Kennel Tests Prove New Burgerbits gives dogs the taste they really like...the solid nutrition they need.

The Great New Taste* of Burgerbits

now in "flavour-kernel" form

Here's the dog food that kennel tests proved superior to all others in palatability and nutrition.
Dogs tested preferred new Burgerbits . . . thrived on new Burgerbits.
Here's why:

Increased Fat Content, with an improved fat-protein ratio, gives unsurpassed palatability, maintains glossy coats and healthy skin, helps prevent shedding.

New Flavour-Kernels. Smooth preformed kernels of uniform size and shape eliminate jagged, uneven particles and dust of ordinary dog foods. Spray coating of natural meat fats locks in flavour, protects nutrients.

Aids Digestion. New Burgerbits is expanded to gelatinize starches for easier digestion.

Less Porous. Crunchier consistency helps keep teeth, gums and jaw healthy . . . absorbs liquids without getting mushy . . . feeding pans clean easily without scraping or scouring.

Exceeds NRC Requirements for daily nutritional intake, providing a complete and balanced diet.

Feed Dry or Wet. Kennel tests prove that many dogs prefer Burgerbits dry. Fed wet, Burgerbits retains the crunchy texture and meaty aroma dogs really enjoy.

Special Professional Discounts. As with all of Dr. Ballard's Dog Foods, new Burgerbits carries a special Kennel Discount. Your local representative will be pleased to provide you with details.

cover story

Int. Ch. St. Aubrey Mario of Elsdon continued his winning ways in 1962 and remained undefeated by any Toy dog in Canada and on numerous occasions was Best of Breed and winner of Toy groups in the United States. His greatest win of the year was at the Pekingese Club of America summer specialty held at Westchester where he topped a big entry under the noted Pekingese authority Mr. John B. Royce, who in his critique wrote "I had five champions competing with the BW Bitches for Best of Breed and it was a fight between Ch. St. Aubrey Mario of Elsdon, Ch. Orchid Lane's Ku Lee and the Bitch Ch. St. Aubrey Tinkabelle of Elsdon. In the final analysis I gave the nod to Ch. Mario. Here is a dog with super body and legs, tremendous coat, fringes, and showing for all he was worth – very short back and when one gets under the coat, there is nothing to hide as it is really all there, coal black eyes, and good placement of features".

Also at Westchester, his young son St. Aubrey Marquis of Elsdon topped the Bred by Exhibitor class and was Reserve Winners to his kennel mate, St. Aubrey Bo T'Sun of Elsdon. Prior to this Marquis was Best Canadian Bred Puppy in Show at his first show in Canada while he was Best of Winners at his first two shows in America to gain both his majors.

Int. Ch. St. Aubrey Mario of Elsdon, undoubtedly one of the best bred Pekingese being shown, is four times bred to the greatest Pekingese of all time, Ch. Caversham Ku Ku of Yam whom he greatly resembles in make and shape. He is fast proving an outstanding sire and his first puppies are winning well. The latest, St. Aubrey Eloise of Elsdon, a homebred daughter, was Best of Winners her first show in the United States and at the Schenectady Dog Show topped the breed over Specials and went on to second in a strong Toy Group and this at 9½ months old!

Int. Ch. St. Aubrey Mario of Elsdon is now the property of Nigel Aubrey-Jones, R. William Taylor and Vera F. Crofton. He will remain in Canada where he will be campaigned extensively. Enquiries regarding stock and stud services should be made to 4250 Decarie Blvd., Montreal 28, Canada.

. . . The revision of *Dogs in Canada* is indeed most welcome and so convenient. I like it *very* much. Would like to voice my opinion as to the Old Timer's article in the October issue. I feel the CKC has too long been in great need of revision of championship regulations. I have tried so hard the past eight years to get several people to show their dogs in Canada. The reply has been the same as the Old Timer says — why? CKC requires no competition. I want a championship that is earned through competition. I especially enjoyed the article by Edna Joel and Tim Reid, "In our Opinion". It was very enlightening.

amazing, yet no title

. . . Re the Old Timer article in the October issue of *Dogs* . . . he certainly has something there. But I can give him a show record that I think tops the Australian Terrier. The following is not exaggerated and can be checked. I started showing a puppy in the Toy Group. In the ten shows he has been entered he has been BB eight times, BCB in Group five times, BCB Puppy in Group six times, 1st in Group four times, 2nd in Group twice and 4th in Group once, BCB Puppy in Show three times, BCB in Show once. This record for a puppy proves he is not a clunker, but he still has only eight points. Yet a dog of another breed in the same group entering in the same number of shows has never competed with another dog of its own breed, placed 4th in the Group once. There were only four breeds in the Group. This dog today is a champion. Mine is not. I would like to see the group placing changed to either a first or second in group if they have never defeated a dog in its own breed.

personal touch missing?

. . . It was suggested that I write and offer my club's (the Skyway Obedience) opinion on the new layout of Club Notes. Although we appreciate the privilege of being allowed to contribute, and realize that with the lack of space there must be some curtailment, we feel the personal touch and a certain amount of interest has been taken away.

We would like to know other clubs' opinions . . . maybe we're just hard to get along with!

. . . Your gallery of judges is an excellent idea, and we thank you. For people lik us who are novices in dogs and who hav just started in a new dog club, your lis of judges, complete with addresses, is tremendous help.

May we from time to time expect dele tions and additions to appear in *Dogs*? Thank you for this wonderful publicatio which we never fail to read from cover t cover. FROM THE EDITOR

CAN a method be right and wrong at the same time? It would appear so. The question before the house is the present system of presenting club news in the form of Club Round-Up. This method, as you will recall, was decided upon as the most practical manner of presenting reports of club activities and club members. This was precipitated by the tremendous growth of clubs across Canada (and still many not heard from) to the point this department was crowding out other much-wanted material. The net result has been applauded by many and viewed dimly by some.

We all know it's a common characteristic when pleased with something, to fully intend to write, wire or telephone. But things intervene and we forget. Somehow, when one is displeased thoughts are easier to express. In this light, we were pleased to receive as many favourable comments as we did. The criticisms are welcome too, and still are. *But would writers please be more specific about what they don't like?*

One comment is that under the handling of the five regional editors the notes seem to have lost the personal touch. If it's missing, the lack could be in the material received by the editors. If club reporters fail to make their notes newsy and interesting, there's not much the editors can do. In fact, they're doing a capital job with what they receive. As for interest — take a look at the Quebec Round-up in this issue and the past few! Formerly, there was much less news from this area.

Because of an allotted space for Club Round-Up as for all other departments, reports are distilled to the point where we can carry more news in less space. Readers will recall that previously, while they may have seen a great number of Club Notes, there was nevertheless a considerable amount of extraneous material. Now, in the condensed form, every club submitting material is mentioned every month, no holdovers.

If news is scant, it can be traced to club secretaries who are not being fair to their own clubs. The editors are eager to have as much news as possible. Why, in some instances, was the tap turned off? There are more clubs with more members doing more interesting things than ever before.

Let's get club secretaries publicizing their clubs. What are your club aims? What kind of educational and fun programs does your club have? What projects has your club taken on? Who has been travelling . . . or winning awards

happy result such as this. I did give the morning paper a list of the clubs to which my late husband belonged and that is all. I never had any contact whatsoever with the other daily papers.

I think that anyone who personally knew my husband and I would know I would not hold him up for ridicule in this way. He was very proud of his dogs and they were his hobby — but hobby only.

I would like to look back upon our association with the dog people with pride and satisfaction and feel that knowing most of them, they will accept my explanation as to what has happened.

calling Quebec cocker fanciers

. . . I am anxiously awaiting the arrival of a male American Cocker Spaniel that I am importing from the famous Bigg's Kennel in Dedham, Mass. I would like to show my puppy but being completely ignorant of the procedures to follow I contacted the CKC to see if there were any Cocker Spaniel specialty clubs in Quebec. Was informed that there were none and that the nearest one is The Cocker Spaniel Club of Central Ontario, Inc. which does not accept out-of-province members.

Are there any Quebec breeders and exhibitors who would be interested in getting together and discussing the advantages of forming a Quebec specialty club?

cheers for Watertown '62

. . . Since the early twenties I have been attending benched and unbenched shows, either as an exhibitor or spectator in Canada and the United States. I was a spectator at Watertown 1959, 1960 and 1961 shows and when I saw how they handled same I decided to show in 1962. This show was run on time and without a hitch. The show committee, under the chairmanship of Mr. Thomas H. Bradley III and Mrs. Betty Hyslop, along with eight others was so ably handled. And such a wonderful list of prizes. There were four rings under five judges: Mr. Cecil Smith, Mr. Jerome M. Rich, Mrs. Mary Rich, Mr. W. H. Ackland and Mr. John A. Cuneo. The program of judging showed the ring number and the time each breed was called, which saved a lot of time. After your dog was judged and was not the group winner, you were allowed to go home. I think if some of the folks who stage our Candian unbenched shows would take in the Watertown, N.Y. show next year they would receive a lot of valuable information as to how an unbenched show should be run.

congratulations!

. . . Dog fanciers everywhere will surely join with me in saluting Walter H. Reeves, dean of Canadian judges and a gentleman of the first water, upon his appointment of BIS judge at the coming Eastern Dog Club show to be held in Boston, Mass. Fifty years ago Walter Reeves performed this same duty for the same club. To retain the respect of a show-giving club and exhibitors alike for over half a century is surely an experience that will never be repeated in the lifetime of any other judge.

Mr. Reeves, I salute you.

one for discussion

. . . As lovers of the German Shepher dog and now novice breeders, we hav been absolutely flabbergasted by the lac of good temperatment in our breed. W therefore set out to find ways and mean of combating this situation and pass o the following information in the hope tha it will help.

We never sell a puppy that shows an signs of shyness. We guarantee the tem perament of any dog we sell for the life time of the dog. If for any reason whatso ever a dog we sell shows any sign of ba temperament, at any time of its life, w will replace it free of charge, provided i is put down immediatelly it shows thes signs.

We never breed to anything with shaky temperament and we never breed anything we have that hasn't 100% good temperament. We would love to hear from other breeders on this point and any suggestions would be welcomed.

tribute to Kim

. . . Since *Dogs in Canada* printed a Pen Pal request and a photograph of my dog, Kim has died in very tragic circumstances.

Kim, (Tryagain Omen) was the son of Tryagain Eda and Tryagain Amare (the latter was born during the last air raid on London) and the great, great, great grandson of the famous film star and rescue dog, Crumstone Storm who acted with the late Will Fyffe in *Owd Bob*.

I heard of Kim through Dr. J. E. Chipperfield (author of many animal stories) and as I had just lost my Alsatian, Delma, Dr. Chippendale suggested I should contact Miss W. French of Bookham, Surry who bred Tryagain Alsatians. The following day I drove some 60 odd miles and chose Kim. From then on he was literally my shadow and was friendly to everybody, so much so that owing to his looks and wonderful temperament, a perfect bevy of Tryagains came to Newbury.

The only real aversion Kim had was the playing of the Salvation Army Band on Sunday mornings when he would howl his loudest to drown the singing.

Although in my heart I'll never replace him I now own his niece, Mist, and she has many of his characteristics.

A few years ago you printed a Pen Pal request and I gained many friends and still correspond with them. Naturally I was delighted with your German Shepherd issue.

surplus dogs

. . . It was good to see the nation-wide problem of surplus animal breeding brought to the attention of your readers, through Mr. Hughes' column.

Much of the problem stems from the well-meaning, average pet owner who permits his dog or cat to produce litter after litter. This person does not read *Dogs in Canada*, is not aware of the surplus to which he adds, and is blissfully content that he is being kind because he places each pup or kitten in a "good home."

This is where education of the public is needed, and I enclose an excellent folder from a group called "Friends of Animals", whose sole purpose is to reduce surplus breeding. These folders can be ordered from Friends of Animals, Inc., New York

OBEDIENCE

Ed. O'Brien, Canfield, Ont., is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed Judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.

"HOW SLOW IS SLOW?

Not long ago, one of our obedience judges asked me to comment on his action in deducting points for slowness on the part of some of the dogs in a recent Obedience Trial. He said he had been sharply criticized for this, and he wondered about my interpretation of the regulations on this point.

I found, on discussing this with several judges, that there is quite a difference in what each would deduct for slowness, but there was general agreement that a cut must be made. In checking over the Rules and Regulations, I find at least 15 places where *briskness, smart pace, fast trot* or *gallop* are called for, and nine of these demand penalties, from minor to substantial. Section 14, page 22: "heel on leash, where handler continually adapts his pace, the judge must score this dog less than 50%." My own interpretation of adapting pace is where the handler does not walk at his or her normal pace while going through the exercises. In some cases the handler steps along quite briskly coming into the ring, but immediately goes into slow motion when doing the heeling exercise. This, in my opinion, is adapting pace and should be penalized. This writer has yet to see the dog in a trial that could not outrun its handler!

All judges realize that so far as actual speed is concerned, consideration must be used, and allowance made, for the age and physical fitness of the handler, so that "briskness" is of course a relative term. In the case referred to at the beginning of this article, I understand that points were deducted from one particular dog on nearly every exercise and in this case neither the handler nor the dog was handicapped in any way. Now, as I interpret the Regulations and Standards, if the judge considered that this dog was slow in executing the different exercises, he not only *could,* but was in fact *obliged* to impose a penalty. In both "retrieve on flat" and "retrieve over the high jump" penalties from minor to substantial are called for when the action is slow. In fact, sec.12, P.16 reads: "The retrieve shall be executed at a fast trot or gallop." Even in scent discrimination, a penalty for slowness in going out or returning is called for: sec. 23, p. 24. For full information regarding penalties for slow work, I refer my readers to sec. 14, p. 22 through to sec. 26, p. 25, in Regulations and Standards. It will be a sorry day for obedience when the sluggish dog is given equal points with the dog who does the exercises in a fast, businesslike manner.

Lately, there has been some discussion also, regarding the correct manner of doing the signal exercise in Utility. The main point on which opinions differ seems to be whether or not the judge should bring the dog and handler to a halt and then ask the handler to bring the dog to a standing position from a sit, by giving a signal. The majority of judges give the order, "stand your dog" while the dog is still heeling. Some of our obedience folk feel this is only *stopping* the dog, and that the *stand* is thus being avoided. My own feeling in the matter is that the wording re signal exercises is rather vague. If the dog is to be stopped in a standing position, would it not have been better to have made this clear? If this was intended, then the Utility dog is doing little more in this regard than most of the Novice dogs in "Stand for Examination." This discussion is of special interest to me because I once received a zero for this exercise because my dog had not been trained to stand on signal from a sitting position. The fact that otherwise we had an exceptionally high score did little to comfort me. On studying the matter, I realized the judge was right, and needless to say, the dogs I have since trained in Utility have all been taught to stand on signal. Whether or not we are asked in a trial to bring our dogs to a stand by signal or not, it is just as well to be prepared or, like me, you may be disqualified with an otherwise good dog. Coming to a stand is not hard to teach and is another good thing for our dogs to know. I would be interested to hear from our readers their opinions as to the manner in which the exercise "Stand your dog" should be done.

Something to think about: there may well be confusion existing in the mind of both judges and competitors as to the interpretation to be put on the words used to describe pace. Are these relative terms or can we reach an agreement on their meaning? In fact, as previously stated, I will welcome correspondence on any of the points raised. ■

THE HUMANE SOCIETY

BY TOM HUGHES

Seventh in a series by the General Manager of the Ontario Humane, in which he discusses the dramatic animal "population curve".

In recent issues of *Dogs in Canada* I have commented on such problems as substandard kennels, municipal pounds and the way in which hundreds of thousands of unwanted dogs are killed annually. In these articles I have actually been discussing the effects of the problem, rather than the problem itself.

The real problem is the extensive breeding of pets, particularly dogs, throughout the Western world. Never before have there been as many dogs in existence as there are today. When you consider the "population curve" of dogs over the last 60 years, it is interesting to observe the upward trend between 1930 and 1939, followed by a drastic drop caused by the war, when untold thousands of dogs were destroyed because of the fears of their owners, the moving populations, the shock of war and all the stress and strains that it produced.

Since 1945, the upward trend of the "curve" is even more dramatic and there is no sign as yet of it levelling off. On the contrary, it seems to be maintaining impetus with the increasing ability of the ordinary citizens of the world to afford the cost of keeping a pet and giving it the benefits of good food and modern veterinary medicine.

I realise that there are influences that work against dogs, such as increasing number of restrictive laws, particularly on the municipal level, and to a lesser degree, the change of city property from single family dwellings into multiple apartment blocks. These cannot offset the great desire for the average person to have a dog share their life.

The figures of dog "populations" are at the best, only estimates and they can never be anything else. Sometimes though, the figures are published with a great deal of authority by responsible authorities. Until these figures are disproved then I think we must accept them, at least as a basis for consideration.

For example, "Chemetron" Corporation, American manufacturers of Veterinary Medical Equipment, reports that there are 26,500,000 dogs in the United States!

By examining the number of dogs that are licensed in Canada, it is obvious that the statistics in this country are equally impressive. There are over one million dogs in Canada! This figure may even be too low when one considers the number of dogs that are never licensed! I think most people will agree that the number of dogs in this category may be quite high!

In recent articles, I've stated that the various agencies in Canada, such as Humane Societies, public pounds, veterinary hospitals, etc., are together destroying approximately 200,000 dogs a year. This means that we are breeding in excess of 200,000 animals a year. This statement is borne out by the experience of Humane Societies since the number of animals they accept each year as unwanted, increases each year. If the dog population was decreasing, then the number of unwanted dogs finding their way to Humane Society shelters would also decrease. But as I have said, the contrary is true.

The actual dog population is impossible to determine but whatever it is, it represents an "animal population explosion" that is the direct cause of so much animal suffering. I don't have a "slick" answer or solution. What does concern me, though, is that there appears to be no real effort by the responsible Societies, organizations and government bodies to even consider the problem. Probably they all worry about it separately but, to my knowledge, they have never got together to discuss the problem collectively.

Many people feel that the solution lies

"I ROUTINELY FEED PERVINAL"

Mr. Nigel Aubrey-Jones, prominent breeder and importer of champion dogs, says:

"When I find a dog in a foreign country with proper standard conformation, I do not hesitate to import him. Invariably, it takes six months to one year of intense nutritional conditioning to prepare him for the show ring. In addition to beef and kibble, I routinely feed Pervinal to help assure an optimal intake of vitamins, minerals, bioflavonoids and lipotropics which contribute to full coat, sound bones and teeth, good reproduction function, better nerve and muscle coordination and resistance against infections and illness."

Owners, breeders and handlers of top dogs agree that "PERVINAL is PERFECT" for all breeds. Why not give your dogs the benefit of this tasty, economical, easy-to-use nutritional conditioner.

THE CHALLENGE TO THE NEW OWNER / BY WILL JUDY

The professor of zoology tells us that there are approximately 16,000 species of animal life, not including insects and bugs. Of this vast number, only one, domesticus canis, has bridged the gulf between the animal kingdom and the human race. This is the dog, 'man's best friend.' If however we except the cat and perhaps the caged bird, the dog is the only animal which the human considers as a permanent house guest or like a member of the family.

Thanks to centuries of propaganda, particurlarly during the last 50 years in the Dominion and USA, the average family considers the purchase of a dog as a desirable part of everyday living.

First, there is the desire, then the definite action and finally and most important — the upkeep.

I am trying to say that wanting a dog PLUS getting one, is just the start of a long period. It is the daily attention the dog requires after it comes into the home, which causes us to emphasize responsibility of dog ownership.

The children want a dog. Is it to be a boy or a girl? Is it to be long-coated or short-coated? Is it to be a big breed or a small-sized breed?

I shout loudly that mother's wishes should be preferred for in most cases it is this 'innocent' person who, after a few days or weeks when the novelty has worn off, gets the responsibility of feeding, caring for and exercising the puppy, even unto its old age years hence.

The puppy arrives — whatever the breed. He (and I use the masculine merely for convenience; the female is more susceptable to training and is cleaner in and out of the house) enters the house cautiously. Immediately all members of the family touch him, handle him, pounce upon him.

If there are children in the family under the age of two years, it might be well to

consider a small-sized dog.

May I add right now that the larger the dog, the less trouble inside the house. Big breeds are well-behaved, do not move needlessly nor are they inclined to destroy and damage furniture in the home as much as do some small-sized breeds.

I do not blame the puppy for his fear in entering the new home. The first few days he is cautious; he snoops into all corners. He intently examines all members of the family, usually with a sniff. Everything in it is a new world to him. I have an idea that every puppy gets homesick — he thinks of his mother, and his playful brothers and sisters back in the kennels.

Perhaps we do not realize fully the vast change in the puppy's life — a change from the safety, kindness and aid around the kennel, to a world of new faces, scenery and environment. Have a bit of sympathy for the new house guest.

Right here is the most important principle of canine training — be kind but firm. The routine for the 'stranger' on the first day in the new home must be the routine as much as practicable for each day following. Let him explore every corner and room of the new home but let him know, that only certain areas and pieces of furniture are in his domain.

Let him sleep next to a hot water bottle; or with a ticking clock—anything to divert his attention and make him feel at home.

For the first few days, you can pen him in the kitchen as this room can be cleaned more easily and the damage is less serious.

Let him eat and drink as often as his whim urges him but take away the food dish and the water dish the instant after he has finished.

Should you bathe him? As often as he needs it or your nose dictates. It is folly to entertain the old idea that a puppy should not be bathed.

The important command from the very first moment is 'no.' Make sure he understands this and that you mean it when you say it. Dogs like decisive owners. I have an idea that inwardly they hate coddlers and weak-dealing humans.

As near as possible, follow the diet routine the kennel gave when it sold the dog.

Have all necessary papers; get them at the time of the sale; do not be put off by alibi or excuse. The efficient breeder has all papers ready for stud book and pedigree record.

Have I emphasized sufficiently that were we to bring a cow or hog or a zebra into the house, we certainly would not expect the animal to observe sanitary living, but with the dog we expect almost human conditions. Give the dog some time, perhaps a week or ten days, to realize that it is not what he does in the way of relieving himself but WHERE he does it. It is a question of where and not what.

Feed him four times a day and take him out each time about 15 minutes after he has eaten.

If he has committed the crime, punish him immediately, for his mind has only a minute's memory and does not connect one act with another unless they follow one another immediately. The dog does not know the difference between a rag rug and a rare oriental. He looks up to you with sad eyes and it is your pedagogical task to impress upon him that he has done 'it' in the wrong place. Eventually all dogs become sanitary in this regard and they will follow the code.

As I said, firmness plus kindness is the correct pedagogy. The best psychology is to look at the world through the dog's eyes and to see his viewpoints as much as possible. The all-important thing is proper training, care and supervision given to the puppy during the first two to four weeks in the new home.

NATIONALS

RETRIEVERS

by Mrs. Lou Hough

- Dogs from 6 Canadian Provinces competed.
- There were 4 *American* entries.
- Ontario was the province with the *largest* entry — 10 dogs.
- One *woman* handler — Mrs. Pauline Ouimet, Westmount, Que.
- Saskatoon Retriever Club is the *first* Saskatchewan Club ever to be honored to act as "Host Club".
- The *1961* National Champion Long Point Belle, owned by R. E. Stone, Toronto, Ont., not entered due to raising a litter of pups.
- The 1963 Canadian National Retriever Trial to be held in British Columbia, this will be the year that B.C. celebrates its *25th anniversary* in holding Field Trials.

The 13th Annual National Retriever Club of Canada Field Trial was held in the Saskatoon area with the Saskatoon Retriever Club acting as the "host" club. The trial started Friday, October 5, at 9:00 A.M. under heavy, gray skies and with brisk cold winds hinting that winter was not far away.

History was made at the "1962 National" with 1959 Can. Nat. Ch. Rhett of Coldwater 2nd being the first dog to achieve the distinction of winning the Canadian National Championship for a second time. Rhett now has the lengthy title: 1962 Canadian National Champion and 1959 Canadian National Champion.

Rhett, owned by Hal Straight of Vancouver and handled by Ken Gibson of Vancouver, did excellent work consistently throughout the three days of testing. His marking ability was exceptional requiring only one whistle on one marked bird throughout the 10 tests. His response to Ken's handling on the blind retrieves was good. The 10th series was a picture to watch with Rhett nailing both marked retrieves and taking a line of 200 yards straight on to the blind. At the completion of the 10th series there was no doubt as to which dog had won the 1962 National.

Ken announced upon receiving the National Retriever Club Trophy that Rhett was being retired from Field Trial Competition. May we wish this great champion a long and happy life.

To Hal Straight, owner of this fabulous champion, our heartiest congratulations. Ken Gibson, who has handled Rhett to both National wins, deserves an accolade all his own for being the first handler in the history of National Field Trial annals to have twice brought the same dog to championship heights. Ken worked hard for this win and in achieving it lost his hat and $10.00 but we are sure the thrill of winning this honor overcame any set back to his purse strings. May we wish him continued success in proving he has what it takes to develop championship qualities.

1962 Can. Nat'l Ch. and 1959 Can. Nat'l. Ch. Rhett of Coldwater 2nd with handler, Ken Gibson of Vancouver, B.C.

Thirty-six dogs were entered in the 1962 National Stake with 31 males and two females actually starting in the field Friday morning. At the completion of the three series run the first day the competition had dropped to 27 starters for the day's work commencing on Saturday. Three series were run off on Saturday leaving 16 dogs still in the running for Sunday's work. At the end of three series run through the early part of the final day nine dogs were still in contention for the honor of winning the title, 1962 Canadian National Champion.

#2 –F.T. CH. Vern's Prize owned and handled by Vern French, Regina, Sask.

#4 –F.C. & A.F.C. Pepper's Jiggs owned and handled by Bob Pepper, Bellevue, Wash., U.S.A.

#16–F.T. CH. Black Squeek of Netley Creek owned and handled by George Duganis, St. Vital, Man.

#21–1959 Can. Nat. Ch. Rhett of Coldwater 2nd owned by Hal Straight, handled by Ken Gibson, Vancouver, B.C.

#22–F.T. CH. Carnmoney Billy Jo owned and handled by Charles Bjork, Regina, Sask.

#28–F.T. CH. Coleraine's Thunder Rock owned and handled by W. C. Kitchen, Willowdale, Ont.

#29–F.T. CH. Jet of Spook owned and handled by Gordon Windemere, North Vancouver, B.C.

#30–Moose of Lomac owned and handled by Peter G. McClellan, Ladner, B.C.

#36–Green Timbers Jewell owned by Mr. and Mrs. W. Jamieson, handled by W. Jamieson, Port Moody, B.C.

All of these dogs had completed in good style the nine tests meted out by the judges. Had Rhett faltered on the 10th and last test there were several dogs whose consistent good work could have overtaken him. Presentation of the Purple Rosette, The Challenge Trophy and the Championship Trophy to Ken Gibson was made by Mr. Lou Hough, Saskatoon, President of the National Retriever Club of Canada.

SPANIELS

by George E. Tabner

This year's trial was the first held by the Association, instead of one of the member clubs. The Committee, headed by Morris Martin, Chairman and Wm. Watt as Secretary, had a big job organizing the event. Much of it was done on the telephone. Part was also planned at meetings held at earlier Field Trials. Even so, a lot of work fell on the shoulders of Les Bunker of Brampton, whose job of organizing locally the grounds, banquet accommodation and many other details was ably executed.

The weatherman forgot his usual smile for Spaniels, and instead greeted us with a 6" fall of wet snow. This gave the bird planters, Ted Haggis and Geo. Tabner, quite a chore to find suitable resting for the pheasants. Of the 26 dogs eligible, having placed in Open All Age Stakes held in 1961 and 1962, 15 were entered. These were:

1. Harpersbrook Gone Away, owned and handled by Geo. Webster, London, Ont.
2. F.T. Ch. Rogue of Rock Acre, owned and handled by Wm. Watt, Sudbury, Ont.
3. Apache SkyHi of Huntersfield, owned and handled by Julian T. Collins, Ravenna, Ohio.
4. Dunoon Diana, owned and handled by C. W. A. Coop, Brampton, Ont.
5. Trent Valley Better Bee, owned and handled by Mrs. H. S. Routley, Peterborough, Ont.
6. Am. F.T. Ch. Camac Samburg Sharpie, owned and handled by Chas. A. Mee, Somerville, Ohio.
7. Apache Clipper's Brown Ghost, owned and handled by J. T. Collins, Ravenna, Ohio.
8. Dual Ch. & Am. Ch. Dan-Dee of Melilotus, owned and handled by Leslie Bunker, Brampton, Ont.
9. Miss Spook of Hi Tor, owned and handled by B. B. and Evelyn M. Flick, Hickory, Pa.
10. F.T. CH. Trent Valley Andrea of Athlone, owned and handled by Thomas Atherton, St. Catharines, Ont.
11. Pussy Willow Sir Skeeter, owned and handled by Ralph G. Leonard, Adrian, Mich.
12. Pam's Jupiter of Camden, owned by Jos. J. Haas, Cleveland Heights, Ohio, handled by Jas. Weitzel.
13. Trent Valley Bright Star, owned and handled by J. W. Williams, Peterborough, Ont.
14. Scooter of Hi Tor, owned and handled by B. B. and Evelyn M. Flick, Hickory, Pa.
15. Apache Clipper's Gay Lady, owned and handled by J. T. Collins, Ravenna, Ohio.

Only #4 was scratched, she being in season. With 14 starters the first land series was completed with dogs running hard through the frozen fields. One dog broke wide open down the field, flushing three pheasants, and was dropped from further series. The judges, Mrs. Evelyn Monte and Stanley Welsh, requested a change of course to heavier cover. After a break for coffee and restaking of the course, the second series commenced. In this series the height of the weeds made it impossible at times for the dogs to be seen by their handlers. This provided a real test of obedience to whistle and voice commands. The gunners rode the birds further out to prove the dogs' ability to mark and retrieve birds under heavy cover. Two dogs, both Field Trial Champions, broke to chase hopping birds, although they were steady to the initial flush.

The 11 remaining dogs faced, in the afternoon, what Mrs. Monte later described as one of the stiffest water tests she had ever seen at a trial. The thin layer of ice on the pond had barely melted. The dogs were sent downwind, and into shaded water to retrieve birds, some of which were almost on the opposite shore. All had a long swim each way of nearly 100 yards. One young American dog, which had not yet been trained for water work, refused to enter the cold pond. One or two hesitated, another decided to return overland. Those which placed high in this series hit the water like a bomb with all four feet going in their haste to retrieve. This left ten dogs, after the first day, to carry on in the remaining series.

That evening, at the field trial banquet, events of the day were reviewed. The good food, refreshments and dancing also helped renew old friendships and introduce new ones. One noticeable omission in the banquet program was Morris Martin's usual rendition and leading of Alouette. Both judges spoke briefly on the performance of the dogs they had seen. Among those joining in were Mr. and Mrs. Ernie McGowan whose previous interest in springers centered on Obedience Trials. We hope to see them in the field regularly in future.

The Committee decided to try the birds of the Uplands Pheasantry for Sunday. Hard-working Ted and Pop Haggis must have had Al Strieb out of bed early, as they arrived back at eight a.m., with a truck load of birds from Aylmer. These hard, beautifully marked, healthy pheasants were full of life and as wild as any naturally found. They refused to stay nested when planted, instead ran in any direction to confuse the dogs. The weather too changed, warming slightly but now raining. Despite this, many new spectators turned out to watch the testing of the dogs. Several whole families enjoyed the day in the field together. All ten dogs completed the fourth series though several were on the verge of being out of control on runners. This tension passed back to handlers and gallery alike as the day wore on.

The fifth series began in the rain. Several dogs got into difficulty on long or blind retrieves with the lack of scent. Some responded to handling to complete their retrieve. Others stuck it out alone to search wide for the downed birds successfully. Pheasants seemed to fall regularly in ravines, creek bottoms or over the next hill. These are the breaks of the game and often are the deciding factors of a trial. This workout gave the dogs a chance to prove their abilities under adverse scenting conditions and the handlers to show control of their dogs. The judges were able to eliminate those who didn't measure up and carried six dogs into the last series.

For the finals, the dogs were run singly under both judges. By now a good wind was blowing, the birds were running ahead of the dogs. Everyone could feel the tension as dogs and handlers prepared for the last test. *more on page 74*

PART TWO

ANATOMY OF THE DOG — GAIT

by WILFRID E. SHUTE, B.A., M.D.

In the October issue of *Dogs in Canada*, the point was made that originally each breed of dog was developed for a specific purpose. The fanciers of each breed, after discussion and by common consent, wrote a Standard which described the ideal dog. Through the years some breeds have changed markedly, others virtually not at all. One of the most ancient breeds is the Greyhound, and members of that breed differ but very slightly in general appearance from specimens of centuries ago. Others, such as the Doberman Pinscher, now scarcely resemble the original representatives. The coat is now much shorter and smoother, the toplines better, croup and tail placement much better, but particularly obvious is the increased length and dryness of neck, the narrower skull and longer head. Markings are usually much more clearly defined and may be much darker and richer in colour. However, the essential basic purpose of the breed, the correct temperament, and intelligence are still the same as they were originally.

In the breeds which have shown change over the last century or so, the trend has been toward refinement and eye-catching appeal. This, of course, is fine as long as it doesn't interfere with fundamental structure. It is dangerous only when the desire for "flash" eliminates an otherwise excellent dog as is the case at the moment in the Boxer.

The judge must first look for type, secondly for balance and proportion and thirdly for soundness and finally for gait. A sound Great Dane with a head inclined to be wedge-shaped and with a pointed muzzle just isn't a Great Dane. He must have a typical Great Dane head, Great Dane size and Great Dane body.

Having a typey dog, the best one should have balance, with each part fitting into every other part, to make an harmonious whole. Next, he should be sound, with properly placed front and rear assemblies, with straight legs, good feet and proper angulation between the separate parts.

When each dog has been evaluated carefully in these respects, then each should be subjected to the test of gait, viewed as he travels away in a straight line and again coming back toward the judge. He must always be viewed from the side. Gait is the final test of proportion and soundness.

To understand correct gait, then, one must know balance, proportion and soundness, for virtually every part of the animal's anatomy contributes to movement. To propel himself forward man and dog both start by pushing forward and losing balance. In the dog, this is done by moving the head and neck forward. Then one front leg is moved forward to support the front end and a back leg is used to push the body forward again. Thus the back legs are used to drive the body forward and the front legs reach out to maintain balance and keep the animal from falling on its face.

Obviously, then, the forward thrust of head and neck is more marked in the dog with a front which allows of maximum reach forward, while the straight front with a smaller stride will let that dog hold his head and neck up in the style insisted upon by most handlers of terriers, who often literally carry the dog's head upright with the front feet barely allowed to reach the ground.

To allow the full force of the thrust of the correctly formed rear, the animal must straighten his spine, hold his topline level and parallel to the ground line and hold it relatively rigid.

The chest must be properly formed, not only to allow maximum expansion with minimal muscular action for good air excange in the lungs, but so as to allow the elbows to swing back and forth in a straight line. Too rounded a rib in the area across which the elbow moves will force the dog to move with elbows out. Ribs must be flattened out in this area.

The placement of the front assembly on the chest, described in the previous article, now assumes its proper importance. If placed too far forward, the scapula and upper arm move forward and inwards and the shoulder joints seem to approach each other. This is easily seen when the dog is coming toward the judge. In such animals the dog when standing will not show a forechest, — with the most forward portion of the chest lying in front of the shoulder joints — but rather will show the 3 points on a straight line or even with the shoulder joints out in front of the foremost part of the chest.

A firm loin is essential, with well developed muscles to allow the back to be held firmly, or the backline will roach or dip or move up and down as the dog moves.

A properly angulated croup will allow maximum forward reach of the rear leg, a croup under-angulated will impart a stilted movement to the rear legs with restriction of forward reach and an over-angulated croup will allow full forward reach but restricted recovery and rear push.

Obviously, strong straight bone, firm pasterns, and good tight feet in front, good straight strong bone and low set hocks and good hind feet are essential to correct movement.

Even the size and weight of tail and plume are essential parts of movement in the German Shepherd and Collie, if one is to believe the fanciers of these breeds, it being maintained that the tail is useful in changing direction! Every part of the dog is directly involved in movement.

Not only is the basic skeletal structure and balance essential, but the muscular and ligamentous development as well as the weight and condition of the animal must be correct. Also, as every track athlete knows, perfect co-ordination only comes with a constant repetition of the exercise of running. Thus the trained dog will move better than the kennel dog.

Finally, temperament can influence gait. Some dogs just don't like dog shows! The same dog may move beautifully at home, miserably in the show ring. For example, the dog unhappy in the ring may carry his tail low, drop his croup, crouch behind and so appear cow-hocked. Obviously, ideal show temperament will allow the dog to make the most of himself and take full advantage of his physical make-up.

It should be mentioned here that the spinal column of the dog — that part excluding neck and tail, is never straight although the topline can be nearly so. The reason for this is more obvious in the human than in the dog. Between each vertebral body is a fibrous disc with a compressible liquid centre to absorb the jar of walking. Without these and with a perfectly straight spinal column, every step taken on firm ground would transmit a jar to the head, and bounce the brain within the skull. Transmitting the force over a series of curves diminishes the jar. So there is a real reason for a "slightly" rounded croup, since it forms part of slightly S-shaped spinal column, lower in the lumbar area, lowest in the last five of the thorasic vertebrae and rising toward the withers.

However, the spinous processes of the first eight thoracis vertebrae are the longest and strongest in the body with the largest of the back muscles lying in the angle between the dorsal spinis and the transverse processes. As a result, in many breeds the area between the end of the shoulder blades is the highest point of that part of the topline *more on page 76*

Show Talk

The Windsor and District K.C. held their annual two day show in Leamington on October 13 and 14. It was a well run show with a good entry for that district of some 280 dogs entered in the show and Obedience Trial. Perhaps this good entry is due to the fact that these are the last all-breed shows of the season, or because exhibitors just like the show. The hard-working small committee under the guidance of Stu and Joyce Roberts, John Jansen and Jack Critchley must have been very proud of their endeavors. A committee that tries so hard to give the exhibitors good judges, excellent trophies, experienced ring stewards, a clean building and an early wind up deserve the support of more Canadian exhibitors. For such a small town they get a surprising number of spectators, especially at the Sunday show. Their announcement that their shows in 1963 will be held in Windsor came as a surprise to most exhibitors, but the picture of the new building displayed looks very inviting. It is a new curling rink and should lend itself nicely to a Dog Show. Of course the W&DKC will have to revert back to a summer date but the spectator interest in a larger community should recompense them for the hot weather. The club used their new ring posts which are both practical and decorative.

Dogs in Canada would like to thank the following clubs who allowed us space for our booth during the past season. Canadian National Sportsmen's Show, St. Catharines and District K.C., Kent K.C., Kawartha K.C., Ottawa K.C., Ladies K.C. of Canada, Barrie K.C., Forest City K.C., Sarnia and District K.C., All Terrier Club of Canada, Aurora K.C., Progressive K.C., Lakehead K.C., Ontario County K.C., Canadian Save The Children Fund, Kingston and District K.C., Moncton K.C., New Brunswick K.C., Ladies K.C. of N.B., Fredericton K.C., Central Canada Exhibition, Canadian National Exhibition, The German Shepherd Dog Club of Canada, Skyway Obedience Club, Burlington and District K.C., Scarborough and District K.C., Windsor and District K.C. We made many new friends and renewed many old friendships. We hope to be back with you during 1963.

This will be the last report of this department for the year. Would you like it resumed in 1963? Your comments will decide the policy to be followed next season. IT'S UP TO YOU.

83 beagles attend trial

Eastern Canada was blanketed by a very early fall of snow during the last week of October. It was still lying in patches among the cedars and through the orchard and fields near Hemmingford, Que. on Saturday and Sunday October 27 and 28.

The club house of the Ta-I-O Beagle Club of Montreal Inc., hosting the 1962 Annual Derby and Championship Stakes for the Quebec and Eastern Ontario Beagle Assoc., was brightly lighted by 6.00 A.M. Soon the old wood stove in the kitchen was pouring out welcome warmth, along with hot coffee and platefuls of bacon and eggs. Members from Montreal, Ottawa, Cornwall, Lachute, Iberville, Vermont, Northern New York and even Pennsylvania, having driven in the cold pre-dawn were in real need of the warm welcome.

By 7 A.M. entries for the Derby Championship were flowing in. Hope for sun to melt the snow faded fast as the bitter wind sprang up and icy rain began to fall. These Derbies were young hounds whelped after January 1, 1961, and many of them were experiencing snow trailing for the first time. Game would sit tightly and be difficult to find. These were conditions that would tax the older, wiser hounds and would push the youngsters to the limit of their ability and endurance.

Measuring began for some of the youngsters who were making their field-trial debut. This classification would confirm, for the owner, that the hound would run in the 13" and under class, or the over 13" and not over 15" class. His measuring card signed, the hound and handler proceeded to the painter to present a problem. The fast-drying traffic yellow paint congealed in the cold before the number could be applied, moreover the Beagles were wet and the number would rub off too readily. Where was a warm spot? The kitchen naturally! Owners fed and rain-suited, hounds entered and measured, and painted, the 13" pack of 17 hounds proceeded to the woods a few miles west of Hemmingford village. The 15" pack of 23 entries ran near the club-house.

A Derby pack is judged for a shorter time than an All-Age Pack. While three hours judging time is generally considered desirable for older hounds, two hours is plenty for the young dogs. Great difficulty on this day was experienced, both in raising game and holding the pack to it. The little fellows however were strong and eager hunters and stuck to their job until the confusing wind fell, enabling them to hold the trail more easily. It was a tired group of handlers and pups who gathered to hear the results in the late afternoon.

As well as trophies for first place hounds, and rossettes for other placings, there were medals of merit for the dam and sire of the winning Derbies, and trophies for the finest conformation type in each class among the placing hounds.

Field Trial Beaglers care most naturally about running ability, but it has long been the custom of TA-I-O to give special recognition to Beagles who have both running ability and beauty.

Sunday dawned a little warmer, and somewhat later, due not only to the change to Standard time, but to the Saturday night festivities as well. The classes for the hounds having placed in licensed competitions including Field Trial Champions, proved to be a heartwarming experience from beginning to end. Each handler was proud of his right to be there, and proud of the hound who gave him the right. The entry of the older dogs was most appreciated. They enhanced the trial by their presence and added to the stature of the sportsmanship of their owners. They were there, the grizzled old males and fat elderly matrons, as well as the dashing young knights and damsels both National and International Champions. Fully half the Sunday entries were Field Trial Champions.

Cars and station wagons discharged hounds and handlers, including the Provincial CKC Director Pamela Mack, who drove through the night following a New York meeting, in order to be present and judge the Best in Show Conformation classes on Sunday. Her effort was matched only by that of the distant club member from Pennsylvania. All preliminaries proceeded in good order.

Not being a licensed competition, and in view of the distinguished assembly, it was felt that each hound should be introduced by name and record before the run.

Casting the pack in the downpour, handlers tucked in under the protection of the cedars to listen. Running was steady and fast with scarcely a check. Each class held onto a single rabbit, until it tired (the rabbit!) and raised a second with little difficulty. Enough scores were obtained by noon.

The young and strong of wind and limb, hardened by recent campaigning, carried away most of the honours, for doubtless age does weary a body. However, everyone had the thrill of hearing his hound again as part of a pack in full cry, met old friends and re-lived many a former run.

This annual event receives more support each time it is held, and the third running of the 1962 was certainly one of pure enjoyment, which will increase the anticipation for the 1963 Championship Trials of the Quebec and Eastern Ontario Beagle Association. We shall be looking for you all next year. ■

TAILTEANN MEMORIES

by MARY HART

On December 28, 1959, the entire dog world was shocked by the news of the sudden and untimely death of Mrs. Eileen McEachren, owner of the world famous Tailteann Kerry Blue Kennels and a past President of the Canadian Kennel Club. While there will never be another Eileen McEachren, her high ideals and constant striving for perfection by planned breeding will never be forgotten among those of us who knew her well and especially among those of us who worked with her in her kennels. This month brings memories of Mrs. McEachren's love of the Christmas season, decorating the trophy room, and the tying of a tiny sprig of holly under the nameplate on each individual kennel door, with the choice sprigs reserved for the permanent residents: old "Champ" (Can. & Am. Ch. Michael of Som'set Jr.), "Witch" (Can. & Am. Ch. Foxhill's Witch), "Marcie" (Can. & Am. Ch. Miss Show-Off of Cognewaugh), "Jimmie" (Can. & Am. Ch. Widan 2), "Robbie" (Can. & Am. Ch. Tailteann's No Regrets) and "Gayboy" (Can. & Am. Ch. Tailteann's Jim's Show-Off).

It is gratifying to know that intelligent breeding of this famous stock continues. About a year and a half before Mrs. McEachren's death, Wally and Marg Jacob (Walmar Kennels), breeders of Boxers, moved from Edmonton to Toronto to work in Tailteann Kennels. After Mrs. McEachren's death all the Kerrys were sold, most of them going to breeders in the States. Except for a few young puppies, the only outstanding mature stock to remain in Canada were Am. & Can. Ch. Tailteann's Marcie's Son purchased by Ted Ward, Can. & Am. Ch. Tailteann's Gay Flit purchased by Professor Campbell of Kingston, and Can. & Am. Ch. Tailteann's No Regrets and Tailteann's Nickey's Girl purchased by Wally and Marg Jacob who returned to Edmonton with these dogs. Marcie's Son and Gay Flit have since been sold in the States.

Because of the rapid expansion of Edmonton in their absence, Wally and Marg sold their former location and kennels and relocated further out of town where Wally has since built, with his own hands and after hours from the Edmonton Pet Shop, a most creditable kennel. I had the pleasure of visiting there this past June and it was most interesting to note the ideas used from Tailteann, the ideas improved on and still other remarkable ideas that any kennels could use to advantage. The grooming room was a masterpiece of workable ideas.

Wally has now dedicated himself al-

most completely to Kerry Blues and has continued with the sound theory used by Mrs. McEachren that outstanding producing bitches are the strength of a kennel. He purchased a male pup, Kingteann's Blue Boy, from Mr. Campbell's Gay Flit (Can. & Am. Ch. Tailteann's Jim's Show-Off out of Am. & Can. Ch. Maylew's Blue Flit) litter sired by Marcie's Son (Can. & Am. Ch. Tailteann's Widan 2 out of Can. & Am. Ch. Miss Show-Off of Cognewaugh) with therefore, intensive Miss Show-Off breeding. They also have a young bitch in partnership with Miss Langley of Rollicking Kennels, Peterborough, Ont., sired by Can. & Am. Ch. Tregoad's Nickey's Gallant out of a daughter of No Regrets, giving a blending of Foxhill's Witch and Miss Show-Off, the two top producing bitches of Tailteann.

The Jacob's first litter was from No Regrets and Nickey's Girl, three of which are now Champions. Ch. Walmar's Rob Roy C.D., owned by Bob Dykes of Edmonton, has won 10 Groups this year. Ch. Walmar's Irish Gleam, owned by Henry Herwig of Vancouver, has won at least six Groups this year as well as two Terrier Specialties, won the Terrier Group at Seattle with 112 Terriers competing, and is well on her way to her American Championship. Ch. Walmar's Blue Murder (well named!) is a real Kerry "fireball" and a favourite with me as she reminds me so much of "Witch" in her early years. At present the Jacobs have two litters; one sired by Kingteann's Blue Boy out of Walmar's Blue Murder, and the other a repeat breeding of No Regrets and Nickey's Girl.

Thus the high ideals and planned breeding theories of Tailteann continue and the spirit of Tailteann lives on in the offspring of the never to be forgotten Kerry Blue matriarchs — Foxhill's Witch and Miss Show-Off of Cognewaugh.

NEW DRIVE AGAINST DISTEMPER

George Berner, publisher of *Dog World*, is actively engaged in garnering support for a dedicated group of men at Cornell University who are working tirelessly in combatting distemper. Here is his plea:

"Those of us who have been in dogs for any length of time have come in contact with distemper and even though we vaccinate and do everything according to the book, too often we get a break-through for which there is no explanation. Certainly a great majority who read this have gone through this heart-tearing experience. So . . . we nurse the dog, or dogs, day and night, hoping against hope that if we can keep him alive, his body may build resistance.

Sometimes we pull them through, but more often we don't . . . Frankly, this is just plain hell. We have often said, and so have many of you: "If there was only something I could do!"

Well, there is . . . All it takes is money . . . Money is needed by Dr. Baker and his staff for more equipment, more men, more this and that. Some of our dog food companies give large amounts as do some of our wealthier people. But we can't leave it all to them. I believe the burden rests on you and on me, and on all of us who are in purebred dogs.

If each of us would only send one dollar it would mean well over $100,000.00. Most of us can afford more than one dollar, some of us can afford substantial amounts, but if you do nothing more, put one dollar in an envelope and send it NOW.

Send it to "DISTEMPER", Cornell University, Ithaca, N.Y.

He is shown with his handler-owner Miss Mike Macbeth, 226 Gildwood Pkwy, Scarborough, Ont., taking BCBP under Judge Earle Adair at the CNE Show. Bred by Richard Pike his sire is Ch. (Can. Am.) LAURENTIAN SLED DOG EVENT

If you've never seen sled dogs in action, you've yet to experience one of the most exciting of sports known. It's a heart-pounding, jumping-up-and-down (and not only from cold) exuberance — on the part of the hard driving team, the driver and the spectators. And what's more, it's a truly Canadian sport which is gaining momentum all through the north country.

You don't have to head for the wilderness, however, to see one of the most important races. The third annual Laurentian Sled Dog Races, slated for the week-end of January 26, take place at Ste. Agathe des Monts, Que., a short drive north of Montreal.

Of equal interest is the third annual Sled Dog Specialty Show which takes place Friday evening, January 25, indoors, at La Marquise Hotel. Alaskan Malamutes, Samoyeds and Siberian Huskies, many of whom you will see in harness the following morning, compete. This year's judge is Tim Reid of Ottawa. It's a pleasant, casual show, where slacks, sweaters and boots are the fashion of the evening.

CLUB ROUNDUP

british columbia

JOAN RAILTON, c/o Sir Charles Tupper Secondary School, 419 East 24th St., Vancouver, B.C. Popular teacher, judge and Bulldog specialist.

Mr. R. A. Hosegood, secretary-manager of the Vancouver branch of the S.P.C.A. sends an interesting letter in which he outlines what may be the beginning of a medicare plan for dogs. The S.P.C.A., in conjunction with a well known insurance company, has recently finalized negotiations for the following coverage for those taking out a $25.00 annual supporting membership to the Society.

1: Public liability and property damage arising out of ownership of dog	$10,000.
2: Medical payments arising as a result of above	250.
3: Veterinary fees	100.
4: Loss, death or destruction of:	
(a) Registered dogs (in total)	100.
(b) Unregistered dogs (each)	50.

Registered dogs will be identified in the insurance certificate and will be insured for a specific amount. Where a member wishes to insure one or more registered dogs for more than $100.00, separate arrangements can be made between such member and the Insurance Company through this Society.

Unregistered dogs are not being listed in the insurance certificate, but will be insured for their actual value up to the maximum amount of $50.00 per dog.

Further information can be obtained by writing direct to *Mr. Hosegood.* This plan would seem to be of great interest to all animal lovers in that it not only provides an opportunity to help the unfortunates of the animal world but also furnishes protection for the individual dog owners.

A storm has recently been raging in the English magazine *Our Dogs* as the result of a paper read by *S. J. Hodgman,* M.R.C.U.S. to the British Veterinary Society meeting at Scarborough. Among his reputed remarks were the following.

"An increasing number of dogs suffering from abnormal conditions were seen today and the greater number of abnormalities had been caused through indiscriminate breeding by uninformed people. At one time dog breeding was carried out as a hobby by people who could afford to cull.

"One seldom sees a mongrel with a physical deformity because mongrel weaklings do not receive the attention that would enable them to survive. Purebred puppies, however, represent hard cash to the breeder and breeders took advantage of the situation (after the war) where pups that would normally have been destroyed could be sold for twice the price a good specimen should have fetched. The tendency was to breed smaller and smaller dogs to satisfy the popular demand and these suffered particularly from inbreeding. Among the signs of degeneration exhibited were a general decrease in vitality, increased nervousness, often with reduced fertility, and the tendency to "slipped discs" in the short-legged, long-backed breeds."

Mr. W. B. Singleton, a member of the Royal College of Veterinary Surgeons, at a discussion group proposed a resolution deploring the present trend in certain breeds of dogs in which abnormalities were being perpetuated regardless of the pain and suffering involved and of the harm this would have on the popularity of the breed if continued unchecked.

While in England this summer I attended three championship dog shows with a total entry of well over 7,000 dogs and visited a number of kennels. From what I saw I would judge the problem as outlined above is no greater in England than on this continent. I was particularly impressed by the soundness of the average dog which one saw on the street accompanying its owner.

If the above is of interest to B.C. readers perhaps we could have some comments and discussions.

Typhoon Freda has come and gone leaving behind a path of devastation in Vancouver and vicinity. So far as I know there were no casualties in the kennel dog population, although some dog wanderers in the city were electrocuted at the height of the storm when they stepped on downed power lines. *Jean Fletcher* reports that she returned from a month's holiday in the U.S.A. to find that her dog runs were smashed, fences were down and the roof was blown off the aviary and puppy runs. The dogs came through it without injury but some bantams were blown around and killed. The *Fletchers'* trip took them to Windsor, Ont. where *Jean* judged the all breed show. She reports she was impressed both by the standard of the dogs and the friendliness of the club members. The morning after Freda my kennel runs were a tangle of trees and downed power and telephone wires but the dogs, though frightened, were uninjured.

Mrs. Ann Whitton, Secretary of the *Coastal Canine Academy* reports on a very successful autumn. Two full beginners classes and a keen group of advanced workers completed their current classes by November 20. By this time a number of members will have entered two local trials and the club will have sponsored a Mock Trial in the Horticultural Hall in Delta. A Christmas party is being planned for the holiday season and the classes start again on January 15. The club very hospitably offers the use of its hall on a Tuesday evening when a course is running to any trainer working on a degree. If you wish to accept this invitation please get in touch with the Secretary to arrange details. *Mrs. Whitton* sends Christmas and New Years wishes to all trainers in B.C. and points East.

May I join in the same good wishes to all good dogs and doggy people.

MARY D. HART, Box 416, Brandon, Man. Well-known German Shepherd Specialist and Working Dog Judge.

The Edmonton Kennel Club held two very successful all-breed shows and Obedience Trials on October 27 and 28 with an entry of 157 in conformation, 25 in Obedience and 21 in Junior Showmanship. *Marg Jacob,* Show Secretary, reports that a good percentage of the trophies went to Calgary exhibitors. In Junior Showmanship competition *Gail Atkinson* of Edmonton was first in the Age 6-9 group with a Samoyed, *Kathy Dobberthein* of Edmonton was first in the Age 10 - 12 group with an American Cocker, and *Donna McClure* of Calgary was first in the Age 13 - 16 group with a Rough Collie. *Donna* was also judged Best Junior Handler.

with the Edmonton shows with a good entry of 25 Boxers. I note that the Boxer club inserted in the show catalogue an excellent description of the characteristics of their breed, an idea that other Booster and Specialty shows might well make use of.

Noreen Wach reports that the *German Shepherd Dog Club of Manitoba* in Winnipeg has had a busy and eventful year, ending with a membership of 84. Two educational programs were presented by *Larry Wach;* one on the "Grooming and Care of the German Shepherd", the other on "The Theory of Breeding". A library was set up providing members with excellent material on breeding and training. The club held three 10-week training courses with approximately 70 dogs in attendance and virtually no fall out. A Sanction Show for Working Dogs only was held in February, *Mary Hart* judging. Best in Show was awarded to *Jim and Joan Robinson's* German Shepherd, Crescendo's Mona Lisa. (In the breed, Best Opposite Sex was awarded to Crescendo's Kim, which has since completed his Championship, and is owned by the same conscientious breeders. Best Canadian Bred Puppy in Show went to a beautifully balanced Boxer, Harbet's Danny Boy, which has also gained Championship points at the recent Winnipeg shows, and is owned by *Mr. and Mrs. Harold Johnson*).

The G.S.D.C. of Manitoba Challenge Trophy donated by President *Horace Tesch* was awarded to *Ericka Meyers* and "Hasso" as the owner and dog showing the most improvement during 1962.

Officers for the coming year are as follows: President, *Horace Tesch;* 1st Vice President, *Ken Johnson;* 2nd Vice President, *Larry Franko;* Treasurer, *Helen Marion;* Recording Secretary, *Joan Robinson;* Corresponding Secretary, *Noreen Wach;* Training Director, *Larry Wach.* It is my opinion that this club will achieve much under the continuing presidency of *Horace Tesch,* a man who has a deep and earnest desire to work for the improvement of the breed, who faces the faults of the Shepherds in this area with an open mind and realizes that problems can be met and overcome only by concentrated cooperation among the breeders.

I would like to report that my daughter *Elizabeth,* age 16, won the Pervinal Trophy for Junior Showmanship at the *Coronation Kennel Club* show, September 8, handling the Boxer, Ch. Haviland's Apache Storm, owned by *William Dawson,* Director for Saskatchewan. This was *Elizabeth's* "swan song" to her many similar wins in Ontario since winning the Tiny Tots Handling Class at the Barrie Show at the age of six with a large male German Shepherd.

Monica Torrance reports for the *Gateway City Obedience Training Club.* They are holding a Social night in Winnipeg on November 26 at which two films will be shown: "The Gift of Sight" depicting the training of Seeing Eye Dogs by the San Raphael Guide Dogs for the Blind, and "Bay at the Moon", a film of Hound

trials. Open Classes have begun with *Grace Penno* instructing and six dogs enrolled for CDX training. Beginners Class boasts an enrolment of 32 dogs. Among these is the first Afghan to train with *Gateway*, owned by *John Bramer*. It seems that there are only five of this breed in Manitoba. Another comparative newcomer to Obedience is a Rhodesian Ridgeback, owned by *Dr. and Mrs. Parliament* and sired by the well known stud Can. & South African Ch. Thornbury's Beausoliel.

Sometime soon I hope to give you the history of *"Gateway"*, a club that has been extremely active for approximately eleven years and which has been so successful in promoting Obedience to all breeds of dogs and their owners in the Winnipeg area.

Interesting last minute news from *Mrs. Coleman* of Saskatoon reports that plans for the 1963 Saskatchewan spring show circuit were begun at a meeting of representatives of the province's kennel clubs held on October 14 in Davidson, Sask. *Mr. William Dawson*, Saskatchewan Director, chaired the session which was attended by ten delegates and visitors. It was decided that one feature of this ten-show circuit will be the mailing of a joint premium list, a measure designed to prevent much duplication and thus to save each club time and money. *Mrs. Mary Miller* of Moose Jaw (a veteran at this Show Secretary business) was elected Show Secretary to supervise the project. A further innovation will be the mailing of show circuit information supplemented by provincial tourist information to out-of-province exhibitors early in the new year. A schedule of possible show dates for May was agreed upon subject to CKC confirmation and it was stressed that each club should negotiate immediately for judges. Many details of the preparatory work and the shows were decided upon during the day long session.

A very Merry Christmas to all!

DOG'S BEST FRIEND

Elsie Ferguson, late star of stage and screen of "The Roaring Twenties," left a half million dollars to The Animal Medical Centre in Manhattan as a living memorial to man's best friend – the companion animal. The Centre will use Miss Ferguson's gift to establish a comparative medicine studies unit in her name, within its Margaret M. Caspary Institute for Veterinary Research. Initial emphasis will be placed upon the study of cardiovascular and cardiopulmonary diseases. These studies will benefit animals everywhere.

VINA JONES, R.R. #2, Minesing, Ont., Labrador breeder and exhibitor, valuable contributor to dog club, humane, first aid, other club work.

The All Terrier Club of Canada have welcomed two new breeders to their membership, both Irish Terrier breeders and the only such breeders in the club. The Educational Committee have suggested a follow-up of the Airedale get-together. This will be an open meeting and anyone interested in attending should contact *Mrs. Weir* at BA 1-3742. Perfect weather added to the success of the Puppy Match held at the home of *Mr. and Mrs. Treleaven*, followed with an "open house" by *Mr. and Mrs. Treleaven* for all exhibitors and spectators. November 8 meeting had *Tom Adams* as guest speaker on the subject of the procedural aspects of leasing a bitch, retaining stud rights on a dog, etc. This meeting was open to non-members and was nominations night. *Mr. Treleaven* has returned from the USA where he had many outstanding wins with his dogs. *Mrs. Myrtle Elmes* has imported a Cairn bitch from England which was shipped in whelp and had her puppies (four of them) just three days after arriving in Canada. We are sorry to report that *Mr. and Mrs. Albert Kaye* have lost their six year old Westie, Int. Ch. Tea Rose of Trinean, who died shortly after whelping a litter of two – both puppies died. *Mrs. Kay McFarlane* (Cairns) has returned after a holiday with her daughter in Winnipeg. The Show Committee has been selected and plans are underway for a bigger and better Specialty in 1963. The club also reports the death of *Mrs. Lovatt-Fraser* who, although not a member of the club, was a well-known breeder of Smooth Fox Terriers.

The Burlington and District K.C. continues to increase its membership with the addition of two new members at the October club meeting. An Obedience Forum was also held at this meeting when five well known obedience judges gave their time and knowledge to make an interesting session. Highlight of the November meeting was the Treasurer's report which revealed that when all the outstanding accounts have been paid the club will show a profit on the year's activities. *John Niece* proposed a vote of confidence in the present executive which met with unanimous approval of the membership. The Winter Obedience Trial will be held December 2 in the Burlington Arena. *Mr. Peter Kirk* will be the judge. Graduation of the current training classes will be held in the Sea Cadet Hall on November 25. Classes will recommence January 6. The Willowbank will be the scene of the Christmas party on December 14 and members are asked to

make reservations early through *John Tough*. *Ethel Sipes, Alice Simpson* and *Joan Morden* have recently returned from the Bermuda K.C. shows and report nice wins. Next month club elections will be held and the members are urged to attend.

The German Shepherd Dog Breeders Association Inc. reports the CKC has approved *Spencer Weller* to judge the Specialty Show to be held February 3. This Specialty is in addition to the June Specialty. Elected executive for 1962-63 are: President, *Mr. George G. Dallin;* first Vice-President, *Mr. A. G. Gerigs;* second Vice-President, *Mr. Paul Gotze;* Secretary, *Mrs. E. A. Dallin;* Treasurer, *Mrs. P. Savink;* Show Secretary, *Mrs. I. Gerigs;* Public Relations, *George Gerigs.*

The Hamilton K.C. combined business and social at their October meeting. The meeting opened on a sad note when two minutes' silence was observed in respect to one of their oldest members, *Mrs. Violet Lovatt-Fraser,* who passed away suddenly early in October. The annual Christmas Sanction Show will be held December 8 at the Windsor Hall, Hamilton and the judges are *Messrs. Peter Smith* and *Harry Watson.* The social time was spent at cards and bingo.

The Hamilton Obedience Club has again been invited to participate in the "safety parade" which is held each November. The Christmas party is set for December 7 and all obedience people are invited to visit with this club at that time. Obedience people and friends wishing to attend contact *V. McKay,* 199 East 25th St., Hamilton or *Jean Giacomelli,* 51 Wardrope, Stoney Creek. A members' match was held in October, won by *Peg Oldland* with her Doberman "Gina". A novel idea was carried out following the business portion of the meeting when nine handlers pooled their dogs, paid a fee of 25c and drew a breed. This gave a Poodle breeder the task of handling a Dobe or maybe a Cocker breeder had a Poodle to handle. Watching these people handle dogs they were not used to created loads of fun and the idea was such a success that it will be repeated at their next match. *Mary Southcott* and *Walter Konradt* have been approved to judge the February trial. The club enjoyed a film on Sheepdog trials taken by *Bill Burr* while on a recent visit to Scotland. This club now has eight Utility, 22 CDX and 62 CD dogs. The present class has 52 dogs in training.

The Miniature Schnauzer Club of Canada reports a member, *Miss Madeline Amos,* journeying from Beaconsfield, Que. to attend the October meeting when plans for the club's 1963 Specialty Show, to be held in conjunction with the Canadian National Sportsmen's Show, were formulated and the trophy committee ordered to work. Since several puppies are being kept and prepared for the Spring show it is hoped this '63 Specialty will be the best yet.

North York Obedience Club: The first Winter training class started October 3 with two full classes. The club has been able to obtain the use of the basement gymnasium of the Niagara Street public school. *Archie Warnock* is in charge of training, assisted by *Richie Reid, Frank McPherson* and *Fred Donnelly.* Graduation of the outdoor classes was held September 26 when diplomas were earned by three trainees, *Mrs. Hilda Pugh, Mrs. J. Arthur Smart* and *Mrs. W. H. Brown. Jean Younkie,* with her Toy Poodle, and *Grace Probert* with her Welsh Corgi, entertained the retarded children at Brookbanks Public School. *Grace's* German Shepherd was also along and the three put on a great performance for the children. Four members, with their well-behaved dogs, were able to raise $117.00 for the Humane Society Tak Day. A dance was held at the Dennison Armouries on November 24, the main fund-raising project for the Fall.

The Oakville & District K.C. are making a worthwhile donation to the United Appeal following the great success of their recent shows. *Mrs. J. Young* gave a talk on the Miniature Poodle at the October meeting. Several members gave a demonstration of what to do and what not to do in the show ring for the benefit of the novice exhibitors. November meeting was nominations night for the 1933 club officers.

Clubs from Hamilton, Brantford, Simcoe, Tillsonburg, Burlington, St. Catharines and North York were represented at the board meeting of *The Obedience Association (Ontario),* held in September. Reports were received from several associate clubs and one new member was accepted. *Obedience Link* is the only obedience magazine put out by obedience-minded people and is proving to be very successful. *Jake Giacomelli* is improving after a very serious illness. *Jack Lang* has resigned as director due to his moving to Quebec.

Oshawa Obedience Association reports *Miss Sophia Siminouski* of Canfield, Ont. was the highest scorer at its trial September 2 at Lakeview, Ont. Results of this trial appear under the official Show and Trial results. New training classes started in October.

Peterborough and District Obedience Club reports that due to her husband's work taking him out of the Province, *Mrs. Jack Lang* has resigned as club President and has been replaced by *Ray Scott. The Langs* will remain members of the club, *Helen* as a Director. The club will miss these hard-working people. Fall classes are well underway and with four husband and wife teams and three mother and daughter teams the training sessions are very interesting.

The Progressive K.C. has settled in for another season of dog activities but without the services of *Mr. and Mrs. Stevens* who have resigned their offices due to ill health. The club presented *Mr. and Mrs. Stevens* with a reclining chair in appreciation of their many years of faithful service. *The Stevens* are retaining their membership in the club and it is hoped their health will permit them to attend regularly. *Mr. A. H. Lake* has been appointed President. It was decided that the BIS trophy for the 1963 show will be

MEETING OF THE BOARD OF DIRECTORS

SEPTEMBER 7, 1962
(Continued from November issue)

13 FT 29. BEAGLE FIELD TRIALS

SUBJECT: Mr. Monaghan, Chairman of the Field Trial Council for Beagles (Pack) reported that the Quebec Field Trial Representative for Beagles had enquired whether it would be possible for applications for permission to hold licensed field trials for Beagles (Pack), applications for approval of selected judges for such events, and copies of proposed premium lists for such events, to be referred to the Field Trial Council for Beagles (Pack) before approval is given.

MOTION #434-62
Moved by Mr. Monaghan, seconded by Mrs. Mack:
"THAT, applications for dates, for approval of judges and for approval of premium lists for Beagle field trials (pack) be referred to the appropriate Field Trial Council for advice and recommendation before approval is given."
FOR THE MOTION: Mrs. Mack, Mr. McDerment, Mr. Monaghan.
ABSTAINED FROM VOTING: Mr. Blyth.
ABSENT: Mrs. Joel.
Motion carried.

SUBJECT: Mr. Monaghan, as Chairman of the Field Trial Council for Beagles (Pack), suggested that in order that proper planning may be realized and reasonable time given to the Council and the staff in dealing with applications for dates, approval of judges, and premium lists, a schedule of dates should be laid down by which clubs must have their applications and premium lists in the hands of the Secretary, and outlined his suggestions as to such a programme of dates.

MOTION #435-62
Moved by Mr. Monaghan, seconded by Mrs. Mack:
"THAT, Beagle club (pack) secretaries be informed that applications for spring dates in 1963 must be in by November 1, 1962, for summer and fall dates in 1963 by February 1, 1963, for approval of judges four months prior, for approval of premium lists three months prior; and that dates, names of judges, particulars of premium lists are not to be published nor released to anyone for publication before CKC approval has actually been received, non-compliance to result in approval either being withheld or withdrawn.
FOR THE MOTION: Mrs. Mack, Mr. McDerment, Mr. Monaghan.
ABSTAINED FROM VOTING: Mr. Blyth.
ABSENT: Mrs. Joel.
Motion carried.

SUBJECT: The Secretary pointed out that amongst the amendments, effective January 1, 1963, to the Field Trial Rules for Beagles (Pack) there appeared the following: "Approval shall not be given to a beagle club if any member of its executive or its field trial committee is a member of the executive or the field trial committee of another Beagle club.", and enquired as to the procedure to be followed in implementing this Rule.
ACTION: It was agreed that it would be sufficient if, when submitting application for date, the Secretary of the Beagle club attaches a statement certifying that no member of its executive or its field trial committee is a member of the executive or the field trial committee of another Beagle club.

SUBJECT: Mr. Monaghan recommended approval be given the following dates for which applications had already been submitted, or would be submitted, for licensed Beagle field trials (pack):
Frontier Beagle Club -- April 13-14, 1963;
Richelieu Beagle Club -- April 20-21, 1963;
Cornwall Beagle Club -- April 27-28, 1963;
Ta-I-O Beagle Club -- May 18-19, 1963.

SUBJECT: Mr. Monaghan enquired whether, when information is required or requested by members of the Field Trial Council for Beagles (pack) or a Field Trial Representative with regard to a licensed (pack) trial which has been held, may he, as Chairman of the Field Trial Council for Beagles (pack) ask the Secretary to secure such information direct from the club holding the trial and/or those officiating as judges at such event.
ACTION: It was agreed that, when requested to do so, the Secretary would communicate with the specified clubs and/or judges and furnish the Chairman of the Council with a copy of replies received.

SUBJECT: The Secretary read a letter (dated August 3rd) from Mr. Okill Stuart, Field Trial Representative for Beagles (Pack) Quebec, in which Mr. Stuart reported that at a meeting held July 31st of the Quebec Zone Committee for Beagles the following motion was unanimously agreed upon:
"We greatly appreciate the efforts of the Canadian Kennel Club, particularly that of Mr. W. J. Monaghan in setting up new machinery for the processing of Amendments and Additions to the field trial rules and regulations. However, we are not in agreement with the passing of some amendments at the last semi-annual meeting without previous discussion at the meeting in Cornwall which was held for that purpose and/or publication in "DOGS IN CANADA". We would appreciate assurance that sections 5, 6 and 7, Chapter 21 amendment will be used on future proposed amendments and section 8, Chapter 21 used only for emergency measures."
ACTION: It was agreed that at the time of its semi-annual meeting the national Board, when approving certain amendments to the Beagle Field Trial Rules did so believing that immediate action on such proposed amendments was imperative.

INTERNATIONAL MATTERS

6 IM 3. DOGS CROSSING CANADIAN-U. S. BORDER

SUBJECT: The Secretary:
(1) pointed to the resolution (#411-62) adopted at the last meeting of the Board authorizing Mr. Monaghan and the Secretary to proceed to Buffalo for the purpose of discussing with Mr. Edwin J. Cannon the possibility of taking steps to obtain the abolition of duties, bonds, deposits, etc. on dogs crossing the Canadian-U. S. border, Mr. Monaghan and the Secretary having also been authorized to discuss this subject with officials at Washington if their discussion with Mr. Cannon appeared to indicate that such a discussion would serve a useful purpose;
(2) reported that a feature article with regard to Mr. Cannon had appeared in the September 8th edition of the Toronto Daily Star, the article having stated that Mr. Cannon had retired in the previous month after forty years with the U. S. Bureau of Customs, and that he is now a private customs consultant;
(3) reported that he had discussed, by telephone, with Mr. Cannon, the possibility of representations being made to the appropriate authorities in Washington;
(4) reported on the fees which would be payable to Mr. Cannon if his services are engaged.

DISCUSSION: During the discussion which followed it was agreed that Mr. Cannon's knowledge and his previous experience in assisting Canadian manufacturers and exporters would be invaluable and that this would be a worthwhile project to pursue, with the aid of Mr. Cannon, on behalf of Canadian breeders and exhibitors.

MOTION #437-62
Moved by Mr. Blyth, seconded by Mrs. Joel:
"THAT, this matter be left in the hands of the Executive Manager and Mr. Monaghan to develop as they see fit."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REGISTRATION, STUD BOOKS & RELATED MATTERS

7 R 24. KENNEL NAMES

The Secretary:
(1) pointed out that some time ago the Board of Directors had set a policy to the effect that a person may not use, as a kennel name in the naming of dogs, any name when registering more than three dogs unless the applicant then proceeded to register such name as a kennel name;
(2) reported that the Live Stock Records office, in accordance with this policy and instructions given by the Board, had informed a number of breeders that they may not continue to use names which they had been accustomed to using, as kennel names, in the naming of dogs;
(3) reported that a number of these breeders were taking steps to seek to obtain registration of their kennel names, but in the meantime were desirous of continuing to use such names, as kennel names, in the naming of dogs;
(4) reported that this question had been considered by the Kennel Names Committee who recommended that the Live Stock Records office should be authorized to permit such breeders to continue using such names as kennel names in the naming of dogs, pending a decision on applications for registration of kennel names submitted by such breeders.

MOTION #438-62

"THAT, the recommendation of the Kennel Names Committee be approved and implemented."

(2) having regard for discussion at the last meeting of the Board and the fact that BINSCARTH had been used over a period of about thirty years in naming many dogs by Col. Greig and his father, the application should be granted provided that, following publication of the

application in "Dogs in Canada" no objection is received which the Committee feels should be sustained.

MOTION #440-62

"THAT, the recommendation of the Kennel Names Committee be approved and implemented."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.

(3) rejected CHERRY PINE as it includes a colour;
(4) rejected BUTTERNUT'S in view of the place BUTTERNUT BAY located about fifty miles from applicant;

"THAT, the report of the Kennel Names Committee be received and approved."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: The Secretary reported that:
(1) the Kennel Names Committee had considered what action should be taken to acquaint breeders, who did not have registered kennel names, with the policy that no breeder may use as a kennel name any name more than three times when registering dogs individually in the Club's records;
(2) the Committee had decided that a check should be made of the list of breeders with a view to establishing those who did not have a registered kennel name, it being intended that to each of these members there will be forwarded a memorandum pointing out this policy (and including an application for registration of kennel name) with a suggestion that each take steps as soon as possible to register any name which they intend to use or expect to continue using as a kennel name in the naming of dogs to be registered individually.

MOTION #442-62
Moved by Mrs. Mack, seconded by Mr. Blyth:
"THAT, the Committee's recommendation be approved and implemented as soon as practicable."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: The Secretary reported that, having regard for a recommendation of the Committee and the approval which the Board at its semi-annual meeting had given that recommendation, new and simplified arrangements have been worked out with The American Kennel Club regarding the checking of applications for registration of proposed kennel names received by either organization.

(6) authorized the registration, under Article XXVIII, Section 1 (d) of the Club's By-laws, of the following Eskimo Dogs owned by Mr. & Mrs. James Locke, Haney, B.C.: TERRIAK OF CATHAY, AVINGA OF CATHAY.

MOTION #444-62
Moved by Mr. Blyth, seconded by Mrs. Mack:
"THAT, the Canadian National Live Stock Records be authorized to accept an application for transfer of ownership transferring a dog to a specified police force, provided that attached to the application for transfer of ownership there is a letter from the police force designating the person or persons (by office held) who will sign applications in the event that the dog is disposed of by the police force or the police force uses the dog for breeding purposes."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

7 R 27. DACHSHUNDS

REPORT: The Secretary reported that:
(1) the Registration Committee had considered an enquiry received from the Secretary of The Kennel Club (England) seeking clarification of the special regulations which the Board of Directors had seen fit to adopt in connection with the registration, in the Club's records, of imported Dachshunds, the enquiry dealing primarily with what is required in connection with the issuance of an import certificate where the importer desires to register the dog in Canada as a Miniature Dachshund;
(2) the Registration Committee had agreed that no problem should exist in connection with the issuance, in another country where the governing Kennel Club records coat of individual dogs, of a three-generation certificate specifying the coat of the 14 immediate ancestors of the dog imported to Canada;
(3) the Registration Committee was of the opinion, however, that a problem existed in connection with the proper designation of Miniature Dachshunds in a certified three-generation pedigree because there is no unanimity between countries as to the specifications for a dog to be registered as a Miniature Dachshund;
(4) the Committee therefore recommended that, pending consideration of this question at the next annual meeting of the Board, the following be the policy in the interim period:
(a) if the imported dog is to be registered in the records of The Canadian Kennel Club as a Standard Dachshund, the specifications as to size on the certified three-generation pedigree issued in the country of origin of the dog is of no concern;
(b) if the imported Dachshund is to be registered in the records of The Canadian Kennel Club as a Miniature Dachshund then the requirements of section (5) of the special regulations previously approved by the Board must be complied with and not necessarily all 14 of the immediate ancestors of such Miniature Dachshund need be identified as Miniature Dachshunds in the three-generation certified pedigree required for an imported dog.

MOTION #445-62
Moved by Mr. Blyth, seconded by Mrs. Mack:
"THAT, the recommendations of the Registration Committee be approved and implemented pending further consideration of policy setting at the next annual meeting of the Board."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

INTERNAL AND ADMINISTRATION

9 A 7. AMENDMENTS TO BY-LAWS

SUBJECT: The Secretary read a letter (dated September 22nd) signed by Frank E. Jones, Minesing, Ont.; Albert Farrell, Scarborough, Ont.; F. Fraser, Ottawa, Ont.; John Treleaven, Don Mills, Ont.; and Albert Kaye, Richmond Hill, Ont., stating that, in their considered opinion "the work carried out by the Board at the semi-annual meeting does not warrant the expense involved" and that they considered that the last sentence of paragraph one in Article X "should be omitted from the By-laws".

MOTION #451-62
Moved by Mrs. Joel, seconded by Mr. Blyth:
"THAT, the letter be referred to the next annual meeting of the Board."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: The Secretary reported that:
(1) pursuant to resolution #336-62 all members of the Board had been polled on a proposed new Article XXV (Kennel Names) of the By-laws which had been drafted by the Club's solicitor;
(2) the following members of the Board had voted in favour of including this proposed amendment in the next referendum ballot: Mr. MacCallum, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Gove, Mrs. Joel, Mr. Little, Mrs. Mack, Mr. McDerment, Mr. Miller, Mr. Monaghan;
(3) the following members of the Board had voted against including the proposed amendment in the next referendum ballot: Mr. Williams, Mr. Gratton, Mr. Wells.

ACTION: It was agreed that inasmuch as eleven members of the Board had voted in favour of including the proposed amendment in the next referendum ballot, the Secretary would be guided accordingly when preparing the ballot.

9 A 13. OFFICE PREMISES

REPORT: The Secretary reported that:
(1) pursuant to resolution #425-62, the President had written the Club's solicitor asking that he give his opinion on the questions submitted by Messrs. Williams and Wells in their letter to the Club's solicitor dated July 31, 1962;
(2) a reply, dated September 28th, had been received from the Club's solicitor, and on October 1st a copy of the President's letter to the solicitor and a copy of a letter received from the Club's solicitor had been forwarded to all members of the Board.

SUBJECT: The Secretary read a collect night letter from Messrs. Williams and Wells asking "under what authority can five members of the Board dictate by agreement their intention to disregard any implementa-

tion of motion 425-62 regardless of club's solicitors advice" and appealing to the President and Secretary, to whom the night letter was addressed "to save The Canadian Kennel Club from every legal entanglement before it is too late".
ACTION: It was agreed that no action was required in view of the letter from the Club's solicitor dated September 28th.

MOTION #452-62
Moved by Mrs. Mack, seconded by Mrs. Joel:
"THAT, the Secretary place before the next annual meeting of the Board the question of whether the Secretary is to continue accepting 'collect' telegrams and 'collect' telephone calls, except in reply to a request for an immediate answer by phone or telegram."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

9 A 31. BOARD MEETINGS

SUBJECT: The Secretary sought an instruction with regard to the calling of the next regular meeting of the Board.
DISCUSSION: The Secretary pointed out that, according to the schedule set by the Board at its first meeting this year, meetings would be held on November 2nd and December 1st, if necessary. It was pointed out that December 1st falls on the Saturday on which the Grey Cup parade and Grey Cup game would be held at Toronto, and that traffic conditions in and near the city on that day may be such as to delay members of the Board reaching the meeting and reaching their homes following the meeting. It was agreed that the President would consult the Board about changing the date from December 1st, but in the meantime provision should be made for the calling of the meeting.

MOTION #453-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, the next regular meeting of the Board be held on Saturday, December 1, 1962, unless the President deems it advisable to have the regular meeting of the Board on Friday, November 2, 1962."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

9 A 100. APPOINTMENTS FOR 1962

SUBJECT: The Secretary pointed out that Mr. A. W. S. Preddy, whom the Board, at its annual meeting in February, had appointed as the Obedience Representative for Alberta, had taken up residence in British Columbia.
DISCUSSION: It was agreed that arrangements should be made to authorize Mr. Miller to appoint a new Obedience Representative for the balance of the term for which Mr. Preddy had been appointed.

MOTION #454-62
Moved by Mrs. Joel, seconded by Mr. Blyth:
"THAT, Mr. Miller be authorized to appoint a new Obedience Representative for Alberta for the balance of the term of office."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

MEMBERSHIP MATTERS

10 MM 2. APPLICATIONS FOR MEMBERSHIP

SUBJECT: The Secretary sought the customary confirmation of approval given applications for membership reported to the Board by mail.

MOTION #455-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, applicants for membership reported on lists #44 to #48 inclusive be admitted to membership."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: The Secretary pointed out that the Membership Committee had submitted the following recommendations in a memorandum addressed to the Board of Directors on September 25th:
(1) the application for membership submitted by an individual be not approved and the fee which accompanied the application be refunded on the grounds that the Secretary had not received a reply to letters which he had addressed to the applicant;
(2) that the ordinary membership of Mr. Stanley E. Smith, Meaford, Ont., be changed to Mr. & Mrs. Stanley E. Smith, conditional that Mr. Smith is the authorized representative for the partnership;
(3) that the associate membership of Mr. M. Albert Walker, Jollimore, N.S., be amended to include his mother, on the understanding that this partnership must be an associate member for 1962, 1963 and 1964 before it becomes eligible to apply for ordinary membership;
(4) that the associate membership of Mrs. Joan Frances Harvey-Jones, Toronto, be amended to include her husband;
(5) that the application for ordinary membership submitted by John A. Green for ordinary membership in the name of himself and his wife be approved, conditional that Mr. Green is the authorized representative for the partnership, Mr. Green having been an associate member in 1959, 1960 and 1961;
(6) that the ordinary membership of Mr. A. Digby Hunt, Ottawa, Ont., be amended to include his wife, conditional that Mr. Hunt is the authorized representative for the partnership.

MOTION #456-62
Moved by Mr. Blyth, seconded by Mr. McDerment:
"THAT, the recommendations of the Membership Committee as set out in its report to the Board dated September 25th be implemented if, before October 6, 1962, the Secretary does not receive any objection from any member of the Board."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: The Secretary:
(1) reported that when applications for membership are scrutinized, before being referred to the Board, it is often found necessary to write applicants regarding an uncompleted section of the application or unacceptable answers to questions on the application;
(2) reported that occasionally applicants fail to respond to such letters.

MOTION #457-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, when an applicant fails, after two letters, to reply to a letter addressed to the applicant with regard to his application, the Secretary is authorized to instruct the Live Stock Records Office to advise the applicant that his application has not been approved and to return the fee which accompanied the application."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.
ACTION: It was agreed that when the Secretary addresses the second letter to the applicant he will advise the applicant of the action which will be taken in the event a satisfactory reply is not received within ten days.

REPORT: The Secretary reported that:
(1) the Board had earlier decided that it would be prepared to give consideration to the application for ordinary membership submitted by Mrs. Gilbert Washbrook, Cooksville, Ont. after the expiration of the period, ending August 22nd, 1962, during which Mrs. Washbrook was ineligible to participate in shows and trials held under the Club's rules;
(2) Mrs. Washbrook had asked that the Board now consider her application.

MOTION #458-62
Moved by Mr. Blyth, seconded by Mrs. Mack;
"THAT, the application for ordinary membership submitted by Mrs. Gilbert Washbrook be approved."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

DOG SHOWS

11 D 68. SHOW OFFICIALS
11 D 72. OFFICIAL CLASSES

SUBJECT: The Secretary read a letter from The Windsor & District Kennel Club who:
(1) expressed the view that the proposed amendments with regard to Show Superintendents and Show Secretaries, which the Board had ordered be included in the next referendum ballot - resolution #339-62 - "are quite reasonable in intent", however "it was strongly felt that this same proposal with regard to Ring Stewards would cause considerable difficulty for show-giving clubs;
(2) suggested that the proposed new definition for the Bred by Exhibitor Class (see resolution #347-62) should be broadened to permit a member of the immediate family of the owner of a dog entered in this Class to handle it at the show;
(3) felt that if these proposed amendments are included in the next ballot attention of the voting members should be drawn to the "difficulties" pointed out in their letter.
ACTION: After discussion it was agreed that:
(1) the Board, at this meeting, could not alter the instruction given by the national Board, that these proposed amendments, in the form approved by the required number of members of the national Board, be included in the next referendum ballot;
(2) if any reference is made to potential "difficulties" which these amendments may create, then it would only be fair to set forth reasons why these amendments should become part of the Dog Show Rules.

9 D 7. AMENDMENTS TO BY-LAWS
11 D 70. INTERPRETATIONS

REPORT: The Secretary reported that:
(1) pursuant to resolution #424-62, the Chairman of the Amendments Committee and the Secretary had drafted proposed amendments (#14, #19, #25) to clarify the By-laws, Section 3 of Chapter 25 of the Dog Show Rules, and Section 4 of Chapter I of the Obedience Trial Regulations & Standards; and the national Board had been polled on whether such proposed amendments should be included in the next referendum ballot;
(2) the following members of the Board had voted in favour of the proposed amendments (#14, #19, #25) being included in the next referendum ballot: Mr. MacCallum, Mr. Anderson, Mr. Blyth, Mr. Dawson, Mrs. Gove, Mr. Gratton, Mrs. Joel, Mr. Little, Mrs. Mack, Mr. McDerment, Mr. Miller, Mr. Monaghan, Mr. Wells;
(3) the following member of the Board voted against including these amendments in the next referendum ballot: Mr. Williams.
ACTION: It was agreed that having regard for the results of the poll the Secretary would include these proposed amendments in the next referendum ballot.

FIELD TRIALS

13 FT 29. FIELD TRIALS FOR BEAGLES

REPORT: The President and Mrs. Joel reported that:
(1) as a result of representations made to them they had met, on September 27th, with representatives of a number of clubs holding Beagle trials for pack in the central Ontario area, the meeting having been attended also by Mr. Ralph Frayne, representing the Ontario Association of Beagle Clubs;
(2) at such meeting a number of questions had been put to the representatives, and these questions and answers thereto had been recorded for presentation to the Board, the Chairman of the Field Trial Council, and the Chairman of the Field Trial Council for Beagles (pack);
(3) reported that the clubs represented had expressed concern over amendments to the Field Trial Rules approved by the Board at its semi-annual meeting, particularly the amendments, approved by resolution #317-62, prohibiting the running of two classes on the same grounds on the same day and the withholding of championship points for "half-day trials".

The President and Mrs. Joel read a number of letters which they had received.

Mrs. Mack, Mrs. Joel and Mr. McDerment stated that they were under the impression that all of the clubs concerned with the proposed amendment approved by the Board at its semi-annual meeting had been consulted prior to the Board's consideration of such proposed amendments at its semi-annual meeting.

Mrs. Joel gave notice that, if elected to the Board for 1963, she would move the following motion at the annual meeting of the Board in March:

"THAT, resolution #317-62, reading as follows:
'THAT, Chapter 13 of the Field Trial Rules be amended by the additions recommended by the Beagle Advisory Committee (Packs), such additions to become effective on January 1, 1963.'
be rescinded."

Mrs. Mack gave notice that, if elected to the Board for 1963, she would either move or second such a motion.

DISCUSSION: During a discussion Mrs. Joel suggested that a copy of the record of proceedings be sent to every member of the Board, to the Chairman of the Field Trial Council, to the Chairman of the Field Trial Council for Beagles (pack), and to all who attended the meeting held on September 27th. Mrs. Mack suggested that a copy should be sent to all Beagle clubs and to all Beagle Field Trial Representatives.

MOTION #459-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, a copy of the record of proceedings at the meeting held on September 27th be sent to members of the Board, to speakers at that meeting, to Mr. Monaghan (Chairman of the Field Trial Council for Beagles - pack), to Mr. Blyth, (Chairman of the Field Trial Council); and six copies to Mr. Ralph Frayne.
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

REPORT: Mr. Blyth:
(1) reported that at his request the Secretary had been in touch with Mr. Wm. Trevena, Ontario Field Trial Representative for Beagles (brace), for the purpose of organizing the Field Trial Council for Beagles (brace);
(2) stated that his own personal activities were such as to make it difficult for him to attend all meetings which may be held by the Field Trial Council for Beagles (brace) and suggested that the Board appoint a deputy chairman of the Council.

DISCUSSION: It was agreed that the Council would consist of the Chairman, a deputy Chairman to be appointed by the Board, Mr. Wm. Trevena, and one other to be nominated by Mr. Frayne.

MOTION #460-62
Moved by Mr. Blyth, seconded by Mr. McDerment:
"THAT, Mr. Ralph Frayne be appointed deputy Chairman of the Field Trial Council for Beagles (brace)."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

Club Roundup

from page 28

given in honor of *Mr. and Mrs. Stevens.* The club's benching has been sold to the Canadian National Exhibition. The club has changed its meeting place to the Y.W.C.A. club rooms at 2532 Yonge Street and these large, lovely rooms are a decided improvement. At the September meeting the club held a minute's silence in respect to the late *Mr. Howard Campbell.* The Sanction show will be held February 10 at the York Farmers Market and Don Mills Arena will be the site of the All Breed show to be held in June, 1963.

The Provincial Irish Setter Club: The idea of changing its show date from October to June has been discussed but it was decided to keep the October date. It was felt that students would find it difficult to prepare dogs for show in June when examination time was on. There were no less than seven students showing dogs at the October show and the members thought this should be considered. A bridge was planned for November when 15 lucky number prizes were given as well as game prizes. *Mrs. June Pugh* has taken on the job of making grooming aprons which will be of Irish green material with an appliqued Irish Setter in natural color on the pocket. The club has been invited to visit the *Clouter's* new home where they have 10 acres of land with loads of pheasants.

The St. Catharines and District Kennel and Obedience Club is happy to report that *Mrs. Roy McGregor* from Beamsville, who suffered a great loss in a kennel fire, has imported two English Pugs as foundation stock for a new beginning. Training classes are well advanced and plans are underway for the All Breed show in April and the Obedience Trial in May. The club wishes to report its disappointment in the new policy of *Dogs* in deleting club news. As the club combines show and obedience-minded members, the club feels meetings must be of interest to both. Having some dogs in attendance for an obedience competition or to be judged in conformation seems to be of general interest.

We are pleased to have our first report from *The Saluki Club of Canada. Mr. Gill Khoury* is the correspondent for this club, which held its October meeting in Peterborough and was well attended even though most of the members had considerable travelling to do in order to attend. The Saluki display at the C.N.E. came in for much discussion at the meeting and the club wishes to thank everyone who loaned material or helped make this display so interesting. A special thank you to the *United Arab Embassy* in Ottawa for providing travel posters in this connection. *Mrs. Ruth Coates* spoke to members on the head of the Saluki and *Dr. George Fisher* provided a Saluki skull to demonstrate how the bones are constructed to give the desired features. *Dogs in Canada* was highly praised and all members were urged to subscribe to this magazine. Letters of praise have been received from many countries on the type of Salukies the Canadian breeders are producing and the winning these dogs are doing. Among the many winter projects: to contact as many Arab Saluki owners as possible in the Middle East — this will be the most important one for the club.

The Scarborough Kennel Club Inc. are proud to announce that on September 5 legal transfer of The Scarborough Kennel Club to an incorporated organization was completed. *Dr. Fred Clement* has returned to his home from the hospital and he is sincerely wished a speedy recovery. An entry of 458 dogs at the club's All Breed show this Fall places the S.K.C. Inc. among the top of many show-giving clubs. The club's thanks go to everyone who supported its shows together with a Merry Christmas and Happy New Year to all the exhibitors and clubs across Canada.

The Simcoe Kennel Club had an interesting time at its September meeting when *Arthur Remnant* showed coloured slides of the club members which had been taken, unknown to all members. Most of them were candid shots and were much enjoyed by all. The 1963 show committee was decided upon as follows: Show Chairman, *George Mehlenbacker;* Show Secretary, *Marguerite Charter;* Trophy Chairman, *Florence Westbrook;* Superintendent, *Ross Sherred.*

The Skyway Obedience Club is off to a good start in its training classes with a Utility Class under the supervision of *Peter Kirk* as an added feature to the usual series of classes. Highest score at the September 16 trial was won by *Jim Villiers* with his Doberman Pinscher and second highest score went to *Miss Mary Moyer* with her German Shepherd "Star" who only a few months ago was in the *Blanche Saunders'* problem clinic. Show Results will appear elsewhere in the magazine.

The Windsor & District K.C. advises us that 1963 will see a change of time and location of its show. Instead of October the show will be held in July and in the beautiful new Windsor Curling Rink. The club wishes a very Merry Christmas to all its doggy friends and neighbours.

The Dominion Collie & Shetland Sheepdog Ass'n, (Montreal Branch). Plans for the All-Breed Sanction Show to be held at Morgan's Dept. Store on January 12, 1963, are now completed, with the following handling the judging assignments: *Miss Pat Detmold, Mrs. Audrey Laurie, Mrs. Gladys Taylor, Mr. Tim Reid, Mrs. Jean Whitford,* and *Miss Joan Kyle. Mr. Reid* will also do Best in Show and Best Canadian Bred Puppy in Show. At intervals there will be Obedience demonstrations, and a running commentary throughout the show in French and English for the benefit of the spectators.

An interesting suggestion has come from *Dorothy Fountain.* She feels that as the club is comparatively new, now would be a good time to start a pictorial

record. As champions are made by club members, pictures of sire, dam, and new champion could be sent in, along with a four or five generation pedigree, to be mounted in albums, one for Collies, and one for Shelties. thus having a complete record for future reference. She states this is not an original idea, but is taken from the English Shetland Sheepdog Club, and feels that it would enable the *D.C. & S.S.A.* to publish a handbook later on, along similar lines.

The Laurentian Sled Dog Club Inc. A large entry is expected in Samoyeds, Malamutes and Siberian Huskies at the 3rd Annual Sled Dog Specialty Show on January 25 at Ste. Agathe. Popular *Tim Reid* will handle the judging. The location is the same as last year, the former Hotel Vermont, now known as La Marquise Hotel, and still hosted by the genial *"Sunny" Marcovitz*. The drivers' meeting will precede the show on Friday evening, as in the past. The first heat of the race itself will take place Saturday, January 26 and the second heat on Sunday, January 27.

The Mountain City Obedience Club will host the first of three inter-club competitions held in Montreal during the year, with members from the *200 Club, Montreal Dog Obedience Club* and their own members competing for the Miller Trophy.

At recent Basic Graduation exercises, two dogs tied for top place – *Art Smith's* Standard Poodle, "Topper", and *Angela Stirling's* Labrador, "Duffy".

The 200 Club. Rumours to the contrary, the *200 Club* is very much alive and functioning as usual. To paraphrase Mark Twain, reports of its death have been greatly exaggerated! The 12 dog drill team has been busy with demonstrations at various hospitals and service clubs, plus individual dogs doing entertaining parts of the different exercises, and a busy schedule has been drawn up for the Winter season.

SOMETHING TO BRAG ABOUT

An Afghan, Dar Es Salaam's Niyaza, owned by *Barrie Storey*, and handled by *Sheila Houstoun*, recently went Best of Breed at Albany, N.Y.

Recent achievements around the Obedience ring include a C.D.X. for *Dick Bastien's* Boxer, Dick; a C.D. for Mee Too, a Miniature Poodle belonging to *Betty Price*; and legs obtained by *Dorothy Budge's* Cocker, Sunny, and Poodle, Pedro owned by *Betty McCutcheon*. *Betty Price* trains with the *200 Club*, the others at the *Mountain City Obedience Club*.

At the Progressive Toy Dog Show in Brooklyn, N.Y., Best in Show went to Can. & Am. Ch. St. Aubrey Tinkabelle of Elsdon, a Pekingese owned by *Nigel Aubrey-Jones* and *Bill Taylor*. She also took the Toy Group the next day in Troy, N.Y.

Sunny Knoll Gold Pilot, a Golden Retriever owned and handled by *Mrs. Pauline Ouimet*, is the new holder of the Montreal Gun Dog Club Open Championship for 1962. *Martial Clermont's* Labrador, DuCap's Martial's Buddy, was a close second, and third place went to *Gerry Daoust's* Labrador, DuCap's Black Beauty.

POT-POURRI

A hearty welcome to *Mr. and Mrs. Jack Lang*, who have moved here from Peterborough, Ont., with their Kerries and Standard Poodle. *The Langs* are already in the swing of things, having joined the *Montreal Dog Obedience Training Club*.

Mrs. J. C. Chapman, (Mary Alice Archibald) accompanied by her two Beagles, dropped in on old friends recently on her way through Montreal.

Phyllis Clough sadly reports that her house is very empty now. Her two very old and dear Boston Terriers, Peter, 17, and Buttons, 15, died within two weeks of one another. They had grown up together, and when one went, the other soon followed his pal.

Did you know, according to information received from the *D.C. & S.S.A.*, that Canada is the only country requiring a three generation pedigree for the registration of Smooth Collies? Needless to say, this makes it difficult, if not impossible, to carry on with breeding of the Smooth Collie.

A new adventure is underway at the kennels of *Bill Taylor* and *Nigel Aubrey-Jones*. They have imported about 60 pair of White King Pigeons and plan to raise them for the local Squab market. Also in the news, birdwise, *Sheila Houstoun* brought back from a dog show in Albany

December funnies

Mahogany red glows my Setter's coat,
What words of praise I utter;
But silent grow each time I find
Some hairs stuck in my butter.

kmp

Mr. and Mrs. Dog had just moved into their brand new kennel, of which they were very proud. Mrs. Dog was astounded one day, when she returned to find her husband had dug a deep hole through the flooring.
"Why?" she asked. "Why, why, why?"
"Because," replied Mr. Dog, "I just adore marriage but I don't like puppies."

"Who's that close-mouthed fellow standing over there?"
"He isn't close-mouthed at all. He's just daring someone to ask him how he made out at the show."

Beneath this stone lies Snowdon,
Buried him, you know.
He lived the life of Riley
While Riley attended the show.

Exhibitor to Judge: "Now tell me what you really think. Look me right in the face."
Judge: "Madam, I've got my own problems."

Distressed young woman (trying to hold down her Boxer in street car). "I just don't know what I'm going to do with him before we get to our stop."
Young man in next seat: "Shall I open the window for you, madam?"

Joe: How did you make out with that psychiatrist when you told him you sometimes believed you were a dog?
Jim: Oh, I'm fine now, thanks. Just feel my nose.

This is the month for Quebecers to cast their vote and elect the officers they feel most fit for the important positions in the CKC. This Province is notorious for non-votors. We are so fortunate, as members, to have this privilege, let's take advantage of it and mark our ballots for the men and women of our choice:

It is interesting to see the two Irish Wolfhounds and the Afghan, appearing in "Boccaccio 70", catching the eye and drawing comment, in spite of the many other attractions and distractions offered by this Italian film.

A Merry Christmas to all *Dogs In Canada* readers, and a Very Happy and Prosperous 1963.

NOVA SCOTIA

The Nova Scotia Division of the *Maritime Toy Dog Club* held its first sanction show Saturday, November 3, in the Drill Hall, HMCS Stadacona, Halifax with an entry of 53 and judged by *James Whiteley*, Wolfville, who selected as BIS a yearling black American Cocker male Stumpy Acres Straightaway, recently imported from Virginia by the Robb-Ross Kennels of *Mr. and Mrs. Robinson*, Timberlea, N.S.

Among other newcomers making their debut in the Maritimes was an all-white Sealyham Terrier, imported by *Miss Alice O'Brien* from the St. Margaret's Kennels, England, which headed the Terrier Group; a young Miniature Schnauzer male imported by *Mrs. A. C. Shortt* from the Jonaire Kennels, Pennsylvania; a young Dalmatian male acquired from the Flashdale Kennels, Quebec by the Saga-Waga Kennels of *Mr. and Mrs. Buss*, who from the same source have just received a bitch puppy. Best Canadian-bred Puppy was a six month old Kerry Blue terrier female Miss Bridie, owned by *Mr. and Mrs. MacNeil* and gave promise of being a worthy kennelmate to the same owners' Ch. Castlerose Dusty Dazzler, which took a number of groups on this year's Maritime circuit. During the show was held a well executed Obedience demonstration by two German Shepherds, and it was a pleasure to note the spirit of cooperation which existed between the handlers and their dogs.

The Nova Kennels of *Mr. and Mrs. James Meagher*, Berwick have been notified by CKC that their homebred German Shepherd female, Nova Austerity Amy, has been accorded a championship; this is the second champion to be made up by this kennel during 1962.

Plans for 1963 shows are well underway with Tantramar K.C. planning three championship shows in May with judges from the Maritimes, Western Canada and USA respectively. Show chairman is *Claude R. Embree* assisted by *Henry Colpitts* and with *Mrs. Eileen Embree* as show secretary.

R. E. Merrill of Amherst, who was severely injured in a car accident in February and hospitalised for several months, is now back at work even though one arm is still paralyzed, but it is hoped that showing of their Shorthair Pointers will be resumed in the new year.

Tantramar K.C. has a new slate of officers: President, *Frank Mayne;* Vice-President, *Mrs. Cole;* Secretary, *Mrs. Brooks;* Treasurer, *J. J. LeMoine;* Directors, *Mrs. Edith LeClair, Messrs. R. E. Merrill, J. G. Purdy, K. C. Baker* and *Logan Arsenault.*

By the time this is read the *Nova Scotia Field Trial Association* will have held its Fall field trial for pointing breeds the morning of November 17 and two unlicensed trials in the afternoon for Springers and Retrievers. These latter trials are along the lines of a sanction show and designed to assist novice dogs as well as novice owners in field trial procedure. The association holds a meeting every month and the October meeting was highlighted by the showing of films on training, gun safety and of general interest. The films were obtained on loan from C.I.L., Dept. of Lands and forests, and from Ducks Unlimited. The Assocation's bird breeding program has been very successful this year, and regular training sessions are underway, thereby helping the young dogs in their early training as well as keeping the eye in for the owners.

The very strong team of Irish Setters in the Maritimes and in Nova Scotia especially has been further strengthened by the arrival from Eire of a six month old male puppy. This puppy, registered as "Glenderry's Gamefinder", is from show as well as field trial winning bloodlines, his sire being Int. Field Trial Ch. "The Blacksmith", and he has been imported by *K. Chinn* of Waverley.

SALMAGUNDI

Can the C.K.C. be sued?

This fate has just recently overtaken the Kennel Club (England), where a German Shepherd breeder and judge is suing the members of the 1959 Show Regulations Committee for striking her off the panel of championship judges without being informed and hence unable to appeal.

According to the N.Y. Times a Westchester County owned Bouvier des Flandres recently whelped a first litter of eighteen puppies, of which three were stillborn. But this is not a record, as in 1944 a Welsh Foxhound in Ambler, Pa. whelped 23 puppies with 22 surviving.

Considerable consternation has been engendered among dog breeders in Great Britain following the reading of a paper by a veterinary member of the Kennel Club at the British Veterinary Associa-

DOGS & PEOPLE

Dogs can be "cover girls", too. Taffy, a Cocker Spaniel from the Blomidon Kennels in Unionville, Ont., stands beside a four-pound box of Gaines Dog Meal bearing her colour photograph. The new package, designed to draw attention to the development of Canadian purebred dogs, also features a Beagle and Collie from other leading kennels. The colour photography was produced in Canada for Gaines, a division of General Foods, Limited. Taffy is officially known as Champion Lady Bishop's Sweetheart.

Died: *Mr. Cyril Vaughan,* husband of *Mrs. Dorothy Vaughan* (Vaunhaven Kennels) of Agincourt, Ont., during their winter hiatus in Key West, Florida. Mr. and Mrs. Vaughan are well-known through their nurseries and Mrs. Vaughan particularly for her outstanding Cocker Spaniels . . . *Mrs. Ethelwyn Jones,* on November 1; a breeder for some years of Chihuahuas under the kennel name of Pick-A-Toy. Formerly a resident of Toronto, she had lived lately in Collingwood . . . Sincere sympathy is extended to the families.

"Mac" McLean, Ottawa, of the noted Manchester Terrier family of that name. His father, *Fred,* for many years was a leading light in this breed in North America. Mr. MacLean was an accomplished breeder of both Manchester Terriers and Toy Manchesters, was a regular winner at the Westminster Show a number of years ago, and was licensed to judge Terriers. Active in club work, he was one of the organizers of the Hull Kennel Club and was its first president. He served on the executive of the Ottawa KC for many years and was a life director. "In dogs" all his life, Mr. MacLean could truly be considered an Old Timer. Sympathy to his widow, daughter, *Mrs. Dorothy Styles* and son *Fred.*

The majority of the 113 names on the family tree of *Mr. and Mrs. William Quilley* of Edmonton attended their diamond wedding anniversary recently. They have 101 grandchildren. Best known for his Wire Fox Terriers shown under the Nor-West Kennels banner, Mr. Quilley at one time was an all-breed judge. He still attends shows, but no longer exhibits. A retired CNR man, he is also a bird fancier, has trained boxers with the Canadian Legion, played soccer and bowled and last year was a member of the over-70 bowling team. He is now 81. He has been a member of the CKC for well over 40 years. Son *Tom* of Edmonton is an all-breed judge. Son-in-law *George Frost* is the Obedience Representative to the CKC for Alberta.

Active and alert, *Mrs. Jeudwyne,* mother of *Mrs. Dorothea Daniell-Jenkins* of Rouge Hills, Ont. celebrated her 81st birthday on November 1. She is an ardent bridge player and an untiring worker on behalf of Lions Club projects, and still enjoys dog shows.

Meet MarkSabre of Cherry Mountain who earned these handsome trophies for highest aggregate score at the New Brunswick All Breed Obedience Championship trials. Donor: Mr. and Mrs. J. Kilburn King of New Rochelle, N.Y. Owner, left is Ambrose Rouble. Right: Mr. Bob Little, CKC Director.

Mrs. Maureen Samuels, Mimico, Ont., attended the Schenectedy show recently and took BB with her Chihuahua, Shillmaine Tiny Honey handled by *Andrena Brunotte*) and RW with Margo's ElDorado Shillmaine with *Mr. Samuels* handling.

Just returned from Bermuda, *Mr. and Mrs. Harold Betts* of Richmond *Hill,* Ont. mourn the loss of Ch. Oscurcalma Jessabel (Jessie) who died suddenly at the age of ten. She was one of Tregoad's best brood bitches.

Marjorie and Philip Jacobi, well-known Beagle breeders of Woodbridge, Ont., had a great deal to celebrate on Thanksgiving weekend. One of their little female Beagles, Ch. Jacobi's Joyous, at her first Beagle Field Trial (Packs), placed third, competing against the cream of Field

Trial entries in the COBC Championship Field Trial. Spectators and judges alike were amazed at the stamina and skill of this little hound, who was strictly show-bred. Ch. Jacobi's Joyous went BIS at the Central Ontario Beagle Club Specialty Show in June this year. On the same day a long distance call from *Betty MacKillop* of Edmonton reported that Ch. Jacobi's Jamboree, purchased from the Jacobi's, went BIS at the Northern Alberta Canine Association Dog Show under Dr. Frank Porter Miller of Calif., just a few days after arriving in Edmonton by jet plane. Still another Jacobi Beagle is achieving fame. An appealing color photograph of their Ch. Jacobi's Jo-Ridgette is reproduced on the brand-new Gaines Dog Meal packages soon to be available across Canada. Jo-Ridgett won BIS at the Central Ontario Beagle Club Specialty Show in June, 1961.

Canadian animal photographer *Jim Taylor* of Toronto has been receiving persistent overtures from interests south of the border. Recently Mr. Taylor's international reputation prompted an American agency to commission him to produce color photographs of a number of breeds of dogs, in competition with submissions by some of the world's most distinguished animal photographers. Of the photographs of the solicited breeds he sent in, some 90% were accepted. In addition to being a photographer of dogs and cats, he is recognized as being one of North America's top photographers of beef cattle. He is probably the only photographer in the world to cover the entire domestic animal field, from dogs and cats to farm livestock and poultry. Readers will notice a great many of Mr. Taylor's photographs appearing in current advertising and editorial columns of *Dog in Canada*.

Ill: *Ed. O'Brien*, Obedience Editor, *Dogs in Canada*, who underwent surgery at the Chedoke General Hospital, Hamilton. He is now recuperating. Supplied with pencil, paper and encouragement by *Mrs. O'Brien*, he is determined not to miss an issue. ■

Ch. Snowland Ziska Buck (Imp.) whose BIS win at the Scarborough KC Show September 23 brought standing cheers, is 7½ years old. His showiness and condition at this age brought an ovation.. THE BLESSING OF THE PETS

The annual service of the Blessing of the Animals was held at the Church of St. Francis of the Birds, St.-Sauveur-des-Monts this Fall. Rev. Harold G. Baugh inaugurated this service about five years ago. Uusually it is held in the lovely little church, a feature of which is the stained glass window, back of the altar, showing St. Francis feeding the birds. The Rector takes the pet from the child and asks God's blessing on it, that it might continue to bring happiness and love into the life of the owner.

Children and pets are always amazingly well behaved, although there are some escapes from make-shift leads. In addition to dogs, cats and rabbits, goldfish and turtles are brought. This year a young lad arrived with a shabby stuffed dog.

FOR YOUR INFORMATION

The correct use of Obedience titles and degrees is as follows: A dog which has the Companion Dog Degree should use the initials C.D. after his name. Once he has passed his tests for Companion Dog Excellent, he should omit the C.D. and use instead C.D.X. (not C.D., C.D.X.) He then gets his three legs of the Utility degree and then drops the C.D.X. replacing it with either OB.T.Ch. as a prefix to his name or the U.D. after the name. The Tracking degree can be won without any previous degrees and so a dog could carry the degree of T.D. or if he has his C.D. then he would become a C.D.T. or C.D.X.T. If he is fortunate enough to hold all degrees one could use either Ob.T.Ch., T.D., or U.D.T. Titles for both Show and Obedience are easily shown: Ch. ..... U.D.T. or Ch. & Ob. T.Ch. ..... T.D. American titles can be shown as Ch. (Can. Am.) ..... U.D. C.D. (Am.). Neither The Canadian Kennel Club or the American Kennel Club permits the term International Ch. so the best way to show this is Ch. (Can. Am. Ber.) showing Canada, American and Bermuda.

•

The Canadian Kennel Club does not publish any pamphlet or leaflet that outlines the duties of a Show or Trial Superintendent. But persons accepting this responsible position can find all the information needed in the Dog Show or Obedience Trial Rules. These can be procured from the office of The Canadian Kennel Club, 1173 Bay St., Toronto, Ont. This also applies to Show and Trial Secretaries and Show and Trial Chairmen.

•

Before the C.K.C. will approve any person as an Obedience Chairman, they must be satisfied that the person so named has knowledge of the Obedience Trial Rules and Regulations. No person should be named to such a position without their knowledge and consent to serve in such a capacity.

•

The first headquarters of The Canadian Kennel Club were in London, Ontario. This column would like to hear, before January 1, from any of the families of charter members of the organization.

Many breeds have maximum, but only the following have minimum height disqualifications. As there is no age mentioned, it must be remembered that a six month old puppy must be up to the required height. Retrievers (Golden) (males under 22", females under 20½"); Brittany Spaniels (under 17½"); Belgian Sheepdogs (males under 22½", females under 20½"); Briard (males under 23", females under 22"); Great Danes (males under 30", females under 28"); Schnauzer (Standard) (males under 18", females under 17"); Shetland Sheepdogs (under 13"); Schnauzer (Miniature) (under 12"); Pinscher (Miniature) (under 10"); Poodle (Miniature) (10"); Poodle (Standard) (under 15").

There were fewer dog shows carrying championship points (161 against 163) and more Obedience and Field Trials held in 1962 than in 1961.

Before Show Secretaries start preparing for their 1963 shows, they would do well to read and study the latest copy of the Dog Show Rules, one rule of which is: "Before a premium list is distributed, two copies of the entire premium list (except advertising) must be sent to The Canadian Kennel Club for approval. The Secretary of The Canadian Kennel Club will return one of said copies stating that the same has been approved or with any necessary alterations that must be made. This endorsement or approval must appear at the head of the classification in the premium list, and no changes other than those ordered by The Canadian Kennel Club can be made after such official endorsement has been given without the written consent of The Canadian Kennel Club" (Chapter 15, sec. 2).

•

Also worthy of note is Sec. 4 of the same Chapter: Two copies of the premium list and entry forms, when printed, must be sent to The Canadian Kennel Club AT THE TIME OF DISTRIBUTION to prospective exhibitors.

•

Obedience Trial secretaries would be wise to note Section 18 of Chapter 1 of the Obedience Trial Regulations and Standards: The Secretary or Trial Secretary of the club holding an obedience trial under these Regulations and Standards shall, WITHIN TEN DAYS after the last day of the trial(s), send the following to The Canadian Kennel Club; a marked catalogue, marked with the scores made in ALL classes and also all absentees; An unmarked catalogue; ALL entry froms; all Judges books; the list, provided by the C.K.C., of persons ineligible to participate in the trial; etc. ■

tion Congress recently. In this paper the veterinary surgeon stated among other things that "An increasing number of dogs suffering from abnormal conditions were seen to-day . . . caused through indiscriminate breeding by uniformed people. The tendency was to breed smaller and smaller dogs to satisfy the popular demand. Among the signs of degeneration exhibited were a general decrease in vitality . . . increased nervousness . . . reduced fertility . . . tendency to slipped discs . . . deafness often seen in some breeds." A proposed resolution was passed unanimously deploring the present trend in certain breeds in which abnormalities were being perpetuated regardless of the pain and suffering involved and of the harm this would have on the popularity of the breed if continued unchecked.

Concern has been expressed by many breeders over the reading of such a paper to a gathering to which the press was admitted and which in turn fastened on certain aspects of the veterinary surgeon's remarks, headlining these out of proportion to the matter as a whole. The paper was primarily directed towards those breeders, who, bent on supplying the pet market, disregard breed improvement. ■

BELIEVE IT OR NOT

The juvenile court in Washington, D.C., is puzzling about what to do with their strangest case to date. For months an 11-year-old boy roamed with dog packs — on all fours. He even barked, but in the night hours only.

"I've got enough sense not to run around with dogs during the day where people can see me," he states.

His parents readily admit he is beyond their control. The court's child guidance clinic director Laurence Frost figures the child feels alienated from people, but feels dogs are loving and expect nothing from him.

In a way, it figures.

When owners, Mr. and Mrs. Glenn Simmons of Kansas City, Ka. put their pint size dog in the tub to bathe him, his foot became stuck in the drain. First the dog bit his mistress, then took a nip at her son and two firemen who struggled to free him. Finally a man from the Humane Society arrived with chloroform to ease the rescue. At the first whiff, the dog jerked back and freed his own foot from the drain.

HE'S THE DOG'S PERRY MASON

by C. V. TENCH

The barrister fired his questions calmly. "Are you sure," he asked each witness, "that this is the dog?" Each man looked down at the brown and white Boxer sitting in a corner of a Lancashire courtroom.

"Yes, that's the animal who killed our sheep," they said.

Slowly the barrister folded his arms. Then he pointed dramatically at the Boxer. "That dog is NOT the one in the case."

The faces of the witnesses dropped in disbelief. The magistrate leaned forward with renewed interest. Even the Boxer's mournful face seemed to perk up.

And the court soon learned that the dog they were watching was not the one accused of savaging sheep. The dog in question was a mile away at home gnawing contentedly on a bone, not knowing or caring that he had made legal history.

For the first time a dog had been wrongly identified. The charge was dismissed. And Henry Newman, Queen's Counsel, the dog's defender, had won another case.

In courtrooms throughout England this tall, mild-mannered man in his 50's has won fame as a defender of dogs — a saver of canine lives.

For under the law, the owner of a dog that bites, is a nuisance, or beyond the owner's control, can be charged with a criminal offence.

If the verdict is guilty the dog can be sentenced to death.

Newman has fought this law, and won, by skilful legal moves and courtroom dramatics.

He defends dogs and owners on behalf of the Canine Defence League. Says league chairman Bernard Workman: "He is a man who tracks down a clue with

the thoroughness of a Bloodhound. He is suave, charming, not unlike a British Perry Mason."

Newman has often made legal history.

Take the case of Blackie, a Scottish terrier. He not only bit people. He simply hated other dogs, and bit them, too.

Magistrates at Paighnton, Devonshire, sentenced Blackie to death. But Henry Newman took the case to the Quarter Sessions Appeal Committee.

The chairman, after hearing the pleas of the dog's defence counsel, put Blackie on probation for a year, the first dog ever to be released "on condition of good behaviour."

Blackie was placed in the care of the Canine Defence League's home in Middlesex. And a year later Henry Newman brought the little dog back into court, a reformed character.

"I get more satisfaction out of saving a dog's life than from much of my other work," Newman has said.

Like the case of Rusty, a seven-year-old Alsatian from Derby who delighted in carrying children around on his back. One day he forgot himself and bit a little boy.

Again the magistrates decided that the dog was only fit to be destroyed. And Henry Newman was left to plead for a reprieve at Quarter Sessions.

"He will not return home until he has been awarded a certificate of safety by the league," he promised the court.

His logic won the day and Rusty *and* his young friends, were able to breathe again.

Working with Henry Newman is Robert Horsfall, head of the Canine Defence League's investigation branch and an ex-Scotland Yard detective-sergeant.

Of Newman, he says: "Dozens of dogs would be dead today if it weren't for the work of this man. He's like a terrier that, once it gets its teeth into something, won't let go."

But sometimes Henry Newman and his friends have arrived on the scene too late.

Old-age pensioner Charles Brookshaw had one friend, his black and white mongrel, Boy. Charles used to say "I talk to him. We understand each other."

Then one day Boy bit a seven-year-old girl. The magistrates sentenced him to death.

The same day officials called on old Charles Brookshaw. His "only friend" was removed and executed.

"We could have saved that dog," says Bernard Workman, who still explodes with anger at the thought of the case.

"He died too soon. He should have been allowed to live 14 days after his death sentence to allow time for an appeal.

"If Henry Newman had been there Boy could have been alive today."

Henry Newman's clients may only lead a dog's life. But it's a life he will go on fighting to preserve. ■

BERMUDA NOTES / BY PRISCILLA MARSH

The Bermuda Kennel Club's first series of our International Championship Shows (unbenched, under CKC rules) and four Obedience Trials, were a successful innovation, allowing visitors time between shows to take advantage of the sightseeing tours and shopping trips arranged by the Entertainment Committee. There were also the usual after-every-show parties and the banquet at the Inverurie Hotel on the last night. This, as always, was very well attended.

All praise must go to the Show Committee who moved the entire show, rings, equipment, catering, etc., down to the Bermuda Athletic Association Gym on Thursday (at the crack of dawn) because of rain. The change was broadcast on the early news and visitors were phoned. Not only this, but it was all back in place at the Botanical Gardens next morning!

The overseas entries were higher than ever, and the local dogs set a high standard, giving our visitors a "run for their money," and at least, taking one BIS.

We extend our sympathy to Mrs. Ethel Sipes of Middleport, Ont., who was unable to bring down her Miniature Pinscher entry due to an outbreak of rabies in her area, but we were delighted to see her here anyway. We were also very happy to see Mrs. A. Roberts of Toronto here again. Mr. and Mrs. Milo Pearsall, well-known Obedience Judges, were kind enough to bring down an Obedience Training film which was shown on Sunday night. This was well received by all the club enthusiasts and we noticed several overseas visitors there as well. The Pearsalls stayed a week to run two clinics a day for the benefit of club members.

Among overseas celebrities we were pleased to see Mr. and Mrs. Wagner, representing *Popular Dogs* and Miss Kaye Peer, *Dogs in Canada*.

I heard that Judges Stan Whitmore and James Trullinger took advantage of the "break between shows" to go big game fishing. . . . Which all goes to prove that you can show dogs and have a vacation — in Bermuda.

Our sincere apologies to our Bermuda correspondent, Priscilla Marsh, whose byline should have appeared under the November Bermuda Notes.—Ed. ■

something to think about

. . . We liked your Memo from the Editor (October, 1962). It is good and helpful when someone in your position takes the time to notice how the dogs are handled by handlers (and even the owners) after the show. I have only had experience at a few shows, but even in these, we noticed which handlers we would let our dogs go with.

I agree with Ed. O'Brien's article. I too have often wished the point deductions were more definite, especially for us amateurs! Excellent though the judges may be, they seem to vary on this subject, some being 'easy' markers, and others more severe. Most of us seem to feel that we merited our awards more, if the marker or judge was more severe . . . could I interest anyone in the idea of a "Sit on Command" instead of the "Automatic" sit? Would we not have many more show folk in our classes if the Sit were not automatic? I realize the dog is also taught to Stand, but why was the Sit first made so automatic? For instance, I had not come to the "Stand for Exam." yet, when a show came up, I had a job making my dog stand. I had just been pushing him Down regularly with every stop! Then too, sitting on the street, so many tails are painfully stepped on and this can invite a bite. The tail also gets wet and dirty and slaps against the clothes of others as well as our own. Also two of our breeds have quite a bit of 'pants' or 'breaches' and they become so bedraggled, it does nothing to enhance them! It would took just as smart to sit quickly and straight on one command as it does automatically; or maybe we could make it an "either or" sort of thing. But please couldn't a Sit on Command be made part of Obedience?

The article by Mr. Hughes for the Humane Society gives much food for thought. We are purposefully breeding, buying, and selling more dogs today than ever before, and we read that over 200,000 dogs' lives must be taken, because of our carelessness, greed, or stupidity! A very small step in stopping the source is the Leash law passed by city councils, but it must be *enforced*. Then too, what about country breeding places? I am also thinking of another article that was in *Dogs* — "These Thing I Saw". It was a sorry day for animals when humans came on this earth!

May we congratulate you on your "Gallery of Judges". It is of great assistance to those clubs that are not too familiar as yet with the various judges. It has already been of benefit to our club. We

would appreciate as many Gallery editions as you can gather, and would suggest these pages be placed in the club's file for ready reference. Speaking on behalf of our club, could other clubs please tell us if they have found that having more than two judges for a show really paid off in entries?? I, myself think it would, even in this area, but good judges mean good club funds and we are a small club. We would also appreciate hearing how other clubs make extra funds for their shows, judges, special handling lessons by professionals. We have Obedience classes but being a small town means a small number in class too. Could the editor please tell us if there are any films available to us?

We enjoy your magazine very much, and save years of them for references. Would also appreciate articles on line breeding, and inbreeding, what they each accomplish and what can be done in the rarer breeds when the two top class specimens can't be found. I know you had an article on Color Inheritance, but could you possibly reprint another, with a bit more on the Blue Merle? Thank you.

do dog shows have a purpose?

. . . Do dog shows have a purpose? We have a two day dog show, same number of entries each day, may vary ten dogs between the two days. First day, dog goes Best in Show, second day does not place in the class. This happens frequently. Best of Breed one day is seldom BB second day. You find one dog in the group crabs sideways. He gets placed.

How often do we hear, "must be so and so's day today, some one else tomorrow." You go in your class. Judge asks, "Are you local." If you are smart and not too confused you will say yes.

Let's look at it from the good breeders' point of view. Unfortunately they do not go to many dog shows. For one reason, why should they let a judge dump their dog in preference to an inferior dog? The breeder spends years trying to perfect his particular breed and would appreciate an expert opinion, primarily to give him an incentive to go ahead.

Talk to the professional handlers and they will tell you it will cost you some money but they can take your dog on the circuit and bring him back a champion, regardless of whether the dog is sound or mediocre. John Public wants to buy a pure-bred dog and attends the dog shows for that reason. How confused he must be!

The judge will tell you, "If we put down everything that should be, we would have no dog shows. By the same token we would soon have better specimens of the individual breeds, and our champions would have some merit.

There are breeders who capitalize on these "cheap" blue ribbons and trophy wins and are not too concerned about any improvement. I am concerned with John Public who, by purchasing puppies, is the main support of any good breeder or breeding program. It is a well known fact that any sincere breeder does not make money — only the satisfaction of breeding good specimens of the breed. John Public is being confused and misled by our present system of dog shows.

What is the solution? . . . I do know that if our judges would start refusing to give ribbons (any ribbons) to these poor specimens there would be an instant improvement. The argument that there would be no dog shows if the judges did not hand out ribbons would only come from those breeders who do not wish to make the effort to breed better dogs. I am equally certain that the good breeders would be back showing their dogs again. If John Public was showing his or her dog and did not receive any ribbons he would soon be asking the breeder from whom he purchased his dog "Why?" That would also help improve the present situation.

Please Mr. Judge, let's make a start and refuse to give out these ribbons unless they are warranted. You may not be popular but you will certainly be respected by every sincere breeder.

MR. AND MRS. W. IONSON
(877-9952) R.R. 3 Georgetown, Ont.

Stewart and more particularly to her son, Bill. However we loved her just as much as her own family did. We have a dearly beloved ten-year-old Dachshund and the two dogs were the best of friends.

The whole thing is so mysterious. On the afternoon of October 3 my daughter and I took our dogs in our car out to a picnic grounds on the flats of the Grand River, about six miles from Waterloo, where they had often been before. We walked along the flats for the comparatively short distance of good walking and the dogs were ranging the quite high bank. We could hear them. Then I had had enough, so we turned around to go back to the car, calling the dogs. Neither of them appeared immediately, but mine caught up with us before we got back to the car. Debbie was still missing, so my daughter went right back, a time lag of less than ten minutes. We have never seen Debbie again.

DEBBIE

We did everything. The next morning we got eight men out to quarter the bank, foot by foot, for over a mile, so we know she was not caught in any way. Of course we stayed out there until away after dark the night before. Then my daughter went to five schools in the neighborhood, showing Deb's picture and announcing the reward, and all the children were out hunting. Since it is a country district, but quite built up and not heavily wooded, we think it is most unlikely that if she were there she would not have been found. We went to every farm in the neighborhood and of course we had the usual number of false leads. Someone called early in the week following that she had been seen back at the river picnic grounds, so we kept a watch there for 48 hours. My daughter slept in her car, with Debbie's bed beside it and the rest of us took the other shifts. Someone phoned that she had been seen in a stretch of rather swampy, but not real bog land, so my daughter went out with our dog and my housekeeper and tramped over the whole place for over four hours.

We ran ads in our paper for two weeks, and also in the *Guelph Mercury* and *Galt Reporter*, and the *Toronto Star*. The one in the Galt Reporter brought a rather curious result. Last Wednesday morning I had a call from a woman in Hespeler who said that a dog had been hanging around their back yard for three days, who answered the description of our dog. I enquired if it was a female and she said "yes." I wasn't at all optimistic and I didn't call my daughter, because I felt she would only be disappointed. But I got over to Hespeler as fast as I could. I found a lost Welsh Terrier, all right, but a male.

If by any chance our darling Debbie should by some miracle be found and we have all been praying, it would be all right to have the two dogs.

The boy who owned Debbie is very sad and I am afraid it will take some time for him and for the rest of us to put another dog in her place.

I didn't tell you that of course we had the Township Police Chief, who is a great dog-lover, looking for her. I also went out to our local stock-yards where they sometimes sell dogs, and put a big notice on the board. Thank you very much for phoning the Toronto Humane Society. My daughter got Debbie from a Mrs. Darby in Toronto over three years ago.

Let's give club reporters and the Club Round-Up a chance to prove itself. The prime purpose is to serve the greatest number of interests in a prescribed space. Some suggested changes will be incorporated in the interim. Meantime, the department's purpose is the same as before, clubs have secretaries and our editors are watching the mails for the news.

MISSING this month is one of the best-liked characters in Canadian dogdom — the Old Timer. A bout of flu caused the recurrence of past ailments and depleted him of energy. He's up and about now, and you'll find him philosophic as ever in the January issue.

ALTHOUGH the sun is warm and the grass green as we write this piece, your publishers wish you a traditional and merry white Christmas. May all the joys of family and friends and the great reason for the celebration of Christmas bring you happiness now and throughout the coming year. ■

in higher license fees, or in discouraging the breeding of anything but purebred animals, or by the spaying on a mass scale of female crossbred dogs, or by the wholesale destruction of unwanted animals. There are just as many sincere people violently opposed to all these suggestions as there are in favour of them!

Certainly, voluntary spaying programs have never been successful, anywhere in the world, in reducing the total number of animals. Even mass destruction of pets has failed to effect in any way, the animal population in any particular area. Certainly spaying programs that are not enforced by legislation and supported by adequate funds, can, at the very best, only scratch the surface of the problem.

Of course we are really feeling the effect of the old law of "supply and demand". If an increasing number of people want dogs as pets, then nothing that any ordinary section of the public can do will influence, retard or alter the desire. If people want dogs, they're going to have them! If they can't obtain them from the breeders of purebred animals, then they will turn to other sources. If animal shelters are unable to meet the demand, then they will turn to backyard breeders or in fact any source of a cheap dog. To sum up, if the breeders of purebred animals could meet the main demands, then there would be no need for these "other sources" of supply to exist. Certainly animal shelters operated by Humane Societies would meet the residual demand. Substandard kennels and irresponsible backyard breeders would be forced out of business and a lot of the suffering and cruelty that exists at present would come to an end. At the same time, the dog population would then consist of animals that had been bred for specific characteristics, physical appearance and mental capabilities. Perhaps this would gradually help to reduce the rapid turnover of animals that is going on at this time and which contributes to and complicates the problem.

However, in the final analysis, all this is wishful thinking unless and until responsible organizations such as The Canadian Kennel Club, the Humane Societies, S.P.C.A.'s, Dog Obedience Clubs, Specialty Clubs and various levels of government, can all be brought together to discuss this "animal population explosion" and all that it entails in terms of animal suffering and misery. I'm certain that the Humane Movement would be only too willing to participate in such discussions. ■

Stevenson, Islington, Ont., and Mr. G. Tomlinson, Calgary, Alberta. These three gentlemen did a fine job of setting up tests to let the dogs prove themselves over the three days of judging.

In summarizing, the mechanics of the trial were on a par with the best, the dog work was good, conviviality of the finest and the weather, except for Sunday afternoon, left a lot to be desired.

The members of the Saskatoon Retriever Club sincerely hope everyone attending the 1962 National enjoyed it as much as they did in acting as "host club".

SOCIAL FUNCTIONS

Mrs. Velda Hynes and her committee members Mrs. Philip (Evelyn) Ellison, Mrs. Walter (Alma) English, Mrs. Eric (Beryl) Hargreaves and Mrs. Don (Earla) Lardner arranged an enjoyable banquet for the Friday evening.

The social committee had tastefully decorated the banquet room with mobile ducks hanging from the ceiling, the pillars of the room held clusters of autumn flowers and leaves. The group tables held centre-pieces featuring a gold dog surrounded by golden wheat stalks and grasses. As there were 12 tables, exactly the number of past Canadian National Retriever Champions, each centrepiece was labelled with the name of a winning dog from 1950 to 1961. The head table was centred with a floral arrangement of chrysanthemums, flanked by tall tapers. Each head table guest had a "dog of gold" place card. Place mats showing an etching of a retriever bringing in a duck were at each sitting. The program for the evening was chaired by Mr. Lou Hough, President of the National Retriever Club of Canada.

On the Saturday evening an informal smorgasbord was arranged. The theme for this evening's function was a "German Beer Garden". Baskets of gay colored flowers hung from the ceiling with gold steins decorating the walls. Group tables were decorated with charming red-checkered tablecloths centred by candles held in intriguing bottles decorated by multi-colored wax. The main point of interest was a table holding a variety of steins and toby jugs. Stirring German folk songs were played as background music. A friendly, happy atmosphere was created bringing forth many reminiscences as guests renewed old friendships.

Spaniels

from page 15

First dog was Apache Sky Hi of Huntersfield. This hard driving female set a fast pace after a runner. She flushed her bird, the gunners rode it out and shot. Then in sheer excitement she broke for a few steps after the downed bird to eliminate herself from competition.

Next Mrs. H. Routley's Trent Valley Better Bee quickly found and flushed her bird. This one glided over a fence into a nearby field. Bee was unable to negotiate the fence even though the bird was in full view on the far side. Her owner led her around to a gap. Rushing along the fence line the dog flushed a hen pheasant. This seemed to distract her, she became miss-oriented and lost track of the downed bird. With handling she completed the retrieve, but had now slipped out of place.

Third to run was F.T. Ch. and Can. & Am. Ch. Dan-Dee of Melilotus. This beautiful dog was also almost on the verge of losing control. His owner Les Bunker managed to keep him in to find, flush and retrieve both his birds in fine form and style.

The 1961 National Winner F.T. Ch. Trent Valley Andrea of Athlone, again leading in total score, was next dog put down. She performed well on the first bird, very fast with excellent control. On her second bird she was again doing a first rate job. Her bird went up almost as before. This time it was just too much for Tom Atherton's little female. She broke momentarily and ended her chance.

Fifth dog was Pam's Jupiter of Camden handled by James Weitzel, owned by J. J. Haas. Again it did a good job of hunting but not as flashy as some competitors. He too seemed to be getting harder to control and responded less to the whistle.

Last to run was Julian Collins handling his Apache Clipper's Gay Lady. This fast young female had been very high in the judges' point scores, topping the others in three series. The first bird was a live pick-up, one of the few in both days. She was working fast up the hill when she put another bird up. It went over the parking area and was not shot. Her next flush and retrieve were made just near the fences but landed in an accessible spot for an excellent retrieve. This completed the dog's work for the trial.

Judges, after consultation, awarded first place to Apache Clipper's Gay Lady. She was presented with the Herb. Routley Memorial Trophy, emblematic of Championship, and a replica to keep: hard working Marshal, Morris Martin presiding, passed the trophies to Mr. and Mrs. Collins' proud hands. Best Canadian owned and handled, and second place awards went to Les Bunker's Dual Champion Dan-Dee of Melilotus.

One of the nicest parts of the day saw us breaking up, planning to meet again at trials in the near future. There is always another day and another trial coming up to try. ■

Bermuda

from page 17

This show, as usual, had everything: Georgeous semi-tropical setting in the famous Botanical Gardens, a well-run show under capable management, excitement and laughs. This is the first time the Bermuda KC has run four international CKC-licensed unbenched shows in the Fall. The innovation was such a success it will be repeated. The Spring shows will be local, but visitors are welcome to enter. With the four shows, chances of earning a Bermuda championship are greater.

Weather, so critical for outdoor shows, was excellent, except for a day and a half. Although the effort must have been enormous, the Show Committee had all equipment moved to the Bermuda Athletic Association Gymnasium overnight, broadcast the change of venue and telephoned the new location all over the island. And well before showtime the following morning all equipment and records were again set up at the Gardens. Interestingly enough, all but two of the 13 show committee and officers are feminine!

Both conformation and obedience entries were above any previous Bermuda show. And more Canadians attended than at any time since the Canine Airlift from Canada in 1959. Mrs. Ethel Sipes, unfortunately, had to come without dogs, because of a rabies scare in her area. Spectators were somewhat fewer because of the Cuba situation. Naval and airforce members are usually interested viewers. In answer to a frequently-asked question, there appeared

Gus accounted for 7 BIS and 14 Groups before being retired in mid-season upon winning his 100th Non-Sporting group. While neither his beauty nor his spirit have diminished over the years he has abundantly earned the less strenuous life he is now enjoying at our kennels. We sincerely thank all those judges who have contributed to his enviable show record, as well as his many friends throughout the continent whose good wishes and interest we appreciate. During the year another four of his offspring acquired their title.

* CH. POODHALL BANDOOLA
AM CH. POODHALL SIRIUS (owned by Mr. A. Rezac, Corpus Christi, Texas)
CH. FRISCO'S LADY GAYLE (owned by Mrs. Ruth Hulford, Acton, Ont.)
* CH. NANCYN'S BLACK KNIGHT (owned by Mr. A. E. Barlow, Canton, N.Y.)

His daughter, Barbara, pictured above, has done a creditable job of carrying Poodhall's colours since Gus' retirement. Winning the group in her first outing as a champion, she took BIS at the Canadian National Exhibition, won her American title with a group first from the classes, and recently went BCIS at Leamington. She is an extremely typey little bitch with tremendous drive and has already won her very own group of admirers among judges and fancy alike.

6 NEW POODHALL CHAMPIONS IN 1962

* CH. POODHALL BANDOOLA (who won BCIS from the classes at his first show)
* CH. POODHALL CHARLES
CH. POODHALL ELSA (won BB and group placings over champions)
CH. POODHALL PENNY BLACK
CH. POODHALL GUSTAVSON (owned by W. Fairburn, who has shown him to group firsts)
CH. POODHALL PRUE OF BURDIESEL (BB and a group placing from the classes)

Pictured below are the three most successful of the dogs which we had the pleasure of handling last year.
AM. & CAN. CH. GINA OF VILLA MALTA (owned by Mrs. J. Morgan, Clarence, N.Y.). This universally admired bitch of correct size and temperament was shown eight times this year in Canada and won one Best in Show (CNE) and eight group firsts, thus making her top winning Maltese for the second year in a row.

*AM. & CAN. CH. SHAMROCK'S GOLDFINCH (owned by Mrs. Justin Morgan). Shown 11 times this year he won one BIS, 9 Group firsts and 2 Group seconds, a performance which accurately reflects his great quality. A 3-pound, beautifully graduated sable, he is totally sound and shows with the poise and assurance of a dog 10 times his size.

*AM. & CAN. CH. LORAMAR'S I'M A DANDEE (owned by Mr. A. E. Barlow). One of the most beautiful Toy Poodles on the continent today, his wonderful temperament and unparalleled showmanship have won him many friends on both sides of the border. A high point in his rapidly growing list of show wins was the BIS at Marion, Ohio, fiercely contested by some of America's top show dogs of the day.

QUALITY WAS THE KEY TO THE SUCCESS OF THE FOLLOWING OTHER DOGS WE HANDLED TO THEIR CHAMPIONSHIPS THIS YEAR

*The White Min. Poodle Am. & Can. Ch. Calvinelle's Jolly Roger (owned by Mrs. Justin Morgan) who finished his Am. Championship with a group placement over Specials and as a Champion won the group at Monroe, Mich.

*The White Min. Poodle Ch. Fircot Shooting Star (owned by Mrs. Justin Morgan) who won his championship, two groups and two group placements in less than 2 months of showing.

*The Black Toy Poodle Can. & Am. Ch. Jaynes Yves of Mar-a-Mor (owned by Mrs. Justin Morgan) who has three times gone over specials to place in the group.

*The White Toy Poodle Am. & Can. Ch. Jalens White Magic (owned by Mrs. Justin Morgan).

*The Black Min. Poodle Ch. Nancyn's Black Knight (owned by Mr. A. E. Barlow) who finished undefeated in his sex in four straight shows.

Season's Greetings to all dog lovers.

to be less concerned about the Cuba fright in Bermuda than elsewhere.

Canadians Isobel and Dick Henderson finished the Bermuda title for two dogs, Can. Ch. Grem Lyn's Aida, Basset, and Can. Ch. Kanberri Waltzing Matilda, Australian Terrier.

The charm of the Islands and the hospitality of the Bermuda Kennel Club and individuals was, as always, heartwarming. Entertainment included a boat cruise, bus tour, swizzle party at the home of Mrs. Bianchi Tompkins, Bermuda KC cocktail party and banquet at Inverurie Hotel, cocktail party given by Mr. and Mrs. Conrad Engelhardt and Mr. and Mrs. John McAteer at Inverurie, and another large party given by Mr. and Mrs. Edward Flieger and Mr. and Mrs. Onthank of Greenwich, Conn., as well as other hospitality. We cannot urge too strongly that more Canadians plan to combine a magnificent holiday and beautiful showtime — next Fall.

Looking back on previous shows, Judge Trullinger remarked: There's a tremendous difference in the quality of the dogs I saw a few years ago." In an interview with Judge Whitmore; "Certainly it is nice to judge and feel that you are all such friends after the judging. Not one person with a beef! I found quite an improvement in many of the breeds since I was there three years ago."

First for this show: Parade of Bermuda champions, with announcement of owner, breeding, wins. Pink and green rosettes to all. Tracking demonstration. Clinics for Obedience handlers as well as novices by the Pearsalls.

About people: *Conway Trott* recovering well from serious illness. The *Fergusons* about to leave for Toronto. Obedience entrant *Mary Jo Kirkland* of Springfield, Mass., with husband *Bob* and perky Miniature Poodle companion *Chutney*. Mary Jo, who is totally blind, was awe-inspiring with her Obedience talent, swimming ability, and party quips. *Carol Barnes* the envy of feminine entrants wearing a blue denim jumper with large pockets which virtually needs no ironing. *Annette Frith* leaves soon for Paris, France, where she will join her mother and subsequently spend several months in Europe. Following the Bermuda assignment the *Pearsalls* have Texas and Honolula on their program of clinics and judging. Milo has given only three perfect scores in his judging career and Margaret has yet to give one. Although the Bermudians have not had as long a background of Obedience as Canadians and Americans, Milo said: "I judged them exactly as I would have anywhere — and I'm known as a harsh judge." ■

shoulder blades and experienced dog people seem to differ as to its exact definition and location. It is important because in many Standards, the vertical height of the body is measured from this point to the ground. Mr. Lloyd C. Brackett, currently writing an excellent series of articles on the subject of "The Dog In Motion" in another magazine, has defined the withers as the first eight vertebrae of the thoracic spines, the posterior five vertebrae as the "back", the lumbar vertebrae as the loin, the three fused vertebrae as the Croup. Perhaps we should all stick to these definitions, so we may all be talking about the same thing. Then the Back is a small, short area to which the last five pairs of ribs are attached. Then, we should all speak of the top line, when we describe that area from root of the tail to the base of the neck. The topline may be level and straight while the spinal column in this area is anything but straight.

Correct gait is easy to describe – that is the trot is easy to describe. It is a free, fast moving gait in which the front legs move alternately forward and backwards while the back legs similarly move alternately backwards and forwards, with the front leg moving forward on each side as the back leg moves backwards on that side. If both legs on one side move together in the same direction the gait is known as the pace.

When the front foot is lifted to move forward, the hind leg on the same side moves forward and the rear foot steps in or almost in the mark made by the front foot which has just left. This is only possible when the front assembly and back assembly match perfectly, match in angulation between each part and in relative length of each separate part.

Obviously, if the front is too straight, i.e. with an opening of the angle beyond the correct 45° placement of shoulder blade and 90° angle between shoulder blade and upper arm and the angulation of the rear assembly is correct this proper placement of hind foot in the spot just vacated by the front foot, cannot take place. Similarly, if the front assembly is correct and the rear assembly over-angulated and overly long, the gait cannot be correct. It has been described as the problem of a 50 mile an hour front end linked by the body to a 75 mile an hour rear end.

A straight front with a straight rear that matches will allow what seems like a very sound gait. Here, the only fault will be shortened strides front and rear.

When both ends do not match some defect of gait must emerge. To avoid stepping on his front feet the dog crabs, i.e. his rear legs walk sideways behind and beside the front legs. This is the most common gait fault seen in the show ring. However, such a dog can also move forward by moving with front feet close together and rear feet wide apart, so that essentially he is walking on the outside of each front foot, or the reverse with front feet wide apart and back feet close together.

Another characteristic of correct gait is a long easy stride with the front feet lifted off the ground as little as possible and reaching the ground at a maximum distance in front, at which point the line of scapula, upper arm and entire leg form a straight line. The pastern at this point is also in a straight line but as soon as weight is placed upon it, it bends freely. As the front leg moves backward the pastern straightens out again. The spring of pastern helps absorb the shock and allows the foot to grip the ground firmly.

The 30° angulation of croup, allows the femur to extend forward with a good angulation or turn of stifle when the dog is standing. This allows the rear leg to move forward to a maximum distance while the bend of hock allows the leg to extend backwards fully in a full free stride – with a final "snatch" of the hock.

As the trot becomes faster the legs extend inward to but not onto a straight mid-line. The whole assembly forms a straight line within itself without the

The somewhat sharp kennel owner saw a prospective customer in the newly rich visitor. "Madam," he said, "you should have something not everyone owns. I would like you to see this truly magnificent purebred bloodhound."

"But how will I know it's a trueblue bloodhound?" she asked cautiously.

"Horace," said the kennel owner quickly, "bleed for the lady."

elbow bending outward or the feet crossing. The rear leg similarly stays on a straight line with the hocks moving vertically and parallel to each other but toward or to a straight line. This is called single tracking, and every dog tries to single track. A wide front may modify this somewhat.

Meanwhile, the top line remains level and firm for optimum transmission of the thrust from the rear legs.

There are notable exceptions to the foregoing, and the correct gait in each case could be predicted from the requirements of structure, as outlined in that breed's Standard. Take for example the English Bulldog — and to a lesser degree the Pekingese, etc. The Bulldog's chest should be very broad, deep and full with full sides and well rounded ribs. The chest is well let down between the shoulders and forelegs. In contrast to the wide front, the loins are narrow and higher than the shoulders. The forelegs are short, the elbows standing well out and loose from the body. The hind legs are longer than the forelegs to elevate the loins above the shoulders. The stifles turn slightly outwards and away from the body. The hocks are therefore, made to approach each other and the hind feet to turn outwards! Result is a gait which resembles that of no other breed. It is described as a loose-jointed, shuffling, sidewase motion, giving the characteristic "roll".

The gait of the Pekingese is very similar but less exaggerated.

The German Shepherd Standard calls for what is essentially an extreme angle of scapula to upper arm and similar extreme angulation behind. The trot of the German Shepherd differs in that there is a long period of suspension in the gait cycle with long, smooth strides and a firm level back. The extreme angulation of the rear end carries the hind foot far forward passing the imprint left by the front foot. As a result, the dog in order to travel forward in a straight line places one foot outside and the other inside the track of the forefeet.

It must now be obvious that correct gait is the result of perfect structure, ideal balance and proportion as well as soundness and is the final proof of the perfect dog of any breed. ■

THE BEST OF VARIETY

It's a dog's life

In the spring of 1960 I was exhibiting one of my Samoyeds in Saskatoon. As I was taking her for a stroll she saw her first Diesel locomotive. As she stared wonderingly at it the engineer playfully blew the blast horns. That did it! She raced for shelter. In April, 1962 I had to rush her to Winnipeg from Portage la Prairie for a caesarian operation, when she suddenly spied a locomotive approaching. As she gazed warily the engineer once again blew on the blast horns. This was too much for her and she immediately jumped into the front seat, and gave birth to her first puppy. Needless to say I immediately attended to the mother and the puppy, turned the car about, and headed for home where she successfully whelped six more puppies.

A dog called Joe has been doing valuable service to his master, a variety store proprietor who has suffered a lengthy illness. To save his mistress steps he carries tea, soup, mail, newspapers and cigarettes to his master on the second floor, walking backwards to avoid jiggling or spilling his burden. Photographer Charles McGregor tried to get a shot of the backwards trip. Both dog and photographer were worn out before resigning the project. They kept giving Joe parcels to carry. McGregor would wait until he was at the fifth or sixth step and say Go. Joe would go, like a shot of lightning. They tried to weigh him down to slow him up. Finally they placed four cans of beans in a shopping bag. Joe worked away at it, finally became so mad he ripped it open. He made it halfway upstairs, backwards, when his sick owner emerged, puzzled at why Joe kept dumping packages on his bed every few minutes. Finally the photographer gave up. After all, he puzzled, how can you tell from a picture whether a dog is walking up backwards or frontwards down the stairs?
