Barrie K.C. entry sets a new Canadian record

ARRIE, Ont.—The Barrie K. C. -breed shows held August 4, 5 d 6 opened on perfect summer ther and the sun kept shining roughout the three-day outdoor ent, a major stroke of luck for s club because, as its treasurer ul Robins said: "The shows ve grown so large there is just way we could get them all un- er cover."

The shows, whose total entry as well over the 3000 mark, ssed on Sunday with a total of 15 marking a new Canadian dog w record, an increase of 12% er Barrie's previous record set 1972. And, among the four specialty clubs holding shows in conjunction with Barrie, the Great Dane Club of Canada scored a record of its own with an entry of 172 Danes.

Barrie is becoming very popular with stateside exhibitors and this year drew entries from 26 different states. Many Americans who attended the Barrie shows for the first time have booked motel accommodation for their return visit in 1974.

Top awards were in strong contention and went to two American and one Canadian-bred dog. On Saturday, judge Peter Knoop awarded Best in Show to the Borzoi, Am. Ch. Great Heart of Fosteria owned by Mrs. Ernest B. Foster of Warner Robins, Ga., handled by Suzanne Brumbaugh. On Sunday, judge Munro J. Coleman's choice was a Doberman Pinscher, Am. Ch. Nitro's Road Runner, owned by Mr. J. B. Morey and Mrs. Clark Limbaugh, St. Charles, Ill. And at the third show, Mr. Harold Robinson gave the top award to the Canadian-bred St. Bernard, Ch. Ambassadeur, handled by his owner Mr. Chas. Lunn of Franklin Center, Que.

The Barrie shows are quite remarkable when one realizes that a

Combination successful for Manitoba show

WINNIPEG—Syd Perkins, Publicity Director of M.C.A., reports the Association's first sanction match and correction obedience trial was an outstanding success. The club was the first in Manitoba to hold a correction obedience trial together with a team display made up of four Golden Retrievers.

Held July 22, top winning dog was Pannonia Normand, Doberman Pinscher owned by Ken Hanna. An Irish Setter named Rusty A' Brute, owned by Constance and Bruce Hepner, won the Sporting Group while an Afghan, Mukasa Amentet of Grayfair owned by Rita Riely, won the Hound Group. Top terrier was the Westie, Shaglo's Irresistable Cotton owned by Mrs. Anita E. Gulley. The Toy Group was captured by a Chihuahua owned by Mr. and Mrs. James R. McDonald, Floray's Doncella Dee. Mi-Pao's Juno, Chow Chow owned by Larry Kereluke and Lorraine Hill, took the Non-Sporting Group. Juno also won the Puppy Sweepstakes.

The Association is currently planning an all breed championship show for 1974.

Dogs In Canada

This month's cover dog is Ch. (Can. & Am.) Renaldo The Rock, shown in an unretouched photograph by DNH and handled by his owner.

The Rock has had a brilliant career this year, winning nine Bests of Breed in 11 times shown. This included three Group 1sts, one Best in Show as well as several group placements. His two defeats were by kennelmates, Ch. Renaldo's Total Score and Ch. (Can. & Am.) Schaeffer's Wait and See.

THIS MONTH'S COVER DOG

Particular pride is derived from the fact that Rocky is home bred, conditioned and, on almost all occasions, handled by his owner.

Of particular satisfaction was his U.S. show career when, in five weekends and owner-handled, he notched up four majors and his title over group winning U.S. dogs.

Ch. Renaldo's Total Score seems destined to follow Rocky's U.S. career, as at his first two U.S. shows he scored BW while our Ch. (Can. & Am.) Schaeffer's First Impression was Best of Breed.

With one exception, "Toto" has never been defeated by any Scottie outside of the home kennel.

Money-saving premium list

Metropolitan K.C. uses unique idea

TORONTO—For the first time in Canada and possibly the international dog world, a premium list is being incorporated in a national dog publication. With this issue, the innovative Metropolitan KC presents its premium list in the form of an advertisement—and with the following advantages:

- The high cost of paper, printing and postage are minimized. For example, the average postage required to circulate a premium list to 2,000 exhibitors is 12-14¢ per copy. By using an advertisement in *Dogs in Canada* to provide the essential information, the above costs are eliminated and rather than 2,000, more than 13,000 potential exhibitors are reached.
- Also eliminated: cost of maintaining mailing list, purchasing and addressing envelopes.
- Individual requests for a copy or additional copies can be handled via reprints of the advertisement in this issue.

There are also untold advantages for other show-giving clubs in time, money, effort, should they wish to adapt the Metropolitan K.C. idea.

- Clubs might wish to collaborate in promoting a show circuit by means of a premium list advertisement which covers three or four shows, thereby eliminating cost of three or four premium list productions and mailings.
- Clubs with dates running close could collaborate, again at a tremendous saving all round, with an attention-getting large display advertisement rather than individual smaller insertions.
- The format as appearing in this issue can be tailored to suit the requirements of individual clubs. Please turn to pages 5 and 6.

Dognapper borrows good-natured Samoyeds for stud

by SUZANNE ZWARUN

Members of the Samoyed Club of Calgary are reading the classified ads very carefully these days and their dogs are suddenly having to get used to new, white nylon collars and rabies tags—all because a dognapper is loose in the city.

It's not the usual kind of dognapper.

This one merely borrows the dogs—usually male show animals—and returns them, a little the worse for wear.

As club secretary Shirley Hancock reconstructs events, someone, somewhere in Calgary, has one or more female Samoyeds and an urge to get into the dog breeding business without the usual expense.

The trouble, says Shirley, is that Sams are too good natured for their own good. "Nobody's going to try to borrow a backyard full of snarling Dobermans. But Sams . . . they'll go with anyone." Smile at a Samoyed and he smiles back. Offer him a ride in a car and he pants to get in. Give him a child to play with and he won't be home for hours.

"They're perfect victims for dognapping," says Shirley.

And that's just what's been happening lately. In the more than half dozen dognappings reported to the club, all the dogs were securely fenced or tied in their own backyards when they disappeared. Eventually, all were returned, drugged and dopey but apparently well fed, warm and clean, despite the slushy streets. The timing of the dognappings, the length of their disappearance, and bites on one dog that could have been inflicted by a cantankerous female, indicate to the club that the dogs were borrowed for stud purposes.

In the first case, a woman had just fed her three Sams and put them in her tightly fenced backyard for a run. Twenty minutes later she looked out and the dogs had all disappeared.

One, a pup, was evidently turned loose immediately; his owner found him trembling and alone in the back alley.

Four nights later, as the owner was turning off the late, late movie around 3 a.m., she heard a car drive up. Looking out, she saw a car, its headlights off, pulling away and her two dogs were coming up the front walk.

"One was a female, but we figure the dognapper didn't have time in the dark to figure out which was which and separate them," says Shirley. "As for the male, he was all cut up, as if someone had put him in with a bitch they thought was in season, but wasn't."

Another valuable male had just been bathed and groomed for a dog show, when he disappeared. Almost a week later he was

dropped on the doorstep of the first people who lost their dogs.

"When the owner came to pick him up, they brought their baby with them. The dog is just crazy about the child but he was so doped he didn't even stand up when his owners came in."

Another man had his dog stolen twice within a week. Both times the dog was tied to the back step and the dognapper left the rope in a neat coil on the step.

"They're in for a surprise with that one," laughs Shirley. "He looks like a pure-bred Sam but he's got some Siberian Husky in him. Wait until they try to sell those pups."

Another male was stolen and returned within an hour. The dog loathes car riding and screeches and howls all the time he's in an auto. He seemed to be heavily sedated when he was brought home.

The club's at a loss to figure out how the dogs were selected. Not all the owners belong to the club, so the dognapper can't be selecting from a club membership list. How the dognapper intends to sell the puppies is also a puzzle. Show circles in Calgary are small and

Dognappers—page 7

Barrie —from page 1

small committee of approximately 15 members handles the entire job. Total club membership is 24 but on show days friends and relations are called into service to keep things running on schedule. Barrie advertises itself as "The Fun Show" but there is a serious side as well. Proceeds from the shows last year were used to promote various youth activities in the community, the purchase of eight wheelchairs for use in the out-patients clinic of the Royal Victoria Hospital and a sizeable donation to the Purebred Canine Research Ass'n. This year the club hopes to be able to increase its support of worthwhile projects of a strictly "doggy" nature. It is also hoping to introduce obedience training into its calendar of activities which, to date, has not been possible because of lack of suitable training quarters.

These quarters are now under construction at the Fair Grounds, the show site, a fact that inconvenienced a number of people this year. A large grandstand and parking lot under construction reduced the show site from its customary 22 acres to 14 which meant that many exhibitors with campers had to set up several blocks from the show. This became a sore point as exhibitors resented the need to shuttle back and forth with dogs and all the gear.

Another area of criticism was the speed with which some judges rushed through their assignments. One, it was alleged, passed on 45 dogs in 35 minutes. And, if this was so, exhibitors are justified in thinking they did not get value for their $8 entry fees. "What will the Americans think of our judges?" was the question a lot of them were asking.

These were Barrie's low points. On the plus side was a beautiful show site kept tidy by a busy clean-up crew and there was ample parking for cars. There was good catering each day from breakfast on, provided by the Optimist Club of Barrie. There was plenty of entertainment including a Saturday night banquet, a "hip of beef" dinner served cafeteria-style on Sunday followed by square dancing out-of-doors. There was an impromptu Afghan race, a great crowd pleaser, plenty of other local activities to visit and numerous informal get-togethers. All of which added up to a fun weekend at "The Fun Show". Next year, with improved facilities, it should be even better.

Cover Dog —from page 1

Although just over one year of age, it would seem his record will be as a stud dog. His first two litters are very uniform and of good quality. One might expect this from his pedigree, as he is a grandson of North America's greatest winning Scottie, Am. Ch. Carmichael's Fanfare.

The distaff side has been well represented with Ch. (Can. & Am.) Schaeffer's Wait and See scoring seven Bests of Breed and five group placings in very limited showing. It is hoped that next year will see more time devoted to "Nut's" career.

Every attempt is made to keep the kennel small and it presently houses ten adult dogs, including three American and Canadian champions, four Canadian champions and pensioners. To keep numbers down, puppies are often available and occasionally a proven adult. Stud service is offered to approved females.

Due to family and professional commitments, as well as to increased judging assignments in Canada and the U.S., we have found it desirable to use a professional handler on occasion this year. We are exceptionally pleased that we have been fortunate enough to secure the services of Mr. Luc Boileau.

Any enquiries should be directed to Mr. and Mrs. James G. Reynolds, Box 3138, R.R. 3, Ottawa, Ontario K2C 3H2. Phone 613-692-4391.

TEACHING POST: Dr. Jim Corbin, world-renowned expert on animal nutrition and for many years director of the small animal nutritional division of Ralston Purina, St. Louis, Mo., has accepted a professorship at the University of Illinois. His new address: c/o Department of Animal Science, University of Illinois, Urbana, Ill., 61801. "There is a real opportunity to help students, ranging from freshmen to Ph. D. candidates, to learn about dogs, cats and horses. When you are in the vicinity of Champaign-Urbana, please give us a call and stop by. You will be interested in the Companion Animal Science program and its progress; we'll be glad to see you."

Phil Prosser, manager, Dog Care Division, Ralston Purina of Canada, Ltd., tells *Dogs in Canada* that while Purina will miss Dr. Corbin in the countless contributions he has made to the company and the selfless help he has unfailingly given dog shows, clubs and individuals, all is not lost, neither as a friend nor an advisor. Jim will still serve Purina on a consulting basis and for dogdom, it could well be the best of two worlds—he will now be able to serve on a medical as well as nutritional basis.

He, with other dedicated researchers, has been instrumental in the formation of Purina foods for cats (the first practical commercial rations ever consumed by cats), monkey chow was developed and helped in conquering polio, and later used to feed the monkeys orbiting the earth prior to man's venture into space, and many, many others. The group even raised lion cubs in the laboratory. Through this team, Purina has become a leader in the dog, cat and animal nutritional world. "I'm proud to have been a part of the conception and birth of this segment of our great company," says Jim.

HOSPITAL VISITORS: While recently recovering from a bout of pneumonia at the Bethesda Naval Hospital in Maryland, United States **President Nixon** was considerably perked up by a visit from **Mrs. Nixon** and daughter **Patricia,** who were permitted to enter the suite with two other members of the family: Miniature Poodle "Vicki" and Yorkshire Terrier "Pasha".

TROUBLE ON WHEELS: Martha Covington Thorne, well-known American handler who attended the recent Peterborough, Ont., shows, stopped her trailer on her way home to water the dogs. As she opened the door the trailer blew up. Fortunately she was able to rescue all the dogs. . . . **Barbara Partridge,** another American handler who exhibits in Canada, was driving in Vermont when she glanced back to see her mobile home was in flames. None of the dogs were saved, it is reported. Further details were not available at the time of writing.

TRAVELLERS: Marion and Fran Maher of Hornell, N.Y., to Ireland. Their enthusiastic notes are a reminder that not all of that country is under a cloud of tragedy. The Mahers are best known as Sheltie breeders and competitors in both conformation and obedience rings in Canada and the United States.

HONORED: Dr. David C. Secord, associate professor and director of the Health Sciences Animal Centre of the University of Alberta's Faculty of Medicine in Edmonton, Alta., has received the 1973 Gaines Veterinary Award. He is a son of **Dr. Allan C. Secord** of Toronto. Dr. David is recognized in Canada and the United States as a leading authority on experimental surgery and is equally noted for his successful efforts to achieve better standards of care for laboratory animals. The Gaines Professional Award is given annually by General Foods, Limited, to the veterinarian selected by the Canadian Veterinary Medical Association for significant contributions to the advancement of small animal medicine and surgery during the preceding five years. Dr. Allan Secord was winner of last year's Gaines award.

IN MEMORIAM: It is our privilege and our sorrow to pay tribute to the wonderful friends and acquaintances in the Canadian world of dogs. Many whom our readers may have known only by sight and by reputation have passed on, having lived full lives, enriched by the success and disappointments that form a part of our beloved world of dogs.

But when a lithe, spirited, dedicated young woman is taken without warning, it is perhaps the greatest heartbreak of all.

Greta Phillips of Kophi Kennels, Elora, Ont., totally devoted to the breeding, showing and promotion of Afghan Hounds, was an exhibitor at the Barrie KC show the weekend of August 4. She complained of fatigue, went back to her hotel room, was rushed to the hospital but suffered a fatal heart

attack. There had never been a previous indication of a heart condition.

Kophi Kennels was founded nearly 11 years ago and within that short space of time has become one of the best known kennels in North America. Greta was one of the founders of the Afghan Club of Canada and with her experience in communications and publicity, started "Afghan Action", one of Canada's finest breed club publications.

In the beginning Greta and husband **Myles** handled their own dogs and later required professional handlers as their extent of exhibiting expanded.

Greta was a fighter—for style. Style in the ring, style in dress when presenting Afghans. Style in the show venue in major hotels and other prestigious locations, flair in the presentation of events.

Dogs in Canada talked briefly with Myles. He will attempt to

Norman F. Brown testimonial Dinner

Like a great many good ideas the wish to honor Canada's "Mr. Dogdom" with a testimonial dinner began with a bit of chit-chat between two people. Then the idea was discussed with a third party who liked it so much that he passed it along to the Board of Directors of The Canadian Kennel Club. Then, at a special meeting, the Board gave it their unanimous approval and appointed, as Committee Chairman in charge of the arrangements, the man who started it all—Mr. Thomas (Tommy) Joel.

Mr. Joel is delighted with his assignment and has selected four talented and hard-working committee members to help him —Mrs. Hilda Pugh, Mrs. Lorna Jackson, Mr. Ed Dixon and Mr. Bob-John Ellieff. In fact, everyone connected with the affair is delighted that, at last, there is a tangible way in which to express the high regard they all have for the guest of honor, Mr. Norman F. Brown who, for 40 years has been a devoted officer of The Canadian Kennel Club.

The Committee has lost no time in making the preliminary arrangements. The Crystal Ballroom of the King Edward Hotel, Toronto, has been engaged for the evening of October 20. Festivities will commence at 6.30 p.m.

Upwards of 300 guests are expected to attend and the affair will be international in its aspect. Invitations are being extended to officials of overseas and stateside kennel clubs. And, it has been suggested that breed and local kennel clubs across Canada might select delegates to carry the greetings of their organizations. This affair promises to be not only the most important social event in the history of the CKC but also an occasion where dog fanciers from all parts of Canada and abroad may meet to exchange ideas in a relaxed, convivial atmosphere. An order form with full details concerning reservations for tickets is included as a special insert in this issue.

A matter of public awareness

Dr. Michael Fox, writing in the U.S. publication, the *Saturday Review*, set off an explosion among the veterinary profession when he stated that "tubal ligation"—the controversial "five-minute spay"—and no-cost spay clinics held the answer to all the problems associated with pet overpopulation.

The profession has responded in kind. One veterinary-surgeon stated that: "surgical preparation alone requires five minutes. By no stretch of the imagination can I visualize a five-minute neutering operation unless gross malpractice and malfeasance of licensure is committed, not to mention inhumane neglect of the patient." Dr. Fox's statements on this subject are held to be completely irresponsible according to the many veterinarians who have replied through the columns of the American Veterinary Medical Association's official organ, the *Journal*.

But, in spite of the war of words, all the talk of no-charge spay clinics has been constructive. It has brought the problem strongly home to the veterinarians. And, although they deny Dr. Fox's charge of responsibility for the pet overpopulation problem, they have formulated a few workable ideas of their own to encourage responsible pet ownership. No longer will the proud new owner of a puppy bitch be greeted by the veterinarian with: "Are you going to breed her?" But rather: "When do you want her spayed?"

Many areas in the U.S. are also launching veterinarian sponsored client education programs, a movement that is catching on in Canada. In Calgary, Alta., a highly successful public education campaign is currently being sponsored by the humane-oriented groups. It does seem that breeders and local dog clubs have a lot to gain by co-sponsoring such educational advertising campaigns. It is, after all, simply a matter of self-interest.

If some have their way, dogs will be banned from cities thus leaving veterinarians with little to do, clubs without dog-owning members and breeders with no city market for pets. Advertising campaigns cost money but is there a better way to use club funds than to protect the hobby that produced them?

"NOW ISN'T THAT A NICE HUNTING DOG! HE'S EVEN CLEANING YOUR GUN!"

Letters

It's our pleasure

May I, on behalf of our executive and all of our members extend to you and your editors and writers, our appreciation and admiration for the fine layout, composition and content of *Dogs in Canada*, issue after issue.

Of the many magazines, books and articles, both professional and otherwise, that come into my office each month, none is anticipated more eagerly than the one published under your painstaking direction.—*D. B. Albertson, M.D., Show Secretary, Regina Kennel and Obedience Club.*

Canadian sportsmanship enjoyed

Win, lose or draw, good sportsmanship on the part of exhibitors is an important part of showing that is sometimes neglected. Such was certainly not the case at the recent Woodstock, Ont., show. The following is an excellent example of how all of us, perhaps without even realizing, are "ambassadors of goodwill" (or should be) building the general reputation of Canadian showmanship.

On Sunday, July 8, a fellow St. Bernard breeder accompanied us, as an exhibitor, to the Woodstock show. I'm including a portion of her letter:

"... you don't know how greatly impressed I was with the way your Canadian Saint competitors went out of their way to congratulate me on my wins. *Everyone* in my class smiled and shook hands, other Saint class entrants and the judge did too. Here in the U.S. I have often left the ring with not a soul ever bothering to smile, much less offer congratulations. Our excursion over to Canada's shows has opened a whole new world of showing for us and we have met some extremely nice new friends there...".

What a lovely compliment for Canadians; let's hope to see a continued attitude of good sportsmanship on the part of all exhibitors in all breeds!—*Mrs. Jean Niederer, Waterloo, Ont.*

Anita Chapman Toy Group Review

Hurray. At last someone who knows what they're talking about has had the guts to come out and say what was on their mind, for the betterment of our Toy dogs.

Mrs. Chapman should receive nothing but praise and admiration for her splendid article in the July issue.

She has in essence removed the blinders and it is up to we Toy dog breeders to take the first step and learn how to walk again.—*Daniel Augustus-Doukas, Toronto, Ont.*

"Mounties" feature of Regina show

The Regina Kennel and Obedience Club held its 57th consecutive annual shows May 20, 21 and 22. The shows this year were more successful than ever before, with the RCMP Centennial as the central theme and a total entry surpassing that of any show ever held in Saskatchewan.

The opening ceremonies honored the 100th anniversary of the "Mounties" with the fanfare by an RCMP trumpeter and an escort of scarlet-coated recruits leading the official party headed by Supt. H. K. Joudrey, our guest speaker, who is Divisional Centennial coordinator for Saskatchewan. The RCMP display area attracted large groups of spectators all three days of the show with Const. J. Short, RCMP Dogmaster for Regina District, showing excellent color films of the training and work of RCMP police dogs, answering questions and showing his own dog, Arco.

For several years the motto of our show has been "Hospitality-Friendship-Sportsmanship-Competition". Never before have these words rung more true than this year. There was no evidence of petty bickering, complaining, jealousies or unjustified behavior by anyone. The friendliness of all our exhibitors, particularly the very many who came from 18 different American states, was most gratifying. Competition was keen and clean, with congratulations extended by other competitors to each successful winner. Of particular note was the extremely generous applause given to each of our Best in Show champions.

To all our exhibitors, winners and losers alike, we tip our hat. It was our pleasure to have each of you as our guest and we hope to see all of you again next year.—*Dave Albertson, show secretary, Regina Kennel and Obedience Club.*

Junior activities need more coverage

For quite some time now I have been a reader of your publication. However, as a member of the Edmonton Junior Kennel Club I have been disappointed at the lack of coverage of junior clubs and their activities receive. May I remind you that the success of kennel clubs in the future is going to depend a great deal on the young people of today. As it stands now, junior clubs are declining in membership. Perhaps with some assistance from you and your paper this situation could change.

I'm sure finding a person to write this column would not be too difficult. There could be an arrangement made for each province's clubs to submit once a year. That is ten provinces—with one province reporting each month would give you ten months. For the next two the highlights for the year could be covered.

This month groups will be reforming for a new term. Perhaps with your support we will be bigger and better than ever.—*Judy McVeigh, President, Edmonton Junior Kennel Club, Edmonton, Alta.*

Breeder or "farmer"

Re page 12, April issue. We wish to congratulate you for your attempt to distinguish "dedicated" dog breeders from the "puppy farmer" in your future issues of the Kennel Directory. It is indeed impossible to determine a reputable breeder on the strength of the information in the directory at present.

Our club, the Terrier Breeders Association of Canada, wishes to point out, however, that to distinguish only between permanent registered kennel names and those not permanent, you would penalize the small-scale dedicated breeders who are unable to maintain a number of puppies of possible show quality. Penalized also are those determined few who persevere in the less popular breeds and have great difficulty due to lack of competition making champions in their chosen breed.

By the same token, a far from dedicated "person" who deals in a number of "popular" breeds designed to meet current public fancy with total disregard for the dogs, the advancement of the breed or the facilities necessary to maintain dogs and puppies in a healthy, disease-free environment, would seemingly have no difficulty in obtaining five champions out of his operation if he

Brace Class *+	$4.00 per brace

*Dogs must be entered in the Regular Classes.

+When entering more than one (1) brace, please indicate either Brace 1, or Brace 2.

Each show date (November 3 & 4th) is a Separate Show requiring Separate Entry and Listing Fees for each Show. The Listing Fee of One Dollar is waived if the entry form shows a CKC Litter Number.

No entry will be accepted unless all particulars called for on the entry form are shown thereon, and all fees are paid in full. Otherwise said entries will be returned. Exhibitors must abide by any errors made in entering their dog.

Only dogs which are already registered with the Canadian Kennel Club Stud Book, or are eligible for such registration, can be entered.

The Committee reserves the right to refuse any entry it may see fit to exclude, subject to Canadian Kennel Club Rules.

Exhibitors will be issued passes, judging schedules, and a map of the show's location as soon as possible after the closing date of entries.

FOR YOUR INFORMATION. . .

IMPORTANT NOTICE TO EXHIBITORS

The rules of the Canadian Kennel Club, effective January 1, 1961 require the payment of a "listing fee" of $1.00 on the entry of a dog not registered individually in the club's records at the time of entry. There is no limitation on the number of shows or trials at which a dog may be entered as a "listed dog", and the previous requirements that a "listed dog" be registered within 60 days of a show or trial has been deleted from the Rules. Exhibitors should note, however, that the Canadian Kennel Club does not confer a title on any dog until it is registered individually in the Club's records. The Listing Fee of $1.00 is waived if the entry form shows a CKC Litter Number.

CHAPTER 4

BREEDS, CLASSES, AWARDS AND STAKES

SECTION 2

(b) Every dog entered at a show must be entered in one of the regular official classes as set forth in Chapter 4, Section 2 (c) to 2 (h) inclusive, or entered for 'Specials Only', or entered for 'Exhibition Only', except in the case of Veterans' Classes for dogs and bitches 7 years of age and over. If such Special Classes are provided for in the Premium List.

(c) The JUNIOR PUPPY CLASS shall be for dogs at least six months of age on the first day of the show and under nine months of age on the first day of the show.

(d) The SENIOR PUPPY CLASS shall be for dogs at least nine months of age on the first day of the show and under twelve months of age on the first day of the show.

(e) The NOVICE CLASS shall be for dogs never having won a first prize at a show in any regular official class. In determining whether a dog is eligible for this class, no award received on or after the official date of the closing entries for a show at which the dog is to be shown shall be counted.

(f) The CANADIAN-BRED CLASS shall be for dogs born in Canada, champions in any country excluded.

(g) The BRED BY EXHIBITOR CLASS shall be for dogs owned and handled in the ring by the breeder.

(h) The OPEN CLASS shall be for all dogs.

SECTION 3.

(h) SPECIALS ONLY—Dogs may be entered for "Specials Only" and, except in the case of American Cocker Spaniels (see sub-section "g" of Sec. 3), such dogs shall compete with the dog awarded the best of Winners for the Best of Breed award. Any dog entered for "Specials Only" and received at a show must compete for all special prizes for which it is eligible.

CHAPTER 16 — ENTRIES AND ENTRY FEES

SECTION 1. Every dog entered in a championship or Specialty championship show held under these rules must be registered in or eligible for registration in the Stud Book of The Canadian Kennel Club. The following must appear on the entry form: Name of breed, name of dog, Canadian Kennel Club registration number if registered in Canadian Kennel Club Stud book, colour or colours of dog, name of breeder, place and date of birth, name of sire, name of dam, class or classes in which dog is entered, name and complete address of owner of the dog, signature of the owner or signature of his authorized agent; name of handler if the dog is not to be shown by owner or member of his immediate family. If the dog is being held under lease the name of the lessee shall be given instead of the name of the registered owner. If the puppy class is divided by age, then the age classification must be clearly stated. If the class in which the dog is entered is divided by height, colour or weight, then proper height, weight or colour division must be clearly stated. If any part of the required information or signature is not furnished, such failure will automatically mean the cancellation of any wins made to a dog not properly entered as required by these rules. Every entry form must be signed by the owner or his authorized agent, and in the case of telegraph entries the entry forms must be signed by the owners or their authorized agents not less than one hour after judging of the show commences. Under no consideration can telephone entries be accepted. The entry of a dog shall be accompanied by a recording fee of fifty cents (50c), and all recording fees shall be remitted by the Club or Association holding the show to the Canadian Kennel Club Inc. within ten days after the show.

SECTION 2. If a dog is not registered individually in The Canadian Kennel Club Stud Book, it may be entered at a show, held under these Rules, as a 'listed' dog, provided:

(a) If born in Canada, that the litter of which it is a part or the whole has actually been registered in accordance with the provisions of Article XXIX of the Club's By-laws;

(b) If not born in Canada, that it is eligible for individual registration in accordance with the provisions of Article XXVIII of the Club's By-laws.

The entry of a 'listed' dog at a show held under these Rules (Section shows excluded) must be accompanied by a listing fee of $1.00, and all listing fees must be remitted, by the club or association holding the show, to The Canadian Kennel Club within ten days after the show.

SECTION 4. Telegram entries must give the same information required by Section 1 of this Chapter.

SECTION 8. Owners are responsible for errors in making out entry forms whoever may make such errors.

SECTION 9. Change in the entry of the dog or cancellation of an entry, is specifically prohibited after the closing date for entries as published in the premium list, nor may any alterations be made on the entry form of a dog after the closing date for entries as published in the premium list.

SECTION 10. The ownership of a registered dog entered in a show must be recorded in the registration files of The Canadian Kennel Club.

FOR THE DAYS OF THE SHOW . . .

The Show premises will be opened at 7:00 a.m. (EST) to receive your dogs.

Judging will commence at 9:00 a.m. (EST) or earlier depending upon our entry.

No exercise pens will be allowed in the show building, this rule will be most strictly enforced.

SPECIAL NOTICE TO EXHIBITORS AND HANDLERS

Judges will not wait for any dog holding up a class. It is your responsibility, as an exhibitor, to have your dog at ringside ready to be shown when the class is called. Dogs will be called only once for his class.

For the convenience of exhibitors showing at both shows who wish to leave equipment in the building overnight, a watchman will be on duty from 8:00 p.m. on Saturday evening until 8:00 a.m. Sunday morning. However, exhibitors will be responsible for the care of their own dogs except in the case of emergency.

The Metropolitan Kennel Club will exercise reasonable care for the safety of all dogs exhibited, but it must be distinctly understood that the management will not be responsible for the loss or damage to livestock, persons or property, whether the result of accident or otherwise.

The Show Superintendent will have full charge of the conduct of the shows. Exhibitors are requested to co-operate with the Show Superintendent who will exercise his authority with courtesy and consideration, having due regard for the Dog Show Rules of the Canadian Kennel Club, the well being of the Show, its Exhibitors and Spectators.

SATURDAY EVENING GROUP AND BEST IN SHOW JUDGING will be done in formal attire by the judges and the ring officials.

There are quite a few dog training clubs utilizing indoor training quarters that run their classes over three separate sessions throughout the year. January to March is one training class. April to June another one; then, during the hot months of July and August these clubs usually break off for two months. They start up again in September to November for their last class of that calendar year and then break off for a two or three week Christmas and New Year recess.

Personally, I'm a great believer in these recess periods for a club. They give the trainers and the active people in an organization time for a well-needed rest from the quite often hectic activity of a dog training club and also time to generate and think up new ideas before classes start up again.

I've noticed many times as June is coming to a close, interest is starting to wane just a little, the heat is starting to get to both the dogs and the people—however, along comes September after the long summer break and you can see from the fresh, happy faces that the members are glad and happy to be together again, to share in their favorite hobby. Even the dogs are all excited to be at classes again, especially after a long hot summer when it can get a little boring just lying around most of the time.

You're probably bored hearing this over and over again, but now, with the start of Fall classes, how about *really trying to keep your cool* when training "Rover"?

TIPS ON TRAINING

Enumerated below are tips and ideas that can pay big dividends if followed faithfully and honestly and you'll end up with an easier trained dog and certainly a happier one. They're not in any particular order—just as they come to mind.

1. *Nice n'easy does it!!* How can I stress these words enough to impress upon you the great importance and value of "nice n'easy". It can be applied to so many phases of your training. Many gentle repetitions at first until your dog shows signs of understanding, then gradual inserts of firmness and correction (when necessary only), followed by immediate praise to help wash off the shock of the correction.

2. In exercises where jumping is involved *please* keep the jumps *low in height* and *short in distance*, relative to the size dog you are training. You will be absolutely amazed at how successfully you can train your dog to broad jump, retrieve over the high jump and do directed retrieve jumping by merely keeping your jumps at a very low height and width. The relative ease with which dogs can clear these lesser distances permits your dog to devote his full attention to what the exercise is all about. It's so much easier for him to learn the format or pattern of the exercise if every time you repeat it he's not confronted with the herculean task of having to jump maximum distance each time. How can he possibly have a chance to learn and concentrate on what the exercise is all about when his whole energy and concentration are bound to be tied up with whether he has enough stamina to clear the height or distance one more time? Your dog should be absolutely solid in what your hand and arm signals mean in directed jumping, what broad jumping is all about and what retrieving over the high jump is all about, before you even begin to consider increasing distance in the complete exercise procedure. However, when training for heights and distances still continue running with your dog on lead and letting him jump on a loose lead as you sidestep the jumps—gradually raising them as your training progresses. Here your dog is learning what jumping is all about—there's nothing else he has to concentrate on—such as the pattern of the exercise.

CAUTION NEEDED

Sorry if I've belabored this point so much but oh! what a difference it can make to you and your dog's pleasure during your training if you move ever so cautiously during this part of the training.

3. If, suddenly, you get angry or blow your cool while training your dog—*stop at once*—whatever you do don't take it out on him or you'll set yourself back so far it isn't even funny! Quickly repeat an exercise he does well; praise him profusely and pack it up for the day. Then spend your cooling off period figuring out what went wrong. Try to remember also, when you get angry at your dog for lousing up an exercise in training—it is an expression of inefficiency of you as a trainer—you're expecting too much too soon, or you haven't kept your height low enough, or suddenly from the quiet distraction-free training area where he's always done it, he suddenly acts like he's never done the exercise before when confronted with the exercise in a new area. Please try and remember all this awareness is part of the expertise that makes up good dog training.

This is Bill McVean

Let's be personal about pets

Bill McVean is a popular commentator/announcer with CFRB radio station, Toronto.

I've got a dog named Samantha J., and two cats, (an unmarried Burmese mother and her wayward son Tigger.)

They're all neutered, which is some consolation, but only "some" in the light of some facts I've come across.

People have been keeping dogs for 10,000 years, and they serve important psychological needs. They also protect us, and our property, pull our sleds and teach our children how to be kind. Cats have been our companions longer than that. They catch mice, and not much else, but they are so much a part of our heritage that if they all disappeared we'd feel a deep loss. And yet, over 14 million dogs and cats are *killed* every year across the continent by animal shelters and pounds. Why?

It's something called the pet population explosion, and don't laugh, it's serious—and becoming more so.

The population is growing so fast, that with no controls at all within ten years there would be more dogs and cats in the world than people. And if that doesn't make you sit up and whimper—listen to this. There are 6,000 dogs and cats born in North America every hour. Compared with 415 humans. A lot of the animals die young, but right now 120 million are living with us and 50 million are homeless.

On the human side, more dogs and cats mean more fouling of the parks and sidewalks, more people being bitten and more highway accidents caused by carefree poochies. There's also more barking and meowing in an already noisy world, as well as the bellows of people who don't like pets!

Would you believe this? In New York City—3,000 gallons of the watery stuff are sprayed on shrubs every day, and somebody who likes counting such things claims that the beasties leave over 100,000 pounds of solid laying around every day. And that's a lotta . . . well, . . . that's a lot!

But what's just as bad is that the animals themselves suffer from the pet explosion.

60% of us keep a dog or cat. There's no way to absorb the offspring. The luckier ones end up at shelters or pounds. (About one in ten is adopted. The rest are "put to sleep" as the kindly owners prefer to put it).

Why so many?

Commercial interests. High vet fees for spaying and castrating. And oddly enough—people who want their children to see the miracle of birth. That's fine I suppose—for the kids, but it sure adds to the problems of the overcrowded pet population. One naturalist suggests that people who want their kids to see the miracle of birth, should be required to also take them to the euthanasia room at the shelter, so they can see the miracle of death. The most popular solution to the problem seems to be low cost sterilization and a rise in the cost of licences.

But unless something is done, it might go further than that. Some day, we might follow the example of Iceland where the surplus animal population resulted in the banning of dogs.

Iceland is the oldest democracy in the world—and if they can do it, someone might push it through here.

Dognapping —from page 2

even with forged papers, he'd have trouble selling to people who know Sams because they know everybody," says Shirley.

"Still, a lot of people want a pure-bred Sam for a pet. They'd probably pay $75 or $80 for a puppy with papers."

The 30-member club recorded the dates of all the dognappings and is going to keep tabs on Sam-sired puppies offered for sale about the time the illicit puppies are due, but members haven't much hope of tracking down the culprit.

In the meantime, owners of the dognapped Sams are keeping a close eye on their animals to make certain the drugs given them have no permanent effects. And Sam owners all over Calgary are keeping careful watch on their pets. Many are adopting a white nylon collar and rabies tag, just in case the dognapper strikes again and isn't kind enough to return the animals to their own home.

"Sams don't normally wear collars and tags; a chain collar tears the ruff and dog licences tarnish the fur. But these white collars work all right and the red rabies tag won't tarnish. They're all tattooed of course but we feel they should have some obvious identification, just in case they're dumped out far from home."

According to the club's calculations, the dognappers' bitches will be in season again in about six months and even if the good-natured Sams are game for another dognapping, their owners can't go through all that worry again.

"Mind you, this time whoever it is should be well able to afford the stud fee," says Shirley.

Soft-Coated Wheaten Terrier

Breeding program all important

One of the four breeds recently recognized by the American Kennel Club, the Wheaten's establishment in North America goes back to Mrs. Anna O'Connor of Brooklyn, N.Y., who imported Holmendale Gramachree from Ireland in 1937. It was shown at Staten Island in 1961, the first Wheaten to be seen at an AKC show in more than ten years.

Five years later the Soft Coated Wheaten dogs is as basic a truism as is the need for a planned breeding program. One cannot exist without the other. The contribution to pure-bred dogs will be in direct relation to the foundation on which the breeding program is built. It is no harder to love a good dog than a bad one and costs no more to raise a good litter than a poor one . . . only the quality born of careful breeding can assure a contribution to the breed."

"Breed 'em, weed 'em and feed 'em," recommended Leon C. Shiver, who has produced more than 40 Pointer champions in his Shandown Kennels.

First step for a new kennel owner, he stated, should be to seek a bitch of show quality, already a champion, who has had at least three generations of top show dogs of very close breeding behind her.

"I never use a sire that is not a champion. He must be a product of three generations of champion sires. We breed him to the bitch I have just described."

The Soft-Coated Wheaten Terrier Club of America was founded, with the late Margaret O'Connor as president. Her brother, the Rev. Thomas V. O'Connor, who now heads the club, states there are 450 members and 10,100 registered Wheatens.

There is a current controversy over the coat. In Ireland, a new standard accepts two show coats —trimmed and untrimmed.

Obstetrics in the bitch

Being overweight and lack of muscle tone are major causes of obstetrical problems. It is extremely important to keep the pregnant bitch thin during pregnancy. Owners should be encouraged to reduce the bitch's body weight to the point of being able to feel the spines of the vertebrae and the wings of the ilium. Dogs that are allowed ample opportunity to exercise during pregnancy, thus increasing muscle tone, deliver pups quickly and have few postdelivery problems.

A pregnant bitch will vomit and have diminished appetite between fourth and fifth week of pregnancy, which is the ideal time to palpate for fetuses. At this time, the embryo will be the size of a hickory nut and firm to the touch. Later, after fetal fluid begins to appear, it is difficult to detect pregnancy.

Seven days prior to delivery, the fetus will lay opposite the next to last nipple. At this time the bitch will refuse food for 12 hours, and body temperature will decrease to 98 F for two hours. There may be mild labor contractions, which may last for two hours. This phenomenon compares with Benson-Hickson contractions in the human being 30 days prior to delivery in the first pregnancy and should not be confused with delivery.

Twenty-four hours prior to delivery, the bitch hides and tries to make a nest. Twelve hours prior to delivery, she becomes anorectic. Eight hours prior to delivery, body temperature decreases to 98 or 99 F. Within eight hours, active labor begins. Within five hours, the first fetus should appear, and within a few minutes the first fetus will be expelled. Normally two fetuses are born close together, and the bitch will rest for two hours, then deliver two more fetuses. A normal delivery may take from four to 24 hours to complete. Any time a bitch goes beyond five hours in labor without presenting a fetus, medical intervention is indicated. —*J. W. Bardens.—From "The Journal" June 15, 1973*

Historic site chosen for the Westchester

NEW YORK—For its 56th show the renowned Westchester KC has chosen Lyndhurst, one of 12 historic properties owned and maintained by the National Trust for Historic Preservation in the United States. The show, slated for September 8, is being held on a 67-acre estate situated south of Tarrytown, N.Y., on Route 9.

Letters —from page 4

seemed it worthwhile in order to be listed in the Kennel Directory as a "dedicated" breeder. —*Elma Lewis-Watts, Secretary, Terrier Breeders' Association of Canada.*

Keeping their own end up

Why are the handlers allowed to hold the dogs' tails, when showing their dogs? When my husband and I showed our Springer Spaniels that was a complete "No! No!" except in puppy classes. It always spoils the shows for me.

I used to give obedience and show lessons to our own dogs when they were puppies and we would not show a dog who couldn't or wouldn't hold his or her own tail at the proper angle.

I'm an old lady now and help my son a bit with his Siberians.

My favorite dog is still a Springer, so I'm pleased to see them coming up again. —*Mrs. Agnes Crawford, Fort Nelson, B.C.*

NASA Northeast First Practice Schutzhund Trial and Seminar

This three-day event was held June 22, 23, and 24 in Oriskany, N.Y.

NASA-Northeast was very fortunate to have as our judge and seminar speaker California's Mr. Kurt Marti, NASA Vice-President. Mr. Marti who has over 20 years of experience in training working dogs, provided us with a wealth of information to assist us immeasurably in continuing our training in a way which will develop better working dogs. Our thanks go to Mr. Marti for correcting many of our problems and for his valuable assistance in establishing a more correct and up-to-date training program.

For the trial we had nine entries which included six German Shepherd Dogs, one Bullmastiff, one Giant Schnauzer and one Rottweiler. There were two dogs in the SchH A Class with none passing; six entered in SchH I with two dogs passing; and one entered in SchH III with none passing. Mr. Marti indicated that we had many good dogs, and, with more work, we should do fine in the NASA-Sanctioned Schutzhund trials in the fall. I believe that all of us made an excellent start, and we all plan to compete in the fall trials.

I would like to thank all the sportsfriends from Boston, Montreal, New York City, Virginia, Vermont, Elmira, Ont., Utica, Rome, Rochester and, last but not least from Mexico City. None of us will forget the two dedicated decoys Sergio Guillen and Fernando Trevino from Mexico; thank you for coming! We also were fortunate to have two distinguished guests with us: Mr. Don Arner and Capt. A. Haggerty. In addition, without the help of the Oliviers, the Williams, the D'Avolios and Myers', this fine trial would not have been possible.

Finally, from the experience I have received from this event, I strongly recommend that a practice Schutzhund trial and seminar be held in all our other new NASA Regions so that a progressive training foundation will be established.

For more information on Schutzhund training and trials, contact NASA, 1677 N. Alisar Ave., Monterey Park, CA 91754, U.S.A. —*Alfons Ertelt, NASA Business Administrator.*

Bonus in "Buying Canadian"

Re Canadian-Bred and Canadian-Bred Puppy classes *(July issue)*: When a country places a tariff on foreign goods, it isn't suggesting that its own wares are inferior. Tariffs protect an industry within a country and make it desirable for people to purchase domestic products. Even the largest and richest countries impose this kind

Attention residents of the Prairie Provinces

You are invited to attend informal public meetings as guests of the Board of Directors of *The Canadian Kennel Club*. The purpose is to exchange views and information with members of the Board.

The meetings are being held at the time of the semi-annual meeting which commences on *Monday, September 24*, in the *Hotel Bessborough*, in *Saskatoon*.

The first public meeting will be held *Tuesday, September 25* at *8 p.m.* in the *Bessborough Hotel, Saskatoon*. A second meeting takes place in *Regina, Thursday, September 27* at *8 p.m.* in the *Hotel Saskatchewan*. (Exact location of this latter meeting to be confirmed).

This invitation is open to members and potential members of *The Canadian Kennel Club*. Please note the dates. Come and bring your friends, meet other breeders and exhibitors with the same aspirations and problems as yourself. There is no admission charge.

You are invited to the

Testimonial Dinner

for Norman Brown

Treasurer of The Canadian Kennel Club and Manager of Shows and Trials

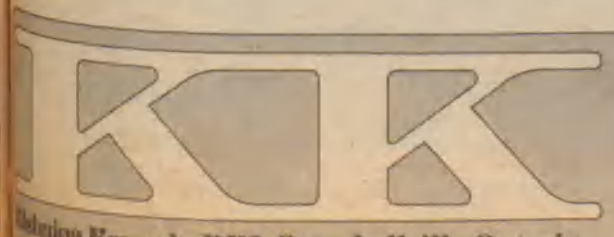
honoring his 40 years of dedicated service to the CKC and Canadian dogdom.

The dinner will be held the evening of Saturday, October 20 at the King Edward Hotel, 37 King St. East, Toronto

Your invitation, with reply card, is enclosed with this issue. (If mislaid, please contact The Canadian Kennel Club immediately).

It will be a great evening – a memorable event. Make up a party – or come alone – you'll find hundreds of friends – it will be a reunion of both old and young-timers.

Please reserve now to avoid disappointment.



In the Field

POINTERS

Address correspondence on Pointers in the field to Wm. McClure, Box 15, Manotick, Ont.

"A dog that chivies rabbits—as the common hare is called in Nova Scotia—is utterly unfit for woodcock shooting. Directly one (rabbit) is started the headlong chase begins, over hill and dale for any distance and indefinite period, in spite of whistling, vigorous rating and imprecations on his carcass from his unfortunate owner who, unhappily helpless in mending matters, awaits his dog's pleasure to return to him with a temper anything but improved. The delinquent comes sneaking back with his tongue lolling out, his sides heaving and in a semi-exhausted condition. Probably he is soundly thrashed. But to what purpose? Five minutes afterwards a fresh hare may be started and the performance repeated".

Frederick Harris D. Vieth, writing in his "Recollections of the Crimean Campaign and the Expedition to Kinburn in 1885. Including also Sporting and Dramatic Incidents in Connection With Garrison Life In the Canadian Lower Provinces", Montreal 1913 rather sums up the sense of helplessness that many feel when their bird dog takes up hare chasing. Lieut. Vieth, "H.M. 63rd or the West Suffolk Regt. now the Manchesters, and late Captain and Adjutant, 11th Halifax Regt. of Nova Scotia Militia" faced many such red faced waits while his two Clumber Spaniels pursued the hare. He advised never to shoot hares while bird hunting!

Another military man, General W. N. Hutchinson, in his book "Dog Breaking—The Most Expeditious, Certain and Easy Method Whether Great Excellence or Only Mediocrity be Required, With Odds and Ends for Those who Love the Dog & Gun", London 1890 9th Ed. puts the problem this way.... "Oh my English friend, what far happier autumns we should spend could we but pass them in the Highlands! Then we should think little about those villanous Hares. Defer as long as possible the evil day of shooting a hare over him, that he may get too fond of such vermin—I beg pardon, I mean game; and when you do kill one, so manage that he may not see it put into the bag"

The General devotes several pages to hare problems. For those pointer owners who have tried everything to discourage rabbit chasing how does this sound? "It is most essential to restrain instantaneously the naturally strong impulse of the dog to run after four footed game. Halloo out "Drop" to the extent of your voice, raise your hand, crack your whip. Of course you will not move an inch. Should he commence running, thunder out "No, No". If, in spite of everything, he bolts after the hare, you have nothing for it but patience. It is of no use to give yourself a fit of asthma by following him". The General goes on to advise that on the dog's return he be beaten.

B. Waters in his treatise, "Training and Handling of the Dog" Boston 1889, picks up where the General left off, proposing: "watch for a favourable opportunity, in a chase, to shoot the rabbit ahead of the dog. For a moment the dog thinks the chase a grand success. Put a short cord on his collar and hold it and the rabbit in the left hand. Hold the whip in the right. Continue the punishment according to his needs and disposition". C. B. Whitford "Training the Bird Dog" N.Y. 1928 enters this century of training with real hope for the rabbit dog owners. "The cure for this evil is very simple. The first rabbit the dog starts should be shot by the handler and without saying a word to the dog the handler should pick it up and thrash the dog about the head with it".

You will note that Mr. Whitford's book title and sure fire cure for chasing hares each require fewer words than his predecessors.

W. F. Brown in his "How to Train Hunting Dogs" N.Y. 1942 combines the wisdom of Lieut. Vieth "never shoot at the cottontail" and the red faced anger of the General, Waters and Whitford. "Quietly, without a command, the handler should pick up the bunny and beat the dog with the corpse. An adaptation of this plan is to tie the rabbit remains to the dog's collar until he becomes so thoroughly disgusted that (he) will want nothing to do with furred fauna"

Robert Whele in his splendid book "Wing and Shot" N.Y. 1964, brings us into this decade. "You should not, however, encounter any problem that cannot be solved with the right combination of kindness, mild punishment and common sense". Whele then shares the gentle helplessness of Lieut. Vieth. This resignation and patient attitude may save many bird dog men a rise in blood pressure. It certainly should spare many spirited hare chasers the screaming, shouting, whipping and indignities of carrying around a rotting necklace of rabbit, "To what purpose" as the Lieut. puts it.

I have been present at many hare chases and have discussed the problem with countless owners. None of these gents have had any success with the Hutchinson, Waters, Whitford methods. All have tried them, including some vigorous variations thought up while waiting for the delinquent to return. All have agreed on one point. Lots of birds will cure any pointer of chasing fur. It takes time. Not the whip. Understand your dog's instincts. Wouldn't you rather chase a rabbit than work over ground barren of birds? Having succumbed to instinct doesn't necessarily mean the dog deserves a thrashing. Help him find lots of feathered game and the positive reinforcement will replace the strong impulse to pursue the hare.

If that doesn't work.... go to the Highlands.

keep up the home, the kennels, the exhibiting in the style for which Greta was respected. In addition to the many letters and messages he has received from Canadian friends, telephone calls have been flowing in from Florida, California and England.

E. B. (Tim) Reid, another name important in the Canadian world of dogs: Tim, formerly of Stittsville, Ont., and more recently Mesa, Ariz., passed away July 22, following surgery. He and his wife, **Henriette,** ("Pudge") have for many years been active in almost every phase of dogdom—breeding, exhibiting, club work in the Ottawa vicinity and Tim, originally a journalist, in writing. He was the outspoken commentator, both laudatory and critical, of show activities and regulations in *Dogs in Canada* for many years under the nom de plume "The Old-Timer".

Tim was highly regarded in several fields. He was the youngest city editor, ever, of *The Toronto Star*. During World War II he was assistant public information director overseas for the RCAF. He was also business manager for the Dionne quintuplets, for whom he raised $350,000 through advertising and endorsements to help with the cost of caring for the famous sisters. Tim was a member of the Immigration Board when he retired in 1967. Earlier he had been public relations director for the Department of Veterans Affairs and helped draft legislation for veterans' that was the model for the GI bill in the United States, it is stated.

Additional information on Tim's lively career may be seen in the department "Back Talk", January, 1973 issue of *Dogs in Canada*. **Blaine Driver,** Kingston, Ont., son of **Mrs. Hilda Driver** and the late **Ernest Driver.** Mrs. Driver, who has not been active in dog circles for some time, was formerly a breeder and exhibitor of splendid Standard Poodles of noted British bloodlines . . . **Mrs. Margaret Hineman,** Toronto, longtime exhibitor of Beagles under the Toronysis prefix, after a brief illness. She was an active member of the Scarborough K.C. and most recently served as trophy chairman . . . **John (Jack) Fuller,** breeder for 45 years of excellent Wire Fox Terriers under the prefix Foxbank, passed away suddenly in early August. Although he imported many of his best Wires from Ireland, he was the breeder of the outstanding Ch. (Can. & Am.) Foxbank Entertainer of Harham who, during his show career in the U.S.A., won 20 BIS and 39 Terrier Groups, mainly under the handling of the late **Ted Ward.** In more recent years **Mrs. L. Guimond** of Wirehill Kennels, Mississauga, Ont., has handled for Mr. Fuller. A real estate and property manager by profession, Jack was one of the founders of the Terrier Breeders Association of Canada, serving as president for two years and later as a director. He did some judging in sanction shows and puppy matches and judged the puppy sweepstakes in the first specialty show held by the Terrier Breeders Association.

BITTEN IN BATH: During their stroll about Bath, England, during that city's ceremonies in early August marking 1,000 years of the monarchy, **Queen Elizabeth** and **Prince Phillip** strolled about, talking to people on the streets. As Phillip spoke with **Mrs. Vera Marsh** he reached out to pat Susan, a Toy Poodle the lady carried in her shopping bag. Susan promptly bit a finger but drew no blood. The Prince laughed, but Mrs. Marsh didn't. Susan, she said, "nearly had a lump out of Prince Phillip's hand."

It's time to list in the 1974 Kennel Directory.

of tax on outside materials.

The Canadian-Bred and Canadian-Bred Puppies classes act as a kind of reverse tariff. Instead of penalizing the "elsewhere"-bred dogs, The Canadian Kennel Club has seen fit to give a bonus to people who care enough to exhibit domestic-bred stock. This bonus is the above classes. These classes, particularly the Canadian-Bred puppy classes, *do* encourage people to buy Canadian. I have had people approach me to help them find a really nice dog, bred in Canada so that they might be able to exhibit the puppy in the CBP classes.

I don't believe that these classes are considered "also-ran" classes. Certainly when one of my dogs went 1st in Group and was awarded BCB in the group, I was nearly bursting my buttons. The show was dominated by American exhibitors and the award meant a lot since I had gone to a great lot of trouble to breed my own winner rather than *buy* one from some foreign kennel.

On the other hand, a quick glance through the show results in *Dogs in Canada* in my breed (Collies) will show the horrendous numbers of foreign-bred dogs entered and winning at the shows. Breeders do not care enough to use the excellent domestic lines, but seem to be importing dogs of almost every major kennel name without realizing that they are forfeiting our own type and heritage in favor of owning someone else's problems. How many Canadian lines have died because of this carelessness? . . .

I, too, know the frustrations of having a lovely foreign-bred puppy sitting in the back yard because it wasn't worth it to show her when she wasn't eligible for the CBP awards. This was the penalty I had to pay for not buying from a Canadian breeder and I knew this before I bought her. However, her puppies will be shown and her puppies' puppies, as she was bought to work into a bloodline, not solely to win reflected glory for me.

I might add that foreign kennel clubs don't extend many courtesies to Canadian exhibitors. I cannot show my "hot" puppy in the US because she hasn't yet an individual number. Also, Canadian shows are for Canadian exhibitors first; they are not tourist attractions.—*E. S. Redfern, Thunder Bay, Ont.*

West coast Schips to the fore

Mrs. Jackson's article on the Non-Sporting Group in the July issue causes me to drop a line . . .

For many years eastern Canada had the largest Schipperke kennels and naturally the most entries at shows. Since 1961 this has not been the case. Alberta and British Columbia have been the centres of activity in the breed for the past decade. In these provinces we are able to get as many as 20 Schips at one show as happened at the June 9 booster in Calgary and we frequently have eight to ten entries at regular events . . .

During 1962 five individual Schips won first in the Non-Sporting Group: Ch. (Can. & Am.) Roetmop Lucifer, first, four times; Ch. Roetmop Y-Naught, first three times; Ch. Roetmop Captain 2nd, Ch. Roetmop Quillo, CD and Ch. Fairlaur Diable all took one first.

In addition 13 individual Schipperkes had one or more placings from 2nd to 4th. Twenty-five Schipperkes took BB over competition.

Roetmop is the kennel name of Miss Kuyt of Langley, B.C. Fairlaur is my kennel name.

I do hope (Mrs. Jackson) will find this information helpful in assessing the picture across Canada and will not be unduly influenced by the absence of Schipperkes in the east.—*Mrs. L. G. Hope, Lethbridge, Alta.*

NOTICE

RE: NON-BREEDING AGREEMENTS

The Canadian Kennel Club makes available non-breeding agreement forms for use when a dog is sold on the understanding that it will not be used for breeding purposes. Each agreement form is in triplicate—one copy for the seller, one for the buyer, and one to be filed with The Canadian Kennel Club with the application for registration and transfer. Orders should be addressed to: The Canadian Kennel Club, 111 Eglinton Ave. E., Toronto, Ont. M4P 1H9, must specify the number of agreement forms required.

NOTICE

RE: PRIVATE BREEDING RECORDS

All breeders are required to keep private breeding record books. A simple private breeding record book may be obtained from The Canadian Kennel Club, 111 Eglinton Ave. E., Toronto, Ont. M4P 1H9, at a price of 50c per book. Payment must accompany an order.

Show & Trial Results

The awards at shows and trials reported in this issue are in accordance with official returns received by the Canadian Kennel Club. As such the reports are subject to any necessary corrections, and to such cancellations as may be required by the applicable rules and regulations. Any correspondence regarding these published reports should be addressed to The Canadian Kennel Club, 111 Eglinton, Ave. E., Toronto 12, Ontario.

Index of events reported in this issue will be found on the last page of this colour section.

NOTICE

PROPOSED NEW STANDARD FOR THE DALMATIAN

A proposed new standard for the Dalmatian is published here-under. This proposed new standard will be considered by the Board of Directors of The Canadian Kennel Club. Persons and clubs having an interest in the proposed standard are invited to submit their comments for the consideration of the Breed Standards Committee and the Board of Directors, all such letters to be addressed to: The Secretary, The Canadian Kennel Club, 111 Eglinton Ave. E., Toronto 12, Ontario, so as to be received not later than October 31, 1973. When writing please refer to file 7 R 10.

1. ORIGIN AND PURPOSE—The Dalmatian is thought to be of Central European or Mediterranean origin and is known at least from the middle ages Because of its affinity for horses and capacity to travel great distances at a steady pace, it came to be used as a dog to run with and guard coaches and was known as a stable dog. Even later, the Dalmatian became popular as a dog to travel with and guard horse drawn fire fighting equipment especially in the United States of America.

2. GENERAL APPEARANCE—The Dalmatian should be a well balanced, strong, muscular and active dog, free from coarseness and lumber: capable of great endurance and speed compatible with its purpose.

3. TEMPERAMENT—A lively, active dog of good demeanour.

4. SIZE—Overall balance is of prime importance and the height of dogs ideally is 22 - 24 inches, bitches 21 - 23 inches.

5. COAT AND COLOUR—The coat should be short, hard, dense and fine, sleek and glossy in appearance, but neither woolly nor silky. The colour and markings are most important. There are two acceptable colours: white with black spots and white with liver spots. The ground colour should be pure white. Black spots should be as deep and rich as possible. Liver spots should be of a colour closer to chocolate than to tan or yellow. The spots should not intermingle, but be as round and well defined as possible, the more distinct the better: in size they should be from that of a dime to a half dollar. The spots on the face, head, ears, legs, tail and extremities should be smaller than those on the body.

6. HEAD—Should be of a fair length exhibiting a moderate amount of stop, and not in one straight line from the nose to the occiput bone

a) SKULL—Flat, rather broad between the ears and moderately well defined at the temple. It should be entirely free from wrinkle.
b) MUZZLE—Should be long and powerful, never "snipey"; the lips clean, fitting the jaws moderately close.
c) NOSE—In the black-spotted dogs, should always be black; in the liver-spotted dogs, always brown.
d) MOUTH—The teeth should meet in a scissors bite. The incisors of the lower jaw should touch very lightly the bottom of the inner surface of the upper incisors.
e) EYES—Should be set moderately well apart, and of medium size, round, bright and sparkling, with an intelligent expression, their colour greatly depending on the markings of the dog. In the black-spotted dogs, the eyes should be dark (black or brown); in the liver-spotted dogs, they should be lighter (amber or light brown). Blue or partly blue eyes are undesirable and should be penalised. The rim around the eyes in the black-spotted dogs should be black; brown in the liver-spotted dogs. No dog should have flesh-coloured eye rims.
f) EARS—Should be set on rather high, of moderate size, rather wide at the base and gradually tapering to a rounded point. They should be carried close to the head, be thin and fine in texture, and always spotted, the more profusely the better. Solid black or liver is undesirable.

7. NECK—The neck should be fairly long, nicely arched, light and tapering and entirely free from throatiness.

8. FOREQUARTERS

a) SHOULDER—Should be well-laid, not straight, and should be clean and muscular denoting speed. It should be laid flat against the body.
b) LEG—The forelegs should be perfectly straight, strong and heavy in bone: elbows close to the body.
c) PASTERNS—Pasterns should be straight.
d) FEET—Forefeet should be compact, with well-arched toes, and tough elastic pads. Nails in the black-spotted dogs should be black or white; or a nail may be both black and white; in the liver-spotted dogs, brown or white; or a nail may be both brown and white.

9. BODY

a) TOPLINE—Should be level and may arch slightly over the loin.
b) CHEST—Should not be too wide, but very deep and capacious, ribs moderately well sprung, never rounded like barrel hoops (which would indicate want of speed).
c) LOIN—Should be strong and muscular.

10. HINDQUARTERS

a) UPPER THIGH AND LOWER THIGH muscles should be clean, powerful and well defined.
b) HOCKS—Should be well let down.
c) STIFLE—Should be moderately well bent.
d) FEET—As for the forefeet.

11. TAIL—The tail should reach the hock, being strong at the base and gradually tapering towards the end, free from coarseness. It should not be set on too low down and should be carried with a slight upwards curve but never curled. It should preferably be spotted.

12. GAIT—The Dalmatian should have great freedom of movement: a smooth, powerful, rhythmic stride and action with a good reach and drive. Viewed from behind, the hind legs should track the fore with no indication of the body moving at an angle to the point of direction. A short stride and or a paddling action are incorrect.

13. FAULTS

Partly flesh coloured nose.
Cow hocks.
Flat feet.
Incompletely coloured eyerims.
Any eye colour other than black, brown or amber.

14. DISQUALIFICATIONS—Patches, a patch is defined as a solid sharply defined mass of black or liver that is appreciably larger than any other of the markings on the dog. Several spots that are so adjacent that they actually touch one another at their edges do not constitute a patch

Tri-colours.
Any colour other than liver and white or black and white
Undershot or more than 1/8" overshot bite.

BREEDNOTES

Please send in brief items pertaining to your breed: Canadian dogs in American competition, imports, formation of new clubs, items of interest about various breeds you may find in your reading, results of Sanction and Puppy Matches which are not reported in the CKC section. NOT ACCEPTABLE: material that appears in the CKC "buff colored" section — results of Championship and Specialty Shows and trials, new champions, obedience titles. Mention of new litters, clubs, etc. belongs in the advertising columns.

ENGLISH SETTERS

Mrs. Sheila Stotyn, Box 2, Site 9, R. R. 6, Calgary, Alta.—A successful national specialty of the English Setter Association of America was held in Chicago at the Holiday Inn. Over 150 English were shown before well-known judge Elsworth Howell. This show was followed by the Western English Setter Club's specialty, judged by Mr. Dale McMackin. Both these shows were hosted by the WESC and a most enjoyable time was had by all. The club is to be commended on the effort which was put into the banquet and the shows generally. The only representative from Canada was Ch. Arundel's Blue Baron, who was shown in the Bred by Exhibitor Class. "Linus" took his class at the WESC specialty and followed this by going Reserve Winner. At the Chain of Lakes all breed show the following day he also took the class.

Meanwhile, "Linus'" brother Ch. (Can. & Am.) Arundel's Duke of Norfolk, completed his Ameri-

A NEW SKYE ON THE HORIZON

In only his first full year of showing "Golden Retriever" CH. Skylon Lancelot is already one of Canada's leading sporting dogs. To date in 1973 "Skye" has won:

2 Best in Shows
15 Group Placings
23 Best of Breeds

Owned by Mr. & Mrs. D. P. Nixon of Burlington, Ontario. There's no doubt there's a new "Skye" on the horizon. In fact you might say "Skye's The Limit" stud service available. Enquiries should be directed to:

The majority of Blue owners are located in the deep Southwest states and are campaigning to be recognized as a color variety within the Weimaraner breed standard. Their intention is to show the AKC that they have at least 1,000 Blues registered in their own registry. So far, only 135 Blues have registered which indicates that it may take ten years to convince the AKC to readmit the Blue to the show ring.

RHODESIAN RIDGEBACKS

Marilyn Baker, 1892 Riverside Dr., North Vancouver, B.C.—Dave and Sharon Helgesen's African import bitch, Ch. (Can. & Am.) Glenaholm Sivabonga, is finally getting her "just desserts". At a recent show at Mt. Baker, Wash., she took a BB win and then went on to Group 3rd. She promptly followed that "bit of glory" by going BOS at the supported Portland show (and to hear even the competition talk, was just 'that' far from taking Breed)! It is heartening to see the judges recognize Siya for the lovely girl she is. And she's no slouch as a brood bitch either; her daughter should be one of Canada's tops this year.

As Mr. Ed. Dixon said in the June "*Dogs*", RRs are holding their own on the west coast. Entries of at least five to seven dogs in every show are becoming the norm (around Vancouver). Group placings are becoming more frequent and in a recent puppy sweepstakes (Junior female), the Redpaths' Rhodima's Kita took 2nd place with 22 all-breed entries. However, I was pleased to note the top three RRs for 1972 were cross country representation —west coast, central Canada and east. Two of the three were Canadian-bred.

On a different note, Mrs. M.

Breed Notes — from page 17

Wallace, honorary secretary of the parent Rhodesian Ridgeback Club in Salisbury, has mentioned her concern over the variance of the RR standard between countries. As mentioned last month, the CKC and AKC differ under the item Color. The parent club supports and is judged under the standard of the Kennel Union of South Africa which differs from ours under the item weight. KUSA reads:

Weight (desirable) for dogs 80 lbs.; bitches 70 lbs; with permissible variation of five lbs. above or below those weights.

The CKC (and AKC) standard reads:

Weight (desirable) dogs 75 lbs.; bitches 65 lbs.

I understand the RR Club of Great Britain is meeting to bring their suggested weight (75/65) into line with The Kennel Club of Britain's judging standard (80/70 with a five lb. variance).

Personally, I believe this heavier weight—when regarded in conjunction with the height (dogs 25-27"; bitches 24-26"—is more realistic. We could then see a balance of the median height and desirable weight (26"/80 lb. dog; 25"/70 lb. bitch) with the standard allowing 5 lbs. above or below this desirable weight for the one inch of height above or below this median. I believe when a dog's height and weight are shown thus in relation, it gives us an insight into his structure. (Presuming, of course, we are not considering fat dogs!) In a dog of minimum height and maximum weight (25"/85 lbs.) this balance would be lost. Similarly, a dog of maximum height and well over standard weight (100 lbs. or more) must be structured quite differently than that depicted by our standard. The same holds true for diminuitive, undersized RRs.

I would certainly like to hear from others in this regard, as this is strictly one person's opinion.

The newly formed Rhodesian Ridgeback Club of Canada has done its mailing of constitution and by-laws along with membership application to all known RR fanciers. If you have not received same, please holler.

BEARDED COLLIES

Carol Gold, 39 Claxton Blvd., Toronto 10—Color in Bearded Collies is one of the most difficult qualities to understand—possibly because the dogs won't stay the same color long enough for anyone to study them!

Beardies are born in four basic acceptable colors: black, blue, brown and fawn. These colors may come with white "Collie markings"—that is, collar, chest, foreface, feet and tail-tip—or with no white trim at all. All colors may come with tan tri-color markings, but as these markings usually fade to an off-white or blend in with the body color of the dog by the time it's old enough to appear in the show ring, we will just ignore tri-color in this article. Beardies also come in one unacceptable color, predominantly white. A white Beardie usually has dark markings—a dark head and body markings—as the completely white or albino white doesn't seem to exist in this breed. Although predominantly white is an established color in the breed, and shepherds in some areas prefer this color to the darker dogs, the standard clearly asks for a colored Beardie, so the white dogs are not eligible for the show ring.

Let's get back to the four acceptable colors at birth. I am referring to the colors "at birth" for reasons which will become clear later—you will always hear Beardie people refer to their dogs as "born black", "born brown", etc. Black is an obvious color; blue can be any shade from deep steel blue or smoke to a definite grey color; brown in Beardies can be chocolate, or liver or even Setter red at birth; fawn is a sort of biscuit color beige and again can be any shade from honey beige to pinky. Noses and lips and eye rims must match these colors at birth and must stay at their darkest. The coat is another matter.

Virtually all Beardies are fashion-conscious characters whose love of variety prevents them from staying the color—or rather, the *shade* of color—they were born. A Beardie in the black-blue-grey range will never turn brown or any shade of brown (or vice-versa) but within the range of blacks and browns the most drastic changes occur. Some Beardies born black will stay very close to black, fading only to a dark slate grey and stopping there but these conservative (fashion-wise) characters are in the minority. With most Beardies, it's a case of "If you don't like your dog's color, wait a week."

A Beardie puppy can start to fade anytime after it's seven weeks old (occasionally earlier—often signs can be seen before that age), or may hold its color until three or four months of age. The fading is usually first noticeable around the eyes and on the legs where the color meets the white, and on the tail. Then, by brushing the hair back, you can see the lighter color growing in. A Beardie does not have to change coat to change color—the new shade just starts growing in at the roots of the hairs that are there already.

This first color change is the most drastic, often going to almost a complete washout of color. A black dog can fade to the lightest grey and a blue dog to pale silver (it is not unusual, either, for the black to end up lighter than the blue!), while browns and fawns go so light that it is often hard to tell the brown body from the white markings. This fading can be a fast process, so the dog is at its lightest at five or six months of age, or it can take till a year. A year-old Beardie is likely to be at its lightest coloring, and a ring full of them will look pretty washed out. Some Beardies, of course, don't go to the extremes others do but it should be noted that the degree the coat lightens at a year old has nothing to do with the color it will be a year later. Or two years later. Or three years later. Browns tend to be more drastic in this color change than blacks or blues and their coats as a whole take longer to mature and harden. (Maybe I should have mentioned earlier that Beardie puppy coat—"puppy coat" in this breed can last until a year or even 18 months!—is a good deal softer than the harsh adult coat).

Now comes the fun part. It may take a year, or more, but that faded Beardie's coat will darken. Never will it go back to the shade at birth, quite, but sometimes it will get pretty close. Once it has darkened, and you think you have a lovely colored dog, take a good color photo because sure as the sun rises your Beardie's coat will change. It may lighten next spring, or darken, or change from a real red-tone brown to a gold-tone, or from a slate blue to a dark silver or from a light grey to a deep slate. Just as you've gotten used to the color your dog is (and just as judges have gotten to recognize him) you'll notice the new color coming in along his shoulders (where Beardie coats always change first, after puppyhood).

Whatever the color, the coat is never a solid but is always splashed with lighter and darker strands, so that a ring full of Beardies born the same color will produce no two of the same shade at adulthood.

The coat does not need to drop for this color change to occur—it will occur at the dog's whim, and sometimes twice the same year, so the dog's coat has bands of different shades all blended together.

Now do you know why Beardie owners always tell you the color the dog was born?

Okay, let's confuse this issue a little more before we end, by taking a quick look at eye color. The standard *requires* that eyes "tone with coat in color". This means that only a black or very dark slate Beardie is allowed to have a dark brown eye. A grey Beardie must have a proportionately lighter brown eye. A born blue Beardie is allowed to have a blue eye but usually the eyes of "born blues" are a grey-yellow to hazel shade, the darkness depending on the shade of coat. Brown Beardies have a very unusual eye color—it's been described as a gold tea-color. Fawns, the lightest (and rarest) of Beardie colors, have a very pale yellowish eye. All these eye colors must tone with the coat *as it is*, so if you are presented with two born black Beardies, one is a grey while the other is black, the grey *must* have a darker brown eye. And if standing beside them a born blue, the same shade as the born-black-turned-grey (I hope you it would be confusing!), the dog should have a medium grey-yellow or hazel eye. How do you tell a born black from a born blue in the show ring? You ask the handler, or you take a long hard look at eye rims, lips and nose—a blue dog will have blue skin pigmentation and while the nose may appear to be black, the skin is actually steel blue and this can be seen in a strong light.

In this, Beardies are different from most working breeds because a dark eye is *not* automatically preferable. In fact, a dark eye in a lighter Beardie is wrong—as wrong as a light eye in a dark Beardie. And, to repeat, the eye must match the coat as it is on the day, not as the dog was born, or as the dog will be next year. So while a born black Beardie will always have a relatively darker eye than a born blue Beardie (because the black dog's eyes vary in shades of brown, while the blue's vary in shades of yellow-grey and hazel), and a brown will always have a darker eye than a fawn, the dog with the lighter coat within the color *must* have a lighter eye!

In conclusion, there is no preference among the four basic colors or among any shade of them. The standard does not give precedence to any one of the colors or to the presence or absence of white markings. If you have any questions, please write, or come ask me at a show, or ask any of our Beardie breeders to show you the difference in color and eye in their dogs.

NOTES: Next month is the Bearded Collie Club of Canada evaluation match for Beardies from all over North America. Judges are respected breeder judges from England, Mr. and Mrs. Ken Osborne, who will give verbal critiques in the ring. If you are interested in entering or if you want a hand and to learn more about this unique breed, contact Mrs. Judy Berman, 19 Dedrick Dr., Kingston, Ont. for entry forms and information. The date is October 13 at Centre West, Kingston.

I'm off at the end of this month to judge the Midwest Bearded Collie Club show in Chicago. Will report here on the events there.

BELGIAN SHEEPDOGS

News from the Belgian Sheepdog Club of Canada includes the announcement that the 1974 specialty, which will coincide with the tenth anniversary of the club, will be held independently June 2. Judge will be Mme. J. Autret, France, recognized as Europe's leading authority on the breed and author of the book, Le Berger Belge.

Based on 1972 results, the Zulvo CD Memorial Trophy was awarded to S. Hope and his Belgian Ch. Mi-sha-ook's Lubin CD having attained a score of 288 out of a possible 600. The trophy was given to the club by the late Rudy Robinson with the condition that it be awarded to the top scoring Canadian member of the club annually.

Sad news re Am Ch. Skip's Steward O'Ebon Will, who died of an unknown cause. Owned by Terry Hendricks, he had won the BSC specialty the past two years, had recently been awarded three legs and completed his Canadian title on the Saskatchewan circuit.

The W. Kennedys of Dundas, Ont., have imported a Groenendael puppy bitch from the kennels of Mme. Moisiard. Isis du Mas des Oursons Noir is her name.

Breed Notes —from page 18

of these breeds. Send your new items to her direct. Sovereign Kennels, R. R. 6, Kingston, Ont.—Last month I wrote briefly about the high percentage of deaths that occur in the first three days of the puppy's life. I should have included injury as one of the causes. To avoid losing a puppy in this way, if the litter is a large one, we leave only half of the puppies with her and alternate them every four hours for the first two or three days.

As I wrote the column last month, we had a litter of Collies whelped. Had not the suggestions given been second nature to me, we would have had two less puppies in that litter at this time.

This was an even litter with the exception of one female who was a little thinner than the others but strong and of equal size. Before being left for the night, the thin puppy was fed 4cc Esbilac by tube and all umbilical cords were daubed with alcohol.

The next morning all was well and the "thin" puppy was given another 4cc Esbilac and again daubed with alcohol. That evening "thin" puppy was obviously not keeping up and the difference in size was more noticeable. On examining all of the puppies there was one difference in "thin" puppy and the others. "Thin" puppy's umbilical cord was still attached, whereas all of the others had come off and looked healed and clean. "Thin" puppy was fed 6cc Esbilac and was painted with iodine in the cord area.

Next morning, no cord, strong puppy who has never looked back. No feeding that morning as his little tummy was as full as it could be.

I am convinced that most deaths in neonatal pups are caused by simple things that could be avoided by an alert owner. If "thin" puppy had not been tube fed he would have faded away with the crying attributed to the fading puppy syndrome.

The American Shetland Sheepdog Association has chosen Miami for the site of its national specialty in January, 1974. Judges are Dr. Marlin Roll, bitches and intersex; Alex Gibbs, futurity and dogs. There will be an all breed show and the SSC of Greater Miami specialty the same weekend.

The Collie Club of America specialty will be hosted by the Collie Club of Western Pennsylvania on March 22 and 23, 1974, in Pittsburg.

The Collie Club of America has requested all district directors to persuade people in their district to curtail the number of puppies they produce—especially "pet breeders", as there is a trend to massive over-breeding of dogs.

Some months ago I wrote about a booklet issued by the American Kennel Club for all dog show judges, "Guidelines for Dog Show Judges." Mr. John Honig, Secretary of the Collie Club of America, has come up with "Guideline for Dog Show Exhibitors" that makes a great deal of sense. Responsibilities of the exhibitors:

A. To the Breed
B. To the individual Dog.
C. To Themselves.
D. To other Exhibitors.
E. To the Steward.
F. To the Judge.
G. To the Public.
H. To the Show-giving Club.
I. To Hotels and Motels.
J. To the AKC (CKC)

Every month we will go into detail regarding one or two of these headings and hopefully by being more aware of our responsibilities, acceptance will follow.

A. To the Breed

"The exhibitor must be familiar with the particular way and manner the particular breed must be put down (groomed) and shown. Grooming is an intricate question and full information on this subject is available from all the various breed clubs.

"Various breeds are shown in different ways. Some are walked into position, some are placed in position, some are shown on the ground, some are shown on the table.

"It is up to the exhibitor to make certain that he or she is fully familiar with the particular breed procedure. You must present your dog in such a way and manner that he will be a credit to his breed."

B. To the Individual Dog

"1. Your dog's immunization must be up to date.

2. Your dog must be in good health the day of the show.

3. Your dog should be free of internal and external parasites.

4. Your dog should be used to the means of transportation you are using to get him to the show.

5. You would bring whenever possible food as well as water that your dog is used to. Strange water very often will upset the dog.

6. You must constantly, during the show, keep checking on your dog's comfort. Many dogs have died of heat-stroke when left in cars, choked on collars and leashes left tied up or dangling, chewed and ingested plastic dishes, and many other things too numerous to mention.

7. The dog's health, safety and comfort are your direct responsibility. Failure to meet your responsibilities to the individual dog clearly indicates that you should not be exhibiting dogs."

* * * * *

Two "Helpful Hints" this month to put weight on the thin dog. Margaret Osborne's recipe for putting weight on dogs *fast* is:

2 cups pure cream
2 tbsp. suet
2 tbsp. brown sugar

Heat cream to melt suet. Give at night and leave with the dog so that he may drink it.

Another recipe for putting on weight is to add to each feeding:

1 tbsp. peanut oil
1 tbsp. honey

GERMAN SHEPHERDS

Sweetheart of the day at the annual specialty of the Dominion German Shepherd Dog Club was Willomere's Amsel, who went all the way from the Open Female class to Best of Breed, reports show secretary Mrs. D. Fabian. Her breeder-owners are Louis C. and Elaine L. Poole.

The event started in a torrential downpour but ended as a gorgeous day. Ch. Mayfair's Cato, owned by Miss Rita and Mr. Harold Peters, went BOS and Best Canadian Bred.

An added feature this year was the Sire and Get and Dam and Progeny classes, judged by Mrs. Anne Auclair, who also assessed Best Veteran, BOS to Best Veteran and Best Puppy in Show. She also presented rosettes to champions participating in the Parade of Champions.

OLD ENGLISH SHEEPDOGS

Margaret Ruppelt, R. R. 2, Claremont, Ont.—The Old English Sheepdog Owners' Club is holding its annual fun match on Sunday, September 16 at Claremont, Ont. Judging will start at 1:30 p.m., refreshments will be available and we hope once again that it will be a delightful day for both dogs and owners.

We are lucky this year in having Harv. Schmidt from the U.S. to be our judge. Mr. Schmidt will judge the regular show classes. We are having Junior Puppy Dog and Bitch under 3 months, 3-6 months, 6-9 months and 9-12 months, Novice Dog and Bitch and Open Dog and Bitch. We will also have a Parade of Champions, who are not allowed to compete in the regular show classes.

In addition to the show classes, there will be many fun classes, such as biggest dog, smallest adult, cutest puppy, Mr. or Mrs. Personality and so on. We will have many trophies and prizes to present and it should be possible for almost everyone to win something.

Entries will be taken from 11 a.m. onwards. If you have a new puppy you are planning to show, bring it out and get some experience. If you have a pet and are not at all interested in showing but would like to meet other OES people and have some fun, bring it out and enter it in one of the fun classes. There will be two rings this year, one for the show classes and one for the fun classes. Last year 60 OES were entered and everyone had a good time. This year there will probably be even more as the breed grows in popularity.

STANDARD SCHNAUZERS

Mrs. Claudette Gillespie, Secretary, The Standard Schnauzer Club of Canada, 22 Stubbswood Sq., Agincourt, Ont.—A meeting of the Standard Schnauzer fanciers was held in Hamilton Ont., for the purpose of forming a breed club, which will be designated as The Standard Schnauzer Club of Canada. A board of officers was elected: Terry Robinson of Hamilton, president; Mrs. B. Pennycooke, vice-president; A. Ullmann, superintendent; Mrs. C. Gillespie, secretary; Mrs. C. Brooke, assistant secretary and Mrs. N. Gage and R. Gage as joint treasurers.

The membership form may have reached only half of the Standard Schnauzer owners of Canada, as our mailing list has been compiled through personal contact only. We hope that upon reading this any fancier who has not received an invitation to join the Standard Schnauzer Club of Canada will contact the secretary. You may write in French as well as in English, or telephone 291-5102, area code 416.

The president, Mr. Robinson, will be moving his family and Standard Schnauzers to British Columbia this fall, and will be travelling extensively throughout Western Canada, which will enable the members to meet with him and discuss the club's goals and activities as well as any problems in grooming, training or showing their S.S.

The club will be holding its first "late-summer" meeting on September 29 at 95 Princess Anne Cresc., Etobicoke, Ont., at 7:30 p.m. where all S.S. fanciers and their friends are welcome, for a wine and cheese party. A "fall" meeting is also planned, where a hand-stripping and grooming session will be given by Glynn Bright of the Best-Care Kennel, Oakville. Mr. Bright is a former committee member and editor of various journals of the Schnauzer Club of Great Britain. He was also a championship show judge in England, was breed correspondent for *Dog World* and has over 20 years experience in Standard Schnauzers. The "Winter" get-together will feature a "brainsthrust" question and answer session on all aspects of the Schnauzer. Those who are unable to attend are welcome to mail any questions to be answered at this last meeting to the secretary. The club intends to issue a newsletter to keep all members up-to-date and reply to specific questions

These get-togethers are offered free of charge to all members and are but the beginning of a series of interesting happenings. It is also hoped that it will be possible to plan events in different parts of Canada.

Any person wishing to participate in the activities of the club is most welcome to join, on an associate basis, to share a common interest, whether you own a Standard Schnauzer or not.

A staff of 80 members handles the many facets of the organization. Approximately 2,000 letters are processed daily.

Twenty-five hundred challenge certificate shows are held every year in Gt. Britain and Ireland. About 1,000 new championship judges are approved every year. In England judges start with one breed.

The Kennel Club has outgrown its present building but is hesitant to leave the central location, particularly because of the problem of replacing qualified staff, should they move. The KC owns the building.

There are several lounges. The Men's Lounge is for men only. The dining room for the Ladies Branch seats about 40 persons. Members may bring guests of either sex.

In its 100 years, the Kennel Club has had only eight Chairman. Air Commodore Cecil-Smith, present head, celebrated his 25 years at the helm in June. He is 88 years of age.

Get a tax-free degree

PRAGUE, Czechoslovakia—An anti-dog campaign is underway in this "City of 100 Spires". Starting last January, the annual tax for owning a dog has gone from the equivalent of $33 to about $83, for what is called a "luxury" dog. For working animals, the fee has been raised but not as extremely. If a dog has a title—obedience, tracking or attack—there is no tax at all.

It's not difficult to imagine an increase in obedience training.

BACK TALK

"One untrained dog can be more nuisance than half a dozen dogs that are under proper control", says Dr. Alan Secord, former Honorary Veterinary-Surgeon of The Canadian Kennel Club

Dr. Alan Secord has been described by a colleague as the "Cadillac" of the veterinary profession. And it is true that young practitioners who have spent some time with him carry a certain Secord-trained charisma with them when they leave to go into practice on their own.

The new Secord Animal Hospital on north Yonge St., Toronto, is a model of functional design. Completely equipped for small animal work, it even includes a temperature and humidity controlled ward for cage birds. The man in charge, Dr. Secord, still glows with enthusiasm for his work after almost 40 years in practice. His career has been impressive. He is a Past President of the Academy of Veterinary Medicine, a former Honorary Veterinary-Surgeon of the CKC, he is a director of the Sportsmen's Show and is an ardent, practising conservationist and wildlife photographer.

But it was not to review his accomplishments nor to delve into the secrets of a successful urban veterinary practice that I interviewed Dr. Secord. But rather it was to learn what he thinks of the current problem of pet overpopulation in our cities, its causes and possible cure.

That a problem exists there is no doubt, states Dr. Secord. One only has to walk down a city street to see the evidence. How it came about is a matter of arithmetic, thoughtless dog owners and a psychological aversion on the part of many people to have their dogs altered. Dr. Secord points out that dogs are 15 times as prolific as humans. It has been estimated that one unspayed bitch, over a seven year period, under non-controlled conditions could be responsible for 4,400 descendants! And although purebreds are in the minority in the unwanted pet population, enough of them run free and fertile to add substantially to the problem.

These are the causes. Corrective measures are something else and can be summed up in three words, according to Dr. Secord—"responsible pet ownership". This includes spaying of all pet bitches—a condition that Dr. Secord thinks should become part of every selling contract—obedience training and adequate health care. Sellers of dogs should also advise new owners of the mesalliance injection in case an accidental mating should occur before a bitch is spayed. This is simply an estrogen injection, available from any veterinarian, which is effective if administered *up to five days* after a mismating. The estrogen works to prevent implantation of the fertilized eggs. It does prolong the heat period somewhat but this is more desirable than a litter of unwanted puppies.

The safest way to prevent mismating, Dr. Secord says, is by a complete spay. Confinement of the bitch during her season is too risky. Tubal ligation, which takes almost as much time to perform as a complete spay, does nothing to eliminate any of the bitch's undesirable behavior during her heat period and could result in health problems later on. And the dream of chemical spaying is still ten to 12 years away in Canada although it is giving good results in other countries. The reason for this is that our initial experience with Promone E was so disastrous that it will take all these years to perfect the controls demanded by Canadian Food and Drug Administration authorities.

As to the "free" spay clinic for indigent dog owners, Dr. Secord says that there is no such thing as a "free" clinic. It would be the taxpayers that would pay the bill. He thinks that financing such projects would be ridiculous when there are so many well equipped veterinary hospitals that could be called upon to perform complete spays at cost as a public service. In the city of Toronto, 40 hospitals now spay at cost for the local Humane Society.

Dr. Secord is also a great believer in obedience training and thinks that it is a dog owner's duty to train his dog to be a welcome canine citizen. He also thinks that one of the joys of owning a purebred dog is having an animal that is reliable and obedient. One untrained hooligan can be a much greater nuisance than half a dozen dogs that are under control, he claims. And, for this reason, he sees little merit in by-laws that limit pet ownership to two dogs per household.

At least one city agrees with him. Dr. Secord says that in Prague it costs $100 to license one unspayed bitch whereas the fee to license a dog that has graduated from a recognized obedience training course is only $1.

Similar licensing arrangements here could go a long way towards solving the unwanted pet problem. Last year, in Metro Toronto alone, 67,320 dogs were impounded, of these 8,000 were victims of euthanasia, 12,000 adopted, 35,912 were listed as "not placeable". No wonder there are forces at work that would ban the dog from cities.

Breeders, Dr. Secord suggests, can do their share to keep down the pet surplus by limiting their output and culling their litters severely. And he also thinks it is time that Canada prohibited the mass importation of litters. He does not think that any dog should be imported under the age of six months and that all should be required to pass a thorough health check before admission. He suggests that The Canadian Kennel Club and the veterinary associations could work together for improved import regulations.

For his part, Dr. Secord will never agree that dogs do not belong in the city. He owns three himself—a Labrador Retriever, a Saluki and a Vizsla. All are well behaved and live useful happy lives as they alternate between life in the city during the week and running free on the Secords' 350 acre farm near Stouffville where they spend their weekends. Dogs are adaptable, says Dr. Secord. Human beings, especially urbanites, need the bond with nature they provide. But today, as Dr. Secord sees it, public education in responsible dog ownership looks like the strongest single link that will keep the city dweller and his dog together.

September

A maiden born when Autumn leaves
Are rustling in September's breeze,
A sapphire on her brow should bind,
'Twill cure diseases of the mind.

The melancholy days have come,
the saddest of the year,
Of wailing winds, and naked woods,
and meadows brown and sear.

And sing the chosen worthies of their race. -*TICKELL*

My hounds are bred out of the Spartan kind
So flew'd, so sanded, and their heads are hung
With ears that sweep away the morning dew
Crook-knee'd, and dew-lapp'd like Thessalian bulls;
Slow in pursuit, but match'd in mouth like bells,
Each under each. A cry more tunable
Was never holla'd to, nor cheer'd with horn,
Judge when you hear. -*SHAKESPEARE*

Stargazing with Pluto

VIRGO
August 24 through September 23

The time was late Fall and we were enjoying a day as guests of a noted sporting dog trainer. The crisp autumn air was as invigorating to us as to the dogs who could hardly be contained in their eagerness to 'get going' in the training ground. Our host was walking well ahead of us and when we came over a small rise we stopped dead in our tracks absolutely entranced with the picture before our eyes. We had been told he had a surprise for us and undoubtedly this demonstration was it. A brace had been put out to work the field . . . but what a brace! A veteran dog, the winner of countless field trials who was still a big contender at nine years of age, was holding his bird on a magnificent point and backing him, honoring the point in a faultless style, was a puppy barely out of diapers. Needless to say, cameras clicked furiously and a photograph later appeared in a number of sporting publications.

While we were getting warm again around a small bonfire and sipping coffee from our thermos jug, our host told us that every pup from that litter that he had worked with had performed the same way. "I no sooner break them to cover, put them out with an experienced dog and bang . . . there they are working away just like this puppy you saw today with my big boy. Working their hearts out as though they knew exactly what it was all about. And I know that they don't . . . seems like they're just imitating him because they're just too darn young to be that wise in field work."

The word "imitating" pulled me up to attention and after a few questions the entire situation cleared up for me and it was no coincidence that these youngsters were mimicking their elders for they were born under the sixth sign of the Zodiac, Virgo, symbolized by the Virgin.

Because of this mimicking factor which is natural to the Virgo born, one can readily see how easy and actually pleasant the training of a puppy born under this sign can be. To keep him completely happy, always leave his puppy playthings in the same corner of his play area. Virgos are inherently neat and tidy dogs and as he grows older you may be surprised to see him carry his possessions all to one spot that he has selected himself. Schedules were made for these dogs and if you set his feeding time, excercise time and play time at your convenience he'll not object as long as it is adhered to.

Although Mercury is not the true ruling planet of the Virgo born, they are influenced by this airy planet and their restless nature can be attributed to Mercury. However, unlike Geminians who are completely ruled by Mercury the Virgo born dogs portray a more placid countenance. Their inners may be in a turmoil though and should your Virgo dog have bouts of indigestion from time to time it would be wise to check out his environment to see if there is an irritating influence in the form of another dog or animal that causes him to display an obstinate nature instead of a character that has a framework of altruism.

Although training this Mercury dog for show, field or obedience will be a capricious task, one must be always on guard not to overtax them to the breaking point. This may be done unintentionally by the trainer since these dogs can absorb more work at one time than those born under other sun signs and their serene countenance never gives their emotions away.

An obedience degree for a Virgo dog should be as easy as falling off a log or chasing the neighbor's cat up a tree for the corners of his mind are kept neat and tidy and lessons are properly filed away. In the show ring he can outshine his competition as the dog who enters the ring looking as though he just stepped out of a grooming parlor. He will be meticulous in his appearance and in his bearing and his ring manners will be flawless. A Virgo dog can make others look as though they were not quite ready to receive company in their living rooms.

A Virgo dog is one who can master life's alarming lessons but he can be a lonely soul at the same time and you will have to be able to detect those galling days that delay and know that he needs you to help him over life's degradations with love and dignity. The Virgo dog has a heart that is gentleness personified but he is a dog who has a secret to hide and his love for humankind can be that secret. So help him to free his burdened heart and shout his secret to the world.

A Virgo born dog can be as the first fresh breeze of Spring to his owner and his owner can revel in his dog's ever ready altogetherness of heart. However, be alert for his days of deletion from the world about him and on those days lead him quietly to your side so that he can lay his heart at your feet.

REGISTRAR'S FORUM

Your Canadian Kennel Club, unlike its foreign counterparts, derives its authority from and is governed by, Federal Law. These laws are set out in the Statutes of Canada via the Livestock Pedigree Act, Chapter 168. This legislation should be looked upon not as a restriction or threat but as a protection for you, the dog fancier.

WHAT IS THIS CHAPTER 168?

The bulk of Chapter 168 establishes the rules and regulations governing the authorization and operation of the various Livestock Associations throughout Canada (of which The Canadian Kennel Club is one).

Very early in the Act it is established that any reference to an "association" means the association authorized by this Act. The Canadian Kennel Club is *the* association *authorized* to register purebred dogs.

JUST HOW DOES THIS ACT PROTECT ME?

Paragraph 17, of Chapter 168 protects you in that it acts as a deterrent to anyone who would deliberately deprive you of specific rights you have when purchasing a dog represented as purebred. This deterrent is composed of specific offences and penalties to which anyone dealing in purebred dogs is subject. The pertinent part of this paragraph 17 is quoted below:

"17. (1) Every person who

(a) knowingly signs or presents, or causes or procures to be signed or presented, to the recording officer of an association or to the person in charge of the Canadian National Live Stock Records, any declaration or any application for registration or any transfer of ownership respecting any animal, containing any material false statement or representation;

(b) knowingly represents that a certificate of registration applies to an animal other than the one in respect of which it was issued;

(c) falsifies or alters a certificate of registration or of a transfer or of any document of or pertaining to a purebred animal registered in the records of an association;

(d) sells as purebred an animal that is not identified as prescribed by the by-laws of any association;

(e) sells as purebred or contracts to sell as purebred any animal of a class or breed in respect of which an association has been incorporated, without furnishing, or agreeing as an integral part of the contract of sale to furnish, the certificate of registration, together with the duly recorded transfer of ownership thereof, to the actual buyer; or

(f) sells as purebred or contracts to sell as purebred any animal of a class or breed in respect of which an association has been incorporated, that is not registered or eligible for registration as purebred by the association;

is guilty of an offence and is liable on summary conviction to a fine not exceeding five hundred dollars and not less than fifty dollars or to imprisonment for a term not exceeding two months."

WHAT IF I HAVE A COMPLAINT UNDER THE ACT?

If there is reasonable cause to believe that someone, selling you a purebred dog has acted contrary to the above extract, your course of action is:

1. Get the facts, all the facts and just the facts.

2. Collect all documentation, such as bills of sale, contracts or other pertinent data.

3. Compile a summary (preferably in the form of a signed sworn statement) outlining the details in chronological order, and submit this summary and the pertinent documents to The Canadian Kennel Club's Eglinton Office for consideration by the Complaints Committee.

It should be stressed that this is a last resort measure that should be initiated oniy after all other efforts have been exhausted.

IT SHOULD BE STRESSED, AT THIS POINT, THAT THE CANADIAN KENNEL CLUB WILL NOT ACT AS ANYONE'S AGENT IN ANY CIVIL MATTER. WE WILL ONLY ENTER THE SCENE WHEN WE ARE *REASONABLY* ASSURED THAT A VIOLATION OF EITHER THE ABOVE ACT AND/OR OUR OWN BY-LAWS HAS TAKEN PLACE. THIS ASSURANCE CANNOT BE BASED UPON HEARSAY, SUPPOSITION, OR INCOMPLETE INFORMATION.

If, after the Complaints Committee's consideration, it is felt that there is just, reasonable and concrete evidence of a violation of this act, they will refer it to the Department of Agriculture for their consideration and disposition. In fairness to the Complaints Committee, it should be noted that they have numerous duties and involvements and the above mentioned type of complaint is only one of them.

KNOW THE LAW!

Because The Canadian Kennel Club is so closely governed by these laws it is strongly recommended that anyone dealing in purebred dogs should be conversant in The Canadian Kennel Club By-laws and the above mentioned Chapter 168. While the writer has attempted to impart the "meat" of this Statute, there is insufficient room to explain it in its entirety. Copies of the Livestock Pedigree Act can be obtained from your government printing houses. The *Forum* would be happy to entertain any *general* questions raised by this edition.

OTHER CANADIAN KENNEL CLUB COMMITTEES

Because there are always exceptions to the rules, any system of procedures (such as registrations) must encompass special mechanisms to deal with these unusual cases. Your REGISTRATION COMMITTEE is available to handle registration matters of a unique nature.

WHAT IS THE REGISTRATION COMMITTEE

The Registration Committee is a standing committee of Board members which convenes monthly to:

1. Consider registration applications that require special authorization or

2. Consider and formulate recommendations for changes in the registration policies and/or procedures.

WHO IS ON THE REGISTRATION COMMITTEE?

The Board members that constitute the Registration Committee are, Mrs. Anita Chapman (Chairman), Mr. Robert Blyth, Mr. George Kennedy and The Canadian Kennel Club President—Mrs. Hilda Pugh (ex-officio member). All members of the Committee have an equal vote on the files and matters brought before them. The Registrar and his secretary, by special invitation, are also present at the meeting of the Registration Committee.

HOW DO FILES COME BEFORE THE REGISTRATION COMMITTEE?

The individual cases that go before the Registration Committee are initiated in the Registration Division. They are usually originated by a Registration Division department supervisor who submits the file(s), with a brief summary to the Registrar's secretary. The files are screened and analyzed by the Registrar's office. As many of these files as possible are resolved within the Division because of the cost factor of taking them before the Committee.

If, however, the file cannot be resolved locally it is assigned a Registration Committee file number and held until the next regularly scheduled Registration Committee meeting. These files usually number about 24.

WHAT KIND OF FILES GO BEFORE THE COMMITTEE?

As you have probably surmised by now, this writer prefers explanation by example.

As a common example, let us assume that John Doe sold a bitch to Mary Smith in 1971. Mr. Doe died in 1972 without submitting an application for transfer. In early 1973 Ms. Smith, who has since departed for parts unknown, sold the dog to William Brown.

Mr. Brown then bred this bitch and has attempted to register the litter. After preliminary research and correspondence at the Di-

The Complete DOG BOOK

"If you can afford only one book on dogs, this would have to be the one" says an enthusiastic reader.

THE COMPLETE DOG BOOK more than lives up to its title. It contains a photograph, listing and official standard of every breed recognized by the American Kennel Club prior to September, 1972, with standards revised to that date. (Important to you if you plan to show in the States).

Photographs are by world famous photographers — such as Evelyn Shafer, R. W. Tauskey, Norton of Kent.

Here are bonus chapters:

The Section, Caring for Your Dog (How to Keep a Dog Alive, Healthy, Happy and Well-Behaved) answers innumerable day-to-day questions.

Chapters include:

* Housing and Sanitation
* First Steps in Training
* Administration of Medicine
* Care and Grooming
* Parasites, External and Internal
* Nutrition and Feeding
* Genetics
* First Aid
* Breeding, Whelping, Care of Newborn Puppies
* Diseases

And an illustrated Glossary which is interesting reading in itself! Be an expert in dog terminology. THE COMPLETE DOG BOOK makes a fine gift — for birthdays, Christmas, graduation, any occasion. And — attention Trophy Chairmen — a highly desirable, inexpensive Trophy!

the file would most likely be ght to the attention of the istration Committee.

SO WHAT WOULD THE COMMITTEE DO?

Committee (after due consid- ion) would most likely in- t the writer to communicate the party or parties con- ed and relay the following:

Their further requirements

Their rejection of the appli- on or

Their approval of the appli- n.

this particular case, while writer is not presuming to k for the Committee in this ific instance, the Committee ld most likely require addi- al documentation and a fuller anation of these extenuating umstances. Since this is a hy- thetical case the writer cannot e you any eventual outcome.

IS IT EXPENSIVE TO TAKE FILES BEFORE THE GISTRATION COMMITTEE?

bet!! When calculating the nse of just one meeting of the istration Committee, one take into account several s:

The Committee members' ance,

The Committee and staff's allowance,

3. The Registrar and the Registrar's secretary salary for one day,

4. The voluminous amount of paper work and

5. The general administrative expenses such as facilities and the like.

While you might object to the added expense and trouble of having a Registration Committee, we are here to be of service not only to the experienced breeder, but also to the unwitting victim of circumstances.

KENNEL NAMES COMMITTEE

In conjunction with, and to save money, The Canadian Kennel Club's Kennel Names Committee meets on the same day as the Registration Committee. The members of the Kennel Names Committee are exactly the same with the exception of the chairmanship. The Chairman of the Kennel Names Committee is Mr. George Kennedy.

WHAT DOES THE KENNEL NAMES COMMITTEE DO?

The yellow section of *Dogs In Canada*, as you have no doubt noticed, carries a monthly list of kennel names for which breeders have made application. You have also noticed, in the kennel names section, a notice to the effect that anyone having objections to these kennel names should write to The Canadian Kennel Club. After processing at the Registration Division, these objections are taken before the Kennel Names Committee.

HOW DOES THAT WORK?

Upon receipt, in the Registration Division, of a kennel name objection, the objection is placed on the schedule of the Kennel Names Committee for their next regular meeting. Upon meeting, the Committee considers the names and the objections and decides whether the objection is sustained or not sustained.

The Committee then instructs the writer to communicate with both the person requesting the kennel name and the person objecting to advise them of the Committee's decision.

QUESTIONS?

As with the Livestock Pedigree Act, the *Registrar's Forum* would entertain questions of a general nature concerning the Registration and Kennel Names Committees.

ODDS AND ENDS

When submitting individual applications, please remember to submit *three* name choices. These name choices *must be different!* The Registration Division reserves the right, in the event of no acceptable name(s), to name the dog.

DUPLICATE APPLICATIONS

Please do not submit duplicate applications unless you are requested to do so by the Registration Division.

Please direct your questions and/or comments of a *general* nature to:

All Setter Club of B.C. draws 132 at sanction

The All Setter Club of B.C. held its first all breed sanction match May 27 at the Cloverdale Arena, Cloverdale Fairgrounds.

There was a good entry of 132, despite the fact that there was a German Shepherd specialty and obedience trials being held the same weekend. And for the first time, the 25 Afghans were outnumbered by 34 Irish Setters! There was a Junior Handling entry of 18.

The group awards were as follows: Sporting, (judge, Mr. R. Philbrook) 1st, Irish Setter; BCB, Irish Setter; BCB Puppy, Golden Retriever. Hounds, (judge Mr. Wm. Brennan) Group 1st and BCB, Afghan; BCB Puppy, Whippet. Working (judge, Mrs. W. Warnow); Group 1st and BCB, Doberman Pinscher; BCB Puppy, St. Bernard. Terriers (judge, Mrs. H. Roy) Group 1st and BCB, Australian; BCB Puppy, Scottish. Toys (judge, Miss V. Lyne) Group 1st, BCB and BCB Puppy, Pekingese. Non-Sporting (judge, Miss V. Lyne); Group 1st, BCB and BCB Puppy, Chow Chow.

Mrs. Wartnow gave Best in Match to an Irish Setter bitch, BCB in Match to an Afghan and BCB Puppy in Match to a Scottish Terrier.

The All Setter Club of B.C. started in June, 1972 and has 84 members to date. We have had two fun field days, obedience and handling classes, one booster last November, with our second planned with the Lions Gate KC shows (June 29 and 30). We hope to have field training classes throughout the summer. We had a catalogue for our pre-entries, which we believe to be a "first" for a sanction match, and which we hope will carry on for all our activities. —*Barbara Barry, Surrey, B.C.*

Costs may rise for pet owners

KINGSTON, Ont.—If the fire and legislation committee of this city has its way, the cost of keeping a dog will go up. The committee, with the exception of Ald. James Keenleyside, passed a resolution that will result in $70 a year for anyone who keeps three female dogs. Licensing for male and spayed female dogs would be cheaper but even then the resolution, it is reported, calls for a $5 licence fee for the first animal, $10 for the second and $20 for the third. Basic licence for one bitch, $10, for the second, $20, and for the third, $40. Present dog licence costs $3.00.

Objective of the proposal is to discourage households from keeping large numbers of dogs. At the time of writing, the proposal still required approval of the majority of city council.

"—and follow his fox up the drain"—well not quite

reprinted from the overseas DOG WORLD

Thousands of pounds have been saved by the Electricity Generating Board thanks to their use of a small terrier as a cable layer.

After unsuccessfully attempting to lay a cable through a thousand foot section of tunnel just a foot in diameter by high speed trolly and compressed air and water, Mr. Dick Randell had the idea of using a dog.

Mr. Randell, an engineer working on the Central Electricity Board's £2,500,000 project to link power stations in South Wales with the national grid in England by a 400,000 volt cable 150 feet below the Severn Estuary, fitted the dog with a harness to which the cable's drawstring was attached.

Other terriers were placed at the tunnel's far end. Their barking —dead rabbits were used for the purpose—made the harnessed dog race through the tunnel to get to his companions and so what would otherwise have been a complicated manoeuvre taking several weeks was completed in a few minutes.

Curb or pay up

That is the no-nonsense attitude of the council of the town of Port Credit, Ont., who imposed a maximum fine on any pet owner who "allows such animal to defile any public or private property without forthwith removing such excrement."

Research lab dog goes from cage to CD title

This is the true story of Louie, born on a breeding farm for what appeared to be his brief career—undergoing research sugery in a New York hospital laboratory—and, when no longer useful, put to death.

But it didn't happen that way. In a story by Charlotte Schwartz in *Off-Lead*, Louie is now on his way to earning his CDX degree.

Gentle young Lourdes Fernandez, who assisted the doctor in the surgery, realized the pup was a happy youngster who needed a little fun and love, and always took a few extra minutes to let him romp around the laboratory before returning him to his cage. By the time Louie had completed five months in the research program, it was time for him to be sacrificed for "humane purposes."

Lourdes by this time had fallen in love with the dog and determined to take him home to the Bronx and try to persuade her parents to let him join the family. She planned her strategy, introducing him only on weekends at first. Louie was exhilarated by the sights and sounds, by people, by rooms instead of cages and naturally showed his excitement. An anxious Lourdes followed him from room to room to prevent anything from going wrong, securing him in the bathroom long enough to catch a few hours sleep. The weekend was a success, through alert and diligent care, then Louie and Lourdes went back to hospital and cages. Meantime, Lourdes did a great selling job on the dog's behalf and Mr. and Mrs. Fernandez agreed he could stay.

Round number one. Next the young girl had to prove her contention that he would fit into the home and had to work closely with Louie to guarantee his reprieve. She immediately signed up with a training class and within eight weeks the student was a reasonably well-mannered dog. Louie and Lourdes became inseparable companions. At a grooming salon, Pat Widmer commented that Louie should have obedience training and work for his CD title. Great idea, but he couldn't be entered in trials because the AKC awards obedience titles only to registered dogs and Louie wasn't registered. Pat then suggested an application for an ILP number—Indefinite Listing Privilege.

Tribulations were combined with trials, but he was quick to learn. Last November 11 he earned the first leg of his CD title at the Lower Camden County Dog Training Club trial with a score of 199, placing second highest dog in the Novice B class. Next day he qualified for the second leg. Less than a month later he completed the third.

And now he is working on his CDX. Lourdes, the little girl with the big heart, really gave him life the day he gained his release from the research lab.

Are dresses proper at dog shows?

No, says T. Lorene Edgar in writing for *Off-Lead*.

Her own thought is that for women, dresses are not the only acceptable garment and after taking surveys at several clubs, group meetings and shows, found her premise totally acceptable by exhibitors.

"A dog show is a sporting event, and should be attended by women of all ages attired in sport clothes, and anything else should be considered very bad taste indeed!"

The type of clothing suitable for one individual might be all wrong for another. One's figure, weight and freedom of movement should be taken into consideration of course. She feels that pant-suits, slacks or a pants/skirt outfit are particularly important in the conformation ring, even more so than the obedience ring, as more stooping and the arranging of the stance of the dog is required.

Sports outfits, as well, are more adjustable—with shirts, blouses, vests, sweaters, jackets to be added or deleted as the temperature varies. Same for men, although the writer does feel that except for high temperatures, coats or jackets should be worn in the ring.

Why not skirts? Dogs will stay closer to the knee while being shown if a hemline is not flapping around its head. Even wide slack hems can flap in a little dog's face and disturb his vision and gait.

"Do what is practical and not what is mistakenly thought to be 'good taste': viewers are there to see the dog and not the handlers", concludes writer Edgar.

Free pup can cost $200 year

TORONTO—The *Star* consumer research team recently delved into the cost of proper care of a "free" puppy—which, of course, equates that of a purebred puppy from a reliable kennel. Including a large photograph, the paper used approximately 88" of space to let readers know what they can expect to put out in a year if they properly care for their "bargain". Nine veterinarian offices were called with inquiries as to the anticipated costs of giving a dog proper care and medication. Answers varied, as might be expected, with the degree of equipment, staff and care that can be expended by the individuals hospitals. Outcome appeared to be "settle somewhere in between the high and the low."

Toronto Humane Society General Manager says one way to keep down cost of obtaining and maintaining a pet is to adopt one from its shelter where rabies, distemper and hepatitis-leptospirosis shots are given and spaying completed before the animal is released.

Cover to cover

Fourteen different purebred dogs are depicted and described on a smart schoolbook cover produced for students by Weston Bakeries Limited, Suite 1110, 100 University Ave., Toronto 116, Ont. Covers are available without cost by writing the company at the above address. Copy states "for further information on other purebred breeds, write for a breeders' directory to The Canadian Kennel Club." The directory referred to is the *Dogs in Canada* annual Kennel Directory, next edition of which is in progress now.

Students are also invited to write Weston Bakeries Limited for a free copy of the booklet "Facts About Canada."

Defence plan to silence barks under protest

WASHINGTON, D.C. — The United States Defence Department plan to have 200 Beagle puppies surgically silenced so that they will not bark during air force laboratory experiments in which they are to breathe environmental pollutants. An air force spokesman said the animals would be rendered mute in accordance with "protocols" of the Society for the Prevention of Cruelty to Animals.

Fortunately, there's a fight going on. Representative Les Aspin (D-Wisc.) says there are "literally thousands of dog lovers like myself who won't stand quietly by while it happens." He has written a strong letter to the Secretary of the Air Force condemning the plans.
