**Kennel Tests Prove New Burgerbits gives dogs the taste they really like...the solid nutrition they need.**

# The Great New Taste* of Burgerbits

## now in "flavour-kernel" form

Here's the dog food that kennel tests proved superior to all others in palatability and nutrition.

Dogs tested preferred new Burgerbits . . . thrived on new Burgerbits.

*Here's why:*

**Increased Fat Content,** with an improved fat-protein ratio, gives unsurpassed palatability, maintains glossy coats and healthy skin, helps prevent shedding.

**New Flavour-Kernels.** Smooth preformed kernels of uniform size and shape eliminate jagged, uneven particles and dust of ordinary dog foods. Spray coating of natural meat fats locks in flavour, protects nutrients.

**Aids Digestion.** New Burgerbits is expanded to gelatinize starches for easier digestion.

**Less Porous.** Crunchier consistency helps keep teeth, gums and jaw healthy . . . absorbs liquids without getting mushy . . . feeding pans clean easily without scraping or scouring.

**Exceeds NRC Requirements** for daily nutritional intake, providing a complete and balanced diet.

**Feed Dry or Wet.** Kennel tests prove that many dogs prefer Burgerbits dry. Fed wet, Burgerbits retains the crunchy texture and meaty aroma dogs really enjoy.

**Special Professional Discounts.** As with all of Dr. Ballard's Dog Foods, new Burgerbits carries a special Kennel Discount. Your local representative will be pleased to provide you with details.

## cover story

The past year and a half has seen many changes here at Donami. We are now situated on a 70 acre farm about six miles south-east of Sarnia. A small kennel has been built to facilitate our own stock of usually four to six adult dogs, with puppies occasionally. We have also erected suitable runs and stalls for visiting females. Saddle horses and three breeds of ducks are also included in our livestock with Suffolk sheep to be added in the near future. We hope that "doggy" folk travelling in our vicinity will drop in to see us all.

We felt, after considerable thought, that it was time to feature a product of our own breeding for a change this year. So, pictured on the cover is "Donami's Edo," a "Wendy-Harry" son from a repeat breeding. This striking young male has started his show career with several impressive awards, as well as several blues from the puppy classes. Don Ames judged him Best Puppy of the Year at the German Shepherd Dog Breeders Assoc. Specialty in mid June, and the next day Mr. Hess of Ohio placed him first Intermediate puppy at the German Shepherd Dog Club of Canada Annual Puppy Match. We were so happy to have both judges praise Edo's beautiful reach and drive when gaiting and they also both remarked on his conformation which they found very hard to fault. As we own his half brother, Rebel, we offer this very promising young dog for sale at a reasonable price to an exhibitor and breeder only. We feel that not only would his bloodlines benefit another part of the country, but that he also would give someone a lot of pleasure in the ring.

Juvanko's Carla, an imported black and tan daughter of Ulk Wikingerblut, was purchased early in the spring. I will campaign Carla in Canada this fall, and then she will be bred to "Rebel" next December. These two Shepherds are structurally very suitable breeding partners so we are hoping for some better than average youngsters from this intended litter. These puppies will be linebred on Immo v. Hasenfang 5:5, Int. Ch. Indigo of Brittas 5:6:6:6, and "R" litter v. Osnabruckerland 5:5:6. Pedigrees and particulars will be furnished upon request and reservations will be accepted.

## TO THE EDITOR

*If you have any suggestions, any comments or constructive criticism to make concerning articles in this magazine, or with regard to shows, your opinion of what is happening to various breeds with regard to size, color, coat, etc., write a brief letter to the Editor. We must reserve the right, however, to edit same. Opinions expressed in this department do not necessarily reflect those of the publishers.*

### the old timer returns

I would be less than grateful if I did not ask you, through your columns, to express my appreciation to those people who wrote to you expressing their disappointment on my decision to discontinue the "Old Timer" column. They have agreed however I could do nothing else under the circumstances. These letters which have been published, plus the more than one hundred which I received at my home, have convinced me that the column did what I had hoped it would do – provide a constructive force in the Canadian dog game.

In addition to those letters you published and which I received, I have received assurance from a number of the Directors of the Canadian Kennel Club that they personally do not support the action by the minority group of board members which resulted in the death of the column. They feel that you, as publishers, have the right to exercise your own judgment as to material which is in good taste and which is fair comment. They have assured me that they will make their position clear at any time in the future when a similar situation arises.

Accordingly, I am prepared to resume the column if you still feel it will serve a useful purpose, and plan to let you have the first article in time for your September edition.

### the oxford county show

. . . . .Such a lovely show. I especially liked the way the club managed its show and the smoothness with which it progressed. A judge for each Group and no waiting, waiting and waiting. This exhibitors appreciate. A big vote of thanks to Oxford Co. Kennel Club.

Mrs. Harry Reno

### CKC point system

With the advent of the revised CKC point system certain changes need to take place. Show secretaries should be required to notify exhibitors of the number of entries in each breed.

Two weeks ago we drove one hundred and eighty miles to find that we were the only exhibitors of our breed.

John C. Poelstra

### the new trend

Can't stop singing praises for the "new trend" *Dogs in Canada* has taken, both in coverage and content. The modernity of the past few editions is most pleasing to our taste.

Would also like to put in a call for the return of the Old Timer's column. Come back, come back, from wherever you are:

And in conclusion, with the present day unrest, we pray that the Watch Dogs Organization will remain "On Guard".

### another reason for dog shows

On reading your June publication I noted that in one of the "Letters to the Editor" three reasons were given for holding Dog Shows. It is my opinion that the most important reason for holding a dog show was completely by-passed, that is, to improve the breed. Furthermore, some of the letters complaining about the new point system left me baffled. Why should enthusiastic breeders give up good breeding tactics because they are having difficulty getting points? The devoted breeders will go on improving their breed no matter what obstacles are placed in their path.

Since I no longer consider myself a "Novice", having advanced to the "Intermediate" but certainly not the "Expert" category, I would like to express my views. As a "Novice", I was led to believe that because a dog had "Champion" before its name, it was a good one. I, therefore, like so many other novices, bred without knowing what I was doing. Fortunately for the breed, I was saved from being one of the many indulging in something of which I knew little about by an outstanding, dedicated and knowledgeable couple with whom I am proud to be associated. As President and Secretary of our club here, they have given their time to teach me and many others the true characteristics of our breed. I might add here that our breed is the German Shepherd to which I am truly devoted. Now, if and when I decide to breed, I won't base my choice of dog on one because it bears a title "Champion" but I will pick it for "QUALITY". If need be I will travel hundreds of miles to pick the right one. Some would like to think that I feel this way because I might not have a show dog. On the contrary, I finished the very first German Shepherd I ever owned by attending small point shows and then by finally winning a 5-point Specialty Show. I know how EASY it is to obtain a Championship. There are far too many "poor"

# memo
## FROM THE EDITOR

WE WERE CHATTING THE OTHER DAY WITH an "old timer" in the dog game, enjoying her reminiscences about the first dog she had exhibited in a Canadian show over 50 years ago. She remarked that she missed the warm fellowship so evident at shows in those early days.

"What," we asked "made them so different from today's?" She was disturbed, she replied about the downright bitterness which seemed to her to be so prevalent today.

Intrigued by her remarks, which echoed comments we have heard over the past few years, we proceeded to probe into the heart of the matter. Was it the calibre of the dogs? Has the sport gone completely out of the game, making it a hard competition and nothing more? Is the sport of dogs a ruthless meeting ground for the professionals?

In doing a little research we discovered, to our great surprise, that while membership in The Canadian Kennel Club in 1914 totalled only 483 compared to today's membership of 4,602, there were over 650 entries at the 1914 C.N.E. Show compared to only 308 in last year's show. This was in a period when the breadwinners worked a longer day and six days a week, when money was not as readily earned as today and when neither travel nor accommodation were as comfortable.

Certainly there are more breeders today, and a greater number of shows. But in the earlier days they turned out to shows in droves and entered not one or two dogs, but as many as 13 or more and decorated their benches with pride. Why? They looked forward to the shows as a place to meet fellow breeders, to exchange news and views and to give help wherever they could, particularly to newcomers, and to do their part in making the dog game progressive and strong.

Today, many a newcomer is dismayed to come up against a cold front on the part of more experienced dog folk. Their requests for advice are often abruptly discouraged. They may be fortunate enough to earn a ribbon, only to hear suggestions around the ringside that the judging was crooked. What is the newcomer to think?

Why, when most competitive sports are growing year by year in interest and participation, is the turnout at dog shows apparently decreasing?

Could it also be that over the years an undesirable element (and let us face the fact that in almost every major sport there are likely to be a few "bad apples") has insidiously grown in influence?

If this is one of the reasons for the bitterness which we are told by old-timers in the dog game is ever-increasing, then let clubs and their members beware.

specimens of our breeds bearing the title "Champion". I have witnessed, over and over again, German Shepherds of inferior quality who can do practically nothing for the breed except maybe to lower it, gaining the title Champion because they attended show upon show, until after attending so many they finally obtained enough one or two point wins to add up to ten. In this sense of the word, what does Champion mean? There is the possibility that it means the dog is a Champion over a group of come-see, come-saw dogs. On the other hand, there are a great many German Shepherds who truly deserve this title and it is a pity to see these animals classified with the inferior ones.

Another point I would like to mention is temperament. It gave me a great thrill to Ring Steward here recently for a Judge who refused to give a dog a first place ribbon because of unsound temperament. This animal was the only one in its class and in too many other instances I have witnessed first place handed out where it made me cringe.

How can we, as devoted breeders, possibly tell people to watch for temperament when they stand on the sidelines and watch Judge after Judge putting up shy dogs? Some pat the head of the animal and feel, because they didn't move, they were fine. I have seen dogs trained to stand for a pat but if the TAIL were taken off the HOCK, it would swing right up to its belly. Furthermore, if they were given a loose lead and no commands, they would scurry away when the judge approached. It makes true lovers of German Shepherds sick to see these animals winning over and over again. Structure is NOT foremost, temperament IS. To quote one of the leading and foremost interperters of the standard – "without temperament, a German Shepherd is not fit to be classified as a dog". Since our shows are "Dog Shows", what then are these animals doing in the ring?

I do not believe that the Canadian Kennel Club has gone far enough in their "Revisions of the point system". It is much too simple to obtain a Championship (which in my opinion as of now means nothing or very little). However, I would like to say to the Canadian Kennel Club – You are on the right track so keep going. Help improve the breeding of today by making it difficult to obtain a Champion. Anything worth getting should be worth working for. A number of us are in the dog game because we love our breed and we want to keep the standard high. HELP US by not letting a few down-grade our breeds in order to better their pocket book or their prestige.

dog shows and is the proud owner of a Champion Great Dane which he permits his wife to show in the ring.

Karl Michel, the artist I speak of, is Austrian by birth but he is Canadian by choice, having resided in Canada for 12 years. He is completely self taught in the field of art and favors pastel on velour paper which gives the subject of his portraits a soft natural finish. Charcoal is another of his favorite fields as it offers great challenge. If the artist does not capture the animal's true character it becomes just a cat, dog or horse. You must agree that the owner of any animal, after grooming, feeding and caring for his charge over a period of time knows it very well and if he looks at a portrait and is able to say "that is my dog", then the artist has succeeded in what he aimed for.

Karl Michel claims that the eyes of the animal are the starting point when doing a portrait. If the eyes are not what they should be, you must start again until you capture the true expression. He often works on two easels while his cat, of unknown origin, purrs contentedly tucked inside his shirt.

This artist's knowledge of the anatomy of horses and dogs would surprise an experienced veterinarian. Portrait painting is a thing of exact detail work and one cannot let their imagination run free in this day of art.

Any picture, or snapshot, if clear, which is submitted to Karl, can be painted in detail, giving the owner a lifetime portrait of his or her animal, which is so alive that it is very difficult to believe it is not actually alive.

# OBEDIENCE

*Ed. O'Brien, Canfield, Ont., is well-known as Canada's leading professional trainer of dogs in Obedience work. He is a licensed Judge, one of Canada's first. He began his career in the West, training dogs for herding and other farm work. Since moving to Ontario he has specialized in training dogs for police and guard work and for disabled people. Mr. O'Brien also breeds German Shepherds and Dobermans.*

**WHY IS MY DOG SO BAD?**

"Why is my dog so bad, when I'm so good to him"? This question was asked me by one of our clients, here at Edlyn, a short time ago. Actually, the dog in question is far from being a "bad" dog, for after only five weeks' training he is doing a very creditable job in the CD exercises, with a couple of extra tricks for good measure. In fact, he will soon be seen in some of our Obedience trials.

The owner of this fine young Doberman, like many dog owners, was in difficulty because she was too inclined to humanize her dog. Her feeling undoubtedly was that because she felt a responsibility and affection for her pet, he should automatically do things to please her. Dogs, of course, just don't reason that way (nor do all humans, for that matter) for though they are certainly happy when their owners show appreciation of their work, they must first be taught *how* to do those things which are required of them. Regardless of how much we may love our dogs we must keep in mind, both for our own peace of mind and the dogs' happiness, that they are animals after all, not humans, and their reasoning (if we may call it that) is entirely different from that of a human being.

There are two things which we must always keep in mind when training. First, that dogs live only in the present, not worrying about either the past or the future and are, on the whole, happy or disconsolate according to the moods of their owners. Whatever a dog does is right from *his* viewpoint..

Oh yes, I know some of you will say, and believe: "When my dog comes *around* the jump instead of jumping he knows he has done wrong." But what you really mean is that he has failed to do the thing he has been ordered to do. So far as he is concerned, he sees no reason for jumping over a thing he can more easily go around! Our job, as dog owners and especially as Obedience trial competitors is to train our dogs to do willingly the things which we require. The dog must first be shown what we would have him do and it is my belief that this is the hardest part of all, and especially for novice trainers. With a large percentage of the dogs which have been brought to Edlyn over the years for training, some attempt had previously been made by their owners to train them, with generally poor results. This has been largely due to lack of experience on the part of the owners, who did not know how to show their dogs what they wanted them to do. We have found that, though some people are excellent handlers of dogs once they *are* trained, they haven't the knack of teaching the green dog. A trainer just cannot be in the least self-conscious if he is to be successful. His job is to sell obedience to the dog and have him like it, and some of the things trainers do to get an idea over to the dog would have to be seen to be believed!

To those of you who are possibly training for the first time, with Obedience trials in mind, and especially to those who previously owned a well-behaved dog and now find themselves coping with a rebel, I would say, don't be discouraged. Remember that no two dogs are just alike and, as with children, the method which has worked with one dog will not necessarily work with another. Then too we are very apt to remember all the good things about the old dog, forgetting how aggravating he was as a pup.

Speaking of puppies, I know how hard it is to resist the appeal of an enchanting puppy when one is buying a new dog but I wonder if in many cases the buyer would not be well advised to buy a dog who is at least well-started on his way to maturity. We all hope, of course, that the puppy raised by us will develop into the kind of dog we really want, but this can be and often is, disappointing. For myself, I prefer to buy dogs around ten months to one year old. By this time one knows if they are the type wanted in appearance, temperament and intelligence for the purpose one has in mind. Any dog of this age can soon adjust himself to a new owner and his training can be started at once.

We find that too often people buy the most unsuitable dogs, both in regard to breed and for the purpose for which the dog is wanted. For example, large dogs are kept in such restricted quarters that they hardly know how to run and are totally bewildered when they find themselves out here in the country. Then, too, dogs are bought for watchdogs just because they happen to be of the breed generally used for army and police work, regardless of the fact that the dogs are from a strain characterized by a gentle friendliness rather than aggression. By the time the puppy (it's usually a puppy that is bought) has been loved and petted

# POINTERS & SETTERS

## IN THE FIELD

*Harry Dean, R.R. 2, Saskatoon, Sask., is well known to the Irish Setter fancy throughout North America for his outstanding Ardee Irish Setter Kennels stock. As one of the most active and accomplished men in Western Canada dogdom, both in field and conformation, he is well qualified for the position of editor of Pointer and Setter activities.*

Is the popularity of the pointing breeds declining? Registrations indicate they are, and more particularly when a comparison is made with the records of the other groups.

The bird dog gives his master a pride of ownership, faithfulness and devotion equal or better than that received from any other breeds. Why then the decrease in popularity? The question can be argued endlessly. Many letters being received by the writer suggest the breeders must accept responsibility in this situation. We are breeding three types of bird dogs. We have the bench show breeders who couldn't care less whether or not there be a spoonful of brains in a carload if the dog will pose gracefully and has the conformation and beauty to win at bench shows. At the other extreme we have the exclusive field trial breeders who pay little or no attention to conformation and beauty as long as the dog will get out and find birds for the gun with style, speed, stamina and dependability. And we have a few breeders who are endeavouring to combine the beauty of the bench show champion with the ability of the field trial enthusiast, especially when these desirable characteristics are coupled with the family companionship desired by so many bird dog lovers.

In an effort to encourage bench show breeders to enter their bench champions in field trials and field trial champion owners to enter competition in bench shows the Ardee Kennels offered a special trophy to the bench show champion Irish Setter winning a five point field trial in open competition with the other pointing breeds.

This trophy has been awarded to champion Monarch of the Vale, winner of the five point shooting dog stake, open to all the pointing breeds, CKC F. T. No. 90-63, held in Nova Scotia September 21, 1963. Monarch is owned and trained by Ken Chinn of Irish Setter fame. Ken is also the breeder of Dual Champion Duke who is well and favorably known on the Maritime show and field trial circuits.

During our entire Canadian bird dog history we record only five dual champion Irish Setters. Dual championships are now shown on registration certificates as Ch. & F. T. Ch. When we compare the five field trial champions with the hundreds of bench champions it becomes obvious breeders are paying too much attention to bench show honors and neglecting field work.

Lt. Mel Babcooke of Port Wallis is a bird dog lover who has consistently shown that bench show champion bird dogs can give a good account of themselves in field work. Mel has trained two bench champions for field trials and has campaigned them to their field trial championships in open competition with the other pointing breeds.

Lt. Babcook's latest achievement is with his Ch. Irish Ace of Ardee. This strikingly handsome bench champion is now also a F. T. Champion.

*Lt. Mel Babcooke with his Ch. & F.T. Ch. Irish Ace of Ardee*

Bird dog owners are constantly and justly complaining that it is becoming increasingly difficult to train bird dogs because of the lack of good training grounds caused by man's rapid and relentless destruction of game bird habitat. There are several solutions to this problem. A great deal can be done with pigeons which are in abundant supply, easy and cheap to obtain. Pigeons have enabled many a bird dog owner to train his dog to be staunch on point and steady to wing and shot. A better mehod is to build a quail cage. This cage is constructed to allow the quail to enter the cage but they cannot escape. Purchase a dozen quail, put them in the cage. When you are ready to give a training lesson release half of the quail. They will fly to the first likely looking cover. You can work your dog on these quail, flush them to steady him to wing. In the evening the quail remaining in the cage will call the released quail back to the cage and the same birds can be used indefinitely.

Of the many methods available other than natural game bird grounds my pre-

16. **THIS IS THE MINIATURE SCHNAUZER** by Louise Ziegler and Herbert F. Spirer. 12 chapters of interesting, informative knowledge of the breed with many illustrations of English, Canadian and American dogs. **$6.00**

17. **THE BOOK OF THE POODLE,** by T. H. Tracy. A book of 124 pages, 24 of which are of photographs and illustrations. The first complete book ever to have been written in America about this most charming of breeds. **$9.25**

18. **THE NEW COMPLETE SAINT BERNARD,** a newly revised edition by leading authorities. Such chapters as the one "The Crossing of the Alps by Napoleon, Saint Bernards in Switzerland, Special Problems of Giants Dogs" all make this a worthwhile book for St. enthusiasts. **$7.50**

19. **THIS IS THE COLLIE,** Esther McClosky took seven years to compile and write this awaited bible of the breed. It is written for everyone who owns, or plans to own, a Collie. It is a comprehensive and completely authoritative work by one of America's greatest Collie breeders. **$6.00**

20. **THE CAIRN TERRIER,** written by T. W. L. Caspers for the Dog Lovers Library. This English publication fills the gap in the scanty literature on this breed. **$1.50**

21. **THE NEW GERMAN SHORT HAIR POINTER,** written by C. Bede Maxwell. 17 chapters filled with helpful and interesting information on this breed from every aspect. **$8.75**

22. **THE BLOODHOUND,** another book by the famous writer, Douglas Appleton, for the Dog Lovers Library. Mr. Appleton is the Secretary of the Blood Hound Club in England and is a well-known breeder and judge which makes him well qualified to write a book on this breed and several others. **$1.50**

23. **FAMILY DOG,** by Richard A. Wolters. A book written for every member of the family, from six to 60, who wants to train a dog fast to become a family pet instead of a neighborhood pest. **$6.25**

24. **THE COMPLETE BOOK OF DOG OBEDIENCE,** one of the many works of Blanche Saunders. This is not a new book, although revised in 1963, but one that EVERY obedience enthusiast should have. **$6.25**

25. **GUN DOG,** another book written by Richard A. Wolters for the man with limited time and facilities who wants a good gun dog fast and who wishes to do the training himself. A revolutionary, rapid method of training is given step-by-step with pictures. **$7.50**

26. **TRAINING YOUR SPANIEL,** Clarence Pfaffenberger combines his knowledge of writing, his experience with training guide dogs and his love of his Cocker Spaniel, "Cal" to give you this informative book that covers all phases of training a Spaniel from a household companion to a Field Trial Champion. **$6.25**

27. **DUCK DECOYS,** by Eugene V. Connett 3rd. A book for the avid hunter which tells how to make them, how to paint them, and how to rig them. Use spare time during the summer months to prepare yourself for that duck season next fall. **$6.00**

28. **TRAINING THE FAMILY DOG,** by Edna Kaehele, a book which is the result of many years of careful dog care. Here are the latest and most fundamental methods of canine training from puppyhood to old age. **$3.50**

29. **TRAINING DOGS, A MANUAL,** by the great authority, Colonel Konrad Most. This translated work from the German book is a most valuable book for those who wish to train dogs for the coveted TD degree as well as the other obedience degrees. **$4.95**

30. **TEACHING YOUR DOG OBEDIENCE,** by Elliott Blackiston, the famous specialist, whose Elblac Kennels are noted for their expert dog training, shows clearly and simply how to make your dog become a part of man's world. **$4.50**

31. **BREEDING AND GENETICS,** by Anne Fitzgerald Paramoure A small book (68 pages) but full of useful information. No breeder should be without one. **$3.75**

32. **PRACTICAL DOG BREEDING AND GENETICS,** by Eleanor Frankling. A completely revised and reset edition of an earlier book by the same author, The Practical Guide to Dog Breeding. Though it contains the same helpful information, it could be called a new book as the text has been fully rewritten and expanded to be brought up to date in the light of recent knowledge and developments. A new section has been added on simple genetics, a subject of growing interest and importance to dog breeders — but one on which many are uncertain. **$4.95**

33. **DIFFICULT DOGS,** by Barbara Woodhouse, a book of twelve chapters dealing with problems, their causes and cures. Eleven illustrations make the point clear. A good book for owners who feel their dog is incorrigible. **$3.00**

34. **DOG TRAINING MY WAY,** another Barbara Woodhouse book on training. Mrs. Woodhouse has the ambition to train as many owners as possible to use new and effective methods that she, herself, has tried and retried and found successful. **$4.00**

35. **TRAINING THE DOG,** by Will Judy, a book devoted to the training of dogs for every purpose, whether it be a house dog, a field dog, an obedience dog or for any purpose. This scientific volume reveals the depth, extent and variety of this classic work on the dog's mind and personality. **$4.00**

# I'm so happy!

It was a crying shame. Losing my hair, annoyed with red, itching skin, and finally—ugly, raw sores that scratching made worse.

I don't know how it started—a fungus, bacteria, a flea or insect bite. All I *do* know is—my Human got HILO® MEDICATED OINTMENT and good things happened *fast!*

It was so effective—promoted healing and helped restore normal, healthy skin and hair. So soothing, too! For a dog—*happiness* is a tube of HILO MEDICATED OINTMENT. Get it today!

HiLo. A pet's best friend for over 25 years.

# HUMANELY "SPEAKING"

***Check your zone by-laws urges the General Manager of the Ontario Humane.***

In the last few months I have received calls from a number of breeders who have found themselves in trouble with their local municipal authorities. In the majority of these cases the breeder has been refused a kennel licence or has been told to buy individual licences for each dog in their possession. In one case the breeder was told to dispose of all his dogs except one or two which could be kept as house pets. An even more alarming case occurred not too far from Toronto in which the breeder was threatened with various forms of legal action if she didn't dispose of all her dogs; for example she was told that the dogs would be taken from her and killed. As you can imagine she was very worried, upset and naturally tearful when she phoned me. I'm glad I was able to help her and to assure her that no one had any authority to take such drastic action.

The number of calls, all of a similar nature, make me wonder whether other breeders have had a similar experience. If so, it's worth going over the legal aspects of the problem for their benefit. And who knows, it may be your turn next! You may think that you are safe from such action but, believe me, you are not. It could happen to you. It's far better to check your positions now rather than to wait in the hope it won't happen.

The first step for any breeder to take is to check the zoning by-laws of the local municipality. Zoning is a fairly recent innovation. It is a complex and, some say, chaotic aspect of local government. You should enquire from the local town or municipal office what is the exact zoning of your entire premises. Be careful you check for the whole property. It is possible that different parts of your land could be under different zoning classifications. Of course this would not normally occur and would never occur in the case of the ordinary house or residential lot. But in rural areas it can and has happened.

Each community has different "uses permitted for each zoning. You should be alert for a clear prohibition of the breeding of dogs for "pleasure" in the rules which form part of the zoning regulations. Notice I stressed for "pleasure". Obviously if you saw such a prohibition you would not purchase a property in that area or

you already lived in such an area, you would not attempt to create a "Kennel". Instead you would have to be content to keep one or two dogs purely as pets. Most communities limit dogs to three per house; more than three they class as a "Kennel".

If zoning was this simple it would be an easy matter. But it is not. Very rarely will you find any definite reference to the keeping of kennels or the breeding of dogs. In the absence of such a specific prohibition the problem will have to be approached from another angle.

Certain types of "zoning" are set up for very obvious reasons. "Heavy industry" is simple to understand. "Light industry or Commercial" is another classification, which doesn't present any difficulty. It is when we get to the various types of "residential" zone that we run into trouble.

If you are establishing a commercial kennel the issue is clear. You must build in a zone for which a commercial kennel is approved. Your application to the local authorities will be processed by the local town planning department and you shouldn't run into any trouble. If your application is approved and a permit issued you should be "A-OK" to go. If your application is not approved you will be given the reason and you can either argue the case in the usual way or you can look for some other suitable location to build.

But supposing you are simply a person who already lives in a sub-division in an urban community and you suddenly begin to take an increasing interest in purebred dogs. Perhaps you own a well bred female and decide to breed from her. For some time you've toyed with the idea and finally the admiration of your friends and persuasion of those people who feel you should breed your female "for her sake" and "who knows you may get a champion" . . . . finally overcome your wife's objections and you decide to find a dog worthy of your female, if that is at all possible. . . . and breed her. Suddenly your troubles start. Until this time you had no real trouble with your neighbours. But wait! The litter is born on time and without trouble. They are terrific; and cute; and you can hardly bear to part from them. In the event you may have quite a lot of trouble finding anyone to take them even at a reasonable price, you may not be able to sell one or two puppies of the litter. Now you have three or four dogs. To help you dispose of the litter you have placed ads in the local newspaper. All sorts of people answer the ad. Perhaps the man who refused to pay $75 for a pup – "I was looking for something around $15" – may be from the local licence department. It's his way of getting information without embarrassing you or himself if his information is incorrect. Or your advert in the local paper may provide the tip off. Or maybe that "friendly neighbour" has decided that four or five dogs next door is too much. Either way you will be visited by the local licensing inspector. His job is to find out if you have purchased licences as laid down by the local dog licensing by-law. *With this you must comply!* If the by-law requires you to purchase a licence for each dog over three months of age this you should do with good grace. If you fail then you

# how to keep dogs on the up and up

## *It is too easy to forget brains for beauty, avers this noted writer.*

In some of my books and other writing, I have lamented the fact that dogs have in many cases degenerated, and have tried to suggest ways to stop the deterioration. Too much cannot be said on this subject.

*Dogs in Canada*, fortunately, serves the owners of all classes of dogs. Some dog magazines cater only to show dog owners; others only to owners of working dogs. And by *working* I include dogs used in field trials. The degeneration we have all witnessed has been caused principally by show dog owners, or at least by those interested only in dog beauty. These folks set styles and because dog shows give city people the only information they ever get about dog conformation and general appearance, dog show enthusiasts have a great responsibility. And, alas, this is not properly accepted.

Show Dog persons control some of the Kennel Clubs. Too often they know but little about the most important aspect of dogs, namely their abilities, temperaments, behavior patterns and of great importance, the correlation between form and behavior.

It is too easy to forget that through the long history of dog development, the dogs' brains came first and his body second. He was useful to man in the way he used his body. All of our dogs' mental characteristics were in the wolf – the ancestor of the dog (really a dog itself) – and by the selection of mutations these useful characteristics were intensified. As dogs became more proficient the physical conformation was coupled with the mental to make the dog even more useful. This development is going on all the time.

Look at an issue of a Foxhound magazine. Do the hounds pictured in it look like the hounds pictured 50 years ago? Peruse a Beagle magazine. Note the great similarity of the great winners in field trial work. Do these resemble the English Beagles from which the working dogs developed? Does the modern Collie resemble the working stock dog? And the field English Setter, is he a replica of the English show Setter?

The ideal of every breed is the star toward which we breed. It is the standard which dog show judges use or should use to compare the dogs they evaluate in the show ring. Are these ideals such that they help to make the dogs more useful as well as more beautiful? In many cases they are, but in all too many they are not. So I maintain the time is almost too late in many cases to change ideals of physical form so that they are, in all cases, the forms which enable the dog to do his best work.

The Beagle supplies an excellent example. Why have a standard which calls for a long neck, if a short neck makes a dog more proficient?

The American Cocker Spaniel supplies the best "horrible example" anyone can find of what beauty-breeding without regard to usefulness can do to a breed: Drop it from 7,200 monthly registrations to 1,200, make it a worthless dog for its work, draw the animosity of the public instead of the love. There was the Canadian dog with the setter coat, probably the finest pet dog ever developed, a retriever with so soft a mouth it didn't know it had teeth to bite with, and a most efficient bird dog.

Beauty specialists took it away from the field trial men and women and with the acquiescence of the American Kennel Club, developed a useless, untrustworthy animal with a temperament people have grown to suspect – the very antithesis of the early American Cocker.

The coat is no longer the easily cared for setter coat but necessitates constant clipping and grooming. This fact alone made the dog useless for its work. I remember a dinner in which O.B. Gilman, Clarence Gray and I shared a table. Mr. Gilman was urging Mr. Gray to judge on the setter coat standard. The electric clipper was just coming into use on dogs' heads and ears. Mr. Gilman was opposed to the practice and said, "Whoever uses an electric clipper on a Cocker will be the one to start its downfall". How right he was!

Only show enthusiasts today have any use for the modern woolly coated Cocker. And what a shame! It is still not too late to reestablish the old type. If Cockers had been bred to conform to the type which can win in field trials, the breed would today be one of the most popular.

Field trial men and hunters breed dogs with better temperaments too; better for their jobs and more reliable as companions. The dogs of the backwoodsman, the farmer, the hunter have to conform to a far higher standard of reliability than do those of the show man. I know both kinds of dogs and both kinds of people and modestly claim to be an authority in this field. Believe me, the above statement is correct. The one kind keeps and breeds dogs often with miserable unreliable temperaments, the other will stand for no unreliability and does not hesitate to destroy. Probably this stems partly from the fact that the farmer and countryman sees livestock raised and killed where the city man and woman is less familiar with death; and besides has mistakenly humanized his or her dogs.

Another influence on breed degeneration is due partly to ignorance of dog owners, ignorance of the fact that breeds were developed for special uses. So they expect abilities in their dogs which the poor dogs often have only in a minor degree. There is something pathetic to watch Alsatian owners trying to make trackers of their dogs, when they could be achieving excellent results with a minimum of energy by using natural trailers—hounds – for the job. Selecting the wrong dog for the job causes breed degeneration because people don't like being fooled by dishonest advertising. The wonderful little *Dyrehund* (animal dog) also called Grahund (grey dog) in Scandinavia was advertised as a hound. Kennel Clubs classify it in the hound group. A hound it certainly is not! So when many of us bought them to use in hound work, the reaction was severe. That exaggera-

# The Value of a Prepotent Stud

## The "look of the eagles" is returning to Shepherds through judicious use of outcrossing, maintains Mrs. John C. Logan, breeder-exhibitor.

WITHOUT doubt, over the past decade the German Shepherd Dog has experienced a rise in quality probably never surpassed in any other period in the history of this breed in Canada. In my estimation this vast improvement outranks any other aspect of the breed, since I began to study, breed and exhibit the German Shepherd in 1954.

Today we are seeing more and more of our Canadian breds placing and winning across the border in stiff American competition. Instead of our largest Specialty and other major breed shows being completely swept by our American cousins, we are now seeing some of our homebreds taking a few of the awards other than those designated for the Canadian bred only. This was not so ten years ago!

In the mid-fifties nearly every show, small or large, held in this country featured a varying number of American or otherwise imported dogs that were so much higher in quality than the majority of the Shepherds in Canada that we may as well have kept our dogs at home. At this time, when I was looking for a female on which to base my breeding program, I decided, with these thoughts in mind, that I should purchase a top quality female from the States. Undoubtedly there were a few good Shepherds in this country, but they were either unattainable or, as I felt then, improvement was still very necessary and new bloodlines of top quality might help.

Ironically, several weeks later while I was meandering through the bench area of an Ontario show, perusing the members of the breed on display, I was attracted to a medium sized grey dog attended by a white haired gentleman. After watching this dog take the breed, I was to find that he was a Canadian owned German import and of all unbelievable happenings, a dog possessing bloodlines second to none. I immediately left the show for the home of Ed Summerfield and told him about this new import and we promptly made an agreement to breed his best female, Ch. Frigga of Sussex-Leigh, to Harry Watson's Ero v.d. Auwallenburg. Little did we dream then that we had come upon the dog that would later prove to be the cornerstone to the building of many of the fine Shepherds seen in our rings today.

Across Canada, breeders have added his bloodlines to their stock and in most cases they can see the many benefits mirrored in the younger descendants of this stud. Ero, through his great wealth of well chosen relatives, left us with improvements in gait, forequarter assembly, croup formation and overall balance. Because of short croups and length of loin, many of our animals were unable to have the hindquarter drive essential for correct side movement. The writer notes that Ero himself was a trifle long in middlepiece, but despite this many of his offspring found correction here. The faults passed through this "Axel-Ero" line were for the most part of a non-serious nature and as we were definitely lacking in a number of quality females of suitable bloodlines, we must remember that many serious faults were prevalent in the background of many of his breeding partners.

I would not pretend to think that Ero is solely responsible for all the improvements gained during this period. But, on the other hand, I feel strongly that indirectly his "get" awakened many of us to the task of outcrossing to better dogs from proven lines. Breeders began to look stateside to try to obtain further improvements still needed in the breed, with generally very encouraging results. During the more recent years many of the better studs have been wisely used by the more responsible Canadian breeders and their investments have been well rewarded with a new generation of youngsters possessing generally better temperaments, substance, depth of body, balance and gait; and that "look of eagles" rarely seen at the start of the decade.

Look in your show catalogues and you will see that there are a growing number of Shepherds carrying the famous blood of Hein v. Richterbach through, most notably, Bill v. Kleistweg; among other sons, the unequalled "R" litter v. Osnabruckerland through Harry v. Bollsheid and many other progeny, and the Axel v.d. Deininghauserheide line through a host of descendants, many of whom are high in R.O.M. standing today. Emerging now are several studs with a concentrated combination of all these dominant lines and soon we should be able to select the sires that are transmitting to their young the desirable corrections that we seek. I have used the import Harry v. Donaukai, sire of the double German Seiger Volker v. Zollgrensschuts-Haus, with my Ch. Wendy, an Ero-Frigga daughter, to further improve gait through rear transmission, with good results. But it was the "shot in the arm" from Ero that has sent us farther afield in the quest for the answer to our dreams of the model working Shepherd.

In the show ring Ero's faults were few and his many virtues were quickly recognized by numerous judges. He won several Best In Show awards and became Canadian Grand Victor in 1957. But he was to eclipse his show record by his ability to sire over 22 Canadian champions. Two of his Canadian bred champions went on to get their American titles and a third American Champion resulted from a breeding in the States. It is the above record that has prompted me to reflect upon the value of this prepotent stud to the breed here in Canada in particular. Perhaps we may not be fortunate enough to find a single animal who will do so much for the Canadian Shepherd within the next few years.

In my opinion, prepotency may be said to be the ability of an animal to produce, consistently, progeny higher in quality than the animal to which he has been bred. It is a stud who can correct the faults found in the conformation or genetic makeup of a female without leaving her offspring with any serious faults peculiar to his particular line. Undoubtedly in each breeding, no matter how sound on paper, there is still a measure of risk involved in assuring which genes will be recessive and which will be dominant. But the combination of a sound female, with much to give through her heritage, and a dog with proven prepotency to throw the required corrections for her lines, makes this science of breeding a little less a game of chance. In this regard it is most educating to study Ero's background as it is, I believe, the key to his dominance

# WHY MUST WE GYP THE PUBLIC?

By V. E. (BAY) MEYERS

***What is happening to Obedience classes? Even if a course costs only fifty cents the student is being gypped if true value is not given, states this well-known authority.***

Having been in the dog game, particularly obedience, for many years and having expressed my opinions freely during that time, my neck is more or less vulcanized. However, before I state my views this time let me make it clear that I am talking about the Toronto area which I know well. Elsewhere, if the cap fits wear it.

At the present time I have given up teaching classes and am giving private training lessons only. I hesitate to use the word "obedience" because beside it my dear friend Alice (a skunk who is boarding with me in the best bedroom) is as orange blossoms. I am told that Alice is defrosted but nobody told Alice. And I am afraid that nobody told some obedience teachers about themselves either. I have given up classes for one reason and one reason only – there is now a training course which I can wholeheartedly recommend. Not because the trainer is a friend of mine. Not because the course is different. But because it produces results. I am so discouraged at people telephoning and saying "I have taken my dog to one (or two or even three) obedience courses and he is still out of control – can you help me?" I have spoken to other trainers and they report the same thing. What has happened to obedience classes? Over the past few months I have attended various ones, in some cases in the front row of onlookers and in some at the back, unnoticed. I am convinced of one thing – most of them are not doing a job of work. This is my bugbear.

In a free country anyone is entitled to make his living in any way he pleases, within the law. If a complete novice wishes to say he is a dog trainer and start teaching, that is his privilege. But to do a good job of work in any field it is essential to know your subject back to front, inside out and from A to Z – not just from A to B. It is not enough for a pupil in a training class to be just a cipher told how to make his dog heel, sit down, etc. He is a person with individual problems and all these problems must be solved. Whether the dog digs up the rose bushes, practices his sex life on the Boss's wife, chases cars or barks when left alone, the owner must be taught how to cope with the situation. And this takes years of study and experience. The saying "A little learning is a dangerous thing," is as true of dog training as of anything else. Real, professional dog trainers are few and far between and have been at it for years. And because they are real, professional trainers they are still learning.

There seems to be a tendency for so-called trainers to look at this, that and the other method, then regurgitate. They call the result "their method". And they call it their method because they have not the basic knowledge to understand WHY the true trainer says do this or that. For example, consider Blanche Saunders. She has been training professionally for (at a guess) 30-odd years. She has trained thousands of dogs. Along comes a would-be trainer who tries her method for a few months with a few dogs then decides he likes only part of it. So he adds a few bits from the Koehler method. Then perhaps a little bit of Colonel Most and a soupcon of Arundel. But he does not understand the WHY of a single one of them. Any method evolved by a professional trainer and used successfully on thousands of dogs MUST work. And to truly evaluate a method you must understand the theory and all the reasons behind it and you must teach it in its entirety, without any other methods mixed in, to a large number of dogs. Then and only then, will you know what you are talking about and begin to acquire the status of professional dog trainer.

To come back to the course I can recommend, I took a dog to it despite the fact that it is a long time since I went to school, and graduated with a re-affirmed conviction: Immediately after ten weeks of training in class, a dog can be a cheerful, well mannered, solid citizen both at home and abroad. And it can get its CD without difficulty. My dog got its first "leg" with a score in the 190s the same day as course graduation, and it was not the best working dog in the course. As a result, I decided to teach *some* of my pupils by that method and that method only. After four months I have reached two conclusions. 1) It will be at least another year before I know all the ins and outs of the method and can give a fair evaluation and 2) I find that trying to teach one group of pupils one method and another one the other is like trying to ride between two stools – you are liable to land with a resounding crash to be heard from Toronto to Vancouver.

So I come back to my original query, what has happened to obedience classes? and I am afraid I know the answer. Too many clubs and individuals organize classes looking only at themselves and forgetting the poor people trying to learn. Let me put it this way. I have seen several different types of classes. 1) The club that wants to make sure it is completely fair and spends much time and hard work to ensure that everyone is taught the same way. The result is so cut and dried that the pupils receive a minimum of benefit. 2) The club that is trying to get along as a club and whose members feel it is a privilege to teach – and the privilege is too easy. A member may go through his first training course, taken an instructor's course, then teach. He has (possibly) put one dog through Novice. It may be a small dog – what does he know about a large dog? After (possibly) three trials, what does he know about trials? 3) The private individual who has put his dog or dogs through (possibly) to UDT. His dogs may be large, may be small, may be tough, may be timid. Although he may care, what does he know about the other half of the canine world?

As a dog lover and one who profits (I happily admit it) from the sins of obedience classes, I make some suggestions.

1) Let us bear in mind that teaching, whether of man or beast, is a highly specialized job. You may be the best trainer in the world but unless you can get your ideas across to other people you are not a teacher. 2) If the privilege of teaching is the only incentive that clubs have to offer to new members, let them take another look at themselves. Clubs, like the rest of us, must live. But if you train say 100 people a year and a large proportion of them feel they have not really profited (and after all, they are the judges as it is their money) you are dependent solely on *your* finding new people to make classes a financial success. But if they are thrilled with the results, *they* will get you new pupils by word of mouth and by the example of their dogs. The thing will snowball. The greatest fun in the world is flying kites – financial ones I mean. Take a flyer. Get yourself a good, professional trainer (there are some – but they have to live too. They have spent years learning their trade, why should they teach for peanuts?) and watch the money roll in with satisfied people. 3) The individual who has only trained his own dogs must learn that each dog is different. Come off your pedestal as teacher, take a dog to a professional trainer's classes and learn. Be on the receiving end for a change, until you have learned.

A course may cost fifty cents or fifty dollars but if people do not receive value for their money they are being gypped. A course taught by a professional is well worth paying for but one run by an experimenting novice is fit only for guinea pigs, not paying pupils. The poorer the results of obedience classes, the poorer the quality of work in trials. Much more important however, is the effect on the dog-owning public. I think that every dog of every breed would be a better companion if given some basic training. But why bother taking your dog to school if the neighbour's dog graduated from one and is still out of control? I haven't any use for the dog that gets high scores in the ring and is unreliable outside it. Remember the title he may earn – "Companion" dog. Is the dog that is a robot in the ring and a hoodlum at home a companion?

In my opinion it is high time our sights were raised and we aimed to turn out trained dogs rather than just run obedience classes. The public has been gypped long enough. ■

# ANNUAL STUD GALLERY

*Consider the many breeds shown here and you will find a great portion of the cream of Canadian dogdom—in the twofold sense that they are not only winning dogs but are producers of successful show dogs. The importance of choosing a sire whose qualities will help round out your breeding program cannot be stressed too strongly. Consider it an investment.*

*Should your breed be represented on these pages, be sure to keep this issue as a reference for planned matings, remembering that your female's background and qualities must be thoroughly reviewed as well as those of the proposed sire.*

*If your own stud dog is not shown here, plan now to reserve a section in the Annual Stud Gallery, August 1965 issue. Make him better known!*

The qualifying scores earned by the Boston Terrier, CH. NUNN'S GLOWING EASTER MISS (445446) in the Open Class at the following Obedience Trials have been cancelled due to the dog not being eligible for entry in this Class.

Nanaimo Kennel Club - May 10th, 1964,
Nanaimo Kennel Club - May 11th, 1964.

## CORRECTIONS

During 1963 an Airedale Terrier was exhibited at Western shows under the name KENYA RIDGE ROSS' TONTAYS. This dog was actually KENYA RIDGE ROSS' TUFFY. Therefore all wins made by KENYA RIDGE ROSS' TONTAYS during 1963 are being transferred to the show record of the dog KENYA RIDGE ROSS' TUFFY.

At the championship show held by the Kiwanis Club of Kerrisdale on April 18th, 1964, the owners of the West Highland White Terrier, HUMBY'S ORION 2ND were shown as Mr. & Mrs. E.A. Cox. Actually this should have read owned by E. Humby.

At the championship show held by the Kiwanis Club of Kerrisdale on April 18th, 1964 , the Best Canadian Bred Puppy in Group 4 was shown as being awarded to the West Highland White Terrier, ERVI'S BON BON. Actually this should have been awarded to the Fox Terrier (Wire), WORRINDALE STARTURN.

At the championship show held by the Working Dog Association of B. C., on March 16th, 1964, the Samoyed, CH. DVINA'S PRINCE LOATZE was shown as being awarded Specials Only. Actually this dog was not present. The point rating for Samoyeds now reads D1, B1.

# FINALIST FOR "HERO" TITLE

Five heroic dogs, representing a variety of breeds and widely-scattered areas of the country, have been named finalists in the 11th annual Ken-L Ration gold medal competition for the title, "America's Dog Hero of the Year for 1964.

A duo of contestants, both puppies, has been reduced to a single contender with the tragic death of one. The whimpering puppies called attention to a five-year-old lost girl, whom they had kept warm through a long night's vigil.

A six-year-old contender snarled at his owner to warn her of a deadly rattlesnake and pulled her to safety. A 14-old Boston terrier, half blind and hard of hearing saved his family from possible death by gas poisoning. Rescuer of a neighbour whose arm was caught in an electric clothes dryer was a two-year-old Dachshund.

Last contestant is a young Collie who virtually saved his master's goat dairy business. Final results to be announced soon.

## CHESAPEAKE BAY RETRIEVER

The Chesapeake Bay Retriever is one of the few breeds whose style has not changed. It remains the same peerless duck dog and has been of the same appearance for the past 150 years. Many stories are told concerning its origin. Perhaps one given the least credit may be the most accurate. Some authorities believe the Newfoundland dogs were bred with English water poodles which produced the "Brown Winchester" or "Red Chester", the origin of the breed.

## WITH THE GOLDENS

In the breed notes for Golden Retrievers which appeared in the May issue of *Dogs in Canada*, four dogs were listed as having won BIS. These four dogs were "old timers" who had received this award in the USA and in all probability appear in many of the modern dogs' pedigrees. However, there have been dogs of this breed which have accomplished this in Canada in recent years.

## AMERICAN GOLDEN DOES WELL IN CANADA

Ch. (Can. Am.) Beckwith Copper Coin, a beautiful Golden with an abundance of coat in a good dark shade has done extremely well in Canadian shows. Owned by Mr. and Mrs. R. E. Beckwith, Duluth, Minn. Copper has captured three BIS, one in 1962 and two in 1964.

## LABS IN AUSTRALIA

The Labrador Retriever is to be found in Group 3 (Gundogs) down under. Up to date (June, 1964) there were 25 litters registerd in 1964.

## EARLY HISTORY OF LABS

When one considers the early history of the Labrador Retriever in the USA the breed has made tremendous strides. In 1926 the AKC only registered three Retrievers (they were all classed together at that time) whereas England had registered 1,247 Labradors. In the month of May, 1964, alone there were 761 registered by the AKC.

## FIRST AKC REGISTERED LAB

The first Labrador registered by the AKC was an imported female from Scotland, in 1917. She was Brockelhirst Nell and was strong in Munden blood on her dam's side. If a search is made back far enough many Canadian dogs will have this grand old lady in their pedigree, or that of one of her famous sons, F.T.Ch. Nith of Halleaths.

## In The Field

ference is the public privately owned shooting preserve. The 1964 National Shooting Preserve directory lists hundreds of these preserves in 45 states and Canada. These preserves permit hunting and shooting almost any time of the year without a bag limit.

on wild game birds, including pheasants, quail and chukars. These birds are raised in captivity and released when old enough to take care of themselves. They quickly become as wild as the others and provide numerous and excellent opportunities to give your dog the experience you desire.

Most of the game preserves charge $5.00 for each bird killed. A few require membership fees and the charge covers a minimum of 20 or 25 birds. This is considerably less than the cost of birds on a normal shooting trip and you do not return empty handed.

Some provinces in Canada have shown reluctance in approving privately owned shooting preserves. Privately owned shooting preserves have been highly successful in restoring our fast depleting source of game birds. Not only do they take the pressure off other hunting grounds but many of the birds released escape outside the game preserve area and increase the supply of birds for other hunters.

If you have any interesting items for this column regarding Pointers and Setters in the field please let me have them.

## ENGLISH SETTERS

One of the first importations to North America was a bred female "Petrol" by L. H. Smith, Strathroy, Ont. Petrol produced, in this litter, the well known "Gladstone" who developed rapidly and became, in a very short time, famous as a field dog and as an excellent sire. It is believed that he had a great deal to do with the foundation of the breed in America. (Mr. Smith at one time became the Secretary of the AKC).

## IRISH SETTER

Hailed as the most beautiful of the Sporting dogs, the Irish Setter is fast becoming lost as a field dog. Yet this is not the fault of the dog itself, for it still has the qualities needed to make it the "great" hunter that it was years ago. Beauty could be the downfall of the breed, for because of this many breeders are neglecting to bring out the sterling qualities that the breed possesses.

## TOLLING DOGS

Although not recognized in the USA the Nova Scotia Duck Tolling dog is a recognized breed in Canada. Its purpose, and one that is utilized extensively in France and England, is to lure waterfowl into a large net where the game can be taken alive. The modern way that hunters use this dog is to have them lure the ducks by running back and forth on the shore line of a lake, into shot range of the hunter hidden on shore.

## COCKER PUPPY MATCH

The Cocker Spaniel Club of Central Ontario held a puppy match recently at the home of Mr. and Mrs. Firby, Bernamdale Kennels, Pickering, Ont. Mr. Glen Stringfellow judged the excellent entry of top quality puppies and found his best in match in a four month old black owned by Mr. Roy Boug, London, Ont. Other visitors were Mr. and Mrs. Roy Kress, Petersburg, Ont. with two promising young pups.

## COCKER JUDGE FOR WESTMINSTER

The 1965 judge for the American Cocker Spaniel at Westminster will be Dr. Gilbert H. Taylor, Glen Cove, N.Y. The 1964 entry was judged by Fred Hunt who had an entry of 12 Blacks and seven ASCOB. Neither placed in the Group.

## AMERICAN COCKER REGISTRATIONS STILL DROPPING

Although the American Cocker is still the most popular of the Sporting breeds, in the USA it is dropping very fast; 1,233 in May, 1964 compared with 1,410 in the same month of 1963.

## 1964 OFFICERS

The officers of the Cocker Spaniel Club of Central Ontario for 1964-65 are: President, Paul Davey; Vice-President, Al Brown; Secretary-Treasurer, Mrs. G. Palmer.

## MOVIE OF SPECIALTY

Mr. Paul Davey has taken a movie film of the Cockers shown at the Niagara Falls Cocker Spaniel Specialty which will be shown at the meeting of the CSCCO. This should assist the owners and handlers to better evaluate their dogs and the handling. Many Canadian dogs were among the 70 entries and although they did not bring home any top honors their presence was well noted.

## Humanely Speaking

*from page 7*

might be laying yourself open to a variety of charges which could be much more expensive than the dog licences in the end.

The only exception to this rule is where the breeder has registered his kennel name with the CKC. In Ontario the law reads as follows:

> *An annual dog tax shall be levied in every municipality upon every person who is assessed as the owner or tenant of any land and who is in occupation thereof, in respect of every dog which he owns within the municipality or which is habitually kept upon the premises for which he is assessed although such dog is owned by some other person.*
> *"The owner of a kennel of pure-bred dogs registered in the register of the Canadian Kennel Club, Incorporated, shall pay an annual tax of $10 to the treasurer of the municipality as a tax upon the kennel, and he shall not be liable to pay any further tax in respect of such pure-bred dogs."*

Similar law exists in the other Provinces.

on the arrival of their excellent litters

He hopes many of you follow in the footsteps of Ch. Devecseri Somloi Pushi, Ch. Bakony Csikcsicsoi Boske, Csicskas, Finyas, Boris, etc.

I have an actual case on record where a breeder paid $64 each year for individual licences for her purebred dogs for at least four years, in spite of the fact that she has been a registered breeder with the CKC for at least ten years and in spite of the law.

She paid because she was frightened. She was unaware of the law. She just wanted to be left alone and allowed to live in peace. In my opinion she was persecuted. She was subjected to a legalistic form of "shake-down". There is no doubt that the official responsible was well aware of the law; but still he accepted the individual dog licences, year after year!

But suppose you know and stand on your rights as a "registered kennel" and only offer to pay $10. What then? Well this is where "zoning" rears its ugly head. The local municipal officer, balked in his attempts to obtain individual dog licences and perhaps faced with complaints from your neighbours, will invoke the zoning laws. If you live in a "residential zone", the angle is simple. The zoning laws prohibit any "commercial" activity except for a few clearly defined activities or pursuits. He will argue that you are breeding dogs as a "commercial" activity. He will point to the fact that you sell your puppies for a fantastically high figure (to him) and that you advertise your livestock for sale.

Should this happen to you, take heart. You can quickly point out that you are not breeding dogs for a "profit". That you are doing this as a "hobby" and that, far from making money, you are only trying, usually unsuccessfully, to break even. You can point out that there have been a number of similar cases taken before magistrates courts in various parts of the country. In each case of which I have personal knowledge the magistrate has ruled that the breeding of dogs for a hobby did not constitute a "commercial" activity. For it to do so you would have to receive a "significant" proportion of your income from breeding.

The final angle on which your kennel could be attacked would be if it constituted a "nuisance" either by odour or noise. It is up to every kennel breeder to ensure that his or her activities do not become a nuisance to the neighbourhood. Otherwise he would very rightly be required to "cease and desist" from further breeding activities.

To sum up: if you want to breed dogs as a hobby and you live in a residential area you should familiarize yourself with the local laws, particularly those of zoning and dog licensing, and at the same time, make every effort to avoid giving grounds for complaint. This includes your own family. I know of at least two cases in which a wife, having failed by other methods, tried to bring her husband's hobby to an end by simply complaining to the local license department. So the next time you leave your long suffering wife to look after a litter while you go to a dog show — watch it buster!

### WEIMARANER CLUB

A group of Toronto Weimaraner owners recently met to form a Canadian Weimaraner Club, their object being to further the interests of the breed in Obedience, Conformation, and in the Field. The club hopes to expand to National coverage. At the March meeting, chaired by Mrs. Grace Probert, the following executive was elected. Hononary President, Mrs. Hilda Pugh; President, Mr. T. W. Carter; Vice-President, Mr. R. Penny; Secretary, Mrs. J. Penny; Treasurer, Mr. Boston.

Various other committee chairmen were appointed. All enquiries should be addressed to the Secretary, Mrs. J. Penny, 195 Lambton Ave., Toronto 9,

### TWO CANADIAN YMARS DO WELL

Shadormar's Sue's Bonnie Lass and Shadormar's Sue's Little Dor, two Canadian Weimaraners bred by Mr. and Mrs. J. C. MacLaurin, Ottawa, Ont., have been competing in the USA and doing extremely well.

### CANADIAN WEIMARANER CLUB BOOSTS SHOW

The 13 entries of Weimaraners at the first booster show held by the Canadian Weimaraner Club was gratifying to the club's members. The owners of the winning dogs went home with outstanding trophies which should encourage an entry in the near future.

## A GREAT BASENJI PASSES ON

Ch. (Can. Am.) Abakaru of Blue Nile left his mark on the dog world before passing on recently. Shown by Mrs. Roberta Jenkins, now of Spain, but previously from Toronto, he established a number of firsts for the breed. He was the first Basenji to win a Group in Canada (1951), the first Canadian Bred Basenji to go BB at the American Basenji Specialty (1953) and the first Canadian Basenji to win his American title in four straight shows. His entire fifteen and one half years was spent in endeavoring to give his all whenever asked to do so.

## BEAGLES AND WESTMINSTER

Beagles will be judged by Mrs. W. P. Wear, Cecilton, Md. at the 1965 Westminster Show. In 1964 there were 40 entries judged by Mrs. W. P. Houchin (13 under 13" and 27 over 15"). Neither variety found a place in the Group.

## TOP IN THE HOUND GROUP

Although Beagles are the top breed in registrations in the USA of the Hound Group (3,947 in May, 1964) they are being pushed by the Dachshunds who had 3,915 registrations during the same month.

## ASH GLEN KENNELS TO CARRY ON

Beagle enthusiasts will be pleased to learn that Mrs. Kenneth Ashberry, Toronto, Ont., plans to carry on with the work started by her late husband and has had the kennel name, Ash Glen, and the dogs transferred to her name.

## DACHSHUNDS IN AUSTRALIA

The Dachshunds appear to be popular in Australia. During the first six months of 1964 there were six litters of Long Hairs, 15 litters of smooth hair, three litters of Miniature Smooth and one litter of Wire Hairs. The Hound Group is listed as Group 4 by the official Kennel Club of the country.

## WESTMINSTER JUDGE, 1965

Dachshund exhibitors will be pleased to learn that the well known James W. Case, Grossmont, Calif. will be judging their breeds at the 1965 Westminster show. L. M. Murphy judged an entry of 39 Longhairs, and 15 Wirehairs while Miss M. E. Siebern judged 57 smooths at the 1964 show. The Smooth, Ch. Christi Dachs Camile, placed third in the Group judged by H. R. Hartley.

## WHIPPETS IN RACE AND SHOW

The Chicago Amphitheatre was the scene recently of the Whippet Specialty judged by Mr. Alva Rosenburg. Once again the now famous Ch. Courtney Fleetfoot of Pennyworth carried off top honors over an entry of 77.

The two day race meet brought forth a very good entry of 84. Fast times were recorded in each event. The winner for the puppy races was Bettebrook Bonita and the fastest time for the 472 ft. was 10.92 seconds. Eyeland Homer was the top dog in the 38 races run by the adult dogs over the same distance. The fastest time for these was 10.26 seconds. It is surprising to see how many dogs with the prefix Ch. were entered in these races, once again proving that many dogs of various breeds can be dual purpose dogs.

## NEW AFGHAN CLUB

The Afghan Hound Club of Canada, organized in June of this year, has for its first slate of officers: Mrs. Mary Matchett, Honorary President; Mr. Robert Lane, President; Mrs. Betty Thomson, Vice-President; Mrs. Greta Phillips, RR 1, Hornby, Ont., Secretary-Treasurer.

## Memo From The Editor

*from page 2*

When competition for position and so-called power takes the place of good clean dog competition, it is a sad day.

How does one recognize the malcontents who sow the seeds of their own discontent and lack of personal success in business and society? They are masters of the art of divide to conquer. They are charming. They are charming to your face while they are running down other people, meanwhile taking you into their confidence. They are charming to someone else, minutes later, when they are confidentially telling them little derogatory items about you. Time and again, the nicest, most jolly people you could meet

have been taken in by this type of confidante, only to become suspicious gripers themselves. Should not this form of discredit set off a warning bell?

These petulant people are very vocal — at club meetings in particular. More than enough club members have gone home from a meeting in complete dismay. Where did the meeting time go? What was accomplished? What did we learn? Precious time wasted in bickering, in points of parliamentary procedure which, important in itself, should never rob a meeting of its proper business.

Personal ambitions have their place, but not at shows and not in clubs and as in the realm of politics personal ambitions should be put aside for the common good.

Fortunately history has proven that the span of influence of the vocal malcontents isn't too long. But the damage they can wreak in the interim could have a lasting effect.

Don't wait for history to prove them wrong. When you find bitterness and intolerance permeating your own sphere of dogdom, do your best to replace it with men and women of good will. Create the spirit of warmth and friendliness in your clubs and shows. Turn a deaf ear to the insinuations and persuasions you know to be wrong for you and for your club.

*You* are the backbone of the Canadian dog world. Be strong and progressive and the virus of unrest, jealousy and division will diminish through sheer lack of encouragement.

Keep Canadian dogdom the great sport, the grand fun it started out to be! ■

## Obedience

*from page 5*

by its delighted owners, any hope of turning him into a fierce watchdog has vanished forever. As a result, the owner is dissatisfied and a lovable dog has been made unhappy.

This all too common situation has been brought to our attention again this summer, for we now have at Edlyn three dogs the owners want us to make more aggressive and three more which are already *too* sharp and our instructions are to make them gentle and friendly. If sentiment did not enter into the picture, Edlyn could possibly do well by going into the Swap Shop for Dogs business! ■

## How To Keep Dogs Up And Up

*from page 13*

tion by the early owners and the dishonest name did incalculable harm. Had the breed been honestly advertised, it should today be one of the most popular breeds in Canada and the United States. It's not too late to make the correction.

Classifying Dachshunds as hounds instead of terriers is another example.

I hope to see the day when each Kennel Club will have on its governing body men who know all kinds of dogs and who will act to advise the breed enthusiasts how to properly advertise the abilities of their dogs, guide them with names, help to set the standards to be in conformity with the uses for which each breed was developed, prevent clubs from making excessive or misleading claims of their dogs' abilities, to educate the public in the proper uses for each breed, to do all in their power to prevent breed degeneration. ■

### WESTMINSTER SHOW 1965

The Westminster Kennel Club have announced their panel of judges for their shows February 15-16, 1965: 44 judges from 21 states, Australia and Canada have been assigned different breeds and other awards. None of the Group judges or Mr. Robert A. Kerns, who will judge BIS, will pass on any of the breeds. Thus the BIS dog will have passed the critical eye of three different judges before gaining the top honors. The show is again limited to blue ribbon winners in USA shows and there will be no miscellaneous classes.

### SKC OFFICERS 1964-65

The new officers of the Sarnia Kennel Club for the 1964-65 season are: President, Bill Barnes; Vice-President, Jack Iden; Secretary, Mrs. Chapman; Treasurer, Don Scott; Show Secretary, Miss Jeanette Le Neve.

### ATTENTION CLUB PUBLICATION EDITORS

Problems and responsibilities of club publications will be the subject of a seminar to be held later this year by the Collie Club of America. The agenda, now in the planning stage, will include speakers on technical production as well as editorial subjects and will depend largely on the expressed interest of publication editors. Among the subjects to be discussed: mailing lists, advertising, circulation budgets, illustrations.

The seminar will be open to editors of all dog publications who are invited to send samples of their products now, with notes on special problems, to Mrs. Jo Campbell, Collie Club of America, Public Relations Chairman, 822 National Press Building, Washington, D.C. 20004.

### TERVUREN COMES TO CANADA

Mrs. Joan Kennedy, Dundas, Ont. has imported, from the USA, an eight month old male Tervuren Belgium Sheepdog, Lancer Candide, as a mate for her 15 month old female.

### BOXERS IN AUSTRALIA

Boxers listed in Group 6 (non-sporting) in Australia had registrations of 13 litters during the first six months of 1964 which resulted in 67 individual dogs.

### BOXERS AT WESTMINSTER

Charles F. Hamilton, Omaha, Neb. will judge the Boxers at the Westminster Show in 1965. The 50 dogs entered at this same show in 1964 were judged by H. Schuffman and Percy Roberts found his first in Group in Ch. Treceders Painted Lady.

### BOXER CLUB OF CANADA, 1949

The following article appeared in an old issue of "Boxer Bickering" edited by Betty Beckett, Hamilton: "The Boxer Club of Canada has successfully concluded its first year. In other words, some 60 people with a common enthusiasm have found a way of expressing their satisfaction in their hobby and in sharing it with others . . . . the annual meeting was held at Reg. Sparkes' Hotel, Toronto, on Sunday October 17, 1948. Some 22 of the 60 members were present which more than made a quorum. In the four busy and pleasant hours of discussion, election, and reports of the committees those present proved themselves eager to make our club bigger and better in 1949. Elected to office were: Honorary President—John P. Wagner, Milwaukee; Honorary Vice-Presidents—W. P. Gudgeon, and W. D. Black, Hamilton, Cecil Hyde, Detroit. Past President—H. S. Weller, Toronto; President—Peter Smith, Hamilton (now of Woodstock); 1st Vice-President —Goldie Britt, Toronto; 2nd Vice-President —Susie-Mae Weir, Toronto; Secretary—Violet Cartledge, Guelph; Treasurer—Vic Armour, Hamilton; Auditors—Shirley Sanderson (now DeBoer), Toronto."

### PREPARING A BULLMASTIFF FOR SHOW

The Bullmastiff is one of the easiest breeds to prepare for the show ring. Simply trim whiskers down to the jawline and although the diet should produce a good glossy coat, some cleaning with a show mitt or hound glove will clean out the remaining dust particles and polish the coat to its gleaming perfection.

### ADVICE FROM COLLIE BREEDER

A well known and famous Collie breeder has given some very sound advice to Collie owners who hope to become successful breeders. She advises prospective breeders to attend as many dog shows as possible and read the show results of those you cannot attend, to watch the bloodlines of the dogs that are awarded top placings. From this one can learn which bloodlines are producing the best dogs and which ones are holding true to the type you most desire. You must make up your mind to be ruthless in your culling and if you have any qualms about this then give up the idea of ever becoming a successful breeder and content yourself with being a breeder of pet stock. After you have completed this study and decide which bloodlines you feel would best suit your purpose, purchase two females of the best quality you can afford which are well bred on both the dam and sire's side. Next choose a stud of the same bloodlines which does not have the same fault as your females (and they all have a fault or two). A good breeding would be to breed to the grandfather, uncle, half-brother, or, if none of these are available, breed to the female's sire. When the puppies arrive keep two from each litter, which would set you well on your way in your breeding program. It is possible now to breed the females back to the grandsire, or if you have kept a very good male from one litter he can be bred back to a female of the other litter with very good results.

She advises you to refrain from breeding to a dog just because he has done some top winning but who is not of the same bloodlines or if he has a fault which is also common to your female. Watch for faults which are cropping up too often in your stock, but also be aware of the good points. The absence of known faults alone will not produce a good dog, for they must also have some very good points.

### DOBERMANS AND HEREDITY

It is said by a well known authority that Doberman Pinschers possess a great deal of the powers of hereditary transmission. The black color is dominant over the brown or other colors. The smooth, short hair and coat is dominant over the longer coarser hair. The troting gait is dominant over the pacing gait. Certain forms of mange, epilepsy and other congenital diseases are recessive.

### GERMAN SHEPHERD DOG CLUB OF CANADA 1964 OFFICERS

President, Mr. Fraser Anderson; Vice-President, Mr. Alastair Gunn; Secretary, Mrs. Ethel Cook, 2439 Prospect St., Burlington, Ont.; Treasurer, Mrs. R. H. Walker; Directors, Messrs. Frank Brett, Gerald Charter, George Cook, Ed. Harridine, Bill Millar, Dave White, Bob Walker (who is also Chairman, Hamilton Branch), Mrs. Mitzi Frohle and Evelyn Garrett.

### GERMAN SHEPHERD DOG ACTIVITY IN TORONTO AND DISTRICT

To further advance the breeding of better German Shepherd Dogs in Canada, our club has invited and he has confirmed – the eminent breeder, judge and long-time President, Dr. Werner Funk, President of the S.V. (German Shepherd Dog Club of Germany) not only to judge our Annual Specialty Show in September of this year, but also to survey and guide us with our breeding stock.

Many members, in this New Era, are conscientiously endeavouring to uphold and improve the breed by using top producing animals, especially those with a Class I rating in the breed survey, such breedings being awarded by the issuance

of a Certificate from the Club.

We have always believed in the educational and instructive value of filming dogs at a stance and in motion and in dealing with this subject we have, up to now, only dealt with this excellent instructive medium through a few generous club members at their own expense, but as you can see from our Hamilton Branch notes this excellent form of educating ourselves is now being supported by the club.

Many phases of training, including tracking, are supported fully by this organization. Summer training classes are now in full swing.

All this contributes to the breeding and working capabilities of better German Shepherds.

**—Fraser Anderson.**

## GERMAN SHEPHERD DOG ACTIVITY IN HAMILTON & DISTRICT

In the Golden Horseshoe there is a great interest in the German Shepherd. Breeding, training and showing are solidly supported. For this reason, in April, 1964, The G.S.D.C. of Canada members in the area formed the Hamilton and District Branch, first such regional organization in Canada. Membership is already over 60 and on June 7 classes in obedience and conformation handling were inaugurated; 14 entered the ten weeks' obedience course and 10 attended the handling class. Peter Kirk handles obedience with three assistants and Bob Walker conformation.

The conformation committee is working to establish a film library of conformation Shepherds. This could be of great interest to breeders and buyers.

Knowing the Hamilton Police employ Shepherds, we spoke to Const. Crooker, who tells us there are now three fully trained dogs on the force under the Canine Division, the only such officially designated unit in Ontario.

Among breeders and exhibitors are the Walkers with many champions to their credit, Harry Watson with fine studs, the Cooks with excellent potential by Hessian's Baldur, and the Schmockers quadruple Champion "D" litter. Helen Cappelli does wonders on a limited program, and Alex McCrory really "put the cat among the pigeons" with four excellent puppies from his "A" litter at the puppy show.

From chairman to newest member the club serves anyone interested in the breed but above all, of course, our "raison d'etre" is the great German Shepherd.

Leo Durocher, a guest on a CBS television quiz show, was stumped when asked to identify the popular song, "Sympathy." MC Bill Cullen tried to help him. "Suppose, Leo," he prompted, "The bases are loaded and the batter for the Giants hits what looks like a triple for sure. The umpire calls it foul by inches. Fifty thousand fans are booing. Now, Leo, what does that umpire need?"

"Seein'-eye dog," replied Durocher promptly.

## POPE'S LIFE SAVED BY GREAT DANE

The poet, Alexander Pope had a few moments of fear when he awakened one night to find a man towering over his frail body about to strike a blow with a knife. Pope screamed for his valet, but as the assassin was the valet there was no one to hear his cry for help but his Great Dane "Bounce" who immediately jumped on the intruder and held him down until other help arrived. Although Pope could find words to fit most occasions, it is said that he could find none to express his great thanks for Bounce's heroic act.

## MASTIFF SAVED FROM EXTINCTION BY CANADIANS

In 1946, fanciers found that the breed of Mastiffs was almost extinct, there being only 20 dogs in England. These were too old to attempt a breeding program and the only one which could be used for stud sired three litters of which only one pup survived. In 1947 there were only seven left in the whole country. The Secretary of the Mastiff Club visited America to take back some breeding stock, but found that the few dogs in the country were of very poor quality and returned home empty handed. However, in 1948 Mr. and Mrs. Mellish, Victoria, B.C., sent over two puppies which the club carefully bred and at the end of 1950 there were about 50 Mastiffs and the breed was again established.

## YOUNG SAINT PASSES ON

Mr. and Mrs. Richard Seaman, Markham, Ont. have lost their good young St. Bernard, Ch. Shagg Bark's Mighty Tiger, as a result of a heart attack during a recent hot spell. His sister, Ch. El-Don's Missy Moe v Mighty Moe, the Saint which took the breed and placed in the Group at each of the Sportsmen's Shows this spring, has been purchased by the Seamans to help fill the vacancy in their hearts.

## SAMOYEDS IN AUSTRALIA

It is odd to see the Samoyed listed in Group 6 (Non-Sporting) along with Poodles, Bulldogs, Boxers, Dobermans, Bulldogs, Schipperkes and Schnauzers in Australia. There were five litters (33 pups) registered in the first six months of 1964.

## SCOTTISH SHELTIE BREEDER JOINS HIS FAMOUS DOGS

Jim Saunders, well known Sheltie breeder under the kennel name of Helensdale, passed away in his sleep March 1. Mr. Saunders was recently heartbroken over the loss of two of his very well known dogs, Chs. Ace and Bahn. Ch. Ace was the first dog of this breed to take a BIS in an English Championship Show. Aberdeen, Scotland was the home of this kennel, known the world over for the quality and temperament of its dogs.

## SHELTIE CAPTURES TROPHY

Tiny Tim Beaumurr, together with his young handler, Frederick Polly, captured the trophy offered by the Junior Kennel Club of the Burlington Kennel & Obedience Club for the handler under 18 years of age getting the highest score. The 196 points also won for this young handler the trophy for the highest scoring Shetland Sheepdog.

## GROWING IN POPULARITY?

It would appear that the Siberian Husky is growing in popularity in the United States. In May, 1964 104 were registered compared to 79 for the same month in 1963. Perhaps this can be partly attributed to two Canadian bred dogs which have been doing major winning at some of the larger shows.

## CORGIS MAKE THEIR PRESENCE FELT IN SHEEPDOG TRIALS

It would appear that the showing of Welsh Corgis at Sheepdog Trials during the early 1870's were the forerunner of the breed's popularity in Britain. Although the breed was not accepted into recognition in show competition until 1920, here had been many Agricultural shows at which both the Cardigan and Pembroke were shown in the 19th century.

## AIREDALES GO ABROAD

Mr. Hank Bennink, well known breeder of Airedales, Oakville, Ont. has recently shipped two Airedales to Europe, one to Belgium and the other to Holland. Mr. Bennink is anxiously awaiting results of the summer shows where at least one of them will be shown.

## TOP AUSTRALIAN WIRE COMES TO CANADA

Aust. Ch. Ingalla Pocket Rocket was purchased at six weeks of age by Mr. and Mrs.. James R. Bruce while they were on duty at the Canadian High Commission in Canberra, Australia. For the three years while there this Wire Fox Terrier was shown to his Championship in six states of Australia and is recognized as one of the top dogs of the day. His record speaks for itself: 7 Best Exhibit in Show; 30 BOS in Show; 27 Best in Group; 33 BB and 15 Misc. General Specials (major wins); Challenge Winner Melbourne Royal Show 1963. Mr. and Mrs. Bruce have now returned to their home at 228 Northwestern Ave.,

### CANADIAN JUDGES SWEEPSTAKES

Mrs. Dennis Gardiner, Orono, Ont. judged the sweepstakes for the KBTCC at Chicago this spring. From the 14 entries she found her winner in The Daffy Duchess of Meredor.

### FAMILIAR NAME???

Ch. Tailteann's Blue Crystal was the BB winner at the Specialty Show in Chicago. This repeat performance was over an entry of 46 Kerries, with Mr. Frank Ward as judge.

### FOUR MAJORS IN TWO DAYS

Kerrycroft Kennels (Mr. and Mrs. Denis Gardiner), Orono, Ont. atended the recent weekend shows at Rochester and Buffalo, and came home with two majors for each dog, Ch. Kerrycroft Brigand and Ch. Kerrycroft Cara, and a total of seven points for each.

### OBEDIENCE HONORS FOR MINIATURE SCHNAUZER

Wildwood's Showboat, a Miniature Schnauzer owned by Paul and Ann Miley, Cleveland, Ohio. scored 196½ and 195½ at recent trials in Canada to complete his CD degrees in Canada, USA and Bermuda. He does not only excel in Obedience for he has points towards his Championship in all three countries.

### CANADIAN WESTIE NOW HAS AM. CH.

Ch. (Can. Am.) Wigmac O my Joshua, owned jointly by Mrs. J. H. Daniell-Jenkins and Margaret Keppel-Jones, finished his American Championship with three majors. He was handled by Florise Hogan, Rockford, Ill. "Josh" will be home with one of his owners, Mrs. Daniell- Jenkins, Rouge Hill, Ont., for a short holiday.

## FIRST AID HINTS

Porcupine quills, poison ivy and even a skunk bath are among the probable discoveries that will be made by adventuresome canine explorers during the coming summer. To help the owners of curiousity-seeking dogs cope with these and other summer hazards, Dr. John A. Pinkos, director of the Ken-L-Ration canine research center in Barrington, Ill., offers these tips:

1 The dog that is stung by a bee, hornet or wasp is not in great danger unless the sting is near an eye. In the latter case, treatment should be by a veterinarian. In other cases, extract the stinger, if possible, and apply a paste of boric acid powder with water. Ice packs can be used to reduce swelling.

2 Ordinary cuts and scratches need only be washed with antiseptic soap. If an ointment is warranted, make certain it is non-poisonous. Should your dog be bitten by another dog, clean the wounded area with a strong soap and take him immediately to a veterinarian. Remember to get the name and address of the other dog's owner, in case your dog develops rabies.

3 A good scrubbing with soap and water, followed with a rinse of 10 per cent ammonia, will take care of the dog that is sprayed by a skunk. To-

## The Prepotent Stud

*from page 14*

notable to reach our shores would be his handsome son Troll v. Richterbach. In turn, Troll's record as a sire in the States would parallel, very closely, that of his half-brother Ero in Canada. Then again, we now have an excellent example of prepotency carrying through to the third generation with Ulk Wikingerblut, a "Troll" son as well as "Axel" Grandson, who has achieved his R.O.M. in record time. It should be noted that each of these studs has been the product of a prepotent male and an exceptionally fine female of compensating bloodlines. Naturally, as we all have found out the hard way, lady luck as well as an exceptional pedigree is much involved in the making of the great dogs and females destined to contribute so much to the breed in the future.

I am well aware of several other lines, both from Germany and the States, who have also enjoyed this phenomenon but I feel that the Axel line has done and will do more to improve the breed as a whole.

On the other side of Ero's pedigree, his dam, Hanna v. Equord, was also found to have this ability to transmit many of her own fine qualities. After a brilliant career in the ring she too left many sons and daughters who were a credit to her famous ancestors. She was a half-sister of the highly rated Quell v. Fredeholz; their sire being Pirol v. d. Buchenhohe, the son of Baldur v. Befreiungsplatz, both pillars of the breed in their own right. The German breeders would not part with Hanna "for any price" and she was featured in a film to demonstrate the correct side gait required in the German Shepherd Dog.

It is in the hands of dedicated Canadian breeders to seek and use the best bloodlines of the top producing dogs available to carry on this trend in the next ten years. For it is in the wise combination of these dominant lines and in the incorporation of them into our basic stock today that will prepare us for the better use of the prepotent studs of the future. Let us not rest on our laurels to date, but let us strive together for the day when our Canadian bred Shepherds will be crowned Victor or Victrix in this country, in the face of stiff competition from any other quarter. ■

mato juice is also an effective rinse for eliminating the odor. If the dog's eyes have also been sprayed, an eye bath with a boric acid solution will suffice.

4 A dog that is bitten by a snake should be given first aid similar to that given a human in such a situation. Apply a tourniquet between the heart and the area of the wound. Next, slash a "X" across the area of the bite and force the poison out. Wash the wound with full-strength hydrogen peroxide and carry the dog to the nearest veterinarian. Do not allow the dog to move on his own strength.

5 The dog that encounters a porcupine might well come home with a face filled with quills. Each quill should be pulled out individually, after which the punctured area is washed with an antiseptic.

6 If your dog has been in an area thick with poison ivy, give him a thorough bath in hot water and strong soap. Use rubber gloves to protect yourself.

7 Upon rescuing a drowning dog, hold him up by the hind feet and drain all water from his system. Next, lay him on his side, with hind legs stretched behind and front legs forward. With your two hands on his chest, administer artificial respiration as you would on a human. When breathing resumes, let the dog inhale spirits of ammonia, if available, keep him warm and take him to a veterinarian.

Some of these hazards can be fatal, while others are only minor. Regardless of their degree of seriousness, however, all are painful and discomforting to your dog. If, in applying these rules of first aid, you are not always fighting for your pet's life, you are at least providing him some greatly-appreciated comfort and relief. ●

## CHIHUAHUAS AND WESTMINSTER

Mrs. Edith Nash Hellerman, Severn, Md., who recently judged the Toy breeds at the Windsor shows, will be the judge for the Chihuahuas at Westminster, 1965. The 1964 entry of 15 Long coats and 27 Short coats was judged by Mrs. B. Hofman. Neither breed placed in the Group.

### CANADIAN HONORED

Mrs. Yan Paul, Willowdale, Ont. has been invited and approved to judge four of the Toy breeds (Brussels Griffon, Italian Greyhounds, Pomeranians, and Pugs) at the Westminster Show in February, 1965. This is an honor seldom bestowed on Canadian judges. Mrs. Paul will also judge the Chihuahua Specialty to be held the day before Westminster as well as all the Toy breeds at Westchester on September 6, 1964.

### PEKINGESE IN INDIA

It is interesting to note the judges' remarks on the Pekingese at dog shows held in India. Mr. William Siggers reports on the KCI Ch. Dog Show held in New Delhi on February 16 and 17, 1964. "Kooh (Mr. Rajender Malhotra). A lovely fair specimen free mover. Ch. Skipper of Avondale (Madanlal Sah). Sable color. Excellent head and eye. Nice length of body, grand movement. Wonderful coat and plume. Short neck excellent in every way. Best of Breed and C.C. and later Reserve to Best Opposite Sex in Show. Sheba (Malhotra). A nice little red of the old type. BOS and C.C."

Mrs. O. Goldsmith judged at the Delhi show and of the same dogs had this to report: "Kooh, Four year old dog with a sweet face and nice head. Moved well but was absolutely out of coat. Fairly good bone. Refused to be handled. Sheba, nice 17 month old pet with a nice face, good bone and movement. Not a show specimen. BOS."

### SIZE OF MINIATURE PINSCHERS

When thinking of the magnificent little Miniature Pinscher the first thing which comes to mind is the opinion some breeders have as to what is too large or too small. The standard clearly states that as long as a male or female does not go under 10" or over 12½ it is eligible for show purposes, and is therefore a TRUE toy. I myself prefer the larger "Min Pin" and have a deep respect for the rights of the breeder who prefers the smaller type. Everyone is entitled to his or her own preferences. I feel all breeders should keep in mind what is best for the future of the breed as a whole, rather than what will benefit only themselves.

**HEADS IMPROVED**

Heads are certainly improving throughout the breed. Shoulders, elbows, depth and width of forechests need more attention. Tailsets are giving a problem in some bloodlines. I do not find too many with really poor hindquarters or toplines. I feel we should all strive for that most desirable terrier temperament. This is after all a "Terrier" and should act like one.

**ATTITUDE OF OLDER BREEDERS**

Lastly I find the attitude of older breeders most amazing in regards to any newcomer who dares to enter "their" territory. This does not bother me personally as I have been around for some years and have had the full treatment and will still be around for many more years. However, I know from past experience how badly a novice exhibitor can be made to feel by some rival breeder. As long as this condition exists and the novice turns away from the dog game because of some unhappy experience, where will our future breeders come from? Personally I am very happy to see any newcomers starting in my chosen breeds. I hope YOU are too.

### PUG TAKES EIGHT STRAIGHT GROUPS

When Ch. Acacia's Mar-Ma-Duke took the Group at the Save the Children Fund Show at Ottawa, in June, it was the eighth straight Group win for the marvelous little Pug. He was bred and is owned by Mr. and Mrs. John Loftus, Ottawa, Ont., and Mrs. Loftus has handled him for all these spectacular wins.

### PERFECT SCORE FOR BOSTON TERRIER

A Boston Terrier owned by Mrs. H. Harla, Buffalo, N.Y. scored a perfect 200 under Judge George Taylor at the June Obedience Trials conducted by The Burlington Kennel & Obedience Club. With 197½ points, under Mr. Gayle Humphrey, at the following trial this little Boston won the trophy for the combined score for the two trials.

### STUDENT'S TROPHY TO OWNER OF MIN. POODLE

The Student's trophy offered by the Burlington Kennel & Obedience Club for the highest scoring dog trained in the obedience classes conducted by the BK & OC was won by a Miniature Poodle, Beaubonn's Donna, owned and handled by Mrs. E. Winterbottom with a score of 194.

### IMPRESSIVE WINS FOR CANADIAN BRED POODLES

De la Fontaine Poodles (kennel owned by Mr. and Mrs. Ken Ellis, Streetsville, Ont.) have been making some impressive wins at recent American Shows. On July 4, at Genesee Valley K. C. show held in Rochester, N.Y., Can. Ch. Kilbarry de la Fontaine, Miniature Poodle owned by Mr. and Mrs. Fred Edge and handled by Ken Ellis, took BW. Can. Ch. Your Truly de la Fontaine, Standard Poodle owned by Mr. and Mrs. Derek Wardleworth, Gormley, Ont. and handled by Ken Ellis, took WF, repeating this win at Buffalo the next day. Also at Buffalo, Can. Ch. Bel Amie de la Fontaine, female Toy Poodle owned by Mr. and Mrs. J. Barr, Welland, Ont. and handled by Ken Ellis, took B.W. and BOS for a major in an entry of 25.

## YOUNGSTER WINS AM. CH.

Believed to be the youngest Poodle to win his American and Canadian Championship, Ch. (Can. Am.) Bibelot's Tall Dark and Handsome, a standard Poodle owned by Susan Radley Fraser, has completed both at 10 months and eight days of age. His Canadian title was completed when he was a mere seven months and one day old. He placed at least winners at four Poodle Specialties, placed in the Group five times from the classes and finished his American Championship at Buffalo by going BW for three points.

## STANDARD POODLE WINS MEMORIAL TROPHY

OT Ch. Domino Daedalus, a standard Poodle owned by Mr. Abe Zvonkin, Hamilton Ont., captured the Memorial Trophy offered by the Burlington Kennel & Obedience Club at its June Trial by scoring 194 points.

## Cover Story

*from page 1*

Ja-Mar's Avenger of Arbor finished his Canadian championship in fine style this spring in strong competition with the following record:

Show - G.S.D.B.A. Specialty, Judge - S. Dardarien, Awards - Best of Winners, Points - 5; Sportsman Show, R. Waters, Reserve, —; Sportsman Show, H. Stoecker, B.O.S., 2; Sportsman Show, K. Given, B.O.S., 2; Kent County K.C., R. Cross, Best of Winners, 1; Kent County K.C., R. Smith, Best of Breed, 1; Sarnia K.C., R. Sparkes, Best of Breed - 1st in Group; Hamilton K.C., R. Sparkes, Best of Breed, 2nd in Group.

We regret that Rebel was limping badly during the Sportsman shows, but his shoulder has healed and he is now in the States to try to gain his three points needed for his title there.

Rebel's first puppies in Canada are now old enough to determine their quality and we are very pleased with their conformation improvements, movement and temperament. So far "Reb" seems dominant correcting light eye color, poor shoulder assembly, poor feet, light pigment, lack of substance and stilted side gait. These early signs of dominance of his characteristics being transmitted to his offspring are very encouraging indeed.

Our Ch. (Can. Am.) Sussex-Leigh's Wendy of Donami, Can. and Am. CD has just celebrated her seventh birthday this past July. She has now obtained one leg towards her Canadian CDX, and we are hoping to complete this degree before she is bred to Ch. Fortune of Arbywood, late this fall. This son of Ch. Troll v. Richterbach, R.O.M. is a member of the famous six champion "F" litter Arbywood and, combined with Wendy's bloodlines, this breeding will feature linebreeding on such great dogs as Axel v.d. Deininghauserheide 3:3 and Hanna v. Equord 3:4 with Rosel v. Osnabruckerland on the sire's side of the pedigree. This will be Wendy's last litter and we have spent a great deal of time and study in deciding on the most suitable breeding partner available both in bloodlines and conformation. Limited reservations will be accepted on this litter and further particulars will be furnished on request. **Mr. and Mrs. John Logan**

# DON'T JUST STAND THERE — DO SOMETHING!

Each and every reader of this magazine can perform a service in his or her own community that would eventually see many places across Canada without a dog problem.

Mrs. Kerfoot of Okotoks, Alta., writes: "Cities and towns could well place a very high tax on uncastrated males and unspayed females with concession to registered breeding kennels . . ."

Indeed, this can be done, but the people empowered to enact the necessary by-laws aren't always capable of knowing just where to start. Plainly speaking, some haven't a clue. But kennel owners and dog breeders, by their long association with dogs, have an idea of just what should be done. These are the people who should offer their help and advice and so contribute toward making their community a better place in which to live.

It took a few years, but I can boast that my home town is now without a dog problem and I, as a kennel owner and breeder, had a little finger in the pie.

The severity of our dog problem was brought to my attention by a friend and member of the town Council. Gravenhurst was the worst town in Muskoka for dogs running loose and creating a nuisance! The schools were complaining about dogs following children to school and forming packs in the playgrounds. The teachers were expecting any day to see a child attacked. Residents complained because their lawns and gardens were being damaged. When my friend, the councillor, asked for my opinion, I suggested that licencing be strictly enforced and a fee similar to the cost of spaying be charged on every unspayed female. When my friend was hesitant in accepting this advice because the penalized people would likely object, I pointed out that it was these females that were costing the taxpayers the most of the upkeep of the pound by producing unwanted offspring.

I was then approached by the Mayor and asked for suggestions. The outcome was that a by-law was passed and dog owners were canvassed for licence fees — $12.00 for an unspayed female and $2.00 for a dog or spayed female (with

certificate of proof). Kennels registered with The Canadian Kennel Club and dealing only in purebred dogs were granted a concession and taxed a flat fee of $10.00. A dog catcher was hired to collect the tax and catch the strays. Now residents no longer had to contend with such a disturbing situation so were well pleased with what had been done.

Just as we sat back, satisfied that everything was rosy, our local newspaper decided it was time something was done about the deplorable condition of our dog pound (see the picture in the November, 1963 issue of *The Animals' Voice*). They made quite an issue of this and caused much fireworks at the Council meetings. 'Who said what' was reported in the paper and those of us who don't attend council meetings were awakened to the fact that the lone woman member of the Council was fighting a hard battle with the men members to get this disgrace rectified.

When I realized that our lady councillor had gained little ground and could not possibly win against such odds, I sat down and outlined the facts to Mr. Tom Hughes. Conditions were so bad that I hoped the Humane Society would feel justified in stepping in. A few days later I heard that Mr. Hughes and one of his co-workers had been in town and quietly straightened things out (and I wasn't implicated!).

The outcome of this is that we now have a new building with runs and although small and not fancy it is quite suitable for our needs.

Conditions here in Gravenhurst were no different or worse than in many communities, but the reason they had come into existence was due only to apathy on the part of the Council and residents. But, on the whole, we are a town of very humane people as was proved last fall at our municipal election. We showed our feelings at the polls by giving full support to our lady councillor and she led the polls and was ahead of her runner-up by half again as many votes. There were other reasons too, why this happened, but her efforts in the name of humanity didn't go unnoticed or unrewarded.

I am happy with the conditions as they are in Gravenhurst now. I am happy too that I played a small part in bringing them about.

—Win Terelly

A member of the Cornell University faculty was awakened at 4 a.m. by his telephone. "Your dog is barking and keeping me awake," said an irate woman's voice.

The professor thanked her and hung up. The following morning at four the woman's telephone rang.

"Madam," said the professor politely, "I have no dog."

# DOGS & PEOPLE

Lovely shows and beautiful country was the comment of *Judge Mary Southcott* of Milton, Ont., who judged the Specialty for the German Shepherd Dog Club of Washington in Seattle ("a record entry of 148 in the classes, plus big progeny classes, both with plenty of quality"). She also judged several Obedience classes at the Longview-Kelso KC all-breed show on the west coast, plus the Specialty for the German Shepherd Dog Club of Manitoba in Winnipeg, all within a week. In mid-July she judged German Shepherds at the Burlingeon Vt. show and Obedience at the show in Stowe.

The trophy for BIS offered by The Progressive KC, Toronto in June was in memory of *Mr. Clarence Stevens* who recently passed away. Mr. Stevens had been President of the club for many years.

*Miss Anne Gerigs*, Pickering, Ont. has returned from a trip to England. While there she chose three German Shepherds from the Alsatian Kennels of *Mrs. Dorothy Stanley*, Alton, Hampshire, one puppy going to *Mr. and Mrs. T. Monk* and one adult and one puppy for Blazenberg Kennels, Thornhill, Ont.

*Mrs. Maureen Samuels*, well-known Chihuahua breeder, (Shillmaine Kennels, Mimico) is visiting her mother in Ireland. She plans to return toward the end of August . . . *Mr. Samuels* has received a letter from Neville sur Seinne, France, reporting the fine condition in which a Chihuahua from his kennels had arrived. Mr. Samuels was training a puppy in Obedience in Union Station when the visitors observed it and ordered a puppy on sight.

Died: *Mrs. W. G. Bleeks Walters* of Ottawa, one of the veterans of the dog game in Canada. For more than 40 years Mrs. Walters had been an active member of the Ottawa KC and had been a member of the club's executive for more than 20 years. At the time of her death she was the club's first vice-president. Recently she received The Canadian Kennel Club's pin signifying 25 continuous years of membership in the CKC. Mrs. Walters was a lover of the Irish Setter and by a strange coincidence her last dog of this breed, which had been put in kennels when she entered hospital, died just two or three months before her death. Active in community affairs, Mrs. Walters was a long-time member and worker in the Ottawa Branch of the Humane Society and had for many years been a voluntary worker with the Red Cross, taking charge of the Ottawa Loan Cupboard and being particularly active in the campaign for blood donors.

During her trip to the American and Canadian West Coast *Mrs. Meta Loveridge*, of The Canadian Kennel Club staff, visited with *Mr. and Mrs. Bob Osborne* and *Mrs. Elsie Murray* of Vancouver. Mrs. Murray joined her in attending the Kelowna and Vernon shows and spent some time with *Mrs. W. Clementi* (Yclept Russett Kennels) of Milk River, Alta. Later they enjoyed the Calgary Stampede.

*Mrs. Gwen Appell* of Vancouver has returned from an extensive visit to England, Scotland and Wales. While there she took in one of the large Shetland Sheepdog Specialties.

Shelley, a black Poodle so dear to its owners that they purchased a new car for her convenience, went AWOL, but was returned a few days later when found by a 15-year-old girl. The Toronto Poodle earlier had fallen out of the family convertible, which was replaced by a hardtop model.

When *Countess Francesco de Rege*, wife of the Italian Consul-General leaves Canada with her husband at the end of this month, she will have with her Penny, her Cocker Spaniel, and favorite souvenir of Canada. *Count de Rege* will serve as Ambassador of Italy.

*Patricia Detmold*, artist and breeder of English Setters, is now living and working in New York as a commercial artist, with one of the top studios. Three of her paintings are hung in the fourth annual show of the Society of Animal Artists at Lever House, 390 Park Avenue: the 1961 Jury selection of the portrait of her English Setter, Cheque, which appeared on the October 1957 cover of *Dogs in Canada;* "Irish Trio," the three Can. Am. champions of the *Threlkelds* of Halifax and "Nova Scotian Oxen".

A Montreal woman romantically named her pup Camelot, calling him Cam for short. Now she feels foolish shouting, "Stay, Cam." as they make their way around the neighbourhood. She remarks she only hopes Cam will do as he is told so that neighbours will not consider her an hysterical woman thinking everyone is in a panic.

*Anne A. Weisse*, Detroit, Mich. a frequent exhibitor of Old English Sheepdogs in Ontario this season, was badly injured when her station wagon was completely demolished. At the time she did not have her dogs with her as she was travelling from her Detroit residence to her home in a mid-western state.

The newly-formed St. Francis KC held its first meeting in Knowlton, Que. Officers appointed were: *Alan Burn* (hog breeder), President; *Mrs. Romaine Jones* (Samoyed breeder and sled dog racing official) first Vice-President; *Mrs. Nora Kinnimonth* (*Westies*) second Vice-President; *Mrs. Sybil Martin* (Collies) Secretary; *Mrs. Anne Schemilt* (horses) Treasurer. During the active evening *Mr. Staniforth* and his guide dog gave a demonstration, *Miss Dorothy Budge* with her two Black and Tan Cockers demonstrated Novice, Open and Utility work. Mrs. Cookie Dubne and her Golden Retriever showed the public some field work complete with a dead duck donated by the Brome Lake Duck Farm. Local Game Warden *Aldridge* outlined provincial laws regarding dogs and deer and *Mrs. Pamela Mack*, Montreal, spoke on work of the CKC and the Canadian National Live Stock Records Office.

Activities of the Coastal Canine Academy Show (British Columbia) were varied. At the Kiwanis KC show *Mrs. S. M. Luke* with her Miniature Pinscher 'Louie' took Highest Score in both Trials *Mrs. Messmer* and her Norwegian Elkhound "Bjarna" tied with Mrs. Luke for Highest Score the first day. *Mr. G. L. Laxton* with his German Shepherd "Baron" completed the CDX title.

To publicize the Sanction Trial and Show Mrs. Luke and *Mrs. Ann Whitton* appeared on television with their Norwich Terrier, Miniature Pinscher and Bouvier. *Mrs. Rogalsky* and her Standard Poodle, "Lacey" took highest score in Match over 26 entries.

The Sanction Show held May 23 drew 64 entries. *Mr. Paul Sykes* of California judged Hounds, *Mrs. Anson* and *Mrs. Sendall* other breeds. Best in Match fell to the *Jones'* Whippet, "Brandy". *Mrs. Elsie Murray* judged Junior Handling and *Miss Marian Powell* gave valuable assistance throughout the show. Mrs. Luke has completed her third UD, this time with "Louie", now a UDT.

The club entered four dogs in the Bridgeview Bay Parade. . . *Mrs. Irene Taylor* gave a talk to the Western Dog Training Academy on the duties of a trial ring steward. . . While visiting in Regina *Mrs. Wessman* took Highest Score at a trial with her German Shepherd, "Dorf".

Fall training classes resume early September. The club's big trials will be held in New Westminster October 4.

Died: *Mrs. Louise Turner*, 86, of Toronto, on July 21. A long-time member of The Canadian Kennel Club and various breed clubs, she was a breeder of Pomeranians, and later Chihuahuas. Ill with cancer for six years, she was confined to bed for the past 3½ years. Surviving are two daughters and two sons. . . . . *Andrew Dunn* of Port Credit, Ont., one of the oldest breeders of English Springers (Dunoon Kennels) in Canada. Many Springer breeders know of his famous Ch. (Can. Am.) Dunoon Donald Dhu, background of many Springers today in both Canada and the United States. Mr. Dunn also bred and exhibited English Cocker Spaniels and Labrador Retrievers. He was a noted Field Trial judge for Spaniels and ran many in the trials. . . . . *Frank Grant* of Lathrup Village, Mich, suddenly on July 24 at Detroit. A well-known breeder of Doberman Pinschers, Mr. Grant was a judge of Group III, some Group I breeds and Obedience, both in Canada and the States.
