capable of good enlargement. These new films make fast action animal pictures possible even with natural light in many instances, dependent of course, on the specific lighting that exists in each situation.

Another point is that animals — like people — are easier to photograph if they are at ease and feel comfortable. Also, better animal pictures are possible if no strangers are present. If the dog seems afraid of the camera at first, you can win his confidence by letting him smell the camera and get acquainted with it. Give the dog or kitten something to do — a ball or a bone or a favourite toy will make the shooting twice as easy.

For better pictures, get down to the animal's level. This low camera angle not only gives a better picture of the animal and his face but gets closer to the action that is going on. A picture taken from the normal waist or eye-level position would quite probably show only the top of the animal's head. The exception to this rule would be applicable when photographing large animals, like giraffes or elephants at the zoo. In those situations, either a low camera angle silhouetting the animal against the sky or a camera on a step ladder level with the animal will produce interesting results.

Working too close to the subject can introduce distortion in the form of foreshortening. Photographers with a variety of interchangeable lenses can work well back with a medium telephoto lens and retain correct perspective, owners of simple cameras can not. Correct proportions are best retained by working at a medium distance rather than a close one, and having the appropriate section of the negative enlarged. Todays fine grain films permit good enlarging from small sections of the negative with every success.

There is only one thing better than an animal picture — that is a picture of two or more animals together. In this circumstance patience is even more important. The best pictures of animals together are those that show them looking in the same direction or at least attracted by the same interest.

Finally, choose the proper background for photographing the animal — dogs and cats in particular. A light-colored animal should be photographed against

by DR. J. E. CORBIN

FACTS AND FANCY OF DOG FEEDING

Q. Must dogs have fresh meat in their diets?

A. No! Although the dog is carnivorous and likes meat, he can do very well on a ration in which all of the meat present is dehydrated. In fact, dogs can live in a very excellent state of health and reproduction on rations that do not contain any meat at all. Commercial dry rations such as Dog Chow contain meat from which water has been removed.

Q. We have heard that feeding milk can cause worms in dogs.

A. This is not based on scientific evidence; there is nothing to indicate that feeding milk to a dog will cause worms. Milk is deficient in some of the trace minerals like iron and copper and should not be fed as the sole ration. It can be used to moisten dry rations.

Q. Is it necessary to soak dry rations before feeding them?

A. No! Most dry rations, like Dog Chow, can be fed either moistened or dry. Many people like to feed Dog Chow in a feeder which is placed out of the rain. Where dogs are accustomed to this type of feeding, this is a satisfactory method and requires a minimum amount of work.

Q. Should dogs ever have raw meat?

A. In general raw meat is preferred to cooked meat if it is desirable to supplement the ration with meat. Cooking destroys enzymes and other factors and is generally not recommended. The exception is one when you are feeding pork, cooking kills Trichina that can be contracted from raw pork.

Q. Should eggs always be fed raw?

A. Never! Eggs should always be cooked in order to destroy the enzyme, avidin, which in the raw egg white can tie up the vitamin, biotin. Biotin is one of the water-soluble vitamins necessary for growth, maintenance, and reproduction.

Q. Can dogs eat the same ration day after day and remain healthy and happy?

A. With dogs variety is not essential and although you and I were taught to like ice cream and candy, that does not mean that dogs need them. If we had never tasted either, we would not know what we were missing. Some of our Purina dogs have consumed only one ration and water during an entire lifetime and one dog produced 99 pups on Purina Dog Food and water and her daughter produced 101.

Q. We feed our dogs on table scraps and the leftover food. Isn't our dog better fed than dogs receiving commercial rations?

A. Commercial dog rations like Purina Dog Chow are formulated to meet the requirements of dogs as determined by extensive experimental work. When you add table scraps you may be diluting the concentration of some nutrients needed by the dog. It is thought that most dogs in American kennels are better fed than most American people.

Q. Some people try to prevent their dog from gaining weight and limit water to a cup full each day. Is this ample?

A. Some dog owners believe that limiting water is a satisfactory way of controlling a dog's weight. This is cruel and dangerous. Dogs like other animals produce many by-products in the body after metabolizing food that is eaten. If water is not supplied in adequate quantities, damage to the liver and kidneys can result from an excess accumulation of toxins. Always supply your dog with all the water he wants.

Q. Are canned rations more nutritious than dry rations for dogs?

A. No, good dry-type rations contain all of the nutrients required for growth, reproduction, and lactation. In addition dry rations contain only 10% moisture while most canned rations contain about 70%. Canned water is expensive to buy.

Q. Are there any advantages to feeding wheat germ oil to dogs?

A. Fresh wheat germ is a good source of vitamin E and is used sometimes by dog owners. If the wheat germ oil is not fresh, its addition can actually cause problems, since rancid oil may actually destroy the vitamin E in the rest of the ration. Commercial dog rations, like Dog Chow, contain adequate supplies of vitamin E from natural and synthetic sources.

Q. A vitamin supplement salesman told me his vitamins are from natural sources and are superior to other vitamins. Is this true?

A. No, since vitamins are vitamins regardless of where they are produced, both function in the body. Synthesis, or production of vitamin concentrates, has helped improve dog rations by making it possible to supply more at less cost. Technology has improved the availability and stability of vitamins and improved the dog's food.
In normal rations, many of the vitamins are from natural sources such as milk products, meat and fish products, and dehydrated meals.

Q. Do most people feed their dogs the proper amount?

A. Some people try to kill their dogs with kindness by feeding three times a day. This type of eating can become habitual with dogs and will cause them to eat 20-25% more feed than they need. Ultimately the dogs become fat and lazy. This overweight condition is detrimental to the well-being of the dog. One feeding a day is adequate for mature dogs unless they are sick, working hard or nursing large litters.

Q. Is cooked rice a good supplement for dog foods?

A. Rice is almost entirely carbohydrates and a normal dog ration supplemented with cooked rice would supply an excess of calories at the expense of the proteins, minerals, and vitamins and is not desirable.

Q. Are raw foods better than cooked foods for dogs?

A. Earlier it was indicated that wholesome, raw meats are preferred to cooked meats. Cooked carbohydrates are approximately 25% more available to the dog than uncooked carbohydrates and cause fewer digestion problems.

Q. Dogs love spinach. Is this a good ration?

A. Spinach in the dog's ration provides a source of water-soluble vitamins, but spinach contains oxalic acid which tends to tie up the calcium in the remaining portion of the ration and it is possible to produce a calcium deficiency by feeding too much spinach. Spinach should be left out of a dog's ration.

Q. Should pork be fed to a puppy?

A. Meat supplementation is normally not necessary for a puppy, but pork that has been cooked to kill Trichina is as satisfactory as most other meat products.

Q. Does too much salt cause intestinal gas or flatulence in dogs?

A. Intestinal gases are produced in the intestinal tract of all mammals. Most of these gases are absorbed into the bloodstream and finally breathed out of the lungs. A high level of protein and uncooked carbohydrates will sometimes cause intestinal gases. The sulfur-bearing products formed from protein breakdown seem to be especially obnoxious. Plenty of exercise will generally help eliminate much of the flatulence

Q. Young dogs seem to have less flatulence than old dogs. Is this normal?

A. Yes. The older dogs seem to have

GLENGARVEN'S YANKEE: 2 yr. old son of YANKEE CLIPPER OF REO RAJ out of our own 33½ pt. winner BURNDALE'S CEDAR LASS. This is the best prospect in our kennel and the best prospect since GLENGARVEN'S KIM—$300.

REPEAT BREEDING

AIRLINE ACCEPTS DOGS

Continental Airlines now will accept dog kennels other than the "Tuttle" kennel, as reported by O. Lee Slay, director of air cargo—sales.

The change permits dog shippers to fly their pets by Continental and connecting carriers without changing kennels at the transfer point, Slay asserted.

Continental will accept kennels which are sturdily constructed, roomy, and well-ventilated.

For little children everywhere
A Joyous season still we make;
We bring our precious gifts to them,
Even for the dear child Jesus' sake.

MEETING OF THE BOARD OF DIRECTORS

JULY 28, 1960
(Continued from October issue)

FIELD TRIALS

13 FT 9. APPOINTMENT OF OFFICIAL MEASURERS

SUBJECT: The Secretary reported on the various forms now being provided and instructions sent to Official Measurers appointed by the Board in connection with the issuance of Permanent Measurement Certificates for Beagles, and reported that Mr. Okill Stuart, Quebec Field Trial Representative for Beagles, was of the opinion that the three persons to officially measure a Beagle be composed of three Official Measurers instead of one Official Measurer and two "witnesses".

DISCUSSION: Mr. Monaghan stated that the instructions prepared by the Secretary and sent to Official Measurers was contrary to policies set by the Board when it adopted resolution #419-58 at its semi-annual meeting in 1958, particularly that section of the resolution reading "No Official Measurer shall submit a statement to be submitted to the Secretary for a dog which he measures at a show or trial."

The Secretary reported that he had been informed that there would be greater confidence in Official Measurement Certificates issued by the Club if the official measuring is conducted in public at licensed field trials.

Mr. Monaghan stated that the policies outlined in resolution #419-58 were based on a belief of the then Board that dogs should be measured where there is a minimum of traffic and confusion, and where the dogs are not being subjected to strain or excitement.

MOTION #385-60
Moved by Mr. Monaghan, seconded by Mr. Blyth:
"THAT, the Secretary amend the instructions sent to official measurers in conformity with the terms of resolution #419-58".
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

SUBJECT: The Secretary reported that an Official Measurer had enquired whether he should provide an approved measuring standard, or whether he would employ an acceptable measuring standard provided at a licensed trial.
DISCUSSION: Mr. Monaghan suggested that the Board instruct the Secretary to provide a Director, in any area where official measurement of Beagles is to be conducted, with an approved measuring standard, and the Director would make the standard available to the Official Measurer in that area as and when required.

MOTION #386-60
Moved by Mr. Monaghan, seconded by Mr. Anderson:
"THAT, official measuring standards be loaned to members of the Board who will loan them to official measurers as and when required."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

13 FT 30. APPOINTMENT OF FIELD TRIAL COUNCILS

REPORT: The Secretary reported that each member of the Board had been provided with a copy of a proposed amendment to Section 10 of Article XIII of the Club's By-laws submitted by Mr. Blyth, Chairman of the Field Trial Council, pursuant to resolution #182-60, the amendment having been designed to provide for a National Advisory Council for each type of field trial activity.

DISCUSSION: Mr. Anderson stated that he had discussed Mr. Blyth's submission with Field Trial Representatives in Alberta and they were heartily in agreement with the proposed amendment.

MOTION #387-60
Moved by Mr. Blyth, seconded by Mr. Anderson:
"THAT, this proposed amendment to the By-laws be included on the next referendum ballot."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

GOOD AND WELFARE

14 G 13. SHEEP AND CATTLE DOGS

SUBJECT: The recommendation of Mr. Little that the Board arrange for a proposed amendment, reading as follows, to the Club's By-laws to appear on the next referendum ballot:

IT IS PROPOSED THAT ARTICLE XXVIII, Rules of Eligibility, be amended by the addition of a new Section reading as follows:

"Notwithstanding the provisions of these By-laws the Board shall have the power to adopt and enforce special regulations regarding the requirements for registration of dogs suitable for work with sheep and cattle, recognition of other stud books, testing, and maintenance of registration and other records considered desirable by the Board. All such special regulations are subject to the prior approval of the Chief Registration Officer before being effective. Where considered necessary and approved by the Chief Registration Officer, such special regulations need not be consistent with the provisions of these By-laws but must be consistent with the provisions of the Live Stock Pedigree Act."

DISCUSSION: Mr. Monaghan suggested and it was agreed that "Chief Registration Officer" be changed to "Minister".

MOTION #388-60
Moved by Mr. Little, seconded by Mr. Blyth:
"THAT, this proposed amendment be included on the next referendum ballot."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

(2) Dr. J. Archibald, Professor & Head of the Small Animal Division of the Ontario Veterinary College, could not attend this meeting being in Halifax for a convention.

The Secretary read letters from Dr. T. Lloyd Jones, Principal of the Ontario Veterinary College, and Dr. Archibald.
DISCUSSION: The Board discussed Dr. Jones' enquiry seeking the Board's opinion as to the possibility of part of the grant being allowed to accumulate "for the purpose of sending our staff members to places where it would be profitable for them to be exposed to the activities going on."

MOTION #389-60
Moved by Mr. Irving, seconded by Mr. Williams:
"THAT, we accept a copy of Dr. Cobb's thesis, and advise Dr. Jones that we have no objection to their using the funds (provided for the Fellowship) as they see fit."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

14 G 21. HIP DISPLASIA

SUBJECT:
(1) The letter, addressed to the Minister of Agriculture pursuant to resolution #190-60, pointing out the increasing incidence of hip dysplasia, and recommending "that the government investigate the situation and take the necessary steps to improve the situation."
(2) The reply received from the Minister who stated that "It is felt that the approach to this problem might be directed through promotional and research work by the Associations concerned."
(3) Information received from the Kennel Club (England) concerning steps which it took, some years ago, to counteract night-blindness in a particular breed.

DISCUSSION: Discussion of the question included consideration of a possible amendment to the By-laws providing for authority to reject the application for registration (or to cancel registration if already effected) of a dog having hip displasia.

MOTION #390-60
Moved by Mr. Williams, seconded by Mr. Irving:
"THAT, we write the Ontario Veterinary College thanking them for the kind assistance through the information supplied by Dr. Cawley and that we as an organization, are very keenly interested in the problem of hip displasia and would be receptive to any suggestions by which this organization may assist the College in its further investigation of this matter."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

14 G 2. SALES TAX ON DOG FOODS

SUBJECT: Mr. Irving reported that various foods for certain other breeds of live stock do not require payment of a sales tax, but in British Columbia a sales tax is payable on prepared dog foods. He suggested that an effort be made to have this sales tax removed.

MOTION #391-60
Moved by Mr. Irving, seconded by Mr. Williams:
"THAT, this submission be made to the governments in British Columbia, New Brunswick, and any other provinces requesting the same consideration; and Mr. MacCallum seek the help of the Live Stock Record Committee."

MOTION #392-60
Moved by Mr. Monaghan, seconded by Mrs. Dery:
"THAT, a letter be sent to the Secretary of the Club in question confirming the suggestion made to the delegation to the effect that it would seem to be advisable to consult other clubs and fanciers on this matter."
FOR THE MOTION: Mr. MacCallum, Mr. Williams, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. Irving, Mr. Little, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
ABSENT: Mrs. Gove, Mr. Gratton.
Motion carried.

7 R 24. KENNEL NAMES

SUBJECT: The Secretary read a letter from a member enquiring why the Live Stock Records had failed to comply with her request that her registered kennel name be employed to designate her ownership of a registered dog.
DISCUSSION: Following discussion it was agreed that except where a kennel name is recorded in the name of a partnership (or company) which is registered under The Companies Act, the record of ownership may not be in the form of a registered kennel name.

MOTION #393-60
Moved by Mr. Williams, seconded by Mr. Irving:
"THAT, the Canadian National Live Stock Records be instructed that hereafter it is not to permit the use of a registered kennel name to denote ownership unless the person or persons in whose name it is recorded provides evidence of registration under The Companies Act."

URGENT MATTERS

11 D 34. CHAMPIONSHIP POINTS & RATINGS

SUBJECT: The Secretary read a letter from Mr. T. Bruce McRae, Toronto, who requested that he be permitted to appear before the Board in order to support his claim that a female American Cocker Spaniel awarded Best of Opposite Sex in her variety should be credited, when championship points are computed, with having defeated any females entered for Specials Only which competed for the Best of Opposite Sex award in the same variety.

REPORT: The Secretary reported that:

(1) while it appears to be the practice, at many championship shows for the officiating judge of American Cocker Spaniels to select, in each Variety, a Best of Opposite Sex to the Best of Variety, such a selection is not called for by the Dog Show Rules and has not been considered an award for the purpose of computing championship points;

(2) Section 3 of Chapter 21 sets forth the adjustment (if any) to be made in connection with the allocation of points to the dog awarded Best of Opposite Sex in any breed where there are Best of Variety awards.

DISCUSSION: Mr. Monaghan:

(1) stated that this appears to be a case where the Board should place an interpretation on Section 3 of Chapter 31;

(2) suggested that the Secretary provide the Board with statistical information with regard to American Cocker Spaniels in competition at the shows referred to by Mr. McRae, and their views be sought for consideration at the December meeting of the Board.

MOTION #402-60

Moved by Mr. Irving, seconded by Mrs. Southcott:

"THAT, this matter be referred to all members of the Board, each Board member to be given the facts on the situation on which Mr. McRae bases his claim and on which the Secretary based his ruling, and the Board, at a later meeting, decide whether an interpretation of Section 3 of Chapter 21 is advisable."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

INTERNATIONAL MATTERS

6 IM 2. DOGS ENTERING CANADA

SUBJECT: The Secretary read letters from Mr. Irving who:

(1) reported that members located on Vancouver Island had been required to pay non-refundable duty on American-owned females sent to them to be bred;

(2) urged that strong representations be made to the Department of National Revenue with a view to having removed new regulations calling for the payment of duty in such cases.

DISCUSSION: Mr. Irving stated that this new order would discourage American breeders from shipping their females to be mated to Canadian owned stud dogs, and reported that he had been informed of five cases where prior arrangements for American-owned females to be bred to Canadian-owned stud dogs had been cancelled because of this new order.

Mr. Monaghan offered to take the matter up with officials of the Department of National Revenue.

MOTION #403-60

Moved by Mr. Irving, seconded by Mr. McDerment:

"THAT, representations be made to the Department of National Revenue."

6 IM 6. DOGS ENTERING THE UNITED KINGDOM

SUBJECT: The Secretary read a letter from Col. H. T. Fosbery who:

(1) reported that his two dogs had commenced their six-months quarantine in England in August;

(2) stated that on his initial application to the U.K. Agriculture authorities he had remonstrated on what appeared to him to be an exceedingly lengthy quarantine period;

(3) pointed out that "exporters of dogs from the U.K. to Canada are enjoying what almost amounts to a boom in dog business with very minor restrictions.";

(4) enquired whether The Canadian Kennel Club had made any representations to the authorities in the United Kingdom with regard to its quarantine requirements.

DISCUSSION: Mr. Irving stated that the quarantine regulations referred to by Col. Fosbery virtually prohibits Canadian breeders sending females to the United Kingdom to be bred, and suggested that representations be made to the authorities in the United Kingdom with a view to making it possible for a female to be shipped to the United Kingdom, bred in quarantine, and returned to Canada promptly after the mating.

MOTION #404-60

Moved by Mr. Irving, seconded by Mr. MacKendrick:

"THAT, we make representations to the Kennel Club and the Department of Agriculture in England."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

6 IM 1. DOGS CROSSING BORDER INTO UNITED STATES

SUBJECT: Mr. Monaghan:

(1) cited the case of a Canadian exhibitor being required to pay duty on a dog sent to the United States for competitive purposes;

(2) suggested that there be published, in the official magazine from time to time, the American regulations regarding the entry into the United States of dogs for competitive purposes.

ACTION: The Secretary was instructed to carry out Mr. Monaghan's suggestion.

REGISTRATION, STUD BOOKS & RELATED MATTERS

7 R 5. REGISTRATION OF AMERICAN FOXHOUNDS

REPORT: The Secretary reported that occasionally letters are received enquiring as to possible registration of American Foxhounds, born in Canada, registered with the Chase Publishing Co. (International Foxhunters' Stud Book).

DISCUSSION: During the discussion which followed it was suggested that such cases be referred to the Registration Committee on the understanding that the Committee would exercise its powers in such cases as are covered by Article XIII, Section 1, of the By-laws, and where such cases are beyond the powers of the Committee, it would place reports and recommendations before the Board for consideration.

MOTION #405-60

Moved by Mr. Monaghan, seconded by Mrs. Southcott:

(1) the Board's instructions with regard to changes in the Litter Kit (resolution #273-60) had been passed on to the Canadian National Live Stock Records;

(2) having regard for an earlier instruction of the Board (resolution #487-59) he had arranged for the application for individual registration to include a section where, if the tattooing method of identification is employed, the person who actually tattoo marked the dog will sign and state the date on which the dog was tattoo marked.

7 R 24. KENNEL NAMES

SUBJECT: The Secretary pointed out that in a "Memo from the Editor" the publishers had provided readers of the official magazine with much helpful information with regard to kennel names, particularly to those contemplating the submission of an application for registration of kennel name.

MOTION #406-60

Moved by Mr. MacKendrick, seconded by Mrs. Southcott:

"THAT, the publishers be complimented and thanked for the article."

(2) reported that in replenishing the supply of blank certificates used for this purpose a more elaborate certificate, suitable for framing, was obtained (sample exhibited to the Board).

REPORT: The Secretary reported that:

(1) the Kennel Names Committee had considered a letter from John H. Jansen who, having registered SOMERSET as a kennel name, stated his objection to another breeder using SUMMERSET in the naming of dogs for registration and show purposes;

(2) the Kennel Names Committee had directed that the following recommendations be placed before the Board:

(a) THAT an instruction be given the Canadian National Live Stock Records that it is to put a "stop card" in its record of registered kennel names prohibiting the use of SUMMERSET in connection with the future registration of dogs born in Canada;

(b) THAT the Board take steps to have the Dog Show Rules, Field Trial Regulations, and the Obedience Trial Regulations amended to provide that where a person exhibits a dog as a listed dog and includes in the name of such dog a name which is considered by the Board to be similar to a registered kennel name, it may give instructions that the dog may no longer be entered, at shows or trials held under the Club's rules, with that name included, and if the owner of the dog violates that instruction, further wins will be cancelled;

(c) THAT the Board take steps to have the By-laws amended in order that it will have the power to advise a person using a name which it considers as conflicting with a registered kennel name that he must cease using that name in connection with either registration or the entering of dogs at shows or trials held under the Club's rules.

DISCUSSION: During the discussion which followed it was pointed out that the Committee's recommendations were based on the view that wherever it was considered advisable, steps should be taken to prevent the use of names which may be confused with kennel names already registered in the Club's records.

MOTION #407-60

Moved by Mr. Blyth, seconded by Mrs. Dery:

"THAT, the Committee's recommendations be approved, and the Committee be authorized to draft appropriate proposed amendments for publication in the December (1960) issue of "Dogs in Canada" and for discussion at the next Annual General Meeting."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan,

Mrs Southcott.

Motion carried.

REPORT: The Secretary reported that the Kennel Names Committee had rejected the applications for registration of the following names, as kennel names, on the grounds of similarity to kennel names already registered with either The Canadian Kennel Club or with The American Kennel Club (registered names shown in brackets):

"THAT, the report of the Kennel Names Committee be adopted."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

(4) reported that in a letter which he had received from Mr. Monaghan with regard to the draft minutes of the semi-annual meeting Mr. Monaghan had said: "Reference 7 R 27, Motion #280-60 is specific. None of it is retroactive as you will perceive if you read it carefully. Therefore, it does not apply to any dog whelped before July 25, 1960, the words "shall be" only deal with the future. Furthermore, the word "previous" in 1 (c) on page 4 makes the intent abundantly clear.";

MOTION #411-60

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
Motion carried.

SUBJECT: The Secretary reported that for $10.00 extra per 100 each volume could be packed in a carton, and this would better protect a volume from damage in mailing.
ACTION: The matter was left in the Secretary's hands.

7 R 69. COLLIES

7 R 48. TITLES (DOGS)

SUBJECT: Mr. Irving:
(1) pointed out that The American Kennel Club does not include Canadian titles on certificates of registration which it issues;
(2) reported that he had been informed that clubs holding shows and trials under the rules of The American Kennel Club had been instructed that they must not include Canadian titles when listing dogs in their catalogues;
(3) stated that he had evidence that such policies are discouraging American owners from entering their dogs at Canadian shows and trials;
(4) suggested that representations be made to The American Kennel Club.

COMPLAINTS, CHARGES AND PROTESTS

8 C 10. COMPLAINTS COMMITTEE (SPECIFIC CASES)

FILE #CC-671
REPORT: The Secretary reported that:
(1) since the semi-annual meeting of the Board he had received from The Canadian Chesapeake Club a proposal that the "General Disqualifications" section of the standard for the Retriever (Chesapeake Bay) be altered to read as follows:
"Dewclaws on hindlegs, undershot, overshot, or any deformity.";
(2) he had arranged for a notice to be included in the October issue seeking the views of those having any interest in the matter;
(3) he had sought the views of members of the Board on the proposed change, and read a letter from Mr. Irving who stated that he could not say that he was in favour of the proposed change and believed that, as the best market for the breed is in the United States, "by shutting our eyes to their requirements we are only killing sales to breeders in that country".
ACTION: The Secretary was instructed to:
(1) enquire of The American Kennel Club whether it insists that Chesapeake Bay Retrievers with dewclaws on front legs be disqualified (note illustration in "The Complete Dog Book");
(2) refer the matter to the next annual meeting of the Board with any views and comments received in response to the notice published in the October issue of the official magazine.

REPORT: The Secretary reported on a number of complaints and, after discussion the Board took appropriate action.
REPORT: The Board considered a report of the Complaints Committee with regard to the appeal of an exhibitor at a show at which the exhibitor's dog was denied the right to compete as a Canadian-bred dog on the grounds that the exhibitor had failed to properly indicate on the entry form that his dog was Canadian-bred. The Board noted that the Committee was satisfied that the exhibitor had clearly indicated that the dog was Canadian-bred and should have been permitted to compete as such. The Board considered the Committee's findings and recommendations.
MOTION #422-60
Moved by Mr. Monaghan, seconded by Mr. Blyth:
"THAT, the report of the Committee be accepted, and its recommendations be implemented."
FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.
Motion carried.

The necessity to adopt standing resolutions for purposes of internal administration and to clarify the various By-laws and rules was stated.

MOTION #425-60
Moved by Mr. McDerment, seconded by Mrs. Southcott:
"THAT, the matter be left to the Chairman (Mr. Irving) of the Standing Resolutions Committee and the Secretary as to revisions and additions to the Standing Resolutions, and submit a progress report."

9 A 81. REFERENDUM BALLOT

SUBJECT: The Secretary pointed out that when a proposed amendment is included in a referendum ballot on the order of the Board, it is customary to include, with the proposed amendment, an explanation as to why it is being put forward by the Board, and reported that he had drafted an explanation for each of the several proposed amendments which will be included in the next referendum ballot on the Board's order.

MOTION #427-60
Moved by Mr. McDerment, seconded by Mr. Irving:
"THAT, the matter be referred to the Chairman of the Amendments Committee for final drafting after consultation with the President and Vice-President."

ABSTAINED FROM VOTING: Mr. Monaghan (being Chairman of the Committee).
Motion carried.

SUBJECT: The Secretary read a letter from Mrs. Wm. Copeland, Grimsby, Ont. who:
(1) stated her objection "to the composition of the Amendments Committee";
(2) pointed out the limited time which is given a principal proposer to consult the co-sponsors of a proposed amendment and notify the Secretary of the wishes of the proposers.
DISCUSSION: Mr. Monaghan stated that:
(1) previous experience had shown that not all those appointed to the four Amendments Committees accept the appointment and a number of Committee members fail to return the questionnaires which are so important in the amending procedure;

(2) there would be greater interest on the part of those appointed to the Amendments Committee if the Board, at its meeting in December, made such appointments for the following year.

Mr. Irving stated that the newly elected Director for a given electoral zone should have the right to make his own recommendations with regard to appointments, and should not be placed in the position of having to accept appointments made by the Board on the recommendation of his predecessor.

Following discussion it was agreed that matters would be expedited if the following procedure is followed:

(1) as soon as possible after announcing the results of the election of Officers and Directors for the following year, the Secretary will provide each new Director (except in Ontario) with mimeographed forms which may be used by the Director for the purpose of communicating with those whom he intends to recommend be appointed by the Board to a Committee or other office and which may be used by said persons to indicate their willingness to accept appointment if made by the Board at its annual meeting;

(2) when presenting his recommendations at the Annual Meeting of the Board each Director will present the forms (referred to in (1)) to the Secretary;

(3) following the Annual meeting of the Board the Secretary will inform each appointee of his appointment (acceptance will not be necessary where such conditional acceptance has been obtained previously by the Director making the recommendation).

MOTION #428-60

Moved by Mr. Monaghan, seconded by Mr. Irving:

"THAT, the Secretary forward each successful candidate for office of Director (except Ontario) forms to be used to obtain the written acceptance of those whom the Director intends to recommend be appointed, to a Committee or office, by the Board at its Annual Meeting, the Secretary to request that each Director mail or bring such completed forms to the Annual Meeting."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

DISCUSSION: The Board discussed the advisability of arranging for changes in the time schedule for the various steps outlined in Article XXXVIII (AMENDMENTS) of the By-laws.

MOTION #429-60

Moved by Mr. MacKendrick, seconded by Mr. McDerment:

"THAT, Mr. Irving and the Secretary draft a proposed amendment to be published in the December issue for discussion at the Annual General Meeting."

ABSTAINED FROM VOTING: Mr. Irving (being named in the motion).

MOTION #430-60

Moved by Mrs. Dery, seconded by Mr. Blyth:

"THAT, a report be prepared for consideration at the Annual Meeting of the Board."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

SUBJECT: The Secretary stated that when preparing the material for the next referendum ballot, it may be necessary to have decisions made with regard to reporting the voting, on certain proposed amendments, of the Amendments Committees concerned.
ACTION: The Secretary was instructed to be guided by the advice of the Chairman of the Amendments Committee.

SUBJECT: The Secretary reported that on October 13, 1959, he had received notice of a proposed amendment to the By-laws, however the notice failed to disclose, as required, the Article or Section of the By-laws which the proposers desired be amended, and a reply had not been received to a letter, dated October 22, 1959, which he had addressed to the principal proposer seeking that information.

ACTION: It was agreed that inasmuch as the sponsors had failed to provide the required information, the Notice of Proposed Amendment would be filed and no other action taken with regard to it.

MEMBERSHIP MATTERS

10 MM 2. APPLICATIONS FOR MEMBERSHIP

SUBJECT: The Secretary sought confirmation of the approval given applicants for membership reported on Lists #36 to #43 inclusive sent to members of the Board.

MOTION #431-60

Moved by Mr. MacKendrick, seconded by Mr. Irving:

"THAT, we accept as members applicants listed on Lists #36 to #43 inclusive."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

SUBJECT: The Secretary presented the application for associate membership received from Mr. Robbie C. Robertson, Glen Williams, Ont., who, when submitting his application, reported that he had been appointed Dog Control officer for three municipalities and hoped that this would not interfere with his application.
ACTION: The Secretary was authorized to approve the application provided Mr. Robertson gives a written undertaking that, if admitted to membership, he will not engage in the breeding, buying or selling of dogs which are not pure-bred.

10 MM 30. MISCELLANEOUS MEMBERSHIP MATTERS

SUBJECT: A letter from Mr Gordon M. Pyne, barrister and solicitor, requesting that the partnership membership of Albert G. Tuck and Mrs. Mary Mundy be altered to the name of Mr. Tuck. Mr. Pyne submitted a statement, signed by Mrs. Mundy, to the effect that she had no further interest in the partnership and was agreeable to her name being deleted from the Club's membership records.
ACTION: The Secretary was instructed to consult the Club's solicitor, and be guided by his opinion as to whether it is permissible to make the change, in the membership records requested by Mr. Pyne.

DOG SHOWS

11 D 1. JUDGES

SUBJECT: The Secretary read a memo from the Office Manager who:

(1) pointed out that when the Board adopted standing resolutions regulating the frequency of judging engagements within a zone, the Maritime Provinces had been considered one zone;

(2) pointed out that the Maritime Provinces now consist of two electoral zones;

(3) enquired whether the increase from one to two electoral zones altered the standing resolutions in question.

ACTION: The Secretary was instructed to consult Mr. Little and Mr. Gratton, and place a report before the next meeting of the Board.

SUBJECT: The Secretary read a communication, signed by Frank E. Jones, G. M. Mehlenbacher, Mrs. W. Gottschalk, T. Bruce McRae and John Paton, reading as follows:

"Be it resolved that the following Amendment be added to the Standing Resolutions now in use by the Board of Directors of the Canadian Kennel Club Inc., for the approval of judges:

That should the American Kennel Club not see fit by July 1st, 1961 to recognize for approval the judges resident in Canada recognized for approval by the Canadian Kennel Club Inc., that on and after that date the Canadian Kennel Club Inc., do not recognize for approval the judges resident in the United States of America recognized for approval by the American Kennel Club."

The Secretary reported that a copy of the communication had been forwarded to each member of the Board, and read:

(1) a letter from Mr. Anderson who stated that he was opposed to the adoption of such a resolution, but felt that negotiation of a reciprocal agreement would be "much more to our benefit than the adoption of a mandatory resolution";

(2) a letter from Mr. Irving who stated that he would oppose "this bigoted proposal" and "we could not make a standing resolution in contravention of existing dog show rules";

(3) a letter from Mr. Dawson stating his concurrence with "the proposed amendment".

DISCUSSION: The Secretary stated that for some years there had existed a reciprocal agreement between the two clubs with regard to mutual recognition of judges approved by either, but this had been discontinued after The Canadian Kennel Club adopted rules which enabled a person in Canada to be approved as a judge merely on his being selected to judge by a show-giving club and on the submission of a properly completed application. Reference was made to the Club's new policies with regard to approval of judges, and it was agreed that the Secretary be authorized to commence negotiations with officials of The American Kennel Club on a possible new agreement.

MOTION #433-60

Moved by Mr. MacKendrick, seconded by Mrs. Dery:

"THAT, the Secretary discuss possible reciprocal agreements with The American Kennel Club."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

11 D 36. INTERPRETATION OF RULES

SUBJECT: Mr. MacKendrick:

(1) reported that a breeder had sold a dog to a person to whom he had recorded transfer of ownership in the Club's records;

(2) reported that the breeder, on the request of the new owner, had entered the dog, in the Bred by Exhibitor Class, at a championship show held under the Rules, the dog having been handled at the show by its breeder;

(3) reported that the win of the dog in the Bred by Exhibitor Class had been cancelled when the awards at the show in question had been recorded by the staff;

(4) expressed the view that the dog was eligible for entry in the Bred by Exhibitor Class, the entry having been made by the breeder and the dog having been handled at the show by the breeder, the breeder therefore being the "exhibitor".

ACTION: No action was taken when the other members of the Board agreed that the Dog Show Rules make it clear that the "exhibitor" is the owner of the dog or its recorded lessee.

11 D 6. ENTRY FORMS

SUBJECT: The Secretary referred to the proposed amendments, to be included in the next referendum ballot, with regard to "listed" dogs, and suggested that the official entry form be amended to provide for a person entering a dog born in Canada to enter, on the entry form, the litter registration number.
DISCUSSION: Mr. Monaghan stated that on a previous occasion he had submitted proposals to the Board with regard to changes in the official entry form, and suggested that such proposals be considered along with any further suggestions about changes in the entry form.
ACTION: The Secretary was instructed to refer all proposed changes to the national Board and place the matter on the agenda of the December meeting.

11 D 25. DATES

SUBJECT: The Secretary read letters received from the German Shepherd Dog Club of Greater Ottawa requesting the Board's reconsideration of its previous decision on their application to hold a Group 3 Specialty Show on March 24, 1961.

DISCUSSION: Reference was made to the instruction given the Secretary by the Board at its semi-annual meeting with regard to including on the next referendum ballot, a proposed amendment with regard to those breeds for which a specialty club may hold a specialty show. It was agreed that, in the light of the instruction given by the national Board, the Board should not now reach any conclusion contrary to that reached by the national Board, and that reconsideration of the Board's decision should only take place when the Board has been informed of the results of the voting on the proposed amendment in question.

MOTION #435-60

Moved by Mr. Irving, seconded by Mr. Blyth:

"THAT, we set this over to the January meeting of the Board."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

ABSTAINED FROM VOTING: Mr. MacKendrick.

Motion carried.

ACTION: The Secretary was instructed to advise the German Shepherd Dog Club of Greater Ottawa why it is not possible for the Board to reconsider its previous decision before the meeting of the Board in January.

SUBJECT: The Secretary reported that the question had been raised as to whether it is permissible for a club, formed to further the interests of obedience trials and obedience training, to hold a show of any kind under the Club's rules.

MOTION #436-60

Moved by Mr. Monaghan, seconded by Mr. Blyth:

"THAT, this question be referred to the next annual meeting of the Board."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

ABSENT (temporarily): Mr. MacKendrick.

Motion carried.

11 D 63. UNOFFICIAL CLASSES

REPORT: The Secretary reported that he had consulted the national Board on the following question: "Is a male (a Champion) eligible for entry, with get, in the Stud Dog and Get Class, at a championship show held under the Club's rules, if, for reasons of health, the dog's testicles had been removed?".

The Secretary read:

(1) letters from the following members of the Board who felt that such a dog is not eligible to enter the show building by reasons of the provisions of Chapter 14, Section 1, of the Dog Show Rules: Mrs. Gove, Mr. Anderson, Mrs. Southcott, Mr. Dawson, Mr. Gratton;

(2) a letter from Mr. Williams who thought this "would be an isolated case and see no reason for refusal of entry" but the owner must provide certified proof of operation and "date to confirm that progeny was born previous to operation";

(3) a letter from Mr. Little who felt the dog to be eligible for entry, but who said that "the sooner we get rid of these silly classes the better our shows are going to be";

(4) a letter from Mr. Irving who felt that the fact that, for reasons of health, the dog had been neutered should not deny him the privilege of being entered with his progeny in this class.

MOTION #437-60

Moved by Mr. Monaghan, seconded by Mrs. Dery:

"THAT, having regard for the majority opinion of the national Board such a dog is not eligible for entry at a show held under Canadian Kennel Club rules."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

OBEDIENCE TRIALS

12 OB 8. REPORT OF CHAIRMAN OF COUNCIL

The Secretary read the following report (dated October 4th) received from the Chairman of the Obedience Council:

"Numerous reports from Obedience Representatives or their deputies attending Obedience Trials have been received and letters of congratulations on well run events have been sent to the Ladies Kennel Club of Canada, St. John Obedience Training Club, River Valley Field Trial and Obedience Club, Moncton Kennel Club, Pacific National Exhibition, Forest City Kennel Club, St. Catharines & District Kennel & Obedience Club, Burlington & District Kennel Club, Kingston & District Kennel Club, Ontario County Kennel Club, Obedience Association (Ontario) London Branch, Kitchener-Waterloo Kennel Club and the Oshawa Obedience Association. Letters of a helpful nature were written to a few clubs where it was deemed necessary, and minor infractions in judging procedure were brought to the attention of several judges.

A meeting of the Chairman's Standing Committee was held on Monday evening, October 3rd. The complete files for Mr. Gordon Ashcroft and Mr. Lawrence Wach were reviewed, and it is recommended that these two applicants be approved to judge the Novice and the Open Obedience Classes. With regard to these two particular files, it was noted that although both gentlemen had served three apprenticeships, they had been under two judges. This fact was discussed, and while it was felt that apprentices should be required to serve under three different judges, since at the present time there is nothing specific which clearly states this in the approved procedure, approval to judge could not be withheld on those grounds. The committee recommends that the rules of procedure for apprentice judges be clarified in this respect.

Since the Chairman of the Obedience Council had been directed by the Board at its Semi-Annual Meeting to approach the Council with a view to drawing up a proposed amendment dealing with additional official and unofficial classes in Obedience, this matter was discussed. Recently, the Chairman had received from the Association of Obedience Clubs and Judges, Inc. (U.S.) a report containing the exercises for a proposed Graduate Open Class. While the Committee was not too favourably impressed with some sections of this proposed class, copies are being made which will be distributed to the Council for their views. The entire matter of additional official classes and unofficial classes is too important to rush into, and it is felt that much thought and care should be taken before a proposed amendment is drawn up.

The matter of the number of dogs each apprentice should be required to judge in each class before being approved as a judge was considered carefully, and with the thought in mind that entries at Obedience Trials in some areas of the country are comparatively small, it was felt that a fair minimum number should be a total of 18 Novice, 9 Open and 6 Utility entries." (end of report)

MOTION #438-60

Moved by Mr. MacKendrick, seconded by Mr. Blyth:

"THAT, the recommendations set forth in the Chairman's report be approved."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

ACTION: The Secretary was instructed to consult the national Board on the question of the number of different judges an applicant must apprentice under before a final decision is reached on his application, and the majority opinion of the national Board be set up as a Standing Resolution.

SUBJECT: The Secretary:

(1) referred to the resolution (#382-60) adopted at the semi-annual meeting of the Board after Mrs. Southcott had requested that the Board reconsider its previous decision (resolution #174-60) with regard to the requirements of those seeking to establish their eligibility to judge tracking tests held under the rules of the Club;

(2) reported that members of the Board had been provided with a copy of a letter, dated September 3rd, received from Mrs. Southcott in which she had given notice of motion, for this meeting, to rescind the resolution #174-60, and read:

(a) a letter from Mr. Anderson stating that he is in favour of rescinding resolution #174-60, is in favour of altering the present requirements along the line set forth by Mrs. Southcott in her letter of Sept. 3rd, but is of the opinion that tracking should be set up as a separate and distinct form of event with its own rules and regulations;

(b) a letter from Mr. Dawson stating that he is in favour of rescinding resolution #174-60 and of altering the requirements as recommended by Mrs. Southcott;

(c) a letter from Mrs. Gove who favoured referring the matter to the next annual meeting and is against rescinding the resolution at this time;

(d) a letter from Mr. Gratton stating that he is in favour of rescinding resolution #174-60 and in favour of altering the requirements as recommended by Mrs. Southcott;

(e) a letter from Mr. Irving who suggested a different plan than that recommended by Mrs. Southcott;

(f) a letter (forwarded by Mr. Irving) from Mr. Donald B. Hudson (Obedience Representative for Vancouver Island) who outlined his views on "the real requirements for a tracking judge" and who concluded with the opinion "that twenty apprenticeships would not produce a better judge than one apprenticeship" and "apprenticing has little or no bearing on the quality of judging";

(g) a letter from Mr. Little who stated that he is in favour of rescinding resolution #174-60;

(h) a letter from Mr. Monaghan who pointed out "that Mrs. Southcott's proposal is not being put forward in the proper form" and outlining the procedure which he believed must be followed if the Board is to rescind resolution #174-60 in the proper manner.

The Secretary read a petition submitted by the German Shepherd Dog Club of Canada which:

(1) asked the Board to re-appraise the current conditions re the apprenticing and approval of tracking test judges;

(2) applied for the approval of Mr. Fred Pfeifle, of Acton, Ont. as a judge of tracking tests, the submission outlining Mr. Pfeifle's qualifications and experience and his status as an approved judge of obedience and tracking in Germany.

DISCUSSION: During a discussion which followed it was suggested that approval of Mr. Pfeifle and R. C. M. P. Dogmasters as tracking test judges would help relieve the shortage of qualified Canadian judges of tracking tests.

MOTION #439-60

Moved by Mr. Monaghan, seconded by Mr. Irving:

"THAT, in the light of the information given the Board, Mr. Fred Pfeifle be approved as a tracking test judge."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan, Mrs. Southcott.

Motion carried.

MOTION #440-60

Moved by Mr. Monaghan, seconded by Mr. Irving:

"THAT, in order to relieve the shortage of qualified tracking test judges, this Board gives approval of R. C. M. P. Dogmasters as judges of tracking tests."

FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mr. Monaghan,

Mrs. Southcott.

Motion carried.

DISCUSSION: The Board reviewed the letters received from members of the Board, and the views expressed at this meeting, with regard to rescinding resolution #174-60 and adopting the procedure recommended by Mrs. Southcott, and agreed that the following represented the opinion of the national Board:
IN FAVOUR: Mr. MacCallum, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Dery, Mr. MacKendrick, Mr. McDerment, Mrs. Southcott.
AGAINST: Mrs. Gove, Mr. Irving, Mr. Monaghan.

------Mr. Monaghan left the meeting at this time.

MOTION #441-60
Moved by Mr. MacKendrick, seconded by Mrs. Dery:
"THAT, in view of the national Board's vote, the recommendation of the Chairman of the Obedience Council be implemented and resolution #174-60 be and is hereby rescinded, and the further recommendation of the Chairman with regard to qualifying applicants for approval to judge tracking tests be implemented."
FOR THE MOTION: Mr. MacCallum, Mr. Blyth, Mrs. Dery, Mr. MacKendrick, Mr. McDerment, Mrs. Southcott.
AGAINST THE MOTION: Mr. Irving.
Motion carried.

SUBJECT: The Secretary reported that the Burlington & District Kennel Club had scheduled a number of unofficial classes at its licensed obedience trial to be held December 4th, and sought an instruction with regard to definitions for such classes.
ACTION: It was agreed that until such time as the recommendations of the Obedience Council are received and considered by the Board (see resolution #364-60), the Burlington & District Kennel Club may publish its own definitions for the unofficial classes which it wishes to stage at its trial.

12 OB 17. DATES

SUBJECT: The Secretary reported that an obedience club has enquired whether priority rights may be obtained with regard to trial dates. Mrs. Dery reported that an obedience club in Quebec had also enquired whether it may, through priority rights, protect the dates on which it is accustomed to hold obedience trials in each year.
ACTION: The question was ordered referred to the Chairman of the Obedience Council for consideration and later report to the Board.

FIELD TRIALS

13 FT 9. BEAGLE FIELD TRIALS

SUBJECT: Mrs. Dery stated, and handed the Secretary written notice, that at the next regular Board meeting she would move the following motion:
"THAT, Motion #385-60, which reads as follows:
'THAT, the Secretary amend the instructions sent to official measurers in conformity with the terms of resolution #419-58.'
be rescinded."

------Mrs. Dery left the meeting at this time.

13 FT 28. RETRIEVER TRIALS

SUBJECT: The Secretary:
(1) reported that he had received a request to allocate the title of Amateur Field Trial Champion on a Golden Retriever owned by the person from whom he had received the request;
(2) read the provisions of Chapter 10, Sections 20 and 24A of the Field Trial Rules and Regulations.
ACTION: The Secretary was instructed to advise the applicant that this request could only be considered when he had furnished the Secretary with the written statement of the Field Trial Committee of each trial at which the dog had earned points towards its Amateur Field Trial championship that such Committee considered the owner of the dog as an amateur for the purpose of their particular trial.

13 FT 34. SPANIEL TRIALS

SUBJECT: The Secretary:
(1) reported that The Spaniel Field Trial Association of Ontario was responsible for an application to hold a licensed trial (Open All-Age Stake only) near London, Ont. on November 26th and 27th, 1960, the winner of which would be designated as the 'National Spaniel Champion of 1960';
(2) reported that additional information with regard to this proposed National Spaniel Championship Stake had been obtained and forwarded to members of the Board;
(3) read a letter from Mr. Dawson stating that he is in favour of granting the application;
(4) read a letter from Mr. Little stating that he would be governed by the recommendation of the Chairman of the Field Trial Council.
DISCUSSION: During the discussion which followed these points were considered:
(1) whether weather conditions that late in November would be satisfactory;
(2) whether the event, if permitted, should be strictly a national championship stake, not an open all-age stake;
(3) whether the winner of the stake, if not already a Field Trial Champion, should be granted that title as is the winner of the National Championship Stake for Retrievers.

MOTION #442-60
Moved by Mr. Irving, seconded by Mr. MacKendrick:
"THAT, the matter be left in the hands of Mr. Blyth, Chairman of the Field Trial Council, for a few days and the Secretary be guided by his recommendation."
FOR THE MOTION: Mr. MacCallum, Mr. Irving, Mr. MacKendrick, Mr. McDerment, Mrs. Southcott.
ABSTAINED FROM VOTING: Mr. Blyth (being named in the motion).
Motion carried.

SUBJECT: A letter from the President of the English Springer Spaniel Club of Canada requesting the Board's consideration of a plan with regard to arrangements for and the issuance of 'Working Certificates' for English Springer Spaniels.
ACTION: The matter was ordered referred to the Chairman of the Field Trial Council for consideration and report to the Board.

13 FT 35. LETTER FROM THE WEIMARANER CLUB OF CANADA

SUBJECT: A letter requesting that The Canadian Kennel Club take the necessary steps to allow Weimaraners to become eligible to enter and compete in licensed field trials for Retrievers.
ACTION: The matter was ordered referred to the Chairman of the Field Trial Council for consideration and report to the Board.

GOOD AND WELFARE

14 G 14. SLED DOG RACING

SUBJECT: The Secretary read a letter from Mr. J. M. McDougall, Director of the Laurentian Sled Dog Club, pointing out that the Club is holding, under C.K.C. rules, a specialty show for Samoyeds, Alaskan Malamutes, and Siberian Huskies, in conjunction with its 12th Annual Dog Derby in January, and suggesting that the interest of pure-bred sled dogs would be advanced if The Canadian Kennel Club would offer a trophy and purse of $25.00 'for the team of all purebred C.K.C. or A.K.C. registered sled dogs turning in fastest total combined time for the race'.
DISCUSSION: During the discussion which followed it was stated that the Club does not, at present, offer trophies or cash prizes at other events held under the Club's Rules.
ACTION: The Secretary was instructed to offer an engraved certificate for the award of Best in Show at the specialty show.

14 G 23. MISCELLANEOUS

SUBJECT: A letter from Mr. Okill Stuart, Banquet Chairman of the Quebec & Eastern Ontario Beagle Association, inviting the Secretary and Mrs. Brown to attend the "First Annual Award Dinner" to be held by the Association at Dorion, P.Q. on Saturday, October 29th.

MOTION #443-60
Moved by Mr. MacKendrick, seconded by Mr. Irving:
"THAT, the Secretary be authorized to attend this banquet."

NOTICE

SUBJECT: Breed Standards

NOTICE is hereby given that at its annual meeting which commences on February 3, 1961, the Board of Directors of The Canadian Kennel Club will consider whether it should approve, and declare effective in Canada, the following changes in breed standards previously approved by The American Kennel Club:

1. New standards for the Bullmastiff, Australian Terrier, Alaskan Malamute, Puli, Boxer, and Irish Setter.
2. Changes in the standards for the Kerry Blue Terrier, West Highland White Terrier, Clumber Spaniel, Griffon (Brussels), Pomeranian, Pointer (German Wire-haired), Basset Hound, Dandie Dinmont Terrier, and the Australian Terrier (changes to apply to new standard for Australian Terrier referred to in 1. above).

These proposed new standards and changes in standards are published in this issue. All persons and organizations interested are invited to submit to the Secretary, The Canadian Kennel Club, 667 Yonge Street, Toronto, Ontario, his, her or their comments on these new standards and changes in breed standards, but must, in each instance, set forth his, her or their reasons for being interested. All comments must reach the Secretary not later than January 15, 1961.

Standard for Bull-Mastiffs

General Appearance—That of a symmetrical animal, showing great strength; powerfully built but active. The dog is fearless yet docile, has endurance and alertness. The foundation breeding was 60% Mastiff and 40% Bulldog.

Head—Skull large, with a fair amount of wrinkle when alert; broad, with cheeks well developed. Forehead flat. Muzzle broad and deep; its length, in comparison with that of the entire head, approximately as 1 is to 3. Lack of foreface with nostrils set on top of muzzle is a reversion to the Bulldog and is very undesirable. Nose black with nostrils large and broad. Flews not too pendulous, stop moderate, and the mouth (bite) preferably level or slightly undershot. Canine teeth large and set wide apart. A dark muzzle is preferable. **Eyes** dark and of medium size. **Ears** v-shaped and carried close to the cheeks, set on wide and high, level with occiput and cheeks, giving a square appearance to the skull; darker in color than the body and medium in size. **Neck** slightly arched, of moderate length, very muscular, and almost equal in circumference to the skull.

Body—Compact. Chest wide and deep, with ribs well sprung and well set down between the forelegs. **Forequarters**—Shoulders muscular but not loaded, and slightly sloping. Forelegs straight, well boned and set well apart; elbows square. Pasterns straight, feet of medium size, with round toes well arched. Pads thick and tough, nails black. **Back** short, giving the impression of a well balanced dog. **Loins** wide, muscular and slightly arched, with fair depth of flank. **Hindquarters** broad and muscular with well developed second thigh denoting power, but not cumbersome. Moderate angulation at hocks. Cow hocks and splay feet are bad faults. **Tail** set on high, strong at the root and tapering to the hocks. It may be straight or curved, but never carried hound fashion.

Coat—Short and dense, giving good weather protection. **Color**—Red, fawn or brindle. Except for a very small white spot on the chest, white marking is considered a fault.

Size—Dogs, 25 to 27 inches at the shoulder, and 110 to 130 pounds weight. Bitches, 24 to 26 inches at the shoulder, and 100 to 120 pounds weight. Other things being equal, the heavier dog is favored.

Standard for Australian Terriers

General Appearance—A small, sturdy, rough-coated terrier of spirited action and self-assured manner.

Head—Long, flat-skulled and full between the eyes, with the stop moderate. The muzzle is no longer than the distance from the eyes to the occiput. Jaws long and powerful, teeth of good size meeting in a scissors bite, although a level bite is acceptable. Nose black. **Ears** set high on the skull and well apart. They are small and pricked, the leather either pointed or slightly rounded and free from long hairs. **Eyes** small, dark and keen in expression; not prominent. Light-colored and protruding eyes are faulty.

Neck—Inclined to be long, and tapering into sloping shoulders; well furnished with hair which forms a protective ruff.

Body—Low-set and slightly longer from the withers to the root of the tail than from the withers to the ground. Chest medium wide, and deep, with ribs well sprung but not round. Topline level. **Tail** set on high and carried erect but not too gay; docked leaving two-fifths. **Legs and Feet**—Forelegs straight and slightly feathered to the carpus or so-called knee; they are set well under the body with elbows close and pasterns strong. Hindquarters strong and well muscled but not heavy; legs moderately angulated at stifles and hocks, with hocks well let down. Bone medium in size. Feet are small, clean and cat-like, the toes arched and compact, nicely padded and free from long hair. Nails strong and black.

Coat—Outer coat harsh and straight, and about two and one-half inches all over the body. Under coat short, soft and woolly. The topknot, which covers only the top of the skull, is of finer texture and lighter color than the body coat.

Color—May be blue-black or silver-black, with rich tan markings on head and legs. The blue-black is bluish at the roots and dark at the tips. In the silver-blacks each hair carries black and silver alternating, with black at the tips. The tan is rich and deep, the richer the better. Also, sandy color, clear red and chocolate with tan markings are permissible but not as desirable, other things being equal, as the blue and tan. In the sandies any suggestion of shading or smuttiness is undesirable.

Gait—Straight and true; sprightly, indicating spirit and assurance.

Temperament—That of a hard-bitten terrier, with aggressiveness of the natural ratter and hedge-hunter, but as a companion, friendly, affectionate and biddable.

Size—Shoulder height, about 10 inches. Average weight 12 to 14 pounds.

Standard for Alaskan Malamutes

GENERAL APPEARANCE AND CHARACTERISTICS. The Alaskan Malamute is a powerful and substantially built dog with deep chest and strong, compact body, not too short coupled, with a thick, coarse guard coat of sufficient length to protect a dense, wooly undercoat, from 1 to 2 inches in depth when dog is in full coat. Stands well over pads, and this stance gives the appearance of much activity, showing interest and curiosity. The head is broad, ears wedge shaped and erect when alerted. The muzzle is bulky with only slight diminishing in width and depth from root to nose, not pointed or long, but not stubby. The Malamute moves with a proud carriage, head erect and eyes alert. Face markings are a distinguishing feature. These consist of either cap over head and rest of face solid color, usually greyish white, or face marked with the appearance of a mask. Combinations of cap and mask are not unusual. The tail is plumed and carried over the back, not like a fox brush, or tightly curled, more like a plume waving.

Malamutes are of various colors, but are usually wolfish grey or black and white. Their feet are of the "snow shoe" type, tight and deep, with well-cushioned pads, giving a firm and compact appearance. Front legs are straight with big bone. Hind legs are broad and powerful, moderately bent at stifles, and without cowhocks. The back is straight, gently sloping from shoulders to hips. The loin should not be so short or tight as to interfere with easy tireless movement. Endurance and intelligence are shown in body and expression. The eyes have a "wolflike" appearance by their position, but the expression is soft and indicates an affectionate disposition.

TEMPERAMENT. The Alaskan Malamute is an affectionate, friendly dog, not a 'one-man' dog. He is a loyal, devoted companion, playful on invitation, but generally impressive by his dignity after maturity.

HEAD. The head should indicate a high degree of intelligence, and is broad and powerful as compared with other "natural" breeds, but should be in proportion to the size of the dog so as not to make the dog appear clumsy or coarse. **SKULL.** The skull should be broad between the ears, gradually narrowing to eyes, moderately rounded between ears, flattening on top as it approaches the eyes, rounding off to cheeks, which should be moderately flat. There should be a slight furrow between the eyes; the top line of skull and top line of the muzzle showing but little break downward from a straight line as they join.

MUZZLE. The muzzle should be large and bulky in proportion to size of skull, diminishing but little in width and depth from junction with skull to nose; lips close fitting; nose black; upper and lower jaws broad with large teeth, front teeth meeting with a scissors grip but never overshot or undershot.

EYES. Brown, almond shaped, moderately large for this shape of eye, set obliquely in skull. Dark eyes preferred.

EARS. The ears should be of medium size, but small in proportion to head. The upper halves of the ears are triangular in shape, slightly rounded at tips, set wide apart on outside back edges of the skull with the lower part of the ear joining the skull on a line with the upper corner of the eye, giving the tips of the ears the appearance, when erect, of standing off from the skull. When erect, the ears point slightly forward, but when the dog is at work the ears are sometimes folded against the skull. High set ears are a fault.

NECK. The neck should be strong and moderately arched.

BODY. The chest should be strong and deep; body should be strong and compactly built but not short coupled. The back should be straight and gently sloping to the hips. The loins should be well muscled and not so short as to interfere with easy, rhythmic movement with powerful drive from the hindquarters. A long loin which weakens the back is also a fault. No excess weight.

SHOULDERS, LEGS AND FEET. Shoulders should be moderately sloping; forelegs heavily boned and muscled, straight to pasterns, which should be short and strong and almost vertical as viewed from the side. The feet should be large and compact, toes tight-fitting and well arched, pads thick and tough, toe nails short and strong. There should be a protective growth of hair between toes. Hind legs must be broad and powerfully muscled through thighs; stifles moderately bent, hock joints broad and strong, moderately bent and well let down. As viewed from behind, the hind legs should not appear bowed in bone, but stand and move true, in line with movement of the front legs, and not too close or too wide. The legs of the Malamute must indicate unusual strength and tremendous propelling power. Any indication of unsoundness in legs or feet, standing or moving, is to be considered a serious fault. Dewclaws on the hind legs are undesirable and should be removed shortly after pups are whelped.

TAIL. Moderately set and following the line of the spine at the start, well-furred and carried over the back when not working, not tightly curled to rest on back, or short-furred and carried like a fox brush, a waving plume appearance, instead.

COAT. The Malamute should have a thick, coarse, guard coat, not long and soft. The undercoat is dense, from 1 to 2 inches in depth, oily and wooly. The coarse guard coat stands out, and there is a thick fur around the neck. The guard coat varies in length as does the undercoat, however, in general, the coat is moderately short to medium along the sides of the body with the length of the coat increasing somewhat around the shoulders and neck, down the back and over the rump, as well as in the breeching and plume. Malamutes usually have shorter and less dense coats when shed out during the summer months.

COLOR AND MARKINGS. The usual colors range from light grey through the intermediate shadings to black, always with white on underbodies, parts of legs, feet and part of mask markings. Markings should be either cap-like

and/or mask-like on face. A white blaze on forehead and/or collar or spot on nape is attractive and acceptable, but broken color extending over the body in spots or uneven splashings is undesirable. One should distinguish between mantled dogs and splash-coated dogs. The only solid color allowable is the all-white.

SIZE. There is a natural range in size in the breed. The desirable freighting sizes are:

MALES: 25 inches at the shoulders—85 pounds

FEMALES: 23 inches at the shoulders—75 pounds

However, size consideration should not outweigh that of type, proportion and functional attributes, such as shoulders, chest, legs, feet and movement. When dogs are judged equal in type, proportion and functional attributes, the dog nearest the desirable freighting size is to be preferred.

IMPORTANT. In judging Alaskan Malamutes their function as a sledge dog for heavy freighting must be given consideration above all else. The judge must bear in mind that this breed is designed primarily as the working sledge dog of the North for hauling heavy freight, and therefore, he should be a heavy-boned, powerfully built, compact dog with sound legs, good feet, deep chest, powerful shoulders, steady, balanced, tireless gait, and the other physical equipment necessary for the efficient performance of his job. He isn't intended as a racing sled dog designed to compete in speed trials with the smaller Northern breeds. The Malamute as a sledge dog for heavy freighting is designed for strength and endurance and any characteristic of the individual specimen, including temperament, which interferes with the accomplishment of this purpose are to be considered the most serious of faults. Faults under this provision would be splay-footedness, any indication of unsoundness or weakness in legs, cowhocks, bad pasterns, straight shoulders, lack of angulation, stilted gaits or any gait which isn't balanced, strong and steady; ranginess, shallowness, ponderousness, lightness of bone, poor over-all proportion and similar characteristics.

SCALE OF POINTS

General Appearance	20
Head	15
Body	20
Legs and Movement	20
Feet	10
Coat and Color	10
Tail	5

Standard for Pulik

General Appearance—A dog of medium size, vigorous, alert and extremely active. By nature affectionate, he is a devoted and home-loving companion, sensibly suspicious of strangers and therefore an excellent guard. Striking and highly characteristic is the shaggy coat which centuries ago fitted him for the strenuous work of herding the flocks on the plains of Hungary.

Head—Of medium size, in proportion to the body. The skull is slightly domed and not too broad. Stop clearly defined but not abrupt, neither dished nor downfaced, with a strong muzzle of medium length ending in a nose of good size. Teeth are strong and comparatively large, and the bite may be either level or scissors. Flews tight. **Ears** hanging and **set** fairly high, medium size and v-shaped. **Eyes** deep set and rather large, should be dark brown but lighter color is not a serious fault.

Neck and Shoulders—Neck strong and muscular, of medium length and free of throatiness. Shoulders clean cut and sloping, with elbows close.

Body—The chest is deep and fairly broad with ribs well sprung. Back of medium length, straight and level, the rump sloping moderately. Fairly broad across the loins and well tucked up. **Tail**—Occasionally born bobtail which is acceptable, but never cut. The tail is carried curled over the back when alert; carried low with the end curled up when at rest.

Legs and Feet—Forelegs straight, strong and well boned. Feet round and compact with thick cushioned pads and strong nails. Hindquarters well developed, moderately broad through the stifle which is well bent and muscular. Dew claws, if any, may be removed from both forelegs and hind legs.

Coat—Characteristic of the breed is the dense, weather resisting double coat. The outer coat, long and of medium texture, is never silky. It may be straight, wavy, or slightly curly, the more curly coat appearing to be somewhat shorter. The undercoat is soft, woolly, and dense. The coat mats easily, the hair tending to cling together in bunches giving a somewhat corded appearance even when groomed. The hair is profuse on the head, ears, face, stifles, and tail, and the feet are well haired between the toes. Usually shown combed, but may also be shown uncombed with the coat hanging in tight even cords.

Color—Solid colors, black, rusty-black, various shades of gray, and white. The black usually appears weathered and rusty or slightly gray. The intermixture of hair of different colors is acceptable and is usually present in the grays, but must be uniform throughout the coat so that the overall appearance of a solid color is maintained. Nose, flews, and eyelids are black.

Height—Males about 17 inches, and should not exceed 19 inches. Females about 16 inches, and should not exceed 18 inches.

Serious Faults—Overshot or undershot. Lack of undercoat, short or sparse coat. White markings such as white paws or spot on chest. Flesh color on nose, flews, or eyelids. Coat with areas of two or more colors at the skin.

Standard for Boxers

The Boxer is a medium-sized, sturdy dog, of square build, with short back, strong limbs and short tight-fitting coat. His musculation, well developed, should be clean, hard and appear smooth (not bulgy) under taut skin. His movements should denote energy. The gait although firm is elastic (springy), the stride free and ground-covering, the carriage proud and noble. Developed to serve the multiple purposes of guard, working and escort-dog, he must combine elegance with substance and ample power, not alone for beauty but to insure the speed, dexterity and jumping ability essential to arduous hike, riding expedition, police or military duty. Only a body whose individual parts are built to withstand the most strenuous efforts, assembled as a complete and harmonious whole, can respond to these combined demands. Therefore, to be at his highest efficiency he must never be plump or heavy and, while equipped for great speed, he must never be racy.

The head imparts to the Boxer a unique individual stamp peculiar to him alone. It must be in perfect proportion to his body, never small in comparison to the over-all picture. His muzzle is his most distinctive feature and the greatest value is to be placed on its being of correct form and in absolute proper proportion to the skull.

In judging the Boxer, the first thing to be considered is general appearance, then balance; the relation of substance to elegance and of the desired proportions of the individual parts of the body to each other.

Consideration is to be given to an attractive color. After which the individual parts are to be examined for their correct constructions and their functions. Special attention is to be devoted to the head.

Faults: Head not typical, plump bull-doggy appearance, light bone, lack of balance, bad condition, deficiency in nobility.

Head: The beauty of the head depends upon the harmonious proportion between the muzzle and the skull. The muzzle should always appear powerful, never small in its relationship to the skull. The head should be clean, not showing deep wrinkles. Folds will normally appear upon the forehead when the ears are erect, and they are always indicated from the lower edge of the stop running downward on both sides of the muzzle. The dark mask is confined to the muzzle and is in distinct contrast to the color of the head. Any extension of the mask to the skull, other than dark shading around the eyes, creates a somber undesirable expression. The muzzle is powerfully developed in length, width and depth. It is not pointed, narrow, short or shallow. Its shape is influenced first through the formation of both jawbones, second through the placement of teeth, and third through the texture of the lips.

The two jawbones do not terminate in the usual scissor-bite, instead the lower jaw protrudes moderately beyond the upper and bends **slightly** upward. The Boxer is normally undershot. The upper jaw is broad where attached to the skull and maintains this breadth except for a very slight tapering to the front. The lower jaw incisor teeth are in a straight line. In the upper jaw they are slightly rounded. The middle incisors should not project. This formation creates frontal width in both jaws and results in the canine teeth being widely separated from each other. The upper corner incisors should fit snugly back of the lower canine teeth, the pre-molars, anterior palative formamen (a technical term pertaining to the placing of teeth) and molars fitting in the most normal possible manner, creating a sound, powerful bite.

The lips complete the formation of the muzzle. The upper lip is thick and padded, filling out the frontal space formed by the projection of the lower jaw and it is supported by the jaw's fangs. Therefore, these fangs must stand far apart and be of good length so that the front surface of the muzzle shall become broad and squarish and, when viewed from the side, form a rounded angle with the top line of the muzzle. The lower edge of the upper lip rests on the edge of the lower lip. The repandous (bent upward) part of the under-jaw with the lower lip (sometimes called the chin) must not rise above the front of the upper lip, but much less may it disappear under it. It must be perceptible when viewed from the front as well as the side, without protruding and bending upward in the manner of the English Bulldog. The Boxer must not show his teeth or his tongue when his mouth is closed. Excessive flews are not desirable.

The top of the skull is slightly arched, not rotund, or flat nor noticeably broad, and the occiput must not be too pronounced. The forehead forms a distinct stop with the top line of the muzzle, which must not be forced back into the forehead like that of a Bulldog. It should not slant up, nor down (down-faced), nor be dished. The tip of the nose lies somewhat higher than the root of the muzzle. The forehead shows a suggestion of furrow which, however, must never be too deep, especially between the eyes. Corresponding with the powerful set of teeth, the cheeks are accordingly well developed, without protruding from the head with too bulgy an appearance, preferably they should taper into the muzzle in a slight, graceful curve. The ears are cut rather long, well trimmed and carried erect. The dark brown eyes, not too small, not protruding, nor deep-set, disclose an alert and intelligent expression, and must never appear gloomy, threatening or piercing; they should be encircled by dark hair. The nose is broad and black, very slightly turned up; the nostrils are broad with the naso-labial line running between them.

Faults: Lack of nobility and expression, somber face, unserviceable bite. Pinscher or Bulldog head, badly trimmed ears, visible conjunctiva (haw), driveling, showing teeth or tongue, light so-called "Bird of Prey" eyes. Sloping top line of muzzle, too pointed or too light a bite (snipey).

Neck: Round, of ample length, not too short; strong and muscular and clean throughout, without dewlap, with a distinctly marked nape and an elegant arch running down to the back.

Faults: Dewlap.

Body: Body is square. Measured in profile, a horizontal line from the front of the forechest to the rear projection of the upper thigh should equal a vertical line dropped from the top of the withers to the ground.

Chest and Front Leg Measurements: The brisket is deep, reaching down to the elbows; the depth of the body at the lowest point of the brisket amounts to half the height of the dog at the withers. The ribs, extending far to the rear, are well arched but not barrel-shaped. The loins are short and muscular; the lower stomach line, lightly tucked up, blending into a graceful curve to the rear. The shoulders are long and sloping, close lying and not excessively covered with muscle. The upper arm is long, closely approaching a right angle to the shoulder blade. The forelegs when seen from the front, must be straight, stand parallel to each other, and have strong, firmly joined bones. Chest of fair width, and forechest well defined. The elbows must not press too closely to the chest wall nor stand off visibly from it. The forearm is straight, long and firmly muscled. The pastern (knee) joint of the foreleg is clearly defined but not distended. The pastern is short, slightly slanting, but standing almost perpendicular to the ground. Feet compact, turning neither in nor out, with tightly arched toes and hard soles (cats paws).

Faults: Too broad and low in front, loose shoulders, chest hanging between the shoulders, hare's feet, hollow flanks, hanging stomach, turned feet, tied-in elbows.

Back: The withers should be clearly defined,

the whole back short, straight and very muscular.

Faults: Roach back, sway back, thin lean back, long narrow loins, weak union with croup.

Hindquarters: In balance with forequarters; strongly muscled. The thighs broad and curved, the breech musculation strongly developed. The croup very slightly sloped, broad. Tail attachment high, rather than low. Tail clipped, carried upward. The pelvis should be long and especially broad in females. Upper and lower thigh long, leg well angulated. In standing position, the leg below the hock joint should be practically perpendicular to the ground (a slight slope is permissible). Viewed from behind the hind legs are straight. The hocks (metatarsus) clean, strong and short, supported by powerful rear pads with hock joint clean-cut and clearly defined. The rear toes just a little longer than the front toes, but similar in all other respects.

Faults: Falling off or too rounded or narrow croup, low-set tail, higher in back than in front; steep, stiff or too slightly angulated hindquarters, light thighs, cow hocks, bowlegs and crooked legs, rear dewclaws, soft hocks, narrow heel, tottering, waddling gait, hare feet, hindquarters too far under or too far behind.

Height: Males. . . . 22 inches to 24 inches at the withers
Females. . . . 21 inches to 23 inches at the withers

Males should not go under 22 inches and females should not go over 23 inches.

Coat: Short, shiny, lying smooth and tight to the body.

Color: The colors are fawn and brindle. Fawn in various shades from light yellow to dark deer red. The brindle variety should have clearly defined black stripes on fawn background. White markings in fawn and brindle dogs are not to be rejected; in fact, they are often very attractive in appearance. The black mask is absolutely required. When white occurs on the muzzle it should be edged by remnants of the black mask. Black toenails are preferred but not essential. Even distribution of head markings is desirable.

Character: The character of the Boxer is of the greatest importance and demands the most solicitous attention. He should be alert and fearless; willing to make friends, but not necessarily effusive.

Faults: Shyness—A dog should be considered shy if he shrinks away from a friendly approach or displays timidity when approached from the rear, or displays cowardice over sudden and unusual noises.

Visciousness: A dog should be considered vicious that attempts to attack either his handler or the judge. Belligerency towards other dogs should not be considered viciousness.

Disqualifications: Boxers with white or black ground color, or entirely white or black or any color other than fawn or brindle. (White markings are allowed but must not exceed one-third (1/3) of the ground color).

Standard for Irish Setters

GENERAL APPEARANCE: The Irish Setter is an active, aristocratic bird-dog, rich red in color, substantial yet elegant in build. Standing over two feet tall at the shoulder, the dog has a straight, fine, glossy coat, longer on ears, chest, tail and back of legs. Afield he is a swift-moving hunter; at home, a sweet-natured, trainable companion. His is a rollicking personality.

HEAD: Long and lean, its length at least double the width between the ears. The brow is raised, showing a distinct stop midway between the tip of nose and the well-defined occiput (rear point of skull). Thus the nearly level line from occiput to brow is set a little above, and parallel to, the straight and equal line from eye to nose. The skull is oval when viewed from above or front; very slightly domed when viewed in profile. Beauty of head is emphasized by delicate chiseling along the muzzle, around and below the eyes, and along the cheeks. Muzzle moderately deep, nostrils wide, jaws of nearly equal length. Upper lips fairly square but not pendulous, the underline of the jaws being almost parallel with the top line of the muzzle. The teeth meet in a scissors bite in which the upper incisors fit closely over the lower, or they may meet evenly. **Nose:** Black or chocolate. **Eyes:** Somewhat almond-shaped, of medium size, placed rather well apart; neither deep-set nor bulging. Color, dark to medium brown. Expression soft yet alert. **Ears:** Set well back and low, not above level of eye. Leather thin, hanging in a neat fold close to the head, and nearly long enough to reach the nose.

NECK: Moderately long, strong but not thick, and slightly arched; free from throatiness, and fitting smoothly into the shoulders.

BODY: Sufficiently long to permit a straight and free stride. Shoulder blades long, wide, sloping well back, fairly close together at the top, and joined in front to long upper arms angled to bring the elbows slightly rearward along the brisket. Chest deep, reaching approximately to the elbows; rather narrow in front. Ribs well sprung. Loins of moderate length, muscular and slightly arched. Top line of body from withers to tail slopes slightly downward without sharp drop at the croup. Hindquarters should be wide and powerful with broad, well-developed thighs. **Legs and Feet:** All legs sturdy, with plenty of bone, and strong, nearly straight pasterns. Feet rather small, very firm, toes arched and close. Forelegs straight and sinewy, the elbows moving freely. Hind legs long and muscular from hip to hock, short and nearly perpendicular from hock to ground; well angulated at stifle and hock joints, which, like the elbows, incline neither in nor out. **Tail:** Strong at root, tapering to fine point, about long enough to reach the hock. Carriage straight or curving slightly upward, nearly level with the back.

COAT: Short and fine on head, forelegs and tips of ears; on all other parts, of moderate length and flat. Feathering long and silky on ears; on back of forelegs and thighs long and fine, with a pleasing fringe of hair on belly and brisket extending onto the chest. Feet well feathered between the toes. Fringe on tail moderately long and tapering. All coat and feathering as straight and free as possible from curl or wave.

COLOR: Mahogany or rich chestnut red, with no trace of black. A small amount of white on chest, throat, or toes, or a narrow centered streak on skull, is not to be penalized.

SIZE: There is no disqualification as to size. The make and fit of all parts and their overall **balance** in the animal are rated more important. Twenty-seven inches at the withers with a show weight of about seventy pounds is considered ideal for a dog; the bitch twenty-five inches, sixty pounds. Variance beyond an inch up or down to be discouraged.

GAIT: At the trot the gait is big, very lively, graceful and efficient. The head is held high. The hindquarters drive smoothly and with great power. The forelegs reach well ahead as if to pull in the ground, without giving the appearance of a hackney gait. The dog runs as he stands; straight. Seen from the front or rear, the forelegs, as well as the hind legs below the hock joint, move perpendicularly to the ground, with some tendency towards a single track as speed increases. But a crossing or weaving of the legs, front or back, is objectionable.

BALANCE: At his best the lines of the Irish Setter so satisfy in overall balance that artists have termed him the most beautiful of all dogs. The correct specimen always exhibits balance whether standing or in motion. Each part of the dog flows and fits smoothly into its neighboring parts without calling attention to itself.

Legs and Feet - Forelegs short, straight and very heavy in bone; elbows close. Hind legs only slightly less heavily boned than the forelegs. They are moderately angulated, with hocks well let down. Quarters well developed and muscular. No feather above the hocks, but thick hair on the back of the legs just above the feet. Feet large, compact and well filled with hair between the toes.

STANDARD FOR POMERANIANS

Delete the present paragraph under "Color" and in its place substitute the following:

COLOR. Twelve colors, or color combination are permissible and recognized namely black brown, chocolate, beaver red, orange, cream, orange-sable, wolf-sable, blue, white and parti-color. The beaver color is a dark beige. A parti-color dog is white with orange or black color distributed in even patches on the body, with white blaze on head desirable. Where whole colored and parti-colored Pomeranians compete together, the preference should, other points being equal, be given to the whole colored specimen. Sable-colored dogs must be shaded throughout as uniformly as possible, with no self-colored patches. In orange-sable, the undercoat must be a light tan color with deeper orange guard hairs ending in black tippings. In wolf-sable the undercoat is light gray with a deeper shade of steel gray guard hairs ending in black tippings. A shaded muzzle on the sables is permissible, but a black mask on sables is a minor fault. Orange Pomeranians must be self-colored throughout with light shadings of the same tone (not white) on breechings permitted. A black mask on an orange Pomeranian is a major fault. White chest, white foot, or white leg on whole colored dogs are major faults. White hairs on black, brown, blue, or sable Pomeranians are objectionable. Tinges of lemon, or any other color, on white dogs are objectionable. The above colors, as described, are the only allowable colors or combination of colors for Pomeranians.

STANDARD FOR DANDIE DINMONT TERRIERS

Delete the first sentence in the paragraph headed "Weight", substituting in its place the following:

"The preferred weight from 18 to 24 pounds."

STANDARD FOR GERMAN WIRE-HAIRED POINTERS

Delete the second sentence in the paragraph headed "Size" which reads: "Weights of both dogs and bitches range between 50 and 65 pounds."

STANDARD FOR BRUSSELS GRIFFONS

Delete the present paragraph under "Weight" and in its place substitute the following:

Weight - usually 8 to 10 pounds, and should not exceed 12 pounds. Type and quality are of greater importance than weight, and a smaller dog that is sturdy and well proportioned should not be penalized.

STANDARD FOR BASSET HOUNDS

Delete the sentence appearing after the heading "Neck and Shoulders". In its place substitute the following:

"The neck is powerful, with heavy pendant dewlaps. The shoulders are muscular, sloping and well laid back."

STANDARD FOR AUSTRALIAN TERRIERS

Delete the words "and woolly," inserting "and" following the word "short" in the second sentence of the paragraph on "Coat" so that the sentence will read: "Under coat short and soft".

Delete "and chocolate with tan markings" inserting "and" following the word "color" in the paragraph on "Color" so that the sentence will read: "Also, sandy color and clear red are permissible but not as desirable, other things being equal, as the blue and tan."

STANDARD FOR KERRY BLUE TERRIERS

Delete under the heading DISQUALIFICATIONS the words "taking or dyeing."

STANDARD FOR WEST HIGHLAND WHITE TERRIERS

Delete under the heading ATTENTION OF JUDGES "any faking such as blackening the nose or bleaching the coat should disqualify a dog" and, under the heading DISQUALIFICATION "any faking such as blackening the nose or bleaching the coat."

STANDARD FOR CLUMBER SPANIELS

Delete the two paragraphs under "Body and Quarters" and "Legs and Feet" and in their place substitute the following:

Body - Long, low and well ribbed up. The chest is wide and deep, the back long, broad and level, with very slight arch over the loin.

FACTS AND FANCY OF DOG FEEDING

less muscle tone and more gas production seems to take place in their intestinal tract.

Q. Does candy or sweets cause worms?

A. No. Neither will the consumption of sugar, milk or bread, however, they are not recommended for dog feedings.

Q. Can I feed my dog fruits or vegetables?

A. Yes, but fruits and vegetables are very low in dry matter. A dog would normally have a difficult time maintaining his weight on a combination of fruits and vegetables.

Q. Does a dog need variety when his appetite wanes?

A. Dogs normally tend to go off feed for two or even three days at a time during the year. At the end of this time they will usually resume eating their regular ration without any difficulty.

Q. Does a dog require more food at one season of the year than another?

A. Yes. The dog will generally consume the maximum amount of food in cold weather when it is necessary to keep the body warm. In the summer the dogs have a tendency to eat less because of the hot weather.

Q. What kind of bones can be fed to a dog?

A. It is generally recommended that dogs not be fed bones since the bones tend to splinter and can lodge in the esophagus. If you must feed bones it is recommended that the large knuckle-bones of beef be fed in order to circumvent difficulties.

Q. Does the size of my dog determine how much he should eat?

A. Yes. In general a dog's feed requirement is based on his body weight. Each pound of body weight requires ½ ounce of feed per day. Slightly more than this is recommended for a very active dog and slightly less for sedentary dogs.

Q. Is it necessary to supplement th ration of a lactating female with vita mins in order that she will reproduc normally?

A. No. Good commercial dog ration contain all of the vitamins, minerals an other nutrients required for normal lac tation and reproduction.

Q. Will the diet fed a dog influenc mating and reproduction?

A. An incomplete diet could preven normal reproduction, however, the bet ter dog rations are adequate. An excess ive quantity of almost any dog ratio will produce fat dogs, and fat dogs mak poor breeders.

Q. Should a dog be fed table scrap in addition to his regular meal?

A. Generally this is not recommend ed for two reasons: table scraps are no balanced nutritionally and also, feedin dogs table scraps can cause them t become a nuisance at meal times.

Q. Can lamb be fed to a dog?

A. Lamb, like most meat, can be fe to dogs successfully. Lamb fat or tallow is not as digestible as is most anima fats.

Q. Should my dog eat grass?

A. Sometimes dogs have a tendency to eat grass even though they are on completely balanced ration. Smal amounts of grass will not harm a dog

Q. Can baby foods be fed to dogs?

A. Baby foods can be fed to dogs however, they are usually nutritionally inadequate for dogs and are not rec ommended.

Q. Can hot foods be given to dogs

A. Dogs will sometimes consum rations that are entirely too hot and wil burn themselves. If you feel that dog must be fed a heated or warmed ration be sure that the ration doesn't feel to hot when tested on your wrist by th same method you test a baby's milk.

Q. We have heard that feeding fres meat to a dog will make him vicious. I this true?

A. Although fresh meat is not neces sary, we have seen no evidence tha fresh meat in the dog's ration will in crease viciousness in a dog.

Q. Is raw fish harmful to dogs?

A. Fish can be harmful to dogs in two ways. Unless finely ground the bones can lodge in the mouth or esophagus and some fish contain an antithiamin factor which can cause a deficiency of Vitamin B_1 if too much raw fish is fed. Cooking destroys this antivitamin.

Q. Does the ration influence the amount of milk produced during lactation?

A. Yes. The quality and quantity of ration both influence the amount of milk produced by the bitch during lactation. A palatable ration and plenty of water will support maximum milk production.

Q. Does the bitch consume more feed during the lactation period than during gestation?

A. Yes. The bitch's food consumption increases approximately 3-3½% during the lactation period.

Q. My dog seems to shed most of the year, is this normal?

A. Yes. Shedding most of the year, is normal, since many dogs are kept in houses where the temperature is nearly the same year round. Under these conditions some dogs seem to shed continuously. Light can also influence shedding but this is less of an influence for dogs kept in the house than outside dogs.

Q. What is the best way to feed orphaned puppies?

A. Orphaned puppies up to 4 - 4½ weeks of age should be fed on a good commercial milk replacer such as Purina Nursing Chow or complete milk replacers for babies. They should be fed all that they will drink each 8 hours. The pups should be separated from each other during this time and should be kept warm. The smaller pups can be fed from doll bottles.

Q. Is it true that vitamins are stable in dry dog rations?

A. Yes. Technology has improved the stability of most vitamins to the point that dry dog rations are considered to be very stable.

Q. Are nutritional requirements for different breeds of dogs exactly the same?

A. It is well known that different breeds of dogs may have slightly different nutritional requirements, however, most good commercial dog rations are formulated to cover all requirements of normal dogs.

Q. What causes bad breath in dogs?

A. Bad breath can be caused by poor teeth, especially in older dogs, or from feeding meat. In addition the feeding of rations containing onion or garlic will be reflected in the bad breath that is produced.

Q. Are onions and garlic good ingredients to feed to dogs?

A. Although dogs seem to prefer rations containing onion and garlic, the

Q. Does the bitch consume more feed during the lactation period than during gestation?

A. Yes. The bitch's food consumption increases approximately 3-3½% during the lactation period.

Q. My dog seems to shed most of the year, is this normal?

A. Yes. Shedding most of the year, is normal, since many dogs are kept in houses where the temperature is nearly the same year round. Under these conditions some dogs seem to shed continuously. Light can also influence shedding but this is less of an influence for dogs kept in the house than outside dogs.

Q. What is the best way to feed orphaned puppies?

A. Orphaned puppies up to 4 - 4½ weeks of age should be fed on a good commercial milk replacer such as Purina Nursing Chow or complete milk replacers for babies. They should be fed all that they will drink each 8 hours. The pups should be separated from each other during this time and should be kept warm. The smaller pups can be fed from doll bottles.

Q. Is it true that vitamins are stable in dry dog rations?

A. Yes. Technology has improved the stability of most vitamins to the point that dry dog rations are considered to be very stable.

Q. Are nutritional requirements for different breeds of dogs exactly the same?

A. It is well known that different breeds of dogs may have slightly different nutritional requirements, however, most good commercial dog rations are formulated to cover all requirements of normal dogs.

Q. What causes bad breath in dogs?

A. Bad breath can be caused by poor teeth, especially in older dogs, or from feeding meat. In addition the feeding of rations containing onion or garlic will be reflected in the bad breath that is produced.

Q. Are onions and garlic good ingredients to feed to dogs?

A. Although dogs seem to prefer rations containing onion and garlic, the

NEW HOME FOR KEN-L RESEARCH

Spaniels, Dalmatians, Chihuahuas, and Miniature Poodles.

Cats include the Domestic Shorthair (popularly known as the "alley cat"), Siamese, and a strain from the Domestic Shorthair which has been termed, for the moment at least, "Barrington Brown." The number of cats has now reached 200 but the eventual total is expected to be around 300.

Two large color prints of cats in various poses, done by the well-known artist, Jim Lockhart, are hung in the entrance hall. Mounted on the walls near the double stairway are black-and-white photographs of each of the national dog heroes of the year (an event sponsored annually by Ken-L-Ration) selected during the seven years of the competition to date.

An attractive library, in English style with oak paneling, will house a wealth of material pertaining to pets. Adjacent to the library is a large office in which two resident chemists pursue a dual course of quality control and product development.

Canadian dog and cat breeders and fanciers are welcome to visit the center while in the States for shows or holidays, Mr. Andy Rutter, Jr., official of Ken-L-Ration, Peterborough, Ont., tells *Dogs in Canada*. It is suggested that parties write ahead, giving likely date of visit.

DOG CATCHING ON FILM

a dark background and the reverse for dark-coated animals. A rough-coated dog should be taken against a smooth background and a smooth-haired dog against something with a slight pattern. For smaller dogs, a blanket on a chair or chesterfield serves as an excellent background. And while it may seem unnecessary to mention it, such items as the legs, skirt or trousers of a person steadying the dog should never be included, nor should garbage cans, laundry or garden tools appear – as they frequently do. If a leash is involved, use a light-colored one against sky or a light background and a dark one against a darker background.

Since the best "shots" frequently appear when you haven't got a camera, it's rewarding to always keep your camera in a handy place – loaded.

A WELCOME CHRISTMAS GIFT

Now available at a fraction of the previous price, *The Book of The Dog*, edited by Brian Vesey-Fitzgerald, is a book dog lovers will treasure. Sixty-two well-known authorities present the origin, history and detailed information on more than 130 breeds, and deal with such topics as The Dog in Literature, Canine Societies, and a bibliography of canine literature.

There are more than 300 illustrations, including paintings in color, by Rosa Bonheur, George Stubbs and others, plus fine photographs. A masterpiece of reference literature.

Order through *Dogs in Canada*, 1173 Bay St., Suite 301, Toronto 5. New price is $7.50.

SLED DOG SPECIALTY

One of the most exciting events of the season has been scheduled by The Laurentian Sled Dog Club for January 21 and 22 when the International Sled Dog Championship Race will be run over a 15-mile bush and lake trail at Ste. Agathe des Monts, P.Q. The race is open to all teams, hounds and Northern type dogs. In addition to trophies, the purses total $1,800, ranging down to 15th place.

Added to the thrill of racing is the Specialty Show to be held Friday evening, under Canadian Kennel Club rules.

CLUB NOTES

The Barrie Kennel Club
by Orca Brown
40 Worsley St., Barrie, Ont.

Our regular monthly meeting was held on October 12, with 15 members present. President Frank Jones presided. General business was discussed, reports were given by the various chairmen and plans were laid for our second annual Christmas banquet to be held December 10.

Two new applications for membership were received and approved. Our total membership is down this year and we are always glad to welcome sincere persons to our club and the interest of purebred dogs.

Several members voiced their approval of ring stewarding classes to begin after the Christmas rush is over. We are sure this venture will prove most interesting.

Past President Ken and Mrs. Johnston report the arrival of a baby son. Hearty congratulations are extended to all.

Sorry to report Master Douglas Lamont is still confined to hospital. We all join in wishing him a speedy recovery.

A very Merry Christmas to all of you from all of us, and we'll join you again next year.

The Boxer Club of Canada

Congratulations to the Hamilton Obedience Club for their fine showing in their attempt to gain possession of the B.O.C. Challenge Trophy. Although we won the right to keep the trophy we have little to brag about. Sunday, October 12, was the memorable day when Hamilton journeyed to our fair city and met us on our own grounds. The day proved very enjoyable and the competition was keen. Our many thanks for a splendid job of judging goes to George Lucas of Georgetown. Now we are open for any challengers so please step forward.

Our training class is progressing favorably and our hopes are high for a 100% graduation. The trainers are working diligently as well as the handlers. It is just up to the dogs now.

Three of our club members, Hannah Schmocker, Walter Konradt, and Gerald Charter with their canine companions joined a group from Toronto and journeyed to Gowanda, N.Y. to stage a demonstration. The leader of this group was George Lucas who put the dogs and handlers through intricate drill work, as well as individual work.

Our general meeting was held November 13, when a new slate of officers took over. These new officers will have a tough job following in the footsteps of our past committee but we are confident that we will forge ahead as usual.

Burlington & District Kennel Club

by Roy L. Dafoe
3047 Woodland Park Drive, Burlington, Ont.

Because of the rapid growth of the club and increase in activities, it has been necessary to secure permanent office space for the club. The new address of the club will be Lancaster Lodge, New Street, Burlington, Ont.

Graduation of the present training classes took place November 27 with Vern Jackson as judge. Approval has been received and plans are well underway for the December 4 Obedience trial. In addition to the regular classes, the following are included: Graduate Novice, Graduate Open, Graduate Utility and Hodge Podge. Winter training classes will commence January 8.

The Junior Branch of the Club continues to flourish with 36 members at present. This group meets Saturday mornings at 11:30 a.m. in the Belvenia Scout Hall, Burlington and visitors are welcome. Both the children and adults enjoyed the recent outing to visit the kennels of Mrs. Lorna Jackson at Zephyr, Ontario. Lorna has many varieties of animals besides her dogs and the membership is grateful to Lorna for permitting us to visit her kennel. Some of the junior members have appeared on local TV with their dogs and they are, at present, studying recognition of the various breeds of dogs.

Ring Steward classes are now underway on Tuesday nights at Lancaster Lodge, New Street, Burlington (adjacent to the arena). During November these classes were for Obedience ring stewarding. There will be no classes during December but will commence January and February with dog show stewarding.

At the conclusion of the meeting a panel discussion took place with Mrs. Smith as chairman. Following were the panel members: Mr. John Devlin (Cocker Spaniels and Scottish Terriers), Mrs. Ron Purdy (Doberman Pinschers) and Mr. R. L. Dafoe (Irish Setters).

ew Obedience Club here in Ottawa, under e capable direction of Mr. and Mrs. Digby unt, formerly of Calgary. This is the pro- ject of some terrific organization by a few ery enthusiastic Obedience-minded people, ho felt there was a need for an active bedience group in Canada's Capital City.

The current program is designed to have many graduates as possible ready for par- ipation in the 1961 Trials. There are 44 ogs registered for the present course and large number of advance registrations have en made for our January course. The asses are in four categories; Junior (for ung people), small breeds, large breeds, and lvance training.

We are very fortunate in having three ex- erienced instructors plus three apprentices ho are most eager to learn. Our hall is acious and modern, our equipment is new id there is a good cup of coffee waiting ter each class finishes. Graduation night will held December 15, when the results of eeks of training and hard work will be dged.

Chow Chow Fanciers of Canada

by Helen Schwoob

25 Churchill St., Waterloo, Ont.

The year 1960 is drawing to a close and ought for this issue it would be nice to minisce over the past year's activities.

In this, our second year, we have held ree successful Booster Shows with the en- es up considerably over last year. The t was held November 5 and had the largest ed entry. There has been an ever-increas- r interest shown in exhibiting by the one- d two-Chow owners. We are pleased that ne American breeders were able to attend r shows this year and it is hoped that in 1 an even greater number will find it possible to attend shows north of the border.

Three conformation championships and one Obedience CD have been obtained this year by members and several require only two or three points to finish.

A new interest in breeding has been stimulated as evidenced by the fact that some of the local breeders have had litters of puppies this year and there have been a number of new imports.

Monthly meetings have been continued through the year as has been previously reported here. The December meeting is in the form of a Christmas party.

May we extend to one and all the Compliments of the Season. It is hoped that the New Year will bring success to all Chow lovers and an even greater support for the breed.

The Cocker Spaniel Club of Central Ontario

by Jane Harvey

103A Garden Ave., Toronto 3, Ont.

The club held its October meeting on the 12th at the Broadview YMCA. After a relatively short business meeting during which the members were informed that at the November session a judge for our Specialty Show would be chosen by ballot, movies were shown.

These were movies taken at our 1960 Specialty and several other dog shows as well and were shown through the courtesy of Mrs. Paul Sandor.

Everyone seemed to enjoy the show immensely and the members plan another movie evening early in the New Year, when they hope to borrow movies from Gaines.

Willow Cove (Sub. P.O.) Burlington, Ontario.

I regret having to omit last month's club notes, due to poor health. Therefore I will attempt to catch up at this rather late date, following our 5th Annual Specialty Show and 2nd Futurity Match, held on September 24, which were again a great success. We had 38 dogs entered, giving us a total of 50 entries (including Futurity Classes.)

Competition was exceptionally keen, and all six breeds were represented. Our Judge, Mr. Ed. Drumm of Michigan, U.S.A., took plenty of time, doing a real thorough job. Our club executive wishes to thank the ring stewards for their help; and also Judge Drumm who travelled such a distance. Thanks also to all members and well-wishers and the Burlington and District Kennel Club, who made it possible to have such a beautiful and abundant amount of trophies.

Our November 6 meeting was held at the home of Mr. and Mrs. Vic Moss, Ancaster,

Ont., with fairly good attendance. Mr. John L. Brown of Toronto, a rather new Wirehair breeder, applied for membership and was accepted.

At present we are experiencing some difficulty in selecting a judge for our 6th Annual Specialty and 3rd Futurity, to be held in Burlington again on September 23, 1961, but hope a good choice will be forthcoming in the near future.

Our Futurity Chairman, Mrs. N. T. Smith, 267 Pine Cove Rd., Burlington, Ont., reported nominations are being received, and several second instalments also. Don't forget to nominate those females being bred prior to January 23, 1961, and for full particulars apply to Futurity Chairman.

Our annual meeting and election of officers for 1961 was held on December 4, at the home of the Lindsays. The year 1960 has been very busy indeed, with much being achieved in the way of important projects, and I might add, all being quite successful. Our Sanction Show in February, Puppy Fun Match in July, and Specialty Show and Futurity in September, along with special educational programs being featured with our monthly meetings. It is also gratifying to know that our treasury remains equal to the previous year.

The executive officers of 1960, wish all our Club Members and all Dog Fanciers A Very Merry Christmas, and a Prosperous 1961.

Forest City Kennel Club
by L. A. Atkinson
Delaware, Ont.

The club held a special meeting, chaired by Mr. Joe Chatfield, on November 3 to elect an executive for the coming year. The following officers were elected: President, Ted Smith; first Vice-President, Scott McNair; second Vice-President, Sam Taylor; Club Secretary, Mrs. Nora McNair; Show Superintendent, Ed Summerfield; Show Secretary, Mrs. Rita Smith; Treasurer, Miss Madeleine Schreiber.

The Gateway City Obedience Training Club

The Gateway Club is now entering its 6th consecutive year of Obedience training, trials and social activities.

The annual election of officers held September 23, elected the following: President, Mr. R. Kelpin; 1st Vice-President, Mr. J. Cohen; 2nd Vice-President, Mrs. J. McLellan; Secretary, Mr. G. MacGregor; Treasurer, Mrs. P. MacKay; Past President, Mr. G. Ashcroft. Mr. D. Lawrence has been appointed training director for the coming year.

Due to the demand in Winnipeg for Obedience training, the club, for the first time, will hold classes two nights a week. Thanks to an apprentice trainers' program, instituted by Mrs. Marion King, the club's training director in 1958 and 1959, the club now has sufficient trainers to handle all classes without any one trainer being overloaded.

It is hoped that within the coming year an attempt will be made to have more club socials. We find that on a training night, trainers and handlers are far too busy to look to the social amenities.

Our summer trials held at the Red River Exhibition were an outstanding success with the largest over-all entry our club has ever had.

As an aid to potential trial entrants, we had special pre-trial classes where individual attention could be given to handlers to help them avoid making errors in the ring and to iron out any difficulties they might have. These classes were held in the enclosed, grassed, play area of the Kinsmen School for Retarded Children and we are indebted to this organization for its kindness in allowing us the use of it.

We also held, prior to the trials a "mock trial" at the Middlechurch Home for the Aged. This not only gave a great delight to our senior citizens, but also helped our members who had not been in a ring before, become acquainted with obedience ring procedure.

We are hoping to hold two trials in the early Winter and this will bring the number of trials that our club has held this year to five.

A member would have to travel about 400 miles to attend an Obedience trial outside of Winnipeg so the only solution seems to be for the club to hold trials more often.

We regret the passing of Mr. Jack Cohen's "Blitz", the first Manitoba dog to obtain his CDX.

The following people finished their dogs through their "CD's" this summer, Ray Isely, Jack Cohen, M. Badger, Dr. D. Croll, Gail Becker, John Strike and Mrs. M. Monkman. It is hoped that these people will now go after their "CDX's" with the same enthusiasm as they did for their "CD's".

Pickering, Ont.

Our new officers were elected and our committee picked at the annual meeting. Our new president is Mac DeMeo; secretary, Barb Dove; treasurer, Frank Brett. Our show chairman is Herb Burrows and our Training Master Bob Savink. Congratulations and good luck with your new jobs.

Our last matinee show of the year was held in October and was a great success. Thanks to our judges, Iris Gerigs and Herb Burrows and a special thanks to Mrs. Beth Hendry who kindly consented to judge Best of Breed and the Children's handling class. Results were as follows: Winners Dog and BOB, Laura Treble's Hakim; Winners Bitch, the Brett's Dora; Reserve Winners Dog, The Winder's puppy; Reserve Winners Bitch, Anne Gerigs' Tammy, who was also Best puppy. Winners of the Children's Handling Class: 1, Virginia Allen, 2, Elaine Scott.

Speaking for the club, I would like to congratulate Marguerite and James Locke whose Shepherd became 1960 Grand Victrix of the Canadian North-west, as reported in **Dogs**.

We would like to extend our deepest sympathy to Mr. DeMeo in the recent loss of his mother.

Congratulations to Joe and Eileen Darlington on the birth of their first son on October 30.

The Kleinjohann Challenge Trophy Show, held in an ideal setting at "Glen Stewart", was all and more than had been anticipated. This show had the spirit which all admire, but which up until now few have realized. The body structure and mental qualities of the Shepherd were judged on an equal point system, the "Dog of the Year" acquiring the highest total points. Mr. George Young was flown in to judge the structure and did a very thorough job. The Obedience half of the event was judged by Toni Kleinjohann, ably assisted in the ring by our club's Head Trainer, Ed Harradine. The rules were an exact translation of the German SchH.I, part B Working Test, which resembles our CDX performance, with shots fired during the heel free and long down. This work required much less exactitude, in that while points were deducted for double commands or even going around the jump, the dog could still pass. Winner of the beautiful Kleinjohann Trophy, fittingly a Canadian Obedience Trial Champion, was Arko v.d. Grippsnau U.D.T., owned and trained by Jess Cornish and bred by Mrs. Taschner. Jess also took 2nd place with his Cias v.d. Grippsnau CDT. A very close runner-up was Fred Pfeifle's Ch. Rocket of Cara Mia. Rocket proved himself an excellent working dog as well as an excellent show dog.

The man who made this show possible, from personally buying the many trophies, through the many details, was our dynamic Toni Kleinjohann. He believed in this type of show and went forward, alone, to prove

Here and there: We have just elected our 1961 Club Officers; with the support of all members our 39th year could be our finest. We were shocked and saddened to hear that our 1960 Grand Victor Ch. Chiefton of Deanthorpe died while in transit to the American National, in California. Our 1960 Grand Victrix went to the same show, and is now International Grand Victrix. German Shepherd Dog Club of Greater Ottawa

by John Hobbs,
Box 969, R.R. #3, Ottawa, Ont.

German Shepherd Dog activities are off to a good start in the Ottawa Area. The Fall Puppy match was held on October 30, with Mrs. Percy Doane, one of the club directors, judging. The entry of 30 dogs was considered good, when you take into account the competition dogs receive this time of year from football and hunting.

The monthly meeting of the club was held November 8, at the Road House, Carling Avenue. The good turnout of members was attributed in part to the fact that the club now meets regularly on the second Tuesday in each month. This meeting was highlighted by an illustrated talk by Mr. Bob Lang on the history of the German Shepherd breed, and the showing of 400 feet of film by club members at the German Specialty Show in Toronto. The club finances were reviewed and it was reassuring to note that we are still solvent.

Plans for our 2nd Specialty show March 25, 1961 are well advanced with our judge having been selected. Her name will be announced when CKC approval is received.

The Shepherd dog drill team, under the direction of Bob Lang, is training every Sunday afternoon and it is hoped that when the Spring rolls around, they will be in a position to put on training demonstrations, when requested.

The Hamilton Kennel Club

by Mrs. M. Cooper,
14 Proctor Blvd., Hamilton, Ont.

Our club held its regular monthly meeting on October 25. Some of those whom we regretted had been on the sick list at our September meeting, were back with us again, and also another new member, which gave us a very nice attendance.

Much of our evening's business concerned our forthcoming Christmas Sanction Show, December 3. A good array of prizes has been lined up, and, as we have been fortunate in having the services of two well-known judges, we look forward to a very enjoyable show.

After all business had been transacted we were happy to have a most instructive and interesting talk on "show procedure, how to show one's dogs to the best advantage, etc." given by our President, Mr. George Lawless. Mrs. Lovat-Fraser kindly brought along one of her Smooth Fox Terriers to act as a model and we believe the club enjoyed and derived much that was helpful from this talk and demonstration. We plan other events of a similar nature for future meetings.

The Hamilton Obedience Club

by John Worthy
215 West 31st St., Hamilton, Ont.

The Hamilton Obedience Club held a sanction trial on Sunday, November 27 at Spring Valley Hall in Ancaster for members only. Mrs. Cole of The H.O.C. graciously donated trophies for the trial. Mr. Jake Giacomelli handled the trial. At our November meeting Mr. Abe Lvonkin was appointed chairman representing our club at the Ontario Obedience Association. Mrs. Peg Owen was appointed chairman of Demonstrations, which The H.O.C. puts on throughout Hamilton.

Our Christmas party was planned for December 2, to be held at Robert's Restaurant. Graduation of our present training classes was held on Thursday, December 1. The word is out that training classes have been organized at Tillsonburg; this means another

club in the making and another trial closer to our home grounds. You might have heard about our challenge match with Brantford. We lost, by only around 17 points; the difference was in the utility: the CD and CDX groups were tie. It was an ideal day for an outside trial, our hosts supplied coffee, coke and sandwiches. The match was judged by George Lucas of Acton. Our club will be making up a team to attend a Western Lakes Training Club of Buffalo, which will be held at Buffalo War Memorial Auditorium on May 14. Walter Conrad and Jake Giacomelli have been asked to judge; both have recently been approved by the AKC to judge in the States.

Our club was asked to take part in the Santa Claus parade in Hamilton on November 20. Six of our dogs, all different breeds took part on a float.

The Irish Setter Club of Canada

by John B. English
114 Seneca Drive, Ancaster, Ont.

The October meeting was held at the home of Mr. and Mrs. Ken Honsberger of Streetsville, Ont. Plans were made for the annual Christmas Party to be held at the Yellow Briar, just south of Brampton on Highway No. 10. We will be celebrating the tenth anniversary of the club.

Mr. George Howe offered interesting ideas on the promotion of our breed, to which members are giving considerable thought.

Another issue of "Paw Prints" will be put out the end of the year and Editor R. E. Allen welcomes any articles of interest on the breed.

Mrs. R. E. Allen was re-elected as our trophy convener for the coming year and was thanked by the members for her excellent management of the department in the year past.

Our annual Thanksgiving trip to Tynoka Lodge, Bella Lake, Ont. was again a success. Perfect weather with the leaves at the height of their Fall colors added to the festive weekend. Partridge were scarce, but this did not dampen the spirit of the enthusiastic hunters. This weekend certainly emphasizes the wonderful temperament of our breed, when so many dogs can be together in one lodge and get along with one another.

All members were saddened to learn of the passing of El-Dor Khaya, owned by Mr. and Mrs. W. Berry of our club. Khaya passed away following an operation, but she will not be forgotten.

Sunday, October 30, saw a nice entry of 16 Irish take to the field for the annual club Field Trial. Mr. Allen judged and the dogs were run on liberated pheasant. Following were the winners: Puppy Stake, 1st, Challenger's Irish Lancer owned by Mr. and Mrs. R. McCormic of Ancaster, Ont. 2nd, Coleen of Kenton, owned by Mr. K. Honsberger of Streetsville. Open Stake: 1st, Killane Michael Malone, owned by Mr. J. B. English, Ancaster. 2nd, Golfview Scarlet Crest, owned by Mr. and Mrs. E. McGowan, Oakville, Ont.

Mrs. Ken Honsberger served hot food during the trial and Mrs. Allen was trophy convener. It was gratifying to note how many spectators came out to see the Irish perform in the field. Of great interest to them was the fact that most of the animals in the field were also participants in our Specialty and Booster shows. Two of the veterans from our Specialty show at nine and 10½ years of age covered the field course with no difficulty whatever.

Field training classes for the club have been run every Sunday afternoon, training the animals on liberated pheasant. These classes will continue every Sunday until the weather no longer permits.

For any inquiries regarding the breed, activities of the club or membership therein, please contact Mrs. E. McGowan, 280 Balsam Drive, Oakville, Ont.

Our third annual All-breed Dog Show and Obedience Trial is over for another year. We all thought it was a big success. The newly-painted armories were decorated with huge concrete bowls of mums which were borrowed for the occasion. Two of our members finished their dogs, and three added legs to their dogs' CD. Most of the credit goes to our show secretary, Mrs. Mari Thomas, who slaved almost alone through the long Summer.

Our Winter program is in full swing. Obedience classes are well under way and the weekly TV program is featuring hunters and their dogs. Our brand new secretary is leaving for Toronto, and Miss Nora McKinney has been appointed in her place.

We are very proud of our Mr. and Mrs. Herb Routley. They were interviewed on the program, Sports Forum, following their spectacular wins at the St. Catherine's Spaniel Trial. A film of Mrs. Routley actually working their dogs in the fields was shown.

The November meeting was held at the South End Fire Hall in Peterborough with our President, Tom Armitage, in charge.

Our Show of October 8 was discussed and suggestions made for improving it next year. The Show Secretary, Mrs. Thomas, reported she had obtained April 22 as a tentative date for next year's show. This date was approved by the Club.

A suggestion was made to use the "Point System" at our next show. This suggestion was left in abeyance for further discussion.

At the close of the business meeting we enjoyed a short film on the Royal Canadian Mounted Police Musical Ride. This was followed by refreshments.

The Sled Dog Derby, as a feature of the Ste. Agathe winter Carnival, has been greatly enjoyed by the public for many years. Now, however, with the formation of the Laurentian Sled Dog Club, these races are open to all club and individual entries, and to any breed of dog.

The present rumor among the sled dog people is that a team of Airedale Terriers is being trained in New York State. This

The races will be hled January 21 and 22 over a 17-mile course, the start and finish being on the main street of Ste. Agathe.

On Friday evening, January 20 prior to the first heat there will be a Specialty Championship show for Sled Dogs (Malamutes, Samoyeds and Siberians) at the Hotel Vermont.

As far as we can determine it will be the first time that sled dogs have been judged for conformation and then proved their worth in active competition. This has been done in the Sporting and Hound breeds but how often is it done with working dogs in Canada?

London Obedience Association
by Mrs. Patricia Barton

This is our club's first letter to Club Notes but we hope to have a regular report from now on.

Since our club was formed a year and a half ago we feel that we have had a good deal of success with our training classes under the able direction of Gordon Brackett. Classes are held once a week for a period of ten weeks; with classes of 20 to 30 dogs. In the year and a half of operation 200 have been trained. Eight dogs out of our last class have obtained their CD titles and we feel this is most encouraging.

We have had two successful summer trials but hope next year to have an earlier trial in hopes of having even more support from neighboring clubs.

We feel the best way to get the public interested in the Obedience-trained dog is for them to see the actual demonstrations. Aid in making our club better known is being given us by the Boy Scout Association who now have a merit badge for the Scout who successfully trains his dog. The first of these free demonstrations and classes was held November 16. We feel this will do more good for our club than any amount of radio, television or press advertising.

Our condolences go out to Mr. and Mrs. Gordon Brackett on the loss of their valuable Basset Hound, "Bonnie". Bonnie was four and a half months old, had been inoculated for distemper but was the victim of this dread disease. As she was a regular spectator at the Obedience classes it was felt by the members that owners of dogs wishing to participate in the training program should produce a certificate of inoculation.

More next month and Holiday Greetings.

that with a little further training some of the graduating dogs would be ready for Obedience Trials.

Baroness Von Steuben, owned by F/L Bill Weston placed first in the class; Zorro of Terrytown, owned by Mrs. Germaine Chavarie placed second and Mato of Cherry Mountain, owned by F/L John Farnham placed third. It is very interesting to note that all three winners are German Shepherds and it is hoped that we will see them at the trials next year.

As this club is but two-and-a-half years old, we feel very proud to have advanced as far as we have, having held two all-breed shows and now going into the second phase of Obedience training classes with courses in both basic and advanced training.

Mountain City Obedience Club

by Mrs. Blanche Walton
7750 Ave. Du Mail, Ville D'Anjou.
Montreal 5, Quebec.

The weather for our North Hatley Tracking Test failed to dampen the spirits of our competitors, who were out there nine strong. After drying out and partaking of a very enjoyable steak dinner at Pleasant View Hotel, along with other club members and exhibitors, everyone was ready for the Obedience Trial which followed on Sunday. The pouring rain forced the trial inside but despite the change of locale we still had a good day "leg-wise". Congratulations go to our new CD title holders — "Marmaduke" Eley, Boxer, "Tammy" Smith, Standard Poodle; "Mirka" Locas, Standard Poodle; "Tag" Ward-Dachshund. Two dogs picked up a leg each on Novice work and two others picked up a leg each on Open work. Nice going all of you.

It's not only in Canada that our dogs are doing well. At Albany, N.Y. on October 22 "Candy Jones" Hawkins, Boston Terrier, earned American CDX and was highest scoring Boston. "Robbie" Murray, Sheltie, got his second leg on Open and "MacDuff" McBride, Irish Setter, earned his American CD. On October 23 in Troy, N.Y. "Star" Hawkins, Boston Terrier, got her first leg in American UD and second prize, also second prize in Open along with highest combined score in Open and Utility. Congratulations to all you travellers from MCOC. Our training nights are being very well attended with everyone out for more legs and titles at the next trial in St. Jerome in February, 1961.

The next event on our calendar is the first Inter-Club competition of this season to which we are all looking forward very much.

The big "social" highlight, of course will be our Christmas party for our dogs in costume, with prizes for the best dressed. This draws press coverage as a rule and a lot of fun for all. Hope to see you there. Dogs only in costume, please, to make judging easier! Merry Christmas to one and all.

by Mrs. B. Smiech Wolins,
440 Ohio St., Buffalo, N.Y.

The members have voted Mr. George Jerman, St. Davids, Ont., recipient of the Dog World Award for Outstanding Service to Dogs for the following reasons:

In recognition of his deep abiding interest in dogs over a period of many years; for serving as Dog Consultant and conducting free training classes every Spring and Fall for the past 15 years for all breeds; for his help in organizing several dog clubs; for his excellent leadership in the past as president of The Niagara Falls Kennel Club and the Shepherd Dog Club of Western New York and also for serving in the capacity of director of several clubs. For judging fairly and without prejudice numerous dog shows here and in Canada and serving also as chief ring steward. Finally, for being a valued member of not only the Niagara Falls KC but of other clubs as well.

Oshawa Obedience Association

by Peggy Boorman
22 Frank St., Oshawa, Ont.

The annual meeting of our association was held on November 7 with a very good attendance. The following officers were elected: Immediate Past President, Bob Savink; President, Karel Vogel; Vice-President, Alice Ross; Secretary, Barb Scott; Treasurer, Ursula Floeter; Directors, Helen Bathie, Betty McHugh, Bill Scott, Roy Parker; Trophy Committee Chairman, Bill Scott; Trial Committee Chairman, Bill McHugh; Entertainment Committee Chairman, Helen Bathie; Publicity, Peggy Boorman.

A sincere vote of Thanks was expressed to the outgoing officers for the hard work and enthusiasm given to our club in the past year, which has been very successful.

Our Winter training classes are well under way with 36 dogs in the first ten-week course. There are 32 dogs in Novice and four in advanced, so this is a good indication that the folks in and around Oshawa are keenly interested in dogs.

Letters of thanks are still coming in from participants in our July Trial, on the success of our show and the size and quality of our trophy table. The association is very pleased and grateful for these expressions of thanks and encouragement.

We would like to take this opportunity to wish you all a Very Merry Christmas and a Happy New Year and we hope to see you all in 1961.

progress was made during the year and the financial statement indicated the club was in a very sound position.

There was some discussion about the two championship shows to be held early in May. It was noted that the judges have been selected.

On Thursday evening, November 10, the club held its annual smorgasbord. The attendance exceeded expectations and a very enjoyable evening was the remark on everyone's lips.

Peterborough and District Obedience Club

by Mrs. Jack K. Lang
552 Raymond St., Peterborough, Ont.

Several members of the club travelled to North Hatley, Quebec to participate in the Trial held there. Tag-A-Long obtained his second leg at a recent Trial in Peterborough, and his third leg at North Hatley to obtain his CD title. Tag-A-Long, a Smooth Dachshund owned, trained and handled by Mrs. Ray Scott, is an excellent worker.

'Lady" a very small Smooth Dachshund owned and trained by Mrs. David Brooks also obtained a qualifying score in Peterborough and now has one leg towards her CD title.

Our training classes are in full swing at the present time with 22 dogs in training. All are purebred and registered with CKC. The advance classes are forging right ahead, and dogs and owners are showing a keen interest in CDX work.

Two dogs are presently in Tracking work, and since this is a new field for our local dogs, we are watching their progress with interest.

We have had calls from several of the Lindsay people who worked a couple of years ago in Obedience, and we welcome any others from that district to work with us or participate in our club work.

It is with regret that we record the accidental death of Penny, Mrs. Thomas S. Little's blond Cocker Spaniel. She was killed Thanksgiving Monday. She was the first Dog, to obtain her CD title, owned, trained and handled by a member of our club. We shall miss her funny unpredictable ways.

The Progressive Kennel Club Inc.
by Gertrude W. Drew
120 Ranleigh, Toronto, Ont.

The November meeting was well attended. President, Mr. Clarence Stevens, was in the chair and business consisted of officers' reports and the tentative choosing of judges for the June 1961 point show.

The show secretary reported that the club had done very well financially on our October show. Other officers reported that the show was well run and the members had done good work.

Replies to letters sent out to prospective judges will be dealt with at the December meeting. It might be well to remind all members that the annual election of officers will also take place at this meeting.

We are sorry to report that Mrs. Brown, wife of Mr. Walter Brown, CKC President, had a severe fall, breaking her collar bone and incapacitating her indefinitely. Mr. Brown reports that she is still in a cast but feeling much more comfortable. We wish her a speedy and complete recovery.

At the close of the business session the members enjoyed the showing of the Westminster film. Our sincere thanks to General Foods Ltd. for the loan of the film, also to Mr. Roy Dewsbury for securing the projector and operating same. A hearty vote of thanks was accorded all who made the program possible.

Since this will be the last club report of the year we take the opportunity of wishing everyone the compliments of the season and may you all have a joyous holiday and respite from your canine cares.

The Provincial Irish Setter Club
by Gertrude W. Drew
120 Ranleigh, Toronto, Ont.

Due to bitter, cold weather, rain and mud our field day had to be called off. Another year we will plan it for an earlier date as late October is so unpredictable weather-wise. It is also proposed that the male members of the club take over this project entirely.

Some of the members did, however, hunt their dogs and report the dogs working well but birds very scarce. Several miles further north there was an abundance of birds with ptarmigan getting very plentiful but not so many quail. This report comes from a member living in the Huntsville district but who has hunted as far north as Timmins. The Irish Setter is apparently filling the bill as an individual gun dog, owners praise him for his ingenuity and prowess as well as his stamina and willingness. "He is a great bird dog providing he is properly trained and not abused" says one ardent fancier.

The big event of the season was our specialty show which was held October 23. Here we had an entry of 30, all in competition except three veterans. Twenty-five were Canadian dogs with five coming from across the line. They were all in good condition but some could have been handled better and handling does make a difference.

Judge Edwin Williams was pleased to have such a nice group of dogs to pass on. He took great pains with the novices and according to critics did a remarkably good job all round.

A dog show is seldom without its humorous moments; this happened a couple of times when the dogs refused to do anything but sit. Well, they are setting dogs, are they not?

The decorations were particularly commented on, thanks to Mary Lake and her pumpkins and Dorita Carter for her gift of 100 roses made possible by the generosity of H. J. Mills Ltd., florists, of Richmond Hill.

Thanks too, to Betty Hodgson for her elaborate work on the trophy table and for carrying out the club's work in that department.

We are not unmindful of the important services rendered this club by Mr. J. W. McCallum as superintendent, Miss Alma King, ring steward and Dr. F. Clement, veterinarian. We are entirely grateful to them for their efforts in helping to make the show the success that it was.

We had many more visitors this year than last, conspicuous among out of town fans were Mr. and Mrs. Weicker of New Hamburg and Mr. and Mrs. J. Trant of Ottawa and Mrs. Kast and friend of Buffalo.

With the year drawing to a close and Christmas not too far off we are combining the November and December meetings.

The Provincial Irish Setter Club send the Season's Greetings to all dog lovers everywhere and wish you all a merry Christmas and Happy New Year.

Congratulations, to the club members who have walked off with top awards at recent trials. Fred Smith, whose Doberman Pinscher, Konigshausen The Crusader was Highest Scoring Dog in Trial, at the Portland, Oregon, event in late October, completing his Am. CD (subject to AKC confirmation). Eunice Smith, whose Welsh Corgi, Tiny Brenda Whiteson, was Highest Scoring Dog in Trial at the Western Canada Boxer Club trial on November 6, completing her Can. CD (subject to CKC confirmation).

With the final set of Obedience Trials, for 1960, scheduled to be held by the R.D.T.C. on December 4, the trial-season is all but over, the records for the year almost complete. This club is proud of the record compiled by its members and their dogs. Starting at the Seattle KC event, at which the writer's Ch. Hi-Hope's Merry Imp, CDX completed her Am. CD with a score of 198½ (third highest

in Trial, in an entry of 124 dogs) to the recent Boxer Club event won by Brenda, the club has completed a total of 17 obedience degrees and has legs on another 16 degrees, some of which may be completed at our coming trial(s). During that time members have taken several Highest in Trial awards, as well as numerous top placements in classes.

Another unusual record, gained by the R.D.T.C., is the number of dogs that have come out of the beginners class, just prior to, or just after, graduation of their class, which have walked off with a top award in their first regulation trial. John Hounslow, with his Labrador Retriever, Reidcroft's Dandy Duke, taking 1st in Novice A in his first trial, Fred Smith, with his Doberman, Crusader, scoring 198 for "1st" in his first attempt, to name just two.

Among those earning degrees, or legs on degrees, during this year, were the Labrador Retrievers, all from the litter bred by Pam Reid, who instructs the Richmond classes, out of her Brimherst's Giveaway of the Delta CD, John Hounslow's Dandy Duke CD (two legs in U.S.); John Edward's, Reidcroft Dark Tabco CD (two legs in U.S.); Reidcroft's the Tank CD (owned by John Houston); Pam's Reidcroft Road Queen (two legs on CD); and Allan Colquhoun's Reidcroft Flying Scott, who, unfortunately, died as a result of an accident, before completing his degree. This litter was sired by R. McArthur's Cowan's Rock of Gibralter, so it could be said that this breeding was entirely within the "R.D.T.C.".

Members of the club have also experienced success in the conformation rings in B.C. and the U.S. throughout the year. Pam Reid completed the championship, in Canada, of her Toy Poodle, Sylvester's Cream Puff, while picking up two 5-point majors on him in the U.S. She also handled Fred Smith's Doberman, Crusader, to within one point of his Canadian title. Marge Corbett also has one within two points of its title, in the brown Standard Poodle, Brausestadt's Annette (two legs on CD as well). Her other Standard, Chantilly Coffee Royal, earned his CD, handled by Mr. Corbett. The writer was fortunate this year as well, finishing two: Hi-Hope's Merry Kavalier, CD and Caroline (two legs on CD). Can. Ch. Timberidge Typesetter, CD, is within three points of his Am. title (also has two legs on Am. CD). Six of his descendants have earned degrees, or legs, this year.

The members of the Richmond Dog Training Club wish to take this opportunity to extend their greetings and best wishes to all their friends across Canada. May your New Year be one of many champions, degree holders and continued success!

St. Catharines and District Kennel and Obedience Club

by Don Foster

131 Bunting Rd., St. Catharines, Ont.

Our club is now meeting at the Lincoln Park Community Centre, the second Tuesday of the Month. We are very fortunate also in being able to have this well equipped building each Tuesday and Sunday for training and any other activities that come up.

If the residents of this city and area didn't know a Kennel Club existed in their midst, they do now we hope. We had the honor to take part in the Grape Festival Parade on October 1. We entered a float that from all reports made a hit with the crowd. A member dressed up as a professor with a Bulldog mask on sat at a desk with handlers and their dogs sitting in front, along with other members walking along side. We were apprehensive about the dogs' ability to cope with the bands and noise, but they seemingly took it in stride and made us all very happy and proud.

One of the aims of our club is to have an All-Breed Championship Show. On April 8, at the Queen Elizabeth Centre it will become a reality. Work is now progressing to make this first show a success. The committee is very fortunate to have Mrs. Edna Joel from the Toronto area to assist us with our premium list and catalogue. We are inviting each and everyone of you, so please keep our show in mind, starting the circuit with St. Catharines.

Congratulations are due to the Brantford

Obedience Club in setting up an inter-club challenge trophy. This is a wonderful idea and I hope it catches on in full swing this coming year. The members in this club are getting their dogs out in force to bring honors to this area.

At the conclusion of our last meeting Mr. Art Henry, our local Humane Society Inspector, gave a very interesting talk on the founding of the SPCA and their work. One noteworthy fact is that anyone leaving the scene of an accident involving an animal, leaving it crippled, possibly dying, is liable under the Highway Traffic Act. This is very serious and anyone so involved should contact their local Society, informing them of the nature of their accident. A number of residents in Lincoln County have been convicted of this charge. Please be Humane.

Scarborough Kennel Club

by Audrey Clement

The October meeting was held at the home of Dr. and Mrs. Clement with 20 members present. The club welcomes two new members Mr. and Mrs. A. Brown from Unionville. It was decided that the club would give the Scarborough Police Youth Club a gift of $50.00 and hope it will help further their good work.

The November meeting was Election of Officers, and the December meeting and Christmas party will be held at the home of Mr. and Mrs. A. Brown.

At this time the Scarborough Kennel Club would like to thank everyone who helped make their September 25 point show the success it was. After the meeting was closed a delicious lunch was served by the ladies of the club.

The Scarborough Kennel Club wishes every dog fancier a very Merry Christmas and the best for the New Year.

Shearwater Kennel Club

by Valerie H. McMillin

Topsail Blvd., Woodlawn, Dartmouth, N.S.

As there was not a quorum formed at the September meeting it was decided to put the October meeting forward two weeks. This was held on October 11 with the President in the chair.

Discussion of the question of holding a point show in the early part of next year as opposed to the usual sanction show, was the main topic and the members felt this was a good idea, providing a suitable venue can be found. Mrs. Agnes Misener has agreed to chair the Spring show. It was also decided to hold two shows next Summer.

The judges' committee was selected and consists of the President, Andrew McMillin, Miss Alice O'Brien and Mr. Deblois Boyd.

Mrs. Ann Turner of Montagnais Poodles gave a most interesting talk on her breed to the general enlightenment of the members. At the November meeting we are fortunate in having persuaded the CKC director for Nova Scotia and Newfoundland, Harvey Gratton, to come for an open discussion period. There seem always a great many things to ask of the CKC yet so often letters do not get written, so that all those with queries had the opportunity to ask Mr. Gratton for his advice.

Skyway Obedience Club

143 Fairfield Ave. N., Hamilton, Ont.

Our October 6 meeting was highlighted with 13 new members being accepted. This brings our quota to almost the limit. It is felt that by keeping the club members to a limit of 50 everyone has a chance to work and be able to fill an office or part of a committee, thereby getting a good turnout at meetings and everyone having a keen interest.

It was reported that all classes were doing an excellent job, both with handlers and dogs. This makes one feel the work is worth while.

It was brought out at this time the interest members have in a tracking trial. Peter Kirk has been asked to see what he can do to organize such.

Classes have been set up on stewarding and are now under way. This is being done at the same time as training.

The Club was sorry to hear the passing of Iris Konkle, Secretary of the Burlington & District Kennel Club. She will be missed by many.

Jack Walker arranged a social evening at his home on October 29 to help his trophy fund. He received due recognition for his past efforts.

Our trial chairman, Peter Kirk, has organized his committee now and we should have more on this next issue.

The "200" Club

by Laura McNally

62 - 4th Ave. S., Roxboro, Que

Finishing off the old year in fine style, our Lakeshore dogs have been winning at trials and tracking tests on both sides of the border.

Now bearers of the TD titles in both countries are Labrador Bergwaun Brambling, Can. & Am. CDX and Standard Poodle O.T. Ch. Petitcote Jubilant Judy, Am. UDT. At the Concord, Mass. tracking test both dogs passed the AKC's requirements, with Labrador "Ming" flying over the trail for the very unofficial speed record of the day. "Ming" was followed by his very proud owner, Phil Willis. Poodle "Judy" became the latest UDT in two countries when she successfully completed the track handled capably by Roland Tyner.

Also in the States, at Albany and Troy, N.Y., the "200" Club entries won three fourth place ribbons (all by the Hamilton Cairns) and a third placing (by Labrador "Ming"). Marge Hamilton's Cairn, Watmar Misty Morn, CDX finished Am. CDX, as did the Willis's "Ming". Puppy Cairn "Haggis" (Cairndania McRuffie's Rufter) — added a second leg on Am. CD.

Back in Canada, at the North Hatley trial, the Tyner's "Judy" took High Score of the Day. Her litter sister, the Dempster's "Vivant" tied for first place in Novice B and finished the CD. Two other new CD's earned by dogs training with us were the Smith's Standard Poodle, "Tammy", (also from the same litter as Judy and Vivant), and the Ward's Wire-Haired Dachsie, "Tag-a-long". Our other qualifiers in Novice A were the Ward's Basset "Beau", already CD, and Dina Severs' Labrador "Lu".

Members are entered in a few of the last shows of the year so hope to report some more good results next month.

Belated congratulations to Sylvia Dempster and "Vivant", Edith Henderson and Poodle "Marco" now CD, and Gladys Burke and Poodle "Twinkle" for their fine showing at Chalet Cochand.

Mishaps and death hit some of our club families. Marge Willis lost her mother. Our sympathies, Marge. Previously, Marge had tripped while walking the dogs in the woods and fractured her wrist, followed in a few days by Collie "Candy" dashing into a school bus, fracturing a hip.

Young Carolynne Osborne mourned the loss of her pet "Twinkie" given to her ten years ago on her second birthday.

To end with a cheerier note, may we wish the Editors of **Dogs in Canada** and the readers coast-to-coast . . . A Merry Christmas!

Windsor & District Kennel Club

by Joyce Roberts
R.R. 2, Maidstone, Ont.

Our October meeting was held at the home of Mr. and Mrs. John Roberts of Windsor with Stu Roberts, Vice-President in the chair. Our President, Mr. N. Prinsen was present but very anxiously awaiting the arrival of an addition to the family. Congratulations, Mr. and Mrs. Prinsen on the safe arrival of a bouncing baby boy. We are glad too, that Mr. John Jansen is home again after his operation — I'm sure his dogs missed him.

We have received word from the CKC that our judges are all approved for our July 22-23, 1961 shows at Leamington. We shall be advertising a list of them in a future issue of this magazine.

Congratulations to Mr. L. Croletto, Warren, Mich., Mr. C. Milner, Windsor, and Mr. R. Tyner Jr. of Detroit for being the winners of 1st, 2nd, and 3rd prizes respectively in our recent contest.

Best of Luck for '61, everyone.

FACTS AND FANCY OF DOG FEEDING

dog seems to have a knack of concentrating the aromatic portion and producing most obnoxious gases. For your own comfort the feeding of onion and garlic is not recommended.

Q. Will charcoal mixed in the ration injure the dog?

A. No. Although charcoal may have a tendency to pick up some vitamins from the ration and carry them on through the digestive tract, there is no indication that charcoal will injure dogs.

BEST OF VARIETY

It's a Dog's Life

Last Spring, our two Miniature Poodles, mother and daughter, had five and three puppies respectively, in the same week. This Spring, we bred only one of them, but she produced the same total of eight puppies – rather a rare number for this breed.

Our other lady displayed only mild interest for a full week. Then one morning, we found both of them nursing the pups, happily sharing the heavy load. On the day that her own non-existent pups would have arrived, Bon-Bon had produced milk, though she had no other symptoms of a pseudo-pregnancy. At four weeks of age, the pups were still lovingly tended by two mothers, who began the weaning process by carrying such tasty items as raw potatoes to "their" babies.

It would seem that nature does provide, but perhaps Bon-Bon's memory was jogged by the familiar number, eight!

Mrs. Helen B. McMorland,
Vancouver, B.C.

Five Dollars will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's A Dog's Life", Dogs in Canada Magazine, 1173 Bay St., Toronto, Ont.

DOGS IN PRINT

Have you noticed how frequently dogs have appeared in articles and picture spreads lately? *Saturday Evening Post* recently carried an article concerning a Newfoundland, a Waseka dog. Writer is a nephew of the late Alberta Payson Terhune, author of the famous Lad, a Dog. *MacLean's* carried a discussion of how and why some dogs can find their way home over thousands of miles of unfamiliar territory while others get lost easily. *Weekend Magazine* is running "doggy" picture stories from time to time. All good publicity for purebreds.

Enthusiastic to the marrow, two German Shepherds put on the scent of a stolen car, fought over which should follow it. Their professional jealousy led to their being taken to a veterinarian for treatment while the thief went merrily on his way.

DOGS IN THE NEWS

Abigail, a Beagle owned by Major John P. Hefferman, USAF, prefers to crow, rather than bark. She actually has learned to bark but became expert in crowing first. Major Hefferman even took her to an obedience school to try to train her out of behaving like a rooster. She has now learned to produce something like a howl.

"She mumbles and wheezes and hunches her shoulders," her owner told *Saturday Evening Post*, "just like a rooster arching his neck, ruffling and flapping his wings before sounding off. If you close your eyes and pretend you hear wings flapping, you'd swear it was a rooster."

Jackie Kennedy, First Lady of the United States, about to take up residence in the White House, owns a Welsh Terrier called Charlie.

Cartoon in *Satevepost*: "We have wall to wall dog hair."

At Great Missenden, England, the local canine society announced that its annual show would feature a contest to find a dog that most resembled its master.

Vowing to lay off liquor, a resident of Scarsdale, N.Y. telephoned police to pick up a dog wandering through the neighbourhood wearing blue pajamas. The well-dressed dog was picked up, and sure enough a worried owner called the lost and found department of the police office. Her Welsh Terrier, she explained, was wearing pajamas, all right. He'd run off at bedtime.

German Shepherds, part of the police staff of Vancouver, B.C., were called out to help manage unruly spectators at the Grey Cup Game. Now officials are wondering if they shouldn't have them to guard the goal posts for future games. If this is necessary, where is the sport in the game? Another thought: isn't this bad public relations for German Shepherds?

No hit-and-run driver, a Bismarck, N.D. man got out of his car to see if he had injured a small black dog with which he had collided. The dog quickly recovered from his fright and bit the man.

In full speed in his very first race, a greyhound in the Nottingham, Eng. event, easily outdistanced his competitors over the finishing line, headed for the main exit and hasn't been seen since.

DOG LOVERS OF CANADA

we, the dogs of Canada, embrace you

(WITH TEARS OF GRATITUDE IN OUR SOFT BROWN EYES)

Yes, DOG LOVERS, you have made us very happy. Since the introduction of **Fetch** (ah delightful delicacy, made by Nabisco, Makers of Milk-Bone) you have been buying it for us in ever-increasing quantities. Yes, Mr. and Mrs. Dog Lover, dogs all across Canada, are happily eating **Fetch** . And by doing so they are taking on new health,  and their dispositions are becoming even more mellow and loveable. In short, Mr. and Mrs. Dog Lover, by buying **Fetch** with such enthusiasm, you have placed the dogs of Canada in your debt. And you will be repaid with great measures of love and affection from the dog of your choice.

KEEP UP THE GOOD WORK, MR. AND MRS. DOG LOVER!

Spread the word about Fetch to such unfortunates who may not yet have heard how Fetch contains more than generous quantities of calcium, iron, ash, and other necessary factors in a healthy dog's diet. Tell them how dogs consider the flavour of Fetch to be comparable to that of charcoal-broiled porterhouse. Tell them that there is no higher way of expressing love for a dog than by buying him

GAINES

for years famous for nutrition, is now improved with a

NEW, MEATIER TASTE APPEAL

New, improved Gaines Meal is easier for a dog to eat . . . the pieces are the right bite size, larger than before but not too large . . . it doesn't mush in the bowl and it tastes meatier. You can see the difference, the larger size, the meatier colour. These improvements were introduced after months of kennel testing at Gaines Research Kennels. Try it in your own kennels and the reaction of your dogs will convince you that the palatability of Gaines Meal has been greatly improved.

"I feed Gaines Dog Meal exclusively. It keeps my dog in excellent health and show condition. Gaines' new palatability makes it better than ever." Mrs. R. A. Lennox, Homestead Kennels, Willowdale, Ont.

Uniform Nourishment

This is the key to the excellent feeding results you get with Gaines. By developing a unique homogenization process, Gaines Research Kennels came up with the answer to the problem of a higher standard of dog nutrition. Each crunchy nugget of Gaines contains uniform amounts of every food element dogs are known to need; now it's in a form that's even more readily absorbed, more palatable and easier to feed.
