# Quality Breeds Quality.

Over the years, many concerned groups have worked to improve the standard of dogs. For instance, as a breeder, you concentrate on improving certain select traits. And we, as a dog food manufacturer, have worked hard to produce a dog food that provides the optimum balance of nutrition and good taste.

In short, whether you're dealing with dogs or dog food, quality breeds quality.

That is why as Canada's leading manufacturer of dog

And why as a further commitment to quality we submit our products for testing by the Canadian Veterinary Medical Association to ensure they meet its nutritional standards.

So when you feed your dogs Dr. Ballard's, you're not only keeping them healthy, but you are assuring they'll grow satisfactory to standard. After all, quality breeds quality.

food we have established such high standards for our Dr. Ballard's products. Why we regularly conduct nutritional tests—on every product. Why we are so conscientious about consistency. Why we work so hard to add new flavours.

HOLY MOSQUITO! FILARIBITS  
TASTE GOOD AND THEY  
PREVENT HEARTWORMS, TOO!

BOB  
ANDERSON

© 1979 United Feature Syndicate, Inc.

# Flavor as big as Marmaduke

The flavor of 'Filaribits' (diethylcarbamazine citrate) heartworm tablets is every bit as big as Marmaduke ... and so is the protection!

These chewable tablets provide effective heartworm protection — the kind that safely protects your dog against what could be a fatal heartworm infection following the bite of a carrier mosquito.

And there's no wrestling or coaxing to "pill" your dog. No need to hide these tablets in his food. 'Filaribits' are so appealing in taste and aroma they'll soon have your dog eating out of your hand ... accepting his heartworm tablet as a treat.

Now that heartworm season is here, give your dog his daily dose of protection with good tastin' 'Filaribits'. Available from your veterinarian.

**Composition:** Each tablet contains diethylcarbamazine citrate, 60 mg. or 180 mg.

**Indications:** 'Filaribits' are indicated for use in the prevention of infection with *Dirofilaria immitis* (heartworm disease), and as an aid in the treatment of ascarid-roundworm (*Toxocara canis* and *Toxascaris leonina*) infections in dogs.

**Precautions and Side Effects:** The use of diethylcarbamazine citrate is not recommended in dogs with active *D. immitis* infections. Inadvertent administration to heartworm infested dogs may cause adverse reactions due to pulmonary occlusion. Overdosage may cause emesis.

**Filaribits®**

GEE...  
THAT TASTES  
GOOD.

**Warning:** Dogs with established heartworm infections should not receive 'Filaribits' until they have been converted to a negative status by the use of adulticidal and microfilaricidal drugs. A dog on prophylactic therapy should be examined for the presence of microfilariae every 6 months.

**Caution:** U.S. Federal law restricts this drug to use by or on the order of a licensed veterinarian.

See your veterinarian for complete dosage and administration information.

### 1978, Canada's biggest year

The honour of being named Canada's top winning show dog, all breeds, in 1978 was a race to the finish between two black and white beauties — the strikingly handsome 150-pound Newfoundland, Ch. Hornblower's Long John Silver and the diminutive Papillon, Ch. Jaclair's Ziggi, owned by Jack Babbidge, Lowbanks, Ont.

Long John, owned by Lynn and Richard Raymond of Ottawa, became the eventual winner by defeating the greatest number of dogs during the year while Ziggi accounted for the highest number of group 'firsts' in 1978. Congratulations to their breeders, to their owners and to their handlers who gave us such an exciting race.

In contrast to 1977, which was almost a total western victory, 1978 saw things reversed. The single western group winner was in hounds — with yet another Borzoi, Ch. The Sensuous Nikita owned by Frank Clark, Kamloops, B.C., heading up the list of winners.

All the other group wins came east. In Sporting Dogs the Golden Retriever, Ch. Nanno Chrys Haefen Son of Skye owned by Jennifer and Ian McAuley, Cookstown, Ont., was Number One. Top winning terrier was the English import, the Wire Fox Terrier, Ch. Littleway McTavish owned by Mr. and Mrs. Ian Colqhoun, Toronto. Second in his breed in 1977, McTavish had a banner year in '78, to place him as the Terrier Group leader.

Also from Toronto came the winner of the Non-Sporting Group, the Shih Tzu, Ch. Kaduna's Sewzi Q Lan-Sing, owned by Michael and Marilyn Corbett and Mrs. M. Sniderman.

Congratulations to all of you, and to all those whose dogs made it into top placings. It was a great year, a busy year, perhaps the biggest year for entries we will see for some time as Canada begins to feel the effects of the stateside fuel shortage which is bound to take its toll of U.S. entries.

Certainly 1978 was Canada's biggest year to date in the number of dog events held. Specialties and all breed championship shows reached an all-time high of 453, double the number that were held just ten years ago.

This meant extra campaigning and extra pressure for those whose dogs were working towards a placing. While back at The Canadian Kennel Club headquarters, it meant a greatly increased work load. To the efficient staff in the Shows and Trials Division, our sincere thanks for getting show results into print so quickly and for the many courtesies extended throughout the year.

### The other side of the argument

In many quarters there has been criticism of the way in which persons are allowed to hurry through their judging qualifiers and emerge within a few short years as all-rounders. Quite a few people are being brainwashed into believing that the CKC system of accrediting judges is irresponsible.

What the critics choose to overlook are the pre-requisites. Before one may presume to make application for a judging permit, a background of ten years' successful breeding and exhibiting, plus other show experience, is required. The key word here is *successful*. A fact they also bypass is that the dog game needs new blood.

Many of the old timers are limiting their assignments. Some unfortunately are no longer with us. So trained younger judges must be available to take their place.

Commenting on the CKC procedure, one interested individual had this to say: "Sure some of the permit judges will make mistakes. Everyone who judges makes a bad decision now and then. And some of the people starting out won't be acceptable. But many of them will. With the opportunities there are today to learn and the number of keen types we have coming along, in a few years Canada will have a strong bank of judging talent!"

# ENTER THE WINNER'S CIRCLE WITH SCIENCE DIET®

It takes winning care and attention to make it to the Winner's Circle.

Win after win, show after show, Science Diet has been a big part of that care and attention.

Because Science Diet canine foods are formulated for winners. With ingredients selected for top performance, nutrients balanced for peak efficiency, and a high digestibility that means reduced food intake, decreased stool volume.

You won't find Science Diet at the grocery store. It's a professional pet food, sold by pet professionals. Look for Science Diet at your pet dealer's, or ask your veterinarian.

Science Diet. Because proper nutrition could be just the winning edge to edge you into the Winner's Circle.

“Ch. Nicklai of Tomalson, “Nick,” along with all of our Siberian Huskies, has shown quite an improvement in body weight and coat condition since we put him on Science Diet.

“At one time his coat was coarse, and kept him placing second at shows. We tried oil and conditioner supplements but nothing helped until we changed to Science Diet Maintenance. It was then, with a soft and glossy coat, that Nick won his first five points.

“It is also easier to regulate the dogs' weights with Science Diet. On only 10 oz. per day, Nick maintains his ideal body weight of 58 lbs. And although he's eight years old, his stamina never lets down in the ring.”

## Cover story

*"A thing of beauty is a joy forever.  
Its loveliness increases; it will never  
Pass into nothingness..."*

Keats' words from *Endymion* have often been quoted with respect to beautiful things and if I may, I would like to apply them to a magnificent, resplendent Landseer, Ch. (Can. & Am.) Hornblower's Long John Silver.

Purchased as a companion dog, but born to show, Long John caught the fancy of show exhibitors, breeders, and judges across the continent, with his high-spirited and extraordinarily-imposing appearance. With grace and agility, he moves quickly and easily about the ring, displaying that symmetry of motion for which he has become famous. His two years of showing have earned for him the highest accolade possible in Canada, that of Top Dog All Breeds, 1978.

His many wins include 131 Bests of Breed, 91 group placements (including 47 firsts), 16 all breed Bests in Show and three Best in Show specialties. At the 1977 Show of Shows, Long John competed for and won the honour of being Canada's Top Show Dog, and once again, in 1978, earned the award of Canada's Top Working Show Dog.

Benevolent, devoted, dignified — Long John exemplifies those qualities which make the Newfoundland so endearing to dog lovers the world 'round. That keen love of water so typical of the Newf has more than once landed Long John in the 'dog-house' for tip-toeing into the pool the moment our backs are turned. So too, his desire to be with his family has resulted in one giant 'beastie' spreading himself nonchalantly across our laps, much to the amusement but acute discomfort of those involved. Jonathan's stuffed animals are gently carried from room to room and rearranged in a manner more to Long John's liking.

We are proud, happy and grateful — to own a dog like Long John is a fulfilling experience in our family life, and to watch the beauty of a superbly co-ordinated animal is a joy in itself. It is with sincerest gratitude that we extend our deepest appreciation to the many fine judges who have made it possible for Long John to achieve the honour of being Canada's Top Dog. We are especially indebted to his breeder, Gerald Neufeld, for producing such a magnificent animal, and for providing us with the opportunity to own and love him. A gracious thank-you is extended to Martha Thorne for handling Long John in 1977-78.

In 1979 Long John will be shown in the United States under the guidance of William Trainor of Oxford, Mass., and in Canada by Judy Taylor, of Wainfleet, Ont. — The Raymond Family, Stowaway Newfoundlands, 23 Boone Cresc., Ottawa, Ont. K1V 9M5. (613) 521-0447.

## Lower those heights!

Re Jake's May obedience column. I support the lowering of the jumping heights of the obedience dog to shoulder height. I have written him a letter in support and as a CKC voting member I have written to the Obedience Council. I hope that all obedience exhibitors new to the sport, or those who have been in it for a long time, will take pen in hand and write now! All obedience clubs should circulate a petition in favour of the lowering of the jumps and forward it to the CKC.

Those who would not lend support probably have dogs which have no difficulty jumping. I have a Doberman who can clear her required height with inches to spare. I also have a Sheltie, OT. Ch. Merland Blue Chip UDT, Am. CDX, Bda. CD, who is very dear to me. He is nine years old and jumping is now an effort. To retire him would be like abandoning him to a life of boredom. As long as he can work in obedience and shows enthusiasm and is healthy I see no reason to leave him behind when I take my other dogs out for training.

Shadow's story is like a lot of good obedience dogs. Sooner or later those jumps become mighty high. Let's lower — not retire.

## April bouquets

I would like to take this opportunity to pass on my appreciation for the excellent description (Finnish Spitz), in fact for the top quality work and articles for the entire section. It is a shame that every breed couldn't have been accompanied by a photo but I realize that is one of the problems of publishing. Again, my compliments to whomever was responsible for the write-ups.

Joan Grant  
Golden, B.C.

Congratulations! You have done it again with the April issue. What a superb dog book — so full of interest and valuable information from cover to cover. Thank you.

Blanche Roberts

We want to congratulate you on your Breed Standards issue — really outstanding! And we are pleased to be a part of it.

Hazel and George Ross  
Islington, Ont.

I would like to take this opportunity to thank you for all the help you have given me over

the years. In particular, the high quality work you did with the visualization of the standards. With my limited budget you have always made my advertising effective and treated me with kindness and courtesy, which made me, as a small advertiser, seem very special.

Diana Notton  
Orono, Ont.

Just mentioning the fact that Debe (Ch. Hungerhausen's Debe, German Short-haired Pointer) would be representing the breed in the illustrated standards issue sold four pups for me!

Wolfe Hunger  
St. Laurent, Que.

I would like to express my appreciation to everyone at *Dogs in Canada*. It is such a joy to come home from a hard day's work and find the issue in my mailbox. Everyone has managed to put the information and articles into terms understandable to amateur owner/handlers like myself. I'm also very pleased with the new format. It saves a lot of space, while including even more information than the old. Now I don't have to worry about the pages getting torn from constant referral to them.

I have not had the virus in my kennels but friends have. The report is most beneficial for all breeders to read and give their veterinarian a copy.

I like your new format very much. You are to be commended.

## Fractional fractions

I note in your April issue that the breed standards are being converted to metric. Throughout the conversion, however, there is a serious mistake being made by creating more precision than was intended in the original standards.

For example, the standard weight of a German Short-haired Pointer used to be 55 to 70 pounds. Mathematically speaking, this means 54.50 lbs. to 70.49 lbs. The converted standard reads 24.947 kg. to 31.751 kg. which means, mathematically speaking again, 24.9465 kg. to 31.7514 kg. In other words, the old standard implied weights within half a pound, but the new standard implies weights within half a gram, or about one one-thousandth of a pound. This is utterly ridiculous. Any scale used to check the weight of a heavy dog probably wouldn't be capable of weighing to the closest .05 kg., let alone to the closest .0005 kg.!

The same mistake is being made with measurements of height and length. To say that an Afghan should be 68.58 cm. high is just plain silly. The old standard said "approximately 27 inches" so the new standard should say, perhaps, "approximately 69 cm."

The point is that the measurements in the standards were all approximate in the British units and so should also be approximate in the metric system. The best example I can give relates to the converted speed limits on the roads: 60 mph was not changed to 96.561 km per hour, 50 mph was not changed to 80.467 km per hour, etc. Rather, 60 mph was changed to 100 km per hour, etc. etc.

# "Long John Silver – that's who!"

*The Newf that was bought as a pet and became Canada's Top Dog all breeds*

By Joan Morden

Wherever one travels these days when dog people get together, sooner or later someone brings up the subject of 'your Canadian Landseer'. 'He's simply magnificent' is typical of what is said. Not unusual that Canada's top show dog of the year should be magnificent. What is unusual is that the dog should be a Landseer. Because up until a few years ago it was rare indeed to see a Landseer at a show. Rarer even to see one winning the breed. And then a black and white Newfoundland from the west made everyone realize that a Landseer could be just as typey, just as sound as his all-black brothers.

The dog's name was Ch. Topmast's Pied Piper. Campaigned sparingly, he was the front runner that changed most people's thinking about Landseers. Then hard on his heels came 'Long John'. Or to give him his full name, Canadian and American Champion Hornblower's Long John Silver, named after Stevenson's one-legged pirate in Treasure Island because he had one solid black front leg.

It was because of this distinctive marking that Lynn and Richard Raymond, of Ottawa, were able to buy Long John as a pet. While not a disqualification, neither was the solid black foreleg considered a desirable marking. His breeder thought it could count against him in the show ring.

"Besides, he was the biggest puppy in his litter," laughs Lynn, "and that is usually not regarded as the best show prospect."

On both counts Long John fooled the experts. He grew big and sound and handsome. As for the marking, in the words of Dr. Ivan Swedrup, a Swedish judge who has judged in 30 countries around the world and awarded Long John first in the Working Group on a recent Canadian assignment: "With conformation such as that, who cares about how the dog is marked."

So the Newf that was bought as a family pet went home to Ottawa to live with the Raymonds and true to instinct assumed his responsibility of watching over their three young sons.

"He'd get very excited whenever one of them went swimming in the pool. We had to train Long John not to rescue them."

During his growing months Lynn kept in touch with Long John's breeder, Jerry Neufeld, and began seriously to study the Newfoundland. It soon became apparent that her puppy was developing into something more than a run-of-the-mill pet. Long John looked promising and, encouraged by Neufeld,

Lynn showed him at a few matches. As a handler she was no roaring success. Being tiny, she found that her arms simply were not long enough to set the big dog up properly and she realized that if Long John was going to make his mark in the show ring she would need to get a pro. Neufeld directed her to Martha Thorne.

"The first time I saw the big fellow," says Martha, "he came ploughing through a mud puddle to my front door. Even though I already had a Newf to handle, one look at Long John changed my mind. That's the dog I'm going to show, I told Lynn." And that's the way it was for over two years. Martha says that once in a career a handler hopes to have a dog like Long John. After two shows, she says, he almost showed himself. He knew exactly what was expected of him and when he won he was in his glory. He loves the applause and attention. Martha recalls his first big weekend when he won two shows back-to-back in Quebec City. "The spectators mobbed the ring. Children crowded around him; babies were set astride his back to pose for pictures. Long John just stood there wagging his tail and smiling."

Lynn enjoyed the winning too and after a successful 1977 season with the Newf topping his breed, placing sixth in the Working Group and tenth all breeds, she set her sights on the big award — Top Dog, All Breeds. She had followed Dick Meen's campaign of his Borzoi and decided to follow a similar plan. But Long John, being a working dog, had a big advantage because of the greater size of the group entry. Lynn figured that if he could place in the group consistently, the Newf would have little trouble coming out on top.

"We were prepared to travel farther for bigger wins if it seemed to be necessary. Luckily it wasn't. We knew it would be costly but the reward seemed worth the price."

The 1978 campaign began with group placings and a BIS at the Sportsmen's Show. And throughout the year Long John held the pace — always a bit ahead of his closest competitor. Remarkable for any show dog — sensational in a giant breed that feels the heat and is prone to dropping coat. Change of pace kept him from getting show weary and bored. Weekdays he relaxed at home being picked up each Thursday by Martha, groomed and then taken to the shows. To help him cope with stress he was fed a protein enriched diet. But, even so, Lynn estimates he lost five to ten pounds on a circuit. Holding coat was a continuing problem too. But, oddly

enough, Lynn says he made some of his best wins when he was actually out of coat. Keeping the big fellow sparkling clean with his rich black markings sharply delineated against a pure white ground colour was a challenge to his handler. Martha says Long John was most cooperative. He'd hop into his bathtub and stand still as long as she wanted to work on him.

Special shampoos and grooming equipment weren't the only things that followed Long John on his travels. He had his own mat to lie on at ringside to keep him from soiling his coat; his own bibs to catch drools if he got overheated; his favourite toy, a stuffed Teddy Bear, to cuddle; bottles filled with water to spray him cool and bushels of ice cubes for him to lick. And in return for all this t.l.c. he gave his mistress and his handler the wins they sought and made history for his breed.

Lynn has no further ambitions for Long John in Canada. She feels he's done his part. He will be shown here again but just occasionally. Currently he is with Bill Trainor in the U.S.

"We'll be playing this one by ear" Lynn explains, "we don't plan on a heavy campaign. We'd just like to see how he fares in different competition."

So far, pretty well. His first time out Long John won the breed and placed second in the Working Group. But even more important, he has begun to exert a strong influence on the breed as a sire. One of his puppies won Best in Sweepstakes at the National specialty while numerous others placed well in classes.

Lynn has some young stock at home she plans on showing herself. She is learning how to groom and handle: "I'm not very good yet, but I'm working at it." She knows she'll enjoy the extra involvement and besides, she thinks it might be easier to get into the ring with a dog than to agonize at ringside watching someone else show for her.

As a family, the Raymonds enjoy the dog shows. Richard says it's like being in another world; business worries are forgotten and he likes competitive sports. But when asked if they would ever hit the campaign trail as hard as they did in 1978 they replied, almost in unison: "Not for a while — it's too intense, too exhausting."

Then, on reflection, Lynn, who admits she's deeper into the dog hobby than Richard, qualified her answer: "Well — maybe. When we get another Long John."

*The stunning cover portrait of Long John was taken by internationally renowned Toronto photographer Normunds Berzins.*

Kaye Peer, co-publisher of Dogs in Canada, presented the magazine's award to Long John's owner Lynn Raymond at the May Ottawa Kennel Club show. In making the award, Kaye said: "In 1883, Robert Louis Stevenson wrote a book called *Treasure Island*, which has become a beloved classic. Stevenson's most colourful character was a lusty pirate named Long John Silver, who was searching for a treasure of pieces of eight. Today, we have the pleasure of saluting another, very different Long John Silver, who started his quest in 1978 and along the way, unlike Stevenson's protagonist, has captured a legion of friends. Long John Silver — you've also found your own gold, which we present to you and your owner today. Would everyone here join with us in saluting our own Canadian Long John Silver, Canada's Top Dog for 1978, and his owner Mrs. Lynn Raymond."

# A festival of stars

In 1963 *Dogs in Canada* magazine developed a system to determine annually the top three winning dogs in each competing breed, the top ten in each group and the top ten, all breeds. The system is based on awarding one point for each dog defeated from Best of Breed to Best in Show. Some months ago we invited the owners of all these top dogs, all breeds, to join with us in presenting this 'look at the greats'. It would have been splendid if all had responded. And it's our privilege and pleasure to present this pictorial feature for your enjoyment.

CAN. & AM. CH. LORAMAR'S I'M A DANDY

CAN. & ENG. CH.  
STONEYGAP SUGAR CANDY OF MAHNRAF

## 1963

Mrs. Andrena Brunotte, of Poodhall fame, handled this magnificent Toy Poodle and we are grateful for her cooperation in providing this photograph taken with judge Stan Whitmore. 'Dandee' was sired by Am. Ch. Challandon Ivy League out of Loramar's Pixie and owned by A.E. Barlow. His record of 100 Bests in Show still stands over all poodles — Toy, Miniature and Standard. Mrs. Brunotte comments: "Dandee was the total show dog. He was the easiest dog in the world and friend of everyone he met. His fabulous temperament made it easy to keep him in top condition at all times. I remember once at Westminster when he wagged his tail without stopping for 45 minutes while the class was being judged. He was a joy to show and never let me down. He was eventually sold to the Robert Levys of Florida and was campaigned by them almost exclusively owner-handled." Mrs. Brunotte believes a poodle is an easy breed to campaign provided you take normal, correct care of the coat and health and also that you never neglect the emotional needs of this sensitive and intelligent breed. She believes that there is less emphasis on length of coat today and that many dogs are now shown in continental clip which was extremely rare in the '50s and '60s. She believes that the quality of Toys has considerably improved with the years but that unfortunately one still finds many poorly balanced, long-backed dogs being shown whose only qualification to being a Toy is having short, often bowed, legs.

## 1964

Fred Fraser, Ben Braggie Kennels, Ottawa, owned this sensational female West Highland White Terrier. She was bred by Mrs. D. Farnham and sired by Eng. Ch. Workman of Wynsolot ex Sugar Puff of Mahnraf. Shown only four times in England, she won four CCs, including Best of Breed at Crufts in 1964. Fred groomed, conditioned and handled her, working with her for hours every day. He feels that keeping the Westie in top condition and showing under judges who recognize condition and quality are the special problems faced in campaigning the breed. 'Candy' died in 1972. Fred believes that Westies are not as good today; that they have gone backwards in quality and that the records substantiate this statement. In 1972 he had the second top dog in Canada. He was only shown 32 times, from March to November, yet won 28 Group 1sts and 18 Bests in Show. No other Canadian-owned Westie, Fred says, has attained this record. He states: "At one time, Westies won more groups and Bests in Show than any other terrier. Today, few place in the group. We have lost many top terrier judges and conscientious breeders in the last eight years, and they have not been replaced."

CAN. & AM. CH.  
JA-MAR'S AVENGER OF ARBOR

## 1966

Owned by Mrs. Heather Logan, Donami Kennels, Oakville, Ont., 'Rebel' died of cancer in 1971. Bred by Bill Ford, he was sired by Ch. (Can. & Am.) Harry Vom Donaukai out of Jasmine of Eveley. While campaigned in the States only to his title, he captured groups there, too. Mrs. Logan believes that Shepherds are relatively easy to show compared to many breeds but that careful grooming is essential. 'Rebel' was "a born showman and seemed to love 'being on the road'." Mrs. Logan feels that today "Many Shepherds lack the sound structure found in the ring ten to 20 years ago. This is predominately attributable to the extreme angulation, especially in the hindquarter, seen today as well as to the tendency to judge the dogs mainly on side gait. This problem denies many a breed winner a group placing in today's competition. 'Rebel' was always exercised and fed a high protein diet so that he could be presented in good coat condition and muscular bloom. He was never presented with his ribs showing and coat untidy and dull. It takes hours of work and a great deal of patience."

CH. AMBASSADEUR

## 1973

Approximately 100 champion progeny were sired by this magnificent St. Bernard, owned by Dr. and Mrs. Charles Lunn of Franklin Centre, Que. Bred by Jean Tallard, 'Ambassadeur' was sired by Ch. Senator V. Fritz V. Mighty Moe ex Bedette. 'Ambassadeur' died May 5, 1978. Dr. Lunn believes that the fact that most shows are held in the summer creates a problem in campaigning the St. Bernard because of the discomfort caused by hot weather. Dr. Lunn feels that a breeder should be capable of showing his own dog, if that dog is worthy of campaigning. He believes that the breed is becoming less popular and consequently that the general quality is degenerating.

CAN., AM. & BDA. CH.  
MEPHISTO'S SOLDIER OF FORTUNE

## 1976

Seven years of age this month and looking as gorgeous as ever," writes Mrs. Donna Cole, co-owner with Bob Cole of the great 'Soldier'. Bred by Mr. and Mrs. W. Pinsker, he was sired by Ch. (Can. & Am.) Scher-Khoun's Shadrack ex Ch. Verwood's Lollipop. To date, 'Soldier' has 35 champion progeny to his credit. In the three years he was campaigned in the States, he was among the top ten winning Boxers each year — the last year, number six; for two years, number five. 'Soldier' was allowed to run on a ranch early in his life and his muscular development was maintained by allowing him daily free running. Mrs. Cole feels she can raise excellent puppies and condition animals to their peak but does not have the 'hands' for handling. She believes that handling is a talent one is born with. Mrs. Cole feels that "we have a predominance of brindle animals due to the winning records and ability to produce of Fashion Hint, Shadrack and Soldier." Mrs. Cole's kennel in Surrey, B.C., is called Rodonna.

CAN. & AM. CH.  
MI-TU'S HAN SU SHANG

## 1975

December 6, 1972, marked the start of 'Shang's' spectacular show career. Bred by Mr. and Mrs. Russ Robb, he was sired by Ch. (Can. & Am.) Foo H'Sing's Mister Lin Wu ex Ch. Chi-Kwang's Han Su Mei. He is owned by Joan and Herb Williams and Fred Peddie, Bu Dynasty, Toronto. Now six years old, 'Shang' has won 57 all breed Bests in Show, over 260 Group 1sts, eight breed specialties and one group specialty. He has taken groups at Westminster, Chicago, Westchester, Trenton, Detroit, Memphis and Montreal International. He has won the U.S. National Chow Chow specialty, the Chow Chow Fanciers of Canada twice, the Wisconsin Chow Chow Club specialty three times, and the Maple Leaf Chow Chow specialty twice. Fred says that "Good diet planning, both for the dog's individual needs with care taken as to breed peculiarities, coat conditioning with special attention to shampoos and brushing techniques, and a regulated program of roadwork and playtime all add to the overall picture of a properly conditioned show dog. However, the one magical quality that is still needed is panache, without which the most perfect of dogs isn't a great show dog." Fred states that Shang is "a gentle, loving dog to own, but what is also rewarding is the fact that his children and grandchildren continue his winning ways. He has produced group winning children and Best in Show winning grandchildren." Nicknamed "the Chow that flies" by the *New York Times*, 'Shang' is a great dog who has helped bring recognition to Canada and Canadian dogs.

## CAN. &amp; AM. CH. KISHNIGA'S DESERT SONG

## 1977

Bred by co-owners Drs. Richard Meen and John Reeve-Newson of Campbellville, Ont., the spectacular Borzoi was sired by Ch. Kishniga's Gallant Anubis ex Ch. Ruby de Bolshoy. To date, he has ten Canadian champion progeny and several with points towards their American title. In 1978, 'Moustache' was number six all breeds in the States, top Gazehound, number two Hound and top Borzoi with 49 Bests of Breed, 36 Group 1sts, 17 Bests in Show, eight specialty Bests in Show — defeating 27,000 dogs during the year. Dr. Meen believes that "the Borzoi is essentially very difficult to campaign because of coat care required, its not tolerating heat well, getting easily bored, requiring extra large kenneling, and the necessity for good daily running exercise." Dr. Meen recommends constant monitoring of health, regular exercising, lone kenneling, regular diet, two-year preparation prior to campaigning, slow introduction to the campaign trail, providing proper acclimatization prior to regular exhibition. He states that "as a breeder it was a challenge to exhibit my own dog and it also happened that we worked very well together as a team. A professional handler was employed on the occasions that commitments prevented my attending a show". Dr. Meen believes that "in the past ten years the Borzoi has grown in popularity and there are now more representatives of the breed seen at shows across North America. Generally speaking, the quality has also improved, therefore competition is stronger. The Borzoi went through a slump in the '40s, '50s and early '60s, mostly due to poor temperament. Temperament has generally improved and thus, also, the Borzoi's popularity. Borzois also tended to increase in size at the expense of elegance and balance which is a major fault, and breeders and exhibitors will have to take note of this. Borzois regularly place in the group and in recent years are receiving the recognition they deserve as a truly elegant and aristocratic hound."

# Let's hear it for the ladies

*Canadian women have produced some of the finest show dogs anywhere*

By Kaye St. James

**I**t's just not fair!" a wit observed. "Diamonds are a girl's best friend while a man's best friend is his dog." Pity the poor males. Now they're losing out on the dogs too. The dog show world has become more and more of a feminine domain. (And it's a cinch that the ladies aren't letting go of the diamonds either.)

Many of today's major kennel clubs were started about a century ago by groups of sportsmen who wanted to further the interest in the hunting breeds. Much too indelicate for the ladies, of course.

One book of those days on retriever training showed a photo of a Victorian lady slipping a snack to a Lab. The caption chauvinistically stated that "a woman can be the ruin of a good hunting dog" — a phrase calculated to raise the hackles on hundreds of today's female dog fanciers.

When a group of British gentlemen formed England's Kennel Club in 1873, ladies were not permitted to join. Only a few females actually exhibited dogs since it was considered "not quite respectable." But the British females were dog lovers too and they were not about to put up with being excluded from doggy doings. So they countered with the Ladies Kennel Association in 1895. There were occasional skirmishes with the resolutely male Kennel Club but the ladies dedicated themselves to making their annual show one of the world's best. In time, they dropped the retaliatory ruling that permitted only female exhibitors but kept their all-female show committee. The LKA show, held in London in early winter, has claimed the title of The Greatest One Day Show In The World.

Canadian women of those earlier days apparently encountered far less prejudices than the English. The September 1903 issue of *The Gazette* (an early CKC publication) noted, in regard to the annual meeting, that "several ladies, members of the club, honoured the meeting by their presence..."

A year later, the same publication noted that a Toronto show was offering a silver cup for the best kennel of four dogs entered and shown by a lady. Deferring gallantly to Victorian modesty, the same show provided an exercise ring "for the exclusive use of dogs owned by lady exhibitors." Canadian ladies obviously had influence in dog show matters even back then.

By the early 1930s, there were several women among the licensed judges. In '33, two women summoned up the courage to run for the CKC board. Both were defeated. But it was only a matter of time till Canadian women were not only on the board, but

heading up the organization as well. Mrs. Ellen Brown was elected Ontario Director in 1939 and Mrs. J.L. Pateman took the post of Director for Manitoba. Then in 1954, Mrs. Alva McColl became the CKC's 21st president and the first woman to head up any national kennel club. Mrs. Eileen McEachren was the next feminine hand to grip the presidential gavel. She took over in 1956. The presidency has now been held for ten years by the indefatigable Hilda Pugh.

So much for the business end of things. When it comes to judging, the number of women now officiating has grown steadily and the '78 list of licensed judges lists 75 ladies out of 161 — just less than half. In obedience, the proportions are about the same with 43 distaff judges out of a total of 93.

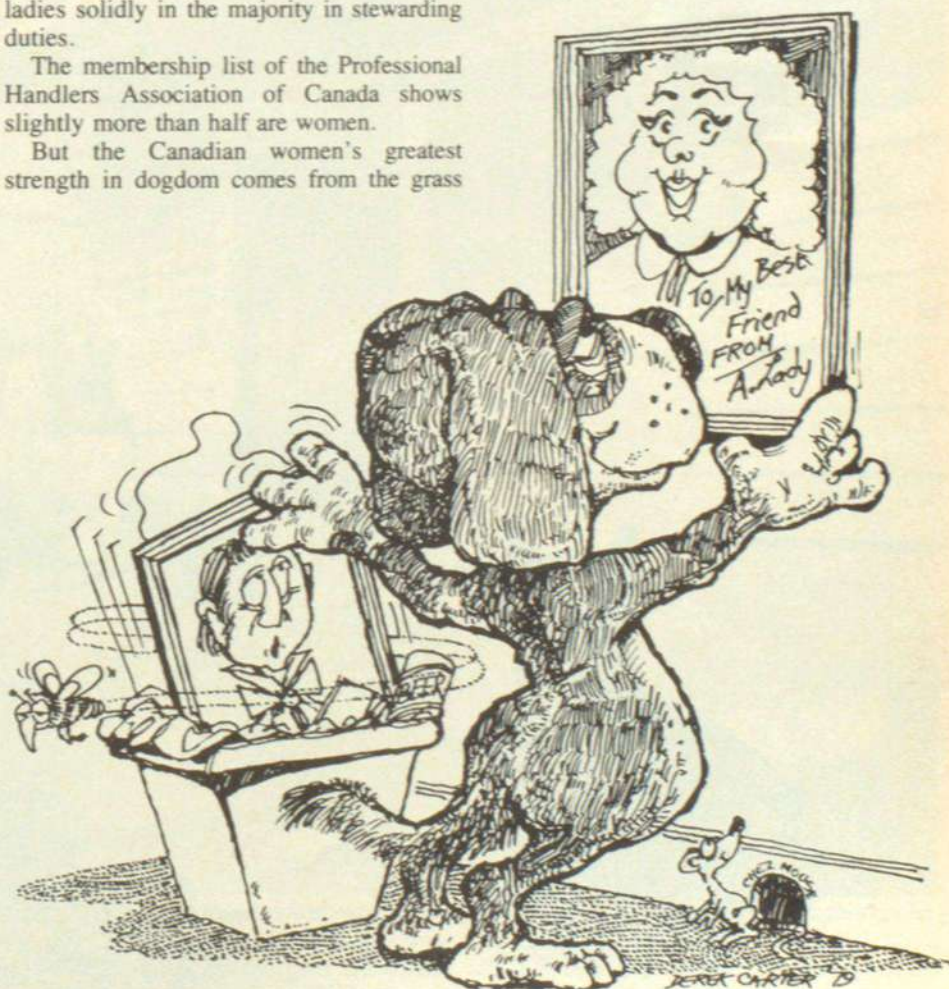

Let's not forget the unsung heroes and heroines of the show ring — the ring stewards who somehow manage to bring order out of all that chaos. No official figures, but a glance around any show venue will show the ladies solidly in the majority in stewarding duties.

The membership list of the Professional Handlers Association of Canada shows slightly more than half are women.

But the Canadian women's greatest strength in dogdom comes from the grass

roots — the breeders and exhibitors. *Dogs in Canada* surveyed its readers a short time ago and one question asked which member of the family was most involved in the kennel operation. An emphatic 52.2 percent replied that it was the female of the household. Splitting the duties between man and lady netted 39.2 percent (and remember half of those are women). Only 8.6 percent called it a totally male domain.

From Mrs. R.P. Adams, who began in 1903 and bred internationally famous Skye Terriers for over 60 years, through many fine breeders whose dogs have gained worldwide recognition and right up to the two ladies who gained a place in the record books by breeding recent BIS dogs at Westminster, Canadian women have produced some of the finest show dogs anywhere. So let's hear it for the ladies!

Dogs in Canada presents the first in a series of articles on

# Well-Planned Kennels

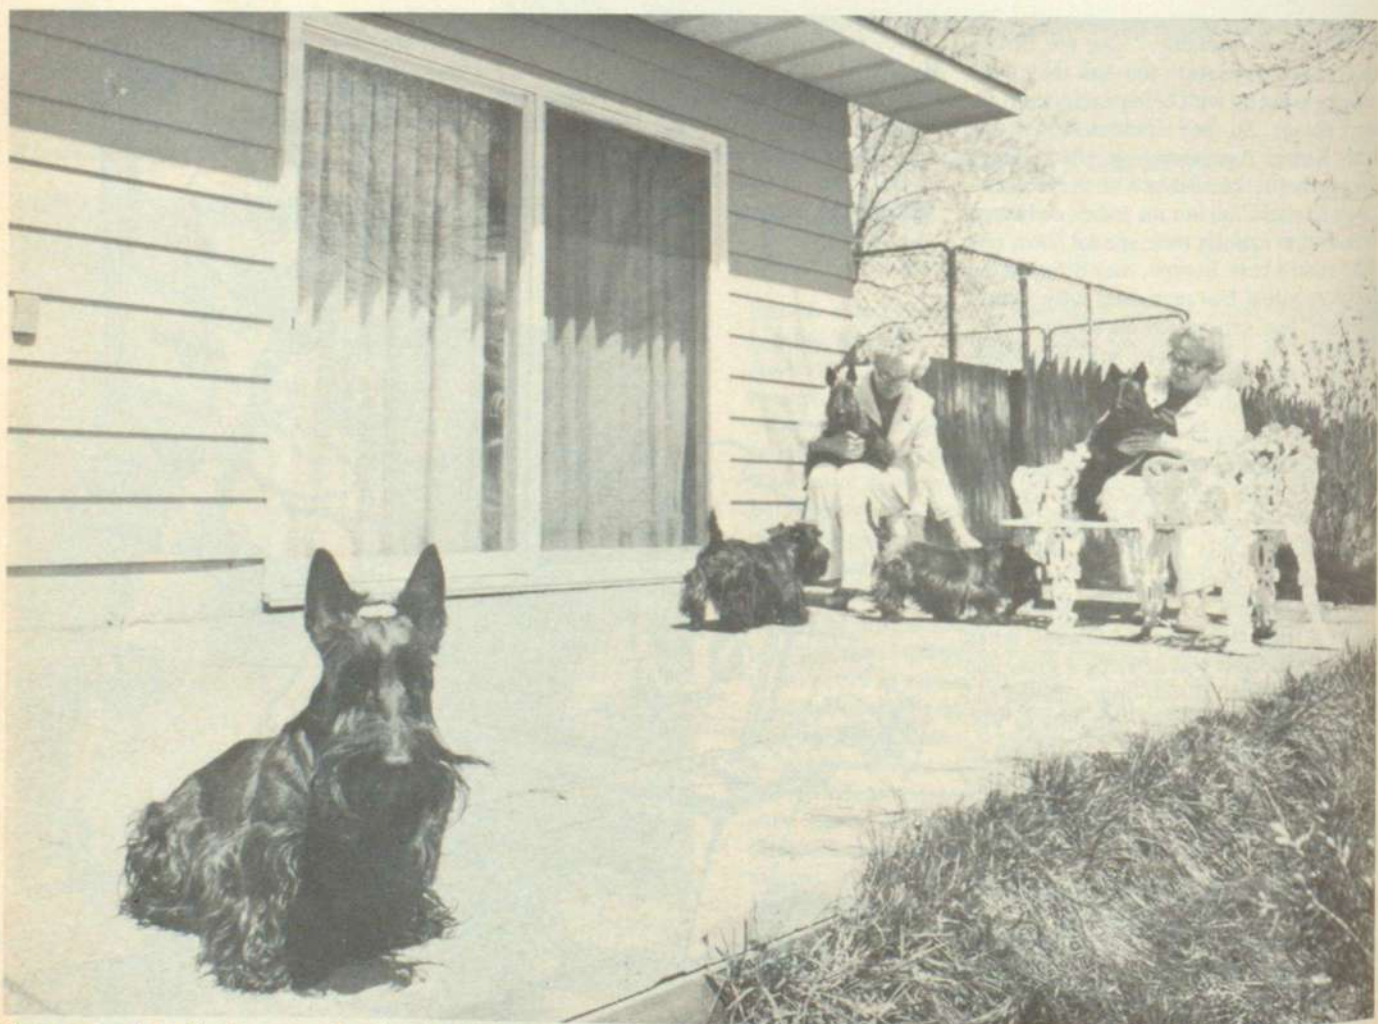

By Alice Bixler

*Dogs are addictive. Ask any kennel owner. She'll stand there, knee-deep in dogs and tell you about wanting "just one more."*

*One dog can merge very nicely into a household with only minor adjustments by the family. But when one dog becomes one dozen, then lifestyles must change and kennel arrangements are in order. When the canine contingent has expanded slowly, many owners simply add another dog house, another run, another dinner bowl as needed. However, there are several people who have designed and built their dogs' living quarters with a great deal of care and planning. They have aimed for the ultimate in comfort and security for their charges while keeping maintenance problems to a minimum. Many of their ideas are worth sharing.*

A spring green farmhouse perched on a hillock in the peaceful, rolling countryside near Manotick, Ont., houses Kirkcaldy Kennels. There, ten very fortunate Scottish Terriers and an occasional boarder live in bright and pleasant surroundings with partners Marion Fleming and Conn Hutcheon. The two women bought the 100-year-old house and acreage seven years ago and set about remodelling it. They spoke of adding a wing "for the dogs" and spent time talking to other kennel owners for suggestions. Two retired doctors helped them with a wealth of practical ideas and construction got underway in 1974.

The wing, which just about doubles the size of the original house, consists of a kennel room, a bedroom and a combination living room/office. Both women work for branches of the government in nearby Ottawa so they wanted a kennel that would be as functional as possible.

18 Everyone enjoys the large yard and patio. Behind Marion and Conn, a board fence encloses four outdoor runs.

"Flooring was the big problem," says Marion. They finally settled on dark green glazed Italian tile. The floor tile also extends up the wall for about a foot and the floor itself slopes slightly towards two drains in the

centre of the kennel room. The entire area can be hosed down, if necessary. So far, a damp mopping has been sufficient to maintain the sparkling cleanliness. In the centre of the room sits a unit of six fibreglass crates that

are used primarily for boarders. The cage unit sits on rollers as does the cabinet that houses bowls, towels, food and other kennel necessities. Both can be moved about for easy cleaning.

The space opposite the window is the grooming area. The panelled back of the six-cage unit holds a sizeable mirror. An extra high grooming table, a real boon to a tired back-bone, stands in front of it, allowing Marion to see both sides of the dog as she works and enabling her to get a judge's-eye view of a posed Scottie. Spotlights on the ceiling can be aimed at the grooming table to provide illumination in addition to the room's even, glare-free fluorescent lighting. A Scottie-sized double wash tub is handy for dunking dirty dogs or providing water for use in the kennels. A door at the far end of the room opens onto four outdoor runs. The walkway beside them is protected from the elements by a roof overhang. The runs are six feet high, coated chain link and are made up of panels.

Square, roomy wooden pens with wire fronts line one wall, divided into two sections by a wide picture window. The pens are coated with a tough and odourless epoxy paint that resists scratches and is easily wiped clean.

Each pen can be disassembled in short order for thorough cleaning or repair. A wooden shelf in each pen allows the resident Scottie to forsake the floor for a higher perch.

*continued over* 19

## WELL-PLANNED KENNELS

*continued from previous page*

"We think of this part of the house as the dogs' half," says Marion, standing beside the wrought iron gates that bar the dogs from the dining room and the remainder of the house. The 'people' half is handsomely furnished and features a delightful collection of dog figurines and dozens of lush green plants.

Marion rights a potted plant. "I guess one of the dogs must have knocked it over this morning." Oh? "Well," she says, "four of the dogs sleep in Conn's bedroom at night and four sleep in my room. But two of them stay in the kennel."

Dog lovers are all alike at heart.

A young nephew made the larger Scottie collar holder. Conn Hutcheon takes a lead down from a second holder. Both are situated conveniently by the door.

Beside the kennel room is a spacious living area that also serves as an office for the kennel. Audrey McNaughton drawings of

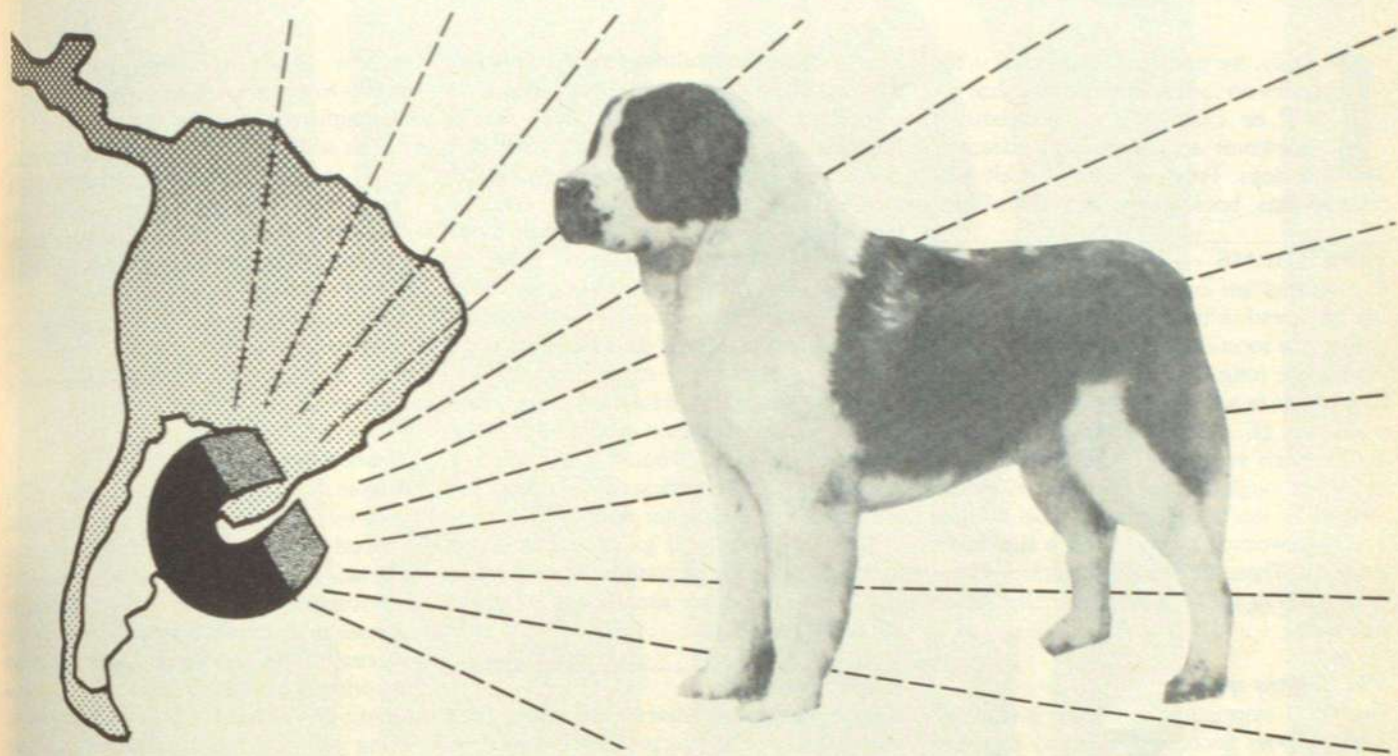

the Kirkcaldy Scotties line the panelled walls. A sliding glass door opens and closes continuously to let a steady parade of black

dogs out to the fenced-in yard and patio and then back into the room. Again, glazed tile flooring makes mopping up a breeze.

# The \$15,000 dog show

By Mike Macbeth

**H**ere's a fascinating problem: what would you do if you were a wealthy Argentinean who wanted to acquire the finest Saint Bernards from all over the world; dogs of such quality that they ordinarily would not be for sale?

The solution: to appeal to a universal motive — greed.

Dr. Jose Rafael Trazzo was determined to possess the finest Saint Bernards possible. So he devised a unique and fabulous competition to lure the best dogs from Europe and North America. Dr. Trazzo offered the Greatest Show on Earth: a dog show with a \$10,000 (U.S.) cash prize for Best of Breed, and \$5,000 for Best of Opposite Sex. The show would be held in Argentina, and all expenses for the ten-day trip would be paid for the owner of each and every dog accepted for competition.

There was one catch. It was a one-way trip for the Saint Bernards. Every dog that entered the show became the property of Dr. Trazzo.

The scheme was brilliant. No one would risk taking a dog to Argentina, unless he believed he would win the cash. Why go home dogless and empty-handed? Therefore, exhibitors entered only their top stock. In order to discourage any freeloaders from getting a free trip out of an inferior dog, only certain kennels of international standards and repu-

tation were invited to submit dogs for approval. A certified pedigree, a colour picture and the Saint's show record were sent to Dr. Trazzo's Inalco Kennels, and those dogs accepted for entry were notified.

On July 4, 1978, the owners and handlers of the 16 dogs chosen to be entered in the competition began arriving in Buenos Aires. The dogs were met by several of Dr. Trazzo's employees, including a veterinarian, who took the Saints to a comfortable kennel while their owners were treated to four days of sightseeing in the Argentinean capital.

The exhibitors then flew to San Carlos de Bariloche, a town nestled between two snow-capped mountains in the Andes, near the Chilean border. Before the dog show began, the Saint Bernards were paraded through the main street of Bariloche, as their American handlers sang "When the Saints come marching in".

The show was a two-day event. The first day, each entrant was presented to the crowd of 5,000 and to the judge, the president of the Argentinean Kennel Club. Unlike other shows, each dog's name, show record and bloodlines were announced. The second day, the dogs were introduced again to the spectators and judge, who proceeded to examine each dog carefully. Finally, the adjudicator made his decision. (And with \$15,000 riding on the two winners, the competition was intense and exciting.) The \$10,000 for Best of

Breed was awarded to a dog belonging to Bob and Mary Lou Wilson of Burlson, Texas. The \$5,000 prize for Best of Opposite Sex was awarded to a Canadian-bred bitch, bred by Mr. and Mrs. John Vandermeer of Limehouse, Ont. Ironically, Dr. Trazzo had bought the one-and-a-half-year-old female, Mont Blanc's Senta, for \$1,500 just scant months before, so he did not have to part with the BOS prize money.

Are the Vandermeers upset that they could have received \$3,500 extra for their Saint? "Not at all. Dr. Trazzo has bought six Saints from us in the past few years, and we are delighted that he is so pleased with her, since she was purchased sight unseen." "But," they admit, "had we not sold her, we would have entered Senta in that show."

Was anyone skeptical that Dr. Trazzo's own dog was awarded the second prize? "Dr. Trazzo is president of the World Bank of Argentina. He's a millionaire several times over," says Mrs. Vandermeer. "He isn't going to worry about \$5,000."

The show was a rousing success. The Vandermeers and the Wilsons are naturally delighted. Dr. Trazzo spent \$10,000 plus expenses (approximately \$1,200 per person) to stock his kennels with 16 top quality Saint Bernards. Everyone else received an exciting holiday. So there were no losers. In fact, the idea so pleased the Argentinean banker that a second fabulous show is planned.

## Conclusion

By Dr. Martin DeForest

**I**n this, the third and final article in the series on canine internal parasites, we will be examining the problems of tapeworm and heartworm infections in dogs. Previous articles dealt with roundworms, hookworms, and whipworms.

### TAPEWORMS

Tapeworms are one of the most common worms found in the adult dog and often are among the most difficult to eradicate. Tapeworms are long, flat and ribbon-like. They may be up to several feet in length, and are made up of segments resembling melon seeds. Each segment contains *hundreds* of eggs. Although they may not pose as serious a threat to the health of the dog as ascarids and hookworms, they are still a significant problem. There are two important tapeworms of dogs, *Taenia pisiformis* and *Dipylidium caninum*.

#### The *Taenia* species

The adult worms live in the dog's small intestine. Dogs become infected by ingesting the larval (immature) form of the parasite which is contained in an intermediate host, namely a rabbit. This is, therefore, usually a common problem of dogs living in rural environments.

Segments and/or eggs of the tapeworm are passed in the stools of infected dogs. The tapeworm egg must be eaten by a rabbit for the lifecycle to continue. The immature form of the parasite then gains access to the abdominal tissues (mesentery) of the rabbit. When the viscera of an infected rabbit are eaten by a dog, the parasite gains access to the canine digestive tract where it grows to maturity. Although this is not a very harmful internal parasite of dogs, it can be the cause of weight loss and general unthriftiness. Also, large numbers of worms may obstruct the digestive tract.

Several drugs are available to rid animals of these parasites. Three of the more common ones are *Yomesan* (Haver-Lockhart), *Telminic* (Pitman-Moore) and *Scolaban* (Wellcome).

#### The *Dipylidium* species

The other major tapeworm of dogs, *Dipylidium caninum*, has a somewhat different lifecycle than that of the *Taenia* species. The intermediate host for this parasite is the flea. The cycle begins as *Dipylidium* eggs are released from tapeworm segments which were passed in dog feces. Developing flea larva ingest the eggs, which then hatch and begin to develop within the larva. Ultimately, the

flea larva attains adulthood, still containing the immature tapeworm. The lifecycle is completed when the infected adult flea is ingested by a dog. The immature tapeworm is released from the flea and develops to maturity in the small intestine of the dog. In a typical case, the owner will then begin to see tapeworm segments in the feces. These are creamy white when fresh, but are tan when dry and resemble sesame seeds or grains of rice, and may be seen at the base of the dog's tail, in his bedding, or in the feces.

Treatment for *Dipylidium* infection is similar to that for the *Taenia* species with *Scolaban* being the drug of choice. This parasite is often a little more difficult to be rid of, and may necessitate a higher dose.

This tapeworm will grow to maturity in humans following ingestion of an infected flea. However, there usually are no severe clinical signs in man.

### HEARTWORMS

Canine heartworm disease has long been recognized as a serious problem among dogs living along the eastern and gulf coasts of the United States. The incidence of canine heartworm has spread rapidly from the southeastern U.S. in both northward and westward directions. It is now a recognized disease in dogs which have never left Canada.

Heartworm disease is caused by *Dirofilaria immitis*, a worm that lives as an adult in the right side of the dog's heart. The adult stage of the worm is the harmful one, at which time the full grown male worms measure about six inches in length and the females reach a length of 12 inches.

Heartworms are transmitted from dog to dog by mosquitos. There are three stages of this parasite's lifecycle:

In the first stage, the mature female worm lays live immature worms (called *microfilariae*) in the bloodstream. The microfilariae do not develop, but circulate and live in the bloodstream for up to three years. This constitutes the second stage of the worm's lifecycle. Mosquitos become infected when they draw a blood meal from an infected dog. The microfilariae can then develop to the infective stage within a mosquito.

The third stage of the lifecycle takes place when the infected mosquito bites a dog and passes the infective larva into the dog's blood stream. The larva migrates to a position under the animal's skin, where it lives for the next three months. It grows to about three inches in length, then migrates to the dog's heart and adjoining blood vessels. There it completes its growth during the next three

months. When the worm is fully grown, it begins to develop microfilariae and the cycle is completed, to repeat again.

The adult worms live for about five years, while the microfilariae persist for three. A single infected dog can, therefore, be a constant source of infection to all dogs in the surrounding community for at least eight years.

Since mosquitos cannot be completely eliminated in most areas, the best prevention for heartworm disease is to keep heartworms from reaching the damaging adult stage in your dog.

#### Heartworm treatment

A heartworm test must be first conducted by your veterinarian. If adult worms are present, a blood test will show the presence of microfilariae. In this instance, where the test result is positive, he can treat the dog to convert the animal to a negative state. This is usually successful, but serious complications are not uncommon, and the treatment protocol must be rigidly adhered to. Several treatments, using different medications are usually required to rid the dog of both the microfilariae and the adult heartworms.

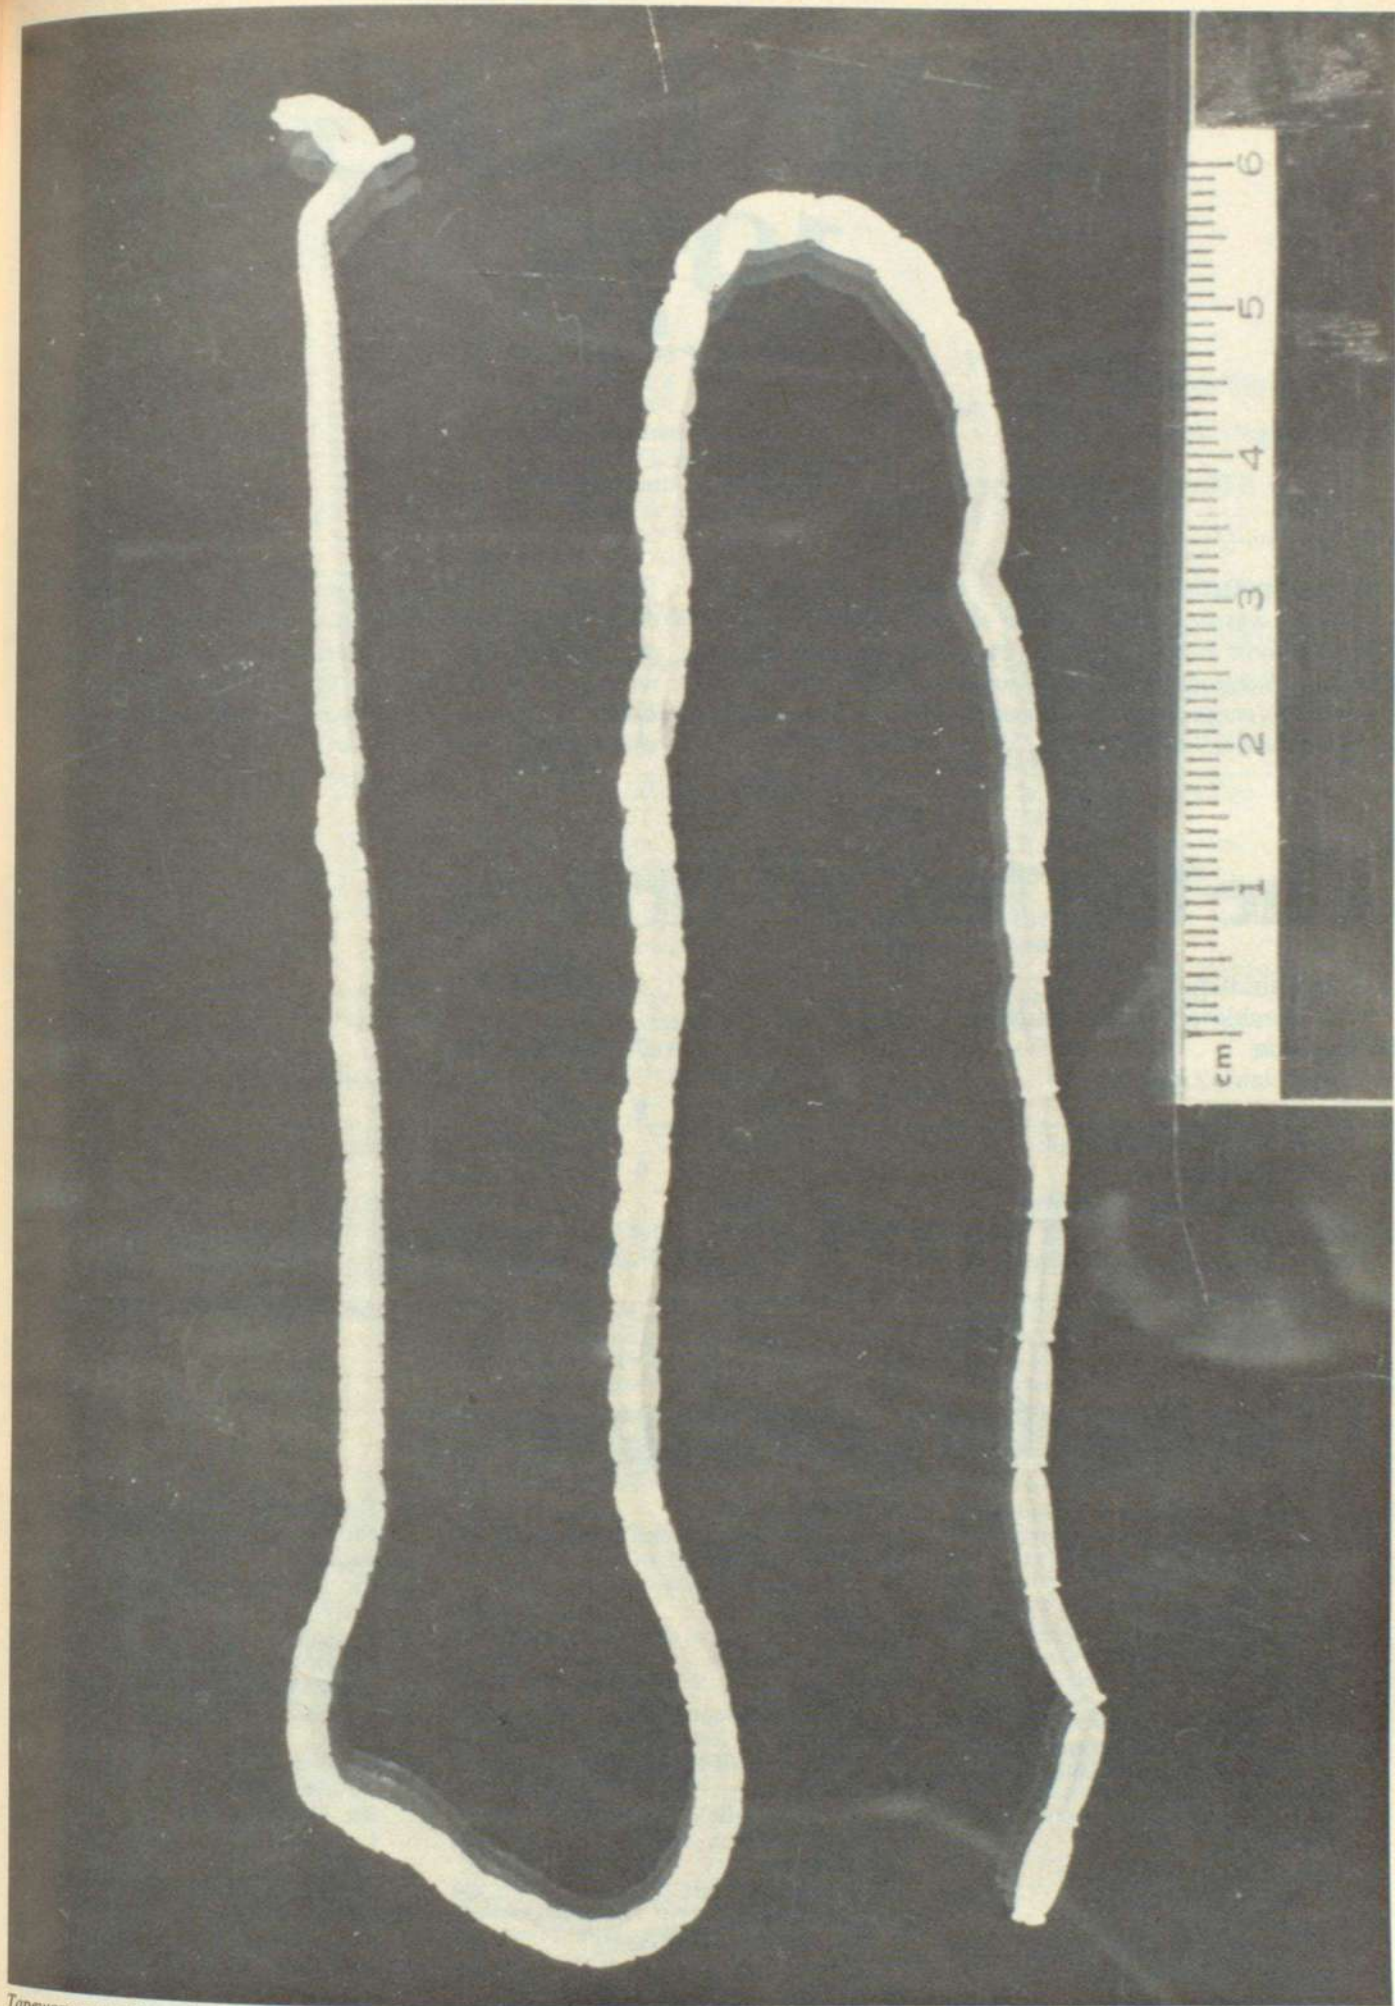

If the heartworm test is negative or after the dog has been converted to a negative state, the animal may, in high risk areas, be placed on heartworm 'preventives' which inhibit the maturing of infective larvae into adult heartworms. Commonly used medications of this type include *Styrid Caricide* (American Cyanamid) and *Filaribits* (Norden). These must *not* be given to dogs with active heartworm infections until they have been converted to a negative state.

Control and prevention of internal parasites is aimed at breaking their lifecycles. Clean housing conditions combined with prompt diagnosis and treatment when parasitic infections occur are important measures in keeping danger to a minimum. One also must remember that control of the intermediate hosts of the various parasites (fleas, lice, and rabbits for tapeworms and mosquitos for heartworms) is an essential part of an overall plan for control of internal parasites in dogs.

# TOP DOGS 1978

The Dogs in Canada point system is based on one point for each dog defeated from Best of Breed to Best in Show. Statistics were compiled by Mrs. Joan Morden, well known Miniature Schnauzer breeder, international judge, and contributor to this magazine. They are based on official show results as published up to and including the March 1979 issue.

Because of the deadline for finalizing totals, Mrs. Morden could not be aware of any corrections in show results, should they subsequently have been made. Owners of these top winning dogs have been presented with a certificate of record, honouring their dog's outstanding achievements in Canadian show rings during last year.

# MANTICORE'S Great

## CH. PATHWAY'S SAM'S LEGACY OF JAMESTOWN

*has made both 'Top Ten' lists again. He has been Third Top Pekingese in Canada for both 1977 and 1978; Fifth Top Toy in 1977 and Sixth Top Toy in 1978.*

In 21 months of showing this vigorous, solid, compact, majestic animal, handled exclusively by his co-owner Frances Alcock, has won two Best in Show awards and was 112 times Best of Breed, placing in the Toy Group 105 times (39 firsts, 30 seconds, 20 thirds and 16 fourths). Of the three top 'pekes' in both 1977 and 1978, only he is owner-handled. His accomplishments as a sire reinforce his achievements in the ring. Last son of the important breed force **Eng. Ch. Yu Yang of Jamestown** and great-grandson of the legendary **Eng., Am. and Can. Ch. Fu Yong of Jamestown**, for whose linebred stock Manticore is the North American stronghold, Ch. Legacy throws the matchless head and eye, compact body type and great ribs characteristic of his paternal strain. He is the sire of the glorious **Eng. Ch. Shiarita Hello Dolly** who, in turn, is the dam of England's top Pekingese of 1978, **Eng. Ch. Shiarita**

**Cassidy**. In Canada, for Manticore, out of the homebred Fu Yong granddaughter **Ch. Manticore Gazou**, he has sired three champions in one litter, the fabulous brothers **Ch. Manticore Legato**, **Ch. Manticore Leggiero** and **Ch. Manticore Legno Nero**. The last-named has gone to the U.S. His brothers, **Ch. Legato (Jasper)** and **Ch. Leggiero (Baron)** have remained to perpetuate their sire's tradition in the specials ring, and to stand at stud at Manticore along with Ch. Legacy himself, his (and Ch. Fu Yong's) grandson **Ch. Manticore Don Fano** and five other prepotent, linebred champion sons and grandsons of Ch. Fu Yong, including **Ch. Mandragora Bonfire**, **Ch. Weipas Moonbeam**, **Ch. Manticore Boniface**, **Ch. Manticore Galore** and **Ch. Manticore Man in the Moon**. Manticore thanks and compliments the many judges who have recognized Ch. Legacy's distinction in the ring and importance to the breed.

She therefore directed that consideration of the other proposed amendments to the Dog Show Rules would await the arrival of additional members of the Board.

*Motion carried*

The question was raised as to whether the effective date of January 1st, 1980, in effect required that a club obtain official recognition before being granted permission to hold an event under C.K.C. Rules in 1980.

It was agreed that a club wishing to hold an event under C.K.C. Rules in 1980 must first obtain official recognition under these policies. ### REGISTRATION OF LISTED DOGS

**SUBJECT:** A recommendation, advanced at the Annual General Meeting by Mr. R. Vergolst, that after a listed dog has acquired the awards and championship points necessary for championship status, a letter be addressed to the owner of the dog informing him of that fact and stating that the dog must be registered in Canada within a stated period of time, say 60 days, and the dog may no longer be shown in class competition.

*Motion carried*

### MINIATURE DACHSHUNDS - "SPECIALS ONLY"

**SUBJECT:** A concern, expressed at the Annual General Meeting by Mrs. Alden, that a foreign-born Miniature Dachshund which earns all of the required awards and championship points for championship status as a puppy cannot be entered for 'specials only' while still a puppy, because KC policies require that the dog must be a year of age before application for registration can be submitted to The Canadian Kennel Club.

*Motion # 134-3-79*

*Moved by Mr. Dixon, seconded by Mr. Ashcroft:*

*"THAT, the Manager of the Shows and Trials Division, prepare and give notice in 'Dogs in Canada' of a proposed amendment to Chapter 4, Section (of the Dog Show Rules) to enable a Miniature Dachshund which has earned the required championship points for championship status under the required number of judges, to be entered for Specials Only as long as it is under one year of age and providing that application for registration of the dog is submitted to the Registration Division within two months after the dog reaches one year of age."*

**SUBJECT:** A statement, made at the Annual General Meeting by Mr. D. Somers, to the effect that when the Central Ontario Beagle Club submitted its comments on proposals to amend the current Dog Show Rules as it concerns awards to Beagles at championship shows, the Club had also "asked for some guidance on the proposal that we have made to establish two distinct varieties of Beagles in Canada".

In discussing the proposal referred to by Mr. Somers the Board noted that at present Beagles are divided into two varieties, with one Best of Breed, at championship shows, and the proposal apparently contemplated a division of Beagles into two separate 'breeds' for show purposes, each with a Best of Breed and both eligible for group competition.

*Motion # 135-3-79*

*Moved by Mrs. Smith, seconded by Mr. Ashcroft:*

*"THAT, the Board is not prepared to entertain this proposal at this time."*

*Motion # 138-3-79*

*Motion carried*

### AWARDS OF BEST PUPPY AND BEST CANADIAN-BRED PUPPY AT SPECIALTY SHOWS

**SUBJECT:** A recommendation, advanced at the Annual General Meeting by Mr. Vergolst, that "specialty clubs which draw a very large entry from outside of this country be permitted to present both awards, the Best Puppy and Best Canadian-bred Puppy".

In discussing this recommendation the Board noted that the present Dog Show Rules provide that a show-giving club may provide for the award of Best Puppy OR Best Canadian-bred Puppy but may not provide for both awards.

*Motion # 140-3-79*

*Moved by Mr. Dixon, seconded by Mr. Devlin:*

Motion # 144-3-79

Moved by Mr. Dixon, seconded by Mr. Ashcroft:

"THAT, Mr. Warnock be informed that we have recently increased from \$150.00 to \$500.00, the amount a C.K.C. representative may claim for out-of-pocket expenses, and the matter is under constant review by the Board of Directors."

FOR THE MOTION: Mr. Ashcroft, Mrs. Mackenzie, Mrs. Wait, Mr. Ross, Mr. Dixon, Mrs. Smith, Mr. Devlin, Mrs. Pugh.

Motion carried

In a discussion which followed the question was raised whether, as was permitted previously, a Director may authorize payment from his annual allowance of any part of the expenses of a C.K.C. Representative in his zone. It was agreed that this would no longer be permissible.

Mr. Ross enquired whether it is permissible, in the case of a Director who is chairman of a committee, to take out of his annual allowance any expenses incurred in his capacity as chairman of a committee.

It was agreed that it had been previously understood that this would be permissible.

SUBJECT: The question, raised at the Annual General Meeting by Mr. A. M. W. Samuels, on why, when a Companion Dog Certificate is issued on a dog, the title of Champion, previously earned, was not shown on the C.D. Certificate.

Mr. Brown explained that separate files are maintained on dogs winning at championship shows and those winning at obedience trials, and to show earlier titles on any title certificate being issued would necessitate a check of both sets of files before the title certificate is issued.

It was agreed that Mr. Samuels would be informed that the Board does not contemplate any change at the present time in the current arrangements.

SUBJECT: The question, raised at the Annual General Meeting by Mr. Victor Nunn, on whether the Board, before it classified the Basenji as a 'sighthound', sought input from the membership.

The President reported that Mr. H. V. P. ('Bumpy') Lewis, a long time member of The Canadian Kennel Club and breeder, exhibitor at shows and trials, and for many years Chairman of the Dog Show Committee for the Canadian National Sportsmen's Shows in Toronto, had passed away.

## CLUB RECOGNITION COMMITTEE

REPORT: Mr. Ross, Chairman of the Club Recognition Committee, reported that in accordance with the Board's direction he and Mr. Brown had met during the lunch at yesterday's session of the Board to review Section 1 (Application) of the Club Recognition Policies approved earlier in this Annual Meeting of the Board. Mr. Ross stated that since the Board had earlier decided that a club wishing to hold a championship or licensed event under the Club's rules in 1980 must first obtain official recognition, the revision of a Section 1 (Application) had been based primarily on the need to provide for a more routine-like processing of applications of those clubs which have heretofore held championship or licensed event under the Club's rules.

## TRANSFER OF OWNERSHIP - MAILING OF CERTIFICATES

SUBJECT: A letter (dated February 2nd) from Mr. G. Mr. Smith stated that if this procedure was adopted he felt sure that it would eliminate many of the problems now being encountered by new owners in obtaining Certificates of Registration in the case of dogs previously registered and now being transferred to new owners.

Motion # 160-3-79

Moved by Mr. Dixon, seconded by Mrs. Smith:

"THAT, this matter be referred to the Amendments Committee (By-laws)."

REPORT: The Board considered a report to the effect that approaches had been made to eight different machine shop and tool companies seeking quotations on the manufacture of measuring standards and the quotations from two different companies were presented for the Board's consideration.

During a discussion it was agreed that it would not be practical to provide a measuring standard in both the Imperial and Metric systems and that, for the time being at least, the standard would continue the Imperial system.

"THAT, we accept the bid of the B and B Machine Company."

"THAT, effective January 1, 1980, this is the only Measuring Standard that will be recognized by the Canadian Kennel Club for use at Championship Shows held under CKC rules."

FOR THE MOTION: Mr. Haverstock, Mrs. Mackenzie, Mrs. Wait, Mr. Ross, Mr. Smith, Mrs. Jackson, Mr. Dixon, Mrs. Smith, Mr. Fraser, Mr. Devlin, Mrs. Pugh.

**ROLE OF OFFICERS AND DIRECTORS**

**SUBJECT:** The Acting Manager reported that this subject had been placed on the Agenda of this meeting following consultation with the President, and stemmed from a feeling that the demands placed on Officers and Directors had increased to a point where it might be considered advisable to examine the duties and responsibilities of individual Members of the Board in order that their personal time may not be taken up so much with the Club's affairs.

The suggestion was made that Mr. Brown, with his long experience with the Club, should prepare material on this subject for the Board's consideration. The President expressed the view that it is not fair to ask an employee, regardless of his knowledge and experience, to define the role of a Director.

During a discussion which followed, Mr. Ashcroft, Chairman of the Obedience Council, pointed out that on a previous occasion the Board had decided that such dogs would be eligible in licensed Obedience Trials held under the Club's rules only to subsequently establish that this was not possible without taking appropriate steps to amend the Obedience Trial Regulations and Standards. Mr. Ashcroft reported that proposals along this line had been considered by the Obedience Council, and the Council was not prepared to recommend approval of such a move.

*Motion # 183-3-79*

The Acting Manager pointed out that earlier in this meeting he had presented to the Board proposed new schedules of Championship Point Ratings based on statistics accumulated of breed competition at all-breed Championship Shows held in 1978.

## C.G.E. SYSTEM NUMBER 70

REPORT: Mrs. Dorothy Walker, Registrar, reported that:

- (1) The transition from the use of Alphatext equipment to the new C.G.E. equipment at the Club's office had been successfully negotiated and the C.G.E. System Number 70 was now producing Certificates of Registration for litters, litter kits, and individual Certificates of Registration. The new equipment was proving to be very satisfactory in this area.
- (2) Mr. Syd Bosloy, of the Management Consultants Section in the Department of Agriculture, was now in the Club's office for the purpose of installing and testing systems which would enable the transfer of the Club's Membership Records from Alphatext to the C.G.E. system, and also to conduct tests on methods by which the new C.G.E. equipment could be used to replace the long-used manual system in the Revenue Section.
- (3) The recent re-introduction of the double scale of fees had generated a very considerable increase in the volume of rejects and the necessity of now checking all applications against the Membership Records and dealing with rejects on the grounds of insufficient fees was causing delays in the processing of applications for Registration and Transfer.
- (4) The re-introduction of the double scale of fees was prompting a considerable number of applications for Transfer of Ownership involving families and partnerships, and all such Transfers had to be processed without charge as provided in the new schedule of fees.

Motion # 207-3-79

Moved by Mr. Ashcroft, seconded by Mrs. Jackson:

"THAT, the matter of transfer of dogs between members of a family be referred to the Amendments Committee (By-laws)."

FOR THE MOTION: Mr. Ashcroft, Mr. Haverstock, Mrs. Mackenzie, Mrs. Wait, Mr. Smith, Mrs. Jackson, Mr. Dixon, Mrs. Smith, Mr. Fraser, Mr. Devlin, Mrs. Pugh.

Motion carried

Mrs. Walker went on to point out that when the C.G.E. System 70 equipment was installed in the summer of 1978 it was understood that this would be on an experimental basis and that by the end of the year's lease of the equipment a decision would be made on whether to retain the equipment, the extent to which it would be employed, and a determination made whether to purchase or to retain the equipment on a lease/purchase arrangement.

It was agreed that a full report on the equipment would be made at the June meeting of the Board.

Mr. Smith referred to the incidence of errors in the processing of applications in the Registration Division. Mrs. Walker stated that the incidence of staff turnover within the Division and the need to train new employees was a contributing factor to the incidence of errors.

## REGISTRATION OF TITLE WINNERS

SUBJECT: A report (dated January 24th) submitted by the Registrar and Acting Manager in accordance with a direction of the Board following its consideration of Mr. Dixon's proposal that the Board consider steps which might be taken in connection with the very high incidence of dogs which earn all the points and awards necessary for a title, but which are not subsequently registered in the Club's records.

Reference was made to the fact that earlier in the meeting the Board had approved a proposed amendment to the Field Trial Rules and Regulations for Beagles, the amendment in part providing for the introduction of a new system recommended by the Acting Manager some time ago whereby a foreign born dog may be accorded its title without C.K.C. registration, provided the owner proceeded as provided in the amendment.

Motion # 208-3-79

Moved by Mr. Smith, seconded by Mr. Devlin:

"THAT, this be referred to the Dog Show Council."

## HARDSHIP CASES

SUBJECT: The Registrar's report to the Board dated January 23, 1979, accompanied by a copy of a letter dated December 4, 1978, which the Registrar had received from the Chief Registration Officer of The Department of Agriculture, suggesting an addition to the Club's By-laws to provide for authority of the Board to deal with hardship cases involving registration.

In discussion the question was raised as to whether any additional authority was required in the By-laws having regard for the authority possessed by the Registration Committee according to Article XIII, Section 1 of the Club's current By-laws.

Moved by Mrs. Smith, seconded by Mrs. Jackson:

"THAT, this be referred to the Amendments Committee (By-laws)."

Motion # 213-3-79

Moved by Mrs. Wait, seconded by Mr. Dixon:

"THAT, in the case of breeds new to recognition in Canada, where possible, the owners of the twenty-five-plus specimens registerable be contacted by registered mail by the Breed Standards Committee to comment on a proposed breed standard, and given thirty days to reply. At that time, the breed standard will be brought before the Board for their decision."

FOR THE MOTION: Mr. Ashcroft, Mr. Haverstock, Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

ABSTAINED: Mr. Smith, Mr. Devlin.

Motion carried

SUBJECT: Item No. 5 in the report of these Committees dated December 29, 1978. In this section the Committee pointed out that under the present system, all twenty-five specimens of a new breed may be owned by one person, and stem from only two dogs. The Committee felt that this was unwise for the future of the breed, therefore it proposed the following policy motion:

"There must be a minimum of twenty-five dogs of the breed before the Board will consider recognition. The twenty-five applications for submission must be from at least three different provinces, and the Board feels, with advice from the Breed Standards Committee, the registerable specimens are from a wide enough genetic base to ensure future success for the breed."

Motion # 214-3-79

Moved by Mrs. Smith, seconded by Mrs. Mackenzie:

"THAT, we approve the recommendation in Paragraph No. 5 of the report of the Breed Standards Committee dated December 29, 1978."

ABSTAINED: Mr. Fraser.

Motion carried

SUBJECT: In its report of December 29, the Breed Standards Committee expressed the feeling that the complete system for changing an already existing breed standard is cumbersome and it proposed the following changes:

Section 4.

a) To item 3, add: and those individuals must own a registered specimen of that breed and be actively involved with that breed.

- b) Change item 4 to read: If the Breed Standards Committee considers the changes and the reasons for the changes to be valid, the proposed new standard or change in standard shall be published in TWO SUCCESSIVE issues of the official organ of the Canadian Kennel Club, and the publication shall be accompanied by an invitation to those interested to submit their comments. The time limit for the receipt of comments shall be THIRTY DAYS from the second date of publication.
- c) Change item 5 to read thirty days, instead of 6 months - this just keeps it in line with the above proposal.
- d) Item 6, as currently printed, is no longer in effect as it was revised this past year to delete the waiting period if there were no adverse comments the committee felt were worthy of note. It should now read:

"If there are no negative comments the Committee feels are worth acting on, the proposed standard shall at this time be brought before the Board of Directors for final approval. If, however, it is felt that modifications to the proposed standard are in order, the amended standard is to be published in two successive issues of the official organ of the Canadian Kennel Club, and the publication shall be accompanied by an invitation to those interested to submit their comments. The time limit for the receipt of comments shall be 30 days following the second date of publication."

The Board proceeded to consider each of the four subsections individually.

## BOOK OF BREED STANDARDS

SUBJECT: In its report of December 29, 1978, the Breed Standards Committee referred to a previous decision of the Board (Motion #625-12-78) to combine all breed standards into a single volume, and it proceeded to outline its suggestions with regard to four sections of such a volume:

- (1) A section such as is in the AKC book on the origin and purpose of each breed.
- (2) Section with photographs of each breed (where possible, dogs to be Canadian dogs). This would be an advertising section, with only 4 pictures to be allowed, with the first 2 pictures submitted of each sex to be accepted. Ad rates to be set quite high. Note: these pages would more than pay for themselves. It was also felt that both sexes should be represented, as in many breeds there is a marked difference between the sexes.
- (3) A section with the standards as currently approved.
- (4) A section of anatomical drawings showing common faults, as well as proper structure.

The Board noted that it had earlier decided that the matter of publication of the book of Breed Standards would be dealt with by the Education Committee.

## SANCTION MATCHES BEFORE CHAMPIONSHIP SHOWS

SUBJECT: The Acting Manager pointed out that while the Board had decided on the requirements, in the way of sanction matches, of a newly-formed club wishing to hold all-breed championship shows, no such policies had been fixed with regard to newly-formed specialty clubs wishing to hold specialty championship shows.

Motion # 264-3-79

Moved by Mrs. Smith, seconded by Mrs. Jackson:

"THAT, this matter be referred to the Shows and Trials Division to formulate proposed policies for the Board's consideration, after soliciting the views of members of the Board, and report to the June meeting of the Board."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

Motion carried

## REVISION OF SANCTION MATCH RULES

SUBJECT: Mrs. Phyllis Smith, Chairman of the Dog Show Council reported that the Board, at a previous meeting, had asked the Dog Show Council to review the current rules on sanction matches and to submit its recommendations on revisions in these rules.

The Board proceeded to discuss the new Sanction Match Rules drafted by the Council.

A number of changes were made in the rules submitted by the Council.  
*Motion # 265-3-79*

Moved by Mrs. Smith, seconded by Mrs. Jackson:

"THAT, these proposed Sanction Match Rules, as amended at this meeting, be approved and become effective January 1, 1980."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

*Motion carried*

— Mrs. Jackson in the Chair.

*Motion # 266-3-79*

Moved by Mrs. Pugh, seconded by Mrs. Wait:

"THAT, all clubs holding Sanction Matches under these rules shall be provided with copies of these rules, and shall post one copy of the rules in a prominent position within the precincts of its match."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

*Motion carried*

— The President in the Chair.

## SHOW DATES

SUBJECT: A letter (dated November 24th) from the Manitoba Canine Association stating that the Association and other clubs in the Winnipeg area "feel that the giving of dates in this area should be planned very carefully" and stating that it is "the feeling of many people and clubs in this area that there is at present enough shows locally".

The letter from the Association prompted a wide ranging discussion on whether the Board should at this time carefully consider the advisability on limiting the number of shows each club may hold in the course of a calendar year. It was however agreed that a consideration of this matter should involve the entire Board and therefore the matter should be deferred to the next meeting of the Board.

*Motion # 267-3-79*

Moved by Mrs. Smith, seconded by Mr. Fraser:

"THAT, this matter be placed on the Agenda at the next meeting of the Board."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

*Motion carried*

— Luncheon recess.

It was agreed that rather than deal individually with the expressed views of the Manitoba Canine Association, their comments should be considered when the Board considers this subject on a country-wide basis.

*Motion # 268-3-79*

Moved by Mrs. Jackson, seconded by Mrs. Smith:

"THAT, we deal with the letter from the Manitoba Canine Association in conjunction with the previous Motion."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mr. Fraser, Mrs. Pugh.

*Motion carried*

It was agreed that the Manager of the Shows and Trials Division would inform all members of the Board that this subject would be placed before the Board at its next meeting.

## CLUBS USING A U.S. POSTAL BOX NUMBER FOR ENTRIES

SUBJECT: A request for a ruling on whether it is permissible for clubs holding events under C.K.C. rules to use a post office box in the United States to which American exhibitors may mail entries and entry fees.

During a discussion which followed Mr. Fraser stated that any policy or rule which prohibited such an arrangement would prove a hardship to clubs in British Columbia, particularly those employing the services of a professional show secretary located in the United States.

*Motion # 269-3-79*

Moved by Mrs. Smith, Seconded by Mrs. Jackson:

"THAT, clubs and associations holding events under C.K.C. rules be informed of the following policies in connection with entries at such events:

- (1) Entries permissible by mail must be addressed to a postal address in Canada;
- (2) All funds accompanying entries must be deposited in a bank located in Canada;
- (3) If a post office box is employed for purposes of entries then the box must be cleared on the date of closing of entries;
- (4) All the foregoing policies become effective on January 1, 1980."

FOR THE MOTION: Mrs. Mackenzie, Mrs. Wait, Mrs. Jackson, Mrs. Smith, Mrs. Pugh.

AGAINST: Mr. Fraser.

*Motion carried*

## C.G.E. SYSTEM # 70

— Mr. Syd Bosloy, of the Management Consultants Section of the Canada Department of Agriculture, and Mrs. Dorothy Walker (Registrar) entered the meeting.

At the President's request Mr. Bosloy reported on the present position with regard to the installation and use of C.G.E. System # 70, and of the steps being taken to extend the use of the equipment.

The President, on behalf of the Board, expressed the Board's appreciation for Mr. Bosloy's invaluable help during recent years in effecting improvements in the Registration Division through the use of data processing equipment.

— Mr. Bosloy and Mrs. Walker left the meeting.

## RIBBON COLOURS (CHAMPIONSHIP SHOWS)

SUBJECT: A request for rulings in connection with the use of ribbons and rosettes at championship shows and specialty championship shows.

It was agreed that:

- (1) For a single breed specialty show the ribbon or rosette must be identified as BEST OF BREED and be tricolour (Red, white and blue).
- (2) For a group specialty show the regular group ribbons (or rosettes) must be the regular ribbons (or rosettes) specified in Chapter 5, Section 3, of the Dog Show Rules;
- (3) For a multiple breeds specialty show (other than a group show) the ribbon (or rosette) must be green in colour and identified (for example):  
Dachshund Specialty show taking in all Dachshunds:  
"Best Dachshund in Show"  
Poodle Specialty show taking in all Poodles:  
"Best Poodle in Show".
- (4) The ribbons (or rosettes) for a specialty show must carry the name of the Specialty Club and the words "Specialty Championship Show".
- (5) All ribbons (or rosettes) for unofficial awards and unofficial classes must be green in colour.
- (6) No ribbon or rosette may carry the words "Best in Show" except in the case of an all-breed championship show.

*Motion # 270-3-79*

Moved by Mrs. Smith, seconded by Mr. Fraser:

"THAT, we approve these policies as agreed."

## POLICIES APPLICABLE TO THE DETERMINATION OF FEES

### Schedule of Fees

The schedule of fees applicable to services provided by the C.K.C. through its Registration Division is divided into two sections, one applicable to **applicants** who are "ORDINARY" members of The Canadian Kennel Club, the other to **applicants** who are "ASSOCIATE" or "NON-RESIDENT" members of the C.K.C., also, those **applicants** who are not members of The Canadian Kennel Club.

### Who is the applicant?

#### Litters:

In the case of an application for registration of litter, the **applicant** is the owner of the litter at its birth, or the lessee of the dam of the litter where the lease of dam is registered with the C.K.C.

#### Individual Dogs:

Dog born in Canada: The **applicant** is the owner of the dog at its birth.

Imported Dog: The **applicant** is the person who imported the dog to Canada. (NOTE: Such ownership must be recorded on foreign certificate of registration submitted with the application for registration.)

Dog owned in the United States: The **applicant** is the owner of record shown on the American certificate of registration.

#### Transfer of ownership:

In all cases the **applicant** is the person from whom the dog is being transferred, NOT the person to whom it is being transferred.

#### Registration of Lease:

The **applicant** is the recorded owner of the dog, not the person to whom the dog is leased.

#### Registration of tattoo identification combination:

The **applicant** is the person to whom the combination is to be allotted.

#### Order for certified pedigree:

The **applicant** is the person submitting the request for a certified pedigree.

#### Registration of Kennel Name:

The **applicant** is the person in whose name the kennel name is to be registered if the application is approved.

#### These points should be noted:

1. If the applicant is an individual person, membership rates apply only if the applicant is currently an individual "Ordinary" member of the C.K.C.
2. If an individual applicant is part of an "Ordinary" partnership membership, membership rates do not apply, regardless of the relationship to the other persons in the partnership membership.
3. Membership privileges are not transferable from one person to another. For example: If the husband is a C.K.C. "Ordinary" member, but it is his wife who is the applicant, these membership rates do not apply unless the wife is also a C.K.C. "Ordinary" member.
4. If the applicant is a partnership, membership rates apply only if the partnership is currently a C.K.C. "Ordinary" member, OR if each and every person in the partnership is currently a C.K.C. "Ordinary" member.
5. A person, partnership or company, is not a C.K.C. "Ordinary" member until they have been C.K.C. "Associate" members in the three years immediately prior to the payment of the "Ordinary" membership fee.

## POLITIQUES APPLICABLES A L'EVALUATION DES DROITS

### Liste de Tarifs

La liste de tarifs applicable aux services donnés par le C.C.C. par l'entremise de sa Division d'Enregistrement, se divise en deux parties, dont l'une est applicable aux **requérants** qui sont membres "ORDINAIRES" du Cercle Canadien du Chenil, et l'autre, aux **requérants** qui sont membres "ASSOCIES" ou "NON-RESIDANTS" du C.C.C., et aux **requérants** qui ne sont pas membres du Cercle Canadien du Chenil.

### Le requérant, qui est-il?

#### Portées:

Dans le cas d'une demande d'enregistrement d'une portée, le **requérant** est le propriétaire de la portée à la naissance de cette même, ou il est le locataire de la mère de la portée quand un contrat de louage est enregistré avec le C.C.C.

#### Chiens individuels:

Chien né au Canada: Le **requérant** est le propriétaire du chien à la naissance de ce même.

Chien importé: Le **requérant** est la personne qui a importé le chien au Canada. (NOTE: Tels droits de propriété doivent figurer sur le certificat d'enregistrement étranger soumis avec la demande d'enregistrement.)

Chien dont le propriétaire habite les Etats-Unis: Le **requérant** est la personne dont le nom figure en tant que propriétaire sur le certificat d'enregistrement américain.

#### Transfert de propriété:

En tout cas, le **requérant** est la personne **qui cède** les droits de propriété du chien, NON PAS la personne **à qui** on est en train de transférer les droits de propriété du chien.

#### Enregistrement du Contrat de Louage:

Le **requérant** est le propriétaire enregistré du chien, **non pas** le locataire du chien.

#### Enregistrement des lettres de tatouage pour fins d'identification:

Le **requérant** est la personne à qui les lettres de tatouage ont été allouées.

#### Commande pour pedigree certifié:

Le **requérant** est la personne soumettant la demande pour un pedigree certifié.

#### Enregistrement d'un Nom de Chenil:

Le **requérant** est la personne au nom de qui le nom de chenil sera enregistré si la demande est approuvée.

#### Considérations à noter:

1. Si le **requérant** est une seule personne les tarifs de membre s'appliquent aux demandes d'enregistrement seulement si le **requérant**, **une seule personne**, est couramment membre "Ordinaire" du C.C.C.
2. Si le **requérant**, une seule personne, est nommée sur une carte de membre "Ordinaire" pour une société, les tarifs de membre **ne s'appliquent pas** aux demandes d'enregistrement sans faire aucun cas du lien de parenté avec les autres personnes nommées sur la carte de membre pour une société.
3. Les prérogatives de membres ne se passent pas d'une personne à une autre. Par exemple: Si l'époux est un membre "Ordinaire" du C.C.C., mais que le **requérant** se trouve à être son épouse, ces tarifs de membre **ne s'appliquent pas** aux demandes d'enregistrement à moins que l'épouse soit aussi membre "Ordinaire" du C.C.C.
4. Si le **requérant** est une société, les tarifs de membre s'appliquent aux demandes d'enregistrement seulement si la société est couramment membre "Ordinaire" du C.C.C., OU si chaque et **chacune** des personnes nommées sur la carte de membre pour la société, est couramment membre "Ordinaire" du C.C.C.
5. Une seule personne, société ou compagnie n'est pas membre "Ordinaire" du C.C.C., avant d'avoir été membre "Associé" du C.C.C. pendant les trois années immédiatement avant le versement des droits de membre "Ordinaire".

One of the top three Rhodesian Ridgebacks, 1978

Multiple group placing Ch. Falconbridge is a well-built, good sized male with plenty of bone and substance, level topline, deep chest, broad across the loin, standing 27" and weighing 105 lb., x-rayed clear. By John and Stella Loftus

**T**he Shetland Sheepdog Club of B.C. specialty show, puppy sweepstakes and obedience trial was held April 22. This was a well organized and smooth-running event with an overall entry of 161. The judging schedule included Miss Charlotte Clem McGowan, Newton, Mass., specialty; Miss Frances Clark, Richmond, B.C., sweepstakes; Miss Karen Zimmerman, Surrey, B.C., obedience. Best of Breed went to Ch. Banchory Backstop, owned by Irene Oishi, Maple Ridge, B.C. BOS was Ch. Merithot Debutante, owned by Christine O'Dare and L. Harper, Richmond, B.C., and BW went to Kilmarnock Robert Burns, owned by Eva Gunn, Ocean Park, B.C.

This is the third straight year the BB winner has captured this event. A dinner was held in the evening and during the course of the proceedings a plaque was presented to Laura, Frances and Ted Clark who are the only remaining founding members of the Shetland Sheepdog Club of B.C. Mrs. Laura Clark was the club's first president 21 years ago. Her kennel prefix is the famous Hi-Hope.

Mrs. Lorna Rindal (Torcroft), who attended the symposium 'Anatomy of Movement' on April 28 and 29 kindly offered her assessment of this event.

"The panel consisted of Mr. and Mrs. Curtis M. Brown and Dr. Quentin LaHam. Here was a well-attended affair and a most receptive audience. The first day consisted of lectures which proved interesting and particularly that devoted to skeletal structure. The second day was spent outdoors where the segment 'evaluation of live dogs' was undoubtedly the high point of the two-day session. The dogs for evaluation were kindly provided by a number of local breeders. During the assessment of the various breeds, no punches were pulled and the criticism was all taken in good part. This symposium was greatly appreciated and The Fraser Valley Dog Fanciers are to be complimented for hosting such an informative and beneficial session as part of their educational program."

## South of the Border

Flora Hewitt (Wild Rock) reports that her Brussels Griffon, Ch. Wild Rock Keepsake, went BB both days at the recent show in Spokane, Wash., and now requires one point to complete his American title. Also at the same shows, their Ch. Wild Rock Peapod took WB and BOS. Flora was a recent guest on the TV talk show 'Nightwatch' which emanates from Kelowna. Accompanying her

were their Scottish Deerhound Shona and Brussels Griffon Petey.

Karen Zimmerman (Shiralee) tells us their male Pug, Ch. Shiralee's Free N' Easy, managed WD, BW and BB on March 25 at the Peninsula Dog Fanciers Show in Bremerton, Wash., for a two-point win. Virginia Lyne (Ranzfel) informs us that at the Palouse Hills Kennel Club show on April 20, in Colfax, Wash. (and the next day at the Inland Empire Kennel Club show in Spokane, Wash.) their English Cocker Ch. (Can. & Am.) Ranzfel Newsflash went BB both days and Ch. Ranzfel Union Boss took WD and BW for a three and four-point win respectively under judges Harold Schlitz and Ann Stevenson.

All breed judge Leslie B. Rogers, Langley, B.C., has assignments on June 3 in Vancouver, Wash., and on June 17 at the Chain of Lakes Kennel Club show in Illinois. Mr. Rogers is also known for his association with the Shetland Sheepdog and has been a breeder for 20 years under the popular prefix Forever.

## In Memoriam

Exhibitors and friends here on the Pacific Coast were deeply shocked to hear of the passing of some of our great and admired dog

fanciers. Our heartfelt sympathy is extended to the families of: Albert Collins, former all breed judge, long-time terrier breeder noted for his Wynot kennels; Bill Scarpa, well known for his top winning Wire Fox Terriers and Boxers under the Malabar prefix; Joseph Faigel, very popular and esteemed international all breed judge; Parker Harris, formidable and popular member of the PHA.

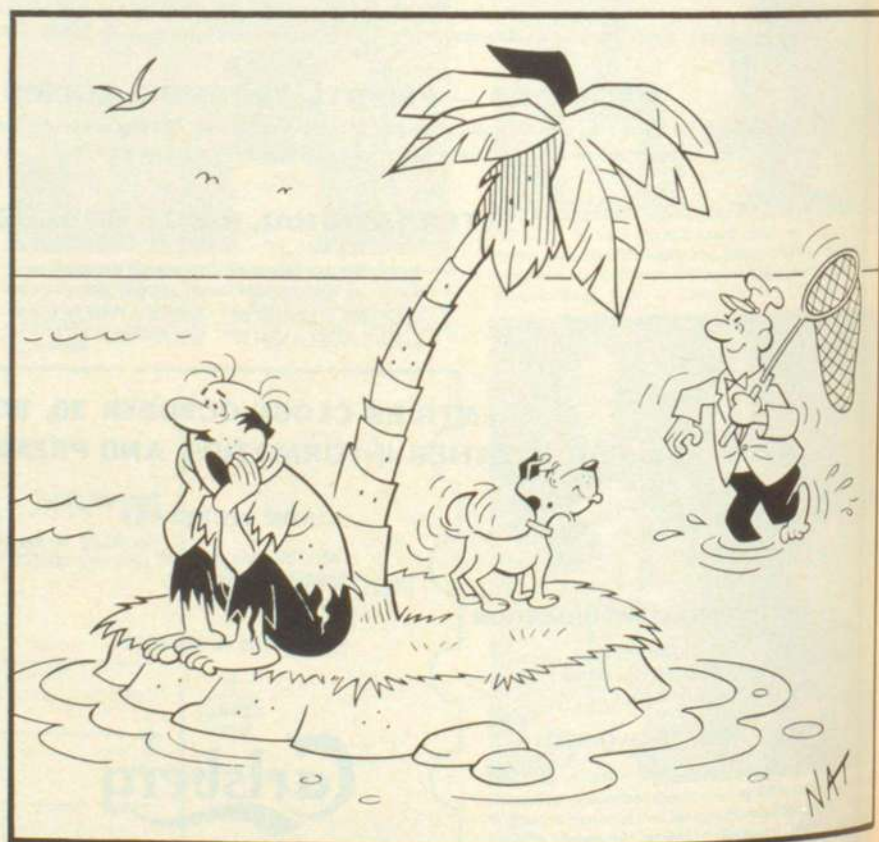

## On the move

Rumor has it that yet another member of the Ottawa Kennel Club, Mrs. Glenna Fierheller, and family along with their kennel of Maltese are due to take up residency in beautiful B.C. in the not too distant future. Good grief, what is the attraction!

**B**elieved to be a 'first' in Canada, a Rottweiler recently went Best in Show. Ch. Rintella The Dragon is co-owned by Pat Johnson and Jim Shwartz, of Winnipeg, and breeder Jim Miller, of Vancouver.

Toby, as he is call-named, posted his big win at shows sponsored by The Lakehead Kennel Club, Thunder Bay, Ont., May 5 and 6. Judge was Irving Diamond.

Coincidentally, Toby's sire was the first Rottweiler to go Best in Show in the United States, and was the top Rottweiler in the U.S. in 1974.

Pat Johnson and Rottweiler Best in Show winner.

Originally a cattle drover, named for the town of Rottweil in Germany, the breed has become best known for its police and military work, at which it excels. It also is instinctively protective and a fine family companion.

My congratulations to everyone involved in this Rottweiler milestone in Canada.

☆☆☆

Another Canadian first is the Nova Scotia Duck Tolling Retriever specialty which takes place this month in Saskatchewan.

Sponsored by the Nova Scotia Duck Tolling Retriever Club of Canada, July 21, in conjunction with shows put on by Anubis Dog Fanciers, Sherwood Forest Country Club, Regina, the specialty will be judged by Ed McNeil, of Dartmouth, N.S.

☆☆☆

And yet another first, according to Ann Bell, secretary of the Battleford's Kennel and Obedience Club, Battleford, Sask., was the entry of three Akitas — all in Novice obedience — at shows and trials sponsored by the Hub City Kennel and Obedience Club, May 5 and 6, in Saskatoon.

Dakka, owned by Barry Bell and handled by Ms. Bell, completed her CD subject to CKC confirmation. Dakka's two sons, one owned and handled by William Bather and

the other by Barry Bell, both earned legs towards their CDs. All three dogs are from the Battleford's area.

I loved this letter I got that opened up with a bang: "The Alberta 'what?' club?" — then kept right on exploding with enthusiasm, names and news.

The club is a new one — The Alberta Pyreneans Club — and according to Sharon Armstrong, vice-president, it has been two solid years in the building stage.

"Now that all the road work has been done," Sharon wrote, "we're not just content to rest on our laurels... What a year we have planned!"

First off, a club newsletter is in the works — *Pyr-Amid Alberta* — edited by Robin Johnson, Box 1039, Strathmore, Alta., "filled with items of interest for all Great Pyrenees owners (not just our show people)."

In late Spring, the club threw its first annual *Pyr-picnic*, fun match and *Pyraphenalia* auction.

Next month, the club holds its first booster, August 5, in conjunction with the Alberta Kennel Club shows, in Calgary, with Thomas Gately judging.

President of the Pyreneans is Peter Lake; secretary, Jane Degenstein; treasurer, Helen Johnson; directors, Marie Klimek, Gail Stewart and Mary Leggett.

Enquiries should be directed to the secretary, 6811 8th Avenue N.E., Calgary.

☆☆☆

Margaret Hunter ran an interesting note in the Thunder Bay Kennel and Training Club newsletter under the heading *STEPS*. This is short for Scottish Terrier Emergency Protection Service.

"This club has just recently been started in Canada," Ms. Hunter wrote. "It is a *STEP* up of this same type of 'Rescue the Scottie' work that has been a success in England."

As northern Ontario representative, Ms. Hunter requested information on any Scotties in her area "unwanted, lost, homeless, or abused."

And what a wonderful idea that is.

I know of some breeders who take it upon themselves to do this sort of thing, simply out of love and respect for their breed, but I do not recall hearing of an organized movement, such as *STEPS* before now.

☆☆☆

Still on the subject of positive steps to help make both dogs and dog people better citizens, a new clinic — called simply *The Spay*

*Clinic* — opened not long ago in Edmonton.

The clinic was established as an 'at cost' venture to help cut down on the number of births of unwanted and uncared-for dogs and cats in the Edmonton area, and despite opposition from many local veterinarians it appears to be working out.

The clinic also carries a complete line of pet supplies.

☆☆☆

At the May Mid Canada Dog Shows and Trials, held in Winnipeg, a feature was the first Manitoba Scent Hurdle Booster.

Eight teams were entered, from Manitoba, Minnesota and Saskatchewan: The Pharoahs, representing Anubis Dog Fanciers, Regina; The Loco Labs, Manitoba provincial champions, from the Labrador Club of Manitoba; The Turkey Team, the Irish Setter Club of Manitoba; The Doberman Gang, Doberman Pinscher Club of Manitoba; two teams fielded by the Competitive Obedience Club of Manitoba; and, finally, two teams representing the Animal Inn, Lake Elmo, Minn.

It was one rouser of a luncheon meeting, with the shouts and cheers of the spectators fairly rocking the walls of Winnipeg's Highlander Curling Club.

Winners were the Anubis Dog Fanciers' Pharoahs.

Runners-up were Manitoba's provincial champions — The Loco Labs — who were slated to meet the Bad News Bears, in Regina, to decide the national championship.

☆☆☆

The 12 specialties (count 'em — 12) that the Manitoba Canine Association will feature in its three days of shows and trials next month, in Winnipeg August 4, 5 and 6, may be some sort of record for a western presentation.

Readers are invited to send their western news to Fred Edge, The Croft at River Hills, River Hills, Manitoba R0E 1T0.

# Atlantic action

By Jay Underwood

Perhaps it's the fault of the Federal mail system, but I'm not getting a great deal of input from readers in the Atlantic area. I really could use it, since I'm not able to make as many shows as I had hoped. If Maritime readers don't like the content of this column to date, I wish they'd write and give me a few ideas on how to make it more appealing. I can only do so much on my own.

There have been some disturbing reports about the growth of puppy farms in the Maritimes, especially in New Brunswick and Nova Scotia. No doubt we are all well aware that these places do exist, and often advertise quite unashamedly in provincial newspapers. However, I urge concerned dog lovers to be careful when levelling a charge at a suspected puppy mill. Unfortunately, these places often operate within the sketchy laws provided by municipalities and the provinces, and there is little one can do. If you hear of a puppy mill in operation, contact your local humane society and your regional director, then check your local by-laws (or even the provincial livestock laws) before making your suspicions too public.

Pet stores are another area that upsets breeders, and I can sympathize with them, especially after hearing an advertisement on a P.E.I. radio station that said, in part... "German Shepherd puppies \$95.00, while they last." It struck me as being a particularly callous and obnoxious way to advertise the sale of puppies.

I was also contacted by a complete stranger who had bought a puppy from a person who advertised on an open line 'Swap-Shop' radio broadcast. The lady in question bought a pup advertised as being a toy terrier, that later turned out to be nothing of the sort. Unfortunately, there is little that can be done about these situations, unless kennel clubs urge local radio stations not to accept dog sales for airing on their 'Swap-Shop' programming. It might even pay a club to spend some money on a good-sized display advertisement in their local newspaper, urging the public to buy from a breeder and to check out the breeder thoroughly. I realize that several clubs do pay for regular classified advertisements that carry messages to this effect, but they are easily missed or ignored by someone glancing at the page, whereas a display ad, even inserted once a month, really gets the message across.

The Dartmouth Kennel Club advertises a free information service (by phone) for anyone needing advice on purebred dogs. Its services like that which form the basics of a public educational program. In fact, for that

ingenuity we'll salute the Dartmouth Kennel Club, whose shows at Forest Hills next month will no doubt be as enjoyable as others I've attended.

I urge all Nova Scotian clubs to seriously consider participating in the formation of a federation of dog clubs. The benefits could pay in dividends if clubs put forth a combined effort to promote purebred dogs and stamp out puppy mills.

Keep everyone up to date by writing Jay Underwood at R.R. 1, Eureka, Pictou County, Nova Scotia B0K 1B0.

## In the news

### Heartworm symposium

Sponsored by four pharmaceutical companies, a one-day symposium on heartworm held at the Ontario Veterinary College, Guelph, May 16, produced a wealth of information. The 150 participants, primarily veterinarians, included *Dogs in Canada's* Joan Morden who reported on these points: Heartworm is curable. It is found in every province except Newfoundland and P.E.I. The majority is in Ontario, particularly in Leamington and Windsor, where 120 cases have been diagnosed this year. These were found mainly in guard and outdoor dogs. Reason for such concentration is that mosquitos carry the eggs from Michigan. Emphasized: the new, palatable preventive (Filaribits) are effective but should not be used until the dog has had a blood sample proven negative for heartworm.

The first surgical removal of heartworms from the vena cava was performed recently at the OVC and was highly successful.

Under the chairmanship of Dr. Ron Downey, speakers included Dr. O. Slocombe, Dept. of Pathology; Dr. Denna Benn, Dept. of Clinical Studies; Mr. John Firth, Dept. of Pathology; Dr. Gilbert Otto, president, American Heartworm Society; Dr. R. Lewis, University of Georgia; Dr. Ron Jackson, American Heartworm Society, and Dr. Murray McMullin, Windsor.

Sponsoring companies were: Cyanamid of Canada Ltd., Norden Laboratories, Pitman Moore Ltd., and Vet-Kem.

### Siberian awards

Daune Proudfoot, secretary of the Siberian Husky Club of Canada, reports that the annual awards presented by the International Siberian Husky Club, Inc., honoured many Canadian dogs. Thirteen won Combination awards which are given to dogs showing excellence in racing and conformation or racing and obedience. Combination Producer awards went to dogs with six get or bitches with three progeny who have received the Combination honour and there were three Canadian dogs among them. Two Canadian dogs in each category were recognized for excellence in Limited Class Racing, Unlimited Class Racing, Championship and Obedience. An entry of 47 Sibes was judged by Nicholas Kay in the booster held by the club at the Evergreen K.C. show in southern B.C. in March. Congratulations to Leatha Braden, editor and publisher of *Siberian World*, on the inaugural edition.

Martha Covington Thorne

What is a breeder? "Someone who has puppies for sale," is the answer you get from the novice dog shopper. "Whipping boy of the Western World!" moans the breeder, himself, if queried. What do you expect to get from a breeder? "Puppies!" the neophyte grins, repeating his original answer carefully, enunciating in case you are deaf, an idiot, or both. Funny? Not really, unless you mean funny-sad instead of funny-happy.

There are breeders who take advantage of babes in the wood puppy-shopping with a fistful of bucks and a head full of misinformation and old wives tales. But selling to bad risks like these often results in costing the seller far more than the price he received for the puppy he had no business selling. Any resulting bad publicity surrounding such a sale tars all of us with the same black brush — because sooner or later some of these people who bought from disreputable breeders become disreputable breeders themselves!

Fortunately, the rotten influence of these bad apples is kept down, to a large degree, by those breeders who have more than money on their minds when selling puppies. All the advertising in the world aimed at educating the public against sharpie dog sellers is a drop in the bucket compared to the influence of personal contact with a single breeder who deeply cares about his breed, his dogs and the dog-loving but sadly misinformed general public.

Most of my own dog breeding was done over a period of 12 years or so, during which time I like to think I turned out better than average Golden Retrievers, Chessies and Labrador Retrievers. I supplied each puppy buyer with a copy of the puppy's pedigree, registration papers, kibble-vitamins-meat enough for three days, a mimeographed booklet on such problems as teething, housebreaking, crating, etc., and buyers were encouraged to call immediately if anything went wrong or they had any questions. I held all cheques for ten days. I gave a receipt for monies given, a signed copy of any contract involved, and those contracts were also filed with AKC as a gesture of my good faith. And I refunded money or took back dogs which were obviously not maturing into what they were represented to be at time of sale.

When I came to Canada, I was delighted to learn that most Canadian breeders operated the same way. Over the years I have watched as they came up with some marvelous innovations of their own.

I handle Bullmastiffs for a lady whose

puppy buyers become members of the family the moment they are cleared for possession. She sends them notices of coming sanction matches, training classes. She reminds them about inoculations, recommends veterinarians and calls long distance once a month for the first three or four months just to make sure all is going well. She puts them up for weekend visits 'home' and organizes puppy matches and fun days so her 'family' owners get to know each other.

A member of our Rhodesian Ridgeback club treats her puppy buyers to a year's subscription to our newsletter. Another friend and client who sells Shelties and Papillons sends her puppies forth with a veritable 'novel', which she and her husband have written and mimeographed, themselves. Believe me, anything she's left out isn't worth knowing! And Newfie breeders I know supply pictures of the sire and dam of the puppy, plus pictures of the litter right after birth and a copy of the breed standard. Many breeders offer to show promising puppies, they have sold, to their breed titles, free of charge.

This kind of 'investment' pays off handsomely in good public relations and often in friendships that last a lifetime. About a year ago I received a letter from a prominent Maryland man to whom I sold a Chesapeake puppy about 11 years ago. Now he was ready to replace her and wanted to deal with no one but me. He had spent a month of his time and not a few dollars tracing me to my new home. I'm sure other breeders have received warming, sustaining letters such as this, too, it makes up for the times you might have made a lot more money if you had been just a little less honest. Eleven years! That's a long time.

Good breeders, ethical breeding programs, simple answers to a complicated problem. One of the greatest ideas of all is to include the cost of a subscription to a dog magazine, such as this one, in the price of a puppy. The people who really need to know the truth about purebred dogs, and need to have a chance to at least be exposed to the information contained in the pages of, say, *Dogs in Canada*, are rarely the ones who get a chance to read the magazine. If it wasn't delivered once a month they'd never see it, so a gesture like this benefits the buyer, the seller, the magazine — and the cause of purebred dogs everywhere. Like the ripples which travel out from a thrown pebble, those benefits go on, and on, and on...

# Obedience

By Jake Giacomelli

Now that the 1979 obedience year is in full swing, some topics always come up that are worth discussing in our column. For the information of our obedience exhibitors, both Canadian and American — also stewards and American judges who may be judging in Canada for the first time — there is a slight difference between our two countries with regards to what handling is permitted when entering the ring and between exercises. I will point out handling that concerns the leash and collar only.

The American rule goes like this (these are excerpts only):

"In the Novice classes the dog may be guided gently by the collar between exercises and to get it into proper position for an exercise." "In the Open and Utility classes there shall be a substantial penalty for any dog that is physically guided at any time." Their exception, however, is: "Dogs should be brought into the ring and taken out of the ring on leash."

The Canadian rule, however, is somewhat different in certain respects: "In the Novice and Open classes the dog may be put on leash or guided gently by the collar between exercises and to get it into proper position for the next exercise. In the Utility Class the dog shall not be put on the leash or guided or controlled by the collar at any time."

The great difference is really in our Open Class. The above Canadian rule allows an Open exhibitor to go right to the starting point with his dog on leash before having to remove it and — if he wanted to go one step further (although I must admit I've never seen anyone do it) — he could ask for his leash at the conclusion of each exercise in order to guide his dog on leash to the starting point of the next exercise. I can just see the shocked faces around ringside if somebody ever decided to do it.

The main reason for bringing this up is to advise stewards that an exhibitor in the Canadian Open Class is permitted to bring his dog right to the starting point with his dog on lead.

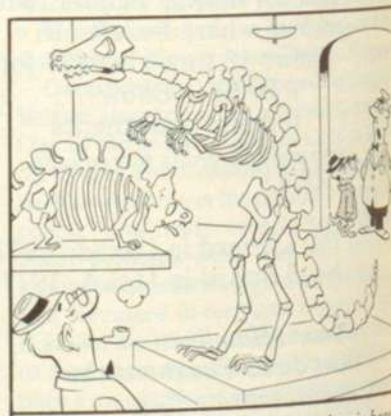

Trial entries are increasing so rapidly these days that overflow judges are becoming the rule rather than the exception. With this increase comes the problem of not having enough standard obedience equipment on hand — jumps, etc.

If a trial is not limited to the advertised judges, a club simply has to plan for additional equipment well in advance. You can't wait until the last minute to try and scrounge up standard equipment. In any case, with entries closing ten days before trial time,

there's enough time to either make it or even borrow it. Incidentally, speaking of inferior equipment it seems that the bar in the bar jump exercise in Utility is the most inferior piece of equipment I notice at many trials, and yet it is the most important as far as affecting a dog's performance in the Directed Jumping exercise goes. Often the bars are as thin as a broom handle and can hardly be seen, or quite often just incorrectly painted such as six inch alternate black and white sections (which isn't too bad — but still not correct). Remember? It's three inch alternate black and white sections! One of the worst type is the thin, spirally, barber-pole type of black and white marking. Many dogs that have always jumped the standard marked bar are completely thrown by this unstandard marking, and will refuse to jump. I know he can be trained to jump this type, too — but it sure doesn't help the day you blow your ten dollars, because it's the first time he's been confronted with this strange looking bar.

Many kudos to the Bytown Dog Obedience Club for their excellently run obedience trials of April 28 and 29. Super stewarding, excellent equipment, loads of matting and good trophies. Exhibitors are fortunate, indeed, to be able to show under these conditions.

Jake Giacomelli welcomes your comments and queries. Write him at 51 Wardrop Street S., Stoney Creek, Ontario L8G 1S3.

# Books

**Your Saint Bernard** — Marian J. Sharp — Denlinger. \$9.95.

Described on the cover as "another Denlinger book", it unfortunately is all too reminiscent of the not terribly stimulating but certainly educational Denlinger's 'Complete' series which has dominated the dog book world for years (The Complete Irish Setter, the Complete Labrador Retriever, etc.).

It is a particularly handy-sized book for carrying around and certainly contains all the standard ingredients — history of the breed, selecting a puppy, grooming, health, breed standard, bench shows and obedience competition, etc. But I'm sorry to say it's a rather dull book. I think of it as 'dark'. Maybe this is because all the black and white pictures are reproduced so darkly that contrast often suffers and some pictures are simply not clear.

On the plus side, it should be pointed out that there is an excellent section on external and internal parasites with precise drawings; graphs of the life cycles of the heartworm, hook, round, tape and whipworms should be included in all books on dogs! The pedigrees of some of the 'pillars' of the breed are most informative. There is a fascinating section on the Saint Bernard in pulling competitions showing the Saint, 'Kash', in action, setting the world's record by pulling SIX THOUSAND POUNDS 15 feet in 15 seconds! A most informative chapter explains in detail the training and purpose of the state of Colorado's St. Bernard Rescue Unit.

The obedience section has fine pictures of Saints doing jumping exercises; sadly, the breed, today, as a whole, is not as sound as the dogs shown in this book would lead the reader to believe.

A valuable part of the book lists poisonous flowers giving plant, toxic part and symptoms; the genetics section features a schematic representation of the Mendelian law as it applies to inheritance of eye colour.

What we have here is a lot of good ideas put together in a mundane manner. Too bad. Much to offer, I thought — but also yawn-provoking. — MCT

**The Mastiff** — Marie Antoinette Moore — Denlinger. \$14.95.

Before you complain that this is a lot of money, you should know that this is a lot of book!

Whether or not you have Mastiffs or are interested in the breed, if you are a dog lover you couldn't do wrong to add this volume to your library. The research is vast, the colour plates are mouthwatering. This is a book which exudes the same graciousness as does its author, one of the most beloved, respected, knowledgeable licensed judges officiating at dog shows today in America or Canada.

Breeding, whelping and care of Mastiff puppies; specialty winners; the breed standard; the Mastiff in art; great kennels of the past; human interest lore and legend about the breed; the English Mastiff — it's all there.

I was particularly fascinated by the ancient history of this ancient breed going back to the 7th century, B.C. Photos of sculptures and portions of bas reliefs preserved in the Assyrian Rooms at the British Museum are beautifully reproduced. The show pictures, in colour and black and white, are particularly engaging showing as they do famous breeders, judges and handlers when they were — how shall I put it? — younger? Yes, younger. (Not as wise, of course!)

Modest to a fault, the author spends little time tooting her own horn concerning her prestigious Mooreleigh Kennels, but she has to tell the truth and this proud prefix figures in the development of the breed from cover to cover. Maybe somebody will write a book about Marie Moore and Mooreleigh, someday — what wisdom and information such a book would offer the dog world!

Like a goblet of vintage wine, I lingered over this one; its 'bouquet' will bring me back often, I believe. But even if the book were not the obvious collector's item it is, I would have to love it because, like my own book, Mrs. Moore's is also dedicated to a dog, "to Eng. and Am. Ch. Rhineheart of Blackroc, he was my friend." — MCT

# Hunting dogs

By Gord McIntyre

Anthropomorphic sexism has no place in the world of hunting dogs. It's idiocy to ascribe human characteristics to dogs, and to further compound the fallacy with male chauvinism. But it's an understandable idiocy.

In selecting his first-ever hunting pup from a litter, a hunter will almost invariably pick a male. His reasons: I'm a hunter, and hunting is a male thing, and therefore I need a male hunting buddy.

Worse, are those who use hunting as a crutch to support their wobbling masculine self-identity. Bambi-like, they see dogs as rough and aggressive, Mack-truck toughs, and bitches as soft, weak, geisha-subservient things. What they want is a "real man's dog." Sadly, such seldom make the grade as men or hunters, but often do well churning out soap and beer commercials.

It's true of course in humans, that hunting is a male pursuit. While it's natural for many females to love the outdoors, camping and fishing, (a form of hunting), few have the inborn desire to hunt. That is primarily a male urge so strong as to appear an instinct in some; less evident or absent in others, largely because of social conditioning.

With rare exceptions, a female's taste for hunting is a learned one — like that for martinis. In most cases she was introduced to hunting by a father, boyfriend or husband. While her developed love of hunting may be no less real than a male's, its roots are shallow. Forbid her hunting, and she'll be none the worse; prevent a male hunter from hunting and you kill a vital part of his very being.

Zoologists and anthropologists have the reasons for this, but all their lengthy and learned dissertations distill into two words: "genetic programming."

In no other carnivorous species than "homo sapiens," has sexual specialization of function created such amazing physical differences between the male and female. In no other predator species have countless generations, extending back to the dawn of mankind, so genetically programmed the male as a hunter, and the female as a gatherer with a pronounced ability to note and handle detail.

Modern industrial man has no reason or excuse to hunt other than it's in him to do so. He can pay others to raise, kill and butcher his meat, but still he hunts. The late Spanish philosopher, Jose Ortega y Gasset, explains this contradiction in his *Meditations on Hunting*.

He notes that what the hunter is hunting, is the hunting itself, and that he only kills in

order to have hunted — to give his hunting authenticity which camera hunting can never do. As I understand him, modern hunting is a form of recreation in which the hunter attempts to re-create himself by drinking deeply from the well of his being, and in so doing, he comes to a better understanding of who he is, and what is his place in Nature's scheme of things.

But so much for modern 'homo sapiens' who thinks too much and feels too little. There are no sexual differences in other predators' desire or ability to hunt and kill. In fact, in some species like lions, it's the female who is the chief meat provider.

The majority of dog-owning veterans I meet, believe that individual differences aside, bitches hunt earlier, work closer to the gun, are less apt to roam from home, and are more tractable. While they give males points for longer range, speed and strength, they deny that females have any less stamina or 'heart'.

Given pick of a litter, they ignore a pup's sex, or if faced with choosing between an equally good male or female, they generally opt for the bitch. I share their view.

Mind you, I'd either spay her, or hunt her apart from other dogs during her season. Spaying won't impair her as a hunter: how well she hunts, points or retrieves is a matter of trained, natural ability — not ovaries.

Questions and comments should be directed to Gord McIntyre at R.R. 4, Bolton, Ontario L0P 1A0.

I was hoping for something a little larger."

# Your dog's health

By Dr. Martin DeForest

**Question:** I have heard that there is a recently recognized brain malformation in Collie dogs in which affected pups initially appear healthy, but begin to show incoordination of the hindquarters at four to eight weeks of age. Can you tell me more about this problem?

**Answer:** The condition that I believe you are referring to is known as cerebellar degeneration. It is an inherited disorder, and is believed to follow an autosomal recessive mode of inheritance. As you point out, affected puppies appear normal at birth, but show signs of posterior ataxia (incoordination of the hindlimbs) at four to eight weeks of age. Signs rapidly progress to marked incoordination of all limbs, which produces a strong but awkward gait and a basewide stance. Over-reaching with the limbs and head tremors occur in all affected animals. The signs of the disease look worse when the puppies are trying to eat.

The tentative diagnosis is made on the basis of clinical signs and patient history, as laboratory tests are not helpful in these cases. The microscopic abnormalities in the cerebellar area of the brain are not similar to the cerebellar disorders of Airedales, Boston Terriers or Kerry Blue Terriers.

Reference: W.J. Hartley et al. *Australian Vet. Practitioner* 8: 79 - 85, 1978.

**Question:** Our dog has an apparent skin allergy to certain floor waxes which causes his hair to fall out. We no longer use these products and hair growth has resumed and his scratching has ceased. Is this a common problem in dogs?

**Answer:** Allergic reactions involving the skin of dogs can cause hair loss even without the trauma associated with scratching or rubbing. Allergic inhalant dermatitis is an immediate hypersensitivity reaction. This is one of the more common types of allergic phenomena in dogs. This reaction can, and often does result in temporary hair loss. Subsequent scratching and licking can cause continued and more severe hair loss.

Counteracting the allergic reaction with steroid drugs (cortisone) allows the hair to regrow. However, continued use of these drugs will interfere with the normal hair growth cycle, and will tend to make the problem appear worse. Contact dermatitis, which is a delayed cellular reaction, and various cell-mediated immune reactions also cause similar problems to dogs.

Treatment involves removal of the offending substance from the environment of the sensitive dog. Topical care is essential in

these cases. As allergic skin tends to be dry and scaly, baths with mild hypoallergenic cleansers followed by an oil rinse are helpful. Severely affected areas should be occluded with a soothing lotion to encourage natural moisture retention in the skin.

Reference: V.H. Austin, *Alopecias of the dog and cat. Modern Veterinary Practice*, 1979.

**Question:** What are the important nutritional considerations concerning reproduction in female dogs?

**Answer:** The reproduction period is an important stage in the life of the brood bitch. It is a time when good nutrition is essential. The first trimester of pregnancy is most critical, as it is during this time that many birth defects occur. Various deficiency states, especially of the B vitamins, may cause birth defects in the developing puppies.

During pregnancy, weight gain in the female is slight for the first two trimesters. It is during the third trimester that weight gain increases to approximately 25 percent. There should be a corresponding 25 percent increase in food consumption during this period. Following delivery of the litter, the bitch's weight usually returns to normal, although food intake will remain above normal to compensate for the extra demands placed on body reserves during the lactation period (when the bitch is nursing the litter).

Research conducted at the Purina Dog Care Centre indicates that during pregnancy the hemoglobin value and red blood cell count usually exhibit a dramatic decrease. These values are usually restored to normal levels before the next estrus (heat) period.

Ideally, the bitch should be in good body condition (and not overweight!) before mating. Proper levels of the B vitamins, fat soluble vitamins, and trace minerals should be present in the diet. It is important that the bitch not go 'off feed' during pregnancy, as a regular supply of B vitamins is required, and these are not stored in the body. The diet should also contain 20 percent quality protein (on a dry basis). Usually, extra calcium and phosphorus are not required during pregnancy or lactation. Diets should contain a highly available source of iron (e.g. ferrous sulfate) in an adequate quantity. Dietary supplements are not necessary during pregnancy and lactation if the dog is receiving a nutritionally well-balanced commercially prepared diet.

It is important that one not limit food intake during pregnancy so that the dam will have sufficient nourishment for herself and

the developing pups. During lactation, dry products may be fed well-moistened, as this will stimulate food intake and will help the bitch to maintain good body condition. The female should maintain a normal body weight during lactation. While a slight decrease is not uncommon in some lactating females (especially if the litter is large), a marked weight loss is not a good sign. This might indicate that a health problem may be present, or that food demands are not being met.

# The President speaks

There have been major changes in the Administrative Division over the past months. The positions of General Manager, Corporate Secretary, Treasurer, and Secretary to the Complaints Committee became vacant either voluntarily or by Motion of the Board.

The Board, through the advertising media, replaced the General Manager with, as the By-laws state, the top position of Secretary-Treasurer and hired Mr. John Gough. Mr. Gough commenced his employment with us by attending the Annual General Meeting on March 10, and comes to us with a highly-respected background. Mr. Gough served for 19 years in the Royal Navy to the rank of Lieutenant Commander as a Supply and Secretariat specialist. Since coming to Canada in 1972, he has been a Branch Manager with the Bank of Montreal and National Trust.

The position of Secretary to Mr. Gough, as well as other duties, has been filled from within the CKC by Mrs. Pat Allinson. Mrs. Allinson was formerly part of Mrs. Dorothy Walker's staff and she is completely conversant with procedures in the Registration Division which is of inestimable value to Mr. Gough. In addition to her CKC experience, Mrs. Allinson has held both secretarial and management positions over the past 16 years.

Our new bookkeeper is Miss Carmelita Contreras. "Lita" comes to us with a Bachelor of Science degree in Business Administration as well as credits from Ryerson Polytechnic Institute in accounting courses. In both the Philippines and Canada, Lita has filled many accounting positions of responsibility and in her short time with the Club has set a high standard of efficiency.

The position of Secretary to the Complaints Committee has been filled by Mrs. Shirley Grundy. Shirley comes to the CKC highly recommended by her previous employers. In addition to other positions, Shirley's most recent post was that of Personnel Co-Ordinator at Harding Carpets where she was responsible for all personnel-related matters and chaired the Safety Committee Meetings. As a mother of five children ranging in age from 18 to six years, Shirley is more than adept at handling "complaints".

At this time we have had acceptances with résumés from our new Finance Committee, Mr. Jack Cowans, Mr. Roy Dafoe, and Mr. Gerald Hanson. Mr. Jack Cowans, although now retired, spent his business career in the financial and accounting fields with a total of 41 years in advertising and investment securities. Mr. Cowans has bred and exhibited his Smooth Fox Terriers over the past 13

years under the kennel name "Glenfox".

Mr. Roy Dafoe, having served in a senior capacity in the manufacturing field for over 20 years, brings to the Finance Committee vast knowledge in computer operations, budgeting, and financial planning. Mr. Dafoe, a member of the 1978 Finance Committee, is known to the members for his 25 years in purebred dog activities and is currently President of the Irish Setter Club of Canada. The kennel name "Challenger" is well-known to Irish Setter fanciers.

Mr. Gerald Hanson, as Senior Manager of the Canadian Money Market Division of the Royal Bank of Canada, brings 39 years' banking experience to the Finance Committee, including 15 years in senior management positions. Mr. Hanson, a member of the CKC for many years, breeds Boxers under the kennel name "Hansparke" registered by both he and his wife.

These gentlemen, as you know from reading your By-laws, shall review budgets prepared by division heads and submit recommendations to the Board, shall review the portfolio of the Club's investments and submit recommendations to the Board, and shall review the Club's income and expenditures and submit recommendations to the Board. We are very fortunate in that these three gentlemen have accepted these positions of great responsibility as dedicated dog fanciers interested in the welfare of the CKC.

There has been a statement made that we should not penalize clubs that put on "good Championship Shows" even though our rules are fractured. It would be unfair and contrary to what the CKC stands for and should stand for, that we would permit this sort of situation to be condoned. Justice must be given to all equally and in all cases.

It was also misstated that the CKC had no General Manager in 1978. I was present all summer on a volunteer basis pending the replacement of the General Manager. At the semi-annual meeting of the Board in September, the Board requested Mr. Norman Brown to serve as Acting Manager until such replacement could be found, to which request he very graciously acceded. Mr. Brown managed the affairs of the Club with the exception of his holiday time in February 1979, at which time I voluntarily filled in until his return.

You will be hearing from me from time to time in the pages of *Dogs in Canada*. I would appreciate your input about subjects that are of interest or concern to you.

Respectfully submitted,  
 Hilda F. Pugh, President

# People!

**WHIPPET FANCIER FUN:** Max Magder, Loricbrook Kennels, Milton, Ont., entertained at a Whippet Fanciers of Ontario fun match, first outing for the club.

Judges were **John Buchanan** and **Fred Dewsbury**. Obedience and straight racing with a mechanical lure were features. Second scheduled outing: a strawberry festival at the farm of **Vic and Lorraine Nunn** (Gambit), Millgrove, Ont.

**ENTREPRENEUR:** Mrs. **Ida Muncey**, St. Pierrefonds, Que., has an ongoing all breed dog show of her own. In her studio, La Reflection, she creates a highly desirable array of gifts — jewellery, plaques, candles, soaps, all made from her own moulds. She even pours her own pewter. As a breeder/exhibitor (Ida and **Ron** have Idaron Bassets) she stresses authentic breed representation. Ida is a former president of the Hochelaga K.C.

**RECORD ENTRY:** **Joan Morden**, Burlington, Ont., was doubly honoured when she was invited as the first Canadian judge to assess the Irish Wolfhound Club of America specialty at Lexington, Ky. On the occasion of the club's 50th anniversary, she was greeted with a record entry of 321 Wolfhounds, including 46 specials.

**ASSIGNMENT S.A.:** **Phyllis Laventhall Wolfish** (Ma Griffe), Toronto, judged at the Kenel Clube Paulista at Sao Paula, Brazil, last month. This is her first assignment outside North America.

Ray Fernandez

**TRAVELLERS:** **Bob Clarridge** and **Rudy Comacho** (Karabella), Udora, Ont., returned from 2 1/2 months at Montego Bay, Jamaica... **Mrs. Stella Loftus**, West Vancouver, of *Dogs' Pacific Action* team, spent several weeks in Ottawa renewing acquaintances.

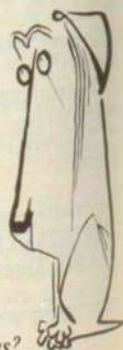

**ELECTION:** **Jack Post**, St. Albert, Alta., has been elected president of the Samoyed Association of Canada. **Joan Williamson**, Edmonton, was named vice-president; **Bob Foster**, Clarence Creek, Ont., treasurer; **Sandra Post**, St. Albert, editor. Secretary is **May McConnell**, 69 Townline Rd., R.R. 1, Abbotsford, B.C. V2S 1M3.

**HEROINE:** Sheba, eight-year-old German Shepherd owned by **Robert Stoneedge**, Toronto, was recently presented with the Ontario Humane Society's 'Hero of the Year' award. Temporarily blinded, she rescued Stoneedge's other dog, Brandy, a poodle, and attempted to save four budgies in their cage when Stoneedge's cleaning business caught fire from an adjacent pizzeria. For the occasion, the Four Seasons Hotel in Belleville bent the no-pets regulation and welcomed Sheba and her master. The plaque, commemorating the late **John Short**, a director of the Peel Region branch of the society, was presented by **Mrs. Short** and son **John**. Among guests of honour were **Lieut.-Gov. Pauline McGibbon** and four veterinarians, who, after examining Sheba, agreed that her sight will slowly continue to return. This is a second rescue for the courageous shepherd. Two years ago Sheba, while out walking with her master, suddenly broke away, dashed into a house and pulled a baby in a bassinette to safety before any humans were aware of the fire.

**TRAGEDY:** Popular, outgoing **Ray Fernandez**, San Marco Kennels, Bolton, Ont., was killed in a head-on motor crash during a driving rainstorm enroute to Sault Ste. Marie K.C. show the night of May 18. With him were his Ch. (Can. & Am.) San Marco's Northern Lance, Canada's first Bernese champion and top winning Bernese in 1978, who suffered a fractured leg, and a Boston Terrier owned by the **Lowes** of Wyebridge, Ont. Chateau's Quester. His outstanding Saint Bernard, scheduled also to be shown, had died suddenly of a heart attack just a week prior to the show. A company representative for a boat top manufacturer, Ray was formerly one of Canada's most noted outboard speedboat racers. He was an energetic member of the Caledon K.C., the Scarborough K.C. and the St. Bernard Club of Canada. His widow, **Stephanie**, is very much in demand as one of Canada's most competent and loyal ring stewards. Deepest sympathy to 'Stevie' in this and the loss earlier this year of her mother.

**CHILDREN'S OPERA:** Renowned composer **Giancarlo Menotti** premiered his new children's opera, 'Chip and His Dog' at the recent Guelph, Ont., Spring Festival. The opera was commissioned by the Canadian Children's Opera Chorus. 'Chip and His Dog', Menotti told *Globe & Mail* columnist **John Kraglund**, "grew out of my own experience with my adopted son, Chip... The topic was also influenced by the fact that dogs are very important to children. Sometimes when they have problems, only the dog can understand and talking to it seems to help."

**RECUPERATING:** Mrs. **Ina Stewart** of Vancouver, scheduled to judge at the recent Sault Ste. Marie K.C. show, is recovering from a heart condition which prevented her from fulfilling this assignment... Well-known judge **Mrs. Winifred Heckmann**, Stevenson, Md., from a severe and lengthy illness.

ONE OF PURINA'S PET PROJECTS:

# RESEARCH.

Most people know us for one project — pet food. But we've got another — research. And it's really our most important project, because without it no pet food can be complete.

The Purina Pet Care Centre is the world's largest facility devoted entirely to pet nutrition and care research. Since 1926 we've tested the effects of our continuously improved products on over 18,000 dogs in studies based on palatability, growth, breeding, digestion and maintenance.

That's why we can state that Purina\* Dog Chow,\* Purina Dog Meal and Purina Puppy Chow dog foods deliver complete, balanced nutrition in flavours dogs like.

Research. We invest more money on it than any other animal food manufacturer.

Because your pet's health is one of our pet projects.

RESEARCH.   
THE PURINA DIFFERENCE.
