Dr. Jim Corbin (above) Manager of Dog Research, says—"I'm sure that many Canadians will be interested in the facilities that we have and the work that we do down here in Gray Summit, Missouri. The Purina Dog Care Centre is located at the 778-acre Purina Research Farm, about 35 miles from St. Louis. It's the largest and most modern dog centre in the world and it's devoted to dog nutritional and management research.

"At the Centre we put the emphasis on CARE of the dog. Our research provides us with a tremendous amount of practical information on care, feeding, training and management of dogs. This information is continually being made available to both professionals and the general public alike."

16 DIFFERENT BREEDS UNDER ACTIVE STUDY

Beagles • English Setters • English Pointers • German Shepherds • Border Collies Shetland Sheepdogs • St. Bernards • Miniature Poodles • Dalmations • Red Bone Coonhounds • Dachshunds • Wire Haired Foxterriers • Boxers • Labrador Retrievers Greyhounds • Springer Spaniels

The breeds are rotated regularly to help us achieve the widest possible range of nutritional, breeding, endurance and growth studies. At all times, there are about 700 dogs at the Centre, including puppies. There are approximately 70 brood bitches . . . and between 600 and 700 puppies are raised every year.

DOG NUTRITION IS A CONTINUING RESEARCH

The Purina Dog Care Centre works closely with our modern Research Laboratories and with the new Purina plant at Clarkson, Ontario on a continuing programme of nutritional research. 35 individual laboratory units work constantly to produce the finest possible animal rations . . . and to make sure that every bag of Purina Dog Chow and Purina Dog Meal carries a full quota of essential nutrients.

This brief introduction will give you some idea of the scope and the size of the Purina Dog Care Centre. If you'd like more information—or if you have any kind of problem involving the care, feeding and management of dogs—please don't hesitate to write. We are here to be of service to you.

Is your dog bone-hungry, too?

MILK-BONE satisfies the bone hunger of your dog.

A dog needs to chew, and knows it. In the absence of a bone, even the best-trained dog will find something else to chew—often something he shouldn't. But there are few bones in today's kitchens. Many that *are* available are not safe or good for your dog. That's why the modern dog goes bone-hungry.

The answer is Milk-Bone—the biscuit with the real bone shape that makes wonderful chewing, without a real bone's tendency to splinter or upset the digestion. Milk-Bone gives your dog all the important nourishment found in milk, meat, bone-meal and vegetables, too. Get Milk-Bone in the size that suits the size of your dog—regular or large.

cover story

A year ago the Cover Girl was 'Boxerly She-Too'.
Her sister, 'Sachet', this time, is the added touch that's new.
"Les Girls" are owned by family Hart of Englewood, N.J.,
Who, ardent travelers, take the pups wherever they may stray.
They've seen the Plains of Abraham, the mighty Ganaraska,
Tried 'chili' down in Mexico, and had chills in Alaska!
Grand Canyon is their place for bones; in Florida, they fish.
Death Valley's full of life for them, in fact, the world's their dish!
'Wilkern Killarney Dandy' of the two pups is proud père,
While 'Tam' (who's Bit of Marienhof') is the complacent mère.
Both parents, Champs of Canada as well as U.S.A.,
Are background of a program that, we think, some future day,
May reproduce the kind of dog for which there is a need,
And lack, at present (so we feel) in this especial breed.
From purebred cattle, turkeys, pigs, and even, hunting horses,
Our breeding knowledge has supplied some very helpful courses.
Now, 'though we're open-minded, still, we hope it is no boner
To say you really haven't lived 'til you're a SCHNAUZER OWNER!!

SOS from Bridgewater

. . . Something terrible has happened at our house. . . . We have not received our September issue of *Dogs*. We can go many days without food or water, night after night without sleep, but it is impossible to survive one month without our copy of *Dogs in Canada*. Please advise.

can you help?

. . . I hope you can find room to print this letter so other dogs' humans won't be as unhappy as mine. I remember when I first saw my human. I was just three weeks old when she walked into the house where I lived with my mother and two brothers and two sisters. I heard her say: "Are you sure they are purebred? I've always wanted a Boxer, but how can you sell them so cheap? "Oh, they are not registered" was the reply. She picked me up and I nuzzled and snuggled with all the tricks in the trade. It worked. "She is for me", I said to myself.

My human paid the $10.00 and took me home with her, I've nuzzled and snuggled her ever since. You would too, if she was your human.

I've grown into a beautiful dog. I've got everything! Two credited dog judges looked me over and told me so. People look at me and say: "What a beautiful beast. Is he registered?" People have even asked for my services when I am old enough. My human just says sadly: "Sorry, but he's not registered."

"Registered". I haven't the slightest idea what it is. But I'm happy, I love my human, and she loves me, but she has tried so hard to get me registered. She has driven miles and miles, written letters and more letters. She is looking for my grandfather. She has found my grandmother, my great grandmother and my great great grandmother. My dog friends' humans have tried so hard to help too.

She goes to all the dog shows, comes home, holds me tight and says: "You are the most beautiful thing I have seen today, I wish you were registered. They fine people today for not registering something like you. But I need your grandfather". I don't know why. She has me, but she won't give up.

Registered. It must be something very important. Here I am, I've got everything, but without that, my human says I'm nothing more than a mongrel. If she finds my grandfather, my mother and my sisters and brothers can be registered too.

My Grandfather lived in Elmdale, N.S. about five years ago, wonder if any of you would know him?

DANA

Dana not only has everything but his registration, but types a pretty fair letter, too. A dog this smart deserves all the help anyone can give him.—Ed.

not only mongrels

. . . Have read the articles by Mr. Hughes and feel that annual kennel inspection is an excellent idea. However, in certain districts a certificate issued by the Humane Society to breeders of registered dogs would not be an asset. Personally I would prefer one issued by the CKC.

Another point worth a little thought is that a large majority of dogs picked up and placed in the pounds operated by the society are mongrels. While local societies continue to sell unspayed mongrels the situation will not change. Usually the owner of a purebred dog has too large an investment to permit the dog to run at large.

With the boarding and grooming of dogs, local societies have become far too busy to do the job for which the Humane Society was originally formed, the prevention of cruelty to animals.

Before Ontario Humane takes on greater tasks, improvements should be made at the local level.

I like *Dogs*' new format.

H. WELCH
St. Catharines, Ont.

Sad to say, purebreds frequently arrive at pounds too. People seem to think they are doing their dogs a kindness by letting them run loose — at the mercy of traffic.—Ed.

many happy returns

. . . In reply to Andrena Brunotte's bouquet to *Dogs in Canada* for publishing Tom Hughes' suggestion — Kennel Inspection, I say, keep this suggestion alive. It is up to every conscientious breeder to support this effort.

I am a member of the Thunder Bay Kennel and Training Club: At each monthly meeting those members whose birthdays fall in that month pay one dollar. In December a cheque from our club is sent to The Humane Society.

memo
FROM THE EDITOR

DO people really care? Since the inception of the series of articles by crusader Tom Hughes, Director of the Ontario Humane, both Mr. Hughes and *Dogs* have received numerous letters, mostly favorable (urging more of this kind of sensible but firm action on the part of the Humane), some spiked with resentment.

Animal welfare organizations in various parts of Canada have written *Dogs* requesting permission to reprint specific articles in leaflet form. Pointed out one executive, "We want these articles to get into the hands of the general public in our city who should be more concerned with the welfare of all animals." This association alone is having 5,000 leaflets printed.

To such requests permission is gladly given to reprint any of Mr. Hughes' articles currently appearing in this magazine. Only the courtesy of a credit line to the author and *Dogs in Canada* magazine is requested.

In the meantime your publishers also believe that this information should be made available to the public. Announcement will soon be made of the availability of reprints in folder form to animal welfare and other service organizations at a nominal charge to cover costs.

You can help now. If you have contacts with the daily press, radio or television in your community, you might like to suggest some of this material could be adapted to their service programs. Requests for permission to reprint or broadcast material should be addressed to *Dogs in Canada Magazine*, 1173 Bay St., Toronto 5, Canada.

IT takes but a second to glance over your letter, but it can save hours at the recipient's end. From time to time letters arrive with half an address, and it would challenge a Sherlock Holmes to locate the missing portion. For example, we are unable to reply to the following: Mrs. Lauretta Jackson, County Route 37, Central Square, New State. Is this meant to be New York State? And to Mrs. W. Lumnitzer, General Delivery — but what town or city? Francis Jackson, no address whatever. Would the above communicate, or would kind friends elucidate, please?

WHERE are your Club Notes? We can't do a good job of reporting activities of clubs and members if the news is not forthcoming. If your own club is not currently represented, please be sure to have your scribe send in news as soon as possible to your regional editor. ■

the old timer

"I wonder," said the Old Timer, "how well informed the electorate really is?" He had been giving his cages their regular fall painting when I came into the kennel but had stopped for a while to take a breather and to show me a new type stripping knife a friend in the States had sent up to him.

"Informed?" I asked. "Well they should be. When you read about fifty and sixty thousand dollars being spent by individual candidates to contest a single seat and total election costs across Canada of something in the neighborhood of ten million dollars —."

"Whoa back," the Old Timer interrupted. "I'm not talking about the federal elections. I'm thinking about the elections for The Canadian Kennel Club and particularly the crop of amendments that come along with the annual vote. And I wonder if the people who are voting really understand the intent and the purpose of some of these amendments."

I thought for a minute.

"Well the amendment is there in plain language isn't it?" I asked. "They should be able to understand it."

The Old Timer reached for his pipe. He filled it carefully. When it was drawing to his satisfaction he tilted his barrel chair back against the wall, shoved his hat to the back of his head and went through the usual motion of pulling at the lobe of his right ear.

Finally his thoughts were organized.

"I agree that the amendments are in plain language," he said "but that doesn't necessarily mean that the electors are voting with real understanding. No, I'm not blaming the C.K.C. Nor am I suggesting that the directors are trying to slip something over. But I do not think enough members of the C.K.C. really try to find out what these amendments mean before they vote on them. For instance an amendment may recommend that paragraph three of bylaw number six be amended by inserting the following words —."

"That's in order isn't it," I asked.

"Of course it's in order, but to begin with the member voting on that amendment, to understand what it really means must have a copy of the by-laws in front of him. He must look up paragraph e of by-law number six to see what actually is proposed. And if he hasn't got a copy of the by-laws or as the case may be, of the dog show rules, he's just a bit lost. And judging by some of the results, I think too few members of the CKC have the necessary copies, for time and again I've heard them complain about amendments they've voted in favor of themselves.

"Too often, I think, they vote in favor of an amendment because it is sponsored by persons in whom they have confidence, without any real knowledge of what the effect of the amendment will be. This, I think, is particularly true in view of the fact that practically all amendments now originate with the directors of the Kennel Club."

The Old Timer had a point there as far as I was concerned for I could recall many occasions on which I had voted for an amendment purely on the basis of the persons who had sponsored it.

"Okay," I said "how do you cure it."

The Old Timer hesitated for a moment or two.

"I admit," he said "that I'm just thinking out loud but I wonder if this wouldn't be a case where the local kennel clubs could provide leadership?"

"In what way?" I asked.

"Make it a practice to call a meeting of the club just as soon as the proposed amendments are published. Call that meeting for one purpose — and one purpose only — the discussion of the amendments. Urge the club members not to vote until the discussion has been held. Invite a local Director to sit in on the discussion if a local Director is available. Go to the meeting armed with a copy of the by-laws and the rules and consider how each and every amendment will affect the showing and the breeding of purebred dogs."

"And you think that would help?" I asked.

The Old Timer chuckled.

"I make no predictions," he said "but I do think that at least the members of any club that did this would have a full knowledge of the intent and the import of proposed amendments. It might result, at least, in a decrease in the complaints that followed every new move. And if it did even that, it would be worthwhile."

I had the temerity to argue with the Old Timer. "The theory's nice. But don't you think that to most people the amendments are just so many words?"

"Maybe," he pondered. "But there's still no excuse for not understanding what an amendment is all about. The people who work out these amendments have spent a lot of time on them. They're on a committee as a rule, because of their knowledge of the subject. It's a simple matter to write a committee member . . . especially when the subject involves a man's kennels, or his exhibiting, breeding, or even sales. Wait a minute! Where are you going?"

"I have to write a letter," I said. "A little matter about an amendment." ■

VIOBIN

St. Thomas, Ontario (CANADA) LIMITED

OBEDIENCE

Ed. O'Brien is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.

In this month's column we are going to consider another aspect of Obedience training, namely the often noticeable contrast between the work done by the dogs in the trial ring, and that which can be seen in these same dogs on the street and in the home.

Now and again, a letter is sent to *Dogs in Canada* regarding Obedience trials in which the writer expresses concern at the precision work demanded of the dogs in the trial exercises. The feeling seems to be that some handlers are too stern with the dogs in the carrying-out of the various exercises, and that the dogs are unhappy as a result. Occasionally the correspondent will point out that when he is out walking with his dog they do not walk as if on parade, so why should he care whether or not the dog sits straight, heels properly etc. Surely, he argues, it is more important for the dog to be carefree and happy than to be constantly under martial discipline.

It seems to me that these writers are missing the whole purpose of the trials. In the Obedience ring the dog and his handler *are* on parade, not just out for a stroll. They are in competition and marks are awarded for correctness of behavior. To have a well-behaved dog, we must train him to do certain things: the Obedience trials are to prove just how well and willingly he can do them, and he is scored accordingly. The length of time any dog works in the ring (about five minutes for a novice dog) can hardly be considered too long for him to be on his best behavior.

It is true that there are cases where both handler and dog give one the impression that they are on trial for their lives, but usually this is due to nervousness on the part of the handler and the dog, sensing this, becomes unsure of himself. Not every trained dog is trial material, nor every owner capable of doing a good job of handling even a good trial dog.

We realize that there is a certain amount of artificiality about the Obedience trial work, but it has been found necessary to use prescribed exercises to test the behavior of the dogs and, on the whole, these exercises were pretty well thought out by those charged with the responsibility of drawing up the regulations. Nearly all of the exercises, if used in day-to-day living, would result in our dogs being a greater source of pleasure and satisfaction to us and better liked by our friends.

This brings up a point which has troubled me for some time, and that is the behavior of the so-called obedience trained dog out of the Obedience ring. If the dog is properly trained, then he should be obedient at all times and in all places. It must be hard for the general public to understand how a dog in the ring can heel along without tightening the leash, and yet drag his handler along when they are on the street. Outstanding ring workers are a credit to their handlers and to the sport, but we must always bear in mind that far more people see our dogs out of the ring than in it. If the owner cannot let his dog loose wherever space permits, knowing the dog will obey instantly when ordered back at any time, then the dog is not properly trained, no matter what degrees he may hold in Obedience.

Thousands of dogs must have passed through our training classes in the last few years: let us ask ourselves if there is any noticeable difference in their behavior to that of dogs in general. How often on our streets do we see a dog walking correctly with his owner?

I believe in obedience work, that's why I am in the business. While I would like to see some changes in the trials, I feel there is not too much wrong with the exercises as laid down in the Regulations. However, we must keep in mind that as trial competitors, we are trying to demonstrate the ideal in obedience training. Let us not lose sight of the fact that the majority of dog owners will never be in the Obedience ring. Therefore it is up to us, as Obedience enthusiasts, to see that our dogs are well behaved at all times and thus demonstrate the value of obedience training. This, far more than by speeches and the printed word, is the way in which we can educate the general public. We are advocates of Obedience training, and by seeing that our own dogs are well-behaved, obedient and under control at all times, we can do a real selling job.

Since a dog must be obedient to the wishes of his owner, the onus is on the loop end of the leash. A dog takes his cue from his owner on the street as well as in the ring. Calm, orderly commands should give you a calm companion with whom you can walk proudly. ■

BEAGLES

IN THE FIELD

A big voice booming out over the fields, a roaring laugh and a personality merry as a Beagle's. That's Joe Tiede, founder of the Beagle Association of Ontario and for many years the representative for Beagles for The Canadian Kennel Club. A judge of Beagle Field Trials, he is one of Canada's top working Beagle men.

ORIGIN OF BEAGLE FIELD TRIALS IN CANADA

In 1915 the Canadian National Beagle Club, having headquarters at Ojibway, near Windsor, held a Canadian Championship trial. This club had been active a few years previous to this, but records on hand are not too clear as to dates, so I have omitted them. Trials were successfully held every year by this club. The entries were not large, and there were only two classes — 13" and 15".

The Central Ontario Beagle Club held its first trial on March 2, 1923, at Mono Road near Toronto, under the direction of the late Emmerson Robertson, whom I feel should get the bulk of the credit for getting beagling off the ground in Canada, and pulling it through the depression years. This man was an ardent beagler right up to the time he passed away a couple of years ago, and I know his efforts will never be forgotten.

Other people who must be given credit in these early days of beagling in Canada are: Charles Carruthers, Windsor; Ed Johns, Gravenhurst; George Foster, Cooksville; Wm. Johnston, Toronto; Wm. Philman, Toronto; Russ Long, Elmira; Jack E. McShaw, Forest; Lloyd Courtice, Courtice; and I am sure others whom I have never met personally. Some of the above are still active in today's beagling.

In 1926, Mr. Fred Perrow formed the Hamilton Beagle Club, holding trials at Freelton, Ont. This club has since been renamed, the Wentworth Beagle Club. The year following, 1927, the Oshawa Beagle Club held its first trial. On the whole, all these clubs functioned continuously with a few exceptions, where they reorganized, or lack of game for a year or so, but all are operating strong at the present time. Beagling held its own from 1927 until the middle '30's when the TA-I-O in Montreal was formed, successfully conducting trials by packs since that time, and much credit must be given to this club for the assistance they have rendered to the formation of the new clubs in Quebec. The next club to start up in Ontario was the Thames Valley Beagle Club in London, in 1939. Credit for this formation and its steady growth must be given to Hardie Brown who carried through the trying war years, and on to its present position of owning its own grounds and club house. After the war years, beagling really took a hold with the formation of the Brant County Beagle Club in 1945, having since changed its name to the Grand River Beagle Club. Next to form was the Kawartha Beagle Club in 1948 which was primarily a show-holding club, and after three years of successful trials the field-trial-minded boys decided to form what is now known as the Peterborough Beagle Club, and without a doubt is one of the outstanding pack trial clubs on the circuit. In 1950 the Elgin County Beagle Club was born in Rodney, and from there, clubs mushroomed overnight, such as the Nia-Penn in St. Catharines, Credit Valley in Toronto which disbanded about three years ago, and United Counties Beagle Club. In 1957 the Ottawa Valley Beagle Club started beagling on the move again in the east. The Maritimes also started to form Beagle clubs in this period with great success. 1960 and '61 found the Cornwall boys start their own club, and also the Richelieu Beagle Club started in Quebec, and the Highland Creek Beagle Club under the guidance of an old timer at the sport and a prominent one at to-days trials, Joe Smyth in Toronto. I believe there have been a couple of more clubs formed in Quebec in the past year or are in the formation period now. Among the latter is the Lachute Beagle Club.

I feel a great deal of credit for the growth of Field Trials in Canada, beside the men I have mentioned, should be given to Dr. Hagmier of the Hagmier strain of Beagles, which were very outstanding hounds in the twenties and thirties and still prominent in many of todays pedigrees. Oscar Pierson, another beagler of famous hounds in early years, Earl Wall of Forest, George Sherman of Rodney, Archie Steels of Lambeth, and by far one who gave such great Beagles and tremendous support to the beaglers in the East none other than Wm. Waddington, Sr. whose Son, William, is still carrying on the family tradition. Dr. Wes Langmaid must also be given credit for his outstanding efforts to promote better Beagles, being prominent with both pack and brace trials. I also feel there are many more whom I should mention at this time, as helping to promote the sport of beagling, but which do not come to mind at present but the overlooked ones have my appreciation.■

THE HUMANE SOCIETY

BY TOM HUGHES

Sixth in a series by the General Manager of the Ontario Humane, in which he recommends "preventative law" in battling cruelty.

If a person is cruel to an animal anywhere in Canada and, providing an officer of the Humane Society hears about it, he stands a pretty good chance of being summonsed before a court and made to answer the charge. If he is found guilty the average sentence is a $25.00 fine. Or just about the same punishment that is meted out for speeding.

If, on the other hand, the case is not reported to an S.P.C.A. or Humane Society it is a thousand to one that nothing will ever be done about it by any other authority. Certainly local municipal police take the view that it is not their duty to enforce those sections of the criminal code that protect animals. The exceptions are those individual police officers, who are very rare, who feel strongly on the subject, as individuals. Quite frequently local police forces will completely ignore obvious suffering and neglect to animals in their territory. Occasionally Inspectors of the local S.P.C.A. have to contend with active hostility on the part of police officers and municipal officials.

Fortunately this is a generalization and, as such, is not completely true. Some police forces are most cooperative and are willing to help in any way they can. But, even then, they rarely initiate action to either alleviate suffering of animals, or to punish the person responsible. This is invariably left to the Humane Society.

Suppose a person is brought before a court and charged with cruelty to, or neglect of, animals. What *can* such a person be charged with and how does the law *prevent* suffering? And, what is the *maximum* sentence that can be imposed?

The first problem is to persuade the local magistrate or justice of the peace that a crime has actually occurred and that a "prima facie" case exists against a person who is within the jurisdiction of the court. This is sometimes a great deal harder to do than it sounds. I have spent as long as five hours arguing before a justice of the peace that cruelty had occurred. Unsuccessfully . . .!

The actual law that protects animals is found in six sections of the criminal Code of Canada. These sections can be summed up in the words of Section 387 1(a) "Everyone commits an offence who wilfully causes, or being the owner, wilfully permits to be caused, unnecessary pain, suffering or injury to an animal or bird". Other sections make specific actions or failures (omissions) an offence but in every case the fact that the animal actually suffered has always to be present.

Contrary to general public opinion, there is little law in Canada that prohibits specific activities or practices in connection with animals other than Section 387(1)(d) and (f) which prohibit the release of live birds at field trials for the purpose of being shot and the "baiting" or fighting of animals and birds. Section 388 CC also bans cockfighting. These sections can be used to prevent such activities as bullfighting or dogfighting.

In this last respect, at least, we are more fortunate than the United States, since the Criminal Code covers the entire country irrespective of Provincial boundaries.

It is with "preventative" law then that we should be most concerned. If a specific activity which frequently causes unnecessary pain or suffering to an animal is banned, then this *prevents* suffering. Under normal criminal law the offence must first occur *before* any action can be taken. It is for this reason that officers of humane societies frequently find themselves in the heartbreaking position of being unable to do anything until the

"I ROUTINELY FEED PERVINAL"

Mr. Nigel Aubrey-Jones, prominent breeder and importer of champion dogs, says:

"When I find a dog in a foreign country with proper standard conformation, I do not hesitate to import him. Invariably, it takes six months to one year of intense nutritional conditioning to prepare him for the show ring. In addition to beef and kibble, I routinely feed Pervinal to help assure an optimal intake of vitamins, minerals, bioflavonoids and lipotropics which contribute to full coat, sound bones and teeth, good reproduction function, better nerve and muscle coordination and resistance against infections and illness."

Owners, breeders and handlers of top dogs agree that "PERVINAL is PERFECT" for all breeds. Why not give your dogs the benefit of this tasty, economical, easy-to-use nutritional conditioner.

Kennel Tests Prove New Burgerbits gives dogs the taste they really like...the solid nutrition they need.

Here's the dog food that kennel tests proved superior to all others in palatability and nutrition.

Dogs tested preferred new Burgerbits . . . thrived on new Burgerbits.

Here's why:

Increased Fat Content, with an improved fat-protein ratio, gives unsurpassed palatability, maintains glossy coats and healthy skin, helps prevent shedding.

New Flavour-Kernels. Smooth preformed kernels of uniform size and shape eliminate jagged, uneven particles and dust of ordinary dog foods. Spray coating of natural meat fats locks in flavour, protects nutrients.

Aids Digestion. New Burgerbits is expanded to gelatinize starches for easier digestion.

Less Porous. Crunchier consistency helps keep teeth, gums and jaw healthy . . . absorbs liquids without getting mushy . . . feeding pans clean easily without scraping or scouring.

Exceeds NRC Requirements for daily nutritional intake, providing a complete and balanced diet.

Feed Dry or Wet. Kennel tests prove that many dogs prefer Burgerbits dry. Fed wet, Burgerbits retains the crunchy texture and meaty aroma dogs really enjoy.

Special Professional Discounts. As with all of Dr. Ballard's Dog Foods, new Burgerbits carries a special Kennel Discount. Your local representative will be pleased to provide you with details.

ANATOMY OF THE DOG

This subject is of utmost importance to the dog show exhibitor, the breeder of purebred dogs and the judge.

The Standard of a breed is written around the basic skeletal structure and its covering muscles, skin and coat. General appearance and proportions are determined by the underlying skeleton and movement by the skeletal structures and their relative proportions. All important organs are housed within the skeleton – the scenting organs and taste buds and the masticating structures inside the jaws – the brain within the bony skull – the spinal cord within the vertabrae – the lungs, heart and aesophagus – the large vessels at their origin within the thoracic cage (chest), the pelvic organs within the bony pelvis and the abdominal organs lying along the spine or hanging from that area, protected by muscles attached to the chest cage, pelvis and spine.

Fundamental to the description of the anatomy of the dog therefore is an understanding of the skeleton. Casey Gardiner, with her recent intensive investigation of the structure of the ideal Kerry Blue Terrier, suggested that this article should be as simple as possible since she feels that very few dog fanciers, even those who have been in the 'game' for a long time, really understand basic structure. Perhaps it can best be described by comparing the animal skeleton to that of the human. For example, the hock is analogous to the heel of the human, the pastern to the human wrist, the elbow to the human elbow etc.

The head consists essentially of a skull cavity made up of rigid joints. This rigid structure includes the bones of the muzzle holding the upper teeth. The bones of the lower jaw are rigidly united in front and have a hinge joint at the upper and back angle. These joints, one on each side, are the only moveable ones in the head. The orbital cavity for the eye faces in a characteristic direction – mainly forward in the Bulldog, Boston etc., but more toward the side and front in the long-headed breeds like the Collie. In front of the nose bones is an area of cartlidge and the nostrils are well in front of the ends of these bones and allow some movement of the nose itself. The width of skull and cheek and its relation to the muzzle varies over a wide range within different breeds – but in general there are but two types of heads, one, the broad skull and wide apart Zygomatic bones, those bones forming the lower margin of the eye sockets and extending backwards to the skull, coupled with a short broad muzzle. The other type has relatively fine and flat Zygomatic arches with a much longer muzzle forming the wedge shaped head of the Collie, Doberman, etc.

The spine supports the head, forms the backline and extends to the end of the tail. It is divided into five parts, the neck (cervical) region, the thoracic, or chest part with a pair of ribs attached to each vertebrae (at transverse processes), the lumbar region, a relatively firm yet flexible span between the last thoracic vertebrae and the pelvis, the sacrum which consists of three fused vertebrae to which is attached the pelvic girdle and the tail bones. Some of these sections are freely moveable, particularly the neck and tail, to a lesser degree the lumbar and thoracic and the sacrum not at all.

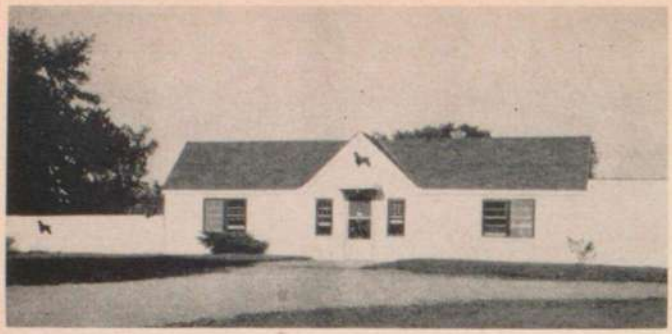

Cervical: there are 7 cervical vertebrae. The head rests on the first which is shaped to form a cup to receive the head and allows it some nodding movement. It is appropriately called the Atlas, after the mythical giant who was pictured as bearing the world on his shoulders. The second cervical vertebrae is concerned with rotation of the head and is appropriately called therefore the Axis. The other five allow free flexion and extension.

There are 13 thoracic vertebrae, each carrying a pair of ribs. The first 10 are attached to the breast bone in front, the next two are attached to each other in front and so indirectly to the breast bone. The last pair of ribs, the floating ribs end in a somewhat blunted cartilagineous end. The ribs lie at an angle to the vertebrae extending backwards from their origin, this angle increasing more and more from the first to the 13th. From a point approximately half way around the chest they extend forward again toward the breast bone. The ribs have a double purpose – they form a protective cage for the vital organs, such as lungs and heart, and yet must move at their juncture with the spine, so they may move forward and outward to increase the size of the chest – this action along with movement of the diaphragm, a muscular sheet separating the chest organs from the abdominal cavity, allow an increase in the size of the chest cavity and so allow expansion of the lungs and the intake of air. When the muscles which expand the chest cavity relax the chest cavity becomes smaller and air escapes from the lungs. The Thoracic vertebrae do not need to move much, but can flex and extend a little.

The seven lumbar vertebrae need to be really large and strong, since all the big muscles of the back are attached to them and they must support directly or indirectly the abdominal organs – as well as conducting the spinal cord. They also transmit the thrust of the hindlegs to the thoracic spine and front legs.

The three pelvic bones from each side form a cartilaginous joint which is virtually solid but which softens during pregnancy in the female, expand somewhat and allow an appreciable enlargement of the pelvic cavity during delivery of puppies. The pelvic bone of each side thus form a solid basket for the pelvic organs. The joints between sacrum and pelvic girdle, the sacro-iliac joints, are also relatively immobile. When they are not or become arthritic, pain results. A lot of people have sacro-iliac arthritis! The joint uniting the sacrum and the pelvic bones must be rigid, because in the center of each three pelvic bones is a shallow cup, the acetabulum into which the ball shaped head of the

OPERATION OF A BOARDING KENNEL

BY WALTER J. MARTIN

It should be clearly understood that the subject under discussion here refers to a kennel operated as a business and not as a sideline for extra income.

PLANNING

Planning and organization being the foundation of any successful business: it is essential that a good kennel should be planned. This means a building so constructed to make working conditions easy and as convenient as possible. Unfortunately planning is controlled to a great extent by finances and herein lies the danger of one becoming a penny wise and a pound foolish.

First consideration should be given to the location. It should be one that is conveniently situated with easy access in all types of weather, preferably on a highway. Here circumstances may play a big part as one might find it necessary to use property already in their possession and yet not in an ideal location. When I decided I would like to operate a boarding kennel, these and many other problems arose. No doubt these problems could be answered by many people in many different ways. Here I will attempt to explain how I solved mine.

I purchased two acres of land on #2 Highway at the outskirts of London, Ont. This gave the necessary frontage needed to prevent others from building too close and creating future problems.

A "T" shaped building of cement block was decided upon. The top part of the "T" was divided into three rooms. Office, trimming room and third one for housing show dogs. Added to this was a pump house and storage room. Later bachelor quarters were added for a hired man.

The long part of the "T", 18 x 70, was planned for boarding. Pens 6 x 3½ x 4½, constructed of cement block were built on either side, leaving a 6 ft. aisle. A sliding door was placed in each pen for access to an individual run. Outside walls were treated to prevent dampness. Each pen was then lined with plywood which was in turn covered with arborite.

OPERATION OF A BREEDING KENNEL

BY MARION W. BROWN

(*pictured below: Winnritch Whiskey Sal*)

I dedicate this short article to the one person most responsible for any success we have had or may have — the one from whom we purchased our first dog and who pointed out the way — the one who offered encouragement and criticism from afar — the one who unhappily passed on even while this was being written — Sam G. Ritchie of Winnritch Kennels, Halifax, Nova Scotia.

Undoubtedly much of what I have to say on the subject of dog breeding will elicit controversy but this is, perhaps, inevitable and good since every breeder's experiences are unique and this is more or less of a chronicle of my own experiences since I began breeding nine years ago.

To begin with we must, I feel, decide by just what criterion we intend to judge success in breeding. To some breeders, success is measured simply and completely in the Show Ring; to win is to succeed and to lose is to fail. I have even seen this feeling go so far, by extension, that a breeder will consider anything less than Best in Show as a personal failure. To many other breeders, success is measured simply by counting up the number of Champions finished in any given period of time — the present award to be given to the exhibitor finishing the greatest number of Champions in the current year's shows is recognition for those who feel this way.

All this activity towards show specimens is highly commendable — after all, how can we compare our own dogs with those of all other breeders unless we do meet them on a common ground, the show ring, and be judged by a neutral observer. How else can we be sure that we are breeding right and staying within the prescribed standards laid down for our particular breed.

I am, however, afraid that the breeders whose aims stop at the show ring are missing much of the real joy of breeding purebred dogs. In spite of the fact that we are referring to breeding kennels as those who are breeding mainly for show specimens, we must remember that at least 90% of all puppies that are produced in any kennel are sold as pets. In concentrating all our attention, all our energy and all our money on this less than 10% that appear in the shows, we are ignoring the greater part of our puppy production and measuring all our success by the minority. In spite of the fact that we, as serious breeders, must consider our pet stock as the by-product of a proper breeding program, we must concede that, in some way, success with our pet puppies constitutes

This gives a nonporous surface easy to clean and holds no odors. The floors of each pen were treated with water-proof cement and heavy linoleum laid. Heavy gauge wire was then laid on top of pens to prevent escape. Locks on doors were so constructed to prevent locking oneself in the pen, yet could not be opened by the animals. A gallon container for water was installed in such a manner so as they could not be upset by the dog.

The upper walls were made damp-proof and insect and fly-proof enamel were applied. The balance of floor space (aisle, office, etc.) covered with a heavy-duty tile added to this part of the building. Two exhaust fans maintaining a flow of fresh air were also installed.

As dogs for most part are boarded on a short time basis, runs 6 x 20 are sufficient with convenient access for cleaning. Cement runs were put in which proved a very expensive mistake. These are now constructed of ⅜ pebbles which are most satisfactory.

The next step, and a most important one, is that of a sign. Here I would say beware of false economy; lighted signs can be obtained on a rental basis which can be deducted from income and pays dividends in the long run.

ORGANIZATION

With the completed kennel comes the next important step: ORGANIZATION. This means systematic housecleaning, for without this your troubles would soon become many. This is where your planning of an easy, workable kennel pays off. Each pen should be thoroughly cleaned. This can be done by using a product that leaves a clean, fresh odor. Highly disinfectant odors are objectionable to many. Flies, insects etc. have no place in a kennel and should be well controlled as they will cause much trouble. Just as important is the cleanliness of the outside runs. Clean newspaper can be used as bedding. This should be changed at least once a day, more often if necessary.

FEEDING

Feeding is of paramount importance; a good diet of the right amount at regular hours. It should be the aim of all kennel operators to have the animal in better condition when their owners return for them.

BUSINESS, ADVERTISING

A good registration and filing system is a must. Information such as: name, address, telephone number, breed of dog. Time of arrival should be obtained, also name of veterinarian used by owner. This last item is of great importance as sickness will strike the best of kennels.

Advertising plays an important role in your operation of a boarding kennel, of which various forms may be used, i.e. phone book, magazines etc. Approximately $75.00 per month would cover this.

TO SUM UP

If starting over again, what would you do differently? This is a question I have been asked many times. To this I am very happy to be able to say I would change very little. My kennel has been in operation for 14 years and has been easy to maintain and easy to work in. Naturally there have been some mistakes. One was installing cement runs. Another change would be the addition of a small room to be used as a kitchen or feeding room plus more storage space.

So if you are planning on going into the boarding kennel business plan it well. Use the best materials with good workmanship. Have a well organized system of operation. This is easily recognized by the public. Remember, the satisfied customer means repeat business. For without it failure results, also the satisfied person tells others.

Take your kennel business as seriously as you would a store, office, or any other kind of enterprise. Set up necessary regulations and adhere to them. Set your policy early and stick to it. And good luck to you. ■

the greater part of our overall successful breeding kennel.

One important point needs to be established before we go any further — that is the question of money. Do not begin breeding with the avowed intention of making any money — you may, but it will be by accident rather than by design. We feel that the kennel balance sheet is a poor place to measure success — all too often the dogs can be short-changed as a result, to the detriment of their health and well-being. In our case we manage to almost balance the books only through boarding, trimming and grooming the dogs that we have sold.

We began breeding with one main precept firmly entrenched in our minds, gleaned partly from a few of the old-timers of Cockerdom — in all cases the most important consideration is the well-being of the dog and that all other things are secondary to this aim. It is to this idea that we owe most of our own special kind of success in breeding. Through application of this aim in all our business dealings about dogs we have made most of our finest friends — strangers who came to buy a dog and stayed to become friends.

This basic idea, implicit though it may be, underlies all our thoughts and has necessarily coloured all our kennel operations. It has engendered a very special kind of rapport with our customers so that they, too, are anxious to do things with their own dogs that will please us. In this way we have been enabled to place stud dogs in homes and have them instantly available when we need them. In this way, too, we have been able to obtain litters from bitches that should have been kept for show and brood purposes but because of space limitations have had to be sold.

An obvious advantage of this camaraderie, and one that has contributed greatly to a successful breeding program, is that we are able to watch the growth and development, not only of the few puppies that we are able to keep for ourselves, but of almost all the puppies we produce. We even have a five year old male who is trimmed in the kennel four times a year, and his owners make a 1000 mile round trip to have it done.

It is impossible to over-estimate the effect on a new customer when we state that we consider that our responsibilities as breeders only begin when the puppy goes to its new home. This is especially true when that person has never owned a dog before and is somewhat shaky about feeding and general care. Once he or she realizes that there is a conscientious breeder standing behind to help then they are much more apt to give the puppy a good home. A good home for a dog is, to us, one that is psychologically correct. In this way we take cognizance of the fact that with dogs, as well as with humans, two main factors influence character and temperament. The first, breeding, is the sole responsibility of the breeder; the second, environment is a dual responsibility.

Because of this dual responsibility, selling a puppy from our kennel is much more a social occasion than a straight business proposition. A great deal of time is spent in the kennel sitting room, with puppies playing around our feet, getting to know the prospective owners and allowing them the opportunity to get to know us and our dogs. If there are children in the family, especially young ones, then we must see how they act towards the dogs. The ages of the children will govern, to a large extent, the age of the puppy we are willing to sell. With children under the age of about seven years, we feel that it is far better to sell a 15 or 16 week old puppy than an eight week old one that requires so much more sleep. Sleep that can be hard to get for a puppy in a household filled with tiny running feet and clutching hands. Time spent talking can also be very usefully employed in showing the prospective customer many of the relations of their puppy, the father, mother, and in our case at least, quite often the grandparents and the great-grand-

Show Talk

The German Shepherd Dog Club of Canada held its annual Specialty Show early in September. The Show Committee drew a wonderful day, a wonderful show and a wonderful entry of 105 dogs. It was most interesting to hear Judge John J. Seiler of Mishawaka, Indiana give his comments, over the loud speaker, on why he placed the dogs as he had. Before he made his findings known for his BB he thanked the club for giving him the honour of inviting him back for the third time. There were the usual local dogs but many came from long distances to compete in this 40th annual event.

After seeing very small entries of this breed at most of the Ontario shows this year, one could not help but be pleasantly surprised at the large entry. Every class was well supported and judging must have been most difficult with so many better-than-average dogs. The finale of the day saw the ring, which was the answer to every Shepherd exhibitor's dream, completely filled with dogs, for this was the 'Kennel Group Class' where many kennels had at least three dogs that they had bred in the ring. The winner of this event, Kingscroft Kennels, had five dogs in and every one looked as if they could have taken BB at most any show. Doris Wilson handled her own Ch. Beau Ridge Anita, a seven and a half year old bitch, to the top in the Veterans Class. In her own words, "it was two Veterans in the ring competing". We wish we could see more of these classes at the shows, for it shows the newcomers (and the oldsters) just what the ancestors of the present day dogs were like. Breeders must be very proud of these producers of today's greats, both male and female.

The Skyway Obedience Club held its annual Obedience Trial with an entry of 67 dogs. The Hamilton Market Parking Ramp lends itself perfectly to such an event. Don Peall and his Committee are to be congratulated on a well conducted, smooth-running single trial. Two rings (two judges) had the good entry well under control and CKC director Edna Joel made the presentations in good time for those travelling a long distance to get home. The trophy table, tastefully decorated in green and gold, was most attractive with trophies all alike, except for size.

The Burlington Arena was the scene of another show by the *Burlington and District K.C.* This is one of the only three remaining benched shows in Ontario of one day duration. The Arena was, as usual, thronged with spectators right from the opening of the doors to the hour when dogs were permitted to leave. Many exhibitors missed some of the special events and classes this club had in former years, but this, along with other innovations, allowed the BIS to be in the ring earlier than in former years. This pleased many exhibitors who had long distances to travel home. The Show Committee, under the guidance of Bud Langford, must have had a few anxious moments when they had to substitute two judges at the eleventh hour. It was interesting to see Judge Wm. Dawson chose a litter brother and sister for his Winner's dog and bitch in the Boxers. Both are owned by different kennels and come from a different part of the country.

On the same day and in the same building the *Basset Club of Canada* held its annual Specialty Show with 19 dogs entered. Judge John Siefren passed on the dogs in this show as well as the Dachshunds in the Specialty held by *The Dachshund Club of Canada.* In the latter Show the entry was a very good one, 32.

Another Specialty held at the same time was the *Doberman Club of Canada Specialty* which had Frank Grant as the Judge and an entry of 21.

The Scarborough K.C. held its annual show in the spacious Don Mills Arena on September 23. This is a beautiful, light, airy building that is made for just such an event. With four spacious rings Judges Thos. Joel, Edna Joel, Peter Smith and Margaret Thomas passed through the very large entry in very good time. The BIS was over well before

What You Should Know About

importing dogs

IMPORTING dogs from England and Europe is not as difficult as it might sound, but there are some details which contribute to ease of mind for the dogs and all concerned.

The shipper's telephone number and address, with clear instructions, plus dog food accompany the crate. The weighbill number should also be given which simplifies tracing if necessary. Instructions should also ask that the purchaser be telephoned on the flight arrival. A wire is then sent informing the purchaser of the flight number.

A thoughtful shipper will attach a sticker or card requesting that the crate will not be placed in a draft, and that water and attached food be given on arrival, and if at all possible that the paper in the bottom of the crate be changed.

The latter is a small point, but it may save many travel hours for the little cargo. The plane leaves England, for example, in the afternoon, and arrives at Montreal at six o'clock the next morning. Following clearance by a veterinarian at the airport, it is either placed on a passenger or cargo plane. The cargo plane might not be scheduled for some time, but a passenger pilot may agree to take the crate—providing content doesn't smell! At your request (or possibly it is the breeder's practice) a few drops of disinfectant sprinkled on the paper in the crate will help keep the puppies smelling fresh right across the Atlantic. Any little detail that will help shorten the trip is commendable.

Many English exporters use wicker baskets with round tops, which ensures against placing any merchandise on top.

Here are a few more tips for shipping anywhere: do try to select dogs of similar weight, otherwise the lighter one might be in for a rough time. Never place loose food in a crate. Don't overfeed on arrival. Warm boiled milk is sufficient, particularly in view of the change of water, until the following day when a normal meal may be given.

Note: there is no quarantine on dogs arriving from England, but there is a three-months waiting period for shipments from Europe. ■

oh to be in england!

Dogs are welcome guests at two department stores in London, England. At Harrod's big complex store and at the smaller Peter Jones in nearby Sloane Square, there are kennels where shoppers can leave their pets for an hour or for all day. The English are very fond of dogs and take them every place they go. Dogs even "come up to town" from the country with their owners. Consequently these two stores are unique in that they provide a place for these dogs to stay comfortably, and free of charge.

At Peter Jones, Mrs. Maggie Hawkins has been in charge of the kennels for seven years. There are two tiers of "guest homes" in a large room in the English-style basement of a nearby building, with a large window giving daylight from the court. There is a zinc tray-floor covered with felt in each kennel. It is cleaned for each new visitor.

For four years George Prew has been looking after the kennels at Harrod's, situated in a basement area of the store itself. Once a customer brought in an Irish Wolfhound and Mr. Prew had to make a temporary pen. None of the kennel boxes was big enough. The week before Christmas last, Harrod's played host to 192 dogs.

believe it or not

In some churches in England dogs were welcome. In others they were not . . . At one time in some English shires men were assigned the duty of shooing dogs out of churches, usually on a salary of from eight to 20 shillings per year. By contrast, a small pew in Northope Church was set aside during service for the dogs of a certain squire . . . When Henry VIII finally joined France against Charles V of Spain he led off with 400 fighting men and 400 fighting dogs — English Mastiffs — "all garnished with good iron collars". And this accounts for the dog collars today, decorated with round or flat brass studs. Henry's idea of a good collar was a broad one, circled with metal spikes which protected the Mastiffs' throats in warfare. Peacetime dogs wore them too, chiefly shepherds' helpers, in fending off wolves . . . In the days of Henry II the nobles were so infatuated with hunting they even attended church with a hawk on their wrist and their hounds at their heels. It's said that in a parish in Sutherland the congregation remained seated during the last psalm rather than stand, because that was an about-to-go-home signal at which the dogs bounded forth in yelping ecstacy.

ANNUAL KENNEL DIRECTORY

presented by

DOGS IN CANADA

and

Ken·L Dog Foods

Every manufacturer claims his dog food provides the nutrients a champion needs... but only Ken·L Dog Foods have fed enough winners to prove it! Facts are what count. And one fact worth quoting is that better than 80% of the best-in-show winners in the Canadian National Sportsmen's Show Dog Shows these past six years were raised on Ken·L Dog Foods!

THE DIET OF CHAMPIONS

November 1962/43

Here is your market place for purebred dogs. More than 100 breeds are listed, including some very rare ones. Information on Boarding Kennels, Grooming, Handling and Training services (as well as breeders of Cats) is included. W. MacCallum, in the Chair, and the following members of the Board present: R. L. Blyth, Mrs. Edna Joel, Mrs. Pamela B. Mack, Wm. McDerment, W. J. Monaghan.

MINUTES

3 M 41. MINUTES OF SEMI-ANNUAL MEETING, June 25-29, 1962.

SUBJECT: The Secretary presented his draft of the minutes of the semi-annual meeting of the Board and read the following letters which had been considered by the Committee on Minutes: letters from Mr. Williams dated July 12th and July 22nd; letters from Mr. Monaghan dated June 27th, July 9th, July 11th (2), July 13th and July 20th.
REPORT: The Secretary reported that the Committee on Minutes recommended the following corrections in the Minutes drafted by the Secretary:

JUNE 25th SESSION:

2. Page 12: In the paragraph preceding motion #258-62 delete the comma preceding the words "or is confusing" and insert a semi-colon.

JUNE 27th SESSION:

9. Page 15: File #13 FT 9. Paragraph (2): alter first two lines to read as follows: "the question had been considered by the Beagle Advisory Committee; at the meeting held at Cornwall he had requested that the views of those present be communicated to him (reported none had been received),".
10. Page 18. delete the first two lines in paragraph #(2) reading "the delegated representatives of Beagle clubs (pack) attending the meeting at Cornwall were of the opinion that there should be more" and substitute the words "he was of the opinion that there should be more".

(Secretary's note: Remaining corrections were incorporated in minutes published in August and September issues).

MOTION #407-62
Moved by Mr. McDerment, seconded by Mr. Blyth:
"THAT, the minutes of the meeting of the Board held June 25th-June 29th, 1962, as corrected, be adopted."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.
Motion carried.

ACTION: With regard to the statement attributed to Mr. Williams in paragraph #(1) (b) on Page 14 of the draft minutes (June 26th session), the Secretary was instructed to incorporate in these minutes the following statement included in a letter (dated July 12th) received from Mr. Williams: "Your statement would reflect that I am against withholding winner if you care to look at the statistics I have been one of the few who have withheld winners so such a statement which you make now is erroneous."

BUSINESS ARISING OUT OF MINUTES

REPORT: The Secretary:
(1) reported that in order to ensure accuracy in the preparation of the minutes of the semi-annual meeting of the Board, he had written Mr. MacCallum, Mr. Williams, Mr. Wells, and Dr. Williams, in connection with statements made at the semi-annual meeting of the Board with regard to resignation of intended resignation;
(2) read a letter dated July 24th from Mr. MacCallum; a night letter (and his reply thereto) dated July 8th from Mr. Williams and Mr. Wells; a letter dated July 14th from Mr. Williams, a letter dated July 13th from Mr. Wells; a letter dated July 15th from Dr. Williams.

ACTION: It was agreed that inasmuch as these communications indicated that Mr. MacCallum, Mr. Williams, Mr. Wells, and Dr. Williams, would continue in their respective offices on the Board, no further action was required by the Board.

5 F 4. INVESTMENTS COMMITTEE

REPORT: The Secretary reported that on the instruction of the Investments Committee the Club's portfolio of investments had been increased by the purchase of $20,000 Government of Canada 5-1/2% Non-Callable Bonds, dated August 1, 1962, maturing August 1, 1980, at a cost of $19,600.00.

MOTION #408-62
Moved by Mr. Monaghan, seconded by Mr. McDerment:
"THAT, we receive the report of the Investments Committee."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.
Motion carried.

5 F 30. ACCOUNTS FOR SHOWS AND TRIALS

REPORT: The Secretary:
(1) pointed out that, at the semi-annual meeting of the Board in June, the Board, by resolution #394-62, had authorized him to draft proposed amendments, on which the national Board was to be polled, with regard to his proposals (outlined in a memorandum to the Board dated May 28, 1962) with regard to date fees and the remitting of recording fees and listing fees by clubs conducting shows and trials under the Club's rules;
(2) reported that in proceeding to draft proposed amendments he had noted what appeared to him to be other desirable changes in the Dog Show Rules and Obedience Trial Regulations and Standards regarding applications for dates, but felt that resolution #394-62 did not authorize him to place before the Board any proposed amendments which went beyond the proposals which had resulted in resolution #394-62;
(3) recommended that instead of proposed amendments being included, in this connection, on the next referendum ballot, that the Chairman of the Amendments Committee and the Secretary be given sufficient time in which to draft entire new chapters dealing with dates, and notice of such proposed amendments be given in the next January issue of the official magazine prior to discussion of such proposed amendments at the next Annual General Meeting.

MOTION #409-62
Moved by Mrs. Joel, seconded by Mr. Blyth:
"THAT, the Chairman of the Amendments Committee and the Secretary be and are hereby authorized to draft and publish in the next January issue of the official magazine, proposed amendments along this line together with any other changes they consider advisable in the Rules and Regulations dealing with dates for shows and trials; such proposed amendments to be included on the agenda of the next Annual General Meeting."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.
Motion carried.

5 F 31. FINANCIAL STATEMENTS FOR FIRST SIX MONTHS

SUBJECT: The Secretary placed before the Board the financial statements for the six months period ending June 30, 1962.

MOTION #410-62
Moved by Mr. Monaghan, seconded by Mr. McDerment:
"THAT, the financial statements for the six months period ending June 30th, 1962, be received."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.
Motion carried.

6 IM 3. DOGS CROSSING CANADIAN-U.S. BORDER

REPORT: The Secretary reported that:
(1) immediately on his return to Ottawa following the semi-annual meeting of the Board in June, Mr. Monaghan had discussed with senior officials of the Department of National Revenue the problems encountered by Canadian breeders shipping females to the United States to be bred to American-owned stud dogs and, as a result Mr. Monaghan had asked that he be provided with details of these problems by members of the Board having knowledge of any problems in this connection experienced by Canadian breeders;
(2) he had reviewed the entire matter with Mr. Monaghan at Ottawa on August 24th, at which time it was agreed that, rather than concentrate on any individual aspect of problems encountered with dogs crossing the Canadian-U.S. border, our efforts should be directed along lines previously considered by the Board (i.e. complete abolition of all tariffs, bonds, duties, deposits, etc.);
(3) it was the opinion of Mr. Monaghan and himself that much might be gained if, prior to direct representations to the appropriate authorities at Washington and Ottawa, the matter is reviewed with Mr. Edwin J. Cannon, Collector of U.S. Customs at Buffalo, and if, as a result of such discussion it was considered advisable to make personal representations at Washington, these representations should be jointly made by Mr. Monaghan and the Secretary.

DISCUSSION: During a discussion which followed it was pointed out that Mr. Cannon had travelled considerably in Canada and had interviewed several thousand Canadian business men in connection with problems encountered with regard to exports to the United States.

MOTION #411-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, Mr. Monaghan and the Secretary be and are hereby authorized to proceed to Buffalo for the purpose of discussing this question with Mr. Cannon (Collector of U.S. Customs); and if, as a result of such discussion, it seems to be worth discussion at Washington, they are authorized to follow up the matter with appropriate officials at Washington."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
ABSTAINED FROM VOTING: Mr. Monaghan (being named in the motion).
Motion carried.

7 R 24. KENNEL NAMES

REPORT: The Secretary reported that the Kennel Names Committee had:
(1) rejected the following applications for registration of kennel name on the grounds that the name selected was identical or similar to a kennel name registered with either The Canadian Kennel Club or The American Kennel Club (registered name in brackets): TOP FLIGHT (TOPFLITE), BARGE (BARGEE), TIMBERLANE (TIMBERLINE), ROCKABYE (ROCKABY), K'LARNEY (KILLARNEY), LYN-MOR (LYNNMOUR), CO-LYN (COLLEEN), AVALAWN (AVALON), LYNMAR (LINMAR), DIXIE (DIXIE), SUNSET (SUNSET), MAJESTIC (MAJESTIC), TRITON (TRYTON), WESTWINDS (WEST WINDS), VANGUARD (VANGUARD), FANCY FREE (FANCY FREE), OUR OWN (OUR OWN), ERIN (ERIN), SHANNON (SHANNON), LILLIPUT (LILLIPUT), WHITECLOUD (WHITE CLOUD), PICCADILLY (PICCADILLY), SUNNY BROOK (SUNNYBROOK), MALDEN (MALDEN), SYLVAN (SYLVAN), DEE-JAY (DEE-JAY), FLOWERDALE (FLOWERDALE), ROSEDALE (ROSEDALE), WINDYLANE (WINDY LANE), THUNDERHEAD (THUNDERHEAD), FALCON (FALCON), SEA-VIEW (SEA VIEW), CALYPSO (CALYPSO), ROCK-WOOD (ROCKWOOD), RIM-ROC (RIM-ROC), SURF SIDE (SURF-SIDE), RIPPLING RUN (RIPPLING RUN), BOUQUET (BOUQUET), ROMANY (ROMANY), WOODCREST (WOODCREST), DRUMMOND (DRUMMOND);
(2) rejected the following on the grounds that they are names of post offices in Canada: ARD-ROSS-ANN (ARDROSSAN), VALLEY VIEW (VALLEYVIEW), APPLEBY (APPLEBY), L'AVENIR (L'AVENIR), MILLBROOK (MILLBROOK), ROYSTON'S (ROYSTON), BRENTWOOD (BRENTWOOD);

(3) did not sustain objections to the following applications: SHAR-LILL, JILL-GUY, MAYTREE;
(4) rejected the following applications for registration of kennel name on the grounds that the name selected is indicative of a breed or group: PEKE-AMOUR, KERRYMAN, ASTRALAB, PUG-WELLS, YMAR, POMCREST, BOSKERRIS-VEAN, GLEASAMARA, GLEASAM, SNOWSAM, GLOSAM;
(5) rejected the following applications for registration of kennel name on the grounds that the name selected includes a colour: KYE-BAY, BLUE BELL, GREEN GORGE, SHIMRING JADE, RAINBOW LINE'S, SILVERCREST, SILVER-MIST, SILVER-STONE, SILVER-STAR, BAY ACRES, BAY HOLLOW, BAYSIDE BLACKS, CORAL REEF;
(6) rejected the following application on the grounds that it includes the word "Royal": ROYAL SONIC;
(7) rejected the following application on the grounds that it is a descriptive adjective: COMIC;
(8) rejected the following application on the grounds that it includes the name of a place within 100 miles of the applicant's residence in Canada: FULLER CREEK (FULLER);
(9) recommended that inasmuch as The Kennel Club (England) had granted the name BERMUDIANA as a kennel name to Mr. John M. Openshaw, Bermuda, Mr. Openshaw's application for registration of kennel name be approved, notwithstanding a previous decision of the Board;
(10) granted the request of Mrs. Margaret E. Corbett that approval given her application for registration of MONTE VERDE as a kennel name be cancelled (on the grounds that it is a name used as a kennel name in the United States) and her second choice (TERAGRAM) be approved;
(11) rejected the application of Mrs. T. C. Wylie for registration of STRATHBURN as a kennel name on the grounds that this is a name registered as a kennel name by Mr. T. C. Wylie;
(12) decided that, unless the Board saw fit to direct otherwise, applications for registration of kennel name would be reported following the practice of The Kennel Club (England) in reporting applications in their official organ, i. e. alternative choices are shown immediately following the first choice of applicant;
(13) instructed the Secretary to poll the national Board on the Committee's interpretation of Section 7 of the new Standing Resolution, the Committee being of the opinion that the Board intended that no kennel name should be approved for registration if it is a descriptive or qualitative adjective, or it includes a descriptive or qualitative adjective (see definition re colour), and it directed that a number of applications be held in abeyance pending a decision as a result of the poll;
(14) sustained objections, on the grounds of similarity between a kennel name already registered and one applied for, submitted by the following persons: Wm. S. Caterer (DORSAM) to DORSEHN; A. P. Kirk (KIRANDOR) to CLARANDOR and KRANDOR; Fred E. Grant (GLANROBIN) to GLEN ROBIN; Mrs. Yan Paul (SUYAN) to SULAM and SULAMM; Gordon H. Grahame (BARLANARK) to BALLINPARK; Mrs. Barbara Hardinge (HARDALE) to HAR-VAL, HAR-VALE and HARVALE; Miss Joan Railton (TAUNTON) to TAWNTO; Mrs. Doreen M. Northover (GAYMITZ) to JAMITZ; Mrs. Marjorie Jackson & Sons (HAPPYTIME) to HAPPY-TONE; Mr. & Mrs. G. Simerson (DON JON) to DONJO;
(15) approved the application for registration of kennel name LINDENBUCHT, incorrectly reported in the official magazine as LINDENBIRCHT.

MOTION #412-62
Moved by Mr. Blyth, seconded by Mr. Monaghan:
"THAT, we accept the report of the Kennel Names Committee."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mr. McDerment, Mr. Monaghan.
ABSENT: Mrs. Mack.
Motion carried.

-----Luncheon intermission.

REPORT: The Secretary reported that:
(1) at the semi-annual meeting of the Board Dr. Williams, as Chairman of the Kennel Names Committee, gave notice that, at the next regular meeting of the Board, the following motion would be made:
"THAT, the Standing Resolution reading as follows:
'THAT, a person may not use a kennel name more than three times without registering same.'
be and is hereby rescinded.",
on the understanding that the national Board would be polled on this question before the next regular meeting of the Board and a report of the balloting would be presented at the next meeting of the Board;
(2) following the semi-annual meeting he had sought advice on Dr. Williams' wishes with regard to this subject and had been asked by Dr. Williams to poll the national Board on this proposal;
(3) the national Board had been polled on this notice of motion, with the following results:
In favour: Mr. Dawson, Mrs. Joel, Mr. Little, Mr. McDerment, Dr. Williams.
Not in favour: Mr. Williams, Mr. Blyth, Mr. Miller, Mr. Wells.
DISCUSSION: During a discussion which followed it was agreed that the results of the poll were not conclusive in that a majority of the fifteen members comprising the Board had not either voted in favour or against.

MOTION #413-62
Moved by Mr. Monaghan, seconded by Mr. Blyth:
"THAT, this whole matter be referred to the next annual meeting of the Board."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mr. McDerment, Mr. Monaghan.
ABSENT: Mrs. Mack.
Motion carried.

SUBJECT: A letter from Lt. Col. Fraser M. Greig, Bracebridge, Ont. who:
(1) stated that he was most anxious to register BINSCARTH as a kennel name and had applied for registration of this kennel name to the Canadian National Live Stock Records on July 16, 1962, only to be advised by the Records Office that as Binscarth is the name of a post office in Canada it may not be granted as a kennel name;
(2) pointed out that his father, and later himself, had used BINSCARTH as a kennel name in registering a considerable number of dogs (estimated to be in excess of 125) in the Club's records during the past 25 years;
(3) pointed out that Binscarth is located in Manitoba, has a population of only 451, and the post office there appears to be small as it is not allowed to sell postal notes;
(4) requested the Board's consideration of his appeal.

MOTION #414-62
Moved by Mr. Blyth, seconded by Mr. Monaghan:
"THAT, the letter and application be referred to the Kennel Names Committee."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mr. McDerment, Mr. Monaghan.
ABSENT: Mrs. Mack.
Motion carried.

REPORT: The Secretary reported that:
(1) since the last meeting of the Committee there had been received from Mrs. Geo. F. Lovett, Stittsville, Ontario, an application for registration of the kennel name RONAS HILL;
(2) this name was amongst a group of names which had been included, in the January 1962 issue of "Dogs in Canada", as kennel names which had been, or may be, applied for;
(3) an objection had later been received from Mrs. Hugh Simpson (kennel name ROSE HILL) objecting to the kennel name RONAS HILL on grounds of similarity to her registered kennel name; the objection had not been sustained by the Kennel Names Committee.
ACTION: It was agreed that in these circumstances Mrs. Lovett's application should be approved.

7 R 25. REGISTRATION COMMITTEE

REPORT: The Secretary reported that the Registration Committee had:
(1) authorized the recording of transfer of ownership of the Boxer, LISA OF AUBINDALE (467863) from the name of D. G. MacKinnon, Ottawa, Ontario, to the name of Wilbert D. Hill, Ottawa, Ontario; date of transfer, October 1, 1960;
(2) declined to offer any assistance (following a policy previously set by the Board) in connection with the registration in the Club's records of a Boxer imported from the United States which had been sold by the S. P. C. A. of Hamilton;
(5) authorized the recording of transfer of ownership of the Doberman Pinscher SUNAWAGOLD'S FELEINHEIM (452687) from the name of Paul Dencker, Bowness, Alta. to the name of Mrs. Harry Sahlen; date of transfer, November 1, 1961;
(6) authorized the recording of transfer of ownership of the Fox Terrier (Wire) SCAMPY (494744) from the name of John Wilcox, Beaconsfield, Que. to Lionel Grassette, Frelighsburg, Que.; date of transfer, April 7, 1961;

7 R 70. BREED IMPROVEMENT - SELECTIVE REGISTRY

REPORT: Mr. Monaghan, Chairman of a Special Committee appointed by the Board, reported that:
(1) by virtue of the authorization set forth in resolution #272-62, the Committee (composed of himself, as Chairman; Mr. McDerment; and the Secretary) had met with Dr. F. J. Leslie, Chief Registration Officer of the Department of Agriculture, at Dr. Leslie's office on August 24th for the purpose of an informal discussion with regard to the several plans which the Committee had placed before the Board and any other possible alternatives;
(2) as a result of the discussion with Dr. Leslie it had been agreed that Dr. Leslie would seek the opinion of the Department of Justice on a number of questions, and in the light of the opinion that is expected in due course, the Committee would draft one or more plans;
(3) pointed out that this file could not be developed sufficiently at this time to enable the Committee to poll the national Board on any possible amendments which might be included in the next referendum ballot;
(4) therefore it was the recommendation of the Committee that, depending upon the nature of the opinions which Dr. Leslie receives from the Department of Justice, and any further discussions which may be necessary, the Committee arrange for the publication in the January issue of "Dogs in Canada", for subsequent discussion at the next Annual General Meeting, of any plan or plans which it considers may receive Ministerial approval.

MOTION #416-62

of a proposed new Article XV;
(2) read a letter (dated September 6th) from the Club's solicitor, and the draft of a proposed new Article XV as drafted by the Club's solicitor.

REPORT: The Secretary reported that:
(1) in connection with the question raised by Mr. Wells, at the semi-annual meeting of the Board, with regard to the possible application of Chapter 25, Section 3, of the Dog Show Rules to a resident of Canada whose handler's license had been suspended by The American Kennel Club, and pursuant to instructions given by the Board (resolutions #292-62 and #293-62), he had written The American Kennel Club, the Club's solicitor, and the Chairman of the Amendments Committee;
(2) the situation brought to light by Mr. Wells' enquiry and the opinion given by the Club's solicitor had been discussed with Mr. Monaghan, Chairman of the Amendments Committee at Ottawa on August 24th, when he and Mr. Monaghan agreed that a serious situation existed but one which could not be entirely rectified by the authorization given in resolution #293-62;
(3) Mr. Monaghan and he had agreed that the matter should therefore be referred to this meeting of the Board in anticipation that the Board would authorize the taking of immediate action with regard to appropriate proposed amendments not only to the Dog Show Rules but also to Chapter 1, Section 4, of the Obedience Trial Regulations and Article VI, Section 4, of the Club's By-laws.

MOTION #424-62

so you're going to buy a puppy!

"Dad!" exclaimed a young lad recently. "Do you know you spent as much time choosing this puppy as you did your new car?"

To the uninitiated, that might seem an exaggeration. If you've never window-shopped, now's the time to start.

First, be sure the new puppy will be genuinely welcome in your home. When there is dissention as to whether or not to have a puppy, forget it, for the pup's sake. He's the one who'll suffer if the desire is only half-hearted.

Decide, too, what kind of dog you want, as carefully as you would a car. Do you basically desire a companion, a hunting dog, a show dog, a watch dog, or a combination of some—or all.

What type of home do you have? Is it fenced? If not, are you prepared to walk your dog as often as necessary, regardless of weather? If you live in an apartment, are dogs permissible? If they are, there are many types of small dogs who virtually exercise themselves. This also applies to a small house.

Do you have children? Every boy or girl ought to have a dog, but the child should be old enough not to maul the young dog. Very young children can be innocently cruel to a defenceless pup.

You may be a good parent, but would you be good to a dog? Are you prepared to look after it through sickness as well as health? To take it to a veterinarian when necessary? To treat it as a member of the family?

How are you going to choose your dog? There are many ways of becoming informed. In addition to *Dogs in Canada* there are innumerable books on virtually every type of dog, its care and training. Particularly, study the picture, history, description and standard of more than 125 breeds in The Complete Dog Book, available through this magazine. (See list in this issue.) Talk to people who know dogs. Go to a few dog shows. Ask questions of the breeders.

When you have chosen your breed, visit several kennels, preferably in the company of some one who really knows dogs. Ask to see the parents, or at least the matron. Look at the whole litter first. Watch for the little shy retiring one in the far corner. It's tiny and adorable — but don't take it, unless you're prepared for difficulties. Find out about inoculations — what has been given and what needs to be done. For your own peace of mind, have a veterinarian look him over.

Don't shop for bargains. There aren't any.

JOAN RAILTON, c/o Sir Charles Tupper Secondary School, 419 East 24th St., Vancouver, B.C. Popular teacher, judge and Bulldog specialist.

Thanks to the club secretaries and individual members who have sent in news for this issue. Some clubs are yet to be heard from. I am sure they are carrying on interesting activities that are not being reported.

The Tracking Test held on September 16 by the *Coastal Canine Academy* went off very well, with perfect weather. All the members and volunteers who worked hard at track-laying, stewarding and refreshments get a heart felt "thank you" from the Test Superintendent. Four out of nine entries passed. It was heartbreaking to see some fail who are known to be good trackers; the reasons are still being discussed and analyzed.

Four Shepherds passed — *John Rogalsky's* 'Kurt', *Bill Strutinski's* 'Deasa' and 'Destiny' and *Mrs. Shirley Luke's* 'Susie'. The club's thanks go to *Cpt. Ian Hall* and *Mrs. Margret Best* for their judging and the interesting discussions that followed the Test.

The club had a good turnout for the Obedience classes and are waiting to see the dogs arrive for training on October 2.

During the summer CD degrees were won by dogs belonging to club members *Joan Williams, Shirley Luke, John Rogalsky, Jenny Arthur, John Service* and *Don Holland.*

The Vancouver Isle German Shepherd Dog Club held its first Specialty Championship Show in conjunction with the *Vancouver Island Dog Fanciers Association* on September 8 with an entry of 35 dogs. As an added attraction Puppy Sweepstakes were judged by *Ken Rickman* of Victoria. Von Grey-Cyn's Calico took Best Puppy in the Sweepstakes and Von Grey-Cyn's Commander took Best Opposite, both owned by club members *Greg and Cynthia Iverson.* The club's special thanks go to *Art Burden,* of Scarborough, Ont. who did a fine job of judging the Specialty.

POT POURRI

Ken Rickman reports that the Oakcrest Kennels have recently imported from England a handsome pair of Brussels Griffon (Brabancen Variety). They are now being shown and will be bred shortly.

Mr. and Mrs. F. W. Webb of the Vantoria Collie Kennels, Victoria, celebrated their golden wedding anniversary recently. Many friends and 'old-timers' were present at an at-home marking the event. *Mr. and Mrs. Webb* have been CKC members for close to 40 years during which time they have been breeding Collies in Winnipeg and Victoria. For the past 11 years *Mrs. Webb* has been Secretary-Treasurer of the *Vancouver Island Dog Fanciers Association.* She has been honoured by an award from *Dog World Magazine* 'for devotion to the Collie breed'. *Mr. Webb* is now enjoying his retirement with his Collies and his garden on Vancouver Island.

A cheery letter from *Mrs. Wood,* of the well-known Melita Kennels, written from hospital, includes the following story: *Mrs. Wood* ordered a Cairn puppy from Britain a year ago. Instead of the pup she received a picture and newspaper cutting 'valuable pup stolen and sold for five bob'. The police were unable to trace it so the owners took over. They had the good luck, on entering a new housing estate in Glasgow, to ask the one small boy who knew where the dog was. So the little female, if a slight leg injury proves O.K., will arrive in Victoria after all.

Mrs. Wood feels that sales of pups of her breed have been good. She attributes this partly to a growing tendency of many people to buy 'two for company'. She also discussed both the problems of air transportation of dogs and also the success she has had in breeding by following the advice of an English Herbalist Vet. Anyone wishing further information should write her direct.

Best wishes for a speedy recovery *Mrs. Wood.*

Two judges passed each other on the street. "How are you?" asked one.

"I'm fine," was the reply. "But of course, I can only speak as I find myself today."

° ° °

Disturbed exhibitor: "What's the matter? Are you blind?"

Judge: Certainly not. I excused you from the ring, didn't I?"

° ° °

If it weren't for Edison, we'd all be watching Lassie's TV show by candlelight.

MARY D. HART, Box 416, Brandon, Man. Well-known German Shepherd Specialist and Working Dog Judge.

News from the *Gateway City Obedience Training Club,* Winnipeg, this month has arrived in the form of their monthly Newsletter, "Collar and Leash", edited by *Mrs. Monica Torrance.* I know that many clubs do publish a periodic Newsletter and it has been my feeling since the start of *Club Roundup* that if these clubs would simply add my name to their mailing list, this would provide the simplest means of submitting news of club activities, births, illnesses, amusing anecdotes, etc. to this column. I am grateful to *Gateway* for starting the ball rolling on this method and hope that other clubs will adopt this same method, where possible.

Gateway held their annual general meeting on September 12 with the following executive elected: President, *Ron Hamel;* 1st Vice President, *Rupert Shriar,* who is to supervise publicity, the Demonstration Team and the Newsletter; 2nd Vice President, *Douglas Ross,* who is to be Chairman of the Trial Committee; Secretary, *Mrs. Betty Moorhouse;* Treasurer, *Mrs. Dolores Lauman;* Librarian and Trial Class Secretary, *Mrs. Allan;* Program Chairman, *Mrs. Grace Anne Penno;* Social Chairman, *Mrs. Grace Ashcroft;* and Training Chairman, *Gordon Ashcroft.*

Gordon Ashcroft reports the appearance of three breeds new to the Winnipeg area at the recent *Coronation Kennel Club* shows — the Puli, Drever and Lhaso Apso. *Gordon* expresses the same feeling as many of us (myself included) upon seeing our first Drever. "Someone certainly has a lot of gall entering a Basset like that"!! (Apologies to Drever breeders. It's the same as the eternal question to Kerry Blue exhibitors. "How do they see?") The Puli entered, an American Champion, was well groomed. According to the owner, grooming is the only answer for those who want the Puli as a household pet. (There is still much controversy on this subject. Some judges prefer the groomed coat although as far as I can see, this is chiefly

more overleaf

in the States, others prefer the natural corded coat. Our CKC standard for the Puli still states "a combed-out or brushed-out coat is as undesirable as a neglected coat").

Monica and Roy Torrance and son *Alan* made a very worthwhile trip to the Norwegian Elkhound Specialty Show in Minneapolis. There are a surprising number of Norwegian Elkhounds in the Winnipeg area and the entries at their shows are greater in number than at some of the much larger Eastern shows. It is an ideal breed for this climate.

Congratulations to *Mr. and Mrs. Lee Glassco* of Winnipeg upon the birth of their daughter.

The Manitoba Gun Dog Association held its Annual Fall Licensed Retriever Field Trials on September 1 and 2 at Headingly. A total of 83 entries were received with dogs from Minnesota, North Dakota, Ontario and Manitoba. The Open All Age drew an entry of 30 dogs: 25 Labradors, three Chesapeakes and two Golden Retrievers. The first test of the day was a water triple combined with a water blind to make two series in one. A number of dogs ran into trouble with the blind so that only 12 of the initial 30 dogs completed this test. These 12 dogs then moved to a land series in knee-high alfalfa with a good wind blowing from the rear at the line. Only three of the 12 starters were able to retrieve all three ducks thrown without being handled on the long 200 yard bird. The final test consisted of a land blind and a diversion gun just to the left of the imaginary line between the dog and the hidden duck. All 10 remaining dogs completed this test. First place was awarded to "Jo-Ker's Lady of Rockwell" owned and handled by *A. Gray* of Stone-

TO CIRCUMVENT HOOK WORMS HAVE BITCHES WHELP IN COLD WEATHER ADVISES DR. D. S. MACDONALD

hook worms

Hookworms are one of the most devastating of the intestinal parasites found in dogs. The most common species of hookworm in Canada is Ancylostoma caninum. There are two other species of hookworms found in dogs, Ancylostoma braziliense and Uncinaria stenocephala. Of these, the former is found more commonly in the southern United States, the latter in the northern States and Canada.

The common name "hookworm" is derived from the shape of the adult worm. These worms, depending on the species, range from ⅜ of an inch to ¾ of an inch in length. They are located in the small intestine and attach themselves to the lining of the bowel. Female worms deposit large numbers of eggs which are passed with the stool of infected dogs. These eggs can hatch into larvae in as short a time as twelve to twenty-four hours at which time they are incapable of causing infection if swallowed by a dog. However, the larvae within a week or longer, develop into a third stage, at which time they are infective. Environmental temperatures are important to the parasite – if extreme, hatching is delayed, as is the development of the larvae to the third or infective stage. Larvae are destroyed by freezing temperatures or by very dry conditions.

Susceptible dogs become infected in three possible ways.

1) by ingestion – the dog swallows the infective larvae which develop into mature worms in the small intestine.
2) by penetration of the skin – after penetrating the skin the infective larvae migrate through the body before localizing in the small intestine.
3) by prenatal infection – puppies carried by infected bitches can become infected before birth.

SYMPTOMS

There is a great difference between a dog that is passing hookworm eggs in the stool and one that is clinically ill with Hookworm disease. In some areas in the southern United States as many as 80-90% of the dogs pass hookworm eggs but a much smaller percentage show any clinical symptoms. Therefore, symptoms depend to a great extent on the degree of infestation. Other factors such as resistance and immunity due to previous infection are important.

Moderate hookworm infection may produce only mild diarrhea. There may be traces of blood showing periodically in the stool, but the animal might otherwise appear quite normal. However, dogs that are clinically ill may die within a short time. They become anemic, weak, have severe hemorrhagic diarrhea, exhibit signs of shock, and death can be rapid. Early diagnosis is most important. It is advisable to submit stool specimens to a veterinarian at regular intervals for microscopic examination. The eggs are characteristic and readily identified.

It has been calculated that each adult hookworm removes up to 0.8 c.c. of blood in a 24 hour period. It is generally agreed that it is this great blood loss that results in death in heavily infested dogs. Treatment is likely to be ineffective in such dogs, especially young animals, in spite of blood transfusions and other supportive treatment.

PREVENTION

- Kennel runs should be as dry as possible. Good drainage and exposure to strong sunlight provide an adverse environment for hookworm larvae.
- Fecal material should be removed frequently and promptly from kennels and runs.
- If grass runs are used the grass should be kept trimmed short.
- Kennel floors can be treated with Sodium Chloride or Sodium Borate to destroy larvae.
- Early treatment if hookworm eggs are detected on fecal examination.
- Since hookworm infection is more prevalent in the summer months, breeding programs should be arranged to have bitches whelp in the late Fall or Winter months when possible.

TREATMENT

A veterinarian should always be consulted. There are several effective drugs used to treat hookworms. However, professional advice should be sought in order to effectively employ these drugs.

The woman rushed into the police station, obviously harrassed and out of breath.

"I was just out at the dog show," she gasped. "A man chased me up the steps, past the rings and through the benching area."

"The desk sergeant assured her, "we'll find the scoundrel and lock him up in no time."

"Oh, please don't arrest him," she protested. "Just find him for me."

They were talking after the club meeting. Said one: "You know I wouldn't say anything about her if it wasn't good. And brother, is this good!"

Neighbour: How are you making out, selling magazines, Jimmy?
Jimmy: Pretty well. I made $25 at the big house down the street.
Neighbour: They must have bought a lot of magazines.
Jimmy: Nope. Just one subscription. But their dog bit me.

wall, Man. Other awards will be reported shortly in *Dogs in Canada*.

The weather, so far, promises to be ideal for the *National Retriever Club of Canada* National Stake this coming Thanksgiving weekend at Saskatoon.

VINA JONES, R.R. #2, Minesing, Ont., Labrador breeder and exhibitor, valuable contributor to dog club, humane, first aid, other club work.

Barrie Kennel Club has started back for the Fall term of dog activities. Since the September meeting the club has enjoyed a members' match and plans are underway for a Halloween Masquerade. Congratulations are due members from Gravenhurst, John and Win Terelly, who have earned an American Championship with their Norwegian Elkhound, Vakker-Lund's Bonnie II. Bonnie picked up four major wins and during her showing in the USA was undefeated for points.

When the *Burlington and District K.C.* sent me their report, all were looking forward to their All Breed Championship Show which was to be held September 22. Many new members have been welcomed to the club. Obedience activities started on September 9 and classes are held Sunday evenings in the Sea Cadet Hall. Handling classes will also be held in this hall on Sunday afternoon. A club bowling night is also in the planning, time and date to be announced later. *The Irish Setter Club of Canada* have challenged the club to an obedience match, expected to be held in December. Many members are reporting show wins and congratulations are extended to the *Zvonkins* who had a four point win at the Poodle Specialty in Cleveland. The club has been saddened by the death of *Mr. Marriott*, a 94 year young member from Hespeler, Ont. *Mr. Marriott* was a Miniature Schnauzer breeder.

The Ottawa Kennel Club did not hold meetings in the summer but all have been busy attending shows or helping in the operations of other dog shows. The May shows were very successful — *Blanche Bleeks, Walters and Dennis Hayes* did excellent work in planning their respective divisions. The Fall session sounds very entertaining with plans for business meetings and social get-togethers.

The Oakville and District K.C. reports its first attempt at a Saturday and Sunday show a real success and are hopeful that when the 1962 statistics are ready the club will have a higher rating than sixth as they stood last year. The demonstration teams, under the direction of *Mr. and Mrs. Charters*, proved very interesting. The following Sunday, *Mr. and Mrs. J. Broeder* entertained the club to a picnic at their Riverview Farm.

The Irish Setter Club of Canada is very well pleased with the results of its Booster show held in conjunction with the Burlington All Breed show, and were pleased to welcome several American exhibitors. Colorful decorating made a very attractive setting for the dogs. Following the business portion of the September meeting, *Dr. Newton* of Ancaster gave an interesting talk on symptoms of old age in dogs and their causes. A Field Trial is planned for October 28 at the *Southcott's* and plans for the annual Christmas party are well underway.

The last outdoor meeting of the *Upper Canada K.C.* was made up of a combined auction sale - novelty fun match — and a weiner and corn roast. The auction sale was a hilarious affair and added considerably to the club's funds. The fun match was just that in every sense, prizes going to the female with the sexiest eyes etc. Following a lively afternoon *Geoffrey and Hilary Lissenburg* entertained the club at their Seaton Heights home in Aurora.

St. Catharines Kennel and Obedience Club is again organized for an active year. Plans are well advanced for the All Breed show in April and the double Obedience Trials in May. Regular Obedience Classes have started and some of the advanced members have formed a drill team, and have put on demonstrations for several organizations in the district. The club was represented in the Grape Festival parade with a float depicting a hunters' paradise. The duck blind, Labrador Retriever, wild ducks and a raccoon added much interest. *Hugh T. Monro* has been re-elected president for another two-year term.

The Fall and Winter season for the *Hamilton Kennel Club* started with its September meeting when all its 1962 work was reviewed. Results were very gratifying. Plans were discussed for the Christmas sanction show. A very instructive talk on handling was given by *Lorna Jackson* and was greatly appreciated by all as *Lorna* had to drive through wicked weather, fog and torrential rain to be the guest speaker.

The *Dominion Collie & Shetland Sheepdog Ass'n*, Montreal Branch: Another very enjoyable Club Match was held the end of September at the home of Mary and Mac Stephens, St. Andrews East. Each member invited a guest and a special class for Any Other Breed was included. *Ruth Mingie* did an excellent job of judging the eight Collies, 26 Shelties and 11 A.O.B. with the following results: Best Collie, *Mrs. Hector Morin's* Adios Buttler's Song; Best Sheltie and Best in Match, Rosslynn's Ebb-O-Nite, owned by *Audrey Gray*, a repeat of her win at the previous Club Match. Best A.O.B., *Joan Lagimodiere's* Standard Smooth Dachshund pup, Lomisi's Spinner. In Junior Handling, *Hazel Slaughter* placed *Ian McGibbon* first in the boys' section and *Norma Prescott* first in the girls'. These well-run matches have provided a splendid opportunity to bring out young dogs and give them their first taste of competition. After seeing so much enthusiasm, efficiency and cooperation in a club of such small membership, one cannot help but wish the same could be said of some of the older and larger clubs hereabouts.

Apart from a talk on genetics in October by *Dr. A. B. Johansson* of the Baker Animal Hospital, the main item on the Fall Agenda is the All-Breed Sanction Show to be held January 12, 1963, on the fourth floor of Morgans Department Store, Montreal. More about this next month.

The *Laurentian Sled Dog Club Inc. Peggy McCoy*, of Como, who has done such an excellent job superintending previous shows, has taken over as Show Secretary from *Romaine Jones*. *Peggy* reports that plans are well underway for the *L.S.D.C.* Specialty Sled Dog show, which will again be held preceding the races, on Friday evening, January 25, at the Hotel Vermont, Ste. Agathe des Monts.

Ta-I-O Beagle Club of Montreal Inc. are hosts for the Association Championship trials at Hemmingsford, for Quebec and Eastern Ontario entries, consisting of a Ch. Derby stake and a Winners' stake . . . and from a recent Ta-I-O Bulletin, the following on Paint & Painters: "Having just spent a half hour combing the Vermont paint out of our running hounds in preparation for Ticonderoga, want to say a special thank you to the painters at Hardwick. The job took three days plus the dog's hair at one recent trial, and a jar of painter's hand cleaner after another. Notice that the Vermont boys used a cellulose sponge to wet the numbers — no drip, and an even distribution of paint across the numbers which was applied to the outside hairs and did not soak through to the skin. Dried very quickly and was easy to comb out."

Montreal Dog Obedience Training Club Inc. The Fall Trials have come and gone — and about the only thing missing on the Saturday was Sadie Thompson! Sometimes feel that exhibitors must have adopted the motto of the mailmen, re sleet, rain, hail, etc., because the weather could not have been worse, yet there

For **FIVE** consecutive years, a **HEIDENHEIM** stud has sired most of the winners at the annual **DACHSHUND CLUB OF CANADA SPECIALTY SHOW.**

In 1958 & 1959, that stud was the late **CH. ZACHARY OF GERA.** For the past **THREE** years, it has been **CH. (CAN. & AM.) CALYPSO OF GERA.** A brief summary of the wins made by his progeny at these shows proves beyond all doubt his value as a stud to the serious breeder.

were few absentees, no waiting for exhibitors, the judging was of the highest calibre, completed right on schedule, and the ring stewards surpassed themselves, particularly with the ingenious methods devised to keep papers, etc., dry. One interesting fact is that higher scores were obtained in the rain on Saturday, than on the Sunday.

Exhibitors came from eight States and three Provinces, with American entries making up about 67% of the total. *Jack Baird* used to say the club held "the biggest American trial in Canada". The club would rather like to see it raised to a 50-50 percentage.

Top scoring dog, and winner of the trophy for highest combined score in the 30th and 31st trials in any one class, was a Novice "B" entry, the Doberman Pinscher, Rosevale's Princess Darlene, owned by *Dorothy Smith* of Springfield, Mass., with the amazing score of 400 out of a possible 400. In the Sunday trial, top scoring dog came from the Open "A" class, a Standard Poodle, Beltor's French Dressing, owned by *Barbara Cook* of Hartford, Conn. *Mac Stephens*, President of D.C. & S.S.A., awarded five sterling silver spoons to Collies or Shelties scoring 195 or over, four spoons going to *Eugene and Doris Hattin* of Hartford, Conn., and their two Sheltie entries, and one to *Helen McGill* of Pointe Claire, and her Collie.

Around the Show: Power lines down, and dinner by candlelight . . . exhibitors and friends braving the elements for a get-together the night before the show . . . our own *Frankie* (The Voice) warming up the room and dampened spirits, leading off with "Let a Smile be your Umbrella". . . . Judge *Ray Peat* shaking his head in wonder over how it took him 11 hours to make the one hour flight from Hartford. . . . *Bud and Audrey Langford* down for a quiet weekend, spending it helping out in their usual efficient way. . . . *Marg Baly* in that glamourous red velvet creation, assuring photographer *Louis Jaques* the weather was bound to clear . . . the popularity of the coffee marquee, brightened by *May Birch's* gleaming trophy table. . . . *Mary Jo Kirkland*, with new Standard Poodle, sailing through three trials with an average of 194 — a feat many of us with sight could not duplicate. . . . The bright blue Ben Casey shirts and Schipperke insignia sported by *Gerry and Laura McNally*. . . . *Jake Giacomelli's* popularity on the dance floor . . . the twinkle in *John Ringwald's* eye . . . and the look on the judges' faces when told after a long, hard day they would have to cook their own dinner. They did, too! A successful weekend, due to all who refused to let the weather get them down. Assuredly, there's no business like dog show business.

It is not often one can go off to a couple of shows with four dogs and return with three Champions — a feat recently accomplished by *Glanrobin Beagle Kennels*.

Canadian Beagles have been doing exceedingly well at some of the recent American Field Trials. For instance, at the Marble City Beagle Club, Gouverneur, N.Y., in the 15" class, 7 out of 10 wins were taken by Canadian Hounds.

POT-POURRI

Romaine and Tanker Jones, of Igloo Kennels, have left Pointe Claire with their six dogs, to take up residence on their farm, R.R. # 1, Sutton, Que. where they will continue to raise Samoyeds. Tanker, on six months' leave of absence, will have the winter to decide whether to commute to the hurly-burly of the city, or settle down and raise beef cattle and explore the ski slopes of Mt. Sutton. You mean you have to think this over, *Tanker*?

Friends of *Vi and Walter Martin* so glad to have them drop in recently on their way home from a visit with *Mrs. Adams* in Ste. Agathe, and happy to see *Walter* looking so well again.

Sybil Jardine has recently imported a female sable Sheltie from the Shelert Kennels in England, and *Olivia Marracini* has a new male English Cocker Spaniel, also an English import.

Bergwaun Brambling, *Phil and Marg. Willis'* Labrador, Ming for short, is sometimes called Ming the Clown, or Please Try Ming, or many other names to suit the various occasions when the *Willis'* and Ming have tried and tried and tried for even one leg on a coveted degree. Now, however, he will be known as "Ming the Mudder" and treated with the respect due him. With each succeeding trial, and each additional torrent of rain, Ming soared literally to greater heights, to become an O.T.Ch. in three straight tries at the M.D.O.T.C. Trials at Ste. Marguerite.

different breeds before the camera.

Mrs. John E. H. Wait is the proud owner of a Silky Terrier, but finds that she is unable to exhibit her dog, as the breed is not recognised by C.K.C.

Graduation of the Basic Class of St. John Obedience Club was held in July with *Capt. Hill*, Oromocto and *R. Little*, Fredericton, CKC representative judging. Competing were *Mr. McKinney* (Miniature Poodle), *Miss E. Mills* (Norwegian Elkhound), *Freeman Perry* (Miniature Poodle), *Miss Pickett* (Schipperke), *Mrs. Craig* (English Setter) and *B. Dickson* (German Shepherd). *Mr. McKinney's* Peter (seven months) won the trophy with a score of 192; *Miss Mills' Smokey* 2nd, with a score of 189. Another member of the Basic Class, *Mr. Rog*, with his German Shepherd Prince, had scored 186 at an earlier trial before leaving for Europe.

The Cobequid Dog Obedience Training Club held its first meeting for obedience training registration and enrolled eight applicants. The training course is to be guided by instructions as outlined by *Blanche Saunders*, and anyone living in the area wishing to attend the course are asked to contact the secretary, *Dr. Mowbray*, Truro R.R. 5.

The Nova Kennels of *Mr. and Mrs. Meagher*, Berwick, N.S. have received confirmation from CKC of the championship gained by their English Bulldog female Dewsa Josephine bred by the *Dewsa Kennels* of Ontario.

The Bona Dea Kennels of *Mr. and Mrs. Roger Bonoyer*, Dartmouth have imported a Miniature Pinscher from Illinois, U.S.A. and two from B.C., one of these latter being mated, before flying East, to Ch. Urray's Golden Simba, the top-winning Min-Pin of 1960. The Bona Dea Kennels have also completed the championship of their German Shepherd female Bona Dea Anastasia at the age of ten months.

Few of us can stand one victory after another. Especially another man's.

The Twin City Obedience Club has commenced its second class with an entry of 30 dogs under the guidance of *R. Bent*, chief trainer; trials are scheduled on completion early in December.

Mrs. Avent of von Avent Kennels is accompanying *Mr. and Mrs. Bonoyer* of Bona Dea Kennels to U.S.A. where they have entries at the New Haven German Shepherd Specialty and at the U.S. National Specialty at St. Louis, Missouri.

John LeMoine of Hound Hollow Kennels, Amherst, N.S. recently received word from *Joan and Fred Markle* of Denver, Col., that Ch. (Can. & Am.) Hound Hollow's My Fair Lady finished her American Championship at Santa Fe, New Mexico, with a Best of Variety and Group 2nd under judge, *Alva Rosenberg*. Purchased by the *Markles* from Hound Hollow Kennels a little over a year ago, and shown in the U.S.A. entirely by her new owners, Lady acquired six BW, five BV and two Group placings, including three majors, to gain her title, and in so doing defeated a number of well known Specials. Lady is the second Hound Hollow puppy to be shown south of the border and joins Ch. (Can. & Am.) Hound Hollow's Happy Wanderer as that kennel's second International Champion. Lady is one of 13 Canadian Champion Beagles bred by Hound Hollow in the past six years

Our Maritime Irish Setter breeders may be interested in the comments attributed to the English judge of the breed at Westchester K.C. show in September as reported in the N.Y. Times. "I think the female of the species here is much better than the male. The males were too big and too heavy – not racy enough. The females were much truer to type". (*Copyright by The New York Times. Reprinted by permission*).

The judge, *Mrs. Eileen K. Walker* of the "Hartsbourne" Kennels in England judged an entry of 74, selecting from the Novice class "Kinvarra Flicker" as best of breed over 14 champions and his litter sister "Kinvarra Red Feather" as BOS. ■

FOR YOUR INFORMATION

The Canadian Kennel Club, having been organized in 1888, celebrates its 75th anniversary in 1963. Watch for many items of interest to honour this birthday during the next year.

●

The breeder's kennel name must be used as a prefix (unless registered before 1952) but the new owner's kennel name can be used as a suffix if the breeder gives permission. Thus one becomes immediately aware of the fact that 'Wunderbar High Light of Pam Lin" was bred by the owner of the Wunderbar Kennel and purchased by the owner of the Pam Lin Kennel. Kennels that were registered before 1952 may still use the name as a suffix because many of them were unsuitable names to use as a prefix. So we still see dogs registered as Robin de la Fontaine. But this could not be changed to Wunderbar Robin de la Fontaine unless the Wunderbar Kennels were the breeder. Instead it would have to be Robin de la Fontaine of (or O') Wunderbar.

●

All clubs in Canada holding shows or trials where they expect and hope to get American entries, should make arrangements for someone to be on hand and prepared to take noseprints for the American exhibitors. Our Canadian rules state that dogs must be identified by either noseprint or tattoo before they can be registered and as noseprinting is much the easiest to do for one or two dogs we should be prepared to do this while the dogs are in Canada. The A.K.C. does not require any identification and the exhibitors visiting here find it most difficult to get this done at home.

●

Poodles are only registered as such regardless of their size. They are only divided in Toy, Miniature and Standard for show purposes. Therefore, many dogs of this breed are entered in Obedience Trials as Poodles, giving no size. This is not the case, however, with Dachshunds in Canada (though it is in the U.S.A.). Here we have six different breeds and they are registered not only for size but also for coat. They are breeds NOT varieties. This also holds true for Collies (Rough and Smooth), Fox Terriers (Wire and Smooth), and Chihuahuas (Short coat and Long coat).

●

To enter the Junior Puppy class a dog MUST be over six months old and UNDER nine months old on the day of the show and OVER nine months and UNDER 12 months ON THE DAY OF THE SHOW to enter the Senior Puppy class. This does not hold true for any other class. Thus a dog born on January 1 can enter any or all classes, including Specials, EXCEPT Sr. Puppy at a show held on July 1, or in all classes EXCEPT Jr. Puppy if held on October 1.

●

The present rules regarding the Bred by Exhibitor Class do not prohibit a professional, or any other handler to show the dog providing it is bred by the owner.

●

This column would like to hear of any Great Danes, owned and bred in Canada, that carry the titles of Ch. (Can. Am.), U.D.T. (Am. C.D.X.) other than Zep of Zordane.

●

Although the noseprint forms, as purchased from The Canadian Kennel Club, are numbered in sequence, the numbers have no bearing on which should be used or who may use them. They are only for the convenience of the applicant and need not be used in rotation.

●

A dog once disqualified by a veterinarian's report shall not be eligible for entry at ANY subsequent shows until reinstated through an appeal to The Canadian Kennel Club. Sec. 4, Chap. 17 Dog Show Rules.

●

At outdoor shows, either benched or unbenched, adequate facilities must be provided for an indoor, or covered judging ring, in the event of inclement weather. Sec. 1, Chap. 19.

●

In measuring a dog the rules differ for Beagles and any other breed; in Beagles there must be five people present to witness the measuring; the owner or handler, the person requesting the measure and three witnesses, one chosen by each owner or handler and one by the challenger and one by the Show Superintendent. For other breeds there are only three, the owner or handler, the person requesting the measurement and one witness chosen by the show superintendent. EXCEPT that if the person requesting the measurement is an officiating Judge, he is not to participate in or be a witness to the measuring.

●

Sec. 8, Chap. 20 states in part . . . A special place must be provided for the convenience of exhibitors and handlers desiring to clean and prepare their dogs. No exhibitor or handler will be permitted to prepare their dogs IN ANY OTHER PLACE.

●

A show-giving club shall post, in a prominent position in its show, AS SOON AS POSSIBLE after the breeds in each group are judged, the complete pages from the judge's book entitled *"Office Copy"*.

Recuperating: *Mrs. Vi Parent*, (Peek-A-Boo Kennels) Windsor, Ont., following session in hospital.

Died: One of Canada's veteran breeders of Smooth Fox Terriers. Mrs. Vi Lovat-Fraser of Hamilton, Ont., remained faithful to this one breed for 37 years. Sincere sympathy is extended to her family.

Visitors in Toronto en route to Bermuda from Vancouver, B.C., were *Mr. and Mrs. R. A. Osborne* (Miniature Poodles) . . . On a sudden trip to Scotland: *Archie Warnock*, Toronto special representative for *Ken-L Ration*, concerned with serious illness of his father.

Tony Kleinjohann, Pickering, Ont., president of The German Shepherd Dog Club of Canada, was honored by the German Shepherd Club of Germany, SV at the dinner following the GSDC Specialty recently. He was presented with the Needle of Honor via Dr. Funk Chairman, marking his 25 years as a member. *Mrs. Mary Southcott* made the presentation . . . Animal artist *Betty Ekstem* of Brockport, N.Y., also attended the Specialty and dinner.

In an interview with *Judge John Seiler*, who assessed the GSDC Specialty, *Dogs* asked his opinion of Canadian Shepherds. "I'd like to see more front angulation down through the fore quarters and pasterns and more compact feet," he stated. "I also would like to mention to owners that many of the nails were not properly trimmed. As for backs, I noticed the prevalence of a slight roach from aft of withers to croup. Nothing shows up more than a roached top level or one not firm. Breeders should be concerned with this in their breeding program."

In Chicago: far from its usual haunts, a great golden eagle swooped down in a residential section and sank its razor-sharp talons into the back of a small dog. Owner *Fred Goodman* bounded to the rescue with a broom. Under fire from a policeman, the eagle retreated to a roof top where it was knocked out by a zoologist's tranquilizer gun.

Pictured here is Judge Walter Reeves judging Irish Terriers at the Eastern Dog Club show in Boston at that club's first show in 1912. Mr. Reeves will again judge the 50th anniversary show on November 24-25.

The most unique convention of dogs appeared at the 11th annual Rittenhouse Dog Show early in October. Dogs began to arrive at 9.00 a.m. from such distant points as Virginia and Connecticut. Streets and garages adjoining the square were jammed with glamorous Poodles in evening dress and down-to-earth Dachshunds. Each dog had a special invitation to attend because he excels in his individual area. The show is held for about seven hours in the downtown area of Philadelphia, known as Rittenhouse Square. In between the judging of the six conventional groups, dogs performed in such things as square dances where the dogs danced to canned music and even had a "caller". The K-9 Corps entertained with Spaniels, Setters, Weimaraners and German Shepherds going through fire etc. A new hit this year was the "Lady and her Dog Parade". Here principals drafted from the regular ranks of the show and each lady costumed in a dress depicting the country of the dog's derivation or the use for which the dog was developed.

The Sussex Hills K.C. will hold, on November 17, the first show to be held in Morris County, N.J. since the disbandment of the famed Morris-Essex. The club does not aspire to duplicate the former show but they are trying to have a truly "Exhibitors" show. If the trophies offered are any indication of other plans they can hope for good results. The BIS trophy is a $400.00 sterling silver trophy. Another trophy of sterling silver will go to the breeder of the BIS dog. Judges will have an international flavor, for Mrs. Thelma

Dr. B. F. Hoerlein, head professor of small animal surgery and medicine at the Auburn (Ala) University, the recipient last year of the Gaines "Fido", as Veterinarian of the Year by the American Animal Hospital Assoc., has again been chosen for 1962 by the American Veterinary Medical Assoc. The award carries a gold medal and a $1000.00 honorarium. The choice was made because of Dr. Hoerlein's contributions to the advancement of small animal medicine and surgery. In the 49 papers he has written he reported on intervertebral disc protrusion, spinal conditions, soil treatment in the control of canine hookworm and many other subjects of keen interest.

John A. Blanock, Detroit, Mich. and M. A. The nation's top field Springers will be seen in keen competition at the Busch Wildlife Area, Weldon Spring, Mo. The test will be run on liberated pheasants and will consist of at least five series on land and two tests in water. ■

A chap dropped into his neighbor's place and noticed sacks and sacks of dog meal.

"I can't figure it," he remarked. "You have three little Chihuahuas and all this food. They sure must eat a lot."

"They don't, really," replied the owner. "But that fellow who sells dog food, he sure sells a lot."

animal has suffered sufficiently to create an offence and sufficiently to justify any hope of subsequently convincing a magistrate that cruelty occurred. Unless an Inspector can show "*physical injury or damage*" he has little chance of convincing a court that cruelty has occurred. It is almost useless to argue that an animal has suffered "mentally".

The undeniable result of this is that untold thousands of animals suffer varying degrees of pain and neglect, quite unnecessarily.

Many animals suffer at the hands of people who are mentally deficient. Nothing can be done under the present law to stop them. Even without going to such an extreme example there are many people who, for various reasons, are unfit to have animals.

An even more startling example of the deficiency of the law in this respect is the fact that even if and when a person is convicted of cruelty to animals the courts in Canada have no power to order that the convicted person shall be disqualified from owning or possessing an animal in the future. A convicted person can leave the Court room after paying the fine, frequently a very nominal sum, and continue to cruelly ill-treat or neglect animals. The same procedure then has to be repeated all over again. Incidentally, the maximum punishment is $500. fine or six months in jail, or both.

The answer to the whole sorry business lies in the field of "preventative" legislation, both Federal and Provincial.

Where possible the Government of Canada, or failing this the Governments of each and every Province, should be urged to introduce legislation, that will prohibit any activity that can be shown to repeatedly cause an unreasonable amount of undeniable suffering to animals, as is presently the case with cockfighting, bullfighting and dog fighting. Even more important, the courts should be given authority to prohibit any person convicted of cruelty to animals, or mentally deficient, from owning or possessing animals for definite periods of time or for that matter, indefinitely.

If this legislation could be achieved, then perhaps the Inspectors of Humane Societies and similar agencies won't have to watch impotently while animals suffer.

When has an animal suffered "enough"? ■

Anatomy

from page 13

femur fits. In other words the hind legs support the body through this joint between sacrum and ilium. Through this joint the thrust of the hind legs is transmitted to the spine.

The tail bones vary in number from six to 23 — are well formed and flexible in many breeds such as the Collie and German Shepherd, are held in unusual positions by the inbalance of flexor and extensim muscles as in the Chow, Pekingese etc. who carry their tails over their backs, doubly curled as in the Basenji, or shortened, irregular or deformed as in most Bulldogs and Boston Terriers.

The front extremity is attached to the sides of the chest by muscle and tendon only. There is no clavicle or collar bone in the dog as in the human. The scapula or shoulder blade is applied to the chest wall and should fit well. It should be placed in most breeds at an angle of 45° backwards and upwards at such a position as to show the foremost portion of the chest a little in front of the shoulder joints. The whole assembly can be too far forward, usually also with too open a joint i.e. too large an angle between shoulder blade and upper arm. In some cases there is a prominent area of the chest projecting well ahead of the front assembly — normally in the Dachshund.

The front assembly consists of a scapula or shoulder blade, an upper arm, a forearm, a pastern and foot. In most breeds as Boxer, Dobe, Pointer and Retriever, the upper arm is nearly equal in length to the shoulder blade and meets

it at a right angle. This brings the elbow under the chest and supports the front of the dog firmly. The forearm consists of two bones radius and ulna, the pastern of two rows of small bones, the foot of a metatarsal and four toes. The thumb is represented by the dew-claw — a poorly developed vestigial structure, sometimes removed.

The similarity between the canine and human structure is fairly obvious, except for the pastern. Few people realize that the wrist has movement in all directions because there are two rows of carpal bones forming the hand. Similarly there is free movement in the pastern because of this double row of relatively small bones between the radius and ulna and the metacarpals (front legs) and the metatarsals (back legs). The dog walks on his fingers and toes — the horse on his toe-nails.

The rear extremity consists of a single long strong bone called the femur whose rounded head together with the socket formed at the junction of the three pelvic bones on each side forms the hip joint. The femur at its lower end forms a hinge joint with the tibia and fibula the bones of the lower thigh. The tibia and fibula in turn end at the hock joint, comparable to the human heel. Just as the heel of the human projects backwards beyond the leg, so the hock of the dog shows a projection upward of the uppermost bone of the hock. The strong tendo-Achilles can be seen and felt plainly behind the human ankle joint and above the canine hock joint.

In the rear extremity for most breeds of dogs there are also specific angles desirable for proper movement and proportion. The pelvic bone should extend downward and backward at 30° from the horizontal, the femur 90° forward from the hip joint and then a definite angle of the fibia and fibula backwards from the knee or stifle to reach a relatively short foot or hock joint to form a definite angle there also. Draught horses and heavy working breeds such as the St. Bernard and Newfoundland need stability and power so have less angulation at the stifle and hock. The German Shepherd Standard calls for more angulation between thigh and hip and lower thigh and hock than any other breed. The Chow Chow Standard specifies no bend of hock and so forth.

Muscles are attached to ridges or bumps in the bones, these being large or small depending on the size of the muscle concerned. They end in tendons attached to other ridges or bumps. Under the skin is a layer of fibrous tissue in whose spaces fat can collect in smaller or larger amounts.

Perhaps some questions have arisen in the mind of the reader as to the variations in different breeds in the skeleton. For example, some breed Standards require a long graceful neck and short bodies and backs, while others require a short neck and a relatively long back. It is hard to imagine, perhaps, but true, that there are the same number of bones in the neck region of the Greyhound and in the Pekingese. Similarly the Dach-

R.R. #1 **Fonthill, Ontario**

shund and Basset have essentially the same bone structure in front assembly as have the Doberman and Pointer or Setter.

With this brief description of essential anatomy of the dog, perhaps the Standard of your chosen breed may be more intelligible. Understanding the above should help understand the elements of correct movement, a description of which is to follow. ■

Breeding Kennel

from page 15

Do not be afraid to turn someone away without a dog if you have any qualms at all about their suitability to raise a puppy. It is far, far better to lose a sale than to risk the contentment and well-being of even one puppy. This is not entirely an altruistic approach at that — remember that it is often the one negative instance of a poorly-placed and consequently unhappy and temperamental dog that can do your reputation more harm than the 100 positive instances of happy, well-placed, contented ones. Then, too, the problem dogs, products of unsuitable homes, have a habit of coming home to roost, leaving you, the breeder, with the additional care and feeding and the acute problem of finding someone kind enough to try to straighten them out.

This, then, seems to outline the elements that, to us, constitute the basis of a successful breeding kennel. Much more could be said and has already been said by people much more qualified than I, about whelping, feeding, heating, exercise and all the other bits and pieces that make up a breeding kennel. What I have tried to do here, is to chronicle my own experiences in the one facet of breeding that seems to lay the worst pitfall to trap the unwary breeder: the realization that it is the 90% plus of our puppy production that requires 90% plus of our time, energy and thought.

I would like to tell the story that began in our kennel several years ago when a University Professor was choosing his new dog. After four hours of indecision, his brother, who accompanied him, said, "You know, Bruce, you have spent more time picking out your puppy than you did buying your new house and your new car put together." The brother, still immersed in thought, turned to him and said, "I know that, Ernest, but don't forget that I can always sell my house or sell my car . . . ." and he again turned to the pleasant task of deciding just which puppy liked him best.

I would like to conclude with a quotation from Harry C. Peake's *Practical Dog Breeding*, The MacMillan Co., New York, 1947. If you can read this without feeling a catch in your throat, or a little moisture about your eyes, dog breeding is not for you.

"In a small town of Missouri a dispute had arisen over the killing of a dog by a neighbour. After all the witnesses had been heard, a young lawyer by the name of Vest, who later became a United States Senator, got to his feet and addressed the jury on behalf of the owner of the dog.

'The best friend a man has in the world,' said Vest, 'may turn against him and become his enemy. His son or daughter that he has reared with loving care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors to their faith. The money a man has he may lose. It flies away from him when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees to do us honour when success is with us may be the first to throw stones of malice when failure settles its clouds upon our heads. The one absolutely unselfish friend that a man can have in this selfish world, the one who never deserts him, the one that never proves ungrateful or treacherous, is his dog.

'A man's dog stands by him in prosperity and in poverty, in health and in sickness. He will sleep on the cold ground where the wintry winds blow and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer, he will lick the sores and wounds that come in encounter with the roughness of the world. He guards the sleep of his pauper master as if he were a prince.

When all other friends desert, he remains. When riches take wings and reputation falls to pieces, he is as constant in his love as the sun in its journey through the heavens.

'If misfortune drives the master forth an outcast in the world, friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against danger, to fight against his enemies. And when the last scene of all comes, and death takes the master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way, there by the graveside will the noble dog be found, his head between his paws, his eyes sad, but open in alert watchfulness, faithful and true, even in death." ■

seven. Although it is not the policy of this column to refer to the dogs winning top placings we would like to make an exception, for the win of the Sammy was very popular and one could not help but notice the gleam in Alex Dickson's otherwise sober eyes and feel Betty's exultation. Even the steel and concrete building seemed to shake.

The Toy Dog Breeders Association held its annual Specialty at the same time and in the same place with a very good entry under Mrs. Muriel Dove. The trophy table as usual groaned under the weight of the many beautiful trophies offered for each of the Toy breeds.

Another Specialty held with the S.K.C. was the *West Highland Club of Canada,* with Lawrence Garvie, from Fredericton, N.B. judging a very good entry. Many good dogs were on hand and a delight to see. With these two Specialties the six judges had very close to 500 dogs to judge in the day.

This column was very pleased to get the following report from Dr. Agnes Threlkeld on her return from the Newfoundland Show. "The Conception Bay K.C. held their All-breed Show in the Moores Memorial Stadium. This spotless show, well decorated with red, white and blue bunting must be considered one of the best in the Maritimes. The 40' square ring was completely covered with waterproof sailcloth, which cost this new club $260.00. The 18 members of this club are all active in every phase of the club's activity and each had a share in the surplus gathered, and banked, of $1,000.00. Ninety-one dogs were entered and only three of these came from outside Newfoundland. These three exhibitors will always remember the warm welcome and hospitality extended by the club members. The prizes were very elaborate, as an example, the winner of the Sporting Group took home a complete fishing outfit, rod, reel, line, hooks and creel — plus an invitation to use them in a Newfoundland stream from Mayor Ross Sheppard of Harbour Grace. Breed prizes were given to all BB's regardless of the number entered." ■

THE BEST OF VARIETY

It's a dog's life

Sitting at the bench waiting to go in the ring at the CNE show one morning, I noticed the man next to me was grooming his dog and getting ready for his class, too. His niece was with him. I heard her tell him: "As soon as you finish brushing him I'll take him to the Mess Hall and then you are all ready."

Mrs. Frank Jones, Minesing, Ont.

Five Dollars will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's a Dog's Life", Dogs in Canada Magazine, 1173 Bay St., Toronto, Ont.

November funnies

The following are excerpts from "The Thurber Carnival" by humorist James Thurber in and out of whose life dogs constantly moved.

Q. No one has been able to tell us what kind of dog we have. I am enclosing a sketch of one of his two postures. He only has two. The other one is the same as this except he faces in the opposite direction.

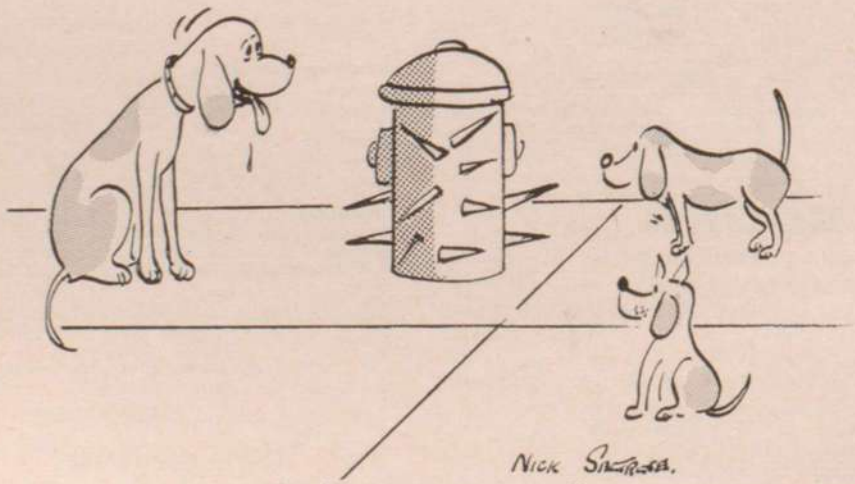

MRS. EUGENIA BLACK.

A. I think that what you have is a cast-iron lawn dog. The expressionless eye and the rigid pose are characteristic of metal lawn animals. And that certainly is a cast-iron ear. You could, however, remove all doubt by means of a simple test with a hammer and a cold chisel, or an acetylene torch. If the animal chips, or melts, my diagnosis is correct.

Q. Sometimes my dog does not seem to know me. I think he must be crazy. He will draw away, or show his fangs, when I approach him.

H. M. MORGAN, JR.

A. So would I, and I'm not crazy. If you creep up on your dog the way you indicate in the drawing, I can understand his viewpoint. Put your shirt in and straighten up; you look as if you had never seen a dog before, and that is undoubtedly what bothers the animal.

"LET'S BOYCOTT IT FELLOWS!"

DOGS IN THE STARS

In Cherokee Indian legends, the Milky Way is "where the dog ran". The story goes that when some folk were pounding corn in a corn mill they noticed time after time that some of the meal was missing from the day before. Their watchful eyes one night discovered a dog coming down from the north to eat the white meal. The people shooed him away, back to the north. But the meal clung to his paws and his running feet left a great white trail across the sky: the Milky Way.

In the Cypress Swamp and the Everglades of Florida, the Seminole Indians describe a dog path in the night sky called the dog way, by which dogs journey to their heavenly home. The path slants up to meet the Milky Way, otherwise known as the spirit road.

Three dogs appear in the Southern Cross to the Toba Indians of the Argentine Gran Chaco. Hummingbird, they say, was once asked by Yulobird to go catch him an ostrich. Hummingbird and his three dogs set out on the hunt. In a panic the ostrich aimed for the sky, but Hummingbird and his friends zoomed right up after him. You can see them today. The ostrich is the Coalsack, (look for the black space near the Southern Cross).

The Smith Sound Eskimos visualize a half dozen dogs chasing a bear in the Pleiades. The dogs chased their quarry so far out on the ice they never did stop until bear and dogs reached the sky and were changed into stars. You can locate the bear as the largest of the group. In Greenland and Labrador the Eskimos tell the same tale, but relate it to the constellation Orion. ■

Who Gets The Dog?

Children come to mind when one learns of a divorce. But what about the dog? Dr. Louis L. Vine, DVM in his book, "Dogs in My Life" recalls the sad case of a man and woman who brought their dog to him to be put to sleep—a beautiful, healthy animal! The man was brutally insistent. Dr. Vine offered to take the dog and give him a good life. But the owner was adamant, all the time refusing to look at his wife. Seeing no way out, the doctor gave him the needle. Then the woman darted forth, grabbed the dog and hugged it passionately. The man's eyes were blinded by tears. He tried to get the dead dog away from his wife. Angrily Dr. Vine demanded an explanation. "We're getting a divorce," muttered the man, "and neither one of us could give up the dog." "We loved him you see," sobbed the wife.

"Queer sort of love," said Dr. Vine bitterly. ■
