Kennel Tests Prove New Burgerbits gives dogs the taste they really like...the solid nutrition they need.

The Great New Taste* of Burgerbits

now in "flavour-kernel" form

Here's the dog food that kennel tests proved superior to all others in palatability and nutrition. Dogs tested preferred new Burgerbits . . . thrived on new Burgerbits.

Here's why:

Increased Fat Content, with an improved fat-protein ratio, gives unsurpassed palatability, maintains glossy coats and healthy skin, helps prevent shedding.

New Flavour-Kernels. Smooth pre-formed kernels of uniform size and shape eliminate jagged, uneven particles and dust of ordinary dog foods.

Spray coating of natural meat fats locks in flavour, protects nutrients.

Aids Digestion. New Burgerbits is expanded to gelatinize starches for easier digestion.

Less Porous. Crunchier consistency helps keep teeth, gums and jaw healthy . . . absorbs liquids without getting mushy . . . feeding pans clean easily without scraping or scouring.

Exceeds NRC Requirements for daily nutritional intake, providing a complete and balanced diet.

Feed Dry or Wet. Kennel tests prove that many dogs prefer Burgerbits dry.

Fed wet, Burgerbits retains the crunchy texture and meaty aroma dogs really enjoy.

Special Professional Discounts. As with all of Dr. Ballard's Dog Foods, new Burgerbits carries a special Kennel Discount. Your local representative will be pleased to provide you with details.

cover story

The handsome duo on this month's cover are among the "stars" of Summit Kennels. These kennels, which have produced fine Shetland Sheepdogs since 1952 in Pointe Claire, Que. are now located in Centerville, Mass. Summit has bred six champions and many top-winning Obedience dogs. Although the breeding program has been at a standstill for the past two years, owners Ruth and Arnold "Red" Lane have just completed a new kennel for their Shelties and Labs, and Summit dogs will be back in competition soon. Mrs. Lane (formerly Ruth Mingie) is well-known in Canadian and American Sheltie and Obedience circles. She has just purchased three pups sired by her Ch. Summit's Gold Dust, C.D. and plans to have them in the showing in the Spring.

Ch. Meridian's Scotch-on-the Rocks, (sable and white) finished his Canadian title earlier this year at the age of 15 months. He also went Winners at Chicago this Spring for a five-point win, in an entry of 92 Shelties.

Ch. (Can. Am.) Rossllyn's Magic Touch, two and one-half years old, was BB winner at the Dominion Collie and Shetland Sheepdog Association Specialty at Montreal, April 27. Mrs. Lane handles her own dogs in both the conformation and obedience rings.

TO THE EDITOR

upstanding but not upright

... Congratulations on your fine July Standards issue, I am enjoying it very much.

In reviewing your "Dictionary of Dog Terms" in this issue I find that I would like an interpretation of your use of the term "Terrier Front" for I am in complete disagreement regarding the Upright Shoulders in your definition.

We do not want an upright shoulder in our Terriers, the straight front legs parallel to one another when viewed from the front or side and the straight pasterns yes, but our Terriers must have "shoulders well laid back" and "shoulders sloping well into the back" as found in all but a few of the Terrier Standards in order to dig freely and cover ground effortlessly when pursuing its adversary.

A "Terrier Front" to most terrier fanciers immediately calls to mind the terrier which is upstanding, head held high and proud, outline when viewed from the side resembling a crochet hook—the head is the hook and the front of the neck and the straight legs with the straight pasterns and firm round feet, the handle of the hook. The neck of the terrier is nicely arched and fits into well sloping and well laid back shoulders, when viewed from the front the legs are straight and parallel to one another, the shoulder blades flat, clean and free from heaviness or bumpiness.

My apologies if I have misinterpreted your definition.

"a true work of art"

... Will you please convey my thanks to The Canadian Kennel Club for the recently received official Breed Standard.

If you have any suggestions, any comments or constructive criticism to make concerning articles in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, colour, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same.

This beautifully bound volume supplies a wealth of information which can now become better known to all those members truly interested in the purebred dog.

I personally feel this is a progressive venture and thought a thank-you note was in order as opposed to the numerous "brick-bats" directed at most of the Board's efforts.

The normal reaction to something rather pleasant is bland acceptance but let something of a controversial nature assert itself and the Board, I am sure, hears from many. I therefore am sending a copy of this note for publication in *Dogs in Canada* from the many members who forgot to acknowledge.

I would like also to commend the editors and staff of *Dogs in Canada* for their marvelous July issue. This was a true work of art and will remain in many reference libraries for a long time I am certain.

... Enclosed is 50c for a copy of the July issue. ... Had borrowed one from a friend. After reading it through I put it down on the coffee table. Next morning I discovered my three small children had torn the pictures out to put on their bedroom wall: I wish to replace the book for my friend.

I think your magazine is one of the best, both in information and quality. Keep up the good work.

inquiries from the orient

... I would like to thank you for the manner in which the pictures and copy (Lhasa Apso) in the *July Standards Issue* were set out. I was particularly pleased to note the little bit of history added to the Standards. In a breed as little known as the Lhasa it was very interesting to have some facts concerning their origin and background in addition to the Standard itself. Perhaps at some future date you would consider running an article on this breed.

You will be interested to know that through your Directory I was approached by a large firm in Japan, in connection with supplying them with a number of dogs of this breed.

I hope that when the time comes for the next Standards Issue you will be able to convince the owners of every breed to participate.

right kennel, wrong sire

... May we correct some remarks made in your August issue re Mr. Dory's top winning Bassett Hound, Ch. Rosendale's Sir Galahad (Buddy). You state his sire is Roustabout. This is an error. He was bred by us and his sire is our own Ch. Santana's Napoleon and his dam is our Jeanne D'Arc. ... You are confusing his pedigree with that of Mr. Dory's bitch, also of our breeding, and which was sired

FROM THE EDITOR

DURING the past year or more *Dogs in Canada* has carried a regular column and the occasional separate item pertaining to humanity to animals. Is it worthwhile? We thoroughly believe so. Backing this belief are innumerable letters of approbation and telephone calls from *Dogs'* readers to this office and the Ontario Humane. The theme of the messages: "the need is imperative ... the awakening is long overdue ... let's see more."

Dog clubs, animal welfare groups and Humane Society branches have requested permission to reprint one or more articles in their own publications or in leaflet form for distribution.

Frankly, we feel that if more space were available in *Dogs*, the subject would warrant even more attention, for the number and variety of topics is endless. And so is the responsibility of the press, radio and television to give space and time as a deserving public service.

Cruelty to animals among so-called "dog people" is rare, but by no means unheard of. But who, better than *Dogs'* readers, many of whom have other animals and birds as well, are more qualified to help educate the public in their community to the need for animal welfare. Who indeed, would be more incensed by and therefore more likely to call the attention of authorities to flagrant maltreatment of animals.

The subjects discussed in these columns and suggestions made for protection of animals are but a small token of esteem and encouragement to the dedi-

cated men and women who unselfishly give of their time and money to this necessary cause. Your encouragement too, would help counteract the discouragement they frequently face, as witness the many times cases of cruelty have actually been brought to court, only to be thrown out through thoughtless if not callous indifference or political favor.

And if you still have to be convinced that this work is sorely needed, you might wish to subscribe, for a very nominal sum, to "The Animals' Voice", published by the Ontario Humane Society, 45 Avenue Rd., Toronto.

"dogs" fills gap

... There is a lovely photograph in *Dogs* of a Chihuahua, Ch. (Can. Am.) Tinker Belle, it seems to be a very young two year old. I nearly forgot the name Frederic comes before the dog's name.

Dogs from time to time gets passed on to me and I have noted the name Azucar Ciruelo in conjunction with photographs of several other Chihuahuas who did some Best Puppy in Show wins—three I think, a Deirdrica and Honey.

Who owns this outstanding sire? Can you put me in touch with the Kennel? My mother, who lives in Winnipeg, went to a show where she saw a Blue Chihuahua puppy go fourth in Group. Again she mentioned the name Azucar.

Mrs. Frederic must be very proud to have handled this dog to its Championship titles in Canada and the U.S.A. and is to be congratulated.

Dogs seems to be a very fine magazine and fills a gap that would otherwise be empty.

three rivers does it again!

... To those of us who travel many hundreds of miles a year to campaign our dogs, it's a mighty good feeling to go to a show and have the officials welcome you personally and make you feel wanted and that they are genuinely glad to see you again. This is what you get when you go to Three Rivers, a truly friendly and extremely well run show.

It is shows such as this that make this world of dogs a good business to be in. The judges are fair, the ring stewards are on their toes and the day is happily rounded out with a small party in the evening, where everyone can relax after a day of grooming, pacing, winning or losing and when it is time to say your farewells until the next time, you feel that it has been a good day.

To Mr. and Mrs. Rohrbach, Mr. and Mrs. Chevette, Mrs. Lamb, Mr. Fellows, the judges and the many others who contributed so much to the success of this show, three cheers, you have done it again. Smiles and friendly greetings don't cost money and if you go to this show next year, you will find them in abundance. We have been to a lot of good shows this past year, but this one was the pick of the litter.

My only complaints are that it wasn't a two day show and that there wasn't a larger entry. Next year let's try and give these fine people all the support we can, they deserve it and believe me, you won't be sorry.

placings and prejudices

... Cheers! This eternal question of judging is receiving some attention...

Mr. Frost recommends that all breeds should win at least three points at a breed specialty before receiving the title Champion. Ideal, perhaps, for heavily populated areas, but a definite hardship on minority breeds in geographically isolated spots. To travel 500 or so miles to a specialty takes more time and money than many exhibitors can afford.

M. KING
Berwyck, Reg., North Kildonan 16, Man.

"I hear," said the Old Timer "that the Board of Directors is taking steps to rescind another of the amendments to the Dog Show Rules that was supposed to go into effect in 1964."

He'd been busy painting his cages in preparation for winter and when I arrived he called it a day, but not before cleaning his brushes so they'd be in good shape the next time he wanted to use them. That done he'd loaded his pipe, slouched down in his comfortable chair and started to talk.

"Another?" I asked.

He gave me a look.

"Don't you ever read the reports of directors' meetings?" he asked. "Already they've taken steps to rescind the amendment that prohibits stewards showing at the same show where they are stewarding. It's proved a real hardship on the small clubs where every entry and every worker counts. Now I understand he directors are putting up a new amendment to cancel the one calling for he measuring and weighing of every

dog, at every show, if weight or size can result in disqualification."

"Why I thought that was a good proposal," I said. "I voted for it last year. Surely an oversize dog should be disqualified and if it's measured or weighed at the show before it goes into the ring it eliminates the possibility of one above or below the standard walking away with the points. And if the standard imposes a size limitation surely it should be adhered to." "I agree," said the Old Timer "but have you ever acted as a show superintendent?" I said I hadn't.

"Ever been a show committee chairman?" he asked. Again my answer was in the negative.

"So all you know about the mechanics of a dog show is arriving there with your dog on schedule and getting it into the ring in time to be judged?"

I admitted that was just about correct.

"Son," he said "if you'd ever had any experience with the problems of getting a dog show on the road you'd have some idea of the problems presented by a rule of this kind. Mind you, the idea and the objective is good. But to put such an amendment into operation is completely impractical."

"How come?" I asked.

"Well first of all the amendment says that the show-giving club must appoint a competent and experienced measuring committee. You've been in dogs a lot of years—how many dogs have you seen measured. How many have you actually measured."

There were none that I could recall. "That's the first problem," he said.

"Measuring a dog is an art. It does call for experience. A smart handler can add to the height of a dog. He can take height away. An inexperienced committee could be fooled easily. And have you any idea what the result would be?"

"Well some oversize or undersize dogs would get in?" I suggested.

"True," said the Old Timer "but they'd get in only part of the time. Take a borderline Miniature Poodle, for instance. He'd appear at show "A" today and he might well be measured out by one committee. Then he'd appear at show "B" tomorrow under a different measuring committee and he might well be measured in. So you'd have that borderline dog in one show and out of the other. Nobody would be happy.

"And there's another factor," he added.

"What's that one?"

"Time," said the Old Timer. "You've never measured a dog. I have and to do a proper job would take at least five minutes a dog—probably nearer ten if the dog was fidgety or if the owner was cantankerous about a border line case. So, take a dog show with 400 entries and about 100 requiring measuring. I'd say the minimum time required, by the time the measuring stick was adjusted to each dog, would be three hours. That would mean the owners of your Shelties, your Poodles, your Miniature Schnauzers, your Basenjis, your Beagles and other dogs subject to measurement would have to be at the show about seven o'clock in the morning if judging was to get underway on time."

"Surely you're exaggerating," I said.

"Not very much," the Old Timer answered. "I remember one time when a Toy Poodle exhibitor demanded that all

dogs be measured before they entered the ring. The show committee agreed. As I recall it there were about 13 Toys and by the time they had all been measured judging was delayed more than an hour and a half. And the funny thing was not a single dog was measured out."

"But you agree it would be desirable to have the dogs measured" I suggested.

"I do," said the Old Timer "but not under the proposed system. If they want the dogs measured or weighed let the CKC appoint regional measurers or weighers. Let the regional people attend all shows in their regions. Don't apply the rule until dogs are about 18 months old. A certificate of height or weight, issued by these official measures would then be good for all shows. There'd be no long queues of dogs at every show waiting for the attention of inexperienced officials."

"But couldn't these official measurers make a mistake too," I asked.

"They probably could and they probably would," said the Old Timer. "So I would add one provision to the amendment. This would be that the owner of a dog measured out would have the right to one appeal. If the appeal committee confirmed the finding of the regional measurers that would be that. The dog would be out and it would remain out. But until such time as there are regional measurers, until such time as the CKC is prepared to issue a certificate of measurement that will be good for all shows—then I think that to introduce and continue the amendment approved last year would be nothing but an exercise in futility."

NOT A SICK DOG IN 5 YEARS

THANKS TO WONDERFUL ZEV

W. K. BUCKLEY LTD.,

Toronto, Ontario.

April 16, 1963

Dear Sir:

ZEV has kept my kennel safe for the past five years. My American Cocker Spaniels are always in top condition and no sick dogs.

I always get a gallon, all good kennels should not be without it.

I give ZEV as it comes from the bottle in the morning feeding and all puppies at 4 weeks.

Had a female I bought with tape, gave her ZEV for 10 days — soon no worms.

Sold 5 last week and all had ZEV on their diet sheet.

Thanking you for your wonderful ZEV and wishing your Company loads of success in the future.

Sincerely,
Mrs. Hugh Knox,

"My dogs are German Shepherds and stay outside in any kind of weather. As a general rule in hot weather, the best eaters will leave food and it has to be disposed of because it gets sour. Since adding your product ZEV the feeding pans are clean and I mean 'licked clean.'"

THREE DOSES ENDS COUGHS

"My Ch. Kavilla's Golden Token came home with a cough, 3 doses of ZEV was the end of the cough."

"Worms, they seem a problem always, but ZEV has at long last when used every day in the Pom's feed, put an end to this worry."

Sincerely,

OBEDIENCE

Ed. O'Brien, Canfield, Ont., is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed Judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.

Looking over old Obedience Trial score cards is something like looking over old theatre or dance programs; personalities and events are recalled and sometimes fresh light is brought to bear on an old situation. I spent some time recently, checking over scores which I had, in the past, both given and received. In doing so, I was interested to find that in the Novice classes a higher percentage of dogs received lower marks for heeling on leash than when heeling free. That gave me food for thought, and the basis for this month's column.

Why should a number of these dogs have worked less well when the leash was being used? Were they so afraid of the leash that they appeared more confident and happier when it was removed? I wonder if jerking the leash each time the dog got out of position in the early stages of training might not have been overdone in some cases? My own feeling is that the leash is mainly used for correction in the case of the trained dog, whereas in basic training its purpose should be to guide and assist the dog, who should not need to fear it as a weapon.

I came across an article in an English magazine, not long ago, about a woman trainer who teaches the dogs to heel off leash from the start. The article, unfortunately, did not explain her method, but it would certainly entail real work and the confidence of the dogs would have to be gained and held to keep them with their handlers. Most of us in Obedience have neither the time nor the ability to copy this trainer, but we can keep this in mind and perhaps adapt the idea for our own work. This would mean, of course, more encouragement for the pupil and less force put on the leash. How about working with the beginner as though no leash were attached? We would possibly finish up with better heelers, and anyway we would still have the leash to give us confidence in case Rover decided to rove. Naturally, I am not suggesting this as a cure-all, for instance, I doubt if it would work with a lazy dog but I believe a lot of our average dogs would benefit and we would make a better showing on leash heeling.

And while we are on the subject of heeling, it is interesting to notice the importance placed by different judges on heeling both on and off the leash. For

example, from the score sheets on hand, I find that on crooked sits alone we have an overall reduction of only 1/2 a point by one judge, and this applies in both Novice and Open classes. On the other hand we find a different judge, except in the case of sits which are only slightly off, making a reduction of one point in the Novice and two points in the Open and Utility for the same fault. Should this pattern of scoring be carried through all the exercises there is bound to be considerable difference in the total score given by two judges for the same exercise. The result of this inconsistent judging, as I see it, has been the granting of considerably higher scores than would otherwise have been given, if the rules were more specific, for a number of the judges seem to feel that they will become unpopular unless they are lenient in their judging. They are probably right, but in the long run is this good for Obedience? Is judging to develop into a popularity contest, or do contestants want to feel that they have honestly earned the scores they have received? Scores now being given are, on the average, much higher than would have been given for equal work even five years ago.

Only yesterday, a person who has taken an active part in Obedience Trials for years remarked on the round corners now being allowed when making turns. This is something I had not noticed myself, but now it has been brought to my attention, I believe all of us who are judges have become lax on this point. Perhaps the matting we now have around the ring is responsible in part for poor turns, for in following it around religiously we never really challenge the dog to show that he is actually on the job.

I have an idea that it would be quite a shock to both dogs and handlers if for a change a judge called for a few snappy turns and changes of pace in the heeling exercises. It has been suggested at different times that we judges should at least switch the order of the exercises around, so it would not keep our dogs so mechanical in their work. Perhaps the Sits and Downs might be done first and the order of the other exercises changed. Of course, this might not be according to the book, and in any case, so far none of our judges has had the courage to try it. Still, it might be fun!

SPANIELS

IN THE FIELD

George Tabner, a well-known breeder and exhibitor of Springer Spaniels in both show and trial, is a firm believer that show Springers must also be able to give good account of themselves in the field. He is President of the English Springer Spaniel Club of Canada and sparked the establishment of Ontario's only Spaniel Specialty Show for all Spaniels.

I have been asked to print a draft of the "Proposed Working Test of Spaniels" as submitted to The Canadian Kennel Club. This was suggested originally at a meeting of the English Springer Spaniel Club of Canada. The Spaniel Field Trial Association (of Ontario) approved the proposal, with several member clubs planning to hold tests when approval of the Kennel Club was granted.

The test is included in this column so that all interested parties may study it in detail. Your suggestions and ideas will be carefully considered, provided you send them along. My address is George E. Tabner, R.R. 4, Komoka, Ont. The final draft will then include the majority opinions of all. The American Tests, lately, have been criticised as being too loosely set up and operated. The results have not been a fair picture since standards of the test vary from one to another. The test we propose is *not* compulsory, nor does it replace any part of Field Trials. It is hoped to be a means of testing our dogs to prove they do, or do not, still possess the basic hunting requirements of our breeds. With this knowledge, we can then continue to breed dogs which will be truly the Sporting Spaniels originally intended.

PROPOSED WORKING TEST OF SPANIELS

Purpose: To assess dogs to prove which possess the basic requirements of "Flush-ing Spaniels".

Judges: Persons of Field Experience, preferably with Spaniel Field Trials; otherwise, those of other Sporting Dog Trials who have knowledge of the way Spaniels should work in the field.

Grounds: Long grass or other cover which will make it necessary for the dogs to find birds by their noses rather than by sight.

Procedure: Dogs brought to the starting point, on or off lead as needed to control. Start marked by a stake. A bird to be planted within about a 50' radius of a second stake, approximately 100 yards from the start. On signal from a judge the dog is loosed, or sent hunting; handler to follow. Dog must find and flush bird (using its nose in the usual manner of spaniels). Dogs which show no interest in, or no ability to hunt must be **FAILED**. After flush, Gunners to shoot bird to provide a retrieve of about 30 to 50 yards. Extra long retrieves may be completed if handler wishes to attempt it. Dogs not completing retrieve

to handler may attempt a second bird. Steadiness to flush, shot, etc. not a requirement of the test. Judges may pass or fail on retrieves. Gun-shy dogs must fail. Second test similar to present CKC Water Test. Retrieves about 20 to 30 yards. Two tries permitted. Dogs which refuse to enter water must **FAIL**. Retrievers, at judges' discretion, passed if satisfactory.

Entry Forms: To contain the following:

Breed	Date Born	Sire
Name of Dog	Country	Dam
CKC Reg No.		Owner's Name
Sex		Owner's Full Address

Miscellaneous: Tests should be fair, with neither too simple or too difficult, requirements to be attainable by novices. Tests should be run by Spaniel Clubs or Clubs active in Spaniel Field Work. Tests should be given when possible at Field Trials, but may be separate events where no trials are held, provided properly qualified judges officiate. By proper publicity we may attract people who own dogs but take no interest so far in either show or field. We may attract them and encourage any promising dogs to go farther in either field.

Entry Fees: About \$2.00 plus Listing and Recording Fees as required by CKC. **CKC:** To grant permission for holding of tests.

To set standards and procedure for tests. To record dogs competing as passed or fail.

To award suitable certificates to owners of dogs passing.

Spaniel Field Trials have now begun in the Maritimes. The first one held this spring was a small beginning, of what will, we hope, be a strong new area of contenders. The second trial is due between the writing and publication of this article. If possible, we will give details of their activities in later columns. To George Webster I am indebted for the report of the Sudbury Trial which appears elsewhere in the magazine.

During a drive to corral unlicensed dogs, a policeman motioned an automobile to the curb and pointed to the dog in the front seat.

"Does your dog have a license?" he asked.

"Oh, no, officer," replied the driver. "I do all the driving myself."

HUMANELY "SPEAKING"

**The General
Manager of the
Ontario
Humane
reveals pound
conditions.**

by tom hughes

For some months I have reported in this column the actual conditions in Ontario under which dogs are being impounded. I have stressed the complete lack of normal kennel facilities, non-existent heat, or bedding, (in winter), inadequate care and often, finally, a cruel inhumane death at the end. With increasing frequency the unclaimed dogs are turned over to unscrupulous dealers for resale to medical research laboratories.

Inspectors of the Ontario Humane have found dogs chained to trees; dogs fastened inside disused "back houses"; dogs chained to small leaky boxes that cannot be called "kennels". In fact, inspections have proved that many municipalities simply fail to provide even the basic requirements for the dogs that find themselves in the not too tender clutches of the local dog catcher.

When these conditions are found, the action taken by the Ontario Humane is both prompt and, at least temporarily, effective. Generally, if conditions are bad enough, the dogs found in the "pound" are seized and removed from the premises, generally to the kennels operated by the nearest veterinarian. Next a letter is sent to the local Council, confirming the action taken, giving the authority under which it is taken (in Ontario this is the Ontario S.P.C.A. Act but this will differ in various Provinces), and suggesting various ways in which the Pound can be improved or the other irregularities corrected. Where the facilities are so incredibly poor that nothing can be done, short of setting fire to them, no temporary solution is offered. Instead it is suggested that the dogs should be housed by local arrangement with a reputable kennel or veterinarian. In addition the local council is always offered the advice of the Society in designing and operating a decent "public service building". Because that is exactly what a Pound is. If local councillors could be persuaded to accept this fact, the lot of thousands of unfortunate dogs would be greatly improved.

I wish I could report that we are enjoying great success in this direction. Not so, dear reader. You will be surprised to hear that most councillors (but not all)

think dogs are strictly "for the birds". We have been successful in Brantford where a sympathetic Chairman of the local Finance Committee promised and came through with prompt action when the disgusting conditions in that city's pound were drawn to his attention. Not all, by any means, react so intelligently. Gravenhurst has a pound. It was condemned by this Society after conditions there were drawn to our attention by members of the Barrie Kennel Club and residents of Gravenhurst. My helpful letter was not even given the courtesy of a reply. It's difficult to deal with elected officials and their appointed Clerk unless some sort of system of communication can be opened. I suppose I could send up smokesignals, or borrow some pigeons, but somehow I feel that even these ancient and honourable methods of communication would also be ignored.

Sometimes our efforts to help impounded dogs are misunderstood. Recently the town of Uxbridge considered building a Pound. I recommended the normal building for a population of up to 15,000. It contained three kennel units and a small room for storing and preparing food and storing dishes, cleaning materials, utensils etc. The kennel units each had a small outdoor run. A further small room was "walled off" for isolating and killing animals. A tiny floor space was set outside for dog owners to wait for their animals or to hand over money as Pound Fees, and to receive their receipt, all this under cover. This type of building can be built for between \$5,000. and \$7,000. I have recommended many of them throughout Canada and I have arranged for quite a few of them to be built. I have also directly managed some of them. They are good little buildings that can be cleaned easily, and operated economically, and a conscientious pound operator can give the dogs in his charge a fair deal and a reasonable chance of being returned to the owner in a healthy condition.

The only reaction I got was a headline in the local weekly, headed "A Dog Pound is His Castle". The article began by saying "What accommodation is needed for strays? According to the Ontario Humane standards it appears to be quite elaborate!!" Needless to say the council

did not proceed to build as recommended. Equally needless to say I got involved, but pronto, in a pretty spirited exchange of letters with the lady Editor of the paper. I don't know who won, but I know who lost. The local stray dogs, of course. Incidentally if there was a prize for the most fatuous remark of the year I would give it to the same Editor without hesitation. She remarked in one of her "telling" editorials that she "had never been unkind to an animal". I couldn't resist asking, in my reply, if she had not robbed any banks lately!

By now you will have got the picture. Conditions in Ontario and in other Provinces under which dogs—your dog?—are impounded are generally disgraceful. The normal methods of persuading those responsible to introduce improvements have, in many cases, failed. The answer now lies with the public who elect the Councillors and who are, therefore, responsible for their actions or inaction. In other words, it is up to us to convince our elected representatives, by time honoured methods, that we will not accept filthy, decrepit and inadequate "pounds".

To help local Councils make up their collective minds, the Ontario Humane Society has drafted a Provincial Act that would require any local council impounding dogs to meet certain standards both of accommodation and of care. This proposal has been submitted to the Government of Ontario. Copies of the draft have been sent to all the main Humane Societies throughout Canada. Dog owners in general can be of great help. Write to your local Provincial Government representative urging him or her to enquire into the problem and support the draft Act submitted by the Ontario Humane Society. Check with your Humane Society or S.P.C.A. in other Provinces to see how best you can help them under local conditions.

One thing is certain. Hell will freeze long before any general overall improvements are obtained through the "soft sell". But the Government of your Province could settle the problem in five minutes, which is the time it takes for the Provincial Parliament to enact legislation.

Write now demanding enquiry and action. ●

Are working dogs able to work?

Peter Smith, Phm.B., well-known all-breed judge, has been a breeder and exhibitor for three decades, primarily German Shepherds, Boxers, Cocker and Springer Spaniels, Scottish Terriers and Pugs. Professionally, he is a hospital administrator at Woodstock, Ont.

Before attempting to answer this question let us take a good look at our modern "Working Dog".

Over the past half century all breeds of dogs have gone through more changes than ever in their history. By selective breeding we have attained uniform quality and nobility in our dogs. A few examples will bear out this statement.

The Boxer is a direct descendant from the Bullenbeisser. Drawings of these dogs going back some 350 years are still available. Any similarity between the coarse, crude animal of those early days and our beautiful modern Boxer is purely coincidental. In fact they have changed almost beyond recognition. Similarly his close relative the Mastiff has been developed into a beautiful noble animal. By careful introduction of Bulldog blood into their bloodlines our breeders have produced an ideal companion and guard dog—our Bullmastiff. In studying the modern specimens of these breeds I am sure we must agree that while developing nobility and quality we have removed nothing from their original purpose in life. I feel that if called upon they could even give an account of themselves in the Bull-ring.

Our modern "dog trainers" and obedience and Tracking enthusiasts have taken such breeds as the Doberman and German Shepherd and not only maintained their work qualities but have improved them tremendously. Their performances as "Seeing Eye Dogs" as well as their ability in Police and guard work speak for themselves.

Today, in this age of the machine, we do not use the "herd" dog as prevalently on our farms as our forefathers did. However, if we visit the native climes of such breeds as the Sheltie, the Welsh Corgi, the Collie, etc., we will still find them working alongside the Shepherd and Cattleman and giving just as good an account of themselves as their forebears did.

The use of such modern inventions as the aeroplane or helicopter has removed the need for the "Rescue dogs" of the Alps. Even so, I am sure that our St. Bernards, Newfies and others breeds of this type would be capable of holding their own with their ancestors.

Those of us who had the pleasure of watching a well matched team of Huskies or Samoyeds in harness will certainly come to the defense of our Sled Dogs. In our own province of Quebec, racing records are being broken with regularity. Quality of conformation has taken nothing away from the ability of these

breeds. Maybe we feel that the beautiful Sammy next door or the Siberian with his quaint eye markings do not look as if they would be capable of a hard day's work. The same goes for that lovable "Malamute" loafing in your neighbor's yard. Don't let looks deceive you. With a few weeks conditioning most of these "pets" would be giving a good account of themselves in any company. It may be that the beautiful coats we have developed in some breeds would prove a hinderance in rough country but I am sure this would be offset by the asset in all weather conditions. Now that we have discussed some of our Working Dogs we should decide what we mean by work.

Our working breeds can be divided into four basic groups.

1. The Sled Dog represented by such as: The Samoyed, Alaskan Malamute, the Eskimo and the Siberian Husky.
2. The Herding Dogs. In this class we have the Collie, Shetland Sheepdog, German Shepherd, Welsh Corgi and Old English Sheepdog.
3. The Guard Dogs: Mastiff, Bullmastiff, Dane, Doberman and Boxer.
4. Mountain Rescue Dogs: St. Bernards, Newfoundlands, Pyrenees.

While there are many other working dogs, most of them will fit into one of these classifications. We must realize that these groups are not clear cut. Many of our dogs would fit into two or more categories. For example, the German Shepherd, while originally a herd dog, has developed into an ideal companion and guard dog through the will and desire of we humans. Many of our breeds were developed as dual purpose animals. Most of our early Guard Dogs were also used for Draught or Dray work, e.g. The Mastiff and Bullmastiff.

So far we have dealt with generalities. Let us examine what the efforts of good "breeders" have produced.

TEMPERAMENT

Having studied the Working Group over the past 30 years, both as a breeder and Judge, I feel that here we have a tremendous improvement. A special vote of thanks should go to the Specialty and Obedience Clubs. Through their efforts it is a pleasure to watch our modern dogs perform. Gone are the days when a judge wondered if after doing the "Shepherds" he would have to count his fingers. We seldom see a fight in the dog ring today. This may be improved ability on the part of the handlers. I like to think that it is because of the

more predictable temperament of our dogs.

CONFORMATION

When I think of some of the type changes over my 30 years, I can hardly believe my eyes. The beautiful refined head of our Boxer; the elegant top lines of our Shepherds and Dobermans and the luxurious coats of our Collies, Shelties, Samoyeds, etc.

SOUNDNESS

The excellent running gear which we have developed in our Working Dogs is a credit to our breeders, both professional and amateur. Good feet, sound legs, properly positioned shoulders are the rule rather than the exception in our Working Dogs.

At this point, while paying tribute to our breeders, we should also recognize the contributions by the people in the professions and in industry who have helped improve the lot of our dogs of all breeds. The Veterinarians who, through their efforts and wonder drugs, have removed the threat of epidemics, the scourge of the early breeders. Their constant efforts to eliminate hereditary weakness such as hip dysplasia, rickets, chorea, etc. The food companies, who have developed balanced rations at reasonable cost, thereby making it possible for a breeder to maintain his animals in top condition.

We must also keep in mind the difficulties under which we practice our hobby. Living as we do, in concrete jungles under municipal By-laws which make our dogs virtual prisoners, it's almost a miracle that we have improved our animals at all. It is virtually impossible for the city dweller to exercise his dog within reasonable distance of his home or kennel. Gone are the days when "Rover" could be turned loose once a day to stretch his legs. Our beaches are even closed to our animals unless they are tethered. All in all it would seem that society is just determined to prevent us from keeping our "Work Dogs" in working condition.

In spite of all this our Dog Shows keep improving in the quality and numbers of our favourite animals. It may be truly said "dog people are a breed unto themselves".

In conclusion, and to answer our question. There is little room for argument—our modern working dog is a credit to his breeder. He will do whatever we ask of him. Challenge is what he thrives on. Maybe he is not a tough, uncouth fellow

heart disease in dogs

by L. Lord, D.V.M.

The word disease conjures up a picture of inflammation, pus, or tissue destruction in the minds of most people; for this reason this article should be started by defining the term. The word disease is of French origin, derived from two words or roots, first "dis" meaning negative, and "aise" meaning ease. So that the word disease, derived from "negative ease" now means any departure from a state of health, regardless of whether the whole body, or only a part of it is involved. From this definition, any heart that cannot, or is not functioning normally, is diseased.

It is not possible to recognize, or appreciate a diseased state, unless the normal function of the part involved is thoroughly understood. This study of function is called Physiology, and to appreciate physiology the structure or anatomy must be known. Finally, once disease is present we want to know what changes are present in the part involved in order to correct them — this study is Pathology. In other words, to truly understand a disease process, four subjects have to be known: Anatomy, Physiology, Disease, and Pathology. With these limitations appreciated an attempt will be made to explain heart disease in dogs.

The function of the heart is to pump blood through the lungs where it picks up oxygen, and then this oxygenated blood is pumped out to the rest of the body. Consequently, if the heart's function as a pump is impaired the entire body is likely to suffer — some parts earlier than others. Conversely, any increased resistance of blood flow through vessels — such as a chronic pneumonia will increase the strain on the heart, and in time result in its inability to function normally.

Regardless of the cause of the heart disease — or the name given to it, there are a group of symptoms shown, either singly or in any combination. The following are symptoms that owners will recognize, and it will then be up to the veterinarian to decide if the heart is primarily at fault.

EASE OF FATIGUE

The dog will tire easily if romping; it will refrain from romping; or it will huff and puff for a long time after exercise; in other words it takes a long time to catch its breath. This is often because the heart "like the old gray mare, ain't what it used to be." Normally the heart has quite a built in reserve of power, and when there is the need for increased production it responds to the demand, then returns to its normal

rate quickly. In the failing heart the response is slow and unsatisfactory, and so is the return to normal. We recognize this change in ourselves as we age, as we can no longer run up a flight of stairs without severely noticing the effect.

DEVELOPMENT OF A COUGH

Especially at night. This is a frequent symptom in older dogs, a sign of a failing heart, and of congestive heart failure. The cough is best described as an asthmatic type, heard most frequently at night, and the dog sounds as though it wants to cough up some phlegm. It is due to a collection of fluid in the lungs.

SWELLING OF VARIOUS PARTS OF THE BODY

The abdomen is noticed getting larger and somewhat pendulous. The animal is noticeably lethargic. This is due to the weight of fluid in the abdominal cavity. This sign is NOT always due to heart disease, in fact about 50% of the time it is due to liver disease. Swelling of the extremities of the limbs, especially if the part remains depressed when squeezed is usually associated with heart disease.

LABOURED BREATHING

Almost gasping for breath, while caused by many other conditions, e.g. injuries or lung infections, could be due to heart disease, and its presence and severity must be evaluated by a veterinarian.

SYNCOPE

Pronounced sin-ko-pee, is the correct term for a faint or swoon. A dog chasing a rabbit, or an old dog seeing its owners for the first time after a long stay in hospital or boarding kennel will occasionally faint. They collapse, without a struggle, their eyes may indicate some alarm, there are no convulsive movements, and after some minutes down they will rise quickly. Such a faint or swoon is usually due to a diseased or incompetent heart.

CYANOSIS

The term given when the tongue, lips and other mucous membranes become visibly blue. While this sign can be caused by other conditions, it is most frequently associated with heart disease.

OTHER SYMPTOMS

In addition to the signs described above, which are the ones usually recognized by owners, veterinarians will find others. There will be changes in heart sounds which he hears through his stethoscope. These may be a change in the rhythm of the heart beat, or the

development of murmurs which could indicate the seriousness of the disease.

The veterinarian may also recognize changes on palpation, that is by feeling the animal; much information is gained by feeling the pulse, and heart size and its position can often be determined. Finally X-Rays and electrocardiograms will complete the information, indicating the extent or seriousness of the heart disease.

AGE GROUPS

Heart disease in dogs is usually confined to two groups: First the very young — in which case the conditions are usually due to congenital anomalies — cases in which the heart fails to develop properly. Some of these cases can be corrected by veterinarians in practice, others need very elaborate equipment found only in human hospitals, and in some of these institutions heart surgeons are often willing to help correct the condition. Secondly, the ageing animal, usually seven years or older, although younger animals will occasionally show signs of heart disease.

TREATMENT OF HEART DISEASE

This depends upon the cause. Occasionally, the cause of the heart disease is due to an infection. The bacteria causing the condition can be recovered from the blood; in such a case, destruction and eradication of this organism must precede treatment of the heart. At this point it must be emphatically stated that by the time a veterinarian sees a dog with heart disease irreversible changes have already taken place in the heart muscle. Any drug that is used, tends to make the heart work more efficiently, but does not cure the condition. These drugs make life more tolerable, in the same way that cortisone makes life for the arthritic easier to bear, but does not cure arthritis. The drug should be used for the rest of the animal's life. Other aids to treating the condition are reduced exercise, rest, sedation, salt free diets and diuretics, i.e. drugs which increase urination and help to get rid of the fluid which collects in lungs and tissues.

Now, to answer two questions which are frequently asked, "Do dogs have strokes?" The answer to this is NO! Strokes, better known as cerebral accidents, are the result of the break or rupture of a blood vessel in the brain, with consequent damage to the brain in that area. There are several factors involved, but the two most frequent are high blood pressure, and the ageing of the blood vessel concerned, so that it

There are two kinds of handlers who can't follow their clients' instructions: those who don't listen and those who do. In either case, if you win, it's the breeding. If you lose you will recall there are two kinds of clients who can't understand their handlers: those who don't listen and those who do.

The Non-Sporting Group

The past for this writer was 1955, at which time the Non-Sporting Group was well represented by all eligible breeds. A group win was highly valued as the quality of dogs in competition was enviable. It would seem that all breeders were striving to improve their dogs and the results reflected the quality of dogs in the ring. All this happened before the age of "puppy factories and discount dogs", before unscrupulous individuals boarded the bandwagon to ride high on the popularity of the "chosen breed".

Unhappily the quality has not kept pace with the years. We find fewer breeds represented, with perhaps one or two quality specimens lost in a mass of mediocrity. What has happened to the clean-headed, good top line, well balanced Boston Terriers? Also the small, round compact feet of this breed? With few exceptions, the "Natty Man About Town" has turned into a quavering, shrinking violet. Let's get the spirit and determination back into the breed, and let's see more of the correct brindle color.

The Lord and master of the Group, the dignified Bulldog, would at one time enter the ring and command all eyes to

admire. The Bulldog of the past would "roll" into the ring, standing soundly and steadfastly on all fours, and demand the appreciative glances of all. Today, how often do we see the small-headed specimens, lacking wrinkle, weak in front and ever so much weaker in rear, shuffling around the ring uncertainly. Any one who remembers the good Bulldog of a short time ago, sadly misses them in the ring today. We do have some very nice specimens being shown but too often do we see the Bulldog with the very weak, unsound hindquarters and the head lacking wrinkle.

It is with pleasure that I can recognize the Chow Chow as a vastly improved dog, proof that breeders can work together on congenial terms, with the good of the breed foremost. I personally feel that no other breed in this Group has advanced so quickly. This breed is being consistently represented by specimens which abound in quality. Few they may be, but quality they have. Unfortunately, many judges fail to recognize the advance in this breed. Head, front and rear movement are above average. The Chow Chow is on the uprise, and with conscientious handling can go

to the top.

The coach dog of old, the Dalmatian, would seem to be becoming almost extinct in the show ring at present. This is not to the betterment of the breed. The Dalmatian now needs some new blood, more constructive breeders willing to bring the breed back to the prominence it enjoyed only a short time ago.

The French Bulldog shares the same distinction for being absent in competition. Although never shown in quantity, the specimens, when shown, are of high calibre. Is there anyone breeding French Bulldogs in Canada? On the rare occasions when one is seen in the ring, it comes from across the border. In the writer's opinion this breed has a lot to offer, and being small the French Bulldog would fit well into our crowded way of life.

We know there are breeders of good Keeshonds in Canada, but we rarely see them being shown. This is a short-sighted policy, because how can "Mr. John Public" become interested in a breed which for him does not seem to exist. My opinion is that the Keeshonds that are shown are good, but let's see *more on page 56*

ALTHOUGH WRITTEN TEN YEARS AGO, THIS ARTICLE BY DOROTHEA DANIELL-JENKINS IS STILL TIMELY

Some Thoughts on Temperament

Let me say at the outset that while considerable work is being done, notably in Sweden and England as well as on this continent, on the study and control of temperament as a part of current genetical research, I am not here discussing this highly technical aspect of the subject. This is a matter for experts in the genetical field. I have, however, had the opportunity to observe, in some other breeds, the results of strictly controlled line breeding which have definitely accomplished marked improvement and stabilization in temperament, and since I have seen for myself that temperament can be influenced by a breeding policy, I have not hesitated to support the inclusion of some very stringent remarks on temperament relative to breeding, in the suggested breed standard currently under consideration in Canada.

Everyone presumably knows that temperament must be considered under the two headings of acquired characteristics and inherited characteristics. So eminent an authority as Dr. Leon Whitney states that an acquired characteristic cannot be inherited, but I am always reminded of the hoary chestnut, "Which came

first, the chicken or the egg?" because it seems to me that at some distant point an inherited characteristic must originally have been acquired.

Because we are fond of them and they are an integral part of our daily life, we tend to attribute human thought processes to our dogs, when in actual fact the dog is a tamed wild animal who will under stress resort to his primitive instincts. A pack of hounds or terriers makes short work of its quarry, and any dog provoked beyond endurance will revert to the herd instinct and retaliate by biting, which is its natural defence mechanism.

We must always remember that the Bullmastiff is largely descended from the Bulldog who was used for generations for baiting. The reason why a magnificent young Bullmastiff was recently put to sleep after he had attacked a small child who ran past him at a show, was because questioning uncovered the fact that, during his owners' absence from home, mischievous young children in the neighbourhood had found it fun to tease him persistently by rapping at the doors and windows when he was alone

and guarding the house. Both his owner and his breeder concluded that a running child would always in future trigger an attack, and the theory that an acquired characteristic is not inherited would be small comfort if he passed this obsession on to another generation of Bullmastiffs.

I feel that, both as breeders and owners, whether we own one dog or 20 we carry a never-ceasing burden of responsibility to the public: in the first place, not to allow any dog of poor temperament to be used for breeding; in the second, to condition our dogs from puppyhood to proper discipline and control, with affection; and as breeders we must make it clear to all purchasers that they are buying something which will eventually be far more powerful than they are, for the behaviour of which they will be responsible to their families and neighbours, and the public at large, and that the acquisition of such a physical force is not to be taken lightly.

The Bullmastiff meets us more than halfway if we handle him right, since he respects and accepts discipline if it *more on page 57*

B.C. GUN DOG CLUB

Mrs. Irene Canning reports on the activities of this very energetic association. The regular meeting of the club was held on September 12 at the Wm. Sinsler's Realty office in Burnaby.

Four licensed Retriever Trials were scheduled for September and three pointer trials for September-November.

B.C. Gun Dog Club Crests were commented on very favourably when won by members at the P.N.E. Retriever Trials.

The big event of the Autumn was the National Championship Stake held here on October 4, 5, and 6 and hosted by the B.C. Gun Dog Club. These stakes are open to qualified dogs only and to date at least 12 B.C. dogs are eligible. More will undoubtedly have become so after the September trials. One of the latest to enter the ranks of the qualifiers is Anne Merau's "Blanchard's Queen" who won the Vernon Open All Age Stake.

Mr. D. E. Mann reports that all the committees had a summer of feverish activity under the ramrod rule of the National President, Bob White. Toni Carpenter and Irene Canning did a terrific out-of-town publicity job for the National. Local publicity was ably managed by Chris Burton and company. The Field Trial Committee, under Chairman Ken Gibson, looked after the selection and arrangement of the grounds. Karen Armstrong was in charge of the headquarters information post while Rudy Deering took charge of the Pre-Trial training for out-of-town competitors. The entertainment committee produced a skit that had everyone holding their sides. Every effort was made to show real West Coast friendliness and hospitality.

COASTAL CANINE ACADEMY

Mrs. Whitton reports that a meeting will be held on September 17 of all pupils who have attended three or more terms. The club is hoping to collect ideas to improve their already very popular classes. Enrolment is complete for the first one on September 24.

Both the tracking test and the party that followed proved successful.

Congratulations to Mrs. Luke whose Min Pin 'Louie' was highest scoring in one CDX trial and whose Great Dane "Chip" completed his UD. Both these wins were at the P.N.E. Obedience Trials.

We are glad to hear that Mrs. Taylor, who has been in the hospital with a bad attack of asthma, is much better, though required to take things easy for a while. The Taylors are the new owners of a Corgi with the unusual name of "Olaf".

May I remind all club correspondents that reports should be in my hands by the 5th of the month. News from individuals is equally appreciated. Let's make B.C. Round Up for the coming year both bigger and better.

LETHBRIDGE AND DISTRICT KENNEL CLUB

Members of the club, concerned about the problem of dogs running at large and the fact that 500 dogs (99% mongrel) are destroyed each year in their city, decided to act. A letter was presented to City Council after consultation with Pound and Police officials, requesting more equipment for the Poundkeeper, stricter enforcement of the existing by-law prohibiting running at large, and an increase in the licence fee for open mongrel females. After consideration of the request and in spite of opposition from the local press, the city approved an increase of the license fee for mongrel females from the previous \$5 to a new \$10 rate. Registered females have been licenced for \$2 and no increase is anticipated as the poundkeeper has reported that the purebred dogs in Lethbridge are being kept under control and present no problem.

VINA JONES, R.R. #2, Minesing, Ont., Labrador breeder and exhibitor, valuable contributor to dog club, humane, first aid, other club work.

News is scarce this month. The majority of clubs are no doubt enjoying the holiday season and in all likelihood will be back to their old routine next month.

THE ALL TERRIER CLUB OF CANADA has not met since June but the summer was not spent idly. August saw the Terrier Puppy Match grow and take place with gratifying results. Mrs. Watson McInnes had 39 puppies to judge and placed the Scottish Terrier, Treleaven's Black Baron, first in Group. She could not have made a more popular choice and no doubt this win did Mr. Treleaven more good than all the doctor's medicine. Second place went to Ab Kaye's imported Westie puppy, Wadeshouse Warbler; third went to Mrs. Leonard Dale's Lhasa Apso, Carroll's Tiger-Dale. Quite a thrill for this young lady as it was her first show and although she was being married the day of the match she took time out to bring the puppy—a real enthusiast! Fourth place went to Jim MacFarlane's homebred Cairn puppy, Badenoch's Redham's Cheiftain. Congratulations and the club's thanks to all the other exhibitors who made this such a successful match.

Following the judging activities, a small Terrier Obedience demonstration was held. Participating in this were Mrs. R. Pennycook with her Westie and Scottie; Miss Ursula Floeter with her Kerry and the Pirries with their Welsh. Club thanks also go to the Devlins for the time and energy they gave in helping a Novice committee as well as donating their lovely home as the site of the match.

For those of you who have not been able to visit John Treleaven during his illness, he is improving every week and we're sure all who know or have met him will share the club's wishes that it won't be too long before we see him back in the show ring. Anyone wishing to drop him a line will find him at The Branson Hospital, 555 Finch Ave. W., Toronto.

Ross Pirrie and his Welsh, Ch. Wil Wag's Drop of Brandy, scored 196 to take the trophy for top scoring dog in

BRANTFORD OBEDIENCE CLUB
 had a busy summer. Two picnics were
 enjoyed by all and one of these picnics
 was combined with a general meeting
 and Matinee Show. In the Labor Day
 parade, the club came first in its section
 for the best float. During the afternoon
 the new drill team put on a demonstra-
 tion of Obedience work which was fol-
 lowed by a display of jumping by the
 club's CDX dogs. New Fall classes start-
 ed September 8. Dogs from the last two
 classes have already got their CD.

 of the season was held at the home of
 Mr. and Mrs. Ed Summerfield in Lon-
 don on July 30 at which time members
 had the pleasure of having the President
 of the German Shepherd Dog Club of
 Canada and his wife as guests. Also
 as a guest was Miss Laura Treble, all
 the way from Georgetown. Mrs. Roblin

 tion judge and Mr. Robert Walker did
 the Obedience judging. The fourth
 Matinee Show was held August 28 at
 the home of Mr. and Mrs. J. Sutherland
 of London, when Mr. Walter Martin was
 the conformation judge.

OAKVILLE AND DISTRICT KENNEL CLUB
 held its regular August meeting in the
 Rod and Gun Club Bldg., off Navy St.
 Main business of the evening was plan-
 ning for the two club Championship Dog
 Shows and two licensed Obedience Trials
 which were since held on September 14
 and 15.

During 1962, 115 All Breed shows
 were held in Canada. Among these,
 the Oakville shows were ranked as sec-
 ond and fourth largest. The club's
 first show was only outranked by one
 of the two Canadian National Sports-
 men's shows held in Toronto and both
 of the Oakville shows outranked the
 other two Sportsmen's Shows and the
 three Canadian National Exhibition
 Shows. That the Oakville club, a purely
 amateur and voluntary organization, can
 compete and outrank them is quite a
 feather in the club's cap. Last year, the
 Oakville entry was 414 dogs for the
 Saturday show and 398 on Sunday.
 Seventy-two breeds were on view, some
 coming from as far away as Florida and
 Montana.

Following the business end of the
 meeting Mr. and Mrs. Fred Lowe, as-
 sisted by Reg Scott, with their Boxer
 "Ginger", gave a talk and demonstration
 on Obedience training. This demonstra-
 tion extended beyond the scope of Novice
 Obedience training as given at the club's
 classes during the summer and embraced
 some of the exercises used in the Open
 and Utility tests. The demonstration was
 appreciated by all and a hearty vote
 of thanks was extended to Mr. and Mrs.

3. Signatures—

All Signatures must be in ink; do not use block letters. In setting forth a name please follow the name as shown in the accompanying list. For example, if listed as John Doe please sign John Doe, not as J. Doe. If listed as Mrs. John Doe, please sign as Mrs. John Doe, not as Mrs. Jane Doe. Where a nomination is sponsored by a partnership membership, the signature of the nominating member must appear as follows:

John Doe & James Dix

per John Doe (or James Dix, whichever has been designated the authorized representative for the partnership—see above re "authorized representative")

A partnership membership is considered ONE MEMBER and the separate signatures of the persons forming a partnership will not be counted as more than ONE signature unless an individual person, forming part of the partnership membership, has an individual ordinary membership and said individual ordinary membership is listed on the accompanying list of members entitled to participate in this election.

4. Article XII (ELECTION), Section 5 reads as follows:—

"Completed nomination papers shall be mailed (registered) postage prepaid to the Election Commission so as to be received by them on or before 5 p.m. on the 1st day of November in the election year and no nominations received thereafter may be considered in the election provided that if the 1st of November falls on a Sunday the time limit shall be extended to 5 p.m. on November 2nd. All nomination papers must be signed by two members whose names appear in the list of members referred to above. Each nomination paper shall be accompanied by the written acceptance of each member nominated on the nomination form. An ordinary member may stand for election to one office only. In the case of partnership membership only the authorized representative may be a candidate for office on the Board, or may be appointed to fill a vacancy on the Board."

it may report its suspicion to the Chief Registration Officer who, upon an investigation having been conducted, is empowered to direct the Club's recording office that it will no longer process applications for such person, partnership or company, and to inform the person, partnership or company of the direction which he has given the recording office.

PROPOSED AMENDMENT NO. 11

(See IMPORTANT NOTICE on this page)

IT IS PROPOSED THAT:

Article XXXI, REGISTRATION OF TRANSFERS OF OWNERSHIP, be amended by the deletion of Sections 1, 2 and 3 (the remaining Sections to be appropriately re-numbered), and the following be substituted therefor:

1. When a dog is sold or otherwise disposed of for a consideration (monetary or otherwise) as pure-bred, the person disposing of the dog must immediately take the necessary action to provide the new owner with a Canadian certificate of registration on which is recorded the change of ownership.

If, however, there is an understanding that the certificate of registration is not to be provided the new owner until the person disposing of the dog has received full payment (monetary or otherwise) such agreement must be legal and be in writing.

2. A pure-bred dog may be sold, or otherwise disposed of for a consideration (monetary or otherwise), on the understanding that the new owner, or any subsequent owner or lessee thereof, will not use the dog for breeding purposes; however, such an understanding will have no force or effect unless entered into on forms (or printed facsimile thereof) provided by the Club for the purpose, and such written agreement is deposited with the recording office of the Club when the application for registration of change of ownership is submitted to the recording office. On receipt of such an agreement, the Registrar shall cause an endorsement, in a form approved by the Chief Registration Officer, to appear on the certificate of registration and in the records of the Club that the dog has been disposed of on the understanding that it will not be used for breeding purposes, such understanding to be binding on all parties until the agreement is cancelled by mutual consent of the parties who originally entered into it.

An agreement of this nature may be cancelled by mutual consent of the parties to it, however all parties to the agreement must notify the recording office of the Club in writing, on forms provided by the Club, that the agreement has been cancelled. Where such cancellation occurs a fee of \$10.00 must accompany the application for cancellation. A new certificate will then be issued, the replaced one becoming the permanent property of the Club. Cancellation of such an agreement with regard to a particular dog does not prohibit the subsequent recording of another such agreement with regard to the same dog. The effective date of cancellation of agreement shall be the date on which the properly completed application for cancellation of agreement and cancellation fee reached the recording office of the Club.

While such an agreement remains in effect and on the records of the Club the progeny of a dog covered by such an agreement shall not be eligible for registration in the records of the Club, nor shall any person have the right to force, or seek to force, the Club to proceed with the registration of any such progeny, directly or otherwise.

A person who sells as pure-bred the progeny of a dog covered by such an agreement at the time of service shall be deemed to have violated the provisions of section seventeen of the Live Stock Pedigree Act, 1949.

3. A member may be suspended or expelled, or a non-member deprived of the privileges of the Club, if it is proven to the satisfaction of the Board that when selling, or otherwise disposing of a dog for a

IMPORTANT NOTICE TO BREEDERS

SUBJECT: Proposed Amendment No. 11 on this page.

Most breeders find it necessary, during their careers as breeders, to sell, as pets, and usually at reduced prices, dogs which in their considered judgment are not suitable for breeding purposes. Letters from and discussions with many breeders clearly indicate their concern over the necessity of complying with the provisions of the Live Stock Pedigree Act but at the same time finding means of prohibiting the use, for breeding purposes, of dogs which will do nothing to advance or improve their respective breeds.

At its semi-annual meeting in August the Board of Directors decided that a suggested plan, in the form of proposed amendment to the Club's By-laws, would be put before the voting members of the Club with a view to determining whether or not, in the judgment of voting members, this suggested plan provides an acceptable solution to this long-standing question.

It must be understood however, that no amendment to the Club's By-laws becomes effective unless and until approved by the Minister of Agriculture for Canada.

It is the hope of the Board that every voting member of the Club will vote on the two proposed amendments (Articles XXVIII and XXXI) under the heading of Amendment No. 11 in order that there may be no doubt as to the wishes of members of the Club generally on this all-important question.

consideration (monetary or otherwise), the person disposing of the dog has asked or required the new owner to make any form of payment specifically for the purpose of being furnished with a certificate of registration.

4. When the Board is satisfied that a person has failed to comply with the requirements of Section 1 of this Article, it shall have the power, upon receipt of the required information and fees, to authorize the issuance of a certificate of registration, showing duly recorded transfer of ownership, to the new owner.

5. An application for registration of change of ownership must be made in ink or typewritten on a form supplied by the Club for that purpose. The certificate may be returned by the recording office to either the applicant or the new owner.

6. If a resident of Canada should purchase a dog exported to the United States, the dog must be registered in an American stud book or record recognized by this Club in the name of the new Canadian owner. The Canadian Kennel Club certificate of registration together with the certificate of registration issued by said recognized American stud book or record must be forwarded to the recording office. No signed application for transfer is required although required transfer fees must be paid.

IT IS PROPOSED THAT:

Article XXVIII, RULES OF ELIGIBILITY, be amended to include a new Section reading as follows:

5. The preceding sections of this Article are subject to the provisions of Article XXXI, Section 2, of these By-laws.

made to Mr. and Mrs. Lowe in appreciation of their services as judges at the recently held Training Class graduation exercises. An attendance of 45 at this meeting indicates the interest and enthusiasm in the club and proves satisfaction with the officers and directors and the interest taken in well planned meetings and programs. Several years ago, mid-summer meetings rarely exceeded an attendance of 15 or 20 members.

OTTAWA VALLEY GUN DOG CLUB

Summer meetings centered on plans for the Fall Field Trials for Pointers. Judges from New England have been engaged to look over dogs handling native Hungarian partridges and will be working in the stubble fields of Eastern Ontario. Club members finished the Spring Trial season justly proud of their dogs' performances. Jack Bradley's Pointer, Elhen Gold Dust, copped many significant Spring placements and should prove to be a strong contender in the Pheasant Futurity at Baldwinsville, N.Y. in October. President Jim O'Hara's Ch. Feld-born Schnazzy Doc picked up several Spring All-Age placements to lead the way among club-owned Shorthairs. Britany Spaniels dominated the Spring Trial Open and Restricted Shooting Dog stakes, taking one and two honors in each. Members are busy looking over the bird situation as the harvest progresses and the wily Hun begins to appear surrounded by 10 to 20 of her children. Pointer owners report at least an average season in prospect. John Neilson, the proud owner of a Trent Valley Springer, picked up a Puppy Second at the Sudbury Trial.

SIMCOE KENNEL AND OBEDIENCE CLUB held a most successful show on August 3, under the chairmanship of George Mehlenbacher, with Mr. and Mrs. Gerald Charter acting as Show Secretary and Superintendent. The trophy table ranked among the best seen at any show thus far this year and Mrs. Florence Westbrook is to be congratulated on her efforts. All members can be justly proud of their participation and assistance in making this show so enjoyable.

WINDSOR AND DISTRICT KENNEL CLUB is happy to announce a very successful

show held in July. Everything went off very smoothly in the new location, the Windsor Arena being ideally suited for a dog show with ample room and so centrally located. The American magazine, *Popular Dogs*, is planning to do a feature story on the show in their October issue. This apparently is the first they have done for a Canadian show and we appreciate their interest as they normally cover large shows like Westminster and the International. The first Fall meeting will be held September 7 at the home of Mr. and Mrs. Gordon Kerr.

THE TROIS-RIVIERES REGIONAL FAIR DOG SHOW

Three Rivers has done it again! Truly an Exhibitors' show, which each year attracts more and more entries, due to the spaciousness, cleanliness, good organization and to the friendly atmosphere which prevails. Judges Art Burden and Bert Collins had a big variety of dogs to choose from. The Working Group drew the largest entry, followed by the Toy Group. Shelties led the breed entries with 16, then 11 Chihuahuas and 10 German Shepherds, the Best in Show award going to a West Highland White. Around the Show: Superintendent Fred Rohrbach beaming as entries continue to mount each year — the excellent job done by Mr. and Mrs. Chevette, stewarding for the first time — that exquisite Italian Greyhound of the Reids — Gladys Taylor and hubby walking off with all the Sheltie honours after a long trip to the show — Mrs. Bert Collins a keen spectator at ringside again, after another siege of illness — Bea Everett's two promising Wire Fox Terrier puppies from English stock making their show more overleaf

debut — the upsetting incident of *Joan Lagimodiere's* purse disappearing — the addition of mirrors in the spotless ladies' washrooms — extras such as the demonstration by *Gerhard Kotiza*, the Champion parade, and a class for Best Local Dog, won by a showy Boxer puppy — the thunderous applause for *Mac Stephens's* Sheltie, Jack, who finally made it after 11 times a bridesmaid and never a bride — and the icing on the cake, the Dog Cocktail, a truly hospitable gesture to finish up a wearing but satisfying day in royal style.

THE LAKESHORE DOG TRAINING ASSOCIATION

will open the 1963-64 season with an outdoor Sanction Trial at the home of *Mrs. Mordell* on the Lakeshore. *Pat Dobie*, of Kingston, will handle the judging and a large entry is expected at this dress rehearsal for the Fall trials.

SOMETHING TO BRAG ABOUT

Invaridine Pal, 2nd, *Helen McGill's* Collie, finished his Am. CDX with a flourish by taking highest score in trial with 199 at Amsterdam, N.Y. recently. He had previously tied for highest score at Burlington, with 198%, losing in the run-off.

Olive Tyner's Petitcote Jubilant Judy, Standard Poodle, also distinguished herself at recent American Trials, being highest scoring dog at Burlington with 198% and tying with a Schipperke at Schenectady for highest score with 199%. Judy also gave a demonstration of tracking in July for the Bytown Obedience Club, at Stittsville.

A special section will soon be needed just for the *Grants* if they continue with their fantastic wins in the States. Out of the last nine entries they picked up seven majors! At the Cape Cod Kennel Club Show Ch. Hi-lo Superman was WD 15" and BW, while Ch. Glanrobin Maid of the Mist, his daughter, went WB 15" and BOS in Variety. The next day at the Bay State Beagle Specialty in Berkely, Mass., WB 13" went to Glanrobin's Little Rahweddia, another daughter; Misty was again WB 15" and BOS in Variety, while Superman (well-named) took WD 15", BW, Best Stud dog and two Get (with Misty and Rahweddia) and also Best Veteran in Show. He is eight and a half years old.

Also at the Cape Cod Show, *Hazel and Al Slaughter's* Sheltie, Gypsy Rose of Ronas Hill, picked up her first leg on her Am. CD and at Hingham the next day their Ch. Meridian Gypsy Serenade took BB over a good Sheltie entry.

And if I may be permitted a little bragging too, my Standard Schnauzer, Ch. Kalenia's Silver Mandolin, now has ten points towards her Am. Ch., having

DOGS & PEOPLE

Three world-renowned journalists (pictured above) have been selected to judge the 12th annual Dog Writers Association competition honoring dog writers. Left: Dr. Clarence C. Little, scientists, author, researcher, who holds at least ten honorary degrees; centre, Lawrence G. Hauck, editor of regional editions of *The New York Times*; right, Ted Patrick, editor of *Holiday Magazine*. All three have a keen interest in dogs. Dr. Little is a judge and breeder of Scottish Terriers and Dachshunds.

Mr. and Mrs. Neville (Mari) Thomas of Peterborough are on a jaunt to one of their favorite places—Mexico.

Francis X. Lohmann, noted dog columnist and radio commentator, is seen on a series of radio and TV guest appearances in the Southern California area plus a few coast-to-coast shots on behalf of the American National Dog Week.

Dog Maison de la Fontaine was inaugurated recently at 350 Wilson Avenue vicinity Highway 401 and Bathurst St., Toronto. Owners Ken and Bobbie Ellis offer a town-and-country service. Leave your dog at the Dog Maison where he will be driven to the country kennels, De la Fontaine, at Streetsville. After his country holiday, he can be picked up at either address. The salon slogan: "All Dogs are our Specialty."

The brave trouper: A salute to the exhibitors who showed at the CNE, Toronto, the first four days, drove during the night to Ottawa, showed there, and made it back in time for the final CNE show, Labor Day, which started at 10 a.m. Monday. The proverbial 40 winks was about all they managed. Anne Gerigs made it to the show, fragile after her long confinement, but very game, a truly brave girl. After several years on crutches, Mrs. Beatrice England, well-known Doberman Pinscher breeder, manages the shows without even the aid of a cane—which she keeps in the car, "just in case."

Died: the Hon. Harold McPherson of Westward Newfoundland Kennels, a notable figure in the Newfoundland political scene and until not too long ago, one of the early Newfoundland breeders who had retained his kennels. (Other fine breeders have since come into the pic-

ture). Mr. McPherson was writing an article for *Dogs in Canada* prior to his illness. His brother has volunteered to complete it . . . It is with regret that many of the dog fanciers only recently learned of the death of Mr. Ken Rayner of St. Davids, Ont. who, with his wife Hilda, had been known for many years for the Wingait Collies. Sincere sympathy to Mrs. Rayner . . . Mrs. Elsie Polson, Na Mac Kennels, Markham Ont., writes to express her deep appreciation of the many friends who not only extended sympathy but practical help in the recent loss of her husband Bob. Members of the Cocker Spaniel Club of Central Ontario proved especially helpful.

American wins: At the recent Westchester, N.Y. show Italian Greyhounds shown by Mr. and Mrs. Tim Reid of Stittsville, Ont., garnered ribbons: Oak Gables Azzure, 2nd in Puppy Class; Oak Gables Augurri, 1st in Bred by Exhibitor; Charfield Alikki, 3rd in Open Bitches. This was the Specialty Show of the Italian Greyhound Club of America, with 25 competing. Mrs. Casey Gardiner, Orono, Ont. showed a Kerry Blue to WD . . . The Specialty of the Pekinese Club of America, also at Westchester, drew the largest entry for many years, under the Pekinese authority,

NOVA SCOTIA BREEDERS OF NOTE

We are indebted to James Whitely, Wolfville, for these notes on Nova Scotians who have contributed to the breeding and showing of purebreds at our shows in the Maritimes especially and, in some instances, in larger arenas. James Whitely, retired company representative, was interested in members of Group IV and especially English Bull Terriers. Now he concentrates on prize fowl, especially Bantams, at his place on the outskirts of Wolfville and is guarded by a lone Miniature Schnauzer.

these Hounds have achieved more through the years than any other Group, and I understand that their club has built a fine club house on 200 acres of land, which they acquired in the Shad Bay area of Halifax County . . . In Dachshunds, *Harold and Mary Hooper*, Halifax, have been staunch supporters.

Group III

Credit for keeping this group before the public should be given *Tom Markley*, A. V. *Martin*, one time CKC Director, and *Miss Maude Jodrey*, all Collie breeders of top quality stock . . . *Ralph Proctor*, Great Danes, Dr. and *Mrs. Bezanson*, Aylesford Samoyeds of BIS quality . . . *Sam La Pierre*, New-

foundlands. One of this breed, born at Port Mouton, became Am. Ch. "Midway Black Ledge Sea Raider" and was shown but once in N.S., going BB and BCB in the Cape Breton K.C. show in Sydney; from there "Sea Raider" was shown in U.S.A. and later purchased by the "Little Bear" Kennels under whose banner he was shown with great success at some of the larger U.S. shows, winning Groups and Best in Shows. Considering the size of shows this dog topped probably makes him the best show dog so far bred in N.S.

Group IV

N.S. exhibitors of Terriers have been many, however I think #1 spot should be occupied by *Miss Alice O'Brien*,

Halifax, who has been the most consistent owner, breeder and exhibitor of Sealyhams . . . Next for unswerving loyalty to one breed was *W. G. Smith*, who bred, imported and exhibited many fine wirehaired Fox Terriers, often against stiff competition from Upper Canada, but win or lose *Billy Smith* was always a gentleman and a great sportsman . . . Pit Bull Terriers were once a very popular breed in N.S. and many outstanding specimens were owned in Halifax, Dartmouth, Cape Breton and New Glasgow. However, following the great win of Best in Show at Westminster in 1918 of the English Bull Terrier Ch. Haymarket Faultless, many of the Pit Bull Terrier people decided to breed the more refined and white English version. *J. P. Thompson*, *Dennis Driscoll* and many others took up the English Bull Terrier and the breed became so popular that I recall seeing entries of 18 benched at our shows . . . The next breed of terrier to become popular was the Smooth Fox Terrier, supporters of which have been *F. W. Johnston*, *Harry Willis*, *Jim Eldridge* and *Phyllis Fulton* (now *Mrs. Gratton*); the latter is probably having better luck than the old timers in producing winners . . . In the past there were many others breeding and showing in this group. *Rev. Monsignor Martin* with Airedales from the "Shelterrock" kennels . . . *Mr. and Mrs. Jack Burns* with Manchester and Irish Terriers . . . *G. D. Anderson* and *Brent Campbell*, Scottish Terriers . . . *Sam Kominsky*, Kerry Blues. *Hon. L. D. Currie*, Halifax, Welsh Terriers.

Group V

Mrs. P. A. Margeson, Kentville breeder, importer, exhibitor, exporter of Toys, former CKC Director, international judge, heads this Group . . . *Mrs. Skidmore*, Dartmouth; this very fine and petite Scots lady supported our shows in the early days with entries of eight and ten Maltese Terriers always put down in immaculate shape . . . *Mrs. Davis*, McNabs Island, with seven and eight Japanese Spaniels at our shows . . . *Miss Margery Heissler*, Halifax and *Wolfville* and *Mrs. Sims*, Halifax, both ardent fanciers and exhibitors of Pekinese . . . *Mrs. A. Z. Whitman*, with a large and successful kennel of Pugs, including outstanding blacks . . . Considering the quality of the entries from some of these kennels topping this Group indicated possession of quality.

Group VI

Roy MacKay, *Frank Purcell*, Halifax, *Chester Gregory*, New Glasgow, *Dr. Malcolm MacAuley*, Sydney, *Ellen Robinson*, Bridgewater, *Jack Fry*, then of Halifax, all Boston Terrier breeders, supported this Group with large entries . . . *Mr. and Mrs. Ora Doherty*, Halifax, whose "Nova" kennel housed a small but very select number of English Bulldogs and many fine wins were made by their entries. This love of the "sourmug" has been inherited by their daughter, *Mrs. James Meagher*, Berwick, who also has inherited the right to the "Nova" kennel name . . . *Don Oland*, Halifax, bred and showed fine Dalmatians in both black and liver spots. ●

sudbury spaniel field trial

Saturday, August 17, weather was unseasonably cool and windy with course providing strong headwinds and tailwinds about equally; good dog running weather. Judges were Les Bunker of Brampton, Ont. and Orest Andrews of Sudbury substituting for Ted Haggis of London, who was regrettably forced to cancel.

Top dog of the day was Rogue of Rock Acres, owned and handled by Bill Watt of Sudbury. Second was Pam's Aphrodite of Camden, a 16 month old female puppy, owned and handled by G. Webster, of London, followed by Trent Valley Better Bee, owned and handled by Mrs. Routley of Peterborough; fourth was Trent Valley Bright Star, owned and handled by J. Williams, also of Peterborough.

The weather turned warmer for the Sunday trial and the wind shifted to a crosswind for all dogs. Judges were Bill Watt of Sudbury and Ivan Hare of St. Catharines. Winner was Pam's Aphrodite of Camden showing good style, drive and ease of handling for such a young dog. Second was Mrs. Routley's reliable Trent Valley Better Bee. Mr. B. Flick of Hickory, Pa. only American at the trial, had a strong three dog entry and placed third with his Scooter of Hi Tor. Sam Dooley, a big hard-running dog owned by Ted Haggis and handled in his absence by George Webster, placed fourth.

"Doc" Coop, that inimitable nimrod from Brampton, Ont., won the shooting Dog Stake with a perfect shooting score over Dunoon Diana. — George Webster

The little boy walked into the bank to open an account with \$25, earned through selling subscriptions.

"You must have sold them to a lot of people," beamed the bank manager.

"Nope," replied the little boy "All to one family. Their dog bit me."

FOR YOUR INFORMATION

The Canadian Kennel Club lists 132 breeds of dogs in the Dog Show Rule Book but only 123 different standards appear in the CKC Book of Standards. The other nine breeds not accounted for are Dachshunds (six breeds with only one standard), Tahltan Bear Dogs (no standard published), Chihuahua (both coats have the same standard), Fox Terrier (both Wirehair and Smooth have the same standard), Poodles (the same standard covers both the Miniature and Standard).

Chapter nine, section one of the Dog Show Rules states "A judge shall not exhibit his dogs, or take any dog belonging to another person into the ring at any show at which he is officiating as judge". However, Subsection seven, section seven of Chapter one of the Obedience Regulations and Standards states "... This rule does not prohibit a judge officiating at an Obedience Trial being held in conjunction with a Dog Show (or any member of his or her immediate family) from entering a dog in the conformation classes, except that the judge may not handle the dog himself.

Section two (b) of Chapter four of the Dog Show Rules reads as follows: "Winners Male - In each breed (except as hereunder provided - see Note) there shall be ONE such award, and only those males which have been UNDEFEATED in the regular breed classes as set forth in section two above shall be eligible to COMPETE for this award". (Same applies to Winners Females).

In Chapter six, under the heading "Prizes", section three states: "All prizes which may be offered shall be accurately described. If money prizes are offered a fixed amount for each prize shall be stated. All prize money must be paid and awarded to the person showing the dog in the ring".

"It shall be considered a serious offence for a judge to travel to a show in the company of an exhibitor, handler or dog participating in that show, or to share accommodation with such persons. Such an offence if proven shall subject the judge to one year's automatic suspension from the privileges of the club". So states Section 14 of Chapter nine of the Dog Show Rules.

Dogs not regularly entered in a show shall not be allowed within the show precincts unless engaged as a special attraction with the approval of The Canadian Kennel Club. In no case may a dog under six months of age be allowed within the show precincts and

in all cases the requirements of Chapter 14 (Veterinary inspection) must be observed. Chapter 16 section 14.

The last paragraph of section 17 Chapter 19: "... It shall not be necessary that the Show Superintendent receive any form of formal protest before enforcing these rules".

Chapter 19, section 13: A show-giving club is PROHIBITED from permitting the entry of a dog into its show AFTER the STATED hour of judging (exceptions: in emergencies where the show-giving club must provide the CKC with a report and explanation for permitting a dog to enter late and such explanation must be satisfactory to the CKC; if not satisfactory, the show-giving club shall be subject to disciplinary action, and the dog's wins cancelled).

In Chapter one section 3, subsection 2 of the Obedience Regulations and Standards it states: "When an obedience trial is to be held in connection with a dog show by the club or association which has been granted permission to hold that dog show, the Club's bench show committee shall include one person to be designated as "obedience chairman". At this event the bench show committee of the show-giving club shall have sole jurisdiction over all matters which may properly come before it, regardless of whether the matter has to do with the dog show or obedience trial".

Chapter one, section 11 subsection 3: "UNLESS OTHERWISE STATED in the Premium List, prizes shall be awarded on the basis of TOTAL final scores without regard to more than 50% of available points required for a qualifying score in each exercise".

Section 12, subsection one of the same chapter states: A club or association holding an obedience trial (either separate or in combination with a dog show) must prepare, after entries have closed and not before, a program showing the time scheduled for the judging of the various classes.

In referring to benched shows, Chapter 19, section one states: At a show where there is benching, and to which an admission fee is charged, ALL dogs (except as provided in section 12 of this chapter) (puppies) which are PRESENT must be on their benches, being prepared for showing at their boxes, in their show rings or exercising rings, or enroute thereto or therefrom, during the advertised hours of show's duration. ●

what is a sanction show?

Now is the season for Sanction

Matches — training ground

for the novice dog and exhibitor.

During the fall and winter months many clubs in the larger centers across Canada conduct what are known as "Sanction Shows".

These are similar to Championship Shows but no points are awarded. As no specific rules and regulations are available in printed form (other than some reference to such shows in the Dog Show Rules), each club has been in the practice of making its own rules, which do not conflict with the printed Dog Show Rules. One rule that differs is the minimum age limit. At most Sanction Shows a puppy of any age is admitted, while the minimum age at Championship Shows is six months. In fact, puppies of three or four months of age have been known to win groups on numerous occasions. The other rule which is by-passed relates to veterinarian inspection. At Sanction Shows it is the sole responsibility of the exhibitor to see that the puppy is protected against anything that he could pick up from the other dogs.

The Canadian Kennel Club does stipulate the color of ribbons that must be awarded for the classes: first-pink, second-brown, and third-grey. Beyond this the CKC does not specify ribbon colors, with the result that clubs generally use green for all special awards such as BIS.

The term "Sanction" is derived from the fact that the CKC must sanction the date and the judges for such an event. No fee is charged for approval and very little is required to obtain such approval.

Sanction Shows are primarily used as a training ground for show officials, judges, stewards, handlers and most of all for the dogs themselves. Many a novice exhibitor or young dog have first attended these shows to procure the needed seasoning. They then enter Championship Shows with more confidence and ability.

Although no hard and fast rule is laid down, it is advisable for a club to hold one or two of these informal shows under the watchful eye of a CKC official before applying for date approval for the more formal point show. Most clubs only accept entries at the door, but some send out old, discarded entry forms along with their circular announcing the date and place of the show. These are very often termed advance entry, with a slightly lower entry fee, giving the new show secretary some experience in preparing entries and the judges' books. If the show is conducted in the same manner as a point show, the experience gained by the show secretary and the Superintendent is invaluable.

Although clubs have in some cases departed from the original intention of using a Sanction Show as a training ground for "would be" judges, and instead have invited judges already approved to pass on the dogs, the original premise was an excellent one. Novice judges have the opportunity of gaining needed experience in ring procedure, examining dogs, marking the judges' books and, perhaps most important of all, answering the many "why's" of the exhibitors.

Good fellowship is the rule at Sanction Shows, and the most enthusiastic competitor takes his loss with good grace. Trophies generally consist of dog food donated by the various dog food companies. Other trophies are donated and are of less value than those on display at the average point show.

Sanction Shows have a very definite place and do not require a large financial outlay for even the smallest or newest club.

All our stud dogs are registered in CKC and AKC.

Heart Disease

loses its ability to expand like a rubber tube. Hypertension, or high blood pressure is rare in dogs, and although the other condition — the ageing, hardening, or arteriosclerosis is fairly common it produces quite different signs.

Do dogs have Coronary attacks?
The answer is YES but rarely. Coronary attacks are caused by the plugging of a blood vessel which supplies blood to the heart muscle, with fatty material. Although this condition is a frequent cause of death in man, in dogs, the changes occur in arteries other than the ones which supply blood to the heart muscle.

them regularly.

Schipperkes, again, are rarely given the opportunity to come before the public eye. We know we have some large kennels of really top quality Schipperkes in Canada. It seems a pity that this attractive dog is not given more publicity through the show ring. I urge you knowledgeable breeders to bring these little fellows back to the limelight.

The star performer of the Non-Sporting Group is the Poodle, Standard and Miniature. This breed has come all the way in just a few short years from a curiosity in the show ring to a real show stopper. The elegant Standard, long

prominent in the past, is now overshadowed by his kennelmate, the Miniature. With exception, the Standard variety is often the better representative of the breed, although poor movement is often a fault. The Miniature is suffering from over popularity. Some truly exquisite specimens with good feet, fine heads, small eye and true movement, are present in the ring, but all too often major faults are hidden. Silky coats, beautifully sculptured to a "please don't touch" appearance, are the perfect camouflage, for roach backs, poor front and rear, high-set ears and thin pads and spread feet. Let's not judge the picture, let's get our hands underneath and judge the structure.

The future for the Poodle right now is an uncertain one. As long as the breed experiences the enviable popularity, breeders will be tempted to breed for quantity, rather than the quality needed to keep the dog worthy of the winning power it enjoys.

Thoughts on Temperament from page 14

is administered properly and with affection from his earliest puppyhood. Dogs, like children, will try to "get away with" anything they can, and it is most necessary to establish the fact that when you say 'no' you mean 'no' but you don't say it unless you do mean it, and it is particularly necessary to establish this while the animal is still less powerful than you are. For instance, to allow him to jump up on people as a puppy and then suddenly forbid him to do it because he has become much bigger, is not fair to the dog. When a pet dog behaves badly and becomes a nuisance to the neighbourhood, it is easy enough to blame the breed in general and the dog in particular, but very often the fault may be his owner's.

Dogs respect discipline; they also need a sense of security. Discipline administered with a strong assurance of affection produces a dog who is secure and confident of himself and of his master. On at least two occasions I have refused to sell a puppy to intending clients because their children were so badly behaved that I felt they would never learn to control a dog either, and the results would be disastrous.

Regarding other dogs, the Bullmastiff is usually tolerant of other breeds unless he is at some time attacked, after which he never forgets the kind of attacker. I believe that all Bullmastiffs should, if possible, be taken through at least one course of regular Obedience classes, which teaches them to work along with other breeds and ignore them if so commanded. Pet owners are all too often incredibly lax in the way they let their dogs run loose without supervision, and a fight started this way leads to more, then the breed and temperament are blamed for something which could have been prevented.

Stateside NEWS

Mr. Harry T. Peters, Jr. of Orange, Va.,
has been selected to judge Best in Show
at the huge International Kennel Club
of Chicago Show to be held April 4 and
5. Group judges named are Hollis
Wilson, Amherst, Wis., Sporting; Alva
Rosenberg, Wilson, Conn., Hound; Louis
J. Murr, Spring Valley, N.Y., Working;
George H. Hartman, Lampeter, Pa.,
Terrier; Haywood Hartley, Richmond,
Va., Toy; Percy Roberts, Noroton
Heights, Conn., Non-Sporting. Obed-
ience: Harry Lowenbach of Chicago will
judge Open "A" and Utility and Richard
H. D'Ambrisi of New Providence Novice
"A" and "B" and Open "B".

The 110 delegates to the recent quar-
terly meeting of the American Kennel Club
voted an amendment to the measuring
rule for Beagle field trials providing for
second series measuring, and heard a
pleasing report on purebred activity. An
example of this is seen in the registrations
for July 1963 as compared to July 1962,
i.e. German Shorthaired Pointers, 356 to
283; Beagles, 4032 to 3021; Dachshunds,
3,986 to 3,050; German Shepherds, 3,999
to 3,250; Shetland Sheepdogs, 489 to
429; St. Bernards, 231 to 171; Fox
Terriers (Wire) 655 to 539; Miniature
Schnauzers, 808 to 609; Boston Terriers
965 to 843; Poodles, 12,003 to 9,034.

Because of critical comment to the pro-
posed amendment to Chapter 23, the
proposal, to forbid stewards from exhibit-
ing under judges with whom they have
served, has been withdrawn, it was
announced at the above meeting. Adop-
tion of the proposed change it was
maintained, would create hardship in
forbidding stewards from exhibiting,
they see no need for such action "be-
cause it is their regular practice to
assign their stewards to rings which
would preclude the possibility of their
stewards exhibiting under the judge for
whom they worked . . . The published
version of the proposed rule change
was not advanced to guard against dis-
honest judging or because of lack of
confidence in the judges . . . but rather
to avoid having the sport presented in
bad light to the public as well as to
minimize the number of situations out
of which disappointed exhibitors could
fancy that the judge had been influenced.
Actually, such practices would in most
cases handicap the steward and his dog,
since it would create a definite embar-
rassment for the judge."

like his ancestors but there is no doubt
that when we ask the question are work-
ing dogs able to work? the answer must
be in the affirmative; given the opportu-
nity they will do everything their fore-
fathers did and do it a little bit better.

May we continue to carry on as we
have in the past, striving to improve
our animals and through them enjoy a
wonderful hobby and sport.

THE BEST OF VARIETY

It's a dog's life

When my friend and I were in Leamington, Ont. for the dog show last Fall we took the opportunity to visit the Jack Miner Bird Sanctuary at Kingsville.

While we watched the arrival of countless formations of the majestic Canada Goose this incident occurred. A small boy became interested in my little sable Pekingese. He was fascinated by the black "noseless" face and I was delighted with his enthusiasm. As he fondled the dog I told him a little of the history of the breed, explaining that it originated in China over 2,000 years ago. As he turned away, his little chum, who had been standing by half-heartedly, asked, "What did she say?" He replied "I don't know, but I think it was made in Japan."

Mrs. D. N. Platt, Georgetown, Ont.

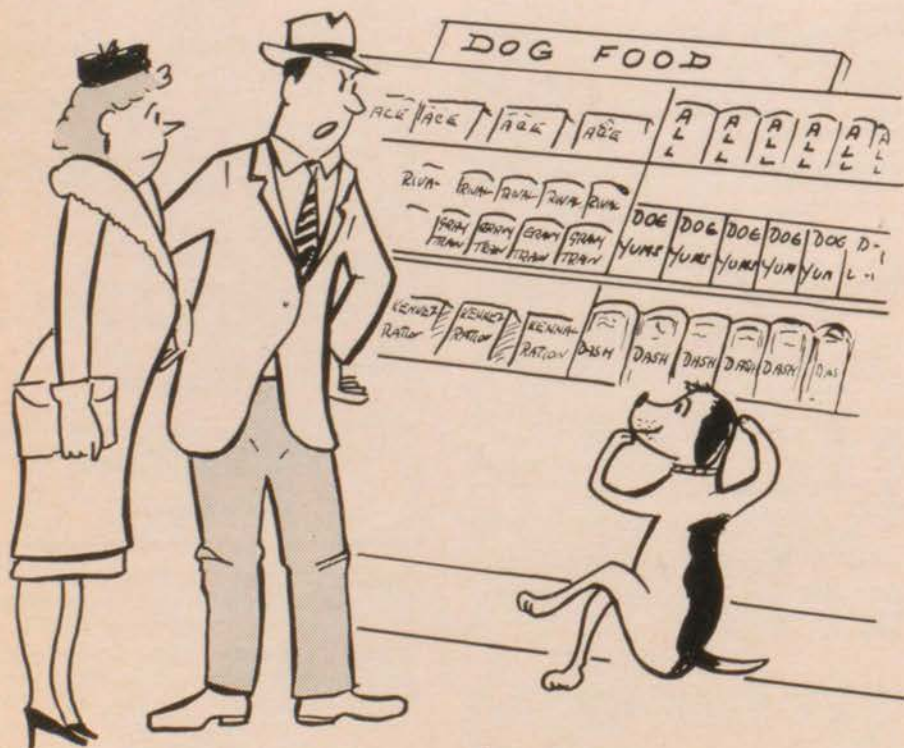

Five Dollars will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Items submitted cannot be returned unless accompanied by a stamped self-addressed return envelope. Address, "It's a Dog's Life", Dogs in Canada Magazine, 1173 Bay St., Toronto, Ont.

When a doctor's wife stopped to mail a letter in a curb-side box, a man jumped into the back seat of her car, where he was bitten by her dog. As he fled, she called after him with solicitude becoming a medical man's lady, "If you see a doctor, tell him the dog has had his rabies shots."

—Neil Morgan in San Diego Tribune

The fight against communism has had far-reaching effects but who would have expected to see evidence of it in a pet shop? In the display window of a shop I passed were several furry, playful puppies, and the sign in the window identified them in large letters as "WEST German Shepherds."

will you please make up your mind!

dogs in the news

By a strange coincidence of name, a lady named Mary Pooch won a \$500 settlement in a Wisconsin county court from Cecil Koehler whose dog, maintained Miss Pooch, "had acted in an unfriendly manner toward her." Your guess is as good as ours.

Rusty, a Port Washington, N.Y., Irish Setter had 17 puppies early last month, a record, according to American Kennel Club officials. Although 14 of the litter survived, four must be fed on bottles, as Rusty has facilities for only ten.

CKC Director Bob Little, Fredericton, N.B. has proven an able reporter in a series of articles on outstanding Maritime breeders and their dogs. The *Daily Gleaner* has carried a series of these articles, accompanied by a large photograph of one of the featured breeders' dogs. Mr. Little writes with the experience of many years of breeding, showing and Obedience work.

Example

I want my boy to have a dog
Or maybe two or three
He'll learn from them much easier
Than he would learn from me.

A dog will show him how to love
And bear no grudge or hate
I'm not so good at that myself
But dogs will do it straight.

I want my boy to have a dog
To be his pal and friend
So he may learn that friendship
Is faithful to the end.

There never yet has been a dog
Who learned to doublecross
Nor catered to you when you won
Then dropped you when you lost.

Marty Hale
in The Old Spinner

The owner of the big dog always prided himself on the animal's good nature. One day, however, a sailor made a disparaging remark about the dog's ancestry. The dog retaliated by eating up the sailor.

The owner, a conscientious citizen, marched right up to his big dog and beat the tar out of him.

The new members of the hunting club fared worse than their quarry. They stumbled back to the camp, one with a bruised foot, another with a cut hand, and a third staggering under the weight of their game bag.

"Cheer up," said the cook. "You're not coming back empty-handed. Your bag is full."

"That," replied the hunter, "is our dead-tired bird dog."
