FOOT CARE

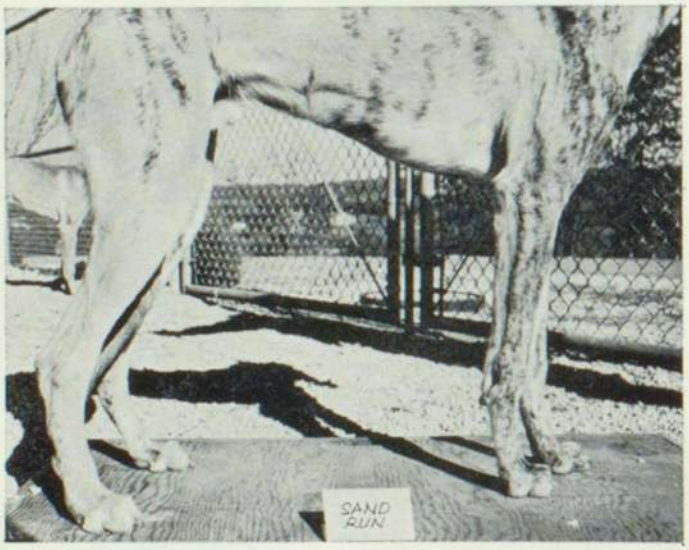

Judging standards for show dogs emphasize feet. Racing and hunting require good feet. Many breeds are criticized because of weak pasterns and splayed feet.

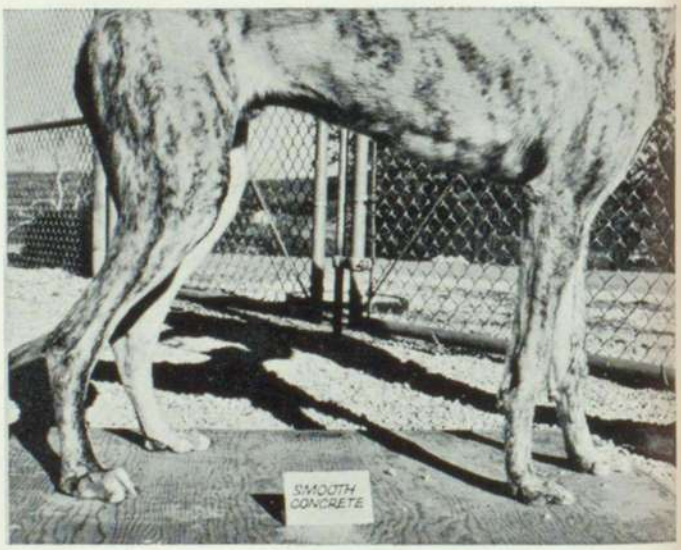

A strong pastern is the most important contribution towards a good foot. With strong pasterns dogs walk well forward on their toes.

Many well-meaning dog owners house their puppies in their apartments on slick floors. Toe nails grow long, the dog's pasterns become weak, and he becomes flat-footed. Flat-footedness can be produced by raising puppies on smooth floors.

Greyhounds depend on a tight knuckled foot to provide maximum "dig" or traction during a race. Greyhound puppies raised on smooth surfaces were observed developing relaxed carpals.

To determine the effect of run surfaces on the feet of Greyhounds, a litter was divided into two lots and placed in concrete lots 6′ x 30′ with 6′ x 6′ inside pens. One pen was left natural and the other was covered with 2″ of sand. After 26 weeks on the sand, the feet of the dogs on the sand surface were knuckled and "cat-footed". The dogs raised on the concrete run had long feet and walked back on their "heels". These dogs could never have performed satisfactorily on the race track.

These tests demonstrated that when young growing dogs are kept on smooth surfaces for long periods of time, poor foot development may occur. These surfaces do not appear to affect older dogs in the same manner once foot development has taken place.

Poor feet can also be produced by malnutrition. Many dog owners create imbalanced diets through excess supplementation of otherwise balanced rations. An excess of calcium added to the diet of growing puppies can produce an imbalance of phosphorus and other minerals in the ration. Improper vitamin supplementation can produce abnormal bone formation with mineral deposits in soft muscle tissues, where bone should not be found.

cover story

American & Canadian Champion Poodhall Euripides is a son of Am. & Can. Ch. Fidino of Villa Malta out of a daughter of Fidino's, and a full brother of the beautiful Am., Can. & Bermudian Ch. Poodhall Diana and, like her, he won both his championships before he was a year old. He is a sound, well-balanced dog of exceptional coat quality, and he loves the show ring. Although he is only two years old, he has 11 Group Firsts under the following judges: L. Garvie, M. Gordon, H. M. Gratton, F. Hall, E. Joel, J. Lundberg, R. Montague, L. Murr, P. Randell, P. Smith. He also has five Best Canadian Bred Puppy in Show awards and one Best Canadian Bred in Show, and we are confident that he will add to this list as time goes by.

Poodhall Kennel's association with Maltese dates from 1960 when, for the late Mrs. Justin Morgan, we showed Am. Ch. Fidino of Villa Malta to be top-winning Maltese in Canada. For 1961 and 1962 his stable mate, Am. & Can. Ch. Gina of Villa Malta, held this position. In 1963 it was Am. & Can. Ch. Pendleton's Peachytu shown by us, and for the last two years our own Poodhall Diana has been Canada's top-winning Maltese. In addition to Poodhall Euripides there are at stud his father, Am. & Can. Ch. Fidino of Villa Malta as well as the Group-winning Ch. Lorino of Villa Malta. Poodhall Diana is presently nursing a litter by Lorino about which we are very excited; there is also a litter representing a repeat breeding of Euripides and a litter by Lorino out of the English import Vicbrita Picturesque.

The Poodhall name was, of course, originally made known by black Miniature Poodles. Eng., Am. & Can. Ch. Pixholme Firebrave Gustav C.D. sire of 24 champions, our foundation sire; Am. & Can. Ch. Poodhall Gus (a former '*Dogs*' cover dog) who won 26 BIS and 100 Groups, and sired 19 champions, five of whom are themselves BIS winners; and Am. & Can. Ch. Poodhall Barbara did more than their share to make us known; but there were others, many others, because to date 43 dogs with the Poodhall name have won their championships. Number 44 will probably be Poodhall Arielle who, on her second trip into the show ring as a junior puppy, went up to Winners Bitch for three points at the CNE under Mr. Forest Hall. Evidence in a "small" way that we have not forgotten our beginning and, of course, we are still concerned with quality rather than with quantity in the Poodles and Maltese we breed and exhibit as well as those

the old timer

"To me," said the Old Timer "it's an admission of inferiority. Perhaps the time has come when we should do some thinking about it."

"Inferiority?" I asked. "Now just what are you talking about?"

I knew that I wasn't going to get an answer in a hurry. I knew this was something the Old Timer had been thinking about for he reached for his pipe and tobacco pouch. Getting the pipe carefully packed and lighted was a sure sign that he was serious about whatever was on his mind. So I waited until he was ready.

"I'm thinking about our Best Canadian Breds in Breed, group and show," he said, finally. "Perhaps we needed those as a salve to our ego in the old days, but do we need those awards today? Are the United States' dogs that come to our shows, the imports brought into the country, so much better than our Canadian bred dogs that we should perpetuate this thing, which to me comes something into the category of a booby prize? I believe we should do some thinking about it."

This was something I hadn't done much thinking about. I didn't even have a glib answer so I relied on mentioning that I had never seen him refuse a best Canadian Bred ribbon, either in breed, group or show and even pointed to a couple of Best Canadian Bred in show ribbons in his trophy cases.

"Sure," he said, "I took them. They've got some meaning of course, but is there any real satisfaction? Aren't they really a second prize? As long as we continue these awards aren't we really saying that Canadian bred dogs can't compete with the good ones from other countries?"

"Well, give me one good reason why the awards should be abandoned," I suggested. The Old Timer relit his pipe. He took a couple of puffs to make sure it was drawing the way he wanted.

"I can give you two, right off the top of my head," he said "and probably a lot more if I did a little thinking about it. First of all, give a little thought to that hard-working show secretary. The awards aren't confined to dogs entered in the Canadian Bred class. The winners can come out of everything from junior puppy to open. So when the secretary makes up his judge's book he's got to go through all the entries and make sure he's marked every Canadian Bred in the copy the steward works from.

"Then take the judging time. If it doesn't happen that a Canadian Bred dog takes the breed it's a matter of going back through the classes and bringing the dogs eligible to compete for Best Canadian Bred in breed back into the ring. And, if the show secretary has neglected to mark one of the dogs as Canadian Bred — and that happens — then the judges' books have to be checked against entries. In those cases where a Canadian Bred doesn't take the breed it adds at least five minutes to the judging of the breed. And you've got the same problems when it comes to judging in the groups and for Best in Show. If a stop watch could be used I'll guarantee that finding the Best Canadian Breds adds at least an hour or more to the judging time of any Canadian show. And isn't it a bit of an anti-climax when these consolation award competitors are brought back into the ring after the Best of Breeds, Best in Groups and Best in Shows have all been chosen?"

I had to agree that it was.

"Now I said I'd give you two reasons," the Old Timer said. "Perhaps this isn't a particularly valid or important one. But these Best Canadian Bred awards do cost show-giving clubs money. For a fair size Canadian show it means buying an additional 65 or 70 plain ribbons for each show. It means an additional half dozen group rosettes, which aren't inexpensive, and of course the big Best Canadian Bred in Show rosette. And on top of that, of course, there's the scurrying around for additional trophies. Frankly, I don't think the awards are worth it."

I thought for awhile. It seemed to me the Old Timer had a point, but one thing was worrying me.

"What about the Canadian Bred puppy awards," I asked. "Do you figure them in the same category?"

The Old Timer chuckled.

"They're something else again," he said. "They are youngsters, babies some of them, just starting out. From them will come our great dogs of a year and two years from now. But let's not ask them to compete on an equal footing with dogs two and three years their senior. Let them demonstrate their promise in competition with their own age group. By all means keep those puppy awards — although maybe it should be open to all puppies, no matter where born. After all, the thoroughbred horse people don't ask two-year-olds to race against all comers. They have their races restricted to the youngsters. In my opinion the same thing applies with dogs." □

TRIALS AND TRIBULATIONS

BY JAKE GIACOMELLI

Well!! Can you down your dog with a single command or signal while he's on a Sit, Stay 40′ from you? If you can't, it's one of two reasons or both — (1) you haven't done your homework faithfully or (2) your corrections have been too weak and ineffective, or it's been a combination of 1 and 2. The homework you were given last month is quite easy and simple if followed as outlined. For those of you that have done your homework and your dog is dropping 40′ from you, let's go on to the final stages of the Drop on Recall. Last month you recall we ended at Step No. 3, so let's take it from there.

So far we have been dropping your dog from a Sit, Stay position — we'll now put a little movement in your dog while dropping him.

Step No. 4 — Every **once in a while** when you're heeling your dog, suddenly, after you come to a halt, give the Down command and then watch what happens. If he drops instantly praise like mad — if he hesitates, or is slow to go down, drop him like greased lightning with a firm correction and **praise** enthusiastically. If you've done last month's work properly, about one correction is all he'll need to catch on to this new twist — in any case keep reviewing all exercises to date until letter perfect.

Step No. 5 — Is slightly different — while heeling, and in motion, give the Down command, **then** come to a halt. If your dog hasn't started down by the time you've come to a halt, drop him swiftly and firmly and pour on the praise — praise like you really mean it — don't fake it — he'll know the difference.

Steps 4 and 5 should only be done occasionally; otherwise you'll have your dog dropping on you every time he comes to a halt. If at any time while practicing Steps 4 or 5 he goes down on his own without any command from you, simply jerk him swiftly upward to the Sit position and praise him for being in the Sit position, (although you've actually put him there).

Within a week, or much less time, depending on your corrections, Steps 4 and 5 should present no problems.

Step No. 6 — Have your dog in the house with you, or in your yard, with his 5′ or 6′ training lead snapped on to his collar and trailing on the ground. Now, when anything happens to get your dog all excited, such as the mailman coming to your mail box, the milkman, the baker, children coming from school, husband or wife coming home from work — give him a Down command, just loud enough so he can hear you. If, in the midst of all this excitement he obeys instantly, praise enthusiastically — you've done a good job on your ground work. However, if he hesitates, or is slow going down, or doesn't go down because of the excitement — grasp the lead close to his collar and give a swift, firm downward correction in no uncertain terms; then praise to the high heavens, as if the Down position he was so forcibly brought to was his own idea in the first place.

Do not leave Step No. 6 until he will drop for you on first command or signal, regardless of the type of distraction or excitement that may be affecting him at the time.

Do not accept a slow drop on any of the training outlined in Steps 4, 5 and 6 — the response to the command or signal to drop must be instantaneous — if it isn't, you're neglecting to follow through swiftly and firmly enough.

Up until now we have been practicing nothing but straight Recalls — well, my friends, I'd like to lay you odds (if you've honestly and dutifully carried out all previous six steps to their successful conclusion) that the **first** time you call your dog in to you from a Recall position he will drop instantly at whatever point of his Recall you decide to drop him!!

CLOSING TIPS:

(1) For every proper Drop on Recall you do, practice at least six straight Recalls without the Drop.

(2) Occasionally, when you have dropped him on a Recall, go out to where he is, praise him gently, but keep him in the Down position — then go back to where you called him from originally and call him in the rest of the way and praise him again for coming in.

Carling Conservation Club Awards

In Retriever circles the most sought-after honors are the Carling Awards for Top Retrievers. Four Annual Challenge Trophies are offered for the winners of every year's competitions:

Award #1: Top Canadian Open-All-Age Dog. This goes to the Retriever amassing the greatest number of championship points in Canadian Open-All-Age Stakes.

Award #2: Top Ontario Open-All-Age Dog offered for the dog gaining the greatest number of Championship points in Ontario Open-All-Age Stakes competition.

Award #3: Top Ontario Junior Dog gaining the greatest number of points in Ontario Junior Stakes.

Award #4: The Annual Bench Show Challenge Trophy.

In the case of the two Ontario competitions the dog must be owned by a resident of Ontario. While the Top Canadian Open-All-Age top dog must be owned by a resident of Canada, the #4 Challenge Trophy is available to the top-winning dog on the bench owned by either a Canadian or American resident.

For the information of anyone interested in entering a Labrador in the Challenge Trophy competition, the award is competed for on the fifth day of the Sportsmen's Dog Shows. This honor goes to the best bench type dog (one class for each breed). These classes, according to the show regulations, "are open only to Chesapeake Bay, Golden and Labrador Retrievers which have placed (first, second, third or fourth) in a Stake at a licensed, sanctioned or training trial sponsored by a recognized club, held under the rules of The Canadian Kennel Club or the American Kennel Club or have received a Judges' Award of Merit at a licensed, sanctioned or training trial." There is a small additional entry fee per dog, but the dog must also be entered at the regular entry fee in one or more of the official CKC classes at the show or for Specials Only, and it is essential that the entry blanks indicate entry in Field Trial Classes. The judging takes place after Best Canadian Bred Puppy in each breed. After the completion of the judging of the Field Trial Classes for Chesapeake Bay, Golden and Labrador Retrievers the winner of each class is brought to the ring and the judge makes his selection of the best of these three dogs.

Presentation of the awards is made by Carling representatives at the company office nearest the locale of the winning dog's owner. The actual challenge trophies, however, are held in the custody of the Canadian National Sportsmen's Show and may be seen at the CNSS offices in Toronto.

BEAGLES

IN THE FIELD

A big voice booming out over the fields, a roaring laugh and a personality merry as a Beagle's. That's Joe Tiede, founder of the Beagle Association of Ontario and for many years the representative for Beagles for The Canadian Kennel Club. A judge of Beagle Field Trials, he is one of Canada's top working Beagle men. If you have questions, write him at R.R. No. 8, London, Ont.

At this time I would like to write a little on one of the strains of hounds, and one of the oldest breeders still alive to my knowledge. That is Willett Randall and the Patch Hounds. I realize that the old-time beaglers are well aware of Willett and his Patch Hounds but I feel certain our newer comrades only know the man through his wonderful contributions to *Hounds and Hunting*.

As I know Mr. Randall, he was never one to blow his own horn, and of his later articles he refers mainly to his great hunts and life around the Adirondacks. Having met Willett Randall only once, when the Canadian National Beagle Club held their trials at Forest, Ont., where points were awarded both in the AKC and the CKC at that time, I was still extremely green around the eyeballs to the sport of beagling. In the very short time I sat in the presence of Willett and his friends, I realized how dedicated a man this was, to the breeding of great hounds. At this time, Willett's love for trials was ebbing but his breeding was far from gone. From the information I have gathered over the years on the Patch Hounds, and Mr. Randall, he never did approve of the 15 minute performances, but spoke mostly of the 12 to 19 hours of continuous running.

I must truthfully say I have never seen hounds on a continuous drive for any such length of time but the material on hand backs up Mr. Randall's statements, and I am sure because of the calibre of sportsman that Mr. Randall is that if it were not the gospel truth he would not have uttered the statement. My information states Mr. Randall started into the Beagle game in the 1890 period, and at that time his Beagles were known as the Randall Beagles. In about 1910 or 1911 Mr. Randall mated Madge R.II to The Pathfinder from which seven puppies arrived, four dogs and three bitches. One of these pups turned out to be the foundation of the Patch strain but more on this later.

The Pathfinder was also raised by Mr. Randall from out of a litter of nine males, who were all retained as foundation stock, as was Madge R.II who was sired by Adirondack Nip, and her dam was Devil's Dot. All of these hounds were bred by Willett. Madge R.II was of a litter of seven, six of which were very high-class field dogs. The seventh died in infancy. In the above mating of The Pathfinder and Madge R.II, the outstanding hound in the light of everyone who saw him was one registered as Patch, a 14½" hound near perfect conformation — all white with a couple of black patches, hence the name. Of this litter of seven pups only two bitches were kept in the Randall Kennels until their death. Examination of the pedigrees of the early progenitors of these dogs shows that they contain the blood of the most noted importations, notably that of Champion Lee and his descendants.

Patch was the only one in this litter who was ever started at a recognized field trial and while all the rest of them were considered above average field dogs, they never had an opportunity to demonstrate to the public. Patch immediately attracted the attention of the Beagle world and won both the admiration of great Beagle men and an enviable reputation.

I would like to quote from an article by H. W. Prentice, the author of *The Beagle in America and England:* "I never hope to see his superior as a white hare hound. My experience with him covers three consecutive years. I have followed him for 19 hours of continuous driving of the white hare in the Adirondack Swamps. During those 19 hours of continuous driving, he presented his hare to me 100 different times and every trick known to hareology had been played ahead of him. I saw the hare wheel him, angle him, back track and squat, hounds cut in ahead of him, but no matter, he has always been consistent in his work and clothed in a garb of hare sense, determination, courage, endurance, speed and ability to accomplish his superiority as a hare hound over and above all who have been put down before me".

Patch was purchased by Arthur C. Wheeler when he was a weanling and to him goes the credit of naming the Patch strain as he attempted to register his dog as Forest Patch, but due to the fact that Forest was already a registered name in the AKC the Forest was dropped and he was registered as Patch. Mr. Wheeler raised and developed him as a cottontail hunter. Later, Wheeler, owing to business pressure, sold this dog to a Mr. Barclay in Pennsylvania. When Willett found out about this sale, he at once repurchased him. Patch was mated only once while in Wheeler's possession, to a bitch named Forest

Queen, a bitch of high quality purchased from the Randall Strain, one of which, Dixie W., became a champion in one season.

After Willett repurchased Patch he studded him heavily to bitches close up to this same line of breeding — to mention just a few who had Champion prefix: Jack Patch, Paddy Patch II, Bob Patch, Palmetto Patch, Nellie Patch, Bishop's Trixie Patch, Bessie Patch, Kemp's Princess Patch and many other great field trial performers. At this time I will relate Patch's record to his championship: Second — 15" all age, Empire — 1912 hare. Second — 15" all age, Empire — 1913 hare. Reserve — Subscription stake — 1913 hare. First — 15" all age, Northern Hare — 1915 hare. First — 15" all age, Northern Hare — 1916 hare. First — 8 hour stake, Eastern — 1917 hare. First — 15" all age, Northern Hare — 1917 hare. First — 15" all age Eastern — 1917 hare. First — 15" all age Eastern — 1917 cottontail. Show Wins: — First Limit — Albany, N.Y. — 1912. First Open — Albany, N.Y. — 1912. Winners — Albany, N.Y. — 1912. Gold Special — Albany, N.Y. — 1912. Fourth — Field Trial Class, Westminster Show 1912. Second — Open — Syracuse, N.Y. 1912. First — Field Trial Class, Albany, N.Y. 1912

As you will note, this is quite a record of achievement.

One thing that remains a mystery to the writer is why, with such a strain as the Patch hounds, more of this breeding is not found in today's pack stakes where the emphasis is on hard drives and endurance. The writer inquired of Mr. Randall for a 13" male or 15" female hound, but at the time my inquiry was made nothing was available. Should the opportunity arise this year, it is my intention to visit Mr. Randall and I hope to return with a Patch prospect. □

New Gaines Film

The book, "Training You to Train Your Dog" by Blanche Saunders, is familiar to many of *Dogs*' readers. Honoring this internationally renowned obedience expert, Gaines has just released a film devoted to her work. Done in color and sound, the 16 mm. picture depicts such aspects of training and exercises that can qualify a dog for a degree as Companion Dog Excellent, Utility Dog and Tracking. Producer and photographer was J. Kilburn (Limey) King. Mrs. Blanche Carlquist, well-known obedience trainer and a protege of the late Miss Saunders, is the featured instructor in the film.

Dog clubs and other interested organizations may obtain the film on a free-loan basis by writing to Gaines Professional Service Centre, P.O. Box 4019, Terminal A, Toronto. The Centre advises at least four weeks prior notice and requires that a specific showing date be stated.

Organized War on Hip Dysplasia

The war on hip displasia enters a new phase with the establishment in Philadelphia, Pa. of a non-profit Orthopedic Foundation for Animals, Inc. Purpose is the control and eventual elimination of musculoskeletal disease but with the control of H.D. in dogs as its immediate objective. Management of the Foundation is in the hands of six directors representing various areas of America's dog world.

The program, open to owners of all breeds, is modeled on the control certification program for members' dogs carried on successfully for a number of years by the Golden Retriever Club of America.

An owner who wishes to have a dog certified as free from dysplasia secures from the Orthopedic Foundation, P.O. Box 8251, Philadelphia 19101, an application form for having a pelvic radiograph examination. The form he receives is accompanied by instructions for the owner's veterinarian as to size and type of X-ray, positioning of the dog, etc. The radiograph and completed form, together with a fee of $10, is sent to the Foundation for screening and then routed to three independent veterinarian-scrutinizers. From their findings a consensus is prepared and furnished to the owner and the veterinarian who took the X-ray. A certificate of approval is issued for the dog having no radiographic signs of hip displasia; a letter of explanation of any hip abnormalities is furnished for every dog that cannot be so certified. Results are confidential.

LONDON CALLING

BY Stanley Dangerfield

As the year draws to a close we in Britain are seeing evidence of a boom in dogs and dog shows which surprises even those optimists like myself who never had any real fears that our economic crisis would slaughter the pastime.

It is perhaps hard for the rest of the world to appreciate that in these small isles we regularly stage some 2,000 dog shows a year. Work this out and you will find it comes to around 400 a month or 100 a week. Now appreciate that we do not have Sunday shows and that mid-week shows are not very popular. Saturday is the big day and I would estimate that the average number held on that day is around 50.

Even this is not all however. Because of the weather mid-winter shows are less frequent and mid summer is monopolized by the big events. Thus spring and autumn are the times when the smaller canine societies really go to town. During October there were some Saturdays on which nearly 90 shows were held!

If you lived in Birmingham, which is in the centre of England you could have driven very comfortably to every one of them in the day. Even so, to the best of my knowledge every one of them made money and certainly none were cancelled through lack of support.

But the big shows provide even more striking evidence of boom. Thus we have the Ladies Kennel Association show, to be held in London on November 2, the entries for which have just closed as I write.

In 1964 the startling total of 4,700 dogs were entered. In 1965 this increased by 500 to 5,200, and we all thought the limit had been reached. But not a bit of it. This year it has gone up by another 700 dogs, bringing the total to 5,900!

Now for a little trumpet blowing as I wonder where else this alarming number of dogs could be handled so easily. Here are a few facts to think about. All dogs are benched but the hall is only available for one day before to set things up. It's a one day show and judging does not start until 10 a.m. By 6 o'clock in the evening all 6,000 dogs will have been put through the sausage machine right down to Best in Show.

By 6.30 the benching is coming down. By midnight the hall must be vacated. And there are no professional superintendents to achieve this miracle. It is all done, and this includes the secretarial work, by voluntary and unpaid labor.

I have just come back from a judging trip in Sweden, a country universally accepted as both advanced and enlightened. A super welfare state. A modern, clean and antiseptic Utopia. A country with a social conscience, a purpose, and in most instances a justified sense of fulfilment. This same dedicated, sometimes faintly boring perfectionism is applied equally to dogs and dog shows.

Since the war, Sweden has made more rapid advances in the cult of the pedigree dog than any other country in Europe. Although statistics are not available, my impression is that the ratio of pedigree dogs to mongrels is very high. Moreover the quality of dogs improves rapidly. This may well be because Sweden imports more British dogs per head of the population than any other country in the world, although I admit Canada runs it a very close second. More important, although the Swedes buy show dogs as distinct from pet dogs, they buy them less to win prizes than to improve breeds. Naturally they like to win but greater emphasis is placed on the future than the present.

This becomes apparent immediately to the many visiting British judges because they are invariably requested to judge severely. Severity is the last thing that most other countries demand of us. Indeed there are many countries in Europe where dog exhibitors would be more than pleased to 'con' a first prize off an English

judge even if their dog had a wooden leg! Perhaps this is a human failing. Perhaps the Swedes have fewer human failings than most. In any case it is refreshingly rare to meet livestock breeders who are unemotional purists.

Although British judges are welcome because of our experience, Sweden is not always quite happy about our approach to imperfections. Take for example teeth. The average British judge yanks open mouths, makes a mental note that the dog has enough teeth to bite him with and leaves it at that. The Swede counts and records the precise number of incisors, canines, molars and pre molars in both jaws. Let there be one missing and an otherwise perfect dog is sent from the ring with a gesture reminiscent of a Victorian father banishing a fallen daughter.

Inevitably, Swedish breeders are handicapped by such problems as travelling difficulties and a harsh climate. But they are learning fast. Learning so fast in fact that the applause was terrific for the Best in Show, conqueror of 1,700 dogs, including scores of Scandinavian champions, who was a stylish and typical young Golden Retriever named Stolford Sea Bird. He was bred in Norfolk, England!

One thing this world of dogs has never lacked is stories of the past. The 'good old days' when the people interested virtually made up the rules as they went along.

A few of us were reminiscing the other night and between us we turned up the three following examples of things that could never happen today.

First the judge who was asked to decide between two dogs of a breed he had never even heard of — far less knew. Asked afterwards how he worked things out, he said: "I thought I heard one of them growl a little so I gave it to the other".

Then a famous all-rounder faced with one of those enormous classes we can get who said to the 60 or so exhibitors, "Walk up to the far end of the ring and unless I call you back, keep on walking!"

Finally, another of an all-rounder, still remembered if not respected for his brusque manner. When he was faced with a class consisting of 65 dogs of all breeds he said to his steward. "I've no time to waste so if I say O.K. when they move put them in that corner. If not, chuck them out".

The steward obeyed the instructions literally. When the vast class had been moved the judge said, "That's thinned them out a bit. How many have we left?

Dead pan the steward answered. "Two"! □

Famed Judges to Assess 27th Chicago International

A panel of 26 judges will officiate at the 27th annual International Dog Show scheduled April 1 and 2, 1967 in the International Amphitheatre, Chicago, Ill. This is North America's biggest indoor show, held in America's largest exhibition hall. Mrs. August Riggs IV of Woodbine, Md. has the honor of selecting the Best in Show dog. Many of the Group judges are well known to Canadian exhibitors.

Sharing the obedience judging is Richard H. D'Ambrisi of New Providence, N.J. and Harry J. Lowenbach of Chicago.

The size of the hall makes it possible to stage such exciting events as indoor field trial exhibitions, Whippet and Afghan Hound racing, and Sheep Dog Herding demonstrations by Border Collie champion winners of the North American Sheep Dog Trials.

The International entry of 3,402 dogs last April was a new record high and was the largest entry attained by any show in the United States in recent years.

Heard during one of the interminable dog fancier telephone calls: "Just a minute. Let me change ears."

A thoughtful gift for your "doggy" friends and customers

THIS MAY HURT BUT IT IS ABSOLUTE FACT

Each winter in Canada, millions of fur-bearing animals will die slow agonizing deaths in leg-hold traps, unless we do something about it.

People like you and me cause this suffering because we forget what happens between the time the trap is sprung and the time (perhaps many days later) when the skin is collected to make the coat we wear with pride.

Our Association is promoting, by every means possible, the use of humane instant-killing traps.

HUMANELY SPEAKING

BY TOM HUGHES

Forgive me if I literally "blow my top" on the subject of glass. Broken glass. Jagged bits of broken glass that become partially covered and hidden from sight. Glass that covers, apparently, a large part of the countryside. Glass that lies in wait for the innocent dog. Your dog. My dog.

I don't know if you have noticed it lately but the glass situation is becoming increasingly desperate. I understand that the policy of soft drink manufacturers is changing towards the "non-returnable" bottle. In other words no money back on the bottle. This policy has produced a situation where literally hundreds of thousands of bottle scavengers are going out of business. Kids have looked to bottles as a source of revenue. "Any empties mister"? used to be the codeword for "Operation Basement". But no longer. No longer do the kids hang around the boat clubs or docks waiting for the empties to be tossed overboard. No longer is there a gang of kids waiting to get under the bleachers after a game. You might say that the market has dropped out of the 'empty' business. Thousands of budding businessmen are back on the bread line hanging around Mom or Dad for an odd job to make an odd buck . . . Indeed times are bad. If it isn't enough to have inflation, tight money and higher taxes to worry about now the younger generation faces potential bankruptcy.

What has all this to do with dogs? Plenty. The kid, that is the average kid, of the male gender that is, has one undeniable urge at a certain age. He must break or destroy something. No boy can resist the temptation to set up a bottle and throw stones at it.

When he could cash the bottle in for money that was a different matter. He could use the cash for all sorts of pleasures, especially the forbidden ones. But no longer. Now the lowly bottle is only worth smashing.

The result is that tens of thousands, perhaps millions, of empty glass bottles are now being broken all over Canada to such an extent that it is becoming increasingly difficult to find anywhere to exercise a dog without a great danger of the dog's feet being cut to ribbons. The pain and unnecessary suffering caused to the dogs can hardly be calculated. How do you measure suffering to dogs' feet? All I can tell you is that my own dogs sometimes hardly notice a cut but at other times they squeal like a stricken rabbit. It must be the way they are cut or the mental attitude of the dog at the exact moment it happens. But the end result is that my dogs are carted off to the veterinarian for emergency treatment.

Only the other day I was exercising my dogs at dusk. Actually it was dark. Dark enough that I couldn't see the extent of the wound when one of the dogs came limping into me. I felt his foot and realized my hand was covered with blood. I used my handkerchief to apply a temporary bandage but this could not stem the flow. As you can well imagine I was in a panic. Fortunately I wasn't too far from an animal clinic and help was quickly obtained. But supposing I had been miles away from anywhere and no help at hand. The dog could easily have bled to death.

I can tell you that my thoughts were dark and bitter. I would have dearly liked to get my hands on the person who smashed the bottle.

I have no objection to people buying, using or emptying bottles. I suppose I have done my own fair share of that pastime. But for Pete's sake why do they have to pitch the empties away where some kid can find and smash them? The other day, while out with the dogs, I counted no fewer than 14 empty whisky bottles in less than half an hour. I picked them up with the intention of disposing of them safely. Have you ever tried to carry 14 empty whisky bottles? And can you imagine the looks people give you when they meet you walking along a footpath carrying so many empty bottles that are very obviously used whisky containers. I mean what do you do? Do you simply grin and mutter "I'm on a bottle drive"? Or do you try to pretend that you don't care what they think? Whatever you say it's easy to see that the people you meet think you're some kind of nut. And probably a dangerous one at that.

Stormy is tops in 1966

Spectacular retriever first Eastern dog to win the Carling award

1966 High Point Open All Age Retriever in Canada is Dual Ch. and American Amateur Field Trial Ch., Stormy of Spirit Lake Gal, owned and handled by J. M. Thomson of Toronto.

This is the first time an Eastern dog has won the coveted Carling Conservation Award for high point retriever in Canada.

This year, out of 15 starts, Stormy completed 14 trials with five firsts, five seconds, one third, one fourth, plus two certificates of merit or C.M.'s, earning a total of 42½ points.

In June, 1963 Jim met Stormy's original owner, the late R. L. (Babe) Norman. Ill health would not allow Babe to campaign Stormy. Babe wanted him campaigned, above all to be in a good home. Jim stayed with Babe and Vera Norman and talked retrievers almost around the clock for two days. In that time Babe and Jim became friends and corresponded with one another after every trial, until two years later when Babe died.

Stormy's first trial was a spectacular win in a field of 52 entries. Three more trials made him a Field Trial Champion. Stormy finished the year second high point retriever in Ontario.

1964 — again second high point retriever in Ontario.

1965 — Stormy won the handsome annual Carling conservation award for high point Open All Age retriever in Ontario, along with the Whittaker Memorial Trophy presented by the Niagara Penninsula Retriever Training Club. This same year, he was also campaigned across the border and qualified for the 1965 American Amateur National Championship Stake. He also won his American Amateur Field Trial Championship that year. In addition to taking a first at the Canadian National Sportsmen's Show indoor retriever trial, Stormy was awarded Best of Breed on the bench, and went on to win his Bench Championship.

In the short time since 1963, Stormy has earned a total of 92½ Open All Age points in the field. This makes him high point retriever of all time in Canada. He also has a total of 15½ American Amateur All Age points.

Stormy's phenomenal success this year could be that his age, (8½) has reduced his speed, resulting in fewer mistakes being made by over-shooting marked birds. Next year, who knows, —if he is in good shape, he will campaign and take another crack at the Canadian National. If not, no more trials — strictly fun in field and marsh with a well-earned retirement.

KNOW YOUR CLUB

FIRST IN A SERIES of articles, prepared jointly by The Canadian Kennel Club and the editors of Dogs in Canada, for the purpose of better acquainting our readers with various facets of the club's operations and responsibilities. Breeders of pure-bred live stock in this country know only too well that an institution called the "Canadian National Live Stock Records" exists, but many have no doubt wondered how it came into existence, how it operates, what is its connection with The Canadian Kennel Club, and what is its primary function. In this and succeeding articles we hope to provide you with pertinent facts about an institution whose value to the world of live stock is appreciated not only within our own country, but in other countries where live stock records are maintained.

THERE can be no denying that during the past century Canada's growth as an industrial nation has been outstanding, but no one familiar with the economic development of our country since Confederation will deny that agriculture, in all its various forms, has been a leading factor in that development. That it has been so is due in large measure to legislation enacted by Parliament on the advice of successive federal governments, and as is generally known, much of the legislation concerning agriculture originates within our federal Department of Agriculture under the leadership of the Minister of Agriculture. In a later issue we shall describe how the Club operates under a statute administered by the Department, but our readers would no doubt be interested in how the Department played a leading role in the development of national live stock associations, and of the founding of the institution known as Canadian National Live Stock Records.

■ In the few years following Confederation there was founded in this country a number of live stock associations who proceeded to conduct books of record for the various species and breeds. The Canadian Kennel Club was founded at London, Ont., in September 1888. At least two provincial governments were the "proprietors" of live stock records. Registration offices were maintained at various points in Canada, many being at Toronto. That was the situation that existed when the then federal Minister of Agriculture, the Hon. Sidney Fisher, introduced before Parliament "An Act Respecting the Incorporation of Live Stock Record Associations". This Act was passed and became law on June 14, 1900, just 33 years after Confederation. The intent of this statute was two-fold. First, to provide the means by which a live stock association conducting a book of ancestry record could be incorporated under a special federal statute which would serve to add to the integrity and prestige of breed records; secondly, to "nationalize" the records of any breed or species to the extent that instead of two or more records involving the same breed or species, the records for each breed or species would be coordinated into a single book of record whose records and certificates would be recognized throughout the entire country. The advantages of such an arrangement hardly need defining.

Not content with having laid the basis for a system of live stock recording second to none the world over, the Minister, still the Hon. Mr. Fisher, was responsible for a convention of delegates of live stock associations held in the Imperial Building, Ottawa, on April 19, 1905. At that convention the Minister outlined a number of suggested principles upon which live stock recording associations could voluntarily cooperate by transferring their records to a common recording office through which all certificates could be issued, and of the ways and means by which the Department would assist such a worthy undertaking. The original Live Stock Pedigree Act of 1900 was amended in 1905 by the addition of a new section reading "And may provide for—(g) the exercise in conjunction with any other Association or Associations incorporated under this Act of any of its powers or functions through a common officer or officers to be appointed by such Associations." Most of the then existing breed records were transferred to Ottawa, and it was that voluntary "affiliation" of live stock recording associations in a common recording office that created the Canadian National Live Stock Records. At this time and with one exception, all live stock associations incorporated under the Live Stock Pedigree Act maintain their registration records at the Live Stock Records Office. So soundly were laid the principles upon which the free association of live stock associations in a common recording office was founded, that few changes have been made in the intervening 61 years, although the details of that continued association have naturally undergone some changes in an effort to place the affiliation on a firmer plane.

■ The Canadian Kennel Club was incorporated under the Live Stock Pedigree Act on April 15, 1915, and immediately thereafter its registration records were transferred from Toronto to the Live Stock Records Office at Ottawa.

Successive Live Stock Pedigree Acts have since provided for the free affiliation of live stock associations, but perhaps that affiliation is best provided for by the Live Stock Pedigree Act which became law on December 10, 1949. Sub-sections 1 and 2 of Section 13 of that Act read as follows:

> "(1). Associations may, by executing articles of affiliation and having them registered as provided in this section, affiliate with each other for keeping live stock records, issuing certificates of registration and of transfer, and performing such other services on behalf of the affiliated associations as are authorized by the articles of affiliation.
>
> (2). The affiliation shall be known as the Canadian National Live Stock Records, and shall be the successor to the Canadian National Live Stock Records as constituted immediately prior to the commencement of this Act."

Sub-section 3 provides that the articles of affiliation shall be in a form prescribed by the Minister, and the members of The Canadian Kennel Club attending the Annual General Meeting of the Club in 1950, authorized the signing of the articles of affiliation by the authorized signing officers of the Club. Now it can be truly said that the articles of affiliation serve two main purposes. First, to describe the principles which apply to the free association of those associations maintaining their registration records at the Canadian National Live Stock Records office; and secondly, to provide the basis upon which the Live Stock Records office functions, just as our By-Laws do in the case of the operations of The Canadian Kennel Club.

Naturally, some means has to be provided for the election or appointment of those who will be responsible for conducting the affairs of the Canadian National Live Stock Records. Authority for such administration is provided in the articles of affiliation which states that each affiliated association shall have, according to the number of its members, a number of representatives to what is known as the Canadian National Live Stock Records Board. The maximum number of representatives which an association may have to that Board is five, the number to which The Canadian Kennel Club is now entitled by reason of its total membership roll. The Live Stock Records Board meets annually, usually in Toronto, about the end of March or early in April. At the Live Stock Records Board meeting, there is an election of what is known as the Record Committee, and it is the Record Committee which administers the affairs of the Canadian National Live Stock Records, just as does the Board of Directors in the case of The Canadian Kennel Club. The Committee consists of a total of seven, which

includes the Chairman, Vice-Chairman and immediate Past Chairman. The Committee meets from time to time as occasion may require. The Secretary to the Committee and Director of the Canadian National Live Stock Records, the head employee of the Live Stock Records, is Mr. Frank G. Hodgkin, who has been associated with the Live Stock Records office for many years. The entire staff of the Live Stock Records office, including the various registrars, is responsible to Mr. Hodgkin, who, in turn, is responsible to the Record Committee for the proper functioning of the Records office under his direction.

The articles of affiliation already mentioned are identical for all associations affiliated and maintaining their records at the Live Stock Records office. No change may be made in the articles of affiliation without the approval of at least two-thirds of the affiliated associations.

■ As a result of questions raised, we might add the following by way of clarification. The Canadian National Live Stock Records is not a governmental branch of any kind and it is not a part of the Federal Department of Agriculture. An association incorporated under the Live Stock Pedigree Act need not necessarily maintain its registration records at the Live Stock Records office. In the processing of applications for registration of dogs the Live Stock Records office is bound to implement the By-laws of The Canadian Kennel Club so far as they relate to registration, and any policies which the Club itself may prescribe on any aspects of the registration of dogs. The records for dogs at the Live Stock Records office are the property of The Canadian Kennel Club. At the moment the Live Stock Records office maintains the records for 34 associations incorporated under the Live Stock Pedigree Act. In 1965, the Canadian National Live Stock Records on behalf of the affiliated associations, issued 186,311 certificates of registration, processed 138,363 transfers of ownership, maintained records for 27,065 members of one or more associations, and received and deposited fees totalling very close to $900,000.

■ In this brief review, we have sought to describe how the Live Stock Records office was founded and to describe its overall administration. In successive articles, we shall describe how each association pays for the work that is handled on its behalf by the Live Stock Records office, and of how the various items of business handled by the Records office are processed through that office. □

Were my Maker to grant me a single glance through these sightless eyes of mine . . . I would without question of recall choose to see first a child, then a dog.

R.O.C. Deviations

PART TWELVE:

A series by Mrs. Dennis Gardiner, Kerrycroft Kerry Blue Terrier fame, on "Common Deviations which Arise When Appraising Dogs for R.O.C.". Readers are invited to forward their comments directly to Mrs. Gardiner at Appleby Line, R.R. 6, Milton, Ont.

7 — FOREQUARTER DEVIATIONS
The Placement of the Forequarters Too Far Ahead on the Ribcage, produces:

SIDEVIEW

1 — THE ILLUSION OF A SHORT NECK — Note the illustration in October *Dogs in Canada*, how the cervical or neck vertebrae curve down and join the thoracic vertebrae behind the shoulder blades. The spines on the tops of the thoracic vertebrae increase in length to the 4th one and then begin to decrease. We have called the first 9 thoracic vertebrae the "withers" for easy reference as the spines all point more or less to the tail. The fourth or highest one has been termed the "tip of the withers". This illustration shows very clearly how the tip of the shoulders fits below the tops of these withers and gives the illusion of a long neck.

Now keep the forequarter assembly in the same position as to angles etc. ie shoulder layback but move it gradually forward on the ribcage. The tips of the shoulders become level with the tops of the vertebrae. If the assembly is even further ahead, the tips of the shoulders are right over the cervical or neck vertebrae. This deviation, in varying degrees, is very common in today's dogs and it is quite obvious that the shoulders are covering up the neck and making it look very short.

2 — POINT OF STERNUM LEVEL OR BEHIND THE SHOULDER JOINTS.

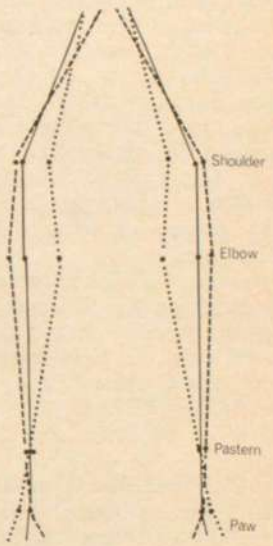

3 — THE ELBOWS MOVED FORWARD — produce:

(a) A long space between the back of elbow joint and the stifle joint. This can create the illusion of a dog being very long even though it is actually quite normal in overall length.

(b) A leggy-looking dog. The sternum, which forms the floor of the ribcage, runs more or less parallel to the ground to a point just below the "tip of the withers" in most breeds. It then curves forward and up quite rapidly to the point of the sternum or manubrium. If the placement of the forequarters is normal, the chest or ribcage is level or below the elbow joint. But as the assembly moves forward the elbows are positioned over the upward slope of the sternum, the end result being that the chest or ribcage appears to be above the elbows. This gives the illusion of a shallow-chested or leggy dog.

FRONT VIEW

When viewed from the front, the ribcage begins to widen gradually from the point of the sternum to reach the maximum breadth about the ninth or tenth rib. In most breeds it is so designed that the correctly placed forequarters will slope gently outwards from the tips of the shoulder to the shoulder joints. The elbows will fit closely against the chest wall, giving the legs the appearance of parallel straight lines, with the toes turning slightly out. This is illustrated by the heavy dark line (A).

A—solid line. B—dotted line. C—broken line.

To get a true picture of the deviations caused by the forequarters being too far forward on the ribcage, it is advisable to lift the dog up and drop it gently into a natural stance. These usually show up as:

1 — Illustrated by the dotted lines (B) show the shoulder tips remaining about the same distance apart but over the vertebrae. Under these conditions the shoulder blades tend to take on a more vertical position. This in turn swings the shoulder joints closer together tending to produce a narrow pinched front. The elbows are also brought together and for some reason have a tendency to turn in. In fact, in exaggerated conditions the points of the elbows will meet under the sternum, giving the "sawhorse" or "both legs coming out of the same hole" appearance. This causes the feet to drop a little further apart and turn out more than is desirable, putting a great deal of stress on the pastern joint. It is not uncommon to find weak or broken down pasterns at an early age in this type of conformation. The resultant gait is usually paddling in various degrees.

2 — The illustration with the broken lines (C) shows what happens when

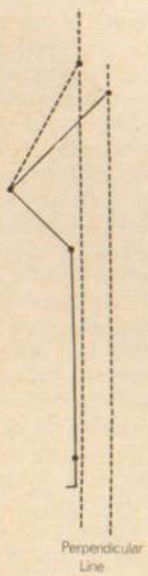

the tips of the shoulders come together due to the fact they do not have the withers or sufficient musculature to keep them in a normal position. When the points come together they are naturally going to swing the shoulder out, giving a wide, rather loose-looking type of front. The elbows are thrown even further out, the muscles are being stretched, resulting in a lack of coordination. The feet in this case tend to fall straight ahead or even turn in. In some cases this slackness between the shoulder and elbow joints can be taken up by fat or overdeveloped muscles which tend to disguise the deviation to some extent. The resultant gait is never quite true with a tendency to crossing and weaving in relation to the degree of the deviation, which causes stresses and strains on the muscle groups.

It should also be noted here that when the tips of the shoulders are bound too tightly together they tend to restrict the action of the neck. When the dog lowers its head the shouldertips tend to rise up and come together over the withers. If they are already in this position the dog will only be able to lower his head part way then adjust his legs so he can get a drink, etc.

The Placement of the Forequarters Too Far Back on the Ribcage.

It is quite possible that this deviation could exist. I have never encountered it and cannot find anyone that has. If any of the readers have run into it let us know.

Mr. and Mrs. Gilbert, of 133 Via Almeda, Redondo Beach, California, have the Bronwyn Smooth Fox Terriers and have done a considerable amount of winning on the West Coast.

They have sent in this drawing and statement: *"My possible explanation for the front assembly being further forward on the Fox Terrier, the shorter humerus."*

I have checked the Standard which says "the shoulders should be long and sloping, well laid back etc . . ." This brings up the old question, how long is long? what is well laid back? I cannot find any mention of a short humerus. This Standard is not unique in its vagueness. I find it practically impossible to understand what is desired in your breed and I am sure breeders and judges must feel the same. Standards should provide clear, concise and positive discriptions with basic measurements and ratios or even drawings.

I feel that it is mechanically impossible for a dog to have the skeletal structure such as illustrated.

Static balance or equilibrium appears to be achieved when a perpendicular line is dropped from the tip of the shoulder and it falls very close to the back of the paw. This was illustrated in last month's article. You can further substantiate this by dropping your dogs into a natural stance and placing a rule or straight edge from the shoulder tip to the ground. Try it and let us know what you find.

In this instance if the bone lengths are to be kept as such, balance or equilibrium could only be achieved by decreasing the layback of shoulder and increasing the angle at the shoulder joint as shown by dotted line and it should be noted how a steep shoulder increases the height of the dog. □

Judging in Argentina

by TIM REID

DOG show judges have many unusual experiences.

As I write this I'm just back from judging a show in Buenos Aires, Argentina, a round trip of approximately 13,000 miles over the first weekend in October. The trip provided:

(a) An opportunity to experience the coming of spring twice during 1966, as October marks the beginning of Spring in Argentina;

(b) An opportunity to eat, in one day, more delicious beef than I would normally eat in Canada in three;

(c) An example of hospitality from a warm-hearted, generous people;

(d) The experience of being carried around the ring on the shoulders of enthusiastic English Pointer exhibitors and

(e) An opportunity to judge dogs under a system I consider superior to that in Canada and which could be the answer to the charges of "cheap" Canadian champions. However, it would require a complete revolution in our system of judging dogs. It would require also a change in the thinking of exhibitors.

Let me tell you about it.

First, however, let me say that after judging the first dozen or so dogs I found I was not judging dog against dog, but rather judging each individual dog against the standard of perfection for that breed. Placings, I found, sorted themselves out naturally with little necessity of going over the dogs, one against the other, to decide which would be first, second third and fourth in the class.

In Argentina there are only four classes in each breed for each sex: Puppies, for which dogs up to a year are eligible; Young Dogs — from 12 months to two years; Adults — two years and over that are non-champions, and the champions.

The judge works under ideal conditions. Beside him at all times is a secretary who takes down the judge's ratings, given verbally, and who then transmits them to a corps of four other secretaries who record the ratings in what corresponds to our judge's book, but which is in fact a huge ledger with one complete sheet for each individual dog.

Dogs, basically, are not judged as first, second, third and fourth in a class, although, as a result of the system they do fall naturally into the placing and are so placed, usually with little or no further consideration by the judge.

Instead, each dog is rated individually and the judge may select any one of five categories (here pardon my Spanish if any slips are showing). These categories, starting with the lowest are:

(a) Insuficiente (bad) — obviously for poor specimens of a breed.
(b) Suficiente — for dogs having the characteristics of the breed but that are not good specimens.
(c) Bueno (good) — for reasonably good specimens.
(d) Muyo Bueno (very good) — for better than average.
(e) Excellente (excellent) — for top quality.

Now for judging procedure. The class is brought into the ring. The first two steps are similar to Canadian procedure. The dogs are taken around the ring for a preliminary look at type and gait. They are set up for a further preliminary look. But from that point the procedure changes. From there on the comparing of dogs in the class can be forgotten and the judge can concentrate on the individual.

The dogs are examined individually. They are gaited individually. And at the conclusion of the individual examination the secretary records immediately the judge's rating of that particular dog from "excellente" down.

I found myself frequently adding a "plus" or a "minus" to the particular rating.

I found, as a result of this system, that in nine classes out of ten there was no need for any further examination to place the dogs in order. Obviously if there was only one "excellente" it topped the class. If there was a "Muyo bueno plus" it would be second and so on down the line.

But what was more important, in my opinion as judge, was that after the first dozen or so dogs, when the system became fully understandable, I found I was not judging dog against dog but rather the individual dog against the standard of perfection of the breed. But also, what is of equal importance insofar as championships are concerned — and this will be explained next — I had no hesitation in finding in certain classes and breeds there was no dog I considered worthy of an "excellente" rating. In Canada or the United States I would hesitate to publicly downgrade a dog and embarass an owner by publicly withholding a first or a winner's ribbon.

Now, as to the making of champions. To qualify a dog must be awarded what are known as three "C.A.C. Certificates" by three different judges. "C.A.C." translates as a "Certificate of Attributes of a Champion". Only dogs rated "Excellente" by the judge are eligible for this award. But they do not get it automatically. After judging of the classes in the breed those dogs awarded "Excellente" are brought back into the ring. They are judged again and only then does the judge make up his mind whether or not to award a C.A.C. I withheld perhaps half a dozen, perhaps a few more because of faults which could be transmitted to the detriment of the breed even though the dogs of themselves were excellent specimens of the breed. Puppies, even though graded as "excellente", are not eligible for a C.A.C. certificate.

As I say I liked the system. A top dog, of a rare breed, can achieve a championship in three shows — it does not have to be dragged around to ten gaining the championship a point at a time. The best example of that was my Best in Show dog, a Chow Chow, and the only specimen of its breed at the show. After the judging I learned I had completed its championship and that the championship had been attained in three shows. These facts I also learned, AFTER the show. An English bred, it had been top Chow puppy at the 1966 Crufts' show. Imported to the Argentina only two months before I judged it, at a cost of 1,500,000 Pesos (roughly $8,000), it had been at three shows. At the first show it was reserve Best in Show with its first C.A.C., at the next, Best in Show with its second and I completed the title.

Other unusual notes —

Temperament is very much emphasized in the judging of German Shepherds (known in Argentina as Ovejero Aleman) by the firing of pistols and by an assistant testing the dog's reaction to a theoretical beating with a stick.

Poodles (in the Argentine known as Caniche) come in four sizes, the additional one being small standards from 13" to 15" and all being measured before being judged.

Among the most popular breeds are English Pointers. I had more than 50 of them in a 350 dog show and it was because I was the first judge to give a Pointer a group first in five years that I was chaired and carried around the ring by the devotees of that breed.

English Cockers outrate the American in popularity. I had about 25 of these to judge as compared with about ten American.

Unknown in Canada or in the United States, Argentina has a class for litters in which a brood bitch and her progeny are rated on the same basis as dogs entered in the classes. At least three puppies must be present to qualify and the judge's choice of the puppies must be indicated. I was rather shocked when my first litter (six Pointer puppies with their eyes scarcely open) was carried into the ring in a cardboard carton.

Meat is the national dish of Argentina with the top cuts of finest beef running at about forty-five to fifty cents a pound and three meat dishes at a meal not being unusual. To make Canadians feel good, however, small compact cars, such as the Fiat, Renault etc. cost roughly $3,200.

The people are friendly, warm and hospitable, with exhibitors accepting the verdict of the judges gracefully and courteously.

The climax of the show is a parade of all the dogs and their exhibitors in the order of rating, the Best in Show dog and Group winners leading off, with the judge on the receiving line shaking hands with each exhibitor.

Handling is emphasized, although there are no professional handlers as such. In a handling class I had a total of 78 handlers — men, women and children — to judge.

As to the quality of the dogs, I found little difference from Canada. There was the same percentage of really top dogs, the same percentage of good ones and the same percentage of average, mediocre and poor. Bodies and running gear, in the working and sporting breeds in particular, were excellent, but in Boxers and Pointers head types, in many cases, were different to those bred for in Canada and the U.S.A. As a rule, although there were exceptions, those breeds requiring trimming and grooming were not as well presented as on this continent. □

NOTICE

From time to time our attention is drawn to the practice of some breeders who, when advertising or otherwise offering dogs for sale, indicate in some way that the purchaser of a dog sold as pure-bred will be required to make a higher, or additional, payment in order to be furnished with a certificate of registration. Such persons should note that the price at which a dog is sold, or the purpose for which a dog was purchased, has no bearing whatever on the obligation of the seller to supply the purchaser with a certificate of registration issued by The Canadian Kennel Club for a dog sold as pure-bred.

The Live Stock Pedigree Act, a federal statute, requires that when a person sells a dog as pure-bred, or contracts to sell a dog as pure-bred, he must furnish, or agree to furnish, a certificate of registration, together with fully-recorded transfer of ownership to the buyer.

Article XXXI, Section 3 of the By-laws of The Canadian Kennel Club reads as follows:

"A member may be suspended or expelled, or a non-member deprived of the privileges of the Club, if it is proven to the satisfaction of the Board that when selling, or otherwise disposing of a dog for a consideration (monetary or otherwise), the person disposing of the dog has asked or required the new owner to make any form of payment specifically for the purpose of being furnished with a certificate or registration."

To avoid possible prosecution under the Live Stock Pedigree Act and/or possible disciplinary action by The Canadian Kennel Club, members and others engaged in the selling of dogs as pure-bred are cautioned to refrain from the practice of quoting two selling prices for the dogs, one "with papers", the other "without papers", or to in any other way indicate that an additional payment is required for a certificate of registration.

This notice is published by an order of the Board of Directors of The Canadian Kennel Club.

Born in 1962, this outstanding male was sired by Ch. Outdoor's Boozer ex Navarmy Endeavour.

Rates: one column cut, including cutlines, $15.00; two column cut, $25.00. Cutlines to pertain only to wins for the show pictured with name and address of owner; name, age, color or size of dog; name of breeder, sire and dam: name of show or trial and judge; handler's name; name of person shown making presentation. No advertising. Payable in advance.

Trackers Earn Titles

Ideal weather blessed the First Tracking Tests held by the Queen City Tracking Associates September 25. The event was held at Braeburn, home of Mrs. Robert Campbell of Richmond Hill, Ont. The full TD entry of four dogs was reached, but no TDX dogs were entered. Total limited entry was six dogs.

Awaiting confirmation of titles are Mr. William G. Howes of Thornhill with Tony, a German Shepherd and associate of the QCTA and Mr. and Mrs. William Degenhardt of Aurora, 40 miles outside of Chicago, Ill. who went home happily with Tyburn's Trouble & Strive, a Basset Hound.

Faulty handling held back the other dogs. The winners were presented with Qualifying Certificates, making them eligible to enter tests held by the German Shepherd Dog Club of Canada at Copetown.

As Best Tracker of the day as well as winning the "Passing Ribbon" Shammy was presented with the Dr. Ballard Special Award of Merit.

The club membership is now open for four new prodigies. Contact Mrs. Grace E. Probert of Willowdale for information.

and bottom, which gave the effect of one of the old-tyme theatre posters now so much in demand as collectors' items. Carrying out this theme the title, Ch. Summit's Kissin Cousin, was hand-set in a type known as P. T. Barnum. Originally this poster type was carved from wood, and because of its "showmanship" was named for the world's most famous circus impresario.

NOTICE

SUBJECT: STUD BOOKS

In the course of printing the C.K.C. Litter Record and Stud Book for 1965 (Vol. #69) the printers printed copies in excess of the number actually ordered by the C.K.C. Because of this we are now in the position of being able to obtain extra copies beyond the quantity ordered to fill orders received earlier this year. Any C.K.C. member who wishes to obtain a copy of this volume may submit an order to The Canadian Kennel Club, 1173 Bay Street, Toronto 5, Ontario, with a covering remittance ($2.00). All such orders must reach the C.K.C. not later than November 30th, and as the quantity still available is limited, it will be a case of "first come, first served".

*****

The American Kennel Club wishes to obtain a copy of volumes #57 and #60 of our Stud Book for its library. Any person having a copy of either or both of these volumes, in good condition, and willing to sell them is asked to so advise the Secretary of the Canadian Kennel Club, 1173 Bay Street, Toronto 5, Ontario.

*****

The Canadian Kennel Club still has a supply of the following Stud Books for sale:

Volumes:	#52-53 (combined)	for 1948-1949
	#54-55 (combined)	for 1950-1951
	#56	for 1952
	#58	for 1954
	#59	for 1955
	#64	for 1960
	#65	for 1961
	#68	for 1964

The price is $1.00 per copy and orders with covering payment should be addressed to The Canadian Kennel Club, 1173 Bay Street, Toronto 5, Ontario.

NOTICE

There appears to be some confusion as to what actually constitutes the INDIVIDUAL registration number of a dog registered individually in the records of The Canadian Kennel Club. On the certificate of registration issued by The Canadian Kennel Club the INDIVIDUAL registration number appears in brackets immediately following the name of the dog.

In the case of a dog born in Canada there will also appear on the certificate the litter registration number of the litter of which that dog was part. The litter registration number can be recognized because the last two digits in the number represent the year in which the litter was registered. For example, litter number 7237 registered in 1965 would appear as #7237-65.

When completing applications for registration of litters and individual dogs and transfers of ownership or corresponding with the Canadian National Live Stock Records or The Canadian Kennel Club it is the INDIVIDUAL registration numbers which should be shown or quoted in connection with dogs named on the applications or in the correspondence.

NOTICE

The standards recognized by The Canadian Kennel Club have been published in a book. It is available at a price of $3.00 per copy.

An order with covering payment, should be mailed to The Canadian Kennel Club, 1173 Bay Street, Toronto 5, Ontario.

CORRECTIONS

At the championship show held by the Halifax Kennel Club on June 27th, 1966 in the West Highland White Terriers, the award of Best Canadian Bred in Breed was omitted. This award should have gone to DREAMLANDS HAMISH OF KILBARRY.

At the championship show held by the Canadian Save The Children Fund on June 15th, 1966 published in the September issue of Dogs in Canada in the Collies (Rough), the award of Best Canadian Bred Puppy in Breed was shown as being awarded to SCARLET HILL LILAC TIME. Actually this win should have been shown as being awarded to DARK LADY OF CANTY-WYND.

In the September issue of Dogs in Canada, under the heading of Titles Awarded, the Retriever (Golden), CINDERELLA OF MARCAL was shown as being awarded the title of Champion. Actually this dog should have been shown as being awarded the title of Companion Dog.

GSP Picnic and Water Trial

Under sunny skies and high temperatures some 20 dogs, comprising German Short-haired Pointers, German Wire-haired Pointers, Weimaraners and Vizslas ranging from six months and upwards competed for prizes in a water trial. The trial was divided into two groups — the derby, requiring a single retrieve, and the All Age, a double retrieve among decoys. All retrieving was done from water on live ducks.

Everyone seemed pleased with the results of their dogs' efforts and felt this is taking a big step in the right direction in upholding the breeds' many names, such as the all-purpose gun dog.

Fine food and refreshments, coupled with some humor and good retrieving, made the picnic and water trial a complete success.

A special note of thanks to Mr. Walt Stockdale who is well known among the Labrador Retriever clubs for his excellent guidance and judging of the trial.

Record in Goldens?

Of interest to Golden breeders in general is the litter of eight puppies whelped September 20 and sired by Ch. (Can. & Am.) Gayhaven Lldiel ex Ch. Saucy Sue of Mel Bach CD — all of which were males. Breeder Mr. George Mehlenbacher, Mel-Bach Kennels, Fisherville, Ont., wonders if this might be a record for this breed.

This was also a very good class, Winners Bitch going to Aureal Wood Schuss.

Specials Only — 6 Entries

These Champions and the BW made a pretty picture, Best of Breed going to that grand dog, Mrs. Charles W. Engelhard's Cragmounts HI-LO. He was, however, hard pressed to win, but shown in grand condition and excelling in coat.

Best of Opposite Sex was won by Reinhard M. Bischoff's Ch. Lorelei's Fez-Ti Za Za. Also a grand Golden.

I had the pleasant company on the plane trip home of Mrs. Sawtell, owner of the famous Yeovil Kennels, Bridgehouse, West Coker, Somerset, England. Visiting here, and on judging assignments, she had watched the Golden judging. She had noticed a general fault, and asked if it were noticeable to me. I said that the almost square muzzle was rather lacking, and she fully agreed.

2nd, Mrs. A. B. de Garis' Angle of Second Sight. (Reserve Winner).

3rd, Mrs. Robert V. Clark Jr's. Black Beth of Ide.

4th, Shirley and Rayne Thomas' Windrows Christmas Carol.

Here was some real competition, taking a really good one to win. **Specials Only. Entry of 12, two absent.**

Best of Breed went to Lockerbie Kennels and James F. Lewis III Ch. Lockerbie Kismet. Truly a good dog (Yellow).

Best of Opposite Sex went to Mrs. Robert E. Carter's Ch. Spenrocks Banner (Black). Brace Class, Mrs. Robert E. Carter's Lewisfields Spenrocks Ballet and Ch. Spenrocks Banner.

It was indeed a pleasure to judge such a splendid show of Labradors, but found it hard to leave out so many good ones. The Best of Breed dog, Ch. Lockerbie Kismet, was shown in excellent condition. Ch. Spenrocks Banner, Best of Opposite Sex, a grand bitch, was hard pressed to win over Harrowby Lily, the Best of Winners. Overall, the bitches were superior to the dogs, which speaks well for the breed in the future. Have refrained from comment on the puppies, due to their changeability. Obedience titles were noticeable on several.

Photo by Nova Scotia Gov't.

A couple of Nova Scotia duck hunters get ready to toss sticks for their Nova Scotia Duck Tolling Retrievers, a breed that lures the birds within range by playful dashing back and forth, plumed tail waving, until the ducks are within range. Then they are flushed and the gunners take over. After the shooting, the dogs work in much the manner of the Labrador, Golden or Chesapeake Bay Retrievers. Men are Paul and Fred Armstrong of Yarmouth. — Submitted by Eldon Stonehouse.

U.S.A. Annual Field Trial for Gordon Setters

The annual Field Trial for Gordon Setters was held at Allentown, Pa. on September 25. In conjunction with this AKC licensed trial, a Sanction Match was held to encourage new puppy owners to participate in the Gordon Setter Club activities. In addition, four Gordons gave an appealing demonstration of Obedience work in spite of the proximity of the "birdfield" and exciting gunfire. (I must admit that I had some doubts as to whether our Canadian-bred Ch. (Can. & Am.) Hickory Smoke's Wild N' Wully, CD, would remain in the obedience ring or depart for the birdfield).

Top spot in the Open Gun Dog stake went to Am. Ch. Glascott's Scottish Majesty, a most versatile dog that needs only two more field points to become a Dual Champion. She is also the dam of the Best in Show Gordon, Ch. (Can. & Am.) Ger-dons Ambrose Hobkirk CD (Winnipeg, May 29/66).

Best Puppy in the Match Show was Lochaber Brig O'Doon Bruce. Barely eligible for the 3 to 6 months class, this little fellow gaited merrily to the winner's circle over a very large puppy entry.

Best Adult in the Match was our own Hickory Smoke Gilda Cameron. She also brought honor to us through her performance in the Field Trial by winning the trophy for "The Best Potential Gun Dog in the Trial".

Cowlicks: The Breeders Say

Cowlicks are not as insignificant as the name would indicate. In the last few years they have increased and become a real problem among breeders.

Having had a litter of nine puppies two years ago — eight of whom were affected with cowlicks — was cause enough for me to seek more information on this hitherto nebulous subject.

The question arose in my mind, "How many others are affected and how extensive has this unsightly menace become?"

My article written a year ago for *Dogs in Canada* provided the nucleus for further valuable information. Cowlicks has never been a matter to be disputed or decided and the response to the article has been most surprising. In the last year numerous answers have been received from various parts of Canada and the United States. Now that the ice has been broken, everyone (literally) has climbed on the bandwagon and had their say.

I wish it were possible to print the entire contents of every letter received, as each is an individual study well worth analysing. In lieu of this a cross section of those letters will convey to interested readers the thoughts, opinions and criticisms of other concerned persons.

The following excerpts are reproduced with the consent of the authors:

". . . we have never had any cowlicks; we believe in lots of exercise and good nutritional food. Our dogs live a very natural life." *(Can. Breeder).* ". . . cowlicks can be summed up in a few words, a very deplorable mark." *(Can. Breeder).* ". . . We have had an epidemic of cowlicks. We blame it on a certain dog. If you find a preventive we would

be glad to hear about it. It seems an awful waste to have to put such puppies to sleep." *(Am. Breeder).* ". . . I am well aware that cowlicks are on the uprise. I have seen them in litters and at shows. Your article states "they run reversely on the neck". Did you know they also run transversely, which I think are worse. Something must be done about them. They are ruining our show dogs." *(Can. Breeder).* ". . . You are to be commended in bringing this defect to light. If the breeders would work together there is a good chance for a solution." *(Can. Breeder).* ". . . I hate cowlicks, but not as much as some other people do. We do not destroy them but sell them cheaply for pets. The Irish Setter Clubs should get together on this and try to wipe them out." *(Am. Breeder).* ". . . We want to breed our Irish Setters as near perfection as possible. We do not want them cluttered up with cowlicks. Let us know if we can help." *(Am. Breeder).* ". . . What are people talking about when they say cowlicks are not a fault. How can anyone be so dumb. Our standard does not call for cowlicks. People who sell them for pets are admitting they are a fault. I am glad someone had guts enough to start a war on them. I'm with you". *(Am. Breeder).* ". . . How many Irish Setters are mentally sound? First, let us breed mentally and physically sound specimens with intelligence and temperaments with which we can abide and then consider other goals." *(Am. Breeder).* ". . . We abhor cowlicks and have decided to put all defective puppies down at birth. They are so hereditary one cannot afford to fool around with them. They are worse than seems evident." *(Am. Breeder).* ". . . I am enclosing a copy of a pedigree. Perhaps it will assist you in your investigations into the origin of cowlicks. This dog has a large cowlick down the back of her neck. Other than that she is a structually well-built dog. Will be looking forward to hearing how your investigations are proceeding." *(Georgetown, Guyana, South America).* ". . . Cowlicks in the long-haired breeds are a real tragedy. Specimens carrying this defect should not be bred from. Definitely caused by a popular stud dog dominant in throwing them. An ugly fault, but can be eliminated if the breeders use their heads." *(Am. and Can. Judge and Breeder).* ". . . we have had and seen several cowlicks. We do not like them and hope they are not here to stay. I guess the proper thing to do is dispose of them at birth. We know of a dog that sires one or more in each litter he gets. He is a beautiful dog but we have never used him." *(Am. Breeder).* ". . . Dear Madam: We are with you. Cowlicks should be discouraged. They ruin some of our best dogs. Our slogan is "Never use a dog with a cowlick." *(Am. Breeder).* ". . . Anything we can do to help eliminate cowlicks will be a forward step. Everyone should join you in this important work. Every breeder should be cowlick conscious." *(Can. Breeder).* ". . . we have bred many Irish setters. We have no trouble with cowlicks and seldom any whelping trouble. Our dogs run miles a day and they sleep in an unheated kennel year round. They eat well and are happy. We feel that these things are necessary for good health which may account for the absence of cowlicks." *(Can. Breeder).* ". . . We are new breeders but have had several litters, none with cowlicks. It is a shame that cowlicks were not looked into long ago. When a fault like that shows up, then is the time to quash it. Now it seems to have gotten a headstart. It seems the thing to do is to avoid them." *(New Can. Breeder).* ". . . a section for faults should be added to the Irish Setter Standard, this should include cowlicks. New breeders and judges would then know where they stand." *(Can Breeder).* ". . . the Irish Setter is a sporting dog, he is also a highly rated show dog. Anything that detracts from his beauty in the field or show ring should be discouraged. Appearance is a big factor today, why should a cowlick be excused?" *(Am. Breeder).*

You will have noted that all the foregoing quotes were strictly from individuals. This may be the impetus needed for Irish Setter clubs throughout the continent to come to grips with what now appears to be a problem of increasing anxiety.

120 Ranleigh Ave., Toronto 12.

Canadian Irish Takes American Win

Ch. (Can. & Am.) Killane Rose of Tralee, owned by John and Muriel Royston, Killane Kennels, Meadowvale, Ont., recently took WB for 5 points over 52 bitches at the Eastern Irish Setter Specialty at Trenton, N.J. Mr. Royston reports there were 118 Irish at this show, judged by the noted Irish Setter specialist, Mr. W. C. Thompson, author of the book *The Irish Setter in Word and Picture.*

Cocker News

It is seldom that a six year old dog is shown in the show ring and even less often that one wins but that is what happened at the Cocker Spaniel Club of Central Ontario's annual Specialty on October 2. The show was held at the Richmond Inn, Richmond Hill, Ont., a most pleasant place for a show. BIS was taken by the six year old, Ch. Blomidon's Rufus The Red, bred and owned by Marion W. Brown of Unionville, Ont. His son, Blomidon's Regan, also a parti-color, took WD and BW for a 5 point win. At the age of 11 months it was only his second show, as it was for his owner, Mrs. Richards of Oakville. For a pair of novices, it was a most thrilling win.

Brittany Spaniel Quizz (Sept. Issue)

Mrs. Cleo Laxton of Tacoma, Wash., has written to point out that the Brittany quizz which appeared in the September issue contained an error. 1-8 General appearance — a leggy spaniel, strong, vigorous, energetic and quick of movement; is the correct answer not 1-10 as printed. Because of her keen interest Mrs. Laxton has been invited to prepare a quizz for future publication.

Canadian Owned Afghan Tops Group in U.S.

Eng. Ch. Aryana Shalym, recently imported by Greta Phillips, Kophi Kennels Ltd., continued his winning ways on this side of the Atlantic. Making his debut in the American show ring at the North Country Kennel Club show held at Sackets Harbour, N.Y., this fine Afghan came from the classes to take a Hound Group First under Judge Edward Duncan. Handled by his new owner, this gave "Abbie" a four point major win.

Myles and Greta Phillips also had a good day at the Progressive Club of Wayne County show held at Detroit on October 9. Ch. Horningsea Tzaama went BW for a two point win, and to add to the excitement Ch. Kophi's Mystic Kiisha took WF and BOS for a two point win as well. Tzaama now has 14 points towards his American title, including both his majors. He recently took a Best of Breed win at Jamestown, N.Y. under Judge G. Parham.

Afghan Club "Fun Match"

Toronto area members and friends of the Afghan Hound Club of Canada met recently to hold the club's first match, held at the grounds of Kophi Kennels Ltd. in Clarkson, Ont. on October 2.

A surprising entry of 20 Afghans greeted Judge Mrs. Helen Sinclair as she began her assignment. The dogs ranged from a "young" nine weeks of age to the senior males in the open classes.

Judged Best in Match was the Open

BEST OF BREED WINNER — 1966 Boxer Club of Canada Specialty Show (including Specials Class of 11 Champions).

Blue Beau's record includes 8 Best of Breed wins in 1966 to date. He also has a Major U.S. win to his credit: Best of Winners 1965 Buffalo Specialty Show, at the age of 11 months, under Boxer Specialty Judge Mrs. Carl Woods.

Blue Beau is siring some beautiful pups, which will be shown in 1967. In his pedigree for the past 3 generations are the following well-known Champion males: Standfast of Blossomlea, Marjack's Golden Windjammer, Bang-Away of Sirrah Crest, Jered's Spellbinder, Captain Lookout of Thorhall and Canyonair's Man on Fire.

Blue Beau congratulates his half sister, Ch. Scher-Khoun's Carousel, who obtained her title at 12 months. She started off her show career by winning Best Puppy in Match at the 1966 Boxer Club of Canada Match under noted Boxer breeder, Mr. B. Janda.

Blue Beau welcomes his new kennel mate, Ch. Back Chat of Blossomlea 2nd, who was purchased outright from the famous Blossomlea kennels owned by Miss Jean Grant. This daughter of Am. Ch. Salgray's Flying High and Can. & Bda. Ch. Fireside Chat of Blossomlea has been bred to the son of Am. Ch. Treceder's Sequel, Am. Ch. Treceder's Progression. **Reservations for these puppies are now being accepted.**

This is the second time that Ch. (Can. & Am.) Carlbeth's de Maharajah has won top honors at this Specialty, having done so in 1963, and he is the only Dachshund to win twice.

Following the show, more than 30 club members, exhibitors and friends enjoyed a delightful dinner and social evening in the Garret Room at the Old Mill, a famous Toronto landmark. Mr. Horswell spoke about the "Standard of Perfection" for the Dachshund, using a chart of a Dachshund in show pose to illustrate desirable qualities.

All in all, it was a very successful show, one which will hold fond memories for many for a long time to come.

Boxer Quizz (Sept. Issue)

Mrs. Cleo Laxton of Tacoma, Wash., has written to point out that the Boxer quizz which appeared in the September issue contained an error. The description of the shoulder should have read, "long and sloping, close lying, not excessively muscled." As printed "19-24 Shoulders — clearly defined," while possibly true, is not close enough to the wording of the standard.

Boxer News

Pictured here is Bun-Rob's Dancing Doll, UD, owned by Mrs. Edith Eley of St. Hubert, Que., who recently gained her UD degree at the age of three. Mrs. Eley writes "to gain the

Canadian Bred Dog Named Grand Victor

In one of the most exciting Specialties held to date by the German Shepherd Dog Club of Canada, Werner Zimmerman's Glen Lawrence Fant was named Grand Victor at the 44th annual event September 17. The specialty was held at La Salle Park, Burlington, Ont., with more than sufficient space for gaiting in an attractive setting. Best Opposite Sex for the title of Grand Victrix was Nora Vom Haus Solms, owned by James C. Rietz of Downers Grove, Ill. Best Canadian Bred was Godstone's Allanah of Marden, owned by F. R. Carleton of Montreal.

Two noted German judges assessed the stiff competition: Herr Wilhelm Bucholz, all bitches, and Herr Albert Schneeloch, all males, Best of Winners and General Specials. A translator assisted the German judges.

A separate ring for the judging of puppies and two rings in action up to the Novice Class facilitated the assessing of nearly 170 dogs.

Members of the German Shepherd Dog Club of Montreal were readily recognized by their gold shirts.

Cheers greeted the running of the Veterans Class of six of Canada's great German Shepherds, every one of which still showed the style and spirit of their winning days.

This year's male victor came up through the classes to become Grand Victor. He was Best Canadian Bred last year.

Dogs in Canada, speaking to some of the GSDC officials, queried the reason for such a large turnout at a specialty while at most shows the representation is often disappointing.

There were several reasons: one was that unlike many breeds, Shepherd devotees raise only a limited number of dogs and aim for the nearest to perfection within a few dogs. They go to the specialities to get the opinion of long-time and usually internationally-known judges, and particularly German judges, to see if they are taking the right steps in their program. A second answer was the owners feel the judges can do a better job of assessing the dogs in large outdoor rings because in making their decision they do not have to make allowances for dogs moving on a smooth floor, i.e. which dog is actually moving best, or which one should be given consideration because he gaited excellently but slipped.

Most distant entrant for this specialty was that of Joseph H. Palacios and Luis Maldonado of San Juan, Puerto Rico. A number of Northern States also had representation. The Corbetts of Calgary were the most distant Canadian competitors.

At the dinner held post-show at the Brant Inn, Show Sueprintendent Peter Kirk, greeted his mother, Mrs. Lillian Kirk, of Sidney, Australia, who had just flown in by way of England where she visited an older son.

THE "JUST ABOUT GRAND VICTRIX"

This sidelight on the 44th Specialty comes from Gordon Garrett, who had a moment of glory.

When he endeavored to collect entries for the 1959 Specialty he entered an 11-month-old gray female which he had put out on a farm and rarely seen. At the time she was obviously poorly cared for. However, for the first year of judging by a noted German, Matthias Stappen, Gordon did his best to swell the entry. To his surprise Herr Stappen put her up in her class and gave her BOS to Best Puppy. Needless to say she remained with the Garretts. The following year, under Judge Marie Leary she finished second over all the American females in Open Class, including a previous American Grand Victrix. In 1961 as a champion entered in Specials, she was singled out by Ray Smith to compete for Grand Victrix with the WB, and was considered over at least one previous Grand Victrix. In 1962 John Seiler put her up for final competition for top lady with the previous year's top girl, — a real "just about". The following two years she appeared to be "over the hill". In 1965, just over a litter and now nearly seven, she was not expected to do great things.

This year, nearly eight and three weeks in whelp, she moved into the ring and stood in a perfect show pose, her formerly funny head looking fine and ears never so erect. The judge asked when she was bred and started the class. Now she refused to raise her head. Disgusted, Gordon turned her over to his wife, Evelyn. After a few minutes she was moving along behind the 1965 Canadian Grand Victrix with effortless ease. The judge took the two bitches aside, then to the cheers of the crowd moved the Garretts' "just about" out in front and left her there. The crowd, with the exception of her owner, thought she had made it this time.

Reports Gordon: "She ran around with the male for a while for BB and this male is no slouch . . . As he put him up the judge said 'There's my best male and my best bitch'. But they forgot the WB. She hadn't beaten her and by this time she couldn't and didn't, nor did she beat the Reserve Bitch for BOS to BCB, nor could she even with the Best Veteran.

"Can. Ch. Haus-Chloe's Bisket has caught the eye of the experts in her time with her classic Shepherd gait . . . but of all her "just about" wins the 1966 classic where she was actually declared *Grand Victrix for one minute*, must be just about as close to winning the coveted award as any dog can get!"

Great Dane Club of Canada's Members' Match a Success

On August 27 the club sponsored a "Dane Match" for members and friends at the home of Mr. and Mrs. J. Tallon in Oakville, Ont. It commenced with an entry of four dogs in Novice Obedience. Three qualified under Mrs. Olive Taylor with highest score going to Ch. Zepton Von Zordane UD; second to Zebar Von Zordane CD and third to Ch. Dane Acres Golden Jester.

Conformation judging followed with our other able judge, Mr. Jim Taylor, officiating. The 26 entries were a well mixed combination of fawns, brindles, blacks and harlequins. Top honors went to Ch. Dane Acres Golden Jester with Duch's Darlin of Countydane going BOS. Daneridge Indian Chief took BW and Sansco Grand Slam 2nd BCBP. In the Veteran's Class a grand old gentleman, Ch. Count Zepton Von Zordane UD, did himself proud. The stud dog and brood bitch class honors were won by Golden Jester and Zana Von Zordane respectively.

Children's handling classes were entertaining to all, particularly as some of the youngsters had never been in the ring before. Alan Thurston judged Lynn Campbell best girl handler and Brian Davis best junior handler who in turn judged a comedy handling class.

Observations on Great Dane Club of America Futurity and Specialty

Just returned from the Westchester show in Purchase, N.Y., where we attended the Great Dane Club of America's Futurity show and Specialty show.

There were over 200 Dane puppies present and competing at the Futurity and our new pup, Sansco Grand-Slam II, was in the first class 3 to 6 months fawn males. There were 25 fawn male puppies in this class and we were not in the least put out that our little man did not place as the quality was exceptionally superior to other years and this applied to almost 99% of the puppies entered. Frankly, I do not know how the judge managed to come up with his four winning puppies out of our class alone. All four deserved a blue ribbon as did many which did not place. The pup which won Best in Futurity was a gorgeous, typy little red brindle female with all the saucy bounce one could desire in a Dane puppy. She asked for the win all day long and did not let down once. Since it was her breeder's birthday, what a lovely present she gave her in return for all the care, love and affection which has obviously been lavished on her. I sincerely hope this little girl will continue to bring satisfaction and happiness to her owner breeder with her winning ways.

In looking over this year's crop of hopefuls I could not help but be struck by the overall top quality exhibited by all the entries regardless of what kennels they originated from. I have always firmly believed that the cradle of the Great Dane breed lay in the Eastern N.Y. area and certainly feel this again this year, after witnessing both the Futurity and Specialty.

It is most unfortunate that there are still breeders who will give no credit where it is due and in the face of so many beautiful specimens can still pick out the ones of lesser quality to base their opinions on. I for one am most grateful that I have had the good fortune and the foresight to incorporate some of the bloodlines from these top-producing kennels into our breeding program and will continue to do so. I am truly grateful that there are so many fine breeders throughout the USA today who are honestly striving to continually improve their stock and give to them the credit for anything we have accomplished due to their help, encouragement and foresight.

Owner of Starving Dogs Being Sought by Police

Police and the Sudbury Humane Society are looking for a Montreal man who owns a pack of Siberian Huskies and Malamutes found starving during a recent weekend on a farm at Hamner, according to a recent newspaper report. Two dogs were reported dead and the remaining 32 were too weak from hunger to move when they were found. Most were chained to trees.

This striking photo of Ch. Shagg-Bark's Nirvana Cinthe (Candi) was submitted by owner Mrs. Dorothy S. Willis, Ottawa, Ont., (formerly of Nova Scotia) and testifies to Candi's contribution to the Musquodobit Hospital Fair.

Samoyed Notes

Winning is no sudden thing for William H. Spector of Fayetteville, N.Y. He has been interested in Northern breeds for more than 32 years and has had Samoyeds since 1937. The effort and thinking in his extensive breeding plans are showing fruit, particularly in Am. Ch. Park-Cliffe Nanook Sibiu who completed his American title with a Best of Breed win at 15 months. He has won a number of BB's from the classes and was Winners Dog at the 1965 Westminster show. He is one of three titlists finished by Mr. Spencer in 1965. One of them. Am. Ch. Santa's Dancer of Wal-Vir-Bel, is the #1 Samoyed in the USA for 1966 according to the Phillips System, at the time of writing. Susann Hearne is their Canadian handler.

Mrs. Sherrill Ferens, Pierrefonds, Que., writes that congratulations are due Mrs. Erika Brunner of Pierrefonds who is now the proud owner of Ch. and O.T. Ch. Kuluk. This five year old male was handled all the way to his UD by his owner and has had four 1sts in Class, three 2nds and one 3rd. Mrs Ferens believes this might be a first for any Canadian Samoyed.

News from Cairndania

Mrs. Betty Hyslop, owner of the noted Cairndania Kennels, Brockville, Ont., writes: "On the New England circuit Brigrey won one Terrier Group, two Group 2nd and one Group 3rd out of four times shown. Ch. (Can. & Am.) Hillston Geraldine won the breed at the following two shows — Putman and Holyoke — and went 4th at Holyoke. Brigrey went 1st in Group at the August 27 show and 2nd at the August 28 show. At the puppy match at Cross River, N.Y., put on by the Cairn Terrier Club of America, I got Best Puppy and Best in Match with Ian of the Canty Cairns, sired by a dog I bred and sold to K. Glick of Georgia. Best in both the 3 to 6 male and female class were both sired by Cairndania sires. At Far Hills I got the Breed with Ch. (Eng., Can. & Am.) Heshe Idaberry of Nunsfield and BW with my newest import, Eng. Ch. Toptwig Mr. Dafoe. At Westchester I got BB with Idaberry, BOS with Brigrey and BW with Mr. Dafoe."

Kerry Win in USA

Mrs. Elisabeth Golby, Willowdale, Ont., reports her male Kerry Blue Terrier, Ch. Florian's Prince Lucifer, went Reserve Male at the Empire Kerry Blue Terrier Club Specialty Show September 11 at Blind Brook Polo Club, Purchase, N.Y. Lucifer was handled by Seymore Weiss in conjunction with Robert Breslau.

The Manchester Terrier

Following is an excerpt from John T. Marvin's *Book of All Terriers*, of particular interest to Manchester breeders.

"The Manchester Terrier is basically one of the two first known terrier species. Suffice to say that the basic blood behind the Manchester is that of early Hound with infusions of Bulldog, Greyhound, and probably some Italian Greyhound in the smaller members of the tribe with a trace of Dachshund also being a possibility.

There have also been some improper breeding practices by a few unethical persons in the use of Chihuahuas and possibly Miniature Pinschers to gain diminutiveness. While the result was a small dog, the approach harmed the breed variety because it brought into the blood, improper types evidenced by the appearance of apple-heads with prominent eyes, points to be shunned in a Manchester of any size. The Toy variety particularly has been plagued for many years by these early malpractices and knowledgeable breeders are making great progress towards eliminating evidence of the earlier offences."

like to see more judges have courage enough to put these breeds up oftener to 1st in the Terrier group and Best in Show. If American shows do it — why not the Canadian? As one American breeder told me, there are more "quality Miniature Schnauzers" in the Canadian shows but not the quantity, as in the USA.

Experience is a big word in breeding and a person who is conscientious in breeding will develop experience if he stays with it long enough. To make a good breeder one must have other qualifications which are sometimes overlooked. Along with experience should come a true desire to be fair to himself, his dogs, and the people he is dealing with. To be fair to himself he should want to create a good reputation in his breed. To be fair to his dogs he should try to better the breed and produce the best and not the most. It is a great mistake to run thither and yon breeding to this stud or that stud just because he is a champion, as you cannot tell a "book by its cover". This same stud or champion might not have one champion in its past generations, and only became a champion with very little or no competition.

We do not want to spoil this lovely little breed by selling the female puppies to anyone who comes along. In turn this purchaser will immediately think "Oh, I will breed this pup as soon as she comes in season and get my money back" which will likely be to some friend who has one in the neighborhood. If this is allowed to happen they will become cheap and common like a lot of other breeds have done in the past. Let the breeder be very cautious to whom he breeds his stud and also do not cut prices just to sell a puppy. New owners should be taught that they have purchased something very precious and that when they walk down the street with their little Schnauzer all trimmed up, people will turn their heads to look, just as the teenagers look at a fancy sports car. If you cannot consult with a reliable breeder on your breeding and sales problems of your dogs, and that goes for all breeds, do not breed them. As stated by Mr. Walter J. House in October issue of *Dog World*, "Today the Miniature Schnauzer has so captivated the hearts of Americans that it is impossible for serious breeders to keep up with the demand. As a result, persons with no interest in the perfection of the breed have obtained studs and bitches and through every unethical practice imaginable are flooding large metropolitan areas from coast to coast with inferior specimens." Let us hope this does not happen in Canada. I do know that litters have been imported from England to pet shops and then sold as pets and later bred. They cannot be from top breeders or they would not have to sell or peddle whole litters.

So fellow breeders and exhibitors, let's strive for the perfect Miniature Schnauzer. He hasn't been borne yet, but it's like the perfect cribbage hand it could happen. Sorry not to have been able to attend the past number of shows, due to moving to our lovely country home which was bought "just for our Little People" but will be out shortly.

Chihuahua Notes

Ch. Gehlsen's Jeane, Canada's top-winning Short Coat Chihuahua for 1965, finished her American title in only 10 shows, winning majors under Earl Adair and I. Schoenberg, reports her owner Miss Sandra Nelles, Brecon Kennels, Unionville, Ont. Brecon's Rough 'n Ready Luce, a black and tan Long Coat Chihuahua also owned by Miss Nelles, finished his American title in nine shows by going WM at the Greater Milwaukee Chihuahua Specialty under Adolph Baker and another 3 point major under Marie Meyer at Monroe County K.C. He was only defeated once for winners.

Ch. Brecon's Moonmaiden, a 10 months old Chihuahua puppy, won BW and 2 points from the Open class at the Mahoning-Shenango KC show on September 18 under Judge Miss Gladys Groskia. Moonmaiden is bred and owned by Miss Nelles.

The Long Coat Chihuahua Ch. Valleja's Desi continued his run of success in American shows with another 3 point major at Watertown and 3 points each day at Lewiston and Portland, Maine on October 8 and 9, thus finishing with five majors, also a Best of Variety at Portland. "Desi" is owned by Mrs. J. S. Whitford, Valleja Kennels, Sutton, Que.

dogs we condition and handle for others.

Int. Ch. Loramars I'm a Dandee will forgive our using him as the outstanding example. He was top-winning dog in Canada in 1962, won both his championships with us, as well as 12 BIS. Today, being the top-winning Poodle of all time (all varieties and colors) he only has his own records to beat, and sets a new one every time he goes BIS. But while he was the most outstanding one, there were exactly 100 other dogs in 12 different breeds whom we have handled to their championships. Twelve of these dogs won BIS awards, 56 in all; 26 of them took well over 200 Group Firsts.

A lot of hard work, a lot of late hours, and a lot of fun. Sometimes it feels like enough of each to last a lifetime — until we look at Diana's litter or try and keep up with Arielle in the show-ring, or watch Euripides "ask for it" — at which point we somehow cheerfully come back for more.

P.S.: For those who feel like we do, we have miniature and toy Poodle champions in most colors, as well as our very fine Maltese, at stud to approved bitches and occasionally we do have puppies to approved people.

I also have a habit of picking up broken glass. This can be dangerous. I try to throw the broken glass where it can't ever get into circulation again. Such as the bottom of a very deep river or lake. Sometimes I bury it as deeply as possible. But burying has its own hazards. Once I dug a hole with my hand to dispose of some glass and sure enough, I cut my hand on some other glass that someone else had already buried.

In fact, the life of a dedicated glass disposer is fraught with danger and difficulties.

I'm glad to see that some Municipal Councils are considering passing by-laws forbidding the sale of glass containers. It's a good idea. But the best way to clean up the situation is to bring back the bounty on bottles.

And for all dogs' sake, the sooner the better! □

Why is the Boston Terrier Dropping in Show Competition?

I personally believe the reason is the way some beginners are treated.

It really takes courage to exhibit. The courageous "outsider" has three choices — get out, roll with the punches and become a respected breeder, or exhibitor, or strike back in various ways. I hope not the last.

I strongly believe in giving a helping hand whenever needed.

Some judges can embarrass and even discourage a novice exhibitor. Some people, when they have just lost to a dog that, in their estimation, is not half as good a specimen as their own find it hard to take when the judge will stand there and tell them that their "dog" is not trained, or he is too fat. Well, I can tell you that a skinny Boston Terrier is a

sick Boston Terrier, and should be left home. (But advice is like medicine, easy to give but hard to take).

As for training, sometimes, just when you think your dog is quite well trained, he acts up.

I have been kicked in the face a few times, but I and my big healthy Boston Terriers just square off in a fighting stance and come back for more. We know we will come across enough judges that appreciate a good, strong, healthy Boston Terrier and we will get our points, and we will have good specimens to carry on the breed. That is as it should be.

Please don't think I'm finding fault with all the judges. They are a wonderful bunch of people and I for one truly appreciate the fine work they are doing, and the hard job they have in picking the winners.

Dal Breed Club Needed

It has been suggested that one possible reason for the lack of interest shown in Dalmatians is because we don't have a breed club. After all, there are a considerable number of other breeds less known than the Dal where breeders have gotten together and established a club — the list is endless for the more familiar breeds; many having two or three organizations to choose from. What is the matter with us Dalmatianists that we haven't followed suit?

I have taken the liberty to try and correct the situation. The CKC tells me it's a very simple matter to form such a club, providing sufficient interest is shown by breeders and fanciers alike. I've approached numerous breeders and owners on the subject and response to date has been more than a little encouraging. Almost everyone seems to feel we should have an affiliation common to all but nothing concrete has been done.

I'm not suggesting that a breed club is going to be a cure for the pitifully small Dal entries being shown at the majority of our shows, or our lovely dogs will suddenly over night become THE dog to own, but it is a step in the right direction. Let's hear from other Dal people to see what can be done to remedy this problem of ours.

Correction

In the second of a two-part article by Mrs. D. T. Weir and Miss Mary Jane Weir an error appeared on page 90, 11 lines from the top — sentence should have read "Height at shoulder must be under 15 inches." The word under was deleted in the October issue.

Second Abegweit Sanction Gains Big Newspaper Space

A nine-month-old Pekingese puppy, Santan Penelope, won Best in Show honors at the second sanction show held this year by the Abegweit KC. Locale was the Coliseum in Charlottetown, P.E.I., the dates October 1 and 2. The New Brunswick Peke, owned by Mrs. Pat Mahon and Mrs. Pius Sullivan, was handled by the former, with the youngster also taking BCB in Show plus Best Canadian Bred Puppy.

Of the 53 dogs entered, a number were from New Brunswick. The show also carried a special award for the Best Island Dog.

The show gained enviable publicity with several exceptionally large newspaper stories plus a special editorial in the *Evening Patriot*.

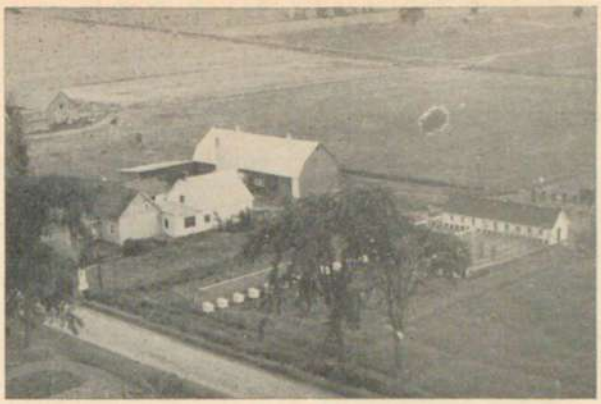

Paula Kenedy of O'Leary, Doug Howard of Charlottetown and Boyd MacPhail of Cornwall won the Children's Handling Classes in that order.

Mrs. Pat Mahon poses with the stylish Pekingese, Santan Penelope, who was named BIS by Judge Gerald McCarthy of Saint John, N.B. This show marked Penelope's debut in the ring.

CKC director Bob Laskey, who donated the trophy for the best Island-owned dog, is shown presenting the award to Warren Hood who handled Kosy Korner Newo to that position. Owner is Danny Johnson of Tea Hill, P.E.I.

DOGS & PEOPLE

Retiring: Ted Gundersen, Ottawa, who steps down as Registrar at the Live Stock Records Office. One of Canada's most travelled dog judges, he has spent the greater part of his life at the helm of the Dog Department in that office. Ted's additional interests will still require a great deal of time.

He is Honorary Director of The Protestant Home for the Aged, in which he is still active after 18 years of service. He was also President of The Ottawa Humane Society and served on the Board for many years. Both Mr. and **Mrs. Gundersen** are active in church and social service work. Ted has been a breeder of dogs since 1921, including Bulldogs, Fox Terriers, Cocker Spaniels, German Shepherds, Boxers and Poodles. He has also owned a number of other breeds. As a judge he has assessed shows in Columbia, Venezuela, Brazil, Cuba, British West Indies, Bermuda, Mexico in addition to hundreds in North America. Ted has been responsible for the formation of many dog clubs and holds honorary positions in most. During his tenure The Canadian Kennel Club has become the second largest breed organization in the Records Office.

Cats also play a large part in this busy man's life. In May, 1960, he, with a group of prominent Ottawa persons, formed The Canadian Cat Association, a contemporary of The Canadian Kennel Club in the feline world. He is both Registrar and Treasurer.

Just back from a judging assignment in Buenos Aires, Argentina, **Tim Reid** of Stittsville is telling of a momentarily startling incident of crowd reaction. He was judging the Sporting Group in which the contenders were a beautiful, free-moving English Pointer, a fine quality American Cocker and a good English Cocker. When his decision was made he went to the handler of the Pointer, pointed to the dog and shook the handler's hand, the Argentine method of signifying the winner. There was a roar from the spectators, followed by three or four dozen Argentinians rushing into the ring towards Tim and the dog. Not knowing Spanish, he had no knowledge of what the shouting meant. Suddenly he was lifted clear of the ground. He was put back down.

He was kissed on both cheeks, he estimates, by at least 20 of the enthusiasts. And finally, still uncomprehending, he was lifted to the shoulders of two burly Argentinians and paraded around the ring while the crowd shouted approval. The answer: English Pointers are very popular in that country. More than 50 were entered. But for five years, since 1961, no Pointer had taken a Sporting Group. By giving the award to this Pointer Tim ended a five year famine. He's still wondering what would have happened had he carried it on to Best in Show.

Pictured at Montgomery County K.C. show — Left: Mrs. Joan Morden, Burlington, Mrs. Blanche Roberts, Toronto. Centre: Mrs. D. Daniell-Jenkins, Rouge Hills, Madame Nizet de Leemans, Belgium. Right: Ross Pirrie, Toronto.

Fire loss: A fire in North Burnaby, B.C. recently gutted the house of **Mr. and Mrs. Don Luke.** Mrs. Luke (Shirley) is an active participant in Obedience and is the owner of three Utility dogs, a German Shepherd, Norwich Terrier and a Miniature Pinscher who were fortunately away with their owner at the time of the fire. The entire contents of the home were lost, including Mrs. Luke's trophies numbering more than 150 — her rewards for ten years hard work in Obedience. The Luke family is presently setting up temporary housekeeping, but Mrs. Luke will soon be back to training and competition. She is awaiting the arrival of a Norwich Terrier puppy from England.

Canine conniver: At a recent show in Pennsylvania, Mrs. D. T. Weir and daughter, **Mary Jane,** had their Standard Poodle Tula and two of her youngsters in the car. They left the car for a time and that night when they were taking their luggage into the motel they couldn't find their bottle of rum — only the paper wrapping. They figured it had been stolen from the car. Next day they located the bottle, unbroken, under the seat. The ladies can only assume Tula had very carefully lifted it out of the paper wrapping, by the neck, and hidden it.

Recuperating: Mrs. Willa Cox, a long-time Pug breeder, after major surgery in Western Hospital, Toronto . . . **Mrs. Mary Hart,** long active in many phases of Canadian dogdom, back home in Kitchener, following extensive surgery at Grace Hospital, Toronto.

Mrs. Ethel Sipes, Hillrise Kennels, Middleport, Ont., best known for her Miniature Pinschers, is now also a breeder of Italian Greyhounds.

Dorothy Sugden's Standard Poodle, Ch. Honey Bun, who was so severely damaged by a school bus that one severed leg was held together only by a fragment of skin, is now running about on four legs, soundly as ever, thanks to the skill of **Dr. Ellen Brown** and numerous well-placed casts. Additionally, Honey Bun recently gave birth to 11 puppies by a famous American champion.

Died: Mrs. Margaret Herd, Toronto,

September 26, widow of **Peter Herd**, former Fire Chief of the City of Toronto. The Herds will be remembered by older dog fanciers as active breeders and exhibitors.

Taking a 600-mile flight each way from Winnipeg, Man. to the Bay State Beagle Specialty in her stride, **Jane Owen's** 15" Beagle, Ch. Jacobi's Julianna, went Best of Winners in an entry of 60 Beagles. Susie, at six years old, is retired from local shows, her breeders, **Marge and Phil Jacobi**, Woodbridge, Ont., tell *Dogs in Canada*.

Toy Poodle specialist, **Mrs. D. T. Weir**, Willowdale, Ont., talks of purchasing a trailer and taking in the Florida circuit. . . . **Phyllis Laventhall**, Toronto (Ma Griffe) is having a time with her back, last thing she needs in her outstanding Poodle grooming business.

QUEBEC NOTES

Milestones: Mrs. Alex Casgrain, who introduced Dog Obedience Training to Quebec, and through whose efforts and dedication the classes have become so popular in Montreal, this Fall starts her 20th year as instructor. Reminiscing, Mrs. Casgrain explained how **Mr. Dunlop** of the S.P.C.A. had many years ago invited **Miss Blanche Saunders** to Montreal to put on a demonstration of obedience work, and was so impressed with the possibilities he asked Mrs. Casgrain to start classes in this vicinity. She took a course under Miss Saunders, thus starting a friendship lasting until the latter's untimely death. The first class consisted of nine dogs — while this year's class is breaking even past records for attendence. All obedience enthusiasts congratulate Mrs. Casgrain and wish her continued success in the future.

Sanction Shows & Trials: Angrignon Park, Ville LaSalle, was the locale recently of the Dominion Collie & Shetland Sheepdog Ass'n (Montreal Branch) all-breed Sanction Show, followed the next day by a Mock Trial. This beautiful park, with spacious grounds, tall trees, picnic tables, and a restaurant, is the perfect setting for a show, and the weatherman cooperated, making it an ideal two days. Local judges did an excellent job with the large entry, and a Boxer, Kerra Laine's Step-A-Side, owned by **Mr. Hanson** of Beaconsfield, was picked for BIS. Reserve BIS went to **Valerie Reid** and **Luc Boileau's** Toy Poodle, Tiderace Nuance. They also took BCBP in Show with a Miniature Poodle, Sunlock Savoir Faire. Other Group winners were: Sporting, **Frank Cartwright's** English Cocker, Tripaway's Manta Baby; Hounds, **Mr. Aarron's** Rhodesian Ridgeback, Elfred's Ricky of Orangeridge; and Terriers, **Mr. P. Worthington's** Airedale, De Tayre's Fagan.

The Sanction Trial, a combined effort of the Mountain City Obedience Club and The Montreal Dog Obedience Training Club, was held as a fun trial, with no prizes and the scores incidental. Held in beautiful weather and judged by **Mrs. Marg Hamilton** of Pointe Claire, it afforded all entrants an opportunity to practice for forthcoming trials and make any corrections necessary for future competitions, while swelling (slightly) the coffers of the host clubs.

M.D.O.T.C.: A combination of a good entry, good judges and good weather assured the success of the 43rd, 44th and 45th annual obedience Trials held once again on the beautiful grounds of the Alpine Inn at St. Marguerites, Que., the beginning of October. With the gorgeous Fall coloring a perfect backdrop for the show, the excellent working of so many top dogs was a joy to behold. Entries were up, some coming from as far as North Carolina and Indiana (the overall winner) and one from Bermuda. There was also a very strong contingent from Ontario to compete for the coveted awards. One incident occurred (certainly dampening the spirits, but with a happy ending) when **Neil and Marion Sutra** of East Hampton, Mass. were unloading and tied their Collie to a chair on the grounds. A strong wind overturned the chair which landed on Trooper, and he took off into the surrounding woods. An all-night search failed to locate the dog. At noon, the next day, he was spotted at the edge of the woods by one of the exhibitors, and then **Mary and Fredric Leipziger's** Weimaraner Lucky Penny's Smoke, took over. A U.D.T., she was given the scent from the Collie's blanket, and tracked unerringly right to the frightened dog. Later on Mr. Soutra entered Trooper in the afternoon trial and placed third in the Novice "A" class. Otherwise the Trials were uneventful — a criterion of any successful undertaking.

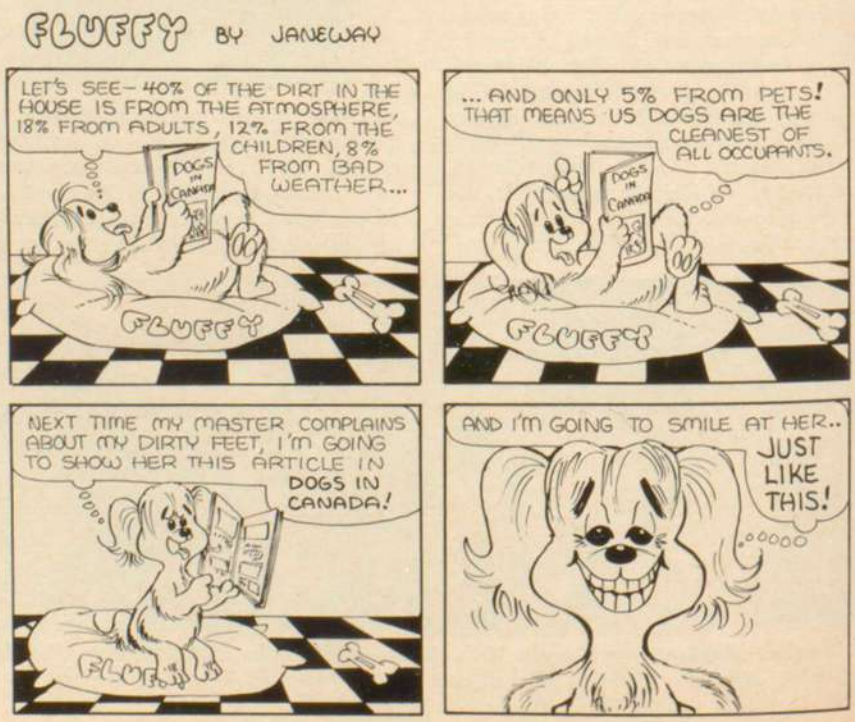

The D.C. & S.S.A. Annual Match was held this year at **Audrey and Tupper Grays** in St. Lizare, **Lorraine Hartglas** of Montreal judging. This match is growing every year, with so many people just coming to have a social get-together with other members. A large contingent came from Ottawa — **Velma Reid, Richard Lacroix** and family, the **Mintys, Stewart Hay** and wife and children. **Mr. and Mrs. Tuyl, Mrs. Mills** and her daughter, and **Mrs. McKell** arrived from Ormstown, and **Joan Gorden** from the Eastern Townships, and there were all the local members along with their guests. Best of Breed went to Audrey Gray's Grayfield Silver Cloud, a Collie from the 4-6 month Puppy class and **Sybil Jardine's** Braedean's Something Special came from Open to Best of Breed in Shelties. Silver Cloud went on to win Best in Show and Best Puppy in Show. The unofficial classes were well represented. **Gill Shields** and **Dorothy Fountain's** Ch. (Can. & Eng.) Honeyboy of Callart won the Stud Dog Class and Sybil Jardine's Little Miss Muffet was Best Brood Bitch. Best veteran was **Hazel Slaughter's** Ch. Gypsy Rose of Ronas Hill, C.D. (all Shelties), **Louise Lacroix** won the over 10 class and **Ruth Page** the under 10 in Junior Handling. The Parade of Champions had an impressive entry of ten.

Standing before you as the advocate of the lower races, I declare what I believe cannot be gainsaid — that just so soon and so far as we pour into all our schools the songs, the poems, and literature of mercy towards these lower creatures, just so soon and so far shall we reach the roots, not only of cruelty, but of crime . . .

"A thousand cases of cruelty can be prevented by kind words and humane education for every one that can be prevented by prosecution."
