MORE AND MORE KENNEL OWNERS DESCRIBE NEW FLAVOR-CHARGED PURINA DOG CHOW LIKE THIS...

If you were asked to list the qualities of the perfect dog food, you'd certainly say that first and foremost, it should contain all the nutrients dogs need in their daily diet. You'd probably insist too that it have a meaty aroma and flavor to excite their appetites and make them eager eaters. You'd add that it must mix readily with liquids so that

you could use it even at weaning time. And you might end by saying that it should be a light, easily digested food that dogs could be trusted to eat but not over-eat. You'd be describing new Flavor-Charged Purina Dog Chow to a "T". And you'd be in complete agreement with a growing number of Canada's most successful kennel owners.

New Flavor-Charged Purina Dog Chow—thoroughly tested and proved at the Purina Dog Care Centre—is available in 50-lb., 25-lb., 10-lb. or 5-lb. bags and 2½-lb. boxes.

RALSTON PURINA COMPANY LIMITED, CHECKERBOARD SQUARE, CLARKSON, ONTARIO

DOGS IN CANADA

JAN. 63 VOL. 53 NO. 4 APEX PUBLISHERS AND PUBLICITY LIMITED

cover story

The dogs featured on this month's cover are the winners of The All Terrier Club of Canada's Fifth Annual Specialty Show held in May 1962. First in Group and winner of the show was Cairn Terrier Can. Am. Ch. Rossmar's Clanruf O'Cairndania, owned and handled by Mrs. Betty Hyslop and bred by Mrs. Mary Trotter. In Canada this lovely little bitch has won five Best in Show (three all-breed and two all terrier) and six Group awards, while in the United States she has topped two Cairn Specialty Shows. Second in Group was Scottish Terrier Can. and Am. Ch. Treleaven's Hot Stuff. Bred, owned and exhibited by Mr. John Treleaven, this little bitch has three BIS Puppy, one BIS Canadian Bred, as well as several Group awards to her credit in Canada, while in the United States she has to her distinction BB, BOS and BW awards at three Scottish Terrier Specialty Shows. Third in Group went to the West Highland White Terrier, Can. Ch. Roseneath White Crusader, bred, owned and handled by Mrs. Thelma Adams. This dog has won and placed in several Groups both in Canada and the United States. Fourth in Group went to Airedale Terrier, Can. Ch. Deanridge Rascal, bred, owned and exhibited by Mr. H. Bennink. This dog has also placed in Groups in Canada and the United States. The Best Puppy in Group award was won by Mr. and Mrs. Albert Kaye's West Highland White Terrier, Heatherwilde's Joc O'Dreamland. This puppy, owned and handled by the Kayes, was bred by Mr. and Mrs. Edward Dabbs.

The All Terrier Specialty Show consistently attracts the largest Terrier entry in Canada, and the club is proud of the fact that four of the five winning dogs featured on the cover were owned by members of the club, and that three were bred by its members. As well, it is of interest to note that all five winning dogs were owner-handled.

Formed in 1957, The All Terrier Club of Canada has written into its constitution the following objectives:

"The object of the Club shall be to foster and promote the interests of those breeds comprising the Terrier Group, to encourage breeders of Terriers to make the breeds and their qualities wider known, to assist breeders in every possible way, and to hold Championship

letters
TO THE EDITOR

If you have any suggestions, any comments or constructive criticism to make concerning articles in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, colour, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same.

small but mighty

. . . On the night of September 22 last I drove up the long winding drive to a large attractive home commanding a breath-taking view of the entire town and water front of Harbour Grace, Nfld. As I left my car, which itself sported a New York license plate, I noticed other plates that were foreign to the province. I was met by a barrage of warm welcomes from a large group of pleasant, happy people. This happiness was not of the type usually found after a few hours of "living it up", but a sober and sincere expression of delight and contentment. There was also an air of relief prevalent among many of the people. I was attending the annual "post show party" given by the members of the Conception Bay Kennel Club, celebrating the termination of their 1962 Championship Dog Show.

The CBKC is just finishing its third year, and taking into consideration the newness of the club and with only 15 active members, its achievements are even more noteworthy. In addition to an exceptionally well organized and extensive advertising program, there was a publicity effort put forth that showed a great deal of imagination, skill and team work on the part of the club members.

For example, an original, attractive, and extremely eye-catching float was designed and constructed by the club members. This float was displayed in the annual Armed Forces Day Parade in Harbour Grace and was reviewed by Newfoundland's Lieut. Governor, who, in retiring from the reviewing stand had fine praise to offer the other dignitaries present in regard to the CBKC float. The float was so designed as to appeal to all age groups of spectators who numbered several thousand. The older generation was particularly interested in the catamaran with its Samoyed at the front, and the two wheeled dog cart with its Newfoundland ready to dig in; both being in full pulling harness. The younger generation, besides seeing live dogs on the float, were elated with the float's bed of real snow from which snow balls were continuously tossed at the children by the club members in appropriate costumes.

Another example of the ingenuity of the club was the "trek" of three members and their dogs over the main streets of St. Johns. One of the dogs was a Pekingese who was pushed through the city in a perambulator at least 100 years old. The other two animals were paraded around in "full dress" of brightly colored dog coats made specifically for this event.

It is very apparent that the CBKC functions on a policy of "keeping up with the world". They are fully aware of the importance of advertising and promotion. The show itself is proof, drawing complimentary remarks as: "the ring steward certainly has an exceptionally pleasant and clear voice — it's nice to hear the announcement without using an earphone or reading his lips" and "they have obviously put a lot of time and thought in decorating and laying out the ring and grooming areas" and "I like the idea of having separate entrance and exit shoots to the ring". There was no time lost between classes. Even Judge Storey remarked on the rapidity with which class followed class and group followed group.

I would urge you to enter your dog in the next CBKC show — where you will find that the biggest product in Harbour Grace is their hospitality.

JOHN W. CARPENTER

Fort Miller, N.Y.

for the record

. . . I would like to correct the statement in your Show Talk Column (November, 1962). You state that Mr. J. Seiler, Judge for the German Shepherd Dog Club of Canada Specialty Show thanked the club for the honor of bringing him back for the third year in a row . . .

The German Shepherd Dog Breeders Association Inc. were the first club to have Mr. Seiler judge their specialty show on June 11, 1960. The German Shepherd Dog Club of Canada brought him back for their puppy show in 1961 and then for their specialty in 1962.

Pickering, Ont. MRS. I. GERICS

cheerful little earfull

. . . I would like to tell you how much I enjoy your magazine, especially the November issue. The directory of the breeders is a wonderful idea.

Dogs in Canada is a magazine of high standards, right down to the quality of print and paper. I get five different magazines a month.

MRS. ELEANOR PALASKIS

Chicago 29, Ill.

For these kind words, our sincere thanks. —Ed.

new french bulldog entry

. . . I wish to take this opportunity to congratulate you on your fine magazine. I find the articles very informative. Mrs. Bailey and I have been without a dog since last May 31. Our Am. and Can. Ch. French Bulldog, DeMaio's Monsieur Apache, developed a heart condition and had to be destroyed on that date.

Apache was shown at ten Canadian

memo
FROM THE EDITOR

A BOOK on dog training which has been receiving some notice is at first glance, lively, entertaining, useful. It's title, "The Koehler Method of Dog Training" and the amazing record of the author would indeed suggest valuable aids. W. R. (Bill) Koehler has trained many thousands of dogs, some to play incredible film roles. Among his graduates: Bullet, Roy Rogers' great German Shepherd; Wildfire, the famous Bull Terrier; Asta, the Wire-haired Fox Terrier beloved in *The Thin Man*. Chiffon, the Old English Sheepdog in Walt Disney's *The Shaggy Dog*. Redcoat Reilly, the wonderful Irish Setter starring in Disney's *Big Red* and many others.

His training methods as set forth in "The Koehler Method of Dog Training" appear to be sensible and for the most part very logical. The style of writing is rather sardonic, scoffing at what he calls "wincers" and not sparing dog writers who do not condone certain training treatment. Granted, many people do let the dog virtually control them, and therefore get little response, as is the case with children.

The following, (dealing with extremely difficult dogs) is quoted verbatim from pages 52 and 53. The capitalized words appear as they do in the book. You be the judge:

First, the trainer makes certain that the collar and leash are more than adequate for any jerk or strain that the dog's most frantic actions could cause. Then he starts to work the dog deliberately and fairly to the point where the dog makes his grab. Before the teeth have reached their target, the dog, weight permitting, is jerked from the ground. As in coping with some of the aforementioned problems, the dog is suspended in mid-air. HOWEVER, TO LET THE BITING DOG RECOVER HIS FOOTING WHILE HE STILL HAD STRENGTH TO RENEW THE ATTACK WOULD BE A CRUELTY.

The only justifiable course is to hold him suspended until he has neither strength nor inclination to renew the fight.

When finally it is obvious that he is physically incapable of expressing his resentment and is lowered to the ground, he will probably stagger loop-legged for a few steps, vomit once or twice, and roll over on his side.

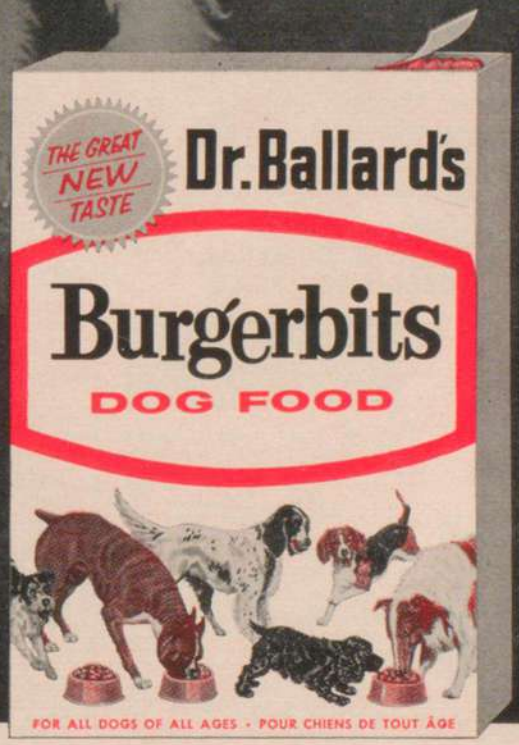

The sight of a dog lying, thick-tongued, on his side, is not pleasant, but do not let it alarm you. I have dealt with hundreds of these "protest biters" and can say, under oath, that even the ones

Kennel Tests Prove New Burgerbits gives dogs the taste they really like...the solid nutrition they need.

The Great New Taste* of Burgerbits

now in "flavour-kernel" form

Here's the dog food that kennel tests proved superior to all others in palatability and nutrition.

Dogs tested preferred new Burgerbits . . . thrived on new Burgerbits.

Here's why:

Increased Fat Content, with an improved fat-protein ratio, gives unsurpassed palatability, maintains glossy coats and healthy skin, helps prevent shedding.

New Flavour-Kernels. Smooth preformed kernels of uniform size and shape eliminate jagged, uneven particles and dust of ordinary dog foods. Spray coating of natural meat fats locks in flavour, protects nutrients.

Aids Digestion. New Burgerbits is expanded to gelatinize starches for easier digestion.

Less Porous. Crunchier consistency helps keep teeth, gums and jaw healthy . . . absorbs liquids without getting mushy . . . feeding pans clean easily without scraping or scouring.

Exceeds NRC Requirements for daily nutritional intake, providing a complete and balanced diet.

Feed Dry or Wet. Kennel tests prove that many dogs prefer Burgerbits dry. Fed wet, Burgerbits retains the crunchy texture and meaty aroma dogs really enjoy.

Special Professional Discounts. As with all of Dr. Ballard's Dog Foods, new Burgerbits carries a special Kennel Discount. Your local representative will be pleased to provide you with details.

Dr. Ballard's

the old timer

"Boy," Said the Old Timer "I'm certainly glad I got my kennel name registered 20 years ago."

With the show season over I'd come across to his kennels to spend the Saturday morning with him cleaning up the show crates and getting them in shape for the next season's campaign. We'd used varnish remover on some of the more battered ones, sanded them down, and then revarnished and he'd start the 1963 campaign with crates that were almost new looking. Now with the job finished we were sitting back chewing the fat.

"And what brings that up?" I asked.

The Old Timer chuckled.

"Just been looking at some of the minutes of the meetings of the C.K.C. board and looking at the kennel names that have been turned down," he said. "Under today's policy I couldn't register the name I've used for 20 years. It's got a descriptive adjective in it. As a matter of fact I don't know how people today can find kennel names that mean anything and get them passed as acceptable to the Board."

"You're kidding," I answered.

The Old Timer grunted, got up from his barrel chair and went over to the cupboard where he files his copies of *Dogs in Canada*. He thumbed through them briefly and then came back with a copy of one of the issues.

"Let's take a look in the yellow pages," he said. "No, not the telephone book, but here where the minutes of the meetings are carried. And let's take a look at some of the reports of the Kennel Names Committee."

He thumbed through the magazine, and finally found what he wanted.

"Now let me make it clear," he said "that I agree there must be some policy in approving kennel names. If you and I have spent years in establishing a kennel name we should be protected against somebody cashing in on the time and money we've spent by using a kennel name that can be confused with ours. The names of famous people should be protected. There should be good taste. But some of these reasons for refusal are beyond me. I'd like to know the thinking behind the policy."

"Okay, let's have a for instance," I suggested.

"For instance you can't use a kennel name that has a color in it," he said.

"Why," I asked.

"I don't know," said the Old Timer. "For the life of me I can't find how that would be prejudicial to another kennel or why use of a color would not be in good taste. But applications for Blue Grass, Gold Crest and Silver Dot all were rejected. And here's another one. You apparently can't use a descriptive adjective — so Small Dear's and Wag Happy went out the window."

"Tell me more," I suggested.

"Well here's one that's rejected because it includes a name commonly used in the naming of dogs. That one is Su-San. You've been at a lot of shows and how many dogs have you seen registered as Su-San? However even if that one hadn't been unacceptable on those grounds it would have been out on another one — that of being a proper name. We find Pollyanna turned down under that category so I suppose Susan would be out also."

"Any more?" I prodded him.

"Plenty," he said "For instance initials appear to be out and we find an application to register J.D.J.'s is out. And place names — so an applicant is refused the right to register the kennel name Rampart House because there apparently is a place called Rampart which I and probably you have never heard of. And finally a kennel name that suggests a breed or a group is out. So people who applied to use the name Kum Pekin, Pei Koeu, Reidane and Glueck Hund had to go searching for other ones."

"And that's the list?" I asked.

"No," said the Old Timer "there are more. Kwintee refused, for instance because phonetically it resembles the kennel name Quinte already registered. Justara refused because there is apparently a Justa Kennel and Fairy Echoes because it would appear there already is an Echo kennel, and the plural of Echo, particularly when it's associated with fairies, seems to be out.

"Actually, though," said the Old Timer "I'm in favor of scrutiny of kennel names. I think they should be in good taste. I think they should not infringe on the rights of others. But things can become too regimented; so regimented that they become discouraging and take the fun out of sport. And I wonder if we're not reaching that stage when you find at one single meeting of the CKC board that a total of 70 applications for kennel names had been turned down.

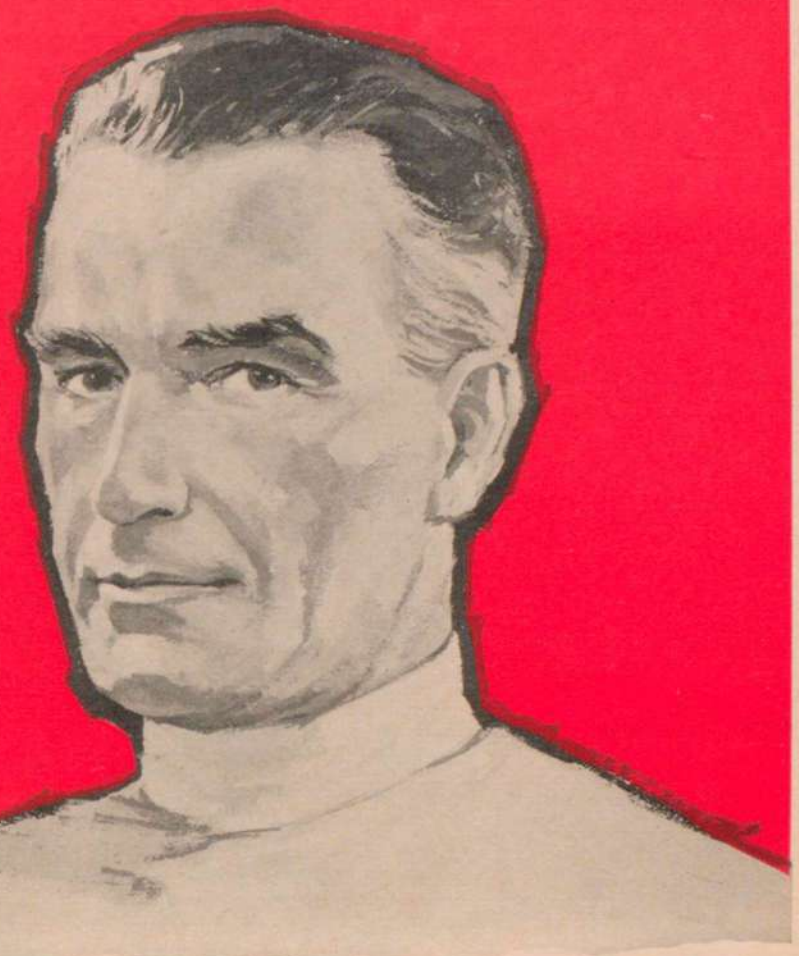

"I wonder a little more when I read the report of the Kennel Names Committee in conjunction with a motion immediately preceding it in the minutes."

"And what's that motion?" I asked.

"Boy, you should read your minutes," The Old Timer said. "It was moved and approved unanimously that the application for registration of a kennel name be amended to make it clear that regi-

OBEDIENCE

Ed. O'Brien, Canfield, Ont., is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed Judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.

RESOLUTIONS, ANYONE?

By the time this is printed we will have started another year. For my readers, I hope it will be both a happy and a prosperous one.

This is the time for good resolutions, and I've been wondering what ones we, the Obedience group, should make that will have an effect on our favourite sport? A large number of new folk will be trying Obedience for the first time, and our attitude toward them and the manner in which we conduct ourselves, is bound to affect their enjoyment of the trials. So let us, the old guard, set a good example to the beginners. Let us show them that in competition we can smile and mean it, win, lose or draw.

Where we can help, let us do so willingly. If we don't know the answer to a particular problem, let us say so, for wrong advice can soon discourage the beginner. None of us knows all the answers, and we need not feel embarrassed about admitting lack of knowledge.

There are a few other points we should watch, for the general good of the game. One, let's quit making excuses for ourselves or our dogs. If we did a poor job of handling in the trial, or the dog failed to qualify for any other reason, let's just admit it: no more excuses.Secondly, are we as a group just a bit inclined to gripe about the decisions of our judges? Naturally this is more noticeable when our dog fails to score as high as we expected: practically no one complains strongly if Fido's score is ten points higher than we had mentally marked him ourselves!

When we complain of the judge's decision, before a new competitor, we run the risk of having the newcomer feel that we, as experienced handlers, can't be very smart if we continue in a game when we feel the judge is crooked or incompetent. Let us remember that when we enter our dog in a trial, we declare our belief that the judge is both honest and competent. Should circumstances prove otherwise, then the place for complaint is The Canadian Kennel Club. If the complaint is a legitimate one, it can be taken to the Complaints Committee of the CKC so it is best to drop the subject at the time, so as not to spoil the enjoyment of the trial for the new competitors.

Judges are not infallible: they would be the first to admit this. They do make the odd mistake, but these are, in nearly every case, honest mistakes. After many years of competing and judging, I can recall only one case of straight favoritism by a judge. I honestly believe that the judges, with few if any exceptions, are hopeful for every dog coming into their rings and are disappointed when a dog does not qualify.

A judge has a lot of responsibility on his shoulders and a great deal more is required of him than the ability to call out orders. He needs to feel that he has been asked to judge because his decisions and opinions are respected. Should it prove that this respect has been misplaced, particularly if a definite infraction of the rules has occurred, then a complaint can be made to the proper authority and other clubs are thus protected against such a judge.

Every judge needs the help of competent ring stewards. It was rather surprising to me to read a letter in which the writer strongly objected to a judge supplying his own ring stewards, seeming to feel that if a judge prefers his own ring stewards it is, in a way an insult to the trial-giving club. I am sure this is never the intention, for each judge only wants to give the best service he can to the club which has chosen him.

In most cases I have been fortunate, when judging, to have had the support of excellent ring stewards. For the first few years I had two Oshawa girls with me on most of my assignments. We worked as a team and I doubt if our time for judging a given number of dogs has ever been beaten. With all due respect to the many fine helpers I have been given by clubs, I still feel that a team accustomed to working together has a terrific advantage over a judge and ring stewards who are unfamiliar with one another's ways of working.

Here is a thought for the New Year: how about the training clubs establishing classes for ring stewards, so that they will be well-versed in the procedure expected of them from the beginning of each trial, right through to the end.

A Happy New Year to all: men, women and dogs! ■

Sometimes its harder to be a good winner!

Is your dog bone-hungry, too?

MILK-BONE satisfies the bone hunger of your dog.

A dog needs to chew, and knows it. In the absence of a bone, even the best-trained dog will find something else to chew—often something he shouldn't. But there are few bones in today's kitchens. Many that *are* available are not safe or good for your dog. That's why the modern dog goes bone-hungry.

The answer is MILK-BONE—the biscuit with the real bone shape that makes wonderful chewing, without a real bone's tendency to splinter or upset the digestion. MILK-BONE also gives your dog all the important nourishment found in milk, meat, bone-meal and vegetables. Get MILK-BONE in the biscuit size that suits the size of your dog—regular or large.

FREE SAMPLE: FOUR MILK-BONE BISCUITS! WRITE TO ADDRESS BELOW:

RETRIEVERS

IN THE FIELD

Ruth Copeland is one of the best-known participants in field work in Canada, and is perhaps best able, through her intimate knowledge of sporting dogs at work, to describe a trial from the standpoint of color, excitement and the fine points of an event. She is a real outdoor girl, a fine sport under any weather or field conditions.

NATIONAL RETRIEVER CHAMPIONSHIP STAKE 1962

Winner was an eight and a half year old black Labrador male, National Champion 1959 and 1962 Rhett of Coldwater 2nd, owned by Hal Straight of Vancouver, bred by G. Shaler. Rhett is the first dog to win the National twice. His popular handler on both occasions has been Ken Gibson. We understand that this great Retriever is to be withdrawn from active trial competition, but wish him many happy years of hunting and retirement. Those who attended the trial give high praise to their hosts, the Saskatoon Retriever Club, for a wonderful welcome and hospitality and for the flawless mechanics of the trial.

ST. JOHN DOGS?

Along the coast of Nova Scotia, notably S.W. Port Mouton and Port LeHerbert, there are numerous Labrador and Chesapeake "type" dogs. They are said to be natural water dogs and used for goose and duck hunting. Could these Maritimers be unpedigreed descendants of the original stock or are they more recent outcrosses from registered Retrievers? One fisherman, whose 13 year old female died last year, described her as half Newfoundland and half Labrador. She had the dense undercoat and webbed feet of these cousins, was a powerful swimmer, a much loved pal of the local children and an ardent retriever during the goose season. He knew of no registered ancestors in her family tree.

ONTARIO LICENSED OPEN ALL-AGE STAKES 1962

There were 17 Open Stakes during the year, with an average entry of 32 dogs. Largest entry, with 41 starters, was had by the York Retriever Field Trial Club in the Open Stake; this club also holds a Limited All-Age. Forty-one individual dogs earned points, and an additional nine dogs that did not make points received Awards of Merit. Eight dogs completed Field Trial Championships.

The Whittaker Memorial Trophy and accompanying Ontario Field Trial Clubs' Keepsake Trophy, for the top scoring Ontario owned dog in licensed trials held in Ontario, was won by William C. Kitchen of Toronto with his splendid three year old black Labrador male, F.T.Ch. Coleraine's Thunder Rock (Ch. Knoll Top's Cloud of Annwyn ex Coleraine's Stormy Weather). His score, made in 10 starts with three first places and two Certificates of Merit, was 15 points. Runner up, another three year old, very stylish black Labrador male, was Ch. and F.T.Ch. Blyth's Pat, owned and handled by Len Ikonen of Kitchener. Len received the award made by the Niagara Peninsula Retriever Training Club for the top-scoring member's dog to be entered in the National Retriever Championship Stake.

DUAL PURPOSE

Combining beauty with brains is a breeder's goal not easily attained. Ch. and F.T.Ch. Blyth's Pat is the fourth Labrador to come from the kennel of Mr. and Mrs. Robt. L. Blyth that has gone on to earn dual titles.

POPULATION EXPLOSION

There are never too many top quality Retriever pups, but even the best may become difficult to place and serious breeders discouraged, if the market is flooded or down-graded by ignorant or greedy breeders.

Retriever breeds in Canada have enjoyed a comparatively satisfactory record for working ability, good looks, hereditary soundness and temperament. It is to be hoped that the virtues that have made these breeds so popular may always be maintained.

Probably a majority of breeders cull pups with undesirable characteristics, but perhaps more care should be exercised in placing natural females. For the good of the breed and rather than let them fall into questionable hands, it would possibly be better to destroy more bitch pups at birth or have them spayed later on.

Good dams owned by responsible breeders are the foundation of a breed; and anyone acquiring a female for breeding purposes should carefully investigate bloodlines, performance and appearance of the parents and choose the best available specimen. In the opinion of many, bitch pups, when obtainable, should be priced higher than males and placed only with people who will value them and properly care for and place their offspring. Incidentally, the owners of stud dogs should probably more often dis-

CH. (CAN. AND AM.) TRELEAVEN'S HOT STUFF

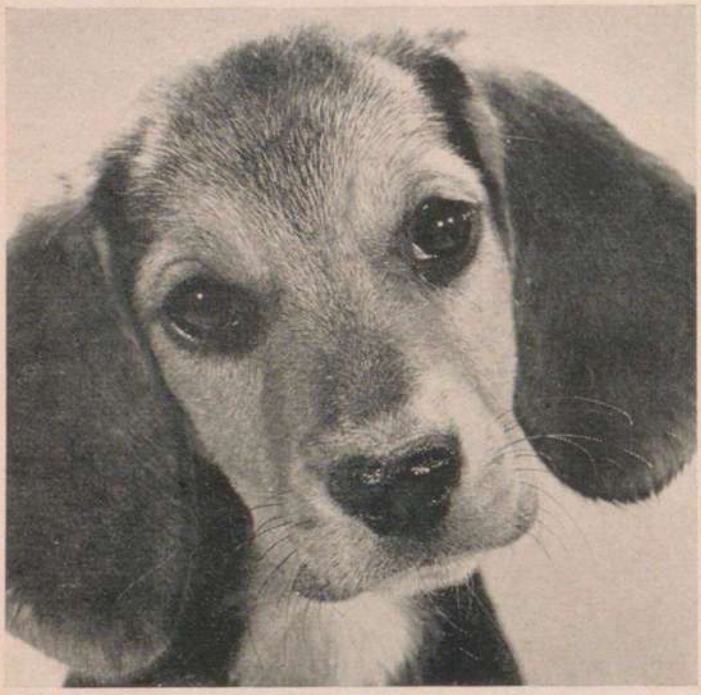

This superb Scottish Terrier is owned by John Treleaven, R.R. #1, Todmorden, Ontario.

Photographed by E. L. Taylor, 4 Cluny Drive, Toronto 5, our official photographer.

DOG OF THE MONTH BY Taylor

"I hope it's JUBILEE for dinner!"

JUBILEE
IS ALL-BEEF
with 15% meat protein

Jubilee dog food is specially prepared to help keep dogs healthy . . . clear-eyed and perky. It's 100% pure beef by-product with 15% meat protein — twice as much as other leading dog foods. Jubilee forms a natural base for individual feeding formulae; it's easy to use and provides wholesome nourishment at low cost. Available in 25 and 50 lb. cartons.

JUBILEE IS PRODUCED UNDER GOVERNMENT INSPECTION AND QUICK FROZEN TO STAY FRESH!

For more information call:
Canada Packers Limited
2200 St. Clair Ave., West, Toronto 9

THE HUMANE SOCIETY

BY TOM HUGHES

Eighth in a series by the General Manager of the Ontario Humane in which he decries children's cruelty to small animals.

A 17 year old boy lost his temper, seized a meat knife and stabbed a dog five times. The reason? He wanted to stop a dog fight.

Two 15 year old boys tied a rope around the neck of a dog and hung it from the branch of a tree. The dog eventually died, a slow agonizing death.

Boys in North York, Ont. poured gasoline over a cat and burned it to death.

A four year old boy beat a kitten to death while his mother watched without interfering. Questioned, she said, 'Its only a cat'!

The Principal of a large school in Ontario with many years of experience teaching in reformatories said "inmates of Reform Schools almost always begin their life of crime with acts of cruelty to defenceless animals".

And finally in 1961, 15,000 children were brought before the Juvenile Courts of Canada.

I could go on recounting stories of children's cruelty to animals but I feel it is unnecessary. These few cases will serve to prove, if proof is needed, that a child is capable of any cruelty if he or she is not taught to have respect and compassion for life, human and animal.

The late Mrs. Eleanor Roosevelt said 'It seems to me of great importance to teach our children respect for life. Towards this end cruelty to animals must be stopped'. —

So many people pay lip service to this principle. So very few actually do anything about it.

Throughout Canada a comparatively small number of people have not been content with words. Instead they have acted and the results they have obtained have been out of all proportion to what one would expect them to achieve — and very encouraging.

One good example is Mrs. Elsie Murray, the well known breeder and judge, of Vancouver.

Mrs. Murray, working almost single handed, has organized a highly successful group of boys and girls under the name "BC Junior Kennel Club."

Obviously Mrs. Murray has enjoyed the active support of many other people, from time to time, but she alone has, very largely, carried the heavy work load of organizing and running this highly

successful junior group. I have seen Mrs. Murray in action with her children and their dogs and I can vouch for the firm discipline she maintained at all times without unnecessary strictness. The B.C. Junior Kennel Club teaches children how to care for their dogs – how to feed, groom, exercise – and how to train the dog in obedience. It must be very gratifying for Mrs. Murray to see children who have begun this real 'life with animals' as a member of her group, go on to become first class handlers, exhibitors, and trainers. Many of her members have won numerous awards, particularly in obedience.

In the years that I collaborated with Frank Wade to put on the CBC TV show 'Kennel Club', Mrs. Murray has frequently brought 15 to 20 boys and girls and their dogs into the studio to take part in the show, to demonstrate proper handling of dogs. More important, they were demonstrating very vividly how children, properly taught, have nothing but respect and affection for their pets. Affection which, incidentally, doesn't disappear when some unpleasant chore has to be undertaken!

There are others in Canada following the same lines as Mrs. Murray – Gordon Brackett in London, Ont. is one. Only shortage of space prevents me mentioning more. But they are only a pathetic handful.

When you read of children torturing, abusing and neglecting animals your reaction is probably "Somebody should do something".

I have news for you! *You* are that *'Somebody'* – There is no one else.

What should or can *you* do? *You* can form a junior group and go to work instilling sound ideas of respect, compassion and affection for animals into the minds of young people. It's hard work but you can do it.

The humane movement, because it sees the results of children's cruelty, has always advocated programs of 'Humane Education'.

I would expect that people with the necessary knowledge and interest could be found amongst the readers of *Dogs in Canada*! If you are willing to help, get in touch with your local humane Society. If they don't have a Junior Program (and don't forget, they have personnel problems too!) contact the Ontario Humane Education Society, 45 Avenue Rd., Toronto, Ont.

You can bet your bottom dollar that a member of the 'Junior Kennel Club' will never hang a dog or knife one to death . . . just for kicks!!! ■

QUOTING THE LATE MRS. ROOSEVELT

"I would like to join all those who sympathize with the principles of humane education and urge you, as President of the National PTA Congress, to include a discussion on this vital matter and reinstate humane education on the program of the PTA.

"It seems to me of great importance to teach our children respect for life. Towards this end, experiments on living animals in classrooms should be stopped. To encourage cruelty – in the name of science – can only destroy the finer emotions of affection and sympathy and breed an unfeeling callousness in the young towards suffering in all living creatures".

(from a letter to Mrs. James C. Parker, quoted from Town & Country Magazine and Reverence for Life Magazine, November, 1962).

DEAR ABBY

I am ten years old and have a Boxer dog named Mert. I love her very much and sometimes I kiss her. I never kiss her on the mouth. I kiss her on the forehead. My parents say it is stupid and not even clean. Mert is clean as a person, Abby, and I don't see anything wrong with kissing her. What is your advice? DOG KISSER.

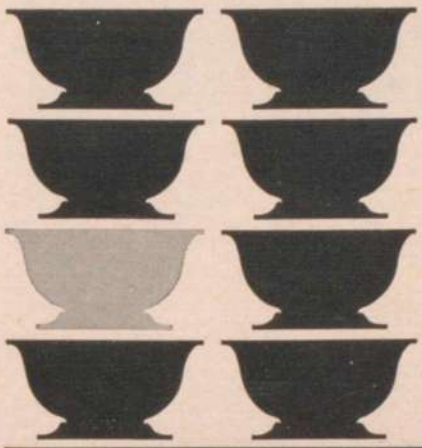

DEAR KISSER. Obey your parents, Honey. A vet once told me that people shouldn't kiss dogs because dogs are apt to get something from people! So if you love Mert, hug her, but don't kiss her.

(Courtesy Dear Abby, The Telegram)

"Doctor," said the nervous owner, "I'm worried about my Great Dane. He goes around all day cleaning out the ashtrays."

"Never heard of such a thing before. But if he's such a help to you, why worry?"

"But doctor – he doesn't chew the butts – just swallows them!"

1962 WESTMINSTER WINNER... and still another

PERVINAL®-fed champion

7 out of the last 8 Best-in-Show winners at Westminster have been Pervinal-fed, a remarkable record for this nation-wide competition. Ch. Elfinbrook Simon is the latest addition to this list.

1962 WESTMINSTER Best-in-Show
Ch. Elfinbrook Simon
West Highland White Terrier
Owned by: Miss Barbara J. Worcester
Little Falls, N. J.

Why do more and more owners, trainers, breeders, handlers rely on PERVINAL as a valuable dietary aid for conditioning champions? Because today's improved vitamin - mineral - bioflavonoid - lipotropic PERVINAL formula contributes more than ever before to help **your** dog achieve the good nutrition needed for . . .

normal growth and reproductive function • good digestion and elimination • sound teeth and bones • full, glossy coat • clean skin, clear eyes • better nerve and muscular coordination.

PERVINAL is available as Powder or Syrup.

APPLICATION FOR REGISTRATION OF KENNEL NAMES

(NOTE: The following names may not be accepted as registered kennel names:

(1) any name which is registered as a kennel name with The Canadian Kennel Club;

(2) any name which is registered as a kennel name with any other kennel club with which The Canadian Kennel Club has working arrangements with regard to mutual protection of kennel names;

(3) any name which is phonetically identical to a name registered as a kennel name with The Canadian Kennel Club;

(4) the word "Royal" either as a whole or as a part of a name;

(5) the name of any Post office in Canada; or any name listed in the official Canadian Railway Guide (except in the case of a place with a population of not over 1,000 and not located within 100 miles of the applicant's residence and kennel);

(6) any geographical name or place in Canada apart from the exceptions immediately preceding;

(7) a qualitative or descriptive adjective (unless it is one not normally used in naming dogs);

(8) a colour, by itself, or in combination with other letters or word or words (unless it is a colour which is not normally used in naming dogs);

(9) a name of a specific breed or breeds or group, or any name which is indicative of a specific breed or breeds or group;

(10) any name which, in the opinion of The Canadian Kennel Club, is misleading as to origin or relationship; or is confusing.)

The following applications for registration of kennel names have been received by The Canadian Kennel Club. Any objections to same must set forth details of the objection and must be received by the Secretary, 1173 Bay Street, Toronto, Ontario on or before February 10, 1963.

1. Allenstaff; 2. Delirock.
1. Circle B; 2. Diamond Collar; 3. Lake Vista; 4. Ponderosa.
1. Clarebrook.
1. Del View; 2. Del Park.
1. Detmold.
1. Duncanbrae; 2. Dunscroft.
1. Grunjon; 2. Robalard.
1. Hi-Haven; 2. Marjhi; 3. Hikim.
1. Kardome.
1. Kranwood; 2. Kranson.
1. Lochielden; 2. Lochmaben.
1. Marichar; 2. Charwar; 3. Woodmar; 4. Marwood; 5. Charwood.
1. Maronel; 2. Baimar; 3. Baifield; 4. Windrow; 5. Woodhue.
1. Mercer's.
1. Myra Lee; 2. Al-Myra-Lee.
1. Pegbert; 2. The Workshop.
1. Pettswood.
1. Phillip's; 2. Kokokan; 3. Kaikido.
1. Rospan; 2. Robspan; 3. Beau Valley.
1. Sansegal; 2. Sanse; 3. Meriguet.
1. Seanakearns; 2. Double K.
1. So-Hi.
1. Texanda; 2. Texsanda; 3. Texana; 4. Texsana.
1. Thomery.
1. Twin Cedar's; 2. Zip; 3. Lambardo.
1. Valleycrest.
1. Valley High; 2. Huttvale; 3. Hutthaven 4. Kanaka Kreek.

1. Xalmes; 2. Topaz.

Detroit Kennel Club

will hold the

FIRST DOG SHOW in beautiful **COBO HALL**

SUNDAY, MARCH 3

Battle Creek Kennel Club

SATURDAY, MARCH 2

TWO GOOD MICHIGAN SHOWS

Superintendent — Bow Dog Show Organization.
9999 Broad Street, Detroit 4.

ENTRIES CLOSE FEBRUARY 19

1962 Honor Roll

MARCH Issue

The Parade of Top Winners in Shows, Obedience and Field Trials. Special low rates. See Page 67.

WESTMINSTER KENNEL CLUB ★ *87th Annual Dog Show*

MADISON SQUARE GARDEN, NEW YORK

Monday and Tuesday, February 11 and 12, 1963

Entries will be limited to 2,500 dogs. No entries can be accepted, cancelled or substituted after the limit has been reached. No dog under one year of age may be entered at this show.

AMERICA'S BLUE RIBBON DOG SHOW

WESTMINSTER KENNEL CLUB

22 EAST 60th STREET, NEW YORK 22 **Telephone: PLaza 3-9535**

Superintendents: Foley Dog Show Organization, Inc.

4,372 REASONS WHY YOU SHOULD REGISTER EVERY PUP YOU SELL

Start with one unspayed female dog	Births
During the first year she (first generation) produces four puppies, two of them females	4
In the second year, production of first and second generation females is 12 pups six female	12
In third year, production of three generations of females is 36 pups, 18 female	36
In fourth year, production of four generations of females is 108 pups, 54 female	108
In fifth year, production of five generations is 324 pups, 162 female	324
In sixth year, production of six generations is 972 pups, 486 female	972
In seventh year, production is 2,916 pups, 1,458 female	2,916
Total progeny of single female in seven years,	4,372

These statistics were presented in the July, 1962 issue of *News of the Humane Society*. Although some female puppies will not eventually produce litters, many will produce larger litters than are here estimated.

WINTER CARE FOR YOUR DOG

Dogs grow thicker coats in winter, particularly if they spend a great deal of time outside. Like woollen clothing, this coat will protect him against the cold, but should be groomed regularly to remove foreign material and stimulate the skin, remind Ken-L Ration experts. They also point out that your dog's appetite may nearly double during the winter months. This extra food supplies the energy and calories to keep him warm and helps grow and maintain a healthy coat.

Other pointers: if your dog lives outdoors all year, repair any cracks in the dog house and insulate it with metal, cardboard or thicknesses of paper. Straw bedding helps insulate the floor. Use baffles to break the draft from the doorway. A dog house should be small enough to permit the dog's body heat to warm it through, yet large enough to permit him to turn around when he's inside.

Be careful of your dog's feet in wintertime. Ice and snow may freeze between his toes and cause painful irritation. Rock salt may also cause irritation and is especially harmful to a dog's eyes.

NEW ESBILAC FORMULA

A new formula for Borden's Esbilac, a special milk-based complete food for orphaned pups and kittens as well as supplement for growing puppies and other fur-bearing animals, has been announced. The product, available in powdered form, has recently been improved through a reformulation that makes it more soluble when reconstituted with water.

AVALANCHE DETECTIVES

Three young Austrian school children are alive today because of the skill and endurance of a German Sheperd dog called Nicky. They were returning home from school recently when an avalanche tore down the mountain-side into the Tyrolean valley. In seconds they were burried beneath tons of snow. But for Nicky, a trained avalanche rescue dog who can sense or smell a buried person through 30 feet of snow, they would have frozen to death.

Trained by mountaineers, these rescue dogs are schooled first in searching for buried dummies. By the time the "student" is 30 months old, he is fully trained and ready to go to work at a moment's notice. The best of the graduates are then selected for a special parachuting course. They are then qualified to serve with the Helicopter Rescue Corps of the Austrian Green Cross.

GROUP 3 CLUB

A meeting was held recently where consideration was given to forming a Group 3 club in Ontario. Interested people were on hand from Montreal, Rochester, Kitchener as well as a good representation from the Toronto area. Reg. Scott acted as Chairman of the meeting.

It was resolved, after much discussion on why, where and how, to appoint a temporary committee to draw up more concrete plans. Appointed to this Committee were Reg. A. Scott, Dr. W. E. Shute, Stan Whitmore, R. Bremner and Mrs. J. H. Daniell-Jenkins. Helen Scott was appointed to act as temporary Secretary.

Several people, although not breeders of Group 3 dogs but who represented various phases of dogdom, spoke words of encouragement. Among these were J. W. MacCallum, *CKC;* Thos and Edna Joel, *Judges;* Archie Warnock, *dog foods;* and Phyllis Smith, *Dogs in Canada*. Dr. Clement spoke on behalf of *veterinarians at shows*.

GOING TO PRESS NOTES

Provincial Irish Setter Club officers for 1963: President, Mrs. Gertrude Drew; Vice-President, Mr. A. H. Lake; Recording Secretary, Mrs. Dawn Miller; Corresponding Secretary, Mrs. Mary Lake; Treasurer, Mrs. June Pugh.

Progressive Kennel Club of Canada Inc. executive for 1963; President, Mrs. A. H. Lake; 1st Vice President, Mr. Roy Dewsbury; Recording Secretary, Mrs. Gertrude Drew; Secretary-Treasurer, Mrs. Mary Lake. Directors: Mrs. Anne Clark, Mrs. Gertrude McKenzie, Mrs. Eve Whitmore, Mr. William McDerment.

Show Superintendent and Show Committee Chairman, Mr. Ken Clarke; Show Secretary, Mrs. Mary Lake; Trophy Secretary, Mrs. Eve Whitmore; Membership, Mrs. Grace Campbell; Auditors, Mr. Whitmore and Mrs. Walter Brown; Social, Mrs. Maude Symons; Publicity, unfilled. Meetings: last Wednesday of every month.

Bigger entries!
Larger attendance!

Clubs advertising their shows find dreams like this come true . . . when shows are advertised well in advance in *DOGS*

It was quite agreeable to me to accept the invitation to write an article on the various breeds of the Toy Group. A few years ago I think I held the same ideas about Toy dogs as do too many people today. As a dog lover one could tolerate these little dogs, but let us have DOGS. As I became better acquainted with the various Toy breeds I more and more grew to respect them and to realize that, despite their small stature, no group of breeds could out match them in spirit, loyalty and lovableness. True, none of them could rescue even a small child from drowning, except by barking an alarm but I have on many occasions seen a small Toy vigorously standing up to a large dog and defying this Dane or Shepherd to do anything about it. And as a watch dog, Toys are tops. In the show ring I feel quite safe in saying that in eight out of 10 shows the Toy Group is the strongest.

In assessing any Group there are two main factors to scrutinize. One is the actual registration figure of a given breed and the other the number of this same breed exhibited in the show ring.

Canadian-born A. M. FitzGerald began breeding Cocker Spaniels as a hobby, then added Great Pyrenees and Bostons. Besides handling all over the continent, both Don and wife Faye do considerable judging.

Toys are dogs too

As with all Groups, certain breeds will increase both in registrations and ring appearances, while others decrease and registrations do not necessarily govern ring appearances, nor does non appearance in shows indicate a falling off in the general popularity of that breed. However this latter does make it difficult in writing an article of this type, to properly assess the quality of specimens now as against those of a few years back.

This statement applies very much to several breeds in the Toy Group, and I would like to discuss these breeds first, rather than in their alphabetical order in the Group. So few of these have appeared of late, either in Canada or the States that comparisons are very difficult. Affenpinschers, an extremely cute and bright dog, appropriately called the Monkey Dog, are rarely seen today. I personally have not seen one in a show since May of last year. These two were exceptionally good ones, but hardly gives one a chance to evaluate as a breed. The same applies to those other two dogs, long and smooth coated Brussels Griffon, similar to the Affenpinscher in appearance and cuteness. The first Toys I handled were two Brussels Griffon and I always remember them, especially the male who went to the States and made a terrific name for himself. Now one will see the odd Griffon appearing long enough to finish, then retire but there are not enough shown consistently to truly appraise as a breed.

A few years ago there were always English Toy Spaniels in the shows, Rubies, Blenheims and King Charles all appeared, then quite suddenly none would appear and today any of these specimens are a rare sight at one of our shows. The same applies to the Japanese Spaniels, somewhat similar to the English Toy at first glance but not to be confused with them. I presume that various factors have contributed to the diminishing appearance of these breeds. I have been told that whelping troubles is one.

There is one other Toy, the Italian Greyhound, which is not seen too often, as far as numbers go. There is usually one or two in a fair number of shows, so ringside is acquainted with the breed, but there still are not enough to make a good evaluation. A few years ago they would appear, not in great numbers but still consistently, and usually of very good quality. I feel that today the exhibitors who are conscientious about their breed are showing truly excellent dogs, quite on a par with those of the past and proving to be consistent placers in the Group. On the other hand, advantage is being taken of the lack of competition to put through dogs of inferior quality, much to be regretted.

Chihuahuas have held up well for a long time in the ring and are, of course, in the top bracket in registrations. The Long Coated variety does not seem to have the same popularity as the Smooth but those shown are, on the whole, good sound dogs, well on a par with those shown a decade ago. I think the Smooths have, over the whole, improved in general quality and we see better dogs, with straighter backs and legs than before.

The Maltese is quite an enigma, not only as to origin but to its place in popularity and standing in the Toy Group. Various theories as to the origin of this remarkable little dog have been put forth. It is not my purpose to go into the Maltese background, other than to say that all authorities agree it is an "Ancient Dog" and despite efforts on the part of some breeders to change, radically, the size, this dog was small enough to be carried in the sleeve of its mistress. At one time apparently other than white coloured dogs existed, but today we have only the all white Maltese. Unquestionably the general quality of Maltese on this continent has been constantly improving, in body structure as well as coat. He is an active aggressive dog, full of life and mischief, very intelligent and loving. In the show ring he should be a "ball of white fire", never passive but showing a true terrier spirit and ready to do battle with others, preferably a big dog. I feel that once the controversy over size is settled, an all round better dog will emerge, definitely better than his predecessors.

Another very interesting, even exciting dog, which is rapidly increasing in popularity, is the Papillon, or Butterfly dog. Not so long ago one was hearing over the loud speaker a call for the Pa-pillon, or Papalon, and one member of the breed would enter the ring. Today, when the Pap-ee-on (the closest way of putting the pronunciation, that I can devise) is paged, quite likely there will be several to be judged. Of two distinct types of ears, the spread or butterfly wing, ear, is by far the more popular and certainly the more beautiful. The breeders have taken on this breed in a serious manner,

more on page 58

Terriers are tops

John Devlin, Jr., Thornhill, Ont., is an all-round judge and a judge of Spaniels in the U.S.A. He has bred Cocker Spaniels, Irish Setters and currently Scottish Terriers.

The Terriers are a very interesting group of breeds which can be used for various purposes if put to their proper use, such as hunting, ratting and fighting. Although this last classification is not used at the present time, pit fighting was a very popular sport at one time and dogs were bred for this purpose alone.

A far cry from this type of breeding is a new use for the terrier breeds as an Obedience dog, although some of our old time breeders do not agree with this. However, obedience training is certainly gaining in popularity. The All Terrier Club of Canada feels that anything that will popularize our breeds should be supported and therefore have offered a trophy for the dog obtaining the highest score for a terrier competing for his C.D. The All Terrier Club of Canada also holds a Specialty Show and a Booster Show each year to encourage the showing of the breeds in Group 4.

It will be found that terriers are usually being considered for top honours in our shows, and do their fair share of winning Best in Show and Best Canadian Bred in Show. To prove this point one of our breeds, a West Highland White Terrier, was tops in 1961, taking Dog of the Year. I understand this same dog may repeat this honor in 1962. The Terriers are a very interesting Group. These breeds can be used for various purposes if put to their proper use, such as hunting, ratting and fighting.

AIREDALE TERRIER

Airedale Terriers, over the years, have passed through various stages of development. There have been the large coarse dog and also the small and light type down to the dog that is shown today. It is felt that much of the credit for the present day Airedale should be given to an old time breeder, Syd Perkins, who in the 1930's had much to do with popularizing and improving the quality of this breed. Airedales, during this period, became one of the most popular dogs, good in quality and large in quantity. The Airedale is the largest and hardiest of all terriers, good natured and lovable with children, and seems to be gaining in popularity. They can be used for various purposes, for hunting, as watch dogs and as pets. Airedales have been regular contenders at our shows and are usually found somewhere in the Group placings. The present-day breeders are to be given credit for maintaining their fine quality.

AUSTRALIAN TERRIER

This breed has become more prominent at the shows in the last few years. The Standard of the Australian Terrier has been recognized in Canada for about 15 years. This breed originated in Australia about 100 years ago. Breeders today are producing dogs of the accepted colors but I have found that the types vary.

BEDLINGTON TERRIERS

The Bedlington is a breed that has not become popular enough and is seldom shown in Canada. I have judged some very good ones that could hold their own with the best in the Terrier group. At one time I seriously considered breeding these fine dogs.

BORDER TERRIERS

These dogs are rarely seen in our dogs shows in Canada today. Therefore, it would be hard for me to assess this breed.

BULL TERRIERS (WHITE)

This breed has had its up and downs in the years that I have been showing and judging dogs. He is an easy going but tough customer. A good one always stands out among his competitors.

CAIRN TERRIER

This little fellow has been very popular for many years and has always been a very good competitor with any breed. Our Canadian breeders are to be congratulated for their persistance with their breeding program and having purchased or imported excellent specimens to improve their stock. Our Canadian dogs have consistently been able to meet competition both in Canada and at the American shows and to stand up with the best.

DANDIE DINMONT

This is another breed that we seldom see in Canada. We did have one interested breeder locally whose plans may have helped make this breed more popular, but we lost them to our neighbours to the south.

FOX TERRIER (SMOOTH)

Another breed that has dropped by the wayside and is not seen in great numbers at today's dog shows. A few years ago they were much more popular. Even now, periodically, a really good one pops up. When I was a youngster this dog was one of the breeds that was usually found running at large on the street. Nowadays in my travels, I rarely see one on a leash or otherwise.

FOX TERRIER (WIRE)

This breed has been a strong competitor for many years but in the last few years has not been too active in competition, but we still see some very good ones. This is another breed that was popular in very recent years. For anyone wanting a dog full of pep, this is one of the best.

IRISH TERRIER

The Irish is rarely seen at dog shows. At one time he was a very popular dog nicknamed "the Mick". In the last ten years he has almost disappeared. Last year, if my memory serves me right, during my judging assignments I had one occasion to judge a single entry.

KERRY BLUE

The Kerry Blue Terrier lost one of its strongest supporters in the sudden death of Mrs. Eileen McEachren who, through her extensive breeding and importing program, accomplished a great deal for the breed. Many other breeders of these dogs felt that she had an unfair advantage over them and that without her competition they would progress further. I have judged this breed numerous times

By LAWRENCE ELLIOTT

The great alaskan dog

-sled derbies

Brand-new to Alaska, I stood on an Anchorage street corner one morning in February and gaped as a parade of trucks dumped a mountain of fresh snow squarely into the middle of Fourth Avenue, the main thoroughfare.

"What's that all about?" I asked someone.

"The dog-sled races," he said.

All innocence, I had been caught up in the mania to which Alaskans joyously submit every February and March. I learned that some 25 crack mushers from points as far-flung as Nome, Barrow and Wayland, Mass., would soon be in hot pursuit of $7000 in prize money. By mid-afternoon, I was wedged into a scant sliver of sidewalk, pressed by a three-deep throng that flaunted the colors of this year's favorites and, at two-minute intervals, broke into thunderous cheering as still another team tore from the starting line.

The tumult was irresistible. I suddenly found myself craning from tip-toe and yelling like a sourdough. And when the last sled had disappeared around the corner of Cordova, I rushed off with everyone else, bound for the nearest television set and the lap-by-lap drama of the race as it was flashed back by mobile camera crews along the 25-mile trail.

It was Fur Rendezvous time in Anchorage, a week of Mardi gras and mounting excitement. The long, lonely winter was ending. In from the bush and flushed with their hopes for the coming spring were trappers, homesteaders, Eskimos and Indians by the thousands, their ranks swelled by tourists plainly awed by the spectacle of Alaska at play. There would be beauty contests, Eskimo dancing, days of potlatch and nights of revelry — something for everybody. But for everybody, the high point of Rendezvous is the World Championship dog races, just as, a month later, the North American Champion Sled Dog Races climaxes the Fairbanks Winter Carnival. For to Alaskans, all the ardor and intensity of a World Series, Rose Bowl game and Irish Sweepstakes are fixed on the three-day running of their great dogsled derbies.

The competitors are months in the preparation. In remote villages along the Yukon and Kuskokwim, in the snow lands beyond the Arctic Circle, Eskimos and Indians take aim on the championships in early fall. Likely dogs are relieved of workaday chores. They are raced across the tundra to build speed, then set to hauling logs and great ice blocks to give them staying power. Now come the preliminary heats, out of which emerges the top local musher. On him are pinned all hopes for village glory — and to him is offered as significant a gift as a native can bestow: a pick of any among the community's 1500 or more racing dogs. A favored dozen-odd dogs are finally chosen, pampered, toughened, their weight and condition checked regularly, their dried salmon diet fortified with gruel, milk, even vitamins.

Most Eskimo dogs are Husky or Malamute strains, 50-odd pounds of fighting heart. The magic ingredient, though, lies in finding the nine, ten or eleven who work best together, then coordinating them behind a leader who will set the pace and swiftly respond to the driver's cry of "Gee!" or "Haw!", the only control he has over the high-spirited team.

Soon the inter-village races are in full swing. Dogs are shifted from this spot to that in the team as the heat of competition reveals weaknesses or unexpected strength. And when the time of testing is over, on to Anchorage — then to the big races at Tok Junction and Fairbanks — go the best teams of each region.

Although Eskimo or Indian mushers have won nine of the twelve Anchorage-Fairbanks races since 1956, a stubborn dedicated contingent of white men, fanatics all, stand ready for another try at beating the hardy Eskimo at his own game. They have spent uncounted hours training their dogs, usually beginning by harnessing a team of Huskies to an old auto chassis and crying "Mush!" They have run up to 2000 suburban miles behind their sleds. And now they face three consecutive days of racing, 25 miles a day (in Fairbanks, the course is 20 miles on the first two days, 30 on the last), under conditions calculated to be true to the old trap-line tradition: hills a-plenty, frozen river crossings, uncertain turnings and unexpected hazards.

There is prize money to be won for each day's run, but the coveted championship goes to the team with the lowest elapsed time for all three heats. And the long months of training notwithstanding, there are mushers who have lost all chance at this golden dream before they ever get out of town. Confused by the surging crowds and the city's clatter, dogs have sometimes bucked up the wrong street, oblivious to the driver's pleas.

BY WILFRID SHUTE, B.A., M.D.

Anatomy of the dog

THIRD IN A SERIES BY THIS EMINENT BREEDER-JUDGE, IN WHICH HE DISCUSSES JUDGING.

FAULT JUDGING

One well-known specialty judge of German Shepherds uses a score card and rates each dog according to a scale of points, and places them in each class from the score cards! Another equally respected Specialty judge in the same breed, examines each dog carefully, rates them in comparison with each other and turns off his hearing aid when a questioning exhibitor approaches. Still another all-rounder keeps a score card on each dog with a secret system of his own which, however, serves him so well that he can describe a given dog accurately from his score card years afterwards. I use a sheet for Doberman Pinschers as described in a previous article in this magazine. All of us are accused of "fault judging."

However, each of the first three mentioned follows the Standard of the breed in detail and usually comes out with a quite acceptable job. How else can one judge? We hear the statement made so often that one fault or two should not blind the judge to the all over quality of the dog. Well, of course, it doesn't, although several faults, particularly those that are known to be inherited, should take the dog out of the ribbons.

Obviously, the dog with the fewest important faults should place highest and he does under any type of good judging provided that he has the other characteristics of a good dog — type, soundness, balance and acceptable show temperament.

In taking medical histories one can go into almost unlimited detail. It takes at least two to three hours to take and transcribe such a history. In actual practice, no doctor can take this much time with each patient. The best keep a complete record of each patient by listing in an accepted order what he finds wrong or abnormal. By inference, all findings *not* noted are within normal range. Similarly, with the judging sheet or card. All characteristics not noted are within the acceptable range.

TYPE

Sir James M. Barrie in his classic "What Every Woman Knows" has its heroine Maggie describe "charm" thus. "It's a sort of a bloom on a woman. If she has it, she doesn't need anything else; if she doesn't have it, nothing else matters." I have read all sorts of attempts to define "type" but no one has been able to do it. Yet, if a dog has it, every experienced judge recognizes it. It is not only all those characteristics that make, say, a Great Dane a great Dane but all those factors which make him a beautiful, sound, balanced, showy Great Dane. You see, it's like "charm" in a woman.

But also "Beauty is in the eye of the beholder". One learns what is accepted as beauty by those whose experience and training have rendered them expert beholders. Thus, once more we come to the point that judges are made not born.

SPORT-GAME

Is the Dog Show a game? Is it sporting to accept bad judging without comment — to take a defeat by a grossly inferior dog with a smile? Possibly not. Just as a good job should occasionally warrant a pat on the back, so a really knowledgeable exhibitor may well be of real help to his breed and to the judge when he tells him that in his opinion he has just done one of the worst jobs he has ever seen done in the breed. Such a judge may thus be encouraged to learn a little about the breed and the breed Standard, before he judges again. He may do a good job the second or third time. I have seen it happen.

A game

To a degree, yes. However, when one has gone to the trouble, let alone the expense, of acquiring excellent stock, has bred wisely and well for years, he usually has a really large sum of money invested in equipment, kennelling and live stock. When he has been breeding and showing dogs for years this sum is multiplied many times. When he enters a good dog he deserves to have that dog properly evaluated and placed where he belongs by a judge who has spent the time and taken the trouble to learn his profession. The social position, the wealth or lack of it, the expensive handler are factors which have no slightest business entering into the judge's consideration. Many exhibitors with years of success and a succession of fine dogs find it very difficult to win. The judge who knows them seems to fear that he will be accused of putting that owner's dog up on the exhibitor's past reputation. The novice judge is afraid he will be accused of judging the owner rather than the dog. For such an exhibitor, the game becomes rather grim.

Rules — Regulations

The ideal society is the one with fewest rules and regulations. Of course, there must be some basic rules, but the fewer the better. As the game or sport or club begins to be more popular, the rules usually multiply. It has been my observation that most rules are made not to expand a given activity but are what I call "against" rules or penalty rules — rules devised to prevent someone from doing something he has done successfully. Usually, the rule is found later to apply to other people, with often amusing results. However, the governing body can usually then make an exception of a particular case. I remember a rule passed into law by The Canadian Kennel Club, when I was a director, to prevent a certain popular American figure from judging again in Canada. The rule was ignored a few years later when a well-known, English-born, long-time American professional handler was allowed to judge in Canada before he was licensed to judge in the U.S.A., in spite of the existence of this rule.

I hope the time may come when the CKC washes out most of the restrictive rules and regulations and substitutes a few basic rules for the Dog Show game. Then the need for meddling with the Constitution and Dog Show rules annually, may come to a halt and a few people will be able to memorize the ones that do exist. We all suffer from too much Goverment — federal, provincial and doggy.

RESPONSIBILITY OF THE BREEDER

The dog in the ring is the product of many generations of selective breeding, designed to produce the most efficient animal for his specific work, combined with the maximum of beauty or eye appeal. While the coat of the Collie was bred for selectively to produce the maximum of weather resistance, it also forms

more on page 64

a new canadian family

by ANNA KING

Tiny but regal, this breed has exclusive Royal Charter grant.

Canada has gone to the dogs with a new first family. The six little puppies born one year ago represented an important event in the history of the canine world. These Cavalier King Charles puppies were the first litter to be born in Canada from a Canadian mother.

The mother "Victoria", is owned by Mr. and Mrs. George G. Mills, 53 Mohawk Road, Ancaster. In keeping with tradition the puppies were given the names of Queen Victoria's children.

The Cavalier King Charles Spaniel is an old and famous British bred dog. He deserves to be better known on this continent. He is an active, graceful, well balanced little spaniel of between 10 to 18 pounds. The Cavalier is absolutely fearless and sporting in character and very gay and free in action. His coat is long and silky, but free of curl. His colouring, depending on his variety, is black, tan, and white.

The Cavalier King Charles Spaniel is the only breed of dog ever to be granted a Royal Charter. The history of this breed can be traced back many centuries, their popularity waxing after the Restoration of the Stuarts in 1660. These dogs will be familiar to art lovers as they are pictured in many paintings by the Old Masters of the 16th and 17th centuries, including, Van Dyck, Jan Steen, Rubens, Gainsborough and Reynolds.

In the reign of Queen Victoria this little dog became such a favorite with all classes of society that specialist clubs were formed to promote careful breeding. It is gratifying to note that in recent years no effort has been spared to produce a very fine type of Cavalier.

Originally the dogs with black and tan colouring were known as the King Charles and the white with red or tan

G.S.D.C. OF CANADA SPECIALTY SHOW

Grand Victor Can. Am. Ch. Ulk Wikingerblut with owner-handler.

Grand Victrix, Can. Am. Ch. Robin of Kingscroft went BOS.

Best Canadian Bred Na-Robi's Otto with breeder, R. H. Walker.

Judge John J. Seiler of Mishawaka, Ind., proved respected as ever at the German Shepherd Dog Club of Canada Specialty Show, expressing his opinion and subsequent placing of the 105 Shepherds over the Ken-L-Ration p.a. system. Faulty temperament was penalized with placement at the end of the line.

Climax of the day, reports Evelyn Garrett, was the selection of the Canadian Grand Victor (BB): Can. Am. Ch. Ulk Wikingerblut, owned by Ralph S. and Mary C. Roberts of Covina, Calif. The title of Canadian Grand Victrix (BOS) fell to Can. Am. Ch. Robin of Kingscroft, owned by Donald J. Ames and Walter B. Babcock, Wixom, Mich. The honor of Best Canadian Bred was earned by Na-Robi's Otto, owned by Peder Pedersen of Guelph, Ont., and bred by Mr. and Mrs. R. H. Walker of Hamilton. Winners Bitch was Kingsley of Kingscroft, owned by Donald J. Ames and Walter B. Babcock, Wixom, Mich., and Winners Male and Best of Winners to Am. Ch. Faust Vom Marmorhof, owned by Nellie Mattacotti, Hartland, Wisc. Best Canadian Bred Puppy was Haus-Chloe's Freiderich, owned by Brian Ashton, Jr.,

CLUB ROUNDUP

british columbia

JOAN RAILTON, c/o Sir Charles Tupper Secondary School, 419 East 24th St., Vancouver, B.C. Popular teacher, judge and Bulldog specialist.

Election fever reached a new height in B.C. during November. Letters from candidates and their supporters flooded the mails and the phones jangled constantly. All of this indicates a healthy interest in CKC affairs. Now that the last ballot is in and counted and the results known it is to be hoped that all B.C. members are firmly behind their elected representatives for the welfare of Canadian dogdom.

Mr. R. A. Hosegood, Secretary Manager of the Vancouver S.P.C.A., sends information which should be of great interest to breeders.

The Society often receives purebred dogs which, for one reason or another, the owners do not wish to keep any longer. Frequently the registration papers of these dogs are handed over also. These papers are never passed on to the new owners and the name of the previous owner of any dog adopted out is never divulged since it is felt this would be unfair to professional breeders. A form is also obtained from the adoptor, that states among other things, that they will not dispose of the animal in any way for one year. It is often found that although the person adopting the dog is told that it is registered, that papers cannot be given and although at the time little or no interest is shown in registration, later on a request is received from them for the name of the previous owner. For example, the dog is tattooed and the owner is obviously attempting to obtain registration. In these cases no information is given and the request is referred to the Canadian National Live Stock Records in Ottawa, with a view to stopping the registration. So far this procedure has proved to be a sufficient deterrent to further action. The Society feels that in this way they prevent people using purebred dogs, which they obtain for a nominal sum, for breeding, showing or re-selling in unfair competition with breeders.

Mrs. D. B. Hudson, Secretary of the *Greater Victoria Dog Obedience Training Club* reports on fall activities. The club is just ending its last course of the year. There seems to have been added zest in the Instructors work and the committee has added two more helpers to replace resignations.

The last CKC Trials in October were keenly interesting in the upper brackets with the winning dog in the trial getting the honor by a half mark. This must have been very tantalizing for the loser. The Instructors in these trials scored in the 190's showing that "these that teach can also do".

Although the club benefits from the honors of the trials ring the Instructors get more satisfaction from the real help given successfully to problem dogs and their handlers. The club feels that is the greatest gift it can give to the general public who, in the main, take problem dogs in the hope of overcoming faults.

One incident in the Practice Class points up the above. A certain amount of trouble had been experienced by an aggressive Bullmastiff owned by *Mrs. Neil King* of Victoria. He was lying in the "Long Down" with a still more aggressive Pekingese beside him, upon which he had his eye. A handler who passed behind the line of dogs with a large dog, proved too tempting for the Pekingese who launched himself noisly upon the passing dog. The handler noticed the Bullmastiff's keen look and prepared mentally for trouble but instead the Bullmastiff lay steadily and the Pekingese was disintangled from the fray, furious but unhurt.

The Island clubs have banded together to hold Club Trials and competitions.

The *Nanaimo Club* has donated a perpetual Trophy which is to be competed for yearly and is for free heeling only. This should stimulate the wish to concentrate on this technique. The judge is given the privilege of working out a two-minute pattern which should include orders not usually used in trial work. It ends with weaving round three chairs and back. The clubs were given a fortnight's notice and the Competition was run off last November 18. Nanaimo won with the aggregate scores of its team of three dogs. Victoria produced the highest scoring individual dog, a Corgi owned by *Mr. O. W. H. Roberts.* Next year, with more time to concentrate on the dogs, the competitors should be keener.

Mrs. A. E. Smart of Sedney, B.C. donated the Merdinon Perpetual Trophy for a brace of dogs doing C.D. work. This year it was won by a brace of Labradors belonging to *Mrs. Mary Bates* of Victoria. *Mr. Donaldson* of Victoria has been asked to judge the competitors each year so a unified standard can be expected.

With the beginning of a New Year the story of the famous white dog sacrifice of the Iroquois tribes may prove of interest. This was part of a week long festival in honor of the New Year. During the first day of the festival a white dog was strangled and hung up. The dog's face was painted, the body was painted with red spots and neck, body, tail, and legs were trimmed with red, white, blue and green ribbons. It wore a crown of feathers and a necklace of wampum. On the fifth day it was carried to the alter and burned to the accompaniment of prayers, songs, speeches, and offerings of tobacco. As late as 1760 the dog's flesh was eaten as part of the ritual. Later a white basket was substituted for the dog. The Iroquois believed that unless these rites were faithfully practiced, life would not be resuscitated on earth after the long winter.

The above story is taken from a very fascinating book *God Had A Dog* by Maria Leach and published in 1961 by Rutgers University Press.

prairie provinces

MARY D. HART, Box 416, Brandon, Man. Well-known German Shepherd Specialist and Working Dog Judge.

With instructions from headquarters for an early deadline this month due to the holiday season, some of your reports will not be included as they will not be received in time, so please do not feel neglected.

The German Shepherd Dog Club of Alberta reports that *George Kuss,* as chairman of the training committee, has outlined plans for an interesting winter training program. There are indications of a good group of young dogs coming up for the beginners class and the handlers of older dogs are keen to get into stiffer competition and bring greater laurels to the German Shepherd breed. Facilities for inside training during the bitter winter months is the current topic of discussion, and there is every reason to believe that a suitable inside training area will be a reality this winter. New

KEY TO ABBREVIATIONS

GROUP AWARDS

The letter "X" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred in Group. The letter "Y" at the end (or the beginning) of name of dog indicates the dog awarded Best Canadian-bred Puppy in Group.

BREED AWARDS

Class abbreviations—JP—Junior Puppy Class; SP—Senior Puppy Class; N.—Novice Class; C—Canadian-bred Class; E—Bred by Exhibitor Class; O—Open Class.

Class placements—1.—1st in Class; 2.—2nd in Class; 3—3rd in Class; 4.—4th in Class.

Other breed awards—W—Winners; RW—Reserve Winners; BW—Best of Winners; BV—Best of Variety; BB—Best of Breed; BO—Best of Opposite Sex; X—Best Canadian-bred in Breed; Y—Best Canadian-bred Puppy in Breed.

Class Divisions—

Boston Terriers: u—under 15 lbs.; d—15 lbs. and under 20 lbs.; f—20 lbs. and over.

Bulldogs—Males: u—under 45 lbs.; d—45 lbs. and over. Females: f—under 40 lbs.; j—40 lbs. and over.

Great Danes: h—harlequin; d—any other colors, except where separate class for brindles is provided (b—brindle).

Collies—s—sable or sable and white; a—any other colors.

Other abbreviations: SO—Entered and completed for "Specials Only"; Kls.—Kennels.

Breed statistics: 3D, 4B, 2SO; Pts.—D2, B3—means that three dogs were in competition in the breed classes; four bitches were in competition in the breed classes; and two were entered and competed for "Specials Only". The Winners Dog earned 2 points; and the Winners Bitch earned 3 points.

NOTICE

ANNUAL GENERAL MEETING

•

NOTICE is hereby given to all members of The Canadian Kennel Club that the Annual General Meeting of the Club will be held in the

MAYFAIR ROOM

THE KING EDWARD SHERATON HOTEL,
TORONTO, ONT.

THURSDAY, MARCH 14th, 1963

commencing at 3.00 p.m.

•

Members of The Canadian Kennel Club are cordially invited to a luncheon which will be served in the Hunting Room, King Edward Sheraton Hotel, at 12.30 p.m.

Business to be transacted at said meeting will include the following:

1. Minutes of previous Annual General Meeting.
2. Reports of Officers, Directors and Committees.
3. Reports of Club's Representatives to other organizations.
4. Report of Auditors.
5. Reports of Election Commission.
6. Election of Representatives to other organizations.
7. Appointment of Auditors and Election Commission.
8. Proposed amendments (see ARTICE XXXVIII, Section 4, of the By-Laws).

Section 6 of Article VIII, MEETINGS OF MEMBERS, of the By-laws of The Canadian Kennel Club, reads as follows:

"All ordinary members who had been members as of June 30th prior to the date of the general meeting and who are members in good standing at the date of such general meeting shall be entitled to attend and vote at such meeting and in the case of a partnership or company only the authorized representative may attend and vote. The members of a partnership who are not the authorized representative, ordinary members who were not members as of June 30th prior to the date of the said meeting, and individual persons who are associate members may be permitted to attend but they may not speak or vote."

By order of the Board of Directors,
N. F. BROWN,
Secretary-Treasurer.

Dec. 10, 1962
Toronto, Ontario

MEETING OF THE BOARD OF DIRECTORS

OCTOBER 4, 1962.
(Continued from December issue)

DISCUSSION: The President sought, for the Secretary's guidance, an instruction as to whether there should be any distribution of copies of the letters which he and Mrs. Joel had received.

It was suggested that if copies are sent to members of the Board there should also be included:

(a) a copy of a letter (identified as "A") dated August 20th, which Mr. Monaghan had addressed to Beagle clubs holding pack trials;
(b) a copy of a letter (identified as "B") dated August 20th, which Mr. Monaghan had addressed to delegated representatives;
(c) copy of a letter (identified as "C") dated August 20th, which Mr. Monaghan had addressed to members of the Field Trial Council for Beagles (pack) and members of the Advisory Committee for Beagles (pack).

MOTION #461-62
Moved by Mrs. Joel, seconded by Mrs. Mack:
"THAT, if there is a request from any member of the Board with regard to this matter that copies be sent to all members of the Board, and also copy of letters marked "A", "B" and "C" with regard to the Ottawa meeting."
FOR THE MOTION: Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
Motion carried.

-----Mr. Blyth left the meeting.

MOTION #462-62
Moved by Mrs. Mack, seconded by Mr. McDerment:
"THAT, this meeting endorses the action taken by the President and Mrs. Joel in attending the special meeting pertaining to Beagle clubs in Ontario and assisting them in their problems."
FOR THE MOTION: Mrs. Mack, Mr. McDerment.
ABSENT: Mr. Blyth.
ABSTAINED: Mrs. Joel.
Motion carried.

REPORT: The Secretary reported that a number of Beagle clubs, to whom priority rights on trial dates had not heretofore been granted, had indicated a desire to obtain priority rights on specified dates.
ACTION: It was agreed that the Secretary would hold such applications in abeyance pending the setting of policies with regard to new applications for priority rights.

SUBJECT: A letter from the Thames Valley Beagle Club Inc. requesting reconsideration of their application for approval of Mr. Wm. Waddington as one of the judges for their trial to be held on October 27th-28th, 1962.
ACTION: It was agreed that no change would be made in the decision previously communicated to the Thames Valley Beagle Club when, because of other engagements for which Mr. Waddington had been approved, that Club had been asked to make another selection of judge.

SUBJECT: The Secretary read a letter from Mr. Hardie Brown, London, with regard to a judges' school for Beagle field trial judges.
ACTION: The Secretary was instructed to refer the letter to the Field Trial Council for Beagles (brace).

INTERNAL AND ADMINISTRATION

SUBJECT: The Secretary sought the customary authorization to implement decisions reached at this meeting.

MOTION #463-62
Moved by Mrs. Joel, seconded by Mr. McDerment:
"THAT, the Secretary be and is hereby authorized to implement, as soon as practical, decisions reached at this meeting."
FOR THE MOTION: Mrs. Joel, Mrs. Mack, Mr. McDerment.
ABSENT: Mr. Blyth.
Motion carried.

ADJOURNMENT

At 6:02 p.m. this meeting adjourned.

****

NOVEMBER 2, 1962

A regular meeting of the Board of Directors of The Canadian Kennel Club was held in the Club's offices, 1173 Bay Street, Toronto, commencing at 9:10 a.m., with the President, J. W. MacCallum in the Chair, and the following members of the Board present: J. C. Anderson, Mrs. Edna Joel, Mrs. Pamela B. Mack, Wm. McDerment, W. J. Monaghan.

On a point of privilege Mr. Monaghan read a memorandum setting forth his views with regard to impressions created as a result of the meeting held on September 27th (see item 13 FT 29 - minutes of Board meeting held October 4th) and the action taken by the Board on certain Beagle matters at its meeting on October 4th.

The President suggested that item 13 FT 29 be taken as the first item of business (after the Board had dealt with the minutes of the last regular meeting) and that he and Mrs. Joel would review the reports which they had placed before the last meeting of the Board.

-----Mr. Robert L. Blyth entered the meeting.

The Secretary read a letter (dated October 22nd) which Mr. Williams and Mr. Wells addressed to the President expressing the view that while it is within the power of the President to call this meeting of the Board they considered that to have done so "sets a dangerous precedent". The letter suggested that the President do not implement the request of Mr. Monaghan that the minutes of the meeting of the Board held on October 4th be not published until such minutes have been presented for formal approval at the "next regular meeting of the Board" (this meeting).
DISCUSSION: The President pointed out that:

(1) at the regular meeting of the Board held on October 4th the Board, by resolution, decided that the next regular meeting of the Board would be held on December 1, 1962 unless he, as President, deemed it advisable to call this meeting of the Board;
(2) that the minutes of the October meeting would not have been published in the November issue of "Dogs in Canada" in any event for the reason that all members of the Board are entitled to an opportunity of requesting corrections before the minutes are published, and the schedule for material to be sent to the printers required that official business which was to have been published in the November issue had to be completely ready for the printers by October 15th.

MOTION #464-62
Moved by Mr. Anderson, seconded by Mrs. Joel:
"THAT, the letter be filed."
FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.
Motion carried.

MINUTES

3 M 43. MINUTES OF BOARD MEETING HELD OCTOBER 4, 1962.

SUBJECT: The Secretary presented his draft of the minutes of the meeting of the Board held on October 4, 1962, and reported that no member of the Board had suggested any correction in said minutes.
DISCUSSION: Mr. Monaghan asked that the Board's consideration of the minutes be deferred until the Board has completed its discussions and reached decisions with regard to file 13 FT 29.

MOTION #465-62
Moved by Mr. McDerment, seconded by Mrs. Mack:
"THAT, the minutes of the meeting of the Board held on October 4, 1962 be adopted."
FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment.
AGAINST THE MOTION: Mr. Monaghan.
Motion carried.

FIELD TRIALS

13 FT 29. FIELD TRIALS FOR BEAGLES

REPORTS:
The President and Mrs. Joel reviewed the reports which they had placed before the Board, at its meeting on October 4th, concerning letters which they had received and their meeting, with a number of representatives of Beagle clubs, on September 27th.

Mr. Monaghan read a report (dated October 30th) submitted by the Advisory Committee for Beagles (Pack) (the report having been signed by T. S. Riches, H. G. McConnell, G. E. Heffernan, Gerald A. Hunt, and Douglas H. Holmes), in which the Committee:

(1) reported that it had read all the material presented to the Board at its meeting on October 4, 1962;
(2) reviewed the steps which the Advisory Committee had taken in order that clubs conducting licensed Beagle field trials (pack) would be in a position to submit their views and make their presentations in order that, as stated in a notice addressed to such clubs, decisions could be reached and recommendations be placed before the Board at its semi-annual meeting in June in order that the Board could then exercise its powers to amend the Field Trial Rules and Regulations;
(3) recommended that the Board give favourable consideration to adopting the following motion at its meeting on November 2, 1962:
"THAT, with reference to Motion 317-62, the effective date for the first two sentences: 'Two classes may not be run on the same grounds in the same day' and 'Points shall not be given for half-day trials' in the additions covered by the Motion be changed from January 1, 1963 to January 1, 1965 in order to give opportunity for a comprehensive survey to be made by the Field Trial Council for Beagles (Pack); which survey is now hereby ordered by the Board, the Council to submit an interim report by November 1, 1963 and its final report, fully documented, not later than November 1, 1964."

DISCUSSION: During a discussion which followed several courses of possible action were discussed at length.

Mr. Monaghan suggested that further consideration of this matter be deferred until after the luncheon recess.

MOTION #466-62
Moved by Mr. Monaghan, seconded by Mr. Blyth:
"THAT, this item be set over until 2:30 p.m. this afternoon."
FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mr. Monaghan.
AGAINST THE MOTION: Mrs. Joel, Mrs. Mack, Mr. McDerment.
The President cast a deciding vote against the motion.
Motion lost.

DISCUSSION: During a further discussion:

(1) Mr. Monaghan, as Chairman of the Field Trial Council for Beagles (Pack), reported that notice had already been given members of the Council that the Council's next meeting would be held at Cornwall on February 16, 1963 and that formal notice of such meeting would be forwarded, in due course, direct to each club which, in 1962, had conducted a licensed field trial for Beagles (pack);
(2) it was agreed that all Beagle clubs should be invited to submit briefs for the consideration of the Council at that meeting, and such briefs need not be confined to the specific matters covered by resolution #317-62 but may deal with any aspect or phase of field trials for pack Beagles;
(3) it was agreed that briefs to be submitted by individual clubs or a collection of clubs may be presented in person before the Council at its meeting or, if the briefs are to be mailed, should be mailed so as to reach Mr. Monaghan not later than February 10, 1963.

MOTION #467-62
Moved by Mr. Anderson, seconded by Mrs. Joel:

"THAT, having regard for the representations received and considered by the Board the effective date of the amendments covered by resolution #317-62 be changed to December 31, 1963; that all clubs which have conducted C. K. C. approved field trials for Beagles (Pack) in 1962 be informed of this change; and such clubs be asked to submit, either individually, in groups of such clubs, or collectively, briefs representing the views of their club members for the consideration of the Field Trial Council for Beagles (Pack) at a meeting of the Council to be held on February 16, 1963; the Council thereafter to prepare and submit its report and recommendations for the consideration of the Board at its annual meeting commencing March 13, 1963."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

Mrs. Mack gave notice that, if elected to the Board for 1963, she would move a motion calling for the rescinding of resolutions #314-62, #315-62, and #316-62.

INTERNATIONAL MATTERS

6 IM 3. DOGS CROSSING THE CANADIAN-U. S. BORDER

REPORT: The Secretary reported that arrangements had been made for Mr. Monaghan and he to meet with Mr. E. J. Cannon at this office on November 2nd.

COMPLAINTS, PROTESTS AND CHARGES

8 C 10. REPORT OF COMPLAINTS COMMITTEE (SPECIFIC CASES)

The Secretary reported on a case and after full discussion the Board took appropriate action.

9 A 13. OFFICE PREMISES

REPORT: The Secretary reported that:

(1) the change of location of the Club's offices from 667 Yonge Street to 1173 Bay Street had been effected on the evening of October 30th;

(2) that the members of the Property Committee had been extremely helpful in connection with phases of the move, particularly Mr. Joel, whose frequent inspections of the erection of partitions and other necessary alterations, ensured that the Club's specifications for the new premises had been complied with.

The Secretary read a letter from Mr. Wells who:

(1) acknowledged receipt of a copy of the Club solicitor's opinions on a number of questions which had been raised by himself and Mr. Williams;

(2) stated his interest in the opinion of the Club's solicitor and his reaction to such opinion;

(3) concluded with the observation that it would be up to the members "to show whether or not they approved of the actions of the present Board at the coming election".

MOTION #469-62

Moved by Mr. Anderson, seconded by Mr. Monaghan:

"THAT, the letter be filed."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

SUBJECT: The Secretary read a letter from Landau Investments Limited suggesting that, in accordance with the terms of the Club's lease on premises at 667 Yonge Street, the Club complete its payment of rental charges to the end of its lease which expires on March 31, 1963.

ACTION: The matter was left in the hands of the Secretary.

MOTION #470-62

Moved by Mrs. Mack, seconded by Mr. Anderson:

"THAT, we thank and compliment the members of the Property Committee (Mrs. Joel and Mr. Wm. McDerment, Co-Chairmen; Mr. Thomas Joel) for their efforts in effecting an orderly change of office location."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Mack, Mr. Monaghan.

ABSTAINED FROM VOTING: Mrs. Joel, Mr. McDerment.

Motion carried.

9 A 31. MEETINGS OF THE BOARD

REPORT: The Secretary reported that the President had written all members of the Board concerning the advisability of changing the date of the next regular meeting of the Board (if held) from December 1st to December 8th, and reported that Mr. Blyth, Mrs. Gove, Mrs. Joel, Mr. McDerment, and Mr. Miller had indicated their concurrence with such change.

DISCUSSION: It was agreed that if a meeting of the Board is to be held in December it would be preferable to have it on a date other than December 1st, in view of the traffic conditions which would prevail in Toronto on that date (Grey Cup parade and game).

MOTION #471-62

Moved by Mr. Monaghan, seconded by Mrs. Joel:

"THAT, if the President considers a regular meeting in December is necessary it be held on December 8, 1962 rather than December 1st as originally scheduled."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

9 A 39. IMPLEMENTATION OF BOARD DECISIONS

SUBJECT: The Secretary sought the customary authorization to implement decisions reached at this meeting.

MOTION #472-62

Moved by Mrs. Joel, seconded by Mr. McDerment:

"THAT, the Secretary be and is hereby authorized to implement, at his earliest convenience, decisions reached at this meeting."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

10 MM 2. APPLICATIONS FOR MEMBERSHIP

SUBJECT: The Secretary sought the customary confirmation of approval given applications for membership reported by mail to the Board.

MOTION #473-62

Moved by Mr. Monaghan, seconded by Mr. Blyth:

"THAT, applicants for membership reported on lists #50 and #51 be elected to membership."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

DOG SHOWS

11 D 70. INTERPRETATIONS

SUBJECT: The Secretary:

(1) pointed out that Section 1 of Chapter 14 of the Dog Show Rules requires that an officiating veterinarian, when examining dogs immediately prior to their admittance to a championship show, is required to exclude any male dog which does not have two normal testicles normally located in the scrotum;

(2) read a letter from Stephen R. Wild, and the written statements of two veterinarians, enquiring as to the eligibility, to participate in championship shows, of a male dog which, according to Mr. Wild, "has two testicles present in the scrotum, however the left one is considerably smaller than the right".

ACTION: Following discussion it was agreed that:

(1) on the basis of the information furnished the Board it should not rule that the dog is, or is not, eligible to participate in championship shows held under the Club's rules;

(2) when the dog is presented for veterinary inspection, immediately prior to its possible admittance to a championship show, the officiating veterinarian will decide, in compliance with Section 1 of Chapter 14, of the Dog Show Rules, whether the dog will be admitted to the show for competitive purposes.

13 FT 29. FIELD TRIALS FOR BEAGLES

REPORT: Mr. Monaghan:

(1) reported that although The Canadian Kennel Club itself had not yet set up a scheme of qualifying judges for Beagle field trials by way of an apprentice system, this practice had been followed in the past by a number of persons desirous of establishing their eligibility to judge, and on the placing of appropriate recommendations and reports before the Board, the Board had authorized the addition of the names of a number of persons to the list of persons eligibile to judge at licensed Beagle field trials held under the Club's rules;

(2) reported that Mr. Gerald A. Hunt, Bell's Corners, Ontario, had served his apprenticeship, and tabled the reports received from the judges under whom Mr. Hunt had apprenticed;

(3) recommended that, in view of the reports and recommendations, the name of Mr. Hunt be added to the list of persons eligible to judge licensed field trials held under the Club's rules.

Mr. Blyth, as Chairman of the Field Trial Council, concurred in the recommendation submitted by Mr. Monaghan.

MOTION #474-62

Moved by Mr. Monaghan, seconded by Mr. Blyth:

"THAT, Mr. Gerald A. Hunt having satisfactorily completed his apprenticeship, his name be added to the list of those eligible to judge Beagle field trials."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

7 R 10. BREED STANDARDS

REPORT: Mr. Monaghan, as Chairman of the Committee on Breed Standards:

(1) reviewed the Board's previous discussions of a proposed new standard for the Bullmastiff;

(2) pointed out that, at the semi-annual meeting of the Board in June, this matter had been referred back to the Bullmastiff fanciers on the understanding that they would consult each other and submit, in due course, a proposed new standard which would meet the wishes of Bullmastiff fanciers;

(3) reported that he had just received from Mrs. J. H. Daniell-Jenkins a proposed new standard which he understood Mrs. Daniell-Jenkins had circulated among Bullmastiff fanciers in Canada.

DISCUSSION: During a discussion which followed it was agreed that change of a breed standard or adoption of a breed standard could only be dealt with by the national Board and only after the proposed new standard had been published, along with an invitation to those interested in the breed to submit their comments for the consideration of the Breed Standards Committee and the Board.

The question was raised as to the inclusion of this proposed new standard in the Book of Breed Standards. The Secretary stated that the preparation of copy for the book is well advanced and recommended that publication of the book be not delayed until the next annual meeting of the Board.

MOTION #475-62

Moved by Mrs. Joel, seconded by Mr. McDerment:

"THAT, this proposed standard be published in the official magazine with an invitation to those interested in the breed to submit their comments, the matter to be considered at the next annual meeting of the Board; and if then approved a copy of this standard to be forwarded to every person who has ordered a copy of the Club's Book of Breed Standards."

FOR THE MOTION: Mr. Anderson, Mr. Blyth, Mrs. Joel, Mrs. Mack, Mr. McDerment, Mr. Monaghan.

Motion carried.

ADJOURNMENT

At 4:10 p. m. this meeting of the Board adjourned.

Ardian Son John (432975),
(By Ardian Girlies Son ex Mary-Rose of Ardian).
Beau Pierre De Paree (533027),
(By Serendip Richard ex Miss Mini of Valley View).
Belle Replieque De Mauviette (501200),
(By Bel-Esprit Jean Paul, C.D., ex Mr Boo's Mauviette, Can. C.D., Am. U.D).
Kaeley's Audacious Coquette (503120),
(By Kinglet ex Montlouis Magie).
Mr Boo's Mauviette (502796),
(By Inky IV ex Fifi of Quogue).

GROUP 6

POODLES (MINIATURE)
Hollycourt Chutney (480073),
(By Ch. Hollycourt Philippe ex Ch. Hollycourt Jacaronda).

CORRECTIONS

In the September issue under the heading of New Titles Granted, the Poodle (Miniature), TYLDESLEY TIP TOE (360864) was shown as being awarded the title of Champion. Actually this dog was awarded the title of Companion Dog.

At the Championship Show held by the Pacific National Exhibition on September 3rd, 1962, the Poodle (Standard), Bel-Tor Vintage Wine was shown as being awarded Best in Show. This award was actually given to the Spaniel (American Cocker), Flo-Bob's Gallant Candidate.

At the Championship Show held by The Canadian National Exhibition on September 3rd, 1962 in Spaniels (American Cocker) (Parti-Colour), Merryway Leading Lady was shown as being awarded Best of Winners. Actually this award was given to Blomidon's Maverick. This increases the points for the winners dog from 1 to 2.

In the October issue of the magazine, an error appeared in Boxers Open Male and Open Female. The correct placing of the dogs reads as follows:

Diamond Roughs Sweet William (D) B. Rothwell...1.O-W-BW-BO
Sheba's Sophisticated Shasta (B) Mr. & Mrs. W. B. Stinson..1.O-W

CANCELLATIONS

The awards of 1st in the Open Class, Winners and Best of Breed earned by the Mexican Hairless, TORRO (listed) at the Championship Show held by the Perth County Kennel Club on May 21st, 1962 have been cancelled as this dog is not eligible for registration in the records of the Canadian Kennel Club.

club officers will be reported next month. Their nominating committee has been on the job to select a slate of keen officers with the necessary vision and energy to give their club that little extra enthusiasm which makes the difference between just a club and an active, happy and progressive organization, with the zest and inspiration to get results.

The Hub City Kennel Club of Saskatoon reports the results of elections at their annual meeting, November 14, in the Co-Op Centre. President, *Fred Leybourne*. well known locally as a breeder of Collies, operator of a dog boarding kennel, and an active worker with the Society for the Prevention of Cruelty to Animals; Vice-President, *Mrs. E. G. Hawes;* Secretary-Treasurer, *E. R. Pettingale;* Director of Obedience Training, *Mrs. G. MacGregor;* Executive, *Mrs. G. Brandt, Mrs. R. R. Wheaton, Miss Lorraine Miller, Mrs. D. J. Wiik, Lloyd Heimbecker, George Crabbe, Les Coleman, Frank Pfeiffer.* It was decided to make application to the CKC for permission to hold three conformation shows and two Obedience Trials in late May. Discussion also centred on the need for revision of the club's Constitution. (A very necessary measure from time to time to keep a club up-to-date.)

The German Shepherd Dog Club of Manitoba November News-letter gives a reminder of the standard size, weight, proportion and temperament of the German Shepherd — four very important points for the breeders to keep in mind. It also includes an excellent list of the mistakes most commonly made by dog owners. Although the list is too long to include here, the most important points mentioned and ones which apply at any time are: too little praise, becoming angry and taking it out on the dog, giving indistinct commands, corrections not definite, and yelling at the dog. Every owner is guilty of making any or all of these mistakes at times and we are reminded that to get the best from our dog, we must first train ourselves to train them correctly.

Congratulations to *Ericka* and *Emil Quoss* — proud parents of a baby boy, and to *Viv* and *Larry Franco* — proud parents of another baby girl!

As a newcomer to the Prairies, in my search for information about breeders in the area I have come in contact with some very interesting people. Recently I received a most interesting letter from *Mr. J. B. Ashdown,* who I believe is Manitoba's most northerly member and breeder. *Mr. Ashdown* owns a tourist camp on Elbow Lake, 40 miles from Cranberry Portage, which in turn is 39 miles from Flin Flon. He has been breeding Siberian Huskies for nine years. His first Huskie was purchased from a well known breeder and racer in Alaska and since then he has bought other dogs from various places in Ontario. One of the teams he sold took first prize at The Pas Trappers' Festival three years ago. All his litters are from show and racing stock and judging by pictures enclosed with the letter, his Huskies are beautifully marked, are of good conformation and are true "working" dogs in every respect. The one outstanding feature was the large feet on these dogs compared to the Huskies I have seen and judged in Ontario. This is only natural considering the amount of work these dogs are called on to do in their natural habitat. *Mr. Ashdown's* only means of transportation is by water in summer and dog team in winter. He travels 40 miles regularly for mail and supplies and operates a registered trap line so these dogs are his constant companions. In the spring I hope to visit *Mr. Ashdown's* camp and his dogs. It sounds like an ideal spot for fishing!

Please make it one of your New Year's Resolutions to have your reports in to me in time for the deadline which is, except on rare occasions, the 5th of the month.

ontario

VINA JONES, R.R. #2, Minesing, Ont., Labrador breeder and exhibitor, valuable contributor to dog club, humane, first aid, other club work.

The Barrie Kennel Club is making plans to hold a Sanction Show at the North York Farmers Market, the date to be announced later.

The Canadian Samoyed Club has been busy since the summer recess and has held a dog match as well as a Specialty Show. An entry of 29 dogs at a Specialty shows that the interest in "Sammies" is growing, as this is the largest Specialty for some time. *Mr. George Davies* was judge for this event and placed an 11-month old puppy over eight Champions for Best of Breed—Samingo Tobie, owned and handled by *Mrs. Norah Miller.*

At the November 7 meeting of the *Forest City Kennel Club* the following officers were elected: President, *Mr. Scott McNair;* 1st Vice-President, *Mr. Andy Gault;* 2nd Vice-President, *Mr. Sandy McKenzie;* Secretary, *Mr. Alex Atkinson;* Treasurer, *Jean Gault.* The Show Superintendent will be *Andy Gault* and Obedience Trial Chairman is *Mr. Ed Summerville.* Plans are well underway for the 1963 show and all are pleased that Sarnia is again holding their show the Sunday following this club's show. Also at this meeting, *Miss Lena Shortt* was guest speaker and gave an interesting talk on "The Terrier". Word that *Mr. George Astles'* condition continues to improve will certainly be gladly received by all who read this column. The F.C.K.C. thank all who had a part in making their benefit show such a success and wishes everyone a Happy Christmas and a Prosperous New Year.

The German Shepherd Dog Breeders Association Inc. held a "breed night" on November 17 when guest speaker was *Mr. Harry Watson.* Four club members attended the National German Shepherd Specialty Show in St. Louis, Mo., where there was an entry of 529 dogs. The club's Specialty show will be held February 3 with *Spencer Weller* judging and the club urges German Shepherd breeders to get their puppies, as well as grown dogs, out to the Sanction Shows in preparation for the coming year.

I am sure that at the time of writing, every kennel club in my territory is busy making plans for its club's Christmas party and *The Irish Setter Club of Canada* is no exception. The club's members are going to party at the Willow Bank in Burlington on December 1. Many members enjoyed the Thanksgiving weekend at Tynoka Lodge where the time was spent at competitions in table tennis, shuffle board, skeet and rifle shooting. The Field Fun Trial, which was held October 28 with an entry of 22 dogs, is felt to be the largest all Irish Setter Trial ever. Henessy, a two-year-old Setter owned by *Fount Ekey* of Rochester, N.Y. won the all age class.

The North York Obedience Club held its last outdoor event on October 14 in the form of a mock trial. *Mr. Harry Wilkinson,* of the Skyway Obedience Club, was back again to officiate as judge. "Lady", a Boxer owned by *Mrs. Betty James,* took the Novice A class and won the *Tommie Joel* trophy for the 1962 training classes, first ribbon and the special prize of 25 lb. Ken-L food for being the highest scoring non-member of the day. *Mrs. Barbara Pirrie's* Welsh Terrier "Mafon" headed the Open Class scoring 193 for her first qualifying score in C.D.X. The Poodle draw Bottle cover proceeds went to the trophy fund and a bridge party, given by *Mrs. Jean Younkie,* earned $30.00 for the Gestetner fund. The four members who helped with the tag day for the Humane Society were able to collect almost $120.00. The club has moved its quarters again and now meets in the new Winchester St. School garage where three training groups can be on the floor at once. *John Darch* gave a very interesting talk to the members at the October meeting. The first official trial date has been confirmed for Sunday, June 9, 1963. The late *James Pugh* was one of the club's originals and took a keen interest in all the club's activities. He will be greatly missed by all.

The Sarnia Kennel Club has Obedience classes and Retriever Field training classes underway. They were started in September. The 1963 All Breed Show will have *Bill Dawkins* as Show Superintendent and *Kay Barnes* as Show Secretary. Several members who attended the Windsor show were very happy with their wins. To encourage membership in the club the members were asked to each bring a friend to the meetings. A year's membership was included to each non-member obedience student. Letters were sent out to all doggie people in the area explaining the purposes and activities of the club.

Because this is the Terrier issue, we are devoting more than the usual allotment of space to one club, to the activities of the W.H.W.T.C. of Canada.

more overleaf

The West Highland White Terrier Club of Canada can now announce the winners of the Daniell-Jenkins-Jeudwine Memorial Trophy for the Westie of the Year, and the Manderley Cup for the Best puppy. *Mr. and Mrs. A. Kaye's* Ch. Dina Ken's Little Pip was the winner (Little Pip was last year's winner, and Dog of the Year for central Canada), followed by Ch. Roseneath White Crusader, 2nd, and *Mrs. Hudson's* Ch. Whitebriar Journeyman 3rd.

When the memorial trophy was first discussed the members felt that a trophy to be competed for all across Canada would best carry out the wishes of *Mr. J. H. Daniell-Jenkins* and *Mr. Hugh Jeudwine*, both active in founding the Canadian W.H.W.T.C. and the club is pleased that the trophy has been won by another founding member, *Mr. A. Kaye*, who was Vice-President the first year of the club.

When the club was formed in April, 1952, there were 13 active and two associate members. Only two of the original members are no longer represented in the club, *Mrs. LeFroy* and *Miss Nora Kininmouth* (P.Q.) having dropped out. The first President, *Mr. Victor Blochin*, and *Mr. and Mrs. A. Kaye*, the *Adams*, *Mrs. Humby*, *Mrs. J. H. Daniell-Jenkins*, the *Malcolms* and *Lt. Col. Don Seabrook* are still active in breeding and showing Westies. Of the associates, *Mrs. B. G. Frame* and *Mrs. Blue* are well known U.S. breeders.

The winning Westies in Canada about this time were Ch. Highland Ursa Major (*Mrs. Humby*), Ch. Cruben Melphis Chloe (*Mrs. Worcester, U.S.A.*), Ch. Shinningcliff Sumestra Statesman (*Mrs. Walters, U.S.A.*), Ch. Malcolms Bonny Peggy and Ch. Bencruchan Punch (shown by *Mrs. Adams*).

What the club has accomplished is indicated by the increase of membership to about 60, and by the record of Westie wins — five Bests in Show — by three Westies, Ch. Dina Kens' Little Pip, 2; Ch. Stoneygap Bobbin of Gillobarr, *Mr. F. Fraser's* English import 2; and Manderley's Playboy, *Mr. and Mrs. Willis* 1. Group firsts 23, Best Canadian Bred in Show, 7; Best Canadian Bred in Group 27.

To encourage Westie owners to exhibit their promising youngsters *Mr. and Mrs. Bud Flanagan* kindly donated a cup for the Best Puppy, won by Ch. Mercury of the Rouge belonging to *Mrs. Daniell-Jenkins* 19 puppies competing, and sharing between them two Bests in Show (Mercury of the Rouge, Roseneath Dainty Deamond), 10 Best Canadian Bred Puppy in Group. Many thanks from all Westie breeders to the *Flanagans*.

When the club was formed it was hoped that regional chapters would be formed in B.C. and other provinces. So far this has not happened, but there is a very active group in B.C. showing and breeding excellent Westies, and in the Maritimes the number of breeders is increasing who will continue to produce top Westies; after all, Ch. Dina Ken's Little Pip was born in New Bruswick; dam, *Mrs. Ed Payne's* bitch-Di and sire Ch. Dreamlands Phantom.

The people who deserve special credit are those who show Westies in areas where they are almost the only Westie exhibitors, namely *Mrs. Bradley and Mrs. J. Scott* in Alberta, *Mrs. Barrie and Mrs. Ciconni* in Saskatchewan, *Mrs. Heward* in Manitoba, and *Mrs. McNicholl and Mrs. Lamb*, the only Quebec residents exhibiting there.

Now final congratulations to Ch. Little Pip on her latest accomplishment. Her precious baby dogs were born, which means more to her than all the silverware and ribbons—which shows that it is not only the human members that are carrying on the purpose of the W.H.W.T.C.

I would like to thank all the club correspondents for their wonderful co-operation and to wish one and all a very Merry Christmas and a most happy and prosperous New Year.

quebec

EVELYN McCULLOUGH, 26 Golf Ave., Pointe Claire, Que. Breeder and exhibitor of Standard Smooth and Wire Dachshunds.

The Ladies' Kennel Club *of Canada Inc.*: The executive for 1962-63 consists of the following members: President, *Mrs. L. J. Lagimodiere;* 1st Vice-President, *Mrs. H. A. Hodges;* 3rd Vice-President, *Mrs. R. E. Birch;* Hon. Secretary, *Mrs. D. Griggs;* Hon. Treasurer, *Mrs. W. Lamb;* Show Chairman, *Mrs. P. B. Mack.* Immediately following the annual meeting, a special general meeting took place at which a resolution was passed to admit male members to the club. Now the ladies are mulling over names to come up with a suitable one for the new venture and yet embody something of the old which has become so well known in nearly 50 years of activity. Welcome aboard, Gentlemen!

The Dominion Collie and Shetland Sheepdog Association (Montreal Branch): At the annual meeting and dinner the following officers were elected for the coming year: President, *Joan Pavey;* Vice-Presidents, *Hazel Slaughter* and *Kay Anderson;* Secretary, *Cookie Dubney;* Treasurer, *Ziggy Muenz;* Publicity, *Dorothy Fountain;* Program, *Doug Walker* and *Russ Ball;* Liaison Officer, *Mac Stephens,* assisted by *Helen McGill;* Refreshments, *Sybil Jardine* and *Janet Neal.* A hearty vote of thanks was extended to the retiring president, *Mac Stephens,* for his interest and untiring efforts since the club's inception three years ago, and under whose direction the initial membership of 20 has now swelled to over 50.

Popularity of the spoons in all Canadian Obedience Trials continues to grow, as evidenced by the many favourable letters and comments received from clubs, judges and exhibitors. To date 37 spoons have been won by 25 different dogs, no dog having won more than two. However, to avoid possible complications in the future, it has been decided to limit this offer to six spoons per dog. Mac is once again in charge of the project.

SOMETHING TO BRAG ABOUT

A Welsh Corgi (Pembroke), Macksons The Temptress, owned by *Mr. and Mrs. J. B. Ferguson* of Bermuda, and bred by Macksons Kennels, finished his Bermuda Championship with a five point Group win.

Inadvertently omitted last month were *Doug Grant*, who, with his Chesapeake Bay Retriever, South Bay Belinda, was the winner of the Montreal Gun Dog Club Junior Stakes Championship, and *Helen Sinclair*, an active teenager in Obedience work, who completed her C. D. with Sheltie, Meridian's Gay Cavalier.

Graduation exercises in Basic Obedience were held recently in Three Rivers when *Mrs. McDonnaugh's* Standard Poodle, Percy, took first place after a run-off with a good working Doberman, Caprice, owned by *Mr. Pierre Groulx*. *Mr. Laurin's* Miniature Poodle, Prince, placed third. Young *Paul Caron*, who recently lost his dog, showed what he had learned by his capable handling of *Mrs. Chevriette's* Miniature Poodle, Truk. Snuffy, a Boxer owned by the *Harveys* of Grand'Mere, travelled 25 miles each week to attend classes. One of the interested spectators was *Mr. Alarie*, General Manager of the Three Rivers Exhibition. Of note is the fact this well-attended dog training class was conducted entirely in French. More and more interest is being shown around the Three Rivers District not only in obedience work but in purebred dogs in general, due in great part to the time and effort of *Mr. Fred Rohrbach*, the instructor, who also superintends the annual Three Rivers Dog Show.

POT-POURRI

Once again this Province can expect the same efficient and capable representation as in the past when *Mrs. Pamela Mack* starts her 14th year as Quebec Director, surely some sort of record for the course! *Pam* is off to England the middle of January to judge the Annual Specialty Show of the Welsh Corgi League, and during her month's stay will have a chance to look over the English Skyes and Salukis as well.

And speaking of travelling, that *D. C. & S. S. A.* tape has now covered about 14,000 miles, leaving copies behind. This is an interesting innovation that could well be used by other breed clubs to offer suggestions and encourage an interchange of ideas between distant breeders and exhibitors.

Did you ever hear of a canine surf rider? *Mrs. Hodgson*, of Dorval, has a Sheltie, Hjalti Lady Meg, who performs amazing feats on the surf board, whether the lake be rough or smooth. All that is required is to steady the board so she can get her footing before take-off. When

she has had her fill she does a back flip and swims to shore.

Great interest and consternation have been shown throughout the Province since an article by Gazette columnist *Mr. G. Carpenter* (*Rod & Gun*, by *Isaac Hunter*) appeared under the heading "A Flagrant Case of Sadism". When *Frank Kleindienst*, his son, *Peter*, and *Lou Baille* were running their Beagles in a patch of rabbit bush north of St. Placid late in November all three dogs were shot with a .22 rifle for no apparent reason whatsoever. A man who was running from the spot had a .22 in his possession and was detained until the arrival of the Provincial Police, when his gun was seized. Two of the dogs were Field Champions, Windy Hill Clover and Windy Hill Bobby, and the other was field-winning Clover Hill Boomer. Clover, a valuable brood bitch, was hit in the pelvic area, with some bone splintering. Bobby was luckiest, a bullet passing through a paw but breaking no bones. Poor Boomer was shot through the shoulder, piercing the lung, and the bullet lodging just under the skin. It is hoped that ballistics will prove whether or not it came from the rifle of the man intercepted by *Mr. Kleindienst*, who has sought legal advice on this matter. While there are complexities in the Provincial law covering such cases the Criminal Code of Canada makes it pretty clear. On page 126 Chapter 51, Sect. 385 is found the following: "Everyone who wilfully and without lawful excuse (a) kills, maims, wounds, poisons or injures dogs, birds or animals that are not cattle and are kept for a lawful purpose . . . is guilty of an offence punishable on summary conviction." And in the same chapter, Sect. 694 it says: (1) Except where otherwise expressly provided by law everyone who is convicted of an offence punishable on summary conviction is liable to a fine of not more than five hundred dollars or to imprisonment for six months or both." Official co-operation in cases of the shooting or stealing of dogs has been sadly lacking in the past, and further developments are awaited with interest as this case goes beyond the shooting of those three little dogs. It involves a principle involving the interests of every dog owner and humane-minded person.

Our thanks to *Mr. Carpenter* for permission to condense or reprint all or any part of his article to bring it to the attention of any who might have missed it.

NOVA SCOTIA

Pictou County K.C. Inc. decided at its November meeting to inaugurate obedience training classes and is fortunate in having as a member *Eric Trowell*, who is a qualified instructor and hails from Ontario, where his Golden Retriever and German Shepherd did well in obedience. The club has made a tentative date for the 1963 show and application is now in the hands of CKC; *Elmo Langille* was elected show superintendent.

The Cobequid Dog Obedience Training Club held the graduation exercises of its first training classes November 21, in Truro. Nine dogs, having completed the required training, were entered in the trial judged by *Dr. Alison Mowbray* of Truro. Six of the entries qualified with highest score going to the eight month old Welsh Corgi Bellacana's David handled by *Mrs. Wm. Grant*, while *Mrs. David Grundy's* Labrador Retriever placed second. After the trial an auction was held followed by refreshments.

Bellacana Kennels' six-year-old Welsh Corgi Canorwoll Zinnia, dam of 27 puppies in three litters, was shown at Shearwater K.C. show and placed first in the Working Group followed by a BOS at Halifax and BOB at Truro to gain her championship in three shows; she likewise earned her CD title in three shows, Halifax, Moncton and Halifax setting an example for her daughter Bellacana's Bobbysox, who is endeavouring to emulate the dam. The kennel has made up two other champions this year in the bitch Paladin's Happy Ginny, CD., and the dog Symbol of Brome, sire of B. Bobbysox.

Evangeline K.C. held a most successful Sanction show in Wolfville November 9 with an entry of 56 and a large "gate". Both the ring steward, *Ralph Wright*, Digby and the judge, *James Meagher*, Berwick were officiating for the first time. Selected for BIS was the black American Cocker male "Stumpy Acres Straightaway" imported from USA in September by Robb-Ross Kennels, Timberlea. At both of his Canadian outings he took first place. Girls' Handling Class was judged by *D. H. Duff*, Armdale while the Boys' was judged by *Mrs. Thomas Threlkeld*, Halifax. Proceeds of the show go to the Lions Club, Wolfville.

At the Bellhill Kennels of your correspondent has arrived the 18 month old Standard female "Nunsoe Royal Blue" from the kennels of the veteran Poodle breeder *Miss Jane Lane*, England.

Twin City Obedience Club held its first CKC Obedience Trial December 8, judged by *Miss L. Burpee*, Moncton.

Mr. and Mrs. Bonoyer of the "Bona Dea" Kennels, Dartmouth, who attended the (US) National German Shepherd Specialty in St. Louis, Mo., have sent the following report: "The day of the show dawned bright and clear and great Shepherds came from the length and breadth of USA. The entry in conformation and obedience exceeded 900. It was a thrilling sight to see a paraplegic in a wheel chair competing in the trial. Judging commenced at 8 a.m. and carried on until 10 p.m. when Ch. Yorkdoms' Pak was named Grand Victor and Ch. Bonnie Bergere of Ken-Rose C. D. Grand Victrix. The parade of champions was indeed a sight to behold with 18 of the all-time greats honoured."

As far as is known, the *Bonoyers* were the only Canadians to have availed themselves of the opportunity of seeing the great and near-great of the North-American Shepherd world.

The *Bonoyers* also attended the Catonville All-Breed show, the Maryland Pinscher Specialty show and the New Jersey Shepherd Specialty show.

At the Min. Pin. Specialty they were able to study close kin of the outstanding Ch. Rebel Roc's Casanova v. Kurt, who is the top all-breed winner for 1961; some of those present were: Ch. R.R. Fashion Plate, R.R. Ding Dong Daddy and R.R. Living Doll. To a Min. Pin. breeder this alone made the long trip worthwhile, while *Mr. Hardy*, president of the Min Pin Club of America, and several other prominent breeders provided the *Bonoyers* with a wealth of useful information on the breed. Among Canadians visited on this trip were *Mrs. Mary Southcott* of Milton, and *Miss Lena Shortt* of London, Ont.

The Nova Scotia German Shepherd Dog Club announces the beginning of new Obedience classes in Halifax. Further information may be obtained from *Blois Boyd*, telephone 423-0992.

The following achieved their Companion Dog titles at the club's second obedience trial held in Halifax: *Mrs. V. Sibley's* "Silver Heels Seeley of Bonny", *Douglas Major's* "Gray Sabre of Bonny" and *Murray Lutz'* "Tanja of Circle Lowner".

Halifax K.C. held a Sanction show the evening of November 24, in the Nautilus Club, Dartmouth with *J. J. LeMoine* of Amherst judging an entry of 46. Best-in-Show was once again "Stumpy Acres Straightaway" owned by *Robb-Ross Kenneds*, Timberlea, N.S.; Best Canadian-bred was *Westmayne Kennels'* homebred Wire Haired Fox Terrier "Westmayne's Homespun", while Best Canadian Bred Puppy was the four months old Samoyed "Silver Spartan of Brialin" purchased from Ontario by *Mrs. Laurence Banks*, Digby, N.S. This puppy, possessing excellent temperament and the darkest pigmentation, shows great promise as a show dog.

P.E.I.

There are stirrings on the Island and it is hoped to form a Kennel Club in Charlottetown in the new year, where the experience gained by *Mrs. C. N. Bissett* while a member of the Halifax and Dartmouth clubs in Nova Scotia should be of benefit. *Mrs. Bissett* has returned to P.E.I. with her kennel of Australian Terriers. Other prospective members are *Mr. and Mrs. Warren Hood* of P.E.I. Hospital, who have acquired a Miniature Schnauzer male from Ontario with a view to showing.

SALMAGUNDI

Many readers will have seen the Pontiac advertisement which included a picture of a Whippet. The dog is "Lynridge

more overleaf

Lady Fair" owned by *John D. Stanz* of Glen Arbor, Mich., who has a bulldozer and was hired to haul the cars to various locations. While taking interior shots it was mentioned that something was needed to add interest to the scene. John went home and got his Whippet; they put her in the car and that is the picture that you see. It is interesting that of the many hundreds of pictures taken on the dunes, the one of the Whippet is one of only three or four used. (C. Chase Arnold in THE WHIPPET NEWS (USA) Oct. 1962).

Dogs are still used in the Antarctic. Though the Americans have mechanized the Antarctic with tractors, Weasels, Snocats, Sprites, and airplanes, the New Zealanders still depend upon sturdy Huskies and sledges to conduct their scientific explorations.

"We'll never completely mechanize," said Lieut. Col. Ronald Tinker, leader of the Scott Base New Zealand Antarctic Research program. "Dogs can go places tractors can't tread. They rarely break down and when they do there are no spare parts needed, just rest."

The dogs, hauling 1,200 pound loads, can average between 18 and 24 miles a day, depending upon terrain. They travel at a steady two or three-mile-an-hour clip.

The dogs brought from the Wellington zoo, with a few Greenland dogs introduced to improve the strain, are either a tawny brown, off-white, black, or spotted, about 30 inches to the shoulder and weigh about 85 pounds.

The sledges hauled by the dogs are of the Nansen design, made of wood lashed together with rawhide so they will "give" with the terrain. The only concession to modern times has been the plastic laminating of the runners to save wear.

This year two major dog sledge field parties set out from Scott Base, Antarctica to cover 8,000 square miles each in an area between Terra Nova and Baywood in Victoria Land. Each party consists of four men, two sledges and eighteen dogs, nine to a trace. ■

IMPORTANT BERMUDA RULING

Canadians and Americans planning to enter dogs in Bermuda shows or export dogs to the Islands should note the following.

Recently the Board of Agriculture and Fisheries decided to rigidly enforce Regulation No. 56 of the Control of Animal Diseases Regulations 1947, with the announcement that:

"All importers of animals are reminded of Regulation No. 56. No animal shall be imported into these Islands except with the permission in writing of the Director of Agriculture and Fisheries. Applications must be received at least ten days prior to the intended date of arrival of the animal in the Colony. Animals without this permit will be refused entry."

The statement concludes with the assurance that the permit will be issued promptly on receipt of the application.

Stateside NEWS

Although statistics are usually very confusing, some that are published in the USA are most interesting: During 1962, 25 million American dogs ate $360 million worth of dog food, used $150 million worth of accessories and their owners paid $35 million for licenses and veterinary care . . . Poodles again reigned as the nation's most popular dog accounting for more than one of every four purebred dog registrations . . . Beggar, a 165 pound St. Bernard from Sacremento, Calif., won honors as 1962's national dog hero for saving her three year old master from drowning . . . Nosey, a Detroit mongrel, who inherited $15,000 in 1959, was ordered by a judge to diet after she gained eight pounds by eating rich foods befiitting her wealthy position . . . In Texas, dog owners spent $30 to $45 for 14-karat dog bones to hang around their pets' necks, while in Chicago, a department store sold bejewelled Toy poodles, draped in mink, for $1,100 . . . A trainman from Elkhart, Ind., saw a dog trapped in a barbed wire fence from his cab on the engine and drove back, in his car, 60 miles to free the dog . . . "Dog Club Weekly" a new newspaper is written and edited by an eight-year old boy, from Evanston, Ill. . . . The International Kennel Club Show held in Chicago, drew the largest entry for the year with 2,622 entries. This brought the total entry in the United States up to 200,000 entries in over 500 shows.

★ ★ ★ ★ ★

To honor the 100th anniversary of the founding of the American Veterinary Medical Association, Gaines Dog Research has completed a new film. "The Gentle Doctor" starring Burgess Meredith as narrator, traces the co-existence of man and beast through the centuries and the role the veterinarian has played. This 16 mm. film, with sound, runs about 25 minutes and will be available to dog clubs.

★ ★ ★ ★ ★

The Dog Fanciers Luncheon in November had, as guest speakers, two people who are well known to Canadians, James W. Trullinger, who has often been on our panel at one show or another, and Dorothy Hardy, a well known handler of sporting and hound dogs. This sounds as though it might have been very interesting and many of us wish we had been able to attend.

★ ★ ★ ★ ★

The Oldtimers of the Kennel World report several new members, among them are a couple of familiar names to Canadians; Virginia Keckler, Dr. Dan M. Gordon, Mrs. W. C. Edmiston, Richard Kerns, all judges; Elsworth Howell, dog book publisher, and many others. To attain membership one has to have been in the dog fancy, in any phase, for at least 25 years, counting from the age of 16. Membership fee is $20.00 or $25.00 for married couples if both are eligible.

★ ★ ★ ★ ★

Many Canadians are now making plans to attend the Westminster Show on February 11 and 12. Others are mad at themselves for not getting their entries in at an earlier date. We wish all those who are exhibiting the very best of luck and we hope that Judge Virgil Johnson can give the nod to one of you for BIS. However, most of you we are sure, will be very happy with that coveted "Winners" ribbon from such a prestige show.

★ ★ ★ ★ ★

It was surprising and interesting to read that the A.K.C. had 104 members attend the quarterly meeting. Possible changes in the Bred by Exhibitor and Novice classes came up for discussion as did the amendments to the Beagle Field Trial Rules. The President reported that the registration items during the first eight months of 1962 had an increase of 4.8% over the same period of last year.

★ ★ ★ ★ ★

The Rittenhouse Square Dog Show, according to the catalogue, introduced 80 Champions as he or she entered the ring. Another event on the program was "The Delco Follies" which was presented by The Dog Training School of Delaware County. In the first square the Head couple were a German Shepherd and a Shetland Sheepdog; second couple – two Standard Poodles; third couple – German Shepherd and Miniature Poodle; fourth couple – two German Shepherds. In the second square were Head couple Standard Schnauzer and German Shepherd; second couple Miniature Poodle and Weimaraner; third couple two German Shepherds; fourth couple – Collie and Cardigan Welsh Corgi. Guest star was a Doberman Pinscher. Sounds interesting and intriguing – 20 Stewards and nine judges were listed for the 16 events. ■

NON FREEZE WATER CONTAINER

Kennel owners who have their dogs housed in unheated dog houses may have a problem with the drinking water freezing.

The Dog Research Division of Ralston Purina Company suggests an easy to build waterer consisting of a frame 10" wide and 14" long made of 1" x 4" boards. An old inner tube, from a car tire is cut to fit on the frame and stapled to it. The section of tubing is cut out and then split. The section of tube that is 15" long is stapled on the frame width that is 10" wide, to hold the water. Excess rubber is trimmed off. A metal strip is put along the top edge to prevent chewing. Hooks can be added to fasten the waterer to a wall or fence. If the water freezes, merely turn the container over and push the ice out.

RECENT WINNERS

Ch. Killane Rogue, an Irish Setter owned, bred and handled by John and Muriel Royston, R.R.#1, Meadowvale, Ont. has, in 13 times shown, one BIS (Oxford County K.C. at Woodstock under Peter Smith), two BCB's in Show, three Group firsts, three Group seconds, two Group thirds, six BOB's in Group, three BCBP's in Group and eight BB's. Along with these Canadian wins he has the distinction of winning the Puppy Futurity of the Irish Setter Club at Chicago. Sire, Can. Am. Ch. Conifer's Guarda Siochana; dam, Can. Am. Ch. Argo Lane's Rising Star.

Ch. Bayter Revenge, a four year old male Bulldog, took the award of Best Local Dog and second in Group at the Bermuda K.C. Show in October. Judge was James Trullinger. Owner-handler is Dr. Laurence T. Hooker, "Morningside", Devonshire, Bermuda. Sire, Ch. Timka of Westframcott; dam, Greathill Lady of Bayter. Breeders, A. H. Westlake and A. H. Woodthorpe. The Hon. J. W. Sykes, Colonial Secretary, makes the presentation.

The three year old black American Cocker Spaniel, Ch. (Can. Am.) Lurola's Leading Issue, took first in the Sporting Group at the Windsor & District K.C. Show at Leamington, under Judge Mrs. H. E. Fletcher. This male is owned by Robert G. and Lucia Lake, 29375 Haggerty Rd., Farmington, Mich. Sire: Ch. Clarkdale Capital Stock; dam: Penthouse Dreamy Sheya. Handler, Mike Kinchsular. Picture by Raymond.

This three year old female Basset Hound, Ch. Grem Lyn's Aida, owned, bred and handled by Mr. and Mrs. R. P. Henderson, Grem Lyn Kennels, 577 Division St., Peterborough, Ont. finished her Bermuda championship and placed second in the Group under Judge Stanley Whitmore and followed this with a fourth in Group under Judge Derek Rayne, shown in the picture above. Sire: Ch. (Can. Am.) Lyn Mar Acres Bojangles; dam: Lyn Mar Acres Gremlin.

This outstanding Samoyed puppy, Ch. Samingo's Tobie, took BB at the Canadian Samoyed Specialty, Toronto, October 7. Judge was George P. Davies. Sire; Ch. Samingo's Prince Charming; dam, Bri-Pen's White Jade O'Samingo. 'Toby' finished his championship at nine months of age with 4 BB, 7 BW, 5 BCB, 8 CPBP and a second in Group. Owner is Mrs. Barbara M. Clarke, 4720 Dunbar St., Vancouver 8, B.C.

Recent Show Winners rates: cost of one column cut, including cutlines, is $10.00. Half page width $20.00. Cutlines on all pictures are limited to the wins for the show pictured with name and address of owner; name, age, color, or size of dogs; name of breeder, sire and dam; name of show. Obedience or Field Trial and Judge; handler's name, name of any other person shown making presentation. No advertising. ***Payable in advance.***

Under "Recent Winners", on page 18 of the November issue, Ch. Reidcroft's Hollyburn is the dam of Mispah Tightrope of Reidcroft and not Ch. Ebonaire's Calico as erroneously reported by the editors.

DOGS & PEOPLE

Visitors with *Mr. and Mrs. Len Lamb*, Len-Mar Kennels, Toronto were *Mr. and Mrs. George Cox* who stopped over on their way to Sorel, Que. via the States enroute from Australia. On their way, Mr. and Mrs. Cox spent some time with the kennel clubs of Hong Kong and Tokyo, then on to Detroit to judge the Bulldog Specialty where Mr. Cox drew the largest entry since 1957. Starting during the war years in England, George was for many years an all-breed judge in Canada. Since 1957 he has officiated in the same capacity in Australia and New Zealand, including some of the largest shows in both countries. Active Poodle breeders in Australia, they took a Len-Mar female back with them after a previous visit in 1959.

Among significant Canadian wins at American shows: Spacemaster's Rebel, one-year-old Pointer puppy, male, placed first in the Puppy Class (stake) over 14 Pointers and the same day placed 2nd in the Open Derby Stake with eight starters, in the Gouverneur, N.Y. Field Trial. Csikcsicsoi Ari-Nora, five-year-old Vizsla, placed 1st in the Open Gun Dog Stake over nine entries and the same day placed 1st in the Open All Age Stake over seven starters, in the Gouverneur N.Y. Field Trial. Owners are *Mr. and Mrs. A. G. Gerle* of Montreal. . . . Owned by *Mr. Fred Rodley*, of Kilbride, Ont., Beau Ridges Davey Crocket, German Shepherd, placed 3rd in a hotly contested Open Male class under *Judge Ray Smith* at Wallingford, Conn. The class of 18 dogs was such that Mr. Smith stated he would like to have been able to hand out 7th and 8th placings . . . While in Middletown, N.Y., Winaki's Galaxy, *Mrs. Nellie Corser's* Shepherd, chalked up two Reserve Winners Bitch classes, two 1st in American Bred with 14 and 18 in a class, one 4th with 20 in the class. Later, under *Mr. Smith*, she earned a 2nd in a Bitch class of 18 in a class of rare quality. This was the first Specialty Show held by the Greater New Haven German Shepherd Dog Club. The five competitors from Toronto and Montreal were made to feel truly appreciated, says *Mrs. Corser*. "This show was a pleasure from start to finish, made doubly so by seeing so many very beautiful dogs. We could truthfully say that in the very large entry of 134 there would not be more than two dogs over which their owners could not burst with pride." . . . The showy Pekingese, Ch. St. Aubrey Tinkabelle of Elsdon, went BIS at the 30th annual Progressive Championship show staged in the Hotel St. George in Brooklyn, N.Y. The Toy breed event drew 136 entries. Tinkabelle is a great-granddaughter of Westminster's 1960 victor, Ch. Chik T'Sun of Caversham. Tinky was judged BIS by *Mrs. Evelyn Jackson* of Oakland, N.J. "I've bred Pekingese for years," she stated, "some good and some not so good. This one was the nicest I've seen in some time." She is the joint property of *Nigel Aubrey-Jones and R. William Taylor* of Montreal. Of the 12 dogs in their kennel they brought seven to the Brooklyn event. Tinky is the fourth Canadian titleholder to win this event. She finished her American title by winning the BOS award at the latest Westchester KC show.

Travellers: Planning a 25-day trip to England in April are *Mr. and Mrs. E. B. (Tim) Reid* of Oak Gables Kennels, Stittsville, Ont.

Another win in U.S.A.: *Wilfrid E. Shute, B.A., M.D.*, of Port Credit, Ont., showed his 11-month-old Doberman, Sabre von Mannerheim to Winners Dog for four points and Best Puppy at the recent Doberman Pinscher Club of Michigan Specialty in Detroit. Previously he went Best Canadian-Bred Puppy in Show from the Junior Puppy Class at his first Canadian show, in Kitchener, Ont.

Canada's most titled Great Dane, Can. Am. Ch. and Can. Am. O.T. Ch. Count Zep v. Zordane, Can. Am. T.C., was made recipient of a handsome award on December 2 at Burlington, Ont. The

North America's most outstanding Great Dane and owner are honored.

presentation of an electric clock bearing the figures of a Great Dane and Winged Victory, was made to owner *Mrs. Florence Westbrook* of Brantford, Ont. by *Mr. Ian Stewart*, President of the Great Dane Club of Canada. Equally and justly proud are his breeders, *Mr. and Mrs. Stewart*, also of Brantford. The exceptional degree is all the more rare in that Zep is a Harlequin Dane. Zep, who is now five years old, started his show career at the B&DKC Sanction Show in March, 1959 when Capt. Will

Judy placed him BIS. His handler was Ian Stewart. Mrs. Westbrook then began training him for Obedience where he earned his CD in a short time under the handling of *Mrs. Gerald Charter*. During 1961 he became very ringwise. His owner retired him until late in the year and then began again. His record for Obedience is outstanding for a dog of his breed: Can. Ch., 1959, Am. Ch. 1960, Can. UD, 1961, Am. UD and Can. and Am. TD, 1962. Although early in his Obedience and show career he was handled by others, recently he was owner-handled — with the exception of his TD. For this degree he was handled in Canada by *Mr. Walter Konradt* and in the States by *Mrs. Charter*. The first time *Mrs. Westbrook* entered the obedience ring with him herself, she received a round of applause from the ringside. This was at a Detroit trial. When asked by the judge if she had any questions, she asked: "Why don't they wait until I'm finished before clapping?" The clapping had made her more nervous than ever. Replied the judge: "Because they are so glad to see a big woman enter the ring with a big dog, instead of with a Chihuahua or other small breeds." This gave courage to the novice handler and she went through with flying colors.

Ill: In the Ajax General Hospital, Oshawa, Ont., *Mrs. Hugh Jeudwine*, mother of *Mrs. Dorothea Daniell-Jenkins*, following a fall. (*See Dogs and People, December, 1962*). Readers might wish to send this gallant lady their good wishes.

Mrs. Betty Dickson of Ziska Kennels, Dorchester, Ont., recently received her 16th Samoyed import, again from Rippleby Kennels owned by *Miss Dorothy Luke*, Somerset, England. The brother and sister arrived fresh and frisky after a brief 6½ hour jet flight under the impeccable shipping management of *Margot Roy*, Middlesex, England. Also of interest: a litter brother of Mrs. Dickson's Ch. Rippleby Doric, CD, owned by the *President of the British Samoyed Club*, has been used at stud for *Queen Juliana's* female. Miss Luke, noted Samoyed breeder, knit *Prince Charles'* first pram cover from yarn spun from the gleaming white hair of her Samoyeds.

Ill: *Mrs. Martha Stevens*, Boston Terrier breeder and long-time show secretary and executive member of the Progressive Kennel Club, following a fall, in which she suffered a fractured hip. For your get-well wishes, the address is 1698 Gerrard East, Toronto, Ont.

The remarkable Skye Terrier, Can. Am. Ch. Talisker's Fairy Wonder recently gained his American title in a short time. Out of 13 U.S.A. shows, under the handling of *Bill Trainor*, he won three groups, placed 2nd and 3rd and once 4th in all but two, in which he went Winners Dog. A son, Talisker's Mister Wonderful, is now being shown Stateside. Owner is *Mrs. R. Percy Adams*, Talisker, Ste. Agathe des Monts, internationally noted Skye breeder.

This Newfoundland Peke sits proudly in century old pram during St. Johns parade. See "Letters".

TRAINING YOUR SHEPHERD FOR GUARD WORK
by G. W. Frost

With crime on the increase, a dog trained for protection is of value.

If you have a dog with the proper temperament and disposition and with the proper competent assistance in training, it can be done. If you do not pick the right dog and assistance in training you will end up with a four legged menace, and a large liability insurance policy would be an asset.

The number of rejects of dogs for training for the army and police is high. Their trained dogs are under control and surveillance at all times. We do know of well-trained guard dogs that roam the owners property and will meet strangers in a normal friendly manner but there are too few.

Few owners realize that once they start training their dog they are obligated to start thinking for the dog. In our experience in conducting training classes for dogs and their owners, we do find the dogs are no problem.

A good German Shepherd Dog has a natural instinct for protection and will invariably do the right thing when necessary. I am not referring to the ones who tuck their tails under their tummy and slink away at the sight of strangers or sound of noise. They are not true Shepherds — they just look like one.

Please do not train your German Shepherd Dog for attack work unless you are capable and willing to give your dog the attention and control it needs. Do not do it just to satisfy your own ego.

FOR YOUR INFORMATION

Any person who became an Associate Member of The Canadian Kennel Club anytime during the year 1960 and who has renewed his membership in 1961 and 1962, may make application to become an Ordinary Member in January 1963.

•

Where a partnership, which is an ordinary member of the CKC is dissolved, then any of the individuals forming the partnership wishing to be members shall be allowed to carry on as individual ordinary members.

•

If the Irish Setter Club of Ontario applied to the CKC for approval to hold a Specialty Show for ALL Setters, the CKC Secretary would be quite within his rights to ask for a copy of that club's constitution. If this stated that the club was organized for the betterment and improvement of Irish Setters, the Secretary would reject the application. But, if the constitution stated, for the betterment of all Setters then it would be possible and probable that approval would be given.

•

The words "champions excluded" in the definition of the "Canadian Bred Class" means a champion in any country.

•

The *lessee* of a dog MAY enter such a dog under a judge who has handled, within six months, the same dog or other dogs for the person who actually *owns* the dog.

•

A challenge trophy, which is not to be won outright must be valued at $35.00 or more. The terms of the offering MUST be stated in the premium list and these cannot be changed without the approval of all winners of the trophy.

•

In order that a person may not be doing too much judging of Championship Shows in any given geographical area (which might have the effect of discouraging larger entries because dogs have to win points under three different judges), no one shall be approved to judge any breed more than once on any circuit or twice in any zone in any calendar year in any of the following zones: British Columbia (Mainland), British Columbia (Island), Alberta, Saskatchewan, Manitoba, Ontario (except Lakehead area), Ontario (Lakehead area), Quebec, New Brunswick and Prince Edward Island, Nova Scotia and Newfoundland; a leeway of 14 days is allowed in the three months' time period for selecting judges for championship shows in Ontario (excluding Lakehead area) and Quebec (one zone).

•

It is considered most unethical for a judge to attend a show as a spectator in the same area where he is scheduled to officiate as a judge.

•

The Canadian Kennel Club suggests that Show and Trial giving clubs include the names of the CKC Directors and Obedience Representatives of their zone in their premium lists and catalogues.

•

It is the ruling of the Board of the CKC that there must be NO interference with the order and schedule of judging as set forth in the premium list.

•

A dog is not to be entered at a show with the title "Int. Ch." but where a dog is a champion in more than one country each such country is to be specified; neither may a dog be entered as a "Dual Ch." but where a dog has more than one title each title is to be specified.

•

The date fee for any championship show or trial will be automatically forfeited if the official returns for such show or trial are not RECEIVED in the office of the CKC within 15 days after the date of the show or trial.

•

Many exhibitors become impatient at the length of time that is sometimes required for them to get confirmation of a championship or degree. This long interval is very often caused by one of several reasons. To name only a couple: it could be caused because the officiating judge failed to properly mark the judge's book. Very often the returned books are found to lack a number for BW, CB, RW etc. this necessitates the CKC office to write the judge and other parties concerned to get the information needed; or in the case of an obedience judge, neglecting to mark non-qualifying on scores where it should have been marked, once more holds up the confirmation. Too, exhibitors themselves are very often at fault. For if the dog has been entered at a show or trial under a name that has subsequently been changed, even ever so slightly, the exhibitor MUST notify the CKC office of both the old AND new name. As an example, a dog is entered under the name of Breezy Brae Captain and gets an award, the award is filed under "B"; at a later trial the dog is entered as Captain of Breezy Brae, this award is filed under "C". The clerks in the recording office have no possible way of knowing that this is one and the same dog.

•

Letters

from page 2

Shows, Maritime circuit 1960-1961, and 54 times in the States.

We are now impatiently awaiting the arrival of our new baby, Pierrot of Quatt, a Frenchie puppy coming from the Quatt Kennels in England. We intend showing him in Canada in 1963.

WARREN L. BAILEY,
Captain USN (Retired)

Baltimore, Md.

This is interesting news. We'd like to see more French Bulldogs shown.—Ed.

canadians excel in u.s.a.

. . . The column, "Stateside News" is indeed very interesting. . . . As we are from Canada, down here on a military transfer, we are wondering if news of our Canadian-bred dogs would be of interest.

Can. & Am. Ch. Kimtale's Schooner Bounty, a Newfoundland male bred in New Brunswick, completed his American Championship title at the Cornhuskers KC Show in Lincoln, Neb., under Judge I. Schoenberg. This Newfoundland, bred in Chatham, N.B., owned and handled exclusively by Joyce MacKenzie has three Canadian BIS wins and many group placings, and had the coveted honor of representing the ideal of the breed this year in the U.S.A.

General Patch of Belton and Peg O'Birdlea, litter brother and sister German Short-Hair Pointers bred by Mrs. E. R. Dickie of Moncton, N.B., sired by BIS winner Can. Ch. Marshview Crown Prince, are making their mark in American field trials. After a period of two months' rigid training by their owner, Joyce MacKenzie, General Patch placed first in the Fun Trial held by the Heart of America German Short-Hair Pointer Club in the puppy stake and also placed fourth in the Licensed Trial held in Omaha, Neb., by the Omaha GSHPC, out of 18 puppies entered. Litter sister Peg took second place at the Heart of America GSHPC AKC Licenced Trial at Kansas City, Missouri, out of 15 puppies entered.

These two Maritime bred Short-Hairs show great promise in the field, having very keen noses, keenness to hunt, intense attitude on point and eagerness to retrieve. At the Kansas City Trial, Peg retrieved a wounded pheasant for a quarter of a mile directly to hand. At the same trial Brother Patch made three clean finds in the bird field, after running an excellent back course, however on the third find, laid down on point, and therefore disqualified himself for a placement.

MRS. A. R. MACKENZIE

Belton, Mo.

tracking judge

. . . I noticed in the issue of *Dogs in Canada* which recently listed all the Canadian judges, I was down for "All Obedience Classes . . . as I am also a Tracking Judge . . . could you make this known, please.

LORNA CASGRAIN

Westmount, Que.

mutation ruled out red

. . . I hear tell of the round sum of $10,000 being earmarked for genetic research. This sure does my old heart good, as the subject of genetics is of vital importance to me and I look forward to this enterprise serving a lifelong problem:

My family came into prominence around the 14th century when the chief raided his next door neighbors and made off with a few odd heifers on account of the hard winter and they didn't believe in working for a living.

All had "the mark" — flaming red hair — and down through the centuries an unfailing succession of redheads has appeared irrespective of the hair coloring of their wives.

My red-haired sire and his red-haired brothers all wed brown-haired women. Results? Eighteen red-headed kids and one mousy blonde — me. At a very early age I began asking my mother why I wasn't red-haired. The reply was always: "Nature knows best". But as I couldn't find "Nature" to ask her, I kept asking my mother. I observed all my 18 cousins with this gorgeous, golden red hair, the girls with the accompanying peaches and cream complexion, then looked at my own mousy hair and skin and wept loud and long.

I grew up and heard of a thing called "genetics". I sat back and listened and discovered to my horror and great grief that I am a mutation. Evidently the genes of my parents had a set-to one day and broke off, attaching themselves to another gene. And being like a string of beads their chromosomes got all balled up and hooked up to the wrong end of the string.

What I expect this research to do for me is to find out why these chromosomes didn't find their way to the right end of the string so that I could have had red hair.

FRUSTRATED

Smith & Dorian appear to be the only advertising agency with a kennel on the premises. A client furnished the metal fencing for three admen who bring their large-size dogs to work.

Shows for all or any Terrier Breeds, or any other event for the promotion of the Terrier Breeds."

Based on these principles, the club is extremely proud of its accomplishments as an organization of purebred Terrier fanciers, and the many outstanding awards won by its individual members in the show rings of Canada and the United States. With a membership ranging from Halifax, N.S. to Edmonton, Alta., the Club is well represented in Canada, and through its Education Committe is strongly interested in furthering the above goals.

Plans for the Sixth Annual All Terrier Specialty Show, to be held May 19, are well underway. Having secured the services of the eminent Terrier judge, Dr. Frank R. Booth, D.V.M. of Elk Hart, Ind., the club is now looking for a suitable location in the Greater Toronto area for this show.

Anyone having an interest in the club or its activities is welcome to forward their inquiries to The All Terrier Club of Canada, care of 58 Wolfrey Avenue, Toronto 6, Ontario, or telephone HOward 1-9619.

working

Memo

from page 2

who would appear to be lying most supinely on the threshold of death will get up and walk when a new heel command follows a few minutes of breath-catching, much to the embarrassment of the owners whose cries of remorse were intended to follow all the way to the Promised Land. Again, I can claim under oath that I have never seen a dog which required even the maximum suspension, that was physically affected in such a way that he was unable to continue his training within a few minutes of the correction. None have ever been injured physically. Nearly all have been helped mentally.

And if the dog is too big and formidable for anyone to hang up? Then the trainer might "convert" such a dog, while protecting his own person from injury or even permanent disablement.

He would equip himself with a piece of rubber hose about sixteen inches in length and one and a half inches in diameter. An adequate scrap of used washing machine hose from a repair shop or the dump is as good as a new piece. Into this hose he would slide an equal length of wooden dowling, obtainable at most hardware and cabinet shops. Before working with the formidable dog, he would put this "tranquilizer" into his pocket or under his belt, in a quick-draw position; or, if he felt the dog was one which would explode immediately, he would hold the hose in the "ready" position behind his own right ear above the dog's view but ready for action.

Naturally, to slow the motion of his target, he would have to use a left-handed, close-to-the-collar grip instead of the regular leash hold.

° ° °

And, on a totally different and happier plane, speeding time has already ticked off some precious days of a brand New Year. Remaining is something of a sensation of not quite wanting to write off 1932. There are so many plans not quite completed, so many things we all wanted to do. But here's a fresh new slate. Your publishers wish you all a wealth of health and good fortune, in your families and business and the endeavors and hopes centered on your kennels.

Your kind Christmas wishes are most appreciated and the warm thoughts will be cherished throughout the year. Many of the cards showed sketches or photographs of the owners' puppies or outstanding dogs, which made them all the more treasured. ■

"I'm confused. If it doesn't register a kennel what does it register? Does it mean we can no longer advertise our kennels as "Registered." Does it mean they are just kennels with the name only registered with the CKC, and the kennels themselves a mirage as far as the CKC is concerned. I'm afraid it's one of my stupid days. There must be an answer — but at the moment I just can't see it." ■

In The Field

from page 8

courage unpromising owners of nondescript bitches from taking on the responsibility of raising and trying to sell pups. Such poorly equipped breeders may only try the experiment once and end up poorer, but wiser, having to unload the pups indiscriminately, but perhaps not without harming the breed and more serious breeders.

WHICH IS THE MOST EXPENSIVE BREED OF DOG?

An article appearing in last February's edition of *Mechanix Illustrated* quotes the prominent writer and sportsman, Tom McCahill, as settling an argument which put forward various breeds, with the information that the most expensive dogs in the world today are top Field Trial Labrador Retrievers.

POINTER-RETRIEVER BREEDS

In Great Britain a recent Kennel Club edict now enables them to hold their own trials carrying Field Trial Championship qualification. The German Short Haired Pointer Club has several active branches, one of which recently held its first trial with Non Winner and Puppy Stakes. It is expected that the Weimaraner Club also will have trials going before long.

OVER AND UNDER

Perhaps you will not agree with them, but there are critics of the "over and under" test in Licensed Trials. In a conversation recently heard between three judges, who are experienced Open All-age handlers and who have all owned exceptionally good marking dogs, comment ranged from "lacking in imagination" to "unlikely shooting situation" (to have two birds fall exactly in line) and "trick test". If given at all, except perhaps as a training test, they thought the short bird should be shot first, but in their opinion the over and under should be retired.

FIELD TRIAL GROUNDS

With the growth of cities, encroachment on open land, draining of marshes and ever present menace of broken glass near ponds, clubs each year are forced to abandon areas once part of the beautiful Canadian countryside and suitable for recreation including Retriever training. It is encouraging that in several instances during 1962 conservation authorities, who are trying to preserve unspoiled areas near large cities for the enjoyment of the

public, have recognized the place of Retrievers in conservation by allowing Retriever Clubs to hold trials on these grounds. This assistance is warmly appreciated by sportsmen.

The Montreal Gun Dog Club this year moved the site of its licensed trial to new grounds near Coteau Landing which provide excellent opportunities both for land and water.

Perhaps the most arresting news regarding grounds comes from the Algoma Retriever Club. They have bought 40 acres about seven miles north west of Sault Ste Marie. The property has several buildings suitable for a clubhouse and equipment storage. There are about 15 acres of cleared land, a stream, a lake of about eight acres with speckled trout, two other ponds with dams to control water level, wooded areas and a marsh. The members have an ambitious program for planting, and further improving the ponds with additional cover and islands.

A VENERABLE LABRADOR

The British *Daily Telegraph* of August 13 carried the news that a gamekeeper's Labrador Retriever dog has obtained the age of 26 years, probably an all-time record. Ajutant, owned by Mr. Hawkes, a gamekeeper at Reevesby, Lincolnshire, was for 14 years an active working dog. He was hand-reared, as his dam died at birth. Mr. Hawkes offered as his advice to owners who hope that their dogs will live to a ripe old age "over feeding and under-exercising can kill".

DEADLINE

Your help in contributing news and highlights from your particular part of the country is needed. For the next column, to appear in May, such copy must be received by the writer not later than during February. ■

Toys

from page 16

with the definite objective of producing better Papillons, and they are succeeding. This breed is a definite challenge for top Group placings and more and more Groups are going to be taken as time goes on.

A real standby in the Toys is the Pekingese, the Lion Dog. As long as I can recall dog shows there has invariably been a good entry of good specimens, giving the judge a worry as to how to place the dogs. Being another really old breed, the Peke reached a state approaching perfection much earlier than most of his associated breeds. The hundreds of years of breeding actually left little for improvement, and concentration has gone into developing coat. Some of the coats produced today are nothing short of fabulous. But as so often happens in concentrating on a single phase, the real thing (in this case the body to carry that terrific coat) suffers accordingly. However, the wins so consistently made by this breed, surely indicates that Pekingese are as good as ever, and maybe a little better.

A snappy little fellow of noisy but engaging manners is the Miniature Pinscher, in no way to be confused with the Doberman Pinscher whom he preceded in dogdom. Quick, alert, affectionate, he can be a wonderful companion at home and a master showman in the ring. To me, for a time, the breeding of these dogs became a bit loose. While the dogs were sound and showy, there were too many types to be seen in the ring. Since definite limitations as to size have been placed on the breed, I feel sure we shall see a uniformly better dog, bred truer to type and with fewer odd ones, even in the non-show litters.

One of the most beautiful, scrappy and snappy (not referring to temperament) of all the Toys is the Pomeranian. Who has not gazed in admiration at a dainty Pomeranian, coat in full bloom and carefully groomed, ears up, eyes sparkling, tail on back, and tiny feet barely touching the floor while dancing before its handler. This breed, rather closely resembling the sled dog from which some claim it originated, in general conformation, has been undergoing a gradual evolvement. In years past it was not unusual to see in shows, as well as in homes, quite large specimens, heavy boned, heavier faces and large eyed. While there is an occasional throwback to this large dog, our present Pom is a small, dainty dog, with much more

coat, for size, and a truly gorgeous animal to watch. To me the Pomeranian breeders have done an excellent job of improving their breed and have left very little to be desired.

The Poodle, Toy, is one of the breeds in the Toy Group that, riding on a wave of what one might call a Poodle craze, for all three varieties, has played a very dominant part in all our shows. And I think that no breed, regardless of Group, has made the marked improvement in such a short time as has the Toy Poodle. According to the standard all three Poodles, Standard, Miniature and Toy, are the same except for size. Coming directly from the Standard, the Miniature very closely resembled his larger brother from the start. The Toy Poodle was something else again, and going back not too many years one recalls, and will see even today, that very cute, saucy fellow, with a distinctive "Toy" head, often referred to as a Pomeranian head. Broad skull, short, sharp nose, and rather prominent eyes. By a careful selection of sires and dams, these traits have rapidly disappeared and today we have a Toy Poodle, even to coat, closely fitting the standard for Poodles. Here I would like to say that I think altogether too much emphasis is being placed on coat (in all long haired breeds, Pomeranians excepted). If the body isn't under it, what good is coat except to hide that poor conveyance? But a good coated Toy Poodle, well groomed and with a nice firm body and good legs, is a pleasure to watch as he struts his stuff. Yes, Toy Poodles have improved.

The breed slogan, "you never own a Pug, he owns you", is very apt indeed. Until you have enjoyed the privilege of having one of these wrinkled, snub-nosed roly polys around, you will never realize how much fun and mischief, as well as cuteness and affection, is contained in that loose skinned dog with the do-nut tail. Many years ago this dog, whose ancestry is misted with antiquity, was very popular, then for quite a spell one failed to see very many. Then the Pug began to appear in increasing numbers and became a consistent winner in the Toy Group. Being such an ancient line, there has not been room for too many changes. But those breeders who have taken the breed seriously, not just as source of revenue, have been striving to produce Pugs with better bodies, straighter legs and to keep that curiously wrinkled forehead and dark luminous eye. Unfortunately a light yellow eye has crept into some strains, its recurrence maintained because of breeding to a sire's ring record rather than his ancestry. On the whole I think we see more good Pugs in the ring than in the past, if not so many standouts.

The Toy Manchester, bred as a "ratter" or vermin chaser, and used to put on shows for a gaming audience, is another breed which suffered from size variations, like the Miniature Pinscher. An extremely intelligent dog, quick in action and reaction, with his rich tan markings, he usually makes a terrific showman and commands a lot of attention for his smartness in the ring. As time has elapsed, and with a sensible weight limitation, a smaller, sturdier bodied and better all round dog has been produced, with fewer of the extremes being seen.

Last but by no means least, comes the Yorkshire Terrier. This little fellow with the silky hair of steel blue and British tan more often than not dragging the floor, has so much spunk one is amazed. Not quite as snappy appearing in the ring as some of the other Toys, nevertheless it is quite a sight to see one of these "Yorkies" sweeping down the ring, head held proudly up and silky hair billowing out on either side like the wave from a graceful ship. Controlled, as all Toys should be, by that axiom "other things being equal, diminutetiveness counts" nevertheless the standard does not set limitations, and it is not unusual to see dogs of three, four and six to seven pounds, in the same ring. I think the breeders have well maintained the outstanding good points of the breed, but in my humble opinion I do believe they would be well advised to get together and mutually adopt a weight limit, both top and bottom. ■

Terriers

from page 17

since and my opinion is that there is something missing in the breed both in quality and quantity at our shows.

NORWICH TERRIERS

This is another of the terrier breed that is rarely seen at our shows.

LAKELAND TERRIER

The Lakeland is another very fine breed but is not too well known and has very few representatives at our shows. I am surprised that more breeders have not taken an interest in this fine dog.

MANCHESTER TERRIERS

The Manchester Terriers are not too strong in quantity but very good in quality. At some of the larger shows in the Toronto area this breed has had very good representation. This is one of the oldest breeds in the terrier group.

SCHNAUZER (MINIATURE)

This breed has for a number of years maintained a high standard of quality. He is one of the few breeds in the terrier group to retain his popularity and is usually one of the better entries in the show ring in Group 4. It appears at the time of writing that the trophy offered by The All Terrier Club of Canada to the dog who receives the highest number of points for 1962 may well go to a Miniature Schnauzer, and they are also the breed having the largest number of dogs entered in C.D. with 18 dogs competing.

SCOTTISH TERRIER

This very fine little dog is usually a one-man or a one-family dog and was more popular about 20 years ago than he is today. This fellow has a roll all of his own when he is gaiting. Back in Scotland,

in my Grandfather's day, he trained these dogs for ratting. Scotties in the show ring at the present time are holding their own with the best of the terriers in Canada. One of our present-day breeders should be given credit for this accomplishment. This dog can be found in a large and coarse animal or a small weedy one but I feel that the dog bred to fit the present-day standard gives you the best Scottish Terrier.

WELSH TERRIER

This is another breed that is now being shown in greater numbers. A small dog, sometimes mistaken for a small Airedale, but he is definitely a breed of his own. They have, this past year, been one of the breeds to place in the Group, also one of the breeds who have been active in obedience and has been one of the top contenders.

WEST HIGHLAND WHITE TERRIER

This breed is not an easy mark when a good one is found in the breed. He will usually be found somewhere in the first four placings in the group. The novice, when looking for a terrier to buy, has come to us, knowing that we breed Scotties. They will quite often want to order a black or white Scottie and therefore it has to be explained to them that these are two distinct breeds. Although this breed is very popular in the show ring, according to the breeders he is also very popular with people wishing to own a dog and therefore is in great demand. I have mentioned earlier the competitiveness of this dog in the show ring. ■

Dog-sled derbies

from page 19

They have tangled their harness, fallen to fighting among themselves and otherwise defied all efforts to get them on course. One leader became so entranced with a brilliant red gasoline pump that he marched over to have a look: by the time he had finished circling and sniffing, the whole team was hopelessly ensnarled.

Once out of the city, the trail is barely sled-wide, nor does the Racing Committee guarantee that it will be fast and clear. Occasionally mushers have been

thrown into snowbanks when their sleds hit a rough spot, and into frenzies when their teams caught the scent of a stray dog. Virtually all of them have spent torturously long minutes behind a moose ambling on the trail. Some have resorted to shouts and snowballs, a risky experiment, and a few have pressed their luck too hard, one driver so offended the sensibilities of one cow moose that she wheeled on him, chased him up a spruce tree and kept him there in anguish and utter frustration while the rest of the field swept by.

A good musher spends more time trotting behind his sled than riding the runners, never sits and is always ready to give his dogs a helping hand. Even the rules are designed to toughen the test. Once a team leaves the chute, no one but the driver can lay a hand on it. And though he has the option of starting with anywhere from five to fourteen dogs, he must return with precisely that number, even if he has to pack a sick, lame or dead dog in the sled. Finally, should a team be overtaken, it must pull off the trail and surrender the right-of-way to the faster dogs. It is a mark of the mushers' breed that, for all the trials of course and rules, not one has been disqualified for unsportsmanlike conduct in ten years.

One of the compelling lures of dog-sled racing is surely its link with Alaska's proud and flamboyant past. Many of today's top dogs were sired by the great sweepstakes winners of half a century ago. The Alaska of gold rush days is where dog-sled racing began. The year was 1908. The place was Nome, where some 25,000 souls, tempestuous and hair-triggered, were pent up in a mud-rut and tar paper town the winter-long — and in Nome, winter is measured from the last boat in October until the frozen Bering Sea breaks up in mid-June. Meanwhile, the gold-seekers were isolated, nearly a thousand miles of icy tundra between them and civilization.

One day a Kentucky lawyer named Albert Fink, mindful of every musher's devout belief that his team could outpull, out-run and out-last any other in captivity, proposed a dog-sled derby to the boys in the Board of Trade Saloon. Within an hour, the first meeting of the Nome Kennel Club had been called to order. In a week, some $10,000 in prize money had been pledged by merchants and businessmen — an amazing sum for the time, but less than a fiftieth the amount that was to change hands in bets before the race ended — and a surveying crew had set out to lay the course for the first running of the All-Alaska Sweepstakes.

They didn't mince obstacles. The trail ran 204 miles across the Seward Peninsula to Candle just below the Arctic Circle — and back! It covered a bleak and bare terrain, studded with sea ice, sheer cliffs and rotting glaciers, forever swept by gale and blizzard. It was, wrote one of the contestants, "a land where the Devil held sway, the most awful test of endurance ever called by the name of sport."

It was also a smashing success! The gold camps hung out signs that read, "Gone to the dogs." Courts adjourned, shops closed — no one wanted anything, it seemed, except the latest tip — and only the teacher showed up at the schoolhouse. For four days and nights, the Board of Trade Saloon was the nerve centre of Nome and, elbow to elbow, a jittery crowd was crammed inside its swinging doors breathlessly waiting for the clang of the telephone: a line had been strung along the trail and, as each

more overleaf

The father, a popular waiter, had several dogs at home. Usually in a hurry to be off to the restaurant, he carelessly pushed the dogs' dishes into the pen.

"Why don't you serve them nicely like you serve people in the restaurant, Dad?" asked his little boy.

"Son," replied his dad. "Dogs are notoriously poor tippers."

team checked into a roadhouse or resting place en route, a report on its time and condition was flashed back to Nome, sparking a fresh wave of bets and boasting.

For nine years, the Nome Sweepstakes captivated the imagination of the north country. And inevitably, as the gambling fever climbed, the fast-money men had their devious tries at shaping the outcome of the races. Dogs were doped, kidnapped or crippled; trail stakes were moved, quill-studded blankets hidden in the snow.

But if there was chicanery, there was also a gallantry of the highest order. Leonhard Seppala gave up the lead and quit in his first race rather than risk permanent damage to a young dog. Nor would any musher give a thought to himself at relay posts until he had massaged, fed and bedded his animals. It was a time when a man could believe that he had no truer friends on the trail than his dogs, and one said so in the famous sourdough verse:

"That would be a low grade sort of Heaven
And I'd never regret a damned sin
If I mush up to the gates, white and pearly,
And they don't let my Malemutes in."

Much Alaskan lore came out of the great Sweepstakes, and a corps of authentic folk heroes. There was Ironman Johnny Johnson who, in 1910, set an incredible record — a little over 74 hours for the 408 miles — and eventually paid a grim price for his fame: permanent snow blindness. And Scotty Allan, a mite of a man, skilled and soft-spoken, ran in every one of the races, singing Scotch airs to his team as they sped along. It was Allan who trained the dogs for Stefansson's Arctic explorations, and ended his days full of honor as a Territorial legislator when he was too old to hit the trail.

Greatest of all was Seppala, the doughty Finn. Three times he claimed the Sweeps, and long after his last great victory, he played a vital part in the making of a new Alaskan champion.

The racing fever subsided with the gold fever in Nome. Soon the airplane came to the Northland. The dog team, it seemed, was relegated to a kind of nostalgic curiosity. Then came the Nome diphtheria epidemic of 1925.

There was antitoxin to spare in Anchorage that winter, but the airplane hadn't been built that could fly it through the 50-below-zero Arctic blasts. Isolated, hundreds faced the black death.

Send the medicine to Nenana by train, Nome telegraphed desperately, then start it overland by dog team. A relay was organized. East from the stricken city went Leonhard Seppala and his dogs to intercept the precious cargo. Caught by the drama, half the world and all Alaska waited and prayed as 19 crack dog drivers mushed 658 miles through blizzard and bitter cold — and brought the antitoxin to Nome in an unbelievable 5½ days!

The place of the Huskies was promptly reassessed: they would never again pull the family car of the North, but for last-ditch transport in the bush, they could never be replaced. And slowly, in far-off villages first, then spreading to towns and cities, the sled races again began capturing the imagination of a new generation of Alaskans.

There are differences, of course. Today's races are more a test of speed than endurance, for though the dogs are rugged — and, thanks to careful breeding, faster, averaging 15 miles an hour on the trail — mushers, as one of them ruefully admitted, "are a mite more fragile." Yet there are those who would dispute even this. Joe Stickman rode the runners with a wooden leg, pumped with his good one. Cui Biffelt of Huslia, 1960's winner at Anchorage, seemed unhandicapped by the fact that tuberculosis had left him with only one lung. And even when the men falter, all is not lost: hospitalized with pneumonia just before the big race in 1949, Earl Norris kept his ear to the radio, improved visibly when a pinch-musher, his wife Natalie, finished second.

Sustained by a legendary past, sparked by the derring-do of its modern paladins, dog-sled racing grows more popular year by year. Total prize money swells with each race: a clean sweep would now bring a lucky musher upwards of

$15,000. The sport spread east across Canada, then down to "the South 48." Major races now lure tens of thousands to The Pas, Manitoba; Ste. Agathe and Quebec City; Ashton, Idaho and Laconia, N.H.

It was at the big derby at Laconia in 1927 that Roland Lombard was first blooded in the mushing art. He was 15 that year, slight and shy, completely taken with his three Siberian Huskies and novels about days of '98 in Alaska. Then the immortal Leonhard Seppala came to live in the boy's hometown of Wayland, Mass. Drawing a deep breath, young Roland marched up to the great musher's door: if Mr. Sepalla would lend him two dogs so his team met the minimum requirement, he, 15-year-old Roland Lombard, would enter the Laconia Derby.

Mr. Sepalla not only lent the dogs, but helped Roland work them into his team, then stood cheering at the finish line as his protege dashed across in first place. The boy's success shaped the life of the man. The $2000 in prize money he won helped pay for his degree in veterinarian medicine. He began a life-long practice of closing up shop for two months every winter so he could race his teams across the United States and Canada.

In 1959, then crowding 50, Lombard became the Fairbanks North American Champion, first outsider and oldest competitor ever to win a major Alaskan race. Looking forward to his trip this, his fifth year, Dr. Lombard says, "I suppose I can't compete with these boys much longer. But while I can, I mean to play it for all it's worth."

Another 50-year-old hand, Dick Beaulieu, knows how the vet feels. Not long ago, I walked down the steep slope behind Beaulieu's home in Anchorage and watched — somewhat apprehensively — as he unchained his yipping dogs. But for all the tales about the ferocity of Huskies, they came bounding up to sniff and nuzzle me, friendly as pups and delighted to have a visitor. And as Beaulieu stood stroking their heads and calling each by name, he said, "It gets in your

Proudly Presenting

CAN. CH. MERCURY OF THE ROUGE
who has the honor to be the first winner of the

MANDERLEY PUPPY CHALLENGE TROPHY
offered through the Canadian West Highland White Terrier Club.

"Pecan", who completed his title before 11 months of age, was whelped June 21, 1961, by Shipmates Demosthenes ex Am. Ch. Klintilloch Moment, owner-bred by Mrs. J. H. Daniell-Jenkins, shown above at Ladies K.C. 1st show, Montreal, April 28, 1962; judge, Mr. C. Swartz. He is siring show-quality stock, and is at stud to approved bitches.

Also at stud: **Can. Ch. Shipmates Hannibal**
Gallant Lad of the Rouge
Shipmates Demosthenes
Wigmac O My Joshua *(sire of both the American and Canadian Specialty Puppy Sweepstake winners in 1962).*

blood. You think and think, but you just don't know what's going to take its place when you can't run any more." ■

Anatomy

from page 20

his crowning glory in the show ring. A beautiful deep sable, heavily-coated dog with large white collar, produces a beautiful picture in the ring. As long as such a coat is growing on a sound working dog with a typical head piece, it is highly desirable. Real trouble begins when some highly undesirable characteristic crops up in the breed due to the popularity of one line used in breeding and because it appears so often in the ring and is eventually accepted as normal by the breeders, exhibitors and judges.

This is one of the reasons why the Standard of a breed should be as explicit as possible and why all three – exhibitor, breeder and judge – must follow it to the letter. When the standard is short and vague and incomplete it allows any variation in interpretation and nearly any dog can legitimately go up.

Since there are no perfect dogs, any fault can be excused on this basis. However, the breeders with their own hard-won knowledge and the knowledge passed down from the past, can control unwanted variations, and impress their wills on the fancy and on the judges if only they can agree among themselves.

This photograph is reproduced to show that it is quite possible to have proper angulation on a dog, in this case a Doberman Pinscher, a breed in which too straight a shoulder is a very common fault. Note also the placement of the front assembly on the chest. He also has an excellent turn of stifle, which unfortunately doesn't show well in this picture because the dog is standing with feet placed too far behind him. This dog was Best of Winners at the Los Angeles Doberman Pinscher Club Specialty show held September 8.

ANNOUNCING — OUR NEWEST ADDITION

AT STUD –

the Miniature Schnauzer Oak Gables Wee Geordie son of Ch. Oak Gables Li'l Abner and Ch. Oak Gables Gay Lady.

The Italian Greyhound Warm Valley Blue Grass Filly, litter sister of Am. Ch. Warm Valley Blue Grass Farfalla. On her way to her championship with two group placings, she joins Ch. Warm Valley Tina of Oak Gables which had six group placings in ten times shown.

We'll be breeding these females and quality puppies will be available.

Why can't the Specialty Clubs get together on this?

It should be the continuing effort of each breeder to keep the breed as close to the correct basic type as possible, and not to accept or condone much less favour, an atypical characteristic.

BALANCE

Some years ago, a prominent and successful breeder of Dobermans had three bitches from an especially valuable mating. She expressed great difficulty in deciding which one to keep. One was a typical balanced, sound dog, but with no especially outstanding single characteristic, as it should be. One was nearly as good but had a long, beautiful neck and head. The third was not as sound or as well balanced, but was unusually flashing and showy. She decided she would get further in the show ring with this last-mentioned bitch, so kept her and easily finished her championship. I have remembered this for years. The two best males I have ever bred and shown had this same handicap. They were so well balanced that they had no outstanding, single point of beauty.

A T.V. program of past years used a catch phrase "Big Things Are Happening" and I believe this phrase may well apply to the dog game in Canada. It is a long time since we have had so many veterinarians trained in small animal work, who are also engaged in breeding and exhibiting dogs. To name but a few — Dr. Gordon and Dr. Norma King, breeding and exhibiting Doberman Pinschers; Dr. Suzanne Frances, breeding and exhibiting Dobermans and German Shepherds, Dr. Ellen Brown, breeding and exhibiting Toy Poodles, Dr. Robert Williams, past-director of the C.K.C. and probably several others I haven't known. They should be of wonderful help to the various breed clubs.

Then there is Casey Gardiner and Mrs. Susie Mae Weir and Dorothea Daniell-Jenkins, trying to bring order into the breeding, exhibiting and judging of terriers. They are considering the acquisition of an honest-to-goodness dog skeleton, properly set up in show stance—the skeleton of a show dog, typical of its breed.

With the cheapness and workability of plastic, we may yet get an ideal

statuette of some of the more common breeds, just as the Holstein-Freisir and beef cattle people have done. A statue of the ideal Boxer or the ideal Collie, both male and female might help to teach correct structure and type and balance. It would certainly help the judge but more particularly and of much greater importance, it would help the ambitious breeder. After all, it is the breeder who puts the show animal in the show ring, not the judge.

BOOKS

Anyone wishing to go into more detail about canine anatomy should certainly purchase The Conformation of the Dog by R. H. Smythe from *Dogs in Canada*. The classic book on movement is "The Dog in Action" by McDowell Lyon, now out of print. You will have to beg, borrow or steal the latter therefore. However, not from me—mine has been and I don't know by whom.

I have intimated to the Editors that I know I don't know everything about dogs. I have tried to share some of what I do know with others whenever asked —to try to write clearly and briefly. I am willing to amplify what I have written in reply to any questions that may be sent to the Editors re judging, anatomy or gait. ■

New Family

from page 21

markings as the Blenheims. Later these two distinct breeds – but of the same type – were crossed and the result was the very much prized Tricolour. The George Mills' "Victoria" is of the Tricolour variety.

Although these dogs can live and breed in kennels, the majority of owners make it a practice to allow them the freedom of the house. They are splendid watchdogs and normally of a very affectionate and docile nature. It is not surprising that they are becoming more popular, once again, as a favorite family pet. Princess Margaret owns a Cavalier as do other members of the Royal Family. In the United States, especially in the estate and riding country of Kentucky and Virginia, they are highly prized companions.

Anyone who may be in doubt about the advisability of owning a Cavalier should see these dogs for themselves. Mr. and Mrs. Mills would be pleased to show them anytime at their home. ■

Shepherd Specialty

from page 21

Agincourt, Ont. Best of Opposite Sex to Best Canadian Bred Puppy was Sta-Lang's Amber, owned by Mr. and Mrs. Robert Lang of Ottawa, Ont.

The hard work and anxious moments of the day were forgotten at a dinner party where guests were Mr. "Mac" MacCallum, CKC President, Miss Kaye Peer, *Dogs in Canada*, Mr. and Mrs. Thomas Joel and Mr. and Mrs. Alan Lake. ■

THE BEST OF VARIETY

It's a dog's life

While waiting to cross at a busy intersection of our small town, I observed a very old, nearly blind Cocker Spaniel. He tried to cross the road, but had to return. Tried again, still couldn't make it. The third time he got further across, but cars were going in both directions. He had to give up and return forlornly to the curb. Then out of nowhere came a small black and white nondescript terrier type of young dog who, so help me, spoke to the old Cocker, then loaned his shoulder to the Spaniel who leaned close to him and crossed the busy street! Several cars had to stop, but not the smart little dog, who left his charge safely on the other side and jauntily crossed back, saluted a few poles and proceeded on his merry way.

Mrs. Juliette Chessor, Dvina Kennels, Reg'd., Campbell River, B.C.

Five Dollars will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's a Dog's Life", Dogs in Canada Magazine, 1173 Bay St., Toronto, Ont.

Someone is always doing what someone else said could not be done.

A man got a dog for his wife. Someone said it was fair trade.

"OH, STOP! I HAVEN'T EVEN TOUCHED YOU YET."

january funnies

The mother dog was inordinately protective of one flea. The dog next door couldn't understand it. "Bite him before he bites you," he advised.

"I couldn't do that," said the mother dog. "brought him up from a pup."

A lady in the Pullman car was very indignant when she saw a Great Dane, in one mighty bound, leap to the upper berth. She called the porter.

"Porter," she said angrily. "There's a huge dog in the upper berth. Get him out. There must be some mistake."

The porter consulted his list. "You're right, mam," he said. "There is a mistake. His ticket calls for a drawing room seat from New York."

This particular dog was crazy about frankfurters. Since no one else in the family liked them, his mistress would write out an order for a few, place it in the dog's mouth and send him off to the butcher's. After a time this became a familiar procedure, and the butcher would simply wrap up a half dozen frankfurters whenever the dog came, without particularly looking at the order dropped at his feet. When the dog arrived for the fourth time in one day, the butcher considered the stepped-up order worth investigating. He found the paper was completely blank. The dog had figured that any old paper would do, and whenever a craving for frankfurters came over him, he simply snatched the nearest scrap of paper.

This one is about a man who owned a dog with such a high I.Q. he felt the least he could do would be to send him to college.

Home for Christmas, the dog admitted he hadn't spent much time on history or economics, but that he was doing rather well in foreign languages.

"That's great!" exclaimed the owner. "Say something in a foreign language."

"Meow," said the dog.

The family were in the zoo one Sunday, when their dog got loose and somehow worked his way into the pen of the gnus.

"Mother, Dad, quick," screamed the boy. "Teddy'll get hurt. He's in there under the big gnu."

"Nonsense," replied his father, peering intently. "There's nothing, son, under the gnu."

Diplomacy is the prized art of saying things in such a way nobody can tell exactly what you mean.

VETZYME (SPECIALLY PROCESSED VETERINARY YEAST)

WORLD FAMOUS CONDITIONER & FOOD SUPPLEMENT

(Manufactured by Phillips Yeast Products Ltd., England)

ABSOLUTELY SAFE FOR DOGS OF ALL AGES

- **VETZYME** ensures an **ABUNDANT** and **BALANCED** supply of the **B COMPLEX VITAMINS** essential for canine health.
- **VETZYME** also supplies, in easily digestible form, significant amounts of calcium, phosphorus and other minerals necessary for the formation of sound bones and good teeth.
- **VETZYME** contains over 40% of First Class Body Building Protein, a dietary factor often lacking due to over refinement of food.
- **VETZYME** is a specially processed natural product, containing no drugs, is absolutely non-toxic, and is completely safe even **WHEN ADMINSTERED IN MASSIVE DOSES.**

Failure to provide an adequate supply of the above indispensable nutrients will manifest itself by such signs as **LISTLESSNESS, UNDUE NERVOUSNESS, LOSS OF APPETITE, POOR AND FALLING COAT, INFLAMMATION OF SKIN, INTERDIGITAL CYSTS, etc.**

The regular administration of **VETZYME** will greatly assist prevention of such conditions and help to maintain the dog in vigorous health.

FOR QUICK RESULTS — USE VETZYME

ZEMOL

THE "CHLOROPHYLL PLUS" OINTMENT

By the Makers of VETZYME

FOR MINOR WOUNDS, CUTS, SCRATCHES, ABRASIONS (the skilled guidance of a veterinary surgeon should be sought in all cases of major injury), **ECZEMA AND ALLIED SKIN CONDITIONS. ZEMOL** is not "just another ointment" . . . it is something **ENTIRELY NEW**; a healing agent, safe in use and yet of remarkable power, perfected after long research coupled with extensive tests on animal subjects. The formula of **ZEMOL** shows not only the high percentage of active constituents employed, but in addition the presence of the remarkable healing agent **CHLOROPHYLL — IN WATER-SOLUBLE FORM.**

FOR RAPID HEALING AND RELIEF IN ABOVE SKIN CONDITIONS — TRY ZEMOL. SEND FOR POST-FREE BOOKLET "ZEMOL" giving full details of formula, uses and advantages of this **REMARKABLE NEW VETERINARY OINTMENT** with details of "the two-way treatment".
