cover story

We take pleasure in presenting the untouched photograph of Int. Ch. St. Aubrey Tinkabelle of Elsdon, acknowledged as one of the best bitches ever shown in America. Not campaigned extensively, she has however been best Toy under the noted authority, Miss Iris de la Torre Bueno and was Best in Show at the 1962 Progressive All Toy Show in New York under Mrs. Evelyn Jackson, another Pekingese breeder and well known judge. Tinkabelle won her first points in America under the popular Toronto judge Mrs. Yan Paul and completed her championship at the 1962 summer specialty of the Pekingese Club of America under Mr. John B. Royce, world famous breeder and judge whose critique we quote: "Here is one of our really great outstanding bitches of all time in your writer's humble opinion. Fawn brindle in colour with lovely black muzzle — enormous eyes which were very dark — perfectly placed features with tremendous fringes which completed an ideal picture — also showed and moved to perfection and put down to the minute". This year, under another Pekingese authority, Mrs. Fortune Roberts, Tinkabelle was placed Best of Breed at the Pekingese Club of America Summer Specialty in a huge entry comprising many of the breed's current top winners. In her only appearance in Canada, Tinkabelle won the Toy Group at Montreal under Mr. J. Trullinger and on to Best in Show under Mr. T. Joel. Tinkabelle is a homebred daughter of Int. Ch. Calartha Mandarin of Jehol out of Ch. St. Aubrey Ku Tinka of Elsdon (by Int. Ch. Chik T'Sun of Caversham). She is the dam of Int. Ch. St. Aubrey Bo T'Sun of Elsdon in her first litter.

In addition to Tinkabelle's Best of Breed win at the Specialty, this kennel made a sweep of the top awards for the second year in a row. Monte Verde Ricky Tick (owned in partnership with his breeder Mrs. Vera F. Crofton) was Winners Dog and Best of Winners, the homebred St. Aubrey Sha Sha of Elsdon, Winners Bitch while St. Aubrey Tulla of Calartha was Reserve Winners.

... I would like to hear from breeders of Poodles regarding eyes. According to the Standard it states oval, yet a great

number of breeders advertise "correct almond eye." ... and I have seen a number of Poodles placed top with an almond eye ...

The size of the Poodle is not quite clear to a number of judges. The Standard calls for Toys under 10" and Miniatures over 10" and under 15" — not 15". Standards, 15" and over. I have seen dogs go up that were well over the size. Are the judges to blame? Or should the people showing Poodles ask for dogs to be measured and then have the other competitors call them poor sports?

These oversize dogs who finish their championship are then advertised as stud. Size is not mentioned. And then another litter is born with a few more puppies which will, in all probability, go oversize, too.

I would like to know what is being done about this. I feel that the blame rests with the judges who are not firm enough in the ring. Would appreciate other views on this subject.

sanctioned, but no standard

... You state in the October issue that there is no published Standard for the Tahltan Bear Dogs and yet it is a breed recognized by The Canadian Kennel Club. My curiosity has been aroused in this breed ... Its rarity, or is it extinction? I wonder if anyone has information or photos which could be put together to make a worthwhile article in one of your future issues?

watch the en-ding

... Unless there has been some recent revision of spelling of which I am not aware, the plural of the breed name Keeshond is Keeshonden, not Keeshonds as given in the article on the Non-Sporting Group in the October issue of *Dogs in Canada*.

Those of us who own a Keeshond or Keeshonden are very touchy on this topic. I have noted for some time that the Show and Trial Results in *Dogs* always give the plural as Keeshonds. In the New Titles Granted section, the plural is listed sometimes as Keeshonds, other times as Keeshonden. Fortunately the C.K.C. Dog Show Rules book list the plural as Keeshonden.

How on earth are novice enthusiasts, new club officials, or just plain John Public, to learn correct spelling and pronunciation of breed names when national publications and national network television programs give incorrect forms?

With regard to the latter I am referring to the pronunciation of the breed name Schipperke given by the master of ceremonies on the "To Tell The Truth" program with Montreal's Bill Taylor as a contestant. Years ago when I first attended dog shows, I asked Mrs. Ellen Brown (owner of the famous O' The North Kennels, top Canadian breeder of Schipperkes at that time, CKC Director, and mother of CKC's Norman Brown) for the correct pronunciation of the name. It is pronounced as though it were written "Skipper-key".

FROM THE EDITOR

FOR some unknown reason there are always crackpots who feel some compulsion to take potshots at citizens who own, show or breed dogs. Generally speaking, it is wise to allow these maledictions to go unremarked. What good, indeed, can come of calling further attention to unwarranted ridicule of an honorable sport.

From time to time, however, it reaches a point where it cannot be disregarded. We reprint, verbatim, a portion of a column by McKenzie Porter under the heading of "Inside Toronto" which appeared in the *Telegram* October 21, 1963.

"The Oakville man who has been threatened with jail unless he ceases to offend his neighbors with the stink of his pet crocodiles is not alone in this kind of affront to society. Every metropolitan citizen who shares his dwelling with a pet dog, cat or bird is equally guilty of unsanitary habits. I have pointed out over and over again, in the press and on the air, that under modern urban conditions the keeping of pets indoors, particularly in big apartment blocks, is a revolting custom with disturbing psychological overtones. Household pets, particularly dogs, are largely responsible for the perpetuation within our cities of fleas, houseflies and cockroaches, all of which infect humanity with many distressing minor ailments and with some fatal diseases. There is no difference between sharing one's house with a dog and sharing it with a pig. Indeed, of the two

creatures, the pig is the cleaner."

This item has been brought to the attention of several officials of Canadian dogdom, Humane and veterinary fields. The general consensus is that such opinions are both senseless and irresponsible ... that this man is given valuable space in one of Canada's largest, most widely read newspapers ... that such unthinking, loose remarks have no place in print and that they cast aspersions on dog owners, many of whom have magnificent homes such as this columnist may never achieve.

Has Mr. Porter at any time shared his home with a pig that he can say with such authority: "there is no difference between sharing one's house with a dog and sharing it with a pig."

One official points out Porter's concern with "unsanitary habits." He injects a

about the shih tzu

... I have just received my copy of the October issue of *Dogs In Canada* and was very interested to read Mr. Kiel's article on the Non-Sporting group.

As a breeder and exhibitor of the Shih Tzu, I was very disappointed that Mr. Kiel, who discussed all other breeds in the Non-Sporting group, omitted mentioning this interesting breed. Here in British Columbia the Shih Tzu is well represented in every show and has been consistently placing in the group. Eight of these lovely dogs were shown at each Kiwanis Show last April.

The Standards Issue, as a whole, was most interesting. What a shame the

general facts given on the Shih Tzu were incomplete as we do know much more about this Tibetan breed than was stated. My dog was chosen to represent the breed in this issue and had I been asked for any historical background, I could and would have gladly supplied it!

Quality specimens of this sturdy little dog are making their mark in B.C. How about giving the Shih Tzu the recognition and support afforded other breeds?

My intention is not to criticize but to inform. In order to enlighten and encourage the dog fanciers I will be pleased to submit to those interested any information requested.

on the right track?

If it is the intention of the CKC to appoint a separate Council for Tracking, why did they not withhold the new proposed Tracking Tests, along with their rules and regulations from publication, until this body of representatives had taken office and was able to rule on same?

The more we think about it, the more we are convinced that Tracking Tests plus their rules and regulations should be more or less uniform the world over.

let the public know

... I've been following with interest the various comments re dogs sold without registration papers, or extra charges made for these papers.

As everyone breeding good dogs knows, this has been a sore spot for many years. It seems to me that one of the ways to help put a stop to this practice is to educate the public to the fact that they should expect registration papers for the price charged them, on all dogs advertised as purebred. If all newspapers were asked to insert a notice at the top of their "Pet Stock" advertisements, advising the public of this fact I'm sure it would help both the buying public and the breeder who is trying to play fair with the public.

If the CKC could word a short notice to this effect, and supply this information to kennel clubs in various cities, I'm sure these clubs would in turn see that the local papers cooperated.

OBEDIENCE

Ed. O'Brien, Canfield, Ont., is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed Judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.

SOME QUESTIONS FOR JUDGES

One of my readers would like some clarification of the "Drop on recall" in the Open Classes. She asks: "How much leeway is allowed after the order to drop is given the dog: six inches, several feet or what?"

This is a good question, and I can find no clear-cut answer to it in the "Regulations and Standards for Obedience Trials". It is true that Section 17, page 25 deals with the Recall, and Section 19 page 26 deals specifically with the "Drop on Recall", but both these sections might well be rewritten and made more definite. In the case of S.17, it says: "A dog which moves from the place where he was left must receive less than 50% of the points." But, what deductions are to be made should the dog stand up, or even lie on his back, so long as he stays where he was left and otherwise does a good recall? The rule book is of no help in such a case, and it would be interesting to hear what the judges have to say about it. In my view, it is just such debatable points that make a conference of Obedience judges desirable and in fact imperative and I am at a loss to understand the resistance, on the part of some judges, to something which would surely benefit us all as well as immeasurably helping our favorite sport.

Getting back to the "Drop on recall" we have the same situation regarding the lack of clarification of what is meant by the word "drop", for while S. 19 goes on to say: "Minor or substantial deductions shall be made for a slow drop", does this mean slowness in lying down after the dog has stopped, or in continuing to come in for some distance after the order to drop has been given, before he actually goes down? My own interpretation of the rule is based on the wording in two places of S. 19, p. 26: (1) "the dog is required to drop when coming in at a point designated by the judge" and (2) "a dog which does not stop and drop on a single command or signal must be scored zero." I feel that the operative word in this sentence is *stop* and a dog missing the designated spot by more than a foot should be disqualified. At one time, one of our judges used to make a circle with chalk on the floor, about three feet in diameter and then make a cross in the centre, and the handlers were asked to drop their dogs on the cross. A dog failing to drop with some

part of his body within the circle was disqualified. A perfect drop called for being dead centre. This, I feel, is the way the exercise should be done.

A dog in a recent trial did an excellent job in all the Open exercises but on the recall, the distance of which was 50 feet, he overshot the designated place by more than 10 feet. He went down fast enough when he finally stopped. I am wondering how he should have been scored, having in mind the fact that, if he had been about to cross a highway and was being dropped to avoid a car he would undoubtedly have been killed. In my view, Obedience must be made to *work* or its value is negligible. I would welcome opinions from my readers on this point, for not only is it of interest to my correspondent, but is important to Obedience in general.

An American handler enquires just how long should a judge wait before disqualifying a dog that is inattentive? He goes on to explain that he particularly has in mind dogs left for recalls, signal exercises in Utility and occasionally when sent out for directional jumping. He is referring to the dogs whose attention is definitely fixed on something else other than the handler, and although the judge has given the order, the handler waits for his dog's attention to return to him before giving the command. Now we all recognize the fact that at any trial a sudden noise will momentarily distract the dog's attention, and unfortunately this sometimes happens just when the handler should be giving the command. Naturally he will withhold the command until the dog's attention is on him again, but this is not what the writer had in mind. He wants to know what about dogs who are evidently more interested in something else other than the Obedience exercise, continuing to look in any direction except toward the handler for a considerable length of time. My correspondent asks: "Should the handler be allowed to withhold the command until the dog's attention returns to him?" Surely the judge ought to expect almost instant compliance with his order, making allowance for only a brief delay if the dog's attention is momentarily distracted. Again let me urge competitors and judges to write in their opinions on these controversial points.

EXACTLY WHAT ARE OUR DOGS EATING?

The majority of dogs today are weaned and live their entire lives on either a well known name brand cereal type meal or biscuit or the contents of a can of prepared meat mixed with cereal. I'm convinced that very, very, few dogs receive a fair amount of good clean meat, either beef or horse, as a regular part of their diet. It's dangerous to generalize on this matter, as indeed any other, but there is good reason for the conclusion. If nothing else, the difficulty of obtaining such meat coupled with its cost, should be one good indication, and the fantastic increase in the sales of pet foods another.

I don't know exactly what amount of pet food is sold annually through the retail outlets in Canada but I'll guarantee it is a huge amount of cereal and a lot of tin plate, if nothing else. I'm also quite sure that the amount sold in 1963 will be many times more than was sold in 1953, and that there will be no comparison with the figures for 1943. True there are a lot more dogs and other pets kept today but this doesn't explain the increase. The answer is the change in the products available and the change in pet feeding habits that they have encouraged and stimulated.

It's just that much easier to open a can or pour some meal out of a bag than to go round looking for meat scraps and crisping stale brown bread in the oven. Especially when a very effective advertising campaign is constantly conducted by the manufacturers to assure the pet owner that their product is just that much better than any other and contains just the right ingredients to produce a champion on the bench, in the field, or working.

And, quite frankly, there are so many excellent pet feeds on the market that do contain the basic required ingredients that it's unnecessary to waste time trying to feed the old way, even if the "good, clean meat" was available at a reasonable price. Which it isn't, for the average dog owner, living in a large city, which is where most of the dog owners do live. So they go to the super-

market and while shopping for their normal requirements they pick up a few cans of dog food and/or a bag of meal or biscuit.

But not all the foods that are so attractively packed and for which such lavish claims are made, are necessarily adequate, *by themselves*, to ensure that your pet maintains good health, let alone achieve that top condition which experienced dog owners aim for. Unfortunately for our pets, many, in fact the majority, of ordinary dog owners don't recognize "condition" when they see it. Or to be more correct, they don't know when their dog is not in condition. So they go on every day giving their dog a can of food, generally straight out of the fridge. And they wonder why their dog has a poor coat, or finally develops one of the numerous forms of skin condition. One food given straight without any addition, for a number of consecutive days, will actually kill cats. This is a fact that has been proven by research and is known to the manufacturer and the distributor. The manufacturer takes refuge behind some printed instructions on the label of the can, in fine print, warning cat owners not to feed the food by itself but to add to it other food and to "vary" the diet. Unfortunately for cats, many owners don't read the fine print. Why should they? They are accustomed to buying good wholesome food from the supermarket for themselves and they naturally expect to be able to do just that for their pets.

I must stress that this particular food is not manufactured in Canada or even in the States, but it is packed for an American company and imported to Canada through the U.S.

This is an isolated example. But it serves to emphasize the ever growing need for some scheme of "approval" for pet feeds that will guarantee that every pet food either reaches or exceeds certain minimum requirements. Once again, I know that many of the well known name brand foods would have no difficulty in meeting such requirements. But some would not!

In this over regulated world it may come as a surprise to hear that there is no Government agency, either Federal or Provincial, that has any responsibility or authority to require manufacturers to ensure that their product does, in fact, contain the minimum needs of an animal, or even to ensure that the food actually contains what the manufacturer claims are its contents. The only assurance that you have then is that of the manufacturer. And, fortunately for our pets, most of them turn out a good product that they can sell with a reasonable profit and a clear conscience.

The Ontario Humane Society and indeed, every other Society in Canada, plus all Kennel Clubs and responsible breeders and pet owners have been aware of this problem for years. Many are becoming increasingly conscious of the need to "do something" about it. As usual it is difficult to know what

KENNEL CONSTRU

PART ONE OF A TWO-PART ARTICLE—CONCLUSION IN JANUARY

EARLY PLANNING

New kennel construction is preceded by many major decisions including location, size of the kennel, shape, size and numbers of inside pens and outside runs and drainage. The materials to be used, fencing, lights, ventilation, sewage disposal, and many other factors must be considered.

During the past five years, four kennel buildings capable of housing 600 dogs have been constructed at the Purina Dog Care Center at Gray Summit, Missouri. (Pic 1 — Dog Care Center). These were in addition to the original kennel facilities dating back to 1926 when the first dog research started at this Farm. Some 8,600 dogs have been produced here and in the laboratory. In 1962, 721 puppies were produced. Although weaning averages in many kennels are 65-70% of the puppies whelped alive, the weaning average during the past 15 years has been 89.2% at the Dog Care Center. These figures are cited only as a background to substantiate some of the details that are presented in this article.

KENNEL LAYOUT

Although a kennel is built primarily for the comfort, health, and convenience of dogs and owners, the kennel should be constructed so that it is easy to keep clean, neat, and utilizes labor most efficiently.

The general layout will depend on the primary use of the kennel. Some kennels used primarily for show dogs are arranged with the pens radiating out from a center room like spokes from a wheel. This helps keep dogs quiet since they can see everything that is going on in the central grooming room. One of the most famous Poodle kennels, owned by Mrs. H. J. Kaiser in Hawaii, is based on this plan. She has found this system very satisfactory for Poodles.

Cages are preferred by some dog owners and by some veterinary hospitals. Cage housing has many advantages when it is necessary to keep dogs confined closely for

recovery observation or where inadequate room is available. The design and management of caged facilities will be discussed later.

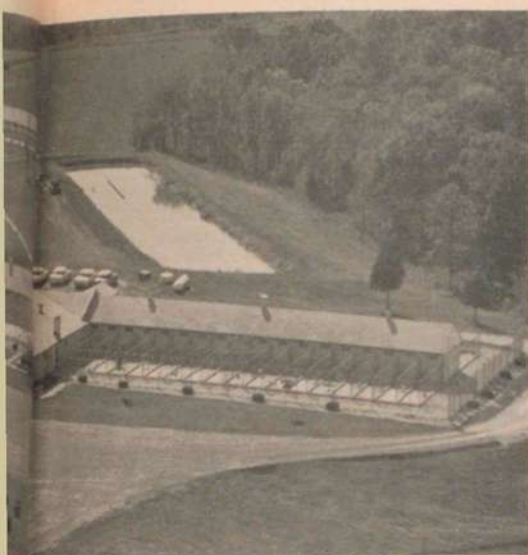

In general we have preferred a plan which includes a utility unit (offices, feed room, etc.) on one end or in the middle with kennel wings extending out in one or two directions. The kennel wings include an inside hallway with inside pens along each side of the hallway. These inside pens are connected to outside runways. The location of the feed room, grooming room, clinic facilities and office with respect to the dog housing will be influenced to some extent by the kind of dogs housed and services offered to dogs, such as grooming, etc. A guard fence should surround the entire kennel. The guard fence prevents outside dogs from transmitting diseases and fighting with the kennel dogs and at the same time may help prevent the escape of kennel dogs when gates are either left open or are accidentally opened. This does occur even under the best planned circumstances.

In general, a location that is away from neighbors, free of zoning laws (that would adversely affect the kennel) and large enough for expansion is desirable.

With ample land and suitable topography, it is desirable to locate the kennel wing perpendicular to the prevailing winds. Even if there is a small breeze in hot summer, this will help keep the dogs cooler since this will provide cross ventilation in summer. If the runs are concrete, the soil porosity and amount of slope is less important than where gravel or sand runs are to be used. Enough slope must be present with either concrete or unpaved runs to permit water to drain off rapidly so the surface can remain relatively dry.

BUILDING MATERIALS

Concrete or concrete block construction is generally recommended although frame buildings are entirely satisfactory for dogs and have been used since 1926 in the Purina kennels.

TION

All of the newer kennel buildings are concrete block. Wood, unless protected, is generally chewed on and this creates an unfavourable appearance as well as providing hiding places for bacteria and parasites. Wood tends to pick up even more urine and urine odors than does concrete and damp wood deteriorates rapidly.

Concrete and concrete block buildings may have an initial cost exceeding a kennel of similar size constructed of wood, but maintenance costs, savings on insurance and general appearance usually offset any increased costs. The design described and shown in the floor plan is of concrete block and it can be built by most handymen in areas where concrete block layers or brick layers are unavailable. This design eliminates most non-essentials which help speed up the rate of block laying and decreases construction costs.

Footings should be poured to sub-frostline depths to eliminate seasonal movement of the building and damage to the walls. In general it is safe to apply the same footing standards that are used for housing in your area to the kennel.

PEN SIZE

Inside pen sizes in some kennels are as small as 4' x 4'. These are tolerable for some miniature and small breeds, but 4' x 6' or 6' by 6' pens are much more desirable. The larger pens provide much more working room and are more adaptable to whelping and multiple housing than are the small pens. Pens that are 4' x 6' inside and 4' x 16' outside are adequate for medium and small dogs; 6' x 6' inside pens and 6' x 20' - 6' x 30' outside runs are recommended for German Shepherds, Pointers, Setters, Boxers, and are even large enough for Great Danes and for St. Bernards.

Outside runs that are 6' wide are much easier to keep clean than those 4' wide. Dogs tend to race back and forth in their pens. In the wider pens they can avoid their droppings, which are usually deposited at the lowest end while those

Pic. #2—Hallway

Pic. #3—with drain troughs

in runs 4' wide are usually scattered by the dogs' activity if the dogs in adjacent pens run a lot, too.

ACCESS HALLWAY

The hallway between the two rows of pens is important since it provides access to dogs on both sides. (Pic #2 - Hallway). If the hall is 4' wide, it is sometimes inconvenient to pass the feed or clinic cart or pass pen doors that might be open; widths of 8' tend to be inefficient and are not practical unless many visitors are to be shown through the kennel. Visiting should be discouraged as a disease control measure. Hallways that are 6' wide seem to be wide enough for most activities, yet narrow enough to permit efficient handling of the animals.

Inside pens can be constructed to drain into the hall or drain through the outside door and through the outside run. Both ways have advantages and disadvantages. If the pens drain into the hall, then they can either drain across part of the hall floor into drains or the water can drop into gutters along each side of the passageway. (Pic. #3 - with drain troughs). Some kennels are constructed with the trough out a few inches from the wall; this is dangerous since it is easy to slip and fall or twist an ankle by stepping in it. If you want to see the comparison, step on a wet cloth and then walk along with your shoulder touching the wall and observe your wet footprints. You will see why the trough against the wall is much safer.

HEATING

Winter temperatures in kennel buildings are usually kept at comfortable working ranges for personnel so that heavy coats that would interfere with working efficiency are not necessary. Kennel temperatures that will keep waterers and water lines from freezing are generally satisfactory for most mature dogs; for puppies, heating pads can supply ample warmth. Temperatures in the area where our kennels are located sometimes reaches -20° F.

THE SCARBOROUGH K.C. AND HOW IT GREW

Five years ago this month, dedicated dog fanciers volunteered time and energy for practical service to dogdom and community.

The Scarborough KC show held at the Don Mills Arena, Scarborough, Ont. September 29 drew the largest single day breed club show entry in Canada.

Despite a steady rain, spectators flocked to the show. The Working Dog entry was outstanding.

Best in Show trophy (won by Fred Fraser of Ottawa with his dapper West Highland White Terrier, Ch. (Can. Eng.) Stoneygap Bobbin of Gillobarr) was a handsome chest of silver donated by Ziska Kennels, winner of BIS last year.

How did this club draw the entry? Show Committee Chairman Howard Hood attributes it to advance publicity and the \$4 entry fee — plus concerted effort on the part of their enthusiastic club members.

Special attention is given by the club to Junior Showmanship. Trophies and ribbons are provided for such classes by the Scarborough Club for other shows, winners at which eventually compete with winners at the Scarborough Show, where the circuit's victors for the year are finally decided.

CLUB HISTORY

On September 5, 1962 a happy and ambitious group of members witnessed the legal transfer of the Scarborough Kennel Club to the Scarborough Kennel Club, Incorporated, formed under Ontario Charter in accordance with the original concepts of its founders.

These pioneers of the club, all well known in the dog fancy, first met on December 4, 1958 to form an organization which would work in the community for the welfare and improvement of all things relative to purebred dogs. Present were the late Mrs. Mabel Doherty, Messrs. William Clark, Albert Farrell, William Ford and Ron Lawrence.

They set down the prime objects of the club and held further meetings, each attended by more Scarborough area breeders, judges and exhibitors.

The most pressing matter was one of kennel licensing in Scarborough Township. This was a serious problem brought about by the spread of the Toronto metropolitan area into Scarborough, threatening the existence of every kennel in the Township regardless of how well-kept the operation might be. Kennel license fees were increased, licenses withheld and it generally appeared that dog breeding in the area was doomed. Most of the trouble arose from a few kennels where noise, odors and shameful sanitary conditions aroused the ire of residents and officials alike; where building, health and noise By-laws were flagrantly violated.

The newly-formed club, gathering momentum, approached the problem on two fronts. First, meetings were held with Township officials notifying them of its existence and intentions and assuring them of complete cooperation. Secondly, kennels were visited, minimum standards set down, advice given on improvements, ultimatums given on sanitary conditions and a general clean-up campaign put in motion.

The latter part of 1958-1959 was unforgettable, with constant problems, lack of money, poor cooperation, apathy and the ever-present threat of the loss of all licenses dogged at the club's heels.

Membership in 1958 was approximately 20 and Ron Lawrence was the first President. There were approximately 25 members in 1959 when William Clark was elected President.

The work of the members was justified when, in 1960,

without the necessity of legal action by the club, kennel licenses were returned to normal and relations with the Township reinstated, promising a new outlook for the purebred dog in the area. The club continued to improve conditions in kennels, not content to rest on its laurels, having accomplished only one phase of the work.

The first Dog Show held by the club was a Sanction Show on December 7, 1959 at the Veteran's Hall on College Street. Membership in 1960 increased to 38 and William Clark was re-elected President for a second term. The first Championship Show was held on September 25, 1960 at Agincourt with 242 dogs in competition and rating 18th among shows for the year.

In 1961 membership rose to 46, William Clark completed his second term, a Sanction Show was held in February and the second Championship Show was held on September 24, 1961 with 373 dogs in competition and rating 2nd among shows for the year.

In 1962 membership had risen to 64, Howard Hood was elected President. A Sanction Show was held in February and the club was incorporated on September 5. On September 23, the third Championship show was held with 328 dogs in competition and rating 3rd among shows.

In 1963 membership had risen to 90, Mr. Hood was completing his second term as President, a Sanction Show and a Members' Puppy Match were held and the fourth Championship Show, held on September 29, drew 440 dogs with no Specialty Shows or Obedience Trials which, at time of writing, appears to be the top show for 1963.

Included in members are two past-presidents, the Assistant Secretary and two Directors of The Canadian Kennel Club; five all-breed judges; nine Group or Limited Breed judges and eight Sanction Show judges are also members. Mr. and Mrs. Albert Farrell and Mr. Walter Brown are Life Members of the club; others are Junior, Honorary, Associate or Ordinary members.

The activities of the Club are extensive and varied. Youth clubs have been supported, needy persons given aid and animal care and welfare receive continuous attention. Members have helped to reinstate the purebred dog as a welcome member of the community and restore the sincere breeder to a place of respect rather than abuse. Junior Showmanship competition has been initiated in Ontario with winning boys and girls from other shows competing on the day of the Championship Show in the finals of the Scarborough Kennel Club Inc. Junior Showmanship competition. The club is cooperating with other junior groups and organizers across the country to promote increased junior activities and competitions.

Most ambitious project to date, in which all members are keenly interested, is the providing of a seeing-eye Dog to a young blind man in north-western Ontario. This will be continued by the club in the future whenever a case comes to its attention of a blind person requiring a sponsor for a guide dog. Continuing is a breed study program at the conclusion of meetings and future plans include lectures, more movies, obedience training and education.

The policy of the club remains firm as embodied in the By-laws, Charter and Letters Patent and as set down in these objects:

- (a) To promote interest in and the study of all recognized breeds of purebred dogs generally;
- (b) To encourage and promote the highest standard of kennel operation with the object of preserving and fostering good fellowship in the surrounding communities.
- (c) To support and encourage efficient canine breeding and control;
- (d) To encourage and cooperate with Humane Societies and other similar Societies in their objectives;
- (e) To promote, sponsor, undertake and stage such dog shows as the Corporation may deem expedient and practical and to provide trophies and prizes therefor; and
- (f) To accept donations, gifts, legacies and bequests in order to fulfill these objects.

This aggressive club's purpose is best summed up in the words of member Dr. Fred Clement "Remember that we are in this fancy for the good and welfare of DOGS, and when we lose sight of this fact we have no club".

THE SILENT WAR

Peace reigned while that pop-eyed busybody, Carruthers, lived in the basement where he belonged.

Carruthers wrote the book "What the unpopular janitor should do."

He was treated by some tenants as amusing, while others muttered that he was the maddest man they'd ever seen and ignored him. Then rumor had it that the snoopy Carruthers would be moving from his basement domain and would be occupying the very front apartment, one that had a private door opening unto the lawn in front of the building. The tenants, who entered through the front lobby, objected to the superintendent sitting in his living room and observing each minute detail.

But Carruthers had no sooner settled in his new apartment with its neat patch of lawn, when he began to be the victim of attack. Poodles, Boxers and Dachshunds, as well as many breeds unknown to the stud book, came to visit his small patch of grass. They sat for hours, right under Carruthers' window, leaving only when the bewildered janitor made a defence attack.

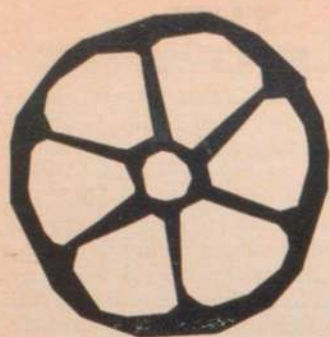

Then, one by one, they would steal back and haunt him by day, while a small battalion would remain to howl at night. Carruthers hated dogs almost as much as he despised people. He assumed that a fair lady dog from his neighbourhood had used this patch of grass for her calling card, but even he realized that this situation would last no more than three weeks.

You can imagine Carruthers' amazement when six months later his entourage of hounds had almost doubled. The next news that reached the grateful tenants' ears was that Carruthers had asked the trust company if he might return to his old apartment. And as soon as he returned to his basement abode, the battle ended. There was hardly a dog in sight.

Mary O'Donnovan, on the sixth floor, also began catching up on her sleep. Mary's sister owned the famous Dogland Kennels out in the country, and every night Mary had driven out there and with her sister's help had selected a small lady dog currently in a very romantic mood. Then, when all the windows in the apartment building had darkened, Mary would take her little charmer for a last stroll right under Carruthers' window. Since her sister owned 18 females, there was always one little flirt interested in making herself most desirable to the boys.

THREE ITEMS ON ONE FILM, 9 minutes — black and white — 16mm. **ZOO BABIES**. It's a case of mutual attraction when young things get together, and when some are children and some are baby animals you have good fare for the camera. This film shows the animal nursery at Vancouver's Stanley Park Zoo where baby animals are tended by a special keeper — freely assisted by visiting children. **DOG GETS MAN**, a quiet man for a quiet dog, and an extrovert for a frisky pup — it's all part of the pairing-off process in the R.C.M.P. school for dogs. In this item you see how German Shepherd pups are matched up with police constables and coached for active duty. They are taught to obey, to be as vicious or as gentle as their master commands. Tracking criminals or finding lost persons will fill much of their dog's life in the force. **THE COWS COME HOME**, and it's a big home-coming when it's for 14,000 head of cattle. But it's a big home — in fact, Canada's largest — the half-million-acre ranch at Douglas Lake in the B.C. interior. Here you see a real cattle round-up, as hard-riding cowboys drive herds from summer pasture in the uplands to winter shelter in the valley.

OBSERVATIONS on animal behaviour

by A. C. SECORD, D.V.M.

The following paper was presented to the Maritime Veterinary Association and is reprinted from the Canadian Veterinary Journal, May, 1963 issue. Dr. Secord is a well-known Toronto veterinarian.

A well trained dog is a credit to the owner and is welcome in its neighbourhood. On the contrary, an untrained, hooligan dog is a nuisance to everyone. From a practice [veterinary] viewpoint, it is axiomatic that the more well-behaved, trained dogs there are in a community, the greater will be the opportunity of a good small animal practice. With this in mind, it behooves every veterinarian to know as much as possible about basic training. He can then advise his clients, and thus encourage the owners to raise dogs that will be acceptable. The study of basic behaviour patterns in the dog is an area that should be of great importance to our profession.

On a trip to Europe the author was particularly impressed with the number of well trained dogs which were encountered. Entries in field trials were expected to and did show a degree of absolute response to handler signals which is seldom seen in comparable North American trials. The temperament and conduct of privately owned companion dogs was remarkable. The training of hound packs and conduct of dogs used in the hunting field was also very impressive. Enquiry as to the methods

and regimen of training revealed a decidedly different approach than heretofore commonly used by trainers and recommended in our current literature.

Mankind, from the fables of Aesop to Walt Disney's Donald Duck, has had the habit of reading human traits into animals. This is artistic licence, but very bad science. Man has a creative intelligence, language communication, and he can use reason to dominate nature and environment. This sets him apart from the animal world. Until recently, except for a few naturalists, animal behaviour as a special field of study has fallen between the biologists and the psychologists, each saying it lay more in the other's field. Veterinarians have written very little on this subject.

Unlike humans, animals have no inhibitions from social, parental or educational limitations, so that their behaviour has been of considerable interest to human psychologists, who attempt to apply their observations to a better understanding of why we behave as we do, both as individuals and towards each other. Konrad Lorenz's studies of a wild goose colony is of such interest, that it warrants a 15-year study at the Max

MRS. J. DETMOLD

Sto. Sophie de Lacorne, Co. Terrebonne, P.Q.

Planck Institute, Seeweisen, Bavaria, West Germany. There, Dr. Lorenz and his staff of some 75 scientists, study the behaviour of animals, birds and fish, hoping that their observations will lead to a better understanding of why people behave as they do. All veterinarians in practice know much about animal behaviour by personal contact and experience. Studies of packs of Eskimo dogs in the far north, and observations of Beagle colonies and hound packs, have been of interest in a better understanding of the dog in relationship to other dogs.

The most important contribution to the understanding of the correct age and application of training comes from Dr. J. P. Scott and his colleagues of the Roscoe B. Jackson Laboratory, Bar Harbor, Maine. Their studies of the mental development of puppies was undertaken because dogs resemble people in many of their important mental processes and emotional traits, and in their highly developed patterns of social behaviour. From their studies of puppies has come a wealth of new knowledge that is now applied in the teaching of children. In addition, a new and better understanding of how and when to train dogs to be acceptable to people has evolved. Guide Dogs for the Blind, Inc., San Rafael, California, has been very successful in adopting these methods to raise and train dogs for the blind. Since using these new training concepts their success ratio has risen from 15 per cent to 85 per cent and most of the failures are weeded out in the early stages of training.

Wild animals in their natural habitat fear and respect man, and will usually avoid contact. The occasional exception is due to starvation, or defence of their young or a food cache. These same animals, kept or raised in captivity, soon lose this fear from daily association, and can be dangerous. All animals, except the bear, will give plenty of warning before an attack. Moose raise the long hair on the neck and back and charge quickly. A buck deer will lower his head, swell up his neck and prance up slowly until close enough for a pinning thrust with the antlers. The cat family will all crouch, growl and twitch the tail, giving warning of their intention. The bear is the original poker-face. A captive one may eat from your hand one minute, and if the spirit moves him, attack the next without a sound or even a change in facial expression. Bears are solitary animals, and have none of the social graces or language shown by pack and herd animals. Wolves, although equipped with large teeth and powerful enough jaws to crack a horse's cannon-bone, are shy and will not attack when held in a trap or cornered in captivity. Perhaps their courage depends on the mob stimulations of the pack. Yet, following wolf tracks in the snow will often show how a single wolf has killed a large deer, twice its size and weight.

Many dog breeders have found from bitter experience that it is unwise to keep more than two individuals together,

Christmas Greetings to All Dog Lovers

or they run the risk of fatalities from fighting with two or more piling on the weaker dog. Except in breeds where aggressive behaviour has been intensified by selective breeding, two dogs seldom fight to the death. When one acknowledges that it is losing, it will stop fighting and expose its throat to the teeth of the opponent. This is their way of saying "Uncle" and the victor will then let the defeated one retire to a lower rung in the pack sequence. Whenever a new dog is introduced to a group or another dog, there will always be a show of bluff and/or force until the new dog has found his place.

The dog—*Canis familiaris*—has become man's best friend, because it just happens that he reacts to man as he reacts to other dogs. A young dog does not develop any particularly new type of behaviour from his association with people. He does the same things that his branch of the wolf family has been doing for thousands of years, but he does it in response to human beings instead of other animals. No matter how it has been altered by close association with and interference by man, the dog is essentially a pack animal. As such, he is subject to rules of behaviour and to a social order dependent on age, sex and physical superiority. Wherever groups of dogs are kept together, there is always a "Top" dog, and a descending sequence to the youngest and weakest member. If males and females are kept separate, as is often the case in hound packs,

the same social order occurs among the females. Pack law is rigid and has no use for a weak member. When a fight occurs, and the weaker dog is badly hurt, all the other members will pile on and kill the under-dog. This trait is so strong, even in pet dogs, that a badly injured dog, yelping in mortal agony, may attract every other dog within hearing to come running and attack, with the intent of gang-killing it, according to pack law.

The relationship of dog to man is apparently analogous to giving his allegiance to a super pack leader. There is a loyalty and a wish to please on the part of the dog that motivates the close companionship that exists between dog and man. Good trainers will tell you that they never have a really well trained dog until there has been a difference of opinion which has been settled by the trainer and the dog knows who is really the "Boss". Once a dog tries its owner for "Size", the best way to finish it is to lift the dog off his feet by the loose skin of his neck, and shake him until he gives in. If a dog achieves dominance over a person, that individual can never again handle that dog, because from then on the dog considers himself higher in the pack social order than his master. Dogs can certainly smell or perceive fear and cannot be fooled by one that is afraid. Authority over a dog is established by tone of voice and manner, as well as physical dominance.

Puppies at three weeks of age have their first teeth, and should be fed solid food as a supplement to the bitch's milk. If the dam is a good mother, she will begin feeding her puppies about this age by regurgitating food that she has retained long enough to be partially digested. As the puppies' age and appetite increase, she will bring them food she has just eaten and immediately regurgitated.

The dam will keep her puppies clean by licking and swallowing their excreta until they begin to take solid food. From then on the pups will crawl away to a corner from their bed, and will look after their own toilet. It is easy to house-train a new puppy, if one is careful for the first 48 hours. It is particularly important that the first elimination occurs in the spot where from then on the puppy is expected to use as a toilet. A new puppy should be kept under constant supervision by a competent person, so that it is never permitted to make a mistake in the wrong area. If this happens, the pup will always go back to the same spot and will be much harder to train. With care, a new puppy should be house-trained in a few days.

A puppy will never soil his bed, so a good way to teach cleanliness is to tie him there on a short lead, about 18". Let him off every hour, and carry him out to the yard for his toilet. Another way is to keep him in a small shipping crate between trips to the yard. After a day or two he may be allowed loose in a room, after he has just been successful outside. He should be under the watchful eye of a responsible person, who never lets the pup out of sight. When the pup is taken short and gives warning, as they all do by looking for a spot, it can be rushed outside in time. It would be a mistake to punish a puppy unless it is caught in the act.

Puppies raised in kennels away from much human association will become man shy unless they are handled frequently, starting at four to five weeks. If puppies are kennel raised without handling until they are four months of age, they may become so shy that they will never be able to adapt themselves to the stress of family living and the noise and commotion of city traffic. The most impressionable age is from seven to 16 weeks. If a client asks "What is the best age to buy a puppy for a companion dog?", the answer should be pick him at five weeks and take delivery at exactly seven weeks.

In the relationship of dog to master, it seems that the imprint or attachment should be made early. Dogs kept in kennels soon form their own behaviour pat-

tern with other dogs, which may not be a good one for a pet animal. To put it simply, a companion dog should be a people's dog and not a dog's dog. Puppies should be exposed to the stresses of their expected environment while they are young and unafraid. Puppies raised with children accept them naturally, but older dogs suddenly exposed to children's shrill voices and sudden quick movements, may bite because they are afraid rather than from viciousness.

Puppies are born blind and deaf. In their first three weeks of life their only drive is for survival. They respond only to hunger, cold and pain. A puppy is safe from disturbances that could affect his personality. After three weeks, when the eyes and ears open and his motor and sensory drives are developing, comes the most crucial stage in his life. The puppy is ultra sensitive to his environment. From three to eight weeks a dog's capacity for learning first appears, and his first social adjustments to man are made. This is primarily a period of exploration and adjustment to the outside world. This is the critical time when a puppy is made or ruined as a people's dog instead of a dog's dog. Pups that are socialized by people between five and eight weeks, develop the strongest primary attachment to man. Experiments show that pups that were not socialized until after 14 weeks, never got over being timid and wild. Their withdrawal reaction to people became so intense that normal relationship of dog to master could not be established. It is true that patience and careful training may partially overcome this shyness, but the dog and owner would both start under a severe handicap.

A puppy is going to start learning things good or bad as soon as his mental capacity is developed. In training, it is much easier to teach him the right things you want him to do as soon as he is able to learn. It is more difficult to correct faults than to prevent them. Teach him what he should do as soon as he is able to take direction. If you start a puppy's simple training at seven weeks, with continuous short periods daily, and gradually apply discipline when necessary after three months, he should be well on the way to becoming a trained dog by the time he is four months. By that time he will have been taught to learn, and will continue to do so as long as he lives. The expression "You can't teach an old dog new tricks" is not true if he has been taught to learn commands and accept discipline at the right time—early in life.

All dogs should be taught to be good

(SECRETARY'S NOTE: Where, in the minutes of the meeting of October 16, 1963, the words "Motion carried unanimously" follow a motion, said words mean that all of the following members of the Board voted in favour of the motion: Robert L. Blyth, Walter Brown, Mrs. Edna Joel, Mrs. Pamela Mack, Wm. McDerment, George Mehlenbacher.)

OCTOBER 16, 1963

A regular meeting of the Board of Directors of The Canadian Kennel Club was held in the Club's offices, 1173 Bay Street, Toronto, Ontario, on Wednesday, October 16, 1963, commencing at 10:00 a.m., with the Vice President, J. C. Anderson, in the Chair, and the following members of the Board present: R. L. Blyth, Walter Brown, Mrs. Edna Joel, Mrs. Pamela Mack, Wm. McDerment, George Mehlenbacher.

3 M 48. MINUTES OF SEMI-ANNUAL MEETING OF BOARD

REPORT: The Secretary reported that:

- (1) each member of the Board had been provided with a draft of the minutes of the semi-annual meeting of the Board of Directors held on August 20th, 21st, 22nd, 23rd, 24th, and 26th;
- (2) no member of the Board had suggested any corrections;
- (3) in the course of proceeding to implement decisions of the Board he had noted that the following corrections in the minutes should be made:

(SECRETARY'S NOTE: These corrections were made in the minutes which were tabled.)

MOTION #390-63

Moved by Mr. Blyth, seconded by Mrs. Joel:

"THAT, the minutes, as corrected, of the semi-annual meeting of the Board held in August, 1963, be adopted."

Motion carried unanimously.

FINANCIAL MATTERS

5 F 2. APEX PUBLISHERS AND PUBLICITY LTD.

SUBJECT: The Secretary read a letter from Mr. Peter Wright, Q. C., which reported that he and Mr. Walter Brown had attended a meeting of the Directors and shareholders of Apex Publishers and Publicity Ltd., that it had been made clear that the Misses Dunn and Peer could not go on the present basis, and that Mr. Dillon had two alternative proposals to make which would be submitted to him in writing, and these he would pass on to the Club.

DISCUSSION: During a brief discussion which followed:

- (1) Mr. Brown confirmed Mr. Wright's statement that alternative proposals are to be submitted for the consideration of the Board of Directors;
- (2) it was agreed that until these proposals are received and referred to the national Board no action could or should be taken.

MOTION #391-63

Moved by Mr. Blyth, seconded by Mr. McDerment:

"THAT, this interim report from Mr. Peter Wright and Mr. Walter Brown be accepted."

Motion carried unanimously.

REGISTRATION, STUD BOOKS AND RELATED MATTERS

7 R 10. BREED STANDARDS

SUBJECT: The Secretary read a letter (dated August 9th) from the Terrier Breeders Association of Canada, and a letter (dated July 15th) from Mrs. Catherine Gardiner, Orono, Ontario, both having to do with a proposal that each breed standard follow a basic pattern.

DISCUSSION: During a discussion which followed it was agreed that:

- (1) this proposal has a great deal of merit;
- (2) these letters should be referred to the Chairman of the Breed Standards Committee in order that consideration could be given to this proposal and a report presented for the consideration of the Board of Directors at its next annual meeting.

MOTION #392-63

Moved by Mr. Brown, seconded by Mr. Mehlenbacher:

"THAT, we approve this in principle and refer this to the Chairman of the Breed Standards Committee with a request that a report be presented at the annual meeting of the Board next February."

Motion carried unanimously.

SUBJECT: The Secretary read a letter (dated June 12th) which Mrs. L. G. Hoye, Lethbridge, Alta. had addressed to Mr. J. C. Anderson, in which she sought a clear definition of the term "dudley" in regard to the nose of the Schipperke.

MOTION #393-63

Moved by Mr. Brown, seconded by Mrs. Joel:

"THAT, the word 'dudley' means 'flesh-coloured (pink)'."

Motion carried unanimously.

7 R 24. KENNEL NAMES

REPORT: The Secretary pointed out that in a report to the Board dated September 3rd, the Kennel Names Committee had included the following recommendations:

- (1) that the objection of Patricia Wilson (WIL-HAVEN) to the registration of the kennel name BELL-HAVEN be sustained;
- (2) that the objection of F. Knight (ALANTE) to the registration of the kennel names ALTALITE, ALTANITE and ALTARITE be sustained;
- (3) that no action be taken in connection with the registered kennel name MARK II, a certificate of registration having been already

approved;

- (4) that an application form (small) be sent to Mrs. Kirkland who wishes to transfer her registered kennel name BEEWOOD to the partnership comprising herself and her husband and that this transfer be approved, contingent on the return of this card duly completed by Mrs. Kirkland;
- (5) that no action be taken on the letter received from Mr. & Mrs. John W. Critchley (kennel name SONNY GLEN) who desired that steps be taken to prohibit the use of the word SONNY'S in the naming of dogs to be registered in the Club's records, the Committee agreeing that the Club does not undertake to prohibit the use of any word which is a part of a registered kennel name.

MOTION #394-63

Moved by Mr. Blyth, seconded by Mr. McDerment:

"THAT, we receive and approve the recommendations of the Kennel Names Committee."

Motion carried unanimously.

SUBJECT: The Secretary read a letter from Messrs. Nigel Aubrey-Jones and R. Wm. Taylor seeking permission to use the kennel names ST. AUBREY as a prefix, and ELSDON as a suffix in the naming of dogs not bred by them.

DISCUSSION: During a discussion which followed:

- (1) it was agreed that under existing policies a person with a registered kennel name may not use it as a prefix in the naming of a dog which he may acquire;
- (2) it was pointed out that in the proposed regulations to be published in "Dogs in Canada" and to be considered by the Board of Directors at its annual meeting next February, a proposal is included which would remove this limitation;
- (3) it was agreed that under the circumstances, this request should be referred to the annual meeting of the Board next February for consideration.

MOTION #395-63

Moved by Mr. Brown, seconded by Mr. Blyth:

"THAT, the request of these gentlemen be referred to the annual meeting of the Board next February."

Motion carried unanimously.

REPORT: The Secretary reported that:

- (1) on a previous occasion he had been instructed by the Board to seek a reciprocity agreement with The Kennel Club (England) whereby:
 - (a) The Canadian Kennel Club would agree to reject an application for registration of a kennel name already registered with The Kennel Club;
 - (b) The Kennel Club would reject an application for registration of a kennel name already registered with The Canadian Kennel Club;
- (2) correspondence with the Secretary of The Kennel Club indicated that The Kennel Club was receptive to such a proposal;
- (3) with the concurrence of Kennel Names Committees, checks were made of applications for registration of kennel names received and where any of these names had been registered with The Kennel Club the applications for these kennel names had been rejected on the grounds that to have granted such names could readily lead to confusion;
- (4) suggested that the Board consider a variation of this understanding to the extent that either Club would be free to make exceptions to this general policy in circumstances such as that which the Board had encountered when dealing with the application for registration of the kennel name ROSEDALE.

DISCUSSION: During a discussion which followed it was agreed that:

- (1) it would be advisable to avoid a hard-and-fast agreement whereby either Club was not free to exercise discretion in unusual circumstances when dealing with applications for registration of kennel names;
- (2) it would be preferable for each Club to exchange with the other, lists of registered kennel names and merely undertake to avoid granting, wherever possible, kennel names registered by the other Club.

MOTION #396-63

Moved by Mr. Brown, seconded by Mr. Mehlenbacher:

"THAT, the Secretary write and inform The Kennel Club of what we are doing and ask them to reciprocate as far as possible."

Motion carried unanimously.

- (2) correspondence with The American Kennel Club and The Kennel Club (England) indicated that a number of dogs in the pedigrees of the dogs owned by Mrs. Tildesley were Shih Tzus and others were Lhasa Apsos;

7 R 27. DACHSHUNDS

SUBJECT: The Secretary read a letter, dated October 11th, received from Mr. & Mrs. Irving Diamond, Kirkland, Que., in which Mr. & Mrs. Diamond expressed their dismay with regard to proposed amendment No. 10 as reported in the October issue of "Dogs in Canada".
 DISCUSSION: During a discussion which followed it was agreed that the Secretary would inform Mr. & Mrs. Diamond that the proposed amendment by itself does not necessarily call for any change in existing policies with regard to the registration of Dachshunds, and its sole purpose, should it be approved by referendum ballot and the Minister of Agriculture, is to put the Board in a position where it can prescribe new regulations regarding the registration of Dachshunds if, upon the Registration Committee's obtaining the views of Dachshund fanciers generally, it is found that such fanciers desired any changes in the existing policies with regard to the registration and showing of Dachshunds.

7 R 73. PROPOSED INSPECTION OF KENNELS

REPORT: The Secretary:

- (1) reported that, pursuant to resolution #274-63 he had written Mr. T. L. Hughes, General Manager of the Ontario Society for the Prevention of Cruelty to Animals;

INTERNAL AND ADMINISTRATION

9 A 16. STANDING RESOLUTIONS

REPORT: The Secretary:

- (1) reported that, having regard for decisions reached by the Board at its semi-annual meeting, the retying of the Book of Standing Resolutions had been almost completed;
- (2) reported that in the course of preparing the new copy he had noted that while the Board had decided that a number of standing resolutions with regard to dog shows, obedience trials, and field trials, would be transferred to Section "A" of the material submitted by Mr. Wells, a number of standing resolutions of similar intent had not been so transferred;
- (3) suggested that in the interests of uniformity the Chairman of the Standing Resolutions Committee (Mr. Wells) and himself be authorized to arrange for such further transfers from one section to another as may be advisable to carry out the overall plan intended by the Board at its semi-annual meeting.

MOTION #407-63

Moved by Mrs. Joel, seconded by Mr. Brown:
 "THAT, the Secretary and Mr. Wells be authorized to make any final adjustments in the standing resolutions with a view to ensuring uniformity with Board decisions reached at its semi-annual meeting."
 Motion carried unanimously.

9 A 31. BOARD MEETINGS

SUBJECT: The Secretary sought an instruction with regard to the calling of the next regular meeting of the Board.

MOTION #408-63

Moved by Mrs. Joel, seconded by Mr. McDerment:
 "THAT, regular meetings of the Board of Directors be held on November 20th and December 18th, 1963."
 Motion carried unanimously.

9 A 51. TERM OF OFFICE OF BOARD

REPORT: The Secretary reported that each member of the Board had been provided with a copy of the following letters:

- (1) copy of a letter dated September 16th from Mr. W. J. Monaghan who referred to the question raised by "the old timer" on page 4 of the September (1963) issue of "Dogs in Canada" and who requested that the opinion of the Club's solicitor be obtained and published with regard to the legality of amendment #18 in the 1962 referendum ballot which dealt with the term of office of the Board;
- (2) a copy of his reply thereto dated September 27th;
- (3) copy of a further letter, dated September 30th, from Mr. Monaghan;
- (4) copy of his letter, dated October 7th, to the Club's solicitor, written as a result of an instruction from the President that the opinion of the Club's solicitor be obtained;
- (5) copy of the material he had forwarded to the Club's solicitor, this having to do with the history of the referendum ballot and proposed amendment #18;
- (6) copy of letter, dated October 8th, received from the Club's solicitor who stated "I have considered the article and the material which you have provided and also your most helpful notes and history, and I have come to the conclusion that there is no merit in the argument which 'the old timer' develops," and "in the result as I have said I do not consider that there is any illegality or irregularity with regard to the procedure referred to in the article."

MOTION #409-63

Moved by Mrs. Joel, seconded by Mr. Blyth:
 "THAT, the correspondence be filed."
 Motion carried unanimously.

MEMBERSHIP MATTERS

10 MM 2. APPLICATIONS FOR MEMBERSHIP

REPORT: The Secretary:

- (1) reported that to each member of the Board there had been reported, by lists #19 to #23 inclusive, the names of those applying for membership;
- (2) read letters from Mr. Williams and Mr. Wells with regard to the application for associate membership received from a person residing in Vancouver, B.C.;
- (3) reported that the complaint against another person, an applicant for membership, had not yet been satisfactorily resolved.

MOTION #410-63

Moved by Mr. Brown, seconded by Mr. Blyth:
 "THAT, applications for membership reported on lists #19 to #23 inclusive be approved, except that the application of the first person be not approved, and the application of the second person be held in abeyance pending further report."
 Motion carried unanimously.

SUBJECT: The Secretary read a letter which an applicant addressed to the Canadian National Live Stock Records seeking an explanation as to why his application for associate membership had not been approved by the Board.

ACTION: The Secretary was instructed to inform the applicant that the Board is not prepared to make any explanation.

10 MM 30. MISCELLANEOUS MEMBERSHIP MATTERS

SUBJECT: The Secretary:

- (1) referred to the letter, from Mrs. Valerie H. McMillin, read at the semi-annual meeting of the Board (page 4 - August 24th minutes - file 9 A 16) enquiring whether a member, transferred out of Canada, by reason of military or diplomatic service (or the spouse of a member so transferred), enjoys voting privileges;
- (2) reported that, as instructed, he had sought the opinion of the Club's solicitor;
- (3) read a letter (dated October 8th) from the Club's solicitor, who stated (in part): "The question of residence is a difficult one but in general the persons you describe, despite the fact that they may be living temporarily outside of Canada, are still residents of Canada".

MOTION #411-63

Moved by Mrs. Joel, seconded by Mrs. Mack:
 "THAT, the Secretary be guided by the solicitor's opinion and for the purposes of the election of Officers and Directors the last address in Canada be used to determine the electoral zone in which such member may vote."
 Motion carried unanimously.

SUBJECT: The Secretary:

- (1) referred to the discussion at the semi-annual meeting of the Board (page 10 - August 26th minutes) on the question of whether a person who is an individual ordinary member of the Club may also enjoy voting privileges as the authorized representative of an ordinary member (partnership) and reported that, pursuant to instructions then given, he had sought the opinion of the Club's solicitor;
- (2) read a letter (dated October 8th) from the Club's solicitor, who stated: "I have considered the Articles of the By-laws dealing with this problem and, in my opinion, it is clear that a member

can vote not only for himself but also as the representative of a partnership. In his second capacity he is acting only for the partnership but his vote is a privilege that the partnership enjoys and I find no provision taking it away from the partnership. I am of the same opinion with regard to two partnerships designating the same individual."

DOG SHOWS

11 D 1. JUDGES

SUBJECT: The Secretary read a letter (dated October 11th) from Mr. Mark Gordon, Winnipeg, who:

- (1) stated that "there is considerable discussion around the country regarding judges and judging qualifications" and "if one reads the periodicals from England or the U.S. the situation is the same";
- (2) outlined his thoughts with regard to a plan on determining the qualifications of those wishing to judge and the procedure to be followed before approval is given;
- (3) expressed his willingness to serve "on any committee that will help implement the recommendations".

DISCUSSION: During a discussion which followed Mr. McDerment, Chairman of a special committee appointed by the Board to review the Dog Show Rules, reported that the committee had a number of thoughts on these subjects which would be considered at future meetings of the committee.

MOTION #412-63

Moved by Mrs. Joel, seconded by Mr. Brown:

"THAT, this letter be referred to Mr. McDerment and his committee."

Motion carried unanimously.

REPORT: The Secretary reported that:

- (1) pursuant to resolution #379-63 he had written a number of persons inquiring whether it was their wish that their name remain on the list of persons eligible for approval to judge at championship shows;
- (2) a number had replied, some of whom wished to remain on the list.

ACTION: It was agreed that, to each of those to whom the Secretary had written pursuant to resolution #379-63 but from whom a reply had not been received, the Secretary would address a letter advising each that unless we receive a reply within fifteen days their name will be removed from the list, although such action would in no way affect their judging privileges under existing Dog Show Rules.

11 D 25. SHOW DATES

SUBJECT: The Secretary:

- (1) reported that the All Terrier Club of Canada has priority rights on the date of May 17, 1964, on which it is scheduled to hold a specialty championship show for all breeds in Group #4;
- (2) read a letter from the Barrie Kennel Club enquiring whether favourable consideration would be given its application to hold a championship show, restricted to breeds in the remaining five groups, on May 17, 1964, the day following its all-breed championship show.

DISCUSSION: During a discussion which followed it was agreed that a measure of conflict would likely result if the Barrie Kennel Club is permitted to hold such a show on May 17th.

MOTION #413-63

Moved by Mr. Blyth, seconded by Mr. Mehlenbacher:

"THAT, in order to avoid conflict with the Terrier specialty show we do not allow the Barrie Kennel Club to hold a show under our rules on Sunday, May 17, 1964."

Motion carried unanimously.

SUBJECT: The Secretary read a letter from the Chairman of the Dog Show Committee of the Canadian National Sportsmen's Show:

- (1) advising that the Canadian National Sportsmen's Show proposed to hold an all-breed championship show on Saturday, March 23, 1964, rather than the limited breeds championship show which it has been accustomed to holding on that date;
- (2) inquiring whether it would be permissible for the classes in a number of breeds to be considered as specialty shows (rather than booster shows) within the all-breed show.

DISCUSSION: During a discussion which followed it was agreed that according to the provisions of Chapter 2, Section 3 of the Dog Show Rules a specialty championship show is a show given by an association formed for the improvement of any one or more (but not all) breeds of pure-bred dogs at which championship points may be awarded, and that therefore an organization which is not considered to be a specialty club or association could not be granted permission to hold one or more specialty shows.

MOTION #414-63

Moved by Mrs. Joel, seconded by Mr. Blyth:

"THAT, the Canadian National Sportsmen's Show be informed that with regard to a championship show on March 23, 1964, it may have one of the following choices: (1) continue with its limited all-breed show and specialty shows held in conjunction with such show; (2) an all-breed championship show, with additional specialty shows sponsored by specialty clubs; (3) an all-breed championship show in which one or more breeds are featured as 'booster shows'; (4) an all-breed championship show only."

Motion carried unanimously.

SUBJECT: The Secretary read a letter (dated October 11th) from The Bermuda Kennel Club inquiring whether it would be possible for The Bermuda Kennel Club to hold one or more specialty shows immediately preceding (on the same day) as its all-breed championship show.

ACTION: It was agreed that the Secretary would inform The Bermuda Kennel Club that an organization which is considered an all-breed club is not eligible to conduct specialty shows, and consideration could only be given the possibility of one or more specialty shows being held in conjunction with their all-breed show, if applications to hold such specialty shows originated with specialty clubs operating in Bermuda.

11 D 73. AMENDMENTS TO DOG SHOW RULES

SUBJECT: The Secretary read a letter (dated October 4th) from the Barrie Kennel Club requesting that steps be taken to delete from the Dog Show

Rules, Section 1 in Chapter 16 (a rule which prohibits the acceptance of telephone entries).

MOTION #415-63

Moved by Mr. Brown, seconded by Mr. Mehlenbacher:

"THAT, this proposal be referred to Mr. McDerment and his committee."

Motion carried unanimously.

SUBJECT: The Secretary read a letter (dated September 17th) from Mr. Duff who:

- (1) reported that members are inquiring as to where they may obtain official measurement of their dogs, presumably for the purpose of meeting the requirements of the amendments to the Dog Show Rules scheduled to become effective on January 1, 1964;
- (2) recommended that the Board take immediate steps to appoint Official Measurers and have official measurement standards made available.

ACTION: The Secretary reported that steps had already been taken with a view to obtaining a new supply of measuring standards. It was agreed that no action be taken until it is clear whether amendments with regard to weighing and measuring of dogs at championship shows, to appear in the next referendum ballot, are approved or rejected by voting members.

OBEDIENCE MATTERS

12 OB 8. REPORT OF CHAIRMAN OF OBEDIENCE COUNCIL

REPORT: The Secretary:

- (1) reported that he had forwarded to the Chairman of the Obedience Council copies of letters received in response to the invitation published in the July issue of "Dogs in Canada" seeking the comments of persons and clubs with regard to the proposed tracking test rules published in that issue;
- (2) suggested that the Chairman of the Council be authorized to appoint a special committee for the purpose of reviewing these comments and the proposed rules in order that there may be forwarded to members of the Board, with the agenda of the next annual meeting of the Board, final recommendations with regard to proposed tracking test rules.

MOTION #416-63

Moved by Mr. Blyth, seconded by Mr. McDerment:

"THAT, the Chairman of the Obedience Council be authorized to appoint a special committee for the purpose of reviewing the proposed tracking test rules and letters received in that regard, the committee's recommendations to be available for consideration at the next annual meeting of the Board."

Motion carried unanimously.

SUBJECT: The Secretary:

- (1) pointed out that at its semi-annual meeting the Board of Directors had adopted special regulations applicable to residents of the United States insofar as it concerned approval to judge at obedience trials held under the Club's rules, the Board having decided that these regulations would become effective on January 1, 1964;
- (2) inquired whether, although these regulations are not scheduled to become effective until January 1, 1964, these regulations apply to any application which he may receive before the end of the year for approval of a resident of the United States to judge at a licensed obedience trial to be held under the Club's rules on or after January 1, 1964.

ACTION: It was agreed that the Secretary would consider these regulations effective in connection with the selection and approval of any residents of the United States selected to judge at any obedience trial to be held under the Club's rules on or after January 1, 1964.

REPORT: Mr. Mehlenbacher, Chairman of the Obedience Council, reported that:

- (1) for some years the Club's Dog Show Rules had provided for priority rights on show dates, and more recently the Board had granted priority rights on specified dates to a number of field trial clubs;
- (2) he had consulted the members of the Obedience Council on whether arrangements should be made for the granting of priority rights on dates for obedience trials, and the three members of the Council (Messrs. Frank Mingie, D. B. Hudson, and Roger A. Bonoyer) who had replied to his inquiry, had all expressed themselves as being much in favour of such arrangements being made;
- (3) on October 9th he had consulted the Chairman's Standing Committee and it was the recommendation of the Committee that the Board arrange for clubs holding licensed obedience trials to obtain priority rights, all applications for priority rights to be processed through the Board.

MOTION #417-63

Moved by Mr. Brown, seconded by Mrs. Mack:

"THAT, the recommendation of the Chairman of the Obedience Council re priority rights be approved."

Motion carried unanimously.

REPORT: The Chairman of the Obedience Council reported that:

- (1) he had made arrangements for a Special Committee to consider the question of a Service Dog Class;
- (2) it was the desire of the Committee that the Board rule on a number of questions.

DISCUSSION: During a discussion which followed Mr. Mehlenbacher related the questions raised by the Committee, and the Board agreed that these are questions which should be considered by the Committee and the conclusions reached be dealt with in the report which it would submit to the Board.

MOTION #418-63

Moved by Mr. Brown, seconded by Mr. McDerment:

"THAT, the report of the Chairman of the Obedience Council be adopted as amended."

Motion carried unanimously.

**PROPOSED NEW STANDARD FOR
THE BULLMASTIFF**
(see notice on preceding page)

(Note: Faults are classified as SERIOUS or MINOR, indicated as (S) and (M) respectively. Note that MINOR faults are either points which would not of themselves contribute to unsoundness in the dog, or are the result of poor conditioning, which might be controlled, and are not likely to be hereditary.)

ORIGIN & PURPOSE. The Bullmastiff was developed in England by gamekeepers for protection against poachers. The foundation breeding of the modern pure-bred was 60% Mastiff and 40% Bulldog. It is a guard and companion dog.

GENERAL APPEARANCE. The Bullmastiff is a powerfully built, symmetrical dog, showing great strength and activity, but not cumbersome; upstanding and compact in appearance, with breadth and depth of skull and body, the latter set on strong, sturdy, well boned legs. The height measured vertically from the ground to the highest point of the withers, should nearly equal the length measured horizontally from the forechest to the rear part of the upper thigh, and should slightly exceed the height at the hips. Bitches are feminine in appearance, of somewhat lighter bone structure than the male, but should still convey strength.

Faults: (S) Lack of balance. Poor or light bone structure.

(M) Lack of muscular development. Ranginess.

TEMPERAMENT. The Bullmastiff should be bold, fearless and courageous, a dependable guard dog; alert, intelligent, loyal, obedient and thus suitable for training.

Faults: (S) Viciousness. Shyness. (Such dogs should not be used for breeding).

(M) Apathy and sluggishness.

SIZE. Height at the highest point of the withers - dogs, 25 to 27 inches; bitches, 24 to 26 inches.

Weight - dogs, 110-130 lbs.; bitches, 100-120 lbs. It is important that weight be in proportion to height and bone structure, to ensure balance.

Faults: (S) Over maximum height. Under minimum height.

(M) Over maximum weight. Under minimum weight.

COAT & COLOUR.

(a) Coat: short and dense, giving good weather protection.

Faults: (S) Long, soft coat.

(M) "Staring" coat, which means poor condition.

(b) Colour: Any shade of red, fawn or brindle, but the colour to be pure and clear. A small white marking on chest permissible but not desirable.

Faults: (S) White markings other than on chest.

(M) Black shading on body, legs or tail (of reds or fawns).

HEAD.

(a) Skull: The skull should be large, equal in breadth, length and depth, with a fair amount of wrinkle when the dog is interested; well developed cheeks. The skull in circumference may measure the height of the dog. Forehead flat, with furrow between the eyes. Stop definite.

Faults: (S) Narrow skull. Shallow skull.

(M) Domed forehead. Insufficient stop.

(b) Muzzle: The muzzle should be short, broad and deep, in the same proportion as the skull. The distance from the tip of the nose to the stop should not exceed one-third of the length from the tip of the nose to the centre of the occiput. Broad under the eyes and nearly parallel in width to the end of the nose; blunt and cut off square, appearing in profile in a plane parallel to the line of the skull. A black mask is essential. The nose should be black, flat, broad with widely spreading nostrils when viewed from the front. Flews not too pendulous. The lower jaw broad.

Faults: (S) Muzzle too long, too narrow, pointed or lacking in depth. Muzzle too short; nostrils set on top; nose pointed, upturned or laid back; lower jaw narrow.

(M) Lack of wrinkle; flews too pendulous.

Disqualification: Liver mask. No mask.

(c) Teeth: Preferably level bite or slightly undershot. Canine teeth large and set wide apart; other teeth strong, even and well-placed.

Faults: (S) Teeth overshot. Teeth more than 1/4" undershot.

(M) Irregular or poorly placed teeth. Small teeth.

(d) Eyes: Dark or hazel, and of medium size; set apart the width of the muzzle.

Faults: (M) Light eyes. Eyes too close together, too large, too small.

Disqualification: Yellow eyes.

(e) Ears: V-shaped and carried close to the cheeks; set on wide and high, level with the occiput, giving a square appearance to the skull which is most important. They should be darker in colour than the body, and the point of the ear, when alert, should be level with the eye.

Faults: (S) Rose ears.

(M) Ears too long or too short. Lack of darker colour.

NECK. Well arched, of moderate length, very muscular, and almost equal in circumference to the skull.

Faults: (S) Neck too short; too long. Neck weak and scrawny.

FOREQUARTERS. Proper angulation and proportionate bone lengths of the forequarters are very important. The shoulder bone should slope forward and downward from the withers at an angle of 45° from the vertical. The humerus (upper arm) should form a right angle with the shoulder bone, 45° from the vertical. The shoulder bone and humerus should be approximately equal in length. The length of the foreleg from the ground to the elbow should be a little more than half the distance from the ground to the withers, approximately 52%. The shoulders and upper arms should be muscular and powerful, but not overloaded. Forelegs powerful, with round heavy bone, vertical and parallel to each other, set well apart; elbows set close to the body. Pasterns straight and strong. Feet of medium size, not turning in or out, with round toes, well arched. Pads thick and tough. Nails black.

Faults: (S) Lack of proportion in bone. Shoulders too steep. Shoulders overloaded. Elbows turned in or out. Lack of bone in forelegs. Forelegs bowed. Weak pasterns. Splay feet.

(M) Feet turned in or out. White nails.

BODY & TAIL.

(a) Body: Compact. Chest wide and deep, with ribs well sprung and well set down between the forelegs. Back short. Loins wide, muscular; croup slightly arched, with fair depth of flank.

Faults: (S) Body too long. Shallow chest. Narrow chest. Lack of rib-spring. Sway back. Roach back. Croup higher than withers.

(M) Too much tuck-up.

(b) Tail: set on high, strong at the root and tapering to the hocks. It may be carried straight or curved.

Faults: (S) Screw tail. Crank tail. Tail set too low.

(M) Tail carried round fashion. Too long. Too short. Too heavily coated.

HINDQUARTERS. It is important that structure, angulation and proportionate bone lengths of the hindquarters be in balance with the forequarters. The pelvis (hip-bone) should slope backward and downward from the spine at an angle of 30°. The femur (upper thigh bone) should form a right angle with the pelvis. The lower thigh bone (stifle) should set at an angle of 45° to the vertical. The length of the lower leg, from the ground to the hock joint, should be approximately 30% of the distance from the ground to the top of the hip bones. The lower leg should be vertical to the ground. The hips should be broad, in balance with shoulders and ribcage. Hind legs strong and muscular, with well developed second thighs, denoting power and activity, but not cumbersome, set parallel to each other and well apart, in balance with forelegs and body. Feet of medium size, not turning in or out, with round toes, well arched. Pads thick and tough. Nails black.

Faults: (S) Lack of proportion in bone. Poor angulation at hip-bone. Narrow hip structure. Stifle too straight or over-angulated. Cowhocks. Bowed hindlegs. Splay feet.

(M) Feet turned in or out. White nails.

GAIT. The gait should be free, balanced and vigorous. When viewed from the side the dog should have good reach in the forequarters and good driving power in the hindquarters. The back should be level and firm, indicating good transmission from rear to front. When viewed from the front (coming toward) or from the rear (going away), at a moderate pace, the dog shall track in two parallel lines, neither too close together nor too far apart, so placed as to give a strong well-balanced movement. The toes (fore and hind) should point straight ahead.

Direction to exhibitors and judges: The dog should be moved in the ring at a sufficient speed to show fluidity of movement, and not at a slow walk.

Faults: (S) Rolling, paddling, or weaving when gaited. Any crossing movement, either front or rear. Stilted and restricted movement.

(Dogs with structural weakness as evidenced by poor movement should not be used for breeding.)

Disqualifications: Liver mask. No mask. Yellow eyes.

NOTICE

SUBJECT: PROPOSED NEW REGULATIONS AND INTERPRETATIONS REGARDING KENNEL NAMES.

In 1962, by way of the referendum ballot, voting members of the Club approved a new Article XXV (of the Club's By-laws) dealing with kennel names. Earlier this year an announcement was made in "Dogs in Canada" of the new Article XXV as it was approved by the Minister of Agriculture for Canada.

Section 1 of the new Article XXV reads as follows:

- "1. The Board shall have the power
 - (a) to regulate and protect kennel names;
 - (b) to continue or discontinue any existing system of kennel name registration from time to time and to institute and maintain any system of kennel name registration;
 - (c) to declare policy, prescribe regulations, make interpretations and enforce its decisions and orders, with respect to kennel names, their registration and use."

With a view to implementing the provisions of Section 1, the Board of Directors, at its semi-annual meeting in August, considered possible new regulations and interpretations regarding kennel names. It did not at that meeting reach any final decision on these suggested regulations and interpretations, believing that before any final decision is reached at its annual meeting next February, members of the Club should be given the opportunity of studying these new regulations and interpretations and having an opportunity to submit their comments, suggestions and criticisms for the Board's consideration.

These proposed new regulations and interpretations are set out following this "Notice".

Members of the Club are invited to submit their views, suggestions and criticisms by letter, all such letters to reach the Secretary of The Canadian Kennel Club, 1173 Bay Street, Toronto 5, Ontario, not later than January 10, 1964.

PROPOSED NEW REGULATIONS & INTERPRETATIONS REGARDING KENNEL NAMES

SECTION 1. INTERPRETATIONS.

In these Regulations the following interpretations shall apply:

- (a) "the Club" means The Canadian Kennel Club;
- (b) "person" includes, where applicable, a partnership or a company;
- (c) "Board" means the Board of Directors of the Club;
- (d) "Records Office" means the Canadian National Live Stock Records;
- (e) "the Committee" means the Kennel Names Committee appointed by the Board;
- (f) "Secretary" means the Secretary-Treasurer or Assistant Secretary of the Club;
- (g) "first owner" means the owner of a dog at its birth.

SECTION 2. DEFINITION.

A kennel name is:

a word, or combination of words and/or letters, which, upon the application of a person, has been granted by the Club for the exclusive use of such person in the naming of dogs for individual registration with the Club; or

- (b) a word or words which, upon application of a person, may be granted by the Club for the exclusive use of such person in the naming of dogs for individual registration with the Club.

In the individual registration of dogs with the Club, the Club undertakes to exercise reasonable care in reserving a registered kennel name for the exclusive use of the person to whom it was granted, but the Club and the Records Office will not be responsible, if, through error or inadvertence when registering dogs individually in the Club's records, the name is used by any person other than the one to whom it was granted.

The provisions of Article XXX, Section 4 (d) and Article XXX, Section 4 (e) of the Club's By-laws should be noted.

SECTION 3. USAGE.

A person to whom a kennel name is granted may use such name as follows:

- (a) either as a prefix or affix in the naming of a dog born his property;
- (b) with the consent of the first owner, either as a prefix or affix in the naming of an unregistered dog which he may purchase or otherwise acquire from its first owner.

The registration of a kennel name must not be construed or represented as registration of a kennel, a breeding and/or boarding establishment, a dog dealership, a pet shop, or a training and/or grooming establishment.

SECTION 4. PROHIBITIONS.

The Club will not knowingly approve an application for registration of a kennel name if the name applied for is:

- (a) a name now registered as a kennel name with the Club;
- (b) a name now registered as a kennel name with any other kennel club with whom the Club has working arrangements with regard to mutual protection of kennel names;
- (c) a name considered by the Committee to be phonetically identical to a name registered as a kennel name with the Club;
- (d) the word "Royal" either as a whole or as part of a name;
- (e) a colour (by itself);
- (f) one or more individual letters;
- (g) a numeral (or numerals) or includes a numeral;
- (h) any name which, if brought to the attention of the Board, and in the opinion of the Board, is considered to be misleading, or confusing, or is considered unsuitable as a kennel name;
- (i) a name exceeding twelve letter spaces.

Attention is drawn to the provisions of Article XXX, Section 4 (g) of the By-laws of the Club.

Where an application for registration of a particular name as a kennel name has been rejected, the Board may direct the Records Office to disallow such name in the names of dogs to be registered individually in the Club's records.

SECTION 5. APPLICATION FOR REGISTRATION.

Application for registration of a kennel name with the Club must be on a form provided by the Club, and all sections of the application must be completed to the satisfaction of the Committee.

SECTION 6. KENNEL NAMES COMMITTEE.

At its annual meeting each year the Board shall appoint a Kennel Names Committee consisting of three members, one of whom the Board shall name as Chairman. If, through resignation, illness, or other reasons necessitating a replacement, temporarily or otherwise, the President shall have the power to fill a vacancy on the Committee until the Board, where necessary, makes such arrangements as it deems appropriate.

The Committee is authorized to consider and place recommendations before the Board:

- (a) on all questions regarding kennel names referred to it by the Secretary;
 - (b) to decide and make recommendations to the Board on all objections received against applications of which notice has been given in the official magazine;
 - (c) with regard to policies applicable to kennel names.
- A meeting of the Committee shall be held at the call of the Chairman. Seven days notice, in writing, shall be given except when a meeting is held on a specified date by unanimous consent of the Committee. Three members of the Committee shall constitute a quorum.

A recommendation of the Committee, when communicated to the Board, shall be deemed to be a unanimous recommendation of the Committee unless otherwise stated in its report to the Board.

SECTION 7. PROCESSING AN APPLICATION FOR REGISTRATION.

The applicant for registration of a kennel name shall submit his completed application for registration and registration fee direct to the Records Office, Ottawa.

Upon receipt of an application the Records Office will deposit, temporarily, the registration fee, and such fee will be refunded to the applicant if his application for registration of kennel name is not approved.

The Records Office will then forward the application to the Club's office with advice as to whether a name selected is:

- (a) a kennel name already registered as a kennel name by the Club; or
- (b) phonetically identical to a kennel name already registered by the Club; or
- (c) a name commonly used in the naming of dogs for registration purposes; or
- (d) in its opinion, a name which, if granted as a kennel name, would present administrative or other problems.

Upon receipt of an application at the Club's office the following procedure shall be followed:

- (a) a routine check sheet will be made up;
- (b) a check will then be made and necessary action taken to determine whether or not any of the names selected are prohibited according to these regulations, and where this is the case the applicant will be so advised;
- (c) arrangements will be made for the publication in the first available issue of the official magazine of a list of kennel names applied for which may be granted;
- (d) there shall be referred to the Committee any application against which an objection has been submitted within the time period given in the notice published in the official magazine;

- (e) to the Committee there shall be referred for consideration, any questions which the Secretary considers should be considered by the Committee;
- (f) as soon as possible following a meeting of the Committee, the Committee's recommendations shall be forwarded to the Board;
- (g) if, within 10 days following the mailing of the Committee's report and recommendations to the Board, no member of the Board objects to any recommendation of the Committee, the Secretary shall implement the recommendations of the Committee. Where any member of the Board disagrees with any recommendation of the Committee that recommendation shall not be implemented, but shall be referred to the next succeeding meeting of the Board for consideration, along with the objection submitted by the member of the Board;
- (h) after publication of notice in the official magazine, and where consideration of the Committee is not required in connection with any application, the application will be approved upon the expiration of the time limit published in the notice given in the official magazine; upon the approval of an application, the application will be duly endorsed and returned to the Live Stock Records office and a certificate of registration of kennel name will be issued to the applicant; the names approved will be added to the record of registered kennel names maintained in the office of the Club;
- (k) all routine check sheets and any relevant correspondence will be filed.

SECTION 8. PERMANENT REGISTRATION.

A member of the Club may apply direct to the Club for the permanent registration of his kennel name, but such application shall be considered by the Board only if:

- (a) the applicant is able to satisfy the Board that he has bred and/or owned not less than five dogs, registered individually in the Club's records, to each of which the Club has granted the title of "Champion", or "Field Trial Champion", or "Obedience Trial Champion"; and
- (b) the application for permanent registration sets forth the following information with regard to each of the five dogs referred to in (a): its breed, its registered name, its registration number, and the year (or thereabouts) in which it gained its title; and
- (c) the registered name of each of the five dogs referred to in (a) includes, as a part of its registered name, the kennel name for which permanent registration is sought.

Permanent registration of a kennel name is not automatic. It must be applied for on a form provided, upon request, by the Club, and all sections of the form must be completed to the satisfaction of the Committee.

The Club shall not be required to conduct any research in order that a person may decide whether he is eligible to apply for permanent registration.

There shall be no fee charged for permanent registration, and such permanent registration shall only be effective as long as the Board decides that a policy of permanent registration is desirable.

The Board shall have the power to direct that any kennel name, the registration of which has expired, be placed on the permanent list of registered kennel names.

SECTION 9. AUTOMATIC EXPIRATION OF REGISTRATION.

The registration of a kennel name with the Club automatically expires after the person who registered such kennel name with the Club has ceased to be a member of the Club, or five years after he last registered a dog individually in the Club's records, whichever shall last occur.

The provisions of this Section apply to all kennel names standing on the Club's roster of registered kennel names at the time of the enactment of these Regulations, and to all kennel names registered after the enactment of these Regulations.

SECTION 10. DESIGNATION OF OWNERSHIP.

The use of a registered kennel name to denote ownership on a certificate of registration and in the Club's records is specifically prohibited unless the kennel name has been registered with the Club by a company as defined in Article XXXVII, Section 1 (h) of the Club's By-laws.

SECTION 11. AMENDMENTS TO THESE REGULATIONS.

These Regulations may be amended only at the annual or semi-annual meeting of the Board.

SECTION 12. EFFECTIVE DATE.

These Regulations are effective on (set date).

EXTRACTS FROM BY-LAWS

The following are the extracts of the By-laws referred to in these Special Regulations:

Article XXX. REGISTRATION OF INDIVIDUAL DOGS.

4. (d) Only the owner at time of birth may request a change of name of a dog after it has been registered but no change shall be permissible after a dog has been registered sixty days.

(e) The name of an imported dog may not be changed, and no claim may be made against the Club should the name of an imported dog infringe the rights of any person, partnership or company whose kennel name has been registered by the Club.

(g) Subject only to the provisions of subsection (e) above, the Board shall have the power to prohibit the use of any name, for the purpose of registration of individual dogs in the Club's records, if, in the opinion of the Board, such name infringes on the rights of any person, partnership or company whose kennel name has been registered by the Club, or where, in the opinion of the Board, such name is considered to be similar to a kennel name registered with any other national kennel club with whom this Club has working arrangements with regard to mutual protection of registered kennel names.

Article XXXVII. INTERPRETATIONS.

- 1. In these By-laws unless the context otherwise requires,
 - (b) "company" means any company incorporated under federal or provincial charter whose head office is situated in Canada.

1963 Specialty Show

G. S. D. C. OF CANADA

On Saturday, September 21, The German Shepherd Dog Club of Canada, held its 41st Annual Specialty Championship Show at the Canadian National Exhibition Park, Toronto, Ont. The conditions were ideal — the day was sunny and warm, the splendour of color from the floral arrangements in the ring, the banners, the golden array of trophies, and the blue Lake Ontario presented a wonderful picture. The entry of 126 dogs was superb.

Our Judge, Mr. Ralph S. Roberts, of Covina, California, gave his comments on each of his four placings over the P.A. system, which everyone felt was a beneficial attraction.

For the first time, a "Select" Class was held. This Class is for the judge to select dogs and females which he considers select breeding material, even though, on that particular day, they were not awarded B.O.B. This gives breeders a broader range to select breeding partners. Three males and three females were selected.

1. The 1963 Canadian Grand Victor, and Best of Breed, 1st Open Male, Win-

ners Male, Best of Winners was WALDENMARK'S INGO, owned and bred by Margrit Fischer, Bucks County, Pa.

2. The 1963 Canadian Grand Victrix and Best of Opposite Sex was Am. Ch. Kingsley of Kingscroft, owned by Ostenburg Kennels, Mayaguez, P.R. Bred by Donald Ames and Walter Babcock.

3. Winners Female, 1st Open Female was Am. Ch. Skye of Kingscroft, owned by Gloria M. Reuter, (Ostenburg Kennels), bred by Donald Ames and Walter Babcock.

4. Best Canadian Bred in Show, 2nd Open Female, 1st Canadian Bred Female was Orlebar's Quenda of Caradoc, owned and bred by Thomas Evans, Dorchester, Ont.

Best of Opposite Sex To Best Canadian Bred was Can. Ch. Na-Robi's Otto, owned by Peder Pedersen, Guelph, Ont. and bred by Mr. and Mrs. R. H. Walker.

Best Puppy in Show was Na-Robi's Venus, bred and owned by Mr. and Mrs. R. H. Walker.

Best of Opposite Sex of Best Puppy was Britmere's Tonka, bred and owned more on page 75

JOAN RAILTON, c/o
Sir Charles Tupper
Secondary School,
419 East 24th St.,
judge and Bulldog
specialist.
Vancouver, B.C.
Popular teacher,

In the death of Mr. J. A. H. Irving on October 26, The Canadian Kennel Club lost one of its best known and most respected members. Mr. Irving had been in failing health for some time but his sudden passing left many of us with a sense of real personal loss. "Jake", as he was affectionately known by his many friends, had been active in dog circles for many years. He had been a member of the CKC from 1931-1961 inclusive and B.C. Director in 1935, '36, '38, '39 and from 1951-1961. During the earlier years of his doggy activities he bred and owned a number of English Bulldogs. More recently, he was well known for Cairns and Dachshunds. His original Cairn imports in 1931 were of Baroness Burton's "Dochfour" strain. After that he imported a great many Cairns and Dachshunds and bred and owned many champions, among them the Grand Champion, "Bonshaw Zur". This was the first of two dogs to be granted that title by the CKC. When Mr. Irving retired from active participation in dog shows two years ago, his familiar figure was greatly missed. Mr. Irving served faithfully and well and gave generously of his time, effort and money in the support of all dog clubs and activities. Our sympathy is extended to Mrs. Irving and to Marion.

This month the Nanaimo Kennel Club published No. 1, Vol. I of its new bulletin which will be a monthly publication with Howard Tyrrell and K. Scott as Editors. The club is hopeful of stimulating interest and of seeing Nanaimo regain the reputation it once held as the birthplace of dogs who could go out and win against the stiffest competition. During the 1920's and 1930's, Nanaimo was a household word in dog circles, especially in regard to Terriers and Sporting breeds. Perhaps the most famous dog the district ever produced was Int. Ch. Rackett's Rummy, a lemon belton English Setter bred by the late Rees Jones and owned by the late J. J. Attle.

The club's 4th Sanction Show was held on September 14, with 71 dogs

competing. Everything but the weather cooperated in making the day a pleasant one, but in spite of the rain exhibitors and Judge Harry Dodds carried on to a successful conclusion. (Ed. note: Sorry I do not have the results). The club was encouraged by a record number of local entries.

Nanaimo was well represented at the Alberni Kennel Club Sanction Show in Parksville on September 29 when Pete Bigg's Bullmastiff was placed and Don Bassett's new German Shepherd puppy took Best Puppy in a strong Working Group.

The club is also building a very fine reputation in obedience. The Island Obedience Clubs engage in considerable inter-club activity. This keeps up interest in obedience work, gives practice to owners and dogs and encourages people to tackle licensed trials. Recent Nanaimo winners in these competitions have been Freckles Jamieson and Asta Perry who were highest scoring in Novice A and Open A respectively. Other winners were Chico Mitchell, Vicky Englefield, Corky Frith, Kim Cakebread and Nick Biggs qualifying in Novice A and Champ Olsen qualifying in Novice B. At the next regular meeting CD certificates will be presented to Mrs. M. Mitchell (Chico), Mrs. J. Englefield (Vicky), Miss D. Jamieson (Freckles), Mr. G. Frith (Corky), Mr. P. Biggs (Nick), Mr. A. Cakebread (Kim), and Mr. L. Olsen (Champ).

British Columbia lost a long time member of the CKC with the death of Mr. E. C. Richards on October 5. Mr. Richards had bred and shown Fox Terriers for many years. Our sympathies go out to his wife and family.

Correction: In the October issue it was erroneously reported that the Great Dane "Chips", who completed his UD at the P.N.E. Trials, belonged to Mrs. Louie. "Chips" and his owner, Mrs. Bourassa, are both well known in the Lower Mainland. My apologies, Mrs. Bourassa.

An interesting letter was received from Miss F. MacGregor, honorary B.C. representative of the Japan Animal Welfare Society. Reports were enclosed of the work of the Japan Society for the last two years and of the worker. Miss MacGregor would appreciate the opportunity of speaking to any interested groups and of showing colored slides taken in the pounds and laboratories of Tokyo. She can be reached at 4335 Erwin Drive, West Vancouver.

Mrs. Canning reports for the B.C. Gun Dog Club. The regular meeting of the club was held on Thursday, October

10, at Sinsler's Realty Ltd., Burnaby. The National has come and gone and the club has settled down to its regular business. Congratulations to the winner "Tar Babys Little Sweet Stuff", and to his owners Ken and Toni Carpenter of White Rock, B.C.

Numerous spectators of the National must have realized that the competing dogs are a very valuable asset in the essential area of wild life preservation. Hunters of water fowl and upland game who own and use well trained dogs, hunt with confidence that their dogs play an important role in conservation. Ask the man whose dog has picked up crippled birds that would never have survived the winter. The hunter without the well trained dog left them crippled and went on to shoot more wild game in order to bag his limit. Never does a dog, retriever or pointer, receive a more thorough training than in preparation for competition at field trials. Conservation is a science where the origin is in the laws of nature. Man will appreciate conservation only when he becomes aware of the results of violation of these laws. The man and his dog competing in field trials are an essential team in this educational process.

Mrs. Whitton reports for the very active Coastal Canine Academy. Three members entered the tracking test at Duncan in October and enjoyed the weather, the tracking conditions, and the fact that they passed after having previously failed their own club test. Successful were Mr. Laxton and his German Shepherd, "Baron", Mrs. Plath from Seattle and her German Shepherd, and Mrs. Whitton with her Bouvier, "Boris". Some heifers in the next field enlivened the proceedings when they decided to run with the dogs.

Mr. Taylor's Bellingham classes and Mrs. Whitton's Ladner School Board Classes are both progressing well.

A number of the members of the intermediate class are taking part in a mock trial in preparation for the licensed trial on November 10.

Mrs. Taylor is home again after a second bout in the hospital.

classes is planned by the Program Chairman for December 9. Professor R. Stewart of United College will be present with his Seeing Eye dog and will discuss something of his training, his dog's training, and of their teamwork. Mr. Wm. Nixon will give a short talk on the conformation of the Golden Retriever.

Two Obedience Trials are being planned for December 7 at St. Patrick's Church. Classes offered are Novice A and B, Open A and B. Mrs. Avis McLeod is Trial Secretary, Bill Fiedler Trial Superintendent, Mrs. Monica Torrance, Trial Chairman.

The Demonstration Team headed by Mrs. Joan Lawrence and her German Shepherd Dog Christie went into action at Middlechurch Old Folks Home on October 23. After a demonstration of Obedience, the dogs visited with their hosts and hostesses and something about each breed represented was said. Other members were: Mrs. Avis McLeod and Brutus, Bassett Hound; Mrs. Becky Hawely and Rodney, Miniature Schnauzer; Mrs. Marion King and Shane, German Shepherd Dog; Mr. Bill Fiedler and Sandy, Norwegian Elkhound.

Jean Whitbread, owner of German Shepherd Dog 'Anker' in the 8:30 Beginners' Class, became Jean MacKay on October 19. She and her husband Bob are taking up residence in Halifax.

Club's new executive is: President, Art Driver; 1st Vice-President, Larry Wach; 2nd Vice-President, Horace Tesch; Recording Secretary, Darlen Ayres; Treasurer, Dave Hills; Corresponding Secretary, Helene Marion; Training Director, Jim Robinson; Assistant Director, Ken Johnson; Chairman, Supervisor Committee, Bob Malone.

The Challenge Trophy presented to the club by H. Tesch was once again won by Airo of Camplaren (Hasso), the only difference was the handler, Otto Mayer.

GERMAN SHEPHERD DOG CLUB OF REGINA

A meeting was held on September 8 by 11 Shepherd Fanciers for the purpose of forming a German Shepherd Dog Club.

A pro-Temps Committee was chosen to conduct meeting and business until an Executive is elected. Committee members were Chairman, Bob Wilson; Recording Secretary, Mrs. Rosemarie Bohn; Program, John Machelek.

Many ideas were expressed on the reasons for forming a German Shepherd Dog Club, its benefits and its purpose. It was felt that a Constitution was the first item to be dealt with, and a committee of three members were chosen to present a proposed Constitution at the next meeting. Constitution Committee members were Jules Machelek, Chairman; Cliff Ast and Joyce Bernhardt.

Mr. and Mrs. John Machelek have offered the use of their home for future meetings and the next meeting was planned for October 9 at 8:00 p.m.

November 10 the club held a members match at the Spring Valley Hall, judged by Clarke Diamond.

# THE IRISH SETTER CLUB OF CANADA

The club ran a Field Trial on October 27 for Irish Setters only at Georgetown, Ont. Dogs were run on liberated pheasant and following were the class winners: Puppy, Kerrykeel's April Folly owned by F. Bingham of Depew, N.Y.; Derby, Myers Pelham Squire owned by J. Myers, Fenwick, Ont.; Amateur All Age, Challenger's Irish Lancer CDX, owned by R. McCormick, Ancaster, Ont.; Open All Age, Classy Clancy O'Red Witch owned by Mrs. McAfee, East Aurora, N.Y. Total entry was 16 including some entries from The Irish Setter Club of Western New York.

Field training classes are being held twice a month. A Field Champion award has now been added to existing annual awards.

# NORTH YORK OBEDIENCE CLUB

The club was proud to have Mr. Jake Giacomelli, with his wife, as guest speaker for the October meeting. Questions relating to judging and Obedience training were clarified and an interesting account given on the variety of methods employed to "get through" to dogs with various attitudes toward training. Hosts were Hazel and Gordon Mitchel.

Due to a power failure, graduation was conducted by the lights from a ring of cars. Under these adverse conditions, a new member with only four weeks of class training guided his Doberman to highest score. Congratulations, Bill Binney. Second place went to Mrs. Lewis handling her Shepherd.

An overflow of eager applicants for the present training classes necessitated forming a special class for "teenie weenies".

With next year's Trial date confirmed, President Ritchie Read has already formed the necessary committee to ensure a successful and smooth-running Trial.

# ST. BERNARD CLUB OF ONTARIO

The November meeting was held at the Willowdale Bowl in Willowdale.

The main business meeting consisted of the planned Booster Show to be held at the Sportsmen's Show in March next.

Several members and their dogs tagged for the Humane Society of Toronto in September. Letters of thanks for their efforts were received from the Society.

A color and sound film, obtained from Swissair, was enjoyed by all.

A collection of used nylons and postage stamps will be presented to the Occupational Therapist of the St. Bernard Convalescent Hospital in Toronto by Mrs. B. Sorrell.

The club deeply regrets the passing of one of its members, Mrs. Gordi

held another of those wonderful *Pear-sall* clinics in November, and once again Montrealers were given an opportunity to bring their dogs to Milo and enjoy the benefit of his training ability and many years' of experience. Even after attending numerous clinics and watching the *Pearsalls* at work, it is still a source of amazement and delight to see how quickly difficult dogs become cooperative and perplexed handlers suddenly see the light. This two day affair was no exception, although disappointment was felt by the M.C.O.C. that more did not avail themselves of a chance to "read, learn and inwardly digest" from one of the top obedience trainers on the continent.

DOMINION COLLIE & SHETLAND SHEEP-DOG ASS'N. (Montreal Branch)

On October 26 the club's third sanction Show was held at the Cote des Neiges Armoury where 130 dogs gained experience and proved their worth. *Bill Taylor* and *Nigel Aubrey-Jones' Peke*, St. Aubrey's Sha Sha of Elsdon, took BIS with *Vera Hampton's Afghan*, *Zarada's Nirangi Zahara*, a close second. BCB Puppy was a Doberman owned by Mr. Vaillancourt. Group wins were as follows: Group 1, Crestwoods Sterling Trigger, an English Cocker owned by Mr. and Mrs. E. Cartwright; Group 2, *Vera Hampton's Afghan*; Group 3, Mr. and Mrs. A. R. Reid's Welsh Corgi, Cote de Neige Fancy Candy; Group 4, *Norma Prescott's Scottie*, *Shawnee Rob Roy*; Group 5, *Bill and Nigel's Peke*, and Group 6, Willowmount Pete, Mrs. R. A. Dunn's Dalmatian. In Collies, BB was Mrs. Martin's Collie, Po, Best Puppy going to *Kay Anderson's Ravensglens Look* at Me. In Shelties, BB to Mrs. Smith's Braidean's Dusty Miller (repeating his win at the club match in September) with *Mac Stephens' Hjalti Lady Patience* Best Pup.

TA-1-0 BEAGLE CLUB OF MONTREAL INC. At North Creek, N.Y., September 28 and 29, the *Northern Hare* celebrated their 50th Anniversary, and TA-I-O, an old friend, presented a plaque to the club in commemoration of the event. Most of the hare clubs in this area of

the U.S. and Canada have sprung from the inspiration of this club, and tribute paid by representatives of clubs near and far was both deserved and fitting.

The Board of Directors of the CKC recently passed a motion providing for the translation of the Beagle field trial rules and regulations into the French language. The need has long been present but the matter has become even more urgent with the formation of new clubs at Sorel and Terrebonne. Now the problem is to find someone willing and able to undertake the task. Many of the terms used are peculiar to the sport and could lose their sense in a literal translation by any person not familiar with their meaning.

SOMETHING TO BRAG ABOUT

Bill Taylor and Nigel Aubrey-Jones' Peke, St. Aubrey Sha Sha of Elsdon, went Best of Breed at the Progressive Toy Dog Show Specialty in New York, over an entry of 26.

POT-POURRI

Lea Langlois (Herranen) absent from shows for some time, has purchased a six months Collie Pup, Rory, a companion for Casey, her ten year old Standard Poodle, and can hardly wait to show in Obedience and Breed again.

If you've missed *Vi Dery* lately, here's why — Hubby, *Leo*, is home convalescing after a disc operation, daughter, *Lynn*, is recovering from a bout of pneumonia, and something new has been added — *Susy*, a Squirrel Monkey, getting along fine with *Nanou* the Whippet, and livening up things in general.

Joan Kyle also has an addition to the household — a silver Persian kitten to keep her silver Poodles on their toes.

Off on a short trip to England, *Sarah Diamond* will spend some time with her family and also look around for some good Min. W.H. Dachshies to add to her ever-growing kennels.

Peter Skibinsky all smiles these days, having just acquired a delightful W.H. Fox Terrier pup that quote is the greatest unquote.

Romaine Jones reports that Sled Dog races, open to all breeds and teams, will be held at Sutton, February 15 and 16, under the auspices of the Junior Chamber of Commerce and with full support of the big ski center, Mt. Sutton Inc. This will be a part of the racing circuit, starting at Ottawa, then to Maniwaki, Ste. Agathe and Sutton, finishing at Laconia, N.H. Once again *Romaine* will be in charge so a smooth-running event is guaranteed.

Nikki, an Afghan belonging to *Barry Storey*, has, through a false pregnancy, found the answer to the frustration of being a big dog surrounded by wee ones. Taking over a litter of Miniature Poodles, pseudo-motherhood has adjoined her beautifully without benefit of the psychiatrist's couch.

Lorna Casgrain's Standard Poodle, *Katie*, *Mrs. Blackader's* Cocker, *Biddy*, and *Nisca*, *Jean Ferrabee's* Toy Poodle, took part recently in an educational program at a Verdun school, sponsored

MINIATURE SCHNAUZER

CHAMPION MALE FOR SALE

Circumstances force the sale of this grand young dog only 17 months old who finished his Championship quickly, winning one Group 1st and one Group 2nd. He is American bred, sired by Ch. Winsomor Critique, the sensational young Specialty Winner, ex Ch. Fury of Windy Hill. Fury, who was sired by Pirate, herself was a Specialty Winner. As Critique is a Pirate grandson, this young male has a concentration of this most sought after bloodline. We have had four grand litters from him. He will pay for himself quickly in stud fees.

by the S.P.C.A. All facets of dog care were covered, including grooming, immunization, obedience training, etc., and the response was most heartening.

All dog owners, but Samoyed ones in particular, will be saddened to hear of the sudden death of Ch. Karajan of Kobe. An English imported female, owned by Marguerite Tolley, she will be missed around the shows.

Nigel Aubrey-Jones and Bill Taylor, sole representatives of our Province at the Bermuda shows, full of raves over the hospitality, climate, and lethargic sun and sand.

Dog owners, a note of warning! Dog-napping, which was quite active on Montreal Island a year or so ago, has suddenly broken out again, this time in the East end, a very promising three months Samoyed puppy female the latest one to be taken. The new owners had had her only ten days, left her on the second-floor balcony for just a few minutes and came out to find her gone.

Remember, this is the month to cast your ballots. Don't neglect this important duty and then complain later about poor management! Vote as you like, but VOTE.

A Very Merry Christmas, and may the New Year be filled with Peace, Prosperity, and a Champion in every litter.

*Evangeline K.C.* held another successful Sanction show in Wolfville, November 2, with *Miss Godfrey* making her debut as judge of the Toy group while *Harold Robinson* of Timberlea judged all other groups and Specials. *Ralph Wright* of Digby, the club's ring steward, was assisted by *Miss Manning* of Chester and the club's Obedience trainer *A. G. Wilson* of Paradise gave a demonstration with one of his Golden Retrievers and showed the progress made by two dogs undergoing training in the club's weekly classes. These were a Beagle owned by *Mrs. Leslie Wright* and a Miniature Poodle owned by *Miss Manning*. Handling classes and parade of champions rounded out a well-run and well attended show which saw BIS and Best Canadian-Bred go to a Pomeranian owned by *Mrs. D. H. Duff*, Armdale.

N.S. German Shepherd Dog Club's third annual Specialty show was held in Halifax August 24, with *Reginald Cleveland* of Vermont judging an entry of 36 won by Ch. Valley Hills Nube, owned by the club President, *Blois Boyd*. Results will appear in the "green" pages and marked catalogues are obtainable from the secretary *Mrs. Richards*, 13 Kirk Rd., Jollimore. Following the show a dinner was held at the Flamingo Restaurant, where one of the members, *Alex Chambers*, also celebrated his win of the award for the best Dahlia in Halifax Horticultural Society's show held on the same day.

*Blois Boyd* and *Dick Richards* attended the National Specialty show in Toronto September 21 and represented the N.S. club at the preliminary meeting of delegates to the National Federation of G.S.D. Clubs in Canada.

Best Veteran was Argant v. Deslefs Ruh, SchH III., FH, AD, owned by Mr. and Mrs. P. W. Doane, Ottawa, Ont.

The day was perfectly ended by a delightful and enjoyable time at the Crang Plaza Restaurant where about 100 people took part in an After-Show Dinner. Our club hopes that we will have the opportunity of meeting the exhibitors from all across Canada, various parts of the United States and Germany again next year.

## new products

A new kibbled dog food is announced by Dr. Ballard's. Changes include a "crisp and crunchy" texture to promote exercise and thus tooth and gum health, and the elimination of dust and small particles to improve overall consistency and firmness when mixed with a wet

pack dog food. Other advantages state manufacturer: improved palatability for the dog and neatness in serving.

A new antiseptic spray-on bandage for pets is announced by Soluble Products Corp., 360 Furman St., Brooklyn 1, N.Y. Called Solusept, it comes in a new test-proven push-button (aerosol). Solusept's powder form makes it invaluable in the dry treatment of cuts, burns, bites, abrasions and in the care of ulcers, lesions, ear and foot infections, advises manufacturer, and protects from re-infection.

Enzit is the name of a new stain remover said by Beautilite Corp., 1405 W. Irving Park Rd., Chicago, to be effective on all types of albuminous stains such as coffee, chocolate, blood, vomitus material and feces. A boon to dog owners, it is said to be effective in eliminating wet or dry urine stains up to six months old. It is based on the use of enzymes in powder form.

## A RARE OPPORTUNITY FOR A RARE BREED

### A WORD ABOUT THE PUPPIES' DAM

The dam has never been defeated in her breed in Canada and on six occasions, on her way to her championship, she placed in fast Toy groups. Twice shown in the U.S. she took the points on both occasions.

## AN OAK GABLES' ITALIAN GREYHOUND

Here's a breed that's ideally suited for apartment or city home life. It's dainty, but hardy. It's short-haired—non-shedding and has no doggy odor. It's an intelligent, easily trained dog that has been an affectionate home companion and pet since the days of ancient Rome. You'll be happy with an Italian Greyhound, and we have, at the moment, two puppies available.

# DOGS & PEOPLE

Things we never knew department: Mr. and Mrs. Hugh Simpson (Rosehill Kennels) Hespeler, Ont., own and operate the largest small train system in North America. Running at Puslinch Lake during the summer, the train has its own receptionist, one of their older Wire Fox Terriers who delights as much in the passengers as they in her antics. Judge Haskell Shuffman of New Castle, Ind. was a vaudeville dancer in an earlier career.

Traveller: Mrs. Blanche Roberts, of Toronto, left for New Zealand November 14. She returns December 30. She will attend the wedding of a niece.

Ill: Hedley Hull of Beeton, Ont. long time dog fancier, who was taken to the Peterborough, Ont. hospital following a heart attack.

Charles Carter of Toronto, President of the Miniature Schnauzer Club of Toronto, was saddened by the death of Ch. Enniscar (Cha Cha) his seven-year-old Miniature Schnauzer; in late October.

Appointment: Mrs. Peter Polley, Bishops Mills, Ont. is Secretary of the English Setter Association of America, one of the few Canadians to hold an executive position in an American parent breed club.

Wins in the States: Ch. Lakeland Invicta, owned by Mr. and Mrs. H. Goss of Bewdley, Ont. has just completed his American championship by taking his fourth major at Lima. His previous achievement was BB from the classes over 60 Bulldog entries at the Bulldog Specialty held in Detroit under Dr. G. Freedman. Next day he went BW under Dr. Leslie Cook in an entry of 59 Bulldogs. "Duke" has won 14 BB in 16 showings in Canada this year. Ch. Kerrycrofts Gilfagan finished with four majors to BW at the Montgomery County Show. Owners are Mr. and Mrs. Bothe Lilienthal of Greenwich, Conn. and Hallandale, Fla. Handler was Jud Perry. A week later his brother, Kerrycrofts Colmain Fury, finished with two majors and a 3rd in Group. He is owned by Mr. and Mrs. B. Moleto of Pittsburg and was owner groomed and handled. Breeder of these two winning Kerry Blue Terriers is Mrs. Casey Gardiner of Orono, Ont.

At the Progressive Dog Show held in Detroit, Mich. October 3, Winners Female for a one-point win was Shillmaine's Pocohontas, Chihuahua, in her first American Show. Owner is Arthur Samuels of Mimico, Ont. He also brought home ribbons earned by his male, Ch. Margo's Colorado Shillmaine, who went RW at the same show.

Two Canadian Whippets from Rockabye Kennels, Aldergrove, B.C. won the Western American Whippet Racing

Championships at Santa Barbara, Calif. In the keen competition of 50 Whippets from all parts of the West and Midwest, Ch. Sonna Rockabye Baby, CD was a Group Winner. The Puppy Championship went to Rockabye Brandy Snap. Official time recorded on Rockabye Baby was 11.4 seconds for 200

yards. Eight British Columbia Whippets were entered for the racing; six of these were heat winners. Only Canadian dogs remained for the final, reports owner Mrs. Pamela Arthur.

"The passing of Mr. J. A. H. Irving brought memories of the old days when he and I were showing Bulldogs in the days of 1908," writes George Kynoch of Vancouver. "Other old-time 'Bulldogers' were Jack Meadows, Harry Wilson, Bert Swan, A. E. Lees, Johnny Lindon, Dr. Boltbee and many others. Few people knew that Mr. Irving was a Bull dog breeder of note, until he moved to Winnipeg about 1912 and later to B.C. where his fancy turned to Cairns and Dachshunds. On visiting him a few days before his passing we had a long talk on our early Bulldog days."

Mrs. J. M. Pitts of Parkwood Hills, Ottawa, Ont. writes that she is the breeder of Happy II, Golden Retriever recently given Opposition Leader Diefenbaker to replace the late Happy I.

Stateside wins: Bred by Mrs. Casey Gardiner of Orono, Ont., Ch. companions by learning simple obedience such as "sit", "stay", "come", "heel" and the meaning of "no". A trained dog is one that does what its owner wants it to do, and does it willingly when he is asked. It is proven that as little as ten minutes a day, every day, starting with a puppy at seven weeks of age can produce a well trained dog by the time he is 16 weeks of age. To produce the best results, it is essential that during the training period there are continuous, uninterrupted daily lessons. Repetition, consistency, praise when they do right, and gentle force when they don't, with a relationship based on mutual affection, are the fundamentals to training. Once a dog has been trained in this early impressionable period to accept discipline and obedience, then he will continue to learn with experience for the rest of his life.

The bond of understanding between a companion dog and master is a very close affair. It is better developed on the part of the dog than the master. Dogs certainly know many things such as the day of the week, time of day, and whether or not they are to be taken for a walk or left behind. They seem to have a mental telepathy or are able to read signals from the tone of voice or facial expression, which enables them to know quickly our moods and even our thoughts. My Labrador, Cindy, is my usual constant companion, but sometimes has to be left behind. Whereupon she will retire under my office desk, and remain there disconsolate for as long as I am away. A few minutes before my return, whether it be 20 minutes or several hours later, she will go to the side door and watch out the window with obvious delight and wagging tail, with the knowledge that she alone in the office can foretell that I am returning and will be at the door within five minutes. Apparently she tunes in on my thoughts when I am returning to the office and thinks of it on my approach.

Behaviour patterns of dogs, both normal and under stress, are of great importance to veterinarians. Many times, a description of a dog's behaviour by the owner, will help to base a diagnosis, otherwise a puzzle from clinical examination. Some dogs are so protective in the home that they are difficult patients there. When they come to the office, where they are strangers in a strange place, they are model patients. This protective territory instinct is even stronger when a shy dog is placed in a kennel. It may be easy to get bitten

The Professional Handlers Association held their first "Educational Conference" at Gaithersburg, Md., during mid-summer. Although this was the first, it will by no means be the last. Plans are already underway for one to be held next year. 150 handlers listened intently to such speakers as: Lester Riordan, IRS, Internal Revenue President on Tax Management and Record Keeping; Dr. John A. Pinkos, Ph.D., Quaker Oats Co., on Nutrition of the Dog and Kennel Management; Dr. James A. Baker, Cornell University, on First Aid for the Dog in Acute Infectious Diseases, Their Initial Management and Control; Dr. E. S. Montgomery and Clifford Hallmark on Terrier Breeds and Louis Murr and Miss Jane Kamp on The Long-Coated Breeds. Both of these covered the judging, conditioning, grooming and showing of their respective subjects. The time was not all spent in the lecture rooms. A guided tour of Washington D.C. and a golf tournament looked after the lighter moments. Guest speakers at the closing dinner, which was chaired by Tom Crowe, were: George Foley, Foley Dog Shows; Dowell Mansfield, Mansfield Dog Shows; Miss Helen Seder, Bow Dog Shows; William L. Kendrick, all-breed judge (who now is entitled "The Will Rogers of the Dog World" because of his wit and humor); John C. Neff, Executive Vice-President, American Kennel Club. Those attending were most impressed at the willingness of such a distinguished group, with their great amount of dog knowledge, to impart all of this knowledge without any reservations.

The registrations of dogs in the USA for September has again taken a big jump in all groups except the Toy Group. The latest figures show Group 1 with 5,700 over 4,275; Group 2, 9,600 over 9,025; Group 3, 9,200 over 6,975; Group 4, 3,250 over 2,600; Group 5, 7,900 a drop from 8,175; Group 6, 13,350 over 12,450. The largest increase in any one breed is in German Shepherd Dogs which had an increase of 1352 for 1963 (September) over that of the same month in 1962.

George's career as a life-giving donor began a decade ago when, after amputation of his mangled right hind leg, his owner decided to give the pup to the hospital. An emergency requiring his type of blood inaugurated a donation on an average of twice a month. George sports a genuine St. Bernard brandy

by a patient who was docile in the examining room. Sometimes it is best to allow the owner to call for his dog in the kennel room, to avoid a scene when an attendant might try to remove the dog. Also, it may be wise to treat the patient for minor work before it is placed in the kennel.

To the experienced veterinarian, every dog gives definite clues in his eyes and facial expression, that tell his probable temperament. Some men who have handled thousands of dogs are seldom, if ever, bitten. Others carry numerous scars of what they consider occupational hazard, and find it difficult to give a worm capsule or cut toe-nails without getting bitten. Dogs should be approached with a confident, firm manner, that indicates the "Boss" is to take over.

Dogs are protective of their territory and will defend it and their own people against intruders. They seldom cause trouble in strange places. The closer to their home, the more aggressive will be the defense. This usually takes the form of barking and bluff as a warning. Some dogs will bite a person, who, in their eyes, is a trespasser. Insecure, shy dogs will bite from fear, particularly if they think they are cornered or threatened.

Two or more dogs running together will often get into trouble which would have been avoided if exercised separately. Sheep killing and serious dog fights or attacks on people are usually caused by more than one dog, and are apparently triggered off by the mob spirit of a hunting pack. Feral dogs will cross-breed with coyotes or bush wolves, and packs of them have become a threat to the management of deer herds. There are many records of Eskimo dogs killing humans. The victims were usually very old or very young. In panic, they ran, fell down, and were attacked with hysterical frenzy. These same dogs would

not have had the courage to attack if they had come upon an individual who stood still and faced them.

In the light of our present better understanding of the *reason why* of dog behaviour, there are several truths that every veterinarian may have at his finger tips:

1. He can advise his clients that it is so much easier to train a dog when he is young and impressionable, and so important that he be socialized with his people at the correct time that a new puppy should be brought into the home at exactly seven weeks of age.

2. Kennel owners and breeders can be advised that it is important that any unsold puppies at seven weeks should be socialized and given human companionship and early basic training. These puppies, when sold at a later date or kept for show or breeding, will still be well oriented, good people's dogs.

3. He can advise clients who want more than one dog never to get two the same age. If that occurs, it is much more difficult to socialize and train them as each is so dependent on the other. Advise them to get one at a time, and train the first one before the second pup is brought into the house.

4. Clients can be told that the correct way to train is to give 15-minute lessons *every day* from seven to 16 weeks. A pup that has accepted discipline and basic training to that age will have been taught to learn and will continue to do so for the rest of his life. One person should be responsible for training. A dog will accept and love a family, but should have only one master, to whom he owes complete obedience during the early training period.

5. Pups must come from a good strain. Proven temperament and trainability of the parents is equally as important as physical perfection or an impressive pedigree.

The training and ownership of a companion dog is a very rewarding experience.

# FOR YOUR INFORMATION

Clubs anticipating holding shows during 1964 should acquaint themselves with the rules laid down by The Canadian Kennel Club by obtaining a book "Dog Show Rules" from the CKC, 1173 Bay St., Toronto, Ont.

Chapter 2, section 1 defines a "Championship Show" as an all-breed show at which championship points shall be awarded, given by a club or association under these Rules. Notwithstanding any other provisions of these Dog Show Rules, a club or association, when applying for permission to hold an all-breed Championship Show under these Rules, shall have the right to stipulate, in its application, that judging at its show will not proceed beyond the breed level. If the application is approved the club or association must prominently announce in its premium list that the awards provided for in Chapter 4, Section 3, Subsection (o), (p), (q), (r), (s), (t) and (u) of these Rules shall not be made at its show.

Section 2 defines a "Limited Breeds Show" as a show, given by a club or association, for more than one but not all breeds of purebred dogs at which championship points shall be awarded as provided in these Rules. Judging at a Limited Breeds Show shall not proceed beyond the breed level, and the provisions of Chapter 4, Section 2, Subsection (o), (p), (q), (r), (s), (t), and (u) of these Rules shall not apply to a Limited Breeds Show.

Section 3 outlines a "Specialty Championship Show" as a show given under these Rules by an association formed for the improvement of any one or more (but not all) breeds of purebred dogs at which championship points shall be awarded to said breed. A specialty championship show shall be confined to the breed or breeds which the club or association, holding such a show, was organized to promote.

Section 4 defines a "Field Trial Conformation" show as one which is given under these Rules by a club or association in connection with, as part of and at the same time as it gives a field trial at which show such purebred dogs as shall have been entered and actually have competed in the field trials may be entered. Post entries shall be permitted and championship points shall be awarded according to the schedule of points set forth in Chapter 21.

In applying for date approval clubs should note Chapter 3 which states: Section 1, A club or association may make

application for permission to hold a show (as provided for in Chapter 2, Section 1, 2 or 3) on a date or dates which shall be clearly specified in its application. Only a club or association whose president, secretary or show secretary, (or in the case of a fair or exhibition or similar organization, the chairman of the Dog Show Committee), is a member in good standing with The Canadian Kennel Club may apply for date or dates. Application for date or dates must be made on forms provided by The Canadian Kennel Club and filed with the Secretary of The Canadian Kennel Club for approval by the Board of Directors of such sub-committee as may be empowered to grant dates. The application for dates on which to hold a championship, a specialty championship or field trial bench show must state the day or days upon which and the town or city where the show is to be held, and must be accompanied by a fee of \$10.00. No application for dates will be considered official unless made on the application forms supplied by The Canadian Kennel Club and accompanied by the required date fee. An application for show date or dates must reach the office of The Canadian Kennel Club at least *four months* before the date on which the show is to be held. The number of shows granted a club in one year shall be left to the discretion of the Board of Directors of The Canadian Kennel Club.

On this same subject Section 9 states: A club or association desirous of obtaining priority rights to any given date or dates on which to hold championship shows may apply to the Board of Directors, and if such application is approved shall pay a non-refundable fee of \$10.00. A club or association granted priority rights to any given date or dates must, in order to retain that priority, apply for permission to hold a championship show on that date or dates not less than *six months* before such date or dates, and in the event such application does not reach the Secretary of The Canadian Kennel Club before the six months period referred to, such priority rights shall be deemed to be voided and the date or dates may be granted to any other club or clubs until priority is again granted as previously provided.

Section 3: The Board of Directors shall have the power to grant or withhold dates and if the Board shall disapprove of an application for dates the fee of ten dollars (\$10.00) will be returned to the club or association whose application has not been granted

entry of 24 at The Progressive All Toy  
Show under Mr. Alva Rosenberg.

Ch. St. Aubrey Eloise of Elsdon was  
Best of Winners at Westminster and top-  
ped a strong Toy Group at Willimantic,  
Conn. under Mr. E. Pickhardt. She is  
now nursing a beautiful parti color pup-  
py by Int. Ch. Rikki of Calartha.

Breeding has been carried on exten-  
sively this autumn and some of the best  
bitches have been bred to the leading  
stud dogs including Ch. St. Aubrey  
Kumarie of Elsdon who has produced  
three International Champions (two  
B.I.S. winners) and two American  
champions out of seven puppies whelped.  
Surely a record in the breed. ●

*Vivisection is as criminally useless as it is uselessly criminal. There is something  
gruesomely grotesque in a code of humane laws which forbids the overcrowding of  
chickens in a crate and yet permits the slow and hideous torture of a myriad of  
harmless dogs. . . .*

### Memo from the Editor

bit of humour: "This indicates to me  
that Mr. Porter suffers from an over-  
acute fear of diseases of any sort. The  
most amusing and perhaps fascinating  
form of this phobia is a man who can't  
stand to have his skin touch anything.  
I remember once during a war an elderly  
commander who would not touch any-  
thing such as a doorknob or a telephone  
or anything of that nature. Most of the  
time he wore gloves. On one occasion  
he was rushing to catch a train and un-  
fortunately left his gloves in the taxi  
which had taken him in to the station.  
When he got on to the platform the train  
was just beginning to pull out. His  
problem was how to get into the train,  
as it was beginning to move, without  
touching the handle of the door! Can  
you imagine a fat little middle aged man  
running beside a train trying to open the  
door with his elbow. Finally in despera-  
tion he pulled out a large handkerchief,  
wrapped it around the door handle and  
triumphantly boarded the train, which  
by this time was rapidly moving. I  
rather imagine Mr. Porter suffers from  
the same affliction. ●

Glasses can change a judge's outlook  
—especially if emptied too frequently.

A woman judge can be too beautiful for  
words but not for arguments.

the "minimum requirements", agree on  
how those requirements can be met and  
finally, how the public can be assured  
that these conditions have been met.  
All this involves research and some  
form of testing together with an endorse-  
ment by a reputable body or group.

A few weeks ago Ken Ellis, a former  
member of the staff of a leading pet food  
company in Canada and a well known  
kennel operator, breeder, exhibitor, who  
now operates, in addition to the kennels  
one of the most tasteful and modern  
grooming salons I have ever seen, came  
to see me in Toronto. Ken and I are  
friends from the days when he used to  
call on me in Vancouver. We discussed  
this problem at some length. Finally  
Ken suggested that the Ontario Humane  
should lead the way towards a solution  
to the problem by calling a meeting  
of the manufacturers of pet foods. No  
Society can act without forming a com-  
mittee. So the "Pet Food Research Com-  
mittee" of the Ontario Humane came  
into being. And naturally Ken Ellis  
became its Chairman, with power to  
form a practical working committee that  
will give adequate representation to the  
industry, to the breeders and exhibitors  
and finally to the humane movement.  
Ken Ellis is a man of action. This,  
added to an ability to get his ideas across  
in a most effective way, all add up to  
"results". The first result is that already  
a meeting has been held in Toronto at  
which all the leading pet food manu-  
facturers were represented by either  
their Manager or one of their top ex-  
ecutives. The meeting was a success in  
that it showed, beyond any doubt, that  
the industry is aware of the problem  
and, more important, is prepared to  
support the Ontario Humane in its effort  
to find a solution.

I don't know what the eventual out-  
come will be but I know that the work  
has begun to find and implement a  
scheme that will provide the pet-owning  
public with a satisfactory form of assur-  
ance that they must have, for their pet's  
sake.

This is just another example of the  
sort of work being initiated and carried  
out by the humane movement which  
needs and deserves the support of the  
breeders and exhibitors of purebred dogs,  
through their national organization, the  
CKC.

Floor heating is popular and may  
utilize pipes or heated cables imbedded  
in the floor. Floors utilizing this type of  
heating dry in a hurry but they have  
a tendency to produce more odors in  
poorly ventilated buildings than unheated  
floors. *more overleaf*

If the decision is made to use heated floors, then consider the installation of the best pipes or cables under only half of the floor; if overheating should occur, then the dogs can move to the cooler area of the floor. A few pens in the Purina Dog Care Center have electrical resistance cables buried in the concrete. These units perform satisfactorily and the amount of heat produced is controlled by a thermostat.

Space heaters and piped warm water with radiator-liberated heat are used in many kennels. Both systems work very well and have given good service in the main kennel and the growing kennels. Generally thermostats are set slightly higher than is necessary to keep the waterers from freezing.

### VENTILATION

Good ventilation without excessive cross drafts is desirable. Ample ventilation will make both dogs and their caretakers more comfortable without letting stale air pockets develop. Most of the air in the kennel wings will come from the dog doors, the open long inside pen-outside run door, or from the ventilation windows above the door.

In the warm weather the long doors may be left open sometime but they generally help keep the inside pens cooler if they keep the sun out; in summer the hanging doors can be left up for increased ventilation. These doors are needed to prevent hard-driven rains from getting the inside pens wet.

Over-the-door windows can supply most of the air change, especially in rainy weather. In winter they can be kept closed.

Dogs appear to remain free of draft problems if their pen-hall doors and inside-outside run doors are adjacent to pen dividers and not located in the center of the wall area. This way cross drafts do not swirl into the remainder of the pen and dogs on resting pallets or in nest boxes are protected from drafts.

### CEILING INSULATION AND VENTILATION

Ceilings insulated with 3-4" of poured insulation or insulated bats are satisfactory. Forced draft ventilation picking up air from the roof edge soffits on the outside of the building and from draft regulators in the ceiling are satisfactory especially in rainy weather and in summer. In winter, air should be exhausted through ceiling to roof ducts and not into the "attic" since the warm moisture-laden air tends to deposit as condensate on the rafters and sheathing. In the winter if air is released directly into the attic from the kennel below rapid deterioration of the wood can occur and the ceiling may remain moist. Uninsulated ceilings are not recommended even though they might permit the use of plastic panels in the roof for extra light. Uninsulated areas can become extremely hot in summer and moisture that condenses on the ceiling tends to drip in the winter.

Good planning can increase kennel efficiency and lower construction and operating costs. ●

# THE BEST OF VARIETY

## It's a dog's life

Our family at Edlyn were eating succulent spareribs for dinner one night when we were surprised to see our Cocker Spaniel, Evoo, enter the dining-room carrying her own dish in her mouth. She placed it on the floor beside her master's chair and, looking up with soulful eyes, she said as plainly as if she had uttered the words: "Bones, please."

**Five Dollars** will be paid to the sender of an authentic anecdote selected each month to appear in this department. Items, which must not exceed 150 words, may tell of an heroic action, an hilarious incident concerning your dog, or describe an incident where a dog used real ingenuity to solve a problem. Realizing that most of its members owned dogs, a hunt club promoted a dog show for children of its members. One proud ten-year-old entered his pet Beagle.

That night his family asked how he made out.

"Just great," answered the boy. "I had the Best of Breed all sewed up — then at the last minute another Beagle turned up."

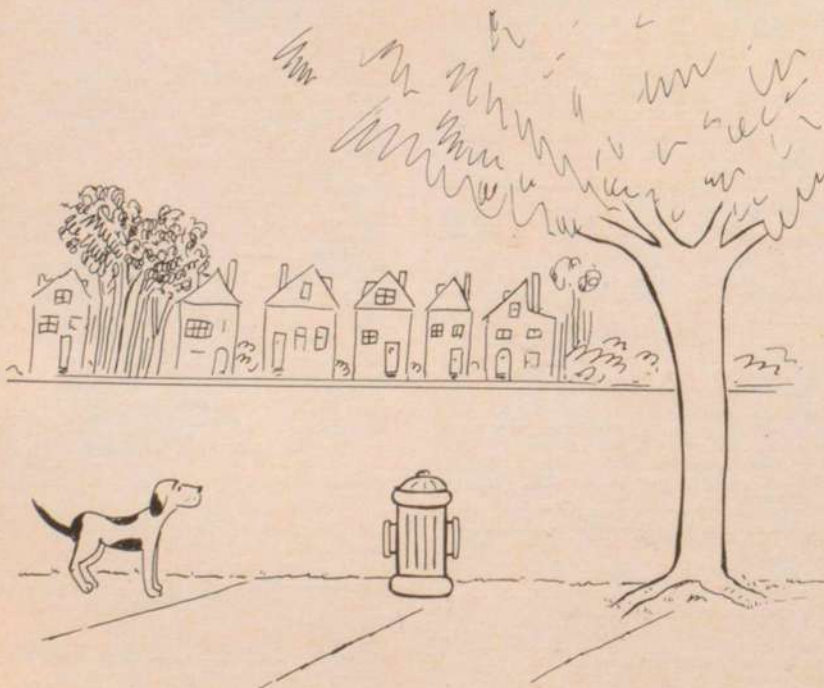

Jimmy: If your dog lost it's tail, where would you take it?

Janey: I don't know.

Jimmy: To a retail store, of course.

## A Little Boy Prays for His Dog

Dear God,

They say my dog is dead;  
He had the softest little head;  
He was so good, he'd always do  
Most anything I told him to.

Kind God,

Sometimes he'd chase a cat,  
(He wasn't often bad like that),  
And if I called him back, he came  
The minute that I said his name.

Please God,

If he feels scared up there,  
Won't You please let him sleep some-  
where

Near You? Oh, please take care of him,  
I love him so! His name is Tim.

A woman of many moods, actress Tallulah Bankhead for a time declined to own any dogs and instead acquired a playful lion cub. She named him "Winston Churchill."

Understandably, her friends were somewhat nervous when Winston was brought into the living room for a romp. Noel Coward nearly lost a hand on one occasion, and was justifiably loud in his remarks.

"Dahling," remonstrated Tallulah. "Don't be a spoilsport. Winston is just teething."

The stud dog, for health reasons, had been castrated. The operation did not appear to bother him at all. In fact, he was tearing all over the neighbourhood next morning.

"What's the matter with you?" asked a buddy.

"Can't stop to talk now," he replied. "I'm busy cancelling engagements."

This dog had such a high I.Q. his owner sent him to college. When he came home for Christmas holidays, the owner showed him off to friends. "Tell them what you learned in history and maths," he urged.

"Well," admitted the dog honestly, "I didn't learn so much in those two subjects, but I made a good start in foreign languages."

"Okay," said the owner. "Say something in a foreign language."

The dog replied: "Meow."
