Ch. Paupen's Mr. Wiggins wins Silverwood Trophy

For the second consecutive year a Canadian-bred Bull Terrier has captured the Silverwood Trophy. This year's competition was held in Ambler, Pa., on October 7 in conjunction with the Bull Terrier Club of America specialty show and was judged by two overseas B.T. breeder-specialists, Mr. Raymond Oppenheimer of "Ormandy" fame and Ms. Mary Treen. This year more than 60 dogs competed for the coveted award which is open to American and Canadian-bred B.T.s only. "Wiggins" is owned by Mr. and Mrs. P. Maier of Winnipeg.

"Happiness is" a 12-year old breeding program which starts to produce. For Titian Kennels, 1973 was the year of the puppy. For three generations (in a 12-year period) I have chosen puppies on the basis of sound structure, good health and good temperament. Such attention to basics does not quickly produce spectacular show winners; however, in 1972-73, with the puppies of "Mr. Smith" (Eng. and Can Ch. Vulcan Champagne Goldsmith, 1971 Xmas cover dog) and "Percy" (Ch. Bibelot's Songmaster Titian, 1972 Xmas cover dog), we began to "get it all together"

Our cover dog, "Bunny," is the product of two outcrosses. She arrived a generation earlier than I had expected, but two days after she was born I knew she was one to watch. She was one of 12 puppies, six black and six cream, and I had determined before the litter was born that I was inter-

C.K.C. adopts new, modern noseprinter

In October of this year, The Canadian Kennel Club adopted a new and modern noseprinting kit. The new device, a pre-inked, plastic and disposable "plate" promises to produce consistently readable noseprints. This new device should prevent the biggest noseprinting problem—using too much or too little ink.

The acceptance of this new kit has come about after six months' research which started with a long distance phone call to the Registrar. In late spring, a representative from Hollister Inc., a Chicago based firm, phoned the Registrar for information on noseprinting. Mr. B. J. Bubin telephoned Mr. Kirkpatrick to ask if noseprinting was as positive a means of identification as fingerprinting. Mr. Bubin advised that his company manufactured these disposable plates which were used to footprint newborn infants in American hospitals for identification purposes. At the conclusion of the conversation, Mr. Bubin offered to forward some free samples of these footprinters for the Registrar's study. Hollister's Canadian representative, Mr. Robert M. Malouin, of Hollister Ltd. in Willowdale, Ont., took over locally for Mr. Bubin and assisted immeasurably in the study by supplying free samples and help in packaging.

Tag owner first is suggestion of Toronto Council

Toronto Metro Council has voted to ask the provincial government to amend the Dog Licencing Act so that animal control officers could tag an owner who allows a dog to run at large. The system would be similar to the issuing of parking tickets. This legislation, it is contended, would make things much easier for the officers. Not infrequently, it was stated, officers follow a stray dog home, and "just before they nab him, get a bust in the nose from the owner."

MOTHER'S MILK REPLACER

Esbilac . . .
Borden's milk formula for dogs

For orphan or rejected puppies, there's nothing like Esbilac®, the bitch's milk replacer. Nutritionally, it's so similar to bitch's milk it's often referred to as the mother's milk replacer.

Rely on Esbilac if one of your bitches should die or refuse to nurse . . . if she whelps an oversized litter . . . if she has surgery or an illness that makes it unwise to nurse.

Esbilac's milk nutrients are good for adult dogs, too. It's recommended to supplement the diet of pregnant and lactating bitches, studs, show and working dogs, old or convalescent dogs.

Ask your veterinarian about Esbilac. Or look for it at your pet shop or specialty feed dealer. It's available in powder or handy ready-to-feed liquid. Esbilac. It does almost everything but give puppies mother love. And you provide that.

Have you tried Mirra-Coat?

Borden's nutritional skin and coat supplement can help your dogs maintain a gleaming show coat and healthy skin. Contains polyunsaturated fatty acids and vitamins. Just sprinkle over food.

Shipping dogs by air

From time to time the newspapers have carried stories dealing with the hazards of shipping animals by air. These have been frightening to say the least. And persons who are in the habit of using the airlines to ship show and breeding stock are left with the helpless feeling that there is not much anyone can do about it.

Not so, declares Dr. Angela Hefferman, Ottawa, Ont., in her report to The Canadian Federation of Humane Societies, September 1973. This report was based on a continuing six-month study and lists recommendations for improved care of animals in transit. Hopefully they will become "regulations".

"Newspapers concentrate mainly on complaints and give the impression that it is *only* the airlines which are at fault whereas a whole chain of persons and processes may be contributing to abuse", writes Dr. Hefferman.

With her permission *Dogs in Canada* is pleased to publish excerpts from this report on page 5 of this issue. Readers are invited to write in to Dr. Hefferman. Because this is a continuing study she is still collecting information. Anyone who has experienced problems shipping dogs by air or, conversely, those persons whose shipping experience with the airlines has been exceptionally good are asked to send the details to: Dr. Angela Hefferman, 379 Peach Tree Lane, Ottawa, Ont.

From Washington, U.S.A., comes word that Senator Baker, the Republican senator from Tenn. familiar to everyone who has watched the "Watergate" hearings, has introduced a bill to the U.S. Senate which would provide improvements in the treatment of animals in air transportation.

This bill, S.2217, proposes a study of existing conditions in the treatment of animals in air transport from the point at which the shipper transfers custody of the animal for shipment by air until the animal is delivered to the consignee at its destination.

"Women's lib" - and Canadian dogs

Perhaps this month we should editorialize on some of the problems facing dog fanciers today. Talk of power shortages and gas rationing are very much in the news. And it does not take much imagination to translate these gloomy prospects into inevitable cost increases in everything from dog care products to judges' fees.

It makes good sense to start planning against the day when participating in the dog hobby gets more troublesome. But Christmas does not seem the time to dwell on problems.

Instead, it seems more in the holiday spirit to look back on some of the really good things of the past. The Canadian Kennel Club system is one of them. It may not be to every member's liking but it is the most democratic dog club system in the world. And because the early planners must have had foresight beyond their time, there are no militant "women's lib" groups in Canadian dogs today demanding equal status with the men. The ladies have had equal status all along. And the sport has been the better for it.

Happy holidays!

Spay males too

I read with great interest your article on spaying. But what has happened to castration? You could have all the females done, but what stops the males from roaming from one end of town to another, breaking into pens etc.? I've never had a female wander, but males leave home looking.

What difference is it having male dogs done than any other livestock? All horses, cattle, etc. have to be done except those used for breeding and each owner is held responsible for his animals should any of the males get into a pasture. He pays the shot.

It is much simpler to castrate than to spay. A female and a male should pay the same license fee and if both are operated on, less. No pups can be born without a male so why just one and not the other?—*M. Haynes, Sundre, Alta.*

Schipperke weights

I read the item in *Dogs in Canada* on the varieties of weights in Schipperkes.

The U.S. Schipperke Club allows 6-18 lbs.

The Schipperke Club of Canada allows 6-18 lbs.

The Schipperkes in Great Britain are allowed 12-14 lbs.

The weights in The Canadian Kennel Club on breed Standards is 12-16 lbs.

I quite agree with the writer's opinion of the centre weights and so breed a more uniform weight and size.

It is quite evident little time has been given by most breeders to the study of genetics, anatomy and line breeding, also eliminating any size as too large or too small.

The ruff of a Schipperke should be longer than the body coat, culote same length as ruff, body coat to lay to the body, coat should not be silky.

It is a great pity the Schipperkes have such a variety of types and sizes.—*Mrs. Ellen Brown, Wallaceburg, Ont.*

Patricia McKeown Fund

As you undoubtedly know, the Great Dane Club of Canada was deeply shocked and saddened by the loss of Mrs. Patricia McKeown last Friday evening. Those of us who knew Pat were aware of her deep involvement and concern with canine hip dysplasia. As a tribute to her memory, the Patricia McKeown Memorial Fund has been established to aid in research and prevention of this condition.

The enclosed letter has been drawn up to explain this fund. In an attempt to reach all possible parties, we were wondering if this letter could be printed in *Dogs in Canada*. As every cent we receive is to be directed into the fund we would be unable to pay for the printing. Any consideration *Dogs in Canada* could make on behalf of the fund would be greatly appreciated.—*June Cowie, Willowdale, Ont.*

To those of us who knew Patricia McKeown, the news of her tragic accident came as a very severe shock. It is harder yet when you realize that her many contributory activities have been prematurely terminated.

Pat was an honest idealist. She believed in factual evaluation, in research, in a free exchange of information and in the emerging maturity of dog breeding as a means of self expression.

In their breeding the McKeowns were not exempt from the dreaded condition known as hip dysplasia. We feel that the most meaningful expression of our feelings would be to initiate a fund, which would permit and encourage the continued research into the cause and prevention of canine hip dysplasia. We are certain that this would mean more to Pat than flowers or any other show of sympathy.

The Patricia McKeown Memorial Fund has been established to pursue this aim. We hope that you approve this course of action and will help to make this fund a success. Please make all contributions payable to The Patricia McKeown Memorial Fund and send to J. D. Nolan, R.R. 4, Bolton, Ont. If you would like any further information please contact: Miss Sandy Brown, 178 Grenview Blvd. S., Toronto, Ont. M8Y 3T6. (416) 233-1578; Mr. J. Malaga, R.R. 2, Paris, Ont. (519) 442-4806; Mr. G. Thanks to all who aided us

Earlier this year our home was completely destroyed by fire. We would like to take this opportunity to thank the many clubs and individuals who came to our aid the night of the fire and afterwards. To the members of the T.I.K.O. club a big thank you for their terrific help in transporting all our dogs and boarders away from our home and kennels during the fire and for the care they gave them afterwards while we were trying to reorganize.

To the Ralston Purina company many thanks for the supply of dog food sent to us right after the fire. We are indeed very grateful to the Limestone Obedience and Kennel Club, the T.I.K.O. club and the Trio Kennel Club for their kind donations towards our present home and towards our library of dog books.

The members of our own T.I.K.O. club have been terrific in their help in building our kennels at our new location. Didn't realize we had so many carpenters in our club! Our annual summer club picnic was a huge success being held as a "work bee" to help build our kennels. We always knew dog people were wonderful but we never realized just how good it is to be part of such a great group of people.

Many thanks again to everyone.—*George and Jean Cornforth, Mallorytown, Ont.*

White German Shepherd

Re Anne Auclair's remarks concerning the white German Shepherd (October issue).

Some years ago breeders were invited to comment on these dogs in order for their disqualification to be considered. The response was apparently poor and no action was taken.

One must be in a position to evaluate before expressing an opinion. As this colour has long been considered undesirable, how many members were in a position to make valid comments.

If there are now breeders promoting them, can we hear why they should NOT be disqualified? Will they support their views by putting them in competition or are they taking advantage of the ever vulnerable customer by promoting that which has become less attainable for presumably good reasons.—*Mrs. C. Oberg, Langley, B.C.*

What's show quality?

These days, the words "show quality puppy" are being used more and more verbally, and in advertisements. As this is being phrased to puppies from the ages of six weeks on, it is not difficult to see why so many problems in false advertising have come to light of late. Understandably, the public is not aware of many breeders' lingo where a "show quality pup" often means a "good pup of show quality" at the particular age of mention.

The public swallows this bit, hook, line and sinker, thinking they are getting a champion type pup at the time, then find out later they had a poor specimen of the breed. Naturally, they were uninformed.

It might be good practice if we let those uninformed souls know that any registered puppy over the age of six months can be shown and thus is of show quality. The phrase show quality is true in one sense—the individual registration papers are the qualifications—guess it's all the way you look at it.—*Bev Rivett, Bolton, Ont.*

TRANSPORTATION OF ANIMALS BY AIR

excerpts from a report by Dr. Angela Hefferman, M.D. F.R.C.P.C. Dip. Psych. (McGill)

r nearly 30 years airline companies have en engaged in the highly profitable busi- ss of shipping a variety of living crea- res. For these same 30 years animals ve been suffering death, mutilation and g hours of torture. The airline adminis- ators have been well aware of the situa- n but have managed to conceal the whole tter from public knowledge.

presentation to The Canadian Federa- n of Humane Societies Winnipeg—Sep- mber 1973

AUSES OF DEATH AND INJURY

1. Suffocation: Slow suffocation seems to the most horrible and probably the most mmon form of death. It is necessary to derstand the conditions under which ani- ls travel. They are treated like any oth- tem of baggage or cargo. They travel in baggage hold, which is completely -tight and unventilated. They must exist the whole flight on whatever air hap- s to be left when the cargo and baggage been stowed. There are no fans, no air rculation. The air-tight condition of the ld is intended to ensure that any outbreak fire would die from lack of oxygen. The mals do not die painlessly from mere k of oxygen but agonizingly from the ncurrent accumulation of carbon dioxide. the absence of circulation of air, the car- n dioxide build-up is maximal in the at- sphere immediately around the animal. Air Canada statement tells us "that it s been determined" that animal suffer- begins when the carbon dioxide accu- lation in the air exceeds six percent and the "permissible" carbon dioxide content should be limited to five percent sea level equivalent. In fact, there is no provision for monitoring or altering either oxygen or carbon dioxide content in the hold. In the passenger cabin of a modern jet the air is changed completely every three minutes.

2. Extreme heat or extreme cold: In theory, the hold of the aircraft is supposed to be maintained at a temperature between 65 - 75 degrees F. In practice, airline personnel state that they have recorded temperatures ranging from 0 - 115 degrees F. in the baggage compartment while in flight and up to 130 degrees F. on the ground. Air Canada, referring to three types of DC-8, two types of DC-9 and the B 747, covers itself by saying that desirable temperatures are "generally" maintained in the lower forward holds during flight but that the rear holds will cool to near freezing. You have no guarantee that the airline employees who load the animal are aware of this vital difference. Air Canada also points out that cargo doors can leak at high altitudes, with an outside temperature of minus 60 degrees. Anyone who has sweltered in a grounded aircraft or picked up an ice cold suitcase can imagine the possible suffering caused to an animal in the hold.

3. Crushing and pounding: Every precaution is taken to protect passengers from flying objects in the event of violent movement of the aircraft. Animals are offered no such protection. Baggage and cargo items become dislodged and crush them; their own cages may be hurled back and forth slamming into other objects. One report gives a shattering description of an owner waiting to claim a champion Dachshund who had travelled in the baggage hold while she travelled in the cabin. Finally the case appeared and as a porter lifted it off the conveyor belt he exclaimed: "This dog's dead lady! He stinks." The dog's face and body and the sides of the case were streaked with dry blood. The grill on the floor had been torn out by the frantic dog. Examination of the dog's body revealed he had apparently died from injuries sustained when his case slammed from one bulkhead of the plane to the other.

Deaths due to crushing and pounding are often attributable to totally inadequate crating and packaging. Through ignorance or indifference, a shipper will present animals at the air freight or air express offices in flimsy vegetable crates, cardboard shoe boxes, containers too small for the a- imal to move in or crates with inadequa e ventilation holes and they *will be accepted f r transit*. Some animals are lost after esca- ing from inadequate crates.

4. Starvation and thirst: This type of cr- elty occurs when planes are cancelled r delayed, as may occur in adverse weathe r conditions or during strikes. The cargo, i- cluding animals, may be dumped in a hol- ing warehouse for periods from hours o days. There are no regulations which r- quire the airline employees to feed, wate , exercise or even inspect the animal. Sometimes an animal may go astray an d spend days in transit or mislaid on th e ground. One case tells of a pet dog wh o spent four days in shipment and died fro m the results of extreme constipation becaus e he had no opportunity to relieve himself.

Deaths from starvation, thirst or negle t are not always the direct fault of the ai - line. A case is quoted where a cas - on-delivery consignment of 14 puppies a - rived too late for Christmas selling and w s refused by the pet shop owner who returne d them to the sender like so many overdu e Christmas puddings. By the time the p - thetic package arrived back at the point f origin, three were dead.

5. Injury from other animals due to mu - tiple shipping: Smaller animals such a s puppies are often packed together in a small crate and bite and claw each othe r from fear, thirst or hunger, with resultin g death or injury.

6. Self injury due to extreme fear: The e is no light in the hold and no insulatio n from excessive engine noise. There are i - stances of animals who went berserk wi h

Part 2 (conclusion)

Demand for spay clinics and pet population control grows

Excerpts from an article which appeared in the A.V.M.A. Journal - June 15, 1973, by Dr. Marvin L. Samuelson, DVM, small animal practitioner, San Pedro, Calif.

Community responsibility

To eliminate the problem of surplus dogs and cats, communities must act:

1. To conduct a massive public education program which emphasizes responsible animal ownership. The program should have the support and involvement of all government agencies and community organizations. All informational media and means should be used.

2. To develop a research program supported by government to bring forth a safe, effective and inexpensive contraceptive. Government has spent little for research on animal contraceptives. Until such time as a product or system is available, community administrators should remind dog and cat owners of the most effective and least expensive (even though sometimes inconvenient) contraceptive system ever known —*confinement during estrus.*

3. To establish uniform, well-founded animal control laws and enforcement guidelines.

4. To enforce existing laws. Animals should be confined, especially during estrus. Stiff penalties should be imposed on owners of free-roaming, unspayed females.

5. To encourage all animal owners to surrender unwanted and uncared for animals to animal shelters or humane societies.

6. To upgrade animal shelters in appearance, image and service to make them more appealing to the citizens wanting to use them as a depot for unwanted animals. There is no excuse for inhumane treatment of animals.

7. To separate animal control law enforcement activities from animal sheltering activities. Where both are managed by the same department, ineffective programs result. Government must assume responsibility for law enforcement. Humane societies can best serve by providing humane education and sheltering animals. Much of the citizenry now donates support for non-government humane efforts. More support can be expected if law enforcement is left to government.

8. To increase license fees for dogs and cats, thereby providing more funds for animal control agencies. Licensing agencies should charge higher license fees for unspayed females, or no fee for spayed females.

9. To prohibit animal shelters from releasing intact dogs and cats to new owners, unless provisions are made to have these animals rendered sterile. The use of existing private hospitals on a subcontract basis, with inspection, should be considered as an alternative to government construction, implementation and operation of spay clinics.

10. To limit the merchandising of pups and kittens through retailers, peddlers, or unethical breeders. Restrictions should be im-

Obedience

Send correspondence direct to
Jake Giacomelli,
51 Wardrope St. S., Stoney Creek, Ont.

If I remember correctly, in the May article of this year I wrote about an obedience clinic conducted by Jack Godsil and Bob Self that was held in Detroit by Sportsmen's Dog Training Club.

Jack Godsil is a professional trainer who makes a living training and handling dogs for others and lucky for us, dog training is his hobby as well. Bob Self has been active in obedience for over a quarter of a century (although he really doesn't look that old) and has been active in many phases of dogdom for many years. Bob is a high school teacher by profession and I understand has a very good knack of imparting obedience knowledge to obedience classes. As a judge, in my opinion, he's one of the best I've had the pleasure of meeting in the United States.

On October 20 and 21 of this year I was most fortunate to be able to attend a two day obedience clinic held by the Burlington Kennel & Obedience Club at the Tyandaga Golf & Country Club, and after having watched these two men in action diligently for two days can only say I'm even more impressed than the first time—yes! I'm ready for a third clinic and a fourth. Can think of no better way of spending a "doggy" weekend than watching these men in action.

Although I've been active in obedience a good number of years with my share of successes, could not help but feel very humble in the presence of such knowledge and ability.

GOOD IDEAS

In retrospect it makes most of the obedience books I've read seem obsolete—when you've been in this sport a reasonably long time you can recognize good ideas when you see them and brother—I can only say once again that I saw nothing but good ideas!

As mentioned above, Jack Godsil is a professional who makes his living at this sport and Bob works with him. Together they are always trying to come up with ideas that work faster with dogs and at the same time make them *unquestionably reliable* under all conditions and *happy*.

In their opinion, a good basic foundation Novice training lays practically the whole background for their advance training in Open and Utility; also, that many of the faults that creep into Open and Utility work are as a result of poor or inconsistent basic foundation training in the Novice classes.

It was a pleasure to see obedience enthusiasts at the clinic who had come as far away as Ottawa, Sudbury and Thunder Bay, Ont.—when they come from that far and one is aware of the expense it entails you can't help but acknowledge that these people are obedience enthusiasts indeed.

Our club is very fortunate they've been able to get these two gentlemen to conduct a two-day clinic in January of 1974. Just think, in less than three months I can see it again—the thought of it alone has me already champing at the bit.

Originally, I thought two days would be enough, but if people keep asking questions, two days is nowhere near enough.

A COUPLE OF TIPS

Let me give you a couple of tips to perhaps make two days enough time:

(1) *Insist* that people *ask no questions* until these men have finished their presentation for that day; otherwise you'll miss much of the goodies they have to offer. Tell your spectators to write down their questions so they won't forget them and then at the end of the presentation they can ask all the questions they like. In fact, you may find that by the end of their presentation many of your questions have already been answered.

(2) Try at all costs to have the clinic conducted in a hall or large room where you can stay as late as you like—this will give you the time you need to get all the questions answered without affecting the continuity and format of their presentation.

As this is the Christmas issue of *Dogs* can't think of a better present for you than your being able to attend a Godsil-Self obedience clinic soon—Merry Christmas.

Cover Dog—from page 1

ested only in the creams. Nature doesn't always cooperate! She was kept and raised. There was never any question in my mind, even in her gawky, awkward stage, that I had made the right choice

Over the years, my mother, Susie Mae Weir, has been of inestimable help in breeding dogs. I know of no other person who matches her sharp-eyed observation of dogs or rivals her knowledge of the skeletal structures of all breeds. Her ethics are above question and her sportsmanship and presentation impeccable. We do not always agree, as anyone who has met us at the shows will testify, but I have always known she had my interests closest to her heart. Ill health had forced Susie Mae to curtail her own breeding program over the last few years. She loves puppies and it was with the greatest pleasure that I gave her Bunny.

Under Susie Mae's guidance, and handled by Mrs. Phyllis Barry, Bunny has made the whole effort of breeding dogs worthwhile. Happily, the judges this year have agreed in our assessment of her:

Barrie—WB (5 pts), Best Puppy in Show—Judges Fraser and Coleman.

Oakville—W WB (4 pts) Best Puppy Gr. 6—Judge Faigle.

Oakville—Best Puppy in Show—Judge Baker.

Sarnia—BW (5 pts) Best Puppy Gr. 6—Judge Eve Whitmore.

Belleville—Best C. B. group 6—Judge Rita Smith.

Metropolitan—Best Puppy in Show—Judge Van Court.

Bunny also took Best Standard Puppy at the William Penn Futurity under Mrs. Billie Smith, a most satisfying win since this is a breeder's show.

Not to be outdone, two puppies by "Percy" (Titian Show me a Star and Titian Showmaster of Bibelot) owner-handled, have each acquired seven points and Best Puppy in Group over tough competition. The culmination of the year, however, was the arrival of four gunmetal blue puppies, out of Bunny's dam and sired by "Tramp"—all puppies definitely of show quality.

"I'm looking forward to a Happy New Year when these puppies and some sired by "Mr. Smith" will be eligible to show. May I wish all of you the luck and happiness I've had this year.

Novices welcome Saskatchewan matches

Dog people in Saskatoon—like dog people across the prairies—have relatively little opportunity to show their dogs close to home. Traditionally, Saskatoon dog shows are held in May and September, and anyone wanting to show extensively in between is faced with a lot of travelling, for even the nearest out of town show is almost a hundred miles away.

Sanction shows have been staging a welcome revival in the city, with three having been held in the past year, giving many novice dogs—and novice handlers—an opportunity to gain experience.

The most recent among these was the Hub City Kennel & Obedience Club's sanction match and obedience correction match. Just over 100 entries were received in conformation and obedience and the event ran smoothly, barring the odd inevitable mixup, such as the elastics for the armbands being left at home on someone's dining room table, and the Clumber Spaniel almost going into the ring with the St. Bernards. Results in conformation judging were as follows: Group I, Bob Tait's English Setter, Leighton's Chain of Gold. Group II, Roberta Pattison's Saluki, Springpould Truella. Group III, Apache, a Shetland Sheepdog owned by June McRae. Group IV, the Miniature Schnauzer, Kellysue Serendipity Dragonair, owned by Sue Ailsby. Group V, Kit Dingwall's silver Toy Poodle, Kit's Silver Tink of Sassafras and Group VI, Butte's Samosir Missy, a Dalmatian owned by Jackie Hastie. Best in Match went to the Sheltie, June McRae's Apache, and Best Puppy in Match was a Wire-haired Fox Terrier, Peter, owned by Mr. and Mrs. R. Jusandi.

In obedience, Emma Pfeifer's German Shepherd, Edda, was highest scoring Beginner dog and Mrs. E. Patterson's Shepherd, Argo, took high score in Open. Top score in Novice, and high score in match, with a mark of 198½, was the brown Miniature Poodle, Nipper, owned by Diane McNichol.—**Roberta Patterson**

Canadian open Woodcock Classic

Venus Warhoop Lady, fleet footed pointer bitch owned and handled by Joe Gardner of New Hampshire, topped an outstanding field of 20 dogs in the Classic. This 14th renewal of the N.B. Association's trial was held on October 7 and 8, 9 over the club's trial grounds near Fredericton. A Derby Class and a Shooting Dog Stake rounded out the weekend's program.

Nature blessed the two full days running with fine dry autumn weather. Some handlers observed that Sunday's rather stiff wind caused birds to jump well ahead of the dogs. Nevertheless, many dogs did handle the woodcock with skill. The Classic was completed on Sunday with the Derby and Shooting Dog events following on Thanksgiving Monday under the ideal-filling autumn conditions.

The McNaughton cover used as trial grounds is close to the province's capital and is utilized all summer by graduate students at the University of New Brunswick in a Woodcock banding program. In October this splendid "bowl" of several hundred acres contains local and migrating woodcock in abundance. Old orchards rim the bowl, providing excellent feeding for grouse and black bears. As far as the eye can see the alders fan around the hillside. Any club would be fortunate in having access to such a bird dog testing area. It is close to a city, beautiful and full of birds.

The New Brunswick Club has been hosting this event for 14 years. Their experience was evident under the guidance of President, Dr. George Dashner, of St. Stephen, N.B. Dr. George, himself renowned woodcock hunter, setter breeder and crack shot put together a fine team to organize and carry off this event. Trial Chairman Bill Mathews of Nashwaaksis had immediate responsiblity. He handled their biggest trial with a surety and efficiency that enabled his entire committee to pitch in and help. And help they had for in evidence at all times were club members from all over the province.

Of particular importance to the success of this event are the marshalls. Tim Dilworth and Tim Watts of the University of New Brunswick were the men who kept us on course and consistently finding birds. Seven and one half hours running was necessary to complete the 20 dog, 45 minute Open Classic. The "Tims" had us in the right place at the right time, finding birds and finishing before dusk.

The large entry is attributable in part to the hard work of Publicity Chairman Carl Weston of Saint John. Carl began promoting the 1973 renewal at the conclusion of the 13th annual trial. In addition to Maritime entries, Maine, New Hampshire, Rhode Island, Massachusetts and New York all fielded dogs.

In the Open Classic, 49 woodcock were officially observed, in the birds were 30 to 40 feet in front when flushed by her master. Lady had a bird jump to the side and honoured its flush on command as she had not seen the bird.

Second in the Classic went to Andrew Wishart's Brittany, DeLeigh's Lonesome Luke. Luke was drawn in the second brace and hunted hard all over his course to come up with three perfectly handled woodcock. The last find was particularly interesting as Marshall Tim Dilworth handled Luke in the absence of owner Wishart. A non-productive and a stop to a wild flush on another bird rounded out Luke's thrilling 45 minutes.

Albert Pilon's Centurion, setter dog, was awarded third spot. This nicely moving dog hunted out front albeit a little rough handling at times. Centurion had a nicely handled woodcock showing style and intensity.

In the Derby, Hobart M. Switch, Brittany, handled by Bob Etsell of Mass., had four all age finds and a stop to flush to top the field of six.

Tartan Glen Duke, setter dog handled by Bill Gori, took second spot and Boys Monicle Jack, setter dog owned and handled by Bob Johnson, was third.

The Shooting Dog Stake was won by Caires Royal Duchess, setter bitch handled by Bill Gori. Although not required in this stake, Duchess was steady to shot on an impressive find while her bracemate took her bird out.

Second went to Tim Tufts Brittany, Belle's Dominion October. On a call back "Tober" scored soundly and exhibited perfect manners. Third was awarded to Mike, setter dog owned and handled by David Clark. Mike had a stylish find on a call back and indulged in a short fling under the bird at flush.

It was a great honour to judge the Open and Derby with Capt. T. E. Connors of Cornwallis, N.S. Tom has seen a few woodcock in his day and is a keen observer of cover dogs.

With the heavy entry Tom and your scribe were grateful to Albert Pilon and Ted Phelan who judged the Shooting Dog.

Norman Brown dinner...

Nearly 300 friends and well-wishers paid tribute to Norman Brown at the Norman F. Brown testimonial dinner held October 20 at the King Edward Hotel, Toronto. From the west coast came Mr. and Mrs. Henry Appell; from the sunny south, Dr. Wilfrid E. Shute; from the east coast Bobby Laskey, chipper as ever at 88, and from Bermuda, Mr. and Mrs. John Openshaw and Miss Natalie North.

Throughout the evening this refrain could be heard in many variations: "This is such a happy time. Why can't we get together like this more often!"

It was that kind of affair—and the first of its like in Canadian dogdom. Affection and respect were expressed to Norman for his 40 years of dedicated service to Canadian breeders and dog fanciers in many ways. It was a highly emotional time for the guest of honor and his family, and one of understandable pride for his mother, Mrs. Ellen Brown, one of Canada's longtime breeders. The presentation of a fine Hammond electric organ was a total and overwhelming surprise to him.

For those who would like to have attended the dinner but were unable to do so, we present the evening in pictures and an excerpt of Norman's significant speech which dealt with five questions of vital concern to club members:

Where is The Canadian Kennel Club now? Where has it come from? Where is it going? Where should it be going?

How does it get there?

WHERE IS THE CKC NOW AND WHERE HAS IT COME FROM?

When I joined the staff in 1933, some 45 years after the club was formed, we had registered 106,400 dogs. Early this month (October) the millionth dog was individually registered. Of that 1,000,000 dogs, more than half were registered within the past 14 years.

In 1933, 42 championship shows were held under our rules. This year 332 are scheduled and that represents more than double the number held in 1962.

In 1933 there were four licensed field trials for Beagles. Last year there were 30.

In 1933 there were no licensed field trials for the retrieving breeds. Last year there were 80.

In 1933 there were no licensed field trials for Spaniels. Last year there were 22.

In the very first issue of *The Kennel Gazette*, published in 1889 (then the official organ of the CKC), there appeared a full set of field trial rules for the pointing breeds, so there must have been some activity in that field that early in our history. No field trials for the pointing breeds were held under our rules in 1933. Last year there were 12.

In 1933 The German Shepherd Dog Club of Canada held an event we classified as a "field trial" the forerunner of what we now look upon as obedience trials and tracking tests. Licensed obedience trials had their start in Canada during World War II and the development of interest in that sphere has been phenomenal. In 1948 there were 12 licensed obedience trials in Canada. In 1972 the total had reached 212 more than double the number of licensed obedience trials held in 1960, just 12 years previously.

There were no tracking tests per se in 1933 if we disregard the "field trial" held by the German Shepherd Dog Club of Canada in that year. Last year there were eight.

There was a total of 47 championship events in 1933. Last year the total had reached 673, well up from the 400 championship events in 1962, just ten years previously.

The total number of dogs entered in these 1933 events was between 7,000 and 8,000. In 1972 the total of dogs entered in championship shows and trials had reached 110,622; the total for 1962 was 38,604.

None of these figures include statistics for the many sanction matches, mock trials and fun matches held in the course of a year.

To round out the picture: in 1933 the CKC had 1,245 members. At the moment the figure is in excess of 10,000 and will probably reach 11,000 before the year end.

In 1933, 324 titles were confirmed. Last year we confirmed 3,466 titles.

WHERE IS THE CKC GOING AND WHERE SHOULD WE BE GOING?

I do not feel that we can afford to be satisfied or complacent, or that we should sit back and permit our future to be determined by developments that we have not sought to direct or influence.

I think the **grading of dogs** should be thoroughly considered and programs initiated whereby constructive breeders have at their disposal authoritative information about dogs whose names appear in the pedigrees of dogs they are considering as breeding stock. Initially the program could be an optional one to the extent that breeders would not be compelled to participate, but I expect that in time the value of the program would be such that all breeders worthy of the name would be delighted to play their part in the compilation and distribution of data on those dogs that had been graded.

Education is another area that I feel requires our attention. A number of educational institutions in Canada are now providing courses having to do with purebred dogs. There may be a way that we can evaluate these courses and to encourage their continuation and availability at different educational levels across the country.

We should be interested in and encourage the preparation and dissemination of information to children and adults on the proper care and feeding of their pets, and of their responsibilities as dog owners to the public at large.

More and more of late we have read of the **pet population explosions** most often in connection with an increasing concern on the part of the general public with regard to the condition of the environment in which we all live. While we know of the tremendous increase over the past 20 years of

...such a happy time"

Norman is seated at the Hammond organ—something he had longed for but never dreamed of owning.

blic interest in the purebred g. statistics do not suggest that e purebred is at the heart of s problem. However, we have ed a tendency on the part of municipal authorities to enact gislation which cannot help but hibit the activities of those eeders who, while limiting eir breeding activities to reaable proportions, do provide a urce from which the buying blic can select purebred dogs good quality, temperament and alth and at reasonable cost. An ample of this type of legislan—and it seems to be more evalent—was a by-law enacted a nearby borough restricting e number of dogs per household three. If this tendency contins unabated then it is not diffilt to foresee the time when the oduction and marketing of dogs ll be restricted to purely comercial operations with conseences not hard to visualize. We ay also say with some convicon that this type of legislation ll not produce the results inded; on the contrary, we can ticipate that the results will be ite the opposite.

The Canadian Kennel Club has nited legislative powers with spect to the production, marting and control of purebred gs. We can, however, discharge r responsibilities by cooperatg with governments at all levs in the formulation and impleentation of legislation designed best meet the interests of all ncerned, and in this we should **co-operate with humane societies** for the proper care and treatment of dogs is very much of concern to our members.

Thanks to the work of a special committee, we are taking much greater interest in the formation and operation of **junior kennel clubs** and in junior showmanship classes at championship shows. If this area of activity is to develop as it should we must count on the cooperation of local dog clubs across the country, and I do urge all clubs to take an active interest in what could be a very important aspect of the dog game.

Recently there have been chartered flights of dog fanciers to the great Crufts Show at London, England, and there have been occasions in the past when **chartered flights** would proceed out of Toronto with exhibitors and their dogs bound for shows in Bermuda. I think this type of activity should be encouraged and developed, not only for international events, but also between various parts of Canada.

I would suggest that we look carefully into the possibility of **making our own movies of dog shows and trials** in Canada and having these movies screened at dog club meetings throughout the country. We might also look into the development of communications between fanciers and clubs across the country through the means of ham radio operators.

Although we have not published **Stud Books**, for the past few years, consideration is now being given to a resumption of the publication of such volumes. I suggest that we should look into the possibility of publishing separate stud books for at least the more popular breeds.

In my view the system of processing applications and issuing certificates in our **Registration Division** is now superior to any we have had in the past, but the volume of paper work, the checking, the posting and filing that is involved is truly astounding and has to be seen in operation to be fully appreciated. There must be a better way to accomplish as much, or more than is now accomplished under our present system, by cutting back substantially the volume of paper work involved, both at the breeder's level and at the registration level, and I feel that this warrants our careful scrutiny.

In the course of a year we confirm many titles earned by dogs but we have yet to devise a suitable method of **honouring breeders,** by the awarding of a title, for their contribution to the field of purebred dogs.

In some other live stock associations provision is made for what is known as an "**Advanced Registry**". The entry of an animal into an advanced registry is usually confined to animals of superior quality which have demonstrated their ability to produce animals of superior quality. The admission is designated by what is known as an "A.R. number" and this is considered to be a mark of distinction when it appears on certificates of registration and in certified pedigrees.

In other live stock the means has been found to **store sperm** for long periods of time and the means by which this sperm is stored and handled at artificial insemination stations has long been established. Research is no doubt going on at this time to find a means of storing canine sperm and I suggest that our wholehearted support of that worthwhile research is warranted.

"HOW DO WE GET THERE?"

The challenge to us in the dog game is to recognize the changes that are taking place, to foresee as far as possible changes that will likely take place, to evaluate these changes in terms of just what is in store for purebred dogs, and to plan with a view to taking advantage of the opportunities these changing conditions will present.

We would be ill advised to resist innovations and advisable changes simply because these do not fit in with the pattern of things that are known and familiar to us.

The early pioneers in the dog game in this country and those who followed them built better than they knew. They bequeathed a legacy of which we all should be proud. We betray our trust, however, if we do not seek to maintain all the good that they accomplished and to accomplish still more. This we can surely do but only if we put aside those personal differences which are not important in the future development of our sport and present a united front in dealing with any challenges that may interfere with the attainment of our worthwhile goals.

ANOTHER RINGSIDE: What do "doggie" people do on a foggy, foggy day? Head for the tracks.

Dorothy Johnson, Schnauzer fancier (Pompador), Toronto, left, and "Mike" McBeth, (Glahms Dandie Dinmonts), Stouffville, Ont., got up at the crack of dawn to watch the great horse Secretariat exercise at Woodbine. Exercise? He broke the track record with no one to compete with that misty morning.

TINIEST HEART PATIENT: Smallest patient ever to undergo open-heart surgery is believed to be "Snoopy", a Chihuahua pup. Snoopy made medical history at the Ohio State University when veterinarians had to invent special miniatured equipment for the surgery. They had to open the chest and tie off with thread the abnormal linkage between the two largest vessels leaving the heart, which is just twice the size of a thumbnail. Snoopy recovered completely from the ordeal.

THE SIGN MEANT "NO": A young Hamilton, Ont., mother spent two days in jail because she ignored a "no pet" sign in a shopping mall. She saw the sign all right, but noticed "old ladies walking around with their French Poodles". So she decided to continue with her German Shepherd, "Lather". Ignoring the request of a security guard, she found herself before a judge who imposed a fine of $50 or seven days in jail.

Metric mayhem

When the metric system comes into effect in Canada it may have some unforeseen effects. For example, will the specifications in breed standards be shown in metric weights and measures? Any long-term printing plans should be given this consideration. And can you imagine the fun when competitors first call "the stick" into the show ring!

SCRAPBOOK

To be able to laugh and to show mercy are the only things that make man better than the beasts.
—John Buchan

The time will come when they will understand that the animal world was placed by the Creator under our protection, and not at our mercy; that animals have as much right to live as we have, and that our right to take their lives is strictly limited to our right of defence and our right of existence.
—Axel Munthe

Either people do not listen
And therefore aren't aware
Each pup and kitten born today
Is unwanted and a spare.

Now if these folks have listened
And still let their pet breed
I wonder why they're so unkind
Is it apathy or greed?

Perhaps if they find homes for theirs
They think it's quite O.K.
But don't they stop to think
These too will breed some day?

They number in the millions
The unwanted homeless pets
And that is what is really cruel
The part that folks forget.

As long as one dog or one cat
Remains without a home
Each pup and kitten born, is doomed
Unwanted and alone . . .

THE NIGHT BEFORE CHRISTMAS

'Twas the night before Christmas and all through the house
The master was roaming, with not even a grouse.
Each dog had been fed and then played with the tree,
Got covered with tinsel and shook it all free.

Then dogs had been let out to answer their call,
They shivered a bit, but that isn't all – –
Some whimpered, some barked, some quivered with glee,
For all had the knowledge, that soon they would see.

A rare thing to behold, a most wonderous treat,
Of eight tiny reindeer with sparkling feet – –
That were pulling a sleigh all laden with toys
For all of the girl dogs, not to mention the boys.

With squeekies and balls and dog candies and meats
And blankets and car coats and booties and treats.
The goodies were loaded with love and with care
In a big Santa sack – as they winged through the air.

Each dog was astonished to see the strange sight
Of a sleigh on the rooftop – then Santa alight
Swing the pack from the sleigh – and scramble to find
A treat for each dog – then make them each mind.

So if anyone looks out the window this night
And sees your own dog looking happy and bright,
Don't call him too soon – let him stay out a bit
For Santa loves dogs, and he'll make a big hit.

With Rover and Snoopy and Puddles and Prince
And Solo and Mitzi and Pepi, who'd wince
At the cold on his toes and would wish he were in,
But he loves to watch Santa and the beard on his chin.

Now if anyone thinks his dog doesn't know
That Santa is coming, at thirty below – –
Just watch his expression as he looks at the tree
Then knowingly lays his soft head on your knee.

(With apologies to the author, who undoubtedly was also a dog lover)

—Dave Albertson

Christmas Night at Manhood End

Eddie, Priest of St. Wilfred
In the Chapel of Manhood End.
Ordered a midnight service
For such as cared to attend.

But the Saxons were keeping of Christmas
And the night was stormy as well
Nobody came to the service,
though Eddie rang the bell.

Wicked weather for walking
Said Eddie of Manhood End
But I must go on with the service
For such as care to attend.

The Altar candles were lighted
An old marsh donkey came
Bold as a guest invited
And stared at the guttering flame.

The storm beat on at the windows.
The water splashed on the floor
And a wet yoke-weary bullock
Pushed in through the open door.

How do I know what is greatest
How do I know what is least?
That is my Father's business
Said Eddie, Wilfred's Priest.

But three are gathered together —
Listen to me and attend
I bring good news my brethren
Said Eddie of Manhood End.

And he told the Ox of a manger
And a stall in Bethlehem
And he spoke to the ass of a Rider
That rode to Jerusalem

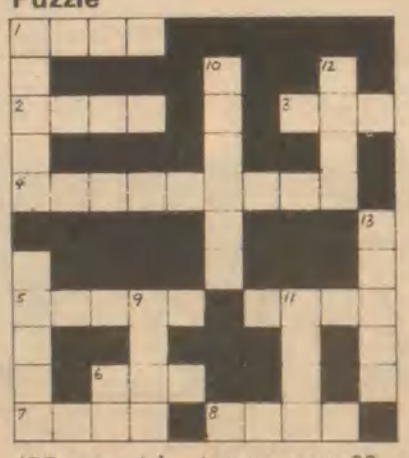

They steamed and dripped in the chancel
They listened and never stirred
While just as though they were Bishops
Eddie preached them the Word.

'Till the gale died down on the marshes
And the windows showed the day
And the ox and the ass together,
Wheeled and clattered away

And when the saxons mocked him
Said Eddie of Manhood End
"I dared not shut His Chapel
On such who cared to attend."

Christmas For Corgis

Christmas Eve and all is quiet
Two tired Corgis at last have retired
When all of a sudden came very loud roars
And eight Corgi feet at once hit the floor.

Around and around the house they ran
Until by the tree they found a man
They wondered if he was friend or foe
He looked so bright from head to toe.

Both drew back when he chuckled Ho Ho
For that was a sound they did not know
Then he reached down and patted each head
And told the Corgis to go back to bed.

Then under the tree he placed with care
All sorts of treats for the Corgis to share
Balls and squeakys and rawhides to chew
Cookies and candies and other treats too.

There was so much fun when morning came
They jumped for joy and played happy games
Never before had they known such a day
CHRISTMAS FOR CORGIS . . . why not they both say.

SUBJECT: Proposed new standard for the West Highland White Terrier.

A proposed new standard for the West Highland ite Terrier is published hereunder. This proposed new ndard will be considered by the Board of Directors of Canadian Kennel Club. Persons and clubs having an erest in the proposed standard are invited to submit r comments for the consideration of the Breed Stands Committee and the Board of Directors, all such ns to be addressed to: The Secretary, The Canadian nel Club, 111 Eglinton Ave. E., Toronto, Ont. so as to ceived not later than February 1, 1974. When writ- please refer to File 7 R 10.

OPOSED STANDARD FOR THE WEST HIGHLAND WHITE TERRIER IN CANADA

ORIGIN AND PURPOSE—The "Westie" or "Highander" as he is sometimes called is a smallish dog stemming from the basic branch of the Terrier family. He has great agility and is quick in movement with tremendous stamina and courage, attributes which he needed as a hunter of fox and otter in his native Scotland, where rocks and crags and generally rough terrain made ease and quickness of movement vital. By selection and interbreeding, the white colour was purposely bred so that the dog could be easily distinguished from his foe during the hunt, while his double coat gave necessary protection against the teeth of his foe and the climate. The West Highlander is not an argumentative terrier but is a plucky individual who will not back down and who will stand against a larger animal in matters of moral rights; yet he is fun loving and a devoted companion.

GENERAL APPEARANCE of the West Highland White Terrier is that of a small, game, well-balanced hardy-looking Terrier exhibiting good showmanship, possessed with no small amount of self-esteem, strongly built, deep in chest and back ribs, straight back and powerful hindquarters on muscular legs, and exhibiting in marked degree a great combination of strength and activity. The coat should be about two inches long, white in colour, hard, with plenty of soft undercoat. The dog should be neatly presented. The ruff of hair around the head should act as a frame for the face to yield a typical Westie expression.

TEMPERAMENT—Must be alert, gay, courageous and self-reliant, and friendly.

Faults: Excess timidity or excess pugnacity.

SIZE—Dogs should measure 11 inches at the withers, bitches 1 inch less.

Faults: Any specimens as much as one inch over or under the height standard are very objectionable.

COAT AND COLOUR

(a) COAT: Very important, and seldom seen to perfection, must be double-coated. The outer coat consists of straight, hard hair, at least two inches long on the body of mature dogs, with proper blending of the shorter coat on neck and shoulders.

Faults: Any silkiness or tendency to curl is a serious fault, as is an open or single coat.

(b) COLOUR AND PIGMENTATION: Coat must be white, as defined by the breed's name. Nose must be black. Black pigmentation is most desirable on lips, eye-rims, pads of feet, nails and skin.

Faults: Any coat colour other than white and nose colour other than black are serious faults.

SKULL—Should be fairly broad, being in proportion to the powerful jaw, not too long, slightly domed, and gradually tapering to the eyes. There should be a defined stop, eyebrows heavy.

Faults: A too long or too narrow skull.

MUZZLE—Should be slightly shorter than the skull, powerful and gradually tapering to the nose, which should be large. The jaws should be level and powerful, the teeth well set and large for the size of the dog. There shall be six incisor teeth between the canines of both lower and upper jaws. A tight scissors bite with upper incisors slightly overlapping the lower incisors or level mouth are equally acceptable.

Faults: Muzzle longer than skull. Teeth much undershot or overshot are a serious fault as are teeth defective or missing.

EYES—Widely set apart, medium in size, dark in colour, slightly sunk in the head, sharp and intelligent. Looking from under heavy eyebrows, they give a piercing look.

Faults: Too small, too full or light-coloured eyes are very objectionable.

EARS—Small, carried tightly erect, set wide apart and terminating in a sharp point. They must never be clipped. The hair on the ears should be short, smooth and velvety. Ears should be free of fringe at the tips.

Faults: Round-pointed, drop, broad and large ears are very objectionable, as are mule-ears, ears set too closely together or not held tightly erect.

NECK—Should be sufficiently long to allow the proper set-on of head required, muscular and gradually thickening towards the base, allowing the neck to merge into nicely sloping shoulders.

Faults: Short neck or too long neck, thus upsetting the overall balance.

FOREQUARTERS—Forelegs should be muscular and relatively short, but with sufficient length to set the dog up so as not to be too close to the ground. Height from the highest point of the withers to the ground should be approximately equal to the length from withers to set-on of tail; height from elbow to withers and elbow to the ground should be approximately equal. The shoulder-blades should be well laid back and well-knit at the backbone. The chest should be relatively broad and the front legs spaced apart accordingly. The front legs should be set in under the shoulder blades with definite body overhang before them, and should be reasonably straight and covered with short, hard hair. The forefeet are larger than the hind ones, are round, proportionate in size, and strong; thickly padded, and covered with short, hard hair; they may properly be turned out a slight amount.

Faults: Steep shoulders, loaded shoulders, or out at the elbows. Too light bone. A "fiddlefront" is a serious fault.

12. CHEST AND BODY—Chest very deep and extending at least to the elbows with breadth in proportion to the size of the dog. Body compact and of good substance, level back, ribs deep, and well-arched in the upper half of rib, presenting a flattish side appearance; loins broad and strong, hindquarters strong, muscular, and wide across the top.
    Faults: Shallow chest, long or weak back, barrel ribs, high rump.
13. HINDQUARTERS—Should be muscular, the hind legs relatively short and sinewy, the thighs very muscular, well angulated, and not set wide apart. The hocks well bent and parallel viewed from the rear. The hindfeet are smaller than the forefeet, and thickly padded.

Faults: Too light bone, Cowhocks, weak hocks, lack of angulation.
of angulation.

14. TAIL—Relatively short, when standing erect it should be approximately level with the top of the skull thus maintaining a balanced appearance. It should be covered with hard hairs, no feather, as straight as possible, carried gaily but not curled over the back. The tail should be set on high enough so that the spine does not slope down to it. The tail must never be docked.
    Faults: Tail set too low; tail too long or carried at half mast or over back.
15. MOVEMENT—Should be free, straight and easy all around. In front, the leg should be freely extended forward by the shoulder. The hind movement should be free, strong and fairly close. The hocks should be freely flexed and drawn close under the body; so that when moving off the foot the body is thrown or pushed forward with some force.
    Faults: Stiff, stilted or too wide movement behind. Lack of reach in front, and/or drive behind.

SUMMARY OF FAULTS: Excess timidity or excess pugnacity; any specimens as much as one inch over or under height standard; silky or curling coat, open or single coat; any coat colour other than white, or nose colour other than black; skull too long or too narrow; muzzle longer than skull; undershot or overshot bite, missing or defective teeth; eyes too small, too full or light-coloured; ears round-pointed, drop, broad and large, mule-ears, ears set too close, or not held tightly erect; neck too short or too long; steep shoulders, loaded shoulders, cut at elbows, too light bone in forelegs, fiddle-front; shallow chest; long or weak back, barrel ribs, high rump; cowhocks, weak hocks, too light bone in hind legs, lack of angulation; tail set too low, tail too long, carried at half-mast or over back; stiff stilted movement, too wide movement behind, lack of reach in front and/or drive behind.

(2) for 13" dogs and 15" bitches at least 50 points;
(3) for 13" bitches and 15" dogs at least 75 points.
Notwithstanding that any Beagle that has obtained points in a Licensed Field Trial for Beagles prior to January 1, 1974, may be awarded its Canadian Field Trial Championship in accordance with the regulations in effect at that time.

(3) Chapter 13, Rule 13, Section 5, has been amended to read as follows:

Notwithstanding the above, any person in good standing with The Canadian Kennel Club may be used as a substitute or additional judge, in an emergency, should the occasion present itself. The Canadian Kennel Club shall be promptly notified of additional or substitute judges officiating.

(7) The Field Trial Rules and Regulations (Beagles) has been amended by the addition of the following:
CHAPTER 13A
STANDARD PROCEDURE FOR BEAGLE FIELD TRIALS RUN IN SMALL PACK ON RABBIT OR HARE

PROCEDURE (1) DRAWING, MARKING, AND RUNNING.

SECTION 1
All of the procedures governing beagle field trials run in braces, or large packs shall, to the extent that they are applicable and not conflict with the following procedures, also govern Beagle field trials run in small packs on rabbit.
SECTION 2
The hounds shall be numbered consecutively as entered starting with number (1.) one; in no case shall a letter of the number zero (0) be used.
Hounds to be identified by either one of the following methods—
(a) Each hound shall have its number painted on both its sides with a durable paint, the figures to be at least 3½" high and clearly visible.
(b) Each hound as it is drawn or arranged by numerical order in packs, shall be given a color. This colour denotes the colour of the collar the hound must wear while running in its pack. This collar to be made of leather at least ⅝" wide and coloured the full length of the collar. The collar to be supplied by the club conducting the Trial, in the following colours—Red, Green, Yellow, Orange, Blue, Purple, and Grey.
The Field Trial Secretary and his assistant, if any, shall be the only persons to record each number against the name of the corresponding hound. These numbers shall be used in the drawing and running of the packs, and the names of the hounds must not be used.
The method of identification of the hounds, to be contained in the premium list and all advertisements for the Trial.
SECTION 3
The field trial committee shall decide how the class will be divided in first and subsequent series, the number of packs, and the number of hounds in each pack.
The packs in first and subsequent series shall consist of four or five hounds, except when the class is composed of six, seven or eleven hounds.
When there are eleven hounds, they shall be divided into two packs of five and six.
When there are six or seven hounds, they shall be run as one pack. The packs shall be drawn for in first and second series. The hounds shall be run in packs as drawn regardless of ownership, and the packs must be run in order drawn. In third and subsequent series the hounds shall be arranged in packs in numerical order.
SECTION 4
The hounds shall be cast to search for game in first and subsequent series. Handlers will control the hounds in the search for game and will get the hounds in the pack, when game is started.
After game is started handlers will have five minutes in which to get hounds in the pack, unless one or more hounds are running another rabbit.
In such cases the roving marshal will instruct, advise and assist the handlers in getting the hounds running together in one pack.
SECTION 5.
In each pack the hounds that are to be considered for running in the next series must run at least 20 minutes on game. The Judges may run any pack for as long a time as they deem necessary in order to select the best hounds.
SECTION 6.
This procedure shall apply to all packs and to all series except the winners' pack.
Judges may select all, any, or none of the hounds from each pack for further running. At any time during the running of a pack the Judges shall order up any faulty hound that is interfering with the smooth running of the pack and shall also order up any hound whose performance does not merit further consideration. Hounds to be eliminated shall be ordered up one or two at a time until only those to be considered for subsequent series remain in the pack.
If there appear to be no worthy hounds in the pack they shall be gradually eliminated by ordering up the most faulty hounds as such are determined one or two at a time down to the last hound, if necessary, to make sure no worthy hound is overlooked before the entire pack is eliminated.
SECTION 7
When the Judges have seen enough and a pack is ordered up they shall announce which hounds, if any, may be considered for next series. After the running of all packs in each series, the Judges shall submit to the roving marshal of field trial, a list of the numbers of the hounds to be called back for the next series.
SECTION 8
Hounds selected for succeeding series shall not be rated but shall enter each series equally rated.
SECTION 9
When the class has been reduced to from five to seven hounds by running sufficient series to accomplish this end, the remaining hounds shall be run as a pack and will be known as the (Winner's Pack).
Hounds in the Winner's Pack that are to be placed must be run at least 30 minutes on game, and as long thereafter as the Judges deem necessary in order to place the hounds.
The four place hounds must be run as a pack with fourth and third place hounds being picked up as their respective places are determined.
The second and first place hounds must be run as a brace until the Judges are able to determine their respective places.
SECTION 10
Judges. Of the two judges one is to be C.K.C. approved for Brace, and the other is to be C.K.C. approved for Pack.

PROPOSED NEW STANDARD FOR THE VIZSLA (SMOOTH)

A proposed new standard for the Vizsla is published hereunder. This proposed new standard will be considered by the Board of Directors of The Canadian Kennel Club. Persons and clubs having an interest in the proposed standard are invited to submit their comments for the consideration of the Breed Standards Committee and the Board of Directors, all such letters to be addressed to: The Canadian Kennel Club, 111 Eglinton Ave. E., Toronto, Ontario. M4P 1H9, so as to be received not later than March 31, 1974. When writing please refer to file 7 R 10.

1. ORIGIN OF BREED—The Vizsla (pronounced as if spelled VIZH-LA) is of Hungarian origin, where various records indicate its history as going back many centuries. It was the companion hunting dog of the early warlords and landed aristocracy who used it for general purpose hunting. It was known in Hungary as the "Yellow" Pointer. In North America it is used primarily as an upland bird dog, where its excellent scenting and retrieving characteristics have been widely acclaimed. It is a strong swimmer and also retrieves well from water.

2. GENERAL APPEARANCE—The Vizsla is a short-haired, medium-sized sporting dog. It conveys the impression of an alert, muscular, well-balanced animal with a distinctive and aristocratic appearance.

3. TEMPERAMENT—The Vizsla is intelligent, calm, obedient, and easy to train. It is a sensitive dog which becomes attached to its owner and develops a strong but not overly aggressive protective instinct. In the field, the Vizsla is an eager, happy hunter which is at home on land and in the water.

4. SIZE—The standard size, measured at the withers, for the Vizsla is 23" for males, and 22" for females. A dog of good bone and substance in this size range shall weight from 50 lbs. to 65 lbs. A bitch weighs about 10 lbs. less. The length to height ratio should be approximately 1:1.

5. COAT AND COLOUR—The hair of the Vizsla should be short and dense and should lie close to the skin. Each hair should be thick and elastic and the coat should have a glossy sheen.

The correct colour is a golden-rust, sometimes described as the golden colour of the crust bread. In some strains slightly lighter or darker shades may predominate. A white mark on the chest under 2" diameter is permissible but not desirable.

6. HEAD

a) SKULL—Should convey an impression of being lean and muscular, with a median line down the forehead. The top line of the skull should be straight. The skull tends to be comparatively narrow in relation to its length, with that of the male being slightly wider. The occiput is slightly visible. The stop should be slight and sloping rather than abrupt.
b) MUZZLE—The muzzle should be approximately the same length as the skull. It should be narrow, end squarely, and have clean straight lines.
c) NOSE—The solid colour should match the coat but may be slightly darker. The nostrils should be moderate in width.
d) MOUTH—The jaws should be strong and well developed teeth meeting in a scissor or even bite. The lips should be smooth and well developed and cover the teeth tightly. The lips extend in a level line ¾ of the length of the muzzle.
e) EYES—They should be almond-shaped, bright and intelligent in appearance. The colour is in harmony with or darker than the colour of the coat; they should be moderately deep set. The eyelids close neatly and cleanly with no overlap. The nictitating membrane should not be overly exposed.
f) EARS—The ears should be thin, silky and moderately tapered with rounded ends. They should just meet under the jaw, or reach to the corner of the mouth, but should not extend as far as the canine teeth. They should be set about ½" below the level of the skull and hang close to the cheeks.

7. NECK—The neck should be of medium length in proportion to the body. It must be well muscled, with a definite arch at the nape and widened to blend smoothly into the forequarters. The skin of the neck should be smooth and tight.

8. FOREQUARTERS

a) SHOULDERS—The shoulder blade should be of medium length and must be tightly held in place. The angle formed by the shoulder blade (scapula) and the humerus should be approximately 90°. The musculature should be firm, smooth and clearly defined.
b) UPPER-ARM (HUMERUS)—The bone structure should be heavy, smooth and well covered by strong firm muscles. The skin should be firm, pliable and smooth. The upper-arm should be equal in length to the shoulder blade (scapula).
c) LOWER-ARM (Radius and Ulna)—Strong big bones with good muscles. The legs should be straight whether viewed from the front or side. The angle at the elbow joint should be approximately 135°.
d) PASTERNS—The angle that the pastern makes with the lower leg should be nearly straight (about 175°-180°).
e) PAWS—The paws should be cat-like with tightly closed toes and big rough pads. The feet should be webbed. The nails should be short, firm and well-curved, and their colour should be similar to that of the eyes, nose and coat. Dew claws should be removed.

9. BODY

a) TOPLINE—The topline should be broad and smooth and is slightly arched over the loin and croup to the base of the tail; there is a slight depression at the juncture of the withers and the back.
b) CHEST—The chest should be deep reaching down to the elbows and moderately broad. A cross-section of the chest is oval with well sprung ribs, narrowing between the elbows to permit free and easy leg movement. Width of the chest between the forelegs is at least 6" for a male and 5" for a bitch.
c) LOIN—It should be broad, strong and well muscled.
d) CROUP—It should be heavily muscled and smoothly rounded to the base of the tail.
e) ABDOMEN—The abdomen should be trim and neat with a moderate "tuck-up".

10. HINDQUARTERS

a) HIPBONE (Pelvis)—This is the framework which forms the basic support for the hind legs. These pelvic bones should be wide and strong. The musculature attaching to these bones should be very well developed and gives strength to the hindquarters.
b) UPPER THIGH (Femur)—This bone should be heavy, straight, round and smooth. Muscle attachments should be very powerful, broad and evenly distributed. The angle at the hip joint should be 90°.
c) LOWER THIGH (Tibia and Fibula)—Should be well muscled. These bones should be longer than the femur. The angle at the stifle joint should be 110°-120°.
d) HOCKS—The angle at the hock joint should be from 125° to 130°.
e) PAWS—Same as the front.

11. TAIL—The tail set is lower than on the other continental pointing breeds. In motion it is carried outstretched, at or above the horizontal level. A portion is docked, approximately 1/3, so that the tip of the shortened tail is level with the juncture of the upper and lower thigh. It should be thicker at the base than at the tip.

12. GAIT—Viewed from the front, the dog's legs should appear to swing forward in a free and easy manner, with no tendency for the feet to cross over or swing wide. Viewed from the rear the gait should be true-tracking. The topline is level when the dog is in motion, while the head is carried high and the tail "flags" constantly at the proper level.

13. FAULTS

a) Very nervous dogs should be heavily penalized
b) Very dark or very light colour coat
c) Hare feet
d) Light yellow, green, blue or "Pop" eyes
e) Throatiness
f) Dogs 10 lbs over or under the standard weight
g) Dew claws not removed
h) Roached, hollow or camel backs
i) Too steep a croup
j) Undershot or overshot bites

14. DISQUALIFICATIONS

a) A dog 2" or more over or under the standard height.
b) White markings over 2" on the chest or white markings anywhere else other than the chest.

NOTE 1 — In American Cocker Spaniels the dogs awarded Best of Variety shall compete for Best of Breed.

NOTE 2 — In Beagles the dogs awarded Best of Winners (or Winners in any height division where only one sex represented) and any Beagles entered for "Specials Only" shall compete for Best of Breed.

(j) BEST OF OPPOSITE SEX — In any breed where the sex opposite to BEST OF BREED is represented by one or more dogs in competition there shall be a BEST OF OPPOSITE SEX award. (k) BEST CANADIAN-BRED IN BREED — There shall be a selection of BEST CANADIAN-BRED in each breed following the selection of BEST OF BREED. If Best of Breed is Canadian-bred, this dog shall automatically be Best Canadian-bred in Breed. Where the dog awarded Best of Breed is not Canadian-bred, those Canadian-bred dogs in the breed which have not been defeated, directly or indirectly, at the show by any other Canadian-bred dog shall be brought before the judge so that he may select Best Canadian-bred in that Breed.

In Section 3. delete (k).

(l) BEST OF OPPOSITE SEX TO BEST CANADIAN-BRED IN BREED — Provided appropriate notice of this award is given in the premium list of its show a specialty club may arrange for this award to be made at its specialty show. Competition for this award is limited to those Canadian-bred dogs, of the opposite sex to Best Canadian-bred in Breed, which have not been directly or indirectly defeated by a Canadian-bred of the same sex in any breed class or for any breed award at the show. Nothwithstanding the provisions of sub-section (a) of this Section, this award shall not be made at all-breed shows, although the provisions of said sub-section (a) shall otherwise apply at those shows at which the award is to be made.

No prize may be accepted or offered by any show-giving club except those listed in the list of prizes approved by The Canadian Kennel Club, nor may any be withdrawn, or conditions thereof changed after such approval has been given.

Prizes must be offered to be won outright at the show and to be awarded automatically, except that challenge trophies or other prizes which cannot be won outright at a single show may be offered if approved by The Canadian Kennel Club. All prizes must meet requirements laid down, from time to time, by the Board of Directors.

Chapter 7

ELIGIBILITY FOR APPROVAL TO JUDGE

SECTION 1. The Board of Directors is empowered to do any or all of the following from time to time as it deems advisable:

(a) prescribe and enforce regulations, policies and procedures with a view to determining the qualifications of those wishing to establish eligibility to judge at championship shows held under these rules;

(b) fix policies and requirements applicable to residents of other countries selected to judge at a championship show held under these rules;

(c) prescribe requirements for the testing of judges who are the subject of complaints;

(d) prescribe and communicate to judges, a Code of Ethics, any violation of which may subject the judge to the loss of any or all of his judging privileges;

(e) take such other action as the Board may deem necessary from time to time with a view to ensuring an adequate supply of competent judges.

SECTION 2. Residents of Canada who established eligibility to judge under the provisions of Chapter 7 of these rules which were in effect immediately prior to the enactment of this Chapter shall, subject to the foregoing, continue to be eligible for the breeds and awards for which eligibility was established under the previous Chapter 7.

Chapter 8

SELECTION OF JUDGES

SECTION 1

(a) After a club or association has been granted permission by The Canadian Kennel Club to hold a show under these Rules it must forward to The Canadian Kennel Club, at least three months before its show, a list setting forth the names and addresses of the persons which it has selected to judge at its show, giving in each instance the particular breed or breeds, and awards which it is proposing each person listed shall pass upon or make.

When the list referred to in this section reaches The Canadian Kennel Club less than three months in advance of the show there is an automatic penality of $2.00 per day for each day's delay. Such penalty will be assessed when the list is returned to the show-giving club, and the penalty must be remitted to The Canadian Kennel Club within thirty days.

(b) Where the list referred to in (a) does not include, as a proposed judge, the name of any person ineligible to judge, any of the breeds and awards listed for proposed judge, the show-giving club will be informed that The Canadian Kennel Club has noted its selection of judges, and the show-giving club will then confirm its judging arrangements with the listed judges, and may proceed to announce its selected judges.

Where, however, The Canadian Kennel Club, upon receipt of the list referred to in (a) notifies the show-giving club that one or more of its proposed judges is not eligible to judge any or all of the breeds and awards listed on its submitted list, then the show-giving club must make such other arrangements as may be necessary to complete its list of judges, and must again submit its list of proposed judges to The Canadian Kennel Club until it is notified that its list of proposed judges, in its entirety, has been "Noted" by The Canadian Kennel Club.

(c) The show-giving club must not advertise, or otherwise announce, the name of any selected judge until its entire list has complied with the requirements of (a) and (b) of this Section.

SECTION 2. The show-giving club shall not add to or subtract from the number of breeds which a selected judge has agreed to pass upon without first notifying said judge and obtaining his consent in writing to the contemplated change in his assigned breeds, and the judge when so notified may refuse to judge any breeds added to his original assignment.

SECTION 3. A show-giving club which is notified at any time prior to one week before the opening day of its show that an advertised judge will not for any reason, fulfill his engagement to judge, shall substitute a judge but before confirming arrangements with the judge and announcing the substitution must secure from The Canadian Kennel Club advice as to whether or not its proposed substitute is eligible to judge. If advised by The Canadian Kennel Club that the proposed substitute judge is eligible to judge, it shall then notify those who entered dogs,

Delete Section 7.

Amend this chapter where necessary to return to prior practice of approval of judges rather than merely the CKC "noting" judges selected by a show-giving club.

At an "Examined Show" the veterinarian must indicate on the identification card of each dog after examination, a certification of such examination, and no dog shall be considered officially admitted until this certificate is so attached. Any exhibitor must show the identification card of his dog to the steward upon entering the ring if requested to do so, by any competing exhibitor, and if the said card shall not contain the certification of the veterinarian the steward shall see to it that the said dog is removed from the show and the Show Superintendent shall within ten days after the show report all such cases to The Canadian Kennel Club. When appealed to by a judge or when giving an opinion on a protest to the show committee, he shall immediately render his decision in writing. The exhibitor shall be subject to disciplinary action if his dog enters a show without veterinary inspection.

Where, in the opinion of the official veterinarian inspecting the dogs before entry into a show building, a dog has distemper, other communicable disease, or any condition which is considered, by the official veterinarian, to be prejudicial to the health of dogs entering the show, he shall reject the entry of the dog and report such rejection to the Show Superintendent who shall following the show, report such rejection to The Canadian Kennel Club. The person presenting the dog for veterinary inspection, when advised by the official veterinarian that the dog has been rejected shall at once remove the dog

Delete Section 17 (Already covered in Section 5 of Chapter 17.)

Add as a new Section 18 the policies set by the Board prohibiting a judge from handling dogs which are not his sole property or the property of his immediate family.

Add a new Section 19 along the following lines:
"The CKC will issue 'Guidelines for Dog Show Judges', and any violation of these guidelines shall be considered a violation of these Dog Show Rules and subject the offending judge to disciplinary action."

Add a new Section 20 along the following lines:
"A judge must have a full working knowledge of the English or French languages and there shall not be an interpreter in the judging ring."

Add a provision that the Board may require that any person wishing to act as a superintendent must take and pass a written examination.

Add a provision that the Board of Directors may prescribe the duties and powers of a show superintendent.

Make changes along the same lines as proposed for show superintendents.

Add a new paragraph reading as follows: "When two or more judging rings are in operation simultaneously there must be at least one qualified ring steward for each ring."

Delete all but Section 1 of this Chapter.

rom the show premises. No claim may be made against the official veterinarian, the show-giving club or any official, for such rejection, nor may entry fees be refunded.

SECTION 6. At an "Examined Show" the veterinarian shall sign every identification card after examining the dog or dogs covered by the identification card. Veterinarians also shall be furnished with a handy receptacle, containing a proper disinfectant for use after handling each dog.

A veterinarian who desires a dog's mouth to be opened may request the owner or person in charge to open it.

SECTION 7. At an "Examined Show" any person who takes any dog into a dog show without official veterinary inspection as above described, or who takes a dog into a show that has been rejected by the official veterinarian or exposed to any dog suffering from any contagious disease within thirty days prior to the show shall be subject to disciplinary action by the Board of Directors.

SECTION 8. A report of any infraction of these Rules must be made to the Board of Directors of The Canadian Kennel Club within ten days after the closing of the show.

Chapter 15

PREMIUM LISTS AND ENTRY FORMS

SECTION 1. A standard premium list as authorized by the Board of Directors, must be published by all clubs holding shows under the Dog Show Rules and Regulations. A club or association which has been granted permission to hold a dog show and has obtained the necessary approval of its breed classification, money prizes, special prizes, judges' list, superintendent, show secretary, and veterinarians, and has notified each judge as previously provided for, must next cause standard premium lists and entry forms as authorized by the Board of Directors, to be printed and sent to prospective exhibitors.

SECTION 2. Before a premium list is distributed, two copies of the entire premium list (except advertising) must be forwarded to The Canadian Kennel Club not less than two months in advance of the show. The Secretary of The Canadian Kennel Club will return one of said copies stating that the same has been approved or with any necessary alterations that must be made. This endorsement or approval must appear at the head of the classification in the premium list, and no change other than those ordered by The Canadian Kennel Club, can be made after such official endorsement has been given without the written consent of The Canadian Kennel Club.

SECTION 3. Premium lists and entry forms shall be of such size, in such form and contain such information as prescribed by The Canadian Kennel Club.

SECTION 4. Two copies of the premium list and entry form, when printed, must be sent to The Canadian Kennel Club at the time of distribution to prospective exhibitors.

SECTION 5. No specials may be accepted or offered by any show-giving club unless they have been published in the premium list of the show, nor may any be withdrawn or the conditions thereof changed after they have been published in the premium list.

SECTION 6. Every premium list shall specify the date on which the entries for a show shall close.

SECTION 7. The order of breed and group judging at a championship show shall be at the discretion of the club holding the show, however, it is anticipated that over a series of its shows the show-giving club will rotate the order of breed and group judging so as to give the same favourable consideration, from the point of view of early judging, to each group, and where the Board notes that a show-giving club is not proceeding as anticipated by this rule it shall have the power, for such time as it deems advisable, to instruct the show-giving club so in default as to the order of breed and group judging at its shows.

Chapter 16

ENTRIES AND ENTRY FEES

SECTION 1. Every dog entered in Championship or Specialty Championship Shows held under these rules, except only those breeds designated by the Board as being eligible to compete in the Miscellaneous Class, must be registered or eligible for registration in the Stud Book of The Canadian Kennel Club. The following must appear on the entry form: Name of breed, name of dog, Canadian Kennel Club registration number if registered in Canadian Kennel Club Stud Book, colour or colours of dog, name of breeder, place and date of birth, name of sire, name of dam, class or classes in which dog is entered, name and complete address of owner of the dog, signature of the owner or signature of his authorized agent, name of handler if the dog is not to be shown by owner or member of his immediate family. If the dog is being held under lease the name of the lessee shall be given instead of the name of the registered owner. If the puppy class is divided by age, then the age classification must be clearly stated. If the class in which the dog is entered is divided by height, colour or weight, then proper height, weight or colour division must be clearly stated. If any part of the required information or signatures is not furnished, such failure will automatically mean the cancellation of any wins made to a dog not properly entered as required by these rules. Every entry form must be signed by the owner or his authorized agent, and in the case of telegraph entries the entry forms must be signed by the owners or their authorized agents not less than one hour after judging of the show commences. Under no consideration can telephone entries be accepted.

The Board shall have the power to advise a person entering a dog at a show held under the Club's rules that he may no longer include in the name of a dog any name which, in the opinion of the Board, infringes on the rights of any person, partnership or company whose kennel name has been registered by the Club, or where, in the opinion of the Board, such name is considered to be similar to a kennel name registered with any other national kennel club with whom the Club has working arrangements with regard to mutual protection of registered kennel names.

If, where a person has been advised that he may no longer include a particular name in the name of a dog and said person continues to enter a dog at shows held under the Club's rules with such name included, then the Board shall have the power to cancel all awards, prizes, and championship points earned by said dog at shows held after the original advice was communicated to the owner of said dog.

SECTION 2. If a dog is not registered individually in the Canadian Kennel Club Stud Book, it may be entered at a show, held under these Rules, as a 'listed' dog, provided:

Delete Section 2 in its entirety.

Amend Section 3 to read along the following lines:
"Premium lists shall contain such information as prescribed by the CKC. Entry forms shall be of such size, in such form and contain such information as prescribed by the CKC.

In Section 1 where it stipulates the information required on an entry form, add a requirement that the sex of the dog must be stated. (Not required at present in Section 1.)

Add the following to Section 1: "A show-giving club must reject an incomplete entry form, and promptly return it to the designated owner or his authorized agent."

At the end of the last sentence in the first paragraph of Section 1, add the words "by the show secretary".

At the end of Section 1 add a new statement along the following lines:
"After entries close the entry forms shall be made available for inspection by a Director or Dog Show Representative of the CKC if he or she so requests."

(a) if born in Canada, that the litter of which it is a part or the whole has actually been registered in accordance with the provisions of Article XXIX of the Club's By-laws;
(b) if not born in Canada, that it is eligible for individual registration in accordance with the provisions of Article XXVIII of the Club's By-laws;
(c) that it is one of the breeds designated by the Board as being eligible to compete in the Miscellaneous Class.

The entry of a 'listed' dog at a show held under these Rules (Sanction matches excluded) must be accompanied by a listing fee of $1.00, and all listing fees must be remitted, by the club or association holding the show, to The Canadian Kennel Club within ten days after the show.

Except in the case of dogs entered in the Miscellaneous Class, The Canadian Kennel Club shall have the right, at any time, to require the owner of a "listed" dog to submit proof of the dog's eligibility for registration in the Club's Stud Book, and if the Board of Directors is satisfied that the dog is not eligible for registration in the Club's Stud Book, it shall have the right to order the cancellation of all wins, championship points, and prizes earned by the dog under these Dog Show Rules. By failing to comply with the Board's order to return ribbons and/or prizes to the clubs or associations concerned the owner of the dog automatically renders himself ineligible in any competition approved by the Club.

SECTION 3. Entries shall not be received less than ten days prior to the first day of the show, and a club accepting any entry after that date shall be subjected to a fine not less than $10.00 for each entry so accepted. No dogs, except those brought to a show for other than competitive purposes, shall be allowed to compete at a show unless its entry fee has been paid, and any wins made by any dog whose entry fee has not been paid are subject to cancellation if so ordered by the Board of Directors. Entry fees shall not be considered paid unless they accompany the entry form.

SECTION 4. Telegram entries must give the same information required by Section 1 of this Chapter.

SECTION 5. Every entry must be printed in the catalogue, errors or omissions on the part of the management or printers excepted. Where an entry is not printed in the catalogue, the show-giving club shall provide proof that said entry was taken before the closing date.

SECTION 6. Every dog entered in a show shall be the property of the person making its entry, and the right to exhibit a dog cannot be transferred. If any entry be made in the name of an agent and the name of the owner be not given, the win of the dog shall be cancelled. If a dog be entered in the name of an association, the name of the association and the names of its signing officers shall appear on the entry form at the time of making such entry.

SECTION 7. No entry shall be received from any person who is not in good standing with The Canadian Kennel Club on the day of the closing of entries nor may an entry be accepted from any person who has failed to pay any fine levied under these Rules. A list of persons not in good standing with The Canadian Kennel Club or who has failed to pay any fine levied under these Rules, shall be supplied to each show-giving club by the Secretary of The Canadian Kennel Club.

SECTION 8. If clerical errors or omissions be made in entering a dog at a show such as the incorrect name of the dog, the registration number of the dog, the name of the breeder, place of birth, or the sire or dam of the dog, or of its date of birth, the exhibitor shall be advised of his or her mistake, and if he or she shall again offend after being so advised, a fine of one dollar ($1.00) shall be imposed for each such offence. Failure to pay any fine levied by The Canadian Kennel Club shall automatically debar said person from entering or exhibiting dogs at subsequent shows held under these rules until the fine has been paid to The Canadian Kennel Club. Owners are responsible for errors in making out entry forms whoever may make such errors.

SECTION 9. Change in the entry of a dog, or cancellation of an entry, is specifically prohibited after the closing date for entries as published in the premium list, nor may any alteration be made on the entry form of a dog after the closing date for entries as published in the premium list. Specifically prohibited is the change of an entry of a dog in a class to "Specials Only" (or "Exhibition Only"), or vice versa, after date of closing of entries as shown in the premium list. Any infraction of this rule shall mean automatic cancellation of any wins made through such alterations.

SECTION 10. The ownership of a registered dog entered in a show must be recorded in the registration files of The Canadian Kennel Club.

A registered dog which has been acquired by some person other than the owner as recorded with The Canadian Kennel Club may be entered in the name of its new owner at any show but application for transfer of ownership must be sent to The Canadian Kennel Club within thirty days after the last day of the show or the winnings of said dog will be cancelled. Any unavoidable delay in meeting the requirements of this rule must be acceptable to The Canadian Kennel Club if any wins made by a dog are to remain recorded.

SECTION 11. If the name of a dog which has been listed with The Canadian Kennel Club and which shall have won a prize at any show subsequently shall be changed, the former name as well as the new name shall be given on the entry form for any subsequent shows and shall be published in the catalogue of such subsequent shows until such time as said dog shall have been awarded a prize in one of the regular official classes of The Canadian Kennel Club under its new name whereupon its former name may be dropped.

SECTION 12. No entry may be made under a kennel name unless the kennel name has been registered with The Canadian Kennel Club. All entries made under a kennel name must be signed by the kennel name followed by the word "registered". An "exhibitor" or "entrant" is the individual, or if a partnership, all the members of the partnership exhibiting or entering in a dog show.

SECTION 13. No dog may be entered at a show held under these rules if it:
(a) Has distemper or other communicable disease;
(b) Has had distemper or other communicable disease unless it has been fully recovered for thirty days;
(c) Is known to have been in contact with distemper or other communicable disease within thirty days of the show;
(d) Has been kennelled on premises on which there existed distemper or other communicable disease within thirty days of the show;
(e) Has been inoculated with distemper virus not less than thirty days previous;
(f) Is known to have been in contact with an animal which has been inoculated, with distemper virus, such contact to have taken place within the period of thirty days before the show.

Any infraction of any part of this section shall subject any exhibitor or agent to disciplinary action by the

In Section 2 change Part A to read:
"If born in Canada of a litter that is eligible for CKC registration"
and change Part B to read:
If not born in Canada is eligible for registreation in the records of the CKC".
and in Part C delete the word "compete" and substitute the words, "be entered"

Add a new paragraph in Section 3 along the following lines:
"Tendering of an NSF cheque in payment of entry fees shall be considered non-payment of entry fees and is an offense punishable by disciplinary action and cancellation of awards."

Amend Section 4 to prohibit telegraphed entries.

Delete Section 8 in its entirety

Amend Section 12 to the effect that no entry may be made in the name of a kennel unless the kennel is incorporated under Federal or Provincial Statute and ownership of the dog in the records of the CKC is in the name of the company.

that dogs are benched as required by this Chapter.

The owner and/or handler of a dog entered in competition and benched at a show held under these Rules shall not be required to file a written protest and pay a protest fee in order to require the Show Superintendent's immediate investigation of an apparent violation of this Section. When, either on his own initiative or as a result of a complaint made orally to him by the owner or handler of a dog entered in competition and benched at a show, the Show Superintendent has reason to believe that a dog participating in the show (and not excused as otherwise provided in this Chapter) is not benched as required, he shall immediately take steps to establish whether the dog is or is not benched as required. If he finds that the dog is not benched and there is no justification for it not being benched, the Show Superintendent shall at once submit a written report to the Bench Show Committee of the show, and the Bench Show Committee shall have the power to automatically disqualify the dog from further competition at the show and, if the dog has already appeared in competition at the show, to cancel all awards, championship points and prizes which the dog may have earned at the show.

The Show Superintendent shall, within ten days after the show, submit a written report to The Canadian Kennel of all proven violations of these benching rules, and on receipt of the Show Superintendent's report the Board of Directors shall have the right, without investigation, to deprive the owner and/or handler of any dog not benched as required of the right to participate in shows and/or trials held under the Rules of The Canadian Kennel Club.

At outdoor shows, either benched or unbenched, adequate facilities must be provided for an indoor, or covered judging ring, in the event of inclement weather.

Only the Show Superintendent may excuse either dogs or exhibitors from the show prior to the official closing thereof, and all permits issued by veterinarians for nonbenching or excusing of dogs from the show must be approved by him before being valid, save that it shall be obligatory for the Show Superintendent to endorse a permit issued by the attending veterinarian for a dog excused because of illness. Where shows are held outdoors without benching a dog may be removed from the show after it has been judged providing it is not eligible for further judging as provided in these rules.

Any dog excused by the Show Superintendent or Show Veterinarian for any reason shall not, after being excused, compete in any class or for any award for the balance of the show. This shall also apply to any dog for which permission is given to be removed from its bench. Any female excused because of being in season shall not be allowed to compete in any class or for any award.

When a dog has been removed from the bench by permission of either the Show Superintendent or the Show Veterinarian, the former shall personally make a notation in the judge's book opposite the number of the dog in question, stating 'Excused through . . .' (the blank to give the reason), and the judge shall thereafter refuse to accept that dog for further competition, even though it be presented before him in the ring. Dogs entered in an Obedience Trial held in conjunction with an All-Breed Show, are subject to all the Rules and Regulations as regards 'Dogs', as laid down in the Dog Show Rules.

SECTION 2. Nothing shall be displayed on the bench or on the cage at a show except the kennel name and address, prize and/or ribbons won by the dog at that show, a sign containing the dog's name and awards won at that show and/or a sign not larger than 11 x 14 inches offering dogs or puppies for sale. No other sign shall be placed at the back of the bench or cage.

SECTION 3. Any dog entered for competition and passed by the official Veterinary Surgeon and benched at any shows held under Canadian Kennel Club rules must compete in every class and for every award for which said dog is entered or eligible, unless said dog is excused on account of sickness or other cause by the official Veterinary Surgeon. If an exhibitor refuses to take his dog into the judging ring when ordered to do so, he shall be subject to disciplinary action by the Board of Directors.

SECTION 4. The Board of Directors is empowered to enact and enforce regulations dealing with the weighing and measuring of dogs at shows.

Pursuant to this Rule the Board of Directors has enacted the following regulations on the weighing and measuring of dogs at shows held under these Dog Show Rules:

PART 1. (a) In any class where there is a limit of weight the person in charge of a dog entered in such class may claim of the Superintendent or Secretary, the right at any time after the opening of the show and before the judging of its class, to have the dog weighed and the result shall be recorded and held good at the time of the judging at the show. The Bench Show Committee must appoint official weighers and judges of colour and markings and provide scales for this purpose.

(b) Where a request is made by a competing handler or exhibitor for a measurement of any Beagle Hound, and the owner or handler cannot produce a Certificate of Measurement covering the hound in question, the measuring shall be done by the use of a metal standard of a type approved by the Field Trial Council and shall be done in the presence of:

1. *The owner or handler of the disputed dog.*
2. *The person registering the request for measuring.*
3. *Three (3) witnesses, one chosen by each owner or handler, and one by the Show Superintendent.*

The result shall be recorded and held good at the time of judging at the show. A report of the height found shall be forwarded to the Secretary of The Canadian Kennel Club.

Notwithstanding condition No. 2 in the foregoing, if the request for measurement is made by the officiating judge, he is not to participate in or be a witness to the measuring of a dog.

(c) Where a request is made, before the judging of the class, by any competing handler or exhibitor at the show or the officiating judge, for the measurement of any dog (except Beagles), the measuring shall be done at a suitable location in the dog show building or premises, by the Show Superintendent by the use of an effective measuring standard and shall be done only in the presence of:

1. *The owner or handler of the disputed dog.*
2. *The person registering the request for measuring.*
3. *One witness to be chosen by the Show Superintendent.*

The result shall be recorded on a form provided by The Canadian Kennel Club, the form shall be signed by the Show Superintendent and shall hold good at the time of judging at the show. Said report shall be forwarded to the Secretary of The

In Section 1, paragraph No. 7, delete the words reading "At outdoor shows, either benched or unbenched, adequate facilities must be provided for an indoor, or covered judging ring, in the event of inclement weather." and substitute the following: If a club holding an outdoor show does not make provision for its judging rings to be under cover in the event of inclement weather, then it must announce that fact in its premium list."

In Section 1, paragraph No. 8 commencing "Only the Show Superintendent may excuse either dogs . . ." change the last sentence to read: "At an unbenched show a dog may be removed from the show after it has been judged except if required by these rules to compete for higher awards."

Change Section 2 to read as follows: "Nothing shall be displayed on the bench or on the cage at a show except the kennel name and address and any ribbons won by the dog at that show. All other signs and displays are at the discretion of the Show Superintendent."

Change Section 3 to read as follows: "Any dog entered for competition and admitted to the show premises must compete in every class in which it is entered and, except as otherwise provided in these rules, must compete for every award for which it is eligible unless excused by the official veterinarian or show superintendent."

Delete Section 4 in its entirety and substitute the following: Section 4. Only if the standard of a breed provides for a disqualification on the grounds of height or weight shall a dog be officially weighed or measured at a show held under these rules and then only if requested by any of the officiating judges judging the dog at the show.

If the officiating judge requests an official measurement or weight determination then the following procedures shall be followed:

(1) The dog will be officially weighed or measured by the show superintendent in the presence of the following:
- (i) the judge who requested the measuring or weighing;
- (ii) the owner or handler of the dog;
- (iii) one witness chosen by the show superintendent.

(2) The show superintendent shall complete the CKC official form showing the weight or height determined and this form shall be handed to the officiating judge who requested it. He shall sign the form and return it to the show superintendent and it shall form part of the show records to be submitted to the CKC;

(3) The judge shall be governed by the results shown on the report.

This rule shall be published in every premium list:

Canadian Kennel Club and shall be prima facie evidence of the height of the dog at that show. The decision of the Show Superintendent shall be final in the determination of height and only hold good at the show at which it was made, and shall in no way determine the eligibility or ineligibility of a dog to be entered at a subsequent show or its measurement at a subsequent show.

The request for measurement may be made by a person exhibiting in a breed other than in the one wherein he has requested a measurement of an entry.

Notwithstanding condition No. 2 in the foregoing, if the request for measurement is made by the officiating judge, he is not to participate in or be a witness to the measuring of a dog.

PART 2. In any breed where classes are divided by weight or colour, any competing exhibitor or handler shall have the right before the judging of the class, to demand the weighing or determination of colour or marking of any dog whose record has not been registered officially. The decision of the Show Superintendent shall be final in the determination of weight. The decision of the judge shall be final in the determination of colour or markings.

SECTION 5. If the catalogue and/or the judge's book of any show shall be in error or by mistake set forth any information contrary to the information which appears on the entry form of the dog for that show, the Superintendent or Secretary of the show, upon request of the owner or handler of said dog prior to the judging, shall correct the entry in the judge's book and in the marked catalogue to be sent to The Canadian Kennel Club, and said dog properly may compete in all classes and for all prizes for which the entry form discloses it was properly entered.

SECTION 6. The Committee of the show shall provide free passes as follows: One exhibitor's ticket must be issued to exhibitor entering one or two dogs; two tickets to those entering three or four dogs; three tickets to those entering five, and one pass for each additional exhibit more than five, enabling such exhibitors to enter the show with their assistants during its continuance. If a show is held in conjunction with fair, exhibition or other activity where an admission fee is charged, the exhibitor's pass must include free entry to the grounds and building in which the dog show is held. Where parking space is available, exhibitors shall be issued passes to admit their vehicles to the grounds.

SECTION 7. Any club or association which shall give a dog show must send out in advance to every exhibitor, an identification card, absentee card and a program showing the time scheduled for the judging of the various breeds, which program shall be adhered to as nearly as possible, and no breed shall be judged prior to the time stated on said program. Identification cards must be in such form, of such size, and contain such information as may be ordered by the Board of Directors.

In Section 7 delete the words "absentee card".

SECTION 8. Absentee cards must be provided to every exhibitor who shall in turn report any absentees. These cards are to be attached on the bench allotted to the absent dog.

Delete Section 8 in its entirety.

SECTION 9. It is recommended that clubs or associations giving dog shows provide two stewards for each ring in order to expedite the prompt disposition of all classes.

No one shall be appointed a steward whose license to judge has been revoked or who has been denied the privileges of The Canadian Kennel Club.

In Section 9 delete second paragraph.

SECTION 10. No person handling a dog in the ring may smoke while doing so.

SECTION 11. Puppies irrespective of the class in which they are entered, need not be brought to a show until the opening of the show on the day on which they are to be judged. They may be permanently removed from a show after the closing hour on the day their classes have been judged, providing they are not eligible for awards yet to be judged.

SECTION 12. A show-giving club is prohibited from permitting the entry of a dog into its show after the stated hour of judging (exception: in an emergency where the show-giving club must provide the C.K.C. with a report and explanation for permitting a dog to enter late and such explanation must be satisfactory to the C.K.C.; if not satisfactory, the show-giving club shall be subject to disciplinary action, and the dog's wins cancelled).

SECTION 13. The Superintendent of the dog show shall supply a large board on which to post a copy of the judge's book, bearing the carbon copy of the judge's signature just as soon as the breed is completed, in order that the exhibitors may mark their catalogues and notice if there are any corrections to be made while the judge, exhibitors and Show Superintendent are all at the show, and in order that errors may be corrected while the incidents are fresh in the minds of all.

SECTION 14. If dogs are not required for groups they may be removed from the show at 9:00 p.m.

Delete Section 14 in its entirety.

SECTION 15. A dog shall not be handled, regardless of whether there is any remuneration, in the show ring by any person who has judged that dog, or any other dog owned by the same person (or kennelled on that person's premises), within one year preceding the show.

Delete Section 15 in its entirety.

SECTION 16. Should it come to the attention of the Show Superintendent that any of the foregoing rules have been infringed, it shall be his duty to immediately take action to correct the situation, by suitably instructing the exhibitor or handler, as the case may be.

It shall not be necessary that the Show Superintendent receive any form of formal protest before enforcing these rules.

Delete Section 16 in its entirety.

SECTION 17. Any person either within or outside the judging ring who does anything calculated to attract or distract or otherwise interfere in any way with the attention or deportment of a dog under judgment, may be disciplined by the Board in whatever way it considers in the best interests of the Club, or the judge may take summary action.

SECTION 18. Any person whose handler's license is under suspension in any country is not eligible, during the period of such suspension, to handle at championship shows held under these rules a dog owned by another person or persons. If this rule is violated the owner of the dog handled by said handler is subject to disciplinary action, including the cancellation of awards and championship points earned by his dog.

Add a new Section reading as follows: "An exhibitor shall not enter into any conversation with the officiating judge in the ring."

SECTION 3. Any club or association giving a dog show must provide in every ring 1st, 2nd, 3rd and 4th placards in order that the judge may place the dogs according to his awards.

SECTION 4. In every case where adequate outdoor exercising space is not provided by the show-giving club, adequate indoor space in the form of separate rings for male and female dogs, shall be provided.

These rings must be of ample size enclosed with adequate protection, the floors being thickly covered with sawdust or other suitable absorbent material, and attendants shall be on hand at all times to dispose of evacuations immediately in a closed receptacle provided for that purpose.

SECTION 5. Floors of judging rings shall have flat, level surfaces and shall be of such nature that secure footing is provided for dogs and exhibitors. Rings must be enclosed and of adequate size for the proper gaiting of all dogs exhibited therein, and to comfortably accommodate the likely maximum number of dogs and exhibitors in the ring at any time. SECTION 13. Judges must be provided with standardized judge's book as authorized by the Board of Directors of The Canadian Kennel Club.

SECTION 14. Judges must be provided with water, towels and disinfectant in the ring at all times.

SECTION 3. If the win of a dog shall be cancelled by The Canadian Kennel Club the exhibitor or entrant of the dog shall return all money or special prizes which have been received for its win to the Secretary of the show-giving club within twenty-one (21) days of the receipt of notice from The Canadian Kennel Club of said cancellation. The show-giving club shall in each instance of failure to comply with this rule notify The Canadian Kennel Club and The Canadian Kennel Club upon receipt of notice shall forthwith suspend the exhibitor so in default from all privileges of The Canadian Kennel Club and notify the exhibitor so in default that it has done so, and said suspension shall continue until The Canadian Kennel Club is notified that restitution has been made.

SECTION 4. The disqualification of an owner shall apply to all dogs owned by him or her connected with the perpetration of a fraudulent act. The Board of Directors is, however, empowered to use such discretion in the enforcement of this penalty as shall protect innocent parties.

Chapter 23
PROTESTS

SECTION 1. A protest against a dog may be made by an exhibitor, entrant or any member of The Canadian Kennel Club or of the club holding the show. It shall be in writing, and be lodged with the Secretary of the show-giving club within ten (10) days of the last day of the show unless the same be made to The Canadian Kennel Club, provided, however, that a protest calling for a decision as to the physical condition of a dog which can be determined only by the Veterinarian or at the time of the showing shall be made before the closing of the show.

No protest will be entertained unless accompanied by a deposit of five ($5.00) dollars, which will be returned if the protest is sustained. This does not apply to protests by The Canadian Kennel Club, nor to a protest made in the ring previous to the rendering of his decision by the judge.

If no appeal is submitted to The Canadian Kennel Club within the time limit prescribed in Section 2 of this Chapter, the Board of Directors may take such action as it deems fit in connection with such protest. Such action may include a reprimand, imposition of a fine and/or cancellation of awards. If other disciplinary action is contemplated by the Board of Directors, such action shall be taken as provided in Article XV of the Club's By-laws.

SECTION 2. An appeal to The Canadian Kennel Club from a decision of a Bench Show Committee where a dog has been protested may be taken and shall be forwarded to The Canadian Kennel Club within ten (10) days of the date on which the decision was rendered together with a deposit of ten ($10.00) dollars. If the decision be sustained the deposit shall be forfeited but if reversed, the deposit shall be returned.

SECTION 3. If a protest is made during the holding of a show the Bench Show Committee shall hold a meeting within fourteen days and give all parties concerned an opportunity to be heard and shall at once render its decision. If a protest is made subsequent to the show it shall be decided by the show-giving club within thirty days of its receipt. Five days' notice of the date and place of hearing shall be given to all parties concerned. Written copies of all decisions on protests shall be forwarded immediately to The Canadian Kennel Club.

Where the Bench Show Committee consists of more than FIVE persons, the President of the show-giving club shall name FIVE members of the Bench Show Committee to act on any protests received by the show-giving club.

SECTION 4. If a show-giving club fails to hear a protest as prescribed above, or, in the opinion of the Board of Directors, improperly handles a protest, the Board of Directors shall have the power to take such action as it deems fit and necessary, and it may at the same time take disciplinary action against the officials of the show-giving club concerned.

SECTION 5. In the event of a protest being filed in accordance with this Chapter, the Show Secretary shall, immediately upon receipt of such protest, and providing the judging is not completed where the dog or dogs concerned in the protest are in competition, request the judge to select reserve numbers so that any prize which would be affected by any disqualification of the protested dog may not fail of being awarded.

Chapter 24
DISCIPLINE

SECTION 1. The Board of Directors shall have the power to take disciplinary action against any club, person, company, partnership or member of The Canadian Kennel Club:

(a) For any act of omission or commission which violates any section or sections of these Dog Show Rules; and/or

(b) For any act, which in the opinion of the Board of Directors, constitutes misconduct of any kind in connection with dogs or dog shows; and/or

(c) If a charge is preferred as provided for in the Constitution or By-laws of The Canadian Kennel Club.

Except as provided in Chapter 23, PROTESTS, disciplinary proceedings shall be as provided in the By-laws of The Canadian Kennel Club.

SECTION 2. After disciplinary proceedings have been taken as provided in Section 1 of this Chapter, the Board of Directors may impose such penalties as it deems fit.

SECTION 3. Any club, member, person, company or partnership failing to pay any fine imposed by the Board of Directors, within thirty days following receipt of notice of a fine, automatically forfeits the right to participate in any show held under these Rules after the expiration of the thirty day period referred to. The right to participate in any dog show, when forfeited, may be restored at any time on order of the Board of Directors.

SECTION 4. At the discretion of the Board of Directors, the suspension of a member, or the denial of privileges to a non-member, may be set on the date on which occurred the act which has resulted in disciplinary action. The Board, at its discretion may order cancelled any or all wins earned by any dogs, owned by a person or persons suspended or denied the privileges of The Canadian Kennel Club when such wins were earned following the date on which occurred the act which has resulted in disciplinary action.

In Section 3 delete the following:
"and The Canadian Kennel Club upon receipt of notice shall forthwith suspend the exhibitor so in default from all privileges of The Canadian Kennel Club and notify the exhibitor so in default that it has done so, and said suspension shall continue until The Canadian Kennel Club is notified that restitution has been made. "and substitute therefor the following: "and The Canadian Kennel Club may take such disciplinary action as it deems advisable."

Delete Section 4 in its entirety.

Delete Chapter 23 in its entirety and substitute the following:

SECTION 1. A protest against a dog may be made by an exhibitor (or the exhibitor's agent) of a dog at the show. It must be in writing on the C.K.C. protest form (or facsimile thereof) and specify the particular section of these Dog Show Rules or breed standard which has been violated. It must be accompanied by a deposit of $10.00 which deposit shall be returned if the protest is sustained, otherwise it is forfeited to the show-giving club.

Except in a situation where, to the satisfaction of The Canadian Kennel Club or the show-giving club, the protestant was not aware of the violation on the day of the show, the protest must be submitted to the Secretary of the show during the course of the show. Subject to the above, a protest may be made direct to the show-giving club within ten days of the last day of the show and must be accompanied by a statutory declaration giving evidence in support of the protest.

SECTION 2. If a protest is made during the holding of a show the show committee shall hold a meeting at once and give all parties concerned an opportunity to be heard and shall at once render its decision.

If a protest is made subsequent to the show it shall be decided by the show committee within thirty days of its receipt. Ten days notice of the date, time and place of the hearing shall be given to all parties concerned (the protestant and the owner of the dog protested) by registered mail.

Where the show committee consists of more than five persons, the president of the show-giving club (or the Show superintendent in his absence) shall name five members of the show committee to act on any protest received by the show-giving club.

A written report of all decisions shall be forwarded immediately to The Canadian Kennel Club.

SECTION 3. An appeal to The Canadian Kennel Club from a decision of a show committee where a dog has been protested may be taken and shall be forwarded to The Canadian Kennel Club within ten days of the date on which the decision was rendered. Such appeal must be accompanied by a deposit of $25.00 which deposit shall be returned if the appeal is sustained, otherwise it is forfeited to the C.K.C.

SECTION 4. If the show-giving club fails to hear a protest as described above, or in the opinion of the Board of Directors improperly handles the protest, the Board of Directors shall have the power to take such action as it seems fit.

SECTION 5. In the event of a protest filed in accordance with this Chapter and a decision being made by the show committee to disqualify the dog protested, the show secretary shall immediately upon receipt of the decision of the show committee, and provided the judging is not complete where the dog concerned in the protest is in competition, request the judge to select reserve numbers so that any prize which would be affected by any disqualification of the protest dog may not fail to be awarded.

Delete Chapter 24 in its entirety and substitute the following:

SECTION 1. A charge against any person, partnership or company participating in a show held under these Rules or against the club holding a show under these Rules may be laid by any other person, partnership or company.

Such charge shall be in writing and accompanied by a deposit of $20.00 which deposit shall be refunded, or declared forfeited, at the discretion of the C.K.C.

Said charge shall be considered only if:
(a) it alleges a violation of any section of these Dog Show Rules which section must be identified in the charge; or(b) it alleges the failure of an officiating judge to judge in accordance with a breed standard approved by the C.K.C.; or
(c) it alleges conduct considered to be prejudicial to the best interests of purebred dogs, dog shows, or the C.K.C., or of the club holding the show, in which event the charge must clearly set out the nature of the alleged conduct.

SECTION 2. If the charge is delivered to the secretary of the show during the show, then the show committee may, at its discretion, conduct a hearing of the charge before the show concludes.

If, however, the show committee decided that a hearing of the charge during the course of the show is not practical or desirable, then it shall hold a hearing of the charge within thirty days after the show in which event written notice of the date, time and place of the hearing of the charge shall be communicated by registered mail to all interested parties.

Following its hearings of a charge the show committee shall submit a report within ten days to the C.K.C. which report shall set out details of the charge, a summary of the evidence taken at the hearing, its findings on the charge, and its recommendation as to possible action by the C.K.C.

Upon receipt of the report of the show committee the C.K.C. will determine what action (if any) the Club will take on the charge. If disciplinary proceedings are contemplated then these shall be taken in accordance with the By-laws of the C.K.C.

SECTION 3. Nothing herein contained shall prohibit the submission of a charge direct to the C.K.C. with deposit of $20.00, or of the C.K.C. itself initiating disciplinary proceedings as a result of any information it may receive from any source.

Insert in Chapter 24 the following:
"Any show-giving club whose all-breed show is not completed by eleven p.m. may be subject to a fine to be set by the CKC."

...GLISH COCKER SPANIEL

...E. (Vem) Whittall, 6226 Summit ... West Vancouver, B.C.—On ...ber 27-28 the Willchris Dog ...ning Club under the able ...ction of their President, Bill ...tinski, held a tracking trial ...r CKC rules in Cloverdale.

...he first day ten dogs passed ...TD test including our Merry... Northern Lights and our Ch. ...rynook English Holly.

...he second day was devoted to ...ole two entrants for TDX—Mrs. Jean Reed's Merrynook Piper TD, handled by herself and our Ch. Peasemore Mary Poppins CD, TD, handled by my wife. Both passed with flying colours, the first English Cockers in North America entitled to add TDX after their name. Contrast in their style was quite remarkable: Piper so eager that he almost pulled his owner off her feet; Poppins a methodical worker, sniffing along contentedly. She is over eight years old and had a litter (her last) in July.

Bill Strutinski and his co-workers are to be congratulated on a most efficiently run trial. We enjoyed being judged by Ian Hall on the Saturday and by Bill himself on the Sunday.

Left to right: Mrs. Jean Reed with Merrynook Piper TDX, judge Bill Strutinski and Mrs. Livia M. Whittall with Ch. Peasemore Mary Poppins CD, TDX.

LABRADOR RETRIEVERS

Margaret Harford, R. R. 2, Uxbridge, Ont.—It was recently the privilege of my husband and I to export a Labrador Retriever pup, Barrymar's Heathcliff. Four and one half-months-old, "Heathcliff" is sired by Barrymar's Lancer (pointed) ex Ch. Barrymar's Cinnamon Girl. He was purchased by the Premier, Sir Edward Richards of Bermuda, a gift from his charming wife Lady Richards. It is sincerely hoped that "Heathcliff" will be a credit to Canadian Labs in all facets of his career.

ALASKAN MALAMUTES

Mary Ann Breen, 78 Willow Point Rd., Winnipeg, Man. R2J 2Y3.—On October 6 I attended the Alaskan Malamute Club of America's first independently held National Specialty in Burbank, Calif. Seeing 167 Malamutes all in one place was something one can never forget!

The Canadian entry at the show was small, most likely due to the great distance. Minnie Graham of Bearpaw Reg., Vancouver, attended with her Veteran Bitch, Ch. Bearpaw Geena (whelped August 9, 1964). Also, in Open Dogs, was Fern Gordon's (Vancouver) Bearpaw Pawnee.

The Tigara line (breeder/originator Dorothy Dillingham) was in the limelight that day taking WD, WB and BW (all five point majors). Best of Breed went to Am. Ch. Lobito's Cougar Cub, owned by Doc and Dawn Woods of California. Canada's No. 2 Mal for 1972, Ch. (Can. & Am.) Toteum's OO-Malik, was exhibited by Dianne Ross. Many fine American champions (and Canadian) were shown and if anyone wants complete results they can feel free to write me. For those A.M.C.A. members, the complete results will appear in the Newsletter.

Sweepstakes judge was Charles Berger, D.V.M., author of "How to Raise and Train an Alaskan Malamute" and breeder of the noted Am. Ch. Zorba of Brigadoon. Breed judge was Mr. Noach Bloomer, breeder and trainer for 38 years.

At the lunch break a weight pull and sledding display was held. Mr. Bloomer was brought back for his afternoon assignment on a dog sled.

Mention must be made of the lovely showgrounds! The ring was exceptionally large and lovely shaded areas were provided for the dogs. The ring itself was marked off at each corner by hand-made papier mache totem poles. The entrance to the ring was also bordered by two large totem poles with outspread wings.

A banquet followed the Specialty at which many lovely door

A Merry Xmas and Prosperous New Year to All My Friends (Doggy & Human) from JEFFREY

Can. & Am. Ch. Draherin Bachelor Boy

Pictured above at Nipissing Kennel Club, North Bay, Ont. where he established a **New Canadian All-breed Best-in-Show** record under well-known Judge, Mr. John Lundberg. Presenting B.I.S. trophy is Club President, Mr. Ken. Ross.

Jeffrey's record to date is 63 All-breed B.I.S., 177 Sporting Group wins and 45 other Group placings.

prizes were raffled. Each guest received a souvenir 'igloo' handmade by the Golden State Alaskan Malamute Club. Guest speaker was Duncan Wright of the American Dog Owners Association who spoke of the many pet shop and puppy mill atrocities being perpetrated throughout the U.S. and how they are fighting them. Although it is a well known fact to all A.M.C.A. members, we were nonetheless shocked at the extent to which our beautiful breed is being used for financial gain!

One sad note, and one which I would hope all Canadian Mal owners will remember despite the distance, was the death of Dave Guider, an A.M.C.A. member, on October 2. Dave was an Oakland police officer and died as the result of his helicopter being shot down by a sniper. His much beloved pet, Valley View's Osito,

won the American Bred Dog Class over an entry of 12 at the specialty. A beautiful win for a beautiful dog and a great tribute to his former master.

BEARDED COLLIES!

Carol Gold, 39 Claxton Blvd., Toronto 10, Ont. What a fantastic weekend it was in Kingston for the Bearded Collie Club of Canada evaluation match! Before I go into it, I've had some questions about the club's reasons for holding a match instead of a specialty or a booster at a point show. The answer is that had the event been a CKC show, our American Beardie fanciers could not have attended. Until the AKC recognizes Beardies, American-bred Bearded Collies and Bearded Collies imported to the United States from a country other than Canada cannot be registered with the CKC and so are not eligible for competition at our shows. So, it had to be a match.

And what an entry! 61 Bearded Collies—the largest entry ever in North America and larger than the entry achieved in the Bearded Collie Club of England show earlier this fall. Exhibitors came from as far away as Halifax and Tucson, Ariz.

It was a delight to see real Beardie temperament on display—not a single Beardie failed to greet every newcomer with friendliness and self confidence. The owners, too, were congenial and talkative.

After the get-togethers on the Friday, everyone arrived at the show on Saturday in good spirits. There were two breeder-judges, Mr. and Mrs. K. Osborne, from England and a tie-breaker referee

, another English breeder, Suzne Moorhouse. The Osbornes ave been in Beardies for almost en years and Miss Moorhouse has een breeding Beardies for close o 20 years. The Osbornes were to udge each class at the same time nd make separate placings. hen, if they disagreed on the first lace in any class, Suzanne Moorouse would break the tie so one og could go on to further competition. Brief critiques were given n the ring. Classes were divided y age and sex only.

Class winners and their owners ere: Male 3-6 months—Raggmopp Devil May Care (R. Fuller); Male 6-9 months—Colbara Brown Brady (F. Cashin); Male 1-2 years —Ch. Misty Shadow of Willowhead (J. Jagersma); Adult Male —Ch. Raggmopp First Lieutenant CD (B. Blake). Best male was Colbara Brown Brady, beating his dad who won the Adult Dog class. He's bred by Barb Blake of Waterdown, Ont., and owned by Fred Cashin of Orono, Ont.

In bitches, the winners were: Female 3-6 months—Raggmopp Dramatic Episode (C. Gold); Female 6-9 months—Dungaree of Bengray (S. Lewis); Female 9-12 months—Osmart Black Magic (V. Parsons); Female 1-2 years—Cannamoor Honey Rose (V. Parsons); Adult Female—Ch. Raggmopp First Affair, CD (I. and J. Leduc).

Best Female and Best In Show was Ch. Raggmopp First Affair CD, bred by Carol Gold of Toronto and owned by Irene and John Leduc of Montreal.

Saturday evening, everyone attended the banquet and panel on Beardies. On the panel were the day's judges and Miss Moorhouse, Tom Davies, President of the Bearded Collie Club of America, and myself. Questions were invited from the floor and the panel dealt with colour, temperament, white Beardies (they aren't permitted by the Standard), H.D., ideal type, etc. The discussion was invigorating and only ended by the restaurant having to close. Undaunted, Beardie enthusiasts gathered in motel rooms and the talk went on into Sunday morning.

It is to be hoped that this is only the first in a long series of international Beardie get-togethers.

It was a delight to have Ruth Savage as an observer at the match. Ruth has just been permitted to judge Beardies and she came down from Ottawa to watch, ask questions of Suzanne Moorhouse and the Osbornes and learn all she could about evaluating the Bearded Collie. We thank her for her interest. Our forthcoming specialty judge, Miss Margaret Thomas, had hoped to be able to join us, but was unfortunately called out of town on business.

NOTES: A neck-and-neck race to achieve the first CDX awarded to a Beardie in North America almost ended in a tie. Fred Cashin finished his third leg with Colbara Black Molly on October 6 and Ron Rose of Truro, N.S., finished Ch. Raggmopp Bellarmine on October 7. Both took five trials to earn the title.

May I take this opportunity to wish everyone in dogs all the joys of the season and the best in the New Year. May all your troubles be little ones and may all your Beardies be bouncing!!

COLLIES/SHELTIES

Ariel Sleeth, well-known breeder, judge, horsewoman and farm owner reports on the cross-country activities of these breeds. Send your news items to her direct. Sovereign Kennels, R.R. 6, Kingston, Ont.—This time of year generates an increase in sales of dogs and high on the list of popular choices are Collies and Shelties.

In the area of breeder-customer relations there often appears misunderstandings and mistrust. In some circumstances, downright misrepresentation by either the breeder or the purchaser. How often have you, as a breeder, been approached by a prospective customer wanting "just a family pet". Of course they would prefer a female, "we'll probably have her spayed." The next step is to find someone with a pet male who will breed their bitch for a puppy. No selection, no knowledge or study of pedigrees, but now said "customer" has become a "breeder".

Then comes the next step, an ad in the local paper, "Registered Collie Puppies, show quality, 6 weeks," followed a short time later with "Must sacrifice, registered Collie puppies, show stock", and then "Wanted—homes for two registered Collies on breeder's terms".

The doggie population explosion is here and deserves the attention of each and everyone of us. In the U.S., the doggie population is three times greater than the human population. It is only reasonable that each of us should cut down the number of litters we are breeding. This in turn will result in overall better quality with only the most important matings being considered.

It is important for all breeders to make use of the CKC Non-Breeding Form no. 201. Our American neighbours envy us this tool. Use this form to register all pet stock, male and female. This also eliminates any misunderstanding in breeder-customer relations regarding how you have evaluated the puppy you are offering for sale.

It is vital that each breeder adopt guidelines regarding the representation and guarantee for the stock they offer. Most problems occur in the selling of dogs for show or breeding. The Lochland Shetland Sheepdog Club sets the following guidelines in grading puppies for their members to follow and I agree with these wholeheartedly.

A. Pet Quality: An animal which is an attractive representative of the breed in type and temperament and character. One which will make friends for my kennel and for Shelties. Anything less than this is a cull and may not be given or sold with papers.

B. Show or Breeding Prospect: An animal that because of BOTH parents, pedigree and its own

quality shows promise of developing those qualities necessary for the show ring.

C. Show Quality: An animal which has already proven his success in breed competition at point shows over adequate competition by taking points or reserve wins.

The show prospect, at three to four months, should be guaranteed against any disqualifying faults in addition to the above requirements and, if a Sheltie, should of course carry a size guarantee.

A puppy must be priced to cover the expense of raising him in the best manner possible or the dedicated breeder will not, for long, be able to afford the luxury of his hobby. The price of show or breeding prospects, at three to four months, should be in accordance to the individual quality. It must be adequate to compensate for the promising pups raised to this age who did not make the grade, puppies who were sold for companion prices after being carefully reared for an additional few months. If the buyers wants the breeder to take the risk out of buying a young puppy, he has to be prepared to pay for the better odds.

Finally, be sure you have the dedication required before embarking on a career in dog breeding. As Jean Jeu (Lingard Shelties) responded, when asked "what is the way in which to start in dogs?" She replied, "Don't, unless you have a weak mind, a strong back and, a fat pocketbook." Or, as my husband puts it (those phone bills again), "I know there is money in dogs—I put it there."

Merry Christmas everyone.

From Guelph, Ont.
News of an eye clinic sponsored by the Dominion Collie and Shetland Sheepdog Association and slated for sometime in December, comes from Mrs. Sandy Brown. At press time, the exact location and date were not available but it was expected to be held in the Oakville area. All Collie and Sheltie fanciers should make an effort to support this clinic by telephoning Sandy, Guelph 824-3483 evenings, to get the exact location and date.

From Dunnville, Ont.
Mr. Gordon Hanna writes a most interesting letter about the improvement he has observed in Shelties since the 40's when he was more active in this breed. He too supports the theory of 13" to 15" bitches and 14" to 16" dogs being more ideal and in fact greatly controlling the size problem in our breed. Thank you for the kind remarks about the column.

From Charlottetown, P.E.I. (this letter printed in its entirety).
We are writing to you about the Atlantic Branch of the Collie and Shetland Sheepdog Association, though we are mostly interested in the Sheltie part.

We know for a fact that the Atlantic Branch of Shelties are made up of only Shelties of Nova Scotia. Furthermore, we were not asked to join and did not even know such a branch was formed until we read about it in your article in *Dogs in Canada*. Another fact that we wish to make clear is that at the last Halifax show there was a Sheltie specialty, sponsored by the Atlantic Sheltie Branch, that was not advertised in the entry forms sent out and, had we known about it, we would certainly have sent over some Shelties to represent Prince Edward Island. We are hoping you will print this in your Collie/Sheltie article in *Dogs in Canada*. *Yours sincerely, Interested Sheltie owners from P.E.I.*

The Collie Club of America Bulletin has published 25 names from the American College of Veterinary Ophthalmologists. If your club is considering an eye clinic, please write for the name and address of veterinary ophthalmologists nearest you. Dr. Kirk N. Gelatt, V.M.D., Secretary-Treasurer, American College of Veterinary Ophthalmologists, states, "Our present ethics will not permit in the notice of a clinic, the name of the veterinarian, use of the ACVO title or the charge of examining patients.

"Serious consideration is presently being given to the idea that eye clinics or other public clinics should be under the sponsorship of not only the respective dog club but also the local or regional veterinary association. This may be especially necessary if the veterinarian examining animals at the public clinic is not licensed to practice in that particular state."

month by friends and members of the Standard Schnauzer Club of Canada, held at the home of joint-Treasurers Mr. and Mrs. R. Gage, who are the proud owners of handsome "Beau". Mr. Glynn Bright, assisted in a very entertaining way by his wife Anne, demonstrated the proper method to strip and trim a schnauzer. The lucky subject, a lively five-month-old Standard from the Kaiserbart Kennels, turned out to be quite a handful. However, all breeders and new owners praised Glynn for his technique and the finished job.

And speaking of finished jobs, new member and breeder Nevil Pike returned last month from a six-week filming trip through Europe and North Africa. On arriving home he had to face the equally enjoyable yet demanding task of finding proper homes for his incredibly even litter of ten puppies. Congratulations Nevil!

This month, completing their occupational moves, are Terrence Robinson, club President, from Hamilton to Victoria, B.C., and Albert Ullmann, club Superintendent, from Toronto to London, Ont.

We take this opportunity to extend to our members, from coast to coast, our greetings for the Holiday Season . . . and to all dog fanciers, the club's best wishes for the New Year!

AIREDALE TERRIERS

From Mrs. Hilary Ducle comes this article in the Airedale Terrier Club of Canada Newsletter, The King's Herald.

"On October 1, Ernie and I prepared to leave on our long awaited trip to Winnipeg for the first Airedale Terrier Club of Canada Booster show in Winnipeg. What a day! First Ernie broke his finger and next someone backed into the tailgate of our new station wagon. After taking care of those matters it looked as if nothing further was to happen so at seven o'clock the next morning the Ducle clan set off on our adventure. Two and a half days later, we arrived at Sam and Nancy Popvich's. An hour after our arrival, our dear friend and Nancy's mother, Honor Burke, arrived from Calgary. What a wonderful surprise to see her again after three years. Saturday saw the start of a three day dog show weekend, the Fort Garry Kennel Club shows, held at the Highlander Club. This was an ideal place for the shows. We were very impressed with the quality of the dogs. In addition to the Airedales, we felt that the Kerries, Lhasas and Westies were excellent. We saw many fine specimens in all the groups and also helping to enhance these shows was an excellent panel of judges. Sunday was the Booster and the Winnipeg group is to be congratulated for its support and also for a fine trophy table."

BEDLINGTON TERRIERS

Shirley Marten of Mississauga writes, "We enjoyed the Devon, Montgomery and Sussex Hills shows and the lovely countryside especially around Valley Forge. "Daisy", our Ch. Siwash Desert Daisy, had a successful weekend, this being her first time showing in the U.S.A. At Devon she was BW for a 3-pt. major. At Montgomery she was RWB and at Sussex Hills she was BW and BOS."

The Bedlington Terrier Club of Ottawa Valley elected a new President, Mrs. Simone Manelli replacing Mrs. Claire Poirier. Mrs. Audrye Faibish will remain as Secretary Treasurer for the fiscal year September 1973 to August 1974.

Claire Poirier of Ottawa writes, "Do not hesitate to communicate with us if you have a problem regarding Bedlingtons. We would especially like to hear about your show wins, new litters, new stock etc., to incorporate in our newsletter. The club will be putting on the first Bedlington Booster in Canada in conjunction with the Kars all breed show in July—so save some holidays for the week of July 8, 1974."

There are four Bedlingtons in Obedience in the Ottawa area, Mrs. J. Anderson's "Thumbles" is trying for her UD; Mrs. Mary Loveridges's "Star" is in Beginners Class along with her two sisters, "Jenny" owned by Miss E. Ghetler and "Gypsy" owned by Mr. Mark Macy.

BULL TERRIERS

The weekend of October 5 will most certainly go down in Canadian Bull Terrier history as being great. It all started at the Hatboro Dog Club Inc. show in Pennsylvania, judged by William Kendrick. Three Canadian B.Ts. brought home honours. Ch. Regina of Colostaurus owned by Gail Gordon took WB, BW and BOS for a 5-pt. major in coloureds. This was her first American show and at 11-months she did quite well. In whites, Robert Cole's new import, Hollifir Witch's Cub, took first in Open Dog and went on to RWM. Ch. Paupen's Mr. Wiggins took fourth in Open Dog. His success, later in the weekend, caused great excitement for Canadians and especially for his owners, the Maiers. "Wiggins" is handled by Gordon Smith who owns his sire, Ch. (Can. & Am.) Maerdy Moonstone. In white bitches, Canadians did most of the placing. Second was the Travers' Sunburst Solitaire, third was won by their other bitch, Sunburst Silencer, fourth was taken by the Jacksons' Ch. Storm's Spirited Sirius.

The next day at Devon, Mrs. Margaret O. Sweeten of England judged. In coloured males, Richard Wright's import, Aricon's Adonis placed third in Open Dog. In coloured bitches, Ch. Regina of Colostaurus placed second in Open Class. In the whites, Shelagh Kelsey's Ch. Sackville Rowdy Man made his U.S. debut and took a fourth in Open Dogs. Ch. Paupen's Mr. Wiggins, this day, moved up to second place and went on to RW. White bitches saw Norma and Gordon Smith's Magor Mirabel place second in Puppy Bitches. Novice Bitch was won by Helen Molyneux's Molyha Astarte, handled by Helen's daughter, Krystyna. Open Bitches, second place went to Sunburst Solitaire. BOS was won by last year's Silverwood winner, the Spicers' Ch. (Can. & Am.) Sunburst Solar System.

After the Devon show, all Bull Terriers and their owners proceeded to the Montgomery show grounds where the event of the weekend was to take place, the Silverwood Competition for the Best Bred BTs in North America. Two very notable judges were on hand, Raymond Oppenheimer and Miss Mary Freen, also of England. The top award went to Canada's Ch. Paupen's Mr. Wiggins owned by Paul Maier; handled by Gordon Smith. "Wiggins" is sired by Ch. (Can. & Am.) Maerdy Moonstone ex Romany Rock Rose. The runner-up in white bitches was won by Sunburst Solitaire, owned, bred, handled by Garry Travers. "Patch" is sired by Ch. (Can. & Am.) Tantrum's Trad Tad ex Ch. Della Desdamona. The best coloured Bull Terrier went to Ch. Regina of Colostaurus. "Maisie" is owned and handled by Gail Gordon and bred by Mr. and Mrs. Syd Fulljames. She is sired by Ch. Plaisance Seabryn Air Marshall, Canada's top BT for 1971 and 1972 and sixth top terrier for 1972, ex Ch. Athena. Runner-up in coloured bitches was Ch. (Can. & Am.) Snip Snap Snorum, last year's top coloured BT. "Tiny" is bred, owned, handled by Helen Molyneux. "Tiny" is sired by Ch. Abraxas Ace of Aces ex Ch. Huntress of Molyha.

The next day was the Montgomery County Kennel Club show, again judged by an English BT breeder, Miss H. B. Bradbury. She placed Aricon's Adonis third in Open Dogs in the coloured variety. Ch. Regina of Colostaurus was first in Open Bitches and went on to win Best of Variety for another 5-pt. major. The whites saw Ch. Sackville Rowdy Man take another fourth in Open Dog; Hollifir Witch's Cub a third and Ch. Paupen's Mr. Wiggins a first in Open Dog, WD and BV. Magor Mirabel took second in Puppy Bitches, Molyha Astarte, first in Novice and the Spicers' Ch. Tantrum's Sweet Romance won Open Bitches and RWB. Third and fourth in Open Bitches went to Sunburst Solitaire and Sunburst Silencer. BOS was again won by Ch. (Can. & Am. Sunburst Solar System.

The last day of a super B weekend ended with Ch. Regina o Colostaurus taking WB and BOS i coloureds at Sussex Hills unde Dr. Leon Seligman.

Our thanks to Mrs. Sweeten Mary Freen, Miss Bradbury an of course, Mr. Oppenheimer. Th Bull Terrier Club of Canada woul like to extend thanks to the Bul Terrier Club of America for th kind hospitality received and fo helping to make it a truly grea BT weekend.

a fourth. There was a total entry of 197 Cairns, the largest ever at the Specialty show of the Cairn Terrier Club of America. Our little male, Cairngorlynn Elldon Crofter, won first place in the Puppy Dog Class, 9-12 months. His littermate sister, owned by Jan Wilson of Toronto, Cairngorlynn Carrie Glen won the 9-12 months Puppy Bitch Class. This bitch defeated the puppy who won the futurity which boasted an entry of 48 puppies. Our Bred by Exhibitor Female, Cairngorlynn Kirsty of the Brae, came home with a fourth place ribbon, she being the daughter of "Crofter" and "Carrie."

Betty Hyslop writes, "I thought it might be of interest that at the recent U.S. shows, October 5-8, all the Cairndanias did extremely well. These with one exception were all homebred. At Hatboro, BB went to Ch. (Can. & Am.) Cairndania Brigrey's Berry-Red. WF with 5-pts. was won by Cairndania Davey's Dauntless. First in Bred by Exhibitor was won by Cairndania Brigrey's Daisy under judge Robert Braithwaite.

"At the Devon show under judge Mrs. John Marvin, BB was again won by Ch. (Can. & Am) Cairndania Brigrey's Berry-Red. Montgomery, at the Cairn Terrier Club of America Specialty there was an entry of 140, with the WF 5-pt award going to Cairndania Davey's Dauntless, finishing her American championship. 6-9 months Class was Cairndania Davey's Dillinger. First in Bred by Exhibitor Female was Cairndania Brigrey's Daisy. Fourth in Open Female was import Mitchan Donne of Heshe. Ch. (Can. & Am.) Cairndania Brigrey's Berry-Red was again victorious. At Sussex Hills, BB went to Ch. (Can. & Am.) Cairndania Davey's Sargent. In the Futurity the Best Puppy Male went to "Dillinger", second and fourth in Puppy Female, 6-9, went to litter sisters, Cairndania Davey's Duplicate and Cairndania Davey's Delilah. First in the 18-24 was Cairndania Brigrey's Daisy, second in the 9-12 Class was Brigrey's Bermac O'Cairndania who also placed third in the 6-9 Regular Class. Second in the 6-9 Regular Class was Cairndania Davey's Delilah."

SMOOTH FOX TERRIERS

Miss Brenda Gough and Mrs. Constance Wilcox, long-time breeders of Smooth Fox Terriers in Devon, England, arrived in mid-September for a three week visit to Canada and the United States. During their stay in Toronto they were the guests of Mr. and Mrs. Jack Cowans.

After touring Western Canada they returned to Toronto and then proceeded to the United States where they were the guests of Mr. and Mrs. James A. Farrell Jr. of Darien, Conn., and Mrs. Stewart Simmons of Bryn Mawr, Pa.

They attended the Montgomery County Kennel Club show as well as the American Fox Terrier Club dinner held the evening preceding the show.

WIRE FOX TERRIERS

Arnold Running of Brampton, Ont., writes, "For the past three years Pam Running of the Runwyre Wire Fox Terriers has been looking for a top quality show dog to add to her stud force. Now she has succeeded in obtaining what she considers a truly great one. He is Eng. Ch. Seawire Ellswyre Marksman, winner of seven challenge certificates and eight reserve challenge certificates as well as one championship Best in Show. "Smarty" arrived in Toronto on November 2. What really sold Pam on this dog in preference to the other two she had been studying via the judges' critiques in the English weekly dog papers and correspondence with old friends in her homeland, was the fact that while "Smarty" only won the reserve challenge certificate at the Wire Fox Terrier championship show on October 6, he was the sire of both the BIS bitch, Ch. Baglan Bertice and the BP in Show, Portvale Dairymaid as well as of other winners at that show. When Pam telephoned the previous owner, Mrs. Betty Perry of Devon, at 2.30 a.m. on November 3, she learned that Ch. Baglan Bertice had just been sold to an American breeder so she anticipates that father and daughter will meet again someday soon—perhaps at the Wire Fox Terrier Specialty show at Glendale, Ohio in May."

KERRY BLUE TERRIERS

Casey Gardiner's Ch. Kerrycroft's Peregrine won Winners Dog and Best of Winners at the Montgomery County K.C. show under judge John W. Hillman. This was a 5-pt. major for "Peregrine" Congratulations!

SEALYHAM TERRIERS

Kay Guimond of Wirehill Kennels is very proud of the son of her Ch. (Can. & Am.) Happy Mac's Sea Prince, "Whist Mister T" placed first in the Sealyham Sweepstakes at Montgomery. "Mister T" is owned by Miss Margaret Andrews.

STAFFORDSHIRE BULL TERRIERS

We were all very sorry to hear of the death of the Cookes' Ch. Terrco's Richard The Gentleman. "Richard" was born at Terrco Kennels in Mille Isles in 1968. His dam was Ch. Eastholm Little Demon and his sire was Ch. Terrco's Dickie the Kid. "Richard" looked very much like his dad but it soon was apparent that he had a much friendlier attitude towards his fellow dogs, hence the name, Richard The Gentleman. "Richard's" show record for a Stafford is remarkable, having won 125 BB and about 35 BOS. He was awarded five group thirds and eight group fourths. He was Best Canadian Bred Terrier four times and won BB at nine consecutive Stafford Booster shows. He was BOS and BCB at the first Stafford

Now the proud home of two Canadian, American Champion Boston Terrier Stud dogs: **CH. (CAN. & AM.) GENTLEMAN JIM OF MOOREVILLE and son CH. (CAN. & AM.) EDCLIF'S JAMEY.**

The head study, above left, is of Gentleman Jim, and right Jamey is pictured going Best of Winners at the Golden Gate Boston Terrier Specialty Show in San Rafael, California over an entry of 23 dogs on September 16, 1973 under well known judge Mr. Ray Perso.

Jamey was shown to his Canadian championship in seven showings, going Best of Winners all but twice, handled by his owner Mrs. Myra Huls and in the U.S.A. in four major wins handled by Edna Swift Asp of Beaverton, Oregon.

Wishing all our fellow dog lovers a very Merry Xmas and good luck in the ring in 1974.
Let's see more good Bostons in the ring in the coming year.

Many thanks to a very good friend and excellent handler, Edna Swift Asp.

specialty last year. Finally, "Richard" was top winning Staffordshire Bull Terrier in Canada for 1969, 1970 and second in 1972. It is fortunate that "Richard" left behind him enough offspring to hopefully carry on his winning ways; six are already champions.

The Staffordshire Bull Terrier specialty show was judged by John Devlin Jr.

STAFFORDSHIRE TERRIERS

Not very often does a Staffordshire Terrier place in a group, let alone win one. Canada's terrier judge, Mrs. J. H. Daniell-Jenkins while on a U.S. judging assignment, placed Am. Ch. Archer's Diablo Bandido II first in group at the Chintimini K.C. show. The next day Wm. Kendrick placed him third at the D.F.A. of Oregon Show. The owners, Jay and Margaret Copeland, and the handler of "Diablo Bandido" were thrilled with the win and very pleased that a judge had the courage to place an American Staff. first in group when not too many judges do.

For breed enthusiasts, a photo of this win appears in *Dog World*, November 1973 issue.

WELSH TERRIERS

There was an entry of 51 Welsh Terriers at Montgomery under judge William Marschner. Mr. and Mrs. Ross Pirrie's Ch. Wil-Wag's Singapore Sling was first in Open Dogs and went on to win Winners Dog for a 5-pt. major.

WEST HIGHLAND WHITE TERRIERS

Mr. and Mrs. Adams are very proud of their male pup, Roseneath Candy Man. "Candy Man", at just six months of age, took third in the sweepstakes at Montgomery, first in puppy dogs, 6-9 months and went on to Reserve Winners Dog. There was an outstanding entry of 121 Westies at Montgomery under Miss Sheila Cleland of England.

I would like to extend Season's Greetings to all the terrier people across Canada; may you have a Happy Christmas and a very prosperous New Year.

CHIHUAHUAS

E. B. Peterson—Ch. (Can., Am. & Mex.) Quantico's Little Crusader does it again.

In one weekend, this Canadian Chihuahua was awarded a Best in Show all breed over 2,000 dogs at Mesa, Ariz., and a Best in Show specialty at Phoenix, Ariz. The judge was Mr. F. Bilger, group judge was Dr. F. Booth and Best in Show judge was Mr. C. Hamilton.

At the Phoenix specialty show Quantico's Little Crusader was awarded Best in Show by Mr. Hayden Martin.

This makes "Crusader" the second top winning Chihuhua of all time, the first being Tejano Texas Kid.

Quantico's Little Crusader now has two all breed Best in Shows and three specialty Best in Shows to his credit. Proud breeder of "Crusader" is Mrs. C. G. Peterson who co-owns "Crusader" with Carold Humphrys who has shown him exclusively in the United States.

PEKINGESE

Marilyn Lachance, R.R. 3, Essex, Ont.—What happened to Pekingese breed notes? I would like to see breeders of this wonderful breed of dog, send in more news items.

I had a thrilling experience happen recently and would like to share it with fellow dog lovers. My bitch, Princess of Pekeacres, gave birth to eight lovely puppies. To the best of my knowledge this number of Pekingese in one litter either ties the record or breaks it, for quite some time back. Does anyone have any information o this? I would be very interested hear from them. As every breede well knows, raising dogs has a l of hard work, disappointment an sadness involved and when som thing like this happens, well, I ju couldn't help but boast a bit. Com on Peke breeders, let's hear fro you in the breed notes.

terror as soon as the engines were started. In describing a dog who chewed his way out of a wire cage and partly through a door, the animal is referred to as "enraged" and acting "madly" and "viciously" whereas words such as "panic-stricken" and "terrified" would obviously be more appropriate.

7. **Sickness and immaturity:** Many animals, especially pet stock, are shipped while still unweaned or when obviously infected with distemper, parasites or intestinal conditions, by unscrupulous dealers anxious to meet their quota.

SIZE OF PROBLEM

How many animals are exposed to the dangers of air transport? A very large number indeed, running to hundreds of thousands in North America alone each year. Pets and breeding stock, travelling on the same plane as owners, constitute a relatively small proportion. The great majority of them are shipped unaccompanied on a commercial basis enroute to pet shops and other retail outlets. These animals are completely dependent on the airline employees to give them care and protection and, as the U.S. Humane Society points out: "The airline isn't required to do it and the employees aren't paid to do it".

Figures are not available as to the exact numbers of animals carried and it is equally impossible to determine the number who are killed or injured. The American SPCA maintains a hostel at Kennedy International Airport in New York which handles about 120,000 animals per year. A smaller operation in Philadelphia reports over 50,000 per annum. However, these animals only represent those who were fortunate enough to receive help. During 1972 the RSPCA Animal Hostel at Heathrow Airport in London handled the remarkable total of 1,115,422 animals and birds.

WHO IS RESPONSIBLE?

In the case of individual pets or breeding stock which are correctly caged and checked in to the airline freight office by their owners, the responsibility for death or injury rests squarely upon the airline. However, the great majority of living creatures are transported as commercial cargoes. These animals pass through a number of processes and abuse may occur anywhere along the chain. The vendor takes the animal to the shipping agency. It may then be handled by one or more truckers, then on to the freight handlers and loaders. On board the plane it is in the care of the captain and crew. Loaders and freight handlers take over again for deplaning. Should circumstances cause the animal to be placed enroute into a holding warehouse, it may be very hard to determine who, if anyone, will be responsible for its supervision or even be aware of its existence. Finally, the buyer or designated agent should claim the animal at the airport. Possibly once more the animal is in the hands of a trucker. Thus we see that, in its journey from vendor to buyer, an animal may pass through the hands of many persons whose attitude to animals may range from kindly concern to indifference or downright dislike. We must also recognize that most of these people will not be trained in the handling of live cargo and may withold help out of ignorance or fear.

WHAT NEEDS TO BE DONE?

1. The vendor must package the animal in a container which meets the standards of safety and comfort which should be laid down by regulation and legislation. The container must be clearly labeled and the label must include specific instructions as to the animal's care and support en route and on arrival. These will include temperature, feeding, watering, exercise and special needs.

2. Air express and air freight offices must be forbidden to accept for transit animals whose packaging does not meet the required standards.

3. Every airport through which animals are customarily shipped must be required to have an animal care centre. Every animal must be checked as to its physical condition and the suitability of its packaging upon arrival at the airport of departure and before leaving the airport of destination. If the animal passes inspection satisfactorily then a boarding permit or an exit permit, respectively, would be issued, without which it would be illegal to load the animal on a plane or remove it from the airport of destination. Should the animal require treatment or re-packaging, this would be carried out at the animal care centre.

4. Planes: first and foremost there must be a separate compartment in the hold of every plane which is used in the transportation of animals. This compartment must have the same degree of air conditioning, temperature control and noise insulation as does the passenger cabin. There must be some means of securing the containers to prevent shifting during periods of air turbulence. There must be means of access to this compartment during flight. Obviously some aircraft will not be suitable for the transport of animals except in so far as live cargo can be carried in the cabin.

5. There must be regular, periodic inspection of livestock in flight and on the ground during the course of any journey lasting over two hours. Animals delayed in transit must be housed in the animal care centre.

6. Cash-on-delivery shipment of animals must be banned and no animal must be returned to sender without passing through the animal care centre.

7. A system of mandatory reporting of livestock death or injury is required.

HOW CAN THESE CHANGES BE MADE?

There seems every reason to conclude that vendor, shippers and airlines will provide humane conditions and treatment only when forced to do so. In the case of the air transport industry, the problems in legislation, regulation and enforcement are extremely difficult and complex. We are dealing with a vast international network. Canadian animals fly on American and European airlines and animals from other countries are flown into Canada. Some measure of international agreement will ultimately be necessary.

The airlines want "live cargo" business but it is clear that they have put greed before humanity and have deliberately kept the public in ignorance of the conditions under which animals travel. All airlines make great play with the word "pressurized" but never mention the word "unventilated". One airline issues a pamphlet for pet owners but a quite different one for company use. The latter states precisely that "there is a pattern of mortality during summer months" and proceeds to list the breeds of dogs which have the highest death rate. Air Canada is the only major carrier in North America which refuses to accept liability for loss, injury or death to an animal in a luggage compartment, which does not suggest much faith in its own arrangements. Some airlines limit their liability to the lesser, the market value of the animal or $500. It has further been found that employees who give out optimistic misinformation to the public are probably themselves inadequately informed rather than deliberately misleading.

Conclusion: This has been the first report of a continuing research study. We have established that live creatures are being tortured, mutilated and killed during air travel and that those who profit by the traffic will only mend their ways if forced to do so.

The ultimate aim of this project is to effect suitable changes in the regulations which govern the air transportation of living creatures within the jurisdiction of the Federal Government of Canada and to contribute to the eventual establishment of international controls.

Control —from page 6

posed on the importation of pups and kittens into a state for resale, especially the cute, cuddly six-week-old pup which is so attractive to the "whim buyer" and which is especially prone to disease under these conditions. One approach would be to limit importation to dogs and cats 12 weeks of age or older, which have been vaccinated against the common diseases.

Indiscriminate, grand-scale merchandising of pups and kittens by pet shops, department stores and unscrupulous profit-oriented breeders results in much suffering to animals and disappointment to their owners. Such owners often acquire a pet on a whim, then fail to care for the pet responsibly, contributing further to the surplus-inhumane syndrome. Three out of four pets turned in to animal shelters and dog pounds are turned in by their owners with excuses such as, "He no longer fits the apartment," or "I never should have got it in the first place." The average annual turnover of pet dogs and cats is approximately 40%.

11. To recognize the contribution of the private animal hospital. Community administrators should require and enforce minimum standards of veterinary practice, a responsibility now left to voluntary veterinary associations and should explore the use of private hospitals for government supported spay programs on a contract basis. With inspection by government, uniform standards could be imposed to protect the animals and the public. The consumer needs protection. What is good for the public is also good for the veterinarian.

12. To make proper use of euthanasia. Until the surplus animal population is eliminated, euthanasia must be employed. When properly operated, the high-altitude euthanasia chamber is a humane method. This method is widely used across the country and is considered humane by the American Humane Association and the American Veterinary Medical Association. Individual veterinarians not equipped with such machinery can use intravenously injected barbiturates. On a mass basis this approach is impractical.

Conclusions

1. Overpopulation is caused by irresponsibility of owners, breeders and profit-oriented pet retailers.

2. Public education in animal care and control is needed. Surrendering unwanted animals to shelters or humane societies is far more desirable than abandonment or dumping the animal in the country.

3. Spay clinics cannot be expected to have a significant effect on population; consequently, research to develop an effective, low cost means of birth control should be funded and pursued as quickly as possible.

4. Cheap medical care and bargain spay programs result in low standards of medical practice and can result in much suffering of animals. Good quality of medical service is essential for an acceptable program.

5. Good animal health care can best be delivered by veterinarians if they are freed of the burden of competition from tax-supported government clinics.

6. Where government finds it necessary to conduct spay programs with tax funds, private hospitals should be utilized on a contract basis, with inspection to maintain quality control.

7. Veterinarians should be encouraged and complimented for rendering low cost surgical and medical care to animals owned by responsible persons unable to bear unexpected health care costs. Today, a considerable amount of animal health care is being-given to indigent owners by veterinarians as individuals and through their organizations. However, lowering standards for basic animal health services is not justified in a modern society. Advertising health care for individual gain is intolerable.

Worthless dog has value now

VICTORIA, B.C.—When he chewed his 12th bedspread, Satan, a black Labrador, was termed a useless, worthless mutt by his mistress, Mrs. Sandy Ormiston. In defence of his incorrigible companion (the spreads were only one of dozens of episodes) his master advertised his 12-year-old companion for sale—complete with licence and collar—for $5,000. No takers, of course, and now Mrs. Ormiston can't say he's worthless.

BACK TALK

by JOAN MORDEN

"Junior showmanship should only be judged by professional handlers", say Bev and Katie Rodley, two juniors who ought to know.

of our Back Talk personalities fess to a lifelong interest in s. But only a lucky few recall their families ever took this rest seriously. The two young es we feature this month be- to the "lucky few". The Rod- sisters, Bev age 14 and Katie has just turned ten, have been ting dog shows with their ndmother, Doris Wilson, since were toddlers. First it was e blonde Bev and later Katie, who sat quietly at ringside le their "nan" explained what going on. But it was just two rs ago when they both ven- ed into junior showmanship petitions that they proved how ch they had learned during all e hours, absorbing lesson af- lesson on "how to handle a w dog".

ince then their record has been pressive. Between them they e successfully handled up- ds of 50 different breeds in the formation ring. Last year Bev top Ontario junior handler. At year's Sportsmen's Shows she twice named "best junior dler" over an entry of approxi- tely 60 youngsters. And little ie, in addition to handling two Bernards to their champion- s this year has won four first junior showmanship. Together have accumulated dozens of ons, trophies, plaques, etc. for handling and are now both looking forward to making dogs a lifetime career.

Bev would like to become a professional handler and Katie is torn between handling and becoming a veterinarian. At the moment she says she would like to do both—be a veterinarian on weekdays and a handler on Saturdays and Sundays. Much later, like 40 years from now, they might like to become judges.

How did the girls get so good, so soon? First, of course, it was all that exposure to dog shows. They watched how the professionals handled and later they watched how they prepared the various breeds for the show ring. But this was not enough. They studied the breed standards and compared the dogs that they saw, point by point, with the features the standards called for. They studied how to gait and pose dogs to their best advantage and they learned the rudiments of canine anatomy. Then, when they had confidence in themselves, they tried their luck in the ring. All that groundwork paid off.

In Bev's opinion, amateurs who hope for success in the show ring should not rush into handling before they are competent. Unfair, she thinks, to worthy dogs. She notes far too many badly prepared and poorly presented dogs in the ring.

Such well-informed, interested girls had no trouble "borrowing" dogs to take into junior showmanship. And the skill with which they worked soon caught the attention of the professionals. It was not long before Bev and Katie were being asked to help out when handlers had dogs to be shown with conflicting ring times. This was a labour of love the girls performed with much success and accounts for the great variety of breeds that they have handled. Nowadays, whenever handlers Elaine Horne and Gary MacDonald need her Bev is their regular helper both at the shows and at the kennel in Oakville, Ont.

Bev can now completely groom an Afghan for show (she owns a champion male), she can do all the poodle show clips and prepare a topknot and is currently learning how to strip terriers. But although the glamour part of dogs is appealing, Bev's main interest is in learning how to care for dogs properly. She spent the summer of 1972 working in a large kennel in the U.S.A. where she found out just how much is involved in caring for 65 dogs. Her chief job was scrubbing and cleaning out pens but, she says, rather than complaining about the work like most kennel helpers seem to, she enjoyed it because she was learning. Her only regret is that so far there is no tangible proof of this type of apprenticeship. She thinks that a nationally recognized certificate of accomplishment would give kennel helpers more incentive to do good work.

Bev. Rodley

Katie Rodley

In fact, she would like to see regular apprentice courses established in Canada. She would approve of a system where a student's time was equally divided between formal schooling and practical kennel work. She thinks that theory and books are fine but that the only way a person really gets to know dogs is by working with them. She says apprentices should not expect to be paid anything above their living expenses while they are in training.

On the question of junior showmanship competitions, both the girls think that these should be judged by professional handlers only. When breeder-exhibitors or judges officiate, the girls find that they seem to be judging the dogs rather than the way they are handled. When handlers do the judg-

The sale of the no- rint kits has been moved from Eglinton Office to the Regis- tion Division in an effort to solidate the registration sales services. REGISTRAR'S FORUM

December marks the end of the first year's publication of the "Registrar's Forum". It is hoped that this column has been informative and helpful in your registration endeavours. If my ramblings have, in any way, made the registration procedure simpler or clearer, then this effort has been worthwhile.

May I and the Registration Division staff take this opportunity to wish you all a very Merry Christmas and a happy 1974.

NEW NOSEPRINT KIT ADOPTED

A new noseprint kit has been developed and officially adopted for identification. A full story is elsewhere in this edition of *Dogs in Canada*.

TWO GOOD QUESTIONS

"I have been reading your column and I'm not sure if my questions are of a general interest or not, but these two questions seem to get different answers from most people.

(1) If a litter of eight puppies are born and two die after three or four days, does one put a litter of eight or six on the litter application blank to send to the CKC?

(2) Can a person sell or give away a pup from a registered litter with no papers if the party receiving the pup understands that they will get no papers? . . ."

The answer to this above letter will be given in two parts:

1) When completing a litter application, we would expect that the number of pups in that litter be reflected as the number of pups that live. If, as in your example, two of the puppies die in the space of only three or four days, we would expect the litter to reflect the total number of dogs as six (i.e. three males and three females).

2) As explained in the September, 1973 edition of this column, the Livestock Pedigree Act is quite specific in its requirement that a certificate of registration be furnished for any dog *sold* as purebred. Any monetary or other consideration in exchange for a dog represented as purebred places the onus upon the "seller" to supply the Canadian certificate of registration. This "other consideration" could take the form of any number of things, from payment for services rendered to a pound of jellybeans. If there is an agreement between the seller and the buyer that no certificate will be given and the purchaser later demands the certificate, it then becomes a matter of legal conjecture. If a purebred dog is given free of any consideration, then a certificate is not required.

ANOTHER LETTER

"Dear Mr. Kirkpatrick, I have a general question to which I cannot get a unanimous answer.

If kennel name, tattoo letters, dogs, are owned jointly by husband and wife, are both signatures required on a litter application form? I can, of course, see why both signatures are required of a joint ownership—say, a Mr. Jones and a Mr. Smith. But if husband and wife have the same address are both signatures required? . . . I think a few members would be interested, as some of my fellow breeders say one thing, and others say the opposite . . ."

The answer to this is—*yes*. Both signatures are required on any jointly owned dogs regardless of the joint owners relationship to each other. While this may appear unnecessary, it has been the point of some discussion, especially in cases where Mr. and Mrs. have gone their separate ways.

3 GENERATION PEDIGREES

Three generation pedigrees that are requested for use in registering a dog in the records of the American Kennel Club *must* bear registration numbers for each and every dog in those three generations.

Missing numbers on a three generation pedigree can occur because of two reasons which are:

1) During the period that the 3 generation individual certificates were issued by the Canadian National Livestock Records, the names of the dogs in the ancestry were recorded but *not the numbers*.

Bespectacled Poodle disappears

Mr. Charlie, a large silver Standard Poodle who wears prescription glasses, disappeared from the grooming shop of Harold Nash in Albany, Calif. The 11-year-old Poodle became something of a town celebrity when Nash had him fitted with specially made glasses when his eyesight began to fail.

2) In the past, The Canadian Kennel Club permitted the registration of American dogs (for show purposes) without requiring an extended pedigree.

For these reasons, today's Canadian Kennel Club is not always able to supply all of the numbers. If your dog has any foreign ancestry, it will be necessary for you to write the appropriate kennel club and obtain the numbers. The foregoing is not a frequent occurrence but it does happen on the odd occasion.

OMISSIONS

The practice of the Registration Division has been to process (or at least partially process) all applications including those with missing information. These applications were passed along the flow line until such time that the omissions were spotted and then rejected. This has created frustrating delays for sometimes minor information. With improved service constantly in mind, we have installed a "screener". All applications coming into the Division will be screened for omissions as one of the first steps in processing. The applications will now be returned within the first day or two if required entries have not been completed. These required entries include *three different and distinct name choices.*

With a minimum of technical language this book places animal breeding in its context of social needs and aspirations. The objectives of animal breeding, theory, practice, improvement methods, and the future of animal breeding are discussed in their relationship to the war on hunger and the profits for society rather than the profits for breeders.

Back Talk —from page 23

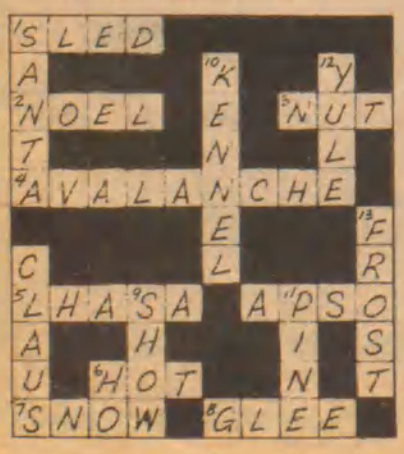

ing the girls think the win means more. They also think that the Ontario finals should be limited to competitors who are residents of Ontario. Further, they say that because Canadian juniors may not compete in the U.S.A. they think that non-Canadians should not be permitted to compete in junior showmanship in Canada. They would also like to see the name of the junior showmanship judge included in show premium lists and a set time for the competition specified on all judging schedules instead of the usual "in the first available ring". The girls point out that having one's dog ready at ringside at the right time is also a part of show training. A feature they would like to see added in the finals competition would be for handlers to exchange dogs. It is one thing, they contend, for a youngster to do well handling the family dog—quite another matter to handle a dog well when the dog does not know you.

Both the girls are looking forward to the time when the Oakville K. C. has its junior section organized. They will be among its first members. And they are also dreaming about their new country home soon to be built on ten acres the family owns near the Rattlesnake Point area just west of Milton, Ont. Bev already has a kennel license for the new location and has registered the name "Twin Oaks". She hopes to establish a small boarding kennel which will be her responsibility entirely and, in time, to breed Afghans. She already has her foundation stud, Ch. Xanthippi's Shirluck. But before she plunges into the breeding business she wants to know all she can about dog care as well as how to operate successfully within a budget.

For her part, Katie now has her own Lhasa Apso that is in process of being conditioned. She hopes to have her dog out in competition next spring. This breed seems more her size of dog than some of the "biggies" Katie has been known to handle. Bev thinks so too but Katie won't agree. When it was suggested that St. Bernards, more than twice her weight, must be quite a handful for her, Katie answered with a gamin grin: "You can *make* it look hard!" Clearly the implication was that this ploy, under some judges, was no disadvantage. But to most of us Bev and Katie make it all look very easy.

One more question: "Does all this dog activity interfere with your school work? How are your grades?" Almost in unison they answered: "Excellent—yes, they're excellent". And I guess that figures, too.

Brenda Shillington, 12-year-old daughter of Mr. and Mrs. W. R. Shillington, Trenton, Ont., won the Best Ontario Junior Handler Award at the Scarborough K.C. show held in Toronto, September 23. Brenda began handling in 1969 at the age of eight with English Setter Ch. Pineview Blue Jen. Since that time she has been a regular entrant in junior handling competition, handling all of the family's English Setters.

This year Brenda won her first First at Kawartha K.C. show, handling Ch. Marbilland's Miracle Man (Herbert), bred and owned by the Shillingtons. Her second First was at Oxford County K.C. show, handling Marbilland's C tal Asset (Max), bred by the lingtons and owned by Mr. Mrs. Jim Bennett, Frankf Ont. These two Firsts quali Brenda for entry in the Ont finals in which she handled Marbilland's Court Jester (ter), bred and owned by the lingtons, whom she had sh earlier this year to his champ ship.
